U.S. SABRES DOWN TWO RED PLANES

Expect U.S. Probe Of Canadian Fraud In Securities Sale

Washington — (CP) — A move is quietly afoot in United States congressional circles to launch a full-scale Senate investigation of stock racketeers who peddle phony securities to American investors from across the Canadian border.

There's nothing official yet but bits and pieces of information popping up on the Washington scene indicate the build-up of a pressure campaign to steer the powerful banking and currency committee into a formal inquiry into the stock frauds.

Stories are appearing periodically in American newspapers saying that such an inquiry is being considered by one committee or another and outlining the ramifications of the swindles. There appears little doubt that these stories, under Washington datelines, are "planted" or "leaked" in congressional circles.

They tell of racketeers, once based mainly in Toronto but now believed to be centred in Montreal, who used the telephone to peddle dud mining shares to American investors anxious to make a fast dollar. Some also are reported to be working down the west coast from Vancouver. The booms in oil and uranium in Canada have helped pave the way for the get-rich-quick operators.

The "take" of the swindlers is

difficult to estimate. The victims, for fear of personal embarrassment, usually won't talk. One report here says the racketeers, in their hey-day, took in \$1,000,000 a day. Another says they have clipped U.S. investors for \$3,500,000,000 over the last decade.

The problem is a long-standing one. Two years ago, Canada and the U.S. tightened up their joint extradition treaty to cover this type of crime. The Ontario securities commission also increased its safeguards and most racketeers moved eastward to Montreal.

The prime mover in the drive for an inquiry here is Senator Alexander Wiley, Republican from Wisconsin and former chairman of the Senate foreign relations committee. He recently wrote Canadian Ambassador Arnold Heeney asking him to sound out the Canadian government and the provinces as to their view of the problem. This letter was sent on to Ottawa.

Senator Warren Magnuson (Dem. Wash.), chairman of an appropriations sub-committee, issued a statement the other day drawing attention to the inability of the securities and exchange commissions to cope with the problem.

Not all the racketeers are Canadians, and the American officials realize this. A number of U.S. swindlers have moved up into Canada and set up "boiler room" shops. One recent case involved two Americans who joined two Canadians in allegedly selling more than \$300,000 of worthless stock to U.S. investors.

Two Banks Lower Rates On Loans

Montreal — (CP) — Two banks, led by the Royal Bank of Canada, have announced in surprise moves a reduction in the interest charge on new mortgage loans made under the National Housing Act.

The reduction to five per cent from 5 1/4 per cent is in effect today on all mortgage loans made under the housing act—be they for small private homes or lofty apartment buildings.

The Bank of Nova Scotia announced the reduction Monday night in Toronto, following the Royal Bank's unexpected move here Monday.

Other banks and insurance companies are expected to bring their own rates into line shortly.

U.K. Envoy Sees Chou

London. — (Reuters) — Britain's charge d'affaires in Peking saw Communist China's Prime Minister Chou En-lai yesterday to discuss the Formosa situation, it was learned here today.

The foreign office said the Chinese premier promised to give the British envoy his views on talks with the Americans "in due course."

The envoy, Humphrey Trevelyan, sought clarification of Chou's offer during the recent Afro-Asian conference at Bandung, Indonesia, to discuss the Formosa issue with the United States.

Chou then said that Communist China was willing to enter negotiations with the U.S. on the question of relaxation of tension in the Far East and, in particular, in the Formosa area.

U.S. Developing Ankle 'Chutes

Washington — (AP) — Ankle parachutes — that's what the well-dressed airman may be wearing soon for bailing out of jet planes at high altitudes.

Nobody has tried such 'chutes yet, but it's hoped they'll stop the tumbling a man is subjected to when he's ejected from a high speed plane. Such gyrations often cause injury.

The little ankle parachutes would be worn in addition to the regular parachute which is opened closer to the earth to let the airman safely down.

Pattern Is Drawn For Merger Of Two Giant Canadian Unions

Ottawa. — (CP) — The pattern has been drawn for creation of a 1,000,000-member Canadian Labor Congress, by far the largest union body in Canada's history.

Merger of the Trades and Labor Congress of Canada and the Canadian Congress of Labor is in the final stages with leaders of the two groups agreed on terms of a pact that will unite the rivals of long standing.

The leaders—as members of a joint "unity" committee—reached unanimity yesterday on terms of an amalgamation agreement to go before TLC and CCL conventions this year in the hope of final adoption by a founding convention of the big congress early in 1956.

Officers said after yesterday's meeting, which culminated months of negotiation, that all points which could be decided in advance of the TLC-CCL conventions have been settled.

The major job of drafting a constitution has been left for the joint convention, though a tentative one will be prepared after this year's individual conventions.

The union leaders announced

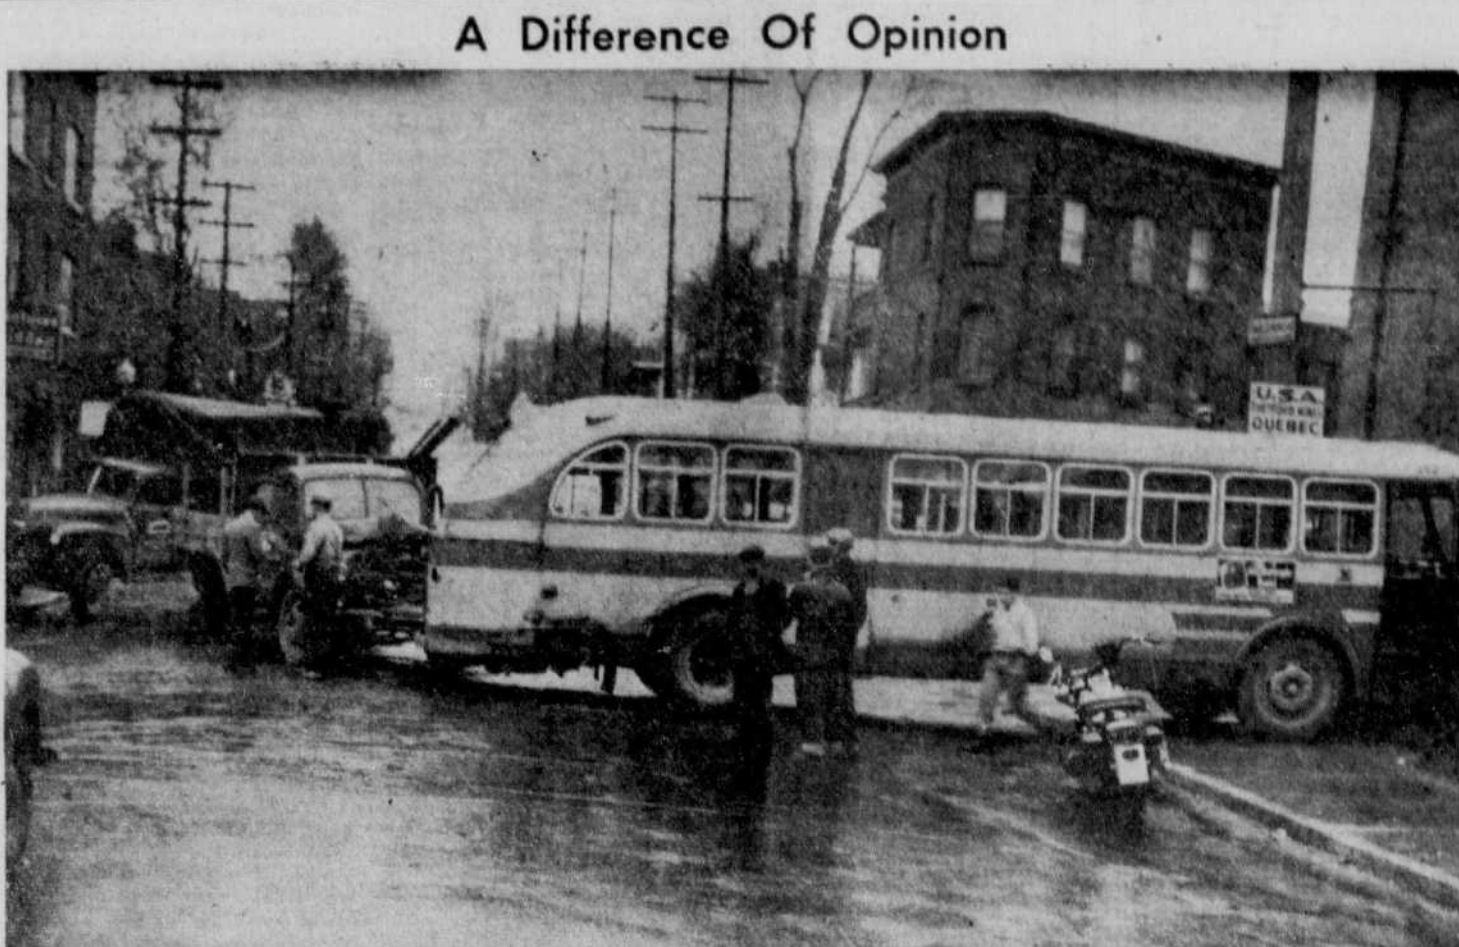

the proposed pact of about 3,500 words includes clauses covering:

1. A reconciliation of the different methods of financing the two congresses.

2. A decision that the existing no-raiding pact between the TLC and CCL will be carried into the CLC and pressed upon individual unions with clashing jurisdictions.

Previously, the committee, headed jointly by presidents Claude Jodoin of the TLC and A. R. Mosher of the CCL, had agreed on a 15-point program of basic principles, expected to constitute the foundation for a constitution.

TLC secretary-treasurer Gordon Cushing said the TLC's executive already has approved the merger agreement. This means the merger instrument in its present form can go before the convention of the 600,000-member TLC starting at Windsor May 30.

Drivers of this stake-body truck and city bus both claim they were travelling on a green light when they collided at the Belvedere and Galt Sts. intersection late yesterday afternoon. The bus driver, Armand Bouchard, 41, of 1039 Fabre Street, was cut on the side of his face in the collision and two passengers, Mrs. Aurele Denault and Florian Beauchessne were also injured. Mrs. Denault received injuries to her face and right arm and Beauchessne hurt his right knee. The truck, driven by Alcide Hamel, 34, of 98 Gillespie St., was heading north along Belvedere and the bus was turning south on Belvedere from Galt when the collision occurred. Fronts of both vehicles were severely damaged.

Ike Agrees To Big 4 Talks

Washington — (AP) — President Eisenhower has agreed to a Big Four meeting of chiefs of state if State Secretary Dulles finds it "seems feasible and useful," the White House announced today.

Dulles has been given "full power" to arrange such a session on behalf of the president. The statement by press secretary James C. Hagerty came on top of Paris reports that Eisen-

hower already had agreed to meet with Prime Minister Eden of Britain, Premier Faure of France and Marshal Bulganin of Russia.

Participants said the Western Allies will propose this kind of conference:

1. Eisenhower and the British and French premiers would meet with Bulganin preferably around mid-July in neutral Switzerland.

2. The four government heads would have no fixed agenda, but would try to formulate broad directives aimed at settling specific causes of East-West tension in Europe.

3. These directives would be passed on to the Big Four foreign ministers, whose job would be to translate the directives into detailed agreements.

4. The four government chiefs would leave the conference immediately after drawing up a list of talking points and possible ways

of settling them. This task probably would last only a week or so. The Western foreign ministers, who have been discussing these proposals here since last week-end, are reported to have decided against pinning themselves down to an agenda, or a specific time and place for the meeting, in their invitations to the Russians.

The proposal for the top-level talks had been pushed hardest by Britain at the foreign ministers' talks here this week. Prime Minister Eden's Conservative govern-

ment has pledged itself in the current general election campaign to work for such a parity. French Premier Edgar Faure also has advocated the meeting on the highest level.

German reunification, disarmament and an all-European security system have been suggested by Britain as the likeliest subjects for the conference.

Expect Austrian Pact Despite New Obstacle

Vienna, Austria — (AP) — The West went ahead today with plans for signing the Austrian independence treaty this week-end despite a new Russian obstacle.

In the continuing talks here on the treaty draft, Russian ambassador I. I. Ilyichev demanded yesterday that economic concessions promised by Moscow last month to the Austrians be left out of the pact.

He said the reductions agreed to by Foreign Minister Molotov in March should be covered in a separate pact to be signed later only by the Russians and the Austrians.

Discussion of the issue was to be renewed today by Ilyichev and the British, French and United States ambassadors to Austria, who have been working out a final treaty draft since May 2. The envoys have agreed on most other questions.

Despite the hitch over reparations, the optimistic belief prevails that the Big Four foreign ministers will come here this week-end to sign the treaty ending the 10-year occupation of Austria. Not since the Nazi Anschluss of 1938 has the Nor-

er heartland of the Austro-Hungarian empire been independent.

In Moscow, Austrian ambassador Norbert Bischoff said Molotov had told him at a reception last night that he is ready to sign the treaty in Vienna next Sunday. Molotov presumably plans to come here from Warsaw where he was due today for the military conference of the Soviet-bloc countries.

In his demand for a separate pact to cover the Russian concessions on reparations, the Soviet ambassador appeared to be trying to shut out any suggestion that Western pressure might have aided the Austrian cause. Reliable sources said Ilyichev contended that the reductions were a Soviet gift to Austria and did not concern the U.S., Britain and France.

Flood Threat Is Shifting To Manitoba

Regina. — (CP) — A flood building up in the Qu'Appelle valley of eastern Saskatchewan is quickly becoming the problem child of Manitoba.

J. O. Probe, civil defence coordinator, said last night attention soon will shift to Manitoba where the 200-mile Qu'Appelle river system drains.

Rises in water levels were reported all along the valley last night. The danger point was in far-eastern areas near the Manitoba border, particularly around Aantalon.

Manitoba communities have been warned of impending danger with a series of flood crests expected to start moving down the Assiniboine river soon.

The flood problem in other areas was pretty well static, Mr. Probe said. Soaked and rutted roads which have been impassable for the last week were improving steadily. Communities, including Tantaloon, were well organized in setting up flood defences.

Dikes still were being built at some points along the river and on several lakes in the Qu'Appelle system.

Civil defence officials have been in charge of directing flood control since the Saskatchewan government declared the valley a disaster area last Friday.

Believe Canadian Troops Finished Job In Korea

Ottawa. — (CP) — It's still not official, but for every practical purpose Canada's forces have finished their job in Korea.

The last Canadian infantry battalion to be withdrawn from Korea, the 2nd Battalion, Queen's Own Rifles, returned home last month. Defence Minister Campney told the Commons yesterday it won't be replaced.

He said Commonwealth countries with forces remaining in Korea are still discussing deployment of them. Canada still has some 500 non-combat soldiers there, in the 3rd Field Ambulance and other auxiliary services.

The Canadian destroyer Sioux also will remain in the Korean theatre, operating from Sasebo, Japan.

Mr. Campney did not say Canada has pulled out, but the army promptly issued a statement outlining this country's part in the Korean fighting. The statement suggested something has ended.

"As Canada's commitments in the Far East dwindle," it said, "Canadians can look back with pride on the part the Canadian Army played in the Korean fighting."

"More than 29,000 members of the Canadian Army, including 49 nursing sisters, served in the Far East as an integral part of the 1st Commonwealth division."

"Of this number 309 died as a direct result of enemy action and 90 died from other causes . . . more than 1,100 were wounded in action . . ."

3rd MiG Damaged In New Air Battle Over Yellow Sea

Tokyo — (AP) — American Sabre jets, jumped by Communist MiGs between North Korea and Red China, shot down two of the Russian-built jets and probably destroyed another this morning, the United States Air Force announced.

The dogfight started over international waters of the Yellow sea, the air force said, when "eight Sabres were attacked by 12 to 16 Communist fighters."

The fight area was about 50 miles southwest of the mouth of the Yalu river, boundary between North Korea and Red China. Communist China has a large airbase at Antung and North Korea has one at Sinuiju, on opposite banks of the Yalu.

The U.S. Air Force gave no clue on the nationality of the MiGs, used by the air forces of North Korea, Communist China and Soviet Russia.

The U.S. Air Force said all the Sabres returned to their Korean bases. They had been on a patrol mission off the coast of North Korea when attacked.

The air force announcement said the MiGs fired first, and the Sabres returned the fire. Two Communist pilots bailed out and "the third plane was last seen diving straight down trailing smoke."

The battle took place approximately 50 miles southwest of Sinuiju, on the border between North Korea and Red China, the air force said.

It was the third almost identical incident in the same general Yellow sea area in 16 months. Today's battle brings the U.S. MiG toll to five kills and one probable since the end of the Korean war in July, 1953.

Today's pattern seemed to be much the same as in the two previous incidents.

International law recognizes only a three-mile limit off a country's coast as territorial waters. The Communists habitually claim 12 miles or more.

Under international law, Allied planes can fly three miles off the North Korean coast up to the northern limit of the Yellow sea without any legal violation of Communist territory.

The U.S. planes were flying today almost exactly half way between the west coast of North Korea and China's Liaotung peninsula, which terminates in the Port Arthur naval base.

U.S. Plans Close Study Before Clearing Shots

Washington (AP) — A Democratic congressman today said the United States government evidently plans a "much closer" check in the future before clearing supplies of Salk anti-polio vaccine for public use.

Some Democrats in Congress say undue confusion marked the Republican administration's handling of its part of the program, but J. Percy Priest (Dem. Tenn.) described as "well in order" the recommendation for a temporary halt in mass vaccinations.

He is chairman of the commerce committee, which handles most health legislation. On the basis of consultations with administration officials, he said in an interview that he understands the health and welfare department is planning a much closer laboratory check on future supplies before they are released.

Chairman Brent Spence (Dem. Ky.), announcing that his House of Representatives banking committee will resume hearings Wednesday on polio issues, gave a little less enthusiastic backing to administration officials. Spence said he thinks Dr. Leonard Scheele, surgeon-general of the U.S., public health service who called for the inoculation standstill, is "a good public servant, doing the best he can in a tough spot."

Scheele on Saturday urged the halt in vaccinations after a group of scientists studied present testing standards and requirements. The conference was called after polio developed in U.S. children who had recently received the vaccine. The number of such con-

Commie Version Of NATO

Moscow (AP) — The Soviet Union planned to fly two of its highest officials, Premier Nikolai Bulganin and Foreign Minister Molotov, to Warsaw today for the birth of the Communist version of NATO.

Molotov announced last night that he and the premier would attend the Soviet bloc's security conference opening tomorrow in the Polish capital.

The conference was called to pool the armed forces of the Soviet Union and its seven East European allies under a joint command. They had pledged in Moscow last Dec. 2 to take that action if West Germany was rearmcd.

A declaration following the Moscow meeting said: "All these measures are in conformity with the inalienable rights of states to self-defence, are in conformity with the United Nations charter, and with previous agreements directed against remilitarization of Western Germany."

The Russians will be joined in the unified eastern command by East Germany, Czechoslovakia, Poland, Hungary, Romania, Bulgaria and Albania. Red China which had voiced its support of the earlier Moscow pledge, is to be represented at the Warsaw conference by an observer.

Western observers in Moscow expect Marshal Ivan Konev, the Soviet deputy minister of defence, to be named the new supreme Communist commander.

Western military experts have said the new Soviet bloc organization will make little change in the military setup behind the Iron Curtain. These officials consider that the satellites' forces have been under Soviet domination for years.

It has long been rumored that an Eastern military headquarters already exists at Karlovy Vary, in western Czechoslovakia. Konev at one time was said to head it.

Quebec Expects 1st Salk Stage Complete June 1

Quebec. — (CP) — The provincial health department hopes to complete the first stage of its antipolio inoculation campaign by the end of this month.

A health department spokesman said yesterday the department will try to finish giving the second shot of Salk vaccine to some 145,000 children by that time. The vaccine is limited to children between the ages of six months and 10 years.

All children who received the first shot—administration of which began last week—are eligible for the second, usually given 15 days after the first. A third vaccination will be given later, a date to be announced by the department.

The spokesman said polio is most prevalent in July. Since the vaccine takes from four to six weeks to become effective, the department hopes to cut down the number of polio cases by completing its initial program by June 1.

The Doofer Family

By ALMA SIOUX SCARBERRY

HIGH AND LOW

Dollie Doofer and Gussie Goofer had never been so thrilled and surprised. Gussie's ears just stood straight up. Sorry-lookin' let out a little bark. Then he wagged his tail. Two men were walking up the little tree-lined street. They had to be men! And yet they looked like people from another world.

The children had to look 'way up to see the face of the tall man dressed like a cowboy. And the little fellow dressed in a full dress evening suit and top hat was smaller than they were. The tall one swept off his big hat and bowed. Then the small man imitated him. The tall one spoke in a deep, deep, very kind voice: "Good morning little ladies! My name is Sky High, and this is my partner King Lilliput. I have the honor of being the tallest man in the world, little ladies. As you can plainly see. The King here is the smallest man in the universe. His Majesty, King of the Lilliputians! We're with the Tin-

galing Circus coming into your fair village today. And a very, very good morning to you!" Dollie found her voice first. "Oh, good morning, Mr. Sky High, sir. And good morning Mr. King Lilliput—sir—Your Majesty," she cried uncertainly. "Welcome to Dooferville. This is my best friend, Gussie Goofer. We are very pleased to meet you."

Gussie just nodded politely—and gulped. She was speechless. King Lilliput made a low bow and said in a small friendly voice:

"Two mighty pretty little maidens—that's what you are. And you've good manners too. Mighty nice to meet children with good manners!"

The giant smiled a big, broad friendly smile and said in his deep, pleasant voice: "Little ladies. Charming little ladies! And could you tell us where we'll find grocer Doofer, please to be so kindly, ladies."

Dollie said: "Oh, yes Mr. Sky High, he is my father. Won't you and Mr. King Lilliput please come into the house—sir, Your Majesty?"

Then Dollie remembered there wasn't a chair in the house that would fit the circus giant. Or the Lilliputian! Oh, dear!

DERBY LINE—

Guests at the home of Mr. and Mrs. William Abbott, Derby Line were, Mr. and Mrs. George Abdallah, their daughter-in-law and her son, all of Sherbrooke.

HUNTINGVILLE—

FOR BOYS — LAKE MEMPHREMAGOG

Director: K. H. Murray, B.Sc., M.Ed.

The Spinsters' Spree, the dance to which the girls invite the boys and pay all expenses, has proved to be very popular for the past 14 years — especially with the boys.

For many years, the SPINSTERS' SPREE has been the social event of the Spring season, and is eagerly anticipated by the "Bachelor" and "Spinster" sets. Unhappy is the boy who has no bid to the SPREE, and triumphant the girl who dons her prettiest dress and trips the light fantastic with the boy of her choice!

As is usual at dances, corsages are worn — but not by the girls! At the entrance to the dance, a table of corsages will be on display. These novelties are purchased by the ladies for their partners.

The proceeds of the dance go into the General Fund of the Aldershot Chapter I.O.D.E. and are disbursed throughout the year for charitable and educational projects.

This year the dance is being held at the William St. Armoury (By kind permission of Col. Hall) on Saturday, May 14th, the admission being three dollars a couple. The Sherbrooke Regimental Orchestra has been engaged, as this has proved so popular with the dancing set a good time is assured to all. For reservations and tickets call: LO. 2-4502 or LO. 2-0946.

Three Slightly Injured In Car Crash Near Bury

Five persons escaped injury last evening when the car in which they were riding slipped off a soft shoulder, hit a culvert and toppled end-over-end into a ditch.

W. D. Buchanan, of 311 Frontenac Street, Sherbrooke, was driving his 1950 sedan along the Scotstown road 4½ miles from Bury when he hit the soft shoulder. Also in the car were Mrs. Buchanan, Alex MacDonald, of Scotstown, and two other women, Mrs. Estele Clemens, of Berkeley, Calif., and Mrs. Allene Washburn, of Detroit.

MacDonald suffered scalp injuries and lacerations to his face and Mrs. Washburn and Mrs. Clemens were badly shaken up when brought to Sherbrooke Hospital. Mr. and Mrs. Buchanan escaped unhurt.

Traffic Officer Hubert Lawrence investigated the accident.

DR. T. J. QUINTIN, of Sherbrooke, has been named president-elect of the Canadian Medical Association's Quebec Division to take over office following next year's annual meeting.

Optimist Club Discusses Plans For Peanut Day

Preliminary plans for Peanut Day to be held June 11 were discussed by the Optimist Club at their weekly meeting last night.

Ronnie MacDonald, chairman of the project, urged all members to make a concentrated effort to sell peanuts for the case to their friends. A more definite plan on the activities of Peanut Day will be submitted at a future meeting.

The club have reached 50 per cent of their objective in their drive for this year's edition of the Sports Guide which will close next week.

Seated at the head table were: Jules Dufour, Casey Vincent, George Garard, presiding in the absence of President Ivan Dugre, Ronnie MacDonald, Erich Marquardt and Gerry Besserer.

Plouffe Family Head To Become Master Plumber

The program "The Plouffe Family" enjoys an ever-increasing popularity all over the province. During a recent program, television viewers will recall that an uncle of Theophile Plouffe left him, at his death, a heritage with which he decided to serve the public health through organizing his own plumbing and heating business.

No doubt, with the help of Guillaume and Napoleon — as soon as the latter learns his fractions—this new plumbing and heating contractor will render many necessary services to the community, as do all his fellow-members, the master plumbers of the province. Theophile knows his trade, having worked as an employee for many years. He is now a contractor; his heritage helped him to pay the expenses

THEOPHILE PLOUFFE

essential to a new organization and to pay his taxes, to find a place where he set up his shop, to buy merchandise, tools and equipment. In future, as he is now in business, he will contribute to the economy of his province.

Theophile Plouffe, operating his business in a city of more than 5,000 people should, according to the law, become a member of The Corporation of Plumbing and Heating Contractors of the Province of Quebec. The corporation, recognizing the character and virtues of Theophile, wishes to honor his new career by presenting him with an honorary life membership certificate. This certificate will be presented to Theophile in Sherbrooke on Thursday, during the sixth general annual meeting of The Corporation of Plumbing and Heating Contractors of the Province of Quebec.

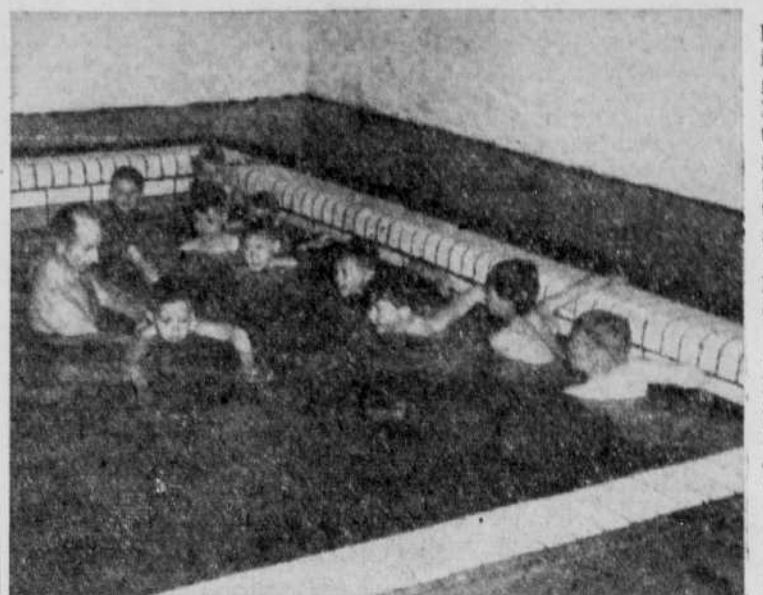

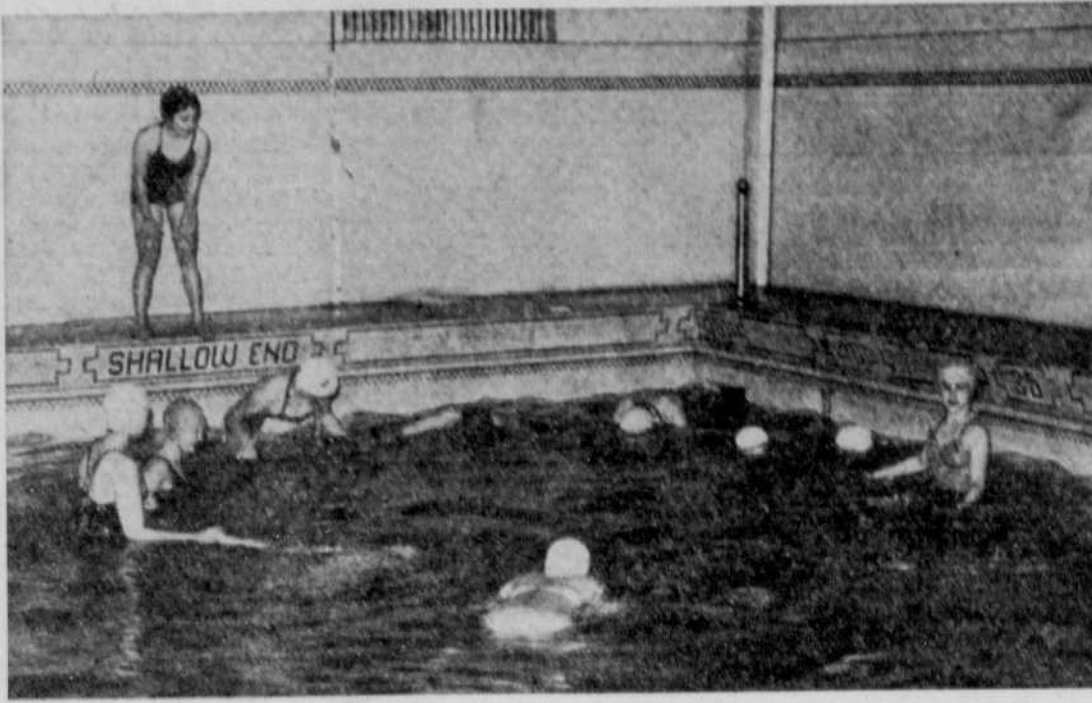

Scouts Planning Paper Collection At Lennoxville

Citizens of Lennoxville are reminded that a Scout paper drive will be held on Saturday afternoon. Proceeds from this drive will be used to assist eight Scouts from Lennoxville and three of their leaders who have been accepted as members of the Quebec Contingent to attend the 8th World Jamboree to be held at Niagara-On-The-Lake from August 18 to 28.

It is a source of pride to the people of Lennoxville that so large a group of their boys has been chosen as representatives to this great world gathering of Scouts, the first ever to be held in North America.

It is to be hoped that the usual generous supply of paper will be available.

Swim Classes Start

Y.M. and Y.W. swimming pools have been tanks of activity during the past week as boys and girls of all ages learn to swim. Miss Lise Lessard, instructor of the French classes, seems to be giving the girls a look at the bottom of the pool (top photo) as they learn a few of the elements of floating. Rein Broersma, Y.M. instructor, uses little Larry Phillips to demonstrate the art of swimming to the other boys (bottom photo). From the left the boys are Denis Thomson, David Roberts, Sidney Butler, Sidney Roberts, John Mawhood, Dave Keller, Ronald Schryver, Jimmy McCloskey and John McHarg. Girls in the pool are Audrey Clark, Freda Bennett, Georgina Gill, Viviane Bennett, Betty Bennett, Fernande Lefebvre, Huguette Jacques, Gaeleane Boucher, Colette Dion, Mrs. F. Boucher, Francoise Carleton and Louise Charbonneau. (Record Photo by Gerry Lemay)

Common Stocks Claimed Best Means To Fortune

There's little immediate hope for improvement in the textile industry. Most textile manufacturers are running at a loss and hoping things will improve.

Peter MacKenzie, of Investment Securities in Montreal, told Sherbrooke Kiwanians last night textile stocks are not good ones to have at the moment. He indicated oil would be the stock of the future.

Speaking on "How to Make Money in the Stock Market," Mr. MacKenzie said the way to "possible" fortune is through stocks. It's not the easy path, nor one for the faint-hearted or the cautious, but, he said, leave the bonds to the widows, orphans and life insurance companies.

There is risk in all investments, however, pointed out the speaker. The risk attached to fixed income investments such as cash, bonds and life insurances comes mainly from inflation. The risk in common stocks and real estate comes from severe deflation or the failure of an enterprise.

Timing is very important in speculating, but one characteristic is common to all successful investors, said Mr. MacKenzie. Once he has sized up a situation and invested, he sits and waits patiently for his eggs to hatch.

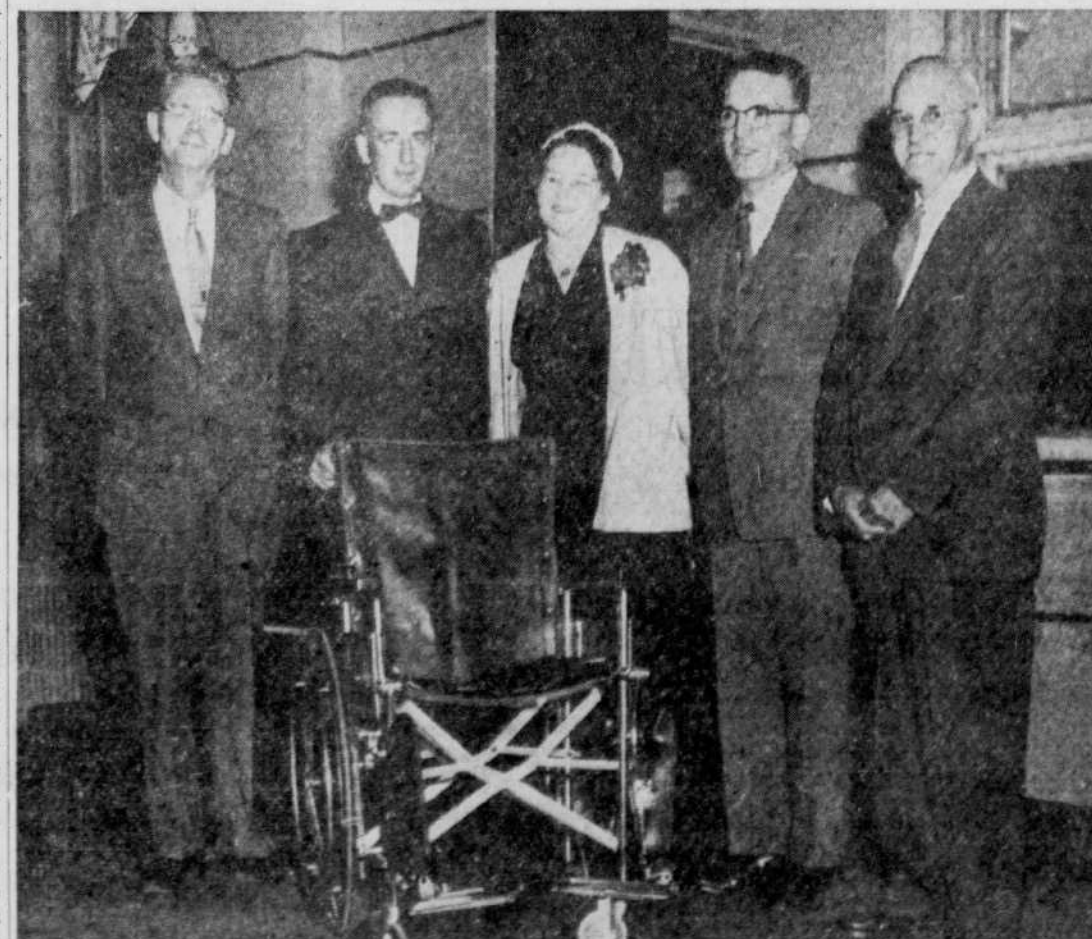

In choosing a stock for long term capital gain, Mr. MacKenzie urged Kiwanians to look for an outstanding record of success over a period of years, young and aggressive management, ex-

Accident Not A Hit-And-Run

The Record on Saturday, May 7, published an erroneous report that a youngster, son of Mr. and Mrs. Bertrand Lapierre, 482 Marci Street, had been struck by a hit-and-run driver.

Later information disclosed that the accident had not been a hit-and-run, that the driver had called the police and an ambulance and had helped put the child in the ambulance.

Wheelchair For Sanatorium

Unity Lodge of the I.O.O.F. presented a new wheelchair to the St. Francis Sanatorium at Hotel Dieu Sunday afternoon. From the left are Philip Walton, Grand Patriarch for the Province of Quebec; Fred Carrier, Noble Grand of Unity Lodge who made the presentation; Mrs. Luella Brady, president of the Rebekah Assembly in the province; Dr. Lasalle Laberge, medical director of the Sanatorium who accepted the gift; and Lawrence Parker, Grand Master of the Odd Fellows. Canadian Ingersoll-Rand Promote Gilbert M. Young

The appointment of Gilbert M. Young as vice-president has been announced by Canadian Ingersoll-Rand Company Limited, Montreal. Mr. Young started his career in the Montreal offices of the Canadian Pacific Railway in 1922. In 1925 he decided to enter the C.P.R. Angus Shops as machinist apprentice and in the same year enrolled for night courses at Sir George Williams College to obtain his matriculation.

Graduating from Sir George Williams in 1929, he had already served four years of his apprenticeship at the C.P.R. He entered McGill in 1929 and by returning to the Angus Shops during the summer months each year was able to complete his apprenticeship and receive his machinist papers in 1934.

He graduated from McGill University in 1934 with the degree of Bachelor of Engineering after winning the British Association Medal. Following graduation he spent one year with the Canadian Pacific Railway as millwright, and later as dynamometer car engineer, and then joined the Canadian Ingersoll-Rand Company as a sales engineer in the Pump Division at Montreal. During 1936 and 1937 he was manager of the Contract Service Department. He was appointed secretary of the Company in 1937 and in 1941, became manager and also director of the Sherbrooke Pneumatic Tool Company, a wholly owned subsidiary enterprise.

G. M. YOUNG

gaged in the manufacture of 5.5 shells for the Canadian Government. Later in 1941, he was appointed a director of the parent company and the following year was appointed works manager of the plant at Sherbrooke, a position which he still holds.

From 1938 to 1943 Mr. Young served as a captain and second-in-command of the Royal Canadian Electrical and Mechanical Engineers No. 1AA Workshops (Reserve, Montreal), and at present, as an honorary lieutenant-colonel of the 24th Tech. Squadron, R.C.E.M.E.

Mr. Young is a member of the Canadian Institute of Mining and Metallurgy, the Corporation of Professional Engineers of the province, and a member of the Engineering Institute of Canada. He is a past president of the Canadian Manufacturers Association in Sherbrooke, a past president of the Sherbrooke Chamber of Commerce, and is presently a national director from Quebec, of the Canadian Chamber of Commerce. He is a past president of the St. Francis Valley Branch of the McGill Graduates Society, a past governor of the St. George's Club and a governor and member of the Administration Committee of the Sherbrooke Hospital. He is a member of the Sherbrooke Rotary Club, a past president of the Sherbrooke Country Club and a member of the Beaconsfield Golf Club in Montreal.

In 1935 Mr. Young married Emily Isobel Keane and they have four children: three daughters, Barbara, Patricia, Judith, and one son, Donald. The family resides at North Hatley.

Federation Group Heard Reports At Lennoxville

Group 1 of the Women's Federation of the Lennoxville United Church met in Douglas Hall with 23 members and several visitors present. The president, Mrs. L. B. Pierce, was in the chair and Mrs. A. Drennan conducted the devotional period.

Mrs. N. Flint, Mrs. H. Nettleship and Mrs. R. MacNaughton reported on the success of the recently-held musicale and Mrs. W. S. Richardson reported a satisfactory sum realized from the rummage sale and also said that parcels of clothing had been sent to a needy family and to the Salvation Army in Sherbrooke.

Mrs. Elsie Smith reported on the work of the Women's Study Club. A detailed report of the annual meeting of the Quebec-Sherbrooke W.M.S. Presbyterian at Ayer's Cliff was given by Mrs. Smith and Mrs. A. E. Abercrombie. Others from Lennoxville attending the meeting were Mrs. F. Hunting, Mrs. George Sutherland, Mrs. A. H. Scott, Mrs. L. M. Outerbridge, Mrs. R. W. S. Nuthbrown, Mrs. M. Lane, Mrs. E. Seale and Mrs. W. Stanford.

New business included plans to assist with the Silver Tea to be held in the near future, with Mrs. Pierce, Mrs. Nettleship, Mrs. Seale, Mrs. A. Bradley and Mrs. MacNaughton being named hostesses. The sum of \$200 was also voted to the Federation. One new member was welcomed to the group.

Refreshments were served after the close of the meeting, the hostesses being Mrs. L. M. Outerbridge, Mrs. H. Wright, Mrs. J. MacLeod and Mrs. R. MacNaughton.

DIXVILLE—

Mr. L. M. Thomas and Mr. Archie Fraser, of Coaticook, were recent business visitors in town.

Miss Janie and Master Michael Whitehouse, of Rock Island, were week-end guests of their uncle, Mr. Ivor F. Whitehouse and family.

Bishop's Honors Noted Canadians

In conferring honorary degrees of Doctor of Civil Law on six prominent Commonwealth citizens, Bishop's University this year is honoring men who have achieved outstanding records in each of their chosen fields of human endeavor — church, state, the bench, diplomacy, education, finance and medical science.

The six men who have consented to receive the honorary degrees — Sir Douglas Berry Copland, KBE, CMG, Australian High Commissioner to Canada; Gordon R. Ball, MM, president of the Bank of Montreal; Hon. J. H. Albiny Paquette, MD, Minister of Health for the Province of Quebec; Dr. William V. Cone, chief neurosurgeon for the Montreal Neurological Institute; Hon. Patrick Kerwin, LLD, Chief Justice of the Supreme Court of Canada, and Right Rev. Ernest S. Reed, Lord Bishop of Ottawa — have all achieved enviable records of service in their respective fields of activity.

Prior to his appointment as high commissioner to Canada, Sir Douglas Copland had served as Principal and Vice-Chancellor of the Australian National University at Canberra.

In addition to his banking career, Mr. Ball served with honor in the Canadian forces during World War I

and served with a variety of public causes in Montreal.

Another World War I veteran, Dr. Paquette has been a member of the Provincial Legislature for the past 20 years and served for 17 as a member of the Quebec Executive Council.

Associated for a long period with Dr. Wilder Penfield, Dr. Cone played an important part in building up the Montreal Neurological Institute to one of the most famous neurological centres in the world.

Although a native of Ireland, Bishop Reed has had a close connection with Bishop's and the Eastern Townships, taking a post graduate course at the Lennoxville institution of learning and serving as Rector of Cowansville for a period prior to his election as Bishop of Ottawa.

Judge Kerwin, a native of Ontario, practised law for 21 years before his appointment to the Ontario Supreme Court and served for 19 years on the Supreme Court of Canada before being named Chief Justice in July 1954.

Each of these men has risen high in the ranks of his chosen field and each is worthy of the high honors to be bestowed upon him, and will be a noted addition to the long list of Bishop's honorary graduates.

Let Us Not Do Less

The Bank of Montreal has run an advertisement: You've Been a Tourist, Too. It is timely and very human in its appeal. Its few sentences will bear repeating for they express simply and ably the thought of courtesy and helpfulness towards visitors:

"Remember the last time you were away from home? How much you appreciated the smile and friendly service that made you welcome in a strange place.

"Remember, too, that store where the salesman was so curt? You never want to see that place again, do you?

"Don't let that happen here. Tourists and visitors mean good business in our town . . . and for Canada. Besides, we like our town and want others to like it too.

"Let's all get together this summer and see that visitors carry away pleasant memories of our town and its people."

Tourists mean good business. More important, they are our guests. Their very coming means that they believe our country, our way of living, have something to offer in the way of stimulation and interest.

Most visitors are Americans. At home these people, by and large, are remarkably helpful and courteous to strangers. A person who has driven fifteen thousand miles in the United States within the last few months could give almost countless examples of the friendliness, the eagerness to be of service, with which the members of Uncle Sam's family greet the visitor — and especially the Canadian.

One simple instance: the reader may know of many more:

A Canadian, wintering near San Diego, drove into town looking for a certain electrical appliance. He stopped at a furniture store which had other appliances in its window. No, they did not carry the article he required but the salesman spent 25 minutes on the telephone, timed by the visitor's watch, in calling other stores to get what was required. The store man's enquiries took this long because it happened to be the noon hour.

There was no business in it for the salesman; it was lost time. But it was far from lost time for the visitor. The list of stores he obtained became incidental; the very genuine glow he carried away remains with him yet.

Those who have travelled fairly extensively in the United States know that the American, approached in the right way, will go to almost any amount of trouble, yes even today, to help a visitor. He may offer himself as guide, he may invite you after only a few minutes' talk to his home, he may volunteer to take you on his day off to a nearby scenic attraction. He is a natural, friendly and enthusiastic individual and in most of his kind better acquaintance discloses a rich store of sympathy, tolerance and practical religion — religion not of the talked-about kind.

These are the people credited sometimes with chasing only the dollar. They are probably the best hosts to a Canadian, say what you will about them, in the world.

"Mirror, Mirror, on the Wall . . ."

What Other Papers Say

CANADA MUST GROW

(Vancouver Sun)
At the present time it's admitted that the national unemployment picture makes it expedient to slow down the number of newcomers into the country. But this isn't an excuse for the lack of vigorous policy on selective immigration.

The country must grow. We have proved since the war that a growing population has the healthy effect of stimulating enterprise by creating a larger market. We are living perilously—whether we care to believe it or not—in a world in which several powerful countries are experiencing population pressures. Some day Canadians may be asked for an accounting of what they have done with their empty spaces and handsome natural resources. We have our chance now to fill up those spaces and exploit those resources with the types of people we want.

It's hard to understand how a government which maintains a pose of international-mindedness can be so blind to its

duties and opportunities in this respect.

WHO WERE FIRST?

(Indianapolis Star)
—America was discovered by Portuguese sailors two generations before Columbus, according to information in the history magazine, American Heritage. This simply confirms our theory—it's no longer a question of who discovered America, but who didn't. Columbus, of course, still has the inside track. He was the right man, in the right place, at the right time, and you can't deny him that.

But there is mounting evidence that our remote ancestors clambered all over this terrestrial globe and had visited the new world by accident, on purpose, or accidentally on purpose many times before the dawn of the modern era.

Thus we hear persistent rumors of Welsh Indians and paleface strangers with long white beards the aboriginal redskins mistook for gods. The Viking story of the year 1000

we know, but there are delicate hints the Irish, too, had been here, as well as Breton fishermen.

SEGREGATION OF ADDICTS HAS MERITS

(Windsor Star)
Chief Constable Walter Muligan has an idea worth consideration by authorities. He would segregate drug addicts on an island to which they would be confined and where they could be treated.

There are two recommendations for the proposal. One is it would take the addicts away from sources of supply and offer hope of effective cure. Drugs have such a hold on their victims these unfortunate men and women will find a way, if possible, to get them. Usually in big cities where they congregate they do find it possible.

The second is segregation would remove them from opportunities for crime. The average addict cannot get enough supplies for his insatiable appetite out of ordinary wages. He or she must resort to crime to get the money. As they are desperate, their crimes often are of a desperate nature.

BYGONE DAYS

TEN YEARS AGO

From the Record of Thursday, May 10, 1945.

Claims by five local residents who have their summer cottages at Little Lake Magog, against the City of Sherbrooke for damage to their properties as a result of high water during the night of April 4, were rejected by the Sherbrooke City Council Attorney who claimed the municipality was not responsible for the damage in question.

London, May 10—German forces on the Channel Islands surrendered today.

The surrender brings freedom after almost five years to the islands, first British possessions to fall into enemy hands in this war.

Cottage owners declared the

high water resulted from the manner in which the gates at the Sherbrooke municipal electric station at Rock Forest were handled during the high water period.

TWENTY YEARS AGO

From the Record of Friday, May 10, 1935.

London, May 10—Prime Minister R. B. Bennett of Canada left Euston, Eng., today for Liverpool, where he will embark for home, the first of the overseas premiers to leave after the opening Jubilee ceremonies.

A number of Eastern Townships farmers, whose lands are well drained and situated on high levels, were able this morning to inaugurate belated seeding activities. Seeding work this spring has been delayed by heavy rains.

Jacoby On Bridge

By OSWALD JACOBY

HERE'S A PLAY TO AVOID IN BRIDGE

The worst crime you can commit at the bridge table, in the opinion of the average player, is to trump your partner's ace. In today's hand, this crime is committed in the worst possible way—with the best possible result.

West opened the king of clubs and decided, on seeing the dummy, that the defenders were most likely to win their tricks in clubs and trumps. He therefore continued with the queen of clubs at the second trick. When this held, West led the ace of clubs. It was now time for East to do a little thinking. The first two tricks had obviously exhausted the clubs held by East and South. Knowing this, why did West continue with the ace of clubs?

East worked out the answer with no trouble at all. He was being asked to ruff with the highest possible trump, in order to establish a trump trick for his partner. East obeyed orders by ruffing his partner's ace with the ace of trumps.

The contract was now doomed. South had already lost three tricks and was bound to lose another trick to West's queen of hearts.

South would have made his contract but for this defense. He would have lost two clubs, if the defenders took them promptly but he would lead a trump from dummy with the intention of playing the king from his own hand, if East played low. Then he could lead a low trump, dropping the queen and ace together. South would thus lose only one

Serious Breach

West Worried By Pakistan-Afghan Row

New Delhi — (AP) — Western diplomats here are concerned over the widening breach between Pakistan and Afghanistan. They suggest it is time the two neighbors halt their "name-calling and quarrelling."

The quarrel, which has brought Pakistan and its western neighbor to the verge of suspending diplomatic relations, involves Afghan demands for the creation of an independent tribal state, usually called Pushtoonistan.

Western diplomats here say they fear any move halting the normal flow of imports and exports to and from Afghanistan across Pakistan would have "most serious consequences."

Pakistan lies astride landlocked Afghanistan's only easy

trade route to the sea. This route has been regularly troubled by trade barriers, some real and some imaginary. But until the present quarrel arose, there had been a steady improvement in the movement of Afghan goods.

Should Pakistan decide to close its frontier as the result of alleged insults to Pakistan's flag and its diplomats in Afghanistan the latter nation has only one way to turn — to Soviet Russia, its neighbor to the north.

Most of northern Afghanistan's trade is with Russia because of the towering Hindu Kush mountain range which shuts off northern Afghanistan from the rest of the country. But the great bulk of

Afghan commerce still flows through the Khyber pass and across Pakistan.

No specific program for easing relations between the two Moslem neighbors has emerged from conversations. But it appears that Britain and the United States are ready to step in with convincing arguments to both that it is time to end their squabble before it gets out of hand.

Active diplomatic quarrels between Afghanistan and Pakistan resumed after the latter announced steps to create a single west Pakistan state — incorporating the northwest frontier province. This is the area which Afghanistan claims for an "independent Pushtoonistan."

Missisquoi Chapter I. O. D. E. Honors Faithful Member On 80th Birthday

Bedford—The monthly meeting of Missisquoi Chapter, I. O. D. E., was held at the home of Mrs. F. E. Best, the regent, who opened the meeting with the Prayer of the Order, after which the minutes were read by the secretary, Miss Nettie Lovering.

The report of the treasurer, Mrs. William Taylor, showed a balance of \$209.22, several bills were presented for payment and ordered paid.

The report of Mrs. Richard Craighead, convener, services at home and abroad, showed that 36 articles had been sent to Montreal. A letter was read from Mrs. Manson, the newly appointed provincial services at home and abroad convener, appealing for clothing, especially baby articles, to be sent to Greece. It was requested that all articles be in Montreal by May 14th, as free transportation will be supplied on a boat sailing at that time. The convener reported work done for the B. M. P. Hospital, Sweetburg, also French and English books for Canadian troops stationed in Germany.

Several letters were read by the secretary, one from the provincial regent, Mrs. Winters, notifying the Chapter of the re-election of the regent, as a provincial councillor. The other, a letter of thanks from Mrs. Paul Berthiaume for the gift received when leaving Bedford for St. Jerome. A letter of sympathy was directed to be sent by the secretary to the family of the late Mrs. Charles Blinn, of Stanbridge East. A letter also to be sent to the municipal council regarding the purchasing of an oxygen tent to be used with the resuscitators purchased by the Chapter for Notre Dame du Rosaire Hospital.

It was decided that a contribution be sent to Charles Nashville, a patient at the Royal Edward Sanatorium, Ste. Agathe de Monts, who is from Bedford and is secretary of the camera club in the sanatorium, to purchase equipment for the club. Mrs. Edward Piche, Jr. was appointed convener; world affairs, replacing Mrs. William Taylor, who has taken over the duties of treasurer.

A donation of \$10. was sent in answer to an appeal for contributions to the provincial Chapter and to the travelling fund. The matter of raising funds for Chapter work was discussed, it was decided to hold a food sale in June, and in place of the customary tea and sale in the autumn, to hold several food sales. The regent announced that in the autumn, school children at the High School would be contacted, and pen pals obtained for children in various parts of the Empire. Scrap books would be given to the students to send abroad, containing information regarding their school, sports, etc.

Brief reports were read by Mrs. L. Ames, Mrs. Hannibal Sheltus, Mrs. Richard Craighead, Mrs. F. E. Best and Mrs. William

Taylor of the recent annual meeting of the Provincial Chapter, I. O. D. E., held in Montreal. The semi-annual, this year will be held in October at St. John's.

The guest of honor for the afternoon, was, Mrs. Charles Riley, who had celebrated her eightieth birthday. The regent presented Mrs. Riley with a beautifully decorated birthday cake from the members, accompanied by their good wishes for many more birthdays Mrs. Riley, the oldest Chapter member, and one of the Chapter's greatest workers, thanked her friends most sincerely for their remembrance and for their good wishes.

Following the business meeting, refreshments were served, tea being poured by Miss Nettie Lovering, the tea table being centered with a bowl of spring flowers and green tapers in silver candlesticks.

W. A. and W. M. S. MEET
The United Church W. A. and W. M. S. met at the home of Mrs. M. E. Parsons with Mrs. K. J. Best presiding in the absence of the president, Mrs. Oaks.

Arrangements were made for the rummage sale to take place in the church hall on May 26. The leader, Miss N. Lovering led in the special worship service and introduced the guest speaker, Mrs. F. L. Shonkwiler, Montreal Presbyterian President. Her talk was principally an introductory message to our newly formed W. M. S. group. She also told of many interesting experiences in the mission fields.

Mrs. K. J. Best thanked Mrs. Shonkwiler for her most interesting talk and also thanked Miss Lovering for her part in arranging the W. M. S. program each month. Lunch was served at the close of the meeting.

Search Rubble For Man Lost In Coliseum Collapse

New York. — (AP) — Rescue squads still dug today into tons of rubble in search of a construction worker missing in yesterday's roaring collapse of the New York Coliseum's main exhibition floor.

Fifty-one workers were injured when the floor gave way while concrete was being poured into it.

Missing was Joseph Lombardi, 55, a cement worker. Rescue workers labored through the night by floodlights in efforts to locate him.

More than 100 workers clawed for their lives as concrete, steel and wood plunged 22 feet to the street-level floor of the project.

ASBESTOS—

The All Saints Evening Guild held their annual Bazaar at the church hall when tables of fancy work and articles for sale were patronized by enthusiastic buyers. Tea and cookies were sold at a very nominal sum. A very gratifying sum was realized and the members are to be commended on their splendid work.

Recent guests at the home of Mr. and Mrs. Elton Webb on Belvedere Street were, Mr. and Mrs. R. D. Hutcheson and children, Pamela and Duncan of Quebec City. Miss Luvia Webb of Sherbrooke, Mr. and Mrs. Merton Webb of Richmond, and Mrs. Charles Webb, of Chibougamau Quebec. Guests at the same time were Mr. and Mrs. Chester Perkins and young son, Kenny.

Mrs. W. Webb has been in Danville helping Mr. Webb's mother, Mrs. Bert Webb, while Mr. Bert Webb was ill.

Mrs. Lottie Dean and son, Mr. William Dean, of McGill, have returned from a holiday week in the states. They were guests at the home of Dr. and Mrs. Paul Bouthelier in Boston and Mrs. Bouthelier accompanied them to New York City.

The annual bowling party for all the leagues was held in the Marl-Lodge Club. A large number of members and guests enjoyed the evening and the trophies were presented to the winners at this time.

Miss Florence Findlay was a guest at the MacGonigal home on Chasse Street, following her return from Milford, Connecticut.

Miss Anne Tector, eldest daughter of Mr. and Mrs. A. D. Tector, is planning a trip this summer to the British Isles. Miss Tector has been attending Bishop's University, in Lennoxville.

Mr. and Mrs. D. W. Clark are moving to Asbestos and will take up residence in the house formerly occupied by Mr. and Mrs. Ross Sampson on Gaspé Street.

OBITUARIES

ERNEST JOHN HARRISON OF HUNTINGVILLE, QUE.
Huntingville — This community was saddened by the death of Ernest John Harrison, which occurred at the Sherbrooke Hospital, April 5, 1955, where he had been a patient the past four weeks, due to thrombosis.

Born at Bulwer, May 21, 1883, only son of the late Mr. Robert Harrison, and his wife, Rosanna Simmons Harrison, he spent the early years of his life in and around Bulwer.

June 25, 1919, he was united in marriage to Gussie M. Dewing, eldest daughter of the late Mr. and Mrs. James Dewing, of Huntingville. Of this union, three children were born, two sons, Wendell, and Gordon, and one daughter, Edith, Mrs. Ebbie MacLeod, all of Huntingville.

In 1920 he entered the employ of W. H. Hunting and Sons, where he remained until taken ill, October 25, 1954.

He was a loving husband and father, and though of a quiet disposition he was held in high esteem by his many friends, and

How to KEEP FIT after 50

In the old days fifty seemed the signal to slow down—take things easy—watch your diet—get more rest. It's still good advice. But these days you can face fifty with many interesting and active years ahead—active, that is, if you can avoid backache and the "tired-out" feeling, due to kidney and bladder disorders, that often develop around that age. For more than 60 years Dodd's Kidney Pills have been helping men and women of all ages to keep kidneys and bladder in good order—helping them to feel better, to work better, and get more fun out of life. If you are approaching fifty, or past it, Dodd's Kidney Pills may help you, too. You can depend on Dodd's. 54

PINNACLE—

A successful Bingo was sponsored by the Shipton Women's Institute when the net proceeds were \$56.00. A vote of thanks was extended to the merchants and commercial dealers of Danville who donated the prizes and also to the members of the W.I., who gave their time. The door-prize was won by Mr. Clayton Kent. It was announced a Teen-age Dance will be held at the Farmer's Hall, Danville, on May 13th.

Mrs. Jack Farthing and daughter Linda, of Sherbrooke, were guests of Mr. and Mrs. Stanley Taylor and family over the weekend. Mrs. Farthing accompanied the Taylor family to the Bingo party held in the Farmer's Hall.

Mr. and Mrs. Fred Gallup, who have been staying with Mr. and Mrs. D. Kerr, have returned to their home.

Friends are pleased to know that Mr. Gallup has recovered from his recent illness. Miss D. Paige and Mr. L. Hodge, of Richmond, were guests of Mr. and Mrs. Leland Gallup and family were guests of Mr. and Mrs. John Lodge and family.

Mrs. D. Savage extended a welcome to the gathering and Mrs. R. W. S. Nutbrown, in replying, urged all to press forward with courage, in spite of the wide and ever increasing advertising of liquor.

Mrs. E. Hodge, reporting for Evangelistic, stated Mrs. H. Lewis and Mrs. A. E. Abercrombie had given very interesting talks on temperance. The Flower Mission report, given by Miss Crane, showed many sick and shut-ins visited and all were remembered with flowers, magazines, fruit, food and get-well cards. Hospitalized friends were visited, sympathy given, visits made to the Wales Home, shut-ins remembered at Christmas, basket of food sent to a new Canadian and a gift to a bride.

Little White Ribboners, by Mrs. E. G. Beattie, showed a total of 38 in the county, with all mothers being entertained. Reporting on Lord's Day Alliance, Mrs. E. Seale deplored the fact that the Sabbath is becoming more and more a day for sport.

For Literature, Mrs. L. W. Smith said magazines were sent to the Wales Home. Scientific Temperance, Mrs. F. Ingham reported Huntingville and Milby unions distributed temperance lessons, with many written and prizes given. Lennoxville union donated money for prizes.

The Press report, read by Mrs. R. Sutor, showed all activities reported to the press. Sailor Bags, by Mrs. J. McVetty, stated Huntingville packed and mailed 12 sailor bags and sent four boxes overseas. Lennoxville sent a quilt to Korea and Milby packed and mailed six sailor bags. White Ribbon Tidings, given by Mrs. A. Fairbrother, showed a total of 58 subscribers.

A hymn was sung, with Mrs. W. Coates as accompanist, and the meeting adjourned for a chicken pie dinner.

Following the dinner, Mrs. W. Henderson introduced Capt. F. Taboika, of the Salvation Army, who spoke of the Army's work in Sweden, Detroit, Chicago and New York and explained how Alcoholics Anonymous and the Salvation Army work together for temperance.

In some European countries, he said, liquor is served at every meal and in one country a quart of liquor and a quart of milk are the same price. Capt. Taboika was thanked by Mrs. E. Hodge.

Mrs. W. Henderson presented Mrs. W. Sutherland with a life membership pin in appreciation

In The Women's Sphere

MISS MARION ELSIE MONTGOMERY and MR. THOMAS MELBOURNE CODDINGTON, whose engagement is announced by the former's parents. Miss Montgomery is the eldest daughter of Mr. and Mrs. Grover C. Montgomery, of South Durham, Quebec, and Mr. Coddington is the youngest son of the late Melbourne Coddington and Mrs. Coddington, of Melbourne, Quebec. Sherbrooke County W. C. T. U. Reviews Year's Activities; Elects Officers

The 56th annual convention of the Sherbrooke County W.C.T.U. was entertained by the ladies of the Huntingville union at the Community Hall in Huntingville.

With Mrs. E. Hodge at the piano, the meeting opened with a hymn and the devotionals were led by Mrs. W. Henderson. Mrs. W. T. Evans, first vice-president, was in the chair and minutes of the previous annual and two executive meetings were read by the secretary. The recording secretary, Mrs. R. Sutor, reported all unions had a busy and very satisfactory year.

The treasurer's report, given by Mrs. W. Henderson, showed the year's income was \$278.81, with expenses at \$265.95, leaving a small balance. Correspondence included thanks for prize money from Garry Beattie, Dale Douglas and Wayne Douglas.

Mrs. D. Savage extended a welcome to the gathering and Mrs. R. W. S. Nutbrown, in replying, urged all to press forward with courage, in spite of the wide and ever increasing advertising of liquor.

Mrs. E. Hodge, reporting for Evangelistic, stated Mrs. H. Lewis and Mrs. A. E. Abercrombie had given very interesting talks on temperance. The Flower Mission report, given by Miss Crane, showed many sick and shut-ins visited and all were remembered with flowers, magazines, fruit, food and get-well cards. Hospitalized friends were visited, sympathy given, visits made to the Wales Home, shut-ins remembered at Christmas, basket of food sent to a new Canadian and a gift to a bride.

Friends Fete Brides-Elect At Boundary

Rock Island — Miss Gladys Dustin, a popular bride-to-be of the season was guest of honor at a delightfully arranged shower held at the home of Mrs. I. J. Lafond in West Park, with Mrs. Gladys Lafond assisting hostess. Lured to the home, Miss Dustin was surprised to find fifteen relatives and friends awaiting her arrival. She was escorted to a special chair, and little Miss Christina Lafond presented her with a corsage of spring flowers.

Christina brought in her doll carriage, decorated in orchid, Nile green and yellow and filled with prettily wrapped packages. The bride-to-be was assisted in opening the gifts of towels by her mother, Mrs. Everett Dustin.

Miss Dustin, in her usual charming manner, expressed her appreciation to all for the gifts.

Refreshments were served by the hostesses, assisted by Mrs. Charles Sisco, of West Park and Miss Dorothy McComb, of Ayer's Cliff. Attending from out of town were, Mrs. Everett Dustin, Miss McComb and Mrs. G. Davidson.

POPULAR BRIDE-TO-BE FETED

Rock Island — Miss Anita Soutiere, a popular bride of the season, was honored by her co-workers of the Spencer Supports Co. in Rock Island, on the occasion of her approaching marriage, at a shower held in the Spencer cafeteria.

The bride elect, on leaving the theatre was "snatched", blindfolded and taken for a drive about town, which ended at the Spencer. She was escorted to a special chair, to which garlands were suspended from the ceiling, the color scheme being in pink. On a table before her was a number of prettily wrapped packages, which Miss Soutiere was assisted in opening by her mother, Mrs. Arthur Soutiere and her future mother-in-law, Mrs. Arthur Judd, which consisted of china, pyrex, linens, an electric clock and many useful articles for her new home in Derby Line. Miss Soutiere expressed her appreciation. Cards were played, the winners being awarded prizes.

Lunch was served by a number of the girls, which included a prettily trimmed brides cake, decorated in pink and centered with a small vase of flowers.

Among the guests, which numbered 25 were Mrs. Real Poutre, of Newport, and others from North Derby, Beebe and the Boundary Villages.

Money in the bank

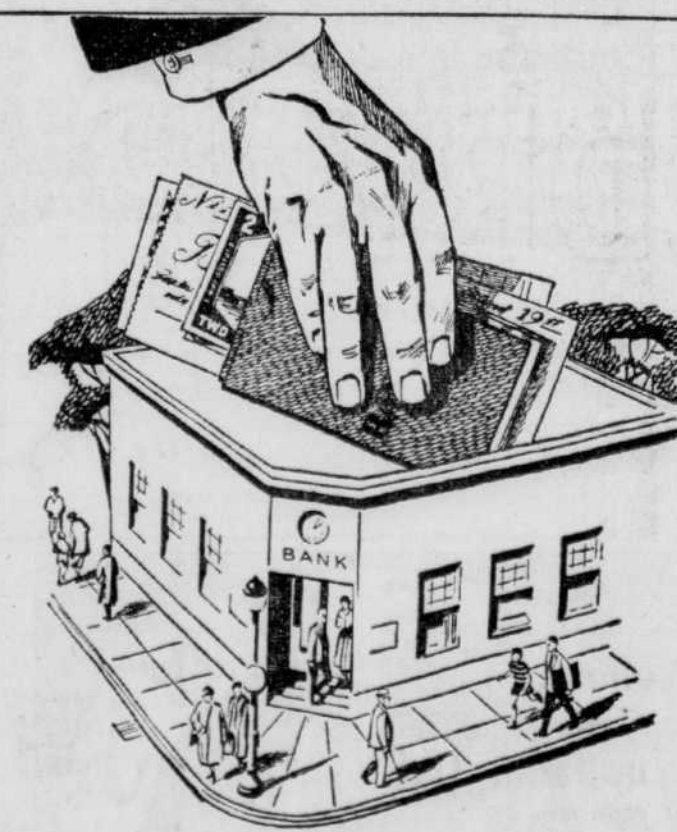

Millions of Canadians know the value of a bank account—the security and comfort it brings, the peace of mind it assures, the enterprise it makes possible.

When you keep your money in a chartered bank you know it is safe. And you are dealing with friendly, experienced people, skilled in the management of money and anxious to share their knowledge with you.

There is a type of account to suit your purpose, some designed to help you accumulate funds, others featuring the convenience of chequing.

Your local branch bank provides these and many other services. It is much more than a handy, safe place to keep money. It is a banking service-centre where you can count on prompt and courteous attention to all your banking needs.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Only a chartered bank offers a full range of banking services, including:

SAVINGS ACCOUNTS

Keep your money safe; pay you steady interest; encourage the habit of thrift.

CURRENT ACCOUNTS

For individuals and companies who pay by cheque; your cancelled cheques serve as receipts.

BANKING BY MAIL

Convenient, and saves time. All your routine banking can be handled in this way.

JOINT ACCOUNTS

Savings or Current; for two or more people, any of whom can make deposits or withdrawals.

Richmond W. A. To Aid C. G. I. T. Summer Camp

Richmond—The Richmond and Melbourn United Church Women's Association meeting, held in the church parlor, was opened with a worship period in charge of Mrs. A. MacRae, who read a meditation entitled "The Power of Faith."

The president, Mrs. J. Barrington, welcomed the members and introduced the new secretary, Mrs. M. Butler.

All were pleased to hear that Mrs. Dean is making a satisfactory recovery after her operation. Mrs. MacNaughton reported that practically all the church members had been contacted about the Observer, with a most satisfactory result.

Reports of the various groups were given; the Melbourne group plans to hold the annual Maytime tea in the church hall on May 18; the Ruby Group reported a successful food sale had been held; the Marjorie Group held a successful rummage sale; the cheer committee reported cards sent to sick, shut-ins and bereaved families, and 13 calls were made by the Marjorie Group.

Miss Lois Boast and Mrs. G. Buchanan reported that 11 girls wish to attend C.G.I.T. camp and plans to help finance this project were discussed.

Plans were made to do the spring cleaning of the church parlors with each group to be in charge of a different section. Tentative plans were also made for the congregational harvest supper to be held in mid-September.

A committee consisting of the president, Mrs. J. Barrington, the group captains, Mrs. Hardy, Mrs. Manning, Mrs. Galbraith, Mrs. Fuller and Mrs. Chamberlain, was appointed to meet with the board of stewards to discuss the purchase of floor covering for the church hall.

Visiting during the month of May will be in charge of the Emerald Group.

The president expressed appreciation to the hostess committee for taking the responsibility for getting hostesses for the year.

Rev. J. Leslie Dean closed the meeting with prayer, followed by refreshments served by Mrs. Boa, Mrs. Pope and Mrs. Spence. The next meeting will be held on June 18.

PINK AND BLUE SHOWER
Mrs. Stanley Bushey, College Street, recently entertained sixteen guests at a pleasant surprise "pink and blue shower" in honor of Mrs. D. Dykeman. The guest

SUMMER ALREADY? — This little Kitchener miss, oblivious of a peeping camera, is having a quiet bath on her lawn during the warm weather that has spread across eastern Canada. The trees are blossoming, grass is growing, shrubs coming — who feels like work? (CP)

of honor was surprised on entering the home to find guests awaiting her arrival.

A decorated doll's carriage, filled with daintily-wrapped gifts, was presented to Mrs. Dykeman by Mrs. Bushey. Mrs. Dykeman expressed her appreciation for the gifts and to the hostess.

During the evening, several games of bingo were enjoyed after which refreshments were served by the hostess, assisted by Mrs. Elmer Fuller, Mrs. Percy Frazer and Mrs. Hazel Semple.

General Notes

Mrs. William Bowbrick of Iron Hill is spending a few weeks with her daughter, Mrs. Palmer Marsh since she returned

from the B. M. P. Hospital, where she underwent surgery. Mr. and Mrs. Merton Tyler and two children spent a week-end at Ayer's Cliff with Mr. and Mrs. Cecil Tyler.

NEW Super Crown-Kote one-coat exterior white BLISTER RESISTANT

The formulation of Super Crown Kote is a new conception in exterior white composition. Comparative weatherometer tests indicate the durability to be 50% greater than conventional first quality exterior whites. Practical tests over more than four years substantiate the weatherometer tests.

In addition, Super Crown Kote has been found to be remarkably blister resistant. Even the extreme conditions of the laboratory blister box have been unable to cause blistering or flaking. Practical tests in the Montreal area have supported these findings.

Super Crown Kote is a brilliant white and saves time and money because one full coat does the work of two coats of ordinary paint.

For further information on Super Crown Kote, ask for descriptive literature from any C-D dealer.

Plans Completed For Official Opening Of Racing Season

Eight Classes On Card Tomorrow; Post Time 8.00; Installation Of New Tote Board; Track In Fine Shape

The final plans for the grand opening of the 1955 racing season have been completed and the initial card will be presented tomorrow evening, stated Lucien Bombardier, newly named manager for the Sherbrooke Racing Club. Post time is 8.00 and eight races are on the card.

The executive of the local club has made several important changes at the track since the end of last year. The first move was the hiring of Lucien Bombardier as track manager, Lionel Racicot, publicity manager, and Harry Minor, who will be in charge of the listing of the horses on the program.

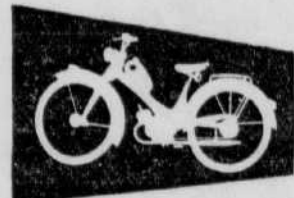

The program which will be used this season will be along the same lines as the ones now in use at the top tracks in the country. It will be a uniform system and the bettors will have listing of the horses' last five starts to base themselves on for their wagers.

The biggest improvement of all is the installation of the Australian totalizer which is in use at all top American and Canadian tracks. This machine will contribute greatly to the sale of the tote tickets and speeds up the changes of odds on the various horses in the race right to the last minute.

It is the general belief that the new machine will contribute greatly in improving the popularity of horse racing in the Eastern Townships. It is also reported that the class of horses will be greatly improved over last year with the coming of several American stables.

Among the stables already installed at the local track are Jimmy Cook with a 10-horse string and Howard Dupee, who hails from Harrington, Del., with an eight-horse stable. George McClear, from Syracuse, N.Y., is also here with his famous horse, Merceh, who won last year in 2.03 1/3. He also held the track record at Blue Bonnets for a while last season.

Arthur Giard, of Granby, will also be on hand with his string of 10 horses while one of last year's favorites, Amadee Beaudoin, is already installed at the track.

Savoie Decisions

Kid Centella

New Orleans—(P)—Armand Savoie, the bouncing body punisher from Montreal, called on his ring experience Monday night to win a split decision over ambitious Kid Centella of Nicaragua in a 10-round lightweight match. Savoie weighed 139 1/2, Centella 138.

Savoie, a veteran of more than 70 professional fights and loser to lightweight king Jimmy Carter last November, forced the fighting from the second round on and slowed up the favored Centella with a bruising attack to the midsection.

Alouettes Sign Four Canadians

Montreal—(P)—Montreal Alouettes of the Big Four Football Union Monday night announced the signing of four more Canadians for the coming season.

They are defensive quarterback Bruce Coulter of Toronto, with Als for the last seven seasons, and guards Don Finlay, Joe Pedicelli and Marty Martinello, all Montrealers who play with the Larks last year.

LOGART POUNDS OUT DECISION

New York.—(AP)—Isaac Logart, a stablemate of Kid Gavilan, won his sixth straight bout Monday night when he pounded out a rough-and-tumble verdict over Ludwick Lightburn of British Honduras at St. Nicholas Arena. Logart weighed 142 1/4 pounds, Lightburn 138 1/4.

Circuit Judge To Rule On Williams

Miami, Fla.—(P)—A Florida circuit judge may decide today whether Ted Williams returns to baseball.

Dade county's senior circuit judge, George E. Holt, called thumping Ted "out" at home Monday in granting a divorce to Mrs. Doris Soule Williams on her plea that she and the Boston Red Sox star "just couldn't get along."

But the judge postponed until today a ruling on how much money Williams must pay the attractive, dark-haired woman he married 11 years ago. One of Williams' attorneys indicated she had agreed to a lump settlement.

It was believed Williams would await the court's ruling on the size of the settlement before making up his mind whether to return to the game that made him famous and paid him as high as \$100,000 a season.

Pleads Not Guilty For Non-Support

San Diego, Calif.—(P)—Archie Moore, world's light-heavyweight boxing champion, pleaded not guilty in municipal court Monday to a charge of failing to support a son, Archie, Jr., 13. His jury trial was set for July 21.

Moore was arrested Saturday on the complaint of his former wife, Elizabeth Smith, the boy's mother. He was released on \$500 bail.

Visiting Lt.-Gov. Les Memory Outlines Kiwanians' Ideals To Waterloo Club

Waterloo — The members of the Kiwanis Club of Waterloo were honored at their meeting by the presence of Lt. Gov. Les Memory, of Lennoxville, who was paying his official visit. Lt. Gov. Memory was warmly received and introduced by president Al Grainger.

"Among the ideals for Kiwanians," said Mr. Memory, "is one which states we believe in free men. We believe in his freedom to worship, in his own responsibility for his personal freedom. We believe him to be a gentleman and a spiritual one," continued the speaker. "Our churches are an organization to serve the spiritual aims of life," he continued, "and it is our aim to protect them and what they stand for."

Education is the biggest business in the world today, with a plant in every town. It is the duty of Kiwanis to aid education in many ways. We must sponsor moves to aid the youth of today in combatting juvenile delinquency. We must strive to wipe out the rotten handling of youth that tends to make hoodlums

rather than men out of them. This is our spiritual and actual aim in Kiwanis today, and we must at all times consider the safety of our youth."

In concluding his stirring talk, the lieutenant governor of district No. 8 stated, that we must continue to conserve our natural resources, as Canada is one of the leading countries of the world today. "Let us not only keep intact what we have, let us ever strive to protect and improve upon it."

Ice-president Armand Russell warmly thanked the speaker for his truly inspiring talk. Charter president, Pete Gunter presented Kiw. Gene Sheppard, the treasurer, with his sixth year perfect attendance tab. Kiw. Tom Wilkinson, chairman of the cancer drive, announced that \$400 was collected to date, with a possibility of \$600 being raised against the quota of \$300, that the Yamassee Conservation Association was sponsoring a children's fish derby in Granby on Saturday, May 7 from 9 to 12, just for the young-

sters interested in fishing.

Lt. Gov. Les Memory also announced that all clubs in this district would meet in Granby on Monday, May 16, to meet the governor of the district, W. Jewell, of Peterborough, Ont. The proposed date for the Kiwanis Gas Day has been set back; it will be held toward the end of May, and will be in operation from 4:00 p.m. on Friday until midnight Saturday.

Kiw. Derric Grenier was put in charge once again of the picnic tables and the beach projects for the summer. The tables will be placed in the Kiwanis picnic grounds and it is planned to have signs put up well in advance of both grounds so tourists will be prepared to stop when they reach the place.

The beach will be cleaned up again this spring, but the active interest in this place will be somewhat curtailed. It is possible that the telephone will be maintained for safety reasons, but the lack of co-operation from those who use the beach makes it almost impossible to keep it as it should be.

The transients have little or no respect for the place, using it for many purposes other than those for which it was intended, and the citizens of Waterloo must suffer the consequences. So until proper police protection can be offered at all times, it is improbable that anything more than a clean-up will be instituted by the club. Road signs have been erected this spring for the benefit of visiting Kiwanians.

It was decided to add one more needy family to the list of free milk, bringing this number to eight at this time. The milk delivery in the school terminated May 1.

Trucking Industry Vital To Canada's National Economy

Trucking Industry Shows Big Growth In Few Years

Each passing year makes highway transport more and more an indispensable element in Canada's industrial economy. In time of war, the trucks which ride the asphalt ribbons played a major role in meeting the country's transportation problems. In time of peace the greatly increasing road transportation facilities can hardly be stressed too much.

Practically every sphere of industry in Canada depends partly, or largely in many cases, on automotive power for transportation in its producing and distribution fields.

As modern merchandising is almost totally dependent on highway transport, it is obvious that some attention should be focused on adequate road surfaces on which roll the wheels of this great nation. Only by rigid attention to a long-range road preservation and building policy can Canada's economy, industrial mobilization and defence efforts be ensured and unhampered.

With Canada's post-war development as a guide, it is safe to say that the future holds in store one of the greatest expansions in history. There is little, or no doubt that this future development will follow the roads. Because of the flexibility and economy of highway transportation new roads will branch out into newly developed areas making the expansion of the highway transportation a "must" in Canada's development program.

Already the large urban centres of the country depend on truck transport for an important part of their food supply delivered from the surrounding countryside in staggering volume. Decentralization of industry has been made possible and manufactured articles are now subject to processes in widely scattered centres and transported to assembly plants by truck, making the

EARLY HIGHWAY TRANSPORT — One of the first trucks to come into the Border Villages was the Ford pictured above in 1917. The driver was Albert Young who now operates a large transport business at the Boundary.

highways a sort of assembly conveyor belt.

Modern roads are essential to security because they are a requisite for industrial mobilization, civil defense and military activity.

Then, too, roads carry the great majority of Canadian workers to their jobs in industrial plants. The plants themselves depend on road transport to pick up and deliver raw materials and finished products. Several large manufacturers of defense material use road transport for up to 95 per cent of incoming and outgoing freight.

In civil defense, all mutual assistance schemes would bog down in confusion and chaos without a modern highway system. In military planning, movement is everything. Only by improving existing roads and bridges could heavy service equipment be used to best advantage.

Roads have always been important to agriculture. The need for moving farm produce to consumers has been the main reason for construction of most of the

network of feeder lines. These roads have broadened the farmers' markets, increased consumption of dairy products, fruits and vegetables, and generally improved the standard of living of both farm and urban dweller. Trucks now carry more than 90 per cent of the nation's milk supply. They hold a dominant position in livestock shipments.

To those people who maintain that the trucking industry is not paying its share of highway costs, the recent Dominion Government Royal Commission on Transportation gave an emphatic answer. It reported that the industry was paying for the use it makes of public highways. It is a statistical fact that many of the big highway trucks these days pay — in highway taxes alone — more money than is paid for fifty average passenger cars.

It is not true that Canada's highways created the trucking industry. On the contrary, trucks have, in response to growing public

demand, created our modern highways by making the need for them apparent and imperative.

Without trucks and the millions of dollars in taxes which the industry pays annually, Canada's whole highway building and maintenance program would collapse.

Derby Line Group Again Sponsors Junior Baseball

Derby Line — At a meeting of the Holy Name Society of St. Edward's parish it was decided to again sponsor a Peanut League baseball team this year, due to the fact that this part of the Youth program met with such enthusiastic response from the boys and their parents and the general public last year.

It was also decided to sponsor a pony League team, taking in the boys from 13 to 15 years of age. Arrangements are being made to incorporate both teams in a league with Newport. The teams will be coached by Doc Stewart of Rock Island.

Plans were also discussed regarding the second annual bazaar to be held in June with more definite plans to be made the end of May. The society will participate in the area Holy Name Rally to be held in Newport at St. Mary Star of the Sea church on May 20.

DERBY LINE GIRL SCOUTS

A group of the Derby Line Girl Scouts who have been working for their cooking badge, completed their training with a party, the honored guests being the parents of the class.

Lana Cross, Jackie Laythe and Beatrice Aldrich have been receiving lessons from Mrs. C. Fayne Hovey every Monday evening since January and were taught to cook and serve a meal.

The preceding night the group met at Mrs. Ann Aldrich's to discuss the menu and plans, and make out a list of things needed which were later purchased.

The meal was prepared by the girls, the menu consisting of baked beans, Italian spaghetti and meat balls, bran muffins, tossed salad, beet pickles, raised doughnuts with sugar on snow. Each had a task in the baking and cooking, and at last came the hour for the guests. The supper was held at the home of Mrs. Aldrich, where the table was arranged with favors and the wild mayflowers from the woods.

The guests were Mr. and Mrs. Fayne Hovey and Gail, Mr. and Mrs. Philip Cross, Mr. and Mrs. C. L. Laythe and Janet, Mr. and

Mrs. Alfred Aldrich, Grandpa Aldrich and the three hostesses.

Everyone enjoyed the supper and congratulated the young cooks on their accomplishments. The girls thanked Mrs. Hovey for spending so much time and for her patience with them.

DIXVILLE—

Mrs. Willie Horne, of Sherbrooke, was a guest during the past week of Mrs. J. C. Tannar and family, Main St.

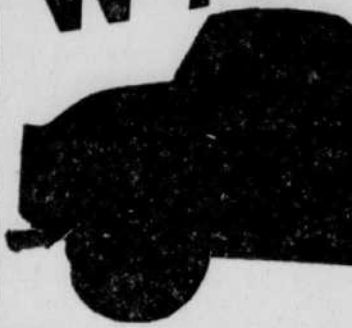

Mr. and Mrs. Orzie Thomas were called to Scotstown by the death of Mrs. Thomas's father,

Mr. John Simpson, who passed away suddenly during Saturday night.

Mr. and Mrs. Walter Smith and daughter, Miss Peggy Smith, of Beebe, were guests of Mr. and Mrs. A. W. Cushing and other friends.

Canadian Trucking Industry Shows Phenomenal Growth

Over 500,000 Trucks Now Use Canadian Roads

The growth of Canada's trucking industry has been phenomenal, largely as the result of the ever-widening service given by the member firms to meet the demands of shippers for more efficient service.

In the past fourteen years the number of motor trucks registered in Canada has increased by over 500,000 — an increase of nearly 200 per cent. And month-

ly reports indicate the growth is still continuing.

Of course, not all these trucks are commercial or "for hire" vehicles. A vast majority of them are owned independently by farmers and small businesses.

But the Canadian Automotive Transport Association estimates, based on Dominion Bureau of Statistics reports, are that there are approximately 75,000 "for hire" trucks in the country, operated by more than 20,000 trucking firms and organizations.

In 1923, the first year for which complete figures are available, there were only 56,219 trucks of all classifications in the nine provinces, the Yukon and Northwest Territories, while only a few years before trucks were still the objects of curiosity.

But the First World War had given trucking real impetus. By 1930 trucks totalled 167,459, and the increase continued even through the thirties as the need for economic service was underlined by the depression.

When the Second World War ended trucking had assumed king-size proportions in the nation's economy.

During the past few years the growing industry further linked the far-flung sections of the country with a Trans-Canada service, with trucks operating on scheduled runs between Western and Eastern Canada, and between the Maritimes and Central Canada was inaugurated.

The expanding trend is shown in tonnage carried by trucks in the past three years. By no means complete, the figures from companies reporting show 24,100,000 tons carried in 1951, as compared to 21,500,000 in 1950 and only 15,000,000 in 1949. Add to these totals the tonnage carried by non-reporting carriers and the figures become astronomical.

To handle this flow of goods, new terminals have been set up in many districts, and as roads are pushed to outlying northern districts, trucks now haul goods where only two or three years ago everything had to be flown in at high cost.

Nowhere has trucking's speed and adaptability been better exemplified than in agriculture. Field crops, feeds, milk and fruit produce, livestock, poultry and eggs have to be shipped frequently and rapidly. Milk truck pickups have revolutionized the dairy industry by giving service to individual farms and dairies. Today more than 95 per cent of the country's milk is carried by carry over two thirds of Canadian livestock to yards and packing plants. And behind all the commercial trucking which the farmer has come to value and expect in the work-horse farm truck owned by thousands of individual farmers. Thirty-one per cent now own their own truck. They have adapted them to a multitude of uses with tremendous savings in cost and manpower.

In the more industrialized provinces of Canada, trucks have become a vital link in the mid-century picture. Both the assembly line technique in which trucks haul parts from sub-contracting plants to assembly factories, and off highway operations depend on motor vehicle transport. Oil,

timber, mining and construction operations are being increasingly geared to truck capabilities. It all adds up to a fast-improving, booming transport industry.

"They Who Dare" Thrilling Story Of Great Courage

A stirring drama, "THEY WHO DARE," arrives tomorrow at the Premier Cinema. With a fine cast of popular stars — the principal names being Dirk Bogarde, Denholm Elliott and Akim Tamiroff — this exciting film is directed by Lewis Milestone, the man who brought to the screen such a classic as "All Quiet on the Western Front."

Now, in the company of brilliant producers Aubrey Baring and Maxwell Setton, Milestone achieves, a second masterpiece which will give every cinemagoer an evening of first-class entertainment.

"THEY WHO DARE" follows the exploits of a band of war-time commandos as they carry out a daring raid on two enemy airfields in Africa.

It is not enough to proclaim this production thrilling. It is more than that, for it is also full of poignant touches which cannot fail to bring a lump into the throat of everyone who goes to see this brilliantly acted story of supreme courage.

The supporting cast includes such seasoned actors as Gerard Oury, Eric Pohl-

mann and Alec Mango. "THEY WHO DARE" is in colour by Technicolor.

Knowlton Women's Association Makes Donation To High School Lunch Fund

Knowlton. — The regular monthly meeting of the Women's Association of the United Church took place at the home of Mrs. Carl C. McCorkill with Mrs. H. L. Hastings as co-hostess. The president, Mrs. Carl C. McClay was in the chair and conducted the meeting with Mrs. E. H. Gray in charge of the opening devotions.

The minutes were read and several thank-you notes as well as an appeal from the L.O.D.E. for a donation for the Hot Lunch project at the local High School. The sum of \$25.00 was voted this project. Twelve members answered the roll call and one new

member was welcomed into the Society.

The Treasurer, Mrs. William Hines gave the financial statement when bills for flowers and gifts were presented and moved paid.

Mrs. Marion Pettes expressed her thanks for the Sunshine Basket received when she was ill and Mrs. McClay thanked the Society for the gift sent to Mr. McClay when he was in hospital.

The date of the summer garden party was set for July 15th and it was decided to hold a food sale in the Southern Canada Building on May 21st, at 10 a.m.

Mrs. J. Edward Perry offered to entertain the next meeting with Mrs. Carl C. McClay as assistant hostess.

The meeting closed with prayer after which refreshments were served by the hostess.

LITTLE HELPER'S MOTHERS MEET

The meeting of the mothers of the Little Helpers of St. Paul's Anglican Church, was called by the Secretary, Mrs. Dennis Taylor for the purpose of increasing the feeling of friendship among the Mothers.

Sympathy was expressed towards the parents of one of the youngest members of the branch for the sad loss they had sustained. Silent prayers were offered on their behalf, by those present.

Portions of the Annual Diocesan report were read, noting there were nine more active branches in this organization during the past year, with an increase of contributions through the medium of Mite Boxes amounting to \$450.84.

Total offerings from all the branches of the diocese reached the amazing figures of \$1,679.49, all through pennies dropped into Mite Boxes by tiny hands.

It was decided to hold similar gatherings in the future, continuing after the summer vacation.

A picnic for the Little Helpers will be held early in June with the definite date to be announced later.

Plans were made to form a small library of juvenile religious books for the use of the mothers. Any contributions by interested friends of books no longer in use, will be most welcome.

Light refreshments were served by Mrs. Taylor assisted by Mrs. Thomas Ross and Mrs. Norman Sabhorn.

JUNIOR GUILD

A meeting of St. Paul's Junior Guild was held in the Guild Room with nineteen members present.

The president, Mrs. Keith Mizener, was in the chair and conducted the meeting which opened with prayer. The minutes were read by secretary, Mrs. Ro-

Commissionaire Reports!

"In the Army," says Sergeant Baker, "during both world wars we always used KIWI to get a sparkling, longer lasting shine on boots and leather equipment. Today as a Sergeant of the Corps of Commissionaires, I wouldn't think of using any shoe polish except KIWI."

"You can't beat this polish. KIWI makes scuffs and scratches disappear like magic because it re-colors as it shines. And talk about shine — KIWI gives a brighter shine in half the usual time. In the service or in civvie street, there's no other polish for me."
