

FINAL TRIBUTE ACCORDED TO WILLIAM GREEN

Hardwick, Vt., Nov. 2.—William Green, well and favorably known resident of this town for forty-five years, who had been in poor and failing health for a long period of time, passed away at the State Hospital, in Waterbury, Vt., on Sunday, October 21st, 1945, where he had been several weeks for treatment.

Thomas William Green was born in Sherbrooke. He received his education in that city and came to this country when a young man and lived in Barre, Vt., where he learned the trade of blacksmith and wheelwright. He came to Hardwick, Vt., not long after, and engaged in that business which he followed for many years, until ill health obliged him to give it up.

For many years he acted as agent for Farm and Grange fire insurance, as well as an adjuster of claims. On May 22, 1907, he married Blanche Burnap, daughter of Mr. and Mrs. Harvey Burnap, of this place.

The deceased was always interested in town affairs and matters pertaining to the good of the community. He was a charter member of Herdwick Grange, also of the Populona Grange. He was a member of the State Grange and the National Grange in which he held many important offices always filling them very ably.

FO. B. HYNDMAN PRESUMED DEAD

F/O. Bruce Douglas Hyndman, son of Mr. and Mrs. Douglas Hyndman, of Quebec City, previously reported missing, is now, for official purposes, presumed dead. F/O. Hyndman was born at Sherbrooke, and was the grandson of the late Dr. G. E. Hyndman. He was the second cousin of Dr. F. H. Bradley, of Sherbrooke.

Flying Officer Hyndman joined the R.C.A.F. in September, 1942, receiving his wings at Uplands. He was reported missing after a raid on Osnabruck on December 6, 1944.

He was always interested in town affairs and matters pertaining to the good of the community. He was a charter member of Herdwick Grange, also of the Populona Grange. He was a member of the State Grange and the National Grange in which he held many important offices always filling them very ably.

Funeral services were held at the Holcomb Funeral Home Wednesday, October 24, at one o'clock, with Rev. Murray Bewart, pastor of the Episcopal church at St. Johnsbury, officiating, with burial in the cemetery at East Calais, Vt. The impressive Grange funeral service was rendered following the regular service.

SEEK TO ATTAIN MEMORIAL HOME GOAL BY NOV. 11

Several thousand dollars are yet required to complete the objective of \$25,000 for a War Memorial Home which it is hoped will be attained before November 11th, the date officially approved for commemoration of a Remembrance Day for the First and Second World Wars.

At a well-attended meeting of the Financial Campaign Committee, under the chairmanship of Guy Bryant, canvassers' lists were revised to cover names not yet contacted, or from whom returns had not been received by mail.

Members of the Committee attending were J. A. Bourgeois, K. B. Jenckes, B. D. Lyon, G. F. Chapman, G. S. Bedard, A. J. Camirand, Claude Genest, W. E. Pratt, W. E. Spackman, M. V. Long, Ted Anderson, Oscar Nelson, George Newman and Newman Hunter.

Plans for equipping and furnishing the Memorial Home were reviewed in detail. Arrangements are being completed for a permanent list of all subscribers. The list, suitably inscribed, will be on display in the "Records and Trophies Room" in the Memorial Building.

FRAUD CHARGE OVER WORKLESS BENEFIT CLAIM

Officials of the National Unemployment Insurance Commission have opened an intensified campaign against persons who have been making false statements in order to gain unemployment benefits and as a result a Sherbrooke resident, Joseph Theberge, appeared before Judge Anatole Gaudet in Magistrate's Court charged with this offence.

In view of a plea by the accused that he was a married man with a family and an offer to reimburse the Commission for the monies fraudulently received, he was allowed out on a suspended sentence. The Magistrate indicated, however, that he would deal drastically with similar cases in the future.

According to representatives of the Commission, investigators have uncovered a number of cases where men report themselves unemployed and draw the benefits while at the same time are gainfully employed.

He remarked that it was proposed in the United States Senate that Iceland be made a state of the union and it also was proposed that negotiations be opened for purchases of islands in the Pacific from France and Denmark.

It was learned that the number one Canadian War Crimes Investigation Unit, headed by Lt.-Col. Cases being investigated included the mistreatment of R.C.A.F. men who bailed out over Germany, as well as army prisoners. In some cases the Germans held responsible already are under detention.

Work And Future Prospects Of Sea Cadet Movement Described

Outlining the work and future prospects of the Sea Cadet movement in Canada, R. C. Stevenson and J. C. Elder, of Montreal, addressed the weekly dinner meeting of the Y's Men's Club of Sherbrooke at the Chateau Frontenac, explaining the services rendered by the organization during the war years, and the possibilities of peacetime activities of the Sea Cadets, through the assistance of the Navy League of Canada.

Many instances were cited of services accomplished by the Sea Cadets, with the speakers stressing the fact that this movement would receive the backing of increased training facilities in coming years through the rapid decommissioning of so many ships from the Royal Canadian Navy. Possibility of the formation of a Sea Cadet unit in Sherbrooke was discussed in general, both in the addresses and in a round-

table session following the dinner, when the members adjourned to the speakers' rooms at the New Sherbrooke Hotel.

Doug Howard introduced the guest speaker who was thanked by President Vic Newton, on behalf of the Club.

An eighty per cent attendance was noted at this meeting, with 29 members present, unavoidable absence detaining others who would have thus created a perfect attendance mark for the Club.

President Newton reported a net profit of \$85 from the last dance held by the Club, and the members voted a grant of \$50 to the local Y.M.C.A., to be used to provide gratis memberships to worthy boys from the community. A donation to the Canadian Legion Memorial Home was also passed at the meeting.

Reporting on the activities of the Y's Men's entry in the Bowling League, Wyatt Johnson stated that good progress was being made, and better scores were being made by the members each week.

Next week's meeting will be devoted to the monthly business session, when various committees will be appointed.

AMUSING PLAY IS PRESENTED AT LENNOXVILLE

"Aunt Abby Answers An Ad," a three-act comedy, presented by the Trinity Club from Sherbrooke in the Gertrude Scott Hall last evening, was enjoyed by a large audience.

Rev. N. D. McLeod made the welcoming address, after which the programme was opened by the singing of "O Canada," with Mrs. N. D. McLeod at the piano. The curtain rose, showing the attractive living room in Aunt Abby's Tonoverville Tourist home, which formed the perfect setting for the three acts.

Under the direction of Mrs. N. S. Lathrop, assisted by Mrs. J. Kay, the following cast presented their various roles in a most creditable manner. "Abby Ainsley," a dyed-in-the-wool old maid, Miss M. Robinson; "Lucindy Lou Joy," her maid of all work, Mrs. B. Armitage; "Horace Harter," her unwelcome suitor, J. Kay; "Anna Ainsley," her niece from the city, Mrs. E. Fuller; "Lillian Lorraine," Anna's girl chum, Miss I. Armstrong; "Billy Barberton," engaged to Lillian, B. Armitage; "Bobby Barrington," Anna's boy friend, E. Fuller; "Mrs. Purviance," a tourist, Miss L. Dodge; "Horace Harkwell," a lovely widower, W. Caplan; "Essie Ebersole," a tattletale, Mrs. G. Crawford.

The scenes centers around Aunt Abby, who bought up a number of out dated street cars and moved them out into the country on the highway and started a tourist home.

One of her tourists tells her how she won her perfect husband by answering an ad. So Aunt Abby tries this on the sly.

Her niece and girl chum are staying with her and are afraid to tell her they have boy friends who arrive to see the girls unexpectedly and hide.

The girls and boys find out about the ad and plan to trick her.

Aunt Abby, to the amazement of all, becomes a changed person but still turns down the advances of her devoted suitor, Horace Harter.

Then the mix up occurs. The boys impersonate a lonely widower who answer the ad, and make love to both Aunt Abby and Lucindy. The real widower appears and is taken for one of them.

Then the girls confess and Aunt Abby gives in to her old lover.

Between scenes Miss Thelma Crawford, accompanied by Miss Betty Mackenzie, sang "Fill You Come Home" and "Somewhere a Voice is Calling," and the entire company assembled on the stage to close the programme by singing "God Save the King." This entertainment was sponsored by the members of the Women's Association of the United Church.

INDUSTRIES TO BE VISITED BY TRADE OFFICER

Interviews are being arranged by the Sherbrooke Chamber of Commerce for the heads of the various industries here with Frederick Palmer, recently appointed Trade Commissioner to Stockholm, who will arrive in Sherbrooke Monday morning.

A letter, written by W. H. Cheney, assistant director of the Commercial Intelligence Service, at Ottawa, introducing Mr. Palmer, has been received by Romeo Duford, Secretary of the Chamber. It states that the Trade Commissioner is making a tour of industrial centres in the interest of export trade with Sweden, China and Finland.

Although Mr. Palmer is scheduled to leave Sherbrooke Tuesday afternoon, his itinerary includes a brief visit to Magog and Windsor Mills.

While he is in Sherbrooke, it is planned that the Trade Commissioner will need with many of the larger firms here and possibly, if time will allow, he will tour some of the plants.

BUSES DAMAGED BY FIRE

Ray Demers Is Victim In Hit And Run Case

Ray Demers, of Lennoxville, is in the Sherbrooke Hospital today, suffering from injuries received when he was struck late yesterday afternoon by a hit-and-run driver as he was walking along the Stanstead Highway, just outside Lennoxville.

Mr. Demers was walking towards his farm on the right side of the road in the Stanstead direction. He was accompanied by Howard Nutbrown, of Lennoxville, who was not struck.

The car which struck Mr. Demers and failed to stop was coming from the direction of Lennoxville.

Dr. W. J. Klinek, of Lennoxville, is attending the case in the Sherbrooke Hospital, where Mr. Demers was removed by Biak's Ambulance immediately following the accident. Mr. Demers' condition was reported as fair this morning.

In the St. Vincent de Paul Hospital as a result of a car accident on Halloween night is Raoul Pomerleau, 36, of Stoke Centre. Pomerleau was the driver of a car which struck the centre supports of the trestle at the corner of Galt and Alexander Streets. The car was badly damaged and the driver is suffering from contusions to the body and shock. He is being treated by Dr. L. A. Page.

McKENNEY ON BRIDGE By Wm. E. McKenney, America's Card Authority

QUEEN OVER JACK REMOVES GUESSING I have often said that, when you cannot get an indication as to which way to take a finesse, play the queen over the jack. I do not advocate this because I believe that the queen over the jack, I do not advocate, but only to standardize the play so that you will not always be guessing. In tournament play, if you play the queen over the jack, you know that many other players will do the same thing. In today's hand, North ruffed the second round of hearts in dummy, took two rounds of trumps, and then knocked out the diamond ace. Now the contract depends on locating the queen of clubs. North cashed the balance of the diamonds and found West holding three diamonds and two spades. Therefore, West's overall of two hearts should mark him with a six-card heart suit. This would leave East with three clubs, and the percentage favors the hand holding three to have the queen. In other words, East had three chances to hold the queen against two on the card heart suit. This would leave

From The Record Files

THIRTY YEARS AGO Official German circles have denied that the visit of Prince von Buelow to Madrid is a move towards opening peace negotiations, although reports that the Reich has advanced peace terms are rampant in Holland. Although the Serbians have met with certain setbacks in their fight against the Austrians, the Italians claim definite advances in the adjoining salients. The Russians are planning an attack at the weakened Teuton lines in the near future. Despite the assurances of Prime Minister Asquith that all is well, the London press is critical of general conditions and demands a cabinet reorganization to avoid the present muddle and to avoid disaster. Among those taking part in a play in aid of the British Red Cross Society at Waterville were Miss Florence Emery, Miss I. Moore, Miss May Spriggings, Miss Hanson, George Drew, H. W. Rambant, Miss G. Swanson, Mrs. N. G. Swanson and Mrs. C. O. MacAllister. Finance Minister White has announced that the Canadian Government will offer a domestic war loan to the Canadian people in the next few days. To date all borrowing has been done abroad.

TWENTY YEARS AGO Liberal Party headquarters indicate that Prime Minister Mackenzie King, who was personally defeated in an Ontario riding, is unlikely to accept the offer of a Quebec seat and may run in Western Canada. Another cabinet meeting is being held today to decide whether the Government will resign or continue in office despite the fact the Conservatives took the greatest number of seats but failed to obtain a clear majority. The summer cottage thieves have extended the scope of their activities, the latest victims of the ring being six cottage owners in the vicinity of Little Lake. Officers elected for the newly-organized Church Club of the Waterloo United Church were H. Bird, Mrs. E. A. Blake, Miss Graves, Mrs. F. Colwell, Mrs. Gardiner, Mrs. Colbourne. Officials in charge of the Bedford District High School sports meet at Sutton were L. F. Jenne, C. S. Douglas, Miss L. Waterman, Miss M. Young, G. F. Watts, C. A. Adams, A. Sheltus and F. Slack. Ten persons are reported missing as the result of a dam breaking in the Welsh mountains. Several houses and buildings were washed away.

TEN YEARS AGO Although some property damage was reported, so far there is no indication of death or injury resulting from a severe earthquake which shook Eastern Canada. W. J. Patterson was named Premier of Saskatchewan to succeed Hon. James G. Gardiner who has entered the Dominion Cabinet as Minister of Agriculture. Britain and French Government representatives are conferring with a personal envoy of Premier Mussolini seeking to bring an early end to the Ethiopian war. Premier Wang Ching-Wei, generally regarded as pro-Japanese, has been critically wounded by a would be assassin, believed a member of a Chinese patriotic organization. Prize-winners at a Mansonville district school track meet were Doris White, Rita Manson, Rose Cadorette, Ralph Rogerson, Barclay Coates, Graham George, Isobel Rogerson, Garland Barnes, Russell Gitties, Harold Cook, Grant Macdonald, Helen Cook and Raymond Cote. The new Liberal Government has decided to refer seven items of legislation passed by the last session of Parliament to the Supreme Court for a decision on their validity.

FIVE YEARS AGO President Ismet Inonu has told the Turkish National Assembly that his country will carry out its pledge of support for Great Britain and that the two governments are studying the situation in Greece with a view to future moves. The German failure to stage the much-heralded invasion of Great Britain is reported to be the cause of increasing underground activity in the occupied regions. This is accompanied by the growth of sabotage. In an effort to meet the situation the Germans have given a promise to release a million French prisoners in return for increased collaboration by the Petai Government. British official quarters have denied reports that former Prime Minister Chamberlain is planning to pay a visit to the United States in the near future. Among those taking part in a programme presented by the Bulwer Young People's Union were Miss K. Johnston, Phyllis Wheeler, Marjorie Merrill, Evelyn Jordan, Melba Wheeler and Gerald Williams. A revolt of the troops of the puppet government of North China is reported to have forced the Japanese to abandon that district.

REVIEW OF COURT MARTIAL SENTENCES Defence Minister Douglas Abbott, himself one of the youngest Canadians to wear uniform in the war of 1914-1918, has announced the formation of a special judicial board to review sentences handed down on soldiers of this war by military courts martial. This board, headed by Mr. Justice John Keiller Mackay, of the Ontario High Court of Justice, faces a most difficult task. There will be many matters to consider in each individual case. Military courts, convened in action within the sound of friendly, and enemy, guns, were inclined to show little mercy to a soldier convicted of desertion or of absenting himself without leave "with intent to avoid contact with the enemy." A court martial, in the field, usually consists of three members, often a major and two captains. These officers have nearly always had battle experience and their judgment has been tempered and sharpened by the hardships and dangers of actual conflict. They realize what a serious thing it is for a man to desert in the face of the enemy — serious for his comrades as well as for the successful carrying through of the operation plan. But they realize too the terrible toll on nerves and physique that battle exacts from every soldier. They realize that it is possible for a man to reach the breaking point, and although struggling against it, finally decides to desert rather than fight again. A soldier convicted of such a crime in the field is dealt with severely. Discipline throughout the army must be maintained. It must be made more painful for a man to desert than actually to risk his life in facing the enemy. Nothing can be allowed to stand in the way of final victory. Now some of the factors that justified such severe sentences have been removed. Victory has been attained. The question of army discipline is not now pressing. The Board will have to consider too, whether a soldier who volunteered for overseas service, and finally was physically, or emotionally, unable to face the enemy when the test of fire came, and therefore deserted, is more or less guilty than the soldier who never volunteered, and who went absent without leave in Canada to avoid being sent on a draft overseas. As the situation now stands the first soldier is in all probability serving a sentence of two years and the second soldier two months. Defence Minister Abbott is to be congratulated on the formation of this reviewing board which will put the whole, contentious question in trained, judicial hands.

BARUCH ISSUES A WARNING During two of the greatest wars in history and in the disturbed periods which intervened, the opinions expressed by Bernard M. Baruch, one of the leading United States financial observers, have proved unusually accurate in their forecasting of world events. Thus especial attention may be paid to his statements made yesterday before the joint Senate Military Commerce Sub-committee studying bills on Federal aid to science. He is convinced that the Germans and the Japanese will strive incessantly through science, technology and engineering to devise some means for waging a third world war. To offset this he urges that the United States establish a national science foundation whose duties would include counsel for "effective policing of the war-fearing science of Germany and Japan." The white-haired adviser to several Presidents went on to say "the long-time control of the scientific resources of Germany and Japan must continue for many years after the last occupation troops leave those lands—until there has been a spiritual rebirth of those peoples." Insofar as some of the opinions expressed by Mr. Baruch are concerned, it is obvious that such matters as the policing of German science and the length of time in which Germany must be occupied can only be determined by a common agreement among all members of the United Nations. But there are other suggestions which he advances that might well be given serious study by the Canadian Government. One of these is his proposal for federal assistance to scientific research. Canada has certain important scientific research organizations, such as the National Research Council, and their activities have been expanded materially under the stress of war. But in normal times, the work of many of these bodies has been materially curtailed for lack of sufficient funds. It is to be sincerely hoped that the legislators and people of this Dominion have learned the costly lesson of the important part which scientific research plays in war, and that every effort will be made to see that the science services of the Dominion are not starved in

the future and that Canada will keep in line with, or ahead of, the advances in military science in other parts of the world. However, it must be realized that scientific research has other phases beside that of the development of new war materials. Canada is a country rich in natural resources, but unfortunately the geographical location of many of these and the quality of others leave much to be desired. In many cases private industry is seeking ways and means of making them available for public use, but in other instances the country is deprived of the use of many potentially-valuable resources because science has made no organized approach to their development. In these instances substantial government assistance would be in order.

CHARLES O. PALMER The death of Charles O. Palmer removes from Sherbrooke a man who for many years occupied an important place in the business life of the community. During his lengthy residence in Sherbrooke, Mr. Palmer took an active part in many community enterprises outside his own business and was held in general respect for the forthright manner in which he conducted all matters with which he was connected. Although ill-health forced his withdrawal from active business in recent years, he maintained a keen interest in community affairs until shortly before his death.

SENATOR McGEER BELLS THE CAT Senator Gerald G. McGeer, who for some time has been given considerable notoriety for his rather advanced views on monetary reform and other economic matters, is doing little to endear himself with his fellow members of the Senate and with the members of the House of Commons whose halls he vacated shortly before the last general elections. Not content with opposing the plan of the members of the Lower House to raise their own sessional indemnities, he has gone to the almost unheard-of length to propose that the revered Upper House be made an elective body. This proposal has been advanced by outsiders from time to time but to have it forthcoming from a member of the Inner Circle will be looked upon as virtual heresy. Although the question of Senate reform may bring forth very conflicting views from the Canadian people, some of whom might urge drastic reform, others of whom favor leaving the body virtually unchanged, a third group even demanding abolition and the great majority totally indifferent, he will receive universal support for his fight against increasing parliamentary indemnities at the present time. His views are summed up in a proposed amendment to the Senate and House of Commons Act providing for the increase, which he precedes with the remarks: "I believe our members of the House of Commons are hopelessly underpaid, but I believe that there are a lot of people in Canada who are terribly over-taxed. "While I am all in favor of members' compensation being raised, I should like to say to them — 'Before you fellows can do that, you had better do something for the people who aren't even getting a decent standard of living before they're taxed.'" Certainly there can be no exception taken to his argument that before the sessional indemnity of Senators or Commons be increased or any part of it be exempt from tax, all Canadians in the lower income brackets should be relieved of income taxes. It will be interesting indeed to see the reception which will be accorded the amendment moved by Senator McGeer yesterday, as this is likely to produce more immediate results and fireworks than his proposals for Senate reform which have not yet entered the realm of active controversy.

HITLER ACTUALLY DEAD The announcement of the British army intelligence service that they have definite proof that Adolf Hitler is dead is more important for the effects which it may have on the future administration of Germany than for any direct difference it makes to the ordinary citizen of the United Nations. To a person living in Canada or the United States, the general course of his existence will be little changed whether the late, unlamented Fuehrer is no longer in this world or whether he has found refuge in some wild uninhabited region or on some barren island. But in the fight to reform the German people, the situation is markedly different. There is ample evidence available that hundreds of thousands, or even millions of people in Germany today still look on him as a super-being and that but for certain circumstances he would have led them to victory. As long as there is a strong belief that he may be alive, there will be left the core for the rise of a new Nazi-type movement within the Reich. If the belief is commonly accepted by the German people that Hitler is only in hiding, it will not be long before some group arises within the country claiming that they are his spokesmen and that they are in constant communication with him. Once this group gains a certain degree of prominence, it will become the nucleus for the revived party and such resistance as does exist to Allied occupation within Germany will change from a disorganized series of incidents to a well-organized movement. Thus it is essential that the occupation forces make an irrefutable case that Hitler is dead—a case so strong that even the most hardened Nazi cannot deny it, or they must intensify their efforts to rout out this unpleasant individual and dispose of him. Apparently, the British authorities believe they have accomplished the first alternative, for the nature of the statement they have released goes into great detail about the final hours of the former leader of Germany and would-be conqueror of the world.

THE FAMILY ALLOWANCES Ottawa Journal In the light of the new Dominion budget, the family allowances propositions put on the statute books by the Mackenzie King Government, just previous to the recent general election, looms up brightly. Mr. Halsey's budget offers a cut of \$300,000,000 in taxes. The family allowance bill provides just about \$300,000,000 increase in taxes. In other words, but for the family allowance bill, Mr. Halsey would have been able to announce a cut of \$600,000,000 in taxes instead of half that. Now—how should we figure about this? Should we think that a cut of three hundred million in taxes, plus a three hundred million bonus on babies is better for Canada than a six hundred million cut in taxes? Or should we prefer a six hundred million cut in taxes in this time of national uncertainty, with the baby bonus to be put on later when we know where we are? We offer the question, and everybody can choose his own answer. Only, we think the baby bonus just previous to the general election was a cute election move by Mr. King.

GORDON A DICTATOR? Ottawa Journal Come the miners of Leithbridge, Alberta, to indict Donald Gordon as a "dictator." We hope Donald doesn't take it too hard, that, inclined to song and poetry as he sometimes is, he will recall those lines of Kipling: "If you can keep your head When all about you Are losing theirs And blaming it on you..." And Donald, we know, is no dictator; after five years of tribulation as the Prices Board chairman he is the farthest thing from a fuerher that we know. There was a time when some of us feared he might have inclinations that way; but that was in the early days of the war, when many of our controllers, snatched from offices where their word was law, were having trouble adjusting themselves to Ottawa, and sometimes talked as though Parliament and the Cabinet were a part of their staffs. Donald was almost the first of them to notice that it was the other way round, and though the headlines continued to refer to him as the "Prices Czar" his behavior was scrupulously democratic. "One of democracy's shortcomings, we sometimes think, is that the critics are so often wrong. Josh Billings said that the trouble with peo-

ple was not that they didn't know things, but that they "knew so many things that weren't so." That, we opine, is what is wrong with the attack of these Leithbridge miners on Gordon. They just don't know their man. Had they gone to Senator "Billy" Buchanan, he could have put them right. "Billy" could have told them that Gordon's sometimes loud talk is just a shield to cover a soft and sympathetic heart, that if only they could hear him sing "Annie Laurie" or "The Rose of Tralee," which he will do occasionally on the slightest provocation, and be more than generous in his incoheres, they would never think of him as a dictator at all. They might be able to say of him that he was sometimes inclined to argue too much, that his bridge was terrible, and that he often got mixed up about important names and dates in history, driving him next day (after he got caught) to the Encyclopedia Britannica; never, except with wild exaggeration, could they speak of him as a "dictator." The man's got too much sense.

DOROTHY DIX

Happiness In Work

Girl Should Do Work Which She Really Likes

DEAR MISS DIX: My family insisted upon my taking a business course, as they thought it would be valuable to me in case of rainy days. The only trouble is that I do not like office work and after three years of it I am fed up and tired of waiting for stormy weather. I want to quit my good job and try something else. Do you think this is wise, or should I continue office work and marry the first man who asks me, out of sheer boredom?

WHITE COLLAR GIRL

ANSWER: I advise you to give up the work to which you are allergic and get into something that you like to do. No one makes a success of a distasteful job. Stevenson once said that the person who did his work without thought of reward was called of the gods, and that is eternally true.

WORK REAL HAPPINESS

If you do the work in which you are so interested that you never count the time nor the labor that you put into it and that keeps you always on your tiptoes, you have found a source of happiness that never fails. And you do good work, the kind of work that ends in success, because you are putting your heart into it as well as your brains and brawn.

I especially urge you to find a congenial job because now that the war has ended husbands will be scarce and many a girl will have to be her own support as long as she lives.

Don't be foolish enough to marry just any man who happens along because you are bored with office work. You can't walk out on a husband as easily as you can on an employer. Marriage is a permanent job that you can't quit just because you have become tired of it.

DEAR DOROTHY DIX: Should a woman work outside of the home if her husband doesn't want her to? My husband and I have been married ten years and have two children, and we are happy, together. I am working in a plant, not because we can't get along on what he makes, but because they need help. I would rather be at home with my family.

MRS. G. W.

ANSWER: In normal times I think that a woman makes a great mistake if she works outside of the home if her husband objects to her doing so. There are many husbands who like to feel that their wives are dependent upon them, and look up to them as the source from which all blessings flow, as the old hymn puts it, and it lessens the wife's hold on such a man for her to earn as much money as he does, or perhaps more.

Also, it is not to be denied that most men marry for a home, and that they get a far better one if the wife spends her time and strength in keeping her house clean and cooking the kind of food her husband likes to eat than they do if she gives most of her thought and energy to her job and feeds him out of cans and bags that she has picked up on her way home from work.

But in war times the question of whether a woman should work outside of her home or not is not so easily answered. Woman-power is needed, and certainly every able-bodied woman who can, should give her services to her country, except when she has children who need her care and personal supervision. That comes before her country, or rather it is tied in with it, because there is no point in saving a country unless we leave it in the hands of the young who have been properly trained by their mothers. However, the ending of the war has solved that as many other problems. It's going to be back to the home for most married women.

DEAR MISS DIX: I am a girl of 16 and my heart is broken because my boy friend has told me that he doesn't love me any more, and that I am nothing but a baby and a little fool. What shall I do?

MARGARET

ANSWER: Get yourself another boy friend. That is the infallible remedy for a broken heart, and it is most effective when applied to a 16-year-old heart.

MARRIAGES

BALL-DRUMMOND

The marriage of Jean Isobel, daughter of Mr. and Mrs. Charles Drummond, Sherbrooke, to Mr. Donald Edward Thomas Ball, Burlington, Ont., son of Mr. and Mrs. John W. Ball, Burlington, Ont., took place in Trinity United Church, Sherbrooke, at three o'clock on Saturday afternoon, October 20, 1945, the Reverend Fred Williams officiating.

Mrs. R. Bell presided at the organ, playing the wedding marches and continuing a soft accompaniment throughout the marriage ceremony.

During the signing of the registers Miss Grace Cuthbert and Miss Doreen Cook sang the beautiful duet, "I'll Walk Beside You."

Hydrangea and barberry arranged in tall standards and potted plants were used to decorate the altar, the guests being decorated with maple leaves, tied with white satin ribbon.

The bride was given in marriage by her father, and wore a lovely bridal gown of white duchess satin, fashioned with a fitted bodice, full skirt and long sleeves ending in points over the hands.

She wore a veil of tulle illusion worn by her mother, caught in a halo of pearls with Talisman roses, and was carrying a shower bouquet of Talisman tea roses.

Mrs. Margaret Drummond, as maid of honor, was the bride's only attendant, and was wearing a frock of aqua taffeta, made on similar lines as the bride's, with a bandeau of matching material embroidered with sequins and having a shoulder-length veil, and was carrying an arm bouquet of pink carnations.

Mr. Larry Ball acted as best man, and the ushers were Mr. Jack Drummond and LAC. E. L. French.

Mrs. Drummond, the bride's mother, was gowned in black bird's eye crepe, trimmed with blue, black hat and accessories, and a corsage of white carnations.

Mrs. Ball, mother of the groom, wore a brown crepe dress, a matching hat and accessories and a corsage of tea roses.

The reception was held at the home of the bride on Drummond Road, Sherbrooke, where yellow and white mums and autumn leaves were used to decorate.

The bride's table was centered with a beautifully decorated three-tiered wedding cake, white tapers and white mums completing the lovely appointments.

Later the bride and groom left to spend their honeymoon in Quebec City, returning via Burlington, Ont., the bride wearing an aqua dress with a brown hat and accessories, and a corsage of Sweetheart roses.

Mr. and Mrs. D. E. T. Ball will reside in Burlington, Ont.

The out-of-town guests included Mr. and Mrs. J. W. Ball, Miss Betty Ball, Mr. and Mrs. J. W. Chapman, of Burlington, Mr. Larry Ball, Toronto, LAC, Lloyd French and Pte. Marion Dohrn, Ottawa, Mrs. G. CONGREGATION HELD MEETING AT INVERNESS

Inverness, Nov. 2.—A meeting of the congregations of Inverness Village, Lower Ireland and Adderley was held in the United Church on October 29, to finish the work of federating the church services under one minister. The meeting was conducted by Mr. G. R. Mooney, chairman, and the minutes of the last meeting were read by the Secretary, Mr. John Cruickshanks and adopted.

The selection of a minister from the different candidates followed, and Rev. Mr. Wheeler, of Fitch Bay, was unanimously chosen, and routine business was discussed.

The ladies of the Inverness United Church served delicious refreshments.

Due to the number of each congregation growing smaller by death and leaving the community for new homes, the scheme of federation was brought before the people of each congregation, who formed committees, and now they have reached their goal.

Much is owed to the wisdom and guidance of Messrs. G. R. Mooney, John Cruickshanks and William Cruickshanks and the two committees which worked faithfully to secure a service every Sunday at Inverness, Lower Ireland and Adderley.

They opened the entertainment with two choruses, after which the Rev. Mr. Baldwin delighted the audience with two piano selections playing first, "C Sharp Minor," and responded to his encore with a waltz.

Mrs. R. G. McHarg's solos were: "Hark, Hark the Lark," by Schubert, and "Brahms Lullaby."

Mr. and Mrs. D. N. Vaughan sang two duets, "Love's Old Sweet Song" and "In the Gloaming," these two old favorites were much enjoyed and the singers received great applause.

The choir sang for its second group, "The Anchor Watch," and "The Delight of the Soldiers," and followed these with two gospel hymns, unaccompanied, "Since I've Learned to Trust Him More," and "Learning on the Everlasting Arms." At a regular meeting of Alexandra Rebekah Lodge, No. 22, the Rebekah Assembly President, Sister Luna Bean, of Sherbrooke, made her official visit. She was accompanied by Sister Reid and Sister Morgan, of Sherbrooke. The meeting was carried on in ritual form. Plans were made to hold a card party in the near future with the proceeds to go towards the Rehabilitation and Children's Memorial Funds. During a short recess of the Lodge, Sisters Marjory Bishop and Eva MacRae entertained the members by dressing in costumes impersonating old time songs, providing a great deal of fun and laughter for all. Sister Gladys Parsons, N.G., then called on the Assembly President, Sister Luna Bean, for an address which was most inspiring. Sister Bean then conducted the unwritten work of the Order, which was given by Sister Annie Gilbert, who received a Perfection

Certificate. Sister Gladys Parsons, N.G., presented the President with a gift from Alexandra Rebekah Lodge. Sister Bean graciously thanked the Noble Grand and members of Alexandra Lodge for their lovely gift and expressed her pleasure in being with them. The lodge closed in the usual manner, after which refreshments were served.

The October meeting of the Bury Branch of the Auxiliary No. 48 of the Canadian Legion was held in the Armory. Several members from Scotstown were present. The President, Mrs. Whitehead, opened the meeting in regular form and after the business session the election of officers took place, which resulted as follows: President, Mrs. Whitehead, re-elected; Vice-President, Mrs. Boy; Second Vice-President, Mrs. H. Lawrence; Secretary, Mrs. Keynes, re-elected; Treasurer, Mrs. R. H. MacRae; Sergeant-at-Arms, Mrs. Whittingham, of Scotstown,

and Mrs. Tarrant, of Bury. Members were requested to attend the memorial service on November 11. The meeting adjourned by the singing of God Save the King. Refreshments were served by members of the Auxiliary.

Mr. and Mrs. Bernard Buttemer have received word that their son, Sigmund John Buttemer, has undergone an operation at the Military Hospital in Montreal. Sigmund Buttemer arrived home six weeks ago from Overseas. He was one of the first to enlist from Bury and saw action in Sicily and Italy.

Mrs. Germaine Kerr has gone to New York to meet her husband who has recently returned from Overseas, where he served as chaplain in the American Army.

Pte. Eric Olson, who has been liberated from Japan where he was a prisoner of war for almost four years, since the fall of Hong Kong in 1941, has returned home. His many friends are pleased to see him in such good health and spirits and to welcome him home.

Mrs. Della Gillander has gone to

the home of Mrs. Trevor Pehleman, where she will spend the winter. Mrs. Gillander is unable to get around without some assistance as the result of a shock she suffered some time ago.

Guests of Mr. and Mrs. R. J. MacKay were Mrs. Leeman MacKay, of Maribeton, and Mrs. Sarah Edwards, of Bishopton.

Mrs. T. G. Stokes has returned from Montreal after spending a few days with her cousin, Mrs. William Richards.

Once again, your "Dominion Store" made history at the Sherbrooke Winter Fair of 1945 and, as in previous stock shows, "Dominion" was the talk of the town. Rightly so, because we purchased under the auctioneer's hammer: The Angus champion steer exhibited and raised by Howard Murray of Magog, Quebec, and The First Prize Wether Lamb, of all breeds, exhibited by R. Ste. Marie, of Compton, Quebec, also a good number of prize winning steers and prize winning lambs.

All of these show animals have now been slaughtered, and are maturing in Government inspected abattoirs so as to obtain that delicate, and ever so much looked for, flavoured taste everyone goes after when buying "Dominion" meats.

Our feature this week will be "SHOW LAMBS," for sale by all Dominion Stores, at no advance in regular price.

Our Champion Beef, and other prize winning steers, will be featured as soon as our meat experts consider them fully matured.

MINK BREEDERS OF QUEBEC OPEN SHOW MONDAY

Dominion-wide recognition of Sherbrooke as the home of outstanding provincial exhibitions goes up still another notch on Monday when the Province of Quebec Mink Breeders Association opens their Quebec Mink Show on the Sherbrooke Exhibition Grounds, with the Art Building having been acquired for the two-day show which will feature displays of some 500 mink from leading mink ranches of the province.

The fact that the Eastern Townships is recognized as a definite factor in this lucrative and growing field is borne out by the fact that many of the largest mink ranches are located within its limits, and that the President of the Association is a Sherbrooke breeder, Mack G. Ross, of the Nemamaka Fur Farm, while a director, Carl McClay, of Knowlton, operates what is said to be the largest mink farm in Eastern Canada.

Mink raising has come into its own during the past 40 years, with the theme of the 1945 Quebec Mink

Show being "The Coronation of the Quebec Mink" through the fact that the finest of these lustrous and costly pelts are now permitted to bear the crest of the Province of Quebec. Greater promotion for the sale of Quebec mink pelts resulted in the ratification of an agreement between the Quebec Co-operative Fur Breeders Association and the noted American fur dealing firm of Ritter Bros Ltd., of New York City. The culmination of this agreement was reached at a great assembly in New York, where Mrs. Roosevelt, wife of the late President, presided over the banquet session and was presented with a coat made out of genuine Quebec-crested mink pelts. This agreement still further cemented the trade and good neighbor relations between Canada and the United States and the publicity of Mrs. Roosevelt's presentation was nationwide. Photos of her in her mink coat of Quebec mink pelts were carried on the front pages of newspapers all over the United States and Canada.

The popularity of Quebec crested mink has continued to grow, with leading fashion magazines carrying photographs of models wearing the famous Quebec-crested mink coats, and the demand for Quebec mink pelts has risen accordingly, with breeders being hard-pressed to meet the requests for pelts.

At the show opening here on Monday, the breeders will show

NOTED AMERICAN MINK JUDGE TO OFFICIATE HERE

Officials of the Province of Quebec Mink Breeders Association are determined that nothing will stand in their way to assure the greatest success of the Quebec Mink Show being held here in Sherbrooke on Monday and Tuesday next. Indications are that some 500 of the world's finest fur-bearing animals will be on display, exhibited by ranches from all parts of the province. The exhibition will be held in the Art Building on the Exhibition Grounds, opening at 8:30 Monday morning, with judging getting under way at 1:30 p.m.

In order to assure the full success of the show, the original date of the exhibition was changed from November 6th and 7th to the 5th and 6th, so that the services of one of the outstanding mink judges could be secured for the local show. Mr. Harry J. LaDue, noted American authority on mink judging, and editor of "American Fur Breeder" will officiate at the two-day Sherbrooke Mink Show, but he must leave Tuesday night, right after the show, in order that he may be in Fort Atkinson, Wisconsin to judge the Mink Show in that city.

Assisting Mr. LaDue at the local exhibition will be an associate judge, Arnold Shock, manager of the huge Laterriere Mink Farm Ltd. in Chicoutimi County, who is a connoisseur and breeder of wide reputation.

PRICES STABLE ON LOCAL MART THIS MORNING

Prices were stable on the local market this morning, there being no changes in the provision and dairy sections.

Local beef was down slightly, roasts going at 25-35 cents a pound, and bacon at 45-50 cents per pound.

MONTREAL LIVE STOCK MARKET

Montreal, Nov. 2.—During the week ending November 1, 1945, there were 4,195 cattle, 8,115 sheep and lambs, 6,718 hogs and 2,142 calves for sale on the two Montreal markets. FACTIONS FIGHT AT NATIONALIST VICTORY PARADE

South African Nationalist Congress Highlighted by Riots — Speakers Urge Anti-Communist Fight.

Cape Town, —Main topic of the Nationalist Party Congress deliberations at Johannesburg was the "Communist danger" in South Africa and many speakers called for a continued fight against it. Disturbances outside the city hall at Johannesburg, where the Congress was held, were described by speakers as the first clash in the to use batons to protect congress delegates from a crowd trying to force entry into the hall.

There was wild rioting outside the city hall when the Nationalists organized a "victory" parade through the city and clashed with a huge crowd of soldiers and civilians. The riot assumed serious proportions when the police were forced to injure in a series of scuffles.

On the following day almost the whole downtown police force was concentrated around the hall and the congress finished a day earlier than scheduled. More than 125 were injured in a series of scuffles.

OBITUARIES

MR. WILLIAM LASSONDE, OF SUTTON FORMERLY OF BROME. Brome, Nov. 2.-Funeral services were held in St. Andre de Sutton, Roman Catholic Church for Mr. William Lassonde, who passed away in his eighty-fourth year, after a few months' illness.

Requiem High Mass was celebrated by Rev. Canon Charles McGeer, of Sherbrooke, former pastor of Sutton, and an intimate friend of the deceased. In the sanctuary were Rev. Father Lucien Lefrancois, P.P. and Rev. Father Romeo Lapointe, of Aberec. The singing was rendered by the members of the choir with the Church organist presiding at the organ.

The pall bearers were Messrs. Henry Despres, Michel Laplante, Hector Charland, Exias Allard, Philip Couombe, and Alfred Maynard.

There was a large attendance at the Church of out-of-town friends and relatives.

Left to mourn are his widow, nee Regina St. Aubin; and one daughter, Therese, Mrs. Etienne Noisieux.

Numerous messages of condolence were received by the bereaved family.

Mr. and Mrs. Lassonde were former residents of Brome and have many friends in this community, who extend sympathy to the family in their sorrow.

MR. NELSON E. FISH, OF BOYNTON. Boynton, Nov. 2.-Mr. Nelson E. Fish, passed away at his home on October 15, after living here for nearly thirty-seven years.

He was born on October 15, 1860, the youngest son of Mr. and Mrs. Leonard Fish, of Minton, where his boyhood years were spent.

In 1887 he was united in marriage to Miss Emma Sampson, daughter of Mr. and Mrs. George Sampson, of North Hatley. Of this union five children were born, four daughters and one son, two daughters died in infancy, and the mother at the birth of the son in October 1899.

On October 28, 1908, he married Lois B. Hartwell, daughter of Mr. and Mrs. George Hartwell, then of Compton, and came to Boynton, where they have made their home ever since.

For over fifty years Mr. Fish was employed by the Dominion Snath Company, in Waterville, as their wood loader, and after coming to Boynton, he owned and operated a saw mill, grist mill and grocery store, which he had the misfortune to lose by fire and flood several years ago.

The funeral service was held on October 17, in the Boynton Church and was conducted by the Pastor, Rev. M. H. Sanderson, of Ayer's Cliff. A quartette, composed of Mrs. E. J. Astbury, Mrs. T. W. Dustin, Messrs. L. D. Mosher and G. Astbury, sang the hymn "A Guide with Me."

The burial was in North Hatley beside his first wife, and the bearers were all old friends, Messrs. H. G. Cooper, H. A. Dugate, E. J. Astbury and E. Blake.

The many floral tributes were silent tokens of the high esteem in which Mr. Fish was held by his relatives and friends.

The Doctor Says

TOTAL ABSTINENCE IS ALCOHOLICS' ONLY CURE
By William A. O'Brien, M.D.
Even though a drinker may use alcoholic beverages to excess, he is not an alcoholic if he can stop drinking at will.

Alcoholics Anonymous is an organization of alcoholics who found it impossible to stop drinking without the assistance of others. This movement, now a little over 10 years old, has chapters in most major American cities. Men and women alcoholics are eligible to join Alcoholics Anonymous if they voluntarily seek admission and promise to accept and practise its teachings. The most successful chapters are led by alcoholics who know that total abstinence is the only answer to their problem. Contrary to popular misconceptions, true Alcoholics Anonymous members are not occasional or moderate drinkers, but total abstainers.

Medical Treatment First
When an alcoholic seeks admission to Alcoholics Anonymous he must obtain medical and hospital care until he recovers from the effects of drinking. When alcoholics go on sprees, they do not stop until they run out of liquor or become ill or get into trouble.

New members are instructed in the practices and beliefs of the organization, including regular attendance at meetings. They find it new and strange to be surrounded by men and women who understand their problems better than any one else they have ever known. They are helped by teaching and example to stay dry and to find themselves in helping other alcoholics stay dry.

Day-by-Day Resolve
Alcoholics remain dry only by the practice of a resolution to avoid drinking today, as yesterday belongs to the past and tomorrow is not yet here. Alcoholics Anonymous tells us that if they made a resolution to stay dry the rest of their lives it would be too difficult to keep.

The Alcoholics Anonymous movement has made a splendid record throughout the country and is rapidly winning the respect of informed men and women. Individual failures result when a member does not accept Alcoholics Anonymous teaching. Members are urged to ask a higher power for assistance every morning and during the day when temptation arises, and when they retire it is suggested that they thank Him for assistance during the day. The movement is non-denominational and open to all alcoholics who sincerely wish to stop drinking.

E.T. INTERMEDIATE HOCKEY LEAGUE TO OPERATE THIS YEAR

Drummondville, Victoriaville And Sherbrooke Will Not Enter Teams

Despite the fact that Sherbrooke, Victoriaville and Drummondville have entered the P.H.L. the Eastern Townships Intermediate Hockey League will definitely operate again this season, it was decided at a meeting here last night.

East Angus and Windsor Mills have consented to form teams and Magog and Richmond will be invited to make an entry. The two latter towns have had some good hockey teams in years gone by and it is hoped that they will accept the invitation.

The future of hockey in East Angus has taken on a favorable outlook with the erection of a new arena. The land has been purchased and the foundation is well under way but reports state that it will not be ready before next fall. To spark their line-up, this season, East Angus will have several of their pre-war stars including Gosselin, Coulombe and Gordon Conway.

Another meeting of the E.T.H.L. will take place in a week or ten days and at that time the schedule will be discussed. In the meantime any town interested in entering a team in this league should forward an application to Ernie Taylor, League President.

Those present at last night's meeting were Yvan Dugre, Sherbrooke; J. G. Tarte, and Rodger Longpre, Windsor Mills; Pat King, East Angouleme; and Ernie Taylor.

LOCAL HIGH TO PLAY HOST TO ST. LAMBERT'S

Tomorrow afternoon Sherbrooke High Seniors, Eastern Townships Intercollegiate grid champions, will play hosts to St. Lambert's at the local Parade Ground. The squad has been going through light workouts every day and are in top notch condition. S.H.S. will feature an aerial attack which has been the backbone of the team throughout the latter part of the season.

The strength of the St. Lambert aggregation is unknown here. Sherbrooke will travel to St. Lambert next Friday for a return game. The St. Lambert's squad plays in the High School Senior B. league in Montreal and are coming out here for only an exhibition tilt. The S.H.S. aggregation will include Waldie, Martin, Paulette and Roberts as halves. Sonny Holtham who has been playing bang-up football since he joined the club will play quarter. Waldman and Jackson will play ends. Carr and Wood at inside and husky linemen Borduch and Bordoff as middles. Dave Bascom will be the first string snap. The game will get underway at 2:30 p.m.

Thetford Mines High Scored Twin Victories Over Bishop's College

Thetford Mines, Nov. 2.—The two opening games of this season's series of home and home games between Thetford Mines High School and Bishop's University ended in a victory for both the Thetford girls' and boys' team. In a closely fought contest, the Thetford boys' won by the narrow margin of two points 20-28, while the girls ended the game with a score of 24-17.

Both games were played in the gymnasium of the Andrew Johnson Memorial High School and they drew a large crowd of spectators who were not disappointed in their expectations of seeing two good games. In the girls' game, Coach June Smith's Thetford team took an early lead and good passing and team work helped them to out-manoeuvre a good defence put up by the co-eds. A successful 30 yard shot by Thetford's Evelyn Komery in the second quarter was equalled seconds after by Bishop's Lila Pharo, but in spite of great efforts by the Lennoxville girls, the half-time score was 20-8. During the second half luck decidedly turned against Bishop's. Many good shots missed the basket by inches, thus spoiling many creditable efforts by the college forward line. Monique Lafontaine did great work for the co-eds.

In the boys' game, the Thetford

Good Turnout At First Practice By Local Entry In Provincial League

The Sherbrooke "Circus" Hockey Club held their first practice last night at the Sherbrooke Arena and it was gratifying for Manager Ed Harrington to see such a large turnout. Several of the prospective players displayed surprisingly good form at this early date which is all to their benefit as the schedule opens November 25, leaving a little more than three weeks for the local squad to ice a strong team.

There were several imported players on hand for the first workout and among them appeared G. Archibald and A. Cote, who have both played formerly with Quebec Aces of the Q.S.H.L. Marcel Dufour, who played last year with Junior Canadiens, and R. Courteau turned in a good showing, as did Archibald and Cote. Courteau, teaming up with Archibald and Cote, formed a very good line. The lads play well together and it can plainly be seen that these boys have been together quite a while. Others on hand included Phil. Bergeron, R. Lalonde, Tom Morrison and Cliff Davidson, who arrived home from Overseas only a month ago and is now discharged from the Army. Gil Dube, a local boy, whose style closely resembles that of the great Maurice "Rocket" Richard, also turned in a fine performance and is one aspirant who is certainly not lacking in condition.

Manny McIntyre, who played shortstop for Three Rivers in the Provincial Baseball League last year, is expected to arrive in town tomorrow morning. His presence in the line-up will add greatly to the striking power of the "Circus" Club.

Practice will continue tonight at the local arena, commencing at six o'clock. There will also be workouts tomorrow night at seven o'clock and on Sunday morning at eleven o'clock.

Canadiens Handed 4-2 Defeat To Toronto To Tie For Top Position

Montreal, Nov. 2.—(P)—Montreal Canadiens, soothed still smarting 1944-45 semi-final play-off wounds here last night as they handed a 4-2 defeat to Toronto Maple Leafs—the team that beat them out of the Stanley Cup hunt last season.

The victory places Canadiens into a first-place tie with Chicago Black Hawks in the National Hockey League standings with four points each. Captain Toe Blake starred for the winners with two second-period goals giving him a total of four goals in two games. Joe Benoit and Dutch Hiller chipped up the other Montreal tallies.

Gary Stewart, back with Leafs after a spell in the Navy, and Mel (Sudden Death) Hill scored for Toronto.

Both goalies—Bill Durnan for Montreal and rookie Baz Bastien for Leafs—played good games with Bastien making the most spectacular save of the night. In the final period he caught a high-powered shot by Bobby Eilon at such a speed that the fans thought it had hit the post.

Canadiens gathered their goals in the first two periods when Benoit and Hiller connected in the opener and Blake scored his pair in the middle frame.

Stewart tallied in the first period as Hill cashed in on Teeter Kennedy's pass in the final.

Both teams tired towards the end of the game and play slowed down considerably.

SINGLE STABLE WINS \$500,000 IN ONE SEASON

By SID FEDER
New York, Nov. 2.—(P)—The girls who go in for lipstick and reducing treatments will no doubt be interested in learning that for the first time in racing history a woman owner has rounded up a stable of racers which has won \$500,000 in a single season.

The connection between a lipstick assembly line and a collection of out-burners in this case is that the owner is Mrs. Elizabeth H. Graham, better known over the cosmetic counter as Elizabeth Arden and on the form sheets as Main Chance Farm.

A couple of years ago, Mrs. Graham who knows lipstick, hooked up with Leslie Connors II, who knows horses, to start the stable. Backed by Silent Tom Smith who made Seabiscuit the champ he was, they've built a set of runners who look like a cinch to wind up with the year's racing championships.

Operating in a "hunch" about horses and a theory that no one has enough money to outbid her for one she wants, the cosmetic queen has taken over the yearling sales for the last two years.

Combs, veteran Kentucky breeder and chairman of Kentucky's Racing Commission, looks over the crop and advises Mrs. Graham on blood lines and conformation. From there on, if you want to bid against them, you take the rubber band off the bankroll.

Apparently the system works, for the 21 foals she bought last year for \$299,700—20 of them in the yearling sales—already have racked up just under \$350,000 for the \$500,000 the stable has won this season. In 1944, incidentally, the Graham gallopers won exactly \$79,235.

CAPS TRAMPLED BUFFALO UNDER 12 TO 2 SCORE

By The Canadian Press
Coach Johnny Sorrell's hustling Indianapolis Capitals treated 6,635 home fans to a great offensive exhibition last night as they trampled Buffalo Bisons 11-2 to consolidate their first-place hold atop the western division of the American Hockey League, three points ahead of Pittsburgh Pirates.

Faced by Steve Woch's hat-trick performance, Capitals skated rings around the Buffalo defence to remain the only undefeated team in the league.

Capitals spread their scoring among all three lines with one goal going to a defenceman. The first line of Woch, Les Douglas and Jud McAttee beat goalie Frank Corvance 5 times and the league-leading line of Jerry Brown, Pete Taswick and Tony Bukovitch notched three goals. Rosy Rossignol bagged the two tallies of the third line while defenceman Hugh Millar completed the scoring orgy with a single marker. Rearguard Roger Leger scored both Bion goals, one in each of the first two periods.
