RESERVE UNIT REACHES GOAL IN RECRUITING

Second Battalion, R.M.R., Reported to Have Attained Full Establishment

Full establishment has now been reached by the Second Battalion, Royal Montreal Regiment, (M.G.), it was reported this week. The unit is believed to be one of the first on the island to have reached its objective in last week's recruiting campaign.

The Montreal Citizens' Committee agrees that this result was largely brought about by a very vigorous drive on the part of the unit itself. Every officer, from the O.C., Major H. G. Brewer, M.C., down, and a very large number of N.C.O.'s and men, contributed.

All the other units did well during the week and feel confident of reaching their establishment by the end of this week. It was pointed out by several of the units that employers did not notify their employees of the company's policy in connection with recruiting for the Reserve Army until the middle of the week, as the campaign actually did not start until Tuesday with the joint lunch of service clubs addressed by Hon. J. L. Ralston.

There is not likely to be any further special effort this week on behalf of the Reserve Army owing to the proximity of Army Week, during which the Canadian public will salute its men on Active Service.

Last week it was reported that about one-third of the objective of 10,000 men for the Reserve Army was recruited. Applications received up to Friday night totalled 3,157. Week-end campaigning was expected to raise this number considerably.

Large numbers of firms who have organized their own recruiting committees also will be heard from this week.

LAST RESPECTS ARE PAID LATE ALICE CONWAY

The funeral service was held on Monday for Miss Alice Conway, a member of the Board of Directors of Simmons Limited, the requiem mass being chanted at the Church of the Ascension of Our Lord, prior to interment in Cote des Neiges Cemetery.

Miss Conway was born of Irish and Canadian parentage in Salt Lake City, but her lifetime from early childhood was spent in Canada, first at Victoria, B.C., then at Montreal. Her parents, Mr. and Mrs. Edmund Conway, predeceased her.

Floral Clock To Be Missing This Year

Westmount's famed floral clock, the pride of residents and a principal tourist attraction, which has been laid each summer in the park just west of Victoria Hall, will not make its appearance this year.

The city has decided against operating the colorful timepiece as part of its policy of retrenchment for the duration of the war.

The unique timepiece, one of the comparatively few of its kind in the world, was a familiar sight to all west end residents but it proved a particular attraction to tourists. Sightseeing busses passing the clock on their route never failed to stop in front of it for several minutes and it was seldom that it was not photographed by visitors here who wanted to show a picture of it to friends back home.

The clock was entirely designed by the Westmount Parks Department and kept reasonably good time.

PEACE IN WAR

The glistening white hull of the Swedish-American liner Drottningholm, her name and mission printed in huge block letters, presented a strange contrast to the war gray of most ships as she steamed into New York harbor. On board were 908 diplomats, newspaper reporters and American citizens, held by Axis nations and recently released.

Members of the First Westmount Company of the Boys Brigade held their annual closing banquet and display, terminating the season's activities on Friday evening. At the banquet, Rev. Dr. Mulligan, chaplain of the company, spoke on the value of the church in the present world, while the second speaker, Rev. Frank Swackhammer, chaplain of the Mount Royal Air Cadets, challenged the boys to make their lives Christ-centred, as nothing would influence the world more than men and boys whose lives were living examples of true Christian manliness. Toasts were proposed to The King, The Boys Brigade, the Church and Brigade boys on active duty by the following N.C.O.'s: L/C R. Burris, Corp. Ed. Goring, L/C James Wright and Cpl. E. McKinlay.

Upham presented a most colorful play, which added much humour to the evening's entertainment.

FINAL RITES HELD FOR LATE DR. MCDOUGALD

Redfern Avenue Resident Was Prominent Business Man and Former Member of Senate

The funeral service for Dr. Wilfrid Laurier McDougald, of 342 Redfern avenue, was held in the Church of the Ascension of Our Lord on Monday morning.

A prominent member of the business, social and political life of the Dominion over a long period of years and a former member of the Senate, Dr. Wilfrid Laurier McDougald died Friday at his home. He was in his 61st year.

Dr. McDougald had been ill for some time and had received treatment in hospital for several weeks but had returned to his home ten days ago.

Born at Alexandria, Ont., Dr. McDougald was educated at the high school there, and at the Collegiate Institute in Cornwall, Ont., before entering Queen's University, Kingston, where he graduated in medicine.

He came to Montreal in 1909 and entered the service of Ogdensburg Coal & Towing Co. A few years later he took charge of the company and reorganized it as a coal-importing firm.

In 1921 he was appointed chairman of the Montreal Harbor Commission, a position he held for nine years until he resigned just after the federal election in 1930 when former Prime Minister Bennett and the Conservative Party came into power. He had been named a senator in 1926, but the appointment was confirmed only after the resignation and re-election of the King Government. He resigned from his place in the Senate some years later.

He was a member of the Rideau Club in Ottawa, and was a former member of the old Montreal Club, the Royal Montreal Golf Club, the Reform Club, the Canadian Club and the Kanawaki Golf Club.

Besides his wife, formerly Mary Hannan, of Ogdensburg, N.Y., he is survived by two sons, John McDougald, of Montreal, and Major Wilfrid J. McDougald, of the Princess Patricia Regiment, now stationed in Calgary.

Mr. Goth is an Ottawa young man, and a graduate of Montreal Theological College. Upon graduation, he was desirous of a wider experience in Canadian life, and went to the West, where he was shortly called to one of the outstanding United Church pulpits. His coming to Westmount for this one Sunday, has aroused considerable interest, and Westmount Park Congregation is uniting with St. Andrew's for the occasion. An invitation is extended to the general public to hear these interesting addresses. The evening service will be at half-past seven o'clock.

The Class C event was won by L. Hilton who scored a 55 while O. Raab was next in line with a 57.

The ladies' event was won by Mrs. Rose.

More events will be held next Tuesday evening at the Ravine Pond and newcomers are very welcome.

WIDE PROGRAM IS ARRANGED AT LOCAL PARK

Girls of City Will Make Articles for Soldiers, Sailors During Summer

The Girls on Westmount Park under playground supervisor Mrs. Brennan, are taking on an ambitious program this summer. The girls of the Summer School at this park are registered as a Junior Red Cross group of the Westmount Women's Club and this Club is supplying the girls with material to do their work.

One of the girls' most important jobs for the summer is the making of leather jackets for the sailors. The jackets are made from old leather purses supplied by the Westmount Women's Club. Knitted sleeves are attached to the jackets and in this way the sailors receive a warm jacket. The jackets are made this way instead of being made with fur.

Mitts for the soldiers and sailors are made from samples of overcoat material and are then covered with greffelt cloth and crocheted on top.

Another large item in the summer's work will be the making of Afghan blankets. The girls have made these on other occasions and are very adept at it. The blankets go to the Red Cross for the relief of people in the Province of Quebec.

The girls also helped in the strawberry social which was held on Tuesday in Westmount Park. Weekly athletic events will be held on Tuesdays this year instead of Saturdays.

The boys on Westmount Park have commenced their Summer League. Softball, soccer, volleyball, tennis, badminton, golf, boxing and many other sports are planned. Picnics and visits to places of interest are also on the bill. All boys in the Westmount Park district are asked to come down and join in these events, just make yourself known to recreation supervisor Jimmie McCormick at the Park.

S. WALLACE'S BOATS CAPTURE 2 1ST PLACES

Michel Panet-Raymond Cops Majority of Model Motor-boat Races

Simon Wallace's boats dominated the boat races which were held on Saturday afternoon at King George Park. Wallace's boats captured two first places and one second in the sailboat races.

Michel Panet-Raymond again captured most of the motor-boat races, winning two out of three races for this type of boat.

With a little better wind last weekend, three sailboat races were held. Simon Wallace won the first one with Walker Gales and Jack Price following in that order. The second sailboat race was also won by Simon Wallace with Neville Harisey in the runner-up position while Robert Matthews took third place. The final sailboat race was won by Neville Harisey with Simon Wallace having to be content with a second place this time. The third place ribbon went to Walker Gales.

The free-for-all race through the two ponds which is the feature of every Saturday afternoon's racing, was won by Raphael Fleming this week. Second place went to Leonard Cohen while none of the other boats managed to finish.

The two sprint races were taken by Michel Panet-Raymond. Raphael Fleming was the runner-up in both of the races while Ivan Phillips and Michel Panet-Raymond's other boat captured the show awards.

More races will be held again this Saturday afternoon in the pond at King George Park. The races are scheduled to commence at 3.00 p.m.

WESTMOUNT, THURSDAY, JUNE 25, 1942

75TH BIRTHDAY REFLECTIONS

Next Wednesday Canadians will celebrate the seventy-fifth anniversary of the founding of our country. Observance of the event will be quiet, for we are all sobered by the fact that we are engaged in the greatest war in the history of the world—a war in which we are fighting for our very survival. Little did the Fathers of Confederation realize, when they united the Provinces back in 1867, that a day would come that would witness the world in flames, Europe and Asia only a few hours away by fast plane, the enemy knocking at both our gates, and Canadians turning over fifty per cent of their national income to feverishly prepare to avert destruction. Had they been able to foresee this, we would have had a vastly different British North America Act than that which handicaps us today in this war of the hemispheres.

Canadians will reflect seriously on many things next Wednesday. We will especially reflect on the nature—the fundamental nature—of the struggle in which we are engaged. We are one of the nations of the Anglo-Saxon confederacy which has been challenged by virtually all the rest of the world with the notable exception of Russia—the one other great world power which champions the cause of the common man. The Anglo-Saxon tie with Russia is one that the anti-communists and red-baiters can't sever, for we know now that we hold in common with the Russians the humanitarian principle: "the greatest good for the greatest number." Victory for us in this terrible struggle will witness the final triumph of the common man who through many centuries of bitter struggle has pulled himself by his bootstraps up from serfdom. Defeat will send us back into the long night of the Middle Ages.

ARMY WEEK

Next week is Army Week when our many military establishments will be open for public inspection, and when a vast amount of information relative to our armed forces will be

made available to the citizens at large. Every one interested in our fighting men—and who isn't just now—will want to take advantage of this opportunity to see and learn: to see how our boys in uniform live, and to learn something of what we have accomplished in a military way since this war was forced upon us.

Army Week should also help greatly to swell the ranks of the Reserve Army. Many men, with no previous military experience, are hesitating through fear that army life is strenuous for those past the prime of life. They will learn, if they will take advantage of Army Week, that present-day soldiering is not the hard life of which they have read in stories and anecdotes. They will learn that a bit of soldiering is just what is needed for that sagging waistline and the inertia that comes from lack of exercise.

TRAVEL IN MID-WEEK!

The Canadian Transit Controller has made an appeal to all vacationists, asking them to begin and end their vacation this year in the middle of the week. Because of the exigencies of the war, passenger travel has increased greatly the past few months and train accommodation is being taxed to the limit. The movement of troops, and other necessary travel in connection with war industry, has appropriated vast amounts of railroad equipment and heavy holiday traffic cannot readily be taken care of. Week-end traffic is heaviest, and vacationists can do the cause a real service by travelling during the week.

Incidentally, wouldn't we be in a fine mess today if we had taken the advice of the boys who wanted us to amalgamate the railroads a few years back, tear up a few thousand miles of track, junk hundreds of freight and passenger cars, and reduce skilled railroad labour by thirty per cent? The alibi in those days was the fifty million dollar railway deficit—what you remember, "the whisper of death." What's the fifty million today?

SALVAGE OLD DIMES, DOLLARS

Next time you are collecting old iron and rubber for the salvage truck, don't forget the old dilapidated dimes, quarters, and bills you might have in your pocket. They're also salvage, although not the kind to be carted away on a truck. It's a good habit to save them, nevertheless. You can exchange them for brand new, clean and crisp war savings stamps, certificates, and bonds. And furthermore, old dimes and quarters pay no interest no matter how long you keep them, but the stamps and certificates will pay you, seven years hence, five dollars for every four you invest now; while the bonds will pay three per cent per annum until maturity. Think it over!

TOM PRESTON, NOTED MASON, LAID TO REST

Capt. the Rev. T. W. Jones Conducts Funeral for Former C.P.R. Employee

Hundreds of brother Masons, fellow employees of the Canadian Pacific Railway, friends and relatives filled the chapel of William Wray, University street, Saturday afternoon for funeral services for Tom Preston, one of the five original members of the Canadian Pacific Railway's real estate department here. Mr. Preston died suddenly at his home on Thursday, less than three weeks after his retirement following a service record of 33 years.

Capt. the Rev. T. W. Jones, minister of Calvary United Church, conducted the service. Interment followed in Mount Royal cemetery.

Chief mourners at the funeral included the widow, formerly Lily Smith; two sons, Leonard John Preston and Reginald James Preston; a daughter, Miss Doris Preston, and a brother James Preston.

Mr. Preston joined the Canadian Pacific Railway in May, 1909, and had been with the real estate department as building inspector since 1912. Two days prior to his death he had been guest at a farewell presentation ceremony on the occasion of his retirement.

A member of Zetland Lodge, No. 12, since December, 1915, Mr. Preston was a former Past Master of the Lodge, of which he was secretary at the time of his death, was a Past Grand Registrar of the Grand Lodge of Quebec and belonged to the Montreal Chapter, Richard Cœur de Lion Preceptory, and Karnak Temple of the Mystic Shrine.

Argentina has approximately 4,000 acres planted with imported Canadian seed potatoes in the 1942 season, the estimated yield from which is about 650,000 bushels.

Minister Will Preach On War-Troubled World

The sermon in Westmount Baptist Church on Sunday morning will be especially helpful to folk who live in life's brier patch. For a very few people life seems to be a fragrant clover field. For a few others it seems to be a fragrance-haunted garden but for most of us it is more or less of a brier patch. "In God's Brier Patch" when they swamped Buddy Lyons' Argos from Westmount Park 24-5.

On Sunday evening, Dr. Johnston's subject will be entitled: "Getting our Bearings in this War-Distraught World." Is there a faith that we can live by? Are there headlights of prophecy for these dark highways of history? What, "amid this maddening maze of things," are the things in which we may have steady, unflinching confidence?

On Wednesday evening at eight o'clock the congregation has its mid-week service. Visitors are cordially invited to all of these services.

CALVARY CHURCH NOTES

The services in Calvary United Church on Sunday, will be conducted by the minister, Capt. the Rev. T. W. Jones, M.A., D.D.

At the morning hour of worship Dr. Jones will preach on the theme "Climbing the Upward Way." A part of the service will be specially for the children, and by special request, Kenneth Munro, a boy soloist, will sing.

At the evening service Capt. Jones will preach on the subject "The Christian Psalm of Life," setting forth the fruitful life of service in fellowship with Jesus Christ the Lord.

On Tuesday, June 30th, the officers of the Calvary Red Cross Unit will be in the parlours of the church from 10.30 to 12 o'clock to receive work already completed and to give out material for summer work.

Calvary congregation is invited to worship throughout the month of July and on August 2nd with the congregation of First Baptist Church, Dorchester Street at Guy Street.

NEWS OF THE THEATRE WORLD

Theatrical
AttractionsFour Noted Film Actors
Featured In 'King's Row'

Ann Sheridan, Robert Cummings, Ronald Reagan and Betty Field top the cast of "Kings Row," which is now showing at the Snowdon Theatre, and opens at the York United Theatre on Saturday and at Westmount Theatre on Sunday.

"Kings Row" is the story of a town somewhere in the Middle West, but it might be a town anywhere in the world. Its people are real, no better or worse than those who make up the population of any town or city.

There is Parris Mitchell (Robert Cummings) young, ambitious and clever and the town's most promising young physician. But how many of the towns people knew of his wild, secret love affair with Cassandra Tower (Betty Field) whose brief life came to such a tragic end? The people could have told you about Drake McHugh (Ronald Reagan) the bad boy from the right side of the tracks who marries Randy Monaghan (Ann Sheridan) the girl from the wrong side of the tracks. But they couldn't have told you that Randy's sweet, natural goodness and strength of character changed Drake's aimless, pleasure-seeking life into one of purpose and meaning.

It is with these two romances that the story of "Kings Row" concerns itself, but in telling them, it also gives us a deeply revealing story of human nature. The result is thoroughly absorbing entertainment that keeps its audience enthralled.

Besides the four stars, the

featured cast of "Kings Row" includes Charles Coburn, Claude Rains, Judith Anderson, Nancy Coleman, Kaaren Verne, Maria Ouspenskaya, Harry Davenport and many other well-known character portrayals.

ROYALS GAIN
LEAGUE TITLE

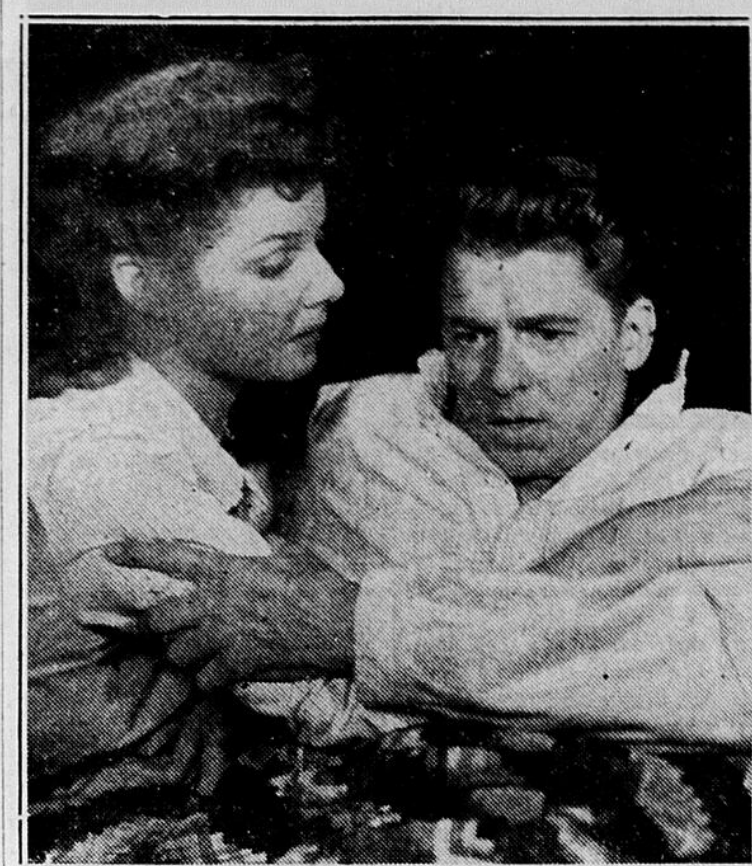

Johnnie Piers' Royals captured the B Section of the Westmount Municipal Midget Baseball League when they defeated Bill Dryden's Bearcats in the second half of a double-header last Friday afternoon, 2-1. The Bearcats had won the first game of the twin bill 8-6 and thus tied up the series at two games apiece but the Bearcats came back to win the second game in fine style.

After a free hitting first game in which both teams took liking to the offerings of the hurlers opposing them, the second game was just the opposite. Ewen Morrison hurled the second game for the Royals and let the Bearcats down with only two hits. Frankie Read pitched both ends of the double-header for the Bearcats and although he won the first game he was in better form in the game he lost.

The bantam play-off game between the Bruins and the Bombers is scheduled to be played today at Atwater Park. After many postponements it is hoped that the game will go off on schedule. The two teams are tied for the section title each having won four games and lost one.

Canadian shippers of agricultural and other merchandise to Chile are advised to quote prices in United States dollars, because, according to the regulations of the Canadian Foreign Exchange Board, final payment must be effected in that currency.

Ann Sheridan and Ronald Reagan in "King's Row"

Ann Sheridan and Ronald Reagan in a moving scene from "KING'S ROW," the Snowdon Theatre's dramatic hit, and opens at the York Theatre on Saturday and at the Westmount Theatre on Sunday. Adapted from the recent best-selling novel by Henry Bellamann. The other two top-ranking stars are Betty Field and Robert Cummings.

AT PARK NEXT WEEK

The Six Cressonians, acrobats and teeter board artists, at Belmont Park next week starting Monday afternoon.

"JOE SMITH, AMERICAN"

Robert Young and Marsha Hunt in a scene from the suspense-packed film "Joe Smith, American," which opens at the Monkland United Theatre on Sunday playing until Tuesday night.

Woman Trouble
Again Andy's Lot

A new and sparkling personality is introduced in "The Courtship of Andy Hardy," which opened Wednesday at the York United Theatre and will be playing until Friday night. Donna Reed, who plays the latest romance in Andy's life, in a difficult role, first as an "ugly duckling" and then as a lovely debutante, she gives an outstanding acting performance.

The story concerns the attempt of Judge Hardy to straighten out the life of a young girl whose existence has been made pathetic by the bitter quarrels of her separated parents. To do it, he enlists the aid of Andy, who takes the girl to her first dance.

She proves the expected wallflower and Andy's evening is made miserable. His courage in the face of it wins her worship, and she resolves to make herself attractive. This she does at the next dance, but Andy still doesn't return her feelings, a source of no little worry to himself as well as to her.

Six Cressonians
At Belmont Park

Two attractive young ladies and their four handsome partners will provide the free outdoor entertainment at Belmont Park starting Monday afternoon. Known as the "Six Cressonians," these people are considered top acrobats and teeterboard artists and their act is unrivalled in smoothness and its breath-taking routines. Getting their momentum from the teeterboard, members of the troupe are shot into the air where they turn somersaults... both backward and forward...

Back-Talk?

Romance is temporarily taken back when Ray Milland suspects the lovely Paulette Goddard of being a spy in Paramount's comedy-thriller, "The Lady Has Plans," which opens Saturday at the Kent Theatre with "The Male Animal."

Shearer and Douglas
Top Bill at Westmount

The brilliant comedy talents of Norma Shearer and Melvyn Douglas are brought to the fore in "We Were Dancing," M-G-M's laugh-studded romance, which is now playing at the Westmount United Theatre.

The story presents two attractive young people of noble birth, penniless in America, dependent on their social charms for a living. Miss Shearer is engaged to a rich lawyer, Lee Bowman, but throws him over when she meets Douglas. Society, however, welcomes them less as a couple than it did singly as companions for extra guests. They pretend to be unmarried and meet in secret.

This falls when Gail Patrick, already in love with Douglas, reveals their marriage. It also leads to a divorce when Douglas fails to get a job and responds too readily to Miss Patrick's overtures. Bowman handles the case and wins hands down.

The irony of the tale is a amusingly emphasized when Douglas does get a job as a decorator and is assigned to do the house in which Bowman and Miss Shearer are to live after their marriage. Douglas goes gamely ahead until he and his former wife meet. They solve the problem by a second elopement and Douglas meets the economic pressure by holding his job. It's fun all the way!

Tracy, Hepburn
In Monkland Film

It was inevitable that Spencer Tracy and Katharine Hepburn should some day appear on the screen together, and the union of these two Academy Award winners in "Woman of the Year," which is now playing at the Monkland United Theatre until Saturday night provides the screen with a completely refreshing and engrossing photoplay.

With Tracy in a made-to-order role as a newspaper sports writer and the sparkling Miss Hepburn as a sleek and sophisticated columnist on international affairs, the story unfolds the meeting of these two opposite personalities, their marriage, and the clash of temperament between the man who wants his wife to preoccupy herself with her home life and the woman who, named "America's Outstanding Woman of the Year," believes she can combine marriage and a career.

Ace Performances
Tracy, in the role of the sports writer, again offers that combination of naturalness and dramatic power which has made him one of the greatest performers of the screen, while Miss Hepburn has never been more striking than in her present portrayal as a woman who knows her diplomats from the ground up but who is completely ignorant of the popular American pastime of baseball.

Miss Ruth Sutton, sister of the bride, and Miss Frances Coghill, as brides attendants, were dressed alike in floor-length frocks of chiffon sheer. They wore sweet peas in their hair and carried bouquets of sweet peas, baby's breath and maidenhair fern. Miss Sutton wore powder blue chiffon and Miss Coghill was in pink chiffon.

Following the ceremony, a reception was held, and later the bride and groom left for the Laurentians, the bride travelling in a suit of dusky pink wool with a white hat and matching accessories.

The out-of-town guests included the Reverend and Mrs. Fred Williams, parents of the groom, and Miss Naomi Williams, of Sherbrooke, and Mr. and Mrs. Wendell O. Williams, of Ottawa.

EVERYTHING CONSIDERED

BY GERALDINE BRIETZCKE

In the days when there were, alas! no summer camps for children, boys and girls either stayed home in the heat and made the best of burning sidewalks and dusty yards, or were taken to formal resorts enough to belong to families who owned real country houses, that was for an unsatisfying week or two by their parents. If they were lucky another story—but think of all the children who were not lucky enough.

They went without the country all their childhood; they never learned to make a campfire, or to read the stars, or to handle a canoe. And that was not necessarily because they were poor children. It was because arrangements had not been made in those days for putting children where they belong in the summer holidays—in the sunshine and fresh air, with new interests, new friends and a chance to develop talents, muscles and a capacity for the enjoyment of simple things.

Take an up-to-date case, such as that of Joan, and see what a difference a camping holiday made to her. Joan was shy, and she disliked the thought of camp life. She wouldn't use the word "regimentation," because she was only twelve; but in her heart she wasn't pleased at the idea of being bossed all summer and not being allowed to do what she wanted.

Two weeks at camp changed Joan's mind for her. She found that she could do just what she liked, within reason; and as for bossiness, the councillors were no stricter than her own mother, about brushing teeth, going to bed early and eating plenty of vegetables. Joan discovered what unexpected fun it was to live in a tent, to swim in the moonlight, to take long hikes with a knapsack slung over her shoulder; she took part in plays, in sing-songs, in marshmallow roasts; she made lots of new friends and in turn made lots of nice plans for winter get-togethers with Joan; she came home plump and healthy and brown, with shyness thrown to the winds.

There are many children like Joan, who went to camp doubtful and came back exuberant about the whole thing.

C.W.A.C. In Real Earnest About Winning the War

Members of the Canadian Women's Corps look deceptively chic and feminine in their trim new uniforms but they're as deadly earnest about winning the war as the toughest man with a rifle.

As drivers, motorcyclists, laboratory assistants, switchboard operators, clerks, book-keepers, dental assistants, X-ray technicians, and cooks, they have already released hundreds of men in A and B category for combat duty.

During Army Week, the C.W.A.C. on parade with thousands of men of Canada's Army, by their snap and precision will bear out many a Sergeant-Major's belief that they take to drill faster than men do.

When a girl volunteers for the Women's Army Corps she must pass a physical examination as stiff as that of a fighting man. Girls can't be accepted for service unless they are physically sound. Chest, ears, eyes, nose, teeth and bodies generally are checked over by careful army physicians.

Given Equipment

Once a recruit passes her medical she is attested and given a uniform and other personal equipment. The first visit to the Q.M. stores is quite an adventure for the girls. For once they

can outfit themselves without worrying about price. Partly tailored uniforms are fitted on the volunteer and then completed by a tailor. The list of other equipment the girls receive reads like this: trench coat, brown oxford, overshoes, knife, fork and two spoons, kit bag, shirt, tie, sweater, button stick, gloves, great coat, gas mask, flask, mitts, knapsack, shoe brush, purse and hat.

Tiny Lady Catches Two Monster Salmon

PORTLAND, Ore.—Mrs. Grace Wallace doesn't weigh much more than two monster chinook salmon she caught recently during the Willamette river run. The fish weighed 32 and 24 pounds.

Since the start of the 1942 season the four-foot-1-inch tall fisherman has landed 54 salmon. She canned most of the fish, thus solving a large part of the Wallace family food problem.

SUCCESSFUL FAIR, STRAWBERRY SOCIAL HELD BY LOCAL CLUB

A successful combined strawberry social and variety fair were held by the Westmount Women's Club on Tuesday afternoon and evening in Westmount Park, in aid of the club's ambulance fund.

Booths were set out under the trees near the bandstand, and a variety of games and stalls did a thriving business.

Soft drinks were sold as well as home cooking, ice cream and home made candy, and bingo was played both afternoon and evening; individual prizes and war savings stamps were given as premiums. There was a rickety-lan, a wheel of fortune, drawings, a fish pond and fortune telling.

In the evening the band of the Royal Montreal Regiment was in attendance.

The following committee was in charge of arrangements: General chairman, Mrs. R. M. Macaulay; strawberry social chairman, Mrs. A. Thomson, Mrs. H. C. Holland; soft drinks, Mrs. Douglas Bremner, Mrs. Frank Lindsay; ice cream, Mrs. Gordon Kent, Mrs. Alan Slayton; home cooking, Mrs. W. M. Hick, Mrs. M. J. G. Hogan; home-made candy, the Misses A. and M. Brown; miscellaneous, Mrs. John Mulcair, Mrs. Anthony Blanchard; fish pond, Mrs. John T. Rowe, Mrs. Norman Southward; flowers, Mrs. C. W. Clark, Mrs. J. W. Wright; bingo, Mrs. J. Gordon Birnie, Mrs. Gordon T. Blair; wheel of fortune, Mrs. J. C. McKean; Mrs. J. A. Gillespie; fortunetelling, Mrs. A. Hector Cadieux; rickety-lan, Mrs. G. L. Spiliotopoulos.

As the Canadian Army increases the C.W.A.C. will also expand its personnel to take care of the mobs which relieve men from office work, driving and cooking. Actually there's no limit to what the girls can do and they've already shown by their spirit and competence that they are ready to tackle any jobs the Army chooses for them.

LIEN ON WORKER RULED INVALID

10 - Year - Agreement of Hairdresser Now in N.D.G. is Annulled

Although Roger Marceau, hairdresser, now in N.D.G., signed a contract by which he undertook not to work for 10 years for any other employer than Bernard Bastien in the same line of business, he is not obliged to live up to the agreement. Mr. Justice McDougall decided in the Superior Court last week, because such a contract is illegal.

Bastien applied to the court for an injunction to restrain his former employee, Marceau, from working for another hairdressing firm. In that connection he produced the agreement by which the employee had bound himself not to work for anyone else for 10 years. In defence, the employee said he signed the undertaking on the strength of an agreement with Bastien to form a company to carry on the business in which Marceau would be given a block of stock. That agreement, Marceau said, was never carried out.

His Lordship said "It is not for the public interest that an employer should be allowed to prevent a former employee from carrying on business in competition with him when all the employee takes with him is the skill and knowledge acquired in the employer's service. It might well be otherwise if the employee were to seek profit by the use of trade secrets acquired while in the employ of the master."

WHITING ON IRON

To remove starch or other foreign substance from the surface of your iron, try whitening. If it won't yield to this fine abrasive, try very fine steel wool. Take care of your iron. Once the surface develops the tiniest rough spot, it is ruined for fine work.

MEASURE SHEETS

Sheets that are too large will give longer wear than those that are too small. Measure your beds before buying sheeting. Allow for the thickness of the mattress, for a good tuck-in at sides, top and bottom, and for shrinking when washed. Average width for a single bed is 63 inches; double bed 81 to 90 inches.

WHERE TO GO VACATION WHAT TO DO

Townships Unblemished As War Factories Hum

Although the Eastern Townships are playing their full part in the ever-increasing Canadian war effort, the smiling countryside of this vacation area suggests little of these grim activities. Factories and training centres alike stand virtually unnoticed, among the friendly towns of this summer vacationland. Again this year, present ideal holiday relaxation and freedom

happens merely wishing a complete rest, visitors will find it possible to spend a much-needed and beneficial vacation from wartime stress and strain.

The accessibility of the townships by rail is bound to make it a popular region for vacationists with whom the tire and gasoline problem plays such a big part in this year's travel picture. They will find it easy to reach the noted lakes of Bromé, Magog, Memphremagog, Orford and the thousand others that dot this arched area. Gleaming lakes and placid streams will be magically attractive to fishing enthusiasts who do not want to miss their sport but who cannot travel too far to get it.

Known in winter for the excellent skiing facilities, this is the country of the magnificent mountain ranges of the Appalachians, the Green Mountains and Les Bois Français. The trail followed by Roger's Rangers winds through here, and the tourist will recognize the countryside from his past reading. Its scenic beauty rivals that of many other famed places on the continent, and every year visitors exclaim at the unexpected charm of La Vallée de la Chaudière and la Beauce.

To the painter or colour photographer the townships provide a rich fund of material. Winter's snows, dazzling in the daytime and covered with the blue haze of the moon's radiance at night, vie with the rich tints of autumn when leaves begin to turn and the whole countryside is splashed with colour. Summer is, of course, most popular with the average visitor who finds an opportunity to enjoy himself on vacation.

Laurentian Area Is Favored Spot

Their accessibility from Montreal has made the Laurentian highlands a favored holiday spot with dwellers in the Metropolis. Within an hour or more by train are splendid lakes and streams for fishing, good beaches for the bathing enthusiast, delightful mountain scenery for the lover of beauty and all the attractions of an outdoor holiday. So great has been the appeal of this area, that many people look upon them as the chief scene of their summer and winter diversions.

The summer attractions of the Laurentian area are manifold. Great numbers of Montrealers make this region their choice for summer homes, and particularly during week-ends, the Tunnel Terminal of the Canadian National Railways is a busy spot as representatives of the different families arrive and depart on their outings. Hiking, climbing, swimming, boating, fishing and other outdoor activities each have their devotees.

Numerous lakes and streams, with water clear, cold and sparkling, provide excellent fishing, though naturally the best areas for this sport lie beyond the summer resort regions and motor highways. Snorkled and grey trout are plentiful and there are also bass, pike and pickerel in various waters.

Natural forest cover makes the Laurentians a splendid place for the hunter to enjoy himself. Deer are found at many locations, there is an occasional

Royals, Training Command Tied In Senior Loop

DODGERS AND WIRELESS SCHOOL ARE CLOSE BEHIND LEADERS IN MUNICIPAL SOFTBALL LEAGUE

Kevin Tolan's Royals are again making their presence felt in the Westmount Municipal Senior Softball League, after dropping to fourth place in the league standing on account of having two games taken away from them for using an ineligible player; the Royals have worked their way back into a first place tie with the No. 3 Training Command squad. Both these teams are one point ahead of John Hutchinson's Dodgers. The No. 1 Wireless School are next in line in one of the closest league races of the past few years.

The Royals captured two wins during the week, both against Knucker Irvine's No. 12 Equipment Depot team. Last Wednesday the Royals defeated them 7-3 but on Monday night they had a harder time and had to go eight innings before they disposed of the Airmen 12-11.

Four runs in the fourth inning of Wednesday's game proved the winning margin for the Royals. Lloyd Daniels, Sibby Munday and Smiley Meronek paced the Royals with two hits apiece while Earl of the No. 12 Depot team hit his fourth home-run of the season and is now the leader in this department.

Kevin Tolan proved the hero of Monday's fixture, Tolan's infield single in the last half of the eighth inning with one out knocked in Sonny Prevost with the deciding run to give the Royals a 12-11 win. Previous to this, the No. 12 Depot team had

plenty of opportunity to win the game but smart fielding and the failure of the Airmen to hit in the pinches caused their downfall. Alec Smart led the winners with some smart fielding and batting. Smart batted out three hits, two of them doubles. Knucker Irvine led the losers at bat with three hits, one of them a circuit clout. Whitney Jones of the losers also batted a home-run.

The No. 3 Training Command disposed of a threat to their league leadership when they defeated the Dodgers 11-2 on Wednesday evening. The Airmen assured themselves of the game in the first two innings when they scored seven times without response from the Dodgers. Jack Keen, the loop's leading batter, led the No. 3 Command's attack with four hits in five times at the plate. George Scully limited

the Dodgers to four hits for his third straight win and allowing his opponents only six hits in the three games. Butler hit a home-run for the winners.

The Dodgers got back in the winner's column on Friday night when they defeated the Swans 4-2 behind the five hit hurling of Johnnie O'Connell. Don Durno and Frank Prevost led the Dodgers at bat with two hits each. Durno batted out his fifth double of the season in this game. Emmett Miller accounted for the two winning runs when he smacked out a long home-run in the last half of the sixth inning with Durno on base. Earl Kelly got two of the losers five hits.

The Swans lost their second game of the week on Monday night when the Radiolocators swamped them 25-7. The Radiolocators have been hitting well all season but never with men on bases, but this time they did both very well. Bert Sadesky made his first appearance for the Airmen in over a month and hurled and batted his team to the win. Sadesky batted out five hits in five times at bat. All of the winners got at least one hit and most of them two or three. Home-runs were hit by Shusterman and Chuck Abelsou of the winners. Bill Booth, Gordie Williams and Bob Brennan were the best for the Swans.

Jack Keen of the No. 3 Training Command team has wrested the batting lead from Johnnie Mahaffey of the Royals. Mahaffey last year's batting leader and up till now this year, fell behind when he only connected for one hit against the No. 12 Depot team while Keen made the best of it by getting four hits against the Dodgers. Keen has an average of .559, Mahaffey in the runner-up spot has .519. Others up in the front are Don Durno of the Dodgers with .500, Daniels of the Royals with .486 and Dumoulin of the No. 3 Command with .458.

The No. 3 Command team are the best all round hitters as they sport a team batting average of .320; the Dodgers are the next in line with .312 followed by the Royals with .309.

Barl of the No. 12 Depot team leads the league in home-runs with four while Don Durno of the Dodgers has the most doubles, 5. Jack Keen has the most hits, 19.

Games scheduled for this week are as follows:

Tonight: Radiolocators vs No. 3 Command; Wireless School vs No. 12 Depot.

Friday: Royals vs Dodgers.

Physical Fitness Through Exercise And Diet

This is another in a series of health articles by P. M. McFarlane, Physical Director at the Westmount Y.M.C.A.

A recent article appearing in one of our daily newspapers reveals the astounding fact that army figures show that rejections for all of Canada are highest in the province of Quebec. The percentage of acceptances in the Montreal administrative area was 51.12, and in the Quebec area 44.09, as compared with the average acceptance level of 61.69 per cent for Canada. The two areas in this province had the highest number of rejections in the Dominion.

To date very little has been done to remedy this deplorable state of affairs but in most cases it is really a personal matter. If a total war effort is going to be hindered by a nation of physically unfit, it is time that drastic steps are taken to raise the level of physical fitness of everyone.

Many people go about bemoaning the fact that their personal war effort is so small, and yet, physically and mentally they are functioning with about 60 per cent efficiency. To win this war, it will be necessary for every man, woman and child to be functioning with the greatest possible degree of physical and mental power.

In order to put forth our greatest effort, each one of us should "take stock" of our physical and mental powers, daily health habits and other factors which enter into the picture of physical and mental fitness. If we possess any physical defect which is remedial by exercise and diet, every effort should be put forth to see that a correction is brought about as quickly as possible. In many cases, considerable readjustment of present living habits will be necessary but no change

is too great, if an improvement in physical condition results in ones' ability to perform his daily task with more efficiency.

We demand a high rate of efficiency for all the mechanical inventions which are under our control, yet fail to take the necessary action when the human machine is functioning below normal. In the final analysis, the human element will determine whether or not we are going to win this war. Only by having people in perfect physical and mental health can we hope to have the courage, morale and initiative to see the war through to a successful conclusion.

Now is the time for you to act. Do not leave the task of getting into condition to the other fellow. For most, the effort will be a great one, but as part of your personal war effort, it should be considered of paramount importance at the present time.

Final Round of Open Singles on Tomorrow

The final round of the Women's Open Singles tennis tournament on the Westmount municipal courts will in all likelihood be played tomorrow at the adult courts in Westmount Park. At the present time one of the finalists, Mrs. Lowe, has been declared. Mrs. Lowe who captured the title the last two years is the favourite to repeat this year. The semi-finalists are Mrs. McNaughton and Mrs. Becker, the semi-finals are scheduled to be played this afternoon at the adult courts.

The finals in the Men's Open Doubles event was to be played last evening in the event of good weather. The match was originally scheduled for Tuesday evening but the rains came with the score 3-1 in favour of Jim Macken and Dave Schwartz in the first set of their match with L. A. Tucker and Leslie Smith.

Smith and Tucker disposed of Stu Beaulne and Donnie Mann 4-6, 6-4, 6-3 and 6-0 in the semi-final match. Beaulne and Mann looked like they might create an upset when they took the first set of their match from Tucker and Smith but tired visibly in the last two sets.

The draw for the Men's Open Singles tournament has been up at the courts since the weekend and play started last night. Most of the first and second round matches in this event are scheduled for tonight and tomorrow at the adult and Western courts.

ROYALS AND ROCHESTER TO PLAY SUNDAY

Ray Hayworth, third manager of the Rochester Red Wings this season, will make his first appearance in Montreal with his Cardinal juniors Sunday when they play the Royals in a double-header. The first game will start at 2 o'clock. Night games are booked between the Royals and Wings Monday and Tuesday, with another double-header on Wednesday, July 1, starting at 2 o'clock, celebrating Dominion Day.

Hayworth, veteran major league catcher, succeeded Estel Crabtree, Tony Kaufmann managed the Wings the last time they were in town. Spotlight during the Rochester series will be upon Jean Pierre Roy, French-Canadian pitcher, who is back with the Wings after a successful start at Mobile. Then there is Jimmy Rippe, former Montreal favorite, as well as ex-Royal Frank Pearce, Bill Lillard, Max Surkout, Erwin Dusak, Ira Hutchinson and Clem Dreisewer. Hutchinson and Dusak are almost certain choices to represent Rochester in the all-star game to be played at Buffalo July 8.

The Royals hope to gain ground during the series with the Red Wings. Sukeforth's team started the week handicapped through the loss of its two star sluggers, Jack Graham and Les Burge. Burge was leading the league with 17 to his credit, but should be back in the lineup soon. Graham, beamed by the Jersey-City southpaw, Sandel, may be out for some weeks with a fractured cheek-bone. Meanwhile Gene Moore is attempting to carry the load as principal slugger for the Royals, and is doing a fine job.

The Royals wind up their Buffalo series with an afternoon game Saturday, before the arrival of Rochester Sunday. After the Sunday and Wednesday double-headers against the Red Wings, the Royals have only one more Sunday double-header at home until August.

Boomerangs Win Title In Pee Wee Ball Loop

The Boomerangs, an in-and-out team all season in the Pee Wee section of the Westmount Municipal Softball League, proved to be the best team in the play-offs just concluded in this loop. The Boomerangs won the championship when they defeated Donald McDonald's Red Wings 3 games to 2 for the title.

The Boomerangs who finished third in the league standing eliminated the second place Panthers in two straight games. They then won the first third and fifth game from the Red Wings, last year's champions, to cop the pennant.

All the games in the Boomerangs-Red Wings series were tight ones and good play featured throughout.

The Boomerangs finally won the title on Saturday morning when they won the fifth game of the series 12-11. A three run rally in the sixth inning brought the winners from behind an 11-9 deficit to give them a one run lead which they held on to till the game was over. Consecutive hits by Ronnie George, Cam McFadden, Teddy Tobias and Dave Binmore accounted for the three runs.

Dave Binmore of the winners batted out three hits to set the pace for his team. Bill Losito of

the losers also accounted for three hits. The only home-run of the game was smashed out by Mickey Bourassa of the Red Wings.

In the fourth game of the series which the Red Wings won 10-4, Donald McDonald, Ken Black, Earl MacDonald and Gerry Hennessy starred at bat while Ned Jackman let the Boomerangs down with six hits.

The third game of the series which was won by the Boomerangs 12-6, was featured by George Thomas' heavy hitting. Thomas clouted out a triple and a homer to bang in four runs.

Earl MacDonald of the Red Wings was the league best batter with an average of .625, runners-up were Donnie Wadsworth of the Boomerangs and Ken Livingstone of the Panthers with .516.
