

Une lignée à Guernesey, archipel anglo-normand :

(mi-juin 2018, courriel de Michael (Michel)-André Dufour de Los Angeles)

Good Evening , I appreciate you talking with me the other day, an hope to possibly see what other information I might gain or learn from the DuFour Association. As you've stated and Du Four implies that they're from the community ovens and bakers etc. I do know that either Joseph or Hilary (1802) were blacksmiths by trade and that's been verified by census. I'm attaching some pictures/screen shots and will give a description below for each. [Michael DuFour (phone :702-355-8116)]

(12 Juin, Michel nous envoyait ceci) :

I just received your voicemail, and can take new screen shots; but believe the rest of the message was not passed by Hébert. So I'm going to forward you now the message I sent to his son, after a lengthy phone conversation. I know almost zero French and Hébert knows almost zero English so he asked his son to translate for us. Part of the reason screen shot six was sent the way it is was in attempts to some of the information on your website appears to be wrong. Peter-Pierre was son of Hilaire DuFour, BUT not the one born in 1841, alas that was his brother. His father also Hilaire/Hilary DuFour was born in 1802.

[Dans ce courriel, il donnait les explications suivantes :]

Image 6 & 7 show 1841 Hilary had brothers, one named Peter-Pierre, who appears on the 1880 Chicago IL census. Hilary I, birth in 1802, Torteval, Guern(e)sey, Channel Islands. His Spouse: Elisabeth Guilbert ans his parents: Paul Dufour (1762-) & Mary Bailleul(1776-)

[Hilary II-Hilaire (né en 1841, Forest, Guernsey - décès en 1909) avait un frère, Joseph (né en 1836, Torteval, Guernsey - décès en 1914); aussi une sœur, Mary née en 1840 (Forest, Guernesey) et décédée en 1978. enfin un autre frère Peter, né en 1843 (Forest, Guernesey) et décédé en 1910.]. Ces tableaux 6 & 7 donnent ceci :
