## CLC AND CCF TO TRY FORMING NEW PARTY

### Khrush's Itinerary Set

WASHINGTON (AP) — Nikita Khrushchev's American itinerary now is official, and it apparently sets the pattern for President Eisenhower's later visit to Russia.

#### At Kitimat

### Dief To Discuss Transport

VANCOUVER (CP) — Prime Minister Diefenbaker flies to Kitimat today to hear proposals by businessmen from central and northern British Columbia for improvement of transportation in the area and with the adjoining new state of Alaska.

Mr. Diefenbaker is visiting the aluminum centre, 350 miles north of here, to attend the annual convention of the Central B.C. Associated Boards of Trade and their Alaskan affiliates.

The Kitimat trip winds up a three-day visit to British Columbia during which Mr. Diefenbaker opened the Pacific National Exhibition here Saturday. He returns to Ottawa by air Tuesday.

The prime minister's only official engagement Sunday was a call by Victoria Mayor Percy Scourah for discussions on prospects of maintaining a Vancouver-Victoria ferry link this winter and getting more government contracts for B.C. shipyards.

#### MR. K AND NATO

At a press conference Sunday Mr. Diefenbaker said it is unfortunate that Premier Khrushchev of Russia cannot visit Canada during his forthcoming trip to the United States because he would have been given an idea of Canada's objectives in its membership of NATO.

He said the U.S. visit will serve good purpose in enabling the Soviet premier to correct some of his misconceptions about political, economic and social life here.

The prime minister said that if he had been able to meet Mr. Khrushchev he would have made it clear that Canada supports the declaration of NATO government heads made in Paris two years ago on the position of the countries under Communist rule.

#### Foil Prison Break

NICOSIA, Cyprus (Reuters)—Alert guards Sunday foiled a mass break from Nicosia's central prison by nabbing the first four convicts who climbed over the 15-foot wall. About 200 other prisoners were waiting behind to make the jump to freedom. The trouble began when a prisoners' delegation met an officer to complain about the food.

those of Russian Deputy Premier Frol Kozlov and Vice-President Richard Nixon—have been on a strictly tit-for-tat basis.

It is generally understood in diplomatic circles that the exchange between Eisenhower and the Soviet premier will be in the same vein.

Khrushchev's U.S. itinerary ends with a second stop in Washington. There had been some earlier speculation that Khrushchev might visit Alaska and go back by way of Communist China. But the schedule, released during the weekend, rules that out. He is scheduled to fly directly to Russia.

#### TWO DAYS AT WHITE HOUSE

Khrushchev will come to Washington first on Sept. 15 for two days of official visiting at the White House. He will address the

National Press Club and answer questions in a televised program on the 16th.

He will go to New York Sept. 17-18, where he will address the United Nations General Assembly.

Los Angeles is next, Sept. 19, and San Francisco Sept. 20-21. Sept. 22-23 are to be spent at Des Moines, Iowa, with side trips to Ames, Iowa, and probably to the farm of Roswell Garst at Coon Rapids, Iowa.

Khrushchev will go to Pittsburgh Sept. 24 and probably will return that evening to Washington for three more days.

Eisenhower's visit to Russia is still in the planning stage. The time for it has not yet been announced. But it is likely to follow the same pattern as Khrushchev's American tour.

### Eight Prisoners Die In New Jersey Fire

TOMS RIVER, N. J. (AP)—Eight terrified prisoners were killed Sunday when fire erupted at a county jail and trapped them in their second-floor cells.

Twelve other persons were injured, prisoners and rescuers alike.

Seven of the victims died of smoke poisoning while the eighth was burned to death in a padded cell.

The victims included one man serving 90 days for disorderly conduct. Others awaited disposition of charges that included murder, rape, larceny and forgery.

Sheriff Harry Roe said the fire began in the portable, padded cell in a second-floor corridor of the two-story brick building.

#### ORIGIN UNKNOWN

But he didn't know how. He said prisoners are not permitted

to have matches and each prisoner is searched before admission.

A fight among several prisoners in a first-floor cellblock preceded the fire. Guards were trying to break it up when the fire was noticed by one of the prisoners, who yelled a warning.

The victim of the padded cell was "general" Petersen, 35, arrested the day before on a charge of being drunk and disorderly. He was to have been transferred to a mental institution later in the day.

Sixty-five prisoners were in the jail, which the sheriff said is supposed to house only 28.

Gerard Lau, 40, a shipfitter stationed with the naval air reserve training unit at Freeport, N.Y., was seated on the front porch of his father's house across the street from the jail when the fire broke out.

Lau raced for the jail when he heard the prisoners yelling. He ran to the second floor but was blown downstairs by an explosion. He crawled out critically burned.

One of the dead was Richard Caville, 22, held without bail and charged with murdering his 22-month-old daughter, Deborah. The surviving prisoners were transferred to county jails at Trenton, Freehold and New Brunswick and to jails in other localities.

### Want Free Ride To Crematorium?

SOUTHPORT, England (AP)—Who wants a free ride to a crematorium?

Just come to Southport, but hurry. The offer is good only for the next two days.

The city council is providing buses for rides to the new \$179,000 crematorium, a rustic brick building in a valley of trees and shrubs on the outskirts of Southport.

Councilmen expect at least 2,000 people to take them up on the offer.

Explained councilman Walter Prescott: "We are proud of our new crematorium and we want people to see it."

#### Fatal Landslides

TOKYO (AP)—Twelve persons were killed and four reported missing Sunday in landslides caused by heavy rains on the Japan seacoast of Western Honshu.

### Conflicting Outlooks Must Be Reconciled In "Seminar" Session

OTTAWA — (CP) — Political eyes are turned on Winnipeg this week where the downtrodden CCF and the potent Canadian Labor Congress will try to forge the basis of a new party.

It could be a threat to the high-riding Progressive Conservatives and to the Liberals. It could be a flop.

What happens to the political future of the proposed left-of-centre group largely depends on how adroitly matters are handled by back-room strategists at what is described as a three-day "seminar" opening Friday.

Conflicting outlooks will have to be reconciled. Possibly, the CCF adherents will have to do some backing away from Socialist dogma to gain the support of unionists—and there are many of them ably to the Socialist idea.

Financial and moral support of the old Canadian Congress of Labor for the CCF proved no real help nationally. CCF candidates got whipped regularly in labor ridings, with scattered exceptions.

Now, the congress with about 1,100,000 members has gone on record as favoring a "broadly based people's political movement."

It would embrace, according to a resolution adopted last year by the congress, the CCF, the labor movement, farm organizations, professional people and "other liberally-minded persons."

At all events, the groups that the new party would appeal to are those "interested in basic social reform and reconstruction through our parliamentary system of government."

On the face of it, they would appear to be roughly the same people that the two larger parties are appealing to, and with considerably more success than the CCF.

## NY Street Battle Kills Girl

NEW YORK (AP)—A church-sponsored truce between street gangs on Manhattan's Lower East Side came to a bloody end Sunday night, leaving a 15-year-old Negro girl dead and six other teen-agers injured.

The girl, Theresa Gee, said to be the sweetheart of one of the gang leaders, was cut down on the street by bullets from a passing car.

Police believe the trouble started when one gang, the Sportsmen, invaded the area claimed by another gang, the Forsyth Street boys. The move set off a chain reaction of violence.

#### NEGROES, PUERTO RICANS

Both gangs were made up of Negroes and Puerto Ricans, police said.

The two gangs met head on, and Julio Rosario, 14, was stabbed in the back. A bystander, Manuel Cintron, 11, was shot in the face. Both were taken to hospital in serious condition.

Thirteen blocks away, about 20

youths and girls lounged on a street corner. Nearby a street preacher was holding forth. Half an hour after the first clash in what police say was a reprisal raid, a car cruised by the corner and six shots rang out.

The Gee girl, said to be the girl friend of the Sportsmen's leader, fell dead on the sidewalk, shot in the head. Another girl, Ernestine Singleton, 15, was shot in the leg. Robert Combs, 16, was wounded by another bullet.

#### BULLET IN HIP

A few minutes later, in another neighborhood, Luis Santos, 17, dropped with a bullet in his hip. He told police he was shot

as he left a movie theatre.

Soon after that, police said, a group of Sportsmen found Luis Morales, 15, said to be a former member of the Forsyth Street boys, walking with a Negro girl.

He told police the five Negro youths slapped the girl around, then dragged him into a hallway and slugged him repeatedly. He was taken to hospital.

It was the first serious gang violence on the Lower East Side in three years. That was when the gangs agreed to a truce, arranged by an Episcopalian (Anglican) minister, who brought the gang leaders together to settle existing differences.

## Fire-Trapped Children Cry To Helpless Dad

VERONA, Ont. (CP)—Frantic cries of "Daddy, daddy" were the last words William Gault heard from his two youngest daughters before they died in their blazing second-floor bedroom.

Greta May 5, and Mary, 8, died Saturday night while their parents and neighbors vainly tried to get through the flames to save them.

The fire destroyed the two-story frame home on the edge of Rock Lake beside this village 20 miles north of Kingston.

An investigator from the Ontario fire marshal's office was to examine the ruins today in an effort to determine the cause of the blaze.

The Gaults, who moved here six weeks ago after fire destroyed their home at McLeod Lake, B.C., had only time to lead their six-year-old son, Bill, from the house before the flames took hold on the first floor. The three other Gault children were in the village at the time.

Mr. Gault tearfully recalled the last moments the two girls were alive.

"They had called downstairs to ask if they could read comic books for a while. I said they could and told them to turn on the light. They had to stand on the bed to turn the light on and then I heard them scream 'Daddy! daddy!'"

"I ran upstairs but their room was filled with flames. I tried again and again but the heat was just too much for me."

Mrs. Gault, sick and awaiting a hospital bed, followed her husband upstairs, then got a pail of water and threw it into the burning room.

"But it was just no use. There was fire everywhere in the room."

## Six Convicts Escape; Two At Large

FORT MADISON, Iowa (AP)—Six convicts sawed their way out of the state penitentiary Sunday during prison church services. Two still were at large today.

It was the second time in less than three months that convicts—armed with homemade knives—had cut through the bars.

Warden John Bennett said he had "asked time and again for new cell windows, but neither the governor nor the legislature has done anything about it."

"This is damned embarrassing," the warden added.

"Those guys . . . knew they could cut through the bars, after those four convicts did it last June."

Three of Sunday's escapees surrendered without a struggle after holding a minister's wife, her two children and a neighbor boy at knife point for 2½ hours. The fourth was captured in the woods near the prison shortly after the 9 a.m. break.

A house-by-house search was launched for the two at large.

## She Flies Thru' The Air — To Cut Her Wedding Cake

KING'S LYNN, England (AP)—Margaret Smith, an 18-year-old bride, cut her wedding cake while hanging by her toes from a trapeze 45 feet above the ground Saturday.

Bridegroom Peter Brasnet, 24, dangled at her side.

It wasn't that the heat got them. They are trapeze partners in a circus act.

## 48 Fatalities Over Weekend

Weekend traffic accidents in Canada claimed at least 48 lives. Twelve drownings and the death of two sisters in a fire in Ontario raised the nation's toll to 62.

A Canadian Press survey shows Ontario recorded the highest fatality count with 25 fatal accidents — 18 in traffic, five by drowning and the two deaths by fire.

Quebec followed with 22 deaths — 17 in traffic and five by drowning.

Nova Scotia, Prince Edward Island, New Brunswick and Manitoba were reported fatality-free. British Columbia had eight deaths, all by traffic.

The survey includes violent deaths and other fatal accidents connected with holiday activities in the period beginning at 6 p.m. local time Friday and ending at midnight Sunday.

Saskatchewan and Alberta each recorded two deaths and both were in highway mishaps.

Newfoundland registered two drownings and one traffic fatality.

## College Girl Stabbed To Death

LOS ANGELES (AP)—A college girl was found near the University of Southern California campus Sunday night, nude and bleeding to death from a stab wound in the chest.

Police said she was Linda Edna Martin, 21, a music major. She died shortly after officers arrived in answer to a report that a woman was screaming in the vicinity.

The girl was lying at the foot of 13 steps at an apartment building a few blocks from the university.

G. Robert Kinzie, 27, a graduate art student, told police Inspector Tom Reddin he and Miss Martin planned to marry this year. Kinzie has an apartment in the building. He said she had a key to his apartment and breakfasted with him there Sunday morning.

Reddin said it appeared the girl had been attacked in the apartment, with splashes of blood on the wall and stairway marking her flight. Her clothes were hanging in a closet.

Kinzie arrived at the scene with three fellow students. They told police they had been to a laundromat and had stopped in Hollywood for coffee. Kinzie was questioned and released.

## Man Charged In Shoelace Death

PERCE, Que.—Camille Lantin, 22, of Pabos Mills was arraigned Friday on a charge of murder in connection with the shoelace death Aug. 8 of a 14-year-old boy.

Judge Joseph Duguay remanded Lantin to jail until his preliminary hearing Thursday.

Arthur Grenier of Pabos Mills was found in a ditch near Baie des Chaleurs two days after he failed to return to his home. An autopsy showed the boy had been struck on the head and strangled with one of his shoelaces.

Perce is 300 miles northeast of Quebec City.

## Commies Advance In Laos

VIENTIANE, Laos (AP)—Government troops have surrendered to Communist rebels two points only 60 and 50 miles from this Laotian capital. Fighting spread toward the centre of the southeast Asia kingdom during the weekend.

Reliable sources said the rebel advance is threatening strategic communications and supply routes between Vientiane and the south.

Red partisans are reported to have launched a surprise attack Saturday on a military and police post near Pak Sane, 60 miles east of Vientiane, and after several hours of fighting forced government forces to withdraw.

Sop Vieng, a town about 50 miles northeast of Vientiane, was captured by rebels Friday, the sources said.

The defence ministry did not confirm the reports, saying the foreign ministry had ordered that no further communiques be issued about Laos' struggle against pressure from North Viet Nam and Communist China. The rebels are pro-Communist Laotians who have been trained and equipped by the North Vietnamese.

The sporadic fighting that started late in July had until now been largely confined to the northern provinces of Sam Neua and Phong Saly.

The government has placed the rebel strength in the north at 2,500. They operate in bands of 150 to 200 men. Another 1,000 are said to have infiltrated into the southern provinces of Luang Prabang and Savannakhet.

About 20 per cent of Sam Neua is reported under Communist control. Defence Secretary Col. Phoumi Nosavan has said the city of Sam Neua can be held against rebel attacks but indicated there is little hope of holding much else in the province.

## Church Split

### Eastern Orthodox And RC's

RHODES, Greece (Reuters)—Leaders of the Eastern Orthodox churches decided today to discontinue temporarily all contacts with the Roman Catholic observers at the conference of the World Council of Churches.

A statement issued after a private meeting said "some misunderstanding and great exaggerations" had appeared regarding what was "a friendly talk" between Orthodox members and Roman Catholic guests at the conference.

The statement was signed by Bishop Iakovos, representative of the Orthodox Patriarch of Con-

stantinople, and Prof. Basil Ioannides of the Greek arrangements committee.

They had the informal meeting with two Roman Catholic priests, Rev. Jean Dumont of France and Rev. J. G. M. Williebrants of The Netherlands.

#### ROUSED RESENTMENT

Observers here said their private agreement to arrange a lay theological conference next year in Venice to discuss differences between the Roman Catholic and Eastern Orthodox churches had aroused widespread resentment among Protestant and Anglican members of the world council.

The orthodox leaders issued the statement in an effort to calm the uneasy atmosphere. It said:

"We were very surprised by some misunderstandings and great exaggerations which appeared in the press in connection with a friendly talk between Orthodox members and Roman Catholic guests at the present meeting of the central committee of the WCC."

Authoritative Vatican quarters said today they thought Pope John would welcome a meeting between the Roman Catholic and Eastern Orthodox churches, which split nine centuries ago, to discuss their problems.

Mrs. Aulis reported for the membership committee, revealing that the membership tickets for the current year were ready for distribution and would be available to members at the first meeting in September, which will be a supper meeting.

Mr. Fraser gave a financial report and Mr. Engelhardt outlined the plans for a variety program to be held Oct. 23rd, as a fund raising project.

Mr. Beerworth outlined plans of the program committee for a few of the proposed six meetings to be held during the coming months. It is hoped that the Association may again lend its support to a dental clinic project for the children and further details will be available at the general meeting. The opening meeting will enable members and prospective members to meet the new principal and other members of the staff.

Other items discussed were suggestions for Association participation in additions to the school library, operation of the school rink if funds permit and possibly some effort towards obtaining scholarships for pupils obtaining high standing during the year. The need for filling the vacant office of vice-president was discussed and it was left with the president to approach a suggested candidate for the office. A request for improved water and sewer facilities on St. Jacques Street South was received and will be studied. Over five hundred feet of piping will be required for this project. Re-painting of the street traffic lines will be carried out shortly and twenty gallons of paint will be required for the task.

The Council and the Proprietors League of Coaticook are to study a proposal for a new plan of taxation to encourage the building of new dwellings. It is suggested that for the first year after construction no tax would be paid, the second year the tax would be twenty percent, the third year and for the succeeding three years the tax would be forty percent and then full rate thereafter.

The Council accepted the withdrawal of an intended referendum to decide on the permission to build a milk bar within a residential area, when the person concerned decided not to build.

The Council adopted a proposal for the construction of sewers on Sherbrooke and Lemay Streets. Mayor Cameron emphasised that the cost of resurfacing Main and Child Streets was to be born by the Provincial Government not by the Town, the only expense for the latter being the cost of preparing the streets for the paving.

## Two Children Killed At Week-end

Two more children lost their lives in Eastern Townships traffic accidents over the week-end, a 13-year-old boy near Drummondville and a one-year-old girl near Princeville.

Rene Mailhot, son of Mr. and Mrs. Armand Mailhot, of St. Cyrille, a village near Drummondville, was instantly killed Saturday afternoon when the bicycle he was riding was struck by a car near his home.

Police identified the driver as Elphese Lemire, 42, of St. Charles de Drummond.

Ahead-on collision on the highway between Victoriaville and Princeville claimed the life of one-year-old Andree Ramsay and brought injury to four other persons.

Injured were the child's parents, Mr. and Mrs. Gaston Ramsay, and Mrs. Renaud Emond, all occupants of the car driven by Mr. Ramsay, and Herve Baril, driver of the second car, also of Princeville.

A third Eastern Townships person also met violent death, the victim being Rodolphe Masson, 50, of Granby, killed when his car collided with a truck near Rigaud, 30 miles west of Montreal.

Also injured in this crash were two other Granby men, Edouard Martin, 52, and Andre Leroux.

The truck driver, Roland Larocque, of Ville Jacques Cartier, reportedly was uninjured.

Several other persons were injured in a series of accidents in the Sherbrooke area.

A patient being rushed to a Montreal hospital had his trip somewhat delayed when the ambulance transporting him crashed into a car at the corner of King and Belvidere street. The motor subsequently caught fire.

The patient, Rev. Father George Rivard, of the Redemptorist Order, who was accompanied by Rev. Father Romuld Label, was later moved to the metropolis by another ambulance.

Paul H. Bourignon was driver of the second vehicle.

Mrs. Anatole Beaulieu of Sherbrooke was taken to hospital Saturday night suffering from injuries received when the car driven by her husband collided with a truck owned by Samuel Saunders, of Bromptonville, and driven by the latter's 19-year-old son, Bernard.

The accident occurred at the intersection of Park and Mount Pleasant streets.

Also in the Beaulieu car were their children, Maria, two, and Richard, seven, but they were unhurt. Mrs. Beaulieu's injuries were not serious.

Two Bromptonville residents, Mr. and Mrs. Paul Lemire, are in Hotel Dieu hospital with severe injuries received when their car was involved in a three-way

**DANVILLE CRASH** — A hit-and-run driver caused considerable damage when his car knocked down a power and telephone lines pole Sunday morning, on Water Street, Danville. Telephone and Power linesmen spent the night and morning in repairing the damage. Seven telephone lines were temporarily out-of-order but the power was not "cut". Two transformers were destroyed, as one fell to the ground and the other blew open. (Record Photo by Wm. H. Lunan)

### Granby Police Again Attack Ex-sergeant

GRANBY, Que. — The Granby Policemen's Brotherhood reaffirmed in a statement Saturday its expulsion of a police sergeant who helped firemen fight an apartment fire on his own time.

The brotherhood recently expelled Sgt. Valmore Viens for breaking brotherhood rules on police off-duty aid at fires. Sgt. Viens later was made a fire department captain and praised by civic officials.

The brotherhood said all its members, including Sgt. Viens, had signed an agreement last April refusing to act as voluntary firemen outside their regular working hours.

"If Sgt. Viens, by his work as a fireman outside his regular working hours, had contributed to save a human life or had stopped a dangerous blaze, the police brotherhood would have been the first to congratulate him for his courage," the statement said.

"However in this case, after noticing upon his arrival that the premises were evacuated and that the fire was under control, he should have returned to his home and let the firemen finish the job."

### MOUNTAIN PARK

The first of Canada's national parks, the Banff park in Alberta was established in the Rockies in 1885.

## Blast Wrecks House

An explosion, believed caused by an oil furnace, wrought heavy damage this morning at the home of Mr. Armand Nadeau, 129 10th Ave. S.

At the moment of the explosion no one was in the home and no injuries were reported. However, the building itself was shifted on its foundation six inches or more. Windows were blown out and broken glass was widely scattered.

According to a fire department report early today, Mr. Nadeau had turned on the oil furnace and a few minutes later it exploded, leaving the house a wreck. Firemen said that the inside of the house was a total loss.

Estimates on the damage were unavailable.

Firemen from Nos. 1 and 4 stations answered the call at 7:50 a.m., but no fire broke out.

## First Layoffs Effected At Richmond Plant

RICHMOND — Confirming a news report of last week, the National Hosiery Mill in Richmond has started laying off employees with the shutting off of three machines last Friday. This has affected six employees.

In a letter sent to the local plant by headquarters in Hamilton, the company president stated that the mill will be closed down in stages.

The decision for the shutdown is due to the decrease in use of full-fashioned hosiery, and by the insistent and growing demand by the public for seamless nylon hose.

With the eventual closing of the local plant, 70 employees will be out of work.

### FISH SCIENTISTS

The fisheries research board of Canada, scientific section of the federal fisheries department, was established in 1937.

## Provincial Aid For Town Planning

GRANBY — Provincial government assistance for a province-wide town planning project was urged at a closed meeting of some 20 mayors from small parts of the Province held here over the week-end.

In addition to approving a resolution to this effect, the mayors, attending the special session of the Union of Quebec Municipalities, also urged that the province modify the laws respecting speed limits on the highways at the outskirts of municipalities.

Certain changes were also made in the executive, Mayor Rodolphe Caouette, of Thetford Mines, being named first vice-president, and Mayor Roland Theoret, of Gatineau Point, being named a director.

STANSTEAD — The week-end marked the silver anniversary of the Stanstead Ursuline convent alumnae, with appropriate celebration. It also marked the 75th anniversary of the establishment of the Convent in Stanstead in June 1884.

For many from a distance the celebration began on Saturday, and the visitors were overnight guests at the Convent, greeting old school mates after being royally received by the Reverend Sisters.

Sunday morning the weather was perfect and many more came for the reunion.

Mass was celebrated at 11 a.m. by Mgr. Martin Lajeunesse, a friend of the Convent for nearly 25 years. For the occasion the Sanctuary was adorned with multicolored gladioli and ferns.

At noon a turkey dinner was served in the dining room by the Reverend Sisters, and left nothing to be desired. The tables were effective with white linen covers, adorned with bowls of flowers

and lighted tapers. The head table where the Alumnae were seated was decorated with anniversary candles and sweet peas.

For an hour the visitors visited the beautiful gardens and the Shrines, several paid their respects to the Reverend Sisters who have died and are buried in the Convent cemetery.

At two o'clock all assembled in the auditorium for a program, opened by Mrs. Eric Bethel and Mrs. L. R. Waterman playing a piano duet, "The Hunt of the Lions."

"The song of the Rally" was sung by all the group, and followed by welcome in French by the Alumnae president, Miss M. A. Genest, and in English by Mrs. L. R. Waterman.

The speakers made reference to the changes which have come about in the past 25 years in the life of the Convent and personally, and paid tribute to the Reverend Sisters and the sacrifices they make for the Convent benefits. Mrs. Waterman also paid a high tribute to the Alumnae

**COOKSHIRE** — Sunny skies and warm temperatures paved the way for some 5,000 people in the most successful opening day in five years of the annual Compton County Fair which opened yesterday at the Fair Grounds here.

Attendance had hit the 4,000 mark by early afternoon with many more entering later in the day and evening. Judging yesterday was confined to cooking and handicrafts in the Women's Institute building while a short special prize list, including potato races for the youngsters took place in the afternoon.

One of the highlights of the exhibition in the main building was the display of handicrafts and manufactured articles produced in the county. Downstairs in the main building, the Southern Canada Pottery Co. display featured a variety of modern homemaker appliances as well as lighting equipment for farms.

The only spot marred by a perfect day was the inability of the Gastoni attraction to make an appearance. Closing on Saturday night at the Ottawa Exhibition, their heavy trucks were not permitted on the highway Sunday. However, they will be making their scheduled appearance today.

As usual the T. Green midway was the centre of attraction for the crowds. Tempted by the mouth-watering odor of sizzling hamburgers and hot dogs, the sight of clouds of candy floss and chocolate-coated ice cream groups of two, three, dozens and even more, roamed the grounds, listening to the unending chant of the carneys at their booths.

In the main building, following the judging of the cooking and handicrafts, the winner of the Sherbrooke Daily Record Trophy for cooking, Mrs. Kenneth Johnston, from Bulwer, was announced.

Over by the cattle stalls, Fair vice-president Art Bennett stated that six classes of cattle were entered, the highest number for some years. Included in the entries were Ayrshires, Aberdeen-Angus, Jerseys, Holsteins.

### Fleet "Sees" Ice

LONDON (Reuters) — Russia's Arctic fleet will soon be using special television apparatus to "see" ice conditions over a distance of 40 to 50 miles, the Soviet news agency Tass said Saturday.

**SHERBROOKE RECORD TROPHY WINNER** — Mrs. Kenneth Johnston, of Bulwer, is pictured above with her prize-winning entry for the Sherbrooke Daily Record Trophy, awarded for cooking, judged yesterday at the Compton County Fair.

### Herefords and Shorthorns

Today, the judging is highlighted by Red And White Day, the annual inter-county judging competition for Ayrshires. Also on the program for the day is the judging of the heavy and light horses.

Judging not completed today will carry on into tomorrow, the last day of the fair.

## Something To Consider

For the half-million New Yorkers affected by the city's recent partial power failure, the experience was uncomfortable, crippling, here and there dangerous to health and life, often adventurous and funny.

But what was really frightening was the utility company's statement that the power system might have suffered a breakdown that could have lasted for months instead of 13 hours.

The failure was caused by the burning out of seven feeder lines. Had another 13 gone, a huge area of one of the world's largest cities would have

been blighted and blacked out well into fall.

The lesson, often spoken but seldom felt, is how crucially dependent our great cities are upon electric power facilities. It gives serious pause to those who scoff at the damage which could be wrought by enemy saboteurs, as well as enemy bombs, in time of crisis.

Obviously, if a careful, expert wrecking job is done to the right place, it wouldn't take a single bomb to paralyze an immense amount of activity vital to our survival at the crucial moment.

## Undemocratic Cigaretts

Of all the institutions of the free world, none is more democratic in North America than the cigaret.

Native cigaretts are the same for presidents and prime ministers as they are for factory workers and farmers. They cost the same, taste the same and look the same.

This is not the situation, however, in the USSR — a so-called people's democracy.

There are two broad types of cigaretts — one type for Party bigwigs and export, and another for the proletariat.

The first are circulated only among the higher echelons of the party. They

are oval-shaped, rich, pungent-tasting smokes, rolled in fine white paper, and often tipped with gold.

Ordinary cigaretts for ordinary Russians are something else again. They have been described as "old hay wrapped in newspaper." The Russian people, it is said, get used to them, but they never get around to liking them.

The Soviets have been talking a great deal about catching up to the West's standard of living soon. Whatever else they may do, the standard will never be the same as long as the Russians still have their cigaretts of class distinction.

## Heave-Ho

Britain's nationalized Coal Board recently published a 64-page manual on the art of coal shovelling.

Solemnly, it advises shovellers to first examine the shovel, approach the coal, grasp the shovel, make a forward stroke and then approach the load.

It concludes: "Swing the shovel in the direction in which the load is to be thrown."

That last instruction, no doubt, is for the benefit of all those readers who have hitherto swung their loaded shovels in the OTHER direction . . .

## Letter To The Editor

SIR: With reference to the article taken from The Financial Times entitled "Debt Liquidation in British Columbia," and published in your issue of Aug. 19, I would like to quote the following article from the Financial Post, entitled "Fun and Games at Kelowna" which is self-explanatory. The article reads:

"With the help of beauty queens, high-kicking drum majorettes and a torrent of hoopla, B.C.'s Premier Bennett this week in Kelowna solemnly shot a flaming arrow at a floating barge containing piles of redeemed B.C. bonds. They symbolized the last of the province's own funded debt.

"The arrow bounced into the water and the bonds had to be set on fire by a less dramatic but more reliable torch. Ogoogo, Kelowna's monster, was reported singed but safe.

"Now that the captains and kings of Social Credit have departed from Kelowna, the ques-

tion still stands: Is B.C. really debt free? To quote Eliza Doolittle: Not bloody likely.

"Premier Bennett has fulfilled his election-time promise to make B.C. free of direct debt. Since 1952, when Social Credit took office in B.C., the province has incurred no direct debt — that is debt in the name of the province.

"But there's a catch. Borrowing by agencies of the provincial government has soared from negligible proportions to \$450 million — indirect debt guaranteed by the province.

"Result: Direct plus indirect debt increased on a per capita basis by 58% between 1952 and 1958 or by more than it did in any province, except Ontario and Newfoundland.

"It's standard practice for provinces to incur indirect debt — note hydro-electric power commissions — but no one else has gone as far as Mr. Bennett, nor pretended as much.

"As any investor would point out, what's important is a province's overall debt position, not just its total of direct government debt — or lack of it.

"Burning the direct debt and declaring the province debt free is fun and games. What's important is that Mr. Bennett must not fool himself into be-

lieving this malarkey." It is fundamental in the investment business to consider the indirect debt — as well as the direct debt — in arriving at a credit rating for the province as a corporation.

All the editorial opinion I have read regarding this bond-burning episode has been critical of the claims of Premier Bennett, apart from the editorial in The Financial Times.

Douglas Ross, Lennoxville, Que.

TOO OLD FOR SENATE? (Vancouver Sun) Come, come, General Pearek.

Too old for Canada's Senate? At 71?

That's hardly cricket, you know. Not with the 45-odd old age pensioners who belong to our august Upper House.

And what does it make of the 17 senators who are 80 or over?

Don't be discouraged, General, by what you call "the policy of the Prime Minister to have younger men in the Senate." Since taking over, he's appointed a couple of men older than you.

## Nehru's Biography

### Widely Discussed In India

NEW DELHI (CP) — McGill Professor Michael Brecher's newly published biography of Prime Minister Nehru is one of the most discussed books of the year in India.

Nearly every prominent newspaper and magazine has either printed lengthy reviews or editorials on the 700-page work, titled Nehru: A Political Biography, by the 34-year-old associate professor of political science.

The Hindustan Times of New Delhi, describing the book's publication as "an important event," carries two reviews by English critics. The newspaper calls the book important "because it is an exhaustive study of the man who has dominated the Indian political scene . . . for the last 40 years."

While gathering material on study fellowships to India, mostly in 1955-56, Brecher had several long private interviews with Nehru. During his research he also met leading Indian politicians as well as Earl Attlee, British prime minister when India gained independence, and Earl Mountbatten, last viceroy of British India.

The Statesman, influential independent Calcutta daily, says the author "gives as full a picture of the man and his time as we have seen." It adds:

"What Professor Brecher has done is to retell the story of Mr. Nehru and the Congress. Let alone foreigners, for whom the book may be primarily intended, many young Indians are unlikely to know in detail the story of the country's struggle for independence, while it is possible even the old have forgotten parts of the story."

The Times of India, Bombay, in a review more critical of Nehru than the biography, says: "It speaks of the great fact of Prof. Michael Brecher that in his biography of Mr. Nehru he is quite frank without in any way appearing impolite. He is courteous but he has a finger always pointed at the dark shadow which falls between Mr. Nehru's words and deeds."

In sharp contrast, the National Herald of Lucknow, founded by Nehru himself, says in an editorial the work is already out of date and its "analysis is cliché-

ridden." Acknowledging that Brecher personally is sympathetic to his subject and tried to understand the complex background, the newspaper continues: "Nehru will continue to baffle McGill professors and Boston publishers and Mr. Brecher makes the usual mistake of saying everything possible about Nehru in his wordy, windy biography and saying nothing worthwhile in the process."

The independent Sunday Tribune of Ambala, Punjab's only English-language newspaper, used the book's publication to air its own views on the prime minister in an editorial. It says the "well-documented and painstaking" biography is among the latest contributions to the debate on the future of India after Nehru, a discussion which it considers "inevitable," although a "futile pursuit" at this stage.

Among weeklies, the leftist Blitz of Bombay, probably the most outspoken journal in the country, says "among the many books which have appeared about Nehru, this is certainly the most convincing so far, because it panders neither to popular appeal nor to the vanity of the main character."

"Although he (Brecher) is a foreigner and visited India for comparatively short periods, he mastered the complex social political patterns about the intricate Indian character with a facility not given even to many of those who belong to the country."

In the same vein, Shankar's Weekly, the nearest Indian equivalent to the British Punch, says Brecher "is fairer perhaps than most Indians in his place" as "he has scrupulously kept to the facts, renounced interpretation, avoided personal prejudices in the most commendable manner."

The weekly says although the book is not the last word on Nehru, it is "an excellent record of the immediate past and Mr. Brecher deserves unstinting gratitude for the good work he has done."

THE BIG TWO (London Observer) The news that the heads of Government of the United States and the Soviet Union are to exchange visits is good. The constrictions of "alliance diplomacy" have been pointed out by Mr. George Kennan in America and by the Economist here.

General de Gaulle had actually been trying, by blackmail-

ing the Americans through his control of French airfields, to increase France's hold on American policy — not only in this hemisphere but in Asia, too.

The small fact that Mr. Eisenhower will not be meeting his Western allies all together at a "Western summit," but will call on them individually, before the exchange of visits with Mr. Khrushchev, may be a polite indication that he will not submit his policy wholly to their committee control.

NOW FOR CONCERTED ACTION

## Sudbury Man Owner Of Three Valuable Books

SUDBURY, Ont. (CP) — Hugo Shaw has a literary problem with an international flavor.

Mr. Shaw believes he may be the owner of a 300-year-old set of three books on the English Civil War, 1642-1649. The books were printed in Paris and stolen from a Confederate mansion by Union soldiers during the American Civil War.

The books were written by Lord Clarendon, chancellor to Charles II. But Mr. Shaw can offer no explanation on how they came to America.

The books came into Mr. Shaw's possession through his mother whose father was a captain in the Union army.

"My grandfather refused to say how he got them," says Mr. Shaw. "But knowing his enthusiasm as a collector and that he fought in the war between the states, I wouldn't mind betting he picked them up when some southern mansion was raided."

In 1889, a Smithsonian Institute librarian valued the books at \$500 a volume, but Mr. Shaw estimates the three may be worth \$5,000 to a collector.

The Americans through his control of French airfields, to increase France's hold on American policy — not only in this hemisphere but in Asia, too.

The small fact that Mr. Eisenhower will not be meeting his Western allies all together at a "Western summit," but will call on them individually, before the exchange of visits with Mr. Khrushchev, may be a polite indication that he will not submit his policy wholly to their committee control.

## JACOBY On Bridge

SOUTH AVOIDS SLAM HOOK

Today's hand makes exactly five hearts. It was played in the Republic of Texas tournament in Fort Worth and most players simply stopped at four hearts and made five. A couple of pairs landed in the slam and went down since there was no way to avoid the loss of a club trick and the ace of trumps.

The bidding in the box shows how one North-South pair was able to explore slam possibilities and then get off the hook at a safe five contract.

The heart opening and the jump to three are normal. Even though he held only 13 high card points North was definitely interested in a slam and bid four clubs to show the ace. South merely bid four hearts; he had a minimum jump and wanted to sign off.

Now North went past game with a four-spade bid and South responded five diamonds to show that ace.

The ace of diamonds was the one card North did not want to hear about. It could do him no real good and because South had already shown a minimum jump raise by his four-heart bid, North signed off at five hearts.

## BULBS AND FRIENDSHIP

(Cornwall Standard-Freeholder) Canadians last year spent almost a million and a half dollars on flower bulbs from The Netherlands.

The record order make Canadians the highest per capita importers of Dutch bulbs in the world.

Thus, Canada shared in one of the oldest and most lucrative branches of Dutch agriculture which now employs about 9,000 farmers on 20,000 acres of land. The move also helps to cement the warm relations with the Dutch people launched when Canadian soldiers marched in to free Holland during the last war.

Dr. Arne Greyborn

Final Tribute Paid Prominent Chemist

COWANSVILLE — Residents of this community mourn a distinguished adopted son, Dr. Arne Greyborn, who died in his 56th year on August 18, at the Bromes Mission Hospital, Sweetsburg, after an illness of little more than a day. Although Dr. Greyborn had been in poor health a year or so ago, he had apparently recovered, and his sudden passing came as a saddening shock to all who knew him.

His brilliant career continued after his arrival in Canada, when he became chief chemist in charge of laboratories of Bruck Mills Limited on August 15, 1932, a position he held to the present time. He was vice-president of the Textile Institute of Canada, of which he was a charter member. Other offices held included treasurer of Canadian Textile Chemists and Colorists Association; member of Canadian Government Specification Board; member of Canadian Advisory Committee on ISO/TC-38-Textiles; chairman of Sub-Committee No. 6-ISO/TC-38-Textiles; professional member of the Chemical Institute of Canada; member of the Association of Professional Chemists of the Province of Quebec.

Also active in the community, Dr. Greyborn was president of the Cowansville Golf Club; past master, Corner Stone Lodge, No. 37, 1st Principal Provost Chapter R.A.M.; chairman of the Board of Trustees of Emmanuel United Church, Cowansville; past president of the Cowansville Home and School Association.

Both grief and respect were evident in the large attendance at the service, and in the many messages of condolence extended to his widow, the former Molly Daulberg, also originally from Norway, and to their only child, Ann, a student at McGill University.

There were by request no flowers, but donations were made to the Memorial Fund at the B.M.P. Hospital. Funeral arrangements were directed by the Draper Funeral Home.

Extended Run Is Closed By Richmond Fair

RICHMOND — The 103rd Annual Richmond County Fair ended on an extended day, having played through Sunday afternoon with harness races, cattle parade and part of the T. Green Midway for the benefit of those attending. Due to heavy rain last Friday which cancelled most of the day's program, fair officials decided to continue the attractions through Sunday.

Close to 2,000 people passed through the gates to watch the harness races, parade of cattle and horses; children grabbing onto the last few rides before these popular attractions were taken away. Sunny skies prevailed throughout the whole day which made for a better entertainment.

The Saturday night dance in the Coliseum, with TV's T. Blanc Richard and orchestra supplying the music, drew close to 600 persons. Several other people crowded the midway Saturday night and grandstand to watch the Gastoni attractions. This portion of the show was not in evidence on Sunday as they were scheduled for the Cookshire Fair along with a large part of the midway. . . only two rides were left for the enjoyment of the crowd on Sunday . . . a small kiddie Merry-go-round and another ride called the Tilt-A-Whirl; two booths, one a spinning wheel game of chance and another game of skill where three wooden milk bottles had to be knocked down by a baseball. These drew a good crowd who tried their hand at winning some of the few prizes left.

On the racing program, Gordon Adamson of Richmond, driving his own charges, emerged winner of two heats Saturday and one Sunday. Wilfred St. Cyr, also of Richmond had two winners, one each day while another local harness racer, Stanley Kydd, topped two Sunday.

The Richmond Harmony Band again provided music for the Sunday program.

Says Lesage Haunted By Duplessis

QUEBEC — (CP) — Gerard Demers, secretary of the Quebec County Liberal Association, said during the weekend he is leaving the Liberal party because it is "haunted by the Duplessis spirit."

In a letter to members of the association, Mr. Demers said he is joining the Quebec Democratic Party — the Quebec branch of the CCF party — because Liberal Leader Jean Lesage is unable to satisfy the needs of the people and overthrow Premier Duplessis's Union Nationale government.

He said he had not told Mr. Lesage about his resignation but "my gesture will certainly be brought to his attention."

The letter said in the course of different elections Mr. Demers noticed the Liberal Party's vote-telegraphers are not less efficient than those of the Union Nationale.

"I believe that the Union Nationale has a monopoly on it but I discovered that the Duplessis spirit haunted the ranks of the Liberal party," the letter continued.

The Doctor Says

**MISERIES OF ERYSIPELAS NOW ALMOST CONQUERED**

An unusual problem is presented by a reader who asks for information on the disease known as erysipelas, saying that she has suffered with this for eight years on her left leg.

She adds that in spite of medical care, she has not been able to get rid of it.

This inquiry is unusual both because erysipelas is no longer a common disease, and because such a chronic form is still more unusual.

Erysipelas, which formerly went under the name of St. Anthony's Fire, is an inflammatory disease of the skin, caused by germs known as streptococci. It thrives most among the poor and those living under bad sanitary conditions. Also, it is most frequently found in early life, especially during the first two years. In older people also, it is more common than in the middle years. Lowered general health from such things as bad diet, Bright's disease, or chronic alcoholism favor the development of erysipelas.

It usually starts suddenly and is often accompanied with high fever. The most common location is on the skin of the face and head. Chills and other signs of suddenly rising body temperature are usually present.

At first the skin in a single spot seems to be affected—often this is where there has been a small wound or scratch. The skin becomes reddened and swollen within a day or two, and the involved area usually spreads rapidly. A sharp line separates the reddened skin from that which is normal.

Once in a while, particularly if the patient is in good physical condition, erysipelas clears up in about a week even without treatment. Meningitis, inflammation of the kidneys, and even blood poisoning, however, are not unusual complications.

Since the sulfa drugs and anti biotics became available the chances of recovery have become much better. Several such preparations shorten the course of the disease and lessen the chance of serious complications.

Early diagnosis and the proper administration of a suitable drug are important. Erysipelas is contagious and therefore the patient must be kept from contact with others in order to avoid spreading the infection.

The fact that erysipelas has been almost conquered in most parts of the world is the result of better measures of prevention, improved living conditions and diet, and of the discovery of powerful new treatments.

There will always be occasional cases of erysipelas, no doubt, and any mass deterioration of health or a disaster may increase its frequency again.

## Christmas Tree At August Shower, Birthday Party At Cowansville

COWANSVILLE — On Saturday evening, August 15, the farm home of Mr. and Mrs. Wilfred Hadlock resounded with the gaiety of a trio of parties, which blended into one joyous occasion attended by 150 friends and relatives.

Two family birthdays were marked. Weldon, the eldest son, celebrated his 21st, while his baby sister, Rita, had six candles on her cake. There were suitable presents and for the young man's Coming of Age there was also a cash gift from the masculine guests.

Perhaps, however, the greatest surprise of the evening came when Weldon's fiancée, Miss V. Wilson realized that the festivities included a Miscellaneous Shower, given in her honor by the Misses Margaret Barrand, of East Farnham and Lola Hadlock, a sister-in-law-to-be. Numerous artistically wrapped packages were opened to reveal an array of lovely, useful additions to the young couple's home in Ste. Anne de Bellevue.

The house was decorated with multicolored balloons. In the spacious kitchen, blue and white

streamers were draped, while in the living room pink and white festoons were used. Nevertheless, the highest excitement there seemed to be caused by the beautiful Christmas tree, complete with traditional lights and ornaments, a welcome sight in the heat of August!

It was beside this tree that the mirthful Mock Wedding was staged with Mrs. Murray Blinn as the preacher, and Nona and Vicki, sisters of the groom-elect, as the bridal pair. The costumes were delightfully old-fashioned.

The refreshments were highlighted by three elaborate cakes, that for the shower having been made by Mrs. Irene Williams, and the other two by the hostess, Mrs. Hadlock.

For added pleasure during the party, there was dancing in one reception room and a few tables of cards in another.

# Kanawaki's Al Johnston Wins ET Open Golf Title

E.T. OPEN AMATEUR CHAMPION — Val Laurie of the Granby Golf Club is seen receiving the Molson's Trophy from Georges Masse, right, and the Sherbrooke Daily Record Trophy from Len O'Donnell, Sports Editor, for winning the E. T. Open Amateur when he posted a 73 to lead a field of 396 golfers. President Cote is on the left.

E.T. OPEN CHAMPION — Al Johnston of the Kanawaki Golf Club, third from the left, is seen accepting the Molson's Trophy from Jean Beliveau while Georges Masse is presenting him with his cheque. On the left is Marcel Dufresne, Promotion Sales Manager for Molson's, while on the right is President Gaston Cote and Russ Marois, chairman of the match committee.

## Vancouver's John Johnston Wins Canadian Amateur

VANCOUVER (CP) — Johnny Johnston, saw a five-hole lead disappear in the second round but came back to defeat a fighting Gary Cowan of Kitchener, Ont., one up in a sensational Canadian amateur golf championship final.

The stocky six-foot Vancouver veteran appeared to have Cowan on the run as late as the 26th hole when he led five up, but had to can a birdie two on the short 34th hole to win his first Canadian championship.

Johnston's victory snapped a string of four straight Ontario champions. He is the first B.C. winner since Walt McElroy scored a 2 and 1 victory over Toronto's Phil Farley in the 1951 final at Hull, Que.

Johnston, 33-year-old father of three boys, has never won a major tournament before. He captured the 1959 Vancouver City open and match play championships earlier this summer and was a member of British Columbia's championship interprovincial golf team which captured the Willingdon Cup a week ago.

**ALMOST MISSED AGAIN**  
Johnston, who lost out in a quarter-final match in the 1958 amateur at Toronto to Ted Lenzyk of Newington, Conn., in a record 27-hole match, almost let the championship slip through his fingers.

He jumped into a quick lead, winning the first two holes and was never headed, although Cowan finally caught him on the 31st hole and appeared to have Jim on the run.

But Johnston rallied to win the short 32nd and 34th holes, while giving Cowan the 406-yard, par-four 33rd to take a one-hole lead into the 35th hole.

He was short with his second shot and took three to hit the green. However, Cowan blew what turned out to be his last good chance when he hit his second shot into a trap and then just made the green when he exploded out.

Johnston recovered to halve the hole with one-over-par fives, and played the 18th safely to halve it and win the championship.

Cowan stayed in to the end and just missed tying the match as his 25-foot putt for a birdie slid along the edge of the 18th pin.

"He took a real fine run at me," Johnston said after the match. "It wasn't until I got that break when he overshot the green on the 32nd that I thought I was coming back."

Cowan, who had won five straight, dropped the hole when Johnston picked up a birdie two and he took a one-over-par four.

**WASN'T FORCING**  
Johnston said he wasn't trying to force his win when his game deteriorated to allow Cowan to catch him.

"I wasn't pressing," he said. "I was just getting a little on the limp side."

Cowan, not showing much outward disappointment and modest about his thrilling comeback, said he went out for the afternoon round with renewed determination.

"Everybody was saying that John was going to walk away with it, so I said to myself: 'There's going to be no walk away today,'" he said.

Johnston played the 36-hole match in an approximate medal score of 68-73-141 on the tight 6,432-yard par 36-35 — 71 layout.

## Edges Harry Fowles And Jim Westwell By One Stroke; Val Laurie Of Granby Cops Amateur; Norm Dussault Takes B

By LEN O'DONNELL

Al Johnston, the rangy pro from the Kanawaki Golf Club of Montreal, fired a one-under-par 70 yesterday to nose out the largest field ever to compete in the Eastern Townships Open Golf Tournament yesterday afternoon at the Sherbrooke Country Club. The newly crowned champion nosed out Harry Fowles of the Massawippi Golf Club of North Hatley, defending champion, and Jim Westwell of the Wentworth Golf Club by one stroke. The runners-up both had even par for their 18-holes.

Val Laurie of the Granby Golf Club is the amateur Open champion as he paced a field of 396 golfers with a two-over 73 to win the honors. Don Doe, also of Granby, and Ray Zabowski of the Marlborough Golf Club in Montreal finished stalemated with 74's. Normie Dussault of the Lennoxville Golf Club copped the honors for the class B amateurs with a 80 while Robert Dupras of the host club walked off with the title in class C with a 92.

The largest field ever to compete for the \$1,500 put up by Molson's Brewery saw 48 pros and assistants battle it out for the rich prizes. Al Johnston won Molson's Trophy, emblematic of the Open championship.

Jack Kay of the Pinegrove Golf Club finished fourth with a 72, one over, to take fourth money. In fifth was Jules Huot of Laval-sur-la-Lac and Andre Cazes of Levis with 74's. Six players finished tied with 77 and divided the money. Jean Allary of Beloeil, Len Harmon of Knowlton, Roland Huot, Lorette, R. Rousseau, St. Hyacinthe, Raoul Roy, Beloeil, and Joe Leblanc of the Country Club were the players.

Another tie for the last money positions saw five players register 78's for their 18-holes. Rud Huot, Royal Quebec, T. Pilkington, St. Johnsbury, Vt., N. Bessner, Bellevue, Jim Fowles, Dufferin Heights, and Gerry Huot of the Granby-St. Paul Golf Club were the players.

In the battle for the amateur crown it was close the whole way with G. Bourassa of Three Rivers in third spot with 75 while Don Peach followed with 76 while Bert Cotterell of the Mount Orford Club won the toss from A. Leblanc of Whitlock and Hector David of the Montreal Municipal.

In the net division it was close with Dave Scott of the Massawippi Club leading the pack with a net 71 with A. Leblanc next with 72. He won the toss from J. Robitaille and Frank Keddrige. Six players tied for the two remaining spots with the honors.

## Denis Royer Upsets Yves Laberge 6-2, 6-4 In ET Senior Tourney; Men's Doubles Play Also Active

Denis Royer caused the second major upset in the ET Senior Tennis Tournament when he downed Yves Laberge, ET Junior champion, in two consecutive matches 6-2, 6-4. The match was filled with action throughout and was played with professional skill. Royer meets Walter Foeger tonight in the semi-final play of the tourney. Foeger caused a surprise in his battle with Patrick Henri, second seeded player in the tournament, when he

upset the favourite by a wide margin last week. Richard Royer also attained the semi-finals when he posted a 6-2, 6-4 victory over Claude Metras. Royer profited by Metras' miscues and was aided greatly by the unusually bad form of Metras.

Walter Foeger and Patrick Henri attained the semi-finals in the men's doubles class by defeating the team formed of Paul Yergeau and Luc Bruneau 6-2, 9-7. The final set was indeed one of the most exciting of the evening's matches. The Foeger-Henri duet played calmly, waiting for a fatal mistake which would give them the battle. This patience won out in the end and won the match for them.

The new team of Richard Royer and Claude Metras defeated the Granby twosome of Cou-

lonbe and Menard 6-1, 6-1. The victors next meet Foeger and Henri to decide which one is to be the men's champions.

## First Place At Stake In WIFU Games Tonight When BC Lions And Stamps Clash, Winner Breaks Three-way Tie

British Columbia Lions and Calgary Stampeders fight it out tonight for first place in the Western Interprovincial Football Union.

Lions, Stampeders and Winnipeg Blue Bombers are in a three-way tie for top spot, each with two wins and a loss.

Saskatchewan Roughriders and Edmonton Eskimos, the trailing clubs, meet in Edmonton tonight, each looking for their first victory.

The Calgary game has the added thrill of a renewed battle between quarterbacks Randy Duncan of Lions and Joe Kapp of Stamps. In the Rose Bowl game Jan. 1 Duncan's Iowa Hawkeyes outclassed Kapp's University of California Golden Bears 38-12. Both are strong runners, good passers and have shown plenty of promise.

**CRIPPLED CLUB**  
In Edmonton, Riders coach George Terlep named 14 injured or ailing players Sunday night as reasons for not predicting a victory.

Eagle Keys, Edmonton's rookie head coach, was more worried by the Riders that are playing than cheered by the benched list,

which includes half Jack Hill, top WIFU scorer in 1958, Danny Banda, Ken Townsend and full-back Bobby Marlow.

"We'll have to keep our heads up for sure," said Keys. "They're not as bad as their record implies."

Terlep said Boston quarterback Don Allard will be used defensively tonight. Riders acquired Allard from Ottawa Rough Riders recently to steady a shaky quarterback situation.

The game will give quarterback Bob Brodhead from Duke University, whom Terlep rates as "cool," another chance to prove himself. Brodhead arrived in Regina only six days before training season ended.

### REMEMBER WHEN . . .

One of the last links with the baseball era of razor-like spikes, gloveless catching and handlebar moustaches was snapped 22 years ago today with the death in Boston of George Wright, "grand old man" of baseball, who captained the first professional ball club—the Cincinnati Red Stockings of 1869.

IS HE ASKING FOR A LIFT — Jean Beliveau, starry centre player with the Montreal Canadiens, seems as though he is asking Eddy Blouin and his son, Alva, for a lift around the course. Georges Masse, local representative for Molson's, were following the pros around during the E.T. Open Golf tournament at the Country Club yesterday.

Hollywood, Calif. — Irish Pat Lowry, 147, Los Angeles, stopped Marcelo Vargas, 146, Mexico, 1.

Madrid — Bobby Ros, 135½, Spain, outpointed Guizani Rezzui, 138, Tunisia, 10.

Lewiston, Idaho — Jimmy Grow, 135, Lewiston, outpointed Teddy (Red Top) Davis, 136, Hartford, Conn., 10.

## Carmen Basilio And Gene Fullmer Meet In NBA Middleweight Title Boxing Bout Friday In Cow Palace

SAN FRANCISCO—(AP)—Carmen Basilio and Gene Fullmer, a pair of ex-champs with similar boxing styles, fight Friday for the National Boxing Association middleweight title.

The winner of the 15-round Cow Palace bout will be recognized as titleholder in all states affiliated with the NBA. That leaves Sugar Ray Robinson king of the 160-pounders in New York and Massachusetts, the only non-NBA states.

The association lifted Robinson's crown because of inactivity. He last fought March 25, 1958, in Chicago when he took his title back from Basilio.

### KNOW ROBINSON

Both NBA title challengers have had much experience with Robinson. Fullmer, 28, the Mormon mauler from West Jordan, Utah, whipped him in a title fight Jan. 2, 1957, then lost the following May 1, on a fifth-round knockout. It was his only knockout in eight years of professional fighting.

Basilio, 32, an onion farmer from Chittenango, N.Y., beat Ro-

binson in a Yankee Stadium title fight Sept. 23, 1957. Robinson closed Carmen's left eye early in that March 25 Chicago Stadium brawl and won the match.

Since then there was much talk of another Robinson-Basilio fight, but no action. After the NBA stepped in, Basilio, although offered \$225,000 to fight Robinson, instead went for the Fullmer fight. He said he didn't think Robinson's offer was sincere.

The Cow Palace is sealed for a gate of \$305,000 and a crowd of 18,000 is expected.

### BASILIO GETS MORE

Basilio gets 35 per cent of all revenues, which includes \$175,000 television money. Fullmer takes home 25 per cent, his biggest pay day.

There is no return match agreement, but the contract includes a clause pledging the winner to a title fight with the No. 1 ranking NBA middleweight within 90 days.

Carmen in his 11 years as a pro has compiled a 54-13-7 record with 27 knockouts. Fullmer's record is 40-4 with 21 knockouts.

## 1,000,000 Fans Attend Opening Matches Of English Soccer Season; Sheffield Upsets Arsenal 1-0

LONDON (AP)—The English soccer season opened Saturday in sweltering heat before nearly 1,000,000 fans, virtually all clamoring for a big improvement in standards of play.

Sheffield Wednesday, newly promoted to Division 1, pulled off the day's big upset with a 1-0 victory over Arsenal.

A crowd of 50,000 turned up at Highbury Stadium, Arsenal's home ground, for the first look at centre half Mel Charles, at \$126,000 England's most expensive player. It was Charles' first league game for the Arsenal since his purchase from Swansea.

The season opened with fans, managers, soccer officials and sports writers all calling for big improvements in tactics and

### DISASTROUS TOUR

The calls followed England's disastrous tour of South and Central America—One that brought defeats by Mexico, Peru and Brazil.

History was made at Blackpool where Stanley Matthews, England's 44-year-old soccer hero, missed the first league game of the season for the first time since he entered league soccer 27 years ago. He has an injured knee.

Arthur Kay, a \$56,000 acquisition from Barnsley, took Matthews' place on the right wing and helped Blackpool to a 3-2 victory over Bolton.

# Cleveland Trader Frank Lane Ready To Add Tito Francona To List

## Top Hitter In Loop, Belts Two Homers As Indians Sweep Two To Advance On White Sox Who Split With Yankees

Until this year trader Frank Lane always has boasted his best deals were those which brought pitcher Billy Pierce and second baseman Nellie Fox to the Chicago White Sox. The voluble Cleveland general manager is now ready to add a third.

On March 21 of this year, Lane traded veteran Larry Doby to Detroit for a utility outfielder, who batted only .254 last year. His name? Tito Francona.

The 25-year-old Francona is the league's No. 1 hitter with a .379 batting average that includes 17 home runs and 64 runs batted in. But he has not been at bat enough times to qualify for the top spot officially. Doby, incidentally is in the minor leagues.

Francona hit two home runs Sunday. His first came in the ninth inning of the opener and snapped a scoreless pitching duel between Cleveland's Jim Perry and Boston's Tom Brewer. It gave the Indians a 1-0 victory and Perry his ninth win.

### SECOND HOMER HELPS

His second homer came in the first inning of the nightcap, also won by the Indians 6-2. The sweep advanced the Indians to within 1½ games of league-leading Chicago.

The White Sox split their twin bill with New York, who won the first game 7-1. The Sox took the nightcap 5-0.

Detroit trounced Baltimore 9-5 before rain washed out the second game of their scheduled twin bill. Washington split with Kansas City, winning the first game

## Durrelle Might Fight Von Clay

BAIE STE. ANNE, N.B. — Chris Shaban, manager of Canadian light-heavyweight boxing champion Yvon Durrelle, said Saturday he has received a \$10,000 offer to match Durrelle with rising light-heavyweight Von Clay of Philadelphia.

Shaban received a telegram from Philadelphia promoter Herman Taylor Saturday morning. He would make no comment except to say "I'll have to talk it over with Yvon."

In Philadelphia Taylor and matchmaker Pete Moran said "we're guaranteeing Yvon Durrelle . . . \$10,000 to fight Clay on Oct. 9 in Philadelphia."

## White Sox Tie Semi-Finals With Senators

White Sox evened up their semi-final series at one game apiece as they downed the Senators 2-1 Saturday at the Parade Grounds. The third game of the series will be played tonight, weather permitting.

Sox got away to a eight run lead in the first inning and added two more in the second. A big fourth inning in which they added six runs put the issue beyond doubt. Senators got their lone tally in the last of the sixth inning.

Gravel, G. Pelletier and Proulx were the White Sox big hitters each connecting for two hits, Senators' hitters were Dickie Palmer, Gilbert and Steinman. Senators missed their starry catcher Wayne Patrick. He was injured Saturday by crashing into the back of an ambulance suffering face injuries. He will probably be out for the remainder of the season. The winners will meet the Red Sox in the finals. White Sox . . . 823 613—23 14 0 Senators . . . 000 001—1 6 5 G. Pelletier, J. Pelletier (4) and Gilbert; Steinman, P. ## Nieporte Takes Rubber City Open Golf Tournament

AKRON, Ohio (AP) — Tom Nieporte, of Bronxville, N.Y., won his first tournament in six years of touring Sunday as he shot a 72-hole total of 267 to take the Rubber City Open golf title by a three-stroke margin over Bob Goolby, of Crystal River, Fla.

Nieporte, who won the 1951 national intercollegiate title for Ohio State, went into the final round with a one-stroke lead. He staved off some great challenges by the other contenders by firing a 34-32-66 over Firestone Country Club's 6,620-yard par 71 layout.

Despite the fact he has never won a professional tournament, Nieporte had piled up more than \$11,000 in winnings this year in addition to the \$2,800 he won Sunday.

## Canadians Move Into Second Place In Junior Loop; Down Windsor 8-7, 12-2; Indians Lose To Kist By Default

Coaticook Canadians moved into second place over the weekend in the Sherbrooke Junior Baseball League by defeating Windsor Saturday evening by the score of 8-7 to tie for second and Sunday night by the tally of 12-2 to win it. The Indian-Kist game was won by Kist on the grounds of default. The Indians could not dress the regulation number of players and lost the

tilt. The closest fixture over the weekend was the Saturday night game. Both teams battled throughout with the Cards maintaining the lead most of the way. However, Coaticook tallied two in their half of the seventh inning to enter the winner's circle with the close margin of one point.

Windsor's hurler, Belanger, whiffed 11 men and allowed nine hits while Coaticook's Pelouquin struck out nine and let nine Cardinals get hits. Four free tickets to first were given out by Pelouquin while Belanger allowed no walks.

With the Canucks winning Saturday night's game, Windsor and Coaticook were tied for second place. This meant that the two teams would have to play off for the spot before the playoffs began. Thus last night's tilt saw

the Canadians post a victory and take over second position.

Last night's game started quite closely but became a runaway for Coaticook. Until the end of the third inning, Windsor lead by the score of 2-1. However, the fourth stanza proved to be successful for the Canucks. Three runs were tallied bringing Coaticook into the lead by four points.

The Canadians didn't give up there however. Six runs in the following inning and one in each of the remaining two brought the final score to Coaticook 12; Windsor 2.

Pelouquin and Provencher; Dubois and Belanger.

## Poulin's Able Gallon And Gravel's Eveana Divide Honors In Main Event Last Night; Quinella Pays \$339.00

Poulin's Able Gallon walked off with the honors last night in the main class at the local track when he trotted home ahead of the field to win in 2:11. The Poulin entry beat the favorite Beau-doin's Boum Boum Bumpas under the wire after a close duel.

In the second half it was Gravel's Eveana, with Claude Poulin driving, who won the heat in 2:09 2/5. It was the fastest mile on the card and the Gravel entry didn't make a bad move to come through the winner.

The quinella in the third paid the lucky pickers the sum of \$58.00 while in the sixth \$17.20 was picked up for the combination of Laurina Rosecroft and Beau Wyn. The ninth race saw Tiger Hum and Island City Peter team up and \$18.10 was collected.

The biggest payoff for a win bet was in the fifth when Able Gallon upset the railbirds and \$38.40 was shelled out with \$10.70 on place and \$6.80 for show. The

double of It's Me and Uncle Dick paid \$157.00.

On Saturday evening the big payoff was the quinellas in the third race when the sum of \$339.00 was collected for the winning combination of Texas Blue and Danny Diamond. The other quinella in the sixth saw the winners pick up \$9.60 for Almore Grattan and Larry Chief. In the ninth \$12.50 was the payoff for Mighty Elworthy and Wayne H. Abbe.

The double of Rapid Way and Prince Gerry paid the sum of \$34.70. Texas Blue set the high for a win and place while Flowing Morris Law paid his backers \$7.60 for a \$2.00 investment on a show bet.

The fastest time of the evening was registered by Almore Grattan in the sixth when he crossed the wire in 2:13 flat. Two other races were close with only two-fifths and three-fifths separating them. The next card is booked for Wednesday night with Post Time at 8:15.

## Pirates Sweep Doubleheader From Dodgers As Braves Move Into Second, Giants Rained Out, Lead By 4

Elroy Face may do it yet. The little Pittsburgh relief ace needs only three more victories to equal Rube Marquard's record of 19 consecutive triumphs in one season and Carl Hubbell's two-season streak of 24.

Face made it 16 in a row for 1959 and 21 since May 30, 1958, Sunday as the Pirates stunned Los Angeles with a sweep of a doubleheader 9-2 and 4-3 in 10 innings.

The righthander took over in the ninth after Pittsburgh had come from behind to tie the second game score 3-3. He hurled scoreless ball for two innings and took the decision when Dick Groat singled with the bases loaded in the bottom of the 10th.

**BRAVES MOVE UP**  
The Dodgers' double defeat dropped them into third place, half a game behind Milwaukee Braves who defeated Chicago Cubs 2-0. Los Angeles now is 4½ lengths behind the first-place San Francisco Giants, whose scheduled doubleheader in Philadelphia was rained out. Cincinnati whipped St. Louis 5-3 for a sweep of the three-game series.

In Saturday's games San Francisco romped over Philadelphia Phillies 8-1 while Pittsburgh Pirates were downing Los Angeles Dodgers 2-0. Milwaukee Braves took a doubleheader from Chicago Cubs 7-0 and 3-2 and Cincinnati Reds blasted St. Louis 11-4.

Don Drysdale, Dodger ace, was charged with both Los Angeles defeats Sunday. As a starter in the opener, he was routed in the third inning when the Pirates broke loose for four runs over-come a 1-0 deficit. As a reliever in the second, he yielded the tying run in the eighth and the winning run in the 10th.

Bill Virdon, Pittsburgh centre-fielder, blasted seven hits. He had a double, two singles and a walk in the opener and two singles, a double and a home run in the nightcap.

**TWO HITS ENOUGH**  
Milwaukee made only two hits but converted both into runs in sweeping the three-game series from the Cubs. Lefthander Art Ceccarelli gave up one hit in six innings, a bloop single by Andy Pafko in the fifth. But a throwing error by third baseman Earl Averill on Ray Boone's grounder preceded the hit and Johnny Logan followed with a sacrifice fly to score Boone.

Don Elston, who hurled the last two innings for the Cubs, gave up the other hit and run in the eighth when Logan doubled, went to third on a fly and scored on pitcher Bob Buhl's squeeze bunt. Buhl allowed six hits for his 11th victory and fourth shutout.

Jerry Lynch hit a two-run homer in the eighth to snap a 3-3 tie and give Cincinnati's Don Newcombe his 12th victory. Newcombe also hit a home run.

## Elroy Face Nears Two Records As He Comes On To Help Pirates Stay Above Water In Drive For Spot In Top Four

PITTSBURGH (AP) — Elroy Face, the mite of a Pittsburgh Pirate pitcher with a big winning streak, says he expects to lose again before retiring "but, man, it's nice to keep winning."

Face hasn't tasted defeat this season. He picked up his 16th victory Sunday when the Pirates beat Los Angeles Dodgers 4-3 in a 10-inning contest—the tail end of a doubleheader. He hurled the last two innings.

That victory, his 21st straight since May 30, 1958, put him within three games of two major league

records. He says he isn't concerned with the records. "I just want to see the club win."

**CLOSING IN**  
The records are 19 consecutive victories in a season, set by Rube Marquard of the Giants in 1912, and 24 in a row in two seasons, set by Carl Hubbell also of the Giants in the mid 1930's. In the club house Sunday, after the Pirates had beaten the Dodgers twice—they won the first 9-2—Face was the centre of the player's jubilation. But he just kept saying:
