COUNCIL CONSIDERS REPLY TO HOLLAND TODAY Eight Were Killed And Many Injured In The Train Wreck

THE JUGO-SLAVS ARE GIVEN FOUR DAYS MORE IN WHICH TO REPLY TO THE COUNCIL REGARDING PROPOSED COMPROMISE REGARDING ADRIATIC

French Legal Experts Will Prepare a Reply to Holland — Council Has Received a Letter from Polish Minister of Foreign Affairs Calling Attention to the Possibility of a Strong Aggressive Movement of the Bolsheviks Against Polish Territory, and Recommending that a Plan Be Adopted for Defensive Measures — Note Was Also Received from the Germans Regarding Certain Provisions in the Treaty of Versailles.

(Associated Press Despatch)
PARIS, Jan. 26.—The reply to the refusal of the Dutch Government to comply with the demand of the Allies for the surrender of former Emperor William of Germany was the first subject taken up at the initial meeting this morning of the Council of Ambassadors, created to carry on the unfinished routine work of the Supreme Council of the Peace Conference, which disbanded last week. It was decided that the French legal experts available should go into all the aspects of the case and prepare the reply, which probably will be submitted for approval of the Council at the beginning of next week.

The discussion in the Council did not disclose the trend of opinion among the members further than that it appeared to be the view that the legal phase of the question had become the chief one. The Council was presided over by Premier Millerand.

After disposing for the day of the extradition question, the Council decided to give the representatives of the Jugo-Slavs four days additional time to reply regarding the proposed compromise on the Adriatic question, including the disposition of Fiume. This carries the question along until Wednesday.

The Council received a letter from Stanislas Patek, the Polish Minister of Foreign Affairs, calling attention to the possibility of a strong aggressive movement by the Bolsheviks against Polish territory, and recommending that a plan be adopted for defensive measures. The letter asked that the question be referred to the attention of Marshal Foch. The Council will give the letter further consideration.

The Council also had before it a note from the German plenipotentiaries raising certain points regarding the make-up of the boundary commissions provided for by the Treaty of Versailles.

... The questions were raised by the Germans because of the non-ratification of the treaty by the United States and the consequent lack of American members on the commissions as provided for by the peace document. The absence of the American also raised a question as to the presidency of the commissions to control the plebiscite in the Teschen territory, on the Czecho-Slovak-Pole frontiers. It was pointed out that the French member would act, pending the qualification of the American members through the ratification of the pact, should such action be taken by the United States Government.

At the close of the morning session the Council decided to hold another meeting this afternoon.

JAPANESE MINISTER HAS INFORMED CHINESE THAT JAPAN WILL SUCCEED TO THE RIGHTS FORMERLY ENJOYED BY GERMANY IN KIAO-CHAU

(Associated Press Despatch)
PEKING, Jan. 26.—The Japanese Minister has informed the Chinese Government that Japan, in accordance with the peace treaty, will succeed to the rights formerly enjoyed by Germany in Kiao Chau. He further stated that Japan was ready to negotiate regarding the retrocession of the leased territory if China were willing, emphasizing the fact that when arrangements were completed Japan would immediately withdraw the railway guards from Shantung. China has not yet replied.

MONTENEGRO WRITES NOTE TO CONFERENCE

(Associated Press Despatch)
PARIS, Jan. 26.—A strong note has been addressed to the Peace Conference by the Montenegrin Government at Neuchâtel. In connection with the discussion of the Adriatic question, protest is made against the "manner in which Montenegro's sovereign rights have been trampled on," and it is declared that the Supreme Council has "deliberately, without consulting the Montenegrin population, taken decisions in flagrant contradiction to its previous decisions."

REVOLT AT MOSCOW, STATES DORPAT REPORT

(Associated Press Despatch)
HELSINGFORS, Jan. 26.—Reports from Dorpat say a revolt has broken out among the Red garrison at Moscow. Another report says that the people's commissaries at Moscow have moved to Tver, owing to the spread of the plague.

COLDEST NIGHT OF THE SEASON WAS RECORDED

Forty-four Below Zero at Daylight Today is Record-Breaker for the Entire Winter.

The general verdict of the proverbial weather prophets was that the weather man had "something up his sleeve," and that their judgment is based on facts or superior knowledge is proved by what has been supplied in the way of weather during the past two weeks.

Saturday the mercury stood at four degrees above zero, and was an ideal winter day. Yesterday the temperature began to lower, standing at 15 below during the day, but toward evening "Jack Frost" got right down to business, with the result that people hustled home from church in a thick frosty air, and heaped the furnace up with coal.

At daylight this morning the Experimental Station thermometer registered 44 degrees below zero, with a gradual change to 33 below at 8 o'clock.

Thus Monday, January 26, is recorded as being the coldest yet.

ANNOUNCE NEW FRENCH SUPREME WAR COUNCIL

(Associated Press Despatch)
PARIS, Jan. 26.—Marshals Foch, Joffre and Petain and Major-General Buat, chief of staff, make up the new French Supreme War Council, according to announcement. Nine generals will be chosen later to act on the council, which will be under the presidency of the Minister of War. Marshal Petain will be vice-president and commander-in-chief of French armies in time of war.

Disabled Army Transport Powhattan Is Once Again Being Hauled To Halifax— U. S. Shipping Board Offers A Reward

It Is Now Hoped that the Big, Helpless Ship Will Be Brought to Halifax Before Night Falls — "Laurier" Expected to Make Fast to the Tow Again, and Combined Pull of the Government Steamer and Two Tugs Should Bring the Powhattan Along at Four or Five Knots an Hour.

(Associated Press Despatch)

HALIFAX, N.S., Jan. 26.—The United States army transport Powhattan, disabled at sea, and for the past two days was adrift in a gale, with a flotilla of rescue craft standing by, is once more being towed to port.

Two United States tugs are slowly, but steadily, hauling the big helpless ship to Halifax, and it is now hoped that the Powhattan will be brought to port before night falls. The exact position of the ship is not known, repeated requests for this information having so far been unanswered, owing, no doubt, to the fact that the Powhattan's wireless batteries are very weak. The message telling of the resumption of the tow came to C. H. Harvey, marine agent here, from Captain Travis, master of the Dominion Government steamer Lady Laurier.

It was as follows: "Tow under way again. Tug 'Relief' ahead of Powhattan. Tug 'Acushnet' ahead of the 'Relief.' Laurier had hawser out, but lost it before end was secured."

Shipping men here say that the work of passing out hawsers to the distressed steamer must have been very difficult, as there is still a very strong gale and the thermometer is away below the zero mark. They say that the Laurier will make fast to the tow within the next few hours, and that the combined pull of the Government steamer and the two tugs should bring the Powhattan along at four or five knots per hour.

The United States Shipping Board announced last night that a reward of \$150,000 would be given to any vessel bringing in the Powhattan. The following radio from the Powhattan was intercepted last night:

"On board S.S. Powhattan—Gresham, Acushnet and Lady Laurier standing by; Ossipee near by, but not in sight. Want King Fisher and Relief soon as possible. Water gaining slowly, and if we are greatly delayed, it may be necessary to take off all hands. We are keeping all hands on board, except volunteers. Will take board. Randall."

HOSPITAL FOR EPILEPTICS IN QUEBEC PLANNED

Dr. Desloges Says Government is Considering Erection of Such an Institution.

(Associated Press Despatch)

QUEBEC, Jan. 26.—Dr. A. H. Desloges, inspector of insane asylums and institutions for the feeble-minded in the province of Quebec, announced at a meeting Saturday afternoon of members of the local committee on mental hygiene, that the Quebec Government was considering establishment of a hospital for epileptics, and that he hoped to see it in operation before many years had passed. Victims of this complaint, the meeting was told, were frequently neither insane nor feeble-minded, and it was a lamentable condition that at present there were no places available for their care and treatment other than insane asylums.

BOLSHEVISTS CLAIM TO HAVE REACHED THE CHINESE FRONTIER

(Associated Press Despatch)
LONDON, Jan. 26.—An official statement issued by the Soviet Government at Moscow says that the Bolshevik peasants' corps has reached the Chinese frontier in the vicinity of Kobdo, on the western border of Mongolia.

LOSES FINGERS WHEN BELT ON SAW SLIPPED

Alphonse Daigle Injured at General Lumber Company's Plant Today While Oiling Machine.

Alphonse Daigle, of 47B Front street, is now in a serious condition in the Sherbrooke Hospital, and it is believed he will lose almost his entire right hand, as a result of an accident which occurred at the General Lumber Company, better known as Bush and Bartlett's, this morning.

Daigle, who is an employee of the company, operates a circular saw, and because of the intense cold, he believed he was not working as it should. He was under the machine at the time of the accident, oiling the parts, when the belt slipped, and the blade of the saw passed across his hand, severing the thumb and several fingers.

Lord's Motor Ambulance was called, and the injured man was taken to the Sherbrooke Hospital, where Dr. Gordon and Dr. George Hume were called.

IS PROGRESSING FAVORABLY.

Mr. Robert Emerson, of 115 St. Gabriel street, who was injured in the warehouse of the J. S. Mitchell Company, on Saturday, when a heavy bar of iron fell upon him, is reported to be doing well at the Sherbrooke Hospital.

Mr. Emerson suffered a severe wound on his head, in which six stitches were taken, but he is now progressing favorably.

British Navy May Soon Be Given A New Weapon In A Shell Which Will Pierce Heaviest Armor Without Shattering

Sir Robert Hadfield Makes Announcement and States that Such a Shell Will Render the British Gun Unsurpassed, Incomparable, and the Master in any Naval Engagements in the Future — Such a Shell During Great War Would Have Been of Inestimable Value to British Fleet.

(Associated Press Despatch)

LONDON, Jan. 26.—"The British Navy may soon be given a new and 'unsurpassed' weapon in a large calibre shell which will pierce the heaviest armor without shattering," said Sir Robert Hadfield, chairman and managing director of Hadfield, Limited, steel manufacturers, recently. He indicated that possession of such a shell during the great war would have been of inestimable value to the British Fleet.

The feat has been accomplished, he said, within the last few days, of getting the largest calibre of armor-piercing shell unbroken through the thickest of modern hard-faced armor-plate. This result will render the British gun unsurpassed, incomparable, and the master in any naval engagements in the future.

"If we had possessed such a shell," said Sir Robert, "during the war, many of the German battleships would have been 'scuttled' long before their end at Scapa Flow."

TWO SECTIONS OF THE C. P. R. TRANSCONTINENTAL TRAIN ARE WRECKED AT COBEIL, ONTARIO

First Section of Montreal to Vancouver Express Was Stalled Near North Bay by Engine Trouble, When Second Section Plunged Through Three Rear Coaches — Eight Dead and Twenty-one Injured in the Toll Taken by Accident.

(Associated Press Despatch)

CORBEIL, ONT., Jan. 26.—The first section of the Montreal to Vancouver transcontinental train, stalled here, within a few miles of North Bay, yesterday morning at 11:15 o'clock, by engine trouble, was struck by the second section of the same train, coming up from the rear.

The latter locomotive ploughed through the observation car and the two sleeping cars directly ahead. The known dead are officially given out as eight, mostly westerners, with twenty-one more or less severely injured.

DEATH TOTAL IS EIGHT.

(Associated Press Despatch)
MONTREAL, Jan. 26.—The dead in the wreck on the Canadian Pacific Railway at Corbeil, Ontario, on Sunday morning remained at eight, according to early advices to the head office of the company here today.

OWES LIFE TO MISTAKE.

(Associated Press Despatch)
OTTAWA, Jan. 26.—Orders to central station staff to attach the private car of Charles Murphy, general manager of the Canadian Pacific Railway lines, to the first section of the Vancouver Express, which was wrecked yesterday morning in a pitch-in at Corbeil, were not carried out. To this fact he owes his life. The car was noticed in the station after the first section had pulled out. It was known that Mr. Murphy was sleeping in it.

"There will be some trouble over that," said a station yard official, as he called attention to the fact that the car was still there. It was attached to the rear of the second section, and probably it was some hours after leaving Ottawa, that Mr. Murphy awoke and discovered that he was on the second section.

Lieut.-Colonel Robert Innes, one of the injured residing in Ottawa at 451 Albert Street, and is the director of Agricultural instruction of the Soldiers' Settlement Board. Col. Innes was en route to his home in Victoria.

Captain Leslie Burrows, who is among the injured, was for some time on the staff of militia headquarters here and figured largely in testimony respecting the raid on the Jesuit Guelph Novitiate, which was made the subject of a Royal Commission inquiry following charges on the floor of the House by Sir Sam Hughes.

DISEASE BROKE OUT ABOARD A TRANSPORT

Major-General Healey Succumbed to Disease — Four Soldiers and One Woman also Died.

(Associated Press Despatch)

LONDON, Jan. 26.—A tragic story of an outbreak of disease was told on the arrival at Plymouth of the transport Melita, bringing from India officers with 800 men of various regiments, besides women and children. The epidemic broke out when the ship was between Bombay, and the Red Sea, and altogether 100 to 150 men were stricken.

In the Red Sea, Major-General Healey succumbed. Four soldiers and one woman passenger also died, and after the vessel came to anchor in Plymouth Sound, Colonel Douglas Clark, in command of the West Kent Regiment, died after a few days' illness.

Corbeil yesterday on the Canadian Pacific Railway in which eight or more people lost their lives, according to reports reaching the company's offices here this morning.

When the first section of the Transcontinental train was stalled owing to the difficulty in raising steam through the extreme cold, its crew went along back along the tracks and fixed torpedoes to act as a warning to the second section.

The members of the crew of the second train report that they did not hear the torpedoes and their train ran on and into collision with a pullman car, which was telescoped.

A WHOLE FAMILY IS PRAISING TANLAC NOW

Mother, Son and Daughter Quickly Restored to Splendid Health

"My son, my daughter and myself have all been benefited so much by Tanlac that we have adopted it as our family medicine," was the statement made the other day by Mrs. Anabella Enright, who, with her son and two daughters resides at 321a-Salle Road, Montreal, Quebec.

"My debt of gratitude to Tanlac is so great that I can never praise it too much," continued Mrs. Enright. "It seems almost too good to be true that one medicine could possibly do all three of us as much good as Tanlac has. Life seems worth living now because all of us are in perfect health."

"For years and years before I began taking Tanlac I had been bothered with a bad case of stomach trouble. I had little or no appetite and my digestion was so bad that what I did manage to eat turned against me. I had awful dizzy spells and would get so weak and faint I could hardly stand up. I tried treatment after treatment but I kept getting worse and worse all the time. Dreadful headaches would often come on me and my sleep was restless and broken. My strength and energy left me and I became so run-down that even my house-work was a burden."

"My son suffered from a bad case of rheumatism and was always complaining of severe pains in his arms, legs and back. He was also troubled with a great deal of indigestion and as what he ate gave him no strength he became very weak and run-down. My daughter suffered from stomach trouble, too, and could hardly eat a thing that agreed with her. And all the time she was bothered with dreadful pains in one of her knees."

"We had been hearing so much about Tanlac that my son bought some one day and brought it home for all of us to try. Well, I began to improve right away and I continued to take it until now I am better in health than I have been in years. I have a splendid appetite and can eat everything I want without suffering any bad after effects at all. I never have a headache and am no longer troubled with those dizzy, faint spells. My sleep is sound and restful and I am so much stronger that I can do my house-work without tiring one bit. My son and daughter have both been helped just like I have and now their troubles have all disappeared. Tanlac is the best medicine we have ever had in our house and we are all more grateful to it than words can express."

Tanlac is sold in Sherbrooke by Griffith's Drug Store and A. E. Du Berger, under the personal direction of a special Tanlac representative. (Adv.)

Decline of Gleaning.

Gleaning seems going out of fashion, for few gleaners can be seen in the harvest fields, except some village dandies, or their children, who want to get gratuitous food for poultry.

The decline of Ruth's romantic industry is due, not to machine reapers—which leave quite as much corn as the old hand rakes, especially in fields with windmills and watermills that formerly covered the countryside.

The corn now goes to the big steam mills in the large towns, and cottagers can no longer get their gleaned wheat ground. — London Chronicle.

Faint And Dizzy Spells Weakness and Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they could only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PUT STOMACH IN FINE CONDITION

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach, forming acid fluids and gases which inflame the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink it while it is effervescent and furthermore to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the acid-making mias, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble, with excellent results.

DUNHAM

LADIES' AID ENTERTAINED.

The Ladies' Aid of the Methodist Church was very pleasantly entertained at the home of Mrs. O. C. Selby on Thursday afternoon, there being an unusually large number in attendance. At the business meeting it was decided to hold a St. Valentine social on Thursday, Feb. 12th. After the supper was served a very delightful programme was given which was as follows: An address by the Rev. Mr. Hager; song, "An Irish Lullaby," by Mr. Dudley Carlton; recitation, "My Shadow," by Miss Evelyn Selby; song, "The Heart of a Rose," by four little girls; reading, by Mrs. Jas. McElroy; song, "The Rose of No Man's Land," by M. Rouse and Helen McElroy, the girls being dressed as Red Cross nurses; recitation by Mrs. Geo. Hutchins. A very pleasant evening closed by all singing "God Save the King."

GENERAL NOTES.

"Honour" or "Honour"? The Oxford Dictionary authorizes both spellings, but "honour" is the more frequent spelling in the Middle English period "down to the 17th century. In the Shakespeare Folio of 1623, 'honour' is about twice as frequent as 'honour'. The two forms appear indiscriminately in the early 17th century dictionaries, but 'honour' was favored by Phillips, Kersey, Bayly and Johnson. Ash, 1775, adopted 'honour' (a modern but correct spelling), and this is said to have been fashionable at the time. Nevertheless, 'honour' carried the majority of English suffrages eventually, while 'honour' was (under the lead of Noah Webster) generally accepted in the United States. One of the lexicographers tells us that 'honour', 'labour', 'etc.', etc., established in England when courtiers, imitating the broken English of the court, pronounced these words as if spelled 'honour', 'labour', etc., with the accent on the second syllable. In Ontario the spelling in the official publications is 'honour', but in one of the Australian States the official spelling is 'honour'.

MORE INTEREST IN SHERBROOKE LIBRARY NOW

Ladies' Committee Busy — New
Books Added — Some Old Ones
Discarded — Plans for Future.

It will be of interest to many in this
city to know that efforts are being
put forward to improve the Public Li-
brary which, should be an important
source of education for the public.

The Ladies' Committee is composed
of Mrs. E. J. Page as convener, Mrs.
John Leonard, Secretary and the fol-
lowing members, Mrs. Odell, Mrs.
Farnham, Mrs. E. M. Adams, Mrs. A.
L. Parker, Mrs. Bissell, Mrs. Kin-
kead, the Misses Palmer, Haight, M.
Moe and C. Edmonds. These ladies
are proving indefatigable workers.

Since September they have given the
following social functions, "An hour
of music" arranged by Mrs. Alberta
LeBaron Adams, moving picture bene-
fit night, bridge and "500" party, the
financial results of which were \$150.

This evening they are hold-
ing a dance in the Army which is
expected to add to their financial re-
sources. The Ladies' Committee, in
conjunction with the Men's Commit-
tee, have undertaken a thorough go-
ing over of the books, and Mrs. E. J.
Page is overlooking the relisting of
the fiction section.

Many old books have been discar-
ded, these having apparently "gone
rounds," as they have not been asked
for in many months, and it was de-
cided the space was needed for more
modern reading. Quite a number of
these, although the worse for wear,
have been sold, a number have been
donated to a Sunday School library
being started near Bury, and others
sent to the G. W. V. A. Dormitory.

Others which were considered worth
a new binding are being rebound, and
will be returned to the shelves. There
are still some to be disposed of, wear
will be sold to readers who do not
mind a torn binding if the story is
good. About \$80 has been ex-
pended in new books, but in referring
to the needs of the library, Miss Mor-
rison, the librarian said "the demand
is larger than ever before, and the sup-
ply is inadequate. Big subscriptions
are needed to carry on the work."

Among the recent additions to the
library is "The Chronicles of Cana-
da" by Canadian writers. These are
in 32 volumes and the whole is an his-
torical review of Canada from the
"Dawn of Canadian History" to the
chronicles of the present time, and
undoubtedly will be of great benefit
to those seeking references in Cana-
dian History. Lippincott's Gazette
has also been added, and it is the in-
tention of the committees to supply
the library with every facility for
useful knowledge and pleasant re-
creation that can be provided.

FOUR FREIGHT CARS DERAILED ON Q.C.R.

Accident Near St. Gerad Holds
Up Sherbrooke Trains — Dam-
age Slight.

Owing to a broken "journal" on the
truck of a car loaded with asbestos,
four freight cars were derailed at St.
Gerard, on the Quebec Central Rail-
way on Saturday last, necessitating
the transshipment of passengers from
the Quebec train due to arrive at
Sherbrooke at one o'clock, thus delay-
ing the train one hour.

The damage was very slight, and
care was all placed on the track, and
through traffic resumed, without ne-
cessitating transshipping passengers on
the afternoon train.

MacDonald will give a paper entitled
"The Battalion of Life," and Mrs. Geo.
Ogston will be the soloist. Five life
membership certificates will be pre-
sented at this meeting. All ladies are
invited.

The Young People's Society will
meet on Tuesday, at 7.45 in the Church
Hall, for the purpose of paying a
fraternal visit to the Methodist Young
People's Society. A good programme,
and all young people invited.

Victoria Missionary Society meets
on Tuesday at 7.45 in the Bible Class
room.

Wednesday—The Annual Congrega-
tional Meeting on Wednesday, at 7.45
in the Church Hall. Reports from the
different church organizations and
business of importance to be trans-
acted. All connected in any way with
the congregation urged to be present.

Traill Rangers on Wednesday at
7.30 p. m.

Thursday—The Ladies' Aid Society
meets on Thursday, at three o'clock,
in the home of Mrs. Gordon Miller,
14 Macgill Street. Tea served. Mrs.
A. W. Cleveland and Mrs. G. Miller
will be the hostesses. All ladies of the
congregation and their friends invited.

Taxis Boys meet on Thursday at
7.30 p. m.

Friday—Choir practice on Friday
evening.

PLYMOUTH CHURCH WEEKLY
NOTES.

The Church Board will meet to-
night at 8 o'clock.

The Junior Choir will meet tomor-
row night at 7 o'clock, instead of
Thursday night.

The Rev. T. W. Davidson, of Cal-
vary Church, Montreal, will deliver his
lecture on "Mary Queen of Scots," in
Plymouth Hall on Thursday night at
8.15. The lecture will be illustrated
by a large number of very beautiful
lantern slides and interspersed with
Scottish songs. After the lecture has
begun, entrance will be by the lower
door of the basement of the church.
This is a fine chance to hear a good
lecture on one of the most romantic
and fascinating figures in Scottish
history.

There will be a meeting of the men
of the congregation in Plymouth Hall
on Friday evening at 8 o'clock. All
are requested to attend to discuss the
plans for the Forward Movement
Campaign.

ST. PAUL'S DAY OBSERVED IN THE CHURCHES

Anglican and Roman Catholic
Churches Celebrated the Festi-
val — News of the Churches.

The Conversion of St. Paul was
commemorated yesterday in the Angli-
can Churches by services of a mis-
sionary character, and at the Church
of the Advent appropriate sermons
were given by the Rector at both
morning and evening services.

During his morning address, the
preacher said: "God did not intend
that we should dwell upon the thought
that we are 'miserable sinners,' but
rather that we are needy sinners; the
true sense of need is the first step to-
wards personal humility."

The text of the evening sermon was
the well-remembered words of St.
Paul, "Lord, what would Thou have
me to do?"

Mission hymns, and the special
hymn for St. Paul's Day, "We Sing
the Glorious Conquest," were sung,
with the evening recessional, "For All
the Saints."

SERVICE AT ST. PETER'S.
Yesterday, the festival of the Con-
version of St. Paul, was observed in
the Anglican and Roman Catholic
Churches.

At St. Peter's Church, Holy Com-
munion was celebrated at eight o-
clock, and at the morning service; the
Collect for the day was used, together
with special lessons and hymns.

The sermon by Rev. E. C. Russell,
dealt with the wonderful, but simply
told story of the calling of St. Paul,
hitherto an enemy and persecutor of
Christ and His followers, to be a de-
voted servant of the Master, and the les-
sons to be drawn from this conver-
sion.

SERMON ON CONVERSION.
St. Peter's Church on Sunday
morning the Rev. E. C. Russell took
as his topic for the sermon, "Light
at the city gate." Mr. Russell dealt
with the conversion of St. Paul, and
pointed out how Almighty God can change
the current of a man's life and awaken
him to the things which count in life.

Bigotry, misdirected zeal and bit-
terness can be changed by the love of
God into service and love, and no bet-
ter instance of this can be cited than
Saul, the persecutor, turned into Paul,
the humble servant of Jesus Christ.

MISSIONARY SPEAKS AT PLY-
MOUTH.
The congregation that assembled in
Plymouth Church yesterday morning
had a glimpse of modern missionary
enterprise. The Rev. John T. Tucker
displayed the panorama of the mis-
sionary's life and work, which had
real thrills in it. "If you want thrills,
come back to Africa with me," he said.

"I have been to the movies two or
three times since I returned, but I
found them terribly dull and tame. I
have been so used to great things
which give you the real thing, that I
found I could not stand that which
people here seek for entertainment."

With quiet restraint, in graphic
phrase, he told his story. His work be-
gan in Chisamba, in the province of
Ango, West Central Africa, but after
four years he was sent to begin a new
big educational enterprise at Dondi.
Going into the territory, having se-
cured a concession of ten thousand
acres from the Portuguese government
he began with one native mud and
grass hut. Today there is an institu-
tion where students to educate men
for the evangelization of Africa. Their
training includes literary, theological
and musical subjects. But this is not
enough for the African. He has to be
trained in trades and agriculture, in
order that the natives may learn a
higher life from the soil upwards.

The mission has large trades shops,
an experimental farm, a hospital, and
other features of vital importance to
the complete reconstruction of the so-
cial unit. In addition to these, Mr.
Tucker has purchased an electric plant
and will furnish power and light for
the shops and houses. Fine buildings
have been erected, built by the natives,
the brick and tile and all the sawn
lumber having been made by them. It
was a notable story of enterprise and
achievement.

In conclusion, Mr. Tucker drew at-
tention to the fact that there is a
widely spread movement among the
natives away from the paganism of
the past, and Africa stands now at the
cross roads of Christianity and Moham-
medanism. Which will dominate de-
pends upon the support the missions
of the church receives from those who
stay at home. British officials are
watching the movement with deep in-
terest, for they understand the signifi-
cance of these possibilities.

Mr. Tucker was heard with deep in-
terest and closest attention. He also
spoke to the school in the afternoon,
before leaving for Melbourne, where
he was to speak at night. His visit was
very valuable as a contribution of in-
formation in connection with the For-
ward Movement, as the work is one of
the enterprises of the Congregational
Missionary Society.

NEED ANOTHER BUILDING AT THE MARKET

Addition Is To Be Proposed for
This Year — Figures for 1920
Operations.

The report for the Lonsdowne Mar-
ket shows the total receipts as fol-
lows:
Steals, \$14,398.88.
Cellar, \$322.32.
Teams, \$416.05.
Fertilizer, \$14.25.
Material, \$20.50.
Paper sold, \$2,456.21.
Total, \$17,628.21.

The operating and maintaining ex-
penses amounted to \$4,375.50, the sal-
ary item of \$2,752 being the largest.
The expenditures charged to capital
account amounted to \$8,150.

The chairman, Ald. A. C. Skinner,
it is understood, will ask an appropri-
ation this year to provide for an ad-
ditional building in order to meet the
growing demands of the market.

It is felt that the greater the ac-
commodation the larger the attend-
ance of vendors, and consequently the
better for the consumer.

Picture your furniture and wood work as you first saw them, radiant and sparkling—and you will have some idea of how they will look when cleaned and polished the O-Cedar way. This is the Polish that "cleans as it polishes." Instead of just covering up the grime with a mere "surface polish," O-Cedar gets right at the grain of the wood, and so brings out its beauty and charm.

That is why the O-Cedar result is so permanently satisfying—a high dry lustre that lasts.

SHERBROOKE BURNS CLUB HOLDS ANNUAL BANQUET ON BIRTHDAY OF SCOTLAND'S NATIONAL POET

Gathering of the Clans at the Chateau Frontenac, Where Entertaining Programme is Given and Several Addresses Heard — Mr. A. S. Dunsmore Proposes Toast to Bard's Memory and Speaks on His Life and Work.

To honor the memory of the beloved Robbie Burns, Scotland's National poet, was the purpose of Saturday evening's gathering of the clans, when the Scotchmen of Sherbrooke congregated at the Chateau Frontenac, for the annual banquet of the Burns Club, which has become a veritable institution in the city.

"Twas a true Scotch evening, and the burr of the 'hielands' was prevalent in the gay conversation, which went the rounds of the tables, on which a dinner worthy of the good Scotch appetites had been prepared by Mr. J. A. Waite, the host of the occasion.

As the bonnie company marched into the dining hall, Mr. Turner, who was overseas for some years with a Highland regiment, as piper, struck up a tune on the bagpipes, and the same music, fitting in with the general Scotch atmosphere, was continued at intervals throughout the evening.

After the repeat had been disposed of, Mr. J. R. Duncan, president of the Burns Club, introduced the speakers in a few well-chosen remarks and proposed the toast to the King.

A song, "There Was a Lad" by Mr. George Dick, was followed by "Wee Doch An' Doris," that swinging tune that is sung wherever Scotsmen gather, and in the chorus of which the company joined. "Mary," by Mr. William Scott; and "My Ain Wee Hoose," were sung respectively by Mr. William Scott and Captain Fraser.

The principal address of the evening, was by Mr. A. S. Dunsmore, who spoke on the well-beloved poet of Scotland, his work, his message and his life.

"The last time I had the privilege of proposing the toast to the immortal memory of old Scotland's National poet," he said, "I did so with a good deal of fear and trembling. But there is a good difference this year to my peace of mind as that the task was laid on my shoulders three weeks before the date of throwing it off came. There is no one realizes the magnitude of the task before me more than myself, for it should be the endeavour of all men, when addressing a public audience to make his remarks both instructive and pleasing. Had I that gift, my yoke would be easy and my burden light.

"Bobbie Burns, as he is familiarly known, was a unique personage in many ways. I think I said the last time I addressed you, that poets were born not made, and in relation to Burns that is absolutely true. On the twenty-fifth of January, 1759, it was then a blast of January wind blew in the world's greatest poet, in a plain and humble home in Auld Ayr, where no one too surprised for honest men and bonnie lasses. With none of this world's gear or glitter behind him, and a good deal of hardship before him, he had to fight his way ahead. But it was as his brother said of him, 'He was so fired by his muse, he simply bubbled over with it. His memory is a striking illustration of the fact you cannot destroy a man when he stands as Burns stood, solitary, unshaken and majestic, towering above, and condemning everything he saw or heard that was not right or fair, and giving his genius to the country he so dearly loved. You may burn, cut, or crucify the body, but who does that stand for some immortal truth, his soul emerges from the casket and travels down the path of history and

time. How true these words are. You will recall how deeply he loved Scotland in the poems he penned. When he was about to leave her shores, for the Indies.

HIS EARLIER CAREER.

"He was unacquainted with the necessary requisites of commencing poetry by rule, he sang the sentiments and manners he felt, and saw in himself and his rustic compeers around him, in his and their native language. Though a rhymist from his earliest years, at least from the earliest impulse of the softer passions, it was not until late in his life, that the applause and perhaps the partiality of friendship awakened his vanity so far as to make him think anything of his work worth showing; and we are told that none of his earlier work was composed with a view to the press. To amuse himself with the little creations of his own fancy, amid the toil and fatigue of a laborious life; to transcribe, the various feelings the loves, the griefs, the hopes, the fears, in his own breast, to find some counterpoise to the struggle of a world, always a task uncouth to the poetical mind; these were his motives for courting the muse, and in these he found poetry to be its own reward.

"When the first edition of some of his poems and songs were printed, he said of himself: 'If any of the critics catches at the word genius, the author tells them once and for all that he certainly looks upon himself as having some poetical abilities, but to the genius of a Ramsay or the glories of the unfortunate Ferguson, he declared that even in his highest pulse of vanity he had not the most distant pretensions.'

"In another part of his life's biography he tells us, he was simply a Scottish Bard and proud of the name, and whose highest ambition was to sing in his country service. The poetical genius of my country found me as the prophetic bard, and threw her inspiring mantle over me. She bade me sing the loves, the joys, the rural scenes, the rural pleasures, of my native soil in my native tongue.

"How well he has done that all his readers know."

PROGRAMME IS CONTINUED.

There followed, a song by Mr. E. Johnston, and a toast to "The Folks that Bide in Sherbrooke," by Mr. Firmin Campbell; after which Mr. J. C. Stewart sang "Roses of Picardy," and "Charlie is My Darling."

"The Land We Live In," was the subject of a toast and address by Mr. John Leonard, K. C., who spoke in a jovial manner. "Tam O' Shanter" was recited by Mr. George Dick, and a song, "The Hundred Pipers," by the same artist, followed another bagpipe selection.

Mr. Scott, Mr. Johnston, Mr. Stewart, and Mr. Jacob Dick, also sang, accompaniments being played by Mr. George Ogston.

Votes of thanks by the chairman, to all who assisted in the programme, and a vote of thanks to the chairman, by Mr. J. A. Waite, were followed by "God Save the King," and "Auld Lang Syne," after which the party dispersed.

RUSSIA ASKS TRANSFER OF THE NEGOTIATIONS

(Associated Press Despatch)
LONDON, Jan. 26.—The Russian Soviet Government, says a Moscow wireless despatch, has addressed a note to the British Government, requesting the transfer to some other country of the negotiations which have been going on at Copenhagen, being M. Litvinoff for the Soviet Republic, and Mr. O'Grady, on behalf of Great Britain, looking to an exchange of prisoners. The request is made because of an alleged violation by Denmark of her promise of the freedom of movement and the choice of residence by the delegates.

ARREST ANOTHER MEMBER OF THE MILITARY FORCE

Charged that J. H. Horman Failed to Turn in Fines Collected from Defaulters.

(Associated Press Despatch)
QUEBEC, Jan. 26.—Dominion Police Inspector J. H. Horman, formerly in charge at Riviere du Loup, who was arrested in Malden, Mass., last week on the charge of embezzling a sum of about six thousand dollars, was taken to Riviere du Loup on Friday, but as a result of a hostile demonstration about the station on his arrival it was decided, with the permission of the Attorney-General, to bring the prisoner to Quebec, as fears were entertained for his safety at Riviere du Loup.

Horman is charged with collecting fines from military defaulters and failing to turn them over to the court. The amounts are said to exceed six thousand dollars.

The people are very much aroused against Horman, and no attempts were made to take him from the police.

Horman arrived in Quebec yesterday, and was lodged in the Quebec jail pending further instructions from the Attorney-General.

chene blouse and blue velvet hat. Mr. Matthew Cox, brother of the groom, acted as best man.

The church was prettily decorated for the occasion. Appropriate music was rendered by the choir during the ceremony, after which the bridal party left the church to the strains of the wedding march, and repaired to the Sacristy, where they received the congratulations of friends and guests.

A reception was held at the home of the bride, where a wedding dinner and tea were served to about thirty guests. On Friday evening a large reception was held at the home of the groom, about one hundred guests being present.

MEGANTIC CO. HAPPENINGS

Budget of News from Various Sections of the County.

INVERNESS

The community at large was greatly shocked on Monday last when news reached here of the sudden death of Mr. Samuel W. Mooney, of Toronto, a native of Inverness, who resided here until a few years ago. Mr. Mooney was stricken down while selling stock at the Union stock yards, Toronto, and his death was a severe blow to his family and friends.

Messrs. Wm. Johnston and E. Roberge left Tuesday for Toronto to attend the funeral, which was held Thursday afternoon.

A Red Cross meeting was held in the council room on Thursday. In the absence of the president, Mr. Miller, and the vice-president, Father Boyd, Mr. J. McCannan was appointed chairman pro tem. A letter was read from Miss Phillips, Hon. Sec., Montreal, asking that a supply of caps and scarfs be knitted and sent in to headquarters. After discussion it was moved by Mrs. Rothera, that owing to lateness of the season and time required to obtain yarn, it would be inadvisable to take up this work. The motion was carried unanimously. The resignation of Mrs. Kimball as treasurer was presented and tabled until next meeting. The treasurer's report, showing a balance on hand of \$154.31, was on motion, adopted, after which the meeting was adjourned.

The Inverness Snowshoe Club held its first meet on Tuesday last in the Court House hall, which they have rented for the season. The hostesses were Misses A. E. Kimball, C. Goff and A. Murchie. Twenty-four were present, and the evening passed pleasantly in games. The membership is limited to fifty, and a number of names are now before the committee.

Rev. A. Jones, who has spent the past two months in England, arrived here Friday, having reached Quebec on the S.S. Grampian on Thursday.

Mr. Gene Mosher and Mr. Fred Ross went to Quebec on Wednesday, on business.

College Notes

The severe weather during last week kept many of the younger pupils at home. On Monday the college was so cold that some of the classes had to be dismissed for the morning session. In some of the rooms the thermometer read as low as thirty.

The rink has been cleared after the big snowfall and skating is in full swing again.

Recent visitors to the college were, Commissioners C. J. Hill and W. J. Ewing, Messrs. P. C. Dubois and W. Haywood and Miss Ella Potter.

Rules have been drawn up for the skating rink and also for the girls' rest room.

K. OF C. TEAM
DEFEATS THE
5TH C. G. R.

Eight to One is Score when Visiting Quebec Team Comes Here Saturday.

In a thrilling game, which although ending in a one-sided score, was by no means easily won, the Knights of Columbus team of Sherbrooke, on Saturday defeated the visiting aggregation of the 5th Canadian Garrison Regiment, from Quebec, the first team from the Ancient Capital to visit Sherbrooke in seven years. The final tally was 8 to 1.

The game started late, and the Quebec team labored under a disadvantage, having gone onto the ice directly from the train. They had missed the Grand Trunk train, on which they were to have arrived at five o'clock, and on taking the Q. C. R., were then supposed to arrive at 8.45. A wreck on the line, however, tied up the service for while, and the team did not arrive in Sherbrooke until ten o'clock. A large crowd was on hand, anxiously awaiting the arrival of the team, and the news of their hardships having spread, they were greeted with a cheer on stepping upon the ice.

The game was fast, despite the fact that the Quebec team were obviously tired from the numerous delays, and unusually clean. "Punch" Hawkins scored the only goal in the first period, for the local lads, with a nice bit of stick handling and a full length run.

In the second period, Hebert scored two for the K. C., Kenalty two, Maguire one, and Redmond one, while Drouin registered the only score of the evening for the visitors.

Gerald Wiggett handled the game, while the line-ups were as follows:

K. of C.—Arguin, Maguire, A. Hawkins, Hebert, Kenalty, Chevalier, P. Hawkins, H. Redmond Langis and G. Grant.

5th C.G.R.—Sullivan, O'Brien, Kane, Hawkins, Drouin, H. Dinan, Powers, F. Dinan and Rooney.

ST. PATS PLAY TIE GAME ON VISIT TO BERLIN, N. H.
BERLIN, N. H., Jan. 26.—(Special)—The St. Patrick's team of Sherbrooke, played a tie game with the local city team on Saturday, the final score being two all, and the greater part of the game being played in a snow storm.

The local team started the scoring in the first period, Dupont tallying the first goal, while another, of uncertain origin, was scored from a scrimmage. In the second period, there was no score, but in the last frame, the St. Pats came back, and Wolf, who played a star game for the visitors, put over two goals in quick succession, evening up the score.

Because of the snow, no over-time was played, and the game called at the tie.

ST. REGIS DROPS OUT OF INTER-MEDIATE LEAGUE.

As a protest against the use of Wolf, of St. Pats, and O'Donnell, of Bishop, with a double headed, St. game against St. Regis, the latter team have decided to retire from the Intermediate League, unless the schedule was started over.

After much discussion, it has been decided to wipe the slate clean, and the schedule will start over again this evening, with a double headed, St. Pats and Dollard will play first, and St. Regis will meet Bishop's College.

SENATORS LOST AT TORONTO
(Associated Press Despatch)
TORONTO, Jan. 26.—Ottawa defeated by St. Patrick's on Saturday, by the score of five to three.

The Senators are now tied with the Canadiens for the championship of the first half of the season. The Senator's goal keeper was warned off for attacking a player, but the game was otherwise devoid of incident.

CANADIENS DEFEATED QUEBEC
(Associated Press Despatch)
QUEBEC, Jan. 26.—The Canadiens defeated Quebec, eight to four, on Saturday. The Quebec defence cracked under the strain in the third period, and the Canadiens ran in four goals in a row.

The game was featured by many brilliant rushes. Carpenter did fine work for Quebec, taking the puck once from near his own goal, going right through the Canadian team, and drawing Vezina out, tapped the puck into an empty goal.

After the first ten minutes of the last period, the game was never in doubt.

HEAD OF LIVE
STOCK EXCHANGE
DIES SUDDENLY

The Late Mr. S. W. Mooney, of Toronto, Well Known Throughout the Eastern Townships.

The death of Mr. Samuel W. Mooney, president of the Live Stock Exchange, Toronto, who passed away suddenly in that city on January 20, removes from business centres a well-known and highly-respected business man. The late Mr. Mooney was born at Inverness, Megantic county, in 1865, and was prominent in business, social and political life, and was well known throughout the Eastern Townships, where he had spent much time in purchasing cattle for the Montreal and Quebec markets.

He disposed of his interests in the live stock business in 1914, and went to Toronto, where he has been closely connected with the Live Stock Exchange, being president at the time of his death.

He married Miss Edith Brouard in 1894, and had three sons, Charles, C. Eric and J. Reginald Mooney. He was a brother of Mr. George F. Mooney, of Inverness, also well known in the Eastern Townships.

NEW INDUSTRY
HAS LOCATED IN
DRUMMONDVILLE

Jencks Spinning Company is Added to Many New Factories Established There Recently.

(Special to The Record.)
DRUMMONDVILLE, Jan. 26.—

The inhabitants of Drummondville are very much astir these days, and speculating in real estate is quite common, consequent upon the establishment of several new industries, which require an industrial population not presently able to meet the wishes of manufacturers, and for whom a large quantity of new dwellings must be built.

The completion of the dam at Lord's Falls by the Southern Canada Power Co. enables 17,000 horse power to be used for manufacturing purposes, and the cheap rate at which it is offered encourages new work to locate here.

The Gossard Corset Co. are employing two hundred hands at excellent wages, full time, and propose erecting a new factory on standard lines at an early date.

The Butterfly Hosiery Company, which is a subsidiary of the Chipman-Holton Corporation, has nearly finished a new building two stories high and two hundred feet long, for which Messrs. A. F. Byers & Co. of Montreal, are the contractors, and their superintendent, Mr. Jack Jolley, says everything will be ready for installation of machinery by May 1.

But the chief addition to business activity is the entrance into Drummondville of the Jencks Spinning Machine Co. from Pawtucket, R. I. They have completed arrangements for thirty acres of land adjoining the C.P.R. tracks of the old Drummond County Railway, on which, immediately frost is out of the ground, a factory of five stories, five hundred feet long and two hundred feet wide, will be placed for cotton manufacturing.

One million dollars has been set aside for the building, and an additional million at least will be spent in equipment and furnishings.

Preparations of plans for erection of one hundred and fifty workmen's dwellings are under way, and they have to be of substantial materials, with best sanitary arrangements.

The mayor, J. O. Montplaisir, seconded by the town clerk of Drummondville, Mr. Walter Moisan, N.P., are especially to have the credit of successfully interesting the large cotton company to locate on the banks of the St. Francis river. Mr. Moisan is president of the Chambre de Commerce of Drummondville for the current year.

Another quite notable event will be the early opening by the Royal Bank of Canada of a branch on Heriot street, and later they will build, having purchased already the vacant lot corner of Heriot street and St. Cyrille road.

Heads of families are rejoicing greatly at the prospect of their children being able to find satisfactory employment, with possible openings of promise in the commercial life of their town, instead of having, as hitherto, mostly to go from home to earn a living.

bers signed the club register at the Sherbrooke Snowshoe Club register on Saturday afternoon.

Captain Ransenhousen led the tramp across the fields, in which a large number of the ladies joined.

An appetizing supper was served at the club house, and the evening was spent in dancing, with McIver's Orchestra in attendance.

The members of Tuque Rouge Club will be the guests of the Sherbrooke Club on Wednesday evening of this week.

At His Majesty's Theatre.

A photoplay which was incorrectly advertised for last week, comes to His Majesty's today and tomorrow, in "The Illustrious Prince," starring Sessue Hayakawa, the story being one of the revenge of a Japanese prince, with the usual inter-racial love theme running through it.

On Wednesday and Thursday, Peggy Hyland is featured in "A Girl in Bohemia," which seems to be an entertaining story of a girl novelist, the Greenwich Village quarter of New York, a murder mystery, and a rather conventional surprise at the end.

Will Rogers, comedy luminary of the Zeigfeld Follies, recently converted to the art of the flickering shadows, stars in "Jubilo," on Friday and Saturday, which is the tale of a hobo, who finds love and goes to work, after considerable tribulation. "A human interest story of plain people," is the description of the press notices.

At the Princess Theatre.
Constance Talmadge in "Romance and Arabella," the story of a prosaic man and a romantic girl, is the feature at the Princess today and tomorrow.

On Wednesday and Thursday, "The Gunfighting Gentleman" is the vehicle for Harry Carey, the photoplay being of the western type; while on Friday and Saturday, Marguerite Clark is starred in "Girls," one of the little pictures in which the dainty little actress has ever been seen.

At the Premier Theatre
A week's bill of much variety, and containing the elements which make for popularity, is the programme for the next few days at the Premier,

which starts today with Cyril Maude and Violet Hemming in "Winning His Wife," a feature production which has an excellent cast and story; Charlie Chaplin, in "A Day's Pleasure," and the first spasm of a new serial, "The Lion Man."

Anita Stewart is the star in "Sins of the Mothers," on Wednesday and Thursday, when a story of an inherited passion for gambling will be portrayed.

On Friday and Saturday, Norma Ralmade is starred in "The Probation Wife," which is a story of the regeneration of a former dance hall beauty, and which gives the charming star an opportunity for much versatility.

QUITE A DECLINE
IN THE NUMBER
OF EMPLOYED

(Associated Press Despatch)
 OTTAWA, Ont., Jan. 26.—The week ending January 3rd showed a further decline in the volume of employment, according to figures supplied by the Employment Service of Canada, Department of Labor.

The Maritime Provinces and British Columbia registered nominal increases, but Quebec, Ontario and the Prairie Provinces had substantial declines. Ontario had the most noteworthy decline. All the provinces except the Prairie Provinces, anticipated additions for the week of January 10th.

All groups, with the exception of lumbering, shipping and longshoremen, reported decreases in staffs, the decline still being largely caused by curtailment of activities during the usual stock-taking and inventory period.

PAPER CURRENCY HAS INCREASED 600 PER CENT.

World Debt is Estimated at \$200,000,000,000 Compared with \$40,000,000,000 in 1914.

(Associated Press Despatch)
 NEW YORK, Jan. 26.—Paper currency throughout the world increased 600 per cent. since the beginning of the war in 1914, while the gold reserve behind it increased only 40 per cent., according to statistics compiled by the National City Bank, published today.

The face value of paper currency of thirty principal countries, which totalled \$7,250,000,000 in 1914, it was stated, increased to \$40,000,000,000 at the time of the armistice, and to \$50,000,000,000 in December, 1919, exclusive of \$34,000,000,000 issued by the Russian Soviet Government. The world debt was estimated at \$200,000,000,000 compared with \$40,000,000,000 in 1914.

STRONGER TONE NOTED IN PRICES FOR CORN

(Associated Press Despatch)
 CHICAGO, Jan. 26.—Cold wave forecasts, together with a sharp upturn in hog values, had a strengthening effect on the corn market today. The January delivery was the most sensitive to buying, and was carried to new top prices for the season. Complaints of car scarcity continued.

Opening quotations, which varied from the same as Saturday's finish to 1 1/2 cents higher, with May \$1.36 to \$1.36 1/2 and July \$1.33 1/2 to \$1.33 3/4, were followed by moderate reactions.

Although dull, oats were firm with corn. After opening unchanged to 1/4 cent higher, including May at 83 1/2 to 83 3/4 cents, the market held at about the initial figures. Provisions at first reflected the strength of hogs and grain. Later a sag took place as a result of scattered selling.

THE MONTREAL CATTLE MARKET QUOTATIONS

(Associated Press Despatch)
 MONTREAL, Jan. 26.—Dominion livestock branch:

RATES ON FRENCH, ITALIAN AND GERMAN EXCHANGE REACH NEW LOW LEVELS

NEW YORK, Jan. 26.—Rates on French, Italian and German exchange dropped to new low levels in the local market today. Demand bills on the pound sterling were quoted at \$3.60, off 2 1/2 cents from Saturday's close, and one-quarter of a cent above the record low. Franc cheques were quoted at the rate of 12.27 for the dollar, and lire checks at the rate of 14.42. The German mark worth between 23 and 24 cents before the war, was quoted today at 1.09 cents.

The premium on Canadian money in the New York market registered a sharp advance to 101 1/2 per cent.

LAND TAXES IN EGYPT IN- creased.

NEW YORK PRESS MARKET COMMENT

(Furnished by McManamy & Walsh.)

Sun.—The weekly crop of letters sent out indicated on the part of the big Wall Street houses a character of doubt as to what the immediate trend of security prices would be. The opinion was more or less unanimous that trading would continue slow and that no big markets were to be expected under existing circumstances.

Tribune.—There are indications that the heavy liquidation and extensive short selling of recent weeks have left the market in an oversold condition, so that any definitely favorable development, such as for example the enactment of constructive railroad legislation or the ending of the treaty squabble, might easily cause a rebound in prices.

Times.—It is becoming more and more evident that the financial and business communities are studying the longer outlook for credit and distribution of goods, putting in a subordinate position events of the present.

Journal of Commerce.—What the whole situation does mean is that a determined contraction policy is being pushed forward and that it will necessarily cut off the supplies available to all branches of market. This should result not necessarily in further depression of market.

Wall Street Journal will say today: Crucible will authorize \$50,000,000 new common. Plan to convert large surplus into capital, which will be distributed to stockholders.

American Writing Paper advances prices 20 c.

Kennecott sells \$15,000,000 notes. Cuban American Sugar may proceed with recapitalization. Company may not wait for stock dividend case decision.

Pressed steel ought to show about \$14 a share. Report out next month will be first statement of 1919. Operations to be made by one of big equipment companies.

Rock Island, Arkansas and Louisiana first 4 1/2 are relatively low, selling around 62 1/2.

MONTREAL MARKET COMMENT.

Upon the declaration of the usual quarterly dividend of 3 p.c. on Canada Forgings on Saturday, the stock moved up sharply. The outstanding par value of the common stock is only \$1,000,000,000 and the market narrow. There was a revival of the old rumor of its affiliation with some U. S. interests and that the consummation of the deal whereby this would be affected would accrue to the financial advantage of Forgings' shareholders.

WALL STREET MARKET AGAIN IRREGULAR

(Associated Press Despatch)

NEW YORK, Jan. 26.—(Wall St. Noon).—The market became more irregular in the early dealings, but hardened at the first indication of support. Improvement was especially perceptible among stocks where the shorts recently were most active.

Other issues in which prospective favorable dividend action is contemplated also strengthened. Gains were temporarily shaded on publication of Foreign Exchange quotations, showing fresh weakness in that quarter, but losses were largely recovered at noon.

Call money opened at seven per cent., an easy rate, considering last week's loss of Clearing House reserves.

BROMPTON PULP AND PAPER MILL WILL PAY TAXES

Agreement Reached with Town of East Angus Concerning Much Debated Legislative Bill.

(Special To The Record.)
EAST ANGUS, Jan. 26.—Much interest throughout this vicinity has been occasioned by the bill recently presented before the Quebec Legislature, asking that the Brompton Pulp and Paper Company be required to pay taxes from June last, in accordance with a decision of the County Council, which reduced the period of exemption from taxation, from twenty-five to twelve years, and the settlement of the matter has also caused much satisfaction.

When the mill was first started here, an agreement that the company be granted exemption from taxation for 25 years was made by the Township of Westbury. Some years later, a motion was placed before the county council, asking that the period of ex-

MUST STAND HIS TRIAL FOR FALSE PRETENCE

Louis Gervais is Bound Over by Magistrate — Juvenile is Sent to Reform School.

That Louis Gervais, of Sherbrooke, must stand his trial on a charge of obtaining money under false pretenses, at the next session of the Court of King's Bench, was the judgment of District Magistrate Muirhead, rendered on Saturday, when the case came up in the local Court for preliminary hearing.

The charge was laid by F. X. Gagnon, who had cashed the cheque for Gervais, when the latter had no funds in the bank on which the order was made. Evidence was heard, and the accused bound over, and choosing a jury trial, was allowed out on \$2,000 bail, of which \$1,000 was furnished by himself and \$500. each by two bondsmen.

Mr. Emile Rioux, K. C., appeared for the prosecution, and Mr. C. C. Cabana for the defence.

THREE YEARS IN REFORM SCHOOL FOR JUVENILE.
Armand Couture, fifteen years of age, was sentenced to three years in the Montreal Reform School, in the Magistrate's Court, on several charges of theft, and for general incorrigibility, the complainant being his father, Mr. Joseph Couture, of Rock Island, who stated that he could do nothing with the lad.

emption be reduced from 25 to 12 years and this was adopted, the twelve year period expiring last June.

The company took the matter before the Quebec Legislature, stating that the council had no right to reduce the time allowed by the former agreement, and alleging that the company should pay this year, a tax of \$13,000 on their \$900,000 valuation. The matter was debated, and after adjournment, it was finally settled, the company agreeing to pay for the next twenty years, taxes which will be levied on a basis of valuation which will not exceed \$950,000, and the town consenting to the agreement.

DEEP, DARK MYSTERY OF GRUESOME FIND AT COATICOOK WAS CLEARED UP IN A MOST AMUSING MANNER

Dog Belonging to Mr. F. Whiteleg Retrieved What Was Thought to be a Human Leg, but Which Proved to be Only the Nether Member of a Prodigal Pet Bear.

(Special To The Record.)
COATICOOK, Jan. 26.—To labor under the impression that he had unearthed a perfectly good mystery, perchance a singularly gruesome murder, only to be disillusioned by having the mystery cleared up in a most innocent and amusing manner, was the disappointing and yet relieving experience of Mr. J. Whiteleg, of this town on Saturday last.

One day, during the latter part of last week, Mr. Whiteleg's dog, celebrated as a retriever, returned to his master's home on the Compagnie Road, with a gruesome article, which, in all appearances, was the nether part of a human leg. Consternation reigned, and Dr. Comtois was immediately consulted. The plot thickened, as the doctor inspected the article in question, and pronounced it to be the leg of a human being, of the age of about sixteen, which had apparently been severed from its parent body by a blunt instrument. Coroner Bachand, of Sherbrooke, was notified, and further investigation immediately started.

Now in the neighboring community resides a man, one Roi by name, who has had in his possession for some time past, a pet bear, which was the pride of his heart, and which, domesticated since early youth, had been allowed a certain amount of freedom. During last week, the animal had wandered away from its own fireside, perchance yielding to the call of the wild in its once untamed heart, and had gone forth in search of adventure. After a brief absence, it had returned, somewhat the worse for wear, and minus its right leg, which it is presumed, became caught in a trap at some time during the animal's wanderings.

The facts of this sad case came to the notice of those investigating the mystery of the alleged "human leg," and brought them the idea of a clue. Other doctors were called in, and the verdict finally given was that the gruesome find of Mr. Whiteleg's dog was none other than the missing member of Mr. Roi's unfortunate bear, the leg apparently having been stripped of its fur by being dragged through the jaws of the trap.

So the mystery was cleared up, and if the investigators were disappointed, they were at least decidedly amused, while Mr. Whiteleg's dog, who was responsible for exciting the entire community, is going around with a slightly doubtful, but decidedly perceptible grin.

ST. JOHN'S BOARD OF TRADE HOLDS ANNUAL BANQUET

Interesting Addresses Heard at Opening Function of New Organization — City Council Held Meeting.

ST. JOHN'S, Que., January 26.—(Special.)—That the St. John's Board of Trade has, after much effort and many disappointments, become a fait accompli was finally proved when its members emerged from the room assigned to them at the City Hall and entertained their guests and each other at their first annual banquet at the Windsor Hotel.

Not the least valuable feature of the function was the social hour spent together before guests and members to the number of 110 were assembled in the banquet hall. The walls were tastefully decorated with the flags of the Allies and the floral decorations were red carnations. Mr. J. A. Prezeau, President of the Board of Trade, presided and with him at the table of honour were Messrs. Joseph Demers, M.P., E. C. W. Trade, Oscar Morin, Deputy Minister of Municipal Affairs, Quebec, Ludger Gravel, ex-President Chambre de Commerce, Montreal, V. E. Morrill, President E. T. Boards of Trade, Rev. Father Lamarche, Rev. A. H. Moore, Rev. A. S. Doggett, and the heads of some of our principal industries. Among the latter was Mr. Kenworthy whose new St. John's plant began operations on Tuesday.

After a bountiful menu had been disposed of and the toast to His Majesty the King honoured, the President, Mr. Prezeau, made an able speech of welcome in which he outlined the history and aims of the St. John's Board of Trade.

Mr. J. Demers, M.P., in replying to the toast "Canada," made an eloquent and forceful speech. He declared that Canada must keep out the microbes of Bolshevism and proceeded to declare the need of public spirit and civic pride in St. John's.

Mr. Wilkins, of Farnham, gave valuable and wise counsel to the new organization out of his long experiences, and Mr. Gravel brought greetings from Montreal. Deputy Minister Morin explained the Quebec Government's housing plan and urged the St. John's authorities to get on the map. No one could listen to him without feeling that he is the right man to handle this work. He raised the biggest laugh of the evening and also the hope that this big movement to provide better housing conditions will not be allowed to pass us by.

Mr. V. E. Morrill brought a welcome into Board of Trade circles from the Eastern Townships and said that since St. John's "if not quite of the body was however of the soul of the Eastern Townships" he saw no reason why its Board of Trade should not join the 35 E. T. Boards, from Clarenceville to Megantic, now affiliated together. As citizens acting together could exercise a great influence so the Associated E. T. Boards of Trade make a power to be reckoned with. He invited St. John's to send a delegation to the next meeting of E. T. Boards in February and to consider affiliation.

Mayor Bouthillier was unable to be present, but wrote to greet the Board and express sympathy with their work. Great credit is due to the committee in charge of the banquet and more particularly to Mr. S. Poulin, Secretary, Mr. R. C. Stewart and Mr. J. A. Lusier who worked so hard to make it the unqualified success which it

AN INTERESTING JUDGMENT IN THE SUPERIOR COURT

Mr. Justice Globensky Rules that Regular Salary is Only Consideration in Compensation Act.

An important judgment in regard to the workmen's Compensation Act, which is lately forming the basis of considerable interest all over the Province, was recently given by Mr. Justice Globensky, in the local Superior Court.

The case in question was that of J. Odevi Cote against the Brompton Pulp and Paper Company, of East Angus. The plaintiff, who is a machinist in the employ of the company defendant, had taken an action for the sum of \$2,500 as damages for an accident which occurred last October, when the plaintiff lost the sight of his right eye.

The action was taken under the Workmen's Compensation Act which is allowed only to employees receiving less than \$1,200 a year. The defendant claimed that the plaintiff had received \$1,500 for his work during the year preceding the accident, but the plaintiff alleged that the amount received as regular wages was only \$1,045, and that the remainder was for overtime work.

A preliminary proceeding was taken by the defendant to have the action dismissed on the ground that it did not come under the act in question, and it was on this point that judgment was given, the Court deciding that the regular salary was the only consideration, and that wages received for overtime work were not to be taken account of.

It remains therefore for the plaintiff to show only the facts of the accident and the diminution of his capacity as a wage earner, as a consequence of it. The case proper will be taken up at a later date.

SUNDAY MOTION PICTURE CASE IS POSTPONED

Judgment Will Be Given by Mr. Justice Desy on February 20th Next.

The final decision as to whether Sherbrooke is to have Sunday motion pictures, as formerly, or whether all theatres and places of amusement must remain closed on the Sabbath, as at present, will be given on February 20th, when judgment is to be rendered in the test cases of the Lord's Day Alliance against Rodolphe Vallee, proprietor of the Casino Theatre, and Judge Alfred Desy, of Three Rivers, sat in the Court of King's Bench here on Saturday and after refusing applications for appeals made in the Tremblay, Labrie, Brault and Mace cases, the "Casino case," which has hung fire for almost a year, was taken up. Mr. N. K. Lafamme, K.C., for the defence, argued the case, and judgment was postponed until next month.

Much interest is being taken in the result, as it is possible that if the Alliance wins in this case, they will take the same proceedings in other cities of the Province.

NATURALLY
"Music," remarked the long-haired man, "is the language of the heart."
"In that case," returned the man who takes things literally, "the person who likes jazz must have a terrible pulse."

NURSES TO ORGANIZE IN CASE EPIDEMIC OF "FLU" BREAKS OUT AGAIN

St. John Ambulance Association Has Sent Out a Call to All its Branches in Canada.

(Canadian Press Despatch)
OTTAWA, Jan. 26.—The possibility of a recurrence in Canada of the "flu" epidemic has led to a call being sent out from the head office here of the St. John Ambulance Association to all branches of the Association in the Dominion.

The V.A.D.'s of the association rendered splendid service in every province in the last epidemic, and telegrams offering assistance have been sent to every provincial health officer in Canada.

The call, which is signed by Mr. Fred Cook, president, and Dr. C. A. Hodgetts, honorary secretary, urges upon all home nursing graduates to immediately organize for voluntary service wherever they may be living.
