## Stanstead County Electors Will Vote To-morrow.

To-morrow is election day in Stanstead County. The campaign, though brief, has been interesting, and both sides profess confidence in a favorable result at the polls to-morrow. The result will be known early, probably by 6 o'clock. The Record bulletin will announce the returns. During the week political meetings have been held through the county. Below are reports of two of the principal meetings which were pursued by the two parties in Stanstead.

### A ST. PIERRE MEETING.

Coutcook, Oct. 2.—(Special.)—A large audience greeted the Conservative speakers last evening in Shurtleiff's hall. Mr. T. T. Shurtleiff was chosen chairman, and after calling the meeting to order, called upon Mr. St. Pierre, who on rising, was warmly greeted. Mr. St. Pierre addressed the audience, first in French and afterwards briefly in English. He reminded them that the position of candidate had not been sought by him, but was the unanimous choice of the Conservative party. That, although he was the President of the Liberal-Conservative in this county, he was not a politician. He spoke of the twenty years he had spent in Coutcook, how he had come here as a poor young man with only his profession to aid him, and the history of his life since that time his hearers knew, and he was willing to let the record of those twenty years be his recommendation now. The question of the annexation of the counties of Anklund, Clifton and Hereford, as well as his nationality, had been used as a weapon against him, and the electors had been told that if they returned him to Parliament he would do his utmost to bring about the annexation scheme, thereby ruining the western part of the county. He pledged himself if elected to vote independently for the good of the county as large, supporting the Government in all good measures and opposing the bad.

### MR. F. D. MONK.

Mr. F. D. Monk, M.P. for Hochelaga, and one of the leaders of the Opposition, was the next speaker. Mr. Monk is a brilliant orator. He spoke at some length in English and afterwards with equal fluency in French. He began by stating that this was his first visit to Coutcook and complimented its citizens upon the beauty and enterprising appearance of their little town, saying that the hospitable welcome he had received would cause him to leave it with regret and desire to visit it again. He spoke of the great good there was for every government, no matter of what party, to have a strong opposition, in order that every measure should be discussed and thoroughly looked into. The Government at Quebec occupied the unique position of having practically no opposition, for out of the seventy-five members, only five were Conservative. In order to vote it was necessary to have five opposition members and should any of those at Quebec be absent when a measure was introduced by the Government, they could give nothing to say. He laid particular stress upon the need of better technical schools in Canada. At present we have to go abroad for our technical experts to assist us in developing our vast natural resources, when we should have Canadian sufficiently skilled to do the work without depending on foreigners. He made a most earnest appeal to the electors to forget that they were English or French, Protestant or Catholic, Liberal or Conservative, but to remember that they were one and all Canadians, and to show his votes on Friday that they meant to send an honest, straightforward man to represent the county of Stanstead at Quebec.

### MR. GERMAIN, M. L. A.

Mr. Germain, M.L.A., followed, speaking in French. He eulogized his friend, Mr. St. Pierre, and made a vigorous and eloquent appeal to the electors on his behalf.

### MR. HACKETT.

Mr. M. F. Hackett, rising, was greeted with great applause. His speech contained a reference to the marked difference between Mr. Rider's present attitude on the subject of the election, and his conduct on former occasions. After a touching tribute to the memory of the late Mr. Lovell, he said that Mr. Rider claimed the election at his right by reason of being the Liberal standard-bearer, and as there was yet two years to expire before the next general election, the seat ought to belong to a Liberal, but on former occasions, when Mr. Colby had been given a portion, and again when he (Mr. Hackett) had been similarly honored, Mr. Rider had held a different theory and had come before their constituents for support. He was not there to discuss the policy of the Liberal Government, but was not a question at issue, but when the general election took place, the actions of the present Government would be the questions of the day. Nevertheless, he spoke briefly on the subject of their supposed surplus and their action in regard to the Court House, at Sherbrooke, and ended his speech with a stirring appeal on behalf of Mr. St. Pierre.

### A RIDER MEETING.

Magog, Oct. 2.—A meeting in the interest of Mr. T. B. Rider was held here Tuesday night in the Derogen Opera House, and was very largely attended.

The meeting was called to order shortly after eight o'clock, and Mr. B. E. Goyette selected as chairman.

Mr. Rider was the first speaker and was warmly received. He prefaced his remarks by stating he expected some of the opposite party would have accepted his invitation to discuss matters, but they saw fit not to accept. He made a proposition to Mr. St. Pierre to have joint meetings, as the time intervening between nomination and election were so short, it would give the electors a better chance to study both sides; their arguments, records, etc., but Mr. St. Pierre replied that after consulting with the leaders of his party he decided not to accept. Mr. Rider then went on to say that his opponents could show no proper reason for making an opposition to him as a supporter of the Parent Government, and putting the county to the expense of an election. Even the most out-and-out adversaries of the Government made no charges of incapacity, mismanagement, etc., and the people of both parties were satisfied with the wise and able management of affairs by the present Government under the guidance of Mr. Parent. They were doing everything in a business manner, and were helping and fostering all industries and resources of our province. As an illustration of the methods employed by both Governments, he referred to the sale of the Shawinigan power rights by the Conservative Government for \$10,000, with no further obligations on the part of the purchasers. Later this sale was cancelled by the Marchand Government and sold for \$60,000, and the purchasers agreed to expend \$100,000 in eighteen months in developments and four millions within four years, and what was merely a wilderness a few years ago was today a thriving and prosperous town, with a population of over 5,000 people. He referred to the mal-administration of the Flynn-Tailon Government, when the provincial securities were worth 77c. on the dollar. The Government has proved itself a business administration, able to govern matters carefully, and it is the duty of the electors to show their appreciation of this Government by supporting a candidate belonging to its ranks. If elected, he promised his support for the welfare of the whole county, his best efforts would be put forward in the interest of the county and not in any particular locality, and if given an opportunity of filling the balance of the term he would endeavor to give satisfaction to everybody. He closed by thanking them for their kind attention.

### MR. CAMILLE PICHE.

Mr. Camille Piche was the next speaker. He spoke in French. He showed how the changes from Flynn-Tailon Government to Marchand changed deficits to surpluses. By supporting Mr. Rider the electors were supporting Mr. Parent. The policy of the Government at present had not changed any; it was progressive, and the country was certainly prosperous.

### MR. MCCORKILL.

The Hon. J. C. McCorkill, M.L.C., Bedford, then addressed the meeting. He stated he was pleased to assist Mr. Rider in his campaign. It was his first visit to Stanstead county, though he was known to quite a few, being a neighbor, and he was anxious to see what interest was being taken by the electors of Magog in the present fight.

He referred to the late Hon. Mr. Mercier, and stated he was the greatest statesman the province ever had, and stated he had the greatest respect for his name. He spoke of his great work on educational matters especially. In 1892 the Conservatives made a big fight and gave many promises of what they would do for the welfare of the country. They were elected. Did they carry out these promises? No, the balance sheet was never right, the deficits grew larger during the next five years, the people were taxed more, everything and everybody were taxed; business was taxed, banks were taxed, etc. They were called to account in 1897, and the electors reminded them of their promises in 1892 and how they were carried out, and then and there overthrew the worst administration the

## THE PRESIDENT ACTS. He Calls a Conference on Coal Situation.

OPERATORS AND LABOR LEADER INVITED TO MEETING AT WHITE HOUSE.

Washington, Oct. 2.—The result of the protracted conferences on the coal situation, as announced at the White House yesterday afternoon, is that the President has sent an identical telegram to the coal operators and to John Mitchell, representing the employees, asking them to meet him here at eleven o'clock on Friday for purposes of consultation. The possibilities are that the Administration will be represented simply by Messrs. Knox and Cortelyou, with the President. It was originally Mr. Roosevelt's desire that as many of the cabinet members as are in the city should be present, or at least the four of his associates, Messrs. Root, Moody, Knox and Cortelyou, who have carried most of the weight of the recent conferences. But they believed it would be much simpler to relieve the occasion of all unnecessary formality by merely having the President's secretary and his law adviser join in his side of the discussion. It is, of course, possible this plan may be changed before Friday.

### TO MAKE AN APPEAL.

At the meeting Friday the line of approach towards the settlement of the strike will be an appeal by President Roosevelt to both sides to come together as men and not to a low false pride or a feeling of obstinacy to stand in the way of the termination of the great strike, which is fraught with such threats of misery to thousands of people. It is stated by one of the President's advisers that beyond this the President cannot go; he has no power of compulsion to bring into play against either side, and he must rely upon his persuasive abilities and his appeals to their sense of humanity if anything tangible is to be accomplished.

### ACCEPT PRESIDENT'S INVITATION.

Wilkesbarre, Oct. 2.—(Special.)—President Mitchell, of the coal workers, is preparing for his trip to Washington and hopes it will result in the settlement of the coal strike. There were a number of disturbances around the collieries to-day and several arrests have been made. The mine operator presidents have also accepted the President's invitation.

### EDUCATION BILL.

REPORTED THAT BRITISH GOVERNMENT WILL WITHDRAW IT.

London, Oct. 2.—(Special.)—The Liverpool Post says it hears authoritatively that the consultation now proceeding between Premier Balfour and Lord Londonderry will result in the complete withdrawal of the Education Bill, which has aroused such serious opposition.

### INSPECTOR OF WEIGHTS AND MEASURES.

Ottawa, Oct. 2.—(Special.)—At Cabinet meeting to-day, Mr. Fyfe, of Montreal, was appointed Inspector of Weights and Measures.

Mrs. and Miss Mussen, from Quebec, who have been visiting friends in Lennoxville, have recently been the guests of Mrs. A. W. Hyndman, Montreal street.

## Jewish New Year, Anno Mundi 5,663

This evening, October 2, marks the beginning of the Jewish New Year, Anno Mundi 5663. During the day in towns where there are synagogues, three services are held and the period is marked with fasting and prayer.

On New Year's day, or the first day of the seventh month, Tischa, the Lord it is stated, opens his books and enters therein the names of all who are born in the year, of those who are to live, and of those who are to die; who are to perish by water, who by fire, who by the sword, who by hunger, who by earthquakes, who by plague, who by strangling, who by lapidation, and all kindred evils. This is all inscribed on the New Year, and sealed on the day of atonement, nine days later. The day of atonement, known as Yom Kippur, is sometimes translated as the day of forgiveness, and to the elect is one of supreme importance. The service lasts from 9.30 until sunset, and are religiously observed. According to the ritual this is how the service opens:

The minister and a past president of the congregation pronounce the following sanction: "In the celestial and worldly tribunals, with the permission of the Almighty, and this holy congregation, we declare it now lawful to offer prayer with those who have trans-

A copy of the Outremont Guardian, dated Aug. 10th, 1895, and addressed to John Dunlop, Windsor Mills, Que., arrived at the Windsor Mills post office on Sept. 30th, 1902. We would like to know how far this paper has traveled.

The wrapper has no date on it, only the obliterating stamp from the Montreal post office, and no date. Whether this letter has lain in the Montreal office (as we think it has, on account of no other date stamp being marked on the wrapper) or whether it dropped into a pigeon hole on the G. T. R. post car, we do not know, but if the post office authorities of Canada take seven years to deliver one paper, how long will it take to deliver two? Anyhow, the post office authorities need waking up.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

As an initiative, a committee consisting of Messrs. A. S. Hurd, J. S. Mitchell, S. F. Morey, C. H. Foss and A. M. Sangster were appointed to confer with committees of the other churches would be asked to appoint for this purpose.

# THE S. & S. MUTUAL.

THE ANNUAL MEETING WAS HELD IN THIS CITY YESTERDAY.

The annual meeting of the Stanstead & Sherbrooke Mutual Fire Insurance Company was held at the head office of the Company in this city yesterday at which were present, Messrs. H. B. Brown, Jos. Bedard, Geo. H. Allen, U. Bonneville, F. P. Buck, Wm. J. Roberts, C. H. Fletcher, Col. J. H. Taylor, Hon. M. P. Mackenzie, Chas. Church and others.

H. B. Brown, Esq., K.C., the president of the Company, occupied the chair, and Mr. George Armitage, secretary of the Company, was duly elected secretary of the meeting.

After the reading of the minutes of the last annual meeting which were confirmed, the chairman submitted the annual report of the Directors, which was in every way satisfactory. The deposit notes of the Company had increased during the half year over \$25,000, which brought up the capital to over half a million dollars. The Company is entirely free from litigation and all liabilities discharged.

The assessment levied was the same as the past year, being 7 per cent. in the Agricultural class and 10 per cent. in the Commercial class.

The election of Directors resulted in the re-election of the retiring members. Congratulatory resolutions were passed to the Directors of the Company, officers and agents for the very satisfactory results of the year's proceedings.

At the meeting of the new Board, immediately after the meeting of the members, H. B. Brown, Esq., K.C., and Jos. Bedard, Esq., were duly elected President and Vice-president for the ensuing year.

Adventure with an Angry Eagle. Frank Begg, of Messrs. Wood, Valance, Leggett & Co., the Cordova street hardware firm, had a rather exciting experience at Bureaucy Bay yesterday. On Sunday last, in company with Jack Gaden, of Thurlow street, Mr. Begg took in the excursion to Bureaucy Bay, and while strolling about the shore, he picked up a gold piece. He did not learn of his loss until he reached home. Monday morning he left on the Cassiar for the bay to look for his lost gold.

After about half an hour's careful search he found the coin, and then proceeded to roam about the place until the arrival of the steamer Comox on route to Vancouver. He was passing through a thicket when suddenly he was startled by a strange noise above him, and upon looking up saw an immense eagle swooping down upon him. Mr. Begg picked up a stick and dealt the bird a blow over the head, but had little or no effect. The eagle came at him again. A second blow

circled about him for some time, but Begg believes that he was only the eagle's nest. He is telling his friends about his experience to-day, and says he would not go through it again for a \$20 gold piece—Vancouver World.

Yung King, Sing Lee, Yo Ke and more than a score and a half of other Chinamen with equally euphonious appellations, form a specially constituted party which has started from Boston on a tour half way round the world. Packed in a second class B & M car, with their belongings, the members of the company left the North Station on the 8:30 Canadian express Sunday night. They will go through to Victoria, B. C., and there will embark on a steamer for their old homes in the Flower Kingdom. Some of them intend to return to America, but the majority have earned enough money to keep them in comfort for the rest of their days, and will never come back.
