More Iron Lungs On Way East

By THE CANADIAN PRESS

An ROAF aircraft was scheduled to wing its way over the Prairies today with a mercy load of 15 iron lungs from Alberta to Eastern Canada where polio has struck many centres with deadly force.

Forty new cases were admitted to Montreal hospitals during the Labor Day weekend. There was one death as continued prevalence of polio in the Montreal district was attributed in part to persistence of a heat wave.

In Ontario, four new cases were reported in the Cornwall district during the weekend, seven persons were being treated for the paralytic disease in London and a second case was announced in Hamilton.

Newfoundland's polio count mounted to 74 cases and Education Minister G. A. Frecker said he would ask that all provincial schools remain closed until at least Sept. 30.

VACCINE ARRIVES

A newly-arrived shipment of 40,000 doses of Salk vaccine was being distributed to clinics in St. John's, Grand Falls, Corner Brook and Gander. More had been ordered.

Two more polio cases were reported in Saskatchewan during the weekend, raising the provincial total to 20. Both new cases were non-paralytic.

Montreal and Newfoundland both asked the Alberta health department for respirators which had been stored in warehouses by the provincial government since 1953 when Alberta was swept by a polio epidemic. Nine have been consigned to Montreal, hardest hit of any Canadian centre, and six to Newfoundland.

Montreal hospitals have admitted 673 cases since the epidemic started seven weeks ago. The disease has taken 35 lives in Montreal, six in Newfoundland—all children.

In Montreal, one of the new cases was that of a 20-year-old suspected firebug who became ill in his cell at detective headquarters. City health authorities ordered all cells cleared, disinfected and fumigated. About 30 prisoners were taken to cells in other police stations.

Red Jet Arrives

OTTAWA (CP)—A Russian TU-104 jet airliner, which will take part in the Canadian National Exhibition air show in Toronto Sept. 11 and 12, arrived here Tuesday from the United Kingdom. The Russian Embassy said the plane will be based in Ottawa and will make flights over Toronto Friday and Saturday without landing there.

First In 146 Years

BUFFALO, N. Y. (AP)—HMS Scarborough, the first British warship to visit Buffalo since Dec. 30, 1813, tied up at the municipal pier Tuesday for a two-day visit. In contrast to the 1813 visit, a matter of business that involved burning down 13 buildings and routing the local citizenry during the war of 1812, this was a social call.

Vatican Criticizes Pageant

Miss Canada Makes It At Last

ATLANTIC CITY, N. J. (AP)—A Canadian girl who got out of a hospital bed only Sunday to come here and compete in the Miss America pageant says she feels "wonderful."

Rosemary Catharine Keenan of Fair Vale, N.B., Miss Canada in the pageant, was taken to a Fredericton hospital last Thursday suffering from exhaustion induced by the strain of making 40 personal appearances in 15 days after winning the Canadian contest in Hamilton Aug. 13.

For a time it appeared she would be unable to make the trip here, and 19-year-old Vivi Peteresen of Victoria, who had been second in the Miss Canada pageant, was sent on her way to this resort.

On Sunday, however, Rosemary's doctor said it would be all right for her to go, and she arrived here late in the afternoon.

THE NEW LOOK — Students of Sherbrooke High School returned to their classes this morning many attired in the new uniforms: for the boys, maroon blazers and grey flannels; for the girls, maroon blazers and grey skirts. Up to grade seven, girls still wear the navy blue tunics. Anglicans Told:

Pressure Won't Get Macmillan Confident Of Election Victory

STE. ANNE DE BELLEVUE, Que. (CP)—The Anglican Church of Canada Tuesday completed its 20th general synod—in some ways one of the most momentous ever held.

The 1959 synod saw the election of the Church's ninth primate, the approval of a revised common prayer book and voting of 112 other reports and resolutions. Only a concerted effort enabled the delegates to finish their business one day ahead of schedule. During a three-hour afternoon session they dealt speedily with more than 10 reports and resolutions.

Topping the list were reports on recruiting new ministers and establishment of a fixed primate seat.

Any suggestions for an all-out drive to bring older men and young students into orders were quashed by Bishop E. S. Reed of Ottawa who said he believed "pressure" methods of recruiting were useless.

Only men with "a true vocation" could provide the sort of example which would attract more men, he said.

Other speakers, including Bishop Ivor Norris of Brandon, urged that the Church attempt to change the widely prevalent attitude that a young man entering the ministry is in some way "slipping down" the social scale. Several other speakers said only parish priests themselves could do much to persuade and attract men into the clergy.

FAVORS FIXED SEE Archbishop Howard Clark of

Edmonton, the new primate, is strongly in favor of setting up a fixed primate seat but the Church itself is apparently in no hurry.

The committee which had been considering the plan reported it was in favor of the idea but was unable to agree where the fixed seat should be. It had been directed to consider "the vicinity of Ottawa" as a location but also studied Toronto and Winnipeg as alternatives.

The synod gave Archbishop Clark authority to appoint a new committee and lay out its frame of reference. He himself is privately doubtful that a fixed seat will be set up for many years to come.

"I think the best way to pick a site might be to have someone blindfold himself and stick a pin in the map of Canada—the way Queen Victoria picked Ottawa as the capital," he says.

The synod's committee on evangelism reported that while a revival of religion is general and widespread, it appears to be on the decline in some classes of society and in many cases "extraordinarily superficial."

Unite World Youth

OTTAWA (CP)—Lady Baden-Powell, widow of the founder of the boy scout and girl guide movements, said Monday she believes scouting is the one thing that can unite world youngsters regardless of color, race, creed or nationality. She was here on a one-day visit following a tour of scout associations in Latin America.

The Labor national executive holds a strategy session Monday. The prime minister is to spend several days at Chequers, his country home, while preparing to stump the country. He arranged to speak in the northwestern constituencies after the dissolution and will then go on to Scotland.

The prime minister and his party clearly are counting on the healthy economic position of the country and the government's handling of international affairs in bidding for their third straight election victory.

LABOR CONFIDENT Morgan Phillips, Labor's general secretary, anticipated the toughest election campaign since the war. He is confident his party can get the 29 seats needed to oust the Tories.

"Remember that we lost 29 seats mainly through lack of organization at the last election. This time we shall not fall down the same way."

Liberal leader Jo Grimond headed today for North Ronaldshay, the most northerly isle of his constituency of Orkney and Shetland.

Miss Slaughter said that "so long as the American girl is interested in water sports the swim suit will be an accepted part of an American girl's wardrobe and of the Miss America pageant."

Short Notice For UK

Macmillan Confident Of Election Victory

LONDON (CP)—Battle plans went into operation today as Britain's political parties launched an election campaign that will determine the country's representative at summit talks expected early next year.

Party supporters started passing out campaign leaflets and propaganda to be used by candidates bidding for support in the Oct. 8 poll. The election date was announced Tuesday from 10 Downing Street by a confident Prime Minister Macmillan.

Labor party leader Hugh Gaitskell and his chief lieutenant, Aneurin (Nye) Bevan, cut short their tour of Communist countries and returned from Moscow by jet plane to prepare for the battle. At an airport press conference they spoke confidently of their party's chances of gaining a majority. Although public opinion polls have given the edge to the Conservatives.

SHORT NOTICE

The three-weeks interval between the dissolution of Parliament, scheduled for Sept. 18, and polling is one of the shortest in recent history.

Macmillan has authorized the publication of the Tory Manifesto Friday, a week before the present Parliament is to sit for the last time. The Conservative campaign committee also meets then.

The Labor national executive holds a strategy session Monday. The prime minister is to spend several days at Chequers, his country home, while preparing to stump the country. He arranged to speak in the northwestern constituencies after the dissolution and will then go on to Scotland.

New York City Makes It Easy For Butt Hunters

NEW YORK (AP)—The city's new public ashtrays are a boon to the professional butt hunters.

The new aluminum ashtrays stand about three or four feet off the ground, are funnel shaped and about as big as a basketball at the wide end.

To scrummers of free cigarettes, this means smokes will be cooler, longer-lasting and cleaner than those picked up off the sidewalk.

It also means less work. As one butt hunter put it, "Best thing about these trays is you no longer have to stoop down to get a butt."

"I hardly ever have to buy a pack of cigarettes any more," he added.

'Half-Hearted Bargaining'

Ike Blasts Steel Negotiators

WASHINGTON (AP)—President Eisenhower's appeal for a big push to end the steel strike has netted only a new round of accusations between steel management and labor.

Neither side reacted with a new approach to breaking the 57-day stalemate—now the longest steel strike in American history.

"Half-hearted bargaining is not enough," Eisenhower said Tuesday in letters to David McDonald, president of the Steelworkers Union, and the presidents of the 12 firms involved.

"Intensive, uninterrupted good-faith bargaining, with a will to make a responsible settlement, is required," Eisenhower said.

His letters went out a few hours after negotiators met for 45 minutes in New York, then recessed until Thursday to prepare for expanded subcommittee negotiations.

McDonald promptly told the president that his union workers have been seeking and will continue to seek "good-faith, uninterrupted, wholehearted bargaining with the objective of achieving a reasonable settlement."

QUEBEC — (CP) — Quebec province will have a new premier Thursday. Well-informed sources say Lieutenant-Governor Onesime Gagnon will call on a cabinet minister to step into the post that day — a few hours after the funeral of the late Premier Duplessis.

Paul Sauve, youth and welfare minister under Mr. Duplessis, appears the almost certain choice. The 32-year-old Mr. Sauve was the premier's right hand man. During recent years he was given tasks of increasing importance.

Observers note that it was Mr. Sauve who, after the premier's death Monday, issued the official message of condolence for the cabinet. He also was author of a statement that steps had been taken to meet any administrative emergency that might arise before the premier's funeral.

Fast appointment of a successor is necessary, observers state. The Union Nationale party face two byelections Sept. 16—in Lake St. John and Labelle ridings and heaviest campaigning is on weekends. The Union Nationale apparently wants to throw some cabinet ministers into the campaigns this last weekend before election day.

Both ridings are being contested. The Union Nationale candidate in Labelle is challenged by an independent and the party man in Lake St. John is against an independent and a Social Democratic (CCF) candidate.

CAUCUS THURSDAY

This, observers say, is why the party will hold a caucus Thursday after the ministers have returned from Mr. Duplessis' funeral at Trois-Rivieres. The ministers and members of the Legislative Assembly and Legislative Council will be asked to support a successor.

The man named by the lieutenant-governor will be asked to form a new government. His cabinet is likely to be basically the same as the former one although there could be some changes. Mr. Duplessis was attorney-general as well as premier. His successor could take over both posts.

But most observers feel the attorney-general's post will go to Antoine Rivard, transport minister and solicitor-general under Mr. Duplessis. This might engender further shuffling as Mr. Rivard could hardly hold the attorney-general's position and the two he held formerly.

It is felt that in any event some new faces will appear in the cabinet.

Space Capsule Launching Flops

CAPE CANAVERAL, Fla. (AP)—A mechanical failure marred the first rocket launching of an unmanned space capsule model today, but the capsule itself was quickly located afloat on the ocean.

Less than four hours after the blast-off, a plane flying over the Atlantic reported it had sighted the vehicle. It was several hundred miles short of its goal.

Thousands Pay Last Respects To Premier At Trois-Rivieres

By GERALD FREEMAN

TROIS-RIVIERES, Que. (CP)—All night long, the people of Trois-Rivieres filed past the bier of Premier Maurice Duplessis to pay last respects to their most famous fellow townsman.

The premier's body lies in state in the Trois-Rivieres courthouse and the doors of the big grey stone building will not close until after the funeral at 11 a.m. Thursday.

About 1,000 people an hour moved past the open coffin early in the evening—matrons in furs, businessmen in neat suits, teenagers in jeans, men in sport shirts and women in house-dresses.

Some wept. Several priests moved with the line and stopped beside the bier to recite prayers.

SIGN BOOKS

The line filed past the coffin and downstairs to the basement floor of the courthouse, where half a dozen books were arranged on stands for the viewers to sign before leaving the building.

Flowers were delivered in a steady stream through a side door of the courthouse.

Four secretaries compiled lists of donors with the type of flowers they sent. The lists are to be stenciled and a permanent record kept.

Premier Duplessis was stricken Thursday with a cerebral hemorrhage while visiting the Iron

Early Start For Laos UN Inquiry

UNITED NATIONS, N.Y. (CP)—The United Nations' new four-power fact-finding group may get a team off to Laos by the weekend to investigate reported invasions from Communist North Viet Nam.

The subcommittee, set up by the security council over bitter Soviet protests, met Tuesday with council President Egido Ortona of Italy to make plans for the mission.

Ortona said the four members—Italy, Argentina, Japan and Tunisia—agreed it was vital to carry out its task as quickly as possible.

The West proposed the inquiry group as a compromise. Laos had called for UN troops to meet the alleged Red aggression in the same way that the Western powers rallied to the defence of South Korea against Communist North Korea in 1950.

One Company of Canada development at Schefferville, in north-eastern Quebec.

Mr. Duplessis once predicted he would die in harness ("Je tomberai en plein travail") and the development of Northern Quebec was one of the important achievements of his 18-year regime.

DIED MONDAY

Four convulsions followed the hemorrhage and the 69-year-old premier died at 12:01 a.m. Monday at the company hospital in Schefferville.

His body was brought to Quebec City, where it lay in state at the legislative building and was viewed by an estimated 30,000 people.

A cortege which included 25 cars laden with flowers brought the body Tuesday to Trois-Rivieres, the premier's home town.

Included in the solemn conveyance were the entire Quebec cabinet, several members of the legislative council and legislative assembly led by Hon. J. L. Bibeau, president of the legislative council, and federal Solicitor-General Leon Baskin representing Prime Minister Diefenbaker.

POLICE CARRY COFFIN

Eight Trois-Rivieres policemen in white spiked helmets struggled with the bulky bronze coffin and had difficulty getting it through the courthouse door.

The party that accompanied the body entered the building and the public was allowed in about half an hour later, after the flowers had been arranged like an eight-foot-high waistcoat about the courthouse lobby.

The flowers formed a narrow avenue through which the people passed to view the body in an alcove opposite the door.

A white floral cross was flood-lit behind the coffin, and below it was a pillow of blue and white flowers arranged in the design of the Quebec flag, a symbol the premier gave the people of the province years ago. At both ends of the coffin were enormous bouquets of red roses.

Little Rock Indignant At Bombings

LITTLE ROCK, Ark. (AP)—Temper simmered in Little Rock today as indignation rose over the Labor Day dynamiting of public officials' property.

The chamber of commerce offered a \$25,000 reward for the arrest and conviction of the bombers who hit the mayor's business office, the school board headquarters and the fire chief's automobile.

Civic leaders reacted angrily, labelling the bombings as cowardly and "tactics of terror and anarchy."

BLAMES COMMUNISTS

Attorney-General Bruce Bennett of Arkansas laid blame on the Communist party.

Governor Orval E. Faubus deplored the bombings. He hinted that they might not have been the work of segregationists.

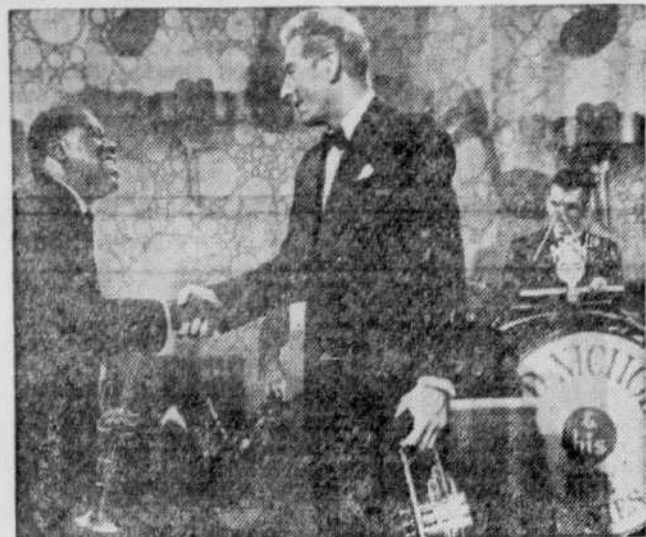

"Everybody is assuming the segregationists did it, but until something more definite is learned and a trend is established, I see no reason for that assumption," Faubus said.

The school board, forced out of its headquarters by a blast that wrecked two rooms, went through with a scheduled meeting at a vocational school Tuesday night. It heard appeals of seven Negroes and two white students who have asked to be transferred from the schools to which they were assigned.

Cowansville Pair Celebrate Silver Wedding Day

COWANSVILLE — Mr. and Mrs. Archie Dryden were surprised by a gay party in honor of their 25th wedding anniversary. About 25 well-wishers, relatives and a few close friends, gathered at their Farnham Road home while the popular couple were dining at the Cowansville apartment of their son and daughter-in-law, Mr. and Mrs. Keith Dryden, who with Mr. and Mrs. Earle Dryden had organized the surprise celebration.

Hearty congratulations were expressed as Mr. and Mrs. Dryden entered their large living room, and a purse of money was presented to them. Throughout the festive event, a gladioli corsage, made by Mrs. Keith Dryden adorned Mrs. Dryden's dress.

Numerous cards and anniversary gifts were on view and with them there was elaborately a mysterious parcel which added a note of merriment. It had been elaborately packed by Rev. and Mrs. Carl Gustafson and it proved to be a large photograph of the fated pair a month or so ago at the Sunday School picnic, busily serving ice cream to a host of children. Its frame had been appropriately silvered.

Gladioli were used in decoration throughout the house. Vases of sweet peas and forget-me-nots were arranged on either side of the two-tier wedding cake which centred the lace-covered diningroom table. The cake had been made by Mrs. Earle Dryden (Annie) and frosted by Mrs. Irene Williams.

Mr. and Mrs. Dryden (Dorothy Teel) were married on Sept. 1, 1934, in Stanstead.

No Service Station

To Rescind By-law Amendment

Mayor Armand Nadeau announced last night at the weekly council meeting that the recent amendment to the zoning bylaw permitting the construction of a gasoline service station in the North Ward would be rescinded.

Mayor Nadeau said the change was not the result of an injunction being taken against the city council by North ward residents. He said the injunction was invalid because it was drawn up prematurely.

"If North ward residents want an amendment to the zoning bylaw let them ask for it in future," said the mayor.

The amendment authorizing the service station was passed by Council members August 25, despite strong opposition on the part of the North Ward residents.

At the time a delegation headed by Marcel Dufresne presented a petition containing close to 40 names protesting the amendment.

Aldermen, by a six-to-four vote, approved the amendment following a report from the La-

Have town planning group recommending such a service station.

Last Friday, North ward residents requested a court injunction against issuing the permit because public notice was not given before amending the by-law.

At his weekly press conference

Delay Action On Purchase Of Snow Removal Machines

A complete report on machinery needed for snow removal this winter will be presented to aldermen next Monday night, it was decided last night. Included in this report will be a report on the capabilities of all machinery now owned by the city.

The decision was arrived at after Director of Services Charles Langlois presented a list of additional snow removal machinery needed this year. This machinery needed would have cost about \$185,000.

The equipment includes three five-ton, four wheeled-traction trucks with plows, two Bombardiers, two V-shaped plows, three straight plows, one large snow-blower, one small snow-blower and a small shovel-equipped tractor with a small snow-blower attachment.

Following Mr. Langlois' report on the equipment, Mayor Nadeau, somewhat vexed, said this equipment was not what was decided upon last spring.

"We were in agreement that we would need light equipment last spring and now you come up with this," said the Mayor.

Ald. Antonio Pinard and Ald. Everett Nicol told Mayor Nadeau that the Bombardiers used to

last week, the mayor declared that the city was not obliged to make public any proposed amendments to the zoning by-law.

Aldermen originally against the construction of a service station were: Everett Nicol, Paul Gervais, Carrier Fortin and Felix Thibault.

clear sidewalks last year were not heavy enough. They claimed that too much snow was left on the sidewalks.

"They will be heavy enough if you clean the streets as the snow comes down," said Mr. Langlois.

Mayor Nadeau said he planned to have streets cleaned before the snow storms exhaust themselves.

When asked Ald. Nicol if he would have enough Bombardiers this year by buying two new machines, Mr. Langlois said that it depended on how much snow would fall this year.

"We are going to have sufficient equipment to clear the snow this year," said the mayor.

At this point, Ald. Carrier Fortin expressed dissatisfaction at the purchase of so much snow-removal equipment.

"Do we need new equipment because a few of the aldermen get phone calls after a snow fall?" he inquired.

Last year, said Ald. Pinard, 24 hours after a snow storm, streets right in the Center ward had not been cleaned. "We can't have that this year."

"Can you name me anyone in this city that had to stay home and lose a day's work last winter on account of the snow," asked the yet unconvinced Ald. Fortin.

"Yes, plenty of them" replied West ward representative, Ald. Antonio Pinard.

In a rather loud voice Mayor Nadeau wanted to know why council members seemed to be changing their minds after the council had unanimously decided last spring that the city was short of equipment.

Finally, it was decided to ask for a detailed report on what light equipment will be needed this year for the clearing of snow from streets and sidewalks.

Lennoxville Municipal Reserve Low

The state of Lennoxville's municipal finances at the moment is rather precarious, Mayor Ernest Gilbey indicated last night at the regular council session.

He said that the situation had been brought about by the financing of the new water development, and could not be termed serious. He reported that a small sum had been borrowed from the bank and that it had been repaid.

However, council had asked a renewal of the loan and had received permission to borrow up to \$20,000.

A considerable volume of collections must be made, reported the Mayor, and too many residents had permitted their taxes to fall behind. He added that the water assessments had just gone out and with the remainder of the collections, the municipal finances should be out of the red soon.

Examination of the monthly financial statement, prepared by Finance Chairman E. A. Lunderville, showed that some departments have little remaining in the budget for the remainder of the fiscal year.

Town Hall and Relief departments, pointed out Mayor Gilbey, had been hit particularly hard by the submission of an unusually large number of Quebec Public Charities Act requests payable, subject to examination, by the town. Also affecting the figures were the Health Unit contributions.

Mayor Gilbey added that this figure could be expected to increase in the future with the continual expansion of the town, and in future budgets, this factor should be included in planning the municipal spending.

The police and fire departments still remain a question mark he stated. It would appear that they will be able to remain within their budgetary limits.

The Mayor also reported on the bond issue valued at \$75,000 set up some 40 years ago. The issue, he said, will come due in 1960. This will relieve the municipality of considerable financial pressure due to the heavy added monetary burden it had imposed through the years.

Filtration Plant Outlay Estimated At \$3,000,000

A complete report on the plan of Ald. J. M. Jeanson, Waterworks committee chairman to draw the Sherbrooke water supply from Lake Memphremagog rather than install a filtration plant was handed over to city fathers last night by Jacques Lemieux, P.Eng. of the firm of Cote, Lemieux, Carignan and Bourque, consulting engineers.

The report, which is to be studied by council members before the public is asked its opinion, indicated the cheapest installation for bringing water from Memphremagog would cost \$2,581,250, while a filtration system installed within the city limits would cost nearly \$3,000,000.

This system would make use of 36 inch pipes. A second plan submitted by Mr. Lemieux indicated the use of a 42-inch pipe would cost \$3,154,750, slightly higher than the filtration system.

Mr. Lemieux said in his report the only alternative to the construction of a filtration system served by the Pare st. pumping station would be to draw water from nearby lakes.

Because of pumping difficulties and quantity of water, the only lakes from which water could be obtained would be Brompton and Memphremagog.

The report continued that water from Brompton lake was not as good as the water from the Magog river, which the city is using at present. Memphremagog water is better.

Brompton Lake water is more colored than the present Sherbrooke water.

The report showed that in regards to color, and alkalinity Lake Memphremagog water was the best in the area.

The tests showed that this water was completely safe to drink without filtration, but would have to be chlorinated.

Less chlorine would have to be used in Memphremagog water than the city is now using in the water drawn from the Magog river.

CAPACITY
Mr. Lemieux said in his report that the city now uses up 8,500,000 gallons of water per day.

To take care of a population of 125,000 which the city may have within 25 years, the report said the installation of a 36-inch pipe supplying 18,000,000 gallons per day would be ideal.

The drop between the lake and the city of Sherbrooke is 117 feet, showed the report.

The supply main would be located near Georgeville. The 42-inch diameter pipe could meet a daily demand of 22,500,000 gallons.

ANY QUESTIONS
After his report Mr. Lemieux answered their many questions from the aldermen.

"What does a filter really do?" asked Ald. Carrier Fortin.

He was told that a filter removed all impurities from water. Another alderman asked why Sherbrooke's water supply could not be obtained from Little Lake Magog. He was told that the water was extremely bad and that within the next few years, swimming could be prohibited in this lake.

Mr. Lemieux explained to the aldermen that if any break in the system occurred between here and Magog, water could be drawn temporarily from the present source of supply, the Magog River.

Ald. Everett Nicol asked if the land on which the pipe would be located would have to be bought.

He was told no, but that the city would have to buy the right-of-way at 50 cents per foot. Will the pipe be laying on the ground?

No, it will be buried three feet underground, replied Mr. Lemieux.

In conclusion, Mayor Armand Nadeau told Mr. Lemieux that a complete study on the part of the city fathers would be made and then, the public would be asked their opinion.

"Nothing will be hidden from the public," said the mayor, "they will know everything about it."

United Sale In Final Week

The Back to School sale at the United Store, Wellington North, Sherbrooke, is in its final week. Thrifty shoppers from all points in the Townships are taking advantage of the values offered, not only in children's clothing and back to school supplies, but also in men's wear, ladies' wear and household supplies throughout the store.

Mr. D. Turgeon, Manager of the Sherbrooke store, wishes to take this opportunity to thank customers for the interest they have shown in this promotion. It is the aim of United Stores to give shoppers the best possible value, combining quality and low prices with a "Satisfaction Guaranteed or Money Refunded" policy which has made "United" a family store.

Budget conscious buyers know the combination of well trained, courteous salespeople, quality merchandise and down to earth prices guarantee customer satisfaction. A number of the values now being featured at the United Store are shown on page 12.

Council Sends Sympathies On Duplessis Death

A telegram in the name of the Mayor and Aldermen of the City of Sherbrooke will be sent to the family of the late Premier, Maurice Duplessis.

The telegram, which will express the sympathy of the city fathers, was decided to be sent unanimously by council members at their weekly meeting last night.

Mayor Armand Nadeau and Ald. J. M. Jeanson, expressed their intentions of attending the Premier's funeral in Trois Rivieres Thursday morning.

Delay In Parking Meter Installation Results In Bitter Council Discussion

The city's administration came under criticism at last night's council session with a rather strong verbal clash between North Ward Alderman, Everett Nicol, and the city's director of services, Charles Langlois, on the installation of parking meters on Frontenac street.

Discussion began when Mr. Langlois told aldermen that Police Chief Ed. Moreau had told him that the installation of parking meters in front of the Sun Life Building on Frontenac would not be very satisfactory.

Ald. Nicol, chairman of the police and fire committee, declared the chief had told him previously that he thought the installation of meters would be a good thing.

As the discussion grew louder and louder, Ald. Nicol told Mr. Langlois, to leave such decisions to the proper authorities.

"I know that you are a man of vast experiences, Mr. Langlois," said Ald. Nicol, "but do you know anything about parking?"

At this point Ald. Nicol reported that the police chief had told him that the installation of meters in front of the Sun Life was a good thing. He added the posts had already been installed at this point but that the meters themselves were missing.

"The decision to install meters on this street was taken by the council. Something must have happened," added Ald. Nicol.

"When I phoned him, the chief told me why the meters had not been installed, but at present, I can't remember his reasons," said Mr. Langlois.

"If you had not suggested to the chief that it would be better to leave this section of the street without meters, they probably would have been installed by now," declared Ald. Nicol.

"Could he" added the Director of Services.

MAYOR JOINS IN
Following a question by Ald. Nicol asking Mr. Langlois if he had any jurisdiction over the police and fire departments, Mayor Armand Nadeau jumped in.

"All departments should work together," he declared.

"That is what I have been preaching for years," replied Ald. Nicol.

The mayor at this point said that some chairmen of committees disliked interference in their departments.

"Your police chief is no God, Ald. Nicol," said the mayor, "You can criticize all departments, but when it comes to yours, it is a different matter."

Ald. Nicol reminded the mayor that the decision to install the meters was not his own, but that of the council.

"We can't take decisions here, to have them changed by someone elsewhere," he continued.

The alderman told the mayor emphatically that council decisions should not be changed.

"It was not changed, but simply suspended," the Mayor maintained.

The administration of the city is the affair of every alderman. The city's high officers should be able to discuss with any committee chairman what is wrong in that particular committee, said Ald. Nadeau.

FAMILY AFFAIR
"I want the council and all departments to work like a family," said the mayor. He told Ald. Nicol that what was now happening in the protection committee was the same as what happened previously in the electricity department.

"Mr. Camirand, head of the electrical department must be praised for seeing the light and cooperating more," added the Mayor.

"You don't stick your fingers too deep in that department," said Ald. Nicol.

The North Ward alderman said that every time someone asked him about a problem about or within the protection committee he referred them to the chief of police and did not answer them himself.

Finally, after tempers had calmed somewhat, Ald. Nicol said that he was willing to withhold the installation of the parking meters in front of the Sun Life building on Frontenac street to see if any good would come of it.

Probing Beauce Death

THEFTON MINES — The inquest is taking place here today into the mysterious disappearance and subsequent apparent drowning of Robert Simard, 19, of St. Elzear.

The young man, a recent graduate of commercial school, had been missing since last Sunday evening following an automobile accident between the village of Ste. Marie and St. Elzear.

Simard's body was discovered in the Chaudiere river bed yesterday afternoon by a Mr. Lehouillier of Ste. Marie, who had been searching the river. Returning home, Lehouillier called some friends to help him drag the river where he had seen the body.

Using two small boats and hooks, the men dragged the river until they found the body, not far from a bridge where Simard had been seen last.

According to eyewitness reports following the accident Sunday night, Simard had been given a ride into town by Maurice Cliche, a passing motorist. Cliche reported that Simard had asked to be let out near the bridge entering Ste. Marie.

Cliche stated that he had intended to drive the young man to the doctor's for medical attention.

Following his report, a search was immediately organized, but no trace was found of Simard. It is believed he may have suffered shock or amnesia and subsequently fell into the river and drowned.

Conference On Housing Plan Is Postponed

The meeting of the housing project committee headed by Ald. J. M. Jeanson scheduled to be held yesterday afternoon was postponed because of the inability of Central Mortgage and Housing Corporation representatives to be present.

Last June a meeting to discuss the proposals made on behalf of the city was held with Central Mortgage and Housing Corporation representatives present.

At the time Central Mortgage Corporation agents decided to give their full support to the project.

In addition to furnishing up to 75 per cent of the cost of rebuilding, Central Mortgage Corporation was willing to lend up to 50 per cent of the total money needed for the buying of property.

The Logical Choice

The sudden death of Premier Maurice Duplessis has caused the customary wave of speculation as to the selection of his successor, with supporters of various party stalwarts advancing the claims of their favorites.

But the logical choice for the leadership, at least on a temporary basis, is Hon. Jean-Paul Sauve, Minister of Social Welfare and Youth. Although a comparatively young man, Mr. Sauve is the dean of the House, having served for almost 30 years, with a break of a few months in 1935. He was first elected to the Legislative Assembly in 1930, succeeding his father who had represented the riding of Two Mountains since 1908 on the latter's elec-

tion to the House of Commons. Arthur Sauve had served for many years as Conservative Opposition leader at Quebec.

He served ably as Speaker of the Legislature, a post to which he was appointed at the age of 29 and his Department of Social Welfare and Youth, is considered one of the most efficient in the provincial government. He has a distinguished war record as well.

The appointment of Mr. Sauve to the post of Premier would be a suitable honor for a man who has served his country in many fields and to a family that has given leadership to the party through days of feast and famine.

Industry Should Help

The Industrial Foundation on Education has issued some figures on financial aid to universities which make timely reading as the academic year is about to get underway.

The Foundation, which has been conducting a study of corporation aid to higher education, found that fewer than three per cent of the tax-paying corporations in Canada gave financial help to universities and colleges last year. Some 2,500 companies made contributions and of these 60 per cent had assets of less than one million dollars.

Total grants from business and industry to universities and colleges amounted to about \$10.4 million, a decrease of 10 per cent from the previous year. The drop was caused by smaller grants from foundations established by industrialists while the direct grants remained about the same at \$8.8 million.

It is worth noting that Canadian-controlled companies gave about the same proportion of the total grants as the previous year, but the proportion given by American-controlled companies rose considerably. The total

grants represented a smaller proportion of corporation profits before taxes in 1958 than in 1957 — 0.359 per cent as against 0.384 per cent in 1957.

The smaller institutions and affiliated colleges, which have about 25 per cent of the total enrolment, received a disproportionately small share of the total grants. That share amounted to only about five per cent.

Businessmen may ask why they should feel obligated to support universities. Perhaps they should regard aid for universities as an investment in their own future. The demand is growing for scientists and engineers as well as arts graduates with the type of training that will enable them to cope with complicated social and political problems of the day. The universities have not the equipment or staff to meet the demand.

Industry is not only taking graduates as fast as it can, it is luring staff away from universities with promises of big money. This makes it even harder for the universities to do their job. Industry can do its part to produce the trained young people the economy needs by helping to provide the facilities for training them.

Out Of The Darkness

Children's reading habits are going to come under heavy scrutiny again now that school days are at hand.

We don't mean what pupils read, but how they read.

School-age youngsters, when studying or reading at home, invariably choose a position that would make a contortionist stiff for days.

One of the favorites, of course, is the "flat-on-the-stomach-in-front-of-the-TV-set" pose. But there are many others, some involving legs draped over the sides of chairs and sofas, and heads lower than legs.

Normally, there is little that is harmful in these positions themselves, but

what can be harmful is that they always seem to be struck as far away from a light source as possible.

The flickering television set too often serves to illuminate the intricacies of algebra; Shakespeare may come under scrutiny in a dim corner where it is difficult to determine what language the play is written in.

While most of us at one time in our lives probably indulged in the same careless reading habits, and perhaps still do, parents should try to train their children out of them. They can result in eye strain, sometimes serious, with resulting headaches, dizziness and indifferent marks at school.

THE SERIOUS MATTER OF COWS' TAILS

(The Ottawa Journal)

In the midst of world tensions and the local problem of getting folks to serve on PTA committees, the matter of cows' tails may not seem pressing. But the countryman who sits down to milk Buttercup these humid evenings is wondering if something cannot be done.

The way bossies swing their tails to swish off pestiferous flies has concerned farm students for a long time. Back in 1860 a writer put it succinctly: "Everyone who has gumption enough to milk a cow, has experienced the miseries of a rap now and then over the ears; and sometimes on the face and eyes by that effectual fly brush—the cow's tail."

"This is the most troublesome in fly time; but sometimes a cow, either being naturally ticklish, or uneasy from some other cause, will use her lash in mid-Winter when that appendage is not in a condition to give you a very favorable idea of its savory condition."

Experimentally-minded farmers have tried various methods and techniques to overcome the hovering hazard of the whiplash tail. It is disconcerting, to put it mildly, to be sending rhythmic white arrows of milk into a head of foaming white froth, and to see from the corner of one's eye that caudal appendage starting a

purposeful arc that will wrap the whip around one's ears. We not know the answer. We do know that a cow's tail is a

problem in fly time. In this scientific era, some research might well be devoted to this agrarian problem.

Answer to Previous Puzzle

Japan, 1959

Heading To Momentous Decisions

TOKYO (AP) — Four islands in the west Pacific . . . Ninety . . . two million energetic people . . .

Industrial giant of Asia . . . A land explosive with progress and change, heading toward the most momentous decisions in its history.

This is Japan, 1959, a nation rising from humiliating Second World War defeat to become the most strategically important nation in the Far East.

Japan's factories and farms are pouring out a record gross national product of more than \$28,000,000 a year. Per capita annual income has soared to \$254—26 per cent more in real value than it was in prosperous, pre-war 1934-36. And an unprecedented \$1,105,000,000 in foreign exchange reserves is crammed into Japanese banks.

But a deep ideological dispute has divided Japan into two bitter, warring camps. Socialists, Communists and many shades of leftists want Japan to adopt a policy of neutrality in the cold war. Prime Minister Kishi's ruling conservatives, the Liberal Democrats, favor continued alignment with the West.

Two crucial showdowns lie ahead.

On Sept. 7 Japan's Supreme Court opened hearings on an appealed lower court ruling that American military forces and bases in Japan violate the no-war constitution.

And either this fall or early next year the same fight will be renewed when a revised U.S. Japan security pact is brought before Parliament for ratification.

The pent-up fury of both sides, with each feeling theirs is the only road to lasting peace, is expected to focus on these contests.

If the Supreme Court rules against the stationing of American troops, Japan will be cast adrift in a strange new sea.

For the security pact which provides for U.S. bases presumably would be struck down too by such a ruling, severing the West's basic defence link with Asia's most powerful economy — one of communism's prize goals.

The rest of Asia then would be a vastly easier prey for communism and a gaping hole would have been punched in the Western alliance's Far East defence ring.

But if the bases are upheld and the pact ratified, as is expected, Japan and the United States will be on the threshold of a possible alliance that could rival in importance the historic co-operation of Britain and the U.S.

At the close of the Second World War, 145 Japanese cities were smouldering ruins. Thousands were starving and living in caves. Factories were fire-ravaged skeletons.

The United States poured in \$2,000,000,000 in immediate post-war assistance. It has added at least \$4,000,000,000 more in U.S. troop purchases and off-shore contracts. And although American forces here have dwindled from several hundred thousand to an estimated 65,000, these special receipts continue to average about \$500,000,000 annually through a steady increase in international co-operation administration and other contracts let in Japan. Most of the goods produced go to other U.S. allies in Asia.

The prosperity that has followed can be seen everywhere. Ferro-concrete buildings rear against the sky in Tokyo. Thou-

sands of vehicles jam major cities. New trains flash from one end of the nation to the other. Japanese goods are invading almost every market in the world.

Japan leads the world in shipbuilding, fish haul and cotton textile exports. Its unit agricultural yields are among the highest in the world. And its booming steel industry hopes to increase the present annual production of 12,570,000 metric tons to 20,150,000 by 1962, close to the present British level.

This climate of prosperity has helped tip the battle over neutrality in favor of Prime Minister Kishi's conservatives. His Liberal Democrats have won the last three elections, including the June 2 Upper House parliamentary balloting in which the socialists' popular vote declined for the first time in the last 10 years.

This has intensified socialist bitterness and brought ominous talk of co-operation with the Communists from the party's dominant left wing.

matter of FACT

Because of its importance as a food, salt has been an article of commerce since the very earliest times. Caravans carried it across the desert from the oases of the Sahara as they do today. The Romans named one of their most important roads the Via Salaria (Salt Highway) because it was the route for the salt trade to northern Italy. The salt of Palmyra, an oasis in the Syria Desert, was carried all along the Persian Gulf.

Free Mattresses For Contented Cows

(Cleveland Plain Dealer)

Anthony Bramley, an English farmer, wanted his cows to be the happiest in England. He fed them well and cared

for them tenderly, and they reciprocated by giving gallons and gallons of milk. But Farmer Bramley wasn't satisfied with what he was doing for them, and one day he had a dandy idea.

"I will provide them with plastic foam mattresses," he said, so that they will be even happier and more contented" and he did.

"I think," said Farmer Bramley, noting the contented look on the faces of his cows as they arose from their mattresses, "that my idea will revolutionize farming. Certainly my cows must be the happiest in England."

Mr. Bramley, according to Reuters' News Agency, plans to visit New York, Washington and Chicago, to sell his patented cow mattress.

"I understand," he said, "that agricultural officials in Washington want to investigate my invention with the possibility of putting it in general use on American farms."

Well sir, we're all for contented cows, and the government can furnish the mattresses at no expense to the farmers who want them.

What's that? You object? Why? It would cost just a fraction of what it costs to support any number of farm commodities, and it would involve no storage costs whatsoever.

You say it isn't fair to stick all the taxpayers for something which would benefit only the farmers? Wouldn't it be just as fair as it is to stick them for high parity payments for agricultural commodities?

Besides, don't you like to see a smiling cow?

OTTAWA. — The marshal of Tombstone, "fastest man on the draw west of Winnipeg," eased his six-foot-one frame into a chair strategically placed against the wall.

The marshal was not wearing his Buntline specials, but the way he sidled into his chair, to avoid sitting on the holsters, showed he wasn't aware of his deshabille.

The room contained as tough looking a bunch of hombres as it had ever been the marshal's misfortune to confront. His steely glance flickered from face to face, even as he lighted his cigar. The room gradually stilled. Eyes turned to him, expectantly, as if waiting for something to happen.

The marshal was ready to start his press conference.

Only a half dozen men make up the select company of honorary marshals of Tombstone, Arizona—men like Peter Arno, for example, and Lucius Beebe. One is a Canadian, architect Ned Pratt of Vancouver, the man who designed the BC Electric Building, the man who over 20 years has fathered the distinctive West Coast style of modern architecture.

Marshal Pratt—who at 49 and in his cowboy clothes looks like Gary Cooper's kid brother—is now Commissioner Pratt of the Committee of Inquiry appointed by the Royal Architectural Institute of Canada. He is the avant garde member, the artist, the emotionalist.

Balancing him is the highly successful but more conventional Toronto architect, 37-year-old John Parkin, whose recent or current work includes Toronto's new airport terminal and—in associate capacity—Toronto's new city hall, and Toronto's new Bloor st. subway.

The chairman is Peter Dobush of Montreal, at 52 a man of great breadth of architectural and engineering experience. He has the analytical approach, neither radical nor conservative — an outgrowth, perhaps, of his long specialization in the design of scientific laboratories. It was Dobush who headed the design team which produced the plans for the atomic energy research establishment at Chalk River, and the town of Deep River, during World War II. The project was so hush-hush that Dobush wasn't told the purpose of the laboratories he was designing.

The point of their press conference was to inform the Canadian people of what they propose to do, and why. Starting at Edmonton Oct. 20, they will hold 13 or more public hearings across the country as they delve into the shortcomings and reasons thereof of Canada's poorly planned, poorly designed and poorly executed post-war urban housing development.

The objective of their searching inquiry is to produce recommendations to guide architects, builders, consumers, governments, lenders, town planners and everyone concerned with housing construction, to the end that our housing standards will be improved.

Never before has there been such an inquiry. Never has one been so badly needed. And perhaps never has a commission of such consequence been patently so well constituted.

The idea sprang from Stewart Bates, president of Central Mortgage and Housing Corp. He recognized the need, realized the inquiry must cross conflicting governmental jurisdictions—thus ruling out a federal royal commission—and challenged the RAIC to take on the task.

Royal commissions come at \$100,000 and up. Especially up. The Fowler commission on broadcasting cost \$314,000; the Gordon commission on economic prospects cost \$1.5 million. The government has allocated \$30,000 for the RAIC commission—\$20,000 less than was asked. And even though Dobush, Parkin and Pratt are freely giving their time and labor for the next six months, they could end their tour riding day coach and staying at the YMCA.

ALERT PLAYER WATCHES FOES

An alert declarer pays attention to everything his opponent does do and does not do.

South allowed East's queen of clubs to hold the first trick, won the second club in his own hand, led a low diamond and played dummy's ten.

East was in with the queen and returned the deuce of hearts. The finesse lost to West's king and West returned the suit.

The fact that West failed to set up the rest of the club suit was very revealing to South. Obviously, West had no re-entry so East was marked with the king of spades.

This made the rest of the play easy for South. He simply ran the diamonds and the king of clubs. By this time enough hearts had been discarded so that he could afford to cash the last heart. Now he led a spade toward dummy and put in the ten spot. East won with the jack and had to lead the suit back. South let it ride around to dummy's queen and the ace in his own hand made the ninth trick.

Bride-To-Be Feted By Friends At Stanstead

STANSTEAD — Mrs. Edward Hyatt and her daughter, Miss Thelma Hyatt were hostesses for a kitchen shower honoring Miss Gloria Lyons, a bride of early September.

Miss Lyons came to the Hyatt home on an errand and on being invited in was completely surprised to find a group of relatives and friends awaiting her. She was then escorted to a chair decorated with pink and white garlands, placed beside the dining table, on which daintily wrapped gifts were arranged. The bride-elect was assisted in opening these by her mother, Mrs. Hector Lyons and mother of the groom elect, Mrs. William Young of Beebe. Miss Lyons thanked everyone for their thoughtfulness.

Games were played, with prizes being won by Miss Diane Farley, Mrs. Catherine Eryou and Mrs. Hector Lyons.

Refreshments were served and included a shower cake made in a heart design and decorated in white and pink.

Guests attended from Rock Island, Stanstead, Beebe.

Meeting Of Session And Official Board Of Sisco Church Held At Coaticook

COATICOOK — A meeting of the Session of Sisco Memorial United Church was held in the Church Hall with Rev. G. Joyce presiding. Present were John Stein, Stanley Cromwell and Stanley Beerworth, the latter acting as clerk of Session, the position being vacant since the passing of A.A. Hopkins, who had carried out the duties for many years.

The chairman suggested having a rededication service at some Sunday morning worship period in the near future. The dates of the Communion services for the coming year were also decided upon. Mr. Joyce will contact several prospective church members among recent arrivals in Coaticook and also one or two, who might fill vacancies on the Session. The members heartily agreed on a suggestion for a joint candlelight service with members of the Baptist Congregation at the new year, plans for this to be worked out in due time.

Following the meeting of the Official Board was held. Mr. Joyce opened the meeting with prayer. Present were Mr. and Mrs. J. Stein, Mrs. K. Walker, S. Cromwell, George Engelhardt, Hubert Grenier and S. Beerworth. The secretary, George Engelhardt read the minutes of a recent meeting of the Board, and the treasurer, Mr. Cromwell, reported on the church finances.

A discussion took place concerning the observance of the annual church anniversary and Mr. Joyce was asked to arrange for the guest speaker for the occasion. The ladies will plan the anniversary supper, which may take a different form than in recent years, and further details will be given on this when the Board again meets. The chairman spoke of plans for the coming season for the Youth Club, the Sunday School, etc., and will call a meeting of the Christian Education Committee.

COUNCIL MEETING

A short meeting of the Town Council was held in the Council Room at the Town Hall, mayor Leger Cameron presiding. Room had been made on the agenda for a delegation of merchants to present its views on parking problems, traffic control and other items of interest to them, but owing to a misunderstanding the committee did not arrive at the meeting. The Council is seeking to have the Provincial Government classify certain streets of the town as provincial arteries since they are used quite heavily by through traffic, namely St. Paul and St. Jacques St., North, Davidson Hill, the roads to Hatley and Ladd's Mills. A motion to approve construction of sewers and water mains at a cost of over \$8,000 on Main West was adopted.

O.T.J. CLOSING

With Catholic Schools of the

Town re-opened and the High School to re-open on Sept. 9, summer activities at the playground wound up with a day of sports and games. Folk dancing, songs and other group activities were enjoyed under the direction of Miss Madeleine Morin. Miss Francine Riendeau and Henri Paul Rousseau were crowned queen and king of the O.T.J. group. Present were Denis Marcoux, Elie Carrier, Dr. Gustave Lajoie, J.A. Fournier, and other town officials and officers of the O.T.J. executive.

LIBRARY BENEFIT

Jean Guy Guerin, Douglas Sheard, Jacques Lamontagne, R. Morin, William Hudson, Robert McAlpine, Armand Tremblay, members of the Library Committee, thanked all participants and volunteer workers for the success of the fund raising evening held in the parking lot. A total of \$3,700 was raised for the library fund. At the same time the committee expressed its regret that the five members of the Montreal Canadians hockey team had not arrived at the event as advertised. The committee had announced, well in advance of the evening, by means of posters and newspaper ads, that the five guests of honor would be present. The announcement was made in good faith. The date was postponed one week in order to allow the Canadian players to attend, owing to another engagement, but it seems as if a hitch developed somewhere in the change of plans.

GENERAL NOTES

Mr. and Mrs. David Tait, from New Zealand, were guests of Mr. and Mrs. R. A. Rosenberg. Mr. and Mrs. L. Bennett and family were weekend guests of Mr. and Mrs. W. Grey.

Mrs. W. B. Holmes, of Way's Mills, visited the Dixville Home for Retarded Children, and as a representative of the Way's W.A. presented two quilts to the directors of the Home.

The combined congregations of the Baptist Churches of Coaticook, Dixville, Barnston and Moe's River met on Sunday at the latter church and observed the 60th anniversary of that house of worship. Upwards of 150 attended the service, which was conducted by Rev. Mr. Jenkins. Many former members of the Moe's River Church and friends from other congregations and churches were present. Another combined service is being planned, to be held in the Coaticook Baptist Church in October, and an induction service for Rev. E. Jenkins.

Mr. Stanley Beerworth conducted the Sunday morning service at Massawippi Union Church.

Mr. Robert Beerworth is a guest of his uncle and aunt, Mr. and Mrs. Nelson Turnbull, at Montreal, for a few days.

Dr. and Mrs. Donald Thompson and Miss Barbara Cougle, of Ottawa, were guests of Rev. and Mrs. E. Jenkins.

Members of the Baptist Church choir and the organist, Miss J. Donaldson, were in Moe's River and assisted in the Sunday service of worship.

Members of the Sisco Memorial United Church choir and Miss Madeleine Brunet, organist, were in Coaticook and assisted in the annual service of the United Church, conducted by Rev. A. MacLeod, of Waterville. The choir sang, Seek Ye First The Kingdom. Several from here attended the service and enjoyed the thought-provoking address by Mr. MacLeod.

Miss Louise Roberge and Miss Martha Roberge, of Levis, are guests of Dr. and Mrs. G. Lajoie.

SWEETSBURG —

Mr. George McCutcheon and daughter, Mrs. Robert Haines, of Montreal, and Miss Roberta McCutcheon, of West Brom, were guests of Mrs. May McCutcheon.

MANSONVILLE —

Newspaper Advertising Managers Hold Convention

Convinced there is a constant expanding future ahead of newspaper advertising, the Newspaper Advertising Managers' Association (Eastern Canada), will hold their annual convention at the Mount Royal Hotel, Montreal, Sept. 16-18, to discuss the future of advertising.

A considerable amount of lively interest has already been expressed by many of the 80 "ad" officials who will attend the convention, which will be highlighted by addresses by many top officials in the advertising and promotional fields. Round table discussions are also a vital part of the agenda.

OPENING SESSION
The opening Wednesday morning session will have delegates

attending the first round of informative talks. The president's address will outline plans for the convention, and he will be followed by Ian H. Macdonald, General Manager of the Canadian Daily Newspapers Association.

"Working through Daily Newspapers" will be the subject of an address by Ben Dohninsky, director of Advertising of Steinberg's Limited. In the afternoon, N. Gregor Guthrie, promotion manager, Ottawa Citizen, will speak on "The Need for Promotion of Canada's Daily Newspapers." Also on the afternoon program are Eric M. Wilson, advertising director of the Montreal Star; St. Clair Balfour, executive vice-president Southam Co. Limited; Ralph E. Hierlihy, General Manager of Henry Morgan and Co. Ltd., Hamilton; and L. B. Leith, Advertising Manager of The Evening Reporter, Galt. Mr. Leith will speak on "Do Specials Really Aid Lineage?"

There will be an N.A.M.A. of E.C. business meeting on Thursday morning, followed by E. R. Fisher, Advertising Manager, Pepsi-Cola and T. R. Haughland, Kenyon and Eckhardt Limited, speaking on the "Pepsi-Cola Story."

"Humor with a Point" will be the subject of an address by J. E. McDougall, vice-president Cockfield, Brown and Co. Ltd., at the noon luncheon. The editor of Marketing, E. Earl will speak on "Symbolism in Advertising" during the afternoon, and other speakers will be J. E. H. Lovick, president, James Lovick and Co. Ltd.; D. L. Reif, Advertising Manager, Hamilton Spectator, speaking on color advertising problems.

Round table sessions will high-

ager, The Kitchener-Waterloo Record.

TO PRESENT AWARDS
Also on Friday morning will be the presentations of awards for exhibits, which will be displayed and judged during the convention. The program will conclude at 11:30 a.m. with the wind-up address by the president of the Association.

Also during the convention will be receptions, tendered by a brewery firm, and one held for advertising agencies by the N.A.M.A. (E.C.).

The convention is designed to benefit the Canadian advertising and sales force representatives, with a view to improving newspaper advertising for the merchandiser, and making it more informative for the consumer public.

Sentence On Gun Carrier Is Suspended

An American Air Force man based at Winooski, Vt., was granted a suspended sentence yesterday in Magistrate's Court by Judge Redmond Hayes after he pleaded guilty to the illegal possession of a firearm.

The incident occurred Monday in a Sherbrooke night spot when Ronald Lee drew out a gun after having an argument with several Sherbrooke residents.

"A crazy little thing like you did can put 'en Je' the reputation of the American Air Force," said the judge.

"We will show you that we are human in this country and give you a chance," added the Magistrate.

"We do not want to give you too many difficulties," added Judge Hayes.

Although Lee was released on a suspended sentence, his firearm was confiscated.

Veteran Reporter Dies At 69
MONTREAL (CP) — Abel Vineberg, retired political reporter and close friend of the late Premier Duplessis, died Tuesday. He was 69.

Mr. Vineberg retired in 1953 after 38 years with the Montreal Gazette, mainly as the newspaper's correspondent in the Quebec legislature.

Members of Mr. Vineberg's family said the death of the premier in Schefferville, Que., Monday came as a severe blow to the retired newspaper man. Mr. Duplessis was also 69.

After his retirement Mr. Vineberg sometimes visited Quebec City to call on the premier and chat of old times.

Two stepsons and four sisters survive. His wife died 10 years ago.

Funeral services will be Thursday and burial in the Shaar Hashomayim Cemetery, here.

Fund-raising Dinner Tonight

This evening some 75 men will attend a fund-raising dinner for the wartime Sherbrooke Fusiliers Regiment's Sept. 19 reunion.

Extensive preparations are being made for the pageantry, which will be held on the Sherbrooke Parade Grounds at which the Sherbrooke Fusiliers Regiment Association will receive official honors. Both the Sherbrooke Regiment, RCAC and Les Fusiliers de Sherbrooke, RCMC, the two militia units that amalgamated to form the wartime regiment, will participate in the ceremonies being held on the weekend of Sept. 19.

China Offers To Negotiate With Indians

TOKYO (AP) — Red China today offered to settle her border disputes with India "through friendly negotiations conducted in a well-prepared way, step by step."

The offer was made by Premier Chou En-lai in a long letter to Prime Minister Nehru broadcast by Peking Radio.

Although moderate in tone, the letter accused India of applying "all sorts of pressures on the Chinese government not even scrupling to use force," to get her own way on the border question.

DERBY LINE —

The home of Mr. and Mrs. Kenneth Rice was the scene of a pleasant occasion recently when their daughter, Wendy, was hostess to 10 guests, honoring Miss Mary Miller, of Derby Line, on her 16th birthday anniversary. The evening people had an enjoyable dancing, playing games with prizes awarded to the winners, and visiting. Refreshments included a gaily decorated birthday cake.

Card of Thanks

FRERICHS — I wish to thank all the friends who so kindly remembered me on the occasion of my 93rd birthday; thank you to all who sent cards, gifts, flowers or did any thing to make the day happier. Especially do I thank those who came to see us. My husband and I are always happy to see our friends.

MRS. GEORGE FRERICHS,
Wales Home, Richmond, Que.

FROST — We wish to extend our sincere thanks to all our friends and relatives who so kindly remembered us with lovely gifts, telegrams, cards etc., on the occasion of our 25th wedding anniversary. A special thanks to Mrs. Ernest Frost and all who helped in any way. Your kindness will always be remembered.

GEORGE & MYRTLE FROST,
Danville, Que.

JACKSON — Being unable to answer personally the many letters, cards, and messages of cheer received while a recent patient in the Sherbrooke Hospital, I would like to take this opportunity to thank each and everyone who wrote to me; also all those who sent gifts and flowers or visited me. Especially do I thank Dr. Wells, Dr. McDougall, the Interns, nurses and aides on 2nd floor, the clergy, and everyone who in any way contributed to make my stay in hospital more pleasant.

MRS. FRED JACKSON,
Box 523 Lennoxville, Que.

JURY — My wife and I most sincerely express our thanks for the wonderful party extended to us at Austin Town Hall on August 29, 1959, on the occasion of my retirement as Sec. Treas. of East Bolton School Board. Mrs. Jury for the nice birthday cake and flowers; all those who came from a distance, all those who did so much to organize the party; to the A. & M. and to the delicious lunch; for gifts presented by Rev. John Stark also to Mrs. J. P. Taylor who presided at the piano; to all those who contributed to the purse of money presented on behalf of the gathering and others by Mr. Glen Brown, M.P.P. for Brom.

MR. & MRS. WILLIAM E. JURY,
Austin, Que.

MOORE — We wish to extend our sincere thanks and appreciation to all those who helped in any way during the death and burial of our dear father and grandfather, James D. Moore.

To those who sent food, flowers and message of sympathy; the bearers, choir, organist; to those who assisted digging the grave, and special thanks to Rev. Lyall Simpson, for his comforting words, and to others who helped in any other way.

This was gratefully appreciated.

MR. & MRS. CHARLES MOORE,
& FAMILY, Kinross's Mills;
MR. & MRS. BASIL PRESCOTT
& FAMILY, Belvoir, Que.;
MR. & MRS. MATTHEW PATTON
& FAMILY, Montreal, Que.

In Memoriam
RAY — In loving memory of a dear husband, Eli, who passed away September 9, 1959.

I miss you more than anyone knows.
As each year passes the emptiness grows.
The tears in my eyes will wipe away.
But the ache in my heart will always stay.
Always remembered by his loving wife,
GERTRUDE.

TAYLOR — In loving memory of my husband, Simon Taylor, who passed away on September 9th, 1959. Always a silent heartache, many a silent tear.
But always a beautiful memory of one I loved so dear.
God gave me strength to bear it
And courage to face the blow
But what it meant to lose you
No one who ever knew
KIE WIFE, ANNIE,
Sawyerville, Que.

MANSONVILLE —

Miss S. Haseltine Feted At Shower At Moe's River

MOE'S RIVER — About 70 friends and relatives gathered on the lawn of Mr. and Mrs. S. Lundeborg, when Mrs. Lundeborg, Mrs. Adelbert Luce and Mrs. E. Naylor were hostesses at a miscellaneous shower in honor of Miss Shirley Haseltine, a September bride-elect.

Mrs. E. Naylor pinned a corsage on the guest of honor who was escorted by Mrs. A. Luce to a decorated chair under colored balloons filled with confetti. The gifts were placed in a wishing well trimmed in yellow and blue, and the presentation was made by Miss Lise Vaillancourt followed by an original poem read by Mrs. Harold McClary, and written for the occasion.

Miss Haseltine was assisted in

opening her gifts by her mother, Mrs. Gerald Haseltine and the groom-to-be's sister, Miss B. Patton.

After the gifts had been passed around and admired by the guests, Miss Haseltine expressed thanks.

Refreshments included a shower cake made and decorated by Mrs. E. Naylor and were served by the hostesses, assisted by Mrs. Lottie Lundeborg and the Misses Cecile and Lise Vaillancourt.

GENERAL NOTES

Miss Lise Vaillancourt has returned to the Sherbrooke Hospital after holidays with Mr. and Mrs. Stewart Lundeborg.

Mr. and Mrs. Clayton Muncester and two daughters, of Bedford, were guests of Mr. and Mrs. Gerald Haseltine, Mrs. Muncester and daughters attending the shower for Miss Shirley Haseltine.

Mr. Gerald Haseltine and Mr. Clayton Muncester, of Bedford, were in Sherbrooke to attend the funeral of Mr. N. Dean.

L. Perry Shoots 70 To Win Shield

TROPHY WINNERS — At the left Garth Dean, vice-president presents the Albany Felt Trophy to the Junior low gross winner, R. Lemaire; on the extreme right, Arthur Knight, pro-mayor of Cowansville, presents the Henri Demers shield to Larry Perry, low gross winner of the field with a two over par 70.

COWANSVILLE — The Golf Club Field Day held on Saturday, August 29, had a record field of 136 golfers entered in classes A, B, C, and Juniors. The event was played under ideal weather and the course was in excellent condition owing to the efforts of Bill Lickford and his men.

Larry Perry playing on his home course won low gross honors, shooting a two over par 70. He was followed by Gerard Bernier from East Angus and C. Smith from Lennoxville; both players shot 74. By matching cards Bernier won low gross in class A and Smith won 2nd gross. Bernier and Perry playing together had a very tight match. They were tied at the end of the 12th hole but Bernier missed his shot to the 13th, 14th and 15th greens to go three strokes behind Perry who shot pars.

Jacques Rousseau of Lennoxville won low net in class A with a 69 followed by R. Brown, Cowansville, also with a 69 net.

Low net of the field was won by Bernard Enright, Granby-St. Paul with a 69-30, 59 net.

Class B winners were R. Rogerson, Cowansville, low gross 79 and Dr. J. Page Cowansville, low net 80-20, 60 net.

Rev. M. Brett, Cowansville, won low gross in class C with an 84 and low net was won by Ray Enright of Granby-St. Paul with a net of 63. He was tied with R. Briere and A. Turcotte but won by matching cards.

Honors in the Junior division

went to R. Lemaire, of Cowansville, who tied with Y. Gendreau, East Angus, both shooting 77. Lemaire won 3-1 by matching cards. Net was won by Marcel Dion with a 67 followed by Ken Barber 68.

A large number of prizes were presented, 34 in all totalling \$580. This was made possible by the generous support of the local businesses, who donated awards.

HUNTINGVILLE —

Mr. Donald Matheson is a patient in the Sherbrooke Hospital. O.E.S. James Hunting, Royal Canadian Navy, has returned to the Naval Base at Halifax, after a months' leave with his parents, Mr. and Mrs. Harold Hunting. Before his departure from Halifax, and during the stay of Queen Elizabeth and Prince Philip, during their Canadian tour, he was in the guard-of-honor and was presented to the Queen. Also he passed all tests and examinations pertaining to his duties as a submarine signal operator.

Miss Jean Bowers, has returned to her home, after having spent the summer at Lake Louise, Alberta.

Miss Sheila Crichtley and Miss Gail Tucker, are spending a week at Frontier Lodge, Lake Wallace.

Mr. and Mrs. Daryl Lowry, Ross, Cheryl, Lawrence and Phyllis, were guests of Mr. and Mrs. Ernest Dewing before returning to their home in New Jersey.

Parade Marks Playground Close At Bedford

BEDFORD — A large and appreciative crowd lined the route, along which a parade was held to mark the closing of the playground. The hearty applause testified to the approval of the many and varied costumes, worn by the more than 200 children who took part in the parade. The costumes showed much ingenuity and thought and covered a wide range of subjects and periods, from the first Canadian, the Indian, to the spacemen of the future. The royal couple of the play grounds, attired in magnificent robes of state, were Suzanne Bechard as the princess, and Claude Gagne as the prince. The mayoreess and mayor were Luce Gosselin and Marc Dusseau. In addition to those in costume many of the children were on gaily decorated bicycles, tricycles and smaller children riding in their wagons drawn by elder children and decorated in keeping with the spirit of the parade.

The arrangements for the parade were in the hands of Robert Sturgeon. A petite drum majorette, in the person of little six-year-old Nancy Grey led the

procession. Rev. Father Courmoyer, rode in the first car, accompanied by Edmond Dulude, representing Mayor J.O. Levesque; in the second car was the chairman of the Catholic School Board, Notary Yves Fortin, the secretary-treasurer of the municipality, Emiel Demers, the president of the Sports Center, Stanley McNamara, with the organization's vice-president, Philip Fournier, and Leonel Cusson, a director.

Lucien Roy was at the microphone and made the announcements as the car proceeded along the streets.

An interesting program was given during the six weeks the playground was open. The boys

attended in the mornings, when sports were held, and on each Thursday morning movies were shown, and in the afternoons the boys went to the swimming pool of Mr. Methe, on the Mystic Road. The head monitor for the boys was, Pierre-Paul Ravenelle. The girls attended in the afternoon with Ghislaine and Carmen Campbell as monitors. The playgrounds were under the supervision of Rev. Father Belisle, who deserved much praise and credit for his splendid work.

At the conclusion of the parade, which terminated at St. Damien's College, each child was presented with a gift, and in addition ice-cream and candy were served.

Campus Choices For College Girls

New Styles Vie With Old Stand-Bys

By GALE DUGAS

NEW YORK (NEA)—When a college gal goes shopping this fall for clothes to take back to school with her, her list will include both the new fashion themes and the beloved classics.

In addition to her sweaters and skirts, her shirts and Bermuda shorts, she should look for men's wear fabrics in her favorite separates by way of something new. Neutral combinations, such as gray and camel, and unusual greens and browns look as new as the houndstooth cheeks shown in college shops.

Plaids are bigger, better and more brilliant than ever. Ponchos are shown for after class wear in both plaids and solids.

There are lots of reversible coats, jackets, and stoles. Jumpers have been designed to be worn either with or without a blouse. The velveteen jumpers are for date wear and usually offer scoop necks and full skirts.

There are plenty of pleated skirts this fall and the dyed-to-match look in sweaters and skirts still reigns.

We show here two obvious campus choices for any college-

bound gal. Classic pullover is worn (left) with skirt in tapestry plaid by Century. Skirt is wool, its fullness achieved by un-

pressed pleats.

For shopping, movies or any off-campus, daytime occasion, a suit like this one (right) is a

must. This is in Cone corduroy, has self-belted Norfolk jacket, Eton collar and narrow skirt buttoned down the front.

Restaurant Decor Designed To Give Women Feel Of Luxury

By DOROTHY ROE

NEW YORK (AP)—When a woman takes a holiday from her own kitchen to eat out, she wants the works in luxury and service, says William Pahlmann, a man who has made a thorough study of feminine psychology in his work as an interior designer.

"A woman who has to cook

three meals a day at home and then wash the dishes wants the greatest possible contrast when she goes out to dine," says Pahlmann. "She wants exotic food perfectly served in an atmosphere of elegance. What's more, she deserves it. Few women have domestic servants any more, so they make up for it by seeking out the ultimate in service when they go out."

That's why Pahlmann has concentrated on creating a lush, rich and luxurious atmosphere in two of Manhattan's newest and most expensive restaurants—The Forum, with the decor of the 12 Caesars, and The Four Seasons, latest and most lavish addition to the cafe circuit.

The latter, recently opened, features a marble swimming pool with bubbling chateaux colored water in the middle of the main dining room. Diners don't swim in it, but they may reserve pool-side tables and imagine they are luxuriating at some gilded salon on the French Riviera as they nibble on truffles and pate de foie gras while attentive waiters hover near.

The decor, menus and waiters' uniforms are changed four times a year, with the change of the seasons. In summer the room riots with red geraniums. In fall

there will be chrysanthemums, in winter poinsettias and holly, in spring tulips and daffodils. Pahlmann at present is brooding on how to change the 20-foot tubbed trees around the pool in order to have flaming maples in fall, evergreens in winter and blossoming dogwood in spring.

The over-all effect of the dining rooms is bronze, in keeping with the bronze Park Avenue skyscraper in which the restaurant is located. The two-storey windows are not curtained with anything so ordinary as fabric. Instead, millions of tiny multi-colored gold anodized aluminum chain are used, giving an iridescent, gauzy effect.

Before she decides that she can't live without a young man, a girl ought to figure out if it is going to be easy to live with him. He won't be easy to live with it—He's so jealous that he resents the time she spends with other girls, checks on her constantly, and goes into a sulk if she seems even faintly interested in anyone else.

He is inconsiderate, often being late for dates or calling one off at the last minute, or refusing to take her to a dance because he doesn't like to dance.

He rates her parents low, telling her they are too strict and that she is silly to let them tell her where she can go, what time she should be in, and so on.

He lacks ambition and is content to drift along, hoping for a "lucky break" some day.

Beauty Tips

When you're shopping and you find yourself drawn to a specific color, be certain that it flatters your skin tone. An easy test is to drape the material over your shoulder so it is close to the skin. Get as much light on it as possible before you buy a dress, sweater or skirt.

Social And Personal Notes

Mr. and Mrs. Raymond Winstanley and children, Gordon, Donna and Susan, left Monday for their home in Buffalo, N.Y., after visiting Mrs. Winstanley's parents, Mr. and Mrs. H. P. Hamel, Belvedere St. North, for the past week. Mrs. Caroline Winstanley was a dinner guest at the same home.

Among those who entertained for the Winstanley children during their stay here were Mr. Bruce Neil at the home of his grandparents, Mr. and Mrs. H. P. Hamel, Mr. Reggie Norton, Montreal St., Miss Joan Getty, Montreal St., and Mr. Tony Hough, Belvedere St. North.

Following the enjoyable evenings of dancing and games, lunch was served by the mothers of the hosts and hostesses.

Miss Nancy Klinek, Church St., Lennoxville, left recently from Montreal aboard the Saxonia with seventy-five other Canadian students to study at Neuchâtel College, Switzerland.

Mr. and Mrs. W. W. Chamberlain, of Worcester, Mass., spent some time recently with the former's sister, Mrs. R. W. S. Nutbrown in Lennoxville, and sister-in-law, Mrs. G. A. Chamberlain of Richmond. Other guests at the home of Mrs. Nutbrown have been Mr. and Mrs. Malcolm Chatin of Detroit, Mich., Mrs. Perley Standish of Way's Mills, Mrs. G. A. Chamberlain and Mr. and Mrs. Donald Chamberlain and Colleen of Richmond, Que.

Members of the Women's Canadian Club of the Eastern Townships will receive at the Social Club on Thursday afternoon from 3 to 5:30 p.m.

Guests will be received by the president, Mrs. G. B. Loomis and the vice presidents, Mrs. John York and Mrs. Don Watson.

Pourers will be Mrs. Maurice Allard, Mrs. Armand Nadeau, Mrs. Newman Hunter and Mrs. F. S. Rugg.

Friends of Mr. Lorne Buckman will be sorry to learn that he underwent surgery at the Sherbrooke Hospital.

Mrs. G. Langlands, accompanied by her daughter, Mrs. Alex Thomson, Mr. Thomson and son Bruce, of Montreal, were holiday weekend guests of Mrs. Langland's sister, Mrs. D. A. Turnbull, London St.

Mrs. Gordon McCourt entertained at her home on Quebec St., in honor of Miss Lorna Ross of Montreal, who is entering the Royal Victoria Hospital School of Nursing to become a student nurse.

During the enjoyable evening the guest of honor was presented with a suitable gift and the best wishes in her new career from those present. Later refreshments were served by Mrs. McCourt.

Miss Lorna Ross of Montreal, who has been a guest of her parents, Mr. and Mrs. L. E. Ross, Quebec St., left Monday to start her training at the Royal Victoria Hospital School of Nursing, Montreal.

Master Rockland Sayers visited his grandparents, Mr. and Mrs. A. Stronach, Queen St., Lennoxville, while his parents, Mr. and Mrs. Charles Sayers, Papineau St., Sherbrooke, spent the holiday weekend in Montpelier and St. Johnsbury, Vt.

Miss Virginia Wilson of Venice, Fla., spent a few days at the home of Mrs. David Labonte, Winder St., Lennoxville.

The Venerable W. F. Payton, Archdeacon of Prince Albert, Sask., was the guest of Rev. and Mrs. Ronald Reeve over the weekend while here to preach at the Church of the Advent Sunday.

Mr. Byron Labonte of Lennoxville, left recently to take up his duties at Sunnyside School, Rock Island.

Rainy Days Biggest Headache For Mother Of Five In Trailer

OTTAWA (CP)—For five months of the year, home is a station wagon and a trailer for a show-business couple and their five children.

Mrs. Stuart McClellan finds rainy days the biggest headache of their nomadic existence.

With her husband, manager of a show playing at exhibitions across the country, and the family, Mrs. McClellan lives in a 29-foot trailer on the road and in a large ranch-style house at the permanent address in Fort Lauderdale, Fla.

She told a reporter she would be glad to get back to the Florida house "and get lost in it."

But in other ways, the 35-year-old mother supports the travelling idea. The children enjoy it, and get a geography lesson at the same time.

As the family is travelling from late May until late September, the school-age children—two of them—often pack school work. Even with travelling school work, Luanne, 11, and Leah, 9,

have kept up well with their class, said their mother.

The other youngsters are Lance, 6, Luke, 4, and two-year-old Laura—names starting with the letter L were given by chance to the first three.

"But then we thought we'd better follow through on the others," Mrs. McClellan said.

SAW QUEEN AND PRINCE The family has stopped in seven Canadian centres this summer and the children got a chance to see the Queen and Prince Philip during the Royal Tour.

At an "ex", the youngsters are allowed to look at the midway once, ride the show's pony and play with other animals. Their parents aren't keen on them getting into show business.

"The hardest thing is to keep the children amused on a rainy day," said the attractive blonde mother. "They haven't their bikes or many toys with them. We were lucky to get all the clothes in."

Fuller Wins Second Straight Junior League Championship

Five Teams Still Have Sights Fixed On 1959 World Series Championship

NEW YORK (AP)—Five teams still can be considered candidates for major league pennants this year—three in the National League and two in the American.

One of them Milwaukee Braves—won a pennant last year. So what happened to make contenders of the other four?

The answer might be, in part, new blood. Not that the clubs in question were victims of what the ads call tired blood. Most of the players on the respective squads now were with the same teams last year, and were capable performers.

But they needed just a slight transfusion, and if the transfer wasn't entirely responsible for their improved play this year, at least it has had something to do with it.

GREAT REVERSAL

Los Angeles Dodgers finished a dismal seventh last year with a .461 average. Currently they are tied for second at .549, three games off the pace.

During the winter the Dodgers acquired outfielder Wally Moon from the Cardinals. Right now Moon is batting a respectable .299.

The pitching staff, it was discovered after the season started, needed bolstering, so Larry Sherry was brought up in July, Roger Craig in June, and Clarence Churn in August. Sherry has a 4-2 record in both starting and relieving roles. Craig has won seven, and Churn has done some nice relief work.

San Francisco Giants gave it a good try last year, finishing third behind the champion Braves and Pittsburgh with a .519 average. Currently they are on top in the National League with a lead of three games and a .562 average.

PROFITABLE DEALS

They made some profitable deals last winter. They acquired pitchers Sam Jones and Jack Sanford from St. Louis and Philadelphia, respectively. Jones has a 19-12 record and Sanford has won an even dozen.

They also got a capable catcher in Hobey Lindrith from the Cards, and just recently came up with a first baseman who has been a sensation in the 35 games he has played.

He is Willie McCovey, from the Phoenix farm. He's hit in his last 20 games, has 11 home runs, has driven in 28 runs and has a nice, fat .306 average.

Chicago White Sox, who finished second to New York Yankees in the American League last year with a .620 mark, made a bid for more power in August when they acquired large Ted Kluszewski from Pittsburgh. Klu, in 14 games, is hitting .364, with 16 hits, including two home runs.

The White Sox also acquired Jim McAnany from Indianapolis

in June. McAnany is averaging .281 at the plate.

LONE THREAT

Cleveland finished fourth in 1958 with a .503 mark. Now the Indians are playing .588 ball and are the only threat to the White Sox. The reason for the improvement might be Tito Francona, outfielder and first baseman acquired from Detroit Tigers during the winter. He started playing regularly June 1, and in 106 games has a sizzling .391 average.

The Indians in mid-June acquired infielder Jim Baxes from the Dodger farm system. In 74 games he's hit 15 home runs.

Getting belated aid from a mound staff weakened by Herb Score's ineffectiveness—Score hasn't won a game since July 3—Cleveland got southpaw Jack Harshman in a deal with Boston Red Sox last month.

Before he joined the Indians, Harshman's record was 2-9. Since he joined them it is 3-4.

Fred Sangster Cops Little Lake Snipe Crown

Fred Sangster and his son Jim staged a dramatic comeback Saturday afternoon in the Little Lake Nautical Club races to win the Sherbrooke Laundry Trophy and Snipe crown.

He edged Peter Cross by slightly under 18 points in the standings.

Sangster went into the last two races with a slight one and one third point advantage.

Cross copied the first race of the afternoon to move into a lead for the prize. The second race saw Cross fade out of the picture early in the race. Sangster kept a steady second.

Cross righted himself in the homestretch and made an outstanding bid to catch Sangster. Frank Stott breezed across the line in front of both Sangster and Cross who finished behind him in that order.

Clair, Pool Seek Miracle Tonic • Baseball • To Put Clubs In Big Four Race

Coaches of the lagging Ottawa Rough Riders and Toronto Argonauts were working overtime today to find out what is wrong with their Big Four Football Union teams.

Ottawa has lost all of its four games so far this season and Toronto has won only one—and that by one point over Ottawa.

Rider coach Frank Clair said Tuesday: "Something is wrong somewhere but I don't know what it is. Some changes might help, but there's no point in making wholesale changes just for the sake of making them."

"We're doing all we can to straighten ourselves out," Clair said.

He said his biggest disappointment was the drab performance of veteran quarterback Frank Tripucka. "Tripucka is more disappointed in himself than anyone on the team."

ARGOS HAVE TROUBLES TOO

Managing director Lew Hayman of the Argonauts said Tuesday he has no immediate plans for any shakeup in the coaching staff.

Coach Hamp Pool, who has failed to get Argos into Big Four playoffs since he took over two years ago, has been under fire for more than a week from Toronto fans and football writers who fear Argos are heading for another disastrous season.

Pool, for his part, said he is considering replacing quarterback Ronnie Knox with rookie import Johnny Green from the University of Chattanooga. He said he couldn't afford to waste any of his seven import changes by dressing two import quarterbacks.

Both Clair and Pool admitted they are looking for players cut from National Football League clubs in the United States.

Clair has already made a few changes. He has cut import end Mack Yoho, placement and convert kicker from Miami of Ohio, and brought in end Al Romine, a castoff from the NFL Green Bay Packers who was with Argos in 1956. He is also going to try out Dick Emerich, defensive tackle and end cut by Chicago Bears of the NFL.

PLAN SCOUTING TRIP

Pool said defensive coach Steve Owen of Argos will leave for the U.S. this week to seek player reinforcements. He wants interior linemen to give better pass protection and stronger blocking on running plays.

"Our chief trouble is that we haven't been able to put pressure on the passers," he said. "Our own pass protection has broken down and our ground attack hasn't worked because of the lack of blocking."

Hamilton-Tiger-Cats are the only team in the league without an obvious worry. The defending champions have won all their four games and are free of serious injury.

Montreal Alouettes have only two problems—Hal Patterson and Ivan Livingstone, both sitting out injuries.

Harness Racing Fated In P.E.I.

CHARLOTTE TOWN (CP)—The fate of harness racing in this capital city for the rest of the season was still in the balance Tuesday following a fire which destroyed the grandstand and some pari-mutuel equipment at the exhibition grounds.

Officials announced the razed 1,500-seat grandstand would not be rebuilt. It would cost about \$100,000 to replace it. Not all the pari-mutuel equipment was lost in the fire which raged through the grandstand Monday night a few hours after a harness racing card.

No decision has been made on whether racing will continue here for the remainder of the season or at Summerside, about 60 miles from here.

The fire of undetermined origin started in the pari-mutuel room where the money is counted. There has been no estimate of damage.

Gale Kerwin In TV Bout Tonight

COLUMBUS, Ohio (AP)—Lightweight champion Joe Brown meets Canadian welterweight King Gale Kerwin in a nationally televised, 10-round bout here tonight. The non-title affair headlines a combined boxing and wrestling charity show in the Fairgrounds Coliseum.

The fight can be seen over the ABC network, beginning at 10 p.m. EDT.

Brown, making his 101st ring appearance, figures to win handily, looking ahead to his title go this fall against Britain's Dave Charnley in either London or Houston, Tex. His plans also include a title defence against featherweight King Davey Moore. Brown has a record of 73 wins, 16 losses and 9 draws. Two bouts were ruled no contest.

Kerwin, returning to the ring after a year's absence, has the most to gain in the bout. He hopes to duplicate the feat of Johnny Busso, who scored a surprise victory over Brown in an overweight match last November. Kerwin has a record of 28 victories, two losses and a draw. If he does win, he wants a title shot against Brown at a later date.

Jack Dempsey, former heavyweight champion, will referee the bout and three judges will score each round under the 10-point must system.

Five Major Teams Given OK Sale Of Series Tickets

NEW YORK (AP)—Ford C. Frick, commissioner of baseball, Tuesday told officials of San Francisco, Los Angeles and Milwaukee of the National League and Chicago and Cleveland of the American circuit they could start printing world series tickets. The tickets are printed at the expense of the commissioner's office.

At present, San Francisco is atop the National League ladder with Milwaukee and Los Angeles tied for second, three games behind.

Chicago is setting the American League pace, 4½ games ahead of the Cleveland Indians. The series will open in American League park on Sept. 30.

Audet Paces Club To 5-0 Rout Of Kist To Take Final Series 3-1

Fuller won the 1959 Junior Baseball League Championship in Sherbrooke last night crushing Kist 5-0 in the fourth game of a best of five final series.

The club won the league championship two weeks ago when they finished well ahead of the second place Coaticook Canadians.

Fuller retained their championship for the second consecutive year whipping through the final series with 7-0, 1-0 and 5-0 victories. They lost the second game to Kist 6-5.

Maurice Audet gave up only one hit to the Kist club. His delivery was near perfection and the opposition were not getting to him. Audet won the first game of the series and started the second.

Richard Doyon and Laurier Gauthier spirited the offense. Doyon clubbed out a 330 foot home run in the third with none on to register the fourth run. Gauthier had two big hits driving in two runs.

Wayne Nugent showed sparkling form at shortstop. He handled everything coming his way with polish.

Kist were beaten by a better ball club. The losers handled themselves well in the field pulling off crowd pleasing plays in every inning.

However it was a different story at the plate. Audet had them baffled from the word 'go' and Perreault was the only Kist batter to get through to the lanky hurler in the seven innings.

Fuller broke the game wide open in the first inning piling three runs across the plate. A single two bases on balls and an error saw three big markers go up against the underdogs.

Fuller worked a neat squeeze play in the second to move in front 4-0 and Richard Doyon rounded out the scoring for the night in the third with a resounding home run.

Kist settled down after this and played outstanding ball. They were definitely the best opposition the league had to offer to the champions.

Tanguay allowed only one hit in these last four innings which were highlighted by brilliant fielding.

Al Caplan presented the trophy to the league champions in ceremonies which followed the game.

Drooping Dodgers Depending On Don Drysdale To Snag Pennant

Don Drysdale, the National League's No. 1 pitcher little more than a month ago, now is the No. 1 guy of the spot as the pennant race turns into the final three weeks.

The big right-hander, whose sidearm stuff suffed Los Angeles into contention, hasn't won in a month. Unless he comes back, the Dodgers are dead.

Since his last victory—a five-hit, 4-2 job on Milwaukee—Braves that gave him seven in a row and pushed the Dodgers within half a game of first place Aug. 8—Drysdale has lost six straight and the Dodgers have skidded into a tie for second with Milwaukee, three games behind San Francisco Giants.

Now 15-12, Drysdale gets another crack at ending the slump tonight when the Dodgers open their final, two-game series with last place Philadelphia Phillies at Los Angeles. Like the Giants and Braves, the Dodgers have 17 games remaining as they get back to business tonight after a day's rest.

The Giants, with their three-game lead packed away in the lost column, open a two-game series with Pittsburgh Pirates at San Francisco while the Braves meet St. Louis Cardinals at Milwaukee.

Drysdale is 2-0 against the Phillies, who have dropped 10 in a row at Los Angeles, nine this season.

Jim Owens (11-11), a right-hander who is 1-3 against the Dodgers, is the Phil's choice.

The Giants send right-hander Jack Sanford (12-12), who has lost three in a row, against the Pirates and lefty Harvey Haddix (11-10). Sanford is 2-0 against the Bucs who have lost six of nine at San Francisco and stand 9-11 against the Giants overall. Haddix is 0-2 against the Giants.

Warren Spahn (18-13) shoots for his third straight victory for the Braves who are 11-9 against the Cardinals. Ernie Broglio (6-11), 0-1 against the Braves, faces Spahn, who has a 53-31 lifetime record over the Cards, but is 2-2 this season. St. Louis has won only two of nine games at Milwaukee.

E. T. Gridder With Stamps

CALGARY. (CP)—Calgary Stampers of the Western Inter-provincial Football Union are negotiating with halfback Bob Sawyer, a United States football player whose father was born in Canada.

The club expects this will allow Sawyer to qualify for Canadian citizenship. He is expected to arrive here from the National Football League New York Giants who made him their seventh draft choice.

Sawyer, whose father was born in Sawyerville, Que., played for the University of Wyoming.

NY Rangers Open Training Session

NIAGARA FALLS, Ont. (CP) Led by a dozen early arrivals who held a brief skating and shooting practice Tuesday, some 60 members of the combined New York Rangers and Springfield Indians are expected to hit the ice at the Stamford Arena this morning for the official opening of the Rangers' National Hockey League training camp.

Players were checking into the hotel briskly by the time manager Muzz Patrick, coach Phil Watson and secretary Pat Doyle arrived to open up shop Tuesday. Watson announced that full-scale shifts would get under way today for the Rangers, who have an exhibition game with Toronto Maple Leafs in Peterborough Tuesday.

Ken Lehman, who had a 15-5 log for the season, is Buffalo manager Kerby Farrell's pitching choice. He was 2-2 against the Virginians.

Zack Monroe (10-11) will pitch for Richmond. He had a 2-2 record against Buffalo in five games, allowing 15 runs and 25 hits. Lehman gave up 12 runs and 15 hits.

Columbus, at home for its first three games with the Cubans before the series winds up at Havana, has Joe Gibbon (16-9) to oppose Ted Wiewand (16-11). Gibbon was 3-1 in four appearances against Havana while Wiewand had a 2-2 mark in seven games against the Jets.

The Bisons and Virginians play the first two games in Buffalo, shift to Richmond for three and wind things up in Buffalo if necessary.

Chicago White Sox Strike Off On Final Leg Of Pennant Chase

Laughing Early Wynn And Company Confident Of Claiming AL Flag

Chicago's White Sox set off on their last long road trip today, packing a five-game lead with 16 to play. And that chuckle in the background is from Early Wynn—the guy who was too old to be much help in the American League pennant race.

It was spring when most of the guys who pick the pennant winners made that mistake. Casey Stengel and his New York Yankees were going to win again in the American League. The White Sox, with the 39-year-old Wynn drawing spot assignments at most, might finish second, but more likely would come in third, behind Detroit or Cleveland.

Now it's September and Wynn, at 39 years, eight months and three days, has won 19, top in the league, and has beaten every club in the league for the first time since 1958.

He did it Tuesday night, winning his third in a row with a 3-2 10-inning decision over Kansas

City. It was the only game scheduled in the majors.

YANKEES OUT

It also was the White Sox' 88th victory—eliminating all the other clubs except second-place Cleveland and officially ending the Yankees' run as league champions.

The seventh place Athletics, who now have lost 11 in a row, were the only club Wynn hadn't beaten this season. They had whipped him three times this year.

They almost got him this time, too. Shut out on three singles for eight innings, the As scored twice in the ninth for a 2-1 lead before the White Sox tied it and then put it away in the 10th.

NINTH-INNING FUSS

The A's made their fuss when Russ Snyder lined his third single with one out and went to third on Dick Williams' single. A passed ball got Snyder home and a throwing error by catcher Johnny Romano on the same play moved Williams to third. Bob Cerv brought Williams in with a sacrifice fly.

The White Sox, who had scored an unearned run in the sixth, squared it on a pinch-single by Sherm Lollar, a sacrifice and Al Smith's single. They almost gagged it then. Smith went all the way to third on Cerv's wild throw, but then was nailed at the plate by Snyder's peg when he tried to score on Bubba Phillips' foul fly to right.

Jim Rivera scored the clincher in the 10th, opening with a pop fly that second baseman Wynne Terwilliger played into a double. Then Luis Aparicio's third single beat lefty Bud Daley (15 - 12).

Sherbrooke Reg't. Clean Up In Labour Day Meet

Sherbrooke Regiment Rifle Association shooters won an unprecedented five out of seven events in the S.R.R.A.'s 12th Annual Labor Day Shoot at Sand Hill Range. 70 men came to try their skill with the .303 calibre Lee-Enfield rifle from Montreal, Hull, Quebec City, Burlington, Vt., Huntingdon, Granby, Bedford, Victoriaville and Thetford Mines.

Dick Winkat, veteran Lenoxxville marksman, won the Grand Aggregate with 102 points out of a possible 105. Winkat had to win a shoot-off with Ralph Kinghorn of Waterville to take the S.R.R.A. Cup and DCRA Silver Medal.

Prof. Roland Grandpre of L'Université de Sherbrooke won the DCRA Silver Medal for the Greenshot who had not fired in competition prior to 1959, with the fine score of 99 points.

Kinghorn won the tie shoot with WO II Dave MacDonald of the Royal Montreal Regiment for the President's Cup. Both had scored 35 points "possibles."

Another shoot-off was required after the 200 yard match to break the tie for the Carbinier's Cup. WO I Ted Wright of Stanbridge East won over Paul Kaeser of Sherbrooke.

Cfn. D. K. Harris of the Longue Pointe M.R.A. scored his first "possible" in competition for a clear victory at 500 yards. Capt. E. L. Warner, Adjutant of the Sherbrooke Regt. RCAC won a special match for the new FN 7.62 mm. Canadian Army rifle.

The J. S. Mitchell Shield was won by the S.R.R.A. No. 2 Team of Dick Winkat, Ralph Kinghorn, Merrill Bishop and Fred Glass, with a total score of 396, out of 420 points. S.R.R.A. No. 1 — 393, Mansonville — 389, Burlington, Vt. — 365.

Sam's Leg Men May See Action

MONTREAL (CP)—Two valuable pass-catchers—Hal Patterson and Ivan Livingstone—may soon be off Montreal Alouettes' injury list.

Patterson, the Big Four club's outstanding end, was on the practice field Tuesday night wearing a new brace protector on his left knee, injured two weeks ago in a game against Toronto Argonauts.

Patterson appeared in one play in the A's' last game and his improvement has been rapid, but club officials said they will not comment on his condition until the next game against Hamilton Tiger-Cats here Saturday.

Livingstone, a halfback, suffered an injured foot in the last Argo game here. He took light exercises Tuesday night.

Cellar Dwelling Rough Riders Have League Leading Scorer Bob Simpson

TORONTO (CP)—Homebrew end Bobby Simpson, a veteran of nine seasons with Ottawa Rough Riders, tops the Big Four football league scorers with 24 points although his team is stuck deep in last place with four straight defeats.

The 29-year-old pass-catching star scored his fourth touchdown Saturday as Montreal Alouettes beat the Riders 27-7 and import fullback Vervil Switzer of the Als came up with the highlight scoring performance of the season. The former Calgary Stampeder backfielder, who came to the second-place Als in a trade for Pat Abbruzzi, counted three touchdowns to move into a four-way tie for second place.

Statistics compiled by the Canadian Press show Simpson six points in front of Switzer, halfback Gerry McDougall of the undefeated, league-leading Hamilton Tiger-Cats, end Paul Dekker of the Ticats and halfback Boyd Carter of the third-place Toronto Argonauts. Switzer, McDougall, Dekker and Carter each have scored three touchdowns.

Aussie Tennis Aces Rod Laver And Roy Emerson In US Quarter Finals

US Gridders Head WIFU Scorers

WINNIPEG (CP)—Imports continue to dominate the individual scoring in the Western Interprovincial Football Union.

Only two Canadians — place-kicking Doug Brown of Calgary Stampers and fullback Gerry James of Winnipeg Blue Bombers—have managed to crack the top 10 scoring leaders.

Statistics compiled by The Canadian Press show that Bomber end Ernie Pitts, third-year import from the University of Denver, still holds first place with 48 points on eight touchdowns although he failed to score any points in Winnipeg's last encounter.

Guard Vic Kristopaitis of British Columbia Lions kept within striking distance of Pitts by booting seven converts and a field goal in last two games to run his total to 43 points.

Bomber quarterback Jim Van Pelt picked up 14 points in his last two games to take over third spot with 36 points, followed by Edmonton fullback Johnny Bright and Calgary halfback Don Stone, each with 30 points.

Brown, an intermediate graduate from Victoria playing his second season with Stamps, ranks sixth with 29 points on 14 converts and five field goals.

James, WIFU scoring champion in 1957, follows with 25 points on four TDs and one convert although he hasn't seen too much action as he still is recovering from a broken leg suffered last year.

LTAA was announced Tuesday. Last year the Kramer troupe was banned from all Australian amateur courts and as a result the clubs lost an estimated \$97,200 in rentals.

Junior Football League Continues To Fill Four Team Rosters Tonight

A four team junior football league will open the season in Sherbrooke September 25 it was announced today. The announcement came from Jean Marc Pichette league president.

The league which follows the trend established in the City with junior baseball and hockey teams will be comprised of boys between the ages of 16 and 21.

The selection of teams has been going on for two nights now and it is hoped that the four rosters will be filled within the next week of tryouts. There will be a practice tonight at the Park Avenue Stadium starting at 9 p.m.

Junior Football has, until this, year been the only sport missing on the list of activity for young men in this particular age group. Mr. Pichette along with his executive and board of directors have, it would seem, succeeded in correcting the situation.

Pierre Ouellette, Don Walsh, and Clement Couture round out

the executive positions of vice-president, secretary and treasurer. The three directors are Guy Brien, Richard Gaudet and Claude Cayer.

A renowned list of names appear on the coaching roster. Harry Hodge, Eastern Townships sportsman heads the coaching staffs for the league. Each squad will be instructed by two men whose knowledge of the game makes them worthy of their positions in a game where proper coaching is essential.

Marcel Vermette, Gaston Bergeron, Don Walsh, Marcel Forge, Richard Roy, Claude Leger, Michel Leprehon and Bob Lemieux will head the 22 man teams.

The league hopes to round out the schedule by late October, each team playing six games.

The majority of the contests are slated for Sunday afternoons but some Wednesday night tilts may be necessary to round out the schedule.

Playoffs will follow the regular play for the Molsons Trophy.

Three Prominent Tennis Personalities Line Up To Captain US Davis Cup Team

FOREST HILLS, N. Y. — (AP) — Now that Perry Jones has convinced one and all that he intends to stick by his decision not to return as Davis Cup captain, the guessing game on his successor has gotten underway.

The field actually isn't a wide one and as of today Bill Clothier, a handsome, 45-year-old Philadelphia bachelor leads the list.

There are two reasons why there are not candidates forming a long line to the left for the job, namely:

1. Money.
2. Time.

The captain needs both. He also must be something of a public relations man, but that qualification admittedly is not hard to find. He also should know something about tennis.

Clothier appears to fill the bill on all counts.

"It would be a great honor if I were selected," he said. "But right now I couldn't say if I'd accept. Of course, I've never seen Australia. If I were selected, and took it, I'd have to make an awful lot of arrangements to get away from my business that long. Furthermore, I know I'm not the man best qualified for the job. Just to take one, Vic Seixas

could do a better job than I."

otrehfr' infulee
WOULD GIVE JOB

As for Seixas, he admitted he would like the job.

"I'm flattered that anyone would think of me," he said. "But right now I'm all tied up with my position as a securities salesman, and I couldn't get away long enough. Maybe if I have enough money in a couple of years, I'd be in a better position to accept."

Gardner Mulloy, a veteran of almost three decades on the circuit also would like to be considered. But he has been too open in his criticisms of the USLTA, and has made a fistful of enemies in the organization.

The captain probably won't be chosen until sometime after next Jan. 20 when the new administration of the USLTA takes office.

LAST NIGHT'S STARS

Pitching—Early Wynn, Chicago White Sox, won his 19th game tops in the American League, in 3-2, 10-inning victory over Kansas City.

Hitting—Luis Aparicio, White Sox, singled and scored first run, then drove in the tie-breaking run with his third single.

Leafs Still Look To Majors Despite 1959 Drubbing

TORONTO (CP)—Toronto Maple Leafs finished last in the International Baseball League this season and lost \$100,000 doing it. But they're still confident of reaching major league status by 1961.

General manager Rudy Schaffer voiced the optimistic note Tuesday on top of an announcement about the loss estimate.

"Basically, I don't think we're that bad a club," Schaffer said. "Nothing went right this season. The pitchers didn't shape up at the start and we had far more

San Antonio, Tex. — Frankie Valdez, 129½, San Antonio, and Lauro Salas, 127¼, Mexico, drew 10.

sore arms and other player injuries than is normal. . . . We wound up with only two starting pitchers available."

Leafs are entered in the Continental League which proposes to start playing in 1961 and talks of itself as a third major league.

Schaffer said: "We have to upgrade our talent toward big league status. But we feel we have some players right now who could fit into the Continental League."

Fine Performance Given At Park In Thetford Mines

THETFORD MINES — Any one who saw the Shawinigan Majorettes and Cadets performing at the Ball Park will agree that it was an evening well spent for the girls and boys gave a splendid performance, the occasion being the 35th anniversary of the Thetford Philharmonic Band.

To start the evening off the director of the band, Bertrand Boulanger, spoke a few words of welcome expressing appreciation at the fine turnout, and paying tribute to the founders of the Philharmonic Band on this its 35th anniversary. In closing he introduced Jean Paul Pelletier, of Shawinigan, who was master of ceremonies.

The girls, numbering about 30 in all, and ranging in ages from 12 to 20, but of an average age of 15, attired in their bright green costumes, gave a half hour's performance in front of the grandstand. The leading majorette, dressed in white, was exceptionally good as she led the girls in precision marching and into different formations, all to the accompaniment of their own music.

The first number, a salute to their four flags, carried by their flag bearers, comprising the Fleur de lis, the flag of the city

of Shawinigan, and their own two flags, one with a white background and seven green stars, the other green with white stars, with the audience all standing at attention, was most impressive. Another number in which six of the majorettes twirled their batons in great style was also especially well received although, in general, the audience was most receptive to all the numbers.

SUTTON —

Mrs. Alfred Goyette and daughter, Miss Etta Goyette, motored here from Greenfield, Mass., and spent a few days with their cousin, Mrs. Myrtle Vincent and family. Mrs. Vincent and son, Mr. Thomas Vincent, accompanied by their guests, were in East Pinnacle and visited Mr. and Mrs. Orton Hancock, and in Hillside to visit Mr. and Mrs. George Dymond and Mr. and Mrs. Charles Dymond, in East Danham to visit Mr. and Mrs. C. Chausaux and family, and in Phillipsburg, St. Armand, and Phillipsburg, while in St. Armand they visited Mrs. James Garland, aunt of Mrs. Vincent.

Mr. and Mrs. Claude Seaman and two daughters, of Chambly, were weekend guests of his mother, Mrs. Dorothy Seaman. Mr. Hale C. Reid and Mr. and Mrs. Eugene Dyer received word of the marriage of their granddaughter, Marilyn Reid, daughter of Mr. and Mrs. Frank Reid, in Saskatchewan.

Mr. and Mrs. Richard Cook, of Coaticook, have been guests of Mr. Cook's mother, Mrs. M. Cook and other relatives. Their son, Brian, who has been a guest of his grandmother, returned home with his parents.

Mr. and Mrs. Wesley Ball and three children have been on holidays in Ontario.

Anglican Guild Holds Meeting At Brome

BROME — A meeting of the Ladies' Guild of St. John's Anglican Church was held at the home of Mrs. John Osterdahl, with Mrs. Gertrude Ray, cohostess. The president, Mrs. Osterdahl, opened the meeting with prayer and presided over the business session.

The secretary, Mrs. J. E. Soles, read the minutes, reporting receipts from the food sale July last, held on the lawn of Guy Wilson, at Knowlton, amounted to \$106.40. Generous donations have been received towards the repairs on the parsonage.

A drawing was held on a mystery parcel, a donation from Mrs. Kenneth Miller, and was won by Mrs. Gertrude Ray.

Ten members and one guest were present for the luncheon. The next meeting will be held at the home of Mrs. Effie Libby on Sept. 16.

GENERAL NOTES

The citizens of this community

extend a most hearty welcome to Rev. and Mrs. W. Davidson and family, who have recently moved into the parsonage here.

OBITUARIES

ARCHIE TRUMAN BEAN, OF HEATHTON

HEATHTON — The death of Archie Truman Bean occurred on Friday, August 21, 1959, at the Sherbrooke Hospital after a lengthy illness.

Mr. Bean was born on Nov. 23, 1885, at Heathton, the son of Chancy Bean and Georgianna Morrill.

He was united in marriage to Ella May, of Coaticook, on Sept. 16, 1940.

He leaves to mourn his loss, his wife, one sister, Mrs. Hattie Gilbert, of Way's Mills; four nephews, Moreton Bean, of Melrose, Mass.; Graydon Bean, of Natick, Mass.; Norman Bean, of York, Me., and Ralph Bean, of Newton, N.H.

The funeral was held at his home on the farm, where he had spent his entire life. The service was conducted by a family friend, Rev. Graham Barr, of Trinity United Church, Sherbrooke.

The bearers were all friends and neighbors, John Smith, Merion Davis, Avery Davis, Elphege Beaulac, Royal Bachelard and Gordon Bachelard.

The floral tributes were silent tokens of friendship, as were the donations to the Heart Fund.

Interment took place in the family lot at Crystal Lake Cemetery, Stanstead.

Friends and relatives attending the funeral on Monday, August 24, were from Rock Island, Stanstead, Beebe, Coaticook, Baldwin Mills, Ayer's Cliff, Way's Mills, Derby Line, Vt., Melrose, Mass., Newton, N.H., and York Me.

MRS. JAMES W. GARDNER, OF WINDSOR MILLS

WINDSOR MILLS — The sudden death occurred on Wednesday, July 22, 1959, at the Sherbrooke Hospital of Mrs. James William Gardner in her 74th year.

Mrs. Gardner was born at Hardwood Hill, on May 9, 1886, the daughter of the late Clara Paterson and John Kerr. She was united in marriage to James William Gardner, July 1st, 1903. Of this union eight children were born — two having died in infancy.

Left to mourn are, her husband, three sons, John Aberdeen, Tacoma, Washington; Jim and David, Windsor Mills; Jessie, Mrs. D. M. Perkins, Olds, Alberta; Clara, Mrs. Herchell Stafford, Amhurstburg, Ont.; Mrs. James Leckie, Windsor Mills. Mrs. Gardner is also survived by a sister and three brothers, ten grandchildren and six great-grandchildren, and a sister-in-law, Mrs. O. Gallup, Danville.

The funeral took place on July 24 at Boisvert's Funeral Parlours, Windsor Mills, conducted by Mr. Eugene Haslett. Interment was in Windsor Cemetery.

The bearers were, Cecil Gallup, Charles Robinson, Harvey Finley, Harry Perkins, Harold Robinson and Mr. Doyle. The floral tributes and cards of sympathy were numerous and beautiful showing the esteem in which Mrs. Gardner was held.

Those from out of town attending the funeral were, Mr. David Kerr, brother, North Bay, Ont.; Mr. and Mrs. Herchell Stafford, Amhurstburg, Ont.; Mr. and Mrs. H. Robinson, Asbestos, Mr. and Mrs. C. Gallup, Danville; Mrs. J. A. Hess, Outremont; Mr. James Leckie, Sr., Melbourne, and many others from Richmond and Danville.

MRS. ANNIE S. FLANAGAN, OF WARDEN

WARDEN — It was with sadness relatives and friends learned of the sudden death of Mrs. Annie Susan Flanagan, which occurred at her home on Sat., Aug. 8, after a lengthy illness.

Mrs. Flanagan was born in East Hill on March 28, 1886. On May 1, 1906, she was married to the late John T. Flanagan, who passed away Oct. 12, 1948. To them three children were born, Reginald, Ruth who died in infancy and Lawrence, who died at the age of nine years.

She leaves to mourn her son, Reginald, of Warden, a daughter-in-law, Beatrice; five grandchildren, Kenneth, of Woodstock, Ont., and Richard, Lawrence, Susan and Patrick, of Warden; three brothers, John Dudley, of North Hyde Park, U.S.A., Dean Dudley, of Enosburg Falls, Vt., and Howard, of East Hill; three sisters, Mrs. Etta Fletcher, from Alberta, Florence Page, of Bakersfield, U.S.A., and Minnie Sanborn, of East Hill; a brother-in-law, James Flanagan, of Sutton; sisters-in-law, Mrs. R. Wilson, of Sutton, and Mrs. A. Graves, of St. Johnsbury, Vt.; and several nieces, nephews and cousins.

The funeral was held at the Leo Paul Ledoux Funeral Parlor on Tuesday, August 11, at two o'clock. Cecil Allan conducted the service assisted by Laurence McLean.

The bearers were Harry Beakes, Gordon Duboyce, Vernal Lewis, Frank Martin, Walter Page and Frank Page. The floral tributes were beautiful.

Interment was in the Knowlton Cemetery beside her husband and son.

The funeral was largely attended by relatives and friends.

Sunday Service At The Pinnacle, Lake Lyster

BY ALICE BUCKLAND

BALDWIN'S MILLS — The last Sunday in August was hot and humid to an extreme. At Lake Lyster, Baldwin's Mills, one can never complain of the heat, however, a conventional church service seemed an effort. But this Sunday held something special for those fortunate enough to attend the open air Anglican communion service held on the slope of the Pinnacle.

At 11 a.m. we followed a steep winding path by a brook which hurried down the hill between huge boulders. Across little bridges artistically built of white birch and up to a platform, circled with a wooden fence, we walked with our neighbors and found seats. Rev. Sidney Meade of Theford Mines came from his cottage robed for the solemn and beautiful Eucharistic celebration. The rector took his place at the "altar", spread with a white linen cloth. In the background an enormous rock formed a natural roof for the chancel. Moss and ferns covered the top. Mr. Cecil Meade, by whose ingenuity and efforts this spot was arranged, had planted a cross of white birch on the peak. In the alcove on the roof a big piece of driftwood held three lighted candles. The lectern was made from the same decorative wood.

on Monday, August 10, 1959, after an illness of 11 weeks of which six were spent in the Montreal General Hospital.

Mr. Smith was born in Asbestos and moved to Sherbrooke as a young man, where he resided until last November, when he moved with his family to Otterburn Heights.

He was a member of the Long Service Club of the Canadian Ingersoll Rand, where he was employed since coming to Sherbrooke. A retired captain in the 53rd Regiment, he had also played in the Regiment Band and later played in the Sherbrooke Harmony Band.

Mr. Smith served as superintendent in the Chinese department of the Sherbrooke Presbyterian Sunday School. He was also a past president of the Sherbrooke Snowshoe Club, where he had been an active member for many years.

He leaves to mourn his loss his wife, the former Carmen Hayden Salter; a son, Douglas George; a daughter, Jean Evelyn; a sister, Edith Wilson, of Kinnaird, B.C.; a brother, Robert W., of Dundas, Ont.; sisters-in-law, Mrs. R. W. Smith, Mrs. Hazel Kellett, Montreal, and Mrs. Ed. Salter, Sherbrooke; brothers-in-law, O.H. Wilson, Kinnaird, B.C., E.A. Salter, Sherbrooke; and three nieces and 10 nephews.

Services were held in Johnston's Funeral Chapel on Thurs., Aug. 13, Rev. Williams officiating. The hymns sung were Abide With Me and O Master Let Me Walk With Thee.

Bearers were Ernest Kimmis, George Chapman, Bert Noble, Newton Munkittrick, George Lothrop, and Stanley Lothrop. Interment was in Elmwood Cemetery.

SUTTON JUNCTION —

The Ladies' Guild of St. Aidan's Anglican Church held a successful food sale at Knowlton.

The Guild met at the home of Mrs. Edgar Lawrence with Mrs. E. Mudd in the chair. Minutes were read by Mrs. W. Duffin. Tickets will be ordered for the annual fall supper, date to be set at the next meeting. Several articles were turned in for the sales table. Mrs. Sharples mentioned that the book and samples of Christmas cards had arrived and that Mrs. Williams would take orders at any time.

Mr. and Mrs. W. Macrae and family have returned to Pointe Claire, after having spent two weeks at their summer home here.

Mr. and Mrs. Edgar Lawrence motored to the States for a short holiday.

Miss Carol Draper has been holidaying with her parents, Mr. and Mrs. A. Draper, and her sisters.

Mrs. Maurice Smith has returned home after a week at York Beach with her daughter and granddaughter, Mrs. P. Persons and Miss C. Persons.

EAST CLIFTON —

Guests of Mr. and Mrs. Jas. Parkinson were Mr. Roy Loveland, of Roanoke, Va., Mr. G. Loveland and Mr. and Mrs. C. Flaws, of Sawyerville, Mr. Pike, of Montreal, Mr. L. Berwick, of Minota, Man., Mr. and Mrs. E. Berwick, of Sawyerville, and Mr. and Mrs. John Bain, of Birchton.

Mrs. Jas Towers attended the funeral of Mr. Nick Dean at Johnson's Funeral Chapel, Sherbrooke.

Mrs. Ethel Streeter, Mr. and Mrs. Ellis Franklin and sons, and Mr. and Mrs. Elmore Streeter and family, of Bernardston, Mass., spent a few days in town.

Mr. Harry Barber, of Groveton, N.H., was a guest of his brother, Mr. Frank Barber, and Mrs. Barber, and other relatives and friends.

Mr. and Mrs. Ronald Luce and son, Keith, Mr. Fred Bryant and Mr. and Mrs. Freeman Stone, of Coaticook, were guests of Mr. and Mrs. Jas. Towers.

Mr. and Mrs. Victor Bell accompanied Mr. and Mrs. Douglas Twyman, of Sawyerville, on a motor trip to Ottawa and Perth, Ont., and Montreal.

The service opened as usual with a hymn and followed its usual dignity to the conclusion. The singing and prayers were accompanied by the sound of the brook rushing down through the crannies to reach Lake Lyster, 1,700 feet above sea level which is fed by these pure springs. A "roof" of tall maples met overhead to complete a scene which we will never forget in its beauty and charm. We all left the little "chapel" built in this beautiful spot about the brook, 1,700 feet above sea level which is fed by these pure

DRIVE CAREFULLY

Help improve our local safety record! Drive carefully! Many children go to school for the first time! Don't let it be their last! Your caution can save a child's life!

- **DRIVE EXTRA CAREFULLY** around schools and playgrounds! Be on the lookout for children when they walk to and from school! Your vacation from school children is over now!
- **BE ON THE ALERT** when you are near a school-bus. Of course, they have to obey all traffic rules! But, give schoolbuses a break anyway . . . they carry a priceless cargo!
- **PARENTS! NEVER STOP TELLING** children about the many traffic dangers! Only then can we hope to help reduce traffic fatalities! One out of seven fatalities involves a schoolchild! One out of ten fatal accidents is caused by a teenage driver!
- **DRIVERS! DON'T HURRY** when you drive! We may as well face it! We cannot reduce traffic casualties unless we slow down! The lives of others are in the hands holding your steering wheel. The minute you may save, isn't worth the life of a schoolchild!
- **HAVE YOUR CAR CHECKED** by an expert! Any car that is not in perfect mechanical condition is a potential murder weapon! The few dollars you spend may save a life!
- **PULL OFF THE ROAD** when you're tired, and take a nap! **DON'T DRIVE** at all when you've had a drink! Drowsiness and drinking are responsible for most fatal accidents!

The Annual Marbleton Fair Opens Friday For Three Days

There's Entertainment For The Whole Family At The Wolfe County Exhibition

The fun of fair time yet awaits the people of Wolfe County. This weekend, Sept. 11-13, the annual Marbleton Fair will be in full swing and young and old will find the pleasure which only an event of this kind can bring.

ABERDEEN ANGUS

In addition to the wide variety of exhibits which are anticipated there will be horse racing, cattle parades and of course the thrill of midway attractions, this year supplied by Beauce Carnaval. And just as important will be the opportunity to renew old acquaintances. The country fair has always been the meeting place for old friends and Marbleton is no exception. Indeed the sharing of latest news and the recalling of events long past is one of the pleasantest aspects of the fair. As in past years the fair will be featuring many attractions designed especially for the children, particularly in the midway

section. There are also special sections in which the children may exhibit. Horse racing will be the main attraction on Saturday and Sunday afternoons and the races

will start at 2 p.m. in front of the grandstand. Some of the best horses in the district will be running and fairgoers are urged not to miss these exciting races. R. G. Lemelin and Gerard Gignas are in charge.

For the more business-minded visitors to the fair there will be

the numerous agricultural and livestock exhibitions and competitions as well as the industrial displays.

President of this year's fair is Gerard Labbe, who has held the post for several years and is an active member of the fair committee as well. Secretary-treasurer is Mrs. B. uTrmel and vice-

presidents are: Lucien Gosselin, Eldred Dawson, Leandre Bouteau, Lloyd MacKay, M.L.E. Boutin, Agronomer of Disraeli. Honorary presidents of the fair include: Henri Vachon, M.P.P., Florent Dubois, M.P., E. O. Gignas, W. K. MacLeod, Dr. Gerard Lemieux and Robert Pudden.

Fair Directors are: Joseph Beaulieu, Fernand Beaulieu, Joe MacKay, Polycarpe Faucher and Jules Giguere, all of Marbleton; Philippe Gravel and Firmin Gagne, Weedon; Real Routhier,
