

BROME COUNTY ANNUAL EXHIBITION.

Opened This Morning—Continues Three Days—Good Display in All Departments—List of Prize Winners in Farm and Crop Competition in the County.

Brome, Sept. 7.—(Special)—This is the first day of Brome County's annual fair, not a bright one in the way of weather conditions. The fair continues three days, however, and Wednesday and Thursday are the days of large attendance.

The entries are very numerous, but the displays will be large in all departments.

Mr. George Hall, Secretary-treasurer for the Agricultural and Horticultural Societies reports an extra number of entries this year, surpassing that of previous seasons. The buildings have been put in a good state of repair; a new floor has been laid in the main transportation building. This is much appreciated by those who have exhibits there. The hall containing articles of the Ladies' Department has had much repairing done and is now in perfect condition. Competition in fancy work is very keen and no

THE JUDGES.

Horses—C. M. McCrea.
Cattle—R. S. Stevenson, Ancaster, Ont.
Sheep and Swine—W. S. Stephen, Huntingdon, Que.
Poultry—A. F. Sanborn, Roxton Falls.
Dairy Products—T. M. Dunn, Cowansville.
Ladies' Department, Domestic—Mrs. (Clifton) Martin, Mrs. Hiram Phelps, Frost Village, Que.; Fancy Work—Mrs. H. Smith, Worcester, Mass.; Mrs. J. R. Harvey.
Apples and Fruit—Dr. Wood, Ottawa.
Vegetables—Claude O. Robb, Sweetburg.
Pots and Plants—L. Hall, East Farnham.
Cookery—Mrs. Jos. Selby, Dunham.

SMITH, FLANNERY & JENNE, of Sutton, have an exhibit in the Transportation Hall consisting of the most complete line of carriages, sleighs and horse furnishings. Their claim of being the largest dealers in Bedford District is well founded. Those requiring any of the above named goods, including farm implements, can save money by dealing with this firm. Buying in large quantities for spot cash places them in a position to defy competition.

THE OFFICERS.

The officers of the Brome County Agricultural Society are:

N. W. Miller, President; J. C. Draper, Gov. Director; T. W. Paige, Vice-Pres.; W. Bolton; Saml. J. Courtney, Brome; John Cooley, Brome; H. G. Bates, Sutton; R. A. Wilson, Sutton; Wm. Curley, Sutton; C. A. Fuller, East Farnham; Chas. Wilkins, East Farnham; I. B. Harvey, Potton; Jerry Manson, Potton; J. H. Holland, East Bolton; J. M. Bryant, East Bolton; Chas. Bienvenue, Eastman.

Honorary Directors—C. J. Bonham, Brome; Mark Tibbitts, Brome; W. D. Inglis, Brome; D. H. Green, Sutton; Omar Brock, Sutton; P. B. Bresse, Sutton; Ezra Ball, East Bolton; Elzear Messier, East Farnham; M. W. Collins, East Farnham; E. P. Knowlton, Potton; Carl Griggs, Potton; O. A. McLaughlin, West Bolton; J. Pibus, jr., West Bolton; Geo. Stone, West Bolton.

Geo. F. Hall, Secretary-Treasurer, Brome, Que.

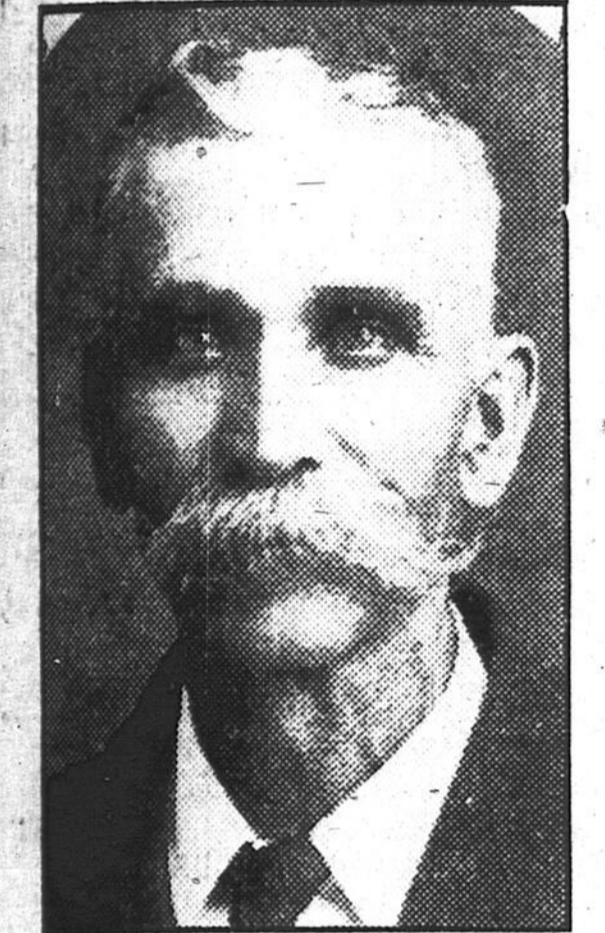

The officers of the Horticultural Society of Sutton, which holds its exhibition in connection with the Brome Fair, are: Mr. Ed. Devlin, President and Mr. Geo. F. Hall, Secretary.

FARM AND CROP PRIZES IN BROME COUNTY.

Brome, Sept. 7.—(Special)—The following is the list of prizes for farms and crops in Brome County:

EAST BOLTON.

Farms—1 S. G. Patch, 2 J. B. La-

MR. N. W. MILLER, President of Brome County Fair, which opened this morning.

doubt many ladies will be disappointed when the judging is completed, as all cannot win.

The Horticultural Society has made a good showing over last year. Some twenty names have been added to the list this fall. Mr. Ed. Devlin, President and Mr. George Hall, Secretary-treasurer, backed by an energetic board of directors, and strong working committees, have brought the Horticultural Society up to a standard second to none in the Province.

The list of special prizes is one that Brome County can well be proud of. Cash prizes from one dollar to twenty-five, and almost everything that can be thought of in the way of merchandise, such as silverware, liniment, perfume, ladies' and gent's shoes, patent leather slippers, flour by barrel and bag, and farm implements are offered.

The races are expected to prove most interesting. There are three classes, namely: three minute, members' race, and free for all. The three-minute race will be held this afternoon, time permitting.

THE ATHLETIC MEETING.

An important feature, something new in the history of the society, is the Athletic Meet. Under the auspices of the Independent Harrier League, Montreal. The heats for this afternoon include 100 yard heats, 220 yard heats, one-fourth mile, one-half mile, one mile open to Brome County residents (winners in July, 1909, at Knowlton bar), one mile, one and three mile races.

Tomorrow the five-mile team race will be held at 12.45 sharp. This race is open to individual runners also. These races are open to all amateurs, excepting the one mile open to Brome County residents only. A tent has been erected near the grand stand for the convenience of the contestants.

SOME EXHIBITORS.

Judging continued at 2 p.m. to-day, and will be continued until completed. The showing of live stock is very good, fully up to that of former years.

Some of the principal exhibitors are: Horses—H. E. Sweet, John Cooley and son, J. A. Bates, Cook, E. A. Westover, J. J. Persons and son, William Gilliar, I. B. Shepard, W. J. Sweet, C. E. Woodley and son, Geo. Gage and son, Edwin Miltimore, E. W. Farmer, A. W. Thomas, J. R. and M. Tibbits, R. P. Dubowoy, N. J. Robinson, L. R. & N. Whitman, John M. Potts, F. A. Frazzle, Ernest Ray, Ed. REUNION OF OLD BROME COUNTY BOYS.

Seventh Annual Event Took Place Yesterday.

DISTINGUISHED GATHERING WAS ENTERTAINED BY C. P. DAVIDSON.

Sutton, Sept. 7.—(Special)—The 7th grand reunion of Old Brome County boys took place on Monday, Labor Day, at the Mountain View House, Sutton. The boys, counted by years, might be considered past their youthful days, but their hearts are as young and buoyant as those far younger in years. The party to meet here was composed of Sir M. M. Tait, Hon. C. P. Davidson, who was host for the present occasion, Hon. Judge Lynch, Hon. J. S. Archibald, Hon. M. F. Hackett, R. S. White, Collector of Customs, Montreal; H. S. Foster, of Knowlton; D. A. Manson, of Mansonsville, ex-M.P.; as well as Mr. G. Henry Boright, R. T. Macdonald, E. A. Dyer, ex-M.P., and Rev. J. H. Fowler, M.A., the last four being from Sutton.

On each Labor Day these gentlemen meet, this being their 7th annual reunion. There were a few of the old boys absent, Judge Foster being one of that number. The circle, as a matter of course, narrows from year to year, but the hearts of those that remain beat as true as of yore.

A bountiful repast was put up by Mr. Robinson, and a most pleasing day was passed by all those present.

The boys took a walk about town to note the improvements in this village, and all the parting wish was expressed that a larger party, including those present here, might meet again in the coming year.

THE NEW ELECTRIC LIGHT SCHEDULE.

Householders on the Whole Are Paying Less.

CAN USE MORE LIGHT FOR THE SAME MONEY THAN FORMERLY.

Opinions regarding the electric light schedule still differ. Some say their bills are higher than ever. Supporters of the new schedule say, "if that's the case you used more light."

It is pointed out that in comparing one account with another, it is not fair to make simply a comparison of the total charges.

One should first compare the number of kilo watt hours consumed. The meter record has not changed. Take the same number of kilo watt hours and one can very easily establish to their own satisfaction the effect of the new schedule upon light accounts.

They will find that for a 3-roomed house, 25 kilo watt hours under the old schedule would cost \$2.75 less 5 p.c. discount, and under the new schedule \$2.05, less 5 p.c. discount.

Take the case of a smaller house of six rooms where the family exercised great economy and consumed 10 k.w. hours per month. Under the old schedule the charge would be at 10c. plus 25c. for service, \$1.25. Under the new schedule at 5c. plus fixed charge of 10c. per room, it would be \$1.10.

So the householders stand to gain by the new schedule, that is all those who have previously been on the meter system, and under the new schedule they can increase the consumption of light at 5c. per k.w. hour instead of 10c. per k.w. hour, which would have been charged under the old schedule.

So far as householders, who were previously on the meter plan, are concerned, the new schedule undoubtedly makes a very general reduction in accounts and it distinctly encourages the use of more light.

Those who have been changed from flat rate to meter by the new schedule do not stand to profit by the change. They will probably pay a little more but they will use more light.

The free exchange of electric light globes has been discontinued. This is one of the losses to consumers under the new system.

Under the old schedule an allowance for electric irons was made. Under the new this allowance is discontinued, so householders who use electric irons will not gain as much through the new schedule as those who do not.

So far as can be judged at present, the new schedule will work to the general advantage of householders though just what per cent. of reduction will be the general experience cannot be stated at present.

WILL INCREASE TEACHING STAFF.

Knowlton, Sept. 7.—(Special)—A special meeting of the School Commission was called on Saturday night to decide on getting another teacher for the Elementary department. It was found impossible to get along with only three teachers as was at first decided upon. As there were only three Commissioners present the meeting was postponed for a few days.

THE WEATHER.

LOCAL FORECAST:

It is expected that several Grand Lodge Officers from the State of Vermont will be present.

SHOT BY ROOM COMPANION.

Youth was Putting Revolver Under Pillow at Time.

THE SHOOTING IS BELIEVED TO BE ACCIDENTAL.

Montreal, Sept. 7.—Alfred Lavelle, 17 years of age, who was in the employ of a farmer named Joseph St. Arbin, of St. Laurent, was shot and killed Sunday night by a companion named Edouard Laframboise, who occupied the same room with him and another young fellow named Armand Maranda.

Young Lavelle was killed instantly, the bullet entering the left side of his head over the ear, and embedding itself in his brain, while he was lying in bed.

Laframboise was putting the revolver under the pillow when it went off. The jury returned an open verdict.

ROCK ISLAND AND DERRY LINE.

'T' WAS A FALSE ALARM.

Coaticook, Sept. 7.—(Special)—When the church bell of the Methodist Church commenced to ring on Sunday morning, the device which is wound up to ring a fire alarm from this bell, somehow got started, and the quick, sharp tones of the fire alarm sounded over town and started several citizens running in the direction of the church. The crowd soon dispersed when the state of affairs and the cause was made known.

TAR ON FIRE.

Sutton, Sept. 7.—(Special)—While Mr. H. Larivee was having the roof of one of his buildings tarred on Saturday a big kettle of tar ran over and took fire, and intense excitement prevailed for some time in an endeavor to extinguish the flames, which it was feared might set his buildings on fire. Several men got somewhat burned in helping smother the flames. Mr. Larivee thinks an iron set cover for the kettle would have prevented a lot of trouble and danger as well as waste.

A REUNION OF COUSINS.

Potton, Sept. 7.—(Special)—A grand reunion of cousins was held at the home of Mr. George Sargent on September 1st, the gathering being to honor one of the number, Mr. Wallace Courser of Parisville, N.Y., who left Sutton, where he was born some 57 years ago, going to York State some 12 years later. He was on a visit here with his wife to Sutton and Potton friends. There were 22 cousins to respond to the call, coming from Glen Sutton and Potton, bringing lunch baskets for an outdoor basket picnic. Old times were rehearsed, and a day of pleasure long to be remembered by all who participated was the general feeling of those present.

TEACHERS LEAVE SUTTON FOR MONTREAL SCHOOLS.

Sutton, Sept. 7.—(Special)—An animated scene at the railway station on Monday morning was when a large number of the village people turned out to see six of Sutton young lady teachers off for their schools in Montreal. The party embraced Miss Nellie Tupper, a teacher in the Fairmount School; Miss Evelyn Lafleur, the Riverside School, Pt. St. Charles; Miss Mabel Wallace, of the Aberdeen School; Miss Carrie E. Boright, of the Earl Grey School; Miss Gertrude Palmer, of the Bordeaux School, and Miss Mamie Chadsey, of the Westmont School. Needless to say, all Sutton takes pride in her large list of capable young lady teachers.

PEARY REACHES NORTH POLE.

Wires From Newfoundland That He Was There April 6th, 1909— Found No Trace of Cook—Another Sensation Sprung Upon the World.

Indian Harbor, via Cape Ray, Nfld., Sept. 6.—To Associated Press, New York: "Stars and Stripes mailed to North Pole. (Signed) PEARY." "Indian Harbor, via Cape Ray, Nfld., Sept. 6.—"Herbert L. Bridgman, Brooklyn, N. Y.—"Pole reached. Roosevelt safe. (Signed) PEARY." "Indian Harbor, via Cape Ray, Nfld., Sept. 6.—"The New York Times, New York: "I have the pole April 6th. Expect arrive Chateau Bay September 11th. Secure control wire for me there, and arrange expedite transmission of big story. (Signed) PEARY."

NO TRACE OF COOK.

St. John's, Nfld., September 7.—Commander Robert E. Peary, who announced yesterday that he had discovered the North Pole on April 6 of the present year, found no trace of Dr. Frederick A. Cook, who reported to the world five days ago that he had made the same discovery in April of the preceding year. This news reached here last night through Capt. Robert Bartlett, on the Roosevelt, Peary's ship, en route to Chateau Bay, Labrador.

HEARD IN NEW YORK.

New York, September 6.—Peary has succeeded. "Stars and Stripes mailed to the North Pole." From out of the Arctic darkness there was flashed this message, which stunned the scientific world and thrilled the heart of every layman. From the bleak coast of Labrador Peary gave to the world the news that he had attained his goal in the Far North, while at the same moment, in far-off Denmark, Dr. Frederick A. Cook, of Brooklyn, was being dined and lionized by royalty for the same achievement.

Grit has conquered the frozen North, and there has been created a coincidence such as the world will never see again. Two Americans have planted the flag of their country in the land of ice which man has sought to penetrate for centuries, and each ignorant of the other's conquest, has flashed within a period of five days a laconic message of success to the waiting world. Cook, in his first message to his countrymen, was brief and non-committal; Peary was even briefer, but specific. "Stars and Stripes mailed to the Pole," he said. That was all, but never before have so few words conveyed to a people a greater meaning or a greater patriotic satisfaction.

Five days ago, on September 1, Dr. Cook sent out from the Shetland Islands the first message of his success—a message which has aroused a storm of controversy around the world. Now Robert E. Peary, lost from view in August, 1908, started the world by a similar message sent from Indian Harbor, Labrador. There was no qualification; it left no doubt. It announced unequivocally that he had reached the top of the world.

First word of Peary's success reached New York at 12:39 o'clock this afternoon in a despatch to the Associated Press. It contained the bare announcement of his finding the Pole. Almost simultaneously he had transmitted the news to London, repeating dramatically and simply, "Stars and Stripes mailed to the North Pole." At the same time he similarly advised the Governor of Newfoundland.

Both the old and the new world were thus apprised of his great achievement practically at the same moment, and the excitement which followed attests to the high pitch of interest aroused over the climax of man's perseverance. Newspaper extras were rushed from the press, and those who read marvelled at the twist of the universe which had snatched the ice mask from the North in so strange a manner.

Like Dr. Cook's first message Peary's was tantalizing in its brevity, and the waiting public, stimulated by Cook's success, was left unsatisfied. For, as did Dr. Cook, Peary resumed his homeward voyage immediately after filing the curt news of his discovery.

Just as Dr. Cook notified his wife, so Commander Peary took advantage of the brief stop at Indian Harbor to assure Mrs. Peary of his safety. This message, almost overlooked during a day of excitement over his achievement, reached New York to-night from South Harpswell, Maine, where Mrs. Peary has been spending the summer months. It contained both a touch of pathos and a quaint reference to his success: "Have made good at last," says the explorer to his wife. "I have the old pole. Am well. Love. Will wire again from Chateau Bay."

"This message is signed simply, 'Peary,' an abbreviation of Robert, Commander Peary's first name.

Mrs. Peary sent a wife's characteristic reply, with love and a blessing, and a request for him to "hurry home."

By another strange coincidence in this chapter of coincidences, Mrs. Cook, too, was in South Harpswell, Maine, when she received first news of her husband's success. Both she and Mrs. Peary had gone for months without word of their husbands, but had hoped and prayed, first for their safe return, and secondly, it may be guessed, for the planting of the flag at the pole.

COOK HEARS THE NEWS.

Copenhagen, September 7.—Copenhagen was electrified yesterday by the report of Commander Peary's announcement that he had reached the North Pole. Dr. Cook was immensely interested and said, "That is good news. I hope Peary did get to the pole. His observations and reports on that region will confirm mine."

It is doubtful if history furnishes a more dramatic episode than the breaking of the news to Dr. Cook that Peary had reached the goal of his life's ambition and repeated struggles. Dr. Cook was seated at a dinner, surrounded by explorers and correspondents, in the gilded ball room of the Tivoli Casino. Around his neck was hung a garland of roses, according to the Scandinavian method of honoring the

CONFEDERATE MONEY MAN CAPTURED.

Said to Have Victimized Cabmen and Others in Sherbrooke— Caught as He Stepped From Train—\$210 Worthless Money on Him.

During fair week the police received several complaints that United States Confederate money was being circulated but until last night could get no trace of the guilty party. Last night a man stepped off the train at the G. T. R. Depot and was at once recognized by a cabman as the man who victimized him. Sub Chief was notified and the stranger was followed to the American House and when he made a dash for the lavatory he was too late as the officers were right on to him.

He was placed under arrest and gave his name as E. G. Therrien, from Lawrence, Mass. \$210 in Confederate money and \$32.02 in good money was found on him.

Cabmen seemed to be singled out by him as his victims and in payment of his fare he usually gave a ten dollar bill and received the change in good coin leaving the cabbie to bewail his loss. On one occasion he hired a cab to go to Belvidere St. and handed a ten dollar bill in payment, the driver had only six dollars in change and Therrien said "Here is my name you will give me the change later." On this card was written E. G. Roy. When asked this morning why he gave his name of Roy to the cabman and Therrien to the police he stated that he gave his name as Roy to the former simply as a joke.

He was sent to jail to await trial before Magistrate Mulvena. The accused is a man about twenty five years of age and says he is married. Other complaints are expected to be made against him.

A peculiar feature is that after paying his trade here some days ago he should return to town and be recognized.

YOU CAN CURE CATARRH

J.H. Taylor, 54 Bond St., Toronto, Breathed Hyomei and Cured a Long-standing Case of Chronic Catarrh That Defied All Other Remedies, also Toronto and New York Specialists.

Without taking a drop of medicine into the stomach, J. H. Taylor, 54 Bond Street, Toronto, tells how the distressing troubles of Catarrh were overcome by simply inhaling Hyomei air. It is the history of tens of thousands of similar cases on record, proving that Hyomei can be depended upon to cure Catarrh, Bronchitis, Croup, Cold, and Croup. It has no equal for any distress of the breathing organs.

Mr. Taylor says: "Some years ago while on a hunting trip to Northern Canada, I contracted a severe cold that settled in my head and finally affected my throat. It rapidly developed into Catarrh and caused a miserable throat weakness. My head would become dizzy during the night and there was a catarrhal dripping from my nose into the throat. Many days had been unable to breathe other than through my mouth, and the constant hacking and spitting was almost unbearable. I had been treated by the best throat specialists here and in New York, but nothing benefited my condition. I obtained Hyomei, and soon found relief, the throat dripping ceased and my head began to clear. I continued with Hyomei for six weeks and after that time I was well in every detail. There has been no return of the trouble since, and I feel grateful in speaking well of Hyomei, as it cured me when all else failed."

A complete Hyomei outfit costs \$1.00, and F. T. Ansell will refund your money if it fails to cure.

KELSEY

The only warm air heater in the world that heats every room alike.

We hang up this challenge believing it will interest every home owner who cares for comfort.

The great battery of Zig-Zag Heat Tubes that makes this possible also effects a saving of 20 to 30 per cent, often more in fuel consumption.

Does this interest you? Perhaps you are skeptical. We want to make our challenge so strong that you will look into the actual merits of the KELSEY for yourself.

After that you will have a KELSEY and you will recommend it as the other 30,000 users are doing.

IMPORTANT FACTS.

"A quart of milk is practically equal to a pound of beef in food values." Prof. Dean, of the Ontario Agricultural College.

"The composition of wheat is higher in protein and heat of combustion than any other cereal prepared for human food."

Results of analysis by Bureau of Chemistry, U. S. Dept. of Agriculture. ORANGE MEAT is simply the whole wheat berry, steam cooked, mixed with malt, barley and toast. This process develops in each wheat berry the highest percentage of grape sugars. It converts the starches into a form most easily digested and assimilated.

ORANGE MEAT and milk is a perfect food.

LAURENTIAN WRECKED NEAR CAPE RACE.

Passengers and Crew Reached Shore Safely by Boats.

ALLAN LINER STRUCK DURING DENSE FOG IN NIGHT.

St. John's, Nfld., September 7.—Thrilling scenes attended the loss of the Allan liner Laurentian, bound from Boston to Glasgow, which piled up on the rocks near Cape Race during a dense fog at 6 o'clock yesterday morning. The vessel is a total wreck, but all the passengers and crew escaped to land after a trying experience.

The Laurentian left Boston Friday. She carried 20 cabin passengers, 30 steerage, and a crew numbering 40. When the ship struck she rebounded heavily, the shock throwing most of the sleeping passengers from their berths. They stampeded for the deck, without stopping to dress, and for an hour excitement prevailed. Captain Imrie and his officers, however, succeeded in quieting all hands, and persuaded every one to return to quarters and dress.

A stiff northwest wind lashed the ship about, and at 7 o'clock orders were given to put the boats overboard. Twenty-five of the passengers, mostly women and children, were placed in the first boat, but the bow tackle collapsed and several were thrown into the sea. Within fifteen minutes those thrown into the water were drawn to the deck and the passengers in the disabled boats were rescued.

Six more boats were put over. After the two boats had been adrift hours, fearing to put in a boat from a nearby fishing village was sighted through the fog, and finally it piloted the life craft to a harbor.

The hull of the Laurentian broke in two near the engine room. A steamer left St. John's late last night to bring the shipwrecked people to this port.

BELLEVUE BRIGHTENING
Everything that I said would happen to favor Bellevue Park is coming out just as I expected. The C. P. R. is at work on a \$500,000 job. The Church in Bellevue is soon to be started. The C.P.R. Hotel is already begun. Mr. Arkley has the contract for the masonry work; besides there is more building around the Park and in the Park than in all the other parts of the city put together, and there bear in mind, is the hardest time money ever over this city has experienced. What will it be when times get good and money is free. Then you'll see Bellevue boom.

MANY DEER KILLED OUT OF SEASON.

Game Warden Gendreau Says Worst Offenders are at La Patrie.

SEIZED 27 HIDES TAKEN FROM ANIMALS DURING THE PAST SUMMER.

Mr. Alfred Gendreau, Game Warden for the district, in conversation with the Record this morning, stated that in a very short time there will be no deer to shoot at when the season opens. He says that a large number of deer have been killed during the summer in the La Patrie district. In support of this he says that he seized 27 hides in that district during the past summer.

He is after certain parties who are using nets at Little Lake. He claims that this illegal fishing has been carried on quite extensively, but it is difficult to secure proof because one neighbor does not care to give evidence against another.

Mr. Gendreau says that anyone wanting a permit for shooting can be supplied at the American House, where he makes his headquarters.

Hard Facts For Industrious Farmers

It is now an established fact amongst our farmers that for utilizing by drainage the richest and best land there is nothing to compare with the

LAND DRAIN TILES

This system of drainage is the most economical for the following reasons:

- No loss of surface as with ditches.
- No rot as with plank.
- Two weeks saved in growth.
- Will not clog if properly laid, as water drains through the pores.
- Being permanent does not require to be renewed.
- Directors for Laying
Lay in rows from 18 to 20 feet apart, according to soil and nature of ground to be drained. In laying tiles, a thin coating of straw or dry grass should be thrown over top to prevent pores from becoming clogged and joints may be covered with a piece of bark or wood. A grade of not less than 1 inch to 16 feet should be given.
- Sizes 2-1-2, 3 and 4 inch (Inside diameter), all 12 1/2 ft. long.
- Carried in stock at all times
- WHAT AN ADVANTAGE IT WOULD BE TO HAVE YOUR FARM WELL DRAINED DURING A RAINY SEASON.
- Prices quoted on application.

FINANCIAL AND MARKET NEWS

DAIRY AND COUNTRY PRODUCE.

STEADY UNDERTONE FOR BUTTER. Montreal, Sept. 7.—There continues to be a good enquiry from European sources for Township creamery on the basis of 22½ to 23½c, but exporters here are not disposed to accept these figures at present although stocks are spot are fairly large. The market is quiet with a steady undertone. Finest creamery is quoted at 22c to 22½c, seconds at 22c to 23c; Manitoba dairy at 18c to 19½c, and western dairy at 19c to 19½c.

BUSINESS GOOD IN CHEESE. Montreal, Sept. 7.—A somewhat firmer feeling prevails in the local cheese situation in sympathy with country advices and a little more business had been done of late. In the early part of the week sales of western goods, half white and half colored were made at 11 1/16-16c, and Quebecs at 11 1/16-16c, but inside prices are 11c to 11½c, and Western and 11c to 11½c for Eastern.

BRITISH CHEESE MARKET QUIET. London, September 6.—The course of the market for cheese during the week has been disappointing. Butter is firm and the bulk of Canadian coming forward has gone into cold storage. The cheese market has ruled quiet with prices ranging from 57s to 58s.

EGG MARKET FIRM. Montreal, Sept. 7.—The tone of the egg market remains firm under a good demand, and the market for the season of year is active. Sales of selected stocks were made at 25½ to 26c, No. 1, candled at 22½ to 23c; and No. 2 at 16c to 19c per dozen.

NEW HONEY IN DEMAND. Montreal, Sept. 7.—The demand for new comb white honey is fairly good, and as supplies coming forward are not large prices rule steady. We quote: Clover, white honey at 15c to 16c; Dark grades, 12c to 13c; White extracted, 11c to 12c; Buckwheat, 10c to 11c.

MAPLE PRODUCTS QUIET. Montreal, Sept. 7.—Business in maple product continues slow, and the market is dull with no change in prices to note. Maple syrup is quoted at 5c to 5½c per lb., in wood, and at 6c to 6½c in tin. Sugar at 6c to 7c per lb., one-lb. blocks and at 6c in mixed sizes.

BEAN MARKET FIRM. Montreal, Sept. 7.—In beans the feeding market is quiet, and the small supplies available at present for the demand is somewhat limited. Ontario hand-picked are quoted nominally at \$2.30 to \$2.35, while Austrians are firmly held at \$2.15 per bushel.

WEAKER FEELING IN PORK. Montreal, Sept. 7.—A feature of the local provision market of late has been the weaker feeling in Canada short cut back pork, and prices have been reduced \$1.50 per barrel, to \$26 to \$25.50. In extra large and large hams the tendency of prices has also been downward and are now 4c per lb. lower, while selected bone-in hams are selling at 17c and thick at 16½c per lb.

HEAVY STOCK TRADE AT EATON CORNER. Eaton Corner, Sept. 7.—(Special).—Mr. Chute shipped a car of cattle and sheep to Montreal. Mr. H. T. Coats, of Eaton Corner, bought 50 head of cattle from the Dominion Line Ridge Co. last week. He also shipped a car load of cattle to St. John, N.B.

CANADIAN BACON STRONG.

London, September 6.—Owing to short supplies of Canadian bacon a very strong feeling has prevailed in the market during the week, and prices have advanced 4s to 5s, with holders firm at 70s to 74s. Liverpool, September 6.—There has been a very strong undertone to the market for Canadian bacon since this week, and prices are 2s to 3s higher, at 69s to 72s.

GOOD BROOD SOWS. Sutton, Sept. 7.—(Special).—Mr. Wm. Sears takes pride in the fact that his two brood sows have presented him with no less than 50 piglets each since the 15th of last month up to September 2nd. One of the last litters consisted of 16 pigs, all healthy and doing well.

HEAVY SHIPMENT OF LIVE STOCK. Knowlton, Sept. 7.—(Special).—Messrs. Curley & Moffat, of Sutton, made a heavy shipment of live stock to Montreal on Monday filling two cars containing 20 cows from \$8 to \$20 each; 70 sheep and goats from \$8 each and 140 hogs at 8½c. This was the heaviest shipment made for some time.

LIVE STOCK TRADE AT EATON CORNER. Eaton Corner, Sept. 7.—(Special).—Mr. Chute shipped a car of cattle and sheep to Montreal. Mr. H. T. Coats, of Eaton Corner, bought 50 head of cattle from the Dominion Line Ridge Co. last week. He also shipped a car load of cattle to St. John, N.B.

DAILY NEWS FROM TOWNSHIPS

DUNHAM MODEL SCHOOL RE-OPENS. Dunham, Sept. 7.—(Special).—The village Model School re-opened to-day (Tuesday) with the Misses Ethel G. Ellison, Kathleen A. Yeats and Anna J. Phelps in charge, the first two of the Model department, and the last mentioned of the Elementary. The upper part has been completely altered, the principal, a new classroom partitioned off, the belfry repaired, and whole institution is now in good repair and fit for inspection by the most fastidious. Pupils from the Primary grades to and including the first grade Academy have no longer any reason for going away from home for their schooling, whether they be boys or girls.

TREE BLOWN ACROSS STREET CAUSES ACCIDENT. Sutton, Sept. 7.—(Special).—Messrs. Robert Fadden and Thomas McChesney met with an accident when driving into the village from the north on Sunday night. A tree had been blown across the street just a short distance north of Mr. James M. Stowell's, and the night being intensely dark, it could not be seen, till the horse went into the tree when going at a swift pace. The horse was knocked down, and the carriage, a toy buggy was upset and turned bottom up, while both occupants of the carriage were more or less injured, Mr. McClintock being quite badly hurt. The buggy was also badly smashed, and the top torn off, and help had to be called to assist the two men from the very unpleasant position. The accident occurred just outside the village electric lights, or the mishap would probably have been avoided.

IMPROVEMENTS AT DUNHAM TOWN HALL. Dunham, Sept. 7.—(Special).—The Town Hall yard has been a busy spot lately. The large tree near the corner of the grounds, where they corner on to Mrs. Stevens' lot, next to the house occupied by Abram Deragon, became rotten and dangerous. The question was how to get it down without interfering with telephone service or the Deragon house. Contractor P. N. Beauvais accomplished the task, Wednesday, and persons in the office can now see out much better than heretofore. The fence and hitching posts were completed by Messrs. Doherty and H. O. Martin, Thursday night, and the entire place presents a better appearance not only to interested parties, but to passers-by. The old dogpile is likewise dangerous and will be removed in a few days. It will likely be replaced by another running from the top of the Town Hall, which will be fully as appropriate.

ANNUAL MEETING OF DRUMMOND COUNTY R. A. Kirkdale, Sept. 7.—(Special).—The annual meeting of the Drummond County Rifle Association will be held on the Uxverton Rifle Range Friday and Saturday, Sept. 10th and 11th.

WITH THE HARRIERS. At a meeting of the Y.M.C.A. Track and Harrier Club Committee held last evening it was decided on account of it getting dark so soon after 6:00 that it would be impossible to follow out the program of Handicap Events as scheduled. The following is the revised program: Thursday evening, 9th inst., the 3 mile run will be held starting from the association building at 6:45 sharp. Entries must be handed in for this event by Thursday noon at the latest.

Particulars regarding the First Annual Field Day will be given by the end of the week.

Any who have not already competed in the hop, step and jump and shot put and will do so, must be at the Association yard this evening at 6:15 sharp. Tonight will be positively the last night that these events will be held and they will be started sharp on time.

The Mother's Duty

Mother, when your son enters upon the stage of manhood when your daughter arrives at that age when nature accomplishes the mysterious transformation expected, yet so dreaded, you must watch with a jealous eye this transition from childhood to puberty. For, that tired feeling, that tendency to melancholy, that sense of fatigue on the least exertion, that capricious appetite and foul breath, that whitish color of the lips, tongue and gums and those dark rings around the eyes are all as many signs of anemia, a disease which counts its victims by thousands at this ungrateful age of puberty, which does not spare even people of mature years.

VIN ST-MICHEL

has been, for generations the peerless tonic which removes promptly all these symptoms, which, when neglected, develop into chronic and often fatal diseases. It is the restorative which enriches the blood and purifies it thus strengthening the nerves and muscles, and making of puny children strong, healthy and vigorous youths.

Food Fads may come and go, but

SHREDDED WHEAT

goes on forever. It contains more real nutriment than meat or eggs and is more easily digested. Try it for breakfast.
