

THAW IS RUSHED OVER LINE BY FORCE; ESCAPES IN VERMONT IN NEWSPAPER CAR

Immigration Authorities Seized Thaw at 8.30 a. m., Forced Him Into Auto and Rushed Over Line. "I'm Kidnapped" he Shouted and Fought in Vain. U. S. Officers Had no Warning. Thaw Jumps Into Newspaper Car and Dashed Down State, a Free Man. Jerome Hurries From Albany in Pursuit. Indignation at Ottawa's Action. Ignored Court Order. "We're in Russia," Says Coaticook Citizen. Thaw's Lawyers Dumbfounded.

LATER--THAW ARRESTED IN NEW HAMPSHIRE

Coaticook, Sept. 10.—(Special)—On a warrant issued by the Minister of Justice, acting for the Minister of the Interior, Harry K. Thaw was taken from the detention room here, at 8.30 o'clock this morning, rushed into an automobile, and accompanied by Dominion officers and immigration men, hurried to the Vermont border.

This action came as a bomb shell and is in defiance of the writ of habeas corpus issued by Justices Cross and Gervais, restraining the Immigration Department from further action and ordering that Thaw be produced before the full Court of King's Bench, in Montreal, next Monday.

Hon. C. J. Doherty, Minister of Justice, who is also acting Minister of the Interior, reviewed the decision of the Board of Inquiry, in Montreal, yesterday. Without making any public announcement, he reached a decision to sustain it and to carry it quickly into effect, ignoring the Montreal writ issued by Justices Cross and Gervais.

Without public knowledge or the knowledge of Thaw's defence, the order was issued and carried into effect.

About 8.30, this morning, Harry K. Thaw was quietly notified to prepare for an auto trip. Within a few minutes he was in the car, guarded by Dominion officers, and speeding along towards the international boundary.

THAW'S LAWYERS ALL IN MONTREAL.

All the Thaw Lawyers are in Montreal. Dr. Shurtleff went to Ottawa several days ago.

Messrs. H. R. Fraser and C. D. White are in Montreal. Messrs. Crossman and Selig, of New York, who were engaged to represent Thaw, were in Montreal yesterday and left last night for New York.

PUBLIC INDIGNANT. Indignation was heard on every hand when the action of the minister became known here.

"We're in Russia. Hail to the Czar," is the way one citizen put it. "Why not abolish all our laws except the Immigration Act," remarked another. It will do the work of all.

"What are we coming to?" said another. "What are we coming to, the Immigration authorities running the country in secret tribunals, while the excluded public pass their time in watching the honorable and legalized game of poker, beneath the Star Chamber window."

THAW FOUGHT FOR FREEDOM. "They are kidnapping me from the High Court of Canada," shouted Harry K. Thaw, as he fought for freedom this morning, alone and unaided, in the hands of the Dominion Police men, and the immigration authorities at Coaticook Station.

A Coaticook citizen describes the scene to the Record. "I was at the station to take the morning train to Sherbrooke. There was the usual number of people around for the morning train. No rumor of any action regarding Thaw had reached the public. Mr. H. Verrett was the only lawyer on the platform, but he knew nothing of it. It was expected that sometime this week, Thaw would be taken to Montreal but no thought of any other action was in anybody's mind."

BROKEN WINDOWS. "Suddenly there was a commotion in the detention room above the station. A bottle smashed through the window, and a clear box was jammed around for the morning train. No rumor of any action regarding Thaw had reached the public. Mr. H. Verrett was the only lawyer on the platform, but he knew nothing of it. It was expected that sometime this week, Thaw would be taken to Montreal but no thought of any other action was in anybody's mind."

"Then came a cry from Thaw. 'Help, they are kidnapping me from the High Court of Canada,' 'They are kidnapping me from the High Court of Canada.' 'A big fight was going on in the chamber above.' 'I have no lawyer, no friend,' shouted Thaw. 'Bring me my lawyer, quick, they are kidnapping me,' he yelled. 'The burly policemen of the Dominion had their work but they carried it out in true Cossack fashion. 'Before the crowd could realize what was happening, Thaw was dragged down the stairway, and towards the waiting automobile. 'He fought and shouted for help against the kidnappers. 'They are kidnapping me from the High Court of Canada,' he continued to shout. 'He tried desperately to free himself from the hands of the officers. The immigration officials were close to the officers to take a hand if need be, but Thaw fought in vain against his burly captors. 'He was fairly hurled into the automobile standing near, with power on and chauffeur at the wheel. 'Jammed down into the car, the officers and immigration men jumped in, and the automobile shot out of the station yard on to the road that leads towards Norton Mills. 'As he was being dragged to the car, Thaw caught sight of a familiar newspaper man. 'Get a car and follow quick," he shouted. 'They are kidnapping me. I am given no chance. Get a car, find my lawyers and follow quick.' CROWD STUNNED, THEN INDIGNANT. 'The incident was over before the people at the station realized what was happening. Indignation then burst forth, and it was too late. The deed was done. Thaw was on his way to the border."

ried it out in true Cossack fashion.

CROWD STUNNED, THEN INDIGNANT. "The incident was over before the people at the station realized what was happening.

Indignation then burst forth, and it was too late. The deed was done. Thaw was on his way to the border."

THAW ARRESTED COLBROOKE

Harry K. Thaw has been arrested near Colebrook, N.H., according to a wire received just before going to press.

(Staff Correspondence) Colebrook, N. H., Sept. 10, 2 p.m.—Thaw was arrested by Sheriff Drew, accompanied by A. C. Burnard.

He will be brought before J. F. Carr for preliminary hearing this afternoon. He is held on a charge of being a fugitive from justice.

The Record representative arrived here in a car shortly after Thaw's arrest. He told the Record that he had been betrayed by Canada.

Officers here are communicating with New York. It looks as though Thaw was well on the way to Mattoon.

ANOTHER ACCOUNT OF THAW'S ARREST IN NEW HAMPSHIRE. DIDN'T KNOW ROADS.

Colebrook, N.H., Sept. 10.—(Special)—Harry K. Thaw wandered about the hills in Coos County, N. H., for three hours to-day after being thrown across the Canadian border at Norton Mills, and was arrested by Sheriff Drew, of Coos County, at a little schoolhouse, five miles from Colebrook, just before noon.

Thaw made no resistance and was brought immediately to Colebrook. Thaw in his wanderings was accompanied only by a newspaperman. He did not know where to go. Leaving Norton Mills, he stopped for a few

NO OFFICERS AT THE LINE

Thaw Makes Get-Away in Newspaper Car.

PUT OVER LINE AYD MAKES DASH DOWN STATE—CAN NOT BE TAKEN WITHOUT WARRANT.

(Staff Correspondence) Norton Mills, Sept. 10.—(Special)—Thaw is not a prisoner at Norton Mills.

Neither is he in the six-cylinder car of William Travers Jerome, continuing his journey across State to Mattoon.

Harry K. Thaw is dashing down State, a free man, in the car of a friendly newspaper man.

When the Immigration authorities and Dominion police reached the Vermont State line, a short distance from here, they simply put Thaw across the line.

Jerome was somewhere asleep in his bed. There were no Sheriffs here. Neither New York nor Vermont officials had been informed of the move.

The Dominion officers released their hold and Harry stood a free man on American soil.

He had expected to find Jerome and his six-cylinder car with a corps of Sheriffs ready to seize him and rush him across Vermont as the Dominion authorities had done from Coaticook.

He seemed dazed for a moment, as he realized that his arch enemy, his pursuer for eight years, William Travers Jerome, was not there to receive him.

NEWSPAPER CAR HANDY. This was but a moment. "Get a car and follow me," he had shouted the newspaper men at the Coaticook station.

Quick as a flash the journalists acted upon the despairing cry for help. In a few minutes they were speeding after the immigration department's car, which they overtook before reaching the line.

When the Canadian officers released Thaw, he leaped into the car with the newspaper men and the car shot out along the smooth Vermont line. It got past Norton Mills, and clear away from this district.

Word came that the car had dashed through Haverhill in a southerly direction.

Thaw cannot be apprehended without a warrant and it is felt that he has a fair chance of escape.

THAW SEEN AT AVERILL. Averill, Vt., Sept. 10.—(Special)—Harry K. Thaw arrived shortly after 9 o'clock this morning an absolutely free man. He is in an auto with a number of newspaper correspondents.

When the Canadian Immigration officers left Thaw at Norton Mills, Vt., they told him as he stepped from the automobile that he was absolutely free, to go where he liked. The newspapermen's car was racing after that containing the Immigration officers and Thaw climbed into it.

"My departure from Coaticook was an absolute surprise to me," said Thaw, "as it was to everyone else. My plans are indefinite. I do not know as yet what I shall do or where I shall go. This thing was a complete surprise."

No American Immigration officers were waiting at Norton Mills and there was no sign of them at Averill.

"DISGRACE TO THE COUNTRY"

Statement of J. N. Green-shields, in Montreal

THAW'S FAMILY AND LAWYERS ARE DUMBFOUNDED AND FIND REPORT DIFFICULT TO BELIEVE.

Montreal, Sept. 10.—(Special)—Harry K. Thaw's deportation to Norton Mills, Vermont, from the Coaticook jail, this morning, was on the order of the Minister of Justice, it is learned here.

INSULT TO DOMINION COURTS, SAYS GREENSHIELDS.

J. N. Greenshields, K.C., Thaw's counsel here, declared that if the deportation is a fact, it is an outrage on Canadian justice and an insult to the courts of the Dominion. The seizure of Thaw was made with both New York State officials and the defence napping.

THAW FAMILY DUMBFOUNDED. The members of Thaw's family and his lawyers here were dumbfounded when they learned that the immigration authorities had deported Thaw.

"I am simply paralyzed," said Mr. J. N. Greenshields, K.C., leader of Thaw's band of lawyers. "I cannot understand it. With a writ of prohibition and habeas corpus out it seems to me to be utterly impossible to believe. It is all beyond me. It certainly is a disgrace to the country and to our administration of law. All we can do if Thaw is forced across the line, is to bring Robertsen, the assistant superintendent of the immigration department, before the Court of King's Bench, but what good will that do us?"

Albany, Sept. 10.—(Special)—Ex-District Attorney William Travers Jerome, who has been in Albany for the last day or two, left for Vermont, this morning, in his fast automobile.

He is rushing to take up Thaw's trial, having secured word, this morning, of Thaw's deportation.

WILL COMPETE IN ATHLETIC CHAMPIONSHIP MEETING

London, September 10.—Great Britain, France, Germany, Russia, Finland, Denmark, Sweden and Austria have definitely promised James E. Sullivan, secretary of the American Olympic committee, that they will send teams to San Francisco in 1915 at the opening of the Panama-Pacific Exposition. Secretary Sullivan has booked passage on the steamer Cedric sailing from Liverpool on Thursday of this week for New York.

AIRSHIP DROPS INTO SEA

Big Zeppelin Meets With Terrible Catastrophe

FOURTEEN LIVES LOST. SINKS IN DEEPEST PART OF NORTH SEA.

Heligoland, North Sea, Sept. 10.—(Special)—Torpedo boats, with their searchlights flashing over the dark waters, remained all night at the scene of yesterday's catastrophe, in which fourteen officers and men out of a crew of twenty-one perished when the new German marine dirigible Zeppelin L.1, while flying from the German coast to this island, was wrecked in a hurricane.

No further airmen, living or dead, were discovered to-day. Thirteen corpses, including those of Captain Mazing, chief of the naval airship service, Captain Hamme, commander of the wrecked dirigible, and Lieutenant Baron Von Maltzahn and Engineer Officer Weber, undoubtedly are confined in the cabin of the airship, which lies at the bottom of one of the deepest parts of the North Sea.

The fourteen victims was picked up by boats launched from the destroyers, but he was dead when taken out of the water.

The airship was engaged in reconnaissance work in connection with the torpedo boat manoeuvres, and when struck by the gale was flying at a height of from 4,200 to 5,000 feet. She was equipped for a thirty-hour cruise and was observing actual warfare conditions. The balloon had sustained a heavy loss of gas, due to the cold atmosphere, and already was unmanageable when caught by the storm.

The entire amount of water ballast was thrown overboard, but the airship failed to respond and fell into the sea at a point about eighteen miles north of Heligoland.

IMMIGRATION ACT OUR ONLY LAW?

Citizens Indignant at Coaticook Episode

WANT TO KNOW IF THIS IS RUSSIA OR CANADA.

The summary action of the Acting Minister of Interior in the Thaw matter is the sole topic of conversation. The general expression is one of indignation at what is termed high-handed justice in defiance of court orders.

"It places the Immigration Act ahead and above all the laws of the land."

"What are we coming to?" remarked one citizen. "There is no law against gambling, the courts of the land have no power, the term 'undesirable citizen' covers everything, the Immigration authorities run the whole show."

Mr. G. R. E. Kennedy, speaking to the Record to-day, said: "This is the first time I have ever felt ashamed to be a Canadian."

Alderman R. A. Ewing was especially emphatic in his remarks. "This is a piece of work worthy of the Czar of Russia," said Ald. Ewing. "One man has overruled the courts of Canada. I don't think it will stop here. I'm not sure but there will be a rebellion. I want to see this thing thrashed out. If a man like Jerome is to come up here and run this country we want to know it—a man who has no more dignity than to sit outside a railway station and play poker on a public street. I do not think Mr. Doherty can override the courts of law and everything else."

Alderman Ewing thinks a public meeting should be held in the Eastern Townships and protest against the high-handed action at Coaticook.

The rumor was current this morning that the case in Montreal had been withdrawn and that Thaw's sudden deportation was with the knowledge and consent of his attorneys and family.

The statement of Mr. Greenshields, published elsewhere, refutes this.

SECOND DAY BROME FAIR

Big Crowd in Attendance To-Day

WEATHER A LITTLE TOO COOL FOR COMFORT—JUDGES ARE BUSY.

Brome, Sept. 10.—(Special)—The second day of the Brome Fair dawned clear but cool. There will be a large crowd and everything looks well for the Fair.

The first day's attendance of Brome County Annual Fair yesterday was equal to any first day of previous years. Weather was not favorable during early morning as a decidedly cold north wind blew strongly. This however, did not keep exhibitors from bringing live stock, etc., getting all into shape early in the day. The judges were on hand according to arrangements, but in most cases did not take up their work until to-day (Wednesday). Many favorable comments were heard from the judges as to quantity and quality of stock in the different sections. Especially strong is the exhibit of cattle, and some fine animals are shown, the Holsteins leading in dairy line, although Jerseys, Guernseys and Ayrshires are well represented.

The Horticultural Department is well filled, only one section not up to the average of other years. Fruit is almost an entire failure throughout the Eastern Townships and Brome County suffers very heavily in this respect. There are a few plates of fine apples shown. Many are surprised to see such an exhibit as was presented.

Yesterday, through the kindness of Mr. Courtney, supt. of the dining hall, the directors, judges and guests were entertained to dinner and were much pleased with the manner in which the serving of meals is managed.

S.P.C.A. CASE. During the afternoon Mr. Phillips, Inspector S.P.C.A., Montreal, accompanied by Constable Dean, of Cowansville, visited the "Jockey Grounds," about one mile from the village on the Sutton road and arrested one, Joseph Rosbery from near Sherbrooke who was found to be under harness a horse unfit for work.

Rosbery was brought before R. E. Miller, J.P., and was fined \$2.00 and costs, making a total of \$9.00. This is a move in the right direction and the local branch of the S.P.C.A. have the support of the people in their work.

ATTRACTIVE INVESTMENT PRICES

The present condition of the money market provides an exceptionally attractive market for those with funds available for investment.

Many issues which would be selling at higher prices if it were not for the conditions just mentioned are offered by us. For these reasons we are within the mark when we say that bargains are available in investment securities at the present time.

However, the situation is perhaps more perplexing than usual, and the advance and counsel of experienced investment houses of the highest standing should be sought. We shall be very glad indeed to send you a list of securities which we have for sale at the present time.

TINGWICK.

Arrivals and departures: Mr. F. Walsh, of Worcester, Mass., visiting his brother-in-law, Mr. E. C. Lefebvre; Constable F. C. Corbett, of Montreal; City Police Force, with his wife and two children, to Montreal, on Wednesday, after spending ten days with his father, Mr. M. Corbett, at Pinehurst Farm; Misses Margaret and Kathleen Fox, to Montreal, after a month with their cousin, Mrs. E. Olney.

Sunday, August 31st., will long be remembered in the annals of Tinglewick, when the Rev. V.P. Jutras, Parish Priest for thirty years, preached his farewell sermon. He has been a noble Christian father to the Parish of Tinglewick, and has done more for the promotion of Tinglewick than any other man. He caused farmers to get together and build cheese factories, and other improvements for their benefit. He goes to the Parish of La Baie, his former home, by command of His Lordship, the Bishop of Nicolet. Last Sunday after High Mass an address was read in French by Father Reinville, and in English by Mr. Chas. H. Walsh. Mr. D'Almeida presented him with a beautiful carriage and set of driving harness from the parishioners of Tinglewick, also a breviary. The Rev. Father replied in a few words to the Parishioners. The promoters of the Apostleship of Prayer were all present with their Parish Priest's picture by Rev. Father Reinville. He left on Wednesday for his new Parish and was accompanied by a large majority of his parishioners as far as Warwick, where he bid adieu to the Parish as Pastor.

St. Paul's Church held their Annual Sunday School picnic on Wednesday, and it was a great success. Nothing was left undone by the ladies and gentlemen in charge. A beautiful table was arranged in Mr. Fraser's grove, and was loaded with good things. Rev. Mr. and Mrs. Murray were present and Rev. Mr. F. Allen Sisco, who joined in making it a very pleasant day. A large number of visitors were present from Danville, Boston, Montreal, Castellar and Nicolet Lake.

Mr. Ernest Olney, to Woodville, last week, to attend his brother's funeral. He was accompanied by his brother, Stephen, of Castellar, and William, of Kingsley. At the same time they received word of the serious illness of their brother, George, in Groton, Vt., with pneumonia, and very little hope of his recovery. As there were eleven brothers and two sisters all living, it is the first break in their family.

FACE COVERED WITH PIMPLES

Spread on Limbs, Red and Inflamed, Became Sore, Had to Tie Hands While He Slept. Well, Thanks to Cuticura Soap and Ointment.

St. Casimir, Quebec. "My child was scarcely two months and a half old when his face and arms became covered with little red pimples which a little later spread on his limbs. The pimples were very red and inflamed. They were like a little red spot which soon became a little larger and raised up. There were four or five together. These pimples caused him to scratch so that we had to tie his hands while he slept. The itching made him suffer so much that he cried part of the night, waking up most of the people in the house. The pimples became sore and were very painful.

"I used without success several remedies which were recommended to me. I then used Cuticura Ointment and a Soap, and bathed every morning with hot water and Cuticura Soap, and then applied a thin layer of Cuticura Ointment on the parts affected. They gave great relief with the first application. After using one box of Cuticura Ointment and a little more than one cake of Cuticura Soap my child was completely cured. Thanks to the Cuticura Soap and Ointment my baby is perfectly well and I shall always have them on hand." (Signed) Mrs. N. Jolina, Jan. 4, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. A single set is often sufficient. Liberal sample of each mailed free, with 32-page Skin Book. Address post card Potter Drug & Chem. Corp., Dept. 37D, Boston, U. S. A.

THE DOCTOR'S GIFT

Food Worth Its Weight in Gold

We usually expect the doctor to put
us on some kind of penance and give
us bitter medicines.

An Eastern doctor brought a pa-
tient something entirely different and
the results are truly interesting.

"Two years ago," writes this pa-
tient, "I was a frequent victim of
acute indigestion and biliousness, be-
lieving allowed to eat very few things.
One day a family doctor brought me
a small package, saying he had found
something for me to eat.

"He said it was a food called
Grape-Nuts and even as its golden
color might suggest it was worth its
weight in gold. I was sick and tired,
trying one thing after another to no
avail, but consented to try this new
food.

"Well! It surpassed my doctor's
fondlest anticipation and every day
since then I have blessed the good
doctor and the inventor of Grape-
Nuts.

"I noticed improvement at once,
and in a month's time my former
spells of indigestion had disappeared.
In two months I felt like a new man.
My mind was much clearer and keener,
my body took on the vitality of
youth, and this condition has contin-
ued."

The late Hiram Shufelt, whose
death has been previously reported,
was born in Dunham Missisquoi Coun-
ty, June 15th, 1822. He married
Sarah Pettes, May 6th, 1847, who
died October 8th, 1863. Two children
were born to them, Edward and
Florence, both of whom are now de-
ceased. On October 25th, 1865, he
married Jerusha Brimmer who now
survives him. In 1870 they moved
from Dunham to East Farnham where
by honesty and industry they estab-
lished for themselves a comfortable
home. Three children were the issue
of this marriage, Millie (deceased),
Levi, with whom they were living
on the old homestead, and Sarah,
now Mrs. Towne of Nashua, N. H.
The late Mr. Shufelt has always been
a total abstainer from tobacco and
strong drink. He became a member
of the Methodist Church at the age
of nineteen and always attended re-
ligious services as long as his health
would permit. A kind and devoted
husband and father, a friend to the
poor and needy, his heart was full
of the spirit from above. The funeral
was held at his late home, August
22nd, by the Rev. Mr. Brundage. The

"Fruit-a-lives"

HULL, QUE., DEC. 24th, 1909

"For the past twelve years, I had
painful attacks of Dyspepsia. I could
not digest my food and everything
caused the most agonizing pain in my
stomach. I also had a fearful attack of
Constipation and at times, I had no
movement of the bowels for two weeks.

Three doctors attended me for two
years and gave me all kinds of medicine
but did me no good. My weight came
to only 80 pounds and everyone thought
I was going to die. Finally, I had the
good fortune to try "Fruit-a-lives" and,
as soon as I began to take them, I felt
better. I persisted in the treatment and
to my great joy, I steadily improved.

Now I feel very well, weigh 115
pounds, and this is more than I ever
weighed even before my illness.

I attribute my cure solely and entirely
to "Fruit-a-lives" and can never praise
them too much for saving my life. To
all who suffer from Dyspepsia and Con-
stipation, I recommend "Fruit-a-lives"
as a miraculous remedy."

Why A CHILD Needs Glasses

Many children are born with a defect of vision. Unless it is very great the child does not particularly suffer until the school period. Then the young mind becomes intent upon study, and any defect of vision becomes a direct strain upon the brain. To relieve this the child will squint, or turn the head, in many cases using only one eye. This habit grows until we almost have a deformity of the eye.

Parents, do not let this be the experience of your child. We will gladly and thoroughly examine your child's eyes, and tell you truthfully how best to remedy it. Consult

ANOTHER ADVANCE

All feeds have taken another advance this week owing to the heavy demand and scant supplies. Corn has reached an unreasonable figure, being quoted at 30c bushel in car lots. The cheapest feed on the market at the present time is Oats, and we would advise using this grain as far as you can. Feed Wheat is also cheaper than most other feeds. We are making a good feed from equal parts each of Oats, Wheat and Corn ground together, which we are retailing at \$1.60 per hundred. This is better value than Oatmeal at \$1.70. TRY IT.

BEST YEAR EVER AT AYER'S CLIFF

Successful Season is Now Drawing to Close

PLANS NOW BEING MADE FOR RECORD CROWD NEXT YEAR.

The most successful summer season in the history of Ayer's Cliff is now drawing to a close. Unlike all other resorts, or the majority of them at least, there were more visitors camping at the Cliff end of Lake Massawippi than there ever was before. There must be a reason for it. If anyone were to ask Mr. F. A. Johnston, president of the Board of Trade, what this reason is he would immediately break forth into an oration on the natural advantages of Ayer's Cliff which, when boiled down, would simply mean that there was not a more desirable place at which to spend a holiday than Ayer's Cliff, and this year more people knew about it than last year, and that next year there will be more summer residents than ever.

The merchants and business men of the town have the best interests of the town at heart, and during the summer months have secured valuable advertising for the town through the medium of a special Ayer's Cliff page in the Record once a week during the summer. Now that the summer season is over the page will be discontinued until early next spring, when it will be resumed once again. This page has been greatly appreciated by former residents of Ayer's Cliff who are now away from home, and who enjoy reading the town news.

MARRIAGES

DUTTON-BIGELOW.

A very pretty wedding took place on Wednesday evening, September 3rd., at the home of Mr. and Mrs. H. M. Bigelow, of Beebe, Que., when their youngest daughter, Amy Levee, was united in marriage to E. A. Raymond Dutton, of Chicago. The ceremony, which was conducted by the Rev. G. W. Fisher, took place at 8 p.m. under a beautiful arch of emilax and golden glow and in the presence of a large number of invited guests. The bride was attired in a white satin messaline dress with chiffon drapings and pearl garniture and carried a beautiful shower bouquet of white roses and sweet peas. The wedding march was very suitably played by Miss Olive House. Lunch was served in the dining hall which was very becomingly decorated with pink and white sweet peas. The presents to the bride were many and costly, among them being a one hundred dollar check from the bride's parents, and one hundred dollars in gold from the groom's grandmother, Mrs. Dutton, of Coaticook.

LETTERS TO THE EDITOR

THE OTHER SIDE.

Editor Record,
Sir—I would deem it a favor if you would kindly publish the following in answer to writer of "Righteous Indignation" published in your valuable paper some time ago. I am sorry that the writer accuses auto drivers as being uncivil. I must say that there are just as righteous and godly people driving autos these days as the writer of that epistle; also in answer to his statement re roads being so narrow and ditches so bad I am sure that it is not the auto drivers fault, but a fault of his own, being a taxpayer and working sixty years to build such a road. In answer to his inquiry re immigration agents getting people to this country to be killed by these awful autos I must say that you cannot cite me a case of an immigrant being killed by an auto in this district for years, and the authorities are obliged to get these people to develop our country and till the soil which the few pessimists of the Eastern Townships are unwilling to do.

I am sending by mail to the writer of this noted epistle a copy of the Quebec Motor Vehicle law which does not tell any person when he gets

ACID STOMACHS ARE DANGEROUS

NINE-TENTHS OF ALL STOMACH TROUBLE SAID TO BE DUE TO ACIDITY.

A PHYSICIAN'S ADVICE ON CAUSE AND CURE.

A famous physician whose successful researches into the cause and cure of stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, were directly traceable to a deranged condition of the stomach which was due nine times out of ten to excessive acidity, commonly termed sour stomach or heart burn, which not only irritated and inflamed the delicate lining of the stomach, but also set up gastritis and stomach ulcers. It is interesting to note that he condemns the use of ordinary laxative medicines as well as of medical treatment for the stomach, stating that he and his colleagues have secured remarkable results by the use of ordinary laxative medicines, which, by neutralizing the acidity of the food, removes the source of the trouble. He contends that it is as foolish to treat the stomach itself as it would be for a man who stepped on a tack to rub himself on the foot without first removing the tack. Remove the tack and the foot will heal itself—neutralize the acid and stomach troubles will disappear. Irritating medicines and medical treatment are useless, so long as the contents of the stomach remain acid; remove the acidity and there will be no need for medicine—the inflamed lining of the stomach will then heal itself. Sufferers from acidity, sour stomach or heart burn should get a small bottle of bismuthated soda from their druggist and take a teaspoonful in a glass of water after each meal, repeating in fifteen minutes, if necessary. This being the dose which the doctor has found most efficacious in all cases.

JUDGE MULVENA AT SWEETSBURG**Man Fined For Allowing Deer Hound to Roam**

SEVEN AND FOURTEEN YEAR

OLD CHILDREN BEFORE THE

JUDGE—FATHER GIVEN

A LECTURE.

Sweetsburg, Sept. 10.—(Special)—Judge Mulvena was here yesterday when the following cases were heard: Walter Andrews, of St. Armands was charged with an assault causing bodily harm on A.M. Meigs of the same place, on the 23rd August. The defendant pleaded not guilty. The evidence showed that the accused got angry at Meigs, who refused to sell him a drink and threw a heavy jug at him, striking and knocking him down and laying him up for several days.

The accused was committed for trial and later asked for a speedy trial and again pleaded not guilty, and after proof being made was committed to pay a fine of fifteen dollars and costs, or in default sixty days in jail.

Another charge was laid against the same person for being drunk and disorderly and causing a disturbance on the fifteenth of August. He also pleaded not guilty but was convicted on proof and fined five dollars and costs or thirty days in jail to begin on the expiration of the former sentence.

MOTHERLESS CHILDREN BEFORE COURT

George Penny and Albert Penny, two juveniles, aged seven years and fourteen years respectively, of Sutton, were convicted of various petty stealing and breaking into houses in the absence of the owners. The proof showed that their mother had been dead for some years and that they had been neglected by their father.

The latter was given a lecture on his paternal responsibility and the boys were returned to him under suspended sentence on his undertaking to look after them in future.

BREACH OF GAME LAW.

W. H. Griffith, Inspector of Fish and Game Association, Montreal, against Byron Hicks, of Sutton, for allowing a deer hound to roam at large and hunt deer. A large number of witnesses were examined on both sides and the Court found the weight

of evidence against the defendant. He was fined \$10 and costs or thirty days, as it was a second conviction for the same offence.

The Hatley House, Hatley Province of Quebec, Can.

August 20, 1913

Dear Mr. Lyster:—I received your letter in due time, asking me how I like Canada, and the Canadians, and I find things here as you represented them to me, before I left Scotland.

Well, Mr. Lyster, I can truly say that I find everything quite as good and even better than you represented them.

I like Canada fine, so far I am awfully well pleased with Hatley.

It is a beautiful place and the folk are all as nice to me as can be.

I have been offered more in another place, but I prefer to stay with Mr. Webster, at the Hatley House.

I often drive passengers hither and yon and they are all very kind and friendly to me.

Everyone that I meet here has a pleasant word for me, and it all makes me feel content and happy.

I could not ask for better treatment anywhere than I have received from the people of Hatley. So, Mr. Lyster, with my best respects, I am, Yours truly,

In Paris Dr. Sangerboud discovered the dandruff microbe and the way to kill it.

They know about hair and its diseases in Paris, far more than we do. They have institutions where the study of the hair is made a specialty. Parisian Sage is the only certain destroyer of the dandruff microbe which is the cause of 97 per cent. of hair troubles.

Parisian Sage is such an extraordinary and quick acting rejuvenator that F. T. Ansell, who is the agent in Sherbrooke, guarantees it to cure dandruff, stop falling hair and itching scalp in two weeks or money back. It makes women's hair lustrous and luxuriant and drives away foul odors in summer.

CONFESSES TO BRANFORD CRIME

Man Who Brutally Killed Boy With Knife

MURDERER KNOWN AS "TAYLOR, THE SPANIARD," A DEGENERATE.

Brantford, Ont., Sept. 10. — (Special)—The horrible mystery of murder which the police authorities of Brantford and Brant county faced Tuesday morning is no longer a mystery.

James Taylor, known in police court circles as "Taylor, the Spaniard," has confessed. Taylor has told the authorities that he killed Charles Dawson. He did it shortly after 9 o'clock Monday night, and he did it at the very spot where the body was found. The knife with which Taylor did his deed has been found and is now in the possession of the police. In fact, Taylor himself escorted the police to the spot where he threw the weapon early Tuesday morning.

The confession of Taylor winds up, inside of 24 hours, one of the worst crimes ever committed in the county of Brantford.

Taylor was another Joseph Kennedy. His confession confirmed suspicions of the police and doctors in every detail. The prisoner has not yet come to the sense of realization of what has happened to him.

He is a man of very low mentality—a degenerate in every sense of the word. Taylor cannot explain why he killed Charlie Dawson or why he hacked him to pieces. The remarkable part of Taylor's confession is that he says the crime was carried out on the spur of the moment right where the boy's body was found. This the officers did not look for. They thought that the murder was committed at some other place and the boy's body taken there. Taylor's crime was not premeditated.

MURDER NEAR WINDSOR, ONT

WELL DRESSED WOMAN'S BODY DISCOVERED IN CORNFIELD.

Windsor, Ont., Sept. 10.—Shortly before 8 o'clock last night the body of a well-dressed woman was found hidden in a cornfield near Old Castle, eight miles from Windsor, with all indications pointing to murder.

The woman, who was of medium height and about 35 years old, evidently had been terribly beaten over the head with some blunt instrument. Her body bore evidences of a fierce struggle. Her hair was disarranged, her face a mass of cuts and bruises, while her clothes were torn to shreds.

Coroner Brien, of Essex, was notified and will conduct the investigation. He is of the opinion that the woman is the victim of some person who lay in wait for her as she was passing along a road not far from the field, which is a part of a farm owned by Michael Robinson, sr.

Constable Frank Brown, of Essex, arrived in Windsor at 10 o'clock last night and asked the aid of the Windsor police in investigating the woman's death. An inquest will be held, when it is thought the body will be identified.

TARIFF BILL HAS PASSED SENATE

Democrats Victorious After a Long Struggle by 44 Votes to 37

PRESIDENT WILSON GREATLY PLEASED WITH RESULT.

Washington, September 10.—The Democratic Tariff Revision Bill passed the Senate at 5:43 o'clock yesterday afternoon amid a burst of applause that swept down from crowded galleries and found its echo on the crowded floor of the Senate, by a vote of 44 to 37. Its passage was attended with surprises in the final moments of the voting, when Senator La Follette, Republican, cast his vote with the Democrats, and was joined a few moments later by Senator Poinsett, Progressive.

President Wilson last night expressed great gratification over the end of the long struggle in the Senate. Senator Simmons, chairman of the finance committee, who had piloted the bill through the finance committee, the Democratic caucus and the Senate, predicted that its passage would bring immediate stimulus to the business of the country.

CANADA PLANNED WITH NEW YORK

minutes at Averill, Vt., and leaving there, doubled back into Canada, re-entered Vermont at Canaan, then crossed the Connecticut river at Stewartstown.

The Sheriff had no warrant, but held him as a fugitive from justice.

AMAZEMENT AT MONTREAL. Montreal, Sept. 10.—(Special)—That the seizure and deportation of Harry K. Thaw was executed on a plan carefully arranged between the Immigration Department and the New York State officials, is the belief expressed this morning among the corps of Thaw lawyers who are now in this city.

William T. Jerome, who has for years fought through the courts to have Thaw sent, first to the electric chair, and then to the insane asylum, is now in Vermont and near the point to which Thaw was rushed.

That fact was established when, this morning, the New York attorney telephoned to Montreal to Mr. S. W. Jacobs, who has been connected with the case, to ascertain whether Thaw had gotten away.

Just how Mr. Jerome had received any intimation that Thaw had been seized or removed from the immigration headquarters is not quite clear. The fact that he did know is regarded, at least by the Thaw lawyers, as proof positive that everything had been arranged for this morning's sudden and disconcerting move.

When seen at the Windsor to-day, C. D. White and Col. Fraser, of the counsel for Thaw, and both from Sherbrooke, were amazed when informed of Thaw's deportation.

"It is a high-handed piece of work," declared Col. Fraser, "and I never heard before of officials overriding the courts so deliberately. It is most extraordinary."

"It is doubtful if we can get him back here now," said C. D. White. "It seems to me that the only way this can be done is by demand from the Canadian Government to the United States Government, and inasmuch as the Canadian Government did this piece of work to-day, I don't see how they can ask to have Thaw sent back."

"I don't believe it," was all that George S. McLeish, special representative of the Thaw family, would say when told of the act of the Government.

After giving the matter further thought, Attorneys White and Fraser stated that, in their opinion, the Minister of the Interior must have denied the appeal made by the Thaw lawyers from the finding of the Immigration Board, and had ordered Thaw deported. But they were still in the dark as to how the court writs of habeas corpus and prohibition could have been overruled, for the writs are supreme. They said, however, that there might be some loophole in the Immigration Act which might be construed as preventing the courts from interfering.

News was received here this afternoon that Jerome is in Manchester, N. H., and that Thaw, now headed

TURKISH OFFICERS IN FIERCE FIGHT

Five Killed and Twenty Wounded in Fracas at Bairam Izzet Festival

FIVE KILLED AND TWENTY WOUNDED.

London, September 10.—News of a sanguinary affray participated in by Turkish officers has reached the Vienna Neue Freie Presse in a despatch received from one of its correspondents at Adrianople.

The festival is described as having taken place on the first day of the Bairam Izzet.

War Minister Haji Adli Pasha with a number of governors-general, were waiting in the palace to receive the festival congratulations. Enver Bey congratulated all except an adherent of General Ahmed Abuk Pasha, who murdered Commander Nazim Pasha Huseid Pasha.

Those present made endeavors at reconciliation but Enver refused, whereupon Abuk made use of abusive language. Enver retaliated in like vein, whereupon Abuk drew his revolver and fired, wounding Enver on the arm. Immediately the fracas became general, and in the melee which ensued five officers were killed and twenty wounded.

The Government has wired instructions to arrest Abuk, whose officers fired on the officers of the Committee on Union and Progress.

for the New Hampshire town, will fall right into his arms. Acting Governor Glynn, of New York, has asked the Governors of Vermont, New Hampshire, Maine and Massachusetts to have Thaw arrested on sight if he is found in either of these states.

OH, HORRORS, AND THIS IN MONTREAL.

The Montreal Herald, last evening had the following:

"The report that Harry Thaw would be brought to Montreal last evening took a large number of women to the Grand Trunk station to meet the Portland express, which leaves Coaticook at 2.30 in the afternoon. The train is due here at 6.05 but was twenty-five minutes late. Many of the women waiting at the gate, carried flowers, which they hoped to give the fugitive. Conductor Gendron came through the gate and someone asked:

"Is Thaw aboard the train?" The negative answer from the conductor brought forth many "Oh's", "Too bad's" and sighs of disappointment and the crowd melted away.

In their editorial columns the Montreal press continued the attack upon the sympathetic people of the Eastern Townships.

These sympathies are broad enough, there is reason to believe, to include even the Montreal press in their present ridiculous position, revealed by the light of passing events.

Thaw's deportation will save them from the added humiliation of being obliged to record a Montreal cheer for the fugitive.

CHARGED WITH FORGERY

R. D. ISAACS WAS ALSO IN TROUBLE IN CONNECTION WITH AN ASBESTOS DEAL AT D'ISRAELI.

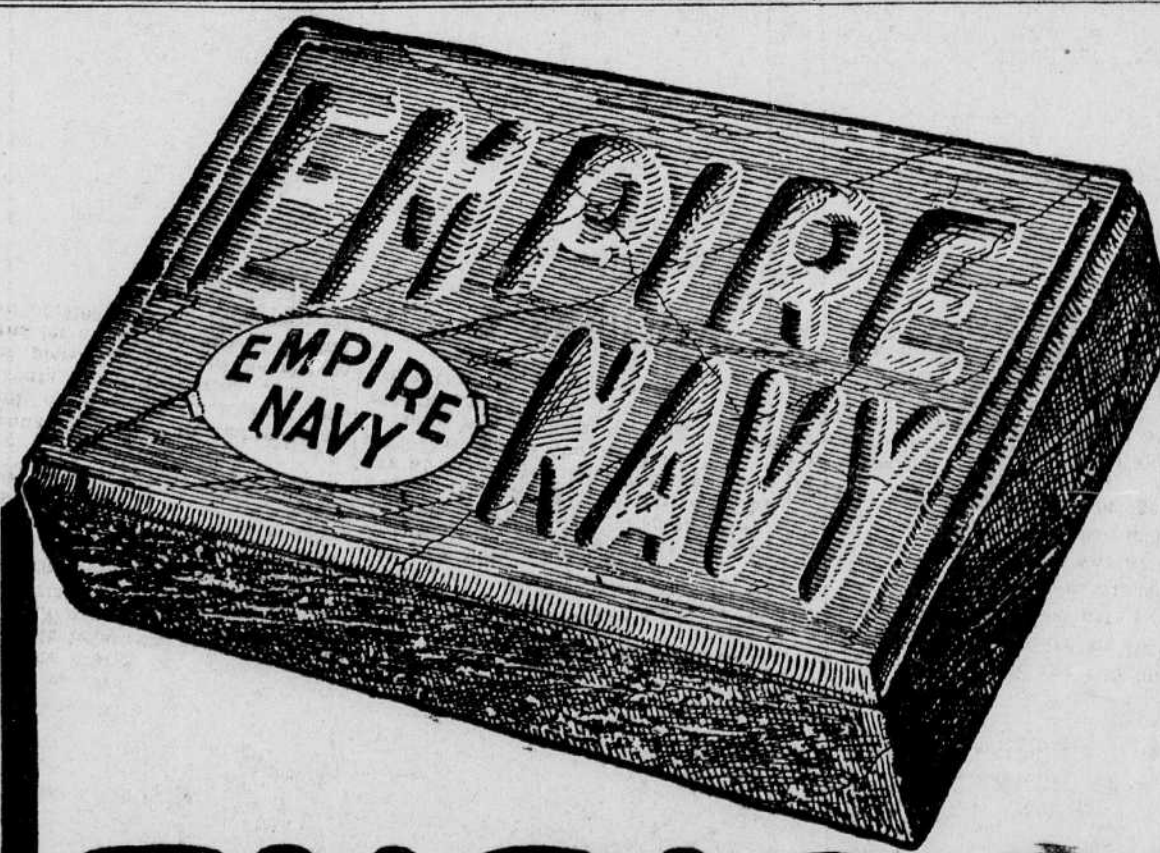

St. John, N.B., Sept. 10.—Detective Killen arrived in the city on the Boston train accompanied by Richard D. Isaacs, who is wanted here to answer a charge of forgery in the issuing of land certificates. He was arrested several weeks ago in Boston and was held in the East Cambridge Jail awaiting extradition papers. These reached Boston Sunday and the prisoner was immediately turned over to Detective Killen, who was sent on to bring him to this city. The prisoner was taken to the King Street East Jail, where he will be kept until after his trial. Shortly after 12 o'clock he was taken before Magistrate Ritchie and remanded. It is said he may be given over to the Alberta authorities.

Isaacs is the same man that was implicated in an asbestos mine deal at D'Israeli, and, also, on another charge of abduction, having skipped his bail after being committed to jail on that charge.
