PROPOSED ORGANIZATION OF JOURNALS BRANCH MET WITH CRITICISM BY FRENCH M.P.'S

Want Chief for Each Language as Heretofore—Not a Matter of Dollars and Cents, But of Principle—French and English Have Equal Rights Under B. N. A. Act

Ottawa, Ont., April 8.—(By Canadian Press)—The organization of the staff of the House of Commons came up for consideration after the opening this afternoon. Sir George Foster moved the House into committee of the whole to discuss the organization as submitted by the Speaker.

The proposed organization of the journals branch met with some criticism by French members. Dr. H. S. Beland, of Beauce, said that the organization provided for only one chief of journals. Formerly there had been two chiefs; one in charge of the English edition and one of the French. He asked why this departure had been made.

Speaker Rhodes replied that there could only be one journal for the House of Commons and the French edition was a translation of the journal as made out in English. Therefore it had been thought advisable to transfer the chief of journals, formerly in charge of the French edition to the translation branch.

Mr. Ernest Lapointe remarked that the French edition of the journal should not be merely a translation of the English. Speaker Rhodes replied that he had no intention of giving the impression that the French language was not one of the official languages of the House. If the Clerk of the House entered the journal in the French language, the English edition would necessarily be a translation. As it happened, the Clerk entered it in English so the translation was made in the French.

Dr. Beland insisted that the system of having two heads had been satisfactory since 1842 and had been confirmed by subsequent classifications.

J. C. A. Ethier, Two-Mountains, said that the British North America Act gave French and English languages equal rights and these should be upheld.

Mr. Stein, the new member for Kamouraski, in his maiden speech, contended that it was not a matter of dollars and cents so much as one of principle.

J. A. Currie, North Simcoe said the changes, while they might appear innocent, contained the germ of very deep and fundamental changes which might lead to disturbance.

Speaker Rhodes agreed to the postponement of the item and this course was adopted. On the motion of Sir George Foster the House decided to begin Wednesday evening sittings beginning April 21.

Orders of Day. On the orders of the day, P. F. Casgrain asked why when letters in French were written to certain Departments replies were sent in English. Mr. Casgrain was continuing to discuss the question when called to order by the Speaker.

George Parent asked if Canada as a member of the League of Nations had been consulted as to the occupation of German cities by French troops.

Hon. N. W. Rowell replied that the Government had not been consulted. "Shame, shame," exclaimed Ernest Lapointe, laughing.

Replying to Dr. Beland, Mr. Rowell said that the Canadian delegate to the Assembly of the League had not yet been appointed.

CANADIAN WHEAT BOARD STATEMENT

To Make Preliminary Steps Towards Decontrol—Withdrawing Maximum Prices

Winnipeg, Man., April 8.—A statement issued today by the Canadian Wheat Board says: "Considering the time opportune, the Canadian Wheat Board as a preliminary step towards decontrol, propose as from this date, to withdraw the maximum price on flour sold for domestic purposes whilst retaining control of the price of wheat."

The Board will temporarily continue to control the maximum wholesale price of mill offal. "Expert cost accountants have audited the books of several representative milling companies and the Board being in possession of certified milling costs and having the price of wheat under control can and will see that no abuse occurs. There is every reason to believe, however, that competition among millers will amply protect the consumers."

SCHOOL DESTROYED BY FIRE. Glace Bay, N.S. April 8.—Brookside School, with accommodation for 220 pupils was virtually destroyed by fire this afternoon. The loss is placed at \$5,000. Firemen are convinced that the blaze was the act of an incendiary.

Evening Session. When the evening session opened, Hon. N. W. Rowell, in reply to D. McKenzie, said that the Bulgarian peace treaty was still awaiting the signature of Hungary.

The bill was given its third reading. When the House went into committee on the Franchise Bill, Hon. W. L. MacKenzie-King asked that only non-controversial clauses should be discussed at present. An opinion which was coincided in by a number of members, was voiced by H. E. Morphy (Perth), who said that the clause forbidding the chartering of any vehicle by a candidate for the purposes of conveying voters to the polling booth should be counted out.

Offenses under this regulation were numerous, but so trivial that it would be better that they were not made offenses at all.

Messrs. McGibbon (Muskoika) and Wilson (Saskatoon) urged that the clause should be estimated, but Hon. Mr. Fielding and S. Jacobs, (George Etienne-Carter), supported the clause as being necessary to prevent the tendency that would arise if it chartered all available conveyances on election day to the detriment of the less wealthy candidate.

Mr. Fielding said he would prefer a clause which allowed only a certain number of conveyances to each polling booth, but would rather support the present law than see no regulation at all provided.

A. R. McMaster (Brome) asked if the Government had considered the introduction of compulsory franchise, penalizing voters who refused to go to the polls, if necessary to the extent of a fine.

Hon. Mr. Guthrie replied that the Government had considered the subject, but had not yet seen its way to the introduction of such radical legislation.

Franchise Bill. Clause fifteen of the bill which provides that employers must allow two hours in the afternoon to their employees who desire to vote, on polling day was carried.

It states that no reduction shall be made from the pay of any employee for his or her absence during the two hours, nor shall any penalty be exacted. The section extends to railway employees with the exception of those who are actually engaged in the running of trains and to whom such time cannot be allowed without interfering with such work.

The abolition of the office of the Clerk of the Crown-in-Chancery, which ancient and honorable custody according to Mr. Guthrie, extended from the time of Cromwell, caused no dissent, but the choice of a chief electoral officer to take his place gave rise to a sharp controversy which will be renewed when the Act is again discussed.

Mr. J. J. Gauthier (Montreal) saw a great danger in the official holding a dual position.

When the clause came up which provides that certain classes of persons are disqualified from acting as returning officers, etc., a lengthy discussion took place on the clauses disqualifying priests, ministers and ecclesiastics. D. D. McKenzie thought that the reference to ecclesiastics should be limited to A. B. Copp asked that the whole clause be eliminated, but Mr. Guthrie replied that it was brought in from the old Act and was good British legislation, aimed to eliminate possible clerical influence in elections.

When Lucien Cannon suggested that civil servants be included in the list of disqualified persons for returning officers, etc., Mr. Guthrie said that the suggestion was new but that he saw no objection to their being included.

STRIKE WILL BE BROKEN SHORTLY

Unauthorized Act of Switch and Enginemen Was Still Spreading Yesterday

Chicago, Ill., April 8.—The unauthorized strike of switchmen and railroad enginemen which started in the Chicago district and spread today to several cities, will be broken within the next forty eight hours, A. F. Whitney, Vice-President of the Brotherhood of Railway Trainmen, and S. E. Heberling, International President of the Switchmen's Union of North America predicted tonight.

The strike situation in Chicago showed some improvement during the day, but Whitney said that the traffic handled was still less than 50 percent of normal. One thousand broad-gauge freight and passenger trains have answered the call to come here as strike breakers, he added.

The Railroad Managers' Association reported that more engines were operated today than at any time since the strike tied up the switching district.

While conditions here showed improvement, the strike was spreading throughout the country from coast to coast.

John Grunau, whose "personal grievance" precipitated the present strike of railroad switchmen, is president of the "outlaw union", as the Chicago Yardmen's Association, Grunau, a yardmaster, was conductor on a work train operated by the Chicago and North Western Railroad to carry its employees between Chicago and the yards at Bensenville.

Recently the company added a passenger car to the train, making necessary the replacement of Grunau by a road conductor officials say. Following his discharge, Grunau organized the yardmen's association, among the switchmen who formerly were members of the Brotherhood of Railway Trainmen, and called the local strike.

Grunau is said to have been expelled from the Brotherhood during the war for alleged pro-German utterances, according to one of the Brotherhood officials.

1,500 Men Idle. Detroit, Mich., April 8.—Approximately 1,500 switchmen and enginemen were idle here tonight and nearly every railroad entering the city was powerless to move any but perishable freight and passenger traffic as the result of the sympathetic walk-out of switchmen today.

The Michigan Central declared an embargo on all inbound and outbound freight, except fuel and food-stuffs, which was being handled by the few men remaining on duty. Other roads, it was stated, probably would take similar action tomorrow.

DENONCES WOMEN'S HIGH HEeled SHOES. Winnipeg, Man., April 8.—(By Canadian Press)—"No woman who wears the high heeled shoe that is being foisted upon the female public today can retain her vitality, figure and personal magnetism," declares Miss Edna E. Lowe, physical culture expert of Chicago, in an address at the closing session of the Manitoba Educational Association today. Her assertion was greeted with prolonged applause by the audience of eight hundred teachers, mostly women.

Simpler living, "getting back to nature," was advocated by Miss Lowe, as the surest way of counteracting "nerves" from which the present day world in general, and the teaching profession in particular, is suffering in over-doses.

WHERE IS NICKY ARNSTEIN? Montreal, Que., April 8.—A local paper publishes an article today in which it is claimed that "Nicky" Arnstein, wanted for a bond theft in New York, was in Montreal yesterday. It claims Arnstein probably disposed of a number of bonds here and got back to the United States safely. The local police do not confirm the story.

MINER FATALLY INJURED. Glace Bay, N.S., April 8.—EX-Councillor Hugh McDonald, a well-known miner, was fatally injured in No. 4 colliery, last night by a flying splinter of stone which penetrated the artery of a leg. He died to death before a doctor reached the scene.

OTHERS INDICTED were Detectives John Gunson and Joseph Maloney, for perjury; Peter Gallioti, restaurant proprietor and three employees, Divolio Campa, Luigi Tusi, and Calotio, all charged with keeping a disorderly house. Gunson already is under indictment for bribery and extortion.

The seven indictments today, which make a total of ten since the vice agitation was begun, were obtained by James E. Smith, Assistant District-Attorney, the central figure in a series of charges and counter-charges growing out of his investigation of alleged police connivance with vice.

RESOLUTION PAST HALF-WAY MARK

Debated For Six Hours, But No One Questions Its Adoption

Washington, D.C., April 8.—The peace resolution has passed the half-way mark on its way through the House when echoes of the stormy oratory and debate it provoked died away tonight. For six hours it was the centre of discussion on the floor, yet no one questioned that it would be adopted.

The final vote will come late tomorrow. There was a vote today on adoption of the special rule limiting debate and preventing amendment of the resolution as drawn by the Committee on Foreign Affairs. The rule was carried 214 to 155, seven Democrats joining the Republicans in its support and one Republican opposing it.

This was taken to indicate action of the resolution itself, but Republican leaders said that more Democrats would join them on the final vote.

One of the Democrats, Representative Huddleston, of Alabama, who voted against the rule, announced that he would support the resolution.

The November elections figured almost as prominently in the debate as did the international situation, war-time legislation or even President Wilson's share in the treaty fight.

VICE CRUSADE BROADENS OUT

Grand Jury Returns Indictments on Strength of the Easter Sermon

New York, April 8.—The vice crusade in New York, which has gradually broadened into five distinct investigations assumed substantial proportions late today when the regular Grand Jury returned indictments against Police Inspector Dominick Henry, two of his subordinates, the proprietor and the employees of the West Side Restaurant, complained of in an Easter sermon by the Rev. John Roach Straton, of Calvary Baptist Church.

Inspector Henry who commands the enlarged "Tenderloin" district, with its hundreds of hotels, restaurants, theatres, cabarets, and dance-halls, was charged with neglect of duty. Accompanied by his counsel, W. Bourke Cochran, he was arraigned before Judge James T. Malone, of General Sessions, and held in \$2,500 bail for hearing tomorrow morning. Bail was quickly furnished.

Others indicted were Detectives John Gunson and Joseph Maloney, for perjury; Peter Gallioti, restaurant proprietor and three employees, Divolio Campa, Luigi Tusi, and Calotio, all charged with keeping a disorderly house. Gunson already is under indictment for bribery and extortion.

The seven indictments today, which make a total of ten since the vice agitation was begun, were obtained by James E. Smith, Assistant District-Attorney, the central figure in a series of charges and counter-charges growing out of his investigation of alleged police connivance with vice.

Additional Grace. Germany has been given a week's additional grace for the withdrawal of her troops from the neutral zone, the Evening News today says it understands. This would extend the time to April 17.

In August of last year the Supreme Council consented to a provisional increase of the German gendarmerie troops in the neutral zone beyond the Rhine for three months after the peace treaty should go into effect. It was recognized at the time, it was said, that the force provided for in the treaty was considered inadequate to maintain order. The peace treaty became effective on January 10 and the three months' extension granted expires on April 10.

Paris, April 8.—Additional German troops are on their way to the Ruhr Valley, according to a despatch to the Temps today from Mayence. The message states that it has been announced that the second brigade of marines is en route to the Ruhr region from Stettin, Pomerania.

In connection with the previous movement of troops into the Ruhr district the Temps declares: "It is certain that the advance of the Reichswehr into the forbidden zone resulted from pressure by the nationalist party upon the Berlin Government. Commissioner Severing has so declared in unequivocal terms to certain persons in the Ruhr region."

The Mayence advices to the newspaper add that 10,000 additional refugees from the Ruhr insurgent forces have arrived in the British zone of occupation, where they will be interned.

ALLIES WASHED THEIR HANDS OF FRENCH ACTION

Declares Themselves All Opposed to Occupation of the German Towns

DELICATE SITUATION Matter Under Discussion And It is Hoped to Ease the Tension

London, April 8.—(By Associated Press)—After a long conference which the French Ambassador, Paul Cambon had with Premier Lloyd George today, and a full discussion of the Franco-German incident by the Cabinet Council at which the French view was fully explained to the British Ministers, an authoritative statement was issued to the effect that France acted entirely on her own initiative in deciding to occupy German towns; that Great Britain, the United States, Italy and Belgium were all opposed to the plan and that France's action has caused a delicate situation.

The matter is under discussion of the British and French Governments and the hope is expressed that the situation may be eased.

The statement recites various expedients suggested for dealing with the Ruhr situation, among others, the sending of Allied officers with the German troops to supervise the German withdrawal. Another alternative was that the decision should be left with the German Government with the stipulation that unless the status quo was sufficiently restored the Allies themselves would occupy German points to enforce their demand.

The statement proceeds: "The German Government appears to have acted precipitately and France to have responded by adopting a plan which was only intended as a last resort method, and even then to have been the affair of the Allies and not of any one of them simply."

Great Britain, Italy, Belgium and the United States, it is declared, all felt that the task of restoring order should be left with the German Government, and they were opposed to their regular force being called upon except as a last resort, to undertake what are virtually police duties. It is pointed out that France feared some ulterior motive on the part of Germany and doubtless acted in good faith, but adds the statement:

"The immediate result is that the responsibility for her action cannot be shared by the Allies as a whole and certainly there is no intention on the part of the British Government to allow British soldiers to act as police between hostile German factions and incur all the odium of such a position, to say nothing of its risks."

The statement concludes: "If, and when France's suspicions of Germany's ulterior motives and deliberate flaunting of the terms of the peace treaty become accomplished facts, the Allies would doubtless be prepared to act instantly and vigorously in concert to vindicate the position and respect for the provisions of the treaty. But for the time being, it may be taken that no British soldier will participate in the occupation of German cities in the neutral zone."

Germany has been given a week's additional grace for the withdrawal of her troops from the neutral zone, the Evening News today says it understands. This would extend the time to April 17.

In August of last year the Supreme Council consented to a provisional increase of the German gendarmerie troops in the neutral zone beyond the Rhine for three months after the peace treaty should go into effect. It was recognized at the time, it was said, that the force provided for in the treaty was considered inadequate to maintain order. The peace treaty became effective on January 10 and the three months' extension granted expires on April 10.

Paris, April 8.—Additional German troops are on their way to the Ruhr Valley, according to a despatch to the Temps today from Mayence. The message states that it has been announced that the second brigade of marines is en route to the Ruhr region from Stettin, Pomerania.

In connection with the previous movement of troops into the Ruhr district the Temps declares: "It is certain that the advance of the Reichswehr into the forbidden zone resulted from pressure by the nationalist party upon the Berlin Government. Commissioner Severing has so declared in unequivocal terms to certain persons in the Ruhr region."

The Mayence advices to the newspaper add that 10,000 additional refugees from the Ruhr insurgent forces have arrived in the British zone of occupation, where they will be interned.

At Frankfurt, says a despatch to the Temps from that city, the French General has posted a proclamation announcing that the reports of an intended withdrawal of the French troops were false. A delegation from the municipality has presented to the General a solemn protest against the occupation of the city.

The patrolling of the streets at Frankfurt by armored automobiles is being continued.

Exquisite French and Phillipine Hand-Made Lingerie

Wonderful has been the result of long, patient work on the part of the women of these two countries where this lingerie is made.

Underwear of fine Wash Satin and strong Crepe de Chine, Night Gowns, Envelopes, Chemises, Camisoles and Pyjamas.

We feel confident in saying that never before have we had such a wonderful selection.

Holt, Renfrew & Co. Limited

Victory Diamonds We have scored another Victory in the purchase of a fine lot of perfect, blue-white diamonds at a price that will maintain our prestige as diamond merchants. These stones will be mounted in the very latest settings for our customers. They're worth coming miles to see. Every day some purchaser comes from afar to see our magnificent display.

LEAVING FOR ITALY. London, April 8.—David Lloyd George, the British Prime Minister, will leave for San Remo, Italy, next Saturday for the coming season of the peace conference. Mr. Lloyd George will travel by boat to Marseilles. Earl Curzon, of Kedleston, the British Foreign Secretary, and Viscount Chinda, the Japanese Ambassador to Great Britain, will accompany over land to Marseilles.

WOULD BAR "BOURGEOIS." New York, April 8.—Attempts on the part of James Larkin, Irish Labor Leader, to bar "bourgeois" from the Supreme Court jury which is to try him for criminal anarchy and to obtain the selection of only proletarian-lawyers, again delayed progress of the trial. Larkin is acting as his own attorney. Justice Weeks repeatedly rebuked Larkin during the examination of witnesses when the latter insisted upon questioning them as to their investments and social beliefs. At the end of today's session only two jurors had been tentatively selected.

MONKEYS GET HYSTERICAL. New York, April 7.—Andy Holmes, guardian of the monkey cages at a circus which is now showing here, evidently keeps posted on all the latest scientific discoveries. He was found by a newspaperman the other day "shooting" away a man with a long white beard. "If one of our monkeys sees a set of white whiskers he becomes hysterical," said Andy. He explained that the monkeys have been annoyed all winter by octogenarians trying to steal their interstitial glands.

WHY EXPERIMENT?

Food scientists claim that the leavener is largely responsible for the flavor, texture and wholesomeness of your home baking. That on no other one ingredient does so much depend. It is important, therefore, to use a baking powder that you know possesses the necessary leavening qualities.

MAGIC BAKING POWDER

Contains No Alum

and is the only strictly high class baking powder in Canada selling at a moderate price. Its reputation is built on purity and highest quality.

The only well known medium priced baking powder made in Canada that does not contain alum and that has all its ingredients plainly stated on the label.

Made in Canada

MEETING OF THE CITY COUNCIL

Quebec, 7th April, 1920.

Special meeting of the City Council of the City of Quebec duly convened and held in conformity with law at the City Hall in the City of Quebec, on the 6th day of April, 1920—At eight o'clock in the evening at which meeting were present: His Worship the Mayor, Mr. Joseph Sanson.

Aldermen: Bertrand, Collier, Delagrave, Labrecque, Lantier, Lesage, Mercier, forming a quorum and the absolute majority of the said City Council of Quebec.

His Worship the Mayor reads the notice of convocation of the special

A Smooth, Hairless Skin for Every Woman

(The Modern Beauty.) With the aid of a plain delatone paste it is an easy matter to rid the skin of unsightly hair growths. The paste is made by mixing some water with powdered delatone. This is applied to the hairs not wanted and after 2 or 3 minutes rubbed off and the skin washed, when every trace of hair will have vanished. When you go to your druggist for delatone, be sure you get the genuine article.

meeting of the Council, which is as follows to wit:

To pass all resolutions necessary concerning the issue of the Debentures sold to the Dominion Securities and to Messrs. Wood Gundy & Company, Limited. Said meeting called for Tuesday, the 6th of April inst.

It is moved by Alderman Lantier, seconded by Alderman Delagrave and unanimously resolved: That whereas the City of Quebec in virtue of the statute of Quebec, 4 Geo. V, chapter 72, section 1, 2 and 5, contract a loan of (\$825,000.) six hundred and twenty five thousand dollars, by an issue of debentures dated the first day of April 1915, and maturing on the first day of April, 1920

AND WHEREAS the amount due on the said loan now amounts to (\$825,000.) six hundred and twenty-five thousand dollars.

AND WHEREAS the City of Quebec in virtue of the statute of Quebec 4 Geo. V, Chapter 88, section 1, contracted a loan of (\$700,000.) seven hundred thousand dollars, by an issue of debentures dated the first day of April 1915, and maturing on the first day of April, 1920.

AND WHEREAS the amount has on the said mentioned loan now amounts to (\$700,000.) seven hundred thousand dollars.

AND WHEREAS no sinking fund has accumulated on said loan, seeing there were no requirements as to sinking funds in respect of said loans.

AND WHEREAS the City is now called upon to repay the capital of the said two loans amounting to the aggregate to (\$1,325,000) three

hundred and twenty five thousand dollars, for which amount a new loan has to be contracted as authorized by the statute of Quebec 19, Geo. V, Chapter 85, sanctioned on the 14th of February, 1920.

Be It Therefore and It is Hereby Resolved:

1—The City of Quebec is hereby authorized to create an issue of debentures aggregating in face value the sum of (1,325,000) thirteen hundred and twenty-five thousand dollars, the proceeds of which debentures shall be exclusively employed to repay the capital due on the loans contracted by the City of Quebec, under the authority of the statutes of Quebec 4 Geo. V, Chapter 72, section 1 and 2, and 5 Geo. V, Chapter 88, Section 1.

2—The debentures shall be issued in denominations of (\$1,000.) one thousand dollars, and bear numbers 0001, to 1325, both numbers inclusively.

3—The debentures shall be dated the first day of April, 1920, and shall be payable on the first day of April, 1930, and until paid the debentures shall bear interest at the rate of 4 p.c. per annum, payable half yearly on the first day of April and the first day of October each year.

4—The debentures will be payable to bearer in gold coin of the present standard of weight and fineness or its equivalent at the Bank of Montreal (St. Roch Branch) in the City of Quebec, or at the holder's option, at the chief office of the Bank of Montreal in the City of Montreal, or at the chief office of the Bank

of Montreal in the City of Toronto, Canada.

5—Interest coupons representing the semi-annual payments of interest shall be attached to each debenture and bear the number thereof and coupon shall be payable to bearer in like gold coin at the places fixed for the payment of the principle of the debentures.

6—The holders of any of the debentures may cause the same to be registered in the books of the City kept for that purpose and an endorsement to that fact shall be made upon the debentures by the city accountant and the debentures so registered shall only be payable to the registered holder thereof; any registered holder may at any time cause the debentures to be made payable to bearer by having the registration thereof properly cancelled on the books of the City and by having an endorsement to that effect made upon the debentures by the City Accountant.

7—The said debentures shall bear the seal of the City of Quebec and shall be signed by the Mayor of the City of Quebec, the City Clerk and the City Treasurer. Interest coupons shall bear the printed stamp or lithographed fac-simile of the signature of the City Treasurer.

8—A Sinking Fund of 1 p.c. one per centum per annum of the face value of the debentures to be issued under this resolution is hereby created and established, and the same shall be set aside annually and deposited to the Bank of Montreal (St. Roch Branch) Quebec, until the said debentures have been redeemed. The Sinking Fund shall bear interest at the rate of (3 1/2%) three and one half per centum per annum, provided that it may be withdrawn at any time or from time to time for the purpose of redeeming debentures issued, under the authority of the present resolution.

9—The debentures and interest coupons shall be in such form and contain all such provisions, terms, and stipulations, as may be approved by the City Treasurer, such approval to be evidenced by the approval to be evidenced by the

10—The debentures to be issued hereunder are those sold by the City of Quebec to the Dominion Securities Company, and Wood Gundy & Company, at the price of \$98.17, after public tenders had been duly called, said purchaser being the highest tenderer. His Worship the Mayor then submitted the above resolution and the vote being taken, the said resolution was unanimously adopted by the members of the Council.

It was then moved by Alderman Lantier, seconded by Alderman Delagrave, and resolved: That the said Council do now adjourn. And the Council adjourned.

Plot to Assassinate

A number of persons have been arrested in London charged with the horrible crime of a conspiracy to assassinate His Majesty's Ministers, on the 23rd of February last.

The leader of this plot is said to have been Arthur Thistlewood, who took an active part in the meetings of Spaulds, and several other meetings of the populace. He made his escape in the first instance, but has since been taken. One of the Police Officers was killed, and several persons wounded, on the first attempt to arrest the conspirators. Thistlewood was formerly in the army, and has long been making calumny against the Government, which are alleged to have been entirely unfounded. He will probably meet with the fate of Despard, and the public odium excited against those with whom he was connected, will tend to strengthen the hands of the Government.

Chronicle Files 25 Years Ago.

Lady Tweedmouth in Town

Lady Tweedmouth, mother of Her Excellency the Countess of Aberdeen is at the Chateau Frontenac, with her son, the Hon. Dudley Majoribanks. Lord Tweedmouth was unable to accompany his mother and brother to America, being in attendance upon Her Majesty the Queen in the South of France. Our distinguished guests dined last night with Judge and Madame Rouhier.

The Quebec-West Election

We understand that the nomination papers of Mr. Dobell, the independent candidate, have been very largely signed by influential gentlemen on both sides of politics. The lists will shortly be published. In the meantime the requisition address to Mr. Dobell and his response thereto appear in our advertising columns.

Arrests

Some half dozen of bold tramps were arrested here yesterday by the police, some of whom are accused of threatening people on the streets with violence when they declined to listen to their appeal for alms. It might do these gentry good to teach them for a few weeks and to teach them that Quebec is an unhealthy locality for people of their calibre.

Accident on the Terrace

We regret to learn that a little son of our esteemed citizen, Mr. Ritchie, was stunned by a fall from his bicycle on Dufferin Terrace yesterday at noon. He was taken into the Chateau Frontenac and he had recovered consciousness and was then sent home in a carriage.

News From The Paquet Store

THE SPRING RAINFALLS

have arrived. Are you prepared for sudden showers? Why risk your health and your clothes when it is so easy to protect them?

FOREIGN WITNESSES MAKE TROUBLE FOR PROCEDURE IN KING'S BENCH COURT

Evidence Has To Be Translated Twice To Maintain Understanding with Judge, Jury and Counsel—Trial of Two Rumanians Still Going On—More True Bills Returned

The sitting yesterday afternoon in the case of The King vs Nick Debeke and George Morhari, for murder, saw only three witnesses examined...

Albert Moxson, employed at Price Bros. in Kenogami, who had been on the witness stand in the morning, resumed his evidence at the afternoon sitting...

In answer to a question, witness stated that he had found a 22 calibre rifle on the floor, but that it was not loaded. It was an old rifle...

Gymnast Stefano, of Kenogami, a Bulgarian, then took the stand. He said that he was at Kenogami on July 27 last...

Questioned as to when he saw them last, he said it was last year before the Easter holidays. He saw Kostinien on the night of July 27, at 6 o'clock...

Witness said that he recognized Kostinien's voice, and that the victim had called him by name. He heard the firing of shots as well as cries for help...

Witness said that the door that he tried to open communicated with the room where coal and wood was kept, and that Kostinien's room communicated with the same room...

Stefano said that a man came over to his room when he tried to open the door, and told him to be quiet. Witness could not open the door because it was fastened with wire...

Witness stated that he ran to the other end of the camp and going into a room there shouted "Boys you're asleep." There were beds in this room...

Witness said that he did not hear any shots fired in the camp. He saw Kurchak was injured when the latter ran out. He had one wound on his hand and another on his nose...

Following this, the Court adjourned until 10 o'clock this morning. Morning Session At the morning session the two Rumanians Debeke and Morhari in-

WAR PURPOSE EXPENDITURES

Last Fiscal Year Was \$343,544,081—This Does Not Include Pensions

Ottawa, April 8.—(By Canadian Press)—War expenditures during the fiscal year ending March 31 totalled \$343,544,081 as compared with \$347,824,274 in the year previous...

So far from showing a deficit (as was predicted in the last budget speech) customs revenues for the year have increased. It was predicted that, as a result of tariff changes, customs revenues would decrease by seventeen million dollars...

At this point the Grand Jury returned True Bills in the cases of the King vs Ed. Grondin indicted with causing grievous bodily harm. The King vs J. Eud. Levasseur, the King vs Geo. Topping, and the King vs J. J. Proulx...

When Stefano's testimony was continued, he was asked if he knew personally that Kostinien used to sleep with his money in a belt round his waist. He replied that he did not...

Before leaving the witness box, he was asked whether there were other vandals in the camp. Witness said "Yes, I think so. I think there was one in Kostinien's room." He returned to the camp with the doctor and the municipal authorities...

He was not sure what time he went to bed on the night of the murder, but thought that it was between 11:45 and 12:30. He had not been asleep more than a half hour when he was awakened by two men jumping on him...

TENANTS MUSTER IN LIMLOU

Branch of Association Was Formed There at Enthusiastic Meeting Last Night

Limolou joined hands with the other wards of the city last evening when its tenants formed a branch of the Quebec Tenants' Association after a meeting held in the Church Hall of the Ward, which was attended by over five hundred people...

The meeting was presided over by Mr. Irene Garneau who explained the objects of the Association, the President of which he then called upon to address the gathering.

Colonel Talbot explained the various items of the reform programme of the Association, and the necessity for all the tenants of the Ward to join it to obtain better housing conditions and also to keep rents down to a reasonable figure.

COMMERCE BOARD MAKE STATEMENT

Board Will Not Henceforth, Unless Invested, Exercise Control Over Newspaper

Ottawa, Ont., April 8.—(By Canadian Press)—The statement in which the Board of Commerce of Canada announces that it will not henceforth, under the authority vested on it by certain Orders-in-Council which have been declared without jurisdiction by the Supreme Court...

The effect of the decision is that certain Orders-in-Council recently made and purporting to constitute the Board of Commerce controller of newspaper paper and to vest in the Board certain powers additional to those exercised by the former newspaper controller were made without jurisdiction and that consequently the exercise by the Board of Commerce of its powers so purported to be conferred was inoperative in law.

COAL SITUATION REPORTED BAD

Cushing in Address to Toronto Coal Dealers Says There Is a Big Shortage

Toronto, Ont., April 8.—The coal situation noted, was so bad as at present, according to George H. Cushing, managing director of the American Coal Dealers' Association, who addressed the Toronto Wholesale Coal Dealers' Association at a meeting here today. There is a shortage of ten million tons of bituminous coal in the United States...

Mr. Cushing said, inadequate transportation facilities had caused the shortage, he stated, and what was needed was more motive power rather than more railway cars.

Widely fluctuating prices between Eastern and Western American points were predicted by Mr. Cushing. Although stating that he did not think any decent man would attempt to justify the present prices of coal, Mr. Cushing held out no hope for an improvement in coal prices, and said he did not think anyone would ever see the prices go down again to where they were before the recent advances.

COMPULSORY UNIVERSAL MILITARY TRAINING

United States Senate Supporters Retreat in Face of Certain Defeat

Washington, D.C., April 8.—Facing certain defeat, Senate supporters of compulsory universal military training today retreated from pressing their adoption of their plan of four months training of all youths as a part of the army reorganization bill.

It is expected that a vote will be taken on the voluntary training system tomorrow.

There will be no direct vote on the compulsory plan if the voluntary plan is adopted.

Provision for reducing the regular army to 210,000 men within the next five years would not be practicable with compulsory training rejected, it was said.

The Senate debate today was entirely confined to the training schemes.

QUEBEC TO HAVE "FRONTENAC LIMITED"

The Canadian Pacific Railway Makes Official Announcement of New Train Service

Montreal, April 8.—Starting May 2nd the Canadian Pacific Railway will inaugurate a new series of trains from Montreal, including the whole of Canada, which will be a marked improvement on anything that has been done by the Company for the past five years.

The train will consist of a 32-hour service between Montreal and Vancouver and the eastbound trans-Canada train will also start May 2nd.

On June 6 a new train, the "Frontenac Limited" will be put on for Quebec. The two trains a day service between Montreal and St. John, N.B., will be continued.

EARNINGS AND LIVING COSTS

Former Have More Than Kept Pace With Latter With the Coal Miners

New York, N.Y., April 8.—Figures purporting to show that earnings of anthracite mine workers during the past three years have more than kept pace with the cost of living, were submitted by the operators today's meeting of the subcommittee appointed to negotiate a new wage agreement for the hard coal fields.

These figures which were compiled from the payrolls of eighty percent of the operating companies showed the earnings of the mine-workers in 1916 and compared them with their present earnings. The percentage of increase was not revealed by the operators.

The presentation of the statistical data started a general discussion which continued for several hours. The mine-workers disputed the accuracy of the figures and took the position that they were of the "hand-picked" variety.

The mine workers already have placed figures before the committee showing the average earnings of the day men are but \$900 per year, while the contract miner averages from \$1200 to \$1600 per year. The operators' data however, is reported to show the earnings of the workers to be greatly in excess of these figures.

While optimistic of the outcome of the proceedings, union officials predicted tonight that the negotiations would probably continue another ten days before an agreement is reached. They pointed out, however, that no contract would be made unless the mine-owners granted these demands:

An adequate wage increase; closed shop, with the check-off system; payment for coal on the long ton basis; and Edmonton pay the quota of the eight hour day work throughout the industry.

There can be no compromise on the demand for a closed shop with the "check-off", they declared.

WESTERN SUGAR PRICES HAVE BEEN INCREASED

Vancouver Has Cheapest at 18c to 20c—Calgary Has to Pay 19c to 22c a Pound

Winnipeg, Man., April 8.—(By the Canadian Press)—Retail sugar prices have mounted in Western Canada since price restrictions were removed a short time ago.

Quotations gathered from Western cities show that Vancouver has the cheapest sugar supply at 18c to 20c, according to quantity, and that Calgary and Edmonton pay the highest prices for granulated sugar, merchants in those cities asking 19c to 22c and 20c to 22c respectively.

Winnipeg prices, 19c; Prince Albert, Regina and Moose Jaw, 20c; Saskatoon, 19 1/2 cents and Lethbridge, 21c.

Prices in Eastern Canada are considerably lower, according to quotations gathered here. Montreal reports sugar selling at 16c per pound; Toronto citizens pay 17c to 19c, and Ottawa residents, 18c.

The Opposition moved an amendment that claims of the Province against Canada for a share in school lands granted Prairie Province should first be pressed before additional taxation is levied.

The Premier gave notice of a resolution today that a conference of the Maritime Province Premiers be called to press for the settlement of claims against Canada with respect to school lands and certain subsidies paid Western Provinces in lieu of lands and compensation for lands given Ontario and Quebec for enlargement of boundaries.

SURRENDER OF WARSHIPS BEGUN

First Delivery of the German Craft Since Scapa Flow Incident

London, April 8.—The surrender of the remainder of German warships under the terms of the treaty of Versailles started Wednesday when the battleship Nassau and Ostfriesland arrived at the Firth of Forth in tow of German naval vessels.

The Nassau which has been allocated to Japan, is of the dreadnaught class, displacing 18,000 tons. The Ostfriesland, allocated to the United States, is also of the dreadnaught class, displacing 22,500 tons.

The Baden, a new battleship of 28,000 tons which the Germans tried to scuttle in Scapa Flow, is now in British hands, and has been permanently allocated to Great Britain. The arrival of the Nassau and Ostfriesland marks the first delivery of German naval vessels since the Scapa Flow incident. The opinion was expressed at the British Admiralty today that the delivery of the remainder of the German vessels which are to be surrendered will now proceed as speedily as there is satisfaction that Germany intends to carry out this provision of the treaty without further quibbling.

There remain, six battleships, seven light cruisers and some forty or fifty torpedo-boat destroyers and a number of submarines to be delivered. In addition it has been agreed that 54 submarines would be sold for the benefit of the Allies. The allocation of the remaining vessels has not been determined on but it is understood Brazil will receive six torpedo-boat destroyers, some submarines and a cruiser. The delivery of these vessels is expected to be within a month.

The Firth of Forth will be the scene of the transfer of all the warships. There is some question as to whether the Government receiving the battleships are under obligations to destroy them within six years. The British Admiralty declares this point has not been definitely settled.

HAD NO AUTHORITY FOR HIS STATEMENT

Col. Margeson Told G.W.V.A. Small Gratuity Might Be Granted If Asked For

Ottawa, Ont., April 8.—William Duff, Lunenburg, asked in the House this afternoon if Colonel Margeson of the Board of Pension Commissioners had any authority for a statement he is alleged to have made at the G. W. V. A. convention in Montreal "should a small amount of gratuity be asked for it would quite likely be granted to the soldiers."

Hon. Mr. Rowell replied that there was no authority for any such statement being made.

P. F. Casgrain (Charlevoix-Montmorency) asked if the Government intended to continue the offices of the two parliamentary secretaries, i.e., F. H. Keefer, Parliamentary Under-Secretary for External Affairs, and Hugh Clark, Parliamentary Under-Secretary for the Department of Soldiers' Civil Re-Establishment.

Sir George Foster replied that an announcement as to continuance of the offices would be made later in the session.

CRIME HAS BEEN RAMPANT IN FRANCE

Bordeaux, April 8.—Crime, which has been rampant in France since the war, has afforded an instance of peculiar turpitude in the case of Maurice Duclouet, a former soldier.

On March 12, he murdered at Abbeville a woman, who as a Red Cross nurse, had cared for him when wounded. The victim was Madeline Bongonnie, wife of the head of the Bar in Abbeville. She was killed by Duclouet and then buried.

Duclouet has just been arrested. His home at Talence a suburb of Bordeaux, was searched, and jewels which belonged to Mme. Bongonnie were found there.

ROYAL VISIT TO SPAIN. Madrid, April 8.—A report from Santard says that the King and Queen of England are about to visit Spain. Magdalena Palace, it is said is being prepared for their reception.

QUEBEC, APRIL 9, 1920.

DAMMING THE STRAITS.

Several months ago an article was published in these columns with reference to a project for changing the Canadian climate by damming the Straits of Belle-Isle so as to divert the present course of the Arctic current.

It would be hard to say whether the enterprise has aroused more amusement or scepticism thus far, but there can be no question of its revolutionary effects upon this country should it prove as sound in practice as it is plausible in theory.

Thus the distance from the Straits of Cabot (where the Tides enter) to Quebec is double that to the entrance into the Straits of Belle Isle; yet although the Tides rise and fall about 14 Feet at Quebec, these only rise and fall 2 to 4 Feet at Belle Isle Strait.

The explanation of the anomaly, we are told, is this:—The volume of water coming south through the Straits of Belle Isle is so great that it not only retards the flood tides, but when the tides ebb it presses so hard on the back of the ebbing tide that it only falls 2 to 4 Feet.

This is practically confirmed by the tides on the River Thames. At Kew, when the River Thames is in flood there is little or no rise or fall in the tides, but when the water coming down is small the Tides rise and fall 10 to 12 Feet.

That the cold Arctic water and ice coming down the Straits of Belle Isle is the cause of closing the Gulf of St. Lawrence and River with ice there can be no question in his opinion.

This ice undoubtedly floats on the surface, and although it may not be visible to the naked eye, a great deal of it will be floating unseen just on or under the surface, thus cooling the water until the first touch of winter arrives.

With a Barrage, Mr. Wingate contends that the tides would undoubtedly have a greater rise and fall at the Belle Isle Straits and throughout the whole area of the Gulf of St. Lawrence.

The winter climate, he believes, would be completely changed as the Gulf Stream retains a high heat throughout the year; from 90 degrees Fahrenheit in Winter to about 120 degrees Fahrenheit in Summer.

There is no doubt the present outflow of the Gulf at the Straits of Cabot drives the warm southern waters out into the Atlantic, and flows down the coast of Nova Scotia on to the U. S. coast.

The Flood Tides could be let through the Locks in the Barrage, also through sluices on either side, so that a current could be created running up the Straits of Belle Isle for about 12 hours out of every 24 hours, instead of running down.

The Flood Tides could be let through the Locks in the Barrage, also through sluices on either side, so that a current could be created running up the Straits of Belle Isle for about 12 hours out of every 24 hours, instead of running down.

The Flood Tides could be let through the Locks in the Barrage, also through sluices on either side, so that a current could be created running up the Straits of Belle Isle for about 12 hours out of every 24 hours, instead of running down.

It is said, observes Mr. Wingate in conclusion, "that fossils of plants have been found in the Gulf of St. Lawrence, proving that the climate was at one time much warmer. This was probably before the Straits of Belle Isle were eroded through by the Arctic current."

"That fossils of plants have been found in the Gulf of St. Lawrence, proving that the climate was at one time much warmer. This was probably before the Straits of Belle Isle were eroded through by the Arctic current."

"Since the barrage at Dover was allowed to be washed away by the sea, and as the Straits at Dover become wider and deeper the climate of England gets worse and more uncertain; and icebergs may soon be coming down the North Sea, as is the case with the Gulf of St. Lawrence at present."

A MANIFESTO TO CANADIANS.

The receipt of a communication from the Tax Reform League of Eastern Canada by the Quebec Board of Trade is reported in the news columns of this issue. Although tax reform is a highly controversial subject and there will almost certainly be some disagreement with the solution advanced in this manifesto to Canadians, it will yet serve a valuable purpose if it succeeds in getting more people to think more seriously and more broadly upon this pressing issue.

There are said to be three problems before the Canadian people today upon the solution of which the future prosperity of the Country depends. They are: The Housing Question; The High Cost of Living; and The raising of revenue sufficient to provide for our debt and national expenditures.

All these questions are intimately related to our system of taxation.

In order clearly to establish this relationship, we are invited to consider some effects of our present system: Our Municipalities are forced by our system of assessment and taxation to penalize the building of every dwelling by heavy taxation. The value and consequently the price of a lot upon which to build is increased by every public expenditure for public service.

Greater production will greatly help to solve the problem of the High Cost of Living. Every one is being called upon to "Produce—Produce—Produce" and yet every producer is handicapped by special taxation. When it is remembered that a tax upon any labor product is virtually an additional cost of production which, with a profit on the tax, enters into the selling price, it is easily seen that one of the quickest ways to decrease the cost of living is to repeal all taxes upon things made by industry.

Our public debt is over \$2,000,000,000 and the interest required, together with pensions and other Government expenditure, necessitates a revenue of about \$550,000,000 a year. How is this to be raised without increasing the already intolerable burden of taxation to which the people are now subjected?

The recommended solution of the three-fold problem lies in the taxing of land values and the utilization of such of our natural resources as are not yet alienated. Land is the only thing which can be taxed without increasing its selling price. For to tax land is to make it harder to keep unused, and the higher the tax the lower will be the selling price, and in this way the high taxation now necessary, if applied to land can be made a benefit instead of a burden.

"Land," in the words of the Manifesto, "the gift of the Almighty for the use of all his children, upon which all must live and from which the subsistence of all is drawn, has been largely monopolized and those who use it productively are heavily taxed, while those who neither use it themselves nor permit others to do so, are allowed to escape with a lower tax and in many cases are actually exempt entirely."

"Everything but Land Values" was taxed to carry on the war, the one thing which owes its existence to Government and population, a product, not of individual enterprise but of the whole community, the one thing which ought to have been taxed, contributed nothing. The present aggravated situation is a result of the war. It is eminently fitting, therefore, that that which should have been taxed but was not, should now be levied upon.

"Tax land values only and exempt houses from taxation; then land will become cheap, houses plentiful, and rents will fall. Take taxes off all food, clothing, etc., stop putting obstacles in the way of trade and commerce, such as tariffs, licenses and wrong taxation, and much more quickly than by any other means the cost of living will come down. Take the tax off production and discourage the holding of land idle. Then there will be no need to urge men to 'produce'. Men are kept from production by unjust taxation which makes it more profitable to keep land idle than to use it, and which fines men in proportion as they do produce, or employ men to produce."

"The Annual Rental value of the land (which value is wholly a community produced value), together with our remaining natural resources are amply sufficient to provide for all the needs of Municipal, Provincial and Federal revenues, and this is the only way a sufficient revenue can be obtained justly, and without aggravating the present situation. The adoption of this method will solve the three questions of Housing, High Cost of Living and Adequate Revenue, which are now pressing for settlement, and there is no other practical solution of these problems, and upon their solution the future prosperity of Canada depends."

Some Things the Public Would Like to Know:

Whether to take off the double windows or lay in more coal?

When the people who were so anxious to control paper will try to exercise a little control of food-stuffs?

Press Comment.

BROTHER STIGGINS WOULD PROTEST. (Commerce and Finance)

"If science," said Lord Farrer at Guildford, England, "would invent a drink without alcohol which made one feel as cheerful as a glass of good champagne, it would earn the thanks of the universe." But if anything so wicked were done there are people who would want to amend the Constitution of the United States again.

TO BE SLUMP IN BUNGALOWS

Summer Cottages in States Going to be Empty—Many Will Come to Canada.

New York, April 7.—(By Canadian Press).—"It looks as though there was going to be a slump in summer cottages on this side of the line in spite of the scarcity of housing accommodation," a local real estate man said recently. "Why should a man spend a totally 'dry' vacation in some American summer resort when he can go up to Canada at practically the same expense and enjoy cooling summer beverages of the good old-fashioned kind?" he queried by way of explaining his previous statement.

This real estate man reports a rush of inquiries regarding the Canadian summer resorts. He declares that many wealthy New Yorkers have already obtained options on cottages at Canadian resorts and will send their families to them and run up themselves as often during the summer as their business permits and thirst or inclination impels.

Representatives of Canadian railways here also report an unusually active demand for information regarding summer resorts in Canada and they look for a greatly increased exodus of Americans to the Dominion this summer for temporary residence. While they hesitate to attribute this to a general desire to escape the drought, they report that they had met New Yorkers who frankly admitted that they wished to spend their holidays where they could obtain stimulating refreshment without taking a chance on wood-alcohol.

Evidently many Canadians are alive to the possibilities of the situation. Recent Sunday editions of New York newspapers contained an advertisement of a summer cottage near Toronto for rent. It was not the charm of the scenery, the nearby golf course, the pleasant neighborhood, or the advantage of all modern conveniences that was emphasized in the advertising. "No prohibition restrictions" was the inducement offered to prospective tenants. And, if the local railway men and real estate agents are correct, that ad most likely brought a lot of applications to the owner of the cottage.

DOCTORS RECOMMEND BON-OPTO FOR THE EYES

Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles and to strengthen eyesight, sold under money refund guarantee by all druggists.

PASSPORTS TO CANADA REMAIN THE SAME

Washington, D.C., April 7.—Canada is one of the countries not affected by increased passport fees agreed on today by a committee of the House and Senate. The fees for passports to all countries except Canada, Mexico, Bahama Islands, Bermuda, Cuba, Panama, Newfoundland and the Islands of St. Pierre and Miquelon, are to be increased from \$2 to \$3, to bring an estimated added revenue of \$6,900,000.

"Pussy Foot" JOHNSON COMING BACK HOME

Westerville, Ohio, April 8.—William E. ("Pussyfoot") Johnson, the United States Anti-saloon League leader, "who gave an eye to make England dry," is planning to return to the United States this month, according to a cablegram received today by a local league official.

IN AND ABOUT TOWN

MAYOR LOSES BEAUTY SLEEP

Remained at City Hall Until 1:15 A.M., Signing Gold Bonds—Up at 5:30 A.M.

Affixing his signature on one million dollars worth of gold bonds is a little incident, not worth mentioning in Mayor Samson's workaday life, but as it was in the best interests of the City, the Mayor did not mind staying up at the City Hall until 1:15 o'clock this morning to complete the little job, in spite of the fact that he will be up and doing at 5:30 this morning as usual, for Quebec's Mayor is a strong believer in "Early to bed, and early to rise, etc.", and the loss of his beauty sleep on one occasion is almost justified by the importance of the matter which he had in hand.

FUNERAL OF MR. ROCKETT POWER

Imposing Obsequies at St. Patrick's Church, McMahon Street, Largely Attended

The funeral of the late James Rockett Power took place yesterday morning from the residence of his father, Mr. William Power ex-M.P. and Quebec lumber merchant, and was one of the largest and most representative witnessed in Quebec for some time. Among the large concourse of mourners that followed the hearse, in turn preceded by a double carriage filled with floral offerings, were members of the Judiciary professions and leading business interests of the city, irrespective of creed or nationality, who desirous of manifesting their deep sympathy, and respect for the memory of deceased and his family.

THE TAX REFORM LEAGUE WRITES

Communication Received By the Board of Trade Asking Favorable Resolution

The local Board of Trade has received a communication from the Tax Reform League of Eastern Canada, having headquarters at Toronto, in regard to certain problems before the people of this country at the present time. Enclosed in a manifesto to Canadians which is signed by the following well-known business and professional men: H. B. Cowan, Managing Director, Rural Publishing Co., Peterboro, Ont.; W. C. Good, Paris, Ont.; Frank Barber, Consulting Engineer, Toronto, Ont.; Alan C. Thompson, Manager, Marshall Ventilated Mattress Co., Toronto; D. B. Jacques, Jacques Day Co., Toronto; Julian Sale, Julian Sale Leather Goods Co., Toronto; Thomas Southworth, Managing Director, DeLoro Smelting & Refining Co., Toronto; and Walter Barr, President, Goldsmiths' Stock Co. of Canada, Toronto.

A GOOD LUMBER SEASON LIKELY

Only Unfavorable Factor is the Serious Shortage of Freight Cars

Discussing the prospects for the shipping of lumber this coming season, a Quebec merchant said yesterday that these were never better, providing the trade could obtain the necessary cars and ship bottoms. He explained that practically all the cut lumber and manufactured deals in the country was sold, but there was no adequate means of shipment. The whole industry is tied up by a serious shortage of cars, especially foreign cars. It is the most serious shortage that has existed for years. Hundreds of orders from the United States, are undelivered in consequence.

MUCH LUMBER ON GOSFORD BRANCH

Expert Woodsman Gives Estimate of Supply Accessible by Short Extension

Mr. R. Hayes, a woodsman, who is familiar with the forest areas of the Gosford district on a line of the Lake St. John Railway, that has been closed for the past four years, on account of the bridge over the Jacques Cartier River being condemned, recently wrote to Mr. Edmund Conway of this city, giving an estimate of the various kinds of lumber that would be made available for shipment on the Gosford branch, by an extension of ten miles. This letter was brought to the attention of the Council of the Quebec Board of Trade with the result that the Council adopted a resolution to be forwarded to Mr. D. B. Hanna, President of the Canadian National Railways, that was mailed to the gentleman yesterday afternoon.

Too Much Appetite may be as dangerous as too little

When the skin is sallow or yellow, the eyes dull, the head aches or sleep broken and unrefreshing, the back aches, or there is a pain under the right shoulder blade—it is an indication that the body is being poisoned by poorly digested and imperfectly eliminated food-waste. It is a wise thing to take

Beecham's Pills to relieve these symptoms by helping to certain to remove the causes

LEON AND ADRIENNE DUPERRE, Sensational Acrobatic Cyclists Come From a Family of Strong Men and Acrobats

Among the vaudeville bills at the Auditorium this week are two Quebec performers, Leon and Adrienne Duperre, sensational acrobatic cyclists whose tricks on the wheel are nothing short of marvelous. New stunts seem to be their meat and the perfect ease with which these performers go through their act is one of the remarkable sides of their attraction.

QUEBECERS IN AUDITORIUM VAUDEVILLE

Leon and Adrienne Duperre, Sensational Acrobatic Cyclists Come From a Family of Strong Men and Acrobats

CORRESPONDENCE

FISH AND MUD. Quebec, April 8, 1920. To the Editor of the Chronicle: Dear Sir,—When the enterprising firm from Halifax brought a cartload of fish fresh from the sea last week to give Quebecers the chance of buying this excellent article of food of the best quality at the lowest price, the car was placed in such a position in the C. P. R. yards that the purchasers had to wade through mud to reach it.

MR. JOSEPH DUSSAULT DIED YESTERDAY

The death occurred here yesterday of Mr. Joseph Dussault, a prominent young business man who passed away at the premature age of 39 years, deeply mourned by the members of his family and regretted by his many friends. A man of friendly disposition, he was a devoted husband and a kind father, which makes his death after a brief illness all the harder for his family to bear.

CANADA SHOULD PATRONIZE BERMUDA

Montreal, Que., April 8.—Frank E. Keefe, M.P., Under-Secretary of States for External Affairs, at Ottawa, speaking before the Montreal West Indian Association today stated that estimated expenditure of Canadian money in California, Florida and other resorts in the United States, totalled \$20,000,000 every winter and suggested that efforts be made to improve communications between Canadian ports and the West Indies with a view to making these islands the winter playgrounds for Canadians.

FUME IN STYLE WITH GENERAL STRIKE

Trieste, April 8.—(By the Associated Press).—A general strike was declared in Fiume this morning. The workmen demand restoration of the food situation to a normal basis, a reversion to the prices prevailing prior to the local troubles and the adjustment of the value of money in exchange so as to restore the former purchasing power of wages. It is complained that prices are now quoted in lire, whereas wages are paid in Jugo-Slav crowns, worth only one-twelfth the value of the lire.

ARE YOU MOVING? ARE YOU MOVING? LEAVE FOR ROME

His Eminence Cardinal Begin, accompanied by Rev. Canon Arseneau, will leave Quebec on the 20th inst. for New York, where he has engaged passage on board the French Liner Patria for France on route to Rome. His Eminence, who will be absent from Canada for about two months, will carry with him the best wishes of the entire community as well as the people of his diocese, for a pleasant journey and safe return.

NEWSPRINT PAPER TO BE DUTY FREE

Washington, D.C., April 8.—The House bill permitting the importation, duty free, of newspaper paper, valued at eight cents of less a pound, was reported favorably today by the Senate Finance Committee. The measure has been urged by many publishers. Under the present law the duty free value is five cents or less.

CITY OF QUEBEC. DISTRICT OF QUEBEC. To wit CITY OF QUEBEC. CITY HALL. BY-LAW NO. 28a

By-law to Amend By-law No. 28 Concerning the Pension Fund for the Municipal Officers and Employees.

It is ordained and enacted by the Municipal Council of the City of Quebec, and the said Council doth hereby ordain and enact as follows: 1.—Article 24 of By-law No. 28, passed on the eleventh of April, 1913, is hereby repealed and replaced by the following: "24.—in any case when an officer or employee should die before having begun to draw his pension, one half of the pension which he would be entitled to obtain, if he had already retired from service at the time of his death, shall be paid, at his choice, to the widow or to his minor children, and if there are no testamentary provisions as to such choice, the widow alone, and this for a period of ten years. If the widow dies before the expiration of the ten years, the payment thereof shall be continued to the minor children for the balance of the time."

2.—The two following are added after article 20, to wit: "24.—in any case when an officer or employee should die before beginning to draw his pension, and without leaving a widow or children, a portion of the amount of his contributions or fees shall be refunded as follows: 1.—The total amount of his contribution for his years of services to the establishment of the pension fund with interest at 5 percent. 2.—One half of the amount of his contribution for his years of service after the establishment of the pension fund, without interest. Those amounts shall be paid to the universal legatee whom he shall name in his will, and in the absence of a will, the whole amount of his contributions shall revert to the pension fund."

24K.—If any officer or employee placed on the pension fund dies without having benefited of the said pension for a period of ten years, his widow shall have the right to claim one half of the said pension during the balance of the period necessary to complete the ten years. And if the said widow dies before attaining the said period, the minor children shall be entitled to claim one half of the said pension, up to the expiration of the said ten years. Attested Mayor H. J. J. E. CHOUINARD, City Clerk. L. S. H. E. LAVIGUEUR.

SPORTING NEWS "EUGENE" BROUSSEAU SUFFERED FIRST KNOCK-OUT OF CAREER FROM MIKE McTIGUE AT HALIFAX

New York Boy Annexed Canadian Middleweight Championship—Tom Fotherman Put Away in Fifth Round—Had Opponent Nervous and Worried in First—Brousseau Game

Halifax, N.S., April 8.—Nightly boxing bouts, held at the Halifax arena, tonight witnessed the changing of the middleweight championship of Canada from the hands of Eugene Brousseau, of Montreal, to those of Mike McTigue, of New York, in one of the most scientific fights ever staged here.

McTigue won by a clean knock-out on the head of the Irish boy, after having punched Brousseau into a corner and then with a straight left to the head finished his work with short right hands which completely stunned and brought him sprawling to the mat.

Brousseau Tom Fotherman called the fight to the center of the ring, and Mike McTigue gave him a good lesson in boxing. Both men were greeted with a shower of applause as they shook hands and then retired to their corners on either side of the ring.

First Round At the close of the boxing game, the referee stepped into the ring and the two men were rushed to the center of the ring. Brousseau was completely stunned and his head fell back. He was unable to get up and Mike McTigue was declared the winner by a clean knock-out.

Second Round In the second round, Brousseau came up with a left to the head of McTigue, which was completely ineffective. Brousseau's body was completely exhausted and he was unable to get up. Mike McTigue was declared the winner by a clean knock-out.

Third Round The third round, which was the last, was a complete farce. Brousseau was completely exhausted and he was unable to get up. Mike McTigue was declared the winner by a clean knock-out.

Fourth Round The fourth round, which was the last, was a complete farce. Brousseau was completely exhausted and he was unable to get up. Mike McTigue was declared the winner by a clean knock-out.

Fifth Round The fifth round, which was the last, was a complete farce. Brousseau was completely exhausted and he was unable to get up. Mike McTigue was declared the winner by a clean knock-out.

Sixth Round The sixth round, which was the last, was a complete farce. Brousseau was completely exhausted and he was unable to get up. Mike McTigue was declared the winner by a clean knock-out.

Seventh Round The seventh round, which was the last, was a complete farce. Brousseau was completely exhausted and he was unable to get up. Mike McTigue was declared the winner by a clean knock-out.

Eighth Round The eighth round, which was the last, was a complete farce. Brousseau was completely exhausted and he was unable to get up. Mike McTigue was declared the winner by a clean knock-out.

MEETING OF THE KENNEL CLUB Forty-Two New Members Elected—Affiliated With Can. Kennel Club Assoc'n

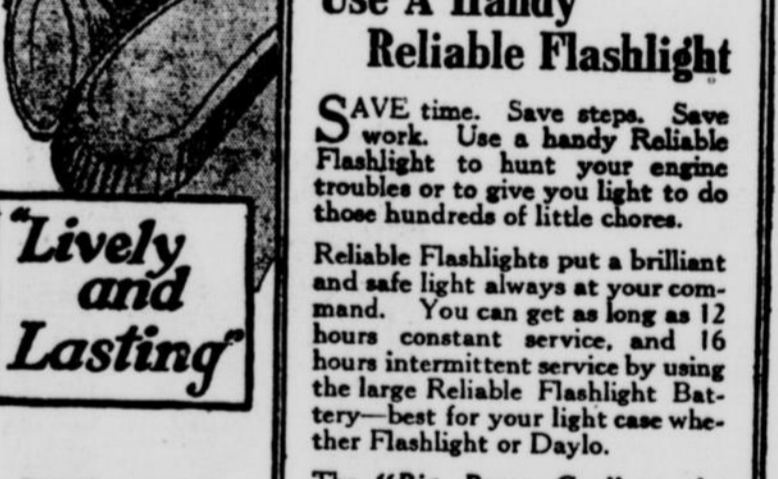

A short meeting of the Quebec Kennel Club was held at the City Hall last evening Mr. A. P. Dore, second Vice-President, was in the chair, in the absence of the President, Mr. S. J. Myrand.

Forty-two new members were elected, and a number of Honorary members also added to the list. These latter will be advised in due course.

A Dog Show will be held, probably in the month of June, in conjunction with a Horticultural Show, which is expected to be a great success.

The Quebec Kennel Club have been affiliated with the Canadian Kennel Club, and will be governed by the rules and regulations of the latter body. A Dog Show will be held in the month of June.

SPORTING NOTES All boxing fans in the Dominion had their eyes focused on Halifax last night where Eugene Brousseau, the Canadian middleweight champ, and Mike McTigue, of New York, engaged in combat. The fight was short and sweet, lasting five rounds. Brousseau was put to sleep for the first time in his career.

accepting the mount on Hollander in the Maryland Cup steeplechase to be run on April 24, at Baltimore. KILMARNOCK WON. London, April 8.—(By Canadian Press) — A Scottish league game played today resulted in a win for Kilmarnock over Queens Park by 1 to 0. Mr. W. G. Pink, of Halifax, arrived in the city yesterday and is staying at the Chateau.

Rev. George Mylett, C.S.S.R., Rector of St. Ann's Parish, Montreal, is a guest at the Chateau.

Mrs. Lewis Jones, formerly of this city, now of Montreal has arrived in town, and is the guest of Mrs. A. P. Doddridge, Maple Avenue.

Mrs. Edouard Garneau entertained at the tea-hour yesterday, in honor of Mrs. Gerard Garneau.

Mrs. Ernest de Varennes and Miss Francoise de Varennes are spending some time in Ottawa, the guests of Mr. and Mrs. Laurent Beaudry.

Mr. Hermann Fortier has returned to Pennsylvania University, Philadelphia, after spending the holidays in town with his parents, Mr. and Mrs. J. H. Portier.

Mr. and Mrs. John Scott Maxwell of Brandon, Manitoba, announce the engagement of their daughter Adele to Capt. J. B. O'Regan of this city the marriage to take place on the 29th instant.

His Eminence Cardinal Begin accompanied by Canon Arsenault will embark at New York on board the "Patria" on the 20th instant, for Naples. His Eminence while in Rome will assist at the ceremonies relative to the canonization of Joan

of Arc, which takes place on May 16th.

His Honor, Sir Chas. Fitzpatrick, Lady Fitzpatrick and Miss Fitzpatrick will attend the solemn High Mass to be sung in St. Romuald's Parish Church, on Sunday the 11th inst., in honor of the local Veterans. Immediately after the service a reception will be tendered them at the presbytery, by Reverend Father Lemieux, Parish-Priest.

A quiet wedding took place last evening in the Baptist church, Grande Allee, when Mr. Percy Frederick Theobald of this city and Miss Janie Linton Libbey of Brockway, York Co., New Brunswick were united in marriage by Rev. F. H. Wentworth in the presence of a number of friends and relatives. The bride was given in marriage by her brother-in-law, Mr. George T. Boone, while the groom's brother, Mr. E. G. Theobald acted in the capacity of best man. Mrs. May Thorn presided at the organ.

BIG TOURIST TRAFFIC FOR STEAMSHIPS CO.

Early Booking Ahead of Any Previous Record—Special Boats for This Business.

Montreal, April 8.—Although the River St. Lawrence and lakes are still covered thick with ice and snow, Canada Steamship Lines have already a good general idea of the tourists' business that is coming to them during the coming season. The advance information that has reached the traffic department makes it certain that the year 1920 will be the best in the history of the company and exceed by a good margin the previous high record of 1919. Already the bookings for special parties have come in to such an extent that the company is planning to take care of most of these by special boat and leave the regular steamers for the regular business. Last year there was such a rush of these special touring parties that they loaded up the regular boats of the company and made it very difficult for transient business to be accepted in some cases. Among the agents that are cooperating with the company are the American Express Company, which is developing a tourist traffic business, and Cook's Tours. This tourists' traffic extends from the Upper Lake steamers, to the Northern Navigation Company, the Niagara Navigation Company, and the lines between Toronto and Montreal; also Montreal-Quebec, and then on down to the Saguenay. In the case of everyone of these the outlook is for much increased business over last year. This included the hotel service also of the company.

It is understood that the volume of business last year from this Summer traffic on the lakes and rivers amounted to about a quarter of the earnings of the company or around \$1,000,000. The business is materially increased this year, it will be seen that there will be a considerable increase in revenue from this source and a very large per cent. of the revenue of the company for 1920 will be guaranteed.

FIVE ROSES FLOUR

FOR BREADS, CAKES, PUDDINGS, PASTRIES

COOKIES, Gems, Snaps, Jams-Jams, Crackers and Wafers—keep the jar well filled for the pantry pirates! And even grown-ups find they fill a vacant place most pleasantly when nothing else will do.

But first make sure of the

Exceptional Keeping Qualities

that the use of FIVE ROSES flour brings to economical home baking. The lasting freshness and aroma so essential are assured because of the stubborn manner in which FIVE ROSES bake things retain their original freshness. Thus, without fear of waste, you can make a lot of these dainty goodies at one baking. Then, due to the fineness and liveliness of this famous flour, your cookies and wafers are much more melting and digestible. To these appetizing qualities, FIVE ROSES adds the wonderful nutrition of Manitoba's richest wheat, together with the amazing strength that spell economy in baking. There is a bag of FIVE ROSES flour waiting for YOU at your dealer's.

Over 35 Magic Cooky Recipes

Hundreds of suggestions on bread, puddings, rolls, buns, biscuits, fried cakes, pastries and cakes of all kinds. Every one of its 144 pages points the way to thrifty baking. The famous FIVE ROSES Cook Book is already indispensable in over 300,000 homes. It becomes YOURS for 20c (stamps or silver). Address Dept. "O" LAKE OF THE WOODS MILLING CO., LIMITED, Montreal and Winnipeg.

Same Fair Price As Before The War

and the same pure, wholesome beverage so many have enjoyed for years.

INSTANT POSTUM

has a pleasing coffee-like flavor but is more economical than coffee and has the added value of absolute freedom from caffeine or other harmful ingredients.

"There's a Reason"

Made by Canadian Postum Cereal Co. Ltd. Windsor, Ont.

GAS EXPLOSION CREATED PANIC
Akron, O., April 7.—Explosion of eight man-holes, caused by ignition of gasoline which leaked into the sewer system, created a veritable panic in the heart of the down-town district today and caused a fire which destroyed the Linwood Hotel.

Thousands of dollars damage was done to show windows and fixtures. The damage to the sewer system had not been determined tonight. Only one injury was reported. Damage sustained by the Linwood Hotel and the Buckeye Motor Cycle Company, who occupied the same building was placed at \$60,000.

DETROIT PEOPLE WANT INJUNCTION

Claim Couzens Stub Line is Contrary to Laws of the State

(Mail and Empire) Apparently the voters of Detroit have decided that Mayor Couzens shall go ahead with his plans to attach stub lines to the Detroit United Railway, and build new lines on streets on which the D.U.R. has no franchise.

According to Mayor Couzens it will cost the city \$15,000,000, but according to a report in the local Street a prominent engineer has stated that it will cost Detroit \$40,000,000, and will take something over five years to complete.

Standing as it does today, and presuming that traffic on streets not occupied by the Detroit United is to be given to the city's new lines, presuming also that they are ever built, the D.U.R. is among the best street railway earners of the world.

During the period of the war, when rising costs compelled practically every street railway on the continent to cut or suspend entirely its dividend the Detroit United Railway not only succeeded in maintaining what it had declared prior to the war, but kept increasing it, until at the present moment it is paying eight per cent. and earning it by a good substantial margin.

It is generally understood that a public utility need have little surplus above its dividend owing to the little danger, in normal times, of fluctuation in earnings, yet Detroit's common stock last year, out of which it paid only eight, these earnings being despite the rising cost of operations that caused practically every other railroad on the continent to curtail its disbursements.

It is not certain here if the company will now proceed with its re-organization plans which as understood locally, mean the separation of the urban from the suburban lines and the consequent dividing of the stock, giving two shares for one, and the paying of a dividend to be earned by each line separately. This dividend in some quarters is expected to be six per cent. on the city lines, while in other quarters, owing to the fact that the outside earnings are the larger, it is thought that a six per cent. dividend on each class of shares will not be out of line, considering the excellent showing the company has made in the past.

Threat of Injunction. It is understood that the Detroit Citizens' Committee will immediately seek to get out an injunction against the working of Mayor Couzens' plans as being contrary to the constitution of the State.

If this injunction is sought for and is granted it will give the quietus to the Detroit's municipal ownership plans for some time to come.

The last issued financial statement of the Detroit United Railway showed net earnings of \$4,829,509, an increase of \$624,837 over the net

RAILWAY COMMISSION'S RATE JURISDICTION

Ottawa, Ont., April 7.—(By Can. Press)—The jurisdiction of the Canadian Railway Commission over telegraph, telephone and express companies is essentially a rate jurisdiction, and much more limited than in the case of railways. This announcement is made in an informal ruling of the Railway Commission, handed down today in reply to certain applications which had been made to the Commission to compel the reinstatement or extension of express service in the village of Cumberland, Ont., and the town of Pincher Creek, Alta. It does not come within the jurisdiction of the railway Commission to direct an express company to provide facilities for the accommodation and incidental handling of express parcels.

FAVOR FOUNDATION OF A BUILDING GUILD.

Toronto, April 7.—A proposal from the Building Trades Council to form a building guild in this city to meet the demand for houses was received with favor by the Board of Control today, and five representatives of the city were appointed to meet representatives of the Building Trades' Council to discuss the matter in detail. Under the scheme proposed the Building Trades council would provide the required labor at union rates, and the city the land, material and transportation. Profits would be eliminated under the scheme.

DRUGGISTS WANT CHANGE IN OPIUM ACT.

Ottawa, April 7.—Provision in the bill to amend the opium and drugs act, now before the House were the subject of representation made to Hon. N. W. Rowley, President of the Privy Council, by a large delegation of druggists today. The druggists objected to clauses in the bill which prevent them from selling mixtures containing small quantities of opium, morphine and other narcotics, unless a medical prescription has first been obtained.

MANY INJURED BY EXPLOSION

Cairo, Ill., April 7.—Four persons were killed and approximately 100 were injured, three probably fatally, in an explosion late today in the plant of the Aetna Explosives Company, at Fayville, near here. The explosion occurred in out-buildings. The dead were employed as laborers. The cause of the explosion is unknown. The majority of those injured were hit by falling glass, every window in Fayville being shattered.

FLOATING ICE CROWDS RIVER

Barrier at Lake St. Peter is Expected to Break Momentarily

The river St. Lawrence covering the whole 15 miles stretch of the harbor of Quebec was crowded with floating ice coming down the river Wednesday, yesterday and last night. The ice has passed down yesterday afternoon came from Cap la Roche, and last evening the channel from the harbor of Quebec to one and a half miles above No. 3 light west of this port, a distance of 75 nautical miles was practically clear and as previously stated, the ice barrier on Lake St. Peter is expected to break up and move down the river before Sunday. Indications thus are that the channel west to Montreal, will be clear of ice by Monday or Tuesday next.

SHIPPING NOTES

The White Star Line Baltic from Liverpool was reported by wireless yesterday and is due to arrive at New York tomorrow. The Baltic is carrying 329 first class, 497 second and 1,307 third class. The C.P.O.S. Scandinavian from Liverpool arrived at St. John, N.B. yesterday afternoon. The C.P.O.S. Pretorian which left Glasgow March 31st, is due to arrive at St. John early tomorrow, Saturday morning. The C.P.O.S. Minnedosa left Liverpool on Wednesday at St. John, N.B. The C.P.O.S. Corsican arrived at Havre yesterday from St. John, N.B.

It is announced from headquarters of the Canadian Pacific Ocean Service, that the steamers will operate on Eastern Standard during the coming summer in their sailings from Quebec and Montreal. It is not proposed to make any general advance in freight rates on traffic from this side to Europe.

Regarding passenger fares from Canadian and American ports to Europe, while it is almost certain that increases will be made, nothing definite has so far been determined but it is likely that a decision will be arrived at during the next day or two.

DANIELS APPOINTED DELEGATE. New York, N.Y., April 7.—Mrs. Josephus Daniels, wife of the Secretary of the Navy has been appointed by President Wilson as the official delegate to represent American women at the eight congress of the International Woman Suffrage Alliance, in Geneva, Switzerland, in June. It was announced here tonight. Thirty one nations will be represented.

CARS CONTAINED GRENADES INSTEAD OF MACHINERY.

Vienna, April 7.—Twenty-nine cars supposed to contain machinery, and bound from Vienna to Cracow, which were being conveyed by the military police were stopped by Czechs at Mahrisch-Ostrau, Moravia. The cars were found to contain hand grenades and other munitions. Italian officers appeared and claimed the contents of the cars as Italian property, but the train is being held at the border pending instructions from Prague.

PROVIDENCE, R.I., April 7.—The daylight saving bill passed the House of Representatives here today by a vote of 64 to 14. It was amended so as to make the summer schedule on the last Sunday in October to conform to the Massachusetts law.

NO PROFITEERING WITH ZAM-BUK

Before the war, Zam-Buk was 50c a box. All during the war, when the cost of production was rapidly advancing, the price of Zam-Buk to the consumer remained the same. Now, with the war over, while some prices continue to soar, Zam-Buk is still 50c a box. Not only so, but the same high standard of quality has been maintained throughout.

There has been no profiteering in regard to Zam-Buk. For every box you have bought, you have been asked to pay fair value only.

Is this method of doing business not worthy of recognition? Answer this question by continuing to recommend, to appreciate, and to use Zam-Buk—the greatest household healer of modern times.

Use it for all skin troubles, eczema, ringworm, abscesses, ulcers, boils, pimples, piles, hemorrhoids, itching, chapped hands, cold sores, cuts, bruises, burns, scalds, etc.

"Who's Your Servant?"
And Lion Man, at the
Empire Theatre Today

A powerful thrilling, gripping production, "Who's Your Servant," is presented at the Empire today and tomorrow. Also "The Lion Man" and a picture especially for the children—"Scout the Sailor."

Mary Pickford in her "Glad" picture, "Follyanna," at the Empire all next week. First three days showing first episode of startling and sensational serial "Lion, The Fearless" starring Ethel Lincoln.

MRS. M. E. PROCTOR, who says she is so grateful for what Tanlac has done for her that she wants the whole world to know about it. Declares her complete recovery after so many years of suffering seems too good to be true.

"I am so grateful for what Tanlac has done for me that I want to tell the whole world about it," said Mrs. M. E. Proctor, of 717 W. First St., Los Angeles, Calif., when speaking of the splendid results she had obtained from the medicine. "To think that I should have suffered for so many years, and spent hundreds of dollars in vain efforts to get my breath. Those attacks caused me intense suffering and were so bad that I was frequently confined to my bed and would have to be attended by some member of the family for fear I should succumb during one of the attacks."

"I got awfully thin and was so weak that I had to give up all house-hold duties. I often went for two weeks at a time without getting a good night's sleep and as a consequence became very nervous and low spirited. In fact, I was a confirmed invalid and my friends did not expect me to live very long."

"I can't recall the paper one evening when my eye caught the statement of a lady who had suffered with similar trouble to my own and telling how she had been wonderfully helped by Tanlac. I sent for a bottle and started taking it and the results have been most surprising."

"My appetite is splendid now and I can eat most anything without any distress afterward. The gas has stopped forming and I no longer have palpitation or that smothering feeling. I sleep sound all night long and get up feeling rested. I am in better health to-day than I have been for forty years and I feel years younger."

"I don't believe there ever was as good a medicine made as Tanlac," Tanlac is sold in Quebec by Jollene's pharmacy and by Martel & Dion, and in Lewis by Maurice Dion, under the personal direction of a special Tanlac representative.

"Haunted Spooks," Lloyd Comedy

A Tremendous Hit at Victoria

Packed houses saw an immediate pleasing double bill at the Victoria Theatre yesterday. Elaine Hammerstein is starring in "Greater Than Fame," a beautiful little story of a country girl's struggle for the "Jesse of New York's opera scene." But it remained for Harold Lloyd to produce the funniest comedy of the season, "Haunted Spooks," a positive succession of laughs from start to finish. "Boys' Miss II," the 11th episode of Ruth Roland serial concludes the bill.

Large Crowds Witness Big Double Bill at The Allen

The big double bill at the Allen attracted huge numbers of people yesterday, and as a result, the theatre was filled to capacity at all performances.

Norma Talmanize in "Ghosts of Yesterday" proved as popular as ever, and gained a host of new friends through her acting. She displays some beautiful gowns in this picture, which is taken from the book "Two Women" from the pen of "Robert Hughes."

Will Rogers in "Water, Water, Everywhere" is seen at his best. His acting is excellent and his antics in the Western town bit by prohibition are comical to behold. The "Hull" team, namely "Broken Bread" in two reels is a sub-plot, and had the audience laughing so much that the tears were rolling down their faces.

The same bill will be shown again today and tomorrow.

"Phantom Honeymoon," at the Classic, with Marguerite Marsh

Spiritual romance, the supernatural love of a man for a girl after death is beautifully and entertainingly told in the "Phantom Honeymoon." There are many brilliant scenes and many gorgeous gowns that go to make the "Phantom Honeymoon" one of the most remarkable productions of the day. It is richly deserving of packed houses at every performance. Although strictly a ghost-story dealing with the supernatural it is by no means a gruesome story. In the country, it is a delightful romance, generally accepted in the picture and is rendered by the "Classic" camera. "Phantom Honeymoon" and a capital 2 reel comedy complete the program. See "Bill" under "Theater."

By-law to Amend By-law No. 1 and
Following re-Inter-Local Govern-
ment of the Council.

(Drawn up in the French Language)

At a meeting of the Municipal
Council of the City of Quebec, held
at the City Hall, in the said City
of Quebec, on the 25th day of March,
one thousand nine hundred and
twenty, (1920), in compliance with
and in virtue of a by-law passed by
this Council, pursuant thereto, and
after the due observance of all the
formalities prescribed by the statute
in such case made and provided, of
which minutes were present the
absolute majority of the members
composing the Council of the City
of Quebec, the following resolution
was adopted, to-wit: That the
Mayor, Aldermen, Deputies,
Boards, etc., be and they are
authorized, to amend the by-law
numbered 1, passed by this Council,
pursuant to the Statute in such
case made and provided, and to
bring the same into effect as soon
as possible.

MODERATE MENUS

How to Combat H. C. L. by Economic Cooking—
Prepared by the School of Household
Science, Macdonald College.

FAMILY DIETARIES AT MODERATE COST.

In the preparation of menus for a family certain factors which govern the choice of foods must be kept in mind. The most important of these are: (1) The cost; (2) proper balance that all parts of the body may be provided for in sufficient quantity; (3) the occupation of the members of the family, whether sedentary or active; (4) the ages—young children cannot be given the same food as an adult; (5) the season—certain foods are more suitable for cold weather than hot and vice versa.

In the menus submitted the following conditions have been assumed:

1. The family is that of a man in a sedentary occupation such as that in an office or shop.
2. The family consists of father, mother and three children, whose ages vary from six to fourteen years.
3. The house mother carries out the preparation of all meals and most of the other necessary household tasks with the assistance of the children.
4. The costs of meals has been estimated at \$2.50 per week for raw materials. This is an excellent price for today, but includes no cost in buying and dealing with the food values can be obtained. It is supposed that in the case of casual food bills and groceries that each will have been put down when such bills are received and only their approximate value allowed. No prices of special goods prepared for in those are too expensive to list and if a special order is made, it will be indicated in some cases.
5. The value of each menu has been calculated on a basis of not less than 2,000 for the men of the house, the wife and children in proportion. It is proper to say that the amount of calories this would be not far from a normal amount, but has been estimated. The menus have been arranged to give sufficient balance to provide for body health.

It is suggested that the members of the family take all their meals at home, should be economical in their eating and that all the children to whom home-made articles should be made to the best of their ability. It is suggested that all bills should be kept and paid by the mother, and that the value of each menu should be indicated by the mother.

1. Breakfast has been arranged for coffee and toast at night, but if these are not desired, it may be replaced by tea and toast. The breakfast should be served at 7:30 a.m. and the dinner at 1:30 p.m. The lunch should be served at 12:30 p.m. and the supper at 7:30 p.m. The menus are arranged to give sufficient balance to provide for body health.

Something About Feather Pillows

What is more unsanitary than a Feather Pillow?

Did you every stop to think how careful you are to put nice clean pillow slips on to those same old pillows?

They are handed down from one generation to another with nothing more than an occasional airing.

We wash your FEATHER PILLOWS without removing the feathers, and dry them with warm air and constant agitation in our HOT AIR DRYING MACHINE, which thoroughly sterilizes and renders them soft and fluffy.

Eiderdown Quills also nicely cleaned and returned soft and fluffy.

LIQUOR SEIZURE

ON BOARD SHIP

New York, N.Y., April 7.—Highly unusual cases of rum and cognac were seized by Federal inspectors today during a search of three sugar ships from Cuba the *Manzanillo* and *Albatros*, of the Hudson Line, and the *Lake Louise*, registered at Gloucester, N.J.

According to liquor inspectors five cases of the liquor were hidden in a false bulkhead on the *Lake Louise*.
