## THOUSANDS STAND DURING WINTRY NIGHT FOR LAST GLIMPSE OF KING

Before Royal Funeral on Tuesday the Remains of King George Will Have Been Viewed by Probably One Million People—While Sorrowful Subjects Pay Parting Tribute to Beloved Monarch, Preparations for State Funeral Near Completion—King Edward Prayed Silently for Few Moments Yesterday Beside His Father's Bier Following Brief Service.

London, January 24.—Arrangements are practically completed for the funeral on Tuesday of King George V. The body is now lying in state in Westminster Hall and before Tuesday morning will be viewed by probably one million people.

But Tuesday morning the coffin will be taken from the black and gold catafalque in the historic hall and returned to Windsor in a formal procession.

The Royal train will arrive at Windsor at 12:15, 7:15 a.m. E.S.T. There the coffin will be placed on a gun carriage to be drawn by bluejackets to St. George's Chapel. King Edward will walk immediately behind the coffin, followed by the Royal princes and foreign monarchs.

Then will follow several landaus bearing the Queen Mother, the Princess Royal, the Royal duchesses, and foreign Royal ladies.

Detachments of the army, navy and air force will march behind the landaus. Three thousand troops will participate in the funeral, more than one thousand footguards lining the mile-and-one-half route.

In St. George's Chapel, historic edifice of Gothic construction that Queen Victoria had restored, the actual funeral service will be simple. It will include the King's favorite hymn, "Abide With Me." The Dean of Windsor will read the lesson. The Archbishop of Canterbury will take the service, assisted by the Archbishop of York and the Bishop of Winchester.

Burial will be in the tomb section immediately beneath the chapel.

Long before last midnight, crowds gathered in the streets about Westminster Hall, sacrificing their sleep and braving a misty rain to be among the first to pay tribute to their late King. Huddled in mufflers and heavy overcoats, they leaned throughout the night against the grey stones of the palace, which also houses Parliament. When a rain-swept dawn broke over the rooftops of London, the queue stretched nearly a mile.

Through the great south window of Westminster Hall, the crowds could see the glow cast by the flickering candles where the dead monarch lay, alone with his guards.

The flag-draped catafalque, bearing the Royal coffin, formed an island of light amid the shadowy spaces of the ancient hall which the late King once called "the heart of our mighty Empire."

He spoke these words on May 9, when he received the congratulatory Parliament on his Silver Jubilee—the last time he was at this spot alive.

The Royal Standard was draped over the coffin. At one end rested the jeweled Imperial Crown and over the head were the crosses of flowers from King Edward and Queen Mary.

It was this scene which the Royal family left after the body was brought here yesterday from Sandringham where King George died on Monday night.

King Edward, his face flushed, prayed silently for a few moments late yesterday at the close of a brief service.

Amid this scene the body will remain until Tuesday, when it will be taken again through the streets of London, as it was in yesterday's solemn procession from the King's Cross railroad station.

Business establishments were not asked to close for the day of the funeral, Tuesday, but two minutes of silence will be observed throughout the Empire during the final service at Windsor, just west of London.

## KINGS AND MANY PRINCES WILL BE AMONG MOURNERS

London, Jan. 24.—Members of Royal Houses of Europe and diplomats and statesmen of high standing will attend the funeral of King George V next Tuesday.

Several kings and princes will be among the mourners. Ambassadors at London will represent a number of countries far removed from Great Britain.

A partial list of those who will attend from European countries follows:

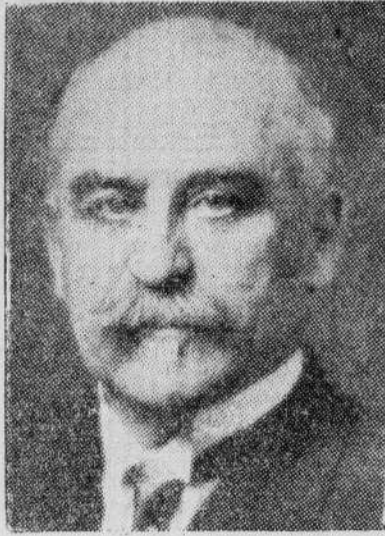

Austria—Vice-Chancellor Prince Ernest von Starhemberg; Belgium—King Leopold III; Czechoslovakia—Jan Masaryk, Minister to London; Denmark—King Christian X; Finland—Baron Carl Gustav Mannerheim; France—President Albert Lebrun; Germany—Foreign Minister Konstantin von Neurath; Greece—Princes George and Paul; Hungary—Foreign Minister Koloman Kanya; Luxembourg—Prince Consort Felix; Norway—King Haakon VII and Queen Maud, sister of King George; Rumania—King Carol II; Turkey—Foreign Minister Tewfik Ruzus; Yugoslavia—Prince Regent Paul.

## NEW SOVEREIGN BEING KEPT BUSY WITH ROUTINE DUTIES

London, Jan. 24.—Amid the ordeal of his father's passing and his own accession to the throne, King Edward VIII is already finding time for those routine duties which bulk so large in the official life of the modern sovereign.

Early today he left St. James' Palace for Buckingham Palace where a suite of offices is reserved for his use. Seated well back in his carriage, he was unrecognized by

## ROOSEVELT SHATTERS PRECEDENT IN VETOING SOLDIERS' BONUS BILL

Terse, Hand-written Message Informs United States House of Representatives that Bill Authorizing \$2,491,000,000 Payment Immediately Fails to Meet Approval of President—Congress Will Override Veto.

Washington, Jan. 24.—Immediate payment of the bonus was vetoed today by President Roosevelt.

Breaking precedent of a quarter of a century, he sent a terse, hand-written message to the United States House of Representatives returning "without approval" the \$2,491,000,000 bond-payment plan.

The sudden action faced almost certain overriding by Congress. Democratic leaders flatly predicted the bonus bill would become law.

It passed the Senate seventy-four to sixteen and the House 345 to fifty-nine. Only a two-thirds majority is needed to make law without a president's signature.

The only question in the minds of leaders was when the vote on overriding the veto should be taken. Speaker Byrnes preferred waiting until Monday and the Democratic Representative Bankhead, agreed.

Mr. Roosevelt, in his message, referred Senators and Representatives "respectfully to every word of what I said" in last year's veto of a currency-expansion bonus payment bill.

"My convictions are as impelling today as they were then," the President said. "Therefore I can not change them."

Mr. Roosevelt added: "The bill I now return differs from last year's bill in only two important respects: First, it eliminates the issuance of unsecured paper currency to make the payments required and substitutes interest-bearing bonds, which, however, may be converted into cash for the capital in long hand since then, it adds \$265,000,000 to the total payments by forgiving interest after October 1, 1931, on amounts borrowed."

"In all other respects, the circumstances, arguments and facts remain essentially the same as those fully covered and explained by me only eight months ago."

Indicative of the determination of Capitol Hill to make the bill law despite the veto was the comment of Senator Clark Democrat, Missouri, one of the authors of the bill.

"We'll pass it over his veto," one pertinent phrase from last year's veto message which Mr. Roosevelt evidently had in mind today was:

"The credit of the United States is safe if we engage in a policy of yielding to each and all of the groups that are able to enforce upon the Congress claims for special consideration."

White House aides said Mr. Roosevelt broke precedent at the close of a century and sent his message to Capitol Hill in his own handwriting.

Up to the time of the administration of Theodore Roosevelt all messages to Congress were written in long hand. But none has gone to the capital in long hand since then.

While the veto did not come as a surprise, the manner of its sudden transmission to Congress today upset some calculations.

The Senate last year upheld the veto after the House had overridden the President's veto. The House had overridden the President's veto after the Senate had upheld the veto.

French objections on these and other grounds, it was believed, would delay proposed invitations to participate in the four-power naval treaty which would only confirm Germany's violation of the Versailles Treaty, French delegates said here today.

French objections on these and other grounds, it was believed, would delay proposed invitations to participate in the four-power naval treaty which would only confirm Germany's violation of the Versailles Treaty, French delegates said here today.

The matter is, however, being given further consideration by the French delegation.

## COLONEL RIOUX IS WILLING TO ACCEPT CHARGE

Determined Insistence from Leading French-Speaking Citizens that He Become City's Next Mayor Has Brought Favorable Reply from Prominent Citizen and Lawyer.

As a result of the determined insistence of a delegation of prominent French-speaking citizens, Col. Emile Rioux, K.C., has consented to allow his name to be placed before the electorate as the city's next Chief Magistrate.

For some weeks past Col. Rioux's name has been prominently mentioned in the back-ground. It was clearly evident he was not seeking the honor.

Yesterday the delegation visited him in his office and urged him to comply with their request.

In reply Col. Rioux said he was willing to give his consent, but wanted his name to be the choice of the citizens.

Arrangements are being made to have a general citizens' meeting called in the near future, at which his candidature will be officially announced.

The selection of the next Mayor, which is the term of a French-speaking Chief Magistrate, rests entirely in the hands of the French-speaking citizens.

Several weeks ago, when Col. Rioux's name was mentioned in leading French quarters, the Record expressed the opinion that such a choice would be an ideal one.

In this assertion all citizens are in accord, for Col. Rioux is one of the city's most distinguished figures and one who is in every way deserving of the highest honor that the city can bestow.

## HEAVY RELIEF COSTS MENACE TO INDUSTRY

President of Canadian Manufacturers' Association Warns that Increasing Taxes May Force Closing Industrial Plants.

Hamilton, Ont., Jan. 24.—The people between eighteen years of age and sixty-five, who are gainfully employed in Canada have to support, in addition to themselves, the old, young, sick and disabled, the unemployed and the unemployed, W. S. Morden, K.C., said today in his presidential address to a meeting of the Canadian Manufacturers' Association.

Mr. Morden was speaking of the increasing load of taxation as a handicap on industrial development to the Great Khural, or Mongolian Peoples' Congress.

"The Japanese have approached close to our frontiers and are preparing for war against the Mongolian People's Republic and the Soviet Union."

ALL KENT COUNTY'S TOBACCO SOLD.

Chatham, Ont., Jan. 24.—The last of Kent county's 1935 tobacco crop has been sold, the Tobacco Marketing Board announced yesterday.

The Imperial Tobacco Company, which guaranteed the purchase of the crop remaining unsold after the buying campaign a few weeks ago, is now taking delivery.

## SMALL ONTARIO VILLAGE FACES FOOD SHORTAGE

Snowplow Hopes to Reach Port Franks, in Western Ontario, by This Evening—Cut Off from Communication with Outside World Since Monday.

Port Franks, Ont., Jan. 24.—A shortage of food supplies threatened this snowbound Lake Huron village today but the prospects of Ontario Government plows breaking through the huge drifts cheered the sixty inhabitants.

No railroads run into the village, forty miles northeast of Sarnia, and communication with the outside by car has been cut off since Monday.

of the villagers are employed by the Walker Salt Corporation and supplies at the one store are practically exhausted. A second store closed after the summer season.

There was no bread in the village today as trucks have been unable to get through the six feet snowdrifts from Thedford, seven miles away. In the only store in town there remained only a small quantity of canned goods.

Port Franks' snowplow broke down in bucking the drifts. There is no doctor in Port Franks

## GOVERNMENT TO MODIFY ORDER FOR MOURNING

New Proclamation to Be Issued as Result of Expressed Wishes of King Edward VIII Against Total Disruption of Business on Day of King George's Funeral.

Ottawa, Jan. 24.—The Cabinet today will reconsider the establishing next Tuesday, the day of the late King George's funeral, as a day of national mourning. Having regard to the expressed wishes of King Edward VIII, who yesterday indicated it was undesirable to disrupt the normal course of business by silencing the wheels of industry for a whole day, the Government will likely modify Wednesday's proclamation setting aside Tuesday as a public holiday and issue another proclamation.

The issues incidental to the death of King George and the accession of King Edward have engaged the Government for the entire week, so that much of the legislative business normally falling to the Cabinet immediately prior to the opening of Parliament has had to wait.

Two commissions have yet to be appointed, that dealing with unemployment and the commission which will probe the penitentiary system of Canada. It is understood, however, that other features affecting the forthcoming session are already well advanced.

Meanwhile the validity of the former Government's "New Deal" legislation continues to be attacked in the Supreme Court of Canada. Argument for and against continues daily, with the issue awaiting the decision which Their Lordships will render some time hence.

## G. D. MACKINNON DIED SUDDENLY THIS MORNING

Prominent Citizen and Widely-Known Industrialist Passed Away at His Residence Few Hours After Suffering Stroke.

The life of one of Sherbrooke's leading citizens and the career of one of the widely-known business figures of the Eastern Townships came to a sudden end at an early hour this morning with the death of George D. MacKinnon, which occurred at his residence on Portland avenue after an illness of only a few hours' duration.

Mr. MacKinnon had apparently been in his usual health when, at nine o'clock last evening, he was seized with a severe stroke and passed away at two-thirty o'clock this morning without regaining consciousness.

The death of Mr. MacKinnon, at the comparatively young age of sixty-two years, removes one who had played an important part in the industrial life of Sherbrooke and had contributed greatly to the general welfare and progress of the city in which he had made his home.

Of Scotch descent, George Douglas MacKinnon was born at Charlottetown, Prince Edward Island, on June 8, 1874, the son of Alexander and Grace A. Douglas MacKinnon. After completing his elementary education, he entered Prince of Wales College, Charlottetown, from which institution he was graduated in 1892 with a first class teachers' certificate.

He then proceeded to McGill University, Montreal, and in 1897 was graduated with the degree of Bachelor of Applied Science in mechanical engineering.

Following his graduation he was instructor in manual training at Acadia College, Wolfville, N.S. In 1899 he was engaged in engineering and contracting sewer work and from 1899 until 1901 devoted his time to mechanical engineering with several companies in the United States.

The next four years, from 1901 until 1904, he was associated with the Midvale Steel Company, of Philadelphia, in ordinance and steel forging and machinery work.

In 1904 he came to Sherbrooke as a member of the Jencks-Machine Company staff. He remained with this firm until 1909, when he founded the concern known as the MacKinnon, Holmes and Company. He remained general-manager of this company, which today is known as the MacKinnon Steel Company, until he disposed of his interests in the firm after it had become one of the leading steel plants in the Dominion of Canada.

Of recent years, since his retirement from the MacKinnon Steel Company, Mr. MacKinnon acted as local agent for the Lewis Air Conditioner.

Mr. MacKinnon was a type of citizen who gave freely of his time, resources and ability to the general upbuilding and welfare of the community.

A devout member of St. Andrew's Presbyterian Church, he was ever a faithful attendant at services and continuously gave freely to the church in whose services of worship

## LIVESTOCK IS DESTROYED IN BOYNTON FIRE

Twenty-Four Head of Cattle, Two Horses and a Number of Pigs Perished in Flames which Levelled Charles Daintrey's Barns Last Evening.

Boynton, Jan. 24.—Twenty-four head of cattle, two horses and a number of pigs perished in the blaze which destroyed Charles Daintrey's two large barns here last evening.

The loss, amounting into several thousand dollars, is partly covered by insurance.

A frozen water system and impassable roads preventing neighboring farmers from organizing a bucket brigade to combat the blaze.

The fire was discovered at nine o'clock last evening by Harold Cooper who lives opposite the Daintrey farm. Cooper hurried to the scene of the blaze to inform Daintrey that his barns were on fire, that the farmer rushed to his barns, which were then a mass of flames, but he was unable to rescue his livestock.

A large quantity of hay and grain and farming implements were destroyed as the buildings, which were joined together, were razed to the ground.

The Daintrey farmhouse, located

## UNITED STATES FUNDS DECLINE ON EXCHANGES

Dominion Funds Rose to Premium of Five-Eighths of One Per Cent., Highest Figure Since Last Spring—Pound Sterling at \$5.00.

New York, Jan. 24.—Canadian dollars, pounds sterling and the gold price rose sharply against the United States funds during active early trading today on the foreign exchange market.

Dominion funds rose to a premium of five-eighths of one per cent., a figure not attained since last spring. Pounds sterling touched \$5.00 for the first time since 1934 when it opened 1-2 cents higher than yesterday's close.

Wall Street sources attributed selling of United money to rumors, discredited by Government officials at Washington, that the United States Government was planning a new monetary step, involving either gold or silver. Fears of possible inflation in United States in connection with payment of the war veterans' bonus payment was also a factor, it was said.

The following under-secretaries were named: Presidency, J. P. Flanagan; Council, Jean Zay; Interior, Andre Beauguette; War, Louis Jacquinot; Labor, Maxence Bibie; Public Works, Pierre Maze; Technical Education, Jules Julien.

Formation of the Sarraut cabinet brought to an end the crisis precipitated by the resignation of Premier Laval who quit office when the Radical Socialist party withdrew its support and the five Radical ministers in his cabinet, led by Edouard Herriot, resigned their posts.

M. Sarraut, a member of the right wing of the Radical Socialist party and as Senator from the Aude belongs to the democratic left in the Upper Chamber.

## SMILED OFF RUMORS OF SILVER REVALUATION

Washington, Jan. 24.—President Roosevelt smiled off New York rumors of silver revaluation today with the remark to reporters that he had never heard of the purported move by the United States government.

## THE WEATHER

DECIDEDLY COLD WITH SCATTERED SNOWFLURRIES

Pressure is quite low over the Gulf of St. Lawrence, and a moderate disturbance is centred in Colorado, while high pressure covers the Mackenzie Valley, the Western Provinces and the central portion of the continent. The weather is decidedly cold from Saskatchewan eastward to New Brunswick with moderate to heavy snowfalls occurring in many parts of Quebec, and rain and snow in the Maritime Provinces. Light snowfalls have also occurred in some sections of western Ontario.

Forecast Fresh west to northwest winds; mostly fair and decidedly cold today and Saturday with scattered snowflurries.

Temperatures yesterday: Maximum, 12; minimum, 10 below.

Same day last year: Maximum, 15; minimum, 3 below.

## IL DUCE MAKES ANOTHER PITIFUL ATTEMPT TO FRIGHTEN THE WORLD

Italian Memorandum Distributed to Sanctionist Powers Claims Great Britain Acted Outside League Covenant in Arranging a Mediterranean Pact which Constitutes a "Danger for European Peace"—League Formally Informed of Five-Power Defensive Agreement—Spain Also Pledges to Carry Out Her Obligations Under League Covenant.

Rome, January 24.—Italy warned the sanctionist nations of the world today that Great Britain's action in arranging a Mediterranean mutual assistance pact constituted a "danger for European peace."

A memorandum prepared for Geneva distribution to the sanctionist powers protested Great Britain had acted outside the League Covenant in initiating the Mediterranean discussions.

The move, Italy contended, was made in the face of Italian assurances that she had no desire to expand a "colonial conflict" into a European war.

Italy had served warning at Geneva, two days ago, that she would protest the mutual assistance pact between Great Britain, France, Turkey, Greece and Yugoslavia.

Disclosure of the five-power agreement to pool military, naval and air forces against any Italian attack was made officially through the League in the form of a British memorandum published Wednesday.

Yugoslavia's adherence received the approval of the other two members of the Little Entente—Rumania and Czechoslovakia.

Today's Italian memorandum charged that Britain, in beginning the interchange of assurances, acted on her own initiative as head of the League of Nations.

## PRODUCING AND TRANSPORT INTERESTS ON COMMISSION

London, Jan. 24.—The League of Nations committee of experts on oil sanctions meeting Monday at Geneva, it was learned from authoritative sources today, will include representatives of Great Britain, France, Belgium, Norway, Sweden and seven or eight oil-producing countries.

Its formation was decided on by the League Sanctions Committee of Eighteen at Geneva two days ago. The committee will examine a technical standpoint the effectiveness of applying an oil embargo against Italy.

## SPANISH GOVERNMENT TO SIGN ASSISTANCE PACT

Geneva, Jan. 24.—Spain today aligned itself with the Mediterranean powers in pledging mutual assistance under the League of Nations Covenant against any unprovoked Italian aggression.

Spain will always honor its engagements under the Madragat, the Madrid Government's delegate to the League, informed Augusto de Vasconcellos, chairman of the sanctions Committee in an official letter.

## ITALIANS REPORTED IN COMMAND OF WATERHOLES

With the Italian Southern Army at Filta, Ethiopia, Jan. 17.—By courier to Mogadiscio, Italian Somali-land, Jan. 24.—Italy's "Hell on wheels" column, basing Ras Desta Demtu's fleeing Ethiopians, has seized all water holes in this waterless, foodless region, expecting the enemy to "come to us."

High Italian commanders told the Associated Press correspondent today that the army of Ras Desta Demtu, son-in-law of Emperor Haile Selassie and Ethiopian commander-in-chief on the Southern front, was completely disbanded and that Ras Desta and his Belgian aide were fleeing on mule-back.

## ITALY CLAIMS A SURPRISE ATTACK BROUGHT VICTORY

Rome, Jan. 24.—The Italian Government today made public a communique from Marshal Pietro Badoglio reporting a complete Italian victory in northern Ethiopia concluding a three-day battle.

"When our High Command," said the communique, "learned that strong Ethiopian contingents under Ras Kassa were gathering in southern Ethiopia, we decided to give offensive, our command determined to strike first."

"The action, which surprised the enemy, resulted in bitter fighting on January 21, 22, and 23, finishing late last night with a complete Italian victory."

"One of our two-seater airplanes fell during the battle leading to the capture of Neghelli."

## ITALIAN FORCES TODAY DRIVING ON BOTH FRONTS

Harar, Jan. 24.—A new aerial bombardment of Sasa Bane and reports of heavy fighting on the northern front suggested today Italy was making a concerted drive from both sides of Ethiopia.

The Italian planes at Sasa Bane were believed to be seeking the headquarters of Ras Nassibu, Ethiopian commander-in-chief of the southern front.

A report from Addis Ababa said the Duke of Harar, twenty-year-old younger son who accompanied Emperor Haile Selassie to Dessye, will assume the leadership of a legion of ten thousand Ethiopian boys.

## ACCUSED IN SCOTTSBORO CASE GETS PISON TERM

Decatur, Ala., Jan. 24.—Attorneys for Heywood Patterson, first of the nine negroes in the Scottsboro assault case to receive a prison verdict, started a new fight today to set him free—only a few hours after a jury convicted him.

DOUBLE CHARGE OF MURDER FOR DEATH OF BABY

Sixty-Five Year Old Man Held and Younger Companion Sought in Connection with Suffocation of New-Born Babe at Campbell's Bay.

Campbell's Bay, Que., Jan. 24.—Quebec police early today were still seeking Garfield Peoples, forty-two years old, of St. Joachim des Rapides, who, with Charles McDonald, sixty-five years old, is charged with the murder of a new-born baby of seventeen-year-old Molly Leblanc.

In her evidence Molly implicated both McDonald and Peoples. The former was at once held in custody, while detective A. Moreau set out on a long trek to apprehend Peoples.

Molly and her younger sister, Leona, were wards of the McDonalds. Molly told the Magistrate yesterday that last July she had given birth to a baby, declaring McDonald to be the father. The baby was alive when born, she testified.

Leona gave evidence to the effect that both McDonald and Peoples, and she herself, were in the room at the birth of the child and that she heard the infant cry. The two men then, said Leona, tied a towel around the infant's neck and, notwithstanding her protests, strangled the baby.

She said the men then carried the corpse of the infant to a place be-

"DESENSITIZER" HARTMAN'S CONTRIBUTION TO MANKIND

Simple and Inexpensive Pain-Killer Spells Doom to 10,000 Little Devils Who Inhabit Every Dental Drill.

New York, Jan. 24.—The mantle "benefactor of all mankind" is worn with easy grace today by Dr. Leroy L. Hartman, Canadian professor of dentistry famed for discovery of a desensitizer that spelled doom to the ten thousand little devils who inhabit every dental drill.

Dr. Hartman, a native of Victoria, B.C., experimented for twenty years before bringing forth his simple and inexpensive pain-killer. An application deadens a decayed tooth to the point where the heaviest-handed dentist may do his worst with his most diabolic drill and the patient can still come up with a grin.

The forty-two year old Canadian, now professor of dentistry at Columbia University here, might easily have made a fortune with his discovery. But he refused to exercise the patent held by the University.

"It is my contribution to humanity," he said, "I hope it will be the means of relieving much unnecessary suffering."

An application of the desensitizer, which is composed of two parts sulphuric ether, one part ninety-five per cent ethyl alcohol and 1 1/4 parts thymol, deadens a decayed tooth completely.

After hearing the evidence, and in spite of there being no corpus delicti, a charge of murder was laid against both McDonald and Peoples, after the judge had conferred with the Crown Attorney, Francois Caron.

FOUR CANADIAN SECTION TEAMS IN CLOSE RACE

Continued From Page Six. With their second and third period goals, Thoms' coming while Happy Emms, of the Americans, was on the penalty bench.

Joe Jerwa had a hand in Thoms' goal, passing to the Toronto winger in error when he attempted to clear Red Horner's pass. He made up for that twenty-eight seconds after the Boll goal by taking Art Chapman's pass for the Amork's first counter. Jerwa then became the hero of the game with his goal after Eddie Wiseman had sent the game into overtime.

A penalty to Art Lesieur paved the way for the first goal of the Chicago-Canadian encounter, Tommy Cook, a father for the first time yesterday, scoring on a power play with Doc Romnes, Johnny Gottselig and Mush March. That was in the tenth minute of the second period and the Canadians could not tie it up until Armand Mondou passed out from behind the net to Paul Haynes after four minutes of the third frame.

Will Cude, in the Canadian goal, had only twenty shots to handle compared to twenty-nine the Canadians drove at Mike Karakas in the Chicago cage. The Hawk goalie was cut near the right eye by a stick in the third stanza and the game was held up while he was stitched.

It took the Red Wings half the game to get started at Detroit, but once they were on their way the Rangers were outplayed. Marty Barry and Wally Kilrea drove in quick goals midway through the second canto and Larry Aurie and Syd Howe added others in the third quarter.

Bert Connolly took Frank Boucher's pass for the first Ranger tally forty-nine seconds after Kilrea's goal and Boucher got the second tally himself after the Red Wings had scored their fourth marker.

G. D. MACKINNON DIED SUDDENLY THIS MORNING

Continued from Page 1. He found such comfort and encouragement.

Mr. MacKinnon was also a member of the Masonic Order, an Odd Fellow and was connected with various social and sporting clubs, including the Sherbrooke Rotary Club and the Sherbrooke Snow Shoe Club.

On September 2, 1902, he was married to Mary Louise Bowman, daughter of Joseph Charles Bowman, of Lacolle. Both Mr. and Mrs. MacKinnon took an active part in the social life of Sherbrooke and their charming residence on Portland avenue was the scene of many delightful social events.

In 1928 Mr. MacKinnon lost his life's help-mate and he and his four daughters were forced to carry on without the love and comradeship of this charming lady who had meant so much to them and to the wide circle of friends who were privileged to know her intimately.

As a tribute to the memory of his wife Mr. MacKinnon had the MacKinnon Memorial erected on Montreal street. This building, which he gave to the Young Women's Christian Association, is today one of the city's most widely used

TWO PERISHED IN DISASTROUS OTTAWA BLAZE

Three Other Persons Seriously Injured in Early Morning Fire which Forced Occupants of Six Apartments from Their Homes in Scanty Night Attire into Bitter Cold of Raging Blizzard.

Ottawa, Jan. 24.—The charred body of Gwendolyn Gladman, twenty years old, was recovered from the ruins of the Gladman home today in suburban Eastview. Firemen and helpers had combed the ruins of what had been a six-door tenement house for hours in an attempt to find the body of the crippled girl whose mother, Mrs. Thomas Gladman, lost her life when flames destroyed the building in freezing weather last night.

Three other persons were injured. Helen Gladman, sixteen years, was taken to hospital suffering from shock and minor burns; Joseph LaFortune, fifty-five, a neighbor received a fractured foot resulting from a smoke explosion; Robert Holt another neighbor, was burned about the face but not seriously.

Occupants of the six apartments were driven from their homes in scanty night attire into the bitter cold of a raging blizzard. All but two members of the family of Thomas Gladman escaped.

Helen was rescued from the building by firemen. She was taken to the hospital suffering from shock, but was not badly burned. Before her rescue she was caught in the path of the fire hose and when she was brought into the chilly night air her hair and clothing became encrusted with ice.

Mr. LaFortune was standing in front of the burning building after his escape when a smoke explosion blew down the verandah. He was struck on the foot by a fragment.

FIVE PERISHED WHEN HOME FELL PREY TO FLAMES

Flames Roaring Up Staircase Cut Off Escape of St. John's, Newfoundland, Family.

St. John's, Nfld., Jan. 24.—Five people were dead of suffocation today in an early morning fire that destroyed their three-storey home here.

Trapped by flames, Mrs. Anthony Noah, her three children, David, 6, Robert, 4, and Angela, Noah, 3, and Finlay Shepard, a maid, were all found dead in the children's room when firemen entered the home.

The only member of the household to escape, Anthony Noah, the father, had rushed out to telephone in an alarm when he first discovered the fire this morning.

Flames roaring up the staircase after he ran out cut off the escape of his family and they were suffocated by the fumes.

ILLINOIS FARMER BELIEVED TO HAVE KILLED FIRE AND FIVE CHILDREN. SET FIRE TO HOUSE AND THEN SHOT HIMSELF.

Danville, Ill., Jan. 24.—Edgar County Coroner W. S. Jones ordered an inquest, today to investigate the deaths of William A. Albers, fifty-four years old, his wife and their five children, found slain in their farm home near Sidell, Ill., twenty-five miles southwest of here.

A post-mortem recovered the bodies yesterday from the blazing house believed Albers, deranged because of worry over debts, shot and beat to death the members of his family, then fired the house and shot himself.

buildings. Serving as it does as a culture resort for girls and young women, the MacKinnon Memorial continues the work in which the late Mr. G. D. MacKinnon was so keenly interested, namely, the spiritual, moral and physical development of girls of 'teen age and early womanhood.

Mr. MacKinnon is survived by his four daughters, Mrs. J. M. S. MacDonald, of Sherbrooke; Mrs. Eric Adams and Miss Jean MacKinnon, both of Montreal, and Mrs. Thomas Fogden, of Toronto. He also leaves two sisters, Mrs. A. J. MacNeil, who made her home with Mr. MacKinnon, and Mrs. Oswald Wright, of Digby, N.S., one brother, Alexander MacKinnon, of Georgetown, Prince Edward Island, and three grandchildren.

REFUTES CROWN PROOF ARSENIC CAUSED DEATH

Expert Medical Evidence Introduced at Beatrice Bernard Chappelaine's Trial that Her Husband May Have Died from Attack of Uremia and Not Arsenic Poisoning.

Quebec, Jan. 24.—Mrs. Ludger Chappelaine's fight for an acquittal of the poison-murder of her husband continued today with expert medical evidence Chappelaine may have died from an attack of uremia and not arsenic poisoning.

Testimony to this effect was given at the woman's third trial in the murder charge by Dr. I. M. Rabinowitch, of Montreal. If Chappelaine had absorbed arsenic, Dr. Rabinowitch said, his condition was aggravated by potent medicines given her.

With bicarbonate of soda as their basis these patent medicines would cause the arsenic to dissolve and spread through Chappelaine's bloodstream, Dr. Rabinowitch declared. In his opinion symptoms of the fatal illness four years ago might well signify an attack of uremia.

The witness did not concur in the assurance of Dr. Rosario Fontaine that Chappelaine died from arsenic poisoning. Dr. Fontaine, Montreal medico-legal expert, testified at three trials he was "conscientiously certain" arsenic was the cause of death. Dr. Rabinowitch said he could not be as sure as Dr. Fontaine because traces of arsenic were not found in the dead man's hair. He explained absorption of arsenic was always revealed through the hair on the skull.

Gedeon Bernard, the accused's brother, testified at her second trial he supplied his sister with the arsenic doctors other than Dr. Rabinowitch said caused Chappelaine's death. Bernard was sentenced to five years in the penitentiary on a charge arising out of the death of his brother-in-law. After the second trial at Sherbrooke he wrote defence lawyers from the penitentiary that his testimony was false.

He repeated his evidence during the present trial, however, and said the only reason he made lawyers from the penitentiary was because fellow-prisoners "bothered" him. It is also in evidence relatives told him while he served his term that he had his sister's life in his hands. Bernard is out on ticket-of-leave.

Mrs. Chappelaine successfully appealed from the present trial on a charge of murder, but the present trial was granted a change of venue from Sherbrooke to Quebec.

THOUSANDS STAND DURING WINTRY NIGHT FOR LAST GLIMPSE OF KING

Continued from Page 1. The crowd outside the palace gates. Attended at his desk by one private secretary, King Edward swiftly reviewed a number of documents, official and otherwise, calling for his signature. MANY KEPT AN ALL-NIGHT VIGIL NEAR WESTMINSTER

London, Jan. 24.—A large part of the crowd at Westminster Hall this morning, especially youths and girl office workers, had stood in the cold wind and rain all night in order to view the late King's lying-in-state and get to their work on time.

Seven women, among the first to enter, collapsed and were treated at a nearby hospital after passing through the hall.

OPPOSITION PARTY QUITS SOUTH AFRICAN CHAMBER

Cape Town, Jan. 24.—The Republican Opposition party, with nineteen members, quietly rose and walked out of the Legislative Chamber today when Prime Minister J. B. M. Hertzog moved an address congratulating King Edward VIII on his accession to the Throne.

A resolution assuring the King of South African loyalty was then passed without opposition. Republican leader Malan had previously seconded a resolution that the condolences of Parliament be forwarded to Queen Mary.

SOVIET REPRESENTATIVES TO ATTEND STATE FUNERAL

Moscow, Jan. 24.—The U.S.S.R. will send a delegation to attend the funeral of King George V. This will be the first time the Soviet Union has been represented at the funeral services of a foreign sovereign.

## Mature Ruler Emerges From Princedom.

The life as prince which King Edward VIII of England leaves behind him had this advantage—it gave him a broad knowledge of the world and of people which came to few monarchs.

Edward VIII is the most widely-travelled monarch in England's history. Repeated journeys to the ends of the earth have given him a personal acquaintance with the world and most remote British dominions. He has met and listened to more hundreds and thousands of people of all climes, religions and classes than any other king. He has literally thousands of friends of all classes, ranging from dukes to soldiers in the ranks. His democratic manner is genuine and has no snarl of condescension.

This essentially democratic outlook has revealed itself of recent years in more important things than mere social contacts. Active work for social relief causes, welfare funds, slum elimination plans and model housing projects, vibrant speeches to well-to-do audiences on their social responsibilities, trips through the hovels and dreary slums of unemployed miners—all these things are straws that point to a new Edward who has gradually been replacing the happy-go-lucky prince for several years. His hard work in the cause of Empire salesmanship and extending foreign markets, and his devotion to the welfare of his fellow Great War veterans have been additional indications of this change.

The blond baby, the slight public-school boy, the youthful subaltern, the carefree sportsman, the moulder of fashion, the Peter Pan of Royalty—all these have passed.

In their place stands a man of nearly forty-two, his hair beginning to thin, the beginnings of crow's-feet at the corner of his eyes, but with youthful figure and vigor unimpaired, tactful, democratic, practical-minded and with a strong sense of duty and a rather quick, dry wit, a personality that marks him out in any gathering—His Majesty King Edward VIII.

## Kindly Words From Sympathetic Friends.

The heartfelt expressions of sympathy on the passing of a beloved King-Emperor which have been extended to the Canadian nation by a kindly neighbor across an unfortified three thousand mile border further exemplify the world-wide esteem in which the late King George the Fifth was held, and also bespeak the close bond of understanding which exists between an Empire and a Republic in which are embedded the same characteristics, customs and language.

The United States has poured out in generous measure its sympathy to Canada and to the Empire in this hour of grief. The sincere tributes of respect which were paid by the American press to the late Sovereign bear testimony to the high place he held in the hearts of nations outside the British Empire. It is not only within his own vast realm that George the Fifth was respected. It was not only his own people who had learned his true worth.

The New York Times, one of the leading and most influential of American papers, speaking of his death said:

"Personally and in his family life, George V exhibited qualities which undoubtedly endeared him to the mass of the British people. This was testified to last year by the remarkable displays of homage and affection to the King on the occasion of his Jubilee. That was a wonderful tribute to the man as well as to the monarch. He will be sincerely mourned, but his death will not shake the structure of the British Government. In it the King is the great symbol of national and Imperial unity, aloof from all political parties, free from the strife of tongues, who goes quietly along his constitutional way, while one prime minister is succeeding another. To that tradition King George was loyal, and there is no doubt that his successor will also be. There is always a King to hail, even across the bier of a dead British monarch."

Another prominent American publication went so far as to say: "Speculation on 'might-have-beens' is admittedly sterile. Still, one cannot help wondering whether, had the late King George and his England been the England of a century and a half ago, there would be today the United States of America."

## Bears One Of The Greatest Names In Royal History.

There have been many Edwards in the long line of monarchs who have ruled in England and over that vast far-flung territory which today is known as the British Commonwealth of Nations. Today the Empire is under another Edward.

What a store of history is associated with that name. Majesty, statesmanship and tragedy have been associated with this Royal nomenclature.

Delving into the past one encounters first the name of Edward the Elder, who was the son of Alfred the Great. There was also Edward the Martyr and the saintly Edward the Confessor. It was the Confessor who built the first abbey at Westminster. There was also the wise King who took the title of Edward the First, who was the father of the first Prince of Wales, afterwards Edward the Second.

For fifty years England was under the rule of Edward the Third, father of the Black Prince. It was during the reign of Edward the Third that the great wars were fought with France which gave England extensive territories on the mainland of Europe.

Edward the Fourth is remembered as the Yorkish King who fought the Wars of the Roses. His son was the unhappy Edward the Fifth.

The sixth Edward was the son of Henry the Eighth and Jane Seymour. It was during his short reign that the Protestant religion was established.

After Edward the Sixth's reign there was an interval of nearly three hundred and fifty years before another Edward occupied the Throne.

The last Edward, prior to the present Sovereign, was Edward the Seventh, the eldest son of Queen Victoria, whose reign is still fresh in the minds of the present generation.

Edward the Seventh, who was the father of the late King George, is known in history as "Edward the Peacemaker."

Today the grandson of "Edward the Peacemaker" occupies the Throne.

## The Macdonald-Smith Row.

For probably the first time the story of the heated altercation between John A. Macdonald and Donald A. Smith on the floor of the House of Commons is offered for publication.

An account of the incident will appear in tomorrow's issue of the Daily Record under the title, "A Deplorable Episode." It is another article in Fred Cook's series "Giants and Jesters in Public Life." A true scene from the history of the Canadian Parliament, the article should prove of interest to many Record readers.

## Editor's Note-Book.

General conditions point to an active automobile year. Here are some of the reasons for such a forecast: Canada's 1935 economic index is 6.6 per cent. higher than 1934. Freight is higher, but grain shipments lower. Grain is moving with unusual freedom. Wholesale prices are remarkably stable. Bond prices are at higher level than any time since war period. Bank clearings are up 6.4 per cent. The manufacturing record is most encouraging, the index taking a year-end upturn. Electric power output has reached a new all time high. Employment situation better than since 1931. Twelve-month foreign trade eleven per cent. up over 1934.

According to figures quoted in the November issue of the Railway Carmen's Journal: "If you ride a coach or pullman on a passenger train in United States the chances are 19,000,000 to one that you will reach your destination alive, but the odds are one to 400 you will be injured in a motor vehicle accident this year and one to 3,500 that you will be killed in one."

## What Editors Say

### CICERO ON OUR DEBTS.

Cicero never heard of Canada, but Cicero said many things that are pertinent to some of our national problems today.

Nearly two thousand years ago in his "De Officiis," the great consul suggested the desirability of public and private borrowers refraining from running excessively into debt:

"Care ought therefore to be taken beforehand, which it is easy to do by a great many ways, to keep people from running so much into debt, as may bring any damage or inconvenience to the public; and not, when they are in, to oblige the creditors to lose what is their own, and let the debtors gain what is justice is another."

"Nothing so cements and holds together in union all the parts of a society as faith or credit; which can never be kept up unless men are under some force and necessity of honestly paying what they owe to one another."

This is fair comment on the present tendency to solve the problem of debt by repudiation.

## Letters To The Editor

### THE HAUPTMANN TRIAL

To the Managing Editor, Sherbrooke Record.

Dear Sir:—Being a subscriber to the Daily Record for several years, I have always read the editorials with much interest. That on "The Hauptmann Case and Crime" I thought particularly good, but I must take exception to certain conclusions drawn by the writer. Any public-minded person cannot but feel that Governor Hoffman did not grant Hauptmann a reprieve for any personal reasons. No one who is an error feels that it is too bad to have only one person sit on the "hot spot" for a serious crime committed by more than one person and that in time Hauptmann may possibly confess to the crime, as they seem too near and dear to him.

Evidence as to Hauptmann's own guilt appears complete, even if he did not commit the crime alone. Furthermore, he was a convict in his own country. He is in the United States illegally. His earlier conviction is far from good. He had the Lindbergh ransom money and it was very easy for him to throw the blame on the dead Isador Fish as the latter did not have to defend himself against the charge. By this means indeed from the viewpoint of the already tax-paying citizen, the taxpayer, or it is hoped that in time all persons implicated in the kidnapping of Charles Augustus Lindbergh, Jr. will pay with their lives for the crime that they committed.

Then may Col. Lindbergh, driven from the United States by the continued threats on the life of himself and his family, return to his native land, feeling that justice has been done and that they themselves will enjoy the protection of their own country and be permitted to live in the peace and quietude which they desire. For "The Lone Eagle" has never sought publicity, pomp or grandeur.

The continued prolonging of criminal cases and the holding over of the criminal in the United States is indeed from the viewpoint of the already tax-paying citizen, the taxpayer, who, as a general rule, is forced to pay all these bills. The inhabitants of the entire world cannot but admire the promptness of the entire British system of handling the criminal and getting he or she out of the way as quickly as possible. In this way the country is saved the expense of a boarder and many other costs.

## NAME OFFICERS FOR DANVILLE LADIES' GUILD

Mrs. Sidney Wood Elected President of St. Augustine's Church Organization—Institute Held Busy Session.

Danville, January 24.—The annual general meeting of the Ladies' Guild of St. Augustine's Church was held with a large attendance.

After the meeting had been opened with prayer by Rev. Sidney Wood, who presided, Mrs. Ward, in the absence of Mrs. Greer, the honorary treasurer, presented the accounts, which disclosed an increased balance resulting from a satisfactory year's work. Mr. Wood expressed his appreciation of the Guild's work during the past year and a vote of thanks was extended to the retiring officers.

The following were elected as officers for 1936: president, Mrs. Sidney Wood; first vice-president, Mrs. Ward; second vice-president, Mrs. Thurber; secretary, Mrs. Parmelee; treasurer, Mrs. Greer.

After the meeting, tea was served by the hostesses, Mrs. Ward and Mrs. Parmelee, who were assisted by Miss Margaret Wheeler and Miss Doris Parmelee.

### INSTITUTE MEETING

The Shipton Women's Institute held their January meeting in the United Farmers' hall with twenty members present.

The president, Miss Ada Wilson, occupied the chair and opened the meeting with the ode and Club Women's Creed. Miss Gwen Elliott acted as secretary. The roll call was, "Child Training in Any Phase."

The treasurer gave her report, two hills wood, first vice-president, Mrs. Ward; second vice-president, Mrs. Thurber; secretary, Mrs. Parmelee; treasurer, Mrs. Greer.

## SLIGHT DECLINE NOTED IN ALBERTA OIL PRODUCTION

Production for 1935 Was 1,263,750 Barrels of Crude Oil and Naptha Compared with 1,265,940 in 1934.

Calgary, Jan. 24.—Alberta oil fields produced 1,263,750 barrels of naptha and crude oil in 1935 compared with 1,265,940 barrels in 1934, according to figures released today by the Petroleum and Natural Gas Division of the Provincial Department of Mines.

Some species of fish are able to make rapid color-changes to blend with their surroundings.

## SEVERAL CIVIL ACTIONS HEARD AT SWEETSBURG

Majority of Cases Over which Mr. Justice Hector Verret Presided During Regular January Term of Superior Court Taken Under Adjudication.

Sweetsburg, Jan. 24.—Several civil cases were heard here this week by Mr. Justice Hector Verret who presided over the regular January term of the Superior Court. The majority of the actions were taken under adjudication.

Among the cases heard was that of Rouville Poulin, of Ste. Sabine, against the Corporation of Ste. Sabine. This was a mandamus taken by the plaintiff to force the corporation to take care of a water course which had been verbalized and left unfinished. Plaintiff alleged damages were caused his property. The action was taken en delibere.

An action arising out of the alleged non-fulfillment of payments assumed fifteen years ago under the terms of a conditional lease was also heard. John A. Payne, farmer, of Abercorn, was the plaintiff against Delphis Chateaulois, farmer, of the same place. It was in this case that the late E. A. D. Morgan, K. C., of Montreal, was attorney.

Argument was adjourned until the February term in the case of Roland Marquis against G. A. Bleau, both of Granby, in which plaintiff claimed damages following the dismissal of a seizure made against him by the defendant.

In another action involving Granby people, Mr. Napoleon Deragon claimed monthly alimentary allowance from his father-in-law, Alfred Deragon, in default of the plaintiff's husband paying such an allowance as ordered by the Superior Court ten years ago. The husband paid the allowance until last summer when he became unemployed. Plaintiff claimed defendant was well off and able to take his son's place for support. This case was adjourned to the next term for defendant's witnesses to be heard.

The Court took under advisement the action of Benoit vs. Warner, in which plaintiff claimed \$231.70 damages as the result of a highway collision. Defendant pleaded plaintiff was driving without lights.

## BIRTH CONTROL ADVOCATES PLAN TO ANSWER CARDINAL

New York, Jan. 24.—Aroused by recent attacks of Patrick Cardinal Hayes on birth control, the American Birth Control League today mustered its arguments in favor of the practice for presentation to the organization's fifteenth annual meeting.

Eric M. Matsner, medical director of the League, presented to the group a statement signed by fifty-five New York City physicians affirming that "birth control is essential and is being rapidly accepted as one of the scientific techniques needed for safeguarding and maintaining individual and public health."

Cardinal Hayes has levelled repeated barrages at birth control, charging the allegation that the practice is "immoral," and the League has recruited lay, medical and clerical statements favoring birth control, in reply.

The statement presented yesterday noon observed in part: "Clinical research extending over a period of fifteen years has demonstrated conclusively the effectiveness, safety and harmlessness of medically approved contraceptive methods."

## DEATHS REPORTED

MR. J. A. MORRILL, WEST STEWARTSTOWN, N.H., FORMERLY OF BURY, QUE.

Bury, Jan. 24.—On New Year's morning there passed to rest a very highly respected and former resident of this place in the person of J. A. Morrill. The late Mr. Morrill had been in poor health for some time and gradually failing. Accompanied by his wife he was brought to the home of his mother-in-law, Mrs. A. Roe, about three weeks previous to his passing and where everything possible was done for his comfort, but all to no avail and he passed peacefully away.

The funeral service was held on Friday afternoon, January 3, at St. Paul's Anglican Church, Rev. D. Christie conducting the service. The hymns sung were "There Is No Night in Heaven" and "Now the Laborer's Task Is O'er." The bearers were Messrs. Carl L. Paige, Eric Morrow, Ronald Ward, Robert N. Mayhew, Alex. Lavalliere and Thomas Lawrence. Many beautiful floral tributes testified to the esteem in which the deceased was held.

The remains were laid to rest in St. Paul's Cemetery.

The late J. A. Morrill was born at Cookshire on December 15, 1872, the son of Mr. and Mrs. Joseph Morrill. He was married on September 12, 1913, to Miss Mary Roe, of Bury. They resided in Bury until 1920 when they moved to West Stewartstown, N.H., where they continued to reside until last December.

Mr. Morrill was a man of sterling character, honest and upright in all his dealings, a kind husband and father.

He is survived by his widow, one daughter, Alice, Mrs. H. Jones, of West Newbury, Vt., one brother, William Morrill, of Meredith, N.H., two sisters, Mrs. Henry Boucher, of Colebrook, Mass., and Mrs. A. Lefebvre, of Sherbrooke.

Those from a distance to attend the funeral were Mr. and Mrs. Herbert Jones, of West Newbury, Vt., Mr. William Morrill, of Meredith, N.H., Mrs. A. Lefebvre, of Sherbrooke, Mr. and Mrs. Lester Brackett, of Colebrook, N.H.

The sympathy of the community is extended to the widow and daughter in their bereavement.

# PLYMOUTH IS THE best Engineered Car in the Lowest Price Field

You want Economy—Safety—Reliability and Comfort. And in a Plymouth you get them.

OWNERS everywhere are reporting that the new Plymouth goes 21 to 27 miles on a gallon of gasoline! Canada's most economical full-size car is the 1936 Plymouth.

It's the largest... the most sturdy... the most beautiful of "All Three" lowest priced cars. These are facts which you can easily check.

The frame is the most rigid used on any lowest priced car. With the addition of the front end sway eliminator, this gives the riding smoothness you would expect in this big car.

Plymouth's beautiful safety-steel body is real protection and the famed 100% hydraulic brakes always stop you safely. Your family is safer in a Plymouth.

It is the easiest handling car you ever drove... 18.2 to 1 steering ratio. There just isn't any riding shock or wheel fight.

Plymouth's record for long life has been built since the finest long-life features are built into this lowest priced car.

Plymouth gives you a smooth ride. It has the famous patented Floating Power engine mountings and the body is insulated from the frame with a cushion of rubber... you sit cradled between the axles—the result of Plymouth's redistribution of weight.

Before you buy any car today, drive and ride in the big, new, 1936 Plymouth. Compare it with the other two lowest priced cars. See your Chrysler, Plymouth and Fargo dealer today.

## ALL HIGHWAYS ARE CLOSED TO AUTO TRAFFIC

Miniature Blizzard, which Blocked All Routes Leading from Sherbrooke to Outside Points, Followed by Sudden Drop in Temperature

A gale that threatened to drag down telephone and telegraph lines already sagging under an accumulation of ice and snow swept through this district last night, forcing the mercury to sub-zero regions and whipping the six-inch snowfall into high drifts that tied up motor traffic on all highways leading from the city to outside points.

Damage was reported caused by last evening's miniature blizzard, although for a time it was feared the wind would disrupt telegraph and telephone services. A thick coating of ice and snow had formed on all cables, especially in rural districts and the wires are sagging precariously under the strain.

For the first winter in several years a determined effort is being made to keep a number of highways open to motor traffic. This task was easily carried out until the January snow-storms began to blow. Since the beginning of the month snow-removal crews have been out almost every day clearing the roads. But today all highways are blocked. High drifts which have piled up at Orford Lake paralyzed traffic on the Sherbrooke-Montreal route. This road is open between Sherbrooke and Magog, however. J. D. Lachapelle, of the Government Road Department Office at Lennoxville, reported the Sherbrooke-East Angus highway impassable, the road between Sherbrooke and Derby Line closed on the other side of Waterville, and the Sherbrooke-Coaticook artery blocked beyond Huntingville.

The cold spell yesterday resulted in a large number of chimney fires as stove-pipes and chimneys became overheated. The brigade was called out no less than twenty times.

To date this winter, according to Lennoxville Experimental Farm records, the snowfall totals fifty-seven and a half inches, comparing with fifty-nine and a half inches for the corresponding period last year. Thirty-seven and a half inches fell this morning and the mercury rested at twelve below.

## SERIOUS BLAZE EARLY TODAY ON MONTREAL ST.

Restaurant, Upholstery Shop and Tenement Badly Damaged—Firemen Called Out Nineteen Times During Past Twenty-Four Hours.

Flames which originated from an overheated furnace early today gutted Albert Kouri's restaurant, G. Lessard's upholstery shop and a tenement at 98-100 Montreal street. The occupants of the tenement above the candy store made their escape before the blaze broke through the floor of their dwelling.

The fire which broke out at three o'clock this morning had made considerable headway before being discovered. The wooden structure proved ready tinder for the hungry flames and the fire spread rapidly from the cellar to the attic, gutting the interior and destroying furnishings.

Firemen were on the scene for an hour and forty minutes before the blaze was placed under control. Chief Camirand today estimated the loss at between three and four thousand dollars.

Including the Kouri fire, municipal firemen were called out for no less than nineteen fires during the past twenty-four hours. Eighteen of the calls were for chimney fires and resulted in comparatively little damage.

The fires occurred as follows:  
Yesterday, — 10:15 a.m.: 12 St. Thomas street, property of Miss Georgianna Doyon, occupied by tenants; time out, 15 minutes. 12:10 p.m.: 11 Alexander street, property of Mrs. Charles Crocheure, occupied by tenants; time out, 15 minutes. 1:55 p.m.: 95 Drummond street, property of Josephat Crocheure, occupied by himself and tenants; time out, 15 minutes. 2:00 p.m.: 13 Sixth avenue, property of Edmond L. Biond, occupied by tenants; time out, 20 minutes. 5:50 p.m.: 94 Council street, property of D. Leblond, occupied by tenants; time out, 15 minutes. 4:50 p.m.: 99 Alexander street, property of Denault and Provision, occupied by tenants; time out, 15 minutes. 4:50 p.m.: 92 Frontenac street, property of Edward Bradley, occupied by tenants; time out, 20 minutes. 4:55 p.m.: 104 Murray street, property of Oliva Boisvert, occupied by tenants; time out, 20 minutes. 5:05 p.m.: 306 King street west, property of Adelaire Archambault, occupied by himself and tenants; time out, 20 minutes. 5:15 p.m.: 47 Camirand street, property of Joachim Aubert, occupied by tenants; time out, 15 minutes. 5:20 p.m.: 26 Alexander street, property of Mrs. Henri Veillon, occupied by tenants; time out, 15 minutes. 5:35 p.m.: 127 Mount Pleasant street, property of Pierre Chabot, occupied by himself; time out, 25 minutes. 7:30 p.m.: 9 Florence street, property of Joseph Sergerie, occupied by himself and tenants; time out, 15 minutes. 11:03 p.m.: 90 Frontenac street, property of Edward Bradley, occupied by tenants; time out, 20 minutes.

Today, — 7:45 a.m.: 93 Council street, property of Miss Eva Noel, occupied by herself; time out, 20 minutes. 8:05 a.m.—108 St. Martin street, property of Joseph Latulipe, occupied by tenants; time out, 20 minutes.

The United States, leaving almost one hundred dead and widespread property damage, today apparently headed for the Atlantic Ocean as moderating temperatures with more snow were forecast generally.

The fury of the storm apparently spent itself on New England, New York and New Jersey, but sub-zero frigidities still held many north central and midwestern states in its icy grip.

Hundreds of thousands of dollars in property damage was caused by fires.

International Falls on the Minnesota-Canadian border again turned in the record low temperature for the United States yesterday with a minus fifty-six degrees.

SO HOT THEY WERE FRYING EGGS ON PAVEMENT.  
Rio de Janeiro, Jan. 24.—Rio de Janeiro experienced an unprecedented heat wave today. Thermometers registered 38 Centigrade—100.4 Fahrenheit—in the shade.

Streeturchins got laughs and pennies from passersby by frying eggs on the pavement of the Avenida Rio Branco, the main thoroughfare of the city.

FIREMEN HAD TRYING TIME AT THREE RIVERS.  
Three Rivers, Que., Jan. 24.—Intensity of the storm which swept this district yesterday, plunging the thermometer to twelve below zero, had subsided today, leaving a mild wind and slight snowfall.

More than 150 workmen were employed by railway companies to keep tracks clear between Montreal, Three Rivers and Quebec. Although train service was maintained, delays were caused by the heavy wind and deep snowdrifts. Train service was completely halted by the heavy snow on the southern bank of the St. Lawrence River.

Firemen suffered the most in their district with more than forty-seven calls being answered throughout the day as freezing citizens overworked their stoves. Many of the men received frozen limbs, but no serious injuries were reported. The fires were all controlled in a short time with not much damage reported.

EGG YOLKS TO MATCH MILADY'S BREAKFAST GOWN.  
Concord, N.H., Jan. 24.—Milday may now have egg yolks to match her breakfast gown.

Experts attending the convention of New Hampshire poultry growers say they can provide blue yolked eggs for the woman who eats her morning meal in blue daisy.

Other colors specified are green and brown.

RUN-AWAY BOY HAS RETURNED HOME.  
Municipal police said today they had been advised that Stanley Everett Baker, fourteen-year-old son of Harry Baker, 151-E Wellington street south, has returned to his home.

Young Baker left his home several weeks ago, was located in Montreal but disappeared a second time before his parents could reach him. He returned home voluntarily, his craving for adventure evidently satisfied.

BANK CLEARINGS GAIN TWENTY PER CENT.  
A gain of \$55,478.25 or more than twenty per cent, was recorded in Sherbrooke Clearing House transactions for the week ending yesterday as compared with the corresponding period last year. Clearings for the past week amounted to \$484,201.52 and last year totalled \$392,928.

For the same week in 1934, the clearings totalled \$441,930.47 or \$42,971.05 below the figure for this year.

BROTHER-IN-LAW OF CANON MCGEE HAS PASSED ON.  
The funeral is taking place tomorrow morning at St. Mary Eli of Thomas O'Connell, a life-long resident of that place and a brother-in-law of Rev. Canon J. C. McGee, rector of St. Patrick's Church, Sherbrooke, who passed away in his eighty-third year. Rev. Canon McGee will officiate at the service.

The deceased is survived by his widow, who before her marriage was Mary McGee, and by three sons, Thomas, Reginald and John O'Connell, all residents of St. Mary Eli.

LOCAL CITIZEN PASSED AWAY THIS MORNING.  
Local citizens learned with regret today of the sudden death of Michael R. O'Donnell, which occurred early this morning at the home of his sister, Miss Nellie O'Donnell, Waltham, Mass. Mr. O'Donnell, a resident of this city for many years, was taken suddenly ill while visiting his sister. The remains will be brought back to Sherbrooke for burial.

The deceased leaves to mourn his loss his wife, nee Elizabeth Quinn; two sons, Hugh O'Donnell, of Montreal, and Leonard O'Donnell, of this city, and one daughter, Lucille, Mrs. E. E. Spafford, of East Broughton.

DEBATING SOCIETY ARRANGE BUSY PROGRAMME.  
An unusually active programme for the remainder of the academic year has been drawn up by the Literary and Debating Society of the University of Bishop's College, Lennoxville.

In February Bishop's will participate in the debates held annually by the Inter-University Debating League. A visiting team from New York University will debate against Bishop's in March and later a team from the University of Melbourne, Australia, will deliver a lecture at Bishop's. There are also the remaining inter-faculty debates for the Skinner Trophy besides the Common Room debates held every Thursday night. More parliamentary procedure will gradually be introduced to the latter in order to give students a chance to speak and to add them to debate more efficiently. Bishop's will also take part in the inter-university debates sponsored by the Canadian Radio Commission. The Eastern Canada section will begin its series on Friday, January 31st, when Bishop's will debate against Dalhousie University. The decision of the three judges will be broadcast on the following evening.

It is planned to organize a League of Nations Society at Bishop's in the near future. This group which will be independent of the Literary and Debating Society, will endeavor to maintain a record which League societies are carrying on in Canada, by helping Canadians to understand what the League has done in the past, is endeavoring at present, and the great possibilities which it possesses to ensure world peace.

EXCELLENT COLLECTION OF ROYAL FAMILY BOOKS  
The Sherbrooke Public Library has a good collection of books dealing with the Royal Family which, they have always been very popular, are of particular interest

## Social and Personal

Miss Donna Morgan, of Coaticook, is a guest of Miss Helen Turner at her home on Victoria street.

Miss Mildred Smith, of Waterville, is a guest of Mr. and Mrs. Penton Lothrop, Esplanade avenue, for a few days.

The many friends of Mrs. F. S. Mitchell, of Granby, will regret to hear that she is a patient in the Sherbrooke Hospital, where she underwent a serious operation.

Mr. Stewart Ewing, of Montreal, will be a guest for the week-end of Mr. James MacKinnon, of Victoria street.

Miss Mary Kearns, of Orillia, Ont., is a guest of Miss Evelyn Davies, "Howard Residence," Y. W. C. A., Moore street.

Congratulations are being extended today to Mr. James W. Campbell, Island street, on the occasion of his eighty-third birthday.

Miss Vena Aitchison, of Grimsby, Ont., who was called here by the illness of her sister, Mrs. F. S. Mitchell, of Granby, who is a patient in the Sherbrooke Hospital, is a guest of relatives during her stay in the city.

Miss Ruth Loomis, of Montreal, will spend the week-end with her mother, Mrs. W. E. Loomis, Ontario street. Miss Peggy Mansur, of Westmont, and Miss Frances Church, of Coaticook, will be guests for the week-end at the same home.

Mrs. Eric G. Adams and Miss Jean MacKinnon arrived from Montreal this morning, summoned by the sudden passing away of their father, Mr. George D. MacKinnon. Mrs. Thomas Fogden, of Toronto, will join her sisters at the earliest possible moment.

The Misses Mildred and May Longway entertained the members of the Young Women's Missionary Auxiliary of Trinity United Church very pleasantly at their home on Laurier avenue on Wednesday evening, when plans were made for a Valentine social. At the close of the pleasant gathering the hostesses served delicious refreshments.

Mrs. Fraser Armstrong and Mrs. G. D. Wadsworth were hostesses at the tea hour yesterday afternoon at the close of a meeting of the Women's Association in Plymouth United Church hall. Presiding at the tea table, which was centered with French flowers and pink and white candles, was Mrs. G. Ellery Read, with Mrs. Ogilvy assisting in serving. Mrs. J. A. Bourque, the newly elected president, was in charge of a brief business session, during which plans were made for a Valentine tea and musicale.

Members of St. Patrick's Guild, assembled in the church hall for their weekly tea and card party yesterday afternoon, at the suggestion of their president, Mrs. Henry Veilleux, observed a minute of silence, standing in loving tribute to the memory of a beloved Sovereign King George V of England and immediately afterwards raising the right hand in token of loyal allegiance to His Majesty King Edward VIII.

This spontaneous expression of sympathy and loyalty ended, the afternoon's regular programme was proceeded with. The hostesses were Mrs. M. Farrelly, Mrs. James McGivney, Mrs. J. Largie and Mrs. F. Shelly.

Lovely spring flowers and pink and green candles centered the pretty tea table, over which Mrs. T. Flaherty and Mrs. L. E. Chamberlain presided. At bridge the prizes were won by Mrs. H. Lamonde and Mrs. T. Lalonde and at "500" by Mrs. W. Davis and Mrs. A. Marcel.

Mrs. Louis Alphonse Taschereau, widow of Louis Alphonse Taschereau, formerly of the seigniorie of Saint Joseph de Beauce, was a Sister of Rev. Canon Larue, of St. Vincent de Paul Hospital.

Montreal, Jan. 23.—Mrs. Louis Alphonse Taschereau, widow of Louis Alphonse Taschereau, formerly of the seigniorie of Saint Joseph de Beauce, died here yesterday aged seventy-six years. She was a daughter of the late Edmond Larue, notary of Saint Antoine de Tilly.

She is survived by five sons, Alphonse, Auguste, Edmond, Henri and Joseph Taschereau; seven daughters, Mrs. Arthur Vallee, Mrs. Louis Taschereau, Mrs. Roch Arthur Vincent, and the Misses Gabrielle, Antoinette, Louise and Henriette Taschereau; three brothers, Joseph Larue, prothonotary at Quebec, Rev. Canon Larue, of Sherbrooke, and Dr. Damase Larue, of St. Germain; and three sisters, Mrs. O. Lauriat, Mrs. Jules Constantin and Mrs. A. Brien.

The funeral takes place on Saturday in Notre Dame de Lourdes Church here.

RAYON WASTE IS USED TO MANUFACTURE NEW GOODS  
Atlanta, Jan. 24.—Development of a process for manufacturing a new product closely resembling woollens from rayon waste was announced today by the Georgia School of Technology.

Professor W. Harry Vaughan, director of the institution's engineering experiment station, in describing the research carried on under the direction of Professor C. A. Jones, said: "The dress goods of the new yarn, possessing none of the silk-like appearance of rayon, already have been made and successfully dyed. Suitings and other woven and knitted materials were declared to be entirely practical."

now as the Empire mourns the passing of King George V and hails the accession of King Edward VIII.

Three books written during the 1935 Jubilee Year deal with the late King and his momentous reign, covering, as it turns out, all but the last few months of his life. "One of these is 'The King's Grace,' by John Buchan, now Lord Tweedsmuir, Governor-General of Canada. Another is 'The Reign of King George V,' by D. C. Somerwell; the third is a large volume edited by Sir Philip Gibbs under the title 'Book of the King's Jubilee,' containing some hundreds of illustrations of members of the Royal Family, leading figures in the King's reign and events throughout that period, as well as much descriptive writing.

Colonel Robert J. Blackham has written 'The Crown and the Kingdom, England's Royal Family,' an interesting work containing chapters dealing with all the principal royal personages of the times and beautifully illustrated.

There is a biography of the new King, 'The Prince of Wales,' by W. and L. Townsend, which now becomes of greater interest than ever.

Two volumes deal with the life of Queen Victoria, both by famous authors, Lytton Strachey and E. P. Benson. Benson has also written a life of King Edward VII, while there are two other books dealing with him, one by Sir Sidney Lee and the other by Edward Legge.

Other works in the library are 'H.R.H. the Duke of Connaught and Strathearn' by Sir George Aston; 'The Duchess of York,' by Lady Cynthia Asquith; and 'The Life Story of Princess Marina,' now the Duchess of Kent, by Grace Ellison. Besides these, there are several memoirs by more distant relatives of the Royal Family containing many interesting letters and notes about royalty.

The library has now ordered several other works along these lines, one being a life of Queen Mary. These are expected within a few weeks.

THE HOLDERS LOST DECISION TO EAST ANGUS

Pair of Goals Before First Period Was Two Minutes Old Started Black Shirts on Way to Three to Two Victory Over Maple Leafs which Gave Them League Leadership.

Two lightning-like thrusts, productive of a pair of tallies within forty-five seconds of one another in the first two minutes of play, started the East Angus Black Shirts on their way to an unexpected but fully deserved three to two victory over the Sherbrooke Maple Leafs in a scheduled Sherbrooke County Hockey League attraction in the Arena last night.

The East Angus defence was much stronger than they were against the Canadians here on Tuesday night when they registered the triumph which placed them one point ahead of the Leafs in the official standing.

The Leafs' second line, Laurent St. Michel, Lucien Lepage and Frankie Milton, was by far the most effective weapon in the Sherbrooke repertoire.

The second and third East Angus tallies were heart-breakers for Ernie Taylor. They bobbed over the goal line after the Leafs' netminder had partially blocked the bullet-like drives.

Matt Graham was full of business as usual. Seated beside the business phone in Norrey Price's office Matt wanted to collect a toll when Mike Stenson started look up numbers.

The crowd, which was below expectations because of the unfavorable weather conditions, was scarcely seated when East Angus opened the scoring.

It was an unexpected surprise, but nothing to compare to the shock which the Leafs and their supporters experienced fifty-five seconds later when the visitors went two up.

Then developed an argument over what appeared to be the Leafs' initial counter. Bernie dropped to block Gordon's shot and the puck went behind the East Angus goalie.

Finally the Leafs' offensive resulted in East Angus recording what ultimately proved to be the difference between victory and a draw.

FROM THE SIDELINES

Both teams lined up along the blue lines and the spectators stood with bowed heads during the silence in memory of the late King George V.

East Angus is one of the most loyal hockey towns in the Eastern Townships. Despite the short notice there were nearly two hundred fans on board the special train from the Paper Town.

Len O'Donnell directed the Leafs' play from the bench during the first period. He left to catch his train to Boston shortly after the second period.

There was another storm of protest against the refereeing for the second time in three nights. There were many infractions which escaped the attention of the officials.

There was a considerable furor over what the Leafs claimed should have been their initial goal at the start of the first period.

There was no doubt about the red light being turned on, but the goal umpire contended that he did not believe the puck had gone far enough in to be reckoned a goal.

Laurent St. Michel, playing his last game in a Maple Leaf uniform, and Lucien Lepage were the local "work horses." They remained on the ice more than half the game and it was not their fault that the Leafs were defeated.

The general consensus was that the East Angus victory was good for the League in general and the Leafs in particular.

The Maple Leaf defence, minus O'Donnell, was very weak. Two scoring plays went around Bob Dunsmore, while the third resulted when East Angus forwards found Syd Raycraft alone.

The East Angus players forgot to sign the C.A.H.A. sheet before they skated on for practice.

The second and third East Angus tallies were heart-breakers for Ernie Taylor. They bobbed over the goal line after the Leafs' netminder had partially blocked the bullet-like drives.

BOWLING

FOUR LEADING ENTRIES WON THREE-STRING VERDICTS

The results of this week's Industrial Bowling League fixtures caused no changes in the standing and, as a consequence, the Newsboys are still safely berthed in first position with a comfortable eight-string advantage over the second-place Modernist aggregation.

Four of this week's five fixtures ended in shutout triumphs as follows: The Newsboys over Canadian Silk Products; Modernist over Canadian National; Levesque over the Idealists, and the Bankers over St. Francis.

The detailed results were: Henry Kouri 101 121 138-404; W. Rawlins 138 209 161-508; O. Duperon 175 204 168-547; Harry Kouri 186 182 171-539; E. Holham 184 194 205-583.

LEVESQUE LEADS LADIES START SECOND HALF OF ST. ANDREW'S GUILD

The St. Andrew's Lady Amateurs recorded the highest team total in the opening games of the second half of the Y.W.C.A. Inter-Church Bowling League schedule.

Other winners of opening fixtures were St. Andrew's Guild over St. Peter's Go-Getters; Trinity Socials over Trinity Ramblers.

Miss C. Stewart of the Trinity Socials, had high scores of 114 and 195.

FOUR CANADIAN SECTION TEAMS IN CLOSE RACE

Three Points Separate First and Last Teams as Result of Americans Downing Toronto and Canadiens Tying Chicago - Detroit Increased Lead in American Group.

If there ever was a closer race in the National Hockey League than the one the Canadian division is providing at the moment the fans who stared pop-eyed at the stand-ings today would like some oldest inhabitant to produce the documents and prove it.

With half the schedule finished the teams are practically where they started last November.

Conny Smythe's team would have gone into the lead over the Montreal Maroons again had they won, but instead Red Dutton's Americans took the game by three to two.

Compared to the situation in the Canadian division, the Detroit Red Wings are walking away from the American section.

Playing without Charlie Conacher, who is injured, the Leafs lost their sixth game in seven last night by defeating the New York Rangers by four to two in Detroit.

Bill Thoms and Buzz Bell, high scorers among the Leafs now, gave the Toronto fans a comfortable lead.

CURLING

DR. BRADLEY AND A RAMSAY CHALKED UP VICTORIES

Dr. Fred Bradley and Allan Ramsay registered victories in the continuation of the McCrea Cup series last evening at the Sherbrooke Curling Club.

Dr. Bradley's quartette led Louis Rouleau's aggregation by eight to four, while Ramsay's four nosed out C. J. Moreau's rink by eight to seven.

F. N. Conner, F. E. Palmer, J. Thissen, G. Morgan, A. S. Cleary, M. McCullough, Dr. F. H. Bradley, L. J. Rouleau.

TWO LENNOXVILLE CUP PETITIONS

Rather one-sided scores featured the play in the President vs. Vice-President and the Ladies' Cup competitions at the Lennoxville Curling Club last evening.

In the former event, Ralph Fletcher skipped a quartette representing the vice-president to a seven-teen to four victory over Homer White's aggregation.

President Vice-President E. Gibby A. Finlayson; Dr. E. Henry R. McFadden; L. W. Atto F. McLean; H. P. White R. Fletcher.
