

WILLIAM TRAVERS JEROME ARRESTED; CHARGED WITH GAMBLING AND LOCKED UP

Sensation at Coaticook To-day. Warrant Served on Him at Hotel. Followed Officers to Police Station. Will Probably be Brought to Sherbrooke. Thaw Inquiry Goes on in Secret. Seven Hours of Questioning Yesterday. Remarkably Clear Testimony, Says Dr. Shurtleff

(Special Staff Correspondence.) Coaticook, Sept. 5.—William Travers Jerome, former district attorney of New York and special commissioner for New York State to bring Harry K. Thaw back to Matteawan, was placed under arrest at about 11 o'clock this morning.

The warrant was sworn out by Wilfrid Aldrich and served by Police Officer John Andrews.

Jerome was in his hotel when the officer presented the warrant. He took it, read it over, and without protest followed the officer to the police station.

The arrest created a tremendous sensation.

The charge under which Jerome has been arrested can be tried summarily before two justices of the peace, or, in the event of failure to do so, he can be brought before the district magistrate. The punishment is a fine not exceeding \$100 and not less than \$20, with the alternative of two months in jail.

GAMBLING ON PUBLIC STREET THE CHARGE.

The warrant against Jerome was sworn out before Justice of Peace James McKee.

The charge is "gambling on the public street."

It appears that while waiting outside the Board of Inquiry room yesterday a number of fellows were playing cards. Jerome, it appears, joined in the game.

L. T. Marechal, K.C., has offered his services on behalf of Jerome, the prisoner.

U. S. CONSUL COMMUNICATED WITH.

He has communicated with United States Consul C. Daniels, at Sherbrooke. Efforts will be made to expedite matters and get Jerome out. "It's an outrage to arrest the representative of a great friendly state in this way," remarked Mr. Marechal.

Whether the legal machinery will put on extra speed to get Mr. Jerome out remains to be seen.

IN THAW'S CELL.

William Travers Jerome was locked up in the same cell occupied by Harry K. Thaw during his first detention here.

MAY ARREST OTHERS.

It is reported that warrants are to be sworn out for the arrest of the others who participated in the alleged gambling on the public street, near the station.

JEROME OUT ON BAIL.

William Travers Jerome was liberated at about 1 o'clock on \$500 bail, to appear before magistrates at 9 o'clock to-morrow morning or such earlier time as can be arranged.

The application for bail was made before Magistrate McKee by Mr. H. Verrett.

An effort is being made to have Judge Mulvena come up from Sherbrooke and conclude the matter as speedily as possible.

Assurances have been given that Thaw, if the board decides to deport him, will not be taken from Coaticook until Jerome is in a position to follow.

TO-DAY'S SESSION OF BOARD

(Staff Correspondence.) Coaticook, Sept. 5.—The Board of Inquiry met for a few minutes this morning, and then adjourned. They resumed session about 11 o'clock.

It is understood they will continue until work is concluded and decision reached.

Thaw's lawyers, this morning, renewed applications that the Government Medical Officers be excluded unless Thaw was permitted, also, to fire proceedings he was as calm and

call medical men.

The application was refused.

THAW AGAIN ON STAND.

Thaw was again put on the stand. He was asked point blank: "Are you Harry Kendall Thaw who killed Stanford White?"

On advice of his Counsel Thaw declined to answer.

The board was also advised that Thaw would refuse to answer any questions bearing upon the question of sanity, unless permitted by medical men.

ATTORNEY KENNEDY GIVEN A POSER.

Attorney Franklin Kennedy, of New York was called to the stand.

He was asked whether or not the movement to have Thaw liberated at Sherbrooke and turned over to the Immigration Officers was taken at the instance of New York Authorities. He declined to answer.

THAW CLEVERLY MET QUESTIONS AS TO SANITY.

Thaw resented keenly the questions as to his sanity. If this were taken up, he contended, he should be allowed to have alienists present. Two physicians for the immigration authorities, Drs. Gurd and Beauchamp, were present.

When asked point blank if he was sane or insane when he killed Stanford White, Thaw quoted, with a remarkable show of memory, from the conflicting opinions of the many alienists identified with his case and laconically suggested that the board take its choice. He bridled when asked about his mother's condition, just prior to his birth, and said perhaps she was better qualified to answer.

JUDGMENT AT FOUR O'CLOCK.

The Board of Enquiry has adjourned until four o'clock this afternoon, the evidence having been concluded. At the above hour the Commissioners will give their decision.

It is pretty well understood that the question of sanity will not enter into their decision. If it does not, it will give Thaw a right of appeal to the Minister of the Interior. In that event Thaw may remain in Coaticook until Monday.

SEVEN HOURS TEST

(Special Staff Correspondence.)

Coaticook, Sept. 5.—(Special)—For seven hours, at yesterday's hearing of the Board of Inquiry, or court martial, as it has come to be called, Harry K. Thaw was questioned and cross-questioned. It was really a sanity test, Drs. Gurd and Beauchamp, medical officers of the Immigration Department, being in attendance and closely observing him throughout.

The board had a copy of questions and answers recorded at his last sanity inquiry in New York, when Jerome succeeded in returning him to Matteawan.

According to reports which came from those within this present secret tribunal, Attorney Jerome will fail in his present attempt if Thaw has a fair show in the present hearing.

Dr. Shurtleff made this statement at the close of the seven-hour test, last evening.

"In my twenty-seven years' experience I never had dealings with a better witness. His answers were strictly to the point, his memory wonderful, and his explanations clear and convincing. Throughout the entire proceedings he was as calm and

collected as could be, and for any man to declare him insane after hearing and watching him this morning would be a travesty of justice."

Dr. Shurtleff, however, did not hold out any hope that a report favorable to Thaw would be forthcoming.

"It looks as though instructions from Ottawa had already decided the outcome," he said.

The inquiry board had the appearance of a mere form. The belief this morning was that Harry K. Thaw would sleep in Vermont, unless he is rushed by high-speed auto across state to New York.

JEROME WINS.

Boston and New York papers here carry heavy headlines, "Jerome Wins."

One paper thinks his achievement as a "Canadian lawyer" is even more marked than his New York successes, intimating that Canadian law has been trailed submissively at the axle wheels of his six-cylinder car.

SENSE OF FAIR PLAY SHOCKED. The discussion on the street and in the hotels here indicates that public opinion, which has been divided on the Thaw case, is now solid in its protest against what they freely call rank injustice to the individual.

Judging from conversation, public opinion here has become convinced that instead of treating the case impartially, as in the case of any foreigner coming to this country, an exception is being made, and that the Canadian authorities are hand and glove with Jerome and his corps of shills, determined that this man shall be made an example of, regardless of methods employed.

The Attorney-General is criticized for not securing for Thaw the "original liberty" decreed him by the Court judgment. "To turn him from an illegal arrest into a federal trap was cruel and inhuman," is the way one person expressed it.

The Minister of Justice is criticized for setting such a trap, which is regarded as wholly at variance with fair play. If it develops that the Board of Inquiry is only a form, and after his seven hours of clear work as a witness, Thaw is adjudged as insane by the two men sent from Ottawa, the name of Canadian justice will be badly besmirched in the opinion of citizens here.

Thaw's position here is tragic. A stranger, and among strangers, for seven long hours he listened to the evidence being taken, answered every question put to him, and against heavy odds battled for his freedom. Rightly or wrongly, the feeling everywhere expressed is that Ottawa's instructions to the immigration authorities are already emphatic to deport him. Whether true or not, the general consensus of public opinion is that in the case of Thaw's deportation the judgment has practically been prepared before the trial.

MEDICAL MEN PRESENT AT HEARING.

Dr. Gurd and Dr. Beauchamp, medical officers of the Immigration Department, were present at the entire hearing. Thaw entered an objection to their presence, claiming that, inasmuch as they were making a mental examination of him, he should in all justice be allowed to produce medical evidence on his own behalf.

This objection was not sustained, and the medical men were allowed to be present during the whole proceedings.

What they will base their report on is rather indefinite. In order to have Thaw denied the right of appeal to the Minister of the Interior, it will be necessary for them to give a certificate that Thaw is insane. Whether they will do this or not is problem.

One of Thaw's lawyers, in discussing this phase of the case with the Record yesterday afternoon said: "If, after the way Mr. Thaw acted during the entire proceedings to-day, these physicians reach the conclusion that Thaw is insane, and give a certificate to that effect, justice I ever greatest tragedy of my life. I feel that they will give this certificate, for without it the immigration authorities will have no case against him."

A GRUELLING EXAMINATION.

With a factum of the evidence of the last Thaw trial before him, said to have been furnished by Mr. Jerome, Chairman E. Blake Robertson examined Thaw as to his ancestors, with a view to establishing that insanity existed. This method of examination was bitterly opposed by Thaw's attorneys, and although the evidence was received, the board had the objection noted.

Whether this evidence was taken by the board for the purpose of proving Thaw insane and thus preventing him from appealing is not known, but the fact remains that considerable time was spent on this feature of the examination.

THAW'S FIRST CLAIM REJECTED.

When the board resumed work at 2 o'clock, the chairman announced that the members were of the opinion that the claim made by Thaw, that he was a tourist on his way through Canada to another country, was not well founded and could not be entertained by the board.

This was the first real setback of the hearing. Had Thaw been dealt with as a tourist or traveller, passing through Canada to a foreign

THAW'S MOTHER WILL LEAVE HOME TO-MORROW.

Cresson, Pa., Sept. 5.—(Special).—Mrs. Mary Copley Thaw, through her Secretary, secured reservation on fast Pennsylvania train for New York. The party will leave here to-morrow. Mrs. Thaw's further plans were not made known.

country, he would not come under the provisions of the Act, and would be allowed to continue unmolested. Although in his evidence yesterday morning he stated that he "was on his way to Pittsburgh, Pa., his home city," the board did not consider that he came under this class, and, as above stated, refused to deal with the case under that heading.

Although this judgment was handed down early in the afternoon session, it was not until about 4 o'clock that it was made public.

THE MAN WHO MADE THE IMMIGRATION ACT PRESENT.

Mr. T. R. E. McInnes, one of the committee which drew up and submitted the draft of the present Immigration Act, was present at the hearing. Referring to his presence, one of Thaw's lawyers said: "It is hard for us to dispute the interpretation of the provisions of the Act with the man who made them. Mr. McInnes was assisted in forming the measure by Mr. Robertson and others."

PAID TRIBUTE TO CHAIRMAN.

After the hearing yesterday afternoon Mr. C. D. White paid a compliment to the excellent manner in which Mr. Robertson presided over the inquiry. According to Mr. White his tact and willingness to be fair avoided many a little wrangle during the investigation.

JEROME WAITED AND WAITED.

Mr. Jerome spent the greater part of the day in automobile, ready to leave when Thaw left. That he was displeased with the delay was quite evident. In his car with him was Mr. Franklin Kennedy, Assistant Attorney-General of New York State.

They will follow Thaw across the Vermont border, and will there direct their efforts towards inducing the Vermont authorities to send him to New York and then back to Matteawan.

WOULD LIKE TO TAKE CASE TO COURTS.

Thaw would like an opportunity to have his case brought into the Canadian Courts. "I am perfectly sane, and am willing to have an examination where I am assured of fair play," was the statement made by him to the Record reporter during his stay in Sherbrooke.

The action of Mr. Laflamme, yesterday morning, in trying to secure a writ of prohibition was a move to have the case brought into the courts. This failed, and in all probability Thaw will be hustled across the border into Vermont.

READY TO FIGHT IN VERMONT.

Unless unfair means are used to railroad Thaw right through to New York, he will put up a stiff fight in the Courts of that State. Already he has agents at work looking the ground over, and if he is given time to get his forces together he will put up a desperate struggle to prevent the government of Vermont State during him over to New York. He has already engaged counsel to conduct the fight for him, and if the matter is taken to the Courts a long drawn out and strenuously fought legal battle will take place.

WILL HE BE KIDNAPPED?

At Coaticook, yesterday afternoon, it was currently reported that once across the border Thaw would be railroaded right through to New York State. This rumor is not credited, however, as the Government of Vermont would not likely stand for high handed work of this kind.

The general impression is that he will be arrested on a certain charge the minute he steps into Vermont, and through the Courts the New York authorities will try and extradite him.

L. T. MARECHAL'S POSITION.

It looks as though Mr. L. T. Marechal, K. C., had a firm grasp of the entire situation, and it is due to his efforts and advice that Thaw is not already in Vermont. All day yesterday he appeared as a thorn in Jerome's side, and was the moving spirit in a movement that resulted in Thaw's remaining in Coaticook until today.

MR. LAFLAMME LEFT FOR MONTREAL.

Mr. N. K. Laflamme, K. C., left Coaticook on the afternoon train, and in all probability returned to Montreal. Mr. S. W. Jacobs also left on the afternoon train.

J. N. Greenshields, K. C., was not (Continued on Page 8)

MEXICO SENDS REPRESENTATIVE

Will Take up Settlement of Trouble at American Capital

SENIOR DE ZAMACONA WILL ACT UNOFFICIALLY AS PROVINCIAL PRESIDENTS REPRESENTATIVE.

Mexico City, Sept. 5.—(Special).—Neither American Embassy nor Mexican foreign office appears to share optimism of Washington officials regarding early solution of difficulties between two nations.

At the Embassy it was said that no communication had been received from Mr. Lind in three days. Senior Gamboa foreign minister, seemed equally ignorant of any further interchange tending towards a settlement.

He said that there had been no official communication with Mr. Lind since the despatch of his last note.

The foreign minister's attitude apparently has not changed since the departure of Mr. Lind from Mexico capital and he reiterated statement he made weeks ago that he did not expect any further negotiations unless administration at Washington saw fit to submit a rejoinder to his last note in which he pointed out ineffectual candidate and withdrew suggestion of resumption of full diplomatic relations between two countries that he said is still attitude of Mexico.

MEXICO SENDS REPRESENTATIVE.

Vera Cruz, Sept. 5.—Prepared to play a role almost identical with that of John Lind, the personal representative of the President of the United States, Manuel De Zamacona, former ambassador at Washington, sailed from here yesterday afternoon and will proceed immediately to the American Capital. It is understood diplomatic end of the case at Washington for General Huerta and that he will act unofficially as the provisional president's representative, with sufficient power, however, to undertake negotiations.

HUERTA'S RESIGNATION. Washington, September 5.—President Wilson and Secretary Bryan have adopted the attitude that the elimination of Huerta from the presidential race in Mexico is assured and that the first step toward the establishment of peace in Mexico has been accomplished.

NEW WRIT ISSUED

GREENSHIELDS AND LAFLAMME RUSH TO COATICOOK FROM MONTREAL BY SPECIAL TRAIN.

Montreal, Sept. 5.—(Special).—A writ of Habeas Corpus was issued here this afternoon in the case of Harry K. Thaw.

Messrs. Laflamme and Greenshields left Montreal by special train at 2 o'clock.

It requires that Thaw be produced before the Court in Montreal.

UPSETS CALCULATIONS. The new writ of Habeas Corpus upsets all calculations here.

Thaw may be taken to Montreal tonight.

FROM COATICOOK. Jerome has disappeared from Coaticook.

ATTEMPT AT ASSASSINATION Tokio, Sept. 5.—(Special).—An attempt was made today to assassinate Moritara Abe, Director of political bureau of Japanese foreign office. He was stabbed in abdomen and is suffering from several wounds.

SIR WILFRID IN OTTAWA. Ottawa, Sept. 5.—Sir Wilfrid Laurier returned yesterday from Newmarket, where he has been visiting William Mulock. He may go to Arthursville next week. It is intimated that the Opposition leader will not do much speaking till the Federal by-election.

Canada's Great Eastern Exhibition will close to-night, after the most successful year in its history.

There is a good Friday attendance to-day.

16,000 PASSED TURNSTILES.

There was another large attendance at the exhibition yesterday. Sixteen thousand passed the turnstiles and the weather was all that could be wished—fine and beautifully cool, with a freedom from dust.

The afternoon's proceedings consisting of the stock parade, races and specialty performances, attracted 6,000 to the grand stand, and among the distinguished visitors were Hon. P. S. G. MacKenzie and Senator Pope.

The races which were held over from Wednesday were finished, and the final heat in yesterday's 216 stake pace is reserved for this afternoon.

The stock parade is this year, far superior to any preceding one, and was one of the principal features in yesterday's programme. Mr. S. L. Clough was in charge of the horses and Mr. J. A. McClary in charge of the cattle. The presentation of four cups in front of the grand stand was signalled by loud cheering. The recipients were D. T. Ness, Howick, (heavy horses); H. Ross, Sherbrooke, (light horses); F. R. Cromwell, Cookshire, (beef cattle); and Neil Sangster, Ormstown, (dairy cattle). The bands did some splendid work throughout the day. Double illuminations and fireworks displays took place in the evening.

GUESTS OF DIRECTORS.

The directors entertained the exhibitors and distinguished guests at an informal dinner last night. Mr. Jas. Mackinnon, president, occupied the chair, and amongst those present were Hon. P. S. G. MacKenzie, Senator Pope, F. R. Cromwell, M.P., and Major Keating, British Vice-Consul at Portland, Me., etc.

WILL LEAD IN PROVINCE.

After the usual loyal toasts had been duly honoured, the chairman proposed "Our Guests." He said the exhibition had proved a great success, the entries were first-class, the weather had been almost perfect and the directors felt exceedingly grateful to the exhibitors for their co-operation. The exhibition was destined to become the principal one in the province of Quebec, and one of the best in the Dominion. They were equally indebted to the Provincial and Federal Governments for their assistance.

Mr. E. W. Farwell said the exhibits of live stock were second to none in the Dominion, and in all the other departments the exhibitors could feel proud of their efforts.

EXHIBITORS SPEAK.

Mr. MacLeod responded in a reminiscent speech, and alluding to the American war and the European situation remarked that there were no squabbles in Canada. Messrs. Millette, Sangster, Logan, Allen, Ayre and Norton also replied and each emphasized the encouraging all-round growth of the exhibition.

REVIVAL IN AGRICULTURE.

Mr. F. R. Cromwell, M.P., spoke as a director and an exhibitor. They could congratulate themselves on what had been accomplished. The stock parade was the most important and most successful feature of the fair; he would suggest that in future prizes be offered for the best decorated exhibits in the stable. He declared that Canada was on the verge of probably the greatest revival in agriculture ever seen in any country. They had neglected their live stock and agricultural interests, having made money more easily out of pulpwood, but they had to return to the tilling of the soil because the pulpwood had gone. He referred to the policy of live stock distribution introduced by the Live Stock Commissioner, which would benefit the people living in the "back places." The revenues of the country would allow three times the amount to be given to agriculture as was at present the case. The agricultural population represented 75 per cent of the whole, and they did not get one-fourth of their just share. The farmers should see that they were adequately represented in both parliaments, and if they united their forces they could obtain anything they wanted.

HON. P. S. G. MACKENZIE.

Mr. Norton then gave "The Legislature," and mentioned the zeal of the Provincial Treasurer and the Federal Minister of Agriculture in the cause of the farmers.

The Provincial Treasurer, Hon. P. S. G. MacKenzie, who was greeted with musical honors, was the first to reply. In his younger days he was the happy possessor of a farm, and when he entered public life he felt very proud of the fact. The farmers did not appreciate the power they possessed in this country, and which could be brought to bear in the management of public affairs; they were the backbone of this and every other country and should have adequate representation in both legislatures.

It had been his privilege to attend the exhibition for twenty-five years, with only one or two exceptions, and he had witnessed the rise and progress of their great association. Its extensive reputation was due to the sagacity, wisdom and perseverance of those at the helm, and he congratulated them on reaching the red-letter day in its history.

He understood that on the previous day the Hon. Minister of Agriculture "had been, had seen and was conquered," and that being the case, he, the speaker, as Provincial Treasurer would not raise any opposition when the time came for additional consideration for the Sherbrooke Exhibition, but would corroborate the testimony of his colleague.

THE SCHOOL QUESTION. Referring to the school question, he (Continued on Page 6.)

A notable event in the annals of the French clubs of the city took place on Sunday last, when the St. Francis Snowshoe Club, with a large number of ladies, paid a visit to Stoke, which excursion has become an annual affair. About one hundred left the city by motor and carriage for the little village, the invitation having been extended by the Rev. Mr. Lemieux, parish priest, and the day began with mass at the church of St. Philemon. The music of Salome's mass was rendered very effectively by Miss Eveline Biron, Messrs. J. O. Archambault, A. Pelletier, A. Courchesne, Dr. Noel, Mr. O. A. Begin, N.P., Oscar Noel and J. P. Jutras. Mr. C. O. Biron, N.P., acted as director, and Mr. Begin presided at the organ. Among those who had special seats were Mr. J. B. Dufour, hon. president of the club; Mr. E. M. Biron, Mayor F. H. Hebert, of Sherbrooke, and Mayor Joseph Girard, of Stoke. After mass a public reception took place, after which a sumptuous luncheon was served in the open air by Mr. and Mrs. E. M. Biron, to which good appetites were brought. An orchestra discoursed music at the lunch hour, speeches were made and thanks extended to the hospitable entertainers. The afternoon passed quickly in various out-of-door amusements—boating on the lake, fishing, auto and foot-racing, etc., and the return to the city was made at 5 o'clock.

Among those who took part were Mayor and Mrs. Hebert, Sherbrooke; Mayor and Mrs. Girard, Stoke; Mr. C. O. Biron, N.P., president of the St. Francis Club; Mr. and Mrs. J. B. Dufour, Mr. and Mrs. E. M. Biron, Mr. and Mrs. Henri Girard, Mr. and Mrs. Samuel Dean and Miss Gertrude Dean, Toronto; Mr. and Mrs. Jutras, Mr. and Mrs. Vaillancourt, Mr. E. E. and the Misses Biron, Misses Mollie Unsworth and Eugene Godin, Mrs. Tetu, Messrs. Olivier Archambault, A. Begin, N.P., Mr. Vachon, Boston; Chas. Dean, Toronto, and many others.

DAILY STOCK LETTER.

New York Noon Letter.

The opening was active and firm, all the leading issues showing good sized fractional gains over last night. The main influence was the statement made by Kuhn, Loeb and Company that only about 8 per cent. of stock allotment of S. P. would be left for syndicate. This was much better than had been expected yesterday. A further favorable influence was a decline in commodity markets. Professionals were working on bull and shorts covered freely thus causing further gains after the opening. In the second hour the market quieted down but the gains were well maintained and the market is now close to its highest with advances running up to about a point in many of the leading issues and Copper stocks were a notable feature of strength. The metal market continues advance. Producers' statement is expected on Monday. Sales to noon, 146,000 shares. Bonds, \$628,500.

BASEBALL

EAST ANGUS WINS CHAMPIONSHIP.

East Angus, Sept. 4.—(Special)—The most exciting game of baseball ever witnessed in Cookshire was pulled off there on Monday afternoon before a very large crowd of enthusiastic spectators, when Scotstown and East Angus met to decide the championship of the St. Francis Valley League. The game started at about 3.30 o'clock with McLeod and Tremblay as battery for Scotstown, and LePage and Stevenson for East Angus. Scotstown came to bat first and two runners crossed the plate. Angus came to bat and McLeod allowed two men to cross the plate. Score, Scotstown 2, Angus 2. Scotstown came up again and bagged one run while Angus had to content themselves with zero for this inning. Score Scotstown 3, Angus 2. In the third inning Scotstown couldn't score, while Angus bagged two runs, making the score Angus 4, Scotstown 3. By this time excitement was running high and both teams were playing ball in earnest, but neither side scored. In the fifth inning McLeod had a little hard luck and the Angus boys fell on the ball hard, bagging four runs while Scotstown could not connect with LePage's twists and curves. Score Angus 8, Scotstown 3. In the sixth inning Scotstown rallied a little and managed to get one run, while Angus could not connect with McLeod. In the seventh inning both pitchers had lots of stuff on the ball, and in spite of Deardene catching all the flies that came anywhere near him, Scotstown bagged one more. In the eighth inning Scotstown made a great haul, bagging three runs, while Angus were unable to score. Score Angus 8, Scotstown 8. Scotstown came to bat in the ninth inning with blood in their eyes, but with Fogg on the mound and Cote behind the bat were unable to connect to any advantage. Angus then came to bat and McLeod did away with the first two men. Fogg was next man up and McLeod gave him a walk. Cote was struck by the ball. Plaque knocked out a two-bagger and scored Fogg and Cote. Final score Angus 10, Scotstown 8. The line up was as follows:

East Angus—LePage p, Stevenson c, Ring 1b, Plaque 2b, Fogg 3b, Lessard ss, Cote rf, McKay cf, Dearden lf, LePage and Stevenson replaced by Fogg and Cote in the eighth.

Scotstown—McLeod p, Tremblay c, Morrison 1b, Scott 2b, R. Morrison 3b, Clark ss, McDonald rf, Duval cf, Brown lf, Tremblay replaced by Morrison in the fourth.

Umpires—Rev. I. A. R. Macdonald, Dr. W. O. Lamby.

said they were trying to place their educational institutions upon a solid foundation, but much work yet was required. In the Provincial Government exhibit was a pamphlet on the question of the consolidation of schools which deeply concerned the English-speaking population, whose decline could be attributed to the condition of the schools. This was a very grave question and he was in favor of encouraging, by Government subsidies, the consolidation of schools in the rural parts.

GOOD ROADS' QUESTION.

Referring to the good roads' question, the Government was doing everything in its power. Six millions out of the ten millions set aside had been appropriated. The people of this province were taking hold of this subject enthusiastically.

AGRICULTURE IN PROVINCE.

Regarding agriculture generally, the Provincial Government had increased its grants in the years from \$300,000 to over \$1,000,000.

They had been blessed lately with a sufficient revenue to meet all expenditures without increasing the public debt, but the interest and sinking fund on the loans for good roads and the increase in the expenditure of education might result in an appeal to the patriotic people to make additional sacrifices to enable the administration to continue these works, and he felt sure the response would be forthcoming.

During the last ten years the Province of Quebec had made more progress than any other, and they intended to keep it in the first place.

CONGRATULATIONS FROM SENATOR POPE.

Senator Pope followed and congratulated all concerned in the success of the exhibition. It had surpassed the expectations of its founders, because the best people of the surrounding counties had devoted their time and abilities to its management. He hoped the Provincial Government would treble its agricultural grant, and mentioned that the Senate did not vote down the money for agriculture. The speaker deplored the fact that no instruction on agricultural matters was given in the schools. Agriculture was the greatest science known and should not be treated as a political, but as a national question.

He suggested that in every township a plot of land should be set apart for demonstration purposes. It would cost one million per annum, but would result in a return of five millions.

"The President and Directors" was the last toast to which the chairman replied.

SCALE CO.

The Canadian Fairbanks Co., Ltd., have on exhibit a most splendid display of scales, covering the small milk testing scale to those used for heavy farm business, capacity of three tons. The Grip Nut manufactured by the Grip Nut Co., Ltd., is in connection with this exhibit. The whole display is in charge of Mr. J. Fales, representative for the Eastern Townships.

GEO. LONG & SON.

The building trade should keep in mind any suggestions they may have received at the booth of Geo. Long & Son, and send their orders to them for house finish, wall boards, sash, fixtures, mouldings, and rough and planed lumber.

FIRE ESCAPE.

Wm. Tupper, Bishop's Crossing, Que., has a Portable and Pocket Fire escape in actual operation in the Main Building that is a marvel in the line of fire escapes. None other on the market can compete with this escape, which is approved of by the Provincial Inspector, who, having seen the Tupper Escape demonstrated, states that in his opinion there is nothing on the market to compare with it. The Tupper & Cowan Escapade, with its Chain Ladder, controlled by automatic governor, is also exhibited and is a most complete invention. Those interested in handling such goods on the market are invited to correspond with the inventors.

HEATING AND PLUMBING.

The Main Building on the Fair Grounds has been crowded all week, and one of the best exhibits put before the public is that of Mr. Ernest Conley, Sherbrooke. The display consists of all requirements for up-to-date and sanitary plumbing, also a large, elegant showing of bathroom requisites that would please the most exacting. House heating is made a specialty by this firm, and the James Smart Mfg. Co., Ltd., furnaces are displayed in the exhibit. The famous Kelsey line are shown in four different styles and many points of superiority are claimed for this heating device over any other on the market. Among several a few are: the large radiating surface, fuel saving, durability, etc. Many users of the Kelsey furnace claim that from 20 to 30 p.c. less fuel is used over that consumed by ordinary furnaces. This maximum heat is obtained because of the immense radiating surface in the heat tubes. There being an average of 61 square feet of heating surface to one square foot of grate surface, this is nearly three times that of other furnaces. The radiating surfaces of the Kelsey are chiefly due to the zig-zag heating tubes, which are corrugated inside and out horizontally and faces turned directly to the fire. To those considering installing new heating systems in their homes Mr. Conley asks the privilege of going into the matter most carefully with them, believing that by comparing the Kelsey construction method of warming and distributing air with other heaters, getting in touch with one or

An exceedingly pretty and interesting wedding, one of the first of September, the special wedding month, was solemnized this morning at St. Patrick's Church, which was prettily decorated for the occasion. Miss Sarah Stenson, daughter of the late M. T. Stenson, in his lifetime collector of customs, and Mrs. Stenson, was married to Mr. Horace E. Roy, son of the late L. H. Roy, a well-known Sherbrooke citizen. The ceremony was performed by the Rev. E. C. Fisette, pastor of the church, in the presence of a few guests, only the immediate members of the two families being present. The bride looked very pretty and smart in a tailor-made costume of blue serge, with blouse of white chiffon over royal blue, and small blue plush hat, with feather mount. She carried a bouquet of white roses. Her attendant at the altar was her brother, Mr. Francis Stenson, of Montreal, and the groom was accompanied by his brother, Mr. Charles Roy, of Sherbrooke. Miss Teresa Doherty presided at the organ, and during the mass an exquisite violin solo, "Adoration," (Felix Borowski) was rendered on the violin by Professor A. L. Bourgeault, and charming vocal solos were contributed by Miss Vera Workman and Mr. Leonidas Bachand, friends of the bride. At the close of the religious service the bridal party repaired to the residence of Mrs. M. T. Stenson, on Goodhue street, and partook of a delicious and well served wedding breakfast, the table decorations consisting of white roses, sweet peas and ferns, with the wedding cake.

THAW CASE

(Continued from Page 1)

on the scene all day, and as far as actual work is concerned it would appear as though nothing more would be done.

CROWDS REMAINED AT STATION ALL DAY.

The station was surrounded by a large number of people all day long. One lady sent a most beautiful bouquet of red roses up to the unfortunate prisoner. Those who went out and in among the crowd, and listened to the expression of opinion, cannot help but realize that the feeling of sympathy for Thaw is general, and that the public would herald with delight the announcement that Thaw was to be allowed to choose his own point of exit.

Much indignation is expressed here at the out come of the judgment at Sherbrooke.

Thaw was declared restored to his original liberty and headed directly over to the federal officers.

Whatever their opinions regarding Thaw himself, people here freely state their indignation.

"Cruel, inhuman and a travesty of justice," is the way our citizens expressed it, referring to the treatment of Thaw immediately following the judgment which declared him restored to the liberty he enjoyed prior to his illegal arrest.

EVERYTHING IN READINESS FOR THE MOVE.

A dozen or more automobiles lined up in front of the station all yesterday afternoon, and are on hand this morning. Many of these are engaged by newspapermen, who will follow him across the boarder and from the point he crosses to wherever he is taken after entering the State of Vermont.

THE QUESTION OF APPEAL.

The question of appeal is in the hands of the immigration authorities. If they bring a charge of insanity against Thaw his only chance for appeal will be taken from him. The fact that the case made out against Thaw so far has been so weak will, in the opinion of the attorneys, tend to have the prosecution lay the charge of insanity against him.

Hall and Councillors James E. Miller, Theophile Noisieux, Henry Jones, George A. Doherty, George M. Beach and William F. Lee. The matter was left with Councillor Noisieux to secure help for the work, under the supervision of Mr. George Collins.

The road near Mr. Thomas Burnett's farm at Farnham was reported to be very narrow for traffic and dangerous when autos were met.

The secretary was instructed to have the rural inspector, C. S. Rutter, look over the Gilbert watercourse and, if necessary, have it cleaned.

Mr. D. K. Gilbert was appointed in Mr. Frank Curley's place to have the brush and weeds cut and burned in that division, and to have charge of digging the watercourse on the Small road across the land of Dr. Stevens.

Several large bills were presented to the Council. Among them were some for disinfecting, done under instructions from the Dunham Township Board of Health. On motion of Councillor Miller, seconded by Councillor Doherty, these bills were accepted and ordered paid.

A general discussion followed, concerning the advisability of continuing the macadam work this year, and on motion of Councillor Miller, seconded by Councillor Jones, it was unanimously decided to purchase a 12-ton road roller and go on with the road work the present season.

After further consideration as to what kind of a roller to purchase, it was moved by Councillor Jones, seconded by Councillor Noisieux, that the Council purchase a steam road roller.

An amendment was moved by Councillor Miller, seconded by Councillor Lee, that the Council purchase a gasoline road roller. The amendment was carried by Councillors Lee, Miller, Beach and Doherty voting for, and Councillors Jones and Noisieux against. The Mayor requested to have it recorded in the minutes that he dissented. The Mayor and Councillors Beach and Miller were appointed a committee to purchase a roller.

NEW MINISTER OF BAPTIST CHURCH

Rev. R. J. Garrett Will Commence Ministry in Sherbrooke on Sunday

COMES FROM FOREST, ONT., HIGHLY RECOMMENDED LEADER IN WORK OF CHURCH.

The Rev. R. J. Garrett, who recently accepted the pastorate of the Sherbrooke Baptist Church, will commence his ministry in that place on Sunday next, September 7th.

Mr. Garrett is a native of England, in which country he received his preparatory education for the ministry. He came to Canada twenty-five

years ago and is a graduate of the Toronto Bible College. He has held several pastorates in Toronto, the first being Royce Avenue Baptist Church. While he was there the property was purchased and what is now known as the Indian Road Baptist Church was commenced, and a beautiful church building has since been erected.

Mr. Garrett's second pastorate in Toronto was at the Memorial Baptist Church—one of the large downtown churches. Here he started the first social work done by the Baptist denomination in that city, and which has since developed into a large institutional work. The heavy strain of the work caused a breakdown in his health, and he felt compelled to resign.

A call to Forest, Ont., was then extended to him, which he accepted, and he is relinquishing this charge to come to Sherbrooke. The special feature of Mr. Garrett's work at Forest has been along spiritual and social lines among the young people.

Mr. Garrett is married and has two sons and one daughter. He is coming to Sherbrooke highly recommended.
