ROTARY CLUBS ADDRESSED BY DR. G. DONALD

Minister Says Royal Visit Doing Much to Bring Confidence to World

Speaking on the theme, "The King Passes By," the Rev. Dr. George H. Donald, of the Church of St. Andrew and St. Paul, addressed a joint meeting of the Westmount and Montreal Rotary Clubs in the Windsor Hotel at noon on Friday.

The Royal visit, the speaker told the gathering, is doing more than anything that has occurred in recent months to bring confidence to a troubled world.

The King and Queen sailed, landed and set about their business with the singleness of purpose that prevails in all they do, thereby setting an example to all of us, he stated.

In speaking of the visit of the Royal couple here Dr. Donald referred to the King as follows:

"He is a man among men. He talks, he laughs, he plays with his children, he is a golfer, a sailor, a tennis player, a huntsman. He visits the miner in his home, the crofter in his steading. He romps and plays with the boys in a camp and in a perfectly natural way companies with the humblest of his subjects. He is representative of the whole nation. He belongs to no class or party, his interest is bound up with that of the nation as a whole. He is the true democrat, a representative not of the majority of the people but of the people themselves. He is not the aristocrat's king or a rich man's king, but the King of us all. There is no side, no highbait about him; he is a sportsman, a Christian gentleman, fond of his home, devoted to his Queen and his children and they certainly love and adore him."

"Those who saw it," Dr. Donald concluded, "tell me that the most dramatic and deeply moving moment of the whole scene Thursday was when the royal train was slipping slowly through Westmount station and the Queen was seen—as a picture—framed in the doorway of the last coach, her silver court dress gleaming in the subdued and fitful light, a radiant smile on her face, waving her hand in a last friendly gesture of farewell, the King standing just behind her in the shadow. Thus—with full-throated cheering fading in the distance, these two, beloved by all their people, passed by, to be forever remembered and loved and served in days to come in loyalty and devotion."

DRIVE TO END RODENT MENACE IS CONTINUING

Article Released by Dr. McNaughton, Municipal Health Officer

The drive to exterminate rodents from the City of Westmount, instigated two weeks ago, is being continued by the municipal health bureau and in order to acquaint residents with the danger of allowing them to breed here, their habits, and ways to rid the community of them, the following article was prepared this week by Dr. F. M. A. McNaughton, in charge of the Health Department.

Rates have been a menace to the human race since the dawn of history.

In ancient Egypt, fully half of their wheat crop was devoured by rodents—and the cat there was worshipped as a sacred animal because he was the arch enemy of the rat.

Each rat can eat or destroy at least \$2.00 worth of property per year.

It is estimated that the rat population is twice that of humans.

To control or exterminate rats, two vital elements for their existence must be removed, namely food and shelter—if this is done, the problem is practically solved.

LAST TRIBUTE PAID TO LATE REV. O'REILLY

Service Conducted by Mgr. Gauthier at St. Patrick's Church Monday

Friends and relatives paid final tribute to the late Rev. Thomas William O'Reilly, founder and chaplain of St. Mary's Hospital, on Monday morning at St. Patrick's Church. The service was conducted by Mgr. Georges Gauthier, Archbishop of Coadjutor of Montreal, assisted by Mgr. Georges Chartier, Vicar General.

Rev. O'Reilly was particularly mourned by residents of Westmount as two brothers, a sister, and other close relatives have lived here all their lives. The service was also attended by a large body of priests and representatives of the hospital.

Rev. Canon Lawrence Whelan, vice-chancellor of the diocese, in a brief eulogy traced the career of Father O'Reilly and praised his sympathy and kindness, his charity and understanding. He spoke also of his modesty and of his "quiet unobtrusive manner," and referred to him as "a patient listener and a silent talker, whose loudest voice was the whisper of many another man." Continuing on Father O'Reilly's association with St. Mary's Hospital, Canon Whelan said: "He saw St. Mary's Hospital in its birth. . . . To him a debt of gratitude is owed for his part in founding the hospital and his continued interest in all that it stands for in our community."

Rev. J. J. O'Hagan, pastor of St. Agnes Church, celebrated the requiem mass, assisted by Rev. Ernest Cooney and Rev. M. J. Healey. The remains had been received at the church on Sunday evening by Rev. Father Gerald McShane, a former classmate of the deceased who officiated also at the burial yesterday.

Chief mourners were two brothers, James and Frank O'Reilly, and one sister, Miss Catherine O'Reilly; a nephew, Frank J. T. O'Reilly, and three nieces, Misses Marguerite, Alice and Anne O'Reilly, and a sister-in-law, Mrs. Frank O'Reilly, all of Westmount.

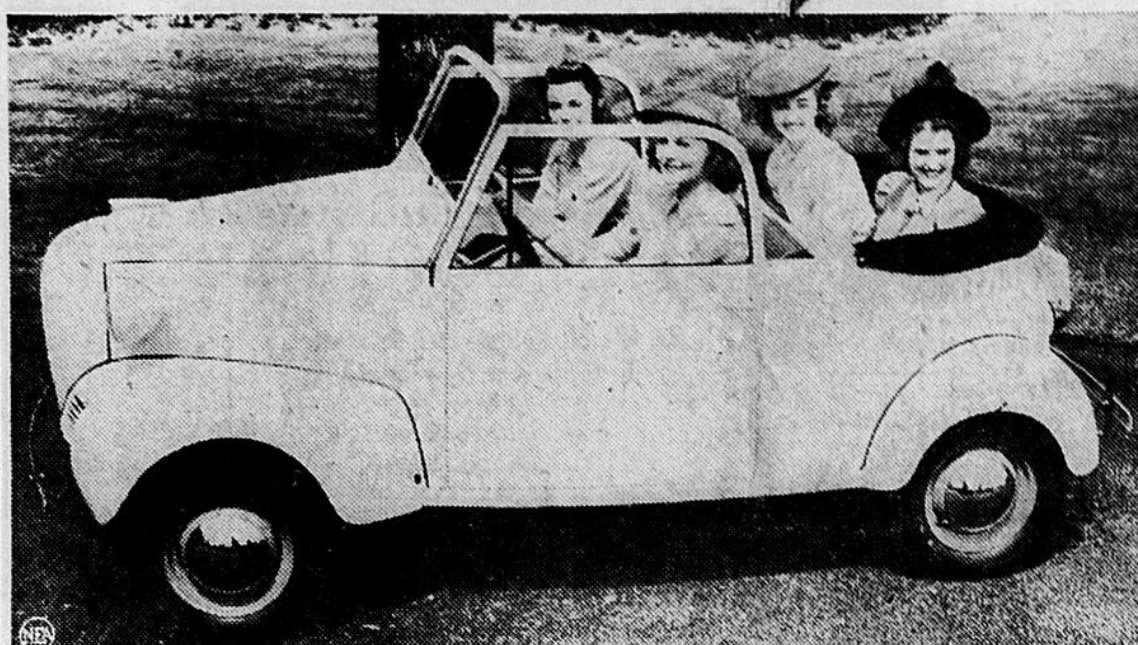

Among those in the sanctuary were Rev. Rosario LeSieur, provincial superior of the Order of the Gentlemen of St. Sulpice; Rev. Eugene Moreau, superior of the Grand Seminary of Montreal; Rev. David McDonald, St. Agnes; Rev. Harold Murphy, St. Mary's Hospital; Rev. St. Dominic's Church; Rev. H. J. Tal; Rev. R. T. Stanford, pastor of

Rev. T. W. O'Reilly.

Final tribute was paid Monday to founder and chaplain of St. Mary's Hospital.

NEW MIDGET CAR—IN SIZE AND BUDGET

Termed "the forgotten man's car," this midget automobile, which sells for about \$300, was introduced to the public at Indianapolis, Ind., by Powel Crosley, Jr., of Cincinnati, O. The car is 10 feet long, five feet high, weighs less than 925 pounds, and gets 60 miles to the gallon. Operating on a two-cylinder engine, it will attain a speed of 50 miles per hour.

INSPECTION OF BOYS BRIGADE HERE TONIGHT

Duncan McLellan Will Conduct Ceremony at King's School

The annual inspection and display of the First Westmount Company of the Boys Brigade will be held this evening in King's School, when Duncan McLellan will be the inspecting officer, accompanied by D. A. Grant. Invitations have been sent to parents and friends of the company and a large attendance is anticipated.

The program will take the form of a regular company meeting, opening with the hymn, "Underneath the Banner" followed by a word of Prayer by the Company Chaplain, Rev. Dr. Mulligan. The company will then prepare for inspection following which Lieutenant Sutherland will give a brief demonstration of drill movements. On this occasion, the unit will receive the original color of the First Montreal Company which was formed in 1900 and suspended operation at the commencement of the Great War. The color is intact and boys of the unit will be thrilled to have the honour of carrying this heirloom on special occasions. Presentation will be made by Captain H. E. Bailey of the 13th Company, St. Stephen's Church, Lachine, who has been able to locate the history of the company.

The company band will play several times during the evening and Private Duncan Jones, boy soprano, will render selections. Following the program the various badges and awards will be presented by Mrs. W. O. Mulligan and Captain Richardson. Several promotions are scheduled to take place and will be made by Captain Richardson and Dr. Mulligan.

Special announcement will be made regarding the company camp in the Laurentians to take place early in July. Already a number of boys have indicated their intention of attending and much enthusiasm has been aroused.

During the past week, the company have performed remarkably, Thursday, most of them took active part in Molson Stadium and lined the roadway as Their Majesties arrived. Saturday, the company turned out to the review and Sunday afternoon, to the National Youth Service of Dedication in the High School of Montreal.

Many Deserve Credit For Meeting's Success

So successful was the meeting of the Business Association of Westmount on Monday night that those behind the scenes who spent hours of valuable time arranging the event are deserving of special mention.

All members of the executive committee worked painstakingly to assure the success of the function and their efforts were well rewarded.

W. Gordon Kenwood, president of the association, who was unable to attend the meeting due to pressure of business, nevertheless played a large part in arranging the program. N. Eric Ohman, chairman of the entertainment committee, worked overtime to provide a program that would be of interest to all who attended.

His firm, incidentally, is celebrating its fortieth anniversary this year. Mr. Ohman acted as master of ceremonies.

Miss Brown, proprietor of the well known dry cleaning plant on Sherbrooke St., gave a great deal

of her time in lining up the excellent program and was stage director on the night of the meeting.

C. A. James, publicity chairman, did a fine job of attracting the attention of the public to the "Citizens' Night" meeting and deserves high praise for his untiring efforts.

Miss Lafrance, chairman of the ladies' committee, was largely responsible for the large turnout and P. Golden, chairman of the attendance committee, contacted all members well in advance of the date of the meeting.

Special credit, also, must go to Past President W. Boyd Robson, who acted as chairman of the event in the absence of Mr. Kenwood. He made an excellent job of a difficult task.

The excellent program could not of course, have been presented without the support of the dance schools and other organizations who supplied the talent and they are deserving of the highest praise.

Rite Of Confirmation Held By Synagogue

Wednesday morning, May 24th at 9:30 o'clock, a class of seventeen boys and girls underwent the beautiful rite of confirmation at Temple Emanu-El synagogue.

The procession was led by Michael Hirsch and Harry E. Davis. Guard of honours, Messrs. Louis Wolfe, Arthur Simon, B.

Mortimer and Harry Stern. Those assisting with the Torah are H. C. Sheffer and I. I. Tarshis.

GALA EVENT HELD MONDAY NIGHT IN VICTORIA HALL ATTRACTED HUGE TURNOUT

Mayor Walter A. Merrill, K.C., W. R. Bulloch and Aldermen Present at Function—Excellent Program Arranged—Main Auditorium Filled to Capacity—Door Prizes Awarded

Attended by over one thousand persons, the "Citizens' Night" meeting of the Business Association of Westmount was held in Victoria Hall, Monday night. Highlights of the function included an exceptionally fine program of entertainment, the awarding of some 25 door prizes, and the presence on the platform of Mayor Walter A. Merrill, K.C., W. R. Bulloch, M.L.A., Aldermen W. B. Scott, Panet-Raymond and D. Lorimer. W. G. Hanson, president of the Westmount Municipal Association, Mrs. Harold Mills, president of the Westmount Women's Club and H. E. McCormick, president of the Notre Dame de Grace Businessmen's Association.

The session was presided over by Past President, W. Boyd Robson, in the absence of the president, W. Gordon Kenwood, who was out of town on a business trip.

The principal guest speakers, Mayor Merrill, Mr. Bulloch, Mr. Hanson, Mrs. Mills and Mr. McCormick, lauded the success achieved and the public interest aroused by the local business body during its first year of operation and promised it their fullest cooperation.

Highlighting the event was the excellent program of entertainment arranged by Eric Ohman, chairman of the entertainment committee, and Miss Rhea Lafrance, chairman of the ladies' committee. Approximately 35 door prizes were awarded to holders of lucky tickets.

In a brief address Mayor Merrill congratulated the president, W. Gordon Kenwood, and the executive of the business body, on the remarkable strides the association had made in the brief period since its organization. The large turnout at the meeting testified to the fact that it had won the support of the public, he pointed out.

The association was of particular importance to the city, he continued, and would receive the full support of the Council at all times. The Council, moreover, was delighted to have an organization of its type in operation here, he said.

The excellent work thus far accomplished by the association won high praise from W. R. Bulloch, M.L.A., and he promised to help it to the full extent of his ability in connection at Quebec.

He was particularly impressed with the fine amateur show, commenting that programs of this type encouraged the youth of the community to develop their natural talents. He requested the opportunity of outlining a youth training plan at an early executive meeting of the business group with the view of obtaining the support of the association.

On behalf of the Municipal Association, Mr. Hanson extended the desire to see the local group progress. "Westmount is an ideal spot for the formation of such an organization, as its residents really have the interests of the community at heart," he said.

"This city is not only rich in location and the moral integrity of those who have made their homes count for far more, he stated. The Municipal Association, Westmount's oldest civic body, would be glad to co-operate with its youngest, he declared.

H. E. McCormick, president of the Notre Dame de Grace Businessmen's Association, assured the local body of the full support and co-operation of that organization, and congratulated the executive committee and general membership on the excellence of the meeting. He extended the wish of the N.D.G. group that the Westmount association would enjoy the fullest success in the future.

Mrs. Mills, representing the Westmount Women's Club, told the gathering that the club would give its fullest support. Westmount women should give every consideration to local merchants and patronize them as fully as possible, she said. There were few goods or services that could not be obtained locally, she told the gathering.

W. Boyd Robson, who headed the organization during its inaugural year, pointed out that it had made amazing strides and now boasted a membership of over 100.

The program will be as follows: Introduction, with organ prelude by Mrs. M. N. Fineberg; the quartette of the Shaar Hashomayim choir, directed by Cantor Herman Semiatin, will sing Lemandowsky's "Zocharti Lech" (from New Year's Services); Cantor Nathan Mendelson, solo, "At the Dawn I Seek Thee"; The Sermon will be delivered by Dr. H. Abramowitz; song "Halleluyah" by the Choir; "Olenu" by Cantor and Choir;

Peter Rosenbaum, son of Dr. and Mrs. J. Rosenbaum, will be called to the reading of the law on Saturday morning, in celebration of his Bar Mitzvah.

The Canadian Broadcasting Corporation will carry a program of Synagogue music over its coast network and locally over station CBM this coming Sunday afternoon, from 2:30 to 3 p.m., presented by the Rabbi, Cantor and choir of Congregation Shaar Hashomayim.

MONUMENT TO COMMEMORATE VISIT URGED

Resident Suggests That Clock Tower and Flag-staff be Erected on Westmount Park

A proposal that the city erect a monument at the north east corner of Westmount Park, where the flagpole now stands, to commemorate the visit of the King and Queen, was advanced this week by H. S. Petford, of 7 Park Place.

The monument would consist of a combined clock tower and flag-staff extending to a height of 250 feet, supported by a concrete base 70 feet square.

Mr. Petford has drawn complete plans of the structure. The specifications call for the shaft to be made of hollow steel, with the portion below the clock made of plates riveted onto a structural steel frame, built in such a way as to allow free access to the clock by means of a ladder inside.

There is ample room inside the shaft for the installation of electrical mechanism to operate the clock.

At each corner of the base are small stone towers and atop of them are floodlights which would illuminate the clock and flag-staff. Mr. Petford suggests that the faces of the clock be six feet in diameter.

SHAVOUTH DAY SERVICES ARE PLANNED HERE

Dr. Abramowitz Will Speak on "Mount Sinai—Asset or Liability"

Shaar Hashomayim Synagogue services on Wednesday, first day of Shavouth, will take place at 8:45 a.m. The sermon by Dr. Abramowitz will be entitled "Mount Sinai—Asset and Liability."

Peter Rosenbaum, son of Dr. and Mrs. J. Rosenbaum, will be called to the reading of the law on Saturday morning, in celebration of his Bar Mitzvah.

WESTMOUNT, THURSDAY, MAY 25, 1939

LOCAL STORES WELL DECORATED

Many favourable comments have been passed on the manner in which local business men decorated their places of business in honour of the visit of Their Majesties — a fine gesture appreciated by the public at large. Flags, bunting, pictures, and attractive and varied window-displays, gave our business avenues a gala appearance that was well supplemented by the decorations of the private homes of the district.

MIRACLE OF THE ROYAL VISIT

Many local residents took the occasion last Sunday to motor out to Coteau Station for another view of the Royal Train and Their Majesties, and what they saw will live in their memories for many years to come. It is at Coteau that the Canadian National line from Ottawa joins the main line from Montreal to Toronto, and it was necessary for the Royal Train to turn on the "Y" there before proceeding to Kingston.

Over thirty thousand men, women, and children jammed the tracks, the platforms, the galleries, the streets, and the roofs of the tiny hamlet, and when the great silver and blue train came into view all efforts of the police and veterans failed to keep them in check. The train had to slow down to a walk so great was the mass of humanity about it, and a thunderous roar was raised when the rear platform came into view and Their Majesties were seen to be standing there waving and smiling — genuinely enjoying the spectacle. There were mounties, soldiers, veterans, cubs, scouts, brownies, two brass bands from Valleyfield, odd-looking people wearing shallow white helmets with long silver spears on top, a motley crew of uniformed cadets, men with Union Jacks stuck in their hats, children in arms, sun-burnt French farmers. As the long train pulled out of the "Y" and past the station, people tried to grab the rear end. About a thousand of them chased it for several hundred feet down the track. Nearly everybody stood gazing after it until it was far on its way, and Their Majesties remained on

the rear platform waving happily until they were out of sight. It took nearly two hours for most motorists to get going again for the roads were choked with parked cars. People had just driven up in line and left their cars right in the road. There was nothing else to do, so great was the crowd.

The appeal these two young people have for the people of Canada defies all description and analysis. Something just happened to us as a nation when they came among us, and we won't get over it until long after they depart, if we ever do get over it. Maybe the preacher who said that we are on the verge of the fulfilment of some great Biblical prophecy has the explanation.

THE QUEEN'S SPEECH

Probably the most happily appropriate ceremony of the Royal Visit, to date, was the laying of the cornerstone of the new Supreme Court Building at Ottawa by Her Majesty, the Queen, last Saturday. The Prime Minister's decision to delegate this important ceremony to Queen Elizabeth alone was highly significant — a significance that was emphasized in the very first words Her Majesty uttered:

"Perhaps it is not inappropriate that this task should be performed by a woman; for woman's position in civilized society has depended upon the growth of law."

The word 'growth' should be underlined, for it is precisely because there has been no growth or development of the law respecting women in the Province of Quebec that women here are denied rights and privileges enjoyed by their sisters in other parts of our far-flung Empire. It is to be hoped that the Queen's words will take root and hasten that growth which will give women their rightful place of full equality with their brothers, fathers, and husbands and make Quebec one of 'the free and democratic institutions which are our greatest heritage.'

Japan and the Soviet are having a diplomatic clash over their fishing industries. If the dispute concerns what fish are Japanese and what fish are Russian, it seems typical of modern international disturbances. In either case the fish lose.

Dr. J. H. Meek of the University of California reports that lightning travels at 1,000,000 centimeters a second, or 22,000,000 miles an hour. Wham! No wonder it seems no sense in striking twice in the same place.

Germans drank 23,900,000 bottles of champagne-type wine last year, 20 per cent more than in 1937. Just the same, those 'heil Hitler's' still sound more like beer.

IF YOU'VE HEARD THIS ONE

TREATED LIKE A MINISTER

The story is told about an old friend who chanced to meet Woodrow Wilson in England. He had not seen Mr. Wilson for many years.

"You look very much like a minister," said the friend. "Have you ever been taken for one?"

"No," replied Mr. Wilson, "but I've been treated like one."

"That's interesting!"

"Yes, I had a job once," replied the educator, "where I waited months for my salary."

NO KICK COMING

Mrs. Brown's colored cook went home every night the moment she had washed the dinner dishes, and often forgot to come back in time to prepare breakfast the next morning.

"Sara," said Mrs. Brown one day, every time you fail to come and get breakfast, I shall take off a quarter from your wages."

Sara silently consented, and the next few mornings she came in early. But one morning she did not appear until 10 o'clock.

"Look here, Sara," complained Mrs. Brown, "I had to fix breakfast again this morning!"

"Well," returned Sara indignantly, "ain't Ah payin' you for it?" — Flex-Set.

MR. NEWRICH

The parvenu was making some purchases for his new house at an art dealer's shop. Picking up a magnificent vase, he asked: "What's this?"

"That, Sir, is an Early Ming vase," explained the dealer. "Of course you may consider it expensive, but it is only for the connoisseur."

"Oh well, I'll take it," said the newly rich man. "But you might tell me where I can get a few early mings to put in it."

THE FORUM

In Which Subjects of General Interest Are Discussed

Conducted by HOWARD S. ROSS, K.C.

NOTE:—The opinions expressed in these columns are not necessarily those of this newspaper and it does not accept responsibility for them. They are published for their general interest, variety and originality of treatment.

"Let me say a few words concerning Sinclair Lewis and his latest novel, 'It Can't Happen Here.' In this novel Lewis pictures me as being made Fascist ambassador to Great Britain and occupying myself with various absurd and trivial matters while holding that post. A friend in Europe tells me that while this is absurd, it troubles some of my readers abroad."

I have known Sinclair Lewis since a youth, he ran away from Yale University and came to live at the Socialist colony which I was conducting just thirty years ago. Lewis began his education in modern ideas in this colony, and he owes something to me, whether or not he acknowledges the debt. Knowing him well, I knew that he understood the modern worker's struggle, and in my book 'Money' I pointed out how in his novels he had evaded telling what he knew.

That made him furiously angry, and he wrote me a very bitter letter. Apparently he has not forgiven me for this offense. However, being impersonal in my attitude, I was glad to see that he took a definite line against Fascism in his last book, and I am willing to overlook entirely his rather silly jibes at one of his old friends.

Suffice it to say, that I consider Fascism as a return to the dark night of barbarism. My books have been burned in Germany and banned from both Germany and Italy. No Fascist government is going to offer me any post of honor, and I am not going to stultify the faith in the workers which has been the guiding star of my entire life. —Upton Sinclair in *Empire News*, Los Angeles.

Great things through greatest hazards are achieved. And then they shine. —Beaumont.

Ellen Terry's ascendancy was different. She was so evidently in love with her audience and with all the human world that they could not help loving in return. Every man, woman and child there fell in love with her and with happiness. It was a unique gift. No actress, I am convinced, ever had it before in the same degree. —W. G. Fay and Catherine Carswell.

The basic world problem is the equitable distribution of the work of the world and until this is done, (by agreement and because it will pay everyone well) there cannot be permanent peace and prosperity. An increasing number of persons in different parts of the world believe a universal medium of exchange having as its basis one hour of adult human work will give us the social order the world is longing for.

Great Britain now recognizes the might of Soviet Russia. The 'Times' discovers that Moscow is winning a 'place of dominance in a divided Europe.' Bolsheviks are, it believes, by far the most pacifist-minded rulers in the world. The London Times now admits that Russia has become 'a first class power' sitting 'in an honored place in the councils of the world.' The Times believes that before long Russia will, in the Far East be 'in a position which will overshadow Japan.'

The British Government does not see it that way. It seeks for peace settlement with Germany, Italy and France and wishes to leave Eastern Europe to Hitler who apparently believes Russia is awaiting the opportunity to attack him.

The Wheat Advisory Committee formed at a conference of thirty-one nations in London in 1933 and of which the then Premier Bennett was chairman met in London recently. The Chilean Ambassador suggested an inquiry into the creation of 'an international revolving wheat reserve, controlled and financed by an international body, the reserve to be drawn upon from time to time to meet the needs of regions and countries which cannot afford to pay the current commercial prices.' The reserve supply he suggested should be used only for grave emergencies and for satisfying 'a demand which could not be made effective, be-

cause of lack of purchasing power, under normal commercial conditions.' He added: 'In the absence of a very great increase in the volume of international trade in wheat, the present world wheat acreage will, given normal atmospheric conditions, produce another burdensome world surplus accompanied by unremunerative prices to producers.' He favored an increase in consumption rather than a decrease in production so suggested the international revolving wheat reserve which was well received by all the members of the Wheat Advisory Committee.

The Rambler

By FREDERICK FAILES

"The time has come," the walrus said,
To talk of many things:
Of shoes and ships and sealing wax
Of cabbages - and kings -
And why the sea is boiling hot -
And whether pigs have wings."
(Through the Looking-Glass)

On a hot August day, almost three-quarters of a century ago, in 1876, a military man and another man keenly interested in sports, went for a swim to the old Killgallon floating bath, moored at the foot of McGill street. At that time this was the only place that a man or boy could legally go swimming in Montreal. The charge was thirteen cents, and at the door were two disconsolate boys who had only twenty-five cents between them. The military man, who was Lieutenant-Colonel Labranche, asked, "Can anything be done to give the boys a chance to swim at a cheaper rate? Why can't we start a club?" His companion, A. G. Lord, insisted that it could be done. A few interested men got together, and a new swimming club was born.

Throughout the years the organization has been known only as the Montreal Swimming Club, kept together by a band of diligent supporters. This year, brought to a head unforeseen circumstances, it was decided to incorporate the organization, and it is now known as the Montreal Swimming Club, Incorporated.

At the annual meeting of the club this year, a letter was read from one of the members suggesting that junior members be dispensed with. The suggestion immediately brought several members to their feet. It was recalled that the club came into being through the need of providing facilities for boys to swim, and nothing could be done now to deprive the youngsters of that privilege. It is significant to note that last year, while the senior membership numbered over 300, the junior membership was near the 900 mark — and there were other hundreds, not men, who came frequently to swim.

Another feature is the ridiculously low membership fee for youngsters. Here a boy can swim to his heart's content from May until September for the trivial sum of fifty cents. Senior membership is two dollars a year. It is worth ten times that sum.

With broad expanse of lawns, flower beds, shade trees, ample facilities for sun bathing, shower baths, comfortable dressing rooms, plenty of locker space, drinking fountains, refreshment stand, beach for the youngsters, diving boards and diving tower for more advanced swimmers, the club today provided a real paradise for those desiring to escape the city's summer heat, or for those unable to get away to the country for weekends. It is conveniently located, and easily accessible.

In 1878 a new wharf was built and the City surrendered the old wharf to the government. This was the opportunity for the club. Through the then Minister of Militia, a grant from the government of a part of the military reserve on St. Helen's Island was secured, with permission to build the necessary buildings thereon, and to exclude from the grounds all those who were not members of the Montreal Swimming Club. Thus five generations have learned to swim at the club property. It is strictly for men and boys. On

The cost is surely economical: 1 1/2 cents per 100 gallons of pure water delivered at the tap.

In the last sentence of the article on 'Ottawa's Water Supply,' readers are left to ponder, however, over the following item of information:

Of the total cost, only 44 per cent was spent for operating, 56 per cent being debenture charges and bank interest.

In other words, out of every dollar paid for the water services in Ottawa more than 50 cents goes to the debt system. Socialism is supposed to eliminate private gain in public utilities. — Ottawa Citizen.

Bulletins From Birdland The Whip-Poor-Will By Winifred E. Wilson

Ninety-one, ninety-two, (pause), ninety-three, ninety-four, ninety-five, ninety-six—silence at last! Surely that will be the end, I think to myself as I turn over in bed. But no, there goes the serenader again, farther away, it is true, but not far enough to prevent me from continuing that dreadful habit of counting.

It is the Whip-poor-will, saying its own name over and over, with the same little jerks each time, the same inflection at the last syllable. Occasionally it hurries its own words as though to catch up after too long a wait; then it settles down again to the regular rhythm, like the pendulum of a clock. On moonlit nights the minstrel is at his best. As long as the session is not too long I enjoy hearing the mysterious, mournful sound, even at close range. But it is so plaintive, so weird, that superstitious people associate it with misfortune.

Every Whip-poor-will has a series of perches to which it goes in turn, always visiting the same station at approximately the same hour. One summer a water-barrel at the corner of our verandah was the favourite spot each evening as dusk fell. Friends of ours had the pleasure of a Whip-poor-will's company just after dark every night for several summers, the chosen perch being a saw-horse outside the back door.

The Whip-poor-will belongs to the same family as the Nighthawk and strongly resembles it. Both have small bills and huge, be-whiskered mouths, especially made for scooping up May beetles and June bugs while flying; both have long, pointed wings and weak feet; both are silt browns with a few white patches in the plumage of the males, and in the twilight look like big brown moths. Neither makes a nest, simply laying the eggs on the ground or on some flat surface.

These birds are practically the same size—about ten inches long. But the Whip-poor-will keeps to the woods, whereas its cousin often lives in cities. Their greatest difference, however, is that the Nighthawk, in spite of its name, is not entirely nocturnal. It may sometimes be seen in broad daylight, flying high overhead. That is the Whip-poor-will's time for sleep; hidden, because of its marvellous protective coloration, though actually in plain sight among leaves on the ground.

What bird builds a hanging basket in city trees?

MANY DISEASES ARE TREATED AT THIS HOSPITAL

Children's Memorial Hospital Treats 280 Different Groups Annually

Anorexia, Coli Pterygium, Phlebotaricosis and Lymphadenitis, are only four of the names mysterious to the layman, to be found in the list of 280 different groups or types of diseases treated in children every year, in the Montreal Children's Memorial Hospital, as shown in the annual report.

That is not the number of diseases and afflictions, but the number of groups thereof. If the individual troubles in each group were counted, the number would be multiplied tenfold.

For instance, a recent annual report shows that 36 different types and locations of abscesses were treated, during one year. They included alveolar and around the teeth, abscesses in the ear, nose and throat; cervical abscesses, affecting the glandular system, submental abscesses, affecting the nervous system; abscesses on the bones, lung abscesses, beside the more commonly known types of abscesses that arise in various parts of the body.

A dozen different types of heart trouble were treated, the commonest being rheumatic carditis, of which there were 14 cases in a recent annual report. The principal source of heart trouble is rheumatism and rheumatic affections in childhood. The 68 cases treated during one year break up into two main categories, rheumatic fever and rheumatic infection.

Tuberculosis Cases

The 214 tuberculosis cases treated in the hospital that year break up into 13 different generic classes, and include numerous cases of bone tuberculosis, tuberculous infections of glands and tuberculous abscesses.

Vincent's Angina (well-known to soldiers "somewhere in France" two decades ago as Trench Mouth) gets around among the children of Montreal still. Four cases were cured in one year at the C.M.H.

Ear, nose and throat troubles bring a lot of work to the children's hospital. They had 1,223 cases, covering 24 different types of diseases apart from abscesses already mentioned. They ranged from 45 mastoid cases and 803 tonsil and adenoid troubles, foreign bodies in the nose and plain colds in the head.

Types of Hernia

Five different types of hernia were treated, in 87 cases. There were 33 different types of congenital malformation and disease, i.e., defects or diseases with which the child was born. There were three babies born with dislocated hips, one born with more thumbs than he had any use for, while three were born with heart defects.

These diseases are part and parcel of the daily life of the Hospital whose physical capacity will be enlarged and equipment augmented with subscriptions obtained in the million dollar campaign to be held from June 5th to June 14th. Of the million dollars, approximately 70 per cent is needed to complete the building, rearrange the main building, add equipment and more facilities, while the balance is required to pay off accumulated deficits and most anticipated deficits in the next three years.

Wool Manufacturers See Great Harm In Wood Labeling Bill

Opponents of wool labeling legislation told a Senate committee enactment of the Schwartz-Martin bill would do great harm to American Woolen manufacturers.

Isadore Grossman of the National Association of Men's Clothing Manufacturers, declared the bills were misleading. He said they would do consumers no good whatever, while incurring manufacturers.

"Adoption of this bill will work great injury to business," said Mr. Grossman. "It will reduce sales. It will subtract from market value of reprocessed wool and deprive consumers of garments which, while made of reclaimed fibers are of excellent quality."

"It will stimulate the market for virgin wool and raise the consumer price of goods made of it. The grade of virgin wool used may be inferior to reprocessed wool which otherwise would have been used."

Joseph L. Dubow of New York City, representing the Ladies Garment Association, likewise assailed the legislation.

Passage of the Schwartz-Martin labeling bill would place a false value on virgin wool, he said, and lead to unwarranted high prices of garments made of it.

Bertram Meinitz, market observer and counsel to woolen manufacturers, objected also to enactment of the legislation.

Germany is now the world's second largest benzol-producing country.

Many Clever Students In Frances Goltman Recital

Victoria Hall will be the scene of the Sixth Annual Concert by pupils of Miss Frances Goltman, Lic. Mus., the widely-read music columnist of "The Monitor." A varied and interesting program has been arranged and the concert will take place on Tuesday evening, June 6th.

The following students will take part:—Ronald Cape, Lois Pearson, Frances Morris, Norma-Betty Grover, Audrey Perchanok, Joan Rubin, Renee Rothman, Kenneth Gross, Barbara Glickman, Jonathan Robinson, Sylvia Marks, June Denison, Joy Shatner, David Robinson, Suzanne Cohen, Ronald Denison, Connie Rothman, Marilyn Mailman, Glorienne Schwartz, Gloria Lavene, Gordon Edelstone, Leonore Briskin, Phyllis Gameroft, Clifford Asch, Elaine Robinson, Joyce Ginsberg, Sheila Sappera, Natalie Sommer, Mitzi Berger, Norma Bernstein, Evelyn

The SNAPSHOT GUILD TRICK PICTURES

"Castle in the clouds"—an easy trick shot you can make at home. For how to do it, see below.

TRICK pictures made with the aid of glass or mirrors are easy—and these devices permit many unusual effects.

Place an object on a table with glass top—shoot from underneath the table—and the object seems to be floating in air, for the glass, of course, will be invisible.

That is how the picture of the "castle in the clouds," shown above, was taken. A big piece of glass served as support—the castle is a toy one—the clouds are pieces of fluffy cotton. And a portrait attachment was used on the camera to permit shooting "close-up." Diagram 1 shows how things were arranged.

You can use this same technique in shooting a picture of a pet—in picturing a ship model—showing a doll making a high dive—and in many other clever, striking snap-

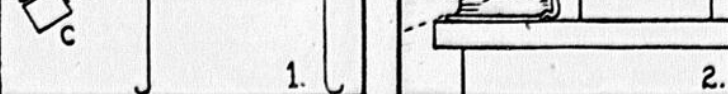

shots. Just have the glass well cleaned, don't allow it to pick up reflections from your photo lights, and your pictures will truly puzzle anyone who views them.

Mirrors are extremely useful in making trick snaps. For an amusing shot, get a plain unmounted mirror, and place it level just under the camera lens as shown in Diagram 2. Take a picture of your house with this arrangement—and if the mirror is correctly adjusted as shown, your picture will show a lake in your front yard! The mirror cuts off the lower half of the scene, and substitutes an upside-down reflection, just as would appear in a smooth sheet of water!

Try these simple, amusing camera stunts. You can make trick pictures as well as anybody!

"Our Need Of Penticost" Theme Of Church Sermon

On Sunday morning in Calvary Church, the minister, the Rev. T. W. Jones, will preach on the theme "Our Need of Penticost," this day being the Feast of Penticost in the calendar of the Christian Church, when the outpouring of the Holy Spirit upon the first disciples is recalled and commemorated. At this service Offering Plates, given in loving remembrance of Thomas Jones, the father of the Minister, will be received and dedicated for use in the Church.

At the evening service at 7.30 p.m., Dr. Jones will complete the series of sermons he has been delivering in Calvary Church on The Protestant Faith, by preaching on the theme, "The Creative Influence of Protestantism in the World Today."

The Sunday School will meet at 11.00 a.m., with organized classes in all departments of the work. The Men's Own Brotherhood will

also meet at 3 o'clock in the Church Auditorium.

The Monthly Communion Service will be held on Sunday evening, June 4th, with reception of new members into the fellowship of the church.

One of the outstanding festivals in the life of Calvary Church, is Children's Day, Sunday, June 11th, has been chosen for this special occasion this year. The morning worship will be conducted by Officers of the school, while a sacred Service of song will be rendered by the members, led by the Junior Choir.

The inspiring graduation service will take place in the school at 3 o'clock. The date for the church and school picnic has been set for Saturday, June 17th.

Thursday, June 22nd, a Strawberry Social, with True or False program will be held in the church hall, under the auspices of the W.A.

DAVE AMORY IS NEW PRESIDENT

Elected Head of Province Of Quebec Society for Crippled Children

The Province of Quebec Society for Crippled Children will receive a grant of \$55,000 this year from the Provincial Government, it was announced at the society's annual meeting held in the Mount Royal Hotel. The interest taken by the Government in the work of the society was stressed by Hon. Gilbert Layton, Minister without Portfolio, and W. R. Bulloch, M.L.A., both of whom spoke at the meeting.

The annual report of the executive secretary, Miss M. A. Daigle, showed that the society had again been active in the 12-months' period ending March 31 last. Nineteen meetings had been held, and a total of 4,943 cases had received attention.

The report concluded with an appreciation of the co-operation received from parents and an expression of the thanks of the society for the assistance received from groups and individuals, especially in the "forget-me-not" tag campaign.

D. Amory was elected president of the society, succeeding C. D. Turcotte, who presided at last night's meeting. Seated on the platform were: Mr. Turcotte, Mr. Amory, Mr. Layton, Mr. Bulloch, Rev. Gilbert Oliver, Rev. Lawrence Whelan, Dr. E. Dulbe and Dr. Adelard Groulx, all of whom, together with Michael Hirsch, spoke briefly.

Other officers elected were: J. A. Lapres, J. T. R. Steeves, Alex. Nickle and Walter Harris, vice-presidents; W. H. Spearman, honorary secretary-treasurer; J. R. Bourassa, J. Carson, Albert Chevalier, Mrs. A. St. J. d'Artois, C. J. Deacher, H. B. Little, Gordon Mann, F. M. Marcotte and H. Mills, directors; Miss M. A. Daigle, executive secretary; Rev. Gilbert Oliver, Rev. D. Binette and Rev. H. Abramowitz, chaplains; Dr. W. J. Patterson and Dr. E. Dube, chairmen of the medical board.

COASTER RACE DAY POSTPONED

Interruption in Plans Caused by Royal Visit Given as Reason

Originally scheduled to take place on June 17, the second annual Coaster Classic sponsored by the Kinsman Club of Montreal has been postponed until Saturday, July 8, according to an announcement made last night.

Representatives of the service club explained that the delay was occasioned by interruption of preparations for the race by the royal visit, and also because many of the entrants would have been thick in school exams at the earlier date.

The Kinsman Club hopes to expand its eye clinic for underprivileged children and to add to its playground and library facilities with funds secured through sponsorship of cars in the race. Last year, over 90 cars took part.

Anyone may enter the Coaster Classic, model cars must be home made, and full information may be secured by addressing a card to the Kinsman Club at the Mount Royal Hotel.

Gross, Miriam Ripstein, Dorothy Asch, Shirley Bronstein, Katherine Silver, Riva Ripstein.

A feature of these annual recitals is that there is no admission charge. The public is invited to attend and the concert will begin promptly at 8.15.

SCOUT LEADERS TO HOLD RALLY THIS WEEK END

Expect 75 or 100 of Westmount District to Take Part at Ville La Salle

Patrol Leaders and Seconds of the Westmount District will hold their annual Rally this week end, when an all day programme will be held in the terrain adjacent to the City Aqueduct, near Ville La Salle.

Approximately 75 to 100 leaders, together with their officers will take part in the event, which commences at 10.30 in the morning, and will continue through until about 10 o'clock in the evening.

Included in the programme will be instruction in tracking and trailing, estimations, map drawing, twist and damper making, and wide games and competitions.

Scouts may reach the property by taking the Verdun-Atwater bus to the end of the line, transferring to a Lachine Rapids bus, getting off at the corner of Fourth Avenue half a mile to the Aqueduct, walking north on Fourth Avenue half a mile to the Aqueduct, and a quarter mile west along the Aqueduct to the property, which will be identified by special signs.

CHEERIES ARE RIPE IN PARIS

Cheerries are getting in some good color work for house coats and lingerie. A bunch of bright red ones is embroidered on one revers and a single pocket of a house coat in white silk pique that has red embroidered edges. Nightgowns and slips in white handkerchief linen are cherry embroidered in small clusters. Paquin is promoting this orchard touch.

CHEESE MUST AGE

The Netherlands Government has ruled that "lunch" cheeses must not be shipped to the United States until they are at least two weeks old.

Mr. Roland Johnston, church organist, accompanied the vested choir, of which Miss Monce is a member, in the singing of the processional hymn, "O Father All Creating," during the signing of the register, "O Perfect Love," was sung by the choir and Miss Agnes Rigby sang, "Ich Liebe Dich."

Given in marriage by Mr. Frederick S. Runacres, the bride wore a gown of eggshell lace over satin with the full skirt falling into a

The Way To A Man's Heart Three Fruit Salad Is As Easy To Make As It Is Good To Eat.

A three-fruit salad bowl of crisp greens, sliced bananas, perfect strawberry and orange discs served with a sweet French dressing. Makes an ideal dish for Sunday supper.

Fruit in a bowl is only half the story. Fresh fruits have won the American heart, and as a result, we have invented myriad delightful fruit combinations for salads and desserts.

Three-Fruit Salad Bowl

(According to size of family)
Chicory, romaine, watercress, bananas, strawberries, oranges, sweet French dressing.

Line large, chilled salad bowl with crisp greens. Slice bananas, wash and hull strawberries and slice oranges into perfect discs without peel or white membrane.

Arrange fruit in three sections on bed of greens. Serve each person with some of each of the three fruits. Pass sweet French dressing.

Sweet French Dressing

(1 1/2 cups)
One-half cup lemon juice, 1/2 cup olive or other salad oil, 1 teaspoon salt, 1 teaspoon paprika, 1/2 cup red currant jelly or strained honey. Blend well and chill. Shake before

serving.
If you like to serve delicate surprises with your tea tray, try these fruit concoctions: split plump raspberries stuffed with cream cheese softened with cream; balls of fresh pineapple rolled in grated fresh coconut or ground pistachio nuts; grapes stuffed with cream cheese mixed with garden herbs; orange slices rolled in fresh grated coconut.

Strawberry Rhubarb Coupe

(1 1/2 pints)
Three cups strawberry rhubarb cut in 1/2 inch pieces, 2 cups water, 1 1/2 cups sugar, 1 cup unsweetened pineapple juice, 1 teaspoon grenadine syrup, whipped cream, nuts.

Cook unpeeled pink rhubarb with water and sugar very slowly until tender. Then force through coarse sieve. Cool, then combine with pineapple juice and grenadine. Add pinch salt. Freeze.

Serve in tall sherbet glasses. Fill 3/4 full and top with whipped cream and chopped nuts.

train, an orchid bridal wreath hat with high bows and streamers falling below her shoulders and a veil. She carried a nosegay of orchids and lily-of-the-valley.

Miss Hannah Kingston, of St. Lambert, who was the bride's only attendant, wore a frock of turquoise crepe fashioned on princess lines with a heart-shaped neck, and short sleeves, a large black picture hat and black lace mittens. She carried a bouquet of multi-colored sweet-peas.

Mr. Stanley Seymour acted as best man for Mr. Nicol and the ushers were Mr. John McCaskill and Mr. John Stanford.

The reception was held at home of Mr. and Mrs. Frederick S. Runacres, 5438 Coolbrooke avenue. Later Mr. and Mrs. Nicol left by motor for the New England States, the bride travelling in a navy blue tailored suit, with a white crepe blouse, a white hat trimmed with navy blue, and navy blue accessories.

On their return they will reside at 5207 Globet avenue.

Pepper-Robertson

The marriage of Audrey Gwendolyn, daughter of Mr. and Mrs. Thomson Robertson, of Westmount, to Mr. Ralph Pepper, of Halifax, son of Mr. and Mrs. Arthur H. Pepper, of Notre Dame de Grace, took place on Monday evening at half-past six o'clock, at the home of the bride's parents, Metcalfe avenue, Venerable Archdeacon J. M. Almond, of Trinity Memorial Church officiating.

The bride, who was given in marriage by her father, wore her mother's wedding gown of old lace, over white taffeta, made on simple lines with a "V" neck and puffed sleeves, the full skirt extending into a short train. Her veil of tulle illusion, made in cap effect was held in place by orange blossoms, and she carried a bouquet of sweetheart roses, bouvardi and forget-me-nots.

Her only attendant, Miss Margaret Macdonald, was in a gown of goblin blue georgette, over taffeta, made on fitted lines, with a very full skirt and a short tucked bolero, and she wore a braided bandeau of the same material as her gown in her hair. She carried

Variety Is Keynote In Hand-Knit Wear

Kostia de War is showing a particularly large collection of hand-knitted clothes. Novel formal evening gowns are crocheted of an exotic paper-yarn mingled with gold threads. A combination of crocheted and knitting is featured in blue and white straw, as supple as satin, for a high-necked evening gown in the Victorian manner; the bodice is made like a basque, and the ample skirt is finished with decorative borders and hem. Irish linen thread, crocheted or knitted in a simplified lace or net design, is stressed by Kostia de War. Charming patterns suggest wavelets or tiny shells. Evening gowns in white, yellow or pink crocheted linen are on simple lines. De War shows both narrow and simple skirts over colored satin slips. These frocks are repeating the success of her famous metal-filled sheaths. An outstanding dinner suit for southern wear is in rose-beige linen thread mixed with gold crocheted in a shell-stitch. It has a mannish lumberjack with gold crocheted buttons. The skirt is long and slim.

Trim, Sheer Suit For Wear At Fair

The woman who is not going to miss any of the Fair, from the House of Jewels to the Hall of Man, will like a trim sheer suit suitably tailored like a man's, with never a pleat in the skirt to crumple as she dashes about. Perhaps it has a flash of white.

Another visitor at the Fair will be the girl, herself an expression of tomorrow's promise, who will breeze out to take a whirl about the place. She may, if she likes, match its effulgence in plaids that will pick up its hues and make her seem a very part of its exuberant spirit. For once, color will reign supreme. Who knows but that its very audacity may react on the feminine temperament, driving it back, in the not too remote future, to a more somber expression? So why not wear color now?

While the Fair will have its serious side, fun will be all about the Amusement Centre. There the visitor will whirl down an auto speedway, visit a jungle camp and dance the rumba in a place like Sloop Joe's. For such madcap diversions on hot days one can don a gingham suit. Good-looking enough to wear on Fifth avenue, it can be plunged into the laundry tub after a day's frolic.

It's at night that the Fair promises enchantment. Buildings illuminated from without, trees aglow to the tips of their feathery branches, fountains tossing colored ribbons of water into the dark, fireworks showering stars upon the lagoons. Then it is that women will want to look their prettiest. They'll dine at the restaurants of foreign pavilions or in the cool gray-and-yellow dining room of the Terrace Club, in chiffons and sheers or sleek cool jerseys, made street-length with bodices charmingly cut and draped to suggest formality. "Pretty but practical" will be the ideal.

Women of London are wearing hats resembling baskets of flowers complete with handle.

TEA TIME TOPICS

Her Gracious Majesty, Queen Elizabeth, in speaking to Canadians, at the laying of the corner stone of the Hall of Justice, said that it was very fitting that a woman should be asked to perform such an act. The Queen went on to speak of the freedom of women in the British Empire. We hope that the powers that be, heard our beloved Queen make these remarks, particularly those in Quebec. For in this Province it is not fitting for a woman to do anything, outside of her home, even there according to laws, she ranks second.

"Isn't she beautiful, isn't she lovely," seems to be all that people are able to say about Her Majesty the Queen. For the most part, both men and women were completely amazed, for any picture that has been taken of Queen Elizabeth, does not do her justice. We had the opportunity of seeing her at very close range. The soft texture of her lovely skin and skillfully applied make-up demonstrated the fact that truly, she was a woman, first. Her gracious

Light Grey Flannel For Summer Suit

A most attractive man's outfit for summer can be made from light grey flannel with white stripes. Looks clean and cool and needs no waistcoat. Gray soft felt hat has a narrow black band. This is smart enough for town on a summer day and suitable for country house parties.

Now we have a country suit pure and simple. Jacket is of gray check material with overchecks. Trousers of same pattern and weave but minus the overchecks. Pork-pie hat snaps at front. Striped shirt and collar tone with suit. Patch pockets decorate jacket. Slipover takes the place of waistcoat.

Lastly, there is a rig designed for week-end or holiday. Brown corduroy sports jacket contains bellows pockets, slits at side, half belt across back. It might be mated with fawn or light brown flannel or hopsack tweed trousers. Pork-pie or Tyrolean shaped hat.

manner and appealing smile won the heart of all Montreal.

We had the pleasure of meeting two very fine English gentlemen on Thursday. These two gentlemen were vacationing in New York City, and came up to Montreal, to see the King and Queen. Although seeing Royalty is not a new thing to these two men, they felt that they could not miss an opportunity of seeing the King and Queen again. Following the functions in town they had to return to New York to sail back to England aboard the Queen Mary. The two Englishmen have realized that the saying, "The Sun Never Sets on the British Empire," is very true.

Lanvin is endorsing the Indo-Chinese influence. This is especially notable in end-of-the-day long and narrow sheath gowns; they are slit to the knee. Straight day coats of Duveltyne, in such bright colors as vermilion or jade, are also slit at the back or sides. In this house one notes longer suit-jackets than are shown elsewhere. They are wrist of knuckle length and semi-fitted. Slim dinner dress have huge contrasting bishop sleeves. Lanvin has abandoned evening crinolines for soft fullness.

Mrs. B. F. L.—To clean leather furniture, plain linseed oil is the best cleaner for upholstered leather furniture. It is a purely vegetable oil which preserves and cleans the leather. Remove the dust first and apply the oil with a soft cloth. Polish thoroughly with a clean dry cloth. You will be delighted with the deep lustre and soft feel of the leather.

THEATRICAL
ATTRACTIONSRobert Taylor is Eligible
For Izaak Walton League

Robert Taylor, ordinarily a rather disinterested fisherman who frankly admits he hasn't the patience to wait all morning for a nibble, was converted and joined the ranks of the most fanatical Izaak Walton League, thanks to Florence Rice.

Miss Rice, who would rather go trout-fishing than eat, talked Taylor into accompanying her and some half-dozen other members of the "Stand Up and Fight" location troupe on an hour's expedition to Butte Creek in the High Sierras. The film is now showing at the Westmount United Theatre until Saturday.

At the end of the hour Taylor had reeled in three small rainbow trout and Miss Rice had one, which they proudly brought back to

camp. "Go on, those aren't trout. They're sardines," kidded Wallace Beery and Director W. S. Van Dyke. "Put 'em back in the can." After the four had been cleaned and fried, however, all admitted that the flavor was marvelous.

At Taylor's urging the band of fishermen returned to the creek and tried again as soon as the day's work was over, but by nightfall they'd had only two nibbles between them. Taylor wasn't daunted. "I'll be back here every day," he announced, "and make Berry eat his words. Or the fish. Or both."

Wallace Beery and Taylor are co-starred in "Stand Up and Fight," with featured roles played by Miss Rice, Helen Broderick and Charles Bickford.

RETROSPECT

While massed bands played "Rule Britannia" and untold thousands cheered themselves hoarse, Their Majesties left Ottawa Sunday afternoon, bound for Toronto and waiting millions in the west.

As the King and Queen, smartly garbed and smiling broadly, stepped upon the observation platform of their blue and silver train and waved their hands in fond farewell, those of us privileged to cover royal activities in eastern Canada were saddened suddenly with a deep feeling of personal loss.

Though few of us had been honoured by introduction to the King, we had travelled with him from Quebec to Montreal, and from special mention... Don Voorhees

Annual Appeal
Made By S.P.C.A.

The Canadian S.P.C.A. will hold its annual tag day on Saturday. This event is conducted in order to raise sufficient funds to care for injured or neglected animals throughout the city.

The objects of this society are protective and educational and it is working to introduce humane methods and proper care in the use of animals for commercial purposes.

Thousands of cats and dogs are brought to the Society's headquarters on St. James Street every year, where they are treated for various types of injuries and diseases. It is to continue this work that the annual campaign is conducted.

Fast fielding plays will be converted to electrical impulses next week when NBC televises a baseball game from Baker Field, New York. Viewers within the fifty mile radius of W2XBS will be able to boo the umpire from their easy chairs. . . Top name bands will be recording a catchy little ditty by Ken Sisson and Leo Lesieur. Entitled "You'll Find a Bit of Gay Paree in Dear Old Montreal," the tune was published last week by Baron Music, New York. . . Ben Bernie to the Forum June 1, the first of a proposed series of major musical attractions to fill vacant dates throughout the summer months. . .

"Tag" On Film
All-Important
To End Story

"And so they lived happily ever after." That, dear reader, is known in film language as a "tag." It's the most familiar, and many say still the best-liked, of all endings to a story, and they are legion.

Movie studios go to great lengths to get the best possible "tags" for their pictures, on the theory that if the customers are deeply pleased with the last scenes they will leave the theatre with a favorable opinion of the picture. Writers, directors and producers sit up to the wee hours of the a.m. figuring out a "tag" for a picture that otherwise they are sure is "in the bag." It's the finishing touch that guarantees a happy reception.

Topping all efforts for the present movie year to find such "tags" was the session put in by Director Allan Dwan, Associate Producer Raymond Griffith, Screen Play Writers M. M. Musselman, William A. Drake and Sam Hellman, and Special Writers Sid Kullman and Ray Golden, to find a top-notch "tag" for 20th Century-Fox's musical comedy version of Alexandre Dumas' "The Three Musketeers," now at the York United Theatre until Friday. Don Ameche and The Ritz Brothers are starred in the film, with Binnie Barnes, Gloria Stuart, Pauline Moore and Joseph Schildkraut featured.

The seven "tag" parts got together in not-so-solemn conclave and figured out five different endings for the picture which is as thrill-jammed with swordplay as it is fun-packed with horseplay. But it seems five good endings are worse than one, since not one of the experts could decide which he liked better.

As a result all five endings were filmed and presented in five different sneak previews in small towns to decide which one was best. One of the five brought such an overwhelming acclaim that it was immediately "tagged" on the master film which may be seen now at the York United Theatre.

"Tail Spin" Is
First Film Of
Women Fliers

Flying has always offered a fertile field to Hollywood producers, and the films have dramatized practically every phase of it. They have glorified the young war birds of another generation, have focused on the precision miracles of air transport and have, on occasion, even projected us into the future and woe to us to a preview of our great-grandchildren being whisked off to Mars in a projectile.

But the progressively important part being played by women in aviation was neglected until Darryl F. Zanuck conceived the idea of producing "Tail Spin," a smashing melodrama of women who fly, which is now playing at the Snowdon United Theatre until Saturday.

"Tail Spin" is, according to Zanuck, not so much an epic of the air as the simple, yet tremendously dramatic story of three women who go in for flying at its most dangerous. There is Trixie, who flies because she needs the money so desperately. There is Gerry, who flies because she loves a man who thinks it is the greatest thing in the world; and then, there is Lois, who flies because it keeps her near her pilot husband.

Al Plunkett
Starts New
Series

Another series of splendid entertainment is in store for residents of the West End, with news that Al Plunkett, famed Dumbell, is once more inaugurating his popular amateur shows.

These will be staged weekly in the west end at the Monkland Theatre, where the best of Montreal talent will be displayed. Al Plunkett's amateurs will be at the Seville every Wednesday. Seven units of United Theatres will be included in the new series, for in addition to the Monkland and Seville, the Corona, Rialto, Granada and Papi-neau will feature the shows.

This new series, in the west end, is being sponsored by a group of district merchants.

'Cafe Society'
Is Story Of
52nd Street

"Cafe Society," the much-publicized elite of Manhattan's night clubs and bars, the most colorful group of characters on the American scene today, has crashed Hollywood. The glittering coterie which has turned the "400" into a stamping-ground for jitterbugs and probably gets more space in the newspapers than war or Roosevelt is made the subject for a hilarious screen ribbing in "Cafe Society," Paramount's new comedy, now playing at the Monkland United Theatre until Saturday.

With Madeleine Carroll, Fred MacMurray and Shirley Ross playing the leading roles, "Cafe Society" turns inside out 1939's counterpart to the "400" of a generation ago, and does it so good-naturedly that even the most ardent apologist for New York's so-called smartest set must join in the fun.

All the characters who have made the term "Cafe Society" a synonym for glamour, excitement, scandal and extravagant living take their place in the spotlight as the comedy unfolds its tale of a spoiled society girl who marries a hardboiled newspaperman in order to get in the gossip columns and finds a husband far different from what she expects.

Among the leading types portrayed in the picture are the publicity-hunting debutantes, the stop-at-nothing writers of the gossip columns, the social-climbing representatives of the business and financial world, the disillusioned newspapermen, the frantic party-throws and the pathetic upholders of the older order that is vanishing.

Club Held Annual Dinner On Monday

The annual dinner of the Westmount Rugby Football Club was held in the Windsor Hotel, Monday night with an attendance of over 50.

Captain Johnny Thornber, representing the junior team that won the Eastern Canada Championship last fall, was presented with the Q.R.F.U. Pat Lynch Trophy and the Inter-Provincial Union Cup. Members of the squad received Q.R.F.U. and Inter-Provincial championship crests.

COURSE OPENS IN FIRST AID AT 'Y' BRANCH

Hugh A. Noble, Director of Health and Physical Education, in Charge

On Monday night last, a course was started at the Westmount Y.M.C.A., in first aid and massage. This course is being given by Hugh A. Noble, Director of Health and Physical Education. The course is being given in conjunction with one of the requirements of the Senior Leaders' Corps, which states, that definite instruction must be had in First Aid.

The group meets every Monday night for an hour and a half; the period being divided into two parts. The first part devoted to lecture, and the last half of the period given over to practice. On Monday last, Mr. Noble gave a brief outline of the course and pointed out the needs for safety in athletics; emphasizing first, prevention, and then treatment, with prevention he elaborated on the player's condition, the proper use of protective measures, and knowledge of muscular co-ordination.

In treatment, Mr. Noble pointed out the necessity for all athletes to have an elementary knowledge of methods, possibilities and limitations of first aid.

Heather Lodge Popular Resort

Heather Lodge, located in Rawdon, is open for the summer season shortly. The Lodge is fireproofed, is a steam heated modern structure and has 25 large rooms. Many rooms have private baths with showers; also suites of rooms with baths between.

Guests are afforded the opportunity to avail themselves to the nine-hole putting green, a golf course, five minutes walk from the Lodge, fishing and hunting also are among the many attractions. A sandy beach on the Lodge's property offers an excellent site for bathing.

Heather Lodge is 50 miles north of Montreal and located at the foot of Rawdon Lake, overlooking Mason Falls.

Belmont Park Provides Entertainment For All

With the spirit of the festive season still hovering over the city and with thoughts turning to the outdoors, Belmont Park has proudly raised its head as Canada's most beautiful Amusement Park and caterer to Montreal's thousands of pleasure seekers. Overlooking the cravings of neither old nor young, the management of Belmont Park has installed several attractions on the midway that have already cast their magic spell over one and all.

The chief source of enjoyment is supplied by the "Flying Scooters" which are controlled by riders themselves. Skeptical of advance reports on this new "thrillride," patrons at first tried the ride with an air of indifference, but when once they started operating their cars, by a simple control, dipping, zooming, climbing and sailing through the air with

all the thrills of flying, they realized that the advance reports failed to do ample justice to the ride. So thrilled were they that they repeated the ride two or three times. The old favorites, "The Magic Carpet" and "Bozo" still hold appeal for all.

Eric the Great, the man who flirts with death, performs amazing breath-taking feats on a pole 204 feet high. Executing handstands and going through several daredevil stunts, Eric, from the time he ascends the pole to the time he again reaches terra firma, keeps his audiences in a state of fascination. Eric performs twice daily—at 5 and at 11 p.m.

Stan Wood and his new aggregation of musicians swing it nightly to the thorough enjoyment of those wishing to dance as well as those who enjoy good, snappy music.

Speediest 'Old-Time' Printer Wins Honor at Sacramento

Benjamin Franklin Waite, 94, is the "best old-time printer" between the Atlantic and the Pacific.

Working faster than his four opponents, Mr. Waite recently won the contest sponsored by the Sacramento Sales and Advertising Club in conjunction with the Golden-Empire Centennial Celebration which this year commemorates the founding of Sacramento.

As a reward, Mr. Waite will remain in Sacramento as editor of The Placer Times, daily replica of editions published 90 years ago by a paper of that name, first newspaper published in northern California.

Prizes Awarded
He has been presented with a \$1,000 prize, his trip to Sacramento, Calif., from Johnson City, N.Y., and a medal bearing a duplicate of the first flake of gold found by James Wilson Marshall in Capt. John Sutter's mill race in 1848.

Entrants were judged on age, appearance, speed in "sticking" type, and accuracy.

The men set the following paragraph of type in an abode room of Sutter's Fort, using 80-year-old type from the Folsom Telegraph:

"One hundred years ago, Sutter's Fort, the birthplace of Sacramento, California, was established. This year the good people of that city are holding a centennial celebration in honor of the pioneers who braved the dangers and hardships of crossing the continent in order to reach the wonderful gold field that had been found in California. Sacramento, we extend you greetings and wish you success in this, and all other undertakings in which you might engage."

The paragraph was written by D. D. Leahy of Stratford, Okla. Mr. Waite, six minutes ahead of his nearest competitor, set the type in 17 minutes, 31½ seconds.

Athletic Grounds Now Busy Centre

The Westmount Athletic Grounds has been a busy place during the past few days. On Friday a field day was held by Montreal West Public Schools and on Saturday the Westmount Boy's Brigade held its annual display. The latter was attended by an exceptionally large crowd.

Future activities at the field include a track meet by junior schools tomorrow. On Wednesday, June 14, the regular weekly handicaps of the Westmount Track and Field Club will commence. They are open to any amateur who cares to enter.

FORMATION OF SENIOR TEAM HERE PLANNED

Jimmy Riddell and Fred Porter Collaborating on Arrangements

Jimmy Riddell and Fred Porter will collaborate on the formation of a Westmount senior football team to go into action next fall, it was announced at the Westmount Juniors' banquet Monday night.

Porter and Riddell spoke at Monday night's banquet to the junior Westmounts. They agreed that Westmount would have a senior team next fall—in either the O.R.F.U. or the Q.R.F.U.

Porter is through at the Point, and if he has a hand in promoting any team it will be at Westmount. Westmount Juniors won the Eastern Canada championship last season. They were coached by Andy McGillis. Monday night they were presented with the Pat Lynch Trophy, emblematic of the Q.R.F.U. title.

Don Crighton, Johnny Thornber, Craig Campbell, Jimmy Goodwin, Eric Fleet, Vincent Murphy, Eddie Quinn, Herb Burton, Randall Dineen, Art Evans, Leo Hastings, Jack Harrison, Walter Ferrier, Eric Gales, Jerry Buns, Willard Naves, Willie Brown, Don Grignon, Dave Hastings, Dick Fallon, Jimmy Aldi, Cliff McClay, Jack Mowatt, and Frank Mullins, Chick Gilbride and Fred Fiddin, were absentees.

POLITE
The much preoccupied professor walked into the barber shop and sat in a chair next to a woman who was having her hair bobbed. "Haircut, please," ordered the professor.

"Certainly," said the barber. "But if you really want a haircut would you mind taking off your hat first?"

The customer hurriedly removed his hat. "I'm sorry," he apologized as he looked around; "I didn't know there was a lady present!"

FIVE TEAMS, BELIEVED TO BE EVENLY MATCHED, WILL FORM WESTMOUNT LOOP THIS YEAR

Fifty Games Will be Played on Westmount Park Diamonds During Year — Will Compete for W. B. Scott Trophy — Two of Last Year's Teams Have Signed Up — Schedule Will be Released Next Week

The Senior Softball League of Westmount is starting its schedule of fifty games to be played on the Westmount Park diamonds, on Friday, June 2nd, for the right to compete for the W.B. Scott Trophy.

The teams entered this year seem to be very evenly matched and each manager is promising softball fans the most interesting exhibitions seen in many years.

Two of last year's teams have signed up and three other teams have taken up the challenge to win the championship of Westmount. The Blues, champions for last year, are boasting an even stronger team and they fairly burst with confidence as they swing through their practices.

The highly spirited Granites are in again and feel quite confident that this is the year when the older boys of the league will not be able to impress them with their swash-buckling ways.

The Wanderers, who were very much in the fray two years ago, have returned to the league after a season of barnstorming. This team is made up of a number of class A ballplayers and they will most certainly present plenty of opposition to last year's class of the league.

The two new teams are the Grads and the Eagles. The Grads are a seasoned outfit as they are composed mostly of players who were available due to reorganization of the clubs. The unknown team is the Eagles, a team which is bringing new faces into the league. From all reports however, they seem to form an aggressive

team which will win the respect of fans and players alike.

The schedule will appear in next week's issue of the Examiner and until June 2nd, the diamonds will be hot-beds of practise as the players try to remove the kinks from joints, and try out for the team of their choice.
