Premier Hails Italian Move On Recruits

Britain Plans Early Recognition of Italian Conquest of Ethiopia, Prime Minister Tells House of Commons in Urging Anglo-Italian Treaty Be Brought Into Operation as Soon as Possible — Mussolini Plans Further Withdrawal.

London, Nov. 2.—(C.P. Cable) — The Spanish civil war no longer threatens the peace of Europe, Prime Minister Chamberlain told the House of Commons today when moving to bring the Anglo-Italian agreement into operation "as soon as possible."

To implement the agreement which has lain dormant since its negotiation in April is merely another step in the Government's plan for general appeasement, Mr. Chamberlain said.

Six months' delay had been caused by Mr. Chamberlain's insistence that Italian troops be removed from General Franco's side in the Spanish war. At Munich, Premier Mussolini had told him, the Prime Minister continued, that he would withdraw 10,000 men, representing half the Italian infantry there, and this movement had now been completed.

Mr. Chamberlain disclosed that Mussolini will withdraw all Italian troops as soon as the Non-Intervention Committee's withdrawal plan goes into effect. In addition Mussolini had promised to send no more men to Spain to compensate for those withdrawn.

At Munich, both Chancellor Hitler and Mussolini "assured me they had no territorial ambitions in Spain," the Prime Minister recounted. He was combatting arguments that the dictators hoped eventually to establish a Fascist state in Spain.

Mr. Chamberlain also announced Great Britain will take immediate steps to recognize Italy's conquest of Ethiopia. This was not part of the Anglo-Italian agreement but had been considered a corollary. It would leave only Russia among the European nations refusing to accredit its ambassador to the "King of Italy and Emperor of Ethiopia."

Mr. Chamberlain said the Prime Ministers of Australia and South Africa had cabled their approval of the Government's plan to bring the agreement into effect. He had received no reply from Canada and New Zealand.

HOUSE HOLDS CENTRE OF ROAD

Des Moines, Ia., Nov. 2.—(AP)—Roger Williams may wake up some morning to find automobiles on the newly-widened University avenue whizzing by on both sides of his home. Williams' house is in the middle of the area laid out for the new street and he has refused to accept the \$5,700 condemnation price. Since court action may delay the city's acquisition of the land, city officials say it may be necessary to run temporary roads on each side of his house.

Further Details Of Inglis Concern Purchase Laid Before Bren Probers

Ottawa, Nov. 2.—(AP)—The story of how Major J. L. Hahn, Toronto manufacturer and former Canadian army intelligence officer and a group of associates, acquired the assets of the old metal manufacturing firm of John Inglis Company of Toronto, for \$250,000 will be re-told again today before the Bren Commission.

Yesterday Herbert Plaxton, one of the original members of the Hahn group, started his side of the story. He was preceded on the stand by his brother and former law partner, Hugh Plaxton, Liberal Member of the House of Commons for Toronto-Trinity.

Originator of the plan and a member of the purchasing group, J. D. Cameron of the Toronto brokerage firm of Cameron, Pointon and Merritt, is still to be heard.

The plant assets and name were purchased in October, 1936, and at the same time Major Hahn, assisted by Hugh Plaxton, started negotiations with the Dominion Defence Department and British War Office for orders for Bren machine-guns.

DENIES KING GEORGE HAS ACCEPTED U.S. INVITATION

London, Nov. 2.—(C.P. Cable) — A Buckingham Palace spokesman today denied a report printed by the London Daily Herald that the King had sent a letter to President Roosevelt accepting an invitation to visit Washington after their visit to Canada next year.

Defence Department Presses Survey Into Arms Factories

Impossibility of Securing Normal Requirements of Arms from Former Sources Forces Government to Turn to Domestic Manufacturers for Supplies of Heavy and Light Equipment—Demand Growing for Government Ownership of Arsenal.

Ottawa, Nov. 2.—(AP)—In the light of Canada's present improvement in military equipment, particularly large calibre guns and armoured fighting vehicles, the National Defence Department continues to study "every possible angle" of a long-range programme for the manufacture in this country of armaments. It was authoritatively learned today.

This country's chief difficulty in the matter of equipping her defence forces arises from the fact that Canada ordered the armament picture long after other countries had started. Those from whom it was formerly possible to purchase the ordinary routine needs of the Canadian defence forces are now so completely occupied filling their own requirements that little, if any, attention can be paid to Canada.

In spite of increased appropriations for defence at the last two sessions of Parliament, little progress has been made in the way of rearmament.

Realization of this has prompted the authorities to give serious consideration to establishment in Canada of means by which, in most articles of heavy equipment, the country could be made independent of external sources of supply.

To this end reports have been collected setting forth the character and capacity of nearly eight hundred industrial plants. Against this, however, the Government is faced with a growing sentiment throughout the country that the nation's defence needs should be supplied from plants that are Government-owned and from which the profit motive has been eliminated.

Defence Minister Mackenzie testified before the Bren gun commission that while Government ownership of armament production was the ideal system, it was not at present feasible. The Government, he continued on Page 2, Col. 3.

Major Hahn Obtained Orders Without Tenders for Seven Thousand Guns From Canada and Five Thousand from Britain

An article in Maclean's Magazine by Lt.-Col. George Drew, Toronto lawyer, criticizing the contract and the part played in its negotiation by Hugh Plaxton, brought on the inquiry being conducted by Mr. Justice Davis of the Supreme Court of Canada.

Hugh Plaxton yesterday denied he had any financial interest in the Bren gun contract or the Inglis plant other than that he was anxious to see the plant re-opened because it furnished employment to many in his riding. He was also interested to the extent that two of his brothers and four close friends were in the group re-organizing it.

The young Member denied he had acted as "mouthpiece" for the Defence Department in an article he had published on evidence in reply to one published by Col. Drew. Herbert Plaxton told of having

NEW MEASURES UNDERTAKEN TO REDUCE CANCER

Newly-Formed Association Announces Two-Fold Campaign for Prevention of Cancer Growth in Dominion.

Toronto, Nov. 2.—(C.P.)—New measures aimed at control of the cancer scourge in Canada—by popular education and setting up of medical study groups in all large hospitals—were on the way to realization today as the specific outcome of two meetings here yesterday.

A concerted programme of informative publicity and education as to early symptoms and possibility of cures was determined upon by the Grand Council of the eight-month-old Canadian Society for the Control of Cancer.

On the purely scientific side, the directors of the Board of Cancer Control of the Canadian Medical Association proposed organization of study groups in all hospitals with one hundred beds or more (there are 127 in Canada) for the detailed study of the records of cancer patients throughout Canada, to shed light on symptoms and treatment.

NEW MINISTER STARTS SEARCH FOR STABILITY

Newly-Appointed French Finance Minister Hopes to Have Required Financial Reforms Prepared by Next Monday.

Paris, Nov. 2.—(AP)—A new French Finance Minister began a five-day search for an orthodox solution to the nation's economic puzzle today after the Cabinet had scrapped the plan his predecessor had been working on for more than a month.

Paul Reynaud, moderate and experienced, who succeeded Paul Marchandeau as Finance Minister after a short-lived crisis yesterday, cancelled all his engagements and declared he even would refuse to answer his telephone until next Monday.

By then he hopes to have the decisive pattern of French finances cleared up in his mind so he can give the Cabinet at least a general outline of his new programme. Forty-day decree powers given Premier Edouard Daladier's Cabinet expire November 15th.

The sudden shift of Cabinet posts by which Reynaud and Marchandeau swapped jobs as Justice and Finance Minister resulted, political observers said, from deep-seated differences over the nature of methods to be applied for financial and economic recovery.

Marchandeau, formerly considered among the most orthodox of financial experts, had become convinced, these observers said, that only drastic measures including exchange control, an extra-ordinary income tax and a special levy on stock earnings would prove successful.

Reynaud on the other hand was said to have led a Cabinet majority in a fight for more conservative measures which would increase Government revenue by stimulating production.

Marchandeau was reported to have refused to compromise, pointing out that similar steps had failed three times in the past and that, with the situation growing daily worse, he saw no reason why they should succeed this time.

Many financial observers agreed Reynaud's theory might work if production could be stimulated and a stop-gap means found to improve the Government's credit in the meantime.

The only way to increase production which has been advanced so far, however, is ending the People's Front forty-hour week law in all industry as well as that of the national defence plant which has been opposed bitterly by Leftist labor unions and Socialist and Communist parties.

United States Spurs Efforts To Hasten Trade Treaties

Washington, Nov. 2.—(AP)—United States negotiators, spurred by State Secretary Hull's appeal to put "redoubled vigor" into the reciprocal trade programme, expressed hope today of having the British and Canadian pacts ready by Armistice Day.

They expect, if the agreements are completed, that fact would be mentioned in the Armistice Day speeches by Government leaders in Great Britain, Canada and the United States.

Secretary Hull, speaking in New York at a world trade dinner last night, declared that events of the last few weeks—meaning the "new power accord at Munich"—would not cause him to abandon his trade agreements programme. He laid down a three-point programme for the programme:

1—No compromise "with any of our basic principles." (Officials said this meant the United States would not give up her system of trade merely to have a trade accord with Germany on the basis of barter or artificial currency.)

2—No "retreat to self-imposed poverty of economic isolation."

3—No attempt to "employ the destructive practices of forced trade." This was taken to mean opposition to such practices as export subsidies.

Hull declared economic autarky would fail in the long run and, if combined with increasing armaments, would lead the world "toward the final catastrophe of a new world war, the horror and destructiveness of which pass human imagination."

JAPANESE PLAN ECONOMIC BLOC TO RULE TRADE

Japanese Empire, Manchukuo and China to Be Embraced in Group for Restructuring Economic Structure of Far East.

Tokyo, Nov. 2.—(C.P.)—Japan announced tonight she intends to create a political and economic bloc consisting of the Japanese Empire, Manchukuo and China in carrying out her "immutable policy" for Asiatic reconstruction after the war with China.

A formal Government declaration left a loophole for possible peace with the present Government of China "if it were to come forward to join in the establishment of the new order."

The statement expressed gratitude to those nations "which are in sympathy with us"—presumably Germany and Italy, Japan's allies in an anti-Communist pact. Other western powers were not mentioned.

The declaration was issued in commemoration of tomorrow's national holiday, birthday of the Emperor Meiji, grandfather of Emperor Hirohito, and considered the founder of the modern Japanese Empire.

Previously a Foreign Office spokesman had declared Asiatics "can hardly accept as fair treatment" the existence throughout Africa and Asia of colonies of western nations.

Asked about Prime Minister Chamberlain's prediction in the House of Commons that Japan would need British credits when the Chinese hostilities are over, the spokesman said Japan would certainly need money, but not necessarily British money. Japan never begs, he said.

The spokesman also said Government circles by no means shared the views of papers which have been demanding the recall of Sir Robert Craigie, the British ambassador, because he allegedly lacks a "true understanding" of Japan's new position in the Far East.

Sir Robert is regarded in Government circles as a clever diplomatist "honest to his country," the spokesman said.

Japan's attitude toward foreign powers was further emphasized when the Privy Council, in the presence of the Emperor and with Premier Fumimaro Konoye attending, approved the decision to sever all remaining Japanese connections with the technical services of the League of Nations.

ENCOURAGE CIRCULATION OF MILITARY SCRIPT

Shanghai, Nov. 2.—(AP)—A Japanese embassy spokesman disclosed today that Japanese soldiers are encouraging the circulation of "military script" in occupied areas of China. The purpose is to help pay war expenses and gradually to institute a new currency system in China.

The spokesman declined to reveal the amount issued but said it was used to pay army and navy forces, Chinese labor and supply purchases in China. He admitted it constituted

YUGOSLAVIA IS WORRIED OVER HITLER PLANS

Position of Tiny Republic Between Germany and Italy May Cause Difficulties if Hitler Seeks Outlet to the Adriatic.

Belgrade, Yugoslavia, Nov. 2.—(AP)—Chancellor Hitler's campaign for economic domination of Eastern Europe has met with no opposition since France and Great Britain acquiesced in the dismemberment of Czechoslovakia. It is one of the most amazing coups of its kind in history.

One purpose of this Drang Nach Osten—drive to the east—is to corner the vast agricultural and natural wealth of this region so make the now and bigger Germany absolutely self contained. Diplomats, officials and others in numerous countries affected profess to see another and far deeper purpose. They say they are unable to dissociate economic control from ultimate political control.

The latest country to agree to Hitler's sweeping economic proposals is Yugoslavia. This important Balkan kingdom has signed a new trade agreement under which the bulk of her products go to Germany, chiefly on the barter system.

Yugoslavia has signed with the anxious prayer that there will be no political development which will endanger her freedom. She wants to be left in peace, though her determination to fight for the preservation of her liberty will be doubted by none who remember how little Serbia, from which Yugoslavia grew, played David to mighty Austria's Goliath in the Great War.

Yugoslavia is in a mighty delicate position as regards Italian-German relations, lying as she does along the Adriatic and projecting into the triangle formed by the junction of Italy and Austria just above Trieste and Fiume.

This country is bound to figure prominently in the picture if Hitler does what many states believe he will do and demands an Adriatic port from Mussolini. They say it will be Trieste, which the Nazi leader will want, for Fiume is more or less dead as a shipping center.

GOAT CAUSED REAL TROUBLE

Kilgore, Texas, Nov. 2.—(AP)—Joe McKellar's goat, long a family pet, is decidedly persona non grata now. McKellar opened a boarded-up well, descended to a ledge just above the water line, and started evicting an annoying family of frogs. MAN AND WOMAN HELD IN DEATH OF NORTHERNER

Wife of Murdered Man Confesses to Being "Very Drunk" and Unable to Remember Events at House on Night of Killing.

Rouyn, Que., Nov. 2.—(C.P.)—Provincial Police held a man and woman as material witnesses today while they continued an investigation into the shooting of Joseph Miroslav, forty-five-year-old resident of Amfield, Que.

Miroslav's body, shot through the head, was found early Monday morning in the bedroom floor of his home in the little village, nine miles from the Ontario border in northwest Temiskaming county.

Police, who held the victim's wife along with Joseph Falard, said the woman was asleep in the bedroom when the body was discovered. A .22 calibre rifle, slugs and shells found in the house were turned over for examination to Dr. Rosario Fontaine, provincial medicolegal expert.

Kidnap Syndicate Accused Of Brutally Killing New Yorker

Federal Agents Reveal that Man Missing for Eleven Months Was Kidnapped, Held Prisoner for Four Days, Then Shot to Death and Cremated—Four Members of Syndicate Also Linked by F.B.I. to Series of Kidnappings and Hold-Ups.

New York, Nov. 2.—(AP)—The mystery of Arthur Fried, young business man who vanished eleven months ago, was cleared today with the disclosure by the United States Federal Bureau of Investigation that Fried was kidnapped, held prisoner four days, then shot to death and cremated.

J. Edgar Hoover, F.B.I. chief, in a dramatic statement last night, laid the death of Fried, thirty-two, head of a Bronx sand and stone company, at the hands of a four-man "Kidnap Syndicate" which tried for weeks afterward to collect a \$200,000 ransom.

Hoover said "certain ones" of the quartet also had confessed they collected \$14,900 in two hitherto unrevealed Brooklyn kidnappings and said they are under suspicion in two other kidnap cases and three hold-ups.

The men, Hoover said, shot Fried to death in a Lower East Side apartment and burned his body in a furnace.

He named the suspects as Demetrius Gato, thirty, a pinball operator; William Jackson, twenty-seven, a playground instructor; John Virgo, thirty-four, a clothes presser, and Joseph S. Sacoda, twenty-seven, now in Sing Sing prison for parole violation.

Hoover said all four have police records and will be turned over to local authorities for prosecution. They were arrested over the weekend.

Victims in the two Brooklyn abductions were Benjamin Farber, thirty-three, a coal dealer, and Norman Miller, nineteen, son of the head of a Stevedore concern.

Hoover said the kidnapers seized Farber last April 18th in front of a Brooklyn branch of the National City Bank and released him in Washington.

Seven States Provide Keynotes In United States Congressional Race

Washington, Nov. 2.—(AP)—If the signs mean what they say, President Roosevelt's chief interest in next Tuesday's voting lies in seven states. Six others have caught his attention at one time or another since the United States Congress went home, but his interest in that group was pretty well blotted out by the primary elections.

By letters, conferences and words dropped at different times since state primaries, Mr. Roosevelt has put himself on the line for certain Democratic candidates in New York, Michigan, Pennsylvania, Ohio, California, Iowa and Wisconsin.

Of themselves, these states do not have the power to make, or keep, any man President. But in any presidential election, they are states in which any overturn of electoral sentiment might well be called symptomatic.

MAKE WIDE SEARCH FOR MISSING PLANE

London, Nov. 2.—(C.P. Havas)—Ships and planes were combing a large area of the North Sea today for a Royal Air Force reconnaissance plane missing since last night with a crew of four.

The plane left Bircham Newton, Norfolk, at 6:37 p.m. for a training flight to Yorkshire and return but has been heard from since its take-off.

The crew consisted of Flying Officer Patrick Jonathan Kenyon Pike, Pilot Officer Matthew Angus Scott, Aircraftsman Reginald William Stanley Rae and Aircraftsman Derrick Alexander Wilson.

EXPECT EARLY STATEMENT ON CZECH ISSUES

German and Italian Foreign Ministers Open Conference on Hungarian Demands for Territorial Concessions in Czechoslovakia.

Vienna, Nov. 2.—(AP)—Foreign Ministers Joachim von Ribbentrop of Germany and Count Galeazzo Ciano of Italy began today to mediate the Czechoslovak-Hungarian territorial dispute.

Count Ciano, in a speech opening the deliberations, said Fascism expected "a new order and a new era in Central Europe" to issue from the decision.

Von Ribbentrop announced "our task is to find a solution on an ethnographical basis" and added "the viewpoints of the two governments are well known but it is important that they be given a final opportunity to restate them."

The two referees planned to announce their decision this evening, after which Foreign Minister Kolo-man von Kanya of Hungary and Frantisek Chvalkovsky of Czechoslovakia were expected to sign the agreement.

Both Hungary and Czechoslovakia agreed to accept the Italian-German mediation as final.

Sources close to Von Ribbentrop said Hungary would not be given Bratislava, a city on the Danube with a population of about 123,000. It was explained that taking Bratislava from Czechoslovakia would leave that country from the Danube, the little Republic's most important waterway.

Under the Treaty of Trianon signed June 4, 1920, Hungary was reduced from a maritime, imperialistic nation of 109,000 square miles to an inland country of 35,000 square miles.

Czechoslovakia got about 24,300 square miles under this treaty.

Hungary demanded that Czechoslovakia return a large slice of this territory—about 8,000 square miles in which Hungary contended lived mostly Hungarian people.

Czechoslovakia conceded that some 3,800 square miles ought to be returned, but would not agree to any more without the arbitration undertaken today.

GOAT CAUSED REAL TROUBLE

Kilgore, Texas, Nov. 2.—(AP)—Joe McKellar's goat, long a family pet, is decidedly persona non grata now. McKellar opened a boarded-up well, descended to a ledge just above the water line, and started evicting an annoying family of frogs. The goat, chased by a dog, leaped accurately for his usual haven of safety atop the well covering. The dog jumped, too. Both landed on McKellar. Neighbors rescued McKellar and the animal.

With interest at a high pitch and a close battle anticipated, Stanstead County electors wended their way to the polls today to appoint a successor to Rouville Beaudry, Government member, who recently resigned his seat in the Legislature. Their choice lay between two men—Henri Gerin, Union Nationale standard-bearer, of Coaticook, and Dr. E. C. Cabana, Liberal candidate, of Magog.

Most of the heavy artillery of both the Government and Liberal sides have been concentrated in Stanstead County rather than in Montreal-St. Louis, where voting is also taking place today in a bye-election necessitated by the resignation of Peter Berceovich who has held that seat for the Liberals for the past twenty-two years.

Premier Duplessis' only speech of either campaign was made in Stanstead County on Henri Gerin's behalf, and Liberal leaders have stumped the district steadily.

Stanstead County has 7,081 eligible voters, according to Returning Officer P. E. Durocher, of Coaticook, and it is expected that a large percentage of these will mark their ballots in the district's forty-four polls. Largest voting centres are the Town of Coaticook where there are six polls, and the Town of Magog with the same number.

In November, 1936, Stanstead County turned its back on the Liberal party which had held that seat for more than thirty years through members of the Bissonnet family and colors of the Action Libérale Nationale party, headed by Paul Gouin. Beaudry was subsequently re-elected in August of the next year as a supporter of the Union Nationale party, an amalgamation of the A.L.N. and Conservative forces and piloted by Maurice Duplessis.

Beaudry was first elected by a majority of 323 over the Liberal candidate, Alfred J. Bissonnet. The latter had succeeded his father, Prosper Alfred, who was first elected in 1904, in 1913.

The county had been essentially Conservative prior to this date, although on three occasions members of the Lovell family had won the riding for the Liberals for single terms. Henry Lovell, the first Liberal to be elected, sat from 1878 to 1881, while Moddie Brock Lovell was successful on two occasions, serving the terms 1890 to 1892 and 1900 to 1902.

As voters today visited the ballot boxes in Stanstead and Montreal-St. Louis, Premier Duplessis' Government hoped to stretch its bye-election victories to five in a row. The Liberals sought to make their first inroads into the administration's ranks since they were swept out in 1936, after thirty-nine years of power.

Each group had a chance to come out of the contests with one more Legislative Assembly member than it had before resignations opened the two constituencies. The Liberals would gain one in Stanstead, while the Government could further

Hitler And The Danube

In admitting the supremacy of Adolf Hitler's Nazi Germany in the economic affairs of the Danubian countries, Prime Minister Neville Chamberlain of Great Britain has shown another example of grim realism which has done much to enhance his influence in continental affairs. Geographically, Germany is the logical country to assume the leadership in the economic sphere of Central and Southeastern Europe, while industrially it dominates the picture.

The minor countries of the Danubian basin are essentially agricultural states or producers of raw materials, which they are unable to exchange among themselves owing to the competing nature of their products. On the other hand, Germany is an industrial nation, which, despite Hitler's self-sufficiency programme, is seriously lacking in many needed raw materials. Nothing could be more natural than that these states begin an interchange of commodities to the mutual advantage of all concerned. In admitting this thesis, Mr. Chamberlain differs from many of his hardest critics who would sacrifice peace and comparative prosperity for war and depression on the altar of some vague principle, the exact meaning of which they do not really understand.

The statement of Mr. Chamberlain should aid in the appeasement of the European situation, removing as it does one of the many causes of friction by definitely dividing the continental trade into spheres of influence based on logical lines and thus ending cut-throat rivalry which in the end only hurts everybody concerned.

The Kidnapping Scourge

Once again the horrors of kidnapping, one of the most brutal of crimes which flourishes in the United States have been brought before the public with the announcement by J. Edgar Hoover, head of the Federal Bureau of Investigation, that Arthur Fried, young New York business man who vanished eleven months ago, had been held a prisoner for four days, then shot to death and his body cremated. Hoover also indicated the four-man "Kidnap Syndicate" was also linked to a series of kidnaps and holdups.

The kidnap-murder racket is one which causes general indignation following each revelation of some particularly atrocious case and has resulted in some very drastic legislation which tends rather to aggravate than to reduce the evil. A special example of this is the Federal "Lindbergh Law" making kidnapping a capital offence, whether the victim is killed or not. The passage of this measure was followed by an increase in fatal kidnappings, the victim being murdered following the collection of the ransom money, the snatchers arguing that they faced the death penalty in any case, and that they might as well remove the victim who would be the strongest witness against them. Again, these drastic penalties make conviction harder, the jurors being prone to demand extremely strong evidence before sentencing a man for a crime that might call for his execution.

True, the kidnapper is deserving of no sympathy, but a common-sense law carrying appropriate penalties properly administered by the judges and the police would do more to end the scourge than extremist legislation which tends to become inoperative.

Tax Liens In Boston

Boston appears to be pointing the way in one of the most important phases of city finances. The city has created a real estate division in the public buildings department and properties acquired by the city through tax lien foreclosures are rehabilitated, or the buildings are demolished and the sites made into parks or playgrounds.

The city has acquired more than fifteen hundred properties, representing nearly a million dollars in back taxes, interest and other costs, since a general statute was passed by the Massachusetts legislature recently vesting broad powers in the mayors of cities in the state.

Sixty of the buildings acquired by Boston have been rented and a number have been kept in good condition for possible future use by the city administration.

It is not the desire of the administrative officers that the city compete with privately owned buildings. So successful has been the Boston experiment that public attention is directed to other cities having

similar plans, notably Portland, Ore., Milwaukee, Wis., and Rochester, N.Y.

Here seems to be a practical solution to what has been a difficult municipal problem for many years.

Spending, Like Thrift, May Be A Virtue

Some little time ago a Cleveland engineer won a prize of \$8,000 or thereabouts, for inventing a new welding process. Since then there has been a steady procession of salesmen to his door, and the other day a newspaper sent a reporter out to ask the man's wife how she felt about it all.

The lady was pretty well fed up with the steady stream of callers, as can easily be imagined; but the interesting thing about it is that the one she seemed to resent the most was an investment broker who submitted a carefully itemized investment plan to take care of the prize money sensibly. What she objected to was the fact that this man's scheme was altogether too sensible; it would have accounted for every penny, leaving no smallest loophole for a little free and easy spending just for the fun of it.

Perhaps this is not the best moment to suggest that there can be limits to the virtue of thrift. Yet it is somewhat refreshing to run across a person who understands that money is valuable only if it helps one to get a little more fun out of life.

We all want security, of course. Yet for most of us, the measure of security which we get is apt to depend pretty largely on forces over which we have no control whatever. We can save for a rainy day as valorously as we please, but if economic maladjustment sends us a whole succession of cloudbursts the best umbrella we buy will be inadequate.

Meanwhile, the money we do get is paid for by hard work. What do we buy with it? Food, lodging, clothing—and such little extras as we can afford. And often enough it is on those extras that a good part of the fun of living depends.

Maybe it is foolish, in a way, to take hard-earned cash and spend it on a trip to Yellowstone—or on a new car, a recreation room, a set of season tickets to the local music association's concerts, or anything else that isn't absolutely necessary. But it is foolishness of that kind that helps to make life enjoyable.

Also, in a perverted sort of way, that kind of spending is a pretty fair sort of hedge against hard times. For when you have spent your money on something you wanted and have had your fun with it, you've had something no future depression is going to take away from you. If you lose your job next year, or all your investments go sour, or you have to start supporting your son-in-law, that can't rob you of a good time you've already had.

And perhaps the present is a good time for a little disquisition on the virtues of spending, after all. A business revival is on the way; the seers seem to agree that it will be helped along by a "buy now" campaign. A too-thrifty people could choke off that revival before it got started.

In any case, there's a lot to be said for this Cleveland woman's rebellion against the "too sensible" plan for handling her money. The really sensible way, often enough, is the one which allows for some totally unnecessary spending.

All eyes today are on the outcome of the bye-election in Stanstead. May the winner be the man who is best qualified to serve his constituency.

On making peace—It isn't the will for peace that is of the ultimate concern in pacifism. What is vital is that this term stop signifying a good intention and start to represent a system of new methods in human relations. Nothing fertile can be expected in this connection until pacifism passes on from being a free and easy desire to become a difficult aggregate of new techniques.—Jose Ortega y Gasset, Spanish philosopher, in the Rotarian Magazine.

GENEVA STATISTICS

(La Presse, Montreal)

The latest figures given out indicate a world situation that is not so favorable as it was three months ago. Three months ago, it will be remembered, Geneva reports showed that more people were at work and that there were fewer unemployed than during the corresponding period of the year 1937. The latest statistics do state that the number working is still ahead of the corresponding 1937 figure, but that the number of unemployed has increased.

Out of twenty-two countries, fourteen showed increase in the number of workers, and eight showed a decrease.

On the other hand, out of twenty-four countries considered, only eleven showed any decrease in unemployment, eleven showed an increase, and the two others submitted contradictory reports. Explanation lies probably in the fact that opening for work was increasing in proportion to population.

As in previous statistical reports, countries in which the number of workers is less than in the year 1929 are Canada, the United States, Belgium, France, Luxembourg, the Netherlands, Poland, Switzerland and Czechoslovakia.

CAMPAIGN FOR BILINGUALISM

(Le Jour, Montreal)

We have heard much in recent months of the study of English in Quebec schools and the study of French in the schools of other provinces. Persons high in the public recent happenings in Quebec, have life of the Dominion, worried by recent happenings in Quebec, have advanced the theory that if everybody in Canada were to become bilingual there would be less bickering and less hard feeling in various parts of the nation.

The sooner we get it out of our heads that a little block of 2,500,000 scattered across Canada and the United States can make the 140,000,000 English-speaking persons who inhabit North America into a continent of French-Canadians, the sooner we shall get a true perspective on what we are and where we are headed.

The sooner we cease chasing the sort of grandiose will-o-the-wisp to which our very peculiar brand of education makes us prone, the more rapidly we shall be able to amend the deficiencies of our language. We have been grafted upon us by self-centred leaders, keeping us wretched and poor.

ROYAL VISIT HAS DEFINITE PURPOSE

(Le Petit Journal, Montreal)

The King and Queen of England will visit Canada next year. It is a remarkable and significant event in the British world. In England they fear a diminution of the prestige of the Mother Country in the different Dominions, especially in our country.

They desire to re-tie the bonds of friendship by a visit which will not be lacking in display and which will warm up the enthusiasm of a large number of Canadians. The recent events in Europe have demonstrated to the English that Canada retains a certain degree of independence in a war where she would be engaged on the older continent.

Great Britain could not engage in a serious conflict without counting on the aid of the various parts of the Commonwealth. There are in the Dominion unlimited resources, which provokes thought among the enemies of the Empire. It is also probable that the King and Queen will receive at the Canadian-American frontier a cordial salutation from the President of the United States.

The English dream is to intensify everywhere British friendships. The Americans are part of the British world and it is well known that the collaboration of this powerful world would offer everywhere guarantees of invincibility which would inspire the respect of the universe.

BUY FROM LOCAL MERCHANTS

(L'Evenement, Quebec)

Quebec has economical institutions and establishments in which all possible has been done to supply the people with variety, modernism, quality and better prices.

What more can we wish for when we stop to think just what our economical organization is doing for our population as a whole? There are a number of merchants have banded together, exchanged ideas and agreed on certain prices and methods of service. Others are in keen rivalry to see which can make its offers to the public the more appealing.

Still others are presenting customers with gifts and prizes of various kinds.

We really believed that such efforts on the part of those people to serve us are worthy of our support. In exchange we can buy goods made here, work for our own interests and those of the city as a whole.

ENGLAND MAY AGREE WITH ARAB VIEWPOINT

(Le Nouvelliste, Three Rivers)

Despite the fact that more than twenty thousand British troops are in Palestine, and that heavy support can be expected from artillery and aircraft, a London despatch informs us that the Arab flag still flies over many cities of Palestine.

The Arabs refuse to agree to any partition of Palestine and are hostile towards any Jewish inroads. England may be inclined towards agreement with the Arabs. Is it not true that the Woodhead mission, according to London, is to recommend non-partition of Palestine and lowering of the Jewish immigration quota.

Further than that, it has been recently stated, also in London, that renouement may be made of the famous Balfour declaration on which all Jewish appeals in Palestine are based.

Distribution is just as important as honor tricks. Bear that in mind, especially after partner has made an opening bid.

1. North must raise the opening bid to two spades, even though his hand is void of honor tricks. His void in clubs and the four trumps give him distributional values.

2. South should bid three no trump over East's overall of three hearts, to show his partner a four-card spade suit and the heart suit stopped. Then North will carry the bidding to four spades.

3. After winning the second trick with the king of hearts, South must play the ace of trump, and be careful to play the eight of spades from dummy. Credit for an expert play is given for playing the eight of spades on this trick. Even now, South must

"TO AN ORIOLE."

Beautiful bird, with your crest of yellow:
Where did you come from, little fellow?
What have you seen in your travels here?
Whisper and tell me, birdie dear.
Did you leave the sun kissed lands
Where the briny waves caress the sands?
Or did you fly from the mountains far,
Where the great peaks nearly touch the stars?
Where did you rest your tired wing?
Who did you see? To whom did you sing?
Tell me birdie, I'd like to know;
Where did you come from? Whence do you go?

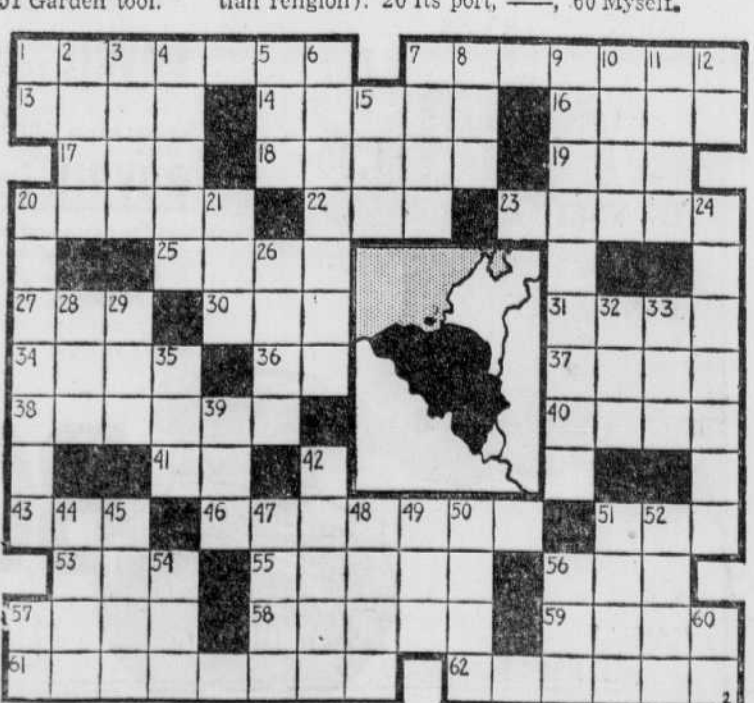

I've travelled over both hill and vale,
In burning sun and in moonlight pale,
I've rested in turret and steeple tall,
And sometimes on lonely mountain wall.
I've passed great cities with busy street,
And places ne'er trod by human feet.
I've seen both riches and poverty,
I've sung to the captive and the free.
Now I have come to build my nest,
And lay my tired wings to rest.
Mid swaying trees by your garden fair,
To care for my little fledglings there,
Till north wind blows and snowflakes fly,
Then again I'll haunt the warmer sky.

CHEW FOR BEAUTY

There is one good facial exercise that you can take at any time—it's chewing gum. Chewing gum gives excellent exercise to the muscles of your mouth and jaw. It will help fill out hollows under the cheek bone give your mouth that soft, relaxed look and keep your jawline firm and youthful. This is a favorite trick of Lynn Fontanne's.

SOCIAL AND PERSONAL

Mr. C. J. Wright, first vice-president of the Quebec Provincial Poultry Association, left today for Montreal to attend the tenth annual meeting of the Association.

Mrs. E. E. Renihan returned this morning from New York, after spending the past week there and in Boston, on a trip combining both business and pleasure.

Mr. and Mrs. Raymond Provencher, who were in Montreal yesterday, were guests of the latter's sister, Mrs. E. H. Mason, and Dr. Mason.

Dr. and Mrs. F. H. Bradley returned last night from Montreal, whither the former journeyed to attend the funeral of Dr. William Kerr. During the interim Dr. and Mrs. Bradley visited their daughter, Mrs. William Mitchell, and family.

"Success" seemed to be the keynote of reports submitted at last evening's meeting of the Women's Guild which took place in the Church of the Advent parish hall at the close of the evening service. Mrs. George Mitchell presided and the success of the harvest home supper, recently sponsored by the Guild, was a matter for general rejoicing among the members, who had worked so assiduously to attain this gratifying end. Plans were made for a rummage sale and tentative arrangements for the annual Christmas tea were discussed. The "traveling apron" which was later won by Miss Helen Hall had collected quite a goodly sum during its visits to the various members of the Guild.

Mrs. C. A. Joslin and Mrs. MacKie Fuller were joint hostesses yesterday afternoon at the former's home on Dominion avenue, for the regular meeting of the Women's Association of Trinity United Church. Mrs. Raymond D. Wood, vice-president, occupied the chair during the brief business session. Several items of routine were disposed of before the session adjourned to enjoy a Halloween party. The members were all wearing appropriate costumes thus facilitating the inauguration of several time-honored games and Halloween stunts. Later the hostess served dainty refreshments, these including a luscious birthday cake in honor of Mrs. Jack Grime, who yesterday celebrated her natal day. This little "surprise" interlude added much to the pleasure and success of the party, everyone extending greetings and best wishes to Mrs. Grime. For the next meeting Miss Bernice Fuller will act as hostess at Mrs. Jack Grime's home on London street.

Mrs. Gordon Hume, Miss Ave Walsh and Mrs. A. R. Walters were hostesses for yesterday's largely-attended meeting of the Sir John Sherbrooke Chapter of the Imperial Order Daughters of the Empire, at "Seaton Place," the former's residence on Melbourne street. Educational work and the completion of plans for the evening bridge party which, through the courtesy of Mrs. Malcolm Mitchell, regent of the Chapter, will be given at her residence during the third week of the present month were the chief features. Mrs. Gordon Loomis, educational secretary, reported the donation of five dollars to the Lawrence School for supplies and the presentation of pictures of His Majesty King George VI to the East Ward School. The question of scholarships at the Mitchell School was then brought up and fully discussed. Miss Mary Newton, captain of the Girl Guides sponsored by the I.O.D.E., reported that the girls expected to have their new uniforms ready to wear for the parade next Sunday. The meeting decided to complete another bale for colonization work and members are knitting mitts and socks to be included in the same. This and the continued supply of groceries, milk, etc., to needy families covered the child and family welfare activities reported yesterday. An asset of unusual interest has been acquired by the Chapter in the form of a lovely pastel landscape, "The Silver Birch," by Miss Berthe Desclayes, well-known artist of Montreal, who sketches in the Eastern Townships, the above-mentioned picture being on the St. Francis River. This charming picture will be sold for the benefit of the Chapter and is on view at Miss May Mitchell's. Special interest in the picture, which she spent some time in Melbourne last summer, and who is one of three sisters, whose paintings have attracted much attention. At the conclusion of the meeting, tea was served in the dining room, where Mrs. Hume presided at the coffee urn and Mrs. Malcolm Mitchell poured tea, the beautifully appointed table being artistically done with mauve chrysanthemums in a Sheffield bowl and four ivory candles in Sheffield candlesticks.

Mr. Jack Pearce, of Montreal, is a guest at the New Sherbrooke.

Mr. Robert Covell, who is leaving tomorrow for Smith's Falls, Ont., where his marriage takes place on Saturday, was the guest-of-honor last evening at a delightful dinner party given at the Y.M.C.A. by the boys in the dormitory. Covers were laid for fourteen and Mr. Bruce MacRae, who presided over the informal but altogether enjoyable dinner party, later presented the prospective bridegroom with a modern electric iron, and voiced the best wishes of all for his future happiness and success.

An informal supper party was given at the home of Mrs. Arthur Regoire Bank street, at which Mr. Robert Covell was the guest of honor in view of his approaching marriage. The room was gaily decorated with Halloween colors, where the two large candle-lit tables were arranged, their long surface being attractively decorated with Chinese lanterns and snowglobes in bright pumpkin baskets. Following the toast to the guest of honor, he was presented with an electric sandwich toaster.

Quite original and most intriguing was last evening's meeting of the "Evening Branch" of St. Peter's W. A., the happy combination of work and play being cleverly introduced by the hostess, Miss Marion Tomlinson, at whose home on Cresse street the members gathered. Mrs. L. M. McFadden, the president, presided over the brief business session, the most interesting feature of which was the report on Christmas bazaar for Grange Isle, Macdalen Islands. Several items of routine were disposed of before the session adjourned to enjoy a Halloween party. The members were all wearing appropriate costumes thus facilitating the inauguration of several time-honored games and Halloween stunts. Later the hostess served dainty refreshments, these including a luscious birthday cake in honor of Mrs. Jack Grime, who yesterday celebrated her natal day. V.O.N. WORK IN PAST MONTH IS UNDER REVIEW

October Reported as Outstanding Period in Local V.O.N. History—Proceeds from Thrift Shop Totalled \$213.99.

That October, 1938, was an outstanding month in local V.O.N. history was revealed at the largely-attended monthly meeting held yesterday afternoon at the home of Miss Amy Wells.

Mrs. David Eichenberg was in the chair and Mr. F. E. Kerridge, treasurer, occupied the spot-light as he reported the proceeds from the Thrift Shop to be \$213.99 and to be added to this amount, a donation of one hundred dollars from Mr. John P. Wells.

This announcement was followed by the monthly statement showing receipts for the past month at \$280.75, while expenses totalled \$486.06. Votes of thanks were then in order. Mr. Wells' generous gift being especially mentioned, as were the invaluable services rendered by Miss Amy Wells, general convener for the Thrift Shop, Mrs. J. G. Ranshouan, who was in charge of the workers, and Mrs. F. S. Rugg, who so ably assisted Mr. F. E. Kerridge, treasurer. Others included the press for publicity, the public and all those who had in any way contributed or helped with the V.O.N. Thrift Shop, which went "over the top" so successfully through the kindly co-operation of all.

The donation of baby's clothes from the Women's Auxiliary to the Canadian Legion, and of a layette from the Brompton Road Women's Institute, were also gratefully acknowledged.

General discussion ensued regarding the annual meeting, the Rev. G. E. Read, D.D., Miss Amy Wells and Miss Edna Osborn, being later named a committee to set the date and secure a speaker for the annual conference of the Sherbrooke V.O.N. The statistical monthly statement was given by Miss Osborn. There were 292 visits paid in October, thirty-three being in Lennoxville, three night calls were answered, and eight clinics attended. Twenty-seven new cases were admitted last month, twenty-four were discharged and there remained sixty-one on the register as of November 1st.

FIRST GENERAL C.W.L. MEETING OF FALL SEASON

Reports of Conveners, Presented at Session of Catholic Women's League, Indicated Much Good Work Accomplished.

The Catholic Women's League held its first general meeting of the autumn season last evening in St. Patrick's Parish Hall, with the president, Mrs. Francis Hoye, presiding.

Special mention was made of the loss felt in the League by the death of one of its devoted members, Mrs. Patrick Littler, and a short prayer was recited for the repose of her soul.

From the different reports given, it was evident that much good work had been accomplished during the summer months. Social service, which is one of the outstanding activities of the League, was reported by Miss Gladys Mullins, convener, who stated that a total expenditure of ninety dollars had been spent towards supplying groceries, shoes, rubbers and medical assistance to needy families, while 384 quarts of milk were supplied for children and the sum of five dollars donated to the Y.W.C.A. summer camp.

Mrs. Allen Smith, who is in charge of the "Traveler's Aid," reported that printed cards, announcing the hour of Sunday Masses in the Catholic Churches, were placed in convenient public places.

Miss M. Mooney, convener of Holy Hour and Lay Retreats, announced that a closed retreat, sponsored by the League, would be held at the Sisters of the Blessed Sacrament Convent the latter part of November.

The report on the membership supper, which was held in October, was given by Mrs. J. S. Mooney, convener, and undoubtedly proved to be an outstanding event. A standing vote of thanks was tendered to Mrs. Mooney and her assistants for

their generous efforts towards making this supper such a success. A request was made by the president that all members who had received a book of tickets on the Hope Chest, which is to be raffled at the St. Patrick's Bazaar, kindly return them at their earliest convenience.

At the close of the meeting an interesting talk on "Stimulating Interest in Children For Good Reading," was given on behalf of the Canon Fissette Memorial Library, following which, Miss Marie McLester, in a piano solo, gave a delightful rendition of "Polish Dance," by Scharwenka.

STOP BABY'S COLD BEFORE IT GETS WORSE

A FIREMAN will tell you big fires are little fires when they start. That's why they always hurry to put them out. Don't let your baby's little cold develop into a "big cold" or something worse. Be in a hurry to check it. Let Mrs. Geo. McBride of Scarborough tell you how. "My baby of 26 months caught a nasty cold this spring, so I tried Baby's Own Tablets and she seemed to throw this cold off quicker than ever before. I certainly am for Baby's Own Tablets from now on."

Baby's Own Tablets are safe and sure in their action. They correct the cause of baby's trouble. Effective in clearing up teething troubles, constipation, simple fevers, diarrhoea, upset stomach, colic and summer complaint, irritability, simple croup and other of "baby's" ailments. Yet they are utterly free from opiates or stupefying drugs. An analyst's report is given in each package.

In 1879 her marriage to Mr. Albert Bullis took place in Clarenceville, and Waterloo and St. Johns became their homes for many years. About 1900 Mr. and Mrs. Bullis moved to Stanstead, where the death of Mr. Bullis occurred on November 10th, 1908.

Mrs. Bullis had been an active member of the Methodist Church since girlhood, and a member of Granite Queen Lodge for many years.

The funeral was held from the home of Mrs. Ruby Berry, where she had resided for the past year, to Wesley United Church, Rev. Thomas Weyson officiating with interment in the family lot at Griffin.

LADIES' GROUP HOLDS MEETING AT WATERLOO

St. Paul's Women's Association Holds Meeting in United Church Hall—News Notes of Interest.

Waterloo, Nov. 2.—Miss Lucia Graves was hostess at the regular meeting of St. Paul's Women's Association held in the United Church parlors under the presidency of Mrs. Henry Bird. Upwards of fifty were in attendance and during a pleasant social hour several musical numbers were much appreciated.

PEACE RIVER DISTRICT SUBJECT OF LECTURE

All who had the privilege of hearing Rev. Russell Brown in St. Luke's Church Hall will long remember the intensely interesting and pleasingly related summary of his work in the Anglican mission of the Peace River district.

His address, which was illustrated, was replete with scenes of great scenic beauty, and at the same time, accurately portrayed the loneliness and hardships endured by the settlers in that part of Canada.

One of the most encouraging features of the numerous slides shown was the number of trim new churches which have been built within the past few years by the earnest missionaries and the inhabitants.

Rev. Mr. Brown related many interesting stories of the splendid results of the Fellowship of the West, which was inaugurated about eleven years ago.

GROUP FINANCES IN EXCELLENT CONDITION

Mrs. Henry Neil and Mrs. F. W. Jones were hostesses at the tea hour following an interesting and largely attended meeting of St. Luke's Parochial Women's Association, held in the church hall.

The members accomplished a considerable amount of sewing during the early afternoon, and at four o'clock the president, Mrs. C. W. Candlish, called the meeting to order for a business period.

Food provided for the travelling basket by Mrs. J. H. Symons, Mrs. W. H. Bridge and Mrs. A. F. Robinson were purchased by the members, after which refreshments were served.

USES BOTH HANDS TO WRITE

Letter From a Man of 90

He asks us to excuse his writing. We do not think that — we congratulate him on being able to write at all at his age, especially as he has been suffering from rheumatism. This is what he says in his letter:—

"Three years ago I was in bed for six weeks with inflammatory rheumatism. Since that time I have been taking Kruschen Salts, and have not had another attack. But the complaint left me with inflamed feet, and it hurt me to walk. My hands were also somewhat stiff. I took Kruschen every morning before breakfast, and shall continue to do so, because I am sure they have kept me in good shape for three years. Excuse this writing, as I am ninety years old, and use both hands to write."—J. R. C.

The pain and stiffness of rheumatism are often caused by uric acid in the muscles and joints. Kruschen helps to dissolve and remove excess uric acid in a gentle way through the natural channels. Renewed health and vigour is the result.

For Bad Winter Coughs, Mix This Remedy at Home

Quick Relief. Big Saving. So Easy. No Cooking.

This well known recipe is used by many thousands of housewives, because they have found that it gives them a much more dependable remedy for distressing winter coughs. It's so easy to mix—a child could do it.

From any druggist, get 2½ ounces of Pinex, a compound containing Norway Pine in concentrated form, well known for its effect on throat membranes. Then make a syrup by stirring two cups of granulated sugar and one cup

of water a few moments, until dissolved. It's no trouble at all, and takes but a moment. No cooking needed.

Put the Pinex into a 16 oz. bottle and add your syrup. This gives you 16 ounces of cough remedy, unusually quick-acting and dependable, and you get four times as much cough medicine for your money. It never spoils, and is very pleasant—children love it.

You'll be surprised by the way it takes hold of severe coughs, giving quick, satisfying relief. It loosens the phlegm, soothes the irritated membrane, helps clear the air passages. Money refunded if it doesn't please in every way.

KINGSEY BOYS HAD EXCITING TIME WITH BEAR

Melvin and Charles Wentworth Had Experience They Will Long Remember When They Came Across Big Bruin and Two Cubs.

Kingsey, Nov. 2.—While gathering beechnuts, their father's sugar bush, Melvin and Charles Wentworth had an experience which they will long remember.

Armed with only a .22 rifle and accompanied by their collie dog, they ran across a bear with two cubs. After watching the bears for a few minutes, Melvin told his brother to run home—a mile and a half—and phone the neighbors while he kept track of the animals.

Meanwhile, he climbed a tree and set the dog on the bears. The two cubs readily took to another tree but the bear would not go far. While the dog was after the Old Bruin, the cubs would start coming down and while he was getting the cubs back in place, the old bear would circle back. These proceedings were directed by Melvin in the tree.

Finally, Charles arrived on the scene with hunters, and Ed Mastine shot both the cubs, but the bear got away.

CHAMPION HURT IN A SESSION OF SHADOW-BOXING

Henry Armstrong Needs Month to Recover from Back Injury Received in Drill at Hippodrome Yesterday.

New York, Nov. 2.—(P)—The Henry Armstrong-Celestino Garcia welterweight scrap is off for a month and maybe much longer, depending on how Armstrong recovers from a back injury received while shadow-boxing with himself yesterday.

The little negro fell twice in what was to have been his final training session for the first defence of his 147-pound title tonight, and now he can walk, but that's about all.

Promoter Mike Jacobs is gloomy, for it had looked like a sell-out of \$120,000. Garcia feels even gloomier, for the Filipino had been absolutely confident of whipping Armstrong and finally cashing in on his long ring career. He is twenty-nine and hasn't much longer to reach the big money.

Dr. George Riley, the osteopath who is treating Henry's lame back, thinks the champion might be able to work out again in a week and be ready to fight within a month, but he makes no guarantees. November 25 has been optimistically set as a tentative date.

Armstrong's injury is to a joint low in his back and has caused partial paralysis of his right leg. Instead of warming up in a regular ring, Armstrong chose to dance around on a square of canvas laid out on the cement jai-alai fronton in the Hippodrome. He hadn't been at it but about ten seconds when he slipped and fell the first time. Soon down he went again.

Armstrong bounced up smiling both times and finished his workout. It wasn't until he started to climb some stairs to the dressing room that his leg gave way.

They treated him all afternoon, even trying some sort of electric rays, but early in the evening Dr. Riley finally called in the correspondents and told them there would be no fight tonight.

ADAMS LIKES BOSTON BRUINS
Detroit, Nov. 2.—(P)—Boston Bruins will be Red Wings' first opponents Sunday, and they will be the toughest opponents Wings will meet all season, in the opinion of Manager Jack Adams.

Adams rated the six other members of the National Hockey League in order of strength of today but he declined to include his own club in the ratings.

"Our set-up is still too uncertain to warrant predictions," he said. "Anyway, last year cured me of that habit." In 1934 Adams, along with many experts named Wings to repeat in winning the National league championship and the Stanley Cup. The Wings finished last in their group.

Behind Boston, Adams chose in order Montreal Canadiens, New York Rangers, Toronto, Chicago and New York Americans.

Amplifying his reasons for predicting Boston will prove the powerhouse of the N.H.L., Adams said: "I chose them as the toughest team last year, and I see no reason for making any change, even though Toronto beat them in the playoffs."

Montreal Canadiens laced Springfield Indians of the Int-Am four to nothing in an All Saints' Day matinee at Quebec. Defencemen Babe Siebert and Cy Wentworth scored two of the counters and Rod Lorrain and Louis Trudel notched the others as Wilf Cude earned a shutout in the Habits' net.

CHALLENGE OF CAPTAIN ANGUS IS UNANSWERED

Proposal of Boston-Bermuda-Halifax Race for \$5,000 Falls on Deaf Ears—Nova Scotia Skipper Heads Home with Fishermen's Trophy.

Boston, Nov. 2.—(P)—Captain Angus Walters' proposal that his Canadian salt banker Blueshoe and the Gloucester schooner Gertrude L. Thebaud engage in a thirty-day series of races between Boston, Bermuda and Halifax, for a stake of \$5,000 each for each round trip, found no takers today as Angus packed for home.

Walters had one condition, "Captain (Cecil) Moulton at the wheel or no race," he said, when asked whether he was willing to race against Captain Ben Pine, Thebaud's managing officer.

Moulton became acting captain when Pine became ill during the recent three-out-of-five series for the Fishermen's Trophy, retained by Blueshoe.

Walters' challenge was the third since the fishermen's race ended in a burst of bad temper occasioned by the contention of Thebaud's crew that the fifth and deciding race was sailed in air too tight for their vessel.

Captain Moulton started the challenge at the conclusion of the international series when he taxed Angus to choose a thirty-six-mile triangular course off Massachusetts for a one-day race with \$500 a side at stake.

Terminating such money "chicken feed," Walters suggested a Boston-Bermuda race for \$5,000 to which Moulton replied: "We are not yachtsmen and the purse is not enough for such a race."

So last night Captain Angus raised the ante, suggested a series instead of a single race, and expressed doubts that any boat called the Thebaud could stand the seas.

"I'm going to remind Captain Moulton there wouldn't be a chance on this course to haul the Thebaud out on a marine railway every second day," he added.

Captain Walters triumphantly accepted the trophy which was recovered last Saturday after gunneters had taken it out of circulation during its exhibition tour from one shop window to another. Scottish pipers played the cup into the banquet hall.

The Lunenburg skipper said he would remain here for a while in the hope of collecting the \$3,000 prize money that goes with the trophy and then fly back to Halifax by special plane, the trip being a gift from his admirers.

Boston Bruins headed for Toronto and the start of the National Hockey League season today with repeat in winning the National league championship and the Stanley Cup. The Wings finished last in their group.

Behind Boston, Adams chose in order Montreal Canadiens, New York Rangers, Toronto, Chicago and New York Americans.

Amplifying his reasons for predicting Boston will prove the powerhouse of the N.H.L., Adams said: "I chose them as the toughest team last year, and I see no reason for making any change, even though Toronto beat them in the playoffs."

McEWAN SENSATIONAL IN RAIDER VICTORY

Sherbrooke Qualifies To Play Strong Royals

Majella "Curly" Laforest Sparks Red Raiders' Attack with Two Goals, One Unassisted and Another on Pass from George Bell—Nickarz, New Winger, Figures with Calhoun in "Guidoo" Roy's Tally.

Lachine, Nov. 2.—With Jack McEwan performing sensationally in the nets, saving almost certain goals time and time again, Sherbrooke Red Raiders last night downed Lachine Rapides three to two and won the right to meet Montreal Royals in the final round for the Bourque Trophy.

Led by Tag Millar, the Rapides poured across the Sherbrooke blue line on many occasions but McEwan, cool as a veteran although only twenty years old, allowed only two shots to pass him, one by Millar unassisted in the second period and another by Defenceman Demers, aided by Millar in the early minutes of the last frame.

Sherbrooke trotted out a new right-winger in the person of Nick Nickarz, chunky ex-professional, on the front line with "Guidoo" Roy and "Bick" Calhoun, and the new-comer chipped in with an assist on the first goal of the game, scored by Roy after ten minutes and thirty seconds.

Majella "Curly" Laforest, who travels on a unit with George Bell and Babe Leblanc, stepped right along with the fastest the Rapides could offer, giving the Raiders a two

to the left side and passed behind the net to the new right-winger, Nickarz, who pushed one in front, and "Guidoo" rifled the puck past Dion from ten feet out.

Yvan Dugre took a trip to the "cooler" immediately following the tally and four forwards made things hot for McEwan. The youngster weathered the storm handsily, and was applauded by the spectators. With the teams again at full strength Laforest went twisting through the whole Lachine team only to be out-guessed by Dion.

Dupuis was handing out stiff body-checks behind the Lachine blue-line and Roy took a penalty in a joust with the tall defenceman behind the nets. Once again McEwan performed in spectacular fashion and kept his citadel inviolate.

The Raiders' four rear-guards—Gus Leroux, Charlie Bastarache, Yvan Dugre and Jean-Paul Ranger—played in steady fashion while the Roy-Nickarz-Calhoun and Babe Leblanc-Bell-Laforest lines also impressed. The third Sherbrooke attacking unit, Len Leblanc-Phil Piche-Lionel Lafontaine, gave promise of power but was a trifle short on condition.

Lachine's speedy McCormick-Larabie-Lalonde line was a constant threat, while Dupuis and Demers were effective as a bone-crushing defence.

Play was practically even for the first nine minutes, Dion and McEwan making pretty stops. Laforest, Bell and Babe Leblanc carried the puck into Lachine territory and missed a sure goal when George Bell was unable to get his stick on a pass across the net by Babe Leblanc.

Soon after taking the ice Roy, Calhoun and Nickarz poured across the blue-line. Calhoun carried down

of condition began to tell on Sherbrooke. Lionel Lafontaine received a ten-minute misconduct penalty but Roy saved the day with timely back-checking and puck-ragging. Millar popped a short past McEwan in a scramble, but since the puck had deflated off Majeau's chest the tally was disallowed.

Laforest sewed up the contest with a goal after a brilliant solo effort, and in the minute and twenty seconds remaining the Raiders held off the Lachine attacks and skated off the ice with their first victory.

Line-ups:
Sherbrooke goal Lachine
McEwan defence Dion
Ranger defence Demers
Dugre defence Dupuis
Calhoun centre McCormick
Roy wing Lalonde
Nickarz wing Larabie

Sherbrooke alternates: Bell, B. Leblanc, Laforest, L. Leblanc, Piche, Lafontaine, Leroux, Bastarache, Gordon and Cormier.

Lachine alternates: Bastien, James, Millar, Armand, Majeau, Lilly, McEwen and Allen.

Referees: Bennett and Senegal.

First Period.

1—Sherbrooke Roy 10.30

Penalties: Dugre, Roy.

Second Period.

2—Lachine Millar 4.36

3—Sherbrooke Laforest 18.56

Penalties: Bell, Majeau, Allen, Millar.

Third Period.

4—Lachine Demers 5.47

5—Sherbrooke Laforest 18.40

Penalties: Dugre, Lilly, Lafontaine (minor and misconduct), Armand.

STATUS OF McEWAN STILL IN DOUBT

Officials of the Red Raiders will make a determined fight to retain Jack McEwan, twenty-year-old goaler from Oshawa, who has starred in the two games against Lachine. To date they have been unable to acquire a transfer for McEwan. Zeke Forley, who has been working with Montreal Royals, will accompany Archie Wilcox to Sherbrooke today and may play for the Red Raiders provided McEwan is forced to return to Oshawa.

EDDIE SHORE A HOLDOUT

Boston Nov. 2.—Eddie Shore, for many seasons the backbone of Boston Bruins, adopted his old role of "holdout" and remained in Boston today while his National Hockey League team-mates headed for Toronto and their opening game of the campaign against the Maple Leafs.

Manager Art Ross described the veteran Bruin defenceman as a holdout last night after the hockey-playing Alberta farmer failed to report to the train taking the team to Toronto for Thursday's opener.

As a precautionary measure, Ross called up Jack Crawford, a Bruin farmhand playing defence with Providence in the International-American League. He will join the Bruins in Toronto and if Shore is not on hand, he will fill the veteran's rear guard spot.

Tommy Farr is trying to get Henry Armstrong to take some fights in England.

RENAME HEADS OF TOWNSHIPS MINOR LEAGUE

Gerald Wiggett and Francis Kenalty Re-elected President and Secretary-Treasurer of E.T. Juvenile, Midget and Bantam Hockey Loop.

Gerald Wiggett and Francis Kenalty were last night re-elected president and secretary-treasurer, respectively, of the Eastern Townships Juvenile, Midget and Bantam Hockey League at a meeting held in the New Sherbrooke Hotel. Fawcett Keene was named vice-president.

Fifteen teams compose the group to date, and new teams accepted last night were midget outfits from St. Pat's, Canadiens and Sherbrooke High School, bantam squads from St. Pat's and Sherbrooke High School, and juvenile clubs from Sherbrooke High School and Royals.

The midgets will compete for a cup set up for competition by the Sun Life Assurance Company, the juveniles for the Jack Westgate Cup and the winners of the city juvenile championship will receive the La Tribune Trophy. The next meeting will be held on November 8.

Present at the meeting were Gerald Wiggett, president; Francis Kenalty, secretary-treasurer; Jack Westgate, East Angus; J. G. Patric, B.C.S.; John Southam, St. Pat's; H. Veilleux, St. Pat's; H. Huard, Royals; G. A. Gingras, Royals; F. Solois and D. Nutter, Canadiens; Cliff Willis, Sherbrooke High School.

KRIEGER TAKES THE MIDDLE-WEIGHT CROWN FROM HOSTAK

Seattle, Nov. 2.—(P)—Solly Krieger, a scowling bomber from Brooklyn, was the new middleweight champion of the world today after beating Al Hostak so savagely he sent the Seattle Slav to a hospital, temporarily blinded, paralyzed and without the use of one arm.

Krieger, the third man to win the middle title in a Seattle ring in the last twenty-eight months, fought a cagey, crouching battle. He chopped Hostak to pieces with left and right crosses before nine thousand surprised spectators. Al had been a heavy local favorite.

Hostak was a dejected and broken battler when he left the ring for the hospital. He was game to the end—too game for his own good—staying the full fifteen rounds even when he had only his right hand left for both offence and defence. When it was over his right eye was swollen shut, his left almost closed, his face bloody and gashed, his left arm welled and paralyzed, and his hands badly injured.

N.H.L. STARTS OFF TOMORROW IN TWO TOWNS

Strengthened Hawks Open at Home Against Amerks and Maple Leafs Receive Bruising Boston Bruins.

Montreal, Nov. 2.—(P)—A new National Hockey League season, in which the World Champion Chicago Black Hawks will have the opportunity of proving that their Stanley Cup victory last spring was no "fluke," gets underway on two fronts tomorrow night with games at Toronto and Chicago.

In the United States centre, the strengthened Hawks open against Red Dutton's New York Americans. What promises to be the more interesting scrap, however, is the contest at Toronto between the Maple Leafs and the bruising Boston Bruins. League President Frank Calder will be on hand for the Hawk-Amerk battle.

Considered by many to have been "lucky" in winning the Stanley Cup last season, the Hawks show a greater punch up front this year through acquisition of a complete forward line from the disbanded Montreal Maroons. Coach Bill Stewart picked up Russ Blinco, Earl Robinson and Baldy Northcott from the Montreal squad.

Never a great offensive squad, this year's Chicago team is rated by Stewart as a cinch to be one of the top four teams in the league. The Hawk coach has predicted that the N.H.L. race this year will be a wide-open affair for four clubs—his Hawks, the Bruins, the Leafs and New York Rangers.

The Boston-Toronto go should be a thriller from start to finish, for there is little love lost between either team. Every game was a real dog fight last year and the series between Bruins and Leafs for the 1937-38 N.H.L. championship, which Leafs won, was a gruelling affair.

Incidentally Parnassus and Eddie Mead, Armstrong's manager, are having trouble about the whole thing. Both of them expected a big "pay day" this week, after the fight. Now they'll have to ride along without the "ready" some more, but it wasn't too bad for Mead, who made himself a nice piece of change on Seabiscuit—at two to one, no less.

Joe Louis, in town for the fight, is pleasant to the boys than ever before. Maybe it's because of that new suit he won betting. Hank Greenberg wouldn't hit sixty home-

EXPECT POWERFUL PROVINCIAL LEAGUE NEXT WINTER

New York Rovers and Atlantic City Sea Gulls will next year enter teams in the Provincial Hockey League, Ulysse Paquin, vice-president of the loop, informed a Record representative in Montreal yesterday. Paquin stated that the groundwork for the entrance of the two crack American amateur outfits had been laid, and that he expected a definite announcement that they will bid for 1939-40 franchises to be made shortly.

FOOTBALL

S.H.S. JUNIORS DOWN B.C.S. FOURTHS

A converted touchdown by Lorne Arnold with five minutes remaining in the fourth quarter gave Bill Hammond's Sherbrooke High School Juniors a well-earned six to nothing victory over the Bishop's College School's fourth team in an exhibition encounter played on the B.C.S. grounds yesterday afternoon.

Arnold ran through a broken field from the B.C.S. forty-two to tally the major that gave his school the lead after fifty-five minutes of scoreless, even play. "Phil" Hovey drop-kicked the convert.

Outstanding for the Bishop's squad were MacCueg, Bishon and Howard, while Keator and Dobell turned in nice games Lorne Arnold, fleet-footed halfback for the Juniors, grabbed the spotlight as the star of the tilt. "Phil" Hovey overshadowed his kicking rival by a wide margin with his lengthy heists, and Billy Potts impressed with his running and tackling. Hillard and Neil were standouts on the front line.

The Juniors travel with the High School Seniors to Stanstead on Saturday for their fifth game of the season; thus far, they have won three and lost one.

Line-ups:

Our scouts report the crying towel Elmer Layden was waving early in the fall was the biggest gag-eroo of 'em all. He told his staff as early as last spring that he was going to have his best Notre Dame team this year—which was hitting the nail right on the well-known head.

Ray Flaherty, the Washington Redskins' coach, says "Whizzer" White could be the greatest back in the game if he gave up the Rhodes Scholarship and stayed in the play-for-pay business for three years or so.

Bill Stewart, having made the grade as National Baseball League ump and Stanley Cup hockey team pilot, takes a crack at broadcasting tonight.

The Maple Leafs polished up their offensive weapons for Boston with an exhibition in Midland, Ont., last night. Teams of Blues and Whites, chosen from the big league team and its Int-Am club, Syracuse, scored seventeen goals in seventy minutes. Bill Thoms got the odd one in overtime to give Blues a nine-to-eight victory.

Baltimore, Md., Nov. 2.—(P)—Seabiscuit, the hard-hitting little equine warrior from the west, stands unchallenged today as the king of the United States turf.

In as dramatic a battle ever decided over Pimlico's ancient turf, the five-year-old star of Charles S. Howard's stable yesterday settled his argument with Samuel D. Riddle's War Admiral in a manner that left no doubt as to which is the better horse.

Not only did the Biscuit whip the mighty Admiral by three lengths but he created a new track record for 1 3/16 miles and left 40,000 fans singing the praises of the one-time selling plater, which Howard purchased two years ago from the fashionable Wheatley stable for \$8,000.

Under a fine hand-ride, by George Woolf, formerly of Cardston, Alta., the son of Hard Tack reeled off the distance in 1:56 3/5, one-fifth of a second faster than Pompoon's track mark and four-fifths of a second under the time the Biscuit himself ran the distance in establishing last fall what was then a new track standard.

The race, originally scheduled for Belmont last June but cancelled when Seabiscuit failed to stand training, was just the opposite from what most of the experts and laymen expected. They figured War Admiral would go out in front and stay there all the way and as the result made the Riddle ace the one to four favorite while holding Seabiscuit at slightly better than two to one.

The victory was one of great satisfaction to Howard and his trainer, "Silent" Tom Smith. They have long contended that Seabiscuit was not only a better horse than War Admiral but the best in the country. They have not pampered their star for he has travelled across the continent several times and faced the barrier in eighty-four races. He has picked up all weights and met all oppositions, compiling a record of thirty-two victories, twelve seconds and thirteen thirds.

With yesterday's triumph went a purse of \$15,000 which sent the Biscuit soaring into a second place among the leading money winners of the world with earnings of \$340,480. Ahead of him stands Sun Beau's world record of \$376,744. Twice Seabiscuit missed by a nose the turf's greatest prize, the \$100,000 Santa Anita Handicap, or today he would be far in front.

There will be no rest for either horse. Seabiscuit will remain at Pimlico with Saturday's Riggs Handicap as his immediate objective. He won the race, a 1 3/16-mile affair, last year. War Admiral is headed for Narragansett Park where he will be pointed for the November 12 running of the \$15,000 Rhode Island Handicap.

New York, Nov. 2.—(P)—Henry Armstrong's injury is the McCoy. The little wallpaper couldn't do any more than limp around, but as George Parnassus, Ceferino Garcia's manager, hollered, "Why did he have to work out the day before a fight?"

From someone high up in Cardinals' organization comes word that Ray Blades definitely has the inside track to manage the gasless Gas-Housers.
