SINO-JAP SITUATION MORE CRITICAL

New Clashes Appear Inevitable As Both Sides Mass Armies

Japanese War Office Declares Vanguard of Chinese Army Advancing from the South Opened Fire on Japanese Positions West of Peiping—Authorities Admit Peace Between Two Countries Hangs in "Precarious Balance."

Tokyo, July 12.—The Japanese War Office announced today that the vanguard of a Chinese army advancing from the south had opened fire on Japanese positions west of Peiping at eleven a.m. (11 p.m., E.D.T., Sunday night).

The War Office communique declared the Chinese attack brought the critical situation in Sino-Japanese relations to the breaking point. "The Japanese garrison is fully prepared to cope with the crisis," the communique said.

(From the direction of march from the south, the vanguard might have been that of the 30,000 troops the Chinese Central Government was reported to have sent to reinforce the twenty-ninth route army.)

The War Office spokesman detailed widespread Chinese troop movements reported by army advices from the zone in North China where fighting has been in progress since Wednesday.

The Nanking Government's crack central army, he said, was already on the march toward the Peiping-Hankow railroad. The embankments of this line, twelve miles west of Peiping, have formed the battle positions for some days. It is Peiping's lifeline to the rest of China.

General Wan Foo-Lin and General Feng Chan-Hai were reported to have moved from Paoting (Tsin-yuan) to Chohsien (Liuho).

General Han Fu-Chu, head of the Shantung Provincial Government, the state on the southern border of Hopeh, where the other movements were reported, was understood to have distributed his forces along the Tientsin-Pukow railroad.

Chinese Forces Strengthened.

Simultaneously, the War Office spokesman said, Chinese troops under Gen. Shang Chen and Gen. Pang Ping-Hun had moved up to positions around Paoting.

In support were the two army units under the command of General Liu Shi-Haiso, of the Central Army Staff, moving toward positions south of those established by General Shang and General Pang at Paoting.

General Han Fu-Chu, head of the Shantung Provincial Government, the state on the southern border of Hopeh, where the other movements were reported, was understood to have distributed his forces along the Tientsin-Pukow railroad.

Tientsin is the headquarters of the Japanese army maintained in North China since 1901 to keep open a corridor from Peiping to the sea.

With both powers despatching troops to the battle area, peace between Japan and China hung in a precarious balance.

"Adequate armed forces" had been ordered to China not only from Manchoukuo but also from Korea and Japan proper, prime Fumimaro Koye, Japan's premier, declared after an emergency cabinet meeting.

Central Government Rejects Local Agreements.

Report that the Chinese Government had refused to reconcile any agreement made by local Chinese authorities in North China and had ordered fifty thousand reinforcements into the zone caused observers here to declare they saw little prospect of avoiding war.

The Japanese Governments, a spokesman announced, would not negotiate a settlement of the series of clashes with the Chinese Central Government at Nanking. The incident, he said, was local and could be settled only by the military authorities on the spot.

"What Japan seeks from China," a Government communique said, "is apology for unwarranted attacks, reparation for the slain Japanese."

Earhart Search Suspended Pending Arrival Of Naval Airplane Carrier

Lexington Expected to Launch Sixty-Three Airplanes Tomorrow in Last Resort Efforts to Locate Missing Aviatix and Companion, Lost Over Week.

Honolulu, July 12.—The vast mid-Pacific hunt for Amelia Earhart, missing flier, believed dead by some United States naval authorities, was called off today in the isolated Phoenix Islands sector and searchers awaited arrival of an aircraft carrier to open last resort efforts.

The carrier Lexington, steaming southward from here, was expected to reach the search area and launch her brood of sixty-three planes by Tuesday morning.

One Dead, Five Injured, Toll Of E.T. Week-End Accidents

Eighteen-Year-Old Hatley Youth Drowned at Ayer's Cliff While Learning to Swim—Automobile Smash, Sawmill Accident and Three Falls Responsible for Remaining Cases in this District Over Week-End.

One person is dead and five more are suffering from various injuries as the result of a series of accidents in the Eastern Townships over the week-end.

Harry Clark, eighteen-year-old resident of Hatley and son of Mr. and Mrs. Henry Clark, of Compton, was the one fatally losing his life in the waters of Lake Massawippi at Ayer's Cliff Saturday evening when, according to his companions, Oscar and Leo Lafamme, of Hatley, he slipped from the ladder on the Government wharf and plunged into the water, which is from eight to twelve feet deep at this spot.

Despite the fact that all three boys were just learning to swim, Oscar Lafamme dove into the water in a vain attempt to rescue his drowning friend, battling bravely to bring him to the surface, but was unsuccessful in holding the struggling youth.

In the meantime, Leo Lafamme raced to the home of L. O. Kierstead, who immediately rushed to the scene to aid in the rescue efforts. By this time, two young men from Coaticook who were camping at Ayer's Cliff, Selah Burroughs and George Cromwell, and who were boating on the lake when they heard the cries of distress, had reached the spot where Clark went under. Burroughs dove into the water and succeeded in bringing the lad to the surface in about twenty minutes, Kierstead taking the body to shore.

Dr. C. O. Brown, of Ayer's Cliff, assisted by volunteer helpers, worked on Clark for two hours in an attempt to restore him, but the artificial respiration failed. Accidental death by drowning was the verdict returned by the jury.

HEAT DEATH TOLL IN U. S. TODAY STANDS AT 335

Chicago, July 12.—The heat wave, extending from the west to the Atlantic seaboard, left 335 persons dead today at the end of its sixth day. Although local thundershowers brought appreciable relief in many states yesterday, meteorologists expected temperatures to climb back into the high nineties. The Weather Bureau's forecast generally was "continued warm."

TWO MINISTERS LEAVE QUEBEC FOR OLD LANDS

Provincial Treasurer Going to England to Name Taxation Inquiry Commissioners and Trade Minister Bound for Paris Exhibition.

Quebec, July 12.—Hon. Martin Fisher, Quebec Provincial Treasurer, was on board the liner Empress of Britain last night, bound for England where he is to select two financial experts who will study Quebec's taxation structure.

Decision to revise taxation in the Province of Quebec was decided at the last session of the Provincial Legislature and Fisher was chosen to select English financial experts to study possible changes.

Fisher left here yesterday on the Empress of Britain with Hon. Joseph Bilodeau, Minister of Trade, Commerce and Municipal Affairs, who is heading a representative delegation of the Federation of Boards of Trade of the Province. He is sharing leadership of the group with L. A. Langlois, president of the Quebec Board of Trade, and will visit the Paris Exhibition with Provincial Treasurer as official representative of the Province.

Fisher will not return to Quebec until September 10. In the meantime, he will seek to develop the liquor trade between Scotland, Italy and Quebec. Also, he will study the peat situation in Denmark. Before his departure Saturday, the Provincial Treasurer said he felt the peat market for the Province could be increased greatly.

WHEN DREAMS COME TRUE

Rock Hill, S. C., July 12.—Mrs. H. H. White said she dreamed a diamond, which she had lost fifteen years ago lay buried underneath a cedar tree in her back yard.

When daylight came she hurried to a spot where a tree had stood several years previously, before being blown down by a storm. She dug, she said, and found the diamond.

THE WEATHER

FAIR; NOT MUCH CHANGE IN TEMPERATURE.

Pressure is high to the north and Ontario and Quebec, over Alberta and Saskatchewan and southeast states, and relatively low over the Northwest Territories, the western states and on the middle Atlantic coast. Thunderstorms have occurred in many parts of Ontario and western Quebec, also in a few districts of the Western Provinces. Temperatures have been moderate throughout the Dominion.

Forecast: Moderate northeasterly winds; fair tonight and Tuesday; not much change in temperature. Northern New England: Occasional showers tonight and Tuesday; not much change in temperature.

Temperatures yesterday: Maximum, 69; minimum, 57. Same day last year: Maximum, 89; minimum, 63.

TWO DOMINIONS CONCLUDE NEW TRADE ACCORD

Tentative Discussions Between New Zealand and Canadian Government Officials Result in Draft Agreement.

Ottawa, July 12.—Tentative decisions for an extended trade agreement between New Zealand and Canada have been drafted for presentation to governments of both countries but details will not be made known until action is taken by them.

This was announced following conferences here during the week-end between Hon. Walter Nash, Minister of Finance, and his associates, and Trade Minister W. D. Esler. The New Zealand delegation left yesterday for Montreal and Washington.

Prime Minister Mackenzie King, Justice Minister Lapointe and Finance Minister Dunning held some preliminary discussions with Mr. Nash while they were returning from the Imperial Conference. In Ottawa, Mr. Esler and his trade experts carried on the negotiations.

Mr. Nash said he was attempting to work along lines of selling more of New Zealand's surplus production to Canada and was prepared to buy more of this country's commodities production needed in New Zealand. During the last fiscal year Canada sold that country some \$11,000,000 worth of products, largely manufactured and agricultural, and bought \$5,370,000 worth, agricultural and dairy products mainly.

Cabinet council will meet Wednesday and it is probable the proposed trade agreement will be considered then. However, it is expected no decision will be reached for some time owing to other pressing matters.

Appointment of the Royal Commission on economic relations with the provinces, relief problems, the unprecedented drought situation, defence contracts and other matters are awaiting attention of the government.

VICE-REGAL PARTY VISITING ALBERTA

Lord and Lady Tweedsmuir to View Fossil Remains During Journey Through Central Alberta.

Calgary, July 12.—The Governor-General and his party left here today for Drumheller and Alberta's Badlands where dinosaurs roamed 3,000,000 years ago.

Lord and Lady Tweedsmuir and their staff will see the rugged, bare country which was once lush marsh. They will be shown a dinosaur skeleton in the rock from which a party from the National Museum at Ottawa is digging it.

Their Excellencies will be taken to a petrified forest and will be pre-

GIANT FLYING BOAT RETURNS TO DOMINION

British Airliner Caledonia Starts on Return New York to London Flight This Morning—To Land on St. Lawrence.

Boucherville, Que., July 12.—Backtracking the route of her first trans-Atlantic crossing, the giant British flying boat Caledonia was expected to land here this afternoon at the end of the first leg of a flight from New York to England.

The Caledonia, which crossed the North Atlantic last week as a trial blazer for a commercial air service over the ocean, was due to hop off from Port Washington, N.Y., at noon E.D.T. and land on the St. Lawrence River here about two hours later.

From here she was to go on to Montreal, where she landed last Tuesday morning after a flight from Sydney, Ireland. From Montreal, she went on to New York by way of this village fourteen miles southeast of Montreal.

Under present plans, the eight-ton craft will fly up on the river overnight and take off for Montreal tomorrow.

Captain A. S. Wilcockson and his crew will be met here again today by representatives of the Dominion Government and of Trans-Canada Air Lines, the Government-sponsored company which is to initiate soon a coast-to-coast air service in Canada, hooking up here with Imperial Airways when the trans-Atlantic service gets underway.

Seek Means Of Assuring Neutrality

British Foreign Office Working Against Time to Find Compromise Plan Which Would Allow Resumption of Spanish Non-Intervention Patrol.

London, July 12.—The Foreign Office worked against time today to find a way of restarting the stalled machinery of Spanish non-intervention.

Foreign Office officials spent long hours at their desks considering plans which might enable Great Britain to fulfill the mandate given her by the twenty-six nations to find a workable non-intervention plan.

Prime Minister Chamberlain was in frequent telephone communication from Chequers, his country home, and Foreign Secretary Eden arrived from Deauville, France, after a meeting with Sir Eric Phipps, British Ambassador at Paris, aboard the yacht Princess on which he spent a week-end cruise.

It was believed a plan for breaking the non-intervention deadlock, which arose when Germany and Italy withdrew their patrol ships and refused to countenance an Anglo-French patrol, might be placed before the twenty-seven-nation committee any time within the next forty-eight hours.

PARIS HEARS BRITISH PLAN IS COMPLETE

Paris, July 12.—Diplomatic sources declared today British Foreign Secretary Eden outlined a new two-point non-intervention control plan to Sir Eric Phipps, British ambassador to France, on a week-end cruise off Deauville.

The compromise plan to keep men and arms from reaching Spain was said to have been presented for elucidation to the French Government.

It would provide for reconstitution of the land and sea cordons around Spain with French and British ships taking over all the naval patrol with Italo-German observers aboard the patrol vessels.

Then a permanent patrol programme would be worked out to place neutral observers in all non-Spanish ports at Europe's likely to be involved in Spanish commerce to see that no war supplies or volunteers go to Spain.

When the permanent observers had been established the old naval patrol would be abolished, ending the difficulties that arose when Italy and Germany withdrew.

The committee in London was to be advised that international control of the Franco-Spanish frontier will be suspended at noon tomorrow.

The French decision to withdraw the privileges heretofore accorded the Committee's observers will be communicated to the Committee chairman, Lord Plymouth, by Charles Corbin, French Ambassador to Great Britain.

Formal notification of the French announcement will be in line with Corbin's announcement, heretofore accorded the Committee's observers will be communicated to the Committee chairman, Lord Plymouth, by Charles Corbin, French Ambassador to Great Britain.

Pope Urges Practising Of Justice And Charity And Some Tranquillity

In Address for Dedication of Basilica of Ste. Therese, His Holiness Urges That "A Little Tranquillity in Order and in Peace" Be Granted Oppressed.

Castel Gandolfo, Italy, July 12.—Roman Catholics throughout the world heard Pope Pius pray yesterday for the practice of justice and charity and ask for "a little tranquillity" on earth.

The Pious prayer in French, broadcast to the world, was on the occasion of the opening of a new basilica dedicated to Ste. Therese at Lisieux, France. He said:

"Let us pray that to this world, so distraught and confused and to all these people who are so oppressed by the miseries of today and

so fearful of tomorrow, we may grant a little tranquillity in order and in peace, with a return to those ways which are the only ways, recognition of His Divine sovereignty, obedience to His holy laws, practice of justice and a charity more beautiful to those who have less and for that very reason are in greater need and suffering."

The Pontiff spoke from the private library of his summer residence here. About 150,000 heard the benediction at Lisieux and other thousand.

SONGS ON AIR HONOR GOLDEN WEDDING DAY

Mr. and Mrs. Firmin Campbell's Fiftieth Anniversary Raison d'Etre for Special Programme of Songs Dedicated in Honor of Happy Event.

The golden anniversary of Mr. and Mrs. Firmin Campbell's wedding day made yesterday an exceptionally happy day for members of the Campbell family who were all present at the "wedding breakfast" given by the bride and groom in honor of the eventful occasion.

Masses of roses and other lovely flowers showered in abundance by hosts of friends on the happy couple, transformed their already attractive home on Prospect street into a veritable garden of bloom, amidst which Mr. and Mrs. Campbell welcomed their children and grandchildren, and later the host of friends who came to offer their congratulations and best wishes.

Breakfast was served in the spacious dining room at high noon, covers for twenty-five being laid at the beautifully appointed table, which was done entirely in gold and white. Low bowls of golden pansies and white roses carried out the symbolic color scheme, which was charmingly continued on the handsomely decorated wedding cake.

Members of the family who surrounded Mr. and Mrs. Campbell at the festive board included their six children, John Campbell, the Misses Alice and Yvette Campbell, who are at home with their parents, Mrs. Georges Sirois, (Marguerite) Mrs. Leonidas Bachand (Stella), and Mrs. Bernard Murray, (Kathleen), all of Sherbrooke, ten grandchildren, Antoinette, Christine and Louis Sirois, Guy, Pauline and Mimi Bachand, William, John, Peter and Michael Murray; Dr. Sirois, of St. Ferdinand de Halifax, Georges Sirois, Leonidas Bachand, W. B. Murray; his daughter, Miss Evelyn Murray, and Mrs. L. C. Bachand.

Mr. and Mrs. Campbell were the recipients of many gifts, telegrams and messages from friends and relatives far and near, who wished to express their love and esteem upon the happy anniversary. Through the initiative of Leonidas Bachand, their son-in-law, a special quarter of an hour programme was broadcast from the local station, CHLT, the Misses Mimi and Pauline Bachand singing several songs. The first number was Scotch "Comin' Thro' the Rye," then there were English and French songs dedicated to Mr. and Mrs. Campbell by Mrs. L. E. Codere, who accompanied the youthful artists yesterday. A pleasing interlude was a song dedicated by Mrs. Codere to Mr. and Mrs. J. H. Walsh, who recently celebrated their golden wedding anniversary, which was also sung during the local broadcast.

Throughout the afternoon and evening Mr. and Mrs. Campbell received the many friends who came to personally extend their congratulations. No invitations were issued owing to Mrs. Campbell's illness.

SOVIET PLANE MAKING SECOND POLAR VOYAGE

Little Formality Marks Departure of Three Russian Aviators Over Route Surveyed by Companions Two Weeks Ago.

Moscow, July 12.—A Soviet airplane, in a second attempt to span the roof of the world by air, headed today across the Polar seas.

Brief reports said it was well aboard the plane and indicated it was making excellent speed on the first stages of the flight to North America.

The Soviet air ace, Mikhail Gromoff reported he and his two companions passed the latitude of Archangel at 9.10 a.m. (3.10 a.m. E.D.T.), and left the continent of Europe behind at noon (6 a.m., E.D.T.).

Expect for small islands, the fliers will be out of touch with land for from twenty-four to thirty-six hours until they strike the Canadian mainland and point their red winged monoplane south.

They took off at 3.22 a.m. (9.22 p.m., E.D.T. Sunday).

With few formalities on the Arctic sky trail blazed by three other Soviet fliers who reached Vancouver, Wash., June 20, they were expected to pass Franz Joseph Island, following the same route as the trail blazers.

PARACHUTE JUMPER SEEKS REAL THRILL

Macon, Ga., July 12.—Floyd Stinson, who has made more than one thousand parachute leaps before gaping crowds, is still waiting for an aerial thrill.

Twelve years ago when he was a plumber in Buffalo, N.Y., he paid out money to "get a kick" out of his first airplane ride—and didn't.

He rented a parachute and made a leap. "I got no sensation from it," he said.

Then he bought a "chute and has been jumping ever since. For two years he has been a teacher and exhibition jumper.

"Parachute jumping," he said, "is less hazardous than crossing a busy street."

His happy family were again united at high-tee, served at seven o'clock last evening when Mr. and Mrs. D. L. Lippe, J. Lippe and the Misses Marguerite, Francoise and Marie Andre Lippe, of Lake Mégantic, were among the honored guests.

Mr. Campbell, who was recently appointed attorney for the Department of Colonization for the Sherbrooke district, is in fine health. Outside of politics, walking and reading are his chief recreations.

Mr. Campbell was born in Sherbrooke seventy-nine years ago and on July 12th, 1859, married Emma Morrier, of Capleton, who, although she has been in ill health for ten years, spent yesterday very happily joining the family at the wedding breakfast and welcoming with happy greetings her children, grandchildren and friends who came to pay homage to this gracious lady who bears so cheerfully and uncomplainingly not only the weight of years but the burden of ill health.

THREE RIVERS PAPER MILL IS STRIKE-BOUND

Only One of Three Mills in Which International Union Called Strike Closed—Union Recognition Is Issue.

Three Rivers, Que., July 12.—Striking employees early today tied up one plant of the Consolidated Paper Corporation, but operations continued at two other St. Maurice River Valley mills where strikes had been declared. The strike held up production only at the Corporation's Wayagamack division plant here, which employs about 650 men.

Midnight shift workers reported to their jobs at the mills in Grand' Mere and Shawinigan, though some remained away on strike.

Leaders of the non-strikers at the plant here said they would go back to work at eight o'clock this morning, passing through picket lines thrown up at the plant entrance by members of the two International unions that called the walkout last night.

The unions—the International Brotherhood of Papermakers and the International Brotherhood of Pulp, Sulphite and Paper Mill Workers—seek recognition as the men's bargaining agency in the Corporation's three plants. They claim a majority of 1,300 workers in the mills.

CONFLICTING STORIES ON STRIKE AGREEMENT

Indianapolis, July 12.—A promise of peace by Gov. M. Clifford Townsend for one of the last major fronts of the steel strike—the Calumet district of northern Indiana—was clouded today in a series of conflicting statements and denials.

Indiana's farmer governor, already successful as a peacemaker in the strike at the Inland Steel Company's big East Chicago, Ind., plant, announced yesterday he had effected settlement of the strike at the nearby Indiana Harbor mills, of the Youngstown Sheet and Tube Company.

Immediately J. G. Argetsinger, the company's vice-president, replied in a statement issued at Cleveland: "This company has not made any agreement, contract or method of settlement with any officer or official of the State of Indiana or any of its sub-divisions."

This much appeared certain, however: That the Youngstown mills, where 7,700 workers have been idle since May 26, would reopen in a day or two.

Argetsinger said the only statement the company had given Governor Townsend was "an informal, confidential memorandum describing what our labor policy had been up to the time of the strike. There was not a word in it about future policy."

Governor Townsend declined comment on Argetsinger's statement.

Late last night more than one thousand strikers and sympathizers marched in a "victory" parade through the streets of Indiana Harbor.

Seek Means Of Assuring Neutrality

Continued from Page 1. The Government drive against insurgent lines west and northwest of the besieged capital.

The Government Defence Ministry announced Gen. Jose Miaja's battalions captured Villanueva del Pardillo, fifteen miles west of Madrid, and took nine hundred prisoners, including seven officers.

The northern edge of the insurgent triangle, which has its bases roughly at Aranjuez, twenty-five miles south, and Escorial to the northwest, and its apex at Madrid, is regarded by military experts as already in a precarious position.

A Government wedge has been driven into the heart of the triangle to Brunete in the direction of Navalcarnero, important insurgent supply base.

Observers said the striking part of the new offensive aimed to lift the siege has been the most intensive aerial attacks launched by the Government thus far in the war.

Canadian and United States volunteers were said to have played important roles in the activity.

INSURGENT AIR FLEET PLAYS IMPORTANT PART

With the Insurgents on the Western Madrid Front, July 12.—Generalissimo Franco's air fleet played a decisive role in breaking the Government drive on Villanueva del Pardillo, insurgent sources claimed today.

(A Madrid communique announced the Insurgent Brigade made a victorious entry into Villanueva del Pardillo, which Leftists asserted was evacuated by retreating insurgents Sunday).

As huge bombers methodically dumped load after load of high explosives on the advancing governmentals, speedy pursuit planes swept low over their trenches, taking the Madrid troops with a deadly fire of machine-gun bullets.

Launching a counter-offensive on the Carabanchel sector immediately south of Madrid, insurgent troops reportedly dislodged the enemy from their positions in Uscara.

Insurgent leaders admitted their defence system along this western Madrid sector had been broken at several points by the Government push, but declared their lines had been solidly re-established and were in no way weakened by the five-day enemy thrust.

They estimated Government casualties at ten thousand dead and wounded.

Governor Townsend, in his announcement of peace terms, said the Steel Workers' Organizing Committee of the Committee for Industrial Organization had agreed to permit the workers to go back to their jobs under a labor policy outlined by the company. The governor said the plants would reopen today.

Argetsinger said the only statement the company had given Governor Townsend was "an informal, confidential memorandum describing what our labor policy had been up to the time of the strike. There was not a word in it about future policy."

Governor Townsend declined comment on Argetsinger's statement.

EIGHTY DRIVEN FROM HOMES IN QUEBEC BLAZE

Four Men Suffered Injuries in Jumping from Fourth Floor of Blazing Tenement-Rooming House in Lower Town.

Quebec, July 12.—Improvement was reported today in the condition of Marc Roussel, twenty-nine years old, injured when he and three companions jumped into fire nets from the fourth storey of a blazing lower town tenement early yesterday.

Roussel, only one injured seriously, was reported out of danger today. He suffered several broken ribs and a possible fracture of the foot. The three others who jumped suffered minor cuts and bruises.

The fire drove more than eighty people from the combined tenement and rooming house. There were about twenty men roaming on the top floor and all reached safety before fire cut off the stairways to the street. Roussel and his three companions, however, were forced to jump.

Owned by Albert, Joseph and Tobie St. Gelais, the tenement was divided into three sections and was occupied mainly by indigent families.

Originating in a nearby warehouse, the three-alarm fire spread to the wooden-framed tenement. Firemen poured water into the burning structure for nearly four hours before the blaze was brought under control.

Firemen and police afterward searched the debris to see if anyone had been trapped in the blaze. No one was discovered.

CHINESE AUTHORITIES CLAIM TRUCE REACHED

Peiping, July 12.—Reliable Chinese sources said today the newest outbreak between Chinese and Japanese troops had been halted by an armistice concluded by local authorities.

Japanese troops were reported withdrawing from their positions in western suburbs of this former capital of ancient China to their base at Fengtai, southwest of the city.

Chinese sources reported heavy losses in the fighting last night for three villages on the Yangtze River. Tank and artillery were said to have been brought into the action which was described as "furious."

The sound of the firing could be clearly heard in Peiping. It came from the vicinity of Wangpinghsien, the walled village near Marco Polo bridge where the fighting started during Wednesday night maneuvers by the Japanese North China army.

The heaviest fighting at Wangpinghsien was thought to have ended before 2 a.m. although the engagement became general at other points just before dawn. Tanks brought up by the Japanese from Fengtai were understood to have been operating in the neighborhood of the international golf course where, according to Japanese reports, the Chinese troops were entrenched.

The fighting last night broke out just an hour after Chinese officials had announced a settlement had been reached. They indicated full Japanese demands had not been accepted for complete withdrawal of Chinese troops from the area and reparation for what Japanese charged was an unwarranted attack on their troops.

The latest press dispatches indicated that a truce had been arranged by Japanese and Chinese officers after twenty hours of negotiations. The agreement was understood to provide for the withdrawal of troops from both sides from the scene of Saturday night's battle along the Yangtze River.

Japanese said they had occupied two towns and that six of their soldiers had been killed and ten wounded.

Yesterday and last night were filled with a continuing round of conferences between high government, military and naval officials in Tokyo.

So grave was the situation that Emperor Hirohito cut short his summer holiday at the seaside resort of Hayama to return to the capital.

One of the army high commands' most trusted leaders was dispatched by airplane to take command of the Japanese forces in North China. Lieut. Gen. Kiyoshi Katsuki, the army announced, that already arrived at Seoul, capital of Korea, and would go to Hsinking, to confer with General Kenkichi Ueyeda, commander-in-chief of the Japanese army in Manchuria.

Chinese asserted Japan precipitated the incident at Marco Polo bridge Wednesday night to have an excuse for extending her zone of influence in North China.

Under the treaty signed with major foreign powers after the Boxer uprising in 1901, China granted rights to maintain garrisons in the area to keep open a corridor to the sea. Chinese say Japan continually has sought to gain domination of the area.

NEW USE FOR CARBON MONOXIDE

MONTREAL LIVE STOCK MARKET

Montreal, July 12.—Receipts on the Montreal cattle market today were: Cattle, 768; calves, 1,529; hogs, 1,780; sheep and lambs, 974.

Early sales were made up of less than one hundred cattle. A couple of lots of good steers were sold at \$8.35 to \$8.50, a few medium steers at \$6.50 to \$7.50 and some common steers from \$ 5 to \$5.75. Medium good cows made \$14.50, with good cows \$4.75 to \$5. Medium good to good heifers brood \$6.50 to \$7 and one common heifer sold at \$3.25. There were no early sales of canners or bulls.

Calves were steady to twenty-five cents lower than the close of last week. Good quality veals made \$7.25 to \$8, with medium good kinds up to \$7. Fair to medium quality veals were from \$6.75 to \$6.50 and common light veals down to \$5. Drinkers ranged from \$4.50 to \$5. Grass calves were sold from \$3.25 to \$4.25, with the bulk of the sales between \$3.50 and \$3.75.

Lambs were stronger at \$9.50 for good lots, with one small lot up to \$10. Plain to medium quality lambs in mixed lots brought \$8 to \$9. Culls, when weighed separately, sold at \$7 to \$7.50. Sheep were from \$2 to \$4, with the bulk between \$3 and \$3.50.

Hogs were higher. Bacon was mostly \$10, fed and watered, with a few sales up to \$10.10. Selects drew one dollar per hog premium. Butchers and heavies were cut fifty cents per hundredweight and extra heavy one dollar per hundredweight. Light hogs were cut fifty cents to one dollar per hundredweight. Sows were easier at \$6.50 to \$7.50, according to quality.

One Dead, Five Injured, Toll Of E.T. Week-End Accidents

Continued from Page 1. Coroner Dr. G. A. Bowen, of Magog, which probed the death on Saturday night.

Clark was employed by Howard Ayer, at Hatley, and with his companions had bicycled from Hatley to Ayer's Cliff on the evening of his death. The drowning was the first at this end of Lake Massawippi in the past twenty-five years.

Victor J. Palmer, of Bury, is in the Sherbrooke Hospital today minus two fingers of his right hand, the result of an accident on Saturday in the S. M. Pope and Son sawmill, where he is employed as a rip-saw operator. His hand came in contact with the whirling saw and was badly cut, necessitating his removal to the hospital where two fingers were amputated. The mill is located at Longswamp, about five miles from Bury.

Only one person, Joseph Guertin, twenty-six, of Montreal, was injured at noon yesterday when two cars collided on the highway one mile west of Waterloo, although both cars were badly damaged. Guertin suffered a broken collarbone and other injuries.

The other car contained Mr. and Mrs. C. E. Trotter, 590 McEachern avenue, Outremont, and three young people, all of whom emerged unscathed. According to Mr. Trotter, the other car was on the left side of the road approaching the brow of a hill, and when the two cars were only about fifteen feet apart the driver attempted to regain his right side, but it was too late to avoid a collision. Guertin was attended by Dr. J. H. Larose, of Wa-

Wings of Empire Fly On Shell

Imperial Airways' Flying Boat "Caledonia" re-fueling at Montreal for the fourth leg of her test flight from Southampton, England to New York and return using gasoline and oil supplied by Shell.

IMPERIAL AIRWAYS adds another to its long list of triumphant achievements! And when the Imperial Airways' giant flying boat Caledonia landed at Botwood, Newfoundland, she had crossed the Atlantic on gasoline and oil supplied by Shell. At Botwood, Shell re-fueled the plane for the continuation of her trip to Montreal and New York—and Shell is ready at Foynes, Botwood, Montreal and New York to fuel the Imperial Airways' planes for their trips to and from England. Wherever Imperial Airways' pilots take their planes, in Europe, Asia, Africa, Australia or America, they are served by Shell.

Vast is Shell's world-wide experience with flying, as well as with motoring. Heat and cold, wet and dry, mountains and plains—all these Shell has conquered—and has made gasoline and motor oil for your car which will conquer them also. With every gallon of Shell you get something you cannot see. It is the massed experience of Shell in 56 Countries, sent to Shell's Canadian refinery for your benefit! Get your share of this experience at a Shell pump today.

CENTENNIAL EDITION WILL FIND ITS WAY TO EVERY PROVINCE IN DOMINION

The Mail-Away list for the Centennial edition of the Sherbrooke Record which will be published July 31 is rapidly lengthening. For the past six weeks the editorial room and mechanical department of the Record have been hard at work getting the material assembled, and soon printing will be commenced. The history of Sherbrooke will be reviewed from the early days of settlement, replete with photographic reproductions and columns of reading matter, contributed by local authorities or gathered by the news staff of the Sherbrooke Record.

You as a regular reader will naturally receive a complete Centennial copy, but you will want to send some to your friends who are far away. Send in your order now for extra copies. We are confident that you will want to put your own copy away for future reference.

Wrapping and mailing such a bulky paper will be a task. Postage will cost five cents. Why not let us do you the service. Fill the names in on the blank forms which have appeared in the Record. Please enclose 10 cents for each copy required and we will relieve you of the trouble of mailing.

SHERBROOKE, MONDAY, JULY 12, 1937.

THE GAME OF LIFE.

Do not deplore the weakness of your hand. That Fate has dealt you for the game of life; Cowards alone whine out that all is planned...

Closing The Period Of Ocean Pioneers.

Perhaps it was not altogether without significance that Amelia Earhart turned up missing in the Pacific on the very day that Pan-American and Imperial Airways began work on the establishing of a commercial trans-Atlantic service...

Miss Earhart, gallant lady and gifted flier, for whom a final spectacular search was inaugurated today, was perhaps the last of the free-lance trail blazers. That is to say that she stood for the old era in ocean flying—the era of high adventure, danger and high-hearted romance...

As it ended, a new era began. When Miss Earhart's big plane was coming down somewhere on the surface of the Pacific, an even larger plane was taking to the air at Port Washington, Long Island. The Pan-American Clipper III was setting forth on the first leg of a projected flight to England...

There is no "lone wolf" angle to either of these flights. They are the fruits of years of research. Their object is not to take risks but to avoid them; not to show what one man in a plane can do, but to demonstrate that the co-operation of many men, prepared as carefully as the operations of a railroad...

Speaks The Thoughts Of A Nation.

President Roosevelt undoubtedly voiced the general feeling of the people of the United States when he sent his congratulations to the people of the Dominion of Canada on the seventieth birthday of their nationhood...

On both sides of the border, people have come to realize that the friendly, harmonious relationship between the two countries is one of the brightest facts in a suspicion-weary world. The two countries grow and prosper together; they are populated by much the same sort of people, and they seek common goals...

Step Toward "Big" News.

One of the most important events of 1937, from the standpoint of the well-being of the masses, may have been recorded modestly when Dr. Edward Carl Rosenow, of the Mayo Clinic, announced that he had isolated the germ which causes infantile paralysis.

In itself, that may not mean much, its significance lies in the fact that it paves the way for the development of a serum to cure or prevent this dreaded malady. It is the first step—and a long, promising one—toward conquest of one of the scourges of the human race.

It is sometimes hard to tell what the really "big news" of the day is. Our attention is engrossed with wars and rumors of wars, with strikes and statistics of recovery, and with similar momentous matters. But from the viewpoint of history, the biggest news of 1937 may well be the work of this unassuming western scientist.

We Join In Extending Congratulations.

It is a pleasure and a privilege for the people of Sherbrooke to extend greetings and congratulations to Mr. and Mrs. Firmin Campbell on the occasion of their golden wedding.

It was in the little parish church of Capelton that Firmin Campbell and Emma Morrier became man and wife and began a life's partnership which has extended over the period of half a century.

Many changes have come since that day, but this venerable couple have faced the dark days together and have stood side by side as they made their way through life together.

Today their children, grandchildren, relatives, friends and acquaintances are proud to raise their voices in greetings. That Mr. and Mrs. Campbell may enjoy many more years together is the wish of the community in which they live and in which they are held in such high regard and esteem.

EDITOR'S NOTE-BOOK

Today is the "Glorious Twelfth."

Men whose work can bring up the average efficiency of a concern are in big demand.

Both sides say they are fighting for Spain, which reminds us of what once happened to a shirt when two college boys were fighting for it.

Why is it so many motorists are surprised by an exhibition of courtesy on the highways. Courtesy costs nothing, yet it is a great safeguard against accidents.

The town of Picton, in Ontario, is celebrating its century of civic life. Like Sherbrooke, which is to observe its centennial in August, Picton was settled by sturdy Empire Loyalist stock.

The Port of London Authority is considering a proposal to turn the Thames, "the liquid history of England," in to a lake, at least for thirty miles above Woolwich. The proponents assert that if the plans for a dam are carried out, a slowly moving lake with a constant high level from bank to bank would provide London, ever growing in population and importance, with a cleaner, better and more navigable waterway.

I'D LIKE TO BE . . . ?

I'd like to be a soldier. When days are calm and fair, When Springtime blooms grow bolder, In summer's vigorous air; Yes, I would be a soldier And wear the insignia wear.

I'd like to be a soldier. When Peace reigns o'er the earth, When battle-hate is colder, Than all its strife is worth; Yes, I would be a soldier If War had no rebirth.

I'd like to be a soldier. Detailed to maim and slay Defenceless little children Engaged in guileless play; No, not for me a soldier Compelled the jungle way.

OUR BEST?

Without placing the blame on the recipients of relief, what the taxpayer is doing is to encourage more people to go on relief, to develop ideas that the mythical "State" owes them a living, that it is possible to live without working; in fact, that it is desirable to "suck an out of it" bound to arise; the people on relief need not be blamed if they think along such lines. All the taxpayer is doing is paying larger taxes to increase his taxes. And, under the present method of handling relief, the taxpayer will have less and less for what he is spending.

HEALING THE HURT OF BABEL. Never before in the history of man have so many persons heard one and the same voice at the same time as "listened in" to the voice of King George VI (Coronation Day.) It is estimated that in Shakespeare's time the total number of English-speaking persons in the world did not exceed the number of men, women and children in New York City at the present time. Moreover, comparatively few were then able to read and write the English language. The number now must be somewhere between 200,000,000 and 300,000,000.

HERE WAS A MAN. "How To Win Friends And Influence People" is the title of a book published in the United States. It sets out to tell you the secrets of popularity and power. But popularity does not depend on any conscious effort. Consider Lord Snowdon. He never sought the public favor; he never cared one hoot about it. Snowdon went his way with resolution and decision. He did not devote his life to the war, a little, perhaps, just enough to keep him out of jail. Yet he won many friends, influenced people profoundly. In Snowdon's frail frame there was a fire of patriotism that burned brighter than in many of the Tory colleagues who served with him in the first National Government.

THE CRAZIEST POLICY. The attempt to "wall in" Toronto, to let no contract outside the city limits, to employ nobody from outside, while Toronto is at the same time the greatest selling centre in the Dominion, trying to do business with every city, town, village and hamlet from the Atlantic to the Pacific, is the craziest policy imaginable, and how any grown man can advocate so foolish a policy we can never understand.

WOULD KEEP THEM ESKIMOS. The Anglican Bishop of the Arctic believes that the Eskimos should be left untamed. The process of civilizing them has advanced to the stage where they have been made consumers of goods which are of no earthly use to them, found in the white man's mail-order catalogue.

SALARIES OF RURAL TEACHERS

At the first convention of the Catholic Federation of Rural School Teachers, the question of salaries is to be discussed. The public knows their case. On several occasions, practically all the newspapers of the province have drawn the readers' attention to the unfortunate and often deplorable lot which rural school commissions have forced upon these young women. In certain cases, the school commissions have some reason for not giving more remuneration to their teachers. In others, they have no reason.

MORE BIRD SANCTUARIES. British newspapers have warmly congratulated the decision of the Government to preserve the wild and "romantic" character of the island called "The Gull of Man."

It is not difficult to understand the enthusiasm of the Britishers, and it cannot be hoped that the Government of the Province of Quebec will be able to imitate this example. There are islands in this province which are sanctuaries for millions of birds. It should be managed that the character of these islands be preserved against amateur tourists, for the greater benefit of tourism.—Le Canada, Montreal.

COWANSVILLE SEWER PROJECT MET APPROVAL

Outline for Sewer on Larocque Avenue Approved and Various Other Matters Discussed by Town Council Meeting.

Cowansville, July 12.—Approval of the plan prepared by Leon Desrosches, C.E., for a sewer on Larocque avenue was given by the Town Council meeting in session and Mr. Desrosches was advised to prepare detailed plans so that work might be commenced on the project.

A resolution was passed authorizing the purchase of an acre of land from Arthur Bédard, in the Township of Brome, to be used as a gravel pit and Alderman Larocque was appointed to sign the deed. The price is \$575 cash. The secretary was authorized to write the manager of the Southern Canada Power Company regarding the extension of electric light wires on River street, whose residents are demanding the service.

Representatives of the baseball club were present and urged the purchase of a tract of land on Albert street, from T. Pickel. Decision was reserved until the next meeting. In the meantime the land is being used for ball games and has been named "Lavery's Park," in honor of C. E. Lavery, an ardent sportsman and generous supporter.

A petition asking that the excessive noise caused by wedding parties be curbed and that the business entrance of Tremblay's studio be confined to Albert street was received. The reading of by-law 214, referring to street paving, was heard, and the reading of by-law 197 postponed until July 20.

Mayor S. Perron, M.D., presided at the session and all members were present.

McKENNEY ON BRIDGE CREATES TRUMP ENTRIES

Player Sets Up Side Suit Card, to Discard Loser, by Finding Way to Get Thrice Into Dummy

By Wm. E. McKenney, Secretary, American Bridge League.

Easy entry into the hand of the declarer usually is assured at a trump declaration. Entry to the dummy at a critical moment may require careful preparatory planning by the player. Often it is the possession of entries, or lack of foresight in creating them, that spells the difference between success and failure of a bridge hand.

North used the jump overall to show a strong suit, justifying a raise from partner on holdings he otherwise would pass. Other players would have doubled with North's apparent.

down one trick against the best defense. West won the first two tricks with the queen and ace of diamonds, and then returned a low heart. North won with the ace. He realized that his only chance to take 10 tricks was to establish the fifth club in dummy on which to discard a heart.

The club ten was held and won with the ace. A low club was ruffed with the ace of trump. The spade dummy was returned to dummy, and West failed to follow.

Another club was ruffed with an honor in North's hand, and a small trump was led. The prove finesse against East's eight spot being required to make the needed fourth trick.

The third club return was ruffed with another honor by North, and his last low trump was led to dummy. Then one losing heart was discarded on the established club.

NAME REV. JONES AS ARCHDEACON OF ST. FRANCIS

Popular Lennoxville Churchman Has Received Appointment as Bishop of Quebec—Assumes New Duties Immediately.

Rev. Albert Jones, rector of St. George's Church, Lennoxville, examining chaplain to the Lord Bishop of Quebec and Rural Dean of Sherbrooke, has been appointed Archdeacon of St. Francis by the Bishop of Quebec.

Rev. Mr. Jones was born, June 18, 1889, at Gorleston-On-Sea, near Great Yarmouth, England, and received his school education partly in England and partly in Scotland, later graduating from St. Augustine's College, Canterbury, and the University of Durham, England.

It is interesting to note that Rev. Mr. Jones received the Holy rite of Confirmation at the hands of Cosmo Gordon Lang, then Bishop of Stepney, and at the present time Archbishop of Westminster, London, and King George VI.

Rev. Mr. Jones was ordained in Canterbury Cathedral by the late Lord Davidson, Archbishop of Canterbury, some twenty-three years ago. Soon after his ordination he came to this country as a missionary, under the auspices of the Archbishops' Western Canada Fund, and after spending three years in the West, he was appointed priest in charge of Inverness, Que. (1918-1920), from thence to the Magdalen Islands (1920-1923), when he received his appointment as assistant priest at Holy Trinity Cathedral in Quebec City, where he remained for three years.

In 1926, Rev. Mr. Jones was appointed rector of St. Augustine's Church at Danville, where he remained until 1929, when he received his appointment to his present charge in Lennoxville.

His appointment as examining chaplain to the Lord Bishop of Quebec came in 1935, and the following year he was elected Rural Dean of Sherbrooke. Rev. Mr. Jones will take over his new duties as Archdeacon immediately.

DRUMMONDVILLE PEDESTRIAN IS KILLED BY CAR

Verdict of Accidental Death Returned Today in Case of Edward Dearborn, 73 Years Old, Fatally Injured Saturday Night While Walking Along Highway.

Drummondville, July 12.—A verdict of accidental death was returned here this morning in the case of Edward Dearborn, 73 years old, of Hemmings Falls, who was instantly killed at eleven o'clock Saturday night when struck by an automobile while walking along the highway between Drummondville and Hemmings Falls.

CHURCH SERVICES

Archdeacon Albert Jones conducted the communion service at St. George's Church at eight o'clock on Sunday morning and the morning service at eleven o'clock was taken by Canon Eardley-Wilmet, of Compton, who preached a splendid sermon on the story of David and Absalom. Rev. John Comfort, rector of Sandy Beach, Gaspe, officiated at evensong. The music was under the direction of the organist, Mrs. A. Jones.

LEASE OF MINE CANCELLED BY JUSTICE WHITE

Contract Passed Between Jean Valenti, of this City, and J. E. H. Lancault, Montreal, and Albert Charrier, Quebec, Set Aside.

Mr. Justice Charles D. White, presiding over the local Superior Court, this morning cancelled the lease of a mica mine at L'Ascension, Township of Viel, because the lessees, J. E. H. Lancault, of Montreal, and Albert Charrier, of Quebec, failed to meet the conditions of their contracts with Jean Valenti, of this city.

The plaintiff, Valenti, alleged that several years ago he obtained from the Minister of Mines of the Province of Quebec a concession on certain lands in the Township of Viel at L'Ascension, Montcalm County. Plaintiff claimed that for several years he has done work on the property, especially on a certain mica mine.

On December 5, 1936, he leased the mine to the defendants for a payment of \$3,000 cash and a royalty on the minerals which they would take from the mine. The defendants also leased a certain camp on the property at \$50 a month.

At the time of the signing of the contract, defendants were unable to produce \$3,000 in cash and gave a promissory note payable January 15, 1937. Plaintiff, contending that this note was not met upon its maturing date, asked that the saisie-gagerie executed under the writ issued in this cause be declared good and valid, and that defendants be condemned to pay him jointly and severally the sum of \$3,000 and the amount of the promissory note.

Justice White, declaring that defendants had failed to carry out their engagements under the lease, cancelled and set aside the contract and ordered defendants to give up possession of the property within ten days from the service upon them of the present judgment, and that in default thereof they be expelled from the property and the plaintiff put in possession. Considering, however, that the contract was set aside as the principal reason that the \$3,000 had not been paid, defendants, His Lordship stated, could not be condemned to pay this note.

TRINITY CHURCH SERVICES

The pastor of Trinity Church preached yesterday morning to a combined congregation of Plymouth and Trinity United Church people on the contrasting spiritual histories of Luke and Demas, two of the Apostles Paul's companions in his early steady growth of Luke, the future historian of both Jesus and Paul, and the defection of Demas were used by him to bring out the difference in the characters of the two men, but notwithstanding the similarity in their spiritual privileges.

SECOND WEEK CONCLUDED AT "Y" CAMP

The highlights of the past week at the Y.M.C.A. Boys' Camp at Little Lake were the track and swimming meets. Led by Freddie Allison, who captured first place in the senior shot put and 75 yard dash, and Bobby Craig, who scored nine points in the junior events, Cabin 4 nosed out Cabin 3 for first place in the track meet on July 8th. Cabin 4 marked a total of twenty-six points, while Cabin 3 with twenty points, had a margin of two points over Cabin 1.

Woodard, was solemnized at the home of the bride's sister and her husband, Mr. and Mrs. Orton Baker, Tuesday evening, July 6 at 8:30 o'clock. Rev. W. C. Ross officiating.

WORRIED BY PIMPLES AND ECZEMA

"For the past two years," writes a woman, "my face was covered with hard pimples and red blotches, and I also had eczema on my neck and forehead. I tried lotions, creams and ointments, without the slightest effect. I was so worried. Fortunately I decided to give Kruschen a trial, and without any exaggeration, within six weeks my face was without a blemish, and I have not had a sign of eczema since. I take Kruschen regularly every morning, and would not be without it." (Mrs.) J. A. Pimples and eczema are frequently due to impurities in the blood. Urinary poisons which sluggish body organs are failing to expel from the system. Kruschen Salts help to keep the body organs functioning normally and healthily, thus preventing the accumulation of impurities in the blood.

MARRIAGES

Mr. and Mrs. Vincent Lyon, after spending the week-end with the former's mother, Mrs. E. N. Lyon, London street, left this morning for their home in the Ancient Capital. Their young daughter, Miss Patricia Lyon, who accompanied them here, is remaining on for a longer visit with her grandmother.

Mr. and Mrs. Raymond Provencher, Moore street, have returned from a two weeks holiday at Chatham, Cape Cod. They were accompanied on the return trip by Miss Kathryn Mason, of Westmount, who will spend a few days in Sherbrooke as their guest.

Mr. John Simms, Mrs. F. W. Webster, Mrs. G. W. Murphy, Mrs. C. B. Howard, Miss Marguerite Gauthier, and Miss Rosaline Kennedy were hostesses at the Sherbrooke Country Club tea on Saturday afternoon. The first two named hostesses did the honors, presiding at the tea table which was centered with lovely mauve sweet peas in a silver basket and matching candles in silver candlesticks. Assisting were Mrs. Allan Bayley, the Misses Andrea Hawkins, Noreen Lothrop, Anne Bayne and Nancy Nicol.

The wedding music was furnished by Miss Hazel Bates, and Mrs. W. D. Ross sang "I Love You Truly" during the signing of the register. About fifty guests were present. The rooms were beautifully decorated with quantities of flowers. After the refreshments were served Mr. and Mrs. Woodard left by motor for a brief honeymoon.

PROTESTANT BOARD TODAY

Protestant property owners trekked to the City Hall poll today to elect a member to the Protestant School Board. Their choice lies between Fred J. Southwood, prominent local businessman who is up for re-election, and Dr. W. O. Rothney, professor of education at the University of Bishop's College.

Voting was reported to be fairly heavy at the noon hour, as much interest is being taken by the Protestant ratepayers in the election of a representative to the Commission.

Mr. Southwood was one of two retiring commissioners this year. The other, Dr. W. E. Hume, was re-elected to the Board by acclamation when nominations were held last week. Dr. Rothney, who was defeated last year when he opposed A. D. Brodie, the present chairman of the Board, was nominated, however to oppose Mr. Southwood.

Other members of the Protestant School Board are Chairman A. D. Brodie, K. B. Jencks, James H. Ward and Dr. Hume.

Quebec Rayon Mills, Ltd., Morrisette, Ltd., J. H. Bryant, Stansfield and Sherbrooke Fire Insurance Company, Claxton Knitting Mills, Page Sangster Printing Company, Canada Cement Company and Northern Electric Company, \$100 each.

Social and Personal

Miss Doris Gallinger, Magog street, is spending a week with Miss Ellen McCrea at Georgeville. Mr. and Mrs. J. T. Buchanan, of Quebec were week-end guests of Mrs. R. F. Morris, "Prospect House," Melbourne street. Mrs. Harold Downes and Miss Inez Downes, of East Rockaway, Long Island, N.Y., were week-end guests of Mr. and Mrs. Howard Price, Bowen avenue south.

Miss Thelma Buchanan, of Boston, is spending a week in Sherbrooke visiting her aunt, Mrs. William Killen, King street west, and other relatives.

Miss Bessie Bryce and Miss Eva Mallory left this morning for a leisurely motor trip via the Adirondacks to Washington, D.C., and the Maine Coast.

Mr. and Mrs. Russell Gough, who spent the week-end with the former's mother, Mrs. A. E. Gough, Queen street, have returned to Montreal.

Mrs. William Killen returned last night to her home on King street west, after spending two weeks visiting her sisters and other relatives in Herdwick, Vt., Hanover and Boston.

Mr. and Mrs. Carvel Hammond and their small son, Jimmy, of Montreal, were here for the week-end visiting Mr. Hammond's parents, Mr. and Mrs. P. A. Hammond, Portland avenue.

Rev. Alfred Linahen, curate of St. Patrick's church, left the city yesterday for Richmond and today, accompanied by his sister, Miss Pauline Linahen, went to Montreal from where they will take in the Saguenay trip for the balance of the week.

Mr. and Mrs. Vincent Lyon, after spending the week-end with the former's mother, Mrs. E. N. Lyon, London street, left this morning for their home in the Ancient Capital. Their young daughter, Miss Patricia Lyon, who accompanied them here, is remaining on for a longer visit with her grandmother.

NEWLYWEDS ARE THE VICTIMS OF POISONING

Mr. and Mrs. H. C. Howes, of Bishopton, Who Were Removed to Hospital Suffering from "Metallic Poisoning," Allowed to Return to Their Home.

Mr. and Mrs. Herbert C. Howes, newly-married Bishopton couple, suddenly seriously ill over the week-end with what medical authorities described as "metallic poisoning," were allowed to return to their home today, well on the road to recovery.

Dr. H. D. Bayne, commenting upon the unusual case this morning, explained that the metallic poisoning resulted from the use of new aluminum cooking utensils that had not been boiled.

Mr. and Mrs. Howes were taken ill the first morning after their return from their honeymoon. They had their first breakfast in their new home at Bishopton, and shortly after the meal were taken violently ill.

Dr. Elliott was summoned and found the victims in a serious condition. Bishop's ambulance and a private car rushed the two to the Sherbrooke Hospital where they were treated by Dr. Bayne.

CHAPTER XXI

It was pouring rain as the Saratoga Kentucky. But Fritzie O'Malley, ordering breakfast in the diner, thought it was a golden day. She had never been one to neglect her meals, but she hardly knew what she had ordered. She kept looking at the door as if waiting for some one. She was. She must see Duke. She hoped he would come in alone. She hoped even more he would come in before Kiffie did. It was certainly Fritzie's day. Both her wishes were gratified. Duke walked directly to her table when he entered the car.

the telegram, "complete your education by reading this." "Looks like a good mount. Would you place a side bet for twenty-five hundred for me?" "All right," said Fritzie, paying no heed to another gasp from Kiffie. "O. K." Dixie rose and held out his hand to shake on the bargain. "Just a minute," cut in Duke. "D'you mind putting that on paper?" Dixie measured him with a long, cool, insulting stare. "Not at all," he said, then turning to Fritzie. "But it will be for seven and I'll write it down."

I'll be back later, when my duties as a nurse are over." Rosetta looked after him with admiring eyes, as he swung down the aisle and out the door. "I'm going to give him a little time to get in some good straight talk before I go in," she said. "I'll be seeing you later, too." "Duke is certainly one smart guy," said Kiffie, his recurrent jealousy gone for the time. "No wonder you get such store by him, Fritzie darling." "He isn't as smart as he thinks he is."

Is Fritzie right? Does Duke really love Carol? Will he find out in time? What will Carol do when she realizes it? Don't miss tomorrow's installment. LOCALS WON ONE AND LOST TWO OVER WEEK-END

Sherbrooke Divided Double-Header with Montreal Black Panthers Yesterday After Dropping Saturday's Game to Sorel—Bob Cohen Was Bating Star.

After being flattened by the Sorel steamroller to the tune of twelve to five at the local ball park on Saturday afternoon and blanked by two to nothing in the opener of yesterday's twin bill here with the Montreal Black Panthers, Sherbrooke's entry in the Provincial Baseball League finally regained their batting eyes in the nightcap and rode to a thirteen to two triumph behind the eight-hit hurling of "Nippy" Joyce.

Led by first-sacker Bob Cohen, who had seven hits out of eleven week-end trips to the plate, including a homer in Saturday's tilt and a three-bagger, Sorel and two singles in four, times up in the second game of yesterday's double-header, Sherbrooke took the nightcap with a sixteen-hit barrage, shelling Robinson from the mound in the third when he tried an iron man stunt after winning the first game. He was replaced on the mound by shortstop Birch, who was equally unsuccessful in spiking the local guns.

Catcher Ray Chew and Bill More, who courted around third in the first Panther game and second base in the last, were also potent factors in the Sherbrooke victory, the former with two doubles out of four batting turns and the latter with a two-base blow and two singles from the same number.

Southpaw Joyce kept the eight Panther blows well-scattered, granting but one extra-base bingle, a two-bagger by Mitchell in the sixth, while his mates tallied eight times in the first three innings, one in each of the fourth and fifth stanzas and three more in the sixth. The locals clinched the verdict in a second frame when doubles by H. Asselin, Chew and More, plus a single by Frankie Kitch, accounted for four markers. The two Panther tallies came in the fourth.

The opener of the twin bill was a fast, well-played contest, Robinson allowing but four Sherbrooke hits and receiving sparkling support from his mates. George Giovannangeli, big right-hander in the pitcher's box for the local squad, was almost as stingy with safeties, allowing only six, but three of these in the sixth stanza netted the Panthers their pair of runs, a walk to Logan and singles by Birch, Pace and Robinson doing the damage.

The homesters threatened in the fourth, More and Hammond getting on bases with singles, but the next two men saw and More, plus a single by Frankie Kitch, accounted for the needed bingle.

Both games of the double-header were seven-inning affairs because of the late arrival of the colored boys due to an accident near Granby when one of their cars left the road and turned over. No one was injured, however.

Two big innings in Saturday's play, in which Sorel scored eleven of their twelve runs, the third and eighth, were too much for the local lads, although they rallied gamely for three tallies in the eighth on a single by Ted Mallett, Ploski's walk, Amedeo Roy's three-bagger and another single by Hammond. The other two Sherbrooke coutners came from the larruping Bob Cohen when he walloped a home run almost over the right field fence in the initial inning, driving Kitch across the plate ahead of him.

QUEBEC GOLFER WON GENERAL BROCK TOURNEY

Jules Huot, of Kent, Que., Stroked His Way to Victory in 72-Hole Medal Competition to Become the Second Canadian in Recent Years to Win Big-Money Contest.

Fonthill, Ont., July 12.—The money men of golf scattered to new fields today, the more fortunate carrying away their share of the \$4,000 prize awards of the General Brock open tournament.

Through Saturday's torrid temperatures and over rapidly baking fairways, 140-pound Jules Huot, of Kent, Quebec, stroked his way to victory in the 72-hole medal competition. He set a new record for the course's present layout and a new tournament record and became the second Canadian in recent years to win a big money tourney. His total of 280 gave him \$750 first money.

While better known stars trudged the long hills and valleys beneath big parasols, Huot walked quietly along unprotected from the sun, apparently the coolest of the fifty-nine last day survivors. On the third round he turned in an amazing 66, four strokes under par.

His victory—on a par, with the triumph of Ken Black of Vancouver, last year in Vancouver's Silver Jubilee Tournament—was achieved in the face of relentless closing spurts by a pack of United States luminaries, led by "Wild Bill" Mehlorh, of Louisville, Ky.

Huot took up the burden that slipped from the fingers of Bobby Gray, Jr., of Windsor, Ont., leader of the first two rounds. Gray added a third-round seventy-two to his opening sallies of 68 and 72 but the strenuous outing tugged at his putter on the last eighteen holes and he finished in a tie for eighth place with a 75 and a 287 total.

Huot seemed to be slipping before the determined charge of "Lighthorse" Harry Cooper, of Chicago, as he went out for the last time and took a 38 on the first nine. But after the turn he scored two quick birdies and finished up with an eight-foot putt that gave him a 72 for the round.

The victory seemed to belong to the little French-Canadian until Mehlorh began setting the course afire. Coming to the seventeenth he needed two birdies to win and got the first of them. Then Wild Bill sent his second shot on the long eighteenth into a patch of three-inch grass and his approach went past the cup.

Mehlorh finally got a five on the last hole for a seventy-two and a 282 total. He was a stroke ahead of Cooper and long, lean Ray Mangrum, of Dayton, O. Jimmy Thomson, of Shawnee, Pa., and Bobby Alston, of Ottawa, who were with Mehlorh on the last two rounds, were fifth and sixth with 284 and 285, respectively.

Alston, tiny pro at Chaudiere Club, made a gallant showing as he stayed right with Mehlorh and Thomson down the stretch. Steady all through the tourney, he finished with rounds of 70 and 72.

"Dutch" Harrison, of Little Rock, Ark., who made a hole in one on the third round, finished seventh with 286 and Gray was tied at 287 by Ed Oliver, of Wilmington, Del., slugging star who had two rounds of 69. Willie Lamb, of Lambton Downs, Toronto, followed one stroke back.

G. G. MACDONALD, GRANBY GOLFER, HAD BEST CARD

Led Field of Fifty Golfers in Tourney at Dufferin Heights—Bart Holtham Made Strong Comeback to Finish Close Second.

G. G. "Boysey: The Mighty Atom" MacDonald, of the Granby Golf Club, carried off major honors at the second Eastern Townships Field Day held at Dufferin Heights on Saturday. MacDonald carded two very fine and consistent rounds of thirty-five for a total of seventy to lead a field of fifty golfers representing several clubs in the E. T. Golf Association.

He was closely followed by Bart Holtham, of the Sherbrooke Country Club, whose rounds of thirty-eight and thirty-four for a total of seventy-two gave him the runner-up position. Holtham's last round of thirty-five for the lowest nine of the day. Wayne Campbell, of the Dufferin Heights Club, and W. K. "Billy" MacDonald, of the Granby Club, were tied with seventy-three for third place.

Ideal golfing weather and a course in excellent condition greeted the golfers, and this combination resulted in some very fine scores. No less than seventeen of the twenty-five class "A" players entered posting scores of under eighty.

Several ties were posted by the "B" class players, "B" class being players with handicaps of seventeen and over. Leading this field was W. Humphrey, of the Dufferin Heights Club, and Fred Pattison, of the Lennoxville Club, who were tied with scores of eighty-two. Humphrey won the toss, taking first scores prize in this division, with second place going to Pattison. C. Aldrich, of the Dufferin Heights Club, won third place with an eighty-three.

Low net scores were posted by A. N. Flint and Reg Moulton, of the Lennoxville Club, both of whom had net sixties, Flint winning the toss and with it first net prize, second net going to Moulton. Three players were tied for third net prize, James Murphy, of the Dufferin Heights Club, Henry Downs and Roy Clark, of the Lennoxville Club, all of whom posted net sixty-sixes. Murphy won the toss and third net prize for the "B" class players.

The prize list was as follows: Class "A" players: 1st gross, G. G. MacDonald, Granby, 65-35, 70. 2nd, B. N. Holtham, Sherbrooke, 38-34, 72. 3rd, W. K. MacDonald, Granby, 36-37, 73. 1st net, W. 10-MILE CANOE RACE FROM HERE TO LITTLE LAKE

Will Be Included on Program of Lake Park Canoe Club's Annual Regatta Which Will Be Held on July 25—Officers Elected at Meeting Held Yesterday.

A ten-mile canoe race from Sherbrooke to Little Lake and a mile swim will be two of the outstanding events on the programme of the Lake Park Canoe Club's annual regatta on July 25.

A meeting of the club was held yesterday morning at the cottage of H. N. Brien, the club's president, when officers were elected and the regatta's programme decided upon. The race from Sherbrooke to Little Lake, in which many paddlers have already signified their intention of taking part, will be started at such a time as to enable the contestants to reach Little Lake at the early part of the regatta. Trophies will be awarded the first and second canoes. Each canoe will contain only two paddlers.

The mile swim is expected to arouse keen interest throughout the Eastern Townships, many contestants from different summer resorts in this district are expected to take part.

The programme contains a variety of canoeing, swimming and other aquatic events. Officers elected for the ensuing year are: Honorary presidents, Dr. Fred Bertrand, Dr. F. A. Gadois and Edouard Boisvert, mayor of Little Lake; president, H. N. Brien; commodore, Emile Levesque; vice-commodore, J. N. Audet; secretary, Andre Bachand; treasurer, Yves Gadois; judges, J. D. Lacombe, Edmond Salois, Dr. Guy Bertrand, Jean Paul Genest, Lucien Belanger; starter, Emile Levesque; legal adviser, Edouard Boisvert.

Committees were named as follows: Buoy, Lionel Audet; buildings, Paul McMahon; programme, Gerard Cole; publicity, Jean Ethier; subscriptions, Andre d'Etcheverry; gates, Claude Genest; races and entries, Andre Bachand; reception, Claude Bertrand.

It was decided to extend invitations to the Sherbrooke Canoe Club, the Nicolet Canoe Club, the North Hatley Club, Knowlton and Magog clubs. Communications relating to the regatta should be forwarded to Andre Bachand, secretary, Little Lake Magog.

SUDDEN PASSING OF SPORTING PROMOTER

Jack Curley Passed Away at Long Island Home After Illness of Only Few Hours—Wrestling Was Favorite Field.

New York, July 12.—Jack Curley, a leading sports promoter, died suddenly at his Great Neck, Long Island, home today, victim of heart disease. He was sixty-one, a veteran of thirty-eight years in sports promotion.

Although wrestling was his favorite and most lucrative field, Curley's experience covered a wide range. He promoted the Havana bout in which Jess Willard won the heavyweight boxing championship from Jack Johnson, staged bull fights and fleeced gamblers, and engineered public appearances of Annette Kellerman, Enrico Caruso, William Jennings Bryan, Rudolph Valentino, the Vatican choir, Georges Carpentier, the French fighter, and William Tilden.

CANADIAN SHOT MAKES PERFECT BISLEY SCORE

Company Sgt.-Major George Emslie, of Toronto, Tied with Two Englishmen for Daily Telegraph Silver Cup.

Bisley Camp, England, July 12.—Plugging ten consecutive bull's eyes at the 300-yard range despite steady rain, the veteran Company Sgt.-Major George Emslie, of Toronto, today tied two Englishmen for the Daily Telegraph Silver Cup, one of today's feature matches at the Coronation Bisley.

Emslie's perfect score was equalled only by Armourer-Sgt. F. S. French, King's Prize winner of 1935, and Driver George Brooks of the Army Service Corps. They will shoot the tie later.

Emslie has come to the front since the meeting opened a week ago, with intensive competition just setting in today. Sergeant James Kier, of Vancouver, is to shoot off a tie with three English marksmen for the fine challenge cup in the Clement Smith aggregate.

Emslie, who has been shooting at Bisley for many years, and won the Governor-General's prize at Ottawa last year, was right at the top of his form, but the rest of the Canadians were keen too, and their performances look promising for the great matches that are to come this week.

Only one point short of a possible, with 49's, were five others of the Canadian team—Sgt. William Ewing, of Montreal, Capt. W. A. Hunt, of Winnipeg, Lieut. C. F. Kennedy, of Hilden, N.S., Pte. M. Lemieux, of Westmont, Que., and Capt. T. M. Stenwick, of Halifax.

BOBBY FELLER'S WILDNESS AND ERRORS COSTLY

Speed-Ball Artist Pitched Great Game But Lost Through No One's Fault But His Own.

The case of Bobby Feller—or what's in a fast ball—bobbed up today as the year's most baffling baseball mystery.

Although he has the makings of just about everything an elbow youngster can't seem to find his name on the right side of the scoreboard when all the runs are added up.

In his last two starts he pitched fine ball, but lost both decisions through no one's fault but his own. Bob made his first start last week since the opening days of the campaign, and lost the ball game because of a peg to an uncured sore. Yesterday, in his second time out, he and the Tribe dropped a three to two decision to the Detroit Tigers, largely because he had poor control.

Although he pitched two-hit ball, his own wildness really lost the ball game. A walk set up the first Tiger run. A wild pitch scored the second and two passes in a row made the third a simple matter.

Chicago White Sox were unable to get better than an even break with St. Louis Browns, winning the nightcap by four to three after dropping the opener by four to one.

In the National League the Giants came within half a game of overwhelming the pace-setting Chicago Cubs by belting Brooklyn Dodgers in a double-header, winning the opener by ten to four after slugging Van Mungo out, and the nightcap by five to one. The Cubs dropped a three to two decision to Bill Swift and the comebacking Pittsburgh Pirates.

The Cincinnati Reds defeated the Cardinals by six to nothing in the opener and seven to nothing in the afterpiece.

The New York Yankees ran their streak to eight games, nosing out the Senators by four to three in the first game of their twin bill, and coming from behind to tie the nightcap at five-all just before darkness halted the game in the ninth.

Boston's Red Sox had a snap Continued on Page 2, Col. 6.

ESTABLISHED A NEW MARK FOR THE HALF MILE

Eloy Robinson, Who Covered Distance in 1:49.6, Bettered World's Record Set by Ben Eastman in 1934 Princeton Invitation Meet.

New York, July 12.—Eloy Robinson, a frank young man who ran the half mile in 1:49.6 to better the world's record, sat quietly in a noisy locker room and admitted he had expected to break the 880-yard mark, once he "had a good fast quarter-mile under his belt."

"I felt I could do it after I ran at Milwaukee last week. All I had to do was step up to that first quarter and I was in," said Robinson, who ran for San Francisco's Olympic Club, yesterday at Randall's Island Stadium on the second annual World Labor Carnival. Robinson's mark bettered the 1:49.8 posted by Ben Eastman in the 1934 Princeton invitation meet.

In the mile Pittsburgh's Johnny Woodruff trailed Cunningham, Archie San Romani and Gene Venkae home in a 4:11.4 race in which Cunningham nailed San Romani fifty yards from the tape with a killing spurt and won by three yards.

Little Ben Johnson, ex-Columbia captain, now running for Cunningham's New York affiliate, the Curb Exchange, gained revenge for his defeat in the century at Milwaukee last week. He trimmed L. Perrin Walker, of Georgia Tech and

SPORT FLASHES

New York, July 12.—Max Schmeling has not but himself to blame the Tommy Farr is not going to fight him in London, but is coming here to meet Joe Louis instead. When they get the boys together, Max agreed to \$200,000 as his end and Farr \$70,000. Then Max chiselled himself in for another \$30,000 which the promoter decided to top off Farr's purse, leaving the Welshman, the hottest fighter in the British Empire has turned out in years, with a promise of only \$40,000.

Joe DiMaggio is hotter than the weather right now. Joe may turn out to be a right-handed "Babe" Ruth.

Bill McKeechie, smart old manager of the Boston Bees, calls Cliff Melton, young Giant lefthander, the best first year man in the National League.

London wants Jimmy Braddock to fight Max Baer and there is an offer from Pittsburgh for Jim to meet John Henry Lewis.

Just fifteen years ago today Rogers Hornsby, playing for the St. Louis Cardinals, bettered the National League home run record by slamming out his twenty-fifth circuit breaker. The home run was made in 1915 by Garry Cravath, of Philadelphia.

Lennoxville links on Friday evening when he pushed through the portals of golf's Hall of Fame by driving 126 yards for a hole-in-one.

Mr. Walker, who was playing with Norman Flint, of the Lennoxville Club, made the shot with a number three iron off the third tee.

Walton Heath, England, July 12.—Henry Cotton and Denny Shute were even today, at the end of the first nine of their seventy-two-hole, two-man international golf match. Playing for a purse of \$2,500 in cash and the "unofficial title of world champion," the two professionals each took thirty-six strokes, one over par.

TENNIS

SEEDED PLAYERS WILL SEE QUEBEC TITLE ACTION TODAY

Montreal, July 12.—Forty-five of Eastern Canada's leading tennis men were left today in the Province of Quebec Lawa Tennis Association's senior title hunt, while sixteen ladies remained in the draw for the women's championship.

Today's bracketing found in action all the seeded stars, aside from Roland Longtin, defending champion and first seeded player, who swept through his first-round match Saturday along with seven other Montrealers. Six matches in the women's division also were disposed of on the Notre Dame de Grace Tennis Club courts over the week-end.

Bob Murray, winner of the Ontario senior crown and seeded No. 2, Marcel Rainville and Laird Watt, all of Montreal; Ross Wilson, runner-up to Murray in Ontario, and J. C. McLean, both of Toronto, and J. W. O'Hara, of Ottawa, all will face their first-round opponents.

Claire Walsh of Toronto, seeded third in the ladies' tourney, and Mrs. A. R. Porter, of Montreal, seeded second, are only favorites scheduled to see action in their division.
