LONDONDERRY CITY DESIRES TO BE ASSOCIATED WITH SOUTHERN RATHER THAN NORTHERN IRELAND

Mayor of the City of Londonderry and an Influential Deputation of Its Elected Public Representatives Put Before Eamonn De Valera Their Objections to the Ulster Parliament Having Jurisdiction Over Their Municipality—Pointed Out that Londonderry's Business Relations Are Closer with County Donegal.

(Associated Press Despatch)
DUBLIN, Sept. 13.—Officials of the city of Londonderry voiced here today the desire that their city should be associated with Southern rather than with Northern Ireland.
The Mayor of the city and an influential deputation of its elected public representatives put before Eamonn De Valera their objections to the Ulster Parliament having jurisdiction over their municipality.
Londonderry's business relations, it was pointed out, are closer with County Donegal, in the Southern area, than with the County of Londonderry, in the northern group, on the edge of which the city is situated.
On Friday, a delegation from South Armagh will come to Dublin to protest against their being included in the Northern Parliament.
As a constituency in the Imperial Parliament, this district was not contested by the Unionists, and it is noteworthy as being one place where the constitutional Nationalists defeated the Sinn Feiners.

INVESTIGATION IS RESUMED IN ARBUCKLE CASE

Movie Star Appeared Before the Grand Jury at Early Hour This Morning.

(Associated Press Despatch)
SAN FRANCISCO, Sept. 13.—The San Francisco County Grand Jury adjourned at one ten this morning without concluding examination of the testimony on which the district attorney's office is seeking an indictment, charging "Fatty" Arbuckle motion picture star, with the murder of Virginia Rappe, an actress.

The investigation will be resumed at a date convenient to Matthew Brady, District Attorney, it was announced.
Arbuckle was brought before the Grand Jury at one o'clock this morning, but remained only three minutes, when he was led back to his cell. Five witnesses were summoned by Assistant District Attorney, when the sessions were started last night. Mr. B. M. Demont, companion of Miss Rappe, was the first witness summoned before the grand jury.
At Seminacher, another guest of Arbuckle at the party and the screen star's business manager was the next called.

Others who were called were Z. Provost, and Alice Blake, also guests at the party last Monday, and Mrs. Jean Jameson, the nurse who attended Miss Rappe when she was dying.
After half an hour, Mrs. Delmont emerged from the Grand Jury room, leaning heavily on the arm of Police Woman O'Conner. Mrs. Delmont had been ill, she said, due to the shock induced by the death of her friend, Miss Rappe. She is under no restraint, police officials said, but is provided with a police guard to save her from annoyance as the star witness in the case.

Roscoe (Fatty) Arbuckle's only sister, Mrs. Nora Arbuckle St. John, mother of Alexander St. John, also a motion picture actor, told newspaper reporters today her brother "had taken care of himself since he was fourteen years old and never asked help of his relatives, but since he made his fortune, he had always been generous to his own people."
"He has done many kind things for me and my family," she said, "and for our brother at Fresno."
"I know my brother too well to believe he would do anything unkind or ungentlemanly to a woman. He had the kindest, tenderest heart in the world."

She said Arbuckle was "born fat" having weighed sixteen pounds at birth. Members of the motion picture theatre owners association of California adopted a resolution favoring the withdrawal until the charges against him were disproved, of all films in which "the name of Roscoe J. Arbuckle, was featured, owing to the undesirable notoriety he has obtained," in connection with the death of Miss Rappe, it was announced today by Glenn Harper, secretary of the organization.

MANY LIQUOR CASES HEARD AT THETFORD

Judge Mulvena Sentenced Several for Violation of Temperance Acts.

Judge Mulvena heard several cases at Thetford yesterday, all the charges being for violation of various temperance laws.
Eugene Lamonde, Chief of Police at Thetford, vs. Alfred Parent.—The accused was charged with violation of the Canada Temperance Act and pleaded guilty. He was fined \$50 and costs or thirty days in jail.
John Cookson, Provincial Detective, vs. Emile Brosseau, Thetford Mines.—Accused was charged with violation of the Scott Act and was fined \$50 and costs or thirty days in jail.

Eugene Lamonde vs. H. Bilodeau.—The accused was fined \$50 and costs or thirty days in jail for violation of the Canada Temperance Act.
Eugene Lamonde vs. Henri Roy, Thetford Mines.—The accused was charged with violation of the Scott Act, and pleaded not guilty. The provincial analyst was called as a witness and the case was continued till next term.

Eugene Lamonde vs. Joseph Turcotte.—This was another charge of violation of the Canada Temperance Act. The analyst of the province was examined. He showed that the percentage of alcohol in the goods seized, a so-called medicine, was extremely high. This case was also put over till the next term.

death of Miss Virginia Rappe, for whose alleged murder "Fatty" Arbuckle is under arrest, was issued here today by District Attorney Brady.

District Attorney Brady in the statement also charged that he believed "undue influence and pressure of a sinister character has been brought to bear upon certain witnesses."

Whether or not an arrest will be made in connection with his charge of perjury, he said, would depend on further developments.
In his statement, District Attorney Brady charged that Miss Zey Pyron, also known as Zey Pyron, had changed her testimony before the Grand Jury from that she had given previously to the police and officials of the District Attorney's office that Miss Rappe had told her Arbuckle had caused her injuries. Earlier last night it was represented Miss Pyron refused to sign a statement that Miss Rappe had told her this, and later, it was said, she denied that she had ever made the assertion concerning Miss Rappe, Brady said.

CONDUCTOR WAS FOUND LYING DEAD ON TRACK

Conductor Willard Was Instantly Killed by Train at Greenlay—Accidental Death, Verdict.

"Accidental death," was the verdict returned by the coroner's jury at the conclusion of the inquest held last evening, presided over by Dr. L. C. Bachand, into the death of Conductor Charles H. Willard, of the Canadian Pacific Railway, whose body was found yesterday on the tracks at Greenlay.

The deceased, who was well known, was fifty-eight years of age, and the report of his sudden death came as a shock to his many friends. He had been in the employ of the Canadian Pacific Railway for quite a long time, and the exact circumstances which brought about his death are not known.

One of the sectionmen employed by the railway, while returning to work at Greenlay yesterday morning, discovered the body of a man lying on the track, the head severed from the body. The remains were identified as those of Conductor Willard, and it is presumed that he was run over by the train that leaves Windsor early in the morning for North Troy, although the engineer and fireman of the train testified at the inquest that they had not noticed a man on the track during their run.

Liberal Members Gathering At Ottawa To Make Plans For The Election Campaign

Now Stated that R. B. Bennett Will Not Be a Member of Premier Meighen's New Cabinet—Mr. Dewar May Retire from Liberal Leadership in Ontario Legislature to Enter Federal Arena.

(Associated Press Despatch)
OTTAWA, ONT., Sept. 13.—Liberal members of Parliament and prominent supporters of the Liberal party from all parts of the Dominion, including a large number of ladies, met this morning in the offices of Hon. MacKenzie King.

The occasion was the calling of the National Liberal organization committee for the purpose of discussing plans for the forthcoming campaign.
Quebec, the Maritime Provinces, Ontario and the West, including British Columbia, were all represented at the meeting, which is expected to continue during most of the day. The ladies in attendance are the heads of various Liberal Women's Associations, and these are given the same voice in the planning of the negotiations as are the men present.

It is expected that at the close of the day's meetings a statement will be issued covering the work of the committees.

MR. BENNETT NOT TO BE A MEMBER OF CABINET.

(Associated Press Despatch)
MONTREAL, Sept. 13.—The Gazette's Ottawa correspondent says: It is a case of "changing winds" in Ottawa. Yesterday it was supposed that R. B. Bennett would be in the new cabinet, but Ottawa now says that the Calgary orator will not be in the cabinet.

Unfortunately, nobody knows but the Premier, and he is not talking. Yesterday's slate in the Gazette may have been wrong in this particular instance, but it was also wrong in giving Nova Scotia only one representative. It is now believed that Hon. F. B. McMurtry will be assisted in the fight by a cabinet colleague, Mr. Hector McInnis, K. C., the well known counsel of that province.

The first activity on the part of the Liberals was seen when a party of Maritime Province Liberals came to Ottawa. They were headed by John H. Sinclair, who won the candidature again.

MR. DEWART MAY ENTER THE FEDERAL FIELD.

(Associated Press Despatch)
TORONTO, Sept. 13.—The retirement of H. H. Dewar, K.C., M. L.A., from the Liberal leadership in the Ontario Legislature to enter the Federal arena was persistently rumored in Toronto, yesterday, says the Globe.
Mr. Dewar is in Ottawa consulting the chief Liberal politicians there, and will doubtless attend the organization meeting there today. It is presumed, if the rumor is verified, that Mr. Dewart will become a Liberal candidate for the House of Commons in a Toronto

TORONTO SCHOOL BOARD RAISES FEES FOR PUPILS FROM OUTSIDE DISTRICTS

Move Made as a Result of Overcrowding at the City High Schools.

(Associated Press Despatch)
TORONTO, Sept. 13.—The finance committee of the Toronto Board of Education has decided to charge an annual fee of \$125 each to pupils from outside the city who attend the City High Schools and Collegiates.
There is a population of perhaps fifty thousand in the townships adjoining the city who send hundreds of pupils to the city schools and because of the overcrowding, the Board is endeavoring to discourage this patronage.

MR. DEWART AT OTTAWA.

(Associated Press Despatch)
OTTAWA, Sept. 13.—Hartley Dewar, K.C., whose retirement from the Liberal leadership in the Ontario Legislature to enter Federal politics has been reported, is in Ottawa today for the meeting of the National Liberal organization committee.

When questioned as to his intentions, Mr. Dewart said: "I am here to consult with my Liberal fellow-workers as to our plans for the campaign."
"I cannot say what lies in the future. But there is nothing decided yet."

LARGE MAJORITY IN FAVOR OF THE TASCHEREAU ACT

MELILLA, Sept. 13.—Occupation of Suk-El-Arba and the village by the same name has been effected brilliantly without Spanish losses, it is announced in the official statement issued here relative to the offensive began yesterday morning.
Under cover of the guns of the Spanish Naval Squadron, the infantry and cavalry swept forward and dispersed the enemy. Stocks of corn and other material fell into the hands of the Spanish.

ASSEMBLY OF LEAGUE PLANS FOR ELECTION

Considerable Interest in Election of Judges to the International Court.

(Associated Press Despatch)
GENEVA, Sept. 13.—The Assembly of the League of Nations this morning planned to complete the long drawn out debate on the part of the secretariat of the League. Interest in the approaching election of judges to the International Court, however, was the feature of the day's meeting, and there was lively electioneering before the Assembly convened.

President Van Karnebek announced this morning that the Assembly will begin voting for judges of the court at ten o'clock tomorrow morning at the Hall of the Reformation, while the Council of the League will vote at the same hour at the headquarters of the secretariat.

NOTED VISITOR MAKES SPEECH IN AUSTRALIA

Lord Northcliffe Wants Co-operation Between the Commonwealth and the U. S. at Conference.

MELBOURNE, Sept. 13.—Referring to the approaching disarmament conference at Washington, Lord Northcliffe, who is now touring Australia, said in a speech at a civic reception here today it was unthinkable that Australia and New Zealand should be totally unrepresented at a conference which might decide their fate.
Nations would be represented at that conference which as compared with Australia were not interested in the Pacific, he added.
Lord Northcliffe said he would be delighted to do anything he could to bring Australia's position more clearly before the United States, as it was possible the United States did not realize the importance of Australia.

Services to be Disconnected.
Alderman Edwards then read the report of the Electric and Gas Committee, in which the Committee recommended that all persons, who were in arrears for electricity, light, heat and power, be notified by registered letter that unless they paid their bills inside of 3 days, their services would be disconnected. Several of the aldermen suggested that three days was too short a notice, and it was finally decided to give six days instead of the three. The

Discusses Tariff Bill With Reference To Its Effect On The Prices Paid For Wheat

Wall Street Journal Points Out that Notwithstanding the Promises Made, Never Since the Tariff Law Went into Effect Has Wheat in United States Sold Higher than in Canada.

(Associated Press Despatch)
NEW YORK, Sept. 13.—The Wall Street Journal today in discussing the emergency tariff bill, with particular reference to its effect on wheat prices in the United States, after recording that when the bill was before the United States Congress its sponsors predicted that wheat would sell for twenty-five cents more a bushel here than in Canada, says that never since the tariff law went into effect, has wheat in the United States sold higher than in Canada.

THE COUNCIL VOTES TO SELL CITY LAND AT GIFT PRICE; REAL MERRY BATTLE OF WORDS DURING MEETING

Majority of Aldermen Voted in Favor of Selling 59,000 Feet of Land Valued at Ten Cents a Square Foot for the Small Sum of Five Hundred Dollars—Bond Issue Awarded to Montreal Firm—Aldermen Edwards and Langis Engage in Battle of Words—Alderman Skinner Strongly Opposes Move to Sell Land to Church.

A meeting of the City Council was held last night in the City Hall, a meeting that was featured by a superabundance of the ridiculous and a combination of slander and religious enthusiasm, and lastly a meeting where the majority of the aldermen present voted in favor of selling fifty-nine thousand square feet of land, valued at ten cents a square foot, for the sum of five hundred dollars. This land, which is situated in the West Ward, is to be used for a site for a Roman Catholic Church, and it may also be stated here that this is a portion of a bit of land, which it seems had been kept aside by common understanding, for many past years, for a park site.

The meeting opened with Mayor Denault in the chair, and all the aldermen were present with the exception of Alderman Tetreault. The first business of the meeting was the reading of tenders for the purchase of the City of Sherbrooke Municipal Bonds to be due in ten years' time. A total of \$646,500 was offered for sale, but these were not all disposed of. After all the tenders had been read and after the finance committee had taken the matter under consideration, it was decided to accept the tender of Rene T. Leclerc, of Montreal, who offered at the rate of 91.035 per hundred for \$130,000 five per cent. bonds payable either in New York or the Province of Quebec, and also to accept the tender of the same Rene T. Leclerc, who offered at the rate of 98.00 per hundred for \$309,000 worth of six per cent. bonds payable only in the Province of Quebec. The City kept \$207,500 worth of five per cent. bonds.

Alderman Brault then read a resolution regarding the advancement of money on workmen's houses. The contents of the resolution, which was addressed to the Federal Government asked in brief to legalize the advancement of money on the two and three tenement houses that are being built here. It seems that the Provincial Government allows up to three houses to a tenement, but that the Federal Government will not loan money on more than one house.

Alderman Forest then read the report of the Road Committee, the chief item being the recommendation of the construction of sidewalks on each side of Brook Street, between Aberdeen Avenue and Ball Street and on Bowen Avenue, between King Street East and Council Street as soon as possible.

Services to be Disconnected.
Alderman Edwards then read the report of the Electric and Gas Committee, in which the Committee recommended that all persons, who were in arrears for electricity, light, heat and power, be notified by registered letter that unless they paid their bills inside of 3 days, their services would be disconnected. report was then passed.
Half Hour of Slander.

Alderman Langis then asked Ald. Edwards about certain tenders that had been called for coke to be used at the gas works. Alderman Edwards explained that the tenders had been received, but that they had been based on different specifications, some giving prices for coke that would have to be crushed and others giving prices for coke already the right size.

On account of these facts, new tenders had been called for. Alderman Langis claimed that the coke at present in use was an extravagance and unfit for its purpose, saying, "Coke is piled up that has not been burnt for years because it was foundry coke." He then stated that the New England Coke Co. had made attractive offers, and he claimed that the City would benefit by purchasing from this company. He moved that, although the price might be a little higher, that the City accept the tender of the New England Coke Co. He also claimed that if they did not do this, the price would go up in a few days.

Alderman Langis:—"I think we should settle this."
Alderman Edwards:—"Alderman Langis should remember that he is first an alderman and then an employee of the company he represents. We are certainly acting in the best interests of the City. He went on to assure the Council that he was doing what he deemed best, and that he was making an effort to obtain the best results."

A Battle of Words.

Alderman Langis:—"Even if I am working for one company, still I can be straight. Why can't you give us the report of Mr. Pawson (engineer's report in reference to the coke situation). You are afraid to give it." Alderman Langis then waxed eloquent on past quarrels, referring in particular to certain water pipe tenders.

Alderman Brault also had a few words to say in favor of the New England Coke Co.

Upon enquiry Alderman Langis said:—"The price in Canadian money is \$13.60 a ton."

Alderman Skinner:—"In Ontario they are paying \$8.50 a ton."
Alderman Langis:—"That is foundry coke. That is where Mr. Edwards is wrong. This price is cheaper than all others. He is afraid to show the report."

Alderman Edwards:—"It was commonly reported when Mr. Langis came into the Council that he did not care for the Council, but for the company he represented." Alderman Edwards went on to say that he had not at first believed that report, but he admitted that he now thought there must be some truth in it. He also passed a few sundry remarks on another friends of the company he claimed sat at the Council table.

Alderman Edwards:—"I never had the report except that I saw it on Mr. Powson's table. If Mr. Codere's price is lower and the coke is better, he will get the order."

Alderman Langis:—"If my company had to depend on Alderman Edwards we would have to close down. I was not afraid to put my price in competition with anybody. The tenders are open. The only thing is that you think that Mr. Codere is to get the order. You want to see what your friends can do. I will persist in my motion."

Alderman Brault:—"We must be fair. The committee never gave you permission to ask for new tenders. It was simply left for Mr. Powson to tabulate and order at once."

Alderman Skinner:—"Alderman Langis, this matter was left for tabulation. We should have it here."

Alderman Langis:—"My company must have an answer."

Alderman Brault:—"You were to (Continued on Page 10.)"

HUNTINGVILLE

The Late Mrs. Albert Aldrich. The funeral of the late Mrs. Albert Aldrich, who passed away on September 2nd, after a very brief illness, took place on Sunday afternoon.

Rev. Mr. Hoyt, pastor of the Universalist Church, officiating. The service, which, at the request of the deceased, was very simple, was held at the home, and was largely attended by relatives and friends, many from a distance. The hymns sung were "Saved by Grace, and When the Roll is Called Up Yonder," sung by members of the church choir.

The casket was covered with beautiful flowers and was borne by three sons, Artie, Edwin and Harry and M. A. Saunders, son-in-law. The two older sons, Frank and Ernest were unable to be present. Three daughters, Mrs. M. A. Saunders, Mrs. F. Ledoux and Mrs. C. S. Langley, together with the aged husband, Albert Aldrich, and the above named sons, are left to mourn the loss of a loving and devoted wife and mother. Nine grandchildren also survive and a large circle of friends. Interment was made in the Universalist Church Cemetery.

Rev. Mr. Hoyt paid a fitting tribute to the fine christian character of the deceased, who was always of a quiet home-loving disposition, giving herself in service to her family. The sympathy of all is extended to them in their bereavement.

SAWYERVILLE

There will be a cold meat baked-bean and salad supper held in the banquet hall of the Methodist Church on Thursday evening, September 15th, under the auspices of the Ladies' Aid Society. MAN FELL FROM ROOF AT WINDSOR MILLS

Alfred Roux, of Windsor Mills, an employee of the Canada Paper Mills Company, was brought to the St. Vincent de Paul Hospital yesterday in a somewhat serious condition, resulting from an accident which occurred while at work. Roux was working on the roof and, losing his footing, fell to the pavement, a distance of forty feet, fracturing his legs and injuring his back badly.

Medical aid was immediately secured, and Lord's Ambulance summoned to bring him to the city.

Following the doctors' examination, it was decided to have an X-ray taken of the vertebra, which is being done today at the hospital.

LITTLE LAD HAD SERIOUS ACCIDENT

Lord's ambulance was called to the Sherbrooke Hospital, yesterday, to remove Master H. Woods Gosnell, of Baltimore, who was run over by an auto at North Hatley a few days ago, to the B. & M. station.

The little boy, five years of age, is the son of Capt. Frank Gosnell, of the U.S. Regular Army, and with a brother was spending the summer with his grandparents at North Hatley. While playing on the roadside he was accidentally struck by a car and had both legs broken. He was brought to the Sherbrooke Hospital, under the care of Dr. Bayne, and after a few days' stay it was decided to have him taken to New York and placed under the care of a specialist.

BELVIDERE WOMEN'S INSTITUTE HELD MEETING

The September meeting of the Belvidere Women's Institute was held at the home of Mrs. Purdy, Drummond road, the majority of the members being in attendance. The minutes were read by Mrs. Charles Drummond, a new secretary not having yet been appointed, and approved. The treasurer being absent, no report was given, but it was understood that the Institute in quite solvent, and a few outstanding bills were ordered to be paid. The committee appointed to look after the sick reported several visits made, fruit sent, and the thanks expressed of the recipients. Calls of this nature present more difficulties in the country than in the city, as distances are greater, the roads often bad, particularly in the long Canadian winter, and the time more than the busy wife can give up, but with the increasing use of motors for a great part of the year, improvement in roads, all obstacles will disappear, and isolation will no longer be a drawback to country life. It was decided to arrange for a social

evening early in October, at the home of Mrs. Andrew Ellis, and the members were requested to make candy to be disposed of at the gathering, and also make a quilt to be sold for the benefit of the funds of the Institute. Mrs. Fred Parkin being authorized to procure the materials. Several questions of interest to the members were discussed with interest, amongst them that of assisting a family in need. Much regret was expressed that Miss Florence Drummond, who was to have read a paper before the Institute, was unable to arrive from the city in time, but it was hoped that the pleasure was only postponed. Very dainty refreshments were served by the hostess, assisted by her daughter, Miss Purdy.

SPRING ROAD W. C. T. U. MEETING

The Spring Road W.C.T.U. meeting was held at the home of Mrs. W. J. Parnell. Although the attendance was small a very busy session was held. Mrs. Pearson acted as president, pro-tem, the president, Mrs. Cox, being unable to attend.

A discussion on the most useful and best way to use the funds on hand brought out many suggestions, but the question was finally left over for next meeting.

Mrs. Cox and Mrs. Pearson were appointed delegates to the Provincial Convention in October.

A very good temperance clipping, which was well worth a larger audience, was read by Mrs. L. J. Parnell. The next meeting will be held the first Tuesday in November at the home of Mrs. Pearson.

TO HOLD CONFERENCE ON RELIGIOUS EDUCATION

The Sherbrooke Ministerial Association held a meeting yesterday at the Y.M.C.A., the first of the season. The members present were the Rev. G. Ellery Read, D.D., Rev. H. Reginald Bigg, Rev. D. W. Terry, Rev. E. B. Brown, Rev. Alfred Bright and Rev. Robert Horon. Rev. Dr. Terry took the chair and Rev. Dr. Read opened the meeting with prayer. The minutes of the last meeting were read and adopted, and the business of the day taken up. The first item was the report of the committee for the Bible Society, that arrangements had been made for a public meeting to be held in St. Peter's Church hall, October 11th, at which Rev. Canon Stafford, of Montreal, would give an address on the work and importance of the Society, and Rev. George McLennan, the secretary, would also be a speaker. Approval was expressed and co-operation pledged by the members of the Ministerial Association with the Y.M.C.A. in the approaching boys' conference to be held the last of September, and the following special preachers were announced for conference Sunday: Prof. Best, of Montreal, will preach at St. Andrew's Presbyterian Church in the morning, and at Plymouth Church in the evening; Rev. Manson Doyle, secretary of Young People's Work of the Methodist Church, Toronto, will occupy the pulpit of the Methodist Church in the morning, and at St. Andrew's Church in the evening; Mr. W. C. Cook, of Toronto, will speak at the Baptist Church in the morning and at the Methodist Church in the evening. Other subjects were discussed, and it was decided to hold a convention on religious education in this city November 15th and 16th, in which it is hoped much interest will be taken.

Mr. John Daves, of Baltimore, is spending his vacation at "Kenosaz," North Hatley, with Mrs. Daves and Mr. John Daves, jr.

The Duke of Wellington Chapter, I.O.D.E., took advantage of Mr. C. O. St. Jean's kind offer yesterday afternoon, bridge and a tea being arranged under the auspices of the chapter. Mrs. Russell Tate being convener. Cards were played at six tables in the pretty, cosy rooms, with their shaded lights and dainty appointments, and the prizes were won by Mrs. Frank Norcross and Mrs. W. E. Paton. After the game tea, provided by the members, was served at the small tables. Assisting Mrs. Tate were Mrs. J. M. Jenckes, Mrs. Harry Edney, Mrs. J. C. Stewart, Mrs. W. H. Lynch, Miss Fales, Miss Mabel Tate, Miss Edna Palmer and Miss Pauline Dastous.

The home of Mr. and Mrs. John Imrie, King street west, was the scene on Saturday evening of a happy event, when their friends, numbering about forty, gathered to celebrate the twenty-fifth anniversary of their wedding. Although taken entirely by surprise, Mr. and Mrs. Imrie welcomed their visitors in their usual cordial way, and all entered into the social spirit of the evening. The hours passed quickly with music and dancing, and a pleasant feature of the gathering was the presentation of a silver entre an butter dish to Mrs. Imrie, with accompanying good wishes to her and Mr. Imrie on this occasion. Mr. John Fraser made the presentation in a happy little speech, to which Mr. Imrie replied most fittingly. Refreshments were served before the guests departed, after spending a delightful evening, and leaving with their host and hostess many good wishes for continued married happiness.

The Young People's Society of St. Andrew's Church met last evening in the church hall for the autumn work, with a very good attendance. Mr. Douglas Stalker, the president, was in the chair, and the meeting opened with religious exercises. Plans for the coming season were discussed, and the Rev. Alfred Bright gave an address on "The Ideals of the Young People's Society," bringing out four special points. First, the Y.P.S. is specially adapted for training in the service of the church; second, some definite work should be undertaken and carried out by the Society; third, the attendance of the members at the meetings should be regular, and that one night might be set apart for the purpose; fourth, every member of the church should be brought into touch with the Young People's Society. The address was followed with interest and attention. The remainder of the evening was devoted to a pleasing programme, which included a piano solo, Miss Elva Caswell; vocal solo, Miss Annie Dick; piano solo, Mr. George Dick; vocal solo, Miss Florence Westman; piano solo, Miss M. Austin. Arrangements were made to hold a camp fire gathering on the bank of the Magog river, near the city, next Monday evening.

SHERBROOKE ANNUAL PLOUGHING MATCH

Wednesday, October 5th, has been elected for the day when the Sherbrooke Ploughmen's Association will hold its annual ploughing match, and although the field has not been chosen as yet, it has been decided to hold the match in the vicinity of Lennoxville.

The S. P. A. has been in existence for over forty years, and a match has been held annually. The Association has been able to keep up these events through the goodwill of the people of Sherbrooke and Lennoxville, who have contributed generously towards prizes.

The directors have always been very grateful for this continued support, and as they are of the practical type they have a firm belief that "one good turn deserves another," which in this case resolves itself into the fact that the generous spirit should be retained, in order to give the Association carte blanche for this year's match.

The farmers, as well as those engaged in other lines of work, are

feeling the strain of hard times but the Association feels that the matches should be continued. The object is a worthy one, as good ploughing is the basis of good crops, and it is hoped that this year will see as successful a match as in former years. Further announcement regarding place, and prize list will be given.

FRENCH SCHOOL FAIR HELD YESTERDAY

The pupils of the French schools of Sherbrooke County held their fair yesterday on the Exhibition grounds, and proved more successful than was at first anticipated.

The weather dampened a few of the less braver spirits, in the morning, but the afternoon was happily spent, the boys and girls being provided with ample amusement.

The distribution of prizes was a pleasant part of the afternoon programme, and a few games and "mild sports" were arranged by those in charge.

The fair for the French schools of Compton County is being held today at Compton village.

WHERE TRAFFIC POLICEMEN MIGHT HELP.

A week ago Sunday was a field
day for automobile detectives at
Lennoxville. A score or more of
autoists were summoned as a result
and on a variety of charges, such as
speeding, one light out, rear light
not burning, etc., etc.

These are all offences under the
law but in the case of light out the
driver may be innocent in as much
as unless warned he may easily be
ignorant of the fact that, for in-
stance, only one head-light is on.

Might we suggest that the traf-
fic policemen exercise a little more
diligence in this connection. There
are, undoubtedly, many cars run-
ning without proper lights. By
stopping such cars and warning
them much trouble would be averted
and the autoist would be aided
in keeping within the law.

THE CHILD'S COT FUND.

It is now fifteen years or over
since the children of the Eastern
Townships in response to an appeal
through the columns of the Record
contributed in small amounts, for the
most part ten-cent pieces, a sum of
about \$1,389.93 towards a Child's
Cot Fund in connection with the
Sherbrooke Protestant Hospital. The
intention was to create a fund, the
interest from which would provide
a certain free treatment for poor
children who required hospital ser-
vice. The fund as collected at the
time was not sufficient to yield very
much and so it has been accumulat-
ing through accrued interest.

In 1913, the hospital authorities
furnished the Record with a state-
ment showing the fund at that time
to be \$2,019.21, with interest cred-
ited up to 1909. The fund was on
deposit with the Loan and Mortgage
Company.

With accrued interest the fund,
therefore, should be today some-
thing over three thousand dollars,
less any authorized charges against
it up to the present time.

The services which the hospital
may render to poor children are the
most appealing. Readers who will
recall the collection for the Child's
Cot Fund will agree that it is de-
sirable to place this upon a definite
basis, and possibly opportunities
may arise to augment it.

The board of the Sherbrooke Hos-
pital have before it a communica-
tion from the Record in this con-
nection and no doubt a statement
will be forthcoming which will place
the Child's Cot Fund in definite
form, enabling the greatest possible
good to be derived from it.

LETTERS TO THE EDITOR

SEEKS EXPLANATION

Editor of Record:
Sir—I would like some informa-
tion regarding your Horse Show at
your recent Exhibition. Being a vis-
itor in your town during the last
week and having had some experi-
ence in showing horses, I was in-
terested. I had a prize list in my
possession some time before the
show and naturally studied same. I
noticed a rule on page 39 which read:
"No horse may compete in more than
one class except when competing for
Progeny, in pairs, Special prizes or
Ladies Classes." Then in your Rec-
ord of September 2nd, I read of
one gentlemen's success, he having
won several prizes, one mare being
awarded four firsts. Now I would
not think he would be eligible to this
according to rule on page 39. This
mare would I think be entitled to
either the high steppers or runabout,
but not to both, the Ladies Classes
of course being Specials. His thor-
oughbred I note won three prizes.
Again this horse as far as I can un-
derstand was only eligible to two
prizes, the high jumps or saddle
horse, Ladies Class being a Special.
This party I understood is on the
Light Horse Committee. Now if one
of the committee over rides the rules,
what can you expect other exhibitors
to do? He was not the only one for
I noticed several other horses being
exhibited in more classes than one.

Perhaps the Secretary of the As-
sociation could give us some infor-
mation in regards to this, as he must
be the one who accepts the entries
and pays the prize money.

Thanking you Mr. Editor for your
valuable space,

I remain,

AN ONLOOKER

WATER SUPPLY AT BURY IS STRENGTHENED

Additional Springs Are Purchased
Memorial Service Held—
Other Notes of Interest Re-
corded.

BURY, Sept. 13.—The exceeding-
ly dry summer and the continued
drought has compelled the Bury
Water Supply Co. to augment their
resources by the purchase of addi-
tional springs. For many weeks the
customers of the company have been
on short allowances as regards wa-
ter. The work of making the new
supplies available is being pushed
rapidly ahead, and it is confidently
expected that by the middle of the
week the work will be brought to a
successful conclusion.

The source of the new supply is
a spring at the back of the Peabody
Hill, and instead of being taken to
the company's reservoir, will be
piped direct to connect with their
main at the head of station road.
This necessitates the laying of about
one mile of pipe. The assurance that
the company are doing their utmost
to rush this work to completion will
be good news to many.

Impressive Service Held

The memorial service for Mrs.
Geo. Lawrence, held on Sunday
morning at the Methodist Church,
was attended by a very large con-
gregation. The altar and rostrum
were loaded with most beautiful
flowers. Members of the local Rebe-
kahs and Odd Fellows attended in a
body, marching from their new hall.
The Rev. Mr. Brundage officiated,
and preaching from Psalm 90:12,
gave a most impressive, helpful and
uplifting message. The flowers dis-
played were from the family, Rebe-
kahs, Alexandra Lodge, W.M.S., Lad-
ies' Aid, Mr. and Mrs. Reuben
Crawford, Mr. and Mrs. J. B. Green-
lay, and others. Two anthems were
feelingly rendered by the choir,
"The Homeland, the Homeland,"
and "I'm But a Stranger Here."

General Notes

The Intermediate School, Bury
Village, will not open until Septem-
ber 20. The unfortunate delay in
opening the school is due to lack of
water, the supply coming from the
Bury Water Co. With the new sup-
ply which the company are now add-
ing to their resources, which is ex-
pected to be available some time
this week, it is hoped that a contin-
uous and sufficient supply for the
needs of the school will obviate such
difficulties in the future.

On Friday evening, September 9,
the Bury Board of Health held a
meeting in the Town Hall, called
together by reason of the prevailing
sickness in certain sections of the
township. A resolution was passed
that the secretary of the municipal-
ity notify the local physicians to
report to him all cases of contagious
diseases under their care.

Next Sunday morning the Har-
vest Festival will be observed at the
Methodist Church. The church will
be decorated with the fruits of field
and garden, and members should
contribute of their best, that with
the visible tokens of God's bounty
the service of thanksgiving may be
enriched thereby.

Mrs. H. E. Morrow has opened her
millinery parlor. A nice line of trim-
med and ready-to-wear hats for sale.

Funeral of Late Mr. Laird.

The funeral of the late Mr. John
Laird, who passed away on Septem-
ber 4th, took place from the home
of his daughter, Mrs. Thomas Mat-
thews, Bury, Que., on September 7th,
and was attended by a number of
friends and neighbors.

The late Mr. Laird was born in
Toronto, Ont., in 1846, but had lived
most of his life in Island Brook
and vicinity. In March of this year,
as his health was failing, he moved
to the home of his daughter in Bury,
where he passed away after over
two months of intense suffering. He
leaves to mourn his loss, his wife,
(nee Leilla Stapleton), five daugh-
ters, Mrs. Wm. Goodwin, Providence,
R. I., Mrs. Thos. McBain, Montreal,
Que., Mrs. Robt. McQuillen, New
York, Mrs. Chas. Peterson, Toronto,
Ont., Mrs. Thos. Matthews, Bury,
Que., with whom he lived the last few
months of his life, also one son, Mr.
George Laird, Lennoxville, Que., one
son, John predeceased him three
years ago.

The funeral was held in the Meth-
odist Church, Island Brook, by Rev.
Mr. Wornell, of Cookshire, assisted
by Rev. Mr. Brundage, Bury, who
spoke comforting words to the be-
rieved ones, who mourn the loss of
a kind and loving husband and father.
The bearers were all old friends

brooke, to succeed the late Father
Laporte. There is in your notice,
however, an error which I would
very much like to see corrected. In
justice to the memory of my father,
the late R. A. Biron, who for twenty-
five years was deputy sheriff of the
District of St. Francis. The latter
was the father of the Rev. Dolor,
and not the late P. Biron, as you
have stated. Besides the Abbe Dolor
and myself, the eldest, are three
other sons, J. B. Tancred, deputy
prothonotary, District of Bedford;
C. Omer Biron, notary public, Sher-
brooke, and Georges, of Lowell,
Mass.; also three daughters: Mrs.
Moise Rousseau, of Sweetsburg;
Rev. Sister St. Cecilia, of the Pre-
cious Blood, Sherbrooke, and Rev.
Sister Marie of the Incarnation
(Precious Blood Mission), of St.
Boniface, Manitoba.

Thanking you, I am sincerely,
J. F. ROD. BIRON, M.D.,
Amesbury, Mass.

Misunderstanding Over School
Fair—Many Meetings to Be
Held.

DUNHAM, Que., Sept. 13.—Little
Byron Reuter fell on the cement
floor and hurt his knee so badly
that he was taken to the District of
Bedford Hospital in Sweetsburg. Up-
on examination it was found that the
knee was badly crushed. Later re-
ports are satisfactory and it is hoped
that he has sustained no permanent
injury.

Autos Collided.

An automobile from Waterloo col-
lided with one coming from Bedford
on the corner below the hotel. Fortu-
nately the only damage done was a
badly bent rear fender to Mr. Berry's
car from Waterloo. The occupants
of both cars escaped injury.

Trouble Over School Fair.

There seems to have been a mis-
understanding relative to the School
Fair and in consequence the judges
who came out from Macdonald on
Saturday morning, returned the
same evening disappointed. The
School Fair the past year were
changed from Macdonald Supervision
and put under the department of
agriculture. The splendid results
were evident from over the entire
district and much disappointment
has been felt by the pupils this year.
In all probability something differ-
ent will be arranged another year.

General Notes.

last week of the Misses Alice and
Muriel O'Brien in Swanton, Vt. She
was accompanied home on Saturday
by Mr. and Mrs. Lloyd O'Brien, who
remained but a few hours, returning
to Swanton the same evening.

The many Dunham friends of Miss
Alice O'Brien will be pleased to
learn that she has been offered a
position in the public school at St.
Croix, West Indies and leaves her
home in Swanton, Vt., on Tuesday
next for New York, from which place
she sails on Thursday afternoon for
her destination.

Miss Harriet Shufelt is enjoying

HOSIERY for MEN
"THE STANDARD of EXCELLENCE"

Your Boy's Future

The Boy's future shall not be left to chance.

The Boy can be interested in his own future.

The Boy's ideas are "steadied" by the knowl-
edge of his Father's early investment for
him.

His "preparation" expenses are provided for by
the "Vocational Endowment."

Success and Marriage close the first chapters of
the Boy's Future, and the early plans made
for him are brought to completion.

What are his chances for a good start in life?

Of course you have plans for him. It is easy,
however, to think of what you intend to do
for your boy, but what if your plans should
fail? Do not overlook the fact that ordi-
nary plans are dependent upon you being
here to carry them out.

You can make sure of your boy's future—you can put
your entire plan for him into immediate effect.

The Canada Life offers a simple and convenient way
by means of a small yearly deposit, through the

"Vocational Endowment"

which is arranged to mature when you think it will
be most needed by your boy. In this way \$1,500,
\$2,000, \$5,000, or more, is sure to be ready for his
first serious step in life, whether you are here or not.
This plan, of course, applies equally well to your
Daughter's future.

Our New Plan

1st—The Vocational Endowment Fund is guaranteed
in cash at the time selected by you.

2nd—In the event of your death, no further deposits
are required and the fund will be paid at the time
selected.

3rd—All deposits will be returned with 3½ per cent.
compound interest if the child should die, providing
such a sum does not exceed the amount of the endow-
ment, or, if desired, the benefits of the policy may be
transferred to another child.

There are many other valuable features which will be
explained in full on request.

Do Your Part Without Delay

The uncertainties of life call for immediate action.
A yearly deposit which is very small in proportion
to the Fund guaranteed enables you to make sure,
absolutely, whether you live or die, that your Boy's
future is assured.

A MODERN BRICK VENEERED RESIDENCE

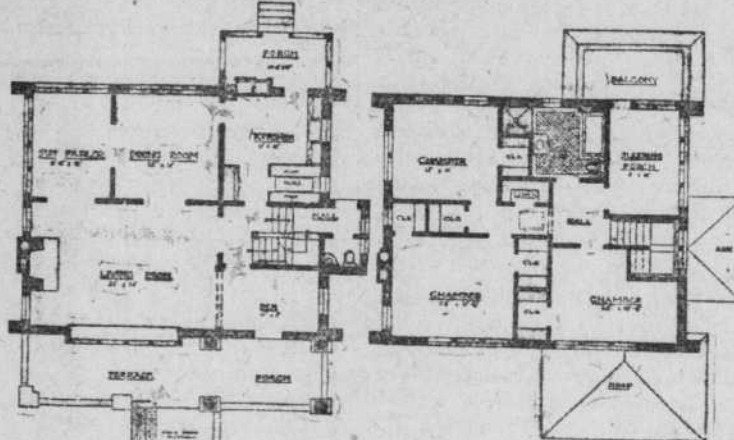

CONTAINING many modern labor saving devices and conveniences, the house design shown today is one that would delight all who have such things in view. And pray tell, what woman keeps but one or no maid, hasn't just such things uppermost in her mind when it comes to building her home? Even though the model herewith pictured is larger than the majority of homes that are being built today, it is one that can easily be kept by a woman with one maid or, if the family be small, by one who has no servant at all. In the kitchen one finds all sorts of labor saving devices, including a breakfast nook, which saves many weary steps and much valuable time.

On the first floor there is a large open front porch with modern brick terrace with tile or brick floor. In addition there are four rooms and a sun parlor and a rear porch with a balcony over it. A den off from the living room makes a cozy little place to sit and work or entertain informally as it is in direct line

with the open fireplace and can share in its warmth and cheery glow. Upstairs there are three bedrooms and a sleeping porch, also a large bath room with shower and ample closet space. There is also an attic for storage purposes only. Hardwood finish and floors are used throughout this house which is

thirty-four feet by twenty-eight feet deep exclusive of the porches. As shown here this model is constructed of frame with brick veneer on the outside. Exclusive of the plumbing and heating it is estimated that it would cost between ten and twelve thousand dollars to building this home.

THE BUILDING SITUATION AS FOUND TODAY

The President of Chicago Bank Discusses the Building Situation.

Questioning whether the building situation is as serious as it is sometimes represented and warning against the employment of "present day quick remedies" in the attempt to better financial conditions, Melvin A. Traylor, president of the First Trust and Savings Bank of Chicago, pointed out a "few economic fallacies" to the convention of the National Association of Real Estate Boards.

"It is true that building was checked somewhat during the war," he said, "but so, to a certain extent, was the increase of our population. I have yet to hear of cases where people have actually lived in tents because they could not find an apartment or house in which to live. What is true is that on account of the rise in building costs and in rents, people have not been able to live in and build the kind of buildings which they would like to have and which, as a result of the excess earnings of the war, they were in many cases able to have during those years."

"Certain it is, if it is attempted to limit the return upon real estate investment, and to harass owners of buildings by means of inquisitorial and bothersome regulations, then there will be less building than ever and the situation will take just so much longer to correct itself."

BUILDING IN UNITED STATES IS SLUGGISH

Price of Labor Throughout the Industry Still Too High for Work Done.

Revival of construction activity on anything like a gratifying scale has thus far failed to materialize, says the National City Bank of New York. Building materials still show firm resistance to price reductions, having remained, according to the U. S. Bureau of Labor's estimate, practically stationary throughout the Summer—at 202, as compared with 100 for 1918, and 341 for the peak price of May, 1920. Despite the fact that construction workers in some cities have accepted wage reductions, the price of labor throughout the industry is still entirely too high for the work actually done. One hundred thousand workers in New York are resisting a proposed \$1 a day reduction in their pay, which is \$9 a day for journeymen. At the same time, a committee of the American Engineering Council, appointed by Mr. Herbert Hoover, announces that \$600,000,000 a year in wages are being lost through unemployment. One of the chief sources of waste in the industry, adds the report of the Committee, has been through union regulations, which "in the past have produced enormous losses, through direct or indirect restriction of output."

The remains were brought here and the funeral service was held in St. Mathew's Church on Wednesday, August 31st and interment was made in the family lot in the Maple Leaf cemetery. The floral tributes were numerous and beautiful.

She was a devoted mother, kind neighbor and respected by all who knew her.

Who says Plumbing and Heating Prices have not dropped?

Plumbing is a profession and should be regarded as such by everyone. The plumber spends as much time and energy in perfecting himself for their calling as any other group of professional men, but they receive a smaller compensation than any other profession.

As farm products have decreased in price so have building materials. Although some articles increased tremendously in price during the years of the war, plumbing and heating material prices did not so sky-rocketing like a number of other building materials. Hence, the percentage of drop need not be so large in order to reach the previous price level.

When an article has increased 100 per cent. in price a drop of 50 per cent. brings it back to the original price.

Plumbing and heating materials constitute a very small part of the total building cost. In the average seven or eight-room house, where hot water is used, the cost of plumbing and heating is only about eight or ten per cent. of the total cost. In other buildings it is even less.

Following are some of the reductions made in plumbing and heating materials since one year ago.

Soil pipe and fittings	37%	Iron pipe	16%
Lead goods	31%	Enamelware	15%
Brass radiator valves	30%	Radiation	25%
Brass goods generally	25%	Range boilers	45%
Iron and malleable fittings	25%	Other goods	15% to 40%

Respectfully submitted by the undersigned, for the consideration of all far-sighted citizens.

AMERICAN TOURISTS MAKE SHORT WORK OF SEEING LONDON

Do It All in One Day Owing
to the High Prices
of Hotels.

AGENTS ARE COMPLAINING

Want Some Means Devised of
Keeping Visitors There
Longer.

(Special Despatch.)
London.
Tourist agencies in London are complaining as to the way Americans "do" London and then England, all in one week, after passing two or three months in cities on the Continent. It was estimated that there were 10,000 Americans in London daily this month, but it was insisted that they were changing about daily.

Meanwhile the agencies are trying to interest hotel and business men to devise some means of keeping American tourists here and to bring about reductions in hotel rates, so that these tourists will not be driven away from London by prices which are higher than those at home. Merchants and hotel-keepers who figured on American business find that they miscalculated, and that merry old England does not charm as she should.

The effort now is to make London a gay place, because it is realized that the city is at a disadvantage with the war restrictions still on.

One appeal for a movement to make London more attractive to the American tourist says:

"The programme of the American tourist follows:

"8 A. M.—Breakfast; a taxi to the Westminister; see it, the Abbey, House and Parliament.

"9 A. M.—St. Paul's.

"9:30 A. M.—Tour the art galleries.

"11 A. M.—The Old Curiosity Shop.

"12 noon—The Chequer Chess.

"1:30 to 3 P. M.—Shopping in Regent and Bond streets.

"3 to 6 P. M.—Seeing the rest of London.

"6 P. M.—Cocktails—as soon as the bars are open.

"6:30 P. M.—Dinner.

"8:30 P. M.—Theatre.

"11 P. M.—Supper: finding fault with the night clubs, which are dryer than those at home.

"Midnight—Interviewing the hotel clerk about departing trains, and the declaration, 'A darn dull day.'"

PLAN TO GIVE FILMS INTERNATIONAL CASTS

Paramount Corporation Tries
Experiment in Paris.

(Special Despatch.)
Paris.

The film world is following closely an experiment which is being tried out here by the Paramount Pictures Corporation, which is expected to have a far reaching effect on the French-American cinema trade.

Paramount has organized a French branch which will turn out films in France with mixed casts. Scenes requiring typical French action are being entrusted to native actors.

It is understood that plans are being prepared for elaborate studios on the Riviera, in Paris and in Brittany which will provide the European sections with films with an international plot. Paramount's California studios producing the rest.

As a financial move the experiment is especially worth while watching, as the films will not be finished here and will not be subjected to customs duties when sent to the United States and vice versa.

The *Intransigent*, however, believes that the artistic advantage outweighs all others, saying that when French scenes are played in American surroundings by Americans they seldom succeed, but Paramount will be able now to give a scenario its real character.

LONDON FEARS SPREAD OF PEST FROM RUSSIA

Steps to Be Taken to Bar Im-

migrants From Her Ports.

(Special Despatch.)
London.

The Ministry of Health is giving close attention to the outbreak of cholera in Russia and is advising port officials to use every precaution to prevent the spread of the plague here. Special steps will be taken to prevent immigrants from boarding vessels at Constantinople and Baltic ports.

The Foreign Office advises that an outline of the danger be given before the International Red Cross meeting at Geneva to prevent the disease from spreading to Europe. Medical authorities believe that the scattering of the Russians presents a health problem here.

GERMAN CROWN PRINCE WRITES AGAINST JEWS

Col. Bauer Prints Letter of
Wilhelm's Son.

(Special Despatch.)
Berlin.

Gen. Ludendorff's chief of staff, Col. Bauer, has published a book in which he prints a letter of the former Crown Prince attacking the Jews.

"Hated against the Jews is not unwar- ranted," the Prince is quoted as hav- ing written. "A visit to Berlin trade centres shows many Jews fit for service at the front and few on the front. Popu- lar hostility, therefore, is justified. This propaganda also checks Jewish influence and their control of German capital."

Austrian Ex-General to Keep Tobacco Shop

(Special Despatch.)
VIENNA.

According to a report received here from Budapest, Hermann von Koevesz, a one time General in the Austrian army, whose properties in Transylvania were confiscated by Rumania, has been forced to apply for license to keep a Government tobacco shop. His petition was granted and Koevesz will carry on the business of the widow of a Hungarian lawyer named Stenzel, who was put to death during the Bolshevik uprising.

LA VALLIERE HIDES IN HUMBLE VILLAGE

Foremost French Comedienne

Forsakes Friends for Religi-

ous Meditation.

(Special Despatch.)
Paris.

Hidden in the village of Thunel, on the edge of a forest near Darnley, Mlle. Eve La Valliere, who before the war was the favorite comedienne of the French theatre, with notables from all countries paying homage to her voice and beauty, is to-day living in a seclusion greater than that afforded by any convent. Attended by only a friendly nun, she is devoting the remainder of her life to religious meditation and using her voice that charmed thousands only in singing hymns of praise and penitence when she attends early mass in the village church.

Mlle. La Valliere has abandoned all her friends, refusing even to admit them inside the iron barred gate to her retreat from occasionally they go to Thunel for a glimpse at the woman who a few years ago was able to sway audiences at her will. Occasionally she visits Paris, but the glamour of the foot- lights no longer appeals to her, nor does she experience a desire for personal success, such as was hers when she was one of the celebrated company of the Varieties Theatre.

Mlle. La Valliere's disappearance from Paris created great interest among the- atregoers. At first it was reported that she would wed an Italian nobleman who had fallen a victim to her charms, but almost immediately there came a denial of this report by her family. Then, just as the public chose a new recipient of its admiration, Mlle. La Valliere herself gave out a brief inter- view in which she stated she would devote her life to helping the poor. But whether disappointment in love or merely disgust with worldly affairs was back of her decision, she refused to say, and the audience which came with the war served to aid her in find- ing the absolute seclusion she had sought.

Eve La Valliere has ended her re- lations with the world. A Thunel re- ligious cult inquirers last week. "Gaudy dresses, paint and public applause mean nothing compared with the satisfaction in serving God, who is willing to pardon her youthful errors and her aspiration for worldly glory. And now her voice is more magnificent than it ever was, filling the souls of our villagers with new in- spiration whenever she lifts it above the choir, which she rehearses herself."

So complete is Mlle. La Valliere's conversion that she has even pleaded with her neighbors not to sing popular music, which would recall her early life, and when temptation comes she abandons her hermitage and goes on pilgrimages to Lourdes and other shrines, where she regains the moral strength to carry out her plans.

By a strange coincidence Mlle. La Valliere's retreat is in a corner of France where 500 years ago a colony was es- tablished by wealthy women who had been disappointed in love or in their careers and to which they retired to seek religious consolation.

MEDICAL ENTENTE WITH AUSTRIA BEGINS

American Physicians to Visit
Vienna for Training.

(Special Despatch.)
VIENNA.

The American Medical Association here has resolved to resume full scientific and social relations between American physicians and the Viennese medical school. The two countries will exchange publications and the American association here will send regular Vienna letters to their official medical organ in the United States with reports of new discoveries and other activities.

It is expected that 500 American physi- cians will visit Vienna yearly to finish their scientific training.

CURFEW ON CANDIES RETAINED IN ENGLAND

8 o'clock Ban May Be Lifted
By New Act.

(Special Despatch.)
London.

England is extending the curfew on the sale of sweets, making it impos- sible to purchase candy and ice cream here after 8 o'clock at night. The House of Commons passed considerable time re- cently discussing the advisability of lift- ing this ban, laid down in the Defence of the Realm act, in the form of early closing legislation.

The Home Secretary tried to get a delay until next year so the Government could offer new legislation, but limited relief is favored by members of the House of Commons soon. Shops will be able to keep open until 9:30 o'clock at night, or long enough to serve theatre- goers at least, until after the first act in the playhouses.

VILLAGERS DEFEND BURNING OF YOUTH IN TIME OF WAR

Say Camille Caron Admit-
ted Guilt in Destroying
Warehouse.

HE WAS FIRST CRUCIFIED

Then Arms Were Broken and
He Was Thrown Into
Flames.

(Special Despatch.)
Paris.

The revelation this week of the crucifixion of an eighteen-year-old youth in the early days of the war be- cause he had set fire to a warehouse belonging to the Mayor of Vandell- court will go down in history as evi- dence of how public sensibilities can be blunted by the constant sight of bloodshed.

Even the French police assigned to investigate this strange story, which had been hushed for seven years, were astounded to find half a dozen promi- nent citizens who admitted that the culprit, Camille Caron, was not only beaten and stoned but that his arms were broken and he was thrown into the flames for which he was responsi- ble.

"But the courts had disappeared and Caron was a dangerous element to have in our midst while the countryside was invaded by Germans. Besides he ad- mitted his guilt, so we took justice into our own hands," is the only defence the principals make against the charge of inhuman treatment.

Mayor Disclaims Part.

Mayor Bullot, like Pontius Pilate, rests upon his official dignity, insisting that he did not participate at the trial of the young man, and as he had had a strenuous day he had gone to bed early for the promise to sanction any solu- tion as to Caron's fate which might be decided on by the villagers. But no one has been found who actually witnessed the throwing of Caron's body into the flames. Four names, who have been identified as members of the hasty lynching court insist that Caron was delivered to the populace, but the vil- lagers insist that they did not know what happened to him until several days had passed.

Early theories that Caron was mal- treated and then warned to leave the region no longer seem to have any founda- tion. Caron's uncle, an aged farmer near Compiègne, insists that the youth would have returned to his home to get his clothes and money and that enlist- ment in the army would have been im- possible without investigation of his civil record.

Revealed by Villagers.

Strangely enough, the case would never have leaked out but for efforts of the Mayor to make the Germans pay for the damage chargeable against Caron. Recently one of the villagers presented his own claim for damages to the Mayor for his approval. The Mayor refused to approve the claim, considering the charges excessive, but was reminded that he also had charged the Germans for the destruction of his warehouse.

Later while under the influence of liquor the villager recited his complaint to some gendarmes, who began an in- vestigation. They have reconstructed the wartime drama with all its details and have the identity of those who were actually responsible for the lynch law execution. But as the whole population cannot be punished it is likely that the heinous crime will be forgotten, with only a reprimand for the Mayor, who neglected his duty and then added his losses to Germany's reparations bill.

U. S. BLUE LAW ACTIVITY IS ECHOED IN COMMONS

Official Asked for Informa-
tion on Anti-Saloon League.

(Special Despatch.)
London.

The alarm felt by many Englishmen over America's prohibition and the pub- lished reports of the activities of the blue law advocates found expression in the House of Commons this week when Sir J. D. Rees asked the Under Sec- retary of Foreign Affairs if he had any information to the effect that "The Anti- Saloon League" which organized the dry campaign in America, was not organiz- ing a similar campaign against cigarette smoking."

Cecil Harmsworth, Parliamentary Secretary, said he had nothing official. Then Sir Harry Buxton asked if it wasn't a fact that cigarette smoking had been prohibited in one State. Mr. Harmsworth again said he did not know, and so the discussion ended.

SUICIDES AND DIVORCES JUMP FAST IN GERMANY

Women Who Took Their Own Lives Equal War Time

Number—Total of Cutting of Mismatched

Ties Almost Quadrupled.

(Special Despatch.)
Paris.

Of the persons who committed suicide in Germany before the war one- third were women. During the war exactly as many women as men took their own lives, the total for both being 8,000. In 1919 the number of men that committed suicide increased to 7,000, while the number of women

was again 4,000. There were considerably fewer suicides in the Catholic southern regions than in the other parts of the country.

There are 59,530 divorce cases pend- ing in Prussia. In 1914 the divorces numbered 16,000, in 1916 there were 13,000 and in 1919 the total was 21,000. But in 1920 the figure jumped to 43,000.

IROQUOIS CHIEFTAIN TELLS GRIEVANCES IN DOWNING STREET

Baffles Canadian Authori-
ties and Pleads for Self-
Determination.

BRINGS A PIPE OF PEACE

Makes Tremendous Impression
in Urging Support of In-
dian Customs.

(Special Despatch.)
London.

A new and complicated self-deter- mination problem has been placed be- fore the Prime Minister, Mr. Lloyd George, this time by an Indian chieftain, and instead of six counties, as in the case of Ulster, there are in this case six nations.

The new delegate who has presented his credentials at 10 Downing street is Chief Deskahen, leader of the Iroquois Indians, living on the Canadian side of Lake Erie. He said he ruled 8,000 people in a territory granted to his ancestors by George III. In 1785, he declared the Canadian authorities were attempting to supersede the In- dian laws and institutions.

Chief Deskahen has shown much cunning and succeeded in baffling the Canadian authorities since he left home. He appeared unexpectedly in London with an American adviser with a view to laying his grievances before the imperial authorities. He crossed the ocean, it is said, under the name of Levi.

The usual method of getting the ear of the Colonial Office would have been to seek an introduction through the Canadian High Commission, but Chief Deskahen struck his own trail to reach there, dodging Canadian officials in the Plymouth, and quietly walked to Down- ing Street one day this week, wearing a snappy brown suit and a straw hat.

There he told officials that his people wanted their sovereign rights and self- determination, and otherwise talked the language and used the phrases not un- familiar in that neighborhood.

True to the customs of his people, he carried a long pipe, hoping to have a quiet peace smoke with the Prime Min- ister. He made a tremendous impres- sion with officials here, who told him however, that delay was necessary. When he left Downing Street he refused to give his London address.

GERMANS JAIL GIRL WHO FAILS AT ELOPEMENT

Lover Deserts Her After She
Sells Stolen Jewels.

(Special Despatch.)
Berlin.

When Elizabetha Herffeld decided to elope with her lover and seek hap- piness with him in America she stole a number of jewels belonging to her father to help pay the expenses. When the two reached Antwerp they sold the jewels. The father notified the police. Soon after the jewels had been sold the girl's lover deserted her, and being un- able to get a passport she returned home.

The father, repenting his hasty action, then made an attempt to check the course of the law, but failed, and the girl was sentenced to serve one year in prison.

LONDON HAIR CLIPPER GETS A LONG TERM

Evidence of Many Attacks
Found in Room.

(Special Despatch.)
London.

A "Jack the Ripper" has been found in London and has been sentenced to a long term at hard labor for cutting off the hair of girls in trams, tubes and in congested streets.

He is Albert Mannix, a war veteran, in whose home detectives found several plaids of different colors, a quantity of loose hair and over 100 ribbons such as children wear. He asserted that he had brought the hair from the Near East, but the detectives said that for a long time he had made a practice of going about the streets clipping braids and curls with a pair of scissors.

WANTS MILLION BRITISH TO SETTLE AUSTRALIA

Sir Joseph Carruthers Sug-
gests Big Appropriation.

(Special Despatch.)
London.

The settlement in Australia of 1,000,000 persons now living in England at a cost of £20,000,000 is the scheme advo- cated by Sir Joseph Carruthers, former Premier of New South Wales, in order to restore emigration. Agents are now here trying to set the plan in operation. Sir Joseph hopes that imperial and dominion governments will unite in raising the money which will be required for rail- way extensions and other developments. He says that Australia was disappointed because emigration had not been resumed after it had been stopped during the war.

Sir Joseph insists that the British popu- lation should be divided among the do- minions for the future of the empire, and that there is no reason why Australia should not have a population like that of the United States. He said Aus- tralians have arguments about resources which are superior to those of America and which would shame a Los Angeles real estate salesman, and declare that their ambition is to equal the population of America.

WORLD LEAGUE OF RELIGION URGED BY HINDU SAVANT

Advices Nations to Erect Immense Hall to Define
Moral Policies Rather Than to Try for Political
Solidarity—Aims at Model Tenets.

(Special Despatch.)
Paris.

Woodrow Wilson was all wrong, ac- cording to Bahrat Oharma Moham- mandat, formerly of Benares, who has just published a booklet in which he suggests that the nations instead of trying for political solidarity erect an immense hall of religion, wherein will be defined the moral policies of the whole world.

Bahrat has already attained a cer- tain amount of fame as student of Hindu philosophy, but he does not

recommend Buddhism as the sole re- ligious. Instead, he would have the nations name their wisest ministers of all creeds and they would remain in session permanently, discussing doc- trines and theories and accepting what was not suitable for modern affairs.

Once this was attained the world would be expected to adopt a model religion and cast all others, while the Hall of Religion would merely function as a superbody, like the Council of the League of Nations, and be ready to offer suggestions when disputes arose, but without doing much real work.

CHIEF CALLS BRITISH MINE STRIKE FOLLY

Head of Federation Says Men
Made Serious Error in
Action.

(Special Despatch.)
London.

Leaders of the English miners who last spring conducted a strike lasting eleven weeks, from which the com- munity has not yet entirely recovered, now frankly admit that they made a serious error. They waged a cam- paign that bordered on direct action and contained even a smattering of Bol- shevism, which was virtually defeated largely because the Government was able to make more extensive prepara- tions. The folly of the men is now clearly defined by Herbert Smith, president of the Miners Federation, who, be- fore their national convention, recounted a series of their mistakes.

It was long, Mr. Smith said, to pro- ceed with the economic power which the war gave to the industry was just as strong in peace time, owing to the fall in demand and prices. It was an error, he said, which is now causing the miners hardship, to flood the pits by calling out the safety men, and the consequences are being seriously felt throughout the industry, regardless of the widespread unemployment caused by this "mistaken" action.

The strike had failed, Mr. Smith said, because the railroad workers and trans- port men had refused to join when they learned that the miners were fighting for something that they themselves did not have. He said the miners might have won if they had fought for wages alone instead of for a pool designated to create a national wage scale. He even admitted that the leaders showed lack of vision.

Mr. Smith told the convention that the extreme demands of the miners had alienated public sympathy until the struggle became useless. He excused himself by saying that the officials were too loyal to the majority rule, which made them swallow their own convic- tions, with the result that the industry paid the price of poverty, starvation and misery. In the strongest terms he blamed the radicals for refusing an early settlement.

It is believed that the miners' leaders are now trying to save their own face as a result of their failure to achieve a continuation of the high wages estab- lished during the war days. The Fed- eration of Miners is practically bank- rupt as a result of the long drawn out tilt with the Government, in which Premier Lloyd George made such a de- termined stand by mobilizing all avail- able forces and won so decisively.

PARIS AVERTS PEST BY YERSIN VACCINE

Only Three Cases, of Whom
One Died, Refusing Medicine.

(Special Despatch.)
Paris.

There were only three cases of pest in Paris this summer, according to the report of the city's health department. One died because he refused to take the Yersin vaccine treatment. The other two recovered fully within three weeks.

Last year Paris feared an epidemic coming from Poland and Austria, and there were more than thirty fatalities during the summer, but the promptness with which the Yersin preparation was furnished to physicians in the crowded foreign colonies as well as the unceas- ing health propaganda, in which Ameri- can health workers were prominent, gave the capital a cleaner bill of health than since the early nineties.

EMPTY TOMB NEGLECTED.

No Inscription Marks Where Na-
poleon First Was Laid Away.

(Special Despatch.)
London.

Initial tomb at St. Helena has fallen into a sad state of disrepair since the body was removed in state to the Invalides in Paris eighty-one years ago. A re- cent visitor to that remote island writes: "I walked the five and one-half miles uphill to Longwood, Napoleon's old home, and inspected his much neglected tomb, which is down in a deep corner of a deep valley—just a slab covered with dirty whitewash—no inscription what- ever. The grass around was unkempt, and surrounded by a circle, about twenty paces in diameter, of tall trees, and there was nothing anywhere to tell a visitor when the body was removed, or to whom the old tomb had belonged."

GERMANS BUILDING EMIGRANT SHIPS, ALSO FREIGHTERS

Directing the Industry to
Commercial Rather Than
Passenger Vessels.

NOW HAVE 600,000 TONS

Space Gained, and Hamburg
Has Appearance of Great
Activity.

(Special Despatch.)
Berlin.

"German shipbuilding lines must forego the satisfaction of building luxu- rious liners to replace those handed over to the Allies and must concen- trate their efforts on building freighters," declared Dr. Hasselmann, sec- retary of the Hamburg-American line, to a correspondent.

"Immigrants will comprise most of the European traffic in the coming years and to meet this we are build- ing mostly third class ships. Cargoes are smaller and more diversified and therefore small freighters can be best adapted to the new conditions."

Government Advances Funds.

"Where do you get the money for the present shipbuilding?" he was asked.

"The Government is advancing a third of the amount of the total loss through war and defeat," he explained, and shipbuilders are advancing the remainder to support their industry. In the last phase of the war, when the Germans still hoped to win through their subma- rines, they began the construction of many merchant ships, hoping them- selves to corner a large part of the world trade. These they have since completed and have covered part of them to the Allies, keeping the remain- der as a nucleus for their own mer- chant marine.

"With these, together with the ships purchased by the Germans now have more than 600,000 tons, compared with 300,000 tons before the war."

There has been much progress in the matter of economy in shipbuilding. The Germans began to build a standard type of ships. The first plan was found not to be elastic enough and standardiza- tion principles for ships of various dis- positions have been further developed. There is a permanent committee, re- member, showing the plans and speci- fications of South German and Hamburg builders. Here it is seen that the dis- tribution of firms is among a large number of firms is being developed, the practice of placing orders for cast- ings and the manufacture of parts with factories belonging to industries back- ing specific shipping lines.

Tendency Toward Standardization.

The tendency is toward a complete standardization of ships and fixtures not against a type construction. In va- rious Hamburg shipyards, the most com- plicated scaffolding built up from the ground has been replaced by platforms swung from steel cables and work has been made vastly simpler.

The ships now being built show a util- ity in construction without the former elegance. Economy of space is gained through the elimination of much cabin and the specifying of general ship- ping for bulging sides and stern. The New York Herald correspondent saw the former battleship *Odin*, which had been transformed into a freighter operating between Hamburg and Petrograd, and had a cargo of 216 locomotives and much agricultural machinery.

Huge *Stinnes* is using freighters over the same route constructed out of two submarines joined together. The Ger- mans are now refloating every old bot- tom they can get hold of.

One freight steamer nearly com- pleted was lying at Hamburg, which ori- ginally was intended for some Ham- burg line but was included in the cat- egory of the *Alfida* demerit. This ship, however, was completed, and now is being towed away at her dock. The Ger- mans hesitate to complete or repair her for fear of attracting the attention of the Allies.

Hamburg harbor gives the impression of great activity despite the general ship- ping depression. About one-fourth of the flags that could be distinguished float- ing from ships there were German.

IMPERIAL WIRELESS CHAIN IS STARTED

First Link Completed for
Communication With Africa.

(Special Despatch.)
London.

The first link in an imperial wireless chain has been completed at Leffeld, Oxfordshire, for communication with stations at Cairo, in East Africa, and in South Africa, which have not yet been built. Another branch of this service will extend to India, Singapore, Aus- tralia and Hongkong. A newspaper service to New York also is projected. The work is being conducted under the direction of the Post Office.

The Dominion Premiers heartily in- dorsed the project and urged that the system be extended so their countries could talk direct with the mother coun- try, with communications to Downing Street. The plans call for a wireless chain greater than anything yet con- ceived under a single management.

GIANTS' HOLD ON FIRST PLACE IS STRENGTHENED

Pittsburgh Broke Even with the Braves Yesterday, while the Giants Were Idle.

(Associated Press Despatch)
NEW YORK, Sept. 13.—By breaking even in a double header with Boston yesterday, the Pittsburgh Pirates lost a single point in their effort to overtake New York in the National League. The latter club had a nine point margin over the Pittsburgh team today. No other Major League teams played yesterday.

Western clubs in the American League today invaded Eastern territory while the Eastern National League teams were scheduled to play in cities in the western section of the circuit. The Cleveland Club went to Philadelphia minus the service of manager Speaker, who will be out of the game indefinitely due to an injured knee, sustained in a game on Sunday at St. Louis.

The results of the games in the National League yesterday were as follows:

At Pittsburgh:—Pittsburgh and Boston split a double header yesterday. Scores:
R. H. E.
Boston 4 8 2
Pittsburgh 5 12 4
Batteries — Oeschger, Braxton, Scott and Gibson, Gowdy, O'Neill; Cooper, Adams and Schmidt.

Second Game
R. H. E.
Boston 4 10 1
Pittsburgh 3 9 0
Batteries — Watson, Morgan and O'Neill; Glazner, Zinn, Bigbee and Goch.

A Dead Weight

One of the most useless things in
the world is a stalled automobile
engine.

Not only will it not pull its load,
but it also adds to the load of the
machine which tows the car.

A man disabled by accident is in
the same class.

He cannot earn a living for his
family; he is also a burdensome ex-
pense to them.

That is, unless he has one of our
good Travelers Accident policies to
continue his income for him while
he is kept from work.

NEW YORK PRESS MARKET COMMENT

Furnished by
McManamy & Walsh

Wall Street Journal—It was note-
worthy that selling was absorbed
without great disturbance to values
whereas in March the approach of
the tax-due-date had been the signal
for a ten-point reaction in the gen-
eral list, and in December and June
the basic cause of utter demoraliza-
tion in the stock market.

Wall Street Journal will say to-
day:

American Sumatra Tobacco in-
creases working capital; amounted
to \$11,448,188 July 31st, a gain of
\$1,199,842 in a year; current assets
three times liabilities.

Mexican oil situation; renewal of
operations this week will indicate
condition of wells in Amatlan.

Steels and Equipments are in a
strong position.

Flood disaster costly to D. & R.
G. July figures, because of damage
show large increase in maintenance
of way charges.

Penna. R.R. August showing will
be unusually favorable.

Mexican Rail service continues to
improve.

Endicott Johnson stock reflects
good conditions.

Copper market quiet, foreign de-
mand small.

Vanadium showed net of \$86,618
in first six months.

In the World of Finance

Furnished by
Johnston & Ward

Thomas W. Lamont of J. P. Mor-
gan & Co. concludes series of confer-
ences in Washington on plan to li-
quidate external debt of Mexico. La-
mont is understood to have received
favorable assurances of State
Department recognition of Obregon
Government on which final consumma-
tion of plan hinges.

Primary election in New York to-
day.

Secretary and General Counsel of
Colorado Fuel and Iron denies report
that suit has been brought by gov-
ernment for back taxes.

President Firestone of Firestone
Rubber and Tire Company declares
no cut in prices of tires contemplated
at present.

War Finance Corporation sells
\$7,500,000 railroad equipment certifi-
cates to Kuhn Loeb and Co. at
par. Proceeds to be used to aid in
settling claims of railroads.

Investigations of business condi-
tions throughout country show trade
is improving.

United Drug passes common divi-
dend. Regular preferred dividends
declared.

Famous Players declares regular
preferred dividend.

Bethlehem Steel reduces unskilled
workers wages 8 p. c., correspond-
ing equitable adjustment to be made
in other wages.

ADDITIONAL DECLINES ON WALL STREET EXCHANGE

(Associated Press Despatch.)
NEW YORK, Sept. 13.—(Wall
Street Noon.) In the further selling
of the first hour additional losses
of one to almost three points were
numerous. Sumatra Tobacco, Kelsey
wheel, Rumley Preferred, Gulf Steel
Retail Stores, Pierce Arrow Prefer-
red, California Petroleum, Royal
Dutch, Virginia Carolina Chemical,
Famous Players and Central Leath-
er were foremost among the back-
ward issues. The market recovered
quite generally before noon on buy-
ing of popular oils, equipments and
motors, especially Mexican Petrol-
um, the two classes of Pan Ameri-
can Petroleum, Baldwin and Stude-
baker.

Rails were dull but firm.
Call money opened at 5 1-2 per cent.

MODERATE GAINS IN THE CHICAGO WHEAT PRICES

(Associated Press Despatch.)
CHICAGO, Sept. 13.—Failure of
rain predictions in Argentina had
a bullish effect on the wheat market
today.

Opening quotations, which varied
from 1/4 cent decline to 1/2 cent ad-
vance, with December \$1.29 to \$1.29-
3/4 and May \$1.33 to \$1.33 1/2, were
followed by moderate gain all around.

Lack of support weakened corn.
After opening unchanged to 1/4 cent
lower, including December at 54 1/2
to 54 3/4 cents, the market continued
to sag.

Oats paralleled the action of corn,
starting a shade to 1/4 cent off, with
December at 39 1/2 to 39 3/4 cents, and
later showing further losses.

Provisions reflected a decline in
the value of hogs.

STERLING EXCHANGE FIRM.

(Associated Press Despatch.)
NEW YORK, Sept. 13.—Sterling
exchange firm. Demand \$3.72 1/2.
Cables \$3.72 1/2. Canadian dollars 10-
1/2 per cent discount.

ATLANTIC SUGAR ACTIVE ON MONTREAL 'CHANGE

MONTREAL, Sept. 13.—Atlantic
Sugar was the most active issue of
the trading on the local exchange
during the first half hour this morn-
ing. Although it remained steady at
its last night's closing level at 30,
a considerable amount of shares
were sold. Laurentide was weaker
by a quarter point at 71, while Brew-
eries sagged a point and a half to
53 1/2. Wayagamack was unchanged
at 38 1/2.

Money Makes Money

Money makes money—especially
when invested in good bonds.
Good bonds, paying as high as
8% interest, over a long period
of years, can be bought today at
prices far below their intrinsic
value.

Now is the moment to buy good
bonds. Tomorrow—any day—
the upward movement may be-
gin. Then present prices will be
swiftly swept aside by an advancing
market.

We have a special list of sound,
long term bonds, which we can
thoroughly recommend, upon
which we can quote most at-
tractive prices. May we send it

Gompers to Aid in Campaign to
Stop Cuts in Wages of Textile
Workers.

(Associated Press Despatch.)
NEW YORK, Sept. 13.—Samuel
Gompers, president of the American
Federation of Labor, left today for
Atlanta, Ga., where he will aid in
inauguration of a campaign on
Thursday to check wage cuts in the
textile mills of Georgia, Tennessee,
North Carolina, South Carolina and
Alabama. Plans for the campaign
were announced by Mr. Gompers
last night in an address at the
twenty-first convention of the United
Textile Workers of America.

"We aim to accomplish our re-
sults day by day, not by a cataclysm
of revolution, but by orderly pro-
cesses," Mr. Gompers said. "We
wish to go in peace, but if there is
to be talk of battle, we will not turn
away from the battle imposed upon
us."

Mr. Gompers declared that since
textile workers had accepted a 22 1/2
per cent wage cut a year ago, em-
ployers had "tried it again and again
until they have driven the manhood
and womanhood of the textile in-
dustry to desperation."

ATTEMPT MADE ON LIFE OF GOVERNOR OF KOREA

SEOUL, Korea, Sept. 13.—An
attempt on the life of Admiral Baron
Minor Saito, Governor of Korea, was
made yesterday by a Korean, who
threw two bombs without effect.
Fourteen extreme Socialists, mostly
Japanese, but some Koreans, were
arrested.

MANY RUMORS IN REGARD TO THE ELECTIONS

Stated that Hon. Walter Mitchell
May Accept Federal Post in
Eastern Townships.

(Special to the Record)
MONTREAL, Sept. 13.—With a
general Federal election scheduled
to be held before Christmas, election
gossip once again forms the chief
theme of discussions, and rumors
are quite numerous.
It is stated in political circles that
there is to be a shuffling of port-

folios in the Provincial Government.
It has been rumored that the Hon.
Walter Mitchell, Quebec Provincial
Treasurer, may abandon the provin-
cial field to seek new honors and
attend to new duties in the larger
Federal sphere. It is stated that Mr.
Mitchell will likely accept the post
of chief organizer for the Federal
Liberal party in the Eastern Town-
ships. Mr. Mitchell has for years
been the line between the English
Protestants and the French Catho-
lics of this province. He would pre-
sent himself in his own county of
Richmond, where an opponent, it is
stated, would have slim chances, if
any at all.

This would necessitate a shuffling
of portfolios in the Provincial Cab-
inet, and it is rumored that in that
case the Hon. Antoine Galigneault,
Minister of Public Works and Labor,
would become Provincial Treasurer,
and W. S. Bullock, M.L.A. for
Shefford, would take Mr. Gali-

act on those tenders."
It was then suggested that the
matter be taken up at a committee
meeting on Wednesday night.

Alderman Langis:—"I won't be
here. I am not safe in Mr. Ed-
wards' hands. I do not trust him."
Alderman Skinner:—"Take origi-
nal ones (tenders) and either con-
sider them or throw them out."

The matter was finally left over
for the next Council meeting on
Monday night.

for

**Wednesday & Thursday
SEPT. 14 and 15th**

You are cordially invited to attend

We are prepared for the new season. Assortments and
values will be found better than ever.

It would be impossible for us to begin to describe the
beauty of the many garments that will be on display. Only
personal examination will reveal this. For this reason, we
urge you to make your plans so as to be present on the
Opening Days, September 14th and 15th.

New Fall apparel of very description is assembled here
in selections that appeal because of the beauty, the utility
and the quality of the garments. Not only that, but they're
very reasonably priced—a very important consideration.

We shall esteem it a pleasure to show you the many
beautiful coats, suits, dresses, skirts and blouses in our
comprehensive assortments. Coats, Suits and Dresses will
be displayed on living models each afternoon from 2.30 to
5 p.m. Orchestra in attendance.

nine thousand square feet of land in
the West Ward for a church site.
The sum offered was five hundred
dollars. Alderman Newton had pre-
sented each alderman and the mayor
with a plan of the location of the
land, and also read the report.

Alderman Newton:—"I agree with
Alderman Edwards that this part
should be reserved for a park. We
cannot depend on private individuals
to donate a park. They are not in
the donating business." In refer-
ring to practically giving away this
property for church purposes, Ald.
Newton said:—"This would establish
a precedent that would be embarrass-
ing to the Council."

Alderman Skinner:—"It seems not
only bad business, but an unwise
thing. All other churches have fin-
anced themselves without public con-
tribution. It seems to me that this
is too large a gift."

Mayor:—"This is not a gift from
an individual. It is city property
and we would get five hundred dol-
lars for it." He also argued that this
was merely taking from the city and
giving to the city, or taking from one
pocket and putting into another
pocket.

Alderman Skinner:—"Following
the same line of argument how
would you like to give the old re-
servoir site to the Protestant School
Commissioners for a school."

The Mayor did not appear to take
much notice of this line of argu-
ment and continued in reference to a
statement that Mr. A. M. Sangster
was willing to sell land at a lower
rate if it was for church purposes.
"It would pay Mr. Sangster to sell
less than his ordinary price. He
may give the church a lot at \$450.00
way back from the road. How is he
going to get benefit from the
church? Mr. Sangster will then sell
his lots much higher. Anyway you
will have over twenty-seven acres
left."

However, Alderman Skinner pointed
out that as the city owned only a
little over eleven acres at this place,
it was an impossibility to have twenty-
seven acres left.

Mayor:—"We are here in the
public interest."

Alderman Skinner:—"We are not
here to give away public property.
We would have to get a new civic
hospital."

Alderman Langis:—"Put it in the
North Ward in the old reservoir."

Alderman Langis:—"If we sold
these eight lots we would get \$4,000
I believe that if we gave this, we
would make more by the increased
price of lots."

Alderman Edwards:—"You are
selling approximately sixty thousand
square feet for five hundred dol-
lars. This is ridiculous. I am sure
if any of our Jewish friends asked
for this, we would think that they
were crazy. We need the churches,
the alderman as much as anybody
else, but I claim as alderman we are
robbing the people of the West Ward
of a first class park. In all my ex-
perience on the Council this is one of
the most ridiculous affairs I have
experienced. If we are going to sell
it, I propose that we should get at
least five thousand dollars."

The general report of the Park
Committee was then voted on and
passed, and then the resolution in
favor of this gratuitous sale of land,
which was moved by Alderman Tru-
deau and seconded by Tremblay was
also voted on and passed.

For:—Alderman Delorme, Forest,
Trudeau, Tremblay and Langis.
Against:—Alderman Brault, Skin-
ner, Newton and Edwards.

Alderman Edwards:—"I would
move that this matter be referred to
the city attorney as to its legality."
This was adopted.

Technical School Question
The Technical School question also
came up before the Council and the
usual procedure of going through the
necessary formula for another de-
lay was again witnessed. The Coun-
cil had asked the Technical School
Commissioners for a written state-
ment in approval of the Central
School site. The Commission held a
meeting and a letter approving of
this site was forwarded to the Coun-
cil. Mr. McKee appeared before the
Council last night on behalf of the

Commission and stated that "the
Commission cannot be held respon-
sible for any further delay in this
matter. They have done everything
that the Council has asked."

The resolution from the Commis-
sion was then read by the Secretary.
Treasurer, and it stated very clearly
that the Commission will accept the
St. Edwards Street property if the
city so decides. However, the Water
and Finance Committees had not
been able to meet and, as they were
to have made a report on the pro-
posed exchange of land, the matter
was once again postponed till their
report is heard. This will probably
occur at the next meeting of the
Council on Monday night.

Resolution Against Liquor Law.

Alderman Skinner then spoke
strongly against the present liquor
law in the Province and read the
following resolution, which, after a
slight argument, was finally adopted.

To the Quebec Liquor Commission
and the Hon. L. A. Taschereau:

The present requirement that per-
mission must be obtained from the
Liquor Commission before action or
seizure under this act can be taken
and the delay necessary to obtain
such permission, is resulting in the
Act being absolutely nonoperative, in
as far as the imposition of penalties
are concerned, in the case of practi-
cally all transients and in many other
instances.

As a result of this, and other pro-
visions of the act, lawlessness and
crime are greatly on the increase in
this municipality, and we are finding
it increasingly difficult to cope with
the situation, and we do therefore
respectfully petition your honorable
body for a more rigid and rapid en-
forcement of the various penalties
enumerated in the said act, and that
greater powers for enforcement be
given to municipalities.

Half Holiday

A petition was then presented
from the Sherbrooke Amateur Asso-
ciation for a public half-holiday on
Saturday, September 17th, as this
association has planned to hold a
sports day on this date. The petition
was granted and the meeting ad-
journed.

LENNOXVILLE

WALES AUXILIARY HOLDS
MEETING

The Wales Auxiliary of the Old
Folks' Home met in the Women's
Institute room on Monday afternoon
with a fair attendance. The secre-
tary reported that the society had
now a membership of seventy-seven
and the treasurer's report was also
very satisfactory. The work com-
mittee was instructed to purchase new
material, as all work given out to
the members had been finished and
returned. Miss Everett, who had
kindly donated goose-feathers for
six pillows for the Home, was thank-
ed for her generosity. Donations of
table-covers, runners, roller-towels,
tea-covers, pin cushions and all such
accessories to a home are asked for
to help fill up a consignment of ar-
ticles to be sent to the Home as soon
as possible.

General Notes

A special meeting of the Women's
Missionary Society was held in Doug-
las Hall on Monday afternoon. It
was decided to invite the Quebec
District Society to hold its annual
meeting in Lennoxville in October,
to be entertained by the local branch.

The Women's Institute meets on
Thursday afternoon at 2.30 p. m.
Miss Mina Pergan left this morn-
ing for Bugbee Business College,
Stanstead, where she intends to take
a business course during the winter
months.

Mr. Woodington, who has been for
several weeks in Lennoxville and vic-
inity, has returned to town.

Mr. and Mrs. Ernest Clarke and
Mr. and Mrs. Robinson, of North
Hatley, and Mr. and Mrs. Bellam
were week-end guests of Mr. and
Mrs. Thomas Harrison.

Mrs. Webster, of Coaticook and
Mr. and Mrs. J. B. Elder, of Beebe,
were guests of Mr. and Mrs. Clar-
ence White recently.

Farmers in this vicinity as every-
where are faced with a very serious
water situation, both at present and
the future. Every available source is
being utilized, brooks and springs
which never failed before being al-
most dry. As a consequence, cattle
are being sold at sacrifice large num-
bers of calves being shipped every
few days, which will meritably re-
act on country and city alike. All
whom this state of affairs concerns
are anxiously looking forward to a
prolonged rain-fall before winter
sets in.
