

Ormsdown Exhibition To Have Plenty For All Who Attend

From the opening of the only attend the Exhibition at Ormsdown on Wednesday, June 5th, to the closing on Saturday Evening, there will be many interesting and exciting items to enjoy.

At the evening shows, as well as watching the high-stepping Hackneys with their stylish turnouts, or the swift moving roadsters that often have everyone wondering if the driver is going to maintain his balance, or the jumpers which provide an exciting moment or the draft teams which provide a colorful spectacle—there is always a special attraction along her different from the Horse Show, as follows:

The opening night will be featured by a parade with floats provided by the Catholic and Protestant Elementary Schools. This will be led by the Ormsdown Band and the Rhythmettes, always a most colorful display. Following the parade the Band and Rhythmettes will present a routine in the Arena. For the past number of years all who have seen them have been thrilled by the performance of the Ormsdown Majorettes and Moppets and we are informed that the training of the Rhythmettes has been honed to a fine precision so that we can expect a great performance from this group.

On Thursday Evening the Chateaugay Valley Pipe Band will provide entertainment. This enthusiastic group has been holding special practices in preparation for this event so we can look forward to a well finished performance from this local aggregation.

On Friday Evening the exciting Calf Scramble will again be held. This event is usually held on Thursday Evening but this year has been moved to Friday so that many who can

The Midway

Although the late Reid LeFebvre, the owner of the King Reid Shows, died suddenly during the past winter, the shows will be ably carried on by Mrs. LeFebvre and Mr. Morris Altner, a long-time lieutenant of King Reid's, so we are assured of the same entertaining Midway that we have been accustomed to in the past.

The Domestic and Handicraft Dept.

The ladies in charge of this department inform us that a new floral arrangement is being presented this year, also a very large competition and display of bakery products is anticipated, as well as a display of needlework, knitting, weaving, woodwork, painting, photography. There will also be an interesting 4H display which will all go to make this an area where anyone can browse for a couple of hours with a great deal of interest.

Farm Equipment Show

Already the representatives of five leading farm implement manufacturing companies have reserved space in Machinery Row opposite the Grandstand; undoubtedly more will be represented by show time. This is always an interesting spot for farmers to see and compare what is new this year has been moved to Friday so that many who can

Livestock

So far we have said nothing about the almost one thousand head of livestock which will be exhibited during the show, but they will all be there, — the great majority of them remaining until the show is finished on Saturday evening.

Many of us are inclined to think of the horse as something of a bygone age but when we see the 300 show horses which will provide an outstanding horse show on Wednesday afternoon, every evening, and all day Saturday, plus the 90 draft horses which will be shown on Thursday, we realize that there are many horses still with us and of a high calibre as well.

Also on Thursday the 107 beef cattle will be shown. On Friday the 335 head of dairy cattle will compete for the coveted prize ribbons.

Always an interesting feature of the Saturday live stock showing is the 4-H Club competitions. This year nearly eighty calves will be shown by keen minded young exhibitors anxious to display their skill. The showmanship competitions in this section are really something to watch. This will be on Saturday afternoon, with the numerous trophies which are given in this division being handed to the winners between four and five o'clock.

An interesting feature in the livestock area will be a display of Chinchillas. Ten to fifteen years ago there was a lot of interest being displayed and much money invested too in these furry little animals, then for various reasons interest fell off but apparently is now being revived and we understand on a more solid basis. Sudden Passing Mae O'Connor Shocks Community Monday

MRS. MAE L. O'CONNOR

Huntingdon County and entire Chateaugay Valley was profoundly shocked and saddened on Monday to learn of the sudden demise of Mrs. Mae L. O'Connor, widow of Dennis J. O'Connor, former representative of this district at Ottawa and also Member of the Quebec Legislative Assembly. Mrs. O'Connor was found dead in her bedroom at noon on Monday by Mrs. Matilda Brossiot, her cleaning woman. Dr. George LeFebvre, District Coroner, stated the deceased had suffered a heart attack and death had occurred at least forty-eight hours before Mrs. Brossiot found her.

Mae O'Connor was born at St. Anicet. In 1919 she was united in marriage to the late Dennis J. O'Connor. Her husband was a successful local businessman whose interests were as varied as they were successful and until his sudden passing in November 25th, 1946, his wife was widely acclaimed as the ideal helpmate in his business and political life.

The late D. J. O'Connor was the Liberal Member of the Provincial Legislative Assembly for Huntingdon County at the time of his death and when a by-election was called by the

Duplessis government for July 23rd, 1947, his widow was chosen official Liberal candidate to complete the term. While Mae O'Connor was the first woman to seek a seat in the Quebec Legislative Assembly, she was defeated by the late John Gillies Rennie.

Her interest in politics never lessened and she was always well versed on current events at all levels. When Army personnel were stationed in Huntingdon during the war years, she was President of the Soldiers' Club. For some years she was also President of the Huntingdon County Women's Liberal Association, always an active worker and Past President of the Huntingdon Branch of the Red Cross; an energetic worker for the Huntingdon County Hospital and a past Governor of same. A devout Roman Catholic, she was also a leader of many of the women's organizations of the church.

Popular among a wide circle of friends, Mae O'Connor was most hospitable and a gracious hostess. She admired quality antique home furniture and was recognized as a connoisseur of period furniture. Fluently bilingual, her friends included those of many ethnic origins.

The community at large is bereaved of a true and valued friend. While her pleasant personality and constant humor will create a void for many, few indeed will ever be aware of the many kindnesses and acts of generosity she performed for shut-ins and people whose stations in life did not allow for luxuries.

Surviving to mourn her loss are a sister-in-law, Mrs. John Leehy; one niece, Bea (Mrs. Donald Oumet of Malone); two nephews, Vernon Leehy of Black River, N.Y. and James Leehy of Haverstraw, N.Y. Remains are resting at her late residence, 58 Wellington St. The funeral service will be from St. Joseph's Roman Catholic Church on Thursday, May 30th, at 11 a.m. with interment at St. Joseph's Cemetery.

Armand Miron, P.C. Candidate Has A Busy Weekend

The Progressive-Conservative candidate in Beauharnois County, Mr. Armand Miron, asks all electors to check the electoral lists to see that their names are on.

These lists have been established according to reports supplied by the enumerators more than two weeks ago. If you were not at home when they went around, it is possible that you are not registered as a voter for the federal election to be held on June 25.

"In any case, it is very important to verify the lists, for the revision will be made on June 6, 7 and 8. It will be the last chance for anyone to have his name added to the list," says Mr. Miron.

The candidate invites all electors who might be in doubt to communicate immediately with officials of his organization, at the central committee, 171a Victoria St., Valleyfield.

Last Tuesday, Mr. Miron attended the convention for the choice of a candidate in Game In County, when Mr. Faribault was chosen. Last Saturday, he attended the 25th wedding anniversary of Mr. and Mrs. R. Tremblay of Maple-Grove and also was a guest at a reception in honor of Mr. Alain Leblanc of Huntingdon and of Miss Legault of St. Stanislas on the occasion of their approaching marriage. Sunday, he was at

Gerald Laniel Wins The Liberal Nomination For Beauharnois

Above are left to right Gerald Brisebois, Gerald Laniel, Gerard Pelletier, Ian Watson and Claude Pilon.

On May 22nd, the Liberals of Beauharnois held their nominating convention at Valleyfield's Edgar Hébert School. A crowd of about 300 saw Mr. Gerald Laniel win the nomination by acclamation.

As a consequence of the redistribution of counties across Canada, Beauharnois county has been modified. Mr. Laniel took the opportunity to greet

in a special way, the people of Chateaugay and Huntingdon counties who, with those of Beauharnois, form the new Federal constituency of Beauharnois. Evidence of his support could be seen by the attendance of Messrs. Ian Watson, M.P. for Huntingdon and Liberal candidate in Chateaugay, Claude Pilon, Liberal organizer in Huntingdon and Gerald Brisebois, Alderman, parties in Canada had newly elected leaders and the people

deserved a chance to make a choice between them. Second, if Canada is to continue on the path of progress, it is essential that the Prime Minister have a strong mandate. Third, all Canadians have a right to decide whether or not they want a unified society or a fragmented one. Mr. Pelletier also had a few words about Canada's international role and was very critical of a recent education conference held in Paris. He compared our recent problems in foreign representation to a strike situation where

choice between them. Second, sit down and negotiate a settlement. With his vast experience in trade unions the analogy was a propos, and the point he made was that when two parties are in the process of negotiating, action by any of the parties, must be delayed until agreement is reached. Obviously, he was referring to Mr. Johnson's impatience with the Federal-Provincial conference and Quebec's decision to immediately opt for sovereign representation at the Paris Conference.

Ormsdown Lions Club Hears Address On Advertising

Guest Speaker John Sanction, Gives "Message In Marketing"

Under the general theme, "How Advertising Works in Our Marketing Economy", John Sanction, president of the Monitor Publishing Company, Limited of Montreal, addressed the Lions Club of Ormsdown at its regular meeting last Tuesday evening. Included in his theme was the stake business has in advertising, and what the advertising industry is doing to increase public understanding of its role.

Beginning his address, Mr. Sanction pointed out that not everyone accords advertising the same degree of importance, and understanding in our economic system as business men generally do. Some critics decry the supposed wastefulness of advertising; others would like to take much of the buying decision away from consumers, and still others claim advertising adds to the cost of goods.

The advertising industry does not claim blamelessness. Of course there is bad advertising and even dishonest advertising, but it is just a fraction of this most visible of all business activities. The Better Business Bureau estimates abuses run from 3 to 5 per cent. Surely, we should not permit this to reflect on the integrity and good faith of the other 95 to 97 per cent of the advertising business community.

Businessmen have a large stake in advertising's future. Because essentially what is under attack is an important part of our economic system. So far, this system excels in meeting a basic test — the standard of living it produces — for on this continent, at least, it has undoubtedly contributed to the highest in human history.

Advertising as we know it only occurs in a mass society when there is wide choice and ready availability of goods. In primitive lands with few people, there is little need for advertising. Man quickly finds the sources of supply in his desperate search to satisfy his basic needs.

Early advertisements were as such a chronicle of the times as the lively but sparse news item which shared the same columns of type. Entering the basic principles and virtues of everything from ladies' hoops to houses and horses. The style was simple and direct, and reflected life as it was at that time from fashions in dress to the moral code of that day...

PRIME MINISTER TRUDEAU AT ST. JEAN

Above are Mr. Guy Roy, President of the Liberal organization in the County; Mr. Ian Watson, Liberal Candidate for Laprairie and Mr. Walter B. Smith, Liberal Candidate for St. Jean.

The large crowd waiting in the brilliant sunshine outside the City Hall in St. Jean, on Monday morning, gave an enthusiastic welcome to Prime Minister Trudeau when he arrived at the first stop on his tour of the Eastern Townships.

With Mr. Trudeau was Mr. Walter Smith, the Liberal candidate for the constituency, and Mr. Guy Roy, President of the County Liberal Association.

Members of the news media were there in full force and television and press cameras recorded the arrival at the City Hall. Many camera fans among the waiting crowd were able to snap some good pictures before Mr. Trudeau and Mr. Smith were escorted into the Hall where they were greeted by His Worship Mayor Lawrence McMillan and introduced to the various dignitaries of the City and a number of Mayors from adjoining municipalities. After a little personal conversation with each one, Mr. Trudeau signed the Golden Book and then, before taking his leave, he spoke briefly to the waiting crowd, using a microphone on the steps of the City Hall. In the constituency such as this, he concluded, where industry and

there and signing the many autograph books thrust out, chiefly by the young people in the crowd! Seated in the open convertible which was to take them to the next stop, Iberville, their departure was a little delayed by the enthusiastic camera fans begging for "just one more shot."

Among the large number of civic dignitaries invited by the Mayor and Aldermen of St. Jean to meet Mr. Trudeau and Mr. Smith were R. Payette, Pro-Mayor of Iberville, (the Mayor was unable to accept,

being at present in hospital), Mr. R. Beaugregard, Pro-Mayor of St. Jean, Mr. Paul Mercier, Mayor of St. Luc, Dr. F. Ferda, Mayor of St. Remi, Mr. R. Lamoureux, Mayor of Naperville, Township, Mr. Florian Dauphinais, Mayor of Hemmingford Township.

Although the campaign is not yet officially under way, Mr. Smith is becoming increasingly well-known in the St. Jean area and support is rapidly increasing. Mr. Jean Desmarais, former Liberal candidate in the Riding, has promised his loyal support and has an excellent organization to back him up.

that there will be those who will hand their names to either Mr. Tom Vine or to Mr. Gaetan Rousselet. It is expected that another meeting will be held on June 4th, when more reports will be in and Mrs. Ann Cameron, President, will have returned.

It is expected that the pool will be completed by June 15th, when it will be tried out to check proper

These photos show the two cars that were demolished near the Wallace Douglas curve on Route 4 about four miles west of Huntingdon on Saturday. The accident occurred shortly before 8 a.m. when two cars travelling in opposite directions collided. One, a 1961 Chevrolet hardtop driven by 20-year-old Wayne (Pat) Donnelly of Glenelg, rolled over after the collision and came to rest with four wheels in the air. The driver suffered stitches around his right eyebrow and cheek and suffered multiple cuts and bruises and a possible stomach injury. His 14-year-old passenger, neighbor Glen Roy, required sixteen stitches above his upper lip and the plucky lad was back at Chateaugay Valley Regional High School on Tuesday. The driver was treated at Huntingdon County Hospital and taken to the Barrie Memorial in Ormsdown and allowed to leave on

Sunday afternoon on the understanding that further X-rays would be required in a few days. The car travelling west was driven by Robert Brunet of Cazaville and his passenger was Gilles Robidou, also of Cazaville. Young Brunet required three stitches to a finger on his right hand, five stitches to close a cut over his right eye and multiple bruises. Gilles Robidou suffered a badly bruised arm and multiple bruises. Brunet's car, a 1966 Pontiac purchased a few days previous slid sideways a considerable distance in the direction it had been headed and finally stopped facing the opposite direction after crossing a deep ditch. Miraculously, death was cheated. Passers-by and the Douglas family extricated Wayne Donnelly and Glen Roy only after prying the doors open with crowbars.

This and That in Town

CURB CAUSING CRITICISM — The work being done to the sidewalk on the north side of Chateaugay St. in Orléans is causing considerable comments, some favorable and some not as favorable. For one thing, the street should be a few inches wider when the work is complete and nobody can say that isn't all for the good. There will be fewer rear ends of cars jutting over the sidewalk to interfere with pedestrians and that's good too. As for appearance, everyone knows it isn't fair to judge a paint job until it's finished so to those whose criticisms are unfavorable, we just say wait and see. One thing though: if those hydro poles could only have been eliminated by placing the wiring underground everyone would really approve.

HOWICK — Heard of the Howick Speedway? It's there, north of the town. Frankly, when we first saw the bumper stickers and some of the cars zooming around we were under the impression the speedway was Lambton St. Sorry about the mistake and good wishes to the promoters.

ORMSTOWN — this town usually leads the spring cleanup campaign, getting ready for the Exhibition. Painting, cleaning, cutting, trimming... you name it, Ormstownians are doing it.

PERCH — Would you believe a 3-lb. perch was caught at St. Anicet last week... and a 15-inch brown trout below the dam in Huntingdon? Gospel every word.

DON'T FORGET FOLKS — Marie Lewis, 264-2845 and Frances Eccles, 827-2500 are still planning their Giant Auction for July 6 in aid of the Gay Valley School. May they hear from you?

WITH PROFOUND REGRET announcement is made elsewhere in this issue of the death of one of Huntingdon's most respected citizens, Mrs. Mae L. O'Connor. Death came unexpectedly and Mrs. O'Connor was found at noon on Monday on her bed by Mrs. Matilda Brossier, her cleaning woman. Mr. George Lefebvre, District Coroner, stated that death had occurred more than forty-eight hours before. Her many friends had believed the deceased to be in good health except for a severe sinus condition that had been bothering her for some time; however, her physician, Dr. Gordon McCrimmon states that Mrs. O'Connor had been aware of a heart ailment for quite some time. Particulars appear elsewhere.

DEER — A couple of local people driving between the Saranac Lake area and Lake Meehan on their way home to Huntingdon on Saturday evening saw two pairs of eyes reflecting in the headlights and at first thought a couple of dogs (small ones at that) were enjoying the night air. On approaching, they saw two very young deer, not in the least afraid of the car. Driving right up to them, it was necessary to honk the horn and even then the little fellows only walked slowly off the road into the woods. They'd be nice to bring home, but how long would they last around here! If they weren't killed before hunting season, we miss our guess.

FOUR HUNTINGDON ACADEMY STUDENTS to receive diplomas at McGill Convocation: Barrie Fraser, Second Class Honors, Faculty of Agriculture; Ann Fraser, Bachelor of Education; Elizabeth Gaw, Second Class Honors, Home Economics; Ellen Bulow (Mrs. Peter Krause) Second Class Honors, Home Economics.

VINTAGE CAR CLUB — This Montreal organization which boasts a few active members from the Chateaugay Valley held a picnic/rally at the Ormstown Ex ground on Sunday. The oldtimers were tuned and polished for the event and prizes were awarded for various novel competitions. One involved a person with a spiked pole standing on the running board of the ancient vehicles whose job was to spear as many potatoes as the driver wove around the track; another test was strictly driver skill as a small plate was affixed to the undercarriage of the vehicles and the drivers had to knock off as many oranges as possible while running the course. The weather was a bit cool and windy, but the car buffs enjoyed every minute.

HUNTINGDON ROTARIANS are feeling justifiably pleased. Secretary Donald Hartley received notification this week that the local club tied with another District 707 Rotary Club for the highest increase in membership during the past twelve months. President Mac Brockman advised members that the Beauharnois Rotary Club now meets on Thursdays at Miss Maple Grove Restaurant, instead of Mondays as formerly. Rotarians Erle Martin, Cecil Brown, Jon Proudfoot and one other local member plan to take part in the District Rotary Golf Tournament at Massena on June 28, hosts being the Potsdam Rotarians. Rotarian Jimmy Smyth reported that \$1850 had been received to date for the Easter Seals Campaign (see elsewhere). The Club unanimously voted to again send two students to the United Nations Seminar August 19 - 24 scheduled to take place in Montreal. A student from Notre-Dame in Huntingdon and a local student attending the Chateaugay Valley Regional High will be named by school authorities.

EMPLOYMENT SITUATION IN VALLEYFIELD AREA

On the 30 April 1968, in the the Canada Man Power Centre area served by the Canada in a position to rapidly fulfill their needs, as to the number and quality of clients who are seeking employment through our medium.

The month of April revealed certain signs of improvement in the employment situation if it had not been for the present upsets in the textile industry, we would have registered a slight decrease among the unemployed.

The construction section enjoyed some activity and we recorded 721 clients unemployed compared to 844 at the end of March.

Clerical and sales women unemployed were 347, a decrease of 7 clients over the preceding month, while our service section recorded 241 clients compared to 244 on the 30th of March.

Manufacturing Section numbered 299 men and 92 women unemployed, an increase over the preceding month.

To sum up, we reiterate last month's invitation to employers, that is to say, that

PLANK ROAD — Resurfacing of the Plank Road from Huntingdon to Port Lewis is taking place. This is a much-travelled piece of road, especially in summer. The resurfacing is commendable but it could stand widening some time in the future also. Another stretch that requires attention is that section between Route 4 and Route 3 from the Ridge Road at Lee's Corners to Cazaville: the sharp little hills are extremely dangerous, especially for strangers. About the half-way mark a car ascending a steep hill and keeping well to the right when doing so invariably hits a pothole that at the very least causes front ends to go out of alignment.

TALKING ABOUT OUR ROADS, an accident occurred at the Wallace Douglas curve on Route 4 about 3 miles west of Huntingdon on Saturday that resulted in serious injury to a 20-year-old man and a 13-year-old boy. The two cars involved were demolished and eyewitnesses claim nothing short of a miracle saved the four occupants of the two cars from instant death. The curve in the road at this spot is recognized as dangerous and if two cars meet and one is travelling at excessive speed and swings out from his side of the road when rounding the unbanked curve, accidents are unavoidable. Fortunately, Pat Donnelly and 14-year-old Glen Roy, a neighbor, cheated the Grim Reaper. (See elsewhere).

TV VIEWERS saw Dave (Corn Cob) Zabitsky on Channel 12 Monday afternoon being interviewed by Jack Cairns on the popular "In Town" programme. The ten-minute interview dealt mainly with Huntingdon and the industry that is making Orléans known from coast-to-coast in Canada and in at least a half-dozen European countries, "Sunday Cob Pipes."

As most people are aware, Dave has always been a pipe smoker (even in high school days) and 99% of the time he smoked corn cob pipes. It wasn't until about three years ago that Dave and his partner Eric Brown (Huntingdon Dry Cleaners) went into the business of manufacturing pipes right here in Huntingdon. Since then this business has flourished and they manufacture thousands of Sunday Cobs in every style from miniatures to the "General MacArthur" with a five-inch bowl. Dave explained the manufacturing process from the raw cob to its various stages of finish and local viewers state the programme was most interesting. Would you believe Dave, trying to look his best when he was told the programme would be filmed in colour, gashed his chin with his razor Monday a.m.? (Miss Monique Leyrac, Canadian chanteuse of fame who recently completed an engagement at Place des Arts was being interviewed for the same programme and we're wondering if Dave wasn't more concerned about what the singing star thought of his appearance than the TV viewers).

UNFORTUNATE ACCIDENT — Port Lewis was the scene of a serious accident about 7 p.m. Sunday when the 4½-year-old son of Mr. and Mrs. Gerard Carriere was struck by a car. The youngster suffered severe head, shoulder and leg injuries and was taken to Hotel-Dieu Hospital in Valleyfield by the Montpelier Ambulance from Huntingdon. Driver of the car was Mr. Ronald Paquin of Valleyfield. The little lad ran across the road near the Route 3 Carriere restaurant and the accident was unavoidable.

THE FAIRVIEW FARM Ayrshire Dispersal Sale takes place at 7:30 p.m. tomorrow (Thursday, May 30) at St. Hyacinthe. More than 100 head owned by Henry Wallace will go on the auction block.

GARTH STEPHEN (Braithwaite Bros.) recently received results of pictures he took of the moon from his photo finishers. To merely say the picture is excellent is not doing Garth's photographic skill justice. We suggest anyone interested drop into the store and ask to see it. The craters are very clear and one can even see a mountain ridge in one of the craters. Unfortunately, newspaper reproduction would not do justice to the photo either, suffice it to say it's worth seeing if you're in the store.

TO RENEW DRIVING PERMITS — We have been informed by Kenneth Fraser, M.P.P. that people over 70 years of age who receive notices to obtain a medical certificate and take a drivers' test need only to send the medical certificate to the Dept. of Transport and Communications in Quebec. No driver's test necessary.

MAYOR LEO CAPPIELLO's health is not improving as fast as his many friends would wish. He is reported to be suffering constant acute pains in one hip. He has been under doctors' care for almost two months, parts of which time he was hospitalized locally and in Montreal. For the past week he has been in Room 1937 of the Montreal General Hospital, where he has undergone 25 X-rays. Come on man, SOMEBODY has to keep the lights on that bridge in good order.

THE BOY SCOUT Military Whist in the cafeteria of Huntingdon Academy on the evening of the 16th was most successful. Sponsored by the Group Committee of the local Scout Troop for the benefit of Orléans Scouts, support was excellent. 34 tables of players report an enjoyable evening. Extra tables and chairs were brought in from St. John's Church and the Royal Canadian Legion as many of the ones in the school were being used in the auditorium. The sponsors wish to thank the Legion and the Ladies Guild of St. John's, also the Huntingdon merchants who generously provided prizes. A special thank-you is tendered Mrs. Norah O'Hare and her refreshment committee. Players were awarded

Franklin County, N.Y. To Have Dairy Princess Contest

The first countywide Dairy Princess contest to be held in Franklin County will take place June 8th; when contestants from all parts of the county boundaries will be judged prior to the banquet to be held at the Masonic Temple, Elm St. Malone. Contest rules are from the American Dairy Association.

Sponsored by the Franklin County Pomona Grange with the co-operation of all other farm, fraternal, service club, organizations, and other interested groups, the contestants must come from a farming family, where 70% of the income is derived from dairying. They must be 17 to 24 years of age, and graduating from high school this June, and unmarried.

The winning contestant will be eligible to go on for New York State judging, and if a State winner, will be able to accept speaking commitments. A salary from September 1st until January 1st, receiving School or College credits. After Jan. 1st, she will return to her studies until June, when she will again be on call for speaking dates across the State etc. This is a wonderful opportunity for the State winner.

June 8th will be the Date to Remember — Starting at 6:30 P.M. with a "COWTAIL HOUR" at the Masonic Temple, with a roast beef banquet at 7:30 P.M., when the guest speaker will be the Honorable Robert C. McEwen, (congressman) House of Representatives Washington D.C., and Ogdensburg, N.Y. Entertainment will be presented by Miss Bonny Johnson, Vocalist, of Chateaugay and Albany, N.Y. along with Mr. Roger Hupman of Windsor, N.Y. who is an excellent speaker.

All Grangers and Huntingdonians who are interested in dairying are welcome to attend this open banquet. Tickets may be had from Mrs. Kay Williams, General Chairman, at \$3. per person inclusive. Reservations deadline — June 1st. The other members of the Committee: Mrs. Eunice Jones, co-chairman, Leland D. Smith, Marion Dument, Raymond Tardell, Sec. Treasurer, Norma Faragher, Publicity Chairman (Vivian Dufour); Banquet Chairman Sally Thompson; Cowtail Hour Chairman, Marie Riendeau; all have tickets for sale. This project is being financed by donations received from all merchants, banks, dairies, organizations, throughout Franklin County; gifts from the Princess from the many stores in that vicinity, as well as door prizes and dairy products.

Mrs. Williams and Mrs. Jones will appear on Channel 5 WPTZ — Plattsburgh T.V. on June 5th, at 9 A.M. on the Thelma Cluff show.

WEEKEND ACCIDENTS IN OUR AREA

On Saturday morning at about 8 o'clock two cars were involved in an accident on Route 4 about 4 miles from Huntingdon, going toward Trout River. One car was driven by Robert Brunet of St. Anicet and the other by Wayne Donnelly of Glenelg. Two juniors were passengers in the cars. The cars were travelling in opposite directions one going toward Huntingdon, the other toward Trout River. They met on a curve when the accident happened. Reception In Honor Of Mrs. Faribault

A reception in honor of Mrs. Marcel Faribault was held in Windsor Hotel, Montreal, on Monday evening, by the Conservative women of the Montreal region. Among those present Mrs. Marcel Langevin of Valleyfield, Mrs. Paul Sauve of St. Eustache, Mrs. Marcel Faribault, of Montreal, Mrs. Armand Miron of Valleyfield, Mrs. Arthur Vinet of Valleyfield, Mrs. Lessard, provincial president for the Conservative women of Quebec, Mrs. Paul Deregenty, Mrs. Jean-Louis Leduc of Valleyfield, Mrs. Laflamme president for Montreal, Mrs. Hervé Brunet of Valleyfield.

office. — Approved. **Quorum Recommendation 3** — That a quorum consist of fifty people exclusive of members of the Directing Committee.

The above recommendation on being put to the vote was defeated after some discussion. On a count being taken of the number at the meeting, it was found there were not enough when children and Directing Committee members were excluded. It was felt therefore that the number to constitute a quorum should be reduced from 50 to 30. An amendment was moved to the original motion and this carried, while the original motion was defeated. It is therefore to go back to the Directing Committee for the change.

It was pointed out that the committee considered the potential of parents and others interested should be sufficient to obtain an attendance of up to 75, but 50 was settled for. Some present felt that a greater interest should be shown in the interests of the children and the school. Some others felt that it might be hard to hold a meeting if the quorum number stood at 50.

The Home and School Association — That the Home and School Association be re-activated.

The above recommendation also created a discussion and the final outcome was that the meeting felt this Association should be re-activated. It was suggested that perhaps a new group could be formed right at this meeting. It was considered this might cause some confusion so it was decided to adjourn the Workshop meeting and then open one for the Home and School. This method was adopted.

Mrs. Lowenberger thereupon read a financial statement of the Home and School Association of which she and Mrs. Tannahill were still in charge.

A nominating Committee was called for, but on the third time of asking, none was forthcoming and the matter dropped.

On June 4th there is to be another meeting of the Directing Committee and the public and the school. Some others is invited to attend.

What It Takes - In Politics

WE are definitely living in a changing world and this first year of the second hundred of Canadian Confederation is pointing that up in no uncertain terms. The political scene so far in the present election is really pathetic.

More than ever, each political party needs men of dynamic personality and force. This trait should be particularly so in the leaders. It seems to us that at each election there is a greater loss of that ability to arouse within the electors the enthusiasm of old which sent them out in support of their party. Political meetings of yesteryears used to be big events — to be attended in force and by all beliefs. It was proper to heckle the speakers with questions on points that one wanted to be made clear. Today, meetings are sparsely attended, then only by followers and supporters of the party or perhaps by a few from other parties. No one interrupts the speakers for fear of offending and at the question period few, if any, questions are asked. What is it? Lack of interest? Perhaps a don't care attitude.

Progressive-Conservative Leader Robert Stanfield opened his campaign in Winnipeg the past week. Despite the fact that some 4,000 people were present, his address is reported to have fallen flat. We believe Mr. Stanfield to be an honest man and not prone to trouble making — these are good traits. In the political field however there must be a show of determination, a readiness to fight for a cause, a willingness to propose and to follow through. The audience must be aroused with the fire of ambition to get behind their leader and see him elected. We feel Mr. Stanfield stands as a pathetic figure in this particular election unless he changes considerably as the campaign goes along, or he gathers men who can fire the political enthusiasm of the voters for their leader.

Pierre Elliott Trudeau, who also might be termed a quiet man, is managing to work up enthusiasm among the electorate, both the young and the old, with his stubbornness to keep to a point. This shows a firm nature that is not easily swayed even though it may cost him the election — and it could. On the other hand, this may be a trait people will admire and see in it better government for the future.

As stated in the beginning of this editorial this is the first year of the second hundred years of Canadian Confederation.

Re-Activating The Home And School

THE question of re-activating the Huntingdon Home and School Association came up at a meeting of the Educational Workshop at Huntingdon Academy. While there appeared to be many in favor, when it came to setting up a new roster of officers no one was willing to form a nominating committee.

The question was asked Why should this Association be re-activated? Mr. Brockman replied that at one time the Association here had done a first class job and was recognized as one of the best in the Province. He enumerated some of the accomplishments and felt the school would and could still use such help. Some others felt that a call would soon be made for a Regional School Home and School organization and it would be the same people who would be serving all the time.

Also at this meeting the question of a quorum for the General Assembly of the Educational Workshop came under discussion. The one set was considered too high and it was lowered.

In earlier years, before regionalization and when the trend of education was much different than it is today, this newspaper supported the Home and School and felt

We have had a number of years of pussy-footing around and getting nowhere — we now need a firm government in power that will not flinch from its duty, but will set a solid path in the right direction with a determination to do the right thing.

We have one other party and leader — this is the N.D.P. with Tommy Douglas at the helm. Tommy is now an old hand in the business. With the right approach and appeal to the electorate, he might just turn the tables. What is the feeling of the electorate — are they tired of the old parties? Do they want a change? These are some questions that might be asked.

In this game of politics it is sometimes the surprising that can happen. No one thought Mr. Diefenbaker would be elected that first time when he swept the country. Unfortunately he could not hold his gain and we have had minority governments for the past few years. There is still indecision in the mind of the electorate and mamby-pamby speeches are not going to win this election. The politician who will win a seat is one who can arouse his people into believing he can do what he promises and will then go out and do it. Such a man will inspire confidence and hope in getting things done. Today, action is needed in many directions, there is far too much talk and it has and is, getting us nowhere. Parliament is becoming a debating society instead of a place where government formulations are made and enacted.

To date, there has been no announcement by any party as to what they stand for, or the platform on which they hope to be elected. This is further evidence of the lackadaisical way which the politicians of today have gotten into. All of this may have to do with the indecision of many of the voters until the last minute. It may account for the fact that so many even fail to cast a vote.

A decisive mandate will require much more enthusiasm in our area than for many years past due to redistribution of the ridings and the removal of almost all local contacts. It is going to be something new for the electors of these parts and the candidates will need to do much to make themselves acquainted. For years this area has been used to having candidates who were more or less local and at least fairly well known to most. There is no doubt that there will be a difference in this respect.

All of this of course ties in with the feeling that the number for a quorum was far in excess of what might be expected. We have been going to meetings for many years and regret to say we must acquiesce with that feeling. Even now, we believe that there will be many occasions when a meeting will have to be cancelled if even this lower number is required.

We are indeed living in a changing world and in some cases it is not always for the better. That little old motto of "Let George Do It" still holds and so long as George will do it, he can. Now if George appears to be stepping on someone's toes — then there will be a blast. George gets tired finally and he refuses to do it — so nothing is done.

It is said that everyone is too busy these days to bother with this or that. This could be true. In earlier days to work on a committee was a part of the social life of a community. Today, there are other things to do, so many other attractions, that it is possible people are too busy. What we must decide is — what are the more important matters? Sometimes the serious subjects must be undertaken and the frivolous ones forsaken. This means a sacrifice and today they are not willingly made.

While we believe many of the various organizations are worthwhile, we fear for their success if they make too many calls upon the time and efforts of our present day world.

Ormstown Exhibition 1968

BEFORE our next edition hits the street, Ormstown Exhibition will have opened its doors with a gala old-time country music show that promises to draw a large attendance through the gates and into the arena. The official opening will be held on the second night — Wednesday, June 5th, with the usual ceremonies marking this occasion.

The Exhibition Board has gone all out to bring the Fair patrons something different this year and to give them a greater and longer treat for this Spring opener of all the exhibitions. The horse show and other animal exhibits are in greater number than in former years and this should mean an even bigger and better show too.

We suggest that you plan right now

to attend this "Little Royal" and take your friends also. Make it a week of holidaying and sightseeing. There will be something for everyone during the entire Fair period and the King Reid Midway is as usual supplying the fun attractions and the rides for children and adults. As announced some time ago, King Reid himself will not be with us, for he passed away during the winter months. He was the big man of the show in more ways than one and to so many of us he is going to be missed when we visit Ormstown Exhibition; however, the show is being carried on as usual with all the traditions he had established. It is show business and the Show Must Go On.

So we'll see you, and you, and you, at the Ormstown Exhibition next week.

Bridal Shower
Mrs. Howard McCracken, Mrs. Maurice Leggett, Mrs. Osborne Pringle and Mrs. Richard McPherson were joint hostesses recently at a miscellaneous shower in honour of Connie Bell, a June bride-elect. About twenty of her friends gathered at the home of Mrs. Howard McCracken. Upon entering the room, Mrs. McCracken pinned a corsage on Connie and expressed best wishes to her. Connie graciously thanked everyone present for the lovely gifts.

Tea and Presentation
A delightful tea in honour of Mrs. H. Lowenberger was held Saturday afternoon in the Huntingdon United Church Hall, Unit 6 of which she is a member had planned this event and were assisted by Mrs. Lowenberger's church school class. The tea tables were centered with lily-of-the-valley and blue violets, while tall tulips and candles were used on the head table. Those pouring tea were the ladies of the units, Mrs. Arnold Milne and Mrs. William Dawson, Mrs. Harry MacNaughton and Mrs. Charles Reid, Mrs. William Tannahill and Mrs. Clarence Stark. After Kathy Blake and Sheldon Carr of her church school class had pinned a corsage on Mrs. Lowenberger she was presented with a gift box by Mrs. Earl Fennell, U.C.W. president. Upon opening the box Mrs. Lowenberger was amazed and delighted to find that it contained, not an article, but "money". She thanked the ladies in a few well-chosen words.

Mr. and Mrs. Marc Lefebvre of Ottawa and Mr. and Mrs. Ed. Dollos of La Tuque spent the week-end at the home of Mr. and Mrs. Watson Tannahill.

Spring Tea
A delightful and successful Spring Tea arranged by Georgetown Presbyterian W.M.S. was held on Thursday afternoon May 23rd. The sun shone and baskets of lilacs and bright tulips placed about the chancel and church hall made everyone feel that spring is a lovely time.

The President, Mrs. Robert McFarlane, welcomed every- one, which included about one hundred ladies from Hunting- don, Ormstown and neigh- bouring churches, and led a worship service.

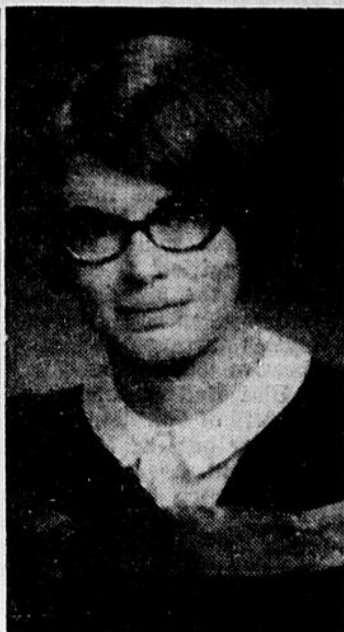

A pleasing duet "God's Way Is the Best Way", was sung by Mrs. Lorne Simms and the Rev. William M. Brown. Mrs. William M. Brown in- troduced the speaker, Mrs. Douglas Allan, of Ephraim C.G.I.T. More than \$200 was Scott, Presbyterian Church, Montreal, a charming, viva- cious young mother, who has been an active worker with tea.

C.G.I.T. and still is with youth groups. She repeated a question asked by a youth from a pul- pit, "Are You listening? Are you really listening?" Her message challenged each one, young and old, to become in- volved.

Mrs. McFarlane thanked Mrs. Allan for her inspiring and challenging talk and the benediction was pronounced by the Rev. W. M. Brown.

The ladies were invited to gather in the church hall where dainty and delicious refreshments were served. Later they flocked around the three sale tables which in- cluded home-baking, potted plants, and upstairs a misce- laneous table in charge of the Douglas Allan, of Ephraim C.G.I.T. More than \$200 was realized from this event. A short business meeting of the W.M.S. was held prior to the been an active worker with tea.

like to clarify some of those points.

(As you can see, this letter is signed by five families living on the road on which your ve- hicles travel.)

Firstly, regarding the speeds your vehicles go — They bomb up and down here at speeds between 50 and 60 m.p.h. Now, this may not seem much, but when you are on a narrow lane, only partly paved and that part all broken up by your trucks — with a seven- foot ditch on one side part of the way, 60 m.p.h. is very fast.

To give you an example: Now that summer is here, I (Mrs. Smith) often go for a walk up the road to our village store — about 1 1/2 mile from our house. Yesterday, while strolling along with my two children in a perambulator, one of your trucks passed by so fast that the rush of wind produced when he passed us, blew the cover top off my children's pram and hit me on the forehead. Your driver, at least, should have had the de- cency to slow down when he saw pedestrians.

Secondly, on some week- ends your trucks start at a- round 5:30 a.m. Can you ex- plain this, please?

When the trucks go past, our entire house shakes, the win- dows rattle, and we can not

see out the windows or down the road because of the dust kicked up by the vehicles. It is quite a little while before the dust settles down again.

As we said earlier, only part of the road is paved — the rest is a dirt road. During thaws and wet weather, this portion of the road invariably

gets broken up; potholes ap- pear and the road is really un- fit for travel to say the least. However, do you think your drivers are considerate enough to slow down on these broken areas? No.

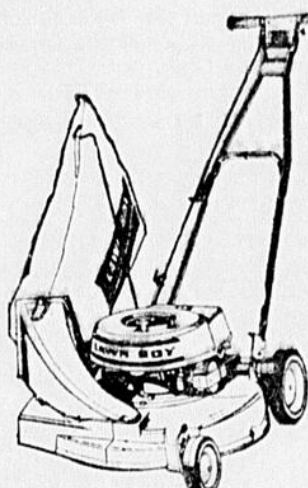

We are sure that you have no intentions of disregarding the feelings, safety and com- fort of people living on the road, so we ask: if it way too much trouble for about 4 miles your drivers refrain from speeding and travel at about 20 m.p.h. or under? Or does a child or dog have to be run over — unintentionally, of course — and killed or maimed before you do anything about the terrific speeds. Is it too much trouble for your drivers to take the back road which passes nothing but bush, lands and garbage dumps in- stead of houses and come out on to a hard-top a Fertile Creek, or St. Pierre? On our road alone, there are at least 20 children. Perhaps this will give you food for thought.

Should we happen to follow one of your vehicles, we are forced to do so until we are on the way to Howick, where there is a straight stretch of road wide enough for us to overtake, if we so desire. You take up all the road, and should a car be coming from the opposite direction, that car either has to come to a complete stop or run the risk of going into the ditch or off the road. Can you imagine what happens in winter? In all fairness, though, we must mention that a few of your drivers do not go at a

The Late Cyrien Charette

Mr. and Mrs. Anoline Meunier have returned from Quebec City, where they visited Mrs. Meunier's uncle, Mr. Cyrien (Sidney) Charette, prior to his death on May 21.

Mr. Charette was born at Hemmingford and attended schools in the U.S.A. He was a veteran of World War I where he received the MM and served also throughout World War II. He was a barber some time in Howick before going to Quebec City, where he worked for the Government at the Parliament Buildings.

Sympathy is extended to his wife the former Euphemie Lupuis, one son Louis, a daughter Adele and other relatives.

OPEN LETTER

The following is a letter addressed a firm of contractors regarding a nuisance caused by trucks passing along a road in a residential section of Riverfield. The whole is self explanatory and calls attention to a certain plight of the residents affected.

fast speed, they do let you pass, if you wish, they do slow down when meeting cars and people, but these drivers are few and far between.

You mentioned over the telephone that there was to be a meeting this evening, and you would bring the subject up. You also said you would have the complaints investi- gated and that we would hear from you within two weeks. As you can see below, copies are being sent to the Gleaner, and the Mayor of Howick. If you so desire, I will send you an edition of the Gleaner when the letter is printed.

We trust to hear from you favorably in a short time. Cordially,

Church was held at 11 A.M. tion served a delicious lunch and conducted by the minister, Rev. R. H. DeLorme. This was Rev. DeLorme's last service as minister, and the service was well attended by members and friends of the congregation and by some members of the Valleyfield Youth Group. This was a service of Holy Communion and the sermon topic was "The Garden of God".

At the close of the service a reception and lunch was held in the Church Hall. Mr. Wm. McFarlane made a short farewell speech and presented Mr. DeLorme with gifts from the congregation. He also mentioned that Mr. DeLorme has recently obtained his Masters degree in Theology. Mr. DeLorme responded to Mr. McFarlane and thanked the congregation for the gifts and for their many kindnesses to him and his mother during his stay in Valleyfield.

Presbyterian Ladies Guild

The ladies of the Presbyterian Guild held their monthly meeting on May 23rd, at the home of Mrs. E. Merlin with Mrs. Harry Davis as hostess. The President, Mrs. E. Napper, was in the chair. Nine members answered the Roll Call and one visitor was welcomed. Mr. K. Bachelder, Worship Convener, took the Scripture lesson from Romans 3. v. 21-31, dealing with man being saved from his sin by justification and faith.

The minutes of the last meeting were read and approved. The question of a floor covering for the Hall was discussed and it was decided to look into the matter a little further before a final decision was made.

A representative was chosen to attend the forthcoming meeting of the Playground Association.

A Booth at Havelock Fair is to be reserved and members were asked to utilize their time in the next few months, in making articles for the Booth, these to be brought to the August meeting. It was moved that no meetings would be held in June and July.

There being no further business the members closed the meeting by reciting the Mizpah Benediction. Refreshments were served by the hostess and a social hour enjoyed.

Wedding

Gnass - Dutton
The wedding of Lt. William E. Gnass, son of Mr. and Mrs. Gunther Gnass of Hemmingford and Miss Betty A. Dutton, daughter of Mr. and Mrs. James Dutton of Riverside Drive, Mobile, Alabama, took place recently at South Brookley Methodist Church, Mobile.

The Reverend John E. Matheson officiated at the double-ring ceremony.

Mr. Dutton gave his daughter in marriage and she was attended by Miss T. Windham of Tampa, Florida, as Maid of Honour. Lt. George Holder of Gretna, La. was the best man.

The bride wore a two-piece beige dress suit and carried a cascade of red and white carnations. Her Maid of Honour was attired in a light pink dress and carried a cascade of yellow and white carnations.

The reception was held at the home of the bride's parents.

Attending the wedding from Hemmingford were Mr. and Mrs. Gunther Gnass and the Misses Nancy, Gloria and Christel Gnass.

Lt. Gnass is a graduate of Moores Central School, Miners Institute, Canton A. T. I. the University of Georgia (Athens) and the Officers Training School, Newport R.I. He is now an O.O.D. Instructor at U.S. Naval Base, San Diego, California.

Mrs. Gnass is a graduate of Mobile, Alabama School and University. She is a Laboratory Technician at San Diego Hospital.

The happy couple are residing at 4265 Mentone St., San Diego, California. 92107.

A pleasant Holiday

Down South.
Mr. and Mrs. Gunther Gnass, Nancy, Gloria and Christel recently returned from a pleasant holiday in the southern United States. On the way down they visited Mr. Gnass's sister and brother-in-law, Mr. and Mrs. Hank Timmermann in Latrobe, Pa. and spent some time in Lexington, Ky. and Decatur, Ala. Then on to Mo-

bile where they attended the wedding of their son, Lt. William Gnass. While there they were the guests of the bride's parents and visited the Bellin-grath Gardens and the U.S.S. Battleship 'Alabama.' After the wedding they continued on to Florida, stopping over at Niceville and Tallahassee. Then a week at Fort Pierce where they enjoyed delightful weather and swimming in the ocean. Mr. Gnass visited Mr. Edward Coveney, formerly of Moores and now residing in Fort Pierce. They went deep-sea fishing and enjoyed a visit to the Cypress Gardens.

On the way home they visited Jessup, Georgia and Charlotte, N.C. where they visited their son Myron, who has been residing there for the past three years.

This was their first trip to the 'deep south' and proved so enjoyable they hope to repeat it in the near future.

Hemmingford Golf Club
The beautiful weather of the past week-end brought out a large number of golfers to the Hemmingford Club and a near record turn-out for the Men's 2-man Best Ball Tournament. There were 70 players taking part.

First place went to Fred Coveney of Moores and Doug Glover of Ormstown with a 65, 5 under par. Second place to Max Boast of Lacolle and Ken Devereux of Montreal with a 66. Third place to André La-maire of St. Remi and Doug McGregor of Hemmingford with a 66. It is interesting to note that 10 teams broke par and 5 teams equalled par. Could be the excellent condition of the course — or again it could be that our golfing enthusiasts are really getting into their stride. The very competent staff under our Henri's expert eye again served a delicious buffet supper, not a vacant chair or table to be had. Rumour has it that work on the new extension will go on around the clock in

Advertising may well be lower prices and a consequent saving to the consumer.

In speaking of the widespread misunderstanding and concern about the role of advertising in our economy, Mr. Sancton told of some of the steps now being taken to correct this situation. An all-industry non-profit organization known as the Canadian Advertising Advisory Board, of which Mr. Sancton is a member, has been reactivated and a broad long-range program of research and information has been initiated. Formed 10 years ago, the CAAB has recently been re-organized and its membership to include not only the national association of advertisers and advertising agencies but also all major media in Canada.

This Board has re-issued the Canadian Code of Advertising Standards, and the booklet now includes relevant portions of the Criminal Code and the Combines Investigation Act. In addition to the Code, it should be noted that there are various regulations through which public control of advertising is already exercised. In addition to the Criminal Code and the Combines Act, there are certain other statutes covering specific commodities such as drugs and food.

Legal advice has been obtained regarding the administration of the Code, and arrangements made with the Better Business Bureau regarding the handling of alleged violations. The Bureau will continue to take primary responsibility for complaints concerning retail advertising, and CAAB will act in the national field.

In addition, two Advertising Standard Councils have been established, made up of senior responsible businessmen, to investigate and act upon complaints regarding Code violations. One council is French, the other English, because sometimes a misleading order that it may be ready for the great day — June 10th. (Continued on page 10)

Huntingdon Academy Grade 5 Pupils Visit To Ottawa

On Friday, May 24th, fifty-three Grade 5 pupils, accompanied by their teachers, Mrs. E. McCracken and Mr. John Watson, toured a portion of Ottawa. They visited the Royal Canadian Mint where they saw such things as the cutting of coins, and counting machine that could count upward of 6,000 coins a minute.

The second major stop made by the group was at the Victoria Memorial Museum which contained exhibits of the Human History and Natural History branches of the National Museum of Canada. In the Eskimo Hall the group saw how Eskimos squeezed a living from their cold and seemingly barren land. Included in the

phrase can be the result of a delicate shade of meaning.

We regret that lack of space makes it impossible to give Mr. Sancton's address in anything approaching its completeness, but what we have been able to publish should serve to convince the public that every effort is being made to safeguard it from dishonest advertising, and by adequate promotion of new merchandise to provide goods at in volume prices that would not be possible otherwise.

Mr. Sancton was introduced by Lion Mervin Barrington and thanked by Lion Cliff Moore.

Lion Bill Greig Jr., Chairman of the Club's Ways & Means Committee reported that the sale of tickets on the \$500.00 Bond, to be drawn at the Ormstown Fair next week, was well under way, but urged that as many tickets as possible should be sold before the opening. These may be secured from any member of the Ormstown Lions Club.

highway by the impact. All four were hurt and taken to Huntingdon County Hospital for treatment. The cars were both total wrecks.

There were a few accidents in our area during the weekend which involved some injuries to persons and damage to vehicles.

On Sunday, on Route 3, at about 3 p.m. near St. Anicet, an accident occurred. Miss Denise Fournier of Montreal was driving a car and lost control on a curve. She came too near the shoulder of the road and the car turned over twice and was a total wreck. Fortunately she was not injured.

On Sunday, about 7 p.m. a child was knocked down by a car and injured badly, at St. Anicet. Donald Paquin of Valleyfield, was driving his car near the Carriere Restaurant

at St. Anicet, when the child, child, 4 1/2 years of age, son of the restaurant owner, attempted to cross the highway with perhaps a broken shoulder and leg. He was taken to the LaBougie Restaurant in Ste. Barbe on Route 3, about 9 p.m. on Sunday, involving two cars. Ivan Jondron of Valleyfield and Alex. Davidoff of Ste. Barbe were travelling one behind the other on a small road off the highway and the Davidoff car about \$800 coming onto the highway. Jon-

RENE LABERGE WINS TORY NOMINATION

Chateauguay businessman Mr. H. R. (René) Laberge won the Progressive Conservative nomination for the June 25th federal election at a crowded open meeting in Laprairie last Wednesday evening.

Noisy and colourful demonstrations on behalf of candidates preceded the vote. It was announced prior to the ballot that in view of party unity, only the candidate's name with the most votes would be announced. Opposing Mr. Laberge were Mr. A. J. Labreche, Notary, of Chateauguay and Montreal, and Mr. Laurier Auger, retired Federal civil servant. Mr. Holden, thought to be a front-runner for the nomination, withdrew his candidature prior to the meeting.

From the amount of vocal and visual support of the respective candidates, it was clear that the choice of the nomi-

inating convention would be between Mr. Laberge and Mr. Labreche. On being declared the winner in the secret ballot Mr. Laberge was given a resounding triumphal reception.

All three candidates had previously voted to support the winner of the nomination, and pre-vote speeches by the candidates were marked by the complete absence of personal animosity. Mr. Laberge, in accepting the nomination, stated that he would campaign for an attack on the cost of living, the better use of railway communications within the riding, and for lower interest rates on mortgages for private home construction.

Mr. Laberge, aged 38, won his Bachelor of Arts degree from the Andre Garset College, and has been a Commissioner for the Catholic School Board for many years, and Board Chairman since 1967.

The elementary school in Seignior Park, opened in 1966, was named in his honour.

Son of former store-owner Mr. Romeo Laberge whose premises were destroyed in a disastrous fire five years ago, "H.R." resides in Chateauguay Heights with his wife and five children.

Mr. Laberge was born in the Town of Chateauguay, resides in Chateauguay Heights and has his place of business — insurance broker, in the Town of Chateauguay Centre.

Mr. René Laberge is a nephew of the late Arthur Laberge, one-time National Union M.P.P. for the County of Chateauguay.

Mr. Laberge is a 4th degree member of the Knights of Columbus.

Progressive Conservative rooms in Chateauguay will be located in the Regional Shopping Plaza.

Bus Mishap Injures Seven

Seven passengers on a Metropolitan Provincial autobus were injured last Wednesday evening when the bus hit a tree on Christ-Roi Road (old Caughnawaga Road) at the corner of Jack Street.

The driver, Real Bouchard of 250 Hebert Blvd., in St. Timothée, told Town Police that

as he attempted to pass two cars, the bus skidded on the shoulder of the road and he apparently lost control, hitting the tree. The seven who were taken to hospital by Town Police cars required treatment for various cuts and bruises and were allowed to return home.

The mishap occurred at 7:20 p.m. and is one of many such occurrences at this bad corner.

Five of the injured were residents of Chateauguay, one from Lery and the other from Montreal. The bus suffered damage to the front only.

DOUGLAS LANG

Mr. A. Douglas Lang of Chateauguay was recently elected to serve as president of the Montreal Chapter of A.M.S. at its annual meeting in the Queen Elizabeth Hotel.

The Administrative Management Society is international in scope and dedicated to the advancement of the arts of management.

The local chapter has a membership of 240, representing some 130 Montreal companies. Mr. Lang is Superintendent of Group Administration, Insurance with Sun Life of Canada.

The Services will be at 8 and 9:30 a.m. ONLY.

In A.C.W. News, the Fund Raising Group have a cupboard available for all used items for a Rummage Sale to be held sometime in the Fall. Items may be good, clean, used clothing, other men's, women's or children's size toys, books, kitchen equipment (not furniture), lamps, knick-knacks and anything else saleable.

In Bermuda, in 1836, the Royal Gazette reported that a bolt of lightning struck a house, passed into a room where it broke a mirror, divided a comb, hairbrush, singed a comb and shot through a pane of glass. The occupants were in another room asleep.

INDIAN CHIEFS INVITED TO MAYORS' CONFERENCE

Leaders of Canada's Indian communities have been invited to participate in the 31st annual conference of the Canadian Federation of Mayors and Municipalities. It will be held in Edmonton, Alta. June 4-6.

Speaking for the Federation President Vince Dantzer, Mayor of Edmonton said, "We believe that our members and the chiefs of Indian bands have many civic interests in common. Native Indian communities are similar in many respects to municipal entities, providing services to those living in their midst and therefore faced with many problems similar to those confronting non-Indian municipalities."

"We also share the conviction that local self-government throughout Canada is in one of the most exciting periods of its evolution, when you consider the range of its responsibilities and the complexities of its social tasks today."

"Together," the mayor suggested, "Indian communities and our municipalities must delve into these problems and enunciate new or better ideas for meeting the needs of the

people."

Mayor Dantzer said that the chiefs are invited to the CFMM's conference as participants and will have the same right of expression as other conferees.

Prominent Indians who have accepted the invitation to the conference include Chief Dennis Alphonse, Duncan, B.C.; Chief Allan Ahenakew, Mount Nebo, Sask.; Chief Dave Courchene, Pine Falls, Man.; Chief Gordon Lathlin, the Pas, Man.; Chief Burton Jacobs, Wallaceburg, Ont.; Chief Joseph W. Dokis, Monteville, Ont.; Chief Harold Sappier, Fredericton, N.B.; Chief Timothy Spinks, Lytton, B.C.; Mr. Alan Tail Feathers, Cardston, Alta.

Others who have been invited are: Chief Harry Amos, Kitimat, B.C.; Mr. John Samson, Hobbema, Alta.; Chief Albert Côté, Kamsack, Sask.; Chief Frank Pelletier, Fort William, Ont.; Chief Andrew Delisle, Caughnawaga, P.Q.; Chief Max Gros-Louis, Village des Hurons, P.Q.

"We hope these chiefs will accept our invitation," said Mayor Dantzer, "so we can explore common problems together."

Arena Architect Appointed

The Town of Chateauguay last week appointed Mr. John W. Cooke of 1500 Stanley Street, Montreal, architect for the \$330,000 Sports Centre which was overwhelmingly approved by a referendum of ratepayers two weeks ago.

Mr. Cooke was the architect who designed St. Lambert

arena. A resolution placed before the Council called for the participation of the Town's registered consulting engineers, Messrs. Lalonde, Grouard and Letendre, of Montreal, with Mr. Cooke in developing the arena's design. The resolution was defeated by 5 votes to 3.

Heights Council Re-elected

In what must have been the least publicized election ever in the Chateauguay, and with minimum participation by the ratepayers, the entire Council of the Town of Chateauguay last week found itself re-elected to a further term of two years in office. Re-elected by acclamation were Mayor Jean M. Laberge and Aldermen Fred Behrens, John Friedlander, Fred Lunn and Roland Thauvette. This marks the third term for an identical

Council. The apparent lack of public interest does not appear to be due to apathy, but rather to the fact that amalgamation of the Heights with the Town of Chateauguay is virtually an accomplished fact. Only formal advice from the Department of Municipal Affairs is required to make amalgamation effective almost immediately.

It had originally been expected that ratification of a

Prime Minister Lauds Watson

"We need Ian Watson in Ottawa," Prime Minister Pierre Elliott Trudeau told a large gathering of La Prairie voters who turned out to greet him on the Eastern Townships Autoroute as his cavalcade of automobiles made its way from Montreal to Sherbrooke early Monday morning.

A meeting had hastily been organized the previous day for that morning by Liberal candidate for La Prairie Ian Watson at the Portobello Shopping Centre just off the autoroute. However, the Prime Minister's tight schedule made it im-

possible for him to leave the Autoroute, and a quick change of plans soon had the enthusiastic gathering up on the Autoroute to await the arrival of the Prime Minister's party. Despite the pressure of other commitments, Mr. Trudeau got out of his car to shake hands with Ian Watson, and give his warm endorsement to the candidate. Immediately he was besieged by well-wishers of all ages and both sexes, and autographs were given left and right.

Mr. Trudeau said that it was candidates of the type of Ian

Watson who should represent the people in Ottawa. "We need him," he repeated.

It was later announced that Mr. Watson's eastern committee rooms in St. Lambert would be opened officially in a trailer at 595 Victoria Avenue on Wednesday May 29 at 7:30 p.m. A program of activities for the candidate which would include visits to industrial plants, shopping centres and bus-stop conversations has been drawn up. On June 11 and 12, Mr. Watson will meet commuters between 7:30 a.m. and 8 a.m. at the St. Lambert C.N. station.

TOWN EXPROPRIATES COLONIA PARK LAND

The Town of Chateauguay last week purchased some 200,000 square feet of land from Colonia Development Corporation. The total cost, including interest, legal and other costs, is \$40,000.

Expropriation proceedings were started two years ago when the Town Council and Colonia Development were unable to reach agreement on the cost of the land which is now developed as a park playground.

Since 1962, legislation has been passed decreeing that every entrepreneur developing a housing programme on municipal land must donate sufficient acreage of land to permit the creation of a park. The original agreement between the Town and Colonia was made prior to such legislation being passed.

Colonia Park, also the site of a community-owned swimming pool, is located on Craik Street.

CHATEAUGUAY CENTRE TO HAVE EIGHT WARDS

(By Art Dorey)

Bill 114 for the division of Chateauguay Centre's Ward 6 was brought before the private bills committee in Quebec City last Thursday. According to sources, Mr. George Kennedy M.P.P. and Mayor Richard Sutterlin did an outstanding job in steering this bill through the committee.

War 6 contains 40% of the taxpayers of Chateauguay Centre and has been the center of controversy for the past two years. When the question of amalgamation was considered, the big question was how many Aldermen would it take to run the Council. The Town of Chateauguay has eight Aldermen and Chateauguay Centre has six.

When the question of amalgamation was placed before both Councils, the fourteen Aldermen and two Mayors could not decide. So the citizens of Ward 6 forced the Council to place By-Law 114 before the Private Bills Committee in Quebec.

This coming November Chateauguay Centre will have eight Aldermen and the question of amalgamation will be answered once and for all.

Chateauguay will be faced with two very important elections this year — the election of a strong Government and, just as important, the election of a strong Council.

As always it is you the taxpayer who will decide the future.

The right to VOTE is one of the most precious things we have in a democratic society. How often do you exercise that right?

J.R.S. Students Ottawa Bus Tour

A few weeks ago several classes from the Julius Richardson School in Chateauguay boarded a chartered bus for a trip to Ottawa, a visit to the Parliament Buildings, a tour of the Mint, and perhaps even a glimpse of the Prime Minister himself. Well for many of them, especially one young miss, it all came true and to her it all seems like a dream now.

Christine Viereck was among the many students who made the trip that day and to her the most memorable part of the day came when they heard the Prime Minister would be arriving on the scene soon to meet the press and so they all waited. And wait they did for almost two hours but as promised he appeared. Of course they all squealed with delight when he appeared and he posed for the students and signed autographs and when Christine asked him for his autograph he asked her where she was from and what school she attended. After he signed her autograph she asked him for another one for her friend who was a very big fan of his and who happened to be his daughter.

Well as all good things must come to an end so did the bus trip and when Christine got home she came rushing over to our house with the Prime Minister's autograph for my daughter. Christine mentioned that the television cameras were there taking pictures so her Mom and I decided to watch the late news together and sure enough there in the late news was the Prime Minister. THIEVES ENTER TWO CENTRE STORES AT WEEKEND

Chateauguay Centre Police report to the Gleaner that two stores had been entered on two successive nights last weekend.

Sometime during Friday night and Saturday morning Canadian Tire on d'Anjou Blvd. was broken into by a rear window and an estimated total of \$300 of merchandise stolen. Police have picked up two suspects in the break-in and they are to appear in Valleyfield Court this week.

In the second break-in,

thieves entered the United Tigar Store, which is situated in the Plaza Shopping Centre, and made off with the safe. They made their entry through the front door, sometime during the night of Saturday and Sunday morning.

At time of writing, store employees were making an inventory in an effort to determine what other losses there were besides the theft of the store's safe. No estimate was available a time of going to press.

WHO, WHAT, WHEN, WHERE, "Y" Y.M.C.A. THAT IS!

Ever had a toothache? Then you probably know what it's like to get to the dentist's office and find you feel perfectly okay. You no longer know where the heck the tooth is you were complaining about. "I think it's either on the right side or the left side. Doctor. It may be on the top... or on the bottom... but it's all okay now. Don't go fussing about in there for nothing. — Ouch!"

You know there are analogies in other phases of life, and when apathy takes over, things that need to be done are not done. This leaves that nerve exposed.

In the case of the YMCA, the men and women who participate actively by volunteering their time and effort know there is a need for action. The "A" in YMCA stands for ACTION, to fill the needs of the community. Apathy is not called for. However, it is an ever-present spectre in our cosy suburban life.

The YMCA committed itself to eight programs for the spring. We've discussed the following in past weeks: 1. Adult Art, 2. Junior Art, 3. Judo, 4. The Mind-out for teens... all success stories for you through the "Y".

The following four programs were outlined for the spring, some of which could be carried on through the summer.

Number 5, the Swim Programme. This will be worked out in co-operation with the

Number 6, Teen Club, a much needed programme which will allow our youth the creative expression they need in this community. Problem: to relieve the adult-plus-youth children priorities in Chateauguay. Suggestions would be most welcome especially from teens. Information: 637-2511.

Number 7, Around the World in Eighty Minutes... a series of slides plus music representing various countries around the world, fascinating and educational, especially for frustrated travellers and young people who will eventually travel abroad. There is insufficient enrolment for this course right now. It has been cancelled. Anyone like to see it re-activated in the Fall? Call 637-2511 and let us know.

Number 8, Wood Sculptures. Here again the creative urge could be given full rein. Imagine letting all stops out, and hacking, chiseling, chipping and sanding frustrations away, yet still creating something lasting and imaginative. (Good grief, Charlie Brown, you wouldn't need to see your psychiatrist nearly so often if you took up wood sculpturing!)

Unfortunately, again, there was insufficient enrolment for this spring program to get underway. Let's hear from you folks who would like to be

Country Club Opens June 1st

Next Saturday will see the unofficial opening of the Seignior Park Country Club's swimming pool.

For the past six years the Beach Club, as the swimming pool part of the operation was popularly described, operated under the management of Concordia Estates Limited, promoters of the Seignior Park housing development.

Early in 1968 Concordia Estates announced that they would discontinue all phases of the club operation, including the bar-lounge and hall. Many local community organizations which had in the past used club facilities for their meetings had perforce to find alternate accommodation.

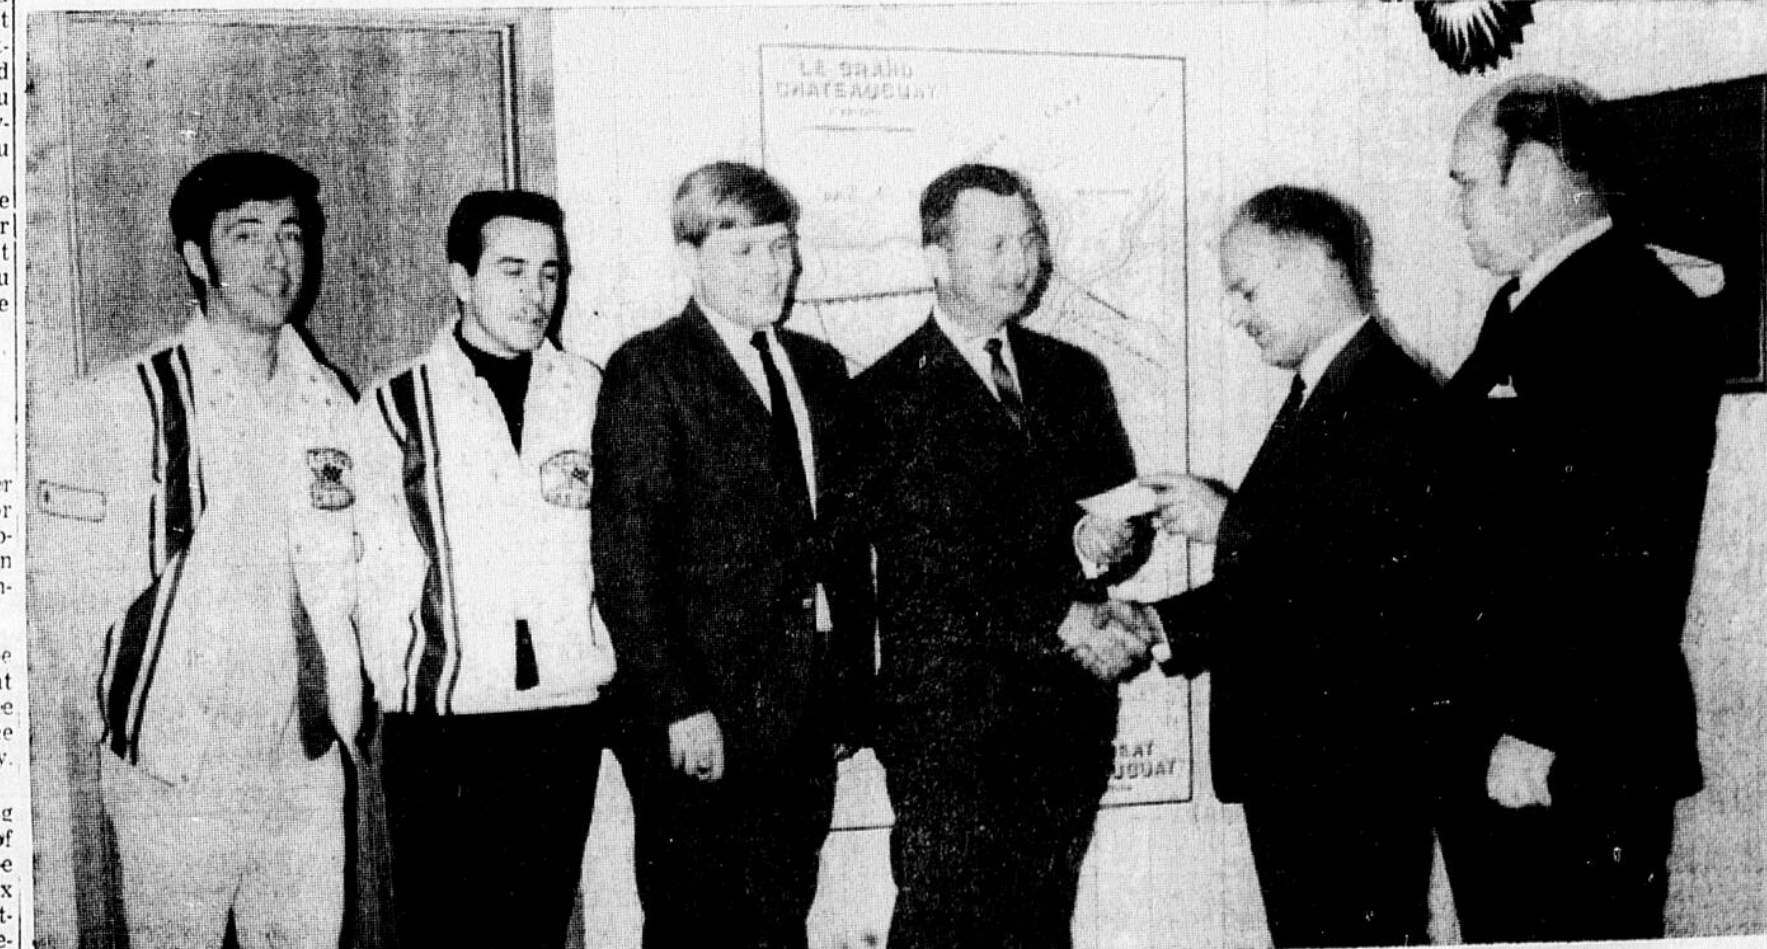

Two months ago the Com-

munity Association of Greater Chateauguay was formed for the express purpose of keeping open the club premises on a non-profit volunteer community basis.

A Club spokesman for the new management stated that for practical purposes the Beach Club would commence full operations on Saturday, June 1st.

Perhaps because swimming in early June in this part of La Belle Province may not be everyone's cup of tea (to mix a metaphor more than slightly), official opening ceremonies and festivities are not scheduled until Saturday June 22nd.

Details of the official opening remain to be worked out and will be announced shortly.

Roy, (Executive Director of the Province of Quebec Society for Crippled Children), John Wright (Sales Manager at Finch Mercury Sales). — This cheque for \$125. represents the

proceeds of a Car Wash held by the Cyclone Car Club in Chateauguay, April 20th. This Car Club is a car rally club, made up of young citizens of Chateauguay and sponsored by Finch Mercury Sales. More recently the Cyclone Car Club held a Blood Donor Clinic on May 21st in the showroom of Finch Mercury Sales and this also was a success.

THE WEEK AT SEIGNIOR PARK COUNTRY CLUB

This has been a week of frantic activity. After setting a June 1st opening date it appeared that we might have been a little too ambitious. However, due to the co-operation of Mayor Richard Sutterlin, we were able to accomplish the emptying and cleaning of the pool in record time.

It is the co-operation of civic leaders which will enable this enterprise to succeed. This is a fine example set by the Mayor of Chateauguay Centre. Others who have contributed their time and efforts to this community venture have included Sea Scouts, teen-agers, suppliers and local residents. Our thanks go to all of them since it now seems that the June 1st opening will be a reality. The pool has been filled and preparations are well in hand for next Saturday's opening.

The evening's entertainment as mentioned last week, will be a stand-out. The beer garden has been set out and the festivities will get under way around 8:30. If you are a member don't miss this dance. If you are not a member but would like to attend come along and sign up on Saturday.

Membership has been increasing steadily and the past week has seen a return to the fold of some of last year's members from Montreal and an increasing proportion from the Chateauguay area. When the 500 limit is reached a number of entertainment pro-

grams will be put into effect. These include movies, theatre parties and live entertainment. It is quite probable that the majority of these "extras" will involve no extra cost to members.

Last Sunday's sunny weather brought out members in force and for a few hours in the afternoon it was almost like summer again with sunbathers reclining along the pool deck and over worked directors being harassed with questions about the new management set up.

This week's appointments were as follows: Pool Manager — Guy Read Guy has worked at Seignior Park Country Club in previous seasons and is well known to old members. Assistant Pool Manager and Chief Swimming instructor — John Beveridge. John is a newcomer to the Club but is well qualified and I am sure he will be a tremendous asset. Club Steward — Chuck Baranowski. Chuck, of course, is an old hand at the club but he may not get the sun tan he usually sports as his work will keep him pretty close to the club house.

We are still looking for clerical staff for our front office for the summer season. Any one with clerical experience and a desire to work in the office please get in touch with Mr. Karl Fuchs at the club.

Any questions regarding club activities can be directed to me at 691-1578.

COME TO THE FAIR

Some Exhibits Better Than Expo — Biosphere — Winter — Poland

Poor weather and the fact that this is a permanent Fair has kept crowds away from Man and His World. When you finally get there, you are in for a surprise or two. For there is no doubt in my mind, there are some exhibits, new ones, which are actually better than last year. Two of the best are housed in the former United States and Ontario pavilions.

The Biosphere, a maize of gardens, waterfalls and flying birds, will prove to be a real hit. As last year, there are five levels which are reached by that same giant escalator. At the top, there are cultures and other large birds, an ugly lot. The next level brings you inside a large cave and into a garden of flowers, streams and flying creatures. They zoom right by your nose, completely unafraid. Here you will see peacocks and some of the more exotic South American types. Unfortunately no signs as yet.

The third level brings you down to a magnificent Terrazo garden surrounding a central fountain. This will be the place to relax and rest your weary feet.

The fourth level is another patterned garden with statuary and fountains at each end. The lowest level contains the larger trees and flowers and is perhaps the least attractive portion of the building. The overall effect is simply great.

Ontario has become "The Face of Winter". This City of Montreal presentation will be enjoyed by young and old alike. The basic theme is a display of old time winter vehicles. What makes it unusual is the natural setting which has been created. There is a very realistic 18th Century cabin, fully equipped with antique stove, tables and chairs, beds and even books. There is an operating blacksmith shop as well as a snow-shoe shop, all work being done by hand. Another feature is a small skating rink on which a couple of youngsters give a continuance performance. The movie theatre is presently offering two winter theme movies but we understand a special film is being developed and will be displayed around mid-June.

One thing more, as you go through, don't forget to look at the beautiful scenery out towards Notre-Dame Park. A really outstanding effect has been created.

The Polish Pavilion is small but has a rather attractive display leaning heavily on religious themes. There is furniture, sculptures and tapestries all very well done. In particular, The metal work is outstanding and very old. There is also a rather odd movie on a very small screen.

One of the disappointments this year seems to be the use of small screen movies instead of last year's spectaculars.

Two of the lovely big maple trees in Woodbine Park did not survive the winter. At the time of the park's development, pessimists said that all the trees which were saved from the electric saw would die within a few years. The theory is that once you start distorting the natural level of the ground, no tree stands much of a chance. In addition, of course, the destruction of other trees in the immediate vicinity did disturb the roots.

Communications has been very rapid, and now extends into all areas of life. A glimpse of the use of the laser beam and electronic devices in the home of the future was the final display. The Panorama is most effectively arranged and gives one the feeling of being in a small Expo-type Pavilion. Miss Peggy Brown, the charming guide who led the W.I. group through "The Web of Time", graciously answered the many questions posed by those present. The Panorama has just recently been opened to the public and arrangements to see it can be made by any interested groups or persons, through the Bell Telephone Company.

Mrs. Marguerite Lowden is reported to have suffered a heart attack at her home and is now in the Barrie Memorial Hospital.

Mrs. A. L. Stewart and Mrs. N. O. Stewart accompanied Mr. and Mrs. Ernest Merlin to Ottawa on Sunday and were guests of Mr. and Mrs. Harry Mohr. They also took the drive to see the tulips in full bloom. It was a beautiful sight.

Hemmingford

(Continued from page 6)
Members of the Hemmingford Women's Institute and their guests thoroughly enjoyed their recent visit to the Bell Telephone Panorama of Progress in Telecommunications, in Montreal. The Panorama depicts the development of man's ability to communicate. The speed of early communication depended on how fast a man or his agent could travel. The big change in communication came with the discovery of the use of sound waves to carry the message.

Part of the Panorama gave a scientific explanation of sound, the words used to describe the behaviour of sound, with an oscilloscope to show what sounds look like. The following rooms described the invention of the telephone, in 1877, and the rapid development of other instruments designed to carry the human voice. Models of early telephones and switchboards were on display, and a Montreal Telephone Directory, of 1880, a little booklet containing about 80 names drew the attention of the W.I. members.

The 9th Chateauguy Brownies have closed up shop for another year and the mother and daughter banquet will take place on Wednesday, May 29th, at the Casa Valencia. A special thank you from all Moms to Brown Owl, Mrs. Spenard, and Snow Owl, Mrs. Saunders for their wonderful work with the Brownies.

Get well wishes go out to Mrs. T. Kavanagh of Ethier Street, presently in the LaSalle General Hospital. We all miss you Maggie and hope it won't be too long before you're home again.

And a lot of belated wishes go out this week to the lucky folks who had birthdays and celebrated them over the week-end.

On Friday night, Robin Moody celebrated her 14th birthday with a Pyjama Party. To get the party rolling, they started out with a Scavenger Hunt and the girls ran to various neighbours trying to get all the items on their list. After the hunt, the group enjoyed a snack and they all helped Robin blow out the candles on her cake and then all settled down to watch the late late show on television. Following this a pillow fight took place until sleep took over. Robin's guests included her sister Debbie, Sylvia Bergeron, Sandra Lange, Sandra Willie, Ilana Cahill, Judy McE, Wendy Myett, and Brenda Darling. On Saturday afternoon, Tommy Kavanagh celebrated his 6th birthday with a few of his pals. His guests were Carmen, Michael and Ricky Fabio, Corrina Viereck, Lucy Geoffrin, Jeanette Leblond, Jean Dufour.

On Saturday evening Marie Kavanagh was the guest of honour at a surprise birthday party at the O'Briens' home on LaSalle Street, Crown Homes. And was Marie ever surprised when she went downstairs and found all her friends there waiting for her to pop in to help her celebrate her 19th birthday. Marie was presented with a lovely wrist watch from all the assembled guests who included, the hostess, Mrs. P. O'Brien and her daughter Mary, Frances Kavanagh, Sandra Hughes, Claire Soulier, Robert Cory, Neil Watts, Jackie Lachepelle, Barbara Burns, Jackie Petrilli, Heather Lawrence, Arthur Cory, and Jerry Barker.

and stature doesn't decrease the amount of friendliness we have now. It seems a shame that great size generally makes for impersonal relations. Why can't we follow the old maxim, "The more, the merrier"? I believe in it.

Chateauguy News Notes

Three by-laws were passed in the Centre last week, at three separate public meetings.

Town of Chateauguy Council gave a grant of \$200. to the local St. Jean Baptiste Society to aid them defray costs for the Parade on June 24th.

Architect, John W. Cooke has officially been engaged by Town Council to prepare the plans for the Arena, from the moment of the approval of the by-law by Quebec Municipal Affairs. Cost of the project is not to exceed \$260,000.

Mayor Laberge and the Town's legal advisor were given authority to travel to Quebec City to hasten the approval of the Arena by-law.

The Town has purchased a "fogger" machine at a cost of \$1,450. to deal with the elimination of the mosquito population, which, incidentally is already quite vast.

The Town has purchased a piece of land from Colonia Development Corp. at a cost of \$40,000, including cost and interest to date. We understand this land is to be added to Colonia Park.

Town authorities have written to the Centre to ask them to advise the contractor responsible for the recent surface drainage work on one side of Lepailleur Street to put back the street in the same condition as they found it. Apparently they have left the street in a state of disrepair.

Centre Police were kept busy over this past week-end with two break-ins in stores. See story elsewhere.

Town Police investigated six minor traffic accidents over the past week. In another accident, seven bus passengers were injured when the bus hit a tree. See report elsewhere.

Two schools were broken into last week-end. Town Police investigated both incidents and told The Gleaner, that no thefts had taken place. The trade school next to Towers was entered, presumably by youngsters. This is the Jean Charles Page school and authorities could not determine if anything had been stolen. In the other break-in, sometime Sunday, Robert Jobber School in Seignory Park was once again a victim of would be thieves, although apart from small damage, it appears as if youngsters were just satisfying their curiosity. They broke windows in classroom doors to obtain entry to the rooms.

An outboard motor was stolen last Thursday, May 23rd, from in front of 326 Salaberry, Chateauguy North. Town Police are continuing their investigation of the theft.

Two attempts were made to steal the wheels from two cars in the Heights during the past week. Town Police report that both cars had been jacked up — but apparently the thieves were either interrupted or had no time to complete their nefarious deeds and left without any booty. One car was parked in a driveway on Wright Ave., and the other on Austin.

This will be good news for drivers who use Maple Street between the highway and McLeod — at long last the black top is being applied as of Monday morning last. Potholes on Maple were responsible for many a broken spring and other assorted damages to cars.

H. S. BILLINGS HIGH NOTES

by Barbara Allen

This week has been largely a review week for students; the tension is mounting as we draw closer to exams. I noted that the exam schedule is quite favorable in terms of time for studying as exams are well spaced and usually there is only one per day. Exams begin June 3rd. The last day of regular classes is May 31st, so there are two more days of school left at the time of printing. It seems as if school just started and we have just opened our new textbooks with trepidation at the sight of the contents. However, it has come and gone all too quickly for most senior students leaving this year. They soon will be precipitated into the hungry, whirling, spinning world of business.

This may sound like a requiem. It's meant to be. The new extension to our school is looking more and more like the finished product. There is always hope in the future and I see a much greater school than ever before. I hope the increased size

legitimate chislers... maybe in the Fall? The number again, 637-2511.

To get back to that toothache: the needs of this community are best met by volunteers and those who see the value of a strong YMCA... but we have to do it ourselves! In Chateauguy we can contribute in two ways: one, by sharing our experience with others, and two, by bettering ourselves through the courses, seminars, etc., offered through the "Y" programmes.

Let's find out what you'd like the "Y" achieve in Chateauguy. We know the support is here. Now let's take the "A" in YMCA and start the action!

Mr. C. Jalbert and son of, Cazaville, were recent visitors to Grandfather in the Somme Building.

Mr. and Mrs. R. Lacouffe of Somme are visiting their son and family for a few days. Mr. W. Pears of the same building is back home from Queen Mary Veterans Hospital.

Mrs. M. Chambers of Dieppe Building is still in hospital, with no change in condition reported.

Many Happ Returns of the day to Miss Janet Strike, who celebrated her eight birthday on May 25, and who had ten guests at her birthday party.

THE PRO SHOP

This is the dull season for sports fans. Hockey is over and football is still about six weeks away. Football does manage to stay in the news with Alouette announcements of their "bum-of-the-week" signings. And the Als continue to make bloopers, even without Ted Workman. They were so anxious to sign for the Autostade, they forgot to provide for a practice field. At the moment, they are practicing on the South Shore. And the story is that they are still taking on new quarterbacks. Are we going to go through all that again?

Maybe Toe Blake felt he had to retire in embarrassment for the All Star Team as selected by his fellow coaches. We can't argue with Worsley as the overall choice in goal but second half honors should have gone to Vachon. Selections for defensive honors should prompt another Kentucky Derby disqualification. Top of my list is J. C. Tremblay, all alone. The other spot on the Green who took over the Boston leadership when Bobby Orr was hurt. Jacques Laperriere deserves a spot on the second team along with Orr who had enough points from the first half of the season to carry him through. For second half only, New York's Jim Neilson.

The choice of Mikita at center proves once again how wrong the selectors can be. True, he won the scoring championship but on the play, he was third best. Jean Beliveau has to be the first place man and the Bruins' big Phil Esposito the second. In fact, during the second half, we can see Jean Ratelle over a fading Stan Mikita.

Right wing is clear. The amazing Gordie Howe owns the spot. He should be given a permanent pass until he retires.

At left wing, it would seem that Bobby Hull has little opposition, except from here. He scores goals but did you notice how few the team scores. Just about the lowest in the league. In fact, Hull and Mikita account for more than one third of the team total. So, we see another Canadian at left wing, Gilles Tremblay, at least for the second half.

And for next year, watch for a few missing faces. Among them Carol Vadnais, Claude Larose and just maybe, Henri Richard. Could you see the Pocket as Captain of the Seals?

Last Sunday was World Communications Sunday. Ronald Kevin Smithman was baptised at the morning worship service last Sunday. Ronald, who was born on February 23rd, 1967, is the son of Mr. and Mrs. Norman Smithman, who recently moved to 6 Lang Avenue, Chateaugay.

Mr. Howard C. Fraser's sermon topic was "Prelude to Action."

CHECK WHEELS FOR BALANCE

TORONTO: — British auto engineers have found that an average size wheel only 1 oz. out of balance will create a continuous hammer blow of about 12 lbs. at 60 m.p.h.

The investigation, conducted in South Africa by British Motor Holdings, makers of Austin, MG and Jaguar cars, has shown also that this same wheel will pound the car's suspension at the rate of 50,000 times an hour.

"It is obvious that such a pounding would cause excessive and unnecessary wear of the tires, suspension and steering," says the BMH investigation report, which also criticizes "most motorists who do not think wheel balancing worth worrying about."

Many makers of British cars have factory-balanced wheels for smooth running, vibration-free steering and minimum wear of vital parts. But it is still in the interest of every car owner to have his wheels checked for balance every 5,000 miles.

Sun-proof sandwiches should be made of non-perishable fillings. Swiss cheese and salami sandwiches are tasty and safe through long hours in the sun. Spread a mixture of soft butter and horseradish on the bread to give the sandwiches a "zesty" flavor.

day afternoon.

Next Sunday morning several new members will be received into our fellowship at the communion service.

Youth for Christ held their closing Spring Rally last Saturday night at Westmount High School. It was mainly a musical evening. Rev. Freeland of Bethel Baptist Church concluding with a short message. The Y.F.C. Choir sang several numbers; it is of particular interest to us as five of our young people are members of it.

Next Friday night Calvary Youth will be given the opportunity to put into practice what they have learned in their Training Hour sessions on the subject "The Ministry of Visitation". At 7 p.m. the Training Hour will convene and at 8 o'clock they will participate in visitation.

June 8th is the date set for our church picnic. Weather permitting, we plan to go to Glangarry Park. This annual event is a highlight in our Sunday-School when the children are invited to bring their parents for a day of fellowship and fun.

Maplewood Notes

Guest preacher at Maplewood this past Sunday was the Rev. Prof. Keith Marbell of the Presbyterian College, Montreal. At the 9:30 Service the sermon topic was "Higher Places" and at 11: "Keeping the Commandments." Hymns for Sunday included "Come Holy Ghost our hearts inspire," "My Hope is built on nothing less," and "Jesus, the very thought of Thee."

This Friday evening at 8 o'clock the Senior and Intermediate classes of the Church School will present a variety concert. The public is invited to attend.

Daily Vacation Bible School will operate July 8-12 from 4 p.m. to 7 p.m. and for those desiring further information please call Mrs. Blenkhorn at 691-9098. Sunday, June 9th, the Sacrament of Holy Communion will be observed at both morning Services.

Accident on No. 4 Highway
An accident involving a truck and a car, resulted in the complete demolition of a car driven by a Huntingdon youth. The mishap happened on Highway 4 near Allan's Corners. The three occupants of the car were taken to Barrie Memorial Hospital where they were treated for bruises and lacerations. Two of the passengers were Ormsdown youths, sons of K. Boyd and L. Rabideau. Young Rabideau suffered a broken wrist.

Shower for Allana Marshall
Mrs. Sybil Gruer and Mrs. Ruth Towns were joint hostesses at a surprise miscellaneous shower for Miss Allana Marshall last week at the home of Mrs. Gruer. When Miss Marshall arrived at the home of her aunt she was met by thirty friends and relatives. She was presented with a corsage and seated in a specially decorated chair under a pink and white watering can. Her gifts were many and she graciously thanked all for their kindness and invited them to visit her in her new home in Howick.

Mise-en-nomination pour élection des commissaires d'école

Les mises en candidatures à la charge de commissaire d'école auront lieu le lundi 3 juin dans presque toutes les régions du Québec. Le président général de la Fédération des commissions scolaires catholiques du Québec, M. Maurice Lavallée, signale à cette occasion l'importance pour les parents et les contribuables de bien choisir les administrateurs de la chose scolaire. L'élection elle-même aura lieu le lundi 10 juin au besoin.

M. Lavallée a ajouté que le regroupement des commissions scolaires en vue d'améliorer les services aux élèves était une priorité dans le monde scolaire au Québec et que les parents et les contribuables avaient le devoir de manifester leur opinion à cet égard lors de l'élection.

Le président de la FCSCQ a en outre attiré l'attention des personnes compétentes, hommes et femmes, sur la charge de commissaire. Selon lui, pour l'évolution de l'éducation au Québec se fasse dans l'ordre, il faut que la population élise des administrateurs qui puissent assumer un rôle de leadership dans le monde scolaire.

Pour être éligible à la charge de commissaire ou de syndic d'écoles au Québec, il faut avoir demeuré dans la municipalité scolaire depuis au moins douze (12) mois, savoir lire et écrire, être habile à voter et avoir acquitté avant le 1er juin toutes ses cotisations scolaires.

Exposition d'Ormstown les 4-5-6-7-8 juin

Les habitués de cette exposition de plus en plus populaire envahiront les terrains la semaine prochaine pour y voir les nombreux exposés.

Les activités débuteront à vrai dire mardi soir alors qu'on présentera un programme de musique de folklore dans l'aréna. (entrée gratuite).

Mercredi l'ouverture officielle sera précédée de la parade traditionnelle avec chars allégoriques, fanfares, majorettes, etc.

Chaque soir, il y aura pro-

gramme de divertissement dans l'aréna en plus des spectacles de chevaux.

Les juges seront fort occupés car on nous rapporte que dans les classes de chevaux et de bétail, les entrées sont beaucoup plus nombreuses cette année.

Nul doute que le "Midway" attirera encore de nombreux adeptes qui voudront s'amuser sur les manèges ou essayer de gagner des prix de tous genres.

La semaine prochaine, nous vous donnerons plus de détails.

Musique Western à Ormstown mardi soir

Mardi soir, tous ceux qui aiment la musique Western se-

ront servis à souhait. En effet, Frank Heron nous fait part que l'émission Country Music Show débutera à huit heures précises, à l'aréna d'Ormstown.

L'entrée est gratuite pour quiconque sera sur le terrain

l'exposition. Amenez toute la famille. Paul Ménard et Doug Tracer formeront un duo tandis que Jean Carignan donnera une démonstration de

musique de folklore écossais, irlandais, canadien-français.

Rendez-vous donc à l'aréna d'Ormstown mardi, le 4 juin à 8 hres p.m. pour une soirée de divertissement.

Europe où il a accompagné les Feux Follets.

Les membres de la Société Historique de la Vallée de Châteauguay aimeront entendre "The Battle of Châteauguay" par Bobby Hill. Un orchestre formé de Mac Wiseman, Red Smiley et son ensemble ajoutera du piquant au programme. En plus vous pourrez entendre Linda Lou, Crazy Elmer.

Rendez-vous donc à l'aréna d'Ormstown mardi, le 4 juin à 8 hres p.m. pour une soirée de divertissement.

Round Byre and Ring

Not Red Brand Beef

Several weeks ago we read in another publication that the Ontario Provincial Police had made simultaneous raids on seven Ontario discount meat stores; had thereby arrested 16 persons in that connection.

The report stated, in part, that the said stores had advertised sides of Red Brand beef for as little as 35 cents a pound. The regular prices for such range from 57 to 62 cents a pound, depending on quality, on the face of it a real bargain offer for the customer. However, the so-called Red Brand beef offered was of a much lower grade, hence the arrests.

A partial sequel to the said arrests is given in a Canadian Press report, dated May 22nd, from Kitchener, Ont. The report read in part: "Duane Mosker 33, of Alva, Oklahoma, U.S.A. was sentenced yesterday to two years in the Penitentiary after being found guilty of conspiracy to defraud the public. An ordained Baptist Minister, Mosker was charged in connection with the operation of Beef City Meats. He was manager of the London, Ont. store."

It is also reported that the defence lawyer stated that Mosker returned from the United States to face the charges. However, there were no comments to indicate whether or not same had any bearing on the sentence imposed.

The C.P. report also says: A co-defendant, John Barrable, 29, of Kitchener, Ont., was placed on probation for two years. In sentencing Barrable Magistrate A. D. Barron said he was only employed as a salesman at Twin City Meats in Bridgeport, a nearby village, and was not a principal in the swindle. Four other men jointly charged in the conspiracy jumped bail and are believed to be in the United States. Conspiracy to defraud is not an extraditable offence.

"Old Cow" Meat
The May 24 issue of The Montreal Gazette carries a report of a similar alleged beef swindle in the Montreal area. Says that report, in condensed form:

"Select Baby Beef", sold by a South Shore cut-rate mart last January, was described by a federal official as the meat of an elderly cow. The witness, Rene Laflamme, a highly experienced meat grader of the Canada Department of Agriculture, was testifying for the prosecution at the preliminary hearings of four men and a woman charged with fraud, conspiracy, false advertising, and "passing-off" inferior goods as to quality.

The witness told Judge Jean Teller that the best of four samples of meat sold by R. & G. South Shore Meats Inc. and R. & G. Calgary Meats Inc., in Montreal North, as "Canada Choice Select" beef was derived from a "middle-aged female animal."

He also said that in February the Weights and Measures Division of the Department of Trade and Commerce submitted meat samples to him for analysis. The meats, involved in the changes, were almost exclusively in the No. 8 category under government classifications which provide 11 grades in all.

With further reference to the testimony of Mr. Rene Laflamme (now a Supervisor for Canada Department of Agriculture for the Province of Quebec and not just for Montreal):

Testifying under examination by Crown Prosecutor Marcel Beauchemin, he said: "All Canada Choice Beef — is stamped on five parts of each side of the carcass at the abattoirs with a red mark. In the trade this first-grade is known as 'Red Label'."

All grades of meat are also stamped with a "Canada Approved" mark which declares them fit for human consumption.

Category No. 8 is given to the meat of "old adult cows."

Continuing Mr. Laflamme's testimony: "When he visited the two shops allegedly operated by the accused he found all meats bearing the 'Canada Approved' stamp, but under the carcasses hanging in the refrigerating rooms he located on the floor bits of cattle flesh bearing the stamped categories. He said he found that on all of the carcasses the grading stamps had been removed or obliterated."

When one of the samples obtained through purchases by Weights and Measures investigators was examined, he recalled, it was discovered that the meat had been derived from two different animals. The purchaser had paid for what was represented on the invoice as "Canada Select" choice. She had picked out a carcass which was ordered to be cut up for use. The price was 79 cents a pound for 305 pounds.

Most of the pieces, he said, were of No. 8 category, described by the classification system as "Canada Utility No. 2", covering cows of mature age. Other pieces were derived from a No. 9 category animal known as "common cow."

Under cross-examination by Defence Counsel Bernard Blanchard, the witness acknowledged that it is not obligatory for meat merchants to have their meat stamped with a category number. This was demanded, however, by almost all dealers in this area.

A butcher who owns six stores testified that he sells category No. 8 exclusively. His meats are properly stamped and the price last January was 40 cents a pound for a quarter. (It will have been noted

Two packing-house salesmen testified that they sold large quantities of meat to the two stores operated by the accused, almost all in the No. 8 and No. 5 categories.

At this time of writing, the case was to be finalized with the Counsels' presentations on May 28th. Anyway, the penny saving housewife should take into consideration that there's quite a difference in the quality of "Red Brand Beef", and that of any other Red Beef that may be offered for sale, albeit the latter may be that of "an elderly cow". A SONG OF MONTHS

The greening trees, the joys of Spring, The balmy breeze and everything So young and gay, so fresh and new, Singing of life begun anew.

The joys of June, the month of flowers, Of golden moon and dew-drenched bowers, Of throbbing hearts and lovers' ruse, Oh merry is the month of June.

And then July, the world ablaze, With eager hearts and flowery ways, With sunlit streams and joyous dreams While fairies dance 'neath silver beams.

August appears upon the scene In all the years has ever been A month of tranquil, lazy days Of drowsy hours and purple haze.

September gleams a-down the ways A month of bright and spicy days Of crystal dawns and bracing air And full of fruition everywhere.

The song is ended, summer's done, And a new season has begun, And riotous shades of shrub and tree Are something marvellous to see.

Caroline Greig, formerly of Howick. Written on the Huntingdon bus, Sunday evening, May 26, 1965.

Paquette, all of LaSalle. Miss Viola Gauthier is staying with her friends, Mr. and Mrs. Patterson at LaSalle. The home and grounds of Mr. and Mrs. Carriere are looking very attractive these days.

One of the largest funeral services in St. John's for several years, last Wednesday saw representatives and relatives from near and far come to pay a last tribute of respect and esteem to the late David J.A. Ness who passed away suddenly on the previous Sunday.

Widely known as an outstanding curler, and equally well known in the business world, the last sad rites saw the St. James Anglican Church filled to overflowing where both English and French speaking alike shared in the simple but impressive service conducted by the Rector Rev. T. Kingston, who was assisted by Rev. Lionel Temple-Hill, a former rector. Mrs. Margaret Knight was at the organ. The honorary pall bearers were: Messrs V. N. Longtin, Ben Draper, W. Gordon, M. K. Adams, C. Quinn and Col. W. L. Baynton, C.D.

The open cars laden with many beautiful floral tributes bore striking testimony to the high esteem in which the deceased was held.

This busy gentleman has been welding the paint brush on buildings and fences and the grounds well cut and trim are at present occupied by the trailers and tents of friends of the Carriers.

The local congregation was happy to welcome some visitors on Sunday. A warm welcome awaits any who care to worship in this church.
