VOL. X., No. 24 WESTMOUNT, THURSDAY, JUNE 15, 1939 PRICE:—TWO CENTS

## MUNICIPAL RETIREMENTS ANNOUNCED BY CITY

### Principal Seaman Retires From Queen's

#### WILL CONCLUDE 25 YEARS IN WESTMOUNT SCHOOLS AT END OF PRESENT TERM

Presented With Gold Watch by Principals and Teachers At Tea Held in His Honor — Had Taught in Many Parts of Canada — To be Succeeded by G. D. Lessard of Argyle Junior High

Announcement was made this week by the Westmount Protestant School Board that Principal A. W. Seaman, M.A., of Queen's School, would retire at the end of the present scholastic term, when he will have completed his twenty-fifth year as principal of Westmount schools.

He will be succeeded by G. D. Lessard, B.A., teacher of Eighth Grade boys at Argyle Junior High.

Mr. Seaman took over the principalship of Queen's 19 years ago and has guided thousands of students of the Olivier avenue district through the pre-high school grades since that time.

Prior to his transference to Queen's School he was for six years principal of Argyle School, now Argyle Junior High.

Before coming to Westmount he had taught in schools in British Columbia, New Brunswick, and at the Prince of Wales College at Charlottetown, Prince Edward Island.

At a recent tea to honor his retirement and lengthy term of service in Westmount he was presented with a handsome gold watch by the present teaching staff of the school, Westmount principals, and teachers who had previously served under him at Queen's. Inscribed on the watch were the words "A.W.S.—Westmount, 1939."

The presentation was made by Miss Nora Shanks on behalf of the teachers and principals. Representing the school board at the function was R. W. Steele, chairman. Mrs. Seaman was presented with a bouquet of flowers.

Mr. Seaman, who has headed one of the largest schools in the city, was particularly interested in sport activity and was always successful in maintaining a high athletic standard for his school. This year the girls of Queen's won the high aggregate at the field day held last week at the Athletic Grounds.

He is also well known as a crack rifle shot and holds numerous cups which testify to his prowess in marksmanship. He is a member of the rifle team of the Royal Montreal Regiment; is president of the Canadian Small Bore Rifle Association and secretary of the Montreal division of the same organization. He was for a number of years president of the Montreal Basketball League, secretary of the Eastern Canada Basketball Association, and vice-president of the Canadian Basketball Association.

Mr. Seaman was born at Charlottetown, P.E.I. He resides at 25 Burton avenue.

**Minister To Speak On Christian Congress**

On Sunday morning in Westmount Baptist Church Rev. J. A. Johnston will have as his theme: "Echoes of the Golden Jubilee Convention". This will be the story of a great Christian Congress of the Baptists of Ontario and Quebec, which had a registration of fully 5000 delegates and which had an attendance of fully 4000 at some of its sessions.

On Sunday evening Mr. Johnston's theme will be "The Set Face and the Steady Stride". Christ is still surrounded by enemies, enemies that would crush Christianity and immobilize the forces of righteousness. "He passing through the midst of them went His way".

#### School Girls Must Wear Full Length Stockings

Female vanity suffered a severe blow last Friday when H. B. Parker, principal of Westmount High School, vetoed ankle socks, sockettes and other forms of abbreviated leg coverings.

After paying a visit to the classes from grade eight to the 11th year seniors, some fifty girls were sent to Miss E. G. Lawlor's office, where they were informed that they were being sent home to put on stockings, as ankle socks and such things were certainly not becoming to high school students, nor were they lady-like.

#### Keith Charters Wins High Scholastic Rank

At the annual distribution of diplomas and prizes at the Montreal Technical School last week, Keith Charters, of Westmount, was awarded a silver medal for having attained the second highest scholastic standing.

Keith Charters is the third son of the late Alex A. Charters, of 218 Metcalfe avenue, and is the second member of the Charters family to receive an award for scholastic achievement, another son being awarded the Y.M.C.A. scholarship to Springfield College, Mass., last June.

#### SUFFERS HEAD INJURIES WHEN STRUCK BY CAR

Josphel Laramee, 66, Montreal City Employee, Taken to Hospital

Josphel Laramee, 66, of 3458 Workman street, a collector for the City of Montreal Incineration Department, western division, suffered head injuries, when he was struck by a car operated by L. Lambert, 311 Melrose avenue, Verdun, at the corner of Atwater avenue and St. Antoine street, last week.

Laramee, who was driving in a rig down Atwater, told police that he was struck by the car when he attempted to take the skid shoe from under the wheel of the buggy. Lambert stated that the man stepped directly into the path of his car and that he was unable to stop in time to avoid striking him. Both the car and the wagon were proceeding south on Atwater.

Laramee was removed to the Western Division of the Montreal General Hospital where he was treated by Dr. Murray for a head wound. His injury was not serious.

#### Youth Is Slightly Hurt When Bike, Car Collide

Joseph Foglietta, 17, 4757 Cazela street, suffered minor bruises about the body when his bicycle skidded and collided with an automobile at the corner of Sherbrooke street and Claremont avenue at 6 p.m. on Friday.

He was allowed to return home following treatment at the outdoor department of the Homeopathic Hospital.

#### RETURN

Mr. and Mrs. Clive Boucher have returned from Sherbrooke, where they were the guests of Mr. and Mrs. W. L. Reford for the Royal visit.

#### Youngster Injures Hand While Boxing

Seven-year-old William Dixon, of 4616 St. Catherine street, has discovered at an early age that boxing is a game in which you have to learn to take it.

The youngster was treated at the outdoor department of the Homeopathic Hospital last week for a fractured bone in his left hand, which he sustained in a minor scuffle. He was allowed to return home following treatment.

#### WIN TRINITY COLLEGE SCHOLARSHIPS

—Examiner Photo  
 Two west end boys, students of Selwyn House School, were recent winners of Memorial Scholarships offered by Trinity College Schools at Port Hope, Ontario. They were Douglas Huestis (left), 14, son of Mr. and Mrs. Douglas Huestis of 37 Stratford road, Hampstead, and Bartholomew Sutherland (right), 14, son of Mr. and Mrs. William Sutherland of 466 Cote St. Antoine road.

#### Change Is Made In Traffic Rules

Two Arteries Leading Onto Sherbrooke Street From Eastern Limits of Cote St. Antoine Road Available To Motorists

The first major change in traffic rulings here in a number of years comes into effect this week with the announcement that vehicles travelling along Cote St. Antoine road will be permitted to proceed as far east as Kensington avenue.

This will mean that Kensington and Metcalfe avenues will now be the principal arteries over which traffic proceeding in an easterly direction on Cote St. Antoine will join Sherbrooke street, and is expected to materially decrease the heavy load now carried by Metcalfe.

The move, at the present time, is in the nature of an experiment, and will be given a thorough trial before the scheme is officially adopted.

The original plan was to widen Metcalfe so that traffic could proceed onto Sherbrooke in two lanes, thereby doubling the number of cars that could pass through the traffic signal on Sherbrooke street when the green light was on. Work of widening the thoroughfare, moreover, had already commenced.

This step was immediately abandoned, for the time being at least, when a number of Metcalfe residents formed a delegation to protest the project. They were received at a regular meeting of the City Council Monday night and received its assurance that some other plan to solve the situation would be tried.

Residents of Metcalfe, it is understood, feel that the street is already handling an unusually heavy volume of traffic for a residential thoroughfare and that more vehicles should not be routed over it.

While the flicker light and arrows directing traffic going east on Cote St. Antoine to turn down Metcalfe will be removed, the traffic lights at Sherbrooke and Metcalfe will remain in place. With the exception of painted signs no traffic control apparatus is to be placed on Kensington until the scheme has been thoroughly tested and approved.

During the period of the experiment, constables will be on duty at the intersections involved in the change to direct motorists and to keep traffic flowing smoothly during rush hours.

#### Stationary Car Is Slightly Damaged

A parked automobile, the property of Mrs. A. S. Bruneau, 12 Bellevue avenue, was slightly damaged when it was struck by a car driven by Mrs. R. B. Hall, 895 Roslyn avenue, opposite the east door of Roslyn Avenue School last week.

The mishap occurred as Mrs. Hall was backing her car out of a driveway. The left door and the left side of the body of Mrs. Bruneau's machine were damaged.

#### BRIGADE UNIT SELECTS NAME OF "NACOBWA"

Lance Corporal Harold Fairhead Submits Winning Name for Camp

During the past few weeks members of the First Westmount Company of the Boys Brigade have been submitting names for the Company Camp and after careful consideration the judges have awarded a Brigade pocket knife to Lance Corporal Harold Fairhead for his suggestion of "Nacobbwa."

From now on the Camp will be known by this name.

Arrangements for the camp are now complete and huts are being lined. Robert Beal will be councillor of Hut No. 1, with Lance-Corps. Harold Fairhead and Duncan Patterson as joint leaders. Staff-Sgt. James Patterson will have Hut No. 2, with Lance-Corps. Robert Morrow as leader. The 3rd Hut will be under Sgt. Wm. Mulligan.

If the registrations continue to come in as during this past week, it will be found necessary to organize a fourth hut. Some interesting projects have been planned and every moment of the camp will be occupied by worth while instruction. Special C.C.A. camp badges will be introduced and taken up by Captain Richardson, each "rest-hour" period. The first evening, a grand camp-fire will officially open the camp, featuring sing-song, stunts, and stories.

#### CITY SECOND IN REALTY SALES

Ten Sales, Representing a Turnover of \$90,932, Transacted in May

Westmount fell slightly below Verdun in the number and total value of real estate sales transacted during the month of May. A report released this week by the secretary of the Montreal Real Estate Board reveals. Ten sales, representing a turnover of \$90,932, were recorded here. Verdun, which led all Island municipalities, reported 22 sales having a combined value of \$95,325. Outremont placed third with 11 sales values at \$81,875.

For the five-month period from January 1 to May 31, Westmount was well ahead of all municipalities. Seventy-six property transfers representing a turnover of \$1,485,776, were made.

#### The Week At Victoria Hall

Today: Mrs. Gendron's School closing.  
 Tomorrow: Montreal Chapter, White Shrine.  
 Monday: Daughters of the Nile.  
 Wednesday: Business Association of Westmount, meeting open to all members; Westmount Rotary Club, luncheon meeting.  
 Next Thursday: Westmount Music Club.

### WM. J. REYNOLDS LEAVES POST AT VICTORIA HALL; JOINED STAFF IN 1895

W. J. Spurr, of Light Department, and Alfred Ferguson, Also to Retire — Reynolds One of Best Known Figures on Municipal Payroll — Recalls Fire That Completely Destroyed Building

Retirements of three veteran municipal employees were announced by City Manager Percy Jarman at the City Hall yesterday. William J. Reynolds, superintendent of Victoria Hall goes on three months leave of absence on July 15 and at the completion of this period will be placed on pension. William J. Spurr, chief clerk of the Westmount Light Department and Alfred Ferguson, messenger of the Finance Department who has served under 13 mayors, will retire in September and August, respectively. Both commence leave of absence terms today.

Mr. Reynolds, who first entered the employ of the city in June, 1895, is probably one of the best known men on the municipal payroll. As superintendent of Victoria Hall he comes in weekly contact with members of the Westmount Rotary Club, numerous women's organizations, and fraternal and religious groups who use the hall as their meeting place. He is also well known to practically every amateur dramatist on the Island.

Born in Cornwall, Eng., Mr. Reynolds first came to Canada in March, 1890, when he was 17 years of age. In his early boyhood he followed the sea with his father and was an adept sailor.

Westmount was little more than a village when Mr. Reynolds entered its employ as janitor and messenger of the municipal hall, then located where the police station is today. Later he was janitor of Victoria Hall and the library.

He was promoted to superintendent of Victoria Hall in 1907 and has held that position ever since.

Mr. Reynolds recalls vividly the fire that totally destroyed the building on March 8, 1924. However, he was spared the unpleasantness of seeing the building that was then also his home as well, from being razed as he had gone to the country for the week-end. The outbreak was first discovered at 4:15 p.m. on Saturday afternoon and by the time Mr. Reynolds returned to the city in the evening it was completely destroyed.

Mr. Reynolds joined the staff of the city when Matthew Hutchison was mayor, and since that time has become personally acquainted with a great many of the municipality's chief magistrates and councillors.

He now intends to spend his time at the country home at Bellevue he has occupied for a number of years and where he devotes a great deal of time to gardening, fishing and boating.

He is married and is the father of three girls. William Spurr joined the Westmount Light Department when it was first formed in 1906 and before that time was employed by (Continued on Page 5)

#### BANQUET PLANNED

No less than four championships of Westmount School were won by the teams of King's school. In recognition of the fact that the teams have won the cups in baseball, basketball, football and hockey, the King's Westmount Home and School Association is holding a banquet for the members of the winning squads on Friday evening.

#### SAIL FOR AUSTRALIA

Mr. and Mrs. R. B. Thorne sailed on Wednesday by the Empress of Australia to spend several weeks abroad.

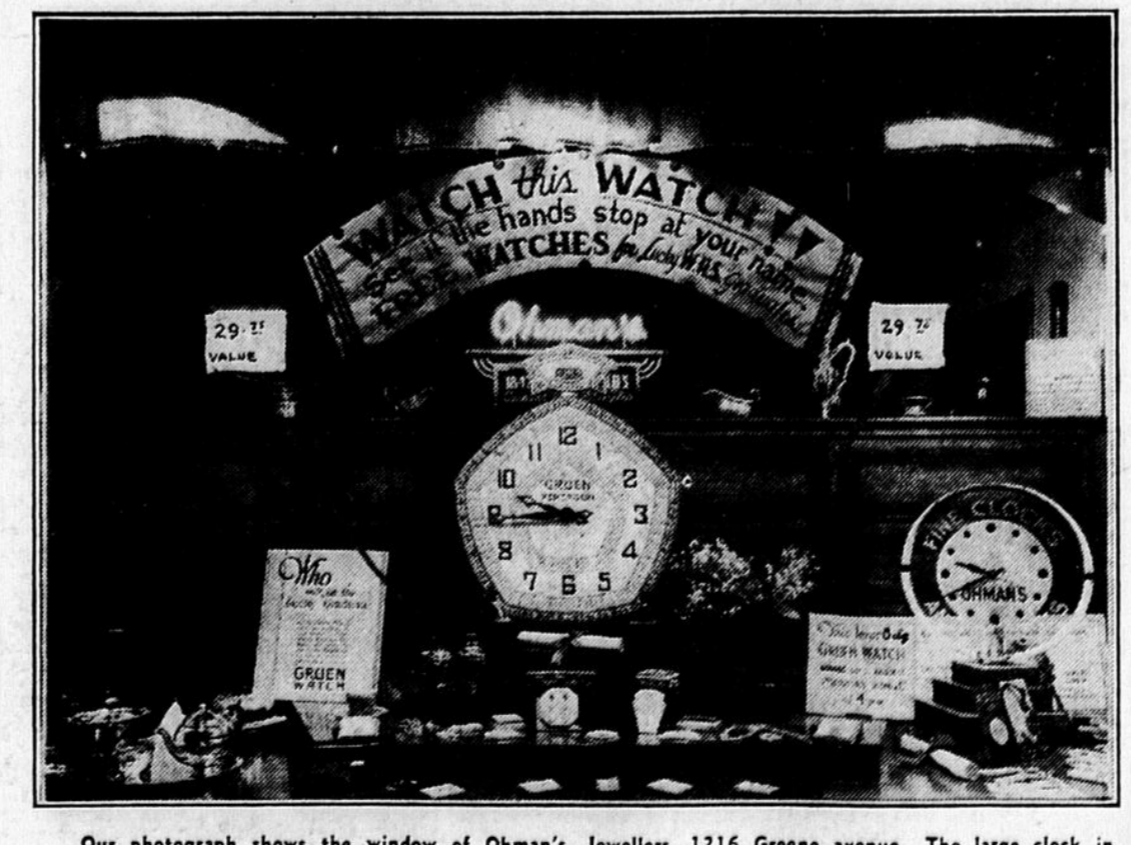

#### Renaming of Playground Is Cause of Confusion

Even though Murray Park was renamed some time ago as King George Park and the change in the name was given considerable publicity, a certain amount of confusion still exists, it is understood.

The name King George Park was selected from a number of entries submitted in a contest conducted by the City for a name for the park commemorative of the visit of the King and Queen to Westmount.

Previously the playground had never been given an official name, but due to its location was commonly known as Murray Park.

#### OHMAN'S STAGES NOVEL CONTEST

Our photograph shows the window of Ohman's, Jewellers, 1216 Greene avenue. The large clock in the centre will decide the winners of two beautiful Gruen watches to be awarded to members of the graduating class of Westmount High School. The hour hand points to boy enrollees and the minute hand to girls of the class. When the clock stops the boy and girl at whose names the hands point will each receive one of the beautiful watches as a gift of Ohman's.

## WILL THEY COME BACK AGAIN?

Now that our King and Queen have visited the New World in person and been given the greatest reception Canada and the United States have ever given anyone, the question naturally arises, How long will it be before we have them among us again? Canadians will want them here again, and their presence on this side of the ocean would be eagerly anticipated by the Americans whose welcome far exceeded anyone's expectations.

Canada is a full-grown daughter in the sisterhood of nations the world knows as The British Commonwealth. George and Elizabeth are our King and Queen fully as much as they are King and Queen of England and Scotland. Would not the next step logically be for the Sovereigns to alternate between the Motherland and the Dominions—to take up their residence at Rideau Hall for a while once in each four or five years? There are those who say that Canada's potentialities and her position as the interpreter between Britain and the United States have mapped out a destiny for us the ultimate end of which is that Canada will be the heart of the Empire. There are those who go even further and tell us that according to Biblical prophecy the United States will rejoin our sisterhood. Indeed, the outstanding achievement of the Royal Visit in the United States is the fact that both Britons and Americans have been made to realize, with compelling force, that the veil that separates them is very, very thin indeed.

## PRESS AND RADIO DID WELL

With the coming of Their Majesties to Canada, this country was faced with its biggest task along organization lines since the war, and the manner in which the big job was done by everyone who had a hand in it deserves the praise of all Canadians. Indeed, the

only hitch seems to have been that hot box pilot train developed on the run to Washington and the fact that the official pen nibs at Sherbrooke refused to write properly. Particularly commendable was the work of the Canadian Broadcasting Corporation. This organization surpassed itself in the complete coverage it provided, the pleasing voices and correctness of English of its broadcasters, and the manner in which the highlights of the visit were dramatized. No big event has ever been handled better than our own national radio organization handled this Royal visit. Its work was commented upon by listeners everywhere.

Also worthy of note was the number and quality of photographs produced and freely reproduced by the press of both countries. It is to be hoped that an elaborate photographic record of the visit will be put between covers—something worthy of the event.

## CANADA'S ONE GRIEVANCE

If Canadians have any grievance at all over the Royal Visit it is against British photographers in general and those who have photographed the King and Queen in particular. If ever any two people were hopelessly misrepresented by photographs, our King and Queen have been misrepresented by English cameras and old-fashioned English studio lighting arrangements. Those who, like Leslie Roberts, viewed Their Majesties at Quebec shortly after their arrival were inclined to the belief that the King and Queen didn't photograph well and that too much reliance shouldn't be put on cameras generally. But that opinion prevailed only until the first pictures made in this country appeared—pictures in which the likeable personalities of the King and Queen, and the beauty of the Queen, were immediately apparent. The candid cameras of our working newspapermen have shown us our King and Queen as no pictures from Britain ever did. Something should be done about providing the Dominions with proper pictures of Their Majesties in future.

"Farmers in Canada's Bread Basket Hope for Good Crops," says a Moose Jaw headline. Well, so long as they're still able to hope, there's hope.

Charge that Fritz Kuhn, when arrested by G-men, was trying to make a getaway after robbing the organization of which he is head ought to strike up the band.

# STOP ME..

IF YOU'VE HEARD THIS ONE

### Fair Warning

"My son wants to be an auto racer. What shall I do?"  
"Don't stand in his way."

### Mr. Webster Defines

"What is the typical modern executive?"  
"A man who talks golf all morning in the office and business all afternoon on the links."

### A Stranger

The tourist was visiting an Indian reservation.  
"White man very glad to meet red man," he said to the chief. "White man hopes big chief is feeling very good."  
"Hi, fellows," shouted the Indian to his equally up-to-date followers, "come and listen to this guy. He's great!"—Grit.

### Simple!

A great banker said to a young matron: "I am ashamed of my failure to keep abreast of modern science. Take the electric light, for instance. I haven't the least idea how it works."  
The young matron gave him a patronizing smile. "Why," said she, "it's very simple really. You just press a button and the light comes on—that's all there is to it!"

### Be Definite, Please

"I want reservations for a trip round the world."  
"Yes, Sir. One way?"

### LOADSTONES

Virtue, wisdom, goodness, and real worth, like the loadstone, never lose their power. These are the true graces, which are linked hand in hand, because it is by their influence that human hearts are so firmly united to each other.—Burton.

# The Examiner's Hidden Titles Contest

The Westmount Examiner's Hidden Titles Contest is run with the kind co-operation of Mr. Godel, manager of the Westmount Theatre. Each week twelve passes are given to the six lucky winners who comply with the following requirements—

Simply find the two "ads." in the current issue of The Westmount Examiner in which the names of the two feature pictures being shown at the Westmount Theatre during the first half of the coming week are hidden.

Submit all answers to The Contest Editor, The Westmount Examiner, 2191 Hampton Avenue, using the special coupon provided in each issue for the purpose.

Residents of Westmount, only, are eligible. All answers must be in the office no later than Wednesday, and the names of the winners will be published in Thursday's issue. A convenient coupon will be found elsewhere in the paper.

The winners are drawn from among those who submit the correct answers as, unfortunately, it would be impossible to give passes to everyone submitting the right answers.

The winners of last week's contest are as follows and their passes will be received in Friday's mail:  
Mrs. C. Rennie, 4150 Sherbrooke W., Apt. 7; Mary E. Lalonde, 580 Grosvenor Ave.; Hugh Blackford, 7 Hudson Ave.; Mrs. B. H. Bell, 6 Park Place, Apt. 3; Henriette Nightingale, 331 Clarke Ave., Apt. 30; Mrs. Charles H. Bird, 4811 St. Catherine W., Apt. 3.

# THE FORUM

In Which Subjects of General Interest Are Discussed

Conducted by HOWARD S. ROSS, K.C.

NOTE:—The opinions expressed in these columns are not necessarily those of this newspaper and the Editor does not accept responsibility for them. They are published for their general interest, variety and originality of treatment.

The World Wheat Committee estimates there was a visible surplus of wheat in exporting countries in 1937 of 850,000,000 bushels. The Committee estimated that in 1939, this surplus will reach 1,150,000,000 bushels and 1,145,000,000 in 1940.

It is hoped the farmers of Western Canada will gain on the sale of live-stock in the U.S.A. market what they lose on their wheat in the British market. And it is hoped the Maritime producers will make up their losses in shipping, which they gained through the Ottawa agreement now cancelled, by finding a wider market for fish and potatoes. What the Winnipeg Free Press said of the Ottawa agreement may probably be said with equal truth of the new pact, namely, that "What Great Britain and the Dominions gained on the swings, they tended to lose on the merry-go-round."

Concessions were made by G.B. on U.S.A. farm products of which G.B. imports in 1936 were valued at \$200,000,000. In return, G.B. received concessions on goods which in 1937, were exported to the U.S.A. to the amount of \$141,500,000. — Lee McIntyre in The Canada Railway Employees' Monthly.

Once democracy and capitalism were one: to free discussion and ballot in politics corresponded individual bargaining in employment and free competition in business. They were supposed to foster the independence and prosperity of the individual. But in the course of development, capitalism parted with democracy. While discussion and ballot were maintained in politics, individual bargaining and competition in economics were abolished by concentration of big business. This conflict between politics and economics is the great problem of modern democracies.—Stoyan Pribichevich in Free America.

A Wall Street broker has given up his work to make looms, a talent his wife — an ardent weaver — discovered through his ability at tinkering about the house.

When water was tried and the Earth did appear.  
The Lord. He created the Engineer.—Kipping.

Mrs. Joseph Burke was re-elected as a councillor of the town of Prescott after receiving an acclamation last year. She received more votes than any of the aldermanic candidates.

Le Droit, Ottawa's French-language newspaper, recently published an attractive twenty-fifth anniversary souvenir number.

Politician: "And now, gentlemen, I wish to tax your memory." Man in the audience: "Good heavens, has it come to that?"

Due to political uncertainties in Central Europe, the famous Hans Falkner Ski School has been transferred from Ober-Gurgl, Austria, to St. Jovite, one of Quebec's most popular winter sports centres. Hans Falkner, long regarded as a leading instructor, will be assisted by Hermam Gagner and Jose Gstrein, two of Europe's best-known ski professionals.

Honorable Journalism: The best magazines a century ago never ran the risk of hurting a young writer's pride by offering him sordid wages. It was honor enough to be printed. Most writing in

MAGIC KEY SHIFTS

Coincided with its shift June 26 from Sunday afternoon to Monday evening at 8.30 via NBC-CFCF, the Magic Key makes a sharp departure from its present format. Although final details are as yet unannounced, it is probable that the program will present top-notch dance bands and variety offerings, assuming a much lighter character than heretofore. . . It's difficult to say that the change will be entirely welcome, for during its four years of existence the Key has blended the best that music, literature, and the theatre, have to offer into a charming and educational whole. . . Zara Nelson, Canadian violinist, and Sarah Fischer, Montreal soprano, broadcast to Empire listeners from London June 30 and July 1, respectively, according to advices received from BBC last night. . .

## At Last—A Cure!

Over 1,000,000 visitors to the San Francisco and Manhattan Fairs have inspected the NBC television exhibits during the past month, it was revealed yesterday. This puts television in a class with Sally Rand! . . . Sales of television kits and attachments continue to disappoint manufacturers and retailers, however, as radio fans seem loath to pay several hundred dollars for a poor imitation of home movies. The need for darkened rooms, special antennae and alternating current have further discouraged sales. . . Meanwhile, a laboratory student worker in the Crosley plant at Cincinnati assured the future of television this week with a discovery of momentous import. . . Standing before 21 studio lights totalling 9,600 watts, he suddenly found that the cold from which he had suffered was completely cured within a few minutes. . . Hurrah for science! . . .

## Dots 'n' Dashes

Although restrictions on beer-sponsored shows have not been relaxed, the sponsors of Fridolin's weekly French variety programs have renewed him for another season. Gratielin Gelinus, who impersonates the mischievous lad, sailed for Europe aboard the Normandie last week but will return to inaugurate the new series in mid-September. . . Bruce Holden, who scored as Master of Ceremonies on the Normandie Roof last autumn, made his Hollywood debut at Victor Hugo's Monday night and scored a tremendous hit with the visiting film moguls. It is probable that he's been signed for pictures by now, and NBC will probably tie him up for broadcasting. . . Orson Welles returns to CBS-CKAC September 10 under the same sponsorship, but the show may oppose Bergen and McCarthy Sunday nights at 8. . .

## Montreal Goes International

The first four summer concerts from the Chateau on Mount Royal will be broadcast throughout the United States via Mutual as an international exchange from the CBC. Alfred Wallenstein opened the series Wednesday eve through CBS-CBC. . . Alec Templeton, who scored such a hit on the McCarthy stanzas Sunday last, has been signed to replace Fibber McGee until the latter's return next fall. Few listeners realize that Templeton is blind. . . Sulkling because of poor attendance at major league baseball games in New York, the Giants and Yankees this week offered Mutual \$100,000 to break its current contract calling for daily broadcasts from both parks in Manhattan. Strangely enough, the likeable Brooklyn Dodgers find that broadcasting has boosted attendance at their games. The Dodgers recently topped the 300,000 mark in attendance this season, and are leading all major league clubs in this respect. . . Louis Morrisett, press director at CKAC, is a proud puppy. Baby dropped in Sunday night weighing over eight pounds. . .

## Good Listening

Symphony: N.Y. Philharmonic from Lewisohn Stadium, Thursday.

Montreal in a Cub Aircraft plane. Philippe Lamarche, of Montreal (one minute and twenty-three and 4-5 seconds), second prize trophy and a 30-minute flight over Montreal, donated by Mr. Marcuse.

Class "C"—(Gasoline powered models): Noel Therrien, of Montreal (one minute and twenty-seven seconds), first prize trophy. A return trip to Toronto by Trans-Canada Air Lines, and a special \$5 flight prize. John Halliday, of Verdun (one minute and two seconds), second prize trophy and a 35 minute flight over Montreal, donated by Mr. Marcuse. . . and a special \$3 flight prize. R. H. Noordyn, of Montreal (fifty-six and 1/4 seconds), third prize trophy.

NEWS OF THE THEATRE WORLD

THEATRICAL ATTRACTIONS

MUCH INTEREST BEING SHOWN IN GARDENING

Members of West End Horticultural Society Studying Show Programs

Amateur gardeners everywhere have been somewhat exasperated by the backward weather which we have experienced this Spring...

There never was a time in the history of the city when such interest was shown in home beautification as during this present year.

Whether the visit of Their Majesties and the cleaning and decorating which accompanied it, had any effect in this direction it is hard to say...

Members of the West End Horticultural Society are carefully studying their Show Programs, so that their gardens may be ready for the garden competitions which are being held during the summer.

A rock garden contest is being held for the first time, and should prove very popular with those who use this attractive means of beautification.

The Royal Bank Cup which is being offered for the first time, is attracting much attention. This will be awarded to the garden which shows the greatest improvement during the season over the past year.

The Tercentenary Committee in conjunction with the City Improvement League and the Horticultural Federation, are endeavouring to stimulate interest in this direction, and it is hoped that all citizens will co-operate to make their efforts successful.

Impressed by her brilliant performance in "Forgotten Women," her current production, Universal executives have placed Sigrid Gurie under a five-year contract.

Unpunctual brides have so gotten on the nerves of Canon L. L. Knightland, vicar of Goole, England, that he has issued a notice threatening late brides with having their weddings further delayed to suit the clergy.

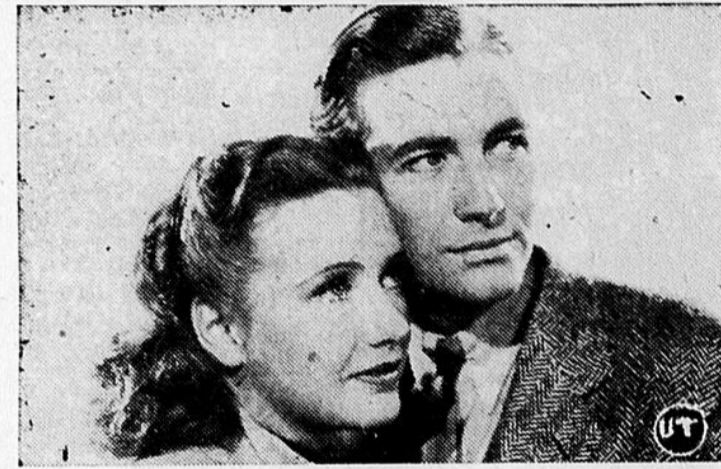

Deanna Durbin is now a godmother—and of a French flying squadron. According to word just received, the first class of cadet officers at the Air Force School at Salon, France, has chosen her as their marraine (godmother).

"THE THREE MUSKETEERS"

A scene from the film "The Three Musketeers" starring Don Ameche and The Ritz Brothers, which opens Sunday at the Snowdon United Theatre.

DELIGHTFUL ROMANTIC COMEDY

Priscilla Lane and Jeffrey Lynn in a scene from the film "Yes, My Darling Daughter" opening Sunday at the Monkland United Theatre for a three day engagement.

Regular Activity Resumed At Squadron Headquarters

Temporarily discontinued during a two week training period of its flying personnel at Camp Borden, Ontario, activity at the No. 115 Fighter Squadron of the R.C.A.F. was resumed on Monday.

Regular flying instruction at St. Hubert Airport, carried on under the supervision of the unit's commanding officer, will continue through the summer.

The radio station at the unit's headquarters is now fully equipped and short-wave broadcasts between the squadron and the R.C.A.F. base at Trenton are expected to commence shortly.

LAST TRIBUTE TO J. RUSSELL

Friends and relatives paid last tribute to John Russell, of 4353 Westmount avenue, at the chapel of Jos. C. Wray, 1234 Mountain street, at 11 o'clock on Tuesday morning.

Purchasing agent for Canadian Industries Limited power division at Beloeil, Que., Mr. Russell was born in Scotland on March 14, 1884. He came to Montreal in 1901 and shortly afterwards entered the employ of the Hamilton Powder Works of Beloeil.

Surviving are his wife, formerly Christina Robertson, whom he married in 1912, and one daughter, Mrs. George S. F. Cantlie.

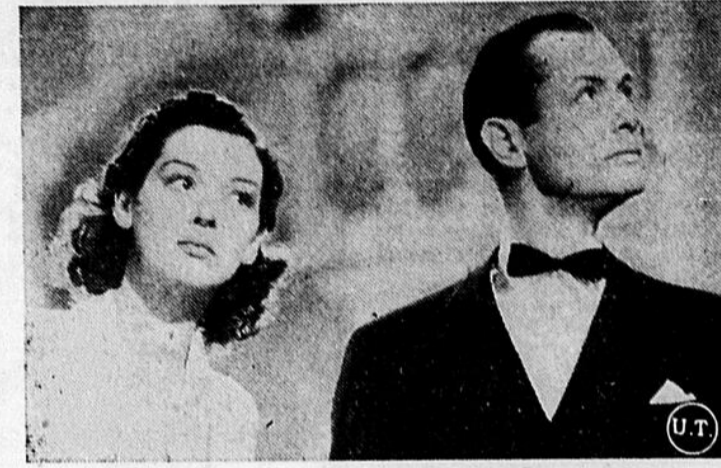

Deanna Durbin is now a godmother—and of a French flying squadron. According to word just received, the first class of cadet officers at the Air Force School at Salon, France, has chosen her as their marraine (godmother).

COMEDY HIT OF THE YEAR

Claudette Colbert and Don Ameche in a scene from the film "Midnight" now showing at the York United Theatre until Friday.

RIP-ROARING ROMANCE

Rosalind Russell and Robert Montgomery in a scene from the film "Fast And Loose" which opens Sunday at the Westmount United Theatre.

MEETING HELD BY C. C. F. CLUB

H. M. Mount and D. M. Kinear to Represent Unit at Convention

Westmount branch of the C.C.F. held a general meeting on Monday evening at 127 Abbott avenue for the purpose of electing delegates to the provincial convention, which will be held in the Willingdon Room of the Central Y.M.C.A. on June 17th.

The meeting was under the chairmanship of president W. E. Walsh, and a good number of members in attendance indicated that, with a general election in the offing, it is likely that the C.C.F. will contest the constituency of Westmount-St. Antoine.

Odd Props Used In Film Written By Bernard Shaw

Bernard Shaw's "Pygmalion" tells the story of a phonetics expert who transforms a Cockney flower girl into a lady by teaching her correct speech.

Shirley was cheered up considerably however, by the selection of a handsome Shetland pony named Jewel to play the role. Shirley quickly learned to love Jewel when she discovered that the animal was born on April 23, 1929 — Shirley's own birthday.

Eleanor Powell Tops Ace Cast In "Honolulu"

Eleanor Powell, Robert Young, George Burns and Grace Allen join hands to bring Snowdon screen audiences an entertainment-packed festival of song, dancing music and laughs in the new M-G-M star-studded musical, "Honolulu," now playing at the Snowdon United Theatre until Saturday.

With Miss Powell as a cabaret dancer, Young playing a dual role as both a screen star and an Hawaiian planter, and the inimitable Burns and Allen team offering a fresh supply of laughs, that talent-filled cast also includes Andy Lona's Islanders, the famous Hawaiian orchestra, Rita Johnson, Clarence Kolb, Jo Ann Sayers, Ann Morris, Willie Fung, Cliff Clark, Edward Gargan, Eddie Anderson, Sig Rismann, Ruth Hussey, Keala Holt and Edgar Dearing.

STARDUST ON AND OFF THE SET

"I STOLE A MILLION" Dick Foran and Victor Jory have been signed for featured roles in "I Stole A Million," which co-stars George Raft and Claire Trevor.

MARSHALL TO DIRECT George Marshall, one of the industry's foremost directors, has been signed for the filming of its Western spectacle, "The Man From Montana." The story of a modern Robin Hood, "The Man From Montana" will star James Stewart.

NAME DIRECTOR Charles Lamont has been engaged to direct "Hawaiian Nights," a new film musical which will be made under supervision of Max Golden, associate producer. Production will start about the middle of June.

SOUSA'S FIRST MARCH A musical "first" will be established by eleven-year-old Gloria Jean in her first picture, "The Underpup," now in production. Among the five songs Gloria will sing is the first march ever composed by the late John Philip Sousa.

AIDS SAFETY CAMPAIGN Jackie Cooper last week accepted an invitation to head a local safety campaign designed to help protect school children at hazardous traffic intersections on city streets.

IT WASN'T LOADED! Gracie Allen's camera today joined the screwy procession on Paramount's "The Gracie Allen Murder Case" set. The comedienne brought a candid camera to her set and shot a picture of nearly everybody in the production.

Rain Kept From Ice Rink Stage By Artificial Heat

One of the strangest problems ever to confront a motion picture company faced the engineers working on the huge ice rink built for scenes in "The Ice Follies of 1939," starring Joan Crawford with James Stewart, Lew Ayres and Lewis Stone, now playing at the Westmount United Theatre.

To prevent this, B. C. Parker, air-conditioning engineer, installed an elaborate device which regulated the temperature on the sound stage mechanically. It was physically impossible, due to this mechanism, for the stage to drop below or to climb above the desired 64 degrees.

Hanneford Family Have Good Act At Belmont

The horses go round and round and the Hanneford Family, now appearing as the free outdoor attraction at Belmont Park, fall on and off to the delight of spectators.

Doing back-somersaults; jumping over hats; spinning; twirling and performing other unusual feats while riding on galloping steeds, the Hanneford Family display skill never before equalled by other bareback riders.

There is a new attraction called "The Crystal Maze" which is constructed solely of glass and furnishes fun galore. "The Flying Scooters," "Bozo," "The Magic Carpet," "U-Drive-It" are among the many attractions that are proving very popular with patrons.

WESTMOUNT HIGH SCHOOL! Two lucky graduates TO BE AWARDED GRUEN WATCHES

The gift most treasured by every Graduate, a fine watch fittingly rewards this great triumph of youth. To the lucky boy and girl Graduate we will award fine GRUEN Watches.

The winners will be determined by the Giant Watch in our window. Around the dial are the names of all Graduates. The watch will be wound to run several days; when it stops the hands will point out the Lucky Graduates. See our window display today!

Miss Mary Graham entertained at a garden buffet supper on Saturday evening in honor of Miss Amy McKenna and her fiancé, Dr. Gerald L. Larocque, whose marriage takes place on Saturday. Later in the evening Miss Mary Gzowski entertained at a treasure hunt. Mrs. P. McKenna, the bride's aunt was hostess at a party on Sunday evening in their honor.

Mr. and Mrs. Charles Angers have returned home from Quebec, where they attended the marriage of their son, Mr. Jacques Angers and Miss Jacqueline Bernier, which took place last Saturday morning.

Mrs. A. Murray Vaughan is leaving this week-end for St. Andrews, N.B., where she will spend the summer with her mother, Mrs. Howard Pillow.

Mrs. P. F. Osler is leaving next Thursday for New York, where she will be the matron-of-honor at the Heinrich-Jobson wedding, which is taking place there on Saturday, June 24th.

Miss Betty Wilson, who has been in New York since early in the year, has returned to Montreal to spend the next month with her parents, Mr. and Mrs. Morris W. Wilson.

Mrs. E. M. Smith, Sherbrooke street West, accompanied by her two daughters, Mrs. R. McKenzie and Miss Margaret Smith, are leaving tomorrow evening for New York City, where they will be the guest of Mrs. Smith's brother-in-law and sister-in-law, Mr. and Mrs. Frank Smith, for two weeks.

Miss Lorraine Cuddy is visiting her aunt, Mrs. Alan Ryan in New York.

## THE WAY TO A MAN'S HEART

Start Father's Day Right By Inviting Dad as "Guest of Honor" At Breakfast

Next Sunday is supposed to belong to father. Why not invite him to a long and leisurely breakfast around noon and plan to give him a regular man's breakfast?

Have his favorite newspaper folded by his place, cigars or cigarettes, according to his taste, and a very comfortable chair. Give him a regular time, and try to make him forget all the early morning snatched breakfasts he has eaten before he dashed off to work.

Here is a list of some of the things men like for Sunday breakfast, compiled by several chefs successful in catering to men's tastes. Men do not eat lamb chops, liver and bacon, broiled lamb's kidneys, kippered herring with scrambled eggs, dried beef in cream, butter cakes and sausage, creamed fennel haddie and, of course, codfish cakes.

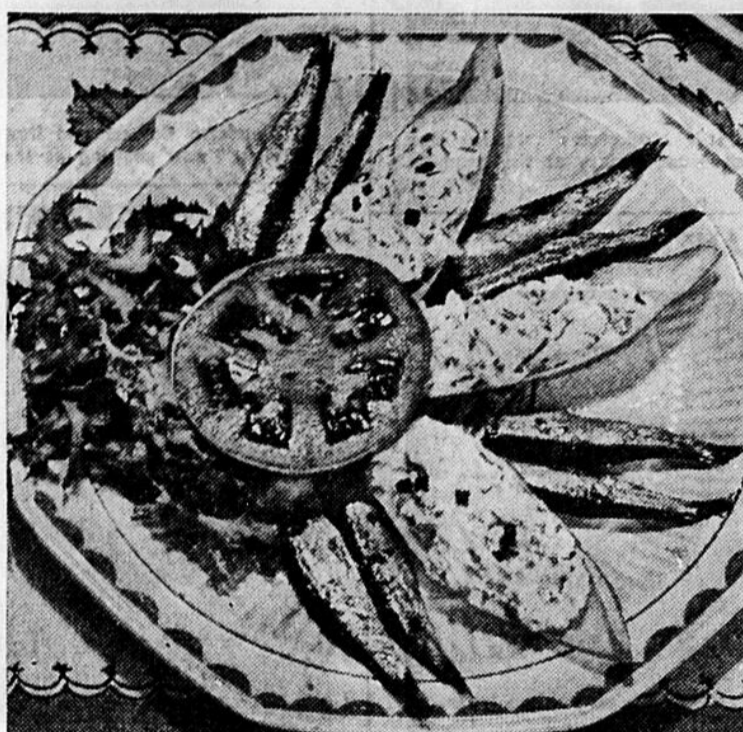

**Codfish Cakes**  
One expert gives this recipe for his favorite fish cakes: "Soak dried codfish in water for about 15 minutes, changing the water once. Then to one part mashed potatoes, add two parts codfish and mix thoroughly. Add salt, pepper and a little grated nutmeg, just enough to give a faint flavor, and three raw eggs for each dozen cakes. Form into cakes and fry in butter. If you like them crisp, fry them in deep fat."

**Crab Meat Cakes**  
(Serves 4)  
Perhaps father is a crab flake fancier. In that case, serve him these very special crab meat cakes for his breakfast on Father's Day.

One pound crab meat, 1 onion, 3 tablespoons butter, 12 slices white bread, milk, 3 eggs, 1 teaspoon dry English mustard, 1 teaspoon chopped parsley, 2 tablespoons Worcestershire sauce, 1 teaspoon salt, 1-3 teaspoon pepper.

Chop onion fine, then brown in the butter. Soak bread in milk, squeeze dry and add to onions. Cook about 15 minutes. Beat eggs with mustard, parsley and Worcestershire sauce. Flake crab meat.

Combine bread and onion mixture, egg mixture, crab meat and seasoning, and cook together 20 minutes. Then remove from fire, cool, and shape into cakes. Fry in butter until brown.

A snack of good will for Father—spears of endive stuffed with cream cheese and chives, sliced tomato, Norwegian sardines and crisp chicory. Surprise him with this snack on Father's Day, and accompany it with a glass of cold beer or gingerale. He'll like it.

C. Otis Grimm, son of Mr. and Mrs. C. E. Grimm, took place quietly on Saturday afternoon at St. Matthias church, Westmount, Reverend Gilbert Oliver officiating.

Given in marriage by her father, the bride wore her traveling frock of beige crepe, trimmed with Japonica, and Japonica accessories, and she carried a bouquet of roses and lily-of-the-valley. She was unattended. A reception was held at the home of the bride's parents, Cote St. Antoine Road.

Mr. and Mrs. Grimm left later on a motor trip to the United States, and on their return, will reside in Toronto.

Among the out-of-town guests were Mrs. John Malkin, sister of the bride, and Mr. and Mrs. Norman Cluff, brother and sister-in-law of the bride.

### Weddings

**Turner-Johnson**  
The marriage of Eileen Norma, daughter of Mr. and Mrs. Fred Johnson, to Mr. Charles Norwood Turner, son of Mr. and Mrs. Charles H. Turner, took place on Saturday afternoon in St. Matthias Church, Westmount, Reverend Gilbert Oliver officiating. Mr. Hislop, organist of the church played the wedding music. White lilies, white larkspur, ferns and palms were used as decorations in the church.

Given in marriage by her father, the bride wore a gown of white mousseline de soie, a Molyneux model, trimmed with satin, fashioned in basque effect with the skirt ending in a long train. Her veil of tulle illusion, trimmed with Chantilly lace, was held in place by a coronet of Chantilly lace caught with orange blossoms. She carried a bouquet of lily-of-the-valley.

Mrs. Francis H. Redewill, jr., of San Francisco, as matron-of-honor, and Miss Ivy Turner, sister of the bridegroom, Miss Gwendolyn Harkness, Miss Hope Thompson and Miss Rosa Johnson, as bridesmaids, were gowned alike in frocks of ocean spray French chiffon with full skirts, which extended into short trains, under high necked sport sleeved jackets, shirred at the waistline and finished down the back with tiny matching buttons. They wore tiny hats of ribbon to match their frocks and carried arm bouquets of white lilies.

Mr. Donald C. Turner acted as best man for his brother and the ushers were, Mr. Fred G. Johnson, brother of the bride; Mr. R. Lundy Groat, Mr. Jerome Bell and Mr. Lawrence Strachan.

Mrs. Johnson, mother of the bride, was in a gown of aquamarine chiffon with a large fuchsia straw hat with a flowered crown and accessories of the same shade. Mrs. Turner, mother of the bridegroom, was in an Alix model of iris toned chiffon with a sash of Majorca blue chiffon, with a large beige straw hat trimmed with Majorca blue flowers and tulle illusion.

The reception was held at the residence of the bride's parents, Cedar avenue, where white larkspur, white tulips, white lilies and bridal wreath were used to decorate.

Later Mr. and Mrs. Turner left by motor for the Southern States, the bride travelling in a frock of maize jersey silk, under a black wool coat, with a hat of Tuscan straw trimmed with black velvet and daisies.

**Grimm-Cluff**  
The marriage of Miss Una M. Cluff, R.N., youngest daughter of Mr. and Mrs. N. W. Cluff, to Mr.

### Noble-Freeze Wedding Takes Place Saturday

Hugh A. Noble, popular director of Physical education at the Westmount Y.M.C.A., will be married on Saturday to Miss Elizabeth Freeze.

Miss Freeze, of Fredericton, N.B., is a graduate of the Montreal General hospital, and received her degree this spring.

The wedding will take place in the Y.M.C.A. Chapel, in the Drummond street building. Following the ceremony, Mr. Noble and his bride will leave on a trip to the United States.

On their return they will reside at 4831 Sherbrooke street West.

### Black Velvet For Fall Dinner Dress

The black velvet dinner dress, with long or elbow-length sleeves, is an important fall Paris style note. Some version of it is featured in practically every big house. Francevramant is responsible for one of the most charming examples. She makes this type of gown in black Lyons velvet on a whispering taffeta foundation. It features the new sylphlike silhouette whose curves flow unbroken to the knee level. The gown has a Watteau decolletage and long sleeves, one of which is coquettishly trimmed with large pink roses. This touch of color is echoed in a sweepfold of pink faille placed under its billowy hem.

for New York, Washington and Atlantic City, the bride travelling in a grey and mulberry silk frock, with mulberry accessories and a corsage bouquet of sweet peas.

On their return, they will reside at 5399 Bourret avenue.

### Pupils of Mary La Penna Heard in Closing Recital

A large and enthusiastic audience attended the instrumental recital by the pupils of Mary La Penna, which was held in Victoria hall on Friday evening.

The program opened with The Merry Widow Waltz by Lehár. This number was followed by The Umbrella Man, sung by three and half-years old Sarah Silver. Joan Close was heard in a piano solo, and was followed by Bobby Timmins, who delighted his audience with his violin playing.

Ruth Lowie, four-years old prodigy, was heard in Clementi's Sonata, Ruth later appeared with her violin and played selections by Verdi and Paganini. Henry Timmins and Fernand Noisneau were heard in a very lively mandolin duet. Adele Lowie, who passed her senior violin examinations at McGill this year, proved an artistic and talented violinist with her rendition of Fifth Air Varié and Schon Rosmarin.

The audience was transported to Hawaii, when Hawaiian selections were played by Stuart Belson on the Hawaiian guitar, and then to Venice, when the selection, "Beautiful Carnival of Venice" was played by John Pare on his violin.

Sylvia Goldberg, who passed her McGill examination with distinction was heard in Streabob's Priere du Matin.

Other pupils heard included: Raymond Trudeau, violinist, the Quartet of the Plectrum Symphonie Ensemble which is composed of S. Goldberg, F. Flexer, H. Fisher and J. Tassej. Instrumental numbers were played by John Graham, Peter Graham and Noey Timmins.

The Six Swingers, J. Pare, F. Noisneau, M. Shea, E. Conway, K. Shea and A. Geterra were heard

## TEA TIME TOPICS

WITH THE COMING OF THE WARM WEATHER, vacations are the main topic of conversation. The smart girl knows that a summer vacation, even a short one, can put the sparkle back in her eyes, give her spirits a lift and her figures a supple, streamline look. Yes, she knows her vacation can do all this, and more, too. But she knows just as well that it won't unless she lays down a few vacation rules for herself, and sticks to them.

ONE OF HER RULES, for instance, will be something about not burning the candle at both ends. She will resolve to get nine hours sleep out of every twenty-four and that will be that. This does not mean that she'll go to bed early when there's fun to be had, but simply that if she goes to bed very late, she'll sleep late the next morning.

IF SHE HAS LED A VERY SEDENTARY LIFE since last summer, she'll go in for vacation sports in a sane sensible fashion. She'll swim a short distance during the first three or four days, play nine holes of golf instead of eighteen and one set of tennis rather than three. In other words, she'll make a point of not getting too tired or of over-working her muscles until they get used to exercise.

SHE'LL BE EQUALLY SANE about the business of getting a fine coat of tan. You won't catch her sunning herself in the middle of the day, when the sun is hot-

test or taking the morning or late afternoon sun for more than twenty minutes at a time during the first four or five days. She'll use a sunburn preventive according to directions. As a result, she'll get back to town with a lovely suntan instead of a blistered back and a peeling nose.

THE FACT THAT SHE'S SENSIBLE in not over-doing the business of active sports or of getting a suntan, doesn't mean for a minute that she will go to a vacation resort and just sit, for two whole weeks. Nothing like that. She'll get exercise, plenty of it, but not in large exhausting doses. In addition to making a few flexible rules for the holiday itself, the smart vacationist will lay down a few which have to do with proper preparation.

FOR EXAMPLE, if her employer expects her to do in advance two weeks' of work to be used while she is away, she will do it. She knows that taking work along to do at odd moments spoils any vacation.

SHE WILL GET ALL THE NECESSARY CLOTHES before leaving instead of having to shop a bit once reaches her destination. She will write necessary letters before, not during her holidays. And she won't spend any time reading anything, except what she really wants to read. She'll worry later about improving her mind. Her health, her looks and her love of fun get first consideration during the entire time.

## JOHN CROWLEY IS ON WAY TO PEACE RIVER

Representatives of Fellowship of West Pass Through Edmonton

John W. Crowley, of 27 Burton avenue, together with Rev. B. J. Thorpe, Montreal, and J. R. McMahon, Halifax, representing the Fellowship of the West, an organization of Anglican Young Men in Eastern Canada who are interested in supplying mission service to unserved districts in the northwest, passed through Edmonton, Alberta, last week en route for the Peace River district, according to a news item in the June 7 issue of the Edmonton Bulletin.

Crowley, 22 years of age, is particularly well known here having been educated at King's and Westmount High School and a prominent member of the Fossils Club, Y.M.C.A., and Hi-Y Grads.

Organized some 11 years ago the Fellowship of the West has some 700 young men as members

in the Montreal area and has associated branches in eastern colleges. With contributions from the members the organization sends each summer teams consisting of a clergyman and a layman to serve a district in the northwest.

Rev. Thorpe and Crowley are bound for Goodwin, about 30 miles east of Grand Prairies, where they

will open a mission. Crowley, an experienced young people's worker here will organize young people's groups in the district.

Rev. Thorpe will stay there permanently. McMahon will join the Rev. Russell Brown at Fort St. John. He is a graduate of King's College, Halifax and was sent out by the Student Missionary Society of King's College, which is af-

## Piano Pupils Heard In Final Broadcast

Catherine H. Smith, assisted by Larche Paul, violinist presented her pupils in their final piano recital broadcast of the season over Station CBM last Wednesday at half-past two o'clock.

Among the students taking part in the broadcast were: Audrey Speirs and Haidi Vesessa, a two piano duet, rendered Curritt, Opus 109. Adel Robertson, was heard in a piano solo entitled Valse Brillante by Chopin, with violin accompaniment. Irene Irwin played The Hunting Song in E Flat also with violin accompaniment. Rhoda Salomon, Rodnet Wray and M. Alec Anderson played several solo numbers. A violin solo by Martini was accompanied on the piano by Margaret Johnson.

The program was brought to a close by Handel's Gavotte in B Flat, by the Westmount Rhythm Band. During the past season this band has been entered in three hobby shows, winning three first

prizes. They have also been heard in three concerts and on the radio at many times.

The first recital of the second series of broadcasts will take place early in the autumn.

## Rev. T. W. Jones to Preach On Royal Visit Highlights

On Sunday evening in Calvary Church, the minister, the Rev. T. W. Jones, will preach a sermon on "Significant Achievements of the Royal Visit to Canada and the United States." As their Gracious Majesties set sail on their homeward journey, with all the precious memories of their triumphal procession still filling our minds and the impression still filling our hearts, it is fitting that certain of the outstanding achievements of the Royal adventure should be set forth and placed on record. The forces of religion have much cause to rejoice concerning the results of this memorable visit. In this sermon, Dr. Jones will attempt to state certain outstanding elements of their Majesties most praiseworthy mission.

At the morning service, Dr. Jones will preach on the theme, "A Great Church Engaged in a Great Work." From far and near, at home and abroad, reports have been presented of the United Church of Canada at work in Mis-

sionary, Educational, Evangelistic and Social Service undertakings for God and humanity. It is a thrilling, inspiring and challenging record with which all members of the church and congregation should be familiar.

The afternoon Sunday School and the usual morning school sessions having been discontinued for the summer, special sessions of the Church School will be held each Sunday morning of June and July from 10 to 10.45 o'clock. Classes in all departments will be provided. Parents and scholars are requested to co-operate in this work.

On Thursday, June 22nd at 8.15 p.m., in the Church Hall, a strawberry social will be held under the auspices of the W.A. A program of unusual interest will be presented including a True or False contest, in which the different departments of the church life will be matched in a contest of wits and knowledge. This will be followed by an old time melodrama with men replacing the ladies presenting the hilarious play "Our Minister's Bride."

Wm. Reynolds . . .

(Continued from Page 1)  
the Montreal Light, Heat and Power. Cons. He rose steadily in position until he occupied that of chief clerk.

A noted horticulturist, he has won many prizes in flower and plant competitions.

Alfred Ferguson secured a position with the municipality as a constable but two years after it was named the Town of Westmount. Later he was made caretaker of the City Hall and for the past 16 years has been messenger of the Finance Department.

Before joining the staff of the municipality he was for a number of years a deckhand on sailing vessels.

**PRaising GOD**  
Do not fancy, as too many do, that thou canst praise God by singing hymns to Him in church once a week, and disobeying Him all the week long. He asks of thee works as well as words! and more. He asks of thee works first and words after.—Charles Kingsley.

# VACATION

## Hotel Tadoussac Opens For Season On Saturday

Hotel Tadoussac, centre of summer activity in this oldest of Canadian summer resorts, opens officially for the 1939 season on June 24, it is announced by the management. Prior to the opening date several private fishing parties have been arranged and will make use of the hotel cabins on the hotel-owned chain of lakes to the north.

Plans for the coming season indicate a busy season for Tadoussac visitors and the summer cottagers with informal golf tournaments planned for the sporty nine-hole golf course, tennis matches, bowling and archery meets, bay-shore bon-fires and regular dances to the music of the Tadoussac orchestra. One of the summer highlights again this season will be the weekly visits of the S. S. Richelieu on her return trip from the Lake St. John district at the

height of navigation on the Saguenay River. Every Wednesday night, during July and August, the Richelieu calls at Tadoussac and spends the evening tied up at the dock. During the visit cruise, passengers go ashore and mingle with guests and members of the summer colony. At night, there is a dance aboard ship, as well as in the hotel.

In addition to its social activities during the season, Tadoussac is well known as a family resort. Wide sandy beaches are ideal for children and there is safe bathing and swimming both in the salt-water bay and fresh water bathing in one of the private lakes almost adjacent to the hotel. There are also facilities for numerous other summer sports.

### Two Scotsmen Toss A Coin

Two hundred years after Jacques Cartier's return to France, two Scotsmen stood on the shores of La Malbaie River in the Province of Quebec and tossed a coin to determine who would take the east side and who the west side of the domain. Both had served during the conquest under General Murray who granted them Crown land at this location.

As a result of the toss, the east

### LAKE HUGHES, IN THE LAURENTIANS

A restful, evening scene on Lake Hughes, near Lakefield, Que. Visitors to Kerr's Farm, popular summer resort just ten minutes walk from this lake, may enjoy its fine sandy beach, which ensures safe bathing for children. Boats are also supplied free to guests, and there is a fine diving platform for adult swimmers. Lake Hughes is 1,149 feet above sea level and affords the scenery and diversion to make a vacation complete.

## Laurentian Country Is Beautiful and Unspoiled

The Laurentian country, one of the most beautiful and unspoiled holiday fields in the North American continent, lies at the back door of Montreal. But a few short hours' drive takes one to the heart of this land of green, rolling hills, pleasant valleys, winding rivers and tree fringed lakes where the soft breezes are heavy with odours of balsam and spruce and pine, and where the cool, dark forests and rippling streams abound with game and fish.

According to geologists the mysterious fascination of great age hangs over these mountains, but mighty ice caps have harrowed their sides, humbled the pride of their peaks, and have polished a chronicle of themselves on the scattered rocks which abound in this great region.

The camps of the Indians, wise with centuries of nature lore in their blood, were scattered throughout the million acres of this natural park which stretches for a thousand miles north to Hudson's Bay.

The highest point of the range is Mount Tremblant, rising 3,400 feet above the sea, known to the Indians as "Manitou Ewitschigaga."

### Interesting Stories Are Told To Visitors

Captured in Canada by Jacques Cartier and taken to France, an Indian King told the French King of that era—Francis I—that many gold and silver mines and an abundance of cloves, nutmeg and pepper were to be found near the present historic Manoir Richelieu in Quebec, now one of Canada's most popular vacation retreats.

After three unsuccessful expeditions to the St. Lawrence, Francis I did not show any more interest in Canada or the Kingdom of the Saguenay. To this day, however, there are hardy pioneer French Canadian families who tell many interesting legends about the district. They recall stories of people who sought buried treasure where the Manoir Richelieu now stands—how Pere Labrosse came down from the Saguenay one Christmas night long ago and died at the altar after midnight mass. It is also recalled that Alexis, a runner, whipped himself like a horse in front of the Murray Bay church, after high mass on a Sunday, started at top speed in full view of the crowd, and arrived at Baie St. Paul thirty miles away in time to see his sweetheart before evening vesper.

These are but a few of the stories heard by many visitors to the Manoir Richelieu which is steeped in the quaint and historic traditions of the past.

**FOREIGN TOURISTS**  
Nearly half of the 75,000 visitors to Shakespeare's birthplace in Stratford-on-Avon, England, last year were foreign tourists.

**BATHROOM PAINT**  
Glossy enamel will peel off walls and woodwork in a bathroom or kitchen sooner than will a flat-finish paint.

### Bulletins

From  
**Birdland**  
The Veery  
By  
Winifred E. Wilson

There is no better time to hear the Veery's glorious voice than when the June sky is beginning to lose the red and gold of sunset. Like organ chords the notes peal out; the listener feels that he is in nature's cathedral, surrounded by peace.

At this time of year the curious spiral-like music can be heard far into the night and again as the earliest streaks of dawn reach down into the thickets. This is the only member of the Thrush family, including the Robin, whose song is in a descending scale, covering almost an octave. It is made up of the word "wee-you" repeated three or four times. The same word is its call, uttered loudly and most emphatically, with an accent on the first syllable. Two birds may often be heard calling to one another from a distance in petulant tones.

But the owners of these mysterious voices are seldom encountered because they keep pretty much under cover in swampy woodlands. Their diet consists of wild fruits and insects that may be found in overgrown forests, so it is unnecessary for them to come into the open. A spot where ferns flourish is often chosen for a home. The nest is placed on the ground among tangled undergrowth, and is made of strips of bark, leaves and weed-stalks; lined with small rootlets and intertwined with rotted wood or mud. The four greenish-blue eggs are sometimes spotted around the large end.

If you have the good fortune to catch a glimpse of the Veery you will find that its upper parts are a uniform reddish-brown, while the soiled-white of its underside is spotted with faint brown on the breast. This is a very trim-looking bird 7 1/2 inches long with the characteristic Thrush eye that seems to show up so plainly.

As might be guessed from the type of food they eat, these birds number among the late spring migrants. Flying by night, resting and feeding by day, they have travelled all the way from South America in order to be once more in their northern homeland at breeding time. Hundreds of years ago their ancestors did the very same thing. Pliny the Elder, a Roman naturalist of the early Christian era, noted that Thrushes migrated spring and fall; so the habit is one of very long standing. What colour is the Chestnut-sided Warbler's head?

side fell to Malcolm Fraser and he named it Mount Murray in honour of his distinguished General. The west side came under the jurisdiction of John Nairne who also honored his General by calling it Murray Bay. It is interesting to note that on Nairne's property is located the historic Manoir Richelieu which is today one of Canada's most popular vacation resorts, and the rendezvous of people from all parts of the world.

Box 9134, 2191 Hampton Ave., N.D.G.

### Your Future Auto: Home Comforts Plus Sun Baths And Air To Order

Automobiles of the future, as visualized by a motor expert, will appear more like home than vehicles—with movable chairs, sun-bath roofs, air-conditioning, beds, and wash-stands.  
Edwin I. Allen of the Standard Products Company told the world Automotive Engineering Congress: "In the not-too-far distant future, we will walk up to our car, push a button and the door will open... the seats will be light movable chairs and the floor will be wide and flat."  
"A portion of the roof will be made of a curved translucent material which will admit the health-

giving rays of the sun, at the same time removing the glare. A series of buttons will regulate the temperature and humidity to any desired condition of air."  
"Pressing of another button will unfold a concealed bed from out of the partition between the passenger and engine compartments. Many little passenger conveniences will be installed, such as toilet and lavatory facilities."  
Mr. Allen said the driver also would be able to carry on a two-way conversation with home or office. Movable controls, he said, would make it possible to drive the car from any seat.

ways. From New York to Montreal, the ultra-modern Douglas transport planes will be used while for the St. Lawrence and Saguenay River cruises passengers will travel on the Modern C.S.L. cruise ships.  
All-expense vacation trips announced by the two companies include a six-day holiday in Canada with two days at the Manoir Richelieu in Murray Bay and one day in Quebec City, or a five-day holiday including the air voyage to and from Montreal and the complete Saguenay trip with visits to Quebec, Murray Bay, Tadoussac and Bagotville.

### The SNAPSHOT GUILD

CORRECT EXPOSURE

The right exposure—corrected for each situation—yields better pictures. For this average subject, on a cloudy-bright day, 1/25 second at f.8 lens opening is correct. On a sunny day, with the same subject, 1/25 second at f.11 is proper.

**BRIGHT DAY:** Average subject, 1/25 second at f.11 lens opening; open landscape, 1/25 second at f.8; water or beach scenes, 1/25 second at f.22.

**CLOUDY BRIGHT DAY:** Average subject, 1/25 second at f.8; open landscape, 1/25 at f.11; water or beach scenes, 1/25 at f.16.

**DULL DAY:** Average subject, 1/25 at f.8.3; open landscape, 1/25 at f.11; water or beach scenes, 1/25 at f.11.

With box cameras on dull days, a very short time exposure should be given, with the camera on a firm support. This exposure should be made with the second stop opening, and about as fast as you can work the shutter when set for "time." Snapshots can be taken with a box camera on any sunny day or well out in the open light on a cloudy-bright day.

Late in the afternoon, or early in the morning, light is weaker, and exposures should be lengthened accordingly. Form the habit of correct exposure, and your pictures will improve.

# ROYALS TAKE LEAD IN MUNICIPAL SOFTBALL LOOP

## DOWN GRANITES 19-5 IN GAME PLAYED LAST NIGHT; ALL TEAMS IN EXCELLENT FORM THIS YEAR

Leading Squad Also Defeated Eagles Monday Night by Score of 18-5 — Games Marked by Large Turnouts of Ball Fans — Banner Season is Anticipated Here — Royals Meet Grads Tomorrow

Royals, having broken a deadlock in which they tied with Grads and Granites, by winning two games this week are now in top position in the Westmount Municipal Senior Softball League.

Their victory over Granites last night by the score of 19-5 established them as a squad worth watching, and their strong position in the loop is given further emphasis when it is recalled that they downed Eagles in an easy victory Monday night by 18-5.

All squads in the league this year, moreover, are playing a brand of baseball that is way ahead of that displayed last season and this factor is believed responsible for the much larger turnouts at the games. The unbalanced scores to date, do not in any way seem to have dampened the spirit of the fans and softball followers here feel confident of a banner season.

Games to be played, Friday: Royals vs. Grads; Monday: Grads vs. Royals and Granites vs. Eagles;

### Track and Field Meets Are Postponed

The regular weekly track and field handicaps, scheduled to commence at the Westmount Athletic Grounds this week, have been postponed until June 22 due to the Caledonia Games. They will definitely open on that date, with the first event being run at 7 p.m.

## CITY DOWNS MOUNT ROYAL IN CRICKET

Defeat Opposing Squad 91-89 in Game Played On Saturday — MacDonnell-Fairley Starred

Westmount Seniors travelled to the mountain top last Saturday, and had the scare of their lives in a game with Mount Royal. The uncertainty of cricket was fully exemplified by the match. Twenty minutes after the game had started, six of Mount Royal's best wickets had fallen for the meagre score of 21, and common talk among the players was, "We'll be home early this evening." However one thing and another happened, and when the last batsman walked away from the wickets, the score board read 89.

Inexperienced spectators and players were sure, even then, that the strong Westmount team would have no difficulty in compiling the score, but the Mount Royal bowlers had something to say about this when MacDonnell, of Westmount, a very promising bowler, but with no reputation as a batsman, joined Fairley for the last wicket, twenty-seven runs were needed to win the match. Thanks to these two, Fairley, 89, not out and MacDonnell, who batted as if he were a veteran, Westmount returned home with two points, "in the bag."

Others contributors to the victory were John Denison with a well played 19, and Ken Pentecost, who captured five Mount Royal wickets for 26 runs.

At Westmount Park, the W. A. Grounds being occupied by the junior track and field athletes, the Westmount "B" division team trounced the No. 2 team of the Wanderers Club.

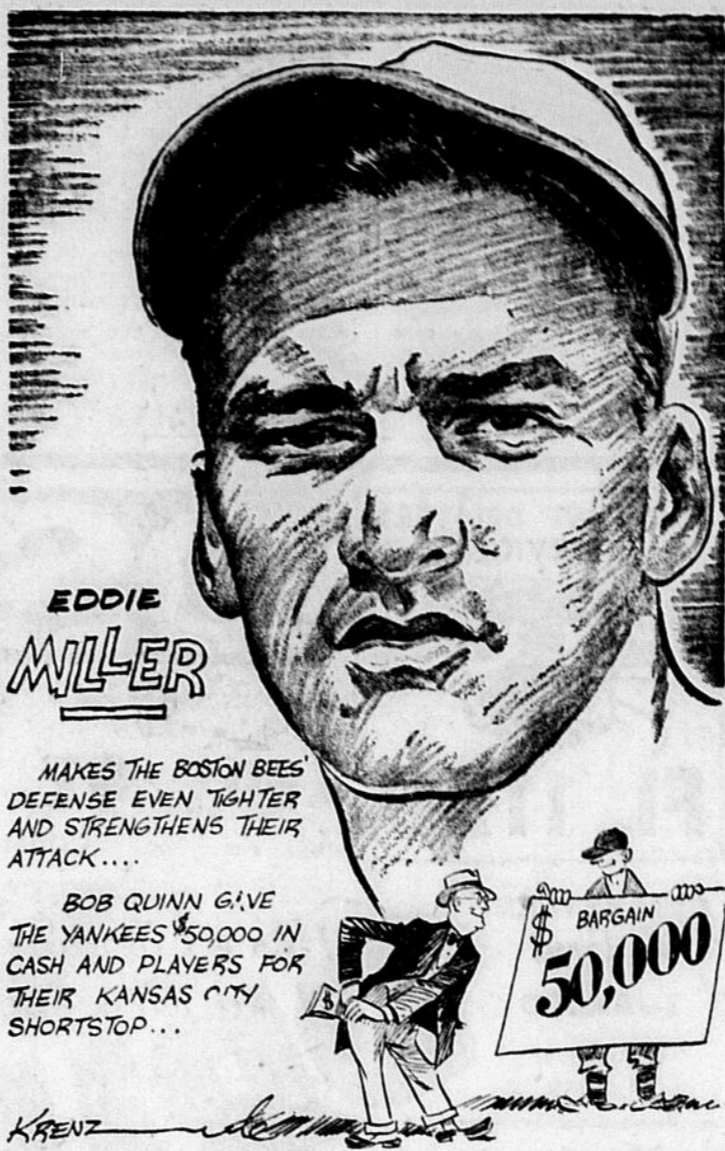

Batting first, the Wanderers could only amass 40 runs, against the deadly bowling of Davis, Lane, Chappell and Sharkie.

Westmount passed the score with the loss of only one wicket. Turcot, a young player who learned his cricket at Trinity College School, played well for 20 and Oram scored a lively 19 not out. Next week Westmount Seniors will be at home to the Wanderers Club, who expect to be strengthened a great deal by the return of Broadbelt. The other Westmount team will travel to the mountain top to meet Mount Royal in the preliminary round of the Rubenstein Cup.

making the City of Montreal its World's Fair grounds. Following addresses scheduled to take place Monday morning movies, hobbies and swimming will feature the schedule of events.

Registrations for Camp Kana wana are mounting daily at the local "Y" branch, it is reported, and the first party will leave Tunnel Station on June 24. Announcement is made that Dr. Robb, a graduate of McGill University and a player on the McGill football team, will be camp physician.

## CITY AND DISTRICT JUNIOR TRACK AND FIELD MEET HELD SATURDAY AT GROUNDS HERE

Top Honors Shared by Bob Middlemiss, of Commercial High, and Ross Becker, of St. Anne de Bellevue Seven Records Broken — Ideal Weather Featured Event Entered by 250

The City and District Junior Track and Field Meet was held on Saturday afternoon at the Westmount Athletic Grounds with Bob Middlemiss, of Westmount Club and Ross Becker, of St. Anne de Bellevue sharing top honors.

A new junior provincial mark was set by Middlemiss who covered the 100 yard dash in 10.4 seconds. He also took the 220 yard dash. Becker broke the old junior standards in the 880 and mile.

Ideal weather conditions greeted over 250 athletes who took part in the tourney and five other records were established.

Chief upset of the afternoon was the victory of P. Charpentier of Jean de Brebeuf College over John Trimm of Montreal High in the 100-yard dash for boys under 17 years of age. The dusky M.H.S. star made up for his defeat a few events later, however, by taking the 120-yard low hurdles in 15.4 seconds.

Under 19 Years 100-yard dash: R. Middlemiss, Commercial High, won; K. Mason, Montreal High, second; Taylor, Royal Rovers, third. Time, :10.4 (new record).

220-yard dash: R. Middlemiss, Commercial High, won; Taylor, Royal Rovers, second; J. Wofor, Calvary, third. Time, :24.3.

440-yard run: K. MacLellan, West Hill High, won; R. Methot, Jean de Brebeuf, second; Johnston, Royal Rovers, third. Time, :55.8.

880-yard run: R. Becker, St. Ann's, won; L. Miller, Westmount Track Club, second; H. Kirkwood, Royal Rovers, third. Time, 2:05.4 (new record).

Mile run: R. Becker, St. Ann's won; W. Yerbury, Westmount High, second; N. Dixon, Boy's Farm, third. Time, 4:52.8 (new record).

120-yard high hurdles: F. Johnson, Royal Rovers, won; L. Taylor, Royal Rovers, second; G. King, Royal Rovers, third. Time, :20.2 (new record).

Running high jump: K. Parke, St. Lambert H.S., won; P. Charpentier, Jean de Brebeuf, second; R. Methot, Jean de Brebeuf, third. Height, 5' 6" (new record).

Running broad jump: M. Mason, Montreal High, won; E. Spiegel, Strathcona, second; R. Kirby, Hawkesbury, third. Distance, 21' 1/4" (new record).

Pole vault: A. Nelthorpe, Granby, won; R. Laverdure, Jean de Brebeuf, second; J. Holthy, Hawkesbury, third. Height, 10' 4" (new record).

12-pound shot put: C. Lajoie, Plateau H. S., won; E. Lemay, Hawkesbury, second; A. Tefner, Strathcona, third. Distance, 42' 6". Discus: J. Gignac, won; P. Aquin, second; A. Burnett, third. Distance, 108' 3" (new record).

440-yard relay: St. Ann's won; Plateau H.S., second; Royal Rovers, third. Time :48.2.

Under 17 Years 100-yard dash: P. Charpentier, Jean de Brebeuf, won; J. Trimm, Montreal High, won; Carpenter, Royal Rovers, third. Time, :10.9.

440-yard run: A. Hall, Montreal High, won; G. Nicholl, Boy's Farm, second; V. Goldbloom, Lower Canada College, third. Time, :54.8.

120-yard low hurdles: J. Trimm,

### Players Selected To Represent Club

Mrs. Ralph Tees and Mrs. M. Little, of the Westmount Tennis Club, were selected by the Quebec Lawn Tennis Association to represent that organization at the Ontario Open Championship tourney taking place at Toronto this week. Mrs. Tees was winner of last year's event which was staged at Ottawa.

## BOAT RACES ARE HELD AT LOCAL PARK

Many Entries Mark Event Held on Saturday at King George Playground

Marked by a large number of entries, boat races for boys and girls were held on Saturday afternoon at King George Park. Interest in the hobby was further emphasized by an exceptionally good turnout of spectators.

Races will be held at the park this Saturday afternoon commencing at 2:30 o'clock.

Last week's results are as follows: Motors Open:—1. Michael Wallace; 2. John Chenevert; 3. George Brow.

Open Sails:—1. Louis Herbert; 2. Bernard Cooper; 3. Fraser Lindsay.

20" Motors:—1. Michael Wallace; 2. George Brow; 3. Donald Faerman.

15" Motors:—1. Lois Keefler; 2. John Melvin; 3. John Chenevert.

20" Sails:—1. Louis Herbert; 2. Jan Mattson; 3. Bernard Cooper.

16" Sails:—1. Raymond Carman; 2. Fraser Lindsay; 3. John McGill.

Consolation Motors:—1. Ross McEwan; 2. Fraser Lindsay; 3. Keith Hamm.

Consolation Sails:—1. Christopher Carman; 2. Larry Gagnon; 3. Andrew Powell.

14" Motors:—1. Hugh Davidson; 2. Phillip Ross; 3. David Cromly.

wide program which is designed to appeal to boys and girls of all ages. All activity is carried out under municipal playground supervisors.

## EQUIPMENT IS INSTALLED AT PLAYGROUNDS

Staynor and Clandeboye Playgrounds Have Excellent Recreation Facilities

Staynor and Clandeboye playgrounds are being equipped with excellent recreation facilities this year and a wide program of sports and hobbies is planned for the children of the district covered by the two parks.

A basketball court and two regulation horseshoe pitches are being installed at Staynor and Clandeboye playgrounds. Facilities for other games are also being installed.

Boxing, handicraft work, folk dancing for girls and a dramatic group will be among the many activities carried out during the summer.

Softball and soccer teams are also being formed as part of the

# BOY SCOUTS PREPARE TO WELCOME COMRADES FROM OTHER DISTRICTS

### Canadian and American Scouts Will Meet One Another On Common Ground in Friendly Demonstration — Ben Morwood to Lead Contingent of Toronto Scouts to Gathering — Special Religious Services Arranged for Different Denominations

The first large Boy Scouts gathering of its kind ever held in the Dominion, the Verdun Camporee will be officially launched in the west-end of the city a week from today. Scouts from Westmount and every section of the Island will act as hosts to the visiting delegates. The event is the result of more than a year's planning.

For three days, Canadian and American Scouts will camp together with the common bond of the "Scout Promise" on which they will further cement the friendly relationships between the youth of two nations.

From Toronto comes news that Ben Morwood, former scoutmaster of Chalmers troop, will lead a contingent of Toronto Scouts to Verdun. Mr. Morwood, prior to being transferred by his bank to the Queen City, was in charge of the camporee council fire. He is expected to reach Verdun in time for the Fireside Rituals. S. M. Bob Talbot of the Lions club troop, another famous community sing-song leader, will share the spotlight with the popular Toronto Scout leader, A. S. M. Ernest Hall, of Woodlands troop, will be M.C. at the colorful ceremonies.

Another important feature of the Camporee will be the religious activities. Roman Catholic scouts will parade to St. Willibrord's Church for mass, while Anglican scouts will receive communion at St. John the Divine Church. A special scout service will also be held for Protestant scouts on the camporee grounds. Rev. A. E. Coleman will deliver the special sermon. The Montreal Boy Scout Silver Band (Vickers), under the direction of Bandmaster Leslie

Blackburn, will play at the service. To Publish Sheet Scouts from the LaSalle troop will publish the official Camporee newsheet "The Camporee Crow." The publication will record all the highlights of the international camp. The newspaper will be mimeographed. Arrangements have been completed with Mr. Dunning for a special Camporee performance at the Fifth Avenue Theatre, on Saturday morning. The Scouts will parade to the Theatre. Through the courtesy of local "Y" officials, the Southwestern swimming tank will be used by the visiting Scouts on Saturday afternoon. A nominal tank fee will be charged. The Camporee Registrar reported today that registrations are still being accepted. Scouts desiring to file last-minute application forms to attend the Verdun

Camporee should do so without delay.

#### Program Released

Calendar of events released today by Camporee headquarters follows:

Friday, June 23rd: 3.00-5.00, Arrival of units. Mobilization. 6.00, Dinner. 7.45, Parade to Woodland Park for opening. Council Fire Program. Welcome address by His Worship Mayor Wilson. Special pre-arranged turns by American and Canadian Scouts. 10.00, Taps. A Good Scout Sleeps.

Saturday, June 24th: 7.00, Reveille. Wash up. 7.45, Breakfast. Prepare for camp inspection. 8.30, Flag raising ceremonies. The Union Jack and the Stars and Stripes will be unfurled in the breeze. 8.40, Camp and health inspection. 9.00, Parade to Fifth Avenue theatre for special camporee performance. 12.30, Luncheon. 2.00-5.00, Visiting and friendship making. "Swapping," visiting Verdun, shopping, etc. 5.30, Dinner. 7.00, Three-hour bus drive around Island, including trip to St. Helen's Island. 10.00, Taps. Lights out. Ends Sunday

Sunday, June 25th: 7.00, Reveille. Wash up. 7.45, Breakfast. 8.00, Catholic Mass and Holy Communion. (Breakfast later for Catholic and Anglican Scouts). 8.30, Flag raising ceremonies. 9.00, Health and camp inspection. 10.45, Assembly for Scouts' Own Service. Rev. A. E. Coleman special preacher. Music by Vickers Silver Band, under the direction of Bandmaster Leslie Blackburn. 1.00, Luncheon. 2.30, Tree planting ceremony. Au Revoir to American guests. 3.30, Break camp—camp inspection.

To Be Happy Event All in all, the Verdun camporee should be a happy event. The objects of the camporee are: 1. To make friendships with all visiting Scouts; 2. To show the public how smart, well-behaved and helpful Scouts can be; 3. To have a good time.

Donald A. Young Was Member of Westmount Football Club in 1902

## FORMER LOCAL BALL PLAYER LAID TO REST

Donald A. Young Was Member of Westmount Football Club in 1902

Final tribute was paid on Tuesday afternoon at 2 o'clock to the late Donald A. Young, a member of the Westmount Football Club in 1902 and well known by veteran sportsmen here. President of the Young Shirt Co., Ltd., he died on Saturday at the Western Division of the Montreal General Hospital following a short illness. He was 56 years of age.

The son of the late Mr. and Mrs. Donald Young, Mr. Young was born and educated in Montreal. At the time of his death he resided at 532 McEachran avenue, Outremont. He founded the Young Shirt Co., Ltd., five years ago. Previous to that he was vice-president and managing director of John W. Peck and Co.

Surviving are the widow, Edna Douglas, one daughter, Donna, two sisters, Mrs. E. R. Douglas, and Miss Maggie H. Young of Montreal, and a brother, Howard Young of Toronto.

### Canada Building Gain Still Is Under 1938 New Figures Show

Contracts awarded for all types of construction in Canada for the month of April, amounting to \$12,303,200, showed an increase of 36.6 per cent over the March total of \$9,002,500, according to figures compiled by MacLean Building Reports, Ltd., of Toronto.

This increase is not as large as normal, however, as contracts awarded for the year to date totaled \$39,889,400 as compared with \$41,137,100 for the corresponding period of 1938. But more projects are being proceeded with this year, 7,821 being recorded as against 6,682 for 1938.

Ontario leads the Provinces with \$16,737,800 and Quebec is second with \$14,568,000. Slight losses were reported in the other seven provinces.

Building in the cities was reported as more active, Toronto contracts for the first four months of the year totaling \$7,019,800 as compared with \$5,419,700 for 1938, and Montreal with \$7,119,800 for 1938 and \$3,524,800 for 1938.

STRAW FROM ITALY Demand from the United States is keeping straw hat makers of Italy busy.

## 85th Caledonian Games At Lachine Next Week

The 85th annual games of the Caledonian Society to be held at the Canadian National Railways recreation grounds, Lachine, on Saturday, June 17th, promises to surpass all previous Scottish games held here, in competitive spirit and general interest.

Competitors are coming from as far afield as Cleveland, Detroit, Toronto and Ottawa. The city and district High Schools will send their fittest to carry their colours in an 880 yard relay race. The cream of athletic talent will be seen in the field and track events. And our local girl cham-

pions will be all out to ward off the ambitions of the world champion Stella Walsh of Cleveland and her teammates.

There will be the usual Highland dancing, piping, bagging, tug-of-war, "tossing the caber," and other popular events. While a touch of added colour will be evident with the presence of the soldier-patients from the military hospital at St. Anne de Bellevue.

Entrance forms and advance programs can be obtained from J. G. Withers, general secretary, 4087 Tupper St., or W. Hillis

### Brother Rat

Following is another in the series of articles prepared by the Westmount Health Office in conjunction with a drive to rid the city of rodents:

Brother Rat is not just another of the lower animals—he is an individual and peculiar.

Like man, he is omnivorous, will eat anything that lets him—even under stress will devour his own. The Brown Rat arrived in America about the year 1775 as a stow-away in a ship from England.

Like our honest pioneer settlers, Smith, field secretary, 6084 Sherbrooke St. West. The games start at 1.30 p.m.

he reached the West Coast. Brother Rat can live anywhere where man exists except possibly in the frozen North.

He will make his own home or digout but prefers the easier way of taking the habitation of another small animal which he will kill along with its young if interfered with.

He is athletic by nature—can swim, climb and travel long distances with ease.

Brother Rat is the least useful and one of the most dangerous of Nature's parasitic animals living at man's expense.

It has been calculated that cities of 100,000 inhabitants or more suffer a yearly loss of upwards of \$400,000.

You must conclude from this that if you are sheltering and

ADVICE A man takes contradiction and advice much more easily than people think, only he will not bear it when violently given, even though it be well founded. Hearts are flowers, they remain open to the soft-falling dew, but shut up in the violent downpour of rain.—Richter.

SELFISHNESS Thorough selfishness destroys or paralyzes enjoyment. A heart made selfish by the contest for wealth is like a citadel stormed in war, utterly shattered.—Henry Ward Beecher.

feeding rats on your premises, you are spending good money you could use otherwise with profit.
