REPORTS OF SERIOUS UNREST AND DISTURBANCES IN SOVIET RUSSIA

Rumors Are Rapidly Spreading into Capitals of Europe, Despite Repeated Denials by Soviet Spokesmen—Mutiny of Red Soldiers and Wholesale Arrests of Prominent Leaders Mentioned—Soviet Leaders Claim Reports Designed by Anti-Soviet Leaders to Divert Public Attention from Forthcoming Trial of "Ramzin and Other Wreckers."

LONDON, Nov. 22.—Rumors and reports, none of them confirmed, of serious unrest and disturbances in Soviet Russia persisted in the capitals of Europe today despite repeated denials by Russian spokesmen.

The most important of the reports was contained in a Reuter's despatch from Riga, Latvia, hotbed of eastern European rumor, that Joseph Stalin, Secretary-General of the Russian Communist Party and, in effect, head of the Soviet Government, was murdered in Moscow yesterday.

Tass, the Soviet official news agency, answered the report with cablegrams to its world affiliates declaring that all rumors of M. Stalin's assassination were "malignant and absolutely unfounded inventions." The same cablegrams denied other reports of mutiny of Red soldiers and wholesale arrests of prominent leaders and stated that the reports were designed by anti-Soviet leaders to divert public attention from the forthcoming trial of "Ramzin and other wreckers."

This reference was to eight prominent Russians who, less than a fortnight ago, were indicted for counter-revolutionary activity. The government-inspired press printed their alleged confessions, which had plotted with Raymond Poincaré and Aristide Briand of France, Lord Churchill, Sir Henri Deterding and Lawrence of Arabia of Great Britain, and other prominent persons to bring about intervention in Russia. The Soviet charges were considered by those concerned generally as too fantastic for denial.

The Associated Press bureau in Berlin attempted to reach its Moscow bureau head by telephone for hours yesterday, but was informed by the telephone company exchange, "something is wrong in the direction of Moscow. We still are unable to complete calls given us at 6 p.m." Whether the service interruption originated in Moscow itself or from without the telephone company could not be stated.

The telephone call finally was completed at about one o'clock this morning Berlin time, the bureau head stating that he knew nothing about the report of M. Stalin's death. The connection was very brief and further conversation was impossible.

At midnight Reuters News Agency officials in London said that they were puzzled by the long silences from Moscow, which finally was broken with arrival of an unimportant item from Tass News Agency unconnected with the prevailing reports of disturbances.

The Daily Express, in a despatch from Berlin today, printed additional reports of disorders which were said to have evaded the censorship. New despatches were said by the correspondents to have confirmed the prevalent reports of mutiny of two battalions of Soviet troops near Moscow. Two other mutinies were reported, one at Leningrad, and the other at Kronstadt, where officers and crew of the gunboat Varkov were alleged to have been put in irons.

A man named "Peters" and labeled the "notorious executioner of the OGPU (secret police)" was said to have been given authority to take down batteries of Red Army of its disaffected elements." M. Kork, commander of the Moscow military district, and M. Tuchachevski, of the Leningrad area, were ordered to relinquish their posts pending inquiry into unrest in their commands.

MOSCOW LEGATIONS REPORT THAT SITUATION IS QUIET

HELSINGFORS, Finland, Nov. 22.—Telephone inquiries during the night to the Finnish and Swedish legations at Moscow by the newspaper Hufvudstadsbladet elicited the information that the Russian situation was "absolutely quiet."

The Swedish minister informed the paper that he had just returned to the legation after a walk in Moscow streets.

STATE RUMORS TOO SILLY TO WARRANT ANY DENIALS

MOSCOW, U.S.S.R., Nov. 22.—Numerous rumors of the past few days of trouble in Russia were declared by Soviet officials this afternoon to be utterly ridiculous inventions by enemies of the regime across its borders.

The officials stated that rumors that Joseph Stalin, for instance, had been murdered, were too silly even to warrant denials.

They said that not only had no attempt been made on Stalin, but that there have been no mutinies, outbreaks, battles or uprisings, and

DIFFERENCE IN CIVILIZATIONS IS DESCRIBED

Begum Shah Nawaz Declares that in West Body Ranks Over Soul, While in East the Soul Rules the Body.

LONDON, Nov. 22.—"In the west you feed the body and starve the soul; in the east we starve the body and feed the soul," the beautiful Begum Shah Nawaz, beautiful Indian woman delegate to the Round Table Conference, declared in the Daily Mail today in discussing the differences and similarities of British and Indian women.

The Begum, whose brilliant address to the Conference on Thursday thrilled both her Occidental and Oriental hearers, depicted the idea that in the purdah, or veiling, system in India involved slavery of Indian women. "The freedom of women in England is not greater than that of many women in India," she said.

Even women who still are in the purdah in India and you must not get the impression that being in purdah means being kept in a cage and tyrannized by a domineering husband. Women's life in India is nothing like that although there are bad husbands and other evils in England. Many women are no longer in purdah but those who still cling to the old system are happy enough. They are queens in their homes, not slaves."

The Begum declared that Indian women were determined to make the best use of western civilization, combining it with the best in their own. "But they will never wear western dress and do not think that they will ever smoke in public although many women living in purdah smoke the hookahs as their mothers and grandmothers did."

Describing further customary liberties of Indian women she said: "We play lawn tennis and have our clubs and associations and we read Galsworthy and Bernard Shaw." It was then that she drew her figurative contrast to the west and the east, her beautiful eighteen year old daughter, Mantaz contributing: "That is quite true. We in the east have time for dreams out of which the finest things are born. Most modern girls in India love poetry."

CANADIAN GOLD RESERVE PASSES HUNDRED MILLION

Healthy Increase in Amount of Precious Metal in Government Vaults Shown for Past Year.

OTTAWA, Nov. 22.—The Dominion Government's gold reserve has crossed the hundred million mark. A statement issued yesterday by the Department of Finance announced that the gold reserve on October 31 was \$104,998,000. Some idea of how the reserve has been piling up can be gained from the fact that on June 30, 1929, it amounted to \$61,646,235.

In addition to what the Dominion Government holds, the banks have substantial holdings. Speaking before the Bankers' Association at Montreal last week, the president, Beaudry Leman, stated on September 30, the banks had gold to the extent of \$14,630,000 in the central gold reserve and \$55,348,000 elsewhere which includes holdings outside of Canada. This would make a total altogether including the Dominion reserve, of \$176,174,000.

Of the Dominion holding, \$104,754,998 is against Dominion notes in circulation which amount to \$142,129,481 and in addition \$38,700,000 notes which are in circulation against other securities.

CHAMBERS OF COMMERCE PARTY REACH HONG KONG

Official Call Made by Officers of Canadian Group on Governor and Members of Hong Kong Bodies.

HONG KONG, China, Nov. 22.—The delegation of the Canadian Chambers of Commerce arrived at this populous British port in southern China yesterday after a sea voyage of 850 miles from Shanghai. They left the latter place Tuesday afternoon, sailing down through the East China Sea, the Formosa strait and the South China Sea.

John M. Inrie, of Edmonton, chairman of the delegation, and W. McL. Clarke, Montreal, secretary of the Canadian Chambers of Commerce, paid an official call upon the Governor of Hong Kong and then called upon the presidents of both the British and Chinese Chambers of Commerce.

PROPOSAL OF HOLLAND SUPPORTED BY CANADA

GENEVA, Nov. 22.—Canada today came to the support of a proposal by Holland made before the Preparatory Disarmament Commission that full exchange of information regarding war materials was essential to the success of any disarmament treaty.

Dr. W. A. Riddell, Canadian delegate to the Commission, was supported in his view by Hugh S. Gibson, United States representative, who pointed out that his country already employs a system of full publicity and exchange of information.

ADVANTAGES OF THIS PROVINCE ARE EXHIBITED

Quebec Province Yesterday Came into Prominence in Cattle Show and Made Clean-Up in Maple Sugar Division.

TORONTO, Ont., Nov. 22.—A distinct French-Canadian atmosphere surrounded the Royal Winter Fair as the day was given over to the features of the Province of Quebec.

While yesterday was dedicated to the Maritimes, Quebec came into prominence through her winnings in the cattle show and her clean up in the maple syrup division, and she was again faced with opportunity to score further victories in today's programme, which consists mainly of livestock and fax judging.

Throughout the grounds there were traces of old French Canada, many scenes of which were depicted in the fair moving picture theatre. In the evening there will be paraded through the Coliseum during the horse show, floats representing the provincial industries, followed by her cattle horses and other exhibits.

Yesterday's cattle judging, which was carried far into the evening, sent numerous awards in different classes to the Prairie Provinces, Quebec, Ontario and New Brunswick. Nova Scotia and Prince Edward Island will come into their own today, when the fox judging preliminaries are completed and competition narrows down to championships.

Further performances by the officers competing in the international military jumping events will again feature this evening's horse show, which for the past three years has been witnessed by some 10,000 people.

POLICE FINISH WORK STARTED BY BURGLARS

While Attempting to Rob Vault in Montreal Office Some Days Ago Burglars Poured Enough Nitro-Glycerine into Combination to Wreck Whole Building.

MONTREAL, Nov. 22.—Police reserves held back all traffic, establishing a safety zone, nearby residents were advised to remain indoors and crowds stood at a safe distance to see an office building wrecked as experts prepared to set off a charge of nitro-glycerine in the combination of a vault in a north end bottling works yesterday.

When the zero hour arrived a slight "pop" was heard and the building remained unshaken, while the waiting throng looked around to see who had opened a bottle.

Burglars visited the plant several days ago but were surprised by police as they were about to blow the safe containing \$1,500. Experts discovered that enough nitro-glycerine had been poured into the combination to destroy the building.

The only safe way to get the money out was to complete the work started by the burglars, they said. Accordingly the vault was banked with bags of cement to save the building as much as possible, and after elaborate arrangements the charge was detonated. The immense safe door was completely shattered but the cement absorbed most of the shock and the building was saved.

TORONTO TAG DAY WORKER KILLED WHEN AUTOS CRASH

Three Other Persons Injured in Street Corner Accident in York Township.

TORONTO, Nov. 22.—Charles Muecke, thirty-nine, secretary of the tag day committee, was killed on the outskirts of the city last night when two automobiles crashed at an intersection. Three other persons were injured.

The accident occurred as Muecke and James Robertson, thirty-three, were returning from points in York Township where a tag had been held.

RUSSIAN WHEAT BEING RUSHED TO LIVERPOOL

Over Six Million Bushels of Soviet Wheat Said to Be En Route for British Markets.

LONDON, Nov. 22.—The Daily Telegraph today states a further shipment of 800,000 quarters of wheat (a quarter is a heaped measure of eight bushels), is en route to England from Soviet Russia, following a shipment of 1,000,000 quarters from that country last week. Other cargoes of Russian wheat will be despatched to England up to the setting in of winter, the newspaper states.

It is learned in the city Soviet Russia is exporting much larger quantities of wheat than was even thought possible, and selling the shipments regardless of cost on the British market.

Russian wheat has been offered at Liverpool at one pound sterling per quarter, but one authority on grain marketing emphasizes that Russia has not caused the present depression, but by entering the market as she has done, has merely intensified it.

NEW HOTEL HEATING PLANT CAN USE PULVERIZED COAL

Oil-Heating System in Vancouver Hotel Installed Awaiting Tests of Efficiency of Pulverized Coal.

VANCOUVER, B.C., Nov. 22.—The heating plant of the new Canadian National hotel here will be so constructed that it can be changed over from oil to pulverized coal on short notice. Col. T. A. Hiam, resident assistant to the president of the Canadian National Railways, said yesterday.

Colonel Hiam's statement followed criticism by J. D. Galloway, provincial mineralogist, who, in addressing the British Columbia division, Canadian Institute of Mining and Metallurgy, said "It was almost a disgrace" that the new hotel should use oil instead of coal in view of the unemployment in provincial coal fields.

Colonel Hiam said oil was selected for perfectly good reasons, the chief of which was that the company was not satisfied the pulverized coal system had been perfected sufficient to warrant its installation in the new structure. Experts had been sent to United States cities, he said, to investigate pulverized coal systems there and their reports had confirmed the view of the company.

CANADIAN INDUSTRIAL PROSPECTS ARE DAILY BECOMING BRIGHTER

Textile Industry Has Been Stimulated by Tariff, Mining Continues on Upgrade, and Footwear Industry Shows Improvement—Early Increase in Steel Prices Predicted—Market Views Government's Refusal to Fix Wheat Prices With Favor.

TORONTO, Ont., Nov. 22.—A majority of the favorites on the Canadian stock exchange exhibited a tendency to advance during the fairly active markets of this week.

Little evidence of definite improvement in trade and industry was noticeable in the week's statistics. Unseasonable weather is holding retail and wholesale business back, but this will likely be remedied when cold weather comes. The wheat situation is the dominating factor, and despite this fact it is generally believed business sentiment will approve of the action of the Dominion Government in declining to guarantee a "minimum" price of 70 cents a bushel for this year's crop. Wheat prices this week ebbed to the lowest point in the history of the Winnipeg market, but were gradually strengthening in closing markets of the week.

It is recognized that the hoped-for developments of a reasonable character this fall will not materialize, except perhaps in retail trade movements, but the feeling is growing that the worst of the business depression is over, and the coming of spring is confidently expected to usher in better times. There were two reassuring developments late in the week, both of an international character, that may be prominent factors in leading business out of the depression. One was the suggestion that a large credit be established by Great Britain in France and the other was the report that this year's wheat harvest in the Argentine would show a loss of 2,000,000 tons from rust.

An absence of selling pressure was apparent on the Canadian markets this week. A wider interest was also shown, and a number of

RUMORS ABOUT DIRIGIBLE ARE AGAIN REVIVED

Question as to Whether or Not There Was a Woman Passenger on R-101 Is Still Unsettled.

LONDON, Nov. 22.—The rumor that a woman passenger rode to her death in the crash of the dirigible R-101 was revived by the Saturday Review, which linked that rumor with another concerning the disappearance of a "well known air woman."

"Was there a woman passenger in the ill-fated R-101?" the publication asked. "The French press certainly said there was at the time of the disaster, and visitors to the scene of the tragedy were shown a woman's handbag which, it was said, was found in the wreckage."

"Now comes another rumor that a well-known air woman has been missing from her home since the day the R-101 sailed, and nothing has been heard of her since. After all, if there was a woman on board, why conceal it?"

No rumor concerning "a well-known air woman" has gained general currency here, and it was not clear to whom the Saturday Review referred.

TRIAL OF SMUGGLING RING POSTPONED TILL NEXT WEEK

Charles Feigenbaum Described by Montreal Customs Officials as Mainspring of Smuggling Conspiracy.

MONTREAL, Que., Nov. 22.—Charles Feigenbaum, described by Judge Cusson as "the mainspring of the whole smuggling conspiracy" believed to have been broken up by the arrest of five men, was arraigned yesterday on three charges of smuggling, possessing smuggled goods, and conspiracy to smuggle. Bail was set at \$15,000 and an adjournment fixed for November 28th.

In the case of the four other men, Joseph Lapalme, customs appraiser, Julius Cohen, Louis Briskin and Louis Miller, adjournment was postponed till November 28th. The reason for the postponement was that Charles Feigenbaum and his brother, Max Feigenbaum, who were expected to surrender themselves failed to appear.

PREMIER BROWNLEE IN MONTREAL

MONTREAL, Nov. 22.—Premier J. E. Brownlee, of Alberta, arrived in Montreal this morning from New York after spending yesterday in Toronto. Premier John Bracken, of Manitoba, who accompanied Mr. Brownlee to New York, went directly to Ottawa.

After receiving fifty statements testifying to fifteen racketeers in the city, District Attorney Thomas C. C. Crain said "It would appear that they have their hands on everything from the cradle to the grave, from babies' milk to funeral coaches."

On the basis of one complaint, Mr. Crain estimated that gangdom shakes down \$35,000,000 annually from consignees of ship and railroad freight, levying a tribute of three cents on every hundredweight of goods delivered here. Every pier and railroad station in the city, with the exception of the United Fruit Line, it was stated, is dominated by racketeers.

Other complaints claimed that the operators of independent laundries and cleaning and dyeing shops pay more than a million dollars a year into the coffers of the underworld. If they don't, they are in danger of having garments in their care ruined by acid, slashed to ribbons or stolen, it was stated.

Additional lines from which gangsters rake off vast sums were listed as follows: Funeral coaches on their way to cemeteries; musicians in cabarets, theatres and dance halls; miniature golf courses; unorganized labor, and night patrols for merchants' stores. In every case, refusal to pay means personal injury or destruction of property, the letters stated.

LINER GROUNDED

COPENHAGEN, Denmark, Nov. 22.—The Scandinavian American liner Frederick VIII, which left Copenhagen for New York yesterday, returned here during the night after grounding on the bottom of the narrow passage sound. Since the ship must undergo repairs, passengers were transferred to the liner Helligøla leaving Tuesday.

SEVEN VILLAGES DESTROYED AND OVER FIFTY PERSONS KILLED BY EARTHQUAKES

TIRANA, Albania, Nov. 22.—Seven villages were destroyed and more than fifty persons killed in the earthquakes which yesterday at 8 p.m., shook the Valona district on the shore of Adriatic.

More than two hundred persons were injured. The villages to suffer Brataj, Thermi, Dukat, Lepenik, Vranisht and Llogara.

FAMILY CLAIMS MANY MILLIONS FROM BRITISH

Value of Mosul Oil Fields Included in Action Entered by Heirs of Former Turkish Sultan.

ISTANBUL, Nov. 22.—Two Emuachs in the former Imperial harem, acting as door keepers at the British-Turkish tribunal, evoked memories of Ottoman majesty at the trial today of a suit by descendants of Abdul Hamid, one of the last of the Sultans, to recover \$80,000,000 from the British Government.

Seven sons, one daughter and four widows of the former Sultan are the claimants in the suit, which is to recover the value of confiscated property in Iraq and Palestine, including the Mosul oil fields. Thirty-seven other descendants are abstaining from the action. None of the plaintiffs were in court today.

Counsel for the London Government claimed that the inheritors had lost their Turkish nationality and had ceded their rights of inheritance to various British companies. The tribunal will pronounce decision December 14th.

CABINET MEETING YESTERDAY

OTTAWA, Nov. 22.—The final meeting of Cabinet this week took place yesterday. The ministers were in council for over two hours, but announcements are held up pending approval of the orders by the Governor-General.

Attendance of Cabinet next week will increase in number with the return of some of those ministers who went overseas to the Imperial Conference. It is not anticipated that Premier R. B. Bennett will be here for some little time yet. Sir George Perley will carry on as acting Prime Minister until Mr. Bennett's return.

MILLIONS IN TOLL PAID ANNUALLY TO RACKETEERS

Gangsters in New York Collect from Everything, Including Funeral Processions and Corner Golf Courses.

NEW YORK, Nov. 22.—Complaints indicating that racketeers obtain millions of dollars annually preying upon activities ranging from funeral processions to corner golf courses were before the authorities today in their onslaught against the underworld.

After receiving fifty statements testifying to fifteen racketeers in the city, District Attorney Thomas C. C. Crain said "It would appear that they have their hands on everything from the cradle to the grave, from babies' milk to funeral coaches."

On the basis of one complaint, Mr. Crain estimated that gangdom shakes down \$35,000,000 annually from consignees of ship and railroad freight, levying a tribute of three cents on every hundredweight of goods delivered here. MORE HOPEFUL VIEW HELD OF NEXT BUDGET

In Spite of Large Drop in Customs and Excise Collections, Deficit in First Government Budget Not Expected to Exceed Twenty Million Dollars.

OTTAWA, Nov. 22.—With gold holdings in the vaults of the Department of Finance nearly doubled during the past year and the revenues from various sources showing a smaller decrease than earlier expected, Premier Bennett may find it easier to present a balanced budget to Parliament at the next session than find a competent Minister of Finance, whose duties since election day he has been carrying himself.

Although admitting that a surplus for the year in the Federal treasury is out of the question, officials maintain that the financial of the country is not as black as many would paint it. In spite of the heavy falling off in customs and excise revenues, the net deficit for the year is not expected to exceed twenty million dollars.

The most serious revenue decline in the current year is that from customs, but even those conversant with the trend of import business are reluctant to concede a decline for the entire year of more than \$50,000,000. Up to the end of the seven months of the current fiscal year customs revenue was off about \$30,000,000 and excise revenue off about \$15,000,000. One item in the latter is the loss of revenue as the result of the new liquor export legislation by which liquor gets to St. Pierre and Miquelon from Canada, and secures a foreign landing certificate which means that the Dominion will lose in the year about \$10,000,000 as a result of this big leak to islands subject to the Government of France.

There will be a serious decline however, the sales tax, due more to the cut in the tax rate than to the decline in business transactions, and as for the income tax, it is expected that the revenue will just hold its own as compared with last year. Most taxpayers are fearful of an increase in the tax rates on income and sales in the coming budget, but a final determination of the final balance shown at the end of the year.

Scant notice has been given so far to a steady and notable improvement in the vaults of the Department of Finance. This time last year there \$58,000,000 in gold on deposit against Dominion notes. Today the figure is \$105,000,000, nearly double the previous figure. While much is accounted for by deposits of banks here, yet the Dominion treasury has bought extensively throughout the summer and fall months of the Canadian gold production, thus enabling it to maintain a firm hold on the exchange situation as between Canada and the United States.

As a reliable meter of Canadian business conditions, the sale of stamps by the post office throughout the country is usually given close attention. Up to the end of the seven months of the current fiscal year, postal revenue, as disclosed in the records of the Post Office Department, shows a decline of only \$300,000 in the offices of the larger cities of the Dominion, and it is just possible that this will be wiped out before the end of the fiscal year.

The inroads into the treasury for the current year are the enlarged provision for the returned soldiers, which will be at least \$50,000,000, and the unemployment relief of at least \$20,000,000. In the next fiscal year the pension system will cost at least \$40,000,000, which means that in the aggregate more will be spent out of the consolidated revenue on account of the war than is collected out of the income tax.

To keep the inevitable deficit to be shown in the next budget within reasonable limits, it will be necessary for the Bennett Ministry both to reduce expenditures and slightly to increase taxation, and the taxation will necessarily be more direct than indirect. For any considerable increase in the import duties coming from a cessation of the tariff on the treasury until there is a larger volume of purchases by Canada.

THE WEATHER

PARTLY CLOUDY AND COLDER

Pressure is now high over the greater part of the United States, and the depression which was north of Lake Superior yesterday has moved northeastward to Hudson Straits. Except for showers in Northern Ontario, the weather over the Dominion has been mostly fair and mild.

Forecast: Fresh to strong westerly winds; partly cloudy and a little colder tonight and Sunday.

Northern New England: Generally fair and colder tonight and Sunday; moderate to fresh southwest shifting to west or northwest winds.

Temperature yesterday: Maximum 56, minimum 30. Same day last year: Maximum 30, minimum 13.

SCHOOL PRIZES ARE AWARDED; FARNHAM NOTES

Prizes Awarded for General Proficiency at Intermediate School—Several Meetings Held.

FARNHAM, Que., Nov. 22.—On Friday, November 7th, the Farnham Intermediate School closed its Thanksgiving and Armistice holidays. Previous to the closing upon this afternoon, the principal, Mrs. A. D. Thompson, and teachers, Miss Gertrude Stafford, Miss Bertha Riley and Miss Ethel Scott, together with the pupils of the school, assembled in the principal's classroom, that the pupils might be presented with the prizes given for the highest marks in general proficiency, and for the various studies taken during the school year of 1929-30.

For a number of years past a concert has been given by the pupils and held in the Princess Theatre, after which the prizes were presented. This year, however, the members of the School Board, and the teaching staff decided not to hold a concert in connection with the awarding of the prizes. The prizes were presented by Rev. R. G. Asch and Rev. J. C. Downing.

There were also a number of interesting remarks by the principal, Mr. R. G. Asch, and the members of the Board, and the prizes, one for each subject, were awarded as follows: Grade X.—Dolena Morrison, first in general proficiency, arithmetic, English, French and Latin. Lorne O'Brien second in general proficiency, history and attendance.

Grade IX.—Mona Laumailiere, first in general proficiency, English, French, history, spelling and Latin. Russell Cook, second in general proficiency, arithmetic, English, French and Latin. Franklyn Shufelt, arithmetic.

Grade VIII.—Buster Longtin, first in general proficiency, English and French. Madeline Cook, second in general proficiency, spelling, French and Latin. Franklin Shufelt, arithmetic.

Grade VII.—Rose Taylor, first in general proficiency, spelling, English and history. Ralph Asch, second in general proficiency and attendance. Kathleen Riley, arithmetic, attendance. Lola MacDonald, French, and Beatrice Cousins, attendance.

Grade VI.—Lily Riley, first in general proficiency, spelling, history and attendance. Shirley Longtin, second in general proficiency and English. Jean Braddock, French. Muriel Hoskins, arithmetic. Elmer Williams and Gordon Caldwell, attendance.

Peace and plenty should follow the disappearance of the trust-busting politician, solely intent on barter, who for years wrought havoc and worked dire wrong to the people who work. Captains of industry, creators of wealth, big wage-payers were malevolently attacked by the sidewalk orators, not knowing that making war on the payroll was making war on the home.

MINISTER IN WHOM OUR FARM COUNTRY HAS DIRECT INTEREST.

The Hon. Robert Weir, Minister of Agriculture in the Bennett Cabinet, is not what is known as a "gentleman farmer," nor is he a child of fortune in the sense of being born with a silver spoon in his mouth. Nor yet a professional man who becomes a "toy farmer."

Young Robert Weir, born in Wingham, Ontario, went to the country school near his father's farm, passed his entrance exams, entered High School, passed a school teacher's examination, and attended Normal School, where they train teachers. He was a wizard at mathematics, no doubt through counting the turnips and carrots and mangel wurzels as he weeded them with a hoe.

When he put himself through the University after teaching in day schools and night schools at the pittance paid to the trainers of our youth. When vacation time came Bobby Weir enjoyed his holidays as a farm hand, digging ditches and wells, working in a saw mill on Cockburn Island and amusing himself with all sorts of jobs. To him digging a divot with a hoe was more fun than doing it with a golf masher.

He joined the actuarial staff of the Confederation Life, and continuing post-graduate work the meanwhile, impaired his health. Out to the wild and woolly west was the doctor's verdict for Robert. The year 1927 found him teaching mathematics in Regina Collegiate, whilst Professor Charles Walker, the great authority on business economics, now at Queen's, was the mathematical professor at Regina College.

Came the war. With health restored, Weir enlisted, and as major of his regiment, went to save France on Flanders' Field, won the Military Cross, was wounded, and invalided to London, where he framed a correspondence course for the Khaki University of Dough Boys.

When he returned from France the President of the Confederation Life beckoned him back. But Robert Weir had grown too fond of the West, and 1919 found him a school inspector in Saskatchewan, clean cut and mature. Then he fell in love with a graduate nurse of Regina Hospital. Happy days for Weir.

Again he overworked even an iron constitution, and the doctors ordered the outdoor life.

With \$1,300 hard-earned dollars from his savings, the benighted Weir bought a V-shaped farm at the confluence of two prairie rivers in Saskatchewan.

He is no fancy farmer, but in the triangle formed where the Carrot river joins the mighty Saskatchewan he made that farm pay from the grass roots. His farm grew from its own profits. Soon he owned 1,170 acres, though his original plot was 160. It was worthy a name and became Hereford Farm, for Mr. Weir believes in the best of everything, and he specialized in pure bred cattle. The Weir show cattle got the habit of taking the blue ribbon at the Western Fairs, and a blue ribbon adds more profit to a cow than does ensilage or oats. He became the dean of the Herefords, the authority on good farm horses, and his four-horse team swept the boards at the big fairs in Edmonton, Calgary and Regina.

With his hens, his sheep, and his swine he follows the pure bred and registered stock, and he gets full worth when he sells.

Who can say that education and training does not pay on the farm. For Weir can teach as well as preach. He is a go-getter, a far-seer.

This is the man who starts a statesman's career in his early forties—a real farmer at the head of the Department of Agriculture, a diversified farmer with diverse attainments.

No wonder he made such a good impression at the opening of the Sherbrooke Winter Fair. He was sincere, and he knew the farm language.

Since the first Minister of Agriculture was a brewer, and since we have had lawyers and laymen accept the headship of the Department of Agriculture, none have been so well attuned to the position as Robert Weir, M.C. M.P., and now M.A.

When he was elected he returned to his farm, selected his stock for the coming Winter Fairs in the West, went about his business on Hereford Farm. Others rushed off to Ottawa to urge their claims for preferment, and to try to wrangle a portfolio out of the Prime Minister. Robert stayed at home and milked his cows just as did the old Creek statesman who retired to his plow.

But Bennett learned much about "This man Weir" from those who knew him, and the first thing he knew he was invited to hasten to Ottawa by the head of the Conservative party.

The Eastern Townships' claim as the finest farming district in Canada, and which was for many years well looked after by the Hon. Sydney Fisher, was overlooked. In fact, has thus far been ignored by the present administration despite their major part in the return to the party fold. Lay that aside for the moment.

The gathering of farmers at the Winter Fair were eminently pleased with the new Minister of

Agriculture. He is a man equipped with everything as a background, and we look to the department to mean more to the farmers than under any of the previous incumbents. Though we all frankly admit that the gentle and cultured Sydney Fisher was an indefatigable worker, even though he did at times allow his department to be submerged by the purposeful Sifton in the Department of the Interior.

THE VANISHING GAME.

The Muck-raker is the man who used to sit on the fence and defame every man who would start some new enterprise, the while he would still sit and spit and try and inflame people to buy out the enterprise and then let him sit and spit and run it for his own political advancement. Fortunately that type of man no longer has an audience. Not while we continue to pay each man, woman and child of us, \$1 each towards our publicly owned railway deficit.

If the C. N. R. would engage some of the trained accountants who can make the Ontario Hydro-Electric show a profit they might hide that ten millions from the public gaze. It has been done, whilst the taxes grow up like mushrooms in the night and taxdoostools in the day.

EDITOR'S NOTE BOOK.

The visit of the Prime Minister to England had the effect of stimulating the work of the Canadian Trade Commissioners in Britain, and some impressive displays of Canadian products have been made in the store windows of the London grocers. The department will justify its existence if it but keep up this display of energy. The chairman of the Empire marketing Board very naturally arranged for a visit to these shops of the Premier and his colleagues at the Imperial Conference. Should the Canadian Trade Commissioners keep thus active and back up their displays with good advertising in the Beaverbrook and Rothermere newspapers, which have so sturdily upheld all that is within the Empire, the prestige of Canada's pure foods will soon gain first place with the British shopper.

It does seem too bad that Canada has not a tropical zone, so that in the winter time we shall not have to godspeed some of our best citizens on their way to the land of the alligator and the centipede, down by the waters where the young sharks frisk in the waves and then frisk us at their hotels. Yet are our wanderers all tourist ambassadors, for each summer they coax back a multitude of our American cousins, who join the grand trek for the country where there is an untold wealth of woods, water, hills and dales, minerals and ozone. It was the builders of the Q. C. R. who first gave the Eastern Townships and their glory spots to all the people.

THIS DAY THIRTY YEARS AGO

From the Files of the Sherbrooke Record, November 22nd, 1900.

Paul Kruger, in a speech at Marseilles, said: "I assure you that if the Transvaal and the Orange Free State lose their independence it will be because all the Boer people have been destroyed with their women and children."

The sign "Walk or Pay Two Dollars" on the covered bridge at North Hatley, was blown down by the storm. A wash-out on the line stopped all mail trains.

The plaster ceiling in the Art Hall fell and damaged the pictures.

Mr. and Mrs. J. A. McKechnie have arrived in Los Angeles, Calif., where they expect to spend the winter months. Mr. and Mrs. McKechnie had an enjoyable trip to the coast, making several stops en route, including a few days in Chicago.

The Dakonya group C.G.T., of Plymouth United Church met last evening in the church hall. The devotional exercises were in charge of Miss Pauline McVie. A business meeting was held, during which final plans for the conference on November 29th and 30th were made. A jolly sing-song followed, and the meeting closed with taps.

The St. Francis Club met last evening at the home of Mr. and Mrs. Robert Brown, Brompton Road. There was a large attendance, and after a short business meeting a delightful social time was spent by the members and their guests in dancing and playing "500." A delicious refreshment was served by Mrs. Brown and members of the Club.

Friends will be relieved to hear that Mr. George W. Murphy, London Street, is improving after his recent operation. Reports from the Sherbrooke Hospital this morning state that Mr. Murphy had a good night. Mr. George Murphy, Jr., who spent a few days at home during his father's illness, has returned to Montreal to resume his studies at Loyola College.

The First Troop Boys Scouts' Mothers' Auxiliary met last evening at the home of Mrs. T. Bench, Johnston venue. There was a good attendance of members and a number of visitors. After the usual business meeting, cards were played at four tables. Delicious refreshments were served by the hostess, assisted by Mrs. W. Shepherd and Scoutmaster Harold Bench. The next meeting will be at the home of Mrs. George Hutchison, Mount Pleasant street.

Mrs. Mitchell, Dufferin avenue, entertained at luncheon yesterday in honor of her sister, Miss McKechnie, who is sailing early in December to spend the winter abroad. Covers were set for seven, and the table was attractively done with a profusion of lavender baby mums, feathery foliage and exquisite favors. After luncheon Mrs. H. Bruce Fletcher entertained at bridge and afternoon tea, when prizes were won by Mrs. Noel Brooke, Mrs. T. S. Somers and Mrs. Harry Macfarlane, with a special prize for the guest-of-honor.

The cast of characters for the presentation of the three-act comedy "His Last Chance" comprises: Miss Lillian Smith, Mrs. R. Smith and T. Trillie in the leading roles, Misses L. Daniels and E. Smith and Messrs. H. Smith and L. Daniels. The play is one of the most delightful comedies of C. R. Colburn's, which promises to be one of the best productions of money from the Provincial Dramatic Society. The first performance will be given in East Angus, which will be followed by two nights in Sherbrooke under the auspices of the Ministerial Association for relief of the unemployed in the city.

Mrs. Horace Martin, King street west, entertained the Fourth Troop Boys' Scouts' Mothers' Auxiliary on Thursday evening. A short business meeting was presided over by Mrs. Frank Patton. It was decided to hold a tea and food sale in the near future, the proceeds to be devoted to needy persons at Christmas time. Following the meeting cards were played at six tables, and prizes were won by Mrs. J. Cotterell and Mrs. C. G. Bradford, the consolation by Mrs. S. Dore and Mrs. A. G. Lomas.

All supporters are asked by Miss Hilda Banks, at the conclusion of the card game refreshments were served by the hostess, assisted by Mr. Edgar Martin. The next meeting will be at the home of Mrs. Charles Wright, Federal street.

Yesterday the members undertook to assist in the families whose cases had been previously investigated. Two other families will be investigated before the next meeting by the relief committee, which was appointed at yesterday's meeting with power to add to their number. Much enthusiasm is evinced by the young women in the praiseworthy social service work they have undertaken, and they should meet with whole-hearted assistance in their laudable endeavor to relieve want and suffering among the poor of the city. At the previous meeting the following officers were unanimously elected: President, Mrs. A. A. Munster; first vice-president, Mrs. Gault Parker; second vice-president, Mrs. Malcolm W. Mitchell; secretary, Miss Margaret Cross, and treasurer, Miss Isabelle Mitchell.

GIRL INJURED FINGER WHILE CLEANING WEAVING FRAME. Seventeen-year-old Marie J. Gullbault, of Collinsville, employed by the Sherbrooke Cotton Company, severely injured the second finger of her left hand yesterday while at work.

Miss Gullbault was cleaning a frame for weaving when she caught her finger in the machinery. She received temporary treatment by Dr. George Hume, and was admitted to the Sherbrooke Hospital this morning. The condition of her finger is not serious, although the injury is decidedly painful.

CITY COUNCIL TO MEET ON MONDAY AFTERNOON. It was announced at the City Hall this morning that a special meeting of the City Council will be held on Monday afternoon at four-thirty o'clock, when the City Fathers will discuss the manner in which the money from the Provincial Government, for the relief of unemployment in Sherbrooke, is to be spent.

It is understood that there is a division of opinion among the aldermen as to the purpose for which this money should be used. The City of Sherbrooke is to receive \$50,000, it is understood. Some of the aldermen favor using this amount, or at least the greater part of it, for a filtration system, while other members prefer other projects.

GAVE ADDRESS ON "FIBRE PLANTS IN CANADIAN LIFE". Last night in an address before the Hi-Y Club, Mr. Fred Brown, assistant superintendent of Lennoxville Experimental Farm, gave an account of the production of fibre in Canada. In the commercial life of today, the speaker pointed out, there are four outstanding fibrous products, cotton, wool, flax and hemp. Although at one time it was believed that Canada was not a country for the production of hemp, it has been discovered that it can be successfully raised in different parts of Canada, which makes Canada one of the most outstanding countries in the world for fibre products, since in wool and pulp Canada today occupies a most outstanding position, while in flax it has for years taken a very prominent place.

Included in the difficulties of the fibrous industry production in Canada was the high cost of labor. With both flax and hemp considerable work is required, but with the recent inventions it is hoped that Canada by introducing new scutching machinery will be able to cut down its costs to compete with any other country in

ART GALLERY IS OPENED ON GREAT LINER

Prince George and U. S. Ambassador Dawes Among Those to Buy Pictures in Board Aquitania, Where Benefit Sale Is Being Held for British Ex-Servicemen.

SOUTHAMPTON, England, Nov. 22.—The Aquitania sailed today as a floating picture gallery, hung with canvases to be sold for the aid of the British ex-servicemen.

United States Ambassador Charles G. Dawes bought the first picture for \$500, when Prince George opened the exhibition on the liner whose corridors and enclosed decks are hung with four hundred paintings valued at \$75,000.

Prince George bought a picture for \$125, but when he discovered it already had been sold he chose another.

The collection includes pictures by unknown artists and by such famous artists as Augustus John, Sir William Orpen, Sir John Lavery and C. R. W. Nevelson.

All are by living Britons except one sketch by the late John Singer Sargent, from which he painted the famous war picture, "Gassed," now hanging in the British War Museum. The exhibition will be open to the public during the Aquitania's stay in New York.

The world. The address was very interesting, with a high educational value, and was enjoyed by all present. The speaker was heartily thanked by past president, Wesley Bradley.

ACTION BEING TAKEN AGAINST MANY MOTORISTS. Chief Camirand advised this morning that action will be taken against no less than twenty city motorists who persist in driving their vehicles without the proper lights. For over a month now, the chief has been steadily attempting to curb the dangerous practice of several automobilists of driving their motor cars only one front light or without a tail light operating, but his many warnings and words of advice have gone unheeded.

The indiscretion of motorists who simply will not listen to the advice and friendly warnings of the law have made it compulsory for the police to exercise drastic measures in the case of these careless drivers.

MRS. GUSTAVE RICHARD PASSED AWAY IN MONTREAL. The remains of Mrs. Gustave Richard (Catherine Elizabeth Tracy) whose death occurred at her home in Montreal on Thursday, arrived in this city last evening, and were taken to the residence of her mother, Mrs. Ellen Tracy, 18 Ball street.

Mrs. Richard had until about four years ago resided in this city, where she enjoyed a large circle of friends. She was born in Sherbrooke the daughter of James Tracy and Ellen Elizabeth Murphy Tracy, and after her marriage to Mr. Gustave Richard, who predeceased her, resided here. About four years ago she went to Montreal to live, where her daughter, Mrs. Paul H. Morin, resides.

Mrs. Richard survived by her mother, Mrs. Ellen Tracy, one daughter, Mrs. Paul H. Morin (Bellevue Tracy), two sisters, Mrs. M. Richardson and Miss L. Tracy, both of this city, and other more distant relatives.

The funeral service is taking place tomorrow afternoon at St. Patrick's Church at two-thirty o'clock, followed by interment in St. Michael's Cemetery.

MANY ENJOYED ENTERTAINMENT BY SCOUTS. An audience numbering nearly four hundred thoroughly enjoyed the fine programme which was given last evening in St. Andrew's Church Hall by members of the 6th Troop Boy Scouts, which included a list of varied attractions and several side-show features.

The programme opened with a Wolf Cub playlet, "Col. Custard's Conversion," in which the cast was as follows: Col. Custard, S. Lohrop; Ernest, Don Ross; James, Cussem; James Wilson; John, James Logan; Cubs, Raciot, Davidson, Jobe, Nicholson, Dave, Bradford and Gunmaster K. Munsey. A Burlesque vaudeville sketch, "Mac and Jack Swindler, Magicians," including a mind reading stunt and coin trick, was put on by Mac Wilson and L. Trussler. Messrs. George Loke and Sidney Loke took part in a blackface sketch which created much laughter and applause, while Mr. George Loke presented a number of interesting items between acts.

The second half of the programme was a Scout playlet, "Goody Goes to Camp," written by P. L. Lloyd Hayes of the 6th troop, depicting the adventures of a tenderfoot at camp. The parts were well taken by the members of the Antelope Patrol. A. Sundborg, D. Miller, Elwin Hall, S. LeHurray, Gerald Dunsmore, with Ronald Wilson acting as Scoutmaster. A Hebrew monologue, "O'Vee A' Bee," sung by Acting A.C.M. Ernest Hall proved very amusing. A "Campfire Minstrel Programme" brought the entertainment to a close.

End men in the minstrel programme were G. Loke, A. Hulley, Sundborg and J. Whitehead, with A.S.M. Mac Wilson acting as interlocutor. The evening was brought to a close with the National Anthem. Mrs. W. Howlett and Mr. M. Dunsmore acted as pianists. At the close of the programme, the sideshows were opened, and everyone went to see the freaks, scientific curiosities, the sale of home-made candy, potato chips and ice cream added considerably to the proceeds.

MAY CONCLUDE MURDER TRIAL THIS EVENING

Crown Has Completed Its Case Against Antonio Poliquin, Accused of Killing His Wife.

Summoning three witnesses into the box to prove that the deed was premeditated and others to testify that jealousy was the motive, the Crown this morning rested its case against Antonio Poliquin, charged with murdering his wife last New Year's eve, and the defence began the Herculean task of dissembling a very strong proof. The court decided to sit in session this afternoon, and there is a slight possibility that the case will go to the jury late today. The accused appeared in the same mood he has displayed during the trial to date, no apparent emotion showing the evidence presented. His gaze, however, was increased, three stalwart wardens being constantly on duty.

Beginning as early as seven-thirty o'clock this morning, curious spectators began to assemble, and when Mrs. Napoleon Poliquin took the stand this morning no available space was left for Mrs. Poliquin gave similar testimony to that of her husband yesterday in connection with the strained relations between the accused and her husband. Mrs. Rosa Ceminaro, elderly mother of the murdered woman, in a peculiar Franco-Italian pronunciation, stated that on the night of the crime in which her daughter's life was forfeit. The witness stated that Mrs. Poliquin was washing the floor when Ludger Denault came and informed her that her husband wanted to see her. After finishing the washing of the floor, the young woman dressed and left with her child. Several members of the jury in court the witness testified as being worn by her daughter on the night of the crime, and she stated that the two black eyes which the murdered woman bore were inflicted before she came to the city during the Christmas holidays.

Ludger Denault told of having gone to the Ceminaro residence and informing the murdered woman that the accused wished to see her, while Donat Campeau and Joseph Valles, both residents of Montreal, stated that Poliquin had related to them that his wife had deserted him for an Italian, and that if he laid hands on her he would kill her.

Practically the same evidence was given by C. E. Ouellette, inspector of the Quebec Liquor Commission, by whom the accused was employed as an operative. Mrs. Louis Nolin, boarding house keeper of Montreal, with whom Poliquin and his wife lived for some time, testified that the murdered woman was honest and trustworthy in all her relations with the staff.

This evidence concluded the Crown's case.

Mrs. Theophile Poliquin, sister-in-law of the accused, was the first defense witness. She stated there had been several breaks between the accused and his wife, and that the breach had been growing towards the end of their residence in Montreal. The trouble, she thought, resulted from the intervention of a Montreal Italian with whom the accused alleged that his wife had devoted herself.

Miss Antoinette Poliquin was the second witness brought on behalf of the defence and told of a scalp wound which the accused had suffered from the hands of the supposed Italian in Montreal. When the morning session was concluded Mrs. Poliquin was still on the stand.

Yesterday afternoon's session was attended by the largest crowd to squeeze its way into the Court room since the present Court of King's Bench term started. All the available sitting space was utilized and some of the spectators remained in the vicinity of the court house during the noon hour to obtain points of vantage. Possibly a feature of the proceedings thus far has been the large assemblage of women, who daily crowd the benches allotted to them. Several times during the afternoon the voice of the court clerk was raised in protest as members of the crowd became unruly, while the blasts which occurred periodically in connection with the erection of the court house elevator caused added pandemonium. The crowd reached such proportions yesterday that the ventilation was pressed into service, but despite this precaution the Court was forced to retire for a breathing spell.

Several members of the local police force, including Chief Camirand, Captain Prunier and constables L'Heureux, Allard, C. Pigeon and Maurice Lacharite were present. The officers' testimony was all related to the discovery of the razor. Captain Prunier explained that he was given by Constable L'Heureux, he had gone to the Poliquin home. He called Dr. Begin and an ambulance, and later found the murdered body of Maria Ceminaro lying in a garage with her head in snow. The accused at the time was sitting on a chair in the court house, blood flowing freely from the self-inflicted wounds in his neck. Provincial detective Hector Dorais was the next witness heard after Miss Antoinette Poliquin, sister of the accused, who occupied the stand for over two hours.

The accused's father, Hubert Poliquin, when called into the stand, identified the razor as his, but was unable to state if it was in its accustomed place in the kitchen cupboard on the day of the murder.

Mrs. Blanche Leane, of Montreal, another sister of the accused, was next heard. She had journeyed to Sherbrooke to spend the Christmas vacation with her parents and, on her sister's instructions, had opened the door to see the franks, and she heard a gurgling noise outside the door. According to Mrs. Lebian's testimony, the accused claimed that he had killed his wife, inflicted the wounds on his neck and asked them to go and get his child which lay beneath its dead mother.

The Court adjourned when the evidence of Napoleon Poliquin, local contractor and brother of the accus-

THREE THIEVES SENTENCED BY JUDGE LEMAY

Alexander Poirier, of Disraeli, Found Guilty of Stealing from Sheriff Therrien's Summer Residence, Given Five Year Term.

Mr. C. E. Therrien, who for the past twelve years has filled the important position of a worthy manner, is seriously considering resigning in his resignation from his present post and applying for a position with some detective agency. The Sheriff would be able to furnish ample qualifications in tracing thieves and could no doubt prove an asset to any Sherlock Holmes organization.

The results of some of his sleuthing culminated in the Magistrate's Court yesterday afternoon when Judge J. H. Lemay handed down severe sentences to three culprits on charges of theft. The complaints were brought on by Sheriff Therrien, and were for thefts committed at his summer home at Disraeli. The three accused, Alexandre Poirier, thirty-four years of age, Rosario Adam and Henri Gosselin, all of Disraeli, appeared to answer the charges. The two latter pleaded guilty. Poirier, however, decided to have his case heard, and the evidence supplied by Adam and Gosselin was sufficient to convict him. Poirier received five years in the penitentiary for his part in the thefts, while his two younger companions went by Sheriff Therrien's terms. Adam will serve the next twenty-three months behind the bars of the local jail, while Gosselin will be incarcerated for six months.

Petty thievery, which had been a source of considerable worry throughout the Eastern Townships during the past few months, should receive a check from the sentences handed down yesterday. In some cases the thieves' have been persons who were down and out, but in the case judged yesterday, pieces of a child's toys and other commercially valued articles were among the booty obtained.

The recent breaking into the Sheriff's cottage was the third raid carried out by the thieves. However, every time the Sheriff "got his man" within twenty-four hours after the robbery, the thieves should be a deterring factor to those who pick his summer home for the scene of their illegal practices.

Y.W.C.A. NOTES

A very interesting talk on "Modern Art" was given by the president of the Expression Club, Mrs. J.H. Mann, at the meeting in the Mackinnon Memorial Building on Wednesday evening. A short one act play was executed by four of the members of the club in particularly good form, and was much enjoyed by all present. Refreshments were served and a social half hour spent, after which the members of the club discussed the future programme of meetings, which resulted in the unanimous decision that less time would be devoted to drama and that the greater part of the evening would be spent in self-expression.

TORONTO, Ont., Nov. 22.—Forcing their way into a local tobacco warehouse yesterday, three burglars tied up the watchman, John Lambert, and carried away 40,000 cigarettes and 1,100 cigars. Investigating a noise on the main floor, Lambert was tackled by the robbers who tied his hands to a counter. The value of the loot is between \$300 and \$400.

ed, was concluded. On the night of the murder, Mr. Poliquin was home, and through the partitions which separated his home from his parents' living quarters he heard screams and other noises. He corroborated the testimony of his sisters and admitted that relations between himself and the rest of the family were rather strained.

HIS SALE OF LIVE STOCK At the farm of W. G. Loomis, "Beechwood," an auction sale of live stock was held this week, and fairly good prices were realized for the Holstein and Shorthorn cattle sold. Mr. Loomis has decided to concentrate his live stock efforts on Shorthorns, which, as a dual purpose proposition, he has found satisfactory in his diversified farming.

"Beechwood Farm" is on the old Waterville road, just a mile from the Government highway. The original Loomis family settled at Hyatt's Mills over a hundred years ago. "Of course," Mr. Loomis said, "I did not get as good prices as I had hoped for."

DAUGHTER OF MR. AND MRS. DOUGLAS ROSS PASSED AWAY. Althea Mary, infant daughter of Mr. and Mrs. Douglas (Witty) Ross, passed away on Thursday, November 13th, at the early age of five months.

Little Althea had always been delicate, and developed a cold which quickly turned into pneumonia.

The funeral was held at the family residence on Brompton Road on Saturday afternoon and was largely attended.

Rev. Mr. Graham, of St. Andrew's Church, spoke very comforting words to the sorrowing relatives and friends. A quartette, including Mr. and Mrs. Donaldson, Mrs. McKay and Mrs. Scott, accompanied by Mrs. E. Goodfellow, rendered "Asleep in Jesus" and "Safe in the Arms of Jesus."

The little white casket, covered with flowers, was borne by Messrs. John and Donald Ross, cousins.

FINE WEATHER IS ENJOYED BY MANY TOURISTS

Reports from Various Customs Districts Throughout Eastern Townships Show that Many Visitors Are Still Taking Advantage of Fine, Warm Weather.

The unusual spring-like weather which has been experienced throughout the Eastern Townships during the past few weeks has had a marked influence on the tourist travel of the district, which is continuing long past its scheduled time.

Reports received from the various customs centers throughout this section of the province show that there are still many automobiles from across the line coming up this way, as many of Canada's American friends are happy of the opportunity of visiting the historic old Province of Quebec at this late period of the year.

According to reports from the Customs Department at Rock Island the tourist traffic at this point of entry has increased substantially as compared with last year's figures.

For the nine months, January 1st to September 30th, 1930, vehicles reporting inwards totalled 109,002, outwards 102,034. In detail these totals are as follows: United States automobiles inwards 76,619, outwards 70,536; Canadian automobiles inwards 31,646, outwards 20,829; other vehicles inwards 737, outwards 725.

Incoming traffic showed an increase for the nine months period of 1930 compared with the corresponding months of 1929 of 17,944 vehicles. The increase in outgoing traffic was 8,677 vehicles.

At Phillipsburg, tourist traffic has been active all season. For the six months period from April 1st to September 30th, 1930, the increase in automobile traffic inwards and outwards over the corresponding months of last year was 45,113, and of passengers 114,768. In detail the figures for the half year are as follows:—

United States automobiles inwards 61,201, outwards 60,891; Canadian automobiles inwards 13,889, outwards 13,161; other vehicles inwards 103, outwards 103; passengers inwards 215,951, outwards 211,425.

The three omnibus lines operating through Phillipsburg made 543 trips inwards for the half-year period and 489 trips outwards. This was an increase over the same period for last year of 177 trips inwards and 134 trips outwards.

The Customs office at Highwater has also had its share of work during the past tourist season. The peculiar situation of this office is one reason why there are so many cars passing through, for it covers two main automobile routes.

Between the eastern and western parts of Vermont, in addition to other mountain ranges, there is one high range in the nature of a backbone to the rest which extends up into Canada as far as Mount Orford. This range is of a very rugged nature, and there are very few breaks in it to permit highways to be constructed so that from the Montreal-Sherbrooke Highway at Lake Orford, Quebec, to the Mimosaki Valley Route in Central Vermont there are only four or five routes crossing the range and the office at Highwater covers two of them, the Missisquoi Valley route and the Bolton Pass route. The first is partly in Canada and partly in the United States, while the latter is entirely in Canada.

With topographical conditions such as stated, the scenery in this vicinity is exceptionally fine, and is becoming more generally known with a consequent increase in tourist traffic at Highwater Customs. The office is under the survey of the port of Sutton.

Merton Browne and Earl Lavallee, interment took place in Elmwood Cemetery.

Little Althea leaves to mourn her loss, her parents, one sister, Irma, and two brothers, Alford and Warren.

Many beautiful floral offerings were received which were silent tokens of sympathy to the bereaved parents.

DEATHS REPORTED

MR. HENRY N. ELLISON, DUNHAM, QUE. DUNHAM, Nov. 22.—Mr. Henry Nelson Ellison, whose recent death after a brief illness, removed one whose industry and efficiency was characteristic of many early pioneers, was a highly esteemed and respected citizen of this place.

He was born, September 21, 1847, on the Ellison homestead, town of Dunham. Two hundred acres of this farm were donated him through his grandfather, the late Joseph Ellison, who came to the Townships prior to 1800 and assisted in surveying the town of Dunham.

Himself always diligent, he married in 1877 Jennie McCulloch, of Scotch parentage.

He leaves to mourn his loss his widow, three children, Mrs. W. R. Howie, Pike River, Ethel G. Ellison, Lachine, and Mr. Arthur F. Ellison, at home, T. Brooy-in-hill, Mr. E. J. McCulloch, East Farnham, as well as six grandchildren and many other relatives in different parts of Canada and the United States. He will also be greatly missed by a wide circle of friends.

Although always happy to be useful both in the interests of public welfare and in private, he never neglected the duty lying nearest.

He passed away quietly without pain, conscious almost to the last. The funeral service was conducted by Rev. T. Brooy-in-hill, of the Union Church, Cowansville, of which church, the deceased had been a member for many years.

COOKSHIRE—The Ladies' Guild of St. Peter's Church was entertained on Wednesday, November 19th, in the I.O.O.F. Hall by Mrs. E. N. Griffith and Mrs. G. Carson, who were hostesses. All bills were reported paid in connection with the grading and wall which was finished with iron piping on the lower side of the church by the members and friends of St. James' Church in October.

The tea, which was given on Saturday, November 15th, by the Ladies' Auxiliary of the Wales Home, was very well attended. Miss E. V. Griffith, county president of the W.C.T.U., was present. A branch was formed with Miss Mary E. Griffith, president; Mrs. J. G. Seiver, vice-president; Mrs. Fred T. Richard, treasurer, and Mrs. Johnnie Bowering, secretary.

Mr. and Mrs. Charles Johnson, of Island Pond, Vt. motored here accompanied by Rev. Mr. Clark, Mrs. Daphne Austin and Miss Mary Austin, and were guests of Mrs. Fred T. Richard, Mrs. Johnnie Bowering, and the Misses Mary A. and Ellen Holmes.

Mr. and Mrs. Charles Nixon and Mr. Clifford Johnston spent a day, recently, in Mont-real, on business.

Mrs. Mary A. Wilson has returned to Gore, after visiting her sister, Mrs. Harriett Graham, Mr. and Mrs. James Montgomery, Mr. and Mrs. A. W. Johnston and Mr. and Mrs. C. Montzomer.

Miss Marion Church has returned home from Lacolle, where she spent a week, the guest of Miss Annie Duffy.

Several members of Mizpah Lodge attended the meeting of Princess Rebekah Lodge on Thursday, November 13th, when they entertained their president, Sister Mary Bridge, of Lachine.

The village mourns the loss of a highly esteemed citizen in the passing away of Mr. Louis Breaton at the age of fifty-eight, in the Ste. Croix Hospital, Drummondville, on Sunday evening, November 9th. The funeral was very largely attended on Wednesday, November 12th, from his home to St. Fulgence Church. Interment was in the family lot in the cemetery here. To his aged mother, Mrs. Breaton and family, this community extends sincere sympathy.

Mr. and Mrs. Goldwin Fletcher, of Richmond, were recent Sunday guests of Mr. and Mrs. A. W. Johnston, and attended the funeral of Miss A. Cross on Sunday, November 16th, from her home at Lisgar to the United Church at Ulverton. The funeral was very largely attended.

At a recent meeting of the Brome County W. C. T. U. executive the sum of twenty-five dollars was voted for prizes, buttons, etc., for the third national W. C. T. U. educational campaign which is being conducted through the Sunday Schools and day schools of the county. A button will be given each child who writes the exams and a banner will be given the school who has the highest percentage of pupils writing the examinations. Pass and honour certificates will be presented to successful pupils, as well as local, county, provincial and Dominion prizes.

WILL PROBABLY BE A CHANGE IN N.H.L. STANDING

Four of Teams Will This Week-End Encounter Toughest Opposition They Have Met So Far This Season—Leadership in Both Sections at Stake.

TORONTO, Nov. 22.—Four teams in the National Hockey League encounter the toughest opposition they have met so far in the week-end schedule of five games. Possibilities of a shakeup in the Canadian group standing, however, are not appearing outstanding, but the status of teams in the American group is certain to undergo considerable revision.

Tonight the smooth playing Ottawa Senators invade the premises of the Toronto Maple Leafs in a game which will probably prove a good test of the merits of the two teams. The Leafs have established somewhat of a record in their first four games, having won two and tied two. They have not yet been scored upon and are the only team in the league with this distinction.

The Senators are scheduled to play in the Canadian group with the New York Americans, one point behind the front running Torontonians. It will be the first time in his career that King Clancy, dynamic defence man of the Leafs, has played against a former team mate in a league contest.

At Montreal the Maroons will endeavor to enter the win column for the first time in five starts, when they entertain one of the strongest defensive machines in the major leagues, personified by "New York" Americans. The latter have played five games, winning one, losing one and tying three. They have scored one goal, while only a single center has been registered against them, so the task the Maroons have set themselves appears no easy one, and the Senators are the same, one tally since the season opened is unlikely to be fattened to any noticeable extent.

On Sunday night three games will be played in American terrain, with all five members of the United States group swinging into action. Montreal Canadiens are the only Canadian team to participate, and they meet real opposition in the Black Hawks at Chicago. Fresh from a victory over the Boston Bruins, the windy city representatives are eager to hand the Stanley Cup holders the same treatment. Each team has played three games and each is in fourth position in their respective groups, but whereas the Hawks beat Boston, the Flying Frenchmen were decisively beaten by the Bruins, although the Hawks had the advantage of playing at home.

Last season the habitants found the Hawks a difficult obstacle to surmount, and the majority of the games between these teams ended in overtime deadlocks. Chicago has undoubtedly improved over last year.

Detroit, leaders of the American group with Boston and Rangers, meet the Bruins in the motor city. Just how good the Falcons are no doubt be shown in this game. Detroit has already chalked up wins over Rangers and Philadelphia. The latter team invade New York for the first time since becoming Quakers, where they play the Rangers. The Philadelphia have yet to win a game.

DETROIT, Nov. 22.—Willie Hoppe is making a gallant fight to retain his world's 15.1 billiards crown in his championship match with Welker Cochran, but the Californian seems to have gained a lead that Willie cannot possibly overcome.

Cochran has won eight of the ten blocks played so far and leads his veteran rival 3,000 to 2,267, with only two blocks to go.

LONG SENTENCE IS HANDED OUT TO KIDNAPPERS

As Five-Year-Old Boy Sat on Judge's Desk and Identified Men Who Had Confessed to Kidnapping Him, Court Handed Out Sentences.

MORRISTOWN, Pa., Nov. 22.—The second series of the People's Entertainment Course was held in the Harkell Opera House on Friday evening, November 14. The "Treasure Chest of Light Opera" includes many talented characters and the performance they rendered was very well received by the many people present. A tabloid presentation of "The Bohemian Girl," and "The Instrumental Trio," were decided features of the occasion.

The personnel of the company included Miss Eva Whitaker, soprano, who has a voice of rich lyric quality; Miss Elsie Belrose, who possesses a knowledge of opera in its various phases; Miss Grace Badden, contralto; George Wheeler, tenor, New England's broadcasting artist, who has appeared with the Apollo Club of Boston; Melby Crowell, baritone, who appeared as a soloist with the Apollo Club in Boston; Harry Schyde, basso, who broadcasts considerably and possesses a rich, deep voice; Miss Eunice Screeven, of the French Belgian school; Miss Eleanor Disher, one of the few outstanding women cellists in the country; and Miss Leona Beck, pianist and director.

On the occasion of Rev. Father Desve's birthday, the children of Rock Island gave an entertainment on November 11th and 12th, which was much appreciated by a large number of people. The entertainment, which was given over to a musical program, with the exception of a drama, "The Rose on the Cross," comprised vocal and instrumental selections, all of which were rendered very acceptably.

NAVY DRAFT ON LIMITATION NOW COMPLETED—HOPED THAT COMPROMISE, TO INCLUDE U. S. AND JAPAN, WILL BE FOUND.

GENEVA, Nov. 22.—The preparatory disarmament commission in a surprising burst of speed, completed its naval limitation draft, incorporating the principle of budgetary control.

The proposal, submitted by Lord Cecil of Great Britain, was adopted over the objection of the United States, which favors direct limitation, and over that of Japan and France, who are opposed to superimposing budgetary control upon direct limitation already endorsed by the great naval powers.

Lord Cecil, in recalling his earlier declaration that his country could not submit to a budgetary limitation unless it also was accepted by other great sea powers, expressed hope that some compromise formula might be found before convening of the general conference which would enable the United States and Japan to enter this scheme.

The program was adopted by the voters of Great Britain, Canada, Russia, Ireland, Norway, Persia, Finland, Italy, Rumania and Holland. Opposing were the United States, France and Japan.

In concluding its draft, the commission took over in the main the details of the London and Washington pacts as well as the fundamental provisions of the Washington agreement for limiting aircraft carriers. Figures contained in these two treaties were left in the commission's general draft, as indicative of what has already been done by the big sea powers.

MANY ATTENDED ENTERTAINMENT AT ROCK ISLAND

Second of Series of People's Entertainment Held in Harkell Opera House—Children of Rock Island Celebrate Father Desve's Birthday.

BOSTON, Mass., Nov. 22.—Speaking before the second general session of the sixth New England Conference, held under the auspices of the New England Council, L. W. Simms, prominent business man of Saint John, N.B., and past president of the Canadian Manufacturers' Association, stressed the declaration that national borders counted for little in the exchange of human knowledge, and expressed a hope that co-operation between this country and Canada would continue to grow, reaching into business and other endeavors.

With reference to the United States tariff, he said there was "a general disposition in Canada to recognize that any policy the United States of any other nation chooses to adopt is their own domestic affair. If they make mistakes these are usually corrected through experience. But such acts furnish no ground for complaint on our part, let alone retaliation."

Speaking of the time, some two centuries ago, when New England and New Brunswick were first being developed by people of the same race, Mr. Simms said: "During that period a most lively trade was carried on between New England and New Brunswick, but, gradually, as the century drew to its close, rising tariff barriers and the development of internal and trans-Atlantic trade routes caused a very appreciable shrinking up of the trade between our two communities. In the absence of statistics regarding those days, it seems as if our forefathers were too busy trading to be able to figure, and, more recently, we have not been too busy figuring to be able to trade."

DELEGATION LEAVES FOR CONVENTION AT WINNIPEG To Discuss Publicity Activities of Various Canadian Tourist Bureaus at Gathering.

MONTREAL, Que., Nov. 22.—Headed by Mr. Justice E. A. Renaud, of Prince Edward Island, in his capacity as president of the Canadian Association of Tourists and Publicity Bureaus, a party of delegates left yesterday for Toronto, enroute to Winnipeg for the first annual meeting of the Association, which was formed in Montreal last December. The chief topic of discussion at the Winnipeg meeting will be the correlation of the hitherto independent efforts of provincial, municipal and transportation bodies to advertise scenic, sports, industrial and other attractions of various sections of Canada for prospective tourists, convention gatherings and investors.

LOS ANGELES, Calif., Nov. 22.—Waves last night washed ashore the body of the third of the Stree sisters, who hand in hand waded into the sea yesterday seeking death as a relief from lonesome old age.

MASKED BANDIT CAPTURED AFTER HOLDING UP CASHIER Would Have Been Successful in Taking \$468 from Theatre Box Office But for Quick Action of Usher.

REGINA, Sask., Nov. 22.—A masked bandit, who had held a cashier of a theatre here last night of \$468 but retained his loot for only a few minutes. An usher in the theatre captured the robber after a half block foot race.

IRVINE GILES, the usher, saw the bandit, who gave his name as Arthur Ross, leaving the cashier's cage with the money. Giles downed the robber with a flying tackle and handed him over to police.

CO-OPERATION WOULD BENEFIT BOTH NATIONS

Past President of Canadian Manufacturers' Association Is Hopeful that Co-operation Between Canada and U. S. Will Reach into Business and Other Endeavors.

MONTREAL, Que., Nov. 22.—The estimated value of the building authorized by sixty-one cities during October was \$12,723,789; this was an increase of \$1,162,083, or 14.8 per cent as compared with the September total of 11,081,708 but a decrease of \$549,589, or 29.6 per cent as compared with the aggregate of \$18,073,378 for October, 1929. The cumulative total for the elapsed ten months of 1930 was slightly greater than the average for the same period in the ten years, 1920-1929, although it was exceeded by the aggregates for this period of the years 1929, 1928 and 1927.

Some fifty cities furnished detailed statistics, showing that they had issued nearly 1,200 permits for dwellings estimated to cost approximately \$5,500,000, and about 3,000 permits for other buildings valued at over \$6,000,000. During September, authority was granted for the erection of about 1,100 dwellings and 3,000 other buildings, estimated to cost approximately \$4,800,000 and \$6,000,000, respectively.

New Brunswick, Quebec and Ontario registered increases in the value of authorized building as compared with September, 1930, that of \$2,811,641 or 94.3 per cent in Quebec being most noteworthy. The greatest decrease in this comparison was that of \$713,595 or 63.2 per cent in Alberta. In the comparison with October, 1929, there were gains of 28.6 per cent and 5.3 per cent in New Brunswick and Quebec, respectively; the other provinces recorded declines, that of \$3,381,475, or 43.8 per cent in Ontario being most pronounced.

Montreal showed improvement over both September, 1930, and October, 1929; in Toronto, there was an increase over the preceding month, but a reduction as compared with the same month in 1929, while in Winnipeg and Vancouver the totals were lower than in either comparison. Of the other centres, New Glasgow, Moncton, Bradford, Hamilton, Kitchener, Niagara Falls, and Sault Ste. Marie, Moose Jaw, Lethbridge, Nanaimo and North Vancouver reported increases over September, 1930, and October, 1929.

MARITIME DAY OBSERVED AT WINTER FAIR

Prince Edward Island Foxes and New Brunswick Potatoes Captured Premier Honors at Toronto Royal Winter Fair.

TORONTO, Ont., Nov. 22.—The Maritime Provinces held the spotlight of honor yesterday at the Royal Winter Fair. One of the most elaborate programmes yet arranged in tribute to the provinces marked the celebration of New Brunswick, Nova Scotia and Prince Edward Island Day, at Canada's greatest winter fair.

Already New Brunswick has shown she is the leading producer of potatoes, as entries from the ocean girt province have won premier awards at the fair. Prince Edward Island, who won the crown of foxes, easily stamps the Dominion's smallest province as the greatest producer of fine furs, while Nova Scotia's fine exhibit of apples, are vying with those from British Columbia and Ontario for the blue ribbon awards.

Climaxing a banner day for the eastern provinces, a Maritime banquet will be held this evening for the first time in the history of the fair. Hon. Leonard P. D. Tilley, Saint John, N.B., will be the principal speaker. He is president of the executive council of New Brunswick. While there is a possibility Hon. Robert Weir, Minister of Agriculture, will attend the banquet and possibly speak, other scheduled speakers are Hon. O. P. Gaudreau, Minister of Agriculture for Nova Scotia, who will be chairman; Hon. Lewis Smith, New Brunswick Minister of Agriculture and Hon. W. M. Lea, Premier and Minister of Agriculture for Prince Edward Island.

A sparkling performance by the German cavalry officer, Lieut. E. Hasse, in the \$1,000 Royal York Stake, an international military jumping event, was one of the outstanding features of the fair yesterday. Hasse won the stake with two almost perfect jumping performances, only three minor faults being registered against him on the most difficult course of many on the schedule. More than 10,000 persons cheered the brilliant riding German, who was a member of the German team which scored notable triumphs at the recent Boston and New York horse shows. In addition to winning first place in the Royal York, Lieut. Hasse also won second prize.

SHIPPING WILL BE SUBJECT OF CONVERSATIONS

Before Returning to Canada, Premier Bennett Will Give Personal Attention to Better Direct Winter Service Between Great Britain and Canadian Atlantic Seaports.

LONDON, Nov. 22.—Premier R. B. Bennett of Canada will, it is understood, take up with shipping companies the matter of provision of better direct winter service between Great Britain and Canadian Atlantic seaports. The shipping companies have been feeling the effect of the world slump in trade. As a result of poor bookings, the late autumn saw cancellation of several proposed sailings on the Canadian service. At the same time it is felt something should be done to improve the present winter service.

Premier Bennett will go to Paris on Sunday. He is expected to dine at a dinner tendered by the French Government and while in Paris will also discuss trade questions. Hon. Maurice Dupre, Canadian Solicitor-General, is already in Paris engaged in preliminary official conversations.

During his stay in France, Premier Bennett will inspect the progress being made on the Canadian war memorial at Vimy Ridge.

HIGHWAY DEPARTMENT TO ACT AGAINST EMPLOYEE Hon. G. S. Henry, Minister of Highways for Ontario, Still Undetermined as to Nature of Penalty to Be Imposed.

TORONTO, Ont., Nov. 22.—What action the Ontario Department of Highways will take with respect to the conviction today of M. M. MacBride, provincial highway traffic supervisor on a charge of assaulting an officer, is now under consideration, Hon. George S. Henry, Minister of Highways, stated last night.

At Brantford yesterday, MacBride was fined \$10 and costs when found guilty of the assault charge by Judge Hardy. MacBride was accused of striking a blow at Sergeant S. Sara of the Brantford police.

"I am still considering the matter and have made no decision yet," said Hon. Mr. Henry when informed of the conviction and fine.

RETURNED MEN AT MAGOG HELD ANNUAL SUPPER

Sixty Members of British Empire Service League Present at Annual Banquet—General Notes from Magog.

MAGOG, Que., Nov. 22.—The veterans of the British Empire Service League held their annual Amistice banquet at the Union House on Saturday night, November 16th, when about sixty members were present under the chairmanship of the president, Mr. A. B. Holmes.

Seated at the head tables were President Holmes, Mayor C. G. Macpherson, Colonels Tom Farnsworth and J. R. Wilcox, Major Fraser, Major Robinson and Comrade Cunningham, E. A. Bradley.

After the supper, a very interesting programme was presented. The first item was "The King" was given and then a brief silence for "Absent Friends" was observed. A general programme of songs, speeches and stories followed. Mayor Macpherson, representing the town, spoke and Col. Farnsworth, Major Robinson, Major Fraser, Capt. Cunningham and many others gave interesting and inspiring talks that were well received. Messrs. Fortin, Styan, Nolan and other entertainers took part in the programme.

Mr. Alfred Levick, of Montreal, acted as the accompanist throughout most of the programme. Mr. Costello was present with his troupe of entertainers, who gave a good account of themselves. E. Hebert did some fine whistling selections. The assembly broke up at midnight. The affair was one of the best in the history of the local returned men.

General Notes.

Mrs. Albert Bolsvert has returned from the Sherbrooke hospital and is convalescing at her home. At the last meeting of the Men's Anglican Club, a very pleasing event took place during the evening. The soft ball league having completed their series for the summer, the Bankers' Club had the highest number of wins and presentation of the fine trophy was made. Mr. E. Hebert received the trophy on behalf of the Bankers'. It is rumored that work on the sewer digging on the south side of the river will be temporarily stopped pending certain alterations to be made in the plans, etc.

THE ANNUAL BAZAR OF ST. PATRICK'S ROMAN CATHOLIC CHURCH WAS BROUGHT TO A CLOSE AFTER A WEEK'S CONTINUED ACTIVITY.

The attendance was very good, but not equal to that of former years. The number of articles on sale were numerous and the proceeds of the sale were very satisfactory.

Mr. and Mrs. H. D. Roberts have spent the past week in New York. Mr. W. H. McKenna was in Montreal on Monday.

Mr. and Mrs. Frank Horan, who started for California to spend the winter, have returned to Magog, owing to the indisposition of Mr. Horan. His many friends hope for a speedy recovery.

Mr. Lew Ballard and family removed to Drummondville on Monday, where they will in future reside.

Mrs. Geo. Kinnon spent the week-end in Sherbrooke. Mr. J. D. Hamel is repairing his dwelling on Laurier street. The cadets of St. Patrick's Academy, at their last parade looked very smart and all ranks were shown to be well trained.

Mr. W. Ducharme picked a cupful of ripe strawberries in his garden on Monday.

Mrs. W. Lanahan is erecting a fine residence on their old farm property, near the Hermitage Country Club.
