

## RUSSIANS BLOCK LATEST NAZI KHARKOV DRIVE

### Nazis Forced To Defensive Along Donets

In Sevastopol Area, Defenders Are Reported as Turning Back Heavy German Assaults Comprising Seven Infantry Divisions, 150 Tanks and Large Amount of Heavy Artillery—Fleet Continues Fight.

By HENRY C. CASSIDY, (Associated Press Staff Writer)

Moscow, June 16.—(AP)—A three-day German assault in an attempt to cross an important river in the Kharkov sector has been balked by Russian hill-top defenses and the Nazis now have been forced back to the defensive, front-line Soviet dispatches declared today.

The Germans claimed today they had expanded a bridgehead which they won across the Donets river in the Kharkov area yesterday.

Around Sevastopol, the other major scene of current fighting on the Eastern front, the Germans have massed seven artillery regiments on their main line of assault in an effort to batter down the Russian fortifications of that besieged Crimean city, the Russians said.

Tass, Soviet news agency, said the Germans were using at least seven infantry divisions and more than 150 tanks against Sevastopol in addition to the artillery.

In repulsing the repeated heavy German assaults, the agency said, the Sevastopol garrison in a single day destroyed forty tanks and killed the major part of three regiments of infantry, while Soviet planes burned ten tanks, knocked out twelve more and smashed thirteen trucks loaded with infantry.

On the Kharkov front, where a Soviet counter-attack Sunday destroyed tanks and damaged or destroyed other tanks, Tass reported that the invaders struggled all day to gain one-third of a mile, only to be hurled back in the end.

There was a flurry of activity also on the long-demanded Bryansk front in the Central area, where a quick Red Army thrust was reported to have killed 600 Germans and driven others out of their positions. The Bryansk front is hinged at the Nazi-held railway city of Bryansk, 210 miles Southwest of Moscow, on the plains between Kharkov and Smolensk. Two populated places and much war equipment—including five tanks—were declared seized by the Russians.

The Soviet Information Bureau said Field Marshal Fedor von Bock's shock troops were suffering heavy losses in the Kharkov sector and that 150 tanks were destroyed or damaged yesterday.

Russian detachments in a single area destroyed twenty-two tanks, eighteen field guns and ten trucks and killed 900 of the invaders.

"In the Sevastopol sector," a communique reported, "Red army units, jointly with marines of the Red Navy, are repulsing furious attacks of German and Rumanian troops."

### UNEXPLAINED BLACKOUT FOR LARGE SECTION OF AFRICAN COAST

Durban, South Africa, June 16.—(AP)—The all-clear was sounded in Durban on the East Coast of South Africa at 9:50 a.m. today after the city had been blacked out all night for an unexplained precautionary measure. School children were sent home this morning.

(There have been unofficial reports of Japanese submarines operating off the East African Coast.)

Snow Hill, Md., June 16.—(AP)—A bolt of lightning flashed along the cells at the Worcester County jail, knocked open the big iron gate—but not one of the fourteen prisoners made a move to escape. "They began to yell blue murder they were scared so badly," said Deputy Sheriff Gordon Bowen.

### Japanese Fleet Reeling At New Blows Of U.S. Aircraft

Several Large Japanese Vessels Reported Sunk and Damaged as United States Units Seek to Prevent Any Consolidation of Positions by Japanese in Aleutian Island Holds Recently Gained.

Washington, June 16.—(AP)—The Japanese navy appeared today to be reeling under the third smashing attack it has suffered at the hands of the American air forces in as many operational areas of the Pacific.

Following up the Coral Sea and Midway Island arenas respectively, the Navy Department reported late yesterday that American fliers were pounding a Japanese invasion force in the North, off the Aleutian Islands.

While reports on the progress of the battle were inconclusive, Japanese losses listed thus far included the sinking of one cruiser and the damaging of one aircraft carrier, at least three cruisers, one destroyer, one gunboat and one transport. Damage to some of the vessels was described as severe.

There were no reports of American losses.

In a communique breaking its three-day silence on what appears to have been a desperate attempt by the Japanese to gain a toehold on the barren, rocky island chain stretching away from Alaska, the Navy said attack operations were continuing by both army and navy fliers.

## E.T. COMMUNITIES HARD HIT BY FLOODS

### RESTRICTIONS ARE PLACED ON WORK CLOTHING

Leather Garments and Cotton Sportswear Also Come Under New War Prices Board Order.

Ottawa, June 16.—(AP)—The War-time Prices and Trade Board extended its economy programme today to work clothing, leather garments and cotton sportswear.

All unnecessary frills in manufacture of this apparel, the Board said, have been eliminated under an order issued by A. Bradshaw, Administrator of Work Clothing, on recommendation of an Advisory Committee of the industry.

Affected are overalls, smocks, shop coats, dungarees, work shirts, men's cotton work pants and sport pants, boys' cotton long pants, breeches and shorts, leather jackets, windbreakers, ski slacks and bush coats.

Some of the economies ordered include elimination of cuffs and excessively long legs on men's cotton work trousers; flaps on pockets.

### Japanese Lose Heavily In New Attack On Australian Outpost

Allied Headquarters, Australia, June 16.—(AP)—The Japanese in their third attack in as many days on Darwin lost nearly fifteen per cent of their raiding planes, Gen. Douglas MacArthur's headquarters announced today.

The raid was carried out yesterday by twenty-seven heavy bombers escorted by fifteen Zero-type fighters, an Allied communique said, and Allied interceptors shot down six of the fighters. Two of the defence craft were lost.

Both residential areas and the harbor were bombed, the war bulletin said, but "material damage and casualties were slight."

### Admits National Government Only Means Of Applying Conscription

By JAMES MCCOOK (Canadian Press Staff Writer)

Ottawa, June 16.—(AP)—The principle of the Government bill to permit conscription for Overseas service when the Government sees fit was termed "inadequate and inequitable" in an amendment placed before the House of Commons last night by Angus MacInnis (C.C.F., Vancouver East).

The amendment said the bill also permitted the Governor-in-Council to conscript men for Overseas service without reference to Parliament, and was therefore contrary to the peace and good government of Canada.

Earlier, the House heard Agriculture Minister Gardiner, speaking in support of the bill, say that Canada's "present policy in relation to the army" and providing for the maintaining of 750,000 men could presently be carried out without conscription.

Mr. Gardiner said that Japanese activities in the Aleutian Islands had given point to Prime Minister Mackenzie King's statement that the power was desired quickly to send men to areas adjacent to Canada.

Victor Quejck (N.D., Acadia) said that while members of his group believed that soldiers should have an assurance of a better world when peace came, they would not add to justice by refusing to go to overseas service.

The group would not refuse to agree to removal of the Overseas limitation in the present act. Lionel Bertrand (Lib., Terrebonne) and Eugene Durocher (Lib., Montreal-St. James) expressed their opposition to any change in the Mobilization Act. J. M. Dechene (Lib., Athabaska) said he would support the Government.

Munitions Minister Howe will be the first speaker in the debate today, dealing with the manpower situation. Mr. MacInnis said the amendment of the Act meant "conscription for Overseas service in spite of all the sophistry of the Prime Minister."

"Any not only that," he continued, "it means conscription without any further reference of the question to Parliament."

Mr. MacInnis said "the people of English-speaking Canada may and

do feel pride in the courage and determination which the people of Britain have shown since May, 1940, but we support the war because of the issues at stake."

The issues were to maintain the position won by sacrifice and effort, the right of the common people to enlarge and enrich their lives by their own efforts, by their own organization, and to live under the rule of law.

The Vancouver East Member's amendment was read by Speaker James A. Glen and vote on it will come later. A previous C.C.F. amendment, introduced by C.C.F. House Leader Colwell last Thursday was ruled out of order by Speaker Glen on the ground that it contained proposals which had previously been voted down by the House. Roy Graham (Lib., Swift Current) said the address of Hon. P. J. A. Gardiner, former Transport Minister, on Thursday, criticizing the Government amendment, has made more apparent tension which it was recognized constituted a threat to Canadian unity.

Dealing with the C.C.F. suggestions, Mr. Graham said he believed it would be fatal to the war effort and the happiness, contentment and liberty of the Canadian people to establish a system of state socialism.

Mr. Colwell interjected that the basic policy he enunciated was co-operation, not state socialism. Mr. Quejck said it was obvious that unless the enemy were defeated Overseas he would have to be defeated on the American continent and Canada should participate in the Overseas conflict. But before people were called on to make further sacrifices there should be a declaration of principles showing the Atlantic Charter provisions would be applied to Canada and thus assist in building unity.

Mr. Bertrand said he was absolutely opposed to the bill and would vote against it. He had voted against the plebiscite. If he voted for the bill he would consider he was signing a blank cheque and should the bill pass the Government could send troops anywhere by Order-in-Council.

"I protest against this abuse of

### MYSTERY VEILS OPERATION OF HOUSE CLOCKS

Clocks as Bad as Government War Policy, Opposition Member Declares During Parliament Interchange.

Ottawa, June 16.—(AP)—The mystery of the House of Commons clocks and the time they keep caused a brief discussion in the House yesterday.

As Agriculture Minister Gardiner neared the end of an address in the debate on an amendment to the National Resources Mobilization Act, Hon. Grote Stirling (Con., Yale) said he regretted he must disagree with Mr. Gardiner continuing for more than forty minutes, in line with a ruling by speaker James A. Glen that speeches must be limited to that length of time.

"The Minister began at 3:20," said Pensions Minister Mackenzie. "I have noted the time as 3:20," said the Speaker. "Yes, that is the time I noted on the clock," said Mr. Gardiner. "Then I regret to say the clocks

### Angry Waters Receding After Causing Severe Damages To Properties

Richmond Streets Still Inundated at Noon but Water Reported Going Down—Electricity and Water Services Resumed at Sawyerville—Coaticook Back to Normal High Water Mark—Operations Stopped at Windsor Plant.

### ITALIANS MAKE NEW ANNOUNCEMENTS ON NAVAL BATTLE

Rome, (from Italian Broadcasts), June 16.—(AP)—The Italian high command announced today the loss of a heavy Italian cruiser, while claiming destruction of an Allied cruiser and two destroyers, the sinking or setting afire of five other Allied vessels and damage to twelve more in a series of naval and air battles in the Central Mediterranean on Monday.

(There was no confirmation of the Italian report from any other source.)

The fighting centered around two large British convoys, one Eastbound, the other Westbound.

With the waters of Eastern Townships rivers and brooks receding rapidly today, manufacturers, house-owners and store-keepers were attempting to clear away the mud and debris dragged on and over their premises by the swirling, surging waters and to estimate the damage caused by the worst flood in the history of the district.

Reports from all over the Townships today told of the return toward their normal levels and courses of rivers which had been turned into raging torrents by the terrific downpour of rain over the week-end, although in some parts the water still covered the streets and tied up transportation.

City Engineer Armand Crepeau said that at about noon today the St. Francis River level had dropped more than five feet from the high-water mark reached late yesterday afternoon. Normal traffic was resumed on King Street between the Canadian National Railway tracks and the Lansdowne Bridge this morning.

Although the water in Richmond has receded an estimated foot and a half, Main Street and College Street were still inundated at noon, and this morning pupils of St. Francis College High School made the trip to the school on College Street Hill by boats and horse-drawn wagons. At eleven-thirty o'clock last night, water outside the "College Hotel" was measured at five feet, three inches, considerably less than the measurement of eleven feet taken in 1929, and slightly lower than the five and a half feet in 1936.

Water at the bridge in Richmond was twenty-seven feet higher last night and five houses on the waterfront were damaged seriously. Four families moved upstairs and another family was taken out by boat. Traffic this morning was still being carried on by boat on Main Street. Stores along Main Street were hit badly, with merchandise afloat in two and three feet of water. College Street United Church was surrounded by water.

Great damage was caused in Sawyerville, but conditions have returned to near-normal with resumption of the electricity and water services. Traffic can now reach Cookshire and Sherbrooke from Sawyerville over a devious detour. The water left the streets when it dropped rapidly last night, and a temporary bridge has been erected across Main Street.

With the bridge across the river

### Germany Regards France As Mere Highway Paralleling Atlantic

Vichy, June 16.—(AP)—An article in the controlled newspaper L'Effort said today the Germans no longer are primarily interested in collaboration, but for the time being regard France as a "strategic and economic space" of military importance.

"A strategic and economic space—that is what France stands the risk of seeming to Germany during these several months of military offensive: A sort of highway paralleling the sea front through which armies must move from one point to another of battle, and must be able to move easily and without risk."

The article added "It is consequently vital above all that this passive battle sector should not in the least be unnecessarily troubled by the activities of England or the United States or Russia, and transferred by their agents into an active sector of disorder and agitation."

### NAZIS SAY MOSCOW BOMBED

Berlin, (from German broadcasts), June 16.—(AP)—The German high command said today it had extended its bridgehead won across the Donets river East of Kharkov, but that the Battle of Sevastopol in the Crimea had died down with only minor fighting yesterday.

Moscow, the Soviet capital, was raided by the German air force. Airdromes and railway installations were the objectives, it was said.

In the Southern harbor of Sevastopol a Soviet destroyer was claimed sunk by the German air force. Strong bomber formations also raided airdromes near Murmansk and scored direct hits on the railway near Kandalaksha, and shot down ten Red air force planes which tried to interfere, said the communique.

### A NEW COMPLAINT

Asbury Park, N.J., June 16.—(AP)—Office of Price Administration regulations on price ceilings presented a department store here with a delicate problem. A customer, whose account is highly-valued, returned a purchase and interrupted the salesman's assurance it was the floor mop she had ordered. "Why, it has 'teeling' stamped right on the ticket," she said.

### WORLD RECORD IS CREATED AT TORONTO SHOW

Expected that Receipts for Premier of Air Cadet League Benefit Will Exceed \$100,000.

Toronto, June 16.—(AP)—A world's record for a benefit performance was established here last night when receipts from the initial performance of "Celebrity Parade" grossed over \$97,000 for the benefit of the Air Cadet League of Canada.

Amounts yet to be tabulated will bring the total to more than \$100,000.

The receipts of course were not all paid for admission to the theatre, although a large crowd was on hand for the performance by Anna Neagie, Lady Cedric Hardwicke, Moyna Macgill, Dennis King, David Tuma and Richard Gaines, among other stars of stage, screen and radio. The total was built up largely by contributions of as high as \$5,000 from industrial firms, various organizations and prominent citizens.

The Royal Canadian Air Force band was on the street before the performance and on the stage for several numbers. Two flights of air cadets marched past before Air Marshal W. A. Bishop, V.C. The performance, the only one in Toronto before the show goes on the road to build up goodwill and financial support for the Air Cadet League, had all the trappings of a first-rate Hollywood premiere.

### GERMANS SLAY MANY GREEKS

London, June 16.—(AP)—The Greek Government in London declared today that hundreds of Greeks recently have been executed by German, Bulgarian and Italian occupation forces in an attempt to curb persistent sabotage and attacks on foreign soldiers.

It reported an Athens newspaper announcement of a "large number" shot the day after the German June 4 communique said three hundred hostages had been taken. Five persons, it added, were shot late in May for attacks on Italian soldiers and four others for attempts to flee abroad.

Greek authorities in Turkey were said to have received reports that Bulgarian troops recently had killed 150 Greeks in the Kilikis district.

## WAR BULLETINS

London — The War Office announced today that East African troops have joined British forces which landed May 5 in Madagascar, French island in the Indian Ocean, to win control of its naval base, Diego Suarez.

Berlin, (from German broadcasts) — German bombers raided Moscow yesterday, the German communique said today.

London — A few German bombers were over Southern and Southwestern England during the night, causing some light damage and slightly injuring a small number of people, the Ministry of Home Security and the Air Ministry said in a joint communique.

Melbourne — Army Minister Francis Forde announced today that no limit will be placed on the number of Australian Military Force (militia) troops permitted to transfer to the Australian Imperial Force.

He added the transfer must be on a purely voluntary basis and coercion must not be used to induce men to transfer.

The A.M.F. is a conscript army which cannot be sent Overseas; the A.I.F. is voluntary and serves anywhere.

### DOCTORS OFFER OWN PLANS FOR HEALTH POLICY

Canadian Medical Association Has Seven-Point Policy of Health Insurance for Dominion.

Jasper, Alta., June 16.—(AP)—The General Council of the Canadian Medical Association, in session here, has held a lengthy discussion on the adoption of a health insurance scheme in Canada.

Councillors were informed yesterday the Federal Government had been studying the question of health insurance and had asked the medical profession for its reaction to a Dominion health scheme.

On this basis, Councillors laid down several principles which they felt should be embodied in a health insurance plan and also expressed eagerness and willingness to cooperate in the formation of legislation for the adoption of health insurance.

Among principles laid down were:

1—All insured persons should be allowed to choose their own doctors.

2—Administration of the insurance should be under independent health insurance commissions.

3—Indigents should be cared for under the scheme, with their premiums paid by the Government.

4—The plan will be compulsory for those whose income is lower than would allow for adequate medical care.

5—The scheme would provide for additional specialist services.

6—No economic barrier should be interposed between doctor and patient.

7—Best possible standard of service to be required of professions and remuneration of profession should be consistent therewith.

The meeting was told that money for the setting up of the system should come from the Government, the insured man and the employer of the insured man.

### WOULD TRANSFER BRIDGE

Montreal, June 16.—(AP)—A delegation of twenty-nine mayors from Gatineau constituency, headed by J. C. Nadon, Liberal Member of the Legislative Assembly for Gatineau, yesterday submitted to Roads Minister Bouchard a request that the Provincial Government assume the full cost of maintenance of bridges located along the Gatineau highway.

Mr. Bouchard promised to consider the request.

By The Canadian Press

The flaming desert battle between British and Axis armies in Libya appeared today to be reaching a stalemate. British headquarters said British and South African troops had withdrawn from positions South of Ain el Gazala, forty miles West of Tobruk, as Field Marshal Erwin Rommel's armored columns attempted to cut off the key British stronghold.

In the El Adem sector, South of Tobruk, British headquarters reported that three strong Axis attacks yesterday were repulsed "with heavy loss to the enemy."

Military observers in Cairo, headquarters of Gen. Sir Claude Auchinleck, said both sides appeared near the exhaustion point after three weeks of furious see-saw fighting and that the fifth Libyan offensive probably would fizzle out in a stalemate.

Hitler's high command asserted that Axis troops had already won the latest Battle of Libya which started on May 26th.

Italy's high command asserted that German and Italian troops had penetrated to the Mediterranean sea coast North of Acremia, which would mean that Rommel had succeeded in cutting off Tobruk from the British line to the West. British headquarters said there was no information.

### Chinese Urge United Nations To Open Major Offensive In Pacific

Chungking, June 16.—(AP)—A Government spokesman urged today that the immediate launching of a major Pacific offensive should be given at least equal consideration with possible drives in other war theatres.

If the United Nations "continue to be complacent" toward Japan, he said, she may become "the most difficult of the Axis powers to defeat."

The spokesman prefaced his appeal by asserting that Japan's success could be explained by what he called the false impression she was the weakest link in the Axis chain.

He said he differed from any theory that Japan would collapse once Germany was defeated. Although he did not say China would collapse unless help were forthcoming, he declared her situation would be serious.

The spokesman enumerated three objectives of Japanese drives in China:

1—To eliminate remaining United Nations bases which might be used to attack Japan;

2—To seize strategic points for attacking the United States;

3—To consolidate dominated areas and develop their resources.

An army spokesman said the gap between invading enemy forces on the vital Nanchang-Hangchow Railway in Chekiang and Kiangsi provinces had been reduced to eighty miles.

One of the two powerful columns, driving from Chekiang, has penetrated Kiangsi to a depth of twenty-five miles, he said, adding that the Chinese are attacking the enemy flanks in attempt to halt the drive and that "We don't regard our forces as being in serious danger."

Japan's Eastern column, he said, has reached a point a few miles Northeast of Shiangjiao, an important town on the railway, while the Western force has been halted by the Chinese a few miles East of Tengpu.

The Japanese were said to be hurrying reinforcements toward the Kiangsi front through the Yangtze River port of Kiukiang for the double purpose of disposing of stiffened Chinese frontal resistance and protection of the lengthening supply lines.

The army spokesman asserted that Chinese "scorched earth" tactics would prevent the Japanese from gaining much immediate advantage from seizure of the railway.

THREE AIRMEN DIE IN AIRPLANE CRASH

Bellevue, Ont., June 16.—(P)—Air Force officials today released the names of the three airmen killed Saturday afternoon when their plane crashed into the Bay of Quinte.

The victims were PO. J. A. McGregor, Regina; LAC. J. R. D. Young, Montreal; and LAC. E. W. Shovel, Kent, England, the latter of the R.A.F. All were attached to the Mountain View Air Training Station near Bellevue.

Officials said the accident happened when their plane went out of control and fell into the bay. Another plane was in the vicinity at the time but air force officials said there was no collision.

SOME SALVAGE Boston, June 16.—(P)—A nice-looking girl, blessed with chorus girl curves and smiles, drove up in a limousine to one of the gasoline filling stations engaged in collecting waste rubber today and vigorously waved a little item in the face of the bewildered attendant.

"Here, please take this before I forget it!" she cried. It was a dainty, pink girdle.

change in the legislation. Under the existing legislation a soldier called under the Act could not cross the boundaries of Canada.

The amendment did not mean troops would be sent Overseas immediately, and the Prime Minister had indicated this might never be necessary.

Mr. Gardiner believed that the majority of members of the Government side of the House would cast a "no" vote for conscription if the issue were presented to the House of calling men for service Overseas immediately.

The manpower plebiscite vote was not a vote for bringing in such conscription immediately.

Mr. Gardiner said that Conservative House Leader Hanson had asked for selective national service and had seen it as implying "the practical application of total war in a sensible, just and effective manner."

Every man would be called to perform his military job at the right time, in the right place, in the right way.

He agreed with Mr. Hanson that only a National Government could put that kind of a policy into effect.

He doubted if there was any political party which would place such a policy before the Canadian people with the intention of putting it into effect immediately.

The only kind of government which would bring that policy into effect at present would be a government with no political past and no desire to have a political future.

That was why the only condition under which responsible party government in Canada would bring in conscription for Overseas service and that would be a condition under which, if they did not do so, the democratic institutions of government would be threatened with destruction.

DEATH REMOVES W. H. WRIGHT AT SWEETSBURG

Funerary services will be held this afternoon at Draper's Funeral Home, Cowansville, for William Henry Wright, who died at Sweetzburg on Saturday. The Rev. S. W. Boyd, of the Emmanuel United Church, will officiate.

Mr. Wright is survived by two sons, Earl, with whom he lived in Sweetzburg, and Wendell, in South Bolton.

Before coming to Sweetzburg about six years ago, Mr. Wright, who passed away in his ninetieth year, was farming in East Farnham, in which sector he was well known.

Stalemate Outcome

Continued from page 1. mation there about any such thrust. A Fascist communiqué also claimed that Axis forces had "reached" and passed the British Ain el Gazala positions and said "hundreds" of British motorized units were knocked out of action or destroyed.

Meanwhile, the Italian high command claimed victory in "a great air and naval battle" which ended in the Mediterranean last night, as asserting that three British warships were sunk and seventeen other ships sunk, set afire or damaged.

An Italian heavy cruiser was acknowledged sunk and a destroyer seriously damaged.

So far British authorities have been silent on the battle.

Cairo, June 16.—(P)—A British withdrawal from positions South of Ain el Gazala, anchor of British Libyan defences West of Tobruk, was announced by general headquarters today.

The communiqué said the withdrawal was made successfully by the 5th Division and South African 1st Division "under cover of a magnificent fight by troops holding positions around Acroma and the 1st Armored Division who beat off determined enemy attacks throughout the whole of June 14."

In the El Adam area, due South of Tobruk, it said three strong Axis attacks on British positions yesterday were repulsed with "heavy loss to the enemy."

After three exhausting weeks of fighting, the sea-saw struggle on the Libyan desert appeared to be reaching its finale.

The Axis evidently having mustered its remaining armor for a last burst of power, was making what seemed to be one final lunge toward its prime goal, Tobruk, Britain's key to the defence of the Egyptian border.

On the other side, Britain's 8th army was counter-attacking in a wild mix-up of tanks and other mechanized forces to prevent the enemy from splitting it up and cutting off Tobruk once again.

The fighting, which has continued virtually without respite in blistering heat and swirling sand since Field Marshal Erwin Rommel's tanks swept against the British line May 18, has cost both sides heavily in machines and fatigue.

British sources believe that Rommel failed in his original aim to take Tobruk in a swift thrust and is able to continue only because the British forces, too, are weakened and weary.

They surmised, therefore, that both sides are near the end of their energy and that yet another of the seething battles of Libya will end without settling the fate of North-east Africa.

Even if Tobruk fell or again were besieged, they said, Rommel would be too spent to push beyond toward Egypt and the Nile Valley. They declared he would need two fresh, desert-trained armored divisions with infantry support and that there has been no sign he could produce such a force now.

The immediate peril to British troops in a fluid situation capable of momentary change was that the Axis might drive between Tobruk and its supporting forces in the Ain el Gazala area, 40 miles to the West.

(An Italian high command communiqué yesterday claimed this had been achieved with Axis penetration to the coast North of Acroma, ten miles West of Tobruk, outflanking the British line and pocketing the forces around Ain el Gazala.)

Part of the Lowry dam was swept away at the height of the flood.

Transportation conditions to and from Sherbrooke are being returned to normal as fast as possible. West-bound rail traffic from Sherbrooke over both the Canadian National and Canadian Pacific systems is in operation, and the Sherbrooke-Megantic C.P.R. run has resumed. There still is no Eastbound traffic from Sherbrooke on the C.N.R. system because of damage to the railroad bridge near Huntingville.

Numerous washouts and water over the tracks between Coleraine and Sherbrooke on the Quebec run and between Sherbrooke and Tomifobia on the Newport run caused the interruption of these services.

It is expected that the Sherbrooke-Newport run will be resumed tonight following completion of repairs, but the Sherbrooke-Quebec run repairs will not be completed until tomorrow because of the washing out of a bridge between Weedon and St. Gerard. In the meantime regular passenger service is being carried on, with the transfer of passengers between Coleraine and Weedon being made by bus.

The Sherbrooke-Coaticook bus service provided by the Provincial Transport Company was resumed this morning, and all the Q.C.R. bus routes are being maintained, except that between Sherbrooke and Theford Mines, these buses being used for the passenger transfer between Coleraine and Weedon.

Water from the Coaticook River has receded from the streets of that town and is back to the normal high-water mark, it was learned from Mayor D. B. Hopkins today, and residents of lower Main Street, who were flooded on Sunday morning, are returning to their homes. These homes were damaged severely, with basements and supporting walls being washed away and furniture ruined, while gardens and lawns were spoiled. Extensive repair work will have to be done by the Town Roads Department.

Pairing streets and culverts. Damage to the Municipal Light and Power system was not extensive.

Establishments most seriously affected by the flood in Coaticook were Noel's Lumber Yard, operated by Paul Goughier, Alfred Maroux's trucking plant, Willard Panouette's blacksmith and lumber firm, the Co-operative Creamery, Asselin and Tremblay's flour and feed shop, and the Hardware and Woodware, Ltd., whose pen stock and water wheel were moved several feet down the river.

A. J. Philip, Manager of the Canadian Paper Company plant at Windsor Mills, said that by eight o'clock this morning the water had dropped about two and a half feet from the high-water mark which was between eight and nine o'clock last night, when the flood was about eight feet above the normal level. Mr. Philip expected that the plant would be in full swing again by three o'clock this afternoon after part of it had been closed yesterday afternoon, the machinery being hoisted from the lower levels of the plant to avoid damage from water, which poured into the basement.

The low ground beyond Cookshire presented a dismal appearance today, with mud, lumber and debris being left after the water went back to its normal course. Automobiles, furniture in the homes, and lawns and gardens were ruined, and repairs will cost large sums of money. Ashby's Garage was badly damaged by oil and water.

Beyond Lennoxville, between the highway bridge and the Green Gas Station, fields and farms are still covered by muddy, swirling water, but the Sherbrooke-Stanstead highway is clear again, after being covered by more than a foot of water throughout yesterday. The road is badly damaged, however, with the shoulders washed away and holes eaten out under the asphalt.

Little actual damage was caused in Bromptonville by the flood, although water backing up from a sewer poured into the cellar of Alphonse Grogreire's residence and damaged a lot of stock he had stored there. The boom failed to hold a

Tank-supported German infantry struck against a Soviet position on the Kalinin front, but lost a large number of men and four tanks under machine-gun and mortar fire and retreated, the Information Bureau said. Another thrust the same day was reported to have cost the Germans 220 dead.

The 180 tanks knocked out yesterday made up the largest toll credited to Red Army men in a single day's action this year.

(The Government did not comment upon a declaration of the German Transocean News Agency that Nazi troops had "crossed the Donets River at all important points" East of Kharkov. Similarly it ignored a claim by German military quarters that the Battle of Kharkov had ended with the German capture of 25,000 prisoners.)

Unemployment

He said that this vast sum is being accumulated for any emergency which may arise when the employee is unable to get work and money will be paid in the form of benefits.

The unemployment insurance is not a tax and the money will be paid out eventually to those unemployed. For every dollar the employee gives to the plan, the employer also gives one dollar, making a total of two dollars. Then the Federal Government gives twenty per cent in addition, the Government assuming administrative costs and there is not one cent taken from the unemployment insurance treasury for this purpose.

The speaker then explained that after an unemployed person has exhausted his ten weeks' unemployment insurance compensation, the employee can return to work again for sixty days and then has the right to get benefits again.

"The receipt of insurance benefits by an insured person is subject to statutory conditions that contributions have been paid in respect to him while employed in insurable employment for not less than one hundred and eighty days during the two years immediately preceding the date on which a claim for benefit is made," he stated.

Mr. Fortier stated that there are 126 Unemployment Insurance Commission offices in the Dominion of Province. There are four inspectors in the Sherbrooke district and in the Sherbrooke district and the sixteen persons comprise the office personnel.

Introduced by Alphonse Trudeau, the speaker was thanked by Albert Charpentier.

DOCTORS NAME COMMITTEE TO AID WAR WORK

Five Members of Central Advisory Committee to Be Appointed at Jasper Park Convention.

Jasper, Alta., June 16.—(P)—Registration of physicians and surgeons from the Pacific to the Atlantic, delegates to the 73rd annual convention of the Canadian Medical Association, began here yesterday at this summer resort 200 miles West of Edmonton.

It was expected total registration would be more than 900.

Featured by the topic advances and progress of medicine in wartime, delegates also will discuss health insurance and various other subjects besides hearing addresses by representatives of the three armed forces.

The executive of the C.M.A., in session here for the past two days, discussed health insurance and a central advisory committee of five members who will work with all departments of the Federal Government concerned with medical aspects of the war, was formed.

The doctors to serve on this committee will be announced at a general session of the Association convention during the week. The meetings which start today will continue through to the end of the week.

QUISLING HAS NEW TROUBLES

London, June 16.—(P)—A Reuters dispatch from Stockholm reported that many persons were wounded in Norway in a battle between followers of Vidkun Quisling, pro-Nazi premier, and other Norwegians in the towns of Rissa and S-lbu, near Trondheim.

Armed Quislingites were said to have entered the towns to "take reprisals" against the population but to have encountered fierce resistance.

Disturbances were reported also at Troendelag.

CITY and SUBURBAN

Floods Caused Many Local Plants To Stop Operations

City Is Able To Resume Gas Manufacturing Operations—Many Flooded Homes Vacated

East Ward Expected To Be Provided with Street Lights Tonight—Level of St. Francis Drops to Allow Resumption of Normal Traffic Across River—Damages to Manufacturing Plants Estimated at Hundreds of Thousands.

Employees of manufacturing concerns and residents of homes on the streets flanking the St. Francis River went to work today digging themselves out from under an accumulation of mud and debris under which the buildings were buried as the water overflowed the banks of the stream and raced through Kings Street, Big Forks, Windsor and King Streets, First Avenue and other thoroughfares on the low levels in perhaps the worst flood ever experienced in this city.

Employees of the City Electricity and Gas and Roads Departments as well as members of the Police and Fire Department swung into high gear early this morning to restore to normal conditions what caused a number of local concerns to cease operations and tied up traffic between the East and Centre parts of the city.

Gaston Masse, Superintendent of the Electricity and Gas Department, said that the manufacture of gas had been resumed at two o'clock this morning, two hours after the water had receded from the municipal gas plant on Wellington Street South. Discontinued last night, street lighting for East Sherbrooke will again be furnished by tonight, Mr. Masse said. The service was interrupted when the transformers for the East Ward were damaged by water with the flooding of the automatic sub-station near the gas plant. Water which until late last night had swirled down Lansdowne Street, across King Street and down Big Forks Street, causing the halting of bus and automobile traffic to and from the East Ward, had receded by this morning, and normal service resumed.

Yesterday afternoon and last night rowboats, one motor boat, canoes, army trucks, privately-owned trucks and horses and wagons had been pressed into service to transport people to and from their homes and places of business.

Transportation facilities to and from Sherbrooke were still not normal by any means today, but greatly improved. Bus services to Lennoxville and to Coaticook were resumed this morning, and West-bound lines of the Canadian Pacific and Canadian National railways were in operation. The Sherbrooke-Lake Megantic run was also opened up by the C.P.R. today.

Although part of the trip has to be made by bus, the Quebec Central Railway Company passenger service to Quebec is being carried on, buses carrying passengers around a washed-out bridge between Weedon and St. Gerard. The bridge is expected to be erected again by tomorrow. Although still closed, the Sherbrooke-Newport run should be opened by tonight.

While estimates are still unofficial, the damage to manufacturing plants along the river banks is expected to run almost to the \$1,000,000 mark. The surging, dirty waters poured into the basements and first floors of the Hovey Packing Company, Hall Machinery, Sherbrooke Pneumatic Tool Company, S. Rubin Ltd., Eastern Townships Products, Ltd., International Harvester Company and other plants, and also into the warehouses of the J. S. Mitchell Company, the Market building and the No. 3 Police Station. Equipment, machinery and stock were all soaked by the dirty water.

Homes on the East Sherbrooke side of the river were hit heavily by the flood, with families being forced to vacate their dwellings by boats and wagons to escape from the water which soared up over the first floor and ruined furniture.

According to M. Graham, local

Manager of the Bell Telephone Company, flooding of underground cables put about 100 telephones in East Sherbrooke out of commission.

A Lafrance Pump engine was pressed into service when the Frontenac Street power house was flooded yesterday afternoon, and the building was cleared inside of an hour.

The flood obliged the Quebec Streams Commission to open the dams at St. Gerard and Disraeli, releasing the water from Lake Aylmer and Lake St. Francis. Local authorities opened the Weedon and Westbury dams on the St. Francis, the Rock Forest dam and the Frontenac Street dam on the Magog River.

Flooded in about fifteen minutes at noon yesterday, the Carnation Milk Company lost about 75,000 pounds of milk when the water soaked the boiler and engine room and caused the operations to be shut down. About 200,000 pounds of milk were in the tanks at the time, but with the assistance of the Sherbrooke Pure Milk Company, who separated a large amount and permitted the Carnation Company to take a separator up to their plant, the majority of the milk was saved.

In addition, according to Keith Reynolds, Manager of the plant, some 5,000 pounds of sugar, stored in fifty 100-pound bags, was ruined by the water. Mr. Reynolds estimates that the damage will amount to between \$5,000 and \$10,000, with the halting of operations, damage to motors and vehicles being considered.

While no milk is received today, the plant will be in full swing again tomorrow.

CAMPAIGN FOR COMMERCE BODY TO BE OPENED

Several earnest believers in Chambers of Commerce in general and the Sherbrooke Chamber in particular will take the field tomorrow on a 5-cent campaign for the organization which has for its sole purpose the promotion of the city's business and commercial welfare.

L. W. Dixon, President of the Sherbrooke Chamber of Commerce, stated today that these canvassers for new members "are not going out on a charitable campaign or for the solicitation of funds for the promotion of the interest of any one group no matter how worthy. Their purpose is one dedicated to the advancement of the city's prosperity—the prosperity of every man and woman earning his or her livelihood in this city."

Continued Mr. Dixon: "They have no apologies to make, for their approach to the person who is not a member of the Chamber and should be, is in the nature of presenting an offer to assist in a worthy undertaking—an endeavor which yields a return to every individual earning his livelihood in Sherbrooke."

"The Sherbrooke Chamber of Commerce is an effective institution, an organization that wants to accomplish the tasks which come within its scope. Every added bit of manpower, every additional dollar of support is converted into increased effectiveness."

"Financial support of the Chamber is not a donation. It is an investment—a business insurance that pays dividends. "I not only take this opportunity to thank those loyal workers for and believers in the chamber who during the next seven days will give of their time to strengthen the organization, but urge that those whose interest may have been passive, study the possible activities of the Chamber, acquaint themselves with its functions and learn of its necessity."

WOMAN INJURED IN FALL FROM SIDEWALK CURB

Four Automobiles, a Truck and a Bicycle Involved in Four Accidents in Sherbrooke.

One woman was injured and four autos, a truck and a bicycle were involved in four accidents investigated by police yesterday in Sherbrooke.

While on her way to see the flooded area on King Street yesterday afternoon, Mrs. Michel Begin, seventy-seven years of age, 62 Council Street, suffered a cut over her right eye and minor other bruises when she lost her balance and fell from the curb at the intersection of Lawwood and Jubilee Streets.

The injured woman was assisted by Constable Boudreau and taken in the truck of Joseph Ouellette, 277 Wellington Street South, to St. Vincent de Paul Hospital where she was treated by Dr. Beislie. Her condition was reported as good today.

Henri Onil, nineteen years old, R. R. No. 2, Sherbrooke, escaped unhurt when the bicycle he was riding collided with an auto at the corner of King and Brooks Streets. Police reports that they have the licence number of car that failed to stop following the mishap. The rear of the bike was damaged.

The wheel was travelling East on King Street and the automobile was turning South onto Brooks from King Street at the time of the accident.

An auto and taxi were damaged as a result of a crash in front of 75 Laurier Avenue. The car was driven by Armand Lapointe, 455 Olivier Street, and the taxi was operated by Georges Loubier, 16 Alexander Street. Police said that the car was Southbound on Laurier Avenue and the cab was turning from the thoroughfare onto a driveway when the collision occurred.

A truck driven by Richard Gagne, 47 Camirand Street, and a car operated by Henri Proulx, 89 Courcellette Street, also were damaged in a collision which occurred at the intersection of Wellington and Aberdeen Streets. Both the machine and truck were proceeding North on Wellington Street, police reported.

UNEMPLOYMENT INSURANCE IS ADDRESS TOPIC

Effort to Be Made to Place War Veterans in Their Own Particular Field of Work.

Unemployment insurance was explained in a talk given by Emery H. Fortier, Sherbrooke Unemployment Officer and Selective Service Officer for the Eastern Townships, before members of the Sherbrooke Lions Club at their weekly meeting held in the New Sherbrooke House last night.

The speaker said that plans are underway at the present time to place war veterans in their particular field of work, which task will be undertaken by the Placement Bureau of the Unemployment Insurance Commission.

With 2,500,000 persons registered under the Unemployment Insurance Act by 200,000 employers in Canada, he pointed out that of this number there are 40,000 employees working for 2,000 employers in the Eastern Townships covering the territory under his jurisdiction. Mr. Fortier is in charge of five counties, Sherbrooke, Richmond, Compton, Wolfe and Stanstead.

He added that out of the 3,200 applications received by the Sherbrooke Unemployment Commission office from January 1st to June 1st, those given employment numbered 2,160. The others were given financial benefits under the Federal plan.

"In the past four months, from February to May, ninety men and thirteen women received benefits totalling \$3,400, which amount was paid by 306 cheques."

"More than \$5,000,000 per month is being accumulated under this plan from both employer and employee," he continued. "The first year \$60,000,000 was accrued and the second year \$75,000,000 is expected to be collected under the

Floodlights

By ALLAN BRYCE

In the dim, distant days when this reporter's hair is gray he will still be talking about the day away back in 1942, on June 15, (pay day), to be exact, when he strolled out of the office to take a look at the flood which turned the city and Eastern Townships on their ears and caused thousands and thousands of dollars damage.

Little did he know, when he started out through the afternoon drizzle, that he would find himself stuck on the highway with water plunging around him as he was driving through the flats near Leo Green's gas station on the Sherbrooke-Stanstead highway. And he never expected to be riding merrily along King and Lansdowne Streets in an outboard motor boat.

Thanks for the motor boat ride are due Reg. Bishop, the energetic meat vendor, who was only too glad to allow the reporter and his companion, Gene Codere, barber and man-about-town, to accompany him on a dash through the muddy water. Purpose of the trip was to change the motor from one rowboat to another, and to do that Reg. had to travel from the C.N.R. tracks on King Street around into Lansdowne Street and up to the entrance to the Hovey plant, where Philip Hovey assisted in the transfer of the engine.

The water on Lansdowne Street must have been five or six feet deep, and it was racing down the street at terrific speed, making it hard for the boat to make any progress. Evidence of damage was at every hand, with the Hovey plant, the Market, the No. 3 Police Station, the J. S. Mitchell Company warehouses, the International Harvester Company, the Sherbrooke Pneumatic Tool Co. and the Hall Machinery building appearing to be floating in water up to the tops of the doors. In one place the roof of a car just stuck out of the water, and nearby a truck was submerged.

Older residents of Sherbrooke said it was the first time, to their knowledge, that a motor boat had ever travelled through the streets under its own power. The two passengers enjoyed the trip, except for a few nervous moments on the turns.

After leaving the motor boat, your scribe then joined forces with a group of friends (five ladies and a baby), and, they being quite willing, offered to drive them out (in their car, of course), to see the flood out-of-town. Off we headed down Wellington Street, only to have to turn around when it was discovered that the street was blocked opposite the Webster plant. Travelling up Aberdeen and along Laurier, we descended Galt Street and again found Wellington Street roped off under the trestle.

At the end of the highway, and, travelling past Lennoxville, gazed out on the lake of water that covered the field and road, railway tracks and all, for a two-mile stretch between the bridge near Lennoxville and the Green station.

As the four hundred rode into fire and smoke, so we rode into the water, and all went well until, about half-way through, the car spluttered and then lay down on the job, figuring it wasn't worth while getting wet for nothing. There was a problem, with the water rushing past and the car out of control.

Finally another car came along and pushed the ailing vehicle to the high and dry land past the gas station. Then came the problem of getting back, but that was solved when the driver of H. C. Wilson and Sons truck agreed to come to the rescue. Behind the truck was another car, with our machine bringing up the rear, attached by a rope. All was well, but it was some fun while it lasted.

This flood yarn was told the reporter by Postmaster C. E. Soles, and is as true as the day is long.

Tom Dorman, a six-foot mail carrier, came pedalling from his home in the St. Elie d'Orford Region early yesterday morning. When he reached Key Brook he found it transformed into a rushing river, and knew he couldn't pedal through on his bicycle.

So, he stripped, put his clothes in his mail bag and held them over his head with one hand. Grasping the bike with the other he strode bravely through the torrent, the water rushing past within uncomfortable close range of his chin and threatening at any moment to sweep him off his feet.

"Why did you do it, Tom?" Mr. Soles asked.

"It was pay day," declared Tom, with a grin.

And here's the amusing story of how Armand Filion, Government annuity expert, made out on his return from a fishing trip to Scottstown.

Armand left Scottstown by train at six o'clock this morning. Arriving at Bury, he found that the train was unable to go any farther, and he waited around there for eight hours. At length, around two o'clock, he got a lift, and arrived in Sherbrooke around three o'clock.

A few minutes later he was seen riding across the watery stretch between the Lansdowne Bridge and the C.N.R. tracks on King Street in a horse-drawn cart. Some come-down for a Government man, and look at the time lost in annuity selling.

Odds and ends: The hundreds of spectators thronging King Street last yesterday afternoon almost believed they were at the sea shore when a big army truck ploughed through the water and sent waves splashing around them. The really had to run backwards in a hurry when the big hook and ladder truck of the Fire Department chugged across from East Sherbrooke—Some scrawball who seemed as wet inside as he was on the outside went weaving across the King Street pond in his best suit of clothes. He pulled his trousers up around his knees and ventured forth. Soon the water was well above his stomach. Great amusement was provided the crowd as he tumbled and fell, but he managed to make the Lansdowne bridge without capsizing.

Pete Couture's shack below the J. S. Mitchell coal shed on Big Forks Street standing on one end and just waiting for a big wave to wash it away—the work of mercy carried on through the flood. Brought by ambulance to the edge of the pond, a patient hospital-bound was placed on a stretcher, taken across in a horse-drawn wagon and then transferred to another ambulance for the trip to hospital. Many were heard to voice regret that the approaches to the Q.L.C. were buried far under, but one thoughtful individual said, "Oh, well, we can get it at the other one if we get up enough energy to climb King Hill."

Additional Plans For July 1st Celebration Are Discussed

A discussion of additional plans for the all-day Dominion Day celebration, which will be held in Sherbrooke on July 1, took place at a general meeting of the various committees held in City Hall last night.

A report of the Decorating Committee, prepared by Mrs. L. Codere and Mrs. W. E. Loomis, was tabled by J. W. McKee and Alphonse Dion, Joint Chairmen of the celebration. It was announced that the decoration of downtown streets, including King and Wellington Street, will be started next week by members of the Sherbrooke I.O.D.E. However, Miss Florence Mullins and Mrs. R. C. Winslade, representing the Catholic Women's League at the meeting, were named to the Decorating Committee, and members of this organization also will assist in trimming the major thoroughfares in downtown Sherbrooke with patriotic colors for the occasion.

The Sports Committee, on which W. H. Wolter, Eugene Lalonde and Lucien Robichaud are serving, announced that races will be held in the afternoon at the ball ground in connection with the sports programme. Prizes will be awarded children who will be declared winners of special games that are being planned for their pleasure.

The Dominion Day demonstration will start with a parade in the morning, a sports rally in the afternoon and a band concert and display of fireworks scheduled for the evening.

Members of other Committees at the meeting were: Parade Committee, Lt.-Col. Aime Biron and Leonard O'Donnell, and Band Committee, R. Havard, Irene Langevin and Eugene Lalonde.

Clubs and societies which have not been contacted by the Parade Committee to participate in the demonstration are asked to send representatives to the next meeting.

The next meeting has been called for Thursday evening at eight o'clock in the City Hall.

FIRST FIRE CALL IN SEVEN DAYS

The municipal fire department responded to the first fire call received in seven days yesterday when firemen put out a stovepipe blaze at the residence of Willie Poulin, 30 Hall Avenue. There was no damage.

NEW COMMITTEE IS FORMED BY COMMERCE BODY

Charles deL. Mignault Chairman of Legislation Committee, Formation of Which Was Announced Today.

Announcement of the formation of the Sherbrooke Chamber of Commerce Legislation Committee, of which Charles deL. Mignault is Chairman, was announced today by President L. W. Dixon through Albeir Julien, Secretary.

Five members were named to the Committee by Mr. Mignault, who is the Chamber's legal advisor. C. Guy Bishop is the Vice-President and the four others are: E. E. Goodenough, Geleon Nadeau, A. E. Willis and Lucien Hebert. Mr. Hebert is in charge of the local office of the Wartime Prices and Trade Board.

LISTER TROPHY IS PRESENTED AT LENNOXVILLE

The annual Lister Trophy inspection of Boy Scouts of Sherbrooke and Lennoxville took place in the Lennoxville High School Sunday. The Lister Trophy was given in memory of Mr. Lister, who was a leading figure in Scouting some years ago.

The trophy is awarded each year to the Scout troop who in the opinion of the judges rates the most points for general efficiency during the inspections, usually two each year. The Lister Trophy will be more significant to those people of Lennoxville who will recall that Mr. Lister passed away at Lennoxville some years ago after attending Scouting activities in Sherbrooke.

The officials attending were J. W. Blake, District Cubmaster; C. G. Blake, President of the local Association; E. T. Harbert, District Scoutmaster; Herman Conley and Jack Wright acted as judges.

At the close of the inspection a charter was presented by C. G. Blake to E. G. Prinn, Chairman of the Lennoxville Group Committee. This charter is granted to the Community of Lennoxville, permitting it to conduct the first Lennoxville Scout group.

On behalf of the Lennoxville Scout Group Committee and the Cubs and Scouts, Mr. Prinn thanked Mr. Blake for the charter and also for his and the local Association's kind co-operation in the past years of Scouting.

After the ceremony of the presentation of the Charter, the Scouts, about seventy-five in number, rode to the Lennoxville United Church, where they attended the morning service, which was conducted by Rev. Norman McLeod. His message will long be remembered by all those attending.

The sermon dealt with the life of Daniel, and Mr. McLeod talked

Routine Matters Disposed Of In Record Brief Session Of Council

Apparently anxious to get fullest advantage of the summer recess, or perhaps desirous of watching the antics of the flood-swollen St. Francis River, the Sherbrooke City Fathers last evening rushed through a skeleton routine of business in one of the briefest sessions of months. At the conclusion of the business, the Council adopted a motion adjourning until the first Tuesday in September, deciding without debate that the affairs of the Corporation could be carried on at committee meetings and special afternoon sessions.

Ald. R. W. Reid was elected Mayor for the next three-month period succeeding Ald. J. A. Savard, whose term expires July 1.

Aside from the reading and adoption of committee reports which called for the expenditure of \$4,975 for the laying of gas, water and sewer mains on Cummings and St. Joseph Streets in newly-annexed Collinsville and \$600 for road leveling in other parts of Ascot Township annexed to the city, two petitions were tabled. One was from residents of Wellington Street South protesting at the smoke nuisance which they charge was created by the Carnation Milk Company. On motion of Ald. Fiset, seconded by Ald. Bryant, this was referred to Building Inspector J. O. Charlier for study and report. The other was from East Ward residents urging that the proposed changes in the Sherbrooke City Transit service in that ward be refused by the Council. This was referred to the Police Committee who are investigating the proposals.

The appointment of Inspector Donahue as Director of Police, proposed at a recent meeting of the Council of the Whole, was formally approved.

Following up a suggestion at a recent session, the purchase of twelve refuse cans to be located at principal street intersections was approved as part of the general clean-up campaign.

The automatic traffic signals, now on trial at the corner of King West and Big Forks Streets will be installed at the corner of Aberdeen and Wellington South.

Groundwork Laid For Recruiting Campaign For Reserve Army Units

First gun was fired last night in a campaign to bring Sherbrooke's Reserve Army garrison up to strength within the next week or ten days. Officers of the three local Reserve units and a large number of business and professional men met in the Officers' Mess of Les Fusiliers de Sherbrooke in the Belvidere Street Armory to lay the groundwork for the drive.

Albert A. Munster, President of the Rotary Club, and Dalma Landry, K.C., President-elect of the Lions Club, were named Joint Chairmen of a Civilian Recruiting Committee whose task it will be to secure 1,800 recruits for the Reserve Army in this city.

Eight hundred men are wanted both by the Sherbrooke Regiment and by the 2nd Battalion, Les Fusiliers de Sherbrooke, while two hundred men are required to bring the 5th Battalion, Royal Canadian Artillery, up to strength, and the assistance and co-operation of local manufacturers is to be sought in order

directly to the Scouts, very appropriately bringing in the different parts of the Scout Law to emphasize how Boy Scouts could model their lives along the lives of a Daniel.

General Notes

During the week-end Mrs. W. H. Hartley entertained a number of her friends from Lennoxville and Sherbrooke at her home on Main Street at a delicious salad tea, and a pleasant social hour was enjoyed. All were pleased to find Mrs. Hartley so much improved in health after her recent illness.

Miss Wilma O. Wallace, Main Street, accompanied Miss Lillian Claux, of Sherbrooke, to Renfrew, Ont., on Saturday, where they will spend this week.

Among others attending the meeting were: Major Alphonse Genest, Officer Commanding the 2nd Battalion, Les Fusiliers de Sherbrooke, Major L. W. Greenland, Officer Commanding the 5th Battalion, Joseph H. Codere, Philippe Juneau, President of the Lions Club, J. A. Rouleau, President of the Social Club, Henry Downs, Jr., representing the Sherbrooke Branch of the Canadian Manufacturers' Association, Major F. J. Sangster, Second in Command of the Sherbrooke Regiment, and Brigade Major Charles deL. Mignault.

TRANSPORTATION AND THE BATTLEFRONTS

Although perhaps appearing on the surface as a negative victory, the vital news of the hour is the continued ability of the Russian lines to hold staunchly against the continued German attacks. There can be no doubt that Hitler is straining every nerve to get his heavily delayed offensive underway, but it will not roll until he can rip loose a portion of that magnificent Red line somewhere.

Particularly violent fighting continued in the two greatest battles—one on the Karkov front in the Ukraine and the other before the long-besieged Soviet naval base of Sevastopol on the Crimea in the Black Sea. These closely-related operations represent a Nazi effort to crack the gateway into the Caucasus, thereby creating a funnel through which the Nazi chief could pour his waiting legions.

Here the Germans, employing the tactics which they made so well known in the First Great War, have been trying to breach the Red defences by weight of numbers. It is a method of attack which frequently succeeds—if you don't care how many lives you sacrifice. However, Marshal Timoshenko's forces at latest reports were standing off these terrific massed attacks and inflicting heavy losses on the enemy. That the defenders also were suffering many casualties seemed a foregone conclusion.

Further evidence that the Fuehrer is trying to get his "spring" offensive going is seen in the boiling up of fierce local attacks throughout the length of the attenuated Russo-German line. One of the most important of these assaults continues against the Arctic port of Murmansk, the rail-head through which vital military supplies are being poured into Russia. The Nazi object, of course, is to cut this lifeline.

Watch Murmansk, if you would keep well informed on the progress of the war, since preservation of this route is essential, and its loss would be a real catastrophe. Do not forget that this is a war of resources, in which production and transportation must be maintained at top pitch.

Production won't win the war unless transportation gets the material to the soldiers on the front. So Murmansk, in some degree like the Burma Road, is one of the Allied key positions right now.

The importance of transportation is clearly seen in the nature of the belligerent activities. Hitler is combing Atlantic and Arctic waters with his submarines and raiders. The Japs waged a major campaign to sever China's Burma road life-line. And now the Nipponese are making violent efforts to conquer Southeastern China, and the immediate purpose of this drive is to secure the railways which will permit Japan to send supplies overland much of the way to French Indo-China.

The point is that at present the Japs are dependent on their long sea-lanes to reach their new conquests, and their loss of shipping and protective naval vessels daily makes their supply problem more serious.

A WARNING—AND AN APPEAL

Once again Canadians have been warned that the transportation system of the Dominion, especially in regard to the movement of passengers, has become critical and will inevitably become more so within the next few weeks due to the shortage of rubber and gasoline and the increased demands for the transportation of workers in the war industries. Supplies Controller Alan H. Williamson and Transit Controller George S. Gray in frank statements yesterday indicated that within a short period non-essential travel of all sorts will suffer even greater curtailment and that "all our ideas of essential travel may be outmoded."

There was no ifs or buts in their statements. There was no beating about the bush. New rubber is unobtainable and synthetic rubber plants when they come into operation some months hence will barely meet the demands of the military machine. Furthermore, every month sees more and more railway cars reaching the obsolescence points with little or no vital materials available for their reconditioning.

Thus each and every Canadian must heed these warnings, which are also an appeal for a drastic reduction in non-essential mileage and a revision of the ideas as to what is essential mileage. These two men emphasize that the gasoline and rubber position have reached the point where they can materially endanger the war effort, as the supply and supply routes of these commodities are either in enemy

hands or menaced by enemy raiding activities, while the demand is ever on the increase.

Thus the Canadian motorists are called upon to drastically cut down their mileage, and each individual must look after his own sacrifices. It is not sufficient that he wait for his friend or neighbor to act. He must be the judge of his own conscience.

THE DRAFT SYSTEM CHANGES

Call-up of men by lot for compulsory military training will start next month without fuss or show, according to the Department of National War Services which states that there will be no public drawing of names from a hat or beans from a jar as the call-up switches from the selective system in effect so far to the lottery system.

The lottery will work on a divisional basis. The Registrar of each War Services Division will form a pool of the men in the age classes liable to compulsory service in his division and draw the names of the number required each month from the pool.

The selection of the men to be called in any given month will thus change to a basis of chance. Up to now they have been selected with a view to distributing the call-up equally through all localities in a particular division.

One of the results of the change may be that four or five young men will be called up in one month from one village while in another village nearby none may be called although there are an equal number in the callable class.

Working on the selective basis as in the past the Registrar would pick his men so that about the same number would be called from each of the two villages but the law of chance may not work out that way.

Announcement was made recently that the lottery system would apply to the August call-up. The process of selecting and notifying the men required for the July call-up now is underway and the men are to report on successive days starting July 16.

Arrangements for the August call-up will be made in July and late in that month, it is expected, the Divisional Registrars will have their pools formed and start picking the names.

The change from the selective to the lottery system of picking the men is due to come into effect as larger numbers of men are being called up for the army. The July call-up is 15,000 men and as a new system of inducting them into the army with a view to making possible the handling of larger numbers now is in effect it is expected that the monthly call-ups for some time to come will run 15,000 or more.

THE SWIMMING DANGER

The early approach of the school holidays again increases the attractions of the old swimming hole with its healthful exercise and pleasures. But unfortunately this sport is accompanied by its dangers and annually the newspapers carry story after story of lives lost in the rivers and lakes of this and other provinces, mostly young boys who are unable to swim, or are only at the novice stage, and who do not realize the hazards they run when venturing beyond their depth.

There is not much wisdom in parents who simply forbid their boys or girls to go swimming, or who scold them fiercely if they have been found going. Often that conduct only drives a youth to secretly defy orders, for that seems to be a part of human nature. Far better that a father or mother should sit down and talk with the lad or girl, though boys are the ones who most seek adventure in this respect, talk and explain what it means to take a lot of unnecessary chances. More can be accomplished in most cases by reasoning with a youth and encouraging the use of the mind than by any other course.

The young generally are impulsive and curious to try everything. It is a trait which belongs to the growth of a spirited, wide-awake child, or adolescent, and if parents would help their offspring to learn the art of swimming under some adult instructor, such as the Y.M.C.A.'s and many of the Y.W.C.A.'s provide, and too, some private aquatic associations and pools, the death rate from drownings would be reduced remarkably.

Not a few persons are subject to cramps if they go into the water, particularly if it is rather cold. They are well advised to stay out altogether unless there is a good swimmer near who understands something about life saving methods.

Then, too, every young person should keep in mind that there are deep, unknown spots in the floor of a river or lake, and that eddies and a strong undertow are likely to take the novice unawares and engulf him or her beyond recovery. Furthermore, no one should ever go in swimming for an hour or so after eating a meal, and diving should not be done in places where the depth of the water is unknown.

If a few simple rules were even crudely written out by parents and put up in the house so that their children would see them every day, safety ideas would take root in the subconscious mind and always warn the intending swimmer of possible dangers.

A reasonable amount of watchfulness and advice—not peremptory orders in a harsh voice—may save your son or daughter this summer from leaving you forever. Why not try this method of preventing unredeemable sadness?

FROM THE RECORD FILES

The much-discussed sprinkler by-law, providing for a charge varying from \$10 to \$200 yearly for private factory sprinkler connections, is due for third reading by the City Council with every appearance that there will be a bitter battle to prevent its passage on the grounds it hampers fire-prevention work.

Rev. Mr. McMillan, late of Dalhousie Mills, Ont., was inducted as minister of the Richmond and Upper Melbourn Presbyterian Churches, Rev. R. Nicholson, of Sherbrooke, conducting the induction ceremonies.

The committee in charge of the financial campaign for Bishop's College School report their drive meeting with great success, over \$60,000 of the \$100,000 objective being already obtained.

At their coming meeting in Lake Megantic, the members of the Eastern Townships Associated Boards of Trade will endeavor to have the Federal Government allot a fair share of its publicity funds to advancing the cause of the Eastern Townships.

Class leaders in the final examinations at the Scotstown Model School were Jean Watson, Mildred Gillies, Beatrice Jamieson, Doris Dickson, Norman Mackenzie and Murdo Graham.

EVERY MAN IS ENTITLED TO HIS OWN IDEAS

To the Editor of the Record. Dear Sir:—In reference to your editorial of the 13th inst., and other writings by you on this page before, I beg leave to say that I have read all I care to along your line. It might go down with some of the younger generation or some weak-minded people. But not with me after the experience I have had. Therefore, do not mail me another copy of your paper. I am seventy years old, I raised eight children, one son killed in the last war, and have one son Overseas in the service and one in training here in this grand Canada of ours. So you see I know what kind of government the Conservatives did give us and would if they had the reins today.

You suggest Premier King stepping down, which good-thinking people would feel very sad to see, and I feel sure he will not unless his health fails him. He is the right man in that place and I think God will give him strength to see this war over.

I have not forgotten how Sir Wilfrid Laurier went down, grief-stricken, because the boedlers united against him. Had he been allowed to carry on through the last war I do not think we would have this one to fight now, as we would have got a different settlement. Everything moves in a way that shows what great influence Premier King has in other countries, as well as in our Dominion and Great Britain, and it was the same with Sir Wilfrid Laurier.

I advise you to be to cut out this selfish, dominating spirit and try to live friendly with all classes. And when you feel that you can do that I will continue to subscribe to your paper. I feel that it is high time that good-thinking citizens made themselves heard and stamp out these bluffers.

Respectfully yours, R. G. CROWELL, Sutton, Que.

"THE TRUTH SHALL SET YOU FREE"

If we hold fast God's precepts in our hearts, Freedom, God's gift to man, we shall not lose. Freedom to think, and to work out our thoughts in words and acts that breathe democracy, Freedom to choose and carve out our careers, Freedom of science to explore the earth, To sound the mysteries of the universe, Freedom to follow in the steps of Him, Who taught the radiant Truth that sets men free.

If we hold not God's precepts in our hearts, Freedom, God's gift to man, may disappear.

McKENNEY ON BRIDGE

By Wm. E. McKenney, America's Card Authority.

TECHNIQUE SHOWN IN NO TRUMP HAND

The American Contract Bridge League recently conducted the Eastern States mixed team-of-four championship for the benefit of its ward in Memorial Hospital, New York, for the treatment of tumor and cancer in children. Fifteen of the 30 Life Masters in the country took part, and the championship went to the Philadelphia team consisting of Mrs. R. C. Young, Charles H. Goren, Mrs. Benjamin M. Golder and Charles J. Solomon.

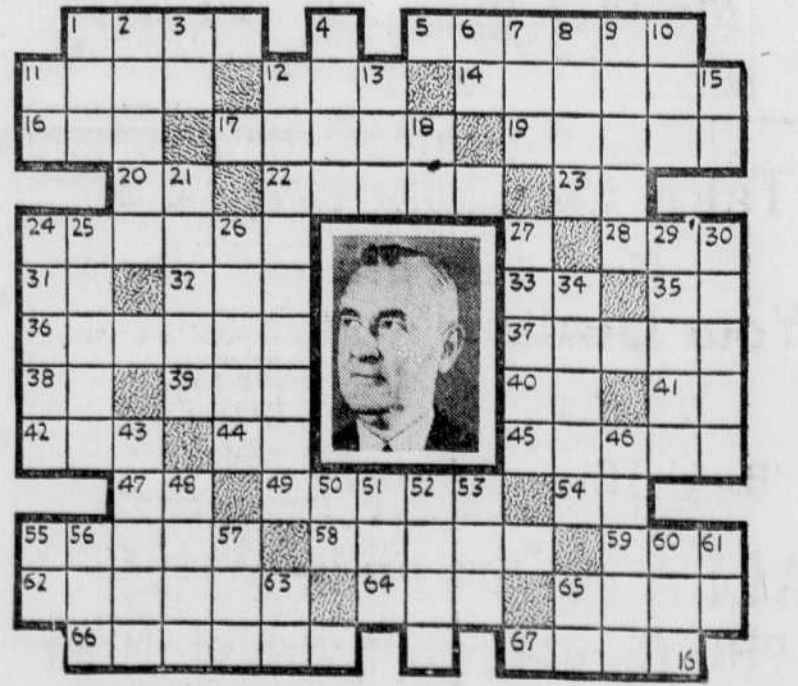

Mrs. Young demonstrated her skill in the hand shown today. On the opening lead dummy played the jack of spades, but East played low and the king fell. Mrs. Young, sitting South, led a low heart and the ten forced the ace. A spade return took Mrs. Young's last stopper. A second heart lead was won by the Jack and then the king was cashed. When the suit failed to split, Mrs. Young led the fourth heart anyhow as the only chance was to find West with the club king and no more spades.

West exited with a diamond, the world's two largest livestock market won and the declarer cashed kets.

Ugly Posture Corrected With Simple Exercises

### Many Unaware of Their Posture

She doesn't guess how she looks! She'd be so surprised to learn that as long as her head pokes forward and her buttocks stick out, her darling suit is all in vain. Only posture exercises will make her look smart.

So often you don't know what your posture is really like. Or you think you correct yours by holding your shoulders back—when you remember to!

Actually, posture starts at your middle section. Slack muscles there soon have you slumping. But exercise those muscles and what a difference! They hold you youthfully, beautifully erect without a bit of conscious effort from you.

Try this exercise to firm "middle" muscles. 1—Sitting, place hand behind hips. 2—Stretch body upward as far as you can without taking weight from seat. Back straight, chest out, abdomen in, head back. 3—Slump forward with rounded back. Repeat 5 to 7 times.

Right exercises correct other figure faults, too. In our 32-page booklet are exercises to slim waist-line, hips and legs; to stiffen arms, shoulders and bust; to correct posture, painful feet.

Send 15c in coins for your copy of "Best Exercises For Health and Beauty" to Daily Record, Home Service, Sherbrooke, Quebec. Be sure to write plainly your name, address and the name of booklet.

## MARRIAGES

### DUSTIN—WING

Beebe, June 16.—The marriage of Miss Thelma Lillian Wing, of Beebe, and Mr. William Barrington Dustin, of Ayer's Cliff, was solemnized at the Parsonage of Stanstead South Church, Rock Island, on June 6th. The ceremony being conducted by the pastor, Rev. H. A. Carson.

Miss Ruth Wing, of Rock Island, acted as bridesmaid and Ira M. Bullock, of Rock Island, was the best man.

Others present were Mr. and Mrs. Clayton Wing, parents of the bride; Mr. and Mrs. William C. Dustin, parents of the bridegroom; Mrs. Alton Wing, Miss Sheldon, Mrs. H. A. Carson, Mr. and Mrs. Lawrence G. Dewey and Mr. William Smith.

### HORNETT—MCKELVEY

Cherry River, June 16.—The marriage of Alhania Roselyn, daughter of Mr. and Mrs. Edward J. McKelvey, Cherry River, to Mr. C. Desmond Hornett, son of Mr. and Mrs. Charles Hornett, Sherbrooke, was solemnized in St. Luke's Church, Magog, at two o'clock on Saturday afternoon, June 6, the Rev. Mr. Arthur Turk officiating.

Spring flowers were used to decorate the church, the guest pews being marked with baby's breath and white ribbon.

Mrs. David Cross, cousin of the groom, presided at the organ, playing the bridal music.

The bride was given in marriage by her father and wore a floor-length gown of white net having a fitted lace bodice.

Her full-length veil of white net fell to her ankles, and she carried a shower bouquet of yellow roses, lilies-of-the-valley, and maiden hair fern with streamers of forget-me-nots.

The bridesmaid, Miss Doris McKelvey, of Montreal, was dressed in white, and her only attendant, wearing a dress similar to the bride's in blue with an elbow length veil.

She carried an arm bouquet of pink sweet peas.

Mr. Earl Hornett, of Cherry River, acted as best man for his brother, and the ushers were Mr. Orrin Knowlton and Mr. Charles Beane.

The largely attended reception was held at the home of the bride's parents, the bride's table being centered with a four tier wedding cake and adorned with pink and white carnations.

After the reception the bride and groom left for a honeymoon trip, the bride travelling in a beige suit with navy accessories.

The out-of-town guests included Mr. and Mrs. Charles Hornett, Miss Winona Hornett, Miss Ruth Beane, Miss Thelma Leonard, all of Sherbrooke, Que., Mr. and Mrs. Francis Pope, the Misses Kathryn and Marjorie Pope, Richmond, Que., Mrs. Aubrey Greer, Master Wendall Greer, North Hatley, Que., Mr. Eric Sullivan, Mr. Glennis Sullivan, Vale, Perkins, Que., Mr. and Mrs. John Sullivan, Miss Vena Sullivan, Magog, Que.

### JENKINS—CUMMINGS

Ulverton, June 16.—One of the prettiest weddings of the season took place in the Ulverton Church on Saturday afternoon, June 6, when Myrtle Gladys Cummings, daughter of Mr. and Mrs. Fred A. Cummings, of Ulverton, became the bride of Bernard Arthur Jenkins, elder son of Mr. and Mrs. Frank A. Jenkins, of Lachute.

W. W. Seaton, B. Th., officiated at the single ring service. Miss Audrey Heather, of Montreal, presided at the organ and during the signing of the register Mrs. Seaton, of Ulverton, sang "I Love You Truly."

The church had been tastefully decorated, the scheme including an arch of bridal wreath and lilies, interspersed with yellow iris, while in the background huge bouquets of mixed flowers and fern completed a perfect setting for the very impressive ceremony which followed. The guests' pews were marked with bouquets of pansies tied with white satin ribbons.

The bride, who was given in marriage by her father, wore a stunning white sheer gown with a dainty lace collar and a sweetheart neckline. Her bouquet was of Talisman roses and her only jewellery was a gold heirloom locket, gift of the groom.

Miss Delia Cleland, maid of honor, was attired in sheer turquoise with a halo of flowers and a matching veil, and Miss Florence Jenkins, sister of the groom, acting as bridesmaid, wore a similar outfit of pink. Both attendants carried bouquets of sweet peas.

The bride's mother, Mrs. Cummings, wore a becoming gown of wine crepe with matching accessories and a corsage of better time roses. The groom's mother, Mrs. Jenkins, was gowned in an attractive navy blue sheer, redingote style, with navy accessories and wore a corsage of better-time roses.

L.A.C. Stanley Langille, R.C.A.F., was best man for the groom, while Mr. Oscar Cummings, brother of the bride, and Mr. George Satchel were ushers.

A reception was held at the home of the bride's parents where a buffet lunch was served to forty guests. Immediately following the reception the happy couple left by motor for points in the Eastern Townships, the bride travelling in a pale blue tailored suit with brown and beige accessories. Upon their return Mr. and Mrs. Jenkins will take up residence in Lachute.

Out-of-town guests included Mr. and Mrs. Frank A. Jenkins and son, Ronald, of Lachute; Miss Florence Jenkins and Mrs. John Heather and daughters, Jean and Audrey, of Montreal; L.A.C. Stanley Langille, of Cap de Madeleine; Miss Delia Cleland, of Brownsburg; Miss Martha Cunningham, of Shawningan Falls; Miss Rosamond Madden, of Yarmouth, N.S.; Mr. and Mrs. George Satchel and son, of Toronto; Mrs. Stuart Ails and son, Wyman, of Gananoque, Ont.; Mrs. Eric Cum-

Later dainty refreshments were served, Mrs. James McKelvey, mother of the prospective groom, presiding at the lace-covered table which was attractively centered with pink and white garden flowers in a crystal bowl and lighted pink candles in crystal holders. Assisting were Miss Ruth McMillan and Miss Mary Corcoran. During the interim the guests of honor were presented with a beautiful wall mirror, a shower gift from the friends assembled in her honor. Miss Mary Corcoran making the presentation on their behalf.

Miss Elizabeth Horton, Principal of the Mitchell School, and her staff entertained at tea on Friday afternoon at the Sherbrooke Country Club in honor of Miss Mildred Lyster, who has enlisted in the Women's Division of the R.C.A.F., and the Misses G. Fraser, Olga Nussey and Patricia Glegg, who are leaving the staff. Miss Horton did the honors at the lovely tea table, which was charmingly done in the Air Force colors with blue and white flowers and lighted candles. On behalf of the Mitchell School staff, Miss Patricia Glegg presented a beautiful, initialed writing case of Air Force blue leather to Miss Lyster, and voiced in a gracious manner their best wishes for her success and their regret at the severance of the happy relations between the guest of honor and each member of the staff, all of whom would warmly welcome her return after her patriotic duties are finished.

With the president, Miss F. I. Drummond, presiding, the meeting opened with the Salute to the Flag, God Save the King and the Mary Stewart Collect.

In answer to an appeal from the British Children's War Service Fund \$8 was subscribed to assist in furnishing effective help to the evacuated and bombed out children of beleaguered Britain.

Mrs. J. W. Cille and Cross Conventer, submitted the following report: One boy's kit, consisting of one coat and beret, two pairs pants, two sweaters, one pair mittens, two pairs of stockings, two pairs pyjamas; two tuck-ins, one helmet, one sleeveless army sweater; one pair gloves; one girl's kit consisting of one coat and beret, two pantie-dresses, one sweater, two pairs stockings, one pair mittens, one dressing gown, two pairs pyjamas, two pairs caps; donations: One quilt and one woollen afghan.

Mrs. P. Tact., Convener of Child Welfare, and Patricia Heath, then introduced the guest speaker of the afternoon, Miss Bouchard, V.O.N., who spoke on "The Prevention of Communicable Disease."

Miss Drummond thanked Miss Bouchard for the very interesting address.

The roll call, "Remedies My Grandmother Used," was very well replied to.

A special feature of the afternoon was an attractive birthday cake made by Mrs. G. Wells in honor of Mrs. Dobb.

Following adjournment refreshments were served by the hostesses to about twenty members and six guests.

## BADE FAREWELL TO CHURCHMAN AT FITCH BAY

Rev. H. G. Rice Honored by Congregation at Home of Mrs. Nettie Wyman and Miss Clara Wyman.

Fitch Bay, June 16.—The home of Mrs. Nettie Wyman and Miss Clara Wyman was the scene of a most enjoyable event in honor of Rev. H. G. Rice. Mr. Rice had been told that the Young People's Union was meeting with Miss Wyman.

On arrival, he was surprised to find the older members of his congregation assembled for a farewell visit with him, before he left for his new work.

Besides the expected members of the Young People's Union, and friends from Fitch Bay, there were representatives from Georgeville, Tomfobia, Ayer's Cliff and Rock Island.

Mr. and Mrs. F. A. Johnson, of Ayer's Cliff, added much to the enjoyment of the occasion. Mr. Johnson gave selections of instrumental music and Mrs. Johnson delighted all with one of her humorous recitations.

A gift of money was presented to Mr. Rice by Mr. B. W. Brown, who remarked that Mr. Rice had served this charge for nine and one-half years. The presence of such a large number of friends gathered to do him honor, was tribute to his faithful work on this charge.

Rev. Mr. Rice expressed his sincere thanks. He said that it was hard to leave friends of so many years, and he appreciated the gift and the honor paid him. He thanked Mrs. Wyman and Miss Wyman for the hospitality of their lovely home.

Mrs. Wyman, although advanced in years, is always most hospitable. She greeted all the guests and enjoyed seeing many old friends.

Refreshments were then served. Community singing was led by Mrs. Carson, Mrs. E. A. Scott and Mr. and Mrs. Johnson. In conclusion "Blest Be The Tie That Binds" and "God Save the King" were sung. The young people then gathered about Mr. Rice and most enthusiastically sang, "For He's a Jolly Good Fellow."

## Rock Island and Derby Line

A number of friends from Derby Line attended the all-day meeting of the Rural Homecraft Club held at the home of Mrs. Roy Ames in Derby, Vt., on Friday, June 5. This was a very successful and delightful meeting. A very delicious dinner was served at 12:30 o'clock, consisting of hot dishes, salads, pickles, jelly, homemade bread, strawberry short-cake and tea, thirty-two adults and seven children partaking of same. The business session was opened by repeating the Lord's Prayer in unison. The roll call was answered by giving substitutes for sugar. The reports of the Secretary and Treasurer were read and approved. It was voted to take out a membership in the Orleans County Farm Bureau. A very informative talk was given by Miss Whitney on "Food Preservation and Storage Methods," and leaflets on this subject were distributed. Miss Whitney also announced that a canning clinic would be held in the Derby Town House, which will be open to the public and all interested are urged to attend. Several members read articles on styles and events of fifty years ago. Hostesses on this occasion were Mrs. Roy Ames, Mrs. Frank Rice, Mrs. Stanley Rice and Mrs. Richard Elam. The next meeting will be held at the home of Mrs. Archie Rexford on July 8.

Mrs. Darrel Cummings, of the Butterfield office staff, spent a week-end at his home in Ulverton. Mrs. Rolland Kelley, of Derby Line, attended the graduation exercises of her brother at Lyndon Normal, at Lyndonville, Vt., on June 9. Mr. and Mrs. Albert Blais and children, of Rock Island, were week-end guests of relatives in Sherbrooke.

The Derby, Vt., Graded School baseball team outplayed and out-pitched the Derby Line Graded School 20-0 in a game played recently. Parker, pitching for Derby Line, couldn't seem to get going and allowed about eight hits. S. Robbins, Derby pitcher, allowed one hit. This is the first game Derby has taken from Derby Line this season.

Mrs. Sadie Converse, of Rock Island, spent a week-end with her brother-in-law and sister, Mr. and Mrs. G. E. Moir, in Graniteville.

One guarantor of the Community Chautauqua, which was held every summer here, suggests that the balance of over four hundred dollars in the bank at present with accrued interest for twelve years, be donated to the Haskell Free Library, which is in need of funds for its upkeep. As this library is a great asset to the Three Villages, this would be a splendid use for the money.

An inspection of the local Mobile Force took place June 5 by Mr. W.

E. Durton, second in command of the Mobile Force for the Province of Quebec. Sixty-five troopers of the local force paraded at 8 p.m. under the command of R. J. Meekren, commandant of the Border group A.M.C. Mr. Durton complimented the group for its fine showing and later spoke to the group assembled in the Town Hall in Beebe on the present activities of the group and plans for the future.

Miss Madeline Russell, who has been teaching in the Derby Line Graded School, is spending the summer vacation at her home in Barton, Vt.

Miss Betty Hanson, daughter of Mr. and Mrs. R. D. Hanson, of Meredith, N.H., and granddaughter of the late Mr. and Mrs. F. S. Laythe, Derby Line, is a graduate this June from the High School in Meredith, N.H.

Mrs. Florence Whittaker and Mr. J. F. Isherwood, of South Bolton, were visitors in Rock Island.

James Patrick Robertson, the six-year-old son of Mrs. Wilbert Robertson, Rock Island, had a close call one morning recently when he was hit by Rosaire Bouffard's meat cart on Center Street, near the post office square, but the boy lay so flat on the ground that the cart passed over his body without inflicting any serious injury, only bruising it. He and a little friend were crossing the street to go to Derby Line and Mr. Bouffard did his best to avoid them. James was taken to the St. Vincent de Paul Hospital in Sherbrooke at once, but made a good recovery and has returned to his home. Mrs. Robertson is a sister of Mrs. A. J. Monty, Rock Island.

Mrs. Charles E. Nelson, Mrs. Sidney R. Flanders and Miss Florence Flanders, who motored to Braintree, Mass., to attend the wedding of Charles R. Flanders to Miss Phyllis Young on Friday, June 5, have returned to their home in Derby Line. Miss Flanders was a bridesmaid and Mr. Kuesten Lamb, of Montreal, was the best man.

The W.M.S. of Stanstead South Church, Rock Island, met at the parsonage on Monday evening with Mrs. Carson. Articles for the Home Mission were brought to this meeting.

Several ladies from Derby Line enjoyed an all-day outing at the camp of Mr. and Mrs. Rush Harris, in Morgan, last week. A delicious pot-luck dinner was enjoyed at noon, after which boating, cards, knitting and sewing were on the programme for the afternoon, the beautiful scenery and lovely weather adding to the day's pleasure. After a delicious supper, conversation and boating brought the outing to a close. Mrs. F. L. Washington was the guest

FROM THE PEN OF E. T. WRITERS

WHEN TWILIGHT SHADOWS FALL Out from the hush of twilight Sweet memories are winging their flight. Painting a picture so vivid Of a couple as life's vows they plight. Fair was the scene, unforgetful,— Young airman and sweet blushing bride. Attendants, the fragrance of flowers, The call of Love's dream undenied. One year has passed by, and war called him To serve in the thick of the fight; Best wishes of friends still surround him As they did on that lovely June night. But, today in a hospital cot, He is lying, and wishing in vain For a glimpse of his near and his dear ones, And the clasp of his bride's hand again. God grant him a speedy recovery And when this world war has been won, Safe return to the land of the Maple, Sure reunion with wife and we son. —E. Mabel McLaren. Fitch Bay, Que.

comb, William Whitcomb, Warren Place, Carl Covey and A. A. Bachelor were present. A vote of thanks was extended to Raymond Fregau, M.L.A., for his assistance in getting the special grant of \$500 to help carry on the 1942 prize list. The entries for the mixed grain contest, in conjunction with the raising of hogs is very encouraging. Over 150 entries have been received in connection with this grant. This will give the outside parts of the county a chance to compete in the Fair work. There are three lots of race horses training on the track this summer. Messrs. Chuteau, Campbell, and Howard are training their horses there. It is keeping the track in good order. The Fair Directors were interested to hear that the County Council is to repair and paint the County Building. The Stansstead County Fair will be again open to entries of live stock from Sherbrooke County and Compton Townships. The caretaker has a nice piece of grain that will be cut green for feed and the hay on the rest of the grounds is looking well, so there will be plenty of good feed for the stock at the Fair. General Notes. Rev. Malcolm C. Macdonald, Secretary of Home Mission, of Toronto, Ontario, and Rev. John MacKay, Superintendent of Home Missions, were guests of the Rev. M. H. and Mrs. Sanderson, at "The Parsonage." The military whist party held in Confederation Hall, on Friday evening was not as largely attended as usual owing to the extremely hot weather, which prevailed, but all report a delightful evening with Mrs. S. A. Jacobs, Miss Jacobs and Miss M. Nixon, as hostesses. The prizes were won by Mr. and Mrs. E. H. Chadsey and Miss L. Longmore and Miss V. Ricks. Refreshments concluded the evening and a short social time was enjoyed. Rev. Churchill Moore, who has spent the winter months in Easton, Tenn., with his son, Dr. Dale Moore, and Mrs. Moore, arrived at his home here on Friday. He accompanied his son and family as far as Ludlow, Vt., where they will spend the summer at their farm. Miss Dorothy Davenport, of St. Lambert was a guest over the weekend of her sister, Mrs. M. H. Sanderson and the Rev. Sanderson. Mrs. Hermon Burton and party, of Springfield, Vermont, are holidaying at Lake Edge Cabins, the home of Mr. and Mrs. F. J. Brown. Mrs. D. S. Kealey and the Misses Jane, Mary and Patsey, of Hoboken, N.J., have arrived at their summer home for the season. Mrs. Arnold M. Goode and son, Arnold, are leaving on Tuesday, for Gordonhead, B.C., where they will take up residence to be near C. S.M. Arnold Goode, whose training "Bon Voyage." LAC. Mr. and Mrs. Charles Best and Mrs. Carrie Guilds, of North Hatley, were guests of Mr. and Mrs. S. A. Jacobs and Miss A. Jacobs. Among the recent reports from McGill University examinations an item appeared, which will be of interest to many here and also in Stansstead, regarding Mr. Wayland Mosher, youngest son of Mr. and Mrs. Carl Mosher, of this place. Wayland has in connection with his work, been a musical student at McGill and led his class of approximately forty students, in Harmony. In the ear training class of fifteen students, he received the honor of obtaining one hundred per cent. All wish to sincerely congratulate him upon his success. It will also be of interest to know that he is now with the R.C.A.F. Band at Manning Depot, in Toronto, Ontario. Professor A. V. Richardson and Mrs. Richardson, of Lennoxville, are spending a holiday at the "Boothroyd Cottage," at Elmwood Park. Miss Pearl Taylor, of Beebe, is at the home of Mrs. D. L. Paul and Miss Flora Paul. The friends of Mrs. Paul will be sorry to learn that she has been ill but are glad to know that she is now improving. Mrs. F. H. Rider, who has spent the past three weeks at her home here, returned to Montreal, on Saturday. Dr. H. W. and Mrs. King, of Flushing, N.Y., arrived at their cottage, at Elmwood Park, for the season. Bdr. Arnold McVeay, of the Training Camp, at Petawawa, Ontario, spent the weekend here with Mrs. McVeay and two children, Jackie and Sue-Lane. Pte. Donald Hibbard, of the training centre at Longueuil, spent the weekend in town. Mrs. F. A. Johnston, Mrs. E. P. Lyon, Mrs. H. D. Paul, Mrs. H. G. Buck, Mrs. Fannie Goodrow, Mrs. Hugh I. NEAR DROWNING MISHAP OCCURS AT COATCOOK

Young Lad Fell into Bathing Pool and Was Revived Only After Considerable Effort. Coatcook, June 16.—A near drowning accident occurred at the popular bathing pool in the Coaticook River, South of the town, when a young lad became unconscious and was revived only after considerable effort by Dr. Gauthier. The Lions Club is sponsoring a move to ask the Council to see that a hut is built at the bathing spot and that a guard be installed there to prevent such accidents in future.

COUNTRY CLUB TEA The second tea of the season at the Coaticook Country Club was held on Friday, with a membership attendance of twenty-eight. The ladies entertaining were Mrs. Roy Stafford and Miss Amy Tomlin. After the six o'clock supper, an enjoyable social hour was spent. The hostesses next Friday will be Mrs. A. A. Hopkins and Mrs. Elizabeth Thilston. At the request of the President of the club, Rev. Roy Stafford, a drive for membership will be carried on during the next two weeks. The Coaticook Council has allowed a grant of twenty-five dollars to the Coaticook Country Club, to assist the club in defraying expenses.

SHOWER FOR BRIDE-TO-BE Miss Edith Elford entertained very delightfully for Miss Arline Finn on Saturday evening. In recognition of the fact that Miss Finn is to marry a military man, the decorations were carried out in red, white and blue, and the gifts of the miscellaneous shower were presented by Miss Beverly Mayhew, from a miniature army tent. Suffert lunch was served by Miss Elford, assisted by Miss Peirce. General Notes Messrs. James and Jack Turnbull, military instructors at Kingston, who were on a two weeks' furlough at their home in Coatcook, have returned to their duties. Mrs. Edna Grenier was a guest at the home of her sister, Miss Emma Goolley. Mrs. E. B. Dundin, of Lennoxville, was a guest of Miss O'Neill. CHEMISTRY HELPS TO WIN THE WAR

"The Water Supply Was Cut By The Enemy"

WATER—good drinking water—is all important to the fighting man. Its importance has been demonstrated over and over again in this and in other wars. Remember how soon Hong Kong capitulated after the Japs captured the water supply?

For assured supplies of safe drinking water, modern armies depend on mobile water tanks accompanied by trucks especially equipped to disinfect water by chlorine treatment—on the spot. In the plants of its Alkali Division, Canadian Industries Limited produces Chlorine for many purposes, important amongst which is its use to assure safe drinking water for the people of Canada and for their armies in the field.

Chlorine is another of C-I-L's products of Industrial Chemistry which are aiding Canada's war effort.

# News Budget From Waterloo

Waterloo, June 16.—In a brief report of the recent donations towards quilts given the local Red Cross branch the following were listed: Mrs. Comeau, Mrs. F. R. Dalton, Mrs. W. A. Parkes, Miss Hanna, the Upper Town Group, Boscobel Group, Macdonald Chemicals, blankets. Appreciation was also expressed for two quilt tops with linings, etc., contributed by Mrs. Clarence Portocarr, Mrs. P. W. Morrison, Mrs. F. E. Snodgrass and Mrs. Derry, of Montreal.

Attention of all Waterloo women interested in Red Cross work is directed to this notice announcing that on the evening of Wednesday, June 17, Mrs. Andrew Fleming, Co-Chairman of Work, and Mrs. Henri Beaudry, Co-Chairman of Inspection Committee of the Red Cross House, Montreal, will visit Waterloo branch at their committee room at 8 p.m. It is confidently expected that a large number will be present to meet Mrs. Fleming and Mrs. Beaudry.

Upwards of ninety were in attendance at the regular meeting of Beaver Chapter No. 7, O.E.S., held in the Masonic Temple on Monday evening, the occasion being the official visit of the Worthy Grand Matron, Sister Mary Astell, of the Worthy Grand Patron, Bro. Alex. Watson and the other Grand Chapter officers of the O.E.S., Quebec. At the conclusion of the enjoyable function, salads, rolls and coffee were served in the banquet hall.

Ideal weather conditions prevailing on Tuesday created the necessary background for the memorable event held at Maplewood Convoy on the sixtieth anniversary of the institution which was fittingly celebrated by a re-union of former pupils held at two o'clock and followed by an impressive religious ceremony performed on the large verandah, where the altar occupied a vantage point, affording the large assembly on the lawn an opportunity of witnessing the entire ceremony.

At four o'clock many more guests arrived to enjoy the beauty of the lawn and the massive trees bordering them. Guests were privileged to visit the class-rooms, dormitories and living rooms during the afternoon as a fitting conclusion to the happy event. Sandwiches, cake, ice cream and tea were served at tea tables interspersing the day. St. Luke's Parochial W.A. celebrated its concluding meeting of the season in a unique and highly enjoyable manner on Thursday afternoon when fifty members and friends took advantage of an invitation extended by Mrs. Henry W. Jones and Mrs. W. Price to accept their joint hospitality at an Auxiliary meeting held at the home of Mrs. Jones. The guests thoroughly enjoyed the spacious lawns shaded by huge maple trees where chairs had been prepared for their comfort. A short business period was conducted by the President, Mrs. Sidney Wood, following the singing of the Doxology and the reciting of W.A. prayers. Minutes of the preceding meeting were presented by the Secretary, Miss Emma Boright, and a financial statement was given by Miss I. M. Gilmour, by whom acknowledged with appreciation a cheque for the amount of twenty-five dollars for the organization from Mrs. George E. Robinson, of Beverly Hills, Cal. and a cheque for the same amount from the Rummage Sale Committee. Tickets were on sale for a butterfly applique quilt for the Girls' Auxiliary. At the conclusion of the meeting afternoon tea was served by the hostesses, who were assisted in serving by Mrs. F. W. Jones, Mrs. James Hetherington, Mrs. Alvin Hillhouse, Mrs. Raymond Wallace and Mrs. Buckland. Transportation facilities to and from the function were provided by Mr. L. K. Allen, Mrs. R. Milnechamp, Mrs. John Dean, Mrs. Neil and Mr. Wood.

Crittenden, Mrs. William Chapman, Sr., Miss M. Thompson, Mrs. H. Jackson, Mrs. William Blake, Miss M. Ladd and Mrs. P. Aiken.

Mr. and Mrs. Edwin Kerby, of White River Junction, Vt., and his sister, Mrs. Henry Sanders, of Saint Albans, Vt., were guests at the home of Mr. and Mrs. George Johnston.

Mr. and Mrs. Newman and little son have returned to Montreal, after spending a few days with her parents, Mr. and Mrs. A. Todd, and sister, Miss Dorothy Todd.

Mrs. Kerby, who has been living with her daughter, Mrs. George Johnston for nearly a year and was confined to her bed, was taken to Mansonville to the home of her son, Mr. Robert Kerby, by her eldest son, Mr. Edwin Kerby, of White River Junction, Vt.

A pleasant afternoon was spent at the Call's Mills school, on Friday, when parents and friends gathered and enjoyed a short programme and viewed the articles, which have been made for the Junior Red Cross and will soon be shipped to headquarters in Montreal.

The dance in aid of the West Bromo Comfort Club, which was held at Mr. A. Crittenden's, was largely attended. The case of canned goods on which tickets were sold was raffled and won by Mr. Marco, of North Sutton.

Mr. L. A. Call motored to Bromo Lake one day.

Mrs. J. G. Edwards attended the shower for her niece, Miss M. Darrah, in Sutton, on Friday.

Mr. and Mrs. J. Edwards accompanied Mr. and Mrs. Preston Crittenden to Granby.

Friends here of Mrs. Arthur Smith, of Brownville Junction, Me., deeply regret to learn of her serious illness at the Royal Victoria Hospital, in Montreal.

The Misses Bernice Buckle and Audrey Plane, of Montreal, spent the week-end with the former's mother, at Glen Cottage.

# MISSION GROUP HELD SESSION AT RICHMOND

Monthly Meeting of Catholic Women's League Also Held—General News Budget from Richmond and Vicinity.

Richmond, June 16.—The Women's Missionary Society of the Richmond and Melbourne United Church met in the College Street Church Hall.

The Worship Service opened with the singing of the hymn "For the Beauty of the Earth," which was followed by a short talk by Mrs. A. McRae. Mrs. McRae spoke of the ability to see God and His handiwork in everything, and stressed the importance of teaching children to understand God in nature.

In the absence of Mrs. Tanner, Mrs. A. McRae acted as Secretary pro tem.

During the business session the Treasurer's report showed need of extra effort to obtain the amount due for the second quarter. Some articles were brought in for the bazaar which Mrs. T. Pope reported will be sent on immediately. The correspondence included letters from Mrs. W. O. R. Robney, President of the Quebec-Sherbrooke Presbyterial. The President, Mrs. M. Armitage, read a letter from a personal friend, Mrs. J. B. Morrison, whose husband is the instructor to the Indians on Moose Mountain Indian Reserve, Saskatchewan. This letter told of Mrs. Morrison's work among the Indian women, which has been carried on there for eighteen years, with very encouraging results. The President expressed the appreciation of all the members for the excellent work of the Billing Committee, Mrs. P. L. Tanner and Mrs. W. Moreland, during the recent Presbyterial meeting which was held in Richmond.

C.W.L. SESSION  
The regular monthly meeting of the Catholic Women's League took place recently with Mrs. C. Delaney, President, presiding. The meeting opened with the League prayer. The minutes of the previous meeting were read and accepted.

The Treasurer's report was as follows: Disbursements—Milk, \$4.95; Red Cross, \$5. Receipts—Money received for membership, \$78; St. Jean Baptiste Society, \$5; balance in bank, \$125.64.

The correspondence included letters of thanks from several boys Overseas for cigarettes received, also a letter of thanks from the Nazaire St. Francois family for sympathy extended.

The amount of six dollars was voted to be given to St. Patrick and to the Sacred Heart Academy to be used for prizes.

The Red Cross report was as follows: Tuck-ins 8, socks four pairs, mitts one pair, two-way mitts one pair, gloves five pairs, diapers three dozen, coats two, bonnets two, quilts one, sleepers four pairs, bed socks, one pair.

An appeal was made for bed clothing for a needy family and nursing care was given a woman who needed dressings.

The members were asked to take part in the Corpus Christi procession.

Mrs. C. Delaney was named to represent the Richmond sub-division at the annual meeting which is taking place in Montreal.

The members paid tribute to the memory of Miss M. Mooney, of Sherbrooke, who passed away recently. Arrangements were made for a food sale to be held June 12. The conveners appointed were Mrs. P. Smith and Mrs. A. Girard.

At the close of the meeting a pin, donated by Mrs. F. Coffey, was won by Mrs. Grant Campbell.

General Notes  
Mr. and Mrs. Charles Hardy, Mr. and Mrs. Charles Ramsey and daughter, Judy, of Drummondville, were recent visitors at the home of Mr. and Mrs. Harry Hardy, College Street.

Mrs. J. W. Biddge has gone to St. Johnsbury, Vt., to spend a few weeks with her sister, Mrs. L. Melrose.

The monthly Red Cross report of the Richmond-Melbourne United Church Group which meets every Monday and Friday in the College Street Church Hall under the convener-ship of Mrs. L. R. Boast, Mrs. W. Moreland and Mrs. J. Hardy showed that 173 articles were made and also 326 buttonholes made.

his apartment at the Brunswick Hotel. Mr. George McLeay, on behalf of the guests, presented Mr. Hatcher with a handsome club bag, wishing him continued good health and congratulating him on his years of faithful and long service on the railway.

A juvenile garden party was held at the home of Mr. and Mrs. Wilton Pope, Aberdeen Avenue, as a means of entertainment for the primary classes of St. Francis High School.

During the afternoon Helen Armstrong presented their popular teacher, Miss Eileen Asch, with a silver water jug. The parents and pupils sincerely regret that Miss Asch has resigned from the teaching staff, and she will be greatly missed by a very wide circle of friends. Refreshments were served to the children and a delightful tea to the parents and Miss Asch.

In some English internment camps German prisoners have been permitted to establish arbitration systems to settle disputes among themselves.

**MRS. ARTHUR ENGLAND, OF WINCHESTER, MASS.**  
 Cowansville, June 16.—Mrs. Bertha Ruitter received word on June 11 that her sister-in-law, Mrs. Arthur England, of Winchester, Mass., had passed away at her home, following a lengthy illness.  
 Deceased, whose maiden name was Alice Mary (Minnie) Ruitter, was the only daughter of the late James and Joanna Ruitter, of Cowansville, and this was her home town until her marriage to Mr. England, formerly of Dunham, in 1896.  
 All their married life was spent in the vicinity of Boston, Mass., and latterly in Winchester, Mass.  
 Two children were born of this union, Frederick, who died about fifteen years ago, and Helen, Mrs. Gilman Wallace, of Sturbridge, Mass.  
 Mr. England passed away nearly four years ago.  
 Mrs. England was a descendant of the very first settlers in this place, and her death breaks a link with the early days in this part of the Townships.  
 Mrs. Earl Derick, of Abercorn, and Mrs. Fred Cassidy, of Cowansville, are nieces and Mr. Murray Ruitter is a nephew of the deceased.  
 The funeral and interment took place at Winchester, Mass., on June 13.  
 Mrs. Derick and Mrs. Cassidy attended the funeral.

**MISS C. LOUISE SHUFELT**  
 Brome, June 16.—Miss C. Louise Shufelt, who was born at Brome, Quebec, on May 20th, 1890, daughter of the late Henry Gerald Shufelt, and Mary Melissa Ball Shufelt, died at St. Joseph's Hospital, Toronto, on March 18, 1942. Her sister, Myrtle, and brother, Harry, were at her side as she passed away.  
 Miss Shufelt attended the school at Brome, the Academy at Knowlton, and received her Matriculation Certificate from Humbercrest Collegiate, Toronto. She then attended the Toronto Normal School and after graduating there, taught a few years in country schools. In the Spring of 1921, she joined the teaching staff of Humbercrest School, in the Township of York, Ontario, under the principalship of Mr. Harvey A. Griffin, and she taught in that school for over fifteen years.  
 She had not enjoyed good health for a number of years but she continued to teach at Humbercrest, until Christmas holiday in 1941, at which time she resigned with the intention of going to Montreal to be with her sister and brother there.  
 Her remains rested at the home of Miss Ida Sharp at 840 Windermere Avenue, Toronto, where she had lived for several years with Miss Sharp, who was a true and faithful friend of her school days at Humbercrest Collegiate.  
 A service was held on March 20th, in the Church of the Advent, Pritchard Avenue, Toronto, Rev. George Trussler officiating. The bearers were Mr. Harvey A. Griffin, Superintendent of Schools, York Township; Mr. F. J. Stewart, Principal of Humbercrest School; W. S. Anthony, C. D. Cuthbert, N. A. MacDonald, Jack W. Norman, C. A. Pugh, G. A. Trussler, all of whom Miss Shufelt had been associated with in her school duties; and a friend, Mr. David Smith.  
 The remains then rested in the home of Mr. and Mrs. Lester Ball, cousins of the deceased, at Knowlton, Quebec.  
 A short service was held in St. John's Church, Brome, on Sunday, March 22nd, with the Rev. A. E. Rollit, of Knowlton, officiating.  
 The bearers were Francis A. Williams, George A. McClay, Stanley Ball, Lester Ball, Raymond McClay, John Patterson, all cousins of the deceased, and Homer A. Holden, a friend of the family for many years.  
 Mr. LeRoy Bullard, of Knowlton, beautifully rendered two solos, "Lead Kindly Light" and "Crossing

Scene from "The Goldwyn Follies," which begins tomorrow at the New Premier Theatre.

the Bar." Interment was in the cemetery adjoining the church.  
 There were many beautiful flowers in token of the esteem in which Miss Shufelt was held.  
 On the day of the service in Toronto, on March 20th, a two minutes silence was observed by the staff and pupils of Humbercrest School, and the flag on the school was flown at half mast. Later, on April 16th, a dedication service was held in the school auditorium.  
 Mr. H. A. Griffin, superintendent of public schools, under whom Miss Shufelt had taught for fifteen years, spoke aptly of Miss Shufelt as a teacher in the school since 1921, as a neighbour and as a friend. Her work as a teacher was outstanding he said, and her patience and understanding of little children and the character training she gave them was a marvel. Those who knew Miss Shufelt best loved her for her simplicity and sincerity.  
 Miss Myrtle Shufelt, presented to the school, on behalf of her brother and herself, to be kept in memory of their sister, many aids to teaching, carefully planned and executed through years of experience in teaching little children. Among these was a small and complete model of a maple sugar camp. Miss Shufelt also presented to the school a complete set of the works of Sir Walter Scott, one of her sister's treasured possessions.  
 F. J. Stewart, Principal of Humbercrest, accepted the gifts on behalf of the school and spoke of the memorial fund which had been established in memory of Miss Shufelt by staff members who had taught with her during her years at Humbercrest, pupils of the school and other friends. The fund is to be donated to the Heather Club of the I.O.D.E. to be used in the treatment and relief of diabetic children.  
 Miss Shufelt will be remembered by the children of the school for her kindness and sympathy. Her loss is keenly felt by all the members of the staff who knew her not only as a fellow-teacher but as a true friend who could be trusted and relied upon at all times.

#### At The New Premier

Stars of the stage, screen, radio, grand opera and the dance world have been rounded up for "The Goldwyn Follies," which begins as the feature attraction at the New Premier Theatre tomorrow. The picture stars Edgar Bergen and Charlie McCarthy, Kenny Baker, Phil Baker, Adolphe Menjou, the Ritz Brothers, Andrea Leeds and Jerome Cowan.  
 The story, a mad, romance-filled comedy of Hollywood, tells of a movie producer, played by Menjou, who finds he doesn't know what the public wants. So he hires a small town girl, in the person of the love-

ly Miss Leeds, to keep him posted and places her on his staff as "Miss Humanity." He falls in love with the girl, who in turn falls in love with a young tenor who runs a hamburger stand. The young man, played by the silver-voiced Kenny Baker, gets his big film chance and proves a sensation. Menjou menaces their romance for a while, but finally renounces and agrees to let young love triumph as it should.  
 Woven into the story are countless unforgettable production numbers, including two beautiful ballets, which prove a welcome addition to screen entertainment.  
 The other picture is "Forced Landing," starring Richard Aslen.

# PASSEAU STILL ANGRY ABOUT BEAN BALL

## Scores 7th Win In Two Seasons Over Brooklyn

Claude Passeau, Cub Heaver, Blanks Dodgers on Five Hits, Scoring Eighth Straight Triumph by 6-0 Score—Giants Pin 6-2 Setback on Pittsburgh Pirates, Dropping Buccaneers into Sixth Position.

The moral of this piece is: Never throw a bean ball at Claude Passeau.

One of those slants tossed by Hugh Casey just about two years ago got Claude so stomped up he's been taking it out on the Dodgers ever since, and getting a lot of laughs out of it.

Claude was so peeved that afternoon at Wrigley Field that he started to take on the whole Brooklyn club, bare-knuckles. He was punched around somewhat by Joe Gallagher, of whom you may have heard.

Ever since then Claude's been getting something of his own back a la Shylock. In the course of two years, he's knocked off The Bums seven times and dropped only two to them.

So last evening Manager Jimmy Wilson asked him to go out there against the Brooklyn in a twilight game—the first big league game, incidentally, ever to start in daylight and end under the arcs.

He served up a five-hitter and he didn't let a Dodger get past second. In fact, only two got a ride as far as that on the line. And with the help of some fair country clouting by Lou Novikoff, Bill Nicholson and James Double-X Fox he waltzed home with a 6-0 decision.

This was his eighth straight victory and made him the first big league twirler to hit the ten-game-winner bulls-eye this year.

This win moved the Cubs back up into fifth place in the loop, and dropped the Pittsburgh Pirates into sixth, because the Bucs lost the only

other game on the big league schedule yesterday. This was a 6-2 setback pinned on them by the New York Giants.

The Bucs had the misfortune to run into Prince Hal Schumacher on one of his better afternoons. For seven innings, Prince Hal tossed a two-hitter. Then he eased up a pair of runs in the eighth and coasted home. By this time, Babe (The Bull) Barna and his bat had taken care of things, however. The Bull knocked in three runs during the proceedings, with a homer, triple and double. Mel Ott also chipped in a four-bagger, his eighth of the year.

The American League's Eastern clubs open their Western swing today, and the National League's East entertain the folks from the wide open spaces, except that Brooklyn and the Cubs will take the day off to rest up.

## Sport Shorts From Britain

London, June 16.—When the Ritz sports guide their mounts down the stretch, brotherly love disappears in the dust. Following the Round Tower Handicap at Windsor, Clifford lodged an objection against his brother Gordon, many-times Britain's champion jockey.

Gordon, on Lord Glanely's Crown Colony, had beaten Clifford on the heavily-backed Abbeville by little more than a length. It was a driving finish and the horses appeared to touch about a furlong from the winning post.

Following the race the brothers were to have had an argument in the jockeys' room. The objection flag was hoisted but the protest was overruled.

The Barbarians, famed wandering rugby club nicknamed the "Baa-Baas," are again. They've played and won their first game of the season.

The club was founded by a select band of rugged enthusiasts at an oyster supper at Bradford in 1890. Since then it has been the ambition of every ruggie to be invited to wear the Barbarians' famed black-and-white jerseys with monogram, and to have the privilege of wearing the "Baa-Baas" tie of Oxford and Cambridge Blue with a white stripe between the blues.

The war has hit hard at the Barbarians' ranks. Since September, 1939, at least ten "Baa-Baas" and International ruggies have died or been killed on active service. Several others are prisoners of war.

It was mighty exciting when girl employees of two factories met in a football game—so exciting, in fact, that an appeal has gone out for sets of football boots and shin guards for the return match. It seems the girls played in gymnasium slippers and several were hurt. There was a sore toe and one girl was carried off with a sprained ankle.

Three mobile kitchens, containing everything from soup plates to floor mops, were presented by the Canadian Ladies' Golf Union to the Women's Volunteer Service for Civil Defence.

Leary Nicholas Constantine, West Indies Negro who was the highest-paid professional cricketer player in Britain before the war, is now Welfare Officer in the Labor Ministry. He looks after the comforts of 400 highly-skilled West Indian negro workers.

Former British lightweight champion, Cpl. Dave Crowley was kayoed by a fellow RAFer, AC Jackie Rankin, in the fourth round of a scheduled ten round bout at London. The old "one two" finished Crowley.

## Pittsburgh Opens Search For Ball Players In Toronto

By SCOTT YOUNG (Canadian Press Staff Writer)

Toronto, June 16.—The search for youth in bigtime baseball has been part of the regular programme for years, but in a leisurely fashion . . . Now the boys really mean it . . . Pittsburgh Pirates opened a five-day baseball school in Toronto today and its bosses hope to come out of it with something more than burnum.

Most prominent Ontario grades in the majors are Jeff Heath of Fort William (Cleveland), Phil Marchiondi of Penetanguishene and Dick Fowler of Toronto (Athletics), and Lefty Judd of Ingersoll (Boston Red Sox) . . . Fred (King) Lear and Bob Rice, of the Pittsburgh farm system, will run the school and hope to plug some of the gaps caused by enlistments and the draft.

There's at least one race follower in the country who isn't impressed by Harry Giddings' great Ter to Ace . . . He's Arlin Bussat, jockey for the Hollywood stable in Winnipeg, who mused thusly on looking at the Ace: "Well, maybe he's pret-

ty fast, but we got one faster . . . Son of War . . . He ran six furlongs in 1:10" . . . Aside to the Ace's groom: "I'll bet him against yours." . . . They may never meet, because Son of War isn't eligible for the Canadian Derby.

Incidentally: Jack Garrison, who umpired occasionally in the Northern League during recent years, worked in a game in Halifax a few days ago . . . He's a stoker in the navy now . . . Shareholders of the Portage la Prairie junior hockey club estimate the Memorial Cup cost \$8,653 . . . It's one of the cheapest of the major champions, the Grey and Allan Cups coming much higher on the prairies in the smaller centers . . . Harness racing is booming . . . Moose Jaw, Brandon, Portage la Prairie and a host of other Western towns expect a sharp increase in attendance and interest this year . . . It's a great sport, one of the most exciting and its excitement is more intense (in a gentle sort of way) than the men who boss the greater running race industry.

## R. STEVENSON'S 64 SETS PACE FOR QUALIFIERS

Ernie Gilbey Second with 67 in Qualifying Round for J. P. L. Stewart Handicap Cup at Lennoxville Golf Club.

Subtracting a handicap of 30 from his eighteen-hole gross of 94, Ray Stevenson led the qualifiers for the J. P. L. Stewart Handicap Cup on Saturday afternoon at the Lennoxville Golf Club with a net count of 64, three strokes better than the 67 which gave E. W. Gilbey second place.

Third place went to Bas Baker, with a net score of 71, with George Sutherland and Benard Hopcraft coming next with 72.

## DETROIT STAR MAKES SWITCH IN UNIFORMS

Birdie Tebbetts Enlists in U.S. Army Air Corps, Leaving Tigers Without Capable Catcher.

By HARRY GRAYSON  
New York, June 16.—Tired of being in civvies, with so many young men in service uniforms around him wherever he goes, George Tebbetts will quit the Detroit Tigers following their series closing in Boston on July 11th, and enlist in the Army Air Corps.

Following basic training, Birdie Tebbetts, 28, a graduate of Providence College, will seek a commission.

Tebbetts understands that his draft status is about to be switched from 3-A to 1-A, but this is not what made up his mind.

"I simply don't belong in a baseball uniform," explains the catcher. "It's too tough to be out of khaki."

Tebbetts was prevailed upon to remain until July 11th only because he resides at Nashua, N.H., hard on Boston, and hopes to get in the All-Star game at the Polo Grounds, July 8th. He probably will be selected, although he has not been hitting too well. He is one of the more accomplished receivers.

Tebbetts supports his widowed mother, but by July 11th will have sufficient money saved out of his American League salary to see her through comfortably for the duration.

His departure leaves the club without a capable backstop. The management has given up on Dixie Parsons, who was brought in from Buffalo. Parsons does nothing well enough and is brittle.

This is why Detroit is scouring the land for a catcher and regrets the sale of Billy Sullivan to Brooklyn.

Another well-known American League name player seriously considering hanging up his baseball tack for duration is Elden Auker, of the St. Louis Browns.

Auker currently is doubling up as assistant sales manager of a mid-west abrasive company.

The submarine burier is an expert on honing stones, grinding wheels, super finishing stones and sandpaper. His firm is now 100 per cent out in connection with the man-

## Third Mentor Fails To Snap Rochester Red Wings' Slump

Ray Hayworth, Veteran Major League Catcher, Succeeds Tony Kaufman and Estel Crabtree as Manager of International League Tailenders—Bears Squeeze Out 5-4 Victory—Montreal and Syracuse Split Twin Bill, Les Burge Clouting Two Homers.

Rochester Red Wings of the International League have convinced their most ardent followers by now that given the chance they will lose for anybody.

Ray Hayworth, veteran major league catcher, took over management of the club yesterday and the Flock promptly lost to Newark, 5-4. Hayworth is the third man to boss the Red Wings in less than a month, following Tony Kaufman and Estel Crabtree in the job.

However, the tailenders put up a strong fight before bowing in the ninth when Pitcher Tom Byrne of the Bears doubled over third to score Boyd Perry with the winning tally.

Byrne toiled all the way and was touched for nine blows.

Montreal, trying to close the gap and draw abreast the pace-setting Bears, was spilled in the first game of a twilight-floodlight bargain bill by Syracuse, 11-7, but came right back to win the second, 13-7.

The teams took turns doing the heavy hitting, the Chiefs clouting out 14 blows in the first and having a six-run fifth inning, while the Royals retaliated with an 18-hit barrage in the second.

Baltimore's crippled Orioles made a contest of their fray with Buffalo until the seventh frame when a five-

run spurge sent the Bisons out in front and lifted them into sole possession of fourth place. Le Burge, Montreal first baseman, got two homers to hike his season's total to 16.

Jersey City slammed the offerings of five different Toronto hurlers to chalk up a 9-5 victory and end a 13-game home winning streak for the Leafs.

Nick Strincevich, who started for Toronto, was removed in the first inning after the first four men to face him had hit safely. The outburst gave the Giants three runs, a total the Leafs duplicated in their half of the frame.

## SUFFOLK DOWNS DISPUTE HALTS RACING EVENTS

Dispute Raging Between Eastern Racing Association and More Than 200 Trainers and Owners of Thoroughbreds.

Boston, June 16.—(P)—Racing at Suffolk Downs, which provides more than \$35,000 daily revenue to the Commonwealth of Massachusetts, was suspended today when a deadlock between the Eastern Racing Association and more than 200 trainers and owners of thoroughbreds stabled at the Palatial Track forced a cancellation of the 32nd program of the 60-day meeting.

The suspension, the second in the 10-year history of New England pari-mutuel racing, followed when the striking horsemen's demands for an increase in minimum purses from \$1,000 to \$1,200 were rejected by President Charles F. Adams, of the Association.

## Clear Telephone Lines for All-Out Production

### GOING PLACES!

These howitzer shells, all stacked and ready to "go places" are just one of the twenty different types of heavy ammunition being made in Canadian plants. These plants are going places, too: 1942 production of all types of shells totals a million rounds a month! And that means complete rounds—cases, explosive charges, fuses and other parts . . . all made in Canada.

It takes plenty of planning to keep all these shell components flowing smoothly to the right place at the right time. It takes a lot of telephoning, too. And that is where we can all lend a helping hand. Every call you make is carried over an interlocking network of telephone lines—lines already heavily taxed by the volume of war business. By being unselfish in your use of existing telephone facilities—by always observing "Wartime Telephone Tactics"—you may be helping Canada's war production more than you know.

#### WARTIME TELEPHONE TACTICS

1. BE SURE you have the right number . . . consult the directory.
2. SPEAK distinctly, directly into the mouthpiece.
3. BE BRIEF. Clear your line for the next call.
4. ANSWER promptly when the bell rings.
5. USE OFF-PEAK hours for long distance calls: before 9:30 a.m., 12 p.m., 5-7 p.m., after 9 p.m.

These things may look trifling, but on 6,500,000 daily telephone calls, they are very important.
