

## AMERICANS AND FRENCH MAKE IMPORTANT GAINS NEAR CHATEAU THIERRY

Patronized by H.R.H. the Duke of Connaught

**FRESH GASPE SALMON—TWENTY-FIVE CENTS—POUND!**

Please note that this salmon has been received yesterday afternoon and that if we can offer it at such a low price, it is because we get our supply direct from the fisheries, giving the middlemen's profit to the consumer.

Hundreds outside of our regular customers have taken advantage of this exceptional price, it being a tangible proof that our efforts to sell fish at a moderate price, are appreciated.

Whole fish at a special price.

### BIG CELEBRATION OF DOMINION DAY

UNIQUE AND STRIKING SPECTACLES AT BRAMBLETT AMONG CANADIANS IN ENGLAND.

London July 2.—Dominion Day was celebrated among the Canadian troops in England generally as a holiday. A truly remarkable spectacle was the festival arranged at Bramblett, where Brigadier Kelsey has just returned from France to command in succession to Brigadier Malchin, who succeeds overseas. Probably for the first time in history Canadian sport representatives in the Imperial army and forces of every Dominion and also men of the United States, army met here. The programme opened with a baseball match, the Canadians beating the Americans, 34 to 1. For many hours there were successive competitions, the spectators including the three western premiers now in England. The winners of the individual prizes were largely drawn from the Imperial navy and American forces. Perhaps the most striking spectacle was in the long twilight when thousands of Canadian soldiers, with a sprinkling of the folks from the farmsteads and villages, assembled in the natural amphitheatre amidst the pines to witness the boxing. Lads of the young soldiers' battalion sparring together, were followed by men who trod the ring in their prime thirty years ago. Finally the massed bands rendered a splendid programme.

Throughout the day the Canadians were free to bring their friends from far and near to the camp. Col. Battray and officers are entitled to hearty congratulations for arranging so entirely a worthy celebration of Dominion Day.

VAUX CAPTURED BY SAMMIES AND POILUS IN GREAT RUSH—FURIOUS COUNTER-ATTACKS BY GERMANS WERE REPULSED — 500 PRISONERS CAPTURED—ONE GERMAN REGIMENT WAS ANNIHILATED—THRILLING AIR BATTLE BETWEEN AMERICANS AND GERMANS — BRITISH REGAIN GROUND IN COUNTER-ATTACK — ALLIED TROOPS LANDED AT KOLA — ITALIANS STILL MEETING WITH SUCCESS.

Undated War Lead, by The Associated Press.—During themselves at the tip of the salient driven into the Allied lines, by the Germans late in May, the Americans and French have won important ground near Chateau Thierry. The attack was local in character, but its success may prove important in the future operations in that part of the battlefield nearest Paris.

The assault was aimed at the hamlet of Vaux, which is situated on the south side of the Chateau Thierry-Paris road and on the northern slopes of Hill 204. Vaux is about two miles from Chateau Thierry. This was carried by the rush of the French and Americans, who also occupied two small patches of woods in the immediate vicinity.

The Germans almost immediately began counter-attacks in an attempt to regain the lost positions, but their efforts failed in every instance. In the initial attack and in their repeated assaults against the new lines held by the Allies, the Germans have suffered very heavy losses, at least 500 prisoners having been taken by the French and Americans.

One entire German regiment is officially reported to have been virtually annihilated in the battle.

A thrilling air battle between nine American airplanes and an equal number of German machines is reported in the Chateau Thierry sector. At least three German planes were destroyed, while two American machines have failed to return from the encounter.

On June 7 the French reported that they had re-captured Hill 204, a height dominating the city of Chateau Thierry. It appears, however, that the Germans have been holding at least part of the height, or that they have by an attack which has not been reported, succeeded in occupying the Hill once more. The Allied attack on the north side will tend to render the enemy's position on the Hill less secure and may force the Germans to re-locate their line from the Marne northward to Torcy, where the Americans have been successful in several fights and have won important ground.

British forces northwest of Albert have been forced to fight hard to hold positions they took from the Germans on Sunday night. A determined attack by the enemy at that point threatened to wrest the captured ground from the British, but heavy counter-attacks flung the foe out of all but one of the trenches he had occupied.

The French front west of the Oise and east of Rheims has been the scene of considerable local fighting in which prisoners were taken by the Allied forces. The French have re-occupied the village of St. Pierre Aigle, southwest of Soissons, which they lost three weeks ago.

The German official statement of operations along the front says that Allied attacks at various points were repulsed. It specifically mentions the attack west of Chateau Thierry as being unsuccessful.

Italian forces which have been gaining important ground on the eastern side of the Asiago Plateau have suddenly shifted their attack to the Monte Grappa region, east of the Brenta River. Important Austrian positions have been carried and nearly 600 prisoners captured by the Italians. Czecho-Slovak troops fighting under the Italian flag, have taken part in the struggles of the past few days in the mountains.

There still is no indication that the German offensive is about to be renewed, in spite of the fact that it is almost three weeks since the fighting north of Compeign came to a stop.

American, British and French forces which have been landed at Kola, on the Murmansk coast, to protest vast stores transported there before the collapse of Russia as a factor in the war, probably will be called upon to face a serious attack soon. Despatches from Christiania say that German and Finnish troops are pushing northward toward the coast.

### ITALIAN STATEMENT.

Rome, July 2.—Italian forces this morning launched an attack against the Austrian positions in the region of the Grappa, on the mountain front, and captured important positions, the War Office announces. The Italians took 589 prisoners, including 19 officers and captured many machine guns.

The Austrians yesterday delivered fresh attacks against Italian positions on the Asiago Plateau. The enemy efforts were smashed by the Italian fire, which caused the enemy severe losses.

In counter-attacks to clear advance points temporarily penetrated by small parties, the Italian troops were completely successful, capturing 187 prisoners, four trench cannons and several machine guns. The text of the statement says:

"On the Asiago Plateau new attacks which were attempted were crushed under our fire and heavy losses were inflicted on the enemy. Small parties which had hung on to some points of the front of the advanced line were driven back. In a brilliant counter-attack they completely re-occupied these positions, capturing 127 prisoners, a few machine guns and four small trench cannons."

"In the northwestern region of the Grappa operations begun this morning at dawn assured to us possession of important positions. We captured 869 prisoners including 19 officers and many machine guns.

"South of Asiago British parties captured prisoners and a machine gun.

"On the 29th and 30th of June on Monte Di Valbella, Col Del Rosso and Col Di Chelo we captured four guns, 18 trench mortars, 87 machine guns, several thousand rifles and a large quantity of material."

## BIG EXPLOSION KILLS SIXTEEN NEAR SYRACUSE

MORE THAN 200 INJURED WHEN HUGE POWDER PLANT OF SEMET-SOLVAY COMPANY AT SPLIT ROCK BLEW UP—FORCE OF EXPLOSION HURLED MEN IN ALL DIRECTIONS — BUILDINGS IN VICINITY CRUMPLED—SCENES OF CONFUSION AND PANIC.

Syracuse, N.Y., July 2.—At least 16 persons were killed, and 200 injured and the huge plant of the Semet-Solvay Company at Split-Rock, near here, practically wrecked by two explosions of T. N. T. at 8:30 tonight.

Terrific concussion from the explosions of the powerful war powder roared large business buildings in the center of this city, smashed plate glass windows and created panic in the residential portions of the town as though it had been shaken by an earthquake.

The explosions followed a fire which had raged beyond control and spread to the T. N. T. vats. Two of these "let go" burning many workers under an avalanche of debris and scattered the flames to adjoining buildings. As a late hour tonight the flames were burning furiously and there was danger of more explosions. Volunteer firemen were powerless to stay the progress of the flames. Aid was sent from Syracuse but at midnight the water system broke down.

A platoon of 800 workmen was in the plant when the fire, the origin of which has not been ascertained, broke out. The workers made efforts to subdue the flames and later in spreading to safety were caught in the blast of the two explosions. Men were hurled in all directions. Two who were caught between two burning buildings were blown through a wall. Still alive when picked up, there was not a shred of clothing on their bodies.

The second big explosion followed 15 minutes later and the combined force of the two blasts crumpled buildings in the vicinity. The homes of workmen, across the road from the plant, collapsed and burning timbers were blown to the roofs of buildings across the railroad tracks which divide the plant in half.

Workmen and their families fled across the fields in indescribable confusion. A woman, hysterical, was seen carrying a tiny kitten cradled to her breast.

Both fire and explosions, according to workmen who escaped without injury, were confined to the east side of the plant, which is made up of about fifteen buildings, including the offices and laboratories. There are three of the T. N. T. plants, in the first of which the flames originated. Next to them are six plants in which nitric acid is handled. Beyond them, only a hundred yards away, were four plants in which picric acid is handled. All of these are clustered together on the south side of the railroad tracks.

At midnight the flames had eaten into the picnic acid plants and were making slow headway toward the giant tank of oleum.

Most of the small explosions were due, according to workmen to the contact of flames with small "nitro-fiers" or "pulverizers."

**WANT NO FURTHER PROHIBITION LEGISLATION**

Washington, July 2.—President Wilson was asked today by a committee of union laborers to use his influence to prevent enactment of further prohibition legislation at this time. The committee was headed by Samuel Gompers.

### GEN. VON BELOW ON ITALIAN FRONT

IS APPOINTED COMMANDER-IN-CHIEF OF THE AUSTRO-GERMAN FORCES.

Zurich, July 2.—General Otto von Below has been appointed commander-in-chief on the Italian front, according to Munich papers. Among the other changes were: Field Marshal Arthur Arz von Straussenburg, chief of staff, is replaced by General Krauss; Major Waldetottin, vice chief of staff, is superseded by General von Ardolf.

According to the Munich Zeitung, Austrian military circles attribute the defeat on the Piave mainly to the strike in the Budapest munition factories.

General Otto von Below led the Austro-German forces in the great offensive along the Isonzo last October. He remained there until last winter, when he was transferred to the German armies on the French front. He was in the Bapaume sector during the March offensive, and was in command of a portion of the German army during the battle south of the Aisne late in May.

### AMERICANS TAKE BIG HOWITZERS

AMAZING MANNER IN WHICH UNITED STATES IS GOING INTO WAR WORK.

Washington, July 2.—American built 155 millimeter howitzers now are moving to France, supplementing the equipment of General Pershing's troops heretofore obtained from the French ordnance factories. One American firm, which had never touched ordnance work of any character prior to America's entry into the war, is turning out these guns at a rate of ten a day from a factory, the site of which was a flourishing cornfield last August.

The howitzers, which are of French design, are of approximately six-inch bore and are the heavy barrage guns which support an infantry advance against an entrenched position. The United States soon will be independent of its co-belligerents for guns of this type.

### The Weather

Toronto, July 2.—The storm of yesterday has entirely disappeared. The weather today has been fine in all parts of the Dominion, except the Maritime Provinces, where it has been cool and showery, with much fog. The temperature has been fairly high in the southern districts of the western provinces, and has risen considerably in southern Ontario. Elsewhere it has been unseasonably low.

**Forecasts:**

Lower Lakes, Georgian Bay, Ottawa Valley, Upper St. Lawrence: Moderate winds; mostly fair, and moderately warm, with thunderstorms in some localities.

Lower St. Lawrence, Gulf and North Shore: Moderate winds; fair, and a little warmer.

Superior: Moderate winds; fair and moderately warm.

Manitoba and Saskatchewan: For the most part fair and warm; thunder showers in a few localities.

Alberta: Fair, with much the same temperature.

Maritime: Moderate winds; cool and gradually clearing.

### FRENCH DECORATIONS.

Special Badge For Any Wounded During War.

Paris, July 2.—Citizens, without distinction of age or sex, who have been wounded or mutilated during the war will receive a special badge which has been authorized by presidential decree. The badge will show that the bearer is not suffering from some accident, but from the effects of war, and will testify to the methods employed by the enemy against non-combatants. It will consist of a five pointed metal star on a yellow ribbon on which there are, at each end, blue stripes.

To H. M. the King.

### Drawing Your Attention to the Better Kind of Summer Furs

**Silver Fox**  
In the "wide open" styles, exquisitely lined in Crepe de Chine.

**Taupe Fox**  
A shade that is distinctive and unusual.

**Kolinsky and Copper Sable**  
The former, a substitute for the wonderful Sable, is most attractive when made up in small Shoulder Capes.

**Scotch Mole**  
Becoming to every woman, this adorable fur is the most admired of any.  
In short, straight, wide Scarfs.

*May we have the privilege of showing these and other fine Furs to you?*

### Pocket Watches for Men

When buying a Watch for a professional man or business man, buy a good Watch, better pay \$35 or \$50 extra for a high-class movement, and enjoy the pleasure of owning a first-class time piece.

Accuracy is such an important factor in business today that a Watch that keeps such an important time is a necessity; possession of a highly adjusted first-class timekeeper will make the possessor more particular and more punctual in keeping his appointments.

The possession of a finely adjusted Watch helps also to build up character, the type of Watch a man carries generally indicates some points about the character of the owner, the up-to-date reliable man usually carries a reliable Watch.

For over fifty years we have examined, repaired, and sold Watches, we can assist you in the selection of a high-grade movement.

**G. SEIFERT & SONS,**  
WATCHMAKERS,  
16 FABRIQUE STREET, Opposite City Hall.

### UNBREAKABLE WATCH GLASSES

We are prepared to take orders for the new unbreakable Crystals for Watches. These unbreakable glasses will be found most serviceable for use on bracelet watches. A man may dispense with the armor shield or other Watch glass protector, if his Watch is fitted with an unbreakable Crystal.

THE COST IS FIFTY CENTS

Every Glass must be made and fitted to the bezel, but once adjusted there is no further trouble or expense paying for Watch glasses.

**G. SEIFERT & SONS,**  
REPAIR DEPARTMENT,  
16 Fabrique Street. Opposite City Hall.

QUEBEC, JULY 3, 1918.

LORD SHAUGHNESSY'S OPTIMISM.

It is a pity that every Canadian does not share Lord Shaughnessy's optimism. It is usually a sane thing to listen to the counsel and to follow the advice of successful men in the various walks of life, and there have been few more successful men than Lord Shaughnessy and probably none more competent to speak upon such topics as the future of Canadian business. Though not a Canadian by birth, there is probably not a more sincere patriot in the Dominion than the President of the Canadian Pacific Railway. Yet in making his recent declaration of faith in Canada's future, Lord Shaughnessy warns the public that his belief in a brilliant future for Canadian manufactures and kindred interests is not inspired by love of country but by business sentiment. He tells us that he has founded his belief upon material and psychological facts. These facts, briefly expressed are the possession of hydraulic power, in a permanent and all-sufficient supply, cheaper than can be derived from coal, and also raw materials, of which the visible store constantly increases through exploration, while their economic value grows steadily as new discoveries are made in applied science. The necessary transportation facilities on land are fully up to the requirements of the population, and when normal conditions are restored after the war, Lord Shaughnessy believes that nothing can prevent our overseas transportation system from resuming its former state of efficiency and promising development. These are the essentials of industrial prosperity and they are fully at the command of our producers. The opportunities of the latter are only limited therefore by the sparseness of our population, which Lord Shaughnessy feels confident will be largely augmented after the war. Above all things, just at the present time, we are told that we need confidence in ourselves and in our future. In other words it is for each and all of us to endeavor to catch the spirit of Lord Shaughnessy's splendid optimism. It is imperative that we make preparations now for the reconstruction period which is to come after the war. In this conception we can all do good and useful work by aiding to the utmost of our power the efforts of the Navy League of Canada to prepare public opinion for the establishment of a large and efficient mercantile marine, to assure our standing as a first-class commercial power. This is one of the duties of the hour in which we can all take a share and do our part.

THE GOVERNOR-GENERAL AT LENNOXVILLE

As an old Eton boy it was natural that His Excellency the Governor-General should have made reference in his address at Lennoxville the other day to the great part which the English public schools had played in moulding the characters of the nation's leaders, and should at the same time have expressed his pleasure at finding that the great traditions of the old land had found re-birth in the Canadian public schools. Everybody conversant with the part which Lennoxville old boys have so nobly taken in the great war will agree with His Excellency's statement that the added honor which had come to the school because of its war record would be one of the priceless assets of its future.

To Quebecers, so many of whom have received their education at Bishop's College school, the events of last week at Lennoxville are particularly interesting. With the removal of the school after the present vacation to the magnificent new buildings erected for it by Commander J. K. L. Ross of Montreal, it is hoped that a new career of usefulness will be opened to it though the very best that can be wished for at as the head master so appropriately termed the fine Lennoxville tradition, shall be carried into it.

It was very appropriate that the special sermon of the occasion should have been preached by the Lord Bishop of Quebec, who was born and baptized "Lennox" while his father, the former Bishop James W. Williams was Rector of the school. Taking "Honor" as his subject, the Bishop expressed his hope that the tradition of honor and courage that had belonged to the school in the past would be continued in the new Lennoxville school which had just been opened by the Governor-General. He said that before many weeks were over, many of the lads who were leaving the sixth form would be in the service of their country. "Thank God," he added, "for the long roll of Lennoxville boys who are serving the colors, and thank God that so many have been found worthy to give their lives for the cause." Many of the Bishop's hearers remembered, and many of our readers will recall the fact that "Jim" Williams, the Bishop's elder son, and an old Lennoxville boy, fell in action eighteen months ago. Well did the Governor-General say that the added honor which has come to the school because of its war record will be one of the priceless assets of its future.

Commenting on the most recent German peace conditions L'Evenement says: "Germany has just announced her peace terms if she wins. . . She wants England to hand over her fleet. . . return Gibraltar to Spain. . . What will be 'Devoir' get!"

AN EXPLANATION. (La Presse, Montreal)

Among the desiderata of French Canada, which we published on February 20th last, in answer to Mr. Frank Wise's question: "What does Quebec want?"

That the French language, being recognized as an official language in the Canadian Parliament, be properly treated in all parts of the country, because it has acquired rights in virtue of treaties and of the constitution; because it is the key to a literature and a civilization which are the glory of humanity; because it is the language of diplomacy, that which was spoken by the founders and evangelizers of the country we inhabit.

In writing this paragraph, we thought we spoke clearly and would be understood by all. We were under the impression that no one would have the slightest reason to require an explanation of its contents. We were mistaken. There was found an apostle of La Bonne Entente who asked us repeatedly to explain before the public, before the Anglo-Saxon element particularly, what we meant by a proper treatment of the French language in all parts of Canada.

This apostle of La Bonne Entente is Mr. Harper Wade, an Anglo-Saxon publicist, whose articles often appear in the "Correspondence" of the leading Canadian papers, and who, he it said by the way, has always shown the best feelings towards French-Canadians. We do not mean to say thereby that Mr. Wade has always sided with our race in the strenuous battles it has had to fight within recent years. We simply maintain that, as a rule, he has shown himself a sincere critic and a man of good will with regard to us.

Needless to add that we cannot escape the obligation of answering a question put by such a man, in the interest of the union of races. We are all the more compelled to do so because the expression convenablement traitée was translated by certain important or dishonest Ontario journalists, by similarly treated, that is, on the same footing as the English language.

French Canadians do not ask that the French language be treated on a par with the English language, in the provinces where the majority is Anglo-Saxon. They merely want to be permitted, outside of the Province of Quebec, to learn the language of their fathers properly.

Now what is meant by a proper treatment of French? It is a treatment permitting those of our race to know their language well enough to speak and write it fluently. It is a treatment justifying us in saying that British "fair play," so often spoken of and so much made of by our Anglo-Saxon fellow-countrymen is not an empty word in the country we live in. It is a modus vivendi in virtue of which those of our race might increase and develop conformably with the tradition of their ancestors.

Treating French properly does not mean endeavoring by all means to limit its teaching; nor does it mean, passing laws and regulations which aim at suppressing openly or covertly the language spoken by the discoverers and the pioneers of our country; nor adopting selfish legislation in defiance of the most elementary rules of sane pedagogy and with an utter scorn for the most sacred feelings; nor crying out to the four winds of heaven, against common sense and the experience of history, that national unity infallibly reposes on unity of language; nor arbitrarily proclaiming that from the fact that the legislatures of the Anglo-Saxon provinces have the exclusive right of legislating in educational matters, they are thereby entitled to do away with the language of a minority.

Treating French properly surely does not mean giving orders to prohibit its use in schools where French Canadians are largely in the majority, nor submitting it to odious and cunning restrictions which savour of stubbornness and persecution; nor multiplying attempts to root it out by making life as hard as possible for our fellow countrymen in the English provinces.

We would receive proper treatment from an educational standpoint, if the rulers of the other parts of Canada were willing to behave in such a way as to deserve the eulogy which Mr. G. W. Parmelee, Anglo-Protestant secretary of the Committee of Public Instruction for Quebec, lately addressed to Sir Lomer Gouin's government. "The Protestant minority of Quebec," declared Mr. Parmelee, "has no reason to complain of the treatment it receives from the majority in school matters." Yet the Province of Quebec has also the right to legislate as it things fit in matters of public instruction. Why then, instead of abusing its powers, does it on the contrary use them to make life pleasant for the Anglo-Protestant minority? It is because, instead of talking about British "fair play", this Province seeks rather to practise whatever this expression implies in the way of nobleness, beauty and kindness. Instead of pretending that that national unity can be secured by creating in a nation two factions, one of which persecutes and the other is persecuted, it prefers constantly endeavoring to please all minority nationalities living in it's midst. Thus does our Province understand the racial problem and strive to harmonize the jarring elements comprising the Canadian nation. Let the English provinces do likewise. All will be well. We can even assure Mr. Wade that if this dream materializes the French language will be properly treated throughout Canada.

On the second of March we published a letter from Mr. Harper Wade commenting on the reply of La Presse to a question put to that paper by Mr. Frank Wise of Toronto, "What does Quebec want?" The most important request on that reply was that the French language should be properly treated in all parts of Canada. Mr. Wade pressed for a clear definition of what La Presse meant by proper treatment. This that paper has now given, and we reproduce an exact translation. Considerable misunderstanding arose from the Western papers translating the French word "convenablement" meaning properly, as similarly, a misunderstanding which Mr. John Boyd corrected by issuing a booklet with an exact and full translation accompanied by explanatory remarks

One Hundred Years Ago Today

The marriage was solemnized at this time one hundred years ago, by the Rev. Horace Parker, chaplain of the forces in this city, of Mr. Archibald Campbell, Jr., Notary Public, to Miss Agnes George, youngest daughter of Mrs. Joanna George, both of Quebec.

The law pertaining to the abolition of slavery in New York State and which was passed by the Legislature a century ago, enacted that all persons of color, born after the date of the law, should be free at the age of 21 years and provided for the total abolition of slavery in New York State on July 4th, 1827.

The death occurred one hundred years ago at the age of 78 years, of His Grace George, the third Duke of Marlborough. He died at Blenheim and was mourned by rich and poor alike because of his kind and generous nature.

While bathing in the St. Charles River one hundred years ago, Mr. Philippe Lemire, a clerk in the employ of Mr. Bourret, advocate, of this city, lost his life. The victim was but 18 years of age.

The total number of emigrants from Great Britain and Ireland who reached this port to settle in Upper and Lower Canada to the end of June, 1818, amounted to 3,000.

JULY FOURTH IN PARIS.

Paris, July 1.—The Ministry of Public Instruction has ordered that the recent speech delivered in Parliament by Jules Pam, the Minister of the Interior, concerning the fourth of July, be read and commented on in all the educational establishments of France on Wednesday, the day before the 4th. The reading is ordered as a part of the celebration by the teachers and scholars of the American National holiday.

Shell Shocked Nerves

Shattered nerves are the source of greatest suffering to many a returned soldier. The doctor can give something to relieve physical pain, but when the nervous system breaks down and you are sleepless, nervous and mentally worried, real cure only comes when the exhausted nerve cells are nourished back to health and vigor by such restorative, upbuilding treatment as Dr. Chase's Nerve Food.

AUSTRALIAN PREMIER AS BRITISH MEMBER

London, July 1.—There is a strong belief in well-informed quarters that Wm. Morris Hughes, the Australian Premier, according to an Exchange Telegraph despatch from Melbourne, intends to contest a constituency in Great Britain for a seat in the House of Commons after the Imperial Conference. Premier Hughes it is added, if successful, will enter the house "as Lloyd-George's lieutenant."

IT IS TODAY

Our big July Sale begins this morning (Wednesday). Do not fail to come. There will be bargains that will convince you that our firm gives real big bargains.

MARCEAU & CO., 155 St. Joseph Street.

Amsterdam, July 1.—Count von Hertling, the German Imperial Chancellor, will pay a visit to Vienna between July 7 and July 9, according to a Vienna despatch to the Berlin Kreuz Zeitung.

UNIVERSAL HANGERS

In all that the word implies, the Dodge is the Universal Hanger. It is strong, has wide adjustability, and insures perfect alignment of shafting. It is easy to erect and pleasing in appearance. The castings are accurate, well-finished and sound. They are machine-moulded from metal patterns. The Dodge Universal Hanger may be had in "drop" and "post" styles. Large stocks ready for immediate shipment are carried at our factory, branch warehouses and stockers. Phone orders carefully attended to.

DODGE Manufacturing Co., Ltd. F. H. Andrews & Son (Reg'd). Phones 565 and 526. 238 St. Paul Street. Stockers for Quebec and District.

WHITE WASH SKIRTS

New models in Ladies White Duck and Pique Wash Skirts. Specially priced at \$1.10, \$1.25, \$1.50, \$1.75, \$2.00, \$2.45, \$2.75, \$3.95. Children's White Wash Hats, a good variety. MINARD'S "KING OF PAIN" LINIMENT

The old reliable remedy for rheumatism, neuralgia, sore throat and sprains.

Best Liniment Made

Mr. A. E. LAURIE, Edmonton, writes: "I fell from a building and received what the doctor called a very bad sprained ankle, and told me I must not walk on it for three weeks. I got MINARD'S LINIMENT and in six days I was out to work again. I think it the best liniment made."

Minard's Liniment always gives satisfaction. For any ache or pain, it gives instant relief. Minard's Liniment Co., Limited, Vancouver, B. C.

1,019,115 AMERICAN TROOPS OVERSEAS ON JULY 1ST

SPLENDID RECORD OF ACHIEVEMENT BY UNITED STATES GOVERNMENT - SOME INTERESTING DATA SHOWING PROGRESS MADE.

Washington, D.C., July 2—American troops sent overseas numbered 1,019,115 on July 1.

This was made known tonight by President Wilson who gave to the public a letter from Secretary Baker disclosing a record of achievement which the President said, "must cause universal satisfaction", and which "will give additional zest to our national celebration of the fourth of July."

The President's statement, with the letter from Secretary Baker and his reply, follow:

"I have today received the following letter from the Secretary of War, which seems to me to contain information which will be so satisfactory to the country that its publication will be welcomed and will give additional zest to our national celebration of the fourth of July:

"War Department,

"Washington, July 1, 1918.

"My Dear Mr. President:

"More than one million American soldiers have sailed from the ports in this country to participate in the war in France. In reporting this fact to you, I feel that you will be interested in a few data showing the progress of our overseas military effort.

"The first ship carrying military personnel sailed May 8, 1917, having on board base hospital number 4 and members of the reserve nurse corps.

"General Pershing and his staff sailed on May 20, 1917. The embarkations in the months from May 1917 to and including June 1918, are as follows:

"1917: May, 1,718; June 12,261;

July 12,988; August 18,323; Sept. 22,522; October 28,259; November 28,016; December 48,840.

"1918: January 48,776; February 48,027; March 83,811; April 117,212; May 244,345; June 276,372.

"Marines 14,644.

"Aggregating 1,019,115.

"The total number of troops returned from abroad, lost at sea and casualties is 8,165 and these, by reason of the superbly efficient protection which the navy has given our transport system, only 991 have been lost at sea.

"The supplies and equipment in France for all troops sent is, by our latest reports, adequate and the output of our war industries in this country is showing marked improvement in practically all lines of necessary equipment and supplies.

"Respectfully Yours,

"NEWTON BAKER.

"To which I replied:

"The White House,

"Washington, July 2, 1918.

"My Dear Mr. Secretary:

"Your letter of July 1st. contains a very significant piece of news and an equally significant report of the forwarding of troops which I think must cause universal satisfaction, because the heart of the country is unquestionably in this war and the people of the United States rejoice to see their force put faster into the great struggle which is destined to redeem the world.

"Cordially and Sincerely Yours,

"WOODROW WILSON.

"HON. NEWTON D. BAKER,

"Secretary of War".

HABEAS CORPUS FOR JACOB BERCOVITCH

Jacob Bercovitch, brother of Louis Bercovitch, M.L.A. for St. Louis, both of Montreal, today entered Habeas Corpus proceedings. Jacob wants to be liberated from the Military Service. He says that being 33 years of age, he does not come under the order-in-council under which he claims he was drafted.

W INVESTIGATION.

Toronto, July 2—After hearing the remarks of Rev. W. D. Spence, Rev. Dr. Gordon and Rev. Kennedy Palmer, of Guelph, Ont., a private meeting of ministerial representatives of all the Protestant denominations of this city today passed a resolution supporting the Guelph Ministerial Association in their demand from the proper authorities for a full, clear and thorough investigation of all points involved in the controversy.

DODD'S KIDNEY PILLS advertisement with circular logo and text.

TELEGRAPH SYSTEMS IN UNITED STATES

PLANS FOR ENACTING LEGISLATION FOR GOVERNMENT CONTROL GOING FORWARD.

Washington, D.C., July 2—Plans for enacting legislation before the summer recess authorizing President Wilson to take over telegraph, telephone, cable and radio systems went forward in Congress today while three members of the Cabinet emphasized their approval of the proposal before the Inter-State and Foreign Commerce Committee.

Leaders in both Houses expressed the opinion that the legislation could be passed without great delay though some opposition from members opposed to any further grant of power to the executive branch was to be expected.

The House Committee, after hearing the Cabinet officers, secretaries Baker and Daniels and Postmaster General Burleson—arranged to meet tomorrow to prepare a report on the resolution of representative Aswell of Louisiana which has been endorsed by President Wilson. The only fight expected is over the question of a time limit for government operation. A limit was suggested in the Committee today and was opposed by all three of the witnesses.

Secretary Daniels and Postmaster General Burleson frankly advocated permanent government ownership of wire and radio communications. Mr. Baker was not prepared to go that far, but he joined his colleagues in urging government control, during the war as a military necessity, to protect government secrets and facilitate the transmission of government despatches.

The heads of the two war-making branches declared their attitude was not influenced by the strike of Western Union operators called for July 28, and was based entirely upon military needs.

Mr. Burleson, long an advocate of government operation of communications said the threatened strike was one reason for action at this time.

NINE PARISHES DID NOT REGISTER

NOT A SINGLE CARD TURNED IN BY SOME LOTBINIERE PARISHES.

According to information furnished by Mr. A. Plante, K.C., Superintendent of Registration for District No. 17, out of seventeen parishes in the county of Lotbiniere, nine failed to turn in a single registration card. There was a total of 2455 registrations in all, 1214 men and 1241 women. The figures follow:

Table with 2 columns: Parish Name and Registration Count. Includes St. Sylvestre (310), St. Patrice (222), St. Agathe (310), St. Narcisse (nil), St. Gilles (nil), St. Agapit (178), St. Apollinaire (143), St. Octave (139), St. Flavien (nil), St. Edward (nil), St. Philomene (nil), St. Jacques (nil), Deschailhons (173), St. Emile (nil), Lotbiniere (nil), St. Antoine (20), St. Antoine (nil), St. Croix (29).

RESOLUTIONS BY UNITED IRISH LEAGUE

New York, July 2—Resolutions condemning "those Irishmen and Irish-Americans who have shown themselves to be apostles of the German gospel of barbarism and brutality, but who do not represent the Irish race here or abroad," were adopted at a meeting here tonight of the United Irish League.

Speakers branded as traitors to the United States any Irish-American, who by his actions, "would compel the return of even a single British soldier from the Western front to stand guard in Ireland."

BRITISH AIRMEN DISPOSE OF 42 HUN AIRPLANES

ALSO ACCOUNTED FOR THREE BALLOONS—EIGHT BRITISH MACHINES MISSING.

London, July 2—British airmen yesterday disposed of forty-two German airplanes and three balloons, according to the official report on aerial operations issued tonight. Of the airplanes, twenty-five were destroyed, fifteen were driven down out of control and two landed behind the British lines, where their occupants were captured. The statement says:

"On July 1st, our airplanes were very active, the fine weather enabling much work to be done in co-operation with the artillery, as well as reconnaissance and photography.

"Twenty-five German machines and three German balloons were destroyed during the day, and fifteen other hostile airplanes were driven down out of control. In addition, two large hostile night flying machines landed behind our lines, the occupants being taken prisoner. Eight of our machines are missing.

"Twenty-two tons of bombs were dropped during the day and thirteen tons during the night. All our night flying machines returned safely."

MESSAGE FROM GENERAL PERSHING

WAS DELIVERED TO MEN OF BRITISH AND AMERICAN SHIPS.

London, July 2—The Right Rev. Charles Henry Brent, former Protestant Episcopal Bishop of the Philippines, during a recent visit to the Grand Fleet delivered the following message from General Pershing to the men of the British and American ships:

"The bond which joins together all the men of our blood has been mightily strengthened and deepened by the rough hand of war. Those of us who are privileged to serve in the army and navy are to one another as brothers.

"The spaces of land and sea are nothing where common purposes bind. We are so dependent on one another that the honor, fame and exploits of the one are the honor and exploits of the other.

"Should the enemy dare leave his safe harbor and set his ships in battle array, no cheers would be more ringing as you and the Allied fleets move to his defeat than those of the American forces in France. We have unshaken confidence in you and are assured that when we stand on the threshold of peace your record will be one worthy your traditions."

EDITOR OF LIFE DEAD.

John A. Mitchell Was in Charge for 36 Years.

Ridgefield, Conn., July 2—John A. Mitchell, editor of Life, died at his summer home here late yesterday, following a stroke of apoplexy suffered earlier in the day. He had been editor of the magazine for about thirty-six years. Before he took charge of the entire paper he was a celebrated cartoonist and illustrator. Mr. Mitchell was in his seventy-fourth year. In May his wife became seriously ill with appendicitis and underwent an operation, from which she is now recovering.

John Ames Mitchell was born in New York City, January 17, 1845. His artistic tastes were early developed, as he used to draw for his own amusement when a lad. He got his early education at Exeter, Lawrence Scientific School, and then at Harvard, where he took a scientific course, after which he went abroad to study architecture. He returned to America in 1870 and practised architecture in Boston for about six years, at the end of which he again visited Europe and studied painting and etching, in the atelier Julian until 1881. He also studied at the Ecole des Beaux Arts. He had always been interested in black and white drawings and, feeling that there was a field for such art in the United States, he returned to this country and started Life which he founded as an artistic, comic and satirical journal. He had also written widely.

VANCOUVER AND VICTORIA HAVE TRAMWAY STRIKE

MAYOR GALE ENDEAVORING TO ARRANGE SETTLEMENT—MILK SHORTAGE FEARED.

Vancouver, B.C., July 2—The British Columbia Electric Railway System, which covers Victoria, Vancouver, North Vancouver, and New Westminster, and whose principal inter-urban line extends as far as Chilliwack, is tied up today by a strike of employees for higher wages and shorter hours, which went into effect at midnight last night. Workers in Vancouver and Victoria walked to work this morning, or were fortunate enough to find places in the few jitneys or in private cars.

The strike of the Company's electrical workers, which went into effect at the same time, has not had such an apparent effect upon public activities. The Company has been able, so far, to maintain a staff which has furnished sufficient current for lighting purposes, to run elevators, and to provide for some industrial power purposes. Refrigeration plants are being maintained. In all, approximately 1,650 men are on strike. A milk shortage by tomorrow is feared, in consequence of the shutting down of the radial lines.

Mayor Gale is lending his services in an effort to arrange a settlement, but general manager Kidd of the British Columbia Electric Company stated today he saw no hope of a speedy relief from the present situation. He said the Company would endeavor to keep the light and power plants in operation.

Carmen who have quit work number 1,348, of whom 937 are in the Vancouver district; 206 in Victoria, and 205 in New Westminster. Vancouver has 283 striking electrical workers, and Victoria has 35.

Steam and operating engineers all over the province are on strike today. This union numbers close to 1,000 men, but it is not known the number who may have quit work. A higher scale of wages is demanded.

SUBMARINE SINKS DANISH STEAMER

CAPTAIN OF VESSEL AND TWENTY-NINE OF CREW PERISHED IN STORM.

An Atlantic Port, July 2—The Associated Press carries the following: "The Danish steamship Indien was attacked and sunk by a German submarine with a loss of 29 members of the steamship's crew off the Azores on March 31. It was learned with the arrival here of nine survivors from the Indien.

"The vessel, bound from France to an American port, was sunk by shell fire after the crew had taken to four lifeboats. Three of these boats were lost in a storm. The men who perished included Capt. Keuruloff.

SAMMIES BROKE UP THE GERMAN COUNTER ATTACKS

AMERICANS DID NOT GIVE A FOOT OF GROUND THEY CAPTURED.

With the American Forces on the Marne Front, July 2 (5 p.m., by The Associated Press)—A counter-attack made by the Germans today against the new positions won last night by the American forces to the west of Chateau Thierry was completely broken up. The Americans did not give up a foot of ground which they had captured.

There was hot fighting today in front of Hill 204, which is in the hands of the Germans. At five o'clock this evening the American artillery was engaged in heavily shelling the position.

Reports from the advanced front brought back through a heavy enemy barrage confirmed the earlier statement that the Americans have reached their every objective, and are holding every point. The total number of Germans captured by the Americans is now estimated to number about 500, including at least seven officers.

WILL OF LATE JAMES DOUGLAS

\$50,000 BEQUEATHED TO THE MCGILL UNIVERSITY FOR A HOSPITAL.

New York, July 2—Under the will filed here today, of James Douglas, former president of the copper producing firm of Phelps, Dodge and Company \$50,000 is bequeathed to the Kingston General Hospital, Ontario, and McGill University, Montreal, the value of Mr. Douglas' estate is not given except that it is estimated to be more than \$1,000,000 personal property and more than \$25,000 in real estate.

The American Institute of Mining Engineers is bequeathed \$100,000 for a scientific library, and the Museum of Natural History here receives \$100,000.

The executors are directed not to dispose of the railroad and mining securities. Relatives receive the major portion of the estate.

Mr. Douglas died on June 25. He was chairman of the Directors of Phelps, Dodge and Company.

SUGAR \$1.50 A POUND IN PERSIA

Teheran, Persia, Saturday, June 29 —(By The Associated Press)—Commerce and industry in Persia have been completely paralyzed by the war. Typhoid and typhus claimed a number of deaths, ten times the normal rate being reported.

The approaching harvest is expected to be a good one and food prices are now falling. Wheat has been selling for \$30 a bushel, rice at fifty cents a pound and sugar at \$1.50 a pound.

NO FURTHER SURVIVORS OF HOSPITAL SHIP FOUND

THOROUGH SEARCH OF WATERS MADE WHERE VESSEL SUNK WITHOUT RESULTS - BITTER CRITICISM OF INHUMANITY OF THE GERMANS.

London, July 2—A thorough search of the waters in the vicinity of the spot where the Canadian hospital ship Llandovery Castle was sunk by a German submarine has resulted in no further survivors being found. An official statement issued by the Admiralty says it may be assumed that only 24 of the 258 persons on board were saved. The Admiralty statement says:

"The area between the spot where the Llandovery Castle was sunk and the southwest Irish coast has been thoroughly searched by two groups of His Majesty's ships in addition to the Lysander. Only a little wreckage and one empty boat were found. It may be assumed that there are no more survivors from the Llandovery Castle."

U. S. Ship Delayed.

Washington, July 2—Plans for the sailing of the American hospital ship Comfort, which it was proposed to send through the submarine zone with convoy, have been delayed by the ruthless destruction of the Canadian hospital ship Llandovery Castle. It is not yet decided whether the original plans will be changed.

Wild Beast at Large.

London, July 2—(Via Reuter's Ottawa Agency)—Mr. Bonar Law speaking in the House today said that one would have thought that nothing new as regards German brutality could have happened, but the sinking of the Canadian hospital ship Llandovery Castle was an unspeakable outrage. Nothing could be gained by talking about this last example of frightfulness.

A Vancouver Man.

Vancouver, B.C., July 2—One of the Vancouver men on the torpedoed ship Llandovery Castle was John Eaton, a member of the Army Medical Corps, who had served for twenty-eight months at the front when he was gassed and returned. A letter had been received recently from Mr. Eaton from Halifax by his parents here, which had been mailed just before the departure of the ship.

Winnipeg Victims.

Winnipeg, Man., July 2—As far as can be learned, there were only two people from Winnipeg on the Llandovery Castle—Louis Arthur Shipman and George Harvey, both orderlies on the ship. The name of neither has appeared in the list of survivors so far.

Nursing Sister McKenzie.

Toronto, July 2—Nursing Sister M. E. McKenzie, of Toronto, is known to have been on the Llandovery Castle, when it was torpedoed. She graduated five years ago from the Halifax Military Hospital. Two and a half years ago she was appointed on the staff of the Ontario Government Hospital at Orpington, England, and later was in charge of an hospital at Walmer, Kent, England, stationed near Dover. About three months ago Nursing Sister McKenzie was transferred to the Llandovery Castle for duty. She had made one round trip, and was returning from Canada to England on this boat, completing her second round trip.

PAQUET COMPANY LIMITED. Retail Division - - - 157-173 ST. JOSEPH ST. Special Announcement. THE WAR TRADE BOARD have granted us 60 days sanction to redeem all filled and to-be-filled outstanding medallion cards. CITY COUNCIL ADJOURNS FOR MONTH

EFFORTS OF CITY TO PURCHASE COAL FOR DISTRIBUTION TO CITIZENS PAILED.

The City Council last night adopted the report of the Public Works Committee awarding the contract for next winter's supply of coal for the city, to Messrs. Falardeau and Co., at \$11.94 per ton.

As the above report was adopted, Ald. Bertrand asked Mayor Lavigne what was the outcome of the city's effort to secure a large quantity of coal for distribution among the citizens. The Mayor replied that after a considerable amount of correspondence between himself and the Fuel Controller's Office, he had been advised that the plan could not be carried out as only those who were in the coal business in 1916 and buying large quantities, are permitted to purchase in this manner at the present time and further, that present purchases must not exceed those of 1916.

Ald. Gauvin, chairman of the Civic Fire and Police Committee was authorized to proceed with the sale of some six or seven horses of the fire department which have outlived their usefulness to the brigade.

Ald. J. A. Lesage suggested that the Mayor communicate with Mr. W. J. Lynch, General Manager of the Q.R.L.H. & P. Co., with a view to securing for women workers, the same privileges accorded by the company to workmen as regards the sale of workmen's tickets. Mayor Lavigne promised to take up the matter without delay.

The Council adjourned last night for the summer vacation to meet again on Friday August 2nd, when it will likely adjourn again for another month.

LAD DROWNED AT DONNACONA

WAS BATHING IN JACQUES CARTIER RIVER WITH SEVERAL COMPANIONS.

A sad accident took place at Donnacona on Sunday evening when a lad named Alexandre Lazure, aged sixteen and a half years lost his life through being drowned in the Jacques Cartier River whilst bathing with a companion, Isidore Dupuis, who made every aid to save his friend, but without success.

The victim was the son of Mr. M. Lazure of Montreal, General Superintendent of the Provincial Roads Department, and was employed by the Department at a section of the road between Montreal and Quebec, which is in charge of Mr. Thomas Caron.

The lady of the deceased young man had not been found up to yesterday.

NAVY LEAGUE PREPARE FOR DRIVE

QUEBEC COMMITTEE STUDYING PLANS FOR CAMPAIGN TO SECURE MEMBERS.

An organization meeting of the local committee of the Navy League of Canada was held at the City Hall last night, to decide on a plan for the campaign which will be launched in this city and Levis very shortly.

Various plans were submitted for study and will be acted upon at the next meeting, probably Thursday night. In the meantime Mr. H. Collette, local secretary, will communicate by telephone with Mr. D. F. Glass, secretary-treasurer of the Navy League, at Montreal, for authorization to contract for advertising space in the local press. Among the other plans of advertising the coming drive to secure members in Quebec and Levis submitted last night are householders circulars, and street car posters.

Though the campaign is not actually begun, nearly three hundred citizens, due to the personal efforts of members of the Quebec Committee, have sent in their names to be enrolled.

The Quebec Board of Trade, through its secretary, Mr. T. LeVasseur, is also taking an active part in enlisting members. Circular letters are being sent to each and every member accompanying which is an application blank, asking their cooperation by signing up. The circular points out the great volume of shipping trade likely to occur after the war and the presumably great difficulty there will be to obtain ships to move commerce in all parts of the world. It also points out that the Navy League among its objects, seeks to encourage shipbuilding, not only during the war, but after the declaration of peace, and at the same time assist in the creation of a Canadian Marine Service by the qualification of young men to enter the seafaring profession; the training of naval architects and marine engineers; the establishment of naval schools and of exportation and importation agencies.

With such objects as those of the Navy League of Canada, it is, therefore, in the interest of every man in Canada, and more especially Quebec City and Levis, both being shipping centres, to join in the movement by becoming members. Membership lists are open in all local bank branches and large commercial establishments, besides which canvassers will soon call at every home in the city and it is the desire of the Quebec Committee that citizens give them a hearty welcome and join the League, or send subscription fee of \$2.00 to the local treasurer, Mr. Neuville Belleau, No. 126 St. Peter street. Associate fees are \$1.00, and Junior, 50 cents.

TWO NEW BY-LAWS PASSED BY COUNCIL

ADOPTED AT LAST NIGHT'S MEETING AND DECLARED IN FORCE BY MAYOR.

At a short meeting of the Quebec City Council held last night, By-law No. 2H together with By-law No. 3H were read a second time and declared in force by His Worship Mayor Lavigne following their adoption by the Council.

Article 20 of By-law No. 2G which has been repealed and replaced by By-law No. 2H now reads as follows:

"Every person or company carrying on the trade of conveying persons, from one place to another in the city, for payment, by using certain vehicles, must before following said trade, obtain a license for such vehicle, there shall be paid the sum of eleven dollars, for each and every vehicle.

"Every person or company carrying on the trade of transporting from one place to another in the City, for payment, merchandise, or other material whatsoever by using any sort of vehicle, must, before exercising said trade, obtain a license for the price of which they shall pay the sum of fifteen dollars for each vehicle."

By-law No. 3H which amends By-law No. 3 and its amendments as to taxes, is as follows:

1.—All Fish offered or exposed for sale in the limits of the City of Quebec, shall be enclosed in Refrigerator Glass Show-cases" of an approved model, by the inspector of the Health Department, which "show case" he shall stamp as being in conformity with the conditions required by the sanitary authorities.

2.—All infractions to the present By-law shall be punished by a fine not exceeding \$40.00, and in default of payment of said fine and costs to an imprisonment for a space of time not exceeding two months.

3.—Article "50" of By-law No. 3, passed on the 18th of April, 1911, is repealed and replaced by the following:

"50"—Whoever wants to obtain such a license, must apply in writing to the City Clerk, and specify the place or building where he intends keeping his stall.

REGISTRARS ARE NOT VERY POPULAR

DYNAMITERS ATTEMPT TO WRECK HOME OF NOTARY VALERE GOSSELIN IN BEAUCE.

Registrars in the vicinity of Beauce can readily sympathize with anyone holding an official position in Russia and Mr. Valere Gosselin, N.P., registrar for that district will have reason to remember these stirring times, for an attempt was made to blow up his house at St. Joseph de Beauce on Saturday night, every window in the building being shattered, the force of the explosion throwing pieces of wood, etc., in all directions. Fortunately nobody was hurt. The dynamite caused a big stir in the village, but no trace of the would-be anarchists has yet been found. It is stated that shortly before the explosion, a neighbor of Mr. Gosselin heard the noise of an automobile coming up the road; the machine suddenly stopped and shortly afterwards a shrill whistle was heard and the auto left at full speed. Several minutes later a terrific explosion took place, the dynamite having been deposited in a pile of wood close by the house.

THE HIGH SCHOOL OF QUEBEC

The following boys have passed Grade X and are therefore eligible for admission to the class for an Elementary Diploma at Macdonald Training School for Teachers: George Bartoli, Max Crestohl, Samuel Eliasoph, Horace Fischler, Guthrie Scott, W. E. Willard.

Kink in the Back

You bend over and can scarcely get straightened up again. This comes on you so suddenly you can't understand it.

This is lumbago. Like backache and rheumatism, it is the result of poisons in the blood. The kidneys are deranged, but the use of Dr. Chase's Kidney-Liver Pills will soon set them right. The pains and aches will disappear with the poisons when the kidneys do their work properly.

Correspondence

PROVINCES OF CANADA. A reader has requested the publication of the names of the Provinces and Territories of Canada. They are as follows: Quebec, Ontario, British Columbia, Alberta, Manitoba, Saskatchewan, New Brunswick, Nova Scotia, Prince Edward Island, Yukon and Northwest Territories.

THE CHATEAU FRONTENAC. Palm room is now open. Business men's lunch will be served at moderate prices.

So as to give a rest to all the employees, our establishment will be closed from the 8th to the 22nd of July. M. A. MONTMINY & CIE., Photographers, No. 2 St. John St.

DERANGED MAN FOUND DROWNED. An aged man named Marcelin Dionne, residing at Ham Nord, was discovered drowned in a well near his home yesterday.

EXTEND SCOPE OF STEEL OPERATIONS. Montreal July 2.—Mark Workman, President of the Dominion Steel Corporation, leaves for Sydney, N.S., tomorrow morning, where he will spend the summer and give a considerable amount of attention to the carrying out of the plan of operations for extending the scope of operations of that company.

Mr. Workman announced that the company had completed the purchase of a steamer and the chartering of a second, both of good cargo capacity, which would be placed in the coal trade between Sydney and such Atlantic ports as Halifax and St. John.

FOUND. FOUND—A sum of money on Palace Hill on Monday afternoon, July 1st. Owner can have same by proving amount and paying for advertisement. Apply to W. O'Dowd, United Cigar Stores, Palace Hill.

WARM TRIBUTE TO THE KHAKI CLUB. A member of the Khaki Club Committee has received a letter from Pre. W. J. Pearson who was here with the 27th Battalion a couple of years ago. The following extract shows the appreciation which the boys feel for the Khaki Club.

"It is the Khaki Club still doing the good work it was doing when the 33rd was in Quebec? For my part I shall always think warmly of the hospitality shown us during our stay. Some of the happiest memories I cherish out here are memories of those days. For example, I do not think I will ever forget the Sunday afternoon and evenings I was privileged to spend in your home and I state in all sincerity that the memory of them helps in these trying days."

SENSATIONAL SALE

Opening today, July 3rd. The balance of the bankrupt stock of Gedeon Beaudoin will be sold at a bargain by the firm of MARCEAU & CO., 155 St. Joseph Street. Profit by this occasion.

JUNE CUSTOMS RETURNS. The amount of import duties collected during the month of June, 1918, at the Port of Quebec, was \$199,978.21.

FIREMEN RETURN THANKS. The Treasurer of the Firemen's Benevolent Association acknowledges with thanks a cheque for \$10 from Messrs. Brousseau and Frere and a cheque for \$15 from A. R. Pruneau & Co., in recognition of the firemen's services at recent fires at their establishments.

FATHER H. LEDUC O.M.I. PASSES AWAY. In a communication received from Mr. Legat, O.M.I., Archbishop of Edmonton, by his Eminence Cardinal Begin the sad intelligence was conveyed of the death of the Very Reverend Father H. Leduc, O.M.I., Vicar General of the Archdiocese of Edmonton, at the age of 76 years.

STRIKE ON AT THETFORD MINES. The men employed at Thetford Mines in making the boxes for carrying minerals struck work last Saturday for an increase in wages.

RED CROSS SOCIETY WILL DO PRESERVING. As will be seen by the notice which is appearing in another column, The Red Cross Society is prepared to take orders for preserves also bottling of fruits and vegetables by the new sterilizing method. This will no doubt be good news for Quebec housewives as it will guarantee them against any loss. Full information may be had on applying to Mrs. Imjah, care Y. W. C. A., 126 Anne street.

DR. BELAND HOPES TO LIBERATE DAUGHTER. Hon. Dr. Beland in a letter to his brother-in-law Dr. Nadeau of Valley Junction states that he has practically succeeded in obtaining the liberty of his daughter Miss Jeannette, who is at present in Belgium a prisoner of the Germans.

DR. BELAND MENTIONED THAT AS soon as he had secured his daughter's release he would leave with her for England, but that it was impossible to say when he would sail for Canada.

It is believed, however, that Dr. Beland is now on his way home and if it is the case he should arrive here in about a fortnight's time.

BODY RECOVERED AT SUMMIT CLUB. The body of one of the victims of the drowning accident at Summit, that of Oscar St. Hilaire, has been recovered, and his brother Emile St. Hilaire has left to identify it.

Latest Sporting News

MERKLE NOT ONLY REAL COME BACK

DAUBERT, OF BROOKLYN, IS ALSO SHOWING OLD FORM AT FIRST BASE.

Fred Merkle's great come-back this year has been much commented on, but he is not the only veteran first-baseman of the National League who seems to have revived.

Daubert's recovery is especially notable. Last season Jake was bothered with a bad leg and missed more than a score of contests.

This spring the "come-back epidemic" did not pass by Jake. He reported to Uncle Robbie in good physical condition and soon fell a victim to the welcome plague.

Sporting Notes

With much regret, the Quebec Foot ball League accepted the resignation of Charlie Pike who has for two seasons presided over its destinies and kept the game going in fine style.

The Dragons and Clearing Depot will meet in their big game on Thursday evening at 8.30. These two teams gave a magnificent exhibition when they met the first time and the result was a draw, one all.

While the Dragon footballers are fighting it out with the Clearing Depot Thursday evening, the baseball team of the Cavalrymen will be playing a game against the Tipperary bunch on the Cove Fields.

The Junior baseball league meets Wednesday night. The Tips will meet tomorrow night.

"Bud" Dinan, the Tipperary player is now a full-fledged artilleryman. And Bud likes to hear those spurs of his clanking behind him.

Charles Pike, the retiring president of the football league expressed his keen satisfaction at the election of Capt. Key as his successor. "The right man in the right place" said the Dundalk man.

The race in the Quebec Junior Baseball League is arousing much interest and just now is at a critical stage. The Stadacona team, last year's champs are tied with Tipperary for the leadership, while Royal Amateurs and Standards have shown such improvement lately, that either two may step in and pull out on top yet.

Sport Editor, Chronicle:—

Is there any rule which compels an umpire to call out a runner who slides to first base after making a hit to the infield? FAN

Ans:—Certainly not. The runner can crawl there if he likes so long as he does not run out of the line to avoid being tagged. While on this subject. Sliding to first base, or any base, does not make the runner arrive there any quicker; but in sliding to a base where the baseman must tag the runner to make the out, sliding, especially the "hook-slide" greatly aids in avoiding being tagged.

The Vigers defeated Rock City by 10 to 9 in a ten-inning game.

Our Foolish Questions.

Why is number 13 considered unlucky? NO. 12.

Ans:—Might as well be 13 as any other.

Popular Pastime, No. 1267:—Wondering when summer will begin.

PIRATES NOW IN KHAKI.

Included six Pitchers, Two Catchers and a First Baseman.

New York, July 1—The Pirates who are now in the service of their country include no fewer than six pitchers, two catchers, a first baseman, a second baseman, two third basemen and an outfielder. The boxmen are Earl Hamilton, who is in the navy; Harold Carlson, in the infantry; Marcus Milligan, in the aviation corps; Billy Evans, aviation corps; Elmer Ponder, in the infantry, and Walter Mills, in the infantry.

Catcher Fred. Blackwell is in the aviation corps, and Catcher Willard Smith, in the infantry. First baseman Ray Miller is in the navy, so is Second baseman Billy Webb; third baseman Boeckel is in the navy, and third baseman Warner is in the infantry. The outfielder, Stengel, now is in the navy.

At Binghamton: R. H. E. Syracuse . . . 010 000 000—1 4 2 Binghamton . . . 500 000 030—8 11 1 Heck and Cobb; Frock and Fischer.

Buffalo-Jersey City game played game yesterday.

THE ATTITUDE OF BULGARIA IN WAR

BALKAN STATE HAS PROVED USEFUL PAWN FOR THE CENTRAL POWERS.

London, July 3—One of the most striking features of the present war is the important part which the Balkan States have played. The war began in the Peninsula and even its real causes had not, as has been affirmed, become evident to Downing street and the Quai d'Orsay, the issue was recognized in Petrograd, for the negotiations which had followed the presentation of the Austrian ultimatum had been made clear that the destruction of at least one Balkan power was in contemplation.

Moreover, Austria had never concealed her ambition to secure access to the Aegean Sea, and since the fall of Bismarck, Germany, had not only identified herself closely with the Hapsburg ambition, but had developed a policy of her own in the Near East. Whether the objects of Pan-Germanism were appreciated or not, there was ample evidence that Germany intended to dominate the Bosphorus and bring at any rate the northern half of Asia Minor within her sphere of influence.

That Bulgaria, by virtue of her geographical position, was destined to occupy a role out of all proportion to her resources and population was so obvious to the Serbian government that in the first month of the war they advised Russia of their readiness to cede to Bulgaria territories east of the Vaardar River, in return for a policy of loyal neutrality, and at the same time they indicated that, in their opinion the moment had arrived when Rumania, Greece and Serbia should, by mutual sacrifices, seek to reform the Balkan "bloc." In order to safeguard their common interests, Serbia also declared her readiness to assist Bulgaria to regain the Thracian territories which she had lost to Turkey in 1913.

Once Turkey joined forces with the Central Powers it became clear to all the Chancelleries of Europe, that Bulgaria was in a position to offer considerable service to either side. By the exercise of that loyal neutrality for which Serbia had made an ineffectual bid two months previously, she could have cut off Turkey from all assistance and rendered her ultimate defeat merely a matter of time. Her active adherence to the Entente powers would have enabled them to force the capitulation of Constantinople in a few weeks.

As events turned out the benevolent neutrality which she accorded to the Central powers during the first 12 months of the war enabled her to impose neutrality upon Greece and Serbia and strengthened Turkey, while her actual adhesion to the Teutonic alliance was fraught with incalculable consequences. It permitted the hosts of Germany and Austria to break down the rampart which the Serbian army had built up between Berlin and Bagdad; the trans-Balkan railway speedily carried German ammunition to the Bosphorus and Turkish grain, oil and cotton to Germany. It conveyed Teuton cadres to Turkey and Ottoman divisions to Austria, and robbed the Gallipoli expedition of its last hope of success. It, and it alone, necessitated the costly campaigns in Mesopotamia, Syria, and Macedonia, and the dispersion of Allied forces which led to so much controversy in England.

In the early months of the war there was little reason to doubt the attitude of Bucharest and Athens. Despite the foresight which had placed a Hohenzollern on the throne of Rumania and the intrigues which had provided a German consort for King Constantine, the sympathies of both peoples were clearly with the Entente powers. True, M. Bratianu's diplomacy was fiftful; he endeavored to keep in with both sides; he knew of course, that his country was under obligations to the Central Powers; but his long sustained neutrality was mainly dictated by fear of Bulgaria, and he had been informed in August, 1914, by his Minister in Berlin that a close understanding existed between Germany and Bulgaria.

There was no ambiguity whatever about the position of Greece. While hostilities were still confined to Austria and Serbia (Aug. 2, '14) the government made it clear that any attack by Bulgaria upon her ally would precipitate her intervention. M. Venizelos maintained a well-equipped army of 120,000 men with the colors, and, when the war spread, speedily placed the entire Hellenic forces at the disposal of the Entente (Aug. 6). The Allies declined this proffered assistance.

On two subsequent occasions in the first winter of the war (October and November, 1914), Viscount Grey appealed for Greek assistance, and on either occasion his invitation would have been accepted had the Entente been prepared to guarantee the Greek army against attack by Bulgaria. Nevertheless, Greece rendered precious aid to the Allies by her early determination to stand by the Greco-Serbian treaty, and in 1914 the Central powers, finding M. Venizelos stubbornly loyal to his engagements, were obliged to advise the Athens cabinet that they would "recommend Bulgaria not to intervene in order not to provoke the simultaneous intervention of Greece."

Thus Bulgaria was, so to speak, the dark horse in the Balkan stable, and in view of the tremendous issue involved, it is surprising that no serious effort was made to induce her to de-

LOYALISTS OPPOSE LEAGUE LEADERS

NON-PARTISANS OF NORTH DOKOTA SEEK TO PERPETUATE THEMSELVES IN POWER — FORECAST INDICATES THEIR SUCCESS BY SMALL VOTE.

Bismarck, N.D., July 3—Although the Farmers Non-Partisan League is daily losing votes by bringing into the State persons as to whose loyalty a suspicion has been created, the best judgment of impartial observers here seems to be that the league will perpetuate its hold on the state government at the primaries on June 26 by a narrow margin. One thing that seems certain is that the league will not repeat its landslide of two years ago.

Lynn J. Frazier, league Governor, is opposed for the Republican nomination by John Steen, who is completing his second term as State Treasurer. For the first time in many years, the Republican nomination, if it falls to Frazier, may not carry with it the election.

Stephen J. Doyle, United States marshal, who has been diligent in ferreting out sedition and disloyalty, is the favorite to win the Democratic nomination against Geo. W. Wilkinson, recently deposed postmaster at Fargo. Should the final race come between Messrs. Frazier and Doyle, it is now regarded as very possible the independent Republican vote will go to Doyle.

While Frazier two years ago had almost 60,000 more votes than his Democratic opponent, there is, of course, a chance that a coalition between the Democrats and Republicans would defeat him.

The presence of C. A. Lindbergh, defeated league candidate for Governor in Minnesota, in North Dakota as a man-partisan campaigner, has caused considerable feeling. Conservative leaders are reported as admitting it has cost them votes. Lindbergh is speaking in a section of the State most densely populated by Americans of German descent.

It seems probable that victory for the head of the ticket will carry the whole ticket, with one or two exceptions. A league victory will return to Congress John M. Baer and George M. Young, Congressman Patrick D. Norton, turned down by the league, but endorsed by independents, is regarded as a winner.

The league defeat in Minnesota will cost the North Dakota league a great many votes, it now seems assured. Julius Schmahl, Secretary of State, and other well-known Minnesota loyalists have been in North Dakota aiding league opponents.

SPORTS ARE THRIVING.

In England in Spite of the Boche Air Raids.

New York, July 1—Sports of all kinds are thriving in Great Britain during the soccer football season, which recently came to a close in Scotland. The total gate receipts amounted to nearly \$60,000, of which the government war tax was a trifle less than \$18,000. Some of the games for the championship of the Scottish League, played by professionals, drew 100,000 spectators. Football, racing, boxing and baseball are booming in England in spite of the Boche air raids. King George is preparing to pitch the first ball in a diamond battle between American and Canadian teams near London on July 4th.

termining her attitude. The reading of recent Balkan history certainly pointed to existence of significantly friendly relations between Sofia and Vienna, but the Entente statesmen were apparently convinced that Bulgaria was actuated solely by a desire to establish her so-called "national unity," and no serious steps were taken until January, 1915, when Viscount Grey pressed M. Venizelos to negotiate a reformation of the Balkan Bloc on the basis of mutual concessions to Bulgaria. The Greek Premier applied himself to the task with characteristic enthusiasm and statesmanship but within a month Sofia wrecked all hope of a favorable termination to the pourparlers by contracting a loan in Berlin, an event which M. Venizelos accepted as positive proof of devotion to the Germanic cause.

Thereafter the armies of the Entente in the eastern theatres of the war suffered one check after another, and the attempts to buy Bulgarian assistance increased in proportion. It soon became evident that the only real chance of forcing the Dardanelles lay in action by King Ferdinand's army, and a point was eventually reached when practically all the acknowledged demands of the Sofia cabinet were conceded. At this point, when it was obvious that negotiations could not be protracted no longer and that a definite answer must at length be given, the army was mobilized in order to maintain an "armed neutrality."

A few weeks more grace was obtained on the strength of assurances that no hostility to Serbia was intended, and then, when the Austro-German forces had been accorded time to commence their great attack, the mask was thrown down and Bulgaria came out openly on the side of the Central powers. Thus ended what is perhaps the greatest diplomatic bluff in history, for the Austro-Bulgarian pact had been traced on general lines before Germany threw her battalions across the Belgian frontier.

CROOKS COLLECT FOOD BOARD FINES

ONE TOOK \$25 FROM FARMER AFTER EATING A BACON BREAKFAST.

Kitchener, Ont., July 2—It has been reported to the County Police that a number of clever crooks are operating throughout the country, imposing fines on farmers for having too much flour, sugar, or other provisions, that are being regulated by the Food Board. A farmer on the St. Agatha Road, near Waterloo, was fined \$25 by one of these supposed inspectors, who had put up at the farmer's houses all night, and was served with bacon for breakfast the following morning. The fine was imposed for serving meat on a meatless day. The county authorities are making an investigation.

THANKS CANADIANS.

British Food Controller Expresses His Gratitude.

Ottawa, July 2—The Canada Food Board is in receipt of a cable from Lord Rhonda, British Food Controller, expressing, on behalf of all those responsible for food administration in the United Kingdom, gratitude to the Canadian people in their efforts to provide essential food supplies for overseas.

GERMAN TREATMENT OF FINLAND.

Washington, July 2—Diplomatic dispatches today say that, according to the Swedish press, Germany has addressed a summons to the Finnish Diet, commanding it to introduce without delay monarchical rule in Finland, failing which Germany herself will establish a military dictatorship.

NO BREAD FOR 90 DAYS.

Geneva, July 2—Without bread for the last fifty days and with many of the people of Herzegovina are on the verge of starvation, according to the Narodni Listy, and the Zar, of Prague. It is said that a strong protest against the attitude of Austria has been made and the only reply from the Vienna Government was "Vienna is also suffering."

INCREASE FOR WINNIPEG CIVIC EMPLOYEES.

Winnipeg, Man., July 2—City employees engaged in clerical work are to get a substantial increase in wages as a result of the findings of the arbitration board, which recently sent in its findings to Ottawa. This class of civic employees did not participate in the recent strike of employees of the city, but submitted their demands to arbitration.

Increases of from ten to sixteen per cent were granted.

BLUE DEVILS LEAVE TORONTO

Toronto, Ont., July 2—Today Toronto said "au revoir" to the hero Chasseurs from La Belle France, who, during their few days' stay, were lionized, as visitors were never before. Visits were paid today to the Davisville Military Hospital, Leaside, and Armour Heights Aviation Camps, and the Secours National. A luncheon was given them in Columbus Hall by fourteen women's societies.

ONLY SOLDIER MAY WEAR DECORATION

Ottawa, July 2—The only person authorized to wear a decoration or medal, or the ribbon thereof, is the soldier to whom the distinction is awarded. This information has been issued by the Militia Department in answer to a large number of persons who have been inquiring as to whether relatives of deceased soldiers have the right to wear decorations awarded to these soldiers.

JUNE SHIP OUTPUT IN UNITED STATES

LAST MONTH'S PRODUCTION NEARLY EQUALLED THE WORLD'S RECORD MADE BY GREAT BRITAIN.

Washington, D.C., July 2.—Ship production in the United States in June amounted to 280,401 deadweight tons making the total 1918 production to date 1,084,670 tons. The June production which is at the rate of 3,251,300 tons a year is a new record for the United States and is the greatest output of ocean going tonnage ever completed in any one month by any nation. It comes within 15,000 tons of the world's record for shipbuilding, made by the British shipyards in May, but which included all classes of vessels.

NEW SHIP FIRM GRANTED PRIVILEGE.

Halifax, July 2.—Halifax Shipyards, Ltd., the Montreal company which, with a capital of \$6,000,000, has been granted incorporation, is authorized by the government to engage in a variety of pursuits. The notice of incorporation states that the company may design, construct, purchase, lease or charter steamships, ships, dredges, tugs, scows, steamship lines, transportation lines, wharves, dockyards, shipbuilding yards, marine railways, telegraph and telephone lines, &c., on lands owned or controlled by it. The company may also build and operate steamboat and railway terminals, transportation warehouses, storage and cold storage facilities, yards and stockyards, &c., on its own land. It can also carry on the business of transporting mail and freight upon land and water of the Dominion, and engage in all branches of towing, wrecking and salvage in Canadian waters.

MARINE INSURANCE RATES ARE LOWER

New York, N.Y., July 2.—Insurance rates for vessels bound for South America and the West Indies have eased to some extent with the subsidence of the submarine activities. Rates for the west coast of South America are quoted at 2 per cent for neutral and 1 1/2 per cent for armed belligerents, an easing off of 1/2 per cent in each case. For the east coast a similar reduction has been made for outward and inward voyages, quotations being 2 per cent for neutrals and 1 per cent for belligerents to Brazil, while outward rate to the River Plate are 3 per cent and 1 1/2 per cent for neutrals and belligerents respectively. For the West Indies and the prevailing rates are 1 1/2 per cent and 1 per cent. Offerings are plentiful and underwriters report brisk business. The transatlantic rates are unchanged, to the United Kingdom and Havre being 4 per cent for neutrals and 2 1/4 per cent for armed belligerents.

WAR GARDEN BULLETIN.

Practical Daily Guide For Vacant Lot and Backyard Gardeners Enlisted in Greater Production Campaign.

Issued by the Canada Food Board in collaboration with experts on the Staff of the Dominion Experimental Farm.

COMPOST HEAP

In every war garden this year a place should be set apart in which unused green stuff from the house—weeds, leaves and so on—may be kept to be used, when thoroughly decomposed, as manure for the following season's crops. If a sprinkling of lime is added from time to time, it will sweeten the material. This provides the basis for excellent manure and none of it should be allowed to go to waste.

IF THE COMPOST HEAP WAS MADE UP EARLY IN THE SEASON OR IF PART OF AN OLD ONE REMAINS, IT IS AN IDEAL PLACE TO GROW SQUASH OR OTHER CREEPING VEGETABLES, PROVIDED THAT IT IS NOT SITUATED IN TOO SHADY A PART OF THE GARDEN. EVERY SQUARE INCH OF THE GROUND SHOULD BE MADE TO COUNT.

DO NOT LOSE THE CHANCE.

Today, the 3rd inst., will begin the biggest reduction sale of the season, at MARCEAU & CO., 154 St. Joseph Street.

GOLD MINING IN IRELAND POSSIBLE

ANCIENT DEPOSITS ALONG BALLINALLY RIVER MAY PROVE PROFITABLE.

Dublin, July 1.—Gold mining in Ireland is a possibility of the near future hinted at in a report of a committee organized here to make a survey of Ireland's mineral wealth. It is believed that ancient deposits of gold, which were worked in the late eighteenth century along the Ballinally stream, might be found commercially profitable under modern mining methods.

According to the published statement, the first discovery of gold along the Ballinally was made in 1796, when a nugget weighing half an ounce was picked up. News of the discovery spread like wildfire through the hills and glens of Wicklow, and the fortune of every inhabitant of the surrounding country seemed achieved. The search continued for two months, and at the end of that time 2,666 ounces of pure gold had been found. The Government then took over control but operations continued for several years, yielding on an average of \$10,000 a year over a long period.

The gold found ranged from tiny atoms to nuggets weighing over a pound. One nugget weighed 22 ounces, measuring four inches in length by three in breadth. A gilded plaster cast of this nugget, which was retained by the finder, has recently been placed on exhibition at Trinity College, Dublin.

As late as 1856, a nugget weighing six ounces was picked up in the Ballinally, and it is believed that with the latest modern methods, a substantial profit could be made from intensive operations in this district. The spots proposed for experiment are at Cronbane, Ballinally, Crongan-Mor and Killahurian.

IMPORTANCE OF QUEBEC.

Realized by a \$10,000,000.00 Company Which Opens Offices Here.

In order to make better provision for its large and growing business in the city of Quebec and surrounding district, the Canadian General Electric Company, Limited, has opened a branch office and warehouse at 27 Notre Dame Street West. This company, whose head office is in Toronto, is one of the largest industrial corporations in Canada, having a paid up capital of \$10,000,000.00, and surplus of \$4,466,293.00; 10 large manufacturing plants; 13 branch offices and warehouses, and about 5,000 employees.

The Canadian General Electric Company, Limited, has for many years manufactured electrical apparatus and supplies for railway, light and power purposes, and recently established a new department for the special purpose of looking after the equipment for both passenger and commercial automobiles commonly known as auto accessories. The company will carry in the Quebec warehouse a large stock of electrical supplies, heating and cooking appliances, small motors and automobile accessories, so as to be able to make immediate shipments.

A subsidiary company, Canadian Allis-Chalmers Limited, is the largest general engineering and manufacturing organization in Canada, building chiefly locomotives, structural steel, architectural bronze and iron work, milling, mining, crushing, cement and hydraulic machinery, contractors' and power plant equipment. In view of the abundance of water power in the Province of Quebec the company has paid special attention to the designing and construction of hydraulic turbines and many plants of its manufacture are already in operation in this district. Through its connection with the Canadian General Electric Company it is in an unrivalled position to supply complete hydraulic plants for either electric power or general manufacturing purposes. Both companies will be represented by competent engineers to advise upon the larger problems involved in these undertakings.

CLEMENCEAU IS WELL SATISFIED.

Paris, July 1.—(Havas Agency)—Premier Clemenceau went to the front Sunday morning and returned in the evening. He was very well satisfied with the situation.

FRENCH PRESS ON BRITISH SUCCESS.

Paris, July 1.—The newspapers comment enthusiastically on the British success Friday east of the Nieppe Forest and that of the French north of Villers Cotterets. The Petit Parisien says that the British success shows commendable spirit and initiative.

Financial and Commercial

Closing Letters By the Can. Press

(By Canadian Press) New York, N.Y. July 2.—On limited recessionary dealings today's stock market made irregular recoveries of 1 to 2-1/2 points from yesterday's setback, but much of this advantage was cancelled in the final hour on reports of new financing by one of the foremost industrial corporations.

(By Breen & Gourdeau)

New York, July 2, 1918.—Trading in stocks today was in very small volume with dealings mostly professional and there was no evidence of the selling pressure that marked the decline.

(By Bruneau & Dupuis)

Montreal, July 2.—The market opened quiet this morning, after a three days holiday. The weakness which took place in the New York market yesterday was not reflected here. In the steel securities, Steel Co. of Canada was fractionally better; but Iron showed a small decline. Montreal Power was the most active feature, a large investment order being filled around 76. Some small buying orders in Cement pfd. advanced the stock to 93 1/2, a new high for some time. There was no special news over the week-end to affect the market.

(By Bruneau & Dupuis)

New York, N.Y. July 2.—The market today has acted extraordinarily well. It was so weak in the last half hour yesterday that it looked as if the bottom might drop out of things, but low prices were made in the first few minutes and after some hesitation this morning prices rallied. The news is negative. All this talk of the government taking over the telephone and telegraph lines is not liked the only excuse for such a performance being that the western union company refuses to allow its operators to unionize. This is a queer age and government regulation, like all other phases in this country is running amuck for the time being. It does not look like much of a market tomorrow but security values were given a good test yesterday and as has been the case for so long, they held extremely well. This is to be a broken week with a holiday in the middle and the papers continue to predict imminence of a big German drive. This makes it look as if he would not have very much of a market for the time.

No 2 northern \$2.20 1-2 2-1-2 tax in store Fort William. No 3 northern \$2.17 1-2 2-1-2 tax in store Fort William.

Peas—No. 2 nominal. Rye—\$1.80. Barley—\$1.24 to \$1.26 outside for malting.

Buckwheat—\$1.80 shipping points. Flour—Manitoba, war quality \$10.95 in bags.

Ontario Flour war quality \$10.65 Toronto, Montreal in bags.

Ticker Talk

It is believed in some quarters that the Washash Railway will announce a plan for retiring the preferred "B" stock before August first.

Irregularity is expected to continue in the market with professionals still disposed toward reactionary activities. Sentiment in those circles show a tendency to sell actives on rallies.

Taxes collected by the Treasury International Revenue Bureau in the fiscal year just closed amounted to \$3,673,000,000, an increase of \$273,000,000 over earlier estimates.

It is believed that if the war expenditures keep on growing, the stock market cannot continue to hold in its present manner unless it is supported by real money inflation.

The market took cognizance at the beginning of the new week of the Federal Trade Commission's report on profiteering. Corporations were scored in this report for exacting abnormal profits from the public. Food companies were particularly criticized. First impulse was to sell stocks, belief being that this report would convince Congress that a very large excess profit tax was necessary to curb profiteering.

American Hide and Leather is still in course of accumulation and important interests have affiliated themselves with the company in the last month and it is expected a plan for readjusting the capitalization and wiping out accumulated dividends on the preferred, will assume definite shape in the near future.

Yesterday's Foreign Exchange: Sterling demand 4.75 5-16, cables 4.76 7-16; francs demand 5.71 1/2, cables 5.69 1/2; Swiss francs demand 3.99 1/2, cables 3.96; guilders demand 80, cables 80 1/2.

The Utah Consolidated Company has declared a quarterly dividend of 50 cents a share, payable July 17 to holders of record July 6. This is the same amount paid last March.

The Miami Copper Company has declared a quarterly dividend of \$1 a share, payable August 15 to holders of record August 1. Three months ago the dividend was reduced from \$1.50 to \$1 a share.

COTTON MARKETS.

**CHANGE OF PROGRAMME  
AT AUDITORIUM TOMORROW**

HAROLD LOCKWOOD IN "THE LANDLOPER" FOR THE WEEK.  
END—BESSIE BARRISCALE TODAY FOR THE LAST TIME,  
IN "THOSE WHO PAY."

With the change of programme tomorrow at the Auditorium, another favorite of the silent drama will bring enjoyment to the habitués: Harold Lockwood in "THE LANDLOPER." Here is a doubly attractive picture, for Harold Lockwood is one of the best liked actors in the photo-play world, and the story itself is well worthy of attention.  
Bessie Barriscale in "THOSE WHO PAY," the great emotional drama is again on the programme today, but for the last time. There will be a performance this afternoon, and two this evening.  
Remember the newly lowered admission prices, 15 and 20 cents.—Adv't.

**ANITA STEWART AT EMPIRE  
LAST TIME TODAY**

"LEST WE FORGET" — SPECIAL PRODUCTION TOMORROW.

"The Suspect" a pleasing story of adventure and romance, elaborately set well dressed and featuring the popular Anita Stewart is being shown for last times today at the Empire.  
Tomorrow the world renowned Vita Jolivet in the greatest of all screen spectacles "Lest We Forget" will be shown. "Lest We Forget" is an eight part super-dramatic production founded on the experiences of Vita Jolivet the beautiful French actress who survived the sinking of the Lusitania. The story gives in immortal form America's reason for making war upon the Hun. It shows graphically the sinking of that great ship, the Lusitania resulting in a wholesale slaughter of the innocent. The presence of Charles Freeman on that ill-fated journey has now become a matter of history. By his side was Vita Jolivet, who has given to the world not only his last immortal words, but also the present mighty photo drama, of which she is the star. About the sinking of the Lusitania has been woven a noble story and an exquisite romance gives a tender human note to this great spectacle.  
Due to the increase in cost in securing this production for presentation here a slight advance in the admission prices at the evening performances is made necessary. Prices for this picture will be Matinees 10c. Evenings 25c. Adults and children at 15c. "Lest We Forget" will be shown Thursday, Friday and Saturday.

**AT THE VICTORIA THEATRE**

JACK PICKFORD MAKES BIG HIT IN NEW PICTURE "MILE-A-MINUTE" KENDALL—WILL BE SHOWN FOR THE LAST TIME TODAY.

Proving a delightful treat "Mile-a-Minute Kendall," the latest Paramount picture starring Jack Pickford and Louise Huff, had its first presentation in this city at the Victoria Theatre. The picture is based upon the famous play by Owen Davis which scored so pronounced a hit in New York several seasons ago, and it is safe to say that in its picturization by C. Gardner Hunting, none of the main features of the play has been lost. In addition a good comedy.  
Tomorrow, Friday and Saturday, special attraction, J. Stuart Blackton presents "Missing." J. Stuart Blackton says a new production "Missing" is the best of his career. Master of screen-craft states in interview that its theme is patriotic and ennobling and exceptionally dramatic. This is a superb story of love and war and will please you greatly. And a Mack Sennett in two parts.

**EVERYWOMAN WILL  
TOUR CANADA**

NINTH ANNUAL OFFERING  
OF HENRY W. SAVAGE WILL  
PLAY HERE.

Henry W. Savage, producer of half a hundred famous stage successes, begins his ninth annual offering of "Everywoman" with a tour of Canada covering the first three months of the new season and including this city. Opening at Sydney, Nova Scotia on July 29, the inspiring morality play, combining the essentials of

grand opera, emotional drama, musical comedy and stage pageant, will proceed through New Brunswick, Quebec, Ottawa and Ontario to Alberta and Saskatchewan. In every community visited, large and small, it will be depicted precisely as in last season's New York, Boston and Philadelphia revivals—with the same beauty of scenic and musical effects, the same powerful cast, with statuesque Paula Shay in her superb portrayal of the title role. Not alone in every corner of America has "Everywoman" carried its nobly inspiring message. In far off lands, from Australia to Continental Europe it has moved millions of human hearts by sounding the whole gamut of human emotions. Upon its opening night in London at old Drury Lane, Sir Arthur Pinero, master craftsman of playwrights, arose in his box to applaud and scores of celebrities joined him, among them lament-

**PERSONAL**

Mr. E. W. Charlton, of Montreal, is a guest at the Chateau.  
Mrs. H. Mathewson, of Montreal, is staying at the Chateau.  
Mr. Arthur Desjardins, of Hull, is registered at the Chateau.  
Mr. A. Tobin, of Bromptonville, is in town, a guest at the Chateau.  
Sir George Garneau has returned to town after a short visit to Montreal.  
Miss Germaine Lussier, of Montreal, is the guest of Miss Leonard, of this city.  
Dr. Alfred Simard and family are spending the summer at the Island of Orleans.  
Mr. and Mrs. James Jordan, of Montreal, are in town registered at the Chateau.  
Miss Blanche Pelletier of Montreal is visiting her father, Mr. H. A. Pelletier, 25 Ursule St.  
Capt. and Mrs. Stuart Atkinson, have returned to Montreal, after visiting relatives in this city.  
Alderman J. A. Collier has left for Vancouver, B.C., where he will attend the convention of Canadian Municipalities.  
Mr. and Mrs. L. Lazorovitch and family leave this morning for Tadoussac where they will spend the Summer months.  
Mr. Victor Martineau, General Secretary of the Provincial Bar, is in town a guest at the Chateau.  
Hon. Judge Dorion and family have taken up their residence for the summer months at St. Laurent, Island of Orleans.  
Capt. and Mrs. A. Joly de Lotbiniere, of Pointe Platon, arrived in the city yesterday, and are staying at the Chateau.  
Mr. J. Doherty of the C. P. R. Steamship Service has returned to Montreal after spending a couple of days in town and at Lake St. Joseph.  
Miss Marguerite Morissette who has been resuming her studies at Notre Dame Ladies College, Sherbrooke street, Montreal, has returned for her summer holidays.  
Rev. Dr. Spencer, who has been in New York and Boston for several weeks, returns to Quebec this week and will preach next Sunday in the Baptist Church, McMahon St.  
Her Excellency the Duchess of Devonshire has become a life member of the Protestant Orphan's Home, Ottawa, of which institution her father, the Marquis of Lansdowne has been an honorary life member since his term as Governor-General of Canada.  
Rev. Abbe Phileas Filion, Secretary-General of the Laval University celebrated the twenty-fifth anniversary of his ordination as a priest, at his native parish, St. Laurent, Island of Orleans on Monday. The occasion was celebrated by a solemn high mass in the parish church of St. Laurent. Rev. Father Filion being the celebrant, with his brother, Rev. Abbe Hector Filion, Professor of the College of St. Anne de la Pointe-aux-Écluses, and his cousin, Rev. Abbe Amedee Filion, Vicar of the parish of Beauport, as sub-deacon. There was a large attendance of the parishioners in the Church to assist at the service, including the family of the celebrant, and after the service a reception was held, and in the evening a grand banquet was held in honor of the occasion.  
Despite his surname and his title, Major the Marquis de la Pasture, whose marriage to Miss Ida Morley took place the other day, is English of the English. He has won his Military Cross, and he was educated at Downside, a Roman Catholic college which has achieved a brilliant record in the war. Major de la Pasture's sister-in-law, Mrs. Henry de la Pasture, wrote "The Lonely Lady of Grosvenor Square" among other novels. After her widowhood she married Sir Hugh Clifford, himself an author of racy merit. His brother, General Clifford, fell in this war; and his father, too, was a General of repute. King Edward had a great partiality for him, and for the de la Pastures, too. He gave a little sign of this friendship when he had one of Mrs. Henry de la Pasture's plays, "Peter's Mother," privately performed at Sandringham.  
Late arrivals at the Chateau: E. E. Howard, T. Rose, A. A. Lamarre, Phil Couseneau, Capt. C. Drury, A. Gibeault, H. S. Fraser, Montreal; Dr. J. E. Fontaine, Hull; Mr. and Mrs. Wm. J. Cullen, New York; A. R. Holden, Peter Bercovitch, Mr. and Mrs. James Jordan, C. S. Barthe, L. E. Beaulieu, Montreal; A. Tobin, Bromptonville; Arthur Desjardins, Hull; W. Macdonald, Capot and Mrs. A. Joly de Lotbiniere, Pointe Platon, P.Q.; Mrs. H. Mathewson, Montreal; J. T. Ayers, Lachute Mills; E. W. Charlton, James Dunlop, Montreal; R. R. Wauless, D. Coates, London.

ed Lord Kitchener, Sir Arthur Conan Doyle and Hall Caine. And so it has become accepted everywhere as a great stage classic. In quality of presentation "Everywoman" is always kept up to the highest standard by Mr. Savage, one producing manager who preserves faith with the public and proves true to the finest ideals of the theatre. The local coming of "Everywoman" may be looked forward to as an intellectual and artistic event of deepest interest and significance.
