SQUARE DEAL FOR ALL CANADIANS DEMANDED BY HON. R. B. BENNETT

Last Night Conservative Leader Closed Successful Tour of Quebec Province—Unemployment Was Discussed During Meeting at Three Rivers—Deplored Number of Canadians Who Were Forced to Go to United States for Employment—Today Mr. Bennett Speaks at Perth and Renfrew.

MONTREAL, July 16.—Hon. R. B. Bennett, last night closed a tour of Quebec which has taken him from east to west in the province. He spoke in the principal cities such as Quebec, Sherbrooke and Three Rivers, and half a dozen smaller places, notably in the Eastern Townships. Mr. Bennett addressed a gathering in Montreal on his way to the Maritime Provinces. Yesterday the Conservative chieftain spoke at Three Rivers.

Dealing with unemployment, Mr. Bennett said: "Do you believe in a square deal, an even chance for Canadians? Do you believe Canadians should have a chance to work on the raw materials of this country in Canada? Do you believe Canadian industry should have the opportunity to supply to Canadian consumers? If you do vote for us. But if you believe our boys and girls should grow up to manhood and womanhood and then have to go to the United States to find jobs, vote for the Liberals. If you want to give work to Japan, Czechoslovakia or some other country in place of Canada, vote for the Liberals."

Mr. Bennett quoted Premier Taschereau as saying at Queen's University that if the number who had left Canada were known it would cause a surprise. Mr. Bennett said one million and a quarter Canadians had left this country since the advent of the King Government into office. "And," said Mr. Bennett, "they were the pick of our sons and daughters. Why did they not stay here? Because there was no work." The Conservative leader referred to claims that if the Conservatives were returned to power and war broke out in India Canadian youths would be conscripted and sent there. He said such claims were "false cries."

Mr. Bennett was surrounded on the platform by the Conservative candidates in the near-by constituencies of Three Rivers and St. Maurice, Yamaska, Nicolet, Drummond-Arthabaska and Champlain.

Today Mr. Bennett will speak at Perth and Renfrew, Ont.

TEACHERS IN CHICAGO STILL WITHOUT PAY

Many Find Themselves in Acute Financial Straits as Result of Existing Conditions.

CHICAGO, July 16.—The financial situation among Chicago's 18,000 public school teachers is once more acute.

The dire days of late winter have been paralleled. It is vacation time and pay cheques are three weeks overdue.

The recent special relief session of the legislature authorized the school board to issue \$25,000,000 in bonds for emergency purposes, but board members, after a fruitless session said bankers would not take the bonds without court ruling, in lieu of a referendum.

To date, the back pay amounts to \$6,500,000. The board has for sale \$13,000,000 in tax warrants, but they are unable to market these until 1928 and 1929 warrants are redeemed.

Many school teachers are facing actual poverty. One, with \$275 in back pay due here, told Lewis E. Myers, school board member, that she had only seventy-five cents.

THE WEATHER

MOSTLY FAIR AND WARM

A mild depression is centred over Hudson Bay, with a trough extending southwestward to Minnesota. Pressure is high over the Lower Lake region and Eastern States. Showers have occurred locally in Eastern Nova Scotia, Prince Edward Island and in northern districts of Ontario and Manitoba, while in other parts of the Dominion the weather has been fair. Temperature has moderated in Alberta and Saskatchewan.

Forecast: Moderate southwest winds; fair and warm. Thursday: Moderate to fresh southwest winds; mostly fair and warm; a few local thunder showers.

Northern New England: Fair and warmer tonight and Thursday; moderate south to west winds.

Temperature yesterday: Maximum 73, minimum 49. Same day last year: Maximum 80, minimum 40.

MONOPLANE ON NON-STOP TRIP TO ARGENTINE

K of New Haven Plans Refuelling in Air at Havana on Record-Breaking Trip to Buenos Aires.

ROOSEVELT FIELD, N.Y., July 16.—Loaded with fuel taken on in the air, the monoplane K of New Haven was presumably speeding toward Havana, Cuba, today, its next refueling point in a flight to Buenos Aires, the longest non-stop flight ever attempted.

The plane took off here at 1:24 (E.S.T.) yesterday, on its 9,000 mile journey. It did not head southward on its long flight until after 8 p.m. The intervening time was consumed in making four refueling contacts in which 425 gallons of gasoline were put aboard. The K of New Haven carried 125 gallons when it left the ground. The light reduced danger of a crash-upt in the take-off.

The crew consists of Randy Enslow, chief pilot and radio operator, Garland P. Reed and James Garrison, assistant pilots.

After refueling in the air at Havana, which they expected to reach in twenty hours, the fliers plan to cross the Caribbean Sea to Panama for the second refueling contact. From there they will go to Lima, Peru, and refuel again before hurrying the Andes to Mendoza, 1,700 miles away. After another refueling at Mendoza they will fly to Buenos Aires.

MAY DISSOLVE REICH-

STAG

BERLIN, July 16.—Chancellor Brüning visited President Hindenburg and received authorization to dissolve the Reichstag. The Reichstag is scheduled for vote to pass the cabinet's finance measures scheduled for vote late today.

FIRE CAUSED SERIOUS DAM-

AGE

LONDON, Ont., July 15.—Sweeping through the plant of E. R. Leonard and Sons, fire early today caused damage estimated at more than \$250,000.

UNITED STATES NOT CONCERNED OVER REPORTS

Not Likely that There Would Be Any Interference Should a British Vessel Undertake to Sell Liquor Outside Twelve Mile Line During September International Yacht Races.

WASHINGTON, July 16.—Treasury and state department officials showed little concern over rumors that a British ship planned to sell liquor outside the twelve mile limit off Newport, R.I., during the September international yacht races.

Assistant Secretary Lowman, in charge of the customs service at the Treasury, said the United States would have no authority over a foreign steamer's activities outside the twelve mile limit. The coastguard considers all vessels alike, however, in patrolling the coast inside the limit to prevent smuggling.

The opinion was expressed at the State Department that this Government would not protest to Great Britain should a vessel under the British flag undertake the reported plan. The Department was said not to be directly involved, since passports for United States citizens going abroad are not required by law.

LEADING EDUCATIONIST IN

SAINT JOHN, N.B., DEAD

One of the leading educationists of Saint John passed away yesterday morning. A Lindsay Dykeman, for more than twenty years principal of Alexander School, Mr. Dykeman, who was fifty-six years of age, had been in poor health for some time and had just undergone a serious operation.

DESPONDENCY CAUSE OF KINGSTON MAN'S DEATH

Former Mayor of Ontario City Threw Himself Off Bridge During Mental Depression.

KINGSTON, Ont., July 16.—In a fit of despondency former Mayor Thomas Angrove, aged 61, jumped off the La Salle Causeway bridge at 9:30 this morning and was drowned. His body was recovered. Mr. Angrove was born in Cornwall, England, on March 12th, 1869, and came to Canada at the age of fourteen.

EXPLOSION IS CAUSE OF FIRE IN LUNCH CART

Damage to the Extent of Approximately \$1,500 Caused by Explosion in Lothrop's Lunch Cart at Magog.

MAGOG, July 16.—An explosion, which might have caused a loss of life, occurred here last evening, when a gasoline stove exploded in the Lothrop Lunch Cart on Main street. The building belonging to Mr. Fred Paradis, in which the lunch counter was situated, was quite badly burned, the total amount of damage being in the vicinity of \$800. An adjoining block housing the Goulet tailor shop, suffered damage by water which will probably total \$500. Quick action on the part of the fire fighters prevented the fire from causing more serious damage.

QUESTION MARK IN READINESS FOR NEXT TRIP

Captain Dieudonne Coste, Noted French Aviator, Hopes to Start His Projected Trans-Atlantic Flight on First Good Day After Friday or Saturday.

PARIS, July 16.—Captain Dieudonne Coste, French aviator, expects to start his projected flight across the Atlantic to New York on the first good day after Friday or Saturday, when his plane, the Question Mark, will be ready for the trip.

He said today his course will be due west to the French coast, then toward Newfoundland or somewhat south by way of Sable Island and Halifax, and down along the coast to Roosevelt Field. Tomorrow there will be a final flight of several hours to be certain that the motor is running well and that everything is ship-shape.

LIBERALS ARE CRITICIZED BY HUGH GUTHRIE

Attack Against Fiscal and Economic Policies of King Administration Marked Speech of Member for Wellington South.

FERGUS, Ont., July 16.—Lengthy criticism of the Dominion Government's fiscal and economic policies marked the first address delivered in the present election campaign by Hon. Hugh Guthrie, member for Wellington South in the last election and Conservative candidate in that riding for re-election. Speaking before a large audience here, Mr. Guthrie charged the government's administration of affairs pertaining to agriculturists had produced "ruinous effects."

Speaking vigorously despite his long illness that had caused his physician to warn him against strenuous campaigning, Mr. Guthrie said the sole issue in the election campaign was "the sorry pass to which the Liberals had brought Canadian prosperity and progress and the need for vigorous Conservative government to make Canada strong and the Empire stronger."

"The tide is running with us, and this time we are going to win," he continued. "The country is facing the worst crisis of unemployment and bad business in its history. It is caused by nine years of misrule by the King government, acts of omission and commission alike. Referring to the government's tariff, foreign trade and general fiscal policies, Mr. Guthrie said these were responsible for what he claimed was an injustice to Canadian farmers. Production of dairy, farming and livestock industries which once enjoyed a large export market had been wiped out, he said, while on top of that the home markets had been swamped by foreign imports which the government had allowed to enter over conventional duties."

SASKATCHEWAN PREMIER BEGINS CAMPAIGN AGAINST PREMIER KING

Hon. J. T. M. Anderson Asserted It Had Not Been His Intention to Take an Active Part in Election Campaign Until Prime Minister Made Statements Which Reflected Upon Ministers of His Government—Claims that "Glaring Misrepresentation" of Dominion Government With Regard to Province of Saskatchewan Will Be Fully Explained.

ASKATOON, Sask., July 16.—Hon. J. T. M. Anderson, Conservative Premier of Saskatchewan, has taken the field in out-and-out opposition to the Mackenzie King Government. "In view of Premier King's address Monday night, when he openly attacked my Government, our policy and myself, I announced Premier Anderson yesterday, 'I find it my duty as a citizen of Saskatchewan to meet this campaign on the public platform. It will be my pleasant duty from now until election day to do all in my power to bring about the defeat of the King Government'."

Mr. Anderson asserted that it had not been his intention to take an active part in the campaign until the Prime Minister made statements which reflected on Hon. A. C. Stewart, Minister of Highways, and Hon. M. A. McPherson, Attorney-General for Saskatchewan. These statements, he fore-cast will be dealt with in detail during the next few weeks, and the instances of "glaring misrepresentation" of the Dominion Government to the Province of Saskatchewan will be fully explained.

Referring to Premier King's outburst of the amount of money handed over to the provinces of the west by the Dominion Government in the past eight years, Mr. Anderson said: "He did not tell the people that the Prairie Provinces had contributed to the Federal Treasury during the past eight years, under Liberal administration, \$228,000,000 more than was contributed by these provinces during the previous eight years of Conservative administration."

The proposal by Premier King regarding construction of subways for relief of unemployment was labelled by Premier Anderson "just as foolish and absurd as his policy in general." He considered that "at this stage of our provincial development the expense of building subways throughout the province would be beyond reason." Plans for winter work, to be announced shortly, would give work to all, he said.

Premier Anderson concluded his announcement by saying that the meeting at Regina on Monday night, when Premier King denied that Saskatchewan and British Columbia had asked unemployment relief aid, demonstrated that Hon. Charles A. Dunning, Minister of Finance, will be defeated by a very large majority on July 28.

REPORT ISSUED AT CONCLUSION OF CONFERENCE OF COLONIAL GOVERNMENTS

Report of Conference of Colonial Governors Embodies Recommendations in Almost Every Aspect of Colonial Administration.

LONDON, July 16.—Some substantial achievements stand to the credit of the conference of colonial governors under the chairmanship of Lord Passfield, Secretary of State for the Colonies. The conference concluded yesterday and issued a report embodying recommendations in almost every aspect of colonial administration.

Most important of the results is the amalgamation of all colonial services into a single service. When all the recommendations are finally ratified, dwellers in scattered colonies throughout the Empire will be kept in continuous touch with the Motherland by special Empire broadcasting programme sent out from the British short wave wireless station.

The administrators will also be assisted by travelling moving picture apparatus specially devised for the education of natives in an entertaining manner.

Less spectacular, but quite as important and beneficial, are schemes to co-ordinate and improve the agriculture, fishery and forestry services improved methods of medical research will also be put into effect.

BUSY CHOOSING DEFENDER FOR AMERICA'S CUP

Lack of Wind Yesterday Prevented Four Sloops from Racing in Eliminations.

NEWPORT, R.I., July 21.—With nothing to show for the first two days of the second week's racing for the honor of defending the America's Cup, the four sloop candidates resumed match racing off here today.

Charles Francis Adams, secretary of the navy and skipper of the Boston contender, Yankee, left Washington last night and was expected to pilot the Yankee against the Whirlwind, skippered by London K. Thorne. Indications were that the committee was determined to match the Enterprise, sailed by Harold S. Vanderbilt, against the Westmore, skippered by George Nichols.

In the race scheduled the last two days, the two latter boats were matched but the Enterprise was disabled in the brisk breeze on Monday and none of the sloops was able to race yesterday because of lack of wind.

DEAL, England, July 16.—A large unidentified yacht was in distress in the English Channel off the southeastern end of Goodwin Sands today after fighting an all-night battle. The Walmer lifeboat went to the assistance of the vessel.

FORMER TYPOGRAPHICAL PRESIDENT DIED TODAY

James M. Lynch Led Battle for Forty-Eight Hour Week in Printing Establishments.

SYRACUSE, N.Y., July 16.—James M. Lynch, for many terms president of the International Typographical Union and leader of that organization's battle for the forty-eight hour working week died in St. Joseph's Hospital here this morning of blood infections.

Mr. Lynch, who was sixty-three years of age, was born at Manlius, N.Y.

REMOVAL OF DIRIGIBLE IS BEING DELAYED

Owing to Adverse Winds It Is Not Expected that R-100 Will Be Removed from Its Shed Before Next Saturday.

CARDINGTON, England, July 16.—Adverse winds are still preventing the removal of the giant airship, R-100 from the great shed at Cardington in order to prepare for the flight to Montreal.

Handling parties were ordered in readiness every morning this week, but the orders for today were cancelled last night owing to a forecast of unfavorable weather.

It is believed there will be little chance of removing the ship from the shed before next Saturday.

INVESTIGATION BY COMMISSION IS REQUESTED

Question Under Dispute Is Cost of Production Here and Abroad of Lumber and Timber of Fir, Spruce, Pine, Hemlock and Larch.

WASHINGTON, July 16.—A resolution asking a tariff commission investigation of the differences in cost of production here and abroad of lumber and timber of fir, spruce, pine, hemlock and larch was introduced yesterday by Senator McNary, Republican, Oregon.

A new tariff act places a duty of one dollar a thousand board feet on these soft woods, but exempts Canadian and Mexican lumber if these countries permit the same to be exported to them free.

COAL MEASURE REJECTED BY BRITISH LORDS

"Spread-Over Clause" Inserted for Third Time—Labor Action Now Awaited.

LONDON, July 16.—The Government faced another impasse yesterday when the Coal Mines Bill it has sought for months by the despatch law was returned by the House of Lords to the House of Commons for consideration for the third time. It was the compulsory 7 1/2 hour day to which the Upper House again objected; by amendment they once more brought forward as an alternative the 90-hour fortnight, now commonly known as the "spread-over."

The House of Commons have now the choice of accepting the spread-over, rejecting it for the second time, thus automatically killing the bill, or making some compromise proposal. The general opinion is that the bill may be regarded as dead.

This Parliament should be controlled by the considered opinion of both Houses, not by the despatch decision of one," declared Lord Salisbury, Conservative leader in the House of Lords, in discussing the bill, "and the members of this House are today the trustees of the essential interests of the country."

Lord Sankey, the Lord Chancellor, replied that the Government were unable to accept the 90-hour fortnight. If the Lords insisted on this alternative they would provoke widespread resentment. The 90-hour fortnight, if introduced, would, in any case, last for only eight months, as the original Coal Mines Act of 1908, which the bill aims to modify, expires next year. Why, Lord Sankey asked, should the Lords take this provoking action for the sake of such a short time?

Lord Gainsford, Conservative, thought the "spread-over" clause

Unemployment and Old-Age Pensions Were Also Mentioned During Course of Premier's Address in Winnipeg—Premier Has Now Concluded His Campaign in Prairie Provinces and With Exception of a Meeting in Montreal Will Spend Remainder of Time Before Elections in Ontario.

CITY HALL AGAIN MAKES THIRD THRUST

With No Man in the City Council Strong Enough to Stop It.

This morning the Sherbrooke Record Company was notified that its general tax bill would be based on another \$5,000 assessment.

The raise in this year of depression and hardship is not justified by any increased valuation, for the reality experts advise us that there has been a decline in values commensurate with other declines in commodities throughout the towns and cities of Canada.

Again we will not doubt only have to compare the increase of \$5,000 with those of our neighbors to justify the assumption that the Record is to pay the expenses of the job jumpers who peered through the logs from the decks of the "limbuctos."

The school tax the Record is called upon to pay this year on an occupied front on Wellington street of 27 feet amounts to \$595.

The tax department of the City Hall may be under the direction of the "Spite Brigade," but it would appear that they are not entirely blameless. A man who is too weak to withstand outside influence is not strong enough for a job requiring rigorous adherence to fair and just treatment.

The Record has been robust in laying a solid foundation upon which to build Sherbrooke and make it grow as it should grow.

The first tap on the wrist cost us the price of a \$100 advertisement because Alderman Langis denied he had given an order which he did give. We had criticized the electric power as too expensive, and paid \$100 for it.

The city business tax rental was raised from \$2,000 to \$5,000, an increase of 50 per cent.

Today we are served with an assessment bill which represents an increase of 10 per cent, and actual values the Record business premises as being worth \$5,000 more in 1930 than it was in the years of prosperity.

Have these spiteful men been driven mad through drinking the waters of Babylon on the voyage to Miquelon?

Otherwise, why? We ask why, not in anger or with rancor, but in solicitous curiosity—for the men in the City Council who will be held responsible for this third thrust have never studied the curves of the African boomerang.

CUBA LOOKING WITH FAVOR TO THIS COUNTRY

Cubans Resent U.S. Duties Which Have Virtually Excluded Cuban Sugar from United States Market.

LONDON, July 16.—The drive by United States tariff frasers against nations engaged in trade with the United States is helping Canada's chances in Cuba, for Cubans, resenting duties that have virtually excluded Cuban sugar from the United States market, are refusing to buy produce of American origin, and are looking with a friendly eye to what Canada has to offer, said James C. McCormack, Canadian Trade Commissioner to Cuba, during his visit here.

The United States gives Cuba a support preference but actually maintains a tariff wall around the sugar beet growers of Louisiana, explained Mr. McCormack, citing figures to show the falling off of Cuban-American trade in the last three years. During that time trade has been slashed by fifty per cent. Two important items, butter and eggs, are now beginning to go into Cuba from Canada, he said.

"Canada is sending a great number of setting eggs to Cuba now," said Mr. McCormack, "but Cuba will soon have her own eggs and butter. A great many thoroughbred bulls and cows are being sent in from Canada to help Cuba build up a home industry."

QUEBEC, July 16.—One of the biggest pilgrimages of the year arrived here today en route to Ste. Anne de Beaupre. The party consisted of people from Nova Scotia, New Brunswick and Prince Edward Island.

PROGRESSIVE LEADER RECOVERING

CALGARY, Alta., July 16.—Robert Gardiner, elected by acclamation to the next House of Commons for Acadia constituency, is recovering from his slight indisposition.

ST. FRANCIS DISTRICT

COMPTON CO.
W.C.T.U. HELD
BUSY SESSION

Reports Submitted and Many Resolutions Passed at Annual Meeting of County Union at Sawyerville.

SAWYERVILLE, Que., July 15.—The forty-sixth annual convention of the Compton County W.C.T.U. was held in the Sawyerville United Church on Thursday, June 26th. The first session opened with devotion led by the president, Mrs. Robert Scott, of Scottstown.

The provincial president, Mrs. Wilson, of Atholstan, Que., who was in attendance, was introduced and briefly addressed the convention. The committee on resolutions was then named with Mrs. Fred Gilbert, of Bishop's Crossing, as convener.

Rev. E. M. Wilson, pastor of the church, was introduced and spoke words of encouragement.

The scientific temperance report by Mrs. I. A. Cass, after a lengthy discussion was adopted.

Soldiers and militia work was reported by Mrs. Drennan, of Cookshire, instead of Mrs. G. Edwards, who was ill.

The press report by Miss Cairns, of Sawyerville, was adopted.

Lumbermen, miners and soap wavers report, presented by Mrs. Bowman, of Scottstown, was also adopted.

The Y.P.B. report presented by Mr. Lester Joyce, of Bishop's Crossing, called for a good deal of praise and was cordially accepted.

A pleasing feature of the afternoon was the making of two life members of the county: Mrs. Frank Bennett, of Brookbury, and Mrs. John Taylor, of Scottstown. Both ladies were much touched by this act of appreciation of their friends.

Mrs. R. W. Montgomery sang a solo on her usual charming way. This was much liked as it was the old marching song of the society, "All Round the World the Ribbon White Is Twined."

The secretary's report was then read, discussed and adopted. The treasurer's report was also read and accepted.

At four o'clock the children came in and were given a little talk by the provincial president, Mrs. Wilson.

A feeling of sadness prevailed during the convention owing to the news of the tragic death of Mr. J. Seale, of Lennoxville, as the family had been connected with the county work for years. Adjournment was made at 5:30 for supper which was bountifully served by the Ladies' Aid in their tea room.

The evening session was very well attended and opened with the hymn "Faith of Our Fathers," led by the choir. The address of welcome was given by Mrs. (Rev.) E. M. Wilson and replied to by Mrs. Frank Bennett, of Brookbury; Miss Maude McCulloch, of Cookshire, sang very sweetly and Miss Myrtle DesRuisseaux, also of Cookshire, recited. Both these young girls were contestants in the recent educational national campaign.

Mr. Lester Joyce, of Brookbury, another contestant gave selections on the piano.

Miss McLeod, of Cookshire, gave a very fine reading entitled "The Checkboard Window."

The provincial president, Mrs. Wilson gave the address of the evening. Rev. Mr. Pollock, of Bury, was introduced and spoke briefly. The county prizes were then given to the successful students, whose names had been published in the Sherbrooke Record earlier in the year. The following is the list of resolutions recommended by convention.

Resolved that we record our deep sense of the value of the educational work that is being done among our young people by the Dominion wide educational campaign, but we would have fewer questions to be answered, and a longer time given in which to write them, lest the young people lose interest and decline to write them, and so defeat the purpose for which they are sent out.

Resolved that we protest against the granting of a license in any of the municipalities of the county.

Resolved that as the present county tax does not cover expenses that it increased to ten cents per member.

Resolved that the committees on plan of work and resolutions be appointed prior to the county convention so that their reports may be received at its business session.

Resolved the regard the ballot as a sacred privilege, and will use it for the best interests of our cause and country regardless of party politics.

Resolved that we will continue to promote temperance education among the young people.

Resolved that the thanks of this convention be extended to the pastor and official board for the use of this church; to the speakers, organists and singers; to the Ladies' Aid for their bountiful supper and to all who in any way helped to make this convention a success.

Hodge, all of the members of the Institute were dressed in old-fashioned clothes and presented a very marked contrast to the dress of the grandmothers of the present day. The meeting was opened in the usual way with the president, Miss Corey, presiding. The minutes of last meeting, which were adopted and the president then called on the official delegate, Mrs. Frank Corey, who read a very pleasing report of the annual convention at Macdonald College. The roll call was answered by letters which we could remember of the delegates' report, and "A handy kitchen contrivance that our grandmothers did not have." The members then gave an exhibition dance of the Virginia Reel with Mrs. Charles Moore at the piano. A social afternoon was kept up until the tea hour when refreshments were served consisting of a beautiful white three-layer cake tastefully decorated in pink and silver and bearing the inscription, "Greetings from one Generation to Another." This cake was presented by Mrs. E. G. Brown. Noticeable costumes were worn by Mrs. J. J. Moore, Mrs. F. J. Jaraway, Miss Edith Boffin, Mrs. Liddon Nesbitt, Mrs. Percy Rhicard, Mrs. Charles Moore, Mrs. C. M. Montle, Mrs. Frank Corey, Mrs. C. M. Blinn, Miss Corey and Mrs. E. G. Brown. These costumes were given for prizes to the grandmothers having the most grandchildren, who was Mrs. Dora Tree, also one to the youngest grandmother, who was Mrs. E. L. Hodge. A very pleasant afternoon was brought to a close by all joining hands and singing "Auld Lang Syne." These cheers were given for the grandmothers, while Mrs. E. A. Westcott proposed a hearty cheer for the members of the Women's Institute.

The regular meeting of the Willing Workers was held at the home of Mrs. G. G. Bullard on Tuesday afternoon, July 8th, with a very good attendance. The president, Mrs. Stanley Cochrane, presiding. CONSERVATIVES HELD MEETING AT FARNHAM

Large Number of Ladies Present —Dr. Pickel, Candidate, Was Chief Speaker.

FARNHAM, Que., July 16.—A largely attended meeting in the interests of the Conservative party was held here on Wednesday evening, July 9th. This was scheduled for the market-place, but the attendance was so large that it was necessary to adjourn to the Pictou Town Hall, which was crowded to capacity and hundreds were unable to gain admittance.

A very large number of ladies were present, more than have been in attendance at such a meeting for many years, which shows the great interest which they are taking in the affairs of the county. The speakers were the candidate, Dr. Pickel, of Cowansville; Dr. Boulay, of Sutton, and Mr. Laurent Barre, of Montreal, all of whom spoke on the affairs of the country and were listened to attentively throughout.

A meeting of the Ladies' Conservative committee was held at the home of Mrs. Ernest Standish on Thursday evening, July 10th, with a large number of ladies present. A representative from the Conservative committee, Dr. Pickel, explained to those present the methods adopted by the central committee in the campaign work. After some discussion, the ladies appointed their convener and assistants, as well as workers for the different wards, each consisting of a French-Canadian and English-Canadian lady. Electoral lists were distributed to these together with other literature and instructions.

Another meeting is to be held at an early date at which the Conservative candidates, Dr. Pickel, will explain more fully the issues of the campaign.

nesday next instead of meeting with Mrs. Wm. Tait, on account of the illness of Miss Ada Tait.

Mrs. Marcus Doherty and son, of Dunham, were guests of her parents, on Wednesday.

RIVER OF MYSTERY

THE far-famed Saguenay is one of the wonder rivers of the World. Its dark, unfathomed waters seem to embody the mystery of the North. Its stupendous capes which dwarf your ship to toy size, in reality are the heads of gigantic mountains which reach thousands of feet below the keel of your luxurious steamer. Primeval wilderness lies beyond those mighty barriers.

It was the man with a poet's soul who wrote the greatest book for boys and grown-up boys. And it was this author of Tom Sawyer who wrote one of the most beautiful epitaphs and placed it on the tomb of his dead wife:

"Warm summer sun
Shine kindly here,
Warm southern wind,
Blow softly here.

Green sod above,
Lie light, lie light,
Good night, dear heart,
Good night, good night."

FALLACIES OF FIGURES.

Careless handling of figures is ever the fault which leads a municipality into public ownership and operation of supplies to the citizen. A failure to take count of the cost of selling and distribution is the first quagmire of the ill-arithmetical of commerce. Usually the man who makes a failure of his own business is the ardent advocate of public operation, or perhaps he is a man made mad by some grievance, fancied or true.

A German ambassador recently made the astounding assertion that the sale price of electricity to the people was fifteen times the actual cost of production. This was an absurdity. He did not add the cost of distribution, where the real overhead expense begins. This cost absorbs over seventy cents of the consumer's dollars.

Yet the ambassador's foolish figuring was snapped up by a Washington Senator as a reason why the United States Government could establish an electric mint at Muscle Shoals, in the valley of the Mississippi.

Any further expansion of municipal ownership of industry would become impossible once the general public could each and everyone analyze the true meaning of the annual statements presented, if they were but interpreted so that any layman could grasp the details.

Private initiative rules in the United States and the per capita of kilowatt hours produced in that country is 592 as against 159 kilowatt hours per capita in Great Britain, which has the Labor Government's narrow point of view.

Private enterprise under public regulation gives lower rates because it brings higher per capita consumption and twenty-five per cent. more production per workman.

Where electrical development has been marred by a good deal of government and municipal construction and operation the consumption is less, and the cost is greater.

Where free competition prevails the costs to the consumer are always less. In Sherbrooke we pay far more than we should, taking our population into consideration.

Even when we figure an alleged profit of two mills on the dollar to this reduce our general tax, we still pay more taxes, for any surplus over operating expenses is taken from our pockets.

KEEPING A CLEAN RECORD.

Many subscription lists for risky stock certificates are akin to that of the old church verger who was reproved by a visiting minister for abstracting a fifty cent piece from the collection plate. Being called into the vestry and advised that "all is known," the verger replied, "Why, meensier, you don't mean that old half dollar of mine. I've led off with that coin for the last fifteen years."

This "theft" was repeated on the good ship Timbuctoo. Guess who? Right! Cheerio! This week we checked an enquiry for advertising rates from a Montreal man who wanted to advertise some stock which he said he could not sell in that city. "It is not good enough for Sherbrooke," was our response, as we caught the aromatic perfume of it. Every week in the year we have to refuse questionable advertising. Despite our vigilance an occasional rascal creeps in. But not one fielding error in five months gives us a good average in the League.

We wish to be able to say at the end of the year that "It is a clean Record!"

ENERGY WITHOUT LIMITS.

We talk glibly of Canada's natural resources, and we dream golden dreams of their development. But should any group of men combine their savings to turn this natural wealth into dollars and provide work and pay for the unemployed, some petty jealousy is aroused by their success among men who are too small to take a risk.

Canada is possibly the richest country in the world, and there is not any district in the Dominion where that wealth of resources is more evident than in the Eastern Townships. Here our timber resources have been ravished and wasted in an improvident manner, and without conservation or care, but we have other natural resources.

We have in the Eastern Townships abundant electric power, yet the socialist or jealous element have done things to arouse the distrust of investors and of manufacturers, and much of our power lies dormant, whilst those who advocate and conduct public ownership plants have developed them in the wasteful old-fashioned methods akin to our timber waste.

A nation's prosperity and a city's prosperity may be fairly gauged by the amount of electrical current it makes use of. With our unlimited electrical energy we in Quebec should be the cheapest manufacturing country in the civilized world.

The United States has grown in manufacturing chiefly because it uses forty-one per cent.

of all the electric power generated in the world. Canada stands in third place, with Germany in second place, with Canada developing but six per cent. and Germany eleven per cent. of the world's electric power, Great Britain and France are tied for fourth place.

Yet Canada, with its comparatively small population, produces and makes use of more current per capita than any other nation in the world.

It were well that we eliminate as soon as possible the piddlin' little politicians who, fearful and jealous of private initiative, stand in the way of further development of this basis of manufacturing prosperity.

It is our salvation. When some little runt of a chairman will stand on a platform and put a mayoralty candidate under inquisition with an implied threat of opposition lest he sign on the dotted line for the further conduct of the big grafting department of the city, it is time that the citizens gave heed to the loss they incur.

POWER OF A MAYOR, OR ITS LACK.

No blame can be attached to the Mayor of Sherbrooke for the spite attack on the Daily Record through an unjustifiable increase in the business tax, an increase of fifty per cent. in a year when the rental basis of value is less than it was a year ago.

The mayor is merely the presiding officer of the City Council. He has no vote, except a casting vote in the event of a tie vote.

It is an absurdity, of course, for business would be expedited with an odd number. There are ten aldermen, an even number, and obstructors can often arrange a tie should a mayor lack the courage to exercise his prerogative.

The mayor is always the spokesman for the city. He is the public's representative at all times, and preserves the dignity and offers the hospitality and welcome of the city to distinguished strangers.

Laws governing municipal mayors have been amended from time to time, and many changes were made to prevent mayors of the Mederic Martin type from doing damage to the municipality by demagogic outbursts.

But a strong mayor, who has force and conviction, can be boss of his Council, particularly where there are men of mediocrity to govern.

EDITOR'S NOTE BOOK.

Canada, the Land of Opportunity—
Sherbrooke, the City of great Possibilities.

Much disappointment has been voiced by our subscribers at the failure to broadcast the speech of the Hon. R. B. Bennett, delivered in the 54th Armory in Sherbrooke. We are not in the confidence of the local committee and have not the itinerary of either Conservative or Liberal meetings to be held, and cannot therefore give the reason why one of the best speeches of the campaign failed to go on the air.

It is rumored that Ellis, the hangman, is about to resign his position. We have in view a capable alderman who can look the part, and he could well be spared. He just loves the dungeons of darkness.

Every woman who is twenty-one years of age, or over, has a right to vote at the Federal elections, and if her name be left off the list the enumerators have failed in their duty. An incompetent enumerator can be ejected for further service in future elections.

After he came home from Miquelon and had deposited his hen in the hencoop Alderman J. K. Edwards marched down to the City Hall, removed the comfortable chairs from the press table and replaced them with kitchen chairs. A truly gentlemanly retort. Eh, What! Mr. Edwards may as well resign now. He's through. As are any other aldermen who may develop an attack of petty spite.

The credit of our sister city of Granby stands high, possibly owing to the sturdy upholding of our editor friend, George Legge. A. E. Ames & Co., the well-known bankers and brokers propose to sell Granby five per cent. serial bonds, maturing May 1st, 1931, to May 1st, 1960, at par value, yielding five per cent. to the investor. Seven of the leading bond houses in Canada submitted tenders for the total issue of \$250,000, and there was only the difference of a few cents between the highest and the lowest tender.

FRONT WINDOW MUSINGS

Hard times have advantages. Nobody in Montreal takes you six miles in the country to show you a city lot.

The farmer now has sprays to discourage all pests that prey on vegetables. The one for tourists is composed of bird shot.

If you will work hard until you reach the top, you need to work only twice as hard thereafter in order to stay there.

And now many a graduate hunting a job will learn that a sheepskin suit is as useful as cowhide.

PRESS COMMENT

EDITORS ARE HUMAN.

When a doubtful situation arises in a town it is quite the fashion to remark that "the paper ought to do something about that." The average citizen feels quite certain he could run a newspaper better than the editor does, and if he were publisher of that sheet he'd show 'em, you bet. As a matter of fact, if he has horse sense he would do just as the editor does—put the soft pedal on family rows, church squabbles, scandals not involving principles, and such matters of minor importance as will adjust themselves with the passing of time. The newspaper critic ought not to expect a newspaper to advance or attack any proposition which he himself hasn't the courage to support or assail over his own signature. The editor is willing—even eager—to push any project in the public interest. But he is not willing to put chestnuts out of the fire for individuals or for minorities.—Hanover Post.

LETTERS TO THE EDITOR

FOREIGN COAL

Some citizens of Lennoxville are buying Russian coal.

Mr. Bennett's speech broadcast from Quebec was listened to with intense interest. I waited in vain to find out whether the Conservative policy could promise to make available immediately—not in a dim future—any of our wonderful resources.

We have coal in Alberta, in the lower provinces and in other parts of Canada. Why could not our Government immediately subsidize the needed transportation, making it possible for Canadians to use our own coal, and keep out the U.S. and Russian importation?

We need not interfere with the British coal and Canadian wheat reciprocity and might even benefit a practical trade arrangement for the important wheat interests of the finest body of men in our Dominion—brotherhood—the farmers.

Yours truly,
B. A.

MARRIAGES

EASTMAN—CHRISTIE

GLEN SUTTON, Que., July 16.—A quiet wedding took place at the residence of Rev. Norman H. Brook, Glen Sutton, on June 29th, when Mrs. Bertha Christie, formerly of Montreal, was united in marriage to Mr. William R. Eastman, a highly respected resident of this place.

HOWIE—BOOTH

MONTREAL, Que., July 16.—The marriage of Rena Evelyn, only daughter of Mr. and Mrs. M. E. Booth, of Montreal, to Mr. Donald D. Howie, son of Mr. and Mrs. John Howie, of Montreal, took place on Saturday afternoon, July 12th, at the residence of Mr. and Mrs. J. M. Shore, the Church was effectively decorated with pink and white pennants.

The bride, given in marriage by her father, wore a gown of pink satin, with a long skirt and a high collar of dotted net, and carried an arm bouquet of pink roses. Her mother hat and crepe slippers were also of pink. The groom was attended by Mr. Jack Loudon.

The wedding reception will be held on Saturday, July 13th, on the return of the bride and groom, at the home of the bride's parents, 3566 Prudhomme Avenue, N.D.G.

Mr. and Mrs. Howie left immediately after the ceremony by motor for the scene of the bride travelling in a dahlia georgette dress and a black coat and hat.

BENNETT—AMADON

MAPLE GROVE, Que., July 16. Holy Trinity Church, Maple Grove, was the scene of a very pretty wedding, on Wednesday, June 25th, at two o'clock p.m., the contracting parties being Mr. Hubert Ernest Bennett, son of the late Mr. and Mrs. Levi Bennett, of Maple Grove, and Miss Martha Julia Amadon, daughter of Mr. and Mrs. James Amadon, of Cranberry, N.B.

Both bride and bridegroom were unattended and entered the Church to the strains of Lohengrin's Bridal Chorus.

The bride looked most charming in a long finely embroidered white gown of French georgette with white picture hat and chic white kid slippers. She carried a beautiful bouquet of white peonies, tied with wide white ribbon.

The Rev. H. W. Parry, rector of the parish, tied the nuptial knot. After the signing of the register, the young couple proceeded down the aisle to the joyful melody of Mendelssohn's Wedding March, Mrs. Parry presiding at the organ.

The happy couple left immediately after the ceremony for the New England States, where they spent their honeymoon visiting relatives and friends.

Upon their return, Mr. and Mrs. Bennett will reside at Maple Grove, Que.

MCLEAN—PRESBY

VANCOUVER, B.C., July 16.—Crosby United Church was the scene of a pretty wedding on the evening of June 21, Rev. Gordon Dickie officiating, when Phyllis Helena, only daughter of Mr. and Mrs. G. E. Presby, 1445 West Eleventh, became the bride of Mr. Alexander McLean, son of Mr. and Mrs. Angus McLean of this city. The wedding music was played by Mr. Stanley Bligh.

Given in marriage by her father, the bride wore an attractive gown of white tulle and carried a bouquet of Ophelia roses and sweet peas. Miss Graeme McMaster was the bride's only attendant, wearing

FORMATION OF NEW COMPANY IS ANNOUNCED

Chile Nitrate Company Represents a Consolidation of Virtually Entire Chilean Nitrate Industry.

NEW YORK, July 16.—Details of the formation of the \$375,000,000 Chile Nitrate Company, representing a consolidation of virtually the entire Chilean nitrate industry, were announced in a statement authorized by Pablo Ramirez, Paris representative of the Government of Chile.

The Chilean Congress has eliminated, in favor of the new company, the export tax on nitrate and iodine and is receiving in return half of the stock of the corporation and guaranteed minimum returns for the next three years, amounting in 1931 to \$2,500,000, in 1932 to \$20,000,000 and in 1933 to \$17,500,000.

Thereafter the government will rely on the dividends of its stock and a six per cent income tax to compensate for the loss of revenue resulting from elimination of the tax.

YOUNG COUPLE ARE LIVING IN MODEST WAY IN SPITE OF YOUNG WIFE'S FORTUNE

Former Newsboy, Who Married Heiress to Vast Fortune, Is Seeking Employment in Logansport, Ind.

LOGANSPORT, Ind., July 16.—Alfred Cecil Durban, twenty-three, former newsboy in England, and his bride of three months, the former Vivienne Huntington, daughter of Charles Pratt Huntington, British army officer, have taken up modest living quarters here. Durban is seeking employment, he said. Durban said he and his bride came here four days ago. They came from Toronto, Ont., where he had been learning the electrical trade. They left Toronto, he said, because stories circulated that his wife was heiress to the Huntington millions had made him the laughing-stock of the factory where he had been working. Durban said that despite the stories circulated about the vast wealth of his wife, their resources were such that he found it necessary to seek employment. They engaged furnished rooms in a one-story frame dwelling. Their baggage when they arrived consisted of five suit cases of clothing.

This view was supported by Lord Mockett, the great industrialist, who doubted whether the miners' representatives who opposed the spread-over really represented the views of their following. They should, at least, be willing to try it for eight months.

PURCHASE OF RADIUM

ALBANY, N.Y., July 16.—New York State has just signed a contract for the purchase of 5,735 milligrams of radium and accessory equipment to be used in fighting cancer. It has been announced by Dr. Thomas Parran, Jr., state health commissioner. The new purchase will give the state the largest single supply in the world. The radium with the equipment will cost \$291,000.

a flowered mullin gown and a large hat of pink mohair turned off the face, and carried a bouquet of pink and mauve sweet peas. Mr. John McLean supported the groom, and during the signing of the register Mr. William Allen sang "Love's Coronation."

After the wedding a reception was held at Killarney, where roses in various shades were used as decoration in the spacious rooms. The bride and groom received their guests under a canopy of white flowers topped with a wedding bell, and were assisted by the mother of the bride, who wore a broche lace gown with a jacquette and a large broche and eggshell hat, and the mother of the groom, who was dressed in navy blue flat crepe with hat to match.

The bride's table was centered with tapers in silver sconces, and pink and white streamers matched the roses used in decoration. Mrs. Walter Peake was in charge of the tea room, where over one hundred and fifty guests were served, and were assisted by the mother of the bride, who wore a broche lace gown with a jacquette and a large broche and eggshell hat, and the mother of the groom, who was dressed in navy blue flat crepe with hat to match.

The bride and groom left later for a honeymoon to be spent on Vancouver Island, and on their return will take up residence in this city.

NEW REGULATIONS ADOPTED REGARDING BULL FIGHTING

Set of Rules Enacted Which Will Be Strictly Enforced in Connection With Spain's National Pastime.

MADRID, July 16.—Bulls, bull fighters, and bull ring fans in Spain have had their rights and their duties sharply defined by the enactment of new regulations covering the national pastime.

Bulls are to have the right to enjoy at least four years of life before being thrown to the ring to face the sword of the matadors as the regulations set an age limit of between four and seven years, bulls that have reached a ripe age will only be used for beef steaks, or to plough fields.

All rings must have emergency hospitals, in insure immediate treatment for "toradores" that establish close acquaintance with bulls' horns.

The spectators, for their part, are forbidden, under penalty of heavy fines, to create disturbances at the ring. In the past it had been customary to express dissatisfaction with bulls or bull fighters by throwing chairs, oranges, carrots and onions.

Towns where public instruction is not up to scratch will not be permitted to hold bull fights. Municipal authorities will be required to prove that schoolmasters are being regularly paid and that all school needs are properly filled before they can issue permits for the fights.

FORMER LIBERAL BECOMES FOLLOWER OF LABOR PARTY

Former Liberal Member for Inverness and Western Isles in British House of Commons Informs Ramsay MacDonald of His Intention of Joining His Party.

LONDON, July 16.—Mackenzie Livingstone, who was Liberal member of the House of Commons for Inverness and the Western Isles from 1922 to 1929, has joined the Labor party. "For some time I have found it difficult to remain outside the ranks of your party," Mr. Livingstone has written to Prime Minister Ramsay MacDonald, "and I have decided to remain outside no longer. In my judgement the time has arrived when those Liberals who think as I do ought to become active members of the only effective political party striving to provide those conditions of life which the enlightened and progressive people of our country desire."

COURT SETTLES HUSBAND

KEMPVILLE, Ont., July 16.—Charged with breaking his wife's nose, blackening both her eyes and inflicting scalp wounds necessitating two stitches, Ernest Jannack, thirty-four, was sentenced to one year definite and eighteen months indeterminate in Ontario Reformatory and ten lashes by Magistrate Atkinson.

It was alleged Jannack inflicted the injuries when his wife refused to prepare a meal because a visit to the dentist had left her indisposed.

TRIES TO COLLECT TAXES FROM RUDYARD KIPLING

NEW YORK, July 16.—Uncle Sam wants Rudyard Kipling to pay \$2,104.50 in income taxes due for 1924. It has become known. A lien was filed in federal court in Brooklyn by Walter E. Corwin, internal revenue collector from the Eastern New York district, alleging that the taxes are due on the British writer's income and giving his address as Garden City, Long Island, the office of his publishers.

Arthur Arnold Says He Is Giving
a Real Necktie Party This
Week.

With 700 too many silk neckties in his store, Arthur Arnold says that this week he will hold a real Necktie Party, just to strengthen the ties that bind his customers to the quality shop.

"I will sell these 700 silk neckties at these prices," said Mr. Arnold, as he handed in his list:

250 \$1 neckties at 2 for \$1.45.
250 \$1.50 neckties of superlative quality at 2 for \$1.95.
200 imported silk neckties from the best looms, rare quality, regular \$2 each, at 2 for \$2.45.

Which comes to the pinch of selling something for 'not nothing,' is the way Arnold's chief clerk summed it up.

TWO FINED IN RECORDER'S COURT

Francois Henri appeared before the Recorder this morning, and was fined three dollars and costs or three days in jail, for having been intoxicated last night at the C. N. R. station. Irene Rodrigue, of this city, was fined thirty dollars and costs or thirty days in jail, when she pleaded guilty to a charge of vagrancy.

GIRL BROKE ARM

Miss Regine Charest, of this city, was conveyed to the St. Vincent de Paul Hospital yesterday afternoon, suffering from a broken forearm, which she sustained when she fell down the stairs leaving her home. Her condition is not regarded as serious, and the patient later yesterday was allowed to return to her home.

MR. BENTLEY DIED SUDDENLY

Mr. William Bentley, of this city, died of what was apparently heart failure late yesterday afternoon, while at his work. Dr. George Hume and Lord's ambulance were called to the scene, but Mr. Bentley was past recovery. He was in his eightieth year, and employed by the Hall Machinery Company, Limited. His death occurred while he was at work in the old Jenckes Machine Shop.

The service will be held at Lord's Funeral Home tonight, at eight o'clock, with Rev. Dr. Manning officiating. Tomorrow morning, the interment will take place at Bishop's Crossing, at eleven o'clock standard time.

ELECTION NIGHT

On Monday evening, July 22nd, at seven o'clock, we will present election bulletins thrown across the street from the editorial rooms of the Record to the front of the Teco Store.

Another election show will be given by our contemporary, the Tribune, in the Sherbrooke Arena at the exhibition grounds, to which place every citizen is invited. It will be a refuge in the event of rain.

At eleven o'clock at night a special edition of the Record will be issued, showing all reports received up to that hour.

Because of the late hour the newsboys will ask and receive five cents a copy for this midnight edition, though they will pay the usual price at the office. It will be an opportunity for the little chaps to make a silver collection.

The edition will contain also a full page showing the candidates in every riding.

It is hoped that even though they be three hours behind eastern time, there will be returns from as far west as British Columbia, possibly sufficient to give an indication of how the election will blow.

On Tuesday morning at 11 o'clock another special edition, giving com-

REPORTERS PAY THEIR RESPECTS TO "DARKIES"

City Hall Reporter Editorially
Presents His Views of the Two
Cellar Workers.

KENNY FLAHERTY.
Alderman Langis is having his own troubles at the City Hall these days, trying to keep the representatives of the press from following his doings.

In his efforts he is being ably assisted by Alderman Ludger Forest who is also very much given to working in the side ways and by ways but even these two are not able to bring about exactly the situation which they would like to see existing.

Alderman Langis' latest move is to keep the newspapermen out of the places recently allotted to them. He has recently passed a resolution giving the representatives of the local press places at an uncounseled table in the Centre of the Council Chamber where it was convenient for them to follow the proceedings and discussions relating to the yet not in the least in any way. They were within reach of the City Clerk for copying documents.

Before the last meeting of the Council Alderman Langis made the rounds and tried to find out just exactly how a proposition which he had in mind would work out.

He proposed to introduce a motion that the reporters be told to find places for themselves some other place than in the midst of the aldermen.

With this motive in mind he consulted the different aldermen but found that his idea was not altogether favorable, so the motion was not forthcoming. There is a rumor, however, that he is going to try his luck again next week when the Council meets.

It is jokingly said in municipal circles that much of the appeal and fascination of committee meetings has been lost, so far as Alderman Langis is concerned. He has now to keep one eye on the "closed" door of the committee room, always fearful that the press might be listening to what he is saying or trying to do. He is regarded as one of the chief supporters of private committee meetings, although he has tried not to make his movements too conspicuous. He would like to see the pressmen about one hundred miles from the City Hall, but he does not wish the citizens to know it.

Alderman Langis is assured of the co-operation of Dr. Forest in this movement. But there are other members of the City Council gifted with more sane judgment and who are more interested with the serious affairs of the city. They have not the time nor the desire to take up their time with matters such as interest the Chairmen of the Road and the Finance committees, but are quite willing that the citizens should know what is taking place within the precincts of that strange and mysterious edifice, Sherbrooke's City Hall.

The reporters intend to keep the two aldermen tied out in the open daylight, so that they can at least do no harm.

DIED AFTER IMMERSION

QUEBEC, July 16.—Alice Bouchard, seventeen-year-old daughter of Phileas Bouchard, lost her life yesterday afternoon when she fell from a canoe into the waters of Lake St. Joseph, a summer resort situated a few miles from this city.

The accident happened when the young girl rose to change places with a cousin who was in the canoe with her and lost her balance.

The body was recovered after a search of approximately half an hour, and as it was found that life was not yet extinct, desperate efforts were made to revive the girl. They proved useless, however, and she died two hours later, without having regained consciousness.

SHERBROOKE ATHLETIC ASSOCIATION TO HOLD MEETING

An important meeting of the Sherbrooke Athletic Association is to be held on Friday evening in the Y. M. C. A., at eight o'clock. ROTARY CLUB ADDRESSED BY MR. W. P. McVIE

Secretary of Local Y. M. C. A.
Selected Central Africa as
Background for His Address.

Members of the Rotary Club listened to an interesting address on Central Africa, which was delivered at the club's weekly luncheon yesterday, by Mr. W. P. McVie, secretary of the Sherbrooke Y.M.C.A.

The address dealt with the many diseases which prevail in Africa today, as they prevailed in the country when speaker visited that country. He also spoke on the causes, cures and results of sleeping sickness, a malady that is very common and dangerous in the Dark Continent.

Before the coming of the white trader to Africa, Mr. McVie said, the amount of sleeping sickness was not so great; but the foreigner brought with him sin and disease that dried up the nerve cells and weakened the constitution of the native, until he was an easy prey to sleeping sickness and its frightful agony and results. He explained the chief way by which sleeping sickness was caught, and enumerated the methods of treating the disease at its various stages.

"You may divide sleeping sickness into three parts," said Mr. McVie, "signs of having reached the first stage are high fever, together with a feeling of deplorable depression. At the second stage, the microcosm has passed into the grey matter of the spine and begun its terrible work; the final and third stage is when the microcosm touches the brain." At the first stage of the sickness, a dose of mixed salt and arsenic is injected in the thigh joint of the patient, supposed to cause a reaction that will successfully halt the progress of the disease. When this has failed, other means of treatment are applied, and when these also fail, the victim passes into the long, peaceful sleep, that brings an end to all his excruciating pain and suffering, and that sometimes lasts forever.

Because of the follies of the white trader, his sins and his negligence, sleeping sickness is today prominent among the natives of Central Africa, Mr. McVie said, adding, "It is, therefore, the duty of the white man to offer to extend help in their directions, and send great medical experts and missionaries to conquer and sympathize with those suffering people."

A vote of thanks was moved by Rotarian D. J. Salls, who, on the part of the Rotarians, thanked the speaker for the talk he had given them. Vice-President Barrett again stressed the fact that next Tuesday would see the District Governor present and that all Rotarians should be there to greet him.

CONSERVATIVES HELD RALLY AT HUNTINGVILLE

Meeting Last Evening Addressed
by Mr. Harold Lynch, Conser-
vative Candidate, and Other
Supporters.

W. Harold Lynch was invited to address a meeting of his friends and supporters in the school house at Huntingville, last night, and was greeted with enthusiasm by the residents along the Huntingville and Milby highway.

Nearly all the stalwarts were there to welcome Mr. Lynch, including many of the young men. Yet the absence was noted of that fine old octogenarian, William Mitchell, who had somewhat exhausted his energy in a visit to the Bennett meeting the evening before. Edgar, Orr, of Milby, the chairman of the Ascot organization, was in the chair.

Col. E. B. Worthington, was the first speaker, and delivered an earnest appeal to every voter to exercise his franchise in the belief that Sherbrooke City and County needed but the vote of everyone who had expressed themselves as going to vote for Mr. Lynch to place him well at the head of the poll.

Mr. Harold Lynch impressed upon his hearers in convincing language the need for the call to Mr. Bennett with his courageous policy of trade development for Canada First. He reviewed the present position of Canada, brought about by passivity and delay, and emphasized the policies laid down by his leader as the way out for Canada and the Canadians in the development of their own rich resources.

Charles Mignault, K.C., in eloquent manner, re-echoed the demand for a change and produced figures

to show that within the past six years the Liberal Government had extracted from the taxpayers some hundred million dollars more than the taxes collected by the Conservative Government in the six years of their regime.

"Instead of a debt reduction of \$297,000,000," he said, the amount should have been \$800,000,000. "What has become of the missing \$608,000,000?" he asked.

Firmin Campbell, another Sherbrooke resident, recited the good things that would happen under the Conservative policy as outlined and promised by the Hon. Richard Bennett.

The meeting concluded with three cheers and a tiger for Mr. Lynch, and the singing of the National Anthem, led by the ladies.

LAIDLAW'S LETTER

NEW YORK, July 16.—Laidlaw and Company says: The scope of the current recovery was further extended in Tuesday's market, which carried the general averages into new high ground. There was no marked change in business news to account for the general strength, but the prevalence of a more reassuring sentiment in the street was noticeable. Rather heavy profit-taking in the late afternoon caused a sharp recession, but at the close of the market a substantial rally was in progress. Copper was heavy on rumors of a further price reduction in the metal. Commodities ruled higher with unfavorable for six months ended June 30th.

DOW JONES FINANCIAL NEWS SUMMARY

Electric Storage Battery declared regular quarterly dividends of \$1.25 each on common and preferred.

Western Electric Company sales

\$201,620,000 against \$194,694,000 in like 1929 period, an increase of 3.5 per cent 792,141 cars decrease of 119,002 from like 1929 week and 58,806 below like 1928 week.

Gasoline in storage declined 1,240,000 barrels, for week ended July 12th to 47,992,800 barrels, crude runs, the stills averaged 2,511,000 barrels daily, increase of 32,700 barrels, crude oil production averaged 2,530,800 barrels which was 360,900 barrels less than year ago.

Tuesday's range of average price of thirty industrial, high 237.19, low 231.73, last 233.79, off .42. Twenty rails, high 134.98, low 133.71, last 134.18 off .33.

CONSTRUCTIVE LEADERSHIP

NEW YORK, July 16.—The New York Advisory Service says: The

outstanding feature of the current market is that it is being accorded the highest possible type of constructive leadership. This does not mean that the market is going to

run away on the upside, but that it has good reasons for believing that the present campaign calls for the establishment of higher prices, with the market being permitted to adjust itself as it travels along.

Thus, the easier tone noted in the afternoon, following yesterday's actual accomplishment of a double purpose. It took care of absorption of profit-taking and speculative selling, the latter representing short sales by those who tried their hand at at-tempting to bring about a Tuesday

reaction and, at the same time, gave stocks an opportunity to re-solidate their recent gains. All of this is decidedly helpful in main-taining a satisfactory technical con-dition. Car loading reports now coming to hand for the week ended July 12th, compare very favorably with the same week last year.

Moreover, many of the second quarter reports which are currently being released are of a much more satisfactory nature than had been expected. We feel that the cur-rent campaign of pepping up the market was only undertaken after mature consideration of the part of market leaders and import-ant financial interests. It represents something more fundamental than a mere rally of an over-sold market. We accordingly advise the retention of a constructive trading position and would use minimum dips for picking up our favorite stocks.

Tuesday's bulge in American Telephone and Telegraph leads us to believe that similar moves will be undertaken in important key stocks, of which Consolidated Gas is one of the most conspicuous. This issue as still being in a good buying range.

American International has not responded as well as it might to the general market improvement. The middle thirties appear to offer a good buying spot.

Vanadium, which up about twenty-five points since recommended from its recent low. Present huge volume and churning about of this stock might indicate distribution, and would accordingly be inclined to accept profits in this issue for the time being.

Continue to favor the motors at current levels particularly Auburn, General Motors, Hudson and Nash.

NO POOLS OPERATING AT

MONTREAL, July 16.—The Montreal Financial Service says to-day: The local market is today devoid of pool and professional operations at the moment and no artificial methods are employed to raise or depress prices. Price fluctuations are according to buying and selling, with the market influenced somewhat by day to day actions in New York. No attempts are made to support the popular lead-ers. The level at which a number of the best Canadian securities are selling today holds enough attraction to bring sufficient new buying into the market to absorb any liquidation and a decline in price or more uncovers scale down buy-ing that acts as a cushion and tends to steady the list when weakness appears. There are a few amateur shorts but professional attacks that have been successful in depressing prices on Wall Street are absent, and a large portion of liquidation is by tired holders whose patience has been tried from staying long of a market that has held no en-couragement for the bulls.

National Breweries was in better demand yesterday, advancing three quarters of a point to 31. A study of stock movements over an extended period of time, recently made by Jones Heward and Company, re-veals distinct seasonal variations in the long time trend, this study showed that the common stock of National Breweries has shown the widest seasonal variation of any Canadian stock and that it has often proved profitable to buy Na-tional Breweries in June and to sell this security in October.

Accompanying dividend cheques mailed to preferred shareholders of McColl-Frontenac in letter to-day by Mr. Irwin which says in part, "You will be interested to know that your sales of gasoline and oil still continue to show handsome increases and that your refinery and marine operations are being carried on with very gratifying re-sults."

It is interesting to note that there are now 204 Red Indian service stations throughout Canada.

SEVERAL GOOD BUYS ON

NEW YORK

NEW YORK, July 16.—The Wall Street Mirror says: As was to be expected, signs of profit-taking developed in the Tuesday market. However, it is now practically the unanimous opinion that the market has reversed its trend and that, subject to normal reactions, it will continue to climb. There certainly has been a change of sentiment and it will take more than an ordinary selling movement to alter this sentiment. The low point of the year in the industrial averages was made on June 24th, when they hit 211.84. The rally since that time has carried prices for industrials forward more than twenty-two points. A normal reaction could easily drop the averages half the distance covered on the rally. It is hoped in banking circles that stocks will not proceed upward in a manner that would again bring

Country and Dairy

Produce Prices

BUTTER—The butter market at Montreal opened the week with upward trend of last week still in evidence. Wholesale levels were an-other 1-4¢ higher at 28¢ for East-ern Townships No. 1 pasteurized, and even at the higher levels, dealers appeared to be none too anx-ious to dispose of stocks. Jobbing houses advanced their quotations to retailers 1¢ per lb. to 30¢ for solids and 31¢ for prints.

CHEESE—The cheese market exhibited a slightly firmer trend al-though it was a quiet day. Dealers were asking around 16-12¢ per lb. for Ontario cheese. Quebec cheese levels will be determined to-day, when weekly settlements are made, and the auction sales are held at the Board of Trade.

EGGS—The egg market was un-changed. Receipts, 2,267 boxes; week-ago, 2,252 cases; year ago, 3,148 cases. Quotations to retailers fol-low:

Special brands 38¢ per doz.
Fresh extras 36¢ per doz.
Fresh firsts 32¢ per doz.
Fresh seconds 29¢ per doz.

POTATOES—New imported po-tatoes were 50¢ cheaper at \$5.00 per 100 lb. bbls. while new local potatoes were unchanged at \$2.25 per 80-lb. bags, and old potatoes were \$2.00 per 80 lbs. in bulk.

POULTRY—No changes were made in poultry. Following are poultry quotations to retailers per lb. to "A" grade "Standard" being 2¢ to 3¢ higher and "B" grade being 8¢ per lb. lower:

Squab broilers 31-33¢
Selected broilers 30-32¢
Selected chickens 27-34¢
Milked chickens 41-42¢
Selected fowls 24-32¢
Domestic ducklings 25¢
Selected ducks 23¢
Selected goslings 22¢
Selected turkeys 36-42¢

They too far ahead of coming im-provement in general business. The consensus of opinion is that buy-ing orders should be placed about half way between the lows and the top of the rally.

It is not to be believed that good profits will be made in the three issues mentioned here on Tuesday, Vanadium, Houston Oil and Foster-Wheeler. Vanadium ran into a block of stock at 97, meeting its first serious point of resistance. Houston Oil, which had been bought 97 easily. Buying orders should be placed in Houston around the sev-enty-eight level. One of the stocks that is being urged in certain quar-ters as a purchase on the dips is Paramount Publix. This issue pays a dividend of \$4 and should con-tinue to pay it.

Motors and motor accessories have rallied along with the rest of the market, but their good sea-son is behind them and they will have to wait for another six or eight months before any speeding up of their business will be seen. Other groups will move ahead faster than the motors.

BROKERS' OPINIONS

Hornblower and Weeks—We feel that the present movement is funda-mentally a rally in nature and that investment purchases should be de-layed until the next real buying op-portunity since the appearance of general strength lively fluctuations and spectacular advances in the case of specialties, are hardly signs of a real bull market.

E. F. Hatton and Co.—We think we see the base for a better mar-ket over the next few months. On the way down it will be recalled that we had practically no rallies and it is quite possible to imagine this market making up for this de-ficiency by having few reactions on the way back.

TRADING FORECAST AND FACTORS

It is expected that leading stocks will be marked higher before to-day's close.

LOWER PRICES FEATURED NEW YORK MARKET TODAY

NEW YORK, July 16.—The stock market opened generally lower to-day. American Telephone, yester-day's leader, sold off 1 1/2. Standard Oil of New Jersey and American

lost a full point each. U. S. Steel dipped 1/4 and there were minor fractional declines in National Cash Register, Radio and Atchison, Studebaker, Kennecott and Chrysler made small advances.

HEAVY HITTING FEATURES PLAY IN BIG LEAGUES

Brooklyn Robins Keep Leadership With 5 to 0 Victory Over Pittsburgh — Washington Defeats Detroit by 3 to 0.

NEW YORK, July 16.—In these days of terrific clouting, there has been a tendency among the fans to think that pitching has become a relatively unimportant factor in winning ball games. The records of some of the major league clubs, however, go a long way toward disproving this belief.

The hitting can be checked, as several pitchers have shown on various occasions, and the teams with the good hurling to lend aid to their batters are the ones that are making progress pennantward. The Brooklyn Robins, whose moundmen have played important parts in keeping them at the head of the National League, produced the season's best example of what a pitcher can do yesterday when Watson Clark pitched a one-hit game against the Pittsburgh Pirates to gain a 5 to 0 victory.

Clark's hurling performance missed perfection by a very slim margin. Pie Traynor touched him for a single in the second inning and promptly was thrown out attempting to steal. A little later England got Pittsburgh's only walk. Only once before this year has a team failed to make more than one hit in a game. Bob Grove of the Athletics limited Detroit to a single blow in a five inning affair, July 1st.

As a contrast to Brooklyn there are the Phillies, the leading hitting club of the National League, who are down at the bottom of the standing because their rivals hit just as hard against them. The Phillies were on the short end of a seven to six score against the St. Louis Cardinals yesterday to take their twentieth beating in their last twenty-five games. They used three hurlers ineffectively while Burleigh Grimes went the route for the Cards. Chicago and Boston played a similar game, the Cubs winning five to three as young Bob Osborn outlasted three Brave pitchers, although each team made nine hits.

Cincinnati and New York did not give the throwers a chance in their slugfest match, which went to the Reds by a fourteen to eight count. The winners made fifteen hits off four pitchers while Larry Benton finally had to rescue Ray Kulp as the Giants started hitting home runs late in the game.

The pro and anti-pitching contrast in the American League comes

principally from Washington and St. Louis. The Senators have won fame as well as a high place through the ability of their hurlers to last the full distance. They have suffered a bit since starting west, losing a series to Detroit, but Fred Marberry got them back into their stride yesterday, holding the Tigers to five hits to win, three to nothing.

The St. Louis Browns, weak both in hitting and pitching, have a record almost as bad as that of the Phillies, although they are keeping out of the league cellar by a few points.

The Athletics made it twenty defeats in twenty-seven games for them as Walberg and Rommel bested Blueholzer and Stiles eleven to six in an odd game. Walberg did not yield a hit but wildness drove him out in the third inning and Rommel continued the hitless performance until the ninth inning when the Browns made all of their four blows.

Herb Pennock continued his unique pitching record, yesterday leading the Yankees to a nine to five victory over the Chicago White Sox. He gave fourteen hits but no walks.

Making fourteen games and 92 2-3 innings this season with only six passes, the humble Boston Red Sox did some real hitting in the remaining game, making sixteen blows for a 13 to 4 decision over Cleveland.

CONNY SMYTHE RE-ELECTED COACH
TORONTO, Ont., July 16.—Despite rumors last season Toronto Maple Leafs of the National Hockey League would have a new coach at the helm next winter, Conny Smythe, who has been managing director and coach during the last few years, was re-elected to that position for a two year term at yesterday's annual meeting of the club shareholders.
W. A. H. McBrien was chosen president, succeeding E. W. Bickie. The directorate was re-elected.

RAILROADERS IN FINALS OF CHARITY CUP

Quebec Central Nosed Out Sherbrooke United by Count of Two to One in Charity Cup Semi-Final Last Evening.

As the result of their two to one victory over Sherbrooke United at the Parade Grounds last evening, the Quebec Central football squad will meet Magog shortly in the finals for the Sherbrooke Hospital Charity Cup.

The United showed considerable improvement last night over their form earlier in the season, giving the champion railroaders one of the hardest fights they have experienced this season.

United opened the scoring early in the first half, only to have the Quebec Central even matters shortly after, while the railroaders had forged into the lead before the stanza finished. The second period proved scores, the stellar work of Anderson and Stoyles in the nets stopping many well placed shots. The game was well handled by Mr. Ed. Croft.

The teams lined up as follows: Sherbrooke United — Anderson, Duffy, Nickle, C. Taylor, Harper, Miller, Gardner, Hatch, Taylor, Murray and Foley.
Quebec Central—Stoyles, Pearce, Loach, Twyman, Joiner, Adair, H. Grimes, Hammond, B. Grimes, McNally and Pentland.

SEVERAL GAMES PLAYED IN CITY TOURNAMENT

Interesting Tennis Witnessed in Preliminary Rounds of Men's and Ladies' Singles—Only One Upset as Seeded Players Advance.

Several matches in the first rounds of the ladies' and men's singles in the fifth annual city tennis tournament were run off last evening and the interest shown by players and spectators alike augurs well for the progress this popular summer game has made in the city.

Four men's singles were played the three sets before the winner was declared but perhaps only one unforeseen upset occurred when Doug Gordon took the measure of A. W. Reid by the scores of 6-4, 7-9, 6-2. The match, which was hard fought, was played on the courts of the Y. M. C. A. courts, was hard fought throughout. Reid after losing the first set rallied to take the second set but was unable to cope with the drives of his more youthful opponent in the deciding set. L. Audet defeated M. Soles in another hard fought set, Audet forcing the first set at deuce, Audet forced his opponent to lose the remaining sets at 6-3 and 7-5. The longest match of the evening, which went thirty-six games, was won by E. Simouneau over L. Gagne. The final score was 8-10, 6-3, and 6-4 indicating the small difference there was between the two contestants. The other match to go the limit was won by L. Choquette who conquered O. Stenson by the scores of 2-6, 8-6 and 6-4.

Last year's champion, Dick Rouleau, experienced little difficulty in disposing of N. Skinner, only dropping two games. Other seeded players won their preliminary matches without being extended but indications are that some hard fought struggle will feature the next round.

In the ladies' singles, some very interesting tennis was witnessed. Miss C. Adams, present City champion, defeated Miss M. Lepage by 6-0, 6-2 but her doubles partner, Miss E. Salls, experienced great difficulty in disposing of Miss A. Coderre, 6-3, 7-5. R. Gagne defeated N. Skinner, 6-2, 6-0; D. Gordon defeated A. W. Reid, 6-4, 7-9, 6-2; A. Workman defeated R. Smith, 6-3, 6-3; R. Langis defeated G. Labrecque, 6-1, 6-0; G. Bertrand defeated S. Walker, 6-1, 6-1; E. Hall defeated J. Karsh, 6-3, 6-2; C. Grogan defeated P. Biron, 6-2, 6-2; E. Gagne defeated L. Goyette, 8-10, 6-2, 6-4; A. Ledoux defeated L. Gagne, 6-2, 6-3; L. Choquette defeated O. Stenson 2-6, 8-6, 6-2; R. Gagne defeated R. Labrecque, 6-4, 7-5; S. Read defeated M. Parsons, 6-2, 6-3.

Ladies' Singles, Miss E. Salls defeated Miss A. Coderre, 2-6, 6-0, 6-4; Miss C. Adams defeated Miss M. Lepage, 6-0, 6-2.
The games to be played tomorrow evening are as follows:
Y. M. C. A. Upper Court at 5:30, Miss E. Salls and E. Hall vs. Miss M. Forest and R. Labrecque. At 6:30, winners of G. Goyette and L. Desève vs. P. Biron and C. Vincent will play D. Gordon and S. Walker.
Y. M. C. A. Lower Court at 5:30, C. Grogan vs. E. Simouneau; at 6:30, A. Ledoux vs. L. Choquette.
St. Francis Courts at 5:30, Miss M. Lepage and R. Langis vs. Miss C. Adams and S. Read. At 6:30, R. Biais vs. R. Gagne.
Fairbanks Courts, at 6:00: Miss F. A. Coderre and R. Rouleau vs. Miss J. Coderre and R. Royer.

GOLF
DRAW FOR ANNUAL PROFESSIONAL EVENT
TORONTO, Ont., July 15.—The draw for the annual 36-hole medal competition for the championship of the Canadian Professional Golfers' Association, which will be held at the Burlington Golf and Country Club, Burlington, on Monday next, was made last night and includes the names of forty-four professionals, all from Quebec and Ontario. Post entries accepted from members of the association not included in the draw.

MAPLE HILL
Mr. Aurele Savio, of this place, and Miss Bolduc, of Thetford Mines, were married on Monday, June 30. The W.M.S. met with Mrs. Chas. Allan on Thursday, July 10th. There was a good attendance of members and several visitors. Two quilts were quilted. The members were asked to clothe a girl of ten years, and each member offered to do her share of the work. The collection amounted to \$3.05.
Miss Eunice McHarg, R.N., of Quebec City, is spending a few days with her parents, Mr. and Mrs. Joseph McHarg.

SUPREME COURT JUDGE IS NAMED AS SUCCESSOR TO LAFLEUR IN LIQUOR CASE

Mr. Justice Lyman P. Duff Arbitrator in I'm Alone Rum Running Case—Is Senior Judge of Canadian Supreme Court.

WASHINGTON, July 16.—Announcement was made by the State Department Monday that upon recommendation of Canada, King George has appointed the Right Hon. Lyman P. Duff, Senior Judge of the Supreme Court of Canada, to succeed the late Eugene Lafleur as arbitrator with Willis Vandewater, Associate Justice of the United States Supreme Court, in the case of the run-running schooner I'm Alone, a vessel of Canadian registry, which was sunk by fire of the American coastguard 200 miles off the Louisiana coast on March 22, 1930.

In addition to his duties as a member of the Supreme Court, Justice Duff has served for the past eleven years as a member of the Judicial Committee of the Privy Council.

After a brilliant career at the bar in British Columbia, he was made a judge of the Supreme Court of British Columbia in 1904 and two years later was appointed to the Supreme Court of Canada. He was graduated from Toronto University in 1887.
