WINNIPEG, Aug. 7.

Representing the new Customs regulations

the Free Press says some of our merchants

have lately been very much annoyed by

the Customs Department at Ottawa has notified

its officers not to give Customs certificates

of shipment until before the goods are

shipped, and that the goods are to be

shipped and cleared in bond. On Monday

the Collector of Customs received a circular

from the Department which throws some

light on this subject. It declares that the

old style of certificates has been declared

illegal by the Department, and that the

Collector to certify on the face of his invoice

that the goods mentioned therein have been

daily paid, or are the production or man-

ufacture of the Dominion.

CHICAGO, August 7.

Reports from Chicago, Ill., state that the

torpedo which swept over three or four of

the western counties yesterday morning was

terribly destructive. Houses and barns were

unroofed, trees uprooted, fences demolished,

telegraph poles leveled, grain stacks tilted

from the ground and scattered like chaff

through mid-air, and, worse than all, several

persons were killed and many more injured.

BOSTON, August 7.

Exaggerated dispatches about the dam-

age to cotton from water at the South have

been received at the Cotton Exchange. It

was reported that the cotton crop of last

year was an exceedingly small one, an "ir-

reversible" supply—as the marketmen's stock
