Two U S Military Advisers Victims Of Bomb Attack

At Least 50 Die As Pleasure Boat Burns In Denmark

HADERSLEV, Denmark (AP) — At least 50 persons died in panic Wednesday aboard a crowded excursion lake boat racked by explosion and fire in south Denmark. Police said the toll might go higher.

Another 44 persons — some mothers with babies in arms — saved their lives by jumping overboard while the injured captain raced the flaming 45-foot wooden boat toward shore and grounded it.

Fourteen of the survivors were admitted to hospital with burns. Some, including Capt. Hans Riis- toffe, were in critical condition.

Survivors said Riis- toffe tried vainly to calm the passengers and reach the lifebelts. While flames shot out of the engine room the panicky crowd beat him back, and he returned to the wheel.

Some foreign tourists were among the passengers. The Dan- ish state radio said it was "highly likely" that the dead included two or three Germans, one Belgian and one Swede. Three Germans, including a married couple, were among the survivors.

Bodies were still being washed up on the shore more than 12 hours after the explosion and police said they had not determined how many were aboard the boat. They appealed to all survivors who had not reported to do so.

Riis- toffe and a ticket collector were believed the only crew of the small boat, which carried picnic parties along the wooded shores of Haderslev Park Lake in this quiet south Jutland resort 30 miles north of the German border.

The attack occurred at the South Viet Nam Army's training centre at Bienhoa. The five U.S. officers were members of the U.S. military assistance advisory group stationed in South Viet Nam to train President Ngo Diem's forces in the use of American weapons.

The attack was the first on Americans in South Viet Nam since Oct. 22, 1957, when terrorists bombed the U.S. Information Agency Library, an American military bus and a U.S. hostel, all in Saigon. Thirteen American servicemen and five Asians were wounded.

The war between France and the Communist Viet Minh ended in July, 1954, with the signing of an armistice at Geneva partitioning Viet Nam. Since then there have been sporadic terrorist attacks in South Viet Nam by small bands of supporters of Communist President Ho Chi Minh's North Viet Nam regime.

Viet Nam Billet Blast

SAIGON, Viet Nam — (AP) — A Communist terrorist slipped into an American military billet 20 miles north of Saigon Wednesday night during a movie and exploded a bomb, killing two U.S. military advisers, himself and three South Vietnamese.

Another American officer was wounded and two others escaped injury.

The wounded American was flown to Manila for treatment. A communique from the South Viet Nam government and the U.S. Embassy said his condition was not serious.

Following the bomb attack, other members of the terrorist band opened fire from outside the billet with small arms and automatic weapons, the communique said.

Vietnamese army guards returned the fire, "forcing the terrorists to flee to the nearby river from which direction they had come," the communique reported.

Ike's Plea Rejected

Hopes Dim For Steel Settlement

NEW YORK (AP) — Hopes dimmed today for averting a steel strike at midnight Tuesday in the United States.

The Steelworkers Union turned down a plea by President Eisenhower for an indefinite extension of the two-week strike truce already granted by the union.

David J. McDonald, the union's president, said he could not believe Eisenhower intended that "we negotiate forever" and stressed the midnight July 14 walkout deadline will stand.

In Washington, Democratic Senator Hubert H. Humphrey of Minnesota told the Senate that Eisenhower's appeal for an indefinite extension of steel negotiations without deadline or strike date is "the grossest kind of intervention in collective bargaining."

Humphrey said that although Eisenhower disclaimed taking sides in the crucial steel dispute, the President has "placed himself squarely on the side of the steel companies."

A LITTLE PROGRESS

Negotiations have picked up a bit. Technical experts have been called in for discussions on complicated problems such as rates of incentive pay. But there is no word that the industry has made any offer.

The dozen major steel firms, led by U.S. Steel Corporation, have taken a position that any higher wage costs would spur a new round of inflation. They have rejected union argument that industry profits can finance a new pay increase and other contract changes.

Steelworkers now average \$3.10 hourly.

Eisenhower renewed at his Washington press conference Wednesday a plea first made June 27 that both sides continue negotiations indefinitely without any strike until a new contract agreement is reached.

Huge Drug Seizure By RCMP

MONTREAL (CP) — The RCMP today made one of the largest narcotics hauls in Montreal history, seizing an estimated \$8,000,000 worth of heroin and arresting two men on charges of conspiracy, possession and trafficking.

The seizure was made in the dead of night at a motel in suburban Pointe aux Trembles.

Supt. Rene J. Belec of the RCMP's criminal investigation branch here identified the arrested men as Giuseppe "Pepi" Cotroni, 45, and Rene "Bob" Robert, 31.

Robert put up a fight and suffered a head laceration in the struggle to subdue him, police said. He was taken to Montreal general hospital for treatment. Cotroni cursed and surrendered meekly.

Duplessis, Diefenbaker Hold Talks

OTTAWA (CP) — Prime Minister Diefenbaker had a private meeting with Premier Duplessis of Quebec Wednesday, his office announced.

The announcement ended a round of speculation on parliament hill that the two men had met for two hours this morning in the privacy of 24 Sussex Street, the prime minister's official residence.

Federal Power To Expire July 31

OTTAWA (CP) — Sweeping powers over the national economy, given to the federal government during the Korean crisis, will be allowed to expire July 31, Defence Production Minister O'Hurley told the Commons Wednesday.

Gas Strike Called Off In Toronto

TORONTO (CP) — Gasoline dealers in Metropolitan Toronto Wednesday night called off their two-day lockup and announced that all service stations would be open for business today.

The move followed a special meeting of the Ontario Retail Gasoline and Automotive Service Association's negotiating committee when it became clear dealers were losing their battle to close all Metro gasoline outlets.

Oil company spokesmen say gas prices will level out lower than they were before the price war began but higher than those just before and during the lockup.

In a statement the association said the strike was called off "to regroup our forces." It said the strike had served its purpose by centring the public's attention on the "discriminating practices of the oil companies and shown the lengths gasoline dealers were prepared to go to put an end to these unfair practices."

COULD BE ON AGAIN

Kenneth Langdon, association field manager, said the strike could be called on again "at any moment" if the oil companies did not heed the warning.

"We don't mind selling gas at cheaper prices in view of the surplus," he said. "But we want everybody to take advantage of it. We want oil companies to sell out - price gasoline to branded stations as well as the independent, unbranded outlets."

The Toronto price war has been raging sporadically for about 18 months. Three major oil companies — Texaco, British-American and Fina — have been blamed by the association for selling cheaper gas to the independent operators.

A B-A spokesman said there had been a world surplus of crude oil and a domestic surplus of refining capacity for some time. This meant there are large stocks of gasoline at hand in Canada.

CUSTOMERS NOT PRE-SOLD

The official said the independent operator has always been able to buy gas more cheaply than franchised operators because their customers are not pre-sold by a large and expensive national advertising campaign.

The franchised dealers claim this practice started the price war which had reduced their profits to four cents a gallon from eight cents.

The war saw prices drop from 43.9 cents a gallon to as low as 27.9 cents.

In the lockup which began Tuesday, reports from oil companies indicated only about 500 to 600 of the 1,200 metro dealers were closed at some time during the two days.

OTTAWA (CP) — Defence Production Minister O'Hurley says the government is determined that Canada's role in defence production sharing with the United States shall not be limited to pouring concrete and "metal bashing."

But Opposition Leader Pearson argued in Commons debate Wednesday that it is going to be hard to persuade U.S. industry. The Canadian government would have to overcome forces in Washington that would be alert to see that Canadian industry did not constitute dangerous competition.

The debate followed Mr. O'Hurley's announcement of a \$400,000,000 program over the next four years of building in Canadian plants some 200 American Lockheed F-104G supersonic fighter planes for the RCAF air division in Europe.

PRINCIPLE ACCEPTED

In this program, said Mr. O'Hurley, "the principle of production sharing has been fully accepted by the United States firms involved."

But even he said Canadian firms will obtain U.S. defence orders only if they "bring all their skills and imagination to bear in the framing of their proposals."

"If they are not prepared to make this effort, nothing that my department can do will make the production sharing program work," he said during debate on his department's spending estimates. In seeking U.S. defence orders they would be entering a highly-competitive field.

Mr. Pearson said the growing integration of Canadian and U.S. defences is a far cry from talk a few years ago by Progressive Conservatives about "freeing our defence policy from the overpowering control of the U.S."

COMPETITIVE TENDER

On the F-104G program, Mr. O'Hurley said the main airframe contract will be let by competitive tender to one of Canada's three main aircraft manufacturers — A. V. Roe (Canada) Limited, Montreal, Ont.; Canadair Limited, Montreal, Ont.; and de Havilland Aircraft Company, Toronto.

The General Electric J-79 engine for the ground strike and reconnaissance plane would be built by Orenda Engines Limited of Malton — designers of the Iroquois engine which was to have powered the scrapped Avro Arrow interceptor.

Negotiations were under way for production in Canada of most of the instruments and electronic flight and fire control systems as well.

Royal Tour

Informality Rules At The Soo

SAULT STE. MARIE, Ont. (CP) — An easy atmosphere of informality marked the visit here Wednesday of Queen Elizabeth and Prince Philip.

There were, of course, the usual presentations of leading citizens, the usual official luncheon and the usual tours.

But at every opportunity — perhaps especially at the big children's gathering at Bellevue Park — the Queen gave the impression that she was just visiting around with her people.

Even the official functions couldn't get very stuffy with fatherly Mayor Walter Harry — a 44-year veteran of the steel industry — and motherly Mrs. Harry acting as host and hostess for the city.

Altogether it was a nice day in a friendly northern Canadian city with the Queen getting about as close a look as a Queen can get at people in their day-to-day lives, and about 50,000 people

giving a typical Canadian demonstration of affection.

For the Soo, it was regarded as a history-making event — the first visit of a British reigning monarch, and the Soo's official entry into the ranks of big-ship ocean ports.

The royal party — with a day of rest on the Britannia between them — and Monday's hectic activities in Chicago — landed at downtown Clergue Park, facing on the St. Mary's River, at noon.

A roll of a landing barge pulled the red carpet on which they were walking and threatened the footing of the Queen and those with her, but they quickly regained their balance.

The Soo's nine-year-old Hargreaves quadruplets — who had been getting most of the attention of photographers during the waiting period, and whose mother, pretty Mrs. Oswald Hargreaves, had been putting little finishing touches on them — quickly lined up their white and pink dresses and stood before the

Queen to present flowers at Bellevue Park.

Jennifer Ann made the presentation, with Joyce Carol, Janice Barbara and Joan Diane morally supporting her.

The afternoon schedule consisted chiefly of a visit to the plant of Algoma Steel Corporation, almost spotless for the occasion with painters wielding a last-minute brush and sweepers pushing brooms.

From the big steel plant the Queen and prince were driven to the Canadian ship canal, a part of the canal system which bypasses the St. Mary's rapids and provides a route into Lake Superior.

At the canal they boarded the royal barge to the warm goodbyes of some 6,000 people who crowded the canal landing, and were taken to the Britannia.

The Britannia proceeded overnight to the Head of the Lakes where she is due to arrive at Port Arthur at 11 a.m. EDT today.

Storm Loses Punch Before Hitting Coast

CHARLESTON, S. C. (AP) — Tropical storm Cindy — a hurricane of only a few hours and hardly worth the designation — moved across the coast north of this old port city Wednesday night.

While the storm did little damage, it was responsible for one highway death. H. H. Higgins Jr., 41, a Georgetown, S. C., lawyer was killed when his car hit a tree blown across the road 20 miles north of here where Cindy came ashore.

Cindy, born in the Atlantic 200 miles offshore Tuesday, at one time Wednesday reached hurricane force of 75 miles an hour.

However, by the time she hit the coast at Bull Bay, at 9:45 p.m., she was losing her punch.

Gusts of 60 to 70 miles an hour were recorded. Then the storm began moving inland and breaking up. Tides quickly began receding after reaching a peak 2 1/2 feet above normal at Georgetown at 11 p.m.

SAFETY TO RETURN HOME

Just 15 minutes after the storm hit the coast, the Charleston weather bureau advised the thousands of evacuees from nearby beach areas that they could return safely to their homes.

The storm was expected to continue moving inland today, gradually diminishing. Squally weather and winds with gusts not exceeding 45 to 55 miles an hour were predicted for inland areas of both Carolinas.

Farmers were hoping the storm would bring rain to end a drought of several weeks. The squalls extended upward some 175 miles north of the centre.

McClellanville, just above Bull Bay, probably took the brunt of the storm but relatively little damage was reported. Communications were reported on an "off and on basis" for a time.

Cindy was the first Atlantic storm of the season. Two storms have formed in the Gulf of Mexico. Arlene built up on May 28 and Beaulah on June 16.

Gift To Queen Given Assent

OTTAWA (CP) — Legislation setting up a \$1,000,000 fund for research into children's diseases — Canada's gift to the Queen on the occasion of her current visit — was among 107 bills given royal assent Wednesday in the Senate.

Also given royal assent by Chief Justice Patrick Kerwin, deputy governor-general, were amendments to the Excise Tax Act raising the federal tax on cigarettes, announced in the April 9 budget; the \$20,000,000, one-year freight rate subsidy; continuation for another year of the provinces' 13-per-cent share of federal income tax revenues; legislation providing Canada's prime ministers with an official summer home; and 80 divorce bills.

The woman 4 1/2 months pregnant, gave her testimony under the protection of the Canada Evidence Act.

An addict since she was 16, she told of buying heroin, given to her in an empty cigarette box by a "pusher," in a restaurant. She was barred from the restaurant when the proprietor became aware that she was an addict.

Sordid Underworld Story In Toronto

TORONTO (CP) — A sordid story of narcotics traffic and prostitution in Canada's second largest city was told Wednesday by a 23-year-old self-confessed prostitute and drug addict.

The woman was testifying voluntarily before a Metropolitan Toronto licensing commission hearing which is investigating reports that drug addicts and peddlers, prostitutes and bootleggers are using restaurants in the downtown Jarvis and Dundas area as meeting places to transact business.

The woman 4 1/2 months pregnant, gave her testimony under the protection of the Canada Evidence Act.

United States Pessimistic About Reaching Agreement

WASHINGTON (CP) — The United States government is frankly pessimistic about achieving any major agreement with Russia in the new round of East-West talks opening at Geneva Monday.

Various American diplomats have said so privately and Wednesday, at his weekly press conference, President Eisenhower echoed that sentiment when he stated that in a recent talk with visiting Deputy Soviet Premier Frol Kozlov he heard nothing that would raise any new element of hope.

"From there on, and with that solid conviction as the unmovable stone in the whole structure, we are ready to talk and discuss anything, because we certainly do want to find some way of reaching a solution that will not keep the whole world on edge..."

State department sources said later it was better to be frank about the situation and not lead Americans to any feeling of false hope.

Eisenhower said in reply to other questions that he was sure Americans generally were alert to the possible eventual consequences of failure in East-West agreement and binted at the need of more American military foreign aid.

Political Education Urged By Joiners

HULL, Que. (CP) — Canadian labor should concentrate on stepping up the political education of its members rather than forming a political party of its own, the 50th annual convention of the Quebec Provincial Council of the United Brotherhood of Carpenters and Joiners decided Wednesday.

Mrs. June Marks, a resident in the area for 19 years said that each time a dwelling is sold it is turned into a bawdy house.

"The area is a jungle with hundreds of prostitutes on the streets."

By BOB THOMAS

HOLLYWOOD (AP)—A series of disappointing films almost caused Harry Belafonte to give up his movie career, the singer-actor disclosed today.

The Negro star is a perfectionist, as sellout crowds at the Greek Theatre in Los Angeles attest nightly. He is also a young man who thinks seriously about his race. For these reasons, he has been unhappy with his films thus far.

He publicly lambasted Island in the Sun as a bad picture, much to the dismay of 20th Century-Fox. Now it's time for MGM to cringe. He has sharp words about his current release, The World, the Flesh and the Devil.

"It's not a bad picture," he allowed, "But the tragedy is that it could have been a great picture. Everyone who sees it agrees that the first part, showing the holocaust caused by an atomic explosion had terrific quality."

FALLS APART

Then, as many critics pointed out, the movie fell apart. Belafonte believes it was because the script failed to resolve the issue of a romance between himself and Inger Stevens.

"I said from the first that I didn't care whether I got the girl in the picture," he said. "The only thing I wanted was to have the issue resolved, and resolved honestly. I was assured that it would be. But during the filming, I spent arduous week after week hoping that the script would be fixed to match the original, exciting conception. It never was."

So great was his disappointment that he contemplated giving up films.

"I have never reached in movies the quality of performance and reaction that I got in concerts and other in-person shows," he said. "I began to think that perhaps I should stick to live performing, where I had control over what I was doing."

HAS OWN COMPANY

Instead of quitting, he went into production with his own company. He recently filmed Odds Against Tomorrow with himself, Robert Ryan, Shelley Winters, Gloria Grahame and Ed Pegley. He feels that in the crime story he achieves what he had hoped for on the screen for the first time.

Belafonte admitted that it isn't easy to find good stories for Negro stars.

"Let's face it: There are only two Negro stars who mean anything at the box office—myself and Sidney Poitier," he said. "If a writer does a story about a Negro and strikes out on both of us, he's dead."

But there should be a vast field of dramatic stories for Negroes, he added, and not merely concerning the race issue. He cited a number of historical subjects, plus the fact that Negroes now figure in many more walks of life than they did a decade or two ago. His own ambition is to do a sophisticated comedy, and he has one by S. J. Perelman under consideration.

WEST SUTTON — Mr. and Mrs. Douglas Johnson motored to Oshawa, Ont., and were guests of Mrs. Johnson's brothers, Messrs. Earl and Lester Marco, and family. Mrs. D. Marco who had spent a few days there with her sons returned home with Mr. and Mrs. Johnson.

LEGION AUXILIARY HOLDS MEETING AT KNOWLTON

KNOWLTON — The first regular meeting of the newly-formed Women's Auxiliary of the Brome Branch of the Canadian Legion took place in the projection room of the High School with the president, Miss M. Geldard-Brown, in the chair.

The minutes were read by the secretary, Mrs. Thomas Ross. There were 13 members present and one new member was welcomed to the organization. The treasurer, Mrs. Raymond Smith, gave her statement.

It was decided to hold food sales weekly at the home of Mrs. Stephen Morson each Saturday morning at 10 o'clock.

A great deal of discussion took place and arrangements were made for the forthcoming carnival in conjunction with the Brome Branch on July 10 and 11.

It was decided to cancel meetings until the Fall when the first meeting will take place on September 14.

International Car Theft Ring Operates In Region

Quebec police have made arrests in an international car-theft ring operating in the Eastern Townships.

In the last two days, six stolen cars have been recovered from barns at Granby and near Drummondville and in a garage across the border at Burlington, Vt.

Police believe the ring is operating in Ontario, Quebec and the United States. Two men have been arrested so far, one while driving a stolen car between Montreal and Granby.

STOLE 100 CARS

Provincial police said the ring had stolen at least 100 cars and perhaps as many as 200 in the last seven or eight months.

They said thieves picked up autos in Montreal or Ottawa, drove them to hideouts in the Eastern Townships where they were either dismantled to be sold as parts and as scrap or repainted, with new serial numbers, for resale.

Detectives said some of the stolen cars are moved across the border for resale in the United States.

They said a Vermont state trooper — James Ryan of Burlington, Vt. — suggested that some cars had ended up at a hush-hush car auction sale at Albany, N. Y. The stolen vehicles, without licence plates or numbers, were auctioned off at a fraction of their value and taken "to the four corners of the United States," police said.

LUCKY BREAK

One of the arrests Wednesday was a lucky break. Police were making a routine check on cars travelling near Chambly, Que. One motorist bolted, driving his car through the police checkpoint. He was followed and the automobile later found abandoned.

Police said the car — a 1938 model — had been stolen a few hours previously in Outremont, a suburban city on Montreal Island.

Police later picked up a youth, 17, wandering along the road. They said the youth had been employed for three months as a courier of stolen cars, getting \$25 for delivering "hot cars" from Montreal to Granby.

The other arrest was made at a barn at Souvenir, near Drummondville, 60 miles east of Montreal. Police found two stolen vehicles in the barn and apprehended a man.

Splendid Performance At North Hatley Playhouse

The five-member cast of "Angel Street" struggled back from a rather cool start to an ending that was nothing short of tremendous in the opening night presentation of the Victorian drama by Patrick Hamilton at the North Hatley Playhouse last night.

A brilliant Kay Tremblay handled the part of Mrs. Manningham with the same excellent stage qualities she displayed in last week's presentation of "The Remarkable Mr. Pennypacker."

Norman Ettlinger, making his second appearance of the season, played opposite Miss Tremblay, had a slow start but warmed to a forceful ending of an exceptionally demanding role.

Henry Hovenkamp in his first appearance at the North Hatley Playhouse made an outstanding impression. His portrayal of Sergeant Rough, a jovial but hard police officer lacked only slight imperfections of his accent.

Nancy, the fresh young maid of the Manningsham who took all sorts of liberties including making love to her master, was played by Carol Kirby. Miss Kirby handled herself neatly on the stage and her forbidden love scene with Mr. Manningham was flawless.

Dorothy Boyaner, who played the other maid, Elizabeth was excellent. In two scenes of high tension she is alone on the stage and she conveyed her fear of Sergeant Rough most convincingly.

There were several scenes where persons were left alone on stage and it was during these moments that the audience felt the highest tension. Arthur Moyer's stage direction in this phase of the presentation was flawless.

Miss Tremblay filled the difficult role of changing emotions grandly. Her distraught personality swept over the audience, carrying them into deep sympathy for her. She showed genuine joy and pleasure and horror and fear with equal adeptness. Her final scene of revenge on Mr. Manningham brought the play to a smashing climax.

Her incessant chatter was neatly handled as she rambled along in her defence to Mr. Manningham.

Ettlinger gained momentum as the play progressed and his harsh sarcastic manner was vividly portrayed in the last two acts. His entrances were played to perfection and his sinister appearance at these times was overwhelming.

His cold calculating questioning of Mrs. Manningham and Nancy were superb, mixing his sarcastic personality with a degree of harshness to motivate a feeling of horror.

Sergeant Rough appeared as a light relief after a heavy dramatic scene and his character was such that it changed in part the mood of the play. His bright optimistic manner was a good contrast to that of the despairing Mrs. Manningham. The cold calculating side of his personality was well presented in the second act during his scene with Mrs. Manningham.

The incident with his hat lying on the table created such a stir in the audience it had the patrons murmuring warnings to him.

The sequence of time was neatly dealt with particularly between the first and second acts.

Angel Street delves deep into human emotions and the expression of these on stage is most demanding. The entire cast handled this challenge admirably.

The play was staged in good fashion and the set designs by Helen Austin were neatly contrived.

The drama will run for three more nights at the North Hatley Playhouse concluding Saturday night.

Miss Tremblay, Mr. Ettlinger, and Mr. Hovenkamp make it a presentation well worth seeing.

FINAL TRIBUTE — A final tribute was paid yesterday to the three scouts that drowned at Bowker Lake last Saturday. Church services were held yesterday for the three boys at the St. Threse d'Avila church. The three boys were: Denis Bosse, 12-year-old son of Mr. and Mrs. Lucien Bosse of 923 King street west; Claude Huot, 12, son of Mr. and Mrs. Jean-Paul Huot of 1231 Esplanade and Real Lemaire, 14, son of Mr. and Mrs. Rodolphe Lemaire of 456 Mercier street.

Magon Death

Cliff Barber Held Criminally Responsible

After deliberating for only three minutes, a coroner's jury yesterday held Clifford Barber, 32, of Huntingville, criminally responsible in the death of Mrs. Helen Magon, 43, also of Huntingville, killed in a traffic accident on the Hillcrest road, early in the morning of July 4.

The jury, under the direction of District Coroner, Dr. Louis Gagnon, recommended the immediate arrest of Barber. Barber broke down briefly before being led to cells.

A waitress from Hillcrest Lodge, Cecile Lemoine, 24, testified that she had served three large bottles of beer to Barber July 3, the evening prior to the accident. She stated that he had entered the bar at about 10:00 p.m. and left at about 1:15 a.m.

Barber was sitting at a table with the accident victim and another couple, the waitress said. Everything appeared normal, but Miss Lemoine pointed out that Barber appeared to be feeling good when he first entered the bar.

Miss Myrna Laroche, 19, of North Hatley, testified that she arrived on the scene of the accident at about 1:45 a.m. July 4. She described the scene of the accident and the fact that a woman was lying on the side of the road, apparently dead.

Constable Gerard Charest of the Provincial Police stated that Barber appeared to be in a nervous condition. He smelled liquor at the scene, the constable added.

Barber, the sole witness of the accident, testified that he had not had a drink the preceding day, that he did not order drinks at the Hillcrest Lodge and that the accident was caused by a mechanical defect in his automobile.

Sgt. Eugene Morin of the Provincial Police stated that Barber was taken to the Sherbrooke Hospital and appeared to be hysterical. According to Sgt. Morin, Barber smelled of alcohol but was steady on his feet.

Cowansville Franchise To Cartier Gas

COWANSVILLE — (Special) — A franchise for the sale and distribution of natural gas in Cowansville, Que., will be granted to Cartier Gas Corporation, it was announced yesterday. The decision was made following a unanimous resolution adopted at a City Council meeting.

Before the meeting, Pierre Dessaulles, legal counsel for the company, outlined the project which will establish a natural gas system in a number of Quebec municipalities.

Later during the meeting, chaired by Alderman Raymond Fontaine, the council adopted the resolution which approves in principle the signing of the franchise, subject to final agreement on the various clauses. Cowansville will bear no financial responsibilities and will receive financial advantages from this new industry which will pay taxes on all its immovable properties.

Granby, Magog and Waterloo have already reached an agreement with Cartier Gas Corporation, a wholly-owned subsidiary of The Consumers' Gas Company, of Toronto, and St. Maurice Gas, Inc., which already distributes gas in Three Rivers. The company is at present negotiating with a number of other Quebec communities.

Political Ties Are Opposed By CCCL Division

QUEBEC — The Quebec City central council of the Canadian and Catholic Confederation of Labor Tuesday night adopted a resolution stating that no officer of the organization may publicly attach himself to any political party.

The resolution, adopted at the council's monthly meeting, is to be forwarded to the CCCL executive as a proposed amendment to the CCCL constitution.

Referring to recent suggestions by CCCL executives that the union drop the word "Catholic" from its title, Rev. Aurele Ouellet, chaplain of the central council, said:

"The more talk I hear in favor of a non-confessional union the less I believe in it."

He said the CCCL should wait for a decision by the bishops of the Catholic Church before making a move.

Some leaders have suggested the union's title hinders efforts to recruit non-Catholic members. They have suggested the group drop open references to its links with the Catholic Church but still abide by the Church's social doctrine.

Foster Contests

FOSTER — Two council seats and the office of Mayor are being contested. For the mayoralty, candidates are: G. B. Mizener and A. J. Griffin; Seat 3, Councillor Maurice Williams and Bernard de Solle; Seat 6, Councillor Burton Osgood and Elliott Bockus. Ald. Harold Wing was re-elected by acclamation.

Archbishop Sees Cathedral Debt Paid In 15 Years

Within 12 to 15 years, the debt on the St. Michael's cathedral amounting to \$1,170,000 will no longer exist, thanks to the generosity of the faithful of the archdiocese, Mgr. Georges Cabana said last night.

Mgr. Cabana was addressing a group of priests and laymen who helped make a success of Sherbrooke's first Diocesan Eucharistic Congress at a special banquet held in their honor last night.

The Archbishop told those present that costs of the construction of the cathedral amounted to \$1,800,000. Over \$600,000 in gifts on the part of the faithful have been applied against the debt.

The children of the diocese, through voluntary sacrifices have saved \$14,000, which will pay for the main altar, added the archbishop.

The extra five cents for seating facilities, which have been paid by churchgoers since the completion of the cathedral have netted \$120,000 annually.

Two Contests For Council At North Hatley

NORTH HATLEY — Two seats for the North Hatley Town Council will be contested next Monday.

Terms of Fred Holland, number one seat, and Ronald Reed, number two, have expired. A third seat, number six, has been left vacant through the recent absence of Charles Coleman.

All three men are seeking reelection. Mr. Holland is opposed by Lawrence Taylor, Mr. Reed was returned by acclamation, and Mr. Coleman is being opposed by Edward G. McCrea.

Mayor Clifford J. Reed was returned to office by acclamation.

The polls open at 8 a.m. and close at 6:00 p.m. Monday.

Questioning Of Bourque Is Delayed

The preliminary examination of Finance Minister J. S. Bourque in connection with his libel action against Le Devoir for certain articles published in the newspaper criticizing the Hydro-Quebec gas system to the Quebec Natural Gas Corp. Ltd. was postponed for the second time yesterday.

A subpoena was served on Mr. Bourque June 12 ordering him to appear in court for questioning but the case was postponed until yesterday. When it was called, a postponement was granted until July 15.

Heavy Fire Loss

A two-alarm fire, breaking out around two o'clock this morning, caused extensive damage to the home of Leo Parent, 363 Assumption street, in East Sherbrooke.

As Mr. Parent and his family had left on their vacation yesterday morning, the flames had made considerable progress before they were noticed by Gilles Nault, who saw a rosy hue in the window as he was on his way home.

He summoned Number Five station by telephone. When the firemen arrived on the scene, they decided to call reinforcements from Number One station.

The fire burned out of control for about an hour and firemen remained on the scene until 6 a.m. to check for any recurrence.

Damage to the interior of the house was reported heavy but little damage was done to the exterior.

The cause of the blaze has not yet been determined.

Several members of the fire department were slightly injured but were given first aid treatment on the scene.

The firefighters were under the direction of Capt. Charles Audet, acting chief, and Lt. Theodore DeGraze.

Wartime Unit Plans Annual Rally Sept. 19

Some 300 veterans of the wartime Sherbrooke Fusiliers Regiment are expected to turn out for the unit's annual reunion on Saturday, Sept. 19, when official colors will be presented.

The regiment was formed in 1942 by the amalgamation of the Sherbrooke Regiment, RCAC, and Les Fusiliers de Sherbrooke, RCIC. The two units continue to be active in the militia.

The Sherbrooke Fusiliers took part in 24 major battles in North-West Europe from D-Day until VEDAY. The regimental colors will carry 10 of these battle honors.

Overseas, the Sherbrooke Fusiliers fought as the 27th Armored Regiment, 2nd Armored Brigade, and were attached to the 3rd and 4th Divisions at various times.

The week of Sept. 13-19 will be observed as Sherbrooke Fusiliers Week in Sherbrooke in connection with the reunion. Citizens of the city and surrounding district will pay tribute to the soldiers who served with the unit during the war.

The Presentation of colors will climax the week's activity.

The Sherbrooke Fusiliers Regiment was originally a largely Eastern Townships unit. Later, men from other parts of Canada, particularly the Maritime Provinces and Western Canada, served with the regiment.

West Bolton Vote

WEST BOLTON — The office of mayor and one councillor are being contested here.

Opposing Mayor G. C. Whitehead is W. J. McCormick, and opposing Councillor Albert Lepage is G. McElroy. L. P. Durrell and F. Page were returned to their respective council seats by acclamation.

FLYING OFFICER D. F. C. GARLAND of Sherbrooke has been awarded a permanent commission in the RCAF, according to an announcement at Centralia, Ont.

F/O Garland was educated in Albany, N.Y., and enlisted in the RCAF as a pilot in September 1934.

Prior to coming to Centralia he was a member of 414 and 433 All Weather Fighter Squadrons.

F/O Garland's parents, Rev. and Mrs. S. G. Garland reside at 1162 Portland Avenue in Sherbrooke.

West Brome Girl Is Delegate To Red Cross Rally

Miss Margaret Elizabeth Kuss of West Brome has been chosen as a delegate to the Junior Red Cross International Study Centre which will open in Toronto on August 11 for a period of ten days.

The delegates to the International Study Centre are young people between the ages of 15 and 19, who are dedicated to the furtherance of international friendship as well as a better understanding of the aims and purposes of the Red Cross.

This year's study centre is being held to mark the 50th anniversary of the granting of a charter to the Canadian Red Cross Society and to commemorate the 100th anniversary of Henri Dunant's inspiration of the battlefield of Solferino, out of which the Red Cross was born.

Fred A. Manning Hall Mach'y Head Dies In Halifax

HALIFAX (CP)—Fred A. Manning, a Nova Scotia country boy who parlayed native business acumen and a string of service stations into a far-flung industrial empire, died suddenly of a heart attack here Wednesday night. He was 67.

Mr. Manning got an early start in business as a clerk in his father's store in the little village of Pictou, N.S., armed with a business diploma from Mount Allison University at Sackville, N.B., which later granted him an honorary degree. He set up an agency for Ford cars and trucks in Windsor, N.S., in 1917.

Moving the Ford agency to Halifax in 1920, he joined forces with R. W. Harris of Halifax and R. A. Jodrey of Hantsport, N.S., to form Super Services Limited to operate a chain of service stations.

Super Service eventually grew into United Services Corporation, which with subsidiary companies, operated automobile agencies, service stations, bus and truck companies and wholesale gasoline, oil, automotive, radio and electrical supplies outlets.

OIL DEVELOPMENTS
Relinquishing control of the \$14,000,000 corporation four years ago, he became interested in oil developments in Western Canada, and oil and power projects in Venezuela. He was president of North Star Oil Limited of Winnipeg, and last month incorporated Venezuela Power Company with himself as president.

At the time of his death he was president of six companies including Hall Machinery of Canada Limited of Sherbrooke, Que., and the Great Eastern Corporation of Charlottetown. He was a vice-president of the Bank of Nova Scotia, board chairman of the Industrial Development Corporation of Venezuela, and director of four companies including Bramford—Henderson Limited of Montreal.

He was a member of the national advisory council of the Boy Scouts Association of Canada. Among the survivors is a half-brother, Arthur Manning of Truro. Funeral arrangements had not been completed.

Small Sum Taken In Robbery At Bromptonville

Thieves broke into the Lambert Grocery store in Bromptonville last night and made off with between \$25 and \$30. Adrien Perreault, proprietor of the store, made the discovery this morning when he opened the store.

The money had been taken from drawers throughout the store. The safe which was open, contained only papers. The thieves missed a larger sum of money in another spot in the store.

Lively Debate At Sutton Township Council Meeting

SUTTON — The lively debate regarding the advisability of borrowing money to purchase machines for road making and winter road clearance was continued on Monday at the meeting of the Sutton Township Council. Prior to the meeting a letter from the Lawrence Smith, mayor of the township, had been sent to ratepayers to explain the matter thoroughly and, with a decisive vote by the Council expected, every seat in the council chamber was filled by interested persons of both sexes.

By unanimous assent the Council gave a vote of thanks to Mrs. Albert Grenier for her hard and painstaking work in connection with preparation of statements concerning estimates of costs of the proposed project. Then the discussion really got under way.

Present at the meeting were several engineers, including H. N. Finlayson of the Shawinigan Power Co., who had met with Mrs. Grenier a short time ago to study her estimates. He gave his carefully considered opinion that he could not fully agree that her figures might not require alteration and that costs might not possibly exceed the amounts she had listed. He also explained the condition of the bond market in which the township, as holder of bonds, is especially interested.

Taking everything into consideration, he felt that the matter required more study and suggested that a committee composed of J. Hunter, Mrs. Grenier and such others as those two wished to add to their number probe the business before the next Council meeting.

Comparison between costs of road making and clearance in Sutton Township, where the township owns its own machines and in Inverness, where the work is let to contractors, also was made. Again Mrs. Grenier's figures and those of Mayor Smith were rather at variance.

There was an honest difference of opinion. And when the mayor pointed out that in order to carry out the Grenier proposal it would be necessary to raise the rate of assessment of ratepayers from the present 20 mills to 30 mills Mrs. Grenier countered with the comment that in the new revaluation the rate was being raised anyway and might well come up to that 10 mills increase.

Mrs. Grenier desired a vote on the matter, but in the end, by a motion of Councillor Leon Jordan, seconded by Councillor H. Burnett, the business was held over until the next meeting with over until the next meeting.

NORTHWEST PASSAGE — A regular west-to-east shipping route across the Canadian Arctic may become a possibility. The federal government is investigating it. Ships would sail from the open waters in the western Arctic through Coronation Gulf and Dease Strait which separate Victoria Island from the Canadian mainland. They would sail up through Victoria Strait and Fury and Hecla Strait and on into the Atlantic or down into Hudson Bay. The proposed route would be almost the same as that followed by the Norwegian explorer Roald Amundsen in 1903. Later, RCMP Supt. T. A. Larsen, took the vessel St. Roch through the northwest passage in both directions. (CP Newsmag)

ALBERT J. TULLY, Mobile, Alabama attorney, was named president of Kiwanis International at the 44th annual convention in Dallas. News of Tully's election was received today by officers of the Kiwanis Club of Sherbrooke. He succeeds Kenneth B. Loheide, Toronto, businessman.

John Withall To Direct Mental Health Program

MADISON, Wis.—Prof. John Withall, a Bishop's University graduate and since 1966, executive director of the U.S. Educational Foundation in Pakistan, has been named director of the University of Wisconsin a quarter of a million dollar mental health program, Dean Lindley J. Stiles.

Born in London, England, Prof. Withall has a B.A. and M.Ed. from Bishop's University, and a Ph.D. from the University of Chicago. For many years he was a resident of Sherbrooke.

Withall has previously served on the faculty of the University of Chicago, Brooklyn College, the University of Delaware, and with the National Education Assoc. He has done pioneer research in the measurement of classroom climate and in the area of teacher-learner interaction.

Funds for the program he will head were made available to the University last year by the National Institutes of Health of the U.S. Public Health Service for a "pilot and evaluation project" consisting of a study of teacher education as related to student mental health.

A total of \$54,576 was granted for the period July 1, 1959, June 30, 1960, with \$221,038 recommended as support through 1962.

According to Prof. Withall, the study will consist of testing various approaches in teacher education in order to find the best possible method of developing greater mental health in students.

Research will be under the supervision of an advisory committee with an executive group composed of Dr. Carl R. Rogers, departments of psychology and psychiatry, as chairman, and Prof. John W. M. Rothney and Virgil E. Herrick of the School of Education.

Careful supervision of his environment and diet seven days a week were believed to have kept the big bug going past his time.

Goliath, whose full name was Goliathus Goliathus, came from Equatorial Africa, where his breed is lucky to reach adulthood, much less old age. African natives consider the grubs, fried, a real delicacy.

His origins are surrounded in mystery. One morning about the first of the year a museum attendant found a coffee can on the premises. Inside, wrapped in native African grasses, was Goliathus.

Pallister took over the foundling, and housed him in a large glass case kept warm and humid like his jungle homeland. Thousands of visitors watched delighted as the beautiful black, white and garnet-colored beetle spread his eight-inch wings or used his "horns" and "nose" to peel a banana. He also liked pears, mangoes and tomatoes, very ripe.

Tuesday Goliathus refused his banana and even the sugared water he loved so much. Sometime during the night he passed away.

He will go into the museum collection soon—when he's fully dried out.

Museum experts guessed his age at death was about seven months. The normal life span of the beetle is believed to be only about two months.

Noted Male Choir Will Be Heard In Richmond July 13

RICHMOND — Announcement has been made that the famous Princeton Seminary Choir, of Princeton, N. J., will give a public concert in Chalmers United Church here on Monday evening, July 13, at 8 p.m.

The male chorus, on its 14th annual tour through 10 north-eastern states and five provinces of Canada, has appeared often on radio and television networks in the United States and other countries during its summer tours. The 20 members are college graduates now enrolled at Princeton Theological Seminary for graduate studies in preparation for the ministry.

The director is David Hugh Jones, Mus. Doc. F.A.G.O., A.S.C.A.P., who was a charter member of the Westminster Choir College faculty and head of the organ and composition departments of that school for many years. He is now professor of music at the Seminary.

The repertoire of the choir represents the finest choral music, including the works of Palestrina, Lotti, Bach, Handel, Haydn and Mendelssohn, as well as contemporary European and American composers and several traditional songs.

It is hoped that there will be a large attendance to hear this splendid choir at their Richmond appearance. There is no admission fee to the concert, which is sponsored by the Women's Association of the church, but a silver collection will be taken to help defray part of the expenses of the choir.

**Two Contests
At North Hatley
School Board**

NORTH HATLEY — Two seats on the North Hatley School Board, formerly held by Ronald Reed and Ronald Clark are being contested.

Both men are seeking re-election and are being opposed by Mrs. Grant LeBaron and Roger LeBaron. The two candidates polling the highest number of votes will move into office as there are no numbered seats on the Board.

Reports say the construction of an addition to the new school is an issue in the campaign but none of the candidates has commented on this question as yet.

Bernard Hopcraft, secretary of the Board reported that at present the only difficulties to be overcome in regards to the new addition are with the government and final approval of the architect's plan.

Council Aids Fund
NEWCASTLE, N.B. (CP)—The Northumberland County Council has voted to pay undertakers' expenses up to \$200 each for burial of all Northumberland County victims in the Northumberland Strait fishing fleet disaster of June 19 and 20. The council also voted \$2,000 to the relief fund. Thirty-five salmon fishermen perished when an unexpected storm wrecked their small boats. Only 12 bodies have been found.

JUSTICE VISITS HERE
LONDON (CP)—Baron Parker, Lord Chief Justice of England, sails for Canada Aug. 12 to fulfil several engagements and have a fishing holiday. Lady Parker will travel with him. Lord Parker will officially open new law courts in Quebec City and Montreal.

Record Heat Wave
LONDON (AP)—A record heat wave spread over Europe Wednesday. Temperatures in some southern resorts topped 100 degrees and the rest of Britain sweltered in the 80s and 90s. Eighty girls fainted in a British television plant. A London biscuit factory sent home all its staff because all the chocolate melted on the production lines. In continental Europe the heat wave of the last two weeks is getting hotter and drought threatens the harvest. In Denmark farmers faced the worst drought in 70 years.

WHITEHEAD — In loving memory of my dear husband, William Whitehead, who passed away three years ago, July 9th, 1956.
I lost my life's companion,
A life lived with my own,
Day by day I miss you more,
As I walk through life alone,
When the evening shadows are falling,
And I sit in quiet alone,
To my heart there comes a longing,
If you could only come home,
Friends may think I have forgotten
When at times they see me smile,
But they little know the heartache
I am hiding all the while.
I remember you in silence,
And make no outward show,
But what it meant to lose you,
No one will ever know,
Longest remembered and sadly
missed by his wife.

CELIAC DISEASE POSSIBLY STEMS FROM CHILD'S EMOTIONS

Several correspondents, including G. M., have asked for information concerning the disorder of childhood known as celiac disease.

Although many readers may never have heard of it, it is not exceedingly rare and, when it does occur, it is most troublesome.

Three or four years ago two pediatricians reported 213 cases of this disease observed over a single three-year period.

The location of the trouble in celiac disease appears to be in the intestines. It usually occurs in children between the ages of six months and three years but occasionally attacks older or younger children.

Its principal characteristic is the long continued but irregular appearance of a typical kind of diarrhea. There is, however, no single laboratory test to nail down the diagnosis.

The cause of celiac disease is not entirely clear. Youngsters who have it are irritable. The symptoms are made worse by emotional disturbances, such as upsetting the daily routine by travel or moving to another home.

The factor of stress is so important that there is a question as to whether it may not be a cause rather than a result of the disease.

There seems to be a tendency in some victims of celiac disease to outgrow or overcome the condition with age. Even if this could be counted on, which is doubtful, it still is advisable to relieve the youngster (not to mention the parents) of the symptoms.

Certainly one factor is to keep the emotional stresses and strains for the youngster as low as possible. Certain drugs also have a place in treatment.

Probably the most important line of treatment is dietary. The two pediatricians whose report I mentioned believe that the main difficulty is with the digestion of starchy foods.

They believe, therefore, that most starches other than those found in fruits, vegetables and in protein or caseinate milk should be eliminated. The banana, they think, is particularly desirable.

The child with celiac disease can apparently digest protein and moderate amounts of fat without great difficulty.

They recommend eliminating from the diet the cereal grains in any form, including bread, cake, toast, breakfast cereals or cookies. They also prohibit potatoes and sugar as sweetening or in candy, pastries and the like. They feel that dietary supplements containing certain vitamins are valuable in treatment.

DRYDEN-PERON

SWEETSBURG—A very pretty wedding was held on June 13, in Emmanuel United Church when Miss Alta Johanna Peron, elder daughter of Mr. and Mrs. Stanley Peron of this village, became the bride of Mr. Keith Frederick Dryden, elder son of Mr. and Mrs. A. T. Dryden, of Fordyce, Rev. Carl J. Gustafson officiated. Baskets of white and pink peonies and yellow lilies decorated the church and the guest pews were marked with white satin bows and orange blossoms.

The wedding music was played by the organist, Mr. Charles M. Weddell, Miss Bach, and the soloist, Mr. Thomas Robson, of Granby, sang "The Lord's Prayer" and "Because" during the ceremony.

Given in marriage by her father, the bride wore a floor-length gown of white satin and Chantilly lace styled on Princess lines with a scalloped neckline applied with lace. A matching satin headpiece held her elbow length veil of tulle illusion and her cascade bouquet was of red roses with white carnations.

The maid of honor, Miss Grace Peron, was in a street-length dress of pink taffeta with a matching overskirt of pink chiffon.

Homemaking

Baby-sitting has become a well-paying business for teenagers and older adults. Some baby sitters take the responsibility too lightly. As a result, serious incidents happen that could have been avoided. Both parents and baby sitters should agree on areas of what is and what is not to be done before an evening of responsibility begins.

Marriages Of Local Interest

STERLING—HODGE

On Saturday, June 20th, in St. George's Church, Lennoxville, the marriage took place of Mary Flora Hodge, daughter of the late Mr. and Mrs. Cecil Hodge of Cookshire, to Bruce Hilton Sterling, son of Mr. and Mrs. Rod Sterling of Hatley Acres, North Hatley.

The Very Rev. Sidney Jellicoe, D. D., officiated at the double ring ceremony, for which the wedding music was played by Mr. A. Bartlett, church organist. During the signing of the register, Miss Diane Montgomery of Hatley Acres, North Hatley, sang "O Perfect Love". The church was decorated with pink gladioli and white mums on the altar and the guest pews were marked with white satin bows.

Given in marriage by her uncle, Mr. Alonzo Hodge of Asbestos, the bride wore an original gown of imported Swiss embroidered nylon organza over taffeta, with a fitted bodice having a round neckline and short gathered sleeves. Her chapel-length veil of tulle illusion was held in place by a crown, and her semi-cascade bouquet was of pink and white sweetheart roses. Her only jewelry was a single strand of pearls, a gift of the groom.

Miss Joan Frank of Kingsbury, as maid of honour, was in a ballerina-length gown of rose taffeta with matching bandeau. She carried a colonial bouquet of pink and rose carnations.

The bridesmaids, Miss Beverly Mosher and Miss Sylvia Gentry, wearing pink taffeta gowns of the same style as Miss Frank's and matching bandeaus, carried colonial bouquets of rose carnations.

Mr. Joseph Willis of Montreal, acted as best man, and the ushers were Mr. Roger Montgomery of Hatley Acres, North Hatley, and Mr. Robert Nichol of Lennoxville.

The bride's aunt, Mrs. Alonzo Hodge, wore a sheath dress of Alice blue lace with a matching duster, a corsage of pink sweetheart roses, and navy accessories.

Mrs. Rod Sterling, the groom's mother, chose a sheath dress of pale turquoise lace with white accessories and a corsage of rose carnations.

Following the ceremony, a reception was held on the lawn at the home of the groom's parents at Hatley Acres. Peonies, roses, and other garden flowers were used to decorate. The three-tier cake was topped with a small vase of assorted garden flowers. The bride's table was decorated with silver candelabra, tapers also being set in similar small vases of flowers.

For the honeymoon trip through the Maritimes, the bride chose a two-piece beige linen suit-dress, with toning accessories of darker beige, and a pink sweetheart rose corsage.

Upon their return, Mr. and Mrs. Sterling will take up residence at 1-a Church Street, Lennoxville.

MARCHAND—PHELPS

SUTTON, Que.—The marriage of Miss Sandra Gordon Phelps, daughter of Mr. and Mrs. Rupert Phelps, of Sutton, and Mr. Anton Leo Marchand, of Montreal, son of Mr. and Mrs. Rene Marchand, of Sutton and Montreal, formerly of Interlaken, Switzerland, took place at half-past two o'clock on Saturday, June 27, in Grace Church, Sutton, Rev. Macklin Brett officiating. The wedding music was played by Mrs. Dennis Cowan, and the soloist, Mrs. Robert Cowan, rendered the Lord's Prayer during the service, and Ave Maria during the signing of the register. Deep pink peonies adorned the altar with baskets of summer flowers attractively arranged in the church.

Given in marriage by her father, the bride was in a portrait gown of lace and tulle, the lace bodice having a scalloped bateau neckline embroidered with white sequins and pearls. The full long skirt featured a sequin and pearl embroidered front panel, with the bustle effect at the back formed by lace and tulle ruffles. Her shoulder length veil was held by a matching bandeau. She carried a white Bible adorned with tiny pink rosebuds and white ribbon streamers.

Mrs. Jacques Berard, of Dunham, as matron-of-honor, wore a full skirted dress of white organza over yellow taffeta, fashioned with a bateau neckline and short sleeves. The taffeta cummerbund ended in wide streamers falling to the hemline at the back. She wore a picture hat of white straw and carried a basket of variegated pom-poms and baby's breath. The bridesmaids, Miss Catherine Hazard in aqua, and

Miss Susan Phelps, sister of the bride, in pink, were in similar styled gowns to that worn by the matron of honor, with matching picture hats and carrying baskets of variegated pom-poms.

Mr. Werner Lengacher acted as best man for the groom and the ushers were Mr. Gerald Mayhew, of Montreal, cousin of the bride, and Mr. Jacques Berard, of Dunham.

Mrs. Phelps, mother of the bride, received in a sheath dress of Windsor rose nylon lace with matching duster, with which she wore a hat of Dior blue mohair and a corsage of blue corn-flowers and white feathered carnations.

Mrs. Marchand, the groom's mother, was attired in a beige and black figured dress and black picture hat. Her corsage was of white roses.

Following the ceremony, a reception was held in the Parish Hall, where the bride's table was attractively arranged with a three tier wedding cake flanked by white tapers and low bowls of pink roses. A pink rosebud centered each guest table. During the reception, an anniversary cake was presented to the bride's parents, who will shortly celebrate their 25th wedding anniversary.

Later Mr. and Mrs. Marchand left for a wedding trip to Hampton Beach, N.H., and Boston, Mass., the bride wearing a beige linen sheath dress with matching duster, a turquoise hat and a corsage of yellow roses. Upon their return, the young couple will reside in Montreal.

Guests were present at the wedding from Bristol, Conn., Lennoxville, Sherbrooke, Coaticook, Waterloo, Foster, South

Beauty Tips

Short waists threaten to make their owners look dumpy. Keep your waistline supple with exercises especially keyed for the abdominal and waist muscles. These ward off the tendency for the spare tire to develop in the middle and make you look like a lump.

Teen-agers can get through the stage of feeling gawky and long-armed by dressing carefully. During this period wear full sleeves for dress-up and select three-quarter length sleeves or sleeves halfway between the elbow and shoulder for casual wear.

CAZA—KIMMELL

BEDFORD—The marriage of Shirley Margaret, eldest daughter of Mr. and Mrs. Rene Kimmell to Mr. Leonard Caza, of Quebec, son of Mr. and Mrs. J. Caza of Windsor, Ont., took place on Saturday, June 27th, at ten o'clock in St. Damien's Church, Rev. Father Cournoyer, officiating. Pink and red peonies were used for church decorations.

The bride, who was given in marriage by her father, wore a gown of white organza over net and taffeta, with short sleeves and yoke of Guipure lace, the full floor-length skirt, had appliques of the same lace. Her fingertip veil of tulle illusion was held by a coronet of sequins and pearls, and she carried a bouquet of white lilies and red rosebuds.

The maid of honor, Miss Jean Paglierici, wore a street-length gown of turquoise organza, with short sleeves and full skirt. She wore a picture hat to match and carried a colonial bouquet of pink carnations.

The bridegroom was accompanied by his father, while the ushers were Mr. Paul Kimmell, of Bedford, brother of the bride, and Maurice Caza, RCAF, Bagotville, brother of the bridegroom.

Mrs. Kimmell, the bride's mother, wore a floor-length gown of blue lace over taffeta, with matching hat, and white accessories. Her corsage was of pink rose buds.

Mrs. Caza, mother of the bridegroom, was in a gown of grey and pink flowered silk, with white hat and accessories, and wore a corsage of pink roses.

Following the ceremony a reception was held at the Hotel Maurice after which Mr. and Mrs. Caza left on their wedding trip to Atlantic City. The bride travelled in a pink linen suit with a pink rose trimmed hat, and white accessories. Mr. and Mrs. Caza will live in Quebec.

Guests were present at the wedding from Venice, Vt., Cowansville, Stanbridge East, Quebec City, Que., Windsor, Ont., Hartford, Conn., and Chappaqua, N.Y.

Keep Cool With Air Conditioning

Important Phase Of Modernization

"Comfort Conditioning" is an important phase of modernization that is often overlooked by home owners. The logical time to bring a home's heating system up-to-date is during a remodelling program of any sort.

In popular usage, the term "air conditioning" has come to apply only to cooled air. Yet, for maximum healthfulness, heated air in the home requires "conditioning" even more than cooled. This term "comfort conditioning" has come into being.

The importance of comfort conditioning is that it controls not only the warmth of temperature that is the full extent of older heating systems, but also humidity, circulation, distribution, dust and odors.

Most popular today is the warm air comfort conditioning system. It is acknowledged by heating authorities as the simplest, least complicated

method now available to provide control of heated air problems.

Warm air comfort systems are available for use with all types of fuel — hand-fired coal, stoker-fired coal, gas and oil. A few minutes after being fired, the unit is generally delivering heat throughout the house.

Humidifiers built into these systems automatically provide the proper amount of humidity necessary to eliminate the discomfort of desert dryness that so frequently accompanies winter heating.

A blower, built into the

heating unit, circulates air gently throughout the home, assuring constantly fresh indoor air free of staleness and odors. Filters, placed strategically, remove 85 percent of dust particles.

The duct work installed for warm air conditioning is readily adaptable for the addition of a summer cooling unit when the home owner's budget permits.

BIG LIFT

A series of three locks at the Atlantic end of the Panama Canal raises ships 85 feet to the level of the Gatun Lake.

BASEMENT MODERNIZATION — It's easy too, with a little imagination and time. Simple tiling and painting add eye-appeal. Compact and quiet heating and air conditioning equipment replaces old-fashioned installations. Shown: All season air conditioner, which keeps the entire house warm in winter and cool in summer.

Easy To Install, Cooler

At last — the "do-it-yourself" approach to air-conditioning has been made possible with the introduction of portable room air-conditioners.

A ruler, a knife, screw driver and 30 minutes time is all that is needed for expert installation.

The very newest 60-pound unit not only cools but also heats and can serve as a dehumidifier.

It requires only the above tools, plus an adequate electrical outlet supplying standard household current.

Portable models fasten to the window sill with a wing screw adjustment. A weather-proofing gasket is fitted to provide an airtight seal.

The ruler and knife are used to measure and cut fiberboard wing panels which enable the portable to fill any size window width.

The new portables can be installed in casement windows as well as the standard double sash type with an adapter kit available for that purpose.

Tough Tasks Face Freddie Hutchinson And Billy Jurgens Right From Start; Yankees Wallop Red Sox 11-5 In First

That's quite a chore Freddie Hutchinson has undertaken as new manager of Cincinnati Reds, but it's a toss-up for toughness compared to the job facing Billy Jurgens with Boston Red Sox. Hutch, fired last September in his third season with St. Louis Cardinals, a greased Wednesday night to a third shot as a major league pilot. He replaced Mayo Smith with the seventh-place Reds, who are 10½ games back in the National League race. But Jurgens, who succeeded Mike Higgins as Boston boss last weekend, now not only is last in the American League, but is a full dozen games behind first place Cleveland—and he has five games to play against New York Yankees in five days. The Red Sox blew a chance to quit the cellar Wednesday night, letting a 5-3 lead slip away and taking an 11-5 walloping from the Yankees, who tied for third place, in the only game scheduled in the majors. MOVE TO BOSTON That game, making up an April rainout, was at New York. The next five are at Boston as the result of a weird schedule and a rainout. The Yankees did some blowing

Sailing Season Underway Again At Massawippi

The sailing season has gotten under way again on Lake Massawippi with the first race of the year being held last Saturday. Every Saturday afternoon the boats of the North Hatley Club Inc. compete for the Pope Cup which is awarded to the winning boat at the end of the season. Each skipper selects his eight best results and submits them to the sailing committee. Aside from the Pope Cup races there are often races on Saturday morning and Sunday for the smaller boats (under 19 feet). The first week in August is devoted entirely to sailing. There are races every day and on one day there is an 'all-day' race from North Hatley to Ripple Cove at the other end of the lake. An other cup is awarded to the winner of the races during this week. Results of the races: FIRST RACE 1. C. L. Cate; 2. N. F. Dinning; 3. D. B. Meagher; 4. D. H. Bradley; 5. R. Hart; 6. T. Plek; 7. R. R. McLernon; 8. J. F. Baillie. SECOND RACE 1. D. H. Bradley; 2. N. F. Dinning; 3. D. B. Meagher; 4. C. L. Cate; 5. R. Hart; 6. R. R. McLernon; 7. J. F. Baillie; 8. D. Bassett; 9. T. Plek.

Mexico's Jose Becerra Pulls Another Boxing Upset Punching World Bantam Title Away From Halimi By KO In 8th

LOS ANGELES (AP)—"I went out there to knock him out in the first round," said smiling Jose Becerra after punching the world bantamweight crown from the handsome head of France's Alphonse Halimi. A crowd of 15,130 sat and shouted in air conditioned comfort in Los Angeles' spanking new \$8,000,000 sports arena as the ferret-sized fighters set a pace that couldn't continue 15 rounds. Somebody had to give—and it was the champion from French North Africa who hit the deck twice in the eighth round and was counted out while bedlam and shouts of "viva Mexico" erupted from Mexico's first undisputed 118-pound champion. The Halimi camp put the blame for the defeat squarely on the bowed shoulders of the ex-champion. "We told him million times to stay off dah ropes," said Halimi's American trainer, Joe Rizzo, in a thick French accent. And Halimi accepted the blame with a grin and a Gallic shrug. "I started too fast with him," Halimi said. "I thought I could knock him out—but poof." Halimi began peppering away at the pressing challenger with a long jab. But he soon switched and "bombed away at Becerra in savage infighting. Becerra, who has knocked out 21 of his 36 fight opponents, said he's ready and willing to meet Halimi in a rematch. The gate was \$151,151. Matchmaker George Parnassus said Los Angeles' Memorial Sports Arena is the logical place. But the Halimi camp said they are also considering Paris. When someone asked Halimi where he'd like the rematch, he said "aah, everywhere."

Yankees Romp To 25-14 Win Over Tigers On Twenty Walks And Barrage On Hits; White Sox-Senators Meet

Receiving a generous gift of 25 bases on balls and coming up with a barrage of thirteen hits Yankees romped to a 25-14 victory against the Tigers in a Little League game played last night at the Parade Grounds. The result leaves four teams tied for second spot in the league standing. Tonight the White Sox tangles with Senators at the Parade Grounds. Game time 6:30. Don Montgomery, Allan Sample and Robert Ian McLeod were the only Yankees batters who went hitless in the Yankee victory. Montgomery received three walks in the tilt. Eleven runs in the first inning gave the Yanks a big lead. Robbie Letellier, the Tiger starting pitcher, was yanked before the inning ended being replaced by Jacques Drouin. Yankee hitters in the inning were Bob Watson, George Garard, Gary Taylor and David Cook. Tigers came up with two in their half of the same inning. Marc Roy and Robert Pilotte getting singles. Hits by Jeff Planche and Dudley Coates added one more run for the Yanks in the top of the second. Tigers going scoreless in their half. Seven more runs in the third put the game on ice for the Yanks. Jeff Planche hit a homer with two men on while Dudley Coates, Bob Watson and Gary Taylor followed with singles. Yanks added six more runs in the remaining innings while in the last four stanzas the Tigers rolled up twelve runs. This was the scoring in the game with the Yanks winners on the long end

Bassett Upsets F. Godbout In Davis Cup Trials

MONTREAL — John Bassett of Toronto upset Francois Godbout of Waterloo, Que., 6-3, 6-2 Wednesday in trial matches for a position on Canada's 1959 Davis Cup tennis team. A group of nine junior tennis players is playing a round-robin series here for the remaining two places. Bob Bedard of Sherbrooke, Que., and Don Fontana of Toronto have already been named to the team. Godbout took an edge over Bassett in a similar round-robin at Toronto last week when he upset Fontana, who beat Bassett. In another match played Wednesday, Reider Getz of Vancouver beat Winnipeg's Jim Ioanidis 6-2, 6-2. The tryouts are continuing until Friday.

Quarterback Faloney Signs With Hamilton

HAMILTON (CP) — Quarterback Bernie Faloney of Hamilton Tiger-Cats has signed a three-year contract, Tickets announced Wednesday night. Team president Jake Gaudaur and coach Jim Trimble said the contract hinges on Faloney's ability to make the squad at the start of each season. A former member of Edmonton Eskimos of the Western Interprovincial Football Union, Faloney was last year's Canadian Press all-star quarterback. Gaudaur said that Faloney himself asked for the three-year contract. "We've never requested a player to sign anything more than a one-year deal," he said.

Henri M. Tanguay, R. Royer Win In City Tournament

Patrick Henri, third seeded player in the tennis tournament for the championship of the City, last night triumphed over Denis Royer in a match which went the required three sets. In the ladies' department, top seeded Marthe Tanguay posted a 6-1, 6-1 victory over Francoise Tanguay. Richard Royer downed Camille Charron in two sets in other tournament action. This evening, Marthe Tanguay will play Jeannine Levesque at 7:30. Yves Laberge will battle against Claude Metras while Richard Royer and Paul Yergeau will also see action. These last two games start at 8:30. Last night's results follow: M. Tanguay downed F. Tanguay 6-1, 6-1. P. Henri downed D. Royer 6-2, 3-6, 6-4. R. Royer downed C. Charron 6-2, 7-5.

Leonard To Play In CPGA Open At Rivermead, Que.

TORONTO (CP)—Stan Leonard, 45-year-old golf pro who prescribed a long vacation for himself a couple of days ago, apparently has decided to cut it short. The Vancouver player, a part-time traveller on the tournament trail, will play in the Canadian Professional Golfers Association Championship at the Golf Club, Rivermead near Hull, Que., July 23-25. It was reported earlier that Leonard might ignore the CPGA tournament as he did in Calgary last year. It's likely now that he will also play in the Millar Trophy event at Toronto Cedar Brae a few days after the CPGA. Word of Leonard's entry for the Hull meet came from CPGA secretary-treasurer Marsh Marshall. It is also understood that Leonard's travelling companion, Al Balding of Markham, Ont., will likely be in both events.

REMEMBER WHEN . . .

Jack Johnson, the first Negro to hold the world heavyweight boxing title, defeated Frank Moran in 20 rounds at Paris, 45 years ago today. Johnson had won the crown from Canada's Tommy Burns at Sydney, Australia, in 1908, and he lost it to Jess Willard at Havana in 1915.

LAST NIGHT'S FIGHTS

Los Angeles — Jose Becerra, 117½, Guadalajara, Mexico, knocked out Alphonse Halimi, 117 of France, 8 (for world bantamweight championship). Ramundo (Battling) Torres, 135, Reynosa, Mexico, knocked out Bobby Rogers, 132½, Chicago, 5.

Eastern Professional Hockey League Replaces Folded Quebec Hockey And Ontario Loops; Five Teams In

MONTREAL — (CP) — Two of Canada's top hockey leagues died this week and from their ashes rose a new minor pro circuit incorporating Quebec and Ontario teams. The five-team Eastern Professional Hockey League was created Wednesday, minutes after the Quebec Hockey League folded. Two of the new league's teams came from the QHL and two more from the Ontario Hockey Association's Senior A Eastern Division, which collapsed Tuesday. So far Hull-Ottawa Canadiens and Kingston Merchants have joined from the OHA and Montreal Royals and Trois-Rivieres Lions from the QHL. Sudbury from the OHA Northern section also was admitted. ANOTHER POSSIBLE ENTRY Saul St. Marie, Ont., applied for admission and was given until tonight to assure that satisfactory scheduling and transportation could be made. Admittance would then be a formality. Following Wednesday's organizational meeting, a formal meeting was set for July 22 in Kingston. The QHL, formed in 1953 from the old Quebec Senior Hockey League, ceased operation "until further notice" when Quebec Aces and Chicoutimi Sagueniens announced a one-year suspension of operations. Under the QHL's constitution, at least four teams must operate in the league. The EPHL immediately applied to the National Hockey League for affiliation with all professional hockey and said it will continue amicable relations with the Canadian Amateur Hockey Association, "in the best interests of minor hockey, particularly below junior A competition." SAME STATUS AS NHL It was indicated the new league would have the same status in pro hockey as the Western Hockey League. It was stated that clubs in the NHL and the American Hockey League would be interested in tie-ups with the new league. Montreal Canadiens, Chicago Black Hawks and New York Rangers of the NHL and Buffalo of the AHL were considered most likely to make farm club arrangements.

Two Tilts On Tap In Junior League Tonight; Fuller Meets Coaticook While Kist Plays Host To Windsor

Two games are on tap in the Sherbrooke Junior League tonight. Kist plays host to Windsor while Fuller travels to Coaticook. Both tilts are scheduled to start at 7:30 with the local fixture being held at the stadium on Park Avenue. The Kist-Windsor game promises to be a closely contested battle as both these teams have shown commendable infielding and pitching in their recent tilts. In Kist's last game, they were edged by Fuller by only one point; a good accomplishment for the squad that occupies the loop's cellar. Pitcher Tanguay hurled a two hit fixture which prevented Fuller from obtaining many runs. Kist's rapid-firing and accurate infield allowed four errors which were instrumental in bringing about their defeat. The Cardinals have also been successful this season. They have a very good infield and one of the best pitchers in the league. In their last fixture, they crushed the Indians with a bruising 13-4 victory. In that game they scored most of the runs on Indian errors. If they play the same way tonight, then Kist will have their hands full. Perhaps the fastest game to watch tonight will be the Fuller Coaticook tilt. Fuller is on top of the heap but, after the Canucks swamping of the Indians, they may lose their second of the season. Coaticook showed much better infielding in Tuesday night's fixture than they have all season. If they can do the same this even-

ing, then Fuller had better watch out. The Canadians still don't have the heavy hitters Fuller has but they show good team work and this is what will win games. In the fixture this evening, Fuller will be minus the services of star catcher Gauthier. This loss should hinder Fuller's power quite a bit and it could be the break Coaticook has been waiting for. However, Fuller has Peak, Nugent, and Audet in the tilt. These three, plus the rest of the solid lineup the league-leaders possess, will still prove a formidable squad to beat. All in all, tonight's games present some of the best teams squared off for combat. The league standings could be shifted around after tonight's conflicts and they probably will be.

dropped into a white shopping basket, trimmed with red roses and lily-of-the-valley and tied with bows of golden ribbon. They were also recipients of many other presents.

The attractively decorated head table was centred with a lovely wedding cake made by their daughter, Florence, Mrs. Leo A. Cloutier. Seated with the honored couple were Rev. Thomas Carson and Mr. Marcotte's sister, Mrs. Lillie Smith, who was bridesmaid at the wedding.

The bride's brother, A. Douglas Fletcher, who came for the evening, is the only other living person who attended the ceremony held on June 14, 1909, the late Rev. Andrew Gally officiating.

All the family of Mr. and Mrs. Marcotte were present, these including their son-in-law and daughter, Mr. and Mrs. Leo A. Cloutier, two grandchildren, Sylvia A. and Gordon A. Cloutier, all of Drummondville, and the bride's three brothers and their wives, Mr. and Mrs. A. Douglas Fletcher, Mr. and Mrs. E. Goldwin Fletcher, of Richmond, and Mr. and Mrs. Sylvester E. R. Fletcher, of Kitchener, Ont.

Other relatives and friends present were from Richmond, Warden, St. Johnsbury, Vt., Montreal, Waterloo, Melbourne, Cap de la Madeleine, Drummondville, London, Ont., Granby, Bedford, Bulwer, St. Martin and South Roxton.

Picnic Favored By Ideal Weather At Coaticook

COATICOOK — The annual Sunday School picnic for Sisco Memorial United Church was held at the Brighton State Park, Island Pond. The group were pleased to have ideal picnic weather on this, the second date.

Nine cars provided transportation for the children and their parents. The superintendent, Stanley Beerworth, and the assistant superintendent, Jack Gledhill, directed the races and other contests. The group also enjoyed ice cream cones after a swim, and later the picnic lunch.

Parents were pleased with the supervised swimming area at this new State owned park, a life guard being on duty throughout the day. Two dozen picnic tables and benches made the serving of the lunch a

KITCHEN SHOWER

Miss Marion Smith was the guest of honor at a delightful kitchen shower in honor of her approaching marriage, when Miss Jo-Ann Boisclair was hostess at the home of her mother, Mrs. James Pond.

On her arrival the guest of honor was escorted to a chair decorated with a large pink bow. A clothes basket, which was re-filled three times with useful gifts, was presented her. Miss Smith was assisted in opening them by her mother, Mrs. James Smith, and her sister-in-law, Mrs. Dale Smith, after which she expressed thanks.

GENERAL NOTES

Mr. Stanley Beerworth conducted the morning services at Massawippi Union Church and at Ayer's Cliff United Church on Sunday. Mr. Ivor Whitehouse conducted the morning service at the Derby Line Universalist Church.

Mr. and Mrs. Edward Cromwell and sons, Robert and Tommy, from Kingston, Ont., are guests of Mr. and Mrs. Stanley Cromwell and family for a few days.

Mr. and Mrs. Jack Turnbull and Mrs. L. Lamoureux motored to Littleton, N.H. during the week-end.

Mr. Ovide Fautoux has gone to Beauharnois where he will be employed at the J. W. Kilgour and Bro. factory head office.

Rev. and Mrs. W. A. White have left for their new residence at Smithville, Ont. Mr. White will return later this fall to complete his duties as District Chaplain of the Masonic Lodges of the area.

Mrs. Clyde Curtis, Stanstead, Given Pantry Shower

STANSTEAD — The home of Mrs. E. J. Curtis was the scene of a delightful event, when friends gathered to honor her daughter-in-law, Mrs. Clyde Curtis, at a pantry shower.

Seated in a special chair, Mrs. Curtis was presented with a large box filled with packages. As she opened the parcels she found a little of everything for her pantry shelves in her new home on Maple Street. Mrs. Curtis thanked all for their kindness and invited her friends to her home after she is settled.

An amusing card game was played and four prizes were awarded to the winners. A door prize was won by Mrs. George Batchelor.

Refreshments were served by Mrs. Curtis and co-hostess, Mrs. Goff Probyn.

Mr. and Mrs. Curtis and Mark have moved into their new home recently purchased from Mr. and Mrs. H. Bachelder.

PINK AND BLUE SHOWER

Mrs. William Stuart and her chosen son, Brian Scott, were honored guests at a pink and blue shower at the home of Mrs. Wesley Farrow.

On arriving Mrs. Stuart was completely surprised to find a group of her friends awaiting her, and she was escorted to a chair decorated in pink and blue and presented with a corsage of pink sweet william.

As Brian was being admired, Mrs. Stuart opened the daintily wrapped gifts to find many lovely and useful articles for which she voiced appreciation.

Refreshments were served by the hostesses, Mrs. Farrow, Mrs. Rodney Bowen, Mrs. Charles Keeler and Mrs. Norman Chamberlain, Jr., and included a prettily-decorated stork cake, a gift from Mrs. Keeler.

A few evenings later, Mr. and Mrs. Stuart and Brian were visited by a group of friends from Beebe who dropped in to offer best wishes and present Brian with gifts. The guests brought refreshments to be enjoyed during the visit.

PUBLIC TASTE TESTS PROVE
RED CAP ALE HAS BEST FLAVOUR

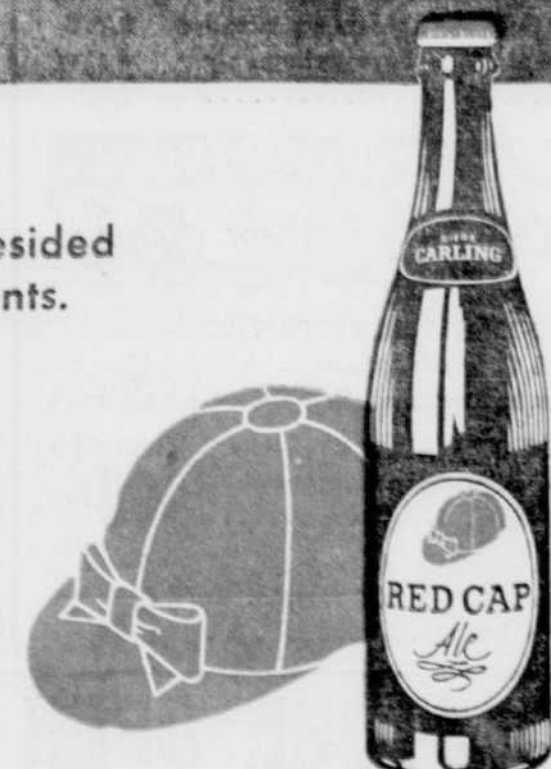

Actual photograph of one of the groups who took part in taste tests.

"Flavour Peak" Red Cap preferred 3 to 2 in taste tests presided over and tabulated by a leading firm of chartered accountants.

Why was Red Cap Ale picked as the favourite? Because Carling's exclusive new brewing technique coaxes more true ale flavour from the ingredients — purifies and perfects this flavour until Red Cap reaches the Flavour Peak! See for yourself why new Flavour Peak Red Cap Ale is preferred 3-2 by today's men of Quebec.
