Huntingdon Home and School Sponsors Graduates' Dedication Service At St. Andrew's

Last Sunday evening, June 7 a simple but moving ceremony marking a most important event took place in St. Andrew's Presbyterian Church, Huntingdon. This was the Dedication Service for the Huntingdon High School Graduates, a ceremony which is sponsored yearly by the Huntingdon and District Home and School Association and which has become a worthy tradition of the school in recent years.

This service symbolizes a solemn moment in the life of the high school graduate —the time when he must leave the protective cocoon of his family, school, and community which have nurtured him through his years of childhood and adolescence and venture forth into a far larger new world outside where he is expected to take his full part as an adult. In short the high school youth "becomes a man and puts away childish things".

The minister in charge of the service this year was Rev. P. R. Stote of St. John's Anglican Church. The Rev. W. E. Black of Huntingdon United Church conducted the Prayer of Invocation, Mr. R. F. Cunningham read the Lesson, Mr. A. M. Brockman, the principal of H.H.S., conducted the Charge to the Graduating Students, and Dr. J. C. Johnson of Ormstown delivered an excellent address to the Graduates in which he exhorted them to be good living examples as adults by acting on their principles, not merely proclaiming them.

The H.H.S. choir under Mrs. J. M. Smellie's direction performed very well. Mrs. Smellie deserves considerable commendation for bringing this group to such a high point of performance in so short a time. The choir was recruited a mere two weeks ago.

After the service the graduates and invited guests retired to the church dining hall where they were welcomed by the president of the Home and School Association, Mr. Jack Blake. The hall was beautifullly decorated and delicious refreshments were served by the pupils of Grade Ten and their mothers. This group helped greatly in the preparations for the Dedication Service and also merit a vote of thanks for a job well done.

Mr. Brockman addressed the graduating class in a light but challenging vein, pointing out to his audience that this was the largest graduating class in the history of the school. Miss Gail Middlemiss, Valedictorian for Grade Eleven, addressed the gathering in a sincere and eloquent manner. We predict a successful future for this young lady.

Following Gail's address Huntingdon High School rings and pins were presented to each member of the graduating class on behalf of the Home and School Association by Mr Brockman and Mr. Blake The evening closed with the Benediction which was pronounced by the Rev. P. R Stote.

Once again it is felt that this annual Dedication Service serves a useful and worth-while purpose in the community. Much time and effort goes into its preparation, but the graduate students have also expended a tremendous amount of time and effort to reach their present scholastic achievement. Therefore anything which we can do to help them and those who follow after them is time well spent.

Receives Appointment

HOWARD KELLY

Howard Kelly, son of Mrs. Ruth Kelly and the late Mr. D. L. Kelly of Huntingdon, was recently appointed Assistant Treasurer in the Head Office of the Northland Trust Company in Timmins, Ont.

Executive Of W.A. Huntingdon County Hospital Meets

An executive meeting of the Women's Auxiliary of the Huntingdon County Hospital was held in the Board Room on Monday, June 8th with eleven members present.

The president, Mrs. Lawrence McCallum, opened the meeting by thanking all the members for sending the three delegates to the Annual Meeting of the Quebec Association of Hospital Auxiliaries which was held at Ville L'Esterel, and she was also pleased to report that Mrs. Kay Williams of Huntingdon was elected president of this Association. The delegates were most impressed with the two-day meetings.

A letter was read by the Corresponding Secretary, Mrs. Roch Dumouchel, asking for a donation towards a gift for the retiring president of the Quebec Hospital Auxiliaries, Mrs. Boudrais. This donation was given at the time of the annual meeting. There was $165 collected at this time and it was learned that this money would go towards a Bursary Foundation Fund.

The treasurer's report showed a bank balance of $1057.37.

Mrs. William Goodall for the Shoppe on Wheels turned in an amount of $20.

Membership — Mrs. Bernard Sauvé reported that 70 books were out at present, there were eight new members and over 200 paid up members.

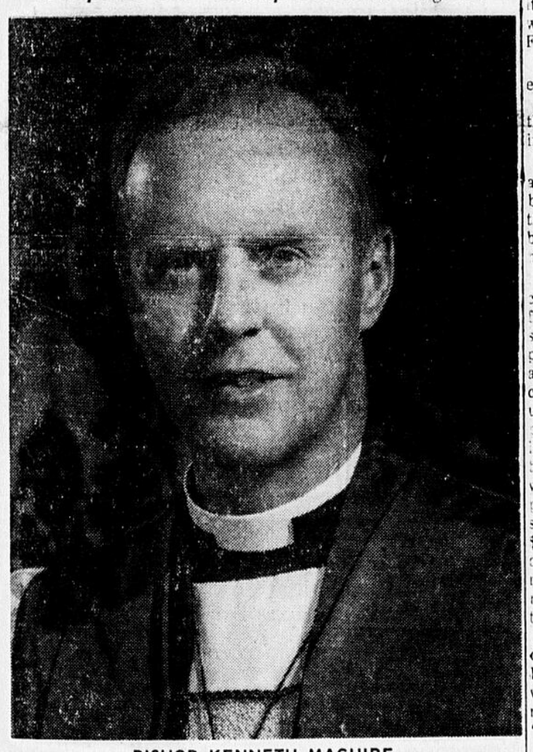
At this point the president called on Mrs. Rupert Hawley for a report on other necessary items needed at the hospital. Mrs. Hawley suggested a gas water boiler for the kitchen which would eliminate use of tea kettles etc.; also possibly a steam table. These items would take the place of the present electric stove. The water boiler would cost approximately $268 and the steam table approximately $295. Mrs. Hawley also spoke of a refrigerator for the nurses' residence, which was most important, especially at this time of year.

It was moved by Mrs. Gordon McLean, seconded by Mrs. Roch Dumouchel that the Service Committee look into the matter of the refrigerator at the present time.

Mrs. Kay Williams will be guest speaker at a regular meeting of the Barrie Memorial Women's Auxiliary on Monday, June 29th, when it is hoped that as many of the Huntingdon Auxiliary members as possible will be able to attend.

At this juncture a further fund-raising project for July was discussed. It was decided to hold a Barn Dance in early July with Mrs. Gordon McLean and Mrs. Francois Cleyn as conveners. The date and further information will be advertised in the next issue of The Gleaner. A general meeting will be held on July 6th, when Fair projects will be discussed along with other items of current importance.

Reception For Bishop Kenneth Maguire



BISHOP KENNETH MAGUIRE

Informal reception is to be given for Bishop Kenneth Maguire on Sunday, June 14th on the occasion of his first visit to the Parish of Huntingdon, Ormstown, Herdman and Franklin.

The four congregations will tender the reception to the Bishop at the Rectory and Grounds in Huntingdon from 2.30 to 4.30 on Sunday afternoon.

35 persons will be confirmed by His Lordship at 10.30 a.m. in St. John's, Huntingdon and at 7.30 p.m. in St. James' Ormstown.

Huntingdon Boys Do Well In Montreal Track Competition

A select group of athletes from Huntingdon High School took part in the Greater Montreal Interscholastic track and field meet held at Molson Stadium, in Montreal, on Saturday afternoon, June 6th.

A total of 250 athletes from 39 schools competed. Ten meet records were broken and two others tied.

The Huntingdon boys did exceptionally well considering the stiff competition. George Tannahill placed 2nd in the Broad Jump, 2nd in Hop, Step and Jump, 3rd in Discus and 4th in High Jump in Class 2 — Under 15 years of age.

Clifford Dahms placed first in the High Jump (5'8") in Class 4 — under 17 years of age. He almost broke the high jumping record that was set in 1946. On his third try Clifford was over the bar but touched it lightly on the way down. After wobbling awhile the bar unfortunately fell to the ground.

Brian Salter came 2nd in the Mile Run and 4th in the 880 yd. Run in Class 5 — under 20 years of age.

Philip Stote placed 4th in the High Jump. Jim Gavin was 6th in the Shot Put. Jim also tried his hand at discus and javelin for the first time and placed in the upper halves in both events.

Richard Grant made it to the semi-finals in the 220 yd. Run but lost out for the finals by about 3-4 feet. Russel Fournier ran an admirable 220 yd. Run.

Yes Sir! Yes Sir! It's What's Going On Inside That Counts

SEALO AND THE MONKEY GIRL

Of all the so-called 'news' that comes into a newspaper office, only a fraction is used and the balance discarded because it would be of little interest to readers. Bearing this mind, Gleaner subscribers will recall that when The Giant appeared in a sideshow at Ormstown Exhibition last year, we ran a picture of him in The Gleaner and urged people to avail themselves of the opportunity of seeing a real, live giant.

This year we think visitors to the 50th Ormstown Exhibition will be intrigued with "Elizabeth, The Monkey Girl" and "Sealo", whose pctures appear above. Both of those so-called freaks visited The Gleaner on Tuesday afternoon accompanied by Miss May Hong, Manager and Publicity Director for King Reid Shows.

These people are part of a Circus sideshow known as "Strange People" and there are ten Acts to the show. Others are the Frog Man, Rubber Man, and they are sure to amaze you when you see these acts. On the outside, urging the people to go on the inside is Mr. Ted Connors. It is Ted's job to keep the people going into the show by announcing the acts and giving a few previews of what may be seen on the inside. That's a pretty steady job too.

At first we thought Elizabeth The Monkey Girl was a man disguised in girl's clothing. Every exposed part of The Monkey Girl's body is covered with hair. Her beard is as thick and long as any we have ever seen and her arms and legs are hairy. She was wearing a two-piece swim suit and her midriff certainly had more hair than your reporter has on his head. Without a doubt, she is a freak and "Monkey Girl" is no misnomer.

The Monkey Girl is 34 years old and was born Clarabelle Strouse in Kissimme, Florida (17 miles from Orlando). She has eight older sisters, all of whom are normal, and a brother who lives in Paris, Texas. Her parents, now dead, were show people too, both being trapeze and aerial artists. Elizabeth entered show business when she was five years old and even then her body was covered with hair. Since then she has worked with big-name shows and circuses, among which were Ringling Bros., Barnum & Bailey, King Reid, etc.

Asked where she lived when not touring, The Monkey Girl informed us she spends her winters at her home in Florida. "I love show business and like the way I look. What God has made us appear, we have no right to alter. I do shave during a couple of winter months because I perform extensive humanitarian work in Florida, but my friends, relatives and neighbours accept me like this just as much as when I'm shaved and dress normally. I'm an actress too and have taken part in Passion Plays in Florida. In show business I get a lot of pleasure by making other people happy."

Frankly, we suggest our readers should visit Elizabeth The Monkey Girl at Ormstown Exhibition.

Standing beside her in the above picture is 'Sealo The Seal Boy'. Sealo has hands, but no arms. He was born in 1903 in Pittsburg, Penn. and is a high school and college graduate. One of twelve children, he had a twin sister born also without arms, but she died shortly after birth. Sealo is a happy fellow: "I like this life and have a lot of fun." He can do almost as much without arms as the average person can with them. He used to have a car, but gave that up, however he does travel alone and gets along fine. "I have a stick with a hook on it that I use to pull my socks on with". Sealo performs difficult tasks for his audiences and can write as well as most people, but he too gains his livelihood by exposing himself at shows, so he hopes everyone will come to see him.

Other King Reid (actually a U.S. Senator) attractions include a "Rubber Man" who is believed to be one of the greatest contortionists alive; The Frog Boy who actually has many of the characters of a frog; The Elephant Skin Girl, covered from head to toes with thick, wrinkled skin much like that of an elephant; The Human Block Head who drives nails into his nostrils and to top this gruesome sight then takes a hammer and drives a nail right into his forehead. The King Reid show also has a sword swallower who makes your blood run cold.

Before leaving, Elizabeth The Monkey Girl asked us to produce a light bulb. She nonchalantly munched it while telling use she is a college graduate and a 3rd degree A.M.O.R.C. (Rosticucian). She maintains people can do anything they set their minds to . . . eating glass, driving nails into their bodies and so on.

At any rate, seeing is believing, so we'll see you at Ormstown Fair that starts tonight and ends Saturday night.

Many Repair Jobs To Be Done At School During Vacation Period

A regular meeting of the Huntingdon Protestant School Board was held on Thursday evening, in the High School Library, with all members present.

Two members were sworn in to office, Mr. R. Baker who was elected by acclamation and is a new member, and Dr K. G. Cameron who had retired, but who stood again and was re-elected by acclamation. The Nomination meeting was held on June 1st.

A number of bills were read and passed for payment.

Mr. Franklin Cameron attended the meeting to ascertain if the Dundee pupils would again be acceptable at Huntingdon School for the year 1964-65. He also wanted to know what adjustment there would be for the past year. Some of the children had quit at various times in the year and some others had been taken in. He was informed that the pupils would no doubt be accepted for another year although due to increase in administration costs the rate per pupil may be higher. He was assured the proper adjustment would be made in the 1963-64 rate.

Since the high wind of several weeks ago, limbs of trees in the school yard have been broken and in dangerous places among the trees. Commissioner Blake obtained a quotation to do this work and in the course of the next few weeks the trees will be cleared of loose branches and generally trimmed to make them safe.

It was decided to make some enquiries as to chairs for the Home Economics Lab and to have these in place by school opening in the Fall. The basement washrooms are in need of paint and this matter will be considered. The roof of the school will be checked and some patching done to stop leaks. Commissioner Blake will check on this.

Some reclassification was done in the teaching staff to bring all to a satisfactory standing.

There are to be two holidays for pupils in this month of June, one of June 12th having been declared by the Hon. Paul Comtois, Lieut. Governor of the Province and the other will be on June 24th, St. Jean Baptiste Day.

Dismissals of the children for the year will start with the Kindergarten on June 15th; Grades I to V on June 16th; Grades VI and VII on June 19th and Grades VIII to IX on June 22nd. The final exams will be on June 25th at which time the school will close for summer vacation.

Considerable discussion took place on the painting of the outside woodwork of the school. It was decided that tenders will be called for this work and all material to be supplied by the contractor. The school wants a good job done and good materials used.

The members made an examination of all the windows to see just what has to be done.

Leonard Grenon, New Catholic School Commissioner

An election for school commissioner took place on Monday for Seat No. 5 on the Catholic School Commission of Huntingdon. There were two contestants, Messrs. Leonard Grenon and Adrien St. Onge.

The voting took place in the Knights of Columbus Hall and a total of 936 votes were polled. After the votes had been counted, Mr. Grenon was declared elected by a majority of 134. He will be sworn into office tonight.

Mr. Hervé Tessier was the president of the election and he reports that the whole went off very smoothly and thanks everyone for the way it was carried out.

Ormstown Lions Club Appoints Two New Directors

A regular meeting was held at the Ormstown Hotel on June 2 with Lion President Cliff Moore in the chair. There were 17 members present with two guests, Lion J Tessier, President-Elect of the Valleyfield Lions Club and Lion Peter Rosen of the same club. Both these guests were heartily welcomed by President Cliff.

Guest speaker for the evening was Dr. J. Johnson of the Ormstown Medical

(Continued on page 6b)

At press time we received word from Mr. Ian Watson, M.P., that a change in the personnel of the official opening of Ormstown Exhibition had taken place. The Hon. Maurice Sauvé, Minister of Forestry in charge of AEDA and Rural Development, will officially open the Show tonight. Hon. Maurice Sauve was elected Chairman of the House of Commons Committee on Defence in June 1963, and he became Minister of Forestry on February 3rd, 1964. He was formerly Technical Adviser to the Canadian Catholic Federation of Labor 1952 to 1955. He was Assistant-Secretary of the Royal Commission on Canada's economic prospects from 1955 to 1958.

Hon. Maurice Sauve will be assisted by other members of the political fraternity as was announced previously.

There will be the usual parade of floats for opening night and all are advised to be early if they want to see it all.

King Reid Shows Return To Ormstown Exhibition By Popular Demand

"Fun galore in '64" is this year's theme of the King Reid Shows, which opens at the Ormstown Exhibition Wednesday, June 10th and plays through Saturday, June 13th.

The Ormstown Exhibition is the first stop in Canada on the International Tour of the King Reid Shows which play large Canadian provincial fairs and winds up with the Skhowhegan Maine State Fair, Essex Junction Fair in Vermont and the Springfield Exposition in Springfield, Massachusetts where all the northeastern states will be represented.

This year King Reid introduces two brand new rides — the Scooter with twenty smashing, crashing bumper cars and the Rock-O-Plane, newest ride sensation being used for the first time in the East.

Hailed as the greatest collection of top shows, thrilling rides and spectacular extravaganza of fun ever offered, the King Reid Shows of Manchester, Vermont was established in 1947 and has been the top truck carnival in the Northeastern United States and Eastern Canada for 17 years.

A battery of neon-emblazoned Ferris Wheels will be the landmark of the shows, at the Ormstown Exhibition Grounds.

King Reid, owner and master showman, assured the Huntingdon Gleaner that visitors to this year's showing will run the gaumut in thrills, spills, humor and fun. This goes for people of all ages, from 4 to 94 — and that it is the World's Cleanest Midway.

Featured will be an elaborate stage show — "Jazz Festival," an all colored Afro-Rumba Calypso revue headlining Maracca, King of the Calypso and Tiajuana with a comely chorus of sepia beauties.

Other shows include Irene Burton's Wild Life Exhibit, a menagerie of wild animals and an exotic aviary collected from the four corners of the earth, among them are the crested crane from Africa with a 6-foot wing spread, the black-shouldered peacock from India, a kinkajou from South America, the maneating King Vulture, highest flying bird in the world, Coati-Mundi from South America, an Agouti, a jungle rat from South America, an albino Ferret from the Peruvian Andes, and the many-colored feathered pheasants.

Also featured on the King Reid Midway is Pete Hennen's Super Circus Sideshow, containing an outstanding Congress of Human Oddities. Among them are Elizabeth, the Monkey-Faced Girl, Charlette Bobo, the Elephant-Skin Girl, Roy the electric-hide boy, Francis Duggins, the Rubber-Skin Boy whose contortions are incredible, the Oriental Blade Box into which 18 swords are crossed through the body of a living girl, Chief Diablo who eats fire and Sealo, the boy with arms and legs like a seal and Joe Crossen, the anatomical wonder with complete muscular control who also swallows swords.

Also featured are the Hi-Hat Revue and Torchy, both all-girl revues direct from Las Vegas' leading night clubs.

Thrills galore will be in store for visitors on the King Reid Midway in the form of the very latest riding devices, which include a Giant Merry-Go-Round, the thrilling Tilt-A-Whirl, a daring Dipsy Doodle, fabulous Ferris Wheels, a rollicking Roller Coaster, the sensational Merry Mixer and a careening Rock and Roll Ride.

The small fry will find a new and enlarged King Reid Kiddieland in an area specially set aside for them. They will thrill to such rides as the Speed Boat Ride, Roto Whip and many others tailor made for them.

Mr. Tanner was born on February 24, 1905 and spent his early life in Dundee where his father was pastor of Zion church. He had been employed for some time in Lennoxville.

Surviving besides his wife are one son, William, of Montreal; and one daughter, Lois who is married and resides in Montreal; one brother, John, and one sister, Mrs. Fraser (Isabel) Bell, Cote des Neiges Avenue, Montreal.

Hemmingford Township Council Regular Meeting

Hemmingford Township Council met on Monday evening, June 1st, in the Town Hall. Mayor Alister Somerville presided and all Councillors were present.

Mr. Henri Viau, Mr. Lucien Dauphinais and Mr. Trudeau, owner of the Frontier Inn, were present to discuss the obtaining of a license which would permit the sale of alcoholic beverages from a grocery store. Mr. Viau asked that a referendum be held in order that the residents of the municipality of the township might be given the opportunity of recording their wishes, for or against the granting of such a license. Mr. Trudeau said that, while not against Mr. Viau holding such a license, he wished certain provisions concerning hotels to be clearly stated in the by-law. After considerable discussion, it was moved by Councillor Hadley, seconded by Councillor Barr, that this Council engage a lawyer, namely Mr. Cossette, to draw up a by-law which will determine whether or not grocery permits, excluding hotels, be granted by the Quebec Liquor Board to the Municipality of the Township of Hemmingford. This motion was carried unanimously.

Councillors Brown and Hadley reported the Dump at the end of the by-road off Covey Hill was in very bad condition. Garbage was being dumped on the road itself and, as yet, the ground around was too soft to permit the bulldozer to push it back. The Councillors were asked to have the work done as soon as possible and to continue investigating the possibility of establishing a dump elswhere.

The Secretary reported he had received the necessary permission from the Provincial Fire Department for the purchase, by the Municipality of the Township, of a Fire Engine and Fire-fighting equipment. Details of the tenders which had been received from three firms were read again and it was moved by Councillor Barr, seconded by Councillor Hadley, that the tender of Messrs. Pierre Thibodeau and Co., be accepted. This tender, the lowest of the three submitted, was for the sum of $18,400 plus $175 for a power saw. The terms of the grant which will be received from the Provincial Government was discussed and also the terms of payment to the Company. The Secretary was made aware of the wishes of the Council on this matter and it was moved and seconded by Councillors Barr and Hadley that the terms of cash and payments be arranged between the Company representative and the Township Secretary. On the question of the operating expenses which will be shared with the Village Council, a motion, moved and seconded by Councillors Brown and Bouchard and carried, authorized Councillor Hadley and Councillor Dame to act on behalf of this Council in all matters concerning the Fire-fighting equipment. It was suggested that the Village Council appoint two Councillors to act in like manner for them and to work with the afore-mentioned Councillors in committee, appointing their own chairman and meeting whenever necessary.

A letter was read from Mrs. Hebert McNaughton requesting the replacement of a bridge which had been destroyed when the water course had been cleaned. It was explained that when water courses are dug and cleaned, all bridges must be removed and replaced by the owner.

The Secretary was authorized to pay the following bills: Mr. H. Philion $10., Rural Inspector V. Ellerton $14.40, Gleaner $12.15, Regional Construction $48., Secretary's salary, postage etc., $180.36, County Council for Water Courses $1300.

Confirmation at St. Roman's Church

On Sunday afternoon, June 7th, one hundred and twenty boys and girls of the parish of St. Roman's Hemmingford, received the sacrament of confirmation from His Excellency, Bishop Caza of Valleyfield. Filling both centre aisles on either side of the church, the children, each with a Godparent, listened attentively while the Bishop spoke to them, first in French then in English. In closing he told them how glad he was to see again his friend, and our new Fastor, Canon Corriveau. Father Corriveau, said the Bishop, had been his secretary his right-hand man and Chancellor of the Diocese for the past twelve years and they had been very close to one another. He was delighted to be able to visit him so soon after Father Corriveau had settled in his new parish. During the Confirmation, the Men's Choir and the Choir of girls from the school under the direction of Miss Routier, sang appropriate hymns. After the service, all members of the congregation were greeted individually by the Bishop before he departed for Chateauguay and yet another Service.

A Bridal Shower

On Wednesday evening, June 3rd, Miss Barbara Stanford was surprised to find, on arriving at her sister's home, Mrs. Clifford Houle, on Covey Hill, a large number of friends, between fifty and sixty, waiting to shower her with gifts. Seated beneath a gaily decorated umberalla, Barbara opened the many lovely and useful gifts piled high on the table at her side and passed them around for all to admire. When all were opened, Mrs. Houle, together with the co-hostesses of the Shower, Mrs. Leo Hebert and Mrs. Hubert Perras served appetizing refreshments. Miss Stanford's marriage to Mr. Gilbert Hebert will take place on June 27th.

OBITUARY

The late James Williams

Mr. James William or, as he was more familiarly known to all his relatives and friends, far and near, Jimmy Williams passed away at his home on Williams Road, Hemmingford, on May 20th. He had suffered a slight stroke just after Christmas but had made a good recovery under the watchful care of his daughter, Miss Ethel Williams. However in the past few weeks his strength was seen to ebb slowly away, although, to the end, his mind remained keen and active.

Mr. Williams was born on May 2nd, 1876, in the little log house, built by his grandfather, one of the earliest settlers in the district, situated further east along the Williams Road. (It was this same log house which was the subject of enquiry at a recent meeting of the Township Council. Mr. William's father gave or sold it to Mr. Gload who moved it to the southern tip of what was known until recently as the Paré Farm). He was the son of William Williams and Eliza Orr, and he had one brother and three sisters. In 1896 he married Alice Wood and settled on his own farm, on the Williams Road. Here were born two sons, Percy and Russell and three daughters, Gladys, Mrs. Conger, now residing in Connecticut, Evelyn, Mrs. Dougall of Ottawa and Ethel, who resided at home. In addition to being a fine farmer, Mr. Williams was a good horseman and a member of the 6th Hussars Cavalry Regiment. Holding the rank of Sergeant-Major, in 1911 he was chosen to represent his Regiment in London, England, at the coronation of King George 5th and returned, proudly wearing the Coronation Medal with which he had been presented by the King. Again, when the R.101. Airship was moored at St. Hubert, Mr. Williams formed one of the guard.

Relatives and friends from far and near attended his funeral which was held in St. Andrew's United Church, Hemmingford on May 23rd. The Reverend Gordon Ficko officiated. The Choir sang his favourite hymns, "The Old Rugged Cross" and "Sometime we'll understand", and the organist was Mrs. R. J. M. Reid. Many beautiful flowers had been received and one very choice arrangement was received from the Orange Lodge. Huntingdon U.C.W. Meeting Reports

Unit 6 — Mrs. Ralph Watson

The June meeting of United Church Women, held at the home of Miss P. Winnie Rowles on June, 2, was a work-planning meeting to make arrangements for a money-making project that is being undertaken by the group early in July. Ten members were present with unit-leader Mrs. Wm. McClatchie as chairman.

Mrs. McClatchie reported on the May 20 general meeting and from the Workshop which was held on Monday, May 25, and also introduced a list of 29 various methods that are approved for money-raising projects. The treasurer's report from Mrs. Fred Kyle and the minutes of the previous meeting read by secretary Miss Arline McIntosh were approved.

Clothing donations were requested for the bale which is shortly to be sent out, and supplies convener, Mrs. Nelson Beattie, volunteered to help on Wednesday, June, 10 from 1 to 2:30 p.m., when the bale is being packed at the church.

Mrs. John Donnelly and Mrs. Peter Prakke, the two newest members in the group, were selected as representatives to make the presentation of a small remembrance to Mrs. Black, who has given unlimited time and assistance to the United Church Women ever since its organization in 1962.

Devotions were conducted by Mrs. Howard McLean and, at the close of the meeting, refreshments were served by the hostess.

Unit 7 — Mrs. C. Moore

June 1st, nine members and one guest joined in our last meeting before the fall months at the home of Mrs. Roy Moore.

Mrs. D. MacGregor conducted the devotional period. The Scripture was read by Mrs. T. Quinnell. Mrs. MacGregor then gave us an introduction on the problems and life in India.

President, Mrs. MacNaughton thanked the members for placing flowers in the church during the month of May, and those who helped in any way with the Workshop Luncheon.

The subject of lotteries was discussed at the Workshop and it was reported that we should write to our Member of Parliament stating our concern regarding the legalizing of lotteries or sweepstakes.

We are once again kindly invited to the Milne Camp site during the month of July for a family gathering of our Unit members.

Refreshments were served by Mrs. T. Quinnell and Mrs. R. Moore during which time we packed a get-well basket for one of our members who had been in hospital.

Unit 8 — Mrs. J.E. Wilson

Unit 8, Kensington U.C.W. held their meeting on May 28 in the Grange Hall, with twelve members and two visitors attending. Mrs. P. Hamilton conducted the Devotional period with Mrs. A. Goodfellow reading the Scripture lesson.

Fashion Show At Franklin Intermediate School

The first fashion show to take place at Franklin Intermediate School, was a huge success Friday evening, June 5th.

The auditorium was beautifully decorated for just having had the spring dance, decorations were left in place and they were just right for this occasion.

Two beautiful bouquets of Iris and Spirea were donated by Mrs. W. Dunn.

The girls modeled their outfits which they had made and they were quite colourful.

The parents seemed quite proud in the silence of the auditorium. As each of the girls modeled their choice of sewing, one could feel the admiration of all.

Mrs. Jackson, Principal of the School, thanked the Women's Institute for having made it possible for the girls to have this sewing course and thanked Mrs. James Manning who had instructed the girls through the sewing period.

During the Intermission, the pupils of Grade I sang two songs. — Salute To the Sun, and a Negro Lullaby, followed by Grades II and III who sang 'My Grandfather's Clock' and a Negro Spiritual.

At the close of the show the pupils of Grades 4 and 5 sang the Negro Spiritual, "You Can Dig My Grave" and then a Capstan Shanty, 'Fire Down Below'. Grades 6 and 7 attempted "All Through The Night', followed by the rousing, 'Vive la Compagnie', all under the direction of Mr. H. Clarke of Franklin.

The quilt which the Women's Institute had made was drawn for at the end of the show.

1st Prize — Miss Julia Welburn drew the winning ticket for the quilt for Mrs. Warren Thompson of Dewittville.

2nd. Prize — The ticket was drawn by Mary Moore and a Thermo No. 302 cooler bottle went to Leslie Robertson.

3rd. Prize — The last ticket was drawn by Barbara Norman, who had a winning smile, and a Desk Lamp went to Dorothy Winters of Ormstown.

Best of good wishes went to Mrs. Chris Sherrington, Jr., who attended the fashion show.

Mrs. Robert Barr, President of the W.I., wishes to thank all who contributed to the evening and all those who gave their support by buying tickets for the drawing.

THIS and THAT in TOWN ...

● It seems once again that high pressure salesmen are working in the community selling aluminum doors, windows, screens, etc. Last year about this time we advised our readers to exercise extreme caution when signing contracts with strangers, and now we repeat our warning. Read all the fine print and be sure of what you are getting for your money. One concern selling aluminum products in the area does not even have an office in Montreal, merely a telephon answering service. Don't forget that some time payment plans are good, but others are good for the salesmen too. Nine times out of ten, local agents and businessmen will give you a better deal, so why not see someone you know before signing any contract with someone you never heard of before?

● The new addition to Menard's meat and grocery store in Huntingdon is nearing completion and will result in faster service, among other improvements.

● Don't forget new subscriptions and renewals to The Gleaner will be honored at the old price ($3.50 Canada, $4.50 U.S.A.) if received or postmarked not later than this Saturday, June 13. Orders will be taken at The Gleaner booth at Ormstown Exhibition. Thirty Sellar Histories will also be available as well as reproductions of The Gleaner Centennial Issue.

● Ormstownians report there was hail in that town last Thursday. After a week of cool weather, a warming trend started on Saturday and the week-end turned out quite pleasant. Maybe we'll have ideal Fair weather this week!

● Ormstown High School produced a very good yearbook and parents, teachers and students are well satisfied with it, but the students find they have approximately 100 that have not been spoken for. These books will be available from an O.H.S. student at The Gleaner Booth on Ormstown Exhibition days. At the same time please renew or subscribe to The Gleaner if you wish to save a dollar on each order. The cost for each subscription, new or old, will be increased after June 13. Many Christmas orders have been received and hundreds have ordered two-year subscriptions. Single copies at stores will cost 12 cents after this issue. Thirty Sellar Histories will be offered at the prevailing price of $16.

● Last week we mentioned a new industry in Huntingdon. All we can say at the moment is that corn cob pipes will be made here. Machinery has been installed, but certain minor obstacles must be overcome before the line goes into full production. We do know several people will be employed.

● The election for School Commissioner for the Catholic School Board on Monday resulted in 936 voters casting their ballots. Mr. Leonard Grenon is the new commissioner, having defeated his opponent by a majority of 134.

● And we hear that Safety Sam is organizing a beginners' golf tournament on the back nine of the Malone Golf Club. The date is not definite, but there should be plenty of fun.

● Melvin Harrigan and Gordon Tannahill report quite a number of local people from Huntingdon and Ormstown are interested in the proposed pipe band. Sounds good (doesn't it?).

● At the Ormstown 'Ex' grounds last night (Tuesday) we watched a new Caddie convertible pull in with a huge 60-ft. trailer attached. We took a double look for the driver and finally located him? Who? None other than Little Beaver THE wrestler. He'll be there the rest of the week, so call in and see him.

● Today (Wednesday) is hot and windy with a threat of rain. Not the best for Opening Night of the 1964 Exhibition, but don't let that stop you from being on the grounds tonight. Most exhibits are inside, the main show is in the arena, the roadways are gravelled ... even if we do have some rain it won't effect attendance and certainly not the main event: the PARADE. Everybody loves a parade, so we'll see you there!

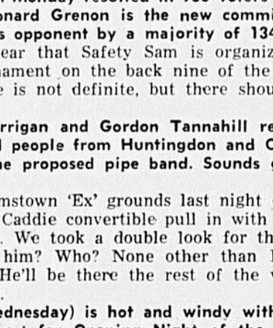
Roméo Robidoux, Prop.



Je remercie très sincèrement tous mes organisateurs dans la lutte de lundi dernier.

Je désire également remercier tous les électeurs qui m'ont fait confiance et qui m'ont appuyé. Dans l'ensemble j'ai été réellement touché par l'accueil chaleureux des gens au cours de la campagne, pauvres comme riches, anglais ou français, tous je vous ai admirés et déjà je voyais des gens sincères.

Mes chers amis, le travail est la clef du succès, une fois de plus je viens de le constater.

Puisque je suis l'homme d'aujourd'hui, je devrai travailler premièrement pour l'unité à l'intérieur de la commission scolaire. Ensuite nous poursuivrons ensemble nos recherches afin de connaitre les besoins urgents de nos enfants, car ils sont les principaux vertèbres de nos écoles.

Mes amis, j'ai eu besoin de vous, vous aurez certainement besoin de moi et ce sera toujours un plaisir de vous répondre.

Merci beaucoup,

LEONARD GRENON
commissaire

Steelco Golf Tournament Brought To Huntingdon

The Stelco Dominion Works War Vets Association held their Golf Tournament at the St. Anicet Golf and Country Club, on June 7th, with a turnout of 116 players. This is the highest record in the past few years.

Mr. Frank Bolla and Paul Murphy are summer residents at Fraser's Point and they made great efforts to have the tournament held in this area. Their success has thereby put Lake St. Francis district on the map now. The Boyd's represented Wylie's Point. It is possible that more summer camps will be rented to Stelco employees in the future and this should mean more business for Huntingdon.

Shown in the photo above are the trophies and the winners. From left to right they are: P. Zizian, O'Keefe's trophy; J. Melrose, President and a member of the Royal Canadian Legion No. 202, Crawford Park; Frank Bolla Geo. Bragger trophy.

● Alex Patenaude of Huntingdon suffered broken ribs when an elevator used to load hay fell on him at the McCartney auction sale in Ormstown on Saturday. Some time over the week-end his 19-year-old son Hervie was beaten up near Athelstan and is in critical condition. Reports from the family indicate he is suffering a broken nose, deep cuts and other face and body injuries when he was allegedly kicked by his attackers.

Embauchage des travailleurs d'âge mûr

Quelle est la valeur du travailleur canadien d'âge mur? Voilà une question qui demande une longue réponse, mais pour y répondre brièvement, je dirais tout simplement de plus en plus toujours meilleure. Voici pourquoi. En 1900, un canadien de 50 ans était un vieillard. Aujourd'hui, on reconnait de plus en plus qu'un canadien d'âge mûr, c'est-à-dire, de 40, 50 et 60 ans ou plus, est un travailleur consciencieux et stable, et possède une longue expérience spécialisée.

De plus, alors qu'en 1900, les statistiques établissaient la durée moyenne de la vie à 46 ans, ces mêmes statistiques établissent clairement aujourd'hui que le travailleur d'âge mûr peut acomplir autant de travail et produire une qualité égale, sinon meilleure, qu'un plus jeune employé.

Au point de vue économique, quelle est la valeur du travailleur canadien d'âge mûr?

L'employeur reconnait de plus en plus les avantages de l'embauchage de travailleurs d'âge mûr. D'abord parce que grâce à son expérience spécialisée, ce travailleur peut fournir une production d'une meilleure qualité dont l'employeur peut tirer des profits considérables.

Ensuite parce qu'à la suite de ses gains, le travailleur d'âge mûr continue de contribuer à la croissance économique de notre pays.

Les préposés à l'embauchage de votre bureau local du Service national de placement, se feront un plaisir de discuter cette question avec vous. N'oubliez pas cependant, que nous ne parlons que de candidats dont la compétence répond à vos exigences et qui sont physiquement et mentalement aptes à remplir les conditions des positions que vous avez à offrir.

L'âge n'est plus un critère d'efficacité.

Le travailleur d'âge mûr qui peut répondre à vos exigences possède et vous offre des qualités de première importance dont stabilité, responsabilité, concentration, désir de travailler et expérience spécialisée.

Les préposés à l'embauchage, de votre bureau local du Service national de placement, seront toujours heureux de répondre à toutes vos questions à ce sujet et de vous offrir toute l'aide possible.

54 adultes et adolescents se sont rendus à Montréal en autobus, dimanche passé, et sont revenu vers 8.00 p.m. Ce voyage était organisé par Mmes Adolphe Bourcier et René Dupont. Ils assistèrent à la sainte messe à l'église Marie Reine des Coeurs, rue Sherbrooke E., à 5.00 p.m., alors que la Statue de la Sainte Vierge revenait de Valleyfield.

M. et Mme Albert Thibault, grands-parents; M. et Mme Roger Gauthier et leur famille, M. et Mme Marcel Trottier, tous de Montréal et M. et Mme Bruno Parent.

Le mariage de Mlle Jeanne D'Arc Pouliot, fille de M. et Mme Anatole Pouliot, de Melocheville, et de M. AVIS PUBLIC

EST PAR LES PRESENTES DONNE par le secrétaire-trésorier soussigné, QUE: Lundi le 8 juin 1964, M. LEONARD GRENON de Huntingdon, a été élu commissaire au siège No. 5 de la Commission Scolaire Catholique de Huntingdon.

Donné à Huntingdon, ce 9ème jour de juin 1964.

HERVE TESSIER
secrétaire-trésorier

Léonard Grenon, nouveau commissaire catholique

Un scrutin en vue d'élire un commissaire d'écoles au siège No. 5 de la Commission Scolaire Catholique de Huntingdon a eu lieu lundi. Les deux candidats en présence étaient MM. Léonard Grenon et Adrien St-Onge.

Le vote avait lieu à la Salle des Chevaliers de Colomb et au total 936 votes furent enregistrés. Après le comptage des votes, M. Grenon fut déclaré élu par une majorité de 134 votes. Il sera assermenté à son poste ce soir.

M. Hervé Tessier était président d'élections et fit part au Gleaner que le tout s'était très bien passé. Il remercie tout le monde pour la manière dont les choses se sont passées.

Nominations au conseil du séminaire

Dans une lettre adressée aux professeurs du Séminaire et datée du 28 mai dernier, Mgr Percival Caza, administrateur apostolique du diocèse de Valleyfield, annonce que, pour la prochaine année, le Conseil du Séminaire diocésain sera formé de quatre laics et de quatre prêtres.

Il est à noter que les laics qui feront partie du Conseil accèdent du même coup à des postes importants de direction. En effet, la direction des études et des étudiants, tant au collégial qu'au secondaire, est entièrement remise aux mains de laics.

On remarque aussi que l'un des prêtres nommés au Conseil devient supérieur de la communauté des prêtres attachés au Séminaire ou y résidant. La fonction de recteur devient donc, du même coup, différente de celle de supérieur de la communauté des prêtres.

L'exécutif ou le noyau du Conseil est formé du recteur et des deux directeurs d'études, ces deux derniers étant, en l'occurence, deux laics. De plus, la distinction des fonctions entre les responsables du secondaire et du collégial effectue la séparation complète de ces deux cours.

Mgr. Lucien Beauchamp, recteur du Séminaire de Valleyfield, est aussi vice-prés. de la Fédération des Collèges classiques. Lors de la dernière assemblée annuelle de la F.C.C. les 12 et 13 mai derniers, Mgr Beauchamp avait déjà posé les jalons d'un renouvellement des cadres dans les collèges classiques et avait insisté sur la nécessité d'une meilleure intégration des laics dans les cadres de direction des institutions, qu'il s'agisse de collèges ou de séminaires diocésains.

Voici la liste des personnes qui constitueront le Conseil du Séminaire de Valleyfield pour la prochaine année. Les membres sont nommés pour un an et sont entrés en fonction au moment de leur nomination;

Mgr Lucien Beauchamp, P. D., recteur; M. André Thibault, directeur des études au collégial et adjoint au recteur; M. Jacques Hovsépian, directeur des études au secondaire et adjoint au recteur; Le chanoine Omer Tessier, procureur; L'abbé Gaétan Rousseau, professeur; L'abbé Bernard Hubert, aumônier des étudiants au collégial et supérieur de la communauté des prêtres attachés à la maison et résidant dans la maison; M. Jacques Reid, directeur des étudiants au collégial; M. Richard Rancourt, directeur des étudiants au secondaire.

Le Cercle des Fermières de Ste-Agnes

Quinze membres du Cercle des Fermières de Ste-Agnès de Dundee se sont rendues à Montréal samedi, le 6 juin, dans un autobus loué. Elles y ont passé une agréable journée à visiter des endroits intéressants, tels que la Place Ville Marie, la vieille église Bonsecours, la cathédrale Notre Dame, le chalet et le lac des castors du Mont-Royal. Elles ont aussi visité le quartier chinois et y ont pris un délicieux repas dans la soirée. Au retour, elles se sont arrêtées au musée de Caughnawaga et sont revenu chez elles tard dans la soirée, fatiguées, mais satisfaites d'un voyage qui leur fut des plus profitables.

Situation de l'emploi

M. J. DeSerres, gérant du Bureau National de Placement de Valleyfield, nous informe qu'au 31 mai 1964, 1040 hommes et 331 femmes étaient inscrits pour emploi, comparativement à 1580 hommes, 478 femmes au 30 avril 1964 et 1440 hommes et 457 femmes au 31 mai 1963.

Il s'agit d'une diminution générale de l'ordre de 33% depuis un mois, principalement chez les travailleurs cléricaux, les services, la construction, les produits chimiques, le textile et le commerce. On note, comparativement à mai 1963, une diminution du chômage de l'ordre de 28% dans la construction, la métallurgie, les services, le travail clérical et le textile.

En mai 1964, 300 personnes ont trouvé un emploi par l'entremise du Bureau National de Placement dans l'industrie manufacturière, la construction, le commerce, les services et le transport.

Conseil de la paroisse de Hemmingford

Une réunion régulière du Conseil de la Paroisse de Hemmingford avait lieu lundi le 1er juin sous la présidence du maire Alister Somerville et en présence de tous les membres.

MM. Henri Viau, Lucien Dauphinais et Trudeau, propriétaire du Frontier Inn, étaient présents à l'assemblée pour discuter de l'émission d'une licence qui permettrait la vente de boissons alcooliques dans une épicerie. M. Viau demanda qu'un référendum ait lieu afin de savoir si oui ou non les gens sont en faveur de l'émission d'une telle licence. M. Trudeau mentionna pour sa part, que bien qu'il ne s'oppose pas à ce que M. Viau obtienne une telle licence, il voulait que certaines dispositions soient clairement définies dans le règlement concernant les hôtels. Après discussion, le conseil décida d'engager un avocat, soit M. Cossette, pour constituer un règlement déterminant si oui ou non des permis d'épicerie, à l'exception des hôtels, devraient être émis par la Commission des Liqueurs du Québec dans la municipalité de la Paroisse de Hemmingford.

Les conseillers Brown et Hadley firent remarquer que le dépotoir, à la fin du chemin secondaire de Covey Hill était en très mauvais état. Les déchets étaient déposés sur le chemin lui-même, et jusqu'à maintenant, le sol avait été trop détrempé pour qu'un bélier mécanique puisse les repousser. On demanda aux conseillers de faire effectuer ce travail aussitôt que possible et de continuer à s'enquérir des possibilités d'établir un dépotoir ailleurs.

Le conseiller rapporta qu'il avait reçu l'approbation du Département Provincial des Incendies pour l'achat par la municipalité d'un camion à incendie et d'équipement de sapeur. Il fut proposé par le conseiller Barr, secondé par le conseiller Hadley, que la soumission de MM. Pierre Thibodeau & Co. soit acceptée. Cette soumission était la plus basse des trois reçues et s'établissait à $18,400. plus $175 pour une scie mécanique. On discuta des conditions de l'octroi du Gouvernement et aussi des conditions de paiement à la compagnie. Le secrétaire prit connaissance des désirs du conseil à ce sujet et il fut proposé et secondé que les conditions de comptant et de paiements soient arrangées entre les représentants de la compagnie et le secrétaire de la paroisse. En ce qui concerne le coût d'opération, qui sera partagé avec le conseil du village, les conseillers Hadley et Dame furent autorisés à représenter le conseil dans tous les sujets concernant l'équipement de lutte contre les incendies.

On suggéra que le conseil du village nomme aussi deux conseillers pour agir de même et pour former avec les deux conseillers mentionnés plus haut un comité, nommant son propre président et se réunissant quand la chose est nécessaire.

On reçut une lettre de Mme Hebert McNaughton demandant qu'on remplace un pont qui a été détruit lors du nettoyage d'un cours d'eau. On expliqua que quand des cours d'eau sont creusés et nettoyés, tous les ponts doivent être enlevés et remplacés par le propriétaire.

On approuva le paiement des comptes suivants: H. Philion, $10.; Inspecteur Rural V. Ellerton, $14.40; Gleaner, $12.15; Regional Construction, $48.; salaire du secrétaire, timbres etc., $180.36; Conseil du Comté pour cours d'eau, $1,300.

Mlle DENISE LEBLANC

Denise Leblanc, fille de M. et Mme Aldéric Leblanc de Ste-Agnès-de-Dundee, a obtenu son Baccalauréat ès sciences, avec distinction de l'Institut de Diététique et de Nutrition de l'Université de Montréal.

Elle s'est mérité un prix d'excellence en alimentation des collectivités ainsi qu'un prix d'excellence pour l'ensemble des matières en 4ième année.

Elle prit l'avion le 29 mai, pour aller faire son Internat à l'hôpital Général de Vancouver.

Plus d'une dizaine de pêcheurs de notre région ont pris des perchaudes portant une étiquette DOW, depuis le lancement de ce populaire concours annuel il y a quelques semaines.

On se souvient que les représentants de la Brasserie Dow ont lancé dans les eaux de nos lacs et rivières environ 1000 perchaudes étiquetées qui valent un magnifique cadeau aux pêcheurs chanceux.

AVIS AUX ABONNES DU GLEANER

A compter du 13 juin, les taux d'abonnement du Gleaner seront changés comme suit:

1 an	$4.50
6 mois	2.50
L'unité aux kiosques à journaux	.12

Les abonnés à l'année épargneront $1.74 sur le prix à l'unité.

Le Gleaner regrette d'aviser ses lecteurs de cette augmentation, mais le coût de production a plus que triplé depuis la dernière augmentation des taux, il y a presque dix ans. Notre journal est presque toujours deux fois plus important qu'il était, ce qui comporte plus d'heures de travail pour la main-d'oeuvre, donc des salaires plus élevés, et des frais de base additionnels. Ce changement a fait l'objet de considérations depuis plusieurs mois mais fut retardé aussi longtemps que possible, et quoique l'augmenttation soit inévitable nous espérons que nos précieux lecteurs comprendront notre hésitation à contribuer à l'augmentation de leur coût de la vie.

Les abonnements pris au kiosque du Gleaner à l'Exposition d'Ormstown jusqu'à l'heure de la fermeture le dernier soir ne seront pas sujets à la hausse; il en va de même pour les abonnements datés avant le 13 juin.

Le prix sera de .12 l'unité pour les régions deservies par les livreurs.

Abonnements pour les E.-U. $5.50.

Ormstown High School Notes

O.H.S. Wins Legion Track Meet

Saturday, June 6th. saw yet another laurel added to the growing list of victories at O.H.S. The annual Legion Track Meet was held in Valleyfield and O.H.S. sent over a strong team.

The boys were successful in defending their trophy which they won last year. We lost the girls' trophy by nine points, but this was due to the fact that some of our female atheletes stayed at home to study for finals.

Three members of our team also received individual trophies for their achievements. They were Susan Rennie, Michael Hebert and Bogdan Krawchenko, Congratulations! O.H.S. also had the overall high total at the end of the day!

Monday morning, Grade IX held the last assembly of the year. Mrs. Fearn, Superintendent of Nurses at Barrie Memorial Hospital was on hand to present the workers of volunteer with their caps. Volunteer is organized by the Junior Red Cross and in it the girls help out twice weekly at the hospital as Candy Stripers. Those receiving caps were: Sandra Anderson, Rita Barrington, Eleanor Greig, Cheryl Etienne, Wendy Furey, Anita Bryson, Elma Sherrington, Shirley Sproule, Phyllis Bott and Cherie Gamble.

The O.H.S. "Oracle" is now out and we have some 300 books to sell. Anyone wishing to purchase a memento of '64, may obtain one from any of the High School students. Your co-operation would be much appreciated.

Over the year we here at O.H.S. have been pround to tell you of the laurels that we have won. We have won one basketball championship, two hockey championships, both Legion and C.V.T.A.A. Track and Field Meets and our students have done themselves proud in Lions and Rotary Public Speaking Contests. We have had a successful year in the sports field and our endeavours scholastically will soon be acknowledged. Wish us luck!

I think it only appropriate at this time to thank all the staff members for their help and encouragement in our atheltic and scholastic endeavours. Mr. White, who was a new member of the staff this year, has done more than his share and we have appreciated his efforts. Mr. Moore, Mr. Henry, M. Titus also deserve our thanks.

As the exams are rapidly approaching this will be the last column of O.H.S. news for this season. I would like to thank those who have helped me over the months to bring you the news. I would also like to thank my readers, and special thanks to Myriam David.

Dundee

W.I. Meeting

DUNDEE — The June meeting of the Dundee W.I. was held at the home of Mrs. William Arnold last Wednesday. An invitation to attend the July meeting of the Dewittville W.I. was read and plans were made to join this group. Also the Annual Convention at Macdonald College and the Anniversary Celebration at Dunham were discussed but no definite plans made. Mrs. T. Stowell had brought a smocked custion to be sent to the handicraft exhibit at the convention and later Mrs. H. McNicol sent some crocheted ornaments to be exhibited.

Mrs. Earl Gardiner gave an interesting talk about places she had visited during her stay in Florida last winter. She showed some costume jewellery, some of it made from shells or polished stone also she had many pictures and folders. She described the Fountain of Youth where people with rheumatic ailments claimed to get relief by bathing in the warm mineral springs. She told of vsiting the Edison Museum and the beautiful Cyprus Gardens filled with exotic flowers and also where she saw a water skiing show. She showed pictures and told about Webb's City, a city within the city of St. Petersburg. This is a shopping centre of 7 blocks, the largest in the world. Another place of interest noted was the Bush Gardens, where there are many flowers, animals, plants, macaws. She visited the Ringling Museum where a few acts are performed each day. Mrs. Gardiner had enjoyed her winter and made everyone wish she could go to Florida, too.

Over forty-five Save the Children Christmas stockings were packed at this meeting. Convener reports were given. Mrs. Stowell gave a humorous article in which an English girl told of the difficult time she had learning Canadian vocabulary when it came to farm machinery. Miss MacMillan told about the newly formed Department of Education and suggested that we bring sewing books and mazazines with many pictures to the next meeting so that we could send them to the Institute Branches in the North where many of the members cannot read but who enjoy pictures. Mrs. Ferguson read about glaucoma symptoms.

A delicious supper was served by the hostess at the close of the meeting.

Last Sunday evening several from Dundee attended the Huntingdon High School graduate Dedication Service held in St. Andrew's Presbyterian Church. Dr. J. C. Johnson of the Barrie Memorial Hospital was guest speaker. Two main thoughts he emphasized to the young graduates, their influence on others and be prepared to practise what they preach and also that material possession and peace of mind do not bring happiness and contentment in themselves but ratner the going out and doing something for others without though of reward.

Ann and Barry Fraser were two of a class of thirty-one grads. Jessie Fraser was one of the large school choir who sang.

Next Sunday the morning service in Zion United will have as guest speaker, Mr. Robert Fraser of Ottawa. Mr. Fraser is an official lay teacher for the United Church. He is also know as the author of "As Others See Us", which is a history of this and surrounding communities.

Mrs. Elizabeth Fleming spent a few days last week visiting Miss Agnes Alguire in Cornwall and then the two ladies visited Mr. and Mrs. Edgar Brown in Vankleek Hill, Ont.

Mr. and Mrs. Allan Mack of Lennoxville, were Saturday guests of Mrs. Elizabeth Fleming and Mrs. Forrest Dawson.

The new truck was purchased at a cost of over $18,000 and was put into operation April 4th. Another truck second from right was bought in 1959. Two of the trucks will be based at the Constable station, and two will be at station two, at Trout River.

Ian Watson, M.P., Addresses Young Liberals At Special Meeting

Following are excerpts from a speech made by Mr. Ian Watson, M.P., at the recent meeting of the Young Liberals Association held at Ste. Barbe.

Mr. Ian Watson, M.P. for Chateauguay - Huntingdon - Laprairie addressed the meeting and devoted most of his speech to his impressions of the flag discussion presently going on in Ottawa.

Mr. Watson declared that in line with a promise which the Liberal party made before the general election, the Government had now taken the necessary steps to provide Canada with its own National flag. The Government had placed before the House of Commons on Wednesday, May 27th, resolutions concerning a National Flag and a National Anthem.

The flag resolution reads as follows:

"That the Government be authorized to take such steps as may be necessary to establish officially as the flag of

IAN WATSON, M.P.

Canada a flag embodying the emblem proclaimed by His Majesty King George V on November 21, 1921 — three maple leaves conjoined on one stem — in the colours red and white then designated for Canada, the red leaves occupying a field of white between vertical sections of blue on the edges of the flag and also to provide that the Royal Union Flag, generally known as the Union Jack, may continue to be flown as a symbol of Canadian membership in the Commonwealth of Nations and of our allegiance to the Crown."

The second resolution reads:

"That the Government be authorized to take such steps as may be necessary to provide that "O Canada" shall be the National Anthem of Canada and the "God Save the Queen" shall be recognized as the Royal Anthem in Canada."

Mr. Watson declared that some journalists were now claiming that the Government was giving to Canada two National flags and two National Anthems. He stated that the resolutions are clear that the Government wants to give Canada one National flag and one National Anthem. It also wants to preserve Canada's right to use, in proper circumstances the Flag and the Anthem which link us directly with the Queen of Canada and the Commonwealth, a right which we have enjoyed for generations. Those who are trying to cloud the issue by talking about two National flags will not succeed for long because the sight of the National flag flying from the Peace Tower in Ottawa and from every Federal Building in the Country will remove any doubts that we are going to recognize two National flags. The Union Jack is the National Flag of the United Kingdom and cannot therefore, be the National flag of another Country. In referring to the Union Jack the resolution puts into words what is already an established and accepted fact.

Mr. Watson indicated he had been asked why the Government was rushing into this matter so quickly and why two or three weeks of valuable time were going to be wasted during the flag discussions. His reply to these questions was that the flag decision should have been made 15 or 20 years ago. The flag debate could very well be described as so much foolishness, however, it is precisely to save the next generation of Canadians from a similar experience that the Government had decided to act now. If the Government had waited until the end of its 2 years promise period, to bring on the flag it is possible that events might have made the adoption of the National flag even more difficult than it will be the case at the moment.

Mr. Watson stated that although he was fully aware that is some sections of the Country a National distinctive flag would not immediately be accepted by a substantial percentage of the population, that a completely distinctive flag would in a long run become the accepted symbol of Canadian unity.

People had asked why three maple leaves instead of just one? The reason is simple, the three maple leaves as an emblem, have been ours legally for at least 96 years. They appeared on the Royal warrants granted by Queen Victoria in 1868 to Upper Canada (Ontario) and Lower Canada (Quebec). Then, of course, they also appeared on the coat of arms given to Canada in 1921. The two blue bars were added to give effect to the Canadian motto "From sea to sea".

The method of bringing the flag before Parliament to be voted upon had also been criticized. However, he stated that any other course would result either in the matter being shelved or in greater division in the Country. Mr. Watson indicated he was afraid that a referendum on the subject would end up not being a vote on the flag, but an anti-Quebec vote. He also stated that numerically at least probably more English speaking Canadians than French speaking Canadians wanted a distinctive National flag and that it was ridiculous for any one to assert that the flag was being brought in to satisfy one group or one Province.

Mr. Watson indicated that the National flag would be passed by Parliament, but by a smaller majority than would have been the case had not the flag resolution made reference to the Union Jack. The Creditist party would now vote against the flag resolution as would most of the Quebec Conservatives.

Supporting the resolution would be all but one to three Liberal members, ten N.D.P. members, the four Quebec supporters of Mr. Thompson and a few Quebec Conservatives and possibly a few from the other Provinces.

He stated that there would not be an election on the issue.

In closing Mr. Watson affirmed his conviction that although the creation of a National symbol such as the flag would not immediately solve the problems of unity which this Country is facing, it would in the long run contribute to the unity of Canada.

Above Ellen Bulow, Grade XI is shown modelling a short formal gown. Her escort is Philip Stote.

Refreshments, prepared by the Home Economics Classes, were served by the Grade 9 girls following the fashion show to bring a most successful afternoon to a close.

Results of Track Meet Held at Franklin Intermediate School

What an exciting track meet it was! The weather was a little chilly, but the sun was shinning. The sack, the three-legged and the wheel-barrow races caused many entanglements. The high jumping, the broad jumping and the ball throw were very exciting to watch. The hundred yard dashes seemed to finish as quickly as they started. Some of the competitors went home with pockets jingling with money, and some went home penniless. However, everyone was a good sport.

Gordon Edwards,

Centre and the Barrie Memorial Hospital who spoke on the Disaster Plan organized by the Barrie Hospital. Dr. Johnson explained that the plan was originally planned to cope with possible atomic bomb attack but now covers the possibility of any large scale accident which might occur in our area. Dr. Johnson expressed the hope of everyone that their plan would never be needed but in the event that it is the hospital is well prepared with necessary equipment either on hand or immediately available. The hospital personnel are fully acquainted with his or her job and other workers and helpers are also well briefed. The plan is reviewed regularly and revised when necessary. It is a comforting thought to know that our local hospital is so well organized and prepared for an emergency. Dr. Johnson was introduced by Lion Andy Kellen and thanked by Lion Jack Taylor.

It was announced that President Cliff would not be going to the International convention in Toronto in July as he was unable to obtain hotel accommodation for that time. The Lions Convention is expected to be one of the largest ever held anywhere and hotel accommodation has been booked solid in Toronto for months.

Two new directors were appointed to replace those who could not act. Lion Adolois Beauchamp and Lion Jack Taylor were the new directors appointed. The committee in charge of the tickets for the car drawing gave a favourable report but there is still time for those who would like to help in this worthy cause.

Lion J. P. Vermette who has been a member of the club since its inception in Ormstown announced that due to his leaving Ormstown he would be forced to resign from the club. Lion J.P. has done yeoman service for the club since becoming a member and his resignation was accepted with much regret by all members.

The final meeting of the season will be held on Monday, June 15 and not as originally scheduled.

Editorial Notes...

The Flag Question

EVERYONE seems to be getting in on the Question of what type of Flag we should have for Canada. There is no doubt but what times have changed and we have to revise our thinking to meet with the change. Canada is an independent country with its own form of government and it can well do its own thinking.

There are sentimental ties of earlier years and many do not want to break away from them. Whether a break is good or bad, won't matter much for there are definite signs of being entirely independent. These new thoughts are just as deep dyed as the old ones and there could be great bitterness if certain avenues are pursued. The idea of a flag is not to cause dissention, but to act as a bond in bringing all Canadians together under one banner.

The Royal Canadian Legion has a great sentimentality for the Red Ensign. The members fought under this flag in two of the bloodiest wars we have ever known. It is only natural then that this flag means something to them. This is not a distinctive Canadian Flag however and what is now desired is a flag with true Canadian flavour.

We feel that unless the flag that is chosen is one of universal favour, that their will still be bitterness in some ranks. Some Societies would have to change their rituals somewhat if a new flag is chosen.

The flag is a hot issue in more ways than one and will have to be handled very carefully.

The proposed new design is quite emblematic of Canada. The blue bars on either side, representing the oceans which bound our country on two sides, with the Maple Leaves in the centre. Certainly the Maple Leaf is emblematic of Canada. In early days when patriotic days were held in England, the song — "The Maple Leaf Forever" was always sung to designate Canada. It was a very stirring song and talked of Canada from shore to shore.

It is hard to say just what is the fairest way of settling the question. Perhaps it would be well for the government just to say — this is what we are going to have and that is that. It is rather dictatorial, but sometimes questions of this naure are better settled that way. It is most probable that if a vote was taken that there would be many disturbances throughout the campaign and at the time of voting.

Not So Dear Old Dad

AN international expert on dadhood has the temerity to question the quality of Canadian fathers almost on the eve of Father's Day, a grand old institution developed by the greeting card companies and encouraged by the haberdasher.

Canadian dads, says Professor Tadeusz Grygier of the University of Toronto, rate not so well in the masculinity stakes against their English counterparts.

The Canadian father — and the American, too — is befuddled about his role as the masculine parent, Dr. Grygier concludes from a series of personality studies on both sides of the Atlantic during the last decade or so.

The Englishman is generally more masculine by Western standards and as a father figure he is superior to the North American version, the professor says.

"In pactically all groups of North American males the tendency was to be less definitely masculine than a typical Englishman's behavior, attitude to objects, activities, leisure and occupations."

The personality yardstick involved assessment of such things as strenuous physical exercise, introducing new ideas, examining tools and gadgets in shops and sailing in rough weather.

In North America, demarcation of interests between men and women are not as well defined as in England and still less than in continental Europe.

"Perhaps there is a general tendency for the North American male not to be such a clear model for a boy on how to be a man as they are in England or on the continent," Dr. Grygier says.

Reversing Freud somewhat, the professor finds also that slipshod fathers have more to do with shaping juvenile delinquents than do careless mothers.

Canadads, unite, don some English tweeds, assume that English stiff upper lip and go sailing in rough weather.

You have nothing to lose but your apron strings — or perhaps an ear from a flying rolling pin.

D-Day Twenty Years Ago

ONCE again another twenty years have passed since the world was at war in one of the bloodiest battles ever imaginable. At that time we were on the unpredictable course of bringing about the end of World War II, or losing everything in the attempt.

Extreme detail had been studied in order to make this D-Day landing on the shores of Normandy. It was a colossal and daring undertaking, but it worked. When one stops to think the tremendous amount of equipment it takes to make an invasion and then the immediate follow-up of more and more of the same equipment in order to keep up the attack, it will then be seen what a herculean task this D-Day attempt was. All of this equipment had to be kept from the prying of enemy planes, which had they spotted, would have started bombing at.

Stealthily at the appointed time this equipment with ships and planes and men began to move out from the English side of the Channel toward the coast of France. They arrived for the landing and were able to establish a beachhead, even though the attempt had then become known. From this slim foothold and with tremendous fighting, they managed to get more of the equipment and men ashore and to gradually force the Germans to relinquish ground. It was only a few days until the Germans were on the run and the allied forces were on their way to Germany and the end of this second war. It was actually a marvelous piece of work and was well executed. It cost much in manpower and equipment, but it accomplished its purpose, the breakdown of the German Stronghold in Europe and the eventual end of the Hitler regime. The area was highly fortified and these fortifications had to be broken through. The Navy and the Air Force played a great part in the pre-shelling and pre-bombing of this shore before the men and equipment were sent in to establish the landing. It was all part of a well conceived plan and timed to the second. There were some doubts as the zero hour arrived, but everything went well and the results required were attained.

Invasions in this age are rarely attempted from the sea. In the days of long ago, this was the only means, by storming the beaches and engaging in hand to hand battle until a mastery could be won. Today the airplane goes in to soften up and then parachutists are landed immediately after, followed by equipment and key positions are taken and held and further advances made.

There is no doubt but what D-Day shortened the war. With the Germans just getting into stride with the V-bombs, had they been left alone a little longer, might have again changed the tide of the war. The severe bombing given Berlin and other parts of Germany itself were also other reasons why Germany was showing signs of war weariness.

D.Day will live in our memories for a very long time to come.

A Shovel For Symbol?

I don't know how you feel about it, but that "distinctive" Canadian flag with the three spindly maple leaves on it makes me want to throw up. I'd like to see somebody ask you to go out and fight and die for it.

Bill Smiley

No, I'm not a Red Ensign boy. The Red Ensign was a makeshift, at best. It is too confused with colonialism and the merchant marine and the Union Jack ever to be accepted. If we MUST have a Canadian flag, which I deny violently.

By the way, I think the Canadian Legion has had some pretty shoddy treatment from the daily press because of its espousal of the Ensign, and it's less-than-enthusiastic reception of the Prime Minister, at the Winnipeg convention.

What's wrong with an organization standing up for something it believes in? Everybody else does it, from hog producers to folk singers. But the Legion was suddenly made the butt of a vicious and slanted attack in certain dailies.

The men who did the dirty work in two wars were suddenly catalogued as a group of reactionaries, or as one daily put it, a "bunch of old soldiers." trying to tell the rest of Canada what flag it should have.

This canard was climaxed by a brutal cartoon by Duncan MacPherson in the Toronto Star, portraying the Legionnaire as a bleary-eyed, beery-nosed old blimp, clinging to the past. Even the Star was embarrassed by the cartoonist's lack of taste.

But this isn't a defense of the Legion. It can look after itself. It has a minority of old boozers. So does the yacht club and the curling club and the service club and the press club.

Before I finish this digression, let me ask a question. What's wrong with booing the Prime Minister? It may be impolite, but it's a heck of a lot better than assassinating him, and I know he'd rather be booed than defeated in office.

At the same time, let me express my admiration for Mr. Pearson's courage in attacking this flag fiasco, and doing it in front of a body opposed to his views. None of his three predecessors had the guts to do it.

But to get back to what I originally started to say, let's get everybody sore at me and get it over with. The whole business of flags is a medieval hangover, with juvenile overtones.

Men used to rally around flags, in the days of hand-to-hand combat because they were trying to find somebody else who was on their side.

War evolved (or degenerated, if you like) until the stretcher-bearer became a lot more heroic than the standard-bearer.

If you want a bit of gay bunting, by all means go to it. Hang up a rosy apple for the Okanagan Valley, or a lobster for southeast Nova Scotia, or a rampant oil well for Calgary, and enjoy it. But a Canadian flag is an anachronism, in the first place. And in the second place, the maple leaf, to me and many another Canadian, is just a dang nuisance that clutters up my lawn in October.

The only possible symbol that would represent the whole of Canada is a snow shovel.

"Country Notebook" by Mr. Walker Riley, Agricultural Extension Specialist with Macdonald College, appears in The Gleaner with this edition. The column will be a weekly feature which we trust will be of interest to all in the Chateauguay Valley.

How good are your pastures? Does an acre give you the feed for $40 worth of milk or for $300?

Here is an easy way to find out this summer. Take the figure for the total amount milk the herd produced during the season. Divide into it the number of acres pasture used.

The answer is the number of lbs. milk per acre. If yours is less than 2000 lbs. per acre, dont's tell anyone about it; if you are turning out between 7,000 and 10,000 lbs. per acre, then you are up with the country's best.

These figures aren't exaggerated; they are within the normal range of pasture yields. You have seen farms where ten cows find a poor living on thirty acres. His neighbour may have forty cows on twenty acres.

What's the difference? Last year, as one of the judges for the pasture competition in eastern Ontario, I had a chance to compare. Perhaps I can use Gerard Massie, who has been the winner in Glengarry County for two years, for an example.

If I remember correctly Gerard's pastures scored 167 out of a possible 200. Here is how they looked to the judges.

The three small fields were close to the barns; cows didn't have to walk far. Full score. Shade and water in the fields. Full score.

Stand was thick and vigorous; good balance between grass and legumes; winterkilling in some spots; some criticism of the tall Fescue present; 25 out of 30.

Fertility program was excellent; manure one autumn, Commercial fertilizer by soil test the next; sometimes both. Superphosphate in the stable in winter. Score 26 out of 30.

Grazing system very good. Each small field divided by an electric fence, for a total of six plots.

Cows moved to fresh plot every three or four days. A smaller, fresh strip daily would have earned him a perfect score.

Clipping and harrowing were both efficient. Gerard ran the chain harrows over the pastures several times a year to keep them from getting spotty. He clipped once or twice. Full score.

Weeds were hard to find. He didn't spray with chemicals, but relied on a clean field to start and the competition of a vigorous, fertile sod. 13 out of 15.

His pastures were not overgrazed. He took the cows off while there was still 3 in. or 4 in. left. One section was somewhat undergrazed, but it was a good fault.

His "provision for early pasture" was a section seeded to early Dupuis alfalfa. His "provision for late pasture" in October was an aftermath field shut off during September.

In the category "efficient use of forage crops and grain supplement", he scored high. Grain went only to those cows milking over 25 lbs. a day. Dry hay was in racks in the barnyard at all times. Minerals were in boxes in the fields.

Altogether, Gerard had a very good program, and he competed strongly in the zone contest. More important, he found it paid; his milk yield was around 7,000 lbs. per acre, for an annual cash outlay of less than $15.

If any group would like to sponsor a local pasture competition, I would be pleased to be asked to judge. Fifteen or twenty is a good number.

Last week, I was down in Vermont for two days, learning more about farm bookkeeping with computers. It is nothing less than uncanny to watch those machines translate holes in a card into facts, figures and statements. I hope the day never comes when I have to say "yes, sir" to a metal box, flashing red, yellow and green lights.

Provincial Capital Report

QUEBEC (CP) By itself the story seemed of little note — The St. Jean Baptiste Society of Quebec City gave $25 to a French-speaking couple which it said has been sentenced to pay a fine or go to jail as a result of educational disputes in Manitoba.

But throw in a speech by the Quebec Provincial Secretary on the subject of the rights of French-speaking Canadians outside Quebec and what shapes up seems to be mounting interest in such rights on the part of Government and other officials in this Province.

The St. Jean Baptiste Society gave the money last week to the Saint-Onge family of St. Vital, Man.

The Society said the family kept its children home from school in protest against a Provincial Law, which, the family says, provides free transportation of children to public schools while imposing a charge for similar transportation to religious schools.

Le Conseil de la Vie Française, announced a fund-raising campaign for the defence of the Saint-Onge family and five other couples it said face similar court action.

Le Conseil said the Saint-Onges have been fined $90 or, in the event on non-payment of the fine, would have to go to jail for 15 days.

Dr. Lucien Boulet, President of the St. Jean Baptiste Society, said the Manitoba Law at issue is "unjust and unfair."

Its implementation, he went on, amounts to persecution on grounds of language and religion.

In a speech given in Sudbury, Ont., during the week, Quebec Provincial Secretary Bona Arsenault made some general comments on the rights of French-speaking Canadians throughout Canada.

No matter where they live, Mr. Arsenault told the Sudbury Richelieu Club, such Canadians should not be considered "second-class citizens" but should be treated as "equal partners within the Canadian Confederation."

He said the title "Canadian Citizen" should be more than something honorary or formal.

"It should imply all the rights and privileges that Canadians of French background — including the Acadians — have earned through more than three centuries of history."

Quebec, the Secretary told the French-language Club, is experiencing a "period of intense national consciousness."

"Will it remain in the Canadian Confederation?" he asked. "We hope and believe that it will."

But he insisted that Quebec's future decision on this point depends on whether French-speaking Canadians in the Province and beyond its borders are allowed to live according to their own traditions.

Le Conseil, a Quebec-based promoter of French culture in North America, said the cases involving the Manitoba families raised the question of the right of Roman Catholics to send their children to Roman Catholic schools.

The Saint-Onge question in particular, Le Conseil went on spotlighted the issue of the rights and privileges not only of Catholics but also of "French-Canadians in the educational field" in Manitoba.

Road Repairs

Late last fall work was started on the Huntingdon to Port Lewis Road by drawing gravel. As only a part of the road was gravelled in 1938, work has been progressing at a high pitch of late so that it may be ready to receive the "black top" in a very short time. This road will also be widened at several places to make it 18 ft. in width throughout its eight mile length. 18 to 20 men are at work and more than eleven trucks are being used to draw gravel.

$15,000 Fire in Valleyfield

Valleyfield's oldest hotel, the Larocque House, built in 1847, a three-storey wood and brick building, was partly gutted Sunday morning by fire of indetermined origin and the damage is covered by insurance. Situated next to the Royal Theatre, on Victoria Street, near the end of the bridge and facing the Beauharnois Canal, the hotel was a landmark. It was erected by Isaie Larocque.

Twin Colts Survive

A pair of Clyde female foals were born recently on the farm of Ross Lang, Chateauguay Basin. It is seldom twin foals live but it is now felt that they are past all danger.

Powerscourt Church Jubilee

It was in the year 1888 that the little congregation of Methodists at Powerscourt decided to erect a more modern place of worship than the old log meeting-house, which had served that purpose for nearly half a century.

The tender of Lincoln Johnston, son of W. D. Johnston — the man who donated the ground for the former log building and also the ground for the cemetery — for $1200 was chosen. March 31 and April 1, 1889 were the dates for the opening and dedication services. The church seated comfortably 125 to 130 and was free of debt.

On Sunday, June 11th, 1939 the Powerscourt congregation observed the Jubilee Anniversary Services. On Monday, the ladies of the church held a supper at the home of Mr. and Mrs. E. M. Wood, which was well attended, after which a short programme was held in the church.

Report From Ottawa

OTTAWA (CP) They'll have to find some new adjectives to describe Canadians.

Words such as cool . . . emotional . . . just don't seem to fit anymore since Prime Minister Pearson bared his version of what a distinctive national flag should look like.

Millions of words — few of them unemotional — have tumbled from the lips of Canadians since then. And many millions more will be uttered before the new flag flutters over the nation — or is rejected by the House of Commons.

Debate on the government's resolution to make the maple leaf banner the official Canadian flag was put over until this week. The idea, said the men-in-the-know, was to give MPs a cooling-off period, a time to choke down angry words.

But it just didn't work out that way.

Coal was heaped on the burning fire as MPs hurled query after query at the government benches during the daily question period in the Commons last week.

Usually staid, mild-mannered Ottawa citizens also got into the act. Some 1,500 of them gathered on the well-kept, broad lawns outside the Parliament Buildings June 1 waving flags of their choice and trading insults.

RCMP officers kept the opposing factions about 25 feet apart.

"Why don't you go back to Quebec?" shouted one Red Ensign bearer.

"And why don't you go back to Britain?" shot back a maple leaf man.

Pearson Flew Flag

In the Commons, Mr. Pearson ran into criticism when he told MPs he had flown the proposed maple leaf flag at his official residence in the nearby Gatineau Hills.

"It looked wonderful," he confided.

Opposition Leader Diefenbaker wanted to know "what possible business" the prime minister had to fly an unauthorized flag over a home paid for by the Canadian people.

Mr. Pearson replied a Canadian could fly any flag he wished over his private home.

Later in the week, the prime minster, in answer to a question from a New Democratic MP, said the government would be glad to fly the maple leaf on Parliament Hill. But he gave no indication when that might be.

Speaking at the opening of the Liberal National Council, Mr. Pearson defended his government's decision to couple the proposed new flag with the Union Jack in a single resolution. The resolution which would give Canada its own flag also says that the Jack may be flown as a symbol of Canada's connection with the Commonwealth.

It was, said Mr. Pearson, "the honest way for the government to proceed."

He also rejected arguments for a national referendum.

MPs will make the decision because that is what they were elected to do, he said.

"I don't see how you could find a better cross-section than . . . to have the decision made by the men and women who were elected to make decisions," he said.

Withdraws Remarks

Mr. Diefenbaker got into hot water in the Commons for a speech he made in Toronto at mid-week.

His remarks were interpreted to mean that the NDP, Social Credit and Creditiste parties were supporting the Maple Leaf flag for the Parliamentary pay boost of $18,000 from $10,000 last year.

He was quoted as saying the pay increase "had a wonderful effect" on the three smaller parties in the Commons. Votes by some MPs would be cast on the principle "not that I love the Red Ensign less but $18,000 more."

NDP leader T. C. Douglas said if the remarks were made, they cast a reflection on all MPs.

NDP member Colin Cameron said if a similar case occurred again he would take the matter to courts.

"I do not propose to sit quietly under a slanderous lie stated by any preposterous mountebank who will seize upon anything in his desperation," said the British Columbia MP.

Commons Speaker Macnaughton said the Conservative leader had gone too far.

"I am going to make a personal appeal to the leader of the opposition to withdraw those words or take steps which amount to a withdrawal or an apology to the House," the Speaker said.

Mr. Diefenbaker said he imputed no such motives to MPs but if the speaker believed the words were offensive, "I withdraw."

Plan No Filibuster

Mr. Pearson took advantage of the Liberal meeting here to state that his government wanted no part of an early general election. But, he told delegates at their closing banquet, one could be forced on the government if the opposition in Parliament insisted on one.

There had been reports that the Conservatives would filibuster the flag resolution, but Mr. Diefenbaker spiked that in his Toronto speech.

He said conservatives would do all in their power — short of filibustering — to block adoption of "Mr. Pearson's pennant."

He said in the same speech he wouldn't want an election called on the flag issue.

Passes Treaty

The Columbia River treaty and protocol received approval in the Commons Friday — 20 years after the project was conceived — by a vote of 108 to 16.

Opposition came from 15 New Democrats and a lone Conservative, C. O. Cooper of Rosetown-Biggar.

The resolution supporting ratification of the treaty and protocol was to go to the Senate this Tuesday where it was expected to have an easier time since the upper chamber has no New Democrats.

Then the only step remaining will be the exchange of instruments of ratification between the U.S. and Canada.

Erma McKell and Laura Orr were in charge of entertainment for "Grandmother's Day and soon had everyone busy making little words from a larger one. Aggie Milne had the highest number with Mary Templeton second while Maude Allen received a consolation prize.

While the hostesses were getting the tea, the President read a short article by Nellie McClung on "Be Good to Ourselves".

Delicious refreshments were served by Annie Hamilton, Ada Kees, Martha Allen and Erma McKell who appeared bearing a lighted birthday cake in honour of Maude Allen whose eightieth birthday was the following day. Maude was helped in blowing out her candles by little Diane Ness. A social hour was enjoyed by all. The next meeting will be held on July 2nd at the home of Maude Allen.

Mrs. Annie Gurer has been moved from the Barrie Memorial Hospital back to her old home site on the Norton Creek. A house trailer has been installed beside Wilbert's house where she is very comfortable and so happy to be back among her own family and friends.

Mrs. Fred Battison of North Bay will be caring for her mother for some time and we all hope to see a steady improvement in Annie's condition.

Sorry to report Berta Orr is confined to bed. Best wishes for a speedy recovery.

Ormstown W.I. Meeting Proves One Of Interest

The monthly meeting of the Ormstown Women's Institute was held on June 2, at the home of Mrs. Jessie Arthur, with the President Mrs. W. Rember, presiding.

The meeting opened with the Ode followed by the Collect. Eighteen members and one visitor were present responding to the roll call with "What do you like about Women's Institute work?" the concensus of opinion being", social get to-gethers, meeting with other W.I. members, throughout county, items given by Conveners on their departments of work, etc.

Mrs. Rember thanked members for their helpful co-operation at time of the county convention, and suggested that some small remembrance be given the solist and her accompanist for beautiful solo rendered.

An invitation from the Dunham W.I. branch the first W.I. formed in Quebec, was read and accepted. The number of members from this branch who might expect to attend this unveiling of their commemorating monument on July 15th, will be sent to them.

A request from the Junior Red Cross for used postage stamps, spectacle frames and Christmas cards was discussed, members promising to save these things, $501.09 had been realized last year for sale of these.

A Food and Work sale was planned for August 28th, as a means of raising funds.

Convener reports followed:

Citizenship read an article on that hotly debated subject "The Canadian Flag" and of mass meetings held in protest of the one now before the public. Education, read excerpts from Dean H. D. Woods of the Arts and Science Faculty of McGill University's address to the graduating teachers at Macdonald College. He told the graduates their first goal should be to be well educated and the teaching profession will improve its status in the community as it becomes more professional. This means a greater dedication by the teacher to what he is teaching and continued study of his subject and methods. As public servants, said the dean, you have the responsibility of equipping children with the tools with which they will fashion their place in society — you serve the public by educating their children. He urged teachers to resist community pressure for conformity and mediocrity. In closing he said "Salvation rests in your own hands"

Home Economics — spoke on Food Taboos and how health was affected by same.

In the under developed areas of the world a recent survey showed a deficit in animal products of 60 million tons, and with the world's population expected to double in 35 years, there will be less food than ever. Half the children of Central Africa die before they are 5 years old because of taboos — aren't given milk or meat or any protein food. Many a fine herd of cattle is kept for prestige and sacrifice but never to give milk or be slaughtered for food and in India, where cattle are sacred to the Hindus, they are not only not killed, but are allowed to graze on grain that ought to be used for human food. We look down on these people but here where food of every sort is plentiful we distort our diets and gulp down vitamin pills which nutritional and medical authorities state are unnecessary for normal people who will eat a sensible diet.

C.A.C. spoke of material used to fill quilting in garments, toys, mattresses, etc., there are No Quebec regulations to enforce control over unscrupulous dealers who think of profit first and not of health and this unclean second hand material is chewed up by machines and made into this filling so C.A.C. urges that we take a second look at garments not labelled, especially if they are on the cheap side, for stuffed toys and quilted oven mitts—designed for handling food may also have this unclean material in them. Consumers should voice their complaints, giving full details and matter will be looked into by Chairman of the C.A.C. board.

Publicity told how our far away sisters in Asia have initiated a plan where women from 5 or 6 villages will receive a year's training in the form of simple demonstrations or classes and leaders will be trained to do follow up work through a W.I. then teaching unit will move on to another area and in 3 years time 18 villages will have benefitted. Such is the work

Hemmingford High School To Introduce Cuisenaire Method

A most enjoyable meeting of the Hemmingford W.I. Branch was held at the home of the President, Mrs. F. Greer on Wednesday, June 3rd. A cordial welcome was extended to Mrs. H. Robertson, four visitors, one new member, Mrs. W. Edgar, and twenty-one members. A minute's silence was observed in memory of Mrs. A. Lucas.

The Roll Call "Household Hint" was responded to with much useful information for homemakers.

Mrs. R. Curry moved that hasti-notes be ordered for our money-raising project: the group being in agreement a committee of Mrs. R. Petch, Mrs. R. Curry and Mrs. E. Keddy was appointed to look after the details. Mrs. Greer reminded the members of the appeal for magazines, paper backs, sewing books and patterns for the N.W.T. branches.

The President stated she had received an invitation from Mrs. Rember, Ormstown Branch to attend their July 7th meeting at 3 P.M. and ask for names of interested members.

The grateful appreciation of the branch was expressed to Mrs. C. Petch for keeping the W.I. records in her care for so many years. Her move to a smaller home has necessitated their transfer, and Mrs. H. E. Palmer is now the guardian of these papers.

The Secretary, Mrs. E. Keddy, read a Declaration by Canadian women, also papers from a church minister, and gave a list of influential women across Canada all expressing public discontent with radio and television programming by the C.B.C., mentioning especially crime and violence. The declaration was signed by the majority of the members present at the meeting and will be sent to the C.B.C.

Conveners' Reports: Agriculture, Mrs. J. Robertson reported that all seeds had been given out to the children for School Fair in September. She also told of two interesting items she had read, the first dealing with "Pesticides". Although this is indeed a serious matter, a little humour entered the picture when during a recent debate in the British House of Lords, a Labour party peer said Polynesian cannibals no longer permit their tribes to eat Americans because their fat is contaminated by insecticides. recent figures showing 11 parts per million DDT in our bodies. Deep concern is felt on this matter as this year $2,500,000,000 worth of agricultural products will be sprayed or dusted by poisonous chemicals. Unfortunately they will also kill some useful insects as well as some birds and wildlife and eventually find their way into our bodies. DDT has been used in Canada for more than 15 years so that today everyone has some in his body, but tests across the country show that levels are still far below what scientists regard as dangerous. However, some home gardeners do not exercise enough care and it is important they recognize the danger. The second item dealt with caterpillars which every seven or eight years reach their production cycle. Predatory insects and parasites attack the caterpillars and reduce their number until they almost disappear, then the build up starts all over again, but this year or next should see the peak of the cycle.

Mrs. W. Clark drew the attention of the members to the safe disposal of aerosol cans. Many injuries have been sustained from burning them in incinerators. They should be punctured before burning.

Citizenship — Mrs. Gaese translated a item from a Germain newspaper regarding the inhuman way of killing baby seals off the Magdalen Islands. Ships from all over the word come to these islands for the fur of the seals, but in Hamburg, Germany the people have sent a petition to their government to prohibit this method of killing the seals. We all realize what a bone of contention it is in this country, many letters of protest being sent to the SPCA., the Government and Minister of Fisheries.

Publicity — Mrs. Harris read an article in which Mrs. Harold Simonson, Convener of Agriculture FWIC, wants better interpreted farm programs on radio and T.V. Farm women would like to see more programs on gardening, care of house plants, farm home beautification and landscaping. A series on "Life on a Farm" was suggested. Good public relations are almost as vital to the farmer as good weather. She commended the CBC for its efforts to obtain information from farm groups and individuals and the concern shown for devising better programs in the future for country people. Mrs. Harris also reported that the Women's Institute of Marshfield, P.E.I. had won the top Carol Lane Safety Award of $250 and a bronze statuette for the second year their program embracing highway, home and school, recreation and farm safety.

Education — Mrs. L'Esperance told the gathering the Chateauguay Valley Historical Society are selling tickets for a tour of ten houses in the area with an historical background. This will take place on Wednesday, June 17th .She described in brief the "Cuisenaire" method of calculation and announced that it will be adapted in Hemmingford High School for Grade 1 in the fall.

Mrs. Greer then introduced Mrs. Harold Robertson, our new County President and speaker for the meeting. In her opening remarks she congratulated the branch on their work, and then taking The Collect as the theme of her talk, she said she felt that if we all tried to live up to its purpose we would eventually achieve our goal. Finally she wished continued success for our efforts. Mrs. H. McAdam thanked the speaker and wished her success in her new endeavour.

Delicious refreshments were served by the hostess Mrs. Greer, her co-hostesses Mrs. W. Keddy, Mrs. E. Clelland, Mrs. R. Curry and Mrs. D. MacGregor, after which a drawing took place for an Angel Cake baked by Mrs. Greer as a money-raising project. This realized $4 and was won by Mrs. J. L'Esperance.

The next meeting will be held at the home of Mrs. E. Merlin on Thursday, July 2nd at 2 P.M. with Dewittville Branch as guests.

Introducing this week, Miss Betty Gibbs, R.N.

Franklin Centre

W.I. Meeting

Franklin Women's Institute held their meeting Thursday evening, June 5th at the home of Mrs. Muriel Frier with Mrs. Rod Arthur as hostess. There was a good attendance of 16 members and one new member Mrs. E. Sutton.

Mrs. L. Baxter, Agriculture courier read an article on "No Set Date to Turn out Cows".

Mrs. Ruth Dickson, Citizenship convener read an interesting newspaper item on "New Canadians."

Mrs. Leo W. Lewis, Publicity reported on the day she spent at Ormstown at the County Convention and plans are being made to visit Dewittville W.I. in July.

The meeting was very pleasant and social.

Ormstown W.I.

(Continued from page 9)

of the A.C.W.W. "We start where we are with what we have".

The W.I. at Fort Providence consisting of 5 white and 11 Indian Women have obtained a log house as a club room and are busy making cushions, arm bands and moccasins from moose hides, and adorning them with quilt work, beadwork and embroidery.

30,000,000 West African Women are also meeting to discuss women's and children's rights and opportunities in an Africa moving forward to full independence and unity, thus women the world over are playing an important part in the world today

A very full report of the County Convention held in Ormstown was given by Mrs. Parkinson, and a jumbled letter Quiz of 21 important cities in Canada was conducted by Mrs. Bruce. The winner of the Quiz was Mrs. J. McCaffery, who had all 21 cities correct.

A humorous reading on today's dancing by the young people, compared with that of the former generation was read by Mrs. Smallman and enjoyed by all present.

The meeting closed with the National Anthem after which delicious refreshments were served by the hostess, Mrs. Arthur, her daughters, with Mrs. Rember and Mrs. Bruce assisting and a social hour enjoyed.

Liturgie — La liturgie nous invite à une participation active à l'annonce de la Bonne Nouvelle, toujours proclamée. Elle nous demande nécessairement des gestes, des moyens d'exprimer à Dieu ce que nous ressentons. Ces gestes sont des symboles, ils veulent dire que derrière eux se trouve une autre réalité plus profonde: les sentiments de notre coeur, de notre âme. Nous ne sommes pas des robots, des mécanismes bien huilés, bien dressés qui se lévent ou s'agenouillent, ou s'asseoient, sans savoir pourquoi ils agissent de la sorte et avec l'impression que la liturgie devient une séance de gymnastique. Nos gestes, nous devons comprendre qu'ils sont signes de nos dispositions d'âme, qu'ils sont porteurs d'une signification spirituelle, que par eux nous traduisons tous ensemble ce que nous ressentons ou au moins devrions ressentir dans le fond de notre coeur.

Liturgy — The Canadian family is more and more dependent upon institution outside itself, especially industry and government, and changes within these institutions have caused notable modifications in the structure and functions of the family. For example, the father works away from home — and now, more and more, the mother — with consequent effects upon family organization and eventually upon our very notion of the family. It must be remembered that the family is not an isolated unit. It brings children into the world and into Society. It educates children for a life that is social as well as individual. Individuals and society are implied in any consideration of the family.

Holy Spirit, direct and guide the Canadian Conference of the Family.

Leduc Marcel

Marcel Leduc est natif de Valleyfield le 10 juillet 1923, d'Albini, menuisier, et de Jeanne Mercier. Il fit ses études primaires à Valleyfield, y commença ses études classiques au séminaire, pour les continuer à Nicolet, chez les Montfortains, et les terminer à Eastview chez les mêmes Pères. C'est au Grand Séminaire qu'il suit sa théologie. A Valleyfield, Mgr Langlois lui fit l'onction sacerdotale le 22 mai 1948. Professeur au séminaire de Valleyfield 1948-50, il fut ensuite vicaire à Saint-Timothée 1950-51, à Huntingdon 1951-55 période pendant laquelle il eut, comme curé, M. le chanoine David, sucesseur de M. le chamoine Pigeon et établit la dévotion à Notre-Dame du Sourire 1955-56; vicaire à Saint-Zotique, 1956-57, à Sainte-Philomène. Il fut nommé desservant de Pointe-Fortune en 1957. Il y est encore, mais curé maintenant, parce que la desserte de Saint-François-Xavier a été érigée en paroisse canonique par un décret de S. E. Mgr Langlois le 12 octobre 1958. C'est Mgr Caza, alors coadjuteur, qui, ce jour-là bénissant une nouvelle église, proclama le décret d'érection et intronisa le premier curé. Ses paroissiens aujourd'hui aiment leur prochain comme eux-mêmes, pour l'amour de Dieu, puisque, depuis deux ans, ils sont les premiers sur la liste des collaborateurs de "Caritas" dans le diocèse. Que la Vierge le protège et le guide!

Bellay Rosaire

Rosaire Bellay est né le 3 septembre 1922. Son père s'appelait Charles, et sa mère Clotilde Lacroix. Il fit ses études primaires à l'école de sa paroisse et ses études classiques à l'externat Sainte-Croix, aux séminaires de Valleyfield et de Philosophie à Montréal. Le Grand Séminaire de Montréal le reçut ensuite pour ses études théologiques. Des mains de Mgr Langlois, il reçut l'onction sacerdotale, à Valleyfield, le 19 mai 1951. Il fut professeur au séminaire de Valleyfield pendant l'année scolaire 1951-52; vicaire à Saint-Polycarpe 1952-55, à Huntingdon 1955-58. Il est aujourd'hui, depuis 1959, le vicaire de M. l'abbé Cloutier, curé de Saint-Thomas de Hudson. Fidèle à son ministère sacerdotal, quelques fois en retard, il rend là comme à Huntingdon, de remarquables services par sa science de l'électricité.

Bishop Maguire Officiates At Confirmation Service In St. David's Church, Delson

By Gladys M. Ball

On Tuesday evening June 2, a Confirmation Service was held in St. David's Church, Delson, when the Bishop, Right Reverend R. Kenneth Maguire officiated, assisted by Rev. Donald Hughes. The church was filled to capacity with approximately 186 people attending. It was truly inspirational to hear the Hymns of Praise ascending with everyone joining whole-heartedly in the singing. At this time Heaven seemed very near; there was an atmosphere of oneness with the realization of the significance of the occasion. The twenty-two candidates to be confirmed comprised young people from Lafleche, Brossardville and Delson.

In his opening remarks the Bishop stated his pleasure in greeting such a large congregation on this his second visit to St. David's Church. Bishop Maguire then spoke to the young candidates and clearly outlined the divine ordinances through which man receives the grace of God.

The young people were told that the first step towards Church Membership brought them as far as the Font, which is usually found just inside the church door. There they were presented for Holy Baptism by their parents and godparents who made a solemn promise to God on their behalf.

The second step the Bishop refered to as the step of understanding, this was the step about to be taken by the candidates, having received instructions and now fully understanding the promises they were about to make, with the laying on of hands.

The Bishop continued thus, "There is still a third step to be taken which will bring you to the Communion Table, symbolic of the Upper Room where Jesus met with His disciples and there they gathered strength with which to meet life's demands. The Bishop emphasized the necessity of partaking regularly of food to nourish the body which would surely die if one was foolish enough to think that a meal at Christmas and Easter and maybe one other meal a year would be adequate nourishment." So must we be nourished spiritually", said the Bishop, "Don't be like some so-called Christians who think that attending Church a few times a year is sufficient", If these people were given a mirror which could reveal their inner self, they would realize just how spiritually impoverished they have become.

At the conclusion of the address the young people were confirmed and afterwards received Holy Communion which was also administered to the church members. An augmented choir sang a hymn during the Offertory. The recessional hymn was "Onward Christian Soldiers". Mrs. E. Chesterman was the organist for this service.

Oldest Veteran Of Branch 108 Passes

By M. McCutcheon

With the death of Hugh Followes Hanson of Crepin Street, the Station, Branch 108 of the Royal Canadian Legion, lost not only their oldest member but a Charter Member.

Mr. Hanson in his 96th year who passed away at Ste. Anne's Military Hospital (where he had just been for a short while) was born in Constantinople in 1868. He served in the First World War and had lived in Vancouver, England and Montreal prior to taking up residence with his son Cecil and his daughter-in-law Margaret of Crepin St. Mr. Hanson, an ardent gardener enjoyed his hobby and was in excellent health until the last few years. His wife, the late Enid Martin predeceased him some years ago.

A delegation from the Branch always paid their respects to him on his birthday and December 14th will bring back fond memories of a 'Dear old Gentleman' who was held in high esteem by so many. A private funeral from the D.A. Collins Funeral Chapel, Sherbrooke St., Montreal was held on Wednesday, June 3rd to Mount Royal Crematorium.

Most sincere sympathy is extended to Cecil, Margaret and grandchildren, Kathleen and Elenora.

C.V.H.S. House And Garden Tour

Please Note

In the matter of the House and Garden Tour being sponsored in the Chateauguay area by the Chateauguay Valley Historical Society, an error crept into the last report.

It was mentioned that it would be preferred if the people would follow the houses around in their numerical order. This should have read It would be preferred if the people WOULD NOT follow the numerical order of the houses to be visited. In other words some would visit No. 1, while others might visit No. 9. In this way it is hoped to avoid large groups at one place and being held up until all have seen. By criss-crossing, or visiting whatever house you wish, it is hoped that hold-ups may be avoided.

A further request has also reached us. It is asked that ladies refrain from wearing spike heels on their shoes. Several of the homes have soft pine floors and shoes with such heels will easily mark the floors.

The Society hopes to see many people taking this tour on the 17th and is sure that all will enjoy it.

Gerald Laniel, M.P., Gives Speech In The House On Flag Question

Following is a reprint of a speech in the House by Mr. Gerald Laniel, Member for Beauharnois - Salaberry and to do with the question of a Canadian Flag. The following is as it appeared in Hansard of June 1st.

Mr. Speaker, the notice of motion that we have now before us deals with a subject in which a great many Canadians are interested at this time. I do not intend to engage in a broad discussion of this matter of a distinctive national flag; I will confine my remarks, pursuant to standing orders, to the content of this resolution which would have this government acknowledge the Canadian red ensign as the distinctive flag of Canada, as it is endorsed by the Royal Canadian Legion and the I.O.D.E. Although I completely agree with the principle of giving our country a distinctive national flag, and that as soon as possible, I cannot agree to this motion introduced by the hon. member of Elgin (Mr. McBain) whereby this distinctive flag would be the red ensign on which we find the union jack and the coat of arms of Canada.

I am taking the liberty to add that, not only do I speak in my own name, as a responsible member, but also for the people I represent, the people of Beauharnois - Salaberry County. I have met with my constituents during the last few days, and I feel quite free to express my views in the house.

I cannot see how we could consider that flag as really distinctive of our country while it shows the emblem of another country. Like many other Canadians, I have also learned to respect the Canadian red ensign and to accept its use during the last few years; but it has remained for me a pennant, an ensign, and not a flag meeting with the aspirations of a young and dynamic country.

It is a good thing that a flag should reflect our past but, on the other hand, it does not have to be a Canadian history book. We have the duty to select a flag which will really identify Canada and which, at the same time, will be an emblem that will make us look to the future, and a symbol of hope for our youth and future generations.

The union jack, in the upper left-hand corner of the red ensign is, of course, a beautiful flag from an aesthetic point of view and it shows the origin of the British people by the superposition of the Cross of St. George, England's flag, the Cross of St. Andrew, Scotland's flag, and the Cross of St. Patrick, Ireland's flag. However, the union jack has nothing Canadian, even though one third of the Canadian people are of British descent.

St. Andrew's Bazaar An Enjoyable Event

By M. McCutcheon

Members of St. Andrew's United Church must have a direct line to the weatherman, because each year they seem to pick the nicest Saturday of the 52 for their Annual Bazaar. Warm sunny weather adds greatly to the event, but it is one which would not be missed by so many regardless of atmospheric conditions. Following a warm welcome extended by the Rev. Howard Fraser at 1. p.m., the outdoor attractions for the children were soon thriving as indoor booths readily sold their wares.

All branches of the Church participated but I think the ladies "on staff in the kitchen" should receive a special mention. Afternoon tea was served to 125 adults and 35 children and then a sumptious supper to 150 adults and 30 children. The months of work by many, many people proved fruitful according to all reports and aching backs and tired feet soon heal as results are made known to

About The Chateauguay Shoot Club Inc.

A few statistics might be in order in connection with the "Chateauguay Shooting Club Inc." The 65 member Club with 2 traps set up on the the Caughnawaga Road came into being last year.

President R. Duranceau, the Organizer and one of the keenest workers outlined the plans and aims of the Group with enthusiasm. Starting with one trap last year, a five man team won the South Shore Meet and brought home their 1st trophy. Plans were readied for the erection of a Clubhouse this Summer on the land which they lease. The next Competitive Meet will take place on June 21st.

The members are aiming for the honour of hosting the Provincial Tournament in 1967. Drop around on Tuesday or Friday evenings from 6 p.m., or anytime during Saturday and Sunday. New members are being sought and the membership fee is only $5.00. (Ladies welcome too!) The Executive slate of the Club is as follows: President, R. Duranceau; Vice-President, R. Legare; Secretary, M. Trepanier; Chief Referee, R. Laurandeau; Instructor, Joe Poirier. Results of the Meet held on Sunday, June 7th listed below are indicative of some real sharp shooting.

Caughnawaga Edged by Mets In Feature Lacrosse Outing

Officials of the Quebec Lacrosse Association termed opening night at the Forum "gratifying" and kept their promise to put a muffler on undue rough stuff following the league's lead-off twin-bill Sunday night.

A crowd of 1,500 turned out for the action and their enthusiastic reponse to the games is a tipoff that greater things are in store for the box office as the season progresses. They saw Drummondville Athletics earn their initial point in three games by battling to a 5-5 stalemate with Ville St. Pierre while Montreal Nationals (2-0) trumped Caughnawaga Indians, 4-2, in a classic fixture to move into early possession of first place.

On the roughness-curbing scene, one suspension resulted from the game when Guy Ducharme was tagged with a one-game suspension for "unsportsmanlike play."

The circuit now launches into a thick schedule that shows a game at Drummondville tonight with another twin-bill at the Forum Wednesday.

Billed as the feature game, the Nationals-Caughnawaga outing turned out to be just that as Jacques Plante played two brilliant periods in helping keep Nats in the contest until they broke it open with a three-goal third period. His replacement in the finale, Guy Paquet, made several key saves to preserve the win.

Nats sniped the only goal of the first period with Michel Blanchard fooling the sound Bob Scott. Ralph Alfred tied it in the second when he beat Plante on a free shot and in the third, Alain Cousineau fired two behind Scott to send Nats ahead again. Schoolboy sensation Pidgie Norton pulled the Indians within one goal but then Bernard St. Pierre fended off several defenders and rifled in the clincher for Nats.

Ville St. Pierre sped ahead 3-0 in the first period, saw Drummondville battle back to take the lead in the third and then managed to tie it before the clock ran out in the exciting opener. Roger Desrosiers struck for three Drummondville goals — two of them in the third period — while singles went to Pierre-Paul Blouin and Gerry Gallant. Gil Leduc, Royal Champoux, Guy Desautel, Jacques Laroux and Don Cameron split the Ville St. Pierre scoring.

The workers.

An added feature this year was the street dance for the young people held on the paved parking lot in the evening, which was an outstanding success. The Committee for the Street Dance would like to thank the "SHERWOOD'S" Band (Kent Mitchel, Larry Capitan, Albert Jones, Robin Thompson) and Constable Albert Black, who so kindly donated their services, the Church members who acted as chaperones and those who transported the band and the many others who helped to make this first dance a success.

Chateauguay Toastmasters To Celebrate Fifth Anniversary

(By Mrs. Myers)

Five years ago, June 15th, 1959, a small group of men got together in the Heights Recreation center to form a Toastmasters Club. The object of this group was to foster better listening, better thinking and better speaking for men in the Chateauguay area.

Unknown to many people, Toastmasters has made a mark in our community over these few years, in as much as many of the men who have passed throught their ranks have filled executive positions on many various local organizations and have performed their duties with exceptional ability, thanks to Toastmaster training. Any man who has ever taken the advantages offered by Toastmasters has benefited from the rich experience of being able to equip themselves with the self confidence of adequately expressing his opinions, briefly and consisely. Men like Fern Hellemans, Ken Smith and Rollie Thauvette, who are still with the club and many others, are to be congratulated in organizing such a movement in our community.

Their invitation extends to anyone interested in Toastmaster training to pay the club a visit at the Gai Motel, where they meet every second Monday. As the Club continues into its sixth year, its contribution to our community will continue to grow. A buffet and dance at The Gai Motel, June 19th, will mark their anniversary.

Princess Dons War Bonnet At Upper Stanley Teepee

Caughnawaga's Khan-Tineta Horn has no intention of abdicating as "Indian Princess of Canada" no matter what the chieftains say.

What's more the glamorous Mohawk cause celebre claims the whole thing is illegal in the first place.

On Friday the National Indian Council, meeting in Winnipeg, fired the striking, 22-year-old Montreal model as chairman of the World's Fair subcommittee and at the same time lifted her crown as Canada's representative Indian princess.

At her Upper Stanley St. apartment Sunday night, Miss Horn told The Gazette that she could not be legally suspended from the Fair post because Council Chief Bill I. C. Wuttunnee, a Calgary lawyer, had "hand picked" a few of the 17 directors to make the decision.

Besides, she said, she had been fired as a "chairman" of the committee when, in fact, she held the post of director.

Mr. Wuttunnee declined to give a reason for the move taken at the council meeting held to discuss the proposed Indian Claims Bill. He is quoted as saying only that most of the committee executive was present for the meeting and the action was by "majority decision."

Miss Horn countered by stating, "Mr. Wuttunnee is a lawyer and should know that there cannot be a directors' meeting with only a few handpicked directors out of 17."

She was chosen Indian Princess of Canada at the Council's third annual meeting in Winnipeg last August.

The World's Fair subcommittee, planning for the 1967 fair in Montreal, is under the council's Centennial Committee which is headed by Wilfred Pelletier of Toronto.

Miss Horn said last night that the action dealing with her firing and un-crowning arose over a disagreement between her and Mr. Wuttunnee over his attitude towards religion.

She claimed the Calgary chief had "denounced" the Roman Catholic and Protestant faiths in public statements.

"As 85 per cent of our Indians are Christians," she said, "I maintain that this is a violation of religious rights."

She also claimed that her Indian welfare program had been "ignored" by Mr. Wuttunnee and that she believes that welfare is the most important function of the council.

The outspoken beauty also took issue over language requirements of candidates from Quebec, Indians competing for national recognition as Indian Princess.

She stated that one of his appointees said Indians from Quebec were required to speak French to enter the NIC pageant.

"This," she said last night, "is becoming involved in a white man's bilingual dispute and Mohawks, who do not speak French, resent it."

Miss Horn was "deposed" as national princess 55 days before her reign would run out.

"Mr. Wuttunnee had no authority to cancel that title because there has been no notification of directors to attend a meeting," she said. "It happened that gathering of his directors were in Winnipeg and they held a secret meeting which they thought would not reach the press.

"However, they had no power to remove me from anything."

Miss Horn plans to tell more at a press conference she is calling later in the week at Caughnawaga. — The Gazette, Montreal.

To keep us going — and so, good-day!
A little warmth, a little light
Of love's bestowing — and so, good-night!
A little fun, to match the sorrow
Of each day's growing — and so, good-morrow!
A little trust that when we die
We reap our sowing! And so — good-bye!

CHATEAUGUAY LIONS CLUB INDUCTION NIGHT

The Chateauguay Lions Club, was entertained at its last meeting by a personable and topical speaker well known in Canada as "Mr. Pipe."

Commander Rowland Stokes-Rees, an ex-submarine commander and armament designer whose hobby is pipe smoking and collecting pipes, filled an entertaining evening with anecdotes and humour relating to his world-wide experiences and hobby.

The Commander, having travelled extensively throughout Latin America, Europe and the Middle East is completely knowledgeable with regard to current world-wide problems and artfully weaved his informal talk with personal experiences and observations together with the art of pipe smoking.

I had always thought that the ultimate in gardening pleasure was to sit back and contemplate the results of two years hard labour — the blossom on the rose, the re-emerging of the perennials and the budding on the gooseberry bush. But a few of us are showiwng inborn sadistic streaks these days in discovering a new dimension in gardening enjoyment — sitting back watching newly-moved-in neighbours busy with pick axes, turf laying and earth moving. I guess we are all holidaying bus drivers at heart!

—

Last Tuesday's Council Meeting approved a motion for grading the ground, and for the erection of goal posts on our soccer pitch at Seigniory Park's sports ground. It is hoped that this work will be completed soon, as our teams are still without a home pitch. Our Pee Wees and Mosquitoes both lost their matches last week, but there were encouraging signs that the boys are improving their individual skills and teamwork. Dennis Layzell took over the whistle as referee in the Pee Wee's game, although with two daughters he can hardly hope to see his own children compete! Area Representative Glyn Fletcher reports that adult helpers have dwindled in number to three or four, which is far too few for efficient operations in the remainder of the season. Volunteers are urgently required. Because of Quebec's hot summer, scheduled league games will stop at the end of June, to be resumed in August. Each team is limited to 16 individual registrations for league play, but this should not deter any interested boy from seeking participation, as there is plenty of scope in practice and exhibition games.

—

Our thanks to Bailords for making a start at removing a long-standing irritation to residents on Seigniory Drive — the tree stump dump. Two truck loads of stumps were taken away last weekend, and I understand more are scheduled for this week.

—

A Home Owners Association delegation, composed of Director Bob Ellis and President Fergus Horsburgh, visited Mayor Joseph Laberge last Wednesday night, in one of the Mayor weekly "meet the people" sessions. We had an interesting and, we hope, productive half hour in the Mayor's office. Subjects discussed covered a large percentage of the area of Association interest, including park development, water pressure, taxes, extent of the quarry's encroachment, tree stump dumps (quite a tongue twister, even for our bilingual Mayor!), access to Northern Circle's parking areas, roads, rats and rhubarb. (Strictly speaking, we did not discuss the last named commodity, dear though it is to this writer's heart, but I had to complete the alliterative triology somehow).

The Mayor told us that Spot Supermarkets will shortly be opening up in the grocery business on St. Francis Blvd. It was confirmed that last year's paving Bye-Law included provision for hard-topping Seigniory Drive. Now that construction there is largely complete, the paving should be laid shortly. The new pumping station on Dunver will not directly help Seigniory Drive's low water pressure difficulties, but studies to alleviate the problem are under way. No early solution should be expected, however, as funds are limited. Perhaps next year?

The difficulties with the Town's insurance underwritters have been overcome, playground equipment is on hand and should be installed, with sand boxes, in the very near future. (Two loads of gravel, for access paths, have since been delivered.) The second half of St. Francis Blvd. should be paved very soon. I think the three of us shared a sense of exasperation at the delay in implementing plans for traffic signs on Routes 3/4, which of course is a Provincial responsibility.

—

Feelings run high at times as parents see their children's lives endangered by speeding vehicles, and I become as steamed up as any. But that is only half the story. Good road habits should be acquired at an early age, and the youngsters whom we try to protect from the traffic are themselves guilty of gross carelessness on the road. I am thinking particularly of the bicyclists in our midst who daily parade up and down on the wrong side of the road who swerve in front of and behind cars and trucks, who ignore all traffic signs, and seem to think the road is for their exclusive use. If a child is allowed to act in this manner unchecked, what chance is there of his becoming a responsible citizen when his turn comes to sit behind a wheel?

—

The Home Owners Association has received blank sheets for a petition to The Honourable Alphonse Couturier, Provincial Minister of Health, for the building of a hospital in Chateauguay. The organizer of the petition omitted to leave us his name. Now, however much we might sympathize with the idea of a local hospital, it is surely unreasonable to ask any individual to undertake the work involved in collecting signatures without some basic information as to organization of the petition. If the organizer, whoever he may be, has good reading habits! — and reads this column, will he please contact me?

—

Our M.P.P., Mr. George Kennedy, informs me that Provincial road linepainting crews are now at work in re-touching old lines and painting new ones, and that our turn, at the junction of Routes 3/4 and St. Francis, will come shortly. We literally cannot have a traffic dividing road line soon enough, with every day that passes without a serious accident a miracle in itself. Yes, indeed, here I go again on my pet peeve! I took advantage of our talk to inquire as to the status of what seems to be a mirage — traffic lights. Mr. Kennedy stated that there had been no change in status for several months, and all red tape had been disposed of, but that the contract with Municipal Signal had not yet been signed. Mr. Kennedy promised to do his best to expedite the formal award of the contract, and if need be, find out in which Provincial In-Box the contract, awaiting signature, now lies, apparently forgotten. Mr. Kennedy expressed himself as fully aware of the urgency of this matter, and promised to do his utmost to hurry things along.

—

That was real tough luck for Ken Hewitt, Keith Strike and Tony Chappell, seeing their show. The Fantasticks, fold through no fault of their own. The show was first class, audiences were delighted and numerous enough to sustain a long run, but the club ran into tax problems with provincial authorities and was forced to close. So why not have another go, Ken, Keith and Tony? We, the theatre lovers of Seigniory Park, are right with you.

—

Mrs. Rita Fletcher and children leave soon for a holiday in England. What lucky people. We shall make sure that Glyn keeps his nose to the Soccer grindstone in your absence, Rita.

It's going to be a very short column this week. There just doesn't seem to be anything happening around Crown Homes lately.

Mrs. R. Merette had a lovely surprise last Tuesday evening, when Mrs. Jannine Gilbert of LaSalle St., held a baby shower for her. Those present were Mrs. Julie Murray, Mrs. Gilles Leduc, Mrs. Irene Bouvier, Mrs. Nicole Morelli, Mrs. Therese Beaudette, Mrs. Rena Beaudette, Mrs. Paul Merette, Mrs. Suzanne Garand, Mrs. Lise Laberge, Mrs. Gisele Primeau and Mrs. Micheline Laperriere. They had a lot of fun playing games for which prizes were awarded, with lovely refreshments afterwards. Mrs. Merette received some beautiful gifts and was overwhelmed.

Little Carol Randle went into Lachine Hospital last week to have her tonsils and adenoids removed and was a very brave girl. I think it was much harder on Helen and Rollie than it was on Carol, who is home now and well on the road to recovery.

St. Andrew's United Church held its annual bazaar on Saturday, June 6th., and Mrs. Jean Butt, Mrs. Marion Lange and your's truly were supposed to be at the apron stall, but by the time we got there it was such a huge success that the aprons had been practically all sold, with the exception of half dozen or so. They were lovely aprons and the women who made them are to be congratulated.

Mr. and Mrs. Leo St. Cyr. and their children paid Mr. and Mrs. R. Randle a visit on Saturday. It was a nice surprise as they had not seen one another for over a year.

We would like to say welcome to Mr. and Mrs. Ellis of Labelle St., newcomers to our development, and hope they will be very happy here.

Well folks, I'm afraid that's it, I told you it would be a short one. If you have any news, please give me a call at 692-0955, I will be glad to hear from you.

Exhibition of Dancing

Pupils of the Charles Griffiths School of Dancing gave a most enjoyable performance of their specialty dancing, last Saturday evening in the Louise DuFrost School in St. Constant. Parents and friends were delighted with the children's effort and proud of the many talents displayed.

Mrs. Muriel Simpson welcomed everyone and stated that this event served a two-fold purpose by providing an opportunity for the children to use their talents in the interest of two Churches and to display their achievements since attending the School of Dancing. The proceeds were given to the repair fund of St. Thérèse Church and that of St. Andrew's Church in Delson. Mrs. Simpson thanked Mr. Griffiths for his kind gesture in promoting the pleasurable evening and the patrons for their support.

"Cuboree" in St. Johns

The Delson Cubs accompanied by their leaders, joined several groups from various districts and rallied in St. Johns, where they all had a marvellous time at a "Cuboree" and participated in the sports activities and throughly enjoyed the event.

"Mother and Daughter Banquet"

The Delson Girl Guides will hold a Mother and Daughter Banquet next Saturday, June 13th, in St. George's School. Captain L. Buttle will take charge of the arrangements. Students of Charles Griffiths School of Dancing will provide after dinner entertainment. Mothers, keep this date open and plan to attend the banquet with your daughters.

W.C.O.L. Annual Meeting

The Annual Meeting of the Women's Club of Laprairie was held recently in Laprairie, at the home of Mrs. Gordon Hinchcliff. The President, Mrs. Marcel Mantel outlined the season's activities and the various reports were given showing the Club's progress during the year. Donations were made to the following: The Salvation Army, L'Assistance Maternelle, Juvenile Welfare Court, Seminaire Des Saints Apôtres, donations towards Sunday School awards for St. Andrew's Church, Delson, and Candiac United Church, Hospital Auxiliary and $135 was raised for Christmas baskets for the needy.

At the close of the meeting refreshments were served while the ladies were entertained with beautiful organ selections played by Mr. and Mrs. Hinchcliff. A vote of thanks was extended by Mrs. H. Ball Sr, to the president for the excellent leadership and untiring effort she has given in the interest of the Club and also to Mr. and Mrs. Hinchcliff for the grand entertainment.

Reminder

It is hoped that all residents of Delson have received notice of the change in the schedule of garbage removal from Tuesday to Wednesday henceforth.

Congratulations

Mr. and Mrs. Harold Ball Sr., were recipients of many cards bearing good wishes on their 41st wedding anniversary which they celebrated last week. Last Sunday was also a special day for Mrs. Ball who observed her birthday and was delightfully serenaded by all the Sunday School children at St. Andrew's United Church.

Little Miss Gail Sheepwash celebrated her birthday last Friday and we are wishing many happy returns of the day for her. Gail is one of the little cuties who performed so well at the Exhibition of Dancing last Saturday evening.

Wedding Wishes

Congratulations and best wishes for future happiness go to Mr. and Mrs. Gary Sutton whose marriage took place in St. Luke's United Church on Saturday, June 6th. The ceremony was performed by Rev. George Moore.

ada to build a new country, a young country, a self-governing and independent country which, today, can assume its responsibilities in international affairs where its influence is well know. Therefore, Canada can and even must have a flag distinctive from that of any other country, showing that it is not under the dependence of any foreign or friendly nation.

I wish to offend nobody, but the red ensign still remains basically the flag of the British merchant marine, on which the coat of arms of Canada has been added. Only one fifieth of the surface of the red ensign shows a really and purely Canadian identification, that is the three red maple leaves on white background which appear on the bottom part of the coat of arms of Canada.

From colonial states, our country achieved the status of a self-governing state. Then, it obtained its sovereignty and finally became one of the recognized nations of the world. This progressive and peaceful evolution took place without disrupting our relations with the motherlands of our founders. As this political evolution is now over, it is our duty to show it to the face of the world.

Why should the union jack instead of coat of arms of our country be in the foreground of a Canadian flag? Why should we not follow in respect of a national flag the same policy we started to implement, that is to strengthen Canadian thought, create a real Canadian image and, in a common effort towards understanding, unite Canadians from coast to coast.

Mr. Speaker, it is mentioned in the resolution introduced by the hon. member for Elgin that the Royal Canadian Legion and the Imperial Order of the Daughters of the Empire are in favour of the adoption of the red ensign as a national flag.

So, before concludng my remarks. I will discuss this point, for I am a veteran who served under this flag, as a member of the Canadian air force during the last world war. I am also a regular member of the Canadian Legion, section 62, in Salaberry de Valleyfield.

I admit that the national directors of the legion want us to maintain the red ensign as the Canadian flag. I did indeed go to Winnipeg for the opening of the convention, not only as a member of parliament, but as the delegate of my section, with a proxy when it came to the vote. I am far from being convinced that all the members of the legion in this country are in unanimous agreement in this matter, and indeed, we have, lately heard

Dear Gerald:

We ask our members' views with regard to the flag, and these were the results:

Red ensign: 30 per cent in favor.

Distinctive flag: 70 per cent in favor.

I hope that your stay in Winnipeg will be pleasant, and that you will find some time for rest.

You may use the two proxy votes of local 62, as you see fit. Dave Watson, our district representative, will also be at the convention, and he will certainly be pleased to meet you there.

Cordially,
Royal Canadian Legion 62
Larry Soly, Chairman.

Mr. Speaker, it is a significant fact that my section should have taken it upon itself to write this letter to me, without my having made any request in this respect, and should have given me its unlimited trust, whereas last November its members had had every opportunity of knowing my views on the flag question, when I had been invited as a speaker at their meeting. In Winnipeg, I also had an opportunity of discussing with several members of the legion, from various parts of the country, and even there some were ready to acept a national flag which would be really distinctive, other than the red ensign, and also a certain number of others who were not fighting with such grim determination for the red ensign as might be gathered from the statements coming from the convention and the resolutions which were voted at the meetings. I also had an opportunity of meeting a few young students from Winnipeg with whom I discussed the matter of the flag, and the hon. member for Jacques-Cartier-LaSalle (Mr. Rock) was able to see, like myself, that a great majority among them favoured a truly Canadian flag to replace the red ensign.

If I may, I will now quote a paragraph of the order in council of September 5th, 1945 which authorized the flying of this red ensign as our national flag.

Text

That, until such time as action is taken by parliament for the formal adoption of a national flag, it is desirable to authorize the flying of the Canadian red ensign on federal government buildings within as well as without Canada, and to remove any doubt as to the propriety of flying the Canadian red ensign wherever place or occasion may make it desirable to fly a distinctive Canadian flag.

Translation

As you can notice, the terms used:

(Mr. Laniel.)

Text

That, until such time as action is taken by parliament for the formal adoption of a national flag —

Translation

That, until such time as action is taken by parliament for the formal adoption of a national flag.

Those words indicate that even at that time consideration was being given to the adoption of a truly distinctive flag and that the red ensign was to be used during the period of transition which would eventually lead us to choose a purely Canadian standard free from any foreign symbol. We have reached that historic moment which is an indication of our political maturity and of our national pride and the attachment we have for our country.

Consequently, I would ask the house to reject this motion which is contrary to the wishes of the majority in Canada and to give our people and our children as soon as possible a truly national identity through the adoption, by parliament, of a flag bearing the colours of Canada, that is three red maple leaves on a white background with a blue strip at both ends.

St. Andrew's Notes

The Sacrament of Holy Communion will be observed at St Andrew's next Sunday morning, June 14th. Members of the church attended the Pre-Communion Service on Sunday at 7.30 p.m.

New members received on Profession of Faith at Sunday night's service included the following young people who had been attending a weekly Communicant's Class which started the Sunday after Easter: Jon Carl Bosshart, Steven Wayne Bosshart, Barbara Irene Caton, Ian Bruce Emberley, Pamela Gwendolyn Emberley, Peter Ralph MacLean, Margaret Joyce MacLean, Karin Ann Markhauser, James Ralph Muir, Carol Ann Myatt, Barry Allan Peers, Brenda Marilyn Toop. Following Worship in the Sanctuary, a Hymn-sing and Fellowship Hour was held in the Memorial Hall.

Their Excellencies the Governor-General and Mrs. Vanier are sponsoring a conference on the family which will bring together three hundred or more scholars, social service workers, religious leaders, doctors, business people and other interested Canadian men and women. This National Conference began at Rideau Hall in Ottawa, on Monday, June 8th and will conclude on June 10th.

The 'family', states a reliable authority, "is the single most important influence upon the life and future of the child." The strengthening of family life should be a vital concern to each and every one. Let us pray therefore for the success of this conference and do our part as we have opportunity to make our homes places where truth is taught and love and peace and joy are experienced by each member of our families. The most influential of all educational factors is the conversation in a child's home.

The Session met in the Church Parlour at 7 o'clock on Sunday evening. The regular monthly meeting has been postponed until Wednesday, June 17th because of the Conference.

The Montreal and Ottawa Conference of the United Church of Canada will meet at Macdonald College, Ste. Anne de Bellevue from June 8th, to June 11th. Ordination of men and women to the ministry of the Word and Sacraments will take place at a service open to the public beginning at 8 p.m. (today) Wednesday. This will be the 40th Annual Meeting of the M. and O. Conference.

Advance Notices

There will be a Vesper Service conducted in the sanctuary beginning at 7.30 p.m. on Sunday, June 14th.

The Christian Education Committee will hold a meeting on Monday, June 15th, at 8.15 p.m.

The Sunday School Picnic will be held on Saturday, June 27th, more details next week.

The Mary Gardner Home and School Association held their General meeting Tuesday, June 2nd, in the Gymnasium. The President, Mrs. Fraser opened the meeting. A Financial report was given by Mr. W. Smith, Treasurer. Mr. Shufelt principal, extended his thanks to all those who made the school year 63-64 the success it was. A film was shown entitled "That They May Live" this film was an education in itself. I sincerely hope that we may never need to use it, however how wonderful it is to know that we have, through this film gained the knowledge that we may, if necessary save some one's life. Mr. Tom Guthrie, instructor of the St. John's Ambulance course was the guest speaker. He answered many questions and gave demonstration, using a doll which represented a teenage girl, this doll came from Norway, it has some apparatus, which when the mouth to mouth respiration is administered properly you can see the chest wall expand... believe me it was most facinating. Following the film refreshments were served.

—

Our Congratulations to Mr. Jack Keegan of St. Aubin St., who received his B. Comm. from Sir George Williams... also to Mr. Scarlet of Maple Cres., who received his B. Sc. degree at Sir George Williams, Bruce McDonald graduated from Sir George Williams, and his wife Susan graduated from McGill. This young couple is the son and daughter-in-law of Mr. and Mrs. W. McDonald of Hillsdale Drive. Our Congratulations to all of you, and those whose names I do not have, we extend our congratulations to you also. A Ball was held at the Mount Royal Hotel the following evening.

—

Congratulations to Julie Drozda, Laura Thompson and to Hans VanLeewen, Carol Purdy, Gail Roberts and to all the rest who graduated from Chateauguay High School.

—

On Sunday June 14th., St. George's Anglican church will have a special closing service of their Sunday School. A presentation of awards will be made at the 11:15 Service.

—

Mr. and Mrs. William McHardy of Buena Park, Cal. arrived on Sunday, to spend some time visiting with their daughter and son-in-law, Mr. and Mrs. Stuart Richardson of Sheraton Drive. The grandchildren, Marlyn and Daryl are very excited and pleased indeed to have their grandparents with them...we do hope you enjoy yourselves and the weather will be in your favor!

—

Friday evening the Young People of the Calvary Baptist church had their annual banquet, from what I hear, they all had a wonderful time. Following the dinner, they went by car to Valleyfield where they attended a Special Service, Rev. Montpetit was guest speaker.

Saturday night saw some of the Young People at the home of Mary and George Myers of St. Aubin, where all enjoyed a Bar-B-Que! Hot-dogs, hamburgers with all the trimmings, a variety of salads, cold cuts, etc., were served as the main course...for dessert Angel Food cake topped with whipped cream and fruit salad (Can you imagine the calories in that?) by the way I forgot to serve the watermelon...oh well, maybe next time! there was plenty of soft drinks and hot perked coffee

Following the outside festivities we all gathered in the living room and spent a most enjoyable time singing. Rev. Douglas brought along his violin and of course we made sure that he made good use of it. I had a wonderful time maybe we should do this more often! What do you think? (I think that hubby of mine is a terrific chef...thanks George!)

—

A little bird told me they are putting curb stones on Sheraton Drive! Wonderful! How about giving them a little reminder about Goyer St. and St. Aubin. We have a hedge along the side of the house and every year it looks a little more slanted. Before long our hedge will be growing at a 45 degrees angle... sounds interesting doesn't it? At least it would be completely different speaking of hedges...did I mention at one time that our flowering Crab was finished...well surprise, it has decided to give us a break and start to show some signs of life again...there are a few buds and a few leaves ..so I guess there's still hope! I have an eye infection and am taking that wonderful drug Penicillan...have one complaint...I can't go out till tomorrow, this will be 4 days that I have to stay in, and I don't go along with the idea well but figure I had better obey Doctor's orders. I just love it outdoors and enjoy seeing the progress our little trees and flowers are making, and of course a few vegetables are pushing their shoots through the earth.

A friend of mine on St. Mary's Rd. had one of her lawn chairs stolen Friday night, what a pity that some one has nothing better to do.

I have a few birthday wishes this week, they are as follows:

Garry Mills of St. Mary's Rd., who will be 14 (I think) on June 5th., greetings to Donald LeBrun of Real who will be 5 years old June 9th., wishes to little Albert Metums of Maple Cres., who will be 6 years old June 10th.,

—

Anniversary wishes go out to Mr. and Mrs. Leslie Berry of Parkview Blvd., who celebrate their 12th. wedding anniversary June 14th.

Congratulations to Mr. and Mrs. Dick Baxter of Hillsdale Drive, who celebrate their 24th., wedding anniversary June 8th.

Congratulations and best wishes to Mr. and Mrs. Doug McKinnon of Burling who celebrate their 12th., wedding anniversary June 14th.,

Our congratulations and best wishes from all of us.

—

I wish to thank those of you who gave me a call this week, I do appreciate your co-operation.

Food for Thought

Make a habit of friendliness,
Though you may know
How much a smile, a nod, a word
Can send an inner glow
Of happiness to someone
Who needs a friend like you
Keep this in mind, and
you may find
You need this friend too.

Doesn't seem to be too much doing these days for I haven't been getting any calls from you homemakers. Guess everyone is so busy puttering around the garden and mowing their lawns they just don't have time. Students are busy studying for their final exams. Best of luck to all.

Congratulations to Mr. Sylvestre on his re-election to the School Commission.

Last Sunday evening at the Margaret Bourgeoys School the members of the 4H Club were trying out for a concert. I understand we have a lot of talent in the area.

Birthday greetings go out this week to several folk in our area. Mrs. T. Kavannagh of Ethier Street celebrated her birthday on Tuesday, June 9th. Hope it was a happy one for you, Maggie.

Mrs. R. Spenard of St. Jude Street is celebrating her birthday today, June 10th. Many happy returns to you, Mrs. Spenard.

Two young sisters are having a big birthday party on Saturday. Robin and Debbie Moody both celebrate their birthday on the same day, June 15th, so their Mom is having their party on Saturday. Hope you have a wonderful time at your party, girls.

9th Chateauguay Brownies

The big day is almost here, Brownies. The day of our picnic is Sunday, June 14th. We are all to meet at the Town Hall, where our meetings were held, at 12 noon but no doubt we'll wait around till 12.30 or a bit later to allow all those who attend Sunday School and church services time to get home and get changed. Sorry there will be no swimming. Let's hope that we have a warm sunny day. In the event of rain we will advise you of our plans for a future date.

Virus or Flu

I don't know which it is, but it seems to be going around Chateauguay and it leaves one feeling weak. Our family all come down with it last week and it wasn't pleasant. Sorry to hear that young Claudia Viereck is in bed with it today and hope that it won't be too long before she is well.

Handy hints for you homemakers — If you have one of your best sweaters covered with fuzzy little knots, try a piece of fine sandpaper. Lay the sweater on your table and gently sand it with a piece of fine sandpaper. This will remove all the little knots. Many professional cleaners use this method and it really works.

If your medicine cabinet is made of wood, you can glue small magnets to the unused wall space. It's a wonderful place to hold your nail file, tweezers, etc. It helps keep the cabinet neat and the items can be found quickly.

Quotable quotes — Waste of wealth is sometimes retrieved; waste of health, seldom, waste of time, never.

Those who like everything they have, are happier than those who have everything they like.

Church Notes

On Sunday morning, June 7th, Zion United had an exchange of pulpits, with the Rev. A.E. Loree of Ormstown in Dundee and Mr. Lloyd B. Martin, student minister, delivering the message in Ormstown.

The Rev. Loree, whose theme was Human Relationships', brought us a wealth of wisdom in his inspiring address.

On Sunday morning, June 14th, the congregation will have the pleasure of hearing Mr. Robert J. Fraser of Ottawa, Ont. Mr. Fraser, author of the book, "As Others See Us", a fascinating account of local history, is an ardent layman in the United Church of Canada. He is a gifted speaker, and a message of inspiration is anticipated.

Master Bill Fraser, son of Mr. and Mrs. Donald Fraser is to be soloist.

All members of the congregation are urged to attend Sunday morning worship service and extend the hand of fellowship to a member of the Fraser Clan.

Breaks Leg in Fall

Master Marcel Myre, eleven year old son of Mr. and Mrs. Edmond Myre, suffered a painful accident on Wednesday morning, June 3rd.

It was morning recess at Ste. Agnes school and a game of softball was being played by a number of young lads when Marcel accidentally fell, severely fracturing the big bone in his right leg.

He was given first aid by Mr. J.B. Quenneville, and than rushed to Huntingdon County Hospital by Mr. J. P. Latreille. Here, with Doctors McCrimmon and Lefebvre in attendance he underwent surgery.

At present, he is resting as comfortably as possible with his leg in a small cast and under traction. The cast will later be exchanged for a larger one when the perforations on the leg have healed.

He is enjoying the many cards and gifts he has received from friends and looks forward in anticipation to visiting hours.

Your many friends, as well as your fellow classmates, hope that your stay in hospital will be brief, Marcel, and that you will be home in lots of time to have fun during your long awaited summer holidays.

The speaker of the day, Mrs. Cecil Younie, R.N. was introduced by the new Welfare and Health Convener, Mrs. Mair. Mrs. Younie held everyone's attention when she spoke about diseases of the heart. Young people who have had rheumatic fever should choose a suitable career that will not involve too much stress and strain on the heart.

About 5 different diseases simulate heart disease. Call a doctor if someone has an attack, prop the patient up, and do not give a stimulant. The doctor may relieve your fears and advise treatment in any case.

Mrs. Younie spoke briefly on drugs and the first true wonder drug — asperin. However they can be dangerous if used improperly, especially with children. People should check drugs, insecticides, etc. before small children come to visit.

The bride-elect was completely surprised to find twenty-four ladies had gathered in the prettily decorated livingroom to await her arrival, A watering can suspended over the seat of honor completed the pink and white color scheme.

A variety of attractive and useful gifts were received and Miss Jones graciously thanked the hostesses and friends for their kindness and gifts.

I also thank all the electors who favored me with their support. In general, I was deeply touched by the hearty reception of the people during the campaign, poor or rich, French or English, I admired you all and I know already you are sincere people.

My dear friends, work is the key to success and once again I have realized this is true.

Since I am the man of the day, first I must work to achieve unity within the school commission, and then we must continue our search together to realize the urgent needs of our children, because they are the main purpose of our schools.

My friends, I needed your help, you will certainly need mine, and it will always be with pleasure that I will serve you.

Thank you very much

sweetly "The Ninety and Nine."

Mr. Harris sang, "Crossing the Bar" to his own piano accompaniment. It is a pleasure to hear this accomplished musician. Mrs. Beatrice Steeves recited an amusing number about church people, with an underlying lesson which was appropriate for a Church gathering.

Mr. and Mrs. Lavery sang a folk song which was well received.

Mrs. R. Stewart was the able accompanist for the evening.

Mr. H. Brady, Master of ceremonies called on Mr. Donald McKell, chairman of the Board of Stewards, who invited Mr. and Mrs. Lavery to come forward. On behalf of the congregation he presented a gift of money, with the best wishes for future years and appreciation for the years in Howick.

Mr. Lavery expressed their gratitude and hoped the members of the congregation would continue to strive to walk in God's light.

As a student-minister Mr. Lavery's studies prevented him from participating actively in every department of Church work. Where the work was well organized and under good leadership it continued as usual, but where he was needed he gave what help he could. Chief of these were the Choir and Hi C group. Mrs. R. Stewart on behalf of herself and the Choir spoke feelingly of the work both Mr. and Mrs. Lavery had done as leaders of Sr. and Jr. choirs, and as choir members.

Murray Templeton one of the counsellors of the Hi C group gave Mr. Lavery credit for sparking the organization of the group, which was needed for teenagers. Mr. and Mrs. Templeton had given the minister and his family a warm welcome to their home and had enjoyed working together in the hayfield and the sugar bush.

The stage was decorated with flowers from the Little Denmark Flower Shop. Lighting was provided courtesy of Roy Gourley while Milton Reddick managed things backstage and Vera Stewart gave the musical accompaniment.

Included in the show was a line of economical washable cotton and linen desses, suits, coats, sportwear, formal and bridal dresses.
