Bulgars Flee Before The Allies In Macedonia British Troops Cross Hindenburg Line at Two Points

BULGARIAN TROOPS HAVE BEEN DEFEATED COMPLETELY; HAIG'S ARMY SCORES ANOTHER BIG ADVANCE NORTH WEST OF ST. QUENTIN

Allied Troops Have Now Advanced Twelve Miles on Macedonian Front and Captured Many Prisoners and War Material—British Capture Town of Hargicourt—Fighting in St. Quentin Sector Continues—Persistent Thrusts By Austrians in the Seren Valley Were Repulsed By the Italians—Gen. Mangin's Army Closing in on Chemin des Dames.

(Associated Press Despatch)

LONDON, Sept. 19.—The Bulgarians are in flight in Macedonia and are burning stores and villages, according to a Serbian official statement received here.

The Allied troops now have advanced more than twelve miles and their progress is so rapid that they have not been able to count the prisoners and war material taken. New regiments thrown in by the Bulgarians have been forced to retreat with the others.

The Bulgarians have been defeated completely, and the Serbian troops are pursuing them day and night.

The Serbian and French troops have taken the towns of Topolitsa, Beshista, Melynitsa, Vitolishta and Rasimbri. They have also taken the height of Kuchkov Kamem.

AUSTRIANS REPULSED ON ITALIAN FRONT.

(Canadian Press Despatch)

LONDON, Sept. 19.—Persistent thrusts by the Austrians in the Seren Valley, on the northern Italian front, were repulsed on Monday night by the Italians, according to an official Italian wireless message received here. At one point, however, the message says, the Italians were forced to make a slight withdrawal of one of their posts. Italian reconnoitering patrols have captured an enemy post in the Gabana Valley.

BULGARIAN RESISTANCE WEAKENING.

(Associated Press Despatch)

LONDON, Sept. 18.—(4.30 p.m.)—Bulgarian resistance on the Macedonian front is weakening and the Allied troops have advanced an average of ten miles, according to the latest reports received from Saloniki. Fifty guns have been captured. The Bulgarians fought well when the Allied attack was launched, but their resistance has become less formidable as the Allies have moved northward.

BRITISH MAKE BIG ADVANCE AT ST. QUENTIN.

(Associated Press Despatch)

LONDON, Ont., September 18.—(4.30 p.m.)—In their attack today northwest of St. Quentin the British scored an extra large advance of from two and a half to three miles on a front of fifteen miles, according to reports up to this hour. The town of Hargicourt was captured by the British.

The front under attack ran from Holnon Wood, west of St. Quentin, northward to Gouzeaucourt. The British attack took them far nearer the line from which the German offensive started on March 21 last. The latest reports placed Field Marshal Haig's troops at an average distance of about a mile from this line.

Prisoners to the number of 1,500 are reported. The fighting was continuing this afternoon.

The town of Epehy, toward the northern part of the front under attack, was almost surrounded by the British this afternoon.

The British have crossed the Hindenburg line at two points—at Villers-et-Morfontaine and at Gouzeaucourt. The depth of their penetration beyond, however, is not reported.

Villers was taken by the advance forces, as were Le Verguer, Ronsoy and Berthancourt.

FRENCH WITHIN TWO MILES OF ST. QUENTIN.

(Canadian Press Despatch from Reuters, Limited)

FRENCH HEADQUARTERS, Sept. 18, evening.—General Debeney's army continues to advance in the direction of St. Quentin in conjunction with the British to the north. The most vigorous resistance is being met with a few hundred yards in front of the Hindenburg line, which runs west of the town and whose suburbs form a part of the defensive system. Groups of infantry, lavishly supplied with machine guns dotted everywhere, are endeavoring to hold up the advance, but vainly, for the French, alternating their rushes with infiltration tactics, are steadily progressing and are now only two miles from the suburbs of St. Quentin, already holding some of their old trenches on a wide stretch of front.

This seemingly indicates that the Germans are preparing to evacuate. The Germans are strengthening their dugouts and strong points along the Hindenburg line opposite the American positions. Aviators report that the enemy is building additional telegraph lines to various parts of the Hindenburg defenses.

UNITED STATES ARMY WILL BE 4,800,000 STRONG BY NEXT JULY

(Associated Press Despatch)

WASHINGTON, D. C., Sept. 19.—An army of 4,800,000 by next July after all deductions have been made for casualties and rejections, is what the enlarged American military programme calls for. General March explained this to the House Appropriations Committee in discussing the new seven billion dollar army estimates. There are now about 3,200,000 men under arms, General March said, and the plan is to call 2,700,000 of the new draft registrants to the colors between now and July.

SWISS EXPORTS THROUGH GERMANY.

ROME, Sept. 19.—An agreement has been reached between the German and Swiss delegates concerning the transit of Swiss exports and imports through Germany, according to an official statement.

BRITISH LINE TIGHTENS ON ST. QUENTIN

(Canadian Press Despatch)

LONDON, Sept. 19.—British troops last night made further progress in their drive into the Hindenburg line in the St. Quentin region, aimed at the encircling of that town. In a continued advance north of Ponthus, they reached the outpost positions of the Hindenburg line.

The Australians resumed their attacks and carried the Hindenburg outposts. Many prisoners and a number of machine guns were taken by them.

The town of Lempre was captured, as was Geuche Wood. (Lempre is four miles directly west of Le Catelet.)

FRENCH TROOPS MAKE PROGRESS.

(Canadian Press Despatch)

PARIS, Sept. 19.—French troops last night continued their progress in the region of St. Quentin and penetrated the German positions at Contescourt, three miles southwest of St. Quentin.

HAIG'S FORCES TAKE 8,000 PRISONERS.

(Associated Press Despatch)

With the British Armies in France, Sept. 19.—Field Marshal Haig's forces up to midnight last night had captured a total of more than 8,000 Germans as the result of their drive of yesterday on the Cambrai front.

Several thousand yards of the Hindenburg outpost line was in British hands this morning in the Villers-et-Morfontaine sector, southwest of Le Catelet.

GERMANS REPULSED AT ALL POINTS.

(Associated Press Despatch)

LONDON, Sept. 19.—The Germans late yesterday started a heavy bombardment on the northern part of the battlefield, southwest of Cambrai, between Gouzeaucourt and the Arras-Cambrai road. The fire was of extreme intensity. The enemy followed his bombardment by a strong infantry attack on a wide front northward from the vicinity of Trescault. He was completely repulsed at all points with great losses.

He was likewise driven off with heavy casualties shortly afterwards when he launched a strong attack north of Moeuvres. Some German parties that succeeded at points in entering the British trenches were entirely disposed of by counter-attacks.

SAYS FATAL HOUR HAS NOW BE GOTTEN FOR THE CENTRAL POWERS

(Canadian Press Despatch)

ROME, Sept. 19.—In a long article, which is taken as reflecting the views of Vatican officials, if not the Pope himself, the Corriere d'Italia, the semi-official organ of the Vatican, declares that Austria should be more explicit in her declarations.

"The old subterfuges that the note undoubtedly carries show the desperate need of peace," the article says. "There is no need for secret conferences when President Wilson and others already have set forth the Allied conditions. There is no doubt that the note was inspired by Berlin. With the cannon of Hindenburg unsuccessful, we will now see a return to the subtleties of diplomacy. The note is equivalent to a confession of military weakness. It is a sign that the fatal hour has begun for them when they must submit to the Allies' peace."

"If in the year of 1916 they offered peace, now they ask it," the article continues. "But in what spirit do they ask peace?"

STUBBORN FIGHTING IN MACEDONIA

Offensive of Allied Armies Successful and All Objectives Reached—Fifty Cannon and Many Prisoners Captured.

(Canadian Press Despatch)

PARIS, Sept. 19.—The following official statement dealing with operations on the Macedonian front was issued by the War Office: "Despite important reinforcements hastily brought forward by the enemy who defended his new positions stubbornly, the offensive of the Allied armies continued successfully on the 17th. All objectives fixed for the day were reached. Attacks developed on a front of about thirty-five kilometres, and progress was made to a depth of 15 kilometres at certain points."

Serbian troops, operating with French and Greek detachments, took after a violent assault, five villages, including Zovik and Stravina, and the heights of Polchichto and Bochichto, north of the River Gradishnitsa, and the village of Gradishnitsa, which was stubbornly defended by the enemy who had orders to hold it at any cost. In the centre they progressed on the hill which is situated near Kozjak, advanced northeast of Kozjak and took a foothold on the hills of Kuchkov.

To the east they crossed the Pedaze and occupied the massif of Topoles. The booty captured was considerable. More than fifty cannon, of which twenty were heavy pieces, fell into our hands. The number of prisoners is increasing unceasingly. The allied aviators dominated completely over the enemy and greatly aided in the battle in attacking enemy troops."

SIAMESE TROOPS ARRIVE IN FRANCE TO TAKE PART IN WAR

(Associated Press Despatch)

Paris, Sept. 19.—Siamese troops, with a general and his staff, have arrived in France to participate in the war.

This evidently refers to a new Siamese contingent arriving in France. On August 8, a Marseilles despatch reported that a large number of Siamese troops had landed there.

LABOR'S FIRST DUTY TODAY IS TO WIN WAR

Representative of British Trades and Labor Congress Says Men Who Have Survived Danger of Trenches Must Also Be Provided For.

(Canadian Press Despatch)

QUEBEC, Sept. 19.—The Trades and Labor Congress this morning listened to addresses from fraternal delegates. Those present are Messrs. J. G. Hancock, representing the British Trades and Labor Congress; Stuart A. Hayward, Buffalo, who spoke for the American Federation of Labor, and Miss Rose Schneiderman, New York, of the Woman's League of America.

Mr. Hancock, discussing labor's first duty today, said it was to win the war. His next was to the men who had survived the dangers of the trenches, seas and air. Suitable employment with good pay must be provided for them, English labor had decided. Disabled men must be placed beyond the reach of want.

Mr. Hancock said that the British Government, during the good trade movement after the end of the war, must set about a big national scheme like re-housing, enlarging schools and building railways and canals in order to absorb labor that could not be taken up when demobilization came. If this work did not absorb all the men it might be necessary to increase the school age, abolish all overtime and even reduce the working days in the week.

Miss Schneiderman explained that the Women's League was formed for the purpose of abolishing the great difference in salaries paid to men and women for the same work.

HON. MR. TESSIER SAYS ROAD WILL BE BUILT SOON

Work on Three Rivers-Sherbrooke Highway Will Be Started This Year if Possible—Many Delegates Go on Tour of Inspection.

"The Provincial Government fully realizes the necessity of building the Sherbrooke-Three Rivers highway, and will inaugurate the construction work as soon as the various municipalities along the proposed route have carried out the required formalities, probably this fall if it is possible," said Hon. Mr. Tessier, Minister of Roads, to the delegates which had assembled at Drummondville yesterday at the conclusion of a trip of inspection of the road between Richmond and Drummondville. Hon. Mr. Tessier said the highway will be built mostly of gravel, which is to be found all along the route, and should not prove a very expensive undertaking.

Hon. Mr. Tessier also stated that the Sherbrooke-Derby Line road was not only a trunk highway, but had been built with the intention of joining up with all the provincial roads, for later a Sherbrooke-Quebec and also a Sherbrooke-Montreal highway would be undertaken, thus making Sherbrooke the distributing point of the province. He informed his audience that the Province of Quebec had already 2,500 miles of highway built, which was more than had been done by all the other provinces.

MANGIN CLOSING ON CHEMIN DES DAMES POSITION

Takes Important Ridge Which Commands Stronghold—Fighting in Region Has Been Very Severe.

(Associated Press Despatch)

WITH THE FRENCH ARMY IN FRANCE, Sept. 19.—General Mangin's army attacked along the front northeast of Soissons yesterday and captured the Colombes Farm, the plateau just east of Sancy, and just south of the point where the Chemin Des Dames branches off from the road leading from Soissons to Laon.

A strong counter-attack led by grenadiers of the Prussian Guard was repulsed by the French, who drove the enemy back of the road leading from the plateau of Ange-Gardien to the Colombes Farm. This road is less than half a mile from the Chemin Des Dames.

This success puts the French in possession of part of the important plateau of Ange-Gardien, which commands the ridge along which runs the famous "Ladies Way," for a considerable distance. It also drives deeper the wedge south of the Hindenburg positions in the St. Gobain region and facilitates operations in the direction of Pinon, which was held by the French until the German offensive late in May.

The fighting in this region has been most severe during the last few days. Prisoners are now complaining that they are frequently left in the front line to shift for themselves. Rarely do their officers stand by them when they are attacked, they say.

PREDICTS WAR IN TEN YEARS

Member of French Commission Declares This Will Result Should Germany Be Allowed to Retain Iron Ore of Lorraine.

NEW YORK, N. Y., Sept. 18.—A prediction that if the rich iron ore of Lorraine is left in the hands of Germany, that country will launch "a new big war" within the next ten or fifteen years, was made by Marcel Knecht, member of the French High Commission, in an address here last night.

"If Germany had not taken in 1871, and again in 1914, the two parts of Lorraine, Germany would not have had enough steel to furnish munitions for war against the world," he said.

COOKSHIRE SCHOOL FAIR

Event Was Greater Success Than Anticipated—Display of Agriculture Produce and Exhibits of School Work Very Fine.

COOKSHIRE, Sept. 19.—(Special)—Notwithstanding a downpour of rain and very muddy roads, the Cookshire School Fair was a greater success than ever. A large crowd gathered in Victoria Hall to view the wonderful display of vegetables, grain, poultry, flowers, cooking, canning, sewing, and school work, consisting of drawing, map-drawing, writing, plasticine work, etc., as exhibited under the management of Mr. H. McOuat, and assistants, of Macdonald College. The excellent showing of vegetables, and canned fruit and vegetables far exceeded, both in quantity and quality, the exhibits heretofore, also the school work, of which special mention should be made of the map drawing in colors, of which there was a large and excellent exhibit.

Miss Phelps and Miss Lindholm, of Macdonald College, were judges of canned goods, sewing, cooking, darning, etc. The judges on school work, were Miss Maud Lefebvre, of Canterbury; Mrs. Alonzo Hurd, Sawyerville, and Mrs. H. S. Osgood, Cookshires. The collection of vegetables, grains, flowers, wild flowers, weeds, poultry, etc., were judged by Macdonald College representatives. The list of prizes for same will be published by Mr. McOuat.

Several school girls and boys sold Red Cross tags and realized the sum of \$3.75, which was handed over to the treasurer of the local Patriotic Association. The Cookshire Homemakers' Club served tea, coffee and sandwiches in the basement, and the proceeds of same amounted to about \$25, half of which will be given to the Patriotic Association and half to the H. M. C.

The prizes contributed by the Cookshires, Sawyerville and Island Brook Homemakers' Clubs, were awarded as follows:

Best darned stockings—1 Francis Wilson, 2 Eileen Todd.

Best six button holes—1 Eileen Todd, 2 Rita French.

Sewing on buttons—1 Sarah Lebourveau, 2 Henel Chute.

Best hand-made towel—1 Marjory McGilton, 2 Ivy Caswell.

Best hemstitched handkerchief—1 Evelyn Stevenson, 2 Francis Wilson.

Best hand-made holder—1 Nellie Cork, 2 Gladys Gallu.

Drawing and penmanship—Best map of South America—1 Edna Wheeler, 2 Margaret McVetty.

Section B—1 Phyllis Bridgette, 2 Katherine Kirby.

Best painting in water colors—1 Evelyn Cromwell, 2 Luvia Locke.

Section B—1 Evelyn Cork, 2 Kathleen Kirby.

Writing—Section A—Vivian Little, 2 Edna Wheeler.

Section B—1 Francis Wilson, 2 Evelyn Stevenson.

Plasticine—1 Edith Wright, 2 Doreen Cleveland.

Flowers—1 Phyllis Bridgette, 2 Margaret McVetty.

The exhibits showed work from several of the schools in the district, which goes to prove the increase in enthusiasm, in regards to the annual School Fair. The several schools in this district should be much indebted to Macdonald College staff and especially to Mr. McOuat for the organization of the annual School Fair, which has come to stay. Not only are the exhibits increasing from year to year, but the increase in the interest and enthusiasm of the pupils, teachers, parents and friends are evidenced by their attendance. Had the day been fine, it is hard to say how the crowd would have been entertained.

At the home of Mr. and Mrs. C. Coates on Tuesday, the 10th inst., it being the 21st anniversary of the birth of their (twin) son and daughter, Cecil and Miss Cecilia Coates. The amusements of the evening were games and music. Some very nice presents were bestowed and a dainty luncheon served during the evening.

Mr. George Howse, Jr., last week picked quite a lot of ripe strawberries in his field, and Mrs. H. Card picked over four quarts of nice fresh raspberries—something unusual at this time of the year, in such large quantities.

On Sunday last the Rev. Mr. Brundage, pastor of the Methodist Church gave for his sermon, "Does death end all; or, is there a world to come?" Next Sunday the subject will be "The Resurrection."

The next Red Cross meeting at Lower Brookbury will be with Mrs. S. R. Coates on Thursday.

Sun Burned Skin

You want a healthy summer tan. But sometimes you get it too quickly and then there is a few days of suffering.

The application of Dr. Chase's Ointment takes out the stinging and burning and leaves the skin delightfully soft and smooth.

Because it is equally effective in relieving stings of insects and ivy poisoning as well as chafing and skin irritations it is invaluable in the summer camp.

To Free Your Skin of Hair or Fuzz

(Boudoir Secrets)

No toilet table is complete without a small package of deodorant, for with it hair or fuzz can be quickly banished from the skin. To remove hairs you merely mix into a paste enough of the powder and water to cover the objectionable hairs. This should be left on the skin about 2 minutes, then rubbed off and the skin washed, when it will be found free from hair or blemish. Be sure you get genuine deodorant.

Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

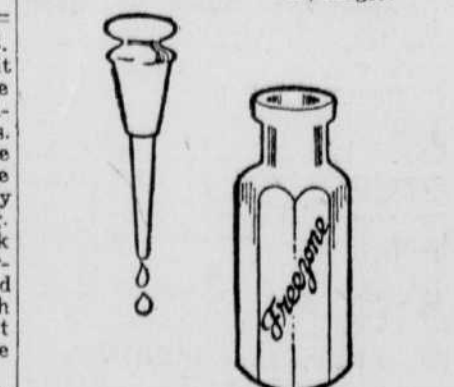

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

LIFT OFF CORNS FREEZONE IS MAGIC

Costs few cents! Sore, touchy corns lift right off with fingers. No pain!

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't hurt one bit. Yes, magic!

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of early discovery of a Cincinnati genius.

Wife and Little Boy

SAVED BY DR. FOWLER'S EXTRACT OF WILD STRAWBERRY.

Both Had Dysentery.

Dysentery comes on very suddenly and is one of the worst and most dangerous of all bowel troubles. The pains in the bowels become intense, the discharges occur with great rapidity, and are very often accompanied by blood. Unless these discharges are checked the sufferer becomes weak and languid, and very often death ensues. There is only one remedy to use in all cases of dysentery or any other looseness of the bowels, and that is "Dr. Fowler's Extract of Wild Strawberry."

It will cure where all others fail. It has been on the market for 73 years.

Don't accept a cheap substitute and thus endanger your health.

Mr. W. J. Metcalfe, Tofted, Alta., writes: "I wish to state that we have used Dr. Fowler's Extract of Wild Strawberry with good results. I will say that it can't be beat. It saved my wife and little boy, last summer, when they were very low with dysentery. We always have a bottle of it in the house, and would not be without it if it cost five dollars a bottle."

The genuine "Dr. Fowler's" is manufactured only by The T. M. L. Co., Limited, Toronto, Ont. Price, 35c.

Given "China Shower"

A very pretty China shower was given by the Misses Aileen Brown, and Jennie Barker, at the latter's home, in honor of Miss Hilda Doherty whose marriage to Mr. McCloy is to take place this week. The rooms were prettily decorated in yellow and white.

A huge basket, covered with white tissue paper and golden glow, was placed in the centre of the room, while the girls sat around it camp fire style, and watched the bride-elect unwrap the parcels amidst many remarks on the part of some of the guests. After the basket was emptied, all repaired to the dining room for refreshments. Covers were laid for sixteen. Auld Lang Syne, and She's a jolly good fellow, finished a most delightful evening.

On Thursday evening, Miss Orabel Larocque was hostess at a miscellaneous shower, given also for Miss Doherty. The presents were brought in on a tray by Miss Aileen Brown and Miss Larocque. Cards were indulged in for about half the time, and the guests, hindered all powers of concentration to such an extent that they were abandoned for singing. A duet was sung by Miss Taylor and Miss Dorothy Walsh. After refreshments the rugs were taken up and furniture put aside for dancing.

WHAT IS DOING IN GRANBY CITY

Opening and Distribution of Prizes at the High School a Pleading Event—K. of C. Have Service Flag.

GRANBY, Sept. 18.—(Special)—It was a busy scene at the High School on Monday morning, when the doors were again swung open, after being closed for the past two months, and a crowd of about two hundred pupils, or to be quite exact, one hundred and ninety-four, presented themselves for enrollment in the various classes of the school. The forenoon session was given up to the task of enrolling the students and forming the various classes. In the afternoon a public session was held in the Assembly Hall of the Clara Miner Annex, at half-past two o'clock, at which a large number of parents and friends were present to witness the proceedings and look into the happy faces of the boys and girls who were about to receive their certificates and prizes as rewards for their good work done in the previous year. There were on the platform, in addition to the Principal and teaching staff of the school, the Ven. Archdeacon Longhurst, Rev. A. J. H. Strike, Rev. W. A. Howard, W. S. Bullock, M. L. A., Mr. A. C. Smith, local manager of the Canadian Bank of Commerce, Wm. Smithson, Miss Bach, and Miss M. B. Brette, the two latter delighting the audience with a couple of interesting duets.

Principal C. A. Adams gave an interesting report, reviewing the work of the previous school year. The total enrollment of pupils was 210, and the average attendance 160. One hundred and sixty-nine took the final examinations, and of these 145 were successful, and 12 others promoted on trial. During the year there were 24 pupils who were neither late, nor absent during the whole year's session, and these others who were late only once. The Principal drew attention to the fact that most of those who were getting prizes for regular attendance were also the ones who were getting prizes for proficiency. One interesting item of the report was that the teachers and pupils together had contributed the sum of \$100 to the Canadian Patriotic Fund. Funds had also been raised for a beautiful Honor Roll, which had been procured, but as new names were constantly being added this roll had not yet been formally placed in position.

Addresses were delivered by Rev. A. J. H. Strike, Ven. Archdeacon Longhurst and Rev. W. A. Howard. Mr. A. C. Smith presented the Bank of Commerce medal, and Mr. W. S. Bullock, M. L. A., the cash prizes. The following is the list of prize winners: Medal, Canadian Bank of Commerce medal, to pupil taking highest marks in six compulsory subjects in Grade X—Charles D. Fogarty.

An Enjoyable Concert.

On Friday evening a concert was given in the town hall, under the auspices and for the benefit of the Horticultural Society. The concert was arranged by Mr. Wm. Smithson, Mus. Bac., and was given principally by local talent. Miss Florence Bradford, who is always a favorite with a Granby audience, sang two solos, "We'll Never let the Old Flag Fall," and "Sailors of the King." The duet "The Battle Hymn," by Mrs. A. J. H. Strike and Miss Florence Bradford, was well rendered and was one of the best numbers on the programme. The solos by Mr. A. Wade, "Somewhere in France," and Mr. J. Webb, "There's a ship that's bound for Bighty," were both good. An attractive feature of the programme was the Boy Scouts in uniform, who were on the platform and joined in the

SEVERAL WENT TO MARLBTON.

Several local residents took in the Marlborough Fair yesterday some of them being induced by the smiling features of the weather man to go by auto. "Some roads," was one of the comments of the weary motorists on their return to the city after a drive through pouring rain and mud. They also reported that the heavy downpour of rain came early enough in the afternoon to spoil the programme of races, etc.

IS GRANTED COMMISSION.

Lieut. Alexander De Villiers, an old pupil of St. Charles Seminary and a native of St. Ours, Que., has been given a commission in an infantry regiment of the U. S. Army, and will shortly go overseas. Young De Villiers, who had a taste for military life, after leaving college went to St. Johns for training, but the life was not active enough, and he went across the line and enlisted in the American forces.

HAS RETURNED TO BATTLE-FIELD.

Mr. I. Croteau, of this city, has received a letter from his son, Sergt. Henri Croteau, saying that he had just left the hospital to return to the front, having quite recovered. Sergt. He has been twice wounded, but is evidently none the worse for his experiences.

MANY ATTENDED DANCE.

The dance under the auspices of the 53rd Regimental Chapter, I.O.D.E., in the 53rd Armory, Tuesday, was a great success, a large number being present in spite of the disagreeable weather. Mrs. Dakin, regent of the Chapter, was at the door, and Mrs. Oscar Brett was in charge of the soda, ginger ale, etc. The proceeds will be applied to the Christmas boxes for the men at the front.

Adding to these the 420 pupils of the Notre Dame School, the 425 in East Sherbrooke, and 40 at the new school in the North Ward, on the old Cartmell property, Prospect street, there are a total of 1,816 children un-

der the tutelage of the Congregation of Notre Dame.

LENNOXVILLE CAR SERVICE.

A complaint recently appeared in the Record with regard to the Lennoxville line street car service, especially with reference to the bad connection with the belt line at the Chateau Frontenac corner.

Speaking to the Record with regard to this, Mr. Couture, the superintendent, stated that this situation was necessitated by the city's paving work on Depot street. He recognized that it was not satisfactory, but states that as soon as the paving on Depot street is completed the Lennoxville cars will be run to the King street corner as formerly.

MEN WHO BROKE JAIL CAPTURED BY THE POLICE

Joseph Carrier and Ansetine Ouellette are Taken in Charge and Appeared in Local Court Once Again.

Two men who escaped from the Sherbrooke jail have been lodged behind the barred doors of that institution once again as a result of the activities of the local authorities. Chief Couture's men have been on the lookout for these two fleet-footed gentlemen, namely, Joseph Carrier and Ansetine Ouellette, and the latter was rounded up while satisfying his hunger at a lunch cart on Depot street, while Carrier was taken in charge by High Constable Lacroix at St. Ferdinand de Halifax.

It will be remembered that Carrier made a clean getaway from the jail last spring. He was a trusted convict, but while cutting grass in front of the building made a successful breakaway. He had been convicted and sentenced on a charge of theft, and came up before Judge Mulvena in the District Magistrate's Court yesterday on a charge of jail breaking. After the evidence had been heard the accused was found guilty and committed to stand trial before the Court of King's Bench.

Ouellette escaped from the clutches of the law about four years ago. He was sentenced to thirty days on a charge of being found drunk and disorderly, and while helping the keepers of the jail to make some improvements in the yard, made a successful dash for liberty. He comes up before Judge Mulvena today.

AGAIN POSTPONE TOUR OF INSPECTION OF THE WATER WORKS

Trip Had to Be Called off Today Owing to Bad Condition of the Roads.

The tour of inspection of the City's Water-Works which was put off from last Tuesday until this afternoon, had to be postponed again owing to the bad condition of the roads that lead to the Drummond pumping station, following the heavy rain last night. Representatives of the Sherbrooke Board of Trade and many citizens had accepted the invitation extended by the Chairman of the Water Committee, Alderman J. K. Edwards, to inspect the Water-Works, and it is hoped that many will be on hand when the inspection can be made. It is likely that the inspection tour will take place next week.

Mrs. M. A. Hawkins has returned from a visit to her daughter, Mrs. W. H. Veilleux.

A memorial service is to be held in the Methodist Church, Coaticook, on Sunday evening next for the late Lieut. Lorne McHarg, son of Dr. and Mrs. McHarg, of Coaticook, who was killed in action while serving with the Air Force.

Bradley & Sons' private ambulance was called by Dr. Bayne to the hospital to remove Mr. Innes to the Halifax train. Also called by Dr. Macdonald to No. 2 Queen St. to remove Mrs. Frank Cline to the Sherbrooke Hospital.

Mr. and Mrs. Roger A. de Valter, of the Public Works Department, have returned from Montreal, where they have spent part of their vacation visiting relatives. ST. PETER'S CHURCH APPEAL.

A special appeal is being made to the congregation of St. Peter's Church for the sum of \$4,000 to pay off old debts and place the church finances on a good footing. The congregation have been requested to contribute next Sunday to this fund as a war-time emergency subscription. The Rev. Mr. Russell spoke at length on the subject last Sunday, and the result of the collection will be announced at the conclusion of the evening service.

THE LATE MRS. SCARTH, LENOXVILLE.

The passing of Mrs. Scarth recalls so many reminiscences of her and incidents connected with her life, a life spent entirely in the service of others, that one cannot refrain from paying some tribute, however inadequate, to the memory of one who was so dear to all who had the privilege of knowing her, and who was, indeed, as some one who knew and loved her, aptly put it—"A mother to the whole community." That charm of manner and personality which she possessed to such a marked degree and which on all hearts was but the outward expression of an inner life whose moving principle was that of service to God and to her fellow-creatures, and an intense and vital interest in humanity and its needs.

Such a type is only too rare and the deepest sympathy goes out to her family—those who knew and loved her best, in their sorrow, and all Lennoxville mourns with them the loss that each feels to be a personal one, of her who never failed to sympathize alike with the joys and sor-

LARGE AUDIENCE WITNESSED 'HIS BRIDAL NIGHT'

Light Musical Comedy Pleased Last Night—Leading Characters Interpreted Their Part Well—Music Was Good.

That light musical comedy plays strongly appeal to the theatregoers of this district—provided, of course, they are worth while, attractive, and include some good music—was quite evident from the large audience which heartily applauded "His Bridal Night" at His Majesty's Theatre last evening. The play was well up to the standard of first class musical comedies, the three acts being well carried out. The leading characters all did their parts well, especially Loretta Sheridan and John Roberts, both of whom were heard to advantage in several catchy songs that drew forth much applause. Miss Sheridan possesses a fine and clear voice and was called upon for many an encore.

Perhaps the only fault to find with "His Bridal Night" was the slim chorus. A chorus generally plays a most prominent part in a musical comedy, but that of the company which held the boards here last night was not very prominent in regard to numbers. Harry Lillford is worthy of mention. He is an actor of exceptional talent and appeared in the part he created in the original production, that of the

NEW TRIAL HAS BEEN GRANTED.

(Canadian Press Despatch) OTTAWA, Sept. 19.—The Minister of Justice granted a new trial in the case of Robert Kierstead who was to be hanged at Gagetown on next Tuesday for the murder of his wife. It is said there is new evidence. Kierstead's wife was killed at their home in Queen's County last December, battered to death with a stick of wood.

butler. The story, written by Lawrence Rising and revised by Margaret Mayo, tells of the direful misadventures which befell Joe Damorel, a millionaire big game hunter, and Lent Trevitt, the sweetheart of the bride's twin sister. Vi, the newly wed sister, quarrels with her husband at the outset of the honeymoon, and Tiny, the twin, thinks she will teach her tempestuous sister a lesson if she (Tiny) palms herself off as a bride and sets off on a wedding journey with Damorel. Inasmuch as the two sisters look identically alike, this is easily accomplished. Trevitt, who is never sure whether he is making love to his friend's wife or her sister, follows the honeymooners to their dovecote, and Vi, the bride, exaggerated and repentant, rushes thither also. When they are all assembled under one roof the complications increase as the girls refuse to solve the riddle of their identity and the fun created arouses the audience.

CATARRAHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.

TAX ON VICTORY BONDS WOULD BE IMPRACTICABLE

Minister of Finance of Opinion that Such a Course Would Affect Raising of Immense Sum Required for Prosecution of the War.

OTTAWA, Ont., Sept. 19.—The suggestion which has been put forward, and given wide publicity, that an unlimited taxable five and a half per cent. issue of Victory Bonds should be put out for the purpose of raising the funds required for the Government during the coming year and for refunding at a premium certain outstanding war loans amounting to many hundreds of millions of dollars, is regarded by the Finance Department as quite impracticable. It would, in the opinion of the minister, inevitably fail to raise the immense sum of money which will be required for the prosecution of the war and the establishment of further Imperial credits for the purchase of wheat, foodstuffs and munitions in Canada. Assuming its success as possible, it would create a vast body of securities, which, by reason of being out of conformity with investment conditions, would speedily, upon narrow markets, go to a heavy discount, causing dissatisfaction among subscribers and necessitating the payment of much higher interest rate upon succeeding issues.

LABOR

SOLID FOR VICTORY

American Proposals Before Congress in London are Emphatic and Definite.

LONDON, Sept. 18.—The American proposals before the Labor Congress declare:

"It is our unqualified determination to do all that lies in our power to assist our allied countries in maintaining all their resources to the end that the armed forces of the Central Powers may be driven from the soil of the nations which they have invaded and now occupy, and that these armed forces shall be opposed so long as they carry out orders and respond to the control of the militaristic and autocratic governments of the Central Powers, which now threaten the existence of all self-governing peoples."

The fundamental principles which underlie the peace treaty are declared by the American delegates to be as follows:

"A league of the free peoples of the world in a common covenant for genuine and practical co-operation to secure justice, and therefore peace, in the relations between the nations. No political or economic restrictions meant to benefit some nations and cripple or embarrass others.
"No indemnities or reprisals based on vindictive purposes or a deliberate desire to injure, but to right manifest wrongs.
"The recognition of the rights of small nations and the principle that 'no people must be forced under a sovereignty under which it does not wish to live'."

"No territorial changes or adjustment of power except in the furtherance of the welfare of the peoples affected and in the furtherance of world peace."

The proposals assert that the following basic principles should also be incorporated in the treaty of peace:
"In law and in practice the principle shall be recognized that the labor of a human being is not a commodity or an article of commerce.
"Involuntary servitude shall not exist except as punishment for crime for which the party shall have been duly convicted.
"The right of free association, free assembly, free speech and free press shall not be abridged.
"Seamen of the merchant marine shall be guaranteed the right to leave their vessels when they are in a safe harbor.
"No article or commodity shall be shipped or delivered in international commerce in the production of which children under sixteen years of age have been employed or permitted to work.
"The basic work-day in industry and commerce shall not exceed eight hours.
"Trial by jury shall be established."

The American proposals favor a world labor conference at the same time and place as the peace conference, and also direct official representation of workers in the official delegations of each of the belligerents formulating the peace treaty.

HEAVY RAIN

INTERFERED AT

WATERLOO FAIR

(Continued from page One)

ceived a rude shock early in the afternoon, for shortly before 3 o'clock the rain made its presence only too well known, and consequently the elaborately prepared programme was badly interfered with.

"However, considering the conditions, the fair of 1918 was a success. A large crowd was on hand the previous day, and some three thousand paid their way into the grounds yesterday. The exhibits and attractions, too, were quite up to the standard. There were many fine exhibits of cattle to be seen, etc., for a great number of the exhibitors had carried off prizes at the Sherbrooke Exhibition had their cattle on hand in an effort to add to their winnings. Probably one of the most interesting exhibits was the fine Brown Swiss bull of Mr. Joly, which he refused \$2,500 for. This animal attracted a great deal of attention and was much admired by lovers of high-class cattle.

LARGE EXHIBIT OF SWINE.
Another feature of the fair this year was the large number of swine on show at the fair. There were more swine shown this year than ever before, some of the finest specimens in this district competing for the prize money that was offered in this department. The large exhibits of swine at the fairs this year shows conclusively that the request of the Government to farmers to raise pigs has met with a ready response. There is hardly a fair this year at which there were not a large number of swine exhibited than in the past years, and the adventure for many farmers has proved such a success that they claim that this line will receive more attention that it ever did before.

The sheep exhibits were about up to the usual standard, but that of poultry showed an advance over last year's figures. It has been stated that the number and quality of birds exhibited at many of the fairs this year has dropped considerably, but such a statement cannot be chalked up against Waterloo. Quite a number of clergy have taken up poultry raising, and that their efforts have met with success is proved by the fact that Rev. A. J. Ward and Rev. W. J. H. Lunnis carried off quite a number of prizes.

The horses exhibited, too, were up to the standard, although there were not quite so many entries as the officials would have liked to have seen. The ladies' driving events created quite a lot of interest, as also did the entertainment programme provided for the spectators. The Knowlton band was on hand and rendered a very interesting musical programme.

CHILDREN'S WORK GOOD.
Probably one of the chief attractions of the fair this year was the fine display, or rather prize samples, of the work which the school children have been carrying on to help the cause of the Allies. The exhibits were admired by one and all, and the children can well be proud of them. This exhibit was carried out under the auspices of the authorities at Macdonald College. It will be remembered that early in the spring a move was made to interest the young folks in gardening, and that seeds were given to them. That they went about their work in an earnest manner was the general opinion of all after a visit to the tent where the samples of their work were on exhibition. Here was to be seen needlework, handwork and prize vegetables.

The Watlen Red Cross had charge of the dining room and added quite a little sum to their bank account, while the ladies' department attracted not a little attention. Here were to be seen many fine displays of hand sewing, etc. There were also to be seen many novel ideas. For instance, the inside work on one large blanket was of a tree bearing such luxurious fruits as apples, oranges and peaches, all on the same branch.

RACES WERE INTERESTING.
President James Kennedy and Vice-President W. W. Phelps, who again this year carried off numerous prizes with his fine display of cattle, worked hard and faithfully to make the fair a success, while Secretary-Treasurer N. O. Rockwell was kept very busy attending to the many duties he is called upon to take over during the fair.

The horse races proved very interesting, as also did the foot races. In the 2.35 pace Alice E. carried off the first money, Teddy second money, Eddie Steele third money and Peacock fourth money.

The free-for-all saw Shidevall home in front, with Evignoz second and Mary Louise third.

The 100-yard dash was won by G. Taylor, with G. Shaw second and G. Young third.

G. Young won the potato race, with W. Conley second and D. M. M. grove third.

CANADIAN RAILWAY TOOLS PUZZLED FRITZ

Scrapers Left By Railway Corps During German Offensive Were Found Nicely Piled and Marked "Verboten".

(Canadian Press Despatch from Reuter's Limited)

London, Sept. 19. — Sir Edward Kemp, Minister for the overseas military forces of Canada, has handed to Reuter the following story from Fred James, official correspondent with the Canadian forces in France:

"It requires considerable skill and experience to use some of the tools employed by Canadian railway troops. This, some of the Boche prisoners captured on different parts of the front, can vouch for. When the German offensive was launched in the earlier part of the year, among other things they captured were supplies of scrapers taken recently in the rapid advance of the British troops, have told us railway men that they had tried to use these scrapers and had been thrown out of the handles on to their horses' heads or some place like that. This happened several times so that Fritz decided to leave such tools alone. When the Canadian railroaders followed up on the heels of the advances, repairing, reconstructing and laying out new stretches of standard and light gauge tracks, they found scrapers and other things neatly stacked up and surmounted by notice 'Verboten,' and other verbiage that gave warning that these tools were not to be used."

FINANCIAL AND MARKET NEWS

CHANGES TOOK UPWARD TURN ON WALL STREET

(Associated Press Despatch)

NEW YORK, N.Y., Sept. 19. — (Wall St.)—Changes were unusually narrow at the opening of the Stock Market today, with the trend definitely upward, soon crystallizing into a more positive show of strength among some of those stocks which were conspicuous during yesterday's advance. Speculation in steel, equipments and important railroads was on a limited scale, but marine preferred was absorbed on reiteration of reports that the long-pending deal for the transfer of the British tonnage would soon be consummated.

SOLDIERS WERE NOT INFLUENCED

Witnesses at Election Inquiry Testified that They Voted According to Their Own Conviction.

ST. JOHNS, QUE., Sept. 19.—Over a dozen soldiers at the Canadian Engineers Training Depot here were examined yesterday during the course of the election inquiry. Each of the soldiers declared he had voted in Chambly-Vercheres from a conviction he had had a right to do so.

In every instance the soldiers said that Lieut.-Col. Melville or any other officer had not influenced their votes, and repeated cross-examination by Mr. Aime Geoffroy failed to shake their testimony. At the conclusion of the afternoon's hearing the sessions were adjourned sine die with the understanding that they would be resumed some day next week in Montreal.

HE GAVE ALL —his Mother, his Home!

OUT 'mid bursting shell and battle's roar; out in the awful abyss of a man-made hell; in a strange land, thousands of miles from home, a brave Canadian mother's son is, this minute, fighting, bleeding, dying—enduring all the agonies of this terrible conflict that the world may be free. There, amid the victorious cheers of our men, the maddening curses of a savage foe, the cries of the stricken and the wails of the dying, his mind goes back to Canada, to the land he loved so well; to a dear old mother's home, to the comforts he found there. He sees her bent in longing for her boy "Over There," and his heart aches to comfort her with a letter of good cheer. Hear him, in a voice with anguish filled, calling, pleading, praying to those for whom he fights, to furnish him with the comforts that they themselves would want.

We carry to YOU this plea from far across the sea, from your loved ones "Over There," that they may have a few of the comforts that YOU daily enjoy.

WHAT WILL YOU GIVE TO KEEP HIM SMILING?

MARRIAGES

TICEHURST — ROSS.
BURY, Sept. 19.—(Special).—A very quiet wedding took place at eight o'clock Tuesday morning, at the Methodist Church, Bury, when Myra Evelyn Ross, step-daughter of George W. Stokes, became the bride of Orval Francis Ticehurst, of Tomifobia. The Rev. M. Brundage officiated. The bride was given away by Mr. Stokes, the only attendant being Master Thomas Stokes, brother of the bride.

The bride was becomingly dressed in a tailored costume of navy blue broadcloth, a large blue beaver hat, and a taupe ostrich neckpiece. She carried a pretty bouquet of white roses.

The wedding march was played by Mrs. Goodenough. The interior of the church was prettily decorated with autumn leaves. Mr. and Mrs. Ticehurst left by motor for a brief honeymoon, after which they will reside at Tomifobia, Que.

Mrs. Ticehurst was well-known locally as a violinist, and was prominent in church and social circles. She was extremely popular, and will be greatly missed by her many friends in Bury.

Farmers Report Loss of Young Cattle and Cows—Veterinary Lays Cause to Stagnant Water.

MASSAWIPPI, Sept. 19.—(Special).—Several farmers here have lately had the misfortune to lose young cattle and cows, seven being reported as having died rather mysteriously. Dr. Tracey, of Sherbrooke, was called and came Saturday and inoculated three herds. He attributes the disease to stagnant water. The animals that died were in the same pasture. It is said many farmers throughout the Townships are meeting with similar losses.

HATLEY AND
DISTRICT NOTES

Sugar Very Scarce—Mr. H. F. Pope Injured When He Fell from Roof of His Barn.

HATLEY, Sept. 19.—(Special).—Conditions closely resembling a sugar famine have prevailed in this place for the past few weeks, and at present only an extremely limited supply is available at any price. On account of this scarcity the members of the Hatley Patriotic Society have been obliged to discontinue their monthly teas. A business meeting will, however, be held in the Guild Hall on Friday afternoon, when the usual boxes will be packed for overseas. The last shipment of Red Cross work made by the Society contained the following articles: to Red Cross Headquarters in Montreal, 22 prs. socks, 4 T bandages, 9 many tailed bandages, 1 pair pillow slips; to the Daughters of the Empire, 22 prs. socks, 1 sweater.

Escaped Serious Injury.

Late on Monday afternoon Mr. H. F. Pope, of this village, had a miraculous escape from fatal injury, when after a day of corn-cutting he ascended to the roof of his barn for the purpose of closing the silo. Making a mistake, he slipped and fell upon a part of the machinery which stood at the foot of the ladder. His injuries were at first thought to be serious, but upon surgical examination it was ascertained that no bones had been broken, a severe shaking and painful bruises being the outcome of the accident. Although confined to his room, Mr. Pope was able to sit up for a short time the following day.

Fell Down Steps.

While ascending a short flight of steps, which suddenly collapsed, Mr. Albert Currier was thrown to the ground, but luckily escaped a broken limb, although rendered somewhat stiff and lame from the fall.

Scholars Attend School Fair.

The day of the School Fair at Ayer's Cliff was observed as a holiday at the Hatley Model School, both the teaching staff and pupils attending and bearing away a share of the honors. The principal, Miss Muriel Goff, was awarded first prize in the teachers' race, and Miss Edna Poole second in the class of 15 years and over. Prizes for the best collection of vegetables and flowers were also given Miss Alice Schoolcraft and Miss Dorothy Brown.

Thanksgiving Service.

The annual thanksgiving service for the safe ingathering of the harvest was held at St. James' Church on Tuesday evening, the preacher for the occasion being the Rev. Mr. LeGallais of Fitch Day, who gave an appropriate and timely address. Special vest hymns being rendered by a full choir of mixed voices, with Mrs. Kerr as organist. The church was effectively decorated with autumnal foliage together with grain and fruit and flowers.

Notes.

Driver Pte. Rollit Jones was here for the week-end from St. Johns to visit his sister, Mrs. Archie Laduke, of Lakeside.

The W.C.T.U. will meet at Elm Cottage with Mrs. E. St. Dizier on Wednesday afternoon. Now vacation is over the members are requested to endeavor to all be present. There will be an accumulation of business and a short programme, to be followed by a plain tea.

The forenoon of the last two Sundays were well observed by autoists, but in the afternoon and evenings there was considerable "humming" along the Government road.

Mrs. T. N. St. Dizier accompanied Mrs. H. D. Turcott and party from North Hatley on a motor trip of 500 miles, going Wednesday morning of last week and returning Monday evening. They went to Saranac Lake, N. Y., by Burlington and Plattsburg, and returned by Montpelier and St. Johnsbury. Although the weather proved rainy part of the time, the trip was very much enjoyed, and nothing else occurred to mar the journey. Time was taken to visit the public places, etc., in the different cities.

The Patriotic Workers met Tuesday afternoon at the hall and spent some time sewing. It was arranged to meet Friday afternoon, September 27, to work.

Colt; Mr. and Mrs. Cate, of Sherbrooke, were week-end guests of Mr. S. and Miss Alice Colt, also Mr. and Mrs. Guy Kezar, of North Hatley, to pay a parting visit to the old home, soon to pass into the hands of strangers.

Harvey spent the week-end here with his mother, Mrs. M. Harvey; Mrs. H. D. Willard and little daughter were at Sherbrooke a week recently paying a visit to her sister, Mrs. A. A. Binney.

U. S. WILL BE
FINANCE CENTRE
AFTER THE WAR

Head of New York Banking Corporation Makes Statement Before Annual Meeting of Bankers' Association.

(Associated Press Despatch)
DENVER, COL., Sept. 19.—Other nations probably will owe the United States nearly \$9,000,000,000 at the end of the war if it should come about a year hence, John E. Rovensky, of New York, told the bankers assembled here today in the national convention of the American Institute of Bankers. Mr. Rovensky is Vice President of the National Bank of Commerce, of New York.

The world now owes the United States about \$5,765,000,000, Mr. Rovensky said, and he estimated that this would be increased within a year by about \$3,000,000,000.

"By the time the war is over," said Mr. Rovensky, "America will be one of the leading creditor nations in the world, a financial center from which a large part of the world's economic forces will be directed; where the debits and credits of the world's trade will, to a large extent be cast up and be settled."

"World banking on a scale heretofore undreamed of will be the order of the day. The star of financial and economic supremacy that has been travelling westward since the dawn of civilization and that now rests over London, will again move forward in its course and cross the Atlantic in contemplating this picture there spreads before our eyes a vista of a world of boundless opportunities which awaits young American bankers of the present generation."

Mr. Rovensky reached these conclusions by an interesting analysis of the international financial position of the United States. He said that when the war began the United States' net debt to the world was about \$3,500,000,000. The United States paid annually to foreign countries a net amount of \$500,000,000 in interest on our debt, freight charges, remittances to foreign laborers, expenditures of American tourists, insurance premiums and sundry items.

After the beginning of the war the United States repaid its debt to foreign countries very rapidly by purchasing American securities held abroad. "It is probable that our new debt to foreign countries was practically extinguished about two years ago," declared Mr. Rovensky.

During the war, up to July 1, 1918, the United States exported merchandise in excess of its imports to the extent of about \$10,000,000,000. In return the United States arranged to lend its Allies and other foreign countries about \$7,500,000,000, it received American securities to the amount of about \$2,000,000,000 and \$1,000,000,000 in gold; a total of \$10,500,000,000.

Mr. Rovensky estimated that after the war the United States would receive from eighteen nations annually about \$450,000,000 in interest on its loans; instead of having to pay about \$175,000,000 annually in interest as it did before the war. Against this there would be charged items of payment to foreign countries amounting to \$325,000,000, leaving a net annual income to the United States of about \$125,000,000. To this added an annual net trade balance in favor of the United States of about \$490,000,000. This made a total of credits annually piling up in favor of the United States of \$615,000,000.

Mr. Rovensky intimated that the United States would find it profitable after the war to leave its \$9,000,000,000 investment abroad and to reinvest abroad its income from it by purchase of securities of foreign railways, steamship companies, manufacturing, mining and other enterprises.

NEWSPAPERS
RAISE PRICES

Montreal Gazette Goes to Three Cents—Advance in England.

MONTREAL GAZETTE GOES TO THREE CENTS—ADVANCE IN ENGLAND.

MONTREAL, Sept. 18.—The Montreal Gazette announces an advance in price from 2c. per copy to 3c. per copy. Delivered by carrier the new price is \$8.00 per year.

In connection with the announcement the publishers say:

"Since the war, costs have gone up at an alarming rate. Newsprint alone costs sixty per cent. more with further increases probable. The wages paid printers have increased 33 per cent. The increase in other departments has, in all instances, been as great, and, in some, even greater. While the necessity of providing for these costs have been a constant strain, by far the greater burden has been brought about by the expenditure upon news services.

The publishers believe that no apology is necessary. There is nothing the reader can buy in Montreal equal to the value this newspaper gives him for three cents. A higher price might easily be justified."

NEWSPAPERS RAISE PRICES IN ENGLAND.

(Manitoba Free Press)

In England newspapers are less than half their pre-war size; and in most cases the prices have doubled. Thus the London dailies, which formerly sold for a half penny now cost a penny and they give on an average about 20 columns of reading matter—about 40 per cent. of the reading matter to be found in an ordinary issue of the Free Press. According to the calculation of the newspaper world 143 daily newspapers in Great Britain and 1,095 weeklies have raised their prices. The tendency is worldwide and will continue.

WHOLE FAMILY TRAITORS.

CHICAGO, Ill., Sept. 18.—Leo Kreutzinger, father of Sidney Kreutzinger, recently sentenced at Camp Grant to ten years in Leavenworth prison for disloyal utterances, was arrested today on charges of violating of the Espionage Act and held under \$10,000 bond. Only a short time ago Leo Kreutzinger's sister, Wanda, was taken into custody in New York as a suspect under the Espionage Act. She was an operator for the Postal Telegraph Company.

Canada Food Board License No. 2-026

No good housewife wants the little imps of dirt, bad air, spoiled food, stifling heat, danger of fire, lost time, and waste, in her kitchen.

She has only tolerated them because she did not know how to get rid of them. The Electric Range has shown her the way. The minute it is installed in her kitchen, dirt gives way to cleanliness, bad air to pure air. The food becomes better flavored, all the cooking more uniformly successful. The kitchen is a cooler place in which to work, the housewife finds her leisure hours increased, and the bills grow less. The transformation is really wonderful; no one who has ever known the convenience and comfort of Electric Cooking would ever willingly go back to other methods.

You can have a range in your kitchen. The cost is very moderate in proportion to the service it renders. Once installed, you will value it more highly than any household convenience you possess. There is a range to fit any requirement of large or small families, big or little kitchens.

We will install a range in your kitchen on trial for one month, and if it does not meet your requirements we will remove it free of cost.

THE PLYMOUTH CHURCH S. S. HAD FINE PICNIC

Children Had a Most Enjoyable Time—Sports Were Held During the Afternoon.

The annual picnic of Plymouth Church Sunday School is a much anticipated event, and the outing of last Saturday, in spite of threatened rains, was a great success. Friends of the school kindly furnished automobiles, and the party, numbering about seventy-five, accompanied by several of the teachers and the pastor, Rev. G. Ellery Read, and Mrs. Read, were quickly transported to the Little Lake, where the grounds of Mr. A. M. Sangster, were placed at their disposal, and the cottage thrown open.

The weather had cleared and the day was pleasant, permitting boating and even swimming to be indulged in by the young people, while a well-arranged series of sports for both boys and girls were keenly contested.

Naturally, a feature of the occasion was the luncheon, when appetizing baked beans, furnished by the committee, supplemented the various contents of the picnic baskets. Tea and lemonade were also provided. The prizes for the sports were presented by Mrs. Sangster, and the return trip to the city was made in the late afternoon.

PRESENTATION TO REV. MR. AND MRS. COOPER

Honored on the Occasion of Their Departure for Rochester By Baptist Church Congregation.

The Rev. A. E. Cooper, who has been in charge of the Baptist Church, since last May, accompanied by Mrs. Cooper, left Monday for Rochester, N. Y., where Mr. Cooper will complete his Theological course. On Sunday evening Mr. Cooper preached his farewell sermon, delivering an able and eloquent discourse. The congregation was large, and the singing was bright and hearty.

Advantage was taken of a Sunday School entertainment on the previous Thursday to present the pastor, on his departure, with a purse. Mr. R. G. Milford, chairman of the Board of deacons, in making the presentation on behalf of the congregation, expressed the regret felt at parting with Mr. Cooper. He had fulfilled every duty, and had done excellent work during his brief stay, and both he and Mrs. Cooper, who had assisted in many ways, especially by her musical talent, had won the liking and esteem of all who knew them. All, however, joined in wishing them success and happiness, wherever they might be called.

Mr. Cooper replied briefly, but with feeling, saying that he felt the little Canadian city with real sorrow, and that he would always remember the kind friends they had made in Sherbrooke.

DELAYED IN ARRIVING BACK FROM MARBLETON

Derailed Freight Train Held Up Passengers Returning from the Marblerton Fair Last Night About Five Hours.

Local citizens who journeyed by train to Marblerton to attend the Annual Fair yesterday were somewhat late in arriving back home, while travellers on their way here from Quebec were also held up several hours owing to a freight train becoming derailed on the Quebec Central Railway line near Marblerton. Passengers returning from Marblerton to the city did not reach here till the wee hours of the morning, the derailed freight causing a delay in the service of about five hours.

No serious damage was caused as a result of the freight leaving the tracks.

MOFFATT—KING.

A quiet but pretty wedding took place at St. George's Church, Lennoxville, on Wednesday, September 18, when Miss Ada King, daughter of Mr. Francis King, Riviere du Loup, was married to Mr. Harold Sinclair Moffatt, of Levis. Rev. R. W. E. Wright, Rector of St. George's Church, officiated, and Miss Claire Nutter presided at the organ.

The bride was attended by her sister, Miss Ethel King, of Riviere du Loup, and the groom by his brother-in-law, Mr. Hubert Ames, of Lennoxville. The bride was becomingly gowned in a travelling suit of navy blue serge, with black velvet hat and sable throw, the gift of the groom, and wore a corsage bouquet of roses. The bridesmaid wore a grey velvet gown with hat to match.

Among the out-of-town guests present were Mrs. Crockett, of Danville; Misses Eileen and Dorothy Brown, Levis; Misses Gertrude and Frances Gorham, of Riviere du Loup.

After the ceremony the wedding luncheon was served at the home of the bride's sister, Mrs. Hubert Ames, after which the bridal couple left by train for Montreal and the Saguenay trip, and on their return will reside at Levis.

BRITISH OFFICIAL STATEMENT

(Associated Press Despatch) LONDON, Sept. 19.—The text of the British official statement reads:

"Yesterday afternoon a violent bombardment from a large number of guns was opened by the enemy on the northern portion of the battle front, between Couzeaucourt and the Arras-Cambrai road. Telephone communication with the divisions in the line was rapidly cut by the intensity of the hostile fire.

"At five o'clock in the evening, German infantry attacked in strength on a wide front from the neighborhood of Trecault northwards. At all points they were completely repulsed with great loss by the troops of the Guards of the Third and Thirty-Seventh Divisions. The strong attack delivered shortly afterwards north of Moeuvres was also driven off with heavy German losses. At certain localities batches of the enemy succeeded in reaching and entering our trenches, where they were overwhelmed by counter-attacks."

"In all such localities our line has been re-established and is intact."

"Many prisoners have been taken by our troops, and great numbers of German dead are lying before our positions on the whole front of the enemy attack."

"South of Couzeaucourt the operations of the third and fourth British armies continued successfully yesterday evening and last night. English troops progressed north of Pontreux, reaching the outpost positions of the Hindenburg line in this sector."

"On the left the fourth Australian division renewed the attack at 11 o'clock at night and carried the outpost positions of the Hindenburg line after heavy fighting. Many prisoners and a number of machine guns were taken in this successful operation."

"This division and the first Australian division now hold the outpost positions of the Hindenburg line on the whole of their respective fronts."

"Further north severe fighting has taken place east of Ronsoy and Epehy. We have gained possession of Lampire and beaten off determined hostile counter-attacks."

"In the Villers-Guislain sector the division which in yesterday's advance took several hundred prisoners recaptured Gauche Wood, which the enemy had regained by a counter-attack. Late in the afternoon it repulsed with heavy losses a strong counter-attack launched by the enemy from Villers-Guislain. At Gauche Wood repeated attacks delivered by the enemy in one afternoon and evening were repulsed."

IMPORTANT CAPTURE IN QUEBEC CITY

A Foreigner Who Escaped from Custody Monday Was Re-arrested Under Sensational Circumstances.

(Canadian Press Despatch) QUEBEC, Que., Sept. 19.—An important capture is alleged to have been made under sensational circumstances here in the course of last night when the military police arrested, after a wild chase over roofs, through alleys and dark yards in lower town, of a foreigner named Protokoff, Trotzky. He was arrested in Quebec on Monday evening last in a beer garden on St. John street after he had made unfriendly utterances against the Allies. He escaped from the St. Louis barracks, and was finally located in a lower town boarding house close to the water front. Trotzky, when first arrested, carried a large roll of money, which had been confiscated, and again yesterday evening when arrested he had another big roll of bills. He talks French and English fluently, is apparently refined in character, and had in the three grips he carried a collection of false beards, wigs, etc. The authorities refuse to give out any statement as to the real identity of the man, who is now being closely guarded at the barracks.

The treaty of Brest-Litovsk left Baku to the Russians, but that this does not prevent the Turks from continuing their advance.

This report from Constantinople would seem to indicate that the British have suffered a reverse in the Baku region. It was reported on August 16, that British forces had entered Baku, having reached that city from their base by the way of Persia. No fighting in the Baku region has been reported recently.

FEMALE CAUSED MONTREAL GREY NUNNERY FIRE

Bertha Courtemanche, an Orderly of Institution, Who Made a Confession of Crime, Taught School near Sherbrooke.

MONTREAL, QUE., Sept. 19.—The disastrous Grey Nunnery fire of February 14 last, in which sixty-five babies were burned to death, was purposely caused by a female orderly of the institution, Bertha Courtemanche, who is said to have periodical attacks of fire mania. The woman was still working at the institution at the time when she was arrested this afternoon.

After keeping Courtemanche under observation at the Grey Nunnery for a week past detective Proulx, of the Provincial Police Department, taxed the woman with the crime and extracted a full and signed confession from her last night.

Her arrest followed early this afternoon, and she was arranged at the court house, on a charge of arson.

The woman's confession reveals the mania which must have possessed her at the time of her diabolical act. "I crept out of bed on the night of the fire, and set fire to a pile of newspapers, which I had placed behind the radiator in the room where the babies were sleeping. The curtains caught fire, and then I went back to bed. God knows why I did it. After I had been in bed some minutes, I heard cries of fire and rushing back to the nursery in my night-dress, carried two of the babies to safety. I was then taken to the Khaki Club for the night, and afterwards to the Notre Dame Hospital, where I was sick two days."

Courtemanche admits having made two other attempts to set fire to the Grey Nunnery, once before her last too successful attempt, and the other a few weeks later.

Bertha Courtemanche is a woman of 27, and is very well connected in the Eastern Townships, where she lived most of her life. She came to Montreal early in February last to enter the service of the Grey Nunnery as an orderly in the babies' orphanage. Previous to that she had been a school teacher in a town near Sherbrooke, the name of which is not revealed. Her removal to Montreal was brought about, the Provincial Police state, as a result of the discovery that she possessed a fire mania, and had attempted incendiarism in her home town. It was thought that a change to institutional life would probably effect a cure.

BETRAYAL OF RUMANIA BY GERMANY

Another Chapter of Secret Russian Documents Given Out By the American Government.

WASHINGTON, September 18.—The betrayal of Rumania, and elaborate advance plans of Germany and her Russian Bolshevik allies for supplanting and murdering loyal Rumanians, Russians and Poles, are exposed in detail in yesterday's chapter of the astounding secret Russian documents which the American Government is giving to the public.

Other instalments of the series have described how the Bolshevik leaders, Lenin and Trotsky, and their associates, were bought by the Germans for millions in gold and engineered their bloody overthrow of Russia for the benefit of their masters. Now the story is told of how, while the Brest-Litovsk peace conference was still in progress, the Bolsheviks were sending hired agents into Rumania to disorganize the armies of Russia's ally, dethrone the Rumanian King and turn loose the German armies occupied there for service in a great offensive on the western front.

The second phase of the latest disclosure shows the Bolsheviks, at German direction, undertaking not only to kill refractory Russian generals, but to shoot individually and wholesale Polish soldiers who were refusing to be sold to the Germans and patriotically keeping the field against their enemies. One of the documents transmits orders from the German Intelligence Service to "Take most decisive measures

(Associated Press Despatch)
AMSTERDAM, Sept. 19.—Konstantin Fehrenbach, President of the German Reichstag, sees no reason to expect a ministerial crisis in Germany, according to an interview with him printed in the Lokal Anzeiger, of Berlin.
Differences of opinion regarding peace aims no longer exist between authoritative political and military circles, he is quoted as saying, and hence there is no ground for objection to Von Hertling retaining the Chancellorship.
"No one need doubt that the Chancellor is determined to bring about a peace by understanding," he says. "It will, however, be necessary for the Government to make a determined stand against the pan-Germans."

MARBLETON, Sept. 19.—(Special)—The attendance at the annual fair yesterday held under the auspices of the Wolfe County Agricultural Society, was the largest in the history of the organization. The weather during the forenoon was clear and this had the effect of drawing out a large number of visitors from all over the surrounding country. As the afternoon advanced, however, a heavy rain came down, and this caused many to leave the grounds earlier than usual.
The exhibit of live stock was not only the largest ever shown here, but the judges made special reference to the fine quality of the animals shown. Everything passed off satisfactorily, and the president and board of directors are to be congratulated on the success of the annual event.

**CAPTURE OF
ST. QUENTIN
NOW CERTAIN**

British and French Veterans Make Another Vicious and Successful Smash at the Hindenburg Line

(Associated Press Summary)
NEW YORK, Sept. 19.—The Associated Press last night issued the following:
British and French veterans have made another vicious and successful smash at the Hindenburg line. Sweeping forward on a front of 22 miles, they went ahead from 1 1/2 miles to 3 miles, taking many prisoners. The advance is that it makes more certain the capture of St. Quentin, which the Germans have been ordered to hold at all costs. This important city is virtually surrounded on three sides, and its fall seems only a matter of days.
Field Marshal Haig's Third and Fourth armies charged over the trench system occupied by the British before they were pushed back by the Teutonic flood last March. They captured, in wide sectors, the outer defences of the Hindenburg line.

The British assault was over a front of sixteen miles, from Holnon, west of St. Quentin, to Gouzeaucourt, north of Epehy. In their advance, which reached a depth of more than three miles at some points, they took more than 6,000 prisoners.
Not only did the blow bring nearer the capture of St. Quentin, which the Germans are struggling desperately to hold, but it went far towards wiping out the only bulge in the British line which resembles a salient. Epehy, at the apex of the bend, has befallen Gouzeaucourt and Hargicourt, which stood at the ends of the wings.

MANY DELEGATES PRESENT.
Representatives were present from Sherbrooke, Richmond, Three Rivers and Rockland, and after lunch the delegates paid a visit to the fine power plant which is being erected on the St. Francis at an approximate cost of \$1,500,000. There were some sixty delegates present at the gathering, including Mr. A. L. Caron, vice-president of the Automobile Club of Canada, Mr. George McNamee, secretary-treasurer of the Automobile Club of Canada, Hector Laferte, M.P.P. for Richmond, Dr. Hayes, of Richmond, Mr. E. J. Page, president of the Sherbrooke Board of Trade, Alderman Dr. Forest and Genest, representing the city of Sherbrooke; L. Bachand, secretary of the local Board of Trade, and Mr. Lalonde, president of the Chambre de Commerce, of Drummondville.
The various delegates spoke, pointing out to Hon. Mr. Tessier the great necessity of building the Sherbrooke-Three Rivers highway.
AUTO BROKE DOWN.
The car in which Hon. Mr. Tessier was travelling on the tour of inspection broke down two miles north of Melbourn. The roads were so bad that a spring snapped, and a raid was made on a neighboring farm house for wire, rope, etc., in which various farm implements, including an axe and buck saw, were requisitioned.

(Canadian Press Despatch)
LONDON, Sept. 19.—The War Aim Committee of the Allied Labor Conference today made a report recommending that the conference subscribe to the fourteen points formulated by President Wilson, thus adopting a policy of clearness and moderation as opposed to a policy dictated exclusively by changes of the war map.
The committee reports say the United States already has been able to reject the Austro-Hungarian proposal for a conference of the belligerents and that the Allies should make clear the identity of their view by public and collective declarations of their aims and intentions.

**BRITISH HAVE
PASSED OLD LINE
HELD IN MARCH**

Advance Made Under a Stiffening Resistance of the Enemy Whose Gun Power is Still Very Strong.

(Canadian Press Despatch from Reuter's, Limited)

LONDON, Sept. 19.—Correspondents at the front emphasize the stiffening of the enemy resistance, making yesterday's British advance all the more remarkable. German gun-power is usually strong, long-range, high-velocity guns being employed to draw a line of fire, almost equal to a barrage, across a wide extent of territory. Hence for the first time for a long period more British casualties are due to shell splinters than to machine gun bullets. This intensified artillery fire gives an idea of the strength of the British effort, necessary to clear high ridges with numerous fortified villages lying immediately in front of the main Hindenburg line, into which the Germans are being pushed by irresistible British pressure.

An important feature of the advance is that the British have not merely passed their old line of March 21, but have attained their greatest success near Bullecourt, where the St. Quentin Canal, which is practically an integral part of the Hindenburg line, runs three or four miles underground. This tunnel begins near Bullecourt and ends near the village of Catelet. Despire Heights, which command this tunnel, are largely in British hands, and the Germans cannot hope to oppose the advance of the tanks by flooding the country.

**PRAYERS FOR
DEAD NOT IN
PRAYER BOOK**

Question Ruled Out of Order at Meeting of Anglican Synod—Recitation of Creed of St. Athanasius No Longer Obligatory.

(Canadian Press Despatch)
TORONTO, Ont., Sept. 19.—Recitation of the Creed of St. Athanasius is no longer obligatory in the Church of England in Canada, according to a decision arrived at yesterday by the General Synod, after discussion which lasted throughout the morning and afternoon sessions. The historic Creed will be printed in the Prayer Book with a rubric to the effect that it may be sung or said in place of the Apostles' Creed at morning or evening prayer on any day of the year.
The Lambeth translation was the text decided upon.
Late in the evening a discussion regarding prayers for the dead was precipitated by Archdeacon Paterson-Smyth, who favored the inclusion in the Prayer Book of a prayer used in the Scottish Church. The Bishop of Ontario, while expressing sympathy with these sentiments, thought that the matter involved a question of principle, and therefore was a violation of the compact by which the revision of the Prayer Book was determined upon at the last session of the Synod. Archbishop Matheson also took this view, and ruled the matter out of order.

**INDIA'S SHARE
IN WAR WILL
BE INCREASED**

Resolution to Increase Military Forces Passed at Meeting of Legislative Council After Stirring Patriotic Speeches.

(Canadian Press Despatch from Reuter's, Limited.)

LONDON, Sept. 19.—Reuter's correspondent at Simla cables: After several stirring patriotic speeches from Indian members of the legislative council, the resolution of Sir William Meyer, finance minister of the Viceroy's Council, favoring India's taking a larger share in the maintenance of military forces raised in India, was adopted yesterday. Only non-officials voted.
A minority of the latter were severely criticized for unpatriotic sentiments during the debate. Representatives of the Bombay and Calcutta Chambers of Commerce promised the utmost support of the commercial community.

Sir William Meyer, in moving his resolution, pointed out the important financial aid that India had already furnished in connection with the war, including a hundred million pounds in 1917.

**BRITISH HAVE
PASSED OLD LINE
HELD IN MARCH**

Advance Made Under a Stiffening Resistance of the Enemy Whose Gun Power is Still Very Strong.

(Canadian Press Despatch from Reuter's, Limited)

LONDON, Sept. 19.—Correspondents at the front emphasize the stiffening of the enemy resistance, making yesterday's British advance all the more remarkable. German gun-power is usually strong, long-range, high-velocity guns being employed to draw a line of fire, almost equal to a barrage, across a wide extent of territory. Hence for the first time for a long period more British casualties are due to shell splinters than to machine gun bullets. This intensified artillery fire gives an idea of the strength of the British effort, necessary to clear high ridges with numerous fortified villages lying immediately in front of the main Hindenburg line, into which the Germans are being pushed by irresistible British pressure.

An important feature of the advance is that the British have not merely passed their old line of March 21, but have attained their greatest success near Bullecourt, where the St. Quentin Canal, which is practically an integral part of the Hindenburg line, runs three or four miles underground. This tunnel begins near Bullecourt and ends near the village of Catelet. Despire Heights, which command this tunnel, are largely in British hands, and the Germans cannot hope to oppose the advance of the tanks by flooding the country.

**RESIDENTS ARE
RETURNING TO ARMIES**

First to Be Admitted to City Were Artisans Who Were Organized to Repair Damaged Houses and Buildings.

(Canadian Press Despatch)
PARIS, Sept. 19.—French Government officials are supervising the return of residents to Amiens, which was almost completely evacuated after the German offensive last March. The first to be admitted to the city were artisans, who were organized to repair damaged houses and buildings shattered by shell fire.
One house in every twenty-five has been found damaged.

Thousands of Prisoners of War Handed Over as Slaves to Turk Contractors for Specified Period.

PARIS, Sept. 19.—The Serbian Government is in possession of documents proving beyond possible question that thousands of Serbian prisoners have been sold as slaves for a specified period to Turkey by Bulgaria, Austria-Hungary and Germany, according to a Balkan Agency despatch from Corfu.
The prisoners, it is stated, were delivered to contractors who are engaged in work in Asia Minor and Anatolia. It is said they were subjected to terrible treatment, and that thousands have died from typhus, cholera and hunger.
