THE SHORTEST BUDGET SPEECH ON RECORD IN CANADA

Delivered by Mr. Fielding in the House of Commons Yesterday Afternoon---It Occupied only Forty Minutes

MR. FOSTER'S REPLY CLOSED THE DEBATE

(Special to The Chronicle.)

Ottawa, April 4.—Mr. Fielding delivered the shortest budget speech on record in the House to-day, taking only forty minutes to make his annual financial statement. Mr. Foster, who replied for the opposition, concluded at 6 o'clock, and the debate, which has generally dragged on for two or three weeks, was brought to an end in less than three hours. The Finance Minister announced a surplus over ordinary expenditure of \$30,500,000.

The bounties on steel rods, which expire on July 1, will not be renewed. No reference was made to the British preference, and on the whole it was the most perfunctory financial statement ever presented to Parliament.

Mr. Fielding showed a revenue for the fiscal year ending March 31, last, of \$117,500,000. The expenditures on the Consolidated fund account, it was estimated, would be \$87,000,000, an increase over the previous year of \$7,500,000. By deducting items for the militia previously charged to capital account and accounting for the naval service and bounties, which now are charged to revenue, the actual increase in expenditure was only \$4,000,000.

The showing therefore was as follows: Revenue, \$117,500,000; expenditure, \$87,000,000, leaving an actual surplus over ordinary expenditures of \$30,500,000.

He pointed out that this large surplus might leave the government open to criticism. Such criticism might be deserved if it were obtained by new taxation or burdensome methods. The rate of taxation was, however, lower than ever before and Mr. Fielding proposed to take his surplus and use it in paying off some portion of capital and special charges by liberal expenditures on the public service, and by providing for very large expenditures which might properly be charged to capital account.

The addition to the national debt for the year was \$3,900,000. It now stood at \$340,168,000. The net debt per head was \$43.69 and could be paid off with three years' actual revenue.

PEACE CONFERENCE AT WASHINGTON

Between Mexican Ambassador and Representatives of the Revolutionists.

Washington, D.C., April 4.—An important peace conference, the first meeting between the Mexican Ambassador here and a representative of the Mexican revolutionists, was held in Washington on Sunday, March 26, the news of which, hitherto a matter of much secrecy, was obtained to-night by the Canadian Press.

Senor de la Barra, formerly Mexican Ambassador to the United States, it was learned, conferred with Dr. Vasquez Gomez, head of the confidential agency of the revolutionists and the authorized representative of Francisco Madero, the insurrecto chief, just a few hours before Senor de la Barra left for Mexico City to take up his duties as Minister of Foreign Affairs in the cabinet of President Diaz.

The conference was arranged after Senor de la Barra was named Minister of Foreign Affairs, by a mutual friend here who previously had asked both men if they were disposed to talk with one another. The two men met at the residence of the Ambassador and talked an hour, thoroughly discussing the situation in Mexico. Dr. Gomez has been handicapped since then in being unable to communicate with Francisco Madero, his chief, either by telegram or mail, and the latter therefore is as yet unacquainted with the details of that conference.

Through a mutual friend to-night,

Total trade of the country for eleven months ending February 28 last was \$687,366,000, an increase of \$76,798,000.

The only time Mr. Fielding touched on the reciprocity issue was when he asked if, in view of this wave of prosperity, heed should be given to those who cried "Let well enough alone." That, he said, was not the motto of this business age, and what was the best policy for the individual was the best for the nation. It was curious that this gospel of "Let well enough alone" should be preached. If they were satisfied with the present condition of things and desired to make no headway, then let them call off their steamships and abolish their subsidies. The government was seeking fresh markets. Trade agents were being sent all over the world, and was it reasonable or just that they should say "Seek trade in China and Africa and make no effort to secure a part of the trade with the great nation to the South. When matters were going smoothly it was of no use sitting still.

Foster roundly condemned Fielding for taking so much out of the pockets of the people in taxation. Tariff changes, such as proposed in the reciprocity agreement, should only be made after careful enquiry by a board of experts and not rushed into pell-mell without consideration.

Fielding in the past had tried to lead Nova Scotia out of Confederation. Now he was endeavoring to take the whole Dominion out by his reciprocity proposals. Foster also condemned the policy of selling Dominion lands for revenue purposes and piling up debt. These fancy book-keeping surpluses, Foster said, would not appeal to the people, who saw the taxes still going up.

Fielding's definite statement that the bounty on wire rods, which expires on July 1st, would not be renewed, has caused great dissatisfaction among his Nova Scotia following. The government is evidently waiting to see what Congress will do with the reciprocity agreement before making any statement as to its intentions regarding it or the British preference.

therefore, a request was sent to Mexico City that in order that peace negotiations may be initiated and permission be granted for the transmission of certain despatches relative to peace to Francisco Madero in Chihuahua, from Dr. Gomez. It is believed that the cordial meeting of Dr. Gomez and Senor de la Barra before the latter's departure, informal as it was, may lead to the speedy settlement of the Mexican troubles.

Senor de la Barra as well as Dr. Gomez at the outset of their conversation referred to the fact that they had no instructions covering such a conference and could only express personal opinions, but Senor de la Barra remarked that he thought "patriotism counselled searching for adequate means for terminating the difficult situation which existed."

Senor de la Barra refused to discuss the question of the resignation of President Diaz. Dr. Gomez had stated that the revolutionists would not insist on the immediate retirement of General Diaz, fearing that anarchy might result if proper provision were not made for a successor. Dr. Gomez declared that what his party was fighting for was participation in governmental affairs. Cabinet changes alone, he said, would not suffice.

DENIAL FROM STANDARD OIL COMPANY.

New York, April 4.—The Standard Oil Company to-day issued a formal statement denying reports that it is and has been financing the revolt in Mexico. The statement says: "All these and similar reports are absolutely untrue. The Standard Oil Co. in its character as a citizen of the United States has strictly held itself apart from all interference in the affairs of the Mexican Republic, with which it has no connection moral or material."

MAN WANTED TO KILL THE POPE

Said He Hated the Pope and Priests, Who Had Ruined Him.

Rome, April 4.—The attempt of a man, who is undoubtedly insane, against the Canons during the service in St. Peter's to-day, caused great alarm for a time, particularly as it became known that he originally had designs against the Pope himself. After he had been seized by the police, one of whom he wounded, the man, subsequently identified as Pietro Pasanti, declared that he hated the Pope and priests, who had been his ruin.

Pasanti told a rambling story during his examination, in which he said he had a rich uncle and aunt, whose heir he would have been if the priests had not induced them to leave their property to religious institutions. This exasperated him, he continued excitedly, and he killed them both. For years he was in prison, and finally being released came to Rome to obtain his last revenge, that is, kill the Pope.

Since August of last year, Pasanti said, he had been trying to enter the Vatican, but not been able to do so. Therefore to-day he had decided to kill some of the ecclesiastics holding office under the Pope.

THE SMALL-POX IN THE CAPITAL

Dr. Laberge Applies for a Position—Oversight on Part of Health Department.

Ottawa, April 4.—Mayor Hopewell to-day received from Dr. J. E. Laberge, superintendent of the Medical Health Department of Montreal, an application for the position of Medical Health Officer here. He has had a wide experience.

In connection with the case in which the man came to the city last night suffering from a bad attack of small pox, there appears to have been an oversight on the part of the Health Department. The man arrived on the Ottawa and New York train, which reached the city at 7 o'clock last night. He told that he had boarded the train at Tupper Lake. He did not know he had small pox, he said.

The New York and Ottawa people, when asked if the car had been fumigated and any steps taken to notify the passengers who had been aboard of the danger they were in from possible infection, expressed surprise and stated that that was the first intimation they had had that there had been a small pox case on the train.

As there was only one passenger car on that train and it happened to be still in the yards, they at once sent men out, and inside of 20 minutes it was thoroughly fumigated. Steps are also being taken to have as many of the passengers as possible informed of the facts. It is not known how many were on the train, as the conductor could not be located.

PROCEEDINGS IN THE SENATE.

Ottawa, April 4.—In the Senate to-day Senator Jones presented the report of the special committee on the grain bill. It recommended striking out the provision that any person with an interest in a terminal elevator could not engage in the grain business in any other way. It also recommended the establishment of grain hospitals and an appeal to the government from the grain commission in case of a terminal elevator license cancellation. Senator Davis presented a report from a minority advising the clauses to stand without amendment. Both reports were set down for hearing on April 20.

The bill to prevent the dumping of sewage in navigable waters was given third reading on motion of Senator Belcourt.

Sir Charles Fitzpatrick, Deputy Governor General, attended at the Senate Chamber and gave assent to legislation which has so far passed two houses, including the interim supply bill of \$47,000,000.

TELEGRAPH AND TELEPHONE MERGER IN NOVA SCOTIA.

Halifax, N. S., April 4.—Some time ago an offer was made by the Maritime Telegraph and Telephone Company to take a lease of the Nova Scotia Company and its franchise, guaranteeing shareholders of the latter company a 7 per cent dividend and offering to buy any stocks of shareholders at 125. The Nova Scotia shareholders referred the matter to a committee with instructions to inquire into the resources of the Nova Scotia Company, and also of the Maritime Company. This report was presented to-day and it is understood that they recommend a merger of the companies on the terms which they believe will be satisfactory to those concerned. It is conceded that this report will be adopted and become effective, and that the terms are practically the same as those at first offered, the chief change being in form.

HOW AMERICANS TREATED MEXICO

Made the People Slaves and Gave Them Nothing in Return.

New York, April 4.—Of all the great combinations of American capital which have exploited Mexico, not one has placed in that country an institution for the uplift or education of its illiterate millions, writes the Right Rev. Henry D. Aves, Episcopal Bishop of Mexico, to the "Churchman" under the caption, "The Church and Social Unrest in Mexico." And in the conditions resulting, the poor and the Indian have arisen in revolt against "their rich, proud brother of the north," and his spoliation of their empire, says the bishop, fighting blindly in the main against their thralldom rather than a human enemy.

The 11,000,000 of Mexico's 15,000,000 souls who are thus fettered have witnessed the granting by their government of vast concessions to Americans, he writes. They have seen Americans grow wealthy at Mexico's cost, and they see now themselves at the bottom of the social scheme, working for a pittance and living in ignorance and discomfort, he declares. From the bitterness ensuing, he asserts, has been launched the revolutionary slogan, "Mexico for the Mexicans; down with the Gringos."

"Aside from a few mission chapels, schools and hospitals, two or three branches of the Y. M. C. A. and a Crittenden Home," Bishop Aves writes, "there is little to remind the Mexican of his robust and prosperous brother beyond the Rio Grande has any interest in his personal welfare."

"Not one great American mining company, delving for Mexico's gold and silver, has placed here an institution of any kind for the intellectual, moral, social or spiritual betterment of the people. The Spaniards did better than that. Not long ago an American oil company created a market here by giving away its lamps, filled and lighted, and yet if there is a single institution, school, home, hospital, library in this country that represents the humane interest of any number of great corporations, it is not generally known."

"The name of a great and good iron master," he concludes, "is stamped on the thousands of miles of steel rails that span the Republic, and yet there is no monument to the beneficence of that good name among all the destitute and illiterate millions that represent two-thirds of the social fabric of the nation."

Wood's Great Peppermint Cure.
The Great English Remedy for Coughs, Colds, Bronchitis, Asthma, Whooping Cough, Sore Throat, Hoarseness, Spasmodic Cough, and all Affections of the Throat and Lungs. It is a purely vegetable preparation, and is sold in all drug stores or mailed in plain packages on receipt of price. No pamphlet sent free. The Wood's Great Peppermint Cure is made in London.

The Weather

Toronto, April 4.—The depression which was over the Southwest States last night is moving with increased energy towards the Great Lakes. A moderate snow fall has occurred to-day in Saskatchewan and rain has fallen quite heavily in Western Ontario; elsewhere the weather has been generally fine and nearly everywhere it is quite cold.

OTTAWA VALLEY MOTOR BOAT ASSOCIATION.

Ottawa, April 4.—The great strides which motor boating has been making in Eastern Ontario was illustrated at the annual meeting to-night at the Ottawa Valley Motor Boat Association. The club has a membership of 125, and in the annual report it was shown that there are no fewer than 750 motor boats between Ottawa and Kingston, being valued at \$375,000. The annual expenditure represents \$75,000 and in Ottawa alone there are 250 boats, which consumed last season fourteen thousand gallons of gasoline. The association appointed a committee to interview the government as to the speed limit, which it wishes increased. The following officers were re-elected: Commodore, Mr. Frank Pedley; vice-commodore, Mr. E. P. McGrath; rear commodore, Lieut.-Col. D. R. Street; trustees, S. McLonaghan, C. M. Farley, R. J. Willard, J. H. Meikle and Dr. Mark G. McElhinney; secretary-treasurer, P. D. Bentley.

QUEBEC, APRIL 5, 1911.

EXEMPTING INDUSTRIES FROM TAXATION.

A day or two ago we took exception to the action of the City Council in giving an exemption of taxation for ten years to two industries which are to be started by local enterprise. In this matter we took the ground that already there are concerns of a similar nature doing business in this city and that it was unfair for firms intending to compete with them to be exempted while they still continued to pay taxes.

L'Evenement upholds the decision of the City Council, saying that not only should new local organizations be exempted, but that the old ones should receive encouragement lest they leave the city.

This is manifestly impossible, as there would be no limit to such bonusing. If we follow it out we should in justice make similar concessions to the older-established concerns with which the new ones will conflict. And, if we exempt one industry, why not do the same for all? On whom would the burden of taxation fall then?

If this sort of thing were to come in fashion there would probably be a constant stream of callers at the City Hall importuning the Mayor and Aldermen to abolish their taxes and threatening that, if this were not done, they would transfer their business elsewhere.

It is a bad precedent.

CONDITIONS IN IRELAND.

It becomes more and more evident that Ireland is fast qualifying to lay aside the title of "the most distressful country" and that people are beginning to forget many of her past woes in the face of her present and anticipated blessings. A little while ago Mr. Croker, in an account given to an American paper, stated that Ireland had made phenomenal progress during the last decade and that the country had taken on a new life and "has started all over again to develop into the richest, most prosperous and contented part of Europe."

Later Mr. Winston Churchill spoke on the subject in the House of Commons and endeavored to show how wonderful this progress had been. Mr. Croker says the Englishman did not tell half the story and adds that he does not believe the annals of the human race show such awakening among the whole people as is now going on in Ireland. In other words, the Irish are beginning to realize that they have a chance in the world, and are now making the most of it. Mr. Croker says:

"Social order has taken the place of anarchy, prosperity has succeeded poverty and happiness has driven out misery. Under the new land law no poor man need be without a home of his own in Ireland—a home that belongs to him and that he can bequeath to his heirs. Let us come down to so short a time as twenty years ago. Even then two or more families lived in a single hut with a mud floor, and this they had to share with their pigs and goats. Now every family in rural Ireland lives in a modern house of its own, bought by the government and paid for by the owner in rent so low that no able-bodied man can complain of the cost as a hardship. All this marvelous change has been brought about by the new land law passed by the British Parliament."

If a man has more land than he needs, a poor neighbor who is landless can have part of it allotted to him, the government, of course, paying for the land and collecting the purchase price in rent. The government not only buys the land, but it builds for the new owner a one-story stone house, costing about \$2,000. The new owner pays for his property out of his earnings, the yearly payment amounting to about 2 1/2 per cent on the investment. When the government gets back what it paid out the title passes. Eight tenants have in the last two years been established on land that formerly belonged to Mr. Croker. This is going on all over Ireland, and as a consequence the large estates are being broken up and converted into small farms. And it is this that is making the country so happy and prosperous. Ireland is today, according to Mr. Croker, "the poor man's land." Homes can be had there on easier terms than anywhere else in the civilized world. The cost of living is low. Land is cheap, and the schools are good. The people are all at work, and they "are making the glorious old island blossom like the rose."

Reliable figures have been submitted to Mr. Winston Churchill showing that on an average no less than 3,500 girls leave Liverpool annually for the Mormon headquarters at Utah. Sir Wilfrid Laurier says he has no information about the spread of Mormonism or of the efforts being made by these Mormon saints to entrap Canadian girls.

BRITISH COLUMBIA AND PULPWOOD.

Premier McBride, like Premier Gouin, showed in a recent speech that he had no intention of being influenced by Mr. Fielding's ill-concealed desire to sacrifice our raw pulpwood to the progress and development of British Columbia, and the only reference he made to the reciprocity agreement was in the course of his remarks respecting timber.

"Some people in Washington have said that British Columbia in return for some tariff reductions will permit her pulp to go across the line free," he commented. "Gentlemen, let me emphasize the strong determination of the government not to relax one hair's breadth from our present attitude. If they want our pulp they must come here and establish their factories."

THE SITUATION

IN SOUTH AFRICA.

We would like to believe that the glowing picture of the situation in South Africa as painted by the Hon. Rodolphe Lemieux, in his interesting address to the Canadian Club last Saturday, is as bright as it appears. And undoubtedly the Postmaster-General is a keen observer and has had more recent opportunities of acquiring first-hand information on the subject than most of us have enjoyed. Whilst representing Canada at the opening of the first new Parliament, he came into contact with the men who had been most prominent in effecting the Union and conversed freely with them. His opinions on this subject should therefore carry weight.

But the picture may be too optimistic. From time to time come rumors that the situation in South Africa is not so reassuring as it might be, and that the Duke of Connaught was somewhat premature when, in opening Parliament, he said that the benefits of the Union were already apparent.

Lately a Toronto paper received a copy of the Transvaal Leader which expresses grave fears as to the result of Union. The happy result spoken of by the Duke is not apparent to the Leader. It sees change, but not improvement, and it commends the attitude of aloofness maintained by Rhodesia, which has declined several flattering offers to join in the Union and merge her identity in United South Africa. The fact that is plain to Rhodesia is that the present union in South Africa is akin to the union of the tiger and the lamb, with the English-speaking Afrikaners occupying the snug quarters of the lamb. The Boers are as certainly in control in the Transvaal and the Orange River Colony to-day as they were twelve years ago. The Government is a Boer Government, for the Boers are in a majority, and it is likely to remain a Boer Government until the English-speaking population outnumber the Dutch-speaking Afrikaners.

The union was urged on many grounds, one of them, as Mr. Lemieux said, being that of economy, but, according to the Leader, the hope aroused by this arrangement is futile, because of the tendency to retire on pension allowances many English officials, and to put Boers in their places. In the Free State there is an educational war between the government and the free schools. Other changes noted by the Transvaal paper are the terrorism of English civil servants, few of whom feel secure against degradation or dismissal; the prostitution of the public service to party ends, particularly in the utilization of field cornets as electioneering agents, and a general exacerbation of race and language feeling unprecedented since the days of the Uitlander struggle. Life and property are becoming less secure on the Rand since the union, owing to the replacement of efficient British policemen by untrained and largely untrainable substitutes of another race.

These are the net results of a few short months of union, and the British Unionist party in South Africa believes that worse remains in store.

The creation of a large defence force, commanded and largely, if not exclusively, officered by Boers, promises a public danger that will make the people forget lesser troubles. It is certain that there will be trouble in South Africa as long as the present generation remains in control, whether the Government of the hour happens to be Dutch or English. The two races have not finished their fight for supremacy yet. The conflict on the veldt has been transformed into the conflict in the ballot booth.

The thing most likely to make for unity between the races is their common danger from the natives.

A Kingston preacher has threatened to shoot the first girl he meets in that city attired in a harem skirt. To make sure, he should carry a double-barrelled gun.—Vancouver Province.

This is the season when the enthusiastic suburban resident invests about \$6.75 in seeds and garden tools in the hope of reducing the cost of living.

WATER WORKS OFFICE,
Quebec, 20th March, 1911.

Tenders For Annual Supplies.

Public notice is hereby given that sealed tenders, endorsed and addressed to the undersigned, will be received up to 4 p.m. Tuesday, the 11th April next, for

IRON CASTINGS,
BRASS CASTINGS,
LEAD PIPE AND PIG LEAD,
CEMENT, BRICK AND
DRAIN PIPES.

required by this Department for the years 1911-12.

Each tender is to be on a blank form procurable at this office, and to be signed by two responsible parties, securities for the fulfilment of the contract.

Each tender shall contain the City Treasurer's receipt for the amount mentioned in the blank form of tender and this deposit shall be confiscated in case of refusal to sign the contract.

The city does not bind itself to accept the lowest or any of the tenders, and reserves the right of giving to each tenderer the items on which he shall be the lowest of those which it will be the most advantageous to the city to accept.

The contractor shall pay the cost of contract and of a certified copy thereof for official use.

JER GALLAGHER,
W. W. Engineer.

CITY OF QUEBEC.

CITY CLERK'S OFFICE.

Tenders for the Conveying of Prisoners, Etc.

Quebec, March 20th, 1911.

PUBLIC NOTICE is hereby given that tenders in writing, sealed and addressed to the undersigned, and deposited in this office, shall be received from this day till Thursday, the sixth of April next, at 4 o'clock p.m., from persons desirous of contracting for the conveyance of prisoners from Police Station No. 1 to the Common Gaol, and vice-versa, and also from the Police Station of St. Sauveur and Limoilou to the said Central Station No. 1, from 1st May next to the 30th of April, 1912.

The Corporation will not be bound to accept the lowest or any other tender.

The fees for drawing out the contract, and a copy for the Corporation to be borne by the contractor.

By Order,
H. J. J. B. CHOUINARD,
City Clerk.

CITY CLERK'S OFFICE.

CITY HALL.

Quebec, April 3rd, 1911.

Leases of Shops, Stalls, Sheds on the Diverse Markets of the City and of Stalls on Champlain Wharf.

PUBLIC NOTICE is hereby given that the shops, stalls and sheds on the diverse markets of the city shall be put up at auction and leased, from the first day of May next to the thirtieth of April, 1912, at the City Hall, in the rooms of the Finance Department, from two to four of the clock in the afternoon of the days hereinafter named, viz.: Jacques Cartier Market, on Tuesday, the 18th of April next; Montcalm and Berthelot Markets, on Wednesday, the 19th of April next; St. Peter's Market and the Stalls on Champlain Wharf, on Thursday, the 20th of April next.

In the event of the present lessees not paying before the sale by auction all arrears of rent due by them, the said shops, stalls and sheds shall be put up by auction and shall be leased to any other applicant who will then and there comply with the said conditions.

Instructions have been given by the Market Committee to look up on the last day of April next at 5 o'clock p.m., the stalls that shall not be leased on the days above mentioned. A notarial lease containing the conditions will then and there be signed

by the lessees and paid by them with a copy for the Corporation.

One month's rent in advance, and the price of the license shall be paid by each of the lessees for each stall prior to the passing of the deed of lease to the notary then and there in attendance in the rooms of the Finance Department, and nowhere else, except the sheds on Champlain Wharf, for which two months' rent in advance or one-sixth of the amount, shall be paid.

Each lessee shall furnish before the execution of the said deed of lease, and to the satisfaction of His Worship the Mayor, two good and sufficient securities.

In default of the lease of any of them not being signed by the lessees and their sureties within twenty-four hours after the adjudication such leases shall be absolutely null and void, and the Market Committee shall proceed forthwith to grant them to other parties.

The terms of payment and other conditions of the leases will be made known publicly on the spot by the notary before proceeding to the sale.

For more ample information, apply to Mr. Wagner, City Hall.

By Order,

H. J. J. B. CHOUINARD,
City Clerk.

Sale of the Revenues of Berthelot and Finlay Markets and That Portion Remaining of the Late Champlain Market.

Quebec, April 3rd, 1911.

PUBLIC NOTICE is hereby given that on Tuesday, the eighteenth day of April instant (1911), at ten o'clock in the forenoon, in the rooms of the Finance Department, in the City Hall, of the City of Quebec, the revenues of Berthelot Market and Finlay Market along with the remaining portion of the old Champlain Market shall be sold separately by public auction for the term and space of one year, from the day of the signature of a notarial deed of the said sale until the thirtieth of April of next year, 1912.

The upset price shall be one thousand and eight hundred dollars for Finlay Market and the remaining portion of the old Champlain Market and twenty dollars for Berthelot Market.

Each bidder will have to exhibit a receipt from the Treasurer to the amount of five hundred dollars (\$500) for Finlay Market and the remaining portion of the late Champlain Market, and twenty dollars for Berthelot Market, showing that such deposit has been made.

The said revenues consist of the taxes leviable upon persons who frequent the said markets, in the same manner as such taxes are or may be collected by the clerks of the markets, the revenues of the cattle stand of the Champlain Market being, however, excluded therefrom.

The cost of the notarial deeds and copy thereof to be paid cash by the judicaires.

On the day of sale, the adjudicataire shall pay in the hands of the City Treasurer the balance of the price of his adjudication.

Within the four days following the day of said adjudication, the said adjudicataire shall sign the said notarial deed of sale, and upon his default or so doing, the said price of his adjudication shall remain confiscated for the benefit of the city, which may then proceed to re-sell the said revenues, after public notice of four days, published to that effect in the official newspapers of the city.

The said sale shall be made subject, moreover, to all the conditions which shall be read and made known at the moment of the sale, and which shall be contained in the deed of sale.

For more ample information, apply to Mr. Wagner, City Hall.

By Order,
H. J. J. B. CHOUINARD,
City Clerk.

Province of Quebec,
District of Quebec.

Shipping News

FOR THE NORTH SHORE ON SATURDAY

Fifteen Days Later Than Last Year—New Pontoon for Coasters.

Men were engaged yesterday in the Louise Basin cutting away the ice from around the steamer Arammore. It is intended that the vessel will leave here next Saturday for North Shore ports, with passengers, mails and general cargo.

Last year the Arammore left here on the 24th March for the North Shore, and returned here after completing her voyage on the 30th of the same month. It will thus be seen that the season opens here much later this year than last.

WHITE STAR-DOMINION LINE.

R.M.S. Canada, for Halifax and Portland, sailed from Liverpool at 3 p.m. on Saturday, with 470 cabin and 886 third-class passengers, of which 285 cabin and 407 third-class are to be landed at Halifax.

R.M.S. Dominion, from Portland, arrived in Liverpool Tuesday.

Steamer Southwark, which sailed from Liverpool March 25, arrived at Portland April 3.

THE NEW PONTON FOR COASTING VESSELS.

The new pontoon which is being built for the Quebec Harbor Commission, to be used in the Custom House pond for the accommodation of coasting steamers, is constructed entirely of pitch pine, and is being put together in the most solid manner possible. The work has been considerably delayed through the non-arrival from the Southern States of some of the lumber to be used in the vessel, but it is expected she will be ready for the month of May.

ICE SOLID AT MONTREAL.

Montreal, April 4.—The emptying of the Lachine Canal started this morning. The water is being run out slowly to prevent damage to the sides by the ice as it descends. When the canal is clear it will undergo its annual overhaul. The harbor front to-day presented as wintry an aspect as it did two months ago; vehicles were to be observed moving about on the ice. The probabilities still point to a late opening up of river navigation. The Longueuil Ferry was running a year ago to-day.

ONTARIO THREATENED WITH TWO ELECTRIC MONOPOLIES

Toronto, April 4.—Ontario is threatened with invasion by one of the two electric monopolies that have the United States by the throat. One of these big concerns virtually controls the whole of the electrical appliances. The other merger is described as a holding company that controls the distribution of light and power in the various cities. It is this holding company that is coming into the fight against the Hydro-Electric system in Ontario, and that may begin against the Toronto Electric Light property on Saturday. The Commonwealth Edison Company, of Chicago, capital \$30,000,000, has had its engineers going over the local situation in Toronto. The report of these engineers is now in the hands of the leaders of the Commonwealth Company. That report will determine whether the Commonwealth people will bid against the city for the Toronto Electric Light system. The Commonwealth Company is said to be behind the fight that the London Electric Light Company is putting up against the Hydro-Electric.

We claim to have the finest selection of gentlemen's overcoats and suits ever seen at Quebec. A specialty for children. Ladies should not fail to visit our exposition.

AN APPOINTMENT FOR A JOURNALIST.

Toronto, April 3.—Arthur F. Wallis, chief editorial writer for the Mail and Empire, is the likely man for the position of Registrar of the Surrogate Court of York County, made vacant by the death of Joseph Tait. It is expected that the appointment will be announced shortly. Mr. Wallis became chief editorial writer of the Mail in 1890, after having represented that journal for many years in the press gallery of the House of Commons. In 1905, when the Empire was taken over, Mr. Wallis became chief editorial writer of the Mail and Empire.

HAD LEG MUTILATED BY A TRAIN

Montreal, April 4.—Emile J. Caron, soliciting agent of the Grand Trunk system, missed his footing while trying to board a train at Waterville, Que., at 6 o'clock this morning and his right leg was so badly mutilated by the wheels that passed over it, that surgeons at the Sherbrooke Hospital amputated the leg six inches below the knee. Mr. Caron went to Portland to meet immigrants arriving by the Southwark, some of whom had arranged to get off at Waterville, and after saying good-bye to them, he attempted to get on the car, the train then being in motion. His foot did not reach the step, but went below and under the wheels. The doctors say he is as well as can be expected. His wife and his uncle, the station master at Bonaventure Station, have left for Sherbrooke.

Look's Cotton Root Compound.

1911.

BOARD OF REVISORS

—OF THE—
CITY OF QUEBEC

EXAMINATION

—AND—
CORRECTION—OF THE—
Electoral Lists—OF THE—
CITY OF QUEBEC

Public Notice

The Quebec Election Act (1903
and Amendments.)

Public notice is hereby given that the Board of Revisors of the City of Quebec will begin to examine and correct the electoral lists of the city of Quebec, containing the names of voters qualified to vote at the election of members of the Legislative Assembly and to correct said lists on Monday, the tenth day of April instant, (at 7.30 p.m.) at half-past seven in the evening, in the hall of the Central Police Station, in the basement of the City Hall, and that the said Board of Revisors of the City of Quebec will sit as follows, from day to day, on each judicial day, at the same hours and in the same hall until the completion of the said Revision, which must be completed on or before MONDAY, the FIFTEENTH DAY OF MAY NEXT (1911).

(Signed).
H. J. B. CHOUINARD,
Clerk of the Board of Revisors
of the City of Quebec,
Quebec, April 1st, 1911.

Special Notice

Is hereby given to all persons whose names are hereinafter published concerning whom complaints have been filed to be laid before the Board of Revisors of the City of Quebec to have their names inscribed, corrected or struck off on the lists of electors qualified to vote at the election of members of the Legislative Assembly in any of the Electoral Districts of the City of Quebec, to wit: QUEBEC CENTRE, QUEBEC WEST, QUEBEC EAST and ST. SAUVEUR.

That all such complaints shall be taken into consideration by the said Board of Revisors of the City of Quebec, beginning MONDAY, THE TENTH DAY OF APRIL INSTANT (1911), (7.30 P.M.) AT HALF-PAST SEVEN O'CLOCK IN THE EVENING, IN THE HALL OF THE CENTRAL POLICE STATION, in the basement of the City Hall and that the said Revision shall be proceeded with at the meetings hereinafter fixed by the said Board of Revisors when they shall adjourn, at the close of any meetings, but in such a manner as to secure the completion of the said Revision for all the said Electoral Districts on or before MONDAY, THE FIFTEENTH DAY OF MAY NEXT (1911). SAID MEETINGS TO BE HELD ON SUCH DAYS AS HEREIN APPOINTED: TO WIT:

FOR QUEBEC CENTRE—Monday, 10th April, Tuesday, 11th April, Wednesday, 12th April, Thursday, 13th April (1911).

FOR QUEBEC WEST—Tuesday, 18th April, Wednesday, 19th April, Thursday, 20th April (1911).

FOR QUEBEC EAST—Saturday, 22nd April, Monday, 24th April, Tuesday, 25th April (1911).

ST. SAUVEUR—Wednesday, 26th April, Thursday, 27th April, Friday, 28th April (1911).

And they shall adjourn their meetings if needed for the Revision of the said lists of any of the said Electoral Districts, to one or several subsequent days, provided such adjournment shall be to dates not posterior to the FIFTEENTH DAY OF MAY NEXT (1911).

In each district, the revisors shall follow the order adapted in the list of names hereinafter printed in the present notice.

KEY

To the abbreviations in the following list of names:
P. signifies proprietor.
T. or L. signifies tenant.
O. signifies occupant.
R. signifies revenue.
S. signifies salary.
S.P. or F.P. signifies son of proprietor or tenant.
F.O. signifies son of occupant.
(To be Continued.)

(Signed).
H. J. B. CHOUINARD,
Clerk of the Board of Revisors
of the City of Quebec,
Quebec, April 1st, 1911.

IN AND ABOUT TOWN

SPECIAL COMMITTEE WAS APPOINTED

To Investigate Fully the Disposition of the Tara Hall Property.

There was a special meeting of the members of the St. Patrick's Literary Institute last evening, when the question of the sale or other disposition of the property on St. Anne street, recently destroyed by fire, was considered.

After a long discussion it was decided to appoint a special committee which will enquire into the matter of the cost of rebuilding the hall, and also on the question of selling the site and seeking new quarters.

The committee will report to another general meeting of the Institute, when final action will be taken as to the final disposition of the site.

ANOTHER SNOWSTORM.

At 3 o'clock this morning Quebec was visited by another snow storm, accompanied by a strong northeasterly gale.

RUNAWAY ACCIDENT

IN ST. JOSEPH STREET.

There was a smash-up in St. Joseph street yesterday as a result of a runaway, but nobody was hurt.

APPOINTED SECRETARY TO PROVINCIAL POLICE CHIEF.

Mr. Alex. Montreuil has been appointed secretary to Chief McCarthy, of the Provincial Police. The position is a new one and carries with it a salary of \$600 per annum.

MORGAN'S GLOVE SALE

Takes Place Thursday, April 6.

COURT OF SESSIONS.

A man accused of stealing wood from the Champlain Market was allowed to go on suspended sentence in the Court of Sessions yesterday. A man for trespassing in the Laurentides Park was fined \$5 and 1 cent.

HOW FINE THEY ARE?

That is the remark made by all those who see the costumes purchased at Faguy, Lepinay & Frere. Come and see our grand exhibition of millinery, of Saturday.

Faguy, Lepinay & Frere.

RECORDER'S COURT.

Four prisoners, charged with drunkenness, appeared before Aldermen Messervy and Morin, who dispensed justice in the Recorder's Court yesterday. Three were fined \$1 and costs or two days' jail each, and one 50 cents and costs or a similar imprisonment.

In The Lead—Auditorium

MEETING OF CREDITORS AT COURT HOUSE.

A meeting of the creditors of Chas. Vezina, master plumber of this city, was held in the Court House yesterday when Sir Frs. Langelier, Chief Justice, appointed Messrs. Jos. Ed. Bedard, accountant, of this city, and C. A. Sylvestre, accountant, of Montreal, as joint curators and Messrs. C. A. Parent, merchant, P. DeCoursey, contractor, and Louis Drouin, bank manager, all of this city, and Mr. Eug. Panneton, of the Canadian Stove and Furniture Company, of Montreal, inspectors to the insolvent estate.

EASTER SUITS AND OVERCOATS

Said Mr. Proulx, the sole agent in Quebec for Fit-Reform, "we cordially invite the inspection of the men of Quebec to our Easter display of Fit-Reform hand tailored garments."

"We have everything that fashion has approved in frock coats and vests, morning coats and suits, worsted trousers, the latest in sack suits, fancy vests and spring overcoats."

"These styles are the creations of the famous Fit-Reform designer and the fabrics are the choicest productions of the leading mills of England, Scotland and Ireland."

As well dressed men know, the Fit-Reform Wardrobe is at 94-96 St. Joseph street.

We Invite Comparisons—Auditorium

POPULAR YOUNG CITIZEN LEAVING FOR EUROPE.

Mr. J. A. Gauvin, of the firm of J. B. Renaud & Co., and one of Quebec's most prominent musicians, being a member of the Gilbert String Quartette and of the Quebec Symphony Society, of which he is the Secretary leaves next week for Europe. He will take passage at Portland on the 15th instant on the steamer Canada, of the White Star-Dominion Line. Mr. Gauvin will visit the principal cities of England, Belgium and France and the northern part of Italy.

Toronto, April 4.—P. H. Keefer, K. C., who is returning to Port Arthur after an extended trip to England, states that after the coronation a party of Bristol capitalists will visit Port Arthur with a view to founding a big meat packing establishment at an estimated expenditure of \$1,500,000. They expect to secure the bulk of the contracts for supply the British army and navy, which hitherto have gone to Chicago concerns.

UNIQUE WAY TO AID LOCAL CHARITY

A Good Work Which Deserves Support From All Citizens of Quebec.

A few years ago the Ladies of Quebec, charitably inspired, took charge of the Foundling Hospital. A few words will suffice to show how beautiful and grand is this work, which should be encouraged. An asylum is opened, a roof and a crib are furnished to those unfortunate little ones who from their birth have known but misery and want. They may be trained for an honest life, a ray of hope enlightens their future. Funds are required to enable this philanthropic institution to fulfil its mission. Devotion and self-denial cannot alone suffice. The ladies of the Foundling Hospital have hit upon a happy way of levying funds. Artistically designed stamps will be offered for sale in all shops and places of business. The Postmaster-General has even authorized their sale in post offices. These stamps cannot be used for mailing purposes, but will be a very pleasing ornament on letters, parcels, Easter gifts and packages sent by mail. The proceeds of the sale of these stamps will be for the Foundling Hospital. Let every one give his mite. Charity is not gauged by the amount given, but by the spirit of the giver. Within a few days these stamps will appeal to the generosity of the citizens of Quebec. We strongly advise our readers to lend a willing hand. This good work is most deserving and helpful.

Quantity and Quality—Auditorium

CITY MISSION.

The committee of the Ladies' City Mission have arranged to hold their first public and 30th anniversary meeting at their Mission Hall, 13 St. Joachim street, on Wednesday, April 5th, at 3.30 o'clock, to which all interested in the work are cordially invited to be present.

EASTER GLOVE SALE.

Don't forget Morgan's great Easter Glove Sale Thursday.

MISSION LECTURE.

A short account of mission work in Africa, illustrated by magic lantern slides, will be given by Rev. A. E. Burgett in the Cathedral Church Hall this afternoon at 5 o'clock. No entrance fee; no collection. The lecture is primarily intended for children, but all are invited to attend.

We have now on exhibition new importations of choice Limoges China, in Dinner, Tea and Dessert Sets. The patterns are rich, handsome and chaste, and the quality of the ware is of the highest grade. Prices very moderate.

THE THOMAS CO., LTD., 10 St. John Street.

INSOLVENT SALE.

Yesterday morning the stock of P. E. Poulin & Son, jewellers, insolvents, was disposed of by public auction. The stock, which was valued at \$2,298.11, and the furniture, which was valued at \$144, were sold for 45 cents on the dollar to Mr. L. Langlois. A safe valued at \$125 was sold to Mr. J. O. Massicotte, for \$66, and the credits, which were valued at \$163.30, were sold at 58 cents on the dollar to Mr. C. E. Boivin.

QUEBEC MINISTERIAL ASSOCIATION.

The eleventh session of the association was held on Monday, 3rd instant, in the Y.M.C.A. rooms, the president in the chair. There was a good attendance of members, and the Rev. Dr. Amaron was present as a visitor and was warmly welcomed. After devotional exercises, the reading of the minutes and completion of unfinished business, it was arranged that the last session of the association take place on the 17th instant, and that the Rev. Dr. Jackson read a paper on "The Sinfulness of Jesus Ensures to the Believing Christian a Blessed Immortality." The decision of the last session, that the children's celebration of the Tercentenary of the Authorized English Bible be observed in St. Andrew's Church on Easter Sunday, was confirmed. The Rev. J. J. Wright was then called upon to read his paper on "Home Missions and the Yukon." He gave a unique description of the country, its people, their mode of life and need of the gospel. It was a refreshing story he told, and he was heartily thanked by the members for the service rendered the association.

MISSING CASH BOX MYSTERY

Disappeared from the Y.M.C.A. and Was Found in the Snow on the Cove Field.

The mystery of a missing cash box was solved yesterday, when a workman, who was shovelling the snow near the top of the steps leading from the Cove Fields to Diamond Harbor, struck something metallic with his shovel. Upon being taken out of the snow it was found to be a cash box. It was still locked, but the bottom had been cut out, evidently with a can opener.

The news of the discovery was reported at once to Mr. Tom Walsh, chief of the city detective force. It then developed that the box had been stolen on the 9th of March last from the Y.M.C.A., but no trace of the thief could be found. There was very little money in the box, but it contained some important papers. All of the latter were recovered.

BUCKLEY HATS.

Gentlemen: We invite you to come and see our great assortment of hats, newest forms; a specialty for young men. We also have an up-to-date tailor connected with our establishment.

CHANGES AMONG THE JOURNALISTS.

L'Evenement last evening announced a number of changes in Provincial journalism and states that Messrs. Jules Tremblay and Tancred Marcell, of Le Devoir, are leaving that paper, the latter to carry on the insurance brokerage business, while Mr. Tremblay has been named secretary of the French Canadian Association of Ontario. According to the same information, Mr. Maurice Arby, secretary of the editorial staff of La Patrie, has been named editor of Le Temps, of Ottawa, and that Mr. D'Hellecourt, editor of Le Soleil, will be appointed assistant Canadian Commissioner at Paris.

The Karem Skirt—Auditorium

How beautiful is spring! Of course, you will cut out the icy sidewalks and the cold winds. The time will come, however, when the raw winds will be pretty well fried.

There was a budget of news from Ottawa yesterday, but the budget was not so interesting as some people expected.

The Public Utility Commission is still striving to show that it is of some public utility.

Evidently the Federal Government has made a rod to scourge itself with, and a steel rod at that.

Cheer up! Spring will soon be here, and the blocks of ice which now seem so cold will be warmly welcomed.

Spring is still coming. Watch it close, or it may go by you.

From a cricket point of view, the Federal Minister had some hard fielding yesterday.

And the question of that dog license is still unsettled.

TO PREVENT THE GRIP.

LAXATIVE BROMO QUININE removes the cause. There is only one "BROMO QUININE." Look for signature of E. W. GROVE. 25c.

Full Value Received—Auditorium

MADERO, JR., WILL NOT TRUST THE FEDERALS.

El Paso, Texas, April 4.—Because Francisco J. Madero, Jr., leader of the Mexican revolution in Chihuahua, does not trust the word of President Diaz, guaranteeing his safety for a trip to El Paso to discuss peace, his father, Francisco Madero, Sr., and his brother, Alfonso, to-day determined to make the trip to the rebel camp on the Bustillos Ranch, 60 miles west of Chihuahua. Information as to the younger Madero's refusal to make the trip was contained in a telegram from Governor Ahumada, of Chihuahua, to Rafael Hernandez, who is representing the Mexican government in the present pour-parlers. The provisional president was assured by Governor Ahumada that President Diaz had stated that formal passports would be given him through the federal lines, but he politely and formally declined to place himself at the mercy of the federals under any other guarantee than his own rifles.

The telegraph lines were kept hot between this city and Chihuahua and Mexico City all day. Governor Ahumada telegraphed finally that the Maderos now here were to have passports and a military escort to visit Bustillos Ranch. This telegram was sent to General Navarro, commanding the troops now at Juarez, and he issued the necessary orders. The trip of 250 miles will be made in automobiles and, barring mishap, is expected to require thirty hours. The route lies through the desert, but most of the road is hard, although we'lls are few and far between.

EASTER GLOVES

The patience and skill of the best glove makers in the world, warrant the good service and correct fit of PERRIN GLOVES.

They are the most comfortable, smartest looking gloves in the world.

SIX DAYS' RUNNING AND WALKING RACE

Bill Davis, the Indian, and
Dave Bennett of Toronto
Are Entered.

Indianapolis, Ind., April 4.—Ten
teams, representing practically every
section of Canada and the United
States, have entered in the six days'
walking and running race which
starts here this afternoon at Tomlin-
son Hall. The meet is being promoted
by Dan O'Leary, former world's
champion pedestrian, who offers
prizes aggregating \$1,750.

The walkers will go in the after-
noons and their team-mates will run
in the evenings.

The teams entered follow:
Bill Davis, a Mohawk Indian from
Hamilton, Ont., and Henry Skelton,
of New York City.

David Bennett, of Toronto, and W.
George, of Detroit.

W. A. Hoagland, of Auburn, N.Y.,
and Pat Dineen, of Boston.

Chas. Coustin, Jr., of Illinois, and
Alex. Thiebe, France.

Percy Smallwood, of Pittsburgh, and
Nicholas Theodore, of St. Louis.

Ted Crook, of Fall River, Mass., and
Frank Holihan, of Auburn, N.Y.

Joy Grebel, of Chicago, and
Geo. Stokes, of Chicago.

Wm. Kenhan, of Chicago, and Jno.
Duke, of Chicago.

Chief Talfather, of Akron, O., and
Chas. Myers, of Pittsburgh.

Jas. Hannan, of St. Louis, and Geo.
Glaser, of St. Louis.

Harvard-Yale Boat Race.

Cambridge, Mass., April 4.—The an-
nual boat race between Harvard and
Yale will be held at New London on
Friday, June 30, according to an an-
nouncement made here to-day. For
many weeks diplomatic negotiations
have been in progress between the
rowing managements of the two uni-
versities in an effort to select a day
that would be acceptable, if not per-
fectly satisfactory, to the contestants.

LADY CURLERS BRING SEASON TO CLOSE.

The Quebec Ladies' Curling Club
brought its season to a close yester-
day with an interesting social at Kent
House. Montmorny Falls, during
which the prizes won during the past
season were presented as follows:

Brodie Cup—Miss G. Sewell.

Craig Cup—Miss G. Sewell.

Club Cup—Miss Pope.

Junior Club Cup—Miss R. Leme-
surier.

Fitch Cup—Miss G. Sewell.

Hon. President's Prize—Miss A.
Brodie.

President's Prize—Miss M. Scott
and Miss J. Cook.

Vice-President's Prize—Miss M.
Scott.

Club Prize—Miss L. Fraser. Mrs.
Hebert, Miss G. Sewell, Miss Brodie.

VICTORIA SCHOOL CADETS.

The following are the scores made
by the Victoria School rifle team of
ten boys in the three shoots of March
in the several competitions of ten
rounds each. As this closes the three
competitions the grand totals of the
team are also given. This is a decided
improvement at every step, showing
what small boys can do with careful
training in the use of the rifle. How
the team stands in comparison with
the competitors in Quebec and
throughout the Dominion will be
seen later when the returns are all in.

CHASE CONFIDENT OF CHAMPIONSHIP

Satisfied with Recruits and Be-
lieves Highlanders Will Be
a Contender.

New York, April 4.—Depending to
an extent on developing some new
players from the youngsters who were
pressed into service for the High-
landers in 1911, it is gratifying to be
able to state that the material looks
good.

When Austin was traded to St.
Louis for Hartzell it was no mean
problem to figure on filling the posi-
tion at third base satisfactorily. There
is no question that Austin improved
greatly in his work while with the
Highlanders. His nish in the past
season series put him among the eld-
ers of high class, and it is a well
known fact that some of the Giants
who played against Austin thought
the Highlanders would have a hard
time to fill his shoes.

At present it looks as if the task
is to be easier than was anticipated,
Elliott, of course, is not a seasoned
major league ball player. There is
nothing which will prove that he
will be a "howling success" in the
American League, but there is every-
thing to show that he is a ball play-
er of better than ordinary skill, and
that if the position of third base does
fall to him he will make such an
effort to play it satisfactorily that
he will give everybody encourage-
ment for his grit.

If Johnson is able to hold the posi-
tion of shortstop well enough to field
accurately, he is likely to stay there
for a time, as he will hit hard while
the season is once in full swing. He
is "dead set" on making the American
League this year. He believes that he
is good enough for a major league ball
player, and he is uneasy unless he is
in action all of the time.

There is another young infielder
who has made far from an ordinary
showing since he has been with the
team. He is Litschi. There seems to
be no doubt that he is a natural
fielder, and he is quick and fast. He
can hit some, although his batting was
not so much of a recommendation as
his liveliness on the infield.

Hartzell has not pushed himself in
practice, but he has not been asked
to do so. His ability is pretty well
known to Chase, and all that he will
have to do to make himself solid with
the powers that be is to hit the ball
when hits will come in handy.

The young pitchers are doing about
as well as can be expected. Probably
not all of them will be retained, but
most of them have shown promise.
They are not being crowded, and
"Duke" Farrell is "bossing" the job
of getting them right and bringing
out what they have.

An Imported Smoke at a Do- mestic Price

Imported cigarettes are preferred be-
cause of the delightful blend attained only
by the experts of Europe.
Imported cigarettes are expensive be-
cause of the heavy duty. When you smoke

CRAVEN MIXTURE CIGARETTES

"The Cigarette of Distinction"
You get the genuine imported blend with
its wonderful smoothness and flavor, and
you get it without paying the duty.
For the choice Oriental and American
tobaccoes in Craven Mixture Cigarettes are
blended in London, England, and imported
in Canada. The cigarettes are made up here
in Canada.
The big saving in duty gives you at a
domestic price, all of the rare charm and
delight of an imported smoke.
Blended with the same experience, clean-
liness and care that have made Craven
Mixture Tobacco famous for 47 years. At
all good tobacconists.

EMMETT ATHLETIC ASSOCIATION

Officers Elected and Clubrooms
Secured — Promising Out-
look for Organization.

The Emmett Amateur Athletic
Association, which has just been or-
ganized, has elected the following
officers:

President—G. Norton.
Vice-President—F. McLaughlin.
Secretary—M. Power.
Treasurer—J. Doyle.

Committee—M. Delaney, J. Fitz-
gerald, J. Ryan, M. Redmond, G. Gun-
nipp.

Delegates to all Sports—President
and Vice-President.

The new association starts out un-
der the most promising auspices, and
gives every promise of becoming one
of Quebec's most prominent sporting
organizations. Spacious and well-ap-
pointed club rooms have been secured
in Champlain street, and last evening
there was a very large crowd in at-
tendance, while many members were
enrolled.

As already announced the members
of the Association will go in for all
branches of sport, and will enter a
team in the new City Lacrosse Leag-
ue should it be formed.

RAILROADS CHARGED WITH UNFAIRNESS TO NEW YORK

New York, April 4.—The Chamber
of Commerce of the State of New
York, the Merchants' Association of
New York, the New York Produce
Exchange and the New York Board
of Trade and Transportation an-
nounced to-day that they had filed
with the Inter-State Commerce Com-
mission a complaint against thirty
railroad companies, alleging unjust
and unreasonable differentials against
New York and in favor of Philadel-
phia, Baltimore, Newport News and
Boston, praying the Commission to
investigate the matters complained of,
and to determine the just and reason-
able charges to be hereafter observed.
The defendant railroads are the
principal trunk lines which are parties
to the long-existing differential agree-
ment, under which it is alleged "New
York is compelled to pay higher rates
than are granted to other cities less
favorably situated, whereby traffic has
long been increasingly diverted from
New York to other ports." The com-
plainants recite that by means of the
differentials traffic is distributed
among the several ports, which "are
thus built up at New York's expense."
New York business organizations, it
is added, have repeatedly protested
"without avail" against this harmful
condition.

THE ANGLO-AMERICAN ARBITRATION MOVEMENT.

London, April 4.—The Archbishop
of Canterbury will be asked to start a
great religious movement in favor of
Anglo-American arbitration. This is
the outcome of a meeting held at the
Mansion House, at which a deputa-
tion presented resolutions urging the Lord
Mayor to initiate a national move-
ment. The Lord Mayor said that he
had received a large number of com-
munications from various bodies, in-
cluding those representing the lead-
ing municipalities, in which approval
of the movement was expressed, but
he added that it was essential that
the religious side of the movement
should embrace all churches. The
Rev. F. S. Meyer, a former president
of the National Federation of Free
Churches, said it was obvious, in or-
der to ensure success, that the lead
should be taken by the Archbishop
and the Anglican Church. It was
then decided to present the request
to the Archbishop of Canterbury in
the Mayor's name.

THE TWO ASSASSINS NOT YET ARRESTED.

Constantinople, April 4.—In spite
of the Porte's explicit orders the two
Arabs who killed Herbert F. Decou,
the American archaeologist, at Cy-
rene, Northern Africa, on March 11,
have not yet been arrested. The local
authorities fear trouble with the tribe
with whom the assassins took refuge.
An additional guard, however, has
been supplied for the protection of
Richard Norton, director of the Amer-
ican archaeological mission at Cy-
rene, and his companions, who are con-
tinuing their work of excavation.

MADAME LOUISA CÔTÉ AN EXAMPLE TO FOLLOW

Mrs. Louisa Côté, of l'Isle Verte, has taken
St. Michel's Wine for several years
and is completely cured

If everybody could understand how essential is the
use of a good and well tried tonic for the maintenance as
well as for the conquest of health, anemia and consump-
tion would not every year claim thousands of victims.
We are living in a period of extreme activity. We are
using our strength without counting the cost: the most
elementary prudence counsels us to rebuild our strength
and to repair the constant losses sustained by our organ-
ism, to enrich our blood, impoverished through the extra-
vagant system of living that we are following, from the
beginning to the end of the year, whether we are at
work or amusing ourselves. There are also illnesses to
which we pay a more or less tribute; all persons
recuperating strength after an illness should use
ST. MICHEL'S WINE, the marvellous tonic which is
also a powerful restorer. It stimulates the organic action
of the body, it renews the energy, it tonifies the nerves and
rebuilds the muscular system by rendering the food easily
assimilable. The appetite is restored, as if by magic,
and strength returns. From one end of the country to
the other the marvellous effects of ST. MICHEL'S
WINE are vouched for by persons who have been re-
stored to health and have had their lives saved by its use.

The testimonial of Mrs. Louisa Côté, of l'Isle
Verte, is taken from many thousands which we have
already published.

MESSRS. BOIVIN, WILSON & CO., Montreal.

Gentlemen:—I certify by this letter that I have taken ST. MICHEL'S
WINE at various times during several years and that I have found
myself very much improved by its use and that I am now in perfect
health since I take this wine.

Yours respectfully, LOUISA CÔTÉ.

All testimonials are unanimous in praising the wonderful qualities
of St. Michel's Wine, which works wonders in cases of anemia,
weakness, exhaustion, nervous fatigue, as well as in recovery from
fevers. It is a tonic that has never disappointed the medical
profession or the numerous people whom it has restored to health.
If you feel weak, ill or tired, take St. Michel's Wine, and you
will find strength, health and vigour.

Exclusive Millinery Creations and Dress Accessories for Easter

EXQUISITE Easter Millinery, stunning Street Costumes, dainty Summer Dresses and appropriate Dress Accessories, combine to make up a showing of which we are justly proud. Never before has such a comprehensive display of Easter wearables been in Quebec. Here you will find all those little, ultra-fashionable touches, minus the incongruity and fad, which are too often a feature of openings and fashion-exhibitions. Our aim is ever to keep abreast of the times, avoiding such fashions as, in our judgement, will not appeal to those of refined and sensible ideas. And this is what makes choosing at Paquet's so interesting and satisfactory. Paquet prices are never extravagant—Paquet styles are always up to the minute—Paquet values are supreme.

Easter Dress Fabrics

There is still time, between now and Easter, to have a stylish Street Costume made to measure. The new Dress Fabrics are attracting much, and favorable, attention. Why not choose one of these?

Fancy Boxes

Easter Boxes in the form of a Satchel or an Easter Egg, filled with Chocolates and other choice candies, very attractive gifts for friends. Our Special Prices range from ... 50c to 80c

THERE WILL BE LOTS OF WORK

For United States Politicians If All Measures Spoken of Come Before Congress.

Washington, April 4.—The plan of tariff revision to be recommended to the House by the Ways and Means Committee will be the subject of a conference to-morrow morning by the Democratic members of the committee. Although revision and reciprocity have been thoroughly considered by Chairman Underwood and his associates, no definite method of procedure has been determined on up to this time.

There is a division of opinion in the committee as to whether the Canadian reciprocity measure should be presented as a separate bill, or should have attached to it revised schedules embracing parts of the existing tariff law, such as the woolen or cotton schedules. A decision may be reached at to-morrow morning's meeting, and that the committee will be ready, if desired, to report some legislation to the House by Thursday.

It is understood that the Democratic members of the committee have a reciprocity measure in slightly different terms than the McCall administration bill, and that it may be presented by Chairman Underwood.

Bills on almost every conceivable subject, both public and private, were introduced to-day. They provide for changes in tariff, pensions, improvements in the postal service, an income tax, making the birthday of Abraham Lincoln, February 12, a legal holiday, for memorial to Robert Fulton, inventor of the steamboat, in the county in Pennsylvania where he was born, and many other matters. Several hundred public bills and more

than 2,000 private bills were presented during the three hours that the House was in session.

Representative Hull, of Tennessee, is the author of a bill for an income tax on all salaries or incomes of \$5,000 or more derived from any source whatever, unless otherwise taxed, to be assessed at the rate of 1 per cent a year. He expects to press this bill without regard to the proposed constitutional amendment on the subject. William Jennings Bryan, of Nebraska, and Governor Harmon, of Ohio, were prominent figures on the floor of the House during the opening ceremonies, and both shared in the Democratic demonstrations that marked the day. Had Governor Woodrow Wilson, of New Jersey, been present, the list of generally accepted Democratic Presidential possibilities would have been complete.

President Taft's message, dealing with Canadian reciprocity alone, will be read in the two houses of Congress to-morrow.

The Democrats of the House have formulated an ambitious programme, which includes the revision of a number of the schedules of the Payne-Aldrich tariff law.

Republican leaders in the Senate have announced that there shall be no tariff legislation at the extra session. They declare that they are not alarmed at the threat of the Democrats to hold back the reciprocity agreement until action is secured on several tariff bills. This difference of opinion promises to soon bring the two branches into sharp conflict.

WANTS \$20,000 FOR DEATH OF SON

Toronto, April 4.—Richard J. Rogers, whose complaint against the Toronto Isolation Hospital resulted in an investigation and a report, has begun a damage action against the City of Toronto, Dr. Sheard, formerly Medical Health Officer, and 24 other persons, including the hospital staff, claiming \$20,000 for the death of his son, Frank, aged 4 years. Rogers charges "negligence, breach of contract, trespass, assault and battery and false imprisonment, whereby the plaintiff's son died at the Isolation Hospital in the City of Toronto."

MEXICAN TROOPS AND INSURRECTOS

Are Facing Each Other Near Chihuahua — Small Skirmishes Occur Frequently.

Madero's Camp, Before Chihuahua City (via Laredo, Texas), April 4.—Although no immediate attack is expected, the insurgents are now within eight miles of Chihuahua, and it is known that extraordinary precautions have been taken for the safety of the citizens. People living in the outskirts have been warned to move within the city and large outposts of federal troops have been stationed on surrounding hills. The insurgents and federal outposts are within sight of each other and small skirmishes are frequent. Precautions have been taken to prevent destruction of the railroad south. This is now the only means of transportation. Insurrectos have served notice that civilians only may be transported, as hauling of troops will result in the destruction of the road and a siege of the city.

President Diaz's message has produced no visible effect on the relations of the federals and insurgents in the field. Madero looks upon the message as a strong bid for peace and a concession to his cause, which will have the effect of strengthening his determination. The offer, he says, is unprecedented in Mexican history and holds out a brilliant future for his people. Diaz's stand for no re-election and other reforms, Madero, however, regards as a promise not yet sufficiently matured to warrant the laying down of arms. The reforms, he contends, must be actually instituted rather than promised.

El Paso, Texas, April 3.—Demand has been made on Governor Diego Redo of Sinaloa for the surrender of the capital to insurgents now outside the city. He answered by posting guards and sending all available soldiers to meet the insurgents.

Madero's Camp, Near Chihuahua, April 4.—A declaration that all talk of peace is futile so long as President Diaz refuses to resign and that the cabinet changes at Mexico City have served only to convince the insurgents of their ultimate success was made by Francisco Madero, Jr., the provisional President, in an interview to-day. Madero declared he was confident of the final triumph of arms in the overthrow of Diaz.

"The change of the ministry is a concession to an armed revolution,"

said Madero, "but it comes too late and is not sufficient."

Madero's camp was reached after 60 miles' travel in a carriage. The building occupied by the leader and his staff is an extensive stone and plaster palace, which he laughingly referred to as his "capitol." It is the seat of an hacienda of more than a million acres, owned by a member of the Madero family. Madero was attended by General Pascual Orozco and members of his staff. After a formal greeting, the leader swept his hand toward the plantation, where 1,200 men were encamped, and wanted to know if it did not look like an army. The personal appearance of Madero invited scrutiny. A rather short, plump man, dressed in boots, a sweater and a suit of khaki, with a quick, decisive way of speaking when he gave orders, invested him with the air of a commander. A habit of meditatively stroking his closely trimmed beard as he spoke suggested that he carefully weighed his words. The interview took place in a spacious, tiled room and immediately turned to the subject of peace.

"Nothing has taken place since we took up arms to justify us in laying them down," said Madero. "In December, 1908, I wrote a letter to Mr. Limantour, telling him a revolution surely would come if the government did not grant a free ballot. That was asking for reforms specifically. The answer was to 'jail with the reformers.' We mean to fight it out. The change in the cabinet is something unheard of in Mexico before. It is a concession to an armed revolution. But it is not sufficient, and it comes too late. It simply justifies us in our course and shows the government's inability to crush us now."

"As to the cabinet itself, it is somewhat of an enigma. It is untried. De La Barra is better than Creel, but De La Barra is without any prestige. Sodi and Dominguez are less known."

"The only promise of note which Diaz has made is for the cutting up of the big estates and selling them in small lots to the people on terms of from ten to fifteen years. The idea is good, but it would result the same as did the appropriation of \$25,000,000 for the encouragement of agriculture. The money went into the hands of a few men, chiefly friends of Diaz."

"No, we don't want promises, because the government always has made promises and kept none. The only condition which we will accept peace terms on is that Diaz shall step aside and declare null the election of last year. We must be certain of a free ballot, the protection of the constitution of 1885 and a guarantee of no re-election for President."

Winnipeg, Man., April 4.—E. L. Drevier, the well-known Winnipeg pioneer and owner of Redwood's Brewery, is dangerously ill with pneumonia in Chicago.

LISTEN TO US

"We are only little ones, but we know Zam-Buk eased our pain and cured our sores. Perhaps it would cure you, too, if you tried it?"

Isn't this sound advice from "babes and sucklings"? Take it! The speakers are the children of Mrs. L. Webster, of Seymour St., Montreal, and the mother adds weight to their appeal. She says: "My little girl contracted scalp disease at school. Bad gatherings formed all over her head, and not only caused the child acute pain but made her very ill. The sores discharged, and occurring on the scalp we feared she would lose all her hair. She was in a pitiable plight when we tried Zam-Buk, but a few days' treatment with this balm gave her ease. Then the sores began to heal, and we continued the Zam-Buk treatment. In a short time she was quite healed."

"My little boy sustained a serious scald on the neck. It set up a bad sore, and quite a few things we tried failed to heal it or give him ease. Once more we turned to Zam-Buk, and we were not disappointed. It acted like a charm in drawing away the pain, and soon healed the wound."

Zam-Buk is "something different" in the way of balms. It contains powerful healing herbal essences, which, as soon as applied to skin diseases, kill off the germs and end the painful smarting. Other essences contained there stimulate the cells that new healthy tissue is speedily formed. Eczema, itch, ulcers, cold sores, abscesses, festering sores, blood poisoning, chronic wounds, cold cracks, etc., are healed and cured in this way. Use it for all skin injuries and diseases. It is also of great service for piles. All druggists and stores at 50 cents box, or Zam-Buk Co., Toronto.

BORDEN WILL TOUR THE WEST

In July and August, Providing
the Federal House Closes in
June.

Toronto, April 4.—The months of July and August have been chosen for the tour of Western Canada by R. L. Borden, the Conservative leader. This will, on this account, be dependent on the Federal House closing by the end of June. It is the leader's intention to cover the whole of the West, including Manitoba, Saskatchewan, Alberta and British Columbia. Arrangements for dates are now being considered.

**MAN KILLED BY
EXPLOSION OF HOT AIR**
Fitchburg, Mass., April 4.—An explosion of hot air during a fire which destroyed the Cushing building in the centre of this city this afternoon, killed Lieut. C. W. Grinnell, of Chemical No. 1, and seriously injured two other persons. The property loss is estimated at \$40,000.

THE NEW SPANISH CABINET.
Madrid, April 4.—The new Spanish cabinet attended the sitting of the Chamber of Deputies this afternoon. Premier Canalejas declared that he would carry out the programme of the preceding ministry without any change. With regard to the Ferrer case, he said, the government desired the discussion to be continued as fully as possible, but the Premier insisted that it be kept within the bounds of parliamentary regulations. At the close of the Premier's address Senor Lacierva, who was the Conservative Minister of the Interior at the time of the execution of Ferrer, resumed his speech, which was interrupted on March 31, when the cabinet resigned.

ST. VITUS DANCE

A Striking Example of Its Cure by
the Tonic Treatment.

St. Vitus dance is the commonest form of nervous trouble which afflicts children, because of the great demands made on the body by growth and development, and there is the added strain caused by study. It is when these demands become so great that they impoverish the blood, and the nerves fail to receive their full supply of nourishment, that the nervous debility which leads to St. Vitus dance.

The remarkable success of Dr. Williams' Pink Pills in curing St. Vitus dance should lead parents to give their children this great blood-building medicine at the first signs of the approach of the disease. Pallor, listlessness, inattention, restlessness and irritability are all symptoms which early show that the blood and nerves are failing to meet the demands made upon them. Mrs. A. Winters, Virden, Man., says: "Why my little girl was six years old she was attacked with scarlatina, which was followed by St. Vitus dance. Her limbs would jerk and twitch. Her speech became affected, and at last she became so bad that she could scarcely walk, and we hesitated to trust her alone. She was under the care of a doctor, but in spite of this was steadily growing worse, and we feared that we would lose her. As Dr. Williams' Pink Pills had cured her older sister of anaemia I decided to try them again. After the use of a few boxes, to our great joy, we found they were helping here, and in the course of a few weeks more her power of speech fully returned, and she could walk and go about as well as any child, and she has been well and healthy since. When illness comes to any one of our family now, we never call in a doctor, but simply use Dr. Williams' Pink Pills, and they never disappoint us."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

**MINERS AND OPERATORS
EACH HOLDING MEETINGS.**

Fernie, B. C., April 4.—The executive of district 18 are in session here to-day and the executive of the operators are sitting in Frank. Nothing will be known of how matters are discussed at either meeting until after adjournment, but that matters of importance are under consideration and that a step in the direction of reopening negotiations between the contending parties may be taken for granted, was the impression of those close to the movements. J. D. McNiven, of Ottawa, is at Frank to-day, and the full executive is present. E. J. Roberts, of the Corbin Company, met the miners' executive last night and after a short interview the matter of a new agreement with the company was laid over. Mr. Roberts left for Spokane this morning.

FAVORED NATION CLAUSE.

Washington, April 4.—The favored nation clause of the treaties between the United States and other nations does not apply to the reciprocity agreement between this country and Canada. This is the attitude of the President, and it was found to-day that it is merely carrying out a consistent policy of the United States in interpreting the favored nation clause of its treaties. The trade pact between Canada and the United States is a contract, or bargain, by which each country makes tariff concessions. Other nations, it is pointed out, cannot be given these advantages except by similar special agreements. This principle, it is stated in official quarters, was laid down by the United States years ago, when Germany claimed favored nation treatment on sugar in connection with the reciprocity treaty with Hawaii before that territory was annexed to the United States.

MINOR NOTES OF THE DOMINION.

Mount Brydges, Ont., April 5.—Duncan Ross, M. P. for the Commons, and J. C. Elliott, M. P. for the Legislature, were the nominees made at the annual meeting and convention of West Middlesex Liberals held here to-day.

Langenburg, Sask., April 4.—Fire, which broke out early this morning in the hardware store of Denmark & Burton, caused a total loss of \$30,000. The Bank of Toronto Building and the Imperial Hotel were both badly scorched.

London, Ont., April 4.—Hugh Guthrie, M. P., who was in the city for a few hours this afternoon, said that he did not expect an election until the fall of 1912. "It may come this fall, but the chances are two to one in favor of 1912."

Ottawa, April 4.—A horse show will be held in the Renfrew, Ont., rink April 28 and 29. An association was recently organized and entries are already pouring in from all parts of the Ottawa Valley. Over \$1,000 will be offered in prizes. The committee includes Messrs. M. J. O'Brien and many other well-known citizens.

Winnipeg, Man., April 4.—The Canadian Northern car men, from Port Arthur to Edmonton, have given notice to the management that they wish to obtain a new agreement this year. The men are working in conjunction with the Canadian Pacific car men. A meeting with the management will probably be arranged next month.

Winnipeg, Man., April 4.—Edward Bailey Fisher, a well-known lawyer and politician, formerly of Minnesota, Man., lies in a critical condition at St. Boniface Hospital, having cut his throat on Sunday from ear to ear while dependent. He went to the hospital to be treated for delirium tremens and secured a safety razor.

Seaford, Ont., April 4.—Fire to-day practically wiped out a number of firms doing business in the Scott Block, a three-story brick building, on Main street. It originated in the top story and was discovered about 5 a.m. The cause is unknown. The total insurance on building and stocks was about \$14,000, but that will not cover the loss.

Halifax, N. S., April 4.—The twenty months-old boy of Obed Ernst and wife of Bickhouse, Lunenburg, yesterday ate half a box of patent medicine pills and then took fits and died before medical aid could be summoned. Mr. and Mrs. Ernst some time ago lost another child through an accident with boiling water.

Ottawa, April 4.—There is no possibility of Ottawa entering Joe Page's new professional baseball league. Ottavians have already learned to their sorrow that there is not sufficient baseball in the city to support a professional club and will, accordingly, stick to the amateur games as supplied by the City League. An invitation to enter the new series received scant attention.

Ottawa, April 4.—Dr. Lafortune, of Gatineau Point, and a number of local business men have organized a rural telephone service which will operate from Quinville Post Office, taking in the rural districts surrounding the village of Gatineau Point, and the townships of East Hull and West Templeton. The company is capitalized at \$16,000, and the building of the line has been commenced. The officers expect to have the service in working order by July 1.

Chatham, Ont., April 4.—The Chatham Presbytery of the Presbyterian Church to-day again took up the question of union with other denominations and after an extended session reaffirmed the former vote taken in March, as favorable to the proposed basis of union. The vote showed 23 in favor and 13 opposed. The Presbytery will petition the General Assembly to send the whole question down to the congregations to be voted on by them simultaneously with the congregations of other voting bodies, and they may be required to suggest any amendment they may wish to make in the present proposed basis. Unless the returns show at least 75 per cent of the membership in favor of the union, this Presbytery is in favor of deferring any further action for a time.

A WORD TO MOTHERS

The Chief Cause of Spring Eruptions and Chills Explained—
Every Mother Should Read This Article.

At this season of the year most people are troubled with Spring eruptions and skin irritations. This is an indication that the blood is full of impurities and can only be removed through the kidneys—the human filters.

In 99 out of 100 cases disordered kidneys are to blame for Spring weakness and disorder. Overworked, they have ceased to become effective and perform their functions very imperfectly. They have permitted impurities that should have been arrested in the human filter beds to get into the system—the blood is overloaded with these impurities and impoverished conditions result.

This is the time all thoughtful mothers are anxious to ward off the dangers to her family that arise from weak and disordered kidneys. She knows that the old-fashioned way of purging is opposed to nature. The sick one needs toning and bracing up and not weakness by purgatives. Booth's Kidney Pills are not a laxative but a kidney tonic. They go to the seat of the trouble and commence to build up health in the same way as a builder builds a house. The kidneys are toned up, the blood becomes purer and in a remarkably short time the glow of health is seen and felt.

As Booth's Kidney Pills are a guaranteed remedy, you are perfectly safe in giving them a trial. The proprietors would not dare to guarantee them if they were not sure that they were the very best remedy for kidney trouble and would do all they claim for them. They are so well and carefully compounded that they are suitable for both young and old.

A Mother's Story of Her Efforts to
Restore Health to Her 7-year-old
Child and Her Discovery.

"My daughter, Olivia, who is in her seventh year, suffered for the past two or three years with a weakness in her back and in the region of the kidneys. She could not lie in bed and she cold chills settled in her back. She was weak and languid and her health was not at all good. I had tried many different prescriptions but could find no good in any of them. I would have to apply hot plaster to her back at night, but this only gave a slight temporary relief. I learned of Booth's Kidney Pills and commenced giving her this treatment, following the directions closely. I soon found Booth's Kidney Pills going to the cause of the trouble and giving her the long sought results. Her back gradually strengthened and she is better and stronger in every way. She has not suffered an attack of the trouble since and I am thankful for what Booth's Kidney Pills did for her."

—Mrs. Oliver Johnson, of Havelock, Lucknow, Ont.

All druggists sell Booth's Kidney Pills, 50c a box, or they can be obtained post-paid on receipt of price.

FREE OFFER.

So sure are the proprietors that Booth's Kidney Pills will do all that is claimed for them that they are willing to send every reader who suffers from kidney and Spring weakness a trial box free. Just address your letter to the R. T. Booth Co., Ltd., Fort Erie, Ont., and mention this offer. Sent and guaranteed in Quebec by Henry Willis.

DON'T WANT RECIPROCITY.

Grand Forks, N.D., April 4.—Six hundred delegates representing every county in the State assembled in this city to-day to protest against the ratification of the Canadian reciprocity agreement. They will seek to form a combination with the other agricultural states for a nation-wide fight.

CARTER HARRISON ELECTED MAYOR OF CHICAGO.

Chicago, April 4.—Carter H. Harrison, Democrat, was elected Mayor of Chicago to-day. It was the fifth time he had been given the office and his plurality was in the neighborhood of 18,000. Charles E. Merriam, his Republican opponent, conceded the election two and a half hours after the polls closed. Scrutiny of the returns by ward and precinct shows that Prof. Merriam got nearly seven per cent fewer votes than Fred Busse (Republican) had four years ago, while Harrison ran over 17 per cent ahead of the figures attained by E. F. Dunne (Democrat) at that time. The vote represented about 340,000 which is approximately 25,000 more than the record at the last previous mayoralty contest. In spite of this, both sides agreed that Merriam lost through failure of the "silk stocking" wards to show the strength that had been expected from them in favor of Merriam. Even the 25th ward, where Merriam's candidacy was conceived, his supporters failed to face the drizzling rain to vote for their choice. While Harrison got the usual Democratic pluralities in the river wards, his eight years service as mayor brought him votes among the people counted by his opponents, and his promise of seventy cent gas was also a powerful factor. The Dunne and R. C. Sullivan Democrats failed to cut their party ticket, though they waged a bitter primary fight. Annexation propositions failed to get majorities in Oak Park and the town of Cicero, but the village of Morgan Park decided to join the city. The Socialists polled nearly 24,000, a gain of 11,000 over four years ago, while the prohibition vote fell from 5,875 to about 3,000.

NEW YORK STOCK MARKET.

McDonald & Loperance, stock brokers private wire to New York and Montreal, Hochelaga Bank Bldg. Telephone 1227. (Canadian Press Service.)

New York, April 4.—With at least one week more of uncertainty ahead as to the Supreme Court's action in the anti-trust cases, and with all the doubt as to what is to come from the new Congress which assembled to-day, Wall Street was not inclined to do much in the stock market. The excitement of yesterday, when the Supreme Court decisions were expected so confidently, gave way to-day to dullness. Price movements were narrow, except in the cases of a few issues which apparently were especially selected for manipulation to lend some appearance of animation to the market. Bullish traders bid up prices at the opening, but such large volumes of stock appeared on advances that recessions quickly followed, and during the remainder of the session the undertone was rather heavy. Almost the only consistent movement of the day was the advance of railroad stocks, which would be affected most directly by the conclusion of a reciprocity agreement with Canada. The Hill stocks were especially strong. Canadian Pacific gained 4 points more, recovering its recent loss, and advancing to a new high record, and Wisconsin Central, Duluth, South Shore and Atlantic and Minneapolis, St. Paul and Sault Ste. Marie all forged ahead. The reassembling of Congress brought respect to the fore, but otherwise little attention was paid to Washington news. The utterances of the new Speaker, which favoring tariff legislation which might upset values in Wall Street for a time, were in entire conformity with expectations. The financial community apparently has decided to view the prospects of tariff changes calmly, not only because the legislative powers of the majority in the House of Representatives are circumscribed as a result of the political complexion of the Upper Chamber, but because tariff revision is not the bogey it once was in Wall Street.

The outlook for general industrial conditions was left unchanged by the day's developments. Complete figures of March bank clearings over the country revealed a decrease of 10.5 per cent from last year, due not only to slowness of trade, but to the small demand in New York for financial operations and speculative purposes. The February report of the St. Paul system showed a decrease of \$239,000 in operating income, and that of Wabash a falling off of \$215,000. The annual report of Utah Copper revealed a shrinkage in total income of \$512,000. National Biscuit was unusually active to-day, and advanced 5 points to another high record, with accompanying talk of an increase of dividends. The brief boom which Associated Oil has enjoyed on the strength of reports that it was to be purchased by the Southern Pacific for important interests was checked when it was said authoritatively that no such deal had been completed, and the stock dropped 4 points. The general list hardened somewhat in the final dealings and closed with a preponderance of small gains.

Bonds were steady. Central of Georgia incomes were especially strong. Total sales, par value, \$1,703,000. United States 4s coupon advanced 1/4 on call.

NEW YORK CLOSING LETTER.

By private wire to McDougall & Cowans, 81 St. Peter street.
 New York, April 4.—The market opened generally strong this morning with Canadian Pacific the feature, this stock showing a gain of over 3 points from last night's close. During most of the day fluctuations were on an extremely limited scale, prices varying little from yesterday's, but in the last hour several stocks showed pronounced strength, while the generally active stocks remained as a rule only fractionally below last night's closing level. The stocks which made the biggest gain were C. P. Ry, 4; Biscuit, 4 1/2; Northern Pacific, 2 1/4; Great Northern, 1 1/2; Louisville & Nashville, 1 1/2, and although these issues did not in all cases hold their full gain they reacted only very small fractions on profit taking near the close. There was no special reason given for the pronounced strength in the Hill stocks, but it was generally ascribed to the heavy snow fall which covered a large part of their territory and which would be the utmost benefit to the growing crop. Good news from all over the country is good, and conditions undoubtedly much ahead of the same period of last year. The close was strong at about the best prices of the day. Total sales, 399,700 shares.

CLOSING LETTER.

By private wire to Neuville Belleau & Co., 93 St. Peter street.
 New York, April 4.—Outside of the spectacular performance of two specialties, the speculation to-day has been a tame and uninteresting affair. Canadian Pacific led off with a jump of 3 points in sympathy with a similar rise in London and gained a further point which it later lost. National Biscuit opened up 1/2 and speedily rose to 1 1/2, retaining well the bulk of the advance. Wasserman Brothers publish a strong bullish circular on Canadian Pacific, and it was rumored that National Biscuit would get 10 per cent extra dividend soon. Crop prospects throughout the country are said to be ideal. Plenty of moisture in the ground and seeding conditions are perfect. Northern Pacific and Great Northern preferred are both strong as a result of

IMPORTANT MATTERS WERE CONSIDERED

Public Utility Commission Held an Interesting Meeting Yesterday.

The Public Utilities Commission held an important meeting yesterday, under the presidency of Lieut. Col. Hibbard, K. C., the other commissioners, Sir Geo. Garneau and Prof. Laberge, being present.

The first question taken under consideration was that of Monaghan against the Quebec Passenger Elevator Company, the complainant alleging that the company charged excessive rates—5 cents a trip—for the transfer of passengers on that line. This case came up before the commissioners at their last meeting, but as the proprietors contested the jurisdiction of the commission, the matter was adjourned until yesterday, when the commissioners rendered a decision that they had a right to investigate the complaint as the elevator company was running cars and therefore it came under the jurisdiction of the commission.

Monaghan appeared personally, and the company's interests were attended to by Mr. Ferdinand Roy, K. C. The complainant argued that the present rates were excessive, as formerly passengers could obtain two tickets for 5 cents, while the present owners charged 5 cents a trip.

Ald. Cummings, representing the new company, informed the commission that the present proprietors, when they took over the elevator, had installed new machinery and new cars which were now run by electricity instead of hydraulic power. Formerly the elevator closed down during the winter months, but the new company are running the elevator the year round, and barely cleared their running expenses during the winter months. The company sold books at \$2.50 a hundred tickets, and also sold eight tickets for 25 cents. It was finally decided that the company should prepare for the commissioners a statement of their receipts and expenses during the past year, expiring the 31st October, 1910, and the commissioners will then render a decision.

The next complaint was that of Mr. Neault, of Grande Mere, against Dr. Ricard, of the same place, the former complaining that the latter, as proprietor of the electric company of Grande Mere, did not give satisfaction. Mr. Bellevue, advocate, appeared in behalf of Dr. Ricard, and objected to the jurisdiction of the commission, on the ground that a case between the same parties was now pending before the Supreme Court at Three Rivers, and that the commissioners could not render a decision, before a judgment was rendered in that court.

Mr. J. A. Tessier, M. P. P., representing Mr. Neault, was of a different opinion and stated that if the commission was to await the decision of the Superior Court they might probably be delayed in their decision for several years, as the court's decision might probably be appealed from. According to the decision of Dr. Herdt, the commissioners' expert, the present system was defective and it was urgent that the matter be decided as soon as possible.

The commissioners finally decided to consider the question at Grande Mere on the 2nd May next.

The matter of the Q. R., L. H. & P. Co.,

was next taken up. This was in regard to the request of the commission that certain documents be provided to the commission to show that they had fulfilled the orders given by the commission in regard to the running of the railway. Mr. Baillargeon appeared in behalf of the company and explained that it had been found impossible to have these documents prepared in time for the present session, and asked that a delay be granted until the next meeting. This was granted.

Mr. René Dupont, secretary-treasurer of the Canada & Gulf Terminal Railway, appeared before the commission in regard to the complaint of excessive rates charged against the company. The railway in question runs from St. Flavie to Matane, and Mr. Dupont explained its peculiar situation and the reasons why the present rates should be allowed to stand. This was concurred in by the commission.

The commission adjourned to meet again in this city on the 25th instant.

HEAVY FINES ON

THE CANADIAN NORTHERN.

Ottawa, April 4.—Two hundred dollars a day for every day that the company has been operating a branch line between Halborne and Beulah, Man., is a fine for which the Railway Commission to-day recommended the Attorney-General to prosecute the Canadian Northern Railway. The full penalty, if imposed, will be no light one as the company has handled freight traffic over the line complained of for several months. The Grand Trunk Pacific will also be prosecuted for crossing about eighty highways in Alberta without the board's approval. The penalty is \$25 per day for each offence. The case arose as the sequel to a complaint received from a Manitoba milling company that the Canadian Northern was charging excessive rates for carrying freight over its branch line. The commissioners, on investigation, found that no tariff of charges on the line had been submitted to the board, and that the company was not authorized to carry traffic over the line, as it had not been inspected and approved by the board.

Toronto, April 4.—Joseph Gelinas, a French-Canadian, aged 38, living at 14 Ontario street, was electrocuted by a live wire of the Toronto Electric Light Co. near his home to-night. The wire had been blown down by the strong wind. He saw a flash, and when told that his neighbor's house was on fire he rushed out to give assistance. He failed to notice the wire, which struck him in the neck. He was instantly killed. An inquest will be held.

PERSONAL

Mr. David Jewell was called away to Toronto Monday night owing to the serious illness of his son, Thomas, in that city.

Judge Charles Langelier is in Montreal, where he is replacing Judge Choquette in the Court of Sessions, the latter having left on a few weeks' trip to Europe.

Judge Lemieux left for Montmagny last evening, where he will preside at the special term of the Criminal Court, which opens there this morning. Major Talbot, Clerk of the Peace, also left for Montmagny to assist the Crown officers during the term.

At the chapel of America's University, at Washington, D. C., on the 19th instant, will take place the marriage of Mr. Godfrey F. Ferris, English solicitor, son of the Rev. Canon Ferris, rector of Gwalston, Nottinghamshire, England, to Miss Maguire, daughter of the late Mr. Dennis Maguire, shipowner, of this city.

Arrivals at the Clarendon: Arthur C. Lerville, J. A. Lafleur, Montreal; Leon Beauchamp, Montreal; G. A. Bruet, Fraserville; A. Provencher, J. A. Tessier, Three Rivers; V. Archambault, Sherbrooke; J. Lister Coles, Valcartier; Mrs. J. Parsons, Miss Parsons, New Westminster; R. M. Duval, St. Johns, Que.
