Two Westmounters Presented Scholarships by Rotary Club

Standing between members of the Westmount Rotary Club are two scholarship winners, who were awarded $250 each at a recent meeting of the club. They are Douglas Kerr, jr., of 4412 St. Catherine street west, and George W. Gough, of 3 Burton avenue, former students of St. Leo's and Westmount High, respectively. Standing with the two graduates are, left to right, W. H. Giles, Frank Kenwood, president of the local club, and A. W. Callard.

Rev. E. E. Long Guest Speaker At 'Y' So-ed

Rev. E. E. Long, of Fairmount St. Giles United Church, was the guest speaker at last Friday night's So-Ed program at the Westmount Y.M.C.A. His topic, "The Family and the Community", proved both thought provoking and challenging. Rev. Long traced the evolution of the family as the basic unit of society down through the ages, and following his talk there was a discussion period.

Before his address, the skill groups met as usual, with the Ballroom Dancing, under the professional guidance of Miss Joan Sterling, being the largest activity. Under the leadership of Greg Titus from McGill University, the Swimming group managed to keep their heads above water quite expertly.

The evening was rounded off with dancing, games and refreshments.

Tonight's speaker will be the Rev. Ivor Williams of Rosemount United Church. His subject is "After Marriage — What?". Rev. Williams is well versed in this subject, as he has done extensive marriage counselling and, before entering the Ministry, was a Y.M.C.A. Secretary. Next Friday's topic will be "Comparative Religion."

Although the skill group registration is now closed, all are welcome to attend the lecture and discussion hour at 9:20, followed by the party time.

Betting Houses Raided: Fines Amount to $605

Fines amounting to $605 were levied by Recorder C. A. Hale of the Westmount Recorder's Court, following two raids on betting houses on St. Antoine street.

On October 20, Westmount Police officials swooped down on Arthur Magid of 3267 St. Antoine street and arrested him as keeper of a betting house, together with seven found-ins.

Brought before Recorder Hale four days later, Magid pleaded guilty and was fined $190 plus $10 costs, while the found-ins also pleaded guilty and were fined $25 each plus $4.20 costs.

Two days after the first court case for keeping a betting house was over, the police cracked down for the second straight time on 3007A St. Antoine street. They arrested Phillip Magid, a brother of Arthur, for keeping a betting house and two found-ins, with the same fines being imposed at a court session held Monday morning.

Police Chief Pleased With Hallow'een

No one was able to ascertain if the spooks were quiet on Tuesday night, but Chief Robert Byford of the Westmount Police Department was able to confirm that there was little disturbance in Westmount.

The popular director pointed out that Westmount Police, usually plagued with numerous calls and minor disturbances or complaints spent one of the quietest Hallowe'en nights in many years.

"Everyone seemed particularly well behaved," he said, claiming that neither the police and fire departments had any serious outbreak of disturbances.

The Chief said he liked it that way, and paid tribute to young and old alike for making the night a quiet one.

Mayor Cameron To Open Fall Flower Show Today

The Annual Fall Flower Show of the City of Westmount will be officially opened this afternoon at 5 p.m. by Mayor J. S. Cameron. The mayor will be accompanied by the Commissioner of Parks Alderman Real Panet-Raymond.

E. J. Anderson, park superintendents, states that the show will be well up to the high standard set by previous shows. Over 50 varieties of chrysanthemums will be shown ranging from the pom poms to the large exhibition type of flowers. In addition to the mums other fall flowers and plants will be exhibited.

The highlight of the opening ceremonies will be the presentation of the Mayor J. S. Cameron Children's Flower Competition Trophy to St. Paul's Academy, and the R. Panet-Raymond Children's Flower Competition Trophy to Roslyn School.

These cups are for perpetual competition and came into being as a result of a conducted tour of the Westmount greenhouses by school children in grades five and six of all the elementary schools in Westmount last spring.

During the tour E. J. Anderson the park superintendent gave a talk to the children on plants and how to grow them, showing them also how to pot and care for the plants. Each pupil was given a plant to take home and these were brought back just before the schools closed for the summer holidays and were judged at that time.

The cups donated by Mayor Cameron and Alderman R. Panet-Raymond are awarded on the aggregate for the whole school.

In addition to the two major trophies three individual prizes of books will be awarded this afternoon. The three prize winners are: Peter Naismith of St. Leo's Academy; Sandra McMahon of St. Paul's Academy; and Marie Ann Nicholson of King's School

The show will run for two weeks and will be open on week days from 10 a.m. to 10 p.m., 10 a.m. to 5 p.m. on Sundays and will remain open on Fridays until 8 p.m.

Stores Raided For Magazines

The recent ban on certain magazines and types of literature sold on newsstands throughtout Greater Montreal also had its bearing on Westmount.

Police picked up some banned magazines from Westmount stands, but no charges were pressed since the law has just come into effect.

"Most of the store owners aren't quite sure as yet, just what they are allowed to sell or distribute," an official pointed out, "but once the law has been in effect for a while, stronger action will be taken on those not observing the law."

The literature was confiscated at a recent session of the Westmount Recorder's Court.

Victoria Ave. Beats Greene Says C. A. James

C. A. James, of the Westmount Business Association says that Victoria avenue merchants refuse to concede pride of place to Greene avenue shopkeepers.

Mr. James says that the stores on Victoria are equally attractive to these on Greene avenue and that Westmounters should have a look at the merchandise displayed on the counters of the twenty-five or so stores on Victoria before going further east to Greene.

Mr. James' provocative remarks will no doubt be resented by competitors on the more attractive shopping centre of Greene avenue.

If this retail war develops we may find bargains being offered as an inducement to lure buyers to the respective trading spots, as it is doubted whether Mr. James' plugging for his own district will go unchallenged.

The forthcoming 'Booster Week' in which the majority of Westmount business firms are taking part may find the merchands boosting the discounts, favors, drawings, and specials being offered customers if the war spreads.

Painting Exhibition To Be Held by Artist

An exhibition of paintings made last summer at St. Adolphe de Howard by Stanley B. Wilson will be held at 231 Elm avenue, Westmount, every afternoon and evening from 2:30 p.m. to 10 p.m. from November 4 to 18.

Art critics have been invited to view the paintings on Friday afternoon November 3.

Sneak Thief Reported In Westmount

Police Chief Robert Byford of Westmount warned citizens today that a sneak thief is prowling the area, and to make sure no money is left lying around the house at night.

Claiming that several homes have been entered during the past few weeks, the Chief said that valuables should be put away safely before retiring for the night.

It is the first sneak thief reported prowling in Westmount for several years, with police officials claiming that the culprit is making his raids on homes between 1 and 4 a.m.

Chief Byford also requested the citizens of the area to be on the look-out for any suspicious characters that may be hanging around homes late at night. He said that it would be a great help to the Department if residents would inform the police of any such characters that they see.

Westmount Rates Held No Increase This Year

Westmount's revenues and expenditures will increase in the next fiscal year but it was announced at an adjourned general session of the Westmount Municipal Council held at the City Hall on Monday night that there will be no change in the general tax rate.

The present general tax rate is 17½ mills. In the fiscal year which ends December 31st 1951, this tax will be applied to the assessed value of immovable property, which amounts to $67,370,050. The present tax of 1.85 mills on taxable land values for local improvements remains the same. This tax is levied on $22,198,078.

Total revenue for 1951, exclusive of the school tax, was estimated at $1,958,524. This is designed to cover current and emergency expenses of $1,794,119; hospital and charitable grants, $53,565; pensions and pension fund, $80,850, and depreciation, $29,990.

In the copy of the "By-law No. 575" which is appended, section one covers the general rate. Section three applies to school taxes and it should be noted that both the Protestant and Roman Catho-

Vic Baker Gives Talk on Speech

"Practical Pointer in Effective Speech" was the title of a talk given by the instructor, Vic Baker, at last week's meeting of the Westmount Y.M.C.A. Efficient Speech Club. The basic principles expounded in this talk, covers the "Hows" of preparing more effective speeches and winning arguments in daily contacts either in business or in social activities.

As is customary, these pointers are given at the beginning of every session, so every member has an opportunity to make practical applications of the principles set forth by the instructor, when the floor is turned over to the group, for their practice.

The Y.M.C.A., striving to fill pressing needs in the education and welfare of young men in all walks of life, opened this series of courses in "Effective Speech," and wishes to announce that registration is still open and those interested may attend a regular meeting, held every Thursday night at 8:00 p.m., at the Westmount Y.M.C.A. building.

United Nations Society Hears I.C.A.O. Explained

The Westmount Branch of the United Nations Society in Canada met recently in the Westmount Junior High School.

The meeting was planned so as to coincide with U.N. Day.

G. F. W. Kuhring, Westmount, presided over a good attendance of members and friends.

Brig. C. S. Booth, Canadian representative to the International Civil Organization was the principal speaker and took as his subject the I.C.A.O.

Brig. Booth's explanation of the setup of the world air controlling body gave his listeners some idea of the importance the I.C.A.O. now is in international affairs. The text of Brig. Booth's address is as follows:

The International Civil Aviation Organization was in operation before the beginning of the United Nations. It now has 58 members of which two, Poland and Czecho-

Uses of Metals Change With Times, Rotary Told

"In the future, just as we have experienced in the past, metals will serve in ever-changing forms, the needs of an ever changing world," William "Bill" Allison, assistant comptroller of the Robert Mitchell Company Limited, told members of the Westmount Rotary Club at its luncheon meeting, Wednesday.

Newly elected secretary of that group, he gave an outline on the growth and uses of certain metals to his fellow members, pointing out that they will continue to be the basic materials upon which, a strong industrial Canada will work out her destiny.

Breaking the talk into two seperate sections, he said that while numerous uses and advantages were being discovered in the light metal division, they would never replace the heavier metals, since each metal contains particular properties not found in one another.

Tracing the historical development of metals, he said that the earliest records show the use of gold, silver, lead, copper, iron, brass and tin, but that the lighter metals are more recently discovered. He also referred to monel, calling it a naturally produced metal alloy of nickel and copper that is mined in great quantities at Sudbury, Ontario.

Speaking on Aluminum, one of the lighter metals, Mr. Allison claimed that Canada produced over 25 percent of the world's supply, though the products, from which it is derived, comes from other countries.

He stressed the tremendous number of uses discovered for this lighter metal, claiming that the newly constructed bridge at Arvida, Quebec, made of aluminum, gave an outstanding example of how important a role the metal

Ex-Westm't Police Officer Dies; Left Force in 1925

The recent death of Herbert Gorham, 68-year-old doorman of the Chateau Apartments on Sherbrooke street, was of interest to older members of the Westmount Police Department, since he was a former officer of the force.

A resident of Ville St. Pierre, Gorham died Tuesday after a brief illness. Born in 1882, he joined the Westmount Police Force in 1910 and served 15 years, before leaving in 1925 with the rank of lieutenant.

Will Preside

Rev. D. M. Grant, minister of St. Andrew's United Church, Westmount, who will preside at the various services in connection with the celebration of the Golden Jubilee of the congregation. Next Sunday the Rev. G. G. D. Kilpatrick, D.D., will preach at the Memorial Service in the morning when the windows, the honor roll and the plaque will be unveiled. In the evening the Rev. Leonard Griffith, B.A., of Chalmers United Church, Ottawa, will preach at a special Young People's service.

St. Andrew's Cubs Have Fine Party

The Grand Howl was the opening of a very pleasant evening for the St. Andrew's Wolf Cub Pack and visitors including three scouts from the group. The pack attendance was the largest this season; we welcome Leslie Foster, Philip Amos and Jim Horner who have made application for membership.

Mrs. B. M. Adair ably assisted by her committee and a few score of Gingerbreadmen gave the cubs quite a treat. The pack certainly can enter any food disposal competition with the assurance of winning the ribbons. Sixer Teddy Evans, on behalf of Akela and the pack, thanked the ladies, the pack buzzing approval.

Kings H&S Association Asked For Co-Operation

Members of the King's Home and School Association Westmount, were given a point blank review of the co-ordination which should, and according to principal Frank E. L Sharpe, must exist between the home and the school of any community.

He said that parents must co-operate with the school authorities, and gave some of the main problems facing the teachers in carrying out their work; two of which were the scoring of an academic standing and the second, the behavior pattern of the child.

"We deal with personalities," Mr. Sharpe stressed, pointing out that in addition to being handled by the teacher, and parent, the child is under the influence of the superintendant guidance officer, police and fire officers and the school board.

He said that academically, the student is under a continual check, pointed out that there were numerous checks carried out in the school year, to determine the position of the child in his class and in the school.

Speaking on the facilities of the school since that Fall of 1949. Mr. Sharpe pointed out that a new classroom had been built in the basement, showers had been installed and the teachers room re-decorated, with present plans underway for the erection of a fence along Western avenue as a further safety measure for the children.

He pointed out that he did not favor parents visiting the teachers direct, claiming that if a parent wants to know how their child is doing, the principal's office was the real place for them to find out. "All academic checks are kept in my office," he said, "and it is here I want you to come if requiring any information about your child's progress or problems at school."

Claiming that if education stands still it is dead, and maintaining that education is the introduction into the control of experience, Mr. Sharp said that there were many problems to be faced by the school and the parent outside the academic role.

He maintained also that punishment must be hard to take by the child if it is going to have any effect, and that the test of good behavior is to see how the child acts when away from the supervisor, parent or teacher.

Mr. Sharp also maintained that parents should make certain that their children arrive at school on time, since, he said, "if the child is allowed to come in late, it is a lesson in selfishness."

Also speaking at the meeting were Miss Mary Whyte, who gave some details on the organization and running of the kindergarten class of the school, and Mrs. Rhoda E. Bailey, who pointed out that in her tutorial class, more individual attention can be given to the particular student having difficulty with a certain subject.

Miss Luba Sluzar played a selection on the piano, and the School Choir, under the direction of Miss Sluzar also sang three selections during the evening.

Mrs. R. G. Reid presided.

Rev. Fredrico Mussili (left), of West Africa, will speak in Westmount Park-Emmanuel Church on Sunday morning. Rev. Tucker (right), accompanying him, will interpret the sermon. Rev. Mussili is the first native clergyman from Angola ever to visit this side of the Atlantic.

Mrs. M. Lemieux Was Buried Today

Bill Whitlaw, RMR, Says Army Only Westmount Team

It will be a determined squad of huskies who take the field tomorrow Saturday when Dave Peebles' Army team tackles Westmount. This game promises to be the best of the season as both teams are out to settle "old scores."

The reason for these "old scores" should be of interest to Westmounters. Before the formation of the Westmount Club the R.M.R. was considered the representative of the city. Naturally when this new team was started not only did it cut down the following of this fighting Army team but caused not a little ill feeling. Added to this is the fact that the bulk of the Westmount squad hails from the Navy team of last year. This club was forced to abandon their football activities this year because of the lack of players, so that in effect Army is playing Navy this week end with Westmount representing the city in name only.

One other point of interest is that this Army club allows no "ringers". (Ringer": A player who is on the team merely because of his ability, with no regard given to elegibility). Every player on the R.M.R. squad is an active member of the Regiment. Naturally this narrows the field from which Dave Peebles can choose his team. Whether this is commendable or not is strictly opinionative. But in the recent trend toward the obtaining of able players at any cost, any attempt at making a team truly representative is refreshing.

Discounting the politics behind the scenes this game is important in view of the league standing. The R.M.R. must defeat the "Warriors" in order to secure their playoff berth. The "Warriors" are on top with 14 points, Lakeshore are second with 12 and the R.M.R. third with 11 points.

Although the Army won an easy victory over Westmount last game they are far from overconfident. Dave has subdued any talk of an easy victory. It will be a tough game with both sides having plenty at stake.

When Dave was asked to name his outstanding players he laughed and said that he had none. He boasted however of having a team which is capable of working together as a unit to beat any team in the league.

However it is the writer's humble opinion that the running of fleet-footed Pet. Sandy Spence coupled with the combination of Pte. Jack Patterson, Pte. John Kay and Cpl. Norrie Masterman will mean a lot to Army. The main factor in any team's victory is that of a charging line. Without this a team is nothing. Dave feels that the boys along the line are in great shape and will be ready for a hard game Saturday.

This week end will see two comparable teams playing with equal determination to win. The interest in this game is increased by the fact that other issues hang in the balance besides football championships. May the **right** team win.

Rev. C. C. Cochrane Of Melville Church Delivers Charge

Melville Presbyterian Church, Westmount, was used for the induction of Rev. H. Keith Marshall, B.A. into the chair of Church History and History of Religions in the Presbyterian College, Montreal.

The induction ceremonies were presided over by Rev. Quincy A. McDowell, moderator of the Montreal Presbyterian Church in Canada, with Rev. Charles C. Cochrane, minister of Melville Church, delivering the charge to the Newly-inducted professor.

Scripture lesson was read and prayer offered by Rev. Principal Robert Lennox of the Presbyterian College.

In his inaugural address following induction Professor Markell stressed his conviction that church history could not be studied or taught in church institutions on any other basis than acceptance of the fundamental beliefs of the Christian Church.

Modern church historians have been greatly influenced, he said, by a significant shift in theological thinking, one result of which is that Christianity has become to be regarded less as mere object of study and more as "a saving perspective upon these problems of human destiny which in our time have become immediate, vital and urgent."

"The current tendency is to minimize the role of the religious scholar as a mere spectator, and to emphasize his position as an observer who is at the same time acutely conscious of the outward concern of that with which he deals.

Tom Gard's Note Book

It's time to wind up the gardening season for another year. It hardly seems possible that winter is just around the corner and that semi-hardy plants require mulching again, but my youngest hauled his skates up from the basement yesterday — a sure sign, if there ever was one.

Roses call for special attention. Bedding roses can be treated as illustrated in the diagram. Something new for mulching hybrid teas and hybrid perpetual roses, as well as many bedding plants, came to my attention last year. Glass-fibre insulation that contains little plastic or resin water-proofing material was spread as a blanket over the plants. Hybrid perpetuals were wrapped in burlap and then covered with the insulation materials. This mulch allows free circulation of air and permits water to pass through to the soil. I certainly intend to try it myself this year.

Table-leg Lamps

This winter promises to be a pleasant one. New neighbors moved in next door and the man of the house—Herb—has a marvellous home workshop. He seems to have all the tools that an amateur could ever hope to master. Just yesterday Herb was showing me a smart pair of lamps he was making out of old oak table legs. Evidently a niece of his was being married and as any appropriate gift would cost a small fortune, he was putting his talent to good use.

Serviette Rings

Seeing Herb's tidy workbench shamed me into pushing my way through the debris of my own for a general housecleaning job. Imagine my surprise to find that my youngest had taken over a small corner and is making a set of serviette rings for Mother's Christmas present. The idea was picked up in his handicraft period at summer camp and he's taking no chances on not having them completed in time—maybe I should take the hint!

BERTIE "ON" US AGAIN

* * *

Antique Adolescent Has Had Lots of Practice

According to the Communists' own published lists, more than eighty per cent of those who signed the Stockholm peace paper were in Russian-controlled countries. Aside from enemy agents, the remainder were well-meaning folk who confused a longing for peace with the means of obtaining it. It is disquieting that the signers disclosed by the Communists included adults right here in Canada, next door to Russia. Town councils and ministers of the gospel were among those now hastening to admit they were dupes. The editor of the Leftish United Church Observer is one of the more awkward examples.

In the mix-up it is somewhat reassuring to note that there is one adversary of this country whom Canadians have sized up for what he is. This gentleman is Col. R. R. McCormick, publisher of the Chicago Tribune.

Bertie has been jumping on us for Korea. He has had a lot of practice in jumping on us. From him the criticism that we were slow and are slow getting going about Korea is ironical.

What did the U.S. do in 1939, when we went to war? (Let us forget about 1914). What about 1940? What about the first 340 days of 1941? A large part of the reason that these questions may be asked of the U.S. is the middle-West isolationism that centred in the Tribune Tower.

Even after Pearl Harbor, McCormick kept up his private feud with England and Canada. Now there is another war and the antique adolescent is after us again. Although British-haters are probably getting scarcer among the Tribune's readers, Bertie apparently calculates that he can still sell a few added copies around Chicago by not liking us in print.

These antics must be embarrassing for the people at Thorold, Ont. and Baie Comeau, P.Q., who are on Bertie's payroll, manufacturing his newsprint for him, from Canadian forests.

Christian Science

"Adam and Fallen Man" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday.

The Golden Text is from Hosea 14:1 "O Israel, return unto the Lord thy God; for thou hast fallen by thine iniquity."

Among the citations which comprise the Lesson-Sermon is the following from the Bible:—"There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit. The Spirit itself beareth witness with our spirit, that we are the children of God: And if children, then heirs; heirs of God, and joint-heirs with Christ; if so be that we suffer with him, that we may be also glorified together." (Romans 8: 1, 16 and 17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy:—"Man is more than a material form with a mind inside, which must escape from its environments in order to be immortal. Man reflects infinity, and this reflection is the true idea of God. God expresses in man the infinite idea forever developing itself, broadening and rising higher and higher from a boundless basis. When speaking of God's children, not the children of men, Jesus said, 'The kingdom of God is within you'; that is, Truth and Love reign in the real man, showing that man in God's image is unfallen and eternal."

Calvary United

At the evening service at 7:30 p.m. in Calvary United Church Sunday a series of sermons will be commenced on "Some Folks Say": No. 1 "The Church is losing its hold on the Young People." Is this true? The service in the Church will be followed by a Fireside Hour in the church parlors at which reports will be given of the General Council of The United Church and of the National Council of the United Church Young People's Union. Hymn singing will also be included and refreshments served.

The minister, Very Rev. T. W. Jones, M.A., D.D., will preach at the morning service on "After This Manner Therefore Pray Ye." This will be followed by the Communion of The Lord's Supper and reception of new members.

Wednesday, at 8:15 p.m. the Women's Missionary Auxiliary will hold its regular monthly meeting in the ladies' parlors. The speaker will be Miss Elizabeth Read, recently returned on furlough from Angola, West Central Africa. The convener of the meeting is Mrs. E. M. Sissons.

Mtl. Council Marks Anniversary Scope of NCW Seen in Bulletin

Sixty-eight pages of matter concerned with the history, aims and achievements of the National Council of Women of Canada and their federated organizations and groups, are contained in a special bulletin issued by the London Free Press for the Council's 57th annual meeting held during the summer in that city, and distributed a few days ago to members of the Montreal Council of Women which, in the words of its president, Miss Esther Kerry, is celebrating National Council Month. As the bulletin points out, the National Council of the Women of Canada represents half a million Canadian women in all walks of life, who have united to promote the spiritual and material welfare of women in general.

In this issue which reviews the work of the National Council of Women during the past half century, there are also articles by distinguished contributors highlighting aspects of women's life and work that will come in for consideration in the coming years.

On this 57th anniversary it is interesting to note that the Montreal Local Council had its beginnings in a public meeting held in the Victoria Rifles Armoury on November 30, 1893; and that through the years it has "stressed women's responsibility in communal life, women's perception of community needs unmet" and carried on with the founders' program of interesting themselves "in measures for child health care; for technical training and industrial legislation; for free libraries; — in short for economics, health, welfare, music, art, religion and education."

Among the many contributors of articles in the bulletin are Lady Alexander, executive members of the various Councils throughout Canada and their affiliations, and many parliamentarians.

In order to show the wide range of subjects covered, we quote a few of the titles, as follows: "Years Teach Value of Spiritual Aims", "National Council Never Acts as Pressure Group", "Ask Equal Pay for Equal Work", "Mapping, Charting, Surveying Offers New Field to Women", "New Canadians", "Urges Examination of National Issues", "Nations No Longer Can Remain Alone", "Build Foundation of State of Israel", "Freedom of Speech on Air", "Equal Opportunity", "25 Years Devoted to Mission Work" "Pioneer in Loan Art Exhibitions", "U.N. Participation", "Women Point Way to Control Drugs", "Lives Moved by Compassion" (Salvation Army), "Study Natural Resources", "Shortage of Teachers".

This 57th anniversary issue, it is safe to say, will long be cherished by Council members, and find a place in the reference files of public spirited women everywhere who are lucky enough to secure a copy.

Theatre Party Honors New Perfume, Act IV

Fabergé Perfumes (Canada) Ltd. "produced" a couple of days ago one of the most amusing and original parties of this or any other season, in their new ultra-modern plant at 30 Queen Elizabeth Boulevard, Toronto. Playbilled as a "Backstage" Party, it was double-feature in plot, acting as both a behind-scene view of the donna perfume, ACT IV, which plant interior . . . and as premiere for Fabergé's new prima-played its opening performance yesterday.

Guests entered the plant through what looked like a bona fide "Stage Door." Flowers in baskets, posters, a bulletin board, were "guarded over" by Barry Wood, of radio fame, smartly attired in shirt sleeves, suspenders and an antique-vintage derby. Scowling over a stogie, he dared visitors not to sign the register!

The interior of the plant (which actually is an admirable achievement in commerical architecture) had been made to look like an in-action theatre backstage. Wings, curtains, battered old bits of scenery . . . served as a backdrop for such practicing performers as a ballet dancer (who frequently fell down), a juggler, and an acrobat.

Mr. C. G. Carmichael, Fabregé's President, was ably supported by the former Miss Sophie Goode (now Mrs. Max Stewart), who served as Stage Manager, and was understudied by Miss Amelia Bassin, who will take over Mrs. Stewart's role when she leaves to live in Mexico.

Four lovely mannequins appeared in sequence, wearing the ensembles with which stylish Canadian women will wear ACT IV . . . for cocktails, the theatre, dancing . . . and entertaining at home. Having made individual appearances, the mannequins linked arms with Mr. Carmichael, who invited everyone to join in a toast to a new perfume and a new plant of which Canadians are justifiably proud! The entire cast of "Oklahoma," playing at the Royal Alexandra Theatre, was present at the "Backstage" Party.

KEEP SANDWICHES COOL

With the party season in full swing, hostesses should remember that sandwiches which are made up well ahead of time should be refrigerated or, if that is impossible, well wrapped with protective wax paper and kept as cool as possible.

Cut the strips containing buttons and button holes from discarded garments and use them under flys in new garments. This will save much time and labor.

Curtain Rising On "Act IV" Perfume

A star is born! Fabergé, the famous fashion perfumer, to whom we are indebted for Aphrodisia, Woodhue and Tigress, has just created a new, new fragrance . . . new in concept, new in composition, new in climax. The name is ACT IV.

"All the world's a stage, and you're the star!" is the theme of this provocatively titled new perfume. The "four" factor defines it as the denouement of your most personal dreams. To you, the woman who wears it, ACT IV is your act . . . your perfume pact with your own audience!

ACT IV's presentation could not be more theatrically appropriate . . . gold and white and so very GLAMOUR. The perfume reposes in hand-polished crystal flacons set in gold and white jewel boxes that are lined with royal purple. Fabergé's famous streamlined cologne flacons are topped with star-dusted ebony caps. The whole effect has a name-in-lights loveliness that you'll find hard to resist.

The Regulations apply to every person engaged in the business of selling consumer goods at retail on credit, in the business of making loans, or otherwise engaged in financing the purchase of consumer goods.

The following requirements will be in effect when retail sales are made on the instalment plan on and after November 1, 1950:

	Minimum down payment	Maximum time to pay
Motor vehicles (e.g. passenger automobiles and motorcycles).....	**33⅓%**	**18 months**
All other consumer goods.	**20%**	**18 months**

In no case shall the down payment be less than $5.00.

INSTALMENT PAYMENTS are to be in regular, approximately equal, amounts of not less than $5.00 monthly or $1.25 weekly. Instalment payments may be varied to meet the circumstances of persons such as farmers and commercial fishermen whose incomes are subject to seasonal fluctuations.

Similar terms apply to loans granted by banks or loan companies for the purpose of purchasing consumer goods at retail.

SPECIAL PROVISIONS ARE INCLUDED WITH REGARD TO REVOLVING CREDIT ACCOUNTS, permanent budget accounts, current budget accounts, and similar plans involving payment for goods by regular instalments.

ORDINARY CHARGE ACCOUNTS ARE NOT DIRECTLY AFFECTED by the present Regulations, but steps will be taken, if necessary, to see that charge accounts are not used to evade the regulations relating to instalment sales.

THE REGULATIONS REQUIRE SELLERS, LENDERS AND FINANCE COMPANIES to maintain records of transactions, to make them available for inspection, and to furnish information on request to authorized representatives of the Government of Canada.

CONSUMER GOODS include all goods with certain exceptions. A full list of the exceptions will be found in the Regulations.

For example, the Regulations DO NOT APPLY to sales of real estate, stocks, bonds, securities, goods for professional or business use, buses, trucks, building materials, implements and equipment used exclusively in farming and fishing.

Penalties are provided for violation of the Regulations.

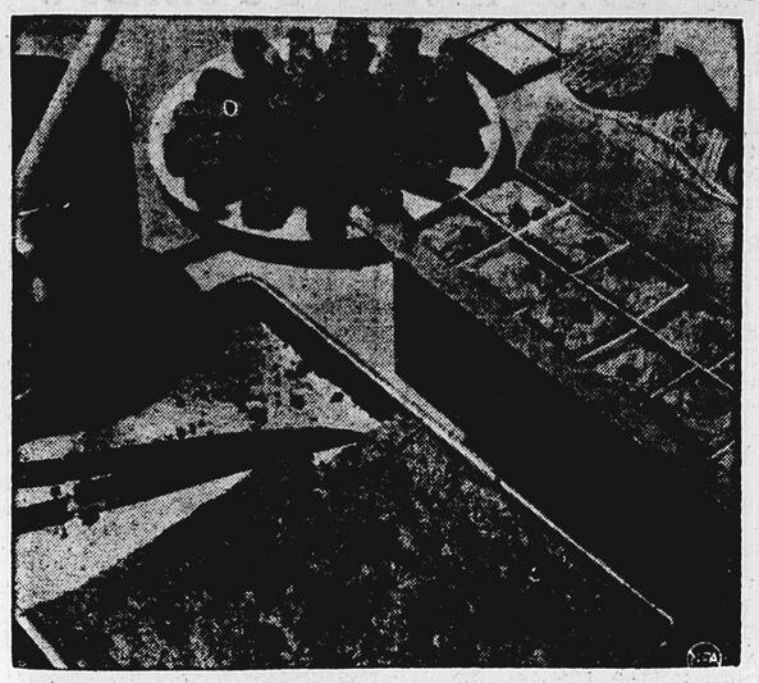
Old Fashioned Cookies Ideal for Shipping

Easy to make, easy to ship, these cookies are ideal for sending to the children at college or the boys in the service.

Only one saucepan is needed to mix all the ingredients. The cookies are the old fashioned kind studded with whole morsels of semi-sweet chocolate and nuts. They are baked in one large shallow pan, can be cut into squares exactly the size to fit the box chosen for mailing. As a variation, they can be cut into finger-size strips to serve at teatime to the folks at home.

To pack cookies for mailing, cut a long strip of cardboard to make a divider the length of the box. Then pack one stack of cookies and cut a small piece of cardboard to divide that stack from the adjoining one. These cookies will ship well both because of their texture and the tight, efficient fashion in which they are packed.



QUICK SAUCEPAN COOKIES will cheer up boys in the service or away at college. They are easy to make an easy to ship.

Quick Saucepan Cookies

(Approximately 48 2½-inch squares)

Two and three-quarters cups sifted all-purpose flour, 2½ teaspoons baking powder, ½ teaspoon salt, ⅔ cup shortening, 2¼ cups (1 pound) brown sugar, 3 eggs, 1 cup chopped nuts, 1 package semi-sweet chocolate.

Sift flour with baking powder and salt. Melt shortening in a large saucepan (2½ to 3 quarts). Stir in the brown sugar and allow to cool slightly. Beat in eggs, one at a time, beating well after each addition. Add flour mixture, chopped nuts and semi-sweet chocolate. Blend well.

Turn into greased pan (10½ inches by 15½ inches by ¾ inch). Bake in moderate oven (350 degrees F.) 25 to 30 minutes. When almost cool, cut into desired size squares or strips.

Chocolate Fudge Rounds

(4 doze ncookies)

One-half cup shortening, ½ cup sugar, 2 eggs, 1½ cups sifted all-purpose flour, ½ teaspoon baking powder, ½ teaspoon salt, 1 package semi-sweet chocolate, melted, ½ teaspoon vanilla, ½ cup chopped nuts.

Cream shortening, add sugar gradually, blending together until light and fluffy. Add eggs, one at a time, beating well after each addition. Sift flour with the baking powder and salt. Add to mixture: blend well together. Add melted chocolate, vanilla and nuts. Mix thoroughly.

Drop by teaspoonfuls on an ungreased baking sheet. Top with additional chopped nuts if desired. Bake in a moderate oven (375 degrees F.) about 15 minutes.

Shakespeare's Women Subject of Zonta Talk

Dr. George Ian Duthie, M.A., Ph.D., D.Litt., Molson Professor of English at McGill University, addressed the Zonta Club of Montreal at its regular monthly dinner meeting in the Mount Royal Hotel on the subject of "Shakespeare's Women."

Stating that although Shakespeare never centred his plays around one woman, as he had with male characters, he had given to the world female characters of great variety which might be briefly classified under three distinct types — the pure and chaste, utterly feminine; the wicked and evil; and the "intellectuals," who were high-spirited, intelligent, strong in character, but yet lovable and feminine.

Dr. Duthie mentioned Ophelia and Virgilia, the wife of Coriolanus, as the pure and simple. Among the evil-doers were Goneril and Regan, daughters of King Lear, and Lady MacBeth in an indirect measure. As an example of the "intellectuals" were Portia, Rosalind, and Viola, of "Twelfth Night."

Miss Helen Guiton, president of the club, introduced Dr. Duthie, who was thanked by Miss Elsie Smart.

Dr. Hugh MacLennan To Address Maritimers At Charter Luncheon

Maritime Women's Club of Montreal, Inc. will hold its Charter Day luncheon, observing its 20th anniversary, at the Prince of Wales Salon, Windsor Hotel, tomorrow at one o'clock.

Presidents of other women's clubs will be entertained. Miss D. L. Gass will propose the toast to the guests; and Claude S. Richardson, K.C., will introduce the speaker, who will be thanked by Mrs. G. R. MacLeod.

The speaker, Dr. Hugh MacLennan, well known writer and author, will take for his subject "The Need for Hope."

Dr. MacLennan was born in the Maritime Provinces, of Highland Scot descent. His family moved to Halifax at the beginning of World War I, where he attended the old Halifax Academy, later going to Dalhousie University, where he was awarded the Rhodes Scholarship at Oxford University. He was a member of Oriel College, and specialized in Classics and History. He graduated in 1932, and was later granted a Fellowship to Princeton, where he received his doctorate. He is married to Dorothy Duncan, who is also a prominent writer. He was awarded the Guggenheim Fellowship for his book, "Barometer Rising," and the Governor-General's Fiction Award for "Two Solitudes."

Musical selections will complete the program, Mrs. Mina Grant being the soloist. Members may take guests.

Here's Something New In Fine Canned Foods

A man with vision is Stephen Torino, of Montreal, who delights in discovering some new food that he can seal into a can using his special formula for retaining the natural flavour and juices.

This master craftsman has under the famous Torino Good Food label whole Roast Chickens or Turkeys thoroughly cooked in the can by his secret Flavour-Sealed process. They are ready to serve and may be eaten hot or cold. In addition to the Chicken in each can, there are five generous portions of delicious broth.

Other Torino product are his canned Cocktail Sausages, canned bacon for shipment to Europe and his original, fool-proof method of shipping eggs overseas in ordinary package form requiring no refrigeration whatsoever and absolutely protected against freezing.

Something entirely new and revolutionary in the food world is Torino's canned smoked meat. Yes, believe it or not, what was once thought impossible, Mr. Torino has achieved with this new idea the real smoked brisket of beef flavour-sealed in the can, sliced ready to serve.

The Torino plant on Jean Talon is a modern organization employing the very latest scientific ideas of the culinary and packing arts, operating under the the most rigid standards of Hygienic health safeguards under Government supervision.

Mrs. Arthur Jones Well Known Lady Buried on Friday

A funeral service was held for Mrs. Arthur Jones, 4913 Western avenue, Westmount, from the chapel of D, A. Collins, Sherbrooke street, west, on Friday.

Mrs. Jones who was well known in Westmount and took an active interest in all phases of church work was in her 77th year and died after a short illness.

Her husband, the late Arthur Jones, was formerly a prominent produce merchant of Montreal and was an aldermamn of the City of Westmount. As chairman of the Police and Fire Departments, he was responsible for many improvements in the fire fighting methods and equipment of Westmount. His name appears on the cornerstone of the Fire Hall on Upper Victoria avenue.

Before her marriage, Mrs. Jones, the former Mabel Elizabeth Walton, lived in Peterborough, Ont., her family having been residents of that district for several generations.

Mrs. Jones was associated with Ladies Aid of Westmount Baptist Church in which she was a hard worker and organizer.

Rev. J. A. Johnston, minister of the church, conducted the funeral service.

Surviving are five children: Mrs. R. M. Walker, of St. Lambert; A. R. Jones, of Saint John, N.B.; Walter N. Jones, of Chicago; Rev. J. Gordon Jones of Calgary, and Mrs. Ewart G. Hinds of Westmount; nine grandchildren and four great grandchildren.

In recent years Mrs. Jones had lived with Mrs. Hinds in whose home she died.

Burial took place in the family plot, Little Lake Cemetery, Peterborough.

Astronomer Group Elects Officers

Miss Isobel K. Williamson, was elected president of the Montreal Centre of the Royal Astronomical Society of Canada at the annual meeting of the society held in the MacDonald Physics Building, McGill University on Thursday.

Mrs. Francis Moore on behalf of her father A. V. Whipple, presented to the centre a 6-inch reflector telescope, designed and constructed by himself. This is the telescope that won the award at the Telescope Maker's Convention in Springfield, Vt., in August 1948. Mr. Whipple presented the telescope to the Centre in memory of his wife who was an active member of the organization. The donor was unable to be present at the meeting on account of ill health and delegated his daughter to make the presentation.

The telescope will be a valuable addition to the Centre's observational equipment.

Reference was made to the successful "Star Night" held in Westmount Park last week which attracted more than 1,500 persons.

J. W. Duffie, retireing president gave a brief address entitled "Science and People Like Us" which was well received.

Natural Food Flavors Enhanced by Ac'cent

Alongside salt and pepper in many homes today is Ac'cent, a new basic seasoning which has the unique property of making foods taste naturally better. The instant it is added, meat becomes meatier, chicken becomes more chickeny, and vegetables taste "just-picked." Without adding flavor of its own, and blends the good flavors that are already present in foods.

Ac'cent has many uses. It is probably more versatile than any other seasoning or condiment. It can be added at any time during the preparation of fresh, frozen, or canned foods. With Ac'cent, recipes require little or no change and even other seasonings become more effective. When foods must be held before serving, Ac'cent keeps flavors longer. It works wonders in left-over dishes.

Some prescribed and controlled diets can include Ac'cent when other seasonings are restricted. This means that many hospitalized patients as well as others on guarded diets can get more satisfaction from low-seasoned dietary dishes.

People and places use Ac'cent daily. Leading chefs and well-known food procesors have used it for several years — in popular eating places and in many quality food products sold on grocery store shelves everywhere. Today, restaurants, hotels, airlines, railroads, hospitals, and school cafeterias from coast to coast are "flavor-enhancing" with Ac'cent. At the same time, it is an ingredient in canned and packaged soups, meats, bouillons, cheese products, and a variety of other foods including baby foods.

Ac'cent is pure monosodium glutamate and is recommended for meats, poultry, fish, vegetables, salads, cheese, rice and sauces.

No Gas Rate Hike Here Says Hydro

Westmount householders will be pleased to learn that in these days of mounting prices that the Hydro-Quebec do not intend to increase present gas rates although Toronto gas consumers face another rate hike.

The spokesman for the Hydro pointed out that local gas rates have remained unchanged for some time. The last rate change was two years ago and only affected a certain category of users who had been receiving gas at less than cost.

The rate increase in Toronto will amount to 7½ per cent and will affect more than 102,000 consumers. Customers will pay an estimated 15 cents per month more than at present.

Hallowe'en Party At St. Matthias

The annual Hallowe'en party of St. Matthias Pack was held last Friday and there were so many good costumes that it was hard to judge. The best costume was worn by Michael Harper who came as a Commando.

The funniest was won jointly by Craig and Gavin Chisholm who were respectively an organ grinder and monkey. The most original was Stuart Smith, dressed as a totem pole. As there was only one Scout present in the person of Instructor Ian Leslie, the Scout prize for the best costume was awarded to him. After the grand march and judging of costumes, the Pack got down to the serious business of the evening and had some good games, of which balloon lacrosse was probably the best, with lots of action and plenty of people on the floor.

The Pack's old favorite — obstacle race — was again played. This was a new one to the men who have recently joined. Cubs were required to go under an arch of chairs, a table, a large cloth and then race to a dark cave and when inside had to pronounce the magic words, "Hokus, pokus, dominokus, show me the witch." In each case the lady was at home with her broom and no time was lost in getting out of the cave.

At the close of the evening each Six received a pound of jelly beans, a pound of peanuts and apples for each member. Three pounds of candy kisses were expended earlier in the evening in a game called "feed the chickens."

"Caged" Featured Sunday At Westmount Theatre

Some of the most realistic and dramatic episodes that take place behind prison walls will be seen in the startling new drama "Caged", the Warner Bros. film opening Sunday at the Westmount Theatre.

And "Caged" is that much more unusual in the fact that it is about women in prison and discloses the shameful plight of first offenders betrayed by men and now behind prison bars.

Starring Eleanor Parker and featuring top actress Agnes Moorehead and Jan Sterling, "Caged" tells of the events that confront a young and beautiful girl who is committed to a women's state prison. How she makes the gradual transition downward from bewilderment to bitter cynicism, later released to prey on society, forms the basis of some of the most gripping film fare on such a subject since "I Am a Fugitive From a Chain Gang."

Virginia Kellogg, who wrote the women-without-men story from which the screenplay was fashioned, voluntarily committed herself to prison to get the facts, after Warner Bros. had assigned her the story idea. As an inmate, she lived with the prisoners for months in order to re-create the stark realism for the screen.

John Cromwell directed "Caged", Jerry Wald produced for Warner Bros.

Added Attraction

Playing another hard-riding, fast-shooting gal, as she did in "Yellow Sky", Anne Baxter with two guns in her holster, a rifle, two bowie knives and a tomahawk, found herself well armed for her role in "A Ticket to Tomahawk," is the added attraction. Technicolor western comedy.

Gregory Peck taught her how to fire the rifle, while her husband, John Hodiak, gave her a few lessons in fanning a gun. The art of throwing a knife was demonstrated by director Richard Sale. Pleased with her new skills, the pretty actress feels she's just about the toughest and most dangerous character in Hollywood.

"I wish some of the old boys like Billy the Kid were around now," she said spiritedly. "I really think I could show him a thing or too."

Her co-star in "A Ticket to Tomahawk," Dan Dailey, felt differently. "Every time I made a love scene with her," he claimed, "I'd have to watch out or I'd be rammed through with a knife. It was like hugging an arsenal to put my arms around her."

is playing and will play in future industrial developments.

Another lighter metal was Magnesium, in which the speaker outlined the potential possibilities of the metal for future industrial practices, claiming that experiments are now being authorized to design the wings of planes from this metal. He called it the backbone of the fastest planes in the sky, and said that it had advantages in all phases of our daily life.

The third lighter metal to be discussed was Zirconium, which is still being experimented on for possible future uses. One of the chief uses developed sofar is in bone repairs, with the metal being among the best for suture wires, pins, screws and skull plates. He said that while it is a comparatively new one, its promise for the future mark it no longer for a rare metal.

The speaker was introduced by Ewart Everson and thanked by Bill Dean. Frank Kenwood presided.

slovakia, are behind the Iron Curtain. These two are at present inactive.

The relations between the active participants are amicable and a great deal of work is accomplished without friction.

OBJECTS:—1. To develop International Air Navigation.

2. Safety of Air Travel.

3. Development of Airways.

4. Prevent waste from unfair competition.

5. Avoid discrimination against any State.

It is an Organization of Representatives of Sovereign States, of which some do not belong as yet to the United Nations.

Montreal is HQ and three of the four meetings a year are held here.

The Council of ICAO is composed of 21 members elected every three years and members are eligible for re-election.

In composition the ICAO has 400 international employes and 200 locals who are clerks and stenographers.

Most of the work of the ICAO is in the technical field.

DIVISIONS:—1. Air Navigation Commission — 12 members but usually only 8 in attendance due to the disturbed condition of the world.

2. Air Transport Committee—Economic field.

3. Legal Committee — Laws affecting Air Travel.

4. Joint Support Committee—To finance States that are too poor to pay their share.

5. Air Navigation Committee—To develop Standards of Safety, Regularity and Economy. These Standards are published as Annexes to the Convention. Some of these standards deal with efficiency of personnel, rules of the air, meteorological codes, operation standards, air worthiness of craft.

Standards are developed in regional meetings of technical experts of all members. Views and technical knowledge are exchanged and standards acceptable to all are arrived at. Their reports are sent to the Secretariat where inconsistencies are ironed out. These are generally due to the difference of meanings caused by the use of English, French and Spanish languages. From here they go to the Air Navigation Commission. They meet as an impartial Board of Experts to produce a finding acceptable to all States in ICAO. After this the report goes to the Council. The Council, to adopt a Standard, must support it with a two-third vote. Then the member states express their opinions and unless more than 50% file an objection, the Standard is adopted.

Regional meetings are held to iron out problems peculiar to each of the ten regions.

The problem of joint financing of Air-Navigation Facilities arises from the fact that some states cannot pay for improvements which are necessary from their geographical position. For example Iceland and Denmark (Greenland). These countries cannot afford the ukeep on facilities put in by U.K. and U.S. during the war. The cost is distributed in proportion to the number of air voyages across the Atlantic; U.S. 65%, Canada 10% etc.

Ocean weather stations are maintained by several nations.

These stations were planned during the last war and are continued now. There are always at least ten in operation. With the expanded air traffic across the Atlantic this is the minimum for safety. The more isolated stations require three ships and these nearer shore require two ships to maintain service.

Economic Field. This committee deals with economic and political afairs. On account of several tender toes progress is not as rapid as originally hoped. Multilateral Air Agreements is the aim, in other words, the right of anyone to fly anywhere. This is of greater scope than freedom of the seas as that stops at territorial limits. At the last meeting of this committee at Geneva in 1947 the members bogged down before complete freedom was reached. The Four Freedoms of the Air which they sought were,—

1. To fly across all Territories.
2. To land for non-traffic purposes.
3. Rights to pick up passengers.
4. Rights to land passengers and freight.

The two last were not hard to negotiate as far as it concerned direct flights but it left sticky point as to planes making a detour through a foreign country to pick up pay loads under the noses of planes from that country. For example, American planes en route from New York to London taking traffic from Montreal.

Where the Economic Committee made its greatest progress was in simplification and making uniform such things as Customs and Health regulations, Quarantine, etc.

In the matter of payment for Air Navigation, Aids Canada pays for more aids than many other countries. Iceland and Portugal with no airlines of their own pay more than they receive as benefits. For this reason the committee is working toward a more equitable division of costs.

Another point for discussion is the burdensome taxation and insurance regulations in various states.

Legal Field. There are many new problems due to air-navigation. In the Warsaw Convention, 1929, a set of laws covering the obligations between Carrier and Passenger was drawn up but revisions became necessary. In the Rome Convention 1950 the matter of damage by aircraft to those on the ground was dealt with. This did not cover the question of negligence on the part of the crew of the aircraft which will be the ground for further revision.

The location of the HQ of ICAO in Montreal is fortunate for both parties. Prior to the war Paris was the centre of Aviation but it was felt that it was too vulnerable. In the 1944 conference in Chicago, Montreal was chosen not only because of Canada's growing place in aviation, but also as a compromise between those who favoured Paris and those who chose an American site.

Sixty percent of the employees are local people and when we consider that the annual budget of three million dollars is almost entirely spent here the advantage to Montreal is clear.

"Young Man With A Horn"

Screendom's most electrifying star-match! Matchless Warner excitement! Kirk Douglas, Lauren Bacall, Doris Day, with Hoagy Carmichael. On the same program, following his hit as the "Fuller Brush Man," funnyman Red Skelton now comes to the Monkland Theatre Saturday till Tuesday, as the riotous hero of M-G-M's new comedy, "The Yellow Cab Man." Gloria De Haven co-stars in the feminine lead.

"Captains Courageous," With Spencer Tracy, at Seville

Mickey Rooney plays one of his greatest roles with Spencer Tracey and Lionel Barrymore in "Captains Courageous," a reprint of the Academy Award winning picture which will be shown at the Seville Art Theatre beginning Thursday.

Mickey is Dan, youngest member of the crew of the "We're Here" — whose thrilling adventures were first recalled by the great writer bears the same title as the film.

It was a New England doctor Rudyard Kipling in the book that who had gone fishing to earn his college that persuaded Kipling to write his epic of the sea. His name was Dr. James Conland, and the writer dedicated his book to him.

On the same program, another great film: "Cheaper by the Dozen." This celebrated movie aims to reproduce the bright and unaffected chronicle of the adventures of a family of twelve children as told in the famous book by two of the twelve, Frank B. Gilbreth, Jr., and Ernestine Gilbreth Carey.

Confirmed bachelor Clifton Webb takes a rest from Belvedere to play "Dad," who, the authors say, "had enough gall to be divided in three parts." This role may start the noted actor off in a second film series, for his studio has already asked the publishers for a first look at a sequel that the authors have just finished writing.

Co-starred with Clifton Webb in "Cheaper by the Dozen," are Jeanne Crain and Myrna Loy.

Westmount Meet Loyola Today

Westmount Warrior Juniors End Season With Victory

By GARRY GUNN

The Westmount Warriors ended their season with an impressive 12-7 victory over the South Shore Combines, but it wasn't enough to take them into the play-off race.

..A comparatively new team from the squad of last year co-coaches Bruce Johnson and Roy Eagles succeeeded in piloting the squad to a fourth spot position in a six team league. It was not a good year, but not a disgraceful one either, as they chopped down Cartierville twice, South Shore, St. Aloysius, and Rosemount once, and lost two to their arch-rivals, the N.D.G. Maple Leafs.

Playing in a much tighter league this year, it was a good brand of junior ball that was accomplished throughout the league. Except for the Cavaliers, all teams had the scoring potential to upset a supposedly stronger team, and the Westmounters managed to do this when they turned back St. Aloysius in the first meeting, 6-0, and the Combines in Saturday's game, 12-7.

Once again it was the plunging of starry half-back Jim Lawson, now on the rooster of the senior Warriors, that accounted for a Westmount major in the third quarter of the Combine game.

The St. Lambert boys were leading 6-0 from a second quarter major by Shea, when Lawson plunged over the line for the major and Ed Lafontaine booted the converts to tie the score. But Combines moved out in front again on a single but this was nulified in the beginning of the fourth quarter when Eddie Lafontaine booted a field goal from the 25 yard strip.

With three minutes remaining in the contest, Lafontaine proved that the first three pointer was no mistake when he booted another from the 25 yard line to make the score 12-7.

South shore made a determined bid to score a major in the last three minutes, but were held at

Locals Out for Revenge Against Collegians

By ALLAN SANDZELIUS

This afternoon at 3:30 the Patrick-coached Westmount Senior A footfall squad will be out for revenge with a vengence as they tackle Ed Meagher's boys from Loyola College in the second game of their seeded series, the first of which the Purple and White won from Catholic High 11-0.

This will also be the second time they've played the Maroon and Green team and the local lads will be out there fighting hard up to the last minute of play to redeem themselves for a 22-12 drubbing they received earlier in the season at the collegians' hands.

The game, and all the rest of the Senior A games, is scheduled for the Westmount Athletic Grounds.

RECAPITULATION

To recapitulate, if we may, it is to be noted that only two games were ever lost by Westmount by any large score, one to the all-powerful and non-stoppable West Hill aggregation and the other to Loyola 22-12. In the latter tussle the W.H.S players showed conclusively what inexperience, lack of interest and tremendous overconfidence can cause even against a team as evenly balanced in power skill with Westmount as Loyola is.

Other games were lost only due to the inexperience of the younger team members by such close scores as 6-3, 6-2, 16-10. However, last week Westmount's fighting band of ball slingers showed a complete reversal of form as they decisively drubbed Catholic High 11-0 in a game that featured nothing but power, power and more power with Westmount, seemingly the smaller fellows, ducking in and around the giants. In the final fixture of the season, the local gridders will attempt to stop McGee in their tracks and avenge that 6-2 loss next week.

NOTES

Tony Skinner, frere of the famed WHS basketballer Dennis Skinner, is now quarterbacking for the grid squad... In an exhibition soccer match last week between W.H.S. girls and the young ladies from the Junior High, the Juniors won 3-0 on goals by Martha McDougall and Jo-Anne Bovyer and a penalty-kick by Barb Walker... Pat, Dot and Anne were poined for a few moments in their cheering for W.H.S. in the Catholic High game by Juniors Bev Christmas and Martha "Monkey" McDougall. A pretty combination, eh wot?

The Senior soccerites have been singularly unsuccessful in their efforts this year, losing four out of five and tieing the other... For the first time in four years, Lew Davies, athletic instructor at W.H.S., is sponsoring a senior water polo team. Due to the fact that all the players are more or less unfamiliar with the sport, they lost their opener with Baron Byng last week by the ignominous score of 17-3...

N.D.G., St. Aloysius In Sudden Death Game Here Sunday

Arrangements have been made by the Quebec Rugby Football Union to play the sudden death play-off for the Junior Division championship between Notre Dame de Grace and St. Aloysius the two teams tied for first place, at Loyola College grounds on Sunday afternoon with the kick-off timed for 2 p.m.

The winner of Sunday's battle will go against the winners of the Verdun Junior League for the Provincial Title at McGill Stadium on Tuesday night under the lights with the game starting at 7.45 p.m.

Tuesday nights winner will meet the Ontario champions here on either next Saturday or Sunday, November 11 or 12.

St. Aloysius have beaten N.D.G. twice in two starts this season and are favored to repeat by the east end followers.

Solly Maestro is quite confident that N.D.G. will again be the standard bearers for Quebec in the inter-provincial series, so a stirring contest is in prospect for Sunday afternoon.

Chief Referee Harold Platt of Westmount will handle the whistle with Ralph Harrison another Big Four official acting as umpire. D'Arcy Quinn will be head linesman.

Westm't-RMR Game Tomorrow

R.M.R. Win Rough Tussle Against Lakeshore Sunday

Coach Dave Peebles' Royal Montreal Regiment Football team staved off elimination and got right back into the race for Quebec Rugby Football Union senior title by handing Lakeshore a 6 to 0 defeat at Valois on Sunday.

The R.M.R. victory broke a deadlock for first place between Lakeshore and Westmount giving the latter a two point lead over the Flyers and put R.M.R. in a strong contending position for a play-off as Westmount and Lakeshore have yet to meet each other which means that either one may be knocked out then and there.

Ray Binmore pulled in quarterback Bill Dryden's 20 yard pass deep in the end zone for Army's touchdown. Jack Patterson converted.

The game got rough and threatened several times to break into a free for all.

The Army line was instrumental in breaking up Lakeshore's last minute try for a major. Tony Italiano, Hank Cantwell and B. Marshall were prominent in the R.M.R. line.

Jack West, Wenty Young, George Labelle, Danny Johnson and Bud Parsons were the pick of the Flyers on defence while Wilf O'Hagan, Mike Muruska and Ron Farrington were the best on offence.

"This Is It" Claim Of Both Westmount Teams

By MEL JAMES

This is it . . . .

Players of both the R.M.R. and Westmount Warrior teams in the Senior "B" Q.R.F.U. will be saying this when they oppose each other Saturday at the Westmount Athletic Grounds. For both, this game is the most important of the season.

The Westmounters, presently holding down first place with seven victories and one defeat can win the championship without a play-off if they get by the R.M.R. crew and Lakeshore in the next two weeks.

Army meanwhile are in a more precarious position, since a defeat this Saturay in the hands of the Westmounters would annihilate them from the play-off hunt. They have to win, or else fold up their togs for another year.

It was Army who spilled the Westmounters for their only defeat of the current season, a point that the Warriors won't forget when they oppose the free-wheeling soldiers, Saturday. Army, boasting of such stalwarts as Spence, Masterman, McClure, Patterson and Daignault will be out to stop the Westmounters who, through injuries, won't be able to field a full team for the event. Chambers, the fleet-footed halfback is still a question mark; Eddie McLeod definitely won't see action; and Frank Fitzpatrick, a hefty plunging half may miss the contest since his shoulder injury of last week.

Lawson Starry

To brighten the Westmounters' picture is Jim Lawson, a highscoring Junior player who in his official debut last Sunday plunged throughh the Sherbrooke squad for a major; Dave Binmore, another junior, who is patrolling the end in fine fashion, and a few other first year performers with Westmount, Ducky Aird and Archie Borland. Aird notched the first Westmount major against Sherbrooke, and Borland a single, while Jack Drake will be another of the chief ball carriers against the Army squad.

On the mud soaked field Sunday, Sherbrooke proved too close for comfort for three quarters of the game against Westmount. First Abbott, their playing coach, booted a 60 yard single, but this was nullified in the opening minutes of the second quarter when Aird, after five consecutive first downs by the Westmounters from their own 10 yard line, skirted around end for a 25 yard major.

In the opening minutes of the second half, Jim Simpson booted a single to make it 6-1, but Perk Johnston of Sherbrooke roared back to hit paydirt on a one yard plunge after moving the ball forty yards on the previous play. The convert was good making it 7-6 for the Sherbrooke squad until late in the fourth quarter, when Jack Drake went over from the 10 yard strip for the Warriors. Borland made it 12-7 on his convert.

Sherbrooke threatened in the fourth quarter, until with two minutes remaining, Lawson broke through their line and fought his way over the goal-line on a 25 yard plunge.

The Westmount win, and the Lakeshore loss to Army put the Westmounters in sole possession of first place, a spot they have been sharing with the Lakeshore squad all season. At the same time, it moved Army up into a contending squad for the championship, and only a defeat in Saturday's contest or in the last game of the season, would knock them out of play-off hunt.

Beaten by Army in the previous game, 21-13, the Westmounters will be out for revenge and to eliminate their most serious threat on Saturday.

Junior Jottings

It was a big year for Jim Lawson, who scored seven majors in the season, to rate as the top scoring player. For the last three games they were without the services of lanky Ray Binnmore, captain of the junior squad, who was released by the coaches to play for the senior club. His release was made after Westmount's changes for making the play-offs were out, and has been one of the starry ends of the senior squad since that time.

Jim Lawson is also a member of the senior Warriors now, and proved himself on Sunday, when in the Westmount — Sherbrooke game he fought his way over the Sherbrooke line for a 25 yard major in the last quarter. Also Tom Timmins is serving in a senior uniform.

Other capable performers with the Westmount club include Harry Shugrue, Jimmy Cotter, Johnny Chase, Ross Green, Chuck Canning and Eddie Lafontaine.

But for another year the Westmount junior wars are over. With many of this year's team expected to return to the fold for 1951, a stronger club may make a greater impression on the league standings of next year.

Westmount Ski Club Meeting Next Wednesday

The annual meeting of the Westmount Ski Club will be held next Wednesday at 8:00 p.m. in the Westmount Y.M.C.A. It is hoped that the honorary president of the club , the Honourable D. C. Abbott, will be on hand to make the presentation of prizes won by members in various competitions last winter.

Club president John Lewis announces that the directors have been busy planning a busy programme for the coming season. An item of great interest to all competitors is that the club is engaging one of Canada's best known ski instructors to coach the members in competitive skiing for downhill and slalom.

This will give the club a wonderful opportunity to develop promising young racing talent and will permit the members to obtain the best possible coaching. It is hoped that the final details of this plan and the name of the instructor will be announced at the annual meeting.

ALL SKIERS WELCOME

All skiers who are interested in racing this winter are urged to attend the meeting. This includes prospective members particularly Juniors.

Colour ski movies taken last winter showing the various club activities will be shown.

Refreshments will be served by the ladies' committee under the chairmanship of Mrs. J. S. Houghton.

Members are invited to bring their friends.

School Systems Debated Westmounters Prominent

Mrs. C. E. Woolgar, member of the staff of St. Georges School, 3100 Westmount boulevard, took a prominent part in a Citizens' Forum debate held in West Hill High School on Thursday night.

Traditionalist and progressives locked horns in the debate entitled "Are Schools Spoon-feeding Their Students."

The forum was held under the joint auspices of the N.D.G. Community Council and the West End Regional Council of the Home and School Association of Montreal.

Traditionalists and progressives locked horns in the debate en-

Speaking as an employer, Hugh Crombie, 759 Upper Lansdowne, Westmount, of Dominion Engineering Company and vice-president of the Canadian Manufacturers' Association held that improvements in the fundamentals of education were imperative. A survey of young people who had entered employment just after leaving school had found a majority lacking in a sense of responsibility. Secondary school education had been found essential in jobs requiring higher intelligence than was needed in manual work, while agreeing that school children were spoon-fed too much, he criticized progressive education for failure to achieve adequate discipline.

Mrs. Woolgar, of St. Georges School and an executive of the Home and School Association, said that self discipline was the aim of the system she espoused. Respect for personality was an end always kept in view. She maintained that public-schools spoon-fed their pupils. Most of the improvements in the public and high school systems had been brought about as a result of research in progressive schools. Children in public schools were not taught to do their own thinking.

Leonard Unsworth, rector of the High School of Montreal, advanced the view that the public and high schools reflected the society they served.

Their defects were those of society, and when that changed, the schools also would change for the better. Public schools were progressive, he said. In the sense that they made changes as required.

The principle of learning by doing, so dear to the progressive, was not neglected in the state system.

Dr. Lawrence Patterson, principle of the School for Crippled Children, said that whatever value the old courses had possessed had been lost. Courses had been watered down to an extent that robbed them of much of their former value. Too great an emphasis was laid on memory work.

He cited results of a survey held in the U.S. which showed that graduates of progressive schools outshone those of the traditional type of school in later university life in the proportion of 27 to 7.

Westmount Park Scouts Explore St. Helen's Isle

Only eight wolf cubs turned up outside our church on Saturday, October 21, when the pack went on a ramble on St. Helen's Island, but those who went had a very good time. To many cubs the island was a new experience, but they certainly felt at home from the first moment.

On Tuesday October 24 the pack met again, but this time indoors. After the jungle opening with the Grand Howl an active game warmed up every and each cub. This meeting was a very special meeting for two of the boys: Gary Anderson and Brian Bennett were invested in the wolf cub pack in a short ceremony. During the instruction period the cubs were taught and then practiced the following items in the star-work: ball throwing, skipping, how to tie knots, Union Jack, and signalling. The new boys in the pack were attended to by Akela, who taught them the Tenderpad badge.

Three games were enjoyed very much and so was a good story told by Baloo.

Akela announced that the pack meeting on Tuesday October 31 was going to be cancelled and that the next meeting thus would be on Tuesday, November 1, and so, Good Hunting, Cubs!

The wolf cub pack will take part in a church parade on Sunday, November 5, and afterwards attend a service for all the children in our church.
