BOTHA PETITIONED TO STOP THE WAR

Trichard Commando Will No Longer Obey His Orders.

BRITISH STILL WANT HORSES

Larger Columns Also Necessary on Account of the Night Marches.

(Special to the Star.)

LONDON, January 20. The correspondent of the Times at Pretoria says:

Nearly every day produces evidence of the demoralization of the Boers in the Transvaal.

A petition bearing the signatures of many prominent prisoners, captured recently by the British, has been issued imploring Botha to end quickly the terrible war.

Commandant Trichard has also written Botha telling him he must come quickly and talk with his (Trichard's) commando, as his men are very much dissatisfied, threaten to surrender, and will no longer listen to their immediate commander.

Prisoners now falling into the hands of the British invariably seem relieved rather than otherwise at being captured. But it must not be inferred from this that wholesale surrender of the Boers is necessarily imminent. The only alternative is to continue the paring down process uninterruptedly.

The great difficulty being met with by the British forces in these operations is the want of horses. What is required, apart from spare horses, is large columns, only half the men being employed at night. It is impossible to require men to stand more than three night marches weekly.

ENLIGHTENING GERMANS.

BERLIN, January 20.—The National Zeitung, which is almost the only German journal whose columns are open to English correspondents, publishes a letter from Mr. Sonnenchein, explaining the composition and character of the British army in South Africa, with illustrations calculated to convince the Germans that the army is truly representative of the whole British Empire.

A FIRE TO BURN THE LANDLORDS TO BLAZES

Mr. O'Donnel, M.P., Makes An Inflammatory Speech at An Eviction.

(Special to the Star.)

LONDON, January 20.—The Times correspondent at Dublin reports that the progress of the revived plan of campaign in the West of Ireland has not been appreciably checked by the recent prosecution of certain members of Parliament and other agitators. Speaking after the sale of the goods of a tenant for refusing to pay rent in Roscommon, John O'Donnel, M.P., over whose head two convictions for bringing about illegal assembly are hanging, said that notwithstanding all the Government's efforts a fire had been started in the north and west of Ireland which would make such a conflagration as would burn all the landlords to blazes.

GREAT BRITAIN WILL FIGHT THE SUGAR BOUNTIES

She Has Notified the Conference She is Prepared to Impose Countervailing Duties.

BRUSSELS, January 20.—The international sugar conference re assembled to-day.

There is good authority for saying that the British delegates definitely announced Great Britain's intention to impose a countervailing duty on sugar, unless the bounties are withdrawn.

The conference adjourned until Wednesday, in order to allow the delegates time to communicate with their respective governments on this and on other new developments which occurred during the recess.

REBELLION IN INDIA OFFICIALLY DENIED

The India Offices Kills a Canard Emanating From Odessa.

LONDON, January 20.—The officials of the India Office here declare there is no truth in the report from Odessa that a native uprising has occurred at Nasirabad, in the Ajmere district of India, and that the British troops there have been defeated in three engagements.

CUBANS IN NEED OF RELIEF.

Sir William Van Horne Predicts Distress on the Island.

(Special to the Star.)

WASHINGTON, January 20.—Sir William Van Horne, the railway magnate, of Canada and Cuba, was at the White House this morning, under convoy of Senator Proctor, to see the President. When asked about Cuban reciprocity, he said that it was in one sense a domestic concern of the United States, which he did not feel that he could properly discuss, but as a general proposition he could say that the Cuban people would suffer fearful distress unless something was done for their relief. As to his conversation with the President, he had nothing to say, except that the President had welcomed him very pleasantly and the crowd of callers was so great that he did not feel like detaining the President to discuss Cuban affairs with him.

Elections at Dawson.

DAWSON CITY, January 10, via Ashcroft, B. C., January 20.—Dawson's first election as an incorporated town took place yesterday. The issue was an elective Council. Mayor and councillors vs. a commission of three citizens appointed by Commissioner Ross, running the town under him. The heaviest taxpayers favour the latter as they consider is more economical. The body of the people demanded self government. Interest was keen, and the campaign active. The result was 687 British votes cast, with 78 majority for an elective Council. The temperature was fifty below zero during the voting.

A Fire at Sherbrooke.

(Special to the Star.)

SHERBROOKE, January 20.—The office of the Sherbrooke Examiner was badly damaged by fire last night. The blaze caught from the furnace and though it did not gain great headway, much water was required to extinguish it. The type and stock, together with a considerable quntnity of finished job work, were practically destroyed. The damage is well covered by $3,700 insurance. Wilson's music store over the printing office was somewhat damaged by water and smoke.

GREAT BRITAIN AND THE CONTINENT

Session of the Parliament Has Been a Tame Affair.

BUT WILL LIKELY BRIGHTEN UP

The End of the Period of Mourning for the British Court is Almost at Hand.

LONDON, January 20. — Parliament has begun tamely. Indeed, out of the whole seventeen columns of the closely printed speeches of the opening night, only two points really matter. The rest is mere political fencing. The first point is the clear Liberal stand for opening negotiations with the Boers, if not on Boer, then on British initiative, so that peace be secured by assent, not force. Upon that plank, with Lord Rosebery and Sir Henry Campbell-Bannerman as leaders, two Liberal sections practically stand together in opposition to the Ministerial demand that the Boers must submit, or, in Lord Salisbury's phrase, "ask to be forgiven." The second point is Sir H. Campbell-Bannermans' apparent departure from Lord Rosebery's desire for a clean Liberal slate. He said Thursday that he was "convinced of the wisdom of that policy towards Ireland and the Irish Government, which has been and is the remedy approved by the Liberal party."

Mr. Balfour at once interpreted this as a declaration that Sir H. Campbell-Bannerman regarded Home Rule as the only way of dealing with the Irish question, at which there were Opposition and Nationalist cheers, Sir H. Campbell-Bannerman making no noticeable dissent. The Spectator calls this a new and violent repudiation of the Imperialist wing of the Liberals. Next week, when Sir W. Harcourt and other leaders enter the fray, will provide the sequel.

The amendment to the King's speech, to be moved on Monday by a back-bench Liberal, is designed to unite the Imperialist and Anti-Imperialist Liberals, by declaring that while prepared to support all proper measures for the effective prosecution of the war, the Government attitude towards a settlement is no conducive to an early termination of the war or the establishment of a durable peace.

WILL DEFEAT AMENDMENT.

The Ministry, of course, easily will defeat the amendment, but it is hoped that it will bring out the essential unity of the Liberals on the subject of a future South African policy. Sir H. Campbell-Bannerman's adhesion to Irish Home Rule will, of course, have Mr. Morley's ardent support. Now the Welsh Liberals announce a resolution in favour of Welsh self-government. If this Welsh movement is vigorously pushed, it may lead Liberalism into the Roseberian sort of policy twelve years ago, when Welsh Home Rule was regarded as the hobby of a few Welsh lunatics, upon whom Mr. Gladstone frowned, the majority of the Welsh Liberal members being opposed to it. Today it has the almost solid support of the Welsh Liberals. It proposes national councils for Ireland, Scotland, Wales, and England, leaving imperial questions to the Imperial Parliament, in which the number of British and Irish representation will be reduced, while Canada, Australasia, and South Africa would be left free to send representatives. That may be some way off, as the definite policy of any British party, for it brings up the knotty problems of taxation and of colonial participation in the administration of the Empire; but it is in the direction of many of the present tendencies of British life.

So far as Ireland itself is concerned, it evidently stands pretty much where it did as regards the Nationalist sentiment. The Irish municipal elections, this week, again went overwhelming Nationalist. In some cases, as at Kingstown, the Unionist majority on the Council becomes a strong Nationalist majority. Only where the Nationalists are fighting among themselves, as in Dublin, did the Unionist creep in between rival Nationalists. One Dublin contest is interesting, because of the attempt of the extreme Nationalists to oust Sir Joseph Downes for accepting a title during the late Queen's visit, but the attempt failed.

BULLER CASE SIMMERS.

The case of Gen. Sir Redvers Buller still simmers. It is to be raised in the House of Commons. One Liberal motion will declare that the House is unable to concur in the decision retiring Gen. Buller in consequence of his Westminster speech. The Government flatly refused to publish the heliograms in which, it is alleged, Gen. Buller counselled Sir George White to surrender Ladysmith. A military authority tells me that the attitude of the Government is very simple. When Gen. Buller was appointed to the Natal command, he stipulated that he should resume the Aldershot command at the end of the war, which he expected to be a mere matter of a few months. The Government assented. Gen. Buller's bungle in Natal was not thought to be enough to exonerate them from their pledge, even though under Parliamentary pressure. They had meanwhile given a public pledge that no General should receive a command in time of peace who was unfitted for command in time of war. The second pledge did, however, make them eager to seize the excuse of the Westminster speech to get rid of Gen. Buller, though the speech infringed no effective military regulation.

COUNTERVAILING DUTIES.

Does the British Government mean to threaten the Powers with a countervailing duty on bounty-fed sugar, following the example of India and the United States? The question is being asked in consequence of the pointed expressions of hope in the King's speech that the sugar bounties conference at Brussels might lead to the abandonment of the bounty system, by which the British colonies and British refiners were unfairly weighted. The Chancellor of the Exchequer refused, last year, to arrange the new sugar duty in a way to protect the sugar refiner at the expense of the sugar consumer, but more revenue is now so badly needed that it is thought that he may succumb. The cocoa, jam, and confectionery trades, which depend upon cheap sugar, would, of course, kick.

END OF ROYAL MOURNING.

In the course of a few days, the year's mourning of the Royal family for the late Queen will be over, and the Court will resume a brighter aspect. The West End is full of preparations for the new order of things; and it is clear, from many indications, that Their Majesties desire the London season to be as cheerful as conditions will permit. Many families are in mourning because of losses in South Africa, and for various reasons, it is presumed Queen Alexandra Princess Christian and Princess Henry of Battenberg will continue their predilection for neutral tones in ordinary wear. But the aspect of society will be gayer than for many years, and intimations already made show that the King intends to make frequent appearances in public places of amusement during the coming months.

BRITAIN AND STEEL.

One of the features of Britain's foreign trade that for some time past has been causing increasing concern to commercial classes here is the great increase in imports of iron and steel relatively to exports. In the last three years, the exports of manufactured iron have fallen by nearly £3,000,000, while imports amounted to £5,000,000 in 1899 and to £7,300,000 in 1901. This almost 50 per cent. increase brings imports up to nearly one-third of the value of exports, and induces a leading trade journal to anticipate that in a few years Great Britain will be buying more iron and steel than she sells. Mr. Schwab, president of the United States Steel Trust, has been interviewed at Vienna by the Neue Freie Presse. He expects the decline in the British steel trade to be continuous, but is of opinion that the continental steel industry will not be threatened by American competition for many years to come. Mr. Schwab considers that the steel age is coming, when steel will be the chief material used in the building of houses, cars, carriages, household furniture, and so forth, besides for pipes and many other things where iron is now used.

LIBERALS AND HOME RULE.

The most important event of the reassembling of Parliament was undoubtedly the emphatic declaration of Sir Henry Campbell-Bannerman, the Liberal leader in the House of Commons, that the Liberal party is still committed to Home Rule. This was so utterly at variance with Lord Rosebery's Chesterfield speech, that it was taken to completely nullify the other passages of Sir Henry's opening speech in which he endeavoured to conciliate the Rosebery faction.

The Spectator says this re-nailing of the Home Rule flag to the Liberal mast is a "new and violent repudiation of the imperialist wing." Other quarters have taken the Home Rule announcement to a de facto bid for the support of the Irish Parliamentary party. But this does not appear to be a probable contingency, as John Redmond and other leaders of the Irish Nationalists, have continually declared and proved it to be their intention of fighting the Home Rule battle unhampered by alliances, only supporting Sir Henry Campbell-Bannerman when the occasion suits them.

KING EDWARD'S HOLIDAY.

King Edward's visit to Earl Howe at Penn House, Amersham, is proving a brilliant social and sporting event. The other guests include most of those known as the "inner circle," the Hon. George Keppel and Mrs. Keppel, Earl de Grey, the Hon. Sidney Greville, Lord Vane Tempest and Viscount Curzon. Friday's shoot was a record day for Penn House, the bag being 1,203 pheasants, ten brace of partridges, ten hares and twenty rabbits.

The King daily uses his motor car and will probably use it for the journey from Penn House to Windsor, January 21, where the Queen will join him. Her Majesty at present is at Marlborough House.

VICTORIA MEMORIAL FUND.

The Victoria Memorial Fund is still well below £200,000, and is increasing very slowly towards the required £500,000. The reason for this state of affairs is supposed to be that people living out of London have strong objections to subscribe for the erection of a memorial in the metropolis. In all probability, the precedent which was set in the case of the memorial to the Prince Consort will be followed, and Parliament will be asked to vote the necessary funds.

SAW EVE OF WATERLOO BALL.

The death is announced of Lady Sophia Cecil, who was born in 1800. It was her mother, the Duchess of Richmond, who gave the famous ball in Brussels on the eve of the Battle of Waterloo. Lady Sophia used to say: "I remember being sent to bed that night like a wayward child, but I got up and watched the company assembling."

It is announced at Berlin, that Emperor William will attend a memorial service at the English church, on Wednesday, the first anniversary of the death of Queen Victoria.

Lord Wolseley is busily engaged on his military history. He has nearly completed the volume describing Napoleon's campaign of 1796. Wolseley is also writing his own memoirs, at the conclusion of which he intends to again take up the "Life of Marlborough."

PARIS, January 18.—A crusade has been started in Paris to fight the adulteration of milk, to which the great mortality of infants is largely attributed. The agitation is an outcome of the grave concern expressed at the depopulation of France. The Matin has organized a "citizens" league for the protection of human life, "which will carry through the prosecution of every case of milk adulteration."

GRIFFITHS' MENTHOL LINIMENT cured him, and will cure you.

Mr. J. Woodward, Toronto, writes: "I had rheumatism very bad, almost unbearable. I got a 75c bottle of Griffiths' Menthol Liniment, and was completely cured in two days.

It goes right to the spot, removes the cause and always cures.

BELFAST CALAMITY

The Wall of a Flax Mill Falls and Buries the Operatives—Many Dead Taken From the Ruins.

BELFAST, January 20.—A wall of the Smithfield Flax Mills collapsed this morning, burying the operatives, including many women. As this despatch is sent ten bodies have been extricated from the ruins.

TWO HURRICANES MEET.

Strange Conflict of Storms Reported by the Steamer Adana.

NEW YORK, January 20.—The British steamer Adana arrived to-day from China, Japan and other places in the Far East. Captain Smith says that from the Azores to this port he had tempestuous weather, and relates an occurrence which he says was phenomenal.

It was a collision between two hurricanes. His vessel had been experiencing heavy gales for 24 hours preceding this occurrence.

At 11.45 a.m., on the 17th instant, the wind was blowing with hurricane force from the south and a terrific black storm from the north was seen to approach rapidly, when, at 11.55, it fell dead calm, and the barometer was 29. At noon precisely the two winds met about a quarter of a mile from the vessel. The impact of the winds could be seen to churn the sea into foam, and it became rough and confused, rising to a height of 50 feet above the level of the sea, presenting a most dangerous appearance. The vessel soon got into the broken water, which came tumbling aboard in every direction, but without doing much damage. The spring of the steering gear was broken, and a stern post was smashed. The sea flooded the steward's pantry and destroyed the stores. After the confusion, the gale from the north proved to be the strongest, and the wind, within a few minutes, was blowing with hurricane force from that direction, and by two o'clock in the afternoon the sea was running mountains high. In the midst of the storm, a large sailing ship was seen. Captain Smith tried to signal her, but the flags could not stand the force of the wind. After the storm came a calm for a short time.

On the following day the steamer passed about 50 round logs, apparently a vessel's deck load.

THE POPE'S HEALTH.

Prof. Lapponi Says His Holiness Will Celebrate His Jubilee.

(Special to the Star.)

ROME, January 20. — A correspondent called upon Prof. Lapponi, the Pope's physician, yesterday, and referred to him the rumours spread abroad that the Sovereign Pontiff is near his end.

"Pooh! Pooh!! exclaimed Lapponi; "the Pope's strength—physical and intellectual—is unimpaired. I am confident he will happily celebrate his Pontifical Jubilee."

In order to celebrate his Pontifical Jubilee—that is the twenty-fifth anniversary of his being elected Pope — Leo XIII. must be alive and in good health on February 20, 1903.

The Pope has been much saddened by the death of Cardinal Dell Olio.

M.P. Expelled From Irish Party.

(Special to the Star.)

DUBLIN, January 20. — At a recent meeting of the Great National Convention, at which Mr. John Redmond, M.P., presided, a resolution was adopted by which Col. Nolan, M.P., was expelled from the Irish Parliamentary party on account of his treatment of his Galway tenants.

At a meeting previously held of the Parliamentary party a motion calling on the Irish party to expel Col. Nolan was withdrawn at the suggestion of Mr. Dillon, M. P., who urged that is was a matter that should not be left to the party, amongst whom it might create dissension, but that should be ruled by the nation at large, through the mouth of its representative bodies and the National Convention.

New machinery was provided by which recalcitrant members of the party can in future be expelled by a vote of the annual convention.

Joseph Martin Withdrew.

VICTORIA, January 20. — Joseph Martin withdrew from the candidature in Victoria on finding that the Liberal executive would not accede to his demand to have delegates appointed before the 21st. On Mr. Riley's assuring him that the delegates would be chosen, he went to the meeting and endorsed Mr. Riley's candidature.

MANUAL TRAINING IS A NECESSITY

Its Place in Education Has a Bearing on National Life.

THE WORK DONE IN MONTREAL

A Practical Exhibition of the Benefits of the Classes Given at Aberdeen School.

There was an interesting exhibition of the work of the Manual Training Department in connection with the Aberdeen School, on Saturday evening, which was very largely attended by the citizens.

Surprise and delight at the clever work of the children were expressed on all sides. In the cooking department, hot rolls and chocolate were prepared for the visitors, by the girls, and some very beautiful specimens of carving were on exhibition in the woodwork section.

Previous to the exhibition a meeting was held, and interesting addresses were delivered by Rev. Dr. MacVicar, Mr. George W. Parmelee, representing the Superintendent of Education; Rev. E. I. Rexford, Dean Bovey, representing McGill University; and Professor James W. Robertson.

MANUAL TRAINING.

It was only last September that an offer was received from Professor Robertson, to equip and maintain a centre under the McDonald manual and training fund, for a period of two years, if the Protestant Board of School Commissioners would provide a suitable room and make manual training part of the school course. The offer was accepted and ample accommodation was provided in Aberdeen school, a large room being equipped with no fewer than twenty carpenters' benches and tools, and classes in woodwork have been in full operation under the superintendence of Prof. Carl Johansson, since last November.

At the present time there is a total of ten classes, each with a full quota of twenty boys, making 200 altogether, all of whom have been drawn from the fifth and sixth years of Aberdeen, Mount Royal, Berthelet street, Peel street, Lansdowne and Dufferin schools, and almost as many more boys are on the waiting list. One night school class is also in operation.

Rev. Dr. MacVicar, in presiding at the meeting, read letters of regret at inability to be present from Sir William C. McDonald, Principal Peterson and Rev. Dr. Shaw.

The chairman announced that personally he was in favour of manual training, and he hoped that Sir William McDonald's munificence would stimulate public interest in the subject.

RURAL SCHOOLS' GREAT NEED.

Following Principal MacVicar, Mr. George W. Parmalee made an address in which he called attention to the benefits and advantages enjoyed by city school boys as compared with those in the rural districts. It was necessary for somebody to do for the country schools what Sir William McDonald had done for those of the city, and it would be a good thing if technical or manual training was introduced into the country schools. Unfortunately, the schools in the country were not only far apart but some of them had so few scholars that for each school to have its own department of manual training was impossible. The only way in which it could be managed would be by centralization.

Rev. E. I. Rexford strongly recommended manual training as a valuable part of education. In it there was a strong appeal to all the senses. It was good for physical development, and it developed common sense. It also developed the moral nature. It showed a child what was correct and what was not correct. The work, the speaker said, was the basis of all trade; not that the schools taught trade, but the principles which underlie trade. The work did not take up time. It had the advantage of variety, and it was the nature of a child to want variety. Experiments in the States with 100,000 children showed that a certain amount of time spent in lessons was wasted. Why not give that time to manual work.

DEAN BOVEY'S ENDORSEMENT.

Prof. Bovey, Dean of the Medical Faculty of McGill University, said that manual training was now a necessity in any comprehensive system of education. It had a direct bearing upon our national life, and the poorer thus was fully recognized the sooner we would be in terms of equality in educational matters with Germany and the United States. The world to-day wanted people who could do things.

PROF. ROBERTSON ON THE SYSTEM.

Pro. Robertson, who was the next speaker, said that he earnestly hoped that manual training would become an integral part of the education afforded in Canadian schools. It was necessary to educate the whole boy instead of only part of him. The schools in the cities had the advantage over the schools in the country in that they were enabled to give manual training. The work was liked by the children, and it kept them busy, and there was nothing so corroding as idleness. Sir William McDonald's munificence in this matter was to be most highly commended.

EXHIBIT OF WORK.

After Prof. Robertson had concluded his address the chairman extended an invitation to those present to visit the room where the boys were trained in carpentry, and the apartment where the girls were trained in cooking. There were about 20 boys who worked at benches under Instructor Prof. C. Johansson and in the corridor were specimens of the work done by the scholars of the High, McGill, Model, Westmount, King's, Glen and Aberdeen schools.

On the third floor was the cooking school. This is in charge of Miss Davidson, a Canadian lay trained in the Pratt Institute, in Brooklyn. Miss Davidson has classes in three schools—Aberdeen, Mount Royal and Riverside. There were some twenty little girls at work, learning the essentials of housewifery. Each girl had her own gas stove, cooking utensils and material, and for occasion they made and cooked some emergency biscuits and chocolate, which were served out to the visitors, and found to be admirable. The children attend the cooking classes for an hour and a half once a week. They are given the materials and are encouraged to find for themselves which are reliable receipts and which are not.

Miss Hollinshead's concert on Tuesday evening gives promise of being a very enjoyable one. A glance at the programme shows that some of the best and most popular local talent will contribute to the evening's pleasure. Among those taking part are the Misses Hollinshead, F. Fenwick, Eva Smith, Mrs. A. Ernest Muir, Messrs. F. H. Blair, Ernest Earl, Leslie Tedford, Sydney Dugan. The readings by Miss Fenwick will be a special feature. Miss Fenwick comes from Boston with a splendid reputation as an entertainer.

GOVERNOR OF VERMONT

Mr. C. M. Hays Defines the Position of the Central Vermont in Regard to the Contest.

Doctor W. Seward Webb, of the Rutland Railroad, and General McCullough, are both out for the Governorship of the State of Vermont, in the Republican interest, both gentlemen being prominent in the railroad world, and both directors of the Central Vermont. In this connection, Mr. C. M. Hays, president of the C. V. R., has sent the following letter to Dr. Webb:

MONTREAL, Que.,
January 10th, 1902.

My Dear Dr. Webb:

Referring to our conference yesterday on the subject of the next gubernatorial election in Vermont, as I said to you at that time, both candidates happen to be not only personal friends of mine, for whom I have a very high regard, but both are directors of the Central Vermont Railroad Company. Under the circumstances, I think the Central Vermont, as a company, should give you each an open field, and take no part in influencing their officers and employes one way or the other, but require them to give their attention to the duties of their positions in connection with the Central Vermont Railroad, allowing them, when it comes to the question of voting, to exercise free and uninfluenced, their individual opinions as to who shall have their vote for Governor. I have instructed the local management to this effect, and I trust this decision in the matter will prove satisfactory to both yourself and General McCullough, as I feel sure that all either of you want is an even chance.

Very truly yours,
(Signed) CHAS. M. HAYS.

DIED IN THE HOSPITAL.

Joseph Belanger Succumbed to Injuries Received in the Woods.

Joseph Belanger, of Point Fortune, Que., died in the Hotel Dieu on Saturday as the result of an accident, at the lumber camp of Messrs. Williamson & Morrison, of Montfort, Que. The deceased had been brought home in an unconscious state with his skull fractured, it is supposed, from a limb of a tree falling on him, and after remaining in this state for six days on the advice of a physician he was brought to the hospital, where everything possible was done for him, but without avail. The body was shipped home for interment on Saturday evening.

APPLIED SCIENCE DANCE.

The Event Will be One of More Than Usual Interest.

The annual dance of the students in Applied Science, at McGill, which is always so popular, will be held on Friday, Jan. 31st. The Engineering Building will be used for the occasion, and will be tastefully decorated in the McGill colours. The dancing will take place in the large drawing room, and refreshments will be served in the Architectural Museum. Every effort is being put forward to make this dance as pleasant as possible. In former years, owing to this dance's popularity, there has been considerable overcrowding, but this year the number of tickets is limited to suit the capacity of the building. The committee consists of: W. G. McBride, president; H. A. Burson, honourary secretary; E. L. Franklin, treasurer; R. C. Wilson, H. Bigger, P. A. Landry, E. J. Carlyle, J. Cameron, and Pillow. Tickets may be had from any of the committee until the limit is reached.

Fires in Dwellings.

A blaze in the private dwelling of James Hinton, of 63 St. Ignace street, to-day, shortly after nine o'clock, caused slight damage. The fire originated in a clothes closet, and was noticed before it had made much headway. The men of No. 8 Station put it out.

At 6.56 o'clock this morning an alarm was turned in to the Fire Department from box 253, which brought out the reels to a fire in the private dwelling of A. Lavallee, of 300 Rivard street. It only took the men from No. 16 Station a short time to put out all the fire there was in the place. The damage will not be heavy.

The Quality is in the Age.

To be absolutely pure, palatable and beneficial to health, gin must have been matured long enough to have all the fusel oil that it contains evaporated.

Melchers "Red Cross" Canadian Gin is the only Gin which before being sold is matured for years in bonded warehouses controlled by the Government. That is why Melchers Red Cross Gin is so appreciated by connoisseurs who know the difference between raw gin and a pure, old, thoroughly matured Gin.

Melchers Red Cross Canadian Gin is pure and has the age. That's all.

(Special to the Star.)

OTTAWA, January 20.—That both the Ottawa and Montreal hockey teams will have to improve very considerably before they think of going to Winnipeg to play for the Stanley Cup, is the general opinion of almost everyone who saw Saturday night's game. The best team, Montreal, won, but they did not have a very great deal the best of the play and the quality of hockey put up by both teams was ragged, it being generally conceded that the Victorias are the best team that have played here this year. Ottawa tried their old game to trusting to a general rush and good condition in the last half. It worked all right in the Victoria game when the defence went to pieces, but as lightning does not strike twice in the same place, so all defences do not get rattled, just when they are wanted to, and Boon and Elliott kept their heads, in spite of the brilliant dashes up the ice of Duval and Pulford. Duval, in the second half, certainly did some wonderful work, but was unable to get quite into the flags, try as he would. He, of course, took desperate chances, and when he or Pulford went away up the ice, Lifliton always seemed to be on hand to pick up the puck and dash up on all occasions, being dangerous and assisting materially in each of the goals scored. Duval in the first half, lifted poorly, rarely going past centre, and being slow in his returns in the second half he did an extraordinary amount of work. Watts was a very weak man and Henry was by no means in his best shape. Stewart and Westwick worked splendidly, particularly the latter in the second half making dash after dash up the centre. Hutton did nobly in goal, the Montrealers scoring each time with two or three men in on the goal-keeper, giving him no chance whatever of getting the puck away

LIFFITON PLAYED WELL.

Lifliton was the bright particular star of the Montreal team and was the speediest man on the ice, although when he let go not among the very fastest skaters than the Ottawas and were great puck getters. They like the Ottawas play very much of an individual game and the result was that few of the pretty combination plays that look so effective were noticeable. Unlike Pulford and Duval when the Montrealers were behind, Boon and Elliott held their positions and never ventured upon the forward line, the result being there was always some one to stop the Ottawa rushes. Then both these players lifted splendidly, the returns being made very fast. On one occasion, the puck was landed on Hutton's chest with two Montrealers a few feet from him. The result was inevitable, the visitors scored.

Most people thought that Referee Wall tried to do what was the correct thing by both teams although of course there were the usual protesting and noisy cranks among the audience. Many, however, agreed that Referee Wall has considerable to learn about the game before he will make a referee like Christmas, for instance, who was a model. Several times he blew his whistle, but the teams played on and the referee was satisfied. Then men were sent off for lifting their sticks while far more serious offences were allowed to go unchecked. On one occasion, Westwick and Lifliton got into difficulty, but Henry was sent off.

There were about 3,000 present when the whistle blew, including His Excellency the Governor-General and a good sprinkling of Montreal supporters. The teams lined up as follows:

Ottawas.	Position.	Montreal.
Hutton	Goal	Nicholson
Pulford	Point	R. Elliott
Duval	Cover Point	R. Boone
Watts	Forwards	J. Gardner
Westwick	Forwards	Marshall
Stewart	Forwards	Hooper
Henry	Forwards	Lifliton

Referee—F. Wall, Montreal.
Umpires—R. Bishop and S. Cameron, Ottawa.
Timekeepers—M. Rosenthal, Ottawa; R. Andrews, Montreal.

SUMMARY:

1.....Ottawa.....Stewart..... ...6½ min.
2.....Montreal.....Lifliton..... ...26 min.
3.....Ottawa.....Westwick ... ...1½ min.
4.....Montreal.....Marshall ... ... 2½ min.
5.....Montreal.....Lifliton ... ... 11 min.
6.....Montreal.....Hooper ... ... 11 min.

Ottawa started with a rush, and for a time had the best of the play until Pulford went off for three minutes. Duval did good work, but Lifliton and Hooper were very dangerous a couple of times, but failed to score before the Ottawa point was allowed back. The home team continued to have the best of the play, and finally, Duval broke through the centre and passed to Stewart, who scored first blood for Ottawa in 6 1-2 minutes. Ottawa kept a good gait without, however, having any apparent system, and Gardner, of Montreal, came down the ice and would probably have scored if he had not fallen.

Stewart and Henry put a couple of shots in each and after Gardner had again made a good run, the Ottawa forwards again got several shots. Westwick and Lifliton raised their sticks at one another and took the side for three minutes each, the game slowing up for a short period, and Duval and Elliott exchanging long lifts. Pulford then came down the ice, but he lost the puck, and Gardner was quickly back and made a dangerous shot. Duval, Henry and Westwick then got through, but Nicholson made a wonderful stop. The play then became fast and furious and both sides took advantages in turn, the goal-tenders both being in good shape. Stewart was warned by the referee, and Lifliton took a second rest for three minutes for swinging his stick round Henry's head. Pulford made another move out and passed to Westwick, who made a grand shot. Nicholson fell, but in time for the puck to go off his body to the side. Montreal held their own fairly well until all their men were on again, but no further score took place to half time.

WESTWICK WENT FAST.

Westwick had a shot early in the second half, and Gardner ran the puck back. Hooper made a swipe, and before Hutton could clear it away Lifliton had scored after 2 1-2 minutes' play. For some little time Montreal had the best of the play, and Marshall and Hooper did good work. Then Ottawa woke up and began checking hard, Pulford being very active with his body, but not succeeding in breaking through the Montreal men. Each time the puck came to Pulford he lifted to the side for a face and a good gain. Westwick and Lifliton got into a little difficulty, and Lifliton went off for the third time, accompanied by Henry, two minutes each. Westwick was doing some very fast and effective work, but the ice had got very heavy, and he time and again over-skated the puck. Finally Duval got through and passed to Westwick, who scored in 12 1-2 minutes. There only remained 15 minutes to play and things looked rosy for Ottawa, but Montreal were going fast and were evidently in shape to stand a hard game. Lifliton made the rush and passed nicely to Marshall, who evened the score in 2 1-2 minutes. Then the Ottawa defence took a hand in, and while Pulford is probably the poorest skater playing first class hockey, he generally makes gains. He made one rush and got away up the ice. Boon lifted back, hitting Hutton, and Lifliton scored on the second attempt in one minute. Still Ottawa forced the play and kept Montreal largely on the defensive, but it was expensive, as when they the defence well up, the Montreal had a clear field for a rush. Again and again the shots were piled in on the Montreal goal, but the defence was too strong and no score could be made. At last a long lift was made, Hooper followed up, Hutton was alone, and half a minute from the call of time, Montreal scored their fourth game.

WAS A POOR MATCH

And Quebec Won by Six to Two — The Montagnard Players Left the Shamrocks in the Lurch.

In a game that has often been surpassed during the present year, in the intermediate league, a so-called Shamrock senior team went down before the Quebec team on Saturday evening, by a score of six to two. In vain, almost, did the supporters, and they were quite numerous, of both teams, implore the players to get into the game, for the latter had evidently decided that they were up against the proposition of an off-night, and there was not any use contending against such odds. And then to make matters worse it was a game of all games that the boys in green had a license to win and might easily have done so had the executive put them about a little. As Viau and Hurtubise were unable on account of illness to play, it was decided to play men in their places who would be available through the entire season, and not only for this match. When, however, the players jumped on to the ice and it was seen that George Cummings was also among the absentees, and that his place, too, was taken by a junior, people wondered whether the executive wanted to have a look in at all at the finish. Why even the experience of one or two of the old players against such a team as Quebec had sent up would have been sufficient to turn the tide of victory. Not that Quebec was by any means a poor team, but that, like Shamrocks, it is still essentially a possibility in the senior ranks, and of both of them it is much more pleasing to think of what they may become than of what they are. It was hockey as we remember we used to get it, but which we recently have not been in the habit of having. The play on both sides was marked by strong and persistent individual efforts, but throughout, all niceness of combination play, or advantage of sustained attack was missing. That Quebec won was due to their strong defence. Scott and Stuart kept the forwards so persistently in possession of the puck that it was evident that it was only a matter of time when even some of those wild shots of the forwards would find their way into the net. Then again a strange feature of the game was that it was the goal keepers who carried off the honours of the evening. Both had a good deal to do and did it well, just about equally well. Apart from this Quebec was the stronger in every position. Scott and Hod Stuart on the defence, although not very pretty players, were effective at all times, and that is quite an important matter when there is a question of results. On the forward line the new men, Montgomery and Stanley, did some nice work. The former, especially, is a neat stick handler and clever skater, and should be heard from later on. Pacaud and Hogan are steady men, and so there is no reason that, with good handling, it should not be a real good team. As for Shamrocks let it be hoped that some more surprises will be sprung on their supporters in this season distinctly marked by surprises, and by clever coaching they may still be able to make it interesting for the best of them.

Viau and Hurtubise will play against Victoria on Saturday next, but it is not known whether they will be on the team for the rest of the season.

As a referee, Dr. E. F. Stuart was far too easy. He allowed pretty near everything except off-sides to go, and in this way the players devoted altogether too much time to one another and too little to the game. Both teams were about equally to blame, but as the visitors were much the heavier, the results of their work in this line was more prominent. In the first half Quebec was on the aggressive nearly all the time, but owing to the poor shooting of the forwards could not do better than to effect an equal score of one to one. Just near the end of the half Montgomery had his eye badly cut, and so much time was taken up in having the stitches put in that no rest was taken at half-time.

In the second half the visitors seemed much stronger. Not that they really were, however, but that Shamrocks weakened, and this made it appear as though they were. The home team was kept on the defensive nearly all the time. In the first twenty minutes O'Reilly stopped an innumerable number of all kinds of shots, but failed to notice four of them, and the score stood five to one in favour of Quebec. Then Shamrocks took a brace, and made it five to two. A few minutes later Hod Stuart, who had been playing the best hockey of the crowd, went down through the Shamrocks' defence and scored on a hard side shot. Quebec, now sure of victory, fell back on the defensive, and up to the time of the gong Shamrocks did not again find the net.

The teams were as follows:

Shamrocks.	Position.	Quebec.
O'Reilly	Goal	Moran
McKenna	Point	Scott
Brennan	Cover-point	Hod Stuart
Bright	Forwards	Pacaud
Ryan	"	Stanley
Lawrence	"	Hogan
E. Cummings	"	Montgomery

Presentation to Mr. McLaughlin.

On the conclusion of the match there was a gathering of the members of the S. A. A. A. in the hockey club's dressing room and Mr. Harry McLaughlin, President of the Association, was made the recipient of a splendid gift from the members on the occasion of his approaching marriage. Mr. Harry Tribey, Chairman of the Hockey Club, did the honours and after a pleasant little speech in which he felicitated Mr. McLaughlin and complimented him upon the manner in which he had carried out the duties of president of the Association, presented him with an illuminated address and a handsome set of dining-room furniture. Mr. McLaughlin replied, thanking those present for their kindness and promising that he would always have a pleasant thought for his associates in office and the members of the Association.

ACCIDENTAL?

The jury returned a verdict of accidental death on the man who fell from the window ledge on which he had fallen asleep. But the death was really due to carelessness which made the accident possible. There are a great many lives suddenly terminated as a result of carelessness, although the medical certificate may read "heart failure." When a man takes chances with his stomach and neglects the warning symptoms of disease, he is carelessly inviting calamity.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food, which makes strength. It stimulates the liver, cures biliousness, and removes bilious impurities from the blood.

"I had been troubled with a pain in lower part of my stomach for three years, so severe I thought it would kill me in time," writes Mr. Aaron Van Dam, of (Kensington) 3549 19th St., Chicago, Ill. "I could hardly work; it felt like a big weight hanging on me and got so bad that I had to take medicine. I used Stomach Bitters for a time, but it did no good so I wrote to Dr. R. V. Pierce for advice, which he gave me immediately. I followed his directions; used two bottles of his medicine and was cured. I had a torpid liver which was troubling me instead of cramps (as I thought), so Dr. Pierce told me. I have pleasure in living now; have gained in weight 15 pounds since then."

Dr. Pierce's Pleasant Pellets cure constipation. They do not beget the pill habit.

THE STANLEY CUP.

A Brief History of the Trophy Which the Wellingtons of Toronto Will Try to Bring Back From Winnipeg.

THE STANLEY CUP.

The Wellingtons of Toronto Will Try to Bring it Back From Winnipeg

Following is a brief history of the Stanley Cup, which the Wellingtons, of Toronto, will try to wrest from the Victorias, of Winnipeg:

When Governor-General of Canada, Lord Stanley, now the Earl of Derby, took a great deal of interest in hockey, and on taking leave, in 1893, announced his desire to give a perpetual challenge cup, which, if possible, was to be emblematic of the championship of the Dominion.

Subsequently the cup was handed to Sheriff Swetland and P. D. Ross, of Ottawa, and they were instructed to transfer it to the Montreal Hockey Club, who had that year won the championship of the Amateur Hockey Association. The following conditions were laid down:

1. The winner to give bond for the return of the cup in good order when required by the trustees for the purpose of being handed over to any other team who may in turn win.

2. Each winning team to have at their own charge, engraved on a silver ring fitted on the cup for the purpose, the names of the team, and the year when won.

3. The cup shall remain a challenge cup, and will not become the property of any team, even if won more than once.

4. In case of any doubt as to the title of any club to claim the condition of champions, the cup shall be held or awarded by the trustees as they may think right, their decision being absolute. Should other trustees resign, or otherwise drop out, the remaining trustees shall nominate substitutes.

Following is a record of the cup from 1893 to date:

Awarded to the Montreal Hockey Club, as champions of the A.H.A. of C.

1894.—Challenged by Osgoode Hall, as champions of the Ontario Hockey Association; match prevented by disappearance of ice.

1895.—Queen's College, Kingston, champions of the Ontario Hockey Association, challenged for cup and were defeated by Montreal, five goals to one. The Victorias having become champions of the A.H.A. of C. the cup was handed over to them.

1896.—The Victorias of Winnipeg, champions of the Manitoba Association, defeated the Victorias in Montreal, three goals to two. This was in February.

In December, of the same year, the Victorias, of Montreal, went to Winnipeg and won the cup back again, six goals to five.

1897.—Victorias, of Montreal, defeated Capitals, of Ottawa, champions of Central Canada Association, in Montreal, fifteen goals to two.

1899.—Victorias, of Montreal, defeated Victorias, of Winnipeg; first match, two to one. During the second match there was a dispute, and the Winnipeg Victorias left the ice. The Shamrocks won the championship of the Canadian Amateur Hockey Association, and were handed over the cup. On March 11th they defended it against Queen's University, of Kingston, and won by six to two.

1900.—The Winnipeg Victorias came again and played three games here against the Shamrocks, winning the first and losing the second and third. The Crescents, of Halifax, made an attempt later, and the Shamrocks defeated them in two matches.

1901.—Last year, by special permission of the association, which somewhat changed its rules in regard to the cup matches, were allowed to play the Winnipegs early in the season, and lost the cup to them, the visitors winning by two straight matches.

The cup matches have as all times been the scenes of great excitement, thousands of people attending them, particularly since the Montreal Arena was built. It was not until 1899 that the cup matches were played in the Arena, and the last match, which was played in the Victoria Rink in December, 1897, was so easily won by the Montreal Victorias that it hardly counted.

It was in December of the previous year that the Montreal Victorias went to Winnipeg to regain the cup which they had lost in the spring to the Western players. On the evening when the match took place there was a fancy dress carnival at the Victoria Rink, and aundreds of people attended this, not to see the masquerade, but to hear the progress of the match, as it was bulletined by the Star.

The arrangements for bulletining were the most complete that had ever been made at a hockey match. A large booth had been erected in the centre of the ice, and at the sound of a gong the sides of this booth revolved, giving a detailed account of the progress of the match by direct wire from Winnipeg, every five minutes. The excitement was intense, and quite as natural as if the spectators were seeing the actual match. The Saturday after the return of the victorious team it was received in state in the Victoria Rink, and escorted across the ice to a dais at the other end, where the immense cup, which was filled with flowers for the occasion, was taken again official possession of by the directors. This was probably the most imposing ceremany in which the cup has ever taken part while changing hands during its existence.

INTERMEDIATE GAMES PLAYED AT THE ARENA

Two Were Played Saturday and Victorias and Montreal Were the Winners.

There were two intermediate games at the Arena on Saturday afternoon, and as usual the results were foregone conclusions. The first game was that between Montreal and Westmount, Montreal winning by a score of 7 to 2. The teams lined up as follows:

Montreal.	Position.	Westmount.
Donnolly	goal	Judah
Hodge	point	Hart
Cameron	cover point	Ross
Brown	forwards	Willis
Strike	forwards	Field
Meldrum	forwards	Patrick
Percival	forwards	Brophy

Referee, R. Magor.

The second game was that between Victoria and Shamrocks. The Shamrocks presented a make-shift team, and as a result the Vics. walked through them, scoring 12 to 0. The line-up was as follows:

Victorias.	Position.	Shamrocks.
Lockerby	goal	Connolly
Gordon	point	Kenehan
Molson	cover point	Hoerner

WELLINGTONS START

They Go to Bring Back the Stanley Cup and Have An Enthusiastic Send Off From Toronto.

(Special to the Star.)

TORONTO, January 20.—There was a big gathering of enthusiastic hockeyists at the Union Station to see the Wellingtons off to Winnipeg to do battle for the Stanley Cup. John Ross Robertson, Frank Nelson and others of the O. H. A. led in the cheering as the train drew out, carrying the Wellington car. The following named players left in charge of manager W. H. Lamont, secretary Alex. Milne and trainer Mack White: Morrison, Smart, Ardagh, Chadwick, McKay, Hill, Lamont, McLaren and Worts.

MONTREALS AND VICTORIAS.

They Play at the Arena on Wednesday—Big Demand for Seats.

The game at the Arena Wednesday night between Montreal and Victoria will cut a big figure in the championship race. Montreal now leads the league with two wins and no losses, while the Victorias are nestling in second place with a win and a loss. The indications are that the Arena will be crowded to see this battle of the giants for there has been a steady demand for seats for a week back. The seats were placed on sale at the Star branch office at nine o'clock this morning. Montreal's win in Ottawa on Saturday was most pleasing to their supporters who now expect them to defeat the Vics. The Montreal team will probably be the same as played on Saturday. There may be a change on the Vics defence, but the forward line will remain intact.

Shots on Goal.

The Young Hamiltons defeated the Young Stars, 3 to 2.

Rockfield defeated the Horribles by a score of 9 to 0.

Huntingdon defeated Valleyfield by 8 to 1, at Huntingdon on Saturday.

The Crescents defeated the Cliftons on St. Lawrence Rink by 7 goals to 1.

At Toronto Saturday night the St. Georges were beaten by 'Varsity, 10 to 5.

There is a scheme on foot in Ottawa to put up an arena for hockey purposes.

The Gazette Hockey Club are desirous of arranging a match with the employes of any printing establishment in the city.

Charley Johnston, of the Winnipeg Victorias, was injured at practice on Friday, and will be unable to play in the Stanley Cup series.

The time dial was not used at the Arena on Saturday night, because when placed in position it was found too small. It will be rebuilt and made twice the present size.

In order to avoid a crush at the Arena Wednesday night, the management request that those requiring reserved seats should procure them in advance, at the Star branch office. They will be on sale there up to 5 o'clock Wednesday afternoon.

ATHLETICS

THE CANADIAN BEATEN

Caffery, the Hamiltonian, Lost in Five Mile Race—Magnificent Olympian Games Coming.

BUFFALO, N. Y., January 20.—Jerry Pierce, of the Pastime A. C., New York, defeated John Caffery, of Hamilton, Ont., in a special five mile foot race at the 74th Regiment Armory. The time for five miles was 25.38 3-5. The competitors in other events were local men.

GORGEOUS OLYMPIAN GAMES.

CHICAGO, January 20.—A. G. Spalding, who has been appointed chairman of the Athletic Committee of the Olympian games of 1904, has had a conference with H. J. Furber, chairman of the general committee, for the purpose of discussing the details which would fall to the athletic committee. After the conference Mr. Spalding said:

"I had no idea of the scope of the undertaking planned by the general committee. It was astonishing to me in its proportions. Nothing like it has ever been undertaken. I was on the athletic committee of the Paris Expositon as American representative, and I can truthfully say if the present plans for the Olympian games are carried out there will be absolutely no comparison with anything in that line that has taken place.

"I did not realize, until to-day, the importance of the position I had acepted, nor the work it will entail, but I can promise everything in my power to make it a success."

SNOWSHOEING

Lachine Club's Steeplechase.

The club steeplechase was run on Saturday evening, the start being made from Knapp's Hotel, Blue Bonnets, to the Prince of Wales Hotel, Lachine. H. Casbourn coming in first in splendid form, with Gammon and Clayton close at his heels. Considering the heavy state of the frost, the time made was very good. A few of the members of the Holly and Montreal Clubs, who had tramped over to McHugh's, witnessed the finish.

The summary follows:

Winners.	Time.
1. H. Casbourn	25.48 2-5
2. A. Gammon	25.58
3. A. Clayton	26.10

Officials—Starter, B. H. Davis; judges, J. T. Bathwell, W. M. Brown, C. Tuck; timekeepers, C. A. Smith, C. H. Skeatz.

VETERANS IN THE FIELD OF CANADIAN SPORTS

MR. R. S. KELLIE.

"Bob" Kellie is one of the veterans of Point St. Charles. He has always been a lover of good clean amateur sport and has been identified with a number of clubs. He is a life member of the Grand Trunk Boating Club and also of the Argyle Snowshoe Club. He served on the committees of both clubs for years and was vice-president of the latter. In 1898 he represented the boat club at the C.A.A.O. meeting in Toronto. He was a member of the old Beaver Baseball Club and of the Scots Football Club, and in fact almost every club that has had an existence in the Point. He was the first captain of the Wanderers War Canoe Club. He has in his possession several prizes for canoe sailing. He also has prizes for swimming and diving. He has a record for bringing new members into the boat club. Mr. Kellie is a great dog fancier and was secretary-treasurer of the Canadian Collie Club for two years. No matter what is going on in the sporting line, Mr. Kellie is always in evidence. He hasn't missed a lacrosse match in twenty-one years.

BASEBALL TROUBLE

Johnson and Spalding Still Hand in Glove and the Players' Association Doing a Little Talking Now.

NEW YORK, January 20.—Mr. Spalding was emphatic in announcing that the present four loyal clubs of the National League—Pittsburg, Chicago, Philadelphia and Brooklyn—would go through the season intact, and would play out a four-club schedule if necessary. He expressed the opinion that there would be the usual number of eight clubs, but not more than eight or less than four.

Mr. Johnson and Mr. Spalding are united in the opinion that two major league clubs, representing the larger cities, are a necessity to satisfy the public, and both believe that rivalries between these local clubs of the two leagues will better satisfy the baseball patrons in cities where two clubs may be located.

Among other results of the conference held was the suggestion that the respective playing rules committee of the National, American, and National Association of Professional Baseball Leagues have a joint conference and formulate a uniform code of playing rules for the coming year. For the purpose of carrying this into effect Messrs. Johnson and Spalding sent a joint letter to P. T. Powers, president of the National Association of Professional Baseball Leagues, suggesting a joint conference to formulate a uniform code of playing rules, to meet February 10, 1902, at Buffalo.

THE PLAYERS TALKING ALSO.

KANSAS CITY, January 20.—Dale Gear, secretary of the Players' Protective Association, gave out an interview Saturday night which indicates that a clash between the players' organization and the National organization of minor leagues is imminent. Gear says that the reported declaration of officials of the minor association will certainly be resented by the players who are fighting for freedom, and that they "will not stand idly by and allow themselves to be handled as a lot of slaves."

Gear continues: "To be told that they are to play and have a fine assessed if they dared to accept a position in another league where better money was paid, was an action of this combine, the minor leagues, that was directly against the interests of the players and was striking at the very root of the Players' Protective Association. It aimed to destroy all the good the union has done the players, and I, as secretary of the association, will send out letters to all members, warning them against this new combine organized for the interests of the managers to further shackle the players."

Gear has writen to President Daly in regard to the matter and will push it into an issue between the Players and Powers' organization.

Spalding and Johnson Confer.

CHICAGO, January 20.—Ban Johnson and A. G. Spalding held a conference Saturday, at which the baseball situation was discussed at considerable length. Mr. Johnson and Mr. Spalding agreed that it was inadvisable to consider amalgamation of the two leagues on any kind of basis.

Among other results of the conference was the suggestion that the respective playing rules committee of the National, American and National Association of professional baseball leagues have a joint conference and formulate a uniform code of playing rules for the coming year. For the purpose of carrying this into effect Messrs Johnson and Spalding sent a joint letter to P. T. Powers, president of the National Association of Professional Baseball Leagues, suggesting a joint conference to formulate a uniform code of playing rules, to meet February 10, 1902, at Buffalo.

THE TURF

MYNHEER IS A WINNER

A Big Two Year Old Event Was Run Off on the New Orleans Track on Saturday.

NEW ORLEANS, La., January 20. — A string of eleven two-year-olds faced Starter Fitzgerald in the third race Saturday afternoon, making their debut on the turf. Based on trials, the Morris-Walden pair, Merry Sister and Offset, were favourites and coupled. Merry Sister's race was much the better. She was on the outside all the way and was carried wide on the turns, but came very fast at the end and finished strong. Musical Slipper was well handled, ran a good race and was drawing away when they finished.

Dagmar, favourite in the stake event, the Live Oak Steeplechase, worth $1,015 to the winner, has probably closed his racing career. He unseated his rider early in the race, but Hartley remounted and started after his field. Riding to the tenth jump the horse broke a blood vessel and was pulled up. Coley made a new record for the track, Mynheer, who won the fifth race, was the only winning favourite. Weather, partly cloudy; track, fast. Summary:

First race, six furlongs, selling—Orla, 84, Helgeson, 4 to 1, won; B. G. Fox, 110, Slack, 16 to 5, second; Little Jack Horner, 110, Landry, 6 to 1, third. Time, 1.14. Tour, Ben Frost, Lou, Ann, Siphon, Bertha Nell, Gracious and Gassoon also ran.

Second race, mile and four and a half furlongs, selling—Major Mansir, 103, J. Miller, 2 to 1, won; Judge Steadman, 108, Coburn, even, second; Star Cotton, 92, Boyd, 9 to 2, third. Time, 2.42. Precursor, Jacknapes and Fair American also ran.

Third race, 3 furlongs—Musical Slipper 110, R. Williams, 5 to 1, won; Flash of Lightning, 103, J. Winkfield, 6 to 1, second; Merry Sister, 109, Coburn, 2 to 1, third. Time, .36. Offset, Wilton, Julia Lisle, Step Around, Frances Porter, Imp. Lady Winkle, Zulman and Sue Vlus also ran.

Fourth race, Live Oak Steeplechase, full course—Coley, 134, Brazil, 13 to 5, won; Bristol, 164, Penn, 9 to 2, second; Captain Conover, 134, C. Johnson, 12 to 1, third. Time, 4.39½. Divertisement and Tame Irishman also ran. Dagmar pulled up bleeding.

Fifth race, handicap, mile and sixteenth—Mynheer, 108, Coburn, 6 to 5, won; Reseda, 97, Cochran, 5 to 1, second; Silver Coin, 109, G. Thompson, 10 to 1, third. Time, 1.47. Garter Ban, Kenchance, Jessie Jarboe, Little Elkin, and Puricar also ran. Alfonso was cut down entering the stretch. Circus stumbled at the same point and threw his rider.

Sixth race, six furlongs—The Hoyden, 104, Lyne, 13 to 5, won; Lingo, 104, J. Rice, 5 to 2, second; O'Hage, 115, Dominick, 9 to 5, third. Time, 1.14. Digby Bell, Florham, Rendezvous, Colonel Stone and Bill Logan also ran.

Hoofbeats.

The Saratoga Lake Ice trotting race on Saturday afternoon was won by M. J. Dwyer's Dan J. In three straight heats. Best time, 2.27.

BOWLING

CYCLING

M'EACHRAN BEATEN.

He and His Partner Came Second in the Big Six Day Race Held in Philadelphia.

PHILADELPHIA, Pa., January 20.—A crowd that filled all the available space in the Second Regiment Armory witnessed the finish of the six days' bicycle race. The contest was won by Freeman and Maya, the former rider, by a remarkable sprint, crossing the tape a wheel's length ahead of the second man. Four teams covered the same distance, 1,004 miles, and ten laps, breaking the best previous record by 38 8-15 miles.

This record, 966 3-10 miles, was established two years ago, by McFarland and Elkes in Madison Square Garden.

Five minutes before the finish the tail enders retired, giving the track to Freeman, Monroe, Leander and Wilson. The four men started away with Leander leading, followed by Freeman, Wilson and Monroe in the order named. Monroe was pocketed by Wilson, but in the last spurt he edged his way through and finished second, with Leander third, and Wilson last.

The teams finished as follows: Freeman and Maya, Monroe and McEachran, Leander and Putz, Wilson and Goulgoltz, each 1,004 miles and 10 laps; Miller and Barclay, 1,003.-10.

TRADE OF WEST INDIES

The President of the Canadian Manufacturers' Association and a Secretary Leaving on a Missionary Tour.

Mr. J. F. M. Stewart, of Toronto, assistant secretary of the Canadian Manufacturers' Association, was in the city on Saturday and in company with Mr. Cooper, secretary of the Montreal branch of the association, visited during the day a number of the local manufacturers. Mr. Stewart expects to leave to-day for Amherst, N. S., where he will spend a day or two, going thence to Halifax, from which port he will sail, January 27, for the West Indies, in company with Mr. Robert Munro, president of the Manufacturers' Association, and Mr. J. T. Hagar. They are going in the interests of the Canadian manufacturers to endeavour to develop trade between the Dominion and the West Indies. Receptions have been prepared for them at several places, and they do not expect to return to Canada before the last of April. They will return on the new line of steamships running between Jamaica and St. John, N. B.

THE MISSIONS IN NORTH-WEST.

The Annual Missionary Meeting of Chalmers Church.

The annual missionary meeting of Chalmers Church was held last night, when the Rev. G. H. Brand, principal of the Point aux Trembles school, gave an account of the progress accomplished during the year in French evangelization. He also alluded to the work of the school over which he presides, stating that at the present time there were upwards of 160 pupils in the school.

Mr. J. H. Sharpe, of the Presbyterian College, gave an account of the home missions. He had himself served for three and a half years in the North-West, and spoke of the difficulties and need of the work among the ranches, farms and mines. The future of the country will be great, but they would not be civilized if the Gospel did not raise people to its possibilities. The Presbyterian Church already expends over $110,000 in the West.

Mr. Geo. Irving, of the Wesleyan College, described the claims of foreign missions on Christian lands, both from the humanitarian as well as the Scriptural point of view.

Judgment in a Note Case.

The judgment maintaining the action of J. Bte. Guay against F. Guay, for the amount of a note of $150, was recessed by the Court of King's Bench, in appeal. The note was made in 1890, and interest was paid on it until March 23rd, 1896. This, plaintiff contended, interrupted prescription, but the defendant denied this, and said that the note had been paid and returned. This last assertion was not proved, and the court below held that the defendant on the stand had admitted that interest was paid up to March 23rd, 1896. In the Appeal Court the evidence was again examined, when it was found that the defendant, who is now the appellant, had admitted paying some interest on the note, but when asked how long he had paid, could not remember. This was considered insufficient by the Appeal Court to establish an interruption of prescription, and the judgment of the lower court was, therefore, reversed. Mr. Justice Bosse differed from the others on the appreciation of the evidence, but not on the point of law involved.

Captain McDougall's Bravery.

It is understood that the attention of the Dominion Government and the Minister of Marine will be called to the heroic efforts of Capt. Geo. S. McDougall and the crew of the C.P.R. steamer Athabasca in saving the Captain and crew of the American barge Preston in June last. The passengers presented the captain with a flattering address, which has since been beautifully engrossed and illuminated and the Royal Canadian Humane Society awarded him with a parchment certificate for distinguished bravery.

Reform Club Monthly Dinner.

Hon. Horace Archambault was the guest of honour at the monthly banquet of the Reform Club, on Saturday evening. There was a large attendance. Among those who spoke, besides the attorney-general, were Messrs. B. J. Coughlin, president of the Club, Hon. N. Perodeau, M. L. C., Henry Hamilton, J. X. Perrault, G. W. Stephens, jr., A. Bergevin, M. L. A., Hon. Senator J. P. B. Casgrain, J. A. Drouin, Hon. Senator Mackay.

The North-West Missions.

At St. Anthony's Church, St. Antoine street, last evening, Rev. F. Lacombe, the [illegible] in the North-West told of his experiences in the Far West fifty years ago. He made an appeal for assistance on behalf of his missions, which were at the present time especially in need of assistance owing to the large number of immigrants that had come into them.

A Zoccolio Entertainment.

A. "Zoccolio" entertainment, the proceeds of which will be devoted towards erecting a tablet in memory of Rev. Father O'Donnell, formerly parish priest of St. Mary's parish, will be given in St. Mary's Hall, Craig street, on Thursday, January 30. The entertainment will be given under the auspices of the Old Sanctuary Boys' Association.

Miss McCabe's Singing.

Miss Margaret Anna McCabe, of New York, delighted a large congregation at St Patrick's Church last night, by the manner in which she rendered Gounod's "O Divine Redeemer," and Dana's "Ave Maria." Miss McCabe has been engaged for the approaching annual charity concert of St. Patrick's choir, to be held on March 4th next.

Received Medical Degree.

At a meeting of the Medical Faculty of McGill University, on Saturday, the following gentlemen were declared to have passed the final examinations for the degrees of M. D., C. M.: J. A. Crozier, B. A.; S. K. Harvie, B. A.; and F. H. MacCarthy. They will receive their diplomas at once, but their degrees will not be conferred until the next meeting of Convocation.

Mr. H. A. St. Pierre Admitted.

Mr. Henri Adolphe Saint-Pierre, eldest son of Mr. H. C. Saint-Pierre, K. C., was admitted to the practice of the legal profession, Saturday, after the most creditable examination. Mr. Saint-Pierre, Junior, received the congratulations of several members of the profession, some of whom formed part of the board of examiners.

FROM HIS CONFRERES

Mr. Harry McLaughlin, Tide Surveyor, the Recipient of Handsome Presentations on the Eve of His Marriage.

There was a large gathering of the local Customs staff in the collector's office on Saturday afternoon, the occasion being the presentation of a cabinet of silverware to Mr. Harry McLaughlin, tide surveyor, as a mark of esteem from his fellow-workers and others, on his approaching marriage.

The cabinet was a magnificent polished oak case, and contained a most complete collection of the many things required for the purpose intended. The presentation was made by Mr. R. S. White, collector of customs, who made a witty speech, in which he congratulated Mr. McLaughlin on the step he was about to take. He referred to Mr. McLaughlin's sixteen years in the Customs service in most complimentary terms, and expressed many wishes for his future happiness.

Mr. H. A. Lemieux, inspector of ports, followed, in French.

Mr. McLaughlin was visibly affected, but made a most suitable reply, and at the conclusion was greeted with three hearty cheers.

When this presentation had been concluded Capt. M. Scanlan, superintendent of the Franco-Canadian Line, and Capt. A. Reid, port warden, came forward, and on behalf of the shipping interests of the port presented Mr. McLaughlin with a drawing-room and bedroom suite, and at the same time took advantage of the opportunity to thank Mr. McLaughlin for the manner in which he had performed his duties in connection with the port.

The Ottawa staff also remembered Mr. McLaughlin, and Mr. R. R. Farrow, accountant of the department at Ottawa, was sent to Montreal, the bearer of a splendid gift and the well-wishes of his confreres in the Capital.

The Judgment Maintained.

The Court of King's Bench in Appeal maintained the judgment of the Superior Court, dismissing the action of M. Saxe & Sons against Mr. J. H. Joseph. The claim was for repairs to a warehouse, which the plaintiffs claimed was uninhabitable without such alterations and repairs. For these they claimed $562.12, the principal item being for heating apparatus, and they also sought to recover $2,503.12 as damages. The Court below held that the defendant had made all the repairs called for by the lease, and besides found that if the warehouse had not been warm enough it was due to the fact that the plaintiff appellants had not kept the openings closed. The case presented considerable difficulty, as the premises were destroyed in the Board of Trade fire, during the pendency of the suit.

A ROCHESTER SENSATION.

Aged Man Murdered Because He Refused to Open a Safe.

ROCHESTER, January 20.—B. E. Brown, a prominent manufacturing jeweller, aged between 60 and 70, was found Saturday night in his salesrooms, on State street, murdered. The assassin had apparently attacked the old man from the rear, and struck him in the back of the head with a hammer, crushing the skull.

The night watchman while making his accustomed rounds found Brown dead. His legs were tied together and he was gagged with a long red neck scarf.

All about were evidences of a fierce struggle, but a most thorough search failed to discover any positive clue as to the identity of the murderer or murderers.

From the position of the body in front of the safe, the conclusion was at once reached by the police that the murderers had placed Mr. Brown before the safe, which was locked, and which contained thousands of dollars' worth of diamonds and jewellery, and tried to force him to work the combination for them. Failing in this and with the evident intention of concealing their identity, the assassins pounded the back of the old man's head to a jelly and departed. Mr. Brown's right hand was covered with blood, indicating that he had raised it to his head after he was struck, and tried to ward off other blows which followed. The murderers secured nothing of value except perhaps a diamond stud Mr. Brown wore, which is missing.

The scene of the crime is in the heart of the business section of the city, and has caused a profound sensation.

A SPANISH DISASTER.

Boiler of a Spinning Mill Explodes Killing Sixty.

BARCELONA, January 20.—The boiler of a spinning mill near Mauresa exploded Saturday and wrecked the building. A large number of working people were buried in the debris, and many were killed. A number of bodies were hurled long distances.

The explosion destroyed half the village of the Puente de Vilumara. The hospital at Mausera is filled with the injured. Sixteen mutilated bodies of working people, who were buried in the debris, have been reovered. They include the manager of the spinning mill and his two sisters.

It is estimated that sixty persons were killed and one hundred injured, and many of the latter are not expected to recover. The dead include many children. The Que-Regent has wired her condolences.

A Library for Skibo Castle.

LONDON, January 20.—The Daily Mail says that Mr. Andrew Carnegie is forming a library at his residence, Skibo Castle. Lord Acton, professor of history at Oxford University, will select the books, Mr. Carnegie having indicated the classes he desires to be represented. The books will all have special bindings. They will include one hundred volumes of speeches and an expensive series of the lives of players, painters and men of letters. The total number of volumes will probably be 8,000. The initial outlay will be £10,000.

Largest Insurance Cheque Ever Paid.

ST. PAUL, Minn., January 20.—A cheque amounting to $1,000,000 has been received here for payment of the policy on the life of Frank H. Peavey, the late Minneapolis millionaire.

THE GERMANS AT METZ.

Concentration of Troops Creates Some Interest in France.

(Special to the Star.)

PARIS, January 20.—The Liberte prints in italics an alarmist special despatch from Nancy which states that there has been an extraordinary strengthening if the German forces at Metz, thirty-five miles away, and that great quantities of supplies have been accumulated there. The Liberte, which apparently desired to make the most of its scare, interviewed a French officer on the matter. This officer declared that the French Intelligence Department was very much alarmed at these preparations, which were out of all proportion to what was necessary to keep the German Garrison on a peace footing.

The Temps says that all the state alliances are on an unstable equilibrium. The Temps adds that the recent advances of the Emperor William towards America are very significant.

MONDAY, JANUARY 20, 1902.

Montreal's civic nomination day was marked by fine weather. The sun shone with equal brightness on the nominated and the forgotten, but the climate felt colder to some than to others.

The Washington Post says "tobacco is a thing of mystery," but the Kansas City Journal has had experiences which lead it to say that there is more mystery about some things palmed off as tobacco.

If the Bennet bill against flirting, even with handkerchiefs, in public conveyances should pass the New York State Legislature, the popularity of wireless telegraphy will receive quite a set back in that State.

Mr. Joseph Martin is again coming before the people of British Columbia as a candidate. He has fallen out with the party management and announces himself as a candidate for the by-election for the vacant seat in Victoria for the House of Commons. Like Lord Rosebery he appeals from his party to the Caesar of public opinion.

The trial of an enemy's general, captured in the course of a war, and his condemnation by a court martial, followed by his execution, is certainly out of the ordinary course. It can only be said that Commandant Scheepers's crimes were also decidedly out of the ordinary, and murder and inhuman cruelty to prisoners are among acts not recognized as legitimate by the code of war among civilized peoples.

It is believed that at to-day's meeting of the British House of Commons the Government will answer a question put by Mr. Henry Norman, M.P., as to what action Great Britain took when there was a proposed joint action of European powers against the United States at the time of the trouble with Spain. There are those who believe that the British went as far as threatening to send their fleet to help that of the United States in case of European interference, and others who believe that all Great Britain did was to refuse to join the proposed coalition, and giving an object lesson in strict neutrality. The answer to the conundrum will be interesting.

CANADIAN PROGRESS.

We have before us some extracts from reports made by the consuls of the United States, on certain rapidly developing industrial districts of Canada. They give us the opportunity to "see ourself's as ithers see us." These consuls are in the country to keep their own people fully informed as to what is going on, among other duties, and they afford an impartial observation from the standpoint of the onlooker who sometimes sees most of the game.

George W. Shotts, the United States commercial agent at Sault Ste. Marie, Ontario, in a report to the State Department, says:

"The attention of capitalists is being directed to the possibilities of the iron and steel industries of Canada. The Canadian Government pays a bounty of $3 per ton on pig iron made from Canadian ore, and $2 per ton on that made from foreign ore. A bounty of $3 per ton is paid for steel ingots, and $3 per ton for puddled bar iron made from pig iron manufactured in Canada. This bounty has stimulated the building of iron furnaces, and large steel plants have been built or are under construction at Sydney, in Cape Breton, Hamilton, Sault Ste. Marie, Ontario; Collingwood, and a number of other places. Mr. A. J. Moxham, general manager of the Dominion Iron & Steel Company, of Cape Breton, (he was formerly in Johnstown, Pa.), in a recent address gives figures to show that while it costs $3.57 per ton of pig iron for assembling the materials for making steel at Pittsburg, the same materials cost only 79 1-2 cents at the Cape Breton mills, and $1.79 at the mills of the Lake Superior Power Company, at Sault Ste. Marie, Ontario. He shows further that while the mills at Cape Breton are at tide water the Pittsburg mills must ship to tide water at a cost of about $2 per ton, to reach the European markets, and will then be about 1000 miles further from those markets than the Sydney mills."

Then we have an equally interesting report to the State department on the same subject from Mr. John L. Bittinger, the United States Consul-General at Montreal. He tells of the large iron and steel establishments that are being put up in Canada, as a result of the attention drawn to such industries by the bounty system. He says: "The Cramp Ontario Steel Company, with a capital of $5,000,000, is a new enterprise located at Collingwood, Ontario. The bounties granted to such enterprises in the Province of Ontario by the province and dominion combined amount to $7 per ton of the product. In all the iron and steel plants now in operation, as well as in those projected, United States capital is dominant. It is very clear that with so large a bounty, abundant raw material and cheaper labour than in the United States the iron and steel plants of Canada will have a considerable advantage over the plants in the United States."

Consul-General Bittinger quotes from the Dominion Iron and Steel Company, showing that it will produce this year 400,000 tons of iron and steel.

The Washington correspondent of the Philadelphia Press sees danger to the prestige of the United States in these facts. He points out that the Canadian can actually invade the United States. "Having the advantage of low cost of labour," he says, "cheap raw materials are being located right at tide water where they can reach the Atlantic ports of the United States at about one quarter of the transportation as compared with the Pittsburg mills. It may be easily seen what an enormous advantage the Canadians would have if Mr. Babcock's bill should become a law, admitting structural iron and steel, steel ingots, steel billets, steel rails and all that sort of thing into the United States free of duty." It is curious by the way that the cheap labour, if it be cheap labour, comes to this country from the United States. We are inclined to believe that the cheapness and facility with which materials can be assembled, owing to the location of the Canadian plants, form a far more important factor than the low cost of labour. The foreign testimony to Canada's progress and possibilities is interesting.

INSURRECTION IN FORMOSA.

The Japanese Send Troops to Fight the Rebels.

TACOMA, Wash., January 20.—Advices by the steamship Tacoma state that the insurrection movement in Formosa is much more serious than at first supposed. Twenty-five hundred natives in Southern Formosa have taken up arms against the Japanese authorities. The prevailing conditions are similar to those in the Philippines, making it almost impossible for the Japanese troops to follow the insurgents into the swamps and jungles where the latter are able to live. In the last battle the Japanese lost 21 killed and 29 wounded. Twelve insurgent leaders and 150 of their followers were killed or captured. Neither party gained any advantage by the battle. The insurgents are carrying forward such a vigorous campaign that the Japanese have sent 17 companies of militia against them.

Admiral Sampson's Reason.

TORONTO, January 20.—The news that Admiral Sampson's reason is gone seems to be confirmed by a letter received by Rev. Joseph Hamilton, of Mimico, a former pastor, from Mrs. Sampson, in answer to one sent by Mr. Hamilton. She says:

"I cannot bear to let your most kind letter to Admiral Sampson go unanswered, though he is too ill even to understand its receipt. But its kind words do reach him by ministering to me—a conundrum which I am sure you can solve. Admiral Sampson is indeed very ill, though I cannot yet give up the hope that he will improve with the spring days, and renew something of his former strength."

Masonic Golden Jubilee.

CINCINNATI, Ohio, January 20.—The Masons of the Scottish Rite are making most elaborate arrangements here for the celebration, February 18 to 21, of the fiftieth anniversary or golden jubilee of the order. The Ohio Consistory has a membership of 2,800. The class of candidates numbers more than 200 for the degree at the Cathedral here next month. Among those who have signified that they will be present are Henry M. Palmer, 33rd Degree, Grand Master of the Northern Jurisdiction; James D. Richardson, 33rd Degree, Grand Master of the Southern Jurisdiction; deputies from the different states and members of the various supreme councils, including those of Canada and Mexico.

Sudden Death of Captain Lee.

OTTAWA, January 20.—Capt. W. Horace Lee died suddenly Sunday afternoon, at his home, on MacLaren street, from heart failure. He was 58 years old and was well known in military circles. He was a son of the late W. H. Lee, formerly clerk of the Privy Council of Canada, and had been engaged in the brokerage business. Captain Lee was superannuated from the Privy Council Department a few years ago. He leaves one child, a daughter. Capt. Lee went to his room after dinner and a few minutes later was found by his wife breathing heavily. A doctor was summoned, but nothing could be done to save his life.

Garment Makers Locked Out.

CHICAGO, January 20.—Five hundred custom clothing workers, the majority of them women, have been locked out, and it is said the number will be largely increased in the near future as the result of an organized movement to stamp out unionism among the garment workers in Chicago.

The Chicago Federation of Labour has taken up the fight of the clothing workers and yesterday declared a boycott against the concerns responsible for the lock-out.

A Big Diamond Robbery.

ST. PAUL, Minn., January 20. — A special from Glendive, Mo., says: Robbers secured between $10,000 and $20,000 worth of unset and set diamonds to-day by stealing two trunks from the baggage room of the Northern Pacific station and breaking them open. The trunks were the property of C. B. Clausen, travelling representative of S. B. Clausen & Company, of Minneapolis.

Elected to New Brunswick House.

ST. JOHN, N.B., January 20.—On Saturday afternoon, Dr. Jas. Rudderick, of St. Martin's, was nominated for the seat in the New Brunswick Legislature, made vacant by the death of John McLeod, member for St. John county. Mr. Rudderick is a Government supporter. There was no opposition, and he was declared elected.

Chinese Exclusion Bill.

WASHINGTON, January 20.—Representative Kahn, of California, has introduced the Chinese exclusion bill, agreed upon by all Pacific coast interests as representing their views. It was referred to the Foreign Affairs Committee, and Mr. Kahn says hearings will begin this week, and the bill urged to speedy consideration in the House.

Andrew Lang Scores Kipling.

LONDON, January 20. — Andrew Lang joins the long list of critics of Rudyard Kipling's poem, "The Islanders," with a scathing denunciation of the author's personality. Mr. Lang takes the character in "Stalky and Company," generally supposed to be Kipling himself, and holds him up to derision for his "unathletic brutality."

Death of E. V. Clergue.

SAULT STE. MARIE, Ont., January 20. —Ernest Victor Clergue, of the Canadian Soo, brother of Francis H. Clergue, who is at the head of the big industrial works here, died in Chicago on Thursday night, of heart trouble. He was 41 years old, and had been prominently identified with the work here.

No man is every perfectly sure of a girl's love until she declares she hates him.

HE GUESSED WRONG.

Visitor—"Am I right in presuming that it was your passion for strong drink that brought you here?"

Prisoner—"Say, boss, I guess yer don't know dis joint. It's de last place on eart' I'd come ter if I wus lookin' fer booze."

Occasionally a woman uses a hammer to drive a tack—if there is no hairbrush handy.

The man who kicks himself for having made a fool of himself only adds injury to insult.

Clothes do not make the man, but his tailor frequently gives him an expensive appearance.

Mrs. Queery—"Isn't she a member of your club?"

Mrs. Gadabout—"Not any more. We had to get rid of her, or she would have disorganized us."

Mrs. Queery—"You don't say!"

Mrs. Gadabout—"Yes. At one of our sessions we were discussing the servant girl question, and she said the best way to solve the problem was for all of us to stay home and do our own work."

ONE OF MANY.

Mr. Gillis—"Surely, Miss Gray, you have not forgotten me already? Why, I proposed to you at the seashore last summer."

Miss Gray (much puzzled)—"Can't you recall some other incident?"

Adversity may prepare a man for the life beyond, but it curtails his credit while here on earth.

The lazy man consoles himself with the shop-worn adage about the race not always being to the swift.

Time waits for no man, but man has to wait at least an hour when a woman tells him to wait just a second.

He—You see, I have a sort of power of clairvoyance, so to speak. That is, I can always tell what people are thinking of me.

She (in great confusion)—Oh—er—indeed! But I—I—don't always seriously mean what I happen to think.

NO CHANCE OF ERROR.

Hicks—I thought you said there could be no question as to Browne's veracity?

Wicks—Well, there can't. He is an unmitigated liar.

Mamma—You mustn't bowl your hoop in the front on Sunday. You must go into the back garden.

Tommy—Isn't it Sunday in the back garden, Mamma?

"Nay, then, if you will have a toast, let us drink to the man who knows when to stop!"

"Aye! To show that the absent are not forgotten!"

Wife—Are you sure you caught this fish? Mr. Gayfello—Of course.
Wife—It smells very strong.
Mr. Gayfello—Strong? I should say it was. It nearly pulled me overboard.

SELF-APPROVAL.

"Have you kept your New Year's resolutions?"

"Yes; I have faithfully kept a New Year's resolution that I made three or four years ago."

"What was it?"

"Never to make any more resolutions."

A lady golfer on a links in Ireland, wishing to know what was considered a good score by local players, asked her caddie "what they got round in," and received the rather unsatisfactory answer that "they tries to go around in as few as possible, ma'am, but they mostly takes more."

We may have no taste for the study of history. The millions of worlds whirling in a bewildering maze through the heavens above and around us may cause us but a moment's thought; but our neighbour's private affairs—ah! that is a subject of which we are never weary!

There may be no such a thing as luck, but there must then be something which very nearly resembles it.

Man is the loudest clamourer for peace and the quickest of all animals to go to war.

Consider two ants fighting in the dust. Reflect that you stack up just about so high in the scheme of the universe.

Our honour is something that is hurt when we get found out.

A woman's idea of a good photograph of herself is when a friend looks at it and says, "What a beautiful woman! Who is she?"

NOT THE TRUE CHICAGO LIFE.

"That play isn't true to life."

"Why not?"

"The heroine is a Chicago woman, and although three months are supposed to elapse between the first and second acts, she has the same husband in both acts."

"Here!" cried the blind beggar, "what good's this red poker chip to me?"

"Ha!" exclaimed the man. "How do you know it's red? Your sign says you're blind."

"Well, it doesn't say I'm colour blind, does it?"

She—"Went a hundred miles this morning in your automobile? Tell me, did you really enjoy your ride?"

He—"Enjoy it? Of course not. One isn't supposed to enjoy an auto ride; but one feels very happy when it is over to think that he got out of it alive."

"Remember, young man," said the practical man, "that in order to succeed you must teach people to trust you."

"I have done that," answered the gloomy young man. "I have succeeded in getting into debt beyond my fondest expectations."

"Johnnie," said his mother to the incorrigible, "I am going to have your father whip you when he comes home to-night."

"Please don't, mamma," replied Johnnie, penitently, "paw is allus so tired when he comes home."

SORRY HE SPOKE.

He (who has failed to catch his companion's name, and wishes to find it out indirectly—By the way, how do you spell your name?

She—J-O-N-E-S.

Bill Nye, the humourist, once told Dean Hole that when he met Richard Wagner he said to him:

"Your music is beyond my comprehension, but I always feel sure when I hear it that it is really much better than it sounds."

Policeman (to jovial couple—Tak' care, if ye go on like that I'll hae to arrest ye.
First Merry Man—Why, we're not even whistling.

"No, but ye're looking as happy as if it were Monday!"

"Papa, when you were a boy, did you ever tell a lie?"

"I am afraid I did, my boy. Why?"

"Nothing, only I was afraid you didn't."

Final Election Results.

BELLEVILLE, January 20.—Sheriff Hope, the returning officer for West Hastings, on Saturday declared Mr. E. Gus Porter, the Conservative candidate, elected by a majority of 501. The vote by municipalities was as follows:

	Porter.	Frost.
Belleville	910	614
Sidney	495	417
Trenton	426	299
Total	1,831	1,330
Majority for Porter	501	

The total vote polled was 2,161. In 1900, when Mr. Corby had a majority of 842, the total vote was 1,346—Corby, 2,094; Young, 1,252.

Toronto, January 20.—Final returns of the West York by-election show that Mr. Campbell's majority is 111.

NAPANEE, Ont., January 20.—Avery's majority in Addington is now 413, with 5 polls to hear from, which, it is said, will probably reduce it about 10 or 15.

BURIED WITH THE HONOURS OF CRAFT

Masonic Brethren Paid Last Tribute to Their Late Grand Secretary

LATE W. BRO. J. H. ISAACSON

Immense Cortege Followed the Bier on Saturday—Impressive Service at Temple and Cathedral.

Not since the funeral of the late Past Grand Master, J. Fred. Walker has the Masonic craft of this and adjoining districts turned out in so great numbers as they did on Saturday afternoon. It was the last tribute of esteem and affection to all that was mortal of one of the oldest, most respected and most popular brothers of the order, M. W. Bro. John Helder Isaacson, late grand secretary of the Grand Lodge of Quebec A. F. and A. M.

The services began at the Masonic Temple, Dorchester street; here an immense concourse of citizens had congregated outside and in fact, all the streets converging not only to the Masonic Temple but to Christ Church Cathedral, where the burial service of the Church of England was read, was crowded with spectators.

THE MASONIC SERVICE.

In the Royal Victoria Lodge Room there was a magnificent floral display contributed by the following: The Grand Lodge, a wreath; Argyle Lodge, a wreath; Ionic Lodge, an anchor; Elgin Lodge, an anchor; Eastern Star Lodge, a wreath; Prince Consort, a wreath; Corinthian Lodge, a wreath; Quebec and Three Rivers district, a pillow with square and compass; St. Francis district, a wreath; Mount Horebe Chapter, a star; Killwinning Lodge, a pillow; Canarvon Chapter, a triangle; Richard Coeur de Lion Preceptory, a cross and crown; Westmount Lodge, a square and compass; Zetland, a pillow with square and compass; Royal Victoria Lodge, a wreath; the Lodge of Antiquity, a wreath; Mount Moriah Lodge, a pillow; Royal Albert Lodge, square and coinpass; besides contributions from private friends.

After the Grand lodge had been opened the members filed down to the Victoria Lodge room where the impressive Masonic service was performed by Most Wor. Bro. Edson Fitch, of Quebec, Grand Master, assisted by the Grand Chaplain, Rev. Bro. Flanagan. The musical portion of the service was presided over by V. B. Brother Percival Illsley, P. G. O. The choir consisted of Bros. R. Crawford, J. G. Poole, G. Irwin, A. H. Winfidale and W. Baylis, who sang the following Hymns, "Nearer My God to Thee," "Lead Kindly Light," and "Solemn Strikes the Funeral Chime." While the service was being performed, the large number who could not gain access to the lodge room were being lined up in lodges by the Grand Director of Ceremonies, V. M. Bro. E. H. Blurton, assisted by V. W. Bro. D. McL. Brophy, W. Bro. C. McLennan, and W. Bro. Alex. Strachan. The order was accompanied by the bands of the Prince of Wales and the Royal Scots.

The line of march was by way of Dorchester, Metcalfe and St. Catherine street. When they reached the Cathedral the lines were opened, and the hearse preceded by the Grand Lodge and lodges by seniority entered the church reforming after service in the same order as before.

THE GRAND LODGE OFFICERS.

The Grand Lodge officers present were: M. W. Bro. Edson Fitch, Grand Master; R. W. Bro. J. B. Tresidder, Deputy Grand Master; R. W. Bro. H. E. Channell, D. D. G. M., for St. Francis district; R. W. Bro. J. M. Starke, D. D. G. M., for Bedford district; R. W. Bro. E. S. Stevens, Sherbrooke, acting Grand Senior Warden; R. W. Bro. R. T. Macdonald, Grand Junior Warden; M. W. Bro. I. H. Stearns, Grand Treasurer; R. W. Bro. Hill H. Whyte, acting Grand Secretary; R. W. Bro. J. S. Thompson, Grand Registrar; R. W. Bro. the Rev. J. L. Flanagan, Grand Chaplain; V. W. Bro. E. H. Blurton, Grand Director of Ceremonies; R. W. Bro. Dr. G. W. Lovejoy, acting Grand Senior Deacon; V. W. Bro. Dr. R. Wilson, acting Grand Junior Deacon; R. W. Bro. Guy R. Dewar, acting Grand Organist; W. Bro. J. A. Cameron, acting Grand Pursuivant; Bro. John Lawrence, Tyler.

Past Grand Masters—M. W. Bros. B. Tooke, Lieut.-Col. T. P. Butler, Lieut.-Col. A. A. Stevenson and Lieut.-Col. F. Massey.

Past D.G.M.—R. W. Bro. D. Anderson.

Past D.D.G.M.'s—R. W. Bros. James Fyfe, John Smillie, W. M. Campbell, W. H. O'Regan, H. S. Couper, L. G. Jarvis (London, Ont.), Jos. Mitchell, G. O. Stanton and T. Beamish Saul.

Past Grand Chaplains—R. W. Bros. the Ven. Archdeacon Evans, Rev. F. Charters, Rev. Rural Dean Sanders, Rev. T. Everett, Rev. C. G. Rollit, Rev. Canon Renaud, and Rev. R. Hewton.

Past Grand Registrars—R. W. Bros. Lt.-Col. A. H. Gilmour, C. W. Perkins, H. Dunne, John McLean and D. Boyd; R.W. Bro. John Hope, Lachute, P.G.S.W.; V. W. Bro. Wm. Greig, P.G.J.D.; W. Bro. J. W. Stark, Huntingdon, P.G.P.; R. W. Bro. Jas. O'Halloran, P.D.G.M.

ORDER OF THE LODGES.

The lodges preceded the hearse in the following order: Westmount, Eastern Star, Victoria (Lachine), St. George's 440, Argyle, Corinthian, Royal Victoria, Ionic, St. Andrews, Prince Consort, Coeurs Unis, Mount Moriah, Mount Royal, Royal Albert, Yamaska (Granby), St. George's No. 10, Elgin, Antiquity, St. Lawrence, Montreal-Kilwinning, Zetland. Then followed the Grand Lodge, preceded by the Grand Tyler.

THOSE PRESENT.

The casket was borne to the hearse by three members of Zetland Lodge, the mother lodge of the deceased, and three members of Kilwinning Lodge, and the large procession numbering between 1,000 to 1,200 masons in full regalia with the bands of the Royal Scots of Canada and of the 1st Prince of Wales Rifles passed on to the Cathedral.

SERVICE AT THE CATHEDRAL.

At Christ Church Cathedral the service was most impressive, impressive on account of its beautiful simplicity. The sacred edifice was packed to the door, and as the funeral cortege approached the officiating clergymen, to the number of a dozen or more, passed down the aisle to receive the body, while Mr. J. B. Norton, A. R. C. O., Lic. Mus, who presided at the organ, played with great feeling and expression Mendelssohn's "Oh Rest in the Lord."

At the Cathedral door the body was met by R. W. Bros. the Rev. Frank Charters and the other clergymen. The casket was placed in front of the chancel as the words "I am the resurrection and the Life" were heard all over the sacred edifice. The 39th Psalm was then read by the R. W. Bro. Canon Renaud, a past grand chaplain, and the special lesson by R. W. Bro. Ven. Archdeacon Evans, a past grand chaplain; the sentences before the committal by R. W. Bro. C. G. Rollit, the committal by R. W. Bro. Rev. Frank Charters, the subsequent prayers by R. W. Bro. Rev. Canon Key, which concluded the service. Then the cortege, to the mournful dirge of the "Dead March in Saul" dispersed, the Masonic orders following the hearse to Mount Royal Cemetery.

LEG BROKEN.—Mr. J. [illegible], 231 Fontenac street, while getting off a train at St. Louis street, on Saturday night, slipped and fell, sustaining a fracture of one of his legs. He was removed to the General Hospital.

INSURANCE POLICY

The Court of King's Bench in Appeal Decides That a Policy is Complete When Application is Accepted.

The majority of the Court of King's Bench in appeal on Saturday decided that a life insurance policy contract existed and was complete as soon as the application had been accepted. Messrs. Justices Bossé and Wurtele dissented from this view on the ground that there was no contract, and that the only recourse available was an action for damages.

The case under consideration was that of Leger and Decarie. The defendant had been sued for $486 as premium on a policy of $10,000 in the Sun Life Assurance Company. The defendant had refused the contract, as he claimed it was not in accord with the conditions submitted by the agent. The court below held that the contract was not complete, and the only recourse was for damages.

"The Creation" to be Sung.

The Montreal Oratorio Society performances of the Creation, on Wednesday and Thursday promises to be a great success. The concerts will commence promptly at 8.15 with the first verse of the National Anthem, and the doors will be closed during each number. By this it is intended that the orchestral introduction, the representation of chaos, shall not be marred by the clatter of seats, a feature so marked at the last Symphony Concert. A private rehearsal will be held, with orchestra and soloists, on Wednesday morning.

Richmond Water Works.

The judgment in favour of plaintiff in the case of Lariviere against the [illegible] mond for $3,000 was confirmed in the Court of King's Bench in appeal on Saturday last. The plaintiff had sued for amounts due him as transferee of the rights of the contractors for the building of the Richmond water works. The principal grounds of objection were that the work was not properly finished and that the by-law authorizing it was illegal. Both courts overruled these objections.

A Lecture on Electricity.

At the Grand Trunk Railway Literary and Scientific Institute, Sebastopol street, Point St. Charles, to-morrow evening, Mr. W. B. Shaw, electrician of the Montreal Electric Company, will deliver a lecture. The subject will be on electrical subjects of use to engineers and machinists. A programme has also been arranged for by the amusement committee.

Master at Lennoxville.

Mr. Birchall Marling, B.A., of Trinity College, Toronto, has been appointed assistant master at Bishop's College School, Lennoxville. He was for seven years at Trinity College School, Port Hope, and served with distinction in the second South African contingent. He has been a successful master at Lakefield Preparatory School, under the Rev. Mr. MacKenzie, and is a good athlete and cricketer.

The Premier Has a Cold.

Mr. R. Boudreault, Sir Wilfrid Laurier's private secretary, who was at the Windsor yesterday, stated that the illness of the Premier was caused by a bad cold, which Sir Wilfrid caught in addressing an open air meeting at St. Rose. In all probability, however, the first minister would be able to be out to-day.

Sent to the Reformatory.

Alphonse Lavigne, Sanguinet street, one of the three boys implicated in the robbery of $3 and a small clock, was sent to the reformatory for three years.

The Reception Postponed.

The reception which the congregation of St. George's church purposed tendering the Rev. Dyson Hague and Mrs. Hague this evening in St. George's school-house has been postponed, owing to the illness of Mr. Hague.

A BURGLARY.—The office of Leclaire and Bruneau's wood and coal yard, Vitre street, was broken into, but the thieves were evidently frightened, as nothing was disturbed.

WEEK WAS DULL IN STOCK MARKET

Trading Was Small in Volume and Prices Changes Few.

MONTREAL POWER A FEATURE

A Bond Issue and a Fire Which are Supposed to Have Depressed the Stock.

Trading in the stock market during the week closed yesterday was dull, with few important changes in prices. The railway list was quiet, with Canadian Pacific the most active feature, prices ranging from 114⅝ down to 113 and then back to 114. Other stocks moved within narrow limits.

The morning after the Montreal Light, Heat and Power Company secured the authorization of its shareholders to issue bonds to the amount of $7,500,000, of which $2,500,000 have already been sold, one of the company's stations was considerably damaged by fire. As a result of one or the other, or possibly both, the stock declined from 93¾ to 91, and frequenters of the stock market are endeavouring to figure out the proportion of responsibility for the decline. Subsequently the price recovered to 93.

Dominion Steel common came next to Power in point of volume of trading, but the price movement was narrow, being restricted to one point, 36 being the highest and 35 the lowest. Other industrial stocks were dull.

Dominion Coal continued one of the strongest features of the list, the lowest being 65¼ and the highest 66½. Banks were quiet and unchanged, excepting Merchants Bank, which made a new low level at 145 and recovered to 147. Bonds were steady.

Fluctuations of the week and sales were as follows:

Stock.	Open	High	Low	Close	Sales
Transportation—					
Canadian Pacific	114⅝	114⅝	113	114	3,401
Montreal Street xd	265¼	266	265	265	650

ST. ANTOINE WARD

Seat No. 2

Following is a portion of those who have signed the nomination papers of Ald. Olivier Faucher for St. Antoine Ward (seat No. 2), for the City Council;

To Ald. Olivier Faucher:—

Sir,—The undersigned electors of St. Antoine Ward South, fully recognizing the able manner in which you have attended to the business interest of the ward and city during the past two years, earnestly request that you again become a candidate for seat No. 2 in the City Council. We pledge you such support as we feel confident will ensure your return. Hoping for a favourable reply, we are, with respect and gratitude for past services, yours.

WHEAT IS WEAKER

Increase of Over a Million Bushels in Visible Supply Helps to Break Chicago Market—Liverpool Firmer.

The Liverpool wheat market was stronger to-day, March closing ¼d higher than Saturday at 6s 2¾d, May closing ¼d up at 6s 3⅛d. Antwerp was reported ½ up at the closing at 17⅝ for No. 2 red winter. Paris was 5 to 10 higher at 21.95 for January and 2300 for March and June. London quoted No. 1 standard Calif., passage, 30s 6d; Walla Walla, February and March, 29s 6d; La Plata, f.o.r.x., February and March, 29s 9d, sellers.

Chicago was weaker to-day, May options being quoted at noon as follows: Wheat, 1 3-8c to 1½c down at 79⅝c to 79¾c; corn, ⅛c to ¼c down at 64⅝c; oats, ⅛c down at 46¾c.

Indian shipments of wheat during the past week were 63,000 qrs. to the United Kingdom and 18,000 to the continent, or 37,000 more and 12,000 more, respectively. Russian shipments during the past week were 155,000 qrs. wheat and 165,000 maize, or 70,000 more wheat and 94,000 more maize than the previous week. Australian shipments of wheat to the continent and the United Kingdom were nil against a total of 90,000 the previous week. Danubian shipments were 56,000 wheat and 68,000 maize, or 54,000 and 104,000 qrs. respectively.

LOCAL MARKETS.—Oats were very dull to-day, but prices showed little or no change, ranging around 47c to 47½c, store. Holders of buckwheat are still asking around 55½c east, but buyers are two cents below that figure, so that no trading has been indulged in for some time. A similar diversity of opinion exists in the market for peas, 82c, high freights, being sellers' views, and 80c buyers'. It is thought that business might be done at 81c. Rye is very dull, prices being only nominal at 54c east. Feed barley is weaker at 54¾c, store, being quoted this morning.

FLOUR.—Quotations in car loads on track are: Manitoba spring patents, $4 to $4.30; best strong bakers, $3.80 to $4; winter wheat patents, $3.75 to $4.10 store; straight rollers, $3.55 to $3.70; in bags, $1.72½ to $1.82½.

FEED—The market is very firm. Quotations in car loads on track: Manitoba bran, bags, $20 to $21; shorts, bags, $22; Ontario bran, in bulk, $20 to $21; shorts, are scarce at $22 to $23 in bulk; middlings, $22 to $23; moullie, $23 to $30, according to quality.

ROLLED OATS.—The market is easy. Jobbing lots in store are selling at $5.30 to $5.40 in wood, and at $2.65 to $2.70 in bags.

HAY.—Quotations are steady at $9.75 to $10.50 for No. 1; $9 to $9.50 for No. 2, and $8 to $8.50 for clover.

TORONTO, Ont., January 20. — Wheat firmer: red and white sold 76c middle freights; goose wheat quoted 68c middle freights. Spring 74c to 76c east. Manitoba No. 1 Northern 85c and 2 Northern 82 Grinding in transit via Sarnia January shipment, and 1c less via North Bay.

Flour—Easier. 90 per cent. patents $2.80 bid and $2.95 asked buyers bags, middle freights. Choice brands held 15c to 20c higher.

Manitoba is steady, cars of Hungarian patents $4.20 and strong Bakers $3.90, cartots, bags included Toronto.

Mill Feed—Steady. Cars of shorts $20 and bran $18 to $19 middle freights. Manitoba firm. Shorts $22 and bran $20 carlots, sacks included. Toronto freights.

Barley—Steady. No. 1, 56c; No. 2, 53c; No. 3 extra, 51 to 52c and No. 3, 50c middle freights.

Buckwheat — Steady. 55½c middle freights. Rye steady, 57c middle freights. Corn steadier, 66½ to 67c. Canada mixed and yellow west.

Oats—Steadier. No. 2 white 41½ to 42c; middle freights. Oatmeal steady, cars of bags $5.35 and barrels $5.50 on track Toronto and 25c more for broken lots. Peas—Steady, No. 2, 82½c middle freights.

Manitoba Wheat.

(Special to the Star.)

WINNIPEG, January 20.—Wheat—Fort William freight rate, 72½-2 cents; Brandon freight rate, 69½ cents.

HE CIVIC CONTEST IN VARIOUS WARDS

Candidates Have Been Busy Holding Meetings.

CRITICISM OF ALD. OUIMET

His Opponent, Mr. Latreille, Finds Fault With Conduct — Joint Meetings To-night.

There were a number of meetings last night by candidates to make known how they would act if elected to the City Council.

After the nominations meetings will be held in all the wards and a hot time is expected.

MR. E. LATREILLE'S CANDIDATURE.

Mr. E. Latreille, who is opposing Ald. Ouimet for seat No. 1 in St. Jean Baptiste ward, held a meeting last night in St. Jean Berchman's Hall, corner of Chambord and Marie Anne streets. Mr. R. Leroy, ex-president of the Brotherhood of Carpenters and Joiners, presided.

Mr. E. Latreille, the candidate, explained his programme. If elected, he would seek to have St. Jean Baptiste ward divided into two parts, east and west, would favour a re-adjustment of the salaries paid to city employes, so that there would be a more equitable proportion between the higher and lower employes. He would favour giving out city work by the day to prevent jobs, monopolies and the exploitation of the working classes by corporations. He would work to have the streets and sidewalks kept in decent state of repair, would push the widening of Marie Anne street near St. Andre, to open an artery for trade throughout that portion of the ward, and would do all in his power to protect the workingmen of this city against the invasion of people who live outside the city and come here to work at lower prices to the prejudice of the labourers of the city. He was backed, he said, by the official endorsement of thirty-seven labour unions in this city, and reproached Ald. Ouimet with having sacrificed the interests of the workingmen for his own private profit. He also reproached Ald. Ouimet with giving work as foreman for the removal of snow to skilled workmen, tradesmen and even professional men, instead of giving this work to the labourers who were surely entitled to it, as the others could earn their living at their respective trades or professions. He was a native of St. Jean Baptiste, and if any one in the ward could find a stain on his honour or reputation in the past, could show that on any occasion his word had not been as good as his bond, he would retire at once. More than that, if Ald. Ouimet could show the same clean record he would retire in favour of that gentleman. Ald. Ouimet was said to have stated that the speaker was going into this fight backed by money. This was false, he was conducting an honest campaign, and did not intend to spend a lot of money in the election, with the hope of recouping himself at the city council on contracts to be awarded. This campaign must be decided on principle and not on a money basis, and if Ald. Ouimet considered the people of St. Jean Baptiste ward a lot of sheep to be bought, that gentleman would be greatly mistaken. Messrs. D. A. Lafortune, Leblanc, N. Arcand, of the Brotherhood of Carpenters and Joiners, and J. O. Lamert, also addressed the meeting, charging Ald. Ouimet with sacrificing the interests of his constituents, especially the workingmen, to private interests, and reproaching that alderman with several votes during his term at City Hall. They scored him for not having worked to obtain better terms and better hours from the Street Railway Company, when that body applied to the City Council for extended privileges.

MR. VANDELAC'S CANDIDATURE.

St. Jean Baptiste Market Hall was well filled last evening with electors of St. Jean Baptiste Ward, who had come to hear Mr. George Vandelac expose his programme as a candidate for seat No. 2, St. Jean Baptiste Ward, as the successor to Ald. Roy. Messrs. Joseph Galarneau and Joseph Royal were appointed joint chairmen.

The candidate, Mr. George Vandelac, excused himself at the beginning because he was unaccustomed to public speaking. He had, however, believed it his duty to accede to the request of a number of the electors of the ward and come forward to solicit their votes and influence to elect him as their representative. If elected, he would at all times take the interests of St. Jean Baptiste Ward, and do what he considered best for the interests of the city of Montreal. He came before them as an independent candidate. He did not condemn the reform party by any means, for the group of aldermen so known, had done many things in the best interest of the city, and he would support them in such measures. He would not be bound to blindly support any faction or party however, but reserved for himself the right to judge each question on its merits. He belonged to no coterie, but as a practical workingman himself he would pay particular attention to the needs of the working people of St. Jean Baptiste Ward and indeed of the whole city.

Messrs. Louis Gauvreau, Horace St. Louis, Louis Masson, J. A. Pelland, Emile O'Leary and Ant. Bissonnette, addressed the meeting on behalf of Mr. Vandelac, putting forth the claim that by his experience in business and in furthering public improvements he was better fitted to represent the ward than his opponent.

The organization committee was composed as follows: President, Mr. William Gravel; vice-president, Noe Leclair; secretary, Mr. T. Nap Bleau, N.P.; treasurer, J. Albert Labossiere; committee, Ald. Roy, Leonidas Villeneuve, Dr. A. Germain, Jos. Galarneau, Thos. Barry, Louis Gauvreau, Jacques Villeneuve, Jos. Royal, Louis Galarneau, Edouard Pelletier, Anselme Bissonnette and P. Simard.

ALD. BRUNET'S EXPLANATION.

Ald. Brunet has addressed a letter to Mr. J. A. Rodier, Secretary of the Federated Trades and Labour Council, to explain that in voting as he did in the council on Thursday last, on the question of the union label, he had believed that he was meeting the views of the Federated Council, as explained to Ald. Faucher, Ekers and Smith, the subcommittee of the Finance Committee appointed to deal with this question. He assured the secretary that he wished on this occasion as on all others to meet the views of the representatives of the labour organizations.

THE WRONG MR. DIXON.

In a report of a meeting held on Thursday evening in favour of Mr. F. Sauvageau, candidate for seat No. 2, St. Antoine South, the name of Mr. J. P. Dixon, Secretary of the Grocers' Association, appeared as a speaker. The speaker on that occasion was Mr. W. E. Dixon, while Mr. J. P. Dixon is devoting all his efforts to secure the election of Mr. T. J. O'Neill, who is also a candidate for seat No. 2, St. Antoine south.

ST. ANTOINE WARD.

A public meeting in favour of Ald. O. Faucher, candidate for re-election for seat No. 2, in St. Antoine Ward, will be held in Richmond Hall, corner Notre Dame and Richmond streets, this evening. Ald. Faucher will render an account of his stewardship at the City Hall. Mr. Dupuis, M. L. A., for Chateauguay, and a number of prominent public speakers, will also address the meeting.

MR. C. B. CARTER ACCEPTS.

The following has been addressed to the electors of West Ward: "As the deputation appointed at your meeting, last Friday, to tender the nomination of seat No. 1, in the City Council, to Mr. Christopher B. Carter, K. C., we beg to report that Mr. Carter has accepted the nomination unreservedly; that he has filed his nomination papers, and made the necessary deposit at the City Hall.

We, therefore, respectfully solicit, on Mr. Carter's behalf, the vote, support and influence of every voter in the ward.

JAMES CRATHERN,
ALEX. D. FRASER,
CHARLES S. J. PHILLIPS.
Secretary.

JOINT MEETING IN ST. DENIS WARD.

A mass meeting of the electors of St. Denis ward will be held this evening in Gauthier Hall, Berri street, in favour of the election of Ald. S. D. Vallieres. Mr. John Keegan, who is also a candidate, and his friends have been requested to be present.

CONTEST IN ST. DENIS WARD.

There will be a meeting of the electors favourable to the return of Ald. Vallieres, to-night, at 8 o'clock, at 1279 Berri street. Addresses will be made by speakers of both languages.

MR. ALEXANDER MURRAY HAS PASSED AWAY

Deceased Was Well Known as a Curler and Stood High in the Masonic Order.

Mr. Alex. Murray, sixty-six years of age, died yesterday in the Royal Victoria Hospital, where he had been confined since December 10, although he had been in poor health for about three months.

The deceased was a Scotchman by birth and was well and favourably known in Montreal and district, where he has resided for many years, and especially well known in curling circles. Perhaps no man in Eastern Canada took more interest in the game than the late Mr. Alexander Murray. He was in the stationery business at one time in Montreal, and kept the Stationer's Hall on Notre Dame street, and afterward on McGill and St. Catherine streets. Latterly he has been the secretary of the School Commissioners of St. Henri.

The deceased was a prominent Mason, and has held many positions of honour in the Masonic fraternity. He became a member of Montreal-Kilwinning Lodge in 1862, and assisted at the formation of Victoria Lodge. He held the office of District Deputy Grand Master. He was also one of those who assisted at the formation of the Grand Lodge of Quebec in 1869 and was one of its staunch supporters for many years. He was a Royal Arch Mason and was at one time the Grand Superintendent of the District of Montreal. He received his Knight Templar degrees in Richard Coeur de Lion Preceptory, of which he was an honorary member, and was one of the best known men in Masonic circles in Eastern Canada. He leaves a family of three sons, James R., George C., and Alexander Murray, who are all residents of Montreal.

THE HIRED MAN IS UNDER ARREST

Detective Crowe Made an Arrest in Kippewa Murder Case.

Information was received in the city today that Detective W. J. Crowe, of the Canadian Secret Service, had made an arrest in connection with the supposed murder of Gutcher, a fifteen-year-old boy, at Kippewa. The prisoner is Jules Henri, who was employed by the Gutchers.

A complication is added to the case by the fact that at Kippewa on Saturday the coroner's jury returned a verdict of murder, and ordered the arrest of the boy's father.

After the murder the general impression was that the father had killed the boy, and the disappearance of Henri, the hired man, was accounted for by the supposition that Gutcher had killed him also.

Detective Crowe, who had gone to Kippewa from here, instituted a search for the hired man, and finally located him in the woods north of Kippewa. He traced Henri and succeeded in landing his man after a short chase. To Detective Crowe, Henri admitted shooting the boy, but explained that it was an "accident." His running away, he explained, was due to fear of arrest.

Detective Crowe will take his man back to Kippewa and thence to Bryson, where he will be examined.

DETECTIVE CROWE TELLS STORY.

(Special to the Star.)

KIPPEWA, Que., January 20.—Detective W. J. Crowe, of the Canadian Secret Service, who arrested Jules Henri in connection with the murder of young Gutcher, arrived here to-day with his prisoner. Detective Crowe captured his man about five o'clock yesterday afternoon in the woods about twenty-five miles back of this place. Henri was found in a dug-out built with pine roots and brush. Detective Crowe with a guide tramped through the woods on snowshoes. They found Henri's tracks, although they had been partially covered after a storm. The tracks led to the dug-out. Henri was not in the shack when the detective arrived, but there was a dog there, and from this it was surmised that the man was near at hand. The detective and his companion encircled the shack and discovered that Henri was crouching in a hole back of the dug-out and was armed with a gun. Crowe got the drop on him and succeeded eventually in capturing the man. The alleged murderer has had, it seems, a particularly hard time before his capture. He did not eat anything for five days after leaving Gutcher's place. While at Gutcher's he obtained a gun, moccasins and a lot of other stuff, which is supposed to belong to the old man. Henri stated to the detective that the shooting was quite accidental. Old Gutcher was not there at the time it happened on the second instance, and when the boy was dead Henri took the body and buried it in the snow, a hundred and fifty feet away from the house where the killing occurred. He then says that he took Gutcher's stuff, including the gun, moccasins, etc., and has since been living on rabbits and whatever else he could shoot in the woods.

The alleged murderer also states that he had had a hard time with the wolves, which were exceedingly plentiful and which threatened to attack him on several occasions. Mr. Crowe has taken Henri to Bryson. The accused is a Parisian and speaks four languages.

A MAN WITH SMALLPOX

Another Case of An Afflicted Person Walking Into the Medical Health Officer's Office.

This morning a man suffering from smallpox walked into the office of the medical health officer at the City Hall, and created some consternation. The doctor ordered him to be taken to the civic hospital. On Saturday a woman also called on the doctor, at the civic palace, and was found to be affected with the disease. She was also removed to the hospital. The office of the medical health officer was promptly fumigated in both cases.

NEGOTIATIONS WILL BE OPENED

The Canadian Northern Railway Company and British Columbia

REPRESENTATIVES OF ROAD

Mr. J. N. Greenshields and Mr. Dan Mann on Their Way to Victoria.

Mr. J. N. Greenshields, K.C., leaves tonight for Border Creek, B.C., where he has considerable mining interests. Thence he proceeds to Victoria, B.C., where, it is understood, he goes in the interests of Messrs. MacKenzie and Mann, of the Canadian Northern Railway. Mr. Mann, who is at the Windsor, has been in consultation with Mr. Greenshields during the day, and, it is believed, the learned counsel goes to the Pacific capital with full authority to act for the executive of the Canadian Northern regarding the subsidies promised by the British Columbia Cabinet to the road.

The Kootenay Coast railway construction will also be discussed, as well as the rumoured sale of an old charter to the Northern Pacific Railroad, enabling it to gain an entrance into British Columbia.

In fact, the whole railway situation in British Columbia, which will, at the approaching session of the Federal Parliament, be a burning question, will be discussed by Mr. Greenshields on behalf of the Canadian Northern people.

Mr. Greenshields goes west via Chicago, and will be absent about a month.

MR. HENRY NORMAN ASKS HIS QUESTION

In Regard to Joint Note Powers Wanted to Present to U. S.

LONDON, January 20.—The subject of proposed European intervention in the Spanish-American war was brought up by Henry Norman (Liberal), in the House of Comons, this afternoon, in the form of a question asking whether any communication proposing or concerning joint, or collective action by the European States, in view of the outbreak, or expected outbreak, of the late war between the United States and Spain, was received from the Austrian or any other government, and, if so, what was the nature of the reply of Her Majesty's Government. Mr. Norman further invited Lord Cranborne, under secretary for foreign affairs, to lay the papers in the case on the table.

Lord Cranborne, in reply, said no such communication had been made to the Government, after the outbreak of the war, but that immediately before the war, communications were received from other powers suggesting the presentation of a joint note to the President of the United States. Her Majesty's Government agreed to join with the other powers in a note expressing the hope that further negotiations might lead to a peaceful settlement, accompanied by guarantees acceptable to the United States. The Government first took steps to ascertain whether the presentation of the note, as well as its terms, would be acceptable to the President.

Her Majesty's Government, Lord Cranborne continued, declined to associate itself with other subsequent proposals which seemed open to the objection of putting pressure on the Government of the United States and offering an opinion on its action.

The under secretary concluded with saying he was unable to lay the papers in the case on the table.

THE PATRICK TRIAL

The New York Lawyer Answers to An Indictment for the Murder of Millionaire Rice.

NEW YORK, January 20.—Albert T. Patrick was called to trial to-day before Recorder Goff on an indictment charging him with the murder of William Marsh Rice, who died in this city September 23, 1900. Rice was a millionaire recluse. He lived all an apartment house with his valet-secretary, Charles F. Jones.

After his death, Patrick took charge of the funeral arrangements and notified Rice's relatives in distant parts of the country.

Before the funeral, several cheques signed with Mr. Rice's name were presented at the private bank of S. W. Swenson and Son, and to the Fifth Avenue Bank for certification. All were made payable to Patrick's order. One cheque on Swenson and Son had Patrick's first name spelled "Abert" instead of "Albert" and an investigation which followed showed that Mr. Rice was dead when the cheque was presented to the bank. Payment on this cheque was refused.

Partick then produced a will signed William Marsh Rice, under which almost the entire estate of more than $5,000,000 was be quathed to Patrick. An earlier will, dated September 26, 1896, left the greater part of the estate to the Rice Institute at Houston, Texas, and other educational establishments.

Morris Mayer and David L. Short, who witnessed what came to be known as the Patrick will, were indicted for forgery. Jones, the valet, also was arrested. He made a statement to the effect that Patrick killed Rice by administering chloroform, and Patrick was thereupon held for trial upon the charge of murder.

Assistant District Attorneys, James W. Osborne, and Francis P. Garvin, were in charge of the prosecution and Patrick's defence was in the hands of F. B. House and Robert M. Moore. When the case was called, it was announced that the hearing of the evidence would require at least a month of the court's time.

THE SOLIDARITY OF THE EMPIRE

Demonstrated by Australasian Confidence in Britain's War Methods

DATE OF THE BISLEY MEETING

Canada Continues to Lead in Sales of Cheese to Great Britain.

(Special by Cable from the Special Correspondent of the Star in London.)

LONDON, January 20.—The solidarity of the Empire in face of the recent German and other continental slanders upon the army in South Africa is being much strengthened by the publication of the resolutions passed at enthusiastic public meetings in Australia and New Zealand expressing unanimous confidence in the humanity of the British in the conduct of the war. Mr. Barton, Mr. Seddon, and others of the Australasian premiers have strongly supported these resolutions.

BISLEY MEETING.

The date of the Bisley meeting is announced. It will be from July 14th to July 26th.

CANADIAN CHEESE.

Revised official figures just published show that in British dairy imports Canada continues easily first. In cheese, Canada, in 1901 sent three times as much as the United States, which has second place.

Canada received £3,697,780. The United States received £1,274,061.

The Times recalls the fact that the States lost their trade by the unscrupulous methods of the makers of filled cheese, who removed the natural butter fat from the milk and inserted inferior and cheaper fat. The Canadians thus acquired a grip of the trade which they are not likely to relinquish.

BUTTER SHIPMENTS.

Denmark is easily first in butter, supplying 43 per cent of the British imports. Australia is second; Siberia is third. Canadian and American supplies are erratic; though Canada received £1,008,002 against £689,164 received by the States.

WINDERMERE.

THE POPE'S GOOD HEALTH.

His Holiness receives the Grand Duchess of Saxe-Weimar.

ROME, January 20.—The Pope, who was in excellent health, received the Grand Duchess of Saxe-Weimar in audience this afternoon.

OFFICIAL COUNT IN ST. JAMES

The Returning Officer's Figures Makes Majority 649 For Ald. Brunet

Mr. P. M. Durand, returning officer for St. James Division, in the late Federal by-election, to-day declared Mr. Joseph Brunet elected by a majority of 649.

The two candiates were present with the returning officer, and Mr. Bertrand, the election clerk, and Mr. Arthur Dellele, ex-M.P., and Charles Giguere, when the count began. Ald. Brunet remained for a time, but left when he heard that he had two opponents in St. James Ward, in the aldermanic elections.

The toal number of votes was shown to be for Mr. Bergeron, Conservative, 2363; and for Mr. Jos. Brunet, Liberal, 2914.

MR. LEONARD IS ELECTED.

Mr. A. Paquette, returning officer for the county of Laval, to-day proceeded to add up the votes cast in the election on Wednesday last, and after opening the twenty-seven boxes declared Mr. J. Emile Leonard elected over Mr. C. A. Wilson, by a majority of 16.

GREAT NAVAL BATTLE

Colombian "Navies" in Deadly Conflict—Three Shots Fired at the Chicuito—The Padilla's "Loop" Movement.

COLON, Colombia, January 20.—A naval battle which began at 6 o'clock this morning is taking place in the harbour of Panama.

The revolutionary fleet consists of the steamers Padilla, Darien and Gaitan. They are trying to force a landing off Sabana.

The Government ships are the Chilian Line steamer Lautaro (seized by General Alban); the Pacific Steam Navigation Company's steamer Chicuito (chartered by General Alban); and the Panama Canal Company's steamer Boyaca (also chartered by the Colombian Government). As this despatch is sent three shots have just passed over the Chicuito and she has answered with several shots. They fell close to the Padilla, which is then to be retiring.

The guns at Las Bovedas are also firing at the rebel ships.

The Government forces are throwing up entrenchments.

The U. S. cruiser Philadelphia is close to the scene of the fighting.

WESSELS' BOERS CUP UP A BRITISH PATROL

A Town Guard of Fifty is Set Upon and Only a Few Stragglers Escape.

CRADOCK, Cape Colony, January 20.—Wessels' commando of Boers on Saturday last cut up a patrol of fifty men belonging to the local town guard, on the Tarkastad road. A few stragglers have returned. The remainder of the party are missing.

A HEAVY FEELING IN WALL STREET

(From the Special Correspondent of the Star in Wall Street.)

NEW YORK, January 20.—There were some firm features in the opening stock market to-day. Metropolitan rising 1½, Brooklyn Rapid Transit nearly a point, and other stocks to a smaller extent. The whole market, however, soon turned weak on the decline at London in Americans and Kaffirs. The trading element sold stocks freely, and there were also some out-of-town selling orders. Under the influence of these movements, Sugar fell 2, and prominent railways, like Atchison, St. Paul, North-West, Erie second pref., Missouri Pacific, Reading and Union Pacific were unfavourably influenced. Local traction stocks were an exception, and showed noteworthy strength. On light transactions, American Tobacco was marked up 6 points to 226.

DOMINION COAL'S PRICE IS HIGHER.

Good Buying In the Stock Market Brought About the Buoyancy.

A NEW HIGH RECORD CREATED

Twin City Was a Soft Feature on Selling in Wall Street—Other Prices Steady.

The special correspondents of the Star in Wall street and on the Chicago Board of Trade report that stocks were heavy, while wheat was lower. In the local market stocks were in some cases fractionally lower. Sales on the New York Stock Exchange Saturday were 302,000 shares. Last week the sales were 3,153,918 compared with 4,146,389 the previous week, and 6,469,141 a year ago.

The feature of the local trading was the creation of a new high price record for Dominion Coal at 57¼, at which the forenoon board closed. In 1899 the stock sold as high as 57, which has been the record until displaced by to-day's trading. Upwards of 1200 shares changed hands during the forenoon.

For some weeks Coal has been a distinctively strong feature of the list, and there has been much talk of the occasion therefor. Large blocks of the stock have been acquired by Canadians at constantly advancing prices, and it is now estimated that a large percentage of the common is held in Canada.

So far this month the trading has amounted to upwards of 13,500 shares, while during December over 7000 shares changed hands. In October as many as 25,000 shares figured in the month's trading. Montreal has been a heavy purchaser right along, and the buying seems to be largely through commission houses.

The fact that Dominion Coal common is on the list of non-dividend payers has caused many to look askance at the advance, but if the alleged option of the Steel Company to lease the Coal Company at 6 per cent. on the common stock becomes an actuality, it will put a different complexion on the situation.

The price of the stock was strong on Saturday, advancing to 56⅞. To-day trading commenced at 56¾, and advanced on the good buying to 57¼. There have been no transactions in the preferred for a considerable time. The present quotation is 116½ bid.

Twin City was a weak feature, selling down to 108½ in this market and to 108 in Wall street. The decline was precipitated by the latter market. The report that shareholders are disappointed at not getting an increase in the last dividend does not seem likely to be well-founded, as there was no suggestion made that an increase would be inaugurated until the commencement of quarterly dividends with the first quarter of this year.

Trading in Twin City on Saturday closed at 109¼, and to-day trading was resumed at 109, with subsequent sales at 108¾ to 108½. There was little or no change in the rest of the active list, Toronto Rails selling at 115½, Canadian Pacific at 114½ to 114¾, Power at 92, and Steel common at 25 3-8.

Montreal Street declined a point to 254, and Steel pref. gained a half to 81½. Winnipeg Railway gained two points to 120, and Cable seems to have steadied at 163, as it has sold at that price for some time past. That is just $20 a share below the prevalent price before the break over the Marconi wireless news came out.

Among the sales at Toronto this morning were: Canadian Pacific, 100 at 114½; Richelieu and Ontario, 50 at 112; Twin City Railway, 500 at 108½ to 108⅞; Dominion Steel common, 235 at 25 3-8 to 26; Dominion Coal common, 500 at 56½ to 56¾.

Messrs. L. J. Forget & Co.'s London cable to-day quoted: Grand Trunk first, 97½; second, 82½; third, 31 3-8; Canadian Pacific, 117⅝; Anaconda, £6¼.

Heidelbach, Ickleheimer & Co., of New York, engaged $350,000 in gold to-day for shipment to Europe to-morrow.

Montreal Street Railway earnings last week with increases were:

Sunday	$3,653 40	Dec.	$ 89 41
Monday	5,070 93	Inc.	376 98
Tuesday	4,965 89	Inc.	313 29
Wednesday	4,946 80	Inc.	417 73
Thursday	5,088 11	Inc.	249 36
Friday	4,969 05	Inc.	312 74
Saturday	5,211 89	Inc.	583 47
Sunday	4,114 41	Inc.	540 69

In Wall Street at noon money on call was easy at 3½ to 4 per cent. Prime mercantile paper, 4½ to 5½ per cent. Sterling exchange barely steady at 4.86⅞ to 4.87⅛ for demand, and at 4.84½ to 4.84¾ for sixty days. Posted rates, 4.85 and 4.88. Commercial bills, 4.83¼ to 4.84. Bar silver, 55⅝. Mexican dollars, 44¼. Government bonds steady. State bonds inactive. Railroad bonds irregular.

In Wall Street prices of standard railroad stocks and leading industrials lost a fraction at the opening, extending to ⅝ in Atchison and 1¼ in Sugar. Trading was on a large scale, and well distributed. Buying orders during the first hour checked the downward drift, but the market reacted to the lowest at 11 o'clock, and weakened all around when a small gold engagement was announced.

The Readings, New York Central and Western and South-Western stocks fell away easily on large offerings. American Tobacco unassented stock opened unchanged at 250, and soared to 258 by wide jumps. The preferred gained four. Continental Tobacco pfd. 5%, and American Snuff pfd. 3. Consolidated Tobacco fours were active and strong. Brooklyn Union Gas jumped five points. Metropolitan St. Railway resisted the decline. Bonds were irregular.

Standard Oil made a new low record in Wall Street last week in its present downward movement, selling as low as $633 a share. The stock sold a year ago at $800 a share, and in May last it reached its highest price, when $842 a share was paid for a block of ten. The decline has been gradual but persistent since that month. No reason has been given in explanation of the decrease of more than two hundred dollars a share since May, but there was considerable speculation on the curb yesterday regarding its next dividend.

Changes of the week shown by Saturday's returns of the New York Associated Banks were as follows:

Surplus reserve	Increase	$6,103,000
Loans	Increase	3,292,300
Specie	Increase	3,942,600
Legal tenders	Increase	96,300
Deposits	Increase	11,739,400
Circulation	Decrease	18,100

Careful weighing of the financial probabilities says a London cable, indicates that the Bank of England would be wise in reducing its discount rate to 3½ per cent. next Thursday, and in making that rate thoroughly effective.

Several reasons have been assigned, says the Toronto World, for the continued ease in Dominion Steel issues. The latest report credits the weakness to the possibility of the imposition of an export duty on ores by the Government of Newfoundland. The Steel Company's plant is in Nova Scotia, but their principal supply of ore comes from Newfoundland, and it will be readily seen that an export duty would greatly reduce the company's profits. Newfoundland is endeavouring to attract industries, and it is with the idea of forcing the Steel Company to remove their plant that the step mentioned has been suggested.

Chicago Wheat Market.

(From the Star's Special Correspondent on the Chicago Board of Trade.)

CHICAGO, January 20.—Wheat—Scattering rains or snow in portions of the winter wheat belt and predictions for rain or snow in Illinois, Indiana, Missouri, Kansas and Iowa and generally over the South-West, were the principal weakening influences, causing the price of May to drop from 80¾ to 79⅝c, the latter being 1⅛c below the close of Saturday. The strength in Cables was reported as a reflection of the American drought. Routine news was generally bearish, including big increases in the visible supply and on ocean passage. St. Louis sold four million bushels here. The North-West was a large seller, and Kansas City was on the selling side in a liberal manner. While North-Western cars were much smaller than a week ago, they were larger than a year ago. Primary receipts showed a falling-off from last year.

FOR SALE — $250 EACH, BUILDING lots, adjoining the largest railway yards in Canada, at the head of Park ave., and adjoining Outremont. The Canadian Pacific Railway own about 95 acres, and the yards will contain about 60 miles of sidings. Numerous lines centre upon this point, and trains can be received here from all directions. A shunting like this will employ 800 men, and as most of them have families, the railway population alone will make a town of 5,000 inhabitants. Already a large hotel, foundry and large flour mill have been erected, and many cottages are building. The building lots adjoining the yards are on demand, and are selling freely at $250 each, on very easy monthly payments, to suit any purse, by the Montreal Investment and Freehold Company, Temple Building, and the chances are that this section will become in a very short time, a second Point St. Charles, where lots are worth to-day fifty to seventy-five cents per foot. The time to buy is now if you want a sure, safe and profitable investment for your small monthly savings. For information room 228, Temple Building, or S. Husselbee, 715 Park ave. 16 3eod

THE CIVIC NOMINATIONS.

Names of Nominees and Nominators.

THIRTEEN ACCLAMATIONS
TWENTY-ONE CONTESTATIONS

THE ELECTIONS.

Retirements, Acclamations and Contests.

ELECTED BY ACCLAMATION.

The following aldermen have been re-elected by acclamation: Ald. Martineau, Ald. Clearihue, Ald. Ames, Ald. Sadler, Ald. Lapointe, Ald. Ekers, Ald. Ricard, Ald. Lesperance, Ald. Robillard and Robertson. Besides these aldermen the following new candidates were elected by acclamation: I. H. Stearns, C. B. Carber and Napoleon Giroux.

MR. R. WILSON-SMITH,
Candidate for Mayoralty.

Alderman Ames, although falling a little short of the infallibility attributed to him by some of his friends, has good reason to be proud of his civic career. The Star was the first paper to nominate him for the Council, and has never regretted the fact. A man who endeavours to do and who accomplishes so much as does Mr. Ames must be expected to make some mistakes, but he should not make the mistake of assuming that he is the one alderman who is exempt from criticism, especially as there is no severer critic of the other aldermen than he. His record as a whole is most creditable, but we think he was wrong in consenting to the division of St. Antoine ward on the present lines and wrong in consenting to the squeezing out of Mr. St. George. We think also that the question of the contagious diseases hospital might have been better handled. Nevertheless, the Council needs more rather than fewer men of Mr. Ames' abilities and disposition, and we congratulate both him and the city on his re-election by acclamation.

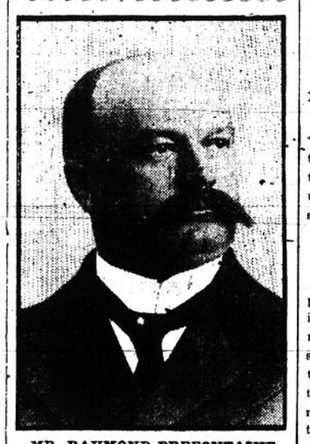

The city is also to be congratulated upon the re-election by acclamation of Aldermen Ekers, Sadler, Clearihue and Robertson and by the election of Messrs. Carter and Stearns unopposed. Their return is offset to some extent by the re-election by acclamation of Alderman Martineau, who was originally elected as a suporter of Alderman Laporte, but who is regarded as the leader, and certainly the most capable member of the opposite party. Nor has the city much reason to rejoice over the return by acclamation of Aldermen Lapointe and Robillard. Alderman Lesperance, who is also unopposed, is a doubtful quantity, and the man who bets on his vote is by no means betting on a sure thing.

THE MAYORALTY.

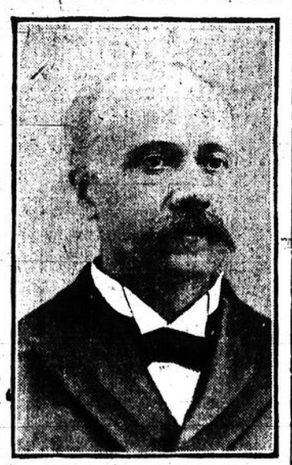

Four candidates have been nominated for the Mayoralty. Mayor Prefontaine, Mr. R. Wilson-Smith, Dr. E. P. Lachapelle and Mr. James Cochrane. The "little dark horse" of which there were rumours did not come to the scratch.

WEST WARD.

In the West Ward the city loses heavily by the voluntary retirement of Aldermen Smith and Hart, two of the best aldermen that ever occupied seats in the City Council. For many years it has been matter for general regret that the ideal type of man for the City Council, the successful business man of good standing and high reputation was apt to fight shy of the office of alderman. When two years ago Aldermen Smith and Hart consented to accept nomination it was hoped that their presence at the City Hall would help materially to attract a better class of men into the civic service. Alderman Smith will be much missed on the Finance Committee and it will be difficult to satisfactorily replace Alderman Hart as the head of the Fire Department. For seat Number one, formerly occupied by Alderman Smith, Mr. C. B. Carter, K.C., is elected by acclamation. Mr. Carter possesses exceptional qualifications. The Council is badly in need of a good English-speaking lawyer among its members. For seat Number 2, formerly occupied by Alderman Hart, Alderman McBride, who has represented the ward satisfactorily for many years, is opposed by Ex-Speaker Leblanc, who one would imagine to be in a fair way to lose his deposit.

MR. RAYMOND PREFONTAINE,
Candidate for Mayoralty.

DR. E. P. LACHAPELLE,
Candidate for Mayoralty.

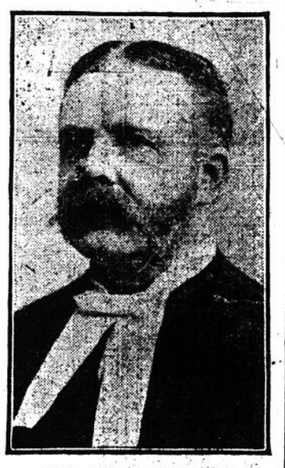

ST. ANTOINE WEST.

Alderman G. W. Sadler has the satisfaction of receiving a certificate from his constituents in the form of an election by acclamation. He deserves it. Alderman Sadler is sound upon all great questions and he has force of character, enough to esteem his own opinions without reference to other people. This characteristic with sterling integrity makes him a much desirable public servant.

MR. JAMES COCHRANE, M.L.A.,
Candidate for Mayoralty.

Alderman Farquhar Robertson is again called before the curtain by his constituents and gets an ovation for his manly, honest course in the council. Alderman Robertson is likely to do even better this term for he knows the ropes now and is likely to depend more upon his own judgment. Alderman Robertson is all right.

ALD. C. B. CARTER, K.C.
Elected by Acclamation, West Ward, Seat. No. 1.

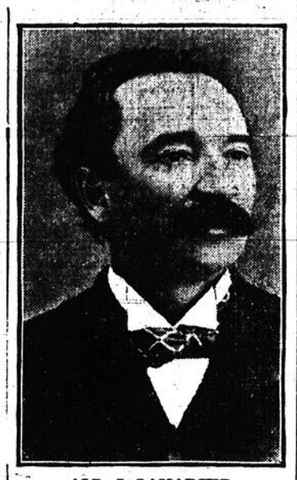

ST. LAWRENCE WARD.

Alderman Ekers has had the compliment paid him of an election by acclamation. He is a good all-round public servant. Modest, rather retiring, but possessed of good sound sense. Alderman Ekers is not a man to be dominated by any man or combination of men. He has the faculty of seeing right into matters and generally comes to the front at the right moment with business-like views on all questions.

Alderman Clearihue, returned without opposition, has pleased his constituents by a steady unwavering course. He is a shrewd man and does very good work on committees where his instinct for detail makes him invaluable.

ALD. H. B. AMES,
Elected by Acclamation in St. Antoine Ward, East, Seat No. 1.

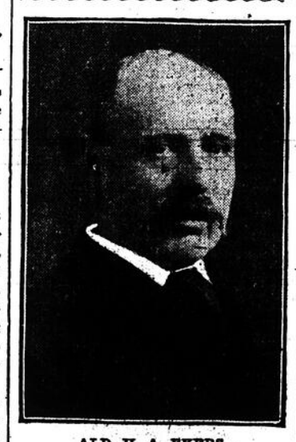

ALD. J. LAMARCHE,
Candidate in East Ward, Seat No. 2.

ST. ANN'S WARD.

For seat Number 1 Alderman Gallery is opposed by Mr. T.O'Connell. D. Gallery, essentially a ward politician, has made a better record than was expected of him. He has thrown in his lot unreservedly with Mr. Ames, and although he is exceedingly narrow in his ideas of an alderman's duties, it cannot be said that on the great questions before the Council he has gone astray. Mr. O'Connell, running against Mr. Gallery, is President of the Shamrock Lacrosse Club. As far as public life is concerned he has his record to make. Those who know him best speak well of him.

For seat Number 2 Alderman Tansey is opposed by Mr. M. J. Walsh. The great trouble about Alderman Tansey is that his horizon does not extend beyond the limits of St. Ann's Ward. He thinks more of getting advantages for his own ward than of the general interests of the city as a whole. He attempted to justify his vote on the street lighting contract on the ground that the Royal Electric Company provided employment for some hundreds of his constituents. Tansey had a good future before him when he entered the City Council. He was pledged to the Reform party but deserted it and acted on his own initiative. M. J. Walsh is a man prominent in the fraternal societies. Although an unknown man to a large section of the ward, he is said to be quite a bright fellow. He is the nominee of the Reform party, who are paying his expenses, so he will not be exposed to temptation in the City Hall to make up his disbursements.

It is a matter of regret that with all the natural aptitude for public life for which our Irish fellow citizens are conspicuous, and with all the bright young men in connection with the Irish societies in Montreal, there is not one in public life to-day anywhere near the calibre of D'Arcy McGee or Barney Devlin, Judge Doherty, or Judge Curran. Our public spirited Irish citizens should look to this.

ALD. H. A. EKERS,
Elected by Acclamation in St. Lawrence Ward, Seat No. 2.

CENTRE WARD.

For seat No. 1, Alderman Laporte is opposed by J. J. Resther, and for seat No 2, Alderman Lebeuf is opposed by the Hon. G. A. Nantel. It would be a public calamity for Alderman Laporte to be defeated. He is a capable, broad-minded, honourable man, and the Finance Committee has never had a better chairman. If there is any great jobbery in contemplation it is of the first importance to the boodlers to get Alderman Laporte out of the chairmanship of the Finance Committee. Alderman Lebeuf deserves re-election if only for his splendid services in reorganizing the Police Department for his war on vice and his determination to uphold the morals of the city.

EAST WARD.

For seat No. 1, Alderman Brunet is opposed by C. A. Prevost and G. D. Couture. For seat No. 2, Alderman Lamarche is opposed by Mr. J. Levy. We do not know much about Mr. Levy, but from what we know of Alderman Lamarche, the electors cannot make much of a mistake in voting for Mr. Levy. Mr. Lamarche is one of the most mischievous men in the Council.

ST. ANTOINE EAST.

For seat No. 1, Alderman Ames as already stated is elected by acclamation.

For seat No. 2, Mr. I. H. Stearns is elected by acclamation. Alderman-elect Stearns made a good record when in the City Council before. He can always be depended upon to give an honourable vote and a good reason for it, but he is a man of considerable independence of character and thinks that upon all civic questions. I. H. Stearns should have an opinion of his own. He is not likely to be dominated by any clique or combination.

ST. LOUIS WARD.

For seat No. 1, Alderman Savignac is opposed by Mr. L. Payette. It is no reflection upon Mr. Payette to say that the ward has nothing to gain by turning down its old and faithful representative in favour of him. Alderman Savignac has done the city good service in the past. The Council always knows "where he is at."

For seat No. 2, Alderman Gagnon is opposed by Mr., C. Lemay. If the electors have the bad taste to prefer Mr. Lemay to Alderman Gagnon they will lose the services of a very reliable and capable representative and the Council will lose one of its most cultured members.

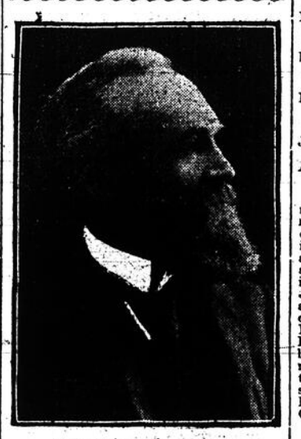

ST. GABRIEL.

For Seat No. 1, Alderman Jacques is opposed by Mr. D. Parker and Dr. Dagenais. Alderman Jacques is a good man to leave at home.

For Seat No. 2, Alderman Turner, an eminently respectable and trustworthy member of the council, is opposed by Mr. P. Monahan.

THE NOMINATIONS.

The nominations for Mayor and aldermen took place to-day, at the City Hall. For five days Mr. L. O. David, the City Clerk, has been receiving nominations. At noon to-day he formally declared the time for receiving nominations closed, and read to the vast crowd of interested spectators which packed the City Council Chamber the nomination papers of the candidates for the position of Chief Magistrate and aldermen of the city.

ALD. J. B. CLEARIHUE,
Elected by Acclamation in St. Lawrence Ward, Seat No. 1.

For the position of Mayor there are four gentlemen put in nomination: His Worship Mayor Prefontaine, Mr. R. Wilson-Smith, Mr. James Cochrane, M.L.A., and Dr. E. P. Lachapelle, against whom a formal protest was entered on the ground of his not having the necessary qualifications required by law.

The following thirteen candidates were elected to seats at the City Council Board by acclamation: East Ward—Seat No. 1, Ald. Lapointe. West Ward—Seat No. 1, Mr. C. B. Carter, K.C. St. Antoine, West—Seat No. 1. Ald. George W. Sadler; seat No. 2, Ald. F. Robertson. St. Antoine, East—Seat No. 1, Ald. H. B. Ames; seat No. 2, Mr. I. H. Stearns.

St. Lawrence Ward—Seat No. 1, Ald. J. B. Clearihue; seat No. 2, Ald. H. A. Ekers.

St. Mary's Ward, West—Seat No. 1, Ald. Ricard.

St. Mary's Ward, East—Seat No. 2, Ald. Lesperance.

St. James' Ward—Seat No. 1, Napoleon Giroux; seat No. 2, Ald. Robillard.

St. Denis Ward—Seat No. 2, Ald. Martineau.

There will be contests for the remaining twenty-one seats in Council, as follows:

WEST WARD.

Seat No. 2.—Ald. McBride and P. A. Leblanc.

ST. ANN'S.

Seat No. 1.—Ald. D. Gallery and Mr. T. O'Connell.

Seat No. 2.—Ald. D. Tansey and Mr. M. J. Walsh.

ST. ANTOINE SOUTH.

Seat No. 1. — Ald. Raby and Mr. L. Lapointe.

Seat No. 2.—Ald. Faucher, Felix Chausse, T. J. O'Neill and J. H. Foisy.

ST. LOUIS.

Seat No. 1.—Ald. J. R. Savignac and Mr. L. Payette.

Seat No. 2.—Ald. Gagnon and Mr. C. Lemay.

ST. MARY, WEST.

Seat No. 2.—Ald. Chausse and Mr. H. Lapointe.

ST. MARY, EAST.

Seat No. 1.—Ald. Lariviere and Emile Limoges.

ST. JAMES NORTH.

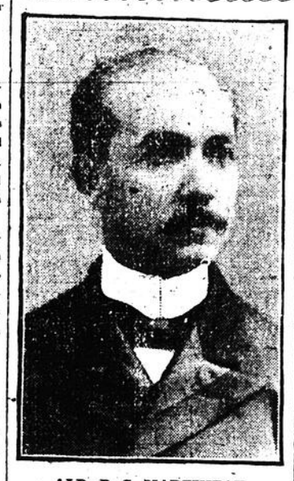

Seat No. 1.—Ald. Brunet, Mr. C. A. Provost, and Mr. J. D. Couture.

Seat No. 2.—Ald. Lavallee and Mr. R. Montbrien.

HOCHELAGA.

Seat No. 1.—Ald. Bumbray and Mr. G. Roy.

Seat No. 2.—Ald. Wilson and Mr. Gibeault.

ALD. P. G. MARTINEAU,
Elected by Acclamation St. Denis Ward, Seat No. 2.

ST. JEAN BAPTISTE.

Seat No. 1.—Ald. Quimet and Mr. E. Letrielle.

Seat No. 2.—N. Hebert and Mr. George Vandelace.

ST. GABRIEL.

Seat No. 1.—Dr. Dagenais, Ald. Jacques and Mr. D. Parker.

Seat No. 2.—Ald. R. Turner and Mr. P. Monahan.

ST. DENIS.

Seat No. 1.—Ald. Vallieres and Mr. John Keegan.

EAST WARD.

Seat No. 2.—Ald. Lamarche and Mr. J. Levy, N.P.

CENTRE WARD.

Seat No. 1.—Ald. H. Laporte, and Mr. J. Z. Resther.

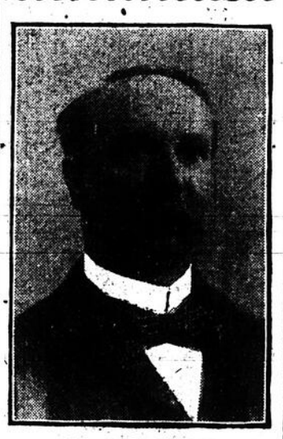

Seat No. 2.—Ald. C. Lebeuf, and Hon. G. A. Nantel.

SOME LITTLE SURPRISES.

Much surprise was caused by the announcement that Hon. T. E. Leblanc, ex-speaker of the Legislative Assembly, would oppose Ald. J. W. McBride for seat No 2, in the West Ward. At the last moment a candidate, Mr. R. Montbriand was nominated to oppose Ald. Lavallee for seat No. 2, in St. James North. In seat No. 1, in St. James South, Ald. J. Chevalier would not accept re-nomination, and Mr. N. Giroux consequently went in by acclamation. In Hochelaga Ward it was thought that Ald. Bumbray would be returned by acclamation, but shortly before noon Mr. J. Gironard was named to oppose him. Protests were entered against Ald. Lamarche, candidate for seat No. 2 in the East Ward and David Parker, candidate for seat No. 1, in St. Gabriel Ward.

THE NOMINATION PAPERS.

The law demands ten names of qualified electors as necessary on the nomination papers. It will be observed that some of the candidates confined themselves to the law's requirements, whereas others have taken advantage of the law, which permits the candidate to fyle the names of his legal nominees and then attach any number of names from his requisition papers or other documents in his favour.

ALD. G. W. SADLER,
Elected by Acclamation in St. Antoine Ward West.

The Mayoralty.

Germs, Germs.

We hear a great deal about them these days, and rightly too; for they are the direct cause of whooping-cough, diphtheria, scarlet fever and other diseases of childhood. When any of these are in the neighborhood, you should use Vapo-Cresolene. Every evening purify their sleeping rooms with this perfectly safe remedy. It is so easy to prevent the disease in this way. For whooping cough and croup, the doctors say it is a perfect specific. 13

Vapo-Cresolene is sold by druggists everywhere. A Vapo-Cresolene outfit, including the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresolene, complete, $1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. VAPO-CRESOLENE CO., 180 Fulton St., New York. U.S.A. 16 1

PROTEST AGAINST DR. LACHAPELLE

Protest in the case of Oscar Desautels against Dr. E. P. Lachapelle.

At the request of O. Charbonneau, agent of the city and district of Montreal and duly qualified to vote in the present election for Mayor of Montreal.

We, the undersigned, O. Desautels, notary public, for the Province of Quebec, residing in the town of St. Louis and practicing in the City of Montreal, have stated and declared to Mr. Emmeul Persillier Lachapelle, physician of the city and district of Montreal, and to Mr. L. O. David, Clerk of the City of Montreal as follows:

That Saturday, the eighteenth of January to conform to section 92, of the Charter of the City of Montreal, the said Dr. E. P. Lachapelle has produced in the office of the clerk of said city, his nomination papers as candidate for the position of the City of Montreal.

That the real estate described in the aforesaid papers upon which he desires to qualify is not in his possession as proprietor and in his own name as demanded by the charter of said city, see, 25 Chap. 5,862 Victoria, Statutes of Quebec.

That on the contrary that said real estate is the property in part of the following persons, heirs of the Rev. Alfred Toupin: Emmanuel Lachapelle, Zoe Lachapelle, Josephine Lachapelle and Marie Lachapelle, wife of Joseph Alfred Benoit, as appears on the valuation roll of the city of Montreal.

That in consequence, the said E. P. Lachapelle is not qualified to be Mayor of the city of Montreal, and cannot be legally a candidate for the position.

It is, therefore, at the request of the said Oliver Charbonneau that we, the undersigned notary, summoned the said E. P. Lachapelle to retire his nomination papers, and the said clerk of the city of Montreal to refuse the said nomination paper and to refuse to put the said E. P. Lachapelle in nomination for the position of Mayor of Montreal, for the election which is to take place on the coming 1st of February, notifying them that if they fail to conform to this summons we will constrain them and declare the candidature of the said E. P. Lachapelle illegal.

And we maintain that the said E. P. Lachapelle and L. O. David, clerk of the city of Montreal, will be held responsible for all costs and damages incurred by our petitioner as their refusal to act in accordance with this protest.

(Signed) OSCAR DESAUTELS, N.P.

PROTEST AGAINST JOSEPH LAMARCHE.

Protest served at the request of Mr. Alexander Thibaudeau, engineer, of the city of Montreal, residing at No. 30 St. Vincent street.

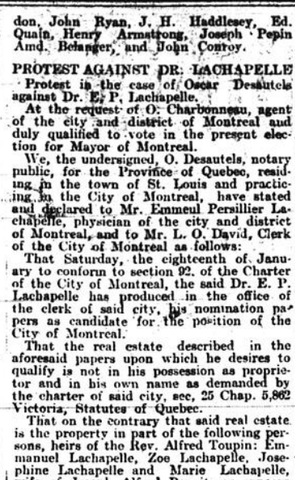

Joseph S. Lamarche, Notary Public, states that Mr. Joseph Lamarche, alderman for seat No. 2, East Ward, is again a candidate for the same office.

He cites article 29, of the City Charter, in virtue of which a candidate for the office of aldermen is required to hold property in his own name to the amount of $2,000, after payment of all mortgages.

That the real estate upon which Mr. Lamarche qualifies himself is mortgaged to such an extent that a margin of $2,000 is not left, and that for this reason Mr. Lamarche is not qualified for the office he seeks.

That, being an elector of East Ward, the petitioner deems it proper to protest against the nomination of Ald. Lamarche, and enjoins the City Clerk to ignore his nomination paper, and award the seat to his opponent, Mr. Joseph Levy, and proclaim him elected by acclamation.

Signed by J. S. Lamarche, Notary Public.

ALD. E. LARIVIERE,
Candidate in St. Mary's Ward East, Seat No. 1.

THREE PROTESTS ENTERED.

There were three protests filed. These were against Dr. Lachepelle (for Mayor), Ald. Lamarche and David Parker. The protests were as follows:

Copy of the protest filed in the case of Albert E. Burkinshaw against David Parker.

L. O. David, Esq., City Clerk of the City of Montreal, and Returning Officer:

Sir,—

Notice is hereby given you, that one David Parker, of the city of Montreal, carter, is presently to be nominated as a candidate for office of alderman for the city of Montreal, at the next election.

That I am informed and have reason to believe that the said David Parker is qualifying upon certain real estate, in St. Gabriel ward, bearing cadastral numbers 793 and part of 792, and known as numbers 36 and 38 Grand Trunk street.

That the said David Parker has not the qualifications required by the Statutes of Quebec, Victoria 62, Cap. 58, Section 29.

That he is not for a continuous period of six months, preceding the day upon which the said nomination shall be made, be seized and possessed as proprietor, as proprietor in his own name of the moveable property, in the city of Montreal, to the value of two thousand dollars, after payment and deduction of all charges and incumbrances imposed thereon, as appears by reference to a certified copy of the assessment roll, and by reference to a duly certified statement, of the register for the West Division for the district of Montreal, the latter showing that charges and incumberances upon the said cadastral lots reduce the value thereof to a sum less than $2,000.

That I am an elector of the city of Montreal.

Wherefore I do protest against receiving the nomination of the said David Parker as a candidate for alderman and require that his nomination, of represented, be refused by you.

And I have signed,

ALBERT E. BURKINSHAW.

East End Realty Deal.

The big Canadian Pacific real estate deal is progressing satisfactorily, and Mr. U. H. Dandurand, the real estate broker, who has the matter in hand, hopes to close it this week. The proprietors at Hochelaga are acting with considerable liberality, and appear to realize that with the largely increased number of men employed at the company's works real estate in the vicinity is bound to increase very rapidly in the future. The highest price asked does not exceed $2,000 an acre, and one large acreage is offered at $300.

The Canadian Pacific people say the plans for the enlargement of the works have not yet been completed, but the idea in a general way is to have the car and locomotive works upon the same area, and to utilize the Delorimier avenue locomotive erecting shop for repairs only.

Monument National Subsidy.

Messrs. F. L. Beique, President of St. Jean Baptiste Society, J. X. Perrault, D. Parizeau, Ph. Demers, M. P., L. E. Geoffrion and L. Prud'homme composed a delegation which waited on the Provincial Ministers to-day to urge upon them the continuation of a subsidy for some years to the Monument National. The matter will be considered by the Ministers. A Cabinet Council opened at three o'clock to-day. Mr. Gustave Grenier, Clerk of the Executive Council is in the city with the Ministers, for the meeting of the Cabinet.

CANADIAN SHOT BY MEN OF HIS OWN CORPS

Jack Pemberton, of Halifax, Killed by a Bullet Intended for a Boer.

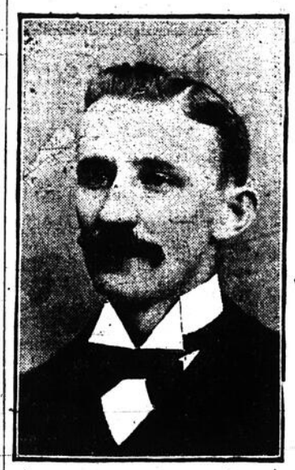

HALIFAX, January 20. — Sergeant-Major Ball, of the Canadian Scouts, who arrived from South Africa on Saturday evening, states that Jack Pemberton, of Halifax, who was killed in South Africa, was not shot by a Boer, but by one of his own corps. The bullet entered the back of the head. The man who fired the shot aimed at a Boer.

The Corn Exchange Association.

There is every indication of a lively contest for the presidency of the Corn Exchange Association. The nominations close on Saturday, the 25th inst., and so far there are three nominations, as follows: Messrs. W. I. Gier, Thomas Harling and H. W. Raphael. The former two are shipping men and the latter is a grain merchant.

Board of Trade Building.

The Board of Trade Building Committee met this afternoon to go over the contract between the Board and Messrs. Peter Lyall & Sons, amending the same in accordance with the council's decisions. Later on today the council met with the view of formally authorizing the new building. It is expected that the contractors will begin at once getting the stone and structural material ready so that they may begin work upon the building as soon as the winter is over.

Catarrh of the Stomach

A Pleasant, Simple, But Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs, and difficult breathing, headaches, fickle appetite, nervousness and a general played-out, languid feeling.

There is often a foul taste in the mouth, coated tongue, and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanson, the safest and best treatment is to use after each meal a tablet, composed of Diatase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets, and, not being a patent medicine, can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher, Chicago, Ill., writes: "Catarrh is a local condition, resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use.

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest, and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals. 16 3 eod

OUR WEST INDIAN TRADE.

Figures Show That it Has Been Steadily Declining.

(Special to the Star.)

OTTAWA, January 20.—The Dominion Statistician, George Johnston, has gathered together an interesting collection of papers dealing with trade between this country and the West Indies which will be forwarded to the Commission which is to investigate business openings in the West Indies on behalf of the Canadian Manufacturers Association. The figures show that in spite of the outlay of a large sum of money to promote trade between Canada and Jamaica, Trinidad, Barbadoes and the rest of the Islands, business has steadily declined. The prospects therefore are not very encouraging. It it be true that Britain is to impose countervailing duties against bounty fed sugar the cane sugar industry of the West Indies will jump to the front once more. It was the bounty system which drove the sugar dealers of Jamaica and other islands almost to ruin.

St. Hyacinhe is Ambitious.

(Special to the Star.)

ST. HYACINTHE, Que., January 20.—The new board of aldermen are striving to induce several manufacturing industries to locate here, and at present are endeavouring to make arrangements with O. Vinette, shoe manufacturer of Montreal, to move his business here. He asks a bonus of five thousand dollars, and guarantees to pay yearly wages amounting to twenty-five thousand dollars, ten per cent. of which will be turned over to the city till the bonus is returned. The City Council will take action in the matter at their next meeting.

The Kingston Political Pot.

(Special to the Star.)

KINGSTON, Ont., January 20.—The Reformers are getting ready for the Provincial general elections, to be held in the spring. A convention will be held this evening for the purpose of nominating a candidate. Among the aspirants are: E. J. B. Pence, R. Kent, R. J. Carson, R. F. Elliott, and John McKelvey. The Conservatives will choose a candidate from the following 1st. Dr. Ryan, Capt. Gaskin, D. M. McIntyre, R. T. Walkem, and W. F. Mills.

Eight Applications for Divorce.

(Special to the Star.)

OTTAWA, January 20.—Notice is given of eight applications for divorce which will be made to Parliament at the approaching session. This is a large number than usual. The expenses involved in securing a divorce from Parliament are large, as all the witnesses have to be brought to the Federal Capital.

QUEBEC WEST VACANCY.

Mr. William Power Will be the Liberal Candidate.

(Special to the Star.)

QUEBEC, Q., January 20.—The writ has been issued for the election in Quebec West, vacated by the death of Hon. Mr. Dobell. Nomination-day is fixed for January 29th, voting February 5th. Mr. William Power, who is at present in England, is understood to be the Government candidate and Mr. Kirwin may oppose him as a Conservative.

D'Arcy Scott May be a Candidate.

(Special to the Star.)

OTTAWA, January 20. — Mr. D'Arcy Scott, ex-alderman for St. George's Ward, a son of the Hon. R. W. Scott, Secretary of State, and a member of the law firm of Scott, Scott and Curle, announces that if the Liberals of Ottawa desire he will submit his name to the approaching convention as an aspirant for the honour of becoming one of the candidates for the city at the next election for the Ontario Legislature. Mr. Scott thinks that his experience in the City Council would be of value in connection with the introduction and enactment of needed amendments to the municipal act.

The Sentence of Dr. Krause.

(Special to the Star.)

NEW YORK, January 20.—The London correspondent of the Tribune cables:

The trial of Dr. Krause resulted in the severe sentence of two years' imprisonment, after protracted delay and numerous changes in the form of the proceedings and the invalidation of the main counts of the indictment on technical grounds. The prosecuting authorities have not come out well, but they have avoided the original blunder of sending the prisoner to the Transvaal for military trial.

MR. JOHN CHARLTON SPEAKS IN CHICAGO

Discusses Trade Relations Between Canada and United States.

RECIPROCITY OR RETALIATION

The Americans Should Treat Canada Better With a View to Ultimate Commercial Union.

(Special to the Star.)

CHICAGO, January 20. — The monthly banquet of the Marquette Club was held Saturday night, here, with Hon. Frank O. Lowden as chairman. Speeches were delivered by Mr. John Charlton, Canadian M.P., Hon. Chas. G. Dawes, Hon. Geo. E. Adams, and Hon. A. J. Hopkins.

Mr. Charlton delivered the principal address of the evening.

Mr. Charlton said:

The conditions of trade between Canada and the United States may be satisfactory to the latter country, and unquestionably should be so. It is not, however, a satisfactory condition of things to Canada, and matters have nearly reached a point where a readjustment of some character must be made. Either the United States must grant conditions of a more equitable and neighbourly character, or Canada will proceed to imitate the American example of tariff restrictions.

RETALIATION OR RECIPROCITY.

With imports from the United States three times as great as the export of domestic products to that country, and with an actual balance of trade against Canada of over $70,000,000, there is one fair reasonable method of adjusting matters, to propose, and that is to make the natural products of the two countries reciprocally free. In discussing this phase of the case, the mind should be disposed of the impression that the United States is now a very important market to Canada for farm products. With an import trade in farm products two and a half to three times greater than the export of farm products of Canada to the United States it is not probable that with reciprocally free trade the exports of farm products from Canada to the United States would largely exceed like imports from that country. There would be an increase of perhaps 25 per cent. in the export of forest products amounting to some $3,000,000 a year. There would be a considerable increase in the export of ores and other mineral products. There would be an increase in the exportation of the products of the fisheries, and the total increase of exports in all these lines, would fill, in all probability, far short of overcoming the present balance of trade against Canada of $70,000,000. Free trade would increase the Canadian importation of farm products. It must be borne in mind that British Columbia, the Klondike, and the Yukon districts will naturally derive their supplies of food from Washington and Oregon, if the present duties are removed. The Maritime Provinces with a population of 950,000 would, with free trade, import their food products from the sea board cities of the United States, as return cargoes. Ontario and Quebec would, as at present, buy vast quantities of corn and would increase their importation of coarse grains, flour and meats, for lumbering and mining operations.

As to the fear entertained by lumbermen and farmers in the United States, that free trade in lumber and farm products would depress prices in the United States, that apprehension is without foundation. The exportation of lumber from Canada to the United States at the present time does not amount to 2 per cent. of the product of lumber in the United States. In the case of all articles of which both countries have a surplus for export, free trade would have no influence upon prices in the United States because these prices are governed by the prices received for these articles in the foreign market.

RECIPROCITY OF TARIFFS.

"It may be asked in what direction will Canada move, in case of entering upon the policy of imitating American example. I answer, she would simply, in the event of failing to get reciprocity in natural products, adopt reciprocity of tariffs. She now gives to England a preference of 33 1-3 per cent. This is done because England gives to Canada free entry of all her natural products. Her tariff, if this new line of policy is entered upon, would probably take the shape of doubling the duties, in some cases making the increase more, and in some cases less, and granting to all countries that admit Canadian natural products free of duty a rebate of 40 to 50 per cent., leaving the tariff duties, when the rebate was deducted substantially protective, and leaving them substantially prohibitive, where the rebate was not granted. The adoption of this policy could not necessarily be considered as directed against the United States alone, for it would be applicable to all countries, and the rebate could be secured by any country, upon granting reciprocity in natural products, and the measure could be coupled with the provision that Canada should not in any manner descriminate against such country in the character of her tariff policy.

COMMERCIAL UNION.

"Commercial Union, or a zolverein, has been proposed as a remedy for the present conditions of affairs. Theoretically, it would seem to commend itself. Canada might possibly have been ready for it now, if intimate trade relations had been continued from 1866, but the 35 years of experience with the tariff of the United States, that the country has passed through, has not been a school calculated to prepare the public mind for the entertainment of the proposition for the establishment of a zolverein, Canada has built up an enormous export trade with the Mother Country. She is under obligation to that country for its liberal policy towards her. The day for discussing commercial union is either past, or has not yet come, and whether it will come remains to be seen, but it is certain it never will come until it is preceded by years of the operation of a policy the reverse in character to that hitherto pursued.

FREE TRADE IN THE FUTURE.

"Free trade in the United States, which has existed since the formation of the nation, has proved itself in 125 years' trial to be an unmixed and unmeasured blessing. Trade restrictions between States and groups of States would be recognized at once, in the United States, if proposed, as absurd, and a curse. This same system of absolute free trade can be extended to all the provinces and territories of the Dominion of Canada, with exactly the same results following as in the case of its application in the States of the American Union. The desire of the statesmen of the two countries should be in the direction of the consummation of this desirable policy in the future. The time for it is not yet, and the time for it will never come while present conditions continue, but a return to fair and equitable relations will bring about changes in the future, which it is useless to speculate about.

LUNG TROUBLE RELIEVED

It is nearly always the same story with lung trouble. If the system is not right, slight affections of the bronchial tubes lead to graver and more serious ailments. Now if the system is healthy the disease will be thrown off quickly—if not consumption is the probable end. Make the system healthy with Powley's Liquified Ozone, and you'll prevent any serious complications.

We want you to read Mr. Bery's statement:

THE OZONE CO., Ltd.
Gentlemen: I have much pleasure in testifying to the amount of good that Powley's Liquified Ozone has done me. I was very ill all winter with pleurisy of the left lung, and it left me with a most distressing cough. I heard of Ozone and tried it, with very satisfactory results. I cheerfully recommend it to everybody. I write this testimonial absolutely free from dictation, for I think it my duty to every man, woman and child.

CHAPTER VIII.—Continued.

Notwithstanding Ruth's refusal of him, Geoffrey Heron had not gone away; he was too deeply in love with her for that, and remained like a moth fluttering round a candle. Sometimes he felt annoyed with himself; but he was no longer his own master. Then, much to his surprise, the girl sought him of her own free will. He was delighted, though he wisely strove not to show it. She suggested a walk, in order that they might not be interrupted.

After some preliminary skirmishing, she led the conversation up to the departure of Neil Webster. "I am sorry," she said, with a sigh.

"You need hardly tell me that," replied Geoffrey, not very amiably, for he was annoyed by the speech and the sigh. "I know he is the lucky man."

"If he is lucky, he does not value his luck."

"What do you mean? I understood from Miss Brawn that you were engaged to marry him."

"Oh! that's just it. I was engaged, but now—he has gone away without a word. I don't believe he cares one bit about me."

"What a fool! Oh, Ruth, if you only knew!"

"I do know," she said, kindly; "you want me to be your wife. Well, I refused, because I could not really love you; but you know that I do like you extremely."

"Even that is something."

"And if it were not for Neil—well, I might bring myself to marry you."

"No," he said, firmly. "I also have my pride. Much as I want you to be my wife, I will not consent to that unless you can tell me that you love me."

"Won't liking do?"

"No"—gruffly—"liking will certainly not do."

"I might grow to love you in time."

"I wish you could—but—what does all this mean?"

She thought for a moment; then she said: "I hope you won't think me bold for speaking openly. But the fact is—well, I was engaged to Neil, and he—he has broken our engagement."

"Ah!" exclaimed the young man. "And how can I remedy the situation?"

"Go to him and ask why he went away."

"I cannot. Do you expect me to bring my rival back to you?"

"If you loved me and wished me to be happy, you would."

"I don't want to see you happy with another fellow," and his manner was eminently human. "I want you to myself."

"Well, you will not get me by behaving in this way!" cried Ruth, now thoroughly exasperated. "This is the very first time I have ever asked you to do anything for me, and you refuse!"

Geoffrey temporised. "Supposing Webster were to persist in his refusal to come back to you, would there be a chance for me?"

Miss Cass looked straight before her, with her nose in the air.

"I really don't know," she said, coldly. "I make no bargains."

"Very well," said Geoffrey, most unexpectedly, "I'll do it."

CHAPTER IX.

THE EMBASSY OF GEOFFREY HERON.

Within that week the house party at Hollyoaks broke up. Mr. and Mrs. Marshall returned to their own house which was only four miles away; Jennie Brawn went back to Bedford-park and the family of nine; and Geoffrey Heron took his way to his London Chambers. So Ruth was left to the society of her father, and she made up her mind that she would say no more about Neil. Indeed, she half intimated to Mr. Cass that she might, after all, marry her other lover—an intimation which delighted the worthy merchant beyond words.

"You are a sensible girl after all, Ruth," he said, "Believe me, you would do wisely. You see, my love, you could not have been really in love with Webster, since you have so soon forgoten him."

She answered him meekly enough:

"I dare say you are right, papa. Neil has behaved very badly to me, and I think no more of him."

"Poor fellow!" sighed Mr. Cass.

"Really, papa," exclaimed the girl, "you are difficult to please. At your desire I have given him up; now you think I have treated him badly."

"My dear, I said nothing of the sort," protested the embarrassed Mr. Cass. "All the same, I wish he had not set his heart on you."

"Oh, he has not done that, or he would not have been so ready to give me up."

"My dear, you do not understand."

Ruth went away thinking over this last speech. "No," she murmured to herself, "I do not understand, but I shall soon. I ought to hear from Geoffrey in a few days. After all, I am really beginning to think I like him better than Neil. What Jennie said was quite right, although I would not for the world acknowledge it to her. I am not the wife for a man like him. I want to be considered, and I am sure Geoffrey would do all in his power to please me and to make me happy. Neil? Well, I think he might have been rather a trial."

A week after Neil's departure, Mr. Cass received a letter from him which caused the worthy merchant much perplexity. He shut himself up in his library to think it over. Webster had gone away with the fullest intention of proving his mother's innocence, yet this short letter intimated that he had abandoned the idea. "I have seen my mother," he wrote and I see it is best to take your advice and let sleeping dogs lie. I am going abroad shortly and it is not likely that I shall see you for many months. Never again will I come to your house; and I only hope that you will impress upon Ruth the necessity of forgetting me as speedily as possible. I cannot trust myself to see her again, so I must leave this task to you."

"Poor lad!" sighed Mr. Cass, as he finished the letter. "It is bitter for him that he should have to suffer for the sins of his parents. But I wonder why he has stopped short in his endeavour to prove Mrs. Jenner's innocence? What can she have said to him? I have a good mind to see him—or her," he added as an afterthought; then changed his mind. "No, it would only revive sad memories. The matter is settled by this letter, and it is best to let sleeping dogs lie. I will think no more of it."

So he said, but so he did not do. His conscience frequently took pleasure in reminding him of the whole story, and despite all his philosophic resolves to "let sleeping dogs lie," he knew very well that he ought to rouse them. But this he could not bring himself to do. Too much was at stake, and a bolder man than Mr. Cass would have shrank from the consequences. In this frame of mind he did his best to argue that he was right, and—he failed in the attempt.

Meanwhile Geoffrey was in town, he had learnt from Ruth that Neil occupied rooms in the Waverley Hotel, in Cherry square, a quiet, unpretentious establishment.

Three times Heron called at the hotel, only to be told that Mr. Webster was out of town. The fourth time he was more lucky and found the young man at home.

Neil Webster looked extremely ill; dark circles under his eyes told of sleepless nights, and his restless movements hinted at a nervous system which had gone to pieces. Moreover, his lips were dry, his eyes feverishly bright.

The room was luxuriously furnished. The prevailing colour was a dark red, and on the walls were hung portraits of his favourite composers. Curiously enough, the furniture was upholstered in a soft shade of gray, the effect of which in the warm-tinted room was, to say the least of it, somewhat odd. A revolving book-case, filled with books—mostly of poems—stood near a Louis Quinze escritoire; but the glory of the room was a magnificent grand piano standing alone at one end of the apartment.

"I suppose you are surprised to see me, Webster?" said the young squire, abruptly.

"Well, I must admit that I am. We could hardly be called the best of friends at any time, I think."

"Still, we have not been enemies, Webster. Because two men may happen to be rivals they need not have a bad opinion of each other."

"You are very good," Neil said, faintly.

"Don't be sarcastic; there is no need, I assure you."

The remark made Webster laugh:

"Why do you laugh?" asked the other, sharply.

"I was wondering whether I could make a friend of you, and the thought of our relative positions with Miss Cass made me scout the possibility. We can never be friends."

"Why not? I like you very well. I don't see why you should be so bitter to me."

"I am not bitter. In fact, you would be my friend, I think, if it were not for Miss Cass."

"I am ready to be your friend in any case," said Heron, quickly. "And don't think me a mean brute to hate a man because he is more lucky than I."

"Lucky!" sighed Neil, sitting up. "Heaven help you if you are not a luckier man than I. Well, when we know one another better we may be friends. I need one badly enough, Heaven knows. But, first of all, to pave the way to our better acquaintance, why have you come here?"

"I will answer you frankly. Miss Cass has informed me that you have broken off your engagement to her. Now, you know that I am very much in love with her, and that I wish her to be my wife. She loves you, I think——"

BRITAIN'S SERVICE TO UNITED STATES

It Will be Shown How a Proposition for a Coalition of Powers Was Blocked.

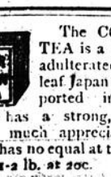

NEW YORK, January 20.—The London correspondent of the New York Tribune says: Mr. Henry Norman, whose practical knowledge of foreign affairs and American relations renders him a most useful member of the Commons, will bring out an important diplomatic secret at Monday's session. He will ask the Under Secretary of Foreign Affairs, whether at the outbreak of war between United States and Spain any communication was received from the Austrian or other governments relating to a proposal for a joint collective action by the European states and what was the nature of the reply made by the British Government. The question was postponed Friday at the special request of the Government, but unless all signs fail Lord Cranborne will answer it decisively on Monday and probably agree to lay the papers before Parliament. It has been an open secret in diplomatic circles in London and Washington that a proposal for collective action was made by Austria and strongly supported by one or more European powers and that the British Government rendered the United States a most important service in blocking the coalition and even threatening to join fleets with the Americans against it. Apparently the British Government now has reasons of its own for bringing to light the precise nature and extent of the service actually rendered in the United States in a critical emergency. At any rate, I have the strongest reason for believing that Mr. Norman's industry will be rewarded and a question of exceptional interest to both countries be answered completely. The motives of the British Government for wishing to have the facts laid bare at the present moment, can only be conjectured. Possibly a reminder of the useful services of England at a time when Americans had no other friend among the European powers is considered timely when Germany is bent upon cultivating unusually friendly relations with the United States.

Telephones to Replace Telegraphy.

CHICAGO, Illinois, January 20. — The Illinois Central Railway within a short time will have all principal stations along its line equipped with telephones for the use of officials and employes in transmitting the orders and messages of the company. Those who have experimented with the system claim for it many advantages over the old telegraph system. They assert that by means of the telephonic system the service will be practically revolutionized, that with slight improvements, which are inevitable, the telephone will furnish greater safety for train orders.

Annual Live Stock Sales.

OTTAWA, January 20.—The official announcement of the Ontario provincial auction sales of pure bred live stock, to be held at Ottawa on February 12th and at Guelph on February 26th, has been issued. The terms and conditions will be similar to those of last year's sales. The railway companies are offering reduced passenger and freight rates and a large attendance is looked for at both places.

COLONEL LYNCH TALKS.

He Did Not Leave Paris When Parliament Opened.

PARIS, January 20.—Col. Arthur Lynch, the recently-elected member of the House of Commons, for Galway, who is said to have fought on the side of the Boers in South Africa, in an interview denied that he had tried to go to England for the opening of Parliament. Col. Lynch said he had not left Paris for the good reason that he appreciated the fact that he would not be allowed to reach his goal—the House of Commons. He had some time ago contemplated going to the opening of Parliament, but, said he, jokingly:

"I did not thing then that a nation that considers itself one of sportsmen would be so unsportsmanlike as to seek to reach me in cold blood when it might have had me in warm blood in the Transvaal."

Col. Lynch added that his future movements would be governed by the counsels of the Irish party, in which he has every confidence, and by the wishes of his constituents. He declared the stories published in the English papers of his recent visit to Dr. Leyds, at Brussels, with whom he was alleged to have business connections, were pure inventions. He had only passed through Brussels a year ago, and he had no business relations with Dr. Leyds of any kind, though they are on friendly terms.

Shot His Daughter's Suitor.

VAN WERT, Ohio, January 20. — John Garwood was shot and instantly killed early yesterday morning, by John Bauman, a farmer who lives near this place. Garwood, who has been paying attentions to Bauman's 16-year-old daughter, called at Bauman's house before daylight and demanded admittance. Bauman refused to admit his visitor, and, after demanding that he leave the premises, opened the door, having in his hand a shotgun. Seeing Garwood draw a revolver, he fired, the charge striking Garwood in the left breast and causing instant death. Bauman gave himself up to the authorities.

Massachusetts Farmer Murdered.

WORCESTER, Mass., January 20.—Samson Seaverns, 83 years old, living between Rutland and Princeton, was murdered at his home last night by Lem Hapgood, who had been employed by him on the farm. Hapgood attacked Seaverns in bed with an axe and shot him with a revolver, and later confessed his crime to a daughter of the murdered man in the house. The murderer made his escape, coming in the direction of Worcester.

Chicago's First Coal Dealer Dead.

CHICAGO, January 20. — Charles A. Reno, who is said to have been the first retail coal dealer in Chicago, is dead. He was 84 years of age, and came to Chicago in 1848. His business grew with the growth of the city and he organized one of the leading firms of Chicago. Mr. Reno became a police commissioner in 1872 and held the office until it was abolished by the present city charter.

ONTARIO'S ACCOUNTS

A Surplus of $427,000 Which is Chiefly Made Up From Sales of Public Lands and Timber.

(Special to the Star.)

TORONTO, January 20. The public accounts, which will be brought down today by the Premier and Treasurer, Hon. G. W. Ross, shows a cash surplus of upwards of $427,000 on the transactions of the year. The summaries are as follows:

Receipts for 1901	$4,466,043.92
Receipts for 1900	4,192,940.18
Increase	$273,103.74
Expenditure for 1901	$4,038,834.49
Expenditure for 1900	4,003,729.37
Increase	$35,105.12

The excess of receipts over expenditure for the year 1901, accordingly, amounts to $427,209.43.

Balance of cash in the banks, Dec. 31, 1901	$1,468,492.09
Balance of cash in the banks, Dec. 31, 1900	1,033,546.31
Increase	$435,146.68

This surplus of nearly half a million was built up largely by an increase of nearly $200,000 in the receipts from Crown Lands and from sales of the Crown timber reserves; an increase of about $20,000 from liquor licenses; about $12,000 from charters for incorporated companies; about $8,000 from taxes on corporations, and $140,000 from succession duties, a large number of wealthy men having died in 1901. On a few trifling items there were decreases compared with 1901.

The increase in total expenditure was put down largely to extra charges in settlement and colonization, and the building of the Cobourg Asylum. The expenditures in legislation and administration of justice were reduced about $20,000.

GREGOIRE FOUND GUILTY.

But He is Sentenced to Only Two Weeks' Imprisonment.

(Special to the Star.)

ARTHABASKAVILLE, January 18.—The trial of Gregoire for manslaughter was concluded on Saturday. He was found guilty, but was sentenced only to two weeks' imprisonment. The lawyers for the defence made strong pleas on behalf of the accused, pointing out that the killing of Landry was done in a moment of passion, and was not premeditated. They argued that Gregoire had been provoked by the deceased. Magistrate Desilets seemed to agree with these sentiments and made the sentence a light one.

California Opium Smuggling.

SANTA BARBARA, Cal., January 20.—The United States revenue cutter Bear, which is in the harbour, has visited several islands in the Santa Barbara Channel, and, according to the statement of one of the officers, evidence that opium smuggling has been carried on within the past few months was found on some of the islands of the group.

The Manitoba Referendum.

WINNIPEG, Man., January 20.—The officers of the Manitoba branch of the Dominion Alliance are considering the advisability of testing the constitutionality of the proposed referendum on the Manitoba Prohibition Act. They claim there is no precedent for such action by the Government.

Paderewski Coming Over.

LONDON, January 20.—The White Star Line steamship Oceanic, which is to sail from Liverpool on January 22nd for New York, will have among her passengers Paderewski, the pianist, and his wife.

HOW THE BOERS TREAT PRISONERS

They Strip Them Naked and Turn Them Adrift.

SCHEEPERS HAS BEEN SHOT

The Alleged Peace Negotiations—The Situation Improving in the Transvaal—Canadian Nurses.

LADYBRAND, Orange River Colony, January 20.—Small batches of prisoners are arriving here daily from the columns operating nearby. Major Heath captured six Boers north of Kurrensburg, where heavy firing was heard yesterday. Natives report that ex-President Steyn was at Morgansdam, Thursday.

Six yeoman belonging to Major Heath's command were captured Friday. They were striped by the Boers and sent back to camp naked. Naturally every precaution is taken to prevent these small captures, but the mountainous rocky nature of the country provides innumerable hiding places for the Boers which makes it exceedingly difficult to guard against them. Frequently the British flank guards pass out of sight of the main column, disappearing among the hills, whereupon the Boers come out of their hiding places, surround and capture them, the column at the time not being aware that the captures have been made. The Boers, who know every path, then proceed to other hiding places and repeat the operation. Ten British soldiers came into camp the other day without a shred of clothing, the Boers having relieved them of their clothes together with their horses, rifles and ammunition.

SCHEEPERS EXECUTED.

GRAAF REINET, January 20.—Commandant Scheepers, the well known Boer commandant, who was captured last October, while wounded, and who, after trial by court-martial, on a long series of charges including murder and cruelty to prisoners, was sentenced to death, was executed Saturday.

THE BOERS AND PEACE.

NEW YORK, January 20.—The London correspondent of the Tribune cables:

Lord Rosebery's Chesterfield speech has not been displaced by the King's speech as an event of potential force in politics. The peace movement in Holland and Belgium, whether genuine or illusive, must be attributed to the suggestion of Lord Rosebery that the ministers should be prepared to listen to the earliest proposals of peace from the Boer leaders in Europe. There is no evidence that overtures of peace have been made to the British Government, but Messrs. Kruger, Fischer and Leyds are manifestly anxious to create the impression that they will discuss the matter if they receive adequate encouragement. Two opinions are tenable respecting De Kuper's journey to Brussels and London, and the conference of the Boer leaders at The Hague. One points to the conviction of Kruger's colleagues that the warfare cannot be maintained much longer, and that the time is approaching when the claim of independence may be waived and a large grant for rebuilding the homes and restocking the farms of burghers be substituted for it. The other implies a distrust of the sincerity of all the peace talk at Brussels and The Hague and credits the Boer intriguers with a crafty desire to strengthen the hands of the pro-Boer group in Parliament by creating an artificial situation and bringing upon the Government the reproach of disregarding Lord Rosebery's advice. The second view is the more reasonable, but the capture of Botha or DeWet may bring about genuine peace negotiations any day.

IMPROVE CONDITIONS.

NEW YORK, January 20.—The London correspondent of the Tribune cables: "The South African situation has been cleared by the meeting of Parliament and the publication of an important series of blue books. The despatches of Lord Kitchener and Lord Milner reveal substantial progress in the working of railways, the re-opening of mines, the contraction of the field of hostile operations and the pacification of the country. There are also official denials of the Boer charges of barbarism and inhumanity by soldiers if the contradiction of anything so incredible be needed, and detailed information respecting the concentration camps and the treatment of Boer women and children. The cumulative effect of this mass of authentic intelligence is that a great anti-Boer agitation on the continent can have no raison d'etre when these storehouses of official information are opened. The only fact which tells against the management of the concentration camps is the high mortality, but the explanation of the medical authorities is that in the circumstances it would not be anything else, and that everything has been done to minimize suffering and promote health and comfort of the homeless families. The latest despatches from Lord Kitchener indicate a steady progress in clearing the country and a remarkable increase in the mobility of the British columns, and create a strong impression that the fighting is nearly over.

BOER LEADERS CONFER.

BRUSSELS, January 20.—Dr. Leyds, the representative in Europe of the Transvaal, held a conference Saturday with the Boer delegation at the house of Mr. Wolmarans. They met again Sunday at some mysterious rendezvous. Dr. Leyds now denies himself to everybody.

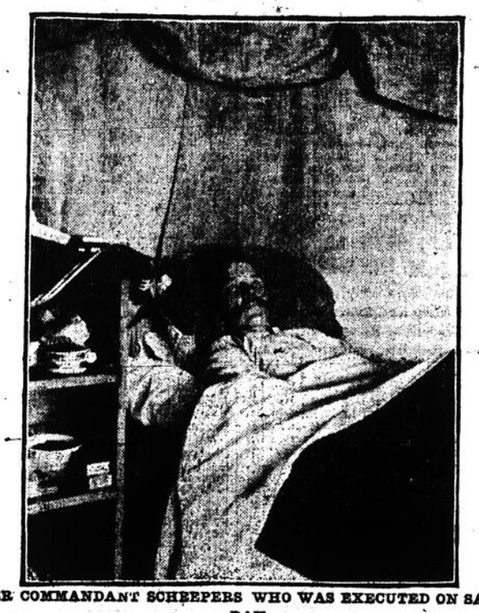

It is asserted that Dr. Kuyper, the Dutch premier, on his return to The Hague from London, had a conference with Mr. Wolmarans, one of the Boer delegates, who sent another delegate to consult with Mr. Kruger, and that another meeting will be held next Monday.

In spite of Boer denials, a strong feeling exists here that some peace movement is afoot between Great Britain and the Boer delegates, but that there is difficulty in arriving at any acceptable basis of terms. Mr. Kruger and Dr. Leyds being reluctant to commit themselves.

It is declared in Boer circles here that a number of Englishmen, supposed to be officials of the British Government, arrived at The Hague under assumed names last Saturday and were later visited and entertained at dinner by the British minister here.

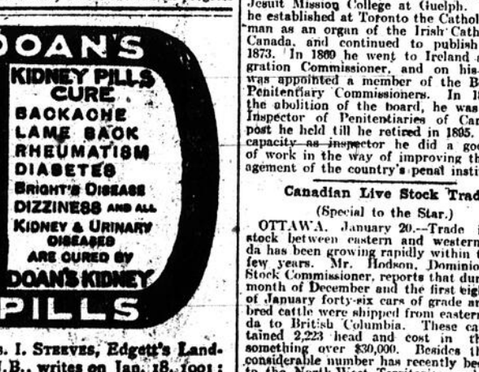

MORE CANADIAN NURSES.

OTTAWA, January 20.—Three additional nurses will be sent to South Africa from Canada. Their applications have been accepted and they will leave at once. The nurses are Miss Maggie Smith, Ottawa; Miss Chalmers, Adolphuston, Ont.; Miss Pope, of New York, formerly of Ottawa, and sister of Mrs. Joseph Pope. Miss Pope was one of the first nurses who went out from Canada to South Africa.

BOER COMMANDANT SCHEEPERS WHO WAS EXECUTED ON SATURDAY.

The above picture is from a photograph taken by D. F. B. Carron, of Brockville, a McGill graduate, when St. Scheepers was in the hospital tent at Beaufort West, Cape Colony.

MRS. I. STEEVES, Edgett's Landing, N.B., writes on Jan. 18, 1901: "In the fall of 1899 I was troubled with a severe pain in the back. I could scarcely get up out of a chair and it gave me great pain to move about. I took one box of Doan's Kidney Pills and was completely cured. I have not been troubled with it since." 16 1

JAMES G. MOYLAN DEAD.

He Was Inspector of Canadian Penitentiaries Till 1895.

OTTAWA, January 20. — James G Moylan, aged 76 years, formerly inspector of penitentiaries, died suddenly Saturday night, at his home on Daley avenue. He was superannuated about seven years ago.

Mr. Moylan, whose kindly nature made him many personal friends, had an interesting career. He was born at Maynooth, Ireland, January 11, 1826, and educated at St. Jariath's, Tuam, and the Royal College, Maynooth. Coming to America in 1851, he was for some time attached to the Chilian Legation under Count de Carvalho. In 1852 Mr. Moylan began a journalistic career as Washington correspondent of the New York Times and other United States journals, later becoming a member of the Times' staff in New York. In 1856 he came to Canada to take the position of master of classics and English literature at the old Jesuit Mission College at Guelph. In 1858 he established at Toronto the Catholic Freeman as an organ of the Irish Catholics of Canada, and continued to publish it till 1873. In 1869 he went to Ireland as Emigration Commissioner, and on his return was appointed a member of the Board of Penitentiary Commissioners. In 1875, on the abolition of the board, he was named Inspector of Penitentiaries of Canada, a post he held till he retired in 1895. In his capacity as inspector he did a good deal of work in the way of improving the management of the country's penal institutions.

Canadian Live Stock Trade.

(Special to the Star.)

OTTAWA, January 20.—Trade in live stock between eastern and western Canada has been growing rapidly within the last few years. Mr. Hodson, Dominion Live Stock Commissioner, reports that during the month of December and the first eight days of January forty-six cars of grade and pure bred cattle were shipped from eastern Canada to British Columbia. These cars contained 2,223 head and cost in the east something over $30,000. Besides these a considerable number has recently been sent to the North-West Territories, and orders are not in hand for the last mentioned territory.

Appointments of "Black Rod."

OTTAWA, January 20.—The position of Gentleman Usher of the Black Rod to the Senate will probably be decided this week. There are two candidates still in the field, D'Arcy MacMahon, son of Chief Justice MacMahon, and Mr. Molyneux St. John. Mr. St. John has the energetic backing of the Minister of the Interior.

THE U.S. ADOPTS WEYLER METHODS

MARTIAL LAW IS PROCLAIMED

Americans Cannot Now Object to British Methods in the Transvaal.

WASHINGTON, January 20.—Having failed, after two years' strife, in subduing the insurrection in Batangas province, which lies just south of Manila, and having satisfied himself that lenient treatment of the insurgents is productive of no good results, General J. Franklin Bell, the military commander in that province, has determined on the enforcement of the war in the most vigorous and determined fashion, involving reconcentration in a modified form, the application of martial law in all directions and the unsparing pursuit and punishment of the natives who act as spies and traitors to the United States. All this appears from a long report to the War Department just published. The reconcentration order is dated at Batangas, December 8 last. In substance, it provides for the establishment of a zone around the garrisons, into which the friendly inhabitants are to be required to come under penalty of confiscation and destruction of their property. This is said to be necessary to prevent the collection of forced contributions from the inhabitants by the insurgents. The military officers are allowed to fix the price of necessaries of life, and it is promised that the people may return as soon as peaceful conditions are established.

DESPERATE GAOL-BREAKERS.

Eleven Prisoners Cleverely Escape From Washington Penitentiary.

TACOMA, Wn., January 20.—Eleven of the most desperate prisoners in the United States penitentiary on McNeill's Island made their escape between 1 and 2 o'clock Sunday afternoon, and up to a late hour last night were still at liberty. It was the most daring and successful gaol-break ever attempted in this state, and the character of the men implicated makes it doubtful whether they will be retaken without loss of life.

The men at large are: W. D. Snyder, Idaho, robber; James Campbell, Nome, pickpocket; Thomas Morton, Nome, burglary; Frank Ainsworth, Nome, larceny; Mike Williams, Spokane, counterfeiter; Harry Davis, Nome; Frank Moran (true name, Ed. O'Neil), Spokane, counterfeiter; James Moriarty, Spokane, counterfeiter; J. P. Stewart, Idaho, counterfeiter; Bruce Kenwright, Nome, manslaughter; James Carroll, Alaska, murder.

A hole in the brick wall of cell No. 10, occupied by convicts Snyder and Davis, reveals the method of escape. The wall was about a foot in thickness and the floor of the cell is of equal thickness covered with a concrete. A tunnel was dug at the junction of the wall and the floor, sloping outwardly until it formed a connection with the air chamber about two feet below and a foot outwardly from the corridor wall of the cell. Through this air chamber the prisoners crawled about forty feet to where it opened into the boiler-room, the opening being covered by an iron grating. This obstacle was overcome by the use of saws, and the prisoners had then only to walk out of the back door of the boiler-room, across the yard, and scale the board fence. A few yards from the prison grounds the dense growth of timber afforded them temporarily a safe retreat.

The prisoners took advantage of the latitude allowed them during the dinner hour to consummate their plans. The guards, with the exception of two, who were on duty on the wall overlooking the corridor, were eating dinner in the dining room. A dinner gang was at work putting the tables in order, and the order convicts had the privilege of the corridors. One by one the men slipped into cell No. 10 and crowded through the hole unnoticed. When the guards came out and lined the prisoners up for dinner eleven were missing.

Warden Palmer at once sent a squad of guards in pursuit, and made a tour of the island. With two launches, three rowboats and thirty men guarding the shore line, it is believed by the officers that if the men were still on the island at 9 o'clock last night their escape will be blocked.

A Strange Disappearance.

(Special to the Star.)

WOODSTOCK, Ont., January 20.—Word has been received of the sudden and strange disappearance of Samuel Henderson, near Baysville, which is north of Bracebridge. It appears that he was going on a visit to friends in Baysville and as he was travelling by stage he became very cold. He got out of the stage to go into a house to warm himself, the stage proceeding on its route. In the evening he started to walk to Baysville, a distance of about two miles. No trace of him has since been found. It is supposed that he had lost his way and wandered into a lake which was near by. Mr. Henderson was well-known here having lived near here for years.

The Canned Meat Inquiry.

(Special to the Star.)

OTTAWA, January 20.—The investigation into the quality of canned meat sent out to South Africa by Canadian firms was continued Saturday by the Board of Inquiry consisting of Dr. Montizambert, Director-General of Public Health, Lieut.-Col. Biggar, of the Army Service Corps, Mr. Thomas Macfarlane, Chief Analyist, and Mr. Newell Bate. Colonel Biggar will sail on February 1 for England to take a course of military instruction.

The Canadian Fast Line.

LONDON, January 20.—Repeated statements have appeared in the press that a number of mammoth steamships 815 feet in length are to be built for a fast mail service between Canada and Liverpool. It is maintained in shipping circles that such statements are absurd. Such steamers could not be accommodated at Liverpool, and even if they could they would be unsuitable and unremunerative.

The Shawinigan Elections.

(Special to the Star.)

SHAWINIGAN FALLS, Que., January 20.—In regard to a recent despatch in the Star about the local elections it was the president of the elections and not Mr. Burrill who was assaulted:

Four men have been arrested and admitted on bail in connection with the case. Their names are T. Goulet, G. A. Frigon, F. X Guigerre and N. Gowineau.

Whole Family Die From Diphtheria.

ST. JOHN, N.B., January 20.—Word has reached here from Harvey Station, York County, that Peter C. Wood, his wife and two children, the whole of a happy young family, died during the week from diphtheria at their homes in Tweeside, York. The disease was of a very violent type.

Ottawa Residence Damaged.

(Special to the Star.)

OTTAWA, January 20.—A disastrous fire broke out this morning in the residence of Mr. W. P. Featherstone, J. P., clerk of the Surrogate Court on Besserer street. The damage amounts to some $3,000, covered by insurance.

Committed for Murder.

HALIFAX, N. S., January 20. — George Gillon, who shot and killed Archibald Graves at Alberton, P.E.I., on Friday, has been committed to the Supreme Court, charged with murder.

"James Strachan, Bakers to Royalty."

ASSISTANT RECTOR OF THE CATHEDRAL

Meeting of Christ Church Vestry Decides to Meet With Mr. Steen.

NEGOTIATIONS ARE OPENED

Mr. Steen Will be Responsible for Pastoral Work and Will Have An Assistant.

There is every indication that the Rev. F. J. Steen, formerly professor of apologetics and church history at the Montreal Diocesan Theological College, will shortly become assistant rector of Christ Church Cathedral in this city.

At a meeting of the select vestry of the cathedral on Saturday night it was decided, with the full concurrence and approval of the Venerable Archdeacon Norton, to open negotiations with Mr. Steen with a view of having the reverend gentleman's services permanently secured to the cathedral in the above capacity.

It is anticipated, as a result of the proposition to be laid before the reverend gentleman by the cathedral authorities, that he will shortly identify himself once more with the work of the cathedral church and parish.

It is understood that under the provisions of the arrangement considered at Saturday's meeting, Mr. Steen, with a junior assistant, will be responsible in future for the pastoral work and parochial services of the church and parish, and that the services of the Rev. Mr. Boyle will be retained in the capacity of junior assistant. Mr. Steen will also occupy the pulpit at one at least of each Sunday's services.

The Ven. Archdeacon Norton will continue to be rector of Montreal and Archdeacon of St. Andrew's, and will therefore retain the dignity, prestige and precedence inseparable from both positions. He will be responsible for all purely cathedral matters and services connected with the cathedral church, in accordance with the requirements of the new cathedral act. He will also preach and celebrate the Holy Communion from time to time at the parochial services in the cathedral. Moreover, as rector of Montreal, he will retain his present control with respect to the erection of new parishes and churches throughout the parish of Montreal, which extends from Lachine to Longue Pointe. He will also, as a perpetual corporation sole, continue to hold possession of the cathedral fabric, site, houses and endowments on behalf of the church. As rector of Montreal he will legally be responsible to the Archbishop for the teaching, services and pastoral ministrations in the cathedral and parish, although in accordance with the custom and usage of the Church of England he will relieve himself of the excessive labour connected therewith and hitherto devolving upon him, by the appointment of an assistant rector.

It is understood that the above arrangement has been favourably considered by the Ven. Archdeacon Norton, who is most hopeful that the best interests of the cathedral will be served thereby.

The Rev. Mr. Steen, it is said, has also very favourably regarded the arrangement, and it is considered very probable that he will agree to its terms, and accept the position of assistant rector. Many of the provisions have already been the subject of informal negotiations between himself and the cathedral authorities.

Before the arrangement goes into effect, however, it will have to secure the official sanction of both the rector of Montreal and Mr. Steen, and the endorsement of the select and general vestries of the cathedral. It will also have to be approved by Archbishop Bond, who alone can license Mr. Steen to a charge in the cathedral.

SATISFIED WITH RESULTS OF RECENT BY-ELECTIONS

Col. Sam Hughes Analyses and Draws Lessons From the Federal Contests in Ontario.

Lt.-Col. Sam Hughes, arrived in Montreal, Saturday, and continued his journey, the same day to the North-West in connection with business interests.

Col. Hughes, in an interview, expressed his satisfaction at the result of the recent by-elections.

"In my opinion, said he," they show a decided gain for the Conservatives. In West York, where Mr. Campbell defeated Mr. Wallace, the seat was lost to the Conservatives through over confidence, nothing else. Moreover, Mr. Wallace was not nearly so well known in the constituency as his brother."

AMERICAN STEEL MAGNATE.

Mr. P. W. Roberts is Inspecting Maritime Province Mineral Products.

Mr. P. W. Roberts, president of the Pencoid Steel Company, passed through the city to-day en route for the Maritime provinces where he goes to inspect the mineral wealth of the country there. Mr. Roberts is travelling in the Pullman car, Acadia, which has just been turned out of the Pullman works at Buffalo, and which is considered the most perfect specimen of car building ever constructed. She generates her own electricity from the axles, and has a storage battery as well. The Acadia has four staterooms, a parlour, dining-room, and a most complete cuisine where cooking is done by electricity. The car, it is said, cost $30,000.

Death of Mrs. Macnab.

News reached the city, this morning, of the death, at Wallace, Nova Scotia, of Mrs. William Macnab, the mother of Mr. BrentonA. Macnab, of Montreal, and of Messrs. Allan Macnab and Harvey Macnab, of British Columbia. The deceased lady had been ailing for some time, and the end was not unexpected.

Son of Chief Justice Passed.

Among the students who passed the recent examinations for admission to the practice of law was Mr. Douglas Armour, son of the Chief Justice of Ontario.

Mr. H. H. Decelles Was Honoured.

The Metropolitan Life Insurance Company entertained on Saturday evening at the Place Viger, Mr. H. H. Decelles, Superintendent for the district of Lachine, and his staff in recognition of splendid services rendered during the past year. Mr. H. A. Young, superintendent of the New York agencies, was in the chair and Mr. H. H. Decelles, was the principal guest. Among others present were: Mr. T. A. Ayres, manager of the intermediate department, New York; Dr. G. F. Finley, Dr. J. Curran, Mr. A. G. B. Claxton, counsel for the company, and the following superintendents: Messrs. Charles Stansfield, Montreal; E. J. P. Payette, Quebec; N. de Kapelle, Quebec; M. Bray, St. Hyacinthe; H. Thornton, Ottawa. During the evening interesting speeches were made by Mr. H. A. Young, Mr. Decelles, Mr. Ayres, and Messrs. A. G. B. Claxton, E. J. P. Payette, Bray, Dr. Curran and others.

THE IRON INDUSTRY IN SATISFACTORY STATE

Billets Imported Into the U. S. From Germany Owing to Lack of Supply.

No diminution is discernible in the rate of production at leading mills, shops and factories, says Dun's Review, of New York. Reports are almost unanimous regarding the liberal orders on hand, and much better transporting facilities greatly relieve the situation at points where fuel or raw material were unavailable. The leading industry continues moving in the right direction, with quotations firmly held, even at distant deliveries. Many new buildings, bridges, etc., keep structural steel from any slackness, and the railways are not yet able to obtain all the rolling stock, motive power and other equipment desired.

Although the Iron Age records of pig iron production show a weekly output of only 298,400 tons on January 1, against a high water mark of 324,761 on December 1, it is obvious that the actual active capacity on those dates was not nearly 25,000 apart. Closing of furnaces through lack of fuel had begun in November, and the top point was due to the average established through exceptional activity earlier in the month, whereas the reverse is true of the January 1st figures. These were diminished by the low average during December, and the actual weekly rate of output to-day is probably close to, if not at the highest point in the industry's history. Similarly as to furnace stocks, improving facilities for shipping have not left even the small surplus stocks of 216,127 reported on January 1, which was much the smallest of the year 1901. Numerous new orders for structures abroad have given full occupation to the leading bridge builders, and in rail mills there is no possibility of filling orders in the near future. Billets come from Germany, not in competition with home producers, but because supplies are not available here for immediate needs. Wire and nail makers have reached an agreement as to prices, and all branches of the industry enjoy a healthy tone.

MR. NELSON'S REASONS FOR RETIRING IN THE WEST WARD

He is in Sympathy With the Reform Party and Believes a Good Lawyer is Necessary.

Mr. Fred. E. Nelson has declined to contest No. 1 seat, in West Ward, against Mr. C. B. Carter, K.C. Seen to-day regarding the report that he would not enter the contest, Mr. Nelson stated that he was thoroughly in accord with the reform party, and at the same time he was satisfied that there was need of an English lawyer in the City Council. He could think of no one better fitted for the position than Mr. Carter.

Mr. Nelson wrote to Messrs. S. J. Carter and D. L. Lockerby, the mover and seconder of his nomination, as follows:

Gentlemen,—I have to thank you for having proposed and seconded me as a candidate for aldermanic honors for the West Ward, and while I fully appreciate your motives in bringing forward my name, I feel that I must decline the nomination for many reasons, which it is hardly necessary to mention in this letter. But believe me when I say that I feel my reasons are sufficient; and I have fully considered the matter. Kindly accept my very best thanks for what you have done for me, and I would also like to thank the many merchants who have gone out of their way to promise me their support. I have not one word to say against Mr. C. B. Carter, who I am sure will be of great use in the Council. He is a man whom I respect in every way.

I am, yours very respectfully,

F. E. NELSON.

THE BERTILLION SYSTEM.

A Conference to Secure Uniformity of Methods of Registration.

Uniformity of identification methods in connection with the police departments of the cities of this continent will be the subject of a convention of Bertillon operators of Canada and the United States. This convention will take place at Louisville in May next, and will be held in conjunction with the annual meeting of the National Association of Chiefs of Police, which is to take place in Louisville at that time.

This subject is of interest to local people as Montreal will be represented at these meetings, Chief of Detectives Carpenter being a member of the Association, and will attend the meeting in the capacity of representatives of the Montreal Force. The Bertillon system of identification is used generally throughout Canada and the United States, but there is no uniformity in methods, and many differences exist between the cards in use in the various cities of the continent. The object of this convention is to get together the various operators who will discuss the system and establish some set rule for the use of the cards. There appears to be a general opinion that the American abbreviations are better adapted for use in this country than the French symbols as to scars, etc. The cards should be so simple that any detective could read them without the assistance of an experienced operator. The complicated French system renders this almost impossible, hence the necessity for a meeting of American operators to place the system on a good working basis.

Electrical Workers to Meet.

H. J. Hurd, 3rd Grand Vice-President of the International Brotherhood of Electrical Workers, is in the city, and staying at the Grand Union Hotel. He will address a meeting of the local union to-night, at 2444A St. Catherine street.

Lecture to the Police.

The first lecture to the officers of the Police Force was delivered on Saturday afternoon, by Mr. Perras, of the Recorder's Court. The lecture was on instructions contained in the Police Manual.

The Judgment Confirmed.

In the Court of King's Bench, in Appeal, the judgment of Lamontagne, et al., plaintiff-appellants, and the Corporation of the parish of St. Aime, defendant-respondents, was confirmed. The case was that of three farmers who sought to annul a resolution of the parish council, and an assessment for the construction of a bridge. The Court below dismissed the action on the ground that the plaintiffs had asked for the construction of the bridge, because the proceedings had been begun more than three months after coming into force of the assessment, and finally, because the plaintiffs were not prejudiced. This view was maintained by the Appeal Court.

MEETINGS AND SOCIETIES.

Fraternal Orders.

LONGUEUIL LODGE, NO. 21, A. O. U. W.—A very large number of the brethren from Montreal crossed over the ice bridge to Longueuil on Friday last, the occasion being the installation of the officers of Longueuil Lodge, No. 21, which was of a public character, the installing officer, Bro. Dr. Jos. Nolin, D.D.G.M.W., was assisted by Bro. P. G. M. W., E. C. Lalonde; Supreme Trustee, Bro. Thos. Ligget; D.D.G.M.W., Bro. W. H. Johnson; D. D. G. M. W., Bro. W. J. Pendleton; Deputy Grand Master Workman, Bro. J. J. Ully, P. M. W., Rich. Lynch. The Grand Master Workman, Bro. D. McCormick was unavoidably detained, owing to important legal business. Among the numerous visitors were representatives from nearly all the city lodges. The invited guests occupied seats on the platform. Those responding to the toast of sister societies were S. Cote, St. Jean Baptiste Society; Bro. P. M. W. Galaise, the Catholic Order of Foresters, and Councillor E. Denicourt, the Independent Order of Foresters. The speech of the evening was delivered by the Mayor of the town, Bro. Maurice Perrault, Guide of Longueuil Lodge. Among other speakers were Bro. Supreme Trustee, Thos. Ligget, Bro. P. G. M. W. Lalonde, D. D. G. M. W.; Bro. Dr. Nolin, Bro. Rich. Lynch; executive committee: Bro. Thos. Lynch, Master Workman, Clarence Lodge, No. 16; D. D. G. M. W. Bro. Johnson; D. D. G. M. W. Bro. W. J. Pendleton, Bro. Chas. Query, Bro. Herron, Master Workman, Windsor Lodge, No. 41, favoured the audience with a comical recitation. Bro. Rouleau, of Longueuil Lodge, sang several songs; the Longueuil band played choice music during the evening. Bros. Baker, Robert, and Carriere, the committee in charge of the refreshments, deserve much praise.

SAYS FAREWELL AT BANQUET.—A banquet and farewell reception was tendered Mr. J. D. Holofcener last night by Victoria and Aberdeen Lodges, I.O.S.B., at the lodge rooms, No. 6 Phillips square. The chair was occupied by Mr. Lambert Sackett. Previous to the banquet Mr. Holofcener was presented with an illuminated address and gold medal by the members of the lodges. Mr. J. M. Prockter, in making the presentation, remarked on the long and faithful service rendered by Mr. Holofcener in the discharge of duties connected with the order of the I.O.S.B., and felt that when the past president had gone he would be greatly missed. Mr. Holofcener replied in a few well chosen words, in which he expressed his thanks for the honour bestowed upon him, and said that he would always continue to do his best, wherever he was, for the order. During the evening the toasts of "The King," "The United States Grand Lodge," and "The B'nai Brith Order" were proposed, and responded to, Mr. I. Aronson responding to "The United States Grand Lodge," and Mr. S. W. Jacobs to "The B'nai Brith Order." Among those present were: Messrs. J. M. Prockter, S. W. Jacobs, A. Cowan, Lyon Cohen, D. Pebs, J. Kaplan, M.A., and Dr. Lightstone.

QUEBEC GRAND COUNCIL.—At the last meeting of Branch No. 10, C.M.B.A., Quebec Grand Council, the following officers were installed for the ensuing term: President, Richard Bishop; first vice-president, J. McCabe; second vice-president, J. P. Fitzpatrick; recording secretary, James McIver; assistant recording secretary, J. E. Holland; financial secretary, A. Duggan; treasurer, C. J. Flanagan; marshal, J. Corbett; guard, John Dwyer; trustees, John McCabe and R. Bishop. After the installation ceremony, short addresses were delivered by Supreme Deputy Bro. Flamary, Grand Deputy Marnell, Chancellors T. F. Mace, A. Duggan and Grand Marshal Howlett, and other visiting members, and, judging from the amount of enthusiasm displayed by the members, the new year promises to be a record one for this popular branch of St. Anthony's parish. During the evening a choice selection of music was contributed by Bro. Keane, assisted by some of the members of the branch.

COMPANIONS OF THE FOREST.—Last Monday evening, Beaver Circle, No. 5, Companions of the Forest, met in Fraternity Hall to install their officers for the ensuing year, the ceremonies being performed by District Deputy C. C. Mrs. Hayes. Comp. Mrs. Scriatas, of Hope of the Forest Circle, and Comp. Miss Randall, of Allendale, acting as marshals. The officers installed were: P.C.C., Mrs. Murdock; C.C., Mrs. Barley; S.C., Mrs. Bockus; fin. sec., Mrs. Hocking; treas., Mrs. Twining; R.G., Mrs. Phillips; I. G., Miss Barley; I.G., Mrs. Fallenus; O.G., Mrs. Simpson. After the installation, refreshments were served, and an interesting programme of vocal and instrumental music was given.

HIGHLAND SOCIETY.—The first meeting of the newly formed Highland Society of Montreal was held at 21 Beaver Hall Hill on Saturday evening. The object of the society is to refresh the memory of Highlanders in Gaelic songs and stories, and to discuss Highland matters in general, including the land question. The society will continue to meet at the same place every Saturday night until further notice, and all Highlanders and friends will be welcome.

CRYSTAL FOUNTAIN LODGE, No. 389, A.F. & A.M.—Meets at North Augusta, Ont., on Wednesday, on or before full moon. The officers are: Bro. A. A. Chapman, W.M.; W. Bro. W. H. Waddell, M.D., P.M.; Bro. S. J. Whaley, S.W.; Bro. G. W. Chapman, J.W.; Bro. W. H. Waddell, chaplain; Bro. T. N. Connor, treasurer; Bro. Joseph Forrest, secretary; Bro. R. J. Kelly, organist; Bro. Christy Reid, S.D.; Bro. James Hillis, J.D.; Bro. W. W. Bobier, I.G.; Bro. J. B. Howe, steward; Bro. John H. McCully, steward; Bro. Samuel Botham, tyler.

AT THE CHURCH OF THE GESU.—The feast of the Holy Name of Jesus was celebrated yesterday by special musical services at the Church of the Gesu, Bleury street. Mass was sung by Rev. F. Melancon, S.J., after the Gospel. Rev. F. Couture, Dominican, preached on the feast of the day. The choir, under the direction of Rev. F. Garceau, S.J., rendered Pauconnier's Mass of the Assumption, specially prepared for the Christmas services.

BLACK AND RICH

Is the Way Postum Coffee Should Be.

A liquid food that will help a person break a bad habit is worth knowing of. The president of one of the State associations of the W. C. T. U., who naturally does not want her name given, writes as follows: "Whenever I was obliged to go without coffee for breakfast a dull, distracting headache would come on before noon. I discovered that, in reality, the nerves were crying out for their accustomed stimulant.

"At evening dinner I had been taught by experience that I must refrain from coffee or pass a sleepless night. In the summer of 1900, while visiting a physician and his wife I was served with a most excellent coffee at their dainty and elegant table, and, upon enquiry, discovered that this charming beverage was Postum Food Coffee; and that the family had been greatly benefited by leaving off coffee and using Postum.

"I was so in love with it, and so pleased with the glimpse of freedom from my one bondage of habit and so thoroughly convinced that I ought to break with my captor, that upon my return home I at once began the use of Postum Food Coffee, and have continued it ever since, now more than a year.

"I don't know what sick headache is now, and my nerves are steady, and I sleep sound generally eight hours regularly. I used to become bilious frequently, and required physic; now seldom ever have that experience.

"I have learned that long boiling is absolutely essential to furnish good Postum. That makes is clear, black and rich as any Mocha and Java blend. Please withhold my name, but you may use the letter for the good it may do." 16 1

Colds

You first take cold, then you cough. Then you have a doctor. He says it's bronchitis, and he orders Ayer's Cherry Pectoral. It is his favorite prescription for colds and coughs. If he knows of anything better, tell him to give it to you.

"I had a very severe cough for many weeks. Nothing relieved me until I tried Ayer's Cherry Pectoral. This rapidly and entirely cured me."

Mrs. Barry, who received in a gown of white mousselin de soie, trimmed with black chiffon and jet sequins, was assisted in receiving by Miss Loughran, who wore pale blue brocade trimmed with Renaissance lace and sable. The decorations in the drawing room were of pink roses and American Beauties. In the tea room the same flowers were used, a big bowl of roses occupying the centre of the table, surrounded by a wreath of roses and maiden-hair fern. Pink and red rose shades screened the lights from the candelabra. Mrs. Mann poured tea, and Miss Mount poured cofee, assisted by the Misses Brice and Miss Mann. An orchestra was stationed in the hall and furnished some enjoyable music during the afternoon. Among those present were Mr. and Mrs. E. Amos, Mr. Ansell; Mr. and Mrs. H. Archambault, Miss Archambault, Mr. and Mrs. de Boucherville, Mr. and Mrs. Brice, Mr. and Mrs. F. Hart, Lieut.-Col. and Mrs. Hughes, Mrs. Henser, Dr. and Mrs. Girdwood, the Misses Girdwood, Hon. General Debility

Day in and out there is that feeling of weakness that makes a burden of itself.

Food does not strengthen.

Sleep does not refresh.

It is hard to do, hard to bear, what should be easy,—vitality is on the ebb, and the whole system suffers.

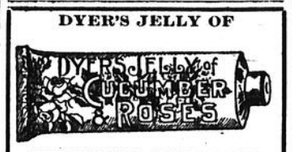

For this condition take

Hood's Sarsaparilla

It vitalizes the blood, gives vigor and tone to all the organs and functions, and is positively unequalled for all run-down or debilitated conditions.

HOOD'S PILLS cure constipation. 25 cents.

A Canadian Admiral.

Halifax papers say that Sir Frederick Bedford will have completed three years on the North American station in May, and Vice-Admiral A. L. Douglas, who succeeded Admiral Bedford in the Admiralty as second sea lord, will succeed him on this station. The new commander's flagship will be the big battleship Centurion, and she will probably arrive early in the summer.

Vice-Admiral A. L. Douglas is a son of the late Dr. George M. Douglas, a well known physician of Quebec city, who was for many years superintendent of the Grosse Isle quarantine establishment.

British Columbia Town Quarantined.

VANCOUVER, January 20. — Owing to the prevalence of smallpox in Fernie, the whole town has been quarantined, and all citizens are being vaccinated.

WHAT SHALL WE EAT?

A comparison of the prices of the various articles of diet in common use upon Canadian tables adduces the interesting, if somewhat melancholy information, that, almost without exception, the things we eat are costing more than for many years past.

The following table gives the prices of over 50 articles in January, 1902, 1901 and 1900.

The prices are wholesale and have been obtained from dealers and from back numbers of the Star. They cover meat, fish, poultry, flour, feed, grain, fruit, vegetables, canned goods and dairy products. Meat and poultry is without exception, higher than the two previous years; one or two lines of fish are about the same price; the others being dearer. Flour and hay, though much dearer than two years ago, are about the same as last year, while bran and shorts, oatmeal, oats, wheat and peas are very much dearer. All kinds of fruit, save California prunes and Almeria grapes, are dearer, the latter being about the same as last year and cheaper than in 1900. Molasses is cheaper and corn syrup dearer. Canned goods are steady, but potatoes are twice as dear as a year ago, while turnips are only about a third as much.

Dairy products form the most noticeable exceptions to the rule, butter and cheese being both cheaper, although feed is higher and production lighter. As one of the results of dear feed eggs are 50 per cent. higher.

Sugar, tea and milk are not mentioned in the list as their retail price changes very little from year to year. Sugar, however, in a wholesale way, was never so cheap before, while milk is costing more than usual to produce.

Those who feel themselves recompensed for heavy disbursements by the thought that their money remains within national boundaries, will be glad to learn that nearly all the goods showing the advances are the products of Canadian farms. It is to be hoped that a fair share of the increased price reached the pockets of the farmer.
