

RAILWAY MEN AND INDUSTRIAL LEADERS SPEAK OF THE LABOR TROUBLES NOW FACING NATION

Exhibition Authorities Have Distinguished Visitors at Luncheon — Much Appreciation of the Sherbrooke Fair — Mr. Grant Hall, Vice-President of the C.P.R., Urges Co-operation in Labor Questions — Says Immigrants Must Become Canadianized.

CO-OPERATION between the employer and employee in a common effort to solve the problems of today, and to bring down the High Cost of Living by mutual understanding, was the plea of Mr. Grant Hall, Vice-President of the Canadian Pacific Railway, at a luncheon given yesterday by the Directors of the Eastern Townships Agricultural Association to the representative of Canadian railways and manufacturing concerns, which sounded the keynote of the feeling advanced by the distinguished industrial men present.

Mr. E. W. Farwell opened the speaking by proposing a toast to the guests, and welcomed the men representing the two great interests which meant so much to this growing country. In the thirty-five years during which the Sherbrooke Exhibition had been in operation, the railways had brought hundreds of thousands to its doors, since the Exhibition depended largely on outside attendance.

Turning to a different subject, Mr. Farwell spoke of the Dairy exhibit, which has become the pride of every director in the association, and which he stated was the finest ever seen in Canada, bar none.

Called upon as the first speaker to respond to the toast, Mr. Grant Hall touched on various problems which, he said, came before him in his daily work.

"I think some of you know," he said, after thanking the Exhibition officials for their invitation, "that it gives me the greatest pleasure personally to visit Sherbrooke, as I spent a number of years of my life here, and I should not feel at all disappointed if Providence or some other power should decree that I spent further years here."

"I have attended during the last few months, a number of fairs, most of them west of the Great Lakes, and I may say that this Exhibition has no reason to be ashamed and nothing to fear for its progress during the next thirty-five years, if you go as far as you have during the same period in the past."

"Before I sit down, I should like to delve into a few matters which come to my notice daily, and at least to lay before this gathering of business men some of the problems for which I have not been able to find a complete solution."

"Let me say a word as to the general feeling regarding the high cost of living, which is causing a large part of the industrial unrest. This subject must be treated as any other business proposition. During the last few years we have given our full attention only to war problems, now we must turn to vital matters which the war has left. I appeal to the level-headed business men to take up this matter with the representatives of the labor men."

"In regard to immigration, just a word. Canada must have immigration, for she cannot get along without population. A country is made great not by its fields but by those who till them; not by its forests, but by those who cut them down; not by its mines, but by those who work them. Unless we permit immigration, we are going to lose what our boys have been fighting for. But we should insist that those people who come to our shores should become Canadians and British subjects. Our own grandfathers and great-grandfathers fought for this heritage and any man who comes to share it with us should be a Canadian."

OTHER ADDRESSES WERE HEARD.

"Like Grant Hall," said Mr. Johnson, of the Grand Trunk, "I may almost style myself a Sherbrooke boy, and I must congratulate you on the success and progress which are noticeable each year in the exhibition."

Mr. J. H. Walsh, of the Quebec Central, thanked the president for his words in regard to the railways, and said that he was particularly glad to represent the C.P.R., as it had always been so closely connected with Sherbrooke, which was its regional centre.

Col. George Ham, of the publicity department of the C.P.R., spoke in that inimitable way which has made him known at almost every public affair in the Dominion.

"You have had here two men," he said, "who have made unparalleled records, 'who have made unparalleled records which we experienced—General Currie and General Loomis. I am glad to be present, and while you were unable to have the Prince of Wales here, you have another prince of good fellows—your worthy president."

"There are other cities besides Sherbrooke, but I don't think there is one which has so many good fellows to the square inch as has your own town. As to your exhibition, for the size of your population you are doing wonders. Toronto has the biggest fair in Canada, because they have more people within a radius of half a mile than you have in ten miles."

"You are educating the people and you are thus doing something which will be of benefit to the country at large."

"You talk of the high cost of living. I say that to bring down the high cost of living you've got to pull down the high cost of labor. In Toronto the milmen are demanding fifty dollars a week. In Montreal the piano movers are demanding sixty-five dollars, while if our poor school teachers were to see sixty-five dollars all at once they'd fall in a faint."

Your fair this year is better than last, and if the good Lord and the president allow me to come next year, I know that I shall find it still better."

MR. STEWART ON LABOR PROBLEMS.

Mr. F. W. Stewart, vice-president of the Canadian Manufacturers' Association, spoke also of the great problems between capital and labor, which words, he said, should be replaced by "employer" and "employee," so that the two factions could get closer together and work for the common good. The employer must realize the part which the employee plays, and thus could solve 2,127 industrial troubles had occurred, involving a loss of over fifteen million working days. This, to a large extent, was due to lack of co-operation. (Continued on page 5.)

THE WEATHER

FAIR, BECOMING UNSETTLED.

The weather has been rather cool in nearly all parts of the Dominion with good rains in Manitoba and light local showers in the other provinces. A shallow trough of lower pressure is approaching the Lake region from the westward.

Moderate westerly winds, fair today and most of Saturday, then becoming unsettled with showers.

GERMANS NOT ANXIOUS FOR MORE STRIKES

Efforts Made to Start Revolution Aiming to Overthrow Government Do Not Meet with Success.

(Associated Press Despatch.)
BERLIN, Aug. 29.—Complaints that the German workers no longer possess revolutionary vigor, and that they cannot be induced to strike for any political aims, have featured a two-day conference of fifty-two delegates of the extreme independent Spartacist section held in Halle, who claim to represent many thousands of workers.

The conference was held for the purpose of discussing means to overthrow the Government and to start a world revolution. It was resolved to organize a central bureau in Halle, but the President of the conference himself admitted that it would be unwise to attempt to use force to overthrow the Government, because the German proletariat was not sufficiently revolutionary.

ORGANIZING FOR FIGHT AGAINST THE HIGH COSTS

Governors of Seven States Held a Conference with President Wilson.

(Associated Press Despatch.)

WASHINGTON, August 29.—Governors of seven states came to Washington today as a committee from the National Conference of Governors to confer with President Wilson on the cost of living. They were to discuss the campaign to reduce the cost of living. They went into conference immediately with Attorney General Palmer, to discuss the best methods to be pursued in the hunt for profiteers and hoarders.

Later the Governors were in conference with President Wilson at the White House.

FORTY-EIGHT BUILDINGS WIPED OUT BY FLAMES

Fire at Lespanos Did Damage Estimated at Between \$750,000 and \$1,000,000.

(Associated Press Despatch.)
MERCED, Calif., Aug. 29.—Fire originating in the rear of a former saloon wiped out two square blocks in the heart of the business section of Lespanos, thirty-five miles from here last night, causing between \$750,000 and \$1,000,000 in losses and destroying the habitation of at least two hundred people.

When the flames were checked, appraisers said forty-eight buildings and places of business had been wiped out.

QUESTION OF ITALIAN BOUNDARIES DISCUSSED, BUT FIUME WAS NOT MENTIONED

(Associated Press Despatch.)

PARIS, August 29.—The Italian boundaries were discussed by the Supreme Council yesterday, but no decision was reached. The question came up in connection with the Austrian boundaries. Fiume was not mentioned.

There have been many rumors concerning proposed Fiume agreements, but none has actually been reached as yet. It is clear that the Supreme Council will not agree on any settlement of the entire Dalmatian question which does not provide for the complete internationalization of Fiume.

RUMANIA CLAIMS THE ARMISTICE DOES NOT RESTORE ONE-FIFTH OF WHAT THE HUNGARIANS STOLE

Rumanian Authorities Have Discovered Statistics which Show that Between 1916 and 1918 the Central Empires Removed 3,705,148 Tons of Merchandise, of which 2,161,905 Tons were Foodstuffs — This Does Not Include Postal Parcels which German and Austrian Invaders Sent Home by the Carload Daily, Nor What the Army Consumed.

(Associated Press Despatch.)

PARIS, August 29.—Rumanian authorities have discovered in Transylvania highly important statistical material, from which it appears that the Central Empires between December 1, 1916, and October 10, 1918, removed from Rumania 3,705,148 tons of merchandise, of which 2,161,905 tons were foodstuffs and the rest petroleum and raw materials, says a Havas message from Bucharest.

Hundreds of thousands of carloads were removed to Austria-Hungary alone, and it is pointed out that the figures quoted, which are said "certainly not to err on the side of exaggeration," concern only what is officially described as exports. They do not include postal parcels, which German and Austrian invaders sent home by the carload daily, nor what the army of occupation consumed.

"In view of this immense spoliation," the message adds, "the absence of Rumanian delegates from the indemnities commission, and American protests against clauses in the new armistice with Hungary seem at least strange. The armistice does not restore one-fifth of what Hungary has stolen from us."

THE "MADONNA AND CHILD" IS NOW REPORTED STOLEN

Masterpiece Mysteriously Disappears and a Colored Photograph of Picture is Substituted.

(Associated Press Despatch.)

BOLGONA, Italy, Aug. 29.—It has been discovered that Fr. Francis's masterpiece, The Madonna and Child, has been stolen from the Accademia Di Belle Arti, and that a colored photograph of the picture was substituted in place of the original painting. An employee of the gallery found that the photograph had been pasted in the frame so as to conceal the theft. This masterpiece dates back to the fifteenth century. A thorough investigation is being conducted by the police authorities, who suspect some visitors at the gallery last Sunday.

BRITISH NAVAL GUNS ARE HEARD AGAIN.

LONDON, August 29.—A heavy bombardment lasting two hours was heard in Viborg, Finland, on August 27th, in the direction of Kronstadt, the Bolshevik naval base near Petrograd, says a Helsingfors message today. It is supposed that British naval and air forces were engaged.

THE HAGUE WITHDRAWS EXHIBITS AT BRUSSELS

PARIS, August 29.—The municipality of The Hague has withdrawn its exhibit at the Brussels reconstruction exhibition because of the controversy between the Belgian and Netherlands Government over the revision of the treaty of 1923.

HON. WALTER MITCHELL IS GUEST OF HONOR AT THE SHERBROOKE EXHIBITION ON ITS LAST DAY

Best Fair of All Time Has its Last Events Today, with the Provincial Treasurer as Guest at Luncheon — Large Attendance Yesterday Packed Grounds and Grand Stand — Dinner to Exhibitors Largely Attended — Various News Around Exhibition Grounds.

THE arrival of the Hon. Walter G. Mitchell, Provincial Treasurer, who was the guest of honor at the daily luncheon, was the event of greatest interest at the Sherbrooke Exhibition today, which is practically the last day on which the Great Fair will be in operation.

A large turn-out of invited guests greeted Hon. Mr. Mitchell, who had so long been identified with public life in the Eastern Townships, and who as the legislative member for Richmond County is the only representative of this section in the Provincial Cabinet.

Mr. Mitchell, in reply to the introductory address of Mr. E. W. Farwell, spoke with eloquence and the greatest interest of the present provincial situation, dealt with problems of the day, and complimented the President and Directors of the Agricultural Association on their successful efforts to make this year's exhibition the best yet.

This afternoon, Mr. Mitchell is being escorted around the grounds, and has expressed himself on several occasions as being highly pleased with the progress which the Exhibition has undoubtedly made this year.

Yesterday was a great day in the history of the Exhibition, and while the estimated attendance did not quite equal that of the day before, somewhat over twenty-five thousand poured through the great main gates and were delighted by the many features presented. More than twelve hundred automobiles packed the great parking space in the centre of the grounds, which presents the appearance of some great army of machines.

The dinner tendered last evening to the exhibitors filled the hall of the Administration Building to capacity. Mr. Farwell, and several others spoke briefly, and in the general conversation many valuable suggestions were advanced for next year's Fair, some of which, no doubt, will be acted upon.

A large crowd has been besieging every department of the Exhibition all day today, which is the last day on which the great Fair will be open. Tomorrow the stock and equipment will be taken away, the tents and fittings of the Midway will vanish, the buildings will be locked, and it will be over until next year.

I.O.D.E. OPERATE BOOTH.

(Associated Press Despatch.)

The I.O.D.E. in response to the request of Mr. James Mackinnon, undertook the sale of the War Saving Stamps at the Board of Trade booth of the Sherbrooke Exhibition, and were very successful, considering the fact that the time was limited. On Tuesday, the King George Vth Chapter was in charge of the work, which is presently that of Daughters of the Empire; Wednesday and Thursday, the Sir John Sherbrooke Chapter, and Friday, the DeLaval Chapter.

The Major General Loomis Chapter, I. O. D. E., operated a weighing machine for the benefit of the funds of the Chapter, the scales being placed by the kind permission of the C.P.R. in the splendidly arranged department of the great railway.

Tickets were also sold by the Chapter for a handsome china service, which was on view in Mr. W. B. McGowan, and attracted much attention.

Mrs. H. A. Oden, Miss Miller and Miss Parsons were in charge, and (Continued on page 5)

MOVE MADE BY PRES. WILSON CRITICIZED

(Associated Press Despatch.)

PARIS, August 29.—The French press is almost unanimous in criticizing President Wilson's note to Turkey with regard to the cessation of massacre in Armenia. The newspapers seem to be under the impression that the communication was a formal one and charge President Wilson with going over the head of the Peace Conference and declare that the gravest of consequences may follow.

RICHMOND

THE WALES HOME.

On the 28th of June, 1918, Mr. Horace P. Wales died suddenly and left in his will his farm, barns, dwelling and farm house, together with stock, farm implements and household furniture, and the residue of his estate, to the four Protestant ministers of Richmond and Melbourne, in trust, to be the foundation of a Protestant Old People's Home. The residuary legatees were given full powers in the management and organization of the Home, along such lines as they would deem most advisable.

At the present time there is a large herd of good cows on the farm, under the care of Mr. C. N. Paige and son Arthur. In the course of a few months there will be thirty or more milk cows. The dwelling house stands as it was at the death of Mr. Wales, with all the furniture intact. Besides the farm and stock, there is in the hands of the trustees two dwelling houses in the city of Westmount, valued at \$16,000, bringing a rental of \$95 per month, a mortgage on the Beatty Co. for \$5,750 bearing interest at 7 per cent., a mortgage in Richmond for \$2,100 of thereabouts, payable in quarterly payments of \$75 and bearing interest at 6 per cent., six shares of N. S. Steel and Coal, five shares of Toronto Street, and cash in the Molsons Bank of \$700. In all, a foundation worth in round numbers \$35,000.

The home is beautifully situated on the St. Francis River, one mile and a quarter from the town and well adapted for the purpose of the testator. The dwelling house is too small to accommodate any number of inmates, and it will be the first care to construct a suitable wing or erect separate cottages.

The trustees are at the present time struggling with the organization of the Home along the lines as indicated by the will of the owner, having in mind the need of such an institution, not only for the district in and around the town of Richmond, but also for a wider area. Several suggestions have appeared in the Record during the past weeks for the founding of such an institution as a peace memorial. The need of such an institution is patent to everyone. The Wales Home could be constructed in such a position to take in a wide area and be a home for this part of the Townships. A Soldiers' Home could

be built on the same grounds and run in conjunction with the Wales Home. The farm is sufficient to provide with vegetables and such articles of food. The trustees are very anxious to communicate with interested parties in the municipalities and work out a larger scheme before a final act of incorporation is sought of the Government. The secretary-treasurer, Rev. Wm. MacMillan, Richmond, will be pleased to correspond with any parties and co-operate with them in this larger scheme.

GENERAL NOTES.

Mr. and Mrs. P. C. Duboyce, Master Roslyn and Mr. T. H. Halliday returned Monday from a week's motor trip through Knowlton, Sutton and adjacent points.

Mr. E. L. Hall left on Monday for a trip to Western Ontario.

Miss Hazel Adams is spending a holiday with her parents, Mr. and Mrs. David Adams.

Mr. and Mrs. John McKay and little daughter Orla returned to St. John, N.B., Tuesday after spending a week in Richmond and Upper Melbourne.

Prof. Burt and family returned to Lennoxville on Tuesday after spending a holiday in the Rectory. During the absence of the Rector, Prof. Burt has supplied St. Anne Church.

Mrs. M. Cleveland has returned from a brief visit to St. Lambert and Ottawa.

The flagstones on College Hill were straightened up and the sidewalk generally improved. The town is fortunate that no serious accidents happened on the hill this summer, as the walk was certainly in a dangerous condition.

Mr. F. T. Mappin, as in former years, has been in charge of donations and subscriptions for the lunch counter at the Sherbrooke Exhibition in aid of the Sherbrooke Hospital. Mr. Mappin wishes to thank the ladies who so kindly solicited subscriptions. They are Mrs. W. Stevens, Mrs. L. Tanner, Mrs. W. E. McIver, Mrs. Fred McKee, Mrs. F. T. Mappin, Miss Bredon and Miss M. Harlow. Mr. Mappin is glad to report that the handsome sum of \$73.25 was handed in to the secretary of the lunch counter last Wednesday. Once again Richmond and Melbourne have answered the call, as they have always done, for all good charitable purposes, and it is to be hoped it will continue in the future.

The town presented a truly deserted air on Wednesday afternoon, it being the last full holiday during the summer months. Practically every place of business was closed, and all

went to the Sherbrooke Exhibition by the Mappin special.

Pte. Ernest Gill drifted into town Tuesday evening without notice or warning. His many friends had been looking for his arrival for some months and had almost given up hope of seeing him again. Pte. Gill looks the picture of health and seems to have stood the campaign wonderfully. He says Richmond is good enough. So he is going to throw aside the khaki and start in where he left off. Previous to enlisting he was in the employ of Mr. Wm. Fish, plumber.

Now that the last of the boys is home and the town has every reason to be proud of the records they made, people are asking what the citizens are going to do for them. True, last spring there was a social evening given in the Town Hall for them, but it was more or less of a fizzle. The citizens did not have an opportunity of joining in a welcome except through a small committee, and there was considerable doubt as to the personnel of the committee. Melbourne and Brompton Gore has presented every returned man with a very beautiful souvenir that will always be highly prized. In some matters Richmond is wide-awake, and in other matters the town is sound asleep. It is up to someone to start something, and quickly.

When it comes to the matter of sports, Richmond is not on the map. The country that teaches its people to enter into sports is the country that wins in the greater things. The British people are great sports, and when it came to fighting for principles they played the game. The value of good athletic games cannot be too highly estimated. Richmond cannot support one single athletic club in any sort of position. There is no golf links, no bowling green. The baseball club suffered because of lack of support. There are two good tennis courts, but you cannot raise much interest for a set of singles. Tennis is a splendid summer game, and a tournament at the close of summer would be a splendid thing. A few enthusiasts reorganized the tennis club that ceased operations during the war, but there is nothing doing. Motoring seems to be the only thing because it does not entail any exertion.

The Rev. T. Roy was in town for a few days this week officiating at the Fowler-Fortier wedding. Mr. Roy looks very much improved by his two months holiday. The Rev. Thomas Knowles, of Ulverton, will conduct services in the Methodist Church next Sunday, after which Mr. Roy will take charge.

The Rev. Wm. MacMillan has been

re-elected a member of the Assembly's Board of Home Missions and Social Service and the Senate of the Presbyterian College, Montreal.

Mrs. Jas. Walsh and little daughter Betty are expected home at the end of the week after spending a holiday with friends and relatives in Palmerston, Ont.

The Wales Home has purchased part of a herd of milk cows from Mr. Harry Rick, Kirkdale.

CELEBRATE SILVER WEDDING.

The Silver Wedding, 25th, anniversary of Mr. and Mrs. Barter's marriage, was celebrated recently when their friends gave them "A Surprise Party." The guests, including the young people present, numbered between eighty and a hundred people, the large and spacious rooms being filled with guests.

The evening was pleasantly spent in playing games, cards and dancing, the large dining room being fitted up as a dance hall and good music being furnished on the violin by Mr. Stanley Bishop, accompanied by Miss Frieda Barter, and other young ladies.

Mr. and Mrs. Barter were the recipients of many presents in silver, including a dozen sterling silver teaspoons, the presentation being made by Rev. Rural Dean Love, on behalf of their many friends, accompanied by their good wishes for health, prosperity and happiness. Mr. Barter replied, thanking their kind friends for their remembrance of them. They also received presents in silver from relatives in Boston, Sherbrooke, and at home. Mrs. Barter was assisted in receiving by her sister, Mrs. Robert Van Buskirk, of Boston, and her mother, Mrs. Westman.

At 11 o'clock refreshments were served by Mrs. Van Buskirk and Miss Frieda Barter, assisted by Mrs. Fred Westman, Mrs. John Mann, Mrs. C. E. Weyland and the Misses Kathleen Barter and Eleanor Van Buskirk.

that the more attractive a town is, in its business and home buildings, and general upkeep, the more likely it is to induce other people to come and build new homes, because such a town is more desirable as a place to live in.

There are a lot of old houses and "shacks" in Sherbrooke and the surrounding towns. It makes one feel blue to look at them.

People like to visit or live in an attractive, well kept town.

We can supply you with all the "lumber" you need, either rough or dressed, at a reasonable figure to "repair" or "remodel" that old house or building, and it will be with the greatest of pleasure that we will discuss details or quote prices, if you will allow us to.

WELL KNOWN RESIDENT PASSES AWAY.

The funeral of the late Mr. Louis Antoine Saint-Jean was held from his residence on Pine Street, to St. Jean Baptiste Church, on Thursday morning, and was largely attended.

The service was conducted by Father Saint-Jean, parish priest, of Compton, and uncle of deceased. The cortege was in charge of Mr. Valmir Olivier, and the bearers were Messrs. L. Forest, H. Gendron, L. Coders, F. Desève, H. Colette and O. Archambault.

Members of the Cathedral and parish choir were present, and Messrs. Bachand, Gatién, Biron and Roy, rendered solos, with Prof. Cartier at the organ.

The floral offerings and spiritual masses were numerous and beautiful.

The late Mr. Saint-Jean was thirty-eight years of age, and was a son of the late Mr. Louis H. Saint-Jean, a well known citizen of Sherbrooke.

He is survived by his mother, Mrs. L. H. Saint-Jean, his wife, who was formerly Juliette Cimon, of Malbay. Que., two sons, and one daughter, three brothers, Louis Philip, Lorenzo, and Hubert, of this city, and seven sisters.

The deceased had held the position of bookkeeper in the store of his cousin, Mr. C. O. Saint-Jean, for several years, and in both his business and social life, had made many friends.

MARRIAGES

ADAM—OUELLETTE.
FARNHAM, Aug. 28.—A very pretty wedding took place in St. Romuald Church, Farnham, on August 20, when Miss Blanche Ouellette, daughter of Mr. and Mrs. William Ouellette, was united in marriage to Mr. J. C. Adam, of Farnham, Father Laramee, of Bedford, officiating. The bride wore a navy blue suit trimmed with braid, and hat to match, and taupe and ermine furs, a gift of the groom. She carried a bouquet of American beauties. A dainty breakfast was served at the home of the bride. The gifts were numerous, showing the high esteem in which the young couple are held. They left for Boston, New York and Springfield, taking with them the many wishes of happiness for the future. On their return they will reside in Farnham.

DELOME—DOYON.
MARTINVILLE, QUE., August 29.—The marriage took place on August 18th, at the Roman Catholic Church, Martinville, of Mr. Emile Delorme, son of Mr. and Mrs. Philbert Delorme, of Sherbrooke, to Miss Eva Doyon, daughter of Mr. and Mrs. Napoleon Doyon, of Johnville.

The ceremony was attended by many relatives and friends. The bride and groom left shortly after for a honeymoon trip which included Montreal, Niagara Falls, Buffalo and other points. On their return a reception was tendered the newly-married couple at the residence of Mr. Philbert Delorme, father of the groom. Fully seventy guests were present and a delightful evening was spent. The decorations in the reception room consisted of evergreens, golden glow and sweet peas attractively arranged. The presents were numerous and practical, showing the popularity of the young couple.

Mr. and Mrs. Emile Delorme have taken up residence in Sherbrooke, where Mr. Delorme is employed by the C.P.R.

The floral offerings and spiritual masses were numerous and beautiful. The late Mr. Saint-Jean was thirty-eight years of age, and was a son of the late Mr. Louis H. Saint-Jean, a well known citizen of Sherbrooke.

Fred Horton, late of Newington, Ont.

DANVILLE

Mrs. H. H. Scott, has arrived in town on a visit to her parents, Capt. and Mrs. R. L. Thorpe, after two years overseas as a nursing sister. Mrs. Scott left New York in 1917 with the Presbyterian unit who worked with the British forces in France for fourteen months. She was then transferred to the R.E.F. The last four months she spent with the American Army of occupation at Coblenz in Germany. Mrs. Scott was very fortunate in being able to obtain a little pleasure out of her stay overseas. Before returning home she visited the south of France, different parts of England, Scotland and Italy. Mrs. Scott's many friends are glad to hear of her safe arrival on this side.

A meeting of the members of the Danville Agricultural Society was held in the Town Hall, when preparations were made for the annual fair, which will be held on Saturday, Sept. 28th. This exhibition, although about the last one in this section of the county, is always well attended by people from the surrounding districts.

Mrs. C. J. Cross, Miss Marion Cross and Mr. Norman Cross, of Littleton, N.H., are the guests of Mr. and Mrs. George Church. They are paying a brief visit and renewing old friendships in this place.

Mrs. Frank Thompson, Mrs. Oliver Smith and Mr. Wm. M. Thorpe, of Montreal, were guests of Mrs. Thorpe recently.

Rev. Mr. Pollock, a former pastor of the old Congregational Church, preached at both services last Sunday.

Mr. Howard Lahue has returned after a week stay at Foster.

Mrs. John Lahue was in Sutton, recently.

GOLDEN WEDDING IS CELEBRATED AT HEATHTON

Mr. and Mrs. C. M. Bean Observe the Fiftieth Anniversary of their Marriage.

HEATHTON, August 29.—(Special)—On the evening of August 23rd, an event as infrequent as interesting took place at the home of Mr. Chauncey M. Bean in the celebration of the fiftieth anniversary of Mr. Bean's marriage to Miss Georgiana Morrill, which took place on August 24th, 1869. Mr. and Mrs. Bean have always resided in Barnston, near the site of their present location which is commonly known as the "Bean neighborhood."

During the half century of wedded life which they have been spared to spend together, five children have been given them. All of them, Melvin and Orazio, of Boston, Mass.; Hattie of Way's Mills; Archie and Blanche, who reside at the old home determined to unite to celebrate the golden wedding of their parents and invited the relatives and friends to attend.

This social affair was an entire surprise to those in whose honor it was given, and doubtless was enjoyed all the more by them for its having been so. Friends and relatives presented a purse of money. The recipients of these gifts were both pleased and grateful for the kind manifestation on the part of those present.

After the presentation of the gifts were over, refreshments in the form of sandwiches, cakes and coffee were served. The remainder of the evening was spent in social conversation and music, when the guests departed wishing Mr. and Mrs. Bean many years of health in which to enjoy their happy married life.

DEATHS REPORTED

MR. H. MOFFATT, MANSONVILLE.

MANSONVILLE, August 28.—Mr. Henry Moffatt passed away on the 21st inst. at Mr. H. G. Halls, where he had made his home, after a lingering and most distressing illness of eight months.

Deceased suffered from heart trouble, and in spite of all medical aid and good nursing, he gradually failed. The funeral was held at the House on Friday. Interment took place at the Dubouche Cemetery in the family lot. Rev. Mr. Roy, of this place, officiated. Relatives from out of town came from St. Albans, Berkshire, Vt., and Montreal to attend the funeral.

H. E. SULLIVAN, NORTH COATICOOK.

North Coaticook, Que., Aug. 29.—The death occurred here on Sunday evening, of one of the most esteemed citizens, Mr. Hiram E. Sullivan. He had been ill for several weeks, with typhoid, suffering a great deal the last week or two. Being stricken in the prime of life, he was only a little past fifty, his loss seems many fold greater to his family and friends. He was a most conscientious workman and one on whom his firm relied for an efficient and painstaking job. He was at the time of his death in the employ of A. H. Cummings & Son, Limited, whose employees, as well as the head of the firm attended the funeral of the deceased in a body.

Mr. Sullivan leaves to mourn his loss, a wife and five daughters, one of whom, Vera, lies dangerously ill with the same disease of which her father died. He has one brother, Edgar, who survives him. The funeral was held from St. Stephen's Church, with the Rev. Mr. Oakley officiating in the absence of the pastor, Rev. C. G. Stevens. Mr. Porter Baldwin acted as manager and the bearers were Messrs Ernest Bowden, Alex. Leonard, John Wilson, Robert Wilson, Samuel Valentine and M. T. Barnes. Members of both St. Stephen's and Christ Church Choirs were present and sang. Also the Nun Dimittis. Interment was made in Mount Forest Cemetery beside the body of the eldest son, who predeceased him only nine months ago. Many and beautiful floral offerings were sent by friends and relatives of the family.

MRS. JAMIESON, WATERLOO.

WATERLOO, Aug. 29.—One of the oldest residents passed away on Friday evening, August 22, in the person of Mrs. Jamieson, widow of the late Dr. Jamieson. The late Mrs. Jamieson made her home with her son, Mr. Norman Jamieson, who has looked after her during her declining years. The funeral service was held in the Catholic Church on Tuesday morning, the Rev. Father Beauregard officiating. The bearers were Messrs. L. D. Wallace, F. J. Shaw, E. J. Raymond and C. E. Tenny. The interment took place in the public cemetery in the family lot beside the remains of her late husband. Her daughter, Mrs. Martin, of Montreal, and son, Mr. A. J. Jamieson, of Worcester, Mass., were home for the funeral. A daughter, Mrs. Robinson, of California, and a son, Mr. H. Jamieson, of Philadelphia, were unable to be present. A very intimate friend of the family, Mr. Henry Robinson, of Montreal, presided at the organ.

JEROME SAWYER, SAWYERVILLE.

SAWYERVILLE, Aug. 29.—In the death of Jerome Sawyer, on August 16th, another one of the old stock has passed away. He was born June 19th, 1834 and was the son of Peter Green Sawyer, and the grandson of Capt. Josiah Sawyer, the first settler of the town of Sawyerville. He was twice married, first to Margaret Cairns by whom four children were born, two of whom, E. W. Sawyer, and Mrs. B. H. Quimby are still living. His second wife was Maria Osgood, who survives him. He has been in failing health for over two months, but the end came very quickly. His wife and daughter did all that human hands could do for his help and comfort.

The funeral was held in the Mission Hall and was largely attended and the burial service of the Episcopal Church was held by the Rector, Rev. A. J. Vibert.

About the Fair...

Everybody's happy this Exhibition except the "Guy" who got his pockets picked; but he'll recover (not for his money) but his senses with some to spare for the next Big Show. There were more places this Fair to spend money than ever, and also more to see for nothing than ever, so that left no chance for complaint.

"The House That Jack Built."

Some commentators say that "The House That Jack Built" is only a jingle taken from "Chad Gadyah," "The Only Kid," a nursery ditty, which later became a Jewish legend. It has found its way into the "Hagadah," the Jewish book used the first two nights of the Passover service of the Jewish people. After the service is over and the dinner eaten the father sings aloud "The Only Kid," with his children following him. Then he translates it into English or Yiddish for those of the family who do not understand Hebrew.

"The Only Kid" tells of a kid eaten by a cat; of a dog which bit the cat; of a stick that smote the dog; of a fire that burned the stick. Then it tells of water that extinguished the fire; of an ox that drank the water; of a butcher who killed the ox; of the angel of death who killed the butcher and finally of God who killed the angel. The legend is supposed to represent Israel's trials, with Israel cast as "The Only Kid," and the butcher, the cat, dog, fire and the stick as his tormentors, who are in turn killed by God.

"The Only Kid" has a swing and hit to it resembling "The House That Jack Built," which gives rise to the belief that the latter is copied from it. Some say the Jewish legend is an old German ballad sprung from a French song.

Wandering Crown.

The crown of Hungary, which is said to have been offered to Prince Alexander of Serbia, was once within an ace of coming to England.

In 1849, when Kossuth struck a blow for liberty, he caused the ancient crown of Hungary to be given into his custody, and, when compelled to flee, tried to carry it with him. His intention was to bring it to London, but when in danger of capture he buried it near Orsova. There it remained until 1853, when he made an attempt to have it unearthed and sent to him. Unfortunately the secret leaked out, and the Austrian Government were before-hand in excavation.—Tit-Bits.

GENERAL CURRIE WELCOMED AT TORONTO TODAY

Commander of Canadian Troops is Given a Warm Reception in the Queen City.

TORONTO, Aug. 29.—General Sir Arthur Currie, Inspector of military forces in Canada and commander of Canada's fighting forces in the great war from 1917 till the victorious finish, reached this city this morning and was given a warm welcome. Although Toronto spent the first three days of the week in a tumultuous reception to the Prince of Wales, it has laid itself out for another two days of welcoming enthusiasm for the commander of the Canadian army, to which this city and district contributed about one hundred thousand men.

Sir Arthur was received at the North Toronto station by Mayor Church, Brigadier-General Gunn, commanding the district, and other prominent citizens. Sir Arthur Currie will be the guest during his stay here of Brigadier-General Sir Henry W. Pellatt.

Later in the day Sir Arthur was driven to the city hall, where a civic reception was given. At one o'clock the General addressed a combined gathering of Canadian and Empire clubs, with many other citizens, at Massey Hall.

Tonight General Currie will be entertained by Toronto military officers. The streets were lined with school cadets and cheering citizens.

UNLUCKY GIRL WIDOWS. Who Can Never Go to School or Enjoy Life.

India has many wonderful and queer sights, but perhaps the funniest and saddest thing that a visitor from Canada will see amongst the young folks of the land are India's girl widows, little bits of feminine humanity just two or three years old, never married, but compelled to be widows all the rest of their lives.

The marriage laws amongst the Hindus are similar to those in force with the Arabs. The girls and boys are betrothed, or engaged, by their parents when they are infants and are married when they are ten or twelve years old. But if the fiancé of a little Hindu girl dies she is blamed for the calamity, although she may have never seen him, and is classed amongst the widows.

For a little girl to become a widow in India is a very terrible thing. First of all she must give up all her bright and fancy "sarees" or robes and wear nothing but the plainest of white gowns. White is a sign of mourning in India amongst the Hindus. All her jewels and ornaments are taken from her and her hair cut off, and no matter what her position may have been before the death of the boy, she must take the lowest place in her father's family and there remain until death overtakes her. There is no possible chance of escape from her hard position. She can never become engaged again and anything that goes wrong is always laid to her blame because her people are certain that she has offended the gods in the temple and that is why her future husband was taken from her.

Up until the year 1827 the little girl was burned alive at the time of the cremation of the body of the boy. The crafty old priests always claimed that it was the duty of the little girl to walk into the flames or to be tied to the great pile of wood beside her husband. They always set up a great shout as they cried could not be heard and certain missionary doctors found out that the little girl was always dragged in order that the priest might lead her gently to the terrible death trap. Millions and millions of little girls perished in India in this terrible manner until the British Government made a new law classifying it as murder. For nearly a hundred years the great stone altars of sacrifice have stood cold and empty in the public burning places, but the cruel custom is still carried out in some remote parts.

There are said to be over ten million widows in India to-day and unless some progressive mission school sets hold of them they must drudge through life without a chance of any enjoyment or pleasure. They never go to school or sit amongst the other children when they sing or play games and they are classed amongst the most unlucky things a man can look at. The Hindus are very superstitious and if a man was starting on a business trip and saw a widow shortly after he left his home he would turn round and go back. He would be certain that the gods did not look with favor on his venture. The poor girl widows generally hurry down the back streets because they are afraid of the sticks and stones that are often hurled at them if they appear in the shopping district.

Perfumes for Religious Rites. Persia saw the earliest development of the perfume industry. The priests in Egypt, who were the sole depositaries of science, knew the secret of aromatic substances and prepared them. Egyptian perfumes acquired great celebrity, especially those made in Alexandria. Reserved originally for religious rites, perfumes subsequently became of current use among the wealthy classes. During banquets they were diffused through the halls and were burned in profusion. The Israelites during their sojourn in Egypt adopted the use of aromatic substances primarily for religious purposes and afterwards for personal usage. The Jews were fond of cosmetics and even used them to paint the face. All these perfumes were extracted from essences of trees and various plants. The Greeks, who loved elegance, were especially addicted to the use of perfumes, and they taught their secrets and usage to the Romans. The latter in the days of their decadence went so far as to scent the coats of their dogs. In the Middle Ages, the Arabs, Venetians, Genoese, and Florentines became famous for the preparation of sweet-smelling essences.

MONITOR "GLOW WORM" HAS BEEN SUNK.

(Associated Press Despatch.) ARCHANGEL, August 29.—The Monitor Glow Worm has been sunk at Ceresnik. The cause of the disaster was the explosion of an ammunition barge. The loss is estimated at twenty men killed and forty missing.

TWENTY-SEVEN AVIATORS HAVE FINISHED RACE

Nine More are Expected to Complete Course Today from Toronto to New York and Return.

(Associated Press Despatch.) MINNEOLA, N. Y., August 29.—Twenty-seven aviators in the Toronto-New York Aerial Derby have finished the race, and nine others are expected to complete the flight by two o'clock this afternoon, according to an official summary of the contest announced at Roosevelt field today. Fifty-seven planes were originally entered, but only fifty-two actually started. During the race thus far sixteen machines were slightly damaged and temporarily put out of commission.

COL. HOUSE SAYS HE IS WILLING TO SIGN TREATY

Denies Report that He Refused to Go to Paris to Sign Austrian Treaty.

(Associated Press Despatch.) LONDON, Aug. 29.—The London newspapers are devoting considerable attention to Colonel E. M. House, of the American peace delegation. He has been in England for nearly two months performing work to which he was delegated by President Wilson, of looking after mandates. A report has been current that Colonel House refused to go to Paris to sign the Austrian treaty.

The London Daily Mail quotes Colonel House as saying it was untrue that he had refused to sign the Austrian treaty.

"The fact of the matter is," said Colonel House, "they want to know a long way ahead the names of the people who will sign the treaty, so that the names may be printed. I am quite unable to say so far ahead whether I would be able to go to Paris and sign. But to say that I refused to sign it if I am there."

RAILWAY MEN AND INDUSTRIAL

(Continued from page one)

On their faculty to handle their great mass of employees; to call their men out to work and to give them the power of the great railway lines of Canada and by following the example of the heads of the great organizations, he was confident that the labor problems of the future could be solved.

On behalf of the Associated Boards of Trade Mr. V. E. Morrell welcomed the guests, and congratulated the exhibition authorities on their success.

"We have," he said, "one of the finest sections of the Dominion, and do not think that any other section, on the whole, is harvesting such bountiful crops as are these Eastern Townships. Col. O'Connor of the Soldiers' Settlement Board, says that the Eastern Townships are beating all others in drawing soldiers back to the land under the Soldiers' Settlement Act. We have many visitors from various parts of the country, and I think all agree that nowhere in the Dominion does there lie such a rich heritage as here in the Eastern Townships."

Among the guests were representatives of the Canadian Car and Foundry Company, the Dominion Glass Company, the Dominion Textile, the Sherman Williams Company and several others. Present were Senator William Mitchell, Senator W. F. Vilas, Col. G. H. Haas, C.P.R.; Mr. C. B. Foster, assistant passenger traffic manager; Hon. Dr. P. Pelletier, Mr. R. C. Mason, Mr. F. W. Stewart, Mr. Grant Hall, Mr. W. S. Falls, Mr. W. R. McInnes, vice-president, C.P.R.; Mr. E. T. Robert, assistant general passenger agent, C.P.R.; Mayor Charles D. White and Col. Donaldson, United States consul.

BIG DROP IN PRICE OF HOGS RECORDED TODAY

Decline was Immediately Followed by Slump in Provisions and Grain, as Well as Live Cattle.

CHICAGO, August 29.—The \$15 hog, \$1.50 nearer the slender purse of the high cost of living victim, made its appearance in the Chicago stock yards today. Its advent was immediately followed by a slump in provisions and grain as well as live cattle, and sheep.

The drop in hog prices was the greatest since 1907, and traders who look for still lower figures pointed out that eastern storage houses are believed to be already crowded with meat products, leaving only a domestic outlet.

ROCK WON EBOR HANDICAP

LONDON, Aug. 29.—The Ebor handicap race results today were as follows: Rock, 100 to 7; Wildwood, 10 to 1; second and John Jackson, 6 to 1; third.

NEGRO CHURCHES AND ALSO LODGE ARE SET AFIRE

Charred Remains of Negro Leader Found Among Ashes of Church.

EASTMAN, Georgia, Aug. 29.—The charred body of Eli Cooper, a negro, was found today in the ashes of a negro church which was burned by incendiaries yesterday. Three other negro churches and a negro lodge in this section were burned Tuesday night. The acts of violence followed reports that the negroes planned to rise up and "wipe out the white people," and that Cooper remarked the negro had been run over for fifty years, but there would be a change in thirty days. The only explanation for the burning of the churches and lodge rooms was that these were said to have been the scenes of mass meetings recently, during which the uprising of negroes was discussed. Hundreds of copies of a Chicago negro newspaper were said to have been distributed at these meetings.

Cooper was taken from his home Wednesday night, according to his wife, by a crowd of about twenty white men. The negro was taken several miles by the mob, and it is presumed that he was shot by the crowd and his body thrown into the burning church.

The church was discovered in flames at one o'clock in the morning and residents of the neighborhood were aroused by shooting.

County officials announced that efforts will be made to punish the guilty ones.

HON. MITCHELL GUEST OF HONOR

(Continued from page one)

both enterprises proved profitable. The Hospital Lunch Counter was thronged Wednesday and Thursday, by hungry visitors, sight seeing being always a stimulus to the appetite, and the excellent and substantial refreshments provided were unusually praised. It is understood that the proceeds on Wednesday, the great day of the Fair, exceeded \$800, and yesterday \$600 came into the treasury, while today is expected to be as successful.

Mrs. B. C. Howard, President of the Women's Committee, Miss Twose, Miss Mary Twose, and an able corps of assistants spared no pains to give an excellent service, which was appreciated by the public.

AMBULANCE TENT WELL PATRONIZED.

The St. John Ambulance Association, of which three members of the Brigade were on duty every day, found ample scope for their knowledge and skill in First Aid by attending to a number of minor accidents and injuries, inevitable in so large a gathering, one or two of which might easily have been serious without immediate attention.

One visitor from out of town was taken ill, and occupied the cot in the booth, until able to leave for home late in the day, while a quiet spot to rest was afforded to others.

The tent of the St. Vincent de Paul Hospital situated near the Grand Stand was a favorite rendezvous, and hundreds of people were entertained every day of the Fair. The luncheons furnished included soup, which as the weather was inclined to be chilly was very acceptable, together with sandwiches, baked beans, cake, coffee, etc., the viands being prepared and cooked by the sisters.

Wednesday, the Ladies' of St. Patrick's Church, as hostesses, and the receipts amounted to over \$600, and yesterday, under the auspices of the Ladies' of Charity, between \$400 and \$500 was the result.

Mrs. L. J. Codere, the President, was assisted each day by the other officers and members of the society, which is greatly interested in the work of the hospital.

MIDWAY PRICES HAVE GONE UP.

Many visitors to the Exhibition this year have commented on the fact that the prices of admission to the midway attractions have doubled, and in some cases tripled during the last few years, and it is believed that their is no real reason for so great an increase. In the case of family parties with several children, all anxious to visit the alluring tents, it certainly seems a hardship.

The airplane has become quite familiar to the citizens of Sherbrooke, since the first day of the Exhibition, and many short flights have been safely made over the town, with or without adventurous passengers. The odd whirling noise of the engine and the appearance of the huge bird-like machine, high up in the air excites much interest, and groups stand in the street, looking upward and rush from their houses to witness the feats of the aviator in the air.

FEW COMPLAINTS TO POLICE DURING FAIR WEEK.

Freer from any vestige of trouble usually attendant upon a gathering of crowds, the fair week in which Chief A. Z. Couture describes this year's exhibition. Only one theft case of any importance has come to the notice of the police, when Adelard Martin was arrested yesterday for stealing jewellery valued at some \$100, from Charles H. Lane, of Montreal, a jewellery exhibitor on the grounds. Martin appeared before Judge Mulvena in the Magistrate's Court today, pleaded guilty and was remanded for sentence.

Only three complaints have been made as to pick-pocketing, all of which were for only small amounts, while the number of arrests for drunkenness has been practically negligible.

INTERESTING EXHIBIT AND HONOR FOR MR. ROBT. WYATT.

Those interested in the advancement of the young men, and particularly of the mechanics of the city, will view with both pleasure and pride the exhibit of the pupils of the Sherbrooke Art School, under the control of the Council of Arts and Manufactures.

McKECHNIE'S

tures of the Province of Quebec, in the Main Building at the Exhibition.

The exhibit is in charge of Mr. Robert Wyatt, of Sherbrooke, who for twenty-eight years has given his knowledge and ability to this work, and whose labors have made the Sherbrooke School one of the best under the direction of the council. To such a degree have his methods been appreciated that at the close of the winter session, the members of the council of arts who visited the school, decided to adopt Mr. Wyatt's grade of work and method of instruction, for use in all the other schools under their supervision, which include branches in Montreal, Quebec and other centres of the Province.

SEVERAL MAKE AIR FLIGHTS YESTERDAY.

Lieut. Wiltshire, in charge of one of the planes which has been making flights over the city during Fair week, was busy yesterday, taking up a number of ambitious citizens, who longed to soar above the clouds. Quite a number made flights, among them, Mr. Meredith Wilson, Mr. William McCutcheon, Mrs. Tull, daughter of Mr. F. N. McCrea and several others.

Lieut. Wiltshire was in the air almost continually during yesterday afternoon, and delighted the crowds at the Exhibition grounds, with his various "stunts" over the grand stand.

Flying has become almost a popular sport in certain circles here, and further flights are being made today, those who have gone up reporting enormous enjoyment.

THE FLOWER EXHIBIT.

Canada, though not a Florida in climate, is yet pre-eminent, a land of flowers, for the hot sunshines, and the frequent rains contribute to the marvellous growth of all vegetation, which during this magnificent year has been riotous. The floral exhibit, on the first floor of the Art Building at the Sherbrooke Exhibition, is pronounced by all visitors and those interested in Floriculture, to be incomparable. Such a wealth of

More Pork and More Profit Heavier, Cheaper Hogs in Less Time

How to round your hogs into tip-top shape for an eager market at lowest cost—that is the problem Monarch Hog Feed is solving for farmers every day. Monarch Hog Feed is a properly balanced feed, supplying every requirement for sturdy hogs with stamina, energy, vigor and size; it has exactly the right proportion of protein and fat to finish your hogs in the shortest time.

Monarch Hog Feed

makes more pork and better pork; it shortens the hogs' stay on the farm and reduces cost of production; it gets hogs to market in best condition; in fact it solves the problem of economical feeding in these strenuous times of high-priced feeds—and there's money in good

hogs nowadays. Improper feeding is one of the causes of soft bacon, declares Prof. G. E. Day in Ontario Agricultural College Bulletin No. 225. Monarch Hog Feed used along with the proper amount of roughage means good hard bacon that gets the best prices.

What Monarch Hog Feed is made of

No single feed can equal the properly mixed feed for results as to gain per day and cost of production. The principal ingredients of Monarch Hog Feed are shorts, corn products and digester tankage. This combination is rich in bone and muscle forming ingredients, and also supplies sufficient fat to bring your hogs to market in shortest time and in best condition. Guaranteed analysis of Monarch Hog Feed is 15% protein, 4% fat.

Pigs "go for" Monarch just as they are doing in the picture. It is a palatable, easily digested feed. For profitable results it is the most dependable feed—and, remember, you can depend upon getting it, while mill feeds are often unobtainable.

Give it a trial. Order a ton from your dealer and note results. If your dealer does not handle Monarch feeds, send us his name and we will see that you are supplied.

Monarch Dairy Feed

has guaranteed analysis of 20% protein and 4% fat. It is a properly mixed combination of Oil Cake Meal and Cotton-seed Meal with the bulky feeds, bran and corn meal. Though very rich, ensuring splendid results, it can be fed alone.

Sampson Feed

This general purpose feed is somewhat similar to Monarch Hog Feed, except that oil cake meal is used instead of digester tankage; it gives results for both cattle and hogs. Guaranteed analysis 10% protein and 4% fat.

the leaves and twigs by means of screens, and deposit the fruit in the shipping boxes placed on the ground. (Wm. A. Johnson, Branscomb, California. U. S. Patent 1,293,460.)

FRUIT CLIPPER.

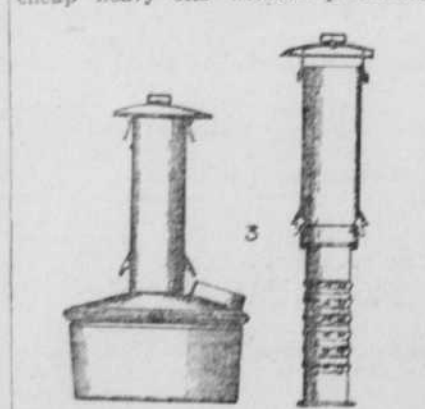

The object of this invention is to provide a convenient tool for clipping the stems so that the fruit can be packed without projecting stems. Its special features are: the curved blades the stop which holds the stem in correct position; and the lever which

relieves the tension on the spring when desired. (The Wm. Schollhorn Co., New Haven, Conn. U. S. Patent 1,300,230.)

ORCHARD HEATER.

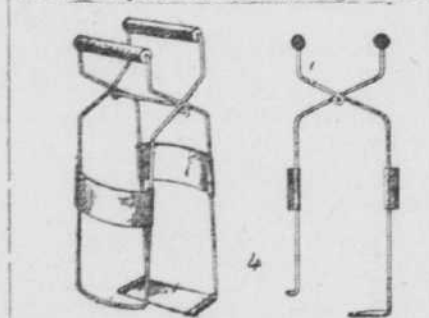

The perforated telescoping stack of this heater promotes complete combustion and enables the heater to burn cheap heavy oils without producing

smoke or soot. A pilot-light (not shown) keeps the oils burning continuously until consumed. (American Can Co., New York, N. Y. U. S. Patent 1,304,820.)

JAR LIFTER.

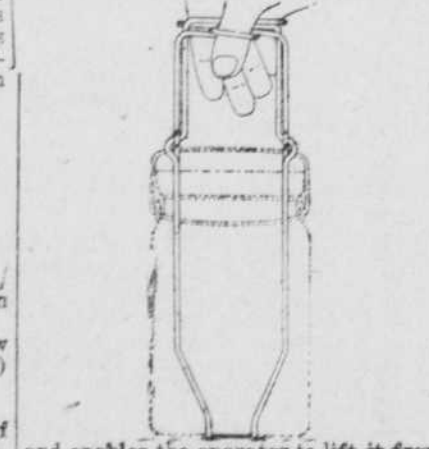

The women folk who can fruit and vegetables will be interested in jar lifters which enables them to lift the sterilized jars out of boiling water

without burning their fingers. This one has a wire frame, sheet metal braces, and wooden handles. (Chris. F. Barager, Honesdale, Pa. U. S. Patent 1,270,685.)

JAR LIFTER.

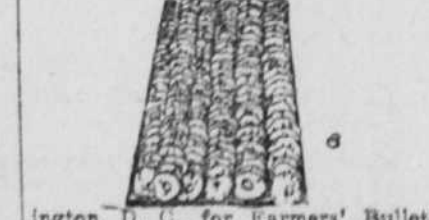

This lifter, made entirely of stout flexible wire, grips the jar securely

and enables the operator to lift it from boiling water with one hand. (Wire Goods Co., Worcester, Mass. U. S. Patent 1,304,717.)

LOCAL GOLFERS WERE BEATEN BY NORTH HATLEY

St. Francis Golf Club Team Down
Three Points at End of First
Half of Inter-Club Match.

The North Hatley Golfers chalked up a lead of three points in the first half of their inter-club friendly match against the members of the St. Francis Golf Club played on the former's course yesterday afternoon. Six players composed a team and the final count on the score-board was six to three in favor of the North Hatley aggregation. The Weather Man served up a regular variety of weather for the occasion, a stiff raw wind greeting the players as they teed off, then a little rain falling later in the day, to be in turn followed by a spell during which Old King Sol made himself a welcome guest.

The North Hatley course was in excellent condition and the individual matches in the majority of cases were closely contested. The fast greens gave the visiting players quite a little trouble to negotiate, but they found the course a delightful one to play over and are high in their praise of the treatment accorded them. Eight players were supposed to make the trip from Sherbrooke, but unfortunately two of them failed to put in an appearance. At the conclusion of the match, the visiting players were entertained at tea, at the summer residence of Mr. Hurry. The return match is being played this afternoon on the local course.

The results of the match yesterday follows:—

QUEBEC HORSE WINS THE KING GEORGE STAKE

Lauretta Oakland Takes Feature
Event in Three Consecutive
Heats—Two Other Races.

Despite a heavy track, due to the heavy rains of the previous day, the feature day of the four days' programme at the Sherbrooke Exhibition was run off yesterday in real Grand Circuit style, three events being completed.

The feature event was the King George Stake, 2.24 Trot, with a purse of \$2,000 and an additional prize of same times. Lauretta Oakland, a silver cup, donated by Sherry H. Ingram, of the Magog. This race was won by Lauretta Oakland, a fine bay mare, owned by G. Lavallee, of Quebec City, and driven by Robillard, who took three consecutive heats over the favorite, Nora Hill, F. M. Pickle's mount from West Derby, Vermont, which took second money.

The 2.13 Special Trot, with a purse of \$500, was won by Clay Watts, (Potvin), owned by Michael and Faulkner, of Montreal, while the 2.17 Trot went to Bingen R. Pickle's only winner of the day, although he drove two other horses to second money in the other two races.

PETITION IS REFUSED IN LIBEL CASE

Bouchard and Morrisette Case

Again Postponed—Many Cases in Sweetsburg Before Judge Mulvena.

The dismissal of a petition advanced by the defendant, asking for his discharge because of the insufficient of legal proof, was the development yesterday in the case of T. D. Bouchard, late candidate, in the Provincial elections against Adjutor Morrisette, of Cowansville, for criminal libel, when it again came before Judge Mulvena in the Sweetsburg Magistrate's Court yesterday.

The court dismissed the petition, holding that under the proof given, the letter sent by Morrisette had alleged that Bouchard was speaking against his religion and attacking the Catholic clergy. At the time of election, in a French-Canadian and Catholic district such as Ste. Hyacinthe, this could not fail to have the effect of affecting the reputation of the candidate.

The defendant subsequently asked for an adjournment until September 4th, in order to establish proof in his defense. This was granted and the case fixed for then.

M. S. A. AND OTHER CASES.

In the case of Albert Made, of Waterloo, against Arsene Ally, of Farnham, on a charge of perjury, the defendant pleaded not guilty, and hearing was fixed for September 4th, the accused being allowed out on \$1,000 bail.

Elder Eckley, charged with assault on Mrs. David Beatty, was fined \$10 and costs, and bound to keep the peace for one year.

Frank Padden, of Boston, was fined \$5 and costs, or fifteen days, for being found asleep in a C. P. R. freight car.

Ferdinand Lavallee was fined \$250, and costs, for default under the Military Service Act.

The following alleged defaulters had their cases adjourned until September 4th. Elias Lussier, Valcourt; Gustave Fausse, Roxton Pond; Edward Lessard, Roxton Pond; Alfred Boulanger, Farnham; Rene Guerin, Farnham; Wilfred Prevost, Farnham; F. Bernard, Granby; F. Lavallee, L'Enfant-Jesus; Arthur Bedard, Granby; Louis and Zepherin Ledoux, Racine; A. and C. Lamothe, Pike River; Ovide Pivin, Racine; Henry Mitchell, Granby; Omer St. Jean, Granby; P. Lemay, Dunham; Paul Racine, Stanbridge; Theo. Bedard, Granby; Magnus Lemay, Valcourt; Wilfred Bernier, Valcourt.

"MORE POWER TO YOU!"

Hitch Your Ford Engine to Your Buzz-Saw

EQUIPPED with a McGill Autopower attachment, your Ford will save your wood, run your grain grinder, endlage cutter, hay press, small thresher, pump, in fact any belt-driven machine on your farm requiring 14 h.p. or less.

Look for AUTOPOWER Demonstration at your Local Fair.

When a \$75.00 set of harness will enable you to utilize the marvellous power of its engine for saving you time, labor and money, why let your Ford loaf in the garage.

"AUTOPOWER" takes its power direct from the crank shaft of the motor. No oiling up of the car—only the engine operates—hence, no wear and tear on rear axle, tires or transmission.

The Automatic Governor provides constant speed at the required r.p.m. for any job. An Auxiliary Fan prevents overheating of motor under any load or weather conditions.

Mechanically correct in principle and design, simply and speedily attached, automatic in operation.

SAY EXECUTION OF MISS CAVELL IN ACCORDANCE WITH LAWS OF WAR

BALTIMORE, Md., August 29.—Executive by the Germans of Miss Edith Cavell, the English nurse, which aroused the indignation of the Allied world, was in accordance with the laws of civilized warfare, according to a minority report of the committee on Military Law of the American Bar Association made public here today.

Both majority and minority reports were prepared by the committee, which was appointed to investigate courts martial and suggest reforms in military law.

The reference in the case of Miss Cavell was made by S. S. Gregory, of Chicago, chairman of the committee, and was concurred by Judge William Bynum, of Greensboro, N. C., the other minority member, in advocating abolition of the death penalty for women convicted of infringing military law.

SHOULD BE NO ADVANCE IN THE PRICE OF SUGAR

States that No Prediction was Made that Sugar Would Reach Twenty Cents a Pound.

(Associated Press Despatch)

TORONTO, Ont., Aug. 29.—With references to an Ottawa despatch recently, stating that the wholesale grocers, in their convention at Ottawa, had predicted that sugar would rise to twenty cents a pound before the present shortage would be relieved, Hugh Blain, President of the Wholesale Grocers' Association of Canada, said today: "There must be some mistake about this, as no discussion took place at the convention as to what the price of sugar was likely to be. It was, however, stated to the convention that speculators in the United States had bought fifty cars of granulated sugar held in Halifax at the regular price, but had been resold to other speculators in the United States and was now offered at \$13.90 at Halifax to the Dominion Government, and I believe a few cars were bought at the price. The convention generally felt that to buy sugar at such a price might have the effect of creating an advance on all sugars, which would be most unfortunate."

"It was also felt that selling this sugar would have the appearance of profiteering, even if sold again at cost, because sugar is sold today in Montreal to the wholesale trade at \$10.40 and \$10.50, with the usual discount off, and is resold to the retail trade at these figures, with the freight added. The shortage in sugar has been caused entirely through the lack of shipping facilities, owing to the Marine strike, which prevented refiners from getting raws, and if shipping facilities can be restored to normal conditions without further delay, we should get supplies of refined to meet our requirements within the next thirty or sixty days."

"I would like to warn the public against buying sugar beyond their pressing requirements, because hoarding sugar is certainly going to increase the price to the consumer."

ATTEMPT MADE TO ROB NOTRE DAME CHURCH

Night Watchman was Badly Beaten Up by Would-Be Robber.

MONTREAL, Aug. 29.—Preventing the accomplishment of what the police believe was an attempt to rob or set fire to Notre Dame Church, Place d'Armes Square, Michael Giroux, night watchman, 45 years of age, suffered a fractured skull and fourteen cuts about the head. He now lies in the Notre Dame Hospital, where his condition is reported as serious.

The assailant, after beating Giroux almost into unconsciousness, made his escape.

It was shortly after nine o'clock when the assault took place, and Giroux, despite his condition, with his head bandaged until only the tip of his chin was visible and weak from loss of blood, managed to tell his story to the doctors and detectives who interviewed him about an hour after the affair had occurred. Nothing in the church was stolen and nothing had been tampered with, as far as the church authorities could find out last night. The church contains many valuable objects.

ANOTHER INCREASE IN CAR FARES AT MONTREAL.

(Associated Press Despatch.) MONTREAL, August 29.—A general raise in street car fares was announced by the Montreal Tramways Commission today. Cash fares will be seven cents, instead of six as at present, while strip tickets will fall from five to four for a quarter during normal hours and from six to five during rush hours.

The increase in fares has been imposed so that the Tramways Company can pay an increase in salaries demanded by its men and remain solvent.

LABOR UNREST WAS SUBJECT OF DISCUSSION

Sam Gompers Will Hold Conference With President Wilson This Afternoon.

WASHINGTON, August 29.—Labor unrest over the country was the subject of further conferences today between President Gompers and the members of the executive committee of the American Federation of Labor. After these conferences Mr. Gompers was to discuss the general labor situation with President Wilson at the White House.

Matters understood to have been considered today by the labor officials included the threatened strike of steel workers and demands of railroad employees for increased wages unless living costs are reduced. As the federation chiefs discussed Frank Morrison, Secretary, said a general statement probably would be issued during the day.

The Chinese Labor Corps.

Of all the changes made in individuals by the war there are probably none more striking than those of the people of China are now noting in the returning Chinese who served in the war zone under the standard of the Chinese Labor Corps. Something like 100,000 Chinese worked for the allied nations at all kinds of labor connected with the progress of the war in France and Belgium, earning all told the estimated sum of \$6,000,000, practically all of which returns to their native country. Taken from various parts of China, they were put under military discipline, taught efficiency according to western standards, and subjected to conditions of life in an altogether different human environment, that has, so to speak, "made new China-men of them." The question that the best thought of China is now considering is what shall be done with them, and plans are being discussed to keep these former members of the Chinese Labor Corps together and use their improved capabilities on Government work. Even if they scatter, however, these 100,000 western trained workers will surely be an influence for good in the life of the nation.

FINAL DAY AT BEDFORD FAIR BROUGHT CROWD

Unfavorable Weather Conditions
Caused a Falling Off in Attendance Figures this Year.

(Special to Record.)
BEDFORD, August 29.—The last and closing day of Missisquoi County Fair was a vast improvement over the former two days, so far as weather was concerned. Although during the day a few light showers fell and a cloudy sky continued, there was a fair attendance. The races of Wednesday were finished during the forenoon, and the regular advertised programme carried out for the day. Horsemen were not well pleased with track conditions, owing to the rainy weather during the past few days. Although the officials have been working under great disadvantages and the gate receipts will be considerably below those of last year, exhibitors will no doubt be paid prizes in full and all have worked the best possible to make the fair a success. The midway served considerable excitement, owing to the fact that the innocent wheels of fortune in many cases became straight gambling devices. The

offenders were promptly taken charge of by High Constable Boisvert, and it is doubtful whether the gamblers or the Government treasury was the richer at the close of the fair. There seems yet to be a great desire to mix strong drink with gasoline, and consequently one American visitor had to put up good money to account for operating a car while intoxicated. There was also another car from across the border that came to grief on Phillipsburg avenue about 5 o'clock Wednesday night near the home of Mr. E. Colet's. It seems that the driver had imbibed in Quebec liquor and got imperfect vision. He consequently drove his car into the roadside ditch. It was lucky that no one in the party (in which there were two ladies and two children) were injured.

Constant reports of pocket-picking were heard.
At 1 o'clock the grand stock parade was held. First in order were the president and directors, followed by the Richford band; then carriage horses, both single and double drivers. Draft horses were next in order: mares and colts, Durham, Holstein, Ayrshire and Jersey cattle. There were even more of the beef type shown this year than usual. Missisquoi county is noted for dairying, and some splendid animals, both male and female, of the best milking breeds in Canada were in the parade. Carriage horses have long been a strong feature in the show ring here, and there was no exception this year. Had weather conditions been more favorable, gate receipts would have no doubt surpassed any in the history of the society.

MISS CAVELL HAD AIDED MAN WHO BETRAYED HER

Mademoiselle Thulez, Who was
Also Condemned to Death, but
Whose Sentence was Commuted
to Life Imprisonment, was on
Stand Yesterday.

(Associated Press Despatch)
PARIS, Aug. 29.—Mademoiselle Louise Thulez, Professor of Science at Lille University and alleged intermediary between Prince Reginald of Croy, a Belgian, and Edith Cavell, who was condemned to death at the guillotine, but whose sentence was commuted to hard labor for life, was a witness yesterday at the trial of Georges Gaston Quien, who is charged with having intelligence with the enemy and with being the informer against Miss Cavell.
Mlle Thulez testified that she was unable to say whether Quien denounced her, as she had no proof of such action on his part. She said Miss Cavell gave Quien 300 francs, but that she mistrusted him on moral grounds and as being indiscreet. Besides, Quien's height was more than six feet three inches which made identification too easily recognized. The

witness testified that she had caused the arrest of the Princess of Croy by admitting to the German police that the Princess had supplied her with a false identification card.

Mlle Thulez wore the cross of the Legion of Honor on the witness stand today. She was complimented by the court for her patriotic conduct in aiding prisoners to escape from the Germans in Belgium.

ANNUAL MEETING OF THE REBEKAH LODGES HELD

Most Interesting Programme was
Carried Out at South Durham.

SOUTH DURHAM, Aug. 29.—The annual meeting of the Rebekah Lodges comprising District No. 5 viz. Danville, Windsor, Richmond and South Durham, was held in the Town Hall at South Durham on August 21st, and was largely attended by delegates from the lodges in the jurisdiction. The meeting opened with the District Deputy Sister, Mrs. Mary A. Griffith, in the chair. After prayer by the Chaplain, Sister M. M. Fee, and roll call of delegates, the four lodges represented gave very interesting reports which showed an increase in membership and an awakened interest in lodge work. There were only two contestants in the "Secret Work." A general discussion followed on different matters of lodge work and district meetings, after which the questions were handed in.
The banquet was served from 6 to 7.30 p. m., in the I. O. O. F. Hall. After opening the Lodge in the evening session, Sister Miss Jessie Phillips, P. M. G., introduced the assembly officers, Sister Mrs. Lillie Dickson, of Montreal, President; Sister Mrs. Maggie Ross, of Huntingdon, vice president; Sister Mrs. Grace Miltimore, of Sweetsburg, Warden; Sister Mrs. Elizabeth Spencer, of Sherbrooke, Secretary; Sister Mrs. Edna Christie, of Coaticook, Treas.; Sister Mrs. Frances Smith, of Richmond, I. G., and Sister Mrs. J. Dougherty, of Coaticook, P. P.
The address of welcome was given by Sister Mrs. Elsie A. Montgomery, of Mizpah Lodge and was responded to by Sister Mrs. W. J. Dunlop, of Willowdale Lodge. Much credit is due to Olive Branch No. 9 for the efficient manner they put on the Ballot Drill. Sister Mrs. Elsie Montgomery, of Mizpah, sang "Memories" in her usual charming manner, after which the questions were answered by the president, Sister Mrs. Dickson, then followed the Memorial Service and Drill, which was very effectively rendered by Sisters Mrs. Ida Wilkie and Olney. Sister Mrs. Elsie Elliott, of Mizpah, read a paper on "Fraternity," which was appreciated and much enjoyed by all. Addresses then followed. The President, Sister Mrs. Dickson, expressed her pleasure in hearing such good reports from the various lodges in the district. She also gave a short history of the origin and early days of Odd-fellowship, showing the great increase in membership and work done, bringing before the Sisters the greatness and importance of the Order of which they form a part.
Remarks were also made by the

V. P. Warden, Treasurer, Secretary, I. Guardian and P. P. Sister Dougherty.

An instrumental duet was rendered by Sisters Elva H. Cross and Gladys M. Mountain and was greatly enjoyed. Sister Dickson extended a hearty vote of thanks to Mizpah Lodge for their kindness and hospitality, after which the meeting closed with the National Anthem. There all adjourned to the I. O. O. F. Hall where ice cream and cake was served.

At Last! A LIGHT CAR THAT POSSESSES A REAL POWER PLANT

A compelling sense of Quality is your first impression of the Briscoe. It looks capable.

But it's when you drive the car that you realize its wonderful resources of power and flexibility.

As you let in your clutch and press the accelerator, you find you have under your control a motor that responds with great power—just as do the big, expensive cars.

Slipping through the city traffic, there's no need to take the gear-lever out of high—the car slows down to a snail's pace and then quickens with a rush of power the instant you accelerate.

Hills? The Briscoe takes them with an easy spin—even though you slow down at a curve midway on a hill, the gear-lever may safely remain in high.

Its marvellous performance—whether on country road, or amidst city traffic—is largely due to wonderful motor—the result of the combined efforts of four of the world's most eminent automobile engineers.

It is called the "half-million dollar motor" because that is what it cost to design, build and perfect the first Briscoe engine.

Such an engine in a car of such sturdiness and refinement, furnishes a complete answer to the problem of most motorists. If it's to be your first car, let it be a Briscoe. If you're a seasoned motorist looking for a new and better car, your own driving test of the Briscoe will be sufficient to "sell" you this car in preference to the large automobiles of high upkeep cost, which are its only rivals in performance.
