Italian Army In Africa Believed Isolated From Reinforcements By Move

Allies Take Initiative in War with Italy, Severely Bombing African Air Bases, Mining Coasts and Closing Exits of Mediterranean Sea — Battle for Paris Rages Along Newly-Established French Positions South of Marne—Reported Uprising of Ethiopian Natives Against Italy May Increase Difficulties of New War Entrants.

(By GUY RHOADES, Canadian Press Staff Writer.)

The Allies took the initiative today in the fight against Italy while the battle before Paris raged along a new front on the south bank of the Marne where the Germans were hurled back twice in the First Great War when they believed they were about to take Paris.

The German attack appeared not to have slackened but there were growing signs that it might do so at any moment. Chief of these signs was discovery by the French that the Nazis were straining for a quick victory to such an extent that they had sent training tanks into the fight.

Royal Air Force and Royal South African Air Force bombers raided Italian airdromes in Africa, damaging the fields, firing hangars and stores and destroying aircraft pegged out on the ground. Italian planes struck back by raiding Malta where they caused five casualties, did little damage and failed even to alarm the public.

Italy appeared to have inflicted its greatest damage on Geneva where an airplane last night roared across the suburbs, dropping bombs which killed four persons, including two women, and hurt twelve more. Neutral Swiss authorities did not officially identify the plane but privately they expressed the view it was Italian. French and Swiss batteries fired at it.

As the bombing made no sense it was assumed the pilot was lost and his crew believed they were over French territory.

The London Daily Herald printed an interesting story claiming that 200,000 Ethiopians had risen against their Italian masters and were fighting them with rifles and machine guns, wearing the uniform of exiled Emperor Haile Selassie who is in England. There were demands from many quarters that the wild tribesmen in the rough country took pot shots at Italians every time they got the chance. Now, the Herald says, Italians dare not leave the shelter of their fortifications.

If the Herald's story is true it appears to be only the beginning of a new front in the Mediterranean. Blockade over the Mediterranean, mined Italian waters and established firm control over the Gibraltar gateway in the west and the Suez Canal in the East. That meant that Ethiopia, Eritrea and Italian Somaliland were all cut off from Italy except, perhaps, by air.

The attitude of Turkey remained for the moment one of benevolent neutrality towards the Allies. Turkey wants to wait until Russia's attitude toward the conflict is clear. Her statesmen consider it would be continued on page 2, col. 5.

South African Bomber Airplanes Raid Italian Bases In Ethiopia

Pretoria, June 12.—(C.P.—Reuters)—The South African Defence Ministry issued its first communique of the war today. It follows: "South African Air Force heavy bombers yesterday attacked military objectives in Abyssinia (Ethiopia)."

"Extensive damage to buildings, personnel, roads and equipment was done. One heavy bomb scored a direct hit on an open shed packed with military transport vehicles. The attack was made from a height of approximately 800 feet. "Although heavy machine-gun fire was encountered all our aircraft returned safely."

VALUABLE LINER SCUTTLED Sydney, Australia, June 12.—(A.G.—Cameron)—Minister of the Navy announced today the Italian liner Romolo, carrying passengers and a valuable cargo, had been set on fire by its crew in mid-Pacific when it was intercepted by a warship.

The Romolo left Brisbane, Australia, on June 5. She carried 5,000 bales of wool. The Navy Minister's announcement said the crew took to boats after setting the ship ablaze. No further details were known.

NORTHERN ITALY ATTACKED

Rome, June 12.—(A.G.—Cameron)—Allied action against points in Northern Italy along the Ligurian coast was authoritatively reported today, but details were withheld, pending an official announcement.

The Ligurian coast is that between Leghorn and the French-Italian frontier. Genoa lies on it and the important cities of Turin and Milan are just north of it.

(The Rome reports did not indicate whether the action consisted of air or naval attacks.

FIRST ITALIAN COMMUNIQUE

Rome, June 12.—(A.G.—Cameron)—Today's Italian communique, its first, said: "At midnight June 10 the previously arranged deployment of land, sea and air forces was accomplished in orderly fashion."

"Bombardment by units of the aviation force escorted by fighter formations at dawn yesterday and at sunset executed violent bombardments on military establishments."

ETHIOPIAN TROOPS SURROUND ITALIANS

London, June 12.—(A.G.—Cameron)—The Daily Herald declared 200,000 Ethiopian troops, wearing the uniform of former Emperor Haile Selassie, are battling the Italians in Ethiopia.

The Herald, which did not give the source of its information, said the Negus, now in England, "is prepared to return and lead his troops against the Italians" with British help.

"In the Northwest Provinces of Gojam and Harar, four garrison towns are surrounded by Ethiopians, and the Italians dare not venture out," the Herald said.

"The Ethiopians are equipped with rifles and machine guns."

POLISH SUB IS BELIEVED LOST DURING PATROL

Large Polish Craft Long Overdue from Operations with Crew of Fifty-Six—Completed in 1938.

London, June 12.—(A.G.—Cameron)—The Polish submarine Orzel has been lost, it was announced today.

Loss of the vessel was announced by the British Admiralty by the Polish naval staff.

The Orzel, a 1,100-ton craft launched January 15, 1938, escaped internment at Tallinn, Estonia, last September 18 by sailing suddenly without authorization. Shore batteries fired upon her without success. She took two Estonian guards who were rescued by Swedish seamen after being placed in a dingy in the open sea.

The Orzel had gone to Estonia as the German armies occupied Polish ports.

On April 19 the Admiralty announced the Orzel sank the German transport Rio de Janeiro on April 19, 1938.

Italians Held Responsible For Air Attacks On Swiss Capital

Geneva, June 12.—(A.G.—Cameron)—The Swiss counted four dead, including two women, and many injured today in bombings of cities and villages by foreign planes. The identity of the bombers was not known.

At least eighteen persons suffered serious wounds in Geneva, where five bombs were dropped in a suburban district, killing two persons. Five bombs were dropped on a railroad station and a nearby hotel in Renens, north of Lausanne. A woman in a wheel chair was killed, her husband's foot was torn off, and a man, asleep in bed in the hotel, was fatally injured.

Swiss expressed an unofficial belief the plane raiding the Geneva suburb was Italian, but a communique some hours later did not state its nationality.

MONTREAL CITY AFFAIRS STILL BEFORE HOUSE

Detailed Study of Clauses of New Montreal Charter to Occupy Attention of Assembly Today.

Quebec, June 12.—(A.G.—Cameron)—The Legislative Assembly was expected to resume today clause-by-clause study of a Government bill bringing radical changes to Montreal's city charter, and to adopt further budgetary estimates.

At uneventful sittings yesterday, the Assembly, Provincial Lower House, adopted estimates totalling \$4,495,000 and gave third reading on division to a bill to replace the Quebec Fair Wage Act by minimum wage legislation. First reading was given three other measures.

Debate on the Montreal Bill was adjourned last Friday after Premier Adélard Godbout announced an amendment respecting eligibility would be proposed for sections of the measure which deals with representation under the city's projected new administrative setup. The bill grants sweeping additional taxation powers which are expected to reap the city at least \$2,500,000 and the adding of sixty-four Aldermen to the City Council of a Mayor and thirty-five Aldermen.

Among the estimates adopted yesterday by the Assembly was a Committee of Ways and Means, was an item of the Provincial Roads Department which Roads Minister T. D. Bouchard told the House, provides for the repairing and maintenance of highways.

In Quebec district, he said, the department plans to continue work on the Quebec-St. Anne de Beaupre road and on the Lewis-Jackman highway.

The Minister said that as a result of plans to improve and shorten the Quebec-Montreal-New York highway it will be possible eventually to no longer from Quebec to Montreal in two hours and a quarter.

Other estimates adopted include one of \$175,000 for licences, succession duties and corporation taxes of the bureau, and another of \$126,200 which came under the heading of the Motor Vehicle Act.

First reading was given a bill respecting the Quebec Farm Credit Act in part of a general Cabinet shuffle.

The granting of another \$6,000,000 credit to Quebec farmers. Also past in first reading were measures to reduce the present number of members of the Montreal Catholic School Commission and to make routine amendments to the Civil Code and the Quebec Railway Act.

McNaughton Reported As Probable Successor For Defence Ministry

Ottawa, June 12.—(A.G.—Cameron)—Whether the appointment of a new Defence Minister will be an isolated move or part of a general Cabinet shuffle and enlargement was a matter for conjecture in Parliamentary lobbies today.

At any rate, selection of a successor to Hon. Norman Rogers as Minister of National Defence is one of the big decisions confronting Prime Minister Mackenzie King.

In speculation over a possible successor three names have received attention, those of Finance Minister Raibson, Air Minister Power and Major-General A. G. L. McNaughton, Commander of Canada's First Division.

While the defence portfolio is only one of three Cabinet vacancies which may be filled in the near future the pressure of war activity makes it the centre of attention.

A few days ago Mr. King said the question of whether or when it might be best to enlarge the Ministry was under consideration. This was in reply to a question in the House of Commons from Conservative Leader Hanson in which the

BRITISH PRESS DEMANDS MORE AID TO FRENCH

Bayonet Points, Not Debating Points, Must Be Used in Dealing with Dictators, Papers Declare.

London, June 12.—(A.G.—Cameron)—The urgent necessity of sending British aid as speedily as possible to France's embattled armies was stressed today in the British press.

"All the war material we can provide," said the Daily Telegraph and Morning Post, "must be sent out at once. 'Roll terribly' must be the motto of all in war production."

The Daily Herald said: "Do not let us hope of beating Hitler and Mussolini with debating points. Bayonet points are what they understand and, more important still than bayonet points, war planes, tanks and heavy guns."

"Our French friends are fighting gloriously. We must strain every faculty to send them speedy help and to equip ourselves for the fearful test that is to come."

The Daily Mail said "the superiority" of the French troops is arousing "world-wide admiration."

The News-Chronicle declared: "The French army continues to resist the invader with unconquerable spirit. There are no words for doing justice to its heroism, but it is outnumbered and out-machined. That is a hard fact."

"We and the French have already agreed to share the financial burden of the war, use ourselves in common and pool our financial resources. Now, when so much of France is being devastated, we should bring such comfort and strength to her as we can by telling her we shall be proud to share the labor and cost of reconstructing her country when the struggle is over."

Declaring its conviction French resistance would continue energetically, even if Paris fell, the Daily Express added:

"Help the French all we can."

MALTA AND GIBRALTAR NON-COMBATANTS NOW IN BRITAIN

London, June 12.—(A.G.—Cameron)—The arrival in England several days ago of approximately 1,000 women and children from Malta and Gibraltar was disclosed today.

One of the group said that no women remained at either of these British Mediterranean possessions, placed in the contact area by Italy's entry into the war.

DUTCH ROYALTY PROCEEDING TO QUEBEC TODAY

No Ceremony as Princess Juliana and Two Children Quit Dutch Warship at Halifax for Quebec.

Halifax, June 12.—(A.G.—Cameron)—Princess Juliana and her two children, stepped ashore at 9:55 a.m. E.D.T. today and boarded the train which left for Quebec ten minutes later.

The Princess stood on the deck of the warship which brought her here yesterday and addressed the sailors and officers in Dutch. As she turned to depart the seamen gave her three cheers and then three cheers for The Netherlands.

W. H. Meunier, of Ottawa, a representative of the Canadian External Affairs Department, escorted Princess Juliana down the gangplank to the pier. F. E. H. Groeman, Netherlands Minister to Canada, met her at the foot of the walk and escorted her to the special train which was waiting alongside the pier.

Netherlands flags flew from the trucks of the foremost and from the ensign staff at stern. Dutch sailors with their ribboned caps lined the rails as their Princess disappeared in the transit sheds towards the special train.

She wore a blue dress with a wide-brimmed white hat. A white-garbed nurse carried Irene, the

French Lines So Far Unpierced by German Assaults Ranging from Lower Seine to Argonne Forest — Anglo-French Policy Established at Meeting of British and French Cabinet Chiefs and Army Leaders.

London, June 12.—(A.G.—Cameron)—A French spokesman said the German armies are attacking practically everywhere between the Lower Seine and the Argonne Forest but nowhere had the French defences been pierced, said a Reuters News Agency dispatch from Paris.

The spokesman said fighting was going on around Senlis, twenty-six miles north of Paris.

CHURCHILL CONFERS WITH FRENCH

London, June 12.—(A.G.—Cameron)—Prime Minister Churchill conferred with Premier Reynaud and General Weygand in France yesterday and reached "complete agreement on measures to be taken in order to meet developments in the war situation."

A Ministry of Information statement said: "Mr. Churchill, accompanied by Mr. Eden, Secretary of State for War, and General Dill, Chief of the Imperial Staff, had meetings in France yesterday and today with M. Reynaud, Marshal Petain and

General Weygand. "Complete agreement was reached as to the measures which should be taken to meet the developments in the war situation."

GERMANS STAKE ALL IN NORTHERN DRIVE

London, June 12.—(A.G.—Cameron)—A Reuters News Agency dispatch from Paris today quoted a French military spokesman as saying "The Battle for Paris is now fully engaged" following a French withdrawal north of the City.

"The situation remains one of extreme difficulty," the spokesman was quoted as saying, "The Germans are staking everything on this battle."

In London British military circles said that now "everything depends on the ability of the French army to hold the superior forces of the Germans" in the Battle of France.

There has been "no slackening" of the German attack, it was said. "The most serious thing is the development of the battle around Reims where heavy attacks have been launched with German armored troops of which there are two divisions."

As to the possibility of Italian operations from Ethiopia against Jibuti, French Somaliland port and railway outlet from Ethiopia, the commentator said: "There is no confirmation that the Italians are attacking towards Jibuti."

He noted, however, that the Italians "have always wanted that railway and may hope for some quick success for reasons of morale at home."

Little damage was done by the Italian bombing of the British Mediterranean base of Malta yesterday, the commentator said.

BORDER BRIDGEHEAD DESTROYED BY ITALY

Attitude Of Russia To Determine Turkish Policy On Joining Fight

Budapest, June 12.—(A.G.—Cameron)—Turkey's attitude towards the conflict is being interpreted in Balkan capitals today as indicating she is preparing to fulfill her pledges to the Allies and enter the war—provided Soviet Russia stays out.

Informed sources estimated Turkey now has approximately 600,000 men under arms, and the small nations of Southeastern Europe looked anxiously to their own defenses as the war clouds grew blacker.

Hungary, Rumania and Yugoslavia hope to maintain their neutrality even if Ankara votes for war, but the fate of Greece is closely linked with that of Turkey.

Intense diplomatic activity was in progress in Ankara and Athens, where the Government stepped up its military preparations yesterday by ordering the class of 1934 to report for "periodical training."

Reports of British aerial activity over Italian bases in North Africa and of Italian air raids on Britain's naval stronghold at Malta forecast a rapid development of the conflict in the Mediterranean area.

No action was reported from the Alps front, although the Italians moved up heavy forces of men and materials there.

The French countered repeatedly at that particularly delicate point of the front as fast as the Germans set foot on their side of the river.

SPEED UP PLANE TRANSFERS

New York, June 12.—(AP)—Evidence of a speed-up in the movement of surplus United States army warplanes to Great Britain and France increased today in the wake of President Roosevelt's forceful pledge of full material aid to the Allies.

A squadron of nineteen Northrop attack planes, en route to Mitchell Field, N.Y., from March Field, Calif., made emergency landings at nine eastern airports—and in a Brooklyn street—after they were trapped aloft last night by fog and dwindling fuel.

Aviation sources indicated the planes had been consigned to Buffalo, N.Y., as "obsolete" military aircraft available for Allied purchase.

Army officials in Washington were noncommittal on a report published in morning papers here that ninety-three Northrop "bombers" have been sent to the border airport at Houlton, Me., by order of the War Department, in anticipation of their sale, through a private corporation, to the Allies.

At the Buffalo airport, reports persisted that "between fifty and two hundred" planes, in addition to the fifty United States Navy bombers flown there last Thursday, were expected shortly for "trading in" and re-sale to the governments of France and Britain.

Twenty-four of the navy bombers already have left for the Canadian border and Europe's war fields.

Pilot Lt. Colan T. Kelly, Jr., suffered a cut lip when he put his ship down in a Brooklyn street after fog kept him from landing at Floyd Bennett Field. His plane was damaged slightly.

Italians And Germans Listed As Canadians Since 1929 Are Now Classed As Enemy Aliens

New Regulations Announced as Local R.C.M.P. Intensity Drive Against Subversive Elements—Many Complaints Investigated and Close Watch Kept on Roads to Border—Number of Local Residents Affected by Latest Restrictions.

All persons of German or Italian original, including those who have become naturalized Canadians since September 1, 1929, are now classed as enemy aliens and will be subject to the ordinary restrictions, it was announced this morning by Constable R. Bienvenu, head of the local Royal Canadian Mounted Police detachment.

The entry of Italy in the war and the consequent intensification of the drive to safeguard Canada from subversive elements have kept local Mounties overtime investigating complaints against local Germans and Italians. Constable Bienvenu said that it had been found most of the charges were not based on fact but added that all are being checked and some arrests might result in the near future.

There are more than one hundred residents of Sherbrooke listed as Italians but the great majority of these have become naturalized. The new regulations specify, however, that only those who assumed Canadian citizenship before Sept., 1929, do not have to comply with the regulations affecting enemy aliens.

Inclusion of the eleven-year naturalization rule announced today will affect a number of German-born residents of Sherbrooke most of whom were granted citizenship papers within the last decade.

Besides their work of listing and investigating Germans and Italians, the Mounties are keeping a close watch on all roads leading to the United States border and will detain any enemy alien attempting to cross the line without permission of the authorities.

DOMINION-WIDE DRIVE AGAINST ITALIANS LAUNCHED

The drive to safeguard Canada from subversive elements, stepped up with Italy's entry into the war, went forward today but the number newly-arrested and marked for internment remained secret.

It was learned authoritatively in Ottawa, the number reached "several hundred." Censors at the request of Royal Canadian Mounted Police, ruled against publication of specific figures or names.

In some raids, notably those in Ontario points, swift police action netted not only aliens but guns and

ammunition, literature and Black Shirt uniforms.

Toronto arrests alone were estimated at several hundred while in Ottawa it was learned the opening of a third internment camp in Canada is under consideration. It likely would be in Ontario and designed to augment internment facilities at Petawawa, Ont., and Kananaskis, Alta.

Lifting early today of the censor's ban against announcement of the internment drive that started when Italy entered the war was taken to indicate most Italian nationals, regarded as too dangerous to be at large, had been detained.

Plenty of work remained in front of police, however, in the registration of unassimilated Italians. Commissioner S. T. Wood of the R.C.M.P., at Ottawa placed them at some 12,000.

They, like some 16,000 German nationals who retain their freedom in Canada, will be fingerprinted and must report their movements regularly to police.

"An intensive drive is on to round up those persons police have listed as possible saboteurs or espionage agents," said the R.C.M.P. Commissioner.

On Monday, orders went out from Ottawa for action and the internment division opened receiving centres across Canada where police delivered those persons marked for internment. Some were held in jails pending their movements to these centres and thence to camps.

Nearly 1,000 men of half a dozen forces took part in Montreal raids under R.C.M.P. direction. Police said almost every bus leaving Montreal for Laurentian Mountain points yielded at least one suspect. Raids were made on the Italian Chamber of Commerce and offices of the Italian Line.

In Nova Scotia the R.C.M.P. concentrated their roundup in the Cape Breton area.

Italian clubs and restaurants came in for attention and police activity was heavy also in Windsor, Hamilton and North Bay which have large Italian populations.

The Hamilton raids came as Italians sat at their supper. Scores were arrested and police searched Casa d'Italia, headquarters of Hamilton's Italian colony, thoroughly.

AWARDS \$2,000 IN DAMAGES TO ASBESTOS MAN

Ruling in Alienation of Affection Case Handed Down by Mr. Justice Wilfrid Laliberte in Arthabaska Court.

One of the few cases of alienation of affection to be heard in Eastern Townships Courts has been brought to a conclusion with a ruling by Mr. Justice Wilfrid Laliberte, who awarded \$2,000 in damages to Ovilva Rivard, of Asbestos. Rivard originally claimed \$2,500 and named Georges Cote, another Asbestos resident, as defendant.

Rivard sued Cote on the grounds the latter, through his attentions to the plaintiff's wife, influenced Mrs. Rivard to leave her husband and ten children, the oldest of whom was nineteen. He claimed that his wife and the defendant first became friendly in 1937 and continued to see each other until August, 1939, when an argument in the Rivard home led to the wife's departure. Before this, plaintiff further alleged, his spouse neglected to fulfil her household duties and as a result her children were not provided with proper care.

Because of his wife's departure he personally had to look after and cook for his large family as he was unable to afford a maid, Rivard maintained. He asked for \$2,500 as compensation for the inconvenience he suffered and the alleged humiliation to which he was subjected by his wife's behavior.

Cote, himself a married man and the father of a family, denied he ever took more than an impersonal interest in Mrs. Rivard and contended she left her husband and even threatened her with bodily injury. Out of sympathy, Cote further claimed, he agreed to assist her in looking for a position but maintained he never did anything to disrupt the conjugal relations existing between Mr. and Mrs. Rivard.

Commenting on the proof adduced during the hearing, Mr. Justice Laliberte said that it was evident that the defendant had more than a passing interest in Mrs. Rivard and that as a result the plaintiff had suffered considerable inconvenience and humiliation. Because he was convinced Cote was responsible for the break-up in the Rivard home, he ordered him to pay \$2,000 damages with the option of being imprisoned on default of payment.

Armand Rousseau, K.C., of Sherbrooke, and J. C. Cantin, of Asbestos, were attorneys for Rivard. The case was argued in Arthabaska Superior Court.

EASTERN TOWNSHIPS TODAY RECALL THE VISIT OF THEIR KING AND QUEEN

On June 12th last year Sherbrooke was host to Their Majesties, King George VI and Queen Elizabeth, and over 100,000 persons from the Eastern Townships, other sections of the Province and the neighboring New England States invaded the city for a glimpse of the Royal Couple as they toured through the streets.

Here for only fifty minutes, the King and Queen made a lasting impression upon those privileged to see them.

Today citizens remember wistfully a happier June 12th a year ago, when the Empire was at peace, and their thoughts are with the King and Queen whose Empire is battling grimly for life and for the freedom of the world.

LIBRARIES AND EDUCATION ARE UNDER REVIEW

Changes Contemplated in E.T. Association at MacKinnon Memorial Sessions—Adult Education Council Organized.

With a number of changes under consideration expected to be beneficial to the newly-formed Eastern Townships' Library Association, residents of various sections of the North Conway, N.H., Rotary Club visited the Sherbrooke Rotary Club last evening and attended the regular meeting of the group in the New Sherbrooke House.

The visiting delegation was headed by their President, Noel Wellman. Also a guest of the local club for the evening was Guy Shorey, of Gorham, N.H., Past District Governor of the 15th District of Rotary International.

Extending a welcome to the New Hampshire Rotarians on behalf of the Sherbrooke club, President Gerald Wiggitt said "the Sherbrooke Rotary Club feels keenly your friendly visit. At the present time we of this country need real friendship and the spirit you have shown is deeply appreciated."

At a recent meeting of the North Conway Club the members joined in singing "O Canada." President Wellman said in replying to the welcoming words of President Wiggitt, "As in the words of your Anthem, we in the United States are standing on guard for thee," he said.

Speaking briefly, Past District Governor Shorey paid tribute to District Governor George Ewing, Past President of the Sherbrooke club, for his efforts and achievements while in office during the past year.

An interesting film dealing with life insurance was shown the gathering by Gordon Nairn, of Toronto, field supervisor of the Life Underwriters' Association of Canada, during the evening. Mr. Nairn was introduced by Rotarian Robert Webster and thanked by Rotarian Leonard Dunn. In the course of the evening Rotarian Armand Laberge was remembered on his birthday, while guests introduced by Rotarian Francis Hoye and welcomed by President Wiggitt included a number other than those in the North Conway delegation.

These projects in various sections of Canada. After working in British Columbia, Miss Bateson was responsible for setting up a free library system for Prince Edward Island. She was also departmental head at the Enoch Pratt Library at Baltimore, Maryland, and is considered well qualified to speak on the subject.

POLICE HELP AT INTERSECTION

To facilitate the passage of traffic at the corner of King and Wellington Streets, an officer of the Sherbrooke Police Department is now kept on duty at the intersection between the hours of eleven a.m. and eleven p.m.

Department officials said today that the move was designed to aid both motorists and pedestrians in crossing the busy intersection. The constables on duty work in shifts of three hours each and no change has been made in the operation of the traffic lights.

PROGRAMME BY HUNTINGVILLE UNION ENJOYED

Members of Milby Group Guests of Huntingville W.C.T.U. at Monthly Session—Lennoxville Notes.

A short and enjoyable musical programme featured the regular monthly meeting of the Huntingville W.C.T.U. at Huntingville, when members of the Milby Union were guests of the local ladies, and were extended a hearty welcome by the President, Mrs. W. A. Henderson.

Mrs. W. A. Hunting and Miss Marion Libby opened the programme with a charming piano duet, followed by a lovely vocal duet by Mrs. E. J. Harrison and Mrs. Frank Libby who offered the song, "The Little Brown Church in the Vale," with Mrs. Hunting accompanying. The fine voice of Miss Libby was then heard in the solo, "The Mocking Bird and the Whippoorwill." Miss Libby accompanied herself on the piano. A peppy sing-song, led by Mrs. Hunting, included many old favorites and marked the conclusion of the programme.

On behalf of the guests, Mrs. R. W. S. Nutbrown, of Milby, expressed their appreciation for the kind hospitality shown them.

At the conclusion of this musical interlude a pleasant social hour was spent, after which a dainty salad was served by the Huntingville Union members.

The meeting, which was held prior to the programme, was opened with the singing of the hymn, "Lead On, O King Eternal," with Mrs. Hunting as accompanist, and the devotional service was conducted by Mrs. Harrison.

A statement tabled by the Treasurer showed a good balance on hand with which to carry on the splendid work for which the W.C.T.U. is noted.

A fine reading on peace was given by Mrs. Hunting, after which Mrs. C. G. Armstrong and Mrs. Harrison were appointed as a committee in charge of the annual Huntingville W.C.T.U. picnic which will be held at Andrews' Beach near the middle of July.

Two new superintendents of departments were named at this session. These were Mrs. Hunting, Superintendent of Scientific Temperance, and Mrs. W. S. Andrews, Superintendent of the Medat Contest Campaign.

A comprehensive and interesting report of the county W.C.T.U. Convention held last week at Milby was given by Mrs. Frank Ingham.

Two new members were welcomed by the President.

Mrs. P. Pergau, of Lennoxville, was the guest speaker, and gave a fine mission talk on "Life in India." She was extended a vote of thanks by Mrs. E. J. Harrison.

The meeting closed with the hymn, "Blest Be The Tie That Binds," and the Mizpah Benediction.

General Notes

Mrs. T. B. Majury has returned to her home on the Spring Road after being called to Orlando, Florida, by the serious illness of her sister, Mrs. Olive Cromwell, who is at the present time a patient in the Brightlook Hospital at St. Johnsbury, Vt.

Miss Myrtle Gaw, of Waterloo, is visiting her cousins, Mrs. John Robinson and Mr. Robinson, Mr. George Moynan and Mrs. Moynan, and Mr. Charles Moynan.

Making of final arrangements for their salad tea next week was the chief matter with agenda of the philatelic Society of the Lennoxville United Church which met last evening in the Gertrude Scott Hall, with Mrs. Arnold Bown and Mrs. Lawrence Parker as hostesses. The President, Mrs. Austin H. Scott, presided. A report given of the rummage sale held recently revealed that this activity had netted a very satisfactory sum. A donation of money was voted to the Red Cross for the purchase of blankets for the French refugees. The meeting was opened with each member quoting a verse of Scripture, after which Mrs. F. R. Matthews led in prayer. Following adjournment dainty refreshments were served, when the hostesses were assisted in their hospitable duties by Miss Roberta Bown.

UNITED STATES DROPS NEUTRALITY

Anyone privileged to hear the address of President Franklin D. Roosevelt, in which he severely castigated the totalitarian powers of Europe for their efforts to subjugate the democracies and his especially bitter attack on Premier Mussolini whom he characterized as "the hand that held the dagger" which was stuck into the back of a neighbor, will appreciate full well that the United States, insofar as its rulers are concerned, has dropped any pretence at neutrality. Rather, the attitude is one now of non-belligerency with strong sympathy for the Allied armies of Britain and France. Mr. Roosevelt faces the issues squarely. He shows no sympathy for isolationists who claim that the affairs of Europe do not interest the Americans. He makes it clear that he views the struggle as one of democracy against autocracy, from which the United States cannot hope to escape in some form or another.

But throughout his entire address, there was the strong indication that he did not propose that the sympathy be confined to moral support. Rather, his closing remarks constituted almost a command to the people of the United States to put themselves on a wartime basis, industrially and economically, so that they would be able to produce the armaments required to place their own defences on an effective basis as well as providing additional military material to assist the Allies in the great fight. He left no doubt that the Neutrality Act provisions which were strained to the absolute limit in the drive to speed assistance overseas. In fact, he rather indicated that if it proved any substantial barrier to his programme, he would seek its removal.

While his remarks to the people of the United States were designed to speed up their efforts, they offered a distinct challenge to Canadians, who might well adopt his closing paragraphs as the policy for the Canadian war effort.

"All roads leading to the accomplishment of these objectives must be kept clear of obstructions. We will not slow down or detour.

"Signs and signals call for speed—full speed ahead."

BEATING THE MAGNETIC MINE

The marked decrease in recent weeks of the losses caused to shipping by the explosion of magnetic mines draws attention to the means discovered to fight this deadly menace of the sea. Magnetic mines are laid on the sea bottom and are only effective if ships passing over them are inside the danger area of the explosion. They are useless in depths of three hundred feet or more, and are thus complementary to the ordinary moored mines floating beneath the surface and designed to fire on a ship striking them. The development and laying of magnetic mines forced Britain to provide special methods of clearance over and above the ordinary sweeping of moored mines.

As regards the antidote, much has recently been heard of "degaussing" belts fitted to ships of all types from trawlers to battleships, for the purpose of neutralizing their magnetism and so rendering them immune from magnetic mines. Dr. Gauss, one believes, was a Scandinavian professor who died in the middle of the nineteenth century; but gave his name to the unit of magnetic flux, just as the names of Ohm and Ampere are now used in the technical language of electricity.

The "de-gaussing" belt or girdle, or "D. G." equipment, as it is now called, consists of a number of strands of ordinary insulated cable passing round the ship about the level of the upper deck and energized in a special way by an electrical current. It neutralizes the permanent magnetism of the vessel, so that she is able to pass over a magnetic mine without deflecting the needle and firing the charge.

Total immunity against mines, magnetic or otherwise, can never be guaranteed. However, no ship fitted with the new gear has yet been damaged, while an officer responsible for its development expressed himself as being prepared to take a "de-gaussing" ship over any number of magnetic mine-fields.

It should be added that the apparatus which was suggested by the officers of one of His Majesty's Naval Establishments, with the able advice and assistance of civilian scientists, was developed in less than three months from the time the need for it became apparent.

POSSIBLE ITALIAN ACTION

With the initial effects of the formal entry of Italy into the European conflict on the side of Germany rather wearing off, interest starts to centre on the course which Il Duce may pursue in the struggle. Arm-chair strategists, unfurling maps of the Mediterranean, note the vulnerability of the long, skinny Italian peninsula and also the vulnerability of the entire Mediterranean basin to blockade at Gibraltar and Aden. A comparison of the naval strength of the opposing powers offers some difficulty, because figures have not been issued for some time, but the Allies claim they have in the Mediterranean more than enough ships to take care of the Italian navy. Latest available figures indicate Britain, even before the war, had a bigger navy than Germany and Italy combined—and Germany has lost at least half its fleet since the war started while Britain has been adding to hers.

Italy's best offensive weapon for an attack on France in the South—the only region she can attack without violating somebody's neutrality—probably is her air force. It is estimated Italy has about four thousand first line planes, although aircraft figures are harder to follow than naval figures.

Italy and Germany both have had wartime aviation practice in Spain. Italy's action in Ethiopia can hardly be called practice because it was unopposed.

International volunteers who flew for the Spanish Republicans reported the Italian aircraft as a rule were better craft than the Germans, but were manned by less determined crews.

If a fighter pilot turned his guns on a German, they said, he invited a fight and got it, but if he turned them on an Italian he had a pursuit on his hands—usually an unsuccessful one because the Italian planes could fly away from almost anything the Spaniards had.

However, that all remained to be seen, for the Italian version of the blitzkrieg apparently had failed to develop anywhere late yesterday, and the French High Command reported its troops had not even made contact with the Mussolini legions.

WELCOME TO CANADA

The presence of Princess Juliana, heiress-apparent to the Throne of The Netherlands, and her two young daughters in this Dominion, where they are seeking haven from the dangers of Nazi terrorism, will but serve to link Canada more closely to the affairs of Europe and increase the determination of its people to carry on the struggle in which they have voluntarily engaged. While carrying on the fight for the preservation of democracy, Canada is happy at having the privilege of offering within its borders a haven of peace and refuge for those innocent sufferers in any large-scale struggle, although it deeply regrets the circumstances which make such a visit necessary.

The Dutch Royal Party can be assured that their welcome while they are compelled to remain here will be a real one and that Canadians as a whole fully appreciate the gallant struggle put up by the armies of The Netherlands before they were forced to capitulate in what later proved a vain effort to save their country from almost total destruction.

When the happy day arrives that peace is restored to the world, when the boundaries and liberties of those unfortunate countries overrun by the Nazi aggressors have been restored to their proper positions, then the Royal Visitors will return to their native Holland to resume the lives laid down for them. It is to be sincerely hoped that when this happy day comes they will carry away with them such pleasant recollections of their stay in the Dominion that they will see fit to return the visit, making a trip to the Dominion under happier circumstances, as the prospective rulers of a country restored to its place in the company of nations, and as the heads-to-be of one of the greatest Empires of modern times.

EDITOR'S NOTE-BOOK

The Allies are using that good old football strategy, we trust, as developed so well on the screen; that of winning the big game in the last minute of play.

FROM THE RECORD FILES OF THIRTY YEARS AGO

The revenues of the Dominion Government for the 1909 fiscal year reached the record breaking proportions of \$101,501,034. However, the public debt also expanded, increasing some \$12,536,068 to the new high of \$336,266,348.

The following officers were elected at the annual meeting of the Brone Lake Boat Club held at Knowlton: Messrs. Webb, Fay, Granger, A. F. Baillie and S. Courtney.

Members of the Bonnie View Golf Club at Knowlton held a reception for two members, Mr. and Mrs. J. R. Ball, who were leaving shortly on a pleasure trip to Europe.

At the annual meeting of the Rock Island Reading Club, the following were elected as officers for the 1910-1911 season: Mrs. W. H. Hovey, Mrs. Robinson, Miss Butterfield and Miss Harding.

The prize-winners at a benefit bridge party given by Mrs. Henry W. Mulvena at Sherbrooke were: Miss Annie Griffith, Mrs. H. Cabana, Mrs. L. A. Belanger and Mrs. B. A. Dugal.

The Salvation Army began a campaign to raise \$12,000 from local citizens for the construction of a citadel in Sherbrooke, Major D. C. Moore being in charge.

Arbitrators awarded \$1,500 to the Kenrick estate as compensation for the flooding of the property by the City of Sherbrooke through the construction of the new waterworks dam at the Drummond power.

FLOW OF PROPAGANDA

(Vancouver Sun)

Nazi successes in war have encouraged Hitler and Stalin apologists in the United States to speak out with unprecedented boldness and arrogance.

All their efforts are now centered on keeping Uncle Sam from extending any aid to the Allies or of entering the war. In order to make this effort more effective and exert strong influence on government policies, it is said they are planning a vigorous political campaign for the election of at least 20 pro-Nazi congressmen this autumn who would serve as a government bloc and mouthpiece for the Hitlerites.

There are now six or seven men in the House of Representatives on whom the totalitarian sympathizers look as their spokesmen in Congress and the mouthpiece for their anti-democratic activities in the national legislature. With the 13 more they are striving to elect in November, they expect to present a fairly strong bloc, through which they might throw many obstacles in the way of any early assistance the government might desire to extend to the Allies.

An analysis of the propaganda material that is now choking United States mails, orated at rallies and broadcast over the radio, indicates that it continues of a "highly emotional nature" designed to appeal to the thinking masses. Scrutiny of its effects shows, however, that the bulk of the American people are still in sympathy with the Allied countries.

WHAT SAVED THE BRITISH ARMY

(Brantford Expositor)

It was not merely rifles, guns, tanks, motorized equipment and the heroic efforts of the Royal Air Force that saved the British army in Flanders from surrender or annihilation, the choice given it by the Germans. Added to the blessing of divine providence it was the indomitable, unconquerable spirit of the soldiers themselves, who resolved to fight every inch of the way to Dunkerque rather than yield to an enemy, superior in numbers, who would gloat over their defeat.

This was characteristic of the men from General Gort to the humblest private. Officers familiar with the attitude of the Commander-in-Chief declared that he was determined to fight it out to the death rather than fall into the hands of the Nazis. "I'm d—d if I will let the Germans capture me," he is reported as saying. "I am willing to face the matter out to the death, but I certainly do not intend to be paraded under Unter den Linden to be jeered at by the Germans."

That resolve saved the British army from annihilation or its alternative, humiliating surrender. When such unyielding confidence pervades the whole force it cannot be defeated. Every man of the 335,000 evacuated from Dunkerque to Britain is anxious as soon as possible to get back into the fight. The soldiers feel that, under anything like equal conditions, they can defeat the Nazis. This unconquerable spirit is certainly an omen of ultimate victory for the Allies.

MUSSOLINI'S DILEMMA

(London Truth)

Mussolini's personal feelings are manifestly influencing his policy, but he has not succeeded in carrying Italy with him. The Italians are anxious not to have to fight, and least of all do they (which includes the Royal Family and the Vatican) want to fight side by side with the Germans. They would march unwillingly against Britain and France, and a major setback to Italian arms might result in the Italians turning on Mussolini himself, a contingency of which that astute man must be vividly and uncomfortably aware. If, after all, Mussolini determines to flout the wishes of his own people by ranging himself with the Nazis, the Allies are quite ready for him, and he would be given prompt and painful proof that a set-to with France and Britain is very different from the military pincers in Abyssinia and Spain.

"NOW OR NEVER"

(Buffalo Courier-Express)

In his bombastic address to his troops Hitler said: "Soldiers of the Western Front! Your hour has come. The fight which begins today will determine Germany's future for the next thousand years." That talk about "a thousand years" will move the historically minded to cynical smiles. If the Thing which Hitler personifies should triumph in this war, "Germany's future" for generations, if not for a thousand years, would be the same future that the rest of Europe would face—a setting back of the clock to the Dark Ages. What Hitler meant to say to his troops was "Now or never!" To Britons and Frenchmen to Belgians and Hollanders, fighting with their backs to the wall for European civilization, it too is "Now or never."

DILEMMA IN INDIA

(Bombay Times of India)

Faced with such a complete divergence of opinion in India, what can the British Government do? They have promised full Dominion Status and we refuse to believe there is any serious difference between that and the independence demanded by the Congress and the Muslim League. Mr. Jinnah sees this point with remarkable clarity, because in his speech he said that when Britain's pledge to India was fulfilled the British Government "would have parted with power completely." Yet without Hindu-Muslim unity there can be no further serious progress along the path to the All-India Federation envisaged by the Round Table Conference and embodied in the Government of India Act. Is

The Congress prepared to abandon the ideal of a united India? It is no answer to the Muslim League for the Congress to say "No," and produce a constituent assembly as a panacea, because the League—which represents the vast majority of Indian Muslims—flatly reject this scheme, and the British Government cannot be expected to push it down their throats.

GLORY WITHOUT END

(Free Press, Winnipeg)

War correspondents seeking a parallel with the story of the final stages of the Battle of Flanders have found it in the story of Sir John Moore's retreat to Corunna in 1809. But the deathless story pales in the light of the fierce and terrible story which has now been imperishably recorded in flame and blood upon the hills of Kemmel and Cassel, the Nieuport dunes and the beaches of Dunkerque.

How precious have been the days saved to the Allies by the dauntless and savage fighting of the British rearguard only the future will fully tell. But the sacrifices made are such as to recall the noble words of Pericles over the Athenians who fell in battle more than twenty centuries ago:

And when Athens shall appear great to you, consider that her glories were purchased by valiant men, and by men that learned their duty; by men that were sensible of dishonor when they came to rest; by such men as, though they fail in the attempt, yet would not be wanting to the city with their virtue, but made unto it a most honorable contribution.

To few men is given the gift of speech adequate at this moment to meet the willing need of expression. Let the words of Pericles today sound softly over the British dead.

WE SHALL BE ALL RIGHT

(Vancouver Province)

It is wonderful and inspiring how the spirit of the Allied peoples has risen to the story of their rearguard in Flanders. The pattern of their ancient history, in all the essential virtues that has maintained the French and British races in the world, is repeated once more. This battle of the rearguard is the guarantee for us that Nazi Germany is not the enemy that can defeat us. Now, while we respond in the very pulses of our hearts to the continuing story of the retreat on Dunkerque and the heroic passage of the narrow seas, we have still to keep our minds firm and our eyes clear for what may come.

NO QUARTER

(Guelph Mercury)

The lash for drug peddlers may sound like hard punishment, but is it possible to conceive a more unappealing crime? It is useless to waste soft sentiments for criminals who peddle drugs. There is a deliberate act, a cold mercantile decision to capitalize a habit that grips its victims and drags them down to the depth of physical, mental and moral degradation. No quarter for the drug peddler is a decision that will meet with the complete approval of the citizens of this Dominion.

ROYAL AIR FORCE

(Stratford Beacon-Herald)

There are no words sufficient to praise the crews of the Royal Air Force. Singly in pairs and in small groups, as well as in squadrons, they speed to the attack of greatly superior numbers with the enthusiasm of terriers after rats. Having done their job, they return for lunch and a brief rest and are off into the skies again, hunting their prey remorselessly and fearlessly their courage unmatchable and their skill and determination filling them with confidence. An American aviator, who is a military flier in the United States, says that the British are bowling the Germans down "with any old crates," and wishes the United States could send them a thousand planes now.

McKENNEY ON BRIDGE

By Wm. E. McKenney, America's Card Authority

OPPONENTS' ERRORS ARE TWO TO ONE IN YOUR FAVOR

From St. Louis I flew up to Chicago and went over to the Morrison Hotel to visit M. S. (Red) Reilly at his bridge club, and to congratulate him on his victory in the Chicago individual championship. "Red" is one of the most colorful stars in the country. He is without doubt the fastest of the champion players.

I asked him why he bid and played so fast. "I wasn't afraid of making a mistake," he said. "What's the difference," said Red, "There is only one of me and two opponents. If I make a mistake, they will make two, and I will still be one up."

I watched Red play a few rubbers, and selected this hand as most descriptive of his theory about speed.

Yes, the bidding is somewhat peculiar. North and South were trying to outwit Red, who sat East, but in spite of South's spade bid, Red arrived at the correct contract of three spades.

On the opening lead Red quickly dropped the heart king. Maybe it was a mistake. He wanted an entry into dummy, but he could have had it by sacrificing the third diamond. Then that extra heart trick would possibly have given him a club discard.

But the drop of the king fooled

South, who shifted to the jack of clubs, dummy's queen, the king and the ace completing the trick. Dummy was entered with a heart and the trump finesse taken, and Red lost only two diamonds, a heart and a club.

Had he played the nine of hearts on the first trick, a heart would have been continued, there would have been no discard on the queen of hearts, and Red would have lost two clubs and the contract.

TRY A LIQUID SEASONING

For Your Next MEAT LOAF

WHEN making your next meat loaf we suggest that you try this new recipe given to us by a mother noted for her cooking. She uses minced beef, bread crumbs, a little grated onion, some salt and pepper and a teaspoonful of H. P. Sauce. "In my opinion," says this lady, "it is the H. P. Sauce which gives this meat loaf such unusually delicious flavour." That's why H. P. Sauce may be called a liquid seasoning for meat loaves, meat pies, soups, steves, gravies, macaroni and many other dishes.

This thick, fruity sauce has great flavouring strength. Only a little is required in cooking or when served with meat, fish, fowl, salads, sandwiches and so on. H. P. is the Empire's Appetizer from Old England.

Social and Personal

Dr. W. W. Lynch is leaving tomorrow for Toronto to attend a meeting of the Executive Council of the Canadian Medical Association.

Miss Della Ingraham, of the staff of the Military Hospital, Ste. Anne de Bellevue, is visiting Mrs. J. W. Kirkpatrick, Montreal Street.

Guests at the home of Mrs. Edith M. Barnes during the week-end were her aged uncle and aunt, Mr. and Mrs. John Harvey, of Waterloo, who recently returned from a visit in Plymouth, N.H., Mr. and Mrs. Ted Plante, their infant daughter, Evelyn, and Miss Rita Barnes, Waterloo, Mr. and Mrs. Walter Bernat and little daughter, Gloria, Drummondville, and Mr. Jerry D. Hill, en route from Philadelphia, Pa., where he spent the past two years, to his home in Newport, Vt.

Mrs. H. W. Welsh entertained the members of the Y.M.C.A. Ladies' Auxiliary last evening at her home on Queen Street, when business and pleasure were most happily combined. Mrs. T. C. Hume, President, presided over the brief business period and following the adoption of the minutes as read by Mrs. George Carr, Secretary, and the satisfactory financial statement presented by Mrs. Alex Johnston, Treasurer, it was decided to send two boys to the Y.M.C.A. Camp for two weeks during the summer. The kind offer made by Mrs. David Ebenberg to open her home on Prospect Street on July 9 for a benefit bridge for the Auxiliary was gratefully accepted. Bridge was played at five tables, the prizes being won by Mrs. Alex Johnston and Mrs. O. H. Parker. At the conclusion of the game of hostesses served refreshments, assisted by Mrs. P. A. Hammond.

Mrs. Alton Peck and Miss Grace Frost entertained delightfully on Monday evening, at the former's home on the Drummond Road, in honor of Miss Eida Mersereau a bride-to-be of the week whom many friends are feting. Bridge was played at three tables, the prizes being won by Mrs. L. Leslie and Mrs. Thomas Chapman. The bride-elect was presented with a "shower" of lovely miscellaneous gifts for which she was sent on a treasure hunt in a novel and very amusing manner. Promptly at half past ten an alarm clock sounded, the signal for the bride to start; the alarm was repeated every two minutes until the last attractive parcel had been found by Miss Mersereau. Later delicious refreshments were served in the dining room where the dainty color scheme of pink and white was used on the lace-covered table, with tiny white flowers in a cut crystal bowl and pale pink candles in four cut crystal candlesticks. Mrs. Vina Mersereau, mother of the bride-elect, poured coffee and Mrs. Chas. Frost cut the ices.

Miss Violet Seaward, a popular guest of the month, was the guest of honor at a delightful party given by Mrs. Bernard Hoperat and Mrs. Sterling Allatt on Monday evening at the latter's home on the Montreal Road, where a profusion of blue lupine and white spiraea decorated the already attractive rooms. Bridge was played at five tables, the prizes being won by Mrs. Gordon Ranshoussan, Mrs. Reginald Allatt and Mrs. Irvin Smith. The pleasure of making the presentation of a "shower" of lovely crystal gifts to the bride-elect was entrusted to Mrs. Leslie Arter, the many pieces being attractively done up in a large white box tied with white satin ribbon and topped with a dainty bouquet of white spiraea. Later delicious refreshments were served in the dining room, where the bridal white motif was charmingly continued with white candles in Sheffield candlesticks and white spiraea in a Sheffield bowl on the lovely table at which Mrs. Walter Seaward and Mrs. A. M. Taylor presided. Assisting were Mrs. S. A. Belmont, Mrs. Leslie Arter, Mrs. Reginald Allatt, Miss Daisy Ireland and Miss Caroline Taylor.

Our congratulations to:

Rev. Canon J. C. McGehee, Rector of St. Patrick's Church, on the occasion of his birthday.

Mrs. O. Ralph Webster and Miss Patricia have returned from Boston, where the latter has finished her course at the Museum of Fine Arts.

Friends of Mrs. H. E. Tilbury, who is a patient in the Sherbrooke Hospital, will be pleased to hear that she is progressing favorably after her recent operation.

Women's Clubs

ST. ANDREW'S W.M.S.

Members of the Women's Missionary Society who met yesterday afternoon in St. Andrew's Church Hall, under the presidency of Mrs. O. H. Parker, observed a two minutes' silence in tribute to the late Hon. Norman Rogers, whose untimely death has caused widespread regret throughout Canada.

Following the opening devotional exercises conducted by the President, Mrs. Allister Murray gave an interesting paper on the "Work of Dr. McKay on the Island of Formosa." Of special interest was a letter from Miss Kennedy, missionary in Jobat, India, which was read by Mrs. William Howlett.

The latter also reported for welfare work that fifteen calls had been made during the past month.

An invitation was read from the Mary Murray group, asking the W.M.S. members to attend a special meeting on June 27, when Miss Nellie Smith, of Toronto, will be the guest speaker.

An exhibit of summer and winter clothing for an Indian girl in the Canadian West was displayed, and included in the outfit was a donation from the C.G.I.T., through their leader, Mrs. Joseph Sawyer.

It was announced from the chair that the annual meeting of the W.M.S. will be held in Melbourn on Friday, June 28, when Miss Nellie Smith, of Toronto, will be the special speaker.

It was further decided to write to Miss Isobel McConnell, who is on furlough from Bill Field, India, to ask her to come to Sherbrooke and speak on her work at a later date.

After the closing prayer by Mrs. R. E. Beall, the members joined in singing, "God Save the King."

LOCAL CLUB ENJOYED ADDRESS BY MRS. S. F. FULLER

Members of the Business and Professional Women's Club in session at the MacKinnon Motor on Monday evening, were privileged in hearing, from "one who knows," what American women are doing in wartime.

Mrs. A. W. Reid, President, was in the chair, and prior to listening to Mrs. Fuller's delightful talk which was the highlight of the meeting, the regular monthly business of the Club was disposed of.

This included a report by Miss Leslie Fales, who represented the Club on the Health Week Committee, and spoke of the various aspects of this project and stated that much interest had been evinced.

Miss Lillian Hawker, convener of Red Cross work, gave a detailed account of finished articles and solicited new volunteers in knitting in order to dispose of wool on hand.

Very enthusiastic approval was given to the proposal that Mrs. Walter Kinkadee be made Honorary President of the Sherbrooke Business and Professional Women's Club.

Mrs. Kinkadee was the Club's first President when it was organized in 1934, and most capably filled this office until 1936.

It was decided to donate two pairs of blankets to the Red Cross Society. Reference was made by Miss Ina Cobleigh to the offer made by the Canadian Federation of the B. and P. W. to contribute an air ambulance.

to the Red Cross, stating that every club in Canada would be expected to share in making up the sum required for this purpose.

Through the courtesy of Mrs. A. S. Lohrop the July meeting of the Club will be held at her summer home at "Shore Acres," Little Lake Magog.

Seldom has more pleasurable interest been anticipated than that experienced by the members who were privileged in having Mrs. S. R. Fuller, just recently returned from New York, as their guest speaker.

"The Women of America in War Time" was the subject of Mrs. Fuller's talk, and having just arrived from the heart of the United States, and consequently the headquarters for many organizations, Mrs. Fuller was able to impart at first hand and from personal contact and experience the various activities on behalf of war work "across the border."

The recital of many of her own personal experiences, of course, lent additional interest to Mrs. Fuller's address, but it is quite certain that very few, if any, Canadian women realize the extent and importance of the work done by American women apart from the general knowledge of what is done for the Red Cross Society in every country in the world.

"The American Auxiliary Committee of the Union des Femmes de France Inc.," Mrs. Fuller stated, "is a wonderful plan operated in France, by Miss Ann Morgan, and in New York's vacant stores a fascinating collection of articles they are making are displayed."

"The American Field Service in France," "American Women's Voluntary Services," the American equivalent to Lady Reading's project in England, for enrolling women for jobs; "Bundles for Britain," an entirely American organization; "Le Colis de Trianon-Versailles," "Committee of Mercy and Mobile Surgical Units"; "Committee of French American Wives," and others, are all striving to send what they can to their stricken friends and relatives.

Mrs. Fuller referred to the English-speaking Union, formed to draw together the English-speaking peoples of the world.

Shipments are made direct to Mrs. George Pope (formerly Lady-in-Waiting at Government House, Ottawa, to the Lady Tweedsmuir, in London, Eng.

The detailed account of supplies and the extent of the zeal and interest shown by American women in war work as told by Mrs. Fuller, was vitally interesting and informative. Also it is most heartening for all Canadian women to know that the sympathy of the American women is with them during the dark days of war and will strengthen the bonds that for years have united the peoples of the United States and the Dominion of Canada.

MONARCHS WERE IN SHERBROOKE ONE YEAR AGO

King George VI and Queen Elizabeth Guests of City Just Twelve Months Ago Today When Empire Was at Peace.

June 12 a year ago was a happy day for Sherbrooke and the Eastern Townships. Happier than June 12 this year, for on that date history was made in this city with the visit of Their Majesties King George VI and Queen Elizabeth and today the thoughts of local Canadians in the district go back to that Monday twelve months ago when the gracious Sovereigns of the British Empire stopped here briefly.

Even then there was talk of war. The volcano of armed conflict was stirring and rumbling, but it seemed far away and no one paid a great deal of attention. Almost every one was confident that in a world where peoples term themselves civilized the horror of war would be averted somehow.

A year ago today war was far from the minds of the thousands who gathered here to see the King and Queen. While Hitler was arming furiously, preparing to strike against democracy, Canadians were joining in homage to their King and Queen.

And the affection which they showed on the couple during these historic days of the Royal visit was no idle gesture, as the enemies of the Empire have learned and will continue to learn until the victory is won and the forces of ruthless men are smashed.

Many lads who saw the King and Queen here on June 12 last are already Overseas. Others are in training camps in Canada fitting themselves for the task ahead. Still others are awaiting impatiently an opportunity to enlist with the forces of the land, sea or air.

Perhaps this time next year the story will be different, with the enemy down for all time. If not next year, then the year after that, or the following one. Eventually the Allies will be triumphant, there can be no doubt of that, and it may be that one day Sherbrooke and the Eastern Townships will again have an opportunity to welcome Canada's King and Queen.

ANGRY HORSE TRAMPLED MAN AT MARBLETON

H. H. Bishop in Sherbrooke Hospital as Aftermath of Barn-Yard Accident Last Night.

Marbleton, June 12.—Trampled underfoot by a horse he had been attempting to soothe, H. H. Bishop, sixty-five-year-old Marbleton resident, is in the Sherbrooke Hospital today with a broken leg.

The accident took place early last evening when the horse, which had been brought into the barn for the first time and apparently did not like its new surroundings—started to lash out with its hooves, Mr. Bishop went into the stable to quiet the animal and just as he reached it the horse reared on its hind legs and struck him down, trampling him before he could get out of the way.

Dr. R. Elliott was called and ordered Mr. Bishop's removal to the Sherbrooke Hospital where it was found the victim had received a broken leg and bruises. He was resting comfortably this morning.

CHURCH TURNS DOWN PLEA FOR CONSCRIPTION

Presbyterians Claim Confession of Faith Prevents Church Interfering in Civil Affairs.

St. Catharines, Ont., June 12.—The 66th General Assembly of the Presbyterian Church in Canada, holding their 12th annual meeting in the Presbyterian Church in Canada, holding the Confession of Faith of the Church prohibited interference in civil matters, rejected yesterday a resolution urging the Dominion Government to conscript and mobilize the nation's means, wealth and resources.

Rev. A. Gordon MacPherson, of Toronto, who introduced the motion, accused the Assembly of "pusyfooting" when his resolution was brought before the Assembly with no reference to conscription, after it had been studied by the Committee on Loyal Addresses. In its revised form it simply reaffirmed the Church's pledge of loyalty and support to the Canadian Government.

WAKE UP YOUR LIVER BILE

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just drops in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks pink.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes these good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of a catalyst but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

SAYS DUTY OF CANADIANS AT HOME IS CLEAR

President of Canadian National Railways Asks Full Co-operation of Every Employee in Aid of Nation's War Effort.

Montreal, June 12.—"When our kinsmen of the Canadian forces, naval, land and air, are in the war zone, at a time when the Allies have received and sustained hammer blows of a weight and ferocity unknown in past wars, the duty of Canadians at home stands clear. Now we must accept grave duties and responsibilities and recognize that the need is immediate and imperative," stated S. J. Hungerford, Chairman and President of the Canadian National Railways, in a message sent yesterday to all officers and employees of the system.

"We face a ruthless enemy," Mr. Hungerford said. "It is true that distance separates us from the inferno of battle, but there is a front line in Canada no less than in Europe. For Canadians that fact constitutes an emergency to be met with immediate resolve."

Pointing out that the Allied armies have performed great feats but are badly in need of material, Mr. Hungerford said this requirement demands that industry produce at utmost capacity, and that transport carry munitions and supplies promptly, swiftly and efficiently.

Asking for wholehearted co-operation from every worker of the Canadian National Railways, Mr. Hungerford said: "We are all proud of the loyalty, the efficiency and the good spirit of the men and women of the National system, but all must now excel themselves in their daily tasks that by so doing they may support the men in the field. We have been doing a good job; we must do even better and I ask every employee in every department of the system to throw his whole energy into his daily task. The soldier in the field has scant respite. Support him. Do your job better than you have ever done it before."

"The work of civilians in the factories, on the railways and in the ships, combined with the gallantry and fortitude of our soldiers, will vet must be instant, continuous and complete. As the Prime Minister of Canada has said, 'This nation with all the strength of its youth, the wealth of its resources, and the idealism of its freedom, will proudly accept its new responsibility.'"

CLAIMS GERMAN CAMPAIGN NOW IN LAST STAGE

British Military Expert Declares that Main Force of Attack Will Be Spent Within Few Days.

London, June 12.—(C)—British military circles declared Germany was "throwing every single thing they've got into this battle because they've got to win it to win the war."
"No doubt in the next few days the main force of the German attack must be spent," a spokesman said, adding that the exhaustion of the attacker must inevitably be greater than that of the defenders.
He cited the double attack on Rheims Monday which he said had

Sunday is the day that Dad gets some well-deserved attention and praise. It's the day to express what you've felt all year long. A gift, a symbol of your regard, will make the day a memorable one for him.

He's a Grand GENTLEMAN!

And we're going to help you put him on a pedestal—even if it's just for one day! During the rest of the year Dad is rather taken for granted—we don't particularly notice his difficulties unless they are very obvious. And his clothes!—We hardly know he wears them. How about giving him something new to wear from TIP TOP'S low priced selection? He'll appreciate it!

SHIPPING LOSS AT DUNKERQUE RATHER LIGHT

Admiralty Statement Declares Loss of 24,000 Tons Less than Was Expected from Dramatic Operation.

London, June 12.—(C)—The Admiralty announced yesterday that the total of British merchant shipping lost by enemy action during the week ending midnight Sunday, June 2, was 24,000 tons, of which 24,000 tons were lost during evacuation of Allied troops from Flanders through Dunkerque, France.

Excluding the Dunkerque withdrawal, the Admiralty listed these losses for the week:
British—11 ships, 54,715 tons.
Allied—Four ships, 17,913 tons.
Neutral—Three ships, 7,923 tons.
Total—18 ships, 80,551 tons.
The Admiralty said that losses at Dunkerque must be regarded as far less than might have been expected in an operation in which a large number of vessels was employed under exceptionally hazardous conditions.

Up to June 5, the statement continued, 23,000 British, Allied and neutral ships had been conveyed by the British Navy with a loss of only thirty-two ships.

NOTED ACTRESS GIVEN WELCOME AT VALCARTIER

Canadian Troops in Training Provide Warm Greeting for Gracie Fields at Start of Canadian Tour.

Valcartier Camp, June 12.—(C)—The rollicking songs and gestures of equally-rollicking Gracie Fields were a gay memory today for the khaki-clad residents of this rambling city of war-time canvas.
Bringing along all the charm which has made her the long standing favorite of the Empire's fighting men, Miss Fields sang her way into the camp's heart last night in the first concert of her trans-Canada tour for the troops.

Tipperary, "Roll Out the Barrel," "When Irish Eyes Are Smiling," "Alouette" and "Mademoiselle from Armentieres"—they were all there. And on the programme, too, was any number of cockney ditties, one of which was cheered uproariously for its promises to "Hang Old Hitler tight."
Gracie, never noted for her shyness on any army stage, had the boys all but rolling in the aisles when she told her pianist: "I'll sock you in the jaw if you argue with me."

Arms about the shoulders of willing partners in uniform, Gracie went down into the audience to sing and dance atop a bench. The audience all but went wild, cameramen scurried for better angle "shots" and the bench collapsed. But through it all the unperturbable Gracie went right on telling the boys about some "Blackguard from Devon."

The reception she received seemed to make a little trite the reminder of the master of ceremonies that "Miss Fields is the sweetheart of British soldiers, sailors and airmen." When she donned preferred caps—officers', N.C.O.'s, privates'—there was no doubting, either, his other remark that "She is one of you—she recently sang under shellfire at Arras and Lille."

The troops packed the concert hall for the performance and some even climbed ladders outside to look on through the windows.

When but a young man Mr. Dixon took up bridge construction with the C.P.R. and spent forty-two years in the service, retiring fourteen years ago.

Mr. Dixon was married in 1892 to Miss Mattie Blunt, who died in March, 1914, after being an invalid for several years. In November, 1916, he was married to Miss Alice Crittenden, who survives him. The beautiful floral tributes and large attendance of relatives and friends here silent testimonies of the high esteem in which the deceased was held by all who knew him.

The "Old Rugged Cross," was rendered by Mrs. C. R. Roast, of Richmond. The bearers were six nephews, Donald Perkins, Clarence Pugh, Harvey Gandy, Arthur Dwyer, Arthur Crank and T. M. Galbraith. Interment took place in St. Anne's Cemetery, beside his late wife, who predeceased him in April, 1938.

On October 15, 1879, Mr. Healy married Miss Martha Crank, also of Cleveland, and together they pioneered in the meadowland where "Valley Farm" today lies, a farm which has grown from a small clearing in the forest to one of the best in Quebec Province. In relating their early experiences, Mr. and Mrs. Healy often remarked that all they had when they started were four strong hands, two strong hearts one cow and two horses.

Eight children were born to Mr. and Mrs. Healy. Ernest E., Robert A., William R., Mrs. Charles Coates, Mrs. Nelson Robinson, Mrs. F. E. Jamieson, Mrs. H. F. Sloan and Mrs. Roy Taylor. Eighteen grandchildren and four great-grandchildren were present at the funeral.

Mr. Healy was predeceased by two brothers and two sisters, Alice E. in 1910, Linden A. in 1927, Mrs. Stephen Perkins in 1925, and Mrs. Henry Pease in 1934. Two sisters survive, Mrs. Thomas Astell and Mrs. Sarah Banfill, both of Cleveland.

Mr. Healy always took an interest in all local matters, being a member of the Cleveland School Board for a number of years, he the greater part of that time as chairman. He had always taken an active part in everything that was for the betterment of the community and his honest life and sound judgment, have been admired by all who knew him.

In October, 1929, Mr. and Mrs. Healy celebrated their golden wedding anniversary and were afterwards spared to spend eight more happy years together.

FOUR OUTFITS BATTLE FOR LEAD IN A. L.

Gold Sox, Tribe, Yanks And Tigers in Tangle

Detroit Squeezes into Second Place by Overwhelming Champion New Yorkers 6-1—Boston Downs Cleveland 9-2, Routing Bob Feller—Reds Bow 4-1 to Phillies as Bucky Walters Fails Again—Giants Score Double Triumph Over Cubs.

Detroit Tigers are in the American League's fierce flag fight up to their necks today and show every sign of staying there. So it's time for everybody to admit that the struggle in the junior circuit is a four-way affair just as the equally bitter battle in the National League is at least a three-way race.

BUFFALO SNAPS JERSEY CITY'S VICTORY MARCH

Bisons, in Sixth Position, Best Second-Place Little Giants 10-5—Toronto Takes 3-2 Decision Over Syracuse.

When the Buffalo ball club visited Baltimore recently, Tommy Thomas, whose third-place Orioles were lucky to get an even break in the series, declared the Bisons had improved 90 per cent since the early part of the season. It appears that Tommy knew what he was talking about.

The Bisons are sunk pretty deeply into sixth place in the International League but they're giving a pretty good account of themselves these days. And what's more notable, they're doing it without the services of Ollie Carnegie and Joe Martin, two of their most experienced and most reliable clouters.

They were good enough last night to smash Jersey Giants' six-game winning streak all to pieces by beating the second-place club 10-5. As a result of their defeat, the Jerseys slipped 3 1/2 games behind the league-leading Rochester Red Wings, who hammered out a 10-5 decision over Baltimore in their first home game since Estil Crabtree became manager. Buffalo again gained a full game margin over Syracuse Chiefs, who dropped a 3-2 decision to Toronto. The first Newark-Montreal battle for fourth place was rained out.

ACE LINKSMEN TO BE PAIRED IN OHIO PLAY

Henry Picard and Johnny Revolta to Defend Title in Sixth Annual Invitational Four-Ball.

Toledo, June 12.—Golf's most unusual show comes again to Inverness June 12-14. It's the sixth annual Inverness Invitational Four-Ball . . . 16 of the nation's top-flight professionals in a round-robin, best-ball, 126-hole, four-day scoring spree.

Pars seldom are good enough. Birdies are a dime a dozen. With a partner to depend upon, each money man shoots the works. That's the only way victory can be achieved. The idea originating among Inverness members, the Invitational, came into being in 1935. The programme then, as it is today, was to pair the masters in two-man teams, each to meet the other seven.

The most novel feature of all concerns the scoring. It is conducted on a plus and minus basis . . . one point plus for a hole won, one point minus for a hole lost.

With the prize money divided through the entire field, every player has an incentive to deliver his best right down to the last putt.

In 1935 Henry Picard and Johnny Revolta, a renowned team, was with everyone of the seven other combinations having a chance when the final holes began.

Play was even more spectacular in 1936 as the one and only Walter Hagen crashed through with Ky Lafoon. Harry Cooper and Harton Smith, the steadiest duo in the invitational for two straight years, found their consistency paying dividends and captured the third crown. Flamin' Sam Sneed and Vic Ghezzi shot their way to the laurels in 1938 after the bitterest fight of the four years which ended in a torrential downpour.

Then came the most thrilling struggle of all last season, with three teams—Byron Nelson, Sam Snead, Spalden, Sneed and Ghezzi and Picard and Revolta—winding up in a three-way tie.

A sudden death playoff followed with a birdie three on the long and tough No. 1 hole giving the title to Picard and Revolta for the second time.

The brightest stars of the 1940 horizon will descend upon Inverness this. Only Ben Hogan will be absent from an all-star cast that otherwise might never be surpassed in a single invitational meet. Picard and Revolta, defending their championship . . . remain the only unbroken team since the inception of the invitational.

The great Hagen is paired with Toledo's Byron Nelson, the most professional Jimmie Thomson is paired with Harton Smith. Sneed and Ralph Guldahl for the first time in this tournament since 1934. McSpaden is paired with Lawson Little. Gene Sarazen plays with Clayton Heafner, the only newcomer in the field. Ed Dudley and Billy Burke, who bagged the Hagen Memorial tilt in Chicago last year, will be there, and closing out the field are Dick Metz and Jimmy Demaret.

Topping off the show will be the annual clinic conducted by the sixteen professionals before the opening round.

Golf's most unusual show is coming to Inverness.

Shy On Punching Power, Conn Judged Not Ready For Louis

Pittsburgh Irishman Must Wait Until 1941 for Crack at Heavyweight Champion—Lack of Pay-Off Punch Painfully Evident in Bout Against Gus Lesnevich—Will Meet Bob Pastor at Yankee Stadium Late in Summer.

New York, June 12.—If he was trying to prove himself a fit opponent for Joe Louis in September, William Conn was a disappointment in his second edition with Gus Lesnevich.

The result is that all thought of a Louis match for Billy Conn has been put off until next June.

Conn will box Bob Pastor, who is considerably closer to his dimensions, at Yankee Stadium in late July or early August.

Mike Jacobs and John Roxborough, manager of Louis, watched Conn anxiously throughout his fifteen rounds with Comrade Lesnevich. They kept hoping the Pittsburgh youth would pull from nowhere the punch needed to qualify him for a fight with the most powerful slugger in the sport. Promoter Jacobs and Roxborough were forced to agree that the handsome Celt couldn't hurt Tom Thumb with an ax.

Johnny Ray, the old lightweight who handles Will, contends Conn makes slower fellows, such as Lesnevich and Henry Cooper, appear so ill equipped that he looks bad himself.

It is difficult to hit Conn squarely and he takes a punch well. Ray figures Conn would get away from more of Louis' fire than did either Pastor or John Paycheck. He points to the helpless Paycheck getting off the floor three or four times.

But built up, Conn weighed no more than 173 1-2 pounds, and a good little man can't beat a good big man. Conn can't spot Louis 30 pounds and hope to get away with anything, especially when the Negro would have nothing to fear in the way of a jolt on the jaw.

Conn is a superlative boxer, but Louis isn't a poor one, and there is every reason to suspect Irish Billy always will be a slow starter. Lack of early footwork easily could be fatal in a just with the quick-starting and fast-hitting Louis.

There is heavyweight hope for Conn, however, for he has the frame, and the Irish mature slowly.

Boxing men are still discussing Conn, good box office elsewhere, depending on the light-heavyweight leadership before little more than 6,000 persons and to receipts as low as \$17,000. The reply to that is they're wondering why Mitt Monopist Mike Jacobs took the fight to Detroit . . . with Conn registering from Pittsburgh and Lesnevich from New Jersey.

The show would have fared better at Briggs Stadium, but Walter O. Briggs, Sr., refused to let the Tigers' infield be torn up. And, as it turned out, the battle was fought on the evening of a warm day, when few wanted to be indoors. The top price was too high—\$7.75. Detroit is a \$5 town, and the top trade figured the \$2.50 and \$3.50 seats would be too far away. So they stayed farther away than that.

It looked like Billy Conn and Gus Lesnevich were holding secret practice.

DICK BARTELL SPARKS TIGERS IN A. L. FIGHT

Traded to Detroit from Chicago and Supposedly Through, 32-Year-Old Veteran Goes Great Guns with Motor City Team.

Chicago, June 12.—A deal which appeared to be an even swap of fading shortstops when made at the winter meetings has turned out to be a scratch player might equal 64 on another.

It is the one which brought Richard Bartell from the Chicago Nationals to William Rogell.

Bartell, who is thirty-two, was not supposed to have a leg under him, but turned up at Lakeland as sound as ever, and when able to navigate Rowdy Richard is just about as good an all-round shortstop as you'll find.

Bartell put life in the Tiger infield for the first time in years . . . stands out in noisy relief among such strong, silent men as Rudy York, Charley Gehring and Pinky Higgins.

Meanwhile, the Cubs, having traded the accomplished Billy Jurgens for Bartell in the first place, were left in a hole when young Bob Sturgeon proved too inexperienced.

Billy Rogell failed to meet requirements, and Bobby Mattiek was returned to the position, but he is rather ordinary.

The Cubs sought to purchase Eddie Miller, of the Bees, but were stopped by a \$100,000 price tag.

In desperation, the Cubs were considering bringing Eddie Ciocheck, now with Los Angeles, when the most seasoned shortstop in their chain was put out indefinitely by a leg injury.

The Cubs have five prospects in Sturgeon, now with Jersey City, Harvey Storey and Leonard Merullo, but each is at least a year away. Storey was purchased from San Francisco for 1941 delivery.

Merullo, a fine fielder, was Villanova's captain-elect in 1939, but left college in February to accompany the Cubs to Catalina Island. A shoulder injury suffered early in the training period kept him out all season, but this year finds him with Tulsa.

Bartell was harassed by sore legs and sciatic difficulties with the Giants late in 1938 and with the Cubs through much of '39.

"I've gotten rid of Bartell and his two bad ankles," asserted Gabby Hartnett, when the Bartell-Rogell transaction was consummated in Cincinnati.

But Bartell set about correcting his trouble during the winter. He golfed, took up skiing, went on fishing and hunting trips, walked miles in heavy boots to get and keep his legs in condition. And then Denny Carroll, one of the more competent trainers, found knots in his muscles he didn't even know he had . . . and got rid of them.

The result is Bartell who looks not unlike the one who sparked the Giants to a couple of pennants.

Dick Bartell's name may be added to the list of more remarkable comebacks.

He came back after everybody had given up on him . . . everybody but himself.

That insurance company's idea about a national golf tournament by mail sounds swell, but is impractical because it is impossible to make nationwide handicapping uniform.

Coaches and scouts consider Ray Apolskis of Marquette the best center in the country. . . Bill Edwards, coach of Western Reserve, would like to put the Cleveland college on big time, but Karl Davis, the former Pittsburger, blocks the move.

There's no better set-up in America for major football. . . with a beautiful stadium seating 85,000 in the heart of the downtown district. . . Schools on the upswing in football are Marquette, Detroit and Michigan State.

While both lost heavily by graduation, Southern California and Iowa will be strong in football next fall.

PONT L'EVEQUE IN SUBSTITUTE DERBY TRIUMPH

Backed at 10 to 1, French-Bred Colt Wins Classic Run at Newmarket Instead of at Epsom Downs Today.

Newmarket, June 12.—(AP)—Pont L'Eveque, owned by Fred Darling, today won the Substitute Derby, run over a 1 1/2 mile course at Newmarket instead of at Epsom Downs.

Pont L'Eveque, bred in France and backed at 10 to 1, beat the Aga Khan's Turkhan by three lengths.

The Earl of Derby's Lighthouse II, the 85 to 40 favorite, was third.

This spectacular trio won a total of 73 games and lost only 26 that year. Three years later, blighted by sore arms and worried over their diamond future, this same threesome could show only 14 victories as against 10 losses.

Now all three are on the long, hard road known as the comeback trail. All three, as well as dozens of other ball players, will tell you few attain success once they have hit the skids.

But Rowe and Paul Dean have shown signs this season of making the grade all over again. What's in store for Diz, no one knows, especially since he dropped into the minors only last week to give his arm a thorough test as a sidearm pitcher.

Paul Dean, now 27, gave the first hopeful sign that he isn't through yesterday when he pitched a 3-3 victory, allowing the Chicago Cubs only four hits in his first start of the season with the New York Giants.

Manager Bill Terry picked him up for the draft price last fall from Columbus of the American Association.

Paul Dean Wins First Major League Game In Two Seasons

Member of 1934 Big Three Hits Comeback Trail, Handcuffing Cubs for Bill Terry's Terrific Giants—Six Years Ago Diz and Paul Dean and Schoolboy Rowe Won 73 Games—Today All Three Are Fighting to Regain Heights.

Chicago, June 12.—(AP)—A lot can happen in six years, and usually does, especially if you're a baseball player.

It was just six years ago that a 22-year-old fireballer, Schoolboy Rowe, was pitching the Detroit Tigers to their first American League pennant in 25 years. That was 1934—also the year a pair of Arkansas farm boys, 24-year-old Diz Dean and his brother Paul, were putting the St. Louis Cards in the World Series.

This spectacular trio won a total of 73 games and lost only 26 that year. Three years later, blighted by sore arms and worried over their diamond future, this same threesome could show only 14 victories as against 10 losses.

Now all three are on the long, hard road known as the comeback trail. All three, as well as dozens of other ball players, will tell you few attain success once they have hit the skids.

Paul Dean, now 27, gave the first hopeful sign that he isn't through yesterday when he pitched a 3-3 victory, allowing the Chicago Cubs only four hits in his first start of the season with the New York Giants.

Manager Bill Terry picked him up for the draft price last fall from Columbus of the American Association.

It was Paul's first big league victory in two years. He had only a fraction of his old speed, but possessed control and a fine change of pace.

After failing to win a game in 1937 for the Cards, Dean spent part of 1938 in the Texas League and part of the 1939 season in Columbus.

Rowe, also the victim of a mysterious arm ailment, won 10 games in 1936 for Detroit, but could win only one in 1937. After a bad start in 1938 he went to Beaumont of the Texas League where he won 16 games and lost nine. Returning last season, he won 10 for the Tigers and dropped 12. Now he looks something like his old self, having four victories and no losses so far this season.

YESTERDAY'S STARS
Bill Lohrman and Paul Dean, Giants: Former shut-out Cubs on five hits in first game and latter held Chicago to four in nightcap.

Tom Bridges, Tigers: Subdued Yankees on five scattered hits.

Ted Williams and Jack Wilson, Red Sox: Former batted in four runs with homer and triple and latter held Indians to seven hits.

Vernon Kennedy, Browns: Kept nine hits well spaced and allowed only one pass in beating Senators.

Julius Solters, White Sox: His two-run pinch homer in ninth inning beat Athletics 5-4.

Mike Jacobs has had his few remaining jolts jerked out and is on a liquid diet.
