BRITISH TROOPS IN DARDANELLES HAVE MADE GOOD GAINS

NEW OFFENSIVE MOVEMENT RESULTS IN CAPTURE OF TWO LINES OF TURKISH TRENCHES ALONG A THREE-MILE FRONT.

London, June 6—Official announcement was made tonight that the British troops at the Dardanelles, as a result of their new offensive movement last week, captured two lines of Turkish trenches along a three mile front.

The statement follows:
"On the night of June 3rd-4th, the Turks, having heavily bombarded a small fort in front of the extreme right French position, which previously had been captured, launched an infantry attack against it, which was repulsed with heavy loss to the enemy. At the same time the Turks set fire to scrub in front of the left center of the position occupied by the British division and attacked, but met with no success.

Concerted Attack.
"On the morning of the fourth of June, Sir Ian Hamilton, ordered a general attack on the Turkish trenches in the southern area of the Gallipoli Peninsula, preceded by a heavy bombardment by all guns, assisted by battleships, cruisers and destroyers.

"At a given signal the troops rushed forward with the bayonet. They were immediately successful all along the line except in one spot, where the heavy wire entanglement was not destroyed by the bombardment.

"Indian troops on our extreme left made a magnificent advance. They captured two lines of trenches, but owing to the fact that the troops on their right were hung up by the wire entanglement they were obliged to retire to their original line. The regular division made good progress on the left center, capturing a strong redoubt and two lines of trenches beyond it, about five hundred yards in advance of their original line.

"The territorial division on our center did brilliantly, advancing six hundred yards and capturing three lines of trenches, but though the advanced captured trench was held all day and half of the ensuing night they had to be ordered back in the morning to the second captured line, as both their flanks were exposed.

"The naval division on our right center captured a redoubt and a formidable line of trenches constructed in three tiers three hundred yards to their front, but they, too, had to be ordered back, owing to the heavy enfilading fire.

Gallantry of French.
"The French second division advanced with great gallantry and élan. They retook for the fourth time that deadly redoubt they call Le Haricot, but unfortunately the Turks developed heavy counter attacks through prepared communication trenches, and under cover of an accurate shell fire were able to recapture it.

"On the French extreme right the French captured a strong line of trenches, which, though heavily counter attacked twice during the night, they still occupy.

"We captured four hundred prisoners, including ten officers. Amongst the prisoners were five Germans, the remains of a volunteer machine gun detachment from the Goeben (the Turkish cruiser Sultan Selim). Their officer was killed and the machine gun was destroyed.

"During the night information was

FLIES TO HEIGHT
OF 20,000 FEET.

London, June 7.—1:59 a.m.—Harry G. Hawker, the English aviator, flying in an 80-horsepower biplane at the army aviation grounds at Hendon, yesterday, beat the British altitude record by attaining a height of 20,000 feet. The previous record was 14,500 feet. The flight occupied ninety minutes. Hawker was out of sight of the spectators for nearly an hour.

received that enemy reinforcements were advancing from the direction of Maidos towards Krithia. Thereupon Lieut-General Birdwood arranged to attack the trenches in front of Quinn's post at ten p.m. which was successfully carried out, and the captured trenches held throughout the night. The Turkish casualties were very heavy.

"At 6.30 a.m. the enemy heavily counter-attacked, and by means of heavy bombs forced our men out of the forward trench, though still hold communication trenches made during the night.

"The result of these operations is that we have made an advance of 500 yards, which includes two miles of Turkish trenches along a front of nearly two miles. We are now consolidating our new positions and strengthening the lines."

THE FRENCH ACCOUNT.

Paris, June 6—An attack over the whole Turkish front at the Dardanelles, as a result of which the French and British troops gained considerable ground, was announced today at the War Office. The statement follows:

"On June 4th the Allied troops made an attack on the whole of the front, with the object of seizing certain points of support of the enemy. The British center occupied two lines of Turkish trenches, over a depth of 400 metres. The first French division took the first line of the enemy.

"During the operation the Allied fleet gave efficient support. The losses of the enemy were very high. Several hundred soldiers and ten officers were made prisoners. Among the prisoners there were six German sailors.

"The artillery of the enemy has been dominated constantly during the fight by ours.

"Two Turkish counter attacks during the night of June 4th and 5th were repulsed easily."

FIRE AT TRANSCONA.

Transcona, an., June 6.—A \$100,000 fire which started here at 2 o'clock this morning, wiped out the Transcona Hotel and three other buildings. Lack of water pressure was a factor in the spread of the flames. The blaze originated in the Big Four Clothing Store, presumably from defective wiring.

TURKS IN MESOPOTAMIA ARE ROUTED AND SURRENDER AMARA TO THE BRITISH FORCES THERE

Two Thousand Turkish Prisoners Are Taken—Allies Gain Ground On Gallipoli Peninsula—Two Battles Are In Progress In Galicia Where The Russians Are Fighting Stubbornly—French Advance In Region North Of Arras—First Important Battle Of The Italian Campaign Is Raging For The Possession Of Tolmino—German Fleet Is Seen In The Baltic—Rumania Is Going Through A Crisis

London, June 6—The Allies in their offensive on the Gallipoli Peninsula on June 4th captured and held two lines of Turkish trenches along a front of nearly three miles. In Mesopotamia the British forces have received from the Turks the surrender of Amara and taken more than 2,000 prisoners, 13 guns, a gunboat, barges and steamers. The pursuit of the Turks, who were dispersed into the marshes, continues.

As in all trench warfare, which character the fighting on the Gallipoli Peninsula has assumed, the Allies found their general advance hindered through the inability of part of their force to penetrate the wire entanglements which the artillery fire had not sufficiently destroyed. This left other sections of the force open to an enfilading fire and therefore part of the ground gained had to be given up. Some also was lost when the Turks counter-attacked.

A gain of 500 yards on a front of three miles in this sort of fighting, however, is considered satisfactory by the British, particularly as it induced the Turks to counter-attack, in which they suffered very heavy losses.

Two battles are in progress in Galicia. The Russians have made a considerable advance on the lower reaches of the San and have driven the Austro-Germans back to the Leng river; while to the south-west of Lemberg the Austro-Germans are advancing, although the Russians are contesting every inch of the roads to the Galician capital, which is the objective of the Teutonic allies.

The region north of Arras remains the interesting point on the western front. Here the French claim to have gained more ground, and according to their report, have repulsed very violent German counter-attacks. The Germans, on the other hand, assert that they have repulsed French attacks.

The first important battle of the Italian campaign is raging for possession of Tolmino, where the Italians have met with the first serious opposition in their advance across the Austrian frontier.

Italian warships have been busy destroying cables and light-houses in the Adriatic and have again bombarded Monfalcone. There has also been some naval activity in the Baltic, Russian and German squadrons exchanging shots in the vicinity of the Gulf of Riga.

Rumania is going through a crisis similar to that experienced by Italy before the latter country entered the war. Those who favor neutrality and those who favor war held counter demonstrations at Bucharest today, and the political parties are getting into shape to put forward their views. The general opinion held in London is that Rumania will join the Allies when Italy gives the word and that Bulgaria will follow her lead.

With the King of Greece suffering a relapse and in a serious condition, no change in the attitude of that country is expected immediately.

BRIG.-GEN. TURNER IS SAFE AND WELL DUKE AND DUCHESS ARRIVE TOMORROW

SENDING MESSAGE HIMSELF DENYING STORY THAT HE WAS A PRISONER. OWING TO THE WAR SOCIAL ACTIVITIES ARE LIKELY TO BE CURTAILED.

The Sayville despatch on Saturday which stated that Brigadier-General Turner, V.C., D.S.O., had been captured by the Germans, was given emphatic denial on Saturday evening when a private message was received here by General Turner's mother from her son. The message read:—"Porteous, Kendall and self well."

Later a message was received by Hon. R. Turner from Major-General Hughes at Ottawa. The message was a copy of a cablegram received by the Minister of Militia from the Army Headquarters in France which had inquired about General Turner. The cable read:—"ate General Turner well and with his brigade. Report false."

NAVAL SKIRMISH NEAR GOTHLAND

London, June 7.—1:48 a. m. —In a despatch from Copenhagen the Daily Telegraph's correspondent says:—"It is reported, from Stockholm that a naval battle occurred Saturday near Gothland. For six hours a violent cannonade was heard from a south-easterly direction, and for a long time from twenty to twenty-five shots were heard every minute."

CASUALTIES ARE HEAVIEST YET

London, June 7.—3:09 a. m. —The casualty lists for the week-end are the heaviest issued since the war began. They include 90 officers and 5,620 men, of whom 1,674 were killed. This brings the total of British losses during the last week to 900 officers and 20,000 men.

CHASED TWICE BY GERMAN SUBMARINES

SUCH WAS THE EXPERIENCE OF THE WHITE STAR R. M. S. MEGANTIC.

To be visited by three hostile submarines within the space of a week is an experience that few men would care to go through a second time, but such fell to the lot of Commander G. R. Metcalfe, R.N.R., of the White Star R.M.S. Megantic, which arrived here from Liverpool at 9.20 o'clock last evening.

Chased Twice.

It has already been reported by telegraph that the Megantic was pursued by a submarine after leaving Liverpool for this port, but the steamer had already been pursued by two submarines less than a week previously.

As is well-known in Canada that the Megantic on her last homeward trip carried a large number of Canadian soldiers. These she landed safely in England, in fine health and spirits. After leaving the port of disembarking she headed for Liverpool to take her place on the regular line to Canada. On the way to her destination, two submarines suddenly appeared on her port bow, distant about 1,000 feet, one of them heading for the Megantic at right angles. The latter vessel began a zig-zag course, under a full head of steam, and her superior speed stood her in good stead, and the hostile craft was soon left behind. When the officers of the submarines saw that they could not attack the Megantic one of them came to the surface to take a farewell look at her.

The Megantic then proceeded on her course to Liverpool, which she reached in safety. Still it was an anxious time for both Commander and officers, the latter being continuously on the bridge for three days and nights.

Second Submarine Visit.

The Megantic left Liverpool on Saturday, May 29th, for Quebec and Montreal. She took the course which she was instructed to take by the Admiralty. In the channel on a beautiful bright morning, when a vessel could be seen at a distance of twenty miles, at ten o'clock, Commander Metcalfe and the second officer being on the bridge, the former saw the wake of a submarine, heading for his ship on the starboard bow.

A Race for Life.

Then commenced a race for life. The submarine was going to use the language of Commander Metcalfe, for all she was worth in an endeavor to strike the steamer with a murderous torpedo. The unarmed merchant vessel was equal to the occasion, and with a full head of steam commenced her zig-zag tactics. Every effort of the submarine to get into a striking position was baffled and the Megantic after about fifteen minutes chase succeeded in getting clear of her.

Call for Aid Answered.

As these submarines generally hunt in pairs, Commander Metcalfe sent out signals for assistance. These were answered by fifteen patrol boats and torpedo destroyers.

Although the Megantic succeeded in getting clear of the submarine a sharp lookout was maintained throughout the passage in case any more of the unwelcome visitors should put in an appearance.

Passengers Did Not See Submarine.
As none of the passengers were on deck when the submarine appeared, there was no excitement and it was some time afterwards that they learned of the occurrence.

The Megantic had on board 17 saloon, 19 cabin and 19 third-class passengers, the mails and a general cargo. She will leave for Montreal this morning. Among her passengers, was Captain H. M. Daly who was a passenger on the ill-fated Lusitania when she was sunk. He was two hours in the water before being picked up.

A pretty wedding took place at the Cathedral of the Holy Trinity at high noon on Saturday, when Miss Kathleen Corbet Stain, daughter of Mr. and Mrs. John Stain, and Mr. F. Thornton Cole, of Montreal, son of Mr. and Mrs. Francis Cole, were united in the bonds of matrimony. The bride was very pretty in a bridal costume of cream brocade with veil topped by a wreath of orange blossoms. She was attended by three bridesmaids, Misses Sybil Stain, sister, Rachel Webb and E. Laird, while the groom was attended by his brother, Mr. Charles Cole. The nuptial knot was tied by the Very Rev. the Dean of Quebec, assisted by Rev. C. R. Eardley-Wilmot, curate of the Cathedral. Mr. E. A. Bishop presided at the organ and during the service appropriate hymns were sung, the wedding march was played both at the entry and departure of the bridal party. Following the service a recherche wedding breakfast was served at the residence of the bride's parents, St. Denis avenue. Subsequently Mr. and Mrs. Cole left on a honeymoon trip, the bride travelling in a gay blue costume with hat to match. The young couple were the recipients of a large number of handsome and costly wedding gifts.

LEGAL INTELLIGENCE. A Number of Judgments Rendered. Judgments by Hon. Justice Malouin. The Molsons Bank vs. Rattray et al. Judgment against defendants, David Rattray and David John Rattray, jointly and severally, to pay the sum of \$12,400.00, and defendant J. P. Thomas with defendants Rattray up to the amount of \$5,306.39, the whole with interest from the institution of the action and costs. The plaintiff's action asked the payment of many promissory notes, and defendant, Thomas, did not plead, but defendants, Rattray, pleaded that the claim was prescribed. Leblond vs. Paquet. Plaintiff, who is a practicing physician, sued defendant for professional services to him rendered in March, 1914; his claim being for \$160.00; at the defendant's request plaintiff, during twenty-two days, gave him medical care and dressed his wounds. Defendant offered plaintiff before the filing of his plea, \$74.00, capital, and \$23.40 for costs, which said offers were refused. The Court condemned defendant to pay plaintiff \$117.50, interest and costs. Duval vs. Dombrowski. Action for \$195.00 for damages caused to his automobile by defendant's automobile, in July last, in the City of Quebec, said accident being caused by defendant's negligence and carelessness. Defendant denied the plaintiff's allegations of his action, alleging that the said accident was due to the inexperience of the driver of the automobile belonging to plaintiff. The Court considered that both parties were at fault, and condemned defendant to pay plaintiff \$50.00 damages, interest and costs. By Chief Justice Lemieux. North Shore Ry. Co. vs. Moreels et al. One of them, Thomas Girard, who has only been a short time in the city, was arrested by Sergeant Stapleton and Constable Dubuque, charged with a most brutal assault on his wife. When the officers arrived they found the feend dragging his wife by the hair around the street. He was fined \$20 and costs or one month's imprisonment for loitering, and \$20 and costs or an additional month for the assault on his wife. It is probable that a more serious charge will be laid against him before his present term expires. A woman for being drunk and loitering at midnight was sent to jail for two months. Three drunks were condemned to fines ranging from \$5 and costs or fifteen days' jail to \$10 and costs or one month. A man for loitering was held for observation.

GLIMPSES OF ITALY'S POWER VERY INTERESTING FILM PRESENTED AT THE AUDITORIUM WITH THE FIVE ACTS OF VAUDEVILLE. The whole bill at the Auditorium last week was certainly worthy of all the praise accorded by the patrons of the popular resort, but as everyone put it, one single act was worth the price of admission. And the same thing might have been said of more than one act. This highly appreciated compliment paid by the Quebec theatre-goers will certainly be repeated this week, as the bill again consists of only high class artists, known as the best in the division of vaudeville they have chosen. But outside of the attraction that should certainly crowd the house with people who want to be well informed on the situation occupied by all the nations engaged in the present European conflict. Italy was the last one to come in and the Auditorium announces the presentation of a new film entitled "Glimpses of Italy's Power," and giving a full idea of the great strength of this nation's navy and its army. One will see how these pioneers of civilization in Western Europe have built dreadnoughts and submarines, have formed infantry regiments, drilled great cavalry brigades—and have done all this quietly—until their intervention revealed to the world a power nearly as strong as France and England themselves. Especially at this moment, when the newspapers are publishing figures showing the relative strength of all the nations, it will be interesting to look at these ships and soldiers as the illustrations are unrolled on the screen. This picture will be shown during the first three days of the week only, with the regular programme of five acts of vaudeville. This programme consists of The Marvelous Kirk a sensational cycle perch balancer; Tom Donnelly, a comedian who has made for himself a great reputation in the minstrel shows; The Gagnoux, jugglers and balancers of great merit; Duo Nouvelle, singers and dancers, and DeWitt, Burns and Torrance, who have a great pantomimic novelty to present. The prices remain the same as usual: 10 cents for the matinees; 10, 15 and 25 cents for the evening performances. ST. AGNES ASSOCIATION ENTERTAIN MEMBER. Upon the event of the departure of Miss Florence Davis, from the St. Agnes Association, St. Patrick's Parish, to become the bride of Mr. Armand C. Vezina, a presentation took place at the Club Rooms. Miss Alice Murphy, President of the Association, assisted by Miss Mary Burke, Miss Jessie Brady, and Miss Nellie O'Doherty, received. Among the guests were noticed Mrs. Willie Dunham, Mrs. Louis Trudel, and Mrs. Lendar Conway, former members of the Association. The presentation of a mahogany tea-tray was made, and hearty appreciation given expression to by the guest of honor to the friends of her girlhood. The following young ladies contributed to the entertaining of the guests in their usual inestimable manner: Miss Mary McManamy's rendition of Whitcomb Riley's "Josiah's Courtship"; Miss Agnes McNamara's contollo so'o, "A Voice is Calling e"; Miss Irene Evoy's comic recitation, "An Exploit of Mr. Progers"; and Miss Florence Turner's brilliant execution of a pianoforte selection. Refreshments were served, and dancing terminated the evening's programme. The friend-members parted with the guests of the evening, after the singing of Bobbie Burns' "Auld Lang Syne."

PERSONAL Mr. M. Tellier, of Toronto, is at the Chateau. Mr. and Mrs. V. E. Mitchell, of Montreal, are at the Chateau. Mr. J. H. Moore is among the Montrealers at the St. Louis Hotel. Mr. and Mrs. W. G. Gibb and Miss Annie Gibb arrived in the city from Montreal yesterday and are guests at the Chateau. Dr. E. J. C. Chambers is enjoying a short holiday and is the guest of his father, Mr. E. T. D. Chambers, Aberdeen street. Mrs. H. H. Sharples, P. Marson, Hon. L. A. Taschereau, and J. Picha of this city, were at Montreal-hotels over the week-end. Hon. T. Chase Casgrain, Postmaster-General, and Mde. Casgrain, are spending several days in the city guests at the Chateau. Mr. W. S. McKinlay, of Scotland, was a passenger on the Allan Liner Hesperian which reached Quebec last evening. Mr. McKinlay, who is to spend about seven weeks in Canada, is leaving in a few days for Vancouver on business. In a short conversation with a representative of the Chronicle at the Chateau last evening he said that apart from experiencing some very severe cold weather, the trip was uneventful. No submarines or other hostile craft were encountered, but the vessel was impeded considerably by ice. City of Quebec. To wit: District of Quebec. CITY OF QUEBEC. City Hall. BY-LAW No. 10. Concerning the Assessment of Assessable Property, in the City of Quebec, and to amend By-law No. 2-B, Concerning the School Tax. (Drawn up in the French Language.) At a meeting of the Municipal Council of the City of Quebec, held at the City Hall, in the said City of Quebec, on the twenty-third day of April, one thousand nine hundred and fifteen (1915), in conformity to law, and in virtue of a By-law passed by this Council pursuant thereto, and after the due observance of all the formalities prescribed by the statute in such case made and provided, at which meeting were present two-thirds of the members composing the Council of the City of Quebec, that is to say: His Worship the Mayor Aldermen Bouchard, Cannon, Cote, Dinan, Dussault, Emond, Galbois, Garant, Gauvin, Lantier, Lavigneur, Lockwell, Madden, Martin, Paquet (B), Verret, Walling. It is hereby ordained and enacted by the Municipal Council of the City of Quebec as follows, to wit: 1. Article 5 of the By-law No. 2-B, is replaced by the following: "A tax of three tenths (3-10) of one per cent of the real value annually assessed upon immovable property belonging to proprietors of the Roman Catholic faith in this City is hereby imposed and shall be levied upon the said immovable property, in order to collect the sums payable each year by the City of Quebec, to the Board of Catholic School Commissioners for the maintenance of the Catholic school in this city, in conformity with the law." A tax of four-tenths (4-10) of one per cent of the real value annually assessed upon immovable property belonging to proprietors of the Protestant faith in this City, is hereby imposed and shall be levied upon the said immovable property, in order to collect the sums payable, each year by the City of Quebec to the Board of Protestant School Commissioners for the maintenance of Protestant schools in this City, in conformity with the law." Attested, L. S. NAP. DROUIN, Mayor. H. J. J. CHOUINARD, City Clerk.

POLICE SERGEANT SHOT ON CHAMPLAIN STREET

THREE BULLETS FROM JAMES DOOLAN'S REVOLVER FOUND THEIR MARK IN SERGT. RYAN'S ARM ON SATURDAY NIGHT.

As the result of a shooting affray on Champlain St., shortly before midnight on Saturday...

AMERICAN NOTE IS PRACTICALLY READY

WILL GO TODAY OR TOMORROW - PRESIDENT IS AT-TENDING TO THE COMMAS.

Washington, June 6.—President Wilson will forward his latest note to Germany late tomorrow or Tuesday.

CONDITION OF KING CONSTANTINE GRAVE

OPERATION PERFORMED ON HIM WAS SERIOUS BUT APPARENTLY SUCCESSFUL.

London, June 6.—The condition of King Constantine of Greece is described as extremely critical in a Reuter despatch from Athens, filed at 11 o'clock last night.

TELEGRAMS RECEIVED AT THE GREEK LEGATION FROM ATHENS, FILED SEVERAL HOURS IN ADVANCE OF THE REUTER DISPATCH, WEAR MORE REASONING.

AN ATHENS DESPATCH TO THE EXCHANGE TELEGRAPH COMPANY SAYS THAT PROF. EISENBERG OF VIENNA, YESTERDAY PERFORMED AN OPERATION ON KING CONSTANTINE, REMOVING PART OF THE TENTH RIB.

THE KING FELT SOME RELIEF AFTER THE OPERATION.

THE TREATMENT IS LIKELY TO COVER A LONG PERIOD OF TIME.

HIS HIGH TEMPERATURE. Athens, Greece, June 6.—An official bulletin issued at 7 o'clock this morning states that King Constantine's temperature at that hour was 104.18, pulse 140; respiration 39.

THE KING SLEPT FITFULLY LAST NIGHT. HIS HIGH TEMPERATURE WAS ATTRIBUTED TO THE REACTION FOLLOWING THE OPERATION FOR REMOVAL OF PART OF THE TENTH RIB.

THE CRIME, IT IS THOUGHT THAT THE MAN'S MENTAL FACULTIES ARE AFFECTED. ONE INFERENCE IS THAT HE MAY HAVE HAD A GRUDGE AGAINST THE POLICE AS HIS BROTHER, JOHN DOOLAN, WAS ARRESTED ON FRIDAY ON THE CHARGE OF STEALING IDEAS, THE PROPERTY OF THE TRANSCONTINENTAL RAILWAY.

HE OFFERED NO RESISTANCE WHEN TAKEN BUT REQUESTED LEAVE TO LOCK THE DOOR OF HIS HOUSE.

HE WAS BEING LED TO THE STATION HE SAID TO THE POLICEMEN: "DON'T BE AFRAID. I'LL GO WITH YOU, I HAVE NOTHING ON ME."

THERE WAS NOTHING FOUND ON THE PRISONER WHEN HE WAS SEARCHED, AND HE WAS IMMEDIATELY TRANSFERRED TO NO. 1 POLICE STATION.

UNMOVED BY DEED. The prisoner is still in a cell at Central station and yesterday morning when informed that Sergeant Ryan was badly wounded he expressed his regret that he had not killed him.

HE SHOWED A LITTLE EMOTION AND SAID THAT IT WAS JUST AS WELL THAT HIS VICTIM HAD ONLY BEEN WOUNDED.

CHURCH UNION AND THE PRESBYTERIANS

THE MODERATOR HAILS NEW SPIRIT AND THINKS THE PATH IS LIGHTER.

Kingston, Ont., June 6.—Church union was the chief subject for consideration at the general assembly yesterday morning.

When the Moderator was speaking Dr. D. D. McLeod, of Barrie, mounted the platform and handed a paper to the Moderator, saying that it contained a protest from those who were in favor of continuing the Presbyterian Church in Canada.

Washington, June 6.—President Wilson will forward his latest note to Germany late tomorrow or Tuesday. It became known definitely today that the note has been held up to allow the President and his advisers to complete its phraseology.

THE WEATHER

Toronto, June 6.—The weather of today has been fine and decidedly warm from Lake Huron eastward to the Maritime Provinces.

Lower Lakes and Georgian Bay: Moderate to fresh winds, mostly fair and with a few scattered thunderstorms.

Upper St. Lawrence and Ottawa Valley: Moderate winds, mostly fair and warm with a few scattered thunderstorms.

Lower St. Lawrence and Gulf, and the North Shore: Moderate winds, fair and warm.

Maritime: Increasing easterly winds—cool and showery.

Superior District: Fresh northerly winds, cooler and partly fair with local showers.

Western Provinces: Fair and cool with showers in a few localities.

ACCIDENTALLY SHOT. St. Thomas, Ont., June 6.—Fred C. Hardy, 12 year old son of Fred Hardy of 87 Hiawatha street, was shot and killed by a bullet from a 22-calibre rifle in the hands of a companion, Jack Hood.

WEEK-END DROWNINGS. Ottawa, June 6.—Two boys, Ernest, the nine year old son of Thomas Brooks, 440 Cumberland street, and Theodore, the 10 year old son of William Helman, 183 Sunnyside Ave., were drowned in the Rideau canal Saturday.

SIX MORE TRAWLERS SUNK BY SUBMARINE IN THE NORTH SEA. Off Peterhead yesterday, the Dogberry, of Hull, Persimmon, of Grimsby, and Gaze-wand, of Curlew, of Sunderland, were the victims.

AUSTRIANS AT WINDSOR ACCUSED OF MURDER. Windsor, Ont., June 6.—Mike Kulski, an Austrian aged 23, was arrested yesterday charged with the murder of Felix Maline of Windsor whose badly battered body was found near Ford City on Tuesday morning last.

MONTREAL OFFICER'S LEG IS SHATTERED. London, Ont., June 6.—Lieut. James Gordon Ross, machine gun officer of the Fifth Royal Highlanders of Montreal, who was officially reported wounded a few days ago, in a letter from Boulogne to his father at Embro states that his left leg was completely shattered by shrapnel and that the limb will probably have to be amputated.

STEAMER ARRIVALS. New York: St. Louis, Liverpool, Philadelphia; Carthaginian, Glasgow. Naples: San Giovanni, New York; San Gugiellmo, New York.

CANADIANS THANKED BY SMITH-DORRIEN

SOLDIERS DID NOT LAY DOWN THEIR LIVES IN VAIN AT LANGEMARCK.

Toronto, June 6.—Col. D. W. McPherson, commanding No. 2 Canadian Field Ambulance, in a letter to Major C. J. Currie, commanding No. 11 Field Ambulance, encloses a letter from General Alderson, praising the gallantry of the Canadian forces.

"The more details I learn, the greater to me does the resourcefulness and bravery of Brigadiers, Battalion commanders and individuals become apparent. I am convinced that, with less gallantry and less determined troops, the disaster which occurred outside the line they were holding might have been converted into a serious defeat for our troops.

"I regret exceedingly the loss of so many brave officers and men, but they did not lay down their lives in vain. I should like you to communicate to the whole Canadian division my thanks and admiration, as army commander, for the service they rendered to the second army during the critical period following the successful German attack on our allies on the night of April 22."

Canada's Roll of Honor

"The address given with each name in the casualty list is that of the next of kin, and not necessarily that of the member of the contingent mentioned."

ALIENS ATTEMPT TO MAKE THEIR ESCAPE. Brandon, Man., June 6.—Andrew Crapko, an eighteen year old Austrian, is in the General Hospital, hovering between life and death, and a compatriot, Mike Butryn, aged 22, is also in the hospital with an injury to the back, as the result of a well planned attempt by fifteen aliens to get away from the internment camp at the Winter Fair Arena, between 9 and 10 o'clock last night. Another Austrian got clear away.

THE AUSTRIANS HAD SURPRISEINGLY CUT A HOLE THROUGH THE FLOOR INTO A boiler-room underneath, and tried to escape that way.

THE HULL TRAWLER BARDOLOPH HAS ALSO BEEN SUNK BY A SUBMARINE. THE CREWS OF ALL THE TRAWLERS WERE SAVED.

ANNUAL CORPUS CHRISTI PARADE HELD YESTERDAY

IMPOSING PROCESSIONS IN DIFFERENT PARISHES - WEATHER IDEAL.

The usual terror and display attended the Annual Corpus Christi Celebration by Quebec Catholics and the processions in the different parishes were large and imposing.

The procession from the Basilica in which the parish of St. Patrick's also took part was the most impressive. This year the sacred cortege followed a different route than that of last year, the procession leaving the Basilica and proceeding down Mountain Hill to the Notre Dame des Victoires Church and returning via St. Peter Street and Mountain Hill.

Weather conditions were beautiful and the street decorations and arches excelled those of former years not only in their beauty but also in their number.

The procession formed up after the celebration of Grand Mass at the Basilica, the various societies and academies falling in to their allotted places without a hitch.

Among those who were present and followed the procession over its full course were His Honor, the Lieut-Governor, attended by A.D.C. Major Victor Pelletier, Sir Lomer Gouin, Hon. T. Chase Casgrain, and many other well-known and prominent Catholic citizens.

The Pappal Zouaver as usual formed a guard of honor around the Canopy under which the Sacred Host was carried and the spectacle was at once most picturesque and inspiring.

The Commercial Academy Cadets, accompanied by their band, also formed part of the parade and made a splendid impression by their military bearing and remarkable precision in all their movements.

The Seminary Band was present and this well-trained musical body discoursed Sacred music as they marched over the course in their usual efficient manner.

A young ladies choir which had been installed in the little park on Mountain Hill sang beautifully while the procession proceeded on its way to the little Church on Notre Dame street.

It was one of the most stately processions in years and the streets were lined with spectators, many of whom joined its ranks.

LITTLE GIRL SWALLOWS HYDROCHLORIC ACID. Tillsonburg, Ont., June 6.—During a family gathering last night the 3-year-old daughter of J. A. Anderson of Lyndoch, got hold of a bottle of hydrochloric acid and swallowed the contents, with fatal results.

Gallant Munsters. "Our magnificent officers" is a phrase used by a sergeant-major of the 2nd Royal Munster Fusiliers, in a letter home. And it is one which is echoed by all the regiment, as the men recall the conflict on Christmas Eve, when they suffered so badly.

"Colonel Bent," says the sergeant-major, "got wounded trying to save a wounded private, who lay in front of his trench, and when the stretcher-bearers went for him he refused to be moved till all the wounded were taken first. It was the same with Major Thompson. He lay outside his trench all day wounded, and still issued orders to his men till he died from exposure. Captain O'Brien left his bit of cover and gave it to a private, and was killed a few minutes afterwards. When you have officers like these you fear nothing."

"I want to state that I have never taken anything to do me so much good as Dr. Chase's Nerve Food," writes Mrs. Edson Brock, Tremholmlville, Que., "and I am never without it in the house. I was so nervous I could not sleep, but now I sleep soundly at nights and wake up feeling refreshed and ready for the day's work. I used the Nerve Food for months and found that it just suits my needs and has built up the system wonderfully. I know it is Dr. Chase's Nerve Food that has brought about the great change in my condition and am thankful for it."

"My husband was a great sufferer from itching piles and has been entirely cured by Dr. Chase's Ointment."

"We are constantly receiving letters like this in regard to Dr. Chase's Nerve Food. Everywhere it is being used because of its great restorative and reconstructive influence on the nervous system. Men and women

Just Suits My Needs Building Up the System

This is the Way Thousands of Women Are Speaking of Dr. Chase's Nerve Food.

who are run down in health, tired, nervous and discouraged, find in this great Food Cure the means of nourishing the exhausted system back to health and vigor. Headaches, indigestion, sleeplessness, nervous irritability, lack of energy, and vigor—all tell of nervous exhaustion, and indicate the need of such treatment as Dr. Chase's Nerve Food. Instead of affording mere temporary relief by stimulating the nerves, Dr. Chase's Nerve Food builds up the system by supplying the ingredients from which nature forms new rich blood and revitalizes the wasted nervous system. Put Dr. Chase's Nerve Food to the test when you are feeling tired out and discouraged, fill the blood with new rich blood and new nerve force and you will realize again the joy of good health. 50 cents a box, 6 for \$2.50, all dealers, or Ed-manson, Bates & Co., Limited, Toronto.

GOD PUNISH GERMANY!

God Punish Germany! For her Prussian "industry of war," for her Machtpolitik, for her gospel of frightfulness and her assassin-servant Kultur, for her policy of Blood and Iron, for her barren Hymn of Hate, for her paranoiac War-Lord and her national spirit that is without soul or honor, magnanimity or ruth, God Punish Germany!

For the bestiality and licentiousness of her soldiers, for the perjury and unscrupulousness of her "diplomats," for the venomous treachery of her viperine spies, God Punish Germany!

For the unspeakable outrages committed on stricken Belgium whose reddened soil, like Abel's blood, appeals to Heaven for drastic and terrible vengeance, for priests slain and nuns defiled, for altars desecrated and Cathedrals blown to ruins, for the ravishment and mutilation of mother and maid, for the wanton slaughter of innocent peasantry, for the crimes that were perpetrated at Malines and Louvain, at Aerschot and Termonde, at Ypres and Rheims, and innumerable other places, God Punish Germany!

For the arrogant, blasphemous effrontery that calls on God to bless atrocities and abominations of such diabolical nature as would have revolted even the barbarous savages in the days long before Christ, for the mentality which seeks to out-Nero Nero and out-Herod Herod, which would emulate and surpass Torquemada, Alva, Lucrezia Borgia, and all the torturers, poisoners, mutilators and murderers that ever were, and which can give points in fiendish cruelty to Milton's devils at war with the Almighty, God Punish Germany!

For the Zeppelin baby-killers, for the shelling of fenceless coast towns by "assassin-cruisers," for the deadly and agonizing gas fumes, for the appalling tragedy of the Lusitania and the crucifixion of wounded foes, God Punish Germany!

Century after century, since the Man of Sorrows made his immortal sacrifice on the hill of Calvary, have we groped and striven toward the light. Slowly, laboriously, and with great travail of the nations, have we struggled to evolve a civilization that should make constantly for the betterment and uplift of the human race. Gradually the gospel of brutality and hatred has been thrust away, has been superseded by the teachings of Him who gave His life for others on the cross, who bequeathed us the doctrines of renunciation, forgiveness and unselfishness, purity and right, mercy and compassion, of world-humanity.

Striking the shackles from the slave we have progressed towards freedom, equality and democracy; we have achieved government of the people for the people by the people; we have asked for the most part, nothing better than to go our quiet, peaceful ways, tearing God, honoring the King, living industriously and usefully, and devoting our best talents to the service of our country and the advancement of the world.

It is not a perfect civilization. Far from it. There are bound to be faults which should be purged; greed, sloth, indifference, dishonesty, pride, boastfulness, covetousness, extravagance, selfishness and intemperance—there is much to be deplored, much which it should be our unceasing endeavor to eradicate.

But, on the whole, ours is the most advanced form of civilization yet. It is moving in the right direction, looking forward, striving to glimpse the Cross, to do unto our neighbor as we would that he should do unto us. And now? What are we asked to accept in its stead? A regime without pity and without honor. The militarism of the tainted Hohenzollern and the beer-bloated Junker, who would deluge the world in blood that they might impose a paralyzing despotism of merciless slavery upon its inhabitants. The glorification of murder, treachery, brutality, bestialism, deceit, vandalism, immorality, wantonness, hatred, violence and irreverence! In short, the cultivation of everything that is accursed, forbidden, inhuman, uncivilized, undemocratic and un-Christian.

At the point of the sword we are asked to grovel in the dust that the vainglorious Prussian megalomaniac may tread us underfoot. And to this end he has put all that is best in civilized machinery at the service of all that is worst in the barbaric world. To this end, for years past, have his minions gradually poisoned the whole German country and its diplomatic corps with the fierce venom of the Junker oligarchy. As one who knows them, says: "By much drilling they almost drove the patient German population mad. They drove out of its mind its humor, its simplicity,

They drove into it the gospel of hate, of military atrocities, of bombast and of lies. They held before it the dream of an ideal world-barracks, dragooned by Prussian officers, from which every ennobling virtue was banished, in which sympathy and pity and sportsmanship were unknown, in which the weak are to be stamped out of existence and the strong alone shall ruthlessly survive."

The countrymen of Goethe, of Schiller, of Schumann, or of Bach, are no more. In their place have arisen the disciples of Nietzsche, the pupils of Bernhardi or of Treitschke, the men who consider treaties to be "scraps of paper," international agreements to be non-existent sentimentalisms, and the rights of civilized mankind to be mere worn-out baubles.

For us, British and French, this is more than a war. It is a Crusade. To quote from an enlightened opinion:

"The Germans have been within an ace of that demonic dominion of the earth which they proclaim as theirs, and they even still believe they can attain it. We are fighting not invaders only but ideas; we are fighting not merely for the victory of our troops but for the hope of our ideals. Unless we destroy Prussian methods of continuous menace in peace and brutal terrorism in war, the nations can never restore confidence in each other's goodwill. This is why we are fighting not only with armies or with navies but with a state of mind which slowly and inflexibly is altered, which can only be changed after long adversity and disillusion. Our quarrel is not with a civilization that is imperfect by accident, but with a nation that is the enemy of civilization by design, a nation that deliberately rejects the Promise and the Record, those two things upon which the whole machinery of modern life depends. For Germany has attempted to eliminate that belief in same action and honest intention, by which alone it is possible to establish peaceful and stable relations between one nation and another."

We are fighting then, for Christianity, Freedom, Civilization and Humanity.

And God will punish Germany. He will punish her as he has punished every country that has forsaken him and gone astray after strange gods; he will lay waste her walled cities and disperse the deluded Hohenzollern hosts until they are no more worth than the Assyrians of Sennacherib. He will remove the accursed thing from our midst. For it is a pestilence rather than a people that we combat.

For every exterminated village, for every blackened hearthstone, for every drop of innocent blood shed in Belgium and France and on the seas, for every outrage committed by these Jack the Rippers in shining armor, for the non-combatants mangled and massacred, for the prisoners foully done to death, for every heart-burn of the widows, orphans and desolate, for every deed of Prussian devilry, for the moral leprosy that preys like a cancer upon the whole German national life.

God will punish Germany. God is punishing Germany, will punish Germany. Assuredly He will not let Christianity fail in its mission. Everything that is abhorred in his eyes is represented by these idolatrous militarists, this heathen breed without the law, who think that a nation can live to itself alone, who would set themselves, their mathematics, their "machine," their mass suggestion, and their infernal chemistry above God and man alike.

Quem Deus vult perdere, prius dementat—Whom the Deity would destroy he first makes mad. Never did saying apply more aptly than does this to the Prussians of today. Germany's hour is drawing nigh. There may be a weary, tedious and costly wait yet; there will be many more valuable lives laid down before her knell strikes. But strike it will. Assuredly the day is coming when the flattered peasant folk will flee in terror from the Rhine's smoke-blackened banks, when the Allied armies will thunder at the gates of beleaguered Berlin, when the great shells with their message of destruction will go crashing into the Wilhelmstrasse and the Cossacks shall bivouac under the linden trees; when the proud German race, beaten to its knees, shall be glad to accept peace under any terms however humiliating. That will be "Der Tag," The Day.

God will punish Germany. Long after this war is over the name of the parish Germany will still stink in the nostrils of all decent men. People will look up to heaven and thank God that their veins are not polluted by a single drop of German blood. It will be the crowning insult to call a man a German. A ready name has come to be synonymous with all that is evil, untrustworthy, loathsome and despicable. Gradually there will come to that misguided race the bitter, burning understanding of the blind folly which has ob-

essed it, of the loathing and contempt in which it is held by all other nations. Then, perhaps, with bursting heart will they rise against their false gods, and rulers, tear them down from their pedestals and trample them in the mire never to be set up again.

Prussia fights for the vices of the Past. We fight for the Promise of the Future. Never were we launched upon war so holy and so righteous. Nor will God fail us. "Not by might, nor by power, but by my spirit, saith the Lord of Hosts," the God of Vengeance.

They that take the sword shall perish with the sword. God punish Germany!

MAKE THEM WORK.

There is something humorous in the official report sent by a United States consul who was commissioned to inquire into and report on a recent shunting at the Canadian internment camp at Fort Henry, near Kingston.

When the Germans and Austrians there revolted and attempted to overpower their guards they were met with a display of cold steel and subsided. The German government, through its embassy at Washington, asked Uncle Sam to investigate, the belief evidently being that the Canadians in charge at Fort Henry were treating the interned aliens shamefully to have induced them to mutiny. So the United States consul at Kingston was instructed to investigate.

He did so, and now reports to his government that these aliens are being well fed and well housed; also he adds the suggestion that it would be better for them if they were required to do a little hard work, and that the leaders of the uprising should be punished.

Of course this is not the sort of report the German embassy wanted. They were looking for a cause of trouble at the embassy, and will be disappointed because it does not appear. However, we are not very much interested in the feelings of the German officials at the Washington embassy, and find the investigator's report interesting from the fact of its suggestion that the able-bodied men of the camp should be set at work. With that we thoroughly agree.

His satanic majesty is evidently finding it easy work to fill the minds of these idle aliens with mischief, and the best way to counteract the tendency to trouble is to let them all have that healthy tired feeling that comes only to the man who puts in his full day at some sort of honest labor. There can be no good reason advanced why these people should be maintained in idleness; there are many good reasons why they would be given a reasonable amount of work to do, even if it is only for the sake of the exercise it gives them.

PRESS COMMENT.

In a recent issue of "The Canadian Defence," the official journal of the Canadian Defence League, appears an editorial extract from "The Public Ledger" of Philadelphia, dealing with Canada's attitude in the present war and her relation to the future. The articles will inspire hope in the breasts of those who look forward with fear, thinking that the days of today are going to be the days of tomorrow, and shows how outsiders regard the tremendous possibilities of this Dominion. After telling of what Canada is doing, and pointing out that Canada will deserve and have a voice in the settlement of affairs when the war is over, the article continues: "How can such a change come to a young, vigorous and enterprising people be other than of an immense importance in their development? Lands will be opened by enormous immigration. A sequence will be immense manufacturing expansions. New industries, to supply the articles heretofore bought in other markets, will be established. New towns will arise and more trackage of railways will enlarge the net as well as reduce the size of the mesh, over the lands. Law and order which are not guarded in any country better than in Canada, will assure to the new-comers, justice, protection and liberty. "Canada knows that the moral home is the bulwark of the state. Therefore all the impulse of legislation is to guard the home against all danger. The greatest danger to the home is a want of religion. Canadians are almost unanimously believers in God. Less than one percent of the population is the united totals of non-believers, pagans and unspecified. In education, Canada is a leader from the primaries to universities of science, the professions, literature, art and music, and from education to recreation and athletics and other pastimes to which nature turns for relaxation, all these will attract many who will be glad to leave the lands that had held all that made life worth living and all that is left is but the sad memory."

NURSE'S KIDNEY COMPLAINT

Cured by Dr. Cassell's Tablets After Operations Failed.

She was too weak to walk alone.

In frightful pain for hours at a time.

Had undergone two operations.

Faced with a third operation she took

DR. CASSELL'S TABLETS

And was Cured.

Two years ago Nurse Doudaswell, of 57, Alfred-street, Gloucester, England, wrote to say that Dr. Cassell's Tablets had cured her of acute kidney trouble, and saved her from operation, and she now tells her story for the benefit of fellow sufferers in the Dominion. She says: "I am pleased to say that I have had the best of health since I did you of my cure by Dr. Cassell's Tablets some two years ago. People remark on how well I look. When I think of what I suffered before I knew of Dr. Cassell's Tablets, I feel I can never sufficiently praise your splendid medicine. Kidney trouble had reduced me to such a state of helplessness that I could not walk alone. I had undergone two operations, and taken endless medicine; but nothing helped me. Often I was in frightful pain, pain that lasted for hours at a time. I was also a martyr to dyspepsia, and so weak and spiritless that I used to wish I could die and be done with suffering. Although, as

Nurse Doudaswell.

I have said, I was twice operated on for kidney trouble. I got no relief at all. I was urged to undergo a third operation on my left kidney, but by that time I was taking Dr. Cassell's Tablets, and the benefit was so apparent that I refused the operation, and persevered with the Tablets. Then I mended rapidly. I had no more pain; the dyspepsia, too, was cured and I began to gain flesh. In a remarkably short time I was fit to go to work and strong. Now, if ever I feel a little run-down—and my work as a nurse is sometimes very trying—I just take a dose or two of Dr. Cassell's Tablets, and they never fail to set me up again. They are just splendid."

QUEBEC LIFE UNDERWRITERS' ASSOCIATION

TO ALL LIFE AGENTS NOT YET MEMBERS OF THE LIFE UNDERWRITERS ASS'N OF QUEBEC.
Dear Conferees.—In the United States the Life Underwriters' Association are doing an active and intelligent campaign in the newspapers of their country and they are so instructing their citizens with the great privileges and advantages of Life Insurance, they are fighting against the Life Insurance taxes and the public know them and appreciate the services rendered by Life Agents of Uncle Sam.
We have yet some Agents in our District who are not members of any Life Underwriters' Ass'n. Mr. Meiklejohn, President of Life Underwriters' Ass'n of Canada, told us, when we gave him a banquet, at the Kent House, on May 8th, that there are two-thirds of Life Agents who refuse or fear to enter the Life Underwriters' Association: (a) the successful agent who does not want to tell others his victories in his canvassing field; (b) the modest and humble agent who is too fearful to join his colleagues of the local association. We believe that agents of those kinds are very few here.
Do as your neighbors, be united for the collective advancement of our profession and for the interest of the public. United, we can do much to improve our position and to help policyholders; separated, nothing could be done in this way. It is co-operation in practice we need. You know its efficacy.
Come to our next meeting, on June 11th, at 87 D'Aiguillon St., Quebec, and ask a confere to propose your admission.
This year the annual Convention of the Life Underwriters' Association of Canada will be held at Toronto, at the beginning of September, during the annual Exhibition. Become one of our members and go up to the Convention. It is not dear to learn what our best and devoted men in our Association of the Dominion will say in their lectures and speeches. You will so profit of the experience of our eminent Life Underwriters.
By order,
THE PRESIDENT.
Addresses—Jos. T. Chenard, President, 109 Mountain Hill; S. Cote, Treasurer, 126 St. Peter St., Quebec; V. A. Lemieux, Secretary, 72 St. Peter, Quebec.

CANADIAN EUCHARISTIC CONGRESS.

Foremost among the members of the Canadian Hierarchy who will participate in the coming Eucharistic Congress of Montreal in July next, will be His Eminence Cardinal Begin and His Grace Archbishop Bruchesi. Cardinal Begin is Honorary President of the Convention and besides addressing the monster Meeting of Clergy and laity to be held at Notre Dame Church on the opening night, July 13th, His Eminence will attend various gatherings of the Congress.
Archbishop Bruchesi who is the President and the moving Spirit of the demonstration will follow all the deliberations of the Congress and act in the same capacity as at the Congress of 1910.
Ten other prelates will preach or read papers at the Congress gatherings.
Auxiliary Bishop Haynes, of New York, is the only American prelate who has been invited to take an active part in the proceedings.
His Lordship will deliver the dedication Sermon, on Sunday, July 11th, when Archbishop Bruchesi will solemnly bless St. Patrick's new Congress Hall, the headquarters of the English-speaking Section.

WOUNDED OFFICERS HERE ON MEGANTIC

LIEUT. DANSEREAU IS BACK ON LEAVE OF ABSENCE — SHOT AT LANGHEMARCK.

On board the R. M. S. Megantic, which reached Quebec last evening after being chased by a submarine off Queenstown during the first few days of her voyage, were five officers of the First Canadian Contingent, who are being invalided home. Among them is Lieut. Dansereau, of the 48th Highlanders, Toronto, son of Mr. Arthur Dansereau, of Montreal.
Lieut. Dansereau was wounded in the Langhemarck engagement and his bandaged head bears evidence, to a certain extent to the terrible fire to which those opposing the Germans are subjected. "The Huns," said this Canadian Lieutenant, who has been promoted to Acting Adjutant, "classified the Canadians as rats," because of their agility and ever-readiness for action. The regiment, to which Lt. Dansereau is attached, has seen such severe fighting that only a few of the officers remain.

His Honor the Lieutenant-Governor, Hon. P. E. LeBlanc and Mde. Leblanc, accompanied by Major Victor Pelletier, A.D.C., and Mde. Pelletier and a large number of relatives of soldiers on board were at the wharf long before the big liner glided into the breakwater where she moored for the night. The Lieut.-Governor and party met the vessel to welcome the invalided Canadian boys home. Lieut. Dansereau was greeted by his two sisters and brother, Mr. L. Dansereau, and also by his uncle and aunt, Major and Mde. Pelletier. He spent the night as the guest of Dr. MacKay. On July 22nd, his leave of absence expires.

Among the other passengers on board is Mr. H. M. Daly, one of the survivors of the Lusitania who was picked up in the water two hours after the giant ocean liner plunged to the bottom after being torpedoed. He is proceeding to Montreal on the Megantic.
Reports from the fishing preserves of Messrs. Rowley at Lake Edward are to the effect that the fishing is better this year than at any time during the past ten years. A number of very good catches have been made and the average of the trout taken seems higher than usual, though Lake Edward trout are renowned for their size and good eating qualities.
Quite a number of Canadian and American sportsmen have already visited the lake this year and it is expected that the total of visitors from across the boundary line will break all records this season.
If you are drinking imported lagers, you are doing so from prejudice, because, as far as quality is concerned, the finest of them are no better than B. B. Lager made in Quebec. Circulate your money in Canada and help Canadians.

FISHING IS GOOD AT LAKE EDWARD

DEATH OF JAMES DUNN.
The sad death occurred at the Hotel Dieu yesterday morning of Mr. James Dunn, law student at Laval University, who succumbed after an illness of a few months.
The late Mr. Dunn, who came here a few years ago from the United States, was also an employee of the Post Office, where he was held in high esteem by all for his many qualities. As the deceased was practically alone in the world, the funeral will take place here, leaving the Hotel Dieu at 12.15 Monday for Seminary Chapel. Interment at Ste. Anne de la Pocatiere, Tuesday, 8th inst.

HON. T. C. CASGRAIN HERE ON BUSINESS

POSTMASTER-GENERAL WILL BE IN CITY TILL THURSDAY NEXT.

The Hon. T. Chase Casgrain, Postmaster-General, and Mde. Casgrain arrived in the city yesterday from Ottawa and are guests at the Chateau. The Postmaster-General, who is here on business in connection with his department, in company with Mde. Casgrain spent the afternoon at the Island of Orleans, where the Minister met a number of friends.
When spoken to at the Chateau last evening, the Hon. Mr. Casgrain said that his visit to Quebec was purely on ordinary business connected with the Post Office Department and during his sojourn he will, as usual, meet a number of residents of the city and district. The Postmaster and Mde. Casgrain will be in the city until Thursday.

PRESENTATION TO FUTURE BENEDICT.
Mr. J. J. Breen Remembered by His Friends on Eve of Marriage.

Mr. J. J. Breen, of the firm of Breen and Gourdeau, stockbrokers, who is to be married to Miss Mary Angela Packney on Tuesday morning, was the object of a presentation on Saturday, by his friends, who delegated a committee to meet the future benedict and expressed to him their most sincere wishes for a long and happy married life.
The presentation was made at the office of Mr. F. de B. Gourdeau, commission merchant, and the gift took the form of a cabinet of solid silver cutlery with each piece engraved, and a silk umbrella, while a large bouquet of Killarney roses was sent to the future bride with the best wishes of Mr. Breen's friends.
Mr. Breen, who was deeply moved by such a testimony of esteem, expressed his appreciation in suitable terms, warmly thanking his friends on behalf of his future bride and himself, for their kind remembrance.

THE TOLL FEES ON AUTOMOBILES

ORDER-IN-COUNCIL AUTHORIZING CHARGE WILL BE SANCTIONED SHORTLY.

It is stated in Government circles that the order-in-council authorizing the Turnpike Trusts throughout the Province to charge toll fees to automobiles running over the Trust roads will be sanctioned shortly.
At the last session of the Legislature a bill was passed granting permission to the Turnpike Trusts to charge a toll fee of 25 cents a day to automobilists running over Trust roads. It was argued at the time by Hon. L. A. Taschereau that the automobiles caused more damage to the roads than any other kind of vehicle and, as the Trusts complained that their revenues without charge to automobiles did not enable them to keep the highways in proper repair, the government had decided to permit them to collect a fee from motorists. The bill was passed but does not become law until an order-in-council has been issued, putting it into effect.
The fee of 25 cents which will be charged for automobiles will entitle them to pass over the roads of any one Trust as many times a day as they please, but they will have to show a ticket to prove that they have paid the required fare for the date in question.

Delegation to Minister.

A delegation composed of the Mayors of the different municipalities in the county of Quebec, waited on Hon. L. A. Taschereau, Minister of Public Works, on Saturday to discuss the tollage question.
The delegation was presented by Hon. Cyr. F. Delage, M.L.A., for Quebec county, and pointed out that while all the municipalities wanted to see the toll fee system abolished, there were a number that were unfavorable to taking over the maintenance of their portion of the roads.
Hon. Mr. Taschereau said the Government was prepared to pay 75 per cent of the cost of acquiring the roads providing the municipalities would pay the other 25 per cent, plus the cost of maintaining the highways. In the meantime, however, good roads were an urgent necessity, and it was expected that when automobiles paid toll rates the Turnpike Trusts would be in a position to repair the roads and keep them in a proper condition.
The Minister said that the Government intended to appoint a commissioner to study the question of taking over and maintaining the roads who would report on the best and most practical means to be adopted.

FUNERAL OF THE LATE ERNEST CIMON

The funeral of the late Ernest Cimon, law student and son of Mr. Justice Cimon was held on Saturday morning and followed by a large concourse of mourners. The requiem service was held at the Basilica and was officiated at by Revd. Abbe Nicole assisted by Abbe F. Danjou and Chas. Dargie as deacon and sub-deacon.
The "Requie du corps" was performed by Mgr. Mathieu, Rector of Laval University.
The chief mourners were Hon. Judge Cimon, father of the deceased; Hector and Lanzevin Cimon, his brothers; Dr. W. Verge, brother-in-law; Hon. Thos. Chapais, Messrs. Nap. Pelletier, Alfred Cimon, Hubert Cimon, his uncle; Messrs. Alphonse Gerard, Henri, Paul, Robert, Horace and Andre Cimon, Louis Philippe DuFort, his cousins; Horace Cimon, Dr. O. Cloutier, Jean Francois Pouliot, all of Fraserville, second cousins.

NOTICE.

Beginning Monday, 7th June and following days, cars on the Palace Hill line will not run through to the Chateau but will stop at St. John street to permit of track alteration at this place.

C.B. WON FROM LAVAL; ST. PATRICK'S WON EASILY

POULIOT OF LAVAL STRUCK OUT FIFTEEN BUT LOST—ST. PATRICK'S PLAYED GREAT BALL WITH CAMPAGNA IN THE BOX.

Two surprises were handed out in yesterday's baseball double-header at the Exhibition Grounds. C. B. defeated Laval by 12 to 7, while St. Patrick's kalsomined Patrias, scoring 16 runs, while the losers were helpless before Campagna, who pitched masterly ball and thoroughly deserves credit for the shut-out. A large crowd witnessed both games. While many were prepared to concede a win to St. Patrick's, no one looked for such an overwhelming margin. The Saints played in top form, showing classy work in all departments, while Patrias had a decided off-day. Laurin pitched good ball at times, having twelve strikeouts to his credit, but he was wild and fielded his own position poorly. Campagna looked good for a no-hit, no-run game, but Lizotte broke the charm in the eighth by lifting a Texas leaguer over short. Another scratch hit was secured in the ninth. Fine catches by Kirkwood, Shink, and Bill Fields, featured the contest, while Lizotte's throwing was perfect.

LEAGUE STANDING.

Table with columns: Won, Lost, P.C. for St. Patrick's, C. B., Patrias, Emmets, Laval.

first. Campagna singled, but was forced by Kirkwood at second. Geo. Fields singled to centre. Hemlock skied to Gendron. No runs. Patrias: Breton fanned. Gendron flied to Geo. Fields. O. Gendron out, third to first. No runs. 7th Inning—St. Patrick's: O. Gendron dropped Fields' fly. McCall struck out. McNaughton safe on Laurin's error. Calloran walked. Loisel singled scoring Fields. Campagna grounded to first. Kirkwood scratched a hit, scoring McNaughton and Loisel. G. Fields hit a long one to Gendron. Four runs. Patrias: Bourret flied to McCall. Robitaille fanned. Poitras walked. Towner fanned. No runs. 8th Inning—St. Patrick's: Hemlock drove a fierce one to left, but Robitaille was laying for it. Bill Fields nailed a fast one on the nose, but was out at the plate on a close decision. Gendron to Towner to Lizotte. McCall out, pitcher to first. No runs. Patrias: Lizotte got the first hit off Campagna. Laurin popped to Shink. Breton hit to Geo. Fields who threw low to Bill, but the big brother made a fine save and beat the runner to the bag. This was the only chance the losers had of scoring, but Lizotte though he stole second and third, failed to take it. Campagna caught Gendron's wicked one. No runs. 9th Inning—St. Patrick's: Beauchamp fanned. Calloran fanned. Campagna singled, but was forced by Kirkwood. Laurin dropping the latter's fly, but throwing to second in time. No runs. Patrias: O. Gendron out. George Fields to W. Fields. Bourret scratched a hit, but was doubled up when Shink went into right; field for Robitaille's fly and threw to Fields before he got back. No runs. The box scores of both games:

MONTMORENCY IN ANOTHER DRAW

FINE FOOTBALL GAME AT FORT MARTINIÈRE SATURDAY LAST.

On Saturday afternoon, the Montmorency Football club visited the Lower Battery, Fort Martinière, to play a friendly game of football.

The team left by the 2:00 p.m. ferry and after a pleasant sail across the briny, arrived safe at Levis. None of the party, greatly to the relief of Captain Mills, suffered from the effects of mal de mer. On arrival at the neighboring fort, the team boarded the famous Levis street cars for St. Joseph de Levis. The road over which they travelled certainly put the world-famed rocky road to Dublin completely in the shade and caused a great deal of uneasiness to the exclusive of Montmorency club, as they were not sure the boys would survive the trip. Beyond a few bruises, however, the team arrived at terminus in pretty fine condition, considering the risks they ran. Here the gallant defenders of Canada's shores had kindly provided express carts to convey the team to the fort, which, owing to the abnormal weight of the civilians' Captain, proved inadequate for the journey, and a cab (?) had to be requisitioned, into which for safety sake The Chronicle reporter quickly jumped into accompanied by three of the team. The broken windows of the vehicle only, tended to increase the amount of salubrious air which filtered through other parts of the car. Before reaching the hill on the turn to the camp the cab overtook the rig containing the full-back of unlimited avoidpous greatly to the latter's disgust. In due course the camp was reached, where under the command of the genial and indefatigable secretary of the Lower Fort, football club, Mr. Hornum, the team was martialled and marched up to the dressing quarters where the boys quickly prepared for action. The ground, though a trifle short, more or less, showed signs of careful preparation, and bounded as it was on the one touch line by the St. Lawrence, on the other by a beautiful clump of pine and spruce trees; at one goal-line by the camp and the other by the road, displayed a most picturesque spot.

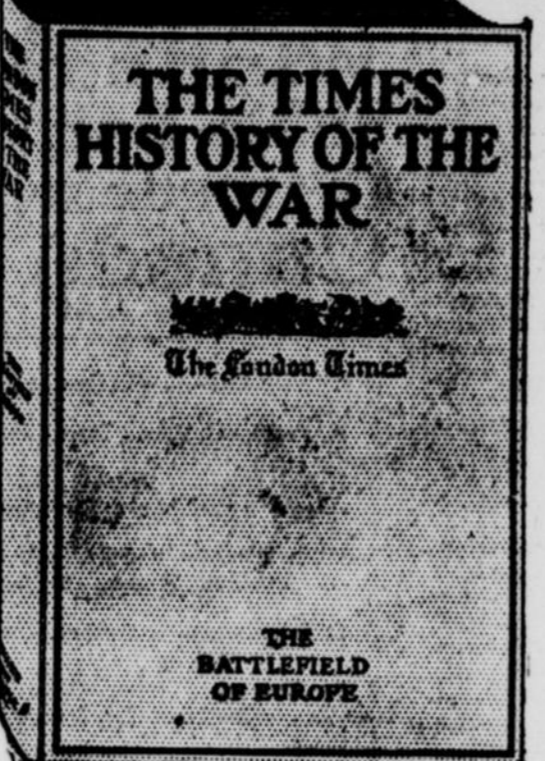

No time was wasted in starting the game, the civilian taking advantage of every cover on Hill Number (deleted by censor). Warner kicked off and Montmorency having advantage of the heights, kept up a continual attack until Warner, through being off-side was debarred from sending through what would have been an easy goal.

Lovett shortly afterwards, from a beautiful pass, was unlucky in sending the ball over the bar. Further play showed the civilians the aggressors and Warner wound up a beautiful piece of work by shooting wide. The soldiers here began to meet their stride, and started charging up the hill, but the sterling defence of Mills and Doherty proved too much for them and compelled them to retire; nothing daunted, however, and through the aid of the redoubtable Boyd, they came back to the attack again and again, but the heavy batteries of Montmorency's defence always proved too much for the khaki boys, and half-time was reached with the score sheet blank.

On resumption of play, the soldiers had possession of the ball, but their mutual efforts in saving the fall of their citadel (pronounced goal), proved ineffectual, and in less than five minutes from the commencement of hostilities, a corner kick was given and Reid from a short pass from Warner banged the ball between the posts. On the kick-off, the soldiers continually pressed hard, but for some time Montmorency's heavy batteries proved a stumbling block to the gaining of their ambition; but nothing dismayed, a heavy bombardment was kept up on the Montmorency goal, which finally fell, amidst uproarious cheers from the Headquarters staff. Lobb being responsible for the equalizer. Though both teams now played desperately for victory, no further score resulted, and the final whistle sounded, leaving a finely contested game a draw.

For the soldiers, Robinson, Boyd, McCall, Lobb and Mallinson played a splendid game, whilst for Montmorency, Pink, Doherty, Mills, and the forward line did yeoman service. After the game the visitors were most hospitably entertained by the military, nothing being left undone to make them feel quite at home, even the cook (good soul), vying with the rest of the warriors in looking after the requirements of the inner-man, and Mr. Hornum proved a host in himself. When the time came for leaving them, it was unanimously agreed that a better lot of sportsmen did not exist than the boys who are looking after the Dominion's interests on the bank of the St. Lawrence at Fort Martinière.

The Teams. Lower Battery, F. M.: Robinson, Legendre, Boyd, Lieut. Morton, McCall, Neilson Ellis, Lobb, Mullinson, Rogers and Keller. Sporting Notes

It would have taken a good team to beat St. Patrick's playing the way they did yesterday. No score board yet—"But there will be a dandy new one next Sunday," says secretary Lepine.

Laurin deserved better than he got, but he brought on most of his troubles himself. His fielding was poor and he allowed his temper to get the mastery a few times.

The strike-out pitcher is seldom the consistent winner. Pouliot worked too hard yesterday. Fancy fifteen strike-outs and beaten 12 to 7.

Loignon was right on the job all the way for C.B.'s and his support never failed.

President Gilmore of the Federal League stamped the story that Benny Kauff was fined \$1,500 for trying to join the Giants as a canard. Kauff was suspended without pay and lost only his salary while idle.

Everything is practically ready for the opening of the Victoria Athletic Club's boxing Exhibitions at Garde Champlain Hall on Wednesday night. Only members are admitted, so if you would see some good boxing bouts join now. George Belanger, who is managing the Club has worked hard for success and deserves encouragement in his efforts to promote the sport.

Bill Fields was spoiled out of a home run by lack of a coacher at third base. Bill had to wait for a second or so at third and the delay was just enough to cause his out at the plate.

It is to be hoped that those in charge of League football games will take strong steps towards putting down bad language on the part of players, whether directed at other players or the referee, and that a referee will be thoroughly backed up by the League Committee whenever he finds it necessary to take stern action. Linesmen should know enough about the laws of football to know that it is none of their duty to act in this capacity, and at the same time criticize the referees. It is laid down distinctly that linesmen should be neutral.

Centre forwards should travel with their team and not lag miles behind. Rick Loisel threw to second with the accuracy of a torpedo yesterday.

Onesime Gendron had an off-day yesterday.

Campagna was spoiled out of a no-hit, no-run game when Lizotte poked a little one over short in the eighth inning.

Emmets will practice on the plains this evening.

Dick Riley, reported as killed, has written to his father, that he is alive in a German prison camp, and recovering from a wound in the head. Riley is a young chap and played football with Montmorency a couple of years ago. His many friends will be glad to hear that he is still alive.

CORPORATION OF QUEBEC. City Engineer's Office. Tenders for Permanent Sidewalks. CITY HALL. Quebec, 25th May, 1915.

Public notice is hereby given that sealed tenders, endorsed "Tenders for Sidewalks" and addressed to the undersigned will be received up to Wednesday, 9th of June, 1915, at 4 p. m., for laying permanent sidewalks in certain streets of this City. Tenders must be made on the printed blank forms, and endorsed in the printed envelopes, which will be furnished to intending contractors, on application for the same at the City Engineer's office, and the Road Committee will not entertain any tender that is not made on the said blank forms and enclosed in the said envelopes. Tenders must be endorsed on the outside of the envelopes, with a certificate from the City Treasurer of the necessary deposit as security for the contract. Each tender shall be subscribed to by two responsible parties willing to secure the execution of the contract. Each tenderer shall deposit in the hands of the City Treasurer an accepted cheque equal to 5% of the amount of his tender, to be confiscated by any one refusing to sign the contract, returned to non-contractors and retained to the contractor until the signing of the contract. The City will withhold on each estimate twenty per cent, which twenty per cent. will be paid: 10% at the acceptance of the works by the Engineer, and 10% at the expiration of the period of guarantee exacted by the City. The Corporation does not bind itself to accept the lowest or even any of the tenders. The contractor to pay for drawing up the contract, and supply the City Engineer with a certified copy thereof. W. D. BAILLAIGE, City Engineer.

COMMERCIAL NEWS
NEW YORK MARKET.
(Canadian Press).
New York, June 5—Little or nothing remained today of the boom which yesterday sent stocks in general to the highest levels of recent weeks. The effect of the United States Steel decision seemed to have spent its force for a time, Steel shares as well as the other leaders reflecting moderate pressure.
The light trading of today's short session—about 300,000 shares—consisted largely of an evening up of weekly accounts. Opening prices showed a number of declines, these being most fractional, but later Steel common and preferred, Canadian Pacific, Union Pacific and American Can receded a point each, Canadian Pacific weaker as the session progressed.
Amalgamated Copper and Anaconda Copper were among the few features of strength, the former rising above its high price of the previous day. All the motor issues made considerable gains, presumably as a result of the enormous stock dividend declared by one of the better known companies. Advance in these stocks ranged from 3 to 11 points. Willys Overland scoring the maximum rise. In the final dealings Steel, Union Pacific, Southern Pacific and American Can manifested renewed heaviness, closing at lowest prices.
In the London market the Harri-man's and Steel registered fractional losses, other issues in the international list being higher on very light inquiry. Some selling was reported for Amsterdam, which may have represented offerings for Germany.
Mercantile agencies in their weekly reviews referred to the intrinsic soundness of underlying conditions, which show further strengthening as a result of the decree favoring the Steel Corporation.
Among the several railway statements submitted was that of Canadian Pacific, showing a gross decrease for May of \$2,537,000. Norfolk and Western reported a net gain of \$165,000 for April, and Wabash \$125,000, while Texas and Pacific lost \$96,000.
Bonds were steady on a nominal demand. Total sales, par value, aggregated \$914,000.
United States coupon 4's declined 1/2 per cent. on call during the week.

CLOSING MARKET LETTERS.
By private wire to Breen & Gourdeau, Stock Brokers, 63 St. Peter Street, and 6 Sault-au-Matelot Street, Phone 183.
New York, June 5—The stock market met with a series of unfavorable features today, the most prominent of which were foreign liquidation in some of the internationals, considerable realizing sales, and marked activity in fresh commitments by the bear element. With the general disposition on the part of the public to await further developments in the international problems now pending in which the United States is involved before resuming further active participation, the general market stood up well and at no time displayed a weakening tendency. As a matter of fact a firm undertone prevailed throughout. The copper group was especially strong and active, Amalgamated Copper featuring with a gain of about two points on the day. While a cautious attitude may seem to be available until the outcome of the German-American matter may be soon more clearly, we feel that matter will be settled amicably. We therefore, believe stocks are a purchase on recessions. Sales: Stocks, 291,215.

NEW YORK CLOSING LETTER.
McDougall & Cowans, Stock Brokers, 81 St. Peter Street, Quebec. H. S. Thomson, Mgr. Tel. 246.
New York, June 5—The effect of the weakness shown by the market at yesterday afternoon's close was reflected at the opening this morning, and there was a considerable volume of selling with particularly heavy sales in United States Steel, causing a decline in price to about the level at which the stock had closed on Thursday, before the decision in the anti-trust suit was announced. In other parts of the market the sales were well taken and a hardening tendency developed in the second hour, but Steel continued heavy to the end and left off at practically the lowest price. It may be that the Attorney-General's statement that the case would be tried in the Supreme Court was the cause of some of the selling in Steel, although that should never have been taken for granted and the more influential reason probably was that a large amount of stock had been accumulated in expectation of a favorable decision and that there has since been realizing on the good news. Stocks like American Can and Corn Products, which advanced violently with Steel at yesterday's opening were among the other weak features of the market today, but the Copper issues were strong as a result of the favorable conditions in the trade and an indication of an increase in the Anaconda dividend at the next meeting.
Total sales, \$306,000; bonds, \$921,000.

CLOSING LETTER.
By private wire to Brunneau & Dupuis, Stock Brokers, 11, 13, 15 Sault-au-Matelot Street, 'Phone 1596. A. A. GINGRAS, Manager.
New York, June 5—After the violent advance of Thursday, followed by the wild opening and enormous dealings of yesterday morning, a setback due to profit taking was almost inevitable. This we had late yesterday and is still under way today. The fear of our having to intervene in Mexico is no doubt helping this reactionary tendency; also the announcement by the Attorney-General that he will appeal the steel decision, but the judgment just rendered is so explicit, so sensible, so logical, and being unanimous it would seem as if it would surely stand.
Nevertheless this talk of an appeal makes people lose some of the enthusiasm; evidenced the day before yesterday. Be that as it may, it is fundamentally most important and must be extremely encouraging to all our business interests. We consider that the Administration is extremely unwise to appeal it, as the brinking of the suit was a mistake in the first place and it has never been popular with anybody, capitalists, laborers or theorists.
The market closed without feature excepting the motor stocks which are beginning once more to show decided strength.

CITY OF QUEBEC. City Hall.

BY-LAW NO. 24 B.

By-Law to Amend a By-law concerning the Construction of Certain Buildings and Precautions to be Taken Against Fire.

(Drawn up in the French Language).

At a meeting of the Municipal Council of the City of Quebec, held on the 30th day of April, 1915, the following by-law was read for the first time.

It is ordained and enacted by the Municipal Council of the City of Quebec and the said Council doth hereby ordain and enact as follows:

1. Article 9 of By-law No. 24 passed by the Council of the City of Quebec on the 9th of August 1912 is hereby repealed and replaced by the following:

"9". It is forbidden to keep in the City of Quebec the fluid designated under the name of gasoline, or other fluid of a similar composition, in any other way than in underground iron or metal tank, subject to the approbation of the City Engineer, who shall deliver the required permit after having obtained a receipt from the City Treasurer, attesting that an amount of ten dollars has been paid to him.

2. The present by-law is enacted as forming part of by-law No. 24 and amending it.

PUBLIC NOTICE.

Is hereby given that, in conformity to the provisions of law, the above by-law will be read a second time and submitted for adoption on Friday, the 7th, of May instant, 1915.

Correspondence

GRAIN SHIPMENTS.

Editor, The Chronicle, Quebec, Que.:
Dear Sir,—Our attention has been drawn to your editorial May 29th, on Grain Shipments, referring to correspondence published in the same issue of that paper.

In this editorial you described the correspondence as being between the Quebec Board of Trade and Canadian Pacific Railway officials, in spite of the fact that Mr. Harris expressly drew the attention of the Secretary of the Quebec Board of Trade that he is not at present acting as a Canadian Pacific Railway official, but has been loaned by the Company to the Government to act under the Dominion Government as Director of Overseas Transport.

The Canadian Pacific Railway has nothing whatever to do with this matter, and I should be obliged if you would state this fact in as prominent a position in your paper as the inaccurate statement in question.

Yours truly,
J. M. GIBBON,
General Publicity Agent.

BIG PROJECTILES

British Naval Shells Pierce Armor and Explode Behind It.

One peculiarity of the armor-piercing projectiles which are being used with such powerful effect by the British navy, particularly in the Dardanelles, is that they are designed and constructed so that on striking armored vessels they do not break up, but will pass through the armor and burst in the rear of it, thus doing tremendous havoc to the interior of the ship's structure, wrecking the propelling machinery, disabling the boilers and ammunition hoists, destroying the methods of communication, and possibly igniting the magazines, to say nothing of the injury done to the personnel in the vicinity of the explosion.

These projectiles are made of the highest possible grade of steel, tempered and heat-treated in such a manner that the points are so hard that no tool made will cut them. A diamond will hardly make a mark on the point of such a projectile. Strange as it may seem, carbon is contained in a high percentage in these hard points, and gives the projectile its hardness just as it does in the diamond.

High-power projectiles are constructed with cavities in their centres which contain the explosive charge, the explosive carried varying with the size of the projectile. A 12in. shell, weighing 870 pounds, carries about 30 pounds of explosive. The cavity of such a projectile is about 7in in diameter at the base, and gradually tapers in size towards the point. After the charge is placed in the projectile a plug is screwed into the base, thus sealing up the explosive, and a fuse is inserted in the centre of the plug extending into the explosive within the cavity. The fuse, without which the explosive is harmless, depends upon the high rotary motion of the shell to become active. This rotary motion is imparted by the rifling of the gun. In the smooth surface of the tube are cut the rifling-grooves, of a width of about 1-3 inch.

Round the shell, near its base, is a groove cut for the purpose, is compressed what is known as the rotating band. This band projects above the surface of the shell and corresponds with the rifling-grooves, so that upon its discharge it is forced into the rifling, where it acts as a seal to prevent the escape of the gas formed by the exploding powder and gives the shell the required rotary motion, which keeps it in its true course with its point always in a direct line ahead.

Kitchener Seldom Entrusts Secrets to Married Men.

In war time there are numerous important state secrets which must be prevented from leaking out, and they are guarded by various ingenious devices. For instance, in Government offices the writing on important documents is dried by means of roller blotters. These consist of revolving cylinders covered with blotting-paper, which are run over wet ink. The writing is impressed on the cylinder in a confused jumble, impossible to decipher, as would be the case if the ordinary flat blotter were used. In some cases black blotting-paper is used to dry official letters, as it is much safer than the pink or white variety. Important telegrams, if not in code, often have to be guarded from the prying eyes by Government officials. For this purpose they use a simple little invention which consists of a telegraph form prepared with a perforated gummed edge. The message having been written, the form is folded over and the edges gummed down, as in the case of a letter-card, and its contents are hidden from the messenger who carries it to the telegraph office.

Each battleship carries a book of code signals which holds the meaning of the little flags which flutter at the masthead when ships communicate. The code book is of immense importance, and strict precautions are taken against its falling into the hands of the enemy. Each volume is heavily weighted with lead in the cover, so that in an emergency it can be thrown

WILLIAM H. CRANE

In His Greatest Success, David Harum, To Be Seen At The Grande Allee Gardens.

One of the latest and greatest of stage celebrities converted to the screen is William H. Crane, who has enacted his popular role of "David Harum" before the camera, the Famous Players five part film version of which appears at the Grande Allee Gardens this Monday and Tuesday afternoons and evenings, 7th and 8th June.

More than any other contemporary drama, "David Harum" abounds in the sentiments and homely principles associated with rural life in America. Presenting a type of rural business man with whom nearly all are familiar as its central character, the drama weaves about him and his life a romance as sweet and tender as a child's dreams.

"David Harum" is a character that will live in dramatic history as long as honesty and truth continue to be virtues, for these qualities dominate the subject. The story progresses from its inception to its denouement with a rare charm, and discloses one of the greatest character developments ever presented in a work of the drama.

Charges Against Mounted Police.

In connection with the Northwest rebellion of 30 years ago. A correspondent with General Middleton in a letter to the New York Herald, Why to the New York Herald?—makes some grave charges against the Mounted Police which, he avers, he can prove. We give the following in these columns for what it is worth. "It appears that Colonel Irvine knew that he was wanted at Batoche, but paid no attention to the request to come.

I was a fact that while our boys were fighting their way into Batoche on the memorable 12th of May, while gallant Capt. French, poor James Fraser and brave Lieutenant Fitch were breathing their last and a score of others were lying in agony from their wounds, these very police, who were supposed to be on the brink of starvation, men having a roaring time at their garrison sports competing for money prizes amounting to upward of \$300, offered by the Hudson Bay Co. and the Mounted Police. Contrasts are odious, but in this case they are doubly odious for the police, and a deep and lasting stain has been stamped upon the force which time will never efface and the memory of which will rankle in the hearts and minds of Canadians for all time to come. Hitherto this force has only been noted for its inefficiency to deal with Indians and other important matters, its chief duty being to seize upon smuggled whisky. But now it has afforded an exhibition of cold blooded indifference and callous heartlessness. Colonel Irvine is utterly uncomprehensible, and from what I can learn will shortly be subject to an official enquiry.

The usefulness of the Mounted Police force as at present constituted is gone, and I venture to predict its

abolition or reconstruction in the near future. The red coat, in place of being an object of respect and fear among the half-breeds and Indians has now become an object of derision and scorn".

Deserves His V. C. Now.

If any soldier in the British army deserves his Victoria Cross that man will be James Todd, when James is enlisted.

Todd is not wearing the colors yet, he but has undergone more pain than thousands who have been wearing khaki for months. Todd was accepted for the first contingent, but when he reached the concentration camp at Valcartier, they turned him down because he had bandy legs.

Most men would have been satisfied with that; but Todd is a patriot and was determined to have a hand in that fighting business across the sea. So he went back to his home at Saskatoon and entered a local hospital. There he succeeded in persuading the surgeons to break both legs just below the knee and at the ankle, and then reset the bones according to military requirements.

He will soon offer his services again to the British empire, and if they value a plucky man more than the shape of his legs—although Todd's underpinning is now said to be all right—they'll take him on with no little discomfort at the front?

Amnesty Exceptions.

The latest mails from Europe contain some interesting matter concerning Napoleon since his return to France from the island of Elba. He has issued the following decree:—Napoleon, Emperor of the French—considering that many individuals have betrayed us and the Empire; that they have called in the stranger, and aided him in his prospects for the invasion of our territory, dismemberment of the Empire and subversion of the Imperial throne.

We have decreed, and do decree as follows:—A full and entire amnesty is granted 1st to civil and military functionaries who, by culpable intelligence or connivance with the stranger, called him into France and assisted his projects of invasion. 2nd To those who have plotted or favored the overthrow of the constitution of the Empire and the Imperial throne.

Excepting from the said amnesty the Sieurs Lynch, De la Roche Jacquelin, Vitrolles, Alex. re Naouilles, Duc de Ragusa, Sosthene de la Rochefoucauld, Bourrienne, Bellart, Prince de Benevent, Comte de Beuronville, Comte de Jaucourt, Duc de Dalberg, Abbe de Montesquiou.

They shall be delivered to the tribunals to be tried according to law, and undergo, in the event of their condemnation the penalties determined by the penal code. Their effects movable and immovable shall be sequestered as soon as the present decree is promulgated.
