

# Facts About Town of Huntingdon Compiled By E. C. Martin, Sec.-Treas.

At the Rotary Club meeting in Huntingdon, on Monday, Mr. E. C. Martin, Secretary-Treasurer of the Town of Huntingdon, was the speaker. Mr. Martin, who has been secretary of the Town since 1928, told the story of the Town of Huntingdon and his observations over the past thirty years.

The following is what Mr. Martin had to say:

The first meeting was held at the shop of James Narey, November 8th, 1848.

Present: Mr. Robert Corbett, Mr. William Graham, Mr. John Morrison, Mr. William Marshall, Mr. Archibald Patterson, Mr. John Somerville.

All councillors were then filed by the Mayor and Councillors of office before William Lamb, Esquire, one of the members of the County Council of Godmanchester and who presided at the election of the above-named councillors. The Mayor laid upon the table a copy of the Proclamation of His Excellency the Governor General establishing the limits of the municipality and erecting the same to be a Village for all Municipal purposes. This proclamation had been posted for two weeks before the door of all the churches of the Township of Godmanchester.

At the first meeting a committee was named to examine the bridge over the Chateauguay River and they gave a detailed report at a following meeting estimating that the cost would be 5 pounds if the work was done in a workmanlike manner and completed before the 25th of the month, the said sum to be paid out of the first monies that are collected for the mill.

The report was signed by William Marshall, Robert Corbett and Archibald Patterson.

At the meeting held on November 25th, 1848, Councillor Graham made a motion to the effect that any person found swimming, bathing, fishing in the river, fowling, sawing or splitting wood, on the Sabbath shall be fined not less than 10 shillings and costs. Apparently there were some with broader viewpoints on the council as the motion on opposition was withdrawn.

At the meeting on December 15th, 1848, the council agreed to pay Messrs. Archibald Henderson and William Brown the sum of twenty-five pounds on condition that they would keep the bridge (the Lower Bridge) in a sufficient state of repair for four

years thereafter. The council was split three and three and the mayor gave the deciding vote in favor of the resolution.

The first business tax was passed at that meeting imposing a tax of 30 shillings for each wholesale and retail trader, and twenty shillings if the goods were not exposed for sale in the shop. It was also enacted that no person shall pass in a vehicle, or on horseback, through the street faster than an ordinary trot, under a penalty of not less than 5 shillings.

The total budget presented was 59 pounds and one shilling, of which seven pounds ten shillings went to the secretary-treasurer, and the by-law levying the rate was passed at 6 pence in the pound of the annual value of the rateable property.

On March 15th, 1850 Councillor Marshall fined two shillings and six pence for being absent from two consecutive meetings and the Inspector was asked to call upon the councillor for the fine. At the next meeting he was excused after an abject apology.

July 5th, 1851 the Lower Bridge was taken over from Archibald Henderson and a street at the south end was authorized, and in August of that year the first fire engine was delivered at a cost of 56 pounds, one shilling and eight pence.

In 1855 J. A. Botham resigned and Henry Schuyler Lighthall was named secretary-treasurer.

April 5th, 1858, 55 pounds was paid to the estate of the late John Somerville for a site for the new proposed court house.

On March 4th, 1867 it was found that the corporation had no flag with which to celebrate the Queen's birthday so one had

to be borrowed from Mr. Boyd. They decided that they must have a flag so they bought the said flag from Mr. Boyd for \$14.80, being the price of the flag.

On January 25th, 1868 tenders were called for the office of secretary-treasurer and Andrew McCallum was engaged at \$36.00 per annum.

In 1870 Robert Hyndman was named secretary-treasurer, and W. S. McLaren followed him in 1875.

The rate in 1888 was 7 1/2 mills. The total receipts were \$2,786.47 and the total expenditures were \$2,423.00.

In 1890 Engineer Vanier was employed to draw up plans and specifications for water works, sewage and electric lights. A contract was made with the Stadacona Water Light & Power Co. for the work which I believe was performed according to plan.

Prior to the cancellation of the Tombola Huntingdon Citizens' Band, under the leadership of Bandmaster Don Moore, was able to give a half hour of one of its usual excellent programmes before a large, appreciative audience in Heath's car park. One

feature of the band concert was a splendid exhibition of baton twirling given by Ross Mitchell, the eight year old son of a Beauharnois Legion member.

Nevertheless the annual first of July dance, which was staged during the evening by the Legion in Heath's Hall, was eminently successful with "The Gems" orchestra supplying the music for the enthusiastic audience of teen-agers.

At midnight the drawing sponsored by the Legion resulted in the following prizes being won:

Movie Camera, by William H. Homer, Ormstown, Que.

Radio, by Louis J. Montour, Caughnawaga, Que.

Electric Shaver, by Leon Robidoux, Huntingdon, Que.

## Legion Dance July 1st. Success Tombola Postponed Due To Rain

Unfortunately, due to the thunder and rainstorm which suddenly developed during the evening of July 1st, the Tombola that was to be staged by Huntingdon Branch No. 81, Canadian Legion had to be abruptly postponed. Ironically so just as the Bingo operators were on the point of calling the first game, with an apparently interested group of people in Heath's car park. It is understood that the Tombola will be staged at a later date at the Legion Hall.

## Sickness And Accident Benefit Plan For Town Employees

Huntingdon Town Council met at the County Building, on Monday evening, with all members present, except Alderman McGerrigle. The minutes of the regular and adjourned meetings were read and a number of bills were passed for payment. As is usual with the reading of the bills, much discussion arose as to some expenditures and whether the best prices had been obtained.

Mrs. Viaw appeared before the council to enquire as to obtaining a permit to build a house in the West section of town near the railway. The council advised her to supply a plan of the type of house she wanted to build and the matter would be given further consideration.

Mrs. Mary Burton, R.N., addressed the council with relation to her Boxer dog which had been killed on the highway just west of town near her home. She had sent a letter to the council and this was read by the secretary and the contents is as follows:

Huntingdon, Quebec, 6th, July 1959.

Mr. Paul Lefebvre, Mayor, Huntingdon, County of Huntingdon, Que. Dear Mr. Mayor and Members of Town Council, I am writing you regarding the matter of my Boxer dog named Talleyrand which was reported to be running on Highway No. 4 near to the above address along with two children on bicycles.

Also reportedly a White Coloured Car driven by a man who, again reportedly, got out of his car, took a look and drove away without identifying himself or reporting this accident. No car number was obtained.

The questions I would like answered are as follows:—

1. Since Talleyrand was wearing her Huntingdon License Tag No. 13:
- a) Who pronounced her dead?
- b) Who ordered her removed to the Town Dump?
- c) Who transported her to this Dump?
- d) If, in the interests of Public Health Talleyrand was removed from the Public Highway, why was she not put in a cold place until the known time of my return to Huntingdon?

2. Who was the Veterinarian called?

What was his advice?

If not the Veterinarian, what authorized competent authority pronounced her dead?

3. Were the neighbours canvassed to find out the Owner's whereabouts?

4. By reason of Talleyrand's wearing of a Huntingdon License No. 13 the owner's name and address were therefore registered with the authority issuing this license, so why was the dog not turned over to the boy in charge of all the owner's dogs and who was also present in the owner's home and had a key for same?

5. This, especially in view of the fact that the owner was due in Huntingdon within 24 hours or less from the time of the accident taking place.

6. If the dog had to be put away, why was she not incinerated or buried? She did not die of a communicable disease and therefore would not have caused a health problem until the owner's arrival.

7. The owner was able to have the dog picked up from the Town Dump with its face, ears, rear and forepaws scorched but not wholly burned 24 hours after the accident.

8. This, in the owner's opinion and Public Health Authorities will bear me out, definitely constitutes a Public Health Hazard which need never arise if this type of accident were handled properly.

9. The owner therefore, has the dead animal in a closed box in a cement basement and can produce it as evidence of the need to have the foregoing questions answered to the owner's satisfaction and the owner shall take recourse to Law if necessary to have these questions answered.

This dog was well-known and

## School Elections In Howick

Brodie MacFarlane and David Silliman, farmers of the Howick district, were recently elected to the Howick Protestant School Board for a 3 year term. This being by acclamation.

Brodie MacFarlane was nominated by Cecil Younie and Gary Barrington, and David Silliman was nominated by Ralph Redick and Norman Simms.

The election was necessary to replace Archie Chisholm and Ralph Redick, retiring after being members of the Board for several years.

## Big Evening Planned At County War Memorial For July 11

The Huntingdon County War Memorial debt has recently been considerably reduced, thanks to a considerable extent can be credited to mill employees who have authorized the employers to deduct a set amount from their respective pay envelopes each pay-day. Subscriptions have also been received from others, but on the whole the subscriptions have not been as generous, as was expected.

At the present time the County War Memorial directorate, and others, are sponsoring a benefit to take place on Saturday evening, July 11. This benefit is to take the form of a Bar-B-Q supper, catered to by Chalet Lucerne Ltd., Montreal. Should the evening be hot the supper will be served under the shade trees about the County War Memorial grounds. The event would take place within the arena.

The Huntingdon Citizens' Band is to be present and will supply music during the early evening. The Knights of Columbus have been playing good softball this July 1st evening. The Ormstown Band was graciously come forward and informed the County War Memorial directors that they would like to donate their services and stage a softball game during the early evening of July 11. Bingo is a favoured pastime

## Farmers' Picnic Has Ideal Weather

Starting out with a dull and cloudy appearance, and cool, July 1st turned out to be a very nice and warm day for the Farmers' Picnic at Greig's Grove, Cairnside. In consequence, there was the usual good attendance and everyone appeared to be enjoying themselves. This picnic has been held for 82 years and it never seems to have been postponed on account of wet weather. There have been times when the weather was threatening and even a thunderstorm has preceded it in the early morning hours, but still the day has turned out well.

There was a good attendance throughout the day and ten softball teams entered the tournament and a large number of children entered the races and other sporting events. The Ormstown Band entertained with selections throughout the early afternoon and these were thoroughly enjoyed. The band later competed in a band festival at Granby, Que., and attained fifth place in its class.

Guests were entertained to a picnic lunch at a special table.

Mr. Keith Greig opened the platform program and introduced Mr. Cyril Dahms as the first speaker. Mr. Dahms is the President of the English Speaking Farmers of Quebec and has been delegated to go to Winnipeg for the semi-annual meeting of the Canadian Federation of Agriculture. He urged the farmers to have a policy for the farmers of Quebec and also asked for support of the organization. He asked that farmers would offer suggestions as to a policy and hand these to him before the end of July.

Rev. Loree, a newcomer to the district and a minister of the church, was the next speaker. He said he was raised on a farm in Alberta and then trained for the ministry. He first had charge of churches near his home town and this was his first time in Eastern Canada. Coming to Eastern Canada was quite a change, he said. He noticed the farms were much smaller and the ways of farming were much different to what he had been used to.

Dr. MacDonald, professor of animal husbandry at Macdonald College, was the next speaker. He was also originally from the west. He said that he noticed that a large number of the roads still need paving and he thought this should be done. He brought greetings from Macdonald College and recommended that a good training could be obtained at the college as a foundation to farming. He noted some passages in the Bible to show that dairy cattle figured largely in the biblical days. The farmer needed to know much in these days and needed to know much about the various new Acts and legislation which has been brought down to aid agriculture today. Training at Macdonald College included this knowledge and it was very necessary for successful farming.

Mr. Lang spoke a few words of greeting and also noted that The Queen was in Ottawa on this day and it held significant and historical value for Canada.

Mr. Greig closed off the program with a few remarks on the founding of the picnic 82 years ago and the fact that it was the 92nd birthday of Canada. He said that when the picnic was first held, it was at Blueberry Rock, but fires had changed this and it had been held in the Grove for as long as he could remember.

The ball games had been going on since the forenoon and these carried on late in the afternoon. Following the program of speeches, the races and other sporting events were carried through. There were no girls teams entered this year.

## Valleyfield Regatta This Weekend Has Fine Program

Valleyfield's international speedboat regatta is expected to draw the largest attendance on record on Saturday and Sunday, July 11-12 next. The number of entries is estimated to far exceed years past by a wide margin, stated Commodore Emmons McDonald this week. "This should be it," stated Mr. McDonald, "and we are looking forward to the keenest competition among all entries in the outdoors." The program should please and thrill the thousands of visitors who journey to Valleyfield each year to attend this unique aquatic event in Canada.

A total of \$3000, in prize money will be awarded the winning entries in each category. Monies are distributed to the winning combination at the conclusion of each final heat.

A spectacular program has been prepared by a committee of some 50 willing-workers, who have been working for over two months to assure the success of the Valleyfield International Regatta.

Programs will get underway each afternoon on both days at 1:30 and the event finishes at 5.

On Saturday evening, at Tougas & Nicholson Hall, some 800 to 1,000 people are expected to have the finest time ever in this city of friends and hospitality. Outing dances, featuring entertainment with widely known personalities, will assure the success of this social part of the regatta weekend.

An aquatic-show will be presented in St. Francis Bay at 7 p.m. on Sunday evening. This will be followed by a concert featuring the Union Musicale Band of Valleyfield. A fireworks display will bring to an end one of the bigger and better spectacles on water in Canada today.

## Has Interesting Visit In Toronto

Arnold McNaughton, Hemmingford, was a recent holiday visitor at the home of Prince and Princess Karl of Leiningen, in Toronto. He also visited with Grand Duchess Olga of Russia, who is a resident of the same place.

Both Prince and Princess Karl and Grand Duchess Olga and her elder son were present at a dinner aboard the Royal Yacht "Britannia" at Toronto, on June 29. It was interesting to get a first hand account of their experience. Grand Duchess Olga had met both the Queen and Prince Phillip in England in 1948, prior to sailing for Canada, where she has resided ever since. It was the first time either Prince or Princess Karl had met the Queen, but had often met Prince Phillip. Prince Karl, like the Royal couple is a great-great-grandchild of Queen Victoria. The Grand Duchess is a sister of Russia's late Tsar Nicholas II who was murdered with his wife and 5 children in 1918. Princess Karl, formerly Princess Marie Louise of Bulgaria, is a daughter of the late King Boris of Bulgaria and a granddaughter of Italy's late King Victor Emmanuel III.

At the opening of the meeting members of the budget committee were nominated. They are: Messrs. Paul Charette, Marcel Quessel, C.A., Rosaire Michaud, Sauveur Gosselin, Re-

## Robbery Suspects Receive Sentence

In connection with the series of robberies reported in this newspaper last week, six men appeared in court at Valleyfield, on Friday and some received sentence for their part in the crimes.

Emery Richer and Elie Richer, pleaded guilty and received sentences of 18 months. Jean Guy Hart received one year and Albert Russell received one month. All the accused are from Dundee. Two others pleaded not guilty and will be tried at Valleyfield on July 16th.

Emery Richer and Albert Russell were arrested at Chrysler, Ont., with the help of the Ontario Provincial Police. Det. F. Wilnot went to Cornwall, Ont. to bring the accused to Valleyfield for trial.

Emery Richer and Elie Richer were accused on nine charges of breaking, entering and theft. Jean Guy Hart was heard on five charges of breaking, entering and theft. Jean Guy Hart was heard on charges and Albert Russell in one.

The Albert Dupuis Hotel is added to the list of victims of robbery and Alphonse Quessel, Cazaville, was subject to two robberies.

Detective Wilnot made the arrests and also followed through the investigations over a period of at least eighteen months.

## School Grounds To Be Enclosed By Fence

A regular meeting of the School Commissioners of Huntingdon School Municipality was held at the High School on Thursday evening, July 2nd, with all members present except Commissioner McIntosh.

A number of bills were passed for payment.

It was reported that the grounds had been surveyed and the fence as required, ordered.

There was some discussion on Bus Routes and it was decided to give J. M. Smellie an increase due to some extra mileage on his route in the coming school year. Renewal contracts were offered to other bus drivers, whose contracts are expiring, at the same rates as previously.

The Board is still looking for a better price on the house and shed on its property. Some offers have been received since the last meeting.

## Ormsdown Band Places Fifth In Annual Provincial Festival

The 29th Annual Festival of the Quebec Association of Amateur Bands was held in Granby, Sunday, July 5th. The Ormsdown Band was honored to be one of the invited bands to participate and is proud to announce they won fifth place in their class in which nine bands competed.

Of the thirty bands on parade, Ormsdown was the only self supporting unit. On the parade ground, also the only band from a small village. Some of their competitors were L'Harmonie de Beauharnois, La Fanfare Notre-Dame de Magog, La Fanfare de St-Jerome, also bands of 50 or more players from Sorel, Louiseville, Joliette, St-Tite and Loveteville. Judging was very exact; the bands were judged on choice of music, deportment, presentation, appearance, marching as well as individual performance. A total of 85 possible marks, Ormsdown was able to merit 59.7 only 8 marks behind the winner.

We feel that a surge of pride should swell in the chest of every citizen of Ormsdown, pride not only for the band as a whole, but for the band master Lindsay Gullen. It should be of special significance that Mr. Gullen's band members are all taught by him. Every other band represented at the Festival requires a certain standard of musical ability in a prospect before that player is accepted.

The larger bands taking part were from Shawinigan Falls, (which was the winner in the 1st of the four classes competing), Three Rivers, Thetford Mines, St. Hyacinthe, La Tuque, Grand-Mere, Arvida, Asbestos, Drummondville, Victoriaville, Valleyfield, Sherbrooke, St. Johns and Montreal.

The Ormsdown Band members benefited much from the great privilege afforded them, the greatest thrill of all was taking part in the massed band at the end of the day, a thrill which only lovers of music can understand when a mighty surge of thousands of instruments "Strike up the Band" at the end of a wonderful day. It was not necessary to understand the spoken word of your fellow musician last Sunday in Granby, the universal language of music made every one there a friend of every one else.

The master of ceremonies for the day was Emile Genest, perhaps better known to some as "Napoleon" of the Plouffe Family. The chief judge was Captain Henri Lepate who instructed his staff of adjudicators in their various duties.

The Ormsdown Band is planning an open air concert in the near future and will play the numbers which won them fifth place in Quebec's Annual Festival.

# Facts About the Town of Huntingdon

(Continued from page 1)  
In that year the rate was 15 mills.

Chas. Dewick acted as secretary-treasurer from June to September 1909 in the place of W. S. McLaren. On the 13th of September Mayor Andrew Philips announced at the meeting that Secretary William S. McLaren had passed away at 6.00 that evening and out of respect for their secretary-treasurer the meeting should stand adjourned. It was accordingly moved by Councillor Feeny and seconded by Councillor Will to that effect.

The council at that time was composed of Mayor Andrew Philips, and councillors R. H. Crawford, R. S. Feeny, R. E. Cogliand, James Will and W. D. Shanks.

At that time there were not too many automobiles in the Village of Huntingdon, for the council was obliged to pay \$2.50 damages to Alex Robidoux for damages to his buggy while travelling on the streets of the Village.

However in 1912 the council

did order the installation of "slow down" signs to apply to automobiles.

Charles Dewick acted as secretary-treasurer until November 1909, at which time R. S. Feeny was engaged at a salary of \$240.00 per annum.

On March 24th, 1910 the lot on which the fire station now stands was purchased from Mrs. Thos. Gamble for \$1050.00. In that year also it was decided to replace the Upper Bridge at a cost of \$10,500.00 half of which was to be paid by the Provincial Government. This bridge also was built by the Phoenix Co.

In 1911 and 1912 there must have been a smallpox scare for vaccination was ordered by by-law within 48 hrs or a \$5.00 fine and \$1.00 per day thereafter as long as the default continued. Proof had to be submitted that a person was vaccinated successfully within the past seven years, or proof of the no taking of a vaccination within the past six months.

In 1912 a by-law was passed to macadamize most of the streets of the Village with the

assistance of the Government under the Good Roads Act of April 23rd, 1911. O'Connor Bros. made application to build the present building and requested leniency in regard to taxes. On motion taxes were fixed at \$50.00 per annum for ten years.

R. Feeny resigned in October, 1915 and W. K. Philips was engaged at \$550.00 per annum. The Town of Huntingdon was incorporated in 1921 under the Cities, and Towns Act which procedure went through without too much trouble although I believe that back of this move was to open the way for a licensed hotel in the Town.

At the meeting, April 18th, 1921, a letter was read and filed from Mr. A. M. Cappiello asking for license to sell off his stock of temperance beer after May 1st. It was moved and seconded that no action be taken. Alderman Faubert dissented but the motion was carried.

In 1921 many by-laws were passed to regulate the proceedings in the newly constituted Town and especially one to regulate the proceedings of meetings. This by-law was based on the authority Bourinot but I think all mayors during my term of office have considered this by-law abrogated because no one has looked at this by-law since it was passed.

On February 6th, 1922, John Macrow was sworn in as a special policeman to assist George S. Gardiner's donation of a small cannon, be accepted and that it be placed in the triangle in front of the Methodist church. At the next meeting the location was left to the Road Committee. Eventually wound up in the park "I believe".

Apparently there were politicians in those days for the council accepted three light posts for the triangle in front of the Methodist church presented to the council by the Hon. James A. Robb. Shortly afterwards Donald McKenzie Rowat donated a flag pole for the same place.

About 1924 J. Gordon Dunn was given a contract to supply electricity for a term of 10 years from Jan. 1st, 1925. Street lamps \$15.00 per annum. Pumping water \$35.00 per H.P. for 24 hours. Private use .09 for the first 35 kilowatt hrs.

In the same year the water supply was condemned and an order was given to the town to install a chlorinator within one month and to have a filter plant erected for Jan. 1st, 1928. In April 1925 W. B. McLean, engineer, was given instructions to proceed with plans for a filter plant of 500,000 gals. per day. In June a by-law was passed to borrow \$27,000.00 to build a filter plant to be paid by 27 annual payments of \$1000.00 each. A vote was taken on the by-law and it carried 65 for and 63 against. Donald McNair was given the contract for the building at \$12,975.00 and International Filter Co. for the equipment at \$14,700.00.

In April 1926 John Macrow was engaged as corporation man for one year, 30 per hour in summer working from 7.00 to 6.00 P.M., and 25 per hour for the winter months working from 8.00 to 5.00 P.M.

**License and Hotel**  
At a meeting on May 3rd, 1928, Alderman Dan Faubert gave notice of motion that he would introduce a by-law to repeal and revoke insofar as the town was concerned By-law No. 49 of the County of Huntingdon prohibiting the sale of alcoholic liquors and to ask the Commission to restrict the permits for the sale of beer and wine. The council at that time was composed of D. J. O'Connor, Mayor, and Aldermen John Small, Dan Faubert, John A. Hunter, Thomas Hooker and Walter S. Brown.

In May it was decided to get an opinion from Peter Berco-vitch, K.C., as to whether By-law No. 49 could be repealed as far as the town was concerned. I do not know what the opinion was but it cost the town \$15.00 which was duly paid.

On June 21st Alderman Faubert submitted a draft of a by-law which was left on the table. On July 5th the by-law No. 201 was passed with Alderman Hunter and Small voting contra. A vote was ordered on the by-law and the minutes were amended to include therein a petition signed by Arthur E. Hunter and 147 others asking that the by-law be submitted to a vote of the people.

Mr. J. G. Laurendeau, K.C., was engaged to appear as joint counsel with Mr. Peter Berco-vitch at a hearing at Montreal in the case of an injunction taken against the Town by Mr. W. F. Stephens to prevent the vote being taken.

In between times the council had time to pass a water tax by-law fixing rates following the building of the filter plant. Rates were \$6.25 for a house under a valuation of \$500.00 and \$7.50 for a house with a valuation of over \$500.00.

The injunction against the town was dismissed and on December 20th, Alderman Faubert moved and James D. Bicknell seconded that the line of the public road, or obstruct communication shall forthwith remove such obstruction and if not removed within one month from the passing of this by-law they shall be removed by the Village at the expense of the owner.

In March 1927 Mr. W. B. McLean, engineer, was engaged to prepare plans for the proposed fire station. The plans were accepted and in June 1927 J. A. Elliott & Co. was given the contract for the sum of \$10,583.00. No bonds were issued and the town had difficulty in financing for several years thereafter.

In 1928 John Macrow was made major domo of the fire station and became town man, fire director, policeman, etc. at a wage of \$275 per day from May to October and \$2.50 per day in the other months.

I took minutes for the first time on May 25th, 1928 at an adjourned meeting after being engaged at the regular May meeting.

The last 30 years are within the memories of most of the members so I have not picked out the highlights during that time.

### Secretary's Service

1. James Botham 1848-1855 (7 years)
2. Henry Schyler Lighthall 1855-1868 (13 years)
3. Andrew McCallum 1868-1870 (2 years)
4. Robert Hyndman 1870-1875 (5 years)
5. William S. McLaren 1875 to 1909 (34 years)
6. Richard S. Feeny 1909-1918 (9 years)
7. William K. Philips 1918 to 1928 (10 years)
8. William S. McLaren has served longer and it is interesting that my office is in the same building as that occupied by W. S. McLaren.

### Things That Should Be Done, Gripes, Etc.

There are at least three things that are absolutely necessary insofar as the Town is concerned.

1. Erle C. Martin 1928-1959 (31 years).

A survey of the streets should be made without delay and posts should be installed or placed which would show the width of the streets. This may not seem important to the layman but it is important to those in the know. As a result people are building on town property or encroachment thereon with the idea in mind that they will become owners of the encroachment. Councils in the past have given some parties permission to build on their own streets and I might mention one case on Bouchette Street which a party was given permission to encroach on. The party was a Bouchette Street where a lending company decided not to lend because the front part of the building was on the street.

I am not fooling when I say that one cannot acquire ownership of this property whether the party be a proprietor or thirty years or one hundred years. The Civil Code Act 2221 is as follows: "Roads, streets, etc., and other places of a like nature possessed for the general use of the public cannot be acquired by prescription, in ordinary cases one must possess as a proprietor to acquire by prescription. In this Town the owners never possessed as proprietors as there is a by-law passed July 7th, 1886 and still in force as follows:

1° That inasmuch as the streets of the Village of Huntingdon were laid out at 66 feet in width it is expedient that the public rights to the full 66 feet be established.

2° In future it will not be lawful for any person to erect any building on any portion of such 66 feet.

3° That in making fences the proprietor or occupant may extend their fences to the space of nine feet on the allowance for the planting of ornamental trees in front of such lots.

4° Each proprietor shall within one year plant hard wood trees one rod apart on their lot or portion of a lot.

5° Where buildings already exist on the allowance for streets such building may remain until they decay or be otherwise destroyed but shall not be reported.

6° The survey plan and report of William Barrett of the boundaries of the several streets shall be the guide in all case of dispute as to the boundaries of the streets.

7° Fences already built which shall extend more than nine feet into the street shall be removed within one year.

Apparently the councillors of those days were more concerned with this question than those of the present day. In 1886 a building on Hunter Street, which encroached on that street, had been removed. The proprietor sought to rebuild but the council by resolution decided to take legal proceedings to stop him if the proprietor did not record but I believe nothing further was done.

2° Any person who shall intend to build any building or erection of any nature, whatsoever, shall first require the line of the public highway bounding the property upon which it is intended to be built to be run before building, and shall not make any erection, encroachment, projection or obstruction, of any kind whatsoever, or beyond the line of such public road.

Following the passing of this by-law on Sept. 3rd, 1888, W. D. Shanks was notified to get his scales off the street within 30 days, and to have the cavity caused by the same to be filled up.

The matter came up again in 1907. The house of K. Williams on Front Street (Chateauguay St.) was reported to encroach on the street. A resolution was passed to take legal action to have the building moved back. No more action reported in minutes.

The plan which I have in my office shows the original lines and also the lines representing the encroachments. My contention is that no matter what the encroachment one can never acquire ownership of any part of the original streets.

This is doubly important in that the Town has a building by-law by which buildings must be built at least 25 feet from the line. But where is the line. No one knows. They come to me and ask me from where do they start measuring. I tell them that I haven't the faintest idea and they will have to get a surveyor to determine the line. There will be no improvement in the situation until my proposed survey is made and posts installed on each street.

### Proposition 2:

Lot 65 extending almost from Wellington Street to the Head Line Road should be subdivided the Registry Office. All this and a subdivision plan filed in stretch of land, including Holly-wood is part of lot 65 and each individual property is described as a part of the said lot bounded by so and so. In many cases there are no bounds and only the dimensions, width and depth. You can see that the rear post at the rear of any property would disappear over the years and you could have all kinds of disputes over boundaries.

The most serious complaints about this matter is the cost of a certificate of search. Holy-wood every seller is obliged by law to produce in the case of a sale. In the case of lot 65 as now constituted all the sales, etc., pertaining to the whole lot must be inserted. This could easily run up to \$400.00 or \$500.00 and will get worse as time goes on. I know of one case where the seller had to pay about \$300.00 several years ago.

This is not a matter that interests the council members too much but should be done in the interests of the Town. My suggestion would be for Mr. Somer-

ville, M.P.P. to look into the possibility of this work being done by the Department of Lands and Forests. There must be some regulations in the Department for a situation such as this.

### Proposition 3:

The council should pass a resolution to do away with the Rental Regulations insofar as the Town of Huntingdon is concerned. This is of no benefit at the present time and may be a hardship for an owner who has had a tenant for many years. I have brought this up at a meeting but the members took no action. Many towns have passed such a resolution and as a rule the Regulations only apply in the large cities. It is more or less a nuisance here.

Valuations: The valuations for the most part in the Town are incorrect and absolutely illegal. This is a very debatable question but most anyone will admit that as a rule our properties are not valued at 50% of the real value required by law, and therefore they are illegal.

The rule is, and it is only a rule, as established by the courts is "the price that a seller, who is not obliged to sell, would accept from a buyer who is not obliged to buy, or the price in a free market, or the price at which a thing is saleable."

There is the recent case of the Town of Lake Megantic vs. the municipal corporation of St. Samuel. It was alleged that the corporation systematically valued the properties at one-third of their value. The whole valuation was set aside.

The chief secretary gripe is the length of meetings and this does not only apply to meetings of the Town of Huntingdon. Instead of sitting three to four hours at a meeting I am of the opinion that all business could be handled in an hour and a half or two hours if the rules of Bourinot and by-law 182 were followed. I have attended meetings where six people were talking at once, or carrying on three different conversations each one getting louder and louder in order to make himself heard. I have attended meetings where a matter is settled only after being talked out, or when there was nothing more to be said by any member. My contention is that if the rules were followed each member could and should form his private opinion on any matter and that the majority decision should be in the best interest of the municipal corporation.

By-law No. 182 defines the duties of chairman of a town meeting in controlling his meeting and in part:

8° No person not a member shall be heard without the permission of the chairman.

9° Any member when about to speak shall rise and address himself to the chairman. He shall confine himself to the

question under debate, and avoid all personalities, and not refer to any member of the council in a disrespectful manner.

10° The chairman may call any member to order at any time.

This by-law covers all the duties of the chairman and proceedings in the conduct of meetings and should be studied by any incoming mayor.

One of the main duties of such an office is to be as tactful as possible to those who have elected the council members. We try to be pleasant, we try to link their language if it differs from ours, we try to joke with them if they come in in bad humour.

Occasionally some person comes in and wants to clean up the office, council and members thereof. We try to be reasonable. As far as the board or council is concerned you should do the work, do it right, and give the members all the credit. The minute a secretary-treasurer runs things with himself in the limelight instead of the council, he is in trouble.

As I have mentioned above, you must do the work right and that is very important in this office. About 90 per cent of all actions lost by municipalities are due to the secretary-treasurer not following the essential formalities in regard to delays, notices, etc. I am happy to say that in the 31 years of my service to the Town of Huntingdon not one action has been lost, nor has it cost the Town one cent for costs due to negligence on this ground.

## Queen Elizabeth To Receive Payment Of Rent

Queen Elizabeth will accept payment of rent from the Hudson's Bay Company on July 24 during her visit to Winnipeg. It has been announced.

This historic tribute is in accordance with the Company's Royal Charter of May 2, 1670, which stipulated that rent must be paid to King Charles or his heirs or successors whenever they should enter the territories of Rupert's Land. The wording of the original statement is as follows: "in free and common Socage and not in Capite or by Knights Service Yielding and Paying yearly to us our heirs and Successors for the same two Elkes and two Black Beavers wchsoever and as often as we our heirs and successors shall happen to enter into the said Countries, Territories and Regions hereby granted."

The Governor of the Company, W. J. Keswick will travel from England to take part in this unique ceremony in Kildonan Park, Winnipeg.

In 289 years the Hudson's Bay Company has paid rent once be-

fore, to King George VI in 1939. There is no money transaction in the "rent-paying" ceremony. Instead, in accordance with the Company Charter, the Queen will be offered two elk heads and two black beaver skins. The eighteen Londoners who drafted the original Charter did not leave records to explain their choice of elks and beavers as the tribute. It is a fair guess that both animals were common about the bottom of Hudson Bay when the Company's first ship, the "Non-such" anchored there in 1668. The ancient coat-of-arms carries beaver and elk symbols.

Impressively mounted on massive birch shields, the matched elk heads to be given Queen Elizabeth come from Elk Island, Alberta, while the two rare black beaver skins have been saved from more than 50,000 at the Company's Beath Fur Sales Department. Beneath each elk head on the shields are sterling silver plates which bear the following inscription: "Yielded and paid to Her Majesty Queen Elizabeth the Second by the Governor and Company of Adventurers of England Trading into Hudson's Bay under the terms of their Charter granted by King Charles the Second to their first Governor Prince Rupert 2nd May 1670, Winnipeg, Canada, 24th July, 1959."

## Assistant to the Nurse Protecting the Customer

Every year, girls graduate from high school dreaming of becoming nurses, although their financial situation and the need for finding employment may make this impossible. They can find a satisfying compromise in becoming an assistant to the graduate nurse. Government-approved schools in almost all provinces offer a course of training that provides a certificate to the successful graduate of the schools. Opportunities for work are assured. The training includes both theory and practice. Information on these schools may be obtained from any provincial registered nurses association or from the Canadian Nurses Association in Ottawa.

## THE LAW FORBIDS ANY DRINKING

The Provincial Highway Safety Committee, (Prudential), reminds drivers that drunken or impaired driving is not the only drinking which is forbidden by the motorist or a car occupant. The law states clearly that any drinking while a vehicle is in motion or when it is parked alongside a road is forbidden. The penalty for such an infraction is a minimum \$50 fine or eight days jail. Keep this in mind when you drive.

**Recent Trends In The U.S. And Canadian Automobile Industries**

(The U.S. figures are those published by Ward's Automotive Reports; the Canadian figures are from the Canadian Automobile Chamber of Commerce.)

Passenger Car Production (thous.)

Year	Canada	U.S.
1958	160	2,920
1957	177	2,920
1956	177	2,920
1955	177	2,920
1954	177	2,920
1953	177	2,920
1952	177	2,920
1951	177	2,920
1950	177	2,920

During the first five months of this year, Canadian passenger car production ran 11% above a year ago compared to 45% higher in the United States. However, the U.S. parent firms appear to be farther from peak operations than their Canadian subsidiaries. Canadian output this year has been roughly 12% below the early stages of the 1955

In suggesting that motorists start early, Mr. Farquharson said that they should first get a good night's rest and begin the trip when they are relaxed and alert to avoid falling asleep at the wheel, he stated that safety authorities including those of the American Medical Association recommend that motorists stop every two hours for a coffee break. This affords an opportunity to get out of the car, stretch tired muscles, and regain the alertness that may mean the difference between life and tragedy.

He recommended that motorists and the day's driving well before dark because statistics show that the most dangerous hours on the highways are from four to eight o'clock in the afternoon and evening.

"If vacationing motorists will heed these simple suggestions," Mr. Farquharson said, "they will enjoy their trip more and will reduce measurably their chances of disaster on the way."

upsurge but U.S. output has been running 30% below the similar period in the record year of 1955. The production upsurge in both countries has been chiefly dictated by the most vigorous sales trend in several years. These sales, and to a lesser extent the threat of a U.S. steel strike, have fostered an expansion of U.S. dealer inventories to near-record levels. This does not appear to be a matter of concern to the industry. It is pointed out that, with the greater variety of models, a higher level of inventories has become necessary. Canadian inventory expansion seems to have been more modest.

This year the prices of new models have shown greater year-to-year gains than they did in 1958. In both countries new cars are being priced about 5% higher than last Spring, whereas a year ago they showed little or no year-to-year gains in Canada and only about a 3% gain in the United States.

In the past three years, imports of small European cars have made faster inroads into the U.S. car market than into the Canadian, although their slice of the U.S. market remains proportionately smaller than their Canadian slice. For every small car imported over the 1954-56 period, Canadians made 14 cars and Americans made over 100.

By early this year these figures had fallen to about 3 and 10 respectively. The change has thus been even more dramatic in the United States than in Canada. In 1958, the apparently recession-proof imports of European cars were well over 7 times the 1955 figure in the United States, and 4 times the 1955 figure in Canada.

The Week At Ottawa

(See page 7)  
 English-language network — showed that the CBC loses money on most programs. Fifty-five of the sample programs, one of them costing \$36,000 to produce, were unprofitable, and the taxpayer paid the whole shot. Of the 40 sponsored, only 17 produced a profit, and these were all small and mostly sports-coverage programs and quiz shows.  
**Queen's Visit**  
 Three days of broadcasting committee hearings bracketed Dominion Day when Parliament took a holiday to participate with Queen Elizabeth and Prince Philip in elaborate celebrations of Canada's birthday.  
 The St. Lawrence Seaway portion of the tour over — when the Queen joined with President Eisenhower in opening the giant inland waterway at Montreal — the Royal couple spent two days in Toronto and a day in Ottawa before making a whirlwind train tour of South-western Ontario, a yacht trip to

Chicago for a day and a flying trip to Calgary and the West Coast this week at the half-way point in their six-week stay.  
**New Farm Measures**  
 Agriculture Minister Harkness last week introduced in the Commons his promised farm legislation:  
 1. A crop insurance plan dependent on provincial participation. Wherever there is an approved provincial plan, the federal government would contribute 20 per cent of farmers' premiums and 50 per cent of provincial administrative costs.  
 2. Legislation providing for farm mortgage loans with super-interest by government farm experts. Maximum on government loans would be increased to \$20,000 from \$15,000, and 75 instead of 65 per cent of the farm's value could be mortgaged.  
 These, the government's main agriculture measures of the session, brought persistent Opposition sniping. Liberal and CCF spokesmen accused the government variously of taking half-way action, of mistreating farmers, and of "shameful

dealings with provincial governments on farm matters. They charged that a plan dependent on provincial participation was not the "comprehensive" plan promised by Prime Minister Diefenbaker before the 1957 election, and that Mr. Harkness did not have the "courtesy and decency" to discuss the proposed plan with the provinces before proceeding with it.

Howick

**HOWICK.** — Saturday evening, June 27, the family, immediate relatives, and near neighbours gathered at the home of Mr. and Mrs. E. B. Muir, the occasion being a surprise party to celebrate with them their 40th wedding anniversary. They were presented with many gifts, and a silver tray from their family. During the evening the group were entertained by a series of pictures, shown by Mrs. Muir's brother, Clifford Murphy of Toronto. These slides had been reproduced from old photos and snap-shots, taken during the past forty years.

The Howick United Church Evening Auxiliary met on Tuesday, June 23rd, at 8:30 p.m. at the home of Mrs. Gertie Allen. The President, opened the meeting with a reading, and singing of "Bringing in the Sheaves". Mrs. Lloyd Allen gave the Devotional, reading from Gen. 11: 1-9.

Mrs. Marjorie Templeton gave the Study Book Chapter on the West Indies, Coloured maps of the West Indies were passed around. Mrs. Mary Orr read a poem. Roll call was answered by 21 members and 3 visitors. The text word being "Grow". A letter was read from the Secy. of Christian Stewardship asking that the members write regularly to their Prayer Partner.

An invitation was extended to all members to attend the joint meeting of the W.M.S. and Mission Band on July 21st. It was decided to postpone the Evening Auxiliary meeting until Thursday, July 23rd.

The Sunshine Mission Band of Howick United Church held a meeting on Sunday, July 5th, at 11 o'clock. Thirty-eight children were present and enjoyed the twenty-third Psalm by flannel-graph. Mexican souvenirs were shown, and a story, "The Secret for Lupe" was told.  
**Evening Auxiliary**  
 Fifteen members attended the July meeting of the Georgetown Evening Auxiliary at the home of Mrs. Wilburn Anderson on Tuesday evening, a day earlier, on account of the Dominion Day holiday. The President, Mrs. C. Brown, opened the meeting. Mrs. N. Simms led the responsive reading followed by prayer by Mrs. W. Smith. Mrs. G. Barrington was appointed to order two pairs of blankets. The aprons netted \$8.25. Mrs. R. Anderson took the study, a chapter on "Open Door to Korea". Dainty refreshments were served by the hostess, Mrs. Anderson assisted by Mrs. W. Smith, Mrs. R. Anderson and Mrs. N. Simms.

## Members For Huntingdon Fair

IT is expected that from now until Huntingdon Fair in September, the drive started last year will be continued this year for membership in the Huntingdon Agricultural Society Division "A". Already a number have renewed their membership and will benefit by so doing. This membership helps the Society by giving it a little money in advance to pay for the various items which have to be met before the Fair is actually held.

If the monetary end of the Fair is upheld, the officials will be able to provide better facilities and to make improvements from time to time which will enhance the Fair. Improvements have already been made and more are yet to come when the extra money is available for the purpose. The membership drive is a splendid effort in the aggregate, yet individually it does not cause

any strain. Co-operation is what is needed and that means the people of Huntingdon in the area served by this division of the Agricultural Society. When you are approached to take a membership, remember you are helping yourself as well as the Society. Huntingdon needs a good Fair and the more attractive it can be made the better it will be. A good Fair can be an excellent advertisement for any community. There can only be a good Fair if all the citizens will cooperate. This means they must be willing to support the Society by their patronage of the Fair and one way to do this, is to purchase memberships. With your membership, you will receive a certain number of admission tickets which can be used on one day, or spread over all days of the Fair. Thus you will not be losing, but will actually be gaining. Don't delay, get your membership right away.

## Red Premier - Hitler-Like Threat

THE conference of Foreign Ministers is scheduled to re-convene on July 13th to try and arrive at a time and place for summit talks. It will be remembered that an adjournment was called and at that time no definite conclusions had been formed, but it was thought that the chances of a summit meeting were hopeless.

This past week an announcement was made which would seem to make this thought preclusive. The announcement does not come from an official source of the U.S. Government, but from a man who was a visitor to the Soviet and had talks with the Russian Premier, Khrushchev. The visitor was the former Governor W. Averell Harriman. Nikita S. Khrushchev said, "You must tell your President what I have said. Mr. Harriman's reply was that he had no right to receive messages from the President, as he was travelling as a private person. However, Mr. Harriman reported the interview to the Moscow Embassy to Washington.

Some of the language used by Khrushchev was reported as being unprintable. He began in sweet tones with Khrushchev's alleged desire to improve relations with the United States, to live in peaceful co-existence. As the talk drew on, he indicated only too plainly that the first step would have to be by sweeping concessions to his viewpoint and wishes. The big concession of course was with regard to Berlin. He said he had made a rock-bottom offer and it is the Soviet plan to make Berlin a free city with Western presence reduced and all control of the right of access in the hands of the Kremlin's East German puppets. The Berlin negotiations he insisted must be resumed on the basis of this offer. In strong language he warned that the Soviet Union would give immediate military support to the East Germans. If the Western powers attempted to assert their established right of access to West Berlin after a treaty had been signed, Khrushchev stressed in extreme manner his missiles, H-bombs and the invincible superiority of the Russian Military forces. It was this part of the interview which has been called Hitler-like, in official circles. Khrushchev displayed extreme self-confidence and down-right arrogance during his talk.

It would seem that the prospects for a

summit meeting are out — just as we predicted before the Foreign Ministers met. Unless the Western Nations humble themselves to Khrushchev, they cannot expect any peaceful ending of their difficulties. Of course the terms are not compatible to the Western Nations. If the reunification of Germany can be brought about by a vote of the German people in a free voting, then the Western Nations would be willing to give some way. To allow the Russian terms to stand would be playing the whole of Germany into Russian hands and eventually the rest of the free world. It cannot be supposed that Russia would stop at Germany. If we have any feelings that Russia would be satisfied with her own terms, then it is time we changed them. To give Germany over to such terms would be betraying them and ourselves and constitute one more bloodless victory for the Soviet. The whole world could be conquered in this way, for as we relinquish each piece of the world to threats, our own defence is weakened and we would all finally become serfs of Soviet Russia.

We do not want war — but there is a limit as to how far we can go in order to avoid it. We are dealing with a cunning and patient enemy. We become exasperated, while he remains calm and even laughs in our face. Our patience must match his at all times and never must we allow him to think that we have reached the stage of exasperation, even though under the surface, we already have. Such is a sign of weakness and a time when more and more pressure is applied until the breaking point is reached. Now more than ever, the heads of the Western Nations need to cling closely together in a unity of strength that will bring fear to the Russians. They must not quarrel over little things, they must decide the big things and stand together as one front. This must be their reply to Russia's threats, and in the face of such unity, we do not believe Russia will ever put into action any of her plans. It will mean however, a continued and ever increasing plan of defence for all Western Nations, it will mean improving all our defence works. Even the chinks and cracks must be filled against possible infiltration of enemy action.

The only other resort — War — then God Help Us All.

## Potpourri

ONCE in awhile there comes a time when ideas and items become scarce and it is hard to find something of interest for a column such as this. There are several items we can write about, but none of them of sufficient amount to make a full length editorial, thus we are going to put these under the heading above.

This past week a series of robberies was cleared up by Det. F. Wilnot of the Quebec Provincial Police, Huntingdon, which we believe deserves mention. These robberies were really quite petty and totally did not amount to much over \$500, but they were repeated and annoying to everyone. In some cases the same premises were broken into two or more times. No trace could be found and the robberies went on for many months. However, the police kept working on what small clues they could turn up, but nothing definite showed. Eventually the break that had been looked for, showed up and the police moved in to make several arrests. Thus this series of small crimes was solved after almost 18 months of checking every possible lead.

The weather this summer is behaving peculiarly. In the early part we had a hot dry spell that approached drought conditions, but fortunately rain came in time to prevent any serious results. Since that time we have had alternate hot weather followed by rain

and cooler weather. Both of these have broken records for the time of the year.

The improvements to several business premises on Chateaugay Street is tending to improve the appearance of this shopping area. A little initiative and modernizing here and there can make a wonderful difference in this important business area of our town. Those who have started and completed the changes should provide example for others to do likewise. Smart looking business places attract attention and this helps to increase business. Poor looking and run down premises in the business area are no advertisement to the business, or the town.

We appear to be approaching another cycle in the accommodation problem of our town. It would appear that there is scope for more housing as enquiries are made for apartments and houses. Some changing around has been done and new families are being accommodated in various ways, but there are still some who are looking for accommodation. It would appear that there is not a desire to build and own, but there is a desire to rent, if accommodation is available.

Vacation time is here and the town is taking on the quiet of such a period. This one (Continued on page 11)

## Round Byre AND Ring

By FRANK NAPIER

It has been reported that J. Earle Ness & Sons, Terrace Bank Farm, Howick, recently sold 4 outstanding, choicely bred young bulls. One of them, an 18 month old son of Terrace Bank Lily Stamp, was purchased by Production Service, Canada Department of Agriculture. His dam, Lily Stamp has 10 records which average over 9,000 lbs. M., at 4.25% to her credit. His sire is Carnell Pearlstone, a bull which first earned a considerable reputation as a sire at Macdonald College, and then substantially added to that reputation at Terrace Bank. To date, Carnell Pearlstone has to his credit 40 daughters whose 106 records average 10,080 lbs. M., 398 F.

Eugene Bouchard, St. Coeur de Marie, Que., purchased a bull calf from the cow Terrace Bank Frolic, "Very Good", which now has a lifetime record of 108,605 lbs. M., at 4.48%. The sire was Carnell Pearlstone. Aluminum Company of Canada, purchased a bull calf for its farm and farming projects at Arvida, Que. This bull calf is a son of Terrace Bank Mistress, "Very Good", whose 6 records average 10,870 lbs. M., at 4.27%. His sire was Carnell Pearlstone. Incidentally, the 1957 son of Terrace Bank Mistress was exported last fall to Pennsylvania.

A New Beginner bull sold by Terrace Bank went to John Atkinson, Aubrey, Que., a recent recruit to the Ayrshire ranks. Mr. Atkinson purchased a bull calf from the "Excellent" cow Terrace Bank Duchess whose 5 records average over 10,000 lbs. M., at 4.25%.

Incidentally, John Atkinson started his Ayrshire herd with a heifer calf he purchased from P. N. April, Principal Ecole d'Agriculture de Ste. Martine, which calf was won by Mr. April in the Howick-Huntingdon Ayrshire Club drawing a year or so ago. The said calf having been donated by J. G. Whyte, Huntingdon, when he was President of the Ayrshire Club. We might also add that John Atkinson was also the top student of Ecole d'Agriculture de Ste. Martine in 1959.

Grass Silage "This year", writes J. Earle

Ness of J. E. Ness & Sons, Howick, Que., "due to the lateness of Ormstown Fair, we didn't get at our grass silaging until June 17. In addition we were stopped a half day by a heavy rain and another day with a minor breakdown. Nevertheless we finished up on June 24, including filling our own two silos (16x30), and putting 15 acres into Bob McFarlane's and 6 acres into Brodie McFarlane's silos. This task was accomplished with a new power-take-off harvester and three self-unloading wagons into a new silage blower. This equipment handled loads in 5 to 7 minutes each, and was done when it was impossible to make hay.

"At this time of writing, July 3", continues Mr. Ness, "we have 45 acres of nicely started hay for second cut, and around 15 acres of grass for pasture. "We try to have the grass cut a few hours ahead of the harvester, and in that way there is less food value lost through leakage from the silo. Incidentally, we have never added preservatives of any kind.

"We are sold on the above procedure", says Mr. Ness and adds "But! we realize that it takes two good, cooperative neighbours, with a tractor and wagon each, to complete the job on time, which we have in Brodie and Bob McFarlane."

Good Sale A total of \$16,838.00 was realized for the cattle and machinery sold at the dispersal sale of Lambert Deneault, St. Chrysostome, on July 4, by Auctioneer Lyell Graham.

The sale was commenced at 10 minutes to 1 p.m. and was completed by 5 p.m.

The cattle herd was comprised of 60 head of grade Holstein cows, heifers and calves. Thirty-six cows, including springers and fall calves, averaged \$248.00. One cow and her 3 day old calf sold for \$344.00, while several of the other cows sold around the \$300.00 to \$311.00 mark. Eight fall calving heifers were sold for prices ranging from \$225.00 to \$270.00. There were several outside the district bidders and one of them, M. Robinson, Lennoxville, Que., purchased 5 head for an average of \$280.00.

HEIGHTS - BASIN - VILLAGE - PARK - NORTH

Aquatic Club News CHATEAUGUAY — At the Grand Trunk Regatta held on Sunday, July 5th at La Tortue Wharf in Verdun, Chateaugay once again placed fourth. Paul Duffey one of the stalwart paddlers of the Aquatic Club suffered an unfortunate accident early in the day and had to be taken to the Montreal General Hospital.

Several stitches were required to close a wound to his right hand and it is felt that Chateaugay might have placed in a better position if Paul had been able to paddle in some of the events. Point winners for Chateaugay were E. Brady, S. Morrison, P. Duffey, D. Duffey who placed fourth in the Senior Four. H. Clayton who placed third in the Juvenile Single. J. Rock, G. MacGregor who placed third in the Junior Tandem. D. Duffey who placed second in the Junior Double Blade Single. With two crews entered in the Juvenile Four, A. Powell, Boyd Ferns, A. Lehard and J. Braidwood came third and H. Clayton, W. Lobban, J. MacDonald and G. Kezer placed fourth. The Junior four with J. Rock, D. Hamilton, R. Moore and G. MacGregor came in third. In all Chateaugay obtained 24 points. Two Ontario Clubs, Rideout Canoe Club of Ottawa and Carleton Place Club competed in the Regatta.

Scout News Twenty seven boys from Chateaugay left on Tuesday, June 30th, for the new Boy Scout Camp at Choisy, Que. on the shores of the Lake of Two Mountains. Camp Anderson was officially opened on Saturday, July 4th, and was purchased with a donation from L. W. Anderson last December. The camp is the first Sea Scout Rendezvous in the Province of Quebec. Our boys were accompanied by Mr. William Yarnell, Skipper, Mr. Terry Riley, Assistant Scout Master and Mr. Stan Dombroski, Cub Master.

The Police Blotter Director of Police Roland Lusser reports that while on Patrol Duty on Friday, June 26th, at 10.30 p.m., he was halted by Mr. Frank DuCross of 155 Riverside Drive who reported that his motor had been stolen from his boat by two men. Director Lusser accompanied by Mr. Alex Milburn gave chase and was able to capture one of the men. He was taken to Provincial Police Headquarters. Sgt. Charles Nadeau is conducting an investigation.

Director Lusser was summoned one day last week to the McMaster home on Wright Avenue in the Heights. Mr. Frank McMaster had suffered a heart attack and the Doctor being unable to obtain an ambu-

ance had the man taken to the Queen Mary Veteran's Hospital in the Police car.

News Round-Up Mr. William Mitchell and his son Kent spent an enjoyable weekend visiting New York City.

Mr. and Mrs. James Heaney of Astoria, L.I. have opened their summer residence on Desrochers Avenue, The Station, and will be in residence for the summer. Miss Lorna Herbert has just returned from a visit to the summer home of Mr. and Mrs. Eric Smith, at Cavaville.

Billy L'Ecuyer has undergone corrective surgery at the Royal Victoria Hospital and his brother John is still a patient at the Montreal General. Best wishes to both boys for a speedy recovery.

Mrs. Jim Fitzgerald is now in residence for the summer months at her home on St. John Blvd, The Station.

Mr. John Ross has left to spend a week at Delorme's Point, St. Maurice, the guest of his son-in-law and daughter Mrs. and Mrs. James Horton.

Mrs. Margaret Rice, Watt Avenue, has left on an extended trip to Vancouver, San Francisco, California and Las Vegas. Mr. Gustaf Peltzer celebrated his 80th birthday on July 2nd, and our congratulations are added to the many which he received. Mr. Peltzer will be leaving Kassel, Germany on July 7th for Kassel, Germany to visit his niece Mrs. Dala Mueller, and will tour Europe in her company for about six weeks.

### Athelstan

Wedding Anniversary

ATHELSTAN — A very pleasant get-together of relatives and friends was held in the Grange Hall, Kensington, last Thursday evening, to honor Mr. and Mrs. Allan Stewart on the occasion of their 10th Wedding Anniversary. Dancing was enjoyed to the music of the French's Orchestra. Mr. Allan Tallon expressed the good wishes of those present and congratulated the bride and groom on this happy milestone of their lives and presented them with a well filled purse. Allan on behalf of Helen and himself fittingly replied, thanking everyone for the good wishes extended them and for the gift of money presented to them, all of which were sincerely appreciated. A beautifully decorated Anniversary Cake graced the Bride's table in the Dining Room where refreshments were served.

## The Week At Ottawa

OTTAWA (CP) — The House of Commons opened a debate on defence department estimates just as the latest hassle over the Canadian Broadcasting Corporation was dying out last week.

There was more interest in the Commons' broadcasting committee than in the Commons itself when the CBC wound up with the appearance of Revenue Minister George Nowlan — who reports to Parliament for the CBC — as a witness before the committee to deny that he gave any orders to the publicly-owned corporation.

The committee was investigating charges that political interference led to cancellation of the three-minute morning radio program from Ottawa called "Troubled Period Commentary". The CBC has been jumping from hot frying pans into hotter ones since a producers' strike last December disrupted French language television for two months. There was the Mother d'Youville TV program incident; Joyce Davidson's statement of "indifference" to the Royal Visit and her subsequent resignation from the daily TV program, "Tabloid," and others.

Two weeks ago came the "Preview Commentary" uproar in which 37 CBC television producers in five Canadian cities resigned. The program later was reinstated and producers returned, but not before the broadcasting committee began its inquiry and called three leaders of the producers' group to elaborate on their charge of "clandestine political interference."

Later the committee heard E. L. Bushnell, acting CBC president, testify that there was no interference, although he told of indications he had of cabinet dissatisfaction with some facets of the CBC operations. Mr. Nowlan closed the matter — to the displeasure of Opposition members — by confirming the main points of Mr. Bushnell's statements.

In Spotlight The CBC came into the spotlight at another point when it was forced by the broadcasting committee to reveal a sample survey of what the corporation

pays to produce various programs and what it receives from sponsors. The CBC appealed, without success, to have the committee change its mind, arguing that to reveal such information prejudiced its position in bargaining with sponsors.

COVERING THE ACTIVITIES OF THE "LITTLE ROYAL" EXHIBITION CENTRE

**Ormstown High School**  
Various activities marked the closing of the classes at Ormstown High School.

Inclement weather confined the junior grades to their classrooms on closing day, but indoor parties were the order of the day.

On Tuesday last, Grade VI spent the day at Hooker's cottage on Lake St. Francis.

Grade VIII, accompanied by Mr. Leigh Coffin, enjoyed a picnic at the Upton cottage, Lalonde's Point, on Wednesday.

On Thursday, Miss Phillips and her Grade VII students had a picnic and a swim at the Hookers.

Grade IX completed examinations on Wednesday and after a swim at Lalonde's Point they had supper at the home of Miss Shirley Ovens.

A ball game followed and an outdoor platform was provided for dancing. Presentations were made to Mr. Bob Hall who is moving to Valleyfield and to the teacher, Mr. Roland Greenbank.

**Presentations to Retiring Staff**  
The Ormstown High School Staff enjoyed a dinner at the Rod and Gun, Fort Lewis, on Monday evening last. Presentations were made by Principal J. C. Moore to Miss Rilla Nugent.

## Weddings

**ATCHESON-BARR**  
On Saturday, June 20th at 2:30 o'clock, a very pretty wedding took place at the Rockburn Presbyterian Church, when Margaret Alma Dorothy, youngest daughter of Mr. and Mrs. Robert Barr, Franklin Centre, was united in marriage to George H. Atcheson, son of Mr. and Mrs. Ernest Atcheson of Atholstan.

Rev. J. M. Grant of Huntingdon officiated at the ceremony and Mrs. W. G. Gibson, Rockburn, played the wedding music. The Church was tastefully decorated with red roses, mock orange blossoms and red peonies. Ushers were Mr. James Barr, brother of the bride and Mr. James Brooks, cousin of the groom.

Given in marriage by her father, the bride wore a floor length gown of chintilly lace over satin with a three quarter length veil and carried a bouquet of red roses.

Mrs. Norman Dawson, sister of the bride as matron of honor, wore a floor length gown of pink lace over satin and carried a pink and blue bouquet. Mrs. Lawrence Coe, sister of the bride, as bridesmaid, wore a gown of white lace over blue satin and carried a pink and white bouquet.

Little Miss Marian Dawson, niece of the bride, was flower girl and wore a short dress of pink nylon with bouffant skirt and carried a small bouquet of pink and blue flowers.

The best man was Mr. William Steele, cousin of the groom. During the signing of the register, Mr. J. Anderson of Atholstan, sang The Lord's Prayer and Because.

Mrs. Barr mother of the bride wore a beige ensemble with matching accessories and a corsage of yellow roses.

Mrs. Atcheson, mother of the groom wore a blue and brown ensemble, also a corsage of yellow roses.

Following the ceremony, the reception was held at the home of the bride where over 100 guests were entertained. During the reception, Mrs. Grenville Sparrow of Chateaugay, Que., called the bride to convey their good wishes. Due to her illness Mrs. Sparrow and her husband were unable to attend.

Out of town guests were from Montreal, Que.; Ottawa, Ont.; and Constable, N.Y.

Following the reception the happy couple left for a motor trip to Niagara, the bride travelling in a multi colored dress of sheer nylon with white accessories and a yellow corsage.

On their return, Mr. and Mrs. Atcheson will reside at Powerscourt, Que.

**Nicolai-Lathe**  
The marriage of Norma May, daughter of Mrs. Ralph H. Lathe and the late Mr. Lathe, to Mr. Martino Aldo Nicolai, son of Mr. and Mrs. Walter Nicolai, of Frankfurt/Main, Germany, took place recently in Lacolle United Church, Lacolle, Que. White chrysanthemums with pink and white snapdragons were used to decorate.

The Rev. Philip Gaudine performed the ceremony and the bride's cousin, Mrs. David Van Vliet, was at the organ. Mrs. Donald Gill sang the "Wedding Prayer" and "The Lord's Prayer".

Given in marriage by her brother, Mr. Ross Lathe, the bride was gowned in white silk organza over taffeta with neckline and front panel in appliqued lace. Her elbow length veil was held by a coronet of silk organza and seed pearls. She carried a semi-cascade of yellow sweetheart roses, stephanotis and lily of the valley.

Miss Alberta Lathe, as maid of honour for her sister, wore a short gown of yellow silk organza over taffeta and a crownless picture hat of mohair and organza in the same shade. Her bouquet was a semi-cascade of blue cornflowers.

Mrs. Lathe, mother of the bride, wore a gown and hat of navy blue with navy and white accessories. Her corsage was of pink carnations and stephanotis.

Mrs. Nicolai, mother of the groom, wore an ecru lace dress with matching hat and accessories. Her corsage was of red sweetheart roses.

Mr. Dieter Reppin, of Don Mills, Ont., was best man for his brother-in-law and the ushers were Mr. Grant Van Vliet and Mr. Gordon Merkley.

After a reception at the home of the bride's mother, Mr. and Mrs. Nicolai left for Quebec City, the Laurentian Mountains and Ottawa. The bride travelled in a mint green dress and coat ensemble with beige and white accessories and wore a corsage of pink sweetheart roses.

**BIG PROJECT**  
VICTORIA (CP) Consolidated Mining and Smelting Company will post a \$250,000 bond guaranteeing completion of a \$20,000,000 steel mill at Kimberley, B.C. by May, 1964. In return the provincial government will pay \$3,000,000 in subsidies in the next 10 years based on production.

**Alberta Election**  
In a landslide vote, the Social Credit government won 61 of 65 seats in the Alberta general election last Thursday. The other seats went to a Liberal, a Conservative, a coalition candidate and an independent Social Credit candidate.

In the previous legislature, of 51 seats, Premier Ernest Manning's Social Credit party had 37 members. Liberals 15, Conservatives 2, CCF 2 and independent 5.

The vote was by simple ballot, used for the first time in Alberta since 1921. The legislature had voted in 1956 to discontinue proportional representation and the single transferable ballot, used since 1928.

Liberal leader, Grant MacEwan was one of three opposition leaders defeated in their first election as party chiefs, including Progressive Conservative W. J. G. Kirby and CCF Floyd Johnson.

**Talks Suspended**  
The Big Four foreign ministers' conference at Geneva last Saturday recessed until July 13, without breaking the East-West deadlock on Berlin. They had started on May 11.

Western officials forecast a new Soviet drive for a summit meeting, following failure of the Geneva talks. They said Soviet Premier Khrushchev is trying to frighten the Western powers into a summit conference, instead of offering concessions on Berlin as a lure.

A new period of mounting tension in the Berlin crisis was foreseen, especially since West Germany has decided to hold an assembly to elect a new president in West Berlin on July 1. The Communists have assailed this as a provocative act, since Berlin is 110 miles inside East Germany.

The foreign ministers' positions were finally and sharply drawn in two secret sessions last Friday. U.S. State Secretary Christian Herter, British Foreign Secretary Selwyn Lloyd and French Foreign Minister Couve de Murville had proposed a Berlin settlement mentioning nothing about Western rights in Berlin. They felt this, in effect, would guarantee its rights of free access under previous agreements.

Russia's Foreign Minister Andrei Gromyko repeated the Soviet demand for the West to abandon its occupation of the city, but he pushed back to 18 months the Soviet deadline of one year.

**Dalai Lama's Plea**  
The Dalai Lama, 23-year-old god-king who fled Communist-ruled Tibet, has asked the entire civilized world to hear "the real truth about Tibet." The revolt the Chinese Communist China is still going on, he declared in his first press conference at Mussoorie, India, since fleeing Tibet in March.

He charged that the Chinese Communists have killed 65,000 Tibetans since 1956, and called on the Communist Chinese to let an international commission investigate his charges.

**Kerala Fighting**  
At least 12 persons were killed and 600 arrested in India's Kerala state, where India's only Communist regime is fighting for its life. The deaths resulted when the Communist state government's police fired on forces of the combined opposition staging a "non-violent" campaign in an attempt to bring down the government. The Indian federal government moved troops into the state to restore order.

## Maple Leaf Grange

The Special Meeting which was held last month, (June 29th) for the conferring of the Degrees, was another "Red Letter" affair for the Grange. It is well to know that such talent is available for this purpose, as the Senior Degree Team, under the direction of Mrs. Charlotte Paul. The work, like that of the Youth Group, was exemplified to perfection, and all who took part in any minor or major role, are to be congratulated on their fine performance in making the evening such a success.

The Distinguished Guests were the Worthy State Master Leland D. Smith and Mrs. Smith of Brasher Falls; District Deputy Jas Tuggey and Juvenile Deputy Lela Tuggey of Constable; Worthy Pomona Master John Ellsworth and Mrs. Ellsworth of Port Covington, all representing Franklin County; with District Deputy Earl C. Aldous and Mrs. Aldous from Potsdam, St. Lawrence County, as well as subordinate members from these two counties. Mrs. Grace Thomas of Malone Grange was the Degree Pianist, assisted by a choir composed of Maple Leaf members.

The usual informal "get-together" following the meeting was held in the dining hall, where the Refreshment Committee and helpers had prepared a light supper, preceded by the "Blessing of the food" by the Chaplain.

**Crochet Contest, July 21st.**  
Meeting, is final date for all those wishing to bring in their work. Please get in touch with the committee, Mrs. Allan Hunter.

There were no serious injuries, but damages were estimated at \$2,000,000. A relief fund began to grow with donations from across Canada, the Ontario government pledged to match donations dollar for dollar.

ter or Kay Williams, immediately.  
August 4th, Baking Contest, for members only. Bread, rolls, cookies and cakes are to be judged. Information on same can be had from the above committee members.

Reserve, July 25th for Pomona Picnic to be held at 4-H Camp Overlook, at Mountain View, N.Y. Each person will provide their own box lunch. Plan to attend this event.

## Dewittville

**DEWITTVILLE** — On Friday, June 26th, the Dewittville W.C.T.U. held their annual Little White Ribbons meeting at the home of Mrs. Allan Ritchie with eight members, several visitors and 35 children present.

The opening devotional period was conducted by Mrs. Robert Beattie, assisted by Mrs. Allan Stewart, The Royal Temperance Legion members, under the leadership of

### Franklin Centre

**FRANKLIN CENTRE** — Rev. J. S. Nickerson preached his farewell service on Sunday morning to a large congregation. The older girls took charge of the choir and sang an Anthem "Fairer Lord Jesus" Shirley Dunn was Organist.

At the close of the service, the Sunday School Scholars Promotion Service was observed and prizes were awarded some of them for attendance and Memory Work. Mrs. James Manning gave the prizes to the pupils then called on Rev. and Mrs. J. S. Nickerson to come forward and after a few words on behalf of the C.G.I.T. a gift was presented them by Helen Rowe and one was presented by Pat McMillan on behalf of the Hi-C group. Mr. Stewart Money Penny then came forward and presented them with a purse of money on behalf of the Congregation in appreciation of the help Rev. and Mrs. Nickerson had

given this community during their sojourn among us.

Rev. and Mrs. Nickerson left early Monday morning for their camp in New Brunswick, where a long needed rest will be enjoyed and where it is hoped his health will be restored to him again and he will be able to resume his chosen profession, in part, if not in full.

Mr. James Manning accompanied them and expects to spend a few days with them. Their postal address is Melrose, Westmoreland County, N.E. R.R.1. Rev. Barnes is expected to conduct the service next Sunday morning.

The school closed on Friday afternoon. The children were treated to ice cream by their teachers and they in turn received individual presents from their pupils. Reports were given and then 3 bus loads of children and teachers left for Saucy Park at Valleyfield to see the Queen. This trip was sponsored by the Chamber of Commerce. The 3 Franklin buses had a good view of the Britannia from a side road along the river, after lunch was eaten they went to the Park where over 3000 children were gathered to see the Queen in a Yacht, sailing around the bay. They could see the Yacht but were unable to see the Queen and Prince clearly. Then a showing of beautiful fireworks took place.

Thus the closing day took a very different course from the usual picnic.

Two new teachers have been hired for the coming year. Miss Roberta Todd will fill the vacancy caused by Mrs. Kyle Blair's resignation. A new classroom will be ready by fall to take some of the pupils from Grade 5 and 6, and Mrs. Renelle will have charge of one of these grades. All the other teachers and the Principal have been re-engaged.

Arrangements have been made with Havelock to take their pupils this fall.

The death of Mr. Dan Leahy took place on Friday, funeral service was held at St. Antoine Abbe, on Monday. Sympathy is extended to Mrs. Leahy and family in their sad bereavement.

Mr. and Mrs. Kenneth Sutton, their son Bruce and Mrs. Charles Stevenson of Ormstown, also Mr. and Mrs. Kenneth Stevenson of Huntingdon, accompanied them to Montreal and attended the "Capping Exercises" at the Residence of the "Catherine Booth Hospital" on Monday evening, June 21st, when their daughter, Miss Thelma Sutton received her "Cap".

Mr. and Mrs. Herbert Clarke, Sr., entertained the following guests throughout the past week and week-end. Dr. and Mrs. Hugh Denith spent Wednesday and Thursday; and Mr. and Mrs. Herbert Clarke Jr. spent the week-end. Mrs. Walter Clarke of Montreal, (Mr. Clarke's mother) is spending an indefinite period of time at the home of Mr. and Mrs. Clarke, Sr.

Mr. and Mrs. Alfred Brown celebrated their fortieth wedding anniversary on Saturday, June 27th, with their immediate family.

A number of children from this district are attending the Riverside Camp at St. Chrysostome, supervised by Rev. and Mrs. H. Henderson. This Camp was opened on Saturday and expects to run for a week.

Joyce and Linda Dickenson, Judy Blair and Connie Goldie are some from here, there are about 15 in all. Rev. H. Henderson brought them all up to the service at the Church of the Nazarene on Sunday and after the service a Wiener Roast was held at the Riverside.

Sorry to report that Mrs. Roy Blair is a patient in the Barrie Memorial Hospital, a speedy recovery is wished her.

Miss Mabel Boaz spent the week-end at her summer home here.

Miss Mabel Boaz of Montreal is spending her vacation at her cottage here.

Sincere sympathy is extended Mr. and Mrs. Conrad Boisvert on the death of their infant son (9 months old) last week. He contracted pneumonia, after measles. The body laid at rest in Sharpe's Funeral Home, where the service was held on Thursday and Interment took place at Hillside Cemetery.

**Hemmingford**  
HEMMINGFORD — The "blue bird on your window sill" doesn't apply to the W. J. McKay home, it's the "robin on your window sill". For three years a robin has built its nest on the same spot, never seems to vary an inch either left or right of that one particular spot. From the outside she is protected by a vine, which grows over the window, and she seems to pay little or no attention to anyone going in or out, or even in the room. She gives the impression that all is right with her world.

Mr. H. M. Orr, spent Wednesday of the past week in Montreal, with his mother, Mrs. B. E. Orr, who has been hospitalized in recent weeks.

Mrs. A. M. Trotter and Bonnie Beth from Dorval, are spending a week with her mother, Mrs. W. F. Orr.

Rev. K. J. W. Murray attended the anniversary service in Odetown, on Sunday evening.

On Monday, June 29th, St. Andrews United Church, Sunday School, held their annual picnic at Plattsburg Beach. It was very well attended and all had a nice day.

Mrs. W. F. Orr's friends wish her a speedy recovery.

Sympathy is extended to Mrs. Leo Duquette and family in the death of brother-in-law, Mr. Henry Hentler of Clinton, Mass., also her sister Mrs. George Gagnon, of Moores, N.Y., both deaths occurred within a couple of days of each other.

Mrs. A. Reed and Miss Gertrude Coburn, and Mr. Herbert Palmer of Bridport, Vermont, and Mrs. Chas. Harrington of Burlington Vermont, Mr. and Mrs. Ray McKay, Lachine, Que., were recent guests of Mrs. Edward Cowan and Mr. and Mrs. W. J. McKay.

Miss Alice Somerville, of Commissioners High School, Quebec, is spending her holidays with her parents, Mr. Allister Somerville, M.P.P., and Mrs. Somerville.

Glad to welcome Mr. and Mrs. Wally Scott and son Donald back to their home for the summer months.

On Monday, June 22nd, Mrs. W. F. Orr, Mrs. W. J. McKay and Miss Eleanor Spearman, were joint hostesses at a surprise birthday party in honor of Mrs. G. A. McKay's birthday, at her home. About 22 ladies were present, and the presentation of a G. E. fry pan

was made by Mrs. Doug. Laurie, also Mrs. Laurie read a poem she had written especially for Mrs. McKay entitled "To A Sweet Lady." Dainty refreshments were served and all left for home wishing Mrs. McKay many more happy birthdays.

Mr. Albert McKay is erecting a new house on the North Road, almost directly across from the home where he was born.

Mr. and Mrs. Albert Robideau and Mrs. May Reardon of Clinton, Mass., spent a few days with their sisters Mrs. Leo Duquette and Mrs. Bertha Cavanagh, the past week.

Congratulations to Mr. and Mrs. Kenneth Brown, who were married in Huntingdon, Saturday, June 27th. Kenneth was one of our home town boys and a host of good wishes go to him and his bride formerly Miss Hazel Smith of New Brunswick.

Miss Eleanor Spearman is enjoying a trip to Ottawa and Perth, Ontario.

Misses Jennie and Mollie Stevenson of Toronto, Ontario, visited their sister and brother-in-law, Mr. and Mrs. Gregor Ross the past week.

Mr. and Mrs. Russell Williams and Mr. and Mrs. George Upton, were week-end guests of Mr. and Mrs. K. Upton, Rutland, Vt.

This minister of transport says: "This end up, handle with care!"

The family minister of transport jokes as he lifts his young son into the car, but he is well aware that raising a growing child is no joke. It means watching family expenses with an eagle eye.

The annual expenditures of the Minister of Transport at Ottawa involve millions of dollars — and his department is only one of many.

This money comes through the Minister of Finance who gets it largely in taxes from Canadians such as you. When he spends more than he takes in, he must borrow from you ... or else create new money. The creation of new money is one factor that leads to inflation — which means your dollar buys less and less.

The government has been spending more than you have been paying in taxes. To narrow the gap between income and expenditures, new taxes have been imposed.

You can encourage the government to live within its income by asking only for those services you are willing to pay for with taxes. Tell your M.P. at Ottawa that since you are trying to save, you expect government to do the same.

You also help when you save more by means of life insurance, savings deposits, and the purchase of government bonds. Your savings help to create a SOUND dollar; and this, in turn, helps to create job security for you and more jobs for other Canadians.

**'How about YOU?'** Asks **JACQUES SAUVE**  
**"HAVE YOU TRIED O'Keefe ALE?"**

All over Huntingdon district you'll see a big change ... to O'Keefe Ale. A lot of people wanted an ale that was mild ... and O'Keefe Ale gave them the natural mildness they have been looking for! How about you? You'll never know how good ale can be unless you try it, so next time, why not ask for a mild O'Keefe Ale?

#### THE O'KEEFE MILDNESS SECRET

Ever bitten into a grape seed? It's bitter, unpleasant. Grape growers found by experiment that they could develop seedless grapes with nothing to spoil the delicate flavour.

Ordinary hops contain seeds which give an unpleasant bitterness to ale. But O'Keefe master brewers insist on costlier "Seedless Hops". There's no unpleasant bitterness, just the right natural mild flavour.

and that one have left town for summer camps, others have left to go further afield. The various mills will soon be closing down for their annual holidays and the employees will be off to spend their period of time at various points. Other plants are staggering their holiday period, one or two of the staff being off each week until all have had their vacation. Naturally this has an effect on the town and during this time the difference can be noted as to the usual bustle and activity, especially at the noon hour and the evening quitting time.

The recent holiday saw an influx of picnickers at the various beaches in and around this area. It was an attempt to get away

from the heat and to relax for a few hours. Sunday was a particularly busy day for such places. This would seem to point to the fact that more public beach space is needed. Especially is a safe spot needed for small children.

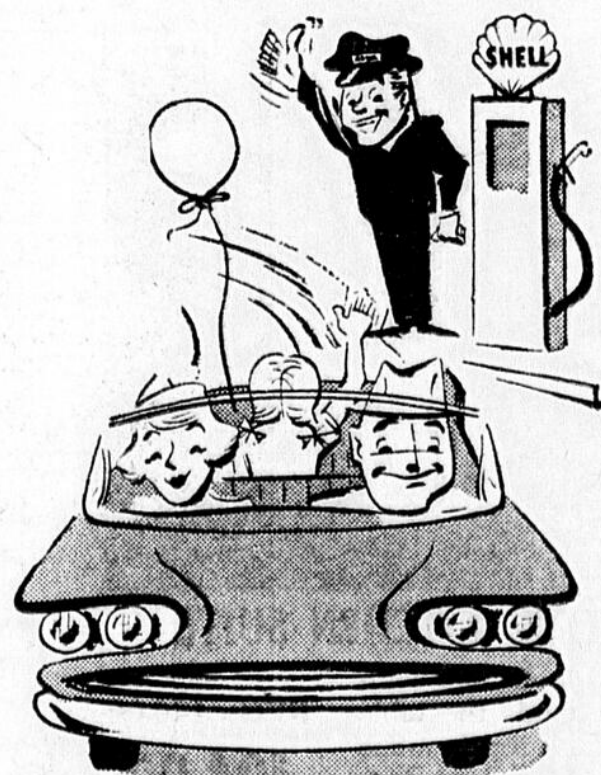

We should like to recommend that our readers read the article on "Huntingdon" which will be found elsewhere in this issue and which was the subject of an address by Mr. E. C. Martin, to the Huntingdon Rotary Club. Much research went into the compilation of this article and a number of valuable bits of information are contained in the notes at the end. We are heartily in agreement with some of the comments and suggestions.
