Five Members Of Family Are Slain In Toronto

Suicide Commits Murders

TORONTO — (P) — Five persons were slain in suburban Long Branch Sunday, their deaths uncovered by a police hunt for relatives of a motorist who killed himself by driving into a bridge abutment. Police said the motorist had slain the five, then killed himself.

A policeman saw the car crash into the bridge abutment at top speed. Its lone occupant was James D. Sinclair, a 37-year-old electrician. When officers went to his home to notify relatives of his death, they found the bodies of his parents, wife and two small children.

FIVE MESSAGES
On the dining room table, they said, were five messages written by Sinclair. One said: "I am a split personality." Bludgeoned in their beds with a piece of pipe were James Sinclair Sr., 74, and his wife, Helen, 72, who had come from the Isle of Arran, Scotland, for a four-month visit with their son. His wife, Margaret, 35, and his son, Ian, 7, were killed in the same way. Two-year-old Joy was strangled with a necktie, apparently because the walls of her crib made it difficult to club her.

FELT RESTRICTED
Police said Sinclair's note declared his wife and parents had restricted him to a way of life which prevented him from expressing himself. Neighbors had been kind to him, but he had been fed up with the idea he couldn't drink in the presence of his parents because it embarrassed them.

World News In Brief

ROME — (P) — Forty persons were injured — none severely — early today when a yard engine and a passenger train collided at a suburban Rome Railroad station. The crash happened at a crossing where a few minutes earlier another train carrying Italian Premier Adone Zoli had passed.

TORONTO — (P) — Night watchman Gordon Chapman, 56, was shot in the arm Sunday night when he slammed the door of a suburban Scarborough dairy warehouse in the face of a masked gunman. Chapman was treated in hospital for a wound in the upper left arm.

SAINT MALO, France — (Reuters) — Canadian ambassador Jean Desy says Canada owes its imperishable French heritage to its French discoverer, Jacques Cartier.

He spoke during ceremonies marking the 400th anniversary of the death of Cartier.

ST EUSTACHE, Que. — (P) — Paul Sauve, Quebec's minister of youth and social welfare, told a federal election rally Sunday to vote for the Progressive Conservative party to "make sure Quebec gets a new tax deal."

He spoke in support of J. O. Latour, Progressive Conservative candidate in Argenteuil-Deux Montagnes, the riding Mr. Sauve represents in the provincial legislature.

TORONTO — (P) — Mrs. Margaret Birks of Montreal told a meeting of the Canadian Psychological Association Saturday that a survey carried out during the last year in a Montreal public school showed almost a total lack of prejudice between Protestant and Jewish children at the age of six years. Two Air Force Display Planes Crash

Three Airmen Perish In London, Manitoba Shows

LONDON, Ont. — (P) — A CF-100 jet fighter flying at an Air Force Day show Saturday disintegrated while making a low altitude sweep across the airport. Both crew members were killed.

The plane broke up as it was completing a 300-mile-an-hour formation flight 600 feet above Crumlin airport.

The two men were identified as FO L. E. B. Sparrow, 26, of Powell River, B.C. the pilot, and FO D. A. Sheffield, 24, of Ottawa, the observer. Both were with No. 433 all-weather fighter squadron at North Bay, Ont.

Witnesses among the 8,000 spectators said a wing appeared to fall from the plane, sending it into a roll. As it climbed one of the men parachuted, but he was thrown above the opening silk.

He fell back into it and plunged to his death. The plane crashed and exploded. The other man's body was thrown from the wreckage.

GIMLI, Man. — During an Air Force Day demonstration here Saturday, a T-33 training plane failed to pull out of a slight dive and crashed on a runway about a mile from 2,000 spectators.

A. G. Sheffield of Ottawa, father of 24-year-old FO D. A. Sheffield, observer in the CF-100 jet plane that disintegrated Saturday 600 feet over Crumlin airport, said Sunday night he also asked that CF-100s be grounded "due to frequent structural and mechanical failures."

Australian Scientists Find Vaccine For Far East Virus

MELBOURNE (Reuters) — Australian scientists say they have developed a vaccine to combat an influenza epidemic sweeping the Far East from India to the Philippines.

The vaccine now is in mass production. Dr. P. L. Bazeley, director of the Commonwealth Serum Laboratories here, announced Saturday.

The first issue of several thousand doses is expected to be available for general use in seven days.

Dr. Bazeley said Australia is the first country to produce the vaccine and has completed the task in what he believes is record time. Australia received the flu virus from Singapore 20 days ago.

of China, Hong Kong and Singapore.

TOLL LIGHT
The death toll has been light in most areas although some 185 fatalities have been reported in the Philippines.

The epidemic is caused by a mutant virus which sidesteps natural body defences against normal flu virus. This means that to establish truly effective guards against it, whole populations would require vaccination.

While Australia's first responsibility is to supply essential service groups with the vaccine, Dr. Bazeley said, applications from overseas will be considered on their merits.

Stringent port controls have kept the epidemic under control in this country and in Pakistan. The world health organization has stressed the "very mild" nature of the disease, which brings few fatal cases in proportion to its spread.

Body In Frogman Suit Is Found At Chichester

CHICHESTER, England — (P) — The headless, handless body of a man dressed in a frogman's dark rubber suit has been found floating 11 miles from the spot where British frogman Cmdr. Lionel (Buster) Crabb mysteriously disappeared 13½ months ago.

Experts were attempting today to identify the body, which had long been immersed.

An admiralty spokesman said Crabb was the only person wearing frogman's diving gear known to be missing in the area.

The body was found Sunday by a fisherman in Chichester harbor, which adjoins Portsmouth harbor where the ace Second World War frogman disappeared on a mysterious diving operation near a Russian warship.

Tides and currents have often pushed the bodies of drowned persons from Portsmouth to the Chichester area.

NEVER EXPLAINED
Crabb's mission has never been officially explained. Sir Anthony Eden, then prime minister, was questioned in the House of Commons about whether Crabb had been spying on the Soviet cruiser Ordzhonikidze, which brought Soviet Premier Bulganin and Communist party boss Nikita Khrushchev to Britain in April last year.

Eden declined to answer, hinting that a reply might stir up international complications.

Russian seamen on the Ordzhonikidze reported they saw a frogman — presumably Crabb — near their vessel in Portsmouth harbor. Russia protested. The British reply expressed regret and said that what Crabb was doing was "completely unauthorized."

The admiralty would say only that Crabb was presumed dead after failing to return from a test dive on April 19, 1956.

Peak Number Eligible To Turn Out At Polls

By HAROLD MORRISON
Canadian Press Staff Writer

Destinies of Canada's political parties are in the hands of a record electorate today.

In cities, towns and hamlets, Canadians go to the polls to pick a new government. Sunny weather predicted for most of Canada may help stimulate balloting among a peak of 9,000,000 eligible voters.

They will spell out the political fortunes of the 858 candidates seeking 263 of the Commons' 265 seats. Verdict on one in Newfoundland has already been given. Decision on another in Ontario is being deferred.

Only three parties—Liberals, Progressive Conservatives and CCF—have fielded sufficient candidates to form a government. The other, Social Credit, will be looking for a balance of power spot.

Polls opened 9 a.m. local daylight saving time and close at 7 p.m. Within a few hours after polls close, while the count is still going on, the decision may be known.

NEED 133 SEATS
Needed to form a government are 133 seats in this Canada's 23rd general election in a 90-year history. The Liberals, seeking to extend a record 22-year reign, have 262 candidates; the Conservatives 225 CCF 161; Social Credit 114; others, 66.

Those who poll less than half the ballots of the winning candidate lose their \$200 deposit. Five already have withdrawn and forfeited their deposits.

The Conservatives, with a new leader, are trying to smash the hold of the Liberals, victorious in the last five elections. Conservative Leader John Diefenbaker, 61, is seeking his first mandate; Prime Minister St. Laurent, 75, his third.

The two have waged a bitter fight across the country in a seven week campaign, appealing for votes in all provinces. Mr. Diefenbaker, lanky, Prince Albert lawyer has travelled about 20,000 miles; Mr. St. Laurent, about 14,000. They kept up a running battle until the final weekend.

LESS STRENUOUS
M. J. Coldwell, 68-year-old CCF leader, and Solon Low, 57-year-old Social Credit chief, followed less strenuous tours, sticking mostly to the western provinces. Each suffered a heart attack during the last Parliament.

Late Bulletin
WASHINGTON — (AP) — President Eisenhower was stricken today with "an upset stomach." The White House called in heart and intestinal medical specialists.

Bringing in the specialists was described as "purely a precautionary measure."

Jordan Ousts 2 Egyptians

AMMAN — (P) — The Jordan government today expelled two Egyptian diplomats on security charges. They left by plane for Cairo.

A government announcement said Foreign Minister Samir el Rifai asked the Egyptian embassy in Amman to withdraw its military attaché, Maj. Foad Hlal, after he tried to enlist a Jordanian in a plot to assassinate "certain official personalities in Amman."

Local Candidates Vote

The two opposing candidates in today's Sherbrooke County Federal contest are among the first to cast their ballots. On the left, Francois Thibault, Progressive Conservative candidate places his ballot in the box, while Maurice Gingues, Liberal candidate, votes on the right. Both candidates flash smiles of confidence. Polls close tonight at 7 p.m. EDT. (Record photos by Gerry Lemay)

2 Drown, 7 Missing In Storm

MIAMI, Fla. — (P) — Two persons drowned, seven others were missing and five were rescued in a tropical storm that swept across Florida from St. Petersburg on the Gulf of Mexico to the Georgia line.

Perry, about 50 miles southeast of Tallahassee, was hardest hit as the storm knifed across the state and swept out to sea near Charleston, S.C.

Two hundred families were evacuated from their homes at Perry.

An elderly man was drowned while motorboating with two friends in Escambia Bay near Pensacola and a 10-year-old boy was drowned when he was caught in heavy surf.

The fringe of the storm churned up high tides in the St. Petersburg-Clearwater area. Several buildings along the beach were undermined and streets were flooded.

French Hopes Are Upset

BULLETIN
PARIS. — (Reuters) — President Rene Coty today named Maurice Bourges-Maunoury, 42-year-old Radical party leader, as French premier-designate.

PARIS (Reuters) — A surprise decision Saturday by the Movement Republicain Populaire upset hopes for a quick solution to the French cabinet crisis.

Popular Republicain leaders decided not to participate in any cabinet led by Maurice Bourges-Maunoury, dynamic young defence minister who until then seemed certain to head the next government.

Nor would they promise to support him in the national assembly until he "clarifies" his program and the composition of his new cabinet.

Voting List Padded

Election Enumerator Jailed For 3 Days; Second On Bail

MONTREAL — (P) — One federal election enumerator pleaded guilty Saturday and a second pleaded not guilty to charges of adding fictitious names to the voters' list in the Montreal riding of St. Lawrence-St. George.

William Burt, 56, pleaded guilty and was sentenced to three days in jail. He was returned to the cells where he has been detained since his arrest Friday.

Edward Roland, 21, who pleaded not guilty, was released on bail of \$500 and remanded to June 13.

The two men were arrested after an investigation by the RCMP in polling division 103 of Montreal St. Lawrence-St. George constituency. The investigation was ordered by Nelson Castonguay, chief electoral officer in Ottawa, who had received a complaint from Egan Chambers, Progressive-Conservative candidate in the riding, that 50 fictitious names had been added to the voters' list.

Fifty names were removed from the lists after the complaint when none of the listed persons answered mailed invitations to appear before the revisions officer.

Mr. Burt was appointed by the Liberals and Mr. Roland by the Progressive Conservatives.

Opposing Mr. Chambers in the election is Claude Richardson, Liberal member of the last Parliament.

Election Results

ELECTION RESULTS will be announced over a public address system and posted in the windows at the Sherbrooke Daily Record office this evening after the polls close.

Bishop's University Announces \$3,000,000 Expansion

President John H. Molson Predicts 50% Enrolment Jump During Next Decade

A ten-year, \$3,000,000 expansion plan for Bishop's University was announced at the annual Convocation and conferring of degrees held at the Memorial Gymnasium-Auditorium Saturday afternoon. The plan includes the establishment of a Department of Business Administration, and the construction of a new women's residence, a new library, a covered hockey rink and a student centre for recreational activities.

The announcement was made by John H. Molson, MBE, DCL, president of the University Corporation, in his Convocation address.

The plan is designed to accommodate a 50 per cent increase in university enrolment forecast for the next decade. The completed program will accommodate a total of 450 students.

Included in the plan will be an augmentation of the teaching staff. At least eight additional faculty members will be required in several different departments.

The new Department of Business Administration will be established in the Faculty of Arts and Sciences "in the near future," Mr. Molson said. He added that it would provide a broad business education, rather than the more specific business training that is best supplied by industry itself.

The new women's residence will cost approximately \$775,000, and will accommodate some 125 women. The present women's residence, with its 42 rooms, will be used for the additional influx

the aims which we have described.

Referring to past expansion plans, Mr. Molson noted that extension fund campaigns had been held in 1924, 1937, and 1947. The first of these resulted in the raising of \$335,000, the second, \$339,000, and the third, \$2,340,353. He said, "the changes and improvements that have taken place over the past decade are discernible in almost every field of activity in this university. . . but not all the results of the 1947 campaign are obvious. While over \$1,250,000 were spent on building and renovation, \$1,000,000 were added to the endowment fund to ensure adequate maintenance of the university, and to make suitable provision for the salaries and pensions of the enlarged faculties."

LAUDS FACULTY

Mr. Molson paid tribute to the faculty of Bishop's University. He noted that, "while student enrolment has increased by fifty per cent in the past ten years, the number of professors has increased by only thirty-three per cent."

"Yet, in spite of their additional loads, our Faculty members have continued to play their full parts, both in the University itself and in the life of the community beyond it. Some of them have even found the time to make important contributions to Canadian letters and to the academic world in general, by way of their teaching, their researches, their writings and their work in the professional associations and learned societies both in Canada and in the United States. As a result of their multifarious efforts they have won a high place in the esteem of their students past and present, their colleagues throughout the nation, and their fellow citizens in the community at large. It is of vital importance, that Bishop's University retain and recruit teachers of this calibre."

Mr. Molson made reference to the tradition of "liberal" education at Bishop's.

LIBERAL EDUCATION

"Many times we have heard it said that what is offered at Bishop's is a liberal education. I realize that that word 'liberal' has certain other connotations at the present moment! I shall be on safe grounds, therefore, when I quote a deceased Socialist philosopher, Dr. C. E. M. Joad, who wrote that a liberal education is designed to do three things: First, to enable the student to make a living; second, to equip him to play his part as a citizen of democracy; and third to enable him to develop all the latent powers and faculties of his nature and so to enjoy a good life."

"A Bishop's education does all of these things, and a great deal more. The intimate atmosphere at Bishop's lends itself to the development of individual initiative in every field. It helps to bring out the best in every young man or woman who is fortunate enough to be admitted to its courses. It gives him a start in life that is second to none."

"This is the university's distinctive contribution to Canadian life. And in the years ahead it will continue to make its own special impact on the nation and to prepare its students in its own special way for 'the business of life in all its aspects.'"

"But there are many problems to be faced in the coming decade. The main one is that same problem of expansion which confronts all the schools and universities in our country. Above all, we must ask ourselves, is it going to be possible for us to preserve the individual character of Bishop's in the face of the greatly increased demands that will, inevitably, be placed upon it?"

"I believe that the answer is 'Yes.' Our Corporation foresees a gradual increase in the University enrolment to 450 students, an increase of fifty per cent over the present figure, during the next ten years. We believe that 450 students can be accommodated without adversely affecting the unique character and personality of the University."

N. R. CRUMP RECEIVES DEGREE

Lauds Bishop's Action In Rejecting Federal Subsidy

Quebec's Solicitor-General and Minister of Transportation and Communications, Antoine Rivard, speaking at the annual Convocation of Bishop's University held in Lennoxville Saturday afternoon, lauded Bishop's for returning a cheque amounting to \$57,721 last May to the Canadian National Conference of Universities, and for refusing Federal grants.

He expressed his "admiration and gratitude" to Bishop's for its respect for "provincial jurisdiction in the fields of education and culture."

N. R. Crump, president of the CPR, told graduates that "progress is far more than economic poker games in which the stakes are no more than an increase in material comforts, and something called security. . . It is the function of education to make sure that we want the right things. Therein lies the greatest challenge to our educators and our college graduates."

Mr. Rivard, Mr. Crump and four other distinguished Canadians received honorary Doctorates of Civil Law from university Chancellor John Bassett during the colorful granting of degrees ceremony. Also honored by Bishop's were: The Right Reverend John A. Meaden, Lord Bishop of Newfoundland; Alfred L. Penhale, president of Asbestos Corporation Limited; Dr. C. A. Peters, prominent Canadian physician; and Philip S. Fisher, president and managing director of the Southam Co. Ltd.

Eighty-four other degrees in Arts, Science and Divinity were awarded to university graduates.

Mr. Rivard, referring to Bishop's respect for provincial rights, said, "the French-Canadian majority in this province will not forget your firm attitude, which reveals splendidly the unity of feeling, thought and a spiraling which links together, on Quebec soil, the Canadians who represent here, the two great races which are destined to form together the Canadian nation."

Calling Bishop's "the Oxford of Canada," Mr. Rivard said, "our country can be proud of having an institution such as yours in which a place of honor is given to the humanities. . . there is need in the hours through which we are living for enlightened minds formed by the soundest disciplines, which will have mastered modern scientific techniques, and will, at the same time, have learned to think with depth."

NORRIS R. CRUMP

N. R. Crump noted that the response of Canadians to their environment, geographical, historical, social and technological "has played, and is playing a notable role in our country's forward march."

"In each case," he emphasized, the motive power . . . has been the innovator, be he scholar, inventor, or entrepreneur."

"And it is our Anglo-Saxon heritage and the Christian ethic common to English-speaking and French-speaking Canadians alike which constitute the surest guarantees that the innovator will remain free. For unless he does, the glowing promise of the frontiers of knowledge will remain beyond our grasp, and static apathy which is the prelude to decay will be our fate."

"It is to safeguard us from so dismal a consequence of our own folly, as well as to scale the frontiers of knowledge, that higher education is an imperative of Canada's progress."

meaning of the phrase 'the good life.' Nor, he said, could he think of any Canadian institution of higher learning where "these fundamental principles of education are better understood than at Bishop's University."

TO RULE HISTORY

"As higher education becomes more widespread in Canada," Mr. Crump said, "we may reach the point where man comes not to be ruled by history but to rule it. We may be able to take the iron laws and fashion them into an instrument for our own purposes, to mould the unconscious dynamic which has driven us to destroy our civilization in the past into a conscious dynamic which will empower us to perpetuate them indefinitely."

"Education, in this sense, may yet tip the great scales of history towards the fulfillment of mankind's noblest dreams and aspirations."

Dr. A. R. Jewitt, principal of the university, said in his address to the graduates, "every graduating class has its special character, and this one is no exception. Its first distinction lies in academic achievement; not in the memory of members of the faculty has a group attained the high standards of this year's graduates."

"In the second place, they have made an outstanding contribution to the life of the college through their participation and leadership in extra-curricular activities."

"From time to time, a university graduates a class, most of whose members achieve unusual success in life. Such a future I venture to predict for the members of the class of 1957."

Top honors in the graduating class went to Donald Kuehner of Lennoxville, who won the Governor-General's Medal, the Chancellor's Prize, the G. H. Montgomery Prize for Science and the A. V. Richardson Memorial Prize for Mathematics.

Leading Arts student was Rupert A. Buchanan of St. Catharines, who won the Lieutenant-Governor's Medal for History, and the Chancellor's Prize.

Miss S. J. Blum, of Montreal, won the Lieutenant-Governor's Medal for Science.

Local Scouts To Receive Ground Observer Tests

During the past few weeks a great number of district Boy Scouts have joined the Ground Observer Corps, an organization dedicated to making visual contact with and reporting of strange or alien aircraft. It is another precaution taken should enemy aircraft manage to slip through the Distant Early Warning Lines.

The district scouts have been initiated into the Corps almost to a man and this Wednesday they will receive their severest test when aircraft will be flown in under simulated attack conditions. It will give the scouts ample opportunity to show the results of their latest training.

The Ground Observer Corps is one of the most important civilian groups yet to be organized, and particularly necessary to Canadians and Canadian homes due to the fact an incipient attack by aircraft on this continent would almost certainly come over Canada. Should enemy planes escape detection by the radar lines, civilian Observer posts become a necessity.

Weather Favors Heavy Vote Today

Maybe there will be a record vote in Sherbrooke County in today's federal election or maybe the apathy which has been apparent during the election campaign will continue through voting day, with a resultant small turnout of electors.

But one thing is certain. No one can blame the weather man. He co-operated to the limit, providing one of the finest days of the summer, a warm, sunny day—perfect for a big vote.

Early reports from Sherbrooke County were mixed—some polls reporting a light to medium vote, but others showing an early morning rush, which tapered off

slightly as the day progressed. At one poll in East Sherbrooke, there was a line-up at the opening with 30 ballots being cast in the first 20 minutes. Another poll—in the North ward—reported 15 voters in the first hour.

On the other hand, some polls

reported only one or two voters appearing by 10.30.

The heaviest vote is expected after four o'clock this afternoon, the time most manufacturing plants plan to close to give their employees the three hours required by federal law for voting.

POLICE READY

Although there was little indication that trouble is to be expected, Police Chief Edouard Moreau announced that the entire force would be on duty during the day—both afternoon and night shifts being retained for service.

A total of 35,738 names are enrolled on the electoral lists in Sherbrooke county, an increase of almost 7,000 over the election of 1953 and 180 polls, an increase of 27, have been established to care for the electors.

The polls opened at nine o'clock daylight saving time and will close at seven.

On the basis of the 1953 vote,

when 22,500 ballots were cast, it is expected that about 27,000 electors will go to the polls today.

ELECTION COVERAGE

The Sherbrooke Record has made special arrangements for receiving and announcing the results of today's elections.

Men have been assigned to collect the Sherbrooke poll-by-poll results at the headquarters of Returning Officer Leonidas Bachand and these will be forwarded, as received to the Record building where they will be posted on bulletin boards.

Special teletype circuits have been installed to receive the result from the other constituencies across the country and these will be announced over a loud-speaker system during the evening.

The first reports will be available at seven o'clock and the general trend of the country determined an hour later.

Mrs. J. H. Bryant Funeral Tuesday For Life-Long Sherbrooke Lady

The funeral of Mrs. J. H. Bryant, the former Jennie Moe, will take place on Tuesday afternoon at St. Peter's Church in Sherbrooke. Mrs. Bryant passed away yesterday after an extended illness.

Mrs. Bryant had been a school teacher for a good many years, having taught at the East Sherbrooke school and the old Central school. She was also a charter member of the St. John Ambulance Corps (Nursing Division).

During both World Wars, Mrs. Bryant held the post of secretary of the Sherbrooke Branch of the Canadian Red Cross and for some time was the secretary of the Wales Home Ladies' Auxiliary.

Mrs. Bryant is survived by two brothers, Harry Moe, of Cookshire and Reid Moe, of High St., Sherbrooke; a nephew, Gordon, of Granby; and his two children, a niece, Mrs. J. H. Houlden, the former Rita Niles, of Winnipeg; and a cousin, Mrs. P. H. Jamieson of New Glasgow, Que.

The funeral will leave at 2:15 p.m. for the service in St. Peter's to be held at 2:30, the Rev. Guy Marston officiating. Interment is to take place in the Elmwood Cemetery.

Paton Employees Vote For Alternate Company Offer

Employees of the Paton Manufacturing Company at a general meeting yesterday morning voted to accept the company's offer of a two year contract to include eight cents an hour increase for bonus employees and 10 cents for workers paid on a straight hourly basis, thus averting any threat of a strike at the local plant.

The workers, members of the National Association of Paton Employees of Sherbrooke Inc., affiliated with the National Federation of Textile Workers, CIO, rejected the management's second choice of contract which included five and seven cents increases retroactive to November 6, 1956, the contract to be dated February 1, 1957 and in force for two years.

Under the new contract, the employees will receive the increase from the date of signature but without any retroactive wages. This contract is expected to cost the company some \$103,000 annually.

Union and management officials probably will meet this afternoon to work out the details

of the contract and the signing of the agreement will be held early this week.

Yesterday some 250 employees attended the meeting held in the Central Council hall of the Catholic and National unions of Sherbrooke (CTCC) on Gordon St.

The Paton Manufacturing Company, established in 1886, employs a staff of 550 in the production of woollen and worsted fabrics.

The new library will be built in conjunction with an academic building to contain classrooms, seminar rooms and offices. Cost of the joint project is estimated at approximately \$550,000.

MOST PRESSING NEEDS

These were described by Mr. Molson as "the most pressing needs." A covered hockey rink, a student centre for social and recreational activities, extensions to the Memorial Gymnasium, remodelling and renovation of rooms in the present library building for classrooms, and the installation of a larger Faculty Common Room, and more faculty offices are also included in the scope of the plan.

Mr. Molson, commenting on the program, said, "it is an ambitious program, and will cost at least three million dollars to carry it through. We shall need your wholehearted support, and we shall call upon business and industry, government as well as individuals, to enable us to realize

Bishop's University Expansion

The announcement at Convocation Saturday by the president of the Bishop's University Corporation, John H. Molson, of the inauguration of a ten-year, \$3,000,000 expansion plan for the university, marks yet another milestone in the development of one of Canada's oldest, and most valued institutions of higher learning.

The plan is one which is at once bold and timely, and yet judicious.

It is bold and timely because today, as never before in Canada's history, our whole system of higher education is faced with the problem of overcrowding and the next decade will see an influx of students descend upon our universities which will be greater than anything experienced in this country has yet experienced. Bishop's has shown that it is prepared to do something to solve the problems immediately; that it is prepared to take the initiative in the battle for increased educational facilities.

The plan is also a judicious one, because it is a program which will in no way adversely affect the unique academic atmosphere for which Bishop's is famous. Because of its small size, and comparatively high proportion of faculty members to students, Bishop's can offer its undergraduates that close contact with professors, and indeed, with each other, that is the very essence of a true "community of scholars." The expansion plan will not change this atmosphere. It is designed to accommodate a 50 per cent increase in present enrolment — to about 450 students. The university community will still be a close-knit and intimate one; the only difference will be that more students will be given the opportunity of participating in it.

One of the most important phases of the program will be the establishment of a Department of Business Administration. It will provide a broad business education, rather than the more specific business training that is supplied by industry itself. Such a department, by its participation in the "liberal" spirit of Bishop's education, will prove a valuable asset to the university, to the students and to Canada.

Canadian business today is in need of young men and women who are not just specialists, but who have a broad background of academic training, and depth of thinking.

Other phases of the plan reflect the same approach to our higher education ailments.

A new women's residence will be built at a probable cost of \$775,000 to accommodate approximately 125 women. The present women's residence, with 42 rooms, will be used for the additional influx of men students. An extension to the present men's residence will be built later at a probable cost of \$165,000. During the next few years, more faculty houses will be built as they are required.

A new library is to be built. The present building, with its nearly 40,000 volumes, is filled to capacity. "The library," Mr. Molson remarked, "supplies the lifeblood of learning, and must not be allowed to collapse through overstrain."

An academic building to contain classrooms, and offices; a covered hockey arena; a student centre; renovation of the Memorial Gymnasium; and the present library building for classroom purposes; installation of more faculty facilities; all these are contained in the plan.

It is not the first expansion plan upon which Bishop's has embarked. The University has successfully completed three others: the last, in 1947, cost over \$2,000,000. Each one enhanced Bishop's academic reputation, and in turn, Bishop's was able to offer a greater, and better educational service.

Now, the money for Bishop's biggest and most ambitious undertaking must be raised. "We shall call upon business and industry, government as well as individuals, to enable us to realize the aims which we have described," Mr. Molson said. The price, is after all, a small one. From it, this community, and all of Canada, will reap a dividend not to be measured in terms of currency, but in the strength of the Dominion's very sinews, of its hands, and its heart.

What Russia Wants

When Nikita Khrushchev was an ambitious young Communist politician, it is doubtful that even in his fondest dreams he ever imagined he would invade countless North American living rooms through TV.

Now that he has done it, however, he will hardly be able to put it down as any sort of conquest. His remarks in a filmed interview added nothing new at all to Soviet policy.

It is possible, nevertheless, that there was some value in hearing him say again that Russia does not want war.

As pointed out by George Kennan, former U.S. ambassador to Russia, there is a good deal of other evidence to suggest that when Khrushchev talks this way he is telling the truth.

The signs are plentiful, for example, that the arms race severely strains the Soviet economy and that the Kremlin leaders would welcome some way to get out from under its terrific burdens. A much higher proportion of total production goes for arms in Russia than in the West.

Furthermore, it has been clear for

a long time that Moscow no less than the capitals of the free world understands the colossal ruin that a general nuclear war would visit upon the earth.

Russia therefore may earnestly want disarmament, and even be willing to accept beginning "small steps", on the path toward that goal. We must be neither too gullible nor too suspicious in measuring Moscow's intentions.

Yet a realistic approach compels us to realize that Russia still will seek to get the better of us in a disarmament plan if it can. This is not necessarily because it wants to fight a crushing war but because it can use military advantage for decisive leverage in peaceful conquest.

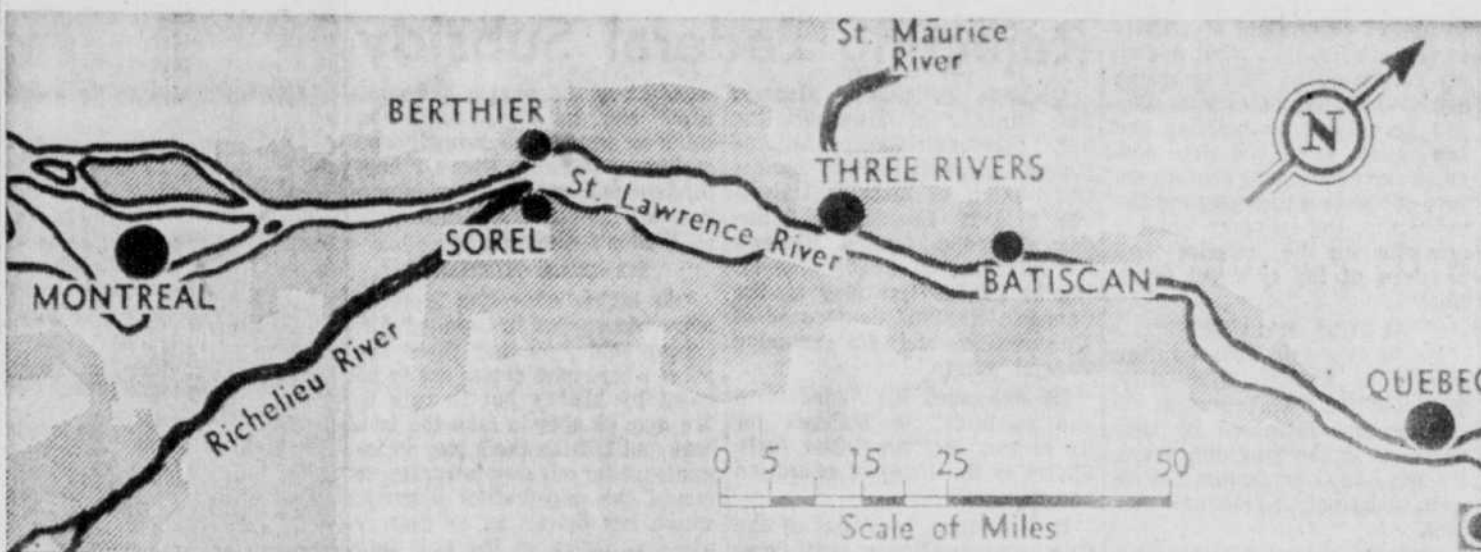

Khrushchev's TV comments re-emphasized that the Soviet Union not only is abandoning its "peaceful competition" with free lands but stoutly believes it will win that contest.

It is the task of the free world not only to avert a ruinous war but to make certain that communism does not win the slowly unfolding peaceful struggle for the minds of free men.

Exploration In Quebec

Land Mixup Complicates Oil Search

AREAS WHERE OIL AND NATURAL GAS EXPLORATION LICENSES HAVE BEEN OBTAINED

QUEBEC — Historic land grants and subdivisions, some dating back to the era when Canada was New France, complicate the search for oil and natural gas in this province.

Exploration is expected to be intensified this year following the discovery of natural gas at Batiscan, 90 miles southwest of Quebec City, by the Bald Mountain Oil Company Ltd. The well flowed under good pressure at about 3,500,000 cubic feet daily.

Arpents, seignories, parish lots, concessions — these are words in the Quebec oil seeker's vocabulary which his western counterpart rarely hears.

"A western land man would be lost here," said one Quebec oil man. "On the Prairies, land divisions are fairly orderly. But not here."

In Quebec there is no such uniformity. The French, the British and the 19th and 20th century Canadians all had a hand in making the land subdivisions picture what it is today.

"What complicates things even more than the lack of uniformity is the vagueness of the boundaries of the old subdivisions, some of which date back three centuries," said Dr. I. W. Jones, a native of Edmonton and head of the province's geological service.

He is one of the government officials responsible for the administration of the mining act which governs mineral exploration and development.

In the days of early French settlement, land grants, or seignories, stretched back from the St. Lawrence River and frequently were irregularly shaped.

Parishes were also formed. These were divided into concessions, which in turn were carved up into lots.

Later the British made an effort to subdivide regularly the land south of the St. Lawrence River. But even the Eastern Townships are not absolutely regular. However they were the result of the first attempt in Canada to divide land into regular ranges and lots.

More recently, the provincial government has formed townships, each 10 miles square, in many areas. Practically none of the land considered

worth exploring for oil and gas, however, lies in this area.

"What adds to complications are subdivisions made by individual farmers. A father who wanted to give each of his

PM ANGERS CIVIL SERVICE

(Toronto Telegram)

The Liberal Government seems to have a faculty, lately, of getting in bad, not only with segments of the electorate which have only casual relations with it but with those nearest and presumably dearest to itself. Ordinarily it is sensitive about relations with the 175,000-strong civil service, but now, over the matter of salary increases, it has stirred up a hornet's nest of resentment.

Pay of the professional and technical staff was substantially increased not long ago. Only the lower echelons were left out, and they feel they need an increase most.

Toward close of the parliamentary session the Government was repeatedly questioned by Opposition members as to its intentions. Finance Minister Harris explained that he had to consult the Civil Service Commission. Evidently, however, that body had failed to carry out the studies necessary as a basis for salary recommendations.

At Mr. St. Laurent's Ottawa meeting last Monday, he was heckled by civil service supporters, particularly on his repetition that salaries were under review and detailed studies were necessary.

Protest meetings have been called by the 100,000-member Civil Service Federation. Its president says a definite statement from the Prime Minister had been sought in vain. Now the matter is "right in the political arena, and we don't like it."

There seems to be an impression that if the Government gets back in office, the "detailed studies" will go on indefinitely, whereas the civil servants want cash. This seems a very suspicious attitude, but the civil service has been living with the Liberals for 22 years and ought to know their ways by now.

TEN YEARS AGO

From the Record of Tuesday, June 10, 1947.

Sirice Huard, a member of the Sherbrooke Junior Chamber of Commerce, last night won the finals of the public speaking contest open to members of junior chambers throughout the Province of Quebec.

The application of a two per cent municipal sales tax is necessary if Sherbrooke is to have a much-needed expansion and development stated Alderman Albert Charpentier in an address last night before the Lions Club.

NEED A GOOD BUTLER?

(Manchester Guardian.)
Two advertisements published today are an answer to gloomy talk about the declining splendour of life in this country. "Extremely good footman - valet disengaged shortly from royal ducal establishment, where 2½ years, previous Governor General's service: aged 26; tall, perfect appearance: life experience."

Such assurance is in the highest British tradition. One knows the type of man whose appearance is perfect and who has tasted life to the full by his middle twenties.

A second advertisement announces: "Life experienced butler-valet disengaged shortly from Nobleman's establishment where 2½ years: aged 37; used best families: employers cannot too highly praise." Here is solid ground for national self-confidence — unless perhaps the footman-valet and the butler-valet are French or Italian?

OVERCALL BOTH SOUND AND BAD

South overcall was eminently sound. It also was a horrible bid.

Not only was his hand strong enough to warrant a takeout double but he also held a perfect hand for that bid since in addition to his five-card heart suit he was well prepared for spades.

South probably expected to be able to bid spades later on but things did not work out that way. West and North passed and East bid one spade.

This took the spade suit away from South and after West had gone to two diamonds and East passed South decided that he wouldn't sell out at that spot and went to two hearts.

The game was match point duplicate so when it got back to East he put in a match point double which worked out very well

indeed. West opened his singleton

spade. East won and gave West a ruff. West led the queen of diamonds. East won that also and gave his partner a second ruff. That made four tricks for the defense and West still had his two club tricks and East his jack of trumps so that the penalty amounted to 500 points and a well-deserved bottom score for North and South.

At all other tables the South player made the correct bid of "double" at his first opportunity. Eventually the hand would play at two or three passes by North or three diamonds by East.

CARD SENSE
Q—The bidding has been:
South West North East
1 ♠ Pass 2 N.T. Pass

You, South, hold:
Spades A-Q-9-8-7, Hearts K-2, Diamonds K-5-4, Clubs J-8-7.

What do you do?
A—Bid three no-trump. You

have a good five-card spade suit but there is no reason to rebid it here. Your hand will play well at no-trump.

TODAY'S QUESTION

The bidding is the same as in the question just answered. You, South, hold:
Spades A-Q-9-8-7, Hearts K-2, Diamonds K-5-4, Clubs 3-2.

What do you do?

Capacity House Greets Opening At North Hatley

NORTH HATLEY — Summer theatre at its best — a full house and an excellent play, — provided the very successful opening of the North Hatley Playhouse Saturday night.

Yvette Brind'Amour's troupe, Le Rideau Vert, opened a week of French Plays with a presentation of Le Complexe de Philemon, by Jean-Bernard-Luc.

Tonight the group will stage Les Amants Terribles, a Noel Coward's Private Lives, which was performed last summer at the Playhouse as part of the season's run.

Le Complexe de Philemon is a delightful comedy, concerning a perfect husband, played by Andre Fouché, a model wife, played by Yvette Brind'Amour, and a psychoanalyst, a part taken by Andre Cailloux. Thrown in for comedy measure is a faithful servant, a faithful secretary, and the wife's two female friends.

The wife, Helene Saint-Faust calls in Professor David-Kouglov, a psychoanalyst, who subsequently "calls the shots," in trying to rid the husband of his "neuroses". In the end he is unsuccessful, because the couple are too devoted to psycho-analysis and too simple to have any complexes.

The part of the faithful but evasive butler is taken by Edgar Fruiter, who in the past has excelled in this type of role. The secretary, Miss Pelousco, is played by Lucille Cousineau; Lucienne Grandpierre, and Olga Tanié—two of Helene Faust's friends, are played by Yolande Roy and Gisele Schmidt.

The comedy might not have been so successful had it not been for the highly sensitive and receptive audience which packed the playhouse.

This same play, Le Complexe de Philemon, will be repeated again Wednesday and Saturday, closing night for the French group, while Les Amants Terribles will fill in tonight, Tuesday, Thursday and Friday.

If one has the chance, it is highly recommended they visit the playhouse this week for ideal summer theatre.

Irate Captain Would Foil Plot

LONDON. —(Reuters)— An irate Englishman is flying to Plymouth, Mass., to foil a plot to have the United States coast guard tow the good ship Mayflower II into harbor.

"Outrageous," huffed Capt. Michael Farr of Plymouth, England, whose ancestor James Hawker sailed in 1620 aboard the original Mayflower. "It is almost as bad as pulling down the Union Jack," he added. "If necessary, I will appeal to President Eisenhower to stop this humiliation to a glorious name."

The Mayflower II, financed by public contributions in Britain as a goodwill gesture to the United States, left Plymouth, England, April 20.

CPR Engineer Has Keen Interest In University

A CPR engineer who put his two sisters through Bishop's University during the depression years—was for the first time in his 15 years on the railroad—given the job of running the special convocation train from Montreal on Saturday.

Stuart Marlin, the engineer, discussed his interest in Bishop's with one of his passengers, John Bassett, Chancellor of the University and president of the Sherbrooke Daily Record, during the stop over in Sherbrooke.

Mr. Marlin's sisters, who graduated from Bishop's just before World War II, are both teachers. They are Millicent Marlin Casswell, of Sherbrooke High School, and Beulah Marlin Walker of Waterville High School.

Police Curbing Loitering By Leather Jackets

The "leather-jacket" youths who usually lounge in front of stores on Wellington St. are noticeably absent these days as a result of a concentrated effort by municipal police to stop loitering.

Chief Edouard Morneau confirmed this morning that surveillance had been intensified during the past several weeks but said that no extra constables had been added to the downtown beat.

Police action was apparently provoked by complaints that youths were insulting passers-by and interfering with shopping in the area. Three people were knifed in recent incidents on Wellington St. north.

No Foul Play Indicated In Ont. Death

"Up to now, we have no evidence of foul play," in the death of John G. McCombe, president of Fundy Bay Copper Mines, Limited.

Earlier reports indicated that authorities suspected McCombe had met with foul play while re-staking promising claims in the area with two men.

Officials said the dead man's body bore considerable signs of violence but suggested the wounds may have been self-inflicted.

Popular Couple Mark Anniversary At Waterville

They were met at the door by their niece and nephew, Shirley and Gordon Humphrey who presented them with a corsage of sweetheart roses and a carnation boutonniere, gifts of Mr. and Mrs. B. Little. Hopper's Orchestra played the wedding march as they were escorted to the front of the hall where they received the congratulations of their friends. Mr. L. McHarg was in charge of the guest book.

Following the Grand March led by the bride and groom of twenty-five years, dancing continued through the evening.

At midnight the guests gathered in the dining room for refreshments, where the bride's table was centered with a three tier wedding cake made by Mrs. Porter. Pastel lighted tapers in silver holders and small silver motifs completed the attractive table decorations.

Seated with the guests of honor were Mr. and Mrs. B. Little, Mr. and Mrs. C. Humphrey, Mr. D. Little, Miss M. Coleman, Mrs. Fred Brown, Mr. C. Wright and Mr. and Mrs. Reg. Conner.

Mr. Reg. Conner then made a humorous address and presented the honored couple with a sum of money. All joined in singing "For They Are Jolly Good Fellows" bringing a happy evening to a close.

Pro-West Candidates Leading

BEIRUT. —(AP)— Candidates backing Lebanon's pro-Western government today held 15 of 22 parliament seats decided in the first round of the little Middle East country's general election.

At stake was the prestige and life of the first Middle East government to endorse the Eisenhower doctrine. A Government defeat would have been a big boost for President Nasser of Egypt and his leftist, pro-Soviet allies in neighboring Syria.

The ministry of the interior announced that government candidates, including Premier Sami Solh, won 10 of 11 seats in Beirut.

In southern Lebanon, the other section voting Sunday, government supporters won five of 11 contests. Opposition and independent candidates took three seats each.

The other 44 seats in the newly enlarged 66-seat parliament will be filled by balloting in central and northern Lebanon on the next three Sundays.

"In the past there have been large meetings of technical groups and industry groups, but the conference will include a place for every branch of the industry."

The program will include the full range of industry business from technological developments to fashion shows.

Archdeacon and Mrs. Lidstone have returned home from Montreal, where they attended the McGill convocation when their daughter received recognition for post-graduation work.

Mrs. G. Boyd has left the nursing home here and has returned to her home on City Ave., where she is progressing favorably from a fractured hip.

COWANSVILLE — Thirty-two guests greeted Miss Dorothy, a bride-to-be, at the pantry shower given by Mrs. David Watt and Mrs. Roy Jenne, the gay party taking place at the home of the former.

The floral decorations were artistic and the packing of the gift ingenious. This took the shape of a huge three-tier wedding cake, white and pink in color, topped with a tiny bride and groom. Another novel idea was used in decorating the fruit cake, the work of Mrs. Irene Williams. It was iced to represent a cupboard, complete with tea and coffee canisters.

Mrs. Y. Reid and Mrs. J. Tehelaby poured. During the evening, an amusing game was played.

C.G.I.T. ENTERTAINED The Canadian Girls in Training were entertained by Mr. and Mrs. Murray Mason recently their meeting taking the form of a wiener and marshmallow roast. Rev. and Mrs. C. J. Gustafson provided transportation. Open

air games were played and the worship service was conducted by Eunice and Susan Hitchcock as the girls sat around the campfire.

GENERAL NOTES

Mr. and Mrs. David Watt and their family plan to spend the month of July at Old Orchard Beach.

The younger dancing pupils of Mrs. Eldridge gave a successful repeat performance at St. Therese School Hall, their dances including "Copelia" and "Irish Jig". Tiny Vane Piette was particularly amusing in a song and dance satire of Elvis Presley.

GRANBY — A dinner meeting held in the Granby Hotel closed the season's activities of the Duplicate Bridge Club.

LUCKY WINNER

Remembering it was Dominion-Thrift night, Mrs. William Harvey gave the right answer when the phone rang and was surprised and delighted to find she had won the store's weekly award.

When the firm's representative called shortly afterwards at her home on Drummond Street, she had all the required products on hand and was presented with \$2,500.

When Mr. Harvey had suggested earlier that they go to the movies, Mrs. Harvey said she felt lucky and preferred to stay at home, her intuition being well rewarded.

Coaticook High Annual Prom Held In Gaily Decorated Auditorium

COATCOOK — The annual graduation prom for Grade XI pupils of the Coaticook High School was held in the school auditorium.

Students of Grade X had worked for many days prior to the event decorating the hall and succeeded in achieving a decorative scheme which brought much praise from all who were present.

By means of wires strung across the hall, narrow crepe paper streamers strung around the room from a centre point to finally get the effect of a giant spider web, false ceiling.

From the middle of the floor a May-pole rose from an evergreen base to support the web, and at each end of the hall other gaily wound poles added eye interest. One entire wall of the gym was covered with evergreens and dotted here and there among the greenery were large paper carnations.

The opposite wall, with five

The bride, the former Miss Annabella Andrea MacNaughton, is the daughter of Mrs. W. J. MacNaughton and the late Mr. MacNaughton, and the groom is the son of Mr. M. G. BLODGETT — MacNAUGHTON

The marriage of Miss Anna-bella MacNaughton, daughter of Mrs. W. J. MacNaughton, of Portland Avenue, and the late Mr. MacNaughton, to Mr. Clayton Gladwin Henry Blodgett, son of Mr. M. G. Blodgett, of Lennoxville, and the late Mrs. Blodgett, took place at St. Andrew's Presbyterian Church on Saturday, June 1st, Rev. Sydney Garland officiating.

The church was decorated with pink and white gladioli. Mr. L. Jenne played the wedding music and accompanied Miss Thelma Crawford in the rendition of the Lord's Prayer and O Perfect Love, which was sung during the signing of the register.

Given in marriage by her uncle, Mr. Stewart MacNaughton, the bride wore a strapless, floor-length gown of white nylon net and chantilly lace, having a bouffant skirt with front lace panels. The fitted jacket of chantilly lace with pearl button front closing and a Queen Anne collar, had long sleeves ending in points over the hands. Her fingertip veil of tulle illusion was held in place by a lace cap with heart-shaped front, in the centre of which was a teardrop pearl.

The bride's pearl jewellery was a gift of the groom's grandmother, Mrs. Electa Blodgett, and she carried a colonial bouquet of American Beauty roses and lily-of-the-valley.

The bride's attendants wore floor length gowns of swiss dotted nylon organdy with fitted bodice, off the shoulder draped neckline and matching floor length sash, and carried colonial bouquets. The maid of honor, Miss Shirley Bradford, cousin of the bride, was in rose shade with a bouquet of white carnations, the bridesmaids, Mrs. Kenneth Inglis in mauve with variegated yellow carnation bouquet, and Mrs. George Smiley in pale green with pink carnation bouquet. Matching mitts ending in points over the hand and caps, completed the attendants' ensemble.

Frozen Strawberry Roll

1½ cups graham cracker crumbs, 3 tablespoons sugar, ½ cup melted butter, 2 eggs, separated, 1 (15 ounce) can sweetened condensed milk, ¼ cup lemon juice, 1 cup crushed strawberries.

1. Combine crumbs and sugar. Add butter; blend well. Pour about ½ cup crumb mixture into empty, buttered 48 ounce fruit juice can.

2. Press mixture firmly into an even layer on the bottom of can with a quart soda bottle.

3. Sav ½ cup crumbs for top and press remaining crumbs around sides of can with soda bottle. Press firmly; chill in freezer until ready to fill with strawberry mixture.

4. Beat egg yolks until thick, then add condensed milk and blend. Add lemon juice and strawberries. Mix thoroughly.

5. Beat egg whites until stiff and fold into strawberry mixture. Pour into graham cracker-lined can.

6. Top with ½ cup crumbs and freeze overnight. Just before serving, cut bottom from can. Then run knife around edge of can, and push roll through can.

7. Cut in 8 slices and serve immediately garnished with whole strawberries.

Beauty Tips

Eyeglasses have won a place in the fashion world. For those who wear them all the time, there are ways to highlight the face. Comb your hair away from your face so you don't disappear in a shaggy-dog coiffure.

In touching up the eyes, the goal is for a natural look. A heavy straight line drawn with an eyebrow pencil only makes the face look hard.

Eyelashes and eyebrows need brushing just as a woman's hair does. It gives them a controlled, shiny appearance.

An icy shower on hot days just makes you hotter. It stimulates your circulation instead of calming it down. A tub of warm soapsuds will reduce body temperature to a comfortable level.

GOOD GARDENS
Gardens mostly grow best where the soil has an adequate proportion of calcium, or lime.

CANADIAN WALNUTS
Two species of walnut trees are known in Canada, both growing in southern Ontario.

HISTORIC CRAFTS
Cottage industries, such as spinning for Harris tweed, still flourish in the Hebrides Islands off Scotland.

Drinks That Lift This Mother Let Child Down

Having a few drinks may make a middle-aged woman feel momentarily young and gay. But the drinks that give her a lift may be an awful let-down for her teen-age daughter.

A 14-year-old girl writes: "I have a wonderful mother. But lately when she and Dad go out to spend the evening with friends or to a party she drinks too much.

"I don't mean she gets drunk. I know she would never do that. But she either acts silly or tries so hard to act dignified that it makes me feel funny. She seems almost like a stranger, instead of my mother.

"Once when she came home like that I had a friend spending the night with me and I was terribly embarrassed. Maybe if you would write something about this problem, my mother would see it."

Why don't you tell your mother just what you have told me? I am sure that if you did it would make her realize far better than anything I could say just how a daughter feels about a mother's drinking.

NOT DELIBERATE
You say she is a wonderful mother, so she undoubtedly doesn't realize that she has embarrassed or upset you.

Mothers who love their children may make mistakes or occasionally do something foolish, but they never deliberately do anything to hurt, disillusion or embarrass their children.

Just as your mother has a right to tell you what kind of behavior on your part hurts and upsets her, you have a right to tell her how you feel about her drinking.

Give her a chance to know how you feel and to try to understand your point of view.

Ready for the Summer shopping stampede?

June, July and August are busting out all over — in sales. Last year summer retail sales were \$1,400,000,000 more than spring sales. Summer sales gains in 1956 over 1955 were 32% greater than gains for the average quarter for the rest of the year.*

Summertime is shopping time because shopping's easier. Days are longer and the weather is better. Our booming economy has given more people more money to spend. Last year civilian employment averaged an unprecedented 65 million and went as high as 66.8 million at the seasonal peak in the summer!*

Daily newspaper circulation is highest ever, too — now up over 57,000,000. And, important for advertisers — it remains practically constant throughout the year. There is no summer replacement for the newspaper!

Each summer more and more advertisers — national, regional and local — are rushing their ads into newspapers to take advantage of the surge in summer buying. Make sure you get your share of summer sales. Use the daily newspaper this summer — all summer.

All business is local...and so are all newspapers.

Inco Research helps Canada grow

Nickel industry increases production capacity another 50%

Paced by Inco's new developments in Manitoba, producers put 1961 Free World nickel output at 650-675 million pounds a year—up 130% over 1951

In 1951, the nickel industry of the Free World produced about 290 million pounds of nickel.

Last year, the overall output of the industry set a new record high of 450 million pounds.

This was an expansion of more than 50% in five years—a substantial production boost that indeed benefited industry, but only after vital defense and government stockpile needs were given preference.

New Inco developments help set new goals

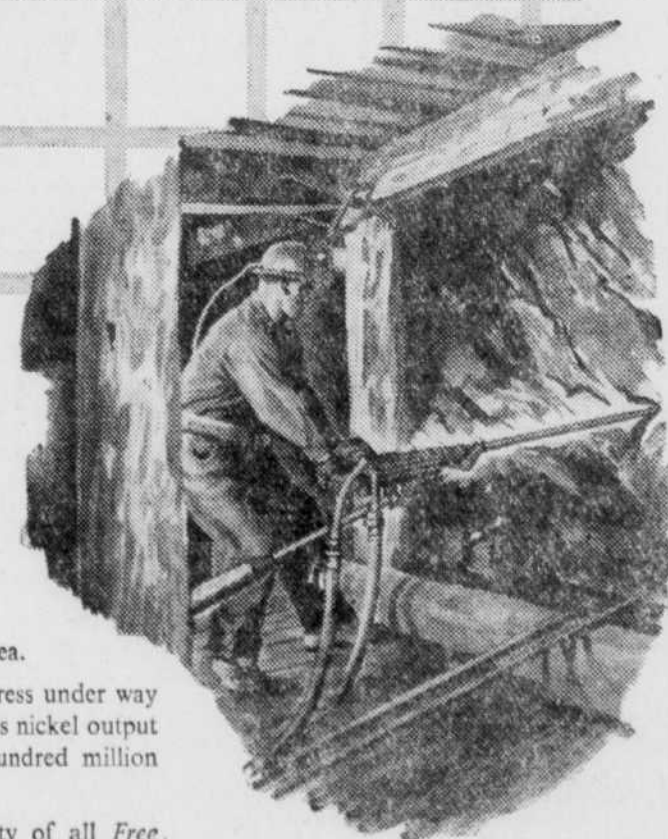

Right now Inco, with years of exploration behind the project, is pushing construction at its new Manitoba mines—developing in the far North a

new, big-tonnage nickel-producing area.

In 1961, this, together with the progress under way at Sudbury, Ontario, should lift Inco's nickel output to 385 million pounds a year. A hundred million more than in 1956!

With the steadily increasing capacity of all Free World producers, in the next four years nickel production should be lifted to the all-time high of 650-675 million pounds a year.

With 1961 capacity anticipated at more than twice what it was in 1951—and with continuing research and exploration—nickel users are assured of more nickel in their future.

C.G.I.T. Ceremony Held At Stanstead

Stanstead — An interesting event took place in Centenary United church hall, when the Canadian Girls in Training re-affiliated with the Women's Missionary Society, United Organizations.

A welcome was given by Mrs. George Bullis, leader of the C.G.I.T. group, to the members of the United Organizations and other friends.

A skit, in the form of a broadcast, originating from H.K.Y. Seoul, Korea, was given by Judy Wells, Sandra Moore, Brenda Stratton, Sheila Joyce, Jeanette Dion, and Dorothy Vivian. The "broadcast" told of the work in South East Asia by the Home Missions.

Miss Sheila Joyce read the Scriptures for the service and a short story, "Nancy's Birthday Gift", Sandra Moore, president of the CGIT read about their work. Others participating were Mrs. R. W. Cairns of the United Organizations, Jeanette Dion, Judy Wells, and Gloria Goodsell.

Brenda Stratton presented a gift of money to Mrs. Bullis, which will be used for medical purposes in Korea. Mrs. Bullis presented Brenda with the seal and certificate of re-affiliation and offered the dedication prayer.

Several of the group were presented with their chevrons and will receive their landyards to which they are now entitled.

Mrs. Bullis gave a brief outline of how these honours are earned.

Rev. A. McKinley Rose, as he presented the chevron certificate, said this is a most effective work of the church and voiced appreciation to Mrs. Bullis who has done so much for the group.

Chrysler Windsor
4-door Sedan

First word in style...last word in luxury
...your **CHRYSLER**

When you're cruising in this big, soft-purring '57 Chrysler, it's hard to realize that any car could be so quiet, smooth and so tastefully appointed. Yet for all its luxury, Chrysler has the style and stance of a custom sports car. It's a beauty built for action.

Actually, Chrysler comes closer to being "two cars in one" than any other automobile on the road today.

For your dress-up parties and other special events, it's a long, sleek boulevard beauty with all the comforts you could ask. But when you slip into sport clothes and head for adventure, Chrysler can match your mood in an instant. It's low, lean, powered up to 325 h.p.—and with its new push-button automatic drive come the liveliest reflexes ever.

Even Chrysler's new Torsion-Aire suspension has a dual nature. On the one hand it gives you the smoothest, silkiest ride this side of a magic carpet. And on the other, it lets you corner as flat as a sports car, even at highway speeds...and brake without a trace of "nose-dive".

Owning a Chrysler is like owning equal parts of luxury and lightning. It's a thoroughly modern, thoroughly wonderful kind of motorcar. You'll be proud to call it "my Chrysler". And we'll be proud to arrange a test drive for you at any time. Just say the word.

P.S. Naturally, every power-assist feature and special convenience you might wish can be yours on your Chrysler.

Baltimore Giant Killers Do It Again, Take Three From White Sox

Southpaw Fred Kipp Posts First Win Of Season, Stopped Richmond 4-1; Former Major Leaguers Star In Tilt

Two former major league pitchers in the International League will scoff at anyone who suggests that pitchers in their mid-30's are ready for the junk heap. Just as Lou Kretlow and Johnny Schmitz, Kretlow, a 34-year-old former American leaguer, proved it to the Havana Sugar Kings Sunday when he pitched Buffalo Bisons to a 1-0 two-hit victory over the Cubans in the first game of a doubleheader. Havana came back in the nightcap to maul Buffalo, 12-2. And Schmitz, 36, who spent more than 16 years in the majors, used an assortment of junk pitches to lead Toronto Maple Leafs to a 7-2 romp over Columbus in the second game of a twin-bill. Columbus edged the Leafs in the opener, 5-4.

E. P. Taylor's Lyford Cay Cops Queen's Plate Event; Fourth Win In Nine Years For Toronto Sportsman

TORONTO (AP) — There's no doubt about it, Edward Plunkett Taylor is the dominating force in Canadian racing. His record as the man with the bankroll and the horses over the years probably is the greatest in the turf game.

For the fourth time in nine years the 56-year-old Toronto sportsman entered the winner's enclosure Saturday to be honored, with cash and fame, as owner of the Queen's Plate winner. Lyford Cay, a three-year-old bay gelding, was the winner this time, with a recordbreaking performance.

But Taylor and Lyford Cay weren't the only star performers of a sunny afternoon. The 98th running of the \$25,000-added plate stakes drew 26,705 fans to the New Woodbine track and they bet \$1,038,284 for the eight-race card, the first time in history that the tote got past the million-dollar mark.

In the plate stake for Canadian-bred three-year-olds over a distance of 1 1/4 miles, the entry of Lyford Cay and Chopadette placed one-two, outclassing the 12-horse field.

There were about 16 lengths of daylight between the Taylor entry and Flying Atom which

and dropped the Marlins into the second division. Southpaw Fred Kipp, after seven successive defeats finally came up with his first victory as Montreal Royals trimmed Richmond Virginians 4-1 in the first game of a doubleheader. The second game was postponed by rain.

Kretlow stopped the Sugar Kings cold in the seven-inning opener, but Havana came back in the nightcap with a 13-hit assault off three Buffalo hurlers.

The veteran southpaw Schmitz gave the Leafs their lone victory of the four-game Columbus series. Stan Jok and Sam Jethroe hit home runs on his behalf.

Don Johnson lost the opener for Toronto in the ninth after entering the game in the eighth with the score tied thanks to a home run by pinch hitter Ebba St. Claire.

Rochester Red Wings took a firm hold on fourth place by defeating Miami twice, 6-5 and 3-0.

came in for the show money. Lyford Cay paid \$3.10, \$2.50 and \$2.40 and Flying Atom \$4.50.

Lyford was timed in 2:02.3, nearly a second faster than the Canadian record of 2:03.2 established by Ballydonnell on the New Woodbine track last October.

Lad Afor, the 2-to-1 winter book favorite, and Ali's Pride, who succeeded the M. J. Boylen colt as the people's choice with impressive spring workouts, were also runners. Lad Afor, never better than fourth, finished ninth and Ali's Pride was fifth.

The purse of \$26,455 was the largest in the history of this oldest annual continuously-run race in North America.

Taylor probably needs the money the way he does another horse. He has saddled three previous plate winners—Eric in 1949, Major Factor in 1951 and Canadiana in 1953—and bred three others that wound up in the winner's circle carrying the colors of other owners. They were McGill in 1950, Epigram in 1952 and Canadian Champ last year.

He has been Canada's leading breeder and money winner in recent years and his breeding farm in northeast Toronto is the largest in the country.

St. Jean Baptiste last night defeated Notre Dame 9-8; Indians Wallop Fuller Team 14-5.

St. Jean Baptiste last night defeated Notre Dame 9-8 to take a half game lead in the Sherbrooke Junior Baseball League. The win was the second in succession over the powerful Pepin Club.

Yesterday afternoon, in a game played at Dufresne Park, Richard Auray's Indians walloped the winless Fuller team 14-5.

Last night the Notre Dame club came up with their worst defensive effort of the season when they committed three errors in the first inning to allow the St. Jean Baptiste team to score six runs without a hit.

Starting pitcher Bernard Desbiens had considerable trouble in getting the ball over the plate and gave up four straight walks, striking out one before he was removed for Claude Prudhomme, who also gave up two walks while his team mates committed two errors. For the remainder of the game however, Prudhomme allowed only three runs, striking out seven.

Wayne Nugent pitched six and one-half innings for the winners when he was lifted for Roger Fortier who saved the game for St. Jean Baptiste by putting to an end a four run rally by Notre Dame. Nugent allowed eight hits, six bases on balls and fanned four. Fortier allowed one hit and struck out one.

Keith Peak of St. Jean Baptiste distinguished himself at bat with a double against the left field fence. For the Notre Dame club, Prudhomme and Doyon collected a double and single each.

At Dufresne Park yesterday afternoon Richard Auray's Indians showed too much batting power when they overpowered Fuller. Roy pitched the entire game for the winners and was never in trouble.

Pierre Langlois, Marceau and Lemire were the best for the winners with three hits each while Denis Auray got two. Leblanc got three-for-three for the losers along with Arcouette.

In an effort to strengthen the winless Fuller team, Normie Dusault announced today that he had traded short-stop Jean-Guy Chartier to St. Jean Baptiste for two men. Starting Tuesday night Bertrand Provencher and Gilles Gagnon will be in the Fuller lineup.

ORMSTOWN, Que. (AP) — Fraser Hurdman of Ottawa and H. J. O'Connell of Mont Gabriel, Que., each won two stake events in Saturday's closing program of the Ormstown horse show.

Hurdman was leading owner at the four-day meet with 10 firsts in harness, saddle and road-horse classes.

In stake events Saturday, O'Connell repeated his victories of the 1936 show, with Star Spangled Banner in the harness horse stake and Blue Fern, championship confirmation hunter.

A surprise victor was Flying Color, owned by George Godin of St. Dorothee, Que., which defeated a field of 21 to win the jumping stake. Sandy, owned by L. T. Pomer, St. Andrews East, Que., was third.

Other results included: Five-gaited saddle horse stake: 1. Kitty Foyle, Hurdman; 2. Nick Trotwood, R. L. Bishop, Sherbrooke.

Saddle horse, western style, trial class 1. Peaches, Donald Timmins, Montreal; 2. Cimiron, Gilbert Richard, Sherbrooke.

Come Up With Repeat Performance To Nip Leaders After Taking Yankees; Redlegs Back On Top, Stop Dodgers

You can call them the Baltimore Giant Killers from now on after the job the Orioles did on Chicago White Sox and New York Yankees over the last two weekends.

Paul Richards' Birds edged into sixth place Sunday by sweeping a pair from the league-leading White Sox to make it three out of four in the series. Only a week ago they gave the Yanks a dose of the same three-out-of-four medicine in their own ball park.

Billy O'Dell, a 24-year-old southpaw making his first start of the season, struck out 11 White Sox in Sunday's second-game 5-0 victory, after homers by Tito Francona and Bob Bieman helped the Orioles' relief ace, George Zuvering, win his sixth in the opener, 7-5. Baltimore has won eight of its last 11 games.

The double defeat cost the White Sox a game and a half of their American League lead which still is 4 1/2 games over the second-place New York Yankees, who took advantage of some crazy baserunning and a defensive lapse to edge Detroit, 5-4.

The game was marred by a fight between Tom Sturdivant, Yankee starter, and Ray Boone, Tiger first baseman, after Boone was shaved by a pitched ball following two Tiger homers.

Cincinnati's determined Redlegs held Brooklyn's defending champs to only one run in 18 innings while taking two from the Dodgers, 3-1 and 3-0.

As a result of the weekend action, Cincinnati has opened up a 1 1/2 game lead in the National after a one-day drop into third place. The Dodgers and Phillies are tied for second because the Phillies lost to Chicago 7-3 and had to settle for a 4-4 tie in the second game, called by the Sunday curfew in Philadelphia. The Cubs had scored a run in the 10th before the curfew struck but the score reverted to nine innings and a tie. It will be replayed completely.

Milwaukee stumbled again at Pittsburgh. After winning the 11-inning first game, 3-1, on Roberto Clemente's error and Johnny Logan's single, the Braves bowed to Ronnie Kline in the second game 5-3. Hank Aaron ran his home run total to 15 with one in each game.

St. Louis edged into the thick of the race by taking two from New York. The Cards won the first, 2-1, for Vinegar Bend Mizell's first victory, and 10-7, for Lindy McDaniel, by scoring six runs in the sixth inning. Stan Musial hit his 12th homer and played his 821st consecutive game, only one short of the National League record set by Pittsburgh's Gus Suhr in 1937.

Although the Orioles created the chief excitement in the American, with the exception of the Tiger-Yankee brawl, there was other action. Boston hit seven homers in downing Kansas City twice 8-4 and 9-5. Ted Lepcio and Jimmy Piersall each hit

two and Ted Williams slammed No. 13.

Cleveland settled for a split with Washington, winning the opener 7-2 on Early Wynn's six-hitter, but losing the second 7-6, when Roy Sievers of the Senators hit a two-run pinch homer in the ninth. Viv Wertz and Roger Maris each smashed two homers for the losing Tribe in that second game.

The Orioles' double victory at Chicago was costly because George Kell, veteran third baseman, was hit on the head by a pitch for the second time this season. Kell suffered a possible hairline fracture as the result of a pitch by Dick Donovan. And Francona suffered a fracture of the index finger that will keep him out for four weeks.

The pitch that almost hit Boone really stirred up action at Detroit. Frank Bolling and Cherie Maxwell had just hit successive homers off Sturdivant when a fast ball came close to Boone's head. The pitcher and the batter met halfway to the mound where three or four blows were exchanged before the two wrestled each other to the ground. Players streamed onto the field for a 10-minute ruckus.

The Yanks finally won the game when Hank Bauer tried to steal second with the bases loaded and the score tied. When Earl Torgeson threw to third base, Moose Skowron dashed home, scoring on a swan dive to the plate.

Don Hoak was the big man for Cincinnati, driving in four of the six runs with a homer in each game. George Crowe also homered for the Redlegs and Gil Hodges' eighth was the only Dodgers run of the day. Hal Jeffcoat struck out nine Brooks and allowed only six hits in pitching his first major league shutout after Brooks Lawrence and Tom Acker teamed to win the first game. Lawrence suffered an ankle injury in the eighth.

Ernie Banks hit a three-run homer off Robin Roberts in the eighth to beat the Phillies in the first game.

Archie Moore Returns To New York Next Week To Make Arrangements For Title Match With Sugar Ray Robinson

FRANKFURT, Germany (AP) — Light-heavyweight champion Archie Moore plans to fly to New York June 17 to negotiate for a title match with Sugar Ray Robinson.

The announcement was made Saturday by Moore's manager in Germany, Baron von Stumme. Stumme said they hope to stage the match in Los Angeles, where it would — as Stumme put it — "draw close to a million dollars."

Stumme said if negotiations are successful, the bout will be promoted by singer Frank Sinatra.

Moore was suspended Friday by the National Boxing Association when he did not appear in Detroit for a title bout with Tony Anthony.

Moore, who is on an exhibition tour of Europe, told reporters he didn't have a contract to fight Anthony and therefore didn't appear.

Stumme said Moore's suspension has no effect in New York and California.

"Neither state pays any attention to the NBA," said Stumme. Moore's plans to fight Sugar Ray, who presently is middleweight champion, have been the subject of a protest to the World Boxing Committee in Paris.

Edouard Rebert, general secretary of the committee, said An-

Little League Officially Opened; Athletics Wallop Indians 20-8

Parade And Special Ceremonies Held; A's Stage Rally In Sixth For Win; White Sox And Indians Clash Tonight

Little League Baseball came into its own Saturday afternoon when the opening of the 1937 season took place at the Parade Grounds. Prior to the game a parade was held. As for the tilt the Lions Club's sponsored Athletics scored what was probably the major upset of the young season when they trimmed the highly touted Rotary sponsored Indians 20 to 8. Tonight the White Sox and the Indians clash in what should be a thriller. Game time 6:30.

The opening ceremonies got underway with the league officials, players, and guests meeting at the Lansdowne Market and forming up the parade. Included in the parade were the presidents of the City service clubs and members, Mayor A. Nadeau, Tony Pinard, representing Hon. J. S. Bourque, Fire Chief P. Donahue, Captain G. Larrivee, representing Police Chief E. Moreau, C. Dougherty, representing Mayor E. Gibbey of Lennoxville, C. A. Connors, hon. president of the Little League, A. Kerridge, president of Rotary Club, T. Cadman, president of Kiwanis Club, F. Patafie, president of Lions Club, C. Clark, representing S. Parker, president St. Pat's Old Boys, Bert Keenan, president Lennoxville Optimist Club, Ray Dionne representing Sherbrooke Optimist Club, I. Boisvert, representing I. Dugre, G. Lebrun, president City Softball League, E. Sharp, president P.O.N.Y. League, C. Richer, president Junior Baseball League, and many others.

The parade headed by a police escort and band proceeded by way of Wellington St. N., Frontenac and Montreal streets was met at the playing field by Ed. Lussier, vice-president of the league. Mr. Lussier welcomed the guests and players and the opening ceremonies got underway. The flag raising then took place. C. Mullin, president of the League, was ably assisted in this procedure by player Louis Mains of the Red Sox. After the playing of O Canada the opening ball procedure took place taking part in this were Gaston Lebrun, catcher, Mayor Nadeau, batter, and Tony Pinard, pitcher. After taking a couple of lousy cuts the Mayor hit one of Tony Pinard's deliveries into left field. Umpires for the game were W. Wilcox, W. Webb, J. O'Connor and D. Roy.

Indians took a four run lead in the bottom of the first inning getting three hits. Athletics cut down this lead in the top of the second eliciting for two runs. Both teams went scoreless in the third, then in the top of the fourth the Athletics broke loose for five runs.

Not to be out done the Indians got two of their own in the bottom of the fourth making the score read 7-6 in the Athletics favour.

Athletics were held in the top of the fifth and the Indians pushed home two runs to take a one run lead. Coming to bat in the sixth and trailing by the odd run the Athletics much to everyone's surprise broke loose with a show of batting power seldom expected from young players and before the inning had ended they had connected for 10 hits for a total of 13 runs. Coach Ron Olson of the Indians used everyone but the bat boy to try and stop the damage. Indians failed to tally in their part of the sixth and when the smoke had cleared away Athletics were winners in a run away victory 20-8.

Athletics showed great power and a good team that came up with many smart plays perhaps their pint sized pitcher, G. Gingués stood out. Indians will come back and still be a power to be reckoned with.

A word of praise is due President Mullin for the afternoon's success with honorable mention to Bill Smith for his great effort in arranging the proceedings. Athletics 20 5013-20 19 0 Indians 8 020-8 11 2 D. Gingués and Y. Roy; Legare, Hamel (5) Beland (6) Vincent (6) and M. Houle.

Don't Envy Touring Golf Pros, Says Ed Furgol, Former National Open Champ; Expenses Are Very High

By WHITNEY MARTIN

NEW YORK —(AP)—So you envy the touring golf pros, huh? Great life. Travelling about the country, staying at the best hotels, playing on lush courses, getting paid for doing something the duffer pays good money to do, applauded by galleries, pointed out as celebrities.

Not a care in the world. Just get up every morning with the fine prospect of a round, sometimes two, in perfect settings. Nobody crowding you. Just taking your time and easing around, pausing for a refreshing lunch. Invited to nice homes of important people.

"That's necessarily so," Ed Furgol wants it known that it is all an illusion; that you'd better pick someone else to envy. Furgol is a former National Open champion who for several years has been doing quite well, comparatively speaking, on the tour. That is, he makes more money than most of his co-workers.

"People read of a pro picking up a cheque for \$500 or \$1,000 or \$1,500 in the tournament, and they get the idea it's a pretty soft life," he said. "All that money in a week just for playing golf."

Jake Mintz, Who Discovered Charles And Guided Him To Heavyweight Title, Dies After Suffering Heart Attack

PITTSBURGH (AP) — Fight manager Jake Mintz, who discovered Ezzard Charles and guided him to the world heavyweight boxing crown, died Saturday in hospital after suffering a heart attack.

Mintz, in his 60s, frequently had been warned to curtail his activities because of a coronary condition that had bothered him for the last 10 years.

He discovered Charles while promoting fights and making

matches in Pittsburgh. The Cincinnati Negro won the heavyweight crown from Jersey Joe Walcott June 22, 1949.

Mintz, whose latest protege was Edmonton middleweight Wilf Greaves, entered the fight business as a boxer, campaigning 40 years ago under the name of Jack O'Boyle.

Mintz was in Charles' corner the night he lost the world title to Walcott in a return bout July 13, 1951. Mintz always said he was responsible. He said Charles was not ready for the bout. Before the fight started he entered the ring with a protest and delayed the event — a televised bout — for about 10 minutes.

for about 10 minutes.

Pat McAteer And Bride Injured

LYON, France (AP) — British boxer Pat McAteer and his bride, honeymooning on the continent, were injured Sunday in a car accident near Lyon.

Mrs. McAteer, 23, was severely injured. Police reported that the McAteer's car plunged off the road and struck a tree.

They were married in England May 25.

McAteer's last fight was in Johannesburg May 4. He beat Jimmy Elliott while defending his British Empire middleweight crown.

Elliott died in hospital the next day of brain injuries received when he was knocked out.

McAteer, who has a bout scheduled in Britain June 24, suffered a cut left hand and forehead. He was not admitted to hospital.

Richmond Girls Wallop Danville

DANVILLE — Richmond White Sox posted a 25-6 overwhelming victory in the Ladies' Softball League over Danville Nats to keep ahead in their race for first place.

Violet Brock hurled for Richmond, allowing 14 hits, fanning seven and walking two. A. Leroux was on the mound for Nats, relinquishing 23 hits, fanning one. The Richmond girls started their onslaught with five runs in the first inning and added five more in the second. They got ten more in their half of the third frame with Nats picking up their first two runs. Then Richmond counted one each in the fourth and fifth, keeping Danville off until their half of the fifth where they added their fourth.

Richmond made it 25 in the sixth while Nats made it their sixth. No runs were scored in the seventh inning by either club.

The next game in Richmond is scheduled for Wednesday night when Asbestos Aces visit the White Sox. These games are scheduled for 6:30.

IKE'S PRO... No. 9 Proper Equipment Must

NEXT: The instant of impact. EDITOR'S NOTE: This is the ninth of 12 articles written NEA Service and Sherbrooke Daily Record by Ed Dudley, professional of the Augusta National, who includes President Eisenhower among his famous pupils.

By ED DUDLEY

Physical measurements influence the choice of clubs.

Contrary to popular belief, a tall person is better off with standard length clubs and a shorter player with a little more length than standard.

Proper equipment should be obtained after you have at least partially developed a fair swing. The choice in quality should largely be determined by how much a person intends to play. If a person plays once or twice a week, an expensive set of clubs is merely an initial outlay. Clubs last a long time with proper care.

Golf shoes should be of good quality and it goes without saying that a proper fit is a must. Shoes worn on grass or soft

Tarr's Jereboam And Beaudoin's Direct Harvester Divide Main Honors

Drivers Stage Real Fight In Top Class Sunday; Maximilienne Star And Grattan S Pay Top Prices

Amedee Beaudoin's Direct Harvester and Carrol Tarr's Jereboam divided the honors in Sunday's main event in a closely fought battle. The Tarr gelding toured the first heat in 2:11 1/2 while in the second half of the class Beaudoin's eight-year-old gelding won the race in 2:11 flat.

On Saturday evening three double winners were registered but on Sunday's card the honors were split with no two-way winner. Dr. Taylor's Laurina Rosecroft copped the "D" Pace while C. Fluet's Duck Corsica and Miss E. Morgan's Norma Knight walked off with their respective classes.

The daily double Saturday paid the sum \$32.00 for the combination of Taylor's Laurina Rosecroft and D. Corsica. In the first quinella comprised of Norma Knight and Ivan Mc paid their backers \$14.70 while in the ninth Hopeful Rosecroft and Beaudoin's Lise. Directly rewarded their pickers the sum of \$31.70.

On Sunday's card the double of Vallantine Lee, in the first, and Gendron's Miss Gisele Bing paid \$21.90. The top quinella of the afternoon was in the sixth when Maryland Port and Maryland Bilver came through 1-2 to pay \$23.20. In the ninth New Idea and Cass' Katie Did was the winning combination and paid \$18.00. In the third \$7.80 went for Mabel K. Brook and Desrochers' Dave Adam.

In the main event Sunday it was a hard fought race the whole way with the drivers going all out. Tarr's Jereboam got away from the second row but despite this driver Fern Desrochers made his move early to take over and head the class the rest of the distance. They covered the half in 1:07 but came home in 1:04 2/5.

Coombs' Clever Volo got away on the heels of the pace-setter and managed to squeeze though in second at the end of the mile. Beaudoin and Direct Harvester pulled up third.

In the second half it was a different story and Desrochers with Jereboam got boxed in and couldn't do anything about it. They finished third despite it. Beaudoin broke away fast, in fact all the six did, and moved to the front. It was a hard race with Jutras and St. Mortiz well up in pack. They got under the wire just ahead of Jereboam.

The high price for a straight ticket was paid in the seventh race Sunday afternoon for Roland Demers' Maximilienne Star when \$29.30 was doled out.

(Record photo by Gerry Lemay)

Five track records were smashed Saturday at the Bishop's College School closing day annual sports meet, and distribution of prizes, held on the School grounds in Lennoxville.

Most stirring performance of the day was turned in by H. A. Fielding of The Azores, who broke a 32-year-old record in winning the open mile event for the Kaulbach Medal. Fielding did the distance in 4 min. 52 sec. The old mark, set in 1925 by W. Harcourt, was 5 min. 2 sec.

Grant Johnston of Quebec City set two new records in the intermediate events. He won the 100-yard dash, in 10.4 seconds, and with it, the Jenner Challenge Trophy; and the 220 yard event in 23.7 seconds.

In the senior 100-yard dash, the two top runners broke the standing mark, while the third place runner equalled it. David

Hamilton of Toronto won the race, and the Balfour Cup, in 10.2 seconds. Fred Wanklyn of Nassau came second in 10.4 seconds, and F. Chonchol won third place in 10.6 seconds, the old record.

Wanklyn won the 440-yard open event for the Senator White Challenge Cup in the record time of 53.1 seconds.

The Smith Cup and Fortune Medal, emblematic of the Senior All-Round Championship of the School, were won by R. Anderson, of Montreal. The Martin Cup for the Intermediate Championship went to M. Byers of Montreal, while the R. M. C. Cup for the Junior Championship was won by R. Hart, New York. D. Abbott, Lennoxville, won the Richardson Cup for the Preparatory School All-Round Championship. The Sportsmanship Trophy

went to P. Jessop, of Quebec. D. Hamilton of Toronto was awarded the Rankin Challenge Trophy for the Upper School Track and Field Championship.

The Cleghorn Cup, presented to the player considered the most valuable on the senior rugby team went to B. Sharp. P. Mitchell, of St. Anne de Bellevue, won a new trophy for hockey, the Gerald M. Wiggitt Memorial Trophy for the player who best combines sportsmanship and ability.

Football Players' Salaries Have Taken Big Jump; Riders Have Tab Of \$400,000, Imports Cost \$8,500

OTTAWA — What price a lot of money," he writes in the first edition of the Rough Rider News, the club's new six-page publication. It is the first such football club hand out in Eastern Canada.

Referring to his early days in football, McCaffrey said: "The players played for the fun and knocks, and believe me, that was about all they got."

"Back in the 20s football was as amateur as they come, even more amateur, probably, than the struggling sports of rowing and paddling today."

"Any way you look at it, that's a lot of money," he writes in the first edition of the Rough Rider News, the club's new six-page publication. It is the first such football club hand out in Eastern Canada.

Together with larger squads, longer schedules and costlier operations, it means a club such as Ottawa picks up an annual tab of slightly more than \$400,000.

"Then, as I recall, clubs began paying players a small amount of money — it started with the munificent sum of five dollars — and gradually things improved to a point where just before the war the stipend was \$15 for a scheduled game and \$25 for a playoff contest."

"After the war, with the bigger influx of American players, the trend was to higher and higher rewards as interest in football began to grow in leaps and bounds."

"Today, a fair average for American imports would be roughly \$8,500 per season, and in a few cases, considerably more."

"Salaries for Canadian players, of course, rose along with those of imports, although not as high. A good Canadian player can earn between \$3,000 to \$6,000 today, with the average probably about \$4,000."
