

POSITION OF TURKS AT THE DARDANELLES IS PRECARIOUS

Forces Thinned by Heavy Losses Makes It Difficult to Hold the Lines Against the French and British. Advices from Constantinople Say That Situation of Turkish Army and Government is Unfavorable. Efforts of the U. S. Ambassador to Protect Armenians Have Been Unavailing. Austrians and Italians Preparing for Important Battles.

Athens, Sunday, Sept. 12, via Paris.—(Special)—An American citizen of high standing in Athens has received advices from Constantinople, which he says are trustworthy, to the effect that the situation of the Turkish army and government is unfavorable. According to this information, the position of the Turkish forces defending the Dardanelles is precarious. It is said the Turkish front, thinned by the heavy losses which the fighting has entailed on both sides, is finding it increasingly difficult to hold the lines against the French and British.

Henry Morgenthau, United States Ambassador at Constantinople, has exerted every effort to protect the Armenians, but apparently his endeavors have been unavailing.

It is stated that American women who attempted to go with the refugees to look out for Armenian children were turned back, and that a number of young Armenian girls who were students at the American College at Constantinople fell into the hands of the Turks.

CONDITIONS DESCRIBED AS CHAOTIC.

London, Sept. 13.—(Special)—Conditions in Constantinople are described as chaotic by Teuter's correspondent at Athens, who bases his despatch on statements made by persons arriving in Athens to-day from the Turkish capital. The correspondent telegraphs: "The inhabitants of Constantinople are suffering greater hardships than is necessary, because the Committee of National defence, run by Enver Pasha, Minister of War, and Talaat Bey, Minister of the Interior, has cornered all commodities and is selling them at high prices."

RESIGNATION FROM CABINET.

"The resignation from the Cabinet of Sheik Ul Islam, representative of the Sultan in religious affairs, is confirmed. He disapproved in the extermination of the Christian elements, against which he protested to the Cabinet. The Greek Armenian Patriarch has been deprived of all powers."

BOSPHORUS HAS BEEN CLOSED.

"The Black Sea end of the Bosphorus has been closed by a chain of wire netting and by mines."

BELGIANS DRIVE ENEMY FROM POSITION.

Havre, Sept. 13.—(Special)—The following official statement regarding the operations of the Belgian army was issued to-day:

"There was a light bombardment along the entire front. Our artillery dispersed Germans working near Milestone No. 12 on the Yser and near Diegrachten."

TURKS REPORT "SUCCESS."

Constantinople, Sept. 13, via London.—(Special)—The following official statement was issued yesterday at the War Office:

"In the Anafarta section our artillery on the right wing destroyed some enemy caissons, while that on the left wing directed a heavy fire against enemy trenches."

"Nothing of importance occurred yesterday near Ari Burnu."

"Near Seddul Bahr two enemy cruisers and a torpedo boat fired ineffectually at our various positions."

PREPARE FOR IMPORTANT BATTLES.

Geneva, Sept. 13.—(Special)—Reports received from Brescia indicate that preparations are being made both by the Austrians and the Italians for important battles at Gorizia and Tolmino before real winter weather begins. In this short sector there are said to be from 250,000 to 300,000 Austrians, with as many more on the Gorizia-Monfalcone, Duina front.

Reinforcements are arriving constantly at Laibach and Villach, probably from the Russian front. Archduke Eugene is in nominal command of the Austrian forces.

MINE FIGHTING CONTINUES ON FRENCH FRONT.

Paris, Sept. 13, 2:35 p.m.—(Special)—The French War Office this afternoon gave out the following statement:

"Several hand grenade combats were reported during the night near the Bethune Arras road and an enemy attack was easily repulsed to the north of the Souchez station. At the same time there was artillery activity on both sides."

NO WANING IN BATTLE ALONG EAST FRONT

London, September 13.—There is still no signs of waning in the battle being fought along the eastern front, which now runs almost directly north and south from Riga to the Rumanian frontiers. From Riga southward to the Galician border, the Germans and Austrians, who are continually receiving reinforcements and supplies of munitions by railway and river, are endeavoring to force their way to the Dvina and the main trunk of the important railway lines.

The Russians continue their offensive and, according to their accounts, with excellent results. The Austro-German offensive is making slow but steady headway, particularly along the road to Slonim and Pinsk. Elsewhere the German official reports daily recount the capture of a few thousand prisoners with machine guns.

The Germans' big effort, however, it is expected will be made against Vlna and Dvinsk, westward of which heavy engagements are being fought. Having reached the Dvina at Friedriehstadt and driven the Russians across the river, the Germans are in a better position to advance on Dvinsk, as there is no danger of any

outflanking movement. The slowness of the operations is probably due largely to the condition of the country and the heavy roads. Every day's delay is giving the Russians a breathing space and enables them to make preparations for greater resistance on chosen lines protected by marshes and swollen rivers.

INCREASING ACTIVITIES IN THE CAUCASUS. The Russians are increasing their activities in the Caucasus, and it is believed that the arrival of Grand Duke Nicholas will be the signal for more important operations which will lessen the burden of the Allies who are trying to force the Dardanelles. No report has been received from the latter front for upwards of a week from the Allies, although it is apparent from the Turkish reports that there has been a considerable amount of fighting.

An optimistic rumor, however, is again afloat, probably due to the statement recently made by Lord Robert Cecil, Under Secretary for Foreign Affairs, that the Allies are not far from a great success.

TRUMPET CALL TO THE EMPIRE

Lloyd George Says Teutons Have An Overwhelming Superiority in All War Material

ALLIES MUST DO UTMOST AS THEY HAVE PREPONDERANCE OF MEN, MONEY METAL

London, September 13.—That the Central powers still have an overwhelming superiority in all the material and equipment of war and that the Allies to win must put forth all their strength, is the statement made by David Lloyd George, Minister of Munitions, in the preface of a book containing his speeches since the outbreak of the war, entitled "Through Terror To Triumph."

"After 12 months of war," says Mr. Lloyd George, "my conviction is stronger than ever that this country could not have kept out of it without imperiling its security and its honor. We could not have looked on cynically with folded arms while a country we had given our word to protect was being ravaged, trodden on by one of our own co-trustees. If British women and children were being brutally destroyed on the big seas by German submarines, this nation would have insisted on calling the infantile empire to a stern reckoning."

"With the resources of Great Britain, France and Russia, yes of the whole industrial world at the disposal of the Allies, the central powers still have an overwhelming superiority in all the material and equipment of war," said Lloyd George. "The result of this deplorable fact is exactly what might have been foreseen. The iron heel of Germany has sunk deeper than ever into Belgium and French soil. Poland is entirely German, and Lithuania is rapidly following. Russian fortresses deemed impregnable are falling like sand castles before the ruthless tide of Teutonic invasion."

"When will that tide recede or be stemmed? As soon as the Allies are supplied with an abundance of war material."

Mr. Lloyd George says that he is recalling unpleasant facts to stir his countrymen to put forth their strength to amend the situation. There has been a great awakening, he says, and prodigious efforts are being made to equip the armies, but adds the minister, "Nothing but our best can push us through."

He asks "Are we straining every nerve to make up for lost time. Are we getting all the men we shall want to put into the firing line next year to enable us to do our own? Does every man who can help, whether by fighting, or providing material, understand clearly that ruin awaits remission?"

"How many people in this country fully apprehend to its full significance the Russian retreat? For over twelve months Russia, despite deficiencies in equipment has absorbed the energies of half the German and four-fifths of the Austrian forces. It is realized that for the time being Russia has made her contribution to the struggle for European freedom and that we cannot for months to come expect the same active help from the Russian armies we have hitherto received? Who is to take the Russian place while those Russian armies are re-equipping? Who is to bear the weight which has hitherto fallen on Russia's shoulders?"

TRUMPET CALL TO NATION.

Mr. Lloyd George's appeal is hailed by the editorial writers of the London morning papers as a trumpet call to the nation and Government, especially by the section of the press which represents the party advocating conscription.

The Daily Mail says: "No more urgent message has ever been delivered to the British nation by any statesman in our history."

The Times expresses the hope that all of Mr. Lloyd George's colleagues will emulate "the courage and good sense with which he is striving to save British democracy, as much from itself as from the tyranny of German militarism."

DIJMAL PASHA CAUSE OF TROUBLE

Is Said to be in Arabia Fomenting a Rebellion Among the Inhabitants

Rome, Sept. 13, via Paris.—(Special)—The attitude of Djimal Pasha, former Minister of Marine, is giving the Turkish Committee of Union and Progress much anxiety, the Tribune says it has learned from sources of information in the Balkans.

He is reported to be in Arabia in constant contact with sheiks and emirs hostile to the pro-German committee, while Arab preachers are trying to foment rebellion among the inhabitants.

THE WEATHER

Moderate to fresh northeast and east winds; showery, local thunderstorms.

GERMAN NOTE ON ARABIC CASE

Berlin Will Make No Further Concessions to U. S. on Submarine Warfare

THERE MAY BE AN ACTUAL STIFFENING OF POLICY BY GERMANY.

Berlin, Sept. 13, via London.—(Special)—The tone of the German note on the Arabic case and the attitude in Government circles regarding the destruction of the Hesperian point to a determination to make no further concessions to the United States, if not to an actual stiffening of policy on the submarine question. The note in itself appears to be highly satisfactory to the public generally, but the constant inquiries received at the offices of the Associated Press for news or predictions upon the American attitude is one indication of the apprehension existing.

Well-informed Germans such as Maximilien Harden, editor of Die Zukunft, believed the situation again serious, not so much because of its intrinsic merits as on account of the manner in which it has been handled.

FUTURE CONDUCT OF WAR BY ALLIES

Italian Cabinet Will Deal With New Measures to Assure Success

Rome, Sept. 13, via Paris.—(Special)—The next meeting of the Italian Cabinet will deal with new measures upon which the Quadruple Entente allies have decided for the future conduct of the war, according to the correspondent in this city of the Turin Stampa.

These measures are said to be similar to those employed by the Germans to assure their recent military successes. The Agencia Libra says the recent visit of General Joffre to the Italian front and Emperor Nicholas's assumption of the active command of the Russian army are indications of radical changes which are imminent in the conduct of the war.

FIGHTING IN ALBANIA

Essad, Former Provisional President, May Proclaim Himself Supreme Chief

Rome, Sept. 13.—(Special)—A Scutari despatch to the Giornale d'Italia says Essad, former provisional president of Albania, is marching successfully against the Murdites, meeting with slight resistance. The Murdites are said to have sent an envoy to him to treat for peace.

It is supposed Essad intends soon to proclaim himself supreme chief of Albania.

ANOTHER AIR RAID OVER THE ENGLISH COAST

London, Sept. 13, 2:55 p.m.—(Special)—Another Zeppelin raid was made over the east coast of England last night. There were no casualties. The attack is described in the following official statement:

"The east coast was again visited by hostile aircraft last night (the 12th-13th). Bombs were dropped but there were no casualties and the only damage reported is that some telegraph wires are down and some glass is broken."

FOUR LOST WHEN STEAMER ASHMORE WAS DRIVEN ASHORE

London, Sept. 13.—(Special)—Lloyd reports that the British steamer Ashmore, 2,589 tons, has gone ashore and sunk. Four members of the crew are missing. The remainder are saved.

The ship sailed from Montevideo, August 9 for St. Vincent, Cape Verde.

BERNSTOFF OPTIMISTIC

While Berlin Note on Arabic is Considered Unsatisfactory U. S. Would Consent to Arbitration

GERMAN AMBASSADOR HELD A CONFERENCE WITH SECRETARY OF STATE LANSING TO-DAY.

Washington, Sept. 13.—(Special) Count von Bernstorff, optimistic despite growing concern here over relations between the United States and the Central Powers, was back in Washington to-day for a conference with Secretary of State Lansing on the situation developed by the sinking of the Arabic. Administration officials maintained silence, not only on the Arabic situation but on the Dumba case. Nevertheless it was understood that, while Germany's explanation of the sinking of the Arabic was considered unsatisfactory, the United States would consent to the arbitration of the reparation issue if the discussion were limited to the question of fact as to whether the submarine commander was justified in launching his torpedo.

The German note on the Orduna case was being decided at the State Department to-day. In German circles it was believed that the communication stated that the torpedo which missed the Orduna was fired in the belief that the ship did not carry passengers.

RESOLUTIONS BY AUSTRIANS CONDEMN DUMBA.

New York, Sept. 13.—(Special)—Resolutions condemning the conduct of Dr. Constantin Theodore Dumba, Austro-Hungarian ambassador, whose recall has been asked by the United States, were passed by the Slovak League of America at a meeting held here yesterday. Similar resolutions were adopted by former subjects of Austria-Hungary at meetings in Chicago and Boston.

CANNOT TAKE PETROGRAD

General Ruzsky Declares That Russian Situation With Relation to Munitions is Improving

THE APPROACHING WINTER WILL HINDER THE DIGGING OF TRENCHES BY GERMANS.

London, Sept. 13.—(Special)—General Ruzsky, commander of the German northern armies, in an interview with the Times correspondent attached to his headquarters, declared he considered the capture of Petrograd impossible because the military situation of Russia, with relation to ammunition, rifles and fresh troops, is slowly but surely improving.

In addition to this, he pointed out that between the present front and Petrograd the ground offers endless difficulties to a German advance, quite apart from the fact that the approaching winter will hinder the digging of trenches.

SARAH BERNHARDT POSTPONES TOUR

Has to Form New Company as all Male Members of Old One Have Gone to the Front

Paris, Sept. 13.—(Special)—Madame Sarah Bernhardt has postponed for two months her forthcoming tour of the United States. Asked regarding a report that she had cancelled her engagements, Madame Bernhardt telegraphed from her residence at Andernos:

"I am not abandoning my tour in America. I have asked for two months time in order to form a new company, as all the actors who were with me on my previous tour are serving in the army, four having been killed. Vive la France!"

SIR WILLIAM VAN HORNE IS DEAD

Rose From Small Beginning Until He Became The Head of The Canadian Pacific

TO-DAY HE STANDS OUT AS ONE OF THE BIGGEST FIGURES IN CONTEMPORARY CANADA.

Montreal, Sept. 13.—Sir William C. Van Horne died on Saturday afternoon at the Royal Victoria Hospital. His health had not been very good during the last two years and the attack of rheumatism that prostrated him for several months in 1913-1914 probably weakened his heart and caused the fatal relapse that followed his recent operation.

Sir William was a man of extraordinary gifts, as will be seen from the various articles that follow. The son of an attorney in Joliet, Illinois, he commenced his business life as a telegraph operator on one of the American railways. To-day he stands out as one of the greatest figures in contemporary Canada, if not the greatest of them all. He came to Canada a comparatively unknown man, except for the friendship of J. J. Hill. Both of them were great railway men and, while James Hill, a Canadian, went South, William Van Horne, an American, came North to find his fame and fortune.

He won both in a lavish degree. He is known all over the world as the man who "made" the C.P.R. He is almost equally famous for the gigantic plans he carried to completion in Cuba, where he built railways and sugar mills and incidentally found time to design for himself a palatial house with Italian gardens. His pictures, especially his Old Masters, are unsurpassed in Canada and the Sherbrooke street collections alone are said to be insured for \$1,500,000.

CONFIRM LOSS OF ZEPPELIN

Was Destroyed When Attempting to Enter Hangar at Brussels

THOUSANDS OF BELGIANS RUSHED TO SPOT TO SEE WHAT WAS A JOYFUL SIGHT TO THEM.

London, Sept. 13.—(Special)—A despatch from Rotterdam to the Daily News says:

"I just met a traveller from Brussels, who is in a position to confirm the report that a Zeppelin was lost on Wednesday. He saw the airship over Malines travelling toward Brussels, in the neighborhood of which the hangar still exists. Arriving at Brussels a few hours later, he heard the airship was destroyed."

"Thousands of Belgians rushed out to the spot to see what to them represented a joyful sight. It appears that the Zeppelin was destroyed on attempting to enter its hangar. Two of the crew were killed and others were wounded."

G. W. FOWLER, M.P., TO RAISE A REGIMENT.

St. John, N.B., Sept. 13.—Lt.-Col. G. W. Fowler, M.P., for Kings-Albert, some time ago offered to raise and command a New Brunswick and Prince Edward Island Regiment for overseas. Saturday night he received a message from Major-General Sir Sam Hughes, asking him if the offer still held good. He replied in the affirmative and now awaits word to proceed.

GRAVE FEARS FOR TRANSPORT

Steamer Santa Anna on Fire in Mid Ocean Has 1600 Italian Reservists on Board

POSITION GIVEN OF BURNING VESSEL IS REPORTED TO HAVE BEEN 960 MILES FROM HALIFAX.

New York, Sept. 13.—(Special)—The steamer Santa Anna, bound from New York to Marseilles and Naples with some 1,600 Italian reservists aboard, is reported afire in the Atlantic, three or four days' sail from the nearest port.

A wireless message that reached the station at Cape Race late last night brought the first news of her plight. It gave her position latitude 40.23 north, longitude 47.30 west, or about 960 miles southeast of Halifax.

Efforts of the Fabre Line, to which the steamer belongs, to obtain further information had failed during the early morning and grave fears were entertained here for the safety of the vessel and her passengers.

"Several of our vessels have been set afire recently," said Howard E. Jones, of the firm of James E. Elwell, agents for the Fabre Line.

IT IS BELIEVED THAT SHE IS IN THE TRACK OF THE ATLANTIC LINERS.

Halifax, N.S., Sept. 13.—The French steamer Santa Anna is on fire at sea, according to a wireless message received by the Marine Department.

NO FURTHER NEWS OF LINER. Halifax, Sept. 13.—(Special)—Marine and Fishery officials here have received no further word from the steamer Santa Anna. Chief Agent Harvey states that the vessel is directly in the track of New York-Mediterranean vessels and says successor should have reached the ship by now.

ment from the Cape Race station late last night. The message said: "Steamer Santa Anna in distress, on fire and in need of assistance. Position, latitude 40.23 north, longitude 47.30 west."

The position given is in the track of trans-Atlantic liners. The Santa Anna registers 5,814 tons and is owned by the Fabre Line. Captain Pavy is in command. She is bound from New York to Mediterranean ports.

1,600 to 1,700 ITALIAN SOLDIERS ON SANTA ANNA. New York, September 13.—Between 1,600 and 1,700 Italian reservists are passengers on board the Fabre Line steamer Santa Anna, bound from New York for Mediterranean ports and reported afire at sea, according to the local agents of the line, James W. Elwell & Company, here last night. The ship also carries a large cargo of merchandise.

SHERBROOKE. A sporting member of Parliament, who knew more about the race course than the House.

was once asked, out of pure mischief, by one of his constituents if he would vote for the abolition of the Delegation. In vain the questioned tried to solve in his mind what the object referred to was.

As to him the Delegation might be anything from a regular donum grant to a settlement in the Straits of Malacca; but failing in this, and in order to sustain his own consistency, he replied: "I won't pledge myself, but I'll give it my consideration."

FAMILY FOOD Crisp, Toothsome, and Requires No Cooking.

A little boy asked his mother to write an account of how Grape-Nuts food had helped their family.

"While I was there I used the food regularly. I gained weight and felt so well that when I returned home I began using Grape-Nuts in the family regularly."

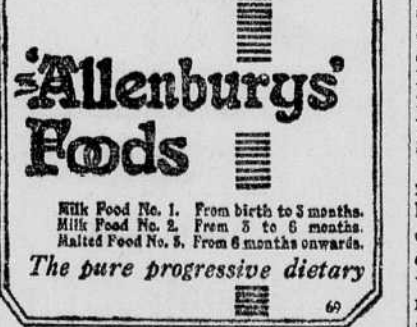

"My little 18-month-old baby shortly after being weaned was very ill while teething. She was sick nine weeks and we tried everything. She became so emaciated that it was painful to handle her and we thought we were going to lose her."

"Well, it worked like a charm and she began taking it regularly and improvement set in at once. She grew well and round and fat as fast as possible on Grape-Nuts."

"Sometime ago several of the family were stricken with La Grippe at the same time and during the worst stages they could not relish anything in the shape of food but Grape-Nuts and oranges, everything else was nauseating."

"We all appreciate what your famous food has done for our family." "There's a Reason."

The death occurred yesterday at her home in Ottawa of Miss Agnes Whitcher, almost a life-long resident of Sherbrooke, who passed away after a brief illness of only ten days. She was the eldest daughter of the late Charles Whitcher, for many years Deputy Sheriff of the District of St. Francis, and the family home was at "The Pines," corner of Melbourne and Moore streets. After the death of her father, and some years later of her mother, Miss Whitcher and her sisters went to Ottawa, where they made their home with their brother, Mr. Arthur H. Whitcher, of the Interior Department, a veteran civil servant. She was a devoted member of the Anglican Church and was much interested in Church work, as well as in that of other charitable organizations, and her kindly presence, genial nature and unaffected goodness had won for her almost as many friends in her new home, as in the old, where she was born. The most sincere regret will be felt for all who knew her, and the deepest sorrow by her family, who have much sympathy in their bereavement. Deceased is survived by her brother, three sisters, Mrs. A. E. Anderson, Misses Fanny and Sara Whitcher; a nephew, Mr. Wilfred W. Whitcher, whom she had brought up, and by several nieces and cousins in this city.

GOES TO MISSION FIELD IN FORMOSA

Solemn and Impressive Service When Miss Tait Was Designated as a Missionary

MISS TAIT HAS RECENTLY COM- PLETED COURSE IN TRAIN- ING SCHOOL, TORONTO

A solemn and impressive service was held yesterday morning in St. Andrew's Church when Miss Lillian Tait was designated as a missionary to Formosa. Rev. Dr. R. P. Mackay, of Toronto, represented the General Assembly, and the Rev. Alfred Bright represented the Presbytery of Quebec at the service.

Dr. Mackay addressed the mission- ary and spoke of the qualifications to be found in a successful mission- ary, and Mr. Bright addressed the congregation about its responsibility toward the great work of winning the world for Christ.

Miss Tait has recently completed a course of training in the Deaconess' Training School in Toronto, and has been appointed to a field of service in Formosa. After Miss Tait had answered in a satisfactory manner the questions prescribed in the regula- tions of the Church, she was set apart as a missionary of the church.

A handsome Bible was presented to Miss Tait by Mrs. M. R. McLeod on behalf of the W. M. Society and a Bible in the Chinese language from the British and Foreign Bible Socie- ty.

At the evening service Dr. Mackay spoke of the wonderful way in which the Christian religion is winning its way in China. Large congregations were present both morning and evening.

Berlin, Sept. 12, via London, Sep- tember 13.-The German Foreign Of- fice and Admiralty stated yesterday that they had no news regarding the Hesperian incident, concerning which Ambassador Gerard asked information recently. ENDURANCE SWIMMING RECORD AT BOSTON

Boston, Sept. 13. - (Special) - What is claimed to be a new Ameri- can endurance swimming record was established yesterday by Charles Tots, of this city, who was in the water fifteen hours and 47 minutes, while swimming from Charlestown Bridge to Boston Light and back.

"The distance is estimated at twenty-four miles.

Never were there so many attrac- tions in a trip to the Pacific coast as the traveller may look for now. The cheap round trip fares are still in force and remain good until the end of November. All along the line of the C. P. R. between Winnipeg and Calgary he will see the harvest- ing of Canada's record crop, in the Canadian Rockies he will find the mountains at their best, for Septem- ber and October being as a rule clear, calm, sunny days to the sapphire lakes and snowy peaks of Canada's great mountain ranges. On the Pacific slopes the autumn tints give a blaze of color to the luxuriant foli- age, and on the coast itself the flowers are rioting in blossom. Never was San Francisco so well with visit- ing as now. The Exposition has proved a huge success. It certainly deserved success, for it is the most beautiful of its kind the world has ever seen.

This has been proven repeatedly by the fact that whenever a call for funds has been made by the Society, it has been responded to with great generosity on all sides, and also by the splendid output of work.

53RD REGIMENT BAND FOR OTTAWA

Have Been Re-Engaged This Year to Play Whole Week at the Fair

ORGANIZATION HAS BEEN EQUIPPED WITH NEW SILVER INSTRUMENTS.

A large crowd gathered at the Union Station yesterday afternoon to witness the departure of the 53rd Band for Ottawa, where they have been re-engaged this year to play the whole week at the Fair, owing to the excellent impression they created last year.

A special car attached to the 3.15 train was placed at the disposal of the 52 members of the Band under the leadership of Prof. Badin. It is a distinct compliment to Sherbrooke for its premier band to be invited two years in succession to fill one of the highest priced engagements offered to any Canadian Band at any of the Fairs in the Dominion, and the fact that they head the attraction programme supports the statement that the Band is positively not only the largest military band in Canada but is equal to any for quality of performance.

The organization has been equipped with new silver instruments and may be called upon to worthily uphold its reputation in the Capital.

Mr. G. A. Harrison, G.T.R. City Ticket Agent, accompanied the party to Montreal.

It is a distinct compliment to Sherbrooke for its premier band to be invited two years in succession to fill one of the highest priced engagements offered to any Canadian Band at any of the Fairs in the Dominion, and the fact that they head the attraction programme supports the statement that the Band is positively not only the largest military band in Canada but is equal to any for quality of performance.

The organization has been equipped with new silver instruments and may be called upon to worthily uphold its reputation in the Capital.

TO TRAIN AT VALCARTIER

56 Recruits for the 69th Regiment Left in Special Car Over Q. C. R. This Morning

LT-COL. DANSEREAU COMMANDS REGIMENT—RECRUITING STILL PROCEEDING AT BELVIDERE ST. ARMORY.

Fifty six men who have been recruited during the last two weeks for the 69th Regiment at the Belvidere St. Armory, through Lt. Col. Rioux, O. C. 54th Regt., left this morning in a special car attached to the 8.25 Q. C. R. train for Valcartier in charge of Lieut. Mackenzie and Sergt. H. La recue. Of this number 25 were former members of the 54th regiment making a total of 492 which this regiment has supplied for overseas service since the outbreak of the war.

The men presented a fine appearance as they marched down King Hill to the Union Station and gave the impression of being thoroughly fit in every respect. They have perfected themselves wonderfully in drill within only a few days and it was a remarkable sight to see them go through the various military movements at the Armory last night in the presence of many of the officers of the 54th regt.

On the eve of their departure for Valcartier, the recruits were addressed by Lt. Col. Rioux who impressed upon them the importance and necessity of always performing their duty, and wished them good luck and a safe return. The men cheered lustily and eagerly anticipated their departure this morning.

Recruiting for the 69th regiment is still proceeding at the 5th Armory where recruits may join at any time during the day and night. A medical officer is in attendance to conduct examinations also the necessary office staff to see that the papers are properly filled up.

The 69th regiment is commanded by Lt.-Col. Dansereau, who after being wounded at the front was promoted to his present rank in order to have the command of this regiment.

SHERBROOKE FAIR GREAT SUCCESS

One Outstanding Feature Was the Great Improvement in Live Stock Exhibits

AS LONG AS INCREASED PRODUCTION IS KEPT UP, SO ALSO WILL THE GENERAL TRADE KEEP UP.

While the financial result of the Sherbrooke Exhibition has not yet been ascertained, there is no doubt that when the final accounts are made up the figures will show that the 1915 fair was one of the most successful during the thirty-one years' existence of the Eastern Townships Agricultural Association. Apart from all other considerations one outstanding and extremely gratifying fact has been established, namely, that a great improvement has taken place in the production of live stock in the province and district. As long as the agricultural community keep alive to the possibilities of increased and improved production in live stock and other branches of farming for which the Township offer splendid facilities, the general trade of the district will continue to flourish and all classes will reap the benefit.
