LIFTING OF SANCTIONS LEADS TO SEARCH FOR NEW SECURITY PLAN

Believed League Council Will Leave Question of Lifting Sanctions to Individual States, at Same Time Passing Resolution Condemning All Acquisition of Territory by Force—Further Representation of Ethiopia at Assembly Held Unnecessary—Franco-German Difficulties May Also Receive Attention Today.

Geneva, June 26.—Delegates confronted with the end of sanctions against Italy began a new search for collective security in the League of Nations Council today.

Groups of diplomatic representatives expected two decisions to emerge from the session:

Suspension of economic and financial penalties against Italy, condemned by the Council as the "aggressor" in East Africa.

Refusal to recognize officially Italian annexation of Ethiopia, accomplished after the occupation of Addis Ababa by the Fascist military forces.

The spirit through the League's new palace contrasted sharply with the attitude of last October when fifty nations approved application of sanctions.

Then, after the "condemnation" of the invasion in East Africa, the League imposed for the first time its "punitive" measures designed to compel a member-state to abide by the decision of the whole. Today those same delegates acknowledged the failure of sanctions.

League circles said the Council will facilitate the sanctions question by referring it to a committee for study. This programme would leave abandonment of the penalties to separate League states and would bring before the Assembly only the adoption of a resolution condemning in general terms—without mentioning Italy—all acquisition of territory by force.

A special committee of jurists would then report to the Assembly, it was suggested, that independent Ethiopia no longer exists and therefore does not need representation at the September session of the League.

British and French diplomats arrived with an agreement on the "principle problems" to come before the Council after a meeting between Anthony Eden, British Foreign Secretary, and Premier Leon Blum in Paris.

Other delegates recessed a meeting of an International Dardanelles Conference at Montreux to attend today's meeting.

Primarily, the Council will formulate recommendations to be presented to the League Assembly, called to meet in Geneva Tuesday.

Behind the Italian-Ethiopian controversy, the Council may review German denunciation of the Locarno Treaty and re-occupation of the Rhineland. A report on slavery, in Ethiopia and elsewhere, and transfer of 25,000 Assyrian Christians from Iraq to Syria were also on the agenda.

BRITISH PRESS DIVIDED OVER MINISTER'S SPEECH

London, June 26.—Newspaper comment today reflected differing viewpoints on the speech of Alfred Duff Cooper, Secretary for War, in Paris on Wednesday night.

Duff Cooper reiterated Prime Minister Baldwin's declaration that Britain's frontier is on the Rhine and pleaded for close Anglo-French co-operation as vital to both countries.

The News-Chronicle, Liberal, said: "A considerable number of the Government M.P.'s take this view, but even they were disturbed that a British War Minister of all ministers should announce a new foreign policy in Paris at all capitals at this time," the newspaper said.

Duff Cooper's speech represents the policy of the Cabinet, they were saying, or does it represent merely his own personal views?

The Morning Post, right wing Conservative, took note of the possibilities of close Anglo-French co-operation, saying: "Here is an adumbration of the policy which if resolutely followed up would dispel many fears, alike for the future of peace and for the security of our nation. It is a policy which, once properly demonstrated by the Government, would be made to convince, before long enjoy the wholehearted support of the great majority of people."

The Times said statements on foreign policy coming from others than the Prime Minister and Foreign Secretary might cause misunderstanding.

"It is all too easy for other Cabinet members to forget how personal pronouncements which are intrinsically innocuous and to which they would themselves attach no official importance can be seized by their occasion and be made to suffer a construction wholly contradictory to the considered statement of British policy."

The Times did not mention the Secretary for War by name.

YOUNG GENEVA FASCIST MASQUERADES AS SELASSIE

Geneva, June 26.—A young Geneva Fascist masqueraded as Emperor Haile Selassie today in a public ceremony.

Dressed and made up as the Negus, he deposited a wreath of flowers on the foot of a monument, Police later discovered "the Emperor" was a member of the Young Geneva Fascists.

Later the youth disappeared after he made his hoax complete by motor to the League of Nations palace where he received the salutes of the police guard, leaving himself and officials of the League utterly bewildered.

DENIES BALDWIN WAS MISLED CONCERNING GERMAN REARMAMENT

Newcastle, England, June 26.—Lord Londonderry, former Minister for Air, in a speech at Newcastle last night said he was surprised at Prime Minister Baldwin's allegation of having been misled concerning Germany's rearmament.

Lord Londonderry said: "Mr. Baldwin was never misled. He continually was being told by me, not only of the German rearmament in the air, but of the approximate rate of that rearmament."

Mr. Baldwin's allegation was made in the House of Commons.

GOVIN RETAINS LEADERSHIP OF REBEL FORCES

Lieutenant of Action Libérale Nationale Chieftain Announces Govin Will Continue in Election Race—Godbout to Retain Agricultural Portfolio.

Quebec, June 26.—Premier Adolphe Godbout's cabinet is to be announced tomorrow, but it was common knowledge today that the Premier will again be Quebec's Agricultural Minister.

He held that portfolio under former Premier Taschereau and yesterday announced he would retain it. He said also the cabinet would contain several new faces and would be one which "would inspire confidence in the whole of the population of Quebec."

Premier Godbout was to have announced the cabinet slate yesterday, but he said he thought Saturday would be a better day because all the ministers would be in Quebec then and could be sworn in immediately.

The Premier said he would confer with his ministers during the week-end regarding the election campaign and the changing of the election date from Saturday, August 15.

Many have held this date is unsatisfactory in that it would disfranchise Jewish voters and interfere with Jewish of produce by farmers.

Meantime the status of Paul Gouin, leader of the Action Libérale Nationale, insurgent Liberal group, was somewhat cleared after a party caucus in Montreal.

One of Mr. Gouin's political lieutenants, who preferred not to have his name mentioned, said the A.L.N. leader would remain in the election race despite reports to the contrary. He said also the A.L.N. would be a distinct third party in the contest and would "place candidates in as many of the province's ninety provincial seats as we see fit."

Caribou, Me., June 26.—Married since thirteen minutes past midnight today, Clarence Chamberlin and the former Louise Ashby prepared the trans-Atlantic flier's first meal.

Chamberlin, and his attractive twenty-nine-year-old second wife they would fly directly to New York today, and would proceed to St. Louis, Mo., tomorrow.

C. W. L. CLOSING CONVENTION AT REGINA TODAY

Knights of Columbus Leader Tells Delegates to Catholic Women's League that Spiritual Needs Should Be Placed Before Physical Needs.

Moose Jaw, Sask., June 26.—Delegates to the sixteenth annual convention of the Catholic Women's League of Canada will close their sessions today in Regina following an evening spent here as guests of the Moose Jaw sub-division.

More than two hundred delegates came here for the banquet in their honor last night and Mrs. J. Coffey of Montreal, National President, occupied the chair.

A. M. McGillivray of Saskatoon, State Deputy of the Knights of Columbus, Saskatchewan section, spoke of the aid the League could give towards the aims and ambitions of his organization and the Catholic Church generally.

He praised the notable contribution made by women to the needs of the world. Physical needs were being placed before spiritual needs, he said, and he urged reversal of this order.

He declared Communism was growing and that anarchism would follow inevitably should Communism become the ruling power in the world. In France and Russia, Communism had made headway largely through misunderstanding.

VOLUNTARY LOAN COUNCILS URGED TO CONTROL PROVINCIAL FINANCE

Balked in Attempt to Establish Loan Councils by Constitutional Change, Dominion Government Proposes Voluntary Consultative Body to Co-ordinate Borrowings by Government—Would Also Exercise Control Over Taxation with Idea of Preventing Overlapping and Duplicate Taxation.

Ottawa, June 26.—The Government, balked in its attempt to establish by constitutional change of Loan-Council system of provincial borrowing, today was prepared to attempt promotion by voluntary means by closer Dominion-provincial collaboration in financial affairs.

In the midst of preparations for his departure for Europe, Finance Minister Dunning announced late yesterday the administration's intention of promoting a national committee on financial questions to be established "on a purely voluntary basis" and composed of Dominion and provincial representatives.

Mr. Dunning suggested a long list of questions which might be discussed by such a committee and remarked it was hoped to accomplish through it part of the programme halted when the Senate refused to petition a joint parliamentary committee to the British North America Act legalizing loan councils and an advisory national finance council.

The Loan Council would have had supervisory powers over Dominion and provincial borrowings and provinces wishing to participate would have been required to undertake to obtain the Council's approval before issuing loans.

Mr. Dunning said communications had been sent to the provincial Governments informing them of the administration's intention and asking them for suggestions regarding constitution of the new committee.

He said he believed the committee might discuss such questions as the methods to obtain greater co-operation and co-ordination in financial policies of the Dominion and provinces; elimination of some of "evils of multiple taxation"; better and more uniform methods of government accounting; methods of obtaining "more equitable, better balanced and more elastic tax systems."

He recalled "much good through interchange of experience and of information" had resulted from meetings of the committee on financial questions appointed at the Dominion-provincial conference last December and said all provinces expressed the wish some such permanent body could be formed.

He said it was hoped the committee would be provided with suitable secretarial help and that it would hold regular meetings twice a year.

He said the committee will do its work in the raising of public funds by borrowing, including the form and timing of public issues, the establishment and management of sinking funds and the condition in any investment market in which the Dominion or any province may have occasion to borrow.

This, it was believed, is more or less what the Loan-Council would have effected, with the exception the decisions of the Loan Council would have been arbitrary while decisions reached by the committee will be opinion which may or may not be followed by any of the participating provinces.

CANADA UNITES IN TRIBUTE TO FORMER LEADER

Sir Robert Borden, Prime Minister During Great War Period Quietly Observing His Eighty-Second Birthday in Ottawa Today.

Ottawa, June 26.—Rt. Hon. Sir Robert Borden, Canadian war-time Prime Minister, today received felicitations on the occasion of his birthday anniversary. Sir Robert was born eighty-two years ago at Grand Pre, N.S.

Still hale and hearty, Sir Robert said on July 11 for France, where on July 26 he will be guest of the Canadian Government at the unveiling ceremonies of Canada's war memorial at Vimy Ridge.

Although he has given up golf, Sir Robert still derives great pleasure from lawn bowling. He reserves much of his time for reading and for his wild-flower garden of the banks of the Rideau River here. One of his favorite recreations is walking.

Sir Robert received his education at Acadia Villa Academy, Horton, and for a time later was professor of Classics at the University of Toronto. He returned to Nova Scotia to study law and was called to the Bar in 1878.

He was head of a law firm at Halifax and for ten years was president of the Nova Scotia Bar Association before coming to Ottawa.

Elected to the House of Commons for Halifax at the 1893 general elections, Sir Robert, with the exception of 1904, was a successful candidate in every general election thereafter until he resigned. He was away from the House of Commons for only one year, however, as he received an acclamation in 1905 for Carleton, Ont., in a bye-election.

He became leader of the Conservative party on February 6, 1901, and on defeat of the Laurier administration in 1911 became Prime Minister. He was summoned to the Imperial Privy Council January 1, 1912.

Sir Robert holds the distinction of being the first overseas minister of the Empire to whom an invitation was extended by the Prime Minister of the United Kingdom to attend a meeting of Imperial Cabinet. This occurred on July 14, 1915.

In the 1914 King's Birthday honors Sir Robert was created Knight Grand Cross of St. Michael and St. George. The following year he received from the French Government the order of the Grand Cross of the Legion on Honor and in 1916 the Belgian Government gave him the Grand Cordon of the Order of Leopold.

If problems like wages and hours, or natural disasters, or monopoly cannot be handled under the constitution as it stands, he said, "we shall seek such clarifying amendment" as is necessary to assure both national and state power to deal with them.

Archbishop P. J. Monahan of Regina was an honored guest at the function.

Election and installation of league officers will feature the closing sessions of the seven-day convention today in Regina.

BALDWIN INTENDS TO RETIRE SOON FROM PUBLIC LIFE

Cambridge, England, June 26.—Prime Minister Baldwin in a speech at Leys School, Cambridge, today indicated he would like to retire soon from public life.

"I shall not be here much longer," he told the students.

He said the reason he had remained in office was because the post-war generation, "Men of forty and forty-five who now ought to be coming forward to take charge of everything in this country, are not here."

He added: "Therefore we have to do rather more than our share. Many of us would be glad to ease off and hand over."

ROGER PLOURDE FOUND GUILTY OF NEGLIGENCE

Jury, in Bringing in Verdict of Culpable Negligence at Plourde's Trial for Manslaughter, Recommended Asbestos Youth to Clemency of Court.

Roger Plourde, twenty-one years old, of Asbestos, was found guilty in Court of King's Bench early this afternoon of culpable negligence at the conclusion of his trial on a charge of manslaughter arising out of the death of Napoleon Gagniere, twenty-two years old, of Danville, killed when struck by a car Plourde was operating.

The jury recommended Plourde to the clemency of the Court and he will be sentenced by Mr. Justice Hector Verret at the end of the present criminal term.

Plourde was charged with manslaughter following an accident on the evening of April 26th last when the motor car he was driving struck and killed Gagniere, who was walking beside a bicycle on the Asbestos-Danville highway. Gagniere died from the effects of a fractured skull a few minutes after being knocked down.

The accused entered the witness box on his own behalf this morning. He admitted that on the day of the tragedy he had taken a few drinks of whiskey, but none after supper at eight o'clock that night. He said that he was driving about thirty miles an hour when the accident occurred, and that although he could feel the effects of the liquor he had consumed he was far from intoxicated. Plourde claimed that he did not see the cyclist until he was about two feet from him, as the accident took place on the peak of a long incline and the glare of his headlights did not reveal Gagniere until the car had topped the hill and was on level ground.

George Purcell, of Sherbrooke, owner of the car, said that he had met Plourde in Asbestos on the afternoon before the accident. Plourde had treated him to two drinks from a flask of whiskey. Purcell remembered entering the restaurant with Plourde for supper, but his memory after that was a blank.

Ignace Jutra, twenty-two years old, an occupant of the car at the time of the tragedy, and Daima Cote, both of Asbestos also testified.

The jury retired to deliberate after brief addresses by Gaston Gagne, defence attorney with Raoul Desmarais, and Wilfrid Lazure, K.C., Crown prosecutor.

WARNS FOREIGN RESIDENTS JAP FLAG IS SACRED

Assistant Japanese Military Attache at Tokyo Issues Reply to Protest Against Rude Treatment of United States Citizens.

Peiping, June 26.—Foreigners in Peiping must understand the Imperial Japanese flag is sacred, Major Takeo Imai, assistant military attache, declared today.

The Japanese officer said a reply to the United States ambassador's protest against rude treatment of United States citizens during a military demonstration on Tuesday would be made in a few days.

The flag has special spiritual significance to the Japanese soldiers and must be shown the greatest respect," he asserted.

"Where it goes, they go desperately," he said, adding that he personally did not believe soldiers threatened passers-by with bayonets.

The military officer assured that hereafter the Japanese troops would be "especially careful to prevent a recurrence of the incidents."

London, June 26.—Sigmund Freud, world-famous psychiatrist, and Hermann Weyl, famous mathematician, were among the newly-elected foreign members of the Royal Society, it was announced today.

Professor Freud recently celebrated his eightieth birthday. He is professor of neurology at Vienna University.

Professor Weyl is at Princeton University, in the United States.

BEDOUIN INVASION OF PALESTINE THREATENED UNLESS ARABS FREED

Leaders of 100,000 Bedouin in Trans-Jordan Propose March on Jerusalem Unless Arab Demands for Freedom from Jewish Dominance Are Met Within Ten Days—Feared Emir Can No Longer Keep Tribesmen Under Control—Further Fighting Follows Wrecking of Railroad Train by Arabs.

Ammann, Trans-Jordan, June 26.—Leaders of 100,000 Bedouin warriors proposed a march on Jerusalem today to assist their Arab brothers in the Holy Land.

They laid their demands before Emir Abdullah of Trans-Jordan after a meeting of two hundred sheiks and leaders of desert tribes.

"We must go to the aid of Arabs in Palestine," a big, sun-blackened chief declared. "We are all one people."

"Freedom for Trans-Jordan is useless without freedom for Palestine. Talk and strikes have won nothing."

The Jerusalem correspondent of the London News-Chronicle reported the Bedouin chieftains had called the meeting to inform Sir Arthur Wauchope, British High Commissioner for Palestine, "unless the Arab demands in Palestine are met within ten days, we will rise in revolt."

The newspaper's correspondent quoted the Emir of Trans-Jordan as saying, "I have been holding my people from joining the disturbances for the past two months, but it is fast becoming more and more difficult."

Another sheik here, all of whom talked freely, said:

"We will warn the Emir, the Arabs of Palestine must be freed from Jewish dominance within ten days or we will go and free them ourselves."

A number of Bedouins were reported to have already crossed the Jordan, guarded on rare intervals by a frontier patrol of 1,200 soldiers.

Every Bedouin is allowed by law to carry arms and possess modern rifles and ammunition.

Their plans, it was said, called for one great rush across the Jordan with one body of men carrying arms and ammunition to equip Palestine Arabs.

The Emir, pale and worn by the problems of his country, asserted "We look upon the problems of Palestine as local problems."

"We have no cause to interfere," he said. "Trans-Jordan is peaceful. I am afraid if trouble continues in Palestine, we will have great troubles here."

Disorder in Palestine during the last two months have claimed the lives of scores of Arabs and Jews. Hundreds of persons have been injured in disturbances and a large amount of property damaged.

The riots brought strong reinforcements to British troops.

BRITISH SOLDIER AND SIX ARABS ADDED TO DEATH LIST

Jerusalem, June 26.—Another British soldier and six Arabs were added to the death list today in the fighting between Palestine Arabs and troops striving to put down the rebellion.

Four other Arabs were seriously wounded in the skirmish, which was fought near Nablus when a British patrol encountered a strong, well-armed band of Arab nationalists.

A sudden British infantry, supported by armored cars and airplanes, on a group of Arab huts resulted in the capture of a quantity of arms and ammunition. The cache of arms was found hidden in one of the huts during a search.

BRITAIN IS PREPARED FOR TROUBLE IN TRANS-JORDAN

London, June 26.—Great Britain has been expecting trouble in Trans-Jordan and is fully prepared to meet it, officials at the Colonial Office declared today.

Seeds of possible trouble have been observed both in the Arab disorders in Palestine and in the failure of crops in Transjordan.

Authorities said they expected any possible trouble to be confined to Transjordan. They doubted that the Bedouins would go to the aid of the Palestine Arabs.

Informed observers pointed to tension existing between Palestinian and Transjordanian Arabs, and to the difficulties which a crossing of the frontier would involve.

Nevertheless, officials were alert to the possibility the Bedouin leaders, including the Emir Abdullah, might be unable to control the Bedouins should the Palestine-aid movement get a strong start.

GENERAL FIGHT FOLLOWS WRECK OF RAILWAY TRAIN

Jerusalem, June 26.—Arabs wrecked a train on the Jerusalem-Haifa-Lydda railroad line today killing the engineer and a soldier.

A general fight between Arab attackers and the military guard on the train immediately developed around the wreckage.

First reports from the scene said it was believed the Arabs had suffered heavy casualties.

"PROSPERITY CERTIFICATES" TO BE ISSUED IN JULY

Calgary, June 26.—The first issue of "prosperity certificates" will be ready in the latter part of July, Hon. Lucien Maynard, Minister without Portfolio in the Alberta Cabinet, has announced.

Cabinet Ministers would take the first issue as part of their salary and spend the scrip in the course of everyday shopping in several places throughout the province, Mr. Maynard said. In this way the Government would have at first hand the people's reaction to the certificates.

CITY BRIEFLETS

FIRST CONTINGENT OF BOYS OFF TO CAMP TOMORROW.
Y.M.C.A. headquarters on Dufferin avenue will be the scene of considerable activity between nine and ten o'clock tomorrow morning when nearly forty happy youngsters will congregate—prepared to board the cars which will convey them to the Y's Men's Camp at Little Lake to enjoy a holiday they will long remember.

The camp is under the direction of the local Young Men's Christian Association this summer, with W. J. "Bill" Peak as camp director. The camp leaders are Ted Wiggitt, Trevor Stevens and Douglas Cohn, all of whom have been selected for their ability to handle boys, while Mrs. William Metcalfe, who proved so popular with the kids last summer, will again be the camp cook.

The fees of several of the boys have been paid by interested citizens who have subscribed to the "Toe H" fund established for this purpose. These citizens have realized that giving these boys a holiday and appetizing food under good supervision, along with a character building programme, is helping the "Y" continue this outstanding service towards the community.

Additional subscriptions to the Camp Reconstruction Fund have raised the total collected to \$232.75. These contributions follow:

\$5—J. H. Wark.
\$2—Raymond Wood, James Carfield, J. C. McConnell and Miller Hall.

\$1—Jack Hall and E. B. Peabody. Total—\$13. Total to date—\$232.75.

SHERBROOKE, THURSDAY, JUNE 25, 1936.

Britain's Naval Needs.

Sir Samuel Hoare, First Lord of the Admiralty, makes out a strong case for bringing the British fleet up to the point where it can safely look after Britain's scattered interests. The experiences of the past six months, he declared, have revealed that in reality collective security means nothing more than the use of the British fleet to keep the trouble between two countries an argument between the originators alone.

In theory, the combined strength of fifty nations, he said, might mean a formidable military force, but in actual practice such a force was impossible due to the refusal of the bulk of the powers concerned to co-operate.

This was apparent at the outbreak of the Italo-Ethiopian campaign, when Great Britain was the only member of the League that was ready to make effective preparations.

Thus, he concludes, while collective security pacts are all very nice, Great Britain must be prepared to stand alone behind her own defences until the world in general comes to a better feeling of co-operation.

World Catastrophe In Offing?

H. G. Wells, world historian who for years preached a political philosophy of intellectual optimism, now looks with complete disillusion and disgust upon democracy, the League of Nations and the earth's present organization into highly nationalistic, or what he calls "combatant," states, he reveals today in a special article published in Collier's. He even goes so far as to forecast the possible imminent extermination of civilization.

Mr. Wells recalls sadly that he once made himself responsible for the phrase "the War to end War," but now sees world catastrophe as the "plain and reasonable probability" at the present time. He admits himself to be one of a group of "baffled onlookers," and finds himself unable to take sides on any of the resounding issues or international disputes of the day. He says he "would not slap a cat for one side rather than the other."

The famous British author enumerates some of the things in which he once believed but in which he has since lost faith.

"In 1914," he says, "I still believed in a certain reality behind democracy; I thought that existing 'democratic' governments were conscientiously responsive to current thought. I did not realize how far governments could go on ignoring the increasing intelligence of mankind. I thought Germany had to be 'liberated from imperialism' by defeat and then at once welcomed back into the 'comity of nations.'"

Mr. Wells says now that it has been the mistake of liberal thought for the past century and a half to suppose that "sovereign" governments are competent instruments, that they have no fundamental disqualifications for maintaining international peace.

"This mistake is embalmed in the constitution of the League of Nations," he says. "Only now are we beginning to realize fully that the forms and methods of government we inherit from the past are inherently combatant, far less able to keep the peace at home than to wage war abroad, and that a League of Nations, a simple clustering of diplomatic representatives, is as likely to give world peace as a miscellaneous collection of large carnivores would be to form a tranquil herd and eat grass."

Mr. Wells states that practically the entire history of the past 2,500 years could be written in the form of a struggle on the part of the human mind to escape from the ancient disciplines, fetters and dangers of the combatant state.

"Up until a century or so ago that struggle was chronic and inconclusive," he says. "The material circumstances were such that for the vast majority of our race the practicability of a common control of human affairs did not arise. The material conditions of life seemed to be set implacably against the establishment and endurance of any universal community."

"Now in a brief couple of centuries the material conditions of human life have gone right over from the side of the combatant community to the side of the world community. The universalism of the world idealism, which was, to begin with, the extreme idealism, is now being paraphrased in the extreme realism by the airplane in the sky and the radio in the parlor. The dream of the past has become the imperative of the present. The combatant state is an anachronism."

"Yet, though our minds accept this statement, few of them seem to grasp its full significance. For

any living species a fundamental change of conditions means either adaptation or destruction. This is a sober scientific statement. But its significance is terrific. Either by a great mental and moral effort man will deliberately adjust himself to his new conditions, or he will be tortured and 'selected' until he has been licked into some new shape by them, or he will be exterminated altogether. He cannot remain as he is. He cannot afford much more war.

"There is no escape from this disaster which threatens civilization as we conceive it but strenuous and complicated effort. If within a few generations we do not build that instructed, educated and disciplined world community which alone can end war for us and avert degeneration, then the good things that have gleamed before your eyes, beauty, fruitful leisure, enlargement of vision, associated with ever-increasing power, will be withdrawn inexorably, one collapse will follow another and our children will pass down into the darkness, suffocating each other, flaying each other with bomb and gas, tearing each other to bleeding rags."

"It is the flattest, clearest common sense that these things are ahead in waiting for us unless we turn to a new direction. We have been warned plainly by the events of the past two decades. Not only do we know what may happen but we know in general terms what we ought to be doing about it. And we are not doing it."

"But it can still be done. A great mental turn-over has been going on and practical reconstruction has had to wait upon that intellectual revision. The federated world community has to exist first in men's imaginations before it can give battle to the combatant state and so emerge to triumphant reality. Day by day as this fundamental antagonism in human politics grows plainer, reasonable men have less excuse for indecision in the planning of their lives."

Editor's Note-Book.

Adolf Hitler has squandered seven billion dollars on armaments since his rise to power in 1933, which means that every man, woman and child in Germany has been taxed \$108 apiece to provide the means for slaughtering themselves and other men, women and children in war.

What Editors Say

BRITISH INVESTMENTS IN THE U.S.A.

Foreign holdings in the United States amount to \$8,235,000,000, according to the Department of Commerce of that country. In other countries, notably Germany, the United States has private long-term investments amounting to approximately \$15,000,000,000. Having in mind these tremendous figures, one would think that the most aggressive nation in the world to promote peace would be our neighbors to the South. Not much of the huge investment abroad would be salvaged in case of another general war, but the U.S. policy is for isolation, and that it would pay to let all investments go rather than try to incur the expense of war.

British investors hold twenty-seven per cent. of all the foreign holdings in the United States while Canada also has \$1,000,000,000 at stake in the U.S.A. The two combined have better than fifty per cent. of all the foreign capital at work in the States. If money talks big, as they all say, there is a pretty effective tie-up between America and the British Empire, despite all the Borahs, Johnsons and Hearsts, and their perpetual tall-twisting of the British lion.

SPEED IS EXPENSIVE.

When a car is driven at sixty miles an hour the tires are wearing out twice as rapidly as when the car is travelling at forty miles per hour. Perhaps the driver who loves to streak along all the time has never stopped to figure what his speed is costing him. His gas and oil bills are higher and his tires are going down faster, and experts say his whole car is depreciating more rapidly.

The blunt fact that speed costs money may help some motorists to pause and consider. Nothing else has so far made them do any serious thinking.

QUEBEC JERSEY BREEDERS HELD BIG FIELD DAY

Four Hundred People Took Part in Successful Field Day and Picnic Held at North Hatley Residence of R. G. Davidson, M.P., and Mrs. Davidson.

North Hatley, June 26. — "Sic-cawae Lodge," the charming summer residence of R. G. Davidson, M.P., and Mrs. Davidson, nestling serenely on the shores of picturesque Lake Massawippi, was the scene of the annual field day of the Jersey Breeders' Association of the Province of Quebec, when four hundred people took advantage of the kind hospitality of Mr. and Mrs. Davidson and participated in this pleasant event.

The day was ideal for such a gathering and the interesting programme arranged for the occasion left nothing to be desired.

The field day was honored by the presence of G. B. Rothwell, of Ottawa, Federal Livestock Commissioner, while a number of other prominent Jersey breeders were also present.

The greater part of the forenoon was taken up with a judging demonstration conducted by W. E. Ashton, of Foster, and Stephane Boily, of the Department of Agriculture, Sherbrooke.

At noon a picnic lunch was enjoyed, when those present were treated to a special cheese made from Jersey milk. This cheese had been generously supplied by Mrs. C. W. P. Ramsey, of Bedford.

The principal speaker at the afternoon gathering was Mr. Rothwell, who, in reviewing the position of the livestock industry, observed that science is providing food which does not come from the farm. The encroachment of science in the field of agriculture was the subject of comment by a number of speakers and R. G. Davidson, M.P., assured his hearers that he proposed to do his best to eliminate from the market certain scientific preparations which were being substituted for farm products.

Short addresses were also delivered by L. V. Parent, of Lennoxville, and C. B. Howard, of Sherbrooke, the latter attributing the large increase in exports of agricultural products during the first quarter of 1936 to the reciprocity agreement contracted with the United States.

The markets for horses, cattle, sheep and lambs were shown to have improved materially and prices for wool had reached new records. A slight drop was recorded in the production of butter and cheese.

Among the guests from a distance were J. Palmer, president of the Jersey Cattle Club, of Vermont, and other prominent Jersey breeders from Vermont.

At the close of the afternoon a sale of nine pure-bred Jersey heifers took place, the prices averaging \$33 a head with a top price of \$51.

Votes of thanks were extended to Mr. and Mrs. Davidson for their kind hospitality, to J. A. McClary, of the Lennoxville Experimental Farm, and his staff for their assistance in arranging the picnic, and to the following donors of calves: W. H. Miner, Granby; R. G. Davidson, North Hatley; W. E. Ashton, Foster; Mrs. C. W. P. Ramsay, Bedford; George Ingalls, Abercorn; S. R. Fuller, Grayburn Farms, Water-

ville; W. T. Parker, Dixville; W. M. Parsons, Barnston, and F. E. M. Robinson, Richmond. R. G. Davidson is president of the Canadian Jersey Cattle Association, as well as president of the Province of Quebec Jersey Association.

Mr. A. E. Norcross, of Ottawa, is arriving tonight to spend the week-end with his mother, Mrs. M. L. Norcross, Wolfe street.

Dr. and Mrs. S. J. Usher, of Montreal, are arriving tomorrow to spend the week-end with the latter's parents, Mr. and Mrs. M. Eichenberg, Prospect street.

Miss Charlotte Whitton, of Ottawa, head of Social Welfare in Canada, is arriving in Sherbrooke on Monday and will be a guest of Mrs. Andrea Paton Robinson, "Rockmount," Moore street.

Miss Winnifred Rawlings was the guest of honor at a shower given by the Misses Pearl Whiting and Harriet Brownlow at the latter's home on Frontenac St. Cards were played at two tables, the prizes being won by Mrs. E. Rawlings and Mrs. E. Samson. Refreshments were served at the close of the evening, the hostesses being assisted by the Misses Vina Brownlow and Ruby Whiting; after which the guest of honor was presented with an old rose blanket and silver bonbon dish, accompanied by the best wishes of her friends.

Mr. and Mrs. A. S. Clary, Marquette street, have returned from the Laurentians, where they spent a few days' holiday.

Mrs. G. E. Borlase arrived yesterday afternoon from her summer home at Ocean Park, Me., and is a guest of Mrs. Helen Lucke, Quebec street.

Mrs. E. H. Begin, of Montreal, is a guest for a few days of her brother, Mr. Clovis Lancot, and Mrs. Lancot at their apartment in the Grand Central, and will later go on to Stanstead to attend the re-union at the Ursuline convent.

Members of the Queen Mary Chapter No. 5 of the Order of the Eastern Stars were the guests yesterday of Mrs. Gordon Dunbar at "The Melbourne" her cottage at Little Lake. The day was ideal for the picnic party and the guests greatly enjoyed the pleasant outing. The lovely decorations, in the cottage, on the porch and on the pretty tea table, were effectively carried out with wild flowers. Mrs. Edith Parr, worthy matron, assisted the hostess in receiving, while Mrs. Florence Byham, Mrs. Clara Pearce and Mrs. Edna Peck helped to serve the delicious refreshments. The many guests enjoyed at the close of the delightful afternoon.

Mrs. B. C. Howard, "Howardene," gave an unusually charming tea party and shower yesterday afternoon in honor of Miss Marjorie Mercer, a bride-to-be. The hostess chose yellow California poppies to adorn her beautifully appointed tea table, the graceful blooms being arranged in a silver bowl and four silver vases. Tea and coffee were poured by Mrs. Mercer and Mrs. Blier, the latter of Waterville, and the ices were cut by Mrs. Stewart Ball and Miss Horton. Assisting in the tea room were Mrs. Fred Sangster, Mrs. Hawley Griffith, Mrs. D. C. McRae and Miss Marguerite Holding. During the afternoon the guest of honor was "showered" with a lovely assortment of kitchen utensils.

Mrs. Gordon MacKay and Miss Norah Arguin entertained delightfully last evening at the former's home on Bethune street in honor of Miss Alice Lyster, a bride-to-be. The guests included the members of the Sherbrooke Hospital, Alumnae Association and the hospital staff, whom the hostesses had invited to a "handkerchief shower" for the bride-elect, the latter being requested to attend a special meeting of the Alumnae.

During the evening the many lovely handkerchiefs were presented to the guest of honor in the form of a lovely shower bouquet, fragrant with the pale pink June roses adorning its long ribbon streamers. As a token of appreciation for the efficient manner in which for six years Miss Lyster has acted as their treasurer, the members of the Alumnae Association presented her with a beautiful Sheffield tray, fitted with a cut crystal lining for hors-d'oeuvre.

Later delectable refreshments were served in the dining room, coffee and tea being poured by Miss Della Ingraham and Mrs. W. Sawyer. The attractive table was covered with a cut work cloth and adorned with white canterbury bells and mallows in a crystal bowl and pale blue tapers in crystal holders. The hostesses were assisted by Mrs. Gordon Sangster and Miss Margaret Mason.

An ideal June day made complete the enjoyment of the many guests who attended the delightful strawberry tea on Mrs. Z. W. Griffith's lawn at her home on Vimy street yesterday afternoon, given under the auspices of the Women's Association of Plymouth United Church. Mrs. J. A. Bourque, the president, received with the hostess and Mrs. M. L. Hunting acted as treasurer.

Mrs. Salter, Sr., presided at the tea table, which was placed on the verandah, while many small tables were arranged about the lawn for the convenience of the guests. Garden flowers in profusion were used in decorating and bright blooms centered the tea tables, making an effective setting for the colorful summer frocks worn by the guests.

The guest box, which was in charge of Mrs. F. C. Churchill and Mrs. C. A. Beaton, was later won by Mrs. Overbury. The clever reading of tea-cup fortunes by Mrs. J. C. Meade added quite a "fortune" to the gratifying receipts.

The hostesses were Mrs. W. G. Cross, Mrs. J. Colter, Mrs. Salter, Sr., Mrs. C. A. Beaton, Mrs. T. F. L. Cohoon, Miss Cohoon, Mrs. J. G. Ranshouan, Mrs. F. S. Ruess, Mrs. J. C. Meade, Mrs. Z. W. Griffith, Mrs. G. E. Read, Mrs. J. Reid, Mrs. G. D. Wadsworth, Mrs. F. C. Churchill and Mrs. T. F. McOut.

HOLSTEIN CLUB FIELD DAY WAS FINE SUCCESS

Farm of Mr. and Mrs. Charles Green, Lennoxville, Proved Ideal Setting for Annual Gathering of St. Francis Holstein Club Members.

Members of the St. Francis District Holstein Club and their friends held a most successful field day yesterday afternoon at the farm of Mr. and Mrs. Charles Green, Lennoxville. During the forenoon W. G. MacDougall, District Agronomist, gave a demonstration of judging Holstein cattle, after which D. A. Finlayson, of Lennoxville, took charge of a judging competition in which the winners were:

Senior section: 1 Ralph McRae, 2 Eugene Bowen, 3 Earl Lavallee, 4 Harold Corey, 5 Howard Ayer, 6 Ralph Getty.
Junior section: 1 Alfred Ross, 2 Hamilton Corey, 3 John Smith, 4 Wallace Lavallee, 5 Dan MacDougall, 6 Edward Hyatt.

At the afternoon session, which followed a jolly picnic lunch, B. S. Ingham, Lennoxville, president of the club, introduced the speakers and Charles Green welcomed the breeders to the farm.
R. G. Davidson, M.P., for Stanstead, stated there was room for breeders of all breeds and declared breeders should be encouraged with the increase in the export trade. He then gave figures to substantiate this statement and concluded his remarks by giving a brief survey of the Quebec Dairy Commission.

R. Deragon, of Waterloo, president of the Provincial Holstein Association, brought greetings from the Provincial Association, and expressed his appreciation of the work the St. Francis Club is doing. He also made reference to blood testing and to the Record of Performance work.

P. A. Sherman, of Scotstown, M.L.A. for Compton, stated he had handled a great many cattle and consequently could say that the Holstein breed was one of the best for milk production. He was of the opinion there was need for a new economic order in the purchasing power of the working class is to be increased, which would in turn mean an increase in the sale of agricultural products. It would be a wise move, Mr. Sherman thought, if the government departments would spend more money advertising agricultural products. The member for Compton also stressed the need for better organization among the agricultural classes.

H. Pintal, of the Livestock Branch, Quebec, emphasized the importance of record of performance work, calf club work and the use of good sires.

D. A. Finlayson expressed the thanks of the guests to Mr. and Mrs. Green for their hospitality and congratulated the boys on their work in the judging competition. He then gave an outline of some of the policies of the Provincial Department of Agriculture.

W. G. MacDougall spoke on farm organization work, stating that farms must increase the quality of roughage produced and also increase the quantity of home-grown grain.

Mr. MacDougall then gave figures showing the number of cattle being shipped to the United States, which indicated there is really some improvement in agricultural conditions. J. B. Read, of North Hatley, spoke briefly, after which N. H. Beach took charge of the sale of the pure-bred Holstein calves.

She LOVED THE FIZZY TICKLE ON HER NOSE

"Fifty years ago in sunny Bermuda my parents used Eno's Fruit Salt as a family medicine. As a wee girl I can remember the bottle, kept for protection in its outside wrapper. How appetizing the grapes looked to me! How I loved the fizzy tickle on my nose! Mother gave it to us for prickly heat, digestive ailments and as a laxative. Now my own children take it, and much prefer it to other salts."

FISHERMEN CAN HAVE THRILLING HOLIDAY IN EASTERN TOWNSHIPS

Well-Stocked Lakes, Rivers and Streams Are Plentiful in This District and Sportsman with Rod and Line Will Find All that He Desires—Golf, Fishing, Sailing, Motoring, Tennis, Restful Sleep and, Above All, Hospitality and Friendliness Await Visitors to Eastern Townships.

The Eastern Townships' district—a province within a province—is an attractive vacationing land for the tourist and a thrilling place for the angler who wishes to participate in his favorite sport. Well-stocked lakes, rivers and streams are plentiful in this "Garden of Quebec Province" and the sportsman with rod and line will find all that he desires.

Accommodation for the sportsman ranges from hotels and summer cottages to the more primitive but delightful life under canvas. Tents may be pitched in wooded groves, near river or stream, where fish may be caught almost from the camp door, berries gathered from nearby bushes, and fresh milk, butter, eggs and vegetables obtained from neighboring farms.

The climate of the Eastern Townships has been acclaimed as almost perfect during the summer months. Summer fogs and depressing heat are practically unknown. Golf, fishing, sailing, motoring, tennis, restful sleep and, above all, hospitality and friendliness await the visitor to this district.

In recent years Canada has become one of the most popular playgrounds on the North American continent. Millions of tourists visit this country annually in search of recreation, a great many of them flocking to the Eastern Townships, from where they return highly elated over their holiday in this district.

Canada possesses an extensive system of modern highways, with good secondary roads linking together the main routes of travel. Excellent train services are in operation between the principal cities, while steamship lines connect lake and ocean ports. Every class of travel accommodation is available, from tourist camp to luxurious hotel.

Within reasonable touring distance of the main centres of population, recreational attractions of outstanding merit are to be found. Lakes and rivers well stocked with fish, hunting areas of vast extent and camping grounds in their natural state are only a few of the many features which make the country a popular vacation land during all seasons of the year, but particularly during the summer months.

The country's fishing waters, on account of their extent and diversified nature, provide an exceptional range of sport for the angler. The game fish include salmon, brook trout, lake trout, bass, pike, pickerel and other varieties. Protection and constant restocking help to keep the supply of fish in the popular districts, while in the more remote areas there are still plenty of virgin waters.

DOMINION DAY

—Canada's National Holiday, is becoming increasingly an Out-of-Door Festival.

The development of summer resorts, increasing activity on the part of the transportation companies, the improvement of highways and the rapid growth of automobile traffic have tended to bring the population of cities and towns to the waterside on that day.

And, perhaps, it is more fitting that the birthday of our great country should be celebrated so. For the Canadian character is one which expresses itself more naturally in leisurely vacationing than in din, parades and public meetings.

And so, this year there will be little fuss and fury to commemorate that great day on which our far-flung provinces were welded into the beginnings of a mighty nation. But there will be many an hour of peaceful enjoyment beside our smooth lakes and our winding rivers to remind Canadians of their glamorous part.

NARROW MARGIN BETWEEN CUBS AND CARDINALS

Chicago Gained a Full Game on St. Louis Yesterday by Whipping Boston Twice While Pace-Setters Were Splitting Twin Bill with Phillies.

Anything can happen in this game of baseball, and particularly where the bewildering Brooklyn Beauties of Casey Stengel are concerned. If you do not believe it, picture this set-up: a pitcher equalling a major league strike-out record by fanning seven in a row, whiffing a total of eleven men in the course of the same battle, allowing only seven hits—and then losing the ball game.

That happened to the luckless Van Lingle Mungo yesterday as he dropped a heartbreaking five to four decision to the Cincinnati Reds in the opener of a twin bill, despite one of the most impressive pitching performances of the season, all the Dodgers could not hit behind him. The Reds also annexed the nightcap by five to one, sinking the Brooklynians deeper into the National League cellar.

The lowly Phillies shelled "Dizzy" Dean off the mound in four innings, winning the opener of the day's twin bill by thirteen to four and gaining an even break when the St. Louis Cardinals took the nightcap by the same count. The Chicago Cubs took the first game of their double-header with the Reds by one to nothing, although allowed only three hits, and pulled up to a bare half-game from the league-leading Cards by capturing the nightcap as well by eight to four. The New York Giants climbed into third place over the Pittsburgh Pirates with a five to four triumph on the strength of Mancuso's three-run homer in the ninth inning.

In the American League, where form rather than the unusual told the story of the day's doings, the New York Yankees nosed out the Chicago White Sox by seven to six on the strength of their home-hammering and in spite of the untimely pitching failure of the Washington Senators. The St. Louis Browns, winning by twelve to five, while the second-place Boston Red Sox, paced by Jimmy Foss's two homers, slugged the Cleveland Indians by nine to four and the Detroit Tigers demolished the Philadelphia Athletics by thirteen to one. "Schoolboy" Rowe finally getting back into form with a two-hit performance.

The Phil's victory in the first game of the twin bill with the Cards almost cost Frankie Frisch's "Gas House Gang" its league lead, until it came from behind with a nine-run rampage in the sixth frame to sew up the nightcap for the split.

At Boston, the Cubs' twin win, accounted for by some fine elbowing on the part of Bill Lee and Tex Carleton, proved costly. Ethan Allen being put on the sidelines for a week or more when he was spiked on the hand midway through the opening game.

WEAK HITTING CONTINUES TO HANDICAP ROYALS

For some unexplained cause the Montreal Royals, with almost the same team that won the International League pennant last year, are making very little progress in this year's campaign. The Royals are getting a fair brand of pitching and they are fielding better than most of their rivals, but the base hits are notably missing.

Latest batting records show that the club is hitting only .290, trailing all clubs except Syracuse, and has averaged fewer than four runs a game for their last twelve starts. The Royals could get only three hits off "Nubs" Kleinke of the fast-stepping Rochester Red Wings, last night and some good flinging by Lauri Myllykangas went to waste as they took a five to one defeat.

The Wings gained a full game on their nearest rivals as the league-leading Newark Bears took a six to five setback from Baltimore in a daylight encounter and Toronto drubbed the third-place Buffalo Bisons by six to three at night. The day's other activity saw the Syracuse Chiefs abandon their humble role long enough to take a double-header from Albany by scores of seven to five and seven to six.

A double by Ab Wright and Paul Florence's single in the tenth inning gave Baltimore the winning run against Newark and put the Orioles only a half game behind Buffalo.

THREE VETERANS TO ASSIST IN LONDON BENEFIT GAME
London, Ont., June 26.—As Fred Goldsmith, inventor of the curve ball and the man who hurried the London Tecumsehs to a world's baseball championship in 1877, stepped jauntily off the train last night, the needed historical touch was furnished for London's big booster day tomorrow—to save Tecumseh Park for the city as an adult recreation centre. Goldsmith arrived from his home in Birmingham, Mich.

In addition to Goldsmith, Bob Emile, of St. Thomas, Ont., dean for many years of the National League umpiring staff, and Mooney Gibson, member of the world champion Pittsburgh Pirates in 1909 and

BOXING

SHARKEY WON CONVINCING VICTORY OVER BRUBAKER

Boston, June 26.—Jack Sharkey, the man of a thousand fistic moods, projected himself back into the heavyweight picture today as the result of a close but convincing ten-round victory over young Phil Brubaker, California's latest contribution to the boxing wars.

At Fenway Park last night, Sharkey gave the twenty-two year old Brubaker an artistic boxing lesson and promptly served notice that he is serious about making a comeback—three years after dropping the world championship to ponderous Primo Carnera.

The upshot of this contribution to the dizzy developments in the fight industry is that the thirty-three year old ex-champion probably will collide with Max Baer, now likewise on the comeback trail, in New York this summer.

James J. Johnston, matchmaker for Madison Square Garden, said last night that he hoped to arrange a Sharkey-Baer bout.

DEATH CLAIMED ANOTHER WRESTLER LAST NIGHT

New York, June 26.—Death has struck twice in the ranks of big time wrestling in less than a week. Mike Romano, an Italian veteran of the Dodgeville, Wis., ring, died last night in a Washington ring as he grappled with Jack Donovan.

Last Friday night, brawny Jim Browning, a Missourian who once held the world title, died in hospital of embolism while awaiting an abdominal operation.

Gus Sonnenberg, another ex-champion, is on the sidelines temporarily. Count Zaryoff threw him out of the ring in his Bostonian hometown on Wednesday and he fractured his left hip.

Romano, who was about forty years old and well known to Canadian wrestling fans, apparently died on his feet during the heat of his bout. Donovan said he was about to apply a hold, while standing, when suddenly he felt "Murderous Mike" go limp in his arms.

The Boston man lowered Romano to the ring floor. He was hurried to hospital but was dead on arrival.

later manager of that club, will attend.

Goldsmith and Gibson formed a star battery thirty-two years ago and the former is the only surviving member of the team which won the world's title in 1877.

YESTERDAY'S STARS.

Outstanding players in yesterday's major league games were: Gus Mancuso, Giants: His three-run homer in the ninth inning broke up game with the Pirates.

Schoolboy Rowe, Tigers: Let the Athletics down with two hits in thirteen to one victory.

Jimmy Foss, Red Sox: Hammered out two homers in nine to four defeat of the Indians.

Ival Goodman, Reds: His two homers paced mates to double-header win over the Dodgers.

Jonathan Stone, Senators: His homer with one on put the Senators out in front for ultimate win over the Browns.

Bill Lee and Tex Carleton, Cubs: Former shut out the Bees in the opener of a double-header; Carleton let the Bees down with eight hits in the nightcap.

Dolph Camilli, Phillies, and Virgil Davis, Cards: Former hit two homers and Davis drove in three runs with four-bagger as the double-header was split.

Bob Rolfe, Yanks: Drove in two runs with two hits, one a homer, as the White Sox were defeated by seven to six.

LITTLE KNOWN GOLFER LEADS BRITISH FIELD

Bill Cox, Full-Blown Professional Less than a Year, Posted Four-Under-Par Score Yesterday to Assume One-Stroke Lead in British Open Championship Play.

Hoyle, England, June 26.—Bulky Bill Cox, a little known professional at Wimbledon, held a one-stroke lead on the field of 107 in the British open golf title hunt as the first ball in the second round was whacked away this morning.

Entrenched three strokes behind the surprise leader were the "Big Three"—Henry Cotton, 1934 winner; Alf Padgham, another Briton who was runner-up last year, and Gene Sarazen, leading United States threat whose nimble putter gives him a good chance to repeat his 1932 success.

Four other craftsmen of the game, all Britons, were sandwiched between the favored trio and Cox, all of whom seemingly gives weight to the expressed opinion of Sarazen that "British golf has improved so greatly that Americans can never again hope to dominate the Open."

Cox, a full-blown professional less than a year, fired sparkling golf over the 7,087-yard Royal Liverpool links to set the pace for yesterday's first round of the seventy-two-hole chase. After staying even with par for the out-journey, he blasted the feared back-nine for a thirty-four, four strokes under the carded figures.

James Adams, Scottish professional, followed him by a stroke. Tied at seventy-two were Jack MacLean, a Scottish amateur with a silky swing; R. A. Whitcombe and W. H. Davies, both English professionals of note.

In all, six were bracketed at seventy-three, one blow under par. In addition to the "Big Three" generally looked upon by the gallery to produce the winner, they were Marcel Dallemagne, of France, F. Francis and C. A. Whitcombe, one of R. A.'s many golfing brothers.

Deadlocked with par, at seventy-four, were no less than eleven. Among them were such English players as Bert Gadd, Audrey Bomer and Percy Allis, while also there were Ernie Ball and Willie Goggin, two of the remaining five Americans.

Walter Smithers, formerly the assistant pro of the Royal Ottawa Club, across the river from the Canadian capital, put together a useful fifty-five and one stroke behind him were Hector Thomson, Britain's amateur king, and the defending Open champion, Alf Perry.

Easily the most dejected figure on the course yesterday was Charles Winks, a young professional who drew Cotton as a fixture in his first tournament. Seated sily by the stampeding gallery, Winks staggered around in ninety-two—the day's highest figures by six strokes. Cotton repeatedly tried to calm him but it could not be done.

The best sixty scores in the field after today's play will continue in the final thirty-six hole drive. There are now fifty-nine in the field with seventy-eight or better.

QUEBEC FIELD DAY HONORS CAPTURED BY CORRIGAN

Hull, Que., June 26.—Frank Corrigan, golfing ace of the Chaudiere Club here, chalked up another victory when he won the Province of Quebec Golf Association field day held at the Rivermead Golf Club yesterday with a score of seventy-four, one over par. Corrigan's score was one stroke better than the aggregate Jack Cowie, of Kanawaki Club, Montreal, and Bert Barnabe, of the Rivermead Club, could compile in their efforts to take down major honors.

Cowie and Barnabe chased the Chaudiere ace as close as it was possible without being level with him and were only two of many who had chances of taking the laurels.

Corrigan went out in thirty-six and came home in thirty-eight, while Cowie had a sparkling thirty-five on the outward trip but slipped up and came home with a forty. Barnabe made a splendid recovery on the incoming nine for a thirty-three after posting a poor forty-two going out.

Other leading Montreal scorers were: W. D. Taylor, Summerlea, Montreal, 41-36-77, M. Pinsonault, Laval, Montreal, 43-38-81.

VANCOUVER YOUTH IS LONE CANADIAN LEFT IN HUNT

Vancouver, June 26.—Harry Givan, young Walker Cup player from Seattle, gave the Shaghees Heights course the worst lacing it has ever received in a ton flight title hunt as he smashed his way into the semi-finals of the Pacific Northwest Golf Association tournament.

Givan presented a birdie-dotted card as proof of his seven and five victory over wily Stan Leonard, of Vancouver, yesterday.

A Vancouver shotsmith and two others from Seattle completed the semi-final bracket. Jimmy Robertson is the lone Canadian, while Sherman Ellsworth and Forrest Watson are the other semi-finalists.

PREPARING FOR CANADIAN AMATEUR AT WINNIPEG

Winnipeg, June 26.—The deadline is July 27 for entries in the Quebec Canadian amateur golf championship starting at the St. Charles course here on August 4. B. L. Anderson, of Toronto, secretary of the Royal Canadian Golf Association, has notified all clubs that entries must be in the hands of the Manitoba Golf Association on that date.

Entries for the interprovincial team competition for the Willingdon Cup close six days later—August 2. Team play is scheduled for Monday, August 3, the day before the amateur opens.

GRANBY TITLE HOPES JOLTED BY NOTRE-DAME

Local Aggregation Displayed Complete Reversal to Last Sunday's Form and Whipped Former Provincial Baseball League Pace-Setters by Nine to One Last Evening.

Had someone conceived the idea of offering a trophy for the most in-and-out aggregation in the Provincial Baseball League, Notre Dame would be well ahead of the squads of which anything can be expected. To date this year Notre Dame has won but four games in twelve starts. But two of their victims have been the pace-setting Sorel and the former league-leading Granby entry.

Showing a complete reversal to the form they revealed in the first game of last Sunday's twin bill against the Black Panthers, Notre Dame handed Granby a decisive trouncing last evening, shattered the visiting team's chances of creating a tie with Lehigh for the runner-up berth behind Sorel and moved themselves up into deadlock with Drummondville for fifth position.

Taking full advantage of every opportunity and playing well-nigh perfect baseball afield, Notre Dame emerged on the long end of a nine to one count, "Lefty" Kadis south-pawed the visitors into submission and his team-mates backed their pitcher's return to early-season form with sound and effective clouting. Granby was never in the picture as their opponents established a five-run lead in the first three innings.

The homesters concentrated on the second, third and sixth innings to produce all their markers. In the second stanza Sweeney started off with a single and reached second when Trotter clouted a one-base blow after Mahert had struck out. Maskwa walked to fill the bases, which Kadis promptly cleared with a stinging grounder which struck Granby's substitute second baseman, "Ace" Corrigan, on the ankle and bounded into centre field for a double.

In the following chapter the entire Notre Dame team walked to the plate and four more tallies were registered after two were out. Singles by Tivnan and Vanier, followed by a base on balls to Sweeney, crowded the corners. Tivnan and Vanier were forced at the plate by Mahert and Trotter, respectively, but Maskwa drew his second free ticket to shove Sweeney home. Kadis hoisted a short fly which Flynn dropped to allow two more unearned runs.

While Cookson, who had replaced Corrigan at second base, uncorked a low throw to first after fielding Metivier's grounder and Maskwa scampared across the rubber.

Granby tried to stall when rain began to fall in the fourth cant, but the threatening storm ceased after the bleacher fans had scurried into the grand stand and the game went eight innings before darkness called a halt. The last two Notre Dame markers came in the sixth round which Kadis opened with a single. Metivier struck out, but but Kadis and L'Esperance were safe when Art Sattler, Granby's hurler, threw wild to second trying to force Kadis on L'Esperance's grounder to the box. Tivnan was thrown out at first, advancing both runners, and Vanier came through with the single which shoved Notre Dame's total of earned runs up to five.

The visitors saved themselves from a shutout in the third inning when, after two were retired, Dickenson drove "Ace" Corrigan home from second base with a long single.

Kadis yielded five singles over as many innings, fanned ten and walked four, while Sattler allowed ten safeties, whiffed three and issued as many free tickets to first.

Vanier paced the local attack with three singles in four trips to the plate; Kadis collected a double and a single in three appearances; Tivnan garnered two singles in four attempts, and Maskwa helped himself to a single in two official tries. The other singles were credited Sweeney and Trotter. Cookson was the only Granby player to get more than one safe blow, Dickenson, Flynn and Phil Corrigan sharing the other three.

YOUNG SCOTSMAN ASSUMED EARLY LEAD TODAY

Hoyle, England, June 26.—Jim Adams, a twenty-five-year-old Scotsman who took the high-road to England and turned professional, marched into the lead today in the second round of the British Open golf championship with a total of 144. Adams took a seventy-three, one under par, to place alongside his seventy-one yesterday.

Henry Cotton, the favorite, Alf Padgham, Dick Burton and Francis Francis were one stroke behind with totals of 145.

Cotton, Padgham and Francis have seventy-two's today, while Burton shot a seventy-one after going out in thirty-three, the best first nine total of the tournament.

FROM THE SIDELINES

The one-sided triumph was doubly sweet for the Notre Dame supporters—particularly after the equally one-sided defeat the Sherbrooke aggregation suffered at Granby's hands recently.

Jos. Bousquet, who has been in baseball twenty-four years, and Leslie Green, Granby's genial scorer, bemoaned the fact that two regular outfielders watched the game from the bench while two pitchers occupied the pasture posts.

"They don't deserve to win," Scorer Green commented as he sympathized with Matton and Bougie in the dugout and watched "Ace" Corrigan and Rolfe Flynn cavort around the outfield.

The victory instilled into Notre Dame a vast amount of encouragement and heightened their morale for the "crucial" fixture between the two local teams next Tuesday evening when the first half of the schedule concludes.

There was a contrast between last evening's contest and the first part of Sunday's twin bill. Granby could do nothing right last evening just as Notre Dame could not click against the Black Panthers.

The shift in the Granby infield was caused by the release of Ronnie Bates, who had not lived up to expectations. "Ace" Corrigan and Ab Cookson replaced in the third inning after the former had helped Notre Dame score their three second-inning runs.

One of the comical sights during the game occurred when Flynn appeared in front of the grand stand and pretended to pray for a deluge to save Granby from their third defeat of the season. Jupiter Pluvius, however, gained an assist in the local column by holding off long enough.

Sweeney, Notre Dame's playing captain, hit into a double play intentionally in the fourth inning to save the game along to the four and a half innings required to make a contest count in the records.

"Lefty" Kadis is in line for the title as the Provincial League's strike-out king. The nineteen-year-old portside added ten victims to his impressive total last evening.

Rena Lena, the New York Italian who covers first base for Granby, celebrated his twenty-third birthday yesterday and got two gifts in the form of walks from Kadis. He struck out twice, however, once with two mates aboard.

Kadis was given the benefit of the doubt and credited with a double when he cleaned the bases in the second frame as "Ace" Corrigan booted his stinging grounder. Otherwise seven of Notre Dame's nine runs would have been unearned.

Art Sattler, Granby's bespectacled all-rounder, felt the sting of Notre Dame's bats and could not regain his customary mastery after his mates had let him down badly in the early chapters. Misplays took the fight out of the visitors who practically admitted defeat as early as the second stanza.

Notre Dame had four players, Vanier, Kadis, Tivnan and Maskwa, batting .500 or better last evening. Their averages for the game were Vanier .750, Kadis .666, Tivnan and Maskwa .500.

There was no fault to find with the work of the two officials last evening, Gerry Mathieu and Larry Pergau. Their decisions on the few close plays which developed met with almost unanimous approval.

Local fans will be treated to something novel this week-end when local players participate in three games of baseball on donkeys. The games are slated for tonight, tomorrow afternoon and tomorrow night under the floodlights.

Notre Dame's triumph, was changed as follows:

W. L. P.C.
Sorel 9 2 .820
Schne 9 3 .750
Granby 8 4 .666
Black Panther 6 5 .545
Notre Dame 4 8 .333
Drummondville 4 8 .333
Sherbrooke 3 7 .300
Choquette 2 8 .200

THEATRE DISPLAY CAUSED RIOT CALL

Memphis, Tenn., June 26.—A wrecked automobile was displayed in front of a theatre showing a movie dealing with traffic safety. An excited man called police headquarters had told of a "terrible" downtown accident, four or five hurt.

Squad cars, six ambulances and several wreckers raced to the scene. Police rescinded permission to display the wreck.

AUSTIN GAINED QUARTER-FINAL BRACKET TODAY

Member of British Davis Cup Team Advanced in All-England Tennis Championships Today by Eliminating French Opponent—Rain-Postponed Schedule Starting Time.

Wimbledon, England, June 26.—A chilled little gathering of optimists huddled today in the stands of the famed centre court here awaiting the opening of play in the all-England tennis championships. They stared at the huge tarpaulin guarding the court from an early morning rain that did not cease until after the scheduled starting time. Finally, however, officials decided play could go on.

The first important result was the victory of H. W. "Bunny" Austin, of the British Davis Cup team, over Martin Legay, of France. Austin scored a 6-4, 6-1, 6-2, triumph over his Tricolor opponent and assured himself of a place in the quarter-final round of the men's singles.

Austin dropped four love games in the first set but turned in an impressive victory by yielding but three games in the next two sets. Betty Nuthall, English veteran, and her partner, Mrs. Allister, of South Africa, scored a major triumph for the home forces by defeating the United States Wightman Cup combination, Carolin Babcock, of Los Angeles, and Mrs. John Van Ryn, of Philadelphia, by 6-4, 3-6, 6-3, in the first round of women's doubles.

Accompanying Perry, Allison and Quist into the fourth round yesterday were Vivian McGrath, the Australian with the two-headed backhand, who downed Lucho Del Castillo, of Argentina, by 6-4, 2-6, 6-3, 12-10. "Bunny" Austin, who climbed his fellow countryman's ladder, R. D. Tuckey, by scores of 6-2, 6-1, 6-3, and Jack Crawford, of Australia, "Toni" Radern—was toasted today

who scored a 6-1, 6-2, 6-3 triumph over Kenneth C. Gander-Dower, of England; Gottfried von Cramm, German Davis Cup ace and finalist last year, who knocked out France's Christian Bousset to the tune of 6-4, 6-3, 6-2; Donald Budge, of California, lathering the ball with all the ferocity at his command, who handed Jean Lesueur, France's third ranking star, a 6-1, 6-1, 6-1 setback; and Bryan Grant, of Atlanta, Ga., who earned an 8-6, 6-2, 6-4 triumph over Edward Avory, England's No. 8.

Helen Jacobs, four times American champion, yesterday became the lone hope of the United States contingent to keep the women's singles title vacated by Mrs. Helen Wills Moody. Miss Jacobs swamped Jacqueline Goldschmidt, of France, under a 6-1, 6-0 count after Dorothy Round, seeded No. 1 and winner of the title in 1934, had crushed Miss R. Kraus, of Austria, by 6-1, 6-2.

Mrs. Lenore Kight Wingard, of Cincinnati, bettered two world marks in winning the one-mile free style for the fourth straight year. She swam the mile in 24:07.2 against her world mark of 24:20.4 and the 1,500 metres route in 22:39.2 against the world record of 25:17.2 established by Helene Madison in 1931.

CLAIMS GOOD RECORD FOR ONTARIO TRANSPORT DRIVERS
Toronto, June 26.—Ontario transport drivers have traveled over 11,000,000 miles in the past fifteen months with property damage through accident of less than \$5,000 said Milton J. Gray, president of the Automotive Transport Association at an executive meeting here. Only one truck was involved in a fatal accident and the driver was exonerated, he said.

TORONTO SPEEDSTER BROKE CANADIAN BICYCLE MARK

Toronto, June 26.—Young George Crompton, of the Maple Leaf Club, Toronto, led a field of seventy-five cyclists today in the struggle for selection on Canada's Olympic bicycle team. The local speedster shattered the Canadian record for the 1,000 metres time race last night at the opening of the three-day Olympic
