BRITAIN TO SPEED ARMS PROGRAMME

Expanded Armament Policy Blunt Reply To Austrian Attack

Early Announcement of Further Steps to Be Taken in European Crisis Expected to Be Made Shortly—Prime Minister Tells House of Commons That Britain Has Rejected German Stand That Austro-Reich Trouble Is Internal Affair.

(By George Hambleton, Canadian Press Staff Writer)
London, March 14.—Great Britain's blunt reply to Germany will be to speed up her vast programme of armaments.
"In regard to our defence programme," Prime Minister Chamberlain declared as he reviewed to a crowded House of Commons the tragic course of events which led to Chancellor Hitler's seizure of Austria. "I always have made it clear that that programme will have to be reviewed from time to time in the light of changes in international situation."
"It would be idle to say that recent events do not constitute a change of the kind we had in mind. Accordingly, we have decided to make a fresh review. In due course we shall announce what further steps we may find it necessary to take."
Mr. Chamberlain's declaration came at the end of a half hour's speech to which the crowded benches listened with the intension of a great crisis. The German Charge d'Affaires, Ernst Woermann, sat among the foreign diplomats.

Tells of German Ultimata.
As the Prime Minister told the story of three successive German ultimata to the reigned Austrian Chancellor, Kurt Von Schuschnigg, murmurs of indignation ran around the House. As he told of how the German Government described these ultimata as "pure imagination," the Labor benches broke into scornful laughter.
Mr. Chamberlain read the text of Germany's reply to Great Britain's protest in Berlin. Rumors of indignation rose again as Mr. Chamberlain quoted the words of Baron Konstantin Von Neurath:
"In the name of the German Government I must state in reply that the British Government is not within its rights in claiming the role of protector of Austria."
Questions between Germany and Austria—the Prime Minister still quoted—could only be regarded as internal affairs which were no concern of third parties. For this reason the German Government must reject the British protest as inadmissible.

Rich Mineral Resources and Water Power Reserves of Annexed Country to Play Important Part in Development of German Four-Year Plan for Economic Self-Sufficiency—Attitude of Italy Wins German Praise.
(By Louis P. Lochner, Associated Press Foreign Staff)
Berlin, March 14.—Hard-headed Nazi economists were busy today planning in minute detail the economic future of annexed Austria.
Lead, graphite, silver, gold, copper and magnesium are found in Austria and they will aid the German Reich on the path to economic independence.
While the masses in Austria and Germany were celebrating joining of the German-speaking nations with Chancellor Hitler as their leader and in command of their combined armies, German economists gave attention to the practical aspects.
Their job is to bring Austria under the four-year plan to make the Reich independent of foreign markets in providing for its needs. The Economic Ministry already is preparing measures to effect economic cooperation.
Echoing Hitler, Field Marshal Hermann Goering yesterday announced Austro-German union, predicted its endorsement by the Austrian people in the forthcoming plebiscite, and told the world it was strictly Germany's business.
Speaking in the Opera House at annual memorial services for German war dead, he insisted Germany would protect "the rights of all Germans, even those beyond the borders," and thanked Premier Mussolini of Italy for his attitude on Austria.
"Words about fidelity and friendship which I Duce addressed to us last year," Goering said, "have been translated into a shaming deed."
Italy officially has accepted Nazi-fication of Austria, whose independence was determined this morning.

Germany Finance Leaders Plan Economic Future Of Austria

Another Step In Nazis' Campaign To Completely Wreck Versailles Treaty
Scrapping of Austrian Independence Agreement Left Only Territorial and Colonial Clauses of Treaty Intact After Almost Nineteen Years of German Opposition to the Pact.
Paris, March 14.—(AP)—The bloodless military coup merging Austria with Germany marked a step in Adolf Hitler's campaign for complete destruction of the Great War Treaty of Versailles.
Under article 80 of the pact Germany promised "to respect strictly the independence of Austria" and agreed "independence is inalienable except with consent of the League of Nations Council."
Scrapping of the agreement left only territorial and colonial clauses of the treaty intact after almost nineteen years of German opposition to the pact.
Hitler's demands for return of German colonies have been intensified in recent months, recalling Kai-

Possible Hint Britain May Adopt Some Form Of Conscription Was Dropped By Premier Chamberlain In Commons Today

London, March 14.—A possible hint that the British Government may be considering some form of conscription was dropped by Prime Minister Chamberlain in the House of Commons today while reviewing the international situation in light of Germany's absorption of Austria.
"We must consider the new situation clearly but with cool judgment," he said, "and with confidence that we shall be supported in asking that no one, whatever his particular preconceived notions may be, shall regard himself as excluded from any extension of national efforts that may be called for."
The Commons cheered the statement.
An official interpretation of the full meaning of the Prime Minister's words was not forthcoming immediately, but it was recalled some influential Conservatives have been demanding some sort of compulsory national service similar to that enforced in Germany and Italy.
It also was recalled that Mr. Chamberlain only recently reaffirmed the pledge of his predecessor, Stanley Baldwin, against conscription in peace time.
In an editorial today, the Times spoke of "compulsory organization" in recommending "fresh support for the movement for more rapid, effective and even compulsory organization of the people of these islands for civilian service of the type demanded by modern dangers, particularly that of panic caused by sudden air raids."

Mussolini Extends The Good Fellowship Hand To Hitler

II Duce Today Gave Der Fuehrer Personal Reassurance of Italian Friendship—Italians, However, Swerved by Controlled Press from a Stand for Independent Austria to Endorsement of Austro-Reich Union, Are Bewildered by Sudden Turn of Events.
Rome, March 14.—Premier Mussolini today gave Chancellor Hitler his personal assurance of Italian friendship.
In a telegram to Hitler at Vienna, the Duce declared: "My attitude is determined by the friendship between our two countries consecrated in the (Rome-Berlin) axis."
Mussolini's communication was in reply to Hitler's earlier message that he would "never forget" the Premier's attitude toward his annexation of Austria.
Italians, swerved by a controlled press from a stand for independent Austria to endorsement of Austro-German union, seemed bewildered today by the sudden turn of events.
Ever since the Great War they had learned to think of an independent Austria as essential to the safety of Italy's frontier.
Overnight they have seen the idea disavowed. The long-dreaded union of Austria and Germany now is set forth as the necessity which Italy approves.
Confronted with this, many Italians privately confessed their bewilderment.
"Why did we fight the war?" some of them are asking.
Catholics here were concerned, because Catholicism is a link between the Austrian and Italian people and that religious tie helped to heal Italo-Austrian war scars.
There was uneasy speculation also in informed political circles, although they were somewhat reassured by Chancellor Hitler's declaration that Brenner Pass marks the southern boundary of pan-Germanism. Brenner Pass is Austria's gateway into Italy.

HEAVY DAMAGE TO CHURCH IN ASBESTOS FIRE

Top and Rear of United Church Destroyed by Fire Which Raged for Three Hours—Cause of Blaze Undetermined.
Asbestos, March 14.—Heavy damage was caused to the United Church here yesterday afternoon by fire of undetermined origin which broke out shortly after the conclusion of the morning service.
Flames, which raged for three hours before being brought under control, destroyed the entire roof and the rear of the church. When first noticed, smoke and flames were pouring from the steeple. Firemen quickly responded to the alarm and were successful in saving the church from complete destruction.
Total extent of the damage had not been determined this morning.

France Moves To Check Any Further German Expansion In Central Europe

Conversations with Great Britain Centred on Question of Aid to Little Czechoslovakia, which French Officials Believe Will Be Hitler's Next Goal, with Other Steps to Come Later.
Paris, March 14.—France prepared today to fight against further expansion of the German Reich.
Faced by the Austrian crisis, Leon Blum hastily formed a new Popular Front Government to replace the fallen Camille Chautemps' cabinet and prepared for action through diplomacy, propaganda and, if necessary, with force.
Accepting German absorption of Austria as past and done with, the new government mapped these steps to check any new German encroachment in Central Europe:
1.—An understanding was sought with Great Britain, said an informed source.

Austrian Coup Clears Passage For United States Navy Expansion Plan

Opponents of Administration Measure for Enlarged Fleet Become Openly Pessimistic at Chances of Blocking Its Passage—Relations with Austria to Undergo Change.
Washington, March 14.—(AP)—United States and Austria will undergo a fundamental change, informed observers said today, as a result of Austria's union with Germany.
The United States legation in Vienna probably will be converted into a consulate, headed by a consul-general instead of a minister.
Here, the Austrian Minister, Edgar L. G. Prochnik, was awaiting official instruction, but legation attaches said unofficially his duties probably would be taken over by the German embassy.
The State Department was keeping an attitude of non-interference toward Germany's occupation of Austria. Officials pointed out that the British, German and French ambassadors who visited State Secretary Hall Saturday with regard to Austria's collapse did so of their own initiative.
The measure is designed to carry out President Roosevelt's recommendation of a twenty per cent. expansion of the fleet to offset the piling up of armaments by foreign powers.

Triumphant Scenes Witnessed As Hitler Took Possession Of Once Proud Capital Of The Hapsburgs

Hundreds of Thousands Lined Route to Vienna as German Chancellor Formally Occupied Capital of Country Added to German Empire—Great Troop Concentrations Following Hitler on Journey to Vienna Both by Railway and by Road.
Vienna, March 14.—(AP)—Adolf Hitler today triumphantly entered Vienna, capital of the German State he has absorbed in his greater German Reich. His motor cavalcade passed the city limits at 4.30 p.m. (10.30 a.m., E.S.T.).
Hitler, who had changed to an open motor car during his 100-mile journey from Linz, entered Vienna standing up, bowing, smiling to hundreds of thousands lining the route.
Behind his slow moving automobile was another car carrying Heinrich Himmler, chief of all German police, and other high officials of the Reich.
The journey through a smiling countryside from Linz, where he had remained since his coming to Austria Saturday, was like a royal progress, through throngs of the Fuehrer's exultant followers.
An Austrian Government of his choice had prepared for his coming by announcing the absorption of Austria into the German nation, now stretching from the North Sea almost to the Adriatic.
With him were his generals. Behind him came twenty cars carrying German police.
No motorized troops were with the Fuehrer's immediate cavalcade, but just behind it a swift army of wheels was rumbling ponderously toward Vienna.

Hitler Flashed Along In A Swirl Of Dust.
Until the Fuehrer passed the motorized army units remained parked by the roadside. But as soon as he flashed by in a swirl of dust the tanks wobbled out into the highway again, and big motor lorries, motorized field artillery, anti-aircraft and anti-tank guns and field kitchens resumed the rush toward what was once the proud Imperial capital of the Hapsburgs.
Streets Jammed With Huge Throngs.
At St. Poelten, thirty-five miles west of Vienna, where Hitler and his party halted for lunch at 2 p.m. (8 a.m., E.S.T.), the streets were jammed. A throng of Nazis outside the hotel where the Fuehrer was eating cheered. "We Want To See Our Leader!" until Hitler came out on a balcony and waved a response amid a storm of "Hail Victory" and "Hail Hitler" cries.
On the railway troop trains with flares, hundreds of field pieces also lined up before the Polish and other consulates to ask visas to enable them to leave the country.
A number of Vienna coffee houses were placarded with warnings on doors and windows: "Jews not permitted to enter."
The Post Office announced every parcel intended for foreign countries would be opened and searched to prevent smuggling of money from the country.
Jewish druggists were told their medical supplies might be needed by hospitals. Some voluntarily emptied their shelves and donated their goods.
It was announced not more than 1,000 schillings (\$180) would be paid depositors from their savings accounts within the coming week. Deposits made after March 13, Sunday, were exempt, as were accounts for wages and pensions.
Vienna streets clearly showed the change by which the tempo of the goosestep swept out the Austrian nation with the resignation of President Wilhelm Miklas.
Six hours before Hitler possibly could arrive tens of thousands of Viennese lined the streets through which he would ride. At noon upwards of 50,000 were packed in a dozen blocks in Mariabferstrasse between the West Station and the Central Station.

Hysteria Sweeps Vienna Jewry As Nazi Grip Is Strengthened

Large Number of Business Establishments Already Closed to Jews as Vienna Tenders Noisy Welcome for Der Fuehrer—German Military and Police Officials Have Taken Entire Charge of Austrian Law-Enforcement Agencies.
Vienna, March 14.—(AP)—Hysteria swept Vienna Jewry today as Austria became but a name in history, her land, her people, her army and her government now part of Nazi Germany.
As Chancellor Hitler drove from Linz to the capital for a triumphal entry, hundreds of fearful Jews lined up before the Polish and other consulates to ask visas to enable them to leave the country.
A number of Vienna coffee houses were placarded with warnings on doors and windows: "Jews not permitted to enter."

EUROPEAN CURRENCIES TUMBLING IN FOREIGN EXCHANGE MARKETS

New York, March 14.—European currencies tumbled in foreign exchange markets today as "refugee" money from the continent fled into dollars and, to some extent, into the pound sterling.
The currencies of the continent were selling at a discount of 10 to 15 per cent. from their par value.
The pound sterling was selling at a discount of 5 to 10 per cent. from its par value.
The dollar was selling at a premium of 10 to 15 per cent. from its par value.
The gold standard was selling at a premium of 10 to 15 per cent. from its par value.

EIGHTEEN MORE SOVIETS FACE FIRING SQUAD

Three Others Accused of Scheming with Unfriendly Powers Against Russia Given Long Prison Terms.
Moscow, March 14.—The secrecy of Soviet executions kept from public knowledge today the exact time eighteen purported traitors to the Communist cause would die before the firing squad.
For all the Russian public knew, the death sentences imposed on the latest batch of once-prominent Soviet officials might already have been carried out. Newspapers have indicated no mercy would be shown them.
Condemnation of the eighteen men and sentencing of three others to long prison terms ended another episode in the ten-year feud between all-powerful Joseph Stalin and his thirty-seven year old settler from Georgia.
The traitors were accused of scheming with unfriendly foreign powers against the Soviet regime.

Montreal, March 14.—The Sixteen-Thirty Club of the Church of the Messiah was chosen Saturday night at the end of Western Quebec's Regional Drama Festival to represent the region at the Dominion finals in Winnipeg.
Alexander Pushkin's "Festival in Time of Plague," presented by the church group, was described by Regional Adjudicator Malcolm Morley as "beautifully spoken and picturesque." Its production bent out ten other plays for first place.

EXPECT ARREST SOON IN WOLFE STREET CRIME

Money and Rings to the Value of Over Five Hundred Dollars Taken from House Occupied by Mrs. J. E. Marceau and Mrs. G. E. Blanchard.

Municipal police expect to make an arrest shortly in the case of a robbery at 10 Wolfe street, when money and rings to the value of over five hundred dollars were stolen. Mrs. J. E. Marceau, Mrs. G. E. Blanchard and a son and daughter of the latter were victims of the crime.

Entrance to the house was made through a rear window, which the thieves lifted after removing the storm window. None of the occupants of the house was at home from half past seven to ten o'clock during the night of the robbery.

When Mrs. Marceau and Mrs. Blanchard returned, they discovered that their home had been thoroughly ransacked. One hundred dollars in cash belonging to Mrs. Blanchard's son was taken, together with twenty dollars belonging to Mrs. Blanchard and two dollars from Miss Marguerite Blanchard's purse. This money had been stolen from rooms on the second floor.

In addition, a green diamond ring valued at \$350 and a wedding ring valued at \$100, both the property of Mrs. Marceau, were carried off by the thieves.

Inhabitants. The British Empire, France, Japan and Belgium hold that territory.

One are all the clauses of the Versailles Treaty imposing limitations upon Germany within her own frontiers.

Hitler cleaned away the last on January 30, 1937, when he abolished the former allies' right to inspect the German state railways and the Reichsbank's books.

He scrapped the military clauses of the pact and rearmament Germany. Remilitarization of the Rhineland came in 1935. This gave the Reich full military sovereignty over her own territory.

Limitations of the Versailles Treaty concerning German rivers and streams also were discarded.

Some clauses of the Versailles Treaty were never put into effect.

There were articles calling for the trial of the former Kaiser, the Crown Prince, Marshal Von Hindenburg and other high officials. The trials never came to pass.

The section on disarmament was kicked aside as early as 1927. Reparations payments were abandoned. The final section of the treaty, dealing with guarantees of its enforcement, has lapsed.

2—The mutual assistance treaty with Czechoslovakia would be revised to provide military action against Germany, even should Hitler attempt peaceful Nazification of the war-born republic, with its 3,500,000 Germans. Czechoslovakia is thought here to be Hitler's next goal.

3—Then France would seek to extend her mutual assistance understanding with Czechoslovakia and with Russia to include all Central Europe, Poland, Rumania and Yugoslavia.

4—There would be an eventual effort to break the Berlin-Rome axis, bringing Premier Mussolini of Italy into the Franco-British front—if the present Italian-British friendship talks were successful.

5—A Minister of Propaganda, Ludovic Frossard, enters the cabinet. For the first time France has such a cabinet post, such as that of the totalitarian states, indicating her determination to fight the Nazis with one of their own weapons.

6—French troops will be kept ready. Reinforcements yesterday were moved into the formidable concrete and steel Maginot Line which stretches virtually from Switzerland to Belgium along the German frontier.

Hitler's joining of Germany and Austria frankly was marked down as a diplomatic defeat for the western powers and Government forces pointed out that Austrian Chancellor Arthur Seyss-Inquart's own propaganda of the union made even diplomatic intervention "difficult."

Austria herself accepted peacefully the Anschluss, so there was nothing other powers could do.

Conversations with Great Britain, however, were centered on the question of aid to little Czechoslovakia, with the other steps to come later.

Georges Bonnet, former Finance Minister, was mentioned as ambassador to Rome if the Italian-British talks end favorably, and to Bonnet would be delegated the task of weaning Rome from Berlin.

His likely appointment, incidentally, presaged French recognition of the Italian conquest of Ethiopia. The last named ambassador to Rome never took his post because France would not give recognition.

Appointment of the vigorous champion of collective security, Joseph Paul-Boncour, as Foreign Minister signified the new Government's policy of strengthening alliances.

Blum successfully formed a cabinet of the Popular Front yesterday, after a four-day domestic crisis in the midst of one of Europe's greatest upheavals since the Great War.

Formation of the new government, Blum's second cabinet and the fourth under the Popular Front, was greeted generally with relief. The Premier, however, made it plain his was only a transition cabinet and that he hoped eventually to form a National Union Government with Conservative support.

CLAIM FOREIGN UNIT IN SPAIN IS ANNIHILATED

Hendaye, France, March 14.—(P)—Insurgent dispatches claimed again today that part of the International Brigade fighting for the Government had been "annihilated."

The brigade, which includes hundreds of Canadians and Americans, has been reported wiped out on several previous occasions but always has turned up again. This time it was said to have been trapped in a pocket salient east of Belchite, Eastern Spain, and to have been cut to pieces by Moorish troops imported by General Franco from North Africa.

But whatever the truth of the International Brigade report, the Insurgents' eastern offensive had penetrated the Catinian border region, unchecked after a forty-five mile advance.

Moorish cavalry and other highly-mobile advance guards drove to within a few miles of Caspe and Alcaniz, pushing shattered Government troops steadily back toward the Mediterranean coastal plains.

The Government rushed reinforcements into the Ebro Valley fighting zone in an effort to stop the offensive before it carried to the coast and dismembered Government Spain.

ACCIDENTS IN BURY DISTRICT INJURED TWO

Aged Westbury Man Critically Hurt When Struck by Car—Sawing Machine Accident Sent Victim to Hospital.

Two persons are patients in the St. Vincent de Paul Hospital—one of them expected to die—as a result of accidents near Bury on Saturday.

Struck by a car while he was walking on the road between Bury and East Angus, Wilfred Boutin, eighty-year old Westbury man, received a fractured skull and other injuries from which he is not expected to recover. Hospital authorities stated this morning that the aged man's condition was "grave."

Gerald Pehlemann, thirty-seven year old Bury resident, is in hospital suffering from six fractured ribs received while operating a sawing machine at the home of his uncle, Adolphus Pehlemann, on the Scotch Road, three miles from Bury.

Pehlemann was struck with terrific force when the arbor of a saw became loose and flew from the machine. He was thrown ten feet by the impact.

Dr. R. H. MacRae was called and after administering first aid had the injured man rushed to the St. Vincent de Paul Hospital, where his condition is not considered critical.

Ring. In this section 8,000 Nazi Troopers and the ropes they stretched along the curbs formed a broad lane between solid walls of humanity for the Fuehrer's triumphal coming.

The policing was almost entirely in charge of Germans who were hauling the assignment with Prussian efficiency. Austrian police were relegated to the side streets. Up and down Mariahilferstrasse fire department trucks dashed, bearing loads of large swastika flags with which to decorate every light, post and building facade.

Swastikas flew proudly over Schoenbrunn Palace, focal point of the Austrian "Young Reichists" movement. Not less than three hundred German tanks, armored cars and trucks were deployed along the route of the Austrian-born leader. From West Station and the western city limits the city bore the appearance of military occupation.

In front of Schoenbrunn, the Palace from which the Hapsburgs once ruled, German field kitchens had been set up and meals were prepared for hungry, laughing troopers.

Tall, husky German police officers made sightseeing excursions afoot and some visited St. Stephen's Cathedral.

German tanks and other motorized equipment continued rolling into the city.

The Austrian legion, believed to number more than twenty thousand Austrians who fled Germany during the Dollfuss-Schuschnigg regimes, were trekking into the city for Hitler's arrival.

Factories, banks and government offices were closed at noon. Trains from the provinces were crowded with people come to see the Fuehrer. Stores were decorated with flowers and inscriptions of "Welcome to our Fuehrer."

Austrian and German troops with many organizations early formed parade lines for a march preceding Hitler's arrival.

Today the Austrian-born Adolf Hitler made his tour of triumph a slow procession across the country to acknowledge a conqueror's welcome.

He left Vienna a poor student-laborer twenty-odd years ago to fight upward to become Germany's ruler. He turned toward the ancient Hapsburg capital today as leader of both Germany and Austria, made one.

Berlin-Made Decrees Replace Austrian Laws.

Brief legal steps ended the sovereignty of ancient Austria yesterday. President Miklas, who had opposed Nazification of his country, quit. Then Nazi Chancellor Arthur Seyss-Inquart took charge under an emergency clause of the constitution. He thereupon decreed legislation by which Austria ceased to exist. The decrees were announced to the nation and through the streets the populace surged in wild celebration.

Eager lieutenants from Hitler's Berlin regime were arriving here today to join others who had come before to tear apart the Austria of the assassinated Chancellor Engelbert Dollfuss and the resigned Chancellor Kurt Von Schuschnigg.

They were wearing Austria and her 7,000,000 inhabitants into the Nazi Reich as just another province like those which now form Germany. Throughout the country new officials took charge and new organizations parallel to those in Germany sprang up.

For the time being the old constitution remains, but Berlin-made laws one after another are replacing the old Austrian laws.

Seyss-Inquart signed decrees as "Minister and President," instead of Chancellor, indicating he would have the same status as the premier of Prussia or Bavaria.

Hundreds of Former Officials Behind Bars.

The purge of public offices and newspapers which began yesterday was almost over today. Hundreds of Austrians, who on Saturday were public officials, now are either behind bars or under house arrest.

Von Schuschnigg, at first reported to have fled the country, still was

HOW TO BE A BIG SHOT STATESMAN — GROW YOURSELF A MUSTACHE

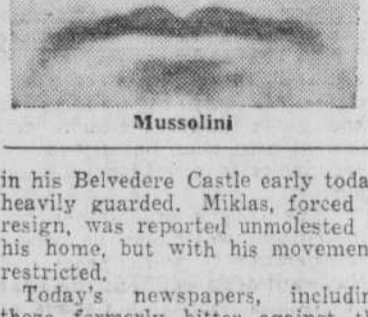

Hitler

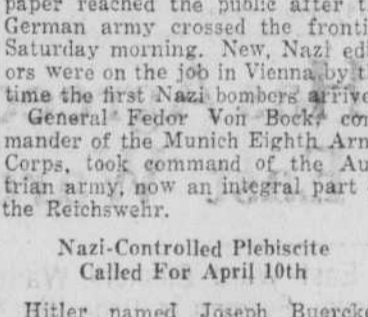

Benes

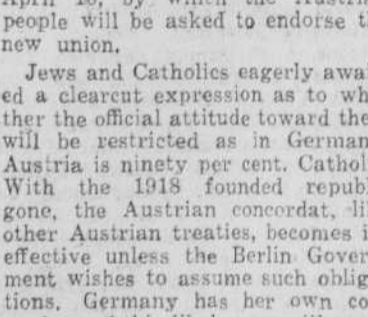

Stalin

Chamberlain

Schuschnigg

Mussolini

Most of Europe's big shots are brothers under the nose.

You can take it for what it's worth — but the truth is that European super statesmen with bare upper lips are rare indeed.

Bold Adolf Hitler, one of the most important figures in the world today, has a mustache (or half of one). And he's proud of it, but becomes furious when people compare it to Charlie Chaplin's.

Hitler is believed to be pointing his mustache at Czechoslovakia, a country run byano their mustachioed man, President Edouard Benes.

Benes expects some support from his pal Joe Stalin, who favors a modified form of the handlebar mustache. But Stalin hesitates to get his Soviets mixed up in the European imbroglio because of the threat of Japan with her little Emperor Hirohito and his little mustache.

Back in Europe again, we find mustached boys in the driver's seat in Great Britain. Prime Minister Neville Chamberlain, another mustache wearer, put himself right on top in his nation by getting Parliament to back his let's-be-pals attitude toward Germany and Italy.

Angered by Chamberlain's stand was Anthony Eden, who sports one of the world's most carefully tended mustaches. Young Eden quit as Foreign Secretary when Britain refused to protest the Nazi move into Austria, where the head man is Chancellor Kurt Schuschnigg, another who affects a fancy lip.

Insiders believe Italy permitted the Nazi coup in Austria only after Mussolini had made a deal with Hitler to ensure ultimate victory in Spain for Fascist Francisco Franco, still another proud wearer of the mustache.

Mussolini, by the way, is the exception that proves the mustache rule. Belligerent Benito not only has no hair on his upper lip—he has no hair on the top of his head.

ment. No Jews wanted."

Jews were ejected from the Vienna Bar Association. Jewish physicians were barred from the Viennese emergency hospital organization.

This was regarded as prearguing firm action against Jewish physicians, who make up a large percentage of the Austrian medical profession. Vienna has been a world medical and surgical center.

The number of wealthy Jews arrested for trying to flee the country was announced the Nazi party expected Austria to pay for wages to workers despite today's holiday to welcome Hitler. Food wholesalers, however, were required to keep their businesses open to take care of the Viennese and hundreds of thousands of visitors.

There was some beating of Jews and plundering of Jewish stores. A cafe in the Jewish section of Vienna had to serve coffee to two hundred Nazi Storm Troopers without pay. Two Vienna newspapers discharged all Jewish distributors. Jewish leaders said many Aryan girls, fiancées of Jews, were adopting the Jewish religion because they feared early introduction here of the Nazi Nuremberg decrees.

Catholics went to mass yesterday to find a swastika flag above the Archbishop's Palace here. Some Catholics wore swastikas on their overcoats, but removed or concealed them when they entered church.

Theodore Cardinal Innitzer appealed for prayers of "thanks to the gods for the 'bloodless course' of the German invasion" and instructed all that "orders of officials should be fulfilled willingly."

Thirty nuns in Graz watched sixty airplanes with eighty officers and seven hundred German parachute corps members arrive, and with other Austrians gave the Nazi salute.

Father Peichl, coadjutor of the Schotten Monastery, said: "We Catholics will follow the precepts of the Cardinal. To mix in politics is not our intention."

German Finance Leaders Plan Economic Future of Austria

she had been pledged to protect, as a "national" policy.

The German Minister of Economics, Walther Funk, in his message of greeting to his Austrian colleague, Hans Fischbock, sounded the economic keynote:

National Socialism, leadership will henceforth participate in the great German economic recovery under the four-year plan, and will itself achieve new prosperity thereby."

An obviously inspired article in the weekly magazine "Wirtschaftsdienst," written by Richard Oberbacher, sets forth some of the Nazi hopes and aspirations.

"In Austria are to be found lead, graphite, silver, gold, copper, rare metals and last, but not least, magnesium in such quantities that Austria has a position which leads the world," Oberbacher writes.

"Water power in Austria has not been exploited anywhere near fully. Austria by no means is poor. All that is needed is that these treasures on Austrian soil find a market with the will to act."

This master writer adds, "The state. To put it differently, these treasures must be nationalized."

The formal laws for the union of Austria with the Reich were proclaimed yesterday in Berlin as well as in Vienna. General Fedor Von Bock, commander of the Eighth German Army, was appointed commander of the forces within Austrian borders.

with the "severest condemnation." It had administered a profound shock to all interested in the preservation of European peace.

"It cannot fail to have a prejudicial effect on the hope of His Majesty's Government to relieve the misunderstanding between nations and promote international co-operation," the Prime Minister told the House.

Thrust At Italy

The Prime Minister made an apparent thrust at Italy for her silence when asked to join in Anglo-French protests to Germany.

"From the Italian Government," he said, "we have received no full exposition of their views."

"What has passed," he admitted at another point, "cannot fail to have prejudiced the hope of His Majesty's Government to remove misunderstanding between nations."

"The immediate results must be to intensify the sense of uncertainty and insecurity in Europe."

Wild Demonstrations In London.

Thousands of demonstrators marched past the German embassy here Sunday night, angrily shouting "Hands off Austria!" and "Czechoslovakia must remain free!"

Thirty policemen on foot had to charge the demonstrators to free a mounted policeman at a safe distance from the embassy. The demonstrators had succeeded in dragging the policeman from his horse before aid came to him. The horse of another policeman fell but the rider escaped without injury.

Police also had to be called out at Glasgow to disperse large groups which massed in front of the German consulate.

The demonstration in London followed a meeting organized by the International Peace Campaign in Trafalgar Square. J. B. S. Haldane, noted scientist, in a speech charged Mr. Chamberlain had "grossly insulted" the King and Queen because "by the advice" of their Ministers they were forced to lunch with Foreign Minister Joachim Von Ribbentrop while the German troops invaded Austria in violation of the League of Nations covenant.

Other seakers took the British Government sharply to task for its attitude in the face of the recent events in Central Europe.

"Let us have a general strike," the crowd cried when H. H. Elvin, chairman of the General Council of the Trades Union Congress, recalled that the British labor movement had supported the League covenant.

Although the crowds, which later paraded to the German embassy, were prevented by police from entering it, three of the demonstrators were given permission to carry a letter to the embassy entrance.

After Dr. Ernst Woermann, German Charge D'Affaires, visited the Foreign Office this morning, the Reich embassy was the target for renewed demonstrations. A group of protesters sought to reach the door of the embassy but were dispersed by police. One of the demonstrators sent an empty bottle crashing through one of the embassy windows.

"It must be rather embarrassing being engaged to one of twins. How do you tell them apart?"

"Oh, that's up to them!"

JAPS STALLED ON ALL OF CHINA'S FAR-FLUNG WAR FRONTS TODAY

Shanghai, March 14.—(P)—The Japanese invaders were stalled on all of China's far-flung war fronts today.

Shocks troops which crossed the Yellow river twenty miles west of Chenchow last week and disrupted service over the Lunghai railway apparently have been wiped out or driven back.

Traffic has been resumed over the vital central China line and Chinese troops, stubbornly fighting all along the Yellow river front, have succeeded in preventing further Japanese advances.

Three thousand Japanese soldiers were brought in as reinforcements for the Tientsin-Pukow railway sector at Tsowhsient and Linzhsiaient and 5,000 more were added to Shantung forces attacking Lini.

MOTION URGES PADLOCK BILL DISALLOWANCE

Toronto Youth Congress Declares Quebec Measure "Contrary to All Precedent of British Law Since Magna Carta."

Toronto, March 14.—(P)—Circulation of a public petition urging disallowance of the Quebec padlock law was agreed on by participating groups of the Toronto Youth Congress meeting here in the week-end.

The Congress also urged that the Dominion-Provincial youth training programme be made a permanent policy and extended to include married men and women up to the age of thirty, to include rehabilitation as well as training.

The question most vigorously debated, however, was "What stand is Canadian youth to take in the event of war?" as a peace committee after several hours' deliberation reported that in case of war youth should refuse to enlist, or to be conscripted. The Congress could reach no decision on the committee's recommendation, but got on record as disapproving "forced conscription."

Quebec's padlock law, providing for padlocking of premises suspected of disseminating Communist propaganda, was termed "contrary to all precedent of British law since the Magna Carta." A Canadian resolution expressed "approval and support of the Federal Government's investigation of actions of agents of powers inimical to our democratic institutions," and noted "increasing activities sponsored by foreign governments in Canada which imperil our position as a democratic nation."

Some observers here speculate that Justice Minister Lapointe may be appointed to one of the four remaining Senate vacancies and take over Senator Dandurand's job.

It also was unofficially reported that the Government is considering increasing the indemnity of Government and Opposition leaders in the Senate. At present their indemnity is \$4,000 a year like the other Senators and this might possibly be increased to \$10,000 a year.

CANADIAN MINE OWNERS ACT TO CONSERVE ORE

Nova Scotia Minister of Mines Praises Growing Awareness by Mine Executives of Liability Known as 'Depletion.'

Toronto, March 14.—(P)—Mining engineers are growing aware of their liability known as "depletion," Hon. Michael Dwyer, Nova Scotia's Minister of Mines, told the annual meeting of the Canadian Institute of Mining and Metallurgy in his presidential address today.

In nine after mine, he said, it was found that the leaner ore was being stopped and the richer ore conserved. By this policy ore reserves had been increased by millions of tons. At the same time mining companies had maintained dividend payments and ensured longer continuity of production and employment.

"Notwithstanding the increase in the price of the gold ounce, which would permit larger profits from high grade ore, more and more low grade ore is being mined," he said.

The question of depletion was important because Canada's mineral resources were not boundless. Mining engineers recognized the fact that geographical limitations of exploration were very definite.

Phenomenal growth and prosperity of the industry in Canada was due to the intensive exploitation of the nation's immense mineral resources and if this prosperity was to be maintained, "We must not only take stock of our known ore bodies, but increase the facilities for prospecting and geological exploration, encourage the search for new deposits and strive for ways and means of extending the life of our present mines."

SOCIAL CREDIT MEMBERS STILL PLAN BLOCKADE

To Delay Study of Estimates With Debate on Motion Amounting to Virtual Want of Confidence Vote.

Ottawa, March 14.—(P)—The Social Credit members in the House of Commons were expected today to continue their attack on the Government if an attempt was made to consider estimates.

Social Credit Leader Blackmore last week moved an amendment to the motion to go into supply. The amendment censured the Government for failing adequately to use the resources of Canada to battle poverty.

Initial debate on the amendment, which amounts to a want of confidence motion in the Government, brought forth sharp exchange concerning various views on a monetary theory between Mr. Blackmore and Finance Minister Dunning.

If the Government attempts to move the House into Committee of Supply to consider estimates, debate on the amendment will be resumed. Several Social Credit members are prepared to continue the assault on the Government's general policy and Mr. Dunning's financial programme.

There is a possibility, however, that the discussion of high finance might give way to a debate on the report of last session's House Committee on Farm Implements. Fred Johnston, Liberal, Lake Centre, committee chairman, moved the report for concurrence. Friday but debate was not completed.

The power expert controversy continues to be one of the most discussed topics on Parliament Hill and debate on the bill transferring the right to grant power export licences from the Governor-in-Council to Parliament will likely be a late-week feature.

The Senate will meet again tomorrow with the rumor persisting that Government Leader Dandurand, who has been a member of the Upper House for forty years, might relinquish the leadership in favor of a younger man.

Some observers here speculate that Justice Minister Lapointe may be appointed to one of the four remaining Senate vacancies and take over Senator Dandurand's job.

It also was unofficially reported that the Government is considering increasing the indemnity of Government and Opposition leaders in the Senate. At present their indemnity is \$4,000 a year like the other Senators and this might possibly be increased to \$10,000 a year.

SOVIETS CLAIM REICH MOVE SHARPLY INCREASED THE DANGER OF WAR.

Moscow, March 14.—(P)—The official Communist party newspaper Pravda expressed the opinion today that German invasion of Austria sharply increased the danger of war in Europe because Czechoslovakia is the "next likely victim."

Pravda blamed Great Britain for encouraging Chancellor Hitler by failing to oppose his policies with direct action.

FANCY SKATERS GAVE FINE PERFORMANCE

Successful Carnival To Be Annual Affair

Over Two Thousand Persons Witnessed Presentation by Members of Sherbrooke and Montreal Winter Clubs—Trophy for Best Waltzers Won by Mr. and Mrs. D. A. Stevenson—Reception Assures Affair Will Become Annual Event.

Proving one of the most colorful and entertaining events yet staged at the Sherbrooke Arena, the first annual skating carnival sponsored by the Sherbrooke Winter Club and the Knights of Columbus on Saturday evening attracted well over two thousand spectators who were brought to a high pitch of enthusiasm by the performance of the local figure skaters as well as a delegation of thirty-eight from the Montreal Winter Club.

So successful was this event, which is expected to net in the vicinity of \$500 for underprivileged children, that its sponsors have decided to make it an annual affair.

The carnival opened with an exhibition march by sixteen young ladies of the Sherbrooke Club, which was followed by a pair skated by Miss Roberta Richardson and Jack Powers.

Immediately following five couples competed in a waltz for the Dr. Walters Trophy, which was won by Mr. and Mrs. Douglas Stevenson.

Other couples competing were Miss Roberta Richardson and Jack Powers, Mr. and Mrs. Evans Joslin, Miss Muriel McHarg and A. L. Parker, Miss Isabel Gregoire and Fraser McOut, while two other couples, Mrs. Leo Liddell and J. Geisler, of Montreal, and Miss Margaret Kincaid and Peter Stanger, of Montreal, were ineligible for the prize.

The members of the Montreal Winter Club then presented a variety programme, the beautifully costumed ladies and the conventionally clad men making an attractive picture.

The programme opened with a single, skated by Miss Patricia Gault, which was followed by a pair in which the Misses Helen Malcolm and Mary Louise Newton made an attractive showing. Then the members of the two clubs combined in a general waltz. Young Peter Stanger followed with a demonstration of jumps and forward and backward skating.

The fifth event was a pair skated by the Misses Dorothy Benson and Sheila Macfarlane and Miss Newton was seen again in a single.

The first quartette was presented by the Misses Audrey and Dorothy Hunter, Pauline Strachan and Elizabeth Gaunt. Miss Audrey Joyce, Montreal Winter Club ladies' champion, gave a single exhibition which attracted much acclaim, and the

HUNDREDS PAY LAST TRIBUTE TO WM. WRIGHT

Funeral Service of Local Hotel Proprietor Was Held at St. Peter's Church Yesterday Afternoon—Knight Templars Provided Guard of Honor.

William Wright's valued contribution to the life of the community was tangibly recognized yesterday afternoon when hundreds of Sherbrooke and Eastern Townships' citizens attended his funeral at St. Peter's Church. Mr. Wright, proprietor of the New Sherbrooke House, passed away after a long illness on Friday morning at the age of seventy-three years.

The Church of the Advent in East Sherbrooke gained much from Mr. Wright's generosity and his pastor, Rev. E. K. Moffatt, officiated at the service. Prayers were said at the late residence on Woodward avenue by Rev. Mr. Moffatt, following which the Masonic Order service was held with A. S. Bayles, Past Master, in charge.

The bearers were members of the Prince of Wales Lodge No. 63 A.F. and A.M., and included C. G. Bryant, W. B. Lilly, Walter Byham, B. Thorne, R. B. Hutchinson and William Davidson. A guard of honor was provided by the Knight Templars which included Willard Cross, Geo. Mulvagh, H. B. Whitney, George Ogston, George Pearson, J. Blake, W. W. Shaw, W. R. Reid, P. J. MacIver, N. D. Cascarden, E. D. Bradley, W. Wilson, V. Adams, S. C. Jamieson, T. J. Johnston, E. A. Johnston, G. Martin, J. Nelson, F. W. Lord, W. W. Swallow, George E. Liddell, J. MacDonald, J. Stebbins and H. Daniels.

Interment took place in Elmwood Cemetery beside the late Mrs. Wright, who predeceased her husband on May 24, 1934. Following committal prayers by Rev. Mr. Moffatt, a brief Masonic rite was held at the graveside.

The numerous floral tributes testified to the high esteem in which Mr. Wright was held.

Among those from out of town who attended the funeral were Michael Dohan and J. R. Maloney, of Lewis; Mr. and Mrs. T. F. Davidson and James Leddy, of Granby; Mr. and Mrs. W. D. Bates, of Woodstock; R. L. Mrs. E. W. S. Gibson.

Declares Canada Must Support Joint Action

Welfare and Security of Canadian People Can Only Be Assured by Developing Reasonable Standard of Living in Other Nations of World, League of Nations Society Official Claims—Must Pay Close Attention to Pacific.

"The welfare and security of the Canadian people depends on world conditions, and it is only by developing the welfare and the security of the nations of the world that we can be assured of national prosperity, security and a desirable standard of living," Miss Constance Hayward, field secretary and international affairs lecturer of the League of Nations Society in Canada, told the radio audience last night.

Miss Hayward, a graduate of Acadia University and later a post-graduate student in Toronto, London and Geneva, spoke from a local radio station in the twenty-fourth of the series of broadcasts sponsored by the Sherbrooke Public Library. Since 1936 she has distinguished herself as representative of the Society in the Maritime Provinces and is now touring Quebec and Ontario as part of nation-wide preparations for the Society's 1938 national conference in Ottawa—"Canada's Peace Parliament"—from May 22 to May 24.

Describing the work and purpose of the League of Nations Society in Canada, Miss Hayward said it is an organization of Canadian people and naturally views world affairs from the viewpoint of Canadian interests.

"We believe Canada's policy of external affairs should be designed to support and co-operate in any collective action which will further the welfare and security of the Canadian people," she said. "Furthermore, our policy must express the will of the people if we are to maintain that heritage of law and freedom which we call democracy. If our foreign policy is tentative and indefinite, it is merely a reflection of public opinion."

"The purpose of the Society, then, is to create in Canada a sound public understanding of international affairs; to give effective expression to that informed public opinion and to strengthen the forces making for world peace on a basis of law and order," Miss Hayward stated.

Canada's geographical position requires close co-operation with the United States and means it cannot be unconcerned by the course of

GREATER CALL TO CHRISTIAN WITNESS URGED

Every Church Member Must Take Active Part in Preaching Gospel, Rev. Canon H. R. Bigg Tells Lennoxville Congregation.

A large congregation at St. George's Church, Lennoxville, listened with interest to a splendid sermon by Canon H. Reginald Bigg, rector of St. Peter's Church, Sherbrooke, yesterday morning. Canon Bigg took his text from the first verses of the first chapter of Jonah, which describes the call of Jonah to witness in Nineveh; how he chided his task by taking ship to Tarshish and slept through a severe storm, but was awakened by the ship's master, who urged him to rise up and pray to his God.

Impressed upon his listeners the need of taking heed lest they become like Jonah, who paid his fare and then went below and slept.

"The Church of God is often likened to a ship that ploughs through the seas of the world," he told them. "When we are baptized, we set sail aboard the ship, and we become witnesses. We must not just pay our fare while we are aboard, but we must learn to become good sailors, not sleeping below but working with the other sailors, doing our part of the ship's work. We must be awake and answer the call of our God."

The choir was under the direction of the organist, Mrs. A. Jones.

General Notes. "The Divine Companion," formed the basis of a fine address by Rev. F. R. Matthews to members of his congregation at the Lennoxville United Church on Sunday morning. The choir under the leadership of James P. Keough, with Miss Patricia Watson at the organ, sang the lovely anthem, "O Saviour of the World."

In the evening, the pastor chose as his subject, "Reconciliation by the Cross," and the anthem, "Come Unto Me," was sung by the choir. Mr. Percy E. Byrne and daughter, Elaine, of Woodville, N.H., and Mr. Clifford Byrne, of Drummondville, spent the week-end with their mother, Mrs. William Byrne, Prospect street.

Special Services For Baptist Anniversary

Rev. M. F. McCutcheon, D.D., Pastor of First Baptist Church, Montreal, Guest Preacher at Local Baptist Church Anniversary Services—Special Music by Choir Added to Success of Celebration—Annual Supper Tonight.

Drawing capacity congregations at both morning and evening services, the anniversary celebration of the Sherbrooke Baptist Church yesterday was an impressive event, special music by the augmented choir and inspiring sermons by Rev. M. F. McCutcheon, D.D., pastor of First Baptist Church, Montreal, adding to the success of the occasion.

The anniversary services were conducted by Rev. A. J. Milligan, B.A., B.Th., pastor of the church, and in the evening, he was assisted by Rev. J. R. Graham, M.A., B.D., of the Presbyterian Church, whose services had been withdrawn for the evening so that the two congregations, could unite.

Speaking on the topic, "Contemporary Opinion of Jesus," in the evening, Dr. McCutcheon declared that from reading the views expressed on Jesus by the common people of his own time, the present day conception of Christ must be radically altered. It is quite apparent that He was a very strong man, both in physical and mental development, and carried on a campaign for a positive reign.

The prime need of the world in its present critical times was that its present followers of Christianity become more like the original Christ in battling for peace. Discussing the European situation, Dr. McCutcheon declared that the only really legitimate totalitarian state was that of God with its divinely-appointed head.

In the morning, Mr. McCutcheon spoke on "Buying Up or Selling Out." The morning service opened with the organ prelude "Prelude," by Tours, and closed with the postlude "March of the Friars," Keats. The anthems by the choir were "Meditation of His Ship Be Swept," by Percy W. Read, and "Give Thanks Unto the Lord," by E. T. Ashford. Dudley Buck's "Fear Ye Not O

SWING MUSIC SETS FASHION IN BIG SKIRTS

Swing reigns—swing music and swing-style skirts that are miles and miles around—skirts that swirl and swing and sway with the motion of the dancers—skirts usually of chiffon, some shorter in front than at back, others weighted at the hem. Pretty southern belle and southern rascal dresses—that is what Miss Manhattan is stepping out in these nights.

Not only in the chiffons and wide skirts do these frocks register for their Southern mood, but in the choice of color. Pastels and white are seen everywhere. In the color lineup the increased appearances of violet are notable, and for a new neutral there is "string" rather than last year's popular gray.

Though half of the pleated chiffons at a recent dance were black or white, there were enough string colored chiffons to comment upon. These pleated all over or smocked through the corsage and falling into pleats through the skirt.

A pleated style seen often was an all-over pleated chiffon with velvet ribbons crossing on the corsage and outlining the hem. Smocked and pleated chiffons with a sprinkling of taffetas and velvets are seen nightly at smart places. Many of their wearers have chiffon veils over their heads to match their frocks, four yards long and caught in front with pairs of clips, these seen in many blue over the same color, white with silver lame, and black over black.

Modes and Manners

Question: "May a bride acknowledge a wedding gift over the telephone?"—Dorothy C.

Answer: Never. A possible exception to this rule may be an intimate friend whom one sees constantly. But even in such a case, where a written acknowledgment may be considered unnecessary, it would be nice. Besides, it is always correct.

Question: "What kind of wine is proper for a fish course?"—Mrs. F. E.

Answer: Any white wine may be served.

Beauty Tips

Question: "My nails are small and broad and my fingers stubby. I would like to make my fingers look longer, but when I let my fingernails grow they look artificial and get in my way. How can I make my hands nicer looking?"—Nava.

File your nails into neat ovals, keeping the tips the length that is most convenient for you. Now use a soft, dusky rose shade of polish and cover the entire nail from base to tip. Leave two coats if necessary to conceal the place where the tips begin. Be careful in applying the polish to leave a fine line at each side of the nail, instead of carrying the polish all the way to the edge. This will make your fingertips appear longer and more graceful. Keep the skin on your hands soft and white and your hands will look lovely in spite of their shape.

To make your eyebrows glisten, add a touch of mineral oil or brilliantine and brush the hairs into place.

An elderly woman should place her rouge high on the cheeks, blending it out and up toward the temples. She must be careful to keep the color away from the expression lines around her nose and mouth, or she will look older than she is.

A three or four foot border of linoleum in a plain color is a good idea for nursery walls. A floor covered with matching linoleum is every effective and both walls and floor may be kept clean by washing.

ST. PATRICK'S DAY PARTY CALLS FOR COLORFUL FOOD

You may not be Irish, but you will probably celebrate St. Patrick's Day for it offers a splendid excuse for an informal party. To the guests, St. Patrick's Day may mean the wearing of the green, a bit of blarney and an Irish jig. To the hostess, however, there is no blarney about the food to be served if the celebration is to be a real success. It must be good, colorful and plentiful.

Use green freely in your color scheme. Write the invitations on green note paper in a deeper shade of green ink or cut out paper shamrocks and write the invitations in gold ink.

Begin your St. Patrick's party with a dinner which is little more than a table setting of refreshments when it comes to planning and cooking. You can serve it buffet style or seat your guests at card tables where some of the games will be played later on.

Use a pale green linen cloth or put your prettiest lace cloth over green cellophane for a lovely effect. As a centerpiece you might place iridescent ornamental flowers on a table mirror or use a pot of shamrock which can usually be purchased at florist shops for the occasion. Pretty nut cups and the traditional vases can be used. A big cake with a rich, fruity filling and white frosting decorated with tiny green candy shamrocks would make a nice dessert and decoration for the buffet.

Some appropriate recipes to serve are given below:

Kilbarney Cocktail
3 big bananas
3 large ripe grapefruit
Juice from 1 additional grapefruit
Crushed "pillow" mints
Fresh mint leaves or green
Cream de menthe cherries

Peel the grapefruit with a sharp knife and remove the whole sections. Cut the extra grapefruit in half and pour juice over the sections. Slice the bananas and add to the grapefruit with the slightly crushed white pillow mints. If these do not sweeten the grapefruit sufficiently, add a little additional fine granulated sugar. Pile in sherbet glasses. Chill and garnish with mint leaves or green cherries cut in 3 sections and spread open like shamrocks. Eight servings.

Emerald Salad
1 package lime flavored gelatin
2 cups hot water
2 cups cold cheese
2 slices pineapple
4 grapefruit segments
Orange cut in sections and drained
Mayonnaise
Salt
Chicory or watercress

Dissolve the gelatin in the water and cool until slightly thickened, mash the cream cheese, season with salt and blend with the gelatin. Whip thoroughly. Pour into a mold and chill until set. Turn out on a plate garnish with crisp leaves of chicory or watercress and garnish with the pieces of fruit. Serve with mayonnaise that has been mixed with whipped cream.

Mint Mallow
1/2 pound marshmallows
1/2 cup hot water
1/2 cup cold water
4 tablespoons lemon juice
3 tablespoons sugar
1/2 teaspoon extract of spearmint
1/4 cup egg whites
Green vegetable coloring

Melt the marshmallows in the hot water. Add the cold water, lemon juice, 2 tablespoons of the sugar and the flavoring. Beat the egg whites until stiff with the remaining sugar. Combine with the marshmallow mixture, beat well and pour into a freezing tray or pack in ice and salt and freeze without stirring.

PRELUDE TO A PARTY

Don't call off that party just because you feel apathetic about dressing and stepping out. What you probably need is an invigorating bath—warm water to stretch out in, soap to slither away the perspiration and grime, and a dash of cold water for the final pick-up.

Ten minutes of relaxation, followed by a long, luxurious lathering, will smooth out most of the painful rinks, leaving you clean and rested. You can rinse by letting the warm water run out while the cold flows in, or by standing under the shower for a moment with the spray as cold as you can stand. Rub your body dry with fresh rough towels until it glows.

Clean underwear will carry on where the bath leaves off. By the time you're stepped into your prettiest dress and arranged your hair, you'll want to be the first to get to the party and the last to leave.

FAREWELL TO BACKACHE!

Her back ached—she felt miserable—no rest—she couldn't get "battered" to go out—lost contact with her friends and was lonely. She was advised to take Dodd's Kidney Pills. Her backache soon vanished—enthusiasm and energy returned—her eyes sparkled—her step was sprightly—and once again she was her "old self." 115

Social and Personal

Miss Jeannette Grallon spent the week-end in Montreal as the guest of Miss Jean Houston, and also visited her sister, Miss Eva Grallon in Cartierville.

Mrs. Evans Joslin, wife of the president of the Sherbrooke Winter Club, and Mrs. Douglas Stevenson, whose husband is first vice-president, entertained at a delightful and largely attended tea yesterday afternoon at the former's residence on Portland avenue in honor of the Montreal skaters who participated in the carnival at the Arena on Saturday evening. Mrs. Gray did the honors at the beautifully appointed tea table, which was charmingly arranged with daffodils and buddleia in a Sheffield bowl and yellow candles in Sheffield candlesticks. Assisting in the tea room were several members of the Winter Club.

Those entertaining at the regular weekly tea sponsored by the Sherbrooke Winter Club at the Arena on Saturday afternoon were the Misses Katherine Davey and Margaret Heineher, Alex Smith, Jack Mutchler, Ibray Nubbrown, Douglas Macdonald, C. R. Worthen and Buddy Williams. Tea and coffee were purchased by Miss S. J. and Miss M. J. McHarg, the tea table being prettily centered with spring flowers in a ruby glass bowl. Mrs. Alex Smith, who was in charge of the tea table, was assisted in serving by several of the hosts and hostesses. In spite of the fact that Saturday was Carnival day for the Sherbrooke Winter Club, a large number attended the popular weekly tea and skating party, some of the skaters who took part in the carnival events were on the ice during the afternoon brushing up for the evening's performance.

The Sherbrooke Library Ladies' Committee sponsored one of the most delightful and largely attended teas of the mid-Lenten season on Saturday afternoon at the residence of Mrs. P. M. Robins, Quebec street, which she had graciously placed at the disposal of the committee for the benefit of the Library, one of Sherbrooke's most deserving institutions. Received with the hostess were Mrs. C. J. Rose, president, Mrs. George Lothron and Miss Agnes Duncan, while Miss Evelyn Bradley acted as treasurer.

Placed about the spacious entrance hall, where the many guests were welcomed after being admitted by little Miss Margaret McFarlane, were lovely spring flowers, the same fragrant blooms also decorating the living room where an orchestra comprised of Messrs. Smith, Leblanc and Lacroix was stationed, their musical contributions during the tea hour being a charming acquisition to the pleasant social gathering. Tea was served under the co-sponsorship of Mrs. Milo Lothron and Miss Gladys Mullins in the dining room, where Mrs. S. A. Belmont was in charge, assisted by Mrs. Lewis Rosenbloom, Mrs. T. G. Walsh, Mrs. Harry E. Grundy, Mrs. Wilbur Fuller and Mrs. J. S. Baldwin. Mrs. Francis Hove and Mrs. L. E. Covert did the honors at the beautifully appointed tea table which was simply done with exquisite cream and yellow daffodils in a crystal basket and cream candles in Sheffield candlesticks on an ecrû linen cloth.

McKENNEY ON BRIDGE

TRICK HAND LOOKS EASY

But it isn't! Only One in Eight Played This Four-Heart Contract Correctly in Duplicate Series

BY WILLIAM E. MCKENNEY
Secretary, American Contract Bridge League

Solution to Previous Contract Problem

Today's hand looks easy when you see all the cards. However, it proved difficult for most of the declarers in a recent duplicate game in New York.

Four hearts is a natural and, one might say, inevitable contract with North's unbalanced hand, even though South has but a worthless singleton in the suit. Three no trump is another possible final contract, and this also can be made if proper care is taken at every step in the development of the hand.

Of course East's overall is a bad one, but East and West were not vulnerable, and East hoped that a little show of non-existent strength might slow up the procession, or get his opponents into a contract he

might be able to beat, namely game in hearts. Declarer won the first with the ace of clubs, and ruffed a club in his own hand. He then led the diamond queen, and remembering East's overall, he let it ride. The queen held, and North now led three rounds of hearts, East winning the third with his queen.

He led his last heart to get out of his hand, and North now led a low spade to dummy's ace, discarded two spades on the ace and jack of diamonds, and thus lost one heart and one spade. Several players attempted to ruff one spade, or refused to take the diamond finesse. Only one of the eight players played the hand correctly.

Mr. Henry Baker, of Winnipeg, is a guest at St. George's Club.

Miss Mildred Lyster, of North Hatley, was a guest for the week-end of her sister, Mrs. Harry E. Grundy, and Mr. Grundy.

Mrs. P. A. Hammond returned last night from Montreal, after spending a week visiting her son and daughter-in-law, Mr. and Mrs. Carvel Hammond.

The lovely flowers adorning the altar in St. Paul's Church yesterday were given by Miss Kathleen Dennis in loving memory of her grandmother, Mrs. Peter Dennis.

The many friends of Miss Mary Dillon, nurse-in-training at the Sherbrooke Hospital, who underwent an operation for appendicitis on Friday, will be pleased to know that she is progressing favorably.

Mr. and Mrs. E. E. Renihan have returned from Beebe, Vt., whither they were summoned by the death of the former's sister, Mrs. B. O. Hamilton, the last obsequies for whom took place on Friday afternoon.

The beautiful flowers on the altar in St. Peter's Church yesterday were in loving memory of Mrs. Aimee Harding Riley, who passed away on March 10, 1938, and were given by her parents, Mr. and Mrs. T. J. Harding, Melbourne street.

The many friends of Mr. R. D. Gaffney will be pleased to hear that he has sufficiently recovered from the effects of an accident which necessitated his being a patient in the Sherbrooke Hospital for a week to be able to return on Saturday to his home on Wolfe street.

Mrs. E. R. Richardson and Mrs. Guy Bryant were hostesses at the tea hour yesterday afternoon at the former's residence on Victoria street in compliment to the visitors from Montreal who were here for the Winter Club Skating Carnival on Saturday evening at the Arena. The lovely tea table, at which Miss Margaret Sutherland presided, was effectively done with daffodils and white hyacinths in a crystal bowl and matching yellow candles in crystal candlesticks.

Among the hostesses who entertained prior to or after the Sherbrooke Winter Club Skating Carnival on Saturday were Mrs. C. D. White and Mrs. B. N. Holtham, who gave dinner parties and afterwards took their guests on to the Arena. Mrs. A. A. Munster's dance at her residence on Portland avenue, after the carnival, was a delightful affair, a small orchestra providing interesting music, while Mrs. Evans Joslin, Mrs. Douglas Stevenson, Mrs. E. R. Richardson and Mrs. Guy Bryant entertained at the tea hour yesterday.

Society en masse patronized the Sherbrooke Winter Club Skating Carnival on Saturday evening, welcoming this pleasant diversion during the mid-Lenten season as the raison d'être for many delightful entertainments given in honor of the visiting skaters from Montreal. The visitors included, Mrs. Charles Les-

Free Clinic Will Show Needy the Road to Beauty

At New York's free beauty clinic, the first of its kind, women who cannot afford beauty treatments even regular medical advice will be taught that health is the foundation of real beauty.

Mrs. Nancy Hatch, beauty and reducing expert in charge of the Jacob A. Riis Neighborhood Settlement, says: "An important function of the clinic will be instruction in diet. We have discovered that these needy women can be taught to eat vegetables and other nourishing foods which are not expensive, instead of stuffing themselves with inexpensive starchy foods, as they are now doing. If we can just educate them in the care of beauty, our work will not be in vain."

In addition to instruction on the subjects of diet, exercise, the importance of fresh air, sunshine and cleanliness, those who attend the free beauty clinic will be able to hear lectures on the proper care of the skin, the hair and scalp. It is hoped, Mrs. Hatch points out, that the new idea will gain such momentum that other cities will establish similar beauty clinics.

It's time women in all walks of life realized that healthy living habits always make for greater beauty. One who sleeps eight hours every night, makes sure that her diet includes plenty of fresh vegetables and salad greens, gets a reasonable amount of exercise and keeps her body scrupulously clean may never be a great beauty, but she will certainly be attractive.

It takes time but precious little money to keep your teeth smooth and pearly white, hair soft and shining, scalp free of dandruff or flecks of dry cuticle. It may be a strain on your energy and self-control, but keeping your figure supple and slender, hands smooth and skin clear puts practically no strain on the budget. Keeping yourself and your clothes clean involves little or no expense. This is an age when attractiveness is available to all and sundry.

MAKING LIGHTS GLEAM

Even if you prefer soft lights to bright ones, don't pay for light you aren't using by leaving a dusty film on the electric light bulbs. You will get considerably more light for less money by keeping the bulbs and reflecting surfaces spick-and-span. A clean bulb gives from 25 to 40 per cent. more illumination than a dirty one, experiments show. In other words, a 75-watt lamp that is kept immaculate is practically the equivalent of a dusty 100-watt lamp. If you figure this out in terms of the cost per kilowatt for each bulb, the saving is evident.

A little soap and water will work wonders with your lights and fixtures. Dip a cloth in warm, soapy water, wring it out well, and go over the surface lightly. Rinse with a clean, damp cloth and polish dry. Before you begin your light-cleaning operations, it is best to remove the bulbs. Don't screw them back into their sockets until you are sure the current is off and both bulbs and fixtures are perfectly dry, or you may get an unwelcome shock.

Climaxing a day filled with social activities, the dance given by the Sherbrooke Winter Club in the Officers' Mess at the William Street Armory after the Skating Carnival on Saturday night was a grand finale to the elaborate arrangements made by the members for entertaining their numerous guests from Montreal. An orchestra provided music for dancing, which was enthusiastically enjoyed by the club members and their guests, the majority of whom had literally spent the whole afternoon and early evening dancing and skating first at the weekly club tea and afterwards at the carnival. Refreshments were served a la buffet and even after reluctantly dancing "Home Sweet Home" a large number went on to several private homes where smaller parties had been arranged in honor of the Montreal guests, whose artistic and charming exhibition skating had so delighted all Sherbrookers.

The Princess Rebekah Lodge sponsored a most successful and largely attended card party and dance on Saturday evening in the Oddfellows' hall for the benefit of one of their members. The Noble Grand, Mrs. Norris, and the Vice-Grand, Mrs. Norton, received the many guests, there being over two hundred, while Mrs. Edith Reed and Mrs. F. L. Bean acted as conveners for the delightful party for which all arrangements were efficiently carried out under their supervision. They were ably assisted in their hospitable duties by Miss Winifred Reed, Miss Lillian Kimball, Mrs. Ben Dean, Mrs. Broymum, Mrs. Fred Pearson, Messrs. Robert Cascaadden and Leo Green. Cards were played at forty-five tables, which were placed about the spacious assembly room and the banquet hall. At the conclusion of the game a merrily prize was awarded at each table, following which delicious refreshments were served. Afterwards dancing was indulged in, an orchestra furnishing the music for this popular pastime, to which the remainder of the evening was devoted.

HEALTHY CHILDREN are Happy CHILDREN

CHILDREN of all ages thrive on "CROWN BRAND" CORN SYRUP. They never tire of its delicious flavor and it really is so good for them—so give the children "CROWN BRAND" every day.

Leading physicians pronounce "CROWN BRAND" CORN SYRUP a most satisfactory carbohydrate to use as a milk modifier in the feeding of tiny infants and as an energy producing food for growing children.

When coffee is made in an open pot, it should be served at once. If allowed to steep, it tends to become bitter.

TO REVIEW STATUS OF CANADIAN WOMEN
 Ottawa, March 14.—The Ottawa Business Women's Liberal Club favors women's organizations undertaking a serious study of the economic status of women in Canada. Meeting with the liaison committee of the National Council of the Young Women's Christian Association, it endorsed recommendations put forth by the committee that the number of wage-earning women in Canada was too great to be ignored.

Findings of questionnaire submitted to 3,170 women wage-earners by representatives of thirteen organizations in Ottawa dispelled the fallacy that women work for "pin money." The questionnaires disclosed that sixty-three per cent. had family financial responsibilities in shouldering the major part of the burden of home maintenance. Twenty-seven per cent. were contributing towards the support of relatives and friends.

Collection of labor statistics relating to women and the study of the application of a principle of equal pay for equal work with reference to actual work and dependents also was urged in the recommendation.

ANTITOXIN INHALED IS LATEST METHOD
 London, March 14.—Discovery of a new method of administering diphtheria antitoxin to children by inhalation instead of painful injections is announced here. The antitoxin is inhaled as a fine mist and its acts by being absorbed from the large surface exposed in the lungs.

Tests by volunteers are described in "Lancet," the British medical journal. Seven doctors stayed for fifty minutes in a small sealed room bathed in a fine mist of the antitoxin, keeping a careful watch on each other for danger symptoms.

All seemed well and the dose was repeated in a fortnight. This time five became ill, with fainting sickness and headache. In spite of these symptoms, which the doctors say were due to too big a dose, the experiment was declared successful. The tests showed the amount of

TOURIST TRADE OF QUEBEC PUT AT \$77,000,000
 Thirteen Million Dollars More than in 1936, According to Statistics Tabled in Legislature by Hon. Joseph Bilodeau.

Quebec, March 14.—The tourist industry brought \$77,000,000 to Quebec Province last year, \$13,000,000 more than in 1936, according to a report tabled in the Legislature by Hon. Joseph Bilodeau, Minister of Municipal Affairs, Trade and Commerce.

During 1937 more than 613,200 automobiles entered Quebec for "seasonal touring purposes," said the report, noting a fourteen per cent. increase over the total of 539,662 automobiles which visited the province the previous year.

The year 1934 was the most peaceful in Great Britain, so far as industrial disputes were concerned. Only 960,000 working days were lost that year, as compared with 162,230,000 working days lost in 1926.

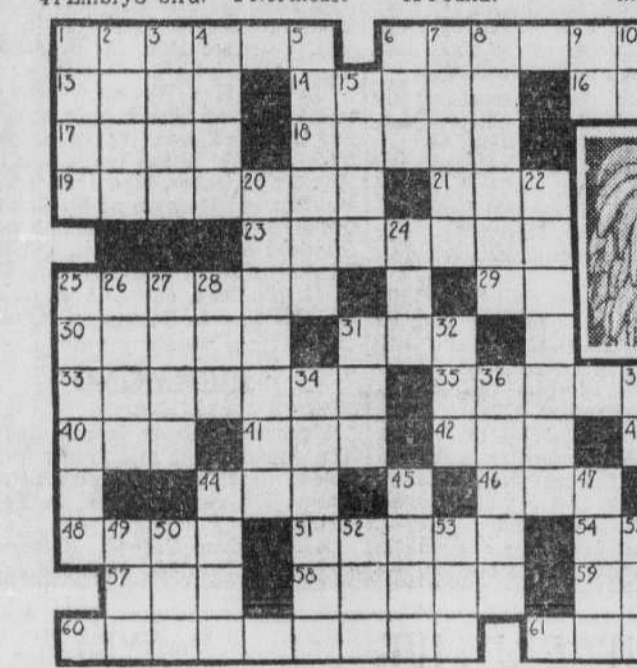

antitoxin in the blood had much increased—in one case by more than 1,000 times. The doctors now want to repeat the experiments with smaller and weaker amounts.

NOTED SURGEON AND NURSE ARE THOUGHT SLAIN
 Grave Fears Felt for Safety of Dr. Norman Bethune, of Montreal, and Miss Jane Ewen, of Vancouver, Missing in China.

New York, March 14.—Grave concern for the safety of Dr. Norman Bethune, distinguished Montreal surgeon, and Miss Jane Ewen, a nurse of Vancouver, B.C., were felt following receipt by the New York Times of a wireless dispatch from Hankow, China, stating they are missing and "it is feared they were killed."

Dr. Bethune, founder of the Madrid blood transfusion unit that is credited with saving hundreds of lives in the Spanish Civil War, went to China last month with Miss Ewen to offer his medical services to the Chinese Government.

They left Hankow, temporary capital of China, for Shansi Province two weeks ago, the New York Times dispatch said.

Wireless inquiries throughout the territory occupied by the Communist Eighth Route Army failed to trace them. They were scheduled to arrive at Linfen about the time the Japanese captured the city, the dispatch said.

"It is feared they were killed," Dr. Bethune resigned as a surgeon of the Sacred Heart Hospital in Montreal to go to Spain at the outbreak of the Franco revolt. A native of Gravenhurst, Ont., aged forty-eight, he was graduated in medicine from the University of Toronto.

TRACY AND RAINER HEAD FILM PARADE
 Hollywood, March 14.—(AP)—Spencer Tracy, a likeable fellow from Milwaukee, and Luise Rainer, a shy Austrian brunette, were hailed here as the No. 1 stars of the 1937 film year.

Seventeen gold statuettes, symbols of outstanding achievement in the industry, were passed out by the Academy of Motion Picture Arts and Sciences. The two that counted most—for the best acting—went to Tracy and Miss Rainer. Thirteen hundred people paid twenty-five dollars a plate to attend the banquet.

Recovering at a hospital from an operation, Tracy got the news from his wife that his characterization of a Portuguese sailor in "Captains Courageous" had been rewarded.

Miss Rainer, a little figure in a light dress, with her black bangs windblown across her forehead, was present at the Academy banquet when it was announced she had won a statuette for her Chinese peasant role in "The Good Earth."

The award for the best picture of 1937 went to Warner Brothers' "The Life of Emile Zola."

The origin of the ceremony of laying a cornerstone is of greatest antiquity and, according to some historians, sacrificial rites were practiced when laying the foundations of a building.

YOUNG PEOPLE AT BULWER HAD FINE MEETING

Many Interesting Topics Discussed at Regular Session of Bulwer Young People's Union.

Bulwer, March 14.—The Bulwer Young People held their regular meeting at the home of Mr. and Mrs. Norris Wood on Monday evening, March 7th. The devotional part of the meeting was in charge of Miss Shirley Smith. At the business meeting conducted by the president, Miss Melba Wheeler, plans were made for the young people to take the service on Sunday, March 13th, in the United Church, the guest speaker to be Mr. Norris R. Wood. The meeting was closed by all rising and repeating the Mizpah benediction.

The next meeting is to be held at the home of Mr. and Mrs. W. A. Rogers.

NEW OFFICERS OF INSTITUTE AT ST. ARMAND

Report Submitted at Annual Meeting of St. Armand Women's Institute Revealed Remarkably Active Year.

St. Armand, March 11. — The St. Armand Women's Institute met at the home of Mrs. E. H. Campbell on March 5th, with fifteen members present. The retiring president, Mrs. Miles E. Krans, was in the chair, and the meeting was opened by the Club Women's Creed. The roll call was payment of dues. The roll call contest for the past year was terminated, seven members drawing for the prize, with Mrs. N. H. Robinson winning in the draw. The secretary read the minutes of the preceding meeting, which were approved. The treasurer's report showed a balance on hand of \$28.58. The auditors, Mrs. B. L. Gardner, and Mrs. H. Guthrie reported the books found correct. A letter of thanks from the V.O.N. in Montreal for a gift of linen was read. The secretary's report followed, showing in regular meetings held, also a card party, a lawn social and a Christmas party; fourteen members attended county meeting at Noyan, six members present at the semi-annual county meeting at Stanbridge East; sixteen subscriptions were sent in to the "Home and Country" and one subscription to "The Country Woman"; twenty names were on the roll last year, and were fortunate in having many guests, among whom was the County resident, County Secretary and the President of Dunham branch. The society enjoyed many contests, a spelling match, a slip exchange, etc. Numerous good papers were heard. Dishes were bought, plants sent to two members in hospital, gifts amounting to \$21 given to local schools. Each of the nine conveners efficiently dealt with her subject. The president then expressed thanks to all for their co-operation during her term of office, and asked Mrs. George Bradley to preside during the election of officers. The result of this election follows: President, Mrs. George Krans; vice-president, Mrs. E. H. Campbell; secretary, Mrs. N. H. Robinson; treasurer, Mrs. C. Dean; conveners, agriculture, Mrs. E. H. Campbell; Canadian and national events, Mrs. H. Guthrie; Canadian industries, Mrs. F. Sager; child welfare, Mrs. J. Thomas; education, Mrs. G. Bradley; home economics, Mrs. Gertrude Symington; immigration, Mrs. Agnes Bradley; publicity, Mrs. N. H. Robinson; representative to county meetings, Mrs. G. Bradley; representative to Macdonald convention, Mrs. C. Dean, with Mrs. G. Bradley as substitute delegate.

The new president then took the chair and the new business was taken up. The sum of one dollar for stationery for the secretary and \$1.50 for postage was set aside from the treasury. One bill was presented and paid. The secretary then read the programme for the new year as drawn up by the programme committee, which was approved. Membership fee and collection for the day amounted to \$35.65. After the meeting had been adjourned the hostess, assisted by her daughter, Miss Phyllis Campbell, served a delicious tea. The programme for 1938-39 follows: April 2nd: Mrs. Gertrude Symington, hostess; topic, Home Economics; roll call, "My Family's Favorite Dessert and Recipe"; paper, Preparing Supper Dishes; question box. May 7th: Mrs. G. HIS BACK ACHED FOR 4 YEARS

Kruschen Put Him Right

For four years, this man's back ached almost continuously. Now, at 57, he starts the day fresh as a daisy, and his back aches no more. Read his story:—

"I had continuous backache for four years. I looked on the black side of everything. Now, I write with extreme gratitude for what Kruschen Salts has done for me. The freshness with which I start my day's work is perfectly marvellous. After seven days of Kruschen, I felt better and could get up immediately, without any special effort. I am 57, and my early morning dose of Kruschen is my salvation."—J.T.

The kidneys are the filters of the human machine. If they become sluggish, impurities find their way into the blood-stream and produce troublesome symptoms—backache, rheumatism, and depression.

The numerous salts in Kruschen quickly coax your kidneys back to healthy normal action. As an immediate result, you experience relief from those old dragging pains. As you persevere, you lose your pains altogether.

March 4th: Mrs. E. H. Campbell, hostess; roll call, dues; reports of conveners; election of officers.

General Notes

Mr. and Mrs. K. Elvidge, of Cowansville, Mr. and Mrs. Frank Corey and Mr. and Mrs. John Holloway, of Stanbridge East, were called here by the sudden death of Mr. John MacCaskill, father of Mr. George Kidd, of this place. Mr. MacCaskill, who had spent the winter months with Mr. and Mrs. Kidd, passed away after an illness of only a few hours. Rev. Mr. New conducted prayers at the residence before the departure to Gould where interment took place. The entire community joins in extending heartfelt sympathy to Mr. and Mrs. Kidd, and other relatives.

Mrs. Gertrude Symington spent a couple of days at the Burley home last week and the week-end with Mr. and Mrs. Miles E. Krans. The infant child of Mr. and Mrs. Arthur Monette was buried in the Roman Catholic Cemetery here.

Help Kidneys Don't Take Drastic Drugs

Your kidneys contain 9 million tiny tubes or filters which may be endangered by neglect. If neglected, they may become clogged. If kidneys or bladder troubles make you suffer from Getting Up Nights, Nervousness, Headaches, Backaches, Swollen Feet, Burning, Itching, or Burning Passages, don't rely on ordinary medicines. Fight such troubles with the doctor's prescription, Cystex. AUXILIARY AT BEDFORD HELD BUSY SESSION

Arrangements for Annual Bazaar for Indian School Completed at Regular Session of Bedford Senior Women's Auxiliary.

Bedford, March 14.—The regular meeting of the Senior W.A. was held at St. James rectory with an excellent attendance. In the absence of the president, Mrs. D. J. Reid, who is in Mexico, the vice-president, Mrs. F. C. Saunders, conducted the meeting which was opened by the rector, Rev. H. V. Fricker, with prayer, after which the minutes of the preceding meeting, were read by the secretary, Mrs. Ralph Van Horn, and approved. The afternoon was spent in working on a quilt for the sale. The Dorcas Secretary, Mrs. A. S. McCaw, reported that all materials for the making of the articles for the bazaar, which this year goes to the mission school at Lac la Ronde, Man., had been purchased from the Dorcas Shop, Montreal, and asked for volunteers to make up the necessary garments. The Literary Secretary, Mrs. H. V. Fricker, read an interesting article, describing the distribution of a bazaar which had been sent to a mission school in the Diocese of Brandon. Following the business meeting, refreshments were served by the hostess who was assisted by the Misses Kathleen Fricker and Isabella Craighead.

Mr. Ernest Best, of St. Albans, Vt., was the recent guest of his parents, Mr. and Mrs. Eugene Best. Miss Marion Burt was the guest recently of relatives in Montreal. Mrs. M. Stewart, who has been the guest for a time at the home of her brother, Mr. A. C. Miller, and Mrs. Miller in Waterloo has returned home.

Mr. L. Quilliams, who was a patient in the Royal Victoria Hospital, has returned home.

Miss Mattie Thompson, who has been a patient in the Royal Victoria Hospital, left on Tuesday for Harrisburg, Pa., where she will remain for a time with her niece, Mrs. Clewell, and Captain Clewell. Mrs. Clewell spent several weeks in Mont-

real, during the time of her aunt's stay in the hospital.

The Women's Association of the United Church held a very successful supper in the church hall. The arrangement for the tables were in the hands of Mrs. George Wightman, the waitresses being Mrs. Ralph Oakes, Mrs. F. E. Best and the Misses Lottie Casey, Major McKenna, Ruth Watson and V. Theoret, while Mrs. A. Sawyer assisted by Mrs. A. J. Shelton and Mrs. Mark Lodge were in charge of the kitchen arrangements.

Mrs. W. J. Conrad has returned to the parsonage after a visit to her daughter, Mrs. L. L. Reynolds, and Mr. Reynolds at East Angus. Mr. Malcolm McCaw spent a recent week-end in Montreal where he joined a party of friends for a skiing party in the Laurentians.

Mrs. C. A. Vaughan has returned from the Royal Victoria Hospital where she was a patient for some weeks. Mr. Neil Baker was recently in Shelton, Vt., and was accompanied home by his aunt, Mrs. D. C. Gardner, who had been the guest for a time of her sister, Mrs. A. Beaman.

Mrs. George Hayes, of Guthrie, was the recent guest of her parents, Mr. and Mrs. William Thompson. Mrs. Thompson is recovering from her recent illness. Mrs. Lee A. Martin was the guest over a recent week-end of her sister in Montreal.

Mr. and Mrs. Gerald Turner were the guests over a recent week-end of the latter's parents, Mr. and Mrs. L. Humphreys in Richmond, Vt.

Among those in Montreal recently were Mr. and Mrs. L. Gittens, Jean and Bart Gittens, Miss Sinclair McIntosh, Mrs. L. Craighead and Richard Craighead.

Mr. and Mrs. Joseph Laing returned on Monday, March 7th, after spending a week-end with relatives in Montreal. The regular meeting of the Guild of St. James Church was held at the home of Mrs. B. R. Stevens, with an excellent attendance of friends and members, despite the inclemency of the weather. The meeting opened with prayer by the rector, Rev. H. V. Fricker, after which the minutes of the previous meeting were read by the secretary, Mrs. Alfred Nicholson, and approved.

The president, Mrs. Ross Preston, reported that \$52 was cleared at the recent progressive card party. The sum of \$100 was voted the wardens of St. James Church for current expenses. It was decided that during the Lenten season services would be held on Thursday evenings, instead of Wednesday evenings, as in the

past years. Following the business meeting, refreshments were served, the hostess being assisted by Miss Angelina Stevens, Mrs. B. W. Draper and Mrs. Ross Preston.

Mr. William Killick, of Lacolle, was a recent week-end guest at the home of Mr. and Mrs. E. A. Chadsey. Mr. and Mrs. Ross Preston and Mr. Ralph Van Horn spent Wednesday in Montreal.

Mr. L. Molson, of Shawinigan Falls is the guest of his parents, Mr. and Mrs. J. Molson. Miss Betty Jones was the recent guest of her aunt, Mrs. B. I. Silverman, of Westmount.

The Men's Bridge Club of St. James Church was entertained at the home of Mrs. George Moody. Mr. and Mrs. Raymond Best and Mr. Clarence Best, of St. Albans, Vt., were guests on March 6th of Mr. and Mrs. Eugene Best.

Mrs. Wilbur Borden entertained at three tables of contract the prize for the highest score going to Mrs. A. S. McCaw, while Mrs. Heman Hulburd received the consolation prize.

Mr. and Mrs. Harry Jones and Master Eric Jones spent a week-end in Westmount as guests of Mr. and Mrs. R. H. Paul. Mrs. Howard Guthrie, of Pigeon Hill, was the guest at the home of Mrs. M. Stewart recently.

Mr. and Mrs. F. E. Best, Mr. Kenneth Best and Mr. and Mrs. Eugene Best were recent guests of Mr. and Mrs. Clarence Best in St. Albans, Vt.

Mr. and Mrs. Wesley Gilman entertained their friends at cards when five hundred was played at four tables. The prizes were won by Mrs. Ralph Oakes, Mrs. John Gough, Mr. Edward Morgan, of St. Armand, and Mr. Henry Smith. Among those from out-of-town were Mr. and Mrs. Edward Morgan and Mrs. and Mrs. H. H. Hastings, of St. Armand and Mr. and Mrs. L. Buckus, of Mistic.

RICHMOND

Sincere sympathy is extended to Mrs. James Doyle and family in the sudden death of their husband and father, Mr. James Doyle, in Montreal.

Mr. Brigham Caswell, University of Toronto, was the week-end guest of his grandfather, Mr. C. E. Caswell, and of his aunt, Mrs. W. K. Rattray. Byng Caswell is the nephew of Mr. George Dudley, of Midland, Ont., vice-president of the Provincial Amateur Hockey Association.

INSTITUTE AT MINTON HEARD FINE REPORTS

Due to Recent Organization of Branch, No Election Was Held at Annual Meeting of Minton Women's Institute.

Minton, March 14.—Mrs. Fred Conner and Mrs. Alfred Ryan were hostesses for the annual meeting of the Minton Women's Institute, which was held at the home of Mrs. Conner.

In response to the roll call favorite recipes were given and as each recipe was read it was handed in so that at the close of the meeting each member could copy any which appealed to her.

As this branch has been so recently formed it was thought inadvisable to make any changes in office so no election of officers was held. Each officer and convener will continue for the coming year.

Correspondence was dealt with and bills voted paid. Business arising from the minutes included discussion as to the advisability of having the sugar social which was postponed owing to illness. It was decided to wait until new sugar was available and have the social, if possible during the Easter holidays.

Suggestions were put forward regarding another social gathering at which members would entertain their families, but no definite plans were made in this connection.

The president asked Mrs. Ryan and Mrs. Homer Johnson to act with the secretary and herself as a committee to prepare the programme for the year's meetings. In response to the request for suggestions for the programme, several worthwhile ideas were advanced which the committee will be glad to make use of.

The programme for the afternoon was in charge of Mrs. Conner, who read a very interesting and helpful paper on "Budgeting Our Time." This paper was prepared by the Provincial convener of home economics, and was much enjoyed. Some discussion followed. The programme for the next meeting will have to do with education and better schools.

At the close of the meeting the

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks puny.

A mere bowel movement doesn't always get on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of a natural but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else!

EAST ANGUS

The World Day of Prayer was observed in the Emmanuel United Church here. The ladies of Christ Church Women's Auxiliary met with the ladies of the Women's Missionary Society of the United Church. Mrs. J. O. Baron, president of the W.M.S., and Mrs. C. E. S. Bown, presided over the gathering, which was splendidly represented by both groups. The programme was the one as used elsewhere, with the theme "The Church: A World Fellowship" being the title. Miss G. Sutton accompanied all the singing, including a duet, "In the Secret of His Presence" rendered by Mrs. A. G. Johnston and Mrs. R. H. Edwards, and a solo, "His Eye is on the Sparrow" by Mrs. L. Reynolds. Mrs. Bown read a short devotional address and Rev. Mr. Bown and Rev. Mr. Baron gave short addresses in keeping with the programme. The following ladies led in prayer in the period of intercession: Mrs. Bown, Mrs. Planché, Mrs. Warner, Mrs. Dearden, Mrs. F. Rowland, and Mrs. Beliveau. The offering amounted to

nearly six dollars and was forwarded to Miss Bessie MacMurchy, Toronto, treasurer of the Inter-Board Committee of the Women's Missionary Societies of Canada and on behalf of Jewish Christian Liberation. It was unanimously felt that this coming together for the Fellowship of Prayer proved a real success and uplift.

Mr. and Mrs. Harry Rowland are home after spending the winter months in California. Friends were glad to welcome home Mr. Fred Little, who has spent the winter at Portland, Ore., and British Columbia, where he visited his sister, Mrs. A. Lee. Mrs. Lee accompanied him home for an indefinite time.

KNOWLTON HELD FINE SERVICES ON PRAYER DAY

Miss Mary Knowlton, President of Anglican Church W.A., and Mrs. H. Scott, Head of United Church W.M.S., Presided at Impressive Event.

Knowlton, March 14.—The World Day of Prayer was fittingly observed by a gathering of Knowlton ladies in the United Church

parlors. This impressive service was presided over by Miss Mary Knowlton, president of the Women's Auxiliary of the Anglican Church and Mrs. H. Scott, president of the Women's Missionary Society of the United Church.

The programme had been prepared by Miss Alice E. Henderson, summer, Christchurch, New Zealand, and had as its theme, "The Church, A World Fellowship." A prepared address, appropriate to the theme of the service, was read by Miss Minnie E. Scott. Prayers were offered by Miss M. Ramsay, Mrs. A. E. Rollit, Miss E. Brown, Mrs. H. Scott, Mrs. William Godden and Mrs. G. M. Ransom. The members joined in responsive reading.

A feature of the afternoon was a duet by Mrs. A. E. Rollit and Mrs. E. D. Mitchell, entitled, "Take My Life and Let It Be," accompanied at the piano by Miss Gertrude Capel. The collection was a generous one and will be forwarded to

headquarters in Toronto to be used for distribution. Mrs. E. D. Mitchell acted as accompanist for the service.

The close of the meeting tea was served.

I.O.D.E. MEI

The regular fortnightly meeting of the St. John Fisher Chapter of the Imperial Order Daughter of the Empire was held at the home of Mrs. Eli Hall on Thursday afternoon, with the Regent, Mrs. George Robb, presiding. A short business session took place, during which several items of business were disposed of. At the close of the meeting, refreshments were served by the hostesses, Mrs. Eli Hall and Miss A. Wood.

UNITED CHURCH STEWARDS HELD MEETING

The Board of Stewards of the Knowlton United Church met at the home of Rev. E. M. Taylor, with an

METROPOLITAN LIFE CONTINUES PROGRESS IN 1937

Increased Insurance in Force Feature of 71st Annual Statement.

OTTAWA, March 14th.—Reporting payments to policyholders and beneficiaries of almost \$226,000,000 during 1937, an average of \$4,933,238 a minute for each business day, the 71st annual statement of the Metropolitan Life Insurance Company released today presents an informative picture of the service of a life insurance company under the heading of "The Business Side of the Ledger — and the Human Side." There was scarcely a catastrophe in the country which took human lives during 1937 where funds provided by Metropolitan policies did not help to lighten the burden for afflicted families. The report also comments on the value of new investments made by the company in various communities. These investments helped to create a demand for goods, aided realty values, gave employment, and otherwise advanced local social and economic interests. The company, which is a mutual organization, ended the year with the largest number of policies and the greatest amount of life insurance ever in force in any company — 43,900,964 policies for a total of \$22,844,963,008. These policies, which included almost two million lives insured under group life contracts, were owned by approximately 29,000,000 persons in Canada and the United States, or two persons out of every nine in the populations of the two countries.

HARRY D. WRIGHT
Second Vice-President and Manager for Canada, Metropolitan Life Insurance Company, who reports a substantial gain in Canadian business.

"The Canadian business of the company shows a gain of \$61,638,307 in life insurance in force at the end of the year, which was \$1,126,789,608," commented Second Vice-President Harry D. Wright, Manager for Canada. He also stated that investments of Metropolitan in the Dominion now total \$263,156,261. Other features of the company's business in Canada referred to by Mr. Wright included payments to Canadian policyholders and beneficiaries during the year of \$29,319,475; distribution of 4,285,681 publications on health; and continuation of the company's health and welfare programme in the course of which nurses made 363,644 visits in ministering to policyholders insured under Industrial, Intermediate and Group contracts. "The improvement shown here during 1937 in the various departments of our company reflect favorable business and industrial conditions in Canada," stated Mr. Wright.

Referring to the company's total business in Canada and the United States, the year's report shows that payments to policyholders amounted to more than half a billion dollars for the sixth successive year, the amount for 1937 being \$525,876,271. These payments were made to policyholders in the Ordinary department, including Group, \$278,185,011; to Industrial policyholders \$234,293,145 and to accident and health policyholders \$13,421,115. Dividends to policyholders payable in 1938 will total more than one hundred million dollars.

The sum of \$225,019,055 was added in 1937 to the funds held by the company for the benefit of policyholders, bringing assets of the company to \$4,719,720,827 as at December 31st, 1937. The surplus and general voluntary reserves, which serve as a cushion against unforeseen contingencies, are now \$311,504,850.

Outstanding in the report was the gain in total life insurance in force, \$1,278,117,914, the largest increase since 1929. Total Ordinary in force at the end of 1937 was \$11,400,690,229 or 51% of the company's business; the Industrial total was \$7,511,537,957 or 33%; and the Group total was \$3,671,865,512 or 16%. The company also had accident and health insurance in force carrying a principal sum benefit of \$1,510,264,310 and weekly indemnity of \$10,000,024. All of these figures are new high spots in Metropolitan history.

The Metropolitan is a mutual organization. Its assets are held for the benefit of its policyholders, and any divisible surplus is returned to its policyholders in the form of dividends.

The Human Side — for 1937

IF WE WERE to let the figures to the left describe the Metropolitan's activities last year, the story would be far from complete — for there is a HUMAN side of the ledger, too.

Policyholders and beneficiaries received from Metropolitan in 1937 almost \$526,000,000 — much of it in an hour of genuine need.

Death claims were paid on 6,107 policies in force less than three months, and on 18,562 policies in force less than one year — dramatic proof of the value of life insurance.

One could scarcely name a catastrophe which took human lives, in the United States or Canada, where funds provided by Metropolitan policies had not helped lighten the burden for afflicted families.

Each day, visiting nurses representing the Metropolitan ministered to persons insured under Industrial, Intermediate, and Group policies who were in need of skilled care. These nurses made 3,766,240 calls during the year.

Every half second during 1937, a Metropolitan booklet, containing useful health information, was placed in somebody's hands.

Each working day throughout the year, new Metropolitan investments went into communities in various parts of the United States and Canada. These investments helped to create a demand for goods, aid realty values, give employment, and serve other modern social and economic needs.

There is more we would like to tell you about our 1937 Report. This is contained in a booklet entitled "The Human Side of the Ledger", which we shall be glad to send to you upon request. Use the coupon below.

FREDERICK H. ECKER, Chairman of the Board
LEROY A. LINCOLN, President

In Canada —

These highlights of the Company's business in the Dominion (having been included in the above statements) will be of particular interest to Metropolitan's Canadian policyholders and their beneficiaries.

The total amount of Metropolitan life insurance in force in Canada at the end of the year was \$1,126,789,608 of which \$613,417,019 was Ordinary; \$414,800,062 was Industrial and \$98,572,527 was Group.

The total number of nursing visits made without additional cost to our Canadian policyholders during 1937 was 363,644.

Payments to Metropolitan policyholders and beneficiaries in Canada during 1937 were \$29,319,475.67.

Metropolitan health publications distributed in Canada during 1937 totalled 4,285,681.

Metropolitan investments in Canada as of December 31st, 1937 totalled \$263,156,261.32

- ... Dominion Government Bonds \$ 63,293,911.82
- ... Provincial and Municipal Bonds \$108,728,136.17
- ... All other investments \$ 91,134,213.33

The total amount the Metropolitan has paid to Canadians since it entered Canada, plus its present investments in Canada, exceeds the total of all premiums received from Canadians by more than \$133,000,000.

SHERBROOKE WIN PROVINCIAL LOOP CROWN

Beat Valleyfield In Final Tilt Yesterday

Red Raiders Advance to Q.A.H.A. Playdowns with Three to One Victory Over Braves to Take Best of Seven Series by Four Games to One—Harris, Laforest and Jean-Paul Ranger Scored for Locals—Gulbault Tallied for Valleyfield.

Valleyfield, March 14.—Sherbrooke Red Raiders defeated Valleyfield Braves three to one here yesterday to capture the Quebec Senior Provincial Hockey League championship by four games to one in their best of seven series. The Red Raiders have earned the right to enter Allan Cup playdowns and will play the Quebec Intermediate champions, either Windsor Mills, Victoriaville or St. Jerome, in a two-game series next week-end.

The match was played on a soft, water-covered sheet of ice, but the Sherbrooke team showed the form that has labelled them the most brilliant team in Provincial hockey, outside of the Quebec Senior League, and favors them to meet either Quebec Aces or Verdun Maple Leafs in the finals for the Quebec Hockey championship.

Sherbrooke sailed through for three goals, one in each period, before Valleyfield finally tallied after thirteen minutes of play in the final frame. Laforest, "Hank" Harris, Kelly, Ranger, Cormier and Gagnon were the best for Sherbrooke, while Gulbault, Hamel, Reeves and Lilly were outstanding for Valleyfield.

Majella Laforest tallied first for the Red Raiders after six minutes of play in the opening stanza. "Spiky" Kelly passed out from the corner and Laforest tapped the puck in, as it crossed in front of the net, to beat goalie Johnny Lascelles.

"Hank" Harris, who had been playing zebra hockey at centre between Cormier and Gagnon, chalked up the next Sherbrooke goal in the second session, scoring on one of his typical plays after a passing bout with Cormier and Gagnon. The three forwards waded their way into Valleyfield territory, passing the puck back and forth. Harris dashed right in over the blue line in front of goalie Lascelles and picked up a pass to flip the puck into the net.

In the final frame Jean Paul Ranger tallied the last goal for the Red Raiders on a solo rush. He broke away at the defence and skating field bounded right into Valleyfield territory and blasted the disc behind Lascelles for a goal.

Ranger For the last half of the closing chapter Valleyfield held an edge on play as Sherbrooke slackened their defence with their three-goal lead. After thirteen minutes of play Gulbault broke away for the lone Valleyfield goal. He dashed in and split the Sherbrooke defence to give "Patsy" Seguin no chance as he lifted the puck into the net, to make the final count three to one for Sherbrooke and gave the Provincial League championship to the flashy Red Raiders.

Referee Mallinson was jeered by the crowd several times during the match, particularly in the second period when he banned Reeves for ten minutes for questioning a decision.

The teams were: Sherbrooke goal Lascelles; defence Maite Larochelle; defence Hubin; centre Hamel; wing Goulet; Henri; wing Lilly. Sherbrooke subs: Frenette, Roy, Bastien, Garand, Cormier, Lesreux, Kelly. Valleyfield subs: Reeves, Denault, Deschamps, Gulbault, Boyer, Landreville.

SUMMARY
First Period
1—Sherbrooke Laforest 6:24
Penalties: Reeves (2), Frenette.
Second Period
2—Sherbrooke Harris (Cormier, Gagnon) 13:36
Penalties: Kelly, Gagnon, Boyer, Reeves (10 minute misconduct).
Third Period
3—Sherbrooke Ranger 4:12
4—Valleyfield Gulbault 13:41
Penalties: Kelly, Frenette.

DETROIT BEAT CHICAGO BUT CHANCES SLIM

Red Wings Chalked Up Five to One Win Last Night, but Trail by Four Points—Boston Beat Rangers, Toronto and Canadiens Tied and Amerks Beat Maroons.

Despite all the fine heroics Detroit Red Wings are showing in clinging to their thread-thin chances, they had to turn to a couple of other National Hockey League teams today for aid in carrying out hopes for a play-off place.

Chicago Black Hawks will hold the third and last play-off spot in the American division over Detroit's late and spasmodic challenge, unless New York Americans and Boston Bruins can stop the Hawks in their two remaining games. It is incidental that the Wings will have to win at least two of their last three starts.

There have been few sour notes in the downfall of the world champions. They've played hockey like champions at times, too. Last night they turned in one of the season's feature performances at home in a five to one victory over Chicago, climbing to within four points of the Hawks. The brilliant win was achieved mainly on three goals by Carl Liscombe, scored in one minute and 52 seconds to break Pat Lepine's old mark of three in two minutes and 57 seconds.

But all that will go for nothing if Hawks hang on as doggedly as they have done all season. They have come through in the clutch before and it's hard to be expected, either. Detroit Red Wings will take three straight games after winning only eleven in forty-five. They face Montreal Canadiens, Toronto and New York Rangers, all of whom have clinched play-off berths.

The Stanley Cup picture became a little clearer last night when Boston Red Wings won their second game at New York, clinching first place and consolidating Rangers in second. Toronto made sure of nothing worse than a tie for the Canadian division top Saturday with a three to three draw against Canadiens, while the deadlock dropped the Canadiens into third place behind Amerks, who defeated Maroons three to one at Montreal the same night.

Liscombe went to bat after sixteen minutes of scoreless hockey, speeding in to sink Eddie Vares' rebound. A penalty to Earl Seibert opened the way for the rookie, a little wider and twice more he dashed up from left wing to beat Mike Karakas, first on a pass from Herb Lewis and then on one from Syd Howe.

Alex Motter made it four to nothing in the second while Paul Thompson, had Chicago's goalie, who stepped along all the league's leading scorers to give Toronto a one to nothing edge in the first but George Mantha and Aurel Joliat counted in succession for Canadiens in the second. Then Jackson's first goal made it two to two and after Red Loran while the Canadiens trailed 4-1 in the third the big wingman sent the game into overtime on Bill Thom's pass.

Montrealers who recalled Nels Stewart's playing days with the Maroons honored him before Saturday's game. So, after receiving the best of silver and crystal "Big Sam" stepped out to score the winning goal for Americans, the 29-year-old of his big league career.

Gus Marker gave Montreal an early lead that was tied by an early goal awarded to "Red" Brattin. The officials said Bill Beveridge hit his stick as he went down to stop the Amerks' wingman.

Stewart sank the deciding goal with less than four minutes to go and when Beveridge was pulled from the nets to make way for a sixth forward Lorne Carr increased the margin.

T. W. Houghton Winner Of E.T. Skiing Title

Windsor Mills Skier Placed First in Slalom and Second in Cross-Country and Downhill Races to Capture Challenge Trophy—Geoff Scott and John Starnes, of Bishop's College, Placed Second and Third, Respectively.

North Hatley, March 14.—T. W. Houghton, of Windsor Mills, and member of the famous Montreal skiing family so prominent on the McGill Ski Club and the Red Birds, is the new Eastern Townships open skiing champion, with a thirteen point margin over his nearest rival, Geoff Scott, of the University of Bishop's College Ski Club, in the First Annual Eastern Townships Ski Meet held at North Hatley yesterday.

Houghton becomes the first holder of the North Hatley Challenge Trophy, offered by the Town of North Hatley for annual competition.

Houghton flashed to victory in the slalom race and placed second in the cross-country and downhill to pile up his impressive point total. Geoff Scott, second place winner, was first in the downhill race, third in the slalom and seventh in the cross-country.

E. Booth, of Windsor Mills, gave a sterling performance in the cross-country as he sped over the course in seventeen minutes and thirty-five seconds, while Houghton was less than a minute behind.

John Starnes, of the University of Bishop's College Ski Club, placed third in the race, while Norman Welsh, champion of the Connaught Ski Club, of Sherbrooke, was fourth. Starnes piled up his total by placing third in the downhill race, second in the slalom and eighth in the cross-country. Welsh was fourth in the downhill, tied for second in the slalom and eleventh in the cross-country.

Bill Anglin and Eric Phelps, of Bishop's College School, gave fine performances as they finished fifth and eighth, respectively, in the final standing. Anglin placed sixth in the downhill, fourth in the slalom and fifth in the cross-country, while Phelps was third in the cross-country, eleventh in the slalom and tenth in the downhill race.

John Blue, runner up to Norman Welsh in the Connaught Ski Club championships, was sixth in the final standing, as he blew his chance in the cross-country when he finished seventeenth. Blue was winner of the cross-country race last week-end, but was not in his best form yesterday. He placed sixth in the slalom race and second in the downhill.

BASEBALLERS HAVE HOPES OF GETTING GRANT

Roland Dugre, President of the Sherbrooke Baseball Club, Says Interview on Saturday with Colonel Johnny Bourque "Very Satisfactory."

Roland Dugre, president of the Sherbrooke Baseball Club, announced this morning that the delegation which called on the Hon. Johnny Bourque, Minister of Public Works, at his office on Saturday morning, to ask a grant for the local baseballers, were very pleased with their interview.

"Although nothing definite has been decided yet the Minister was very helpful that our demands would be met," said Mr. Dugre. "Colonel Bourque, always sympathetic to the cause of sport, realized that the baseball park is in terrible condition and badly in need of improvement," the local baseball president declared.

When asked by a Record representative what the money, if received, would be spent on, Mr. Dugre said that leveling of the field, the building of a fence and the installation of an artificial light plant for night baseball would be the chief objects of the club, but that he hoped a new stadium would also be built in the not too distant future.

Sherbrooke are slated to play their first match here on May 15, but it depends on the condition of the ground whether or not the schedule can be followed. The opening matches are scheduled for Grandby and Drummondville on May 1.

In the Junior Championships Russell Kezar was winner with victories in the cross-country and slalom races, placing second in the downhill behind John Kezar and Dorothy Kezar, who were tied for first place.

Dorothy Kezar was second among the girls entered in the junior events, while Patricia Taylor was second. Marjorie Bowen third and Frances Dumont fourth.

The prizes were presented by Mayor Ashley Jackson, of North Hatley. Dorothy Kezar was the winner of the fine turnout for the championships and the great progress made in skiing by the North Hatley people. He expressed the hope that the town would continue to make rapid strides in its development as a sports resort in the future as it had in the past.

The complete results of the meet were as follows:

Windsor Mills Nearly Won In Final Period

Loosed Fine Rally that Netted Three Goals in Last Frame, but Fell Short of Early Victoriaville Lead as Eastern Provincial League Champions Won First Match of Two-Game, Total Goals to Count Series, Five to Four.

Windsor Mills, March 14.—A magnificent rally by the Eastern Townships champions, Windsor Mills, that netted three goals in the final frame of their first match of a two game, total goals to count, series with Victoriaville, champions of the Eastern Provincial Hockey League, in a Q.A.H.A. play-down, just failed to turn the tide of victory as the Victoriaville lads held their early lead to clinch up a five to four victory at the Windsor Mills Arena before an enthusiastic crowd that watched a closely contested match played on water-covered ice. The second match of the series is scheduled for Victoriaville tonight.

Windsor Mills lost the game in the final three minutes of play when the Victoriaville squad got the jump on the Eastern Townships lads, who were nervous and not settled down. Blais tallied twice in the first thirty-six seconds, and then Marcia scored two minutes later to give the Eastern Provincial League champions a three to nothing lead. The fourth Victoriaville marker came halfway through the stanza. Marcia supplied a nice pass to Blais for the first Victoriaville goal, then the starchy Victoriaville centreman went through alone for a marker. Two minutes later Blais slipped a pass across to Marcia, who made no mistake as he blasted the puck behind Lenore. Larochelle scored the fourth goal for Victoriaville on a pass from Blais. Bobby Morey scored the first Windsor Mills goal before the end of the period after a fine combine play with Alfred Frenette and "Lefty" Codere.

Victoriaville went into a five to one lead with the lone marker of the second session. After thirteen minutes of play Beauville went in for a tally with Blais supplying the pass.

Windsor Mills fought back hard in the final frame and carried all the play as they bottled up Victoriaville squad and slammed in three goals.

Landry scored first on a pass from "Lefty" Codere, who was playing great hockey. After eight minutes of play Bobby Morey scored his second goal of the match, after a fine combine play with Anthony Frenette. With less than four minutes to play the Eastern Townships champions kept coming up the ice in sweeping four-man rushes and Milton Dunsmore tallied the last marker of the tie, with Alfred Frenette and Eric Bailey getting credit for assists.

Blais was outstanding for Victoriaville, while Marcia, Larochelle, Bastien and Beauville all played well. Bobby Morey was the best for Windsor Mills, while M. Dunsmore, Codere, Tony Frenette and Alfred Frenette all played nice games.

The teams were: Victoriaville goal Beauville; defence Larochelle; G. Dunsmore; defence Bastien; M. Dunsmore; centre Eric Bailey; wing Belisle; M. McLennan; wing Marcia. Windsor Mills subs: Morel, Alfred Frenette, Codere, Anthony Frenette and Gauvin.

Victoriaville subs.—Letourneau, Viger, Langlois, Beauville and Lapage.
Referees: Carroll and Prince.

ROCK ISLAND WERE VICTORS AT STANSTEAD

Olympics Chalked Up Six to One Win Over Stanstead Wesleyan College in First Game for Border Hockey League Championship.

Stanstead, March 14.—In their first play-off game for the Border Hockey League championship, Rock Island Olympics handed Stanstead Wesleyan College a six to one drubbing here on Saturday. Terrible ice made skating almost impossible and the majority of the goals were zolled in.

In the initial frame Watson battered the puck in with Vargen doing time in the cooler. In the second period Watson tallied again on a pass from behind the net and Clark bagged another on a shot from the blue line. LeBlanc zolled in the Olympics' fourth score and then MacKay snared the Canadiens' lone tally on a solo rush. Clarke and Watson both scored again, and though the Red and White played five men up they couldn't beat Couture.

Couture was sensational in the Olympics' nets and Watson, E. Bushnell and LeBlanc worked nice passing plays. Schofield, MacKay, Woodley and Gordon showed up the best for the Collegians.

HOCKEY'S "BIG SEVEN"
Gordon Drillon and Syl Apps, of Toronto, maintained their dash for the National Hockey League's point-making title as Drillon scored on Apps' assist in a 3-2 tie with Canadiens Saturday. The single markers left Drillon with 48 points at the top and Apps with 45 in second place, three ahead of Paul Thompson, of Chicago, the American division leader who got an assist in his club's five to one defeat of Detroit last night. George Mantha, of Canadiens, bettered his hold on fourth place in the "Big Seven" with a goal and an assist at Toronto, while Bill Cowley, of Boston, climbed nearer fifth position by adding in his club's five to one defeat of the Rangers by two to one Sunday.

The leaders:
