Three Choices For Cabinet In Freight Rate Appeal

MONTREAL (CP) — Outcome of a provincial appeal to the federal cabinet against a railways freight rate increase is likely to determine whether Canada will have a transcontinental rail strike Dec. 1.

The cabinet will hear the appeal of eight provinces — excluding Quebec and Ontario — at 10 a.m. EST Monday, Nov. 24 in Ottawa.

The cabinet can't refuse to act on the matter, observers say, and has three choices:

Cold Moving Here

Blizzards Hit West, Record Highs In East

By THE CANADIAN PRESS

The punch was late but vicious. Wintery weather blasted into Manitoba Tuesday with a blizzard that dumped more than a foot of snow over the southeastern part of the province, leaving Winnipeg virtually paralyzed for hours.

Gale winds whipped the Great Lakes to fury and the freighter

Carl D. Bradley was lost in Lake Michigan with 35 men aboard. The storm blew itself out Tuesday night in Hudson Bay after sweeping across northwestern Ontario.

By contrast, parts of Ontario and Quebec enjoyed record high temperatures for the second half of November. The mercury soared to 67 in Toronto—seven degrees warmer than at Jacksonville, Fla.—to 63 in Ottawa and 70 in Hamilton.

SNOWY VANCOUVER

Snow fell across much of British Columbia with three inches in the Vancouver area. A chinook brought a thaw to southern Alberta. Much of Saskatchewan was snow-covered. Fog, rain and patches of sunshine prevailed in southern Ontario and Quebec. It was cool and showery in the Maritimes.

The blizzard which struck Winnipeg was the worst November storm in the city's history. It brought the total snowfall for the month to about 16 inches, nearly double the normal for the entire month.

The snowfall stopped at about 2:30 p.m. and the city began drifting out. At its height, streets were a tangle of stalled cars and buses. Highways were blocked between Winnipeg and Portage la Prairie.

Two hunters were missing in the storm area but police said they are not necessarily in danger.

COLD MOVES EAST

Temperatures fell rapidly over most of Ontario as a cold air mass moved across the province in the wake of the storm.

Mild air still prevailed in southern Quebec but the mercury was expected to dip below freezing tonight across the province. Freezing rain pelted a wide area south of Lake St. John, breaking power lines and snarling highway traffic.

Overcast and chilly weather was the outlook for most of the Maritimes, with snow turning to rain forecast for northern New Brunswick and showers or cloudy skies predicted for other regions.

Canadians Wounded In Cuba Fight

HAVANA, Cuba (AP)—Eleven rebels and four policemen were killed Monday night in a running gunfight that followed a rebel attack in which two Canadians were wounded.

The Canadians, a missionary and his young assistant, were hit Sunday night when their jeep was fired on by rebels. The report of the attack reached here Tuesday.

In hospital in serious condition are Edward Ware, 38, who lost his right eye, and his assistant, Margaret Hearn of Vancouver, who was wounded in both feet.

New Board Faces Old Problems

OTTAWA (CP) — The newly appointed Board of Broadcast Governors will hold an inaugural meeting here Thursday and Friday to set up its administrative organization and plan its activities.

For the present the board will operate under the regulations and responsibilities heretofore discharged by the CBC board of governors.

It may take months for the new board to assemble staff, consider and establish new regulations and reach the stage where it will be ready to carry out all the functions assigned it by legislation.

The BBG, headed by chairman Andrew Stewart, former president of the University of Alberta, with two other full-time members and 12 part-time members, will have general supervision over all public and private broadcasting.

CBC BOARD GONE

The CBC board of governors, which previously ruled all broadcasting, has disappeared. But a new CBC board of directors, under president J. Alphonse Ouimet, will handle publicly owned broadcasting operations.

It is expected the BBG will start its organizing operations with public hearings preparatory to drafting new regulations for radio and TV.

But it will immediately be faced with tasks inherited from the old CBC board, that of handling a backlog of applications for new stations, power increases and frequency changes.

There are between 20 and 30 applications of one kind and another waiting attention but their details are not public.

NO SECOND STATIONS

But none of the applications is for a TV station in cities or towns where there is already a TV outlet. Government policy against more than one TV outlet in a community has not been altered. Until it is, no applications for second stations are accepted.

Reason for this is that no applicant is being permitted to assume a favored position by filing an application on an if-as-and-when basis.

It is expected that before long the government will relax this restriction and the field will then be open. Numerous applications are believed ready.

ONLY LARGE CITIES

It is likely that, at first, the policy will be relaxed only in the larger Canadian cities such as

British Woman Shot In Israel

JERUSALEM (AP)—The missing wife of Britain's air attaché to Israel was found dead today 150 yards from the Syrian-Israeli border.

Israeli police said first reports indicated she had been shot. The woman was Mrs. Kenneth C. Doran, 40. She had been vacationing at a rest house near the Sea of Galilee and had not returned from a walk Monday.

UN truce teams began an investigation. The woman's husband, an RAF wing commander, had gone from his post in Tel Aviv to join in the search.

Session Opens Today

QUEBEC (CP) — Lieutenant-Governor Onesime Gagnon today inaugurates Quebec's annual session of the legislature.

Traditional ceremonies marking the big social event are to start at 3 p.m. EST when a 15-gun salute marks the arrival of Mr. Gagnon in uniform and a white-plumed hat.

The lieutenant-governor will inspect a 100-man guard of honor made up of units of Canada's three armed services before walking up to the main door of the legislature building where he will be greeted by Premier Duplessis.

The inauguration is Mr. Gagnon's first since his appointment to the post of lieutenant-governor last January.

In the legislative council room, where 400 invited guests will be seated, Mr. Gagnon will read the speech from the throne in French and English.

STUDENTS ASSISTANCE

There has been little advance indication of the government's projects, except for an announcement that legislation to give Montreal and its surrounding island municipalities a metropolitan system of government is to be discussed and an indication that greater assistance to university students in the form of loans will be considered.

Premier Duplessis' Union Nationale party goes into the session with a strengthened majority in the assembly following victories in all three bye-elections held this year. The Union Nationale holds 73 seats, the Liberals 17 and independents three.

Liberal House leadership will be in the hands of Georges Lapalme who retired as Quebec Liberal leader earlier this year. Liberal leader now is Hon. Jean Lesage, who has no seat in the assembly.

Jobless Increase 50%

OTTAWA (CP) — Canadian unemployment in mid-October was about 50 per cent higher than a year earlier, the government reported today.

The figures in the government's monthly labor survey indicated prospects of a post-war high of joblessness that would exceed the previous top of 590,000 set last winter.

Today's figures showed that at Oct. 18 there were an estimated 313,000 persons without jobs and looking for work, compared with 211,000 a year previously.

The total had moved up from 271,000 at Sept. 30, on estimates of the bureau of statistics based on a sampling survey of 30,000 households.

Meanwhile, the number of persons with jobs dropped to 5,864,000 in October from 5,888,888 in the previous month and from 5,880,000 in October, 1957.

A Just Rebuke For His "Friend"

PHILADELPHIA (AP) — U. S. Representative William J. Green didn't mind going to a lot of trouble last year to get a pair of tickets to the Army-Navy football game for a friend.

But he was a little annoyed when the friend didn't show up for the game. And he was more than a little annoyed when the friend never explained.

This year, the same friend called with the same request. Green sent him the tickets—last year's.

CHITTAGONG, Pakistan (Reuters) — A speeding mail train plowed into a standing freight at a station today in a rail crash that killed 16 persons and injured 36.

Pearson Blasts 'Show Business' PCs

OTTAWA (CP) — Liberal Leader Lester B. Pearson has accused the Progressive Conservatives of turning the government into a confusing and bewildering piece of "show business."

He said there has been so many contradictions between Conservative words and actions that the country's economy has been jeopardized, with the army of jobless growing amid a scarcity of money and rising interest rates.

He promised he never would allow Prime Minister Diefenbaker to forget his pledge that "not one Canadian will suffer from unemployment while I'm in office."

ernment better do something" about the "real and serious danger" resulting from the "costly and mismanaged" \$6,000,000,000 victory bond conversion program.

Mr. Pearson spoke before an audience of some 600, gathering to honor him at a Liberal Federation Advisory Council banquet. He drew repeated applause and laughter as he fired one charge after another against the Conservatives.

Cheers and standing applause also went to former prime minister Louis St. Laurent who presided over the banquet, expressed confidence in Mr. Pearson and predicted the Liberals would get back into power if they kept faith with the people.

ADVISING MENACE

Premier Smallwood of Newfoundland suggested there still

are some unsettled issues facing the Liberals. The party is seeking to expand its public relations setup and Mr. Smallwood said that he, for one, would never agree to having the Liberals resort to the "Madison Avenue advertising trickery" allegedly used by the Conservatives in the last election.

Canadians were aware of the growth of the mass media type of salesmanship in the United States. He had read that some American professor claimed that given control over all mass media in the U.S., he could have Americans worshipping telegraph poles in one year.

"The decision has got to be made by the Liberal party as to whether we are going to adopt the Madison Avenue technique. It is a question of whether we are go-

Russia Backs Down

East-West Agree On Outer Space

UNITED NATIONS, N.Y. (CP) — The awesome challenge of outer space appeared today to have stilled United Nations member countries' procedural disputes over how man should deal with it.

Political, military, legal, medical and economic questions—to name only a few—remain unsolved. But for the first time the Eastern and Western big powers seem agreed that no small issues should stand in the way of humanity's progress into the void.

Tuesday afternoon Russia's deputy foreign minister, Valerian Zorin, told the UN's political committee, which has been debating the issues of outer space since last week, that his Moscow government would step down from its previously solid position of linking outer space with big-power military bases on foreign soil. This contention, obviously aimed at the United States, until then had threatened any form of agreement here.

The Soviet delegate earlier in the day had passed this word privately to U. S. Ambassador Henry Cabot Lodge, and repeated it to a press conference attended by correspondents representing all areas of the world.

There was a welcoming reaction at the UN even before Zorin spoke up in the political committee itself.

Zorin's concession means Russia will accept the Western-sponsored idea of an outer space study committee without the divisive tag of making it in effect a body of censure for American military programs.

What prompted this Russian concession was still uncertain today. Zorin did make clear, however, that it should not be linked with the current deadlocked sessions at Geneva on the question of nuclear tests and technical measures to prevent surprise attacks.

HOW TO HELP MAN

All through the debate here the

tendency has been to put military issues to one side and consider instead how conquest of space could best benefit mankind.

Canada's Ambassador Charles S. A. Ritchie, for example, has told the committee that since only the two big powers—the U.S. and Russia—have been able to penetrate and space barrier, there is a need for some form of international control for the benefit of the smaller countries.

Ritchie expressed satisfaction at the Russian switch of position here, and thought it could pave the way for a compromise motion to which all 81 UN members could agree unanimously.

The immediate results of such an agreement are, of course, almost negligible. The agreement itself is significant.

Movie Fans Won't See Tyrone Power

MADRID (AP) — The movie public will not see Tyrone Power as King Solomon.

After three days of negotiations, a spokesman for the company filming Solomon and Sheba announced the picture will be remade with Yul Brynner replacing Power. Gina Lollobrigida plays the queen of Sheba.

Production on the \$4,000,000 film had been stopped Saturday, when Power collapsed on the set and died of a heart attack. Part of the film had been completed.

Bulgarian Fired?

MOSCOW (AP) — Usually well informed sources said Tuesday night ex-premier Nikolai Bulganin has been dismissed from his post as head of a regional economic unit at Stavropol. There was no official announcement, however. Bulganin was linked last week by Premier Khrushchev with the anti-party group.

Rescuers Spot More On Raft

CHARLEVOIX, Mich. — (AP) — Two survivors from the sunken Great Lakes freighter Carl D. Bradley were rescued today and a raft with several others sighted. The vessel carried a crew of 35.

The ship went down in cold, wind-lashed upper Lake Michigan late Tuesday.

Found alive were Frank Mays, 26, and first mate Elmer Fleming, 43, both of Rogers City, Mich.

A U.S. Coast Guard amphibian plane crew reported sighting "several" on a raft off High Island.

SPEED TO SCENE

Condition of the two rescued was not immediately determined. The cutter Sundew picked them up and other rescue craft sped toward the scene.

High Island, some 45 miles out in the lake from Michigan's northwestern shore, is north and east of Gull Island, off which the 615-foot Bradley went down after sending a desperate "May day" distress signal reporting she was breaking up and sinking.

It had been feared that the Bradley's full crew had died with her in the storm-tossed, mountainous waves whipped by winds of up to 60 miles an hour.

One of the first vessels responding to the Bradley's frantic calls for help said it found evidence the ship might have been split in two by a violent explosion.

One report said the ship struck Boulder Reef, on the Michigan side of the island.

BATTERED BY GALE

Waves whipped up by 60-mile winds battered at the stricken vessel when the first S.O.S. electrified U.S. Coast Guard radio monitors. The last official distress message received from the captain said:

"We are breaking up and in a sinking condition."

The Charlevoix coast guard also reported hearing the Bradley's radio operator shouting hysterically:

"Get on your life jackets. We're going down."

Then there was silence. No more was heard from the freighter, once the largest ship on the Great Lakes.

FIND BLAST EVIDENCE

The first rescue ship to reach the scene, the German freighter Christian Sartori, reported evidence of a tremendous explosion. It spotted a large blast-torn tank and what appeared to be a raincoat—but nothing else.

Planes and ships of the coast guard also reported no sign of survivors.

First to join the German ship at the scene was the cutter Sundew from Charlevoix, some 35 miles away.

As the searchers combed the turbulent seas, the temperature dropped to sub-freezing and southwest winds continued in one of the worst lake-shipping-season storms in years.

Throughout the night, flares lit up the scene. When the Sartori exhausted its supply, a plane dropped a fresh load.

The Bradley, under the command of Capt. Roland Bryan of Loudenville, N.Y., was flying the flag of the Bradley Transportation Company of Rogers City, Mich. The firm is a subsidiary of U.S. Steel Corporation.

Rivard Defends Labor Policy

QUEBEC — Less than one per cent of contract negotiations in Quebec last year resulted in strikes, Transport Minister Rivard said last night.

Outlining the labor policy of his Union Nationale party at a rally Mr. Rivard said that of 1,960 contracts in effect during 1957, 75 per cent were drafted through negotiation, 18 per cent after conciliation and six per cent after arbitration.

The Union Nationale adopted minimum wage laws in 1937 and set up a system of apprenticeship in 1945, Mr. Rivard said.

Show Business

By BOB THOMAS
HOLLYWOOD (AP) — As if things weren't tough enough for Hollywood's glamor girls, complaints one of them, Frank Sinatra is making a movie with Florida lovesies.

"And we're prettier than they are," adds Barbara Drake.

Barbara is one of the small army of beauties who try to make a living here from being a model, showgirl or decoration in movies. And the going has been tough, she says.

"They're making so many westerns now," she observes. "That's hard on us girls who don't ride horses."

But the unkindest blow came when Sinatra took a company of 100 to shoot A Hole in the Head in Miami. The script calls for a flock of beautiful babes.

Producer-director Frank Capra made this reply: "Pretty girls are the same the world over. I'm from Hollywood, and I'd like to use Hollywood girls. But it is economically sounder for me to hire Florida girls."

Hollywood realized that Tony Curtis had come a long way when he and Janet Leigh were hosts at a party after the preview of The Perfect Furlough. They tossed the affair at Larue's, and it was the first time I can recall the posh eatery being taken over for a private party.

The Perfect Furlough continues the commendable trend to comedy in films, and it ranks among the funnier ones—thanks to Blake Edwards, a bright young director with a light touch. And keep your eye on Linda Cristal, a Latin bombshell.

The following questions were discussed: What conservation measures are you now practising on your farm? The conservation measures we are now practising on our farms is draining the land the best we know how by opening ditches with a plough.

Are you willing to have a soil conservation program prepared for your farm to help you operate more profitably? If not, give reasons. No, we are not willing to have a soil conservation program prepared for our farms because most of the men are experienced farmers around here; a conservation program would be all right for a beginner on the farms.

Who should pay for soil conservation? Should the government subsidize conservation programs to a greater extent? The individuals assisted by the government should pay for soil conservation. In this community the farmers are pretty well subsidized by the government. We can get subsidies from the government on bulldozer work, tile, lime and trees.

Hull Liberal Raps Leaders Of Universities

OTTAWA—(AP)—Alexis Caron, Liberal MP for Hull, Que., today accused the heads of Quebec universities of lacking in courage because they allegedly failed to stand up to the "dictator" Premier Duplessis in the matter of university grants.

Speaking before the Liberals' national advisory council, Mr. Caron said the university heads would not accept federal university grants because they feared Mr. Duplessis would cut off provincial payments if they took up the federal offer.

"These heads of universities are lacking in courage," Mr. Caron said. "If they had courage, they would speak up to Mr. Duplessis. They would accept the federal grants and tell Mr. Duplessis that if he cuts off the provincial grants, he would have a fight on his hands."

Area School Boards To Issue Statement On Quebec Meeting Later

Representatives of Lennoxville and Bromptonville school commissions yesterday put their case for financial assistance before provincial authorities in Quebec yesterday.

Dr. A. N. Langford, chairman of the Lennoxville Protestant School Board, said on his return that a statement would be issued later. He declined to elaborate.

The delegation was reported earlier to have gone to Quebec to apply for a two per cent sales tax for educational purposes and to seek ways of sharing sales tax revenue with Sherbrooke. The delegation was not seeking a central school board for the communities, however.

H. S. Sanderson, secretary-treasurer of the Protestant Central School Board of Stanstead County, yesterday issued a statement clarifying published reports on the distribution of educational sales tax in that county.

Referring to an article in The Record on Monday, Mr. Sanderson said:

"This article states that educational sales tax collected in centers in Stanstead County accrued to the benefit of all school boards in the county. This is false. The educational sales tax is collected in Magog and Coaticook. All revenue derived from this tax in these two centers is for the benefit of the schools, Roman Catholic and Protestant, in these two school municipalities only, and it is not divided in any way with the schools in the rest of the county."

Three Named For Slum Clearance

Three men were named to the slum-clearance committee at Monday's council session, completing the seven memberships.

Named were Denis Tremblay, architect-town planner; Eugene Parrot, expropriation expert, and the pastor of Assomption parish in the East Ward or his delegate.

The municipal officials are Mayor Nadeau and Aldermen J. M. Jeanson, Felix Thibault and Robert Gauthier.

Purpose of the committee is to complete files on the number of people to be relocated, costs of expropriations, building and other works. The file is expected to be completed by next spring.

Houses which will go under the wreckers hammer are located principally in Assomption Parish, where the city's most dilapidated dwellings are located. If the project is successful it may be extended to other sections of the city.

Cost to the city is expected to be about \$75,000, according to rough estimates by Mayor Nadeau. The larger share of the work will be paid by the senior governments under the slum-clearance laws.

Although no plans have been drawn up yet for the type of dwelling, Mayor Nadeau has indicated that he would favor the two-story duplex-models as opposed to the apartments built in Montreal's slum-clearance project.

Ald. Tony Pinard suggested, when the names of the men were presented before the council, that a representative of the labor force be appointed as well. His suggestion was not heeded.

WRITING ACTRESS

Frances Anne Kemble, famed English actress who died in 1893, wrote several plays and poems.

"Jumpers" Will Net Fines

Illegal tie-ups or "jumpers" on the city's electric power lines will net offenders severe punishments, Municipal Treasurer Pierre Bachand said yesterday.

He said that he had received instructions to take legal action on municipal court against electricity users who connect their home lines directly with the city's power line in the hope of avoiding costs.

Mr. Bachand pointed out that in at least one case an illegal connection caused a fire on Gillespie St. He said the city had five cases pending against offenders.

City Extends Accident Insurance

Accidents on the City of Sherbrooke's properties will be completely covered by insurance.

Formerly, the city's insurance covered only those accidents which occurred on sidewalks, streets or parks. However, at last Monday's meeting, the aldermen approved paying an extra \$1,180 a year to extend the insurance to accidents occurring in public buildings and vacant lots.

If the city is proved responsible for accidents, the insurance company will pay up to \$10,000 property damages, up to \$50,000 public liability for one person and up to \$100,000 for two or more persons.

KING AND MURRAY STS.

Council decided to offer \$400 for the purchase of a triangle of land and for inconveniences caused by the enlargement of the corner of King St. East and Murray St. to an owner located on that corner.

Mr. Pellerin, the owner, originally asked for \$600 for the land as well as work of paving, constructing front steps and laying out a back yard.

WINTER PARKING

Council will study next week an amendment to the city's by-law with regards to overnight parking and clearing the streets of snow.

Tomorrow evening, council will hold another preliminary budget study.

CAMPAIGN OPENING — Mayor Armand Nadeau officially opened the Muscular Dystrophy campaign yesterday morning. This is the first such campaign in operation in the Sherbrooke area. Community Concerts

Outstanding Opening Performance

Joerg Demus is a name which will not soon be forgotten by Sherbrooke concert-goers.

The outstanding program presented by this gifted young Viennese pianist at the Granada Theatre last night to usher in the new Community Concert season will stand out as a highlight of this season and many to come.

It was a well-varied program including Bach, Beethoven, Chopin, Brahms and Debussy to mention only some of the selections. And so easily and successfully did Mr. Demus move from one composer to another that it would be difficult to say which master was best served. The pianist possesses a remarkable technique. There was a constant fluidity in his movements no matter how swift or slow they were but more important was his capacity for expressions — the ability to make a composition live for an audience.

Beethoven's Sonata in E flat, Opus 81a, was beautiful. The composition, written for his patron and friend the Archduke Rudolph, commemorated the Archduke's brief absence from Vienna and his subsequent return. From the first soft notes of the Farewell, through the more eloquent phrases, changing into a kind of wistfulness in the second movement, the Absence, and finishing in a joyful burst of energy at the return, the music was pure delight.

A rather unfamiliar selection of Bach, the Capriccio on the Departure of His Beloved Brother, opened the program, and perhaps for that reason (or maybe Mr. Demus was using it as a "warm-up") it lacked the appeal

of the more typical Bach selection that Mr. Demus chose as an encore.

Four compositions by Chopin, Impromptu, Nocturne, Etude and Ballade, were played with all the melodic appreciation and technical mastery which the composer demands.

In the second half of his program Mr. Demus chose three selections from his recorded repertoire, including Schumann's Soaring, an Intermezzo by Brahms and two Impromptus by Schubert, exquisite in their rendition.

The music of Debussy, that

master of "impressionism", concluded Mr. Demus' concert. It is music which paints a picture, recreates a mood and it is music which Mr. Demus feels completely at home with. He showed himself a veritable poet of the piano. Most stirring perhaps was La Cathédrale engloutie, but equally delightful were Reflets dans l'eau, Valse, "La plus que lente" and L'Isle Joyeuse.

The audience was loath to let Mr. Demus go last night and the young artist was generous in his encores, rendering a sprightly polka by Johann Strauss a Chopin Etude and the Bach mentioned previously.

"H.M.S. Pinafore" At Bishop's Tomorrow

The Bishop's University Dramatics Society will open the curtain on its first major production of the year, Gilbert and Sullivan "H.M.S. Pinafore" in Bishop's Memorial Gymnasium tomorrow night. Curtain time is 8:15 p.m.

Dramatics Society President, Tony Vincent, the student mainly responsible for bringing Gilbert and Sullivan to Bishop's stage, says that this production is the biggest ever to be staged at the university. Vincent initiated the Gilbert and Sullivan idea here last year with the staging of "Trial by Jury." Last year's production, says Tony, was an unqualified success. He hopes the operettas will become a tradition at Bishop's and that one operetta out of Gilbert and Sullivan's vast repertoire will be staged each year.

Under the direction of Donald Patriquin, a cast of 60 Bishop's students have been rehearsing since the university session began late last September. John Wood and David Cruickshank are directing the staging and choreography. The entire scene of the production is the quarterdeck of ship in the British Navy.

Act I opens with the sailors happily preparing for an inspection by the First Lord of the Admiralty, Sir Joseph Porter. As the plot unfolds we find that Ralph, a common sailor has fallen in love with the daughter of his commanding officer, Captain Corcoran. The plot is further complicated by Little Buttercup, a buxom peddler woman who falls in love with the captain himself.

The whole action of the operetta revolves around these 5 major characters who become entangled in a web of uncertainty and despair.

Handling the main parts are Squee Gordon as the ship captain and Elaine Clark, his daughter who falls in love with the common sailor played by Brian Stevenson. Other principals include Peter Wilson as the Rt. Honourable Sir Joseph Porter K.C.B. and Bonnie Grant as the woman peddler who falls in love with the ship captain.

The plot is finally disentangled when little Buttercup reveals the deep secret that she nursed Ralph, the common sailor and Captain Corcoran when they were babies. Inadvertently she got them mixed up; so the one who now was Ralph really should be the captain, and the one now the captain should be Ralph. The error is immediately rectified and the 2 pairs of lovers are married.

The production will continue on Friday and Saturday evening.

Rotary Speaker Stresses Developed Safety Plan

The importance of a well-developed safety program to industries, homes and communities was stressed by K. V. Kierstead of the Bell Telephone Company,

Montreal, who was guest speaker at the Sherbrooke Rotary Club last night.

It was the alarming number of accidents occurring in the steel industry a number of years ago which started the safety movement, the speaker said, and resulted eventually in the formation of the National Safety Council.

For economic reasons alone, the accident prevention program would be worth while for industries he said, as the number of workers spared means time and money saved. And greater mechanization today means greater danger from these machines and the necessity of incorporating proper safety precautions.

An effective program must be a joint effort between employees and employers, he added, with a proper understanding of what is expected. And the on-the-job training should be carried over to the home and to community organizations if the maximum effect is to be felt.

The speaker was introduced by Art Hall and thanked by Past President Ernie Gilbey.

Vice-president Lyman Tomkins chaired the meeting and announced that the Youth Committee would be holding its annual distribution of shoes and rubbers to needy children of the district on Nov. 29 and requested volunteers for that occasion.

Head table guests included Mr. Kierstead, Archie Mitchell, Norm Welsh, Ray Charlebois, Ernie Gilbey, Vice-President Lyman Tomkins, Art Hall, Evans Joslin and Howard Moffatt.

Visitors at the meeting were Rotarians Ray Herbert of Rimouski, D. B. Foss of Grand Mere, Edward Cutting of Rockland, Maine and Paul Carriere of Sherbrooke.

Long-Term Solution Needed

The problem of meeting education costs has now reached the point where piecemeal solutions are no longer satisfactory. It is virtually certain that Quebec will authorize an increase in the sales tax in Sherbrooke of one per cent for educational purposes, bringing the total sales tax to six per cent. This will be a serious blow to Sherbrooke merchants and an added burden on the city.

There is no denying, however, that both the Protestant and Roman Catholic school systems need the money. The cost of education has climbed along with everything else and the mounting bills will not end this year.

Sherbrooke, however, has a good case to make for holding off a decision on the sales tax increase for this year. The city, according to unofficial figures compiled recently by one civic organization, has received less than the average level of provincial grants for educational purposes since the war. In 1946, for instance, when the province absorbed all school board debts, Sherbrooke had none to absorb. Until 1952, Sherbrooke school boards

showed a surplus and even in that year, the deficit was smaller proportionately than in other communities, according to these figures. The same has applied since.

In addition, there is a good case to be made for provincial action to make the sales tax uniform throughout the province. Variations in sales tax amount to a form of economic discrimination.

The economic situation may be as tough this year as last in Sherbrooke, with its many industries dependent on markets over which they have little control. This is hardly the year for any action which is going to make it more difficult for Sherbrooke people to get along.

It would seem reasonable for representatives of civic, municipal and educational bodies to get together to discuss a more lasting solution to a problem which is bound to recur year after year. The province should absorb the deficit this year on the understanding that a more satisfactory formula would be worked out for the future, including closer supervision of commission spending if necessary.

Outpost Of Freedom

The Communists have switched their tactics on Berlin from outright demands that the Western powers pull out to a hardly less subtle campaign designed to show that Western occupation of Berlin constitutes a threat to world peace.

The British, Americans and French are strongly committed to defending the West Berlin outpost. Failure to do so would be a serious blow to Chancellor Adenauer's West German government. The fact that the West, for once, did take a strong stand at the time of the Berlin blockade 10 years ago and has renewed its pledge to do so again, may have persuaded the Communists to change their tactics.

The Communists must remember too, that West Germany is not the weakling today it was at the end of the war. West Germany has become one of the strongest nations in Western Europe economically, and is developing its own armed forces again. In any showdown over Berlin, the Communists would have to contend with the Ger-

mans in strength as well as the forces of the Western allies.

The Western powers have already been forced to take another hard look at the policy of non-recognition of East Germany, however. The Soviets want the West to recognize Premier Grotewohl. If they pull out of East Berlin, the East German regime will become responsible for administration of the Communist sector. Recognition of East Germany, tacit or otherwise, would be another blow to Chancellor Adenauer and would lessen the chances of eventual German unification — the goal of most Germans today.

The West is in Berlin by right, however, under the Potsdam agreements. And both the Berliners and the West Germans want us there. The Western sector of Berlin remains an outpost of democratic ideals surrounded by Communism — a fact that must be irritating to the Kremlin. But West Berlin is a symbol of hope for those who want to see a united and free Germany again.

Election Issue

A Catholic In The White House?

By GEORGE KITCHEN

WASHINGTON (CP) — The mid-term congressional election has revived the oft-debated question of whether a Roman Catholic ever could be elected president of the United States.

The issue now is being discussed in political and editorial columns on the basis of the impressive victories scored in the Nov. 4 vote by a number of candidates for congress and state governorships who happened to be Catholics.

The election results are being interpreted by some editorial writers as reflecting a marked decline in bigotry in a land where separation of church and state has been almost a political fetish since the founding days of the American republic.

EMBARRASSING ALLY

(Edmonton Journal)

It would not be surprising if the United States categorized its allies according to their "reliability" in the cold war with communism. Some of the countries of the Western world have powerful Communist parties and, therefore, probably stand low in the scale of reliability. There is one ally, however, that is almost embarrassingly reliable. That ally is Spain.

According to a report from Madrid, the government-controlled Spanish press is now openly contending that the U.S. and its allies fought the wrong people in the Second World War. This theme has been given increasing emphasis of late in connection with events commemorating the part played by the Spanish Blue Division in the last war. It will be recalled that this division was integrated with Hitler's Wehrmacht and fought on the Russian front.

At one time the Spanish press had sought to explain away the Blue Division, saying it was a means of keeping Spain out of war and German troops out of the Iberian peninsula. Nowadays, however, the division is praised fulsomely and is depicted as the vanguard of the fight against communism. A typical recent comment is: "The Blue Division, that glorious unit of volunteers, showed that, as usual we were in the forefront of events. When American boys were fighting in Korea, and the French in Indo-China, they were doing no more than imitating the Blue Division which had indicated clearly who the real enemy was: the Soviet Union." Another suggested the spirit behind the unit was the same as that which drove the "heroes of Oct. 12, 1492, who discovered the new world."

These Spanish claims of precedence could be taken seriously if it were not for the odd omission here and there in their appraisal of recent history. No mention is made for example, of the Hitlerite invasion of such neutral countries as Holland and Belgium, Norway and Poland. According to this appraisal, there was nothing reprehensible about the Nazi regime; concentration camps and genocide are overlooked.

Even today, pain is given only grudging acceptance by many of the Western democracies. In many eyes, Spain is not a respectable state at all. The clasp now appearing in the Spanish press is anything but well calculated to help it to respectability in the Western comity of nations; but, perhaps, with American aid pouring in, Spain is not concerned with respectability. We may have changed our minds about Russia but we haven't changed them about Hitler.

The question has been brought into sharp focus because Senator John Kennedy of Massachusetts, one of the leading candidates for the Democratic presidential nomination in 1960, is a Catholic.

Son of Joseph P. Kennedy, one-time U.S. ambassador to Britain, the 41-year-old senator came within a few delegate votes of winning the party's vice-presidential nomination in 1956. A spectacular re-election win Nov. 4 has boosted his stock for the presidency when Dwight D. Eisenhower leaves the White House two years from now.

Many observers were impressed by the Senate victory scored by Democrat Eugene McCarthy, a Catholic, over a popular, non-Catholic, Senator Edward J. Thye, in a strongly Protestant Minnesota. Democrats who are Catholics also won Senate races in such widely diversified states as Maine, Michigan and Connecticut.

In addition, the governorships of three states which make up key segments in the over-all U.S. political picture — Ohio, Pennsylv-

ania and California — fell to candidates of wide political skill who hold the Catholic faith.

The only standard by which political analysts can attempt to measure the effect of religion on the presidential election is the performance of Al Smith, the cigar-smoking onetime governor of New York who was Democratic nominee for the White House in 1928. The only Catholic ever nominated for the presidency by a major political party, Smith was defeated by Herbert Hoover by a margin of 6,000,000 votes.

But, while there unquestionably was a backdoor campaign against Smith on the grounds of his religious persuasion, it is by no means certain that he lost the presidency for that reason alone. Smith was campaigning in the high-riding 1920s, at a time when the country was enjoying unpar-

alleled prosperity. Times were good, money was free and the first rumbling of the 1929 stock market crash still lay months ahead. Republicans had held the White House since 1920 and there is valid reason to believe the voters were in no mood for a change.

Prohibition also may have played its part. The country still was "dry" and Smith campaigned on a "wet" ticket. He lost heavily in some states which appeared unprepared for a return to freeseale of liquor.

Indicating present-day interest in the question, the Gallup poll reported on the eve of this year's congressional election that its survey showed that 68 per cent of the people would vote for a Catholic if he were nominated by their party.

One great fear harbored by many Americans is that a Catholic president could not, in conscience, decide in favor of his country if he were confronted with an issue involving the interests of both church and state. Some commentators say they cannot conceive of such a problem ever coming before the president.

Matter of FACT

Scientists believe that the so-called "northern lights" (aurora borealis) are caused by electrically charged particles coming from the sun at high speed. When these particles meet the earth's magnetic field, they are turned aside, toward the earth's poles. If the particles then collide with atoms of the earth's upper atmosphere, some of the electrons are removed from them. When these atoms combine again with other electrons, they send out the glowing light of the aurora.

DEATH AND DIALECTICS

(The Washington Post)

Secretary Dulles was quite right to condemn forcefully two ugly facets of Communist behavior. The first—the "promiscuous killing" of civilians on Quemoy by Communist Chinese shells—needs no elaboration. The second—the Soviet rejection of a one-year suspension of nuclear weapons tests pending establishment of a control system—is more qualified and complex, but it also shows the great gulf between Communist prating about peace and the practical efforts necessary to place peace on a more secure basis.

There have been glimmers from certain Soviet representatives that the Kremlin mistrusts Mr. Dulles and would prefer to do business with another Secretary of State. Whether this explains the current Soviet attitude we do not know. In any event, whatever the disagreements with Mr. Dulles—and this newspaper has been among the strongest critics of some of his tactics—there is little or no disagreement among Americans on basic national interests and principles of negotiation. The men in the Kremlin would be deluding themselves to think that by stalling they would get something for nothing.

Program Presented, Prizes Awarded At Coaticook High School Opening

COATICOOK. — The auditorium of the High School was filled to capacity for the annual school opening program. The effectiveness of the recently installed sound system for the stage, with three microphones and speakers at either end of the hall, was quite apparent.

Following the singing of "O Canada," with Mrs. Gordon Patterson at the piano, a word of welcome was given by Principal Philip Lawrence. The program opened with action songs by pupils of Grades 1, 2, 3 and 4, the part of the downman in "The Keeper" being done by Larry Walker.

Public of Grades 1, 2, 3 and 4 pointed in a group of songs and two choral recitations were rendered by Grade 5. Grade 6 rendered a French number and sang and performed the popular "Hula Hoop," with Betty Beerworth, Monique Laperle and Ian Armitage demonstrating how to spin the hoops.

A play entitled, "The Truth Telling Machine," by students of Grades 8 and 9 afforded many laughs as the magical machine revealed the falsehood of many statements made by the characters in the play. A musical comedy, "The Good Old Days," was enjoyed, the pupils of Grade 7 acting and singing the familiar old songs which highlighted the plot.

During intermission the pupils sold poppies on behalf of the Legion.

Grades 10 and 11 were seen in a play, "The Soft Hearted Ghost." Taking part were Robert Beerworth, Irene Cromwell and Michael Tucker as Father, Mother and Junior Ghost. Douglas Murphy, Jane Baskerville, Betty Hauver, Ernest Grenier, Roy Hansford, Janet Johnson, Janice Boisclair, Sylvia Green.

NEW BOARD FACES

Vancouver, Winnipeg, Toronto, Montreal, and possibly Halifax, Edmonton and Calgary. The CBC is the licensee in all of these cities, except Edmonton and Calgary.

A Canadian Press survey shows that a large number of groups are interested or have indicated interest in applying for TV licences in the cities now restricted to the CBC.

The fact that available TV channels—2 to 13—are limited in number will result in some highly competitive bidding.

Here is a rundown of various broadcasting and other groups which have disclosed their intention to apply for TV licences:

Vancouver—New Westminster (two channels available): radio stations CKWX, Vancouver, CKLG, North Vancouver, and CKNW, New Westminster.

Edmonton (three channels available): radio stations CHED and CJCA have expressed interest, and at least two or three other groups are reported interested.

Calgary (three channels available): radio station CFRC.

Winnipeg (three channels available): Red River Television Association, a 16-man syndicate; Parker, Kucher and Associates; and radio stations CKY and CJOE, Winnipeg.

Toronto has seven known prospective applicants for the single available channel there: Joel Aldred of Fifeshire Productions; John Bassett, publisher of the Toronto Telegram, head of the Toronto Broadcast Inc.; Spence Caldwell; Jack Kent Cook, owner of radio station CKEY; Famous Players Corp.; Foster Hewitt, owner of radio station CKFH; and Standard Radio Limited, owners of CFRB.

Montreal (two channels available): French—language radio stations CKAC and CKVL, and English-language stations CFCF and CJAD.

Halifax-Dartmouth (one channel): Franklin-Herschorn Theatres Limited intends to apply for a station in Dartmouth.

Polka-Dot Pig Is Fair Attraction

TORONTO (CP)—Thousands of visitors to the Royal Winter Fair here are taking their first peek at a blue-dotted pig whose breeders think will be around for a long time.

Jack Tweddle, an importer and breeder from Fergus, Ont., says large crowds are showing steady interest in his odd animal, a cross between a Landrace boar and large black English sow.

The blue dots—concentrated mainly on the rump and neck—and disappear as white and the skin becomes as white as any pure white pig, Mr. Tweddle said.

He said colored breeds of pigs are more suitable to outdoor keeping because they can resist sun, cold and skin diseases. The blue-dotted variety, first developed in England, also provides good milking mothers, large litters, hybrid vigor and good livability.

At the fair's premier attraction Tuesday, the five-country international horse jumping, German and American riders dominated top individual placings in a competition over a 12-obstacle 345-yard course.

PERFECT RIDE

Winner was Hugh Wiley of the U.S., riding Nautical, who raced over the course without knocking over a jump in 56.2 seconds.

In the livestock section of the fair, auctioning and judging of cattle classes continued.

Top two Ayrshires sold were females with the highest price going for Ingelwood Maggie, consigned by Robert Gullett of Welland, Ont., and bought for \$1,050 by William Reid of Brampton, Ont. Second highest price of \$1,025 was paid by A. McMillan, Truro, N.S., for Linwood Brenda, offered by S. C. Oland, Bedford, N.S.

Judged senior and grand champion Ayrshire cow was Sunnydale Alice 7th, owned by Donald MacIntyre of Finch, Ont.

Grand champion Jersey cow was Pinnis Blompe Oakland, from the Heaven Hill Farm, Lake Placid, N.Y. Jack Fraser of Concord, Ont., won the grand championship Guernsey cow award with Fraserdale Rex's Henrietta.

In Holstein judging Silvia Pabst Texal, owned by Pickard and Clarke, Carstairs, Alta., was named senior and grand champion.

JM President Opens New Plant In US

ASBESTOS.—(Special)—A. R. Fisher, Chairman and President of Johns-Manville, has officially opened a new J-M factory in South Chicago, Ill.

It is of eight new plants in the company's current expansion program scheduled to be in operation during 1958, the company's 100th anniversary year.

Mr. Fisher pointed out that the construction of the new, multimillion dollar Chicago plant is evidence of the optimism with which Johns-Manville regards the near and long-term future of the United States and the Great Lakes area.

The eighth new plant, in the current J-M expansion program, will be opened in a few weeks at Klamath Falls, Oregon. It is designed for production of insulating board products from the lodgepole pine of the Pacific northwest.

Aggregating some 26 plants and three mines and mills, Johns-Manville production now dot the North American map from northern Ontario and Quebec to New Orleans, and from New Hampshire to Oregon and California.

These facilities produce more than 400 lines of diversified products for homes and industries involving control of heat, cold, sound and motion, and protection against fire, weather and wear. Important raw materials include asbestos, glass, wood and mineral fibers, diatomite and rubber.

Also included in the east are Mrs. Ruth Scott, Mrs. Bobbie Lindsay, Miss Margaret Clarke, Richard Taylor and Donald Rolfe.

Other productions of the dramatic committee have included "George and Margaret," "Night Must Fall," "To Kill a Cat" and "Lord Richard in the Pantry."

The prices commission, nearing the end of public hearings launched last April, has heard 70-odd submissions. On the one hand, these have stressed consumer concern that intermediary food services are getting out of hand, and on the other retailer insistence that such services are necessary and part of a changing social and economic pattern.

Impressive Sermon Armistice Sunday At Cowansville

COWANSVILLE — The sermon theme at the special Remembrance Sunday Service at Emmanuel United Church was Peace or Annihilation. Referring to some of the Biblical Passages that once seemed lurid and fantastic, the minister, Rev. C. J. Gustafson, pointed out that these have become distinct possibilities in our time, and that similar language was being used by men like Bertrand Russell, J.B. Priestly, and many nuclear scientists.

Answering the question asked in 2 Peter 3: 11, "What manner of persons ought ye to be?", it was suggested that we need to place our dependence on spiritual weapons. Mr. Gustafson gave

as examples of "little" faith, the failure to recognize Red China on the one hand, and on the other the Soviet pressure on the writer Pasternak, causing him to refuse the Nobel prize.

Citing the frequency with which the leaders of different countries requested the prayers of the people, the minister suggested three areas which people should remember in their prayers: (1) The Conference for the banning of nuclear armaments. (2) The Prime Minister's attempts to establish a World Food Bank, as well as all projects the food situation of the nations. (3) The technical assistance projects.

The subject of the Children's Talk was "Our Father's World." The anthem by the Senior Choir was "In the Paths of Peace," by Reed. Organ selection by Mr. C. M. Weddell, Mus. Bac., included "Prelude in E flat" by Smart, "Intermezzo" by Bruce Steane, and "Cornelius March" by Mendelssohn.

Social and Personal

Mr. and Mrs. George Merchant and their three children, Joyce, Lynda and Cecil, have returned to their home in Grand Casapedia, after having been the guests for the past ten days of Mr. and Mrs. R. E. Norton, Montreal St.

Miss Julia Vaudry, a bride-to-be of the week, was guest of honor at a linen shower recently at the home of Mrs. V. Hunting in Lennoxville where the hostesses were Mrs. Gerald Blodgett, Miss Sylvia Carson and Miss Bernice MacMillan of the nursing staff of the Sherbrooke Hospital of which Miss Vaudry was a member.

Games were enjoyed during the evening and refreshments were served by the hostesses, assisted by Mrs. Hunting. Mrs. O. C. Vaudry, mother of the bride-to-be, poured coffee from the attractively appointed table centered with a shower cake and toning candles.

Mrs. Harry Evans and daughter Dianne, entertained on Monday evening at their home on Atto St., Lennoxville, in honor of Mrs. Nellie Boisvert, whose marriage takes place the latter part of this month.

The party was a complete surprise to the guest of honor, who was none the less delighted to see her friends and relatives and to receive the gaily decorated basket brimful of useful gifts for the kitchen and pantry. The presentation was made by Mrs. Boisvert's nieces, the Misses Joan and Jean Mappin of North Hatley.

Games were enjoyed by the guests, the lucky winners being Mrs. Albert Boisvert, Mrs. Harold Walker and Miss Joan Mappin.

The lace covered tea table, centred with a cut glass bowl of bronze and yellow mums on a mirror base and matching yellow tapers in silver holders was further enhanced with streamers of yellow and green, carrying out the previously used color scheme. The hostesses were assisted in serving refreshments by Mrs. Conley Osborne, Miss Linda Howes and Miss Janet Gordon.

Engagement

Mr. and Mrs. James French, of Rock Island, announce the engagement of their elder daughter, Joan Margaret, to Mr. Laurence Chapman, of Waterloo, son of Mr. and Mrs. George Chapman. The wedding is arranged to take place in April.

MANNERS MAKE FRIENDS

Don't lean an elbow on the table when you are eating. It is permissible, though, to put an elbow on the table between courses, to more comfortably lean toward your companion across the table.

But while you are eating, sit up straight and tall and bring the food to your mouth, instead of leaning down to meet the food half-way.

Baby's Colds

While Baby's Own Tablets are not a cold remedy, they can be most helpful in clearing little congested bowels of the wastes that often cause fretfulness and feverishness during this period. Sweet-tasting, little tablets, Baby's Own act gently... act promptly to regulate baby's bowels, as thousands and thousands of mothers can testify. So why let constipation add to your baby's discomfort during colds, or at any time? Effective, too, for quick relief of upset stomachs, feverishness, restlessness, colic pains, and other minor troubles due to need of a corrective at teething time. Clinically and time-tested for efficacy and safety. Ask your doctor about Baby's Own Tablets. Get a package today at your druggist.

NEW! BABY'S OWN COUGH SYRUP made especially for babies. Soothing, quickly relieving... pleasant... won't upset digestion.

Dating Is a Two-Way Road; Remember, Courtesy Pays

If he is old enough to date, he is old enough to be made to understand that:

When he takes a girl out in the family car he is actually taking her life in his hands. If he is tempted to show off at the wheel, he is risking not only his own neck but hers, too.

If his parents tell her to be in at a certain time, he is responsible for getting her home on the dot — even if she doesn't press the point.

If he dates her, he shouldn't talk about her in any way that could hurt her reputation.

If he makes a date he has to

keep it, no matter what else comes along that he would rather do.

When he makes a date for eight o'clock he shouldn't be early and he shouldn't be late.

He should be perfectly willing to meet her family and should show her parents such little courtesies as rising when they come into the room, telling them good night when he leaves the house, and so on.

If he expects a girl to look her best when she goes out with him, he should go to the trouble of dressing appropriately, too.

When he asks a girl to go to a movie he ought to give her a chance to express a preference for the movie she would like to see.

When he telephones a girl for a date he should have the courage to come right out and ask for it instead of putting her on the spot with, "What are you doing Saturday night?"

Just because he goes steady with a girl, he shouldn't expect to hang out at her house all the time.

Any boy who is old enough to date is old enough to have some dating manners. But he probably won't — unless his parents have drummed them into him.

Fill The Cookie Jar For Future Festivity

With the holiday season just around the corner, now is the time to think of filling the cookie jar for those unexpected guests who pop in during the holidays. Here are three recipes guaranteed to make your reputation as a hostess.

HONEY SNAPS

(Makes 1½ Dozen)
½ cup honey, ½ cup butter, ½ teaspoon almond flavoring, ½ teaspoon soda, 1¼ cups sifted all-purpose flour.

1. Boil honey and butter together 1 minute. Cool. Add remaining ingredients; mix well. Chill dough 2 to 3 hours.

2. Roll to ¼ inch thickness; cut in variety of shapes; decorate with nuts or peel.

3. Bake in a moderate oven (350F.) 12 to 15 minutes.

COCONUT STACKS

(Makes 1½ Dozen)
2¼ cups desiccated coconut, 1 cup sifted all-purpose flour, 1 cup sugar, 1 tablespoon grated orange rind, ¼ cup softened butter, 1 egg, beaten.

1. Mix together first flour ingredients. Rub butter in well with hands.

2. Add eggs; mix well. Drop onto buttered cookie sheet; peak with spoon.

3. Bake in hot oven (425F.) 10 to 15 minutes.

APRICOT BARS

(Makes 2 Dozen)
2/3 cup dried apricots, ½ cup softened butter, ¼ cup sugar, 1 cup sifted pastry flour, 2 eggs, well beaten, 1 cup brown sugar, 1/3 cup sifted pastry flour, ½ teaspoon baking powder, ¼ teaspoon salt, ½ teaspoon vanilla, ½ cup chopped nuts.

1. Rinse apricots, then cover with water and boil for 10 minutes. Drain, cool and chop.

2. Blend butter, sugar and the 1 cup flour until smooth. Spread on bottom of buttered 8 x 8 x 2 inch cake pan.

3. Bake in a slow oven (325F.) 20 minutes or until lightly browned.

4. Meanwhile, gradually add a grey suit with which she wore a white hat and corsage of red roses. Miss Dorothy McCorkell, as maid of honor for the bride, wore a brown suit with toning feather hat and a corsage of bronze mums.

Mr. George Duncan acted as best man for the groom.

The bride's mother, Mrs. Batchelor, was in a royal blue crepe costume with pink and blue lace trim, a blue velvet hat and wore a corsage of pink carnations.

Mrs. McCorkell, mother of the groom chose a gown of soft blue lace over taffeta, blue feather hat and a corsage of yellow feathered mums.

Following the ceremony, a reception was held at the home of Mr. and Mrs. William McCorkell, where white mums were used to decorate. The bride's table was centered with a two tier wedding cake topped with a miniature bride and groom with vases of red roses on either side.

Mr. and Mrs. McCorkell left for a wedding trip to Seattle, Washington, and on their return will reside in Vancouver.

Vivid Costume Blouses For The Holidays

BY GAILE DUGAS

NEW YORK—(NEA)—A costume blouse is one way to perk up your wardrobe for the holidays without spending a fortune. For there are times when the budget will not stretch to cover a new dress, however much it's coveted.

In keeping with the new softer look of dresses and suits, blouses for holiday wear offer large collars, lace, embroidery, fuller sleeves and beautiful bow trim.

The new blouses are cut from satin, taffeta, crepe, chiffon, jersey and matelasse. Colors are warm and include the vivid blues and greens as well as orange and russet.

Since the intent of these costume blouses is to create a new look in company with skirts already in your wardrobe, they are opulent and glittering. The skirt with which they're worn should be simple, straight and devoid of all trim.

We show two of these costume blouses, both with soft detailing. Cupion and cotton blend (left) in this design with choir boy collar and bow tie. The classic shirt in pure silk crepe (right) takes on a new look with a fringed sash which ties just under the bustline.

IODE FOUNDER

The Imperial Order Daughters of the Empire in Canada was founded in Montreal in 1900 by Mrs. Margaret Murray.

Their Hobby Is Houses—700 Years Old

VANCOUVER (CP)—The Norwegian actress Tore Segelke says she and her manager-husband, Dr. Anton Raabe, enjoy collecting old houses in Norway and moving from one to another.

"We have collected 20 homes, all log cottages ranging from one to six rooms and up to 700 years old," she said.

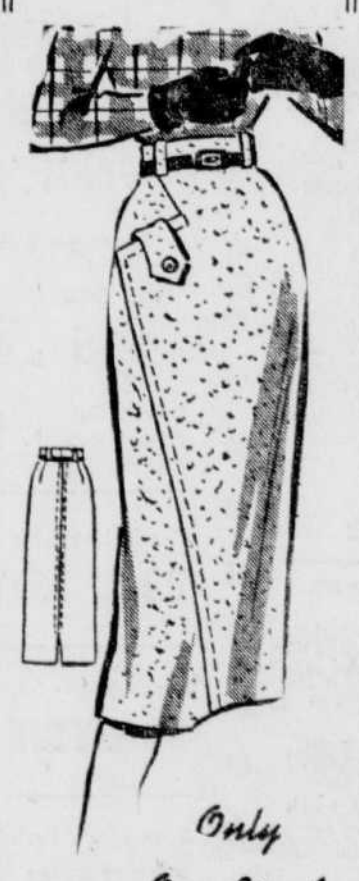

Miss Segelke has been touring North America lecturing on the art of acting and the European theatre.

"American theatres are more business-like and commercial than those in Europe," she said.

"We have the state-supported theatre all over Europe. We can afford to play Shakespeare, Ibsen and Eugene O'Neill much more than in the U.S. In the U.S., play producers have to be sure beforehand of a commercial success."

She recently made her debut on television, and says "I liked it because I was quite alone and could concentrate."

Homemaking

Proper care of children's feet may save adult foot aches and pains. Socks and stockings, after washing, should be at least half an inch longer than the foot.

Laundering eyeglasses is the best way to keep them sparkling clean for looks and better vision. You may use a soft brush to scrub out hinges and decorative carving or metal-work.

Remembrance Banquet, Parade And Cenotaph Service Held At Coaticook

COATICOOK — The annual Remembrance banquet, sponsored by the Canadian Legion branch of Coaticook, was held in the dining room of the Hotel Maurice.

Seated at the head table were Cde. St. Germain, a vice-president of Quebec Provincial Command, from Montreal, Denis Gerin, M.L.A., and Mrs. Gerin, Father Carboneau, padre of the branch and parish priest of St. Jean Evangeliste Church, Rev. N. Tucker of St. Stephen's Church, Cde. Cleo Cote, vice-president of the branch, Cde. I. Whitehouse, master of ceremonies for the evening, Mayor Leger Cameron and Mrs. Cameron, Chief Gerard Groleau and Mrs. Groleau.

Grace was pronounced by Father Carboneau and the toast to departed comrades was proposed by Cde. Jack Brown. Cde. Whitehouse proposed the toast to the Queen. Regrets were expressed that the president, Cde. Gilbert Aulis, was unable to attend the banquet, owing to the illness which has also kept him from branch meetings for the past year.

Best wishes to the branch were expressed by Father Carboneau, Mayor Cameron and Chief Groleau. Mr. Groleau thanked the Auxiliary for its work in providing entertainment for the young people on Saturday afternoons, which had kept the children occupied. He was thanked by Mrs. Bailey speaking for the Auxiliary, and by Cde. Jack Brown.

The chairman of the Poppy Committee, Cde. Ronnie Charland presented gifts to Raymond and Maurice Laperle for selling the most poppies during the street sales campaign.

A round of applause was given to Cde. Arthur Avery, the oldest veteran present and a life member of the branch. Cde. St. Germain brought greetings on behalf of Provincial Command and urged every member to assist in increasing the membership of the Legion.

Mr. Tucker, chaplain of the branch, closed the banquet with the benediction. A social hour and dancing was then enjoyed at the Legion Home.

On Sunday morning members of the branch with veteran non-members, gathered at the Legion Home and paraded to St. Jean Evangeliste Church for the annual church parade. Padre Carboneau welcomed the veterans to the first service he has conducted with the Legion present.

On Sunday afternoon, in spite of the inclement weather, the annual Remembrance service was held at the Cenotaph and wreaths were deposited to honor the war dead. Cde. Whitehouse officiated. Cde. R. Charland was parade Marshal.

Attending the ceremony were members of the 72nd Battery, Baskerville, members of the R.C.A. under Major Leslie R.C.M.P. Detachment, the band from the 72nd Field Regiment, a corner guard of veterans, a color party, a firing party from the Battery and civic and religious leaders.

As customary, the majority of the many wreaths were previously placed on stands on each side of the monument prior to the ceremony and only the Legion, Town Council and a few other large wreaths were deposited during the service.

The Last Post and Reveille were sounded by a bugler, names of the departed comrades were read and a prayer given. The band played "Abide With Me" and "Nearer My God to Thee."

During the march past the salute was taken by Lt. Col. F.L. Armitage, of the 72nd Battery.

The regular monthly meeting of the Stamp Club was held at the Legion Memorial Home and officers were elected as follows:

President, Murray Woodman; vice-president, L. Wilson, of Sherbrooke; secretary-treasurer, Bob Meiss, Sherbrooke; program committee, A. E. Audet, Sherbrooke, and J.N. White, Coaticook; public relations, Ken Jackson, Sherbrooke, and Hubert Grenier, Coaticook.

The next meeting will be held in Sherbrooke on November 20th.

Final arrangements were made for the annual Christmas Sale and tea to be held on November 29. The December meeting will be held jointly with the W.M.S. in the Church Hall.

A remembrance Day service was held at the Church on Sunday morning. Mr. Joyney took as his subject, "What is the value of Remembrance?" The choir rendered the anthem, "Lead-On O King Eternal."

Beavers And Meteors Battle To 2-2 Tie; Canadiens Edge Rockets 4-3

Nick Mickoski Comes Up With Sterling Performance For Detroit As Red Wings Run Over Boston; Wilson Gets Three

Nicholas Mickoski is a long-time hockey player from Winnipeg whose personal data in the record book would indicate he's somewhere on the other side of the hill, downbound.

But you can't always go by what you read in books—as witness what happened Tuesday night at the Detroit Olympia.

Nick was a busy man for a couple of hours or so in a National Hockey League game between the third-place Red Wings, by whom Nick is employed, and the second-place Boston Bruins. By virtue of what Nick did with his two hours, the Bruins wound up the evening sharing second place with Detroit — only two points back of leading Montreal Canadiens.

Mickoski, whose 43-point season for the New York Rangers and the Chicago Black Hawks in 1954-55 was the best he has ever had, fired one goal and assisted on four others in Detroit's 6-0 shut-out of the Bruins.

His five points in a single regular schedule game compare with the six — three goals and three assists — picked up by Montreal's Henri Richard in a home-game against the Toronto Maple Leafs Oct. 7, 1957.

And Mickoski's performance

was an exact match for the one goal and four assists registered by fellow Red Wing Johnny Wilson March 16 this year in a game at Boston which Detroit won 6-3.

Wilson is still around. He scored three goals Tuesday night while Mickoski was busy setting them up.

Johnny made it 1-0 for the Red Wings at 14 minutes of the first period, Mickoski and Charlie Burns assisting. Then he made it 2-0 at eight minutes-odd of the second period, Mickoski and Pete Goegan assisting. Then he made it 3-0 with 38 seconds to go in the second period, Mickoski assisting.

Wilson took a rest and Nick put one in the net to make it 4-0. Burns helped him do it. Then they gave Burns a turn and Mickoski, not one to forget a favor, assisted.

The sixth goal was scored by Jack McIntyre.

It was a great night for Terry Sawchuk, too. He made 26 saves, those in the latter stages of the spectacular kind as Boston stormed his net. Don Simmons blocked 22.

Tonight, Toronto Maple Leafs are at New York against the Rangers, and the Bruins are at Chicago to take on Black Hawks.

Dave Gatherum Shines As Packers And Moscow Wings Battle To 1-1 Tie In Third Fixture Of Tour

MOSCOW (CP) — In a brilliant battle of goalies, Canada's Dave Gatherum outshone Evgeni Erkin of Russia Tuesday night although the result was a hard-earned 1-1 tie for Kelowna Packers against a Soviet side that never said die.

It was clearly the nimble footwork of the 25-year-old Gatherum, from Fort William, Ont., that kept the Moscow Wings of the Soviet Union, as this particular team is known, from piling up a higher score.

The Russians were losing 1-0 with less than nine minutes left despite the fact they had outplayed the Canadians most of the

way, and it seemed Kelowna would make up for a 4-3 loss to another Russian team Sunday night.

CHEERS AND JEERS

It was a madhouse as the crowd of 12,000 in the Lenin Sports Palace cheered, jeered and shouted for the Russians to do it again.

Tom Stecky, who got a goal Sunday, put Canada ahead at 3:18 of the second period. The smaller but faster Russians came back with the equalizer at 11:06 of the third period on a goal by Vladimir Grebennikov.

Stecky's goal, on an assist from Greg Jablonski, caught Erkin off guard as the crowd whistled disapproval. But the Russian's checked the Canadians every inch of the way and their passing and teamwork were superior.

FANS LIKE GATHERUM

Gatherum was the star of the game despite an early injury and the favorite with the crowd.

After five minutes of the first period he was struck on the head by a flying puck and almost knocked unconscious. The crowd cheered as he picked himself up to turn in a glittering performance.

Six penalties were called and the Canadians took five of them, including two to Russ Kowalechuk for slashing. Russian Nikolai Karposh was sent off for roughing along with Kelowna's Jim Middleton in the wild final minutes of play.

Kelowna plays another Russian team tonight in the third game of its five-game Soviet tour.

STICK-SWINGING ACT — Gilles Dube, left, and M. Malone, number four, are caught in the middle of a stick-swinging episode last night at the Arena. Chatham Wants Player Suspended For Hitting Coach

CHATHAM, Ont. (CP) — The Canadian Amateur Hockey Association has been asked to suspend Chatham Maroon forward John Bailey for life following his attack on the team's playing coach, Johnny Horeck, during Monday night's OHA - NOHA senior A game against Sault Ste. Marie.

Horeck said Tuesday he phoned George Dudley, CAHA secretary-manager asking that Bailey be suspended from all hockey in Chatham," Horeck said.

Bailey's attack occurred during the second period of the game, won 3-0 by Chatham. Prodded by Horeck to backcheck, Bailey was said to have used profane language on the ice.

When he returned to the bench, Horeck told him to stop using obscene language or go to the dressing room. Bailey was said to have replied "I will" and started throwing punches as he passed Horeck.

Stan Musial To Be In Left Field, Next Year-Hemus

ST. LOUIS (AP) — Stan Musial's play in Japan has convinced St. Louis manager Solly Hemus that the seven-time batting champion will be his starting left fielder next year.

"He's not in the grave yet," Hemus said of Musial who'll be 38 next week. Stan is normally a first baseman although he's played the outfield before.

Solly and the St. Louis Cardinals returned Tuesday from a triumphant tour of Japan, where the Cards lost only twice in 16 games.

"Musial doesn't have the strongest arm in the league," Hemus told a press luncheon, "but he gets the ball away quickly."

Paddy Colovito Figures Yvon Durelle Has Better-Than-Even Chance With Archie Moore In World Title Match

MONCTON (CP) — Paddy Colovito of New York, a veteran of 30 years in the fight game, figures fighting fisherman Yvon Durelle has a better-than-even chance to capture the world light-heavyweight title when he meets champion Archie Moore in Montreal Dec. 10.

Colovito, here to help whip Durelle into fighting shape, said the Baie Ste. Anne, N.B., scrapper will have to be careful in the first five rounds but after that "you can bet all the tea in China that Durelle will be in the driver's seat."

"Moore will be very dangerous at the start. His constitution will tell him to fire the works right off the bat and Durelle is a slow starter, and Moore knows it."

TIRES AFTER SEVEN

"But I talked to Willi Besmanoff, the German heavyweight who fought Moore... and he said that Moore had no more staying power after seven."

Durelle's manager Chris Shaban shares Colovito's opinion.

"I'll be worried sick for the first part of the fight. Moore will no doubt be shooting his best punches then."

"We're counting a lot on Yvon's second wind and his murderous body attack. I'm not letting out any secrets because I'm sure Moore knows what he's up against."

Durelle, Canadian and British Empire light-heavyweight champ and ranked third in world ratings, is approaching peak form.

"I'm not really ready yet," he said, "I feel good and strong but I need to sharpen up some more."

Looking lean and fit, Durelle tipped the scales at 176 after a

Cappozzi Offers Empire Stadium For Third Tilt

VANCOUVER (CP) — Empire Stadium has been offered as a site for the second game of the best-of-three Western Interprovincial Football Union final series if weather conditions make it impossible to hold the game at Winnipeg tonight as scheduled.

Herb Cappozzi, general manager of the British Columbia Lions of the WIFU, said Tuesday he had made the offer in telegrams sent to football commissioner Sydney Halter of Winnipeg, Edmonton Eskimos and Winnipeg Blue Bombers.

The Bombers defeated Eskimos 30-7 in the first game at Edmonton Saturday. The second game is set for Winnipeg. However, a fierce blizzard has dumped more than 16 inches of snow on the city.

Jones Turns Down Kramer's Offer To Quit As Aid

SYDNEY, Australia (AP) — U.S. Davis Cup team captain Perry Jones today turned down Jack Kramer's offer to quit as team coach because of his squabble with the Lawn Tennis Association of Australia.

Kramer said he did not want to embarrass Jones in his dealings with the LTAA, which has banned Kramer's professional troupe from courts under its jurisdiction.

Jones said he couldn't see any reason why Kramer's run-in with the LTAA would make any difference to his position as chief coach of the team.

Bob Bedard Pots Both Goals For Dube Squad In Hard-Hitting Tilt; Goalies Outstanding In Fast Duel

Sherbrooke Beavers and Asbestos Meteors share first place in the Eastern Townships Intermediate Hockey League today after battling to a 2-2 stalemate last night at the local Arena before 1,068 fans. In the other tilt at Victoriaville the Canadiens of Red Goupille pulled out with a 4-3 win over the Drummondville Rockets.

The local fixture was a wide-open affair with both teams giving a wonderful display of good passing and close checking hockey. A pair of Claudes, Bergeron and Senecal, were the outstanding men on the ice as time after time they were forced to extend themselves in keeping their citadels clear during the hotly-contested battle.

It was the first time these two teams met since they clashed in the league finals last year with the Dube coached Beavers coming out on top. Last night's tilt was a hard checking affair, especially in the first period, but after that they cooled off and tended to their business.

Bob Bedard was the big gun for the Beavers with his two-goal effort while Albert Moore and Richard Champagne accounted for the Meteors' two tallies. The Meteors' shifty winger, Moore, opened the scoring in the first period following a parade to the cooler with R. Cote sitting out an interference penalty.

In the middle session Bob Bedard assumed command for the Beavers when he let go with a hard drive from his wing to even the count and then later he teamed up with Normie Dussault and Frankie Reid to put the locals out in front 2-1. This held up until the third frame when Champagne came through with the equalizer to send the tilt into overtime.

Play kept moving from one end to the other with each club missing wonderful opportunities. The goalies were on their toes and it was their spectacular playing which held the score down.

In the overtime M. Malone, Asbestos' hard-charging defenseman, was handed a tripping penalty and was tagged with a misconduct when he used abusive language at the referee and this almost proved costly to the Asbestos crew. Sherbrooke buzzed all around but Bergeron held up well under the pressure until it squared off.

A little later Real Rousseau was handed a misconduct when he accepted his stick from a spectator after it had slipped into the crowd. This brought protests from Sherbrooke and boos from the crowd but the referee was right in his call and it stuck.

In the last minute of play Bob Leger was tagged with a holding penalty but again Bergeron and company held the fort until the final gong. The game was crowd pleasing affair as both teams were

trying hard for a win.

CANADIENS EDGE ROCKETS

Cliff "Red" Goupille guided his Victoriaville squad to a close 4-3 win over the Drummondville club in a hard fought battle in Victoriaville. It was the first home game for the Canadiens and they upset the high-flying Rockets.

Jack Illick, Claude Boivin and Claude Aubry potted the goals for the Rockets while J. M. Bergeron, Hamelin, Lambert and Michelin did the scoring for the home club. At the end of the first period it was deadlocked at 1-1.

The middle session saw the home club jump to the fore with two goals for a 3-1 lead but Boivin potted one before the end of the period. The final stanza saw Michelin get what proved to be the winning tally right from the faceoff. The Rockets kept driving and when Allard drew a penalty Illick and Aubry broke away to catch the Canadiens flat-footed for the last goal of the evening.

St. Francis Xavier University Holds Final Workout In Preparation For Canadian Final Against Fort William

ANTIGONISH, N. S. (CP) — St. Francis Xavier University holds final workouts here today in preparation for the Canadian intermediate football final against Fort William Redskins at the Lakehead city Sunday.

Despite a bruising exchange with Montreal Lakeshore Alouettes in the eastern final at Saturday, coach Don Loney says he'll have a sound squad for the championships.

Fullback Ernie Foshay was the only casualty in the Alouette game but is expected to see service against Redskins.

Star linebacker Danny Nee will be the only regular missing from the St. FX lineup. A dislocated shoulder in the Nov. 11 Maritime final here against Saint John Wanderers put him out of action for the remainder of the season.

A SQUEAKER

Loney and the collegians still have palpitating memories of the 27-26 triumph over the Alouettes last Saturday and expect no easy passage in Fort William.

"I understand the Fort William roster is practically the same as last year when Shearwater Flyers beat them," Loney said Tuesday.

"If that's the case, I don't expect them to be as tough physically as the Alouettes but they'll be a better match for us in speed and spirit."

Loney, who starred as a centre with Ottawa Rough Riders of the Big Four, credits fleet-footedness, school spirit and a much improved defence for the Xaverians' six straight league games without a loss. They followed up with a 71-0 shelling of the Wanderers for the maritime title.

except for their narrow 21-20 win over last year's Canadian champion Shearwater Flyers during the Nova Scotia League schedule, the Montreal game was their toughest proposition.

SAME TACTICS

Loney credits no change in coaching tactics for the college team's resurgence this year.

"We've got fundamentally the same offensive game going but I think the addition of stronger defensive players has given our backfield a chance for more rest."

The X-Men rate as one of the biggest, fastest teams ever gathered in the Maritimes with a forward wall averaging 190 pounds

Cold And Snow Faces Bombers And Eskimos Tonight At Winnipeg Stadium

16 Inches Fall On Field When Fierce Blizzard Hits City; Game Must Be Played, Says Commissioner Halter

WINNIPEG — (CP) — The West's representative in the Grey Cup classic could be decided here tonight when Winnipeg Blue Bombers and Edmonton Eskimos meet in the second game of the Western Interprovincial Football Union final series.

Bombers take the field at 8 p.m. CST 9 p.m. EST with one victory already achieved in the best-of-three series. Eskimos must bounce back from a 30-7 defeat last Saturday to stay alive.

Speculation that the game might be postponed was stirred Tuesday when a fierce blizzard dumped more than 14 inches of snow on Winnipeg. However, football commissioner Sydney Halter said the game must go on.

SICK BY SCHEDULE

"The game has to be played and that's all there is to it. I can't help it if the weather has an ill effect on the expected attendance. We have a schedule to keep and we must stick by it."

The field was covered by a tarpaulin estimated to be carrying 400 tons of snow. Hard turf underneath was reported in good condition.

However, practice fields had no such protection. Neither Bombers nor Eskimos, who arrived here by plane late Tuesday, were able to hold last-minute workouts.

The weather at game time is expected to be cloudy with the possibility of snowflurries, 15-mile-an-hour winds and a temperature of 15 to 20 degrees.

If Eskimos win tonight the third game is scheduled here Saturday. The western champion goes against either Hamilton Tiger-

Cats or Ottawa Rough Riders in the Grey Cup at Vancouver Saturday, Nov. 29.

NURSE INJURIES

The main question appeared to be how close the teams would be to full strength tonight. Ace halfback Leo Lewis of the Bombers is nursing a toe injury and fullback Charlie Shepard may be restricted to punting by a hip injury.

Import halfback Ralph Pfeiffer is expected to be back with Eskimos. He missed the first game because of the death of his father. Edmonton's other first-string halfback, Don Flynn, is suffering from a rib injury.

Coach Sam Lyle of Eskimos has not tipped his hand on where he will play Jackie Parker, who can go at half or quarter. If Parker plays halfback Canadian Don Getty will be the quarterback.

Red Schoendienst, Braves' Star Second Baseman, Knocked Out Of Major League By Tuberculosis

ST. LOUIS (AP)—Red Schoendienst, Milwaukee Braves' veteran second baseman, has been knocked out of major league baseball by tuberculosis.

Doctors said Tuesday night the star second baseman probably will not be able to play next year. They are optimistic about a full recovery.

Schoendienst's wife, Mary, said Red is "in very good spirits and determined to play again."

Dr. Ray Martin, his physician, said: "He's a sick man and needs bed rest." He made no prediction on how long it would take Schoendienst to recuperate other than saying he probably would not play next year.

EXPECT HIM BACK

Milwaukee manager Fred Haney and general manager John Quinn praised Schoendienst's competitive spirit and predicted he would make a fighting comeback when able to play again.

The 35-year-old Schoendienst, in the majors 13 years, led the Braves to their 1957 world championship. He was bothered virtually all last season with a chest cold which developed into pleurisy. He also injured a rib and broke a finger. As a result he batted only .262.

In spite of the rundown condition, Red cast off fatigue and played a splendid 1958 world series, batting .300 and fielding well.

West Germany Knocks England Out Of Soccer

GELSENKIRCHEN, Germany — (AP)—West Germany's champion Schalke soccer team Tuesday defeated Wolverhampton Wanderers 2-1, eliminating England's hopes for the European Cup soccer competition. Schalke advanced into the quarter-finals.

It was the second encounter between the two championship teams. The first match, in Wolverhampton last Wednesday, ended in a 2-2 tie.

Tad Michel Quits As Director Of Olympic Village

DENVER (AP)—Tad Michel, 32, of San Francisco announced here Tuesday he has resigned as director of Olympic village for the 1960 winter games at Squaw Valley, Calif.

Michel said the winter Olympics, scheduled to open Feb. 18, 1960, are "headed for trouble" because of what he called lack of preparation and organized planning.

He is the third U.S. Olympics official to resign. The others were Alan Bartholemey, technical director, and Roger Thompson, assistant public relations director.

In San Francisco, Robert L. King, executive director of the 1960 Games, said Michel's resignation followed refusal of organizers to accept an ultimatum including a demand for a wage boost.

Bag Deer But Lose To Thiefs

MONTREAL (AP)—Roger Malo and his brother-in-law Gerard Lalonde bagged a deer last week after days of fruitless hunting.

But their neighbors and friends won't believe them.

The two hunters arrived triumphantly at their Montreal home Monday with the deer slung over the car.

They ran indoors to tell their friends. When they came out 10 minutes later, the deer had been stolen.

Coach Jim Trimble Rates This Year's Edition Of Tiger-Cats 25 Per Cent Stronger; Favored Over Rough Riders

HAMILTON (CP)—This may not be news to Ottawa Rough Riders but coach Jim Trimble of Hamilton Tiger-Cats rates his team as 25 per cent stronger than the 1957 edition which won the Grey Cup.

Where's the improvement?

"It's in our over-all strength," Trimble says. "Particularly in the improvement of three Canadian ball players—Ron Howell, Tommy Grant and Harry Lampman."

Ticats carry a 28-point advantage into the second game of the Big Four Football Union's two-game, total-point final series with Ottawa here Saturday.

Ticats beat the Rough Riders 35-7 in Ottawa last Saturday and are favored to go into the Grey Cup classic at Vancouver Nov. 29 against either Winnipeg Blue Bombers or Edmonton Eskimos.

SCOUTS WESTERN FINAL
Bombers and Eskimos play the second game of their best-of-three series tonight in Winnipeg and Trimble plans to scout the game.

He said Tuesday he travelled to Winnipeg Sept. 29 to watch Bombers wallop Edmonton 43-13. He went incognito, using the name "Deacon," and sat in the bleachers.

Trimble, expanding on his theme of the improvement of his team since 1957, said:

"We seldom threw to Gerry McDougall last year. This year

Royals Extend Lead In Quebec Loop With 4-1 Win Over Quebec Aces As Lions Edge Chics 4-3 In Overtime

Montreal Royals grabbed a three-point edge in the Quebec Hockey League standings Tuesday night, dumping Quebec Aces 4-1. The win gave Royals 19 points to second-place Aces 16.

Trois-Rivieres Lions moved in on Aces, meanwhile, taking an overtime decision from the hapless Chicoutimi Saguenens. Lions now have 15 points, although Quebec has two games in hand.

Gilles Thibault sped in from his wing position to rap in Glen Sleaver's rebound at :34 of the first overtime period at Trois-Rivieres to win for the Lions.

Also scoring for Lions were Bob Duncan, Gerry Desautels and Stan McCord. Stan Smrke scored two for last-place Chicoutimi, playing their first game under defenceman-coach Gerry Glaude. Greig Hicks got the other.

In Montreal, the Royals had a comparatively easy time after 35 minutes of light, close-checking hockey. Jacques Desautels opened the scoring at 15:57 of the

"Have skis will travel" is a production of Warren Miller and Company and shows the world champions in action at all top ski resorts in the world. A fifteen-minute film entitled "Anyone for Skiing" gives a resume of skiing in France, Alaska and shows the famous Kandahar run where the top events are held.

Get-Together Club Holds Meeting And Coin, Stamp Clubs Unite At Theftford

THEFTFORD MINES. — A rousing game of "Beetle" featured the entertainment at the meeting of the Theftford Mines United Church Get-Together-Club, in charge of the Kennedy group.

President John Mossop opened the meeting and the minutes were read by the secretary, Mrs. Lorne Taylor. Treasurer U. A. Vaudry gave his report, showing the financial status of the group to be a healthy one. Two dollars will be paid out to each group in charge of a meeting, to be used as deemed necessary in preparing for the meeting.

Don Hodapp reported that the bowling attendance was increasing each week with a turn-out high of 22. Teams had been made up and group leaders will be given the lists to distribute.

The president reported on the visit to Sherbrooke when 16 Theftford Mines members shared an evening of food, fun and fellowship with Plymouth United Church Double or Nothing Club. It is hoped that joint meetings will become a yearly custom with Sherbrooke invited to Theftford Mines for the next occasion.

Charlie Smith introduced two new members, Joanne and John Rodenhuis, who were welcomed by the president.

After the business session the meeting was turned over to the Kennedy group. The devotional was conducted by Mrs. Harry Eden, and opened with a prayer by Rev. Lyall Simpson. Mrs. David Scott sang a solo, How Love-ly Are Thy Dwelling Places, accompanied by Mrs. Dick Hall. It being the group's last opportunity to hear Mrs. Scott sing for some time, since she and her family are moving shortly to Shelter Bay, the pleasure of the moment was not unshared with regret. Mrs. Harry Eden gave a talk on Christian Witness, and the devotional was closed by Mr. Simpson with prayer.

Winners of the "Beetle Drive" arranged by Mrs. Harry Eden were Charlie Smith and Mrs. K. Little with high scores, and Mrs. D. Hodapp and Dave Scott with low scores.

Refreshments brought the evening to a close. Those who planned the meeting included Mr. and Mrs. Pat Kennedy, Rev. Lyall Simpson, Henry Robinson, Frank

Brayton, Mrs. E. Whitham, Mrs. N. Bradley, Mrs. Harry Eden, Miss Dorothy Daigneau and Bill Callan.

The next meeting, on December 8, will be in charge of the Smith group including Mr. and Mrs. Charlie Smith, U. A. Vaudry, Norman Bradley, Ed Whitham, Mrs. Oliver Morrison, John Rodenhuis and Mrs. Lorne Taylor.

COIN AND STAMP CLUB
This club started out last spring as a numismatist's club only, but joined forces with the philatelists in this region and are now known as the Theftford Coin and Stamp Club with Paul Bernard, the president, and Roland Dostie, vice-president, in charge of the philately. The club consists of some 20 coin collectors and some 10 stamp collectors.

At its recent meeting the club had as its first visitors, E. Echenberg, president and founder of the Sherbrooke Coin Club, and H. Smith, its secretary, both from Sherbrooke.

During the course of the evening a coin collection was shown while general advice was given on stamp collecting.

The Theftford Coin and Stamp Club meets the first Monday of each month, at 8 p.m., at the College de la Salle, in the 12th year classroom. Anyone interested in numismatics or philately is most welcome. The next meeting will be Monday, December 1.

"SHERBROOKE is changing"

says
JEAN-LOUIS DUPUIS

O'KEEFE AGENT, SHERBROOKE

"Yes, there have been a lot of changes in Sherbrooke, it's a growing, prosperous city!

Another noticeable change here is the big "switch" to O'Keefe Ale.

Seems more people are enjoying it everywhere you go. Take it

from me... you should try it! There's a reason for this growing

O'Keefe Ale popularity in Sherbrooke and throughout Quebec.

The reason is mildness!

Ever bitten into a grape seed? It's bitter, unpleasant. Grape growers found by experiment that they could develop seedless grapes — with nothing to spoil the delicate flavour.

Ordinary hops contain seeds which give an unpleasant bitterness to ale. But O'Keefe master brewers insist on costlier "Seedless Hops". There's no unpleasant bitterness, just the right mild flavour.

Drink **O'Keefe** The Mild Ale!
