Stanbridge Club Is Offering Prize For First Trout

Stanbridge East — The Stanbridge Hunting and Fishing Association held its monthly meeting in the Town Hall, with the president, George Tremblay, in the chair.
Plans were started for the holding of a fish derby later in summer. It was decided to award a special prize of \$10 to the first fisherman who brings in a brown trout caught in Pike River.
The trout must be of legal length, 10 inches or over, and must be brought to Tremblay's Service Station. The fisherman should also state where the trout was caught, as the association wishes to know where all the fish put in the river are going.
At the conclusion of the meeting, a drawing took place on a 22 repeating rifle and a box of cartridges containing 100 shells, for which the Rifle Association had been selling tickets for the past few weeks. The rifle was won by Herb Robinson, of Sutton, and the cartridges by William Brown, of Stanbridge East.

Additional Salk Vaccine Made Available In Sherbrooke

Special Clinics Opening Next Week Through Area

Another 1,800 Sherbrooke County children between the ages of three months and 10 years are to be inoculated against polio next week, Dr. Emile Poisson told the Record this morning.

The shipment of the vaccine received this week was a result of a recent visit to Quebec City by Dr. Poisson who asked that another shipment of the vaccine be sent to Sherbrooke to make up for the dissatisfaction which many persons felt following the last clinics.

Sherbrooke is the only Quebec province community outside Montreal which has received a second shipment of vaccine. Montreal was given enough to inoculate 15,000 children. Priority will be given here to the 100 odd children who have already registered.

The first local clinic for English speaking children will be held next Wednesday, June 1, at Lennoxville United Church Hall when there will be enough vaccine to inoculate approximately 200 children. The clinic is to start at 2 p.m. and the vaccine will be administered by Dr. A. A. Dougan. Dr. Simon Marcus will conduct clinics at St. Peter's and St. Patrick's churches.

The largest clinic for English children will be at St. Peter's

Fashion Show Is Presented By Male Models

"Anything goes" could be termed the theme of the entertainment at St. Patrick's Church Hall last evening. And everything went, including an audience of 300 people into virtual hysterics for two hours.

For the first time, St. Patrick's Holy Name Society put on a Moch Fashion Show, with all-male models, which proved to be a knock-out to any fashion-minded woman.

The show began shortly after eight and from the colorful bridal scene at the beginning to the climactic Cabaret scene, complete with an enticing cigarette girl and glamorously adorned socialites, the show was a decided success.

Models, boasting beauty rarely seen in this district, paraded through their skirts and routines in an expert manner somewhat unique to the gorgeous example of feminine pulchritude on exhibition. Even the maternity scene, including the great discussion on whether to buy pink or blue showed woman in her most beautiful hour.

The red satin curtains formed a most spectacular background for the alluring models, who strutted down the red-carpeted runway to the appropriate piano accompaniment by Mrs. Irene Leveque.

Nothing but the latest in fashions was worn by the models, showing that this year's trend definitely points toward the darker fitted suits, princess line dresses and pastel and figured sport clothes. Topping off every outfit

Climbing Up

Puzzle Contest Money \$80 Or \$160

It surely should be profitable to shop at Au Bon Marche these days, for with a sales slip from that store, the prize-money in the current crossword puzzle competition amounts to \$160 if anyone is smart enough to win it. Certainly this is a far cry from the \$80 offered the winner who does not enclose a sales slip with his entry.

The prize-money now amounts to \$80 or \$160 because none of the 722 replies this week contained the correct answer.

There is one suggestion we would like to give you about answering the puzzles. Please do not use ball point pens. Often these pens blot or miss a letter. When one is trying to write in the small blocks provided in the puzzle, it is hard enough to write clearly in the first place, without having several blots to contend with. We received a couple of letters this week, written with a ball-point and they were barely understandable.

Speaking of the letters of the week, it seems that people are too busy working outside now to spare the time to write letters, for they are getting fewer each week.

Our old friend out Hatley way came back into the picture again this week. We thought she had stopped doing the puzzles, but apparently she has been busy looking after some orphan pigs. And after she had to get up every three hours in the middle of the night to feed all nine of them their bottles, it's not much wonder that she didn't feel like writing us letters, is it?

"Never say die" sent us a little note this week. And although she or he confesses that he abided by his conscience, we must admit that he would have quite a time prying into the answer of the puzzle in the first place, since it is kept locked in a bank vault until Thursday morning of each week. Nonetheless, this is what he had to say:

"I'm here again with another try.
"I'd like to see what you had on the sly.
"But I guess I just better not dare to pry
"If I don't win this week, 'I'll just think, 'wonder why?'"

We wonder if he is wondering now, or if he kept a copy of his puzzle and has all his

mistakes written down? It looks as though there isn't too much more to discuss this week, so we had better leave you. Now, you can get busy at those puzzles. But, until next week, remember that we still have a jack pot of money to give away to a lucky winner, whether it be \$80 or \$160. And it's really worth working for, so good luck.

Governor General Named Honorary Granby Citizen

Granby —(Special)— Sunny skies greeted His Excellency, Rt. Hon. Vincent Massey, C.H., Governor-General of Canada, on his first official visit to Granby today on the opening of his five-day tour of Eastern Townships points.

Arriving at the C.N.R. station shortly before noon, the Governor-General was greeted by Mayor Horace Boivin and was introduced to Mr. Horace Boivin, to Marcel Boivin, M.P. for Shefford, and Mrs. Marcel Boivin. Mrs. Horace Boivin then presented a sheaf of flowers to Mrs. Lionel Massey.

The Governor-General then inspected a guard of honor composed of members of the Granby police force, after which he proceeded through the crowd-lined streets to the City Hall, where he was presented to the members of the City Council, judicial and civic dignitaries and their wives, and to members of the clergy.

Then he was made an honorary citizen of Granby, the parchment being presented by Mayor Boivin, after which he was the guest of honor at a private luncheon at the Mount Shefford Hotel. The main dish at this meal was fresh trout caught this morning at the main pool in Victoria Park.

This afternoon the Governor-General will visit the Museum of Fine Arts, of which he is the honorary president, and will officially open that institution.

Later he will visit the Protestant cemetery for the unveiling of a monument to Captain Christopher Evans, and will inspect a

guard of honor provided by the R.C.A.F.

Other items on the program this afternoon include a visit to St. Joseph's Hospital and to the Cenotaph, where he will inspect the veterans of the First and Second World Wars, and will also lay a wreath on the cenotaph.

Mr. Massey will also visit the Granby High School and make a short address to the students, returning to his private car at 6:15.

There will be an official reception at the City Hall followed by a banquet at the Granby Hotel in the evening, the menu comprising dishes from the region—mushroom consommé, salmon entrée, Brome Lake duckling, ice cream and maple syrup.

His Excellency will also face a busy program tomorrow morning, before leaving for St. Benoit-du-Lac in the afternoon.

Our Congratulations To:

LT.-COL. N. H. WELSH, Past Commanding Officer, 12th Armored Regiment (Sherbrooke Regiment), and PAUL THEOBALD, who are celebrating their birthdays today.

Thousand Dollar Winner

Mrs. Lewis Dunsmore, of 1054 Portland Ave., is shown above accepting a cheque for \$1,000 from J. Roy, manager of the Dominion Store, which she won in their Famous Brand Fortune Hunt last Saturday night. By answering her telephone at 8:45 and saying "Dominion Stores, Maple Leaf Liquid Detergent," she became winner, but was not able to collect the extra \$1,000 for having a label of the phantom brand of the week.

Objective Passed By Blood Clinic

Local Red Cross headquarters announced this morning that the three-day blood donor clinic, which closed last night at the Belvedere St. Armory had taken in a total of 1,035 bottles, surpassing its objective by 35.

Although the amount taken in yesterday enabled the group to surpass its objective, the 347 pints were a drop from the 369 of the day before, which was a disappointment to the local branch.

Britain Votes For Stability

The major victory registered by the Conservative Party in yesterday's British elections clearly indicates that the majority of the Old Country electors are satisfied with the manner in which things are proceeding and that they prefer to keep the present leadership in both domestic and foreign field rather than to change control of the government.

With the possible exception of the textile industry, which is suffering from the world over-production of these items, the British economy is booming. Employment is at near-record levels, wages in real purchasing power are higher than ever before and a plentiful supply of most consumer goods has replaced the austerity and rationing of the Labor Government days. And the outlook is even brighter, with many industries planning a modernization of their production facilities to improve their competitive position.

This feeling of comfort could not but help the Government position in the minds of the voters. Perhaps the post-war rationing could not be

blamed on the previous Labor Government, but the idea remained in the mind of the voter that the Conservatives did end rationing and did produce good times.

The idea of well-being at home made it essential that the Labor party produce something dramatic in the foreign affairs field. And this they failed to do. The best they could do was to promise they they would follow along the path mapped out by Sir Anthony Eden during his term as Foreign Secretary. And they could give no guarantee that they would fulfill their promises. The party is suffering from severe internal divisions of the question of its attitude towards Russia and there were indications that in the event of Labor being elected by a small majority, Mr. Attlee would have to yield to the Left-winged led by Aneurin Bevan.

The British voter, apparently, is in no mood for compromise in the foreign field and this feeling, coupled with the prosperity at home, made the return of the Conservative Government appear inevitable.

Canadian Farmers Pay Bills

Further proof for the long-standing belief that the farmer is the best credit risk in the country is contained in figures just released concerning the operations of the Farm Improvement Loans Act. And these figures also indicate that despite unfavorable conditions during the past eighteen months, the farmers are not in as much need of loans today as they were a few years ago.

A return tabled in the House of Commons disclosed that loans under this scheme during the last year totalled a little more than \$62,000,000, a decrease of 36 per cent from the previous twelve months although still well above the long-term average of \$51,000,000 per year. Loans made to Prairie farmers accounted for 60 per cent of the grand total, but the greatest decrease occurred in Saskatchewan where new loans were down 46 per cent.

Since 1945, farmers have borrowed \$513,000,000. This has been a period of rapid mechanization of farm operations and 89 per cent of all loans have been used to finance farm implements and machinery. The report broke this into detail by saying that a total of \$461,000,000 had

financed 183,600 tractors, 68,300 trucks, 66,600 combines, 7,300 threshers and 138,300 pieces of miscellaneous equipment.

While the act is still used principally for the financing of implements, there has been a trend in recent years to the increasing use of this medium for financing such projects as the construction of new homes and farm buildings, and the repairs and improvements to these buildings.

It should be a matter of pride for Canadian agriculture that 75 per cent of all monies borrowed have already been repaid. From 1945 to 1948 there were no losses, but since 1949 they have been increasing slowly. In 1954, no less than 108 claims totalling 59,043 were paid by the government. But in the overall picture in the ten years of operations by the Farm Improvements Loans Act, the losses have averaged under \$15,000 annually. The best repayment record was in Saskatchewan, the loss ratio being the lowest of any province in Canada.

Certainly the record of the Canadian farmer well merits the confidence the government and the people generally have placed in them.

Shipbuilding Fight

German Yards Capture Export Business

By RON EVANS

(Canadian Press Staff Writer)

London — © — Britain and Germany are again grappling in a shipyard struggle of chattering rivet guns and flaring welders' torches.

The fight is for shipbuilding orders and the German yards, levelled by Allied bombers and rebuilt in post-war years, are chewing down Britain's long established lead.

The United Kingdom still turns out more than three times the tonnage of the German yards but the gap is narrowing. British builders are particularly worried about Germany's success in winning export orders.

Some observers say the German industry may this year pass Britain in export tonnage. About 2,145,000 tons of merchant shipping are under construction in Britain with only 35 per cent for export. Germany is working on 665,430 tons, of which 60 per cent is for customers abroad. Of 380,000 tons booked with German yards in the first three months of the year, some 300,000 tons or 80 per cent is for export. Britain has received orders for 273,000 tons in the same period and only a small proportion from foreign customers.

Part of the reason for Germany's current success lies ironically in her wartime defeat. Britons have seen the bombed and dismantled German yards completely rebuilt in recent years. Equipped with the latest machinery, they are building ships by new methods.

Britain had to build around berths continually in use and the switch to modern methods—

from riveting to welding and prefabrication—has progressed slowly.

With a large labor reserve, German yards can operate a two-shift system everywhere and a three-shift system in some yards while Britain can manage only a single shift.

German workers do a 48-hour week compared with a 44-hour week in Britain. In some German yards, one trade union represents all the workers and in no yards are there more than three trade unions. In one British yard there are 19 different trade unions.

For these reasons, Germany can build ships more quickly and more cheaply. Because her order book is not so large as Britain's, she can promise shorter delivery dates and firm prices. Germany can turn out a tanker in 12 to 15 months compared with 15 to 18 months in a British yard, or a large tug in eight to nine months against 11 to 12 months. And in each case the German vessel will be 12- to 15-per-cent cheaper.

What Other Papers Say

SOCIALIZATION OF WATER

Windsor Star

It will strike people on this continent as a strange anachronism that the Labor Party in the United Kingdom is advocating nationalization of water supplies. These water systems have been under public ownership for so long here it is difficult to believe the same ar-

rangement doesn't prevail everywhere.

Despite strides of nationalization in the United Kingdom there are still some places where water systems are privately owned. Thus, in some instances, that country is less advanced in public-ownership than the United States or Canada.

Disarmament—Russian Version

With Billy Graham

By GEORGE BURNHAM

London—Is there another person on earth, besides Evangelist Billy Graham, who could attract 278,000 people on five nights? Think before ridiculing such a question. It might not be as foolish as you think.

The British admit that Sir Winston Churchill, greatest orator of the 20th century, couldn't do it. Marilyn Monroe, with Libera playing the piano for a torso tango, couldn't do it, unless maybe she appeared as Lady Godiva. The interesting lines wouldn't support a dull plot, however. There isn't a single world leader or combination of politicians with that kind of crowd appeal. Russia's Bulganin might possibly do it with command performances, or five May Days in a row. There doesn't seem to be anyone around with that kind of magic in his makeup.

But Billy Graham attracted such an incredible audience in his first five nights at London's Wembley Stadium. The people came in spite of rain, snow, sleet and freezing winds. And there seems little doubt that on Saturday, the final day, he will be heard by over 200,000 at afternoon and night services. At all attractions of the show world, the crowds dwindle and the event closes.

At Billy's campaigns, the crowds grow with each appearance. He doesn't put on a show. Once the services are under way, an associate evangelist reads from the Bible, a soloist sings a hymn, a musical director leads the choir in a church song and then Billy speaks. A similar program can be heard in almost any church on any Sunday.

A logical question is: What's the answer? Billy has held few press conferences in which puzzled reporters didn't ask the question. And the reporters are seldom satisfied with the answer they receive because they can't put it in a test tube and analyze it. They can't put their fingers on the answer and feel it.

"I have no logical explanation," says Billy. "I have been told many times that I am just an ordinary preacher. I believe it. The only explanation is that this is God's doing and not the work of a mere man. No one but the spirit of God could awaken such an interest in spiritual things, and we are humbly grateful. The Bible says that if Jesus Christ be lifted up He will draw all men unto Him. That is what we as a team try to do—lift up Christ. I make every effort to stop people from talking about Billy Graham and ask them to lift up Christ."

Do the meetings attract any single class of people? Stand outside and watch the crowds gather at any Graham rally and you will see people from all walks of life—taxi driver, housewife, businessman politician. He has spoken to Presidents and heads of state wherever he has gone. The Duchess of Kent from Britain's royal family attended the Thursday night service at Wembley. She snuggled deep in her seat to escape the cold winds, and cupped her chin in her hands as she listened intently. People sitting with her in the royal box said she intended telling the Queen all about her visit.

Last year while the Queen was on her world tour, the Duke of Edinburgh wrote from Australia to a friend in England. He said they had heard much about this fellow Billy Graham and wanted to know more about him.

Is Billy Graham genuine? I have probably written more stories about Billy Graham than any other reporter alive. He is a better man off the platform than he is on it. His sincerity and humility affect the most bitter skeptics.

During the Harringay meetings here in 1954, England's most famous columnist, Cassandra, asked Billy to meet him on "sinners ground". They met in a pub. Cassandra had beer. Billy had milk. And they talked. After the interview Cassandra retracted the disparaging things he had

written about Billy, saying, "Sincerity and truth are weapons too sharp for me to oppose." He has done more for America abroad than all the diplomats rolled into one. And he has done it with one of the oldest books in the world—the Bible.

STUCK IN MUD

(Manchester Guardian)

The trials of the United States nuclear-powered submarine Nautilus will recall memories of the occasion in 1887 when the British admiralty arranged for an experimental dive by another pioneer submarine named Nautilus in Tilbury dock.

That little vessel, crude by modern standards, submerged with a distinguished party of admiralty observers aboard before a big audience on the dockside. Alas, she stuck in a thick bed of mud on the dock bottom and for hours the crew made frantic efforts to free her.

They were beginning to despair of success when an observer suggested rolling the vessel. This movement promptly released the submarine from the grip of the mud and she shot to the dock surface.

Unless the civic authorities show a little action, however, the band stands will not be ready for this summer.

Jacoby On Bridge

By OSWALD JACOBY

THIS BRIDGE PLAY IS WORTH STUDYING

South won the opening club lead in his own hand in order to try the trump finesse when today's hand was played. Much to his delight, the jack of hearts won the second trick.

South's delight changed when he led a second trump. West discarded a diamond, and it became evident that East had artfully refused the first trump trick.

Declarer went up with dummy's ace of trumps and wondered how he could get to his hand often enough to ruff both of his low spades in dummy. He hopelessly led a low diamond from dummy, but East held the trick with the nine of diamonds and cashed the king of hearts. Now dummy had only one trump, and South eventually had to lose a spade trick, losing altogether one trick in each suit.

South was in too much of a hurry to take the trump finesse. He should have provided for his spade ruffs before doing anything else.

The correct line of play is to win the first trick with dummy's ace of clubs, cash two top spades, and ruff a spade in dummy. South doesn't worry about an overruff, since West cannot overruff the dummy. If East overruffs, he has to use the king—in which case the trump finesse was going to fail anyway.

When the spade ruff gets by, South gets to his hand with the king of clubs, saved for this purpose. Now he ruffs his remaining low spade, assuring the contract. If East fails to overruff the dummy at this time, declarer can even get to his hand later on with a diamond ruff in order to try the heart finesse.

It will lose, as the cards lie, but the point is that South

CARD SENSE

—The bidding has been:

South	West	North	East
1 Spade	Pass	2 Clubs	Pass
2 Diamonds	Pass	2 Spades	Pass

You, South, hold: Spades K-Q-7-4-2, Hearts 5, Diamonds A-J-6-3, Clubs Q-J-8. What do you do?

A—Bid three spades. Although you have only a minimum bid in high cards, the partnership hands seem to fit well. You have support for clubs, and the shortness in hearts gives you time to develop your tricks if partner has a good enough hand to accept this game invitation.

TODAY'S QUESTION

The bidding is the same as in the question just answered. You, South, hold: Spades A-K-Q-4-2, Hearts 5-3, Diamonds A-J-6-3, Clubs 8-5. What do you do?

Alberic Julien President Of Local CNIB

Alberic Julien was re-elected president of the local advisory committee of the Canadian National Institute for the Blind at the annual meeting held Tuesday afternoon.

Other members of the executive committee returned to office were: Vice-presidents, John L. Burns, Richmond, and Albert Charpentier; treasurer, N. L. Amiraault; secretary, Miss Thelma Crawford. New members added to the committee are Rev. R. C. Tait, E. L. Gilbert, Asbestos, Roland Savoie and Bert Kelly, Coaticook.

in most of Canada, while Quebec managed to raise about \$50. He asked the Sherbrooke district committee to raise the objective for next year's campaign.

Mr. Godin said that on June 10 the Institute in Quebec will complete 25 years of service to the blind of Quebec and said Sherbrooke was the first district established in this province outside of Montreal, having been founded in the autumn of 1939. Now on file are the names of over 5,000 active blind cases, whereas in 1950, there were only about 1,000.

N. L. Amiraault read the yearly financial statement, which showed that the local blind benefitted by the expenditure of over \$22,000 during the past year.

Neil Tracy, field secretary, reported a successful year including many social activities, the annual Christmas party, the recent conference of the Canadian Council of the Blind, which took place in Sherbrooke in May, resulting in the election of a local blind man, Norman W. Tracy, as district chairman for Quebec

and the annual summer camp at Stoke Lake, sponsored by the Sherbrooke Lions Club.

Mr. Tracy reported there were now over 300 blind persons under the charge of the Sherbrooke office in the Counties of Sherbrooke, Stanstead, Richmond, Brome, Compton and Wolfe. Although employment is in a rather difficult state in this region, there are still 10 blind persons engaged in gainful permanent employment, either directly by the Institute, or in canteen service.

Mr. Tracy marked the passing of Wilfrid Gregoire, Hon. president of the Institute, and for over 10 years its president, and a vote of sympathy was passed to the members of the family.

Miss Dufresne, blind home teacher, reported that 39 persons benefitted by the activities of the Home Teaching Department. She also reported for Miss Rachel Lessard, the assistant home teacher, who operates both in Sherbrooke and Beauport.

In detail, Miss Dufresne's report was as follows: 24 persons studied braille, 3 typing, 5 arithmetic, 3 English, 1 music (piano), 4 weaving, 6 knitting, 7 crochet, 3 leathercraft, 2 rubber mat making, 3 chaircaning, 1 bingo, and 9 cribbage.

Forty-two cases were visited by the home teaching department for special reasons, over and above the ones already mentioned. Several of Miss Dufresne's pupils double and triple on arts and subjects studied.

JOHNS-MANVILLE "Close-Ups"

Time Out For Water

THIS THIRSTY YOUNG MAN takes his drinking water pretty much for granted. Like many of us he has no idea of the miles of water pipe and many treatment systems necessary for bringing him his cool, pure drink.

A quarter of a century ago Johns-Manville people combined asbestos fibre and Portland cement to produce Transite® Pressure Pipe that would do the job better and more economically than any other pipe available. The result is a water pipe possessing the permanence of stone that contributes to efficient performance.

And the Dad of this young ball player (and other Dads, too) welcome reduced water bills made possible through the reduction of maintenance and replacement costs where Transite Pipe has been installed in municipal water systems.

The J-M team of research scientists, production people and sales representatives have helped to make the transportation of water more efficient and more economical through the installation of Transite Pressure Pipe in the water works of thousands of American and Canadian municipalities.

Sweater Designs Are Inspired By Art

New York — (NEA) — Modern art has been the inspiration for a new summer sweater collection. This means that felt forms in bold colors have been applied to cashmere, that flower and bead designs are lavish and that sweater ensembles never looked so pretty.

Cardigans in this collection are shaped to fit. Some end trimly at the waistline while others terminate just two inches below the waist for a different look.

In the group, there are felt forms in deep blue and white on a pale blue bolero cardigan. This is worn with matching slipover. Mondrian-like blocks of color in felt are applied to white cashmere. Buttons on this long-sleeved cardigan are sparkling black jet. Or varied pink-toned felt flowers with green leaves are appliqued, with tiny crystal beads, to a pink cardigan.

We show (left) flowers in embroidered wool and Van Gogh shades coupled with rhinestone dew on a white cashmere sweater. This is by Miss Isabel of Sak's Fifth Avenue. Pearls and fluted pearl discs (right) are massed at neckline of double weight cashmere with three-quarter length raglan sleeves.

Four Double Features On Tomorrow's Racing Card; Jimmy Cook Sets Pace For Drivers; Post Time Is 8.00

The Sherbrooke Racing Club has another well balanced card on tap for tomorrow evening with four double features for \$1.150 in purses. Post Time is 8:00.

In the main feature, a Handicap Pace for a purse of \$400, Dark Mercury, Prince Hy and Leona B are picked as the horses to beat for the money. H. Ingles' Dark Mercury has been assigned first place by the railbirds with the others following in line. Anyone of the others could well cop the event and perhaps the favorites will have a little trouble before the winners are declared.

The other races are well balanced and again the fans will have a little trouble in choosing the winners. In the first race Abe Scott has been given the nod with Mr. Thurmont and Dr. Spender listed in that order. Jim Cooke will be handling Mr. Thurmont and this should be given a little extra consideration as the American driver is tops for the reinsmen at the local track.

Al Smith, a colored driver, is Cooke's closest rival and with the two of them meeting in the third class on the program the event should attract considerable interest among the bettors. Several local horses will also see action over the week-end as they are now beginning to round into shape.

The selections are:
First and fourth races: Abe Scott, Mr. Thurmont, Dr. Spender.
Second and sixth races: Mr. York, Louise Worthie, Fidler.
Third and seventh races: Dark Mercury, Prince Hy, Leona B.
Fifth and eighth races: Kelly Chief, Breeze On, Red Comet.

Syracuse Splits With Richmond

Syracuse, N. Y. — (P) — Dick Farrell hurled hitless ball after being touched for a pair of singles in the first inning as the Syracuse Chiefs won the opener from Richmond, 3-0 Thursday night and then had to settle for a split when Bob Habenicht pitched the Virginians to a 5-1 victory in the nightcap.

The Tribe reached Dick Starr for eight hits in the opener. Bob Bowman smashed a 375-foot two-run homer in the sixth. Habenicht and Jim Owens, Syracuse right-hander, went into the nightcap both seeking their first win after four losses. Habenicht held the Chiefs to eight hits, while Owens was rapped for 11 and helped toward a pair of unearned runs with two of Syracuse's four errors. Owens struck out nine batters and Habenicht eight.

Eight Schools To Compete In Girls Meet Tomorrow

Plans for the 10th annual Eastern Townships Girls Interscholastic Track Meet are now completed and eight schools will battle it out for honors at the Parade Grounds tomorrow.

Eighteen events are listed on the agenda and the first class is slated for 9:00 but the contestants are requested to be on hand at 8:30 in order to receive instructions for the day. A break is slated for the noon hour with the remaining classes being completed in the afternoon.

The schools entered are, Sherbrooke, East Angus, Cookshire, Bury, Stanstead College, Drummondville, Richmond and Lennoxville. Several changes in the events have been made and a new scoring system will be used. The winner in each class will pick up four points followed by three, two and one for the remaining positions.

Wayne Peak and Dennis Kouri are co-chairmen for the meet with Sam Elkas as field chairman while Myron Echenberg will attend to the track events. Peter Cross will attend to the canteen with Bob Stevenson looking after miscellaneous and Bob Murray as publicity chairman.

Jack Causon, St. Johns, Leads Race For Lord Calvert Trophy In Provincial; Dussault Leads Locals

In the first release of the official scorers' voting for the Lord Calvert Trophy emblematic of the Provincial League's most valuable player award, Jack Causon of St. Johns today was in the lead after a sizzling start of the league's 1955 schedule.

The hard-hitting outfielder has been awarded a total of 17 points. The voting is conducted among members of press, radio, and television in each centre who vote three points to a first place selection, two for a second, and one for a third.

This marks the third straight year that the Calvert Trophy has been offered as top prize in the Provincial League. Agreement was reached between league president Albert Molini and Jack Clifford of Calvert's. Besides the most valuable player award, a separate Calvert award is given to the winner in each city.

The voters named Bob Diers

Larned Hurls Two-Hitter To Win 2-0; Drop 10-Inning Duel 7-4; Nixon And Gust Clout Homers

Home run hitting was the highlight in last night's double-header between Sherbrooke Indians and the Phillies of Three Rivers at the Municipal Stadium. The Hartness squad copped the first tilt 2-0 behind the two-hit hurling of lefty Hal Larned but dropped the second 7-4 after a 10-inning battle.

Roy Nixon, the Indians' slugging first sacker, punched home the winning margin in the first tilt when he belted one out of the park with one mate aboard. In the second fixture of the evening it was Don Gust who broke up the battle with his round-tripper with two mates on to provide the extra scoring.

The split left the teams in the same position from the leaders. The Indians are free tonight but over the week-end they tangle with the red-hot Braves of Quebec. Tomorrow evening they clash in the Capital City and Sunday night at 6:30 they will meet in another twin-bill at the local park.

The executive of the local club in an effort to reinforce their hurling staff signed Jean-Pierre Roy, former members of the Three Rivers entry in the circuit in 1951. Roy has been with London, Ont., this year in the Intercity Baseball League and had a 2-1 record. Roy had a 19-7 mark when he hurled for Three Rivers. He will pitch the first tilt of the doubleheader here Sunday night.

In the first fixture it was a hurlers' duel the whole way with Larned holding the margin. He whiffed 11 at the plate and issued only one free ticket for his best performance of the year. His fast ball was hopping and his curve was breaking well. He gave up a double in the third to Pharr and a single in the first.

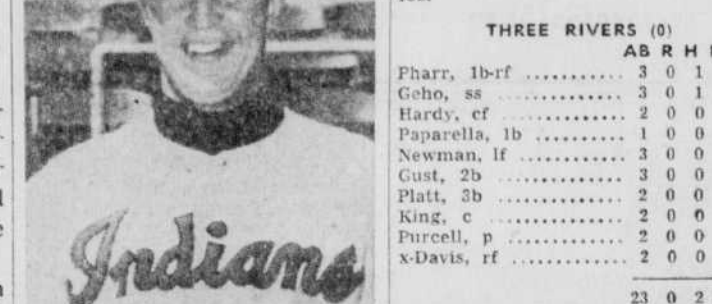

Purcell was touched for five bingles with Roy Nixon stealing the spotlight with his one-man hitting spree. The free-swinging first baseman connected for his round-tripper and at the same time drove out a double in two official trips to the plate. His game-winning blow came in the fourth after Red Meyer had earned a walk. The locals picked up two hits in the sixth with the other one in the fourth.

In the second it was another closely-fought battle with Mike Morrison giving the distance for the locals while Manager Barilari sent three to the mound in an effort to earn the win. He commenced with his ace hurler, Carmichael, but he only lasted two frames. Claude Lizotte took over and although he required aid from Purcell in the tenth to put out a Sherbrooke rally he earned the win.

Rudy Paparella gave the Phil-

ladelphia the lead in the second frame. The Phillies committed four in the second game.

Roy Nixon slammed out three more hits in the second fixture, one a double, Tommy West and Rocky Chambers got two each. Dussault, Roberts and Del Gaudio accounted for the others. Dussault, Nixon and West hit doubles.

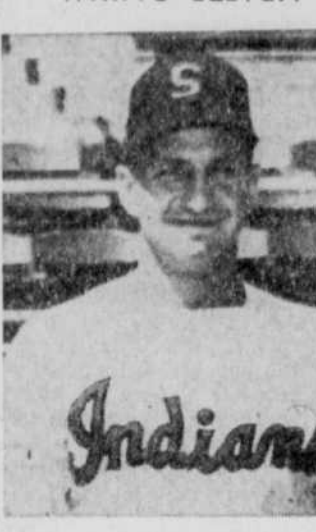

ROY NIXON

lies a 1-0 lead in the second when he smacked one out of the park in the second. The locals evened the count in the lower half of the inning and went ahead with two more runs in the third. The Phillies got two back in the fifth and one in the sixth while the locals got one in the fifth to even the count.

In the eighth the Indians rallied when Rocky Chambers walked and went the whole way to third when Del Gaudio sacrificed and Don Gust threw wild on a double play ball. But he was left high and dry as his mates failed to deliver.

In the tenth Morrison, who was bothered with a severe headache when he started the game, retired Hardy but then he walked Paparella. Newman hit a fielder's choice to force him but made first. Gust then walked a

0-1 pitch outside of the park to give the Phillies the win 7-4.

Tommy West, Sherbrooke's hard-working second baseman, turned in an outstanding game as he handled seven tries without a miscue. Several of his stops robbed the visitors of hits. The whole team gave their hurlers wonderful support and not a single error was made during both games. The Phillies committed four in the second game.

Roy Nixon slammed out three more hits in the second fixture, one a double, Tommy West and Rocky Chambers got two each. Dussault, Roberts and Del Gaudio accounted for the others. Dussault, Nixon and West hit doubles.

Burlington Manager Goes To Hospital

Burlington, Vt. — (P) — George McDonald, general manager of Burlington Athletics of the Provincial Baseball League and well known in eastern Canada baseball circles, was admitted to hospital here Thursday for an emergency appendectomy.

McDonald was described as being in "good" condition. He was general manager in 1952-53 of the now-defunct St. Hyacinthe entry in the Provincial League and last year held a similar post with Ottawa Senators of the International League.

CAHA Favors Entry in Olympics If Bill Is Footed

Regina — (P) — The higher the calibre of Canada's entries in world amateur hockey contests, the tougher it will be to find and finance the team.

The Canadian Amateur Hockey Association, branding European definitions of amateurism-as Victorian and unrealistic, Thursday decided to make an entry in next winter's Olympic tournament in Italy, but only if some private concern or the general public will pay the bill.

A solution to the stringent amateur qualifications and financing probably will be found within the next six months, but it will be the answer for the Olympics only.

Unless Olympic organizers attempt to harmonize their regulations with the Canadian standard, the situation probably will worsen, delegates to the annual CAHA meeting said. In the European version of amateurism hangs the future of Canadian participation in world tournaments.

The Canadian hockey player who hasn't accepted at least some small token for his services now is a rarity. The CAHA indi-

CAHA-OFFICERS

Regina — (P) — Jimmy Dunn of Winnipeg was elected president of the Canadian Amateur Hockey Association at the close of the five-day annual meeting here Thursday.

He succeeds W. B. (Baldy) George of Kemptonville, Ont. Elected first vice-president was Bob Lebel of Chambly, Que.

George Dudley of Midland, Ont., remained as secretary-manager and Billy Hewitt of Toronto as registrar-treasurer.

It was noted that it can raise from the 70 or 80 players on three Olympic-bidding teams the 17 players who could qualify.

The entire Olympic question has been left to the CAHA executive.

Finances also predominate on the home front. The CAHA budget was set at \$44,200, only half the amount spent in 1953-54 and roughly \$11,000 less than last year. Declining playoff receipts caused the decrease.

Next month, provincial branch officials will be asked to approve a reduction in team registrations. A British Columbia proposal would reduce an amateur club's roster to 21 before Dec. 15, and to 15 after that date.

Under present regulations, a team can register 25 players before Dec. 15, and 18 after. A unanimous vote is needed for the change.

"I'll be ready to pinchhit anywhere," Williams said Thursday after a brief conditioning workout at Fenway Park.

Tied for third with 67s were Jerry Kesslering of Kitchener, Ont., with a 31-36 and Bob Rosenberg of San Francisco, 34-33. Kesslering, only Canadian in this year's tourney, tied for seventh last year.

Only Thing Brewing In Milwaukee Is Beer As Braves Barely Cling To Fourth; Newcombe Stars For Dodgers

This was supposed to be the year the Braves finally cooked up a National League pennant, what with their power, speed, pitching and all. But as of now, the only thing brewing in Milwaukee is beer.

Bobby Thomson, Joe Adcock and Eddie Mathews were to supply the power. Warren Spahn was to lead a dandy pitching staff to greatness. Even manager Charlie Grimm's ulcers were in great shape.

So what happens? The Braves aren't even playing .500 ball. And after Thursday's 5-4 defeat by Cincinnati, they're barely ahead of the fifth-place Redlegs.

Thomson, whose injury helped explain 1954's third-place finish, started well, but now is hitting .213 with only seven runs batted in for the last 14 games.

THINKING ABOUT PROFITS?

The people who conduct public opinion polls

asked a large number of Canadians this question:

"How big a profit do you think the average Canadian company makes?" Most people thought it was nearly 28% on the income dollar.

Then these people were asked what profit they thought a company **ought** to make. Most of them thought it was

about **half** as big as that, or around 16%. Actually, Imperial's profit last year was less

than **one-third** of what people thought we made, or a little more than 8%. Of this, just over 4% was distributed to Imperial's shareholders.

The rest went back into the business, to help replace worn-out equipment and meet future needs.
