

## THE STRIKE AT MAGOG.

### Condition of Affairs Between Company and Strikers Unchanged.

#### REPRESENTATIVES OF LABOR DEPARTMENT TRYING TO EFFECT A SETTLEMENT.

Magog, Nov. 22.—(Special)—There is practically no new development in connection with the striking employees at the cotton mills and print works.

While the strikers have added to their ranks from some of the departments, others who were out have returned to work so that the number out remains about the same.

All the departments of the company are running as usual, and although the absence of the striking employees is somewhat of an inconvenience still the production is being maintained.

The representatives of the Labor Department of Ottawa held an interview with the men last evening, when the whole situation was discussed.

As the head office of the company is in Montreal the negotiations towards bringing about a settlement will be taken up there.

The meetings of the strikers are well attended and they still maintain they will win out. The leaders keep urging them to stand out for the increase.

The strike is not looked upon with much favor by the business men of the town who realize that, should it continue, it will mean a serious loss to the town of Magog.

#### COTTON TRADE NOT GOOD.

Montreal, Nov. 22.—With regard to the contentions of Mr. Paquette and the union leaders that the position of the cotton trade was such that the ten per cent. increase in wages promised some time ago was warranted, Mr. Daniels said this was not the case.

"While the cotton trade in England and on the Continent is generally pretty good," said he, "it is very spotty on this side. While we are kept busy on certain lines, prices are cut very close, and although there has been a reduction in the price of raw cotton, there has also been a corresponding cut in the manufactured article. The market position is such that we cannot meet the demands of the men, and there will be absolutely no compromise. We have nothing to hide and nothing to settle, and we laid this question clearly before Mr. Dubreuil, of the Labor Department, when he called at our office."

## SUFFRAGETTES FARED BADLY.

### Police Arrested 180 of the Fighting Females.

#### TRIED TO FORCE THEIR WAY INTO THE HOUSE OF COMMONS.

London, November 22.—The suffragettes fared badly at the hands of the police last night. They had threatened to force their way into the House of Commons and make a protest on the floor of the House against the Prime Minister's refusal to pledge the Government to a bill giving equal suffrage to both sexes, but they failed even to reach the entrance of Parliament.

Thwarted by the police who made upwards of 180 arrests, the suffragettes resorted to a campaign of window smashing. Driven from Parliament Square by the police, 1,800 of whom were on duty, the women accompanied by sympathizers and gangs of rowdies, proceeded through Whitehall.

## PASSENGER STEAMER STRUCK A ROCK.

### Prinz Joachim on Way to Jamaica Goes Ashore.

#### IS IN NO IMMEDIATE DANGER, BUT REQUIRES IMMEDIATE ASSISTANCE.

New York, Nov. 22.—(Special)—Hamburg American line steamer Prinz Joachim, which sailed from New York last Saturday for Kingston Jamaica, reported by wireless early today that she had struck on a rock off the Samana Island 200 miles north of Haiti. According to the wireless operator the ship is resting easily, and in no immediate danger, but requires assistance as soon as possible. Samana Island, also known as Atwoods Key, is an uninhabited rock about a mile wide and eight miles long.

The Prinz Joachim appears to be about 25 miles off her course in a region known to mariners as very dangerous.

## HUSBAND KILLED WIFE IN STREET.

### After the Shooting Slayer Waiked Away and Escaped.

#### VICTIM WAS NINETEEN YEARS OF AGE AND LEAVES TWO BABIES.

Montreal, Nov. 22.—Hurryng from her work in the Canada's Paint Company's factory to her home at 258 Chateaugay street, where her two babies, one eighteen months and the other three months old, were awaiting her coming, Mrs. John Cummings, 19 years of age, was shot and killed by her husband, at 6.15 o'clock last evening.

The shooting was committed in Chateaugay street, about fifty yards west of Island street, while the young woman was walking along the street in company with Edwin L. Packer, a young man who boarded in the same house. Mrs. Cummings was killed instantly, the first bullet penetrating her body from the back, and the second striking her in the face under the left eye.

The Cummings disappeared after the shooting, and Captain Coleman, of the Grand Trunk street station, assisted by Lieut. Charland and half a dozen men from the detective bureau, could find no trace of him up to an early hour this morning. Robert Scott, a cousin of the murdered woman met Cummings walking east in Centre street about five minutes after the murder had been committed, but at that time he did not know of what had happened in Chateaugay street. Scott and Cummings had not been friends for more than a year, and did not recognize each other as they passed in the street. It was not until three-quarters of an hour later that Scott learned of the murder.

#### CUMMINGS ARRESTED.

Montreal, Nov. 22.—(Special)—John Cummings, the man who is alleged to have shot his wife while on her way to her mother's home yesterday evening, was rounded up this morning by the police in a room at 415 St. James street. When brought to Chief Detective Carpenter's office, Cummings stated he was ready to make a statement to the Chief, and spoke in a calm, self-possessed way, saying that he had not heard of the murder until arrested, and that he was not in Point St. Charles where the murder occurred, last night. He denied all knowledge of the crime until his arrest this morning.

#### ALLEGED BEDFORD HEN THIEF WILL TAKE HIS TRIAL BY JURY. WAS REFUSED BAIL.

Sweetsburg, Nov. 22.—(Special)—Judge Mulvena held a special term of the Magistrate's Court here yesterday and disposed of several cases. In the case of the King vs. Jake Gogen, of Sweetsburg, who had been committed for trial and pleaded not guilty to a charge of theft of ten dollars from the person of John Harris, after hearing the evidence, which was very lengthy and contradictory, the Court discharged the accused, giving him the benefit of the doubt.

#### NO CASE AGAINST NORTON.

In the case of the King vs. Frank Norton, of Pottou, who had been committed for trial and pleaded not guilty to a charge of setting fire to and burning a barn and farm implements on the 20th October last, the Court after hearing the evidence discharged the accused.

#### DISTURBED PEACE OF SWEETSBURG.

In the case of J. B. Ledoux against John Gogen, of Sweetsburg, for being drunk and disorderly, the accused was fined one dollar and costs or eight days in jail.

#### LIQUOR CASES ADJUDGED.

#### CLARA WAS DISCHARGED.

In the case of the King against Dame Clara Bounin, of Sweetsburg, on the charge of theft of ten dollars from the person, the Court after hearing the evidence discharged the accused.

#### HEN THIEF COMMITTED.

In the case of John P. Heath, hotel keeper, of Bedford, against Samuel Rosley, of the same place, for stealing hens from his barn, the preliminary examination was held. The evidence established the fact that the accused had been caught in the act, and had escaped to Swanton, Vt., from where he had been deported. He was committed for trial.

#### IN THE CASE OF THE KING VS. SAMUEL ROSLEY, FOR STEALING HENS, THE ACCUSED MADE OPTION FOR A TRIAL BY JURY AND APPLIED FOR BAIL, WHICH WAS REFUSED. HE WAS REMANDED TO JAIL.

## GRANBY CITIZENS INDIGNANT.

### Object to Wholesale Slaughter of Maples on Elgin Street.

#### WERE THE ADMIRATION OF VISITORS AND THE PRIDE OF RESIDENTS.

Granby, Nov. 22.—(Special)—The wholesale butchery of the beautiful maples on Elgin street, which have been the admiration of strangers and the pride of the residents for over a score of years, is causing much resentment and just indignation among the property holders. It is stated an action for damages may be taken as an example. Although in some cases the limbs interfered with the electric wires, much unnecessary cutting was done, and the corporation authorities, or Electric Light Committee, who authorized this work, should have appointed a man who had some regard for the beauties of nature to see that the work was judiciously done. In some cases permission was not asked when the trees stood on private property, but were slashed indiscriminately and the trees made unsightly specimens by a good portion of one side being sawn off. Time will not remedy the unsightly appearance of the once beautiful shade trees, and it is hoped for the benefit of other villages that an example may be made of this unnecessary destruction.

## MANY DEFENDANTS IN BARFORD CASE.

### No Less Than Thirty-Two Will be Called into Court.

#### ACTION IS OVER THE DIVISION OF REAL ESTATE IN BARFORD TOWNSHIP.

Castrook, Nov. 22.—(Special)—An action has just been issued in the Superior Court here at the instance of Dr. W. L. Shruttleff, K.C., in which there is the asking number of thirty-two defendants. The action is one asking for the division of the estate of the late Joseph Leon Bennett. In his lifetime, a farmer in and left the usufruct of all his property to his wife, the property itself to go to his children, his wife death to die a few years after making his will. His wife came into possession, just recently she died also; hence the necessity of the division of the estate of the children of the estate one, are dead. They all died leaving children whom represent them in the division of the estate. And so from this one family there are thirty-three children. Since the making of the will by the deceased, his property has been divided into three parts, each having been burned, complicating the situation somewhat. The heirs too, are scattered all over the country, most of them being in the United States only two or three of the lot being residents of Canada.

The property consists mainly of real estate and the action seeks a division of this means of sale or otherwise, so that the proceeds may be divided up among the heirs.

## FORTY THREE YEARS IN CITY'S SERVICE.

### Chief Davidson Reached Anniversary To-Day.

#### SPEAKS OF TOWN WHEN HE FIRST BECAME CITY EMPLOYEE.

Forty three years ago this morning Chief Davidson, then plain "Bob" Davidson, walked into Mayor R. W. Heneker's office and reported for duty as Sherbrooke's first paid policeman and fireman. Since that day November 22nd, 1868 he has been connected with the force in Sherbrooke, and has been Chief for thirty five years.

When eighteen years of age, in the year 1854 he left his home in Aberdeenshire, Scotland, and came to Sherbrooke. He soon went to work in the Paton Mill, where he was employed when appointed to the Police Department. While at work one day Mr. Paton went to him and said: "What have you been doing Bob, the Mayor is after you. He is in the office and you had better go and see him."

Wondering what it all meant he went to the office and met Mayor Heneker, who told him of his appointment. This was on Saturday, and on the following Monday he moved into the Queen Station, which was located on the site now

CHIEF DAVIDSON.

occupied by Murray's store, East Sherbrooke, and for the big salary of one dollar per day took up his duties as policeman, fireman, tax collector and whatnot.

When seen at his office this morning the Chief became reminiscent and described Sherbrooke as it was at that time. The fire fighting apparatus consisted of three hand engines, each with fifty feet of hose. The Brigade was a volunteer one. The Fire Station was located near the site of the present Court House. The Union Station occupied a site near the present residence of Capt. Bennetts.

#### EARLY EXPERIENCES.

Near the Union Station the Chief nearly lost his eyesight. Early one morning he and Jim Fuller were out looking for a party who has been causing a disturbance. While passing a barn back of the Union Station something struck him in the face and began to burn. He wiped his face with his handkerchief and rushed down to a drug store occupied by Mr. S. J. Foss, suffering dreadful pain. Mr. Foss looked him over and found that he had been burned with acid. Fortunately he wore a felt hat which covered his eyes, otherwise he would have been blinded. This happened in 1871.

#### COUNCIL OF 1868.

The Council was composed of Messrs R. W. Heneker, Mayor; A. M. Smith, Secretary; J. Griffith, R. D. Morkill, L. J. Bovin, G. E. Rioux, E. Clarke and J. G. Robertson.

#### A GOOD RECORD.

During all the time Chief Davidson has been connected with the Police Department only two murders have been committed in Sherbrooke. For the past fifteen years no burglaries of any consequence have taken place.

#### ONLY THREE CHURCHES AT THAT TIME.

There were only three churches in Sherbrooke at that time, Catholic, English and Congregational. A man named Dick Smith ran a theatre where the Presbyterian church now stands.

#### STILL HALE AND HEARTY.

In spite of his forty three years of service Chief Davidson is still active and his erect form is seen on the streets of Sherbrooke almost every day as he goes about his duty.

#### CANADA SAID TO BE SORRY NOW.

J. A. MACDONALD OF TORONTO GLOBE SAYS ACTION ON RECIPROCITY IS REGRETTED.

Chicago, Nov. 22.—According to J. A. Macdonald, editor of the Toronto Globe and prominent member of the Liberal party, Canada is sorry she rejected reciprocity. Mr. Macdonald so declared in an address before the Evening Club last night.

"The people have returned to sober thinking and regret their action," he said. "The voters were swayed by the unintelligent emotion of the crowd. The annexation bugbear was to blame for it all. It was just an evil rumor that got started, and you could no more stop it than you could halt a tornado. People were swept away by it and acted rashly. They are now in repentant mood, Mr. Macdonald's subject was: 'The Man and the Crowd.'"

Begin, St. George St. The fire brigade responded promptly, and succeeded in extinguishing the flames before much damage was done. The cause of the fire was an over-heated furnace.

#### GOT OUT OF MIX-UP SAFELY.

Cowanville, Nov. 22.—(Special)—Mr. George E. Tibbitts, narrowly escaped a serious injury while driving into Swatsburg from Sutton. The attachment of the pole to the neck-yoke gave way, allowing the sleds to run toward the pair of horses, but not exactly on to them, because they separated and allowed the vehicle to get between them. The neck-yoke ring was large enough to allow the pole to slip right through, thus creating a very exciting and dangerous condition of affairs. The wonder is that the horses and driver got out of the mix-up without serious injury.

#### SAVAGE ASSAULT ON BAGGAGE-MAN.

Farnham, Nov. 22.—(Special)—The baggage man of the C.P.R. Farnham, Nov. 22.—(Special)—The ladies of St. Johns, P. The nurse is also available at whatever price can be obtained, from

nothing up to twenty-five cents an hour. Farnham is a railway town, which means a great number of accidents. It is also a manufacturing town, and there are many people of means so engaged that they cannot afford to engage a nurse, but could pay for an hour or two a day, to give assistance to instruction. It seems a pity that the ladies of Farnham could not be induced to take the matter up and form a branch here.

The Rev. Messrs. A. T. Jones and S. W. Anthony, Messrs. George W. Johnston and W. G. Brown were among those who attended the Men's Missionary Congress in Montreal last week. While there the Rev. A. The result of this was virtually a union service in the Congregational Church, which nearly all the regular Methodist congregation joined with the members and adherents of Emmanuel Congregational Church in listening to an eloquent discourse by the Rev. Mr. Anthony on the theme, "Where there is no vision, the people perish." Mr. Hunter's discourse in the morning was concerning the boldness of Peter in denouncing to the rulers of Israel, their actions leading up to the Crucifixion.

An Innovation in Oil Heaters

The Perfection Smokeless Oil Heater, with its drums enameled in turquoise, is an ornament to any room, whether in the country or city home.
No home is quite complete without a Perfection Oil Heater. It is a necessity in the fall and spring, when it is too warm to start the regular heating apparatus, and too cool to be without heat. In the midst of winter it is often convenient as an auxiliary heater, as there are always some cold corners in a house.
The enameled heater always presents a nice appearance, as the enamel will not tarnish or burn off. It is not an "enamel paint," but it is the same as the enamel of your cooking utensils.
The Perfection is the most reliable and convenient portable heating device you can find. An automatically-locking flame spreader prevents turning the wick high enough to smoke.
Dealers everywhere. Ask yours to show you the Perfection Heater enameled; or write for descriptive circular to any agency of THE IMPERIAL OIL COMPANY, Limited

HER SKIN SEEMED ON FIRE

Every Other Treatment Failed But "Fruit-a-tives" Cures

GRANDE LOGNE, QUE., Jan. 22, 1910.
"My wife was greatly distressed for three years with chronic Eczema on the hands, and the disease was so severe that it almost prevented her from using her hands. The doctor gave her several ointments to use, but none of them did her any good. He also advised her to wear rubber gloves and she wore out three pairs without getting any benefit. As a last resort, I persuaded her to try "Fruit-a-tives", and the effect was marvellous. Not only did "Fruit-a-tives" entirely cure the Eczema, but the Asthma, which she suffered from, was also completely cured.
We both attribute our present good health to "Fruit-a-tives". N. JOUBERT.
"Fruit-a-tives" will always cure Eczema or Salt Rheum because "Fruit-a-tives" purifies the blood, corrects the Indigestion and Constipation, and tones up the Nervous System.
"Fruit-a-tives" is the only medicine in the world made of fruit juices and valuable tonics, and is the greatest of all blood-purifying remedies. Price, 50c. per box—\$2.50 or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

The financial returns were far in excess of Sherbrooke. Considering the spacious accommodation afforded in His Majesty's in comparison with outside theatres. SUFFRAGETTES FARED BADLY.

(Continued from Page 1.) hall, armed with bags of stones con- cealed under their coats, and broke the windows in the public offices, the Liberal headquarters and the Nation- al Liberal Club. They even extended their operations to the Strand, where windows of the Post Office Bank and other private concerns suffered from the onslaught.

APPEARED IN COURT THIS MORN- ING.

London, November, 22.—(Special.)— Unrepentant Suffragettes to number of 223 many of whom are apparently still in their teens, appeared at Bow street police court this morning to answer for their sins of yesterday to fines or alternative terms of im- prisonment varying from fortnight to month. Women invariably chose pris- on instead of fine. Counsel for public prosecutor said in speaking to charge that he could not adequately describe the disgraceful and discredit- able scenes of organized disorder, of which accused were guilty. From evidence it is quite certain that mili-

tant suffragettes acted yesterday on complete plan of campaign. As soon as they were repulsed by police drawn up in Parliament Square they dis- persed into small groups who mixed with crowd.

At National Liberal Club on Thames Embankment excitement reached its height. Club was full of members and their friends. They flocked to windows as crowds approached but were soon forced to retreat in order to avoid showers of well-aimed stones which crashed through lower windows. Many more arrests were made here and also along Strand where telegraph office was attacked as well as number of stores. Most of women arrived in court this morn- ing carrying grips with a change of clothing in anticipation of spending a period in jail. A number of them who had broken windows of value exceeding \$50 were committed for trial at a London session.

VIEWS AND REVIEWS RE CITY AFFAIRS.

BOARD OF REVISORS. Experience is an excellent teacher. Had not the City Council become involved in the recent Voters' List fiasco it is doubtful if application for a Board of Revisors would have been made.

THE FIRST STEP.

The first step in connection with the adoption of Government by Com- mission in this city was taken at the Council meeting on Monday evening when the Board of Trade made ap- plication to have the Charter amend- ed, giving the City power to employ paid commissioners. There is every reason to believe that the Council will make application to the Legis- lature for this power.

CIVICS AS A VITAL STUDY.

Civic progress depends on intelligen- ent effort, and this sort of efforts is possible only through careful study of existing conditions. It is obvious, then, that the place to begin with instruction in civics is in the school, hence, the school be- comes a prime factor in the move- ments higher political ideas and bet- ter civic conditions. To make an ap- peal for the adoption of higher stan- dards to men of affairs is good; to confine the appeal to this class, is a serious mistake. In order to get last- ing, progressive results, the cause of better government so-called must be made attractive to those who, in the near future, will be confronted with the duties of the citizenship. What may be expected of them, however, if their initial interest begins, and their first practical knowledge is gained, only when they are qualified to vote.

NAVAL QUESTION UP IN COMMONS.

Hon. Mr. Hazen Says Liberals Were Afraid of Their Own Pol- icy.

Mr. Hazen, when he produced the past records of Liberals in deal- ing with the naval policy, and made the statement, which he maintained he could fortify by evidence, that the Liberal party itself was afraid to ad- vance with their own naval scheme, and, though in receipt of tenders for five months, did not award the con- tract and preferred to go to the country on this reciprocity issue.

and, so far as civic affairs are con- cerned, this right thought needs to be guided by an understanding of conditions as they exist. For in- stance, in order that a young man may thoroughly appreciate the priv- ilege of citizenship, and properly ap- ply his right ideas to executive author- ity he must know something of the functions of a councilman a mayor or a governor.

Suppose he has not this knowledge, he steps into the field of political ac- tivity and votes for the candidate who is, he is told, better than his op- ponent. But if he understands what executive authority means, he works and votes for the candidate that comes nearest his ideas.

COLLECTING MILKMEN'S LICEN- SES.

According to the By-Law No. 158 of the City of Sherbrooke, passed in 1895, every milkman must be licensed by the City before he is allowed to sell milk. The license costs only one dollar and is payable to the chief of Police on May 1st, of each year.

At Monday's meeting of the City Council Ald. Ledoux stated that one milkman boasted that he had been in business for twenty years and had only paid about \$8. This arouse Ald. Ledoux's curiosity and he asked that the matter be looked into.

Chief Davidson, when asked by the Record for an explanation, stated that in 1909 he had been ordered by the Health Committee to collect no more licenses until they had exam- ined the various dairies throughout the City. The idea of this was that licen- ses would not be granted to milkmen who did not fulfil the requirements of the City By-law. Since 1909 these orders have never been changed, and consequently the City of Sherbrooke lost about twenty dollars a year. "If the City Council had published their annual reports in 1909 and 1910 they would have seen that no licenses had been collected from milk- men. These reports always showed the amounts I had collected from the milkmen," said the Chief.

THE GATLIN TREATMENT CONQUERS DRINK HABIT

IN 3 DAYS

No Hypodermic Injections, no Disagreeable Features, no "Strong" Drugs—a Pleasant, Mild Treatment that a child could safely take.

DOING AWAY WITH THE CAUSE of continued liquor-drinking is the secret of the Gatlin Institute's success. The secret of the permanent results obtained in THREE DAYS' TIME.

Alcohol is a cumulative poison. Once in the system it demands more. In THREE DAYS the Gatlin treatment drives every trace of this stored-up poison out of the system, and, with its disappearance, all desire for liquor, and all symptoms, and any inclination to drink liquor also disappear.

Each patient treated under a plain, legal contract, that the patient shall be satisfied with the results of treatment, or the full fee paid shall be refunded at the end of the third day, and the treatment shall cost nothing. The Gatlin Institute has been established ELEVEN YEARS. Twelve thousand cases have been treated with failure in no case. The very highest financial returns are obtained.

The Gatlin Institute is the only Institute authorized by the Province of Quebec under License.

PAPE'S DIAPEPSIN FOR A BAD STOMACH

No Dyspepsia, Gas, Heartburn or Indigestion in five minutes

If you had some Diapepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Ask your Pharmacist for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Bizziness or Intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

SPORTING NEWS

WITH THE HARRIERS.

BISHOP'S COLLEGE PREPARATORY SCHOOL CROSS COUNTRY TRY RUN.

On November 18th, the boys of Bishop's College Preparatory School held their annual cross country run. The boys were divided into four teams, viz., "Maple Leaf" (Captain, Whitehead), "Little Men of Iron," (Captain, Ritchie), "Canadians," (Captain, Parke, III), and "Prep" (Captain, Crumney III). For several days before the run practice took place and on the previous Monday a system of training was instituted. Great credit is due to the captains of the teams for the able way in which they enforced this system and to their endeavours in this respect solidly supported by example the success of the run was in a large measure due. To revert to the race itself, the route was from the Preparatory School to the first cross-roads between Mr. Arthur Ward's farm and back again, a distance of rather over three miles. A start was made at 3.10 p.m. The competitors found it "heavy going" as the roads were in a very bad condition, owing to the incessant rain which fell during the forenoon.

The following were the results:— 1st, Ritchie, winner of silver cup; 2, McLeod, 1, winner of silver cup; 3rd, Ward, winner of hunting knife.

Ritchie covered the distance in the

excellent time of 32 minutes. The finish was most thrilling as McLeod was only a very few yards behind Ritchie. Ward's time was 32 minutes. The winning team were the "Canadians," with an average of 35-79 minutes followed very closely, however, by the "Little Men of Iron," with an average of 35.85 minutes. Next came "Maple Leaf," with an average of 36.82 minutes and after them "Prep" with an average of 39-03 minutes. The "Canadians" team was composed of the following, all of whom receive a silver medal:— Name. Actual Place. Time. McLeod. 2nd. 32 min. Parke III. 4th. 32 1/2 " Green. 7th. 34 " Routledge. 10th. 36 " Andrews. 21st. 39 " Jaques III. 26th. 41 "

BASKETBALL.

Y.M.C.A. VS. B.C.S. TO-NIGHT.

One of the best games of the schedule will take place at the Y.M.C.A. this evening, when Y. M. C. A. and Bishop's College School teams will meet for the first time this season. The Y. M. C. A. will be crippled through the loss of Miller and H. Tate, who are indisposed, and the absence of Johnston. They will put a strong live on the floor, however, and will make a strong bid for victory.

PRELIMINARY GAME.

The preliminary game between Y.M.C.A. intermediates and Bishop's College intermediates will take place at 8.15.

BOWLING.
