IS THERE any VIRTUE in Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER AND ZYLOBALSAMUM?

CONVINCING TESTIMONY FROM DISTINGUISHED CLERGYMEN.

Rev. C. A. BUCKBEE, *Ass't Treasurer American Bible Union, N. Y. City*, writes: "I very cheerfully add my testimony to that of numerous friends, to the great value of Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum."

Rev. J. WEST, Brooklyn, L. I.: "I will testify to their value in the *most liberal sense*. They have restored my hair where it was bald, and, where gray, to its original color."

Rev. A. WEBSTER, Boston, Mass.: "I have used them with great effect. I am now neither bald nor gray. My hair was dry and brittle; it is now soft as in youth."

Rev. H. V. DEGEN, Boston, Mass.: "That they promote the growth of the hair where baldness is, I have the evidence of my own eyes."

Rev. JOHN E. ROBIE, Buffalo: "I have used both the Restorer and the Zylobalsamum, and consider them invaluable. They have restored *my gray hair to its original color*."

J. H. EATON, LL.D., President Union University, Tenn., writes: "I have used Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum. The falling of my hair has ceased, and my locks, which were quite gray, are restored to their original color."

THE Late Hours, the ill-ventilated rooms and irregularity in meals, produde deran9ement of the system; and this is manifested by a foul breath and decayed teeth. To remedy this, the use of Elliot's Dentifrice is strongly recommended: it purifies the breath, cleans the teeth, heals the gums, and leaves a pleasant and refreshing taste in the mouth. It is a compound of aromatic substitutes, and has been in use upwards of 25 years, and has been found superior to any of tee powders for he purposes intended.

THE "FLORENCE NIGHTINGALE" OF THE NURSERY.

The following is an extract from a letter written by the Reverend C. Z. WEIZER to the *German Reformed Messenger* newspaper, at Chambersburg, Penn.:—

"A BENEFACTRESS.—Just open the door for her, and Mrs. WINSLOW will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our "Susy" to say, "A BLESSING ON MRS. WINSLOW," for helping her to survive and escape the griping, colicking, and teething siege. We confirm every word set forth in the PROSPECTUS. It performs precisely what it professes to perform, every part of it—nothing less. Away with your "Cordial," "Paregoric," "Drops," "Laudanum," and every other "Narcotic," by which the babe is drugged into stupidity, and rendered dull and idiotic for life. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power, we would make her, as she is, a physical saviour to the Infant Race." 25 cents a bottle. Sold by all Druggists. Be sure and call for "MRS. WINSLOW'S SOOTHING SYRUP." All others are base and *dangerous* imitations.

BROWN'S BRONCHIAL TROCHES.

"I have never changed my mind respecting them from the first, excepting to think yet better of that which I began thinking well of."—REV. HENRY WARD BEECHER.

"Contain no opium, nor anything injurious."—DR. A. A. HAYES, Chemist, Boston.

"An elegant combination for Coughs." DR. G. F. BIGELOW, Boston.

"I recommend their use to Public Speakers."—REV. E. H. CHAPIN.

"Most salutary relief in Bronchitis." REV. S. SIEGFRIED, Morristown, Ohio.

"Very beneficial when suffering from colds."—REV. S. J. P. ANDERSON, St. Louis.

Ayer's Pills.

ARE you sick, feeble, and complaining? Are you out of order—your system deranged, and your feelings uncomfortable? These symptoms are often the precursors of serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and drive out the humors—purify the blood, and let the fluids move on unobstructedly, in health. They stimulate the organs of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges the natural operations of that part. This, if not relieved, will react upon itself and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous diseases. The same purgative expels them. Caused by similar obstructions and derangements, they are surely, and many of them rapidly, cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms, and Suppression, when taken in large doses.

They are sugar-coated, so that the most sensitive can take them easily; and they are surely the best purgative medicine yet discovered.

Ayer's Ague Cure,

FOR the speedy and certain Cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers; indeed, for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the army and the west, try it, and you will endorse these assertions.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and dealers in medicine everywhere.

September 1st, 1867.

A "COUGH," "COLD," OR IRRITATED THROAT,

If allowed to progress, results in serious Pulmonary and Bronchial affections, oftentimes incurable. Brown's Bronchial Troches reach *directly* the affected parts, and give almost instant relief. In BRONCHITIS, ASTHMA, and CATARRH, they are beneficial. Obtain only the *genuine* BROWN'S BRONCHIAL TROCHES, which have *proved* their efficacy by a test of many years. Among testimonials attesting their efficacy are letters from—E. H. Chapin, New York. Henry Ward Beecher, Brooklyn, New York. N. P. Willis, New York. Hon. C. A. Phelps, Pres. Mass. Senate. Dr. G. F. Bigelow, Boston. Prof. Edward North, Clinton, New York. Surgeons in the Army, and others of eminence. Sold everywhere at 25 cents a box.

COUGHS AND COLDS.

Sudden changes of climate are sources of Pulmonary, Bronchial, and Asthmatic affections. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should be at once had to "Brown's Bronchial Troches," or Lozenges. Few are aware of the importance of checking a cough, or "common cold," in the first stage. That which in the beginning would yield to a mild remedy, if neglected, soon attacks the Lungs. "Brown's Bronchial Troches," or Cough Lozenges, allay irritation which induces coughing, having a direct influence on the affected parts. As there are imitations, be sure to obtain the genuine. Sold by all dealers in Medicine, at 25 cents a box.

MOTHERS! MOTHERS! MOTHERS!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of Mrs. Winslow's Soothing Syrup. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price 25 cents. Sold everywhere.

SPECIAL NOTICES.

And all disorders of the Throat and Lungs, are relieved by using Brown's Bronchial Troches. "I have been afflicted with Bronchitis during the past winter, and found no relief until I found your Bronchial Troches.—H. GARDNER, Principal of Rutger's Female Institution, New York."

"Almost instant relief in the distressing labour of breathing peculiar to asthma.—Revd. A. C. EGGLESTON, New York."

"It give me great pleasure to certify to the efficacy of your Bronchial Troches, in an affection of the throat and voice, induced by public singing. They have suited my case exactly, relieving my throat and clearing th eht voice so I could sing with ease.—T e DUCHARME, Chorister French Parish Church, Montreal."

"When somewhat hoarse from cold or over-exertion in public speaking I have uniformly found Brown's Troches afford relief.—HENRY WILKES, D.D., Pastor of Zion Church, Montreal."

Sold by all respectable dealers in medicine, at twenty five cents a box.

WHO IS MRS. WINSLOW?

As this question is frequently asked, we will simply say that she is a lady who, for upwards of thirty years, has untiringly devoted her time and talents as a Female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and as a result of this effort, and practical knowledge, obtained in a lifetime spent as nurse and physician, she has compounded a Soothing Syrup, for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming world renowned as a benefactor of her race; children certainly do RISE UP and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are DAILY sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No MOTHER has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. Try it, mothers—TRY IT NOW.—*Ladies' Visitor* New York city. Sold by all Druggists. 25 cents a bottle. Be sure and call for "MRS. WINSLOW'S SOOTHING SYRUP." All others are base and *dangerous* imitations.

WHY ARE BRISTOL'S SUGAR-COATED PILLS A POPULAR MEDICINE?—Because they relieve the bowels, tone the stomach, regulate the liver, and promote the general vigor of the system, without causing pain. Because their action is not followed by increased constipation, and the necessity for larger doses. Because they are a safe cathartic for the weakest, as well as active enough to relax the constipated passages in the strongest. Because they create an appetite and revive the mental energies. Because they never produce tenesmus, but act like a healing balm on the irritated membrane of the stomach and intestines. Because no mineral ingredient pollutes the pure vegetable, antibilious, and aperient subsiance of which they are composed. Because they act in harmony with nature, and without violence. Because no human being who ever used them has been disappointed in the effects. And finally, because they are a family medicine, for which there is no substitute. They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, Bristol's Sarsaparilla should be used in connection with the Pills. 412

A PERPETUAL DELIGHT.—"Flowers have their time to fade," says a favorite poet; but in Murray and Lanman's Florida Water their sweetness is made perpetual. The odor of other toilet-waters becomes faint and insipid after a brief exposure to the air. It is not so with this exquisite floral preparation. Its perfume is fixed and permanent. Hang a handkerchief that has been moistened with it in the breeze for days, and the aroma will be as delicate and refreshing at the end of the time as if the fluid had just fallen upon its threads. This is not the case with any foreign extract, nor with any other American perfume. ☞ Purchasers are requested to see that the words "Florida Water, Murray and Lanman, No 69 Water-street, New York," are stamped in the glass on each bottle. Without this none is genuine. 522

DANGEROUS SUPPURATION.—Extensive abscesses are dangerous; but many of the methods of cure are more dangerous than the malady. They must not be suppressed by external applications. Bristol's Sarsaparilla, the most harmless of all depuratives, yet the most irresistible, soon purges from the blood the poison which generates the disease. It is the same with carbuncle, which is an exaggerated and virulent species of boil, and generally denotes a weakened constitution. Bristol's Sarsaparilla, the great vegetable tonic and detergent, is the one thing needed in carbuncular as in all other ulcerous disorders. Bristol's Vegetable Pills, used at the same time in moderate doses, will tend to allay feverish symptoms, and will carry off through the bowels the morbific matter set free by the Sarsaparilla, thus facilitating a d hastening a complete cure. 509

☞ Is health worth having? If it is, protect it—it is a jewel as easily lost as virtue, and in many cases as difficult to recover. In this climate, and more particularly at this season of the year, people are very apt to take cold and suffer from sore throat, coughs, spitting of blood and pulmonary complaints generally, which if not checked immediately lead to serious consequences. The question arises—which is the quickest and most effectual remedy? Bryan's Pulmonic Wafers have been before the public for twenty years, and have always given perfect satisfaction, and invariably effect permanent cures when taken in season. Sold by all medicine dealers and country stores generally throughout the Province, at 25 cts. per box. 3

None can read Mr. Gladstone's speeches, especially such speeches as he delivered a short time since before the citizens of Glasgow, without feeling impressed with the eminently practical character which distinguishes the higher order of British statesmanship; but every one knows and appreciate the great benefits derived by the use of "Bryan's Pulmonic Wafer." They have been before the public upwards of twenty years, and it is now admitted by all that they are the best preparation ever offered for alleviating and curing coughs, colds, irratation or soreness of the throat, and all Bronchial affections. All medicine dealers keep them—price 25 cents per box. o19

RHEUMATISM CURED!

☞ Read the following letter received by Mr. H. R. GRAY, Druggist, St. Lawrence Main Street, Montreal:—

118 DOMINIQUE STREET,
MONTREAL, *July* 18, 1863.

MR. HENRY R. GRAY:

Sir,—I have suffered severely from Rheumatism for a length of time, and have been under the treatment of different medical men without any benefit. Having heard of BRISTOL'S SARSAPARILLA, I determined to try it. After using six bottles I experienced great relief; and after using six bottles more I found myself perfectly cured. The Rheumatism from which I suffered principally affected m. back.

I am yours, respectfully,
MRS. P. LAFRANCE.

WONDERFUL!

DEVINS & BOLTON, Druggists, next the Court-house, Montreal, have received the following letter from Mrs. M. J. Nolin Heroux, confirmed by her husband, and E. Roy, merchant of St. Phillips, Laprairie, of a wonderful cure by BRISTOL'S SARSAPARILLA:—

Sir,—The present is to certify that I, M. J. Nolin, 40 years of age, wife of M Heroux, N. P., have suffered for a year with violent palpitation of the heart, sudden chills, extreme heat and cold it various parts of the body, attended with great pain, particularly in the arms; my pulse was very variable—very slow or quick; frequently a tendency to faint, with a sense of suffocation; sleep troubled; irritable, and very low spirits. I tried several medical men without deriving any benefit, and they all concluded by giving me up. In July last I saw in the papers BRISTOL'S SARSAPARILLA, "*Blood is Life.*" I purchased five bottles at your store, which afforded me relief from the first dose. A substance resembling very fine white sand came from my legs in quantity, after which I recovered my nearly lost faculties, and was free from pains, palpitations, and chills, and perfectly cured of my affliction in ten weeks. I am convinced of the superiority of this remedy over all others, and I feel it my duty to recommend it to all troubled with similar afflictions.

CITIZEN OF QUEBEC

CURED OF

FIFTEEN RUNNING SORES.

The following letter was received by one of the most respectable Druggists in Quebec, Canada:—

W. E. BRUNET, Esq., Druggist, Pont St. Roch (or Craig) Street, Quebec.

DEAR SIR,—

This is to certify that I have been thoroughly and entirely cured of FIFTEEN SORES which I had on my right arm, by the use of **Bristol's Sarsaparilla**. These sores had been on my arm for over four years, and during that time had been continually discharging, which weakened me so much that I was unable to leave my bed for four months. Having heard of **Bristol's Sarsaparilla**, I made up my mind to try it. I used six bottles, and with the best results; for I am now as strong and as able a workman as I was before having the sores.

A GREAT TRIUMPH.

☞ Read the following letter from one of our most respectable citizens:—

Messrs. Devins & Bolton, Druggists, Notre-Dame St., Montreal:—

Gentlemen,—Having suffered severely for four years from palpitation of the heart and frequent attacks of fever and ague, with loss of appetite and great pain after eating, attended with weakness and gradual wasting away of body, I was induced to try BRISTOL'S SARSAPARILLA, and found from the first bottle considerable relief, and before I had finished the sixth, found my maladies completely removed, my appetite good, and my body vigorous and strong. I feel it my duty gratefully to acknowledge my cure, and to remark I had previously been under the first physicians in Toronto, Chicago, Cleveland, and Toledo, without receiving any permanent or even satisfactory relief.

Yours, gratefully,
ALFRED TUCK,

Craig Street, Montreal.

"A REASONABLE PETITION."

We take this title from an article in the London (Ontario) *Free Press*, setting forth that the widow of the late William Lyon McKenzie, (now we apprehend, an aged person,) had petitioned the Legislature of the sister province for the payment of a sum of £500 voted by the Parliament of Upper Canada to her husband in the year 1835, in compensation or partial acknowledgment of the services he had rendered the people of that Province by his journey to England in 1832, and his residence there for 18 months, during which time he was in frequent communication with the Colonial Office, presenting petitions and posting up the Imperial authorities on the grievances the Upper Canadian majority were suffering at the hands of the irresponsible Government then in power, and at the hands of their arrogant minions, known at that time as the Family Compact. Mr. McKenzie, during his stay in London, submitted the petitions of 24,500 of the people of Upper Canada, representing probably five times that number of souls—a number which in proportion to the present population of Ontario would be equivalent to 125,000 signatures, representing 625,000 persons, if not more. As a direct result of his efforts two of the most obnoxious functionaries were dismissed, and several very important reforms secured. Mr. McKenzie had been expelled three times from the Legislative Assembly on the ground of libel, he being the proprietor and editor of the *Colonial Advocate*, in which we must admit he most mercilessly flagellated the dominant Tories; but the expulsions were only carried by small majorities, and as often as he was turned out just as often was he re-elected by the sturdy reformers of the county of York. While he was in England he was again declared by his persecutors in Canada unfit to sit as a member of the Legislature, and the seat declared vacant. Again he was elected and again expelled. Then a general election came on and the Family Compact were nowhere. The new House was as wickedly radical as the previous Parliaments had been wickedly oligarchic, and one of their first acts was (practically) to pronounce infamous the various proceedings taken against the member for York, for by a majority of 4 to 1, they ordered the records to be expunged from the Journals! It has been reasonably doubted whether this was not an altogether illegal assumption of power, but party spirit knew no bounds, and besides, the popular mind had become infuriated by the many indignities it had suffered at the hands of the old dominant and domineering faction. But to pass on, the services of Mr. McKenzie in the popular cause while in England came under review, and as we think legitimately enough. At this time of day it would probably be difficult to find a man 50 years reasonably well read in the political history of the Canadas, prepared to deny that Wm. Lyon McKenzie did render most valuable services to the country, or that he suffered grievously in person and estate in the course of asserting its rights. The proof is, that most of the reforms he advocated have been embodied into laws now in the Statute Book, and that most of the errors and wrongs he exposed and censured have been admitted and amended. We speak of his course before the rebellion, and must not be understood in any way, however remote, to justify his resort to arms at a subsequent stage. In 1835 a Special Committee of the Assembly voted him, as we have before stated, a sum of £500; but the supplies being stopped, the money was not paid, and when in after years Mr. McKenzie returned from exile and again found himself a member of Parliament—the Parliament of United Canada—he either did not deem it advisable to apply for payment, or if he did it must have been in a very quiet way, for we do not remember ever to have heard of the circumstance. We presume he did not. We might have said before, that Mr. McKenzie had several offers of places carrying large emoluments made to him, all of which he refused, lest his motives as a reformer should be misinterpreted. While in England, he was tendered the charge of the Post Office business of Upper Canada, then and for a long time after under the controul of the Colonial Office, and worth nearly £2000 a year; but he declined the tempting lure. The £500 voted him by the Committee in 1835, and which we think it exceedingly probable he might have received, with interest, fifteen years afterwards, he never got. The last years of his life he was in poor circumstances, and at his death left comparatively nothing for the support of his widow, and several unmarried daughters. The bereaved wife, under the advice no donbt of friends, now takes courage to ask the payment of this well earned sum, and we heartily join in the hope of our Western *confrère*, that if the facts are as alleged, she will not ask in vain. We should say that the vote ought to carry interest, for if the money was really due in 1835, there can be no reason why its proper annual forbearance value should not also be considered owing to the legal heirs of the creditor. Was there not a considerable sum due to the Chief Agitator in Lower Canada, about the same period, or a little later, for services as Speaker of the Assembly? If our memory serves us, there was, but we have an idea that after his permitted return to the country, he received payment in full. If we are correct, the precedent ought to tell in favour of the claim of Mrs. McKenzie, and we earnestly hope it will, for with all his errors the memory of her husband will ever be gratefully cherished in the Province of Ontario.

ANNUAL MEETING AT THE PROTESTANT HOME.

We are requested to call the attention of the public to the annual general meeting of the friends of this Institution, which takes place next Thursday, the 27th instant, at three o'clock in the afternoon.

BLUE-BOOK.

We have received the Blue-Book of the "Public Accounts of the Province of Canada for the fiscal year ended 30th June, 1867," printed by order of the House of Commons. It is a bulky volume, and, though not lively reading, contains a vast amount of information to which it is convenient to be thus able to refer.

QUEBEC AUXILIARY BIBLE SOCIETY.

We beg to remind our readers of the Annual Meeting of the above Society, which takes place this evening in the Wesleyan Church. We are sure that the proceedings will be deeply interesting and instructive. Among the speakers for the occasion, we learn, is the Rev. Mr. Gibson, from Montreal.

GRAND TRUNK SNOW SHOE CLUB.

We have been shown a very handsome silver cup presented to the above Club by Mr. Henry Smeaton of the Sheffield House. There is to be a special race for it, to come off in about a week from now—and the winner must have successfully competed two years running before it can become his property. The design of the cup, which is of solid silver, is very chaste and appropriate, the stalk being formed of two neatly executed snow shoes, and the cup being in the shape of the half of a Minie rifle ball.

A SEVERE WINTER.

Although we have reached the end of February, the cold weather does not moderate. Since Saturday last the thermometer has ranged from 18 to 12 degrees below zero, and the ground is covered with a depth of snow far beyond the average of former years. Taken altogether, both as regards the severity of the cold, the lack of employment for the labouring poor and the dearness of provisions, we think "the oldest inhabitant," would find it difficult to point us to any previous winter which has exceeded the present in these respects.

SUPPLEMENTARY ESTIMATES.

The supplementary estimates for the Province of Ontario were brought down on Friday to the Legislature and provided for an additional expenditure, amounting in the aggregate to $64,500. The denominational colleges are put down for their usual grants for one year and a half, and the message from the Lieutenant-Governor recommending these appropriations, contains a very stringent pledge against any further payments of that character. The grants therefore, cover the period from the 1st July, 1867, to the 31st December, 1868.

NOVA SCOTIA.

The Nova Scotian Legislature was to adjourn yesterday. On Monday the Attorney-General moved that, as soon as Nova Scotia was released from the bonds of the Confederation, she would be prepared to bear a full share of the expenses of the Intercolonial Railway.

At a caucus of the Nova Scotian members of the Dominion Parliament, held recently in Halifax, it was resolved that they should unitedly return to Ottawa.

THE PRESIDENT'S REPLY TO THE BALTIMORE COUNCIL.

The following is the response of President Johnson to the Committee from Baltimore who presented him with the resolution of the Municipal Council of that city endorsing his political course, and inviting him to visit that city:—

I am profoundly thankful for this expression of approval by the Councils of the City of Baltimore of my official conduct as the chief executive officer of the nation. This manifestation of confidence from the citizens of Baltimore is, at this time, peculiarly acceptable and gratifying. Our country is now in the midst of great perils and our free institutions are more endangered now than when, during the rebellion, our armies were struggling for the republic in the field. In this critical condition of public affairs, it behoves every citizen who feels an interest in the preservation of constitutional liberty, to consider that ours is a Government of law, and to require of our Legislatures that, when a great measure is proposed, the first inquiry shall be:—Does it conform to the Constitution which they have solemnly sworn to support? It would be the greatest of victories if the public mind, carried back within the pale of the Constitution, would demand that all legislation should be strictly tested by the organic law. The idea that the Constitution no longer exists, or that although existing, laws must be made outside of its provisions, must ultimately lead us to despotism and tyranny. If the judicial and executive branches are to be broken down and the Government resolved into and placed under the control of the legislative department—if the rights, the interests, and the destinies of this great country are to be transferred to the hands of a few, whose will alone is to be the measure of their power, our republican institutions will soon yield to the most absolute despotism ever witnessed by the world.

The struggle in which I have been compelled to engage has not been for my own aggrandizement. My sole aim has been to bring back the Government to the plain principles of the Constitution; and if I could accomplish that object, the measure of my ambition would be filled to overflowing. That great end achieved, it would be the highest pleasure of my life (making my reverence to the people and giving my thanks to Heaven) to yield my aspirations to others. I repeat that the encouragement given me on this occasion is very acceptable. The stoutest heart, when surrounded by doubts and menaced by perils, needs countenance and support. The kind expressions of approval of the City Council of Baltimore, sincerely appreciated, will be remembered with gratitude as long as life shall last.

Death of an old "salt."—An old French sailor, named Légas, who fought against the British Admiral Cook in the West Indies, and was taken prisoner there, died recently at Les Eboulemens. The old man wore the decoration of the St. Helena medal.

Mr. Dickens.—Mr. Dickens has announced that it is his present intention to sail for Britain, in the steamship "Cuba," on the 22nd of April next.

The Speaker of the Assembly then addressed His Excellency as follows:—

May it please Your Excellency,—

We, Her Majesty's faithful and loyal subjects, the Legislative Assembly of the Province of Quebec, approach Your Excellency to lay before you our Bill of Supply.

We are happy to be able to congratulate Your Excellency on your permanent appointment to the high office of Lieutenant-Governor of this Province, under the 58th and 59th sections of the British North America Act.

Already the temporary appointment of a Lieutenant-Governor, born among us, and possessing the esteem and confidence of all Her Majesty's subjects in this Province, has been justly considered a proof of the goodwill and gracious intentions, towards us, of Her Majesty and of the Government of the Dominion. The confirmation of this appointment cannot but rejoice all who are able to appreciate the impartiality and ability with which Your Excellency has discharged the important duties conferred upon you.

We have, with much pleasure, voted the supplies required for the Civil Service, charitable institutions, education and other wants of the Province. While we admit that the circumstances in which we are placed exact from us extreme prudence, we have been of opinion that there is no true economy in refusing what the efficiency of the public service and the fair remuneration of public servants require from us.

We have contributed most readily to the alleviation of the distress existing among a part of the population of our sister Province of Nova Scotia; and we have voted, with pleasure, the sums which the Government thought proper to advance to mitigate the sufferings of the inhabitants of the Labrador coast and of the district of Gaspé.

We have bestowed our utmost attention on the subjects alluded to in Your Excellency's speech; and the Committees on agriculture, colonization, the cutting of timber, immigration and the municipal laws, have pursued their enquiries on these subjects with care and diligence.

Measures introduced by the Government respecting colonization, the protection of settlers, agricultural education, the support of schools in the cities of Quebec and Montreal, the construction of school houses, the jury laws, the duties of sheriffs, the appointment of justices of the peace, the interpretation of the statutes, the organization of the Treasury Department, the issue of stamps, and collection of license dues, the organization of the Department of the Provincial Secretary and Registrar, and of that of the Minister of Public Instruction, the Inspection of Prisons and Hospitals, the publication and distribution of the Statutes, the publication of the Official Gazette, and the incorporation of companies for industrial and commercial purposes, have been discussed and adopted, and are now submitted for Your Excellency's sanction.

Independently of these important measures, a large number of other bills, some of a public and others of a local or private nature, have occupied our attention.

We have the happiness to assure Your Excellency that our discussions as to all these weighty interests have been invariably marked by the greatest harmony and cordiality, and we do not doubt that the example of this Legislature will tend to increase the existing sentiments of mutual affection between all subjects of Her Majesty, without distinction of religion or origin, and of fidelity and devotion to Her Majesty and the constitution, which are so calculated to assure the peace and prosperity of this great and important Province.

The SPEAKER then presented the Supply Bill, entitled "An Act for granting to Her Majesty, certain sums of money required for defraying certain expenses of the Civil Government, for the eighteen months ending on the thirty-first of December, one thousand eight hundred and sixty-eight, and for other purposes connected with the Public Service.

To this Bill, the Royal Assent was signified in the following words:—

"In Her Majesty's name the Lieutenant Governor thanks Her Loyal Subjects, accepts their benevolence and assents to this Bill."

After which His Excellency was pleased to reserve the following Bill for the signification, through His Excellency the Governor General of the Dominion, of Her Majesty's pleasure thereon:—

An act to incorporate the St. Louis Hydraulic Company.

After which His Excellency was pleased to close the First Session of the First Parliament of the Province of Quebec with the following

SPEECH.

Honble. Gentlemen of the Legislative Council,

Gentlemen of the Legislative Assembly,

At the close of the first session of the first Parliament of the Province of Quebec I am happy to be able to congratulate you, in the name of our Gracious Sovereign, on the assiduity and diligence with which you have devoted yourselves to the subjects which have been submitted to your consideration, on the harmony which has invariably marked your proceedings, and on the number of important measures which have been considered and matured by you in so short a space of time.

It was the duty of this the oldest Province of the Confederation, to set an example of moderation and mutual forbearance, between men of different creeds, races, and political opinions, of wisdom and dignity in the public councils, and of fidelity and devotion to our Gracious Sovereign, and our new constitution. I think I do not err in assuring you, that your conduct in all these respects will contribute very much to secure the success of the new order of affairs, inaugurated within this part of Her Majesty's Dominions.

The attention which you have given to the important subjects of colonization, agriculture and public instruction, has produced results more speedy and considerable than I had dared to hope; and should it have for effect to retain upon the soil of their country, any number of those who otherwise might have been disposed to abandon it, your efforts will be well rewarded.

Gentlemen of the Legislative Assembly,

I thank you for the liberality with which you have voted the supplies, and especially for your generosity in aiding the great distress existing in our sister Province of Nova Scotia. I at once transmitted to the Lieutenant Governor of that Province the sum which you were pleased to place at my disposal, and I am assured by him, that the people of Nova Scotia fully appreciate this token of your good will and sympathy.

Honorable Gentlemen of the Legislative Council,

Gentlemen of the Legislative Assembly,

I thank you for the kind expressions with which you have been pleased to receive the intelligence of my permanent appointment to the office I occupy.

Your kindness increases if possible my sense of the weighty responsibility which rests upon me, and my anxiety to neglect nothing in fulfilling the duties it imposes on me.

Before returning to your homes accept my sincere wishes for your welfare and that of your families.

The SPEAKER of the Council then announced that it was His Excellency's pleasure to prorogue Parliament, until the 2nd April next, and Parliament was accordingly prorogued until that date.

His Excellency then retired, accompanied by his staff—his departure being marked by the same honors as his arrival.

Extempore Preaching.—Extempore preaching is the only royal preaching. All sinners, from sovereigns to beggars, are more moved by it than by the best of Sunday morning essay reading. One sermon preached from a brief is worth three sermons read from a manuscript. We hope Congress will lay as high a tax on sermon paper as on whiskey—in conformity with Napoleon's rule, that the vices should be taxed high. Forty pages of sermon paper are a grave cloth which a fastidious pulpiteer wraps round the Gospel to bury it alive. Dr. Chalmers, and a few great men like him, have proved themselves able to make even a manuscript burn and glow in the pulpit. But, as a general thing, the life which dwells in a minister's manuscript is like the voice which dwelt in Balaam's ass—it requires a miracle to make it speak.—*Independent.*

To Preserve Flowers.—Flowers, at this season, when a tolerable bouquet costs from $1 to $5, are rather expensive luxuries; and it is well worth while to know all the devices of florists to keep them fresh as long as possible. Here is one, said to be practised by the Belgian florists, by which a bouquet can be kept in fair condition for a week or ten days: Change the water every other day; cut off, with sharp scissors, a quarter of an inch of the stems, and put a pinch of salt and a grain of saltpetre into the water. If very much faded, the stems may be put into hot water for a minute or two, or into high wines, Eau de Cologne, or ammonia.

New York, Feby. 25.—The Herald's St. Petersburg special says the Russian Admiral, serving in the Grecian Archipelago, demanded the Porte's Government to authenticate or disavow certain newspaper reports circulated in Turkey, to the effect that the officers of the Czar had afforded aid to the Cretan insurgents. The Grand Vizier replied that the official despatches of the Turkish Admiral contained no such charge, and that the newspapers were to blame.

London, Feb. 24.—A remarkable scene occurred at last session of the French Legislative body. The Chambers were engaged in discussion of the bill for the regulation of the press when M. Havin, of the Siecle, rose and said he had a document he wished to read to the members. It was the judgment of the Court, exonerating himself and M. Gurotte from the charges brought against them by the Government. The President interrupted M. Havin, and refused to allow him to proceed. M. Havin insisted on reading the document.

Much disorder and confusion followed, whereupon the President declared the sitting for the day dissolved. The Government members then retired and the Liberal members remained, boldly protesting against the arbitrary action of the President. They were finally expelled from the building by officers.

In the House of Lords this afternoon, at the beginning of the session, the Earl of Malmesbury announced that Lord Derby had tendered his resignation to the Queen on account of continued ill health, and that Her Majesty had been pleased to call upon the present Chancellor of the Exchequer, the Right Hon. Benjamin Disraeli, to form a new Cabinet.

Earl Russell and others expressed their sympathy for Lord Derby, and hoped he might recover from his illness, and resume his post at the head of the Ministry.

In the House of Commons, the announcement of the resignation of the Premier was made by Lord Stanley, and was responded to by Mr. Gladstone, who with much delicacy and feeling expressed his sorrow for the cause which compelled the noble Lord to resign his high office. The transaction of all business was postponed until Friday next.

IMPORTANT FROM WASHINGTON.

THE ARMY TO OBEY ORDERS FROM GENERAL GRANT ONLY.

THE IMPEACHMENT VOTE PASSED BY 128 TO 47.

UNUSUAL ACTIVITY AMONG THE MILITARY.

GREAT EXCITEMENT IN WASHINGTON.

New York, Feb. 24.—The Herald's special intimates that the President is disappointed at the turn affairs have taken.

General Thomas was not up to the emergency, and made a serious blunder in allowing Mr. Stanton to remain an hour in the War Office after notification of his removal.

The grand army of the Republic, it is said, will sustain Congress and Mr. Stanton.

The Times' special says: The President will to-day apply to the Supreme Court for a quo warranto requiring Mr. Stanton to show why he holds on to the office. If the Court decides in favor of Mr. Stanton, the President will then carry the case to the United States Supreme Court.

General Emery, Commandant of the Department of Washington, to the enquiry of the President, replied, that the Senate required him to obey orders received only through the proper military channels.

So far as can be learned, the army as yet recognize Mr. Stanton, notwithstanding that the President has notified General Grant, and through him the army, of Mr. Stanton's removal.

The Tribune's special says: General Grant has issued an order to the commander of posts that all orders to the army must pass through him, and that orders emanating from any other source must not be obeyed.

New York, Feb. 24.—The Commercial's special says the President is preparing a message explaining that his action has been for the purpose of vindicating, by legal method, his constitutional privileges; but the Republicans say it is too late, and demand his removal.

Washington, Feby. 24, 8 p.m—The impeachment resolution passed in the House at 5 p.m. The President received the news calmly and said he was prepared for this act of his enemies. The resolution was adopted by ayes 128, nays 47, a strict party vote. Most intense feeling prevails.

The hotels are crowded with excited crowds, and all manner of rumors are flying, some declaring that the immediate and forcible suspension of the President will be attempted tonight or to-morrow, and that 100,000 revolutionists in arms would be at the command of Congress to-morrow morning. The city is filled with strangers and there is unusual activity among the military.

Washington, Feb. 24.—The President, today, nominated to the Senate, Thomas Ewing, senior, who is to be Secretary of War in the place of G. M. Stanton, removed. He also sent to the Senate an Executive communication in reply to the resolutions recently passed by that body, arguing and insisting that he not only had the right under the constitution and tenure of office bill to remove Mr. Stanton, but also to appoint a Secretary of War.

The excitement continues, and the impeachment question is the general theme.

The Senate adjourned a short time before the vote was taken, and the members of that body came into the hall in good season to hear the yeas and nays called, and the result announced.

The reception at the Executive Mansion tonight was more largely attended than on any similar occasion during the season.

The President did not seem disturbed by today's action of the House of Representatives; but received many of his friends in his usual manner.

Among the visitors were Attorney General Stanberry, Secretaries Seward and McCulloch, and Postmaster General Randall.

New York, Feby. 24th.—The excitement in this city has been intense all day, and all sorts of absurd rumors have been circulated, such as that the Governor had proclaimed martial-law in the city, that the Mayor had placed the militia under arms, that troops were to be enrolled to sustain the President, that the Loyal League Club would raise men to support Congress, &c. At a late hour to-night the excitement was unabated. Immense crowds had congregated around the boards displayed before the newspaper offices and displayed by calcium lights. The fact that the House had passed resolutions of impeachment caused no surprise, and was generally received with cheers. Each faction is loud in its denunciation of the other. Disturbances are consequently taking place around the drinking saloons, and the police force on duty has been increased.

Mass meetings have been called for to-morrow afternoon by each political party. The supporters of the President meet at the City Hall Park; the supporters of Congress meet at the head-quarters of the Union League rooms.

Despatches from different points throughout the country show that the news of the impeachment is receiving general approbation by the Republicans, while the Democrats bitterly denounce the act as a reckless party measure.

GREAT EXCITEMENT IN NEW YORK.

New York, Feb. 25th.—Despatches received indicate that the passage of the impeachment resolution has caused profound sensation in the South, and is the subject of much discussion.

The Herald's special says:—General Wade is reported to be already selecting his cabinet with Sumner, for Secretary of State; Schenck, Secretary of the Treasury; Farnworth, Postmaster General; Howard, of Michigan, Attorney General; Stanton, to remain as Secretary of War and Vice-Secretary of the Interior.

The Times' special says: It is probable that the Impeachment Court will be re-organized as early as Wednesday.

Reading, Pa., Feb. 25.—One hundred guns were fired here to-day, in honor of the impeachment movement.

Washington, Feb. 25.—Considerable interest is manifested in the result of General Thomas' case before the Supreme Court of this district to-morrow, and various speculations have been indulged in to-day regarding it.

Washington, Feb. 25.—The House Committee entered the Senate Chamber to-day at 1.15 p.m., and formally impeached Andrew Johnson, President of the United States, for violation of the laws and malfeasance in office. The Senate nominated a committee of seven to make arrangements for the trial of the President. While impeachment appears inevitable, several Republican Senators are very desirous of obtaining the opinion of the Supreme Court on the constitutionality of the tenure of office bill before any definite action shall be taken. The President declares he is willing to go before the country on his last message respecting the ground for the removal of Stanton.

Havana, Feby. 25.—Advices from Mexico, received here, state that the Mexican Government has recognised the English and Spanish debts, and that a sinking fund has been created for the redemption of the converted bonds.

New York, Feby. 26.—The Herald's special says a remarkable lull in the bellicose excitement of the past few days is noticed throughout the city to-night. The struggle for the possession of the War Department promises to settle down into a result of a tamer character even than a law suit, and the whole matter is swallowed up in the more important matter of impeachment.

The Tribune's special says the feeling in favor of impeachment grows stronger. The question to be settled in regard to the last offence of the President is whether he is guilty of mistaken construction or intentional violation of the laws. The room for doubt on this hand would seem to be small.

Secretary Stanton to-day made a requisition on the Treasury, which, after some hesitation, was honored.

The World's special says Gen. Thomas will waive an examination before Judge Carter; allow himself to be committed; sue out a writ of habeas corpus, and thus bring the Tenure of Office Bill before Chief Justice Chase at once.

IMPORTANT NEWS.

EARTHQUAKE AT ST. THOMAS.

Havana, Feb. 22.—The latest arrival from St. Thomas brings intelligence that slight shocks of earthquake had occurred.

Advices from St. Domingo confirm the report of the capture of the capital by the Baezists.

General Laperon has sailed from Turk's Island, with an expedition to attack the city of St. Domingo, and a counter-revolution against Baez is apprehended.

The Herald's Havana special says that another battle had been fought in Yucatan, in which the rebels were defeated.

The people of St. Croix were anxious for annexation to the United States, and a revolution was threatened if they failed in their object. An editor had been arrested for circulating a petition for annexation.

President Cabral, of St. Domingo, had fled to Venezuela with his Cabinet. The southern forces had entered the capital.

Thirty deaths daily were caused by cholera in St. Domingo city.

STILL LATER.

The revolutionists in Yucatan hold possession of the town of Transal, which was besieged on the 12th inst. General Alatorra expected the place to capitulate on the 13th.

A number of leading rebels, who escaped from Sisal in the schooner, were driven ashore by two of Juarez's gunboats, who gave them battle. The parties escaped to the interior.

A PETROLEUM PRINCE.

Just before the advent of the oil fever, John W. Steel, a plain young man, clad in sober homespun, was able by assiduous toil to eke out a rather scanty existence on a few acres of unpropitious land, left to him by his father, on Oil Creek, Pennsylvania. A little grass, a few oats, a thin show of rye, a half-dozen of scrawny swine, two or three lean cows, a rickety cabin to keep out the rain, and an aged mother with a right of dower in these scrubby, stony acres, constituted the sum total of John's earthly hereditaments. Though to bring the year around by dint of honest labor and homely fare was the widest limit of John's hopes, nevertheless he was healthy and happy.

One dismal day somebody struck oil in his immediate neighborhood. His paternal acres were examined by speculators, and experienced eyes saw sure indications of the treasures bubbling below. A well was sunk, and instantly an oleaginous stream gushed out in bewildering profusion. Thereupon, the land which he, at any time since he came of age, would gladly have sold for $5 per acre, shot up to $250, $1,000, and kept ascending. Some sharp friend told John not to dispose of the fee, but to lease the land on a royalty. He did so; and, as well after well went down on the Steel Farm, his royalty kept rising, till, in a marvellously short time, it reached the fabulous figure of $2,000 per day; and that, too, not in delusive certificates of stock in some shadowy Company, but in veritable greenbacks, issued by the United States.

John was now a Petroleum Prince, with an indisputable title. With such a revenue, of course, the Steel Farm, spouting unsavory slime, and dingy with the smoke of a score of engine fires, was no fit domain for his residence; and so, while his lessees continued to bore for more oil, off he hied to Philadelphia, where he could spend his money in a right royal way.

Amazing and amusing were the stories told two years ago, when the petroleum excitement was at blood-heat, of Prince John's style of living; of the long train of retainers he kept about him; of the bountiful dinners he gave; of his sumptuous lodgings—he, on set occasions, hiring a whole hotel for his revels; of his costly carriages, luxuriant garments, brilliant jewels, choice wines, aromatic cigars, and his horses, dogs, and rare quadrupeds of various species, and more than all, his bipeds, who bled him like leeches. John was liberal, and paid all the bills of "self and friends." He didn't care where the money came from, and he didn't know where it went to. He was fast from the start; and he soon got so fast that his current income began to grow weary and couldn't keep up with him, and so he ran into debt. He mortgaged his royalties, or, in princely phrase, pawned his crown jewels. By and by the flow of oil, the source of all his pleasures, and the fountain which had so long filled his coffers, began to slacken. Where it once poured, now it only dripped.

His sunshine friends, having sucked him dry, one by one fell off; and step by step he began to descend the golden ladder which he had climbed so high, till he landed on the seat of an oil waggon, and took the reins as a common laborer to earn his daily bread. But he could not drive away from his debts; and last week, at Pittsburgh, John W. Steel made the final leap, plunging into the Bankruptcy Court and dragging after him a long schedule of more than one hundred thousand dollars, redolent of stable bills, cigar bills, wine bills, board bills, tailors' bills, and all imaginable kinds of spendthrift bills.

What a moral does this lesson teach to young men! How instructive to all, whether young, middle-aged, or old! How few are they who, when unexpected fortune leaps upon their shoulders, will not allow it to ride them like the Old Man of the Sea. With one grain of common sense, Steel might have lived even extravagantly and now been a rich man. It is well as it is. Happily, not once in a decade of years does our country furnish an illustration so conspicuous as this of the bane of sudden wealth. But, on a smaller theatre, hundreds of young men in our gay city are to-day enacting the same *rôle* as that which destroyed John Steel—Young Rapid, on the Road to Ruin.—*New York Sun.*

Regulating Watches.—The new observatory at Neufchatel in Switzerland has rendered good service to chronometer makers by enabling them to regulate their watches with more exactness. Prizes are now given to those makers whose watches approach nearest to perfection. A marine chronometer lately tested for two months gave 0.164 of a second as the mean variation from day to day. The improvement in common watches during five years will be seen by the following table of mean variations in 24 hours:—

In 1862, the mean variation was 1.61 sec.
In 1863, the mean variation was 1.28 sec.
In 1864, the mean variation was 1.27 sec.
In 1865, the mean variation was 0.88 sec.

More than three-quarters of the chronometers observed in 1866 gave a mean variation per day of less than half a second.

—A "real image" stereoscope has been produced in Paris. In the ordinary stereoscope the observer places his two eyes opposite two lenses, and sees the virtual image of two pictures apparently at the same place. In the "real image" stereoscope the observer stands about two feet from the instrument and looks at a frame containing a single large lens. He then sees—just in front of the lens—a real and inverted image of each of the two pictures, the union of which forms the appearance of a solid figure or "ghost" in the air between himself and the apparatus.

OLEUM-KALAMOS.—George Thompson, Esq., Grocer, Upper Town, Quebec, writes as follows:—Messrs McLean & Co:—Your Oleum Kalamos has wrought a miracle upon the person of an acquaintance of mine, (Wm. Jackson, of Toronto,) whom I met last summer at the salt water. This gentleman was a cripple from the effects of rheumatism. No man could have been more deformed—In fact his limbs were so contorted, from the effects of the disease, that the physicians canterized one of his legs from the ankle upwards and blistered the limb thus canterized, but without any beneficial results. I advised him to try one bottle of your Oleum Kalamos, which he did, and was relieved. He tried a second and a third, and when last I met him, he was well, and on his way to Toronto with four bottles of the Oleum Kalamos in his pocket, as a provision against a future attack. It is quite a favorite remedy in my own family, for colds, coughs, sore throat, and rheumatism.—GEORGE THOMPSON.—Quebec, 24th Oct., 1867. Sold every where.

Ayer's SARSAPARILLA

THE WORLD'S GREAT REMEDY FOR

SCROFULA AND SCROFULOUS DISEASES.

From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known firm of Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as anybody's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sawin, Houston St., N. Y.

DR. AYER: I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars' worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as anybody. Being in a public place, my case is known to everybody in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunckhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle and was well when we had finished the second. The child's eyelashes, which had come out, grew again and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis*, and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER—My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness,

are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

PLEURISY.

Another of the respectable citizens of Quebec, Canada, has voluntarily addressed the following to W. E. Brunet, Esq., Druggist, &c., Pont St. Roch Street Quebec:

It affords me great pleasure to inform you that I have been completely cured of a very severe Pleurisy, which I had neglected, and by the use of only three bottles of the **Bristol's Sarsaparilla**, which I bought at your establishment in Vatier Street.

I am, dear sir, very truly yours,
J. B. ALEXIS DORVAL,
Inspector of Timber

HOME EVIDENCE.

Mr. R. DUGAL, Chemist and Druggist, Crown Street, Quebec:

Sir,—I send you the following certificate attesting the efficacy of BRISTOL'S SARSAPARILLA:

RESULT OF A SLOW FEVER.—I certify that on the 19th March, 1860, my son, nine years old, was obliged to keep his bed from the above sickness. I employed the best doctors, who took him under their charge for two years, without affording relief. Last spring I commenced to give BRISTOL'S SARSAPARILLA, and from the moment he began taking the remedy a rapid improvement took place, and at present he can walk with facility. I therefore advise all persons suffering with similar maladies to try BRISTOL'S SARSAPARILLA.

DR. BUCHAN'S SUGAR-COATED SARSAPARILLA PILLS.

It is a well-known fact that Sarsaparilla is the greatest purifier of the blood in the world. Keep your Blood pure!—your Bowels regular!!—and defy the doctor!!! These Pills strike at the root of each disease, and are for the cure of every ailment incident to Man, Woman, and Child—such as Eruptions on the Skin, Indigestion, Bilious, Liver and Stomach complaints, general Weakness, Gout, Rheumatism, Lumbago, Pains in the Limbs, Headaches, Sore Throats, and every complaint caused by irregularities of the bowles, obstructed perspiration, and deteriorated and unhealthy blood. These Pills work their way to the very roots of each disease, cleansing in their passage, especially where mercury has been taken, and removing every unhealthy accumulation till the blood is purified, the whole system renovated, and all the functions acting according to nature; the duties of life become a pleasure, where before they had been sad and weary burdens. Do not hesitate! do not delay! a clean stomach must make a clean body. A clean body will contain pure blood; when the stomach, body and blood are pure, from regulating and cleansing the bowels, health is certain. Begin at the beginning, waste no time; strike at the root of your ailment. Again, I say, look to your stomach. One trial of these Pills will force conviction.

THE PRIZES INCLUDE

The right to select a valuable Work of Art from one of the Public Exhibitions;
Statuettes in Porcelain,
Medallion Inkstands in Bronze,
Silver medals of Sir R. Westmacott, R.A., and other Works, all produced exclusively for the Society.

An Artist's proof of the plate may be had for Five Guineas, with Five Chances in the distribution; or a Letter Proof on India, with two Chances, for Two Guineas.

The Art-Union of London was established to promote the knowledge and love of the Arts, and their general advancement in the British Empire, by a wide diffusion of the works of native artists; and to elevate Art and encourage its professors, by creating an increased demand for their works, and an improved taste on the part of the public. It is under the direction of a Council of the Members, whose services are honorary, and four of whom retire from office every year.

Every Member for each Guinea subscribed, is entitled to—

I. One chance in the distribution of prizes at the annual meeting on the last Tuesday in April.

II. An impression of one or more plates produced exclusively for the Society; admission for himself and friends to the General Meeting and to the exhibition of prizes; and the annual report with list of Members, and almanack.

Numbers are not put on the subscription-receipts, because, as there must always be necessarily many receipts left in the various Agents' hands undisposed of, it would be very difficult to ensure the the proper numbers, *and no others*, were put into the drawing. The names are numbered in regular order a few days before the General Meeting, and any member may learn his number by stating the letters on the corner of his receipt.

EXTRA CHANCES.—Any Member having paid his subscription for the current year, and wishing to have one or more extra chances in the next distribution of prizes—but without another print—may have one such extra chance for every half-guinea subscribed for that purpose, for which a separate printed Receipt will be given.

WORKS OF ART IN LIEU OF PRINTS.—A bust, statuette, or other work, may be had instead of the print, by additional payment. Payments in different years may be combined with a view to obtain one of these works; provided always, that at the time of the first and every subsequent payment it be expressly stated at the office that such payment is made for that purpose.

PAYMENT IN ADVANCE.—A subscription for ten years in advance, entitles to a porcelain bust, or a tazza in iron, or one of the medals executed for the Society in Silver; in addition to the annual advantages attached to the Subscription.

TEN GUINEA PRIZE.—Any Member who has subscribed Ten Guineas in successive years, ending with the current year, without gaining a prize of any kind in that period, shall be entitled to one of the porcelain busts as a special prize. An accidental omission of payment for one or more years may be made up at any time by adding to the current year's Subscription.

Members have the option of taking, instead of the print of the year, any of the following, viz.:—

THE SURRENDER OF CALAIS;
OR
A WATER PARTY;
OR
A LABOUR OF LOVE,

With any one of the following EXTRA WORKS, viz.:

Woodcuts from Milton's L'Allegro;*
" " Byron's Childe Harold;*
Illustrations in outline from Pilgrim's Progress;
Illustrations in outline from Events in English History;
Illustrations in outline or The Seven Ages of Man;
A ruled bas-relief of The Entry into Jerusalem;
Or a ruled bas-relief of Christ led to Crucifixion;
Or two of the following prints, or one with one EXTRA WORK, viz.: The Villa of Lucullus; The Burial of Harold; The Clemency of Cœur-de-Lion; The Piper; or, Come Along; &c., &c., &c.

* Or one volume of woodcuts and one set illustrations in outline.

Subscriptions to the *LONDON ART-UNION* will be received, by the undersigned, Honorary Secretaries for Quebec. As the list will be closed on the 1st of March, all parties who wish to subscribe will please send in their subscriptions before that date.

BRISTOL'S

(Vegetable) SUGAR-COATED PILLS.

PURELY VEGETABLE.

THE need of a safe and perfectly reliable purgative medicine has long been felt by the public; and it is a source of great satisfaction to us that we can, with confidence, recommend our BRISTOL'S SUGAR-COATED PILLS as combining all the essentials of a safe, thorough, and agreeable Family Cathartic. They are prepared from the very finest quality of medicinal roots, herbs, and plants; the active principles or parts that contain the medicinal value being chemically separated from the inert and useless fibrous portions that contain no virtue whatever. Among those medicinal agents we may name PODOPHYLLIN, which has been proved to possess a most wonderful power over the LIVER, and all the bilious secretions. This, in combination with LEPTANDRIN, and other highly valuable vegetable extracts and drugs, constitutes a purgative Pill that is greatly superiorto any medicine of the kind heretofore offered to the public. Bristol's Vegetable Sugar-Coated Pills will be found a safe and speedy remedy in all such cases as Piles, Headache, Jaundice, Bad Breath, Foul Stomach, Loss of Appetite, Liver Complaint, Habitual Costiveness, Dyspepsia or Indigestion, Heartburn or Flatulency, Dropsy of Limbs or Body, Female Irregularities, and all other diseases of the Stomach, Liver, Bowels, and Kidneys.

In diseases which have their origin in the blood, Bristol's Sarsaparilla, that best of blood purifiers, should be used with the Pills; the two medicines being prepared expressly to act in harmony together. When this is done faithfully, we have no hesitation in saying that great relief, and in most cases a cure, can be guaranteed when the patient is not already beyond human help.

For general directions and table of doses, see the wrapper around each phial.

For sale in the Establishments of Messrs. W. E. Brunet, druggist, J. E. Burke, druggist; Ed. Giroux, druggist; J. B. Martel, druggist; and John Musson & Co., druggists. Also, by all respectable Druggists.

The New French Remedy.

By Royal Letters Patent, under the special sanction of Her Majesty's Government and the Chiefs of the Faculté de France.

THERAPION:—or CURE OF CURES This successful and highly popular medicament, as employed in the continental hospitals by Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed. Devoid of all *taste, odour* and *appearance* of medicine, it can be left or carried anywhere, and taken from time to time without exciting suspicion. Each package contains full instructions for every case.

THERAPION, No. 1, in three days only—removes gonorrhœa, gleet, and all discharges; effectually superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases. In dysentery, piles, irritation of the lower bowel, cough, bronchitis, asthma, and some of the more trying complaints of this kind, it will be found astonishingly efficacious, affording prompt relief, where other well-tried remedies have been powerless.

THERAPION, No. 2, for syphilis, disease of the bones, sore throat, threatened destruction of the nose and palate; impurity of blood, scurvy, pimples, spots, blotches, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of the sufferer's teeth; and ruin of health. Under this medicine every vestige of disease rapidly dissappears; and the skin assumes the pleasing softness of infancy.

THERAPION, No. 3, for relaxation, spermatorrhœa, and all the distressing consequences arising from early abuse, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated. To those who are prevented entering the marriage state by the consequences of early error, it will render essential aid by subduing all disqualifications, and restoring the lost tone to the system. Therapion may be procured at 11s., and 33s. per package, through all medicine vendors, or in £5 packages for foreign shipment, direct from London only, by which £1 12s. are saved: and £10 packages for the more inveterate cases, by which a still greater saving is effected. In ordering the above, the purchaser should state which of the three numbers he requires.

Her Majesty's Hon. Commissioners have graciously permitted the government stamp bearing the word "Therapion" in white letters, to be attached to each package; thus insuring the public against fraudulent imitations, and securing to the proprietor the sole right of supply throughout her dominions; and any infringement of which they will prosecute with the utmost severity.

AGENTS FOR ENGLAND,—Thomas & Co., 7, Upper St. Martin's-lane; Barclay & Co., Farringdon-street; Edwards & Co. and Newbery & Sons, St. Paul's church-yard; and obtainable through all medicine vendors in the known world, or in case of difficulty, by enclosing a draft or order for £5 or £10, according to the nature of the case, payable in London to Messrs. Thomas & Co., as above, a large package will be sent by return mail, carefully secured from observation or accident.

THE CAUSE AND CURE OF PREMATURE DECLINE,

Sold by all the Agents for Dr. De Roos' Medicine, or sent post free, secure from observation, direct from the Author, for 2s. 6d.

THE MEDICAL ADVISER, on the modern treatment of mental and physical incapacity, syphilis, stricture, &c.; with unfailing rules and prescriptions for the speedy cure, by very simple means, of all the more common diseases and supposed incurable maladies of the sexual system. By Dr. W. DE ROOS, M.D., &c., of the Ecole de Médecine, Paris.

REVIEWS AND NOTICES.

"The MEDICAL ADVISER, by WALTER DE ROOS, M.D., for the class of diseases upon which it treats, is undoubtedly the best and most soundly practical book which has come under our notice. The author is a man of most enlarged experience."—North of England Telegraph, June 29th, 1861.

"To those who contemplate marriage, its perusal is especially recommended."—Bap. Mag. "The knowledge it imparts must come some time, and happy they who do not possess it too late"—Politician. "Cure is certain in every curable case, and few indeed are they which are not so."—Med. Review. "It is calculated to effect a complete revolution in the treatment of these complaints."—Med. Gaz. "Simple and inexpensive, every sufferer may cure himself speedily, privately, and at the least possible cost."—Scalpel.

From long practical observation of the treatment pursued in the most famous institutions of this country and the continent, for those diseases referred to in the above work, the Proprietor has had somewhat unusual facilities for acquiring that uniform success which has hitherto characterized his practice, in which the distressing consequences resulting from the injurious employment of mercury, capivi, sarsaparilla, and similar dangerous medicines, are entirely obviated. Lasting benefit in these cases can only be reasonably expected at the hands of those who devote their chief attention to such diseases; and to such only can confidence be safely extended. Dr. De R. refers with pride to the numbers he has been instrumental in restoring to health and happiness; whilst to all who need such aid he offers every assurance of speedy restoration.

FOREIGN RESIDENTS can be successfully treated by correspondence, on sending the detail of their case; with a Bank note or Bill on a London house for £5 or £10, in order that a package of medicines to meet the exigencies of the case, may be sent out by next mail, thus avoiding the protracted suffering and unnecessary loss of valuable time, which must otherwise occur.

DR. DE ROOS' GUTTÆ VITÆ or LIFE DROPS; protected by Royal Letters Patent of England; Seals of the Faculté de France; Royal College of Prussia, &c.; have in numberless instances proved their superiority over every other advertised remedy for Spermatorrhœa; langour; lassitude; depression of spirits; irritability; anger; excitement, needless fear; distaste and incapacity for society, study or business; indigestion, pains in the side, palpitation of the heart; giddiness, noise in the head; impotency, impediments to marriage, &c. This medicine strengthens the vitality of the whole system, gives energy to the muscles and nerves, thus speedily removes nervous complaints, renovates the impaired powers of life, and invigorates the most shattered constitution. For skin eruptions, sore throat, pains in the bones, and all those diseases in which mercury, sarsaparilla, &c. are too often employed in vain, to the serious detriment of health, its surprising efficacy has only to be tested to be appreciated.

As these complaints if neglected become "chronic" or incurable, sufferers will do well before they waste valuable time in seeking aid from instruments, and other absurdities professing to supersede medicines; to make fair trial of a remedy, which, concocted on unerring scientific principles, cannot fail; and may be carried about the person, or left upon the toilet table, without exciting a suspicion of its nature. Price 11s., and four times the quantity at 33s. per bottle. The £5 packages, containing twelve 11s. quantities, by which a saving of £1 12s. is effected, will be sent from 25 Bedford Place, only, on receipt of the amount per draft on a London house or otherwise.

PAINS IN THE BACK, GRAVEL, LUMBAGO, GOUT, RHEUMATISM, DISEASE of the KIDNEYS, BLADDER, &c. DR. DE ROOS' COMPOUND RENAL PILLS are a most safe and speedy remedy for the above dangerous complaints, Discharges and Diseases of the Urinary Organs generally, which too frequently harass the sufferer over the best years of life, and end only in an agonizing death. They agree with the most delicate stomach, and in three days effect a cure when capivi, cubebs, &c., have utterly failed. 2s. 9d., 4s. 6., 11s. and 33s. per box. The superiority of these celebrated medicines over everything of the kind is universally acknowledged, and the extraordinary demand for them without precedent.

Many there are, who from natural diffidence or fear of discovery, would silently bear their afflictions rather than apply for aid to those from whom they may reasonably expect relief. With the above remedies the sufferer may, without the knowledge of a second person, cure himself speedily, privately, and at the least possible expense.

Sold wholesale by Barclay & Son, 95, Farringdon-street, London; Agent for Quebec, John Musson & Co., of whom also may be had "THE MEDICAL ADVISER," or should difficulty arise in procuring any of the above, enclose the amount by draft or otherwise, to 25, Bedford Place, Bloomsbury Square, London, W.C., and they will be sent securely packed per return.

CAUTION.—Sufferers should guard against the recommendation of useless imitations by dishonest vendors, who thereby obtain a larger profit. The genuine have the words "WALTER DE ROOS, LONDON," printed in white letters on the Government Stamp, by order of Her Majesty's Hon. Commissioners, to imitate which is felony.

THE MOST WONDERFUL PILLS IN THE WORLD,

ARE DR. DE ROOS' PILULÆ VITÆ OR LIFE PILLS. All sufferers from general nervousness, debility, low spirits, sleeplessness, harrassing dreams, unnecessary fears, mental irritability, failure of the mental and bodily powers, weakness of the nerves, noises in the head, giddiness, indigestion, rheumatism, pains in the back, and other symptoms of chronic disease, will hail with joy the discovery of Dr. De Roos' Life Pills, that speedily and almost magically remove pain and disease of whatsoever nature, restore cheerfulness of spirit and vigour to the mind, and strengthen all the organs on which health and life depend. They do not contain a particle of mercury, but are purely vegetable. They act mildly on the bowels, without pain or griping, impart strength to the stomach, promote a healthy action of the liver, thus preventing, or when present curing the jaundice and dropsy, clearing the skin, removing sallowness and pimples, purifying the blood, and marvellously invigorating the whole system. Females of all ages will find them invaluable, and should never be without them. For elderly people or when an occasional aperient is required, nothing can be better adapted. Owing to the great and increasing demand for these pills, and in order to protect the public from fraudulent imitations, Her Majesty's Commissioners have graciously permitted the proprietor to have his name, "WALTER DE ROOS, LONDON," impressed upon the government stamp affixed to each box. Sold by all medicine vendors in the world, price: 2s. 9d., 4s. 6d., 11s. and 33s. per box.

"As a Family Pill they are invaluable."—Dundee Times. "Persons of full habit should never be without them."—Surrey Telegraph. "For Females they are almost a necessity."—Ladies' Journal. REMARKABLE TESTIMONY!

Messrs. PICAULT & SON, Chemists and Druggists, No. 42 Notre-Dame Street, Montreal, have received the following testimony:

MONTREAL, C. E., *July* 31, 1863.

Messrs. Doctors Picault & Son.

Sirs,—This is to certify that for five years I was troubled with general debility, unable to perform any household duties, and suffering violently from palpitation of the heart. I was constantly under the influence of a chilly fever, and experiencing awful pain in my whole body. I tried every thing—sought medical advice—but all to no avail. Twelve months ago I was induced to try BRISTOL'S SARSAPARILLA, and before I had taken two bottles, experienced a decided improvement; but my means not allowing me to continue its use, I was becoming worse again, when you kindly gave me a few bottles. It was the needed remedy, and its effect on my system was wonderful. I am now another woman; I feel well, eat well, and sleep well, and do all my work without the least fatigue. I cannot too strongly recommend this invaluable medicine to the suffering, and I have not the least doubt they will derive from it the same benefit as I have.

(Signed) ANGILE DANIEL,
Wife of CELESTIN COURTOIS,
95 *Visitation Street.*

I certify the above is the truth.
CELESTIN COURTOIS.

Sworn before me this thirty-first day of July, 1863.
J. BOULANGET,
Justice of the Peace.

IT IS ASTONISHING!

Still another grateful letter sent to Messrs. DEVINS & BOLTON, Druggists, next the Court-house, Montreal:—

Dear Sirs,—For years I have suffered severely from liver complaint, constant pain in the side, no appetite, intense drowsiness, and a sense of suffocation, compelling me at times to remain in bed for three or four days. For two years I was constantly taking medicine, under the advice of two of our best city physicians, without getting any relief. By their orders I spent the whole of last summer in the country, but without benefit. Last March I was advised by a friend, who knew its virtues, to try **Bristol's Sarsaparilla**, but I had lost confidence in every thing, and was fearful of getting worse. At last I did try it; its effect was most beneficial: my appetite returned; the heavy drowsiness left me; and my digestion became vigorous and healthy. I used in all twelve bottles, and am now as strong and well as any man could desire.

You are at liberty to make my case known to the public.

Yours, very truly,
J. H. KENNEDY,
Grocer and Dealer in Wines and Spirits,
No. 160 St. Mary Street, Montreal.

BE IT KNOWN

What is said by one who has tried

BRISTOL'S SARSAPARILLA.

Messrs. DEVINS & BOLTON,
Druggists, Montreal:

GENTLEMEN,—It is with the most grateful feelings that I give you the particulars of the cure effected upon me by the use of the **Bristol's Sarsaparilla** bought from you. A severe and painful rheumatism had troubled me for years, rendering my right arm almost useless, and, extending across my chest and down my back, made me unable to walk, and comparatively helpless, besides much pain in the side, from what my family doctor called liver disease. Mr. KENNEDY, my neighbor, on whom the **Bristol's Sarsaparilla** produced almost a miraculous cure, advised me to try a bottle or two. I did so, taking, at the same time, as directed by you, a couple of **Bristol's Sugar-Coated Pills** occasionally.

I am now entirely recovered, free from pain of every kind, and feel as if I had taken a new lease of life. I can with confidence recommend the **Sarsaparilla** and the **Pills** to any one suffering with the same troubles.

MRS. CROSBY,
Dry Goods Store, St. Mary's St., Montreal.

READ THIS!

Still another of our well-known and highly respectable neighbors has come forward, under a sense of duty, and made the following statement:—

ST. CONSTANT, DIST. OF LAPRAIRIE,
May 25th, 1863.

Messrs. Devins & Bolton, Druggists, next the Court-house, Montreal:

Dear Sirs,—When I began using BRISTOL'S SARSAPARILLA, I had been for nine months suffering with rheumatism, and had completely lost the use of my legs, being unable to walk during four months out of the nine. The first bottle of BRISTOL'S SARSAPARILLA gave me great relief, and before I had finished seven bottles I was entirely free from pain, and able to walk as well as I ever could. You will confer a favor on many by making these facts public, which I shall be glad to confirm.

Very respectfully, yours,
THOMAS QUELLIAN.
