

ALLIES MAKE FURTHER GAINS ON SOMME FRONT; BULGARIANS REPULSED IN ATTACKS ON SERBIANS; SPREAD OF GREEK REVOLUTION IS REPORTED

Today's War Despatches Tell of Further Advances on Somme Front and of Repulse of Bulgarians in East. No Further Developments are Reported in the Attitude of Greek Government. In the Meantime the Revolutionary Movement Spreads With Venezelos at the Head.

FRENCH MAKE FURTHER PROGRESS

(Special, Canadian Associated Press) Paris, Sept. 29.—Further progress was made by the French last night between Fregicourt and Morval on the Somme front, according to a statement issued by the war office.

On the Salonika front the Serbians repulsed four Bulgarian attacks in Kaimakalan.

BRITISH TAKE STRONG POSITION

(Special, Canadian Associated Press) London, Sept. 29.—An attack by British troops on the Somme front early today resulted in the capture of a strongly defended farm, 500 yards southwest of Le Sars, the war office announces.

The official statement follows: "The night was quiet on the greater part of our front. The position, however, was not without interest. We have won north of Thiepval were heavily shelled. Our bombing parties were active in the neighborhood of the Schwaben redoubt and the Hesbain trench, parts of which are still held by the enemy. A strongly defended farm, 500 yards southwest of Le Sars, was captured by our troops early this morning. North of Ypres, two miles south of Bethincourt, and southeast of Bapaume, our aeroplanes observed a huge explosion, as if a large ammunition dump had blown up. The smoke ascended a thousand feet.

GREEK WARSHIPS WENT OVER TO REVOLUTIONISTS TODAY

(Special, Canadian Associated Press) Piraeus, Wednesday, Sept. 27, via London, Sept. 29.—The defection to the Revolutionists of the Greek warship, Hydra, in the small hours of this morning has caused great excitement in this Greek port. The Hydra, anchored under the guns of the Arsenal, last night, was silently boarded at 3 o'clock this morning by a party of men in civilian dress. The loyalist officer, second in command, was aroused from his bunk and with pistols at his head was forced with other loyalist officers to embark in a rowboat.

The commander, being a Venizelos readily surrendered to the boarders.

Two tugs were attached by tow ropes to the ship and as noiselessly as possible, she slipped her anchor chains and was drawn by the tugs from the company of the other Greek men-of-war. The tugs towed her to Salamis Bay where the allied warships are stationed. The minister of Marine stated today to the Associated Press representative that he regretted the incident as, while the perpetrators of it are unknown, owing to their attire, it was impossible to still the suspicion that they were not all of them Greeks.

"It is more to be regretted," added the Minister, "as it tends to lessen the prestige of the government at a moment when it needs all possible credit and unity to accomplish the difficult task before it."

Despatches from Athens on September 27 reported that the warship Hydra had joined the allied fleet.

ANOTHER SHIP SAID TO HAVE JOINED REVOLUTIONISTS

(Special, Canadian Associated Press) Athens, Thursday, Sept. 28, via London, Sept. 29.—A report that the battleship Kilkis has deserted to the revolutionists, has been received here but is denied by the Greek Ministry of Marine.

CONSTANTINE IS DEEPLY IMPRESSED

DEPARTURE OF ADMIRAL COUNDOURITIS HAS UPSET THE NAVY

Athens, Wednesday, Sept. 27, via London, Sept. 29.—The departure from Athens of Admiral Condouritis, besides causing a deep impression on the King, has completely upset the navy. The Greek battleship Hydra and two torpedo boats have left their anchorage with the Greek fleet and joined the Allied fleet in Salamis Bay.

The King called a conference of Premier Kalogeropoulos, General Monchopoulos, the chief of staff, Rear-Admiral Damianos, the Minister of Marine, and Nicholas Strathos, ex-Minister of Marine, at the Palace this morning to discuss the action to be taken in view of the silence of the Entente powers respecting Greece's proposal to join the Allies, made through the Greek ministers at the

ENTENTE CAPITALS TEN DAYS AGO. LOYALISTS TO RETURN.

Athens, Wednesday, Sept. 27, via London, Sept. 29.—The loyal officers and soldiers of the garrison in Crete, who are said to consist of a third of the Greek force on the island, have requested the Entente Allied consuls to provide means for their return to Athens.

The island of Mytilene has joined the Venizelist movement, all the local authorities having placed themselves under the "committee of national defense" established in Salonika.

RUSSIA HAS 420,000 PRISONERS

BRUSILOFF HAS MADE NOTABLE ADVANCE ON SERETH RIVER

Petrograd, Sept. 28, via London.—The Russian commander, General Brusilov, has pushed forward his extreme left during recent days to the highway running between Kimpoling and Maramoros Sziget, cutting that important Austro-German line of communication some miles above Kiriababa.

After a series of desperate battles the Russians succeeded in capturing a mountain overlooking the highway, which gave them an important strategic advantage. At the same time they took a range of mountains overlooking Kiriababa.

According to the correspondent of the Novoe Vremya, that town for the first time in the campaign is under the fire of the Russian cannon. Immediately to the north of this district the Russians forced ahead to the upper reaches of the Charny-Chernosh, where the stream bends southward to Kutly (Bukovina).

The extremely difficult mountainous country is offering every advantage to the defenders, and the advance has been made against tremendous odds.

A noteworthy success has been achieved by General Brusilov's centre in the neighborhood of Manouva and Kharbuzoff, villages on the Upper Sereth, where the Russians have made an advance in the face of strong German reinforcements, capturing 1,500 Austro-German prisoners.

A recapitulation of the prisoners and booty taken by General Brusilov's army, as sent out by the staff, shows a total, since the offensive began, of 420,000 officers and men made prisoners and the capture of 2,500 machine guns and mine throwers and 600 cannon.

GERMANS ADMIT SERIOUS SITUATION

SAYS IMPORTANCE OF ALLIED GAINS ON SOMME IS GROWING—DO ANYTHING TO STOP MUNITION FLOW.

Berlin, September 28, via London.—Major Morhart, the military expert of the Tageblatt, discussing the latest developments on the Somme front, contrasts the advance of the Anglo-French with the 1915 offensive against Russia. The French and British have gained about nine miles on the front of twenty-eight miles in three months, he points out, whereas the Germans and Austro-Germans gained forty-five to seventy-five miles.

He continues: "We should err in underestimating the effect of this tactical success of the enemy. It grows in importance in view of the bravery of the German troops defending Thiepval, and its importance is further increased because the Allied commanders probably assumed that a tactical success was hardly to be expected there since Field Marshal von Hindenburg appeared on the western front."

"The effect also lies in war psychology. In England one victory reinforces the arguments of the diplomats that the war is being prosecuted successfully. In France bent spines are again carried erect. But that is all. The momentary situation prevents a discussion of all the possibilities of the near future. I know not why our courage should become less than that of the enemy, who is carrying the burden of many defeats inflicted by Germany and her allies during two years."

Referring to the passage in the recent official statement from Grand Headquarters, that the Allies' success has been achieved through the aid of "the war industries of the entire world," Major Morhart says:

"If our Government has effective means in hand for hindering this military assistance from neutral states, it should not hesitate in applying it. The blood of our brave fighters on the Somme is too precious to justify us in not utilizing every means for diminishing the losses from the iron masses thrown by hostile artillery."

EXPLOIT OF "KING OF THE AIRS"

Shot Down Three German Machines Then Fell 10,000 Feet Himself.

AFTER MAKING MENTAL PICTURE OF HIS FUNERAL, LANDED SAFE AND SOUND IN HOME LINES.

(Special, Canadian Associated Press) Paris, Sept. 29.—Three German aeroplanes brought down in two minutes and thirty seconds by a stop watch is the latest exploit of second Lieut. Georges Guinemer. Incidentally Lieut. Guinemer, who is known as "King of the Airs" fell 10,000 feet but escaped unhurt.

Guinemer went to the assistance of a comrade who was hard pressed by five German machines. He brought down two of them within thirty seconds and then rising overtook a third which he shot down two minutes later. He was looking for the remaining German machines when a shell burst beneath him and stripped the left wing of his aeroplane of every stitch of its covering. He plunged giddily earthward.

"I gave myself up for lost," he said, "but after falling 5,000 feet I thought I would struggle all the same. The wind blew me over our lines and like a flash I had a picture of my funeral and all my good friends following the coffin. I continued to fall and the levers worked not budge. In vain I pushed and pulled to right and left. I made a last desperate effort all to no purpose and then I saw the field toward which I was dashing down. Suddenly something happened and my speed diminished. Then there was a resounding crash and a violent shock. When I recovered my wits I was in the midst of the fragments of my machine and practically uninjured. How I am still alive, I asked myself.

"I believe it was the straps which held me to my seat which saved me." On Sept. 16th, Lieut. Guinemer was credited with his sixteenth enemy aeroplane. A week later he was reported to have brought down his seventeenth and eighteenth. He was wounded in a fight in the air last March and in a subsequent fight was forced to descend between the French and German trenches but escaped.

GENERAL JOFFRE CONGRATULATES GENERAL HAIG

(Special, Canadian Associated Press) British Front in France, Sept. 29, via London.—General Joffre, Commander-in-Chief of the French Army, has sent a message of congratulation to General Sir Douglas Haig, Commander-in-Chief of the British forces in France and Belgium, on the recent British successes, in which the French general says: "Following on the continuous progress made by your armies since the beginning of the Somme offensive, these fresh successes are a sure guarantee of final victory over the common enemy, whose physical and moral forces are already severely shaken. The combined offensive has bound still closer the ties of the two armies."

Our adversary will find therein a proof of our firm determination to combine our efforts until the end to insure the complete triumph of our cause," General Joffre concludes, "I bow to those of your soldiers by whose bravery these successes have been achieved but who have fallen before the completion of our task, and I say you to convey in my name and in the name of the whole French army to those who stand ready for the battles to come greeting, Comrades and confidence."

BRITISH TOOK 600 PRISONERS

London, Sept. 29.—A fresh attack on the part of the British yesterday evening gave them the greater part of a German redoubt north of Thiepval and 600 prisoners; otherwise the troops of the Entente Allies in the region between the Somme and Ancre rivers in France, apparently, are taking a breathing spell and consolidating posts captured in the great offensive which began last Monday and has already netted them Combes, Thiepval and other strong along the twenty-mile front.

During the work of consolidating however, the big guns of the British and French are hurling tons of steel against the new positions the Germans have taken up, doubtless preparatory to another fresh attack with Bapaume and Peronne the ultimate objectives. The British advanced their lines in the region of Courcellette.

E. T. TELEPHONE ENQUIRY

Argument Opened Before Public Utilities Commission This Morning.

GENERAL AUDITOR OF COMPANY SAID 20 PER CENT. ADDITION NOT SHOWN IN BOOKS

The argument in the enquiry conducted by the Public Utilities Commission into the increased charge at Richmond and Coaticook by the E. T. Telephone company, opened this morning at the Court House, Col. F. W. Hibbard, K.C., presiding. Mr. Emil Palm, general auditor of the Bell Telephone Co., at Montreal, was called as a witness before the commencement of the argument. He said that he supervised the opening of the books of the E.T. company at the time of the amalgamation. The inventory of both plants showed their replacement values based upon a unit cost system. The total amount of plant entered in the books was \$108,810.61, representing \$59,064.49 for the Bell Co. and \$49,746.12 for the People's plant. Twenty-five per cent. was deducted for depreciation from the People's Co. plant and ten per cent from the Bell Co.'s plant. He believed it would cost \$150,000 to reconstruct the entire plant of the E. T. Co.

Questioned with regard to the 20 per cent addition witness said it was added by the attorneys to the physical values of each of the plants in order to establish an intangible asset or cost of establishing the business. "You can build your skeleton plant but you cannot go ahead and do business because you have no subscribers and have not advertised yourselves and this cost is assumed to be about 20 per cent. This twenty per cent is not a tangible asset and is not included in the books. The \$126,000 did not include this twenty per cent, which was merely added on to cover something which each company might afterwards claim they should be paid for but were not."

Sir Thomas Tait, of Montreal, who has been chosen as Director-General of National Service. He will have control of recruiting under the new system. He has been prominent in railway circles in Canada and Australia.

U.S. MOVING GERMAN SHIPS

(Special, Canadian Associated Press) Newport News, Va., Sept. 29.—Eight American battleships will convey the interned German cruisers Kron Prinz Wilhelm and Prinz Eitel Friedrich when they leave here tomorrow morning for the Philadelphia navy yard. Each of the cruisers will be under the command of an American naval officer. The transfer is being made because the Portsmouth yard is overcrowded.

ATTACK ON LLOYD GEORGE

(Special, Canadian Associated Press) London, Sept. 29 (Toronto Globe cable)—A bitter attack by the Morning Post on Lloyd George has stirred London. The Post's intimations of friction between civilian and army officials are considered unjustified and due to misapprehension and over-zealousness.

However, many believe it may serve a good purpose in throwing the light of publicity upon unpleasant rumors, widely spread, and clearing up the whole situation.

WEATHER REPORT

FAIR AND QUIET COOL TO-MORROW.

The pressure mentioned yesterday now covers the Ottawa and St. Lawrence Valleys, while pressure is highest in the Southwest States. Rain has fallen heavily in Ontario and Quebec. Elsewhere the weather has been fair.

Ottawa Valley and Southern Quebec—Fresh to strong, west to northwest winds, much cooler, clearing this evening. Saturday, fresh northwest to west winds; fair and quite cool.

KAISER WAR LORD OVER ALL

Hungarian Leaders See Loss of Independence to Germany.

STORM OCCURS IN HUNGARIAN HOUSE OF PARLIAMENT AS A RESULT.

(Special, Canadian Associated Press) London, Sept. 29.—(N. Y. Sun cable)—According to the correspondent of the Morning Post at Budapest, the speech of Count Michael Karolyi, leader of the opposition, in the Hungarian parliament on Sept. 20, was a vigorous protest against the ascendancy of the Kaiser over the governments of all the Teutonic powers, especially, of course, Austria-Hungary. Count Tisza, the Premier, is making great efforts to prevent this speech becoming known.

"Should the war end undecidedly," the correspondent says, Count Karolyi asserted, "And should the struggle of the belligerent groups be continued in fields political or foreign politicians and statesmen give us no guarantee that they can cope with the problem."

"Information I have received from the best sources is that the German Emperor has assumed the role of war lord not only over his own empire but over Austria-Hungary, Bulgaria and Turkey. I know they have transferred the high military command to the German Emperor."

Count Tisza, replying, said that the sovereign rights of the King of Hungary who is the Emperor Francis Joseph had been vested temporarily in the highest command, namely General headquarters and that this step was necessary for military considerations. Count Karolyi retorted that this meant his information was right and the only excuse for his drastic infringement of the laws was the aid age of the monarch, but this did not think necessary to state. The situation, he continued, "is that we have given up our only remaining fortress and our independence to a foreign power."

VENEZELOS HEAD OF REVOLUTION

Accepts Task of Organizing a Provisional Government.

DRAMATIC SPEECH ON RECEPTION BY PEOPLE OF ISLAND OF CRETE.

Canea (Crete), Sept. 29.—Former Premier Venizelos and Admiral Condouritis landed at Suda at three o'clock yesterday afternoon and were enthusiastically welcomed by the popular Cretan soldiers to the number of several thousand took part in the demonstration. The statesman and admiral motored to the barracks, where a great meeting was held. The troops stationed in Crete and the Cretan gendarmes lined the streets to the barracks and accorded military honors to the two leaders. As these arrived a regimental band played the National Anthem. Speeches were delivered by local leaders of the revolution, and amid enthusiastic cheering, the following resolution was passed: "That this meeting of Cretan people resolves that a provisional government be formed by M. Venizelos and Admiral Condouritis, with power to appoint a third member of their choice; that the provisional government be vested with full authority to organize the forces of the country with the object of joining the forces of the Allies and fighting by their side against all their enemies."

A dramatic speech by M. Venizelos followed. He accepted the mission, he declared, and added: "We express the wish that the Crows may even at this last moment accede to the will of the nation, so that it may enter the struggle united; but if our wish is not heard, we promise to devote all our energies to carrying out the mission with which we have been vested by you."

The great gathering received the reference to King Constantine in silence. Then ringing cheers were given for the Allies. Finally, when the name of Serbia was called, there rang out a salvo from 3,000 rifles in honor of Greece's ally. Venizelos and Condouritis took the salute as the regiment marched past.

The only incident of the revolution here occurred at Heracleon, where 100 followers of Michalidakis, a political opponent of Venizelos, barricaded themselves in two houses to resist the rising. Elsewhere in the island the revolutionary movement is complete. The fighting at Heracleon only lasted two days and there were very few casualties. About 2,500 men of the Fourteenth Infantry were stationed at Heracleon and on the outbreak of the revolution over half the officers and all but nineteen men joined the Venizelists. Twenty-five officers and the nineteen soldiers hastened to barricade themselves in the officers' quarters.

CANADA'S FIRE LOSS IN SEPTEMBER \$981,703.

(Special, Canadian Associated Press) Toronto, Sept. 29.—The Monetary Times' estimate of Canada's fire loss during September amounted to \$981,703 as compared with \$1,116,103 for the corresponding period of last year. The costly fires of the month were at Sarnia in September, a factory destroyed, \$300,000; a factory fire at Vancouver on the 11th, \$100,000, and a factory fire at Toronto, September 10, \$86,500.

There were only two fatalities from fire during the month.

LITTLE CHEER FOR GERMANS IN BOTHMANN-HOLLWEG SPEECH

No Prospect of Victory Advanced. "Allies Cannot Break Through" Only Hope Now. Attack on England, Italy and Roumania.

(Special, Canadian Associated Press) Berlin, Sept. 29.—Germany will persevere until victory is here, the Reichstag was told yesterday by Chancellor von Bothmann-Hollweg, according to the full text of his speech which was published here today. The Chancellor declared that this year's harvest had made Germany's position much more secure than was the case last year.

In his attack upon Great Britain, he declared that the country was above all Germany's most egotistical, fiercest and most obstinate enemy. "A German statesman," he said, "who would hesitate to use against this enemy every available instrument of battle that would really shorten the war—such a statesman should be hanged."

Concluding his speech the Chancellor exclaimed, "Germany will not be permitted to think of peace while her house is burning. She must first extinguish the fire."

After the Chancellor had concluded, the Reichstag adjourned until October 5.

The speech contained no peace proffers which he declared would be useless in view of the attitude of the Entente allies. There was no intimation in the speech either of a resumption of the submarine warfare.

The Chancellor announced in his firm determination to carry through inner reforms in the state organization which the great masses by their conduct of the war had earned and deserved.

The allies cannot break through the German lines on the Somme, Chancellor von Bothmann-Hollweg told the Reichstag. The German prime minister made a similar statement in regard to the eastern front. "The English and French, it is true," he said, "have achieved advantages. Our first lines have been pressed back some kilometres and we have also to deplore heavy losses in men and material. That was inevitable in offensive on such a mighty scale. But what our enemies hoped to accomplish, namely, break through on a grand scale and roll up our positions, has not been attained. The

"Here, too, the battle is proceeding," he said, "but just as surely shall we hold our own."

Referring to Roumania, the Chancellor said that the old King of Roumania had died as the result of mental excitement caused by the consciousness that Roumania had betrayed her allies."

The speaker said that the Entente confidently hoped that Roumania's entrance into the war would bring in its trail the secession of Turkey and Bulgaria.

"But Turkey and Bulgaria were not Roumania and Italy," he concluded.

Dr. von Bothmann-Hollweg

battle of the Somme will cost further sacrifices. Still another trench and another village may be lost but they will not get through."

In regard to the eastern front where, the Chancellor says, the Russians had renewed their offensive with heavy results, he predicted the same result.

"Here, too, the battle is proceeding," he said, "but just as surely shall we hold our own."

Referring to Roumania, the Chancellor said that the old King of Roumania had died as the result of mental excitement caused by the consciousness that Roumania had betrayed her allies."

The speaker said that the Entente confidently hoped that Roumania's entrance into the war would bring in its trail the secession of Turkey and Bulgaria.

"But Turkey and Bulgaria were not Roumania and Italy," he concluded.

TWO MILLIONS PAID PER MONTH

BEING PAID BY THE GOV'T IN SEPARATION ALLOWANCES.

Ottawa, September 29.—The Militia Department is now paying out two million dollars monthly in separation allowances. This heavy expenditure is due to the fact that a very large proportion of the Canadians at the front have left dependents. The payments from the Patriotic Fund account for another million a month, while the pension expenditure has reached a million and a half monthly before the recent heavy additions to the casualty list. These new casualties and the new scale of pensions determined upon last session will increase materially the expenditure under this head.

FIRE FOLLOWED MURDER IN N. H.

(Special, Canadian Associated Press) Mountain View, N.H., Sept. 29.—Mrs. Fred L. Small, wife of a Boston real estate broker, who was married in a fire which destroyed the small summer home at Lake Ossipee last night, was first strangled by a rope tied about her neck and beaten over the head, it was discovered when her body was taken from the ruins today.

BIG BATTLE ON NEAR LUTSK

London, September 29.—The Russians are engaged in a big battle between Lutsck and Vladimir-Volynski. Their attempts to advance in this region were impeded by repeated counter-attacks and the Teuton resistance was very stubborn. The Germans in their version of the fighting make elaborate claims, stating that heavy casualties were inflicted and 2,800 men captured. They also report that their lines have been pushed forward in Galicia.

Since Brusilov began his offensive he has taken 420,000 prisoners, 600 cannon and 2,500 machine guns and bomb throwers.

TRAIN BANDITS ARE AT LARGE

FIVE MEN BELIEVED TO HAVE FIGURED IN DETROIT HOLD-UP.

Detroit, Mich., September 29.—The robbers who held up the New York-Chicago express on the Michigan Central Railroad, ten miles west of here last night were still at large today. Government detectives and Detroit officers, at the head of posses that have been searching for the bandits, said no clues had been obtained.

One of the two registered mail pouches which were taken from the mail car was found today about 100 yards from where the robbers stopped the train. The pouch was slit and was empty.

It is believed that at least five men figured in the robbery.

Daily Reports From Correspondents of What is Going on in Various Communities

LAKE MEGANTIC.

Mr. N. Matheson and daughter Mildred are visiting relatives in Megantic, and are the guests of Mrs. D. P. Matheson at the Lake House.

There is to be a special meeting of the Ditchfield Council on Saturday to take into consideration and decide the incorporation of the roads in the united townships of Ditchfield and Spaulding. Hitherto the road work has been done by each individual across his farm, and at his own sweet will, and it is now sought to put an end to this practice.

There is to be a Thanksgiving service next Sunday, Oct. 1, at St. Barnabas' Church, Agnes, at 7 o'clock in the evening. The Rev. P. R. Roy, B.A., of Scottstown, will conduct the service. The collection will be in aid of the Widows and Orphans fund of the clergy of Quebec.

A new station building is being erected at the C.P.R. Ditchfield siding, which will have a waiting room and telegraph operator's room. This will be a great convenience to the residents of the district, as well as to the conductors and trainmen of the C.P.R.

Messrs. Poulin and Michaud, proprietors of the Grand Union Hotel, have dissolved partnership. Mr. Poulin continues on as proprietor, and Mr. Michaud has gone to Rimouski.

THERE'S satisfaction in having a Sunshine Furnace. You know that the coal you put in the big wide door will be turned into heat for the house.

What makes the Sunshine a coal saver? Two things:

1 THE STUDY—the science you might call it—that has gone into its design.

The air passages are wide, the radiating surface is large. The heat from the flames is spent before the fumes get to the chimney. This means more heat through the hot air registers.

The fire-pot, which is the main source of heat, is always kept clear of ashes that would prevent rapid conduct of heat from the burning coal to the radiating surface of the fire-pot.

2 THE WORKMANSHIP that produces a permanent "heat-tight" job.

The doors and dampers fit closely. When you shut off the Sunshine Furnace, the heat is held without burning up coal; and tight construction at every point directs the heat to the warm air flues and avoids the waste of coal.

Would it be wise to look for fuel-economy in any but a modern, dependable furnace like

McClary's Sunshine Furnace

When you are planning a heating system for your home, wouldn't you like to know what McClary's Sunshine will cost you? Well then, our Heating Engineer will be glad to give you this information. He will show you how to plan your heat distribution so as to get the most out of it. No, there is no charge. Simply write to him fully at the factory. Meanwhile, mail the coupon for our booklet "Sunshine."

WINDSOR MILLS MAN HAS CLOSE CALL

Windsor Mills, Sept. 29.—(Special) —On Wednesday afternoon Omer Emard, a carpenter, was at work fixing a frame in 10-ft. excavation at the extension at the Canada Paper Co.'s old mill. One of the workmen was wheeling a barrow load of rocks by the excavation when a rock weighing 125 lbs. fell off the barrow and rolled into the excavation, and struck Mr. Emard on the head. Help was at hand and Dr. J. A. McCabe was soon in attendance and found that although seriously injured, no bones were broken and the man was taken home and he is progressing as well as can be expected. It must have been a sliding blow or the man must have been instantly killed.

HATLEY NOTES

A large number took advantage of the fine weather on Tuesday evening to attend the annual harvest festival and chicken pie supper given by the ladies of the Methodist Church Aid. The principal speaker of the occasion was Rev. J. I. Hughes, of Centenary Church, Stanstead, a former pastor of the church in this place. The proceeds of the supper amounted to nearly \$40.

A successful meeting of St. James' Guild was held at "Brookbank" with Mrs. and Miss Bowen on Wednesday afternoon, a basket tea being served at the close, and followed by a social evening. Several of the ladies living at a distance from the village were conveyed to and from the Guild by Mr. P. C. Bowen, one of the honorary members, in his motor car.

Mr. A. L. G. Nichol, of "Brooklands," received a telegram on Wednesday afternoon calling him to Toronto, where his only sister, Miss Nichol, has been in a critical condition, due to a paralytic stroke, for several days.

Master Howard Giroux, eldest son of Mr. and Mrs. Archie Giroux, of Somerville, Mass., and grandson of Mr. W. E. Giroux, of this place, who recently underwent an operation for appendicitis at the Sherbrooke Hospital, has returned to his home, accompanied by his aunt, Mrs. W. B. Morrison (Mabel Giroux), of Saskatoon, Sask., who has been visiting relatives in the East for several weeks.

Pte. Ernest J. Drew, whose name is mentioned among the wounded in the casualty list of Wednesday, is a son of Mr. and Mrs. James Drew, who resided for a time in this place, occupying the lower flat at "Brookbank," when Mr. Drew was operator in the saw mill in connection with the Hatley Dairy, Light and Power Co.

Pettes, West Brome, at D. H. Ingalls' recently; Miss Evelyn Cook, Sutton, guest of Mrs. Lulu Drew; Mrs. Arnold Jones, Sherbrooke, visiting her parents, Mr. and Mrs. L. H. Harvey; Miss L. Drew, Montreal, spending her holidays with her parents, Mr. and Mrs. H. Drew; Mrs. Burwell, Boston, guest of Mrs. E. C. Drew.

Mr. D. H. Ingalls is moving to Scottsmore for the winter, instead of Sutton as formerly reported.

Mr. W. R. Ingalls is storing his household goods for the present. Mr. and Mrs. Robt. Childhouse, St. John, N.B., are the guests of Mr. and Mrs. S. Childhouse.

Mr. Thos. Bryce is doing extensive repairs on his house, which adds greatly to the appearance of his property. We are very sorry to report that the chicken thieves are still living. On one of their nocturnal visits Mr.

D. H. Ingalls was the loser of about twenty-five hens, and Mr. Earl Drew of about the same number.

COWANSVILLE.

Mrs. S. McClatchie, of Hemmingford, the guest of Mrs. Frank Tilson. Mrs. Geo. F. L. Fuller in Waterloo Wednesday, attending the funeral of her grandmother, Mrs. O. B. Kemp. Dr. and Mrs. Paintin, of Knowlton, calling on friends last Thursday.

Mrs. James Oliver, of Montreal, a recent guest of his brother, Mr. Adam Oliver.

Mr. Knight, of Beebe, a recent guest at Judge Hackett's.

D. R. MacKay, dentist, Cowansville, has resumed his practice for the winter months.

EASTMAN.

Friday and Saturday, Sept. 29th and 30th, Smith's High Class Motion Pictures, presenting all the latest New York pictures and Keystone comedy. Two hours of solid fun. Good music. Remember, two nights only. Come early to avoid rush. Commencing at 8.30 sharp.

PHILPSBURG.

Guthrie and Leon Guthrie attended the reception held for Mr. Victor Jenkins and his bride on Wednesday evening; Mr. C. S. Powers, and Miss Alice Powers, are the guests of Mr. and Mrs. John Denel. Mrs. Muriel Guthrie and Miss Shufelt were recent guests of Mrs. A. Nickle.

KNOWLTON

In the agricultural merit competition opened to the farmers of the province of Quebec under the act of the 52 Victoria, Chapter 20 and amendments, the following medals and diplomas were awarded in Knowlton: To L. R. and H. N. Whittman, gold medal, points 90.64; J. R. Kennedy, silver medal, points 91.10; A. T. Woodley, silver medal, points 90.67. Mr. and Mrs. F. A. Monk and family, who have been occupying one of Mr. J. H. McKewen's cottages during the summer season, have returned to Montreal.

The regular meeting of the W.O.T. U. will be held on the 10th of October instead of the 3rd.

Announcements have been received here of the marriage on September 20 of Miss Sarah L. Massey (late of Knowlton) to William George Colby, both of St. Johnsbury, Vt. After two days spent with her uncle, Mr. G. H. Massey, West Derby, and other relatives in Newport, they came to Knowlton, where a reception was held for them at the home of her mother, Mrs. Alonzo T. Bitts. Between forty and fifty relatives and friends gathered to wish her a long and happy married life, and presented her with a purse of about \$25. They will live at 5 Pine street, St. Johnsbury, Vt.

BROME NEWS

Mr. and Mrs. J. C. Pettes will be at home to all their friends October 2 from 2 till 5 p.m., it being the 50th anniversary of their marriage.

Owing to two unforeseen events the dances in the hall will be cancelled until further notice, thus there will not be a dance on Saturday evening, Sept. 30th, as heretofore announced.

Through the kindness of Mr. and Mrs. C. C. Jenne, their friends, who were not so fortunate as they in having an abundance of early apples and preserving crab apples, have been generously supplied gratis.

Buyers are offering 55 cents for 60 lbs. of potatoes at the car. As yet the writers have heard of no sales at that figure. Potatoes are a light crop in Brome.

Mr. A. A. MacMillan, of Macdonald College, was in town on Thursday en route for Knowlton, where he was going to visit the farms of Messrs. Williams and Pibus with a view to the purchase of pure-bred sheep. Mr. MacMillan says that the Sheep Breeders' Association have been doing good work throughout the sections where organized, causing keen competition and advancing the price of lambs and wool. Owing to inability to secure a car for the shipment made from Knowlton in the early part of September, there was some loss through shrinkage, which in the initiative stage of the association's work in this vicinity was not pleasing to any but the local buyers.

A "war-mission" will be held at Brome and Sutton Junction October 4th—12th, services as follows: Wednesday, October 4th, at St. John's, Brome: Holy Communion 8 a.m.; Mission service and address, 8 p.m.; Thursday, Friday and Saturday, the same; Sunday October 8th, Holy Communion and address at 11 a.m.; Sunday, October 8th at St. Aidan's Sutton Junction, Mission Service and address, 7.30 p.m.; Monday, Tuesday and Wednesday, the same at 8 p.m.; Thursday, October 12th, Holy Communion at 10 a.m., and address. Then the Mission will be held first in Brome and then in Sutton Junction. The conductor will be the Rev. James Alfred Osborne, rector of St. Columbas' Church, Montreal who held a similar course of services recently at Compton, Que. The Bishop has earnestly appealed for interest in the Mission which is being held at various times all over the diocese. All are welcome. Let Thanksgiving Season this critical year be associated with this Mission.

GRANBY

A box packed by the Red Cross Society for the month of October contained the following articles: 65 pairs socks, 15 shirts, 30 body winders, 70 T bandages, 330 surgical dressings, 20 pillow cases, 165 towels, and 38 packages folded gauze.

The community were greatly pained and shocked by the sudden and unexpected death of Mrs. Frank Sheridan, which occurred at her home on Tuesday night. The deceased whose maiden name was Mary Butler, was highly esteemed by a large circle of friends, who will miss a kind and true friend and neighbor. Her husband and one son predeceased her some years ago. Two sons, Messrs. John and Patrick, of Granby, and five daughters, Mrs. E. Bourbeau, Mrs. H. Monty and the Misses Sarah and Lillie of Granby and Miss Gertrude Sheridan, of Montreal survive, besides two brothers, Messrs. John and James Butler, of Sweetser, and two sisters, Mrs. Corcoran, of Warden, and Mrs. O'Rourke, of Rock Island. The funeral was at the R.C. Church on Friday morning and was largely attended by sympathizing friends.

LEGGE-CARROLL—On Wednesday, September 27th, at six p.m., in the presence of immediate relatives of the contracting parties, and an assemblage which filled St. George's Church to its capacity, Mr. Walter Legge, only son of Mr. and Mrs. Geo. Legge, of Granby, and Miss Blanche R. Carroll, daughter of Mr. and Mrs. P. L. Carroll, of London, Eng., were united in the bonds of Holy Matrimony, the ceremony being performed by the Ven. Archdeacon Longhurst. The Church was very prettily decorated with autumn leaves and flowers. Mrs. J. G. Fuller presided at the organ and to the stately strains of the Lohengrin bridal march the bride entered the church, leaning on the arm of her uncle, Mr. N. A. Meyer, who gave her away in the unavoidable absence of the bride's father, who is in England. The procession was led by little Miss Kathleen Carroll, sister of the bride, who looked very picturesque as flower girl. The bride looked charming in a gown of white Duchess satin and nixon, with train and pearl trimmings, white tulle veil, wreath of orange blossoms and a bouquet of orchids and lilies of the valley. The bridesmaid was Miss G. Meyer, who was attired in a gown of mauve satin and white chiffon, with pearl trimmings, a black velvet hat and carried a bouquet of roses.

The flower girl's costume was white embroidered muslin with pale blue ribbon and lace hat. Mr. J. Chas. Brown, of Quebec, acted as best man and the ushers were Messrs. Russell Bradford and Keyworth Cowley. There was a reception after the ceremony at the home of Mr. and Mrs. N. A. Meyer, Dufferin St., where refreshments were served in the conservatory, at which Misses H. Cowley, Florence Bradford and Stella Lynch assisted. The customary toasts were proposed and responded to and a number of congratulatory telegrams from distant friends read. The groom's gift to the bride was a gold wrist watch and to the best man and ushers, engraved cuff links. The bride's gift to the bridesmaid, a gold cobweb brooch, set with a turquoise and pearls, and to the flower girl, a pearl ring. The bride's going away costume was a golden brown broadcloth suit with brown velvet hat. The out-of-town guests included: Mr. and Mrs. W. R. Safford and Miss B. Safford, of Sutton; Mr. and Mrs. W. N. Fessenden, of Westmount, and Mr. and Mrs. J. C. Brown of Quebec. Amid showers of confetti and good wishes the happy couple left later in the evening for some destination not announced, but it afterwards leaked out that their car and baggage awaited them at Newport, Vt., from which point they will motor through the White Mountains to Portland and Boston. On their return from the wedding trip Mr. and Mrs. Walter Legge will take up their residence at 143 Denison Avenue, the house formerly occupied by Mr. A. J. Scale.

The presents were very numerous and included some beautiful paintings from the bride's father, from the Carroll Art Gallery in London, England, and a handsome cabinet of cutlery, from the employees of the Granby Consolidated Rubber Co.

The ladies of the Bedford Branch of the Canadian Red Cross Society hold their regular weekly meetings in the Town Hall every Tuesday afternoon. All wishing to help with this great work are cordially invited.

On Sept. 19 the Branch was visited by Miss Mary M. Phillips, Hon. Sec. of the Ladies' Committee, Provincial Branch, Montreal. The address given by Miss Phillips on the wonderful work of the Red Cross was listened to with much interest. In the course of her remarks she alluded to the sign of the Red Cross as the sign of love for humanity, supplementary aid to the Government. Red Cross stands for big things, etc. Also the great work done by the Information Department under the immediate care of Lady Drummond, Prisoners of War Dept., under Mrs. Rivers, Bulkley, its efficiency in rendering every possible assistance to the prisoners in Germany. The importance of the Charter Branches, being entitled to use the sign of the Red Cross. At the close of the meeting a hearty vote of thanks was extended to Miss Phillips, moved by Mrs. Chagnon and seconded by Mrs. Roy. The Rev. Mr. Hutchings gave a few remarks on Red Cross work.

The ladies of the Bedford Branch have closed a most successful year. The Bedford Branch being organized Sept. 8, 1914. The meetings have been held every Tuesday afternoon. The average attendance was twenty members. This Branch has made and forwarded to the Provincial Branch, Montreal, during the past year, 6 quilts, 7 pillows, 10 hospital caps, 44 bed pads, 17 khaki shirts, 181 hospital shirts, 242 grey flannel shirts, 94 comfort bags, 453 pillow cases, 588 slings, 267 face cloths, 264 hospital handkerchiefs, 48 towels, 815 pairs hand knitted socks.

The Bedford Branch of the Canadian Red Cross Society gratefully acknowledges the following donations: \$2.00 from Mrs. Wm. Pendlebury; \$1 from Mr. A. T. Walsh, of Richmond, Vt.; \$1 from Mrs. Jameson Palmer; \$1 from Mr. J. Douglas, of Irberville; \$1 from Mrs. S. A. C. Morgan; \$1 from Mrs. A. Batchelor.

At the regular weekly meeting held in the Town Hall Tuesday afternoon, Sept. 26, the present officers were re-elected for the ensuing year: President, Mrs. F. C. Saunders; Vice-President, Mrs. Ward; Secretary, Mrs. Z. E. Cornell; Treasurer, Mrs. T. Hunter. The ladies are giving a Red Cross dance on Thanksgiving night in Victoria Hall. Music by St. Albans Orchestra. The ladies appeal to the public with every confidence.

WATERLOO

It was a very pleasant function, when the choir of St. James' Church at Farnham, met at the rectory on Monday evening, Sept. 25th., and took tea. The tea was given in honor of Miss Lucia Graves, of Waterloo, who, for two years, had been organist and choir leader, but was now leaving, having been appointed organist and choir leader in her home Church at Waterloo. After tea Arch Deacon Naylor presented Miss Graves with a volume of Batiato's Organ voluntaries and Mr. A. E. Goff, read an address, as follows:

Miss Lucia Graves. We, the members of the choir of St. James' Church, Farnham, and others, have invited you to join us in this social supper in order that we may express to you in some measure, the esteem in which we hold you, the pleasure which we have had in your connection with us as our organist, and our thanks to you, for the help you have always been ready to give us. Since your coming to us in a time of much anxiety on our part, and since the beginning of your work with a choir practice on Saturday night, from the 27th of June, 1914, up to the present time, we do not know that any single incident has occurred. Certainly, not on your part, to break the steady flow of kind hearted, happy Christian intercourse and association together, you have been patient; you have been diligent; you have been punctual; you have delighted us with your expressive rendering of the services of the Church, you have won our admiration; and in addition, you have also won our affectionate Christian regard. In losing you from your part at the organ, we feel that we are losing a friend. You will always have the heartiest of welcomes if you come to visit us, as we hope you will, and we pray that God's richest blessings may rest upon you.

Signed:—W. H. Naylor, rector; A. Birch, A. E. Gough, Geo. H. Corbett, Mrs. F. Lapointe, Mrs. C. Williams, Mrs. J. Halliday, Mrs. F. Collins, Mrs. A. E. Gough, Mrs. A. Birch, Miss Walker, Gladys Wright, Elsie W. Dicker, Janis Lorimer, Gladys Hesse, Mrs. Naylor.

NOTES

Indigestion Resulted From Bad Case of Inactive Liver

Experience Proved That Dr. Chase's Kidney-Liver Pills Were Exactly What Was Needed

If every sufferer from indigestion would study his case as did the writer of this letter the great majority would find sluggish action of the liver and bowels to be the cause of trouble.

It is then an easy step to finding a cure, for there is nothing like Dr. Chase's Kidney-Liver Pills to awaken the action of the liver, kidneys and bowels. With these organs performing their natural functions the system is thoroughly cleansed of all poisonous waste matter and the process of digestion is no longer impeded.

Mrs. W. L. Jones, Hill Springs, Alta., writes: "I have often thought I would write and tell you how much I appreciate Dr. Chase's medicines, especially Dr. Chase's Kidney-Liver Pills. I suffered terribly from indigestion and did not know what was the cause. I got to

using Dr. Chase's Kidney-Liver Pills and was so improved that I began to study the malady. I found that the indigestion resulted from a bad case of inactive liver, and as soon as I got the liver working right, I didn't have any stomach trouble or indigestion, the nervous spells vanished and the 'blues' flew away. I am never sick now, but should the old trouble return, I know how to cure it quickly."

There is a whole host of derangements which disappear when the liver is set right. Biliousness, indigestion, headache, irritability, constipation are a few of the more common results of torpid liver action. By the use of Dr. Chase's Kidney-Liver Pills you can control all such disorders. One pill a dose, 25 cents a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

**Weak, Over-Worked, Exhausted Men
There is Still Hope for You**

Weakness, loss of flesh and exhaustion are primarily the result of impoverished, insufficient or vitiated blood, the vital liquid whose mission it is to carry to the whole organism, the elements necessary to the proper working of all the organs of the body.

Whenever the receipts of nutrition do not balance the expenditure caused by the growth and repair of the body, or by the waste caused by physical or intellectual over-work, the blood supply becomes diminished, its renewal too slow and its quality impaired.

Then, appear those wasting diseases, weakness and troubles of nutrition which, by undermining the vitality and power of recuperation of the issues and vital organs, lead to emaciation, weakness, anemia, neurasthenia and general debility.

In order to revive the drooping energies, to wind-up a run-down, jaded, exhausted, debilitated organism, it must first be supplied with what it lacks most, that is, a rich, pure, buoyant, revitalized blood which, in permeating all the organs will help to strengthen, up-build, nourish all the functional energies enabling the patient to struggle with success against loss of vitality and to overcome the diseases and weaknesses which are undermining his constitution.

As a blood-making tonic restorative, nothing equals the justly famous

NEVER MADE OFFER FOR GRAVEL PIT

Editor of Record.

Sir—I understand a report is floating around town that I made an offer of forty-five thousand dollars for the Brault gravel pit. This is entirely false. I never made an offer of any amount to the Braults for their pit.

Yours truly,
W. E. LOOMIS.

Sherbrooke, Sept. 29, 1916.

BAZAAR A SUCCESS.

The success of the great bazaar at the Stadium is now assured, as the members attending and the receipts equal those of former years. Yesterday afternoon the pupils of St. Charles Seminary were present in a body, with several of the professors, and at 5 o'clock supper was served and greatly appreciated, while the various games, etc., were well patronized. At 7 the usual banquet was served in the supper room under the auspices of the women of St. Jean Baptiste, East Sherbrooke. The attendance was very large, taxing the capacity of the tables and the staff to the utmost. The societies represented were the Union of St. Joseph, the Catholic Foresters, French-Canadian Artisans, the Alliance National and the choir of St. Jean Baptiste. Music was furnished during the evening by the Harmony Band, adding to the attractions of the fair. The entrance price last evening was a \$2.50 gold piece.

COLLECTIONS FOR DUCHESS' WAR PRISONERS FUND IN SHERBROOKE.

The public meeting at the Art Hall yesterday afternoon in connection with the united donations of the women of Canada to the Duchess of Connaught's Prisoners of War Fund was a fairly large and representative one. Miss White presided and called the meeting to order. The chairman suggested that the appointment of a committee to take the whole matter in hand would perhaps meet the wishes of the meeting, and Mrs. E.C. Fraser kindly consented to act as convener of the committee. Mrs. Fraser then took the chair, and the following officers were appointed: Secretary, Miss Cleely Hale; Treasurer, Mrs. Noel E. Brooks.

It was moved by Mrs. Bowen, seconded by Mrs. Jones, that Miss White be asked to assist the secretary in the publicity campaign. It was also moved and carried that the clergy of the city be requested to make a special mention of the appeal for contributions to the fund, in their churches on Sunday, and also that the wife of the Mayor of Sherbrooke and the wives of the Federal and Provincial members be asked to head the list of contributors. Mrs. F. Campbell and Mrs. E. C. Fraser were appointed to call on the ladies mentioned. Mrs. Bowen, president of the Patriotic Association, made a few brief remarks, saying that she thought every woman in Sherbrooke, as well as throughout Canada, would welcome this opportunity of giving expression to their loyalty to the Empire, through its representative, and would show their appreciation of the unfailing interest taken by H. R.H. the Duchess of Connaught in all matters pertaining to the welfare of Canada, while the object of the Prisoners of War Fund must carry its appeal to all.

Collectors were appointed for the city, who will begin their work on Monday next.

HAIG'S REPLY
TO GEN. JOFFRE

(Special, Canadian Associated Press)
British front in France, Sept. 29.—General Haig has replied to the congratulations of General Joffre as follows:

"Our brave dead whose blood has been shed together with yours on the soil of your great country, will prove a bond to unite our two peoples long after the combined action of our armies has carried the common cause for which they have fought to its ultimate triumph."

"The unremitting efforts of our forces north and south of the Somme added to the glorious deeds of our armies, unaided, before Verdun, have already begun to break down the enemy's power of resistance, while the energy of our troops and their confidence in each other increases from day to day."

"Every fresh success that attends our arms brings us nearer the final victory to which you and I look forward to with absolute confidence."

B. C. PREMIER
CABINET MAKING

(Special, Canadian Associated Press)
Vancouver, B.C., Sept. 29.—Premier Elbert Brewster is busy each day receiving delegations and deputations and discussing the formation of his cabinet. Mr. Brewster himself is mentioned for the finance portfolio and Mr. M. A. Macdonald is considered a certainty for attorney general. No official statement has been made however as to any of the positions.

Reports to date give the Conservatives eight seats: Trail, Similkameen, South Okanagan, Slokan, Nelson, Lilloet, Prince George and Cowichan. In addition there are seven or eight ridings which the Conservatives consider they have a chance of winning through the soldiers' vote. In two of these, Alberni and the Islands, Conservative candidates are serving at the front.

Friends of Premier Brewster say if he is not finally returned for Vancouver he will drop out of public life.

RUSSIAN
OFFICIAL REPORT

(Special, Canadian Associated Press)
Petrograd, Sept. 29, via London.—An official statement issued by the Russian war department says: "Western front: In the region of Boruny and Krevo southwest of Smorgon, our aviators made a raid on points in the rear of the enemy's lines. Bombs were successfully dropped at various places, causing explosions and fires among the enemy's stores."
"Bombs also were dropped on narrow railway stations and on motor car transports."
"During the raid an aerial fight took place as the result of which four German aeroplanes were brought down. One of our machines after a fight with two aeroplanes of the Albatross type fell in the enemy line. In addition we lost a machine of the Moran Parasol type."
"In the neighborhood of Gukalov the enemy, after an intense artillery bombardment of our trenches assumed the offensive. Being met by our rifle and machine gun fire he retired hurriedly to his own trenches."
"On the river Evstria in the region of Bogorodchan our scouts surprised three field sentries and defeated the enemy advanced posts, capturing in this operation several scores of prisoners, twenty rifles and 300 cartridges."
"On the rest of the front there was nothing of importance."

CITY NEWS

Miss Ruth Foster, of Lawrence, Mass., who has been visiting her sister, Mrs. W. H. Brent, Wolfe street, has returned home.

Pte. G. J. Jones, of the 117th Battalion, who has been ill for two months with pneumonia in the Sherbrooke Hospital, is sufficiently recovered to leave today for Montreal, where he will be at the Grey Nuns' Hospital until passed upon by a medical board. Pte. Jones hopes to be pronounced fit to join his regiment shortly.

Mrs. W. L. McSwiggan received last evening a telegram apprising her of the serious illness of her daughter, Miss Abbie McSwiggan, nurse-in-training at the House of Mercy Hospital, Pittsfield, Mass. Miss McSwiggan was taken with an acute attack of appendicitis and was operated on at once. Her parents are anxiously awaiting further news, which, it is hoped, will be encouraging.

The attendance at the opening lecture of the St. John Ambulance Division was so large on Tuesday, some sixty being present, that it was found necessary to form two classes to meet on different evenings. Dr. Lambly and Dr. Bayne will be in charge of the first aid and home nursing respectively, and the work will go on regularly, interest having greatly increased since the acceptance of the Sherbrooke graduates for the V.A.D.

ACCIDENT TO SHELL WORKER.
Maurice Beauchene, son of Mr. C. Beauchene, of the Sherbrooke Construction Company, crushed two fingers of his right hand while working on shells at Jencks' foundry yesterday. He was taken to the Sherbrooke Hospital and attended by Dr. Gordon Hume. He was able to leave the institution today.

PARTY OF ONTARIO BUSINESS
MEN WILL VISIT SHERBROOKE.

The President and Secretary of the Sherbrooke Board of Trade attended a conference at the Chambre de Commerce in Montreal yesterday in connection with the arrangements to receive a party of Ontario business men on a visit to the Province of Quebec.

The conference was attended by representatives from Montreal, Quebec and Three Rivers, the three cities which the party will visit besides Sherbrooke. The object of the visit is to create a better feeling between the two provinces.
The itinerary outlined at yesterday's meeting was as follows: A party consisting of fifty Ontario business men will arrive in Montreal Monday morning, Oct. 9, at 8.55 a.m. They will be met there by representatives of the four cities which they intend to visit, and these representatives, after being entertained by the city of Montreal, will leave with the visitors by special train Tuesday morning, about 10 o'clock, arriving at Three Rivers for lunch at noon, leaving Three Rivers 4.45 in the afternoon, arriving at Quebec at 7 p.m., leaving Levis Wednesday afternoon by special train about 2.30, arriving in Sherbrooke 7 o'clock Wednesday night. The party will leave Sherbrooke for Toronto Thursday afternoon.
A meeting of the Council of the Board of Trade will be held immediately to complete plans for entertaining the visitors in Sherbrooke, and it is expected that the City Council will be asked to take part in the reception.

WHEAT MARKET TAKES JUMP.
Chicago, Sept. 29.—Scarcity of offerings carried the wheat market today to the highest prices yet this season.

Opening prices, which ranged from 1c to 1c higher, with December at 15 1/2 to 1/2, and May at 15 1/2 to 1/2, were followed by sharp further gains and then something of a reaction.

MARRIAGES

HARVEY-PIERCE

(From White River Jct. Landmark.)
The marriage of Jessie Jane Pierce, daughter of Mr. and Mrs. Wilder W. Pierce, of this place, and Maurice George Harvey, son of James G. Harvey, was solemnized Monday at one p.m., at the home of the bride's parents, on Taft's Flat.

The Rev. S. H. Smith, of Bellows Falls, formerly pastor of the M. E. church here, officiated at the ceremony. The guests were limited, only a few personal friends and relatives being present. The bridesmaid was Miss Jane Nash of Brattleboro, a cousin of the bride, and the best man was John Harvey, brother of the groom. Miss Laura Merrill, of North Hatley, Que., another cousin of the bride, played the wedding march. The ceremony, consisting of the double ring service, was performed under an evergreen arch, amidst beautiful decorations of cut flowers.

The bride was gown in white crepe trimmed with taffeta and a white veil and carried a bouquet of white roses. The bridesmaid wore green chiffon taffeta and carried pink roses.

The wedding presents, consisting of china, cut glass, money, linen and silver, were many and very beautiful. Shortly after the ceremony Mr. and Mrs. Harvey left for a two week's wedding trip, the destination of which is unknown. Upon their return they will be at home to their friends at their residence on Taft's Flat.

HARPER-MONTGOMERY.

South Durham, Sept. 29 (Special).—On Wednesday, Sept. 27th was the scene of a very pretty wedding when Mary Emeline (Minnie) youngest daughter of Mr. and Mrs. Robt. Montgomery was united in marriage to Mr. Albert Thos. Harper, second son of Mr. and Mrs. Thos. Harper of Richmond, Grand Trunk ticket clerk of Montreal. The youthful bride who was led to the altar and there given away by her youngest brother, Mr. Mervyn Montgomery was daintily gowned in white satin-de-chine trimmed with white silk shadow lace, and wore a long tulle veil caught with orange blossoms.

She carried a beautiful bouquet of white carnations, roses, and maiden hair fern with streamers of narrow white ribbon. Her only ornament was a bracelet set with amethysts, the gift of the groom. The bridesmaid being Miss Elva Cross was prettily attired in Alice blue silk crepe-de-chine, trimmed with nixon, silk lace and narrow blue velvet ribbon and wore a blue felt clop hat trimmed with feathers and pearl ornament and carried a bouquet of white carnations and maiden hair fern.

The groom was supported by his brother Mr. Norman Harper of Richmond. The ushers were Messrs. Roland Montgomery and Clifford Johnston.
The ceremony was performed by the Rev. J. S. Dickson. The church was beautifully decorated with cut flowers and ferns.

At the close of the ceremony the wedding march was effectively rendered by the organist Miss Marion Watt. The bridal party followed by the guests entered the waiting automobiles and drove to the home of the bride's parents.

After the congratulations the bride and groom led the way to the dining-room where a sumptuous wedding lunch was served to about forty guests of the nearest relatives of the bride and groom.

The wedding cake the gift of the groom's mother occupied the centre of the table with streamers of white ribbon from the four corners to the centre of the room. The groom's gift to the bride was a pearl ring, to the bride a pearl stick pin, and to the organist a pearl brooch. The bride and groom were the recipients of many beautiful and useful presents consisting of cut glass silver, china, linen, clocks, furniture, and several cheques including a substantial one from the groom's parents.

The groom's mother presented the bride with a handsome diamond ring Mr. and Mrs. Harper left on the 4.31 train amid showers of rice and confetti for New York, Boston, Portland and other points of interest. The bride travelled in a suit of brown gartered cloth and white silk georgette blouse, with brown velvet hat trimmed with feather ornament, and wore a brown silk shadow veil.
On their return they will reside at 263 Fortness St., Montreal. Those who attended the wedding out of town were Mr. and Mrs. Thos. Harper, Mr. and Mrs. Wm. Anderson, Miss Jennie and Mr. Norman Harper and Little Gladys Johnston all of Richmond, Mr. and Mrs. Geo. Dowd and Mr. and Mrs. W. J. Montgomery and two little sons of Montreal.

A Peep Into Our Invoice Book.

"BUT are they really imported woollens?" Even yet occasionally we hear that skeptical query from a man who likes the look of our suits, but who can't believe that we can afford to put imported materials into them at such a low price. So we're going to let you have a peep into our invoice book—just to convince you of the import end of our service.

At this minute we have in our hands an invoice, dated July 24, at Bradford, England, showing 50 bolts of Blue Serge of Guaranteed Fast Indigo Dye, sent to us on the Steamer "Sicilian," Voyage No. 55. The invoice totals \$262 1/2 10d. On August 4, an invoice from the same city shows another importation of fine Blue Serge of absolutely fast indigo dye, amounting to \$650 18s 1d. On the steamer "Grampian" we had

eight bales of English and Scotch Worsteds and Tweeds, running into thousands of yards.
In fact, during August we passed entry on the following steamers—"Scandinavian," "Grampian," "Metagama," and "Sicilian," the duties amounting to more than \$2,500. So, we answer to the skeptical: "Yes, decidedly, our woollens are spun and woven in British lands, the home of the best woollens on earth."

A FEW FARM FOLLIES

Some Striking Pointers Sent by the
Lennoxville Experimental
Farm

The following is a list of fall follies all too commonly found on many farms. Read them over and see how many of them may be applied to our farm under its present condition.

Leaving gates open which should be closed before freezing up time.

Forcing horses to pick their living nights while doing the strenuous fall work.

Leaving dairy cows out in protracted cold, wet weather.

Leaving the plow in the ground when finishing the day's work. It may be frozen in next morning.

Allowing farm implements, not to be used any more this fall, to remain out in the weather.

Neglecting to make the most of the time with the plow while the weather is good.

Leaving roots too late to harvest for the sake of the small growth which they will make during a few extra days.

Attending too many auction sales when nothing is needed and much fall work is yet to be done.

Attempting to fatten pigs while running at large all over the farm. To finish them properly they must be confined in a relatively small pen or yard.

Allowing the brood sow to farrow in fence corner or in the woods, the weather cannot be depended upon and the litter may be lost.

Pasturing the newly seeded clover too closely, or when the land is so wet that it is badly punched by the stock.

Allowing wet dais to slip by without putting the stables in the very best possible condition to receive the livestock when the first sudden dip of winter comes.

Neglecting to put on two-furrowed

BLACK LEG IN POTATOES

Disease Has Decreased Owing To Work of Pathologists.

Testimony is forthcoming that owing to the work of the Dominion plant pathologists, the disease of black leg in potatoes has decreased. Still it causes considerable destruction to the potato crop, particularly in the Maritime Provinces. In continuation of the good work that has been done, Circular No. 11 has been issued by the Division of Botany at Ottawa, entitled "The Black Leg Disease of Potatoes, Caused by Bacillus Solanacearum," which can be had free on application to the Publications Branch of the Department of Agriculture. The author is Paul A. Murphy, B.A., A.R.C. Sc. I, assistant in charge of the Plant Pathological Field Station for Prince Edward Island, who was also responsible for the recently published circular on "Late Blight and Rot of Potatoes." "It is," says the Director of Experimental Farms, "with a view to making known to Canadian farmers the means of control found to be most efficacious, that the present circular has been prepared." Mr. Murphy states that the disease, notwithstanding the diminution noted, in 1915 cost the Maritime Provinces the large sum of \$695,255. It is interesting to know that with early care and attention the disease is comparatively easily controlled. Mr. Murphy details the symptoms in clear, terse language, describes the life history of the causal organism, estimates the loss in the Maritime Provinces at \$6.65 per acre with an average yield of 133 bushels, gives the methods of control and supplies notes on the preparation and use of the disinfectants that are suggested. Notification is also conveyed that further information, if desired, can be had on application to the Dominion Botanist, Central Experimental Farm, Ottawa.

WATCHING THE CHICAGO BAKERS

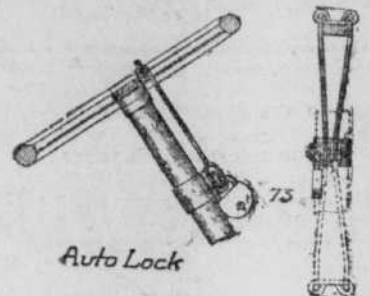

CHICAGO OFFICIALS TRYING TO PREVENT SALE OF LIGHT-WEIGHT BREAD

Chicago, Ill.—The latest move in the effort to prevent a rise in the price of bread in this city is being made by Chief Deputy William F.

Recent Inventions of Interest To Eastern Townships Farmers

(By C. J. Lynde, Macdonald College, Que.)

AUTOMOBILE LOCK.
This lock consists of a pair of links which are passed around one spoke of the steering wheel and then

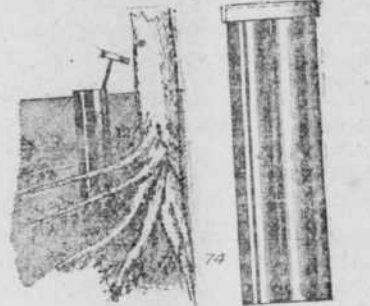

locked to a collar on the steering post. When not in use, they lie against the steering post out of the way.

(Theo. B. Thomas, Quincy, Mass., U.S. Patent 1,193,737.)

TREE IRRIGATOR.

The object of this invention is to provide a device by which water and fertilizers can be applied to the

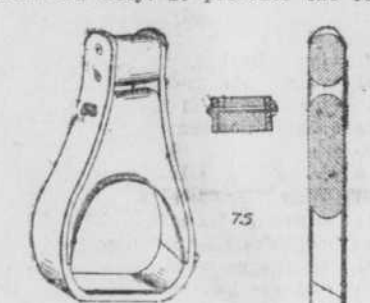

roots of trees and shrubs. It is a corrugated galvanized iron cylinder, with a cover to prevent evaporation. It rests on a layer of gravel which facilitates the distribution of the water.

(Edwin A. Kaust, Chicago, Ill., U.S. Patent 1,194,027.)

SAFETY STIRRUP

The guard of this stirrup is held by a bolt at the top and can swing backward only. It prevents the foot

from passing through the stirrup and if the rider is thrown swings back and releases the foot entirely.

(Samuel Entriken, Springfield, Cal., U.S. Patent 1,194,001.)

CLUETT OF THE WEIGHTS AND MEASURES DEPARTMENT.

When notified that the aldermen, the state's attorney's office, and the United States district attorney's office were watching the bakers for violations of the anti-trust laws, he immediately arranged to have a force of inspectors scattered over the city and test the weights of loaves.

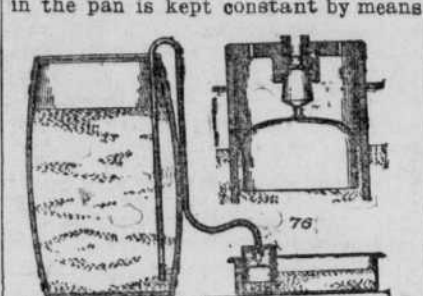

The admission of one Chicago baker that his concern has already reduced the weight of its 5-cent loaf, and the intimation of others that they propose to follow this lead, led Mr. Cluett to offer advice to housewives.

"The bakers admit that they are scaling down the weight of their loaves," said Mr. Cluett. "Whenever they allow it to drop below the minimum fixed by the city bread ordinance they are subject to prosecution. I will have inspectors constantly out to check up on this matter."

"The city ordinances require that bread should be labeled according to the weight of each loaf. If the label reads 'one-half pound,' the bread should weigh between 8 and 12 ounces; if 'three-quarters pound,' the loaf (the present standard 5-cent size) should weigh from 12 to 16 ounces; when the label reads 'one pound,' the loaf should weigh between 16 and 32 ounces; when it reads 'two pounds,' the loaf should weigh between 32 and 48 ounces, and in the same ratio up to a 'six-pound' label."

A pound under the city ordinances is 16 ounces, and not 12. There is no provision in the ordinance for the labeling of a loaf weighing between 24 and 32 ounces, the proposed 10-cent size, and the question of the legality of putting out such a loaf may be taken up by the city legal department.

FOUNTAIN
This fountain requires refilling only at long intervals. The water is siphoned from the barrel and the level in the pan is kept constant by means

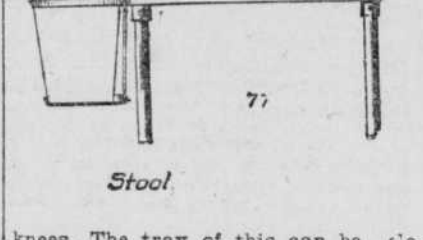

of a float valve. To start the siphon it is inverted in the barrel of water until full; the ends are then closed with the fingers; the siphon is turned right side up, and the fingers are removed under water.

(Henry W. Clanz, Napoleon, Ohio, U.S. Patent 1,193,683.)

MILKING STOOL

The new feature of this stool is the support which eliminates the necessity of holding the pail between the

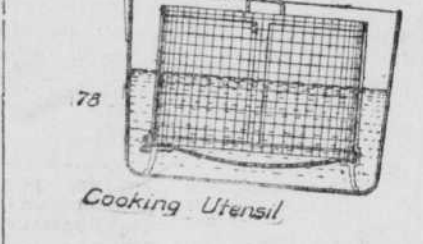

knees. The tray of this can be elevated or lowered to accommodate pails of various heights.

(Hanna W. Peters, Mapleton, Minn., U.S. Patent 1,193,418.)

COOKING UTENSIL.

Food cooked in this wire basket cannot be burned; also it can be removed from the pot and drained

without scalding the hands. Other advantages claimed for this wire basket are that it is always ready, is easily cleaned and can be made in many shapes and sizes.

(Mary Cornelia Brown, Fargo, N. D., U.S. Patent 1,193,353.)

To the womenfolk—The two last appliances described here were invented by women and are of interest to other women. We will describe others from time to time. Look for this column this week and tell your neighbors about it.

BREAD INQUIRY

DISTRICT ATTORNEY OF KING'S COUNTY TAKES ACTION

New York, N.Y.—District Attorney Lewis, of King's County, yesterday started an investigation into the rise in price of bread to discover if there had been a conspiracy among baking companies selling bread in Brooklyn to advance the price. Mr. Lewis said that if he found evidence of a conspiracy he would present it to the Grand Jury.

Commissioner Hartigan, of the bureau of weights and measures had introduced before the Board of Aldermen yesterday an ordinance providing that the standard loaf of bread sold in New York City shall be sixteen ounces, and that every loaf must bear on its wrapper its exact weight whether it be less or more than the standard size.

label."

A pound under the city ordinances is 16 ounces, and not 12.

There is no provision in the ordinance for the labeling of a loaf weighing between 24 and 32 ounces, the proposed 10-cent size, and the question of the legality of putting out such a loaf may be taken up by the city legal department.

RACE FOR NATIONAL LEAGUE PENNANT.

(Special, Canadian Associated Press)

Chicago, Sept. 29.—Because of the tightening up of the pennant race in the National League, no official information on the World's Series will be given until next week, it was said at American League headquarters here today.

The meeting of the National Commission which was expected to take place the latter part of this week for the purpose of arranging the schedule for the big series, has been postponed until early next week, when the members will assemble in New York to await the outcome.

AMUSEMENTS

Madame Yvette Guilbert exceeded all concert records in New York last season.

Yvette Guilbert and concert party will appear in Sherbrooke the 17th of October, at His Majesty's Theatre, under the direction of Prof. Sawdon.

She will sing the most interesting of her 150 songs and wear her most artistic costumes. The songs, some of them, go way back to the time of the Crusades, wonderful old songs of the Golden Legends—these, and all the succeeding periods are clothed not only in the atmosphere of their varying periods, but in the actual vestments of the day.

NORWAY RESTRICTS EXPORTS. Christiansia, Norway.—The export of fresh and salted herrings, codfish, ling, cusk, haddock and dogfish from Norway has been prohibited. Different kinds of herring, stockfish, and spruce oil are excepted from the prohibition against export. In regard to ordinary tinned fish and certain kinds of fish which are already under the Government's control, export permits may be granted by the board of agriculture from time to time, as the food requirements of the country may allow.

DUCHESS WAR PRISONERS' FUND

Collections Will be Made in This Connection in Bedford District.

MADAME GIROUX, OF SWEETSBURG, IN CHARGE OF ORGANIZATION FOR THE DISTRICT—HOPES TO REALIZE A SUBSTANTIAL SUM

Sweetsburg, Sept. 29.—(Special)—Very few in Canada knew of the marvellous work done so kindly and so modestly by H.R.H. the Duchess of Connaught for the relief of our War prisoners in Germany. This generous activity of the consort of our Governor General became known recently when the Canadian ladies, desirous of giving the Duchess a mark of affection and a souvenir of her reign in Canada, asked her what gift she would be pleased to accept from them. The Duchess replied she would not accept anything for herself, but that she would see with pleasure the Canadian women taking charge of the fund she had created to help our unfortunate soldiers who are prisoners of the Germans.

Lady Borden is the head of the organization for Canada and she makes an appeal to every woman to contribute to this fund and thus take the place of the departing Duchess in this most commendable and humane work. Lady Borden has asked the wives of the Lieutenant Governors of the Provinces to supervise the subscription in their respective Provinces, and Lady Leblanc, who is looking after the interest of the fund in Quebec. In her turn, she has called upon the good will of a lady in every section of the Province to start the movement in her own territory.

Mrs. F.X.A. Groux, of Sweetsburg, has been selected to direct this subscription in the District of Bedford, Mrs. E. de Varennes especially in charge of the town of Waterloo, and she has received the following letter from Lady Leblanc:

"Government House, Quebec, September 23rd, 1916.

Dear Madame Groux:—I am in receipt from Lady Borden of a letter, copy of which I enclose, when she informs me that the Duchess of Connaught has graciously consented to the Canadian ladies taking over her "War Prisoners' Fund." Lady Borden asks me to take charge of the organization in the province of Quebec. Knowing your generous sympathy for all patriotic efforts, I have thought I could depend on you to organize a subscription in your section of the Eastern Townships. The money should be sent to the Lieutenant Governor's Private Secretary, Mr. L.A. Groux, before October 15th next, in order that it could be forwarded in time to the Duchess before her departure from Canada. I think it is advisable to publish in the newspaper the names of the donors.

Yours very cordially,

HERMINE J. B. LEBLANC.

To accede to the wish of the Duchess and to come to the help of our poor suffering prisoners of war, it has been suggested that a subscription both public and private be started in the district of Bedford to contribute to the Duchess of Connaught War Prisoners' Fund.

Accordingly a contribution of the Municipal Councils will be first sought. To that effect the Mayors of every Municipality in the District is asked to lead a delegation of the ladies to the Council, at its next meeting, and these solicit a grant to the Duchess War Prisoners' Fund. It is not expected that any Council can refuse such a grant to the ladies and for such a good cause. By the Act 5 George V, chapter 65, Municipal Corporations are empowered to contribute to all funds which have been created, or shall be created, for assisting the sufferers of war. The delegation will not fail to point out to the municipal legislators that they could not spend money for a more noble and useful purpose. It is thought that a vote of money by the Municipal Council is the best means of effecting contributions for patriotic purposes, as it reaches everybody and in proportion to the financial ability of each ratepayer. A communication asking for the grant has been addressed to every Secretary of Municipality, but the Mayors and their delegation should go to the Council and plead the cause of our war prisoners before the Councilors and im-

SIR WILFRID ON THE WAR

Germany Must be Curbed, Declares Veteran Leader.

THANKS GOD THAT HE LIVES IN A FREE COUNTRY AND THAT FREEDOM MUST BE DEFENDED.

Sir Wilfrid Laurier in the course of his speech before an immense crowd at the great Labor rally in Montreal on Wednesday night, said in part: CANADA IS AT WAR.

"We took part of our own free will," said the speaker. "Canada is a free country. We have complete liberty. We were not obliged in any way to take part in the war by any influence of Great Britain. Yet, without a doubt, when Great Britain is at war, we are at war. We are at war because we are subject to attack, as that British Columbia shows. Our coastal cities could be attacked by German cruisers. It is our duty to defend our country, and the best place to defend it in time of war is beyond the frontiers of our country."

Sir Wilfrid said that there were two theories regarding the obligation of Canada to take part in the war, the Imperialist theory that without discussion, without regard for the country's judgment, Canada should take part in all the wars of the English, and the Nationalist theory that as blind and extreme, that without discussion, without regard to Canada's wishes, Canada should not take part in the wars of the English. There was also the Liberal theory, that the people of Canada and the Parliament of Canada should determine whether the Dominion would take part in the wars of the English. If there were men who would not fight for Great Britain while enjoying the advantages of British institutions, they should remember that Canada was a free country, and that for liberty, men should always be willing to fight. There were men who asked the people of Quebec whether they would fight for France when they could not for England. (Cries of "No" and "Oui.") Sir Wilfrid pointed out that England had not followed out the Nationalist policy of only fighting for herself. When she heard the cry of France and of Belgium, she had answered by going to their help, and those in Canada who urged non-participation would have been among the first to have condemned her selfishness if she had not done so. England was fighting for France, and no one could fight for England today without also fighting for France.

MUST CURB GERMANY.

"But if you will not fight for England or for France, I say to you, will you not fight for yourselves?" said Sir Wilfrid. He proceeded to show that in the German methods of warfare, the horrors committed not only as a result of the criminal propensities of occasional soldiers, but as a result of deliberate military policy to terrify civilian population and bring quicker a peace satisfactory to themselves, they were acting as barbarous nations had always acted. All these things justified the claim that the Allies were fighting for civilization against barbarism. He quoted the German professors, military men and other leaders to show how far German aggression was meant to go. They meant to control everything from Belgium and northern France to the centre of Arabia, and to dictate to the rest of the world. He referred in striking terms to the infamies committed by the Germans in Lille, Roubaix and other cities of Northern France.

DELIVERANCE OF FRANCE.

"I admire the young Canadians who are today fighting on the soil of France, and I do not want it said that we left the deliverance of France to the citizens of British origin. The honor of the French-Canadians must not tolerate a statement that we have not done what our co-citizens of the English race have done. There are other considerations of which I have come to speak to you. When the war was declared and the Germans were on their way to Paris, we saw the strategy of Joffre, and those other men, whose names will live forever, stop them at the Marne. Two years have passed and the Germans have not yet been chased out of France, but the English and French troops today and our own Canadians, are fighting like heroes to force the Germans back to the frontiers. Victory today seems assured, but it will be some time yet perhaps."

"What of the future? What of the day after the war? A new page in history will have been written. What will that page be? Will we have turned back and have lost the fruits of all the rights of centuries for liberty? I do not know, but I know on what side and in what direction the forces of liberty are lined up today. At the present time there is preparation for a movement to expand militarism in England. Up to now England has been the least military nation in Europe, and she never had armies like those of France and other nations. At the beginning of the war she had merely an army of 150,000 men, just to do police work, and today she has to help civilization, and to help France, an army which reaches to 5,000,000 men. When the war is finished the military party will continue, and will prepare for another system to include Canada. AGAINST MILITARISM.

"This is not the first time such an idea has been advanced. That policy is not new. I always fought, and will always fight against it. It is said of me that when I consented to the participation of Canada in the war, I am not faithful to my convictions, that I was going back; but what I was I am still, and I am always against militarism."

Sir Wilfrid spoke of the example of men like Lloyd George and Arthur Henderson, who in England had given whole-hearted support to the war, though against the policy of militarism, for they felt that it was a war in defence of honor.

"I am anti-militarist like the radicals of France, like the clericals of France, who are today fighting to keep France alive and integral. I call to witness in this country not only those who are my political friends, but those who are politically opposed to me. There is Major Asselin, who has gone to the front. He is an anti-militarist, but did not hesitate to don the uniform, because he believed that he should make the sacrifice for the triumph of civilization."

"After this war there are men who will want to drag us into militarism, and I will fight that in the future as in the past. It is not in this direction that we Liberals want to put our efforts. We think that after the war there will be a transformation, but we want it to be directed to the best interests of civilization and to the economic and social problems. I will give you all my ideas. We turn, as to the Star of Bethlehem, to establish the dignity of labor. It is with Christianity that the principles of liberty have come to the world. Until then men were slaves. Christianity made its great victory in abolishing the slavery, but the victory is not yet completed. "Thanks to God, we live in a free country, under constitutional liberty granted by Great Britain. There are no slaves here. You workmen of Montreal are perfectly free. It must be recognized, however, that we have not yet reached the degree of perfection that we hope for. Today, the relations between employer and employee are not perfect, not as perfect as we had hoped to have seen them. While we are here there is in New York a strike. Strikes are sometimes the last means employed by workmen to get justice, but for my part, strikes are deplorable. They are the last means to obtain justice, but there should be other means of obtaining justice than this. My colleague, Hon. Mr. Lemieux, introduced an act to aid the situation not to stop strikes, but to allow workmen before striking to put their case before a court of arbitration. The employers, before closing their works, and putting their men in the streets, must go to arbitration. The act seeks to replace violence with justice by submitting disputes between the workmen and the employers to arbitration. Everyone knows that the law is not perfect, but there is in it the germ which will give us the means to have equal justice for all classes of society, between capital and labor.

"That is not all. There are other problems to which up to the present time in a new country we have not had time to give much attention."

WINDSOR MAN DIES SUDDENLY

Died While on Visit to His Wife's Grave at Cemetery.

JURY AT INQUEST RETURNS VERDICT OF DEATH FROM NATURAL CAUSES.

Windsor Mills, Sept. 29.—(Special) —Frederick Roy, about 56 years of age, yesterday went to the cemetery to visit his wife's grave. When he did not return home search was instituted. At ten o'clock he was found dead in a culvert near the cemetery. He had evidently been trying to get a drink of water.

Dr. Bachand, coroner, held an inquiry this morning, and a verdict of "found dead" was returned, the medical testimony showing that death was due to natural causes.

press them with the necessity of not being remiss of their duty in this occasion. At the same time an appeal is also made to all our patriotic societies, as the Red Cross, the Daughters of the Empire, the Hospital's Societies, the Homemakers' Clubs, etc., for a vote of money, in addition to the municipal subscription. The Daughters of the Empire of Ottawa, have magnificently taken the lead by voting \$500 to the Duchess of Connaught War Prisoners Fund and the City of Quebec Chapter has also voted the sum of \$100. Needless to say that if anybody feels that he ought to contribute privately, in addition to the subscription of the Councils and that of the patriotic societies, his offering will be most welcome. hands of Mrs. F. X. A. Giroux, Sweetest, Que., before October 10 next, in order that it may reach Lady Leblanc in time for her to remit it to the Duchess of Connaught, before she leaves Canada. It is with confidence that this appeal is made to the generosity and kind heart of the ladies of the Eastern Townships, and to the men also, for after all men supply the source from which flows the generosity of the gentler sex. With the rigors of winter coming, when the wind blows so cold among the leafless trees and it feels good to draw nearer the fire-side in our comfortable homes, our women will have a thought for the brave boys who lead a dreary and tortured life in famished Germany and suffer from cold and hunger in exile. Many of our Eastern Townships boys are now under the yoke of German captivity and are bearing a burden of privations and ill-treatments in dismal prison camps. It is the duty of every woman in the Eastern Townships to remember those boys, to be grateful to them for what they have done in order to protect their mothers, sisters, and sweethearts from the fate of the Belgian women, and to come generously to their help by contributing to the Duchess of Connaught War Prisoners' Fund and by getting their husbands, fathers and brothers to also contribute.

FRENCH BACK TO LAND LEAGUE

Havre, France.—A "League pour le retour a la terre" has been formed under the direction of M. Henri Bocher, member of the chief board of agriculture. This league, which is to undertake at once work in connection with the reorganization of the army of workers on the land and the intensive culture of the soil, is an

offshoot from the union for Belgium and its allies and friends, under the patronage of the President of the French republic and of the King of the Belgians. The following are the activities in which the league will engage:

1. To spread the idea that the abandonment of the land is a national danger, and that in order to carry on agriculture laborers must be attached to the soil, and women retained on the farms.
2. To help in retaining and adopting for the culture of the soil after the war, all the processes necessary for its thorough development.
3. To utilize the manual labor of school children in the holidays, and train fresh agricultural laborers discharged from the army.
