## NATIONAL UNION GOVERNMENT RETURNED JOHNNY BOURQUE IS BACK IN SHERBROOKE

### Duplessis Supporters Win 68 Seats As Liberals Gain In Montreal, Quebec, E.T.

Quebec, July 17.—(CP)—Premier Duplessis today launched his Union Nationale government into its third consecutive term of office after a provincial election almost tripled meagre Liberal strength.

The Premier, a colorful figure in Quebec politics for the last quarter-century, led his party back to the 92-seat Legislature with a majority of 44, a drop of 28 from his record-breaking majority of 82 in 1948.

The result of the election — Quebec's 24th since confederation — compared with that of 1948:

	1952	1948
Union Nationale	68	82
Liberal	23	8
Independent	1	1
National	0	1
Total	92	92

Mr. Duplessis' victory came after a turbulent campaign climaxed by election-day violence. Revolver shots were fired in Montreal during one of a series of clashes. Twenty-seven men were arrested in Verdun for carrying sawed-off baseball bats. Trouble was reported in other parts of the province.

In the voting, Liberal leader Georges Lapalme was defeated in his first bid for a seat in the Legislature. The 48-year-old lawyer, chosen two years ago to lead the Liberals, was defeated in Joliette by Hon. Antonio Barrette, Labor Minister in the last government.

George Marler, House leader for the Liberals for the last four years, was re-elected in Westmount-St. Georges.

While the votes still were being counted another successful Liberal died, apparently of a heart attack. Henri Groulx, re-elected in Montreal-Outremont, collapsed and died while receiving congratulations on his victory. He was a former Quebec Health Minister.

Mrs. Therese Casgrain, leader of the C.C.F. party and her 22 supporters were defeated. Gui Caron, leader of the communist Labor-Progressive party, and three candidates he had in the field were soundly beaten.

All but three of Mr. Duplessis' 20 cabinet ministers were re-elected. Defeated were three ministers without portfolio—Hon. Marc Trudel in St. Maurice, Hon. Patrice Tardif in Frontenac and Hon. J. H. Delisle in Montreal St. Henry. Commenting on his party's success, Premier Duplessis said re-election meant the majority of the voters in Quebec approved the achievements of his government.

Mr. Lapalme, who resigned a seat in the Commons to lead the Quebec Liberals, congratulated his successful supporters.

It was difficult, said Mr. La-

palme, for the Liberals to "compete against the millions of the Union Nationale and their party machine."

Preliminary figures indicated a record vote was cast for the 235 candidates, including 92 Liberals, 91 Union Nationale, 23 C.C.F., four Labor-Progressive and 26 running under assorted banners. The list of eligible voters—largest in the province's history—totalled 2,248,546 compared with 2,036,576 in 1948.

With 8,056 of 10,627 polls counted, the Union Nationale had 49.4 per cent of the popular vote compared with 51 per cent of the total vote in 1948. The party vote totalled 654,324 compared with 773,746 in 1948.

The Liberals had 45.9 per cent of the votes compared with 36.5 of the total vote in 1948. They polled 607,487 compared with 552,359.

Votes for the C.C.F. increased to 14,318 from 9,126, or to 1.1 per cent from 0.5.

Part of the Liberal increase was attributed to the fact that L'Union des Electeurs, which contested all 92 ridings in 1948, did not enter any candidates this year.

Centre of interest in the highly-publicized campaign was Three Rivers constituency where Mr. Duplessis—holder of the seat for 25 years—was opposed by the city's fiery 43-year-old mayor J. A. Mongrain.

The 62-year-old Premier polled a total of 15,140 votes against 9,822 for Mr. Mongrain.

There also was particular interest in Richelieu where Gerard Cournoyer, who resigned his Liberal seat in the Commons to run provincially, defeated the Union Nationale representative for the constituency.

H. W. (Buddy) O'Connor, centre for New York Rangers in the National Hockey League, ran as a Liberal.

### Sidelights On Quebec Election

Three Rivers, Que., July 17.—(CP)—Premier Maurice Duplessis, whose Union Nationale party scored a sweeping victory at the polls last night, said re-election meant the great majority of the voters in Quebec approved the achievements of his government.

Mr. Duplessis said the farmers of Quebec manifested their confidence in a regime which applies the principle that agriculture is the basis of enduring progress.

Joliette, Que., July 17.—(CP)—Liberal leader Georges Lapalme last night congratulated George Marler and all the other members of his party who were successful at the polls.

He reiterated his belief the Liberal party program was the one best suited to the interests of Quebec.

He said the Liberal party faced a hard fight in yesterday's campaign and that "it was difficult to compete against the millions of the Union Nationale and their party machine."

Lapalme, defeated in his home town riding of Joliette by Labor Minister Barrette, paid tribute to Henri Groulx, who died a few moments after he was elected as Liberal member for Outremont.

The Liberal leader, elected to head his party a little more than two years ago, declined to discuss his plans for the immediate future.

Levis, Que., July 17.—(CP)—Firemen were called to turn hoses on rioting mobs numbering thousands which overturned automobiles and damaged property late last night in this city of 13,000 across the St. Lawrence river from Quebec.

Police said fights broke out during election celebrations. City and provincial police joined forces to restore order.

No arrests were made.

Montreal, July 17.—(CP)—Henri Groulx, 62-year-old druggist, died suddenly last night a few minutes after he thanked electors of Montreal-Outremont riding for having re-elected him as their Liberal member of the Legislature.

Groulx, who was minister of health in the cabinet of former Premier Adolphe Godbout, between 1939 and 1944, had been in ill health for some time. He had recovered sufficiently to take an active part in the election campaign.

His former minister had been chairman of a number of Liberal party conventions in rural ridings in the Montreal district.

Last night he was re-elected over his Union Nationale opponent, Bernard Couvrette.

Quebec, July 17.—(CP)—Prime Minister St. Laurent and Mrs. St. Laurent came to Quebec from their summer home at St. Patrice, Que., to vote in yesterday's Quebec election.

Mr. St. Laurent lives in Quebec West constituency. They later returned to St. Patrice, on the lower St. Lawrence south shore, about 125 miles from Quebec.

Montreal, July 17.—(CP)—Marc Lacoste, provincial deputy chief returning officer, reported that a ballot box was stolen in Montreal St. Louis riding 45 minutes before voting ended.

Mr. Lacoste said a group of men entered the poll, stole the box and spilled ink over all electoral documents. The poll was closed immediately by police.

Three Rivers, Que., July 17.—(CP)—Police constables yesterday were reported to have fired several shots in the air as they escorted a group of men from the city during provincial election balloting. No one was hurt.

Shawinigan Falls, Que., July 17.—(CP)—One woman was arrested here on a charge of impersonation after she had been sworn by the returning officer in one of the city polls in the provincial general election. She was released on \$50 bail.

Three Rivers, Que., July 17.—(CP)—Two polls were closed early yesterday as every voter on the electoral lists had cast their ballot before the official closing time of 6:30 p.m.

Election officials said the two

### Record Vote Indicated In Yesterday's Election

Quebec, July 17.—(CP)—Quebec electors probably cast a record vote in yesterday's general elections. With 10 per cent of the polls still to report, the total was only 64,000 short of the record of 1,509,971 set in 1948.

In taking power for the third consecutive time, the Union Nationale party polled 50.2 per cent of the popular vote compared to 51 in 1948. Liberal candidates increased their percentage to 45.8 from 36.5 in 1948 when 9.5 per cent of the total went to Union des Electeurs candidates, not represented in this election.

With 1,446,771 votes counted, the party vote percentages were as follows, compared to the last two elections:

	1952	1948	1944
UN	50.2	51	38.2
Lib.	45.8	36.5	40
UE	—	9.5	1.2
CCF	1.1	5	2.8
Others	2.0	2.5	17.8

Here is The Canadian Press compilation, with all 92 seats decided, compared with the votes in the last two elections (members elected in brackets):

	1952	1948	1944
UN	726,860 (68)	773,746 (82)	507,504 (48)
Lib.	682,703 (23)	552,359 (8)	531,972 (37)

Totals	1,446,771	1,509,971 (92)	1,330,059 (91)

The above tabulation is incomplete with 9,508 of 10,627 polls.

#### Rockingham Wants To Be Paratrooper

By DOUGLAS HOW  
Canadian Press Staff Writer

Ottawa, July 17.—(CP)—Rocky wants to be a paratrooper. That's one of the important current goals of Brig. John M. Rockingham, the husky, 42-year-old soldier who organized, trained and fought the original 25th Brigade through a year in Korea.

But it may be hard for him to work the necessary three weeks paratroop training into his six-month schedule before he leaves in late November for a year at Britain's imperial defence college. It's a hectic schedule.

As of now, he is director-general of military training, one of the four top men at army headquarters. He took the job over officially July 3 and almost immediately left his desk. He expects to be away from his desk most of the time between now and the early weeks of September.

He got back into Ottawa Tuesday night. He'll be away again Monday, heading for Camp Borden, Ont.

Before the summer is out, he wants to visit every regular force unit in the country as well as every corps school such as the infantry school at Borden. He has already visited the Maritimes and Quebec and in the weeks ahead he aims to go across the country.

As his army's No. 1 training officer, his goal is simple. He wants to see that the army makes use of every week of good training weather. And he wants to "spread the doctrine," as he calls it, of the things he learned in Korea.

He way to spread it, he figures, is the way he learned it, among the soldiers.

His plan is to go to the units, go our among the training men, watch what they are doing, offer advice, tell them whether he thinks they're doing things right.

Already, he says, a lot of the lessons of Korea have worked their way into army training. He finds his old 25th brigade men wherever he goes and he thinks they bear the marks of Korea's year in their bearing, their maturity and their soldiering. He's proud of them.

Once September comes, he hopes maybe he can get out to Rivers, Man., to become a paratrooper as hundreds of his men have done. He wants to earn his wings because he feels an officer should be able to do anything he orders his men to do.

In late November, he and his wife and two teen-aged children will head for London and a year's study. He also thinks it will do his children good to get away from Canada for awhile.

"What anyone needs to make him appreciate Canada," says Rocky, "is a year away from here—especially in Korea."

#### Result Announced In Record Time

Quebec, July 17.—(CP)—Quebec's daily newspapers and the two national telegraph companies cooperated — through The Canadian Press — in giving Canada the result of the Quebec election an hour and 15 minutes after the close of the polls — the fastest result on record.

At 7:45 p.m. The Canadian Press announced the election of the Union Nationale government with a reduced majority.

In the 1948 election, return of the Union Nationale in a sweeping victory was announced at 7:53 p.m. The Canadian Pacific and Canadian National Telegraphs carried constituency returns into the central compiling rooms at the Montreal office of The Canadian Press. Thousands of deputy returning officers were instructed by Francois Drouin, chief returning officer, to telephone or telegraph the total vote at their polls to constituency returning officers at government expense. The move definitely speeded collection of complete returns.

The vote by parties was compiled progressively and issued at intervals by The Canadian Press. The tabulation at 10:30 p.m. included 80 per cent of the province's polls.

SHERBROOKE FINAL:  
Blackshaw 394; Bourque 14,932; Lagasse 11,389.

Liberal supporters of Georges-Emile Lapalme made important inroads into the Eastern Townships in yesterday's provincial general elections, taking five of the eleven seats formerly held by National Union representatives. Among the victims was Hon. Patrice Tardif, Minister without portfolio, who trailed Dr. Gerard Noel in Frontenac by some 300 votes.

Two members of the Duplessis cabinet who have been subjected to bitter attacks on the part of the Liberal speakers, Hon. J. S. Bourque, Minister of Lands and Forests and of Hydraulic Resources, running in Sherbrooke, and Hon. Charles D. French, Minister of Mines, seeking re-election in Compton, were both returned by handsome majorities. The four other seats retained

by the National Union were Brome, Megantic, Missisquoi, and Stanstead, while in addition to Frontenac the seats taken by the Liberals were Drummond, Richmond, Shefford and Wolfe.

Hot contests featured the returns in Richmond, Wolfe and Stanstead, where the leads changed hands several times during the evening as the counting of the votes progressed.

In Richmond, the defeated National Union member, Albert Goudreau, amassed a lead of approximately sixty votes in the early count which he held with little change until over half the polls were in. Then Emilien Lafrance, the Liberal, forged into the lead, only to lose it again later. But by the time all but three polls had reported, Lafrance was again leading by about 300 votes, finally winning out by 336 votes. Goudreau led a four-cornered fight in 1948 by 2,784 majority.

With six polls to report in Wolfe, Dr. Gerard Lemieux, the Liberal, led the former National Union member, Henri Vachon, by five votes and with the count completed was 71 votes ahead, reversing a majority of 905 given Vachon in 1948.

Denis Gerin had a battle on his hands to retain Stanstead and here too both he and Victor Morin, the Liberal, shared honors during the evening. Finally, however, the re-election of Gerin was conceded by a majority of 77, compared with 2,597 in 1948.

In Brome, Warwick Fox took an early lead in a triangular contest over Raymond Lanctot, Liberal, and J. P. Lanctot, C.C.F., and emerged the ultimate victor by a lead of 1,635 votes, a gain over the 1,484 majority given Hon. Jonathan Robinson in the last general election. Mr. Fox entered the House by acclamation in a by-election following the death of Mr. Robinson.

Hon. C. D. French, Minister of Mines, received a majority of 1,804, in Compton, over Gerard Ber-

geron, a Liberal, and William Dodge, C.C.F. candidate, who polled 68 votes, but returns there are not yet complete. French received a majority of 3,262 in the 1948 general elections.

Reversing a majority of 5,289 obtained by Robert Bernard in the 1948 elections, J. E. R. Pinard, Liberal, won out in Drummond by a final majority of 98, defeating Bernard.

Dr. Noel's majority in Frontenac over Hon. Patrice Tardif was 290, instead of 3,898 obtained by the Minister in the last vote.

Hon. Tancred Labbe held on to his seat in Megantic, although his majority of 500 over Albert Mathieu represented a sharp reduction from his 1948 lead of 3,110.

In Missisquoi, Jean Jacques Bertrand was one of the few Government candidates to increase his majority, defeating J. H. Boileau by 2,512 votes as compared with his lead of 1,086 in 1948.

Gaston Ledoux, a labor organizer, captured Shefford for the Liberals, defeating Hector Choquette by 487 votes. In 1948 Choquette had a majority of 2,578.

A newcomer to the active political field, Jacques Lagasse, N.P., gave Lands and Forests Minister Bourque a hard battle in Sherbrooke, reducing the latter's majority of 8,307 in 1948 to 3,543 yesterday.

Montreal, July 17.—(CP)—Incomplete returns today showed the Liberals polled the largest vote and won the most seats in Montreal district constituencies in yesterday's Quebec election.

The Liberals captured 10 of the 16 Montreal district seats against five for the Union Nationale, which won the overall election, and one independent seat.

Returns from 3,445 of 3,929 polls showed the popular vote divided as follows, with percentage of the vote in brackets:

Liberal 229,812 (50.6); Union Nationale 186,654 (41.4); C.C.F. 12,108 (2.9); others 24,411 (5.4); total 454,015.

### Truman Asks Endorsement Of "Fair Deal" Program

Chicago, July 17.—(AP)—President Truman's fighting declaration against any convention "betrayal" of his political creed paced a new 1952 Democratic Presidential aspirants today.

Without any apparent advance knowledge of Truman's blunt demand for endorsement of his "fair-deal" program, at least two candidates moved to put themselves in a position—if they get the nomination—to lead a fight against what they called "Republican reaction."

Senator Richard B. Russell of Georgia, plagued by his designation as the anti-Truman candidate of the south, bid for northern labor and "fair-deal" support with a denunciation of the Taft-Hartley law he helped enact. The law contains measures to control strikes.

Senator Estes Kefauver of Tennessee called for a fight on what he labelled "Republican isolationism and reaction."

Their declarations seemed to indicate a developing pattern of thinking among the Democratic hopefuls that the Republicans' choice of Gen. Dwight D. Eisenhower will force the Democrats to pick a nominee who can call himself a progressive.

In words that paralleled Truman's official message to the convention delegates, Kefauver told a press conference yesterday:

"The Democratic party must continue to be the liberal, progressive party of the nation. We cannot retreat on either foreign policy or in the domestic field."

Kefauver leads in the Associated Press delegate tabulation with 256 votes to 120½ for Russell, based on pledges of support and known first-ballot preferences. Mutual security director Averell Harriman, an all-out supporter of

### Violence Flares Up During Turbulent Election Day

Quebec, July 17.—(CP)—Quebec's rough-and-tumble political scene last night blossomed into violence at the climax of voting in a hotly-contested though one-sided general election.

Montreal and Levis, Que., were the trouble centres. Shots were fired and clubs and bottles swung in Montreal committee rooms.

Troops were called out to disperse a mob of 500 in Levis where Reynold Belanger gained a seat for the Liberals from the Union Nationale. Earlier, police turned fire hoses on the mob, demonstrating against the Liberal victory out failed to disperse it.

The mob was armed with sticks, baseball bats and bottles. At least 12 automobiles were overturned by the angry crowd, gathered in a vacant lot near the home of Mr. Belanger.

Shots punctuated the march of a group of men being conducted out of Three Rivers by police. No one was hurt. Supporters of Premier Duplessis staged a different kind of march with horns, rattles and toy flutes at news of Mr. Duplessis' personal victory over Mayor J. A. Mongrain, Liberal standard-bearer.

Two were sent to hospital in a wild melee in the Liberal committee rooms of Montreal Maison-Neuve. Alcide Montpetit gained the seat for the Liberals from J. F. A. Gattien of the Union Nationale.

A St. Michel, 60, suffered serious facial cuts and a deep shoulder gash which police said was caused either by a broken bottle or one

of three shots fired. Mrs. Leo Plante was struck by a swinging fire escape which was forced to the ground by people trying to escape from the committee rooms.

The Montreal ridings of St. Ann and St. Louis, generally the most turbulent at election time, were the scenes of fist, chair, bottle and blackjack fights.

Windows were smashed, telephones ripped off walls and committee members threatened in St. Louis riding, which Liberal Dave Rochon retained. Mr. Rochon said he had to rescue his daughter when she was seized by an invading gang.

Another gang stole a ballot box from a St. Louis polling station. They poured ink over all election documents and police closed the poll.

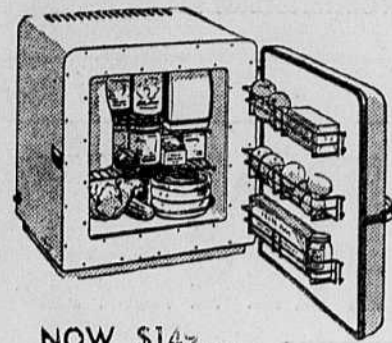

In St. Ann, the story was similar. About 15 were slightly hurt in a gang raid on the committee rooms of Frank Hanley, victorious independent, and George O'Reilly, Liberal. Police held four men who were armed with lead pipes and bottles.

A near-riot developed at a poll in Montreal Jeanne Mance which Liberal G. P. Noel won from the Union Nationale. About 120 persons demanded that police force a returning officer to register their vote although their names did not appear on the voters' list.

The returning officer said two sheets had been ripped from the list by a gang when the poll opened. He read them the election act which said they were not entitled to vote unless listed.

Friends here have received word from Mrs. Amy Savage, of Quebec, that she had been called to Edmonton, Alta., on a serious accident to her son, Keith, who is now under treatment in a hospital in that city, where he had already undergone his serious operations, which will necessitate a stay of two months in the hospital and a period of rest afterwards.

Mrs. Savage and her family were former residents of Waterloo, where many of their friends still reside. During her stay in Alberta, Mrs. Savage will spend a week-end in Calgary, with Mrs. Bennett, the former Miss Gladys Wallace, of Waterloo, and Knowlton, and Mr. Bennett and she will also visit Dr. and Mrs. Willard Purdy, of Winnipeg, Man., on her way home.

Mrs. John Smith, of Graniteville, is visiting her son-in-law and daughter, Mr. and Mrs. H. E. Wing.

## One-Minute News from Johns-Manville

Unusual Variety of Products adds to J-M Stability

We are often asked: "How many kinds of products does Johns-Manville make?"

Few people realize that Johns-Manville makes a wider variety of products than most manufacturers.

J-M makes and sells more than 400 "lines"—or groups—of products.

These groups include products used in insulation, building materials, filter powders, water and sewage pipes, gaskets and packings, friction materials and many others.

J-M is really made up of many different businesses, both large and small. In other words, J-M doesn't have all its eggs in one basket but in a lot of baskets. If during unsettled times the bottoms drop out of some of the baskets, there are still a lot of eggs left to keep the company going.

That is why the wide variety of products makes Johns-Manville and J-M jobs more stable.

The whole community benefits when employment is stable.

This is one of a series of articles in which Canadian Johns-Manville hopes to call attention to interesting and significant facts about the company or about conditions affecting our national economy.

### India Is More Than Snakes And Slums

"India is not just a land of snakes and slums." Mateti Narasimhan, of Hyderabad, told members of the Kiwanis Club at their regular weekly luncheon meeting held in the New Sherbrooke Hotel yesterday.

Mr. Narasimhan arrived in Sherbrooke on Tuesday on his way around the world by bicycle.

The enthusiastic traveller left his home on Nov. 20, 1950, and has journeyed through eleven countries, has travelled close to 20,000 miles and plans to return to his home in 1954.

Mr. Narasimhan told of his experiences travelling through the various countries, and depicted life in these countries.

A University graduate he is realizing a child's dream—to travel around the world and bring messages of goodwill from his country to others.

Mr. Narasimhan is convinced that the world's distorted view of his homeland is due largely to American films.

"Religion, language, population, and food are national barriers in India, but they are gradually being overcome," he said. He told of the large population and the need of food but said that the country, now independent, was beginning to start to supply its own food. "Other countries have helped India greatly with food but depend on themselves."

His address was mainly about his voyage which he discussed in any length would take a book to describe.

Introduced by Gilbert Rheumier, the speaker was thanked by Rev. Ross Adams.

One minute silence was observed in memory of young William Charlebois, 11-year-old son of Kiwanian Bill Charlebois who was drowned in Brompton Lake on Monday evening.

Head table guests in addition to the speaker and president Les Memory were: Rev. Ross Adams, Mr. Rheumier and R. L. Bishop, who gave a report on the Mayor's Horse Show which proved to be such a success.

### Bourque Asks That Unpleasantness Of Election Be Forgotten; Urges United Effort On Behalf Of Province

By MARGARET DOHERTY

Singing at the top of their voices "Il a gagné ses épaulettes," supporters of the Hon. J. S. Bourque greeted the news of his victory at campaign headquarters last night, then rushed to the Bourque residence to tender their congratulations.

Joy was also manifested a little earlier when two of the first National Union members re-elected in the Townships were Warwick Fox in Brome and Hon. C. D. French in Compton.

Shortly after the polls closed, people gathered in small, scattered groups in front of the Record Office where returns were released as fast as received. The crowd increased gradually and — shortly after 9 o'clock—the victory parade was greeted by a huge and cheering throng.

Led by l'Harmonie de Sherbrooke and a huge float bearing Johnny Bourque's likeness, flanked by a replica of the forest he guards so well, the long parade of cars wound its triumphant way through Wellington Street.

Speaking from a special platform erected at the Record, Mr. Bourque said: "We wanted a clear and decisive verdict, and I believe that the population has given it."

He thanked all his organizers and the public for the tremendous support he received and said that from today on all election unpleasantness should be forgotten in a united effort to co-operate with the government in its endeavour to promote the welfare of the province.

Mr. Bourque was accompanied by his wife, his chief organizer, Guy Crepeau, and a number of his supporters.

Symbols of the good neighbour policy was the car bearing a New York licence plate and trailer, which somehow slipped into the parade.

Earlier in the evening defeated Liberal candidate, Jacques Lagasse, also bowed to the verdict of the people and spoke briefly from the Record platform.

He expressed the hope that the fight put up by the Liberal party would give the present government cause for reflection and spur them on to provide an impartial government for the entire population and particularly the labouring class.

"Thanking his chief organizer, Donat Jacques, and all who placed their confidence in him, he said that he will return to his notary's office to continue working for the people of Sherbrooke and particularly the brave members of the labour population.

In conclusion he stated that, while defeated, he still has faith in his principles.

Squire Blackshaw, C.C.F. candidate, told the crowd that he came to Sherbrooke because "my fellow members of the party, in this town, had allowed our banner to trail in the dust."

He said that he had been described as the silent candidate, the man who was taking it easy and letting things go their own way but that if all the steps he had taken, calling from door to door during the intense heat, were measured, he was certain they would reach way beyond the atmosphere.

"I know what it is to fight a losing battle," he continued, "I have been at it since the first war, and I know that tradition accounts for a great deal in these campaigns."

He said that during the present electoral fight he had been his own campaign manager, his own organizer, and had been allowed, would probably have been his own returning officer—perhaps with better results.

The defeated candidate had nothing but praise for the amiability and hospitable character of the Sherbrooke people, both French and English, and said he hoped a local man could be found to carry the banner of his party in this constituency.

Mr. Blackshaw deplored the fact that he had found a split in the

### Fund Set Up For Triplets

A fund is being set up for the triplet girls born over the weekend to Mr. and Mrs. Omer Rousseau, of Cowansville.

The idea of establishing a fund started with a cheque presented on Monday by J. J. Bertrand, M.L.A. for Missisquoi County.

The triplets and their mother are still in the Brome-Missisquoi-Perkins Hospital, where the birth took place last Saturday evening. They are under the care of Dr. Rouville Noisieux, who was the attending physician, and, all are doing very well.

The triplets will receive a year's free supply of carnation milk from the Carnation Milk Company in Sherbrooke.

The parents have three other children, all boys, and the arrival of the triplets has made it necessary for them to seek outside help.

The family would appreciate financial or other assistance, and any cheques can be sent to the Brome-Missisquoi-Perkins Hospital.

### Air Pioneer Prefers Old Type Airplanes

Saint John, N.B.—Royden F. Foley, of Hamilton, a Canadian pioneer in aviation, prefers the old type aircraft as compared with the modern jet.

"We used to joke about taking off, flying and landing, all at 40 miles an hour," he said in an interview here, "but we got a great thrill out of those 40 miles — just as big a thrill, I'll bet, as those jet pilots get out of 600 or 700."

The former Saint John resident, visiting a sister in this district, considers the jets a great advance in flying but says that in the old days a pilot required more skill and had a more intimate knowledge of his plane. He has no desire to go up in a jet.

"It's just a machine. There's nothing human about it. You work

the dials but you don't know what's going on under the hood. I'll bet most of those jet pilots don't even know how the engine operates."

Mr. Foley learned to fly with the Wright brothers in 1912 and 1913. He served with the Royal Flying Corps in the First World War, became commanding officer of a navigation school at London, commander overseas and remained in flying but says that in the old days a pilot until his retirement from the service in 1946.

Mr. Foley created a sensation in the United States in 1916 when he made the first flight from New York to Philadelphia.

"Flying from New York to Philadelphia doesn't sound like much now, but you should have read the papers back in 1916. You'd think I'd gone to the moon and back."

**STRANGE SPANISH**

In maritime usage, the adjective "Spanish" has the meaning of "strange" or "unfamiliar." It was rather freely and indiscriminately used by English-speaking seamen, who superseded the old mariners of Spain, for things they did not know much about.

**TWO CARS DAMAGED**

Two cars were damaged by fire at Lamontagne's Garage on 5 Courcellette Street yesterday.

Firemen from the No. 1 and No. 5 stations quickly extinguished the blaze. A blow torch set one car on fire and the flames spread to the second car.

### Boys Injured While Diving

Two young boys were taken to the St. Vincent de Paul Hospital for first aid treatment late yesterday morning after diving into too shallow water at the Colonies des Vacances.

The boys, Marc Courchesne, 9, of 85 St. Henri Street, and Marcel Talon 9, of 78 Fabre Street, received cuts to the head from sharp rocks on the bottom.

They were taken to hospital by Duranleau ambulance, and released after treatment.

### Island Brook Cattle Barn Is Destroyed

Fire completely destroyed a cattle barn on the farm of Elvin Burwash of Lawrence Colony, Island Brook, early Tuesday morning.

Of undetermined origin, the fire was discovered by Mr. Burwash around 2 o'clock in the morning.

He managed to lead a calf which was in the barn to safety and to carry out some harnesses. Half of his season's hay crop however was destroyed in the blaze along with the barn.

### Cattle Virus Force Strict Precautions

London—A state of emergency has been declared in the rural area of Berkshire where the Britain's leading scientists are fighting the epidemic of foot-and-mouth disease.

Through infected neighboring regions on the Berkshire Downs, the scourge is spreading towards the agricultural research council's experimental farm and its prized stock of more than 2,000 pure-bred cattle, sheep and pigs.

Fearful that the virus which has already necessitated destruction elsewhere of some 70,000 animals, may reach the farm, officials of the council have introduced a novel protective scheme.

Around the 1,500-acre experimental station clusters of explosive cartridges have been fixed to detonate automatically at intervals. The theory is that the explosions will frighten off all birds, believed to be in the carriers of the germ.

As a further safeguard the animals on the farm have been divided into six separate quarantine sections. Each group has its own attendants and veterinary surgeons.

Social activity at the station has also been reduced to a minimum to prevent the research workers from meeting.

### A SENSE OF PROPORTION

The result of yesterday's Quebec Provincial elections might serve as a signpost for other political leaders in the Dominion. Premier Maurice Duplessis is one of the few men in public life who has been consistent in his support of private enterprise as the keystone for the success of any country and judging from the returns the vast majority of the electors are still willing to concede that the profit motive provides the best means of improving the living standards of the masses.

The National Union leader has long warned against the tendency of increasing support on the government as the individual seeks to avoid his own responsibilities, his unwavering views being expressed in the statement: "Today more than ever we must get back our sense of proportion. We want a charitable, active and prosperous people, not a population of pensioners. We must be on our guard against any system of premiums against reason."

In contrast to the outspoken views of the Quebec Premier, most political leaders — at least in their public statements — seem to regard the profit motive as something of a crime. To them anything that does not savor of a more or less degree of state socialism is something to be avoided at all costs. Their only idea of winning public support is to promise everything under the sun from the government, conveniently forgetting who must pay the cost.

Perhaps if certain aspiring politicians in the federal field were to embrace the private enterprise doctrines of Premier Duplessis, they would meet with greater success at the polls.

### FIND THE REAL CULPRIT

A close student of Canadian politics has said that, in the entire cabinet, only the Prime Minister and Minister of Finance are interested in keeping down the cost of government, and that all other ministers stand to gain politically by spending more money.

This statement was meant to apply to all Canadian governments, not to any particular government or any particular ministers.

A former Minister of Finance once said that his hardest battles in the interest of economy were always fought inside the Council chamber; and that his most difficult task was to find sources of revenue sufficient to supply the demands of the various spending departments.

Apparently we have developed a procedure, perfectly designed, to drive the country to bankruptcy.

What greater inducement to extravagance could we have than a Minister of Finance to bear the odium for all the taxes which all the other ministers can get public acclaim for spending?

In our protests against excessive taxation, we are probably making a mistake in directing all our criticism at the Minister of Finance, while the real culprits are the other ministers who sit up nights devising new ways of spending the people's money.

### A HARD DECISION

We wonder if Revenue Minister McCann's recent decision, read in The Gazette of Montreal, to "take no action" about the flood of Japanese knitted gloves and mitts that is threatening the existence of the Canadian industry reflects Government policy.

If so hard times loom for many Canadians, The Canadian glove industry asked the minister to re-establish fixed values for customs duty on gloves and mitts from Japan. It was pointed out that since the fixed values were removed the amount of Japanese imports had increased enormously and the Canadian industry was being forced out of business.

The minister said that he proposed to do nothing about the situation. If this reflects a general Government attitude there will be no point in giving this country back to the Indians. The Japanese will already have it.

### Convention Coverage

**GUESS AT EXPENSES OF GOP'S CONTEST IS \$2 MILLION—DEMOS WILL MATCH IT**  
By PETER EDSON  
NEA Staff Correspondent  
Chicago — (NEA) — Ike Eisenhower, by virtue of having been picked as Republican nominee

at the Chicago stockyard amphitheater, becomes a two-million-dollar baby, on the hoof. That is the minimum estimate placed on the expenses of all candidates and the Republican National Committee in the 1952 presidential contest to date.

While this expenditure, soon to be equalled or surpassed by the Democrats, is something of a national scandal, there never will be any accurate figures released. The reason is that the Hatch act and the corrupt practices act place no limit on the amount of money that may be spent by any candidate for a federal office in primary elections.

Since they're not required to do so by law, treasurers for the several presidential candidates are reluctant to give out how much they have collected and spent. Only congressional investigation could pry out the figures, if authorized to do so.

**Ike's Till Socked For \$1 Million**  
Howard Peterson of Philadelphia, who has been in charge of money raising for Eisenhower, estimates that the general's primary campaign will cost close to a million dollars. This is before all the bills are in.

Peterson points out that radio time for the general's major speeches cost \$2000 a minute. Thirty minutes, \$60,000. Eisenhower headquarters spent \$75,000 on Chicago newspaper ads every day they ran during the convention. Lesser expenses ran down to \$60 a day for a steam calliope. But they all added up.

**70-Room Headquarters**  
Eisenhower and Taft headquarters each had from 70 to 100 hotel rooms in Chicago. In addition, each candidate had a big ball room which served as club headquarters for delegates and kibitzers. Ike's managers also rented the Blackstone theater and entertainers for two free shows a day during convention week.

Though some of the volunteer workers paid their own hotel bills, as individual campaign contributions, the total cost was several thousand dollars a day, not counting the cost of favors.

**Managers Ended in Red**  
Ben Tate, fund raiser for Senator Taft in many of his campaigns, puts a more conservative estimate on his expenses. As a minimum, Tate says Taft's expenses will run 50 per cent more than in 1948. Taft's unsuccessful campaign for the presidency cost about \$200,000 that year, of which \$40,000 was spent at Philadelphia.

Gov. Earl Warren, ex-Gov. Harold Stassen and the various backers of General McArthur spent considerably lesser amounts.

Democratic National Committee got a \$250,000 contribution from Chicago to cover convention expenses. But it isn't expected to cover. All Republican political managers in Chicago, in fact, admit that they ended the convention in the red.

**Little-Known Facts About Mac**  
Gen. Douglas MacArthur's appearance in Chicago gave several surprising revelations as to his health. Every time the general took a drink of water, he slid the glass from the right side of the rostrum to the left with his right hand, then raised the glass with his left.

The general also turned the pages of his manuscript with his left hand. By this he did not reveal a nervous tremble in his right hand. The general did not wear glasses to read the big type of his manuscript, but his eyesight is known to be impaired.

**Senator Concealed "Fair Play" Fight**  
Sen. Frank Carlson of Kansas is now given credit for conceiving the idea for General Eisenhower's "fair play" campaign to win him contested southern state delegations at the GOP convention.

Senator Carlson has been one of General Eisenhower's campaign co-chairmen right from the start. He made little noise and attracted little attention to himself during the primary campaign. But at Denver he saw the political advantage of hammering away at this fair play campaign.

Ike's other backers picked it up and made the most of it.

**Battle of Sound Trucks**  
The psychological battle of the sound trucks in Chicago went on all the time. The Eisenhower people were accused of stealing Taft slogans and songs.

Ike's press agents even wrote their own words to the tune that was Taft's campaign song in 1948, "I'm Looking Over a Four Leaf Clover." They made it, "I'm Looking Over Dwight Eisenhower." Taft forces had a yell, "Taft for me. Taft for you. Taft will win in '52." An Ike gag writer immediately changed it to "Ike for me. Ike for you. Taft can't win in '52." Loud speakers blared it everywhere.

**Taft's Stunts Backfired**  
The Taft loudspeaker propaganda got pretty rough just before the big voting began. It was no secret that Senator Taft had little use for Gov. Thomas E. Dewey of New York.

But this came out nasty when a sound truck went through the streets beating ear drums with the message: "Are you going to elect Thomas E. Dewey president by proxy? Will you allow him to mastermind our party into another defeat? Phooey on Dewey. Republicans want a fighting campaigner. Dewey! Full of Hokey."

Like so many of the Taft publicity stunts, this one backfired and did Taft more harm than good.

**Taftman Makes A Point**  
One of the few effective points made by Taft supporters in the hot convention delegate fight came from Eugene Worrrell, a young Taft-Republican newspaper publisher from Bristol, Va.

"I don't mind Democrats climbing up on the Republican bandwagon with me," said Worrrell, "but I hate to have 'em push me off."

**Their Stars Are Rising**  
Every convention reveals a few new figures who do such outstanding work that they attract national attention. Gov. Arthur G. Langlie of Washington state was the first of these. His successful handling of the Eisenhower forces' resolution to change the 1948 convention rules won him instant acclaim.

Then in the Credentials Committee, young Washington State Sen. Donald W. Eastwood handled the contested southern delegation cases for the Eisenhower forces so ably that he was marked for a bright political future.

### PRESS COMMENTS

**VALUE OF FARM MACHINERY**  
Brandon Sun  
Total value of machinery and equipment on Canadian farms was more than three times as great in 1951 as in 1941, with increases on the farms of the provinces ranging from a low of 230 per cent to as high as 394 per cent, in terms of current market values, according to a bulletin based on returns of the 1951 Census of Agriculture. Contributing notably to the large rise in value were sharply increased numbers of trucks and tractors owned by farmers, a striking increase in grain combines on Prairie farms and widespread gains in the use of electrical equipment.

Overall value of farm machinery and equipment amounted to \$1,933,297,337, up 224 per cent from the total of \$596,046,300 shown in the 1941 census. The 1951 figure compares with \$108,865,000 in 1901, showing a rise of more than 17 times in the fifty years.

#### FAREWELL TO THE FAMILIAR

These lines are to perpetuate  
In no uncertain way,  
A group of trees I saw of late  
Which made a fine display.  
They stand erect, just in their prime,  
Spruce, poplars, cedars too;  
Ah! can it be most any time  
They shall pass from our view?  
For in the interests of mankind  
And progress they must fall,  
And Memories only leave behind  
When we "Lang-Syne" recall.  
-- Seems they were placed in God's good earth  
Full many years ago,  
By one who loved their shade and worth  
And trusted each may grow.  
Close to an ancient road they stand  
And stretch their limbs afar;  
A fine position they command  
Near landscapes fail to mar.  
Besides our old "Craig" trail they grow,  
Efficient powers we see,  
Are working on this road, you know,  
-- Soon it shall modern be.  
More width is needed, trees must go  
And all major obstructions;  
-- We need a better road, and so  
Refrain from raising ructions.  
Though sentiments should not outweigh  
The benefits at stake,  
We know improvements of our day  
Of course a mild heart-ache,  
So, sometimes Natives shall recall  
With tenderness and pride,  
Old landmarks, that so soon must fall  
Which grace their countryside.  
Maple Grove, Que.

#### GOOD METHODS WILL HELP IMPROVE GAME

As some of my readers probably know, I've missed a couple of the recent national tournaments because I was on duty with the Navy in Japan and in Korea. I'll be getting back to the struggle of the pastebards, however, when the summer championships begin in Cincinnati July 28.  
One of the players on my team will be my associate, Alfred Sheinwold. Today's hand shows him stubbing his toe, but his method of playing the hand may appeal to you even though it didn't work.  
West opened the ten of hearts, and dummy won with the king. The only problem, obviously, was to guess how to play the diamonds. Who had the ace of diamonds?  
After some thought, Sheinwold decided that the two missing aces were probably divided. If one player held both aces he might have bid or doubled, and since nobody had done either there was a very good chance that the aces were split.  
There was no sure way to find out who had the ace of diamonds, but Sheinwold thought he could find out who had the ace of clubs. He just drew trumps with the ace and king and then led the king of clubs from the dummy.  
The idea was that East would surely play the ace of clubs if he held it. Then declarer could trump and could proceed on the assumption that the ace of diamonds was in the West hand since the ace of clubs had turned up in the East hand.  
The trouble was that East unhesitatingly produced a low club when the king of clubs was led from dummy. So Sheinwold sur-

### The Record Short Story

## NEW FACE

By HOLLIS STARNES

"Push, shove, punch, claw — that's the way to get places in show business!"

Chambermaid Katie Kilfeather of the old San Pedro Hotel, where stray would-be actors and actresses of the Broadway theatrical world found shabby haven, went on silently making Terrylinn Garde's cot bed. The veteran maid had heard so many harangues of her showfolk guests, the words scarcely registered.

Besides this girl with the fancy, and Katie suspected, phony name was a recent arrival. The chubby, gray-haired maid never argued with new guests. Not until she got to know them, were they mothered and bossed, as part of her big unruly family of "kids," as she called them. Katie's heart belonged to her showfolks.

"Well, I'm going places!" Terrylinn was declaiming. "I've got a plan, set my goal. Nothing can stop me!"

Katie stole a sidelong glance at the over-thin, undersized girl standing at the mirror, brushing her mouse-color hair with intense nervous strokes. Her face was far from pretty, according to show business standards. Nose too large, lips too full. Her one outstanding feature was her burning dark eyes.

"I've got talent, I know it!" the hair brush was flying. "There's one man who'd know how to bring it out—Harris Glenn. He's given jobs to girls plain as I am. I want to work for him."

"Who don't?" asked the maid. The great producer-director, sponsor of many Broadway hits, was famed as a star-maker. Since the San Pedro's palmier days in the Golden Twenties, he had occupied the same corner suite on Katie's floor, close to his theatre and office down the street.

"What I want, I go after and get!" Terrylinn flung her brush down. "I'm going to get in the next Glenn show. That's what brought me here! I'll waylay him in halls, get in his hair, under his feet. I'll hound him until he'll think if he opens a bureau drawer I'll jump out. He'll give me a chance, to get rid of me!"

Katie was tempted to warn her against such tactics with him, but checked the impulse. These tough-talking, know-it-all kids learned by finding things out for themselves, the hard way.

A few mornings later, she was stunned by Terrylinn's calm announcement, "I'm going to be in Mr. Glenn's show."

The maid stared at her. "Doin' what?"

"Walking across the stage with a group of D.P.s. But it's a step. I'll be working under Harris Glenn."

Katie set down her sweeper and mop, started dusting the desk, since Terrylinn still was in bed. "How'd ye do it?"

"I read where he wanted types who looked like authentic D.P.s, for a mob scene. One girl had to scream through it—she'd been in concentration camp, still had nightmares."

"I saw that story," said Katie. "We got my grandmother over from Latvia last year. She'd been in one of those camps. Still wakes up with her nightmares."

The maid shuddered in sympathy, but Terrylinn continued factually. "Last night I bribed the elevator boy to let me know when he brought Mr. Glenn up. It was

gathered, parent show held during Royal residence at Balmoral for the fall shooting season.

Both gatherings are famed for competitions in Highland dancing — and for a considerable number of years the kilt for such occasions, worn with silver-piped velvet jacket and lace-ruffled blouse, has been knee-length.

Now, after two years' research, the standard dress is: Fully-gathered, calf-length tartan skirt with plaid to match, tight-fitting sleeveless corset laced in front and white crepe blouse. The hair is tied back with velvet or tartan snoop and the clan badge is backed by a tartan bow. No stockings are worn.

The alternative is a kilt covering the knees, white blouse with traditional double-laced ruffles, military belted plaid and black list stockings.

"Was the name Terrylinn Garde?"

"Yes, that's her name. Little dark thin thing, with a face almost ugly in repose—but when lighted up, beautiful. A sensitive, expressive memorable face."

He'd never remember that face as it was now, thought Katie. She said briefly, "Terrylinn's been in Hollywood more'n a year now."

"This plan I'm getting ready to cast has a part I had her in mind for. Not a long part, but it could help the actress who plays it. That girl has real inner power and fire. Well, ample time to find someone else. Rehearsals are still six weeks off."

The very next morning, Terrylinn appeared suddenly in the linen room. "Katie, I'm back!"

Dimpled, curves—all these were in the teen-age mass pattern. But her weary, haunted eyes were those of a woman twice her age.

"Come in an' sit down!" said the maid. "How's the movie game?"

Terrylinn flopped into the one-arm rocker. All the old-time bravado was gone from her voice. "I couldn't crack it. They wouldn't even give me a test. The studios said I looked too much like girls they had under contract already. They wanted new types, different faces."

Her voice broke. "All my tough talk, my creed. They didn't work. I've been such a fool, Katie!"

For the first time, Katie's heart really went out to Terrylinn Garde. She opened her arms, and the girl began sobbing out her whole sorry tale—not in baby-soft whimpers to match her new face, but with deep, racking cries of a suffering woman.

When the linen room phone rang, the maid thought, "Someone's complainin' o' the racket in here!"

But she heard Harris Glenn's voice. "When I passed your linen room some girl was crying her heart out in here. She has the depth and power I want in that part I told you about. Who is she?"

"'Tis Terrylinn Garde," Katie said, "back from a bad time in Hollywood."

"Sounded like her. Send her in, I'll talk to her."

Katie did some quick thinking. "If 'twas any livin' soul save yourself, I'd say wait till her bleach grows out, an' she can make up to look like herself again."

The producer groaned. "They changed her face out there? Then I'm afraid there's no use!"

Swiftly Katie broke in, "But the marvels o' make-up can soon change it back! Sure, 'tis nothing to add a bit o' nose here, stuff like there. What the girl's lost outside, she's gained tenfold inside!"

Terrylinn tugged at her arm. "Let me plead with him, beg him—"

"Shush!" warned Katie, to catch Glenn's crisp order, "Send her in!"

**MR. WILLIS A. CRAMER OF WAY'S MILLS**

Way's Mills, July 17—On Saturday, June 28, 1952, the end of an earthly life came to the oldest native resident of this village, Mr. Willis A. Cramer.

Although not in the best of health for some time, he had been confined to his bed for eight weeks. When the word of his passing was received, a gloom was cast over the community as he was always held in the highest esteem.

Willis Adam Cramer was born at Way's Mills, Que., on June 23, 1870, the youngest son of the late William Adam Cramer and his wife, Emmaline Miller. Of that union four children were born.

A brother and a sister predeceased him during his childhood. His passed away at St. Johnsbury, Vt., in 1924, at the age of 72 years.

Mr. Cramer was twice married, his first wife was Elizabeth Davidson. Their marriage took place in the Church of the Epiphany, at Way's Mills, on July 22, 1891. She passed away on December 15, 1934.

On June 4, 1938, Mr. Cramer was married at Somerville, Mass., to Miss Mabel Davidson, a niece of his first wife.

The chief occupation of Mr. Cramer was his saw-mill, which he operated for over sixty years saving logs. He was also a contractor and builder.

In part of his saw-mill he had a workshop, where many of the happiest hours of his earthly life were spent in making some article of wood which he would give as a gift to a friend or loved one.

A good number of homes and buildings, which were erected in the village of Way's Mills, Stansfield, Rock Island, Beebe and Derby Line, Vt., are the results of his skill and labour and will be a memorial to the late Mr. Cramer for many years to come.

On Wednesday afternoon, July 2, at 2:30 o'clock, prayers were

**Two Sides...**

**IN SETTLING YOUR ESTATE**

THE FIRST SIDE is a matter of business. To settle your estate under your Will, your Executor must be able to handle many troublesome details requiring a knowledge of business, investments, taxes and related subjects.

THE SECOND SIDE is a matter of human understanding. Your Executor must be able to help your family with sound advice and protect their interests as you would do.

MONTREAL, July 17.—Lovely Joyce Washburn, another beautiful Woodbury bride, wore a ruffled, hoop-skirted gown of white chiffon and organza and carried a nosegay of delicate white stephanotis. But her magnificent Woodbury complexion stole the show. Joyce knows that Woodbury Facial Soap is more than just a cleanser. You see, there's a precious beauty-cream ingredient in every cake of WOODBURY SOAP. It's the same softening oil used in finest face creams, and is intended to help replace the natural oils you wash away. Try Woodbury yourself. See how its mild, rich lather cleans your skin thoroughly, gently... and smooths it too. And ask for the Big Beauty Bath size of Woodbury Soap—for lovely skin-head to toe.

Keep The Campfire Burning while you boil water for the taste treat of the evening... INSTANT CHASE & SANBORN COFFEE. It's such a friendly "cup of cheer" and as easy to make as cups of one. Good? It's wonderful! It's the "know their coffee" with nearly a century of coffee experience to make it the best "instant" you've ever tasted. The flavour's there—and the real coffee lift. So when good friends get together... be sure to serve Instant Chase & Sanborn. It's economical. You save up to 40c a pound compared with ground coffee. So take my tip and keep a jar of Instant Chase & Sanborn handy—always.

I Don't Know When burglars take their holidays. But I'm willing to wager it's not during the summer. It's "windfall" season for them just now, with so many people away from home, and so many valuable left around unprotected. Don't add to their pickings by leaving yours at home when you go away! Put them securely away in a Safety Deposit Box at the BANK OF MONTREAL. Costs you only a cent or two a day and assures you of extra safety for all your important papers, jewelry and keepsakes. Rent a Safety Deposit Box at your B of M branch today! It will be a happier summer once you know your valuables are in the vaults of the B of M.

When The Thermometer Goes Up appetites often head in the opposite direction. How to revive them? Just try these two tricks of mine... serve a combination of piping hot and ice-box cold (soup and a salad, for instance)—AND season the food with AC-CENT. Until quite recently a seasoning "secret" of famous chefs and gourmet's miraculous Ac-cent (pure monosodium glutamate) intensifies the natural flavour already in foods, yet adds no flavour of its own. Try it! It's the new "Third Shaker" to be used along with the salt and pepper. Ask your grocer for a shaker of Ac-cent today and discover thrilling "hidden" flavour in your favourite foods!

There are More Good Ways Than One to enjoy Heinz wonderful soups. Yes, HEINZ CONDENSED SOUPS are certainly "tops" as a first course—but have you tried their tantalizing flavours in meat loaves—pies—rarebits? Heinz Soups are very special taste treats, all ways. You see, Heinz are soup specialists—they combine long experience with great skill to bring you the very best of flavour-packed soups... many scrumptious varieties—and special soups for baby, too! Ask your grocer for Heinz Condensed Soups. The folks will ask for second helpings every time you serve them.

It's Cool From The World "Go!"—and so are you. For here's a pie that you don't cook—you freeze—it costs only 5c a serving... and it's delicious. It's Lemon Pie. Box Pie, made with SUNKIST LEMONS, of course... they're the finest, juiciest grown.

SUNKIST LEMON ICE BOX PIE 1 small can evaporated milk 1/2 c. SUGAR 2 eggs 1/2 c. fresh Sunkist Lemon Juice 1. Cool evaporated milk in ice cube tray until crystals start to form. 2. Separate eggs. 3. Mix the egg yolks, lemon juice, sugar and grated peel. 4. Beat egg whites until lightly mix in your mixture. 5. Beat chilled milk in another bowl and carefully fold in egg mixture. 6. UPPER MELBOURNE

In ideal weather conditions on June 24, the annual picnic of St. Andrew's Presbyterian Church, Up. Melbourn, was held at Lonepine Ranch, on the farm of Mr. F. Converse, at Gore. Tables were set on the lawn in a large triangle, and well over one hundred gathered in a great church family festival. The ball game was productive of much shouting and hilarity, and doubt still remains as to which of the "big teams" won; both claiming the honor. An extensive sports program was carried through, which revealed quite a number of very promising athletes among those present. The "grand finale" was a terrific contest between two teams of "heaving" in the tug-of-war, with Albert Doyle's team taking the final "heave."

After another gathering at the "Triangle" and the presentation of a long list of prizes, the picnic closed and all set off for home with a host of happy memories, and looking forward to next time.

# NOW, TIDE WASHES CLOTHES WHITER THAN YOU CAN BLEACH THEM!

THE WASH TEST PROVES IT!

IT'S HARD TO BELIEVE BUT IT'S TRUE! YOU CAN SEE THE DIFFERENCE!

TIDE ALONE

ANY OTHER WASHING PRODUCT with bleach added

TIDE gets clothes WHITER—with no bleach!

Amazing new tests prove that Tide, used alone, washes WHITER than any other washing product with bleach added. It's washday's big news... and you owe it to your clothes to try it! You'll never want to put bleach in the washwater again, once you see how much whiter clothes come with Tide alone!

SO MILD FOR HANDS!  
SO SAFE FOR COLORS!  
SO THRIFTY TOO!

YES! With all its cleaning and whitening action, Tide has an amazing new mildness. In fact, no other washday product is milder on hands than Tide!

ACTUALLY BRIGHTENS COLORS! For dramatic proof of Tide's wonderful safety, watch soap-dulled colors come brighter after just one Tide wash. Tide really cares for clothes and colors just as it does for your hands.

AND TIDE IS SO THRIFTY TO USE! Such a little Tide makes such oceans of rich, long-lasting suds... goes so far in hardest water, it's a miracle of economy.

"I've proved it, and now my clothes are whiter—thanks to TIDE!" says Mme. Madeleine Beaudry of Montreal, P.Q.

"I'm so glad I tried Tide! I've tried all the leading washday products and the best bleaches in my wash water. But—much to my amazement—Tide alone washed my clothes whiter than they've ever been! And thanks to Tide I can now save money on bleaches, too!"

TIDE alone washes

WHITER

than any other washing product with a bleach added!

YOU HAVE TO SEE IT TO BELIEVE IT! And you can see it! You can see how much whiter Tide washes your clothes than any other washing product with a bleach added! No matter what bleach you use in the wash water... no matter what washing product you use it with... your clothes won't come out so white as they will with Tide alone! Amazing new laboratory tests prove it—get Tide and prove it for yourself!

SAVES MONEY! SAVES CLOTHES! With Tide, no bleach is needed—so you'll save the money you used to spend on regular washday bleaching. And clothes last longer with Tide's gentle, no-bleach action, because there's no chance for too much bleach or too harsh a bleach to weaken fabrics. Get Tide today... save money on clothes... save money on bleaches!

CLEANER CLOTHES, TOO! Tide gets clothes cleaner than any soap of any kind. Quebec women have proved it themselves! No soap known will get out so much grimy dirt, yet leave clothes so free of dulling film! There's nothing like Tide for washday miracles.

MAKE THIS SIMPLE TEST!

Prove for yourself TIDE washes WHITER!

Take two shirts; wash one with Tide alone, soak the other in a bleach overnight... and then compare them for whiteness. You'll see that the Tide-washed shirt is actually whiter than the shirt that was soaked in bleach! Why, except for stubborn stains, you need never bother with bleaching again!

NO OTHER WASHING PRODUCT CAN PROMISE ALL THIS!

Washes clothes

WHITER

than you can bleach them!

Gets clothes

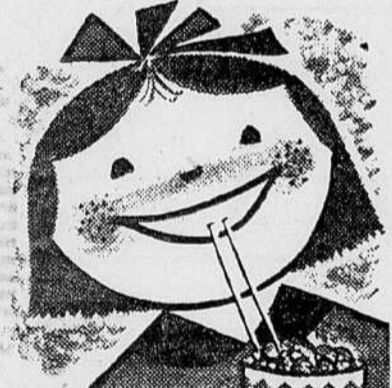

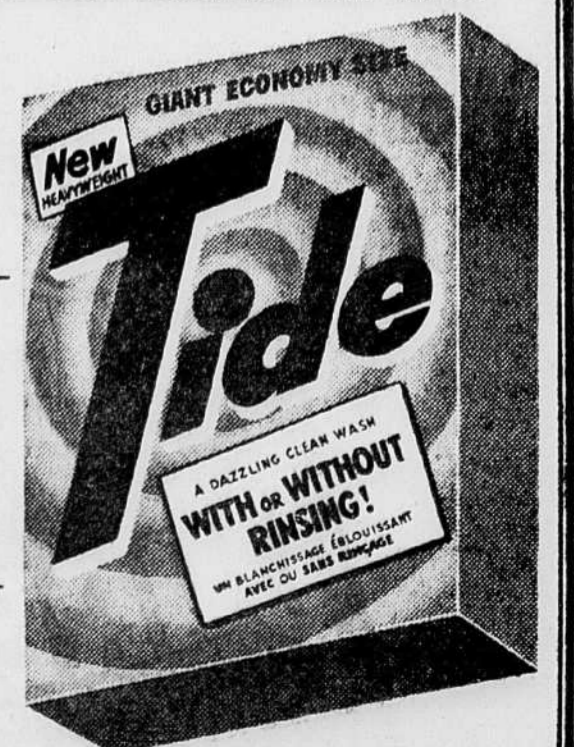

CLEANER

than any other washing product sold in all Canada!

MILDER

for hands than any other leading "detergent"!

NO WONDER TIDE IS CANADA'S FAVORITE WASHDAY PRODUCT!

**Sports Roundup**

By JOE FALLS  
(For Gayle Talbot)

New York, July 17. — (AP) — If you read the sports pages closely last week you probably saw it. If you didn't, you missed a pip. Speak about luck or fate. Just get this:

An unidentified better at Aqueduct wanted two \$10 tickets on numbers 10-3 in the daily double. But he got 11-3 by mistake. Noticing this, he decided to keep the tickets, anyway.

So the 11-3 combo won, paying a whopping \$1,342.90 for \$2. That gave this guy \$13,429—and all because of a mistake.

Well, this brought to mind another racetrack yarn that J. L. "Fuzzy" Macaskill told us recently. Fuzzy is a teletype operator in the New York office of the AP.

It seems one day Fuzzy was well, let him tell it:

"It's like this. There's an old saying that there's a thousand ways for a guy to lose his money on a nag. This, I think, should top 'em all."

"Horace Stoneham, president of the New York Giants, had this horse, Dry Moon. He was a consistent runner. So this day I put two bucks on his nose and he wins easy, by two or three lengths.

"But after about five minutes his number wasn't posted as the

winner. Most of the spectators were mystified because no foul had been committed.

"A short while later, it was announced that Dry Moon was disqualified, disqualified because his jockey, Ted Rice, had died—evidently of a heart attack—after crossing the finish line.

"You see, he couldn't weigh out, which is one of the rules, so the officials were forced to make the disqualification."

"We also heard an amusing tale, this one on golf, at the round-robin tourney in New Rochelle, N. Y.

"This guy—we'll call him Joe—was a red-hot, divot digger. Every chance he'd get he'd sneak away from his house and play 18, 36 and even 54 holes a day.

"One morning, his wife decided to go along, and see what this game's all about.

"He wasn't too happy but made the best of it. Since she was with him, he thought he'd show her the fine points of the game.

"At the first tee, he showed her how to hold the club, how to stand, how to swing, and just about everything there is to know about hitting a golf ball.

"Just aim for that little red flag down the middle," he told her. "See it?"

"It was about 400 yards away. To which, Joe's wife wound up—and the ball flew down the fairway, straight as an arrow, bounce-

"YOU'RE BIGGER, I'M OLDER," brags two-year-old Lonnie Davis to his half-grown great dane puppy, ten months old. "And I know better than you about getting cleaned up." Lonnie is trying to talk the pup into having his chin wiped before entering a Chicago Small-Fry Puppy Show.

**South Africa Builds Long Traffic Artery**

Pretoria.—By the end of this year South Africa will have completed an arterial road stretching 1,250 miles from the Cape to the Rhodesian border at Beitbridge.

Over the whole route there will be only one untarred stretch of 15 miles over the Zoutpansberg mountains in the northern Transvaal. The complete road represents one-quarter of South Africa's network of national roads, and is said to be of a standard comparable with any in the world.

Good progress is also being made on other main highways, notably the spectacular coastal road from Durban on the east coast to Cape Town at the southern tip of the continent. Most of the work on this scenic link has already been done.

**Lemelin Rates With Top Contemporaries**

London.—A British critic says that French-Canadian author Roger Lemelin, 31, "can stand comparison with the best five or six writers of his age in France and England."

The comparison comes from C. P. Snow in a Sunday Times book review of "The Plouffe Family," a story of life in French Canada.

"M. Lemelin is a clear-eyed observer, whom one trusts completely," writes Snow, "and it is something of a shock to read of the response of this decent, warm-hearted (Plouffe) family to the Royal tour in 1939.

"But although it is always a shock to find yourself or your country hated without your having known it, you will not feel more remote from the Plouffes on that account."

**Grain Men Expect Bumper 1952 Crop, Price Big Factor**

By HAROLD MORRISON

Canadian Press Staff Writer Ottawa.—With the weatherman co-operating, Canadian grain experts anticipate the biggest wheat crop in history this year, but faces dull when they consider what this may do to international bargaining.

A bumper crop already has been forecast for the United States, and the experts feel that if the Canadian crop develops into another bumper or peak harvest, importing countries may use this as a lever to argue for a curb on export prices.

Some 40-odd countries are negotiating for a new international wheat agreement to replace the current one which expires July 31, 1953. The top wheat-exporting countries, Canada and the United States, are demanding that the price ceiling be raised substantially from the current \$1.80 (U.S.) a bushel for No. 1 northern.

Canadian negotiators want a ceiling of between \$2.15 and \$2.35 a bushel. The U.S. has suggested about \$2.50 a bushel. But wheat importers, including the biggest one, the United Kingdom, have turned thumbs down on any price advance.

With an eye on the heavy wheat stockpile that may develop in the western world, they have indicated the price should remain at the present price. As a result, a preliminary meeting on development of a new wheat pact held in London last May achieved no concrete results. Another one is scheduled for the fall.

By that time, the negotiators will have a clearer idea of the wheat supply. There's a feeling in Ottawa that by then it may be harder than ever to persuade the importers to agree to any boost in price.

For conditions in Canada point to the heaviest wheat crop in history. Any shift in the weather may, of course, upset the outlook, but so far the experts anticipate the crop will be far greater than the peak harvest of 566,000,000 bushels in 1928.

Canada came close last year when she produced a near-record 562,000,000 bushels, but part of that crop was damp and tough and difficult to handle.

This year the weatherman, so far, has been a lot more co-operative. Most of the prairies has sufficient rain to promote good growth. Damage from hailstorms and insects has been relatively light. In addition, the wheat acreage has been extended to 25,600,000 acres—up 300,000 from 25,300,000 last year last year.

Even if yields are no higher than a year ago, the total harvest may turn out to be the greatest ever.

And in the U.S. optimism also is growing. The U.S. has predicted it will produce about 1,326,000,000 bushels of wheat, second only to the peak crop of 1,359,000,000 bushels harvested in 1947.

### Garden Party At Cooper's Farm At Ayer's Cliff

Ayer's Cliff, July 17. — Over 250 guests were present at the Garden Dinner Party at the "K. D. Cooper Farm Hotel," when the Healthton Women's Association of the United Church assisted by Mrs. K. Cooper, and Miss Vivian Richardson sponsored a baked bean dinner with salads etc. in abundance.

The large tables were on the attractive lawn, and the Rock Garden in all its natural beauty was the living room, where the many guests from Sherbrooke, Newport Vt., Beebe, Knowlton, Rock Island, Coaticook, Way's Mills and the surrounding towns were cordially received and made comfortable.

The food and apron booths were completely sold out in no time.

A pleasing feature of the event was when the hostess, Mrs. Cooper, and Mr. and Mrs. R. Gay, with their son, George, was introduced and welcomed into this community from Montreal, as they have purchased one of the towns most attractive homes. Mr. and Mrs. Gay have been coming to "Coopers" for some time so many are not strangers.

Mrs. Gay was presented with a corsage of pink carnations, and as Mr. Gay was celebrating his birthday, he was presented with a boutonniere and a beautiful birthday cake, with the wishes for "Many Happy Returns" and the hope expressed by all that they may find much happiness in this small community, where they are indeed welcomed.

The guests were bountifully fed by this organization, which brings their donations of food twelve miles to make this affair possible annually.

The proceeds and many donations of money were gratefully received as they depend upon this to enable them to have a student minister for the summer. This year, Miss Mary Ellen Nettle, of Ontario, is supplying.

The Healthton ladies are to be commended upon their efforts and their generosity and determination toward this good work, and proves that combined efforts are greater than numbers without co-operation.

## Experiment Being Planned Against Polio Paralysis

By ALTON L. BLAKESLEE

Associated Press Science Reporter  
New York. — A way to prevent paralysis from polio is being tested this summer in a great human experiment.

Time and 60,000 children will tell whether it works. In a few cities hit by polio, children will soon line up for injections. They have already started at Houston, Tex.

Half will get a magical medicine from human blood—gamma globulin or G.G. In monkeys, the G.G. shots prevented polio paralysis. The other half will get the injections that look the same but lacking the G.G.

Late this fall, it will be known whether there is less paralysis or even no paralysis among youngsters getting the G.G. and whether the G.G. blockade the polio virus and stop it from hitting human nerves.

If so, there will be a fairly practical way of taking the dreadful paralytic sting out of polio. But until the human trials are run, parents, children and doctors will never know whether G.G. can do for humans what it does for monkeys that get the polio virus.

The vital experiment is being supported by the National Foundation for Infantile Paralysis. It will start any day now. The success of the trial, say foundation officials, depends greatly upon parents' calm and willing co-operation and their understanding of all the facts.

These are the basic facts as known now from research. The polio virus apparently enters our bodies through the mouth or nose.

It doesn't cause any sickness at all while it is in our stomachs or intestines. It can cause mild sickness, such as fever and nausea and soreness of muscles, while it is in the blood and a few nerve cells of the central nervous system. There is no paralysis at this time.

The virus causes paralysis only if it damages a lot of nerve cells. All the damage to nerve cells is done within about 24 hours. People always recover from polio if nerve cells are not damaged, or only a few are hurt.

They can recover completely or greatly even from paralysis. The extent of recovery depends upon the extent of damage to nerve cells. Now comes a vital new discov-

ery, made by Dr. David Bodian of the Johns Hopkins University and Dr. Dorothy Horstmann of Yale, in polio work with monkeys and chimpanzees.

After a few days, the virus goes from the intestines to the bloodstream of monkeys. BEFORE it gets into the nerves. The virus doesn't cause any real sickness while it is still in the blood.

While it is in their blood, the monkeys start making antibodies or agents which disarm or neutralize the virus. If the monkeys make enough antibody, soon enough, they escape sickness and paralysis. If they don't, they fall ill of polio.

Most importantly, the monkeys can be protected. They are protected by giving them shots of gamma globulin, obtained from the blood of monkeys which had fought off polio, or recovered from it.

The shot of G.G. gives the monkeys the extra antibody to prevent paralytic sickness. The G.G. is not a vaccine. It stays in the blood only a few weeks, giving temporary protection.

Human tests must be made to learn whether G.G. can do any good. Another vital fact is that most of us already have had polio. We developed our own antibodies, soon enough, and disarmed the invading virus. We probably never knew we had the virus.

We still have the miraculous antibody, in the gamma globulin, one tiny protein part of our blood. If that virus comes along again, our G.G. antibody will capture it and make it harmless. The experts estimate about 90 per cent of us over the age of 15 have these antibodies against polio.

## U.B.C. Committee Aids In Planning For Empire Games

Vancouver—The University of British Columbia has agreed in principle to place its facilities at the disposal of the British Empire Games Society for the 1954 sport meet.

Norman A. MacKenzie, U. B. C. president, has appointed a special committee, headed by Prof. Robert Osborne, which is meeting with the B. E. G. Society's legal committee under the chairmanship of Jay Gould, Q.C., and the B. E. G. facilities committee under Col. W. G. Swan, to draw up final plans.

Many details have to be ironed out before university authorities and the society officials sign an agreement.

Seating capacity of the stadium, now less than 5,000, must be enlarged to accommodate at least 40,000 spectators.

At one stage, President MacKenzie said no more than 7,000 seats would be allowed to remain and expressed the institution's disinterest in having major sports events staged on the campus.

However, it is reliably reported this attitude has been relaxed and at least 20,000 seats may be retained.

Present plans are to erect 10,000 permanent and 30,000 semi-permanent seats at a cost of about \$60,000.

The track will have to be rebuilt and jumping pits moved to a different site. The gymnasium will probably be used for fencing, wrestling and perhaps boxing, although the latter is expected to go to a civic arena.

No location has yet been set for the games' swimming pool. There are reports it may be built at Riley Park near Little Mountain.

Location also has to be found for a bicycle track.

Rowing in all probability will go to Burnaby, but Kelowna is making a strong bid for this event. The interior city possesses an ideal set-up.

### Cemetery Wardens At South Durham Held Meeting

South Durham, July 17 — A public meeting for the St. James Anglican Cemetery was held at the home of Mr. and Mrs. Elmer Duffy at 8:30 p.m., on June 26.

Rev. Mr. Beattie opened the meeting with prayer, then stated the purpose of the gathering.

He went on to say that the cemetery was in very bad shape and that was the reason why the Cemetery Wardens, Elmer Duffy, Arthur Johnston and Ross Bogie, had decided that some other way would have to be planned to improve this cemetery. Stated work, rather than the annual "Bee" held each year.

The Wardens then made suggestions that a cemetery caretaker be hired to go to work at once and get the cemetery in good shape by the spring of 1953.

It was voted that the Wardens, contact Mr. Percy Gunter, who lives on the farm joining the cemetery and ask him if he would take on this work of improving and caring for the cemetery.

A new lawn mower will be needed for this work in the future.

Mr. Ross Bogie, Cemetery secretary-treasurer was appointed as Consulting Cemetery Warden, for the remainder of the year of 1952.

Duties as to charting lots on the newly drawn up map done by Ivan Johnston, and the setting up of new tomb stones and the opening up of new graves, etc., will have to be arranged.

It was decided that at the annual vestry meeting to be held in January, 1953, that all people connected with this church be present to decide as to the price to be paid for a family lot or a single grave, etc.

The money paid for these family lots or single graves to be used towards the upkeep of the cemetery.

In the past few months, there has been some very welcome donations of money sent in by friends and relatives, who wish to help with the improving of this cemetery. There also has been some men who have offered to help with

this work, also a truck offered to draw filling, etc.

Anyone wishing to send further donations or men to assist in this work of improving the cemetery will be greatly appreciated by all concerned.

Service at South Durham in the St. James' Anglican Church for the month of July will be as follows at 10:30 a.m., on July 6 and at 8 p.m., on the other Sundays.

# CANADIAN TIES WITH TWO AMERICANS FOR LEAD IN OPEN

## Stan Leonard Shoots 66 To Square First Round Honors With Palmer And Riegel; Marty Furgol Quits

Winnipeg, July 17.—(CP)—Canadian golfers, off to a running start yesterday in the \$15,000 Canadian Open Golf Championship, have to show today whether they can stand the relentless pressure of tournament play.

Stan Leonard of Vancouver, for years this country's big hope for the National golf title United States players have dominated since 1915, led a squad of nine native shotmakers who broke par 72 on the first day of the 72-hole tournament.

Leonard shot a 66, a competitive record for the St. Charles Golf and Country Club, to share first place after the opening 18 holes with two U.S. invaders—Skeet Riegel of Tulsa, Okla., and slight Johnny Palmer from Baden, N.C.

Henry Martell of Edmonton Highlands, 36-year-old former Canadian Amateur Champion, backed up Leonard with a 67, tying with blonde Dick Mayer, a skillful tournament player from St. Petersburg, Fla. Each matched the old course record set three years ago by Willy Ulrich of Austin, Minn., who was four strokes off the pace yesterday with a 70.

A third Canadian broke 70—Lou Cumming of Toronto who carded a 68 with a hot 33 on the out nine. He shared his score bracket with five others, including Dutch Harrison who won the championship in 1949.

At 68 stood three Americans, two of them well known in Canada: Freddy Haas, Jr., who won the Canadian Amateur here on the St. Charles Course in 1936; Smiley Quick, Pasadena Calif., who won the Ontario Open title last year; and Al Zimmerman of Portland, Ore.

Within striking distance of the leader in the wide-open field came 24 other players—nine with 70s and 15 with 71s—and six of them were Canadians.

One of them was the youngest professional in the tournament—blonde, crew-cut Buddy Tait of the Moose Jaw Willowdale Club, a 22-year-old player who has earned his living at golf for four years. He shot a 70 despite a one-over-par 37 on the out nine.

Gordon Brydson of Toronto Mississauga peeled off a 70 and four Canadians carded 71—Al Baiding of Toronto—Islington; Lloyd Tucker of Kitchener Rockway; Paul McGuire from Woodstock, Ont.; and Bob Gray of Toronto.

## Chuck Davey Wins Unanimous Decision Over Carmen Basilio Although He Absorbed Beating

Chicago, July 17.—(CP)—Unbeaten Chuck Davey wiped out a blemish on his record last night by whipping Carmen Basilio in a blistering 10-round welterweight battle, but suffered enough damage to keep him out of the ring for the next two months.

The Detroit school teacher took a brutal beating about both eyes, despite the unanimous decision over the rugged Canastota, N. Y., brawler who held him to a disputed draw in Syracuse, N. Y., two months ago.

This time, Davey gave a boxing lesson most of the way to Basilio, but when it was over, the winner looked as if he had been caught in a dark alley by an accurate bat-wielder.

Davey's white trunks looked like a slaughter-house apron from spurts of blood caused when the fast-finishing Basilio slashed open a cut on the left eye in the eighth round and a gaping slit on the right eye-lid in the ninth. Davey claimed he was butted in the ninth.

Basilio won the final two rounds and the patched-up Davey needed all of his boxing skill to avoid serious last-round trouble. The first round was even, the rest going to Davey.

It took three stitches to close Davey's right eye gash. Davey's manager, Hec Knowles, agreed Chuck needed at least a month to properly heal both eye wounds.

Another month of condition, he said, would follow before Davey could take on his next opponent.

## Rosen Still Plays Despite Injuries

New York, July 17.—(AP)—Al Rosen, Cleveland's all-star third baseman is playing despite a jammed right thumb and a painful bruise on his right foot that has slowed him down to a walk.

"For all I know," Rosen said today as the Indians engaged the New York Yankees in an important doubleheader, "I may have a broken bone in the foot."

Asked why he didn't have the foot X-rayed, Rosen replied: "Heck, no. The pictures might show a break and then I would have to go on the sidelines. The club has too many injuries right now, as it is. It can't afford to have me out of the lineup. I've just got to play, broken bone or not."

Rosen said he didn't recall how he hurt his foot but he remembers vividly how he jammed his thumb.

"It happened Monday in Washington," the handsome slugger disclosed. "Jackie Jensen hit a hot shot that was headed right at me but the ball took a weird bounce just as it reached me. I had to stick out my bare hand in self-protection and got it right on the thumb."

Rosen showed a discolored thumb that appeared swollen twice its normal size.

"I wouldn't mind it so much if it were on the other thumb," he said. "Then I could have it taped. But this is my throwing hand and any kind of bandage would hinder the throw."

Rosen is leading the American League in runs batted in with 57 and is second with 17 home runs. He is the club's leading hitter with 319 and has played in all but two of Cleveland's 80 games.

## McIntyre, St. Johns, Signs With Pirates

Pittsburgh, July 17.—(AP)—The Pittsburgh Pirates yesterday justified the faith of a bush leaguer's teammates who chipped in to pay his expenses for a Buc tryout.

The National League club signed up Willie McIntyre, Negro pitcher, to a 1953 contract with the St. Johns club, of Quebec, in the Class C Provincial League.

The Pirates said McIntyre's ex-teammates on the Memphis Magnolias dipped into their own pockets to buy him a railroad ticket and eating money. Now that he's got a contract, the Pirates said, McIntyre is paying back the Memphis player.

The new Pirates farm hand is 23, a right-handed thrower who stands six foot two inches and weighs 200 pounds.

## Shake-Up In Entire Olympic Program Is Forecast Following Election Of Brundage As International President

Helsinki, July 17.—(AP)—A thorough shake-up in the entire Olympic program was forecast today to make sure that everybody taking part is a simon-pure amateur.

The move would be a logical step in view of the elevation yesterday of Avery Brundage of Chicago to the presidency of the International Olympic Committee.

The I.O.C. runs the Olympic program. This has grown from a handful of sports and athletes at Athens in 1896 to the present octopus of 20 sports and 8,000 competitors for the Helsinki Games which open Saturday.

Brundage is the world's leading advocate of amateur sports. He has fought the inroads of professionalism at every occasion with regard to his personal popularity.

Both in his position as president of the United States Olympic Committee and as a member of the I.O.C. Executive Commission he has opposed any suggestion to liberalize the interpretation of an amateur.

Many times he has fought a losing battle as he did in 1950 when he sought to rule ski instructors out of subsequent Winter Olympic Games.

Brundage, a wealthy hotel executive, served four terms as president of the Amateur Athletic Union in the United States and has headed the U.S. Olympic Committee since 1929.

He will take over his new, unpaid job on September 1. For the present Olympic Games the executive will be the aging J. Sigfrid Edstrom of Sweden, who has headed the organization since the war years.

Although the ruling body made the news yesterday, competition also continued on the athletic fields in field hockey and soccer.

The United States was bounced out of the soccer qualifying competition in a one-sided battle with Italy. The Italians whipped the U.S., 9-0, in the first round at London four years ago. Last night the Americans improved by one goal. They were beaten 8-0.

Two surprises were the defeats of Great Britain, home of soccer, and Chile, The British lost, 5-3, to Luxembourg, in overtime and Chile was edged by Egypt, 5-4. Brazil defeated Holland, 5-1.

These matches ended the qualifying rounds. The draw for the regular Olympic tournament will be made today. The teams will be Finland, Norway, Luxembourg, Italy, Brazil, Egypt, Russia, Yugoslavia, Denmark, Poland, Hungary, Sweden, Germany, Turkey, Austria, and the Dutch East Indies.

In field hockey last night Germany defeated Poland 7-2, and France beat Italy, 5-0.

The basketball qualifying round-robin resumes today after a 24-hour lapse with Canada playing Egypt, Romania meeting Italy, Cuba taking on Bulgaria, and Hungary tackling the Philippines.

Field hockey continues with India against Austria and Great Britain against Belgium.

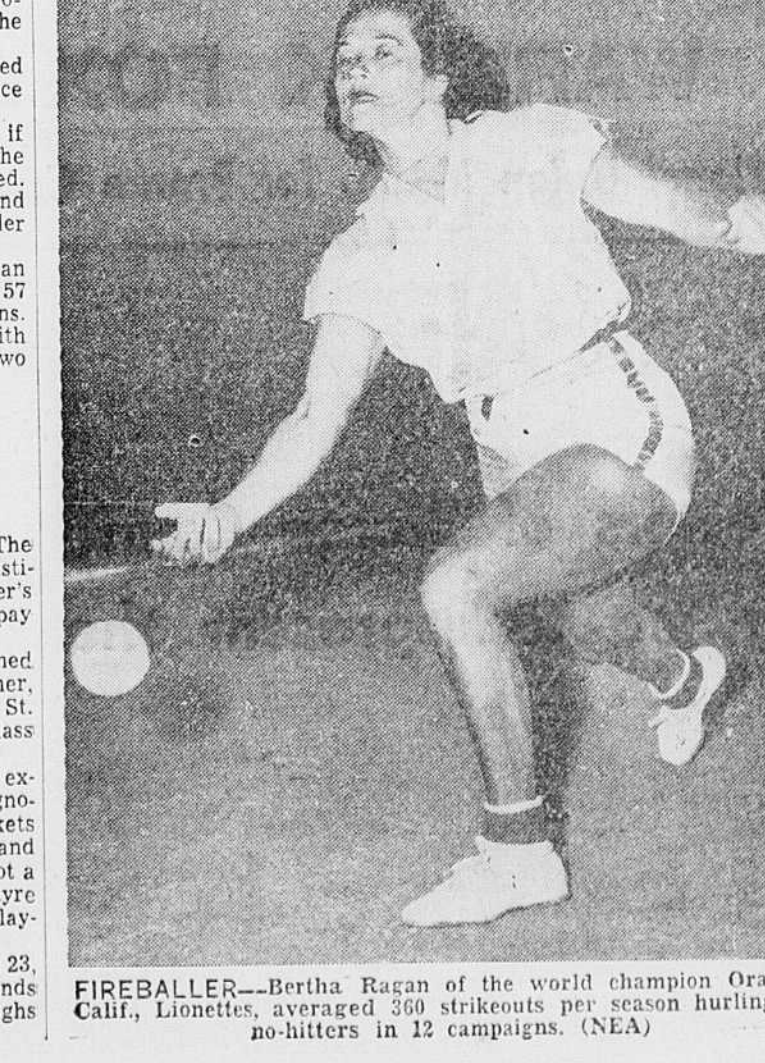

## Middlecoff Takes Lead In Winning Money End As Ump In Provincial

Chicago, July 17.—(AP)—Cary Middlecoff, the Memphis dentist who works where other dentists relax, on the fairways, captured golf's money-winning lead from Jack Burke.

Middlecoff's latest surge, official P.G.A. statistics showed today, raised his 1952 earnings to \$13,506, topping Burke's \$12,970 by more than \$500.

Middlecoff stowed away the top prize of \$2,400 in each of the Detroit and St. Paul Opens.

Third with \$12,528 was Lloyd Mangrum, followed by Ted Kroll with \$9,325, Dave Douglas with \$9,783, and Julius Boros with \$9,270.

**FIREBALLER**—Bertha Ragan of the world champion Orange Calif., Lionettes, averaged 360 strikeouts per season hurling 98 no-hitters in 12 campaigns. (NEA)

## Granby Upsets Quebec 7-4 In Close Battle

Granby, Que., July 17.—(CP)—Granby Phillies defeated Quebec Braves 7-4 in a Provincial Baseball League game last night.

Phillies scored single runs in the first two innings, added two in the third and three in the fifth. Braves counted once in the first two innings and once in the eighth.

Len Wisneski was the winning pitcher for the Phillies.

## Red Wings Dump Royals For Third Straight

Beat the big boys, they say, and the little ones will take care of themselves.

Falling in all other ways to overcome the season-long lead of Montreal Royals in the International League, Rochester Red Wings apparently have decided to try the direct approach.

The Wings whipped the Little Dodgers for the third straight time last night, 5-3, behind the hurrying of rookie George Condrick, although he needed help from Jack Crimian for the last two out in the ninth.

Steve Bilko led their 12-hit attack against three Montreal pitchers with a double and two singles.

Toronto Maple Leafs shut out Ottawa Athletics 5-0 behind the combined efforts of Duke Markell and Vic Lombardi. The latter got the win. Leafs scored all their runs in the fourth inning. During that stanza Charlie Bishop, Ottawa pitcher, was banished for arguing with umpire Joe Scrafani.

Buffalo Bisons rolled to a 10-2 victory over Springfield Cubs after scoring six times in the fifth inning. Vern Fear was the victim of the barrage, which included home runs by Frank Carswell and Bill Tuttle. Hank Borowy went the distance for the winners.

The Syracuse-Baltimore game was rained out.

## Torch Finally Reaches Scene Of 1952 Games

Tampere, Finland, July 17.—(AP)—The Olympic torch from Mt. Olympus in Greece reached Tampere last night on its way to Helsinki, the site of the 1952 summer games.

The torch was carried into the stadium here immediately after the soccer match between Italy and the United States by Paavo Yrjola who won the decaathlon in Los Angeles in the 1932 summer games.

The torch will stay overnight outside the city hall here and continue on to Helsinki tomorrow. The flame is scheduled to reach the Olympic Stadium in Helsinki just in time for the opening ceremonies.

## N.Y. Revokes Licence Of Owner Louis Tufano

New York, July 17.—(AP)—The New York State Racing Commission today revoked the owner's license of Louis Tufano on charges the New York contractor instructed his jockeys not to try and win with the horse Gondolier at Belmont Park May 12 and again May 29.

Belmont stewards suspended Tufano, owner of the handicap star, Market Wise, June 5 for allegedly giving improper, corrupt and fraudulent instructions to jockeys Don McAndrew and Eldon Coffman which were not obeyed.

McAndrew testified at a June 17 commission hearing that Tufano told him May 12 he wanted Gondolier "beat eight or ten lengths."

The jockey said he did not reply to Tufano and in the race "let the horse get all he could get." He finished second, beaten 1 1/2 lengths.

Similar instructions were given Coffman May 29 and the jockey refused the commission said. Gondolier was second in a photo finish.

The commission also revoked the licence of Ramon Bueno, trainer of the French steeplechase horse, Byng, owned by Daniel Saint of Paris. Byng won the third race at Belmont June 4. A routine saliva test showed he had been drugged.

The commission said Bueno admitted the illegal possession at a race track of drugs, hypodermic needles and syringes.

## Yankee Stadium, Graveyard Of Cleveland Pennant Drives, Is Haunting Indians Again; Sox Win

Yankee Stadium, graveyard of Cleveland pennant drives in the past, is haunting the Indians again.

The Tribe startled the baseball world by winning their first three games there this year. This almost matched their victory total for the previous two seasons during which they managed to win only five of 17 games in the house that Ruth built.

But Cleveland's dreams of a happy hunting ground in the Stadium were rudely shattered yesterday. The Indians missed an opportunity to virtually tie the Yanks for first place by dropping both ends of a double-header, 8-7 in 10 innings and 7-4.

The long twin bill, started in the glaring sun and finished under the lights, was the key point of the five-game series which will be completed today with a twin-night doubleheader.

Early Wynn opened the series Tuesday night by pitching the Yankees to a 7-3 victory. That cut the Yanks' lead to 2 1/2 games. A sweep yesterday would have pulled the Indians to within a half-game, but instead the Indians were sent reeling 4 1/2 games off the pace.

The Yanks were forced to come from behind to win the opener. Yogi Berra tied the score at 7-7 in the eighth inning with a two-run homer, his 20th of the season, and Hank Bauer broke it up by singling home rookie Kal Segrist from second base in the 10th.

Cleveland hopped on Johnny Sain for five runs in the third inning, two on a homer by pitcher Bob Lemon. Lemon was forced to retire after six innings because of the heat but Mickey Harris, Lou Brissie and Mike Garcia failed to protect his 6-4 lead.

The Yanks won the nightcap with a four-run rally in the seventh against Bob Feller. Gil McDougald's three-run homer was the big blow.

The defeats also endangered Cleveland's grip on second place as the third-place Boston Red Sox defeated Chicago White Sox 7-3 to move within a half-game of the Tribe.

Southpaw Bill Wight pitched the Detroit Tigers to a 9-0 victory over Washington in the only other American League game. A twin-night doubleheader between Philadelphia and St. Louis was rained out.

Brooklyn maintained its five-game lead in the National League, downing Cincinnati 5-3, while the runner-up New York Giants eked out an 8-7 victory over St. Louis Cardinals in 10 innings. In other games, Philadelphia edged Pittsburgh 8-7 and Chicago tripped Boston 3-2 in 13 innings.

Three first inning errors by Red catcher Andy Seminick, helping the Dodgers score two runs and set a league record for most errors in one inning by a catcher.

## Eleven Canadians Will Compete In Second Stage Of Queen's Prize; Lt. G. Boa, Last Year's Winner Fails
