SIR LOMER GOT QUEEN'S DEGREE

Harmonious Development Of Canada By England And France Topic Of Address

(By Can. Press)

Kingston, Ont., Oct. 19.—The harmonious development by the two great races, English and French of their joint heirloom, Canada, formed the keynote of the address of Sir Lomer Gouin, K.C., M.C., in receiving the degree of LL.D. from Queen's University at the autumn convocation ceremonies here this evening.

"God has destined us to form links of the same chain and to weld together into a new nation the best qualities of England, Scotland, Ireland and France," said Sir Lomer.

"The past teaches us that we have much in common, that the rivalries of old between England and France do not require the offspring of our two races to consider each other as hereditary enemies.

"We must retain from the past only its lessons of devotion and courage. To whatever race we belong, to whatever faith, party or class we must try with all our heart and soul to realize in fact the national unity of our gigantic Dominion to give our country more than its constitutional unity, to make it actually one and indivisible.

FRANCE MUST BE REPRESENTED

Briand Thought President Of Council Should Be At Arms Conference

Paris, Oct. 19.—The Opposition in the Chamber of Deputies boldly seized upon the proposed Washington trip of Premier Briand as a basis of attack in the debate on Interpellations which was resumed today, drawing from the Premier a declaration that he thought France must be represented there and ought to be represented by the President of the Council.

"If Mr. Lloyd George goes," he said, replying to a question, "it will be a pleasure for me to meet him in Washington, but if circumstances should prevent him from going, I do not understand why we should preoccupy ourselves with the fact in this debate. If he does not go it will be because of certain impossibilities.

But here you have to do with me and consider that it is to the interest of France that I go.

"It is possible that Parliament may raise obstacles to that interpellation; it is for it to say whether I go to Washington or not."

Must Be Made Success

The Washington Conference must be made a success; the peace and tranquillity of the world requires it, said Premier Briand in an address delivered today at a luncheon of the Anglo-American Press Association. The theme of the Premier's speech was that France always had been a lover of peace and had sought arbitration whenever arbitration was possible in disputes. He declared that peace now should be declared by reducing the military burden lying on countries which, like France, had sacrificed blood, money and everything during the war.

But France's security, M. Briand continued, prevented her from sharing in a "peace of mysticism."

"We have explained this to our Allies, whose special geographical position saves them from sharing our inquietude; we have shown them things as they are," said the Premier, "and after frank and loyal explanations, the accord has been maintained and strengthened."

SIMPLE FUNERAL FOR LADY BECK

Great Throngs Filled Hamilton Cathedral For Ceremony—Marks Of Respect

(By Canadian Press)

Hamilton, Ont., Oct. 19.—The funeral of Lady Beck, which took place from Christ Church Cathedral, the church in which she had been baptized and 25 years ago married, was one of the simplest possible, in conformance with the wishes of the family for a private service.

No choir was a feature of the occasion, but despite the advertised fact of a private funeral, great throngs filled the church and lined the adjacent streets, as the cortege arrived at the Cathedral by motor from Toronto shortly after 11 o'clock. The flag was at half mast in the City Hall, where the Board of Control adjourned business to attend the funeral. The blinds were drawn in the offices of the Hydro-Electric Commission during the hour of the funeral, and for one minute at the beginning of the service, electric power was shut off here as in all other municipalities served by the Commission.

Very Rev. Dean Tucker, Dean of Huron, Lady Beck's own clergyman, and Very Rev. Dean Owen, Rector of Christ Church Cathedral, Hamilton, were the officiating clergymen.

Interment was made in Hamilton cemetery.

PORTUGUESE GOVERNMENT HAS RESIGNED

London, Oct. 19.—The Portuguese Government has resigned as a result of a successful military movement without bloodshed, says a Reuter's despatch from Lisbon. The new ministry will probably be formed with the ex-revolutionist Manuel Maria Coehno as Premier.

A military movement against the Portuguese Government broke out in Lisbon yesterday, (Wednesday), according to a Vigo despatch to the London Times. The troops secured strategic positions in the city and environs.

WILL APPEAL DECISION

Vancouver, B.C., Oct. 19.—The Gold Seal Liqueur Company announces that an appeal will be carried to the Privy Council in London against the decision handed down in Ottawa yesterday by the Supreme Court of Canada, dismissing the Company's appeal against the Dominion Express Company.

VAGUE CHARGES AT GOVERNMENT BY AGRARIANS

Premier Meighen Addressed Audiences In Two Ontario Towns Yesterday

PRACTICAL PROBLEMS

Crerar's Manifesto Classed As "Wearisome Story Of Sententious Puerility"

Clinton, Ont., Oct. 19.—A large crowd gathered at the rink this afternoon to hear Right Hon. Arthur Meighen, Hon. Guthrie, Minister of Militia, and local speakers discuss political issues.

Premier Meighen said that he was on the platform to stand for what he had done as a public man, and to tell why he did it, and also to discuss the issues which the people must decide. He said that he was accused of having usurped the office of Prime Minister because he had not been elected by the people of Canada to that office. He asked his hearers whether Premier Drury had ever been elected as Prime Minister of Ontario. He did not dispute the fact that Premier Drury was rightly holding the office, but he insisted that his right was just as good as Premier Drury's.

There was nothing in all these charges of autocracy.

Mr. Meighen said that he had been charged with referring to Canadian farmers as Bolsheviks. He did not like to see an imputation of Idiosyncrasy applied to him. This was the first time he had referred to this charge, and he did it only because a minister of the Ontario Government had made reference to it. He had written to this minister, asking him to present proof that the sentiment had been made and the minister, in a confidential letter, had replied that he never made the reference attributed to him, and that he was satisfied that Mr. Meighen had never made such a statement.

What he had said, declared the Premier, was that though the Progressives themselves were wholly opposed to Bolshevism principles, they had trailing behind them, men of audacious and Bolshevistic tendencies. To this statement he adhered.

The Premier again combated allegations that the Government was working for big interests. He declared that a man who would make charges such as those which Mr. Crerar had advanced in his manifesto, without backing them up, lacked the courage necessary for the office of Prime Minister.

SITUATION IN ENGLAND WORSE THAN FOR YEARS

One And Three Quarter Million People Are Unemployed At Present

GOVERNMENT'S POLICY

Cost Of Production Too High—Fund For Workers' Dependents Soon

(Can. Press Cable)

London, Oct. 19.—The situation in England as regards trade and unemployment is worse than at any time since the end of the Napoleonic wars, declared Premier Lloyd George in the House of Commons today in outlining the Government's policy on these two subjects.

At present, he said, there are 1,750,000 persons unemployed, and added that the greatest unemployment, to the extent of 17 p.c. was in the metal trades.

He declared that the causes for this situation could all be summed up in one word—war.

As a part of the Government's plan of alleviation, he said the Government proposed to ask Parliament for an appropriation of another 300,000 pounds sterling to enable ex-service men to emigrate to the dominions, whether he said sixty thousand already had settled with Government assistance.

Turning to the question of trade, Mr. Lloyd George said there were undoubtedly signs of revival in some of the most important industries of England but that also there were very important industries which were not showing signs of revival.

He said it was true that trade was beginning to move, but that a man would have to be very sanguine who would predict a return to normal conditions at an early date. He said Great Britain's interest in the restoration of trade rested upon the revival of trade industry and England's purchasing capacity abroad.

He added that the Government proposed to amend the export credit scheme.

Mr. Lloyd George declared it was obvious that neither the exporter nor the importer could build upon "an acrobatic basis of exchange." He said if trade was to be started up again, at all there must be the element of risk but that the Government had concluded that the risk was much greater by standing still and doing nothing. It was proposed, he said, to raise the guarantee to traders from 85 p.c. to 100 p.c., and to fix a maximum for each firm to be determined by an advisory committee. He said the first proposal of the export credit scheme was that it should apply to countries whose credit was practically destroyed by the war, but that it was now proposed to extend it to other countries including those of the British Empire.

Mr. Lloyd George said that large engineering orders for the renewal of transport facilities in countries whose credit was practically destroyed by the war were now available, if Great Britain was prepared to give an extension of credit for repayment. He said the Government had decided that it could extend this credit for five, or even six years.

Touching another phase of the situation, the Prime Minister said the cost of production was too high and that a second difficulty was that of raising capital for some enterprises. He declared the Government proposed to assume power on certain conditions, to guarantee the payment of interest on loans to the amount of £25,000,000, to be raised for purposes of carrying out capital undertakings, providing employment or for the purchase of materials for manufacture. The Government also proposed, he said, to allocate £10,000,000 for the assistance of relief works, forestry and land drainage.

Another proposal was for the establishment within six months of a fund for workers' dependents. Out of this fund the unemployed workers who are receiving unemployment benefits would receive grants towards the maintenance of their wives and children. These grants would be subject to a maximum limit of nine shillings per week at a weekly rate of five shillings for the wife and one shilling for each child. The grants would be obtained by a compulsory levy upon contributors to the unemployed insurance funds as follows:—

Two pence each for the employer and the employee and three pence for the Government.

CONDITIONS AT ELLIS ISLAND ARE DESCRIBED

Alleged Mistreatment Of British Immigrants Brought Before U.S. Labor Dept.

INSOLENT RECEPTION

Prison Conditions Existed Throughout—Guards Maintained Everywhere

(By Canadian Press)

New York, Oct. 19.—Alleged mistreatment of British immigrants at Ellis Island has been brought to the attention of the United States Labor Department. The Church Peace Union has taken up the case of Mark Gianvili, a British subject who served with the Canadian Army during the war. He complained of conditions at the Island last July. The Union has forwarded to the Secretary of Labor affidavits signed by Gianvili.

The Britisher sailed for England without appealing personally to the Department of Labor. Henry A. Atkinson, Secretary of the Union and Rev. Dr. P. Merrill have been appointed a special committee to bring the Gianvili charges to the attention of the authorities.

While detained on the Island, Gianvili appealed to the Canadian representative W. H. Sullivan. He described the United States then as a "barbarous land" because of conditions as he found them at Ellis Island.

Gianvili and his wife and infant son arrived as second cabin passengers on the Royal Mail Packet Orduna on July 2 and were sent to Ellis Island because the quota for that month was filled. He had intended to study in the Y.M.C.A. College, Springfield, Mass., and was well supplied with money.

In his affidavit Gianvili claims he had great difficulty in communicating with the Canadian representative.

"Our reception there was almost insolent" said the affidavit. "We were made to stand for an hour and given no assistance with baggage extremely heavy and cumbersome. We realized that we were virtually prisoners."

The affidavit told of the crowded condition of the day and night cells, and said that the sanitary conditions everywhere were bad, with vermin abounding. Gianvili said that he was unable to find a place to take a bath.

"We found the officials invariably insolent and cruel," continued the affidavit.

"Guards treated women without regard to their sex—yelled and pushed them to and fro. The women attendants were callous and indifferent. The cleaners were mostly colored men who were insulting in their treatment."

"We arrived on the Island on the Saturday, and on the Monday were taken before a board. The members were curt and the chairman was sarcastic and vulgar. When our turn came we were treated with respect, but hurriedly. We were told that we could not be released because of baby. Evidently at this point they were prepared to release my wife and self. We were then told we were excluded. Later on in the day I was told I might appeal, but that likely it would take nine days, and then perhaps be unsuccessful."

"By this time the health of my wife, a delicate and refined woman, was giving away. Baby was getting ill. Instant action to obtain release was necessary. I was desperate when, fortunately, I learned that there was a Canadian representative on the Island. Having served with the Canadians during the war, I thought he might be able to arrange for our release to proceed to Canada. This he, however, he could not do but he suggested that we appeal to the Commissioner to be deported."

"We were allowed access to neither telephone nor telegraph. I fought hard to interview the Y.M.C.A. man on the Island and it took two days to get a message to him. It was with great difficulty I got a message to the Canadian representative.

"Guards are everywhere. Prison conditions existed throughout. The whole experience was cruel, revolting and humiliating. For one night, Mrs. Gianvili went to hospital, baby not being well. She and baby were treated in a shameful way.

The nurses shook their fists in her face when she appealed for food for baby. She returned the next day on the point of collapse."

The affidavits said that several persons from the Union of the South Africa were by the Island at the same time and saw these conditions.

BOMB EXPLODED IN PARIS HOME OF AMBASSADOR

Myron T. Herrick's Valet Seriously Injured Opening A Package For U.S. Minister

ITALIAN VILLANY

Whole Detective Force Of French Capital Attempting To Trace Origin

Paris, Oct. 19.—A bomb was exploded today in the home of Myron T. Herrick, the United States Ambassador, seriously injuring the valet who opened the package containing it.

The room in which the explosion occurred was wrecked. Mr. Herrick arrived at the house two minutes after the bomb blew up.

The receipt of the bomb followed threatening letters which have been coming to the Ambassador in the past few days in connection with the case of two Italians recently convicted of murder in Massachusetts.

The bomb was contained in a carefully made package, addressed personally to the Ambassador, who, it appears, might well have opened it himself, as it seemed to be a gift designed for him.

The Ambassador's valet, however, happened to see the package and opened it to save Mr. Herrick the trouble.

It was during the afternoon that the package was delivered. Immediately after the explosion, Ambassador Herrick went to the Hotel Crillon, where General Pershing is stopping.

The Prefect of Police joined the General and the Ambassador there and this evening they were conferring on the case while the entire detective service of Paris was at work in an attempt to trace the origin of the bomb.

Considerable damage was done to the Ambassador's residence, outside the room where the explosion occurred, as well as within it.

Today's incident in the home of Ambassador Herrick follows various expressions of protest which have occurred intermittently in Italy since immediately after the conviction of Sacco and Vanzetti, by a Massachusetts court last summer, but have only recently manifested themselves in France.

The crime for which Sacco and Vanzetti were convicted was the result of the robbery by four or five handouts of the payroll of Slater and Morrill Shoe Company, of South Braintree, Mass., on April 15, 1920 and of the death of Frederick A. Parmenter, the Company's paymaster, and his guard, Alessandro Berardelli.

Five men were arrested, but it was decided that only Sacco and Vanzetti should be held for trial. They were convicted of first degree murder by a jury of the Norfolk county court at Dedham, Mass., on July 14, 1921.

ELECTRIC SEAL COATS

\$165.

Not in many years have we been able to offer a fine Electric Seal coat made from good quality skins, in up-to-date styles, at such an astonishingly low price—and notwithstanding the fact that raw Fur prices are steadily increasing.

These coats are made mostly with the new loose back, large shawl collar and deep cuffs of seal or handsome Nutria.

Last year these same coats would have cost you as high as

\$215.

Other coats with collars and cuffs of lovely Opossum, Raccoon, Beaver, etc., can be had from

\$145., \$175., \$185. up

Select the coat you want, make a reasonable deposit and the balance can be paid when you take delivery of the garment.

(See our announcement on Page 5)

PETER GRAHAM DEAD.

(Canadian Press Cable)

London, Oct. 19.—Peter Graham, B.A., of Westoun, St. Andrew's Scotland, the well-known artist, died today.

The Weather.

Toronto, Ont., Oct. 19.—Depressions are situated in the lower lake region and in Northern British Columbia, and pressure is highest in the northwestern States. Showers have occurred again over the greater portion of Ontario and locally in Quebec, and the Maritime Provinces, and rain has fallen heavily along the British Columbia coast. In the west the weather has been fine and in Southern Alberta quite warm.

Forecast:

Lower Lakes and Georgian Bay: Strong winds to moderate gales, northwest and west; partly fair and cool with a few showers.

Ottawa Valley, Upper and Lower St. Lawrence: Mostly cloudy with showers; winds, becoming fresh to strong northwest and west.

Gulf and North Shore: Fresh to strong winds; shroudy with some showers.

Maritime: Fresh to strong southerly winds; cloudy with some showers.

Lake Superior: Fresh to strong northwest to west winds; a few light scattered showers at first but mostly fair and cool.

Manitoba: Fair; a little higher temperature.

Saskatchewan: Fair; higher temperature.

Alberta: Fair; about the same temperature.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Troops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Chronicle Files 100 Years Ago

New Steam Boat.

A steam-boat of American twin screws was launched recently, in beautiful style from Mr. Brown's shipyard, Perth, in the presence of an immense crowd of spectators. This singularly constructed vessel is intended to ply at the ferry of Dundee and has been most appropriately named "The Union", not only from the circumstances of the two boats being joined together, but in reference to fact, that, like a moveable bridge, it will unite the hitherto disjointed Counties of Pictou and Fortar. The length of the deck is 98 feet, the breadth 34, depth eight and a half, length of keel 78, and the distance between the boats eleven and a half. This vessel is to be propelled by two steam engines of fifteen horse power each, and the paddle wheel is to revolve in the centre between the boats.

Chronicle Files 25 Years Ago

Athletics.

Quebec is doing her share to uphold the splendid showing made by Canada this year in athletic sports. Yesterday the world's record at bowling was broken here by Mr. Jos. Boisvert. Quebec has now the President of the Royal Canadian Golf Association and the Canadian Bowling Association! She has two members in the Hitley team, holds the inter-provincial golf championship, while one of her golfers, Mr. Stuart Gillespie holds the individual amateur golf championship of Canada.

Personal.

Mr. Robert Welch, for many years with the Royal Insurance Co. in this city and latterly office manager with Wood & Evans, of Montreal, has been appointed Inspector for the Province of Ontario and the Province of Quebec for the Lancashire Insurance Co. We congratulate Manager Thompson and Mr. Welch on the appointment.

Patagonian Indians, who live on the island of Tierra del Fuego, and are most treacherous, are easily scared by firearms.

Headache

Recurring headaches usually come from an exhaustion of the nervous system, and they do not disappear until the vigor of the nerve cells is restored by such up-building treatment as Dr. Chase's Nerve Food.

Temporary relief by use of powders is often obtained at an enormous expense to the nervous system and the general health.

Get the nerves right and the headaches will not return.

Mrs. W. J. Pearse, Nunn St., Cobourg, Ont., writes:

"My system became run-down and I suffered greatly with pain in my head. This was so severe that I would have to find a cloth tightly about my head so that I could get my work done. A friend advised the use of Dr. Chase's Nerve Food, and after taking the first box I found quite an improvement in my condition. I continued using them until I had taken about seven boxes, and they strengthened and built up my system splendidly, completely relieving the pain in my head."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Mgr. Mathieu, Archbishop of Regina, who has been spending a few weeks in town in leaving Sunday for Ottawa, where he will meet the Papal Delegate who will accompany him to St. Boniface.

The marriage is announced to take place on Wednesday 26th October of Miss Merilda Drouin, daughter of Mr. Alexis Drouin, of this city to Mr. Jules Grouin, son of the late Dr. and Mrs. Grouin, of Charlesbourg.

Madame Jules Tessier, entertained at luncheon last week in honor of the Hon. Mrs. Thibier, who is leaving shortly to spend the winter in Bermuda. The other guests were Mrs. J. F. Wilson, Mrs. Frank Glass, Mrs. Beckett and Mrs. J. C. McLimont.

Mrs. L. A. Taschereau entertained at the tea hour yesterday afternoon in honor of Her Excellency Lady Byng of Vimy. Tea was served by Mrs. Cortlandt Pages, Miss Juliette Taschereau, Miss Lucie Garneau, Miss Kathleen Donoghue and Miss Cooze. Mrs. Goodday rendered several delightful violin selections. Among the guests present were: Lady Fitzpatrick, Miss Fitzpatrick, Lady Price, Lady Watson, Lady Turner, Lady Garnau, Mrs. Jules Tessier, Mrs. L. A. Grouin, Mrs. J. C. McLimont, Mrs. Adelard Turgeon, Mrs. Frank Carvel, Mrs. Sevigny, Mrs. George Gibson, Mrs. E. A. Harris, Countess du Bury, Mrs. Henri Chasse, Mrs. W. M. Bancroft, Mrs. Arthur Price and others.

SAVED BY MILK BATH.

A farmer of Middletown, N.Y., was quick-witted enough to place a blooded calf of his in a buttermilk bath, when the animal kicked over a beehive and was stung by the angry bees. The buttermilk took the poison out of the innumerable wounds and the calf is well again.

ASPIRIN

Only "Bayer" is Genuine

Warning! Unless you see the name "Bayer" on packages or on tablets you are not getting Aspirin at all. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Then you will be following the directions and dosage worked out by physicians during twenty-one years and proved safe by millions. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monaceteicacidester

STORE OPENS AT 9 O'CLOCK A.M. AND CLOSSES AT 6 O'CLOCK P.M.

TALBOT CASE IS TO FINISH TODAY

Crown Prosecutor Is Dissatisfied With Evidence Of Star Witness

The case of the King vs. Joseph Talbot, for attempted murder on the morning of March 20 last, will come to an end today. Mr. Cannon, Crown Prosecutor, stated after the Court had adjourned early yesterday afternoon that he would complete the Crown's case by noon today, while Mr. Taschereau has three or four witnesses who will not take long, following which the plea for Crown and defence and the judge's charge will be made, and a verdict returned.

The principal witness at yesterday afternoon's session was Mrs. Buchanan, niece of the victim and the accused man, and her evidence was strongly against the latter, as she stated that her aunt had told her that it was he who had attacked her, but that she did not want him punished.

Miss Amanda Talbot, the victim, who was threatened with contempt of Court by the Bench on Tuesday afternoon, is now in the hands of the Sheriff, being placed there by Judge Lemieux.

The first witness called yesterday afternoon was Detective Lacasse, who testified that while he was waiting in the passage at the Hotel Dieu, a woman, Mrs. Buchanan, called him into the room where the victim was.

Speaking of the Sunday afternoon recess and that while he was waiting in the passage at the Hotel Dieu, a woman, Mrs. Buchanan, called him into the room where the victim was.

Here Mr. Cannon, for the Crown, called the attention of the Bench to the fact that on the previous afternoon Miss Amanda Talbot had stated that she was not able to talk, and that she proposed to give the evidence of the detective to contradict her.

Then a controversy took place over the admissibility of the evidence in question, the conversation between the victim and Mrs. Buchanan, during which Mr. Cannon remarked that she was evading telling the truth in the most evident manner. Mr. Taschereau, for the defence, made an eloquent plea against Lacasse's evidence being allowed, and quoted extracts from the law in defence thereof. He stated that he was ready to add justice, and would do so, but he did not permit that declaration to be used. The witness was granted permission by the Bench to relate the conversation between Mrs. Buchanan and the victim, which was as follows: Mrs. Buchanan said to her aunt, "My aunt, do you speak to me?" "Yes, my little girl, I spoke to him. He put his hand in my mouth and wanted to pull my tongue out." Mrs. Buchanan then asked the following question to her aunt: "Who did it? Tell me, and the victim answered, "It was Joseph, my brother. You know, you uncle Joseph."

Detective Lacasse then stated that he went down the stairs and came up again with Mr. Buchanan. There were four in the room, the witness, Detective Defoy, and Mr. and Mrs. Buchanan. The witness stated that he did not remember if there was any question of punishment mentioned, when the victim and Mrs. Buchanan were speaking.

While they were speaking Miss Talbot had said, "There's someone else in the room. Are the detectives here?" to which Mrs. Buchanan replied, "There's no one else besides us."

The witness then described the searching of Miss Talbot's house on the Sunday, and of finding nothing, except some money in a cardboard box in the victim's room. He stated that he searched the accused's place on the Sunday, and that to him Mrs. Talbot was in the house, and Detective Defoy was with the witness. In a cupboard in the kitchen, among soiled clothes, he found a shirt that he took, because it had stains that witness thought were bloodstains. A handkerchief was found on the accused man after he had been arrested at Miss Talbot's house and taken to the City Hall.

Under cross-examination, Detective Lacasse stated that it was on the Monday that he found the shirt, and on the Sunday the handkerchief. Asked how Miss Talbot appeared to the witness, he stated that to him she seemed to be very happy to see her niece, and he added that she did not seem to want to sleep. Her face was covered with bandages and she was on a bed, upon which she hardly moved. Mrs. Buchanan had told her aunt that she was not after she took the stand, and stated that the first she knew of the accident was when she was told of it on Sunday afternoon. She went to see her, and spoke to her. Miss Talbot understood her well, and was fully conscious. She spoke very well.

When the witness was alone with her aunt, according to the witness, she (the witness) said, "Tell me, my aunt, who did it?" to which the victim replied, "Your uncle Joe." This answer was followed by another question from Mrs. Buchanan, "Joe

GAUTHIER AND HIS POSITION

St. Hyacinthe-Rouville Member To Make Important Statement On Sunday

(By Canadian Press) Montreal, Oct. 19.—L. J. Gauthier, M.P., for St. Hyacinthe-Rouville in the recently dissolved Parliament has announced he will hold a public meeting at St. Hyacinthe on Sunday afternoon at which he will, it is stated, have an important communication to make in regard to his position since publicly renouncing connection with the official Liberal Party in the last session of Parliament. It is not known whether Mr. Gauthier will be a candidate for the country.

The Montreal Gazette states that in addition to the definitely announced candidates for the Liberal nomination in St. Hyacinthe-Rouville, Messrs. T. D. Bouchard and Edmond Robert, there is another contender for honors in the person of Rene Morin, a notary, of the city. Yet another possibility is alleged to be L. Augustin, a business man of St. Hyacinthe.

At a Conservative convention held today at the City Hall, Lachine, for Jacques-Cartier county, Arthur Goyer, notary of St. Laurent, was chosen as candidate for the forthcoming Federal elections. It is understood, says the Montreal Gazette, that at the MacKenzie Liberal convention to be held for St. Lawrence-St. George tomorrow night, the choice for nomination at the coming general election will lie between Clement Munn and Major Herbert Marler and final selection, it is thought, will be made of the latter.

GALLANT CONDUCTOR RECEIVED MEDAL

Jumped From Freight Train To Save Boy From Drowning Last March.

(By Canadian Press) Montreal, Oct. 19.—On the occasion of the presentation here tonight of the Boy Scouts' Humane Society's medal for Life saving to Conductor C. A. Neill, of Ottawa, who at the risk of his life had jumped from a freight train to save a boy from drowning in the Ottawa River, near Hawkesbury last March, Sir Joseph Flavelle, chairman of the Board of Directors of the G. T. R. just back from a tour of inspection over eastern Canada and United States to the province and Robert McKee, chairman of the foreign trade section of the Vancouver Board of Trade, and general manager of the Vancouver Milling and Grain Company Limited.

That the time had arrived to utilize the ports of Vancouver and Prince Rupert for the movement of grain and grain products to European ports and the Orient, was argued. It was contended that wheat should be hauled by the railways to Vancouver from the Prairie at no more than 25 cents per hundred pounds. The rate charged under the existing tariff is nearly double that amount.

The commissioners were told that the Dominion Government elevator erected in Vancouver five years ago handled but slightly more than 1,300,000 bushels in that time, while it was capable of handling 75,000,000 bushels, or at the rate of \$5,000,000 bushels a year. Last year Mr. McKee stated, shipments of wheat and flour from Puget Sound and Columbia river ports on the American Pacific coast to Europe and other parts of the world totalled 27,568,875 bushels, while British Columbia ports were idle as far as grain shipments were concerned.

COLONEL PECK TO RUN AS INDEPENDENT. Prince Rupert, B.C., Oct. 19.—Colonel Peck, V.C., member for Skeena B.C., in the Federal House to-day, announced his intention to run as independent candidate in the Federal election. In a statement Col. Peck expressed the belief that the people had grown weary of old party lines, and he desired to go back to Parliament with hands free to deal with any occupation irrespective of party, in the best interest of the North Country.

FARMER TO CONTEST ARGENTEUIL SEAT

Lachute, Que., Oct. 19.—It was unanimously decided to put a straight Agrarian candidate in the field to contest the county of Argenteuil, P.Q., in the Federal elections to be largely attended meeting of farmers here today, representing almost every section of the county. A convention for the purpose of selecting a candidate will be held at Lachute during the first week in November.

COMPLAINS OF GRIT DISLOYALTY

Utter Lack Of Appreciation Shown By Liberal Rank And File

(By Canadian Press) Toronto, Oct. 19.—Wellington Hay, member for North Perth and Liberal whip was appointed leader pro-tem of the Liberal forces in Ontario, following the resignation today of Hartley Dewart, which was laid before them. The caucus expressed appreciation of the sacrifices of Mr. Dewart for the party and a committee was appointed to arrange for a suitable recognition thereof.

In his letter of resignation, Mr. Dewart said in part: "I must confess that I keenly felt the open attacks and the more veiled but equally appreciable disloyalty of others. I have almost impoverished myself to try and save the good name of the party, and yet I am daily harassed by financial demands for accounts that were not of my making. I am not merely referring to members of the House, but to the utter lack of appreciation of their duty by the rank and file of the Liberal Party generally."

"It has been constantly urged upon me that I should give the agrarian outfit a chance. Heaven knows I went the limit. Despite all our criticism and help, the financial condition of the Province in a sad way which is not due to hydro obligations, but to gross mismanagement, absolute incompetency and extravagance, or worse."

"Now the same outfit wants to try their apprentice hand on the Dominion. God forbid. There should be no alliance or understanding, expressed or implied, between Liberalism and Crerarism."

B.C. FIGHTING GRAIN RATES

More Business Must Be Developed In West—Present Rates Much Too High

(By Canadian Press) Vancouver, Oct. 19.—If the deficit of the Canadian National Railway is to be reduced a great deal more business must be developed for the railways than exists in Western Canada today, and only through a fair and equitable railway freight tariff as will induce the movement of grain from the Prairie provinces to the Pacific Coast ports of Vancouver and Prince Rupert can the development necessary be encouraged. This contention was impressed on the Board of Railway Commissioners at today's hearing here in the western freight rates case by C. G. McGee, counsel for the province, and Robert McKee, chairman of the foreign trade section of the Vancouver Board of Trade, and general manager of the Vancouver Milling and Grain Company Limited.

That the time had arrived to utilize the ports of Vancouver and Prince Rupert for the movement of grain and grain products to European ports and the Orient, was argued. It was contended that wheat should be hauled by the railways to Vancouver from the Prairie at no more than 25 cents per hundred pounds. The rate charged under the existing tariff is nearly double that amount.

The commissioners were told that the Dominion Government elevator erected in Vancouver five years ago handled but slightly more than 1,300,000 bushels in that time, while it was capable of handling 75,000,000 bushels, or at the rate of \$5,000,000 bushels a year. Last year Mr. McKee stated, shipments of wheat and flour from Puget Sound and Columbia river ports on the American Pacific coast to Europe and other parts of the world totalled 27,568,875 bushels, while British Columbia ports were idle as far as grain shipments were concerned.

WANTS CENSUS REVISED.

Montreal, Que., Oct. 19.—The Chambre de Commerce of this city passed a strongly worded resolution this afternoon calling on the Census Commissioner at Ottawa to order a "total revision of the work of the enumerators in the city of Montreal" in order to add to the total of the population the names of all

FEDERATION OF CRERAR AS A FINANCE EXPERT

Farmer Leader Blossoms Forth In New Role During Election Campaign

(By Staff Correspondent Can. Press) Woodstock, Ont., Oct. 19.—Hon. T. A. Crerar, leader of the National Progressives, in an address here tonight, left the more familiar ground of previous speeches to analyze the Dominion's financial situation. There was urgent need for economy, he said. He stressed the point that before September, 1925, the Dominion would have \$600,000,000 in maturing loans to refund. "We need" he said, "a sound financial policy, founded upon the practice of the most rigid economy in every branch of public expenditure."

Crerar criticized the Government on the ground that it had not practiced economy, citing the following appropriations as instances: Victoria drydock \$4,000,000; Welland canal \$5,000,000; Trent Valley Canal \$500,000; Naval and Military expenditures \$20,000,000; Government Merchant Marine \$10,000,000.

What was needed he urged was a reasoned financial policy for the whole Dominion, that the Federal, Provincial and municipal authorities should get together to avoid duplication in expenditures. Mr. Crerar took up some of the Prime Minister's charges against the Progressive Party and against himself. Mr. Meighen, he said, had claimed that the Progressive movement was a most dangerous menace to Canada, as being composed of Free-traders, allied with reactionaries, who would pull down the existing institutions of the country and lay them in the dust.

"That" commented Mr. Crerar, "was the most unfair criticism. I think that has fallen at any time from any Canadian public man." "Charges have been levelled against me," Mr. Crerar went on, "because of my connection with the Grain Growers' Company (United Grain Growers). But what is the grain growers organization? It is composed of 35,000 shareholders, no one of whom is permitted to hold more than \$1,000 worth of stock. It is a co-operative concern. Is it not a perfectly legitimate thing for farmers to get together and organize for the handling of their grain? It is not to throw dust in the eyes of the public."

"Speaking at Brockville," proceeded Mr. Crerar, "Mr. Meighen accused me of being a Liberal and said that the whole Progressive movement was a dilapidated annex of the Liberal Party. Mr. Meighen was developing a very fervid imagination. There are not many Liberals throughout Canada who think that I don't think Mr. King regards it as the case in North York today, and I don't think that the Liberal candidate in this constituency thinks we are a dilapidated annex to the Liberal Party."

He also criticized his election manifesto. He states that the grain growers of Western Canada have spent more on political propaganda than the Government has spent. That is not the case and if the farmers of Western Canada have spent money in political propaganda, it is their own money they have been spending, but where is the Government getting its campaign funds? I have already asked Mr. Meighen that question and I now ask it again."

As Mr. Crerar turned to the tariff issue, he was submitted to a short, sharp fire of questions. Mr. Crerar was referring to the present day condition in Old Ontario. He had been told, he said, that farms could be bought for little more than the cost of improvements, that the older parts of Ontario were producing less than they were years ago.

"Is the prosperity of the United States due to protection or free trade?" came the sharp interruption. "The prosperity of the United States," Mr. Crerar replied, "is due to the fact that the United States is the greatest single free trade area in the whole world. The United States produces everything it needs."

"That is what we should do," another voice broke in, "that can only be done by a high tariff." Mr. Crerar, proceeding, claimed that leading financial journals of New York are opposed to the principle of high tariff. In his view the United States would never again for any length of time submit to a high tariff.

"They've got a higher tariff than we have," again a voice interrupted from the crowd. Boots and shovels and many other articles he claimed, entered the United States on the free list. While on the question of economy, Mr. Crerar referred to a statement attributed to a Cabinet Minister, that a new drydock would be built in Vancouver costing \$2,500,000. "I hope it is not true," said Mr. Crerar. "It may be only an election promise but even at this time such a promise should not be made."

GREAR AS A FINANCE EXPERT

Farmer Leader Blossoms Forth In New Role During Election Campaign

(By Staff Correspondent Can. Press) Woodstock, Ont., Oct. 19.—Hon. T. A. Crerar, leader of the National Progressives, in an address here tonight, left the more familiar ground of previous speeches to analyze the Dominion's financial situation. There was urgent need for economy, he said. He stressed the point that before September, 1925, the Dominion would have \$600,000,000 in maturing loans to refund. "We need" he said, "a sound financial policy, founded upon the practice of the most rigid economy in every branch of public expenditure."

Crerar criticized the Government on the ground that it had not practiced economy, citing the following appropriations as instances: Victoria drydock \$4,000,000; Welland canal \$5,000,000; Trent Valley Canal \$500,000; Naval and Military expenditures \$20,000,000; Government Merchant Marine \$10,000,000.

What was needed he urged was a reasoned financial policy for the whole Dominion, that the Federal, Provincial and municipal authorities should get together to avoid duplication in expenditures. Mr. Crerar took up some of the Prime Minister's charges against the Progressive Party and against himself. Mr. Meighen, he said, had claimed that the Progressive movement was a most dangerous menace to Canada, as being composed of Free-traders, allied with reactionaries, who would pull down the existing institutions of the country and lay them in the dust.

"That" commented Mr. Crerar, "was the most unfair criticism. I think that has fallen at any time from any Canadian public man." "Charges have been levelled against me," Mr. Crerar went on, "because of my connection with the Grain Growers' Company (United Grain Growers). But what is the grain growers organization? It is composed of 35,000 shareholders, no one of whom is permitted to hold more than \$1,000 worth of stock. It is a co-operative concern. Is it not a perfectly legitimate thing for farmers to get together and organize for the handling of their grain? It is not to throw dust in the eyes of the public."

"Speaking at Brockville," proceeded Mr. Crerar, "Mr. Meighen accused me of being a Liberal and said that the whole Progressive movement was a dilapidated annex of the Liberal Party. Mr. Meighen was developing a very fervid imagination. "They've got a higher tariff than we have," again a voice interrupted from the crowd. Boots and shovels and many other articles he claimed, entered the United States on the free list. While on the question of economy, Mr. Crerar referred to a statement attributed to a Cabinet Minister, that a new drydock would be built in Vancouver costing \$2,500,000. "I hope it is not true," said Mr. Crerar. "It may be only an election promise but even at this time such a promise should not be made."

THE PROGRESSIVE PARTY FAVORED BY HENRI BOURASSA

Nationalist Leader Outlines His Views On The Present Political Situation

(By Canadian Press) Montreal, Oct. 19.—"I am not and will not be a candidate. You will excuse me for not giving any longer explanation. I have given to this movement, I have given to this cause, more than (here Mr. Bourassa turned away from the audience visibly overcome with emotion and with tears running down his cheeks) I cannot evaluate it, for that service is not counted. But my physical forces are worn out and I can no longer bear the strain of carrying on an election campaign."

In the above words, Mr. Bourassa made it clear that he was not a candidate on any platform for election at the forthcoming general elections in the constituency of Labelle county, as he has been intimated recently. Mr. Bourassa, in his address, stated that as a practical conclusion arrived at in the face of the present political situation throughout Canada, it seemed to him desirable that the Progressive Party should get the largest number of candidates possible elected. Since, however, in the Province of Quebec, the Party had as yet no efficacious and general organization and had no candidates sufficiently strong to command a majority, the best thing to do for all men who had the good of the nation at heart would be to make the defeat of the Meighen Government certain and prevent "the immoral alliance which was plainly indicated by the enthusiastic reception given by the Montreal Gazette to the candidature of Sir Lomer Gouin."

"The best way to accomplish this end would be to bring about the candidature of really independent men whose character and honorability would offer the maximum of guarantee and whose election would be well high sure. Where this was impossible, Liberal candidates should be supported against Ministerial nominees but the former should be forced to give guarantees that they would not lend themselves to any alliance with Ministerial protectionists in the future."

Mr. Bourassa arrived at the above conclusion after a lengthy review of the present political situation. He characterized as acts of autocracy the agreement of the Liberal Government of Canada to participate in the South African war; and the agreement of the two parties to join in the late war war.

Similar acts were, he said, the refusal of the Liberal Government of 1910 to obtain the sanction of the people to the naval policy, and the prolongation of the life of Parliament in 1916 by a year by consent of the two parties.

Mr. Bourassa then proceeded to analyze the Liberal Party in the Province of Quebec. It was, he said, made up of three categories. The inheritors of the thought of Mercier who were, whether they admitted it or not, of the Nationalist Party; the followers and perpetuators of Laurier, who sought to establish a balance between Protection and Free Trade, between Nationalism and Imperialism; and, lastly, Sir Lomer Gouin and his followers, who are in reality Tories, masquerading as Liberals, and disguised as Nationalists, associated with, or rather dominated by, Montreal big business, in the same way as Mr. Meighen and his associates are the employees of Toronto finance."

Discussing the three parties presently in the political arena, he stated that neither Conservatives nor Liberals offered guarantees sufficient to deserve the confidence of the electorate. The Farmer Party, in his view, did do so.

In regard to the tariff, Mr. Bourassa favored the taking of the tariff out of politics and the placing of it in the hands of a permanent Tariff Commission. He gave it as his view in regard to the railroad situation that both parties were equally to blame in the matter.

As to solutions he regarded that advanced by Roch Lanctot, M.P. for Laprairie, that the National system should be sold for a dollar as the clearest and most concrete. But it was of course no real solution. He pointed out that if the railways reverted to private management they would in time come into the hands of United States interests and, joined up as they were with United States roads, would in case of war cause the suicide of Canada in a few hours. In this connection he described the United States as "the most powerful, the richest, the most industrious and, perhaps, the narrowest the most conquering nation in the world."

He advanced as a possible solution of the problem, the method pursued in France whereby the

STRONG APPEAL FOR COOPERATION

Between Those Engaged In Developing Electrical And Water Powers

Montreal, Oct. 19.—A strong appeal for more co-operation between those engaged in developing such natural resources as electrical power and water powers with the Provincial and Dominion Governments was urged by Hon. Walter Mitchell, Provincial Treasurer, to-day in the course of an address at the Electrical Co-operative luncheon. Mr. Mitchell said it was estimated that there was 12,000,000 horse power available in Canada for development of which, \$850,000 or 35 per cent, was in Quebec Province.

Of this, \$75,000 horse power had so far been developed with a good deal of assistance from the Government. As a result of this work, the flourishing towns of Grand'Mere, Shawinigan and La Tuque had been created with an aggregate population of 22,000 inhabitants. Further Three Rivers, Sherbrooke, Drummondville, Port Alfred, Chandler and Kipawa had been enlarged and modernized.

The Provincial Government had built the Gouin dam on the St. Maurice, doubling the horse power of that river; the St. Francois River storage for Sherbrooke and the Eastern Townships centers; and many other water powers had been improved and developed.

AFTERMATH OF ELECTION DAY

Evident In Montreal Recorder's Court Yesterday—Charges Of Impersonation

(By Canadian Press) Montreal, Oct. 19.—The aftermath of election day was evident today at the Recorder's Court, where eight men were listed to appear on charges of impersonating electors at various polls during the civic elections yesterday. Only three were present in court today and their cases were adjourned to October 25.

Charges of a similar nature will be heard against five others on that day. According to the police, there was an organization in certain districts, of men and even a few women, who went from poll to poll impersonating voters. Cards were found on several of these vote manipulators giving the names and addresses of voters, filled with information, such as "not in" and "away from town."

Penalties for impersonation range from \$100 to \$1,000 or a maximum term of a year in jail. Railways were leased by the Government to private companies. Mr. Bourassa made a strong attack on Hon. Gideon Robertson, Minister of Labor, in the Meighen Cabinet, whom he described as "the delegate, protector and servant of American syndicated labor." He highly praised the National Catholic Syndicates of the Province of Quebec.

Finally he concluded that the real danger at present was that the two old parties would join together to crush the Farmer movement and to serve the allied interests of Montreal and Toronto big business.

EFFECT UPON CONFERENCE

Lloyd George's Decision To Go To Washington And Irish Situation

(By Canadian Press) London, Oct. 19.—Prime Minister Lloyd George's decision to go to the Washington Conference is having its effect upon the progress of the Conference with Sinn Fein leaders, which has been in progress here for the past week, endeavoring to solve the Irish question. Government circles today expressed belief that the plan whereby the various points, particularly the conditions named in Mr. Lloyd George's Dominion home rule proposal, are to be referred to sub-committees makes it quite certain for him to proceed to the United States.

On the other hand, Sinn Fein leaders are believed to be determined to ascertain before his departure whether it is to be "peace or war." Some of them say that none of the critical points have been touched thus far, which fact they claim, accounts for the smoothness of the sessions to date; and they object to these points being kept in the background indefinitely.

No date has been yet fixed for the next meeting of the Irish Conference. Pope And King George Communications have been exchanged between Pope Benedict and King George on the subject of the Irish peace Conference. The Pontiff in his message announced that he prayed for the success of the Conference and the ending of the long dissension. To this King George replied that with all his heart he joined in the Pontiff's prayer.

Invited To Answer Question Dublin, Oct. 19.—The Irish Bulletin, the official organ of the Dail Eireann, referring to the recent speech of Sir James Craig, the Ulster Premier, invites him to answer the question whether in Unionist Belfast there has not been more bloodshed, destruction of property, rioting and looting than in any other city in Ireland, and with the exception of burning of Cork, by British forces, than in all the other cities of Ireland put together.

It inquires also whether thousands of workers expelled from Belfast shipyards and left to starve were not Nationalist to a man, and whether the only city in which the truth is ignored is the only Irish city where the Orange population is in the majority, and where the Unionists have control of the forces paid to prevent disorder.

PRICE OF STEEL MUST COME DOWN STILL MORE. (Can. Press Cable) London, Oct. 19.—Speaking at the launching of the oil tanker Dalruairie today, Lord Invervaire declared that unless the price of steel came down to something like pre-war figures, there would be no alternative but to close down steel works which would mean more unemployment.

ORDER FOR STEEL RAILS IS SIGNED Sydney, N.S., Oct. 19.—A contract for the manufacture of 20,000 tons of steel rails at the Sydney Mills has been signed by the Dominion Steel Corporation, and the management of the Canadian National Railways. It is learned here tonight, the order will keep the steel plant going for nearly two months.

Joy, a greater interest in our lives, constantly new experiences all tend to keep us young, despite our years, says one scientist.

Shoes are Unnatural. NATURE never intended us to wear shoes—she intended us to go barefoot. But because it is necessary to disregard nature in this respect, it is not necessary to cripple ourselves. From early childhood some feet are deformed—bent out of shape by narrow shoes—crippled. Why let your child's feet be like this? HURLBUT cushion sole SHOES allow the foot to grow as nature intended. The broad toe gives room to grow for every toe—the cushion sole gives a springy natural tread. The shoes are welted and insure the lowest cost per day of wear. Write for booklet about Hurlbut "Re-build Service" and we will tell you the name of the Hurlbut dealer nearest to you. HURLBUT CUSHION-SOLE Shoes for Children MADE IN CANADA by The Hurlbut Co. Limited, Preston, Ont.

QUEBEC, OCTOBER 20, 1921

THE R. C. A.'S ANNIVERSARY

Today the Royal Canadian Artillery is celebrating its fiftieth anniversary and hearty congratulations will be received by that sterling fighting force from Canada in general and from the Ancient Capital in particular, with which the Chronicle, both on its own behalf and that of its readers, heartily associates itself.

As might naturally be expected the R. C. A. has had a history as honorable as it has been eventful and it is appropriate that space should be given this morning to recalling a few of its salient points. It was in the fall of 1871 that the last of the British Troops in Upper and Lower Canada, the 60th Rifles and the 5th Battery, 3rd Brigade Royal Artillery, sailed from Quebec, leaving the Citadel and Lewis Forts to be held by Canada.

A General Order, dated the 20th October, 1871, authorized the formation of two permanent "Batteries of Garrison Artillery" for the care, protection and maintenance of the Forts, Magazines, Armament and Warlike Stores, recently, or about to be handed over to the Dominion Government in the Provinces of Ontario and Quebec. The order also provided that these Batteries should serve as "Schools of Gunnery" for training all ranks of the Active Militia.

Thus were laid the foundations of the oldest Regiment in the Canadian Permanent Force, The Royal Canadian Artillery, and its adjunct the Royal School of Artillery, which therefore celebrate their 50th Anniversary on the 20th October, 1921, the title "Royal" having been first granted by Queen Victoria in 1859.

The Regiment's earliest experience of active service was in the North West Rebellion, and at Fish Creek on 24th April, 1885 "A" Battery first came under fire, with the loss of three killed and twelve wounded. The attack on Batoche in the following May caused further casualties, but resulted in the flight and eventual capture and execution of the rebel leader, Louis Riel.

Meanwhile "B" Battery, armed with 7 pounder bronze guns, had joined Colonel Otter's column, and on the 2nd they came into action at Cut Knife. Lieutenant Oscar Pelletier was one of the first to be wounded, "whilst gallantly encouraging his men in the face of a hot fire." In 1887 "C" Battery was added to the Regiment, in order to form part of the newly established Garrison at Esquimaux, B.C., and were the first Troops to be carried to the Pacific Coast by the C.P.R. The Battery was strong in sports, especially cricket, and its Tug-of-War Team held the championship of British Columbia. In 1893 this Battery returned to Quebec and became No. 2 Company, R.C.G.A.

On the morning of the 16th May, 1889, a fire broke out in St. Sauveur which threatened to destroy a great part of the City, and "B" Battery, under the Command of Major Short, turned out to assist in fighting the flames. In order to cut off the burning district Major Short and Staff-Sergeant Wallick undertook to blow up some buildings. In placing a keg of powder in position a spark from the flames ignited it and a terrible explosion resulted, shattering the house and literally blowing the unfortunate soldiers to pieces. The handsome Monument erected by the citizens of Quebec to the memory of these two gallant men is a familiar object in Grande Allee.

In the latter part of the winter of 1898 a call was made for Officers and men for the Yukon Field Force, and amongst the numerous volunteers from the R. C. A. was Lieutenant and Bvt. Captain Burstall, now Major-General Sir Henry Burstall, K.C.B., K.C.M.G., A.D.C. While in the Yukon the force underwent severe hardships from the intense cold and the scarcity of provisions, but their presence in the country had the desired effect. The protection afforded the law abiding and the speedy justice administered to the lawless "once more illustrated the true freedom and liberty which ever flourish under British rule."

In this connection it is of interest to note that in 1874 a large number of N.C.O.'s and men, under Lieutenant Colonel French, volunteered to form part of the newly organized North West Mounted Police, so that in one sense the R. C. A. may be regarded as the parent of that distinguished Force.

Great enthusiasm and excitement prevailed in the Regiment when in October, 1899, the Dominion Government decided to offer a Canadian Contingent for service in South Africa. Nearly every one volunteered, and amongst those selected were Captains Burstall, Panet and Ogilvie and Lieutenant Lafferty, with forty two N.C.O.'s and men. In the following December a Brigade Division "Special Service" Royal Canadian Artillery under the command of Lieutenant-Colonel, afterwards Brigadier-General Drury, C.B., with Captain, now Major-General Thacker, C.B., C.M.G., D.S.O., as his Adjutant was formed. It is to the latter Officer's interesting history of the Regiment that the writer is mainly indebted for this brief account.

The events of the Great War are too fresh in the minds of all readers to require any detailed account to be given. It is only necessary to say that the R. C. A. was represented on nearly all Fronts, including France, Gallipoli, Russia, and in the Garrison of St. Lucia, which afforded a safe harbour to our Warships in the Western Atlantic.

In 1919 No. 3 (Heavy) Company R.C.G.A. was transferred to Kingston, but No. 4 Company still remains in Quebec together with the R.C.G.A. Band, which gives so much pleasure to the numerous visitors to this City.

The late Field Marshal Earl Roberts, V.C., was Honorary Colonel of the R. C. A. from 1901 until his death in France, and took his place at the head of his Regiment at the Tercentenary Celebrations in Quebec in 1908. The Regiment subsequently became officially allied to the Royal Regiment of Artillery. On 3rd November, 1920, His Majesty The King was graciously pleased to confer upon the Regiment the honour of becoming its Honorary Colonel.

It would be impossible in this short account to give the names of all those who have served in Quebec, but the names Nelson, Sewell, Wilson, Lyndon, Pugh, and McGrath will be familiar to many readers. The Headquarters of the Regiment were for many years in Quebec, but have recently been removed to Kingston, where Colonel A. T. Ogilvie, D.S.O., now commands the R. C. A.

MAYOR MARTIN OF MONTREAL

That Mr. Mederic Martin should have easily defeated his opponent in the Montreal mayoralty contest, a young man of thirty-two years of age, without previous experience in municipal politics, and practically unknown to his fellow-citizens further than by name, is not surprising. On the contrary, Mr. Luc Rochefort must be said to have made a remarkable showing in securing 22,000 votes. If, as he promises, this gentle-

man renews his campaign later on he should eventually play an influential part in the destinies of the metropolis. Indeed the result of the balloting must have inspired regrets on the part of not a few Montrealers that Mr. E. W. Villeneuve had not seen his way to contest the Chief Magistracy with the inimitable Mr. Martin for, if a dark horse of untried pace was able to make so promising a run, the former Controller ought at least to have made a close race of it.

There are those who are apt to laugh somewhat contemptuously at Mederic Martin who has a keen sense of the value of publicity and manages to keep himself periodically in the limelight even at the expense of the dignity expected of His Worship the Mayor. One, however, who has succeeded in getting himself elected to such high office in the Dominion's largest city on five consecutive occasions against all comers must be taken seriously. "He laughs best who laughs last" and Mr. Martin has been shrewd enough to take full advantage of the fact that those who like him the least have underestimated his abilities the most.

It is difficult to admire a candidate who is not above appeals to prejudice and a lively sense of favors to come but one is forced to respect his organizing powers and knowledge of human nature. His methods are those of what is known as "practical politics," which does not always make for civic progress and administrative, but it must be admitted that they produce the results he has in view.

After a seven years' struggle for business government, with every advantage at one time apparently on the right side, Montreal is back precisely where it started from and its citizens need not lay the blame on the wiles of His Worship, for they have only themselves to thank.

Today Mr. Martin has virtually all the powers and facilities he has sought for or could desire and, if he assumes a heavy responsibility, he also has a great opportunity to make use of them for the general good of the community that he is called upon to govern. While there is nothing particularly inspiring in his municipal record along these lines, one may hope that wisdom has come with experience, that as the Mayor is powerful, he will be moderate. There are poor pickings from a worked-out mine and the more he practises the conservation of municipal resources the more he will be in a position to dispense those official favors upon which public popularity too frequently depends. In rejecting the constitution drafted by the Charter Commission, Montreal embarked upon a hazardous experiment, the workings of which can be plainly observed henceforward and will be followed with interested attention throughout the Province of Quebec.

Sign the Kiwanis Club Snow Removal petition and do your bit.

According to the Canadian Press, Mr. and Mrs. Walter T. Goodwin, of Amherst, N.S., have announced that the twin boys born to them this week are to be named Arthur Meighen and Mackenzie-King. About ten years from now the fur will start to fly in their happy little home.

Who is the next celebrity to be entrusted with the keys of the city by our gallant aediles?

A Verse Or Two

(By Modern Poets)

HARVEST. This I believe; we tend to grow our dreams No matter how remote fulfillment seems.

It matters not the drought or storm that yields Small hope of promise for the harvest fields.

Have we the faith amid the parching heat To glimpse the small, green blades upthrusting sweet.

And smile secure through driving winds and hail In simple trust, too deep of root to fail.

Then I believe that somehow, soon or late, There comes reward to dreamer-souls that wait:

To each who dared to hold the vision plain, There dawns his golden fields of bending grain. MARTHA HASKELL CLARK, in "Good Housekeeping"

Press Comment

THE COUNTRY DOCTOR (Montreal Herald)

Dr. George E. Vincent, President of the Rockefeller Foundation, in an article in The Forum for October, on "The Passing of the Country Doctor," says that one of the most disquieting results of the raising of standards in medical training is the reluctance of young doctors to settle in rural communities. This is sometimes attributed wholly to the hardships of country life and the small income of the rural doctor. Those influences are doubtless potent, but they alone cannot explain the situation. A doctor who has had modern training is unwilling to be exiled from laboratory and hospital. He wants to be where he can command these resources and enjoy the comradeship of his professional colleagues. The large town and city offer him a congenial and stimulating environment.

BUILDING OR BREADLINES? (London Advertiser)

An editorial in a recent issue of Municipal and County Engineering has for its heading the pointed wording "Building or Breadlines?" The contention is that instead of undue optimism at present the fact should be forced that there are about six million unemployed men in United States. Urging that work is what will relieve the situation, the paper goes on to point out: "While it is unpleasant to direct thought to what will surely happen if we go on waiting for providential, or congressional, relief, it is pleasant indeed to point out that if public works projects be driven forward now, useful work will be provided for those released from industry, and great sums of money will be placed in general circulation, to the immediate and substantial benefit of all lines of business."

TO CONFER WITH RY. LABOR BOARD

Four Of Five Big Chiefs Have Left Cleveland For Chicago

Cleveland, O., Oct. 19.—Four of the "Big Five" railroad transportation chiefs left here late to-night for Chicago where to-morrow they will be joined by L. E. Sheppard, President of the Order of Railway Conductors and confer with the Railroad Labor Board in an effort to end the general railroad strike, set to begin October 30.

Prior to the Conference with the Labor Board at 2 o'clock to-morrow afternoon, the five chief executives will hold a meeting at 9 a.m. to discuss matters pertaining to the situation.

Before leaving to-night, the Brotherhood chiefs said they did not have the slightest idea of what proposals the Labor Board intends to submit to them at to-morrow's Conference. Their attitude was one of entire receptiveness and disinclination to discuss anything which might be prejudicial to any conciliatory move contemplated.

T. C. Cashen, President of the Switchmen's Union of North America, arrived here from Buffalo late this afternoon. He accompanied the local Brotherhood executives, W. G. Lee, President of the Brotherhood of Railway Trainmen; Warren S. Stone, President of the Brotherhood of Locomotive Engineers, and W. S. Carter, President of the Brotherhood of Firemen and Enginemen to Chicago.

The scheduled conference today between the three local executives of the "Big Five" railroad brotherhoods and T. C. Cashen, President of the Switchmen's Union, of North America, and a representative of President L. E. Sheppard of the Order of Railway Conductors, was confined to telephone conversations because of the inability of Presidents Cashen and Sheppard to reach here late today and will go to Chicago tonight with three local chief executives—Warren S. Stone, President of the Brotherhood of Locomotive Engineers; W. G. Lee, President of the Brotherhood of Railroad Trainmen, and W. S. Carter, President of the Brotherhood of Firemen and Enginemen—where they will meet President Sheppard and go into formal conference to-morrow morning preliminary to the meeting with the Railroad Labor Board at 2 o'clock tomorrow afternoon.

Strike May Spread. Chicago, Ill., Oct. 19.—Developments in the possibility of a strike order by others of the sixteen standard labor organizations beside the five train service bodies, were seen today in a call for assembling to-morrow of the conference committee of 100 of the railway employees department, American Federation of Labor. This committee has full power to order a strike of the six shop crafts. No final action was expected, however, before Friday, according to H. M. Jewell, President of the Department.

Trainmen Ordered Out. Pittsburgh, Pa., Oct. 19.—Trainmen on the Pennsylvania Lines west of Pittsburgh and Erie have been ordered to strike according to a statement issued today by R. A. Knoff, general chairman of the Brotherhood of Railroad Trainmen of the Pennsylvania Lines, West. The statement was issued in answer to one by C. E. Musser, chairman of the Brotherhood for the Lines east of Pittsburgh last night.

Correspondence.

ANTI-CAT CAMPAIGN Westmount, P.Q. Oct. 18, 1921

The Editor, The Quebec Chronicle, Quebec. Sir, Regarding the Chicago "Catless World Extermination Campaign," and its prizes for slaughter of cats, whose circulars, according to a Quebec paper, have been sent to your Civic Board of Health, and translations ordered by Dr. Paquin, Chief Medical Health Officer,—it would simplify and settle the proposed investigation, if, before considering this American enterprise, the British Government's figures as to the danger and damage of rats were ascertained. They will be a revelation, and it is not too much to say a horrifying one.

That the human societies are backing this crass ignorance and brutality is a lie. The pseudo-religious Chadbandism of the "tract" is revolting, and the claim of such extreme sympathy for the "song-birds" at the expense of equally extreme cruelty to other creatures equally sentient, makes the Chicagoan Crusade mighty suspicious. One wonders what, exactly, do they want those pelts for. Not that it will matter much to the "human race," if Chicago is to run us; for the "Catless World" will be even lovelier for the rats than the blessed song-birds, since with the assistance,—(thought unneeded), of the Bubonic plague, and a few others they carry, and their own live flesh-devouring proclivities they will have the world all to themselves in short order.

As to the author of the tract is by way of "seeing things," such as visions of the Creator, "appearing" in "groves," whence cats vanish the matter would really seem to call for the attention of an alienist rather than a Health Inspector, were it not for the harm that may be done among similar ignorances, by his false statements.

In any case, by what right does Chicago presume to meddle here? Kindly let us have the British Government figures. Yours truly, M. B. M.

BAGGED A FINE BULL CARIBOU

Pennsylvania Man Made A Long Trip Into Interior Of Gaspe

Mr. H. H. Burton, of Tullytown, Pa., who some time ago went on a hunting trip to Gaspe, accompanied by his brother, Mr. A. R. Burton, and who has been coming to Quebec annually for the past dozen years on fishing and hunting trips, has returned to his American home the proud possessor of a magnificent caribou head. Mr. Burton this year with his brother and their guides, penetrated the interior of Gaspe in the York River County, and travelled sixty miles on foot and nearly four times as many miles on side trips. Besides bringing down a big bull caribou from a small herd, with antlers perfectly proportional, the horns measuring 45 inches, the main beam 8 3/4 to 1-1/2 inches in circumference and the brow antler, 16 inches, Mr. Burton also bagged seventy five partridge.

ROTARY CLUB HELD WEEKLY LUNCH MEETING

The Rotary Club, held its weekly lunch meeting at the Chateau Frontenac yesterday which was, as usual, largely attended by members. The President of the Club presided and after the usual of the lunch and routine business, the President introduced the guest and speaker of the day, Mr. J. E. Marier, member of the Quebec Provincial Commission, who spoke on the value of exhibits, and the Quebec exhibition as an asset to the city and district of Quebec. He also discussed the recent exhibition held in this city, and the need for additional buildings and equipment.

POLITICAL ROW IN ST. SAUVEUR

Supporters Of Opposing Candidates Disputed Rental Of Hall

The political campaign in Quebec West where Mr. Georges Parent will be opposed by Ald. P. Bertrand, Labor Candidate, started out rather strenuously and on Tuesday evening when the Provincial Police were summoned to prevent a threatened outbreak.
The trouble arose over the rental of Victoria Hall on Morin street. Mr. Parent's supporters negotiated for the rental of the hall and maintained that they had a lease for its rental, but Mr. Bertrand's supporters came along later and contracted for the rental of the building and made a deposit.
Needless to say that the opposing bands were considerably aroused and it was rumored on Tuesday night that Mr. Parent's supporters would come along and make some trouble and as a result the police were called, but the anticipated trouble did not materialize.
It is understood that the supporters of Mr. Parent will seek other quarters, but in some minds the incident is looked upon as the first victory for Ald. Bertrand and his supporters consider it a harbinger of final victory.

TWO LIBERALS IN MEGANTIC COUNTY

Division In Grit Ranks—Mr. Jos. Dussault Will Oppose Mr. L. T. Pacaud

Everything is not plain sailing for the Liberals in Megantic County for a decided division in their ranks has become manifest and will result in two Liberal candidates entering the field.
Apart from Mr. L. T. Pacaud, the former member, Mr. Jos. Dussault, a merchant of Theford Mines, it is announced, will contest the seat on a straight Liberal ticket. Some four hundred working men have already signed a petition urging Mr. Dussault to run and pledge him their support.
Mr. Dussault's candidature will prove very popular in the county for he is a former workman and some years ago worked in the mines.

MEIGHEN IN QUEBEC

ON NOVEMBER 8
(By Canadian Press)
Montreal, Oct. 19.—Announcement as to the Quebec itinerary of Right Hon. Arthur Meighen was made today. It will be as follows:
November 4 — Montreal, two speeches.
Nov. 5—Farnham and Sherbrooke.
Nov. 7—Shawinigan Falls and Three Rivers.
Nov. 8—Quebec City.
Premier Meighen will be accompanied on his trip by Honorable Ballantyne, Fournier, Normand, Monty and Bellefleur.
RETAIL MERCHANTS
On Thursday evening, October 20th, a large meeting will be held in Commercial Hall, entrance at 11 Bridge Street, at 8:15 o'clock, which all retail merchants of Quebec and District, (whatever their line of business may be) are urgently requested to attend.
Questions of the highest importance will be discussed, and amongst them that of affiliation with the Association of Retail Merchants of Canada, increase in rates and changes in the telephone system, etc.
J. C. GIGUERE,
Secretary.
Oct. 19x2

MR. J. DUMAIS WILL ADDRESS KIWANIS TODAY

Mr. Joseph Dumais, a distinguished member of the Institute of France, and a noted lecturer, will address the members of the Kiwanis Club at their regular weekly luncheon today. He will speak on "Provincialism in France," and will also deliver several recitations.

Healing Cream Stops Catarrh

Clogged Air Passages Open at Once—Nose and Throat Clear.

If your nostrils are clogged and your head stuffed because of catarrh or a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, antiseptic, germ destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief.
How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or snuffing. Head colds and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure.

G.W.V.A. BALL LARGELY ATTENDED

Brilliant Function Was Attended By The Governor General And Lady Byng

The Chateau Frontenac was the scene of a brilliant function last night when the Quebec Branch of the Great War Veterans' Association gave a Ball for the purpose of raising funds to aid those who offered "Their All" when their King and Country needed them. The event was graced by the presence of Their Excellencies the Governor General and Lady Byng of Vimy, who were accompanied by Captain O. H. C. Balfour, Secretary; Captain the Hon. W. G. E. Jolliffe, A.D.C., Major Vanier, A.D.C. and Miss Walpole, members of their staff; His Honor the Lieut. Governor and Lady Fitzpatrick, Miss Fitzpatrick, accompanied by Colonel Papineau, A.D.C., and Major Stanton the Prime Minister and Madame L. A. Taschereau, Brig.-General and Madame J. P. Landry. The distinguished guests were received by the Ladies' Reception Committee, Lady Price, Lady Turner, Lady Watson, Mesdames E. B. Garneau, S. Grondin, R. M. Beckett, J. A. Scott, Adj. Amyot, F. G. Scott, E. Hattaway, C. Fontaine and Miss P. J. Burstall, and the Ball Executive, Brig.-General T. L. Tremblay, C.M.G., D.S.O., Chairman; Lieut. Colonel Prover, D.S.O., Lieut. Colonel E. A. Harris, Lieut. Colonel H. Chasse, D.S.O., M.C., Lieut.-Colonel R. M. Beckett, Major P. M. Stanton, Captain E. F. B. Rattray, Major Captain Gaston Pratte, Mr. Win. LaRue, Mr. T. D. Beattie and Colonel the Rev. Canon Scott, C.M.G., D.S.O., President of the Branch.
The Ball was held in the main dining room which was handsomely decorated for the occasion with the flags of the Allied nations and palms facing the entrance the letters "G.W.V.A." were brilliantly displayed in electric light, under which was the crest of the Association and on either side, the flags presented to the Quebec Branch by the Soldiers' Wives' League, the whole creating a very pretty effect.
Their Excellencies arrived at ten o'clock and on entering the ball room the Chateau Orchestra struck up the National Anthem. They joined in the different dances up to the first supper hour which was at 11 o'clock and after partaking of this they retired and returned to the Citadel.
The event was attended by some two hundred guests, among whom many who had been connected with the military during the war or are still serving and the blue and khaki uniforms together with the handsome costumes of the ladies lent a brilliant colour and charm to the function, which was one of the most successful yet held in the Ancient Capital. The dance programme included no less than twenty-four numbers with four extras announced by a bugler, and was thoroughly enjoyed by the entire company. The music for the dance was furnished by the Chateau Orchestra and left nothing to be desired in this respect. The music for the supper was furnished by the P.C.G.A. Band under the direction of Captain Chas. O'Neill, and a delightful programme was rendered.
Following the supper dancing was resumed and kept up until two o'clock when the function was brought to a close by all joining in singing the National Anthem.
A great deal of the success which attended the evening was due to the interest and energy displayed by Brig.-General Tremblay, Chairman of the Ball Executive, and recognition is due also to Sergt.-Major Robert, Sergt. Major R. Keller, Staff Sergt. Plant, Sergt. Labbe and Sergt. A. Paquet for the good work they accomplished during the function, as well as to Mr. T. D. Beattie who looked after the issuing of the tickets for the supper.
Among the guests who attended the Ball were:—
Lieut. General Sir Richard and Lady Turner, Lady Price, Lieut.-Colonel and Mrs. R. M. Beckett, Lieut. Colonel and Mrs. J. A. Scott, Lieut. Colonel and Mrs. P. Prover, Lieut. Colonel and Mrs. H. Chasse, Hon. Mr. Francoeur, Major and Mrs. C. Fontaine, Major and Mrs. M. Labbe, Mr. and Mrs. Arthur Price, Lieut. Colonel P. G. Scott, Captain and Mrs. E. E. B. Rattray, Major and Mrs. R. H. Goodday, Mr. and Mrs. H. C. Foy, Mr. and Mrs. Gerald Power, Mr. and Mrs. W. Home, Captain and Mrs. D. S. Gagnon, and Mrs. Cortlandt Fages, Major the Rev. Gilles Wilkin and Mrs. Wilkin, Mr. and Mrs. R. A. Bémolt, Mr. and Mrs. M. Dupre, Mr. and Mrs. L. A. Cagnon, Dr. and Mrs. Jos. Labrecque, Mr. and Mrs. Paul Hamel, Mr. and Mrs. L. A. Richard, Mr. and Mrs. Gerard Garneau, Mr. and Mrs. Charles Scott, Mr. and Mrs. Desmond Clarke, Mr. and Mrs. Omer Amyot, Lieut. Colonel and Mrs. J. O'Neare, Major and Mrs. Vandenburg, Major and Mrs. Stuart, Captain and Mrs. Simpson, Mr. and Mrs. A. Allen Boswell, Mrs. E. B. Garneau, Mr. and Mrs. Ian Brakey, Mr. and Mrs. Ross Strang, Mrs. A. Lavergne, Miss Juliette Taschereau, Miss Madeleine Taschereau, Miss Levey, Miss Labrecque, The Misses Bruneau, Miss Freda Marsh, Miss DeLery, The Misses Clara and Edith Wiggs, Miss Hamel, Miss Donohue, Miss Leonard, Miss Germaine Garneau, Miss Ida Donohue, Miss Preston, Mr. George Love, Major James Brodie, Captain Evelyn Scott, Major Braumton, Lieut. Gerald Monaghan, Mr. Robert Taschereau, Mr. Win. LaRue, Mr. Charles Donohue, Mr. Amyot, Mr. George Garneau, Mr. Raymond Garneau, Mr. J. Reid, Captain James Boswell, Captain Shaw, Major Bishop, Captain Wiggs, Captain Falkenberg, Lieut. Earle Scott, Mr. Norman Brown, Mr. Rex Smith, etc.

HIS EXCELLENCY SPENT BUSY DAY

Visited Grey Nuns Convent And Railway Terminals At Levis

The Governor-General and Lady Byng of Vimy, accompanied by Major Vanier, A.D.C., yesterday morning visited the Grey Nuns' Convent, where they were received by the Mother Superior and the Sisters of the community, and escorted to the reception hall, where an address was presented to Their Excellencies and a bouquet of roses to Lady Byng.
The following had the honor of lunching with Their Excellencies: The Governor General and Lady Byng yesterday: Hon. Judge and Mrs. Pouliot, Mr. and Mrs. George Parent, Hon. J. C. and Mrs. Kaine, Hon. H. C. and Mrs. Carroll, Mrs. John Breakay, Major and Mrs. Pelletier, Dr. and Mrs. Rousseau, Brig.-General T. L. Tremblay, Miss Marie Hamel.
The following were invited but were unable to accept: Hon. Judge and Mrs. Sevigny, Mr. Lagueux, Hon. Mr. and Mrs. Seguin, Mr. and Mrs. Vesey Boswell, Mr. and Mrs. J. C. Melimont, Mr. and Mrs. Lemont, Miss Burstall, Hon. Aurele and Mrs. LaCombe.
His Excellency the Governor General and party went over to Levis yesterday afternoon by the Government steamer Bellechasse and after visiting the railway terminals took general observations of the south side of the river in that vicinity. They returned to Quebec landing at the King's Wharf, where His Excellency was met by the Quebec Agent of the Marine and Fisheries Department, Mr. T. Beland, who escorted him to the office where they had a short talk regarding the shipping business of the Port.
Last evening Their Excellencies attended the G.W.V.A. Ball which was held at the Chateau Frontenac.

GRAND OPERA PROGRAMME FOR NEXT WEEK

Eight Splendid Performances At The Auditorium Commencing Monday Evening October 24th.

The San Carlo Grand Opera company will be the source of no mere contentment for Quebec lovers of grand opera, for their one-week season opening at the Auditorium on Monday evening next (October 24th) holds in store a series of eight operatic performances some of which will give occasion to hear heretofore unknown masterpieces in our city.
For the benefit of those who may have missed previous programme of the Grand Opera week in Quebec, following is given the programme of next week at the Auditorium.
Monday evening, La Tosca.
Tuesday evening, La Boheme.
Wednesday evening, Lucia di Lammermoor.
Thursday evening, Carmen.
Friday evening, Madame Butterfly.
Saturday Matinee, Faust.
Saturday evening, Faust.
Tickets are selling very fast in advance for the coming opera, yesterday was only the second day of advance sale and yet the management of the Auditorium reports an almost record breaking sale in the course of the day.
There is no risk now of the San Carlo grand opera week in Quebec being anything else than a huge success, both from an artistic point of view and a fair business proposition. Things indicate full houses at every one of the performances, for seats are being purchased rapidly in advance.
PERSONAL
Mr. Raoul Lachance of Levis, has left for Toronto, Welland and Detroit.
Ald. Jos. Mercier is leaving today for Montreal and Toronto.

MR. A. LETELLIER DIED SUDDENLY

Passed Away At His Home On Ramparts Street Early Last Evening

The death occurred unexpectedly, last evening of Mr. Urbain Alphonse Letellier de St. Just, who passed away at his home, 41 Ramparts street, from angina pectoris.
Mr. Letellier, who had attained the age of 53 years, was employed at the Quebec Court House. Yesterday he was at his office as usual. On reaching his home after office hours, however, he complained of feeling unwell but had his supper as usual with his family. After the evening repeat his condition became aggravated and the family physician was summoned. In spite of all that could be done Mr. Letellier passed away about 8:30 o'clock.
A citizen who enjoyed the respect and esteem of everyone who knew him, Mr. Letellier had a host of intimate friends who will be shocked to learn of his death and will extend their sincere sympathy to his sorrowing relatives.
Besides his wife and his mother, who is aged 74 years, Mr. Letellier is survived by six sons, Messrs. Eustache Letellier, City Editor of "La Presse," of Montreal, Just Letellier, of Shawinigan, Andre, Remi and Antoine Letellier, of this city and two daughters, the Misses Irene and Marcelle Letellier, as well as two brothers, Messrs. Allyre and Leopold Letellier and one sister, Miss Marie Ange Letellier.

BOY CRUSHED BY MOTORCAR

Victim Was Andre Daigle, Aged 8 Years—Condition Not Thought Serious

Andre Daigle, aged 8 years, son of Mr. P. Daigle, of 26 Garneau street was run down by an automobile at the corner of Chauveau Avenue and Fabrique street yesterday evening shortly before six o'clock.
The car which struck the lad bore license No. 52302 and was in charge of the chauffeur at the time. The boy was crossing the street when struck, and according to witnesses the wheels of the auto passed over the lad's body. The victim was carried into Liversols' and given first aid and later was carried into his home by his father. The doctor who was called examined the child, but as far as could be ascertained from the first examination it appeared that the child had not been grievously injured.

GOT SURPRISE OF THEIR LIVES

Printing Strike Discussed By Typothetae In Convention Yesterday

(By Candian Press.)
Toronto, Oct. 19.—The report of the committee on nominations laid before the convention of the United Typothetae of America to-day included the names of J. Linton Engle, of Philadelphia, for President; J. C. Acton, of the Acton Publishing Company, of this city, for First Vice President and Chairman of the executive committee; Fred W. Gage of Battle Creek, Mich., for Treasurer.
"Ninety seven per cent versus three per cent" was the subject of an address by Henry P. Porter, Chairman of the U.T.A. committee on education. Referring to the strike, Mr. Porter thought it had taught them a never-to-be-forgotten lesson.
The combined result was that the printing unions got the surprise of their lives, men breaking away from their unions and seeking jobs under private contract. The greatest result was perhaps the changing of many closed shops into open shops.
The speaker mentioned the meeting after the executive in July last summer and expressed the hope that both management and printers might confer in such a manner as to prevent the recurrence of the conditions which have been existing since last May.

SOME QUEER WORK AT HOCKEY LEAGUE MEETING

HOCKEY LEAGUES HELD MEETINGS

Intermediate League President Resigned — National Circuit Held Short Assembly

Although the Intermediate Hockey League and the National League held meetings at the Victoria Hotel last evening, very little business was transacted at either assembly. The Intermediate League adjourned when Mr. Dugal the President resigned, when the delegates of the clubs showed lack of confidence in his ability to organize a league. The National League adjourned their assembly to the first Monday in November, when the annual meeting will be held and final arrangements made as to how many clubs will operate this season.

At the meeting of Intermediate League seven clubs were represented, Canadian Francais, Laval Amateur, Belge Amateur, Napoleon Amateur, Cercle Dollard, Vermont and St. Gregoire. The only question under discussion was to decide how many clubs would comprise the league this season. The majority of the delegates present were in favor of having only six clubs and as seven teams wished to operate, the trouble started, which ultimately resulted in the President resigning. As the league disbanded last season and no team not in the league was a member last year, it is in fact a new league being formed with every club having an equal chance of becoming a member.

It was evident at the meeting that the St. Gregoire team, for some reason or other was the club slated to take the door, by the delegates of the six other outfits. The St. Gregoire representatives stated that they had as much right to play as any other club and could not understand why it should be hinted that they be refused admission.

The President then took his stand in the matter saying that it was in fact a new league that was being organized and as the clubs wished a six team circuit, the only solution was to make a drawing, the team drawing number seven to withdraw. This the St. Gregoire delegates refused, but the other six clubs accepted with the result that the President resigned and brought the meeting to an abrupt end.

National League

The meeting of the National League was of short duration, the clubs deciding to leave matters as they are until the annual meeting which is scheduled for the first Monday of November. In this league there are five clubs, Loyola, Viger, St. Charles, C.N.R. and St. Valier.

The Viger team will evidently not operate this season but refused to give a definite answer, as they claim they have until the annual meeting to give a decision. The Loyola club has made application for admission to the City League, so they could not say if they will operate or not, until the meeting of the City League, when their application will be rejected or accepted. Things do not look very bright for a City League, so it is expected that the Loyola Club will again operate in the National League.

Applications for admission were read from Young Sons of Ireland, St. Louis, Adamec, Bell Telephone and Victoria, which were left over for the annual meeting in November.

Sporting Notes.

The New York Yankees, champions of the American League, are trying hard to secure the services of Harry Hooper, star outfielder of the Boston Red Sox but now with the Chicago White Sox.

In an editorial devoted to wishing the Elsie "good-luck" in the race for the international fishermen's trophy off Halifax, N.S., Saturday, the New York Tribune yesterday said that for a time it looked as though Canadians might have to fall back upon the Delawana to challenge for the trophy. "But evidently," the paper continues, "judging from Bluenose's performance in the second and winning elimination race on Monday last, when she led the Delawana home by sixteen minutes and twenty-one seconds, Canada has produced a new worthy champion."

A trotting race for a side bet of \$500 will be run at the Exhibition Ground this afternoon between Betty Morrow belonging to J. Cauchon and Alva O'Neill, the property of A. Drapau. This race will be decided in the best three in five heats.

Ernest Dumas is out with a challenge to Alexandre Turcot, for a race over the four and a half mile route. The Firemen have offered to donate a prize should the race be arranged.

The first bowling match of the season for the Paquet Cup which is up for competition for three men teams of the Quebec Bowling League will be played this evening at the Frontenac Alley, when the present holders of the trophy Messrs. J. Lamy, E. Gagnon, and H. Fortier will defend the silverware against Messrs. L. Dorval, L. Carrier and M. Cleroult.

AUSTRALIANS WON.

(Canadian Press Cable.)
London, Oct. 19.—The Australians defeated the Leeds team of the Northern Rugby Union this afternoon by 11 to 5.

ELIMINATION TENNIS GAMES

Good Matches In Eastern Canada Indoor Championship Singles In Montreal

Montreal, Oct. 19.—E. Bickie and L. R. Rennie were the only two Toronto entries to win in the elimination series in the Eastern Canada indoor tennis championships singles here this afternoon the former winning from C. Ramsay, the McGill University star, by default, while the latter defeated Dr. Ross of Cleveland, in two straight sets. In the doubles, E. Bickie and H. Brodie survived the afternoon's play, easily defeating McCready and Chapman of this city. All the other Toronto players were eliminated in the first day's play.

T. P. Jones (Local) and H. Bickie (Toronto) provided the feature match in the singles. The Montreal player defeated the Torontonian two out of three sets.

Tomorrow E. Bickie and E. H. Laframboise were matched, while R. P. Jellet is up against L. R. Rennie, the other Torontonian left in. In the doubles, Alan C. Dunlop and G. R. L. Head are scheduled to meet E. Bickie and H. Brodie of Toronto.

SCHOONER ELSIE REACHES HALIFAX

Crew Of International Cup Defender Wished Success By President Harding

Gloucester, Mass., Oct. 19.—While Capt. Marty Welch and the schooner Elsie were heading for Halifax today word came from President Harding wishing them success in their defence of the International fishing vessel cup championship against the Canadian challenger Bluenose.

The President appointed as official representative of the United States Government at the races W. W. Lufkin, Collector of Customs at Boston.

The President wrote: "As you know I have taken a keen interest in this international event which provides a fine sporting test of the sailors of Canada and the United States. Please convey to Capt. Welch and the crew of the Elsie my wishes for a successful event."

Elsie Reached Halifax

(By Canadian Press)
Halifax, N.S., Oct. 19.—Logging 355 miles from her home Port to Sambro Light, off Halifax, in 45 hours, the dainty fishing schooner Elsie, of Gloucester, Mass., defender of the North Atlantic Fishermen's trophy, arrived here today just before dusk and to-morrow will prepare for her contest against the challenger Bluenose, of Lunenburg, in the International series commencing on Saturday.

"It was a pretty good run," said Captain Marty Welch, skipper of the schooner, who sailed the Gloucester vessel Esmeranto to victory in last year's International series off Halifax, "and the ship behaved nicely."

HUNTER AND MARSTON WON FROM GUILFORD AND OUMET

Philadelphia, Oct. 19.—William J. Hunter, amateur golf champion of Great Britain, and Max Marston, of Philadelphia defeated Jesse Guilford, United States amateur title holder, and Francis Oumet former open and amateur champion, in a 36 hole exhibition match today over the Tredyfflin course at Paoli 4 up and 1 to play. Hunter played the best golf of the quartet, his medal score of 76 in the morning round being the lowest turned in.

The best ball card of Hunter and Marston was 105 and that of Oumet and Guilford 109. The match ended on the fifteenth green.

Hand-bombs were used in warfare as early as the 15th century.

NOTED SPORTSMAN DIED YESTERDAY

George Kennedy Manager Of Canadian Hockey Team Succumbed To Long Illness

Montreal, Oct. 19.—George Kennedy, noted Montreal sport promoter, and ex-lightweight wrestling champion of Canada, died this morning after a long illness.

Mr. Kennedy was creator and manager of the Canadian Hockey Club, which has a team in the National Hockey League, and won the Stanley Cup, emblematic of the hockey championship of Canada. He wrestled under the name of George Kendall.

Mr. Kennedy's illness dated back, physicians believe, to the ill-fated trip of the Canadian hockey team which he owned and managed to Seattle in the spring of 1919 to play for the Stanley Cup. Players of both teams were stricken by the prevailing influenza epidemic, Joe Hall dying. George Kennedy was ill for several days with an attack, and the poison, slowly permeating his system, finally reached his heart, and early last spring he was taken ill. He steadily declined, despite everything that the most noted medical experts could do.

In health Mr. Kennedy weighed 210 pounds. Just before his death he had wasted away to about one hundred pounds. The cheerfulness and optimism which were characteristic of the dead sportsman prevailed to the last. He never had the slightest doubt but that he would recover, and only last week, wrote to his former partner, Jack Curley, that he would be in New York in a couple of weeks to arrange the season's wrestling fixtures. Kennedy and Curley were the wrestling kings of America, managing some of the most famous grapplers.

George Kennedy was forty-one years old. He was born in Montreal, son of G. H. Kennedy, a sea captain. He broke into sport through being an athlete himself. He developed his wrestling prowess as a boy and because his people objected to his wrestling professionally, he performed under the name of Kendall. He became a really great lightweight, laying claim to the championship of the world, but finally bowed to Eugene Tremblay. There were two matches between this pair, Kennedy winning the first after breaking Tremblay's shoulder, but losing the next after a long and bitter struggle. Kennedy's shrewdness was manifest when the very next day he signed Tremblay to wrestle under his direction, and has managed the lightweight champion's business affairs ever since. Tremblay became rich under Kennedy's judicious guidance.

The story of George Kennedy's sporting ventures would make a book that would be a notable addition to sporting literature. His activities were enormous. He broke into professional lacrosse, organized a champion team, and lost \$12,000 in one year. He dropped thousands of dollars in a season in the city baseball league. He went into hockey, and achieved a wonderful record, the Canadians, under his guidance, winning three championships, and being runners-up on several occasions.

George Kennedy owned the Windsor bowling alleys, and at one time, when the Canadian Athletic Club was running had a billiard and pool room and gymnasium as well. He promoted Montreal's only bull-fight, eleven years ago. He made boxing professional in Montreal, promoting the Frankie Fleming-Eddie Wallace match that went to the limit and proved the legality of boxing exhibitions as at present conducted. Kennedy himself bore the expenses of that suit.

HOREMANS GAVE BILLIARDS EXHIBITION AT BRILLIANT

New York, Oct. 19.—Edouard Horemans, Belgian champion billiardist, scored a grand average of 96, at the conclusion tonight of his 2,400 point, 18.2 ball line match with Koji Yamada, Japanese cue expert, who finished with a total of 425 and an average of 17 1/2.

The Belgian's high average was said to have surpassed any, previous one in an exhibition match. In the fifth block this afternoon Horemans made high runs of 169 unfinished, and 142.

In the final block tonight he beat Yamada 400 to 59. He ran out one block of 400 from spot.

TOOK EVENT IN STRAIGHT HEATS

Great Volo Driven By Cox Easily Outclassed Field At Grand Circuit

Atlanta, Oct. 19.—Little competition developed in the grand circuit races here today. In the 2:12 trot the Great Volo easily outclassed the field and won in straight heats.

In the Free-For-All trot, Cox, who had piloted The Great Colorado, drove E. Colorado to three successive victories though he was pushed in the second heat by Charley Rex and compelled to step a mile in 2:04 3/4.

Edna Early, driven by Thomas, won the first two heats of the 2:03 pace pretty much as she pleased, but was outraced by Hazel Koustner in the third heat.

Peter Manning, bay gelding, of The Murphy stables, was sent against the local track record of 1:59 and incidentally to try to beat his own world's trotting record of 1:57 3/4, made a fortnight ago, but the best he could do was 1:59 3/4.

Summaries:

2:12 Class Trotting For Three-Year-Olds, Purse \$500. Added, Two In Three heats.

The Great Volo, b.h. (Cox) 1 1
Sillador, b.h. (Murphy) 2 2
Marge the Great, b.m. (Stiles) 3 3
Time 2:08 1/4; 2:10 1/4.

2:03 Class Pacing, Purse \$1,000.
Edna Early, blk.m. (Thomas) 1 1 3
Hazel Koustner, b.m. (Pitman) 4 2 1

FRANK BARRIEAU SCORED TECHNICAL KNOCKOUT

Montreal, Oct. 19.—Frank Barrieau, of Montreal, scored a technical knockout over Walter Laurette, of New York, when the latter's seconds threw the sponge into the ring in the fourth round of a ten round bout here tonight. The men were poorly matched and Barrieau led all the way. Both are welterweights.

Barrieau claims the Canadian welterweight title. Mickey Delmont of New York knocked out Bud Gullbault, of Montreal, in the early stages of the first round of the semi final.

In the preliminaries, Eugene Demers earned the decision on points over Kid Marshall in six rounds of hard battling, while Kid Litner outpointed Kid Casey over the same route.

HOREMANS GAVE BILLIARDS EXHIBITION AT BRILLIANT

New York, Oct. 19.—Edouard Horemans, Belgian champion billiardist, scored a grand average of 96, at the conclusion tonight of his 2,400 point, 18.2 ball line match with Koji Yamada, Japanese cue expert, who finished with a total of 425 and an average of 17 1/2.

The Belgian's high average was said to have surpassed any, previous one in an exhibition match. In the fifth block this afternoon Horemans made high runs of 169 unfinished, and 142.

In the final block tonight he beat Yamada 400 to 59. He ran out one block of 400 from spot.

MUNICIPAL LISTS FOR FEDERAL ELECTIONS

Latest Available in Ontario To Be Used in Compilation of Voters

(By Canadian Press)
Ottawa, Oct. 19.—The latest available municipal lists in Ontario will be used as a basis in the compilation of the voters' lists for use in the Federal elections, it was announced this afternoon by Colonel O. M. Biggar, chief electoral officer.

The arrangement was made through agreement between the Government and the headquarters of the Liberal and Progressive parties and on the suggestion of Col. Biggar. The result of this action will be that those whose names appear on the latest and most complete municipal list in each municipality will not have to register, as their names will be placed on the Dominion lists without intervention. Those whose names are not on the municipal lists will have to register. The procedure, if it is considered necessary, will be ratified at the next session of Parliament.

RICKARD IS AFTER DEMPSEY'S SIGNATURE

Chicago, Oct. 19.—Tex Rickard, boxing promoter, conferred with Jack Kearns, manager for Jack Dempsey, heavyweight champion, today in an effort to obtain Dempsey's signature to a contract

for a championship contest with Jess Willard next July. The men will confer again tomorrow, Rickard said.

Willard already has signed for the bout. No specific date has been proposed for the contest, and Rickard is undecided as to where it would be held.

Between South Africa and Australia are a number of islands seldom visited by ships, on many of these stores of food are placed for the use of ship-wrecked sailors.

Cod-liver oil is about 250 times as potent in food values as butter.

Growing Earnings

Because of their essential nature, the services of our water power and public utility companies are less subject to fluctuating demand than other industries as is proved by the fact that to-day in face of the most adverse business conditions, most of these companies are showing steadily increased net earnings.

In view of this, ought not the bonds of such companies to be the most desirable kind of investment, combining as they do, safety with a generous interest?

Egg Market

Ottawa, Oct. 19—The egg market continues firm particularly for fresh specials and extras. There is a little easier undertone in the storage situation, due to the United States markets and the report that the movement out of storage there is not satisfactory.

Toronto firm and unchanged. Specials 60c; fresh extras 58c; storage extras 51c to 53c; frats 46c to 60c.

Montreal firm; specials jobbing. In one instance specials obtained direct from the farm jobbing up to 70c and retailing at 75c.

Daily Gossip On Leading Stocks

A dividend of 1 3-4 per cent on the preferred stock due at this time, has been passed by the Canadian Car and Foundry Company.

Memberships in the New York Produce Exchange are to be sold at public auction in the reading room of the exchange on Nov. 30 at 2.30 p.m. This is the first time in some years that such an auction sale of seats has been held.

The number of idle freight cars totaled 375,370 on Oct. 1, compared with 414,638 on Sept. 23 or a reduction of 39,268. Of the total 172,420 were freight cars in good condition which could be placed in immediate service, while 202,950 needed repairs.

A production of 1,552,000 gallons of casing head gasoline in September was reported by the Sinclair Oil Company, an increase of 224,000 gallons from the corresponding month last year.

The actual condition of clearing house banks and trust companies for the week shows that they hold \$39,055,490 reserve in excess of legal requirements. This is an increase of \$1,094,210 from last week.

BETTER TONE DISPLAYED IN MONTREAL MARKET BUT TRADING FELL OFF SLIGHTLY

Feature Of Day Was Advance Of Canada Steamships Preferred, Up Three Points On Small Trading—National Breweries Worked Back Into Market Leadership

(By Canadian Press)

Montreal, Oct. 19—Trading on the local stock market today fell off slightly, but the market displayed a better tone and several fairly good advances were made. The feature of the day was Canada Steamships preferred, advancing three points on small trading to 54. The common was down 3-4 to 18.

National Breweries worked back into market leadership in volume of trading and was up 3-4 to 55 1-4.

The next most active was Detroit United, which continued its upward movement, closing 1 1-2 lower at 73 1-2.

A surprising feature of the trading was the sale of shares of Ogilvie 5 points down to 65.

Montreal Tram, on the other hand, recovered most of the recent small recession, by selling 2 1-2 points higher at 137 3-4.

(By L. G. BEAUBIEN & CO.)

Closing Letters By Local Brokers

(By Bruneau & Co.)

New York, Oct. 19—The market today has been more hopeful as to the outcome of the railroad situation and this combined with easier money, which has kept prices in the main steady and although there has been considerable irregularity in the list. This easier tone in money is not only important to the stock market, it brings always one of the essential factors, but it has an indirectly favorable effect in tiding over the affairs of companies that are large borrowers, recent favorable instances of this kind being United States Food and apparently Cuba Cane Sugar.

On the other hand of course it must be admitted that industrial affairs make progress very slowly and the heaviness in some of the steel stocks shows how depressed that trade is. Mr. Lloyd George's speech in Parliament today was a vivid illustration of the trade difficulties which England is experiencing. We therefore have two conflicting forces at work in the market, one easier money and the prospect of important developments at Washington and the other the dragging trade conditions of the world. It makes a difficult situation to forecast, but it may be said with confidence that when the financial situation was straightened out the stock market passed its most critical position, and that prices are sure to discount the revival in industry many months before that is an accomplished fact. Sales 533,700.

(By Breen, Gourdeau & Co.)

New York, Oct. 19—At the opening today, there was a brisk demand for stocks which had all the earmarks of being almost entirely short covering and prices advanced materially in the first few minutes. There was no following to this buying through the morning and well through the afternoon when the general market eased off, while the steel stocks were weak under continued pressure. The announcement of the regular dividend for the next two quarters on Pullman stocks caused a very sharp advance in it, which continued through the afternoon to the close, with a net gain for the day of over seven points on this stock. Another announcement which caused a lot of short covering was that the regular dividend was going to be paid on American Sugar preferred, which caused some sharp rallies in the late trading in both the common and preferred stocks of this company. Exceptional strength was shown in several specialty stocks throughout the day, indicating accumulation, included in this being Great Northern Ore, Woolworth and Famous Players, all of which established new highs for this movement. Pool stocks, like Studebaker, General Asphalt and Baldwin were generally firm, but inactive, while Mexican Pete had an early rise, which was not followed up and the stock sagged off later.

Railroads were generally stronger, though inactive. There is believed to be a very extensive short interest in the market, with indications that any favorable news in the railroad strike situation would cause a sudden violent covering movement.

Sales, stocks 533,700; bonds \$12,649,000.

(By L. G. Beaubien & Co.)

New York, Oct. 19—The market has moved irregularly this afternoon and finally closed with a considerable display of strength. The steel stocks remained heavy and failed to show more than fractional recovery in the face of the unfavorable statements expected in the next few days or so. The railroads were the strongest in the late trading and number of the standard roads picked up one or two points which further demonstrated the manner in which the strike influence has been thrown off and disregarded.

American Sugar was a feature of the late trading selling up about four points following a statement from President of Company that regular dividend on Preferred would be paid for this quarter.

Pullman was also a strong stock and made further advances. The motors and oils joined in the advances and remained up until just before the close when there were fractional reactions. The strong stocks over balanced the others, however, so that final aspect of the market was more encouraging.

Total sales 540,000 shares.

LONDON MARKET

London, Oct. 19—Prices moved irregularly on the stock exchange today.

Bar silver 33 7-8d. per ounce.
Bar gold 105s. 7d.
Money 2 3-4 percent.
Discount rates: Short bills 3 3-4 percent; three months bills 3 15-16 percent.

Thirty thousand people are killed or injured in the United States every day; five persons, it is estimated, meet death by accident in this country every minute.

Cotton Market

New York, Oct. 19—Cotton futures closed easy. Closing bids: January 18.08-11c; March 17.89-91c; May 17.50-52c; Oct. 18.15-26c; Dec. 18.37-25c. Puts closed quiet. Middling uplands 18.75c. Liverpool spot cotton in fair inquiry. Prices steady. American middling fair 14.05d. Good middling 12.79d.; Middling 11.89d.; Fully middling 12.29d.; Low middling 10.74d.; Good ordinary 9.59d.; Ordinary 8.54d.

Sales 7,000 bales, including 5,900 American. Receipts 24,000 bales, including 11,700 American. Futures closed easy.

Sugar Market

New York, Oct. 19—The raw sugar market was unchanged at 4.00 cents for duty-free sugars with sales of 40,800 bags of Philippine Islands to local and export refiners. Cubas were quoted at 4.11 for centrifugal with no business reported.

The market for raw sugar futures was weaker on covering and trade buying. Prices at midday were three points net higher.

Refined sugar was unchanged to ten points lower at 5.20 to 5.30 for fine granulated and with a moderate inquiry reported.

There were no transactions in refined futures.

Rockall, an islet in the Atlantic, 300 miles west of Scotland, is supposed to be the only remaining portion above water of a lost island.

RAILS AND OILS IN N.Y. ROSE YESTERDAY BUT NOT BEYOND 1 TO 3 POINTS

Market Gave No Outward Manifestation Of More Encouraging Aspects Of Railroad Situation—Pullman Dividend Declaration Wiped Out Previous Day's Recession

(By Canadian Press)

The only feature of the call money market, which opened at 4 1-2 per cent, but dropped to 4 per cent at noon, was the abundance of offerings, these being augmented by another inflow from interior points. Brokers reported offerings of two and three months money at a shade under prevailing quotations and a better demand for short bank acceptances.

Regardless of the British Premier's pessimistic utterances in the House of Commons, sterling exchange rose substantially over yesterday's depression and German marks were appreciably better, despite the utter demoralization reported from Berlin. Other European remittances tended toward firmness, but Far Eastern, especially Shanghai, reacted on the further decline of the dollar. Some of the Liberty issues hardened materially and other domestic issues were mostly better. Among international issues several of the European municipals strengthened, but Mexican 4s and 5s were weak, with Cuba 4s and 5s Total sales, par value, aggregated \$15,375,000.

UMBER DEALER HAD LOST HOPE

Well Known Montreal Business Men Restored To Perfect Health By Tanlac

"I had lost all hope and was going down hill rapidly when I got Tanlac, but now I feel like a brand new man," said J. E. Tremblay, well known lumber merchant, residing at 2019 St. Catherine St., Montreal, P.Q. "For eight long years I had all sorts of trouble with my stomach. I was seldom free of a burning sensation and a dull, gnawing pain. I had almost no appetite, never tried to eat anything but twice a day, and nothing seemed to agree with me. I had terrible cramping pains for hours after every meal, and always felt depressed and unfit for work. In fact, my condition was so bad I could get but very little pleasure out of life, for I couldn't work, eat or sleep any to speak of. "Finally I decided to try Tanlac, and the results have been little short of marvelous. Why, my appetite is simply enormous now and I never have the slightest touch of indigestion, although I'm eating three big meals a day of just anything I want. All those aches and pains have left me, and I've gained nearly ten pounds in weight. I am so strong the work that used to be almost too much for me is now perfectly easy. I give Tanlac all the credit for the splendid health I am now enjoying." Tanlac is sold by leading drug-gists.

INDIAN NOTE IN FASHIONS. London, Oct. 19.—Lucile's salons in Hanover-square, from the theatre room with its pretty stage and admirable lighting to distant fitting rooms furnished for the day with gilt chairs, were yesterday crowded with people, come to see her fashion display. This season Lucile has gone to India rather than to her favorite Egypt for inspiration, and she has for the moment rediscovered the softness of reds. There was a strange frock of gold and black with huge gold-embroidered black lace sleeves that suggested the splendour of a maharajah, tempered by the drapery of a Dominican nun. There was another black and gold evening gown with a tall Spanish comb made of gold lace. Among the taffetas, a lavender-blue afternoon frock, with a biscuit fichu collar at the back, had something of Elizabeth's stately days in its movement. An evening frock of pillar box pink with silver poppies on the folds of the skirt had the slipped shoulders of early Victorian days, while a green tulle taffeta, stately and long-waisted, had a hint of the Cavalier period, enhanced by the bold use of a long brown curling ostrich plume on a plain velours pink hat.

A flower cut in the décolletage was another new note, and the famous Lucile flowers hung from mannequins' ears, or trailed over picturesque frocks. The coats and skirts were the best that Lucile has shown. There was a sports kit in fine fawn knap with reefer coat and big collar; the coat off, a new treatment of sport skirts was seen, the silk jumper being allied to the skirt in a new way. There was a tulle de serge velvet coat and skirt, with squiggle dyed to tone, and hat and Russian boots all of a shade. But there were nearly a hundred frocks all told that made the onlookers covetous.

Empire Continues to Break All Records With "The Three Musketeers"—Showings Today And For Balance of Week

Everyone is talking about "The Three Musketeers." It is Douglas Fairbanks' greatest picture and one of the really great pictures ever shown here. The Court of France is a center of intrigue. The young King and Queen are alienated and the Prime Minister, Cardinal Richelieu, who designs to be the real ruler of France does everything in his power to keep them from becoming reconciled. The Duke of Buckingham on a visit to France, had evinced a violent infatuation for the Queen and the Cardinal makes use of this to inflame the King's jealousy and to discredit the Queen. Simultaneously, D'Arzagnan is sent forth into the world by his impoverished Gascon father with a sword and the advice to "Fight—fight, fight" as his sole fortune. How he gains the friendship of the three best blades in Paris, saves the Queen's honor, wins a sweetheart and a commission in the crack regiment of the day is the story of this picture. The shows are at 2, 4.20, 6.40 and 9 p.m.

A Big Programme at The Classic Today

"Live and Let Live" is the feature picture and there is also a new serial "The Hope Diamond Mystery." How through the narrowness and intolerance of its leading citizens an entire community is forced to suffer, is the theme of "Live and Let Live," the powerful production at the Classic Theatre today. One of the most prominent casts ever assembled for a single production take part in "Live and Let Live," including Harriet Hammond, called the most beautiful girl on the screen; Dafe Winter, well-known leading man; Helen Lynch, Dulcie Cooper, Josephine Crowell, George Nichols and others of equal note. Another important number is the new serial "The Hope Diamond Mystery" starring Grace Darrmond this is one of the finest of serials yet made. If someone came along and offered you the world famous Hope Diamond, worth a king's ransom, would you accept it and run the risk of the curse that follows the stone? Cursed by the high priest of Rama-Sita, the Goddess of Love and Virginity, the stone, now known as the Hope Diamond has brought death, disaster and misfortune to its possessors for 1400 years. Would you accept it if it was offered to you? See for yourself to-day. The usual other numbers will be present. Elma Copeman's Orchestra will play.

"Wet Gold," Thrilling Melodrama, Comes to Victoria Theatre Today

"Wet Gold" one of the finest undersea stories, reminiscent of Jules Verne, will open a three day's run at the Victoria Theatre today. There are many and varied features about this picture which will appeal to everyone, including a race-track scene taken in Havana. A good comedy and serial as well as Pathe News showing pictures of storm in Quebec will also be shown.

H.M.S. WISTARIA MAKING WATER CONGESTION NOW UNPRECEDENTED

Being Towed to Quebec For Repairs By Lord Strathcona With Pumps Working Thirty Million Bushels of Wheat Between Montreal And Great Lakes

Montreal, Oct. 19.—The grain situation in Montreal port is now approaching a period of unprecedented congestion. Thirty million bushels of wheat between Montreal and the Great Lakes still wait to be shipped by the St. Lawrence route but there are not sufficient ocean vessels here to carry it out. There were twenty lake vessels in this port Monday. The local harbor elevators are full with only a dozen ocean ships in port to take away approximately eight and a quarter million bushels of grain from these elevators. Port Colborne elevators were full today with three ships waiting: Nicol and Midland, in the Georgian Bay, are also filled up.

SHIPPING NOTES

The C.P.S. Ltd. steamer Empress of Britain left Liverpool for Quebec yesterday afternoon and is due to arrive on Wednesday next. The C.P.S. Ltd. steamer Minnedosa, from Liverpool, was reported 256 miles east of Belle Isle yesterday morning at 5:40 o'clock, and is due to arrive at Quebec on Friday afternoon. The steamer Albi passed up at 3:50 a.m. yesterday. The C.G.S. Druid arrived up at 7:50 a.m. and left returning down at 8:55 a.m. yesterday. The steamer Jacob Christensen passed up at 8:50 a.m. yesterday. The steamer St. Anthony passed up at 1:45 p.m. yesterday. The C.G.S. Bellechasse left going up at 4:45 p.m. yesterday. The tug Dick T. left going up at 4 p.m. yesterday. The C. S. Lines steamer Montreal arrived down at 8:45 a.m. and left going up at 6 p.m. yesterday. The steamer William Glumes passed up at 6:50 p.m. yesterday. The C.G.M.M. steamer Canadian Runner left going up at 7:30 p.m. yesterday. The steamer Borghild passed down at 1:45 a.m. yesterday. New York, Oct. 19.—Members of the Seamen's Union will refuse to man coastwise passenger boats touching New York if there is a railroad strike, according to John P. Welsh, an organizer for the Union. The steamer Ivernon passed down at 3:25 a.m. yesterday. The steamer Turret Port passed down at 6:40 a.m. yesterday. The steamer Labrador arrived down at 8:25 a.m. and left going down at 4:30 p.m. yesterday. The steamer Brumath left going down at 8 a.m. yesterday. The C. S. Lines steamer Cape Diamond left going down at 10:10 a.m. yesterday. The C.G.M.M. steamer Canadian Sealer passed down at 1:20 p.m. yesterday. The steamer Carmona passed down at 6:35 p.m. yesterday. The steamer Gauté passed down at 7:05 p.m. yesterday. The wife of a travelling man is a poor correspondent. Her letters are short and sometimes do not arrive within a week of each other. Naturally before they reach him he is often rather worried over home affairs, as the family health and such things. So on his last trip home he said: "No matter how far away I am, the first day I fail to receive a letter I shall come straight home." Since then his daily letters have come regularly and are also newsy and long. At first he was much gratified, but now, since he has more time to reflect, he is beginning to wonder whether or not he should feel flattered.

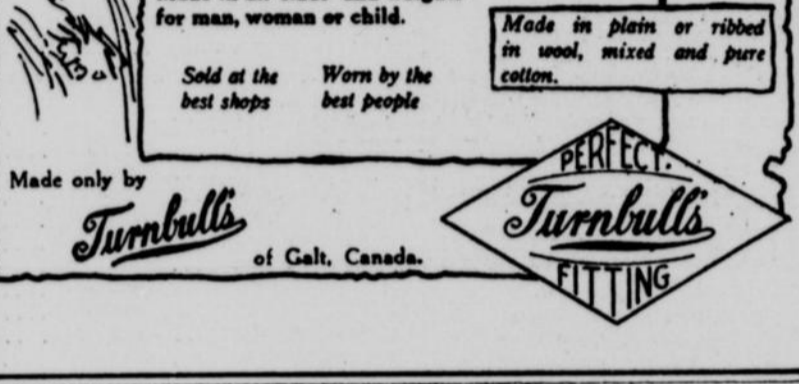

The Criterion of Comfort

Never a shrug or a scratch— Never a chill or a cold— Never the slightest discomfort— When you wear Turnbull's Wool Underclothes. You can withstand the inclemencies of the weather and the changes of temperature if you wear

Turnbull's UNDER-CLOTHING

Before the wool used in Turnbull's is spun into the yarn for knitting, it is worked up into thin, downy, translucent layers. When the knitting takes place, a close "wooly" texture of exceeding softness is accomplished. In "CEETEE" the parts subject to wear and strain are re-inforced—the only Underclothing made in Canada that is re-inforced. It has also the best closed-crotch, a crotch that stays closed and comfortable. Made in all sizes and weights for men, women or child. Made in plain or ribbed in wool, mixed and pure cotton. Sold at the best shops Worn by the best people
