GREEK FORCES CONTINUE NORTHWARD ADVANCES

Central Albania Seaport Latest Greek Objective

Greek Forces Driving Toward Valona, Forty Miles to North, After Capturing Argirocastro with Huge Stocks of Booty—Italian Rearguard Fighting Desperate Battle to Cover Retreat.

By MAX HARRISON
(Associated Press Staff Writer.)

Athens, Dec. 9.—(P)—Fierce fighting beyond Argirocastro was reported today between Greece's advancing army and the Italian rearguard, strongly entrenched to cover the retreat of the main Fascist body to the North and West.

With Argirocastro, last of Italy's Southeast Albanian bases behind them, Greek soldiers launched into the new swift follow-up attack with cries of "On to Valona!"

Valona, next Albanian sea gateway for Italian supplies in the Greek path, is about forty miles Northwest of Argirocastro. About midway on that line lies Tepeleni, a road junction, toward which the Greeks are fighting from the East and South. Their goal, shouted as a battle slogan, is "Tirana by Christmas!" Tirana is Albania's capital.

Capture of Argirocastro yesterday, two days after the fall of Italy's Southernmost Albanian port, Porto Edda, touched off a three-day celebration. Rather than by direct assault, it was disclosed, the inland base was occupied after it had been flanked from East and West, forcing the Italians to withdraw.

Part of the city had been burned by the Italians before they fled, but the amount of captured war material was said to be enormous and to include twelve full batteries of abandoned artillery.

After six weeks of fighting, the Greeks have driven the Italian invaders completely from their soil and pushed their own counter-invasion across about twenty per cent of Albania's Italian-held territory.

The exact position of the Greek vanguards is a military secret, but officials say the rate the Greek advance is increasing week by week.

So far, two of Albania's six towns with normal populations of more than 10,000—the country's third largest, and Argirocastro, the fifth—have been taken. Each of them has two airdromes. The Greeks also hold Porto Edda, one of Albania's four seaports.

One estimate several days ago placed the cash value of the captured war materials at about \$10,000,000. This does not include the booty taken at Argirocastro.

In the drive toward Tepeleni, fifteen miles North of Argirocastro, Greek cavalry and machine-gun and bomb attacks from airplanes were said to be spurring the Italian retreat.

Another Fascist force was said to have dug in at Klisura Pass, just East of Tepeleni, in a fierce fight with Greeks trying to smash through along the road from captured Premet.

The Pass is midway along the road that runs twenty miles through the mountains from Premet to Tepeleni.

Fifteen miles West of Argirocastro another Greek column was reported pursuing Italians up the Coastal road to Chimara, twenty-five miles North of Porto Edda.

NEW COMMANDER APPOINTED FOR ITALIAN FLEET

Drastic Changes in Defence Officials Seen as Move to Strengthen Fascist Influence Over People.

Rome, Dec. 9.—(P)—The Italian navy, as well as the army, functioned under new command today after a shake-up by which Mussolini apparently hopes to intensify the nation's war efforts.

Admiral Arturo Riccardi, sixty-two, became Naval Chief of Staff and Under-Secretary of the Navy—Mussolini holds the Naval portfolio himself—following the resignation yesterday of Admiral Domenico Cavagnari. Admiral Angelo Jachini was given the title "Commander of the Fleet on the Sea," and Admiral Inigo Campione was made Vice-Chief of the Naval Staff.

In the midst of the series of changes—which placed two army leaders, Marshal Pietro Badoglio and General Cesare Maria de Vecchi, Count di Val Cison, and a naval leader on the retired list in three days, all at their "own request"—I due lost two of his generals in an airplane crash in Northern Italy Saturday.

One was Gen. Aldo Pellegrini, fifty-two, his Chief of Civil Aviation, the other Gen. Pietro Pintor, sixty, head of the Armistice Commission dealing with France.

Changes in the political ranks of Mussolini's Fascist Government were

Growing Unrest Appears Through Italy In Face Of Wide Military Defeats And Shortage Of Foods

By GUY RHOADES
(Canadian Press Staff Writer)

Italy's continued shake-up of high officers in the army and navy undoubtedly reflects Mussolini's growing anxiety at the poor showing of his forces which continue to run from the Greek advance.

Latest resignee was Admiral Domenico Cavagnari, Navy Chief of Staff and Under-Secretary to Mussolini who holds the Naval portfolio in the Fascist cabinet himself. The extent to which the resignations reflected dissatisfaction among the Italian people or in the forces themselves was not apparent, but it was considered significant that the new appointees are good party men, likely to do Mussolini's bidding with a maximum of zeal and loyalty.

The unfortunate Italian people are faced with new hardships with a German demand that Italy send her more food. There is insufficient food in Italy to meet the needs of her own people, but the chances Germany would get what she wanted were considered good.

There is nothing to indicate that the collapse of Italy was imminent or that a revolution is likely in the immediate future—although reports of rioting have been heard in Britain. Nevertheless the effect on Italian morale of reverses which cannot be hushed up indefinitely undoubtedly will grow.

What help Mussolini can expect

from Hitler is not clear, although last night's furious Nazi air assault on London might have been the start of a German effort to divert British attention from the Mediterranean.

The Italians certainly face a bleak prospect. Their Libyan forces have been immobilized for weeks and apparently are getting neither supplies nor reinforcements. Their Dodecanese garrisons have been isolated since the start of the Greek war seven weeks ago and in addition the Royal Air Force is making it increasingly difficult for them to supply their men in Albania.

A wholesale rout of the Italians would be very handy for Britain, not only as a remedy of threats to the Suez Canal and the Mediterranean lifeline, but as offering a possible way of attacking Germany through Austria.

That might require the downfall of Mussolini before a new government could be established in Italy which would consent to such extreme terms, but that is not beyond the bounds of possibility. The Italians do not like the Germans and undoubtedly would resent, if not resist, any attempt of Germany to go forcibly to their assistance.

They have seen their association with Germany bring them nothing but grief. They have seen Mussolini decline from the position of the world's chief Fascist to one who must play second fiddle to a German master.

ITALY ADMITS WITHDRAWAL IN ALBANIAN AREA

High Command Communique Claims that New Defence Line Has Been Established North of Argirocastro.

Rome, Dec. 9.—(P)—The Italian High command said today that Italy's 11th Army had withdrawn to a new defence line North of Argirocastro, Southern Albania.

(The Greeks announced occupation of Argirocastro yesterday). "The 11th Army," the high command's daily war bulletin asserted, "completed its orderly withdrawal without loss of men or material on a line North of Argirocastro and minor surrounding localities."

In the 11th Army sector, it claimed, "repeated enemy attacks were repulsed by our troops, which had launched numerous victorious counter attacks."

The Italian high command issued the following communique: "On the Greek front in the sector of the 9th Army repeated enemy attacks were repulsed by our troops which had launched numerous victorious counter attacks. The 11th Army completed an orderly withdrawal without loss of men or material on a line North of Argirocastro and minor surrounding localities."

NETHERLANDS NAVY LOSES SUBMARINE

London, Dec. 9.—(P)—The loss of a submarine of the Netherlands navy "in war operations" was announced officially here today. Netherlands warships are co-operating with the British Navy.

A communique issued by the Ministry of Information on behalf of the Netherlands Government said: "The London headquarters of the Royal Netherlands Navy regret to announce the loss of a Netherlands submarine in war operations. "Every endeavor has at once been made to inform the next of kin through the agency of the International Red Cross. It may be assumed that these messages have now reached their destination in Holland."

The agenda of the second meeting called for an examination of the British balance sheet, on which Sir Frederick worked over the week-end. The financial picture it discloses may determine the consideration to be accorded any future proposals involving cash or credit assistance.

On the Congressional front, meanwhile Senator Alva Adams (Democrat, Colorado), told newsman that Britain should have at least sixty per cent of American aircraft production, instead of the prevailing fifty per cent.

"We have a considerable number of defence planes now," Adams asserted. "We have enough to protect us against any immediate attack."

"As long as England has planes Hitler is not going to try to attack the United States."

Senator Gerald Nye (Republican, North Dakota), reported that an increased allotment of aircraft to Great Britain "would jeopardize our defence."

"I was afraid," said Nye, "that when the 50-50 allotment was agreed upon we ultimately would be increasing Great Britain's share, even to giving them all our new planes."

Nye, a leader of the group which opposes further British aid, said he anticipated an effort in the new Congress to wipe out entirely the existing Neutrality Act, which forbids the transportation of goods to belligerents in American ships and stipulates a "cash-and-carry" policy for purchases in this country.

Proposals of the Treasury financial conferences, the North Dakota Senator declared it was "too silly to contemplate" that Great Britain was a good financial risk as Morgenthau and Commerce Secretary Jesse Jones have said.

Any dollars we lay on the line we will never see again," he claimed. Expressing the view that "the billions already loaned to Britain are already gone," Nye added that the talks between Morgenthau and Sir Frederick, which opened Friday, were "the first step" toward a British loan.

In the opposite camp, however, Senator William King (Dem. Utah) said he believed that "the Government should extend to Great Britain any credits that may be imperatively needed," and added that planes, ships and other war equipment should be supplied her in the greatest possible amounts.

"It would be a terrible catastrophe if Britain should be defeated," he asserted.

Washington, Dec. 9.—(P)—With the financial balance sheet of the British Empire due for presentation at the United States Treasury Department today, Capitol Hill heard a fresh series of arguments for and against greater aid to Britain.

This debate—unofficial but spirited—proceeded with one eye on the second meeting scheduled in the series of conversations between Treasury Secretary Henry Morgenthau and Sir Frederick Phillips, Under-Secretary of the British Treasury.

The agenda of the second meeting called for an examination of the British balance sheet, on which Sir Frederick worked over the week-end. The financial picture it discloses may determine the consideration to be accorded any future proposals involving cash or credit assistance.

Heaviest Air Attack Since September Staged On London

City Subjected to Twelve Hours of Continuous Pounding by Mass Raiders in Most Intensive Attack Since Aerial War Started—Attack, Which Followed Forty-Four-Hour Calm, Caused Rather Light Casualties.

By PAT USSHER
(Canadian Press Staff Writer)

London, Dec. 9.—(P)—The city of London was subjected to more than twelve hours of pounding in a mass attack by German airplanes during the night which observers estimated to be one of the heaviest the capital has suffered yet.

Residents who listened hour after hour to the unbroken drone of the bombers, the thunder of the barrage, the high-pitched whistle of falling bombs, and the crump of the explosions agreed with the description of D. N. B., German news and propaganda agency, that it was "one of the most violent air attacks since the September raids."

From all parts of the world's biggest city today came reports of damage to buildings and casualties among citizens.

The attack, which ended a record raidless period, opened spectacularly. Tons of steel were hurled into the sky by anti-aircraft gunners as the planes swept in from the Thames estuary.

The Nazis varied their tactics, flying sometimes singly, sometimes in groups of three and four. Some waves flew from the South and the North. Two raiders were shot down by A. A. fire. Flares usually preceded bombs.

At times so many bombers were over the capital that the drone of the engines could be heard over the

URGES GREATER ATTENTION TO HORSE RAISING

Premier Adelard Godbout Declares Improved Breed Needed to Meet Mechanical Competition.

Montreal, Dec. 9.—(P)—Through selective breeding of good horses, Canadian farmers will be able to meet the competition of post-war mechanization, Premier Adelard Godbout told the annual dinner meeting Saturday of the Canadian Percheron Association.

"I'm not afraid of tractors," the Premier said, "and I do believe that horse-breeders can meet the competition that will come from them. If there has been an increase in the use of these machines lately, the answer is not difficulty, it is because there has been too much breeding of inferior horses."

Agricultural development and a better industry as a result of the war might be anticipated, Mr. Godbout said, and an unlimited number of horses might be called into service.

ANCIENT PAINTING

Madrid, Dec. 9.—(P)—Murillo's great painting "Immaculate Conception" has returned to the homeland after more than a century's absence. A gift from Marshal Petain, of France, the celebrated canvas of the 17th Century Spanish painter, which had been sold after Spain's War of Independence and long hung in the Louvre in Paris, reached here as the country was celebrating Conception Day.

Ottawa, Dec. 9.—(P)—Mrs. Moise Charlesbois, eighty-five, died here last night after a brief illness. She was a resident of Ottawa for fifteen years.

Mrs. Charlesbois, born at Masham, Que., is survived by ten children, seventy-two grandchildren and forty great-grandchildren. Her husband died several years ago.

Vichy, France, Dec. 9.—(P)—Henri Bergson, French philosopher, has resigned from the College of France at Paris in protest against anti-Semitic laws. It was learned here today that Bergson, a Jew, refused exemption offered by the Government for his "literary and artistic services to the nation."

ACCIDENTS IN ONTARIO KILL TEN PERSONS

Toronto, Dec. 9.—(P)—Ten persons were killed and three missing, believed dead, in a variety of accidents in Ontario during the week-end.

Three died in a level crossing accident, three drowned, one was killed in an airplane crash, a baby strangled in his crib, a child was killed in an automobile collision and a farmer died from rifle wounds believed accidentally self-inflicted.

The three-man crew of a Fairway battle-bombing plane was believed dead after the bomber disappeared during a training flight Sunday over Lake Erie. An extensive search revealed no trace of the missing bomber, which was attached to the No. 4 Bombing and Gunnery School near Fingert, Ont.

All members of a West Zorra Township family were killed Saturday when a Canadian Pacific Railway train struck an automobile at a level crossing near Thamesford.

Two British sirmen drowned in Lake Huron near Port Albert Saturday, one while trying to save his friend. They were Second Class Army-craftsmen Bert Aiden George of Cheltenham, England, and John Spencer Debenham of Farnham, Surrey, Eng. Both were stationed at the British

MIAMI OFFERS WARM WELCOME FOR WINDSORS

Miami, Fla., Dec. 9.—(P)—A police guard of the elaborate proportions usually accorded only to the President of the United States has been assigned to the Duke and Duchess of Windsor for their arrival here tomorrow from Nassau.

Traffic Inspector William J. McCarthy said fifty policemen would guard the pier where the famed yacht Southern Cross will dock with the Duke and Duchess.

An escort of twenty motorcycles will accompany them to a Miami Beach hospital where the Duchess will undergo a major dental operation.

Authorities gave no reasons for the extraordinary police preparations, but it was believed unofficially they were intended to avoid any possibility of an untoward incident marring the "strictly private" visit.

The Duke, Governor of the Bahamas, let it be understood he would make no public appearances while in the United States.

The Royal Governor decided yesterday to accept the use of the Southern Cross, owned by Alexis Wenner-Gren, Swedish industrialist. A half-day delay in the sailing sche-

Vichy, France—Gen. Henri Dentz, Commander of the Military Region of Marseille, was appointed French High Commissioner to Syria and Lebanon today to replace Jean Chiappe, who was killed November 27 when his plane crashed in the Mediterranean.

Gen. Dentz also was named commander in chief of French Forces in the Levant. He served as a member of the French General Staff in Syria after First Great War. The retiring High Commissioner is Gabriel Puaux.

Hanoi, French Indo-China — French airplanes were reported today to have dropped twenty-two bombs on the Thai (Siamese) town of Lakhon early today in "retaliation" for an alleged bombing of the Indo-China border town of Vientiane by Thai planes yesterday.

French authorities announced officially that hostilities in the border dispute had flared to serious proportions and involved considerable bombing.

New York — Domei, Japanese news agency, said in a broadcast today that Chinese police of the Nanking regime had boarded the British steamship Hsin Peking at Shanghai and seized gold ingots valued at \$320,000.

It added that the gold was believed to have come from Tientsin. The Hsin Peking is a 2,104-ton vessel in the China coastal service. No reason for the seizure was given. Japan recognizes the Nanking regime as the Government of China.

Roosevelt Continues Inspection Of West Indian Navy Base Sites

By DOUGLAS B. CORNELL
(Associated Press Staff Writer)

Aboard U.S.S. Mayrant at Sea, Dec. 9.—(P)—President Roosevelt was off on another leg of his Caribbean defence inspection cruise today after a stop late Sunday off the French island of Martinique, potential trouble spot.

As usual, his next destination was not announced.

Lying here to in full view of the French aircraft carrier Bearn at Fort de France, the cruiser Tuscaloosa, on which the President is travelling, was the scene of an hour's conference between Mr. Roosevelt, United States Consul Broker and Naval Captain Ernest J. Blankenship, American observer on the island.

Earlier, the President devoted many hours inspecting strategic United States aviation outposts protecting the Eastern approaches of the Caribbean at St. Lucia, a small British island in the Lesser Antilles.

Facilities for seaplane bases acquired from Britain in the destroyer

exchange already are in operation there.

In the morning, the three vessels anchored off Castries, the picturesque capital of St. Lucia at the foot of cloud-shrouded mountains surrounding a small bay.

The President toured the inner harbor in a small boat of the United States naval patrol anchored there with a seaplane tender.

Sir Henry B. Popham, Governor, and A. A. Wright, administrator, lunched with the President aboard the Tuscaloosa and later proceeded through frequent tropical rain squalls to Gros Islet Bay, several miles along the coast from Castries, where the United States has acquired 120 acres for seaplane tender operations.

Gigantic National Registration Fraud In Montreal Civic Voting

Montreal, Dec. 9.—(P)—Montreal

electors chose a new mayor from nine candidates today, amid discussion of the last-minute wrecking of a large-scale plan for vote "telegraphing" through the use of bogus national registration cards.

Royal Canadian Mounted Police last night after they had raided a printing plant in nearby Verdun. Five men were arrested, two of them after police had found them in the committee-room of J. Adhemar Raynault, one of the mayoralty candidates. They were charged with being in possession of fake cards.

As voters flocked into polling booths, they were warned in a statement from City Clerk Etienne Gauthier that false registration cards were in circulation, and that the penalty for carrying such a card was three years imprisonment under a section of the War Measures Act.

At the same time, all returning officers and their assistants were warned to be on the watch for bogus

cards, distinguishable from genuine certificates by minor printing variations. Last week, city police announced that officers would be stationed outside the polling booths and that voters might be called upon to produce their national registration cards.

The arrests were made following an R.C.M.P. raid on a printing plant in nearby Verdun, where police said they found 3,000 completed fake cards, and 4,000 cards printed on one side only. An additional 5,000 cards were found at the home of one of those arrested.

The men taken into custody at the printing plant were Edouard Leduc, owner of the press, J. O. Lemire and Germain Cayer. Later, J. Oscar Lefebvre and Lionel Rioux were arrested after they had been taken from Raynault's committee-room for questioning.

Police said that Lemire and Cayer drove up in a car and asked for

LIST ARTICLES SUITABLE FOR GIFTS TO U.K.

Tea, Butter and Sugar Named as Most Acceptable to Englishers and Best Designed to Weather Passage Overseas.

With residents of England of necessity living under a system of rationed foodstuffs and other war-time restrictions, people on this side of the Atlantic have shown a desire to send gifts overseas in an attempt to alleviate these conditions. But what articles would prove most suitable to Englishers, and would be most apt to arrive in a good state after having constituted a perplexing problem to many.

In this connection, therefore, the Auxiliary Service Branch of the Department of National Defence has set forth a list of articles, chiefly food, which would meet all requirements and be especially welcome to Englishers. Reading the list of suitable gifts are tea, butter and sugar, the first of these being a product that will not deteriorate, occupies small shipping space and has no substitute, while the second may be bought and shipped in sealed tins. All three articles are among those being rationed at the present time in Britain.

Other foodstuffs obtainable only in limited quantities overseas are meats, with the exception of pork and canned meats, bacon and ham, except joints with bone, margarine and cooking fats. It is in the ordinary way, that meats be included in gift parcels, and the public is advised against sending fruits or other perishable goods.

It is pointed out at the same time that most articles sent from a part of the British Empire and which satisfy United Kingdom Customs officials that they are British Empire products are allowed to enter duty free, whether sent as gifts or in the ordinary way of trade. However, certain articles are dutiable under all circumstances, these including tobacco, cigars and cigarettes, tea, cocoa and cocoa preparations, sugar or any goods containing sugar, confectionery, maple sugar and syrup, wine, beer and spirits, silks and artificial silk, millinery, gloves or sachet, silk or artificial silk, playing cards, cinematograph films, matches, mechanical lighters and parts other than flints, clocks, watches and parts including gramophones and records.

One point which is heavily stressed in the matter of despatching gifts to individuals is that in order that the sender may take advantage of the duty-free entry of the goods or of the low duty charged on certain articles of Empire origin, the parcels must be clearly marked as unsolicited gifts. This is most important in the case of rationed goods, for it is contrary to law for any resident of the United Kingdom to send money overseas for the purchase of such goods. All parcels, therefore, should show on the outside their contents, value, and, in the case of dutiable articles, the country of origin.

LAST TRIBUTE WAS ACCORDED GEORGE ROBINS

Funeral Services of Well-Known Local Resident Largely Attended — Had Resided Here for Sixty Years.

Men who had worked with him in the employ of the Quebec Central Railway, members of the congregation of St. Andrew's Presbyterian Church and many who knew him as a friend yesterday attended the funeral of George Malcolm Robins, of this city, who died suddenly from a heart attack at the wheel of his automobile in Lennoxville Thursday afternoon.

Mr. Robins, who was seventy-eight years old, had been a resident of Sherbrooke for sixty years, and was employed by the Quebec Central Railway for fifty-two years, retiring in 1932. A faithful member of St. Andrew's Church, the deceased had served on the Board of Session and the Board of Management, and as Church Treasurer for the last eight years. He was also a member of the local I.O.O.F. Lodge.

In spite of his advanced years, Mr. Robins had been in good health, and his death came as a great shock to his family and wide circle of friends. Over-exertion by the deceased, who had been shovelling snow from around his car, which was parked on College Street, Lennoxville, is believed to have caused the heart attack.

Rev. Mr. Northbridge, supplying at St. Andrew's Church, officiated at the services held at the late residence, 17 Magog Street, at the church and at the graveside in Elmwood Cemetery. Speaking at the church service, the minister praised the conscientious work for the church which Mr. Robins had accomplished, and declared that he had been known by all as a fine Christian gentleman and a friend. Under the direction of the organist and choir director, J. G. Scorer, the church choir sang the hymns, "Abide With Me" and "Peace, Perfect Peace."

Bearers were T. Hawkins, H. Thompson, G. D. Wadsworth, D. A. Stevenson, P. A. Hammond and H. A. Sampson, and pall-bearers were J. Johnston, A. A. Gunning, C. G. Bishop, W. Ballantyne, W. Hummel, and George Buchanan, of Quebec City.

Coming to this city sixty years ago, Mr. Robins, who was the oldest living employee of the Q. C. R., entered the service of that organization on January 21, 1880, and was on the engine that hauled the first train from Sherbrooke to Lennoxville on May 23, 1881. That same month he was made a locomotive engineer.

Entering the company's machine shop at Newington, Mr. Robins was named locomotive foreman on February 1, 1906, and three years later became master mechanic, a position he held until his retirement on pension.

Born at Webb's Mills, Me., on February 5, 1862, the deceased was the son of John Charles Robins and Margaret Dodd. He married Jessie Elizabeth Stodd in Sherbrooke on September 18, 1888. Surviving are his widow, a daughter, Mrs. Harry Buckley, of Lyndonville, Vt., and two brothers, Guy, of Drummondville, and Charles, of Huntingdon. He was predeceased by a daughter, Margaret, and a sister, Isabella, Mrs. George McKillop, of Vernon, B.C. Relatives attending from out-of-town were Mr. and Mrs. Buckley, Messrs. Guy and Charles Robins, Mr. and Mrs. George Swan, of Brigham; Mr. J. Smith, of Richmond; Miss Minnie Gill, of Lennoxville; Mr. Frank Johnston and Mr. Bert Barclay, of Montreal; Mr. and Mrs. Cliff, Mr. E. Mills and Miss Irene McFadden, of Thorford Mines, and Mr. and Mrs. A. Mills, of Rock Forest. Other relatives present were Mr. and Mrs. R. N. Robins, Mr. and Mrs. Philip Robins, Mr. and Mrs. John McCaw and Mrs. W. McCaw, all of Sherbrooke.

Among the many friends attending the funeral were G. A. Bishop, David Wilson, J. H. Bryce, Jacob Dick, George Dick, Joseph V. Ames, J. K. Flaherty, A. F. Mabbett, Ald. A. C. Ross, Alex. Smith, of Montreal, Dr. Towne, W. Davidson, A. R. Rennie, E. K. Edwards, A. M. Edwards, P. Powers, A. Workman, C. Bartlett, W. B. Lebaron, F. Hibbard, A. L. Parker, W. McCann, John Crawford, of Lennoxville, H. Bradford, of Montreal, G. Mulvagh, A. Fraser, E. Harbert, Rev. R. S. Weaver, J. Roy, Dr. S. J. Bloomfield, Dr. W. S. Allen, Z. Griffith, J. T. Hawkins, A. Price, Carroll S. Ives, L. Willard Humphrey, G. Couture, E. Lafontaine, Carrol S. MacLean, N. Wiggett, C. E. Soles, F. N. Norcross, Mr. and Mrs. W. Davy, G. Phelps, N. Phelps, G. W. Murphy, Mr. and Mrs. B. McD. Miller, Claude Turner, T. Johnson, A. Johnston, C. Blake, D. J. Salls, H. B. Johnston, J. S. Mooney, A. Farr, T.

G. Walsh, and Mr. and Mrs. James McKelvie, of Lennoxville.

Aside from the candidates for the \$10,000-a-year mayoralty position, candidates are contesting twenty-four Council seats to fill vacancies left by acclamation to the city's new ninety-nine-man Council.

The Government of ninety-nine Councilmen, under the jurisdiction of the Quebec Municipal Commission which has taken over financial administration of the city, supercedes the thirty-five-alderman system in effect since 1921.

Under the new plan, thirty-three Councilmen are chosen by proprietors alone, thirty-three proprietors and tenants combined, and the remaining thirty-three nominated by representative public bodies in the city.

GIRL HURT IN SLIDING MISHAP

Susanne Couture, seven-year-old daughter of Mr. and Mrs. Louis Couture, of 69-A Federal Street, was taken to the St. Vincent de Paul Hospital Saturday afternoon by Jambert's ambulance, suffering from a head bruise and a severe shyness as the result of a collision while sliding.

The mishap occurred at the foot of Plessis Street, just past the C.P.R. trestle on Wellington Street South, when the youngster, who was on the front sled of a bob she and her friends had made, drove across Wellington Street South and struck a passing car driven by Percy Nutbrown, of this city. The other children on the bob, Anita and Jacqueline Rheumau, also of Federal Street, were not hurt.

Upon examining the young victim, Dr. Guy Bertrand said her condition was not serious and she was discharged.

BONUS PLAN FOR BABIES

A gift of \$50 under a special donation plan was received by Harry Hunt, Niagara Falls, when he became the father of a baby boy. Canadian Wineries, Limited, the firm which employs Mr. Hunt, made the gift under a plan it inaugurated in July, 1936. Every employee of Canadian Wineries, Limited, receives a cash donation on the birth of a child. The plan applies to both men and women employed by the firm.

Thousands of dollars have been given to employees of Canadian Wineries since the plan began five years ago. A man or woman having a number of children during his or her employment with the firm receives a \$50 gift at the birth of each child.

Expressions of appreciation have come from employees on receipt of this gift. And in many cases the money has been of great help.

This plan, it is stated by Canadian Wineries officials, is part of their policy of fair labor practices throughout the firm.

INTERESTING PROGRAMME MARKED H.I.Y. MEETING

An address by Howard W. Atwood, B.A., of the Sherbrooke High School teaching staff, featured the weekly meeting held by members of the H.I.Y. Club at the Y.M.C.A. Friday evening.

The speaker dealt with the organization and interesting angles of radio and contrasted the C.B.C. system with the American national networks. He was introduced by the President, Don Davis, and thanked by the Vice-President, John Davey.

A sing-song was led by Sergeant-at-Arms Jeff Wilson, with Howard Brooks accompanying at the piano, and an joint meeting with the Tenzelevz Club, to be held in the Y.M.C.A. building was announced for next week. The first club speaker of the year, Jeff Wilson, told of the organization of sports in the city, while Harry Blue made his contribution to the "tall story" silver cup competition. The speaker at the next session will be Dunham Joslin and the candidate for the cup competition Gordon MacFarlane.

delivery of the cards as R.C.M.P. officers were arresting Leduc. Statements made by the three men led to the hunt for Lefebvre and Rioux. About 20,000 bogus cards had been ordered, leaving several thousand still unaccounted for.

The rather quiet campaign for the office left vacant by Camille Houde, now in an internment camp for opposing national registration, was overshadowed by the last-minute development. Candidate for the office, in addition to Raynault, are Ald. Oscar Bellisle, Charlemagne Landry, Joseph Mercure, J. Penverne, Ald. Dave Rochon, Leon Trepanier, Leonard Trepanier, and Raoul Trepanier. The Trepaniers are not related.

Aside from the candidates for the \$10,000-a-year mayoralty position, candidates are contesting twenty-four Council seats to fill vacancies left by acclamation to the city's new ninety-nine-man Council.

The Government of ninety-nine Councilmen, under the jurisdiction of the Quebec Municipal Commission which has taken over financial administration of the city, supercedes the thirty-five-alderman system in effect since 1921.

Under the new plan, thirty-three Councilmen are chosen by proprietors alone, thirty-three proprietors and tenants combined, and the remaining thirty-three nominated by representative public bodies in the city.

Dubenham was said to have fallen through the ice near the shore of Lake Huron while trying to take a picture of ice formations. George tried to rescue his friend but both were swept under the ice by an undertow. The bodies had not been recovered by Sunday night.

LAC. Stuart Tresilian Ogilvy, twenty-one, of Moose Jaw, Sask., died instantly Saturday when his R.C.A.F. training plane crashed in an open field near Schomberg, twenty miles North of Toronto. He was on an authorized solo training flight.

Detailed Weather Report

MILDER WITH SNOW
The weather has been somewhat colder in Ontario over the week-end with light snow in many districts. Snowfalls have occurred in Manitoba and Saskatchewan, also light snow in Alberta where it continues comparatively mild.

Forecasts: Fair today; Not quite so cold tonight. Tuesday—strong winds and milder with snow.

The maximum temperature yesterday was 36 and the minimum 31. Last year the temperatures were 39 and 21.

ROADS GROUPS ASK MORE AID BY GOVERNMENT

Eastern Townships Delegation to Interview Premier Godbout and Roads Minister Bouchard at Quebec Tomorrow.

Clarification of the situation with regard to winter maintenance of roads may be expected to follow the visit to Quebec tomorrow of a delegation of local and Eastern Townships men for an interview with Premier Adolphe Godbout and Hon. T. D. Bouchard, Provincial Minister of Roads, in an effort to gain greater Government support for Associations undertaking the work of keeping the highways in this district clear for winter traffic.

Included in the delegation will be Mayor Joseph Labrecque, Ald. A. C. Ross, President of the Southern Counties Winter Roads Association, Mayor H. W. S. Downes, of Lennoxville, President of the Eastern Townships Winter Roads Association, Maurice Gingues, Member of Parliament for Sherbrooke, Raymond Fregeau, M.L.A. for Stanstead, S. E. Desmarais, M.L.A. for Rimond, Kevin Reynolds, Manager of local Canadian Milk plant, and Norman Beach.

Object of the trip to the Provincial capital is to obtain a larger grant to the Southern Counties and Eastern Townships Associations. The Southern Counties Association, by which the Sherbrooke-Stanstead road is kept open, has been offered \$35 a mile, while an offer of \$38 a mile was tendered the Eastern Townships group to assist in the maintenance of the Sherbrooke-Waterloo stretch of the highway from this city to Montreal. It is understood Mr. Desmarais will also ask a road-sized grant to assist in work on the Sherbrooke-Richmond highway.

As far as this city is concerned, it is of utmost importance that the two main highways be kept open. Were they to be closed, the commerce and industry of Sherbrooke would suffer, and the Mayor and Aldermen are determined to do all in their power to obtain larger grants to the two Associations.

The roads cannot be kept open for less than \$100 a mile, it has been found, which means an immense burden on the Associations and the municipalities concerned unless the Government is willing to bear a good share of the cost. It is believed that the delegation will be satisfied with a promise by the Government to bear fifty per cent of the cost, although a seventy-five per cent contribution by the Provincial authorities may be requested.

down the flames, hauled down the Swastika flag and ran up their own.

(In London, British official circles declined comment on the Idarwald incident, but one informed observer said a United States Navy spokesman had said that the German merchantman had been captured "appeared more likely" than the Cuban report that she had been torpedoed.)

The fate of the crew was not known and the Cuban Navy Department said it had reports from the South Coast to indicate that the men had reached safety. The Cuban molasses tanker Mambi, South of the Isle of Pines, said she was en route to help, if possible. Cuban officials, meanwhile, awaited further reports from the Navy Department in Washington.

Well-informed nautical circles here expressed belief that if the Idarwald was in British hands, she would be run into Jamaica.

The cruiser intercepted the freighter about seventy-five miles from the South Coast of Cienfuegos, between the Isle of Pines and Grand Cayman Island, officials of the Cuban Department of Communications Radio Bureau said. This is well within the German neutral zone.

There was no word from the 6,031-ton German freighter Rhein, which accompanied the Idarwald in the dash from Tampico. She once reported she was being followed by warships but nothing further has been heard from her. Doubtless Tampico once previously, with two other Nazi vessels, but turned back after sighting warships. One of the German ships, the Phrygia, was scuttled.

EVENING BRANCH OF W.A. GAVE "STAR" CHRISTMAS PARTY

Under the "Wagon Wheel Christmas" many successful parties and sales have been given for church and charitable objects and shining bright amidst the constellation, is the "Evening Branch" party held on Saturday afternoon in St. Peter's Parish Hall.

Mrs. M. L. McFadden, President, received the many guests who by their generous patronage contributed much to the outstanding success which crowned this, the major event on which the members concentrate their greatest effort of the year.

The hall was most effectively decorated with Christmas greens, three large spruce trees glistening with tinsel, screened the platform, and a tiny tree, ablaze with colored lights, centered the mystery table, where Miss Hilda Wood, Conventual, was assisted by Miss Bernice Fuller. Spruce boughs fringed the side-wall lights and red crepe paper the lamps suspended from the rafters while in the windows red and green ropes formed the attractive curtains. Mrs. Russell F. Brown presided at the tea table which was most attractively decorated with four large red candles arranged in a bed of Christmas pine in which silver poinsettias were artistically embedded.

The tea party was most efficiently conveyed by Mrs. Jack Grime, Miss Edith Smith, Dorothy Wigggett, Alice Moffatt, Grace Jackson and Louise Arnold assisting.

Miss Hope Seiveright, Treasurer, acted as cashier, and was also convener of the food table, with Miss Jackson, Miss Lyndall Jackson assisting.

The tempting edibles were displayed to good advantage, the table being effectively decorated with many green paper trees and lighted red candles, while even the fruit cakes assumed the season's motif, with green coconut trees trimmed with red cherry lights.

There was also a table of attractive fancy work conveyed by Miss Susie Davidson, and laden with many useful and fancy articles, everything being sold for the sale of the fund.

Miss Ethel Bringle and Miss Marion Tomlinson were Miss Davidson's assistants at this deservedly popular sales table.

The proceeds were most gratifying and the members, most of whom are in offices, do all their work in the evening. Therefore, they are all the more deserving of praise for the outstanding success attending this annual sale and Christmas party which was also such a delightful social event.

King's belief was "if Great Britain is defeated then we will be drawn in."

One administration Senator, who asked anonymity, said he believed any British request for a loan would be premature at present.

This tallied with assertions of highly-placed administrative aides that the capture of the Idarwald and discussion called for the British to use their own investment holdings here to buy war supplies, and for the United States to advance loans only when those resources were exhausted.

Earlier estimates by Government experts that British assets adequate to meet the bill for another year or more of American purchases. These sources favored the present Morgenthau-Sir Frederick talks as a psychological prelude to some future overture for financial aid. Nevertheless, if the talks should result in some agreement, however tentative, they would provide a big boost for British morale, it was conceded.

Some Congressional quarters, anticipating eventual loan requests, have suggested as collateral temporary control of British possessions in the Western Hemisphere. Others have advocated that the possessions be turned over to the United States for the cash advance.

The likelihood of either transaction was considered small at the moment in administration circles. Cautious financial advisers regarded the financial liabilities. Furthermore, the British Government recently gave assurance to these colonies that no change of sovereignty was contemplated when arrangements were made to lease naval base sites to this Government.

constant roar of the barrage.

Some hours after the start of the raid hundreds of incendiary bombs were showered by a steady stream of planes over one half of London. High explosives followed, then more incendiaries.

Fires which broke out formed a half moon. But the capital's highly-organized fire-fighters sped to the outbreaks and quickly controlled fires which lit up a number of areas.

Later the raiders attempted the same fire-raising tactics without similar success. The intensity of the attack dwindled as the night wore on, with the all clear sounding shortly before dawn.

Except for a pre-dawn lull when fog rolled in, the huge city was rocked by explosions and lighted by fires and shell-bursts from evening until early morning.

It was believed the number of casualties was not heavy in proportion to the intensity of the raid, but property damage was widespread throughout the London area.

Five London hospitals — among them a large general hospital and a hospital for women — were hit. Explosions damaged a Catholic church and an ambulance station. Considerable damage was reported done to dwellings, shops and business buildings.

East of London, near the Thames River estuary, a number of persons were feared trapped in an air shelter by a bomb hit nearby.

A Government communiqué said bombs fell in many districts between the South and East coasts and London, along the route the bombers took to reach the capital.

The attack ended forty-eight hours of quiet — London's longest respite from bombing since the air siege began.

German planes roared over the waves and singly, dropping flares, incendiary bombs and then high explosives.

The raid was described as a mass attack — London's longest respite from bombing since the air siege began.

The display of deadly fireworks sometimes counteracted the London blackout.

Firemen were kept busy all night long, working while the bombs still fell.

Once the raiders flew in parallel lines across the city dropping long rows of fire bombs.

Dispatches from the front reported the capture of additional prisoners and the seizure of vast quantities of supplies which the Italians were said to have abandoned because of the spread of the Greek advances.

Air reconnaissance reports said North and South of the battlefield roads were jammed. To the South, Greek reinforcements were moved up were said to be passing streams of Italian prisoners plodding to internment in the country their army invaded seven weeks ago today.

Royal Air Force reports said North Italian troop movements were impeded by thousands of refugees streaming toward Tirana, the capital.

GARMENTS FOR CIVILIANS IN ENGLAND MADE

500,000 Articles of Clothing Being Completed by Canadian Red Cross Society.

The making of 500,000 articles of clothing for civilian relief in England is meeting with widespread support and enthusiasm, according to officials of the Canadian Red Cross Society.

The quota for the Quebec Provincial Division includes more than 148,000 articles. Red Cross work rooms throughout the Province are making satisfactory headway with the work, and many garments have already been returned to Red Cross House, according to a statement by the President of the Quebec Provincial Division.

Outfits are being made for women, teen age girls and children, while coats are being prepared for little British infants who will come into a homeless world. When completed, the outfits will be tied into bundles and plainly marked as to size. This arrangement will so facilitate distribution in England that it will be possible for Red Cross workers to give out clothing for an entire family in a minimum amount of time.

An outfit for a four-year-old girl typifies the thoroughness with which all bundles are being prepared and includes the following: One dressing gown; two under-bloomers; two sleepers; two pairs of socks; two dresses with matching bloomers; one pull-over; one coat and bonnet and one pair of mittens.

In addition to these garments, which are all being made by Red Cross volunteers, the Society is spending \$100,000 on articles which it is not possible for the volunteers to make, but which are of vital necessity. Warm underwear and boys' clothing are in this category.

Two Men Are Taken In Custody By R.C.M.P. In Raid On Liquor Still

Two arrests have already been made and more are expected to follow as the result of a raid staged by members of the Royal Canadian Mounted Police on a still at Lawrenceville last night.

Located in a barn on the farm of Alphonse Jeanson, about two miles outside the village, the R.C.M.P. detachment from Sutton, composed of Cpl. Murray Smith and Constables Longmore, Leblanc and Keady, arrived on the scene, Jeanson and one of his assistants, Leon Campagna, were immediately taken into custody.

Later in the night Cpl. Laberge and Constables Bienvenu and MacDonald, of the Sherbrooke R.C.M.P. force, arrived to aid in the search for others believed to belong to the gang operating the still. Thus far no further arrests have taken place but it is probable that others will be held for questioning in the near future.

During the search conducted in the still five thousand gallons of mash in the process of fermentation and two hundred gallons of alcohol were uncovered. The still had a capacity of one hundred and fifty gallons per day.

TIN HAT REVUE IS STAGED FOR LOCAL MILITIA

Members of Various Units Enthusiastic Over Production Held Here Under Sponsorship of St. George's Club.

The William Street Armory rang with the sound of thunderous applause and demands for encores on Saturday night as members of local military units showed their enthusiastic appreciation of the first Sherbrooke presentation of the "Tin Hat Revue," an outstanding production staged by the Montreal Repertory Theatre.

Sponsored in Sherbrooke by the St. George's Club and arranged through the co-operation of the War Services, of which Walter S. Sutherland is Chairman, Saturday night's performance was given before members of the Sherbrooke Fusilier Regiment, A. C. A., the Veterans' Guard of Canada, A.C.A., and the Royal Canadian Air Force School at St. Francis Xavier de Brompton.

In attempting to describe this great show, one is confronted with the inadequacy of mere words to do justice to the production. To choose any one act as being the feature of the show would not only be exceedingly difficult but would be unfair to the other numbers, all of which made up a well balanced programme of entertainment designed to please a soldier audience. The performance greatly exceeded the expectations of this humble reporter and, it is safe to say, those of a great many other people as well, the acting of the cast and the timing of the scenes not to mention the ideas behind the scenes themselves, being a treat to behold.

Included in the programme were so-called "dramas," short skits featuring Bob Goodier, Lionel Murton and Eileen Clifford and set in various scenes, all of which ended on a riotously funny note; songs and trumpet imitations by Cortland McNeil, who accompanied himself on the guitar; a song and piano number by Isabel Blaine; an acrobat display by Lionel Murton, Bob Goodier and Cecil West; various song and dance numbers starring Frankie Horn; impersonations by Bob Goodier and a wise-cracking act by Jack Clifford, who was outstanding as the master of ceremonies for the show. The programme closed with the

Determined that the men on active service who are located in Sherbrooke shall have their share of turkey during the holiday season, the Record has launched a Turkey Fund. The response has been most generous as the subscription list below shows. Now the time is drawing near. Will our readers help us to help "our lads"? Let's all get together to see that real Christmas spirit prevails among the men who are proud to be on His Majesty's Service.

finale "We Must All Stick Together" sung by the members of the cast.

Numbers designed specially for the Army, the Air Force and the Navy were included in the programme, while the musical accompaniment was supplied by as fine a piano team as you will find in a long while, the two members being Isabel Blaine and Fred Cross, the Musical Director of the show. All members of the M. R. T., the Tin Hatters are strictly amateurs, giving their services free of charge.

Produced by Keith Handyside and directed by Cecil West, with Geoffrey Merrill the Chairman of the committee, the "Tin Hat Revue" was organized a year ago in an effort to provide members of Canada's fighting forces with the type of entertainment that modern youth appreciates. How well this idea has been carried out is shown by the enthusiastic reception which the show has been accorded wherever it has appeared in Ontario and Quebec, being today known as the outstanding production of its kind. A tremendous amount of work is involved for in addition to the regular performances of the group, rehearsals must be held, three being conducted this past week, according to Mr. West.

Too much cannot be said of this amateur theatre group whose efforts are maintained at such a high level. Amateurs they may be, but due to a combination of talent and hard work, the members of the organization have turned out in the "Tin Hat Revue" a production that ranks with the best attempts of professional producers and actors—and if several of the cast, at least, aren't the equal of those who make their living in this way, you'd have a hard time convincing members of Saturday night's audience of the fact.

Among those present at this performance, which was not open to the general public, were Col. M. W. McAnulty, O.C. Sherbrooke Fusilier Regiment, A.C.A., and Lt.-Col. S. Eichenberg, Base Officer, Military District No. 4, Montreal.

Yesterday afternoon the production was staged for the benefit of members of the Sherbrooke Regiment (M.G.), N.P.A.M., Les Fusiliers de Sherbrooke, N.P.A.M., and Military Training Camp No. 43, N.P.A.M., civilians being admitted to this performance upon the payment of fifty cents per person.

ADVENT THEME OF SERMON AT LENNOXVILLE

At the morning service in the United Church, in keeping with the Advent Season, Rev. F. R. Matthews took as his theme "He Cometh with Clouds" and spoke from two texts: Daniel 7th Chapter, Verse thirteen: "I saw in the night visions, and behold, one like the Son of man came with the clouds of heaven," and Luke Chapter 21 Verse twenty-seven: "Then shall they see the Son of man coming in a cloud with power and great glory." He reminded the congregation that this Advent meant not only the first coming of Christ as a Babe in humility, but also his coming again in power and glory. Speaking of kingdoms of the earth which rise and fall Rev. Mr. Matthews asked all to remember that God came to us in the person of Jesus Christ; kingdoms and their symbols come and go, but the symbol of the Kingdom that remains is Jesus Christ, and this Kingdom is not a Kingdom for one, but a Kingdom for all.

At the evening service slides were shown presenting the life story of a Kim family in Korea in which first the father and now the daughter and son are active in Christian work. Rev. Mr. Matthews explained each picture as it was thrown on the screen by the lantern operated by Rodney Brand.

Music for the day under the direction of the organist and choir leader, Mrs. M. Johnston, included in the morning the anthem, "Give Peace in our Time" (Callcott) with a soprano solo by Mrs. Austin Scott, and in the evening "Break Thou the Bread of Life" was sung as a quartette by Miss Thelma Crawford and Messrs. Frederick Fox, Douglas Hadlock and R. Rowatt.

Greek War Relief Campaign Launched In This District

The Greek War Relief Fund Campaign, the object of which is to raise money to relieve conditions in that country brought about by Italy's act of aggression, is being launched today throughout the Eastern Townships and will continue for ten days. The objective has been set at \$15,000.

Officials of the campaign, headquarters of which have been established in the Canadian Bank of Commerce Building on Dufferin Avenue, include A. W. Reid, Publisher of the Sherbrooke Telegram, as General Chairman, and H. L. Gagnon, Manager of the Wellington Street Branch of the Royal Bank of Canada, as Honorary Treasurer. The Eastern Townships campaign is being held in conjunction with a nation-wide drive of which Sir E. W. Beatty, President of the Canadian Pacific Railway, is the Patron and John Bassett, President of the Sherbrooke Daily Record, a member of the Honorary Committee.

Organization of committees in the various towns and districts throughout the Eastern Townships is at present in progress, with special work

being done in this connection by A. Bey, of Thetford Mines. These committees will handle all subscriptions made in districts outside Sherbrooke and will report to the local headquarters.

With Greece proving such a staunch ally of Great Britain and giving a tremendous boost to Allied prestige in the Balkans by her succession of gains at the expense of the Italian forces, it is only right that this country should contribute in some measure to the relief of conditions brought about by one of the arch foes of democracy. Thus residents of the Dominion as a whole and those of the Eastern Townships are being afforded an opportunity of making their donations serve a double purpose: that of relieving the suffering of an innocent people and of helping to win the war by providing Greece with money with which to carry on her fight on behalf of the democracies.

An average of one person has been accidentally killed every sixteen minutes for the past ten years.

MARIAN MARTIN
Pattern 9510

Favorite style of all smart American women is the shirtwaister.

Marian Martin presents an unusually attractive version of this mode in Pattern 9510—a style designed for older women but with an air of youth. There are so many flattering details: the slimming buttoning all down the front... the paneled front skirt... the tailored yokes that go all around the shoulders, with darts below to hold the bodice softness in place. You might like the sleeves in true shirtwaister style. Then again you may have them in puffs, finished with neat bands that, together with the simple collar, may be in colorful contrast. Do add the patch pocket for extra style! Here's the sort of frock you'll wear at home or about town with equal verve!

Pattern 9510 may be ordered only in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 requires four yards 35 inch fabric. Send twenty cents (20c) in coins (stamps cannot be accepted for this Marian Martin pattern). Be sure to write plainly your size, name, address and style number.

Send your order to Sherbrooke Daily Record, Pattern Department, Sherbrooke, Quebec.

NEW OFFICERS WERE ELECTED AT KNOWLTON

Annual Meeting of Ladies' Circle of United Church Held at Home of Mrs. G. M. Ransom—Twenty-Five Dollars Voted to Missionaries.

Knowlton, Dec. 9.—The annual meeting of the Ladies' Circle of the United Church was held at "Broad Acres," the home of Mrs. G. M. Ransom. The President, Mrs. Arthur Ransom, was in the chair and opened the meeting with the hymn "Hark the Herald Angels Sing." Mrs. H. L. Call presiding at the piano. The Scripture lesson, the second chapter of St. Matthew, was read by Mrs. Horace Whitehead. Mrs. E. D. M. chell then offered prayer, after which the Lord's Prayer was repeated in unison.

The Secretary, Mrs. Donald Miller, read the minutes of the last meeting and the roll call and several letters of thanks were then read. It was reported that flowers had been sent for the funeral of Mrs. Frank Reynolds.

Treasurer, Miss Ethel Marsh, gave her report and twenty-five dollars was voted to the Missionary and Maintenance Fund and five dollars to the Sunday School budget.

A motion was passed that henceforth meetings will begin at three o'clock with the business session at four o'clock.

The election of officers for 1941 then took place with Rev. E. D. Mitchell as Chairman. The officers were elected as follows: President, Mrs. A. Graham; First Vice-President, Mrs. A. L. Bullard; Second Vice-President, Mrs. Horace Whitehead; Secretary, Mrs. Donald Miller; Treasurer, Miss Ethel Marsh, who was re-elected, making fifteen years of service as Treasurer of this Society; work committee, Mrs. H. A. Pettis, Convener, Mrs. J. R. Armstrong, Mrs. A. L. Bullard and Mrs. D. H. Mape; Sunshine Committee, Miss Minnie E. Scott and Miss Inez Cousins; and Pianist, Mrs. H. L. Call. The appointment of the Entertainment Committee was left until the January meeting.

The President, Mrs. Graham, thanked the officers and members for their co-operation and support during the past year and a hearty vote of thanks was extended to all the officers.

Mrs. A. L. Bullard then presented Mrs. Arthur Graham with a gift in appreciation of her excellent services for the past two years as President.

The meeting closed with the singing of "God Save the King" and the Mizpah benediction repeated in unison, after which refreshments were served by the hostesses, Mrs. G. M. Ransom and Mrs. H. A. Pettis.

Fun to Learn the Guitar This Easy Short-Cut Way

Your Music Is A Social Asset

A welcome guest who can contribute music to the evening—the lovely romantic music of the guitar! Playing a favorite melody or the accompaniment to a song, you are the centre of the group.

You can quickly teach yourself the guitar. With the help of simple directions and diagrams you can play chord accompaniments for songs before you know a note.

Our top diagram shows a symbol for a guitar chord as given in popular music. The vertical lines are the strings of the fingerboard, the horizontal lines are the frets or metal crosswise bars.

With the first, second and third fingers of the left hand (indicated by the numbers 1, 2 and 3) press on the strings where you see the dots.

At the same time with your right hand pluck those strings, also the strings marked 6, near the sound hole. In plucking, use your right thumb on the first string, sweep your fingers across the other strings. You soon master the trick—then to play melodies!

Our 32-page booklet explains the guitar fingerboard in detail, gives diagrammed instruction in fingering, technique, the playing of chords, note-reading for the guitar. Includes elements of music; has table of chords, seven favorite tunes for practice.

Send 15c in coins for your copy of Easy Lessons in Guitar Playing to Sherbrooke Daily Record, Home Service, Sherbrooke, Que. Be sure to write plainly your Name, Address, and the Name of Booklet.

SURPRISE MEAT PIE — AND WATCH IT KEEP 'EM PASSING BACK FOR MORE!

Guests usually look politely baffled when this pie arrives on the table as the meat course. You see, the pie is not a deep dish affair filled with chunks of meat. It is a flat two-crust pie, like an apple pie. When cut into smoking hot and fresh

from the oven, each wedge shows brown and crumbly and glistening. The secret of its flatness is ground meat. This is cannily seasoned with onion and condensed tomato soup, and topped by a crust rich, short and flaky as you can make it.

Cauliflower, broccoli, carrots or peas are suggested as suitable vegetables to serve with it.

The pie is put together this way: 4 tablespoons minced onion 1 pound ground beef 1 can condensed tomato soup ½ teaspoon salt ½ teaspoon pepper 1 tablespoon butter Pie pastry for two-crust pie

Cook the onions in a little butter until soft. Add the ground beef and cook until barely brown. Blend in the soup. Sprinkle with the salt and pepper and mix. Line a nine inch pie plate with short pastry, rolled ¼ inch thick. Moisten the edges of the crust with cold water. Fill the pie shell with the meat mixture. Cover with the top crust, prick top, brush with melted butter, and bake in a 375° oven for 1 hour, or bake in a hot oven (450°) for 15 minutes and then decrease heat to 350°, and bake 15 minutes longer.

MISS MARY SANFORD has returned to her home in South Orange, N.J., after spending the summer months at her home here.

The old shepherd's daughter was going to marry a town dweller. Wishing to make her father look smart when he gave her away at the altar, she got him to agree to wear a hat. The shepherd went into a store.

Clerk: "What size, sir?" Shepherd: "I'll try a six and a half."

Shepherd: "Six and a half be hang-ed, I wear a 16-collar, and I know my head is bigger than my neck."

W. C. GAGE, OF LYNDONVILLE, FORMER RESIDENT OF SHERBROOKE

Lyndonville, Vt., Dec. 9.—William Christie Gage, a resident of Sherbrooke for sixteen years during his connections with the Passumpsic & Boston & Maine railroads, which formerly passed through Sherbrooke, passed away on November 11, 1940, at the home of Mr. and Mrs. A. L. Richardson, Lyndonville, Vt., where he had made his home for the last four years. He was in his eighty-third year.

William C. Gage was born in Newbury, Vt., on October 30, 1857, the son of Cyrus and Harriet (Bayley) Gage. When he was five years old his parents moved to Barton Landing where he received his education. At the age of fifteen years he accepted his first railroad position as telegraph operator for the Passumpsic River Railroad Company.

After being transferred to a number of different points in the United States, Mr. Gage was sent to Sherbrooke in 1887 as agent where he remained until 1903 when he was sent to St. Johnsbury as yard master. In March of 1937 Mr. Gage retired on a pension having completed fifty-eight years of railroad service for the Passumpsic & Boston & Maine railroads.

Mr. Gage lived in Wells River when he married Mrs. Gage and was married there on November 8, 1882, to Hattie Carpenter, of Brookfield, who passed away on March 5, 1935.

Funeral services were held at Woods & Trefen Funeral Home in Lyndonville, Thursday, November 15, 1940.

SIGNALLER JOHN BOOTON

Brigham, Dec. 9.—A memorial service was held in the United Church on Sunday, December 8, in memory of Signaller John Booton, of the A.C.A., who was recently killed in England.

Mr. Booton was a son of Mr. and Mrs. James Booton, of this place, and was born in England, coming to Canada with his parents when he was a young boy.

Rev. Dr. Boyd, of Cowansville, conducted the services and many beautiful flowers were placed on the table in fond remembrance. These were later sent to the local hospitals.

He is survived by his wife, Gladys, and young son, Bruce.

Relatives and friends who attended the service from a distance were Mrs. Gladys Booton and son, Bruce, and Mr. Arthur Booton, of Montreal; Mr. and Mrs. Oscar Demers, of East Farnham; Mr. and Mrs. Primm and son, Harold, Mr. and Mrs. Alex Little and daughter, Jean, Mr. and Mrs. Charles Primm, Mr. and Mrs. King and Mr. and Mrs. Whittier, all of Montreal.

The sympathy of the entire community is extended to the relatives in their sad bereavement.

The annual oyster supper sponsored by the men of St. James' Church was held in the parish hall. Owing to the inclement weather, there was not very large attendance, but supper was served to those present, and a substantial sum was added to the treasury.

Mr. Charles Johnson, who has accepted a position in Montreal, was home for a week-end.

Pies, Ray Broomhouser and Albert Daves have returned to their camp in Nova Scotia, after having spent ten days at their homes here.

Mr. Andrew Yates, who has a position in Brownsburg, visited his family here over a week-end.

The monthly meeting of the Ladies' Aid of the United Church was held with Mrs. Keith Covey as hostess. There was a good attendance of members and visitors.

Miss Georgia Dunn is spending the winter months with her brother-in-law, Mr. A. Hodgson, and family in Montreal, while Miss Catherine Dunn is spending an indefinite time with friends in Cowansville.

expected in some circles to be in the offing to complete the current re-appointments of keymen.

Foreign quarters expressed belief that the overhauling of the Italian war machine was due as much to political as to military necessity.

With maintenance of the people's morale as essential as that of the fighting forces in times which are difficult militarily, economically and politically, it is not surprising that successive days to supplant his commanders with trusted lieutenants expected to carry out his orders vigorously.

Only the air command, headed by Gen. Francesco Priolo, which has borne the brunt of the war in the Mediterranean, has remained intact.

What began with the announced resignation of Badoglio for his own reasons, presumably having to do with the unsatisfactory turn taken by the Greek campaign, quickly turned into a thorough shake-up, as Gen. Ettore Bastico replaced de Vecchi as commander of the Dodecanese Islands and Admiral Cagiani stepped down.

Daley's Touchdown Clinches Title For Rider Tank Corps

Getting One Real Opportunity for Major Score, Ottawa Smashes Over on Single Play to Seal Hopes of Balm Beach in Canadian Rugby Union Final—Captures Game 12-5, Round 20-7—Porter Gets Touch as Beaches Go Down Fighting.

Ottawa, Dec. 9.—Give Ottawa Rough Riders an opportunity and they'll capitalize on it so quickly there's hardly any pain to the victims.

Back this asset with the best kicker in the game, Sammy Sward, and a lineup bursting with power from end to end and it adds up to a description of the new Canadian Rugby Union champions, who won the title in Lansdowne Park Saturday by beating Toronto Balm Beach 12-5—20-7 on the two-game round.

Riders operate with the precision and sureness of surgeons. They got one real opportunity for a major score and they smashed it over in one play—a skirt around left end by Tommy Daley for a converted touchdown that sealed hopes Beaches held high after coming within a point of tying the round in the first half of the first quarter.

Riders' touchdown clinched the victory. It gave them a 16-7 lead on the round, 8-5 on the game, and the tremendous booting of Sward who produced three more singles was

needed only to throttle Balm's exciting, but ineffective, last-quarter offensive without calling on the Ottawa shock troops.

Bob Porter's fumble on his two-yard line led to Ottawa's score but Beaches, too, had received a similar break half-way through the first period to push over their major, Murray Griffin fumbled at his thirty and Gord Shields recovered for Balm. Porter passed for twelve yards to Don Crowe, a roughing penalty gave Beaches nine more, Frank Seymour hit for six and Porter went through the middle and over the line.

The suddenness of this attack, and the brilliant manner in which it was executed on the snow-covered gridiron, left 4,000 fans excited at the thought of an upset, but it didn't bother Riders a bit. From Coach Ross Trimble down they had been certain they could take Balm, and they went to work after the reverse to justify their confidence.

BEDFORD SKIERS NAME HEADS

Bedford, Dec. 9.—Joseph Laing was elected President; Miss Sylvia Hebert, Vice-President; John L'Houmeau, Treasurer, and High Getty, Secretary, of the Bedford Ski Club at an enthusiastic meeting attended by thirty-five members. A total membership of one hundred is expected by officials of the club, who plan to invite skiers from surrounding towns to join. The club will affiliate with the Eastern Townships Zone of the Canadian Amateur Ski Association.

S.H.S. CAGERS DIVIDE GAMES AGAINST GRADS

Sherbrooke High School's basketball teams played a double-header against outfits formed by graduates, and broke even in the series, the boys registering a 20-17 triumph and the girls bowing 32-15.

In the boys' game, which many expected would go to the Grads, action was fast and furious all the way, and the best passing and team work that have been seen at the High School gym for a long time were displayed by both teams.

Don Barfield played his usual great game, scoring thirteen points for Grads, while Billy Potts was the outstanding player for the school, tallying eleven points. Charlie Badning chalked up four points, Bob Simpson and Prescott Carr two each and Gordie McFarlane one for the school, while other point-makers for the Grads were Lorne Murphy, with three, and Bill MacIntyre, with one.

Clare Brown ran wild to lead the Grads to victory in the girls' encounter, piling in five field goals for ten points. Etta Middleton, Florence Martin and Marion MacIntyre each collected six points, with Marg Earnshaw and Alice Hutchinson garnering two each. For the school Doreen Ross led the way with seven points, Caroline McCrea getting six and Carol Macdonald two.

The teams: Boys:—S.H.S.: Eddie Budning 4, Harry Hopkins, Eddie Curphey, Bob Simpson 2, Bob Beardsley, Prescott Carr 2, Bill Potts 11, Gordon McFarlane 1, Parker Wright, Total 20. Grads: Don Barfield 13, Bill MacIntyre 1, George Vlahakis, Freeman Clowery, Lorne Murphy 3, Total 17. Girls:—S.H.S.: Betty Davidson, Carol Macdonald 2, Thelma Sanders, Doreen Ross 7, Barbara Long, Mariel Mandigo, Grace Pye, Caroline McCrea 6, Total 15.

Grads: Etta Middleton 6, Clare Brown 10, Marg Earnshaw 2, Florence Martin 6, Alice Hutchinson 2, Marion MacIntyre 6, Total 32.

Springfield Margin Increased In American Loop's Eastern Section

Cleveland Barons had their margin at the top of the American Hockey League's eastern section narrowed to one point today while the other early pace-setter, Springfield Indians, continued to widen their lead in the eastern division.

The Barons gained only one point in two week-end games to remain in front of the Pittsburgh Hornets, a single point behind in second place. Springfield won one and tied the other of their two games, however, to climb six points in front of the second-place New Haven Eagles in their section.

In Sunday night's games, Springfield turned in a 3-0 shutout victory over Indianapolis Capitals. Providence Reds defeated Philadelphia Ramblers, 2-1; Hershey Bears beat Buffalo Bisons, 7-1, and New Haven defeated Cleveland, 3-1.

Springfield's shutout victory gave them three of a possible four points in the week-end battles as they played a 2-2 tie with Cleveland Saturday night. Other Saturday matches saw Providence beat Philadelphia, 4-2; Hershey defeat Indianapolis, and Pittsburgh come through with a 5-1 triumph over Buffalo.

Playing at Indianapolis, Eddie Score's Indians handed the Capitals their fifth straight league defeat last night. Glen Brydson scored the opening goal for Springfield early in the second period, with Fred Hunt adding another in the same period and assisting Fred Thurmer make it 3-0 in the final frame.

Providence moved out of the eastern division's cellar with a 2-1 victory over Philadelphia at home—their second win over the Ramblers in two nights. A goal by George Johnston in the second period and another by Crossley Sherwood early in the third gave the Reds their margin over the Ramblers, who averted a shutout when Lude Varenne tallied in the second frame.

At Buffalo meanwhile Hershey Bears amassed a 5-0 lead before the Bisons were able to score and went on to outscore Buffalo 2-1 in the final period. Howie Mackie bagged a

brace of tallies for the Bears with the others going to Pat McReavy, Gordie Bruce, Bobby Kirk, Gordie Pettenger and Harry Frost. In the final period, Bob Gracie bagged Buffalo's only tally.

In a rugged tilt at New Haven, the Eagles defeated the league-leading Cleveland Barons of the western section with a pair of goals in the final period. Polly Drouin had opened the scoring for New Haven in the first frame but Les Cunningham tied it up in the second. Both Jack Cain and Tony Grabowski tallied in the final period to give the Eagles the victory.

A half-dozen battles on the ice, particularly in the second period, sent players of the two teams to the penalty boxes for a total of more than sixty minutes. Two 10-minute misconduct penalties also were called.

Sport Flashes

Say, there wasn't another player rebellion (hushed up before it hit the papers) in the majors last season, was there? All right, we're only asking.

When Tommy Harmon turned pro, he didn't fool around about it—picked up \$3,200 in radio broadcasts, personal appearances in the last two weeks.

We're asking you—why on earth should Judge Landis resign? Every picture we saw of him at the Atlanta meeting indicated his honor was going a high old time. The Judge is going strong and right now probably is humming this slightly revised Gilbert and Sullivan ditty:

Judge—Though my honors you begrudge, Yet I'll never, never budge, But I'll live and die a judge! B.B. public—And a good judge, too!

TOMMY HARMON VOTED TOP U.S. MALE ATHLETE

New York, Dec. 9.—(AP)—Football's mounting popularity in the United States is reflected in the overwhelming margin by which Tommy Harmon, Michigan's great back, has been voted the outstanding male athlete of 1940 by sports experts participating in the Annual Associated Press poll.

Thirty of the seventy-one experts who sent in their ballots named Harmon as their No. 1 choice for his personal exploits in leading his team to a once-defeated season and for breaking Red Grange's record for scoring over a three-year period.

Hank Greenberg, Detroit's slugging outfielder, ran a weak second with eleven first-place votes and a total of fifty-seven points to Harmon's 141. Points are counted on a basis of three for a first choice, two for second choice and one for third. Bucky Walters, Cincinnati pitcher, placed third with thirty-six points, including six firsts, while Bobby Feller, Cleveland fireballer, gained fourth with thirty-one points and seven firsts. In all, thirty-eight sports figures got their names in the balloting, and fifteen of them had at least one admirer who thought they were tops.

This is the second straight year that a football hero has grabbed the brass ring. Last year it was Nile Kinnick of Iowa, but he had a close brush with Joe DiMaggio of the Yankees, winning by a bare eight points.

Don Budge, who won out both in 1937 and 1938 when he was the toast of tennis, came in for one third-place vote in this election. Heavyweight champion Joe Louis who was the third choice a year ago, dropped to seventh this time, though his most recent opponents will wonder why in the world he didn't receive a single No. 1 vote, whereas Jimmy Wilson, Cincinnati's veteran catcher and world series hero, got four, and Joe Platak, the handball champ, received one booming nomination.

Leafs Top Bruins 3-2 For Tenth Victory Of Pro Hockey Campaign

Brilliant Performance of Queen City Club Disputes Pre-Season Predictions of Balanced Race in National Hockey League—Murph Chamberlain Stars as Canadiens Defeat Red Wings 3-1—Detroit Club Bounces Back to Nip Rangers 3-1.

One quarter of the National Hockey League schedule has slipped by, leaving as its outstanding development the brilliant performance of Toronto Maple Leafs to dispute the freely-given pre-season predictions of a balanced race.

With 12 of their 48 games played, the Leafs have won 10 of them and lost only two. They have beaten every team in the league while being beaten by Detroit Red Wings and Chicago Black Hawks and at their present rate would finish with 40 victories—10 more than Boston Bruins won last season.

The prophets who foresaw the balanced campaign can point to the lower standings bracket for support, however. Although Detroit has opened up a clear margin in second place, the next five clubs are fairly well grouped, with only five points separating the third-place Black Hawks from the cellar-dwelling New York Americans.

Toronto continued its phenomenal pace with a 3-2 victory over Boston Bruins during the week-end but the other results served to tighten the race a little.

Detroit broke even in two games, losing to the sixth-place Canadiens in Montreal Saturday, and rebounding to defeat the Rangers 3-1 in New York last night. Boston failed to bounce after their defeat in Toronto Saturday and followed it by a 3-2 loss in overtime to the Black Hawks in Chicago.

At Toronto, the Leafs were saved from overtime when Hank Guldop scored with only 69 seconds remaining and the count tied at 2-2 in their game with Boston. Leading goal scorer in the N.H.L., Guldop counted his eighth tally of the season by taking a pass from Pete Langele and skating through the entire Boston team to beat goalie Frankie Brimsek.

The game was a see-saw battle throughout, with the Bruins jumping into a 2-1 lead after Toronto had scored a first-period goal and Gordie Drillon getting the tying counter midway through the final period on passes from Syl Apps and Bingo Kampman. Sweeney Schriner opened the scoring for Toronto while Bobby Bauer and Jack Shewchuk scored for Boston in the second.

SALE OF BEES REPORTED AT BALL MEETINGS

President Charles F. Adams, of Boston Club, Arrives at "Valuation of Interest" with Retired New Haven Business Man.

Chicago, Dec. 9.—(AP)—As was natural, the base ball meetings buzzed today with talk about the reported sale of the Boston Bees.

Nobody knew any officially, but everybody agreed, unofficially, that this looked like the real thing. The Bees have been on the block for a long time, with their purchase often rumored out there were indications that this deal would be consummated.

The Associated Press reported last month it had learned that the sale probably would be completed within three weeks and that Commissioner Kenesaw M. Landis had delivered an ultimatum to Charles F. Adams to dispose of his interests because of race track connections.

The announcement in Boston last night that Adams had arrived at a "valuation of my interest" with Albert H. Powell, wealthy retired New Haven, Conn., coal dealer and former officer of the club, apparently fulfilled the predictions for a sale.

Boz Quinn, President of the Bees and trustee of Adams' stock in the club, left the minor league meetings at Atlanta intending to visit relatives at Columbus, O., but was understood to have been called to Boston suddenly for a week-end conference.

Manager Casey Stengel and Secretary John Quinn of the Bees came on to Chicago where the major league sessions are scheduled to start tomorrow. Both insisted they knew nothing about the sale.

From the standpoint of the baseball men already on the scene here, the reported deal was taken to mean that Quinn would continue to head the club and that the Bees would not figure in any trades of consequence. There had been rumors that Boston would have to sell one of its several fine youngsters to make ends meet unless a new owner for the club was found during the winter.

In the past the Bees always have been among the most active traders in the annual ivory market and their removal from the field caused no great pleasure among the persons seeking to rid their talent, although representatives of other clubs expressed hope the Bees' unsettled ownership finally had been straightened out.

and period. Detroit kept four points behind the Leafs with one more game played and when they defeated the Rangers before 13,061 fans in New York, Alex Motter, veteran defenceman, scored two goals for the Red Wings, his first breaking a 1-1 tie and the second putting the game on ice late in the last period.

A goal by Lynn Patrick aided by Neil Colville put Rangers ahead in the opening period but Sid Abel passed to Eddie Wares for the equalizer at 11:09 of the next. Returning after suffering a gashed thigh that required four stitches, Motter sent Detroit ahead 51 seconds later and scored again while Rangers were pressing in the last session.

The victory gave the Red Wings a split in two week-end games after they had lost in Montreal when the Canadiens staged a brilliant uphill battle before 6,023 fans. Detroit jumped into a 2-0 lead within six minutes of the opening whistle but Canadiens came back to score the winning tally late in the final period.

Just 24 seconds after the start, the veteran Syd Howe got one goal for Detroit and five minutes later rookie Les Douglas bagged another. Spearhead of a series of Montreal power-plays, Murph Chamberlain evened the count with a brace of counters and then young Johnny Quilty touched off the victory with a goal at 16:49 of the last period.

A crowd of 16,412 at Chicago saw 10 minutes overtime when Des Smith scored a third-period goal for Boston that tied the score at 2-2. The Black Hawks regained the victory, however, with Jack Chad and Joe Cooper setting up Cully Dahlstrom for a goal after seven minutes of extra play.

It was Dahlstrom's second goal of the game, his first coming in the opening period after Woody Dumart had scored unassisted for the Bruins. Chicago went ahead again in the second frame when Doug Bentley tallied on a combination with brother Max Bentley and Bill Thoms but Smith evened up for Boston in the next.

HOWE LESSENS BILL COWLEY'S SCORING LEAD

Red Wing Centre Picks Up Goal Over Week-End to Move into Second Place Alone in N.H.L.'s Big Seven.

Syd Howe of Detroit Red Wings picked up a goal in two Detroit games during the week-end to move into second place alone in the National Hockey League's Big Seven, one point behind Bill Cowley of Boston, who failed to break into the scoring in two Bruin matches. The third-place Bryan Hextall and the fourth-place Phil Watson, both of York Rangers, also were held point-less.

Three Toronto players—Gordie Drillon, Syl Apps and Hank Guldop—are tied with Roy Conacher of Boston for the next berths, each earning one point during the week-end.

The leaders: G. A. P. Cowley, Boston 5 10 15 Howe, Detroit 6 8 14 Hextall, Rangers 6 7 13 Watson, Rangers 3 9 12 Guldop, Toronto 3 11 Drillon, Toronto 7 4 11 R. Conacher, Boston 6 5 11 Apps, Toronto 5 6 11
