THE IMPROVED

TURKISH OR ROMAN BATH,

140 St. Monique, near Crystal Palace, Montreal.

There are many kinds of Baths, but the above Bath is, in its nature, peculiar and singular, and when rightly administered, produces results which cannot be obtained by any other:

1st.—THE EFFECTS of this Bath are to cleanse and promote the healthful action of the skin and the seven millions little perspiratory sewers or pores which open upon its surface, and carry off waste and effete matters from the system.

2d.—TO PURIFY the blood by drawing off its impurities through the perspiration.

3d.—TO EQUALIZE the circulation of the blood throughout the system, thus removing all local congestions of the head or internal organs.

4th.—TO SOOTHE and tranquilize the nervous system.

THE SPECIAL USES OF THIS BATH are to secure perfect cleanliness, to preserve the health, to prevent disease, and for its treatment a most invaluable agent, especially for the cure of Coughs, Colds, Rheumatism, Neuralgia, Intermittent Fever, Bilious Derangements, Scrofula, Bronchitis, Sciatica, Malarial Fever, Local Congestions, Inflammations, and Skin Diseases.

This Bath has justly been entitled the "Queen of Baths," and having been constructed with all the most modern improvements, and with perfect regard to ventilation, and being under medical supervision, I trust it will meet with that patronage which it merits, both as an invaluable remedial agent and also as a sanitary means.

PREFACE.

IN PRESENTING the MONTREAL DIRECTORY for 1872-73, the Publisher takes great pleasure, first, in acknowledging the hearty and liberal support which has been bestowed upon it; and, secondly, in offering a work which he sincerely believes will be found very complete in all its departments. Every effort has been put forth on his part to make it such. Reliable agents were engaged to make a thorough canvas of the city, and take the names, occupations, &c., and their work was subsequently revised and corrected by other agents. *Not one name was put in type before it had been taken a second time.* It is in this manner that the Publisher endeavours to give his Subscribers, and the citizens generally, a DIRECTORY on which, for accuracy, they can depend.

The size of the work, it will be observed, is this year somewhat larger. This is owing to the addition of a considerable number of names, consequent on the rapidly increasing population of Montreal and Suburban districts.

The STREET DIRECTORY will be found very full and reliable. This is a valuable part of the work, being a Directory in itself.

The surrounding Villages have been taken with great care, and are placed in their Alphabetical order after Montreal, a brief sketch introducing each.

The Miscellaneous information has been carefully compiled, and will be found very complete and of much interest.

Great care has also been bestowed on the Advertisers' and Subscribers' Business Classified Directory; in fact every portion of the work has had the most careful supervision.

The Publisher is thankful to all those who have aided in the supplying of information, and in bringing the DIRECTORY to a successful issue.
