

Many Shippers Buy Shares In Own Association For Control

On February 1st, the Huntingdon Milk Producers met for the purpose of discussing matters pertaining to the Annual Meeting to be held in Montreal. It was one of the largest meetings held here for some time and it was felt there is a need for active participation on the part of the local branch of the affairs at the Montreal end.

In view of the fact that other branches have worked hard to have more shares in order to have more voting power it was felt that shippers here should buy shares. More shares are needed in order to hold control and interest. Many among those attending were not aware of a share, subscribed at this meeting.

A large number of producers from this area attended the meeting in Montreal. The Producers Ask More For Milk. The Montreal milk producers on Wednesday, February 6th, called for a further increase in the price of milk paid them by the dealers.

The producers received an increase of 19 cents per hundred pounds of milk Oct. 27, 1956, but they had asked for a 40-cent boost and still feel they are entitled to that much. The demands were made known in the direction report to the annual meeting of the Montreal Milk Producers' Co-operative Agricultural Association, in the Windsor Hotel. The report was read by Mrs. A. G. Dubois, who is president of the association.

Ormstown Rink Wins Lacolle Mixed Bonspiel

The Lacolle Curling Club held their annual mixed Bonspiel February 1st to 9th. There was a large entry of outside rinks. On Saturday, the 9th, the play-offs were held and an Ormstown rink skipped by Frank Hope won the trophy. After the completion of the curling everyone assembled in the club rooms and the President of the Men's Club, Mr. George Hood called on Mr. Albert Morin, President of the Lacolle Chamber of Commerce to present the trophy to the winning rink. Frank Hope skip, Mrs. A. McMann 3rd, Bob Hope 2nd, and Mrs. F. Hope lead. Club prizes were also presented to each member of the rink. The runner-up was a Lacolle rink skipped by F. McGill, Mrs. S. Fawcett 3rd, J. Cartier 2nd and Mrs. Y. McCallum lead. This rink also received club prizes presented by Mr. Morin and Mr. Hood. The President then called on Mrs. Shirley Fawcett, President of the Ladies Club, to present the winners of the consolation event with prizes. The winners of the consolation was an Aubrey rink skipped by Mr. Andrew Allen, Mrs. M. Gruer 3rd, M. Robb 2nd and Mrs. M. Robb, lead. The runner-up rink in this event was a Lacolle rink skipped by Mr. A. Ogilvie, Mrs. W. McArthur 3rd, W. McArthur 2nd and Mrs. A. Ogilvie lead. Mrs. Fawcett presented each with a club prize.

Each skip in turn congratulated the Lacolle rink for having such a fine team to curl on and especially to Mr. Ray Reddick who is in charge of the ice. Refreshments were served by the Ladies to everyone present and dancing was enjoyed by all.

COACH MARJORIE NESS THINKS HOCKEY HEALTHY SPORT FOR SCHOOL GIRLS

Hudson High School harbours a live-wire girls' hockey team that outdoes the boys who patrol the ice lanes.

According to Hugh Stevenson, the school's physical education director, there are more spectators at the girls' games than when the boys play. Hockey started at Hudson High School on a trial basis two years ago and has since mushroomed into four girls' teams and 13 boys' teams.

The school ice devotees keep three rinks in constant use in off-school hours. Of the enrolment of 180 boys, there are 145 playing organized hockey. The number of female players is steadily increasing.

Coach of the girls' teams is Miss Marjorie Ness, daughter of Mr. and Mrs. R. Bruce Ness of Howick. Miss Ness is a teacher at Hudson High School and she has taught her charges how to play hockey for keeps. No "namby-pamby" style hockey is played. Instead, Miss Ness has taught them the fundamentals and given them a fine tuning up in power plays and tricky de-

Unemployment Figures Higher For January

Unemployment figures for the month of January took an upturn compared to those of a year ago. The factors held responsible for this increase are: 1st, the graduation class of married women are looking for employment; 2nd, the territory covered by the local Valleyfield office was enlarged during the year.

New Caretaker Hired For H'don H.S.

The School Board of Huntingdon High School met on Thursday evening, in the school library (which has now become the meeting place for the Board) with all members present. Also present was Mr. D. G. Rennie, the new member who is filling out the term of Mr. H. Spencer. Mr. Rennie was sworn in at a special meeting at which the resignation of the Cunningham Brothers as caretakers for the school, was received.

Following the reading of the minutes and passing a number of bills for payment, the tenders for the position of caretaker for the school were read. Mr. MacArthur appeared on behalf of the Scouts to ask for use of the school and his request was granted.

There were three tenders for the position of caretaker of the school. One from Mr. S. Barrington for an annual salary of \$3,300.00; one from Mr. J. Ykema for \$3,500.00 and one from Mr. Bruce Rennie for \$4,200.00. After some considerable discussion, it was decided to engage Mr. Ykema for the position and he is to start a week or two ahead of schedule to become acquainted with the work that has to be done.

Dr. K. Willis, principal, had a few matters pertaining to the school to discuss and also asked the Board to purchase a film slide projector for use in the school. A projector was on hand and demonstrated which Mr. S. J. Currie offered to the school. It was decided to acquire another type projector before making the purchase.

The balance of the meeting was taken up in discussing salary rates for the teaching staff for the next school year. It is not known if there will be any changes in the staff as the time has not arrived for the actual renewal of contracts. It was felt that with the new rates coming into effect and other possible increased expenses for the next year, that several mills increase in the school tax rate would have to be imposed. Some members of the Board were against this and thought that some trimming should be done to keep the tax rate as low as possible.

No decisions were arrived at as to how this would be possible and as the hour was late, it was decided to leave the matter for another meeting at the call of the chair.

who has evidently been taught with great authority and has reciprocated with exceptional intelligence. Without exaggeration, it can be said that he played in a mature way and displayed a genuine style in what he did. He never faltered and never oversteered the music. It was easy and pleasurable to listen to.

It is hoped that Ralph Roskies will be able to come to Huntingdon some time within the not too distant future in order that local adults and students might have the opportunity of hearing him.

ORMSTOWN HIGH SCHOOL BOYS' BONSPIEL

ORMSTOWN vs. ORNSTOWN
Last Thursday afternoon, February 7th, Huntingdon High girls' hockey team competed against their annual rivals, Ormstown girls, for the C.V.T.A. girls' championship.

The game was scheduled to be played on Howick ice but due to the condition of the open air rink, we consented to play on the Ormstown ice. The game commenced at 4:15 o'clock. The first period provided much excitement and both teams played hard and well. However, the ball sounded to mark the end of the first period; no goals had been scored.

During the second period, Trinkle Hooker, Karen McCartney and Grace Harkness tried frantically to tally a goal and almost succeeded, but due to the excellent defence work of Shirley Helm, Jean McClatchie, Beverly McIntyre, Judy Montgomery, and the many fine saves by Noia Johnson, their attempt failed. The score still remained 0-0.

WHO WILL BE QUEEN?

Above are the contestants for the Popularity Contest sponsored by the graduation class of the English students at Notre Dame School. Reading from left to right they are: Top; Gay Cosgrove, Frederica Demers, Claire Legault; Lower; Maureen Murphy, Patricia Smith and Faith Witthoef. These young ladies are looking for your support by the number of votes cast in their favor to be chosen Queen of the Contest.

Girls' and Boys' Teams Win C.V.T.A. Championships

Basketball
This year Huntingdon High School boys successfully won their first C.V.T.A. Championship. With only three boys with previous basketball experience and five new recruits, Douglas McGerrigle moulded the first Championship team in Huntingdon High.

To accomplish this feat, Huntingdon gained their first victory by defeating Howick at Howick 40-36. The second victory came on November 23 when "The Strong Eight" defeated last year's C.V.T.A. Champions, Gault Institute, 48-33. A week later, November 30, Huntingdon again defeated Howick 41-22. Valleyfield, because of the defeat in Valleyfield, defaulted. Huntingdon's home game to Huntingdon, Huntingdon and Howick had to meet in Home and Home series with total points winning the championship. The first game was played in Howick with Huntingdon winning a close game, 23-22. The return game was a run away for Huntingdon, 56-25, giving Huntingdon the championship in an undefeated season.

Because of the new ruling, Huntingdon and Howick had to meet in Home and Home series with total points winning the championship. The first game was played in Howick with Huntingdon winning a close game, 23-22. The return game was a run away for Huntingdon, 56-25, giving Huntingdon the championship in an undefeated season.

During the scheduled games, Huntingdon played one game with Ormstown, winning 51-37. Later on in the year, the boys will compete for the Quebec Basketball Championship for schools outside of the Island of Montreal.

Weather Balloon Lands On Farm of Ernest Pringle

Last Wednesday morning, Mr. Ernest Pringle, on the New Road, near Rockburn, discovered a weather balloon behind the barn on his farm. The balloon or kite was about three feet square and was covered with aluminum foil. Attached to the balloon was about 300 feet of cord which led only to think that the balloon had broken away from its mooring at one of the local weather stations.

This type of balloon does not need to be returned, however the R.C.M.P. have stated that if any weather balloons, yellow in colour are discovered, would the finders kindly contact the nearest R.C.M.P. detachment or the R.C.A.F. who will pay a reward on the return of the instruments, etc., to them.

more goals to her total and Sue Fialle one more. On January 19th, Ormstown played the return game with Huntingdon. This time Ormstown was defeated by a narrow margin of 2 to 1. Mary Catherine Hooker tallied Ormstown's only goal. In the final period Huntingdon made the comeback. Sue Fialle scored first and Hope Stewart put in the winning goal. Mary Catherine "Trinkle" Hooker played a splendid game for Ormstown in which Nola Johnson, the Huntingdon goalie, made many saves.

On our last scheduled game, Huntingdon played host to Howick. Sue Fialle made four miraculous goals from perfect passes out in front of the net while Hope Stewart was close behind. Fialle had a hat trick (3 goals). Sandra Stark made her first goal of the year.

Mixed Bonspiel At Huntingdon
The two successful rinks to get to the finals in the Bank of Commerce Bonspiel were A. Rollery and M. Duke. A. Rollery's rink was successful in winning by a very close score and his rink consisted of J. Brunet, W. Sadler and A. Kahn.

A Huntingdon rink skipped by H. Kelly with E. Middlemiss, D. McGerrigle and L. Fennell went to Beauharnois on Friday evening Feb. 1st and won the game against Pointe Claire in the Beauharnois Club Bonspiel.

Mixed Bonspiel Held
A very successful club mixed bonspiel was held on Saturday, Feb. 9th with 20 rinks participating in the event which started at 1 p.m. with the finals being played at 9 p.m.

The games were as follows: 7 p.m. — E. Martin (skip) 10 vs D. Higginson (skip) 9. 2:30 p.m. — C. Brown (skip) 7 vs D. Fortune (skip) 1; G. Whyte (skip) 8 vs R. Tinker (skip) 6; S. Robb (skip) 9 vs C. Fialle (skip) 8. 4:00 p.m. — G. Collum (skip) vs M. Duke (skip); C. Laberge (skip) vs R. Morrison (skip); D. McGerrigle (skip) vs A. Warden (skip).

7:00 p.m. — G. Goodfellow (skip) vs H. Kelly (skip); A. Rollery (skip) vs K. Ferns (skip); Dr. Abraham (skip) vs R. Chambers (skip). The finals as given above.

Play at Valleyfield
On Feb. 11th a rink of K. Ferns, G. Collum, L. Fennell, and D. Ross went to Valleyfield to play in the bonspiel there. They had two very good games being defeated by Beauharnois by score of 8 to 6 and by Hawkesbury by a score of 6 to 5.

Record Prices Paid At Steer Auction, H. Higgins in Charge

History was made at the National Salon of Agriculture, in Montreal, Friday night, when 14 head of beef cattle were sold at auction — the first auction sale of beef cattle ever held in the Montreal area.

The auction was the featured attraction of the opening day of the 5th National Salon and it was an attraction that will long be remembered because the 14 head, sold under the hammer of Auctioneer Harold Higgins, brought an average price of over \$1,100 per head. The top sale price of \$3,536.00 or \$4.00 per pound was paid by C. Morantz Meat at the 894-lb. grand Champion steer of the Show, an Aberdeen-Angus bred by L. T. Porter, St. Andrew's East. This price of \$4.00 per pound is considered a record price in Canada at a sale of steers.

The prices ranged between a low of 36c per pound and a high of \$4.00 and accounted for a sale average of \$1.18 per pound, which also is considered a national record. Even the low price of 36c is considerably above the average price which breeders had expected to receive.

Bruce and Mrs. McKeellar, Braemar Farm, Island Road, Dewittville had two prize winners in the Aberdeen-Angus section. One of them, weighing 1,088 lbs., sold at 60 cents per pound for a total of \$652.80. The other, weighing 894 lbs., sold at 73 cents per pound for a total of \$700.80.

A record attendance, attracted by the auction sale, thronged the Salon of Agriculture, held in Montreal's big Show Mart Building, and were welcomed to the Salon by Dr. Gustave Toupin, President, who declared the 5th Annual Salon officially open. Present on the platform as guests of honor, and introduced to the Salon audience by Dr. Toupin were: Mr. Jean Drapeau, Mayor of Montreal; Mr. Laurent Barre, Minister of Agriculture, Quebec; Mr. S. J. Chagnon, Assistant Deputy Minister of Agriculture, Ottawa; Mr. Ernest Ribbere, Consul-General of France; Mr. Rene Trepanier, Deputy Minister of Agriculture, Quebec, who declared the auction officially open; Professor L. H. Hamilton of Macdonald College, who, earlier in the day, had judged the steer classes; and Mr. Gerry Rodrigue, chairman of the auction sale committee.

The second high price of the sale was \$2.10 per pound, which Steinberg's paid for the Grand Champion Shorthorn steer weighing 1,200 lbs., sold for \$2,520. The Reserve Champion Angus steer, owned by Mr. S. L. Kerr, Vaudeville, was purchased by C. Morantz Meat for \$1,890 per pound, while the Reserve Champion Shorthorn steer, owned by Mr. E. S. Watson, Bury, was sold to C. Morantz Meat, and brought \$1,225 per lb.

Included among the other buyers: Obies Meat Market Inc., Montreal; The T. Eaton Co. Ltd., Montreal; Morantz Beef Co. Ltd., Montreal; Legrand, Inc., Quebec; Dominion Stores Ltd., Montreal; La Cooperative Federée du Quebec, Montreal.

Splendid Reports Annual Meeting United Church

Splendid reports of the worship and work of Huntingdon United Church and its various organizations were presented at the annual meeting of the congregation last Wednesday evening.

The Session statement showed that seventeen new members had been received into the membership of the church during the year. There were twenty-three baptisms, three marriages and three deaths recorded in the church registers. The members of Session expressed their appreciation to the donors of three memorials that have added so much to the beauty of the sanctuary and the worship of the church. M.M. McNaughton, C.R. Reid, C. Stark, C. Stewart and H. Wallace were reappointed to the Session for a further term of three years.

Contributions to the Missionary and Maintenance Fund of the United Church of Canada showed an increase of fifteen percent. The congregation also contributed an additional thousand dollars to other Benevolent Funds of the church. The regular income of the Committee of Stewards also showed an increase over the past year with all bills being paid and the year completed without debt.

The reports of the Auxiliaries of the Woman's Missionary Society showed that each group had met their allocations and had conducted a full and interesting program of missionary study. The Woman's Association reported excellent progress in all departments of their work. The Church School and Mission Band showed an increase in membership and average attendance. A varied program of worship, study and fun had been carried on through the year.

The reports of the various youth groups: Explorers, C.G.I.T., Teenagers and Boys' Club showed that they had been efficiently directed and well attended. The Junior Boy's Club was the newest organization to report. It had held five meetings and had enrolled twenty five members.

Appreciation was expressed, following the choir report, of the fine work done by E. A. Yates, organist and choir director, and the members of the choir.

A Murray was elected to the Committee of Stewards and Carman Stark was appointed Financial Secretary to succeed Lorne Fennell who has held the position for the past eight years.

Rev. Robert Beal presided at the meeting and expressed his deep appreciation of the loyal service rendered by officers and members during the year and expressed the hope that the year ahead might show even greater service for the church.

The meeting closed with a pleasant social hour at which refreshments were served by the Woman's Association.

Newspaper Clipping Recalls Past Victories

Recollections of yesteryears were brought to mind for Mr. W. G. McGerrigle, Ormstown, when he received a clipping from the Ottawa Citizen, sent to him by Robert Simpson, a former Ormstown resident. The clipping contained a list of Jubilee Winners (Curling) from 1899 to 1957. From 1899 until 1913, the competition was on a two rink basis, but once again in 1914 a single rink was introduced. The clipping also shows that in 1925 an Aubrey rink skipped by Ray Reddick, won the trophy. This is a record that anyone could be proud of and W. G. certainly is.

Shown above are a few action shots taken of the School-Boys' Bonspiel, held at Ormstown, on Saturday, February 2nd. The "stone" is about to be sent on its way down the rink in the top left hand photograph. The "stone" is already on its way in the next, while in the third, the sweepers are giving it a little

help. In the last one, the "stone" is well in the house and right up to the button.

The Ormstown School-Boys' Curling Club were hosts to teams from Mount Royal, Huntingdon, Feller College and Hudson, for a friendly bonspiel. The winner with the highest total per cent

was Mount Royal, with Hudson coming second. Breakfast and supper were served to the boys by the ladies of the Club. This was the first attempt to have a one-day bonspiel with several rinks. By the interest shown by those at the games and the enthusiasm of the curlers, the day was a success.

Due to conflicting activities the Frances Willard meeting of the Ormstown W.C.T.U. was held one week earlier than usual, meeting at the Younie home on Thursday afternoon, January 31st.

Miss E. M. Maw presided, with an attendance of 13 ladies. The devotional period, in charge of Mrs. M. Maw, was an interesting program in keeping with this special day when the branch commemorates the work of Frances Willard, who formed the first nation-wide organization of women in 1891, followed by "A Young Girl Named Frances" was the title of the story read by Miss M. McNeil, Mrs. A. Marshall reading "The Willard Tree."
February's clip sheet "Frances Willard", was conducted by Miss M. Welch and answered by members telling of social contributions made by her under these headings: (1) Education; (2) The Public Press; (3) Labor; (4) Social Reform and (5) Total Abstinence.

Miss Maw read short articles from World's Missions telling of the Convention held in Germany, last June, and of a new Union organized in Antigua, B.W.I. Items from Tidings by Mrs. Greig and the Crusade, Psalm 146, by Mrs. G. Hope, completed the program.
A very appreciative letter was received from Mrs. S. W. Chin-Hyon, General sec'y of the National W.C.T.U. in Seoul, Korea thanking our Union for the 12 lb. parcel of new and used material sent them in time for Christmas.

All enjoyed the social time, and refreshments served at the close of the meeting by Mrs. Younie and Mrs. Greig.

Sick visiting comm. for Feb., are Miss L. Bazin, Mrs. T. Duncan and Mrs. E. Ello.
The March 7th meeting will be held at the home of Mrs. Frank Martin.

St. Paul's United Church
The annual meeting, held on Wednesday January 30th, was well attended.
Three new officers were elected—to the Committee of Stewards; Mr. C. V. Curtis and to the Board of Trustees; Mr. C. P. MacDonald and Mr. A. Cavers.

All departments reported encouragingly on the year's projects and activities. The general picture was one of increased enterprise.
The Missionary and Maintenance allocation of \$3,500 was surpassed.

Among the votes of thanks, special mention was made of the conscientious work of the Session and of the loyalty of the Choir.
And so optimism is the keynote at the beginning of a new year in His Service.

W. I. Notes
The regular meeting of the Women's Institute of the Ormstown Branch met at the home of Mrs. E. McCartney on Feb. 5, with 14 members and several visitors present.
The roll call was responded to naming a native tree. Mrs. A. A. McNeil read a letter that concerned articles and sales conditions in regard to Home Economics. The program for the ensuing year was read by Mrs. Robt. Ovans.
A piece of poetry was read by Mrs. A. A. McCormick, "Take Time for 10 Things."

A humorous reading was given by Mrs. C. J. Bryson entitled, "The Slate of Officers."
The reports of Convenors were as follows: Agriculture, Care and culture of Gloxinas; Education, Who goes to college; Home Economics, Melting chocolate and tricks with paint and wall paper; Welfare and

Glenelm

GLENELM — The annual congregational meeting of Kensington United Church was held on Tuesday evening, January 29, at the home of Mrs. Elizabeth Watson. There was a fair attendance of members and the Rev. Robert Beal of Huntingdon was in charge of the meeting. The reports of Sunday School, Woman's Association, Women's Missionary Society, Session and Financial Statement of the church all showed that a successful year had been completed. All the officers were reappointed for another year. It was decided to discontinue the church services for the month of February. After the business meeting a social time was spent enjoying refreshments served by Mrs. Watson assisted by some of the ladies present.

Miss Hattie Coffey spent a few days in Montreal last week visiting at the home of her sister-in-law, Mrs. Leo Coffey.
Mrs. Mildred Helm is a patient in Huntingdon County Hospital. Her many friends wish her a speedy recovery.

KIDNEY ACIDS Rob your Rest..

Many people never seem to get a good night's rest. They turn and toss—blame it on "nerves"—when it may be their kidneys. Healthy kidneys filter poisons and excess acids from the blood. If they fail and impurities stay in the system—disturbed rest often follows. If you don't rest well get and use Dodd's Kidney Pills. Her first stop — the bank

When Mrs. Wilson planned to go shopping, her husband Tom said: "Meet you at the bank." It was a natural thing to say, for going to the bank is just a part of everyday life.

In the bank, Mrs. Wilson noticed Miss Ellis the schoolteacher... Mr. Cooper the storekeeper... and her neighbour's son Bobby, adding to his savings account.

When Tom arrived, he grinned: "Seems like everybody goes to the bank." It's true. Canadians find the chartered banks such a safe and handy place to keep money that practically everybody has a bank account. There are now more than 10 million deposit accounts in the chartered banks—more accounts than there are adults in the country.

Editorial Notes

Are Higher Prices Justified?

There is much talk these days, especially in government circles, of inflation. To combat it, banks have been asked to curb credit and consumers have been asked to buy less on finance plans. Inflation is high prices, higher costs, with a consequent lowering of the purchasing power of money.

Just recently, at least two increases in the cost of consumer goods have come about, which we do not think are entirely due to the reasons given. In other words someone has taken the opportunity to make a little extra. We refer to the increase in the price of fuel oils, gasolines, etc., and of sugar.

The excuse given for the increase in price of these commodities, is the blocking of supplies from that part of the world served by the Canal. Such an excuse being offered in France, Great Britain, or some other European countries, might be accepted. But we cannot swallow it "whole" so to speak, on this side of the world.

In the matter of gasoline and fuel oils, etc., while Canada may not be able to supply all its own needs from domestic supplies, it does go a long way. On the other hand, the United States has offered to supply oil to Great Britain and thus help out in this crisis, thus it does not look as if there would be any great shortage there. Thus in this particular case it does look as if someone is just out to make the consumer pay. As to sugar, much the same position exists. Much of the sugar used on this side is manufactured here and does not rely on supplies coming through the Suez Canal. Much cane sugar comes from the West Indies, while this is supplemented by

large quantities of beet sugar from beets grown on this continent. The increase in price is as much as 14 cents on five pounds, in some cases and more or less in some others, according to previous price charged. This increase applies whether the sugar is imported or domestic, apparently. The domestic product should not be affected by the Suez situation. This is something which the government should look into and find out if such increases are justified, or whether there is an attempt to profiteer by a situation that does not exist. We do not know who is responsible for these increases, but there is no doubt they will affect the economy and cause further rounds of wage increases if they are allowed to persist. All of which will help inflation and defeat the purpose of the government to check it. The government has had many enquiries into various types of monopoly, and it certainly looks as if a monopoly is working in these directions.

Only a short time ago, the price of sugar was quoted in advertisements as 10 lbs. for 79c., while recently the price is 10 lbs. for \$1.19, an increase of 40c. or \$4.00 on one hundred pounds at the consumer level. This is a 50% increase, surely a tremendous one under the circumstances.

The increase in the price of sugar has affected all commodities using this ingredient in manufacture and thus corresponding increases can be expected in other lines, if they have not already taken effect. The increase in the price of gasoline and fuel oils will have the same effect where they affect industry especially.

The Situation In The Middle East

The situation in the Middle East is still far from settled. Israeli is still standing firm on remaining where she is unless she gets complete guarantees that borderlines will remain free from incidents.

In view of the trouble that has been experienced for the past several years in this area, and also of the recent march into Egypt and the withdrawal from Egypt, it is only to be expected that Israeli does want some guarantees. Having seen the trend of events since the invasion of Egypt and the taking over by U.N. Forces, it is not hard to understand that not too much trust can be placed on the Egyptians. The Israeli and Egyptian dispute has been on for many years now and when Israeli recently invaded Egypt, she had in mind to settle the matter

by forceful means. The U.N. decided otherwise, but has offered no guarantees as to the disputed borderlines.

The U.N. has issued several ultimatums as to Israeli agreeing to demands and now it is proposed to penalize by sanctions. The Israelis say they do not mind this, but they will not give up what they hold until they have been guaranteed what they believe to be right.

As long as there is any dispute about territories in this section, it will remain a trouble spot. The sooner an agreement is reached that will be satisfactory to all concerned, the sooner will there be a surety of peace in this part of the world. While there is wrangling going on here, it could become fraught with danger.

MacKay Institute For The Deaf-Mutes Needs Your Help

Many readers will remember the group of deaf-mute students and their teachers from the Mackay Institute for the Deaf-Mutes of Montreal who visited Huntingdon this past fall, the guests of the Rotary Club, Huntingdon.

Youngsters from all parts of Canada attend this school with a good part of their education being paid for by the different Provincial Governments. At the end of the year, any deficits resulting from the operation of the school have been taken care of through the kindness of friends of the Mackay Institute.

This year, a substantial deficit has been incurred. Up to this year, there have been a number of students from Alberta whose tuition has been paid by that Government. These students have come to Montreal on account of their own school being taken over by the Government. However a new building has now been built and the students will now go to their own school in Alberta. Thus the money which ordinarily is received from that Government is naturally no longer

available and accounts for the present deficit.

It was decided, therefore, that a small financial campaign would be launched in the Chateauguay Valley and the Eastern Townships to raise enough money to wipe out the present deficit. The campaign is scheduled for the last week of February.

At present, Mr. H. Alister D. Somerville, M.P.P., Huntingdon County, is seeking to have the present Province of Quebec's grant increased such as to help overcome any deficits in the future.

The school is open to all English speaking students regardless of religion who are deaf. Members of the Huntingdon Rotary Club and their wives have had an opportunity to see the excellent work that is being done for these students.

Remember, the Campaign will be during the last week of February. When you are solicited, give generously and help another young student to have a chance to make his way in the world.

Search For Talent

THE season of regional drama festivals has arrived and from coast to coast amateur actors are preparing the presentations they hope will be judged of high enough calibre to be chosen for the Dominion Drama Festival finals.

There is a bit of the actor in everyone but only the select few reach the pinnacle that brings them before the public in a Dominion festival.

Yet none will say the effort is not worthwhile, and although the large centres with their wider field of talent from which to draw would appear to be in a favored position this does not necessarily hold true in amateur theatricals.

Cecil Bellamy, adjudicating regional festivals this year, has emphasized the importance of sincerity in his comments on the plays he has seen so far.

And it is there that the actors from the small community stand on even ground with those from the big cities. Sincerity knows no geographical bounds.

Any actor who can portray a part so

that the audience is swept away by it has found the sincerity Mr. Bellamy seeks. If all the actors in the same play have this talent that play may win a festival award, whether it be performed by a cast of big city players or a group from a prairie village.

Players' groups in small communities are the life blood of the drama movement in Canada, for without the interest aroused by their efforts there would not be an audience for theatre.

From these small groups, too, come the professionals of the future.

The growth of television, really only in its infancy in Canada, will see an increasing demand for actors and television too will build an audience for live performances.

Radio, in its early days, was feared by musicians because it was thought it would kill the concert stage. The result has been just the opposite.

So, it is expected, will be the effect of television on the stage.

Looking Back Along the Trail

"The Building of The Beauharnois Canal"

(Continued from last week) When the legislature met a committee was appointed to make enquiry into the facts. It was abundantly proved that the contractors had taken advantage of the necessities of the men, that they had paid them from 40 to 50 cents a day according to the season that they had exacted long hours, that they had paid the men their wages largely in truck, and that they only settled once a month. The legislature did nothing. It could not have ordered the contractors to raise the wages to 60 cents, but it was in its power to have enacted that whatever wages were promised should be paid in cash, and not in truck. The scandal of a civilized community went on unchecked, of men being paid their pittance of wages in bread and pork, with part of which they went round among the farmers, trying to exchange for other necessities of life. A petition to the legislature, signed by 74 habitants, declared the contractors burned their fences, pastured their horses in their fields, and would not allow them to go to the canal works to sell provisions to the men, but no protection was vouchsafed. Times were hard, and the contractors were to rise the following year, and before the canal was completed the contractors were compelled to offer 80 cents a day to get men.

Work was pushed on the canal, for it was the last link in the navigation of the St. Lawrence. The Cornwall canal had been opened in 1848, and the masters of boats were eager for the time when they could go right through. There were no special difficulties in the work, for there was little rock-cutting. The embankments were formed of earth. In the fall of 1845 water was let in, and on the 11th October the Highlander steamed down, being the first to pass. The season proved an open one, and boats were locked through until the last week in November. The revolution effected in commerce by the opening of the canal it is difficult now to realize. The communication being maintained between Montreal and the ports on Lake Ontario by a mixed route of stages and small steamboats, large and finely equipped vessels left Montreal and landed their passengers at Toronto and Hamilton, and schooners, carrying the loads of twenty Durham boats, took freight from as far west as Sarnia and laid it alongside ocean going ships at the wharves of Montreal.

The canal had not been open a fortnight until the complaints of skippers were heard regarding the western entrance. It was shallow and studded with boulders, a current of 4 miles ran in the channel, and in places across it. Boats were stranded; a few wrecked. To improve the entrance became an imperative requirement. When Mr. Tait, a government engineer, was taking soundings along the foot of Hungry bay, preparatory to the canal being built, his companion, who was rowing the skiff, noting the current and the shallowness of the water, asked how, if the current were ever built there, boats would get into it. "Oh, never mind," replied the engineer. "The government will first build the canal, and then an entrance will have to be found." This prediction was never verified. An engineer, Fleming, was sent to take levels and report. He recommended that a dam be built between the mainland and Grand Isle and the aux Chats. When asked if closing the south channel of the St. Lawrence would not raise the level of lake St. Francis sufficiently to drown the lands it bordered, he stated the level of the lake would only be increased 8 inches.

The contract for the first dam was let in 1848 to Brown and Watson, (To be continued next week)

GILBERT MACMILLAN Honorary President Dairy Farmers of Canada.

One of the original members and for many years President of same, Gilbert Macmillan is now Honorary President of Dairy Farmers of Canada. Ordinarily that appointment is usually, almost entirely, if not wholly an honorary one. However, that is not so in the case of Gib Macmillan, because he is still an active member of the Executive Committee of Dairy Farmers of Canada, likewise still a member of several important committees of same.

We understand that his stepping-out, so to speak, of the Presidency was a voluntary action on the part of Gib Macmillan, so that the Vice-Presidents would be able to move-up. However, it is doubtful if Dairy Farmers of Canada will ever have a President with a greater, more sympathetic understanding of dairy farmers' and agricultural problems in general. With that status we would also link his predecessor as President, the late P. D. McArthur.

What's In A Name The telephone directory still lists him as Gilbert Macmillan and so do a number of other organizations, individuals, etc. But, in that respect they are several steps behind.

A few years ago another member of his Clan twitted him that he did not spell his name correctly; told him and proved same by the written word that Macmillan was in error, should be MacMillan. And so it was that Gib subsequently signed his name as Gilbert MacMillan—although most people entirely ignored that change.

But, some two or three years ago Gib discovered that the two names—Macmillan and MacMillan were actually "aliases" (if that be the right term) of Macmillan. That discovery was made when he obtained a copy of his "Scottish" Birth and Baptismal certificate. There it was in legal form, that the baby born on such and such a date had been registered as, and subsequently baptised (in the Auld Kirk of Scotland, of course) as Gilbert Macmillan.

Nevertheless, a few years from now (let's hope a long time hence) members of a younger generation may conjecture as to whether Gilbert Macmillan, Gilbert MacMillan and Gilbert Macmillan were related.

The Clan Yes! there is a Clan Macmillan. Skene, a Scottish Clan historian, suggests that the Macmillan Clan was originally connected with the Clan Chattan. It is also recorded that Macmillan is of ecclesiastical origin, as are the Buchanan's. The armorial bearings of both Clans contain a rampant lion.

The Macmillans were originally in the Loch Arkraig district of Argyllshire, but were moved to Galloway (Gib Macmillan's home district) is claimed to be of the lat-

ter number. However, while it may now be said to be a "broken Clan", there is a large Clan Macmillan Society with headquarters in Glasgow. The present Chief of the Clan is General Sir Gordon Macmillan, one of the noted Generals of World War II. The Rt. Hon. Sir Herbert Macmillan, Prime Minister of the United Kingdom of Great Britain and Northern Ireland is another famous member of the Clan.

Jersey Meeting By the time this issue of The Gleaner is in full circulation the Annual Meeting of Ayrshire Breeders' Association of Canada will be in full swing—as on Thursday, February 14. However, it would now appear that we were in error as to the date of the annual meeting of Canadian Jersey Cattle Club. We have now learned that that meeting will be held on Friday (not Wednesday) February 15. Both meetings are, of course, scheduled to be held at the Sheraton-Mount Royal Hotel, Montreal.

Holstein Director In his capacity of a director of same for Quebec, Armand Pinsonneault, Armadille Farm, Ormstown, Que., attended the recent annual directors and annual general meetings of the Holstein Friesian Association of Canada which were held in Toronto during the past week.

One of the important matters dealt with was the raising of the membership fees by \$1.00 per year. In turn, each district Club, including the Huntingdon-Ormstown Ayrshire Club, will now receive a grant of \$1.00 per member of the Association residing in their club area.

Mr. Pinsonneault was also appointed as the delegate of the Holstein-Friesian Association from the Province of Quebec to Dairy Farmers of Canada.

The Restraint of Fear

By LEWIS MILLIGAN

The blocking of the Suez Canal, with the consequent loss of oil supplies for Britain and Europe generally, is the greatest blow yet struck by Moscow in the cold war against the West. There is not the slightest doubt that the whole dirty business was incited, planned and carried out under the direction of the Kremlin. Nasser would never have taken such drastic action without definite promise of Soviet backing.

But for the fear of atomic bombs we might now have been in the midst of a third world war, with Russian forces in possession of the whole of Europe and Asia. Who could have stopped them? Cut off from oil supplies, Britain today is helpless to defend herself. What reserves of oil she may have would be exhausted in a few days of conventional warfare. In that event there would be only two world powers left with sufficient oil to carry it on—Russia and the United States. In such a war between those two countries the odds would be in favor of Russia. The Pacific would be dominated from Red China and the Atlantic wide open to the Soviet forces in occupied Europe.

In that complete isolation, Washington would be faced with a fateful decision, whether to make a dictated peace with Moscow or unleash their stockpiles of atomic missiles against the enemy—if they had not already been "beaten to the draw."

At the present time, with Britain practically disarmed, the United States and Canada have the most to fear from another war. North America would have to fight alone.

The atom bomb is the only hope for world peace—not in the use of that devastating weapon, but in the fear of using it. That fear restraining the would-be world rulers of the Kremlin from taking advantage of

the military helplessness of Britain today. We must feed and promote that fear. Cowper condensed the warning into one line: "He has no hope who never had a fear."

Maple Leaf Grange

The regular meeting of Maple Leaf Grange was held on Tuesday evening, February 5th. In the absence of the Master, Allan Hunter, Basil Kelly presided over the meeting.

During the business session, some discussion arose over the refinishing of the floor but it was decided to leave it until warmer weather, but that it be done before our Neighbor Night meeting, April 23. The Hall and Youth Committee reported on the dance of February 1st.

The meeting was pleased to welcome as their guests Belle Aldrich, Pomona Lecturer, also Gladion and Ruth Winter and their son from Brushton. Ruth Winter is Chairman of Service and Hospitality for Franklin County (Pomona).

Shad and David Lecturer needed money to carry on their work and she hoped we would see to it that our Lecturer has a working fund. She also spoke to the Leadership School to be held this summer and hoped we would send a delegate as we had in past years, and gave a few remarks about the "Building a Better Rural America Through Research".

Pomona Grange meets at Malone on March 7th with afternoon and evening sessions. The programme was in charge of the Past Lecturers, with Charlotte Paul taking charge of same. Elizabeth Rankin, Rosemary Cosgrove, Basil Kelly and David Rankin were also assisting.

The first item was the song "Drink to me only with Thine Eyes", sung by all. Charlotte listed the names of the eight who had been Lecturer of the Grange. She paid a very fitting tribute to our late Sister Ida Merson who had been Lecturer in past years as well as many other organizations.

Elizabeth Rankin conducted a Quiz which was quite entertaining and informative. Charlotte then introduced the guest speaker of the evening, Mrs. Carl Anderson. Mrs. Anderson had recently returned from Winnipeg where she had represented the Quebec Farm Forums and the English-speaking farmers at the C.F.A. at their convention. Mrs. Anderson gave a very interesting account of her trip and gave a number of highlights of the meetings. She made the trip by plane and enjoyed it. Although Mrs. Anderson is not a Grange member, she had several relatives at the meeting on Tuesday night who are members.

Dorothy Willock thanked Mrs. Anderson for her address, Basil and Rosemary. Mrs. Anderson gave a very interesting account of her trip and gave a number of highlights of the meetings. She made the trip by plane and enjoyed it. Although Mrs. Anderson is not a Grange member, she had several relatives at the meeting on Tuesday night who are members.

Aubrey - Riverfield

AUBREY - RIVERFIELD — Mr. and Mrs. Richard Fletcher and daughters, Patricia and Lorna, are now settled in their new home in Toronto, after having spent some time at the home of her parents, Mr. and Mrs. John Milne.

Mr. and Mrs. Henry Welburn and Dorothy-Anne of St. Lambert, spent the week-end at the home of Mr. and Mrs. W. H. Welburn.

Sympathy of the community is extended to Mr. Alex McGregor on the death of his sister, Mrs. John Orr of Boston, Mass.

Recent week-end guests of Mr. and Mrs. Math McKell were Miss Rilla Nugent of Granby and Miss Florence Bowker of Waterloo.

Sunday guests at the same home were Mr. Ken. Nugent, Lennoxville, Mr. Delbert Henderson, Inverness and Mr. and Mrs. John Evans of Sherbrooke.

Several young people from this district enjoyed the skating party at Howick on Friday evening as guest of the Slioki C.G.I.T.

After a few hours of skating a delicious lunch was served and a social hour enjoyed. All enjoyed the hospitality of this group.

Mrs. Burton Reddick and Allen spent a day in St. Lambert recently, calling on her parents, Mr. and Mrs. Wm. Kelly.

Mixed curling was enjoyed in Riverfield over the week-end with thirteen teams participating. The prizes were very kindly donated by Doug and Marjorie Campbell and Harold and Hazel Robertson. The winning team in the main event was Margaret McKell, Roger Giroux, Mildred Reddick, Bob McGregor, and in the consolation: Dorothy Giroux, Don Brady, Anne Welburn, Harry Angell, skip.

Mr. and Mrs. Elmer Stimson and family have returned to Melbourn after having visited at the home of Mr. and Mrs. Wm. Stacey for the week-end.

Other week-end visitors at the same home were Mrs. Herbert Wolf, Linda and Don. On their return to Montreal they were accompanied by Mrs. John Maxwell who will spend a week in town.

The February meeting of the Aubrey-Riverfield W.I. was held at the home of Mrs. W. G. Allen, Aubrey, with Mrs. Harold Robertson presiding.

Twenty members answered the roll call with "My first school attended and in the consolation: teacher". There were also seven visitors and four children present.

A letter was read from Mrs. Taylor informing the members that there were no uniforms at present to be made; also a letter of thanks for a donation of \$5.00 towards cerebral palsy fund. The president had a card from Mrs. Bayard, England, also two copies of the W.I. magazine, Home and Country.

Very informative current events were given by the conveners, including the care of different plants, and electricity are conducted, education and the health league of Canada.

A composition on an ideal husband in 30 words or less, by most of the members brought out many different characteristics and proved very entertaining.

The highlight was a panel discussion on Education and led by Mrs. Math McKell. The panel members were: Mrs. H. Robertson, Mrs. Finley Milne, Mrs. Burton Reddick and Mrs. Harry Angell. The subjects under discussion were: Spending money, comb, books, lipstick, jewellery and uniforms.

The opinions offered were many and varied, but all the members agreed that there should be more panel discussions.

Skating Masquerade to Be Held at Valleyfield Arena

Friends and admirers of the Valleyfield Figure Skating Club, now in its 6th year of operation at Valleyfield, will be pleased to learn that at a recent meeting of the executive of this sports association it was decided to stage a gigantic masquerade which will be held at Valleyfield Arena, on Saturday evening, February 23rd, at 7 p.m.

Miss Sally-Ann Lapointe. Dance groups by members and other performers should round out to perfection this part of the evening's entertainment which will probably be witnessed by a large crowd of relatives, friends and admirers.

The masquerade itself will be open to the general public and members of the Valleyfield Figure Skating Club. 10 prizes will be awarded to the best costumes. These prizes will aggregate \$125.00 in value and will be distributed to the lucky winners at the conclusion of the evening's entertainment.

Mr. Lucien Labonté, 67 Robb Street, Valleyfield, is in charge of the tickets and will be anxious to accommodate the public. Tickets are also available from the members of the Valleyfield Figure Skating Club.

This event will replace the annual skating carnival which was always so popular in past years in this area. However, the directors of the Valleyfield Skating Club are sparing no efforts to stage one of the best and most interesting masquerades for the evening of February 23rd.

One of the feature attractions on the program that evening will be the special performances of the most proficient skaters attached to this organization. The champions in each class will perform at some time or other during the evening. These stars on skates include Miss Patricia Moody, Miss Louise Lalonde, Miss Jacqueline Boyer, Miss Pierrette Vallee, Miss Nicole Meloche and

Valleyfield Figure Skating Club has been a great asset to this community in the past years and it is hoped that it will receive the necessary encouragement from citizens of Valleyfield and surrounding areas on this occasion.

Huntingdon High School Notes

Skating Party
Last Friday evening the Junior Red Cross Council of Huntingdon High School sponsored a skating party and dance. There were skating from 7:30 to 9:30, after which hot chocolate and hot dogs were served in the lunchroom. The students of Grades 6-11 and their friends were invited to a dance in the gymnasium. A few of the students of Grade 11 supplied the music for a square dance and a record player and the latest hits provided the music for the remainder of the evening.
Many thank go to Mrs. Dahms, who very kindly made the cocoa and supervised the other refreshments, and also to Miss Erbes, who helped organize the party.
Classroom Ceramics
Grade 6 pupils, under the guidance of Mrs. McCrimmon, have made pottery from clay. Their samples have been glazed and fired, and all are pleased with their first efforts.
Grade Six was given the opportunity of making a tape-recording of "The Saga of Sheltier", a radio play from their readers. Mrs. Stephen came to Grade Six classroom Friday, February eighth, and the tape-recording came off quite successfully.
Curling
On Thursday afternoon, four boys of the Ormstown Curling team, Bob Hope, Ross White, Donald Waddell, Donald Davidson, played against four boys of the Huntingdon Curling team at Huntingdon. Bob Bernhardt played skip, Carl Forget, third, Donald Cogland second, and Ron McArthur played lead. The Ormstown boys were accompanied by Mr. White. The game ended in a 13-2 victory for Ormstown. After the game, both teams were invited to the school where they received hot soup and crackers, before leaving for home.

Obituary
The late John Joseph Casey
John Joseph Casey, retired American Immigration Inspector, died suddenly at his home at Trout River, N.Y., on Sunday, February 10, 1957. He had been in ill health for some time.
The late Mr. Casey was born in the County Clare, Ireland, on July 7, 1893, the son of the late James and Catherine Casey. He came to the United States at an early age.
He served in the "Fighting Irish" 69th Regiment of New York during the first World War, and saw action at Chateau Thierry, St. Mihiel Drive, Meuse Argonne, and Argonne Forest, and was wounded several times. He received several medals.
He entered the American Immigration Service in May, 1924 at Trout River. Service in that department was for 32 years, mostly at Trout River with exception of one year at Buffalo and three years at Fort Covington. In November 1945, he became senior immigration inspector, a post he held until 1955 when he was appointed supervisory immigrant inspector for Trout River, and retired in October, 1956. He was well known to many residents of this district.
He was united in marriage in May, 1927, to the former Lucy White.
Mr. Casey was a member of the Malone Post, No. 219 of the American Legion, of the Joyce Kilmer Council of the Knights of Columbus of New York and of the U.S. Immigration and Naturalization Officers' Association.

Obituary
The late John Joseph Casey
John Joseph Casey, retired American Immigration Inspector, died suddenly at his home at Trout River, N.Y., on Sunday, February 10, 1957. He had been in ill health for some time.
The late Mr. Casey was born in the County Clare, Ireland, on July 7, 1893, the son of the late James and Catherine Casey. He came to the United States at an early age.
He served in the "Fighting Irish" 69th Regiment of New York during the first World War, and saw action at Chateau Thierry, St. Mihiel Drive, Meuse Argonne, and Argonne Forest, and was wounded several times. He received several medals.
He entered the American Immigration Service in May, 1924 at Trout River. Service in that department was for 32 years, mostly at Trout River with exception of one year at Buffalo and three years at Fort Covington. In November 1945, he became senior immigration inspector, a post he held until 1955 when he was appointed supervisory immigrant inspector for Trout River, and retired in October, 1956. He was well known to many residents of this district.

Huntingdon Locals

Ladies Auxiliary Meeting
The regular monthly meeting of the Ladies Auxiliary, Huntingdon Branch No. 81, Canadian Legion, was held at the Legion Hall, Thursday, February 7.

A Change of Plans
A change has taken place in the plans of Mr. Hugh Spencer, who was to have left Huntingdon to reside in South Carolina. He had already sold his house on Chateauguay Street to Mr. William Goodall and Mr. and Mrs. Goodall will take possession this month. Mr. Spencer will now remain in Huntingdon and will occupy the house owned by Mr. W. E. S. McNair, on Hunter St.

Mid-Term Break
At the meeting of the Huntingdon High School Board, on Thursday evening, it was decided that the week-end of March 1st to 4th inclusive would constitute the mid-term break for students and teachers.

Bond Issue Sold
The \$300,000 bond issue of the Catholic School Municipality of Huntingdon has been sold to La Maison Bienville Ltd. and their bid was accepted at a meeting of the School Board on February 6th. \$147,500 was sold for \$87,477; \$83,000 for \$89,900 and \$117,500 for \$93,27. The total cost to the Board was 6 1/2 %.

Gets Arm Caught in Machine
Mr. Carman Stark met with an unfortunate accident while employed at his work at the mill of Fawcett & Grant Ltd. on Thursday morning. He was working on a warper, when his right arm was caught between the yarn and the beam and resulted in it being broken in two places. Both the forearm and the upper arm were broken. He was immediately taken to the Huntingdon County Hospital, where Drs. F. G. McGrimmon and K. G. Cameron, attended the injured man and decided he should go into Montreal for special attention. Mr. Stark is presently in the Montreal General Hospital. From reports, it is understood that he will make a full recovery and should be returning to his home shortly.

W. C. Tedstone Improving
Mr. W. C. (Bill) Tedstone, who suffered a heart attack a few weeks back, is reported to be improving. He is a patient in the Huntingdon County Hospital. It was rather unfortunate that "Bill" suffered this attack just about the time of the reopening of his newly renovated restaurant on Chateauguay St. However, the restaurant is now open for business, and many new improvements have been made, one in particular being that the floor is on one level and a clear view of all parts can now be seen. More space is available by the changes made and the counter is much better placed. All will be glad to know that Mr. Tedstone is improving, although it will be some time before he can return to his business. Meanwhile Mrs. Tedstone is carrying on.

Mrs. George Harrigan and son Melvin and Mrs. Susie Dunn were Sunday visitors at the home of Mrs. Evelyn Mather in Nitro.

Mrs. George Harrigan and Mrs. Susie Dunn were guests of Mr. and Mrs. Fred Baskin and Mr. and Mrs. Edwin Baskin, on Monday.

Mr. and Mrs. Albert Germain and Monique, Mr. and Mrs. of gardening and he was noted for having beautiful gardens. Mr. and Mrs. Casey had planned to leave for a Florida Vacation during the week end. Besides his wife, he is survived by one daughter, Mrs. Victor (Sue) Conlin, Watertown, N.Y., a grandson, one niece and one nephew.

COUGHS AND COLDS

More time is lost from work because of "common cold" than for any other reason. That means more physical discomfort is caused by colds than any other illness. Doctors today list colds as one of our greatest enemies.

Although there are no "cures" for the common cold there are good medically proven preparations which will do much to relieve the discomfort of colds and such side effects as coughs and muscular aches. Many people tend to rely on home-remedies passed down from generation to generation. However, medical research teaches us that colds should be treated with modern, up-to-date preparations, not by hearsay medication.

Your pharmacist is ready and able to help you select preparations which he knows are properly compounded. These will aid in positive relief of cold symptoms and discomforts. At the first sign of a cough or cold ask your pharmacist for one of the many helpful preparations on his shelf.

Bowling was back at the fore as the main sport at C.A.L. Recreation Centre this past week. Two ardent lady bowlers were tied for high single with handicap with scores of 249. Each of them will both be awarded weekly prizes and these lucky winners were Mrs. M. Lapiere of the Gay Dolls and Mrs. J. Kelly of the North Stars.

The other prize winner in the ladies section was Miss Beverly Maither of the Go-Getters who rolled 253 without handicap. Prize winners for the Men's League were: High single with-

out handicap — Marcel Pitre of the Chiefs with 331. High single with handicap — Phil Boudreau of Propellants with 308. In the volleyball league the Lab Globetrotters are maintaining their lead having lost only one game this year. Three regular scheduled games were played off Wednesday evening, Jan. 30th. In the first game of the evening the Propellants First Stage team defeated the Personnel Hound Dogs, the N/O Aces were victorious in their game against the Main Office Troubadours and in the final game of the evening the Propellants Team defeated the Inspection Service Team.

A curling rink from Nitro representing the Valleyfield Curling Club was entered in the invitation Bospiel held by the Beauharnois Curling Club. The tournament commenced on Thursday evening, Jan. 31st and the Nitro Rink played their match on the opening evening, defeating a rink from the Montreal West curling club 10-4. Winning by such a margin our local rink has a good chance of remaining as competitors in this Bospiel. Skip of the Nitro Rink was Mr. Cy Lee, and the remaining curlers are Mr. H. S.

Dando, D. Keith McMullan and George Pert. With an eye on the coming Golf Season, a number of Nitro golfers attended the annual meeting of the Valleyfield Golf and Country Club, held at the Legion Hall in Valleyfield, on Wednesday evening, Jan. 30th. At this general meeting plans were discussed for the forthcoming golf season and this meeting also marked the termination of office for the executive of last season. Mr. Jean Marie Lafleur as retiring president, was in the chair, and during the course of the evening nominations were received for a new executive.

Among the out-of-towners visiting in our community this past week is Mr. Spencer Johnston of Country Harbour, N.S., who is visiting his son and daughter-in-law, L.A.C. and Mrs. Dennis Johnston of Laurier St. The senior Mr. Johnston will accompany his son and family when they leave Nitro shortly to take up residence in Ontario. Mr. George Goutis who has been employed in Halifax for the last several months, is presently enjoying a visit with his wife and two children on Robb St.

Mr. and Mrs. George Banquette and daughter Karen, and Mr. and Mrs. G. Brabant and their two children, all of Montreal were Sunday guests at the home of Mrs. Evelyn Maither of Kent St.

Mr. Alvin Lang of Montreal spent Wednesday evening, Jan. 30th, at the home of his sister and her husband, Mr. and Mrs. Dunc Campbell. Mr. and Mrs. D. M. Carille and Mrs. T. M. Moodie all of Montreal were Saturday guests at the home of Mr. and Mrs. Frank Burke of Coronation Drive. Mr. Carille was guest of honour at a dinner party given by his daughter Mrs. Burke, with a gaily decorated cake to make the occasion.

Another birthday was celebrated on Sunday, Feb. 3rd, at a dinner party at the home of Mrs. K. Steele of Laurier St. The guest of honour on this occasion was Miss Heather Phillips of Montreal. We welcome to our community L.A.C. and Mrs. Roy Robinson, formerly of Ellsforth, Ontario, who have recently taken up residence on Lapointe St. Miss Joyce Frizzle of Windsor, N.S. is presently staying with the Robinsons until her approaching marriage on Feb. 9th.

Nitroites who have travelled away either for pleasure or business reasons this past week were Mr. and Mrs. J. Mickelberg of Kent St. who enjoyed a pleasant Sunday's drive to Malone. Mr. and Mrs. Dunc Campbell spent the week-end at the home of Mrs. Campbell's parents, Mr. and Mrs. Earl Lang of Aylmer, Que. Sunday on their return trip to Nitro the Campbells enjoyed a pleasant visit with Mr. and Mrs. John Crawford of North Gower, Ontario.

Mrs. Archie McFall of Kent St. was a recent guest at the home of her brother-in-law and his wife, Mrs. R. McFall of St. Adele. Mrs. McFall holidayed for a week at this Laurentian resort town. Dr. H. P. Thomas and Mr. L. B. Buchanan, both of Montreal, were in town for a second business conference which they attended in Washington, D.C. On his return from Washington, Dr. Thomas and Mr. D. McLean also spent Thursday, Jan. 31st, on a business trip to Ottawa. Congratulations are in order to Mr. and Mrs. Marcel Sauvé, of Lapointe St. on the safe arrival of a baby son, born on Monday, Jan. 28th at the Hotel Dieu Hospital, Valleyfield. We are pleased to report that Barry Brown, son of Mr. and Mrs. Art Brown of Robb St. has recovered sufficiently from his recent illness to have been released from the Hotel Dieu hospital.

George Phene, son of Mr. and Mrs. William Phene of Coronation Drive is a patient at the Barrie Memorial Hospital in Ormstown, where he will undergo observation. All hope George's stay in the hospital will be of short duration. Friends of Mr. W. G. Thomson of Willow Drive, will be sorry to hear that he is quite ill and has been confined to bed for the past week. Mr. Wm. Winfield, of Canadian Arsenal, will speak to a group of students on Tuesday, Feb. 5, at McGill University. The subject of his talk will be Industrial Recreation.

For You Madam

HUNTINGDON W. I.

The year 1957 is an important one for the Women's Institute, as it marks the sixtieth anniversary of the founding of the Women's Institutes. On February 19, 1897, at Stoney Creek, Ontario, Mrs. Macdellaidie Hoodless started the first W.I. Mrs. Alfred Watt, the first president, carried the idea to England and eventually it circled the globe. Tuesday's meeting at the home of Mrs. Cora Kelly, Henderson St., saw an exceptionally large attendance, with Mrs. Gordon Ferry presiding. Roll call response was made by presenting a wrapped gift for contest prizes. Letters of acknowledgment of cards and gifts sent to sick members, and thanks for donation sent to the Tiny Tim Fund.

Miss F. Turner, convener of education read a timely article from Macdonald College Magazine by Miss Catherine McKenzie, in which she spoke to the younger married women. She compared them to Solomon's version of a perfect woman. Our women cheered up well, with the exception of seeing that the laws of our community were enforced, especially laws affect-

ing the selling of liquor to minor children. It is the duty of parents to enforce these laws affecting the welfare of our young people, also to oversee their activities. Give them the freedom of the home for their parties, etc., so they will not be driven to questionable places for entertainment. The president, Mrs. Ferry told about the Hungarians who have come to Huntingdon and who are being taught English at the Legion Hall, as well as being entertained there. The W.I. agreed, with other local groups, to assist in this work. Used clothing for them may be left at the Legion Hall.

Mrs. McCartney read a message from the late Miss Elizabeth Christmas of England, who had passed away in October last. Many will remember Miss Christmas, who in 1945, visited Institutes in Canada on a goodwill tour to thank the Canadians for the help given in war time. She was awarded high honors from the A.C.W.W. for her W.I. work. Those who saw and heard Miss Christmas have pleasant memories of her visit.

Mrs. Carl Anderson gave an interesting account of her plane trip to Winnipeg as delegate to the National Farm Radio Forum Convention. She showed several souvenirs and pictures, and spoke in enthusiastic terms of the Hospitality of the people of Winnipeg. It was decided that the Institutes will make donations of money to the School Library Fund and to the Canadian National Association of the Blind. Mrs. Bernhardt reported nothing had been heard about the school children. The public speaking contest finals will be held in Ormstown in April.

A demonstration on the making of decorative table Christmas trees was given by Mrs. Vera Fennell, and was much enjoyed. An art contest conducted by Miss F. Turner then took place, the winners being Mrs. E. Woods and Mrs. A. McCartney. Refreshments and a social hour ended a pleasant afternoon.

HEMMINGFORD — The regular monthly meeting of the Presbyterian Young Peoples Society was held at the home of Mr. and Mrs. Myrle Hadley on Saturday evening, February 2nd, with 12 members and two visitors present. Marilyn McVey was added to the roll. Several games were played which were enjoyed by all. President Peter Kramel, called the meeting to order. Myrle Hadley read the Scripture. A skating party was planned for Saturday night, February 16th, at the rink, and a skating and refreshment night at the Anglican Hall. In absence of the treasurer, Ruth Sellar, Mr. Rutherford picked up the collection which amounted to \$1.60. Carl Kramel, acting secretary, reported on the Benediction was repeated. Delicious refreshments were served after which a social hour was spent. Peter Kramel on behalf of the Young Peoples Society, thanked Mr. and Mrs. Hadley and Myrle for the refreshments and for the use of their home for this meeting. The next meeting is to be held at the home of Mr. and Mrs. R. Gibbs, on Saturday evening, March 2nd.

Mr. and Mrs. A. Lavigne and daughter Linda of Bale D'Urfe were Sunday, Feb. 3rd, guests of Mr. and Mrs. Frank Pelletier and family. Mrs. Jessie Cookman, who has spent the past three weeks with her daughter, Mrs. Arthur Hébert, left on Sunday to spend an indefinite time with her daughter Mrs. Kenneth Akester in Ville LaSalle, and her son Mr. Kenneth Cookman in Verdun.

Miss Jacqueline Hébert, who is attending Valleyfield Normal School spent the week-end with her parents, Mr. and Mrs. Arthur Hébert and Mary. Mrs. Lyle Simpson entertained several of her daughter Joanne's friends to a party at her home in honour of Joanne's 8th birthday. Needless to say all had a very pleasant afternoon. The W. I. sponsored a card party and food sale on Thursday evening, January 31st, in the High School Auditorium. There was a very good attendance and everybody seemed to have an enjoyable evening.

The annual Church meeting of St. Luke's Anglican Church was held on Sunday afternoon, Feb. 3rd, in the Church Hall. Rev. Rice of Montreal acted as chairman and opened the meeting with prayer. Mr. C. E. Petch the secretary-treasurer read a splendid report which showed all allocations had been met and a substantial balance still on hand. An electric organ has been recently purchased and installed in the church and the members discussed other improvements to be made in the near future. Mr. Robert Hadley, warden, and Mr. E. C. R. Denman, People's Warden, were re-elected for another year. Mrs. D. Wooley reported on the Sunday School which was most encouraging. Rev. Rice closed the meeting with prayer. Mr. and Mrs. Jimmy Laurie invited to a farewell dinner at the New Carlton, the village on Saturday, which was recently vacated by Mr. and Mrs. D. Laurie, who moved into their new home, on the Laurie farm. Mrs. Janie Grant, Ormstown, spent a few days with her grand-parents, Mr. and Mrs. Douglas Laurie. Thursday evening Mrs. Howard Whyte former Miss Monica Murray of Hemmingford, was entertained to a farewell dinner at the New Carlton. She was presented with a large silver tray and bread tray, in appreciation for splendid service. Mrs. Whyte has been with the Bank of Montreal for the past nine years.

Happy Birthday, Leduc!

TEN YEARS AGO THIS WEEK AN IMPERIAL DRILLING CREW DISCOVERED OIL NEAR LEDUC, ALBERTA. THAT DISCOVERY HAS AFFECTED THE LIFE OF ALMOST EVERY CANADIAN

Advertisement for IMPERIAL OIL LIMITED, ESSO. Text: The crew at Imperial Leduc No. 1 that winter's day knew that very few wells drilled in unproven territory find oil in commercial quantities. This could be just another well in a long series of failures... 133 of them at a cost of \$23,000,000... which Imperial had drilled in western Canada. When Imperial Leduc No. 1 'came in' on February 13, 1947, the elated crew knew they had made an important discovery. What they couldn't know was just how important their discovery was, for Imperial Leduc No. 1 encouraged not only Imperial but hundreds of other companies to look for... and find... more oil in Canada. What were the results? • A fast-growing oil producing industry, employing thousands. • New refineries, and expansion of old ones. • Birth of dozens of new industries. • Large savings of foreign exchange that would have been spent on oil imports. • A surer supply of oil for Canada. Nor has this development reached its peak. Though about four billion dollars have already been invested in finding and developing Canadian oil, experts predict another 20 billion will be spent during the next 25 years, bringing us still more industries, more jobs, and, of course, more oil. Leduc's birthday was a happy day for us all!

Valleyfield

VALLEYFIELD — The 4th annual meeting of the South western Division of the Girl Guide Association was held on Saturday afternoon at 2 p.m. in the basement of St. Mark's An-glican church, Valleyfield, with Mrs. F. Willows of Beauharnois, District Commissioner in the chair. Representations were present from the Local Associa-tions and the Guide and Brow-nie Companies of Chateaugay, Beauharnois, Ormstown, Hun-tingdon and Valleyfield.

Mrs. E. Whitehead, Deputy Provincial Commissioner of Hudson Quebec was the guest speaker.

Mrs. Adam Scherf, president of the local Association of Valleyfield welcomed the dele-gates on behalf of the members of the Association and expressed the pleasure of being hostess at the meeting.

Mrs. Willows, District Com-missioner then gave a report of the year's activities and spoke on the importance of maintain-ing camping facilities for the Guides.

Mrs. Willows will shortly be leaving with her family to take up residence in Vancouver and expressed her regrets in leaving the district.

A token of appreciation was presented to Mrs. Willows by Mrs. Whitehead Deputy Com-missioner and a warm wish of success in the future was ten-dered to her by the various Local Associations and Guide and Brownie Companies of the district.

Following the meeting tea was served by members of the Local Association and the Local Girl Guide Company.

Mrs. W. C. O'Connell and Mrs. Alfred Carroll poured tea.

DUNDEE W. I.
DUNDEE — On Wednesday, Feb. 6, the Dundee W.I. was entertained at the home of Mrs. W. S. Smellie.

An interesting discussion on Education was led by Mrs. Chas. Smallman. Mrs. Lester Fraser, spoke of the differences be-tween the teaching conditions and methods of the days of the "little red schoolhouse" and the present time. At that time it meant walk, perhaps 2 or 3 miles to a one room-school where the teacher taught all the first seven grades to possibly thirty or more pupils. Of necessity dis-cipline was very rigid. Teaching methods were quite different but from the discussion it was mostly agreed that modern methods are much superior.

Mrs. Earl Gardiner spoke of many of the modern methods used today. She mentioned arithmetic as having more prac-tical and sensible problems to solve than in the old days. She thought the method of teaching spelling was better than old-fashioned even though the old method was very effective. The old way of teaching English grammar was felt to be good, not enough of it being taught today.

Today's consolidation, how-ever, has its drawbacks. Six and seven year olds have to leave home on a bus early in the morning, not to return till near dark — too long a day for a beginner. Then, too, the child being away from home so much, his interests are elsewhere rather than at home. Because of the shortage of teachers, it was felt that the standard of teaching had been lowered by allowing "openers" to teach.

At present there is still no requirement for refresher courses to be taken but it was still agreed that modern teach-ing methods are very good.

Mrs. T. Stowell read about the care of gladiolus. Mrs. Small-man read about different opin-ions as to how one could get a child to do his work. Mrs. J. Platt suggested that one way of acquiring a new habit is by using a coloured enamel and paint last year's straw hat. She also showed ways of dressing up dishes for bazaars or gifts, and she drew a lovely knitted cape. The origin of the modern denim trousers was also explained. Mrs. E. J. Cameron told about the birthday party given to Prime Minister St. Laurent in the Chateau Frontenac. Since Con-federation Sir John A. Macdonald has been the only other prime minister to attain the age of 75 while still in office.

Mrs. A. H. Fraser told of the worst being done in South Africa by the Women's Organi-zation there.

Annual report forms were given out. These are to be filled in, one to be read at the next meeting, the other sent at once to the various county convenors. Next Sunday

Country Calendar, the TV program at 1:30 p.m. on CBMT, the Women's Institutes are to be saluted on the occasion of their 60th anniversary.

Everyone signed a card to Mrs. H. G. Taylor, provincial secretary, who has been ill.

A delicious supper was served by Mrs. W. S. Smellie and a social time enjoyed.

Mr. and Mrs. Harland Platt have moved into his father's home while his mother and he are away.

The Woman's Association of the United Church held a very successful "Crockinole" party in the Consolidated School Hall, on Friday evening.

Old and young alike, seasoned players, novices and school children make up quite a large group who tried their luck on the four way boards with the sometimes elusive black and white men and everyone en-joyed themselves immensely. Sixteen tables were filled in all, a couple of them being for the 6 to 10 years old.

Winners were: Adults — La-dies, Mrs. W. S. Smellie; Gents, Cameron McNeil. Children: Dorothy Henderson and Robbie Henderson.

Refreshments were served and later everyone thanked by Mrs. E. Fleming for their inter-est in spending a couple of weeks with her grandparents.

Mr. John Henderson is in Barrie Memorial Hospital, where he is being treated for a bad stomach ulcer condition.

Ormstown Store Broken Into

During the night of February 4th and 5th, the Ansoine Reid restaurant in Ormstown was broken into and about \$200 in cigarettes, chocolate bars, etc., were stolen. The thief or thieves forced both doors in front of the store to gain an entrance. Det. F. Wilmut investigated the robbery.

Arrangements have been completed for our Open House which will be held this coming Thursday, starting at 7:45 p.m. An abbreviated form of the Cub and Scout meeting will be presented. All parents and friends are welcome.

Ladies' Auxiliary, An essential part of any Scout and Cub Group has been realized in Huntingdon with the recent formation of a Ladies' Auxiliary. Mrs. K. Ferns was selected as the first president of the group. Mrs. Ralph Watson was selected as Secretary-Treasurer. Other ladies on the committee are Mrs. D. A. Stephen, Mrs. C. R. Hawley and Mrs. Norris Herdman.

As a Wolf Cub the boy of eight to eleven and a half learns how to make himself useful, to look after himself and his belongings. Of course his Cub activities give him the energy outlet he requires. Upon completion of Cubbing activities he may become a Boy Scout and benefit greatly from Cub training.

At Investiture the new scout makes the following promise: "On my honour, I promise that I will do my best. To do my duty to God, and to the Queen. To help others at all times To obey the Scout Law."

In the Scouting Movement there are no barriers as to denomination or colour. It is therefore important that our children learn why they should respect the rights of others... feel friendship for people of different creeds and races. In general the Scout is prepared to help everyone.

Right now the Boy Scouts Association is conducting a campaign in Huntingdon and district to expand Scouting facilities. Please give as generously as you can.

Valleyfield Diocesan Scouts Banquet

A supper for the friends of the Scouts will take place on Sunday, March 3rd at the Eloc Superior Ste-Cecile. The supper will start at 7 p.m. sharp. The tickets will cost \$20.00 each.

His Excellency Bishop Caza has agreed to preside at this banquet which will group a number of religious personalities of the diocese. The number of guests is limited to 125. Valuable cash prizes will be awarded during this event.

Nothing will be neglected in order that this banquet is a complete success, be it the menu, the atmosphere or the event itself. The reports presented by the various committees are proof of that. Everything will be done to make it a high class meal.

All those in the diocese who wish to collaborate with the Diocesan Scout Organization should get in contact with the diocesan secretary at 98, Champlain St., phone 1200.

Ormstown

Ormstown Study Club Executive, ORMSTOWN - The Ormstown Study Club Executive met in the High School, on Wednesday evening at the home of Joyce Begbie, Milton Hooker presiding.

The financial standing reported by the 1956 treasurer, Mr. James Anderson, showed \$39.45 realized from the party on December 5th, leaving a balance of \$5.92 in the treasury to begin the new season.

It was agreed that the executive act as a committee to take charge of the overall program for 1957.

Plans were laid for a short course for farmers. Four members of the executive - Mrs. John Wallace, Messrs. Donald Hooker, Adam McNeil and Jas. Anderson were named to meet with representatives from other groups to make the necessary arrangements.

The Public Relations Committee reported that a letter and a questionnaire had been prepared and would be sent out in the near future. Preliminary arrangements were made for a program for Young Adults in the community. Mrs. John Wallace was delegated to call a representative group together to ascertain their wishes with regard to a program.

Mrs. Alfred Sadler, Friends of Mrs. Alfred Sadler, of 760 42nd Ave. South, St. Petersburg, Florida, were sorry to hear of her recent accident when she suffered a bone fracture from a fall.

Archie McCormick, Joseph Miller and Donald Culton. Burial was in Brayton's Cemetery, Apponaug.

Huntingdon Dance Team in Finals at Montreal Tonight

The Chateauguy Valley area is showing up well at the Salon of Agriculture, being held at the Show Mart in Montreal, this week. There is a good attendance of citizens from this area and it is possible that others may wish to attend tonight (Wednesday) for the finals of the Square Dance Competition. The Huntingdon Square Dance Team and also the one from Ste. Martine will be in the finals this evening, competing with two other teams from other parts of Quebec. It is hinted that Huntingdon has a good chance of winning.

Mrs. Stanley Elliott of Ormstown, who was competing in the Dairy Queen Contest, won second prize in this event last night. She is sponsored by the Huntingdon-Ormstown Holstein Club.

This area has figured in the Salon of Agriculture to quite a large extent and in various ways.

CARS ARE MY LINE

by Noel A. Foisy

The most heavily taxed people in the country are those who drive cars and drink liquor. They are often, of course, the same people. Almost anyone will agree that liquor is a luxury, but why should cars be taxed as if they were something that was bad for you.

The figures to prove just how much of a luxury cars really are to the Canadian people came to me a little while ago from one of the automobile trade associations.

They showed that 54 out of every 100 families in this country own one or more cars. Ontario is way ahead in car ownership with 65 out of every 100 families owning cars. The Maritimes have the fewest with only 34 in every 100 families.

Since we are in the business of selling economical transportation, this is the figure that really interested me: in 65 percent of

TEXT OF ADDRESS BY GILBERT MACMILLAN TO DAIRY FARMERS OF CANADA ANNUAL MEETING

We believe the following address given by Mr. Gilbert Macmillan at the recent annual meeting of the Dairy Farmers of Canada, will be of much interest to all farmers in this area. The meeting was held at Winnipeg, Man., and Mr. Macmillan resigned as President of the association being succeeded by Gordon Loveridge, Grenfell, Sask. Mr. Macmillan's address follows: In preparing my address to you this year I have followed a rather different pattern from former years. Instead of reviewing the events of the year just closed, I have tried to review the course our industry has been following, where it stands today, and what its position is in relation to the future.

I think this rather important, because what happens to our dairy industry in 1957 can have an important bearing on its future. If our dairy industry is to keep pace with the expansion now taking place and provide the necessary dairy foods for the almost certain increase in population that will accompany this expansion, something must be done to give our present producers confidence in the future and keep more young people interested in milk production.

In contrast with the short hours of labour prevailing in industry and the rate of wages being paid, this is something

This policy has drawn a lot of criticism but we are still satisfied that to a reasonable degree it accomplished what it was designed for, at a smaller cost to the Canadian taxpayer than could have been accomplished by any other method. Without some form of price support, chaos would have prevailed in the dairy industry. Due to favourable production seasons, and the extra cows held over from 1952, our milk production has steadily increased to a high of 17.3 billion pounds in 1955, with the increase continuing for the first six months of 1956. An analysis of this increase by provinces, however, shows the increase is not evenly distributed across Canada - nearly 70 per cent of it being in Quebec. In many of the other provinces the increase will not more than meet the needs of the increase in population.

We have no complete explanation for the production increase in Quebec, but it may have been due to the fact that the pull of workers from the farms to industry was not strongly felt until just recently. It should also be noted that this increase, which may have nearly reached its peak, was made from fewer but larger dairy herds, and with very much improved practices in cow management. There is, therefore, no complete assurance that our milk production from now on will increase any faster than the needs of our growing population. Another change that has been taking place is the gradual decline in the exports of dairy products. Some ten years ago nearly eight per cent of our total milk was exported. In 1956 it will not be over one per cent unless it is for some special products or some special market. I seriously doubt if we should be much concerned about exports. We are operating in a high cost economy and under natural conditions not nearly so favourable for cheap milk production as many other countries in the world.

When the figures for 1956 are finally compiled it will be found that our production and consumption of dairy products are practically in balance. Now that we have reached that position, we firmly believe the domestic market for dairy products should be as far as possible retained for our own producers. As long as we have people willing to endure long hours and steady application to work necessary for milk production, they should have this protection. One of the major problems facing Canada today is the conservation of our natural resources, none of which is more important than the land, of which we have a not unlimited quantity capable of being profitably farmed. This is perhaps contrary to the opinion generally held.

In the area between the Great Lakes and the Eastern seaboard a great proportion of the land fit for farming is divided about 60 per cent suitable for growing crops and 40 per cent suitable only for pasture or woodlots. It is not divided in any clear pattern that would allow a practical separation of the two, so that each could be fully used separately. The net result of this is that a type of farming that can make use of both types of land as a single unit has to be preserved whether the unit is large or small. Milk production, with the growing of the replacements to maintain the milking herd, allows this to be done and constitutes a sound operation. When this type of farming operation is skillfully carried on, these lands can be maintained permanently in production. This is something that is important to our future if Canada is to supply our basic foods. Apart from the fact that milk in its natural forms is one of our most important and valuable foods, the foregoing shows that its production can also play a valuable part in maintaining a stable rural economy in Eastern Canada. While it may play a lesser role in the Prairie Provinces, it is still of considerable importance to almost all people, thinking of the immense population of the United States and the manner in which that country has accumulated food surpluses over the years. If we will compare the food producing capabilities of the American midwest with what we find in the Canadian midwest, they might change their minds. To maintain a really stable and permanent dairy industry in Canada, it appears to be necessary to break away from some of the traditional agrarian policies. If we are going to keep people in an industry that entails hours of work and continuous application far more exacting than almost any other occupation, we have to at least give them some assurance of reasonable returns and security.

For the past two or three years at our annual conventions we have skirted around the problem of how to accomplish this, and so far have not got very many results. At the recent Federal-Provincial Agricultural Conference held in Ottawa in December, our national farm organization, the Canadian Federation of Agriculture, in its presentation to the Conference set forth in definite terms what we felt we present a full revision of the Special Agreements made with New Zealand and Australia in 1931 to bring them in line with these rates of duty. Until such times as these changes can be put into effect, steps should be taken to bring the imports of these products under the terms of the Export-Import Permits Act.

Competition from substitute products made largely from imported raw materials, much of which enters Canada either free or at a low rate of duty, is bad enough, without the continual threat of imports of dairy products at present rates of duty from countries with lower production costs. This threat is always present when world prices get below Canadian domestic prices. Our present outlet for our milk production, is not included since it is being taken care of under the Agricultural Prices Support Act to at least May 1, 1958. The suggestion is often made that cheese and skim milk powder might be handled under the same method as a permanent policy. With this, I cannot quite agree. It would certainly hold up before the public the picture of the taxpayer's money being spent to subsidize special farm products, while at the same time most of our industrial products are more highly subsidized by tariffs, for which we all pay without very much protest. To use price support on dairy products sold on the

Moved and agreed that Percy Chauvin be appointed auditor for 1957. Walter Arthur attended meeting and presented a deed of agreement on a ditch, the board discussed the matter and asked Mr. Arthur to make a few changes. Moved and agreed that: Elgin Council would

part of this address, there is no reason why the dairy industry cannot continue to be a very important factor in Canada's development. The ability to secure competent labour will continue to be a major problem. Even fairly complete mechanization leaves a lot of work to be done manually and daily on a dairy farm, throwing too much of a physical load on the owner and, in many cases, his wife also. Until this condition is remedied, it is going to be difficult to keep enough young people entering the business to replace those that pass out. We definitely need some readjustment in values that will allow farmers to compete for labour on more even terms with industry. In closing, I would again express my appreciation of the co-operation from my fellow directors, and particularly from every member of your staff at 409 Huron Street, who are dedicated to their work and render you a type of service that wages alone cannot buy.
