Postal History Made in Ormstown the Past Week

First Meeting of District Post Office Employees Ever Held in Canada

The first meting of its kind ever to be held in Canada took place on Oct. 31st in the Ormstown Post Office for the English speaking Postal Employees of the District of Chateauguay-Huntingdon. The meeting was attended by Postmasters, Post mistresses and assistants as well as Rural Mail Carriers from Athelstan, Aubrey, Franklin Centre, Glenelm, Howick, Huntingdon, Riverfield and Valleyfield.

Mr. J. Ross Bryson, Postmaster of Ormstown welcomed the guests and the three speakers of the evening, then called on Mr. J. Rosseau of Valleyfield to introduce the first speaker, Mr. Camille Charboneau of the Postal Training Staff. Mr. Charboneau gave a very interesting and informative address on postal administration. Having been in postal service for 25 years, he knew his subject thoroughly and very ably and wittily answered the questions asked.

The meeting was then given over to Mr. J. Rosseau, the postal supervisor for this district. He used as his theme "You and Your Job" and very ably explained the Department of Postal Service from the duties of the Postmaster General down to the humble wicket clerk. Questions were asked and ably answered by both speakers then a recess was called to give the company an opportunity to get acquainted.

Following the recess, Mr. James O'Hare, Postmaster of Huntingdon, addressed the Rural Mail Couriers on their duties and responsibilities. Mr. O'Hare dealt with his subject well as he himself was a Rural Courier for many years.

After a discussion period the meeting was brought to a close. The Ormstown Office staff served refreshments to the visitors.

Mr. Rousseau Jr., of Valleyfield thanked the Postmaster and his assistants on behalf of the visitors and Mr. Rousseau Sr., also added his thanks in his own inimitable manner.

The employees present hope to see another such meeting in the near future as it is the aim of the Post Office Department to have these meetings twice yearly at the various Post Offices.

Cooking School at Parish Hall Complete Success

Held Under Auspices of Marchand Freres — Many Prizes Awarded

Marchand Frères sponsored a Cooking School which was held in St. Joseph's Parish Hall, Huntingdon, on Thursday evening, October 30th. Miss Gisele Fortier, Dietitian for Moffat Ltd., assisted by Miss Bertha Heikkinen, Home Economics Instructor, Huntigdon High School, conducted the school.

A large number of ladies and some men attended the school, all of whom were most interested in the instructions. Most of the explanations were given in English but occasionally Miss Fortier would explain in French. Mr. Marchand, in a short address, told the gathering that there would probably be another Cooking School held in the spring. One each for the English and French speaking people.

The first thing made was a Miracle Chocolate Cake, followed by an upside down apricot dessert, a fish salad, a crown roast, consisting of wieners and vegetables, a complete meal, consisting of steak, potatoes, carrots and squash, a pumpkin pie, and muffins.

The drawing for an electric iron was won by Mrs. Jules Caza, a toaster by Mrs. Euclide Laberge, and an electric tea kettle given to Mrs. John Cunningham. The desserts and other things that were made were raffled off along with two boxes of groceries.

Mr. Guy Marchand; a Representative for Moffat and Mr. Fredette addressed the audience briefly.

Hallowe'en Comparatively Quiet This Year

Hallowe'en in the Town of Huntingdon was comparatively quiet compared to other years. Fifteen young boys were taken into custody by officials for practising various pranks. Their parents were notified and they were called for.

However, in the country, the atmosphere was not so peaceful. In Athelstan, a white horse, taken from the near-by farm of Mr. J. Lacey, was painted with red and green stripes, resembling a Zebra and then turned into a garden. A truck owned by Mr. Edmour Galipeau, who lives near Athelstan, was put in the river. Two trees, of a group lining the entrance to Mr. Howard Rick's farm, Elgin, were reported to have been cut down and a sign at the gate also destroyed.

The small pranks played by children on Hallowe'en night are not damaging to property and are therefore tolerated. However, when the grown ups of the district turn into hoodlums and destroy property which, like the trees, will take years to replace, it is time something is done.

It has been reported to The Gleaner that the Provincial Police are investigating these matters and that those responsible will probably be punished.

Two Cars, 1865 Cartons American Cigarettes Seized

Several seizures of cigarettes have been made in the Huntingdon district during the past week as the R.C.M.P. have been making their patrols. Reports reaching the Gleaner give Gerard Arsenault of Montreal as having tried to smuggle through 1,010 cartons of American cigarettes on October 25th in a Dodge '47. The car and the cigarettes were seized and the culprit appeared before Magistrate Fortin at Valleyfield, on Tuesday of this week and was fined $200. and costs.

Cyrille Chabot, of Montreal, was caught on Tuesday trying to smuggle 855 cartons of American cigarettes and the cigarettes and his Mercury Coupe were seized. He will appear at Valleyfield court today to answer to the charge.

Discover First Practical Way Prevent Paralysis From Polio

CLEVELAND, (AP) — The first practical way to prevent paralysis, from polio was disclosed the past week.

A magical material from human blood, gamma globulin, gives protection.

The scientific proof came from tests on 55,000 U.S. children this Summer and last. There are drawbacks to this preventive. It's not a vaccine. It protects about five weeks, maybe more. By no means it is the vital or best answer to halt polio.

But it could be a fireman to stop localized polio epidemics, saving many children, even adults, from paralysis.

This great stride was announced by Dr. William Hammon of the University of Pittsburgh to the American Public Health Association.

The shots gave significant protection against all three types of polio virus that can cause human paralysis, Dr. Hammon said.

Carries Antibodies

Gamma globulin is a protein in the blood that carries antibodies against diseases. If polio virus invades the body, antibodies are created to fight it. Most of us have had mild polio we never even knew about, and the GG in our blood contains antibodies against one or more of the three types of polio virus.

GG from human blood was given to half of the 55,000 children. The other half got harmless, useless shots of gelatin which looked exactly like the straw-colored GG liquid.

Ninety of the 54,772 children later developed paralytic polio.

Of them, 64 were those who had received the useless gelatin.

Twenty-six had the GG shots, a really significant difference. It means that GG kept some youngsters from getting polio.

Some of the 26—maybe even all—may have had polio virus already invading their bodies before the GG could go to work. They might have escaped paralysis if they had received GG earlier.

Swallow Polio Virus

Apparently, humans swallow polio virus. Within about a week, it goes from the intestines to the bloodstream, staying there four or five days before it starts invading nerves to cause paralysis.

In monkeys, GG given early enough hits and neutralizes the virus while it is still in the blood, before there are any signs of sickness. Results announced show that the same protection can occur in humans. GG cannot do any good if it is given too late—after or about the time the virus starts attacking nerves.

The 90 paralytic polio cases means children who showed some signs of paralysis, at any time. Some recovered completely.

The GG shots had some sparing effect even among youngsters who did get paralysis. Within 30 days, half of the GG children had recovered completely. In the same period, none of those getting gelatin had recovered completely.

Ormstown Lad Wins W.I. Bursary at Macdonald

Mr. Ralph R. Craig, Ormstown, Que., is the winner of the Quebec Women's Institutes bursary in the Diploma Course in Agriculture at Macdonald College.

This is given annually and is awarded to a farmer's son from this province, who obtains highest standing in the first year of that course, and is intending to return to his father's farm upon the completion of his studies, or to operate one of his own. As a further stipulation he must enroll in the second year of this course.

In the ten years since this bursary was established there has always been a student that could qualify in this practical two-year course, designed especially for the young man on the farm.

Mrs. Philps was asked to represent the club at the meeting of the Ladies' Curling Association.

A Rummage Sale has been planned for Nov. 8th. The meeting was also informed that the opening date of the curling season would be Nov. 15th.

On behalf of the Ladies Curling Club, Mrs. Martin presented Mrs. Rivett with a gift of silver, as a token of appreciation for her valuable services to dramatics.

The ladies voted the sum of $500. to the Treasurer of the Men's Curling Club.

Hopes are high for the 1952-53 season and new members will be most welcome.

Boy 16 Dies Result Shot Gun Wound

Dr. E. Brosseau, St. Stanislas, Que., was called to the scene of a shooting accident near St. Barbe, shortly after noon, Sunday. Two 16 year old boys, Yves Falardeau, son of Lucien Falardeau, Longueuil, Que., and Jean Rousseau, a friend of Falardeau's, were duck hunting on Lake St. Francis, about ¼ mile from St. Barbe. Falardeau reached for his gun which was lying in the bottom of the boat and while lifting it, the gun went off, shooting the boy in the chest. Dr. Brosseau pronounced the boy dead on his arrival and Dr. Geo. Lefebvre, Coroner, Huntingdon, was called to the scene of the accident, when an inquest was held. A verdict of accidental death was returned. The body was removed to Valleyfield and from there to Longueuil for burial. Prov. Det. Arthur Crevier, investigated the accident.

BEAVERS ACTIVE

ROCKY MOUNTAIN HOUSE, Alta., (CP) — Beavers and wolves are numerous in this district this year, and residents are clamoring for freer beaver trapping. The beavers have been flooding roads and fields, while a timber wolf attacked a calf only 30 feet from the door of Mrs. H. G. Ruthyen's home.

Friday and Saturdays Nights To Be Shopping Nights of The Future in Huntingdon

Change Likely to Go Into Effect From January 1st, 1953

Huntingdon Town Council met on Monday evening with all members present except Alderman Saumier. The minutes of previous meetings were read and a number of accounts were passed for payment.

A petition was presented to the council signed by owners of 30 business places in town, asking for a change in the open nights. The change was for stores to be closed on Monday, Tuesday, Wednesday and Thursday nights and to remain open until 10 p.m. on Fridays and Saturdays. Four of the names were removed from the list as not qualifying and this left 26 qualified petitioners. Four other owners had not signed the petition, thus leaving only eight that either were opposed or were not qualified. The clear majority was thus regarded as 26. It was further requested on the petition that the stores be allowed to remain open for 6 full days until 10 p.m. prior to Christmas.

Alderman Foisy gace notice of motion that he would bring in a bylaw at the next regular meeting or a special meeting, to cover the request of the petitioners. It is expected that the new store hours will go into effect as from January 1st, 1953.

Alderman Foisy gave notice of of motion that he would bring in an amendment to amend the bylaw re. the hours for pedlars to operate. In this instance foodstuffs would be exempt.

A petition was handed to the council from the residents of Garden City, which part has recently been annexted to the Town of Huntingdon. The petition was in regard to the tax rate for the preset year of 1952. Whereas the Town had asked for the full rate 17 mills for the valuation for the full year, the petitioners agreed to pay 9 mills from the first of the year up until the time of annexation and 17 mills for the time from annexation to the end of the year. After some discussion the council agreed that the rate would be as asked by the petitioners for the year 1952 only.

Mrs. Girard complained to the council that Chief L'Heureux had called on her and stopped her from building a shed onto her present premises. The Chief explained that he had been instructtd by the Building Committee to have the building stopped as Mrs. Girard was intending to keep a horse in one shed and wood in another and these were quite close to the house. Mrs. Girard agreed to build the shed for the horse at least twenty feet away from the house and said positively that no one would live in it. On these conditions the council agreed to tolerate the building and that if it proved to be a nuisance, or anyone was found to be living in it, it would have to be removed immediately. The house is situated on Girard Lane.

Mr. Jack Forget complained of water draining onto his land and remaining there, on account of a ditch being filled. The council agreed to check into the matter to see what can be done.

Mr. Rene Rousselle offered a proposition to the council which was to renew his previous arrangement to service the hydrants in town and including Garden City. The proposition was that he would undertake to look after all the hydrants and repairs, excluding supplying of parts, and also service the fire equipment and teach the firemen to handle the pumps, but to be paid for fire drills, for a sum of $600 for the year. Or not to be paid for fire drills in which case the fee would be $650.

After some discussion on the cost of the fire dept. and attempts to curtail the expense as much as possible, the council agreed to make an offer of $600 to include everything.

The Mayor said he wished there was some way of preventing the fire equipment going out on small fires for which the large equipment was not needed. He stated that it cost the town about 60 or 70 dollars every time this equipment was called out. He felt it was up to the public to use discretion when putting in calls for fires. Chief L'Heureux explained that it was dangerous to go to any fire without the full equipment for no one knew just what might develop. It would be serious if the firemen arrived at a fire without the equipment necessary to combat it for there would be a loss of time in going back to get what was required. The Mayor said he still felt the people could be educated to use judgment and thus save the Town money on these small fires.

Two building permits were asked for and granted. One from Rosie Barr for a shed at her property on X Street and the other for an addition to the Huntingdon County Hospital.

Mr. L. Fredette appeared on behalf of Marchand Freres requesting that the town allow him a parking space for his trucks to load and unload. He also asked why the increase in the Business Tax to almost double. In the first request, the council did not feel they could do anything under the present traffic conditions and further it would be setting a precedent. In the second request it was explained that the tax had been increased this year and as the firm was considered to have its headquarters in Valleyfield, it was further assessed as a non-resident.

A complaint re. barking dogs in the backtown area was referred to Chief L'Heureux to take action.

Milk reports were read as follows: Sept. 15th samples — Salaberry Dairy 78,000cc; Elmhurst 64,000cc; Belle Vallee 100,000cc. October 14 samples — Salaberry Dairy 62,000cc; Belle Vallee 60,000cc; Elmhurst 54,000cc; Monique 11,000cc; Goodfellow 580,000cc and Pringle Bros. 1,000,000cc.

A letter was read from the Social Officers of the Huntingdon Volunteer Fire Brigade asking the council to supply the firemen with an extra tank of oxygen for the resuscitator, a subscription to a number of books on fire fighting and badges for the firemen. The council decided to grant the request and awaited more information on the oxygen tank.

Work is to be started on the sewer on Lorne Avenue in about a week. It will be commenced at the river.

The Junior Chamber of Commerce is considering sponsoring a Christmas Home Decorating Contest and asked the council for financial assistance in this project. It was decided to give a grant of $25.

A complaint was read from Mrs. D. Leahy to the effect she had suffered a fall on the sidewalk on Chateauguay Street and sustained some injuries. The matter will be referred to the insurance company.

LeMay's Own Story Scheduled For Publication in December

Georges LeMay's first-hand account of the disappearance of his wife last January in the Florida Keys will be published in Montreal in early December under the English title "I Am Guilty," a spokesman told The Gazette on Tuesday.

The spokesman, Newspaperman Andre Lacompte, said the book will be published both in its original French and in English. The French title is "Je Suis Coupable," Lecompte said.

The book, which Lecompte helped LeMay write, will be published by LeMay for general sale. Its price is not set.

Manwhile, Lecompte said LeMay is still hopeful he will be able to make some definite announcement of his wife Huguette's whereabouts in a few days.

The 22-year-old beauty contest finalist disappeared Jan. 5 when returning to their car from a pier where her husband was fishing. They were holidaying in Florida on a "second honeymoon." They were married less than a year earlier.

A three-week search by Florida police and family and friends failed to find her despite rewards offered. A grand jury inquiring into the disappearance reported it believed she was dead.

Mrs. LeMay's family said recently they no longer believer she is alive.

This week, however, Lemay said he has proof she is alive, that he knows where she is and that he plans to divorce her in January.

LeMay, who declined an invitation to appear before the grand jury, also said he will return to Key West as soon as Deputy Sheriff J. O. Barker there, who is to retire soon, is out of office.—The Gazette, Montreal.

New Substation For Valleyfield

A new substation on the Bellerive side of Valleyfield will be built soon, at a cost of $76,000, to serve C. & D. distribution circuits with a peak load capacity of about 10,000 horsepower.

The station is to have three 2,500 kva. transformers and switching gear. It was made necessary by the increasing power demand in the Valleyfield area. — S.W. & P. Bulletin.

Eisenhower Elected President

There has been tense interest in the elections in the United States during the past several months not only in this country, but throughout the world. It is felt that the outcome of these elections will be felt all over the world. On Tuesday, the people of the United States went to the polls and the result is they have elected Gen. Dwight D. Eisenhower as the President of that country.

An account of the results say it was a landslide for Eisenhower. As the results kept coming in it was evident that Eisenhower would be elected quite early in the evening and when he spoke on one occasion during the evening, he was roundly cheered by the crowds. So it looks as if it is "Ike For President."

Jaycees Hold Regional Meeting at Beauharnois

By Don Hutton

About 40 members of the Junior Chambers of Commerce in the Chateauguay Region gathered at the Beauharnois City Hall on the evening of October 28th for their regional meeting.

Representatives from the Jaycee organizations in Valleyfield, Beauharnois, Laprairie, Napierville and Huntingdon were on hand. Those from Huntingdon included Charles Audet, President of the local group; Steve Blondin, Regional Secretary; George Renaud, Lionel Fredette and Marcel Benoit.

During the business half of the meeting, plans were discussed for the Industrial Visit to the General Motors Plant at Oshawa. Any Jaycee wishing to make this interesting trip is advised to contact either the president or secretary. The date has not been definitely decided upon, but the cost of this tour, leaving Windsor Station, will be only $20.00 including room.

Two Huntingdon members, Messrs. Steve Blondin and Rosario Taillefer have been chosen to visit their Ontario Jaycee brothers on November 7, 8 and 9. Toronto, Hamilton, Port Credit, Oakville and Niagara Falls fill be among the points visited. Next year the Province of Quebec Jaycees will play host to a visiting Ontario delegation.

At the conclusion of the business meeting, excellent refreshments were served to complete the evening.

The Huntingdon Jaycee Entertainment Committee is busy planning for their annual "Opening Party". The date and locale of this popular mixed party will soon be announced.

Watchman at Garage Held At Gunpoint By Thieves

Cash Register Broken Open — $260 Stolen From Valleyfield Garage

Thieves broke into the Billette Garage at Valleyfield in the early hours of Monday morning and held up the watchman at gunpoint, while they broke open the cash register.

Mr. Simeon Martin was on duty as watchman at the garage when, the men wearing masks, held him covered with a gun. Using tools secured from the garage they proceeded to break open the cash register and took $60. in cash from it. Turning to the watchman they made him hand over a further $200. of the firm's money which was in his charge.

As soon as he was able, Martin gave the alarm and the Valleyfield police were notified at about 3.50 a.m. Mr. Medard Billette, the owner was notified and he in turn contacted Det. Rheault of the Provincial Police, who in turn notified the police at Montreal. In a very short time officers arrived from Montreal and took finger prints and conducted other investigation.

Martin was taken to Montreal and detained there while police questioned him further about the robbery.

Government Preparing Law on Driving Tests

QUEBEC -(CP)- Better read this, Quebec car drivers, this one is for you!

The Quebec Government is preparing a law which will make it compulsory for you eventually to undergo a "psycho-physical test" before you get your driving permit.

This measure is the Government's answer to a steadily mounting accident rate in this province where accident insurance is the highest in Canada.

What is this test? What do you have to do and say? Will it mean possible cancellation of your permit?

Under a temporary set-up, this is how it goes.

A technician takes you into a test room equipped with seven mechanical devices and a soundproof chamber. He tells you not to feel intimidated and not to feel the Government wants to cancel your permit or prevent you from driving.

All the Government wants to do, he says, is help you find out what are your driving handicaps, your limitations and to show you a few things about driving which you may not know.

Your first hurdle is the eye test. This is the old fashioned test. You sit down and read off letter charts.

You move on to a machine designed to test your ability to judge distances. It works this way: three plastic autos are placed side by side on an imaginary highway. The middle car is fixed.

The technician moves the autos to the left and right of the middle car and your job is to put them back side by side. To do this you look through a viewer, which makes the autos appear hundreds of feet away, and you move the autos by turning knobs.

It's probably the toughest test of all and is designed chiefly to impress the applicant with the fact that judging distances is difficult unless eyes are perfect.

Next test checks your reflexes to situations requiring prompt action.

How far can you see at night when auto lights are glaring at you? How far can you see on a dark country road? A mechanical device checks this.

Another machine tests the angle of your vision. Some persons cannot see an object coming at them from right or left.

Your hearing ability is checked in a sound-proof room. Tones of varying volume and pitch are relayed to you through headphones and you indicate by pressing a button when you hear them.

The "steadiness" test consists of slowly bringing down a metal rod in the middle of a narrow slit in a metal plate, without touching either side of the split.

Your last test is taking a bureau inspector for a drive.

Results of these tests, plus your answers to a long questionnaire, will give you, and the license bureau, a good idea of how fit you are to drive, physically and psychologically.

The Government has not yet framed its final draft of the law and some of the tests described above may not be applied generally.

Government spokesmen said the new law will get this test program underway and at first it will be limited to the larger centres and to certain categories of applicants.

However, eventually, the tests will be applied throughout the province to all applicants.

Freight Rates Increase Refusal Welcome Decision

"The refusal of the Board of Transport Commissioners to grant the railway companies an increase in freight rates at this time, will be a welcome decision not only to Canadian farmers, but to the consuming public in general," stated H. H. Hannam, president of the Canadian Federation of Agriculture.

"The decision in effect was a rebuke to the railway companies for coming to the Board in the same year for an increase in rates, a year in which, the Board pointedly remarked in its judgment, railway business and earnings had been the best in recent years," said Mr. Hannam.

"In effect, in its judgment, the Board accepted in substance, the main points submitted to them by the Federation of Agriculture and the Western and Maritime provinces. The Federation was the only organization in Canada to appear at the hearing in Ottawa with a written brief. The Federation brief, read before the hearing by its economist, Dr. Hope, emphasized that the Board's grant of an increase in January last was not given to guarantee any set amount of surplus, as the Canadian Pacific Railway claimed. It also emphasized the point that the railways during 1952, had had one of the best years in recent times, and that a substantial surplus over requirements had been earned. All these points were also emphasized in the Board's final decision rejecting the claim for increases."

C.N.R. Train Hits Truck

Driver Severely Burned

A truck driver, Mr. Claude Felx, of St. Clet, was rescued from probable death on Thursday, Oct. 30, by Mr. Colin Brazeau, 22, of the 9th concession of Lancaser, Dalhousie.

The accident took place when Mr. Felx was driving a truck loaded with stone and failed to stop at the public N.Y.C. crossing near Valleyfield. The New York Central train from Huntingdon to Montreal collided with the truck, owned by Mr. Reme Gauthier of St. Clet and threw it into a deep ditch at approximately 10.05 a.m.

A stone from the truck struck the engineer and he remained in an unconscious condition for a short while.

Mr. Brazeau was following the truck at the time of the accident and seeing that the vehicle had started to burn with its unconscious driver, wasted no time in pulling Felx out of the wreckage and beating out the flames on the unconscious man. Brazeau took the driver to a Valleyfield Hospital where he was treated by Dr. Paul Emile Lariviere for severe burns.

On the return trip from Toronto, tickets will be accepted up to midnight on Sunday, November 23.

FIFTIETH ANNIVERSARY

Ottawa Winter Fair celebrated its fiftieth anniversary during the past week. It was held in the coliseum of Lansdowns Park or Exhibition Grounds, Ottawa, Ont.

Linked with that Fair were three cattle breed Championship Shows—the Championship Show of that group of Ayrshire Clubs which are located east of Belleville, Ont., a similar show of a similar group of Holstein Clubs. In the case of the Jerseys, it was the "Parish" or Championship Show of the Eastern Ontario Jersey Club or Association. And from such reports as have been made available to us the combined dairy cattle shows worthily signalized the Golden Annversary of that great Eastern Ontario Winter Fair.

THE JUDGES

As befits such shows, the judges of the three breeds, this writing is concerned with were worthy exponents of their own chosen breeds. Coincidentally, the judges of the Jersey and Holstein shows, respectively, are brothers, sons of the late James (Jamie) Innes of Woodstock, Ont.

George H., the oldest of the two brothers, and well-known in this district as a judge of Jerseys at Ormstown Exhibition, judged the Jerseys. Incidentally, he is a past president of the Canadian Jersey Cattle Club and has an outstanding herd of Jerseys at Woodstock. The other Innes brother, E. A. (Sandy) Innes has an outstanding herd of Holsteins, in which breed the father, Jamie Innes, made quite a reputation, together with his son Durno, a former president of the Holstein-Friesian Association.

THE AYRSHIRE JUDGE

The Ayrshire Judge was Russel Logan of Sunny Side Farm, Howick, Que., and when he was carrying out his "Chore" he doubtless had nostalgic memories of by-gone Ottawa Winter Fairs and Ottawa (Central Canada) Exhibitions when he assisted his father the late John ("Jack") Logan at these events. In these days the cattle barns were located alongside the Rideau Canal—that part now being part of Ottawa's Driveway System. The present Coliseum, now one of the most modern of its kind, was then known as Howick Hall, with the ring or arena in the centre and with the horse stalls around same, the seats of the spectators being located above the horse stalls. There is quite a story connected with Howick Hall which we may be privileged to refer to in a later issue.

THE AYRSHIRES

However, returning to the 1952 or Golden Anniversary event. The Ayrshires and Jerseys were judged on the same day. In the Ayrshire section Russel Logan had to place the 160 Ayrshires which had previously won first and second prizes, and championships at the Vankleek Hill, Glengarry, Stormont, Dundas-Grenville, Leeds-Lanark, and Ottawa Valley Ayrshire Red and White Shows. In the latter instance breeders from the Aylmer district of Quebec who are members of the Ottawa Valley Club are permitted to show at this otherwise "All Eastern Ontario" show. In that respect Ottawa Farm Journal quoted Mr. Logan as saying: "The finest yet held in Eastern Ontario, not only in numbers, but also in quality".

AYRSHIRE CHAMPIONS

The first prize aged bull, senior and grand champion male in the Ayrshire section was Auchenbrain Battle Flame (Imp.) for Miss Ellen Bompas, Bells Corners, Ont. Glengarry Ross was second prize aged bull, reserve senior and reserve grand champion male for Sorely Bros., Ottawa.

The first prize 3 to 4 year old in milk, senior and grand champion female was Glencorner Princess for W. J. McIlwain, Vankleek Hill. The reserve senior and reserve grand champion female, as also the first prize cow, 4 years and over, dry, was Sunnymead Lucky Dolly 3rd, for James Cotton & Sons, Navan.

A combined exhibit from Glengarry won first in the County or Club herd competition.

THE JERSEY SHOW

Says: The Ottawa Farm Journal: "Large classes of consistently good cattle in the Eastern Ontario Jersey Championship show forced Judge George H. Innes to make one close decision after another . . . Breeders and ringside onlookers were particularly pleased that the judge gave them his reasons for placing each class as he did."

Avondale Royal Basileus won first in the 2 year old bull class, the senior and grand male championships for Avondale Farms, Brockville. The reserve grand male champion was Avondale Standard Best, which also won first in the senior bull calf class and the junior male championship for N. D. Clark.

Avondale Farms also won the senior and grand female championships on their Avondale T. Bas Delphine, first in the 3 year old dry class.

The Frontenac exhibit won first in the 'County or Club' herd competition.

THE HOLSTEIN SHOW

With 74 exhibitors showing 290 animals, the Holsteins outstepped the other breeds by a very considerable margin. In fact that breed's show is believed to constitute the largest exhibit of any breed ever shown in Eastern Ontario.

Sun Dream R.A. Alert headed the 3 year old bull class and also won the senior and grand male championships for Stackhouse & Minion. Maplewanna Pabst Righton, first in the class for bulls 4 years or over, was reserve senior champion for W. J. and A. Fawcett, Winchester. However, the reserve grand ribbon went to Strathaven Eminent, first senior yearling and junior champion male for James R. Henderson, Portsmouth, Ont.

THE CRUGGLETON SALE

Last week we made reference in this column to the dispersal sale of the Cruggleton Shorthorn herd of the late A. J. Marshall of Bridgebank, Stranraer, Scotland. A number of the old timers who were interested in Clydesdales, in the bygone spectacular age of that great breed, will probably recall the late Matthew Marshall and his Bridgebank Clydesdale Stud. A stud that was carried on by his son A. J. Marshall until it was dispersed last year. Matthew Marshall was also a considerable Shorthorn breeder in his day but it was really his son and successor Albert J. ("Bertie") Marshall who built-up that herd to its world renowned fame.

WORLD WIDE ATTENTION

Quoting The Scottish Farmer: "The dispersal sale of the females and stock bulls of the Cruggleton herd of Shorthorns attracted world wide attention. The great attendance of home and overseas breeders at the two day sale on October 10 and 11, and the tremendous demand for the animals, were a tribute to a great breeder and to a famous herd.

HIGH LEVELS

"The average of £559. 1s. 4d. for the 240 head sold speaks for itself and indicates the uniformly high level of excellence which was a feature of the Cruggleton herd. No one present at the sale could recall a similar occasion, as far as the Shorthorn breed is concerned, when for such a large number of animals demand and prices were so sustained from beginning to end. A higher average was obtained at the Garbity dispersal sale in 1920, when the figure was £736. 18s. 8d., but on that occasion only 38 head were sold. The Uppermill dispersal in 1904 averaged £156. 5s. 4d. for 113 head, a very high price considering today's money values. At the Kirkton dispersal sale last year 68 head averaged £558. 12s. 7d.

KEEN BIDDING

"During the two days of the sale which was conducted by MacDonald Fraser & Co., Ltd., auctioneers, Perth, there was no let-up in the keenness of the bidding and there was no tailing away in prices even when the older cows began to appear in the ring. The last animal to appear, the 11 year old dark roan, Princess Cambra, accompanied by her heifer calf, was bought at 1,500 guineas for Major H. H. Allen, Baltimore, Maryland, U.S.A.

"On Friday (October 10) the two-year olds, yearling and calf heifers, and eight stock bulls were sold, the 127 head making a total of £70,866. 12s. On Saturday (October 11) 103 cows, some with their calves, passed through the ring, grossing £63,309. 15s. The total for the two days was £134,176. 7s.

OVERSEAS PURCHASES

"During the two days 94 animals were purchased for overseas, Canada taking 22 head for a total of 8,000 guineas; U.S.A., 23 for 23,340 guineas; Australia, 5 for 2,580 guineas; South Africa, 26 for 14,290 guineas; New Zealand, 3 for 790 guineas; Argentine, 1 for 1,200 guineas. Eire, 2 for 445 guineas—a total of £54,867. 18s. (end of quotation).

POUND AND GUINEA

It might be well to explain here that, at the present rate of exchange, the £1 stg (or 20 shillings) is approximately equal to $2.80 (Canadian) also that the guinea £1 or 21 shillings) is approximately equal to $2.94 (Canadian). At the British purebred livestock sales the bids are made on a guinea basis, seldom at less than 5 guinea bids. We are not aware as to whether that procedure is still followed but at one time the extra shilling went to the auctioneer.

Beauharnois

BEAUHARNOIS — Master John Kilgour, a member of the Junior Soccer Team, Bishop's College School, Lennoxville, was in town for the game against Lower Canada Juniors, Saturday morning.

Mr. S. W. Gardiner was a guest of Mr. and Mrs. D. C. Currie during the week-end.

Final notice for Veterans and Legionaires re. the Armistice Day Parade which is to be held on Sunday, November 9th: Assembly will be at the Legion Hall at 2.45 p.m.

TOP PRICED BULL

Again quoting The Scottish Farmer. "On the first day, eleven four-figure prices (1,000 guineas or more) were obtained—four for bulls and seven for heifers. The top price of the day and the sale, was 4,000 guineas (£4.200), paid for Cruggleton Guthrie, a two year old red roan bull He was bought for T. E. Wilson, Edellyn Farms, Wilson, Ill., U.S.A. The second highest price of the sale, 3,600 guineas, was paid for the three year old bull, Cruggleton Bilsland, by F. McGillivray, Pencaitland, Scotland.

"Though it was a bull which made the highest price, heifers met a tremendous demand, and on the first day the figure of 1,800 guineas was paid twice, in both instances, for yearling heifers. (One of the yearling heifers was purchased by A.R. Cross of Alberta, (Canada).

Demand for cows was every bit as keen as that for heifers and eleven four-figure prices, ranging from 1,050 guineas to 2,400 guineas, were paid".

It may also be noted here that the young bulls and bull calves were held over for the annual bull sale at Perth next spring.

Amongst the Canadian purchasers were included Grant Campbell, Moffat, Ont., E. J. Cammaert, F. E. B. Gourlay and A. R. Cross, all of Alberta.

PERTH SALE

Preceding the Cruggleton sale, on the Wednesday of that week Macdonald Fraser & Co., staged their annual draft Shorthorn sale at Perth. At that sale 24 females sold for an average of £122. 18s. 9d. Amongst the purchasers was Dr. M. W. Stapleton, Seaforth, Ont.

On the Thursday of that week there was held a joint sale at Millhills, Crieff, with consignments from the Millhills herd of Duncan E. Stewart; the Creiffvechter herd of W. D. Dron; and the Strathallan herd of Sir James Denby Roberts. The latter being well-known to many Canadians as an ardent Curler. He was a member of the Scottish Team (or Rink) which toured Canada some 2 years ago.

The average of that sale was £157. 2s. 6d. on 64 head.

Amongst the purchasers were included F. E. B. Gourlay and E. J. Cammaert, both of Alberta. Mr. Gourlay paid 2,000 guineas for the March 1951 bull calf, Millhills Jubilee.

Order of the march will be The Beauharnois Band, Legionaires and Veterans, the Ladies' Auxiliary Branch of the Legion, Local Army reserve unit, Scouts and Cubs and local Cadet Band. All Veterans are warmly invited to join the parade from the Legion Hall. Mayor Poupart and members of the Town Council will also attend. The Rev. W. H. Brown, M.A., St. Edward's Presbyterian Church, Rev. H. G. Walsh, Trinity Church, and Father Julien, St. Clement's Church, will officiate at the Ceremony to be held in Sauvé Park. A reception will be held at The Legion Hall after the service.

The final meeting of the National Council of Churches Instructional Meetings was held in St. Edward's Presbyterian Church on Thursday evening. Rev. W. H. Brown congratulated the representatives for their wonderful contribution in this field, and expressed the admiration of many who had attended all four meetings in the district. Also one desire for even greater attendance when this service will again be provided towards fundamental and realistic instruction for Sunday School Teachers and Leaders. Refreshments were served in the Church Hall at the end of the classes.

The Gore

THE GORE — Mr. and Mrs. Ed. Rennie, Willis and Mildred were Saturday evening guests of Mr. and Mrs. Ernest Pringle, it being Miss Beatrice Pringle's 16th birthday.

Mr. and Mrs. Hugh Rennie, Dorothy and Ronald and Mrs. Ed. Rennie, Sr., of Huntingdon, were Sunday guests of Mr. and Mrs. Ed. Rennie.

The St. Paul's Guild held a very successful Hallowe'en Party on Thursday evening, October 30th, at the Herdman Hall. The decorations were carried out in keeping with Hallowe'en. Cards and other games were played. Fortunes were told by a "Gypsy" to the amusement of all. There was a booth with mystery parcels, candy and sale of work. The prize winners for the cards were as follows: Ladies: 1, Miss Isabel Foster; 2, Mrs. David Booth; Low Score, Mrs. David McCartney. Men: 1, Mr. Arthur Herdman; 2, Mr. John Kennedy; Low Score, Mr. David McCartney. Lunch was served. Proceeds amounted to about $58.

Mr. and Mrs. Allan Ritchie were Sunday guests of Mr. and Mrs. Mervyn Graham.

Tatehurst

TATEHURST — Mr. and Mrs. Cecil Donaldson and Dorothy, of Dexter, N.Y., spent the past week with Mr. Walter Beattie and visited other friends.

Mr. G. Preston Hooker Judge at Amherst, N.S.

Mr. Preston Hooker left on Saturday for Amherst, N.S., where he will judge the swine classes at the Amherst Winter Fair.

Mr. and Mrs. Math McKee, Wayne and Margaret of Aubrey, were callers on Sunday at the home of Mr. and Mrs. Alan Hooker.

Several of the young fry were entertained at the home of Mr. and Mrs. Glen Ovans on Friday evening, after their Hallowe'en visits in the district.

Miss Dorothy Hooker, of Montreal, spent the week-end with her parents, Mr. and Mrs. Eddie Hooker.

The Tatehurst Group of the United Church met on Wednesday, Oct. 29th, at the home of Mrs. Ralza English with sixteen ladies present.

The afternoon was spent in quilting and some hand sewing.

Mrs. Allan Cavers had charge of the meeting. She read a very interesting paper on Thanksgiving. Mr. Taylor closed the meeting by prayer. Delicious refreshments were served by the hostess.

Mrs. Geo. C. Elliott kindly offered her home for the Nov. meeting.

OLDEST MASON

SHEET HARBOR, N.S., (CP)—Henry Hall, Sheet Harbor's oldest Mason, celebrated his 94th birthday recently. He regularly attends lodge meetings and church services and drives his car as skilfully as persons many years younger.

Only Chevrolet delivers so much

Saves you money all along the line!

MORE TRUCK FOR YOUR MONEY!

Get the price on the Chevrolet truck that's the right size, type and capacity for your work. You'll find that Chevrolet gives you far more for your money — because it's engineered and built to unsurpassed standards of value.

ROCK BOTTOM OPERATING COSTS!

You can't beat Chevrolet's Valve-in-Head engines for over-all economy. They just keep rolling along. A choice of four time-tested high torque engines to match the load.

LOWER DEPRECIATION!

When the time comes to trade in your Chevrolet truck, here's good news; Year after year, used Chevrolet trucks traditionally bring more money, compared to what they cost, than other makes. That's because of Chevrolet's wide customer acceptance.

ENGINEERED ECONOMY!

Every Chevrolet truck gets the job done fast and sure — providing the widest selection of body styles as well as chassis for special bodies in wheelbases from 110"-212".

CHEVROLET first in demand in value in sales

A GENERAL MOTORS VALUE

Another reason why more people buy

CHEVROLET TRUCKS

than any other make!

When you buy a truck, whatever you're hauling, you buy it for one reason and one only — to make money. And, in the long run the truck that saves you the most is the truck that's going to make the most. And that, without frills or fancy talk, is one of the biggest basic reasons why more people buy and drive Chevrolet trucks than any other make.

Look at it any way you want. You save because Chevrolet's economical, dependable Valve-in-Head engines, famous for power and stamina, keep fuel consumption low. You save because Chevrolet's husky hypoid rear-axles, deep channel-type frames, Flexi-Mounted cabs, Recirculating Ball-Steering and other Advance-Design features keep maintenance costs down. And you keep on saving while you earn because these extra values are built in to stay in, to protect your truck investment.

But seeing is better than saying, so come in and look these versatile, money-making Chevrolet trucks over from top to bottom. Check the comparative values of Chevrolet trucks and prove to yourself that Chevrolet *does* save you money all along the line.

Editorial Notes...

Your Help Is Needed At This Time

THIS is November and to the ex-service-man it strickes a note of remembrance—remembrance of the buddy who fought beside him, the one that was wounded or the one that died. It reminds him of the blood and stench of the battlefield — of Flanders Fields where Poppies grow — of the Crosses row on row marking the resting place of the one who did not return. That blood-red poppy stands for more than just a flower that grew on Flanders Fields, it is an emblem of the suffering and loss sustained in years of battle. They cannot forget — they never forget.

The torch has passed from hand to hand and they are passing it on to you — these veterans who saw the real thing. They are asking you to contribute a little toward helping those who did not fare so well even though they returned. The disabled veterans are the ones who make the Poppy and at this time of year you are asked to buy one or contribute to the Poppy Fund. Letters have already gone out asking for donations, some replies have been received — maybe yours is yet to come — they are hoping you will not let them down. This week and next the Gleaner will publish the names of all those who make a contribution of one dollar or more. If you wish to be included in this list send your contribution at once.

Remember that a service will be held at the Cenotaph in Prince Arthur Square on Sunday, November 9th, and the public is asked to attend. Poppies will be on sale on Saturday, November 8th, all day and they will also be on sale at the lobbies of the theatres — do your part by buying them. All contributions go to the local Poppy Fund Committee for the purpose of helping veterans, and their dependents. Every year there is a call for help from someone in the above classes. Tuesday, November 11th is Remembrance Day — make it a point that your remembrance means more than just remembering.

A New Man For The Legislature

IN the recent Provincial Election, Huntingdon County chose H. A. D. Somerville, Hemmingford to represent the electors of this county in the Provincial Legislature at Quebec. On Wednesday, November 12th, the Provincial Legislature convenes for the first session of the new assembly and Mr. Sommerville will be attending his maiden session.

Anything that is new puts a certain pressure of nervous tension on the one that has to approach it and there is no doubt that Mr. Somerville is going to face a very new experience. The late John G. Rennie was also a new man when he first was elected from this county. He proved himself to be a very capable man and did much for the county and the electors. Mr. Somerville is following in these footsteps and thus has a much harder road to travel than had he just been following a rank and file individual. He has to keep up the good work done before him and he has to learn the ways of the Legislature in addition. It is no easy task that confronts Mr. Somerville. Judging from the way Mr. Somerville has been attending to matters brought to his attention, we feel sure it will not be long before he learns the routine and will be securing those benefits which his county needs. It is through the local representative that the people of the county can be heard. He must be sympathetic to all and try to do his best for all in order to win the respect of the electors. It is not an easy task to deal in public life and to please everybody and the man who tries to do this to the best of his ability is certainly trying to be sincere. We believe Mr. Somerville is sincere and that he will try to do all that lies in his power.

That Discarded Ice Box

THERE was a time when the old fashioned ice box was in common use as a means of storing perishable foods, etc., and probably there are still some of these in use where electric power is not available. But wherever electric power is available, the modern electric refrigerator and deep freezer are replacing the ice box. As there is no resale value for the ice box, it has become a habit to store these old timers in the barn or shed and they are promptly forgotten.

However, these ice boxes can be a danger and especially where young children are concerned. From time to time we read accounts of children playing and choosing the old ice box as a grand place in which to hide. This is where the danger comes in. A child getting inside one of these boxes and closing the door has small chance of getting out unaided. The news items referred to quote many children have died of suffocation through being shut in an ice box for many hours. True, some have recovered if they have been found in time, but they have suffered other effects.

May we suggest that if you have a discarded ice box around your home and your children are ever missing for any length of time, be sure to look at the ice box first. Better still, go right now and chop it up, burn it up, or anything that will get rid of it. It it is not a danger to your children it may be a danger to a neighbour's children or to some children that may visit you at some time. It you must keep it around take off the door, or the latch, or in some way fix it that the door cannot become latched if children attempt to hide in it. It is not likely you will ever use it again for the purpose it was first intended, therefore change it from a danger zone into a safety zone.

Dropping Radio Licenses?

THE announcement last week that the Liberal Party Organization had called for abolition of the yearly radio license fee, was welcomed by many. No doubt the news was put out as a feeler for reactions from the public, especially in view of the impending session of parliament. Possibly if the public reaction favours this move, the license fee will be abolished. However, we must remember that the CBC has to find another source of revenue to replace this large amount that is collected in radio license fees. The CBC is still a government institution and looks to the government for money to cover up its deficits.

We must also remember that we are the taxpayers and when a deficit in any government dept. has to be covered, we are the ones who are called upon to do the covering. An increase in tax here or a new tax there and that is how it works. If the CBC is to be short and amount of the radio license fees, where is it going to gain to make up the loss. It is certainly not a self sustaining body and about the only way it could make the difference would be to charge more for the use of its facilities. That is what occurs in any private business. Or failing that, then the other method is to cut costs.

Unfortunately, radio in this country is not the big business it is in the United States. There no license fee is charged. On the other hand when the CBC was first formed, advertising was not a factor and the fee was to enable this country to have and enjoy radio. It soon became apparent that the amount raised from this source was insufficient to operate such a wide network as must be in this country. Even with advertising revenue the CBC apparently cannot operate without going into the red. It is quite possible therefore, that if the fee is abolished we shall find it raised in some other direction through an increase in tax or a new tax imposed. Perhaps an indirect tax would be more preferable than a direct fee.

Tuesday for the first time, representatives of the Imperial Service visited here to buy horses for South Africa. 115 were brought in from every part of the district withing a radius of 20 miles, and out of these 43 were selected and shipped yesterday morning direct to Halifax. The tests, especially as to soundness of wind, were severe. This district does not go in for light horses, and even those selected were not of a high type. Prices ran from $75 to $110.

May 15

Such was the failure of potatoes last year that the farmer who has not now to buy for seed is an exception. Several carloads have been brought to this station and quickly sold. The price opened at $1.10 per 90 lbs., rose to $1.20, then fell to 90c and is now $1. No like scarcity has been known since 1893.

The day of the schoolmam has been looked for and it has come at last. Districts that offer small salaries are unable to secure teachers. The class of young women from whom teachers come, are finding more profitable employment in other vocations and not enough are qualifying for diplomas to meet the demand. Districts that pay less than $180 for 10 months are finding it difficult in being supplied.

June 5

Stanford Walker of the Magog fish hatchery, paid us a visit last week and let loose between 90 and 100,000 trout fry, of two kinds, Salmon Trout and Atlantic Trout, in the Chateauguay below the forks. A fry of them need hardly be expected at the Jubilee Tea.

Lord Strathcona has sent $100 towards the Acadamy Jubilee Fund, which has now passed the $1200 mark. To pay bursaries of an amount worth competing for, a fund of at least $5000 is needed.

July 17

The new valuation roll shows little change has taken place in Godmanchester during the past three years. The value of property is $924,800, an increase of $10,000. The population is 1,669, a decrease of 10. The village is equally stationary. Its valuation is $393,650 and the population 1,136, an increase of 10.

July 31

A new post-office has been opened in St. Anicet, named O'Neil's Corners with Cornelius O'Hare as postmaster.

Mr. Blackwood in cutting a field adjoining the village, measured a number of stalks of timothy, and found several 6 feet, 1 inch long. This is most exceptional, for nobody ever saw as tall hay as there has been this season.

August 14

The fair dinner has been undertaken by the ladies of St. Andrew's who rented the dining hall for $55.

August 28

At the village council Tuesday evening the only business done was to revise the jurors' lists and levy a rate of cent on the dollar, the same as last year.

September 4

The judges in the competition held by the Agricultural Society of farms and crops have made their report:

William Cameron, Beaverhill farm, Dundee, 1st on farm; timothy 2nd; wheat 1st; barley 1st; oats 1st; Indian corn 1st; ensilage corn 1st; potatoes 1st.

A. Gilmour and sons, Elgin, 2nd on farm.

Weekly Review

Stalin and Caesar Compared

By LEWIS MILLIGAN

I have been re-reading Plutarch's Lives, and the chief thing that impressed me was the constant competition for power between the political and military rulers, and would-be rulers, of ancient Greece and Rome. Those countries seem to have been in a perpetual state of political warfare, and it was by no means cold war of debate, although oratory played a large part in influencing public opinion for or against the contestants. But the decisions were not always left to public opinion at elections. The aspirants for office had a rough way of disposing of an opponent, and they resorted to bribes and other subtle methods for winning over their former enemies.

The outstanding example of political liquidation was, of course, the assassination of Julius Caesar. Brutus and Cassius, who plotted and performed the killing, were political adventurers. By the removal of Caesar they hoped to set up a more democratic form of government of which they would be the heads. But they bungled the business and did not reckon with the popularity of Caesar and with Anthony who roused the populace to frenzy against the murderers. He recruited and led an army that finally scattered the rebel forces and drove Brutus and Cassius to suicide.

It appears there was no real illfeeling on the part of Anthony toward the assassins, at least after they were dead, for Plutarch tells us that "When Anthony found the body of Brutus, he ordered it covered with the richest robe. The ashes of Brutus he sent to his mother Servilia." That was a typical act of a triumphant Roman politician to make friends of his former opponents. Where both contestants survived the battle between their military forces, they sometimes shook hands and agreed to bury the hatchet and share the spoils of power, with the proviso that each would kill off certain members of his party who might prove troublesome under the new regine. Those ancient politicians were ruthlessly astute.

We don't do that sort of thing in these days of democratic government. Our election contests are not fought with swords or bullets, but with verbal artillery and ballots. The party in power may use the smoke-screen to cover up its misdoings, and the opposition may resort to poisonous "gas," while both sides will indulge in open bribery by out-promising each other in measures of social welfare. But this is all part of the political "game," and although it tends to increase the cost of government and most other things, there is no bloodshed and the defeated politicians survive the battle with little or no damage, except, perhaps, to their reputations.

"Every country has its own constitution; ours is absolutism moderated by assassination." That saying was attributed by George Herbert to "an intelligent Russian" a hundred years ago, and the saying proved to be prophetic with the assassination of the last Czar and his entire family. The removal of the Czar may have modified the Russian constitution, but it is still absolutism, and assassination is still the modifier, though it is now used secretly by the government itself under the moderated title of "liquidation," the idea being to nip in the bud any plot to liquidate the Czar's successor who, for extra safety purposes, lives a secluded life within the strong fortress of the Kremlin. If Julius Caesar had been astute enough to have had Brutus and Cassius liquidated he might have died of old age, and thus deprived Shakespeare of material for one of his greatest tragedies, which he lifted from Plutarch. Premier Stalin has probably profited by a close study of the lives and deaths of those ancient absolutists and improved on their preventive methods against assassination. Or he may have been influenced by the grave remark of Tweedledee: "You know, it's one of the most serious things that can possibly happen to one in battle—to get one's head cut off."

Valleyfield

VALLEYFIELD — The executive of the Valleyfield Ladies' Curling Club held their opening Tea and Bride at the Moco Club on Tuesday afternoon, Oct. 28th, with an attendance of around 65. The tea table was most attractive with silver candelabre, silver bowls filled with shaded pink baby 'mums and the two very beautiful silver coffee and tea urns and two large silver trays purchased by the ladies recently and used for the first time. Mrs. C. Gordon MacPherson poured tea and the President, Mrs. James McFarlane poured coffee.

Refreshments were served at the close of the Bridge, after which the President, Mrs. McMcFarlane, made a few remarks to the effect that she hoped the Curling season just beginning would be a most pleasant one. Then she presented the prizes for Bridge—1st, Mrs. Stanley Cooke; 2nd, Mrs. A. Vaudry. Consolation, Mrs. Chris Mayoh.

Mr. Hal Moore is in Toronto for a few days on business.

Under the auspices of the I.O.O.F. the Ormstown Minstrel Show gave a performance in the United Church Hall on Tuesday evening, Oct. 28. There was a very good turn-out and all those who attended reported a very enjoyable evening.

The regular meeting of the Valleyfield Toastmasters' Club was held at the Larocque Hotel on Monday night, Oct. 27th. The out-of-town guests from Montreal were the Area Governor, Mr. Bill Sadler; Area Educational Chairman, Mr. Allan Clark, and the Deputy Governor from the Laurentian Toastmasters' Club, Mr. Jack Henderson. They gave comments on the progress of the Club today and stated that we have a group of promising speakers and they are quite pleased with the way the Club is coming along.

The Valleyfield Ladies' Bowling Club held their closing day on Thursday afternoon, Oct. 16th in the Moco Club. Due to the season being so far advanced they were unable to bowl so played cards instead, followed by afternoon tea.

Mrs. Colquhoun, the president, presented the prizes to the winners of the competition.

The Mrs. W. G. E. Aird trophy for rink games won by Mrs. W. Baldwin, Mrs. W. Hanna, Mrs. A. Nuttall, Mrs. W. Judd.

The doubles competition was won by Mrs. W. Colquhoun and Mrs. J. Atkins. Runners-up, Mrs. A. Ross and Mrs. H. Calvert.

The election of officers for 1953 then took place, the same being re-elected for another season. Mrs. W. Colquhoun, Pres.; Mrs. J. O'Neil, Vice-Pres.; Mrs. J. Dow, Sec'y; Mrs. S. Cooke, Treas.; Match Committee, Mrs. E. Robson; Conveners Social Committee, Mrs. A. Ross and Mrs. E. Arrandale.

Mrs. James S. Roman and small son, Taylor have left for New York where they will spend a few days before leaving Via Air France for Rome. From there they will take a G.O.A.C. plane to Singapore where her husband, Mr. James S. Roman will meet them and then continue on to their home in Sumatra.

The first meeting of the season of the Valleyfield Home and School Association was held on Monday evening, Oct. 26th, in the Gault Institute. More than eighty members and guests were present. The president, Mr. Jack Ward, was in the chair.

The minutes of the last meeting were read, and various reports given. The Badminton Club, sponsored by the Home and School, play two nights a week and Saturday afternoon. The Safety Campaign has been launched, and the "Elmer" flag now flies from the school flag pole.

The most important item of the business session was the discussion of a new project to be undertaken by the Home and School, namely, the formation of a kindergarten. Mrs. Stuart Horton, chairman of a fact-finding commntiee gave a full report. Mrs. J. Schmidt, the prospective directress was introduced. She presented a list of minimum requirements for equipment. Much of this is being donated by members. It was moved, seconded and passed unanimously, that the Valleyfield Home and School, undertake this worthwhile project. A committee to be in charge of this was nominated from the floor. It includes Mrs. Horton, Mrs. H. Dando, Mrs. J. Gaw, Rev. D. Gault and Mr. J. Ferris.

This concluded the business meeting.

Mrs. James Roman, who is home on furlough from Sumatra where her husband is employed by an oil company, entertained the meeting with a talk on Indonesia and its people. She was charmingly costumed in native dress. Her words were illustrated by slides and movies that she and Mr. Roman had taken throughout the Far East. Mrs. Roman's talk was very interesting, indeed, as so few of us have any idea of life in that part of the world.

Ths speaker was introduced by Rev. New, and thanked by Mr. S. Horton.

Refreshments were served in the new gymnasium by the ladies of the Refreshment Committee.

Kilbain

KILBAIN—The tragic death of little Bryan McGinn, 5 year old son of Mr. and Mrs. Charles McGinn, of Ottawa and grandson of Mrs. Sadie Johnson, who is well known in this vicinity came as a sudden shock to the friends and relatives here. The funeral on Saturday was very largely attended. Those from Huntingdon were Mrs. Hector Miner, Mr. Ed. McGinn, Miss Bertha McGinn, Mr. and Mrs. Alcide Leduc and Leo, Mrs. Annie Higgins, Mrs. Lucien Germain, Mr. and Mrs. James Higgins.

The Week At Ottawa...

OTTAWA, (CP) — Liberal party leaders, representing rank-and-file party supporters across the country, held the political stage in Ottawa last week.

The 235-member Advisory Council of the National Liberal Federation—the party's directing body—met for two days, during which it heard a cautious statement by Prime Minister St. Laurent that lower taxes are possible.

Mr. St. Laurent said, however, that he could not honestly hold out "any too easy hopes for any too great reductions" with war in the background.

The week's news from the capital also brought further casualty lists, pointing up the cost of the Canadian 25th Brigade's staunch defence of a strategic Korean hill position, and a hint from Trade Minister Howe that Canada may drop out of the International Wheat Agreement next summer and sell her wheat on the open world market.

The Tax Question

At the Liberal Federation's annual dinner, Mr. St. Laurent added his voice to those of cabinet ministers who for several weeks have been discussing the question of tax cuts.

The Prime Minister reviewed government spending—much of it on defence—and said there was "just no use in pretending we can buy our national security in a bargain basement."

However, if national production kept increasing and government spending was strictly controlled "some relief should be possible."

"But it would not be honest to hold out any too easy hopes for any too great reductions at this time because of the state of the world at large."

The Federation's sessions came up with one surprise—a resolution that ran counter to government policy on private television stations. Members voted for "the development of television in Canada by private enterprise along with the CBC."

Delegates at the closed session said it was adopted over the objections of Revenue Minister McCann, through whom the CBC reports to Parliament. In the debate the minister set out the government's view that no private television licences should be issued until the CBC has set up stations in key points.

Casualties in Korea

The Royal Canadian Regiment's stalwart defence of Little Gibraltar Hill on the Korean front resulted in the Canadian army's heaviest casualty list of the Korean war.

The current lists up to and including last Friday contained 76 casualties from the action at Little Gibraltar, including 18 dead, 35 wounded, 14 missing and nine injured. Of these, 72 were members of the Royal Canadian Regiment, with three from the Princess Patricia's Canadian Light Infantry and one from the Royal 22nd Regiment.

A news dispatch told of one R.C.R. company in which all but a handful escaped being hit. The company weathered a furious artillery barrage and then was swamped by 1,000 storming Chinese but held on until a counter-attack restored the position.

Wheat Outlook

Trade Minister Howe's speech contained a bright outlook for this year's grain production. He forecast that the value of grain crops this year may total more than $1,800,000,000.

He said, however, that problems are developing in the renewal of the four-year International Wheat Agreement which ends July 31 next. Canada would take part in the 44-country negotiations to renew the pact "but we shall not be easily satisfied."

Renewal would be good for Canada and for the world generally, but Canada could get along without the agreement and its renewal "can by no means be taken for granted."

Canada and other exporting nations in the agreement will demand higher prices in negotiations which open in Washington Jan. 12. The present agreement calls for a ceiling of $1.80 in U.S. funds per bushel, basis No. 1 Northern grade, and a floor of $1.30 in the 1951-52 crop year and $1.20 in the 1952-53 crop year.

Seaway Start Soon

Transport Minister Chevrier said that next year may see the start of construction on the giant St. Lawrence seaway-power project.

He made the prediction shortly after the International Joint Commission approved the Canada-United States application for approval of power installations in the river's International Rapids section that will yield 2,200,000 horsepower.

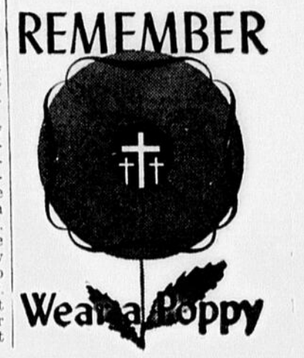
One major obstacle remains—the naming of a United States agency to join with the Ontario Hydro Commission in developing power. Mr. Chevrier said he hopes that problem will be settled in time for a beginning of construction next year.

The minister set the over-all cost of the project at $750,000,000. The hydro project would cost $450,000,000—to be shared by Ontario and the U.S. agency—and the seaway system to open the Great Lakes to deep-sea shipping would cost $300,000,000. The seaway will be built by Canada alone.

Find New Mineral

Huge deposits of kyanite, a highly heat-resistant mineral, have been located in the Mattawa area of Eastern Ontario. One of the uses for this mineral is in the manufacture of exhaust pipes for jet aircraft.

The discovery was made by a young engineer of the federal industrial minerals division, while examining rock samples that were first believed to contain graphite. Canada currently imports kyanite from India and other overseas sources and it is used in various forms including lining for big mill furnaces and in cement to form a heat-resistant lining for various types of pipes.



"A very valuable citizen"

When a bank manager was transferred recently a group of citizens wrote the bank in tribute to his sense of public service:

"During the time he was here, we found him to be a very valuable citizen. He always took a deep interest in our community, so we feel we have lost a valuable asset. However, we feel sure that his replacement will be made with a man of similar calibre."

A bank man, by the very nature of his work, becomes part of the life around him. During his training in various branches, and as he takes on growing responsibilities, he learns more and more about people and how his bank can help them. And he brings to his community his personal readiness to serve in any way he can.

Unsolicited Testimonial for Huntingdon County Hospital

The following has been sent to The Gleaner with a request that it be published. It shows what one person thinks of the service, etc., at the Huntingdon County Hospital.

A Home Away from Home

Mrs. Arthur Gagnon is home again after spending the past 24 days in the Huntingdon County Hospital for treatment. Some people dread going into a hospital, but I will say, "Huntingdon County Hospital is a home away from home." I would like to give special thanks to Dr. Lefebvre and to the Matron, Mrs. Grant. Her smile always seems to do so much good for you. Also the other nurses for their kindness and one and all of the staff. Myself and many others say we are lucky to have such a place near home. It doesn't seem like going into a hospital, it is more like a home away from home.

Mrs. Arthur Gagnon,
Huntingdon

Hits Fire Hydrant

Mr. R. Rabeau, York Street, was driving his car on King Street and turned north on Dalhousie when he hit the fire hydrant at the intersection. He lost control of the car for a time after hitting the hydrant. The hydrant was damaged to the extent that it caused a leakage of the water and it will need some repairs. Damage to the car was about $50. The accident happened at about 5.45 p.m. on Saturday., November 1st.

Activities at St. Joseph's School

Will there be a skating rink at St. Joseph's this year? is the main question of the day. The authorities of the school are doing their best to have one but time only will let us know. Many plans are discussed and studied. Repairs are being done. Mr. Raymond Lecompte, the contractor of our new school had 10 new "binds" made and gave them for the skating rink. Many sincere thanks to him. St. Joseph's invites other persons to make donations to the cause. All help will be appreciated.

Former pupils of St. Joseph's now in boarding schools, made a visit to their former teachers during the autumn holidays. Louis-Philip Lalande and Roger Caza are now at Ottawa University. Yves Beaudin and Gilles Duranceau have been at Valleyfield Seminary for the past two years.

On Tuesday morning, Reverend Father Pigeon came for the reading of October marks. He congratulated those who had good marks and encouraged the others to do better.

Here is the list of the two best pupils in each class:

Ste. Agnes

W.A. Meeting

STE. AGNES—The October meeting of the Zion United Church Women's Association was entertained at the home of Mrs. W. A. McNicol and Mrs. Earl McNicol, with Mrs. W. A. McNicol, Mrs. N. H. McNicol and Mrs. R. G. Steven as joint hostesses. The President, Miss Thelma McMillan conducted the business meeting, while the devotional period was led by Mrs. W. A. McNicol.- The roll call was answered by "Ideas for the 1952 Program," which brought in several good suggestions.

Mrs. Currie purchased 38 dainty tea cups for use in the church kitchen, and was commended for her excellent choice, as she has selected a very nice variety of designs and shapes for a very reasonable sum of money.

The committee to plan the 1952 program was named with Mrs. Gordon Fraser as chairman. The other members of the committee are Mrs. Albert Fraser, Mrs. Clarence Platt and Mrs. Gregor Leslie.

The Bazaar Committee has decided to order the magazine, "The Workbasket," in the hope that it will be a means of securing novel ideas and patterns for use in bazaar activities.

In a letter read from Mrs. Donnie Fraser she stated that the 100 recipe books on order from Macdonald College should be arriving during the early part of this month. Something of a record has been set by the splendid co-operation of the members in that of the 100 books printed the 100 has been ordered and everyone is looking forward to having her own copy in the very near future. Orders for additional copies will still be taken by the Committee.

The date for the W.A. Bazaar, which will be held in the Church hall, has been set for Nov. 14th, which is a Friday evening. The ladies have extended a special invitation to Rev. Mr. McPherson to be present for the evening and he has graciously accepted. Mrs. Thos. Stowell and Mrs. Wm. Fleming will be in charge of the sale of the numerous articles which the ladies have been diligently working on. There will be fancy aprons, practical aprons, crocheted articles, kniteed articles, children's clothing and babies' small garments. A number of novelties will also be offered and if anyone is thinking in terms of Christmas gifts they should certainly not miss the opportunity of attending the W.A. Bazaar. There will also be candy on sale as well as plants, jams or jellies. This year the committee has decided to try a novel venture in preparing a table of "nearly new" articles, and will ask the congregation as a whole for donations of such articles as these. In addition to the Bazaar there will be a short program to be presented, with Mrs. Vernon Elder and Mrs. Gordon Fraser as the committee in charge. Lunch will also be served at small tables, and during the course of the evening there will be much opportunity for a social period to be enjoyed by all present. The lunch committee is made up of Mrs. Earl McNicol, chairman, Mrs. Robinson, Mrs. Wm. Leslie, Mrs. Earl Gardiner and Mrs. A. H. Fraser. Admission will be 50c for adults and 25c for children. Children under 3 years of age will be admitted free of charge. Mrs. W. D. Fraser will be in charge of the sale of tickets at the door with Mrs. Stevens as co-worker. Mrs. John Fleming will continue to act as the Bazaar treasurer. The members sincerely feel that that will be an evening to look forward to with keen anticipation by all.

The remainder of the rummage sale which was organized in the spring is to be left with Mrs. Gregor Leslie in the hopes that she may be able to dispose of the few remaining articles. The meeting closed with the Mizpah benediction.

Mrs. Gordon Fraser then gave a very interesting and timely reading on, "You, and the United Nations. Mrs. Fraser began her reading by saying:

"Citizenship, like charity, begins at home, but also like charity it doesn't end there. Today Canadians are seriously considering a wider aspect of neighbourliness—world neighbourliness—and on it depends the future of all of us.

World neighbourliness and world citizenship is a very new feeling for most of us, but we have made a start in that direction—the core of which is the United Nations, and since it is essential that the United Nations succeed in its purpose of re-educating the world's thinking processes if the Karens and the Annes and the Jessies and the Barbaras are to be able to claim their birthright of a secure and peaceful future. It is most essential that we, who are shaping that future for them understand the workings of the United Nations and back it in whatever small way we can if it is only by widening our own outlook or speaking out against prejudices of any form. We are no longer citizens of Canada alone—whatever happens to any country anywhere in the world today can affect us and our way of life tomorrow, even though there are thousands of miles of ocean lying between us."

The following is a condensation of her reading: "Once upon a time there were many different peoples separated by little fences of mountains, rivers, oceans, jungles and deserts. The fences were nailed together with prejudice, ignorance and fear, and each nation thought "It" was most important. Because of the distance and the difference in language, nations had little to do with each other. For thousands of years, animals were the only mean of travel. Then, in the short space of one century, airplanes, radios, diesels, and jet made all people neighbours. You can wake up in San Francisco, put on your tux in New York, breakfast in London, lunch in Paris, ski in the Alps in the afternoon, dance in Spain that night, take a morning dip in the Nile and go to bed the next night in South Africa. Actually we are living and moving in one world, but things have happened so fast that our minds have not kept pace.

Of all living things, men and ants are the only ones who go in for organized destruction of their own kind. Men have the power of reason and should know enough to fight their real enemies—ignorance, hunger and disease. It is plain silly to fight each other. The United Nations began when people began to think seriously about how they could live together as world citizens.

The United Nations is an international organization through which nations may expect to promote peace. It has six main parts. The General Assembly, the Security Council, the International Court of Justice, the Secretariat, the Trusteeship Council and the Economic and Social Council. The General Assembly is the town meeting of the world. It meets once a year, and each nation has one vote. The Security Council is on the job all the time. There are 11 members, 5 permanent and 6 non-permanent. The permanent members are the United States, Great Britain, China, France and Russia. The International Court of Justice has 15 justices elected by the General Assembly for a nine-year term.

The Secretariat is made up of people who do the day to day work, and almost all business done by the United Nations passes through the Secretariat. The Trusteeship Council safeguards the rights of people in non-self governing territories. The Economic and Social Council has many committees which work on specialized problems, such as care of children, freedom of the press, unemployment, etc.

Your mental attitude is important! Peace is made in the minds of men. Think for yourself. Learn to interpret the true meaning behind the words you read. Don't be like the Home Economics student who did her homework in the refrigerator, just because the cookbook said "Mix ingredients, then set in a cool place." Don't be afraid to express yourself, but at the same time, keep an open mind. You, as an individual, have dignity and worth. You also have responsibility. The peace and security of the world depend on how you think, what you say, and how you act."

Mrs. Fraser was thanked by the President. Refreshments were served by the hostesses.

The November meeting, which is the business meeting, will be held at the home of Mrs. Wm. Leslie, with Mrs. Leslie and Mrs. Hugh Cameron as joint hostesses.

School Notes

The students of Grades V-IX have organized the Junior Red Cross Society for the coming year and held their first meeting in the school on Friday afternoon, Oct. 31. There were fifteen members present, and during the course of the business meeting it was decided to hold a candy sale on Wednesday, Nov. 5, the proceeds to go into the J. R. C. treasury. The secretary was asked to order 100 calendars to distribute among the different members for sale in the community. Mrs. C. Fraser treated the members to candy in keeping with the Hallowe'en tradition. The slate of officers for the coming year is as follows: President, Margaret Arnold; Vice-President, George Sheard; Sec'y, Dawn Elder; Treasurer, Fern Sutton.

The pupils of the primary room, Grades I-IV held a Hallowe'en party on Friday afternoon. The children dressed in funny costumes and played games and bobbed for apples. Mrs. Sutton treated them to Hallowe'en candy and all had a gay time.

Church Activities

The W.M.S. had a splendid response to their fall bale appeal, for a few members met at the Church on Friday afternoon and packed three large paper boxes of clothing weighing 105 lbs. These were forwarded to the supply secretary, Mrs. McNicoll in Montreal.

The young people of the community are reminded of the get-together which Rev. Mr. McPherson is planning for them in the Church hall on Saturday evening at 8 o'clock. It is sincerely hoped that there will be a good number of young people present, so that these meetings may be made interesting, and provide that social life which the young people have not had for the last few years.

Week-end guests at the home of Mr. and Mrs. Gregor Leslie were: Mr. and Mrs. J. D. McPherson of Valleyfield and Mr. and Mrs. Gordon McGibbon of Mansonville. Mr. and Mrs. McGibbon also visited with Mrs. McGibbon's mother, Mrs. Rielly in Avonmore, Ont. Both Mr. and Mrs. McPherson and Mr. and Mrs. McGibbon were guests at the Robson-McGibbon wedding held in St. John's Anglican Church in Huntingdon on Saturday afternoon.

Week-end guests of Mr. and Mrs. George Sutton were: Miss Barbara Roach, Mrs. Ronald Bertrand and Miss Patricia Moore, all of Montreal.

Mr. Garth McPherson of Montreal, Misses Margie McPherson and Helen Paul of Huntingdon spent the week-end at the home of Mr. and Mrs. Wm. C. McPherson.

Miss Elizabeth McNicol of St. Anicet was the week-end guest of her friend, Miss Dawn Elder.

Miss Monique Normandeau, student at St. Anicet Convent, spent the week-end with her parents, Mr. and Mrs. J. A. Normandeau.

Mr. and Mrs. George Sutton attended the funeral service for their uncle, the late Mr. James Greenway, which was held on Sunday afternoon in Covey Hill. The deceased, who had been in his usual good health, passed away very suddenly late Thursday afternoon at the home of his sister, Mrs. Edward Sutton.

In Memoriam

LEWIN — In memory of our dear Mother and Nanny, who left us on Nov. 7th, 1946 —

We thought of you today, dear Mother,
But then that's nothing new,
We thought about you yesterday
And the day before that, too.
But God will link the broken chain
As one by one we meet again.
And please, dear God, just let her know
That we all love and miss her so.
Loved and always remembered by

Her Family.

Ormstown

ORMSTOWN — Dr. C. A. Hoffman of Plainfield, N.J., spent a few days with his mother-in-law, Mrs. Rose Elder.

Recent guests of Mrs. Elder were: Mr. and Mrs. Lorne Benham, Mrs. Alex Davies and George White of Montreal, Mr. and Mrs. Bennett Russell of Mooers, N.Y.

Mrs. Harold Kuhn, Christine and Richard of Montreal, are spending this week with her mother, Mrs. Elder. Mr. Kuhn left by plane this week on a business trip to Newfoundland.

Miss Jean MacDougall of Glenvale, Ont., was a recent guest of her cousins, Misses Anna and Ruth Sills and Miss Dorothy Morrison.

Mr. and Mrs. George Kilgour and Gordon spent Saturday with Mr. and Mrs. Harold Kilgour, Montreal.

Mr. Harold Kilgour left by plane from Dorval on Sunday morning on a business trip to the Maritime Provinces, where he will spend a month visiting De Laval offices and salesmen in New Brunswick, Nova Scotia and Prince Edward Island.

S.S. Teachers Meet

On Monday evening Miss Marion Swan entertained the staff of the Ormstown Presbyterian Sunday School. Mrs. C. J. Bryson, superintendent presided and Miss Ruth Sills read the minutes of the last meeting. Prizes for the winners in the Bible Study Tests were agreed upon and left in the hands of the secretary. Promotions were discussed and lists prepared to go into effect in January. Plans were made for the annual Christmas tree and entertainment to be held on Tuesday, Dec. 16, and the usual arrangements for trees, program and ice cream.

Tea and refreshments were served by the hostess at the close of the meeting.

Ormsdale Rebekah Lodge No. 30

At a recent meeting a most enjoyable evening was spent at Ormsdale Rebekah Lodge No. 30 when Sister Lillian Ruddock D.D.P. and staff from Huntingdon installed the new officers:

N.G., Sister Winetta Barrington; V.G., Sister Jean Lang; Rec. Sec., Sister Isabel Kerr; Fin. Sec., Sister Winnie Sadler; Treas., Sister Edith English; Warden, Sister Mary Rember; Conductor, Sister Angie Barrington; Chaplain, Sister Muriel Barrington; Musician, Sister Muriel Wallace; R.S.N.G., Sister Ellen Brown; L.S.N.G., Sister Barbara Kerr; R.S.V.G., Sister Ella Campbell; L.S.V.G., Sister Ellen Brown; I.G., Sister Dorothy Morison; O.G., Sister Anna Elliot; R.S.S., Sister Elsie Johnson; L.S.S., Sister Mamie Graham; P.N.G., Sister Margaret White.

After the installation of officers and business meeting, Sister Muriel Wallace sang very charmingly "Bless This House."

D.D.P. Sister Lillian Ruddock presented the 25-year jewel to Sister Annie Moore of Pioneer Lodge No. 1.

A pleasing feature of the evening's formalities was the presentation of the Past Noble Grand's rope collar to Sister Margaret White, of Ormsdale Lodge No. 30.

The meeting closed with a few well-chosen remarks by D.D.P. Sister Lilliam Ruddock and Brother Wm. Shannon Grand Representative of the Grand Lodge of Quebec I.O.O.F. Brother Elder also spoke briefly, after which delicious refreshments were served to approximately forty Brothers and Sisters.

On Saturday, Nov. 1, 1952, eleven members of Ormsdale Rebekah Lodge No. 30 attended the banquet and fortieth Annual District meeting of Rebekah Lodges of District No. 4, I.O.O.F. of Quebec held in Fairmont St. Giles Church Hall, Outremont, Que. Everybody reported a splendid supper and excellent meeting. This was held at the President's Lodge.

On Monday, Nov. 3, 1952, at a meeting of Ormsdale Rebekah Lodge No. 30 in the I.O.O.F. Lodge Rooms, the regular meeting was held and reception of the President of the Assembly of Quebec Sister Lillian Jordan. She was introduced along with Grand Lodge members by Sister Winnie Sadler and Sister Ella Campbell. Among the guests present were Sister Lillian Ruddock D.D.P. of Pioneer Lodge No. 1, also members of Bayview Lodge No. 46 and Bro. Wm. Shannon Grand Representative of the Grand Lodge of Quebec I.O.O.F.

Assembly Chaplain Sister Anna Elliot P.D.D.P. and Sister Jean Lang presented, on behalf of Ormsdale Lodge No. 30, beautiful gifts to Sister Lillian Jordan, President of the Assembly of Quebec and Sister Lillian Ruddock D.D.P. to which they both graciously responded.

Sister Winetta Barrington N.G. was very pleasantly surprised when she was given her certificate of Efficiency by Sister Lillian Jordan, President of the Assembly of Que. She won this honour for conducting the meeting without the ritual.

Sister Muriel Wallace, accompanied by Sister Angie Barrington at the piano, sang very beautifully, "May the Good Lord Bless and Keep You."

Sister Mary Rember contributed two readings which were very much enjoyed.

The President's theme song, "Somebody did a Golden Deed" was sung from the song sheets, which portrayed a white Holy Bible and carnations on a background of old rose satin.

Delicious refreshments were served by the members after which Bro. M. Ruddock accompanied by Sister Lillian Jordan and Sister Muriel Wallace accompanied by Sister Angie Barrington again contributed two more vocal selections.

CALGARY WEDDING

CLAUESSON - BURGOYNE

The marriage of Shirley Ann, daughter of Mr. and Mrs. Ernest N. Burgoyne, of Calgary, Alta., to Bruce Allen, son of Mr. and Mrs. George Clauesson, of Athelstan, Que., was solemnized at six o'clock Saturday evening, Sept. 13th, 1952, in the North Hill United Church, Calgary, Alta.

Gladioli banked the altar for the occasion. The ceremony was conducted by the Rev. A. W. Anderson. The bride was given in marriage by her father and was gowned in white taffeta styled with a net yolk and lace overskirt. The bodice had a high buttoned neckline and lily point sleeves; her veil of illusion net fell to fingertip length from a scalloped net and lace headdress. Her bridal bouquet was composed of red roses.

Little Scott Duheme, nephew of the groom, was ring bearer.

Miss Verna Burgoyne, sister of the bride, and Miss Helen Dutka, bridesmaids, were in gowns of pink nylon net over taffeta and blue net over satin, respectively. Their headdresses were of mesh and they carried boquets of deep pink carnations. Mr. Norman Clauesson, brother of the groom, and Mr. Glenn Sparks attended the bridegroom and guests were ushered by Mr. Fred Osborne and Mr. Neil Gray. Mrs. John Cole sang "A Wedding Prayer" during the signing of the register.

A reception followed the ceremony and the newlyweds left for their honeymoon trip to various parts of Western Canada. On their return they will take up residence in Calgary.

Among the out-of-town guests at the wedding were Mrs. G. Clauesson, Mr. Stanley Clauesson, Athelstan, Que.; Mrs. Emmet Duheme and son Scott, Huntingdon, Que.; Miss Hazel Clauesson, North Bay, Ont., and Mr. James Thompson, Regina, Sask.

Letter to the Editor

FOOD STORAGE IS BIG BUSINESS

Food storage isn't just a matter of having a cool cellar in the home, it is "big business" all along the food line, from the grower down to the grocer. Take the case of celery. It is not so long ago that celery would appear crisp and green on the grocers' shelves for only a few weeks, then all too soon would become limp and spongy. The fact that consumers can now buy crisp, green celery well on into the winter is no accident. Food storage specialists have found that the rapid removal of what they call "field heat" is important in storing fruits and vegeables such as celery. One method of removing the field heat from celery is to pass it through a tunnel in which cold air is blowing at a high velocity. A newer method which is finding favour because it is quicker is hydro-cooling. In this method the celery is put into ice cold water and cooled. In both cases, the celery is kept in cold storage warehouses at a temperature of 31°F to 32°F with controlled humidity. Refrigerated railroad cars are used to ship the celery, and many grocers also have refrigerater counters, which means the celery is almost garden fresh when it reaches the consumer.

Fruits like apples and pears are stored in much the same way as celery. They are quickly air cooled, then kept in cold storage warehouses with carefully regulated temperature and humidity.

All of this detailed handling in the merchandizing business makes one realize how important storage is in the home. The home economists of the Consumer Section, Canada Department of Agriculture say that it is a good idea to buy as many fruits and vegetables as possible now, provided you have proper storage facilities, for not only is there likely to be a better choice, but they are likely to be less expensive while they are more plentiful. Choose well matured fruits and vegetables that are not bruised or diseased.

A home with a cool cellar is a definite advantage, for the best storage place is cool, dark and airy. It should not be too damp, for humid air often causes moulding and soft rot, while a place that is overly-dry may cause shrivelling and the products will not stay firm. The storage place should be well insulated from the frost outside and from the heat of the furnace inside and very important, there should be a good circulation of air.

Apartments are usually limited as to storage space, so only small quantities should be bought. Nowadays, most vegetables are packaged in paper or cellophane bags . . . be sure to open the bags to allow the air to circulate around the vegetables. Vegetables, like turnips and parsnips, can be bought waxed and kept for a longer period of time. The outer coating of wax prevents loss of moisture and this aids in the keeping quality.

Perishables should be kept in the refrigerator. Celery, for instance should be kept in the hydrater of the refrigerator, or lacking that, it should be wrapped in wax paper or a bag to keep it moist and crisp, otherwise it is likely to become wilted and limp.

Potatoes, if properly stored, should keep 6 to 8 months. The late varieties that are well-matured keep better than early varieties. Whether they are stored in bags or bins, there should be a good circulation of air, and it should be cool and dark. Light speeds up sprouting and also causes greening.

Onions should be thoroughly dried before soring in slatted trays or in mesh sacks that allow free circulation of air. As with potatoes, light causes onions to sprout.

Some vegetables, like carrots and parsnips are best stored in sand.

If properly stored, the late varieties of squash with the harder shells like the Golden, Blue and Hubbard Squash will keep well on into the winter. Well-matured squash with firm, heavy shells and no bruises should be selected, for squash with some, immature skin will not keep well even under the best conditions. Unlike most vegetables, squash requires a warm, dry room, with good air circulation.

Apples should be kept in a cool, dry place with little variation of temperature. It is said that every day an apple is held at room temperature its storage life is decreased by more than a week.

Obituary

The Late Mr. David Stirrat Smellie

Mr. David Stirrat Smellie a lifelong resident of Dundee, passed away at his home on the Lake Shore Road on Sunday morning, Oct. 26, after suffering a shock on the previous Friday, from which he never rallied. He had been about as usual during the forenoon, but when he did not answer the usual call for dinner, his wife went to look for him. Seeing the garage door open she entered and found him lying on the floor, where he apparently had fallen, after being stricken with the fatal seizure. With the assistance of neighbours he was carried to the house and Dr. Gorman, of Fort Covington called. Nothing could be done however, and although he rallied somewhat during the following day, he passed peacefully away at 7 A.M. Sunday, after being tenderly cared for by his wife and other members of his family. The deceased was in his 86th year, being born on July 13th, 1867 at Clyde's Corners, the son of the late Mr. and Mrs. Jas. Smellie.

When about a year old he came to Dundee to live with his grandparents, the "Stirrats" and remained to take over the homestead at their death. In 1894 he married Georgianna Caldwell, also of Clyde's Corners, who still survives him, also two sons, George of Fort Covington and William of St. Anicet; two daughters, Nellie, Mrs. N. D. McPhee, also Mrs. Amy Scott of Massena, N.Y. Another daughter, Ina passed away in 1941. Other relatives include several grandchildren and one great grandchild. One brother, Mr. John Allan Smellie of Ormstown is the last remaining member of the Smellie family.

Mr. Smellie was an industrious farmer during his earlier years and served a number of terms on the Dundee Council. He worked hard for the macadamizing of the local roads in 1914 and was largely instrumental in obtaining Public Telephone service to the community via Cazaville about the year 1910. Of late years Mr. Smellie discontinued active farming contenting himself with mowing the lawn and a bit of gardening. Mr. and Mrs. Smellie celebrated their Golden Wedding anniversary in 1944.

The funeral services were held at his residence on Tuesday afternoon at 2 o'clock, the Rev. Thos. Knowles officiating. Interment was in the Zion Church cemetery.

Car Thefts Up 21% In Past Two Years

The hot car racket is called the fastest growing criminal enterprise in the United States.

The F.B.I. is quoted as reporting that auto thefts have increased 21 percent in two years to a current average of 540 a day.

Two factors are largely responsible according to the article appearing in a magazine: the high price of cars and the prevalence of the kind of money that shuns traceable business records. Rings operating across state borders include salesmen who take orders for specific models; theives who cruise city streets looking for the required make, year, and color; mechanics who replace or alter the identifying serial number on the motor, and innocent dealers and drivers who ferry the car to its distant market. Yet 92 percent of stolen cars are recovered. Cooperation among highway patrolmen local police, the F.B.I. and the National Auto Theft Bureau of the insurance industry is credited for this record.

"A few simple rules for the guidance of the motoring public are stressed: Don't leave your car unlocked or the ventilator windows unlatched, even for the briefest time. Don't park for extended periods on dark streets. Don't leave furs or other valuables in your car as an invitation to larceny. Don't leave the registration in the glove compartment, thus simplifying matters for the thief. Make an identifying mark in your car, either by dropping a business card down a window panel or by scratching your initials in an inconspicuous place."

"Be suspicious of a bargain. Ask for more than a transfer of title; insist on getting the original bill of sale. Deal with a reputable firm. Get your own mechanic to check the motor number for signs of tampering."

"Do you suffer from the heat in summer?"

"Yes, indeed, more than in any other season."

Q
How Can I Start An Investment Programme?
A
By Planned Savings Through Life Insurance.

The basis of an investment plan in most cases should be life insurance. It meets in a sound and regular way the real objectives of investment — savings for the future, a retirement income and money for your family should anything happen to you. What is more, life insurance achieves these ends economically and without worry or risk. Discuss with a Mutual Life of Canada representative a life insurance investment plan for your future.

Franklin Centre

FRANKLIN CENTRE — The C.G.I.T. Affiliation Service was held in the United Church, Sunday morning instead of the regular service. Miss Daisy MacNeil, of Montreal, secretary of the Young People's work in this province was the guest speaker on this occasion. Several C.G.I.T. and their Leader, Miss Warner of the Hemmingford group were present.

Rev. John Travis opened the service as usual and hymn "City of God how Broad and Far" was sung followed by Responsive Reading. Miss MacNeil gave the childrens' "talk" and the C.G.I.T. group sang "We have Heard a Joyful Sound." The morning lesson was read by Iris Waller followed by prayer by Rev. J. Travis the theme being "World Outreach." Edith Stevenson gave a short story of their Mission Studies this was followed by the regular Affiliation Service commencing with the C.G.I.T. group repeating their "Purpose" in unison. The president Dorothy Manning spoke a few words on their Mission Studies. Greetings were brought from the W.M.S. by Mrs. Stewart Moneypenny and from the W.A. by Mrs. Lloyd Stevenson.

The five candles on the table, white, red, yellow, green and blue were lighted in that order by Mrs. James Manning, Leader, Iris Waller, Jean Arthur, Balba Maithers and Lilly Barr as each person lighted their candle they explained in a few words what it represented. The offering was taken by Margaret Barr and Melba Maithers and will be sent to Montreal to the secretary of the C.G.I.T. of the Missionary Society.

Mrs. J. Travis presented the Affiliation Badges to the girls for the Missionary Society, after this the hymn "Jesus Shall Reign" was sung which was followed by a very interesting address by Miss Daisy MacNeil. Following the singing of the hymn, "Gracious Saviour, Gentle Shepherd" the presentation of a Baptismal Bowl, a gift to the church from the C.G.I.T. group, was made by Dorothy Manning and Eileen Patenaude, the former unveiling the bowl and the latter giving the address. Rev. J. Travis accepted and dedicated this gift to the service and glory of God. The closing hymn "In Christ there is no East or West" was followed by the benediction by the pastor, Rev. J. Travis.

Rev. and Mrs. Herbert Allenby of St. Johns, Que., were guests at the Manning home from Sunday until Tuesday.

They left home Wednesday evening and were overnight guests at the home of Mr. and Mrs. Willie Pennington at Ogdensburg, N.Y. Next morning they motored via Buffalo and along Lake Erie and Erie, Pa., where they visited at the home of Mr. and Mrs. Newton Buzzie (formerly Beula Dunn) accompanied by Mrs. Buzzie they left Saturday morning for Knox, Pa., a distance of 30 miles, where Mr. and Mrs. Wm. Knight and their family and Mr. and Mrs. Hook and family live. A family re-union was held on Sunday at the home of Mr. and Mrs. Wm. Knight, where 18 and 22 relatives were present for dinner and supper. They were guests at the home of Mr. and Mrs. Walter Best (nee Lois Knight) and visited at other relatives home.

The industries in this part of the state are, oil-wells, coal, glass and pottery factories. They visited "Cooks Forest" a State Park of some note, and very interesting, a virgin forest of trees of a height of over 135 ft. and of immence circumference was the principal high light. A portion of this park was reserved for a Trailer Camp. The Government Reserve for deer, pheasant and wild turkeys was another interesting sight, a faw days previous 5,000 pheasants had been released and there were still plenty in the reserve. One night they went "deer spoting" no guns allowed, as the season was still closed for this game.

They reached home Friday, returning via another route and stopped to view and take snapshots of "Watson's Glen" somewhat similar to Ausable Chasm, only of a different stone construction.

The funeral of the late James Greenway, who died quite suddenly at the home of his sister, Mrs. Ed. Sutton, was held on Sunday afternoon at the Zion United Church. Rev. J. Travis conducted the service. Interment was at Bethel cemetery. Sympathy is extended to the bereaved members of his family.

Chateauguay

Remembrance Day Service

CHATEAUGUAY — The annual Remembrance Day Service will be observed at the Cenotaph, City Hall Square, Chateauguay Station, on Sunday afternoon, Nov. 9, at three o'clock.

The parade will be in charge of the Canadian Legion, Branch 188 with members of the South African War Veterans Association and a group from H.M.C.S. Donnacona, Montreal, participating.

Rev. William McLean, M.B.E. of Montreal will conduct the Memorial Service. The R.C.S.C.C. Band will furnish the music for the occasion.

St. Andrew's Notes

The Young People's Union and the Chateauguay Branch of the Montreal Auxiliary of the Bible Society held a joint meeting on Monday night, Oct. 27, with Miss Elizabeth McKell, president of the Y.P.U., presiding.

Rev. and Mrs. W. M. Booth, Town of Mount Royal were welcomed by Mrs. J. Johnson, secretary-treasurer of the local Branch.

The usual order of procedure was reversed, the film, "Frontiersman" depicting the work of the Colporteurs in Western Canada was shown first, so that the children who were present might not be detained too long.

A short business meeting followed, during which regrets were expressed that Mrs. N. E. Jack's resignation as president be accepted, due to illness.

Officers appointed for the ensuing year are, Miss Elizabeth McKell, president and Mrs. J. Johnson, secretary-treasurer.

Mr. Booth thanked the officers and collectors for their services rendered during the past year and spoke briefly on the work of the Bible Society. Thanks are due John Johnson and Norman Fernandez for operating the movie projector.

The meeting concluded with a devotional period conducted by members of the Y.P.U.

St. Andrew's Notes

Mr. David H. Reid, secretary of the Official Board and Mrs. Reid attended the Supper Meeting in St. Andrew's United Church, Westmount, Que., on Thursday evening, Oct. 30, which marked the official opening of the United Church Exposition in Montreal.

The morning service in St. Andrew's on Sunday was conducted by Mr. Douglas Brooker, formerly of Calgary, Alta., first year student in the Faculty of Divinity, McGill University, whose inspiring sermon, "Stepping Stones of Faith" was listened to with deep attention. Mr. Brooker was accompanied by Mrs. Brooker.

Farm Forum

The Chateauguay Basin Farm Forum Group opened the season's activities with a banquet at the home of Mr. and Mrs. Cecil Carpenter, on Monday night.

Hallowe'en

Many and weird were some of the costumes in which the children were decked out for their annual Hallowe'en celebration, who when they came a-calling were much quieter than usual and fewer tricks were played.

Christening Ceremony

Mr. and Mrs. E. Robinson Richardson attended the christening of their grandchild, and the daughter of Dr. and Mrs. Peter Edgell of Westmount, Que., which took place Sunday afternoon, Nov. 2, 1952, in St. Matthias Church, Westmount, Que. Rev. Canon A. R. Kelley officiated, the child received the names Jennifer Mary. The godparents were Mr. W. S. Richardson of Sherbrooke, Que., and Mrs. F. Brown of Chalk River, Ont. After the ceremony Dr. and Mrs. Edgell entertained at tea at their home on Western Ave. The guests included Mr. and Mrs. Geoffrey Edgell of Ste. Therese, Que., the child's paternal grandparents.

Personals

Mr. and Mrs. Roland Larose and the Misses Larose of Pte. aux Trembles, Que., called last Sunday afternoon at the home of Mrs. David Lang and Miss R. M. McFarlane. It was of more than passing interest to learn that Mrs. Larose's mother was a little girl, five years old at the time of the Rebellion in 1837-38, when the LePailleur family lived in this home and Colonel Brown commandeered and used part of the house as a barracks.

Light Lieutenant and Mrs. Gerald V. Frostad with their children, Kaaren, Eric and Kim of Trenton, Ont., were week-end guests of Mrs. Frostad's parents, Mr. and Mrs. E. R. Richardson.

Mrs. Maria Johnson attended the Anniversary Supper and Church Services in Cote St. Paul United Church, Montreal, Oct. 25th and 26th.

Howick

HOWICK—Mr. and Mrs. Garnet Goundrey and two childen of Huntingdon visited at the home of their aunt, Miss Martha Goundrey.

Claude Decosé, of Valleyfield College, spent the week-end with his mother, Mrs. C. Decosé.

Communion was observed on Sunday at Georgetown Church. Preparatory service on the Friday previous.

Friends will be pleased to know that Mrs. Allan Henderson, who has been a patient in the Barrie Memorial Hospital, has returned home and her many friends hope she will soon be back to her usual health.

Mr. Andrew Carruthers was taken on Sunday to the Barrie Memorial Hospital for treatment. He has the best wishes of many friends for an early return to good health.

Miss Joan Turner spent the week-end at the home of Mrs. Bant, at Rosemount.

Miss Nancy Bennett, of Montreal, spent the week-end with her grandparents, Mr. and Mrs. Bert Hudson. Mr. and Mrs. S. Benson of Lachine, Mr. and Mrs. Charles Hudson and daughter Susan, Montreal West, were Sunday guests at the same home.

The regular monthly meeting of the Knox W.M.S. was held on Wednesday, Oct. 29, at 2 o'clock, at the home of Miss Martha Goundrey, the president presiding. The devotional period was from the 23rd Psalm, read by Mrs. Math. Orr, then a synopsis of that psalm by Mrs. W. Stewart. It explained how each verse in the psalm happened to be written by the shepherd boy, David, of long ago, on the sunny slopes of the Judean hills. Since then it has become the best-loved song in the world. Prayer followed by Mrs. E. Reddick. The roll-call was answered by repeating a verse containing the word "Restore." Members were reminded of the bale of clothing which is being packed at Riverfield in November, and any good second hand clothing would be acceptable for same. The special item, "Work in British Guiana and Difficulties confronting Missionaries," was read by Mrs. Carmichael, and the Glad Tidings item by Miss Jean Ritchie—"I have no book," told of an Estonian woman who said she had no reading matter whatever, as all libraries had been destroyed. Such a thing seems impossible in our land of plenty. "Alcohol and Hunger," The Temperance item was read by Mrs. W. Stewart.

Brooklet

WEDDING
AKESTER-KEDDY

A very quiet wedding took place at Lacolle, Que., on Saturday, Oct. 25, 1952, at 11.30 a.m., in St. Saviour's Church, when Nina Irene, only daughter of Mr. and Mrs. Herbert Keddy, of Hemmingford, Que., was united in marriage to Norman Alfred, youngest son of the late Robert A. and Mrs. Akester of Roxham.

Mrs. Kenneth Akester, sister-in-law of the groom, was the bride's only attendant, and Mr. Kenneth Akester, brother of the groom acted as best man. Rev. E. E. Dawson conducted the double ring ceremony.

After the ceremony the bridal couple and their attendants were served dinner at the Holland Hotel in Rouses Point, N.Y.

Following the dinner the couple left on their wedding trip through the New England States.

The Hemmingford W.M.S. group met for their annual Thank Offering meeting on Wednesday, Oct. 29, in the United Church Hall, with the president, Mrs. J. P. Simpson presiding. Sixteen members and several visitors were in attendance.

The president then asked Mrs. J. Wylie to read the Scripture lesson, taken from the 16th Psalm, and the call to prayer followed, also silent prayer for all missionaries.

The president invited the work committee to come to her home on Monday, Nov. 3rd, and members were asked for articles of new clothing, or good, used clothes, for packing boxes are to be sent to Montreal and Korea and to be packed that evening.

Mrs. F. Pelletier reminded the members to be prepared to renew subscriptions to the "Missionary Monthly" at next meeting.

A pleasing feature of this meeting was the attendance of the minister, Rev. W. Holmes with his bride who had just arrived from their honeymoon the night before, and were warmly welcomed by Mrs. J. P. Simpson.

Miss L. M. True donated a beautiful quilt top and materials for quilting on this occasion.

The president reported having sent a copy of the Montreal Daily Star to our own missionary, Miss Bessie M. Cairns, Shizuok City, Japan.

Mrs. T. E. Cleland read a most inspirational chapter from the Study Book. The secretary reported $134. had been sent to the Presbyterial and a gratifying sum was received towards the Thank-Offering.

Rev. Wm. Holmes pronounced the benediction, after which the hostesses, Mrs. J. Paré and Mrs. R. Williams served a delicious hot supper, which, with the social time was much enjoed.

OBITUARY

The Late Mrs. Martha Glass

Mrs. John (Martha A.) Glass, aged 70 years, of Roxham, Que., passed away a the home of her son-in-law and daughter, Mr. and Mrs. Gordon McCrea in Champlain, on October 11, 1952, following a lengthy illness.

Funeral services were conducted from the Perry's Mills Methodist Church at 2.30 p.m. on October 13, and burial was made in Roxham cemetery. The Rev. William Malpass, assisted by the Rev. W. Holmes and Rev. Andrews of Hemmingford, Que., officiated. The Perry's Mills choir sang, "Must Jesus Bear the Cross Alone," and other appropriate selections.

Pallbearers were Messrs. Donald Orr, Harvey Smith, Archie Speck, Arthur Smith, Russell Wing and Allan Radley.

Mrs. Glass was born on Dec. 26, 1881, at Roxham, Que., the daughter of the late Joseph and Hannah Strapps and on June 23, 1910, was united in marriage to John Glass of Roxham. She was a member of Victory Chapter No. 34, O.E.S. of Hemmingford, Que., a member of the United Church in Hemmingford, where she had been transferred from Perry's Mills Methodist Church, due to border regulations.

In her beloved profession as seamstress, she endeared herself to numerous people who became very close friends.

Besides her husband, John Glass, the deceased leaves her daughter, Mrs. Gordon McCrea, her son-in-law, Gordon McCrea and two grandchildren, Gordon and Sandra McCrea, all of Champlain, N.Y.

Pasture Out Yields Most Other Crops

When large quantities of feed nutrients are produced from a well-managed pasture, you have a crop worthy of the same careful planning and consideration as any other part of the farm enterprise, claims S. M. Donaldson, Agronomist at the Central Experimental Farm, Ottawa.

The value of high quality pasture herbage has been demonstrated experimentally and recognized by progressive farmers. For example, in comparing the feeding value of crops grown in Ontario it was reported that, on a five-year average, one acre of improved pasture produced two or three times the total digestible nutrients and four to five times the protein equivalent produced by one acre of Winter wheat, barley or mixed grains.

Many farmers hesitate to use good crop land for pasture. Instead, they assign land of low cropping value. At the Central Experimental Farm, Ottawa, pasture is given the full stature of a crop in a five-year rotation consisting of corn, grain, hay, pasture, grain. During 1951, a season of average rainfall, it was estimated that this pasture produced an average of 2,863 pounds of total digestible nutrients per acre, equivalent to 120 busheds of oats per acre or the amount of nutrients contained in two tons of 16 percent. dairy feed, which costs $80 per tn. Results like this, says Mr. Donaldson, cannot be expected from unimproved pasture on marginal land.

On most farms there should be less distinction between pasture, hay and silage. Instead the entire forage program should be more closely linked together and planned in such a way that June surpluses may be utilized for silage or hay and the aftermath of silage or hay used for grazing. This will involve the use of the larger grasses and legumes, widely adapted for either pasture, silage or hay.

Weeds Injurious To Farm Livestock

Most men are familiar with the fact that there are certain plants which when they are eaten by livestock may prove to be harmful. But specific knowledge of the subject is usually fairly sketchy.

Any weed, of course, to the extent that it occupies ground to the exclusion or crowding of grasses, clovers and other more useful species is a detriment to a pasture. However, there are also some species which are unwholesome or definitely poisonous which should be especially taken into account.

In general animals may be expected to shun the less wholesome herbage, but this does not necessarily follow. At times hunger will make an animal less discriminating, or, in a close admixture of species, the harmful plants will not be so easy to avoid.

It has been reported that about 10 percent. of the plants recorded in Eastern pasture surveys have properties which are more or less harmful. But less than 10 species are responsible for the greater part of all the losses.

There are some which are merely acrid and irritant to mucous membranes, such as buttercup, milkweed and the seeds of mustard, and these are normally refused. Poison ivy, which is so virulent to the human skin, appears to be eaten with no harm to cows. Bracken, as far as Canadian experience is concerned, has affected only horses, and then only on the British Columbia range.

Other Species

Other species found on these pastures occur too sparingly to be a source of much danger, although they may be in abundance in swamps or along watercourses to which animals have access. Water hemlock and false hellebore, in some regions, may abound in proximity to pasture. Indian tobacco, a typical weed occurring under pasture conditions, may occasionally exist in appreciable amounts.

One of the most frequently occurring poisonous species of the pasture area itself, especially if moist, is field horsetail. This, in common with several other horsetails less given to pasture invasion, is responsible for more of the obscure horse troubles than is usually realized.

Ill effects, other than poisoning, are sometimes experienced, also, from such weeds as wild barley, due to the awns which penetrate the tissues of the mouth or eyes. In many cases these troublesome or poisonous plants may be removed by hand or fenced off. A small amount of labor spent in this way will be repaid many times by the losses which are avoided.

"Hard-to-Can" Products Good For Freezing

For those who have a freezing locker there are many products that can be preserved by freezing that are difficult to can, says F. E. Atkinson, fruit and vegetables products laboratory, Experimental Station, Summerland, B.C. Three such products are summer cabbage, squash and pumpkin. Summer cabbage is delicious compared to its winter cousin but until freezing became a commonplace process there was no way of holding its attractive quality. Summer cabbage freezes well if it is cut into quarter inch layers, blanched in boiling water for 1½ to 2 minutes, chilled in ice water, drained, packaged, and frozen as quickly as possible. It should be used not later than 6 to 8 months after it is packed.

For those who have a pressure cooker, squash and pumpkin for pumpkin pie can be cut into 4 inch blocks, pressure cooked at 5 pounds pressure for 12 to 15 minutes, the pulp scraped off the skin and placed in containers for freezing. Ten to fifteen per cent of squash may be mixed with the pumpkin to give a thicker consistency to the pie filling Enough for individual pies can be placed in each carton or bag. If a pressure cooker is not available, the squash or pumpkin should be steamed for 25 to 30 minutes in order to soften the flesh and loosen it from the skin.

Both of these commodities are relatively low priced items during the proper harvest season and can give good variety to the diet in the off seasons, especially the latter part of winter and early spring.

Date Set For North Pole Test Flight

Scandinavian Airlines System announced that November 19th is the date set for its history-making exploratory flight over the polar air route from Los Angeles to Europe.

According to Tore H. Nilert, Director of SAS' North American operations, the November 19th flight will be the first of two exploratory flights blazing the trail for a regular commercial schedule which SAS hopes to inaugurate soon. Mr. Nilbert pointed out that the new route would revolutionize U.S. West Coast travel to Europe for it will shorten the air miles considerably. He further stated, however, that no scheduled commercial flights can be inaugurated until such time as all details pertaining to permits, etc., have been worked out between the civil authorities of the respective countries concerned. It was also pointed out that permission for scheduled commercial flights will have to be obtained from the military authorities which presently govern the security of the northern part of the world.

The trail-blazing plane, a DC-6B, will roll off the assembly lines at Douglas Santa Monica plant and, completely outfitted with the latest scientific instruments and equipment, will fly to Copenhagen, Denmark vit Edmonton, Canada and the newly-completed air base at Thule, Greenland. In command of Captain Paul Jensen of Denmark, the giant airliner will be called the "Bjarke Viking."

Due to the considerable space required for various types of equipment to be tested, the passenger list of the inaugural flight will be limited to approximately twenty, and will include aeronautic authority officials, government notables of the United States and Scandinavia as well as U.S. military experts on Arctic exploration.

On November 18th, the day before the departure, a press conference and reception will be held in Los Angeles, in order that the press may meet the passengers as well as the ambassadors of the Scandinavian countries and other dignitaries who will attend.

Now at Crossroads In Dairy Industry

By Gilbert MacMillan

Reprinted From The Ottawa Farm Journal

I have just read a carefully prepared address on the development of substitutes for dairy products in the United States. It is carefully and objectively written and shows the trend that has been developing there since about 1913, which gained considerable momentum in 1950 and 1951.

It outlines the methods that were taken to retard this movement, first by restriction, and of late more by taxation.

Despite this, continued use of these substitutes has gradually increased, until today they have reduced the per capita consumption of butter to about nine pounds per year, with the prospect of going much lower.

In Same Half

In some states these products have captured 50 percent. of the cream and ice cream market. An evaporated milk with butterfat replaced by vegetable fat is successfully competing with the genuine article.

Once the old-established dairy firms enter this field, and some of them already have done so, the question becomes one of grave importance. People will accept these products as genuine dairy products on the strength of the names of the firms putting them on the market.

The public will be the sufferers on this score, as these products can be made to resemble the genuine article so closely they are hard to distinguish. While some reliable firms may not stoop to this, experience has shown there are always some willing to do so.

A Severe Jolt

A theory held by some that this would only mean a realignment of values between fat and solids other than fat, and not seriously affect the over-all price, has received a severe jolt.

A process has now been developed in the United Kingdom by which a substitute for solids other than fat can be made.

Whilst there is a tendency in this country to follow the trends that develop in the United States there are very sound reasons why in this case Canada should not do so.

In the first place the United States has a population of over 140 million people. Canada has about 14 million, and there is about as much land in Canada capable of producing dairy products as in the States.

A Home Product

In the second place the United States can produce these substitute materials just as readily as they can produce milk. Despite this they maintain a high tariff against imported oils.

Given anything near the same returns for their work as is accorded other Canadians, dairy farmers can produce all the dairy products the Canadian people can use. They can only to a very limited degree ever produce the materials used in these substitutes.

In as far as Canadian farmers can produce these maferials dairy farmers present no objection.

In view of these facts I think it highly regrettable that we have a considerable number of our people who think we should accept these substitutes as inevitable and should plan our future policies accordingly. They advance the argument "why stand in the way of progress?"

The automobile has replaced the buggy, the tractor the farm horse, rayon and nylon take the place of wool and cotton. But are these comparisons fairly analogous?

Are these substitutes a better product? Will they improve the health of our people? Will their use so long as they are made from imported products strengthen our economy?

It is no use repeating here what has so often been said—the number of people affected, the new wealth created by our own labor from our own natural resources by milk production. But can we as a nation afford to ignore these facts? I sometimes think these facts would get general acceptances more readily if farmers themselves showed a more general acceptance of them.

On the Brink

We may be on the brink of developments that will seriously affect every milk producer in Canada, but we do not see any special concern being displayed by those who will be most seriously affected.

It is very unfortunate that at this particular moment the formulating of regulations governing these products are apparently on a provincial basis. No other industry in Canada is more national in character than the dairy industry, and it will never be successfully dealt with piecemeal.

There is no particular clamor at the moment for these substitutes. Stocks on hand of all dairy products are considerably higher than a 10-year average.

No Shortages

Prices are still below the average purchasing power of wages. For the first time in recent years there is a sharp increase in our cow population and this increase is extending to dairy heifers. So there is no indication of shortages in the near future. ...

Those who are pressing for new substitutes have neither the welfare of the dairy industry nor the future of Canadians at heart.

"Plug-in" Furnace Put in Production

Cleveland, (AP)—Three Cleveland, O., men have invented a "plug-in" furnace they claim has no flame, no fuel and needs no chimney.

Leonard J. Wolf, Lovell E. Pearch and John S. Barbic formed the Dynamic Furnace Corp. and hope to have the furnace in mass production within six months.

The furnace has a blower and a small electric motor that drives a sealed oil unit. It is described as operating like a refrigerator in reverse, with heat being thrown off when molecules in the oil are broken down.

How much the furnace will sell for was not disclosed.

Evening Auxiliary Meeting

The October meeting of the Riverfield Evening Auxiliary was held on Wednesday evening, Oct. 29th, at the home of Mrs. Burton Reddick. There were seventeen members and three visitors present.

The meeting opened with the Lord's Prayer in unison, followed by the hymn "Come Ye Thankful People Come".

Mrs. John Bustard led the Devotional Period and read an item from the Glad Tidings.

The Roll Call was answered with the textword "Thanks" followed by the offering and offertory prayer in unison. The minutes of the last meeting were read and approved followed by a treasurer's report.

Mrs. Harold Robertson reported on the sectional meeting held in Ormstown and also told of a meeting of the "Sunday School Leadership Program" held recently in Riverfield Church.

The executive was named as a nominating committee to prepare a slate of officers for the next meeting.

Mrs. John Nussey read a chapter from the Study Book and the members finished quilting two crib quilts.

The members joined in the singing of the hymn "Saviour Breathe an Evening Blessing", followed by the president's prayer for our prayer partners and the Auxiliary prayer in unison. A delicious lunch was served by the hostess and a social time spent before the ladies left for their homes.

St. Chrysostome

ST. CHRYSOSTOME— Mr. Amable Boyer, aged 76 years, beloved husband of Sophronie Patnaude, passed away at the home of his son-in-law, Mr. E. Hebert at Ville Emard on Tuesday. He was buried in Hemmingford on Friday. Mr. Boyer was well known, having resided in this locality where he has relatives and friends. The sympathy of the community goes to his bereaved wife and family.

Surprise Party

On Saturday, Oct. 25, a group of friends and relatives gathered at the home of Mr. and Mrs. Gerald Turcot (née Blanche Lazure) to help them celebrate their 20th wedding anniversary.

Mr. and Mrs. Turcot were taken by surprise as this all had been planned and prepared by Mr. and Mrs. Willie Meloche of Ste. Martine. A well filled purse was presented to Mr. and Mrs. Gerald Turcot by their youngest son, Louis Philippe. A delicious lunch was brought and prepared by Mrs. Turcot's sisters. Those present were: Mrs. Joseph Lazure (Mrs. Turcot's mother), Mr. and Mrs. Meloche, Mr. and Mrs. Nolasque April, Mr. and Mrs. Roch Marcil of Ste. Martine, Mr. and Mrs. Valmore Lavigeur, Vincent Dubuc, Florian, Ernest and Orphir Lazure, Anatole Turcot, Arthur Charland, Hercule Beaudin, Victor Desautels, Hermas Lavoie, Ernest Desautels, Donat Bouchard, Lambert Deneault, Conrad Tremblay, Gerard Deneault.

Best wishes for a speedy recovery go to Misses Jeannette and Therese Montreuil who were injured in a car accident near Lacolle last Sunday night, which necessitated their removal to Lachine Hospital.

Mr. and Mrs. Paul Emile Pregent and baby Celine were week-end guests of Mrs. Pregent's mother, Mrs. H. Soucy and her uncle, Mr. Alfred Couillard.

Mr. and Mrs. Victor Desautels spent Hallowe'en with Mr. and Mrs. Beaulieu at St. Urbain, Que.

WEDDING

GUITE- BEAUDIN

On Saturday, Oct. 25, in the Chapel of the Montreal Cathedral, adorned with fall flowers and ferns, the marriage of Therese Beaudin, daughter of Mr. Victor Beaudin of St. Chrysostome and the late Mrs. Beaudin to Gerard Guite, son of Mr. Ernest Guite of Percé, Gaspé, Que., and the late Mrs. Guite took place.

Miss Beaudin, accompanied by her brother, Romeo Beaudin, wore an ankle length gown of steel blue taffeta with billowing skirt, a tiny hat of blue feathers. She wore a pearl necklet, a gift from the groom and carried a hand bouquet of gardenias and Johanna Hill roses. Mr. Guité was witness for his son.

Following the religious ceremony a reception was held at the Mount Royal Hotel. The happy couple left later for Boston, New York, Washington and Florida.

For traveling the bride wore a blue suit adorned with velvet, accessories of reptile, and a corsage of roses.

Out-of-town guests were Dr. Belzile and Mrs. Belzile, Mr. and Mrs. Bourbonnais of Boston, Mass., Mrs. Samson of New York City, Mr. and Mrs. Romeo Beaudin of Valleyfield, Mr. and Mrs. Wilbrod Laberge, Misses M. P. Gagné, Monique Beaudin, Georges Beaudin of St. Chrysostome.

Covering The Sports

NO TYROS IN THIS TRIO

It is perhaps not generally known in this district that, in Ormstown, there resides one of the most prominent husband-and-wife target shooting teams in the country, but it is a fact.

This sharp-shooting pair, Mr. and Mrs. H. J. McMahon, came from Guelph, Ont., to Ormstown about seven years ago. "Mac" is master mechanic at the Zephyr Textiles Ltd., and, by the way, is very touchy about the publication of his first name, being the crack-shot he is, it is advisable to humor him.

Alice and Mac had never done any target shooting before coming to Ormstown but, on their arrival there, found that they were deprived of their favourite pastime, bowling. This led to their start in shooting by going to turkey and chicken shoots, then the "bug" really bit them. Mac says the first time the "Mrs." fired a rifle, she missed a four-foot in diameter tree at ten paces, but Alice still swears that she hit it somewhere.

They have gone a long way since those chicken-shoot days seven years ago, in fact, this year alone, they have travelled 2,476 miles in quest of new championships.

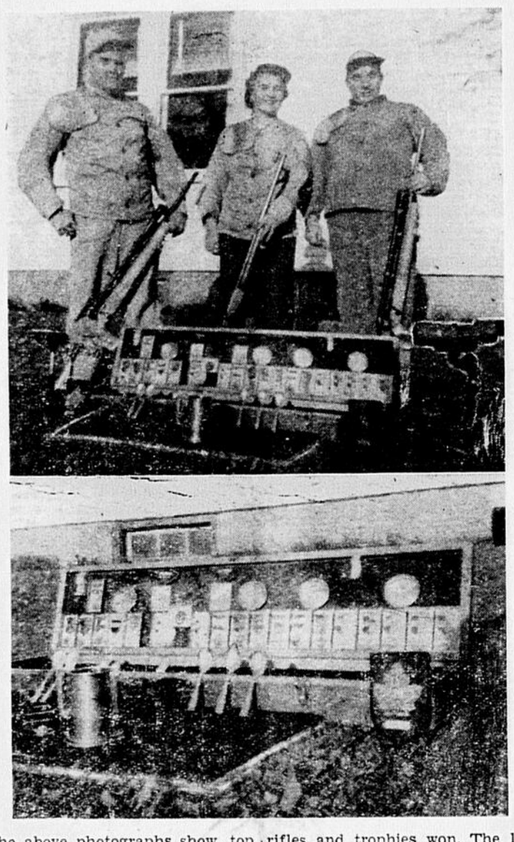
Association Shoot, Mac won the high aggregate in 1950 in the Marksman Class and was second in the Montreal Indoor Rifle Tournament the same year.

The most coveteted marksmanship mementoes, in Mac's opinion, are the two Dewar's Crests for the years 1949 and 1952, proving he was one of the 20 best marksmen in Canada in those years. Rollie Anderson is also the proud possessor of one of these crests for 1950. Among the various places recently visited by the McMahons in rifle competition are Burlington, Middlebury, Springfield and Woodstock in Vermont, Plainfield, N.H. The Canadian National Matches at Connaught Ranges in Ottawa, the Vaughn Ranges in Lachine, the Montreal Indoor shoot at the 17th. Duke of York's Hussars Armory and the matches at Brownsburg.

Mrs. McMahon may soon take up fishing now, for one of her prizes at the last Brownsburg shoot was a beautiful trolling reel.

Mr. McMahon has won the Vermont State Grand Aggregate Medal twice and the Alfred Wilhelmson Memorial Trophy, for the highest sharpshooter, was won by him in Springfield in 1951.

Between them, this remarkable



The above photographs show, top —Mr. Roland Anderson, Mrs. McMahon and her husband, with their rifles and trophies won. The lower photograph shows the many trophies Mr. and Mrs. McMahon have won.

The third member of this group is Roland T. Anderson, also formerly of Guelph, and a foreman at the Zephyr mill.

Each of the trio is holder of the Dominion Marksmanship Plaque, which proves that they are nearly perfect shots in all four shooting positions, prone, sitting, kneeling and off-hand.

We must mention here that, in all contests, Mrs. McMahon competes on equal basis with the men, there are no favours granted the few women who take part in this sport.

Considering the McMahons first, we will try to give you a brief resume of their conquests. Mr. "Mac" has acquired 12 first and 4 second place Vermont State medals, while Alice holds 3 first and 3 seconds from the same state.

In the Province of Quebec Rifle couple have collected 20 medals, 2 Dewar's Crests, 1 Trophy, 4 Silver Trays, an uncounted number of silver spoons and innumerable number of cash and merchandise prizes.

Roland Anderson modestly states that he has carried off "about a dozen" medals. He won the Burke Trophy emblematic of the P.Q.R.A. outdoor aggregate in 1950 and was first in the 1952 P.Q.R.A. indoor aggregate and second in the outdoor fall match this year. His trophies are not included in the pictures.

Rollie and Mac both made their own rifle stocks and they are beautiful examples of wood-working. Alice says she has to string along with the factory-made style, but it doesn't seem to cramp her shooting style at all.

More bulls-eyes to the three of you.

Dundee

DUNDEE — Mr. and Mrs. Kenneth Fraser and two children arrived home on Thursday after spending five weeks on a motor trip to Western Canada, where they visited Mrs. Fraser's parents, Mr. and Mrs. Thomas McNinch of Mervin, near North Battleford, Sask. During their visit, Mr. and Mrs. Fraser accompanied by Mr. and Mrs. McNinch, enjoyed a trip to the West Coast. The crops around the area the Fraser's visited were very good and the farmers were very busy all through most of October working early and late getting them harvested. The trip to and from the West was unmarred by any accidents or serious trouble of any kind.

Mr. and Mrs. Donald Fraser and daughter Barbara spent Friday visiting Mr. and Mrs. A. E. Barber of Franklin, Que.

A very enjoyable children's Hallowe'en party was held Friday afternoon at Mrs. Gordon Fraser's. Eight youngsters in costume were reported as having had a wonderful time. Games were played and prizes awarded and then all sat down to a gaily decorated supper table. Even small brothers and sisters shared in the goodies for small realistic home-made candy pumpkins were carried home to them by the party goers. A first Hallowe'en party for most, if not all, will long be remembered.

Hallowe'en passed away this year in a comparatively quiet manner. There wasn't the usual reports of farm machinery changing places mysteriously without apparent cause. However, some pranksters near Cazaville seemed to be having some fun for themselves not seeming to realize the danger of their actions. One motorist, driving on No. 3 Highway a short distance west of the Four Corners reported a large gate set up as a road block across the right of way. Stopping just in time to avoid it, his passenger was thrown around quite violently in the back seat. He threw the barricade in the ditch but reports from other motorists indicate that the tricksters were industrious and replaced the gate to bar other travellers. This would seem a rather dangerous pastime, especially in these days of high speed cars.

Mr. and Mrs. Orvis Steven and Miss Christie Steven of Cannamore, Ont., also Mr. and Mrs. Hillis of Morewood, Ont., were Monday guests of Mr. and Mrs. R. G. Steven.

Mr. Stanley Arnold returned last Wednesday after spending a little more than three weeks touring through the South Western United States and also spent some time in Mexico and California. Mr. Arnold is employed at the Trout River Customs and was enjoying a vacation. It is possible that an account of the highlights of his trip may appear in this column at a later date.

Due to ill-health, Mr. John Fleming was recently forced to discontinue his work as Customs Officer at the Dundee port of entry. At present he is confined to bed with a severe asthmatic condition. His friends and neighbours wish him a speedy recovery. Mr. Fleming has been serving on the Customs staff at Dundee for about 20 years and is now one of the senior officers stationed there. The connecting road from Highway No. 3 to the new Dundee Customs building is nearly completed except for the black top and according to recent advices the Customs staff will be moving into their new quarters in the not too distant future. The cut-off that will serve traffic from the Dundee Centre Road to the new Customs is also to be constructed as soon as possible.

Quite an extensive plan of parking facilities around the port as well as provision for flower strips will make the spot considerably more beautiful than it was in past years. The old Town Hall building which has been used as a Council Room for several decades will either have to be moved or torn down to make room for improvements as will also the Cosgrove funeral office and the old Caverhill home which adjoins the American border.

Mr. and Mrs. Jas. Levers and son Lyle, of Brooklet, were Sunday guests of Mr. and Mrs. Gordon Fraser.

Mr. and Mrs. Wm. Maither of Brooklet were guests last Sunday at the home of Mrs. Cora and Mr. Harold Fraser.

Mrs. H. S. Smith left last week for her home in Schenectady, N.Y., after spending three weeks with her family at the MacMillan home in Dundee.

Mr. and Mrs. George Kazulak of Malartic, Que., arrived last week with their 3-year-old son and baby daughter and are taking up residence in the Kazulak home, Dundee Centre. George has been in the mining business in Northern Quebec for the past 10 or 12 years, and now is to be employed in the Dept. of Mines at Ottawa. His specialty will be in the field of uranium, its mining and processing. He expects to commute from Ottawa each week-end while his wife and family remain in Dundee. Mrs. Kazulak was the former Leola Horne of Danville, Que.

Communion services were held on Sunday morning in the United Church with the Rev. Mr. McPherson in charge. There was a larger turnout of members than usual, perhaps due to the fine weather that prevailed all day Sunday which made quite a number of the older members feel like getting out to take part in the service.

Mr. and Mrs. John Fox and son John spent the week-end with Mr. and Mrs. W. D. Fraser.

Miss Florence Ferguson of Montreal, Miss Lorna Fleming of Macdonald College, also Miss Norma Currie of Cornwall, spent the week-end at their respective homes.

Mr. and Mrs. Moran McDonald and family of Lacolle, spent the week-end with Mrs. Allan Morris.

The ladies of the Dundee Women's Institute held their second evening card party last Thursday. There was a large attendance of visitors, especially a considerable number from Bombay and Fort Covington, N.Y. Prize winners at "500" were Ladies 1st, Mrs. D. D. Fraser; 2nd, Mrs. Joe Platt. Men's 1st, Mr. Dale Harvey; 2nd, Mr. Jas. Mulvana, both of Bombay. Mr. Mulvana had a leg fractured in a car accident several months ago and is still unable to get around easily.

Rockburn

ROCKBURN — Mr. and Mrs. Ernest Pringle entertained on Saturday evening, Mr. and Mrs. Ord Taylor and Reggie and Miss Gladys Porter, Mr. and Mrs. Earl Pringle, Sheila and Ruth, Mr. and Mrs. Herbie Pringle, Sharon, Merle and Gladys Pringle, Mr. and Mrs. Eddie Rennie, Willis and Mildred, the occasion being Beatrice's 16th birthday.

The Gore

Messrs. Josie Stewart, Duncan and Norman Moneypenny spent the week-end at their camp at Lachute.

Miss Isabel Foster spent the week-end in Montreal the guest of Mrs. N. J. Farquhar.

Mrs. Maude Gardiner returned to her home in Chateauguay, Que., after spending some time at the home of Mr. and Mrs. Cyril Foster.

Farm Forum Notes

The opening meeting of the Gore Farm Forum was held at the Neely home on Monday night, November 3rd, with a good attendance. The topic for discussion was: "To Farm or Not to Farm: Vital Question for Youth".

Ques. 1. Suppose a young man asked you for advice as to whether or not he should choose farming as a life work. What points would you consider most important to stress in your reply? The group thought that the young man in question needs to take into consideration the hard work, disappointments and long working hours. He needs capital to buy machinery, as custom work is too expensive. If he is running a dairy farm, he needs a great deal of capital to make money.

Ques. 2. How can the attitude of the farm wife affect the success or failure of the farm?

The wife needs to be thrifty. It has been said that some wives can throw out more with a tablespoon than a man can bring in with a shovel. She should be willing to back her husband and take disappointments also. She must try to keep a bright and cheerful home.

After discussion cards were played at four tables, with Mrs. W. J. McCartney having high score. Mrs. Matt. Gilligan and Mr. Duncan Neely low score, and Mr. W. J. McCartney the travelling prize. Lunch was served by the ladies.
