World News In Brief

TUCKER'S TOWN, Bermuda. —(P)— Britain apparently has lost a race to test its first H-bomb in the Pacific before the Bermuda conference opens Thursday. Information available Tuesday indicated weather or technical difficulties may have delayed the experiments on Christmas Island until early April.

LA PAZ, Bolivia. —(P)— All 19 persons aboard a Bolivian airliner were killed when the plane crashed into an Andes mountain peak, a rescue squad reported Tuesday. The two-engine DC-3 plane with 16 passengers and a crew of three aboard disappeared Monday while flying from Cochabamba to Oruro.

SENDAL, Japan. —(P)— An American soldier and his Japanese girlfriend today were sentenced to death by a Japanese court for robbing and killing a Japanese woman, then setting her home afire to hide their crime. The death penalty was the first imposed on an American by Japanese authorities since the end of the war.

ALIGIERS, Algeria. —(Reuters)— A military court Tuesday sentenced four Moslems to death for bombings in two Algiers sports stadia. Two girls who are accused of carrying the bombs in their brassieres will be tried later by a juvenile court. Twelve persons were killed and 50 were injured in the stadia last month.

MONTGOMERY, Ala. —(P)— The city commission Tuesday passed an ordinance prohibiting racial integration in all athletic events in Montgomery and making violation a misdemeanor. The new law was approved unanimously by the three commissioners, all of whom are members of the White Citizens Council.

KAMLOOPS, B.C. —(P)— RCMP reported three small children were burned to death Tuesday in their Cariboo district home about 90 miles north of here. The victims were identified as the children of Mr. and Mrs. Leonard Galbraith. They were: Gail 5½, Linda 4, and Terry 3.

Refugees Return

VIENNA. —(Reuters)— The Budapest newspaper Nepszombat said about 18,000 of a total of 200,000 refugees have returned to Hungary "because they were disappointed by life in the West."

NEW MIDEAST THREAT HEADS TALKS AGENDA

Egypt Warned

Open War Threat By Israeli Premier

JERUSALEM (AP) — The open threat of a new war emerged today from Israel's dismay at Gaza Strip and Aqaba Gulf developments since she turned over those battle-won territories to the United Nations.

Prime Minister David Ben-Gurion said Israel's army will march against Egypt again if President Nasser "tries to block our historic and legal passage into the Gulf of Aqaba." He voiced these views in an interview with a Newsweek magazine correspondent, Curtis G. Pepper, at Tel Aviv.

"It would be a black day on the moral conscience of the world if we had to move our army to defend our rights," said the 70-year-old Israeli leader. "We will do it only as a last resort. But if forced, we will do it and do it effectively."

WANTS SUPPORT

Ben-Gurion implied he hoped for backing from President Eisenhower — "an honorable man, a friend and a general of armies"—on the basis of a letter Eisenhower dispatched to him during Israel's early March crisis over the final pullout orders. Israelis have generally regarded that letter as a pledge.

Ben-Gurion said the reason he sent Foreign Minister Golda Meir on her latest mission to the United States was to make clear to Eisenhower and to UN Secretary-General Dag Hammarskjöld that Israel will insist on "freedom from terror on the Gaza border and freedom of passage through both the Suez Canal and the Aqaba Strait of Tiran."

The interview—one in a series Ben-Gurion gives to news agencies and news magazines on an alternating basis — went beyond his previous public warnings.

Saudi Arabia has since joined Egypt in declaring the mouth of the gulf, Tiran Strait, to be Arab territorial waters from which Israel will be barred. And the UN Emergency Force in Gaza, under prodding of the new Egyptian administration, is gradually giving up interior holdings to reinforce its guard on the Gaza-Israeli frontier.

US Warned Reds To Use Atom Bombs

LONDON. —(P)— Soviet Defence Minister Georgi Zhukov says Russia would use atom and hydrogen bombs as its "main striking force" in a war with the United States.

Moscow radio quoted him today as telling a Soviet Army conference that if war broke out the United States would not "be able, as formerly to sit it out over the ocean and avoid destructive and deadly blows."

The broadcast said the conference took place last Friday in Moscow.

"In organizing their military bases in Europe and other parts of the world and in supplying certain capitalist countries with atomic weapons," Zhukov said, "the American imperialists obviously calculate that in case of a war in Europe or Asia they will be able, as formerly, to sit it out over the ocean and avoid destructive and deadly blows."

"Such calculations are only too naive, of course. At present, there is no place in the world where the aggressor could find shelter. The Soviet Air Force is able to strike shattering blows at any enemy no matter where he is or where he is hiding."

Vitamin Plant Blast Kills 3

LINDEN, N. J. —(P)— An explosion in a vitamin laboratory killed three men and injured 11 others early today at the Merck and Company pharmaceutical plant.

The men all were working in the first floor of the three-story brick building when solvents used to make vitamin A apparently ignited, a company spokesman said.

U.K. Railway Walkout Is Virtual Certainty

LONDON. —(P)— A walkout of British railway men became a virtual certainty today as the government struggled to halt or avert two other strikes involving 3,000,000 workers.

The rail threat followed the award this morning of a three-per-cent wage increase by a government tribunal acting on a 10-per-cent demand from the 370,000-member National Union of Railwaymen.

Union leaders already had rejected a three-per-cent offer from the British Transport Commission, which operates the nationalized lines. They had warned they would call a walkout if the wage tribunal's award fell far short of their demands. As union leaders met to consider a strike call, a spokesman termed the wage award "an affront to railway men."

About 200,000 shipyard workers, who belong to the 40 unions in the confederation, have been on strike since Saturday, halting construction or repair work on about 600 vessels.

The confederation chiefs decided Tuesday that their members in "engineering" — miscellaneous skilled and unskilled workers in the manufacturing industry — will begin sporadic walkouts in selected plants on Saturday, to be followed April 6 by a mass strike.

A mass walkout would mean that one person in every 17 would be on strike and that 4,500 firms would be at a standstill.

The union leaders today faced a fresh peace bid by Labor Minister Ian Macleod. Macleod arranged to confer with representatives of the factory workers' employers, who have flatly refused the wage increase on the grounds it would price them out of world markets.

No Sabotage In Philippine Crash

MANILA. —(P)— Investigators today ruled out the possibility that sabotage caused the plane crash in which President Ramon Magasaysay died.

Col. Richardo Papa, deputy constabulary chief, said evidence gathered on Sunday's Cebu Island crash indicated no foul play was involved.

The possible causes were narrowed down to pilot error and engine failure.

Macmillan Arrives For Bermuda Parley; Agenda Left Flexible

TUCKER'S TOWN, Bermuda. —(P)— Prime Minister Macmillan flew into Bermuda today for talks with President Eisenhower on the Middle East crisis and other world issues.

Eisenhower, winding up a week's health cruise on the guided-missile cruiser Canberra, arrives later.

The Middle East crisis, which damaged the partnership in the fall, continued to threaten new explosions as the conference gets under way.

The understanding was that the agenda was being left most flexible in order to allow the government heads the widest latitude in charting a future common course.

But the continuing crisis in the Middle East was considered sure to lead the agenda. Questions in advance of the meeting centred on how Macmillan and Eisenhower would link views on Egypt's attitude on the Gaza Strip.

British sources have been giving the impression they consider that Washington still is leaning over backward to retain the goodwill of the Arabs whereas London has remained opposed to Egyptian President Nasser's policies.

Thus, the Middle East issues are expected to overshadow such other topics as NATO policies, East-West trade, relations with Red China and another point expected to be contentious — Britain's plans for cutting defence spending and manpower in Western Europe.

Kosher Taste Saves Dog From Death

HOLLYWOOD. —(P)— A little dog with a big kosher appetite — only days removed from execution in a dog pound — will be co-starred in a movie with Frank Sinatra, Kim Novak and Rita Hayworth.

Snuffy, a cairn terrier, won a \$500-a-week contract Tuesday to appear in the movie version of Pal Joey.

The script calls for a dog to play Sinatra's pet and eat the same type of kosher food that he does.

Bert Morse, a chief inspector for the Los Angeles city dog pound, said he had read of the search and decided to enter Snuffy. The dog, already nine days in the pound, would have been put away the next day.

Bird KO's TV

ONEONTA, N.Y. —(P)— A little bird knocked the community television antenna out of service Tuesday for the second time in a year. A sparrow living in an amplifier box caused a short-circuit.

Islanders Are Happy At Canada's Interest

SOUTH UIST, Outer Hebrides. —(Reuters)— A Roman Catholic priest organizing a possible mass emigration to Canada from this lonely Scottish island says he is "overwhelmed and extremely happy" about Canadian interest in the project.

Father John Morrison says more than 2,500 islanders are prepared to emigrate in a body to Canada if the government goes ahead with its plan to establish a rocket base on South Uist.

Father Morrison has led the islanders in an 18-month campaign against the project to appropriate land for a guided-missile range and settle scientists, military men and their families on South Uist and neighboring islands.

GO IF FORCED

Father Morrison said Tuesday night: "If the worst comes to the worst, and by that I mean if our efforts to stop the government's plan fail and they are determined to settle some 9,000 strangers on the island, then we will go to Canada."

Queen's Visit On Agenda For PMs

OTTAWA. —(P)— Anglo-Canadian trade likely will be the main topic of the March 25-26 Bermuda talks between Prime Minister St. Laurent and Prime Minister Harold Macmillan of Britain.

However, Mr. St. Laurent said Tuesday in the Commons he would also discuss the prospects of a Canadian visit by Queen Elizabeth and Prince Philip.

Mr. St. Laurent, who outlined the conference agenda, said he had suggested the trade talks to Mr. Macmillan. He said he will also discuss possible effects on Canadian markets of the European common market and proposed free trade area. He noted the subject was raised during the recent visit here of French Premier Guy Mollet.

Outside the Commons, officials indicated Mr. St. Laurent will encourage Britain to increase its export to Canada and urge it to reduce dollar restrictions on imports of Canadian goods.

He also told the Commons the meeting would include negotiations over Britain's requirements for uranium power development. There were indications here that if the Queen did make a Canadian visit this year it would be brief and confined mainly to the capital. She might possibly open a fall session of Parliament.

TCA Changes Wing Flaps On Viscounts

MONTREAL. —(P)— Trans-Canada Air Lines announced Tuesday it will replace part of the wing flap mechanism in long-range members of its 24-plane fleet of Viscount turbo-prop aircraft.

The operation, dictated by last week's Manchester, Eng., crash of a Model 701 Viscount in which 22 persons died, was described by a company spokesman as an "ultra precaution."

In Ottawa, transport department officials said the Viscount airliner in which Prime Minister St. Laurent is scheduled to fly to Bermuda March 25 has been thoroughly checked. The transport department's Viscount is a 745 model.

Asbestos Driver Killed

Edouard Ovila Angers, 36, of Asbestos, Que., was crushed to death Tuesday night in the cab of his huge trailer truck in a freak accident on St. Henri Square in Montreal's west end.

His helper, Leonard Laplaine, 33, was pinned in the cab for more than an hour before he was freed. He suffered shock, minor head injuries and lacerations.

Angers was driving a truck with a heavy load of steel plates and 30-foot girders when he was forced to stop abruptly by the barrier at a railroad crossing. The heavy girders and plates smashed into the cab, bending it in half.

He was the father of five children and his wife is reported to be in hospital in Sherbrooke awaiting birth of a sixth.

Trial Nurse Broke Ban On Talking

LONDON. —(Reuters)— A middle-age nurse admitted today she discussed the Dr. John Bodkin Adams murder trial although instructed not to do so.

Mrs. Annie Mason-Ellis said she talked over the case with two other nurses Tuesday night on the train to the south coast resort of Eastbourne.

Mrs. Mason-Ellis and the others attended Mrs. Edith Alice Morrell, 81-year-old Eastbourne widow whom the portly bachelor doctor is accused of turning into a drug addict and murdering in November, 1950.

She said under cross-examination that they talked about "newspaper reports" of the affair again this morning on the train from Eastbourne to London to discuss the case with each other. After Mrs. Morrell died on Nov. 13, 1950, her body was cremated. The Crown says Adams hastened her death with massive doses of drugs to prevent her from changing her often-altered will under which he hoped to profit.

Adams pleaded not guilty when the trial opened in Old Bailey three days ago.

There was a flurry around the Old Bailey just before the morning session opened when Scotland Yard received an anonymous telephone call that a bomb had been planted in the courtroom where the trial is being held. A search failed to reveal any bomb but more plain-clothes detectives and uniformed police were called to guard the historic old building.

CHANGE IN LAW

The third day of the trial saw Adams still looking supremely confident. And since Tuesday night he was assured that even if convicted, he will not hang.

The House of Lords gave final passage to the bill previously approved by the House of Commons to limit the death penalty to certain types of murder. The Queen's signature will make it law.

Poisoners now are exempt from the gallows. Murders still punishable by hanging include shooting, killing of police or prison officers, killing during attempts at theft and killing while resisting or avoiding arrest.

First 100 Years Are The Hardest

PHILADELPHIA. —(P)— Mrs. Adaline Atkinson, observing her 105th birthday Tuesday, says "The first hundred years are the hardest." That, she explained, was why she put only five candles on her birthday cake.

"It's the second century that I'm concerned with. Let's not worry about the past. Come on, let's have a party."

Today's Chuckle

For an hour and a half the pastor droned on with his fervent sermon.

Finally he asked: "What more can I say?"

There was a pause. Then from the rear pew: "You might say Amen."

St. Patrick's Players Offer Fine Program

Two charming one-act plays were presented in St. Patrick's Church hall by the Parish Players, bringing to a close the traditional observance of St. Patrick's Day. Both plays were well cast and were played with verve and humour and excellent characterization.

The first, "Thanks Awfully," by Jean Lee Latham, requiring a cast of fourteen, was set in the living-room of Dick Montague and his sister, Dot's apartment. While studying art in Paris his fiancée, Marion Gatewood, had broken their engagement. His sister, unaware of this, taunts him with being a

"woman-hater" and tries to induce him to remain to meet the dozen lovely girls she is expecting for the evening, hoping that he will be attracted to one of them, leaving her free to marry the man to whom she is engaged.

The guests arrive and immediately vie with each other in their attentions to the handsome, attractive Dick, who, to pacify his sister, has agreed to remain but has wagered that he will be able to spend the entire evening with the two words, "Thanks awfully," for his share of any conversation. Complications ensue, providing delightful comedy, until the arrival of an unexpected guest, his former fiancée, who has had a change of heart and now, repentant, offers apologies and a desire to "make up." Dick, bound by his promise to his sister, can only respond with "Thanks awfully," and the romance appears to be beyond saving, but Dick manages to win his girl again, still using only the words, "Thanks awfully."

The role of Dick Montague was played by John Branswell; Dot, his sister, by Jean Paquette; Marian Gatewood, the girl, by Maria McKenna, Ann Marsh, Marian's friend, by Anne MacEachern; Carol, an athletic type, by Claire Mariasine; Edith, a born talker, by Violet Manes; Mrs. Dodd, martial and managing, Roberta Begbie; Mrs. Smythe, oozing "cultuah," Jeanne Packwood; Enid, the gushing type, Betty Drury; Nanette, a siren if there every was one, Doreen Wilson; Mrs. Hemingway, the motherly type, Barbara Sharpe; Mrs. James Gower, curt and waspish, Collette Boisvert; Caroline, so babyish, Sylvia Daniels; and Jane, an artistic soul, Phyllis Pottier.

The attractive costumes of the players added greatly to the effectiveness of this play.

Asbestos Guides, Scouts Join In Special Service

ASBESTOS. — The Asbestos Guides, Scouts and Wolf Cubs held a Baden-Powell "Scouts Own" church service at the A.A. Club House on Sunday afternoon.

The color party marched from the rear of the hall to the altar, where the Union Jack, Guide flag and troop and Cub flag were deposited.

The service opened with the singing of a hymn and the invocation prayer. The first lesson of the Old Testament was read by Guide Margaret Hook. A hymn was followed by the second lesson, read by Scout Tony Brocomb.

The affirmation of the Promise was given by the Brownies, Guides, Cubs and Scouts. The offering was taken up by the Scouts and Guides and the Offertory Blessing said.

A hymn was sung and the address was given by Rev. W. Edy. The service closed with a hymn and benediction.

Sewing Society At Sutton Plans Activities

The monthly meeting of the Grace Church Sewing Society was held at the home of Mrs. L. G. Holden.

The meeting was conducted by the president, Mrs. D. Fadden, when plans were made to do some redecorating at the rectory. A sugar social will be held in the near future and a Lions Club dinner catered to.

The meeting closed with the benediction. Tea was served by Mrs. Holden assisted by Mrs. A. Brown and Mrs. W. Bergeron.

The next meeting will be held on April 3 with Mrs. Robert Townsend, Mrs. Royce Townsend and Mrs. R. Miltimore, co-hostesses. Friends are cordially invited to attend.

GENERAL NOTES

Mrs. H. Lahue is canvassing for the Red Cross on Maple St.; Mrs. H. Miller on Western Ave., and several other volunteer workers are collecting on other streets.

Mrs. C. Patton entertained a foursome at 500 at her home.

Mrs. A. Miller entertained the Bridge Club at her home.

Mr. and Mrs. Howard Hastings have returned from a pleasant holiday in Florida.

Rev. R. Birge supplied for the newly organized Baptist Church at Val Royal, Montreal, on Sunday, March 17. It was an interchange of speakers, as Mr. Shelby, who has charge of the Sunday School at Val Royal was the preacher, morning and evening, at Sutton Olivet Baptist Church and also took the service at Mansonville Baptist Church on Sunday afternoon.

The St. Patrick's supper at the United Church hall was very successful with a large number present. Green decorations arranged on the tables lent everything a festive Irish appearance.

Miss Sandra Phelps, Mr. Roy Seaman and Mr. Ralph Davidson of Macdonald College, spent last week-end with their families here.

VALE PERKINS —

Mrs. Bertha Thayer has been a patient in the Orleans County Hospital, Newport.

Mrs. G. S. Lothrop Dies Following Short Illness

Mrs. George S. Lothrop, the former Ethel Victoria Hallett, died this morning in the Sherbrooke Hospital. She had been in failing health for about a year.

Born in 1888, the daughter of the late Mr. and Mrs. Charles Hallett, she lived most of her life in Sherbrooke, though her girlhood was spent in Waterville.

A devoted member of Plymouth United Church, she was active in the W.M.S. and the church guild until failing health forced her to curtail activities. She was also a member of the Rebekah Lodge.

Mrs. Lothrop is survived by her husband and four children, Noreen, Mrs. Alex Bayne of Ste. Foy, Stewart and Bruce of Montreal and Stanley of Sherbrooke, as well as seven grandchildren. Two sisters, Mrs. Richard Dix and Mrs. Arthur Cross also survive her.

The funeral will take place Friday afternoon at 2:30 p.m., at Johnston's Funeral Chapel, Rev. R. C. Tait officiating. Interment will be in Elmwood Cemetery.

Lowther's Second Appeal Heard In Montreal Today

The second hearing of an appeal by Geoffrey Lowther against a murder conviction is being held today before the Quebec Court of Appeals in Montreal. The second hearing was ordered after one of the judge's who heard the first appeal, died before rendering judgement.

Lowther was sentenced to hang for the murder of Gilles Murray at the Mount Orford Golf Club on Sept. 18, 1955, following conviction by a criminal assizes jury last year.

One of the points expected to come up for discussion at the appeal hearing today is the confession allegedly signed by Lowther after Murray's death. It was never produced at the trial and Lowther's attorney, Paul-Emile Brazeau has made repeated requests and motions before the courts to have the confession shown him.

Justice Gaston Desmarais overruled Mr. Brazeau when he made his first motion and the decision was taken to the court of appeals who upheld the Superior Court decision.

Last week, before Justice

Louis Philip Cliche, Mr. Brazeau took up the matter again. He made a motion to see the confession following an admission by Det. Sgt. Gaston Archambault of the Provincial Police that he had access to the records of the Crown Prosecutor.

During testimony at the hearing of the motion last week, Crown Prosecutor Roland Dugre admitted that during the hearing of the first appeal last fall he said he would show Mr. Brazeau the confession, but "I did not say when."

Following some sharp exchanges between Lowther's attorney and Richard Crepeau, representing Det. Archambault, Judge Cliche denied the motion made by Mr. Brazeau and ordered that he pay all costs.

Convention Of Witnesses To Open Thursday

Scores of delegates will be arriving in Cookshire Friday to attend a three-day training program of Jehovah's Witnesses to commence at 7 p.m. in the Victoria Hall. Since the first announcement by the Witnesses of the program, great planning and preparation has taken place and the organization for the convention is reaching great tempo this week.

The convention supervisor is Thomas R. Jones, district organizer of Jehovah's Witnesses for Eastern Canada. "The object of the program," said Mr. Jones, "is to encourage people to appreciate the Bible as a practical guide to living. Public morale requires a depth religion rather than a superficial appreciation of God and his purposes. God's Kingdom under Christ is the only real hope for humankind and people must be helped to appreciate it as a reality."

According to Mr. Jones over 200 delegates will come from the Eastern Townships to attend the program. The feature event of the program will be a public Bible lecture to be held on Sunday at 3 p.m. Mr. Jones will deliver the timely address "Removing the Barriers Dividing Mankind." All sessions are open to the public.

Successful Year Reported

Bruce Bishop, Dr. L. Laberge Again Head VON

The treasurer's report presented at the annual meeting of the Victorian Order of Nurses held in the MacKinnon Memorial Building yesterday afternoon, showed that the group had experienced a very successful year having had a balance of almost \$3,000 more than the previous year thus enabling them to pay off a loan for that sum. The report, read by Finance Convener Harry Blain indicated that a great deal of effort had been expended in assuring all of the services of the V.O.N.

This financial report was followed by a summary of the work of the nurses themselves, presented by Miss L. Germaine, R.N.

The Thrift Shop sale last year was not as successful as might have been hoped due to the lack of contributions to be put up for sale.

The Tag Day report showed a considerable increase over the proceeds of 1955.

Following a few short remarks by the President, Bruce Bishop, thanking all those who had made their services available to the V.O.N., the slate of officers for 1957 was presented and adopted:

Co-presidents Bruce Bishop and Dr. L. Laberge; vice-presidents, Leonce Cote and John Dunn; honorary secretary, Mrs. E. T. Webster; honorary treasurer, Curtis Bishop.

Lennoxville Branch committee: LaDue Norwood, Norman Welsh and William Fuller.

Finance convener, Harry Blain; Thrift Shop conveners, Mrs. H. S. C. Moffatt and Mrs. E. T. Webster; publicity conveners, John Dunn and Henry Delorme and governor, Leonce Cote.

The guest speaker for the afternoon was Dr. Laberge, Medical Director of the St. Francis Sanatorium, an expert on Tuberculosis. He gave a brief talk on the disease and its history, following which he showed a number of slides demonstrating the degrees and ravages of the disease, including some slides of silicosis cases. In each case, the slide was taken from an X-ray and it proved interesting to note the wonders of the cures activated by the antibiotics — an important method of prolonging the life of the tubercular sufferer.

The last slide of all was a dramatic footnote.

It was a picture of a small baby.

After seeing all the X-ray slides, this picture caused some amusement among those present. "No," said Dr. Laberge, "I did not make a mistake. I show this picture for a very special reason. These small children have no protection against the ravages of tuberculosis and it is imperative that every child have an inoculation as soon as possible. One can never tell when a nurse or sister may have T.B. unless they have an X-ray. Furthermore the disease is contagious and every effort must be made to prevent its spread."

The speech ended on a happy note.

"We are," said the doctor, "making strides in the eradication of this disease, having cut down the number of chronic tuberculosis cases."

Rotarians Told About Wonders Of The Rockies

The grandeur of the Canadian Rockies and the scenic beauty of the western provinces was shown to members of the Sherbrooke Rotary Club last night, in the film, Banff and Lake Louise, by E. W. Wakefield, supervisor of the Motion Picture Bureau of Canadian Pacific Railway in Montreal.

Mr. Wakefield introduced the film with a few general remarks about the two resort hotels, the Banff Springs and the Chateau Lake Louise, and the numerous scenic attractions within a few miles of each and advised the Rotarians that a trip through the Rockies would be an experience they would never forget. Scenes of wildlife, of trips along mountain trails and breathtaking views from the summit, of holiday pleasures in a unique atmosphere were featured in the film.

Mr. Wakefield was introduced by Frank Simms and thanked by John Ghikas.

Seated at the head table were Hawley Griffith, Eugene Lalonde, Mr. Wakefield, Mr. Simms, Mr. Ghikas, President Art Kerridge, Howard Nichol, and Jack Thompson.

George Laming of Malden, Mass., was the only visiting Rotarian, while guests included Frank Knutson of Waterville and S. J. Breen and J. L. Pinard of this city.

Health Card System For Food Handlers Praised

Health cards, distributed by the local Health Unit after examining employees of establishments where food is handled, will continue to be used, Ald. Gerard Berard, chairman of the hygiene committee, announced when he presented the annual report of his department to the City Council recently.

He congratulated Dr. Emile Poisson and the inspectors of the Health Unit for the "excellent work they accomplished". The Council adopted this system of guarding public health in a by-law, proposed by Ald. Berard, last October.

Ald. Berard noted that 390 employees received clean bills of health since the project began. To arrive at these results, the officials made 1,642 blood tests and 242 diphtheria tests. He said that at this rate all the employees of such places as restaurants, grocery stores, bakery shops, etc., will have been examined in the next few months.

"It is hoped," he added, "that the system of health cards will extend soon to other trades."

In the report prepared by Dr. Poisson, 10,301 visits were made to homes during the year. During these visits, 1,280 health talks were given and 22,720 health pamphlets were distributed. Other educational interviews numbered 1,801.

Under the item of group and collective educational matters, 431 organizations, 9,517 students and 500 people benefited from talks regarding health protection. In one public meeting, only 32 people were present. Movie pictures demonstrations numbered 13 when 443 people attended. Press releases totalled 144.

The inspectors confiscated 6-123 pounds of meat of the 3,262-064 pounds that passed through the slaughter house, the butchers, the public market and the preserve makers.

Last year 506 cases of con-

gluous diseases were reported but 217 others were discovered by the Health Unit. House visits numbered 498 and 1,761 suspicious cases were investigated. During their 177 school visits, the medical officials found 22 pupils with contagious diseases.

The fight against tuberculosis continued with 20 new cases adding to the existing 281 old cases. Tests for tuberculosis amounted to 1,473. In the 50 clinics, 2,829 persons were examined.

Other details of the report are as follows:

Distributed to doctors: Anti-diphtheria serum, 493,000 units; anti-lockjaw serum, 1,524 units; anti-chicken pox vaccine, 1,524 points, and anti-typhoid fever vaccine, 1,730 c.c.; globuline gamma, 840.

Vaccinations and immunizations completed: Anti-chicken pox successful, 1,488; anti-typhoid fever, 36; anti-tuberculosis (BCG), 1,310; DCT immunization: completed, 1,255; recalled, 1,248; anti-polio vaccine, completed, 3,088, and recalled, 1,054.

Also included in the report are details of infant hygiene; school children's health; dental care; inspection of dairy products, foods and sanitation facilities as well as laboratory tests on water, research in diphtheria, typhoid fever and tuberculosis.

Hon. Camille Pouliot To Address Game Clubs Rally

Hundreds of sportsmen, members of the various fish and game clubs will get together on Sunday, at the Hotel Sherbrooke, to study a program of better conservation and management of fish and game resources at a convention of the Eastern Townships Fish and Game Clubs Association.

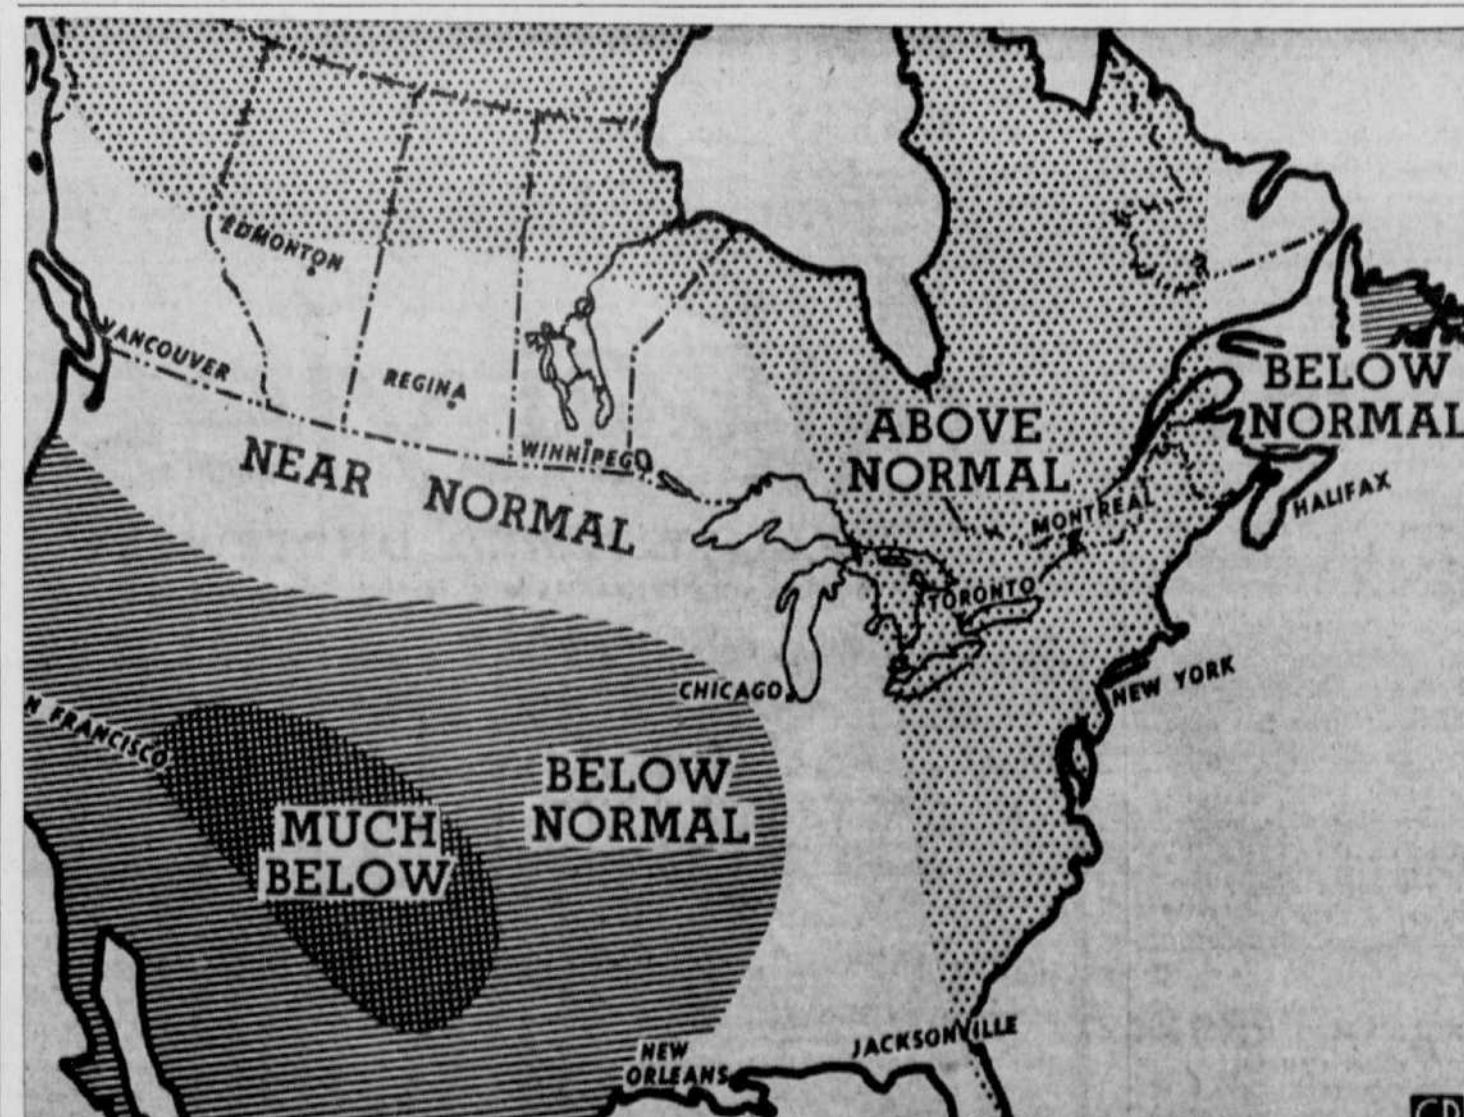

Richard Seguin, fisheries biologist of the Department of Game and Fisheries of the Province will speak about lake management in view of improving the sport of fishing. Mr. Seguin has studied many lakes of the region, namely the Nicolet, Bowker and Little Lake Magog.

The guest speaker at the forum on game management and deer protection will be another well known biologist, Dr. Hilbert R. Seigler, chief of Management and Research division, Fish and Game department for the State of New Hampshire. He is the author of a paper entitled "Has the lack of a Bucklaw harmed New Hampshire's deer herd?" which was presented in March 1951 at the North American Wildlife Conference, in Washington.

These experts will be heard Sunday afternoon. At the closing banquet the guest speaker will be Hon. Camille Pouliot, Minister of Game and Fisheries. The first meeting is scheduled for 1 p.m. Every one interested is invited to attend this convention, but the delegates only will have the right to vote.

Ladies are welcome and a special program is being prepared for them.

Ontario Prosecutes Telegram

TORONTO — (P) — Attorney-General Roberts of Ontario announced Tuesday he is launching a prosecution against the Toronto Telegram under the Lord's Day Act for publication of a Sunday newspaper last Sunday.

Mr. Roberts also told the Ontario legislature he is consenting to prosecutions against Toronto's two other daily newspapers — the morning Globe and Mail and the Evening Star — as well as the CBC and radio station CKEY.

John Bassett, publisher of The Telegram, said C. L. Dubin, Q.C., has been retained to represent The Sunday Telegram.

Mr. Bassett said: "The attorney-general has acted quickly and, in my opinion, with courage. I have no comment to make, as this issue must now be considered sub judice, except to say that I believe the publication of the Sunday Telegram to be within the law and, with such distinguished co-defendants, I feel sure this whole matter will be thoroughly aired."

The morning Globe and Mail issues its first Monday edition Sunday night. The Evening Star does not issue a paper on Sunday.

The CBC operates two radio stations in Toronto, CBL and CIBC, and television CBLT. CKEY is owned by Jack Kent Cooke, owner of Toronto Maple Leafs of the International Baseball League.

They Don't Care

PARIS (P) — The district prefect of Pontoise, a Paris suburb, sent questionnaires to 3,500 army conscripts in his area to find out how much they knew about their government. Only 15 per cent wrote back that Guy Mollet was Premier, while 70 per cent said they weren't interested or didn't know.

MACMILLAN

Continued from Page 1

Macmillan said on departure Tuesday night: "I am confident a great deal will be gained by this meeting because it will be in the spirit of friends who have worked together in the past, and who are trying to work together in the difficult times of today."

"I never believe these meetings achieve solutions to all the great problems, but you can lay the foundation for a solution to the problems as they come up week by week and month by month."

Improvement in Eisenhower's health was reported as he approached Bermuda following a head cold, a cough and an ear ailment.

One subject on which the two countries are expected to remain divided is policy toward Communist China. Macmillan is expected to ask Eisenhower to ease the trade embargo now imposed against China but observers believe there is little chance for gaining a presidential concession.

'Murder By Mistake' In Montreal

MONTREAL — (P) — An error by a drug store clerk led to the "murder by mistake" of Jack Liberman, a Montreal real estate man, police said Tuesday.

Detective Captain Russell Senecal said a woman sought in connection with Liberman's death apparently drugged his drink with deadly potassium cyanide, thinking it was potassium bromide, which would only have knocked the victim out.

Liberman was found in a motel room March 9. He had registered as "Mr. and Mrs.," using the name of a business associate.

Police said the woman believed to have administered the potassium cyanide had ordered potassium bromide in a drug store but received the poison through an error. Police traced the drug through a wrapper found in the motel.

Thursday's broadcast will be staged at the Rotary Club of East York Meeting.

Talk On Wills Given At Border Rotary Meeting

ROCK ISLAND — The importance of making a will that complies with the laws and disposes of your estate as you wish was the subject of an interesting talk by Andre Langlois at the regular meeting of the Rotary Club of the Boundary. The meeting was held at the Del Monty Hotel, with the president, Ernest Sutton, presiding.

Mr. Langlois spoke of the necessity of having a will so made that you could be sure that your possessions would go to the persons you wished to have them, and stated that it was wise to consult an attorney before making a will, in order to be certain that you had complied with the laws and regulations governing the disposal of property.

He said that a will written by yourself in your own handwriting and signed by you was acceptable, and was the simplest form. Wills could be made before a notary and properly signed and witnessed and wills could be revoked or modified according to changes in circumstances.

Mr. Langlois especially stressed

Commons Approves CNR Cut

OTTAWA (CP) — The 1957 spending program of the CNR—curtailed because of its possible effect on inflation—has been approved by the Commons railway committee.

The committee gave its okay to the expenditures late Tuesday night—after its annual scrutiny of CNR affairs—following a statement by company President Donald Gordon that the management has severely restricted capital outlays because of possible inflationary effects.

Mr. Gordon told the committee that, while the government-owned system plans \$268,707,000 spending on capital projects this year, it had shaved \$120,000,000 off the cost of projects recommended to the management by field officers.

While the program was up from the \$233,000,000 of 1956, this year's projects consisted largely of expenditures for which the company had been committed before the start of the year.

"In the course of this screening," he said, "we made reductions totalling some \$120,000,000."

The committee also endorsed the operating budget of the CNR, calling for a \$7,700,000 surplus in 1957, and the 1956 annual report showing a surplus of \$26,100,000.

Rene Monty introduced the speaker, a friend of college days, when they had studied law together. Mr. Langlois was thanked by Earl Heath for his enlightening talk.

The members of the club spent an additional half hour getting the Easter Seals for Crippled Children ready to mail, and will make that work the feature of their next meeting.

Frank Jenne of Newport was present as a visiting Rotarian.

UNEF Aids In Drug Trap

UNITED NATIONS, N.Y. — (P) — The United Nations Emergency Force said Tuesday it has helped break up a narcotics ring that tried to get UNEF personnel to smuggle \$500,000 worth of opium from the Sinai Desert to lower Egypt.

A UN announcement issued here and in Cairo said "several smugglers" were captured March 9, the day the opium was confiscated, some of them "after a dramatic night raid involving an exchange of fire."

The announcement was based on a report on the case of Sgt. W. R. Brocklebank, a member of the Royal Canadian Army Provost Corps, attached to the UNEF military police.

UNEF, it said, helped trap the ring in the Sinai Desert and in the Deir el Ballah area in the Gaza Strip, in co-operation with Egyptian police of the El Qantara area, on the Suez Canal.

PENSION INCREASE

which was adjourned for consideration today of the government's final requests for spending appropriations in the fiscal year ending March 31.

LIBERAL REPLY

William Benidickson, Parliamentary Assistant to Finance Minister Harris, spoke Tuesday night in reply to some of the opposition points.

He said the Conservatives are free in criticizing federal spending while calling for even further expenditures. Yet Conservative governments in Ontario and New Brunswick this year had proposed record expenditures.

Earlier, Mr. Macdonnell said the budget had done nothing for those bearing the brunt of inflation—pensioners, those on fixed incomes and those whose wages don't keep up with rising prices. Mr. Benidickson said the opposite, and estimated that \$4,500,000 persons will benefit from increased welfare payments; higher old age pensions, family allowances and veterans' payments, and the provincially-shared programs of aid to the needy between 65 and 69, the blind and disabled.

Mr. Benidickson said the budget had shown "restraint and responsibility" in the face of inflationary pressures. However, the rate of personal income taxation in the last five years had been reduced by some 25 per cent for most Canadians. Corporation income taxes were below those in the United States.

OPEN WAR

Continued from Page 1

The many facets of the crisis were emphasized in a series of developments Tuesday: Highlights:

1. Secretary - General Hammarskjold took off from New York on a two-postponed flight to Cairo to talk over "issues of immediate practical significance." He said he might also visit Jerusalem.

2. Egypt made plain in a memorandum to foreign diplomats in Cairo she intends to run the Suez Canal on her own terms. Tolls must be paid in advance to the government's Suez Canal authority in Egypt "or its nominees."

3. A UN spokesman in Cairo denied a Monday report by radio Cairo, which quoted Gaza Governor Hassan Abdel Latif, that UNEF troops had agreed to evacuate towns of the Gaza Strip within 48 hours and deploy exclusively along the 1949 armistice line. The UN spokesman said no time limit was yet fixed for this shift.

4. Israel, with three chartered vessels under foreign flags already plying the Gulf of Aqaba - Red Sea routes with her mail and commerce, looked about for an Israeli flag ship to make a test run.

5. An Israeli military patrol battled an army gang of 10 Arab infiltrators for an hour Tuesday in the Gili area of southern Judea, an Israeli army spokesman said. He added the Arabs withdrew into Jordan territory without inflicting any casualties on the Israelis.

GREENSHIELDS STOCK MARKET

Stock prices moved a shade lower during quiet trading yesterday. Aluminum was up 1/2 at 117, B.A. Oil up 1/2 at 47, Can. Husky up 1/2 at 16 1/2, Canadian Oil up 1/2 at 27 1/2, Cons. The Dominion Bureau of Statistics estimates that total foreign investment in Canada amounted to over \$15 billion at the end of 1956 representing an increase of \$1.5 billion during the year. United States investment in Canada at December 31, 1956 is estimated at \$11.5 billion or more.

The Dominion Bureau of Statistics estimates that carloadings on Canadian railways amounted to 73,635 during the week ended March 7th, 1957 and were 4% lower than in the corresponding week a year earlier. The total from the beginning of the year amounted to 667,981 or 7% lower than in the same period a year earlier.

It is understood that Kennecott Copper Corporation is combining with the Hudson's Bay Company in a joint exploration program in the Northwest Territories.

For the year ended Dec. 31, 1956 Canadian Oil Companies Ltd. reports a net profit of \$1,839,230 or \$1.80 a share compared with \$1,805,550 or \$1.28 a year earlier. Earnings per share figures are based on present capitalization.

Powell River Company reports a net profit of \$10,906,108 or \$2.60 a share compared with \$12,197,018 or \$2.90 a year earlier. The lower earnings last year are attributable to providing depreciation on a new plant not yet in operation, weakness in the lumber markets and the high rate of discount on U. S. exchange.

Waite Amulet Mines Ltd. reports a net profit of \$5,435,626 or \$1.65 a share compared with \$7,390,784 or \$2.24 a year earlier. Westburne Oil Co. Ltd. reports a net profit of \$55,138 compared with \$50,987 a year earlier.

Steel productions in the U.S. dropped from 94.2 per cent to 93.8 per cent of rated capacity last week. Recently however, incoming business has been slightly stronger than it was a month ago.

Great Plans Development Co. of Canada Ltd. reports a net profit of \$605,995 or 64 cent a share compared with a net loss of \$138,860 in 1955.

SPRING, SWEET SPRING

"April showers bring May flowers,"
How the poets love to rhyme and ring
Of this season, daft of reason,
Gentle, lovely, lovely spring.
Two more sneezes, that's spring breezes,
Blowing o'er the land.
Blast the poet — wouldn't you know it?
Verses written by a man.
Flowery fields and soft green meadows
In a picture, when our mind's asleep;
Snow white lambs are fast asleep.
Well, my lambs are fast asleep.
See me shudder, I'm allergic as I scan
Spring's fair portrait, painted by a man.
Be the poet, or the artist slightly "motherwise,"
They would paint, or write the version otherwise.
Muddy boots and overshoes
Soggy socks and clammy feet
Hacking coughs and runny noses
(And the poets call it "sweet")
Minus hanky, everyone's cranky!
Gentle spring, so soft and pudgy!
All my floors are nice and muddy;
By the fire I sit and huddle me
And let the poets sing and the artist brush
Through this dreamy season's slush.

QUEBEC CENTRAL

Loyalist Model Village Is Under Construction Now

MORRISBURG, Ont. — As giant earth-moving machines carve out the St. Lawrence Seaway here, construction is also under way on a reminder of the past.

The St. Lawrence Parks and Development Commission is building an authentic United Empire Loyalist village to commemorate the first settlers in this area.

The project, a symbol of Canada's progress, will consist of a Loyalist post office, the famed Cook's Tavern, a church, three homes, a farm complete with animals, and a smithy.

More than 1,000 of the Loyalists' tools were gathered in the Morrisburg area and stored until they can be placed in the museum village.

The site will be named "Upper Canada Village," located at the Crysler's Farm battle memorial park about four miles northeast of here.

In addition to the hand-made tools of 175 or so years ago, the commission is collecting self-manufactured furnishings and fineries.

They will all be placed in the buildings in Upper Canada Village to make them as closely representative as possible to life in the 1790-1865 era.

Ninety per cent of the collected items are hand-made, the commission says.

Most were hewn from trees and include simple necessities like washboards and butter bowls — some made from knotted hardwood trees.

Loyalists' ingenuity was often

tested by articles like the butter churn in the collection which allowed a person to sit down while he pushed the pedals to churn the cream.

Biggest problem faced by the commission is probably the moving of Col. Johnny Pliny Crysler Sr.'s mansion from two miles east of the town to the new site.

Movers say it will have to be divided into three parts for moving equipment to accommodate it.

Plenty Of Readers For Far Northern Travelling Library

Dawson Creek, B.C. — Don Bell and Vincent Richards of Dawson Creek operate what is probably Canada's farthest north travelling library. The job may have its problems, but finding readers isn't one of them.

"We just can't fill all the requests," says Bell, a 32-year-old graduate librarian from the University of Washington.

He and Richards, his 23-year-old British-born assistant, are employed by the British Columbia government to deliver books to schools and isolated communities in a 110,000-square mile area along the Alaska Highway, from Dawson Creek to the B.C.-Yukon boundary.

Reading tastes in the North vary like elsewhere, but books on the North are tops in popularity, Mr. Bell said.

At their Dawson Creek headquarters, a former army hut soon to be replaced by a new \$160,000 building, the two librarians have about 25,000 titles to work from. However, some of the requests they get are so unusual they are referred to the provincial library

at Victoria.

A trapper living at Mile 830, just over the Yukon side of the boundary, asked for books on fly tying, preparation of furs for market, boat building, construction of small organs, painting and piano playing.

Another regular customer, a trapper at Mile 596, wants nothing but works by Shakespeare "and other real heavy stuff," Mr. Bell said.

Recalling some of his experiences with the delivery truck, Mr. Bell said: "They forgot to tell us a lot of things in library schools."

He said he was rounding a corner along the mountainous Cassiar Road last summer to suddenly find there was no more road ahead.

"It had fallen away and I couldn't turn around. After a while, a bulldozer appeared on the opposite side. While I waited, the operator carved a new road from the side of the mountain."

Dog teams are used occasionally for trips to outlying settlements.

SOUTH DUDSWELL —

Mr. Elmer Andrews motored to Montreal for the week-end, where he visited his sister, Miss Mary Andrews, who is a student at Macdonald College.

Miss Sharon Campbell, spent the week-end in Cookshire, where she was the guest of Mr. and Mrs. L. Matthews.

Recent visitors of Mr. and Mrs. Raymond Campbell have been Mr. and Mrs. Frank Aniers and family, of Stanstead, Mr. and Mrs. C. Gilbert and Master Brian Gilbert, Mr. and Mrs. L. Matthews and family, Mr. and Mrs. Richard Markey and Mr. David Markey, of Cookshire and Mr. Oren Campbell, of Bishop-ton.

Pipe Organ Labor Of Love Taking Six Years Work

NEW WESTMINSTER, B.C. — A 75-year-old New Westminster man is nearing the end of a labor of love that has taken six years.

Alfred Lloyd is building a pipe organ. He hopes to complete it "sometime this summer."

It will be installed in an alcove of the living-room of his home, with the largest pipe — 10 feet long — protruding through the floor.

In all, Mr. Lloyd has carved 229 pipes for the organ from the finest white pine he could find. During the years of construction, he said, some 28,000 feet of wire has been wound for armatures for the organ.

All of the pipes are precisely measured because "you have to be pretty accurate when you make one of these or you will get just a noise instead of music," he told an interviewer.

In addition to the wooden pipes, there are 61 metal pipes. The smallest is only slightly bigger than a tube-shaped "penny" whistle. Wiring has been installed to permit the addition of 73 more in the future.

"I'm not in a hurry," Mr. Lloyd says. "I've nursed the idea of building this organ for years, and now I work on it when I find time."

He retired in 1947 after 20 years as an iron moulder. Mr. Lloyd estimates a manufactured organ similar to his would cost about \$6,000. Using his own hands, he has been able to make one for only \$500.

Toymakers Rush Santa Season--

Some of us haven't even completely paid off our bills for last Christmas — and the toymakers are already making noises like next Christmas. Here are some new toys recently displayed at toy fairs here and abroad. At right, two-year-old Erica Layte goes elephant-riding, aided by the strong shoulders of an assistant at the annual British Toy Fair at Brighton, England. The jumbo "Dumbo" is the largest toy on display at the exhibit, where 200 toy manufacturers displayed their wares.

"PHONEY" TOY — There's double joy in this new toy which combines a doll with a play telephone. In the doll's red plush body there's a dial, with a matching receiver attached to the cradle by a cord decorated with tinkling bells. It was recently introduced in New York City.

HE'S SAUCER-EYED — Junior spacemen like this New York youngster can start their own satellite program with this new toy truck that launches flying saucers. The satellite launcher, made of polyethylene, hurls the saucers 35 feet in the air.

Loss Of Old Port Arthur Building Marks End Of Era

Port Arthur, Ont. — The loss by fire recently of an old building in central Port Arthur marked the end of an era which began in the 1880s.

The building on Park Street was first used as the town jail, offices and police station. Later it was used solely as a jail. And when the jail was moved to another part of town in 1906 the old building continued to serve, as a livery stable.

With the coming of the automobile its usefulness as a livery stable vanished, and the building became headquarters for the voluntary fire department.

A large brass bell was hung over its door, and its ringing told firemen when and where an alarm was turned in. One ring meant a certain district, two rings another, and so on.

That bell served many purposes. It also sounded the curfew for all under 16 years of age, every night at 9 p.m.

It rang in time of emergency, and one of the best-remembered was the time it rang at 10 p.m., early in the century. About half the town's residents gathered, wondering what was happening.

The town fathers had heard that a train-load of immigrants had contracted smallpox, and were to be left at Port Arthur. A crowd gathered to await the train, some with pitchforks and clubs to resist an attempted landing, but everything was settled

South Bolton Women's Institute Annual Meeting

SOUTH BOLTON — The annual meeting of the W. I. was held at the home of Mrs. O. Whightman when several new members joined during the afternoon.

A notable feature of the afternoon was that the first meeting of the Institute was organized in the same home on October 31st, 35 years ago, with Mrs. Horace Greene as hostess. Mesdames Perkins, Plim and Cameron were present at both meetings, but Mrs. Wedge and Mrs. Coates were absent at this meeting.

Routine business was taken care of and plans were made to hold a supper at a later date for the benefit of the W. I.

Conveners reported activities of a successful year and officers and conveners were all re-elected. An interesting program was prepared for the coming year by Mrs. Albert Cameron and Mrs. Russell Coates.

A quantity of wool was donated by Mrs. Hamilton and knitting will be done by the members for the Cecil Memorial Home.

Birthday cards were signed to be sent to Mrs. McGill, Mrs. O'Reilly and Mrs. Cameron.

A pleasant afternoon was brought to a close by the serving of refreshments by the hostess and her helpers.

General Notes
Mr. Leech, of Pottton, has been in Sweetburg Hospital for some time, suffering from a heart condition. His daughter, Miss Wanda Leech, came home from Montreal each week-end to see him. Mr. Earl Schoolcraft, of Knowlton, was a recent guest of his son, Mr. Ormand Schoolcraft. Miss Bessie Gaylor, of Waterloo, spent the week-end with her father.

Minton W. I. Returns Officers For Second Term

MINTON — The March meeting of the Minton W.I. was held at the home of Mrs. Monroe Wilson with one guest, Miss Isabel Cunningham, of Halifax, present. The president, Mrs. Charles Styan was in the chair and the roll-call was the payment of dues and a joke.

The secretary, Mrs. Grace Conner read the minutes and Mrs. John Jenkin, treasurer, read the yearly report, showing a balance of \$124.29 on hand.

The annual reports of the officers and conveners followed, and Mrs. Charles Styan gave a report of the executives meeting held at Beebe. Mrs. Grace Conner was asked to write Mrs. Howard Cass in regards to rummage.

The meeting was then turned over to the nominating committee, with Mrs. Reg. Conner reading the list of last year's officers which was accepted for another term.

A small donation was made to the Red Cross Campaign and the Round Robin, donated by Mrs. Styan was won by Mrs. Reg. Conner.

Refreshments were then served by the hostess, assisted by her sister, Miss Alice MacRae.

General Notes
Friends of Mr. Ken Dean will be pleased to know that he is much improved, after his recent illness.

Mrs. Bailey is visiting at the home of her daughter in Magog.

Mr. and Mrs. Charles Styan have as their guest Mrs. Styan's sister, Miss Isabel Cunningham, of Halifax.

Weekend guests at the home of Mr. and Mrs. Garnet Card were Mr. and Mrs. Robert Harper and children, Linda, Valerie, Jimmy and Jo, of Bury.

BROOKBURY —

Friends of Mrs. Diantha Batley will be sorry to hear she has suffered a slight stroke.

Mr. and Mrs. Scott Allison and Miss Betty Allison, of Lennoxville, were weekend guests of Mr. and Mrs. Lionel Allison.

At Beta Spring Showing It's Feminine Flattery In Lightweight Fabrics

Lightweight fabrics and soft, graceful lines in both slender sheaths and flattering full-skirted models were the dominant trends in spring-summer fashions shown at the Beta Sigma Phi fashion revue, "Breath of Spring", last night.

The Sherbrooke High School auditorium was filled to capacity with style-conscious ladies eager for their first glimpse of what the fashion world had to offer locally for the new season. In a setting bedecked with multi-colored flowers and springtime motifs, the ten models paraded their feminine finery.

Miss Constance Brown, of Montreal, was commentator and the models included, Mrs. Bert Paquet, Mrs. Russell Marois, Miss Doreen Wilson, Mrs. W. Black, Mrs. Gerald Spafford, Mrs. Robert Beaudry, Mrs. Urbain Boutin, Miss Rita Boutin, Miss Anita Doucet and Miss Yolaine Nobrega with Mrs. Ian Sanderson and Mrs. G. Curphey modelling the bridal scene gowns.

The spring and summer clothes, all shown by Miss Therese Miller, of Salon Femina, featured the soft, feminine look, the straight sheath styles of last year taking on added fullness at the hip line or graceful draping at

the neckline. The back bows and streamers which created a sensation a year ago, were back again in the cocktail models where very full skirts with unpressed pleats were the mode. Necklines ranged from straight to the bateau to the round to the deep V at back for late day wear, while high necklines and shawl collars seemed favoured for a number of daytime creations. Neckline trimming of bows, ruffles or piping was used for added interest.

The bolero was a favorite last night and the short jacket and cape also made a noticeable appearance. Also featured were a number of coat and dress ensembles in lightweight silk and fibre combinations.

The shirtwaist style dress was a popular new creation and appeared in gay silk prints for afternoon wear. The long torso, empire line, waistline detail and more fitted sleeves were trends which seem to be in for the season.

A number of bold, colorful prints stole the limelight last night from the more subdued, though ever popular, navies and greys. Browns and beiges, black with gold, black with white, multi-colored flowers and a vibrant purple were used with stunning effects.

Cottons played a prominent part, especially for summer wear and some cocktail creations. Silk, dacron, orlon, nylon and numerous fibre combinations, appearing in a variety of finishes, gave a lovely new look to the season's styles.

The "piece de resistance" of the show undoubtedly came with the concluding bridal scene, when Mrs. G. Curphey as the bride, appeared in a bouffant gown of pale blue organza to be followed by the bride, Mrs. Ian Sanderson, resplendent in a gown of tulle over taffeta, trimmed with Spanish lace appliques, a faint pink cast being given by an under layer of pink tulle. These were creations of Mrs. F. Steben.

Hats, appropriate to each ensemble, were shown by Miss Collette Rousseau, the straw cloche being the most popular, although the wide-brimmed varieties also appeared many times. Capes and cape stoles in mink and other furs, were supplied by Martin and Co., gloves by Austin Glove Mfg. Co., jewellery by Hart's, and cosmetics by Dabary from Chagnon's Drug Store.

Jack Lenaghan was pianist for the show. Lighting was supplied by Donahue Electric, flowers by Paul McKenna, decoration by Woolworth Co., and Zellers Ltd., and staging by Wm. Lavallee Const.

A number of door prizes were supplied by various merchants of the city. The entire proceeds of the show are turned over to the Child Welfare Clinic.

If your budget allows it, by all means have in your wardrobe at least two pretty robes and three or four feminine and frilly nightgowns. They'll add to your own estimate of the way you look.

In The Women's Sphere

HERE COMES THE BRIDE, lovely and fresh as a spring breeze, in the creation that climaxed the Beta Sigma Phi fashion showing last night in the Sherbrooke High School auditorium. Mrs. Ian Sanderson here models the bridal gown fashioned by Mrs. F. Steben, while Mrs. G. Curphey, bridal attendant, looks on. (Record photo by Gerry Lemay)

Mrs. Desmond McKeon with her daughter, Maura, of Granby, spent the weekend with the former's parents, Mr. and Mrs. W. Parkinson, High St.

Miss Marlene Hayes has returned to the St. Joseph's Teachers' College, in Montreal, after spending the mid-term holiday with her parents, Mr. and Mrs. Leslie Hayes and family, Vimy St.

Mr. and Mrs. John Hayes, of Thetford Mines, spent the week-end with the former's mother, Mrs. Harold J. Hayes, Ontario St., and attended the celebrations in honor of St. Patrick's Day, on Sunday.

Mr. Glendon Pope, Miss Shirley Pope and Miss J. Bayley, of Thetford Mines, accompanied by Mrs. O. O. Pope, of Lennoxville, were guests for the weekend of Mr. and Mrs. Jack Boyle, of Montreal.

Mr. and Mrs. Harold Worster have returned to their home on Prospect St., Lennoxville, after spending the weekend with Mr. and Mrs. Archie Kinnear of Thetford Mines, where they attended the Dedication Service of the Thetford Mines United Church, on Sunday.

Miss Marina Ferguson, on the staff of Regina Assumpta, of Montreal, was the guest of her brother and sister-in-law, Mr. and Mrs. S. Ferguson and family, Eighth Ave., for the weekend.

Friends of Mrs. Arthur Drennan, Warren St., Lennoxville, will regret to learn that she is a patient in the St. Vincent de Paul Hospital.

Mrs. Bryce Smith entertained at her home, Downs St., Lennoxville, on Saturday night, at a linen shower in honor of Miss Melba Wheeler, of Bulwer, an April bride-to-be.

The green and yellow color scheme, maintained throughout the home, harmonized with a lovely corsage given Miss Wheeler, by the hostess and while the guest of honor was being ushered into the living room, Mr. Earl Fearon played the Bridal Chorus.

The shower gifts, done in colorful trappings, were presented to the bride-elect, in an attractively decorated basket, by Mrs. Smith, who voiced the best wishes of the group for a happy future.

Mrs. Clinton Smith, of Sawyerville, entertained the guests during the evening with several piano selections, after which refreshments were served by the hostess, assisted by Mrs. Della Bowman and Mrs. A. Fraser.

Mrs. Douglas Grapes, of Bulwer, and Mrs. Clinton Smith, of Sawyerville, sisters of the bride-to-be, poured at the dining table arranged with a lace cloth, spring flowers in a low crystal bowl and green tapers in crystal candlesticks.

Miss F. Macdonald Heads Municipal Chapter IODE

At the forty-fourth annual meeting of Municipal Chapter of Sherbrooke, I.O.D.E., held at I.O.D.E. house, on Monday night, Miss Frances Macdonald was elected regent. Other officers were: 1st. vice-regent, Mrs. R. Havard; 2nd. vice-regent, Mrs. A. A. Munster; 3rd. vice-regent, Mrs. A. R. Jewitt; secretary, Mrs. George Smith; treasurer, Mrs. R. L. Bishop; assistant secretary, Miss Edith Goodin; educational secretary, Mrs. R. D. Wells; Echoes secretary, Mrs. G. Foreman; organizing secretary, Mrs. R. Wheeler; Services at Home and Abroad secretary, Mrs. R. M. Loughheed; Standard Bearer, Mrs. Charles Varney.

Mrs. E. B. Sims presided at the meeting which opened with the usual procedure.

The Municipal secretary, Mrs. George Smith, reported a very busy and interesting year. Nine regular meetings were held, two executive and two House committee meetings. All Chapters partook in Municipally-sponsored projects such as backstage hospitality at the Dominion Drama Festival in May, tag days in June, a giant rummage sale at the Belvedere St. Armoury in October, and a recital by Malcolm Troup in October at Bishop's University Auditorium.

Many Municipal members had attended the National annual meeting held in Quebec in May, and the Provincial annual meeting held in Montreal in April, to both of which the Municipal regent had been the delegate, and subsequently gave fine reports thereon. Several members had attended the semi-annual Provincial meeting in Hull in October.

After ten years of ownership, many improvements were found to be necessary to the I.O.D.E. house. The second floor apartment was completely renovated, the roof insulated, the heating system renewed, the electric wiring modernized, and the old verandahs replaced. To finance these improvements, a mortgage had to be secured.

The regent, Mrs. E. B. Sims, appeared on CHLT-TV in October to speak on the work of the I.O.D.E. in general and the Malcolm Troup recital in particular. In November, Mrs. Sims spoke over Radio Station CKTS on the Municipal Chapter's annual project of giving Christmas baskets to the needy and Mrs. R. M. Loughheed spoke on the welfare work of the Order in Sherbrooke.

Individually, the Chapters carried on their own particular projects, raising funds by holding teas, dances, a Sherry Party, rummage sales, etc., and expending these funds in bursaries, scholarships, school prizes, welfare work, etc., as will be seen by the reports of the various secretaries and conveners which follow.

The educational secretary, Mrs. E. T. Harbert, reported that two Agricultural Scholarships had been awarded during the year, and a Domestic Science Bursary. The Quebec North Shore Bursary enabled two boys from the Magdalen Islands to attend school in Quebec. Miss Roberta Musty was awarded the Myrtle V. Loomis Bursary to study nursing at the Sherbrooke Hospital, and Miss Sylvia Gentry was awarded the Elizabeth Thomson Bursary to attend Bishop's University. Several prizes were given in the Sherbrooke High, Mitchell, Lawrence, East Ward and Island Brook Schools. Books, pictures of the Royal Family, subscriptions to magazines, such as Canadian Geographic Journal, Canadian Nature Magazine, Saturday Night, etc., were placed in the schools. In all a total of \$903.65 was spent in educational work by the Chapters.

The Echoes secretary, Mrs. G. Foreman, reported all members had subscribed to the Order's official magazine, and that their activities had been recorded in the Christmas issue under the title: Quebec Province Reports a Year of Achievement.

Mrs. R. Wheeler, organizing secretary, reported a membership of 186 in six chapters, and that increasing activity had been shown by all.

Mrs. R. M. Loughheed, Service at Home and Abroad secretary, reported all Chapters had been very active in welfare work. Some took over needy families completely, visiting them and supplying them with food, clothing, monthly allowances, fuel oil, and other necessities. 115 articles of used clothing and 308 pieces of new clothing were given out in Sherbrooke, along with six complete layettes to needy mothers; 12 food parcels were sent out, drugs to an ill mother, and many other forms of assistance; 3,217 quarts of milk were supplied to families with children. At Christmas time, 44 baskets of food were delivered. Five children were sent to summer camp. 110 hours of voluntary work were given to the School for Retarded Children by Alder-shot Chapter, as well as supplies and toys. 791 hours of service were given to the Cancer Clinic.

The Remembrance Day Service at the Cenotaph was marked by the laying of a wreath on the monument in memory of our fallen heroes. Many Municipal members were present, including the Standard Bearer.

Two shipments of good used clothing were sent overseas, also a quantity of socks and nursery bags. Generous donations were made to the Korean Fund to supply powdered milk to Korean

children and to send additional supplies of X-ray equipment for a machine previously donated. The Quebec Emergency Relief Fund was also set up to aid Hungarian refugees.

In all a total of \$2,747.80 was spent on welfare work in the city and elsewhere.

The Standard Bearer, Mrs. Charles Varney, reported that she had raised the Standard at all Municipal Meetings, at the National and Provincial annuals and at the Remembrance Day Service.

Mrs. F. P. Kenalty, Immigration and Canadianization convenor, reported that all new Canadians receiving their citizenship papers at the Court House had been welcomed by herself and other members of the I.O.D.E., and had been presented with the Order's decorative and informative greeting cards, 23 in English and 12 in French. Scrapbooks had been made and shipped to Quebec for immigrant children

arriving at that port. Mrs. G. Bennett, Commonwealth Relations convenor, reported that a Pediatric Ward was being established in a hospital in Indore, and that Dr. Q. Jahan, from Pakistan, was being assisted in his post-graduate work at the Women's College Hospital at Toronto.

Mrs. N. Stafford, Empire Correspondent.

Flying Minister Is Training Students To Spread Gospel

Oshawa, Ont. — (P) — A minister here is giving flying lessons in the hope that some day his students will spread the gospel on wings to outposts around the world.

Rev. Paul Grove, 38, a teacher at the Oshawa Missionary College, operated by the Seventh Day Adventists, is also a part-time instructor at the Ontario County Flying Club here.

He introduced a flying course at the missionary college last year after convincing the board of trustees it would be valuable. "The course has drawn stu-

dents who wouldn't otherwise attend college," he said.

"Flying helps character development and gives teen-agers a sense of adventure."

Mr. Grove, however, will not permit flying to interfere with studies. He teaches all Bible subjects at the college.

He instructs his students in the theory of flight during a 46-week period. Minimum flying time, in accordance with the Department of Transport regulations, is 30 hours. The course is not limited to members of the Seventh Day Adventist denomination.

Mr. Grove holds a commercial pilot's rating and instructor's licence. He can fly practically any single engine plane and has logged 425 flying hours.

Flying ministers are a rarity in Canada. Mr. Grove first asked the college board to introduce the flying course in 1955. Six months later, after first frowning upon the idea, the board decided to make it an optional course.

So far, one student has gained his private pilot's licence. Seven others, including a woman teacher are pursuing the same goal.

"Areas which ordinarily take

days to reach could be visited in a matter of hours by airplane. The church is beginning to realize the value of flying," he said.

WATERLOO —

Miss Annie Lessard was hostess at a dinner party at the Mount Shefford Hotel, Granby, on St. Patrick's Day. Her guests were Mr. and Mrs. Philip Jolin, Mr. and Mrs. J. A. Mrs. R. Havard, Empire and World Affairs convener, reported that five Chapters and Municipal Chapter had shown a marked interest in the affairs of the Empire and the World by reading pertinent papers at meetings.

Mrs. G. Harmer, films convener, reported that several English films had been shown at the Premier Theatre, and that some afternoon television programs had featured English films, particularly The Royal Wedding and A Queen is Crowned.

Mrs. George Smith, publicity convener, reported an extensive use had been made of the facilities of press and radio and a limited use of new television station in Sherbrooke to publicize the work of the Order; 250 announcements and releases were made through these media, and appreciation for them was expressed by all Chapters.

Mrs. E. B. Sims, when vacating her chair for the incoming regent, reviewed briefly her three years in office and thanked all who had supported her during her terms of office, paying particular tribute to the chairman of the House committee, Mrs. A. A. Munster, who had devoted so much time to the improvement of the Chapter's home.

On assuming the Chair, Miss Frances Macdonald thanked the retiring regent for her kind

Nuclear Medicine Branch Is Opened At B. C. Hospital

Victoria — A nuclear medicine branch, the first on Vancouver Island, has been opened at Royal Jubilee Hospital here. Director Dr. R. G. L. McNeely says "there are almost limitless possibilities" for treatment and detection of illness under the new branch.

"We are beginning in a small way and will increase the scope of the branch as we go along," Dr. McNeely said at the branch's opening.

It will begin with the use of radioactive iodine and a detecting branch will use radioactive iodine machine — "like a very sensitive Geiger counter" — to test for disease of the thyroid gland.

A minute quantity of the iodine taken internally will show, by the amount that gravitates to the thyroid gland, the condition of the gland.

Later on, Dr. McNeely said, the in thyroid treatment as well as diagnosis and will expand into other fields.

St. Anthony's Shamrock Supper Well Attended

Several hundred guests were entertained Sunday night at the annual Shamrock Supper held in the Parish Hall of St. Anthony's Church, Lennoxville, and sponsored by the St. Anthony's Ladies' Society.

Irish songs were sung during the evening by Miss Barbara Sharpe, soprano, Marcel Dufresne, tenor, and Gaspard Lalonde, tenor.

The hall was decorated for the occasion with green and white streamers, and a profusion of green, yellow and white balloons. Golden harps and more balloons decorated the pillars, while in the centre of the hall was a wishing well into which guests tossed pennies. A cozy living room setting was used on the stage. The tables were laid with white linen cloths, and adorned with centre-pieces of daffodils, flanked by green tapers in crystal holder. The decoration committee was under the supervision of Mrs. S. Parker, Miss R. Corbell, and Mrs. E. McKencher.

Mrs. V. Marcotte was general convener of the supper and was assisted by the following ladies of the parish: Mrs. G. Kinsley, Mrs. R. Boisvert, Mrs. E. L. Mooney, Mrs. G. Kelly, Mrs. M. Gornley, Mrs. T. Cryan, Mrs. R. Buser, Mrs. W. Besant, Mrs. P. Walters, Mrs. L. Chenier, Mrs. M. Castonguay, Mrs. A. Hallam, Mrs. William Cote, Mrs. C. MacLeod, Mrs. Henry Hoy, Mrs. H. Meteors Nip Aces 2-1 To Win Their Second Straight Massawippi Title

Toronto Maple Leafs To Show New Offensive Style Against Canadiens Tonight; To Use Wide-Open Hockey

Toronto Maple Leafs will test their "new look" on the Montreal Canadiens in Toronto tonight.

The new Leafs system, displayed over the weekend in two games with New York Rangers, features a wide-open attack, with defence shoved into a secondary role.

Against Rangers, who already had clinched a playoff berth, the tactics worked to perfection as the Leafs, the lowest-scoring team in the National Hockey League most of this season, wallowed New York 14-1 Saturday and 5-3 Sunday.

Most of the other teams in the NHL have been going all out for goals for some seasons past, but the Leafs stuck to a positional defensive style that depended on one-goal leads—and sank progressively lower in the league.

There were other factors. Eric Nesterenko, for four seasons a disappointment in a Leaf uniform, went like wildfire when he began to play with Chicago Black Hawks after the new year.

Observers said his highly individual talent had been stifled by Leaf strategy that called for forwards to stick to their wings.

Leaf president Conn Smythe made the new look official Monday night when he said:

"We're finally getting quite a hockey club. Howie coach Meeker has been teaching them wide-open hockey and it's paying off. Next year we'll have a club that will stand them in the aisles."

Meeker says ruefully, "I've been teaching horse and buggy hockey in the minors. Over the years, I have compiled quite a book on coaching. Now I have to throw it away and start again. Only a few of the basic principles stand up."

A victory will give Canadiens sole possession of second place once again, but they will have played one more game than Boston, now tied with Montreal for the runner-up spot.

Home Run Sluggers Beginning To Find Range In Exhibition Games; Giants And Phillies Lead In Race

Home run sluggers are beginning to find the range on the exhibition circuit and the National Leaguers were far ahead of the American in manufacturing the four-play wallop.

In eight games on the grapefruit-cactus circuit Tuesday, there were 23 homers and many of them broke up the ball games.

Ten clubs have each played 10 exhibitions, the other six have completed 11 each and a total of 161 homers have been hit — 99 by National and 62 by American.

New York Giants and Philadelphia Phillies have each hit 17 exhibition homers, while Chicago White Sox lead the American loop with a dozen.

Dick Stuart, the Pittsburgh rookie from Lincoln of the Western League where he belted 66 homers last year, Jim Lemon of Washington and Hank Aaron of Milwaukee each have hit five exhibition blasts.

Stuart got two Tuesday as the Pirates defeated the White Sox 9 - 3.

Rookie Neil Chrissy hit a two-run homer in the ninth to provide Washington's 6 - 4 victory over Cincinnati in a game that saw five round trippers. Clint Courtney's two-run homer tied the score for Washington in the seventh. Gus Bell, Bob Henrich and George Crowe homered for the Redlegs.

Kansas City defeated Brooklyn 6 - 5 when Johnny Groth rapped the ball over the fence in the 10th inning in another duel of homers. Gus Zernial hit another for the As, while Don Zimmer, Duke Snider and Gino Cimoli got one apiece for the Brooks.

Jim Piersall hit the first Boston homer of the spring, a grand-slammer in the third inning which helped the Red Sox to a 7-6 victory over St. Louis Cardinals.

The Phillies hit three homers and the Tigers two as Philadelphia took a 6 - 5 decision in 11 innings from Detroit. Joe Lonnett, reserve catcher, led off the 11th with a homer, and the Phils added another on three singles. Earlier two Phil rookies, Harry

Anderson and Fred van Dusen homered, while Harvey Kuenn and Charlie Maxwell each hit one for Detroit.

Bob Lennon, up for another trial with the Giants, clubbed a three-run homer in the fourth inning and the New Yorkers came from behind to defeat Chicago Cubs 9 - 4. Rookie Bob Schmidt also homered for the Giants.

Home runs put the Yankees back in the game against Milwaukee Braves, and Gil McDougald's clutch double in the ninth scored two runs to give New York a 6 - 5 decision. Mickey Mantle and Woody Held each homered with a Yankee on base.

Baltimore Orioles downed Cleveland Indians 8 - 4 after rallying for five runs in the eighth inning. Brooks Robinson of Baltimore hit a homer and triple.

LaMotta Charged With Procuring

MIAMI. —(P)— Jake LaMotta, former middleweight boxing champion, Tuesday night was convicted on two counts of violating the state prostitution laws.

LaMotta, now a Miami Beach bar operator, stood unflinching as Judge George E. Schulz imposed the maximum penalty of six months at hard labor and a fine of \$500. LaMotta had denied the charges.

"I've never seen this girl," LaMotta shouted to the jury after she was ushered into the courtroom.

Toronto To Give Junior Star Try Against Red Wings

TORONTO. —(P)— Frank Mahovlich, 200-pound centre with Toronto St. Michael's of the Ontario Hockey Association Junior A League, considered the league's top pro prospect, will play for the National Hockey League Toronto Maple Leafs against Detroit Red Wings Saturday, the Leaf management said Tuesday.

Leaf president Conn Smythe said the club does not intend to give Mahovlich, who has a year remaining as a junior, a pro contract. "The only stipulation I made was that Mahovlich was to be one of the forwards. I want to get a good look at what we have," Smythe said.

The 18-year-old centre played on a line with Sid Smith and Ron Stewart in Tuesday's practice. While with St. Michael's this season he scored 52 goals in 49 games, best in the league. His club was ousted from the playoffs by Guelph Biltmores.

Williams Now Offers Opinions

ST. PETERSBURG, Fla. —(P)— Ted Williams, Boston's slugging outfielder, believes Mickey Vernon and Billy Goodman, both regulars last season, will be used mainly as pinch-hitters this year.

"The way I see it," said Williams, "our infield will consist of Dick Gernert and Norm Zauchin alternating at first base, Gene Mauch at second base, Billy Klaus at short with Ted Lepcio and Frank Malzone sharing third."

"I think Goodman and Vernon will be used mostly for pinch-hitting."

Gernert played several seasons in the Halifax and District Senior Baseball League.

Ted Lindsay On Record Rampage

MONTREAL. —(P)— Ted Lindsay of Detroit Red Wings has equalled a National Hockey League record and is close to another.

The league's official statistics, released Tuesday, show Lindsay with 82 points, made up of 28 goals and 54 assists. Lindsay's mark ties the record 82 points for a left-winger made by Herbie Cain of the Boston Bruins in the 1943-44 season. Cain amassed 36 goals and 46 assists when NHL teams played a 50-game schedule compared with the present 70.

Lindsay's team has three games left in which he will have a chance to beat Cain's long-standing record.

Lindsay's 54 assists put him within two of the record 56 for a player at any position. Lindsay's old record of 55 was eclipsed by Bert Olinstead of Montreal Canadiens—also a left-winger—last season.

Doug Harvey of Montreal is within one assist of his own record of 43 assists for a defenceman. He has 42 with two games to play. He counted his record 43 in the 1954-55 season.

Slow Motion And Chumps Win In Textile Playoff

Slow Motion and the Chumps emerged the winners in the first total-pin playoff in the Dominion Textile Staff Bowling League. The winners will now meet in the finals.

The Chumps copped their battle with the Hoboes by 189 pins while Slow Motion came through with a top of 192 over the Cigars.

In the individual race for the weekly honors G. Roque made a clean sweep when he rolled a single of 199 and a triple of 508. Slow Motion won the team honors with 770 and a three-string total of 2,149.

Tibbitts Leads Underground To 9-5 Win Over Sherbrooke Lumbermen In First Commercial League Game

In a high scoring game which saw the red bulb wink 14 times, the Asbestos Underground champions of the Asbestos Commercial League, wallowed the Sherbrooke Lumbermen 9 - 5 in the first game of the two game, total-point series held in the Sherbrooke Arena last night.

The Asbestos players kept Labbe in the Sherbrooke nets busy all night. In spite of the nine pucks that escaped him he did well to keep out dozens of other shots which were peppering him from all sides.

There was little doubt of the outcome of the game after the first few minutes, and though Sherbrooke seemed to have more experience, they lacked the energy, drive and sheer hustle the Asbestos boys showed. In ten minutes of the first period, Underground tallied four times to Sherbrooke's singleton. Penalties studded the first frame, five to Asbestos and four to Sherbrooke, and though no penalties figured in the scoring, Asbestos nearly blinked the light behind Labbe while short two men.

After a fairly lively first period, the second was quiet by comparison, featuring two penalties and two tallies for each team.

The first Sherbrooke goal was scored when Lessard picked up a loose puck at the red line and walked in all alone on Dion in the Asbestos cage and snapped a shot past him from 20 feet out. Seven minutes later with Ricard of Sherbrooke in the penalty box, Gagnon combined with Fontaine on a picture-goal to score while short-handed. The two Asbestos tallies were notched by Plante assisted by Tibbitts and Label assisted by Viens.

The third stanza featured some hard end-to-end skating on the part of both teams, but the Lumbermen had started too late. They were outskated, outthrustled and outscored three goals to two. Luck also played her part when Viens of Asbestos lobbed a screened dribbler towards the Sherbrooke cage, and when Labbe moved towards it, the puck was deflected off a defenceman's stick into the corner of the net.

The final score, 9-5 for Asbestos Underground over the Sherbrooke Lumbermen, while Tibbitts of Asbestos was the high point-getter for the evening with three goals and an assist.

Injuries Plague Major Ball Clubs; Braves' Lew Burdette And Hank Aaron Latest To Join List Of Invalids

Baseball injuries continue to plague big league clubs in spring training with Bill Skowron, Carl Furillo and rookie Larry Raines already sidelined for extended periods. Milwaukee's Lew Burdette and Hank Aaron are the latest victims.

Burdette, one of the Braves' leading righthanded pitchers, is out with a bruised heel suffered while running in an exhibition game Saturday. Aaron, the National League's batting champion in 1956, turned his ankle Sunday.

Skowron, Furillo and Raines, however, may not be ready for the opening of the regular season April 16.

Tabbed as a regular either at first or third base by New York Yankee manager Casey Stengel, Skowron sustained a fractured right thumb in a March 13 exhibition tilt. He will be out for another three weeks.

Furillo's sore right elbow has prompted Brooklyn manager Walter Alston to give Gino Cimoli a shot at the team's right field job.

Raines was one of the leading contenders for Cleveland's shortstop and third base posts until a foul tip from his own bat resulted in a broken big toe on March 18.

In the New York Giants' camp

at Phoenix, Ariz., Foster Castleman is sidelined with a pulled muscle in the back of his left knee. Three Giant pitchers also are behind in their training — Ruben Gomez and rookie Curt Barclay with injured legs and Steve Ridzik with an aching shoulder.

In Cincinnati quarters at Tampa, Fla., first baseman Ted Kluszewski still is bothered by a bad back and outfielder Frank Robinson has a sore throwing arm.

The Yankees, in addition to Skowron, have outfielders Hank Bauer and Norm Siebern out with pulled muscles and infielder Billy Martin with a lame shoulder.

Vic Wertz and Early Wynn of Cleveland are bedded with a virus and Earl Averill, the Tribe's rookie catcher, is undergoing tests for chest pains.

ARGENTINA ACE DRIVER ARRIVES FOR RACE

NEW YORK —(P)— Juan Maneau Fanguio of Argentina, world champion race driver, and seven other members of the Maserati team arrived Tuesday en route to Sebring, Fla., and Saturday's 12-hour endurance competition for sports cars.

Yves Tessier Tallies Winner In Close Duel; Win Series 4-1; Meet Montreal In Asbestos Next Week

By LEN O'DONNELL

ASBESTOS — Capitalizing on their breaks, the Asbestos Meteors posted a close 2-1 victory over the Magog Aces to win their second consecutive Massawippi Valley Hockey League championship here last night before 1,693 fans.

The victory was the fourth of the series and gave them the finals 4-1. The Aces had posted their win Sunday evening in Sherbrooke while the Meteors had already three straight wins over the Magog squad. The newly crowned champions will now meet the Montreal District winners in a two-game total-point series which will be played in Asbestos Saturday and Sunday, March 30, 31.

The game was close the whole way with the issue in doubt right up to final whistle. Bert Cotterell was the best for Magog and only hard luck kept him from scoring. Twice the shifty winger beat the whole Asbestos team but his shot hit the goal post both times.

Yves Tessier notched the winner for the Meteors while Jack Illick got the other. For the Aces Gaston Thibeault potted the lone tally. A total of thirteen penalties were dished out equally divided between the teams. All three goals were registered with men in the sinbin.

Magog failed to capitalize on their breaks while the Meteors made good use of their extra man and this was the difference in the outcome. The tilt was a close checking battle as the teams were playing that style of hockey.

The Aces were slow in starting and when Champagne got the thumb for charging, the visitors just couldn't get organized in fact Maurice Vachon almost caught them flat-footed but Paul Duchesne saved the situation. Laurent Drouin got away also but was turned back by the Aces' agile net boy.

Jack Illick was the first to beat Duchesne. Thibeault got the nod for charging and teaming up with Glaude and Champagne. Illick rifled a partially screened shot by the Magog goalie.

Drouin got the nod right after for tripping and although Coach Theriault tossed on four forwards they failed to score. They were missing in close. George Goyette was the next to go and he was followed by Mireault but Duchesne and his mates held the fort.

At the start of the middle session Drouin got the nod but again the Aces failed to accomplish anything. The Meteors drew three penalties in this stanza but each time the Aces failed to click on their scoring opportunities.

Jean Rousseau drove in close twice but the Meteors' lanky goalie flopped to save on the close drives. The Aces were driving but their shots weren't hitting the open net. The Aces got their lone goal when Gerry Glaude went off for using his knee.

Gaston Thibeault picked up a relay from Jean Rousseau to rifle it by Bergeron on a partially screened shot. This gave the Aces a new lease on life and when Grenier got the nod for using the butt-end they went all out again but the siren ended the frame.

In the final period the Aces had the extra man advantage for almost two minutes. It was this time that George Goyette hit the goal post on a gangling play. As was in the first two frames the Aces just couldn't

find the range.

Coach Theriault went off for tripping but good clearing by his team held the fort. Ross Planché was next to go for tripping and this time the Meteors made it count. Yves Tessier was standing in front uncovered when he got a pass from Vachon to rifle it by Paul Duchesne who had no chance.

Two quick penalties to Perron and Lussier gave the Aces a break but it just wasn't their night. They swarmed all over the Meteors but they couldn't get the puck rolling the right way. Bert Cotterell was in close but his shot missed the open corner.

Marius Goyette and Planché worked right in but Bergeron came up with the saves. Cotterell picked up a loose puck at centre faked the two defencemen and then pulled Bergeron out but his shot hit the goal post. This was a tough break for the hard-working winger as it would have tied the game.

Coach Theriault yanked his goalie with fifteen seconds left in the game but even this failed to help their cause as the Meteors kept rolling. The teams played good hockey and gave their best but the breaks were rolling—for Asbestos and they made them count to post their victory.

Asbestos: Bergeron, Lussier, Glaude, Champagne, Illick, Perron, Moore, Vachon, Drouin, Tessier, St. Onge, Grenier, Fargues, Beaudoin.

Royals Edge Junior Canadiens 3-2 While Cats Upset Aces 8-3; Lions And Chics Battle To 5-5 Stalemate

Montreal Royals turned back Ottawa Junior Canadiens 3-2 in a Quebec Hockey League game Tuesday night to move two points ahead of the fourth-place Trois-Rivieres Lions, who tied Chicoutimi Saguenens 5-5 after overtime.

In another game, cellar-dwelling Shawinigan Falls Cataracts upset the first-place Quebec Aces 8-3.

The Royals built up a 2-0 lead in the second period on goals by Jacques Deslauriers and Lulu Denis. Glen Cressman counted the winning goal. Ottawa scorers were Irvine Spencer and Ralph Bakstrom.

Trois-Rivieres came from behind to score three third-period goals and force the game at Chicoutimi into overtime. Jacques Gagnon counted twice for the Lions and singles were scored by Pete Kapusta, Gilles Thibault and Claude Vinet. Chicoutimi goals were by Jean-Jacques Pichette, Jacques Locas, Jackie Leclair, Germain Leger and Ross Watson.

Big guns for Shawinigan Falls were Erwin Grosse and George Faulkner, with two goals each. Claude Laforge, Claude Labrosse, Gerry Desautniers and Dick Bouchard got one each.

Quebec marksmen were Bill O'Ree, Gene Achtmichuk and Dick Gamble.

Ranger Coach Takes Dim View Of Team Chances

NEW YORK —(P)— New York Ranger coach Phil Watson today took a dim view of his team's chances in the National Hockey League's Stanley Cup playoffs.

"We should be anywhere from 3-to-1 to 5-to-1 underdogs in the first series," Watson said.

"We've only got two games to play at home and the rest on the road, and I'd say that Boston should be 3-to-1 against us and Montreal 5-to-1. After all we've only won 10 games on the road all season."

The Rangers, who last week clinched fourth place in the regular season standings, play their first game of the best-of-seven semi-final series in New York Tuesday, March 26. It will be against either Bruins or Canadiens, depending on which club finishes second.

The second game also will be played in New York. But, because a circus will then move into Madison Square Garden, the remainder of the schedule will be played in Boston Garden or Montreal Forum.
